

Campus Master 2029

When Ji Feng returned to the living room and told Zhang Lei and Wang Tong about the news, several people were pleasantly surprised.

“There’s really news?” Wang Tong asked with surprise and some disbelief, “Ji Feng, are you sure the news is correct? Did you find the right person?”

“Look at your question really” Before Ji Feng could answer, Kan Miao pulled Wang Tong’s clothes and said with a smile, “Ji Feng personally helped you contact them, can this still be false? Don’t hurry up and thank Ji Feng!”

“Yes, yes, yes”

Wang Tong then snapped to attention and said with both information and gratitude, “Ji Feng, this is really a lot of trouble for you, I, I don’t even know what to say”

Ji Feng laughed: “Then you don’t have to say anything, friends help each other that’s not what should be done.”

“That’s right, what the madman said is very right!” Zhang Lei nodded, “Wang Tong, we’re all friends, you’re excited, but there’s no need to be so polite, as you can see, this is just a matter of a phone call for the madman, it’s nothing at all.”

“So yeah, you don’t have to take it to heart at all!” Ji Feng laughed.

Wang Tong nodded heavily, since both Zhang Lei and Ji Feng had said so, he didn’t say anything else. No amount of words of thanks could express his heart’s gratitude, and Wang Tong also understood that no words of thanks were needed for a great kindness, so no amount of words would be better than taking this kindness to heart, and when he had the chance in the future, he would naturally have to repay it properly.

Kan Miao said, “Wang Tong, this should cure your aunt’s condition, or even control it, so you won’t have to worry so much in the future.”

Wang Tong was also very relieved, even though there was still only news, technically speaking, there was not yet a word, but since Ji Feng had said this, then I guess it was 8`9.

Wang Tong’s heart was naturally less worried than before, and the sorrow and great mental pressure that had been weighing on his heart for so long was suddenly swept away, which was like a heavy burden being lifted for Wang Tong.

“Yes, it’s a lot easier on the heart.” Wang Tong nodded his head, and a smile involuntarily came on his face.

And at this time, only to see Kan Miao’s eyes turn, suddenly said with a smile on her face, “There is still better news waiting for you, Wang Tong, I will call my family here, this money must be paid by them, of course, at the same time, let them be happy”

As soon as she said this, Zhang Lei’s brow instantly furrowed, he glanced at Kan Miao, why is this woman so annoying!

Before, Ji Feng had promised personally that all the expenses needed for Wang Tong's mother's kidney replacement would be paid by Ji Feng, and now Kan Miao said that her parents should pay for this money, what is this?

It's not that he and Ji Feng had no place to spend their money and had to rush to pay for it, even if they had more money, they wouldn't be so wasteful.

The point is, originally Wang Tong was in a desperate situation, but there was no one to help him, although Kan Miao was helping him, but it was very limited, almost no help.

The help given to Wang Tong by Kan Miao's family was preceded by a few more tests, and it was still an open question whether the favour could be done in the end.

At that time, Kan Miao how not like now, the attitude is determined to call home to her parents to ask for money, but also said what this money must be their out

Now that Ji Feng has said that he will pay for this money, Kan Miao is instead acting so atmospheric, and she surely knows that since Ji Feng has promised to pay for this money, he will definitely pay for it, and even if she snatches it, Wang Tong may not use her money.

Because for Wang Tong, if he and Kan Miao continue to go on in the future, now that he has used such a large sum of money from their family, when will this be paid back? How could he hold his head up in front of her in the future?

Zhang Lei didn't believe that Kan Miao couldn't think of this, but she did it anyway

This reminds Zhang Lei of the time when he went out to eat with a few classmates and the guy who shouted 'I'll do it, I'll do it' was louder than anyone else and slower than anyone else in taking out money, but when the others had paid, he complained to the cashier and the person who paid.

In Zhang Lei's opinion, this Kan Miao and that classmate were very much alike.

But the key problem is, that classmate didn't want to pay because they were ordinary classmates, not that ironclad, but Kan Miao and Wang Tong are lovers, this relationship is completely different, she actually played this trick?

Ji Feng couldn't help but secretly shake his head, this woman, Kan Miao, also made him a little unhappy.

This woman is a little bit smart!

Of course, regarding the intention of Kan Miao's move, Ji Feng's view was somewhat different from Zhang Lei's. In his opinion, the reason why Kan Miao would do this was because she was a woman.

In his opinion, the reason why Kan Miao suddenly acted so firm and generous, and even listened to the meaning in her tone, almost forcing her parents to pay, was not only because she wanted this face, but more importantly, Kan Miao was also showing her attitude in front of him and Zhang Lei by doing so.

—My Kan Miao's goodness to Wang Tong is absolutely beyond words!

In Ji Feng's opinion, this was the kind of meaning Kan Miao wanted to express the most. In this way, she could make Wang Tong appreciate her and know how good she was, and she could also show herself and Zhang Lei how good she was to Zhang Lei, and in the end, she didn't have to pay for it.

It seemed complicated to say, but in reality this kind of thing was all too common in life, so Ji Feng knew what she meant by this as soon as he laid eyes on her.

And this is where Ji Feng shook his head the most.

As a lover, you can be petty and stingy and have all kinds of flaws, and as long as the other person really likes you, he will try to tolerate these flaws of yours.

However, when two people get along together, the only thing they can't do is play mind games and not be honest.

Now it seemed that Kan Miao seemed to enjoy playing this game, which made Ji Feng not too optimistic about Kan Miao and Wang Tong's future prospects.

"That won't be necessary."

Without surprising Ji Feng and Zhang Lei's expectations, Wang Tong really rejected Kan Miao's proposal, shaking his head and saying, "Miao Miao, during this period of time, in fact, both aunts and uncles have been worrying a lot about my family's affairs, so don't bother them now. Besides, Ji Feng is not bad with money at first glance, it's the same for me to take it from him."

"Eh~~!"

Kan Miao shook her head, "How can that work, this money is not a small amount, you don't know how long it will take to pay it back, even if your relationship is good, it's always"

However, before she could finish her words, she was interrupted by Zhang Lei: "All right, don't even bother, this money will definitely come out when the madman says so."

Seeing that this Kan Miao was actually still being sycophantic here, Zhang Lei could not look at it any longer.

Kan Miao was instantly choked up.

Ji Feng didn't bother to bother with this, he said, "It's still too early to talk about this, it's not too late to settle things first, let's go, I've already made an appointment with someone, let's go there now."

Wang Tong immediately stood up, "Let's go"

Zhang Lei said, "Crazy, there are too many people, Jing Yi and I will drive there separately."

Ji Feng smiled and asked, "You're driving another car? But I have just one car here now, where are you going to drive?"

Originally there were two cars in the house, but the other one was taken away by Xiao Yuxuan and Xiao Ying, so now there was only Ji Feng's BMW X6 left in the house, where else was Zhang Lei going to get a car?

Who knows, but Zhang Lei just waved his hand and said, "I have my own way, you don't have to worry about it, you guys just go first."

Ji Feng didn't ask any more questions and drove off with Wang Tong and the two of them.

Watching them leave, Zhang Lei couldn't help but shake his head and sneered, "This woman, she thinks she's smart, always doing things that are disgusting, really"

"You, no matter what, she is also your friend's girlfriend, even if you don't give her face, you have to give your friend face!" Shen Jingyi gave him a white look and said helplessly.

"It's because of Wang Tong's face that I've been holding back from talking about her, otherwise, do you think that woman could come in here?" Zhang Lei hummed and said, "Let's go, let's take a taxi on the road ahead."

"That's your solution, huh?" Shen Jingyi asked amused.

"It's better to walk a bit more as exercise than to squeeze into the same car with that woman, right?" Zhang Lei hummed.

"That's true, let's go!" Shen Jingyi nodded happily.

Zhang Lei: "....."

Seeing Shen Jingyi's coquettish smile, Zhang Lei was stunned, after half a day, it turned out that Shen Jingyi didn't like Kan Miao either, that woman was really a failure, her pretentious appearance had caused no one to like her.

The duo left the villa in a leisurely manner and walked towards the road.

.....

The first thing you need to do is to get to the village.

As soon as Ji Feng arrived there, they saw Silly Biao standing at the entrance of the hotel waiting to greet them.

"Eldest youngster" As soon as he saw Ji Feng and the others, Silly Biao immediately greeted them with a smile on his face.

"Silly Biao, I've troubled you to make a trip." Ji Feng laughed.

"Don't carry me like this, I can't carry it a bit!" Silly Biao laughed bitterly, "If there's anything you want, just give me an order."

Ji Feng laughed, "In that case, I'll be polite."

Silly Biao hurriedly said, "Don't be polite to me, when you are polite, I'm not feeling well" Young master, a few people, please come inside."

The first time I saw you, I was in the middle of a conversation. Bring up all the special dishes in the shop?"

Ji Feng waved his hand and said, "Just serve a few, besides, I have two friends who are on their way, so I'll serve them together when they arrive Silly Biao, sit down first, I'll ask you something."

Campus Master Chapter 2030

Ji Feng waved his hand and said, "Just serve a few at random, besides, I have two more friends who are on their way here, so I'll serve them together when they arrive Silly Biao, sit down first, I'll ask you something."

"Big young man, is to ask that business, right?" Without waiting for Ji Feng to open his mouth, Silly Biao took the initiative to say, "I started preparing after you called me, I first contacted that fixer, he happened to be free today, I simply invited him here, he is on his way here now."

Ji Feng couldn't help but frown: "You called him here?"

When he saw this, he immediately understood that Ji Feng didn't want to meet with the fixer, he immediately said, "Don't worry, if you don't want to meet with that person, it's fine, I'll talk to him later when he arrives. If you have any instructions, you can call me at any time, what do you think about this?"

Ji Feng couldn't help but ask: "You still have surveillance in this box?"

The ordinary one is used to entertain general guests, while the luxury box is used to entertain some officials, or some bigwigs on the road "

The first thing you need to do is to monitor the target, in the hope of getting something in our favor, so when the shop was renovated, there were two boxes with surveillance, and the rest were not. were not installed"

When he explained this, Ji Feng was relieved.

The most important thing is that you can be sure that you're going to be able to get the most out of your business.

If the two sides are mutually beneficial, that is naturally better, but if these gangsters are hit, when the time comes, these surveillance videos and other things are their amulet to protect their lives!

Ji Feng gave Silly Biao a sidelong glance and asked with a smirk, "Silly Biao, according to you, when we two speak"

"I can swear to heaven!"

Without waiting for Ji Feng to finish, Silly Biao stood up with a jerk and pointed his four fingers towards the sky, not caring that Wang Tong and Kan Miao were still beside him, he gritted his teeth and said, "If I, Silly Biao, dare to have second thoughts about the eldest young man, let me die a good death"

Ji Feng waved his hand, "I'm just saying this casually, as for this swearing and such it's largely unnecessary, I don't believe in it and I'm certainly not worried about it."

He looked at Silly Biao with a calm face and said, "You can absolutely use the camera to record the two of us talking, and if you encounter any problems in the future, you can also greatly hand over all these things to the relevant authorities."

"Young master, how would I do that" Silly Biao hurriedly explained, afraid that Ji Feng would really think he had done that.

"You can do that!"

Ji Feng smiled faintly, "And, I definitely won't stop you."

Silly Biao couldn't help but sweat coldly at once, he hurriedly explained, "Young master, you really misunderstood, we don't have half a camera in this box, moreover, I never thought of monitoring you ah"

Ji Feng waved his hand with a smile and said, "No need to dwell on this issue, as I said, you can do exactly that."

Silly Biao was instantly silent.

Of course he couldn't do that, and he knew very well that the reason why Ji Feng would say that was because he had the backbone to say that, and he didn't care at all about people telling the authorities about some of the things he had done.

This was the bottom line!

However the more calm Ji Feng was, the more stupid Biao would not do so. Because he knew very well that the reason why he had the comfortable life he had now was entirely due to defeating Ji Feng, and if he did that one day, it would mean that his good days were about to come to an end.

Silly Biao had always felt that one should not be greedy and one should not forget one's roots, and most importantly, one must be self-aware.

He believed that if Ji Feng wanted to deal with him, he would only need to stretch out a finger to crush him to pieces like an ant, and there would not even be someone to clean up his bones.

It could be said that Ji Feng was the last thing that Silly Biao relied on, so how could he do anything to Ji Feng?

Unless his brain was in water!

Silly Biao gritted his teeth and expressed his loyalty, but was dismissed by Ji Feng with a wave of his hand and a breeze.

If even Silly Biao betrayed him and ended up seriously injuring him, then he wouldn't have to do anything in his life, so he could just roll up his bunk and go back to Yanjing and become a playboy, so he wouldn't have to stay here and be a disgrace.

"Let's not talk about this!" Ji Feng waved his hand and said, "Silly Biao, when that fixer comes later, you have to ask the whole process of the business, remember, ask in detail, especially how to get things, how to operate, etc."

“Don’t worry, Big Brother, I understand!” Silly Biao nodded his head.

“Mm!” Ji Feng nodded his head in satisfaction.

Not long after, Zhang Lei and Shen Jingyi arrived, and after Foolish Biao fetched them in, he asked, “Eldest young master, you can serve the food now

Before he could finish his sentence, he heard the phone suddenly ring, “Dang

Silly Biao took out his mobile phone and took a look at it, he immediately said, “Eldest young master, that fixer called, I reckon he’s arrived, do you think you should go to the monitoring room first, I’ll have someone send the meal over to you?”

Ji Feng stood up and said, “Let’s talk business first, then it’s not too late to eat, Wang Tong, it’s okay to be hungry for a while, right?”

How could Wang Tong have a problem with that, he was eager to talk business now.

Seeing that Ji Feng agreed, Silly Biao immediately led them down the stairs to the basement, after entering, he found that the basement was quite spacious, there were two big screens and some other household items inside, there was even a small door further in.

Silly Biao smiled sarcastically, “So what, in the past, before I met Big Shao, if there was any trouble, I would occasionally come and stay here for a while

Ji Feng was immediately happy: “So this is your refuge, so to speak, the reason why there are surveillance cameras in this hotel, I’m afraid you are also to keep an eye on the outside movement at all times, right?”

Silly Biao smiled somewhat awkwardly and hurriedly invited Ji Feng to sit down with them, obviously he was acquiescing to Ji Feng’s speculation.

“When

Silly Biao’s phone rang again, he hurriedly said, “Young master, then you guys wait here for a while, I’ll go out and answer the phone

Ji Feng nodded slightly, so Silly Biao hurriedly went out.

Only at this time did Zhang Lei ask, “Crazy, what’s the situation here? The person you’re talking about to talk business is not this Silly Biao, right?”

Ji Feng laughed: “He is the one who helped me inquire

He briefly introduced himself, and Zhang Lei immediately nodded, “Well! This is a good idea, he’ll talk in the front, we’ll watch here, and we can give timely feedback if there are any problems.”

Seeing that Ji Feng had been busy with his own affairs, Wang Tong did not say, “Ji Feng, I won’t say any more superfluous words, thanks!”

Ji Feng shook his head and laughed: “Okay, we don’t need to be polite to each other

Several people immediately looked towards one of the large screens on the wall, only to see that it showed a tilted angle shot of the box, there were two people entering the box, one of them, was none other than the silly Biao who had just gone out, and the other, was a middle-aged man of about 40 or 50 years old, looking very ordinary.

“This man is the fixer?” Zhang Lei was a bit puzzled, “It looks very ordinary, it doesn’t look like a person who is so ruthless, it doesn’t look like he is in this business!”

“Do butchers all have murder on their faces? Do thieves all have the words I am a thief written on their brains?” Ji Feng asked with a smile.

“..... That’s true.” Zhang Lei nodded his head and laughed.

That said, except for some people with obvious professional characteristics, it was generally really hard to tell from a person’s face what line of work he was in.

At this time, a voice from the box came over the stereo, “Brother Biao, the business you mentioned on the phone

“It’s a good brother of mine who wants it, and he fully entrusted me to help him with it.” Silly Biao’s voice came over, “Tell me, what price and how to do it.”

“Brother Biao, if someone else had asked, I would have asked for a price, but since you asked, Brother Biao, then I won’t say anything false, from the pairing to the end of the operation, the whole process down to this number” The fixer held out two fingers.

“Two hundred thousand?” Silly Biao asked, then nodded, “Well, that’s a fair price”

“Two million!” The fixer immediately interrupted Silly Biao’s words.

“Swish!”

Silly Biao’s brow furrowed for a moment as he picked up a cigarette and slowly took two puffs before saying, “Old Gai, I didn’t invite you here specifically for you to come and fool around with me! Two million

“I admit that the price of two million is indeed a bit high, but this price is not set by me, but now the market is relatively tight, and now the top is also very tight, this seven or eight are removed, in fact, what falls into my hands is only a little benefit fee.”

Old Gai said: “For the sake of Brother Biao, I can waive my benefit fee, but that is not much less ah, at most a three to five million, but even so, but also two million, to know, this surgery may also appear what unexpected circumstances

The first thing you need to do is to get a good idea of what you’re getting into.
