

Campus Master 2035

After Wang Tong's matter was settled, Ji Feng and the others were finally relieved. As a result of this relaxation, several people drank a lot that night, especially Wang Tong, who had been under great pressure for a long time, and he had long been a bit overwhelmed.

Just think of how much pressure Wang Tong was under when he had a seriously ill mother at home, and for the sake of her he had to lick his face and suck up to others with his girlfriend, and knowing that the other party wanted to take advantage of his girlfriend, he could only grit his teeth and bear it.

Now that the pressure had suddenly been released, Wang Tong was drunk.

It wasn't until half-morning the next day that Wang Tong got up from bed, even though all the drinks Ji Feng had invited him to drink were good ones, but that was too much to drink and it was inevitable that he had a bit of a headache.

But Wang Tong didn't dare to delay, he quickly washed up, then rubbed his temples and walked out, then offered to Ji Feng to say goodbye and leave.

"I have to go back as soon as possible, first tell my family about this news, in the meantime, I have to go back to do my filial duty, after all, my sister and the others are taking care of the family now," Wang Tong said, "When that fixer finds a kidney source After that, we'll come over."

Even though Lao Gai was casually saying that it was a source of goods, Wang Tong was subconsciously unwilling to treat this kind of ware's sale as goods, so he had been very careful in his address.

Ji Feng nodded and said, "That is as it should be."

Zhang Lei, however, asked, "That girlfriend of yours, how do you plan to place her?"

Wang Tong laughed bitterly, "How else can I place her, of course I'll let her go home, it's not too good to let her go to my home to help take care of my mother now."

"Is simply unwilling!" Zhang Lei secretly said, also don't bother to expose Wang Tong, this guy can only try to say some euphemism, Zhang Lei really for Wang Tong some unworthy, but this is after all Wang Tong's own choice, Zhang Lei no longer have the ability to make the decision for him, so also can only nod.

"Then have a good trip, when you go back, immediately pass over a copy of all the details, so that it is possible to find a source of goods as soon as possible." Zhang Lei admonished.

"I understand, don't worry, I'll do it when I get back." Wang Tong said.

Since the transaction process was about to officially enter, then in order to avoid wasting time, all the information had to be passed over as soon as possible.

In fact, according to the trading process, Wang Tong's mother first had to go to the hospital designated by Old Gai and the others to have a comprehensive examination, and then when the results and details of the examination were obtained by Old Gai and the others, only then would they be able to go to the source of the goods by professionals based on the information from these examinations.

Otherwise, how would they know whose model was a match for Wang Tong's mother?

But Wang Tong didn't ask his mother to come over in order to save time and for her to suffer less, so instead he planned to go home himself and then send a copy of all those inspection details from home.

After all, they had already been examined and diagnosed in the local city before, and this examination information could be used all over the country.

"Right, the money" Wang Tong suddenly remembered, must first pay half of the money after this transaction process is officially started, if this money is not timely, then even if he passed the information over, it is useless ah.

Without paying the money, Old Gai's gang would definitely not help find the source of goods.

Zhang Lei laughed, "Don't worry, early this morning, the madman had already transferred the money directly through online banking, and just now, Silly Biao had also called, one million had already been paid, the next step is to wait for your information."

Wang Tong immediately looked at Ji Feng, seeing the latter smiling and nodding, Wang Tong couldn't help but have a bit of a sour nose, he pursed his lips and held Ji Feng's hand tightly, "Brother, words of thanks, I won't say anymore."

Ji Feng smiled, patted Wang Tong's shoulder and said, "Hurry up and pack up, go back."

Wang Tong nodded and was ready to leave, who knew that at this time Kan Miao was walking over and said with a smile on his face, "Ji Feng, just now I suddenly remembered something last night when I was chatting with Mr. Xiao, I promised to wait to go back and only send her some special cosmetics, but I ended up forgetting to ask for her phone number, and now I'm leaving soon, and it's too late to wait for her to come back"

Before she could finish her words, she was interrupted by Zhang Lei: "You want Xiao Yuxuan's phone number?"

Kan Miao nodded, "Yes."

Zhang Lei smiled, "Then I'll write it to you directly, I know her number."

There was a flash of caution in Kan Miao's eyes, she knew that Zhang Lei hadn't treated her well yesterday, why was he so enthusiastic and proactive today?

It couldn't be because he knew that he was leaving, so Zhang Lei seemed happy, did he want to leave?

But seeing that Ji Feng only smiled and didn't say anything, Kan Miao could only nod and said; "Then thank you very much."

Zhang Lei laughed, "You're welcome for what"

When she got Xiao Yuxuan's number, the smile on Kan Miao's face got a little thicker, she felt that it shouldn't be too long before she gained Ji Feng and Zhang Lei's approval.

Because she knew that she was not well received here, so last night after meeting Tong Lei and Xiao Yuxuan, Kan Miao immediately had a move in her heart, ready to open a breakthrough from them and take the lady route, which was always going to be easier.

But to Kan Miao's disappointment, Tong Lei said very little and almost rarely communicated with her, while Xiao Yuxuan was obviously the kind of female boss who had seen a lot of things, and her little tricks were just like clowns in front of Xiao Yuxuan, which made Kan Miao disappointed and frustrated and embarrassed.

However, thinking about Ji Feng's identity and how she had offended him before, Kan Miao could only try her best to make amends and find a way to close the relationship with Ji Feng and Zhang Lei.

That's why she made an excuse today and asked for Xiao Yuxuan's phone number, in the hope that she could find time to contact Xiao Yuxuan and gradually and gradually close the relationship.

If you can have a good relationship with Ji Feng, with his status, if you want to do a favor or something like that, then I'm afraid it's just a matter of words. When the time comes, if the family's business wants to develop in Jiangzhou, they will definitely need Ji Feng's help.

On top of that, having clashed with Huang Hao before, he had undoubtedly offended him, and if he were to take his anger out on his family, who would be able to stop him then?

If Ji Feng was willing to say something, maybe it would be fine.

This was Kan Miao's intention.

She was secretly calculating in her heart, but she didn't know that for her mind, Ji Feng knew quite a lot, even if he didn't know everything.

The company's main business is to provide a wide range of products and services to the public.

So Ji Feng then said, "You all go back without worry, I'll say it to Huang Hao, I believe he won't find you guys in trouble."

"Really?"

Kan Miao's eyes immediately lit up and said very familiarly, "Ji Feng, you're really a friend."

Ji Feng smiled and didn't say anything more, and paid no attention to this deliberately pretentious gesture from Kan Miao.

With Ji Feng's assurance, Wang Tong and Kan Miao were naturally relieved, and they packed up next, and then Zhang Lei drove them directly to the airport.

Meanwhile, Ji Feng dialed Li Weidong's phone number.

"Ji Feng?"

When he received Ji Feng's call, Li Weidong was very surprised.

Ever since that day when he had a meal in Ji Zhen country, in front of the elders, several juniors pretended to be more friendly and exchanged numbers with each other, he and Ji Feng had never

contacted each other, Li Weidong had almost forgotten that he still had Li Weidong's number in his mobile phone, but unexpectedly now Ji Feng called.

"Brother Weidong, there's something I need to talk to you about." Ji Feng said straightforwardly.

"What is it?" Li Weidong was stunned.

"About Huang Hao, those two people yesterday are good friends of mine, let Huang Hao not mess with them in the future!" Ji Feng said.

Li Weidong frowned and said, "Ji Feng, this is a bit too much to ask, isn't it? What Huang Hao wants to do is his freedom, how can I control him?"

Ji Feng snorted coldly, "That's your business! Li Weidong, let me tell you clearly, if Huang Hao dares to do anything to my friend, I will definitely settle the score with you first before I clean him up."

Li Weidong instantly said angrily, "What did you say?"

Ji Feng said in a deep voice: "In this matter, since you're involved, don't try to stay out of it, you can't control Huang Hao, that's your responsibility! Li Weidong, don't let me go directly to the city hall to visit Mayor Li Baoyuan!"

"You"

Li Weidong was instantly furious, but he could do nothing about it, "You bastard!"

Ji Feng coldly snorted, "Thanks for the compliment, you'd better think about what to say to Huang Hao, that's all snap!"

Without waiting for Li Weidong to answer, Ji Feng directly cut off the call.

"I X....." Li Weidong was so angry that he almost didn't smash the phone, Ji Feng's call really made Li Weidong angry, what the fuck does it have to do with me?

"Ji Feng, you son of a bitch!"

Li Weidong was so angry that he could not wait to beat up Ji Feng, but when he thought about it, there was nothing he could do, who let himself get involved in this matter, and even led people to almost attack Ji Feng?

If Ji Feng was really serious about it, then he would have to sue the old man for this matter, and then he would definitely be unlucky.

Thinking about the consequences, Li Weidong was really angry and annoyed, but he had to pick up the phone and call Huang Hao.

As soon as the phone was connected, without waiting for Huang Hao to speak, Li Weidong shouted angrily, "Huang Hao, listen to me carefully, those two people who were with Ji Feng yesterday, don't go looking for trouble with them, don't even touch a hair on their heads, otherwise, I will not spare you lightly!"

"Old brother, you are" Huang Hao was scolded and confused.

“My old man knows about this matter!” Li Weidong roared low, of course he couldn’t say that he was threatened by Ji Feng, otherwise that would be too humiliating, “If you want my family’s old man to call Mayor Huang Bingxian directly, then by all means go ahead and move those two people!”

“Huh?” Huang Hao froze at once.

“Be honest during this period of time and don’t contact me!” Li Weidong finished speaking and hung up the phone directly, his heart was more or less relieved, he was so abused by Ji Feng, now he took this out on Huang Hao’s head, his heart was finally quite relieved

Campus Master Chapter 2036

In early spring, Jiangzhou has already lost its chill, and the occasional breeze blowing in the street only makes people feel slightly cooler, not colder.

The trees in the green belts on both sides of the road have already started to spit out new shoots, the soft green and yellow, as well as the slightly bright red shoots in the flower beds, which really make people feel relaxed and happy, and can feel the vitality brought by spring very clearly.

It was in this environment that Ji Feng held Tong Lei’s little hand and wandered around the street.

It was already the third day after Wang Tong and Kan Miao left, because they were suffocating at home and it happened to be the weekend, so Ji Feng took Tong Lei and came to school with him.

After accompanying Tong Lei to finish her business at school, Ji Feng put all her things in the trunk of the car and, taking advantage of the nice weather, simply went with Tong Lei to the street by an artificial lake in the university town and wandered around here.

Tong Lei had a cool personality, but it didn’t mean she didn’t like this kind of time.

I am afraid that there is no girl who does not like to have her boyfriend by her side, especially if she is in love.

With Ji Feng by her side, Tong Lei was extraordinarily serene. She had a faint smile at the corner of her mouth and her bright eyes were very moving, it was obvious that her heart must be very sweet at the moment and she was enjoying this rare leisurely time.

The streets are particularly busy on weekends, with groups of young men and women, students from the nearby schools, everywhere in the streets.

Seeing the leisurely appearance of these students, Ji Feng couldn’t help but shake his head and sigh lightly, “These years in college should be the most leisurely time for them, and I’m afraid that they will miss these years for the rest of their lives.”

Tong Lei nodded slightly and said, “But there are also some people who can’t wait to get out of school and join the workforce.”

Ji Feng nodded and said, “There are indeed such people, but it’s a very small portion.”

In any school, there will be a part of such students, they do not waste these years in college in Internet cafes or in bed, but are very active, either going out to do part-time jobs, or thinking about how they can learn better and can go out to work to earn money earlier

The most important thing is that many of those who are better off after graduation should be like this in school.

Of course, except for those with good families or backgrounds, they mix well, that is a unique advantage that ordinary people can not compare with.

“But often, people like that rarely have real friends!” Ji Feng said.

“Why?” Tong Lei asked.

“Such people, despite appearing to be working very hard, actually seem to be very out of touch to other people!”

Ji Feng said, “Even though they are all positive, once they have distanced themselves from the vast majority of people, they are out of touch, and at this time, if they haven’t achieved great success, they are going to be rejected by the majority of people! Think carefully, in school, is it true that those who do particularly well in their studies, or are particularly good at something, basically have few friends?”

Tong Lei nodded thoughtfully, “That’s right. Because of these people’s excellence, it creates some envy and jealousy in everyone’s heart.”

“That’s how it is.”

Ji Feng nodded, “Even though many people won’t admit it in their hearts, it’s a fact that they are indeed jealous of people who are better than them in a certain aspect. Only, when they go out into society, the attitude of these people will start to change, they will start to gradually go closer to these people who have achieved because by this time, they have realized how hard life is and the kind of hardship that comes with having no one to support them in society.”

“And in this process, between those who are poorly mixed and those who are well mixed, they seem to get close, but in reality, there is no friendship between them at all, they are just more familiar than others.”

Ji Feng shook his head and sighed, “And even between friends who were originally very close at school, I’m afraid they will gradually drift apart if they are involved in entanglements of interests after they go out into society.”

Tong Lei looked at Ji Feng in surprise, she asked very keenly, “Why so much emotion today?”

“It’s not a sentiment, it’s just a casual remark.” Ji Feng shook his head and laughed.

“It’s because that friend of yours came over two days ago and it touched your heart, right?” Tong Lei asked softly, “I can feel that you haven’t been too happy since that friend of yours left.”

“I just think that it’s really hard to say what happens in life, and after going into society, everyone has changed a lot, no matter what, we can’t go back to the old kind of time.” Ji Feng said with emotion.

“That’s why many people say that when we are young we always look forward to growing up, but after we grow up, it’s the fantasy of one day being able to suddenly go back to being a child again.” Tong Lei smiled faintly, “From a psychological point of view, this is an escapist mentality, which means we are not strong enough

Ji Feng smiled and asked, “Since when did you take psychology?”

Tong Lei pursed her lips and smiled sweetly: “Have you forgotten, I said I hope to teach small children after I graduate, so I took the time to read some books about psychology and wanted to know how I could better communicate with small children.”

Ji Feng chuckled, his body hand gathered the wind-blown hair around Tong Lei’s ears and smiled, “When you graduate, I will prepare the place for you to teach, and then you can start whenever you want.”

“Mmm!”

Tong Lei smiled and nodded, it made her happy that Ji Feng could support her dream.

While the two were chatting and looking at the lively crowd on the street, Tong Lei suggested, “Ji Feng, let’s go back to school, it’s getting crowded here.”

Ji Feng nodded and said, “Go back! It looks like all those students who slept in are getting up one after another as well

It’s now after ten in the morning, with the current weather and temperature, even the laziest students will be able to sleep almost until this time, and any further sleep will not only be uncomfortable, but will also make them feel sore and tired, which is the result of the combined effect of the season and the biological clock in the human body.

It’s the same as having breakfast.

From seven to nine o’clock in the morning, it is time for the human intestines to absorb nutrients, and it is essential to eat breakfast at this time. If you do not eat for a long time, your intestines will not be able to absorb the nutrients, and it is likely that you will develop pathologies

The two held hands and walked towards the school.

“Ding

However, before they could return to school, Ji Feng’s phone suddenly rang, and he took out the phone and found that it was Xiao Yuxuan calling.

Tong Lei’s eyesight was likewise not bad, and she also saw the caller ID on the phone screen and asked, “Is it Sister Yu Xuan calling?”

Ji Feng nodded and then picked up the call, “Yu Xuan, what’s up?”

“Little guy, your family’s second house is being harassed, do you want to come over and help block it?” Xiao Yuxuan’s voice came over, soft and sticky. Even through the phone, Ji Feng could imagine Xiao Yuxuan’s sly smile and that flirtatious face at this moment.

“What second room?” Ji Feng was stunned, then he reacted and laughed bitterly, “You ah say it, what is going on?”

Ji Feng commanded a slight daze, then he reacted, the second room Xiao Yu Xuan mouth, actually said is her own, because in Xiao Yu Xuan’s opinion, Tong Lei is the first room, so she often jokingly called Tong Lei is the first grandmother, this second room is naturally Xiao Yu herself.

In response to Xiao Yuxuan’s teasing, Ji Feng naturally shook his head and laughed bitterly, but the rest of her words caught Ji Feng’s attention.

Someone was pursuing Xiao Yuxuan!

And most importantly, Xiao Yuxuan seemed to be helpless, otherwise she wouldn’t have called to ask for help from herself because of this kind of thing.

This meant that the person who was pursuing Xiao Yuxuan seemed to be of some origin, or at least made Xiao Yuxuan somewhat unable to wipe her face.

As expected, I heard Xiao Yuxuan say, “That Four Star Group’s China manager Li Zaimin came over again, and I can’t say anything to drive them away, but I just can’t work with him here” “I’m going over there.” Ji Feng did not say a word and directly left the phone.

“What, is there something wrong with Sister Yu Xuan?” Seeing that Ji Feng’s brow was slightly furrowed and his face wasn’t too good, Tong Lei couldn’t help but ask.

“It’s nothing big, you don’t have to worry.” Ji Feng shook his head and said, “I have to go to the company now, do you want to come with me?”

“I won’t be going, I’ll go straight home later, you take care of yourself.” Tong Lei admonished, even though Ji Feng said there was nothing wrong, but Tong Lei knew that if there was nothing wrong, Ji Feng would definitely not be in such a hurry to go to Tengfei Group.

“It’s better if you don’t go, let Zhen Zhen accompany you back later.” Ji Feng nodded and said, Tong Lei did not like noise, later on it might be some kind of conflict, it was just right that Tong Lei did not go.

Afterwards, Ji Feng gestured, and Han Zhen and Bai Zhu came over quickly from nowhere.

Ji Feng instructed Han Zhen to protect Tong Lei and let the two of them go back together, and then, he took Bai Zhu and went directly to the Tengfei Group.

As soon as he got into the car, Ji Feng’s face was very unattractive.

Any other man would not have a good look when he knew that his girlfriend was being harassed by other men one after another.

Although Ji Feng was not too petty, it did not mean that he was so generous in such matters.

Especially when he heard that the one who harassed Xiao Yuxuan was also that Kerry man Li Zaimin, Ji Feng’s mood became even worse because he did not have a good impression of this Li Zaimin, himself.

Before the Chinese New Year, this Li Zaimin had played tricks on such matters, when he brought the Four Star Group people to visit the Tengfei Group, he used various excuses and reasons to want to get closer to Xiao Yuxuan, and he also played tricks to drive himself away

The actual fact is that you can't be able to't help but sneer secretly: "The manager of the four-star group? Still really think you are so great?"
