

Campus Master 2039

Because there were so many people from the Four Star Group coming, interpreters and bodyguards plus staff, more than thirty people, the Tengfei Group really did not prepare such a large meeting room, so they could only arrange him into the meeting room.

Because since people from the Four Star Group have come, then no matter what, people from the Tengfei Group should accompany them, and if the number of people from both sides add up, I'm afraid there will be 40 or 50 people Tengfei Group is not a government agency, so how could it prepare such a large meeting room.

—Mind you, it's the company's money that's being spent, not the public's!

And once there were more people gathered together, the noise was naturally loud, so when Ji Feng and Han Zhong arrived outside the meeting room, they heard the buzzing sound of talking coming from inside, which reminded Ji Feng of the kind of noisy talking in the classroom when he used to go to self-study class.

Before Ji Feng pushed the door inside, he suddenly heard, from this conference room, several loud laughter, as if he was laughing at something, laughing very openly.

Ji Feng frowned and wondered who was making the laughter. If it was from the employees of the Tengfei Group, then the quality of the employees really needed to be improved, after all, the Four Star Group was also considered a guest, and it was obviously not right for the employees to make such wild laughter and seem to be laughing at each other when they were in charge of hospitality.

However, if the laughter was made by someone from the Four Star Group, then it was obvious that the other party must be laughing at the people from the Tengfei Group, which would in turn make Ji Feng even more annoyed.

The people from the Four Star Group were already rampant, and now they were openly mocking the employees of the Tengfei Group here, which was too much, right?

Did they really think that because they were a big international group of companies, they could act in such a manner?

This is too much of a bully!

The first thing you need to do is to get a good idea of what you want to do.

Han Zhong asked somewhat strangely, "What is it?"

This has gone to the door instead of going in, Han Zhong some confused Ji Feng gourd selling what medicine.

Ji Feng said in a low voice: "You immediately go to call Yi Xingchen of the security department, tell him to send Lu Gang a few people over, remember, they must be raw faces, and they must also be able to speak Kepong, yes, you tell them all to put on formal clothes"

Ji Feng whispered his instructions for a while, but Han Zhong was listening with a stunned face, and then looked at Ji Feng in amazement and asked in astonishment, "Ji Feng, do you want them to pretend to be Kepong people to put pressure on the people of Four Star Group?"

"Sort of!"

Ji Feng laughed, "Just do as I say."

Han Zhong shook his head and laughed, "Is this a dirty trick on your part? I just don't know if it can have an effect."

Ji Feng laughed: "It's not a matter of whether it will work or not, you just do it first. Anyway, if it works, it's better. If it doesn't work, it's not a loss for us."

"Alright!"

Han Zhong nodded and said, "Let's hope it will work."

After saying that, Han Zhong quickly turned around and left, he had to go to a place where there was no one to call Yi Xingchen, what Ji Feng had explained could not be arranged at the entrance of this conference room, in case the Kerry people heard it, then it would not work, instead, it might have the opposite effect.

After watching Han Zhong go upstairs, Ji Feng stood at the entrance of the conference room and began to activate the bio-current on his eyes, gradually seeing the scene inside through the door of the conference room.

He saw that this conference room was full of people, and there were indeed quite a lot of people, the oval conference table was filled with people, and the rows of tables and chairs behind it were also filled with rows of people, all of whom had tea cups and fruits in front of them, and there were a few girls walking back and forth from time to time to refill the water for these people.

Ji Feng saw that there were some people from the Four Star Group that he had seen before and some employees from the Tengfei Group sitting on both sides of that oval-shaped conference table, but there was no Li Zhaemin or Xiao Yuxuan in sight.

"Haha" Suddenly, another burst of laughter came, only to see a few men in suits not knowing what they had said, suddenly bursting into a burst of laughter.

They were speaking Kerry, which Ji Feng couldn't understand, but he was thus certain that the ones making the laughter were this group of Four Star Group's Kerry men.

At once, Ji Feng's face turned gloomy.

There was no doubt that these Kerry people must be laughing at the employees of the Tengfei Group – they could not be laughing at themselves so recklessly, unless these people's brains were caught in the door.

What made Ji Feng feel even more annoyed was that these people were obviously being treated very attentively here, with the female employees of the Tengfei Group running around from time to time to refill their water, and sometimes even adding fruit for them

But this group of people is not the least bit appreciative, but also so recklessly ridiculed.

..... Even though Ji Feng didn't know exactly what these Kerry people were laughing at, just by their arrogant looks, Ji Feng could be sure that what they were saying was definitely not a good topic.

"Bullying people too much!"

Ji Feng's face was incomparably gloomy and a cold light flashed in his eyes, "Do they really think that because they are a world-wide multinational group of companies, they can be so reckless? Or do you think that only one company in this world, your Four Star Group, can cooperate and no other company can?"

Ji Feng secretly snorted coldly in his heart, but did not push the door in, he did not come just to clean up this group of arrogant and unscrupulous miscellaneous fish, he came to find Xiao Yuxuan.

Therefore, Ji Feng simply took out his mobile phone and was ready to dial Xiao Yuxuan's number.

But just then, a clattering sound of high heels on the floor could be heard from the corner of the corridor in front of him, followed by a woman's voice: "Manager Li, isn't it a bit impolite for you to follow me so closely? I think it is also important to keep a certain distance between you Kerry people, right?"

When Ji Feng heard this voice, he immediately frowned, it was Xiao Yuxuan's voice. Obviously, at this moment, Xiao Yuxuan should be in trouble.

Ji Feng immediately stepped over, while another gentle voice came from the corner of that corridor, "Don't misunderstand, I just wanted to have a few words with Mr. Xiao alone, but I didn't expect Mr. Xiao to go to the washroom, I apologize to you for my reckless behaviour."

"If my assistant hadn't stopped you outside, I think that would have been more than a reckless act, it would have been a criminal act!" Xiao Yuxuan said.

"Huh~~!"

Who knew that the gentle voice, instead of being half-tense, laughed: "Mr. Xiao, you are aware that even without your assistant stopping me, I wouldn't be able to do anything excessive, because, what I'm after is not a momentary pain, but a long-term warmth."

At the corner of the corridor, Xiao Yuxuan couldn't help but frown slightly, she really didn't expect that this Lee Jaemin would be so pestering, to put it bluntly, he was like a piece of dog skin plaster that kept pestering her, even when she went to the bathroom to hide for a while to get some peace and quiet, this Lee Jaemin almost followed her.

If Xiao Yuxuan hadn't received the text message from Xiao Ying, she wouldn't have believed that as the manager of the Four Star Group in China, this Li Zaimin was such a stalker.

He was practically stalking!

So Xiao Yuxuan was so upset that she simply came out from the bathroom, after all, it wasn't a solution to keep hiding like this, and what's more, she didn't want to hide anymore.

So when she saw Li Zaimin, who was stopped by Xiao Ying at the corner of the corridor, Xiao Yuxuan couldn't help but tease Li a little. But what she didn't expect was that this Li Zaimin seemed to want to make things clear

For Xiao Yuxuan's character, the fact that she could speak in such a slow tone actually proved that she was already very impatient in her heart, so it was evident how annoyed she was being pestered by this Lee Jae Min.

However, when Li Zhaemin smiled, it was as if he did not understand, and with a gentle smile on his face, he said, "Mr. Xiao, you have the right to reject anyone, but you do not have the right to stop others from admiring you and liking you, don't you think?"

"You're right!"

Xiao Yuxuan nodded slightly and said, "Yet, I have the right to hate a person."

Li Zhaemin smiled and said, "I really hope that the person you hate is not me, otherwise, I would really be very sad."

Xiao Yuxuan was suddenly a little impatient in her heart, she knew very well that it was actually impossible to speak clearly with this Li Zaimin, because he had obviously made up his mind to pester, and looking at how he was so right about a girl's rejection, it was obvious that he had not done this kind of thing a lot before.

This was a self-righteous rich boy!

Xiao Yuxuan saw Li Zhaemin's nature at a glance, so she raised her hand to look at the time, and then said in a deep voice: "Manager Li, it is already eleven o'clock in the morning, and there are still forty minutes before we are off duty, I think it is better for us to go back to our respective posts and talk about work now, otherwise we are being irresponsible to ourselves and to the company!"

Li Zhaemin, however, laughed and said, "In that case, is Mr. Xiao really planning to leave me out in the cold?"

Xiao Yuxuan's eyebrows knitted together and said, "Manager Li, if that's all you're planning to say, I don't think there's any need for us to talk about it, during working hours, I only talk about work"

"Then what if we wait until after work? Can I ask you out?" Lee Jae-min asked directly.

"Sorry, my boyfriend will pick me up after work, I have a date." Xiao Yuxuan said.

"Yuxuan, why aren't you willing to give me a chance? Am I really worse than that little white boyfriend of yours?" Li Zhaemin finally changed his face and frowned, Xiao Yuxuan's repeated refusal seemed to have made him a little impatient as well.

Campus Master Chapter 2040

"Sorry, my boyfriend will pick me up after work, I have a date." Xiao Yuxuan said.

“Yu Xuan, why aren’t you willing to give me a chance? Am I really worse than that little white boyfriend of yours?” Li Zhaemin finally changed his face and frowned, Xiao Yuxuan’s repeated refusal seemed to have made him a little impatient as well.

You know, in the past, when he was in Kerry, even some big-name stars had never refused Lee Jae Min like this, even the most famous international movie stars in Kerry were almost respectful in front of Lee Jae Min, for example, many stars were explicitly priced when they accompanied the dinner party, but the most famous female star in Kerry, before accompanying the dinner party, as soon as she heard that she was invited by someone from the Four Star Group, the appearance fee or whatever All of them were waived.

In Kerry, the Four Star Group is the national hero of Kerry, because everyone knows that when Kerry was almost full of thatched houses, it was the Kerry Now Group and the Four Star Group that supported the modern market of Kerry, and also directly supported the economy of Kerry.

The current presidents of Kerry, for example, are employees who used to work for the Now Group and were once trained by the Now Group as key employees.

And a few presidents and dignitaries further back in time, many of them came from the Four Star Group.

It can be said that the status of the Four Star Group in Kerry is almost as high as the status of the Golden Family in Kerry, which is almost supreme.

As one of the main figures among the young representatives of the Four Star Group, Li Zemin naturally received great attention in Kerry, and of course no one would ever dare to treat Li Zemin so directly.

However, Xiao Yuxuan’s behaviour caused Li Zaimin to frown continuously.

For so long, Li Zaimin had been very careful and cautious in his contact with Xiao Yuxuan, and he had never acted excessively towards Xiao Yuxuan on the basis that he was a direct member of the Four Star Group.

Li Zaimin only attacked Xiao Yuxuan as a very simple man himself.

However, what Li Zaimin did not expect was that Xiao Yuxuan actually still refused herself without hesitation, which made Li Zaimin very puzzled and could not help but be a little annoyed in his heart.

As the manager of the Four Star Group in China, Li Zaimin thought that he was definitely not much lower than Xiao Yuxuan, plus the Four Star Group itself was a large international group, so Xiao Yuxuan was naturally no match for Li Zaimin.

Therefore, by definition, Xiao Yuxuan has to look up to Li Zai Min in many matters, for example, in international business affairs.

However, Xiao Yuxuan’s approach was completely out of his expectation, Li Zaimin.

For his own so obvious pursuit offensive, Xiao Yuxuan as if completely did not see, completely is my own way, even do not put the four-star group and Tengfei group and style in the eyes, this can really let Li Zai Min completely did not expect.

This is something that Li Zaimin did not expect. Li Zaimin could not help himself, or rather, he was a bit annoyed.

He was just the boss of a small group in China, what was the big deal?

No matter how uncomfortable they are, they have to put on a smile and even try to meet the demands of foreigners, not to mention the boss of a small group in Kerry.

However, Xiao Yuxuan dared to do so, and simply ignored Li Zaimin's requests. Sometimes when Li Zaimin called Xiao Yuxuan, Xiao Yuxuan did not answer his calls as if she had not heard them, and as for short messages, she never replied to them at all.

This situation made Li Zaimin even more annoyed.

Originally, Li Zaimin could not stand it any longer and was ready to come to a showdown with Xiao Yuxuan early, but he did not expect that the Chinese New Year had come so early

In fact, for the Kerry people, the Chinese New Year had a deep impact on them as well, because back before the Qing Dynasty, the Kerry Peninsula was a vassal state belonging to China, and they tried their best to imitate any of the Chinese festivals, and there were even many people at that time who strongly requested to join China directly.

Had the Kerry Peninsula not been invaded by the Kepong people, it would have been a vassal state of China long ago.

This is precisely why any Chinese festival has an extremely profound impact on the Kerry people, especially in recent years, when the Kerry people have rushed to register the original Chinese festival at the United Nations, and have even described some historical figures of China as Kerry historical figures, which is a clear indication of how deep the influence of Chinese culture is on the Kerry.

So for some time now, Kerry has actually been celebrating a series of festivals, which is actually the Chinese New Year in China.

It was for this reason that Lee Jae-min had no choice but to delay for some time before coming to China again.

As soon as the Chinese New Year had passed, Li Zaimin could not wait to come to China, using various names and means to approach Xiao Yuxuan, hoping to be able to foster a relationship with Xiao Yuxuan beyond the ordinary.

However, Xiao Yuxuan's cold and even 'heartless' response made Li Zaimin extremely annoyed.

When Xiao Yuxuan coldly refused, Li Zaimin could not hold back any longer, and he bluntly stated his purpose and demands, especially when he remembered Xiao Yuxuan's 'white boy' boyfriend, he had no qualms about it.

Because in Li Zhaemin's opinion, the biggest obstacle between him and Xiao Yuxuan was Xiao Yuxuan's soft-earned boyfriend – Ji Feng.

As long as Xiao Yuxuan had no more feelings for Ji Feng, then there would definitely be progress between Li Zaimin and Xiao Yuxuan.

Lee Jae-min has this confidence!

Because compared to the Four Little Dragons of Asia's Kerry country, China was just a backward country. How could a woman from such a country not hope to be able to climb up to a man from the Kerry country?

"Yuxuan, it's better for you to follow me than to have to follow that little boyfriend of yours, right?" Li Zhaemin asked bluntly, "With your current status, you don't need to succumb to the machismo of China at all, you can find a better man altogether."

Xiao Yuxuan suddenly furrowed her eyebrows, "I think my boyfriend is the best, I don't think anyone else can be better than him!"

When Ji Feng on the other side of the corner heard this, he couldn't help but shake his head and smile, it looked like Xiao Yuxuan was angry.

Himself was definitely not the best!

This was something that Ji Feng was very self-aware of, Tong Lei had once said that for a woman, the best man was not necessarily the one that suited her the most!

The reason why Xiao Yuxuan would say this, that was purely because she had lost her patience with Li Zhaemin.

However, this was a very irritating statement for Li Zhaemin.

As expected, only to hear Li Zhaemin said in a deep voice: "Yuxuan, I hope you are not talking in anger, for a woman to find a good man, this is related to a lifetime of happiness, we have a saying in Kerry, called men are afraid to enter the wrong profession, women are afraid to marry the wrong man, I think, this saying is certainly correct"

"Please wait, although I am very reluctant to argue with you now, but I must remind you that the words you said just now were said by our Chinese predecessors, I hope you will not be like other Kerry people who insist that all our Chinese Confucius is Kerry!" Xiao Yuxuan said unhappily.

Li Zhaemin, however, said, "Yuxuan, you're not saying that right"

"How is it wrong?"

Suddenly, a voice snapped out, causing both Xiao Yuxuan and Li Zaimin to be startled. But when Xiao Yuxuan heard the voice, she was instantly relieved, while Li Zaimin was frowning tightly.

"Who is it that is speaking?" Li Zhaemin said in a deep voice.

"It's me!"

Ji Feng walked out from around the corner, his face with a smiling expression as he stared at Li Zaimin and said, "Mr. Li Zaimin, right? I'd like to know which of my wife's words are incorrect? If I remember correctly, you Kerry have registered our Chinese Dragon Boat Festival as your country's festival, I am curious to know, who exactly are you celebrating the Dragon Boat Festival to commemorate?"

Ji Feng's words were filled with a mocking tone, especially when he said that the Kerry people had registered the Dragon Boat Festival as Kerry's intangible cultural heritage.

This is not the first time that the Kree have grabbed many of China's festivals and historical allusions at the UN, and many of these are extremely ironic, and every time they are talked about, for Ji Feng, it is a laughing matter and a sadness at the same time.

When Ji Feng first heard about all this, he was eager to find a Kerry man and ask, "What are you doing to rob our festival?"

Now, he finally had the chance to ask it.

And at this moment, after hearing Ji Feng's question, Lee Jaemin could not help but blush, "You"

Ji Feng looked at Li Zaimin with a smirk and couldn't help but snort and ask, "Mr. Li, you don't have an answer to the question I just asked, do you? We in China are to commemorate Qu Yuan, but we don't know who you Kerry is to commemorate, so you're speechless, right? So, let me ask you again, does speaking ill of others behind their backs represent the noble character of your Kerry people? Or is it that you take pride in talking about others behind their backs?"

"....."

Lee Jae Min's face turned red and then turned iron blue as he gritted his teeth and said, "I don't know what you're talking about!"

"Heh~!"

Ji Feng couldn't help but chuckle and said, "You don't know? Then I'm really sorry, it seems I'm asking the wrong person, a guy who doesn't even dare to admit what he said, I really don't know what else he can do" Mr. Lee, what do you think?"

Lee Jaemin gritted his teeth and grunted, "I don't want to talk to you."

"Tsk~~!"

Ji Feng shook his head, "In that case, then I have nothing more to say, Yu Xuan, let's go over, Han Zhong and the others are all still waiting."

Xiao Yuxuan saw that Li Zaimin had been squeezed by Ji Feng and could barely speak, the kind of depression in her heart was suddenly swept away and became incomparably comfortable, she smiled and nodded, saying, "Mm~! Let's go."
