

Campus Master 211

Chapter 211

“So, Little Feng beat up the little monkey from the Qiao family? And also beat up those four people who went with him as well?” Only after a long time did the old man speak slowly, his voice seemed a little weak, but the middle-aged man couldn’t help but feel anxious.

“Yes, father.” Although the middle-aged man did not know exactly what his father’s attitude was towards this matter, he would definitely not hide anything, what should be done was done, even if the old master blamed him, just bear the burden, but definitely not run away.

“Ho!” The old master smiled faintly and let out a syllable.

The middle-aged man’s heart tightened, but he didn’t know what to say, much less what the old master meant.

This was because since many years ago, the old master had given a strict order that the descendants of the Ji family were absolutely not allowed to deal with the Qiao family, and even if they encountered provocation from the Qiao family, they had to be patient, or else they would be expelled from the family and would never be allowed to return from now on.

Because of this order, starting from the middle-aged people all the way down, including those juniors of the third generation, when they encountered provocation from the Ji family, they could only endure it, and even when the juniors underneath were beaten up by the Qiao family, they did not dare to go home to say so.

One could imagine that there was a member of the Ji family from top to bottom who did not hold back?

The courtyard fell into silence for a while, and apart from the faint breeze blowing through the leaves, there was no other sound.

If Ji Feng was here, he would have recognised at a glance that this middle-aged man with a hint of helplessness between his eyebrows was none other than his father, now a ministerial-level official, the second generation leader of the Ji family, Ji Zhenhua.

And this old man with pale hair, needless to say, is naturally the current longest person in the Ji family, that is, Ji Feng’s grandfather.

There was no surprise, when the news of what had happened at the Linjiang Club in Jiangzhou reached the ears of the Qiao family, Ji Zhenhua had already known about it in advance, this kind of thing, basically, could not be hidden from anyone, as long as one had the heart, anyone would be able to know about it as fast as possible.

After learning the news, Ji Zhenhua’s first reaction was, “That kid has got a lot of guts!

But soon, Ji Zhenhua figured out the taste, he couldn’t help but laugh, what a little slick!

What kind of person is Ji Zhenhua? The number of storms he has experienced in his career is countless. How could Ji Feng’s little tricks be hidden from him?

The moment he thought of this, Ji Zhenhua could not help but feel good and funny.

It was true that the old man had given a strict order, but at that time, Ji Feng did not know about the Ji family, let alone the old man of the Ji family, let alone knowing about this order.

Of course, Ji Zhenhua did not believe that Ji Shaolei would not tell Ji Feng, but so what?

“I just don’t know, who told me?” Ji Feng could have been so cheeky, “Second brother said it, I thought he was fooling me, but none of the elders in the family had told me not to mess with the Qiao family. Besides, I didn’t mess with them, I was just defending myself, in self-defence!”

Ji Zhenhua could even imagine that kid with a faint smile on his face, but not even half a step back. The thought of this Ji Zhenhua couldn’t help but feel a little headache, his lost son, who had been separated for more than ten years, was good at everything else, but his arrogant character of not bowing to death was just a little too tough.

The first thing that I believe is that if the old man called Ji Feng over to reprimand or punish him, Ji Feng would never give up half a step.

Besides, isn’t it just expulsion from the family?

The first thing you can do is to take a look at the situation.

If he really cared so much about the family, he should have followed himself back to Yanjing when he went to Mang Shi County to find the mother and son, at least to see the old man. But instead of doing so, he stayed in Mang Shi County alone, and later went to Jiangzhou to attend university. During this period, he didn’t even call himself, and at most, he only spoke to his mother on the phone a few times.

He has resentment in his heart, ah, and his character is too stubborn.

But ..... so what?

My son, Ji Zhenhua, can be beaten by anyone? Luckily it was the Qiao family that suffered this time, if it had been Ji Feng who was beaten, even if the old man had defended the Qiao family, Ji Zhenhua would have destroyed the Qiao family at all costs and made those people regret coming to this world!

What he owed to Ji Feng’s mother and son was just too much.

Unknowingly, Ji Zhenhua was a little distracted.

“Ho ho ho!”

Half a long time later, the old man suddenly laughed twice, instantly causing Ji Zhenhua to come back to his senses as he scrambled to explain, “Father, this matter ..... I think Little Feng did a good job.”

“Oh?!” The old man’s originally cloudy eyes steeply widened as a brilliant light flashed through, staring straight at Ji Zhenhua as he asked, “Then tell me, where did Xiao Feng do right?”

As soon as he heard these words, Ji Zhenhua knew that the old man was definitely not happy.

But Ji Zhenhua was not afraid, between him and his father, there was no fear at all, it was just filial respect and respect for his father, and at this moment, in order to defend his son, he decided to come out and block it himself.

“Father, I actually think that the Qiao family has been bouncing around a bit too much over the years .....” mentioning the main matter, Ji Zhenhua’s face became serious as he analyzed: “Let’s not mention what kind of grudge there really is between the Qiao family and our Ji family, alone The things that the Qiao family has done in recent years have already crossed the bottom line. Just now I received a call from my second brother, it is said that the four people who followed the Qiao family’s little monkeys to Jiangzhou this time have very strange identities!”

“How bizarre?” Elder Ji asked.

“According to Xiao Feng’s judgment, they are not from the army, yet, they have strong kung fu that surpasses any special forces or army combat masters, that’s one thing.” Ji Zhenhua said, “Secondly, when they clashed with Xiao Feng, the first thing they flashed out, however, were the documents of the State Security!”

When he said this, the old man’s eyes flickered with a sharp light, but he did not have the intention to speak.

Ji Zhenhua didn’t notice the change in the old man’s expression, he continued, “In addition to that there is another suspicion, those four people addressed each other, not by their positions, nor by their names, but by divisional brothers. In addition, the youngest child of the Qiao family is also the youngest senior brother of those four people. Based on these few suspicions, Little Feng judged that these four people were definitely not ordinary national security, they were most likely from a certain sect and were worth checking out!”

“Any more?” A moment later, the old man asked.

Ji Zhenhua nodded and said, “There is! It is because of the weird identities of these few people that I suspect .....”

What he suspected, Ji Zhenhua did not specify, but the old man knew it all.

After a long time of silence, the old man finally let out a long sigh, “Boss, you didn’t guess wrong, those four people should have come from those places ..... In fact, it is likely that Lao Qiao also came from those places in the first place.”

Not going out, but know the world!

For his father, Ji Zhenhua instantly admired from the bottom of his heart as he continued, “If it wasn’t for Xiao Feng, those four people borrowed the name of the Qiao family, there really wouldn’t be anyone who could cure them, that’s why I said that Xiao Feng didn’t do anything wrong!”

A smile flashed at the corners of the old man’s eyes as he said, “Boss, you must have blamed me a lot all these years, right? Blame me for forcing you to marry Qiao Rong back then, and later .....”

Before he could finish his words, he was interrupted by Ji Zhenhua, “Father, I have never blamed you.”

“Well, in that case, I’m relieved.” Master Ji nodded in satisfaction, “Go tell that brat Xiao Feng that I’ll give him a mark for this time, also, go tell Lao San that I said that the army is to protect the country and hustle the people outside, take military discipline seriously and don’t let some jumping clowns continue to bounce around!”

Ji Zhenhua was instantly shaken, he knew how much stirring would be caused by the old man saying this, in the military, the old man’s prestige and status, absolutely no one could shake.

“In the blink of an eye, decades have passed, and people from that place, have appeared again, they deserve to be beaten!” The old master hummed.

Ji Zhenhua then nodded slightly, every word that the old master said was definitely not said in idleness, they all contained deep meaning, he had to ponder over them to understand.

However, there was one thing that Ji Zhenhua could be sure of, Ji Feng had indeed hit the nail on the head this time, which was exactly what the old man wanted, otherwise, the old man would never have said the three words ‘brat’. This was not a rebuke, but a sign of love and satisfaction.

“Father, I’ll go first then.” Seeing that his father was a little tired, Ji Zhenhua headed out.

“O old rival, your descendants, are becoming more and more unlikeable ..... breaking my grandson’s ribs for no reason, do you really think I don’t know? My grandson, and how can anyone be beaten? Now that I finally have a grandson who is competitive, my heart is very relieved .....

Behind him, Elder Ji looked at the sky and sighed imperceptibly.

Ji Zhenhua vaguely heard it, forgiving his connotation and temperament, he could not help but have some sour eyes, at the same time, he also understood that back then, Qiao Lao and his father were definitely not close friends, and were probably even rivals, only, his father was in the way of his status and sentiment, naturally, he would not strike out at the descendants of the Qiao family.

However, father deliberately defended the Qiao family and used it to hone his own children and grandchildren. Now, finally, there was a ‘treacherous’ brat, Ji Feng, who dared to ignore the old man’s orders, and this kind of stubborn character was exactly what the old man wanted to see!

The whole family’s aggression was used to exchange for the stubborn growth of his son and grandson.

What a profound intention! Ji Zhenhua had to admire, the old master was really high!

.....

Jiangzhou.

After coming out of the police station, Ji Feng intended to separate from Ji Shaolei and take a taxi back to the villa alone, but Ji Shaolei insisted on sending him back, so Ji Feng let him be and stopped insisting.

“Ding .....” Ji Feng’s phone suddenly rang, it was Tong Lei calling.

He picked up the phone and his face changed because Lei Lei was breathing a little sharply and he immediately realised that something might be wrong!

He immediately asked, “Lei Lei, what’s wrong?”

“Ji Feng, I heard from my classmates that a person came to see me today, a stranger!” Tong Lei said with some fear, “I purposely went to the security section to ask, although I don’t know who the person who came is, but on today’s travel records, there was one that was registered with Yun Bing’s student ID card!”

Bang!

Ji Feng instantly bubbled with anger and slammed his fist on the seat, “How dare you!”

## Chapter 212

“Lei Lei, don’t go anywhere right now, just wait for me in the dormitory, I’ll be there soon.” Ji Feng admonished with a cold face, “Remember, never go out alone, no, not even with others, at least not until I arrive, you can’t go out, never remember!”

Tong Lei also seemed to realize the seriousness of the matter, she nodded gently and said, “I know, Ji Feng, maybe it’s just my imagination too, don’t be anxious, and be careful on the way.”

Ji Feng smiled faintly and his heart grew even stronger with love. He could hear that Tong Lei’s voice was already trembling a bit, obviously scared to death, but, in order not to make herself anxious, and even more so, so that she wouldn’t rush on the road, she preferred to force herself to put on a calm face and talk to herself.

“By the way, apart from checking at the gatekeeper’s place, did you go anywhere else to check?” Ji Feng suddenly asked.

Tong Lei paused and said, “No, I just went to the doorman and came back because I was worried that that person would stay in the school!”

“So that’s how it is!” Ji Feng nodded slightly and said, “You did the right thing, now you don’t go anywhere, wait for me!”

But Tong Lei said, “However, I found something very strange at the gatekeeper’s place!”

Ji Feng was stunned and asked, “What’s the matter?”

“I checked the video of the visit during the time when it was Yun Bing’s student ID card that was registered, and it turned out that ..... the person who registered with her student ID card was a strange man, and not Yun Bing herself! Otherwise, there would be no need to register.” Tong Lei said hesitantly, “That’s why I called you, because I don’t even know that man!”

“I know, don’t worry, I’m heading in the direction of the school now, you must be careful in the meantime!” Ji Feng once again couldn’t help but admonish, “I’ll call Lei Zi here, make sure you’re safe first!”

“There’s no need to go to all this trouble, this is a girls’ dormitory building, boys can’t get up there!” Seeing that Ji Feng was so anxious, Tong Lei couldn’t help but comfort him.

But Ji Feng’s heart suddenly stuttered, boys can’t get up there, what about girls?

A strange man using Yun Bing's student ID to register would obviously be recognized at a glance, so what was the point of him doing this?

Ji Feng's heart suddenly had an ominous feeling.

Ji Feng's face was instantly gloomy, he wouldn't simply think that the stranger going to the school to look for Tong Lei was just a random incident. If he could go directly to the school to look for Tong Lei, but did not know Tong Lei's phone number, such a person was definitely not someone who knew Tong Lei.

Moreover, Tong Lei had already said that she had checked with the doorman, and among the visitors registered today, one was registered with Yun Bing's student ID, which meant that the person who came to look for Tong Lei was absolutely unrelated to Yun Bing!

You know, since the clash between Yun Bing and Ji Feng and the others was posted on the internet, it immediately caused an uproar in the school, especially since those few posts used all the spicy and sarcastic words imaginable, causing Yun Bing's reputation in the United University to plummet.

After that, it was said that the next day Yun Bing took a long leave of absence from school and did not come to school at all. So, what was that man's agenda? There was no way to guess this, however, Ji Feng was incomparably worried about Tong Lei.

"San'er, what's wrong?" Ji Shaolei asked when he saw Ji Feng's gloomy expression.

"Second brother, go to my school immediately and use the fastest speed ..... No, it's better for me to drive!" Ji Feng did not say a word, directly let Ji Shaolei park the car, he said into the phone, "Lei Lei, you must not hang up the phone, keep the phone open all the time, I'm coming!"

Sitting on the driver's seat, he handed the phone to Ji Shaolei, "Second brother, listen to the movement on the phone, someone might want to harm Lei Lei."

Saying that, Ji Feng swiftly and incomparably put the gears on and added gas to the accelerator, the BMW X6 suddenly roared forward and sped away.

"D! Which bastard is so bold?" When Ji Shaolei heard this, he burst into flames and cursed angrily, shaking with rage. If he let his younger sibling get hurt on Jiangzhou's turf, he, Ji Shaolei, would really have no face to see Ji Feng.

"Ji Feng?" When Tong Lei on the phone heard someone cursing angrily, she instantly thought it was Ji Feng, and she couldn't help but pout, "No cursing!"

Ji Shaolei was instantly embarrassed, exploding in front of his younger sibling was indeed a bit indecent.

At this moment, Ji Feng was driving the car as fast as he could, and the BMW X6 was like a nimble and incomparable swimming fish, cutting through the road, ignoring any red lights and even more so any vehicles. Compared to obeying traffic rules, Ji Feng was more concerned about Tong Lei's safety.

Duan Peng also sat nervously in the back seat, his heart quickly thinking, Ji Feng is in trouble, so, at this time, is he able to help?

The previous matter with Qiao Gakai was solved by Ji Feng, and now it was Ji Feng who was in trouble, so if he could help, with Ji Feng's character, the friendship between the two sides would definitely go even further. What's more, just from the point of knowing how to repay him, he should do his best to help!

It was just a pity that after thinking of many ways in a row, Duan Peng didn't know how to help Ji Feng. In this part of Jiangzhou, Duan Peng simply did not have any ability to help him.

"I can only take one step and see what happens, if Ji Feng needs to use himself in any way, I must do my best!" Duan Peng secretly decided that he had originally been forced into a corner by Qiao Gakai, and it was Ji Feng who had saved him, a kindness that he remembered in his heart.

Originally, it took almost half of Jiangzhou to travel from the police station to the United University, and if it was a normal drive, it would have taken at least an hour. However, Ji Feng almost brought his driving skills to the limit, and in just half an hour's time, Ji Feng arrived at the entrance of the United University.

The three of them jumped out of the car and Ji Feng immediately said in a sharp voice, "Second brother, Mr. Duan, this is it, I have to go find Lei Lei immediately, we can talk about anything later!"

After saying that without waiting for Ji Shaolei and the two of them to reply, Ji Feng hurriedly ran into the school, and when he passed the gatekeeper, he waved his student ID card in his hand at the gatekeeper standing guard, and then ran straight in.

"Hello!" Ji Shaolei held up his phone and shook his head helplessly, "This guy's phone is still here with me ....."

"Shao Lei, let's go in too, there might be something we can do to help!" Duan Peng said.

"I'm afraid I can't, we've been drinking, the registration will definitely not go through." Ji Shaolei shook his head slightly, he used to be a student at the United University as well, so he naturally knew the rules here. The guests who came to visit, at least, had to be normal, otherwise, they would definitely not be allowed to enter it.

"Brother Shao Lei, when did you become so rule-abiding?" Duan Peng laughed.

Ji Shaolei instantly laughed, "It's certainly not my style to follow the rules, follow me, if the fence next to us isn't blocked up yet, we can easily enter from there."

In a flash, the two of them were off at a furious pace. They were joking and laughing, but this was no ordinary emergency, and the two of them could naturally tell which was more important!

Ji Feng ran as fast as he could to Tong Lei's dormitory and reached out to touch the phone, but his hand was empty, and only then did he realise that the phone was still in his second brother's hand.

He looked up and saw that the lights were still on in Tong Lei's dormitory. He thought about it, but did not shout. It was better not to make a scene until the matter was thoroughly clarified!

"San'er!" Just then, two people were running wildly in the distance, and when Ji Feng looked back, it was Ji Shaolei and Duan Peng.

He couldn't help but be stunned, "Why are you guys here?"

“You kid didn’t even get your phone and you ran over here!” Ji Shaolei panted, “Don’t worry, I just talked to my sister-in-law, she’s fine now, and, it was only after I asked her that I found out her dormitory was here!”

With that, he said to the phone, “Sister-in-law, it’s second brother, are you okay?”

“Second brother, I’m fine .....” Tong Lei’s voice came out from the phone, “Maybe I’m just being paranoid .....” ah! ”

A scream suddenly rang out, and all of a sudden, Ji Feng was like an enraged lion, the whole person instantly exploded up and was about to charge forward.

“Kid, don’t you know this is a girls’ dormitory?!” The big lady watching the door immediately stopped in front of the door, glaring at Ji Feng angrily, as if he was a ten-villainous pervert.

“Fuck!”

Ji Feng cursed angrily, he looked left and right, took a few steps back, and then spun forward furiously, his legs suddenly shot up, followed by his whole body suddenly rushing upwards.

Snap!

Ji Feng unexpectedly grabbed the balcony on the first floor, and immediately, his whole person was like a swift and nimble monkey, grabbing the edge of the balcony and climbing upwards incomparably fast, almost a floor in one jump with both legs.

Ji Shaolei and Duan Peng tilted their heads, staring dumbly at the shadowed figure in the light, their faces full of incredulity.

“Shao, Brother Shao Lei, are you sure what we saw was real?” Duan Peng stammered and asked.

“I think .....” it is!?” Ji Shao Lei was also full of shock, oh my god, this dormitory building were the most standard buildings, one floor was three meters high.

Ji Feng despite climbing with both hands, but the balcony also has a height, ah, he jumped in place .....

surprisingly raw to reach a height of three meters?!

Is this still a person? Who can jump three meters high in situ ah?

Moreover, the moment he heard Tong Lei’s scream just now, a terrifying aura suddenly erupted from Ji Feng’s body, it was like a ferocious beast that wanted to choose people and devour them, it really made people’s hearts appalled beyond measure.

“No wonder he has such a powerful body .....” really strong!” Duan Peng said in a dumbfounded manner.

Ji Shaolei was the first to come to his senses, “My younger sibling should be alright, right?”

They didn’t have the same skills as Ji Feng and could only wait at the bottom.

Duan Peng also snapped to attention and hurriedly raised his head to look.

Just as the two of them were dazed, Ji Feng had already reached Tong Lei’s dormitory and swiftly and incomparably tumbled in through the balcony.

## Chapter 213

When Ji Feng entered Tong Lei's dormitory, he immediately saw that Tong Lei was standing on the inside of the balcony with a gloomy face, staring at the door of the dormitory warily but without panic.

At the other end of the dormitory, four girls were standing together, one of them even shutting the dormitory door in passing while looking at Tong Lei wistfully.

Ji Feng tumbled into the balcony, but did not rush to show himself, but hid behind the curtains.

"Ji ....." Tong Lei was startled and just wanted to speak, but was stopped by Ji Feng.

"Hush ....., " Ji Feng made a silent gesture and gave Tong Lei a meaningful smile.

Somehow, as soon as she saw Ji Feng, the original uneasiness and nervousness in Tong Lei's heart disappeared instantly without a trace, and her whole being became calm, just staring coldly at the four girls at the door.

Through the gap in the curtain, Ji Feng also saw these four girls, and when he saw the faces of these people, he immediately frowned, a cold light emerged from his eyes, and he coldly snorted in his heart. He also knew these four girls, they were the same four girls who were with Yun Bing when he met her at that time!

"What are you doing in my dormitory?!" Tong Lei's pretty face sank as she asked in a cold voice, "Please get out immediately, you're not welcome here, or else I'll have to call the hostel manager!"

"Hmph, what's all the tension about?" One of the girls gave a mocking laugh, this girl looked a little thin, with high raised cheekbones and deep sunken eye sockets, this kind of person was a thin-hearted and ungrateful person at first glance, with a cold heart and a cold heart for people in the world.

"Don't talk nonsense, whether I'm tight or not has nothing to do with any of you, please go out immediately!" Tong Lei's tone was growing impatient, her eyebrows knitted together and she took out her mobile phone, "No matter what you are here for, get out immediately, or I will call the hostel manager now!"

Ji Feng behind the curtain couldn't help but smile slightly and gave her a thumbs up, this girl was indeed also ice-snow smart, deliberately making this extremely impatient look just to anger the other party and get them to say what they were here for!

Seeing Ji Feng's appearance, Tong Lei also couldn't help but have the corners of her mouth slightly pull up in a curve, but remembering that those four girls were still looking at her, she hurriedly returned to normal again. But it was in this way that her action fell in the eyes of those four girls, but it became a look of self-righteousness as she was relying on the hostels.

One of them snorted coldly, "Tong Lei, you don't have to be smug, we're here today to tell you that your good days are numbered!"

The other one giggled, "Tong Lei, how does it feel to be frightened today, our big flower? Just a stranger coming to you scared you like this, tsk, if someone comes to you every day in the future ..... giggle, I think you won't even be able to go to school, right?"

“She won’t be able to go to school anyway, sooner or later, maybe they don’t care!” Another girl said in a feminine voice, “Isn’t that what all girls from the countryside are like nowadays? They think they’re a bit pretty and have prettier faces than others, so they think they want to get close to the big money and find a rich second generation. ....”

The first thing you need to do is to get a good idea of what you’re getting into. The actual fact that she comes from a big family, both in terms of connotation and bottom line, is not comparable to these girls who tend to be attached to the situation.

Imagine, if a person comes from a wealthy family and has a cool personality, would such a person care about people sarcastically calling her a poor person? The answer is obviously no, just like a person who has millions of dollars and a good connotation, such a person will only smile slightly when being sarcastic, but in fact, he may still be mocking the other party in his heart for having no insight and even less vision!

Although Tong Lei did not go so far as to mock the other party, in fact, she really did not take these sarcastic comments to heart. Did she need to be surrounded by big money?

Of course, although she didn’t take it to heart, but Tong Lei would definitely not allow others to sarcasm like this and remain indifferent, her pretty face was covered with frost and she coldly snorted, “This nonsense you are talking about is useless to me, leave here immediately!”

Tong Lei had already started to dial the number, for each dormitory building, there would be a resident manager, who was a student from the school’s escort team, and also had a connection with the school’s guard room. If there was a conflict between the students in the dormitory and it could not be resolved, a police officer from the guard room would step in.

When the four girls saw that Tong Lei wanted to call for help, they could not help but pale slightly. Although they had been instructed by others to come here to look for trouble with Tong Lei, if they were caught by the security guards, the instructors would not be able to protect them, or at least they would be punished or something.

As a nationally renowned university, the management of Union University was very strict.

“Tong Lei, don’t be complacent either, I’ll see how long you can be complacent!” A girl coldly snorted.

As soon as he heard that these girls might want to leave, Ji Feng hurriedly gave Tong Lei a wink.

Tong Lei immediately understood and shouted, “What, you want to leave like that after coming here and talking a few words of nonsense?”

“Then what do you want?” A girl asked back with extreme impatience. Only, her tone was a little reticent, she just didn’t hear it.

“Say, who ordered you all to come? That person who told you to tell me, who is it again?!” Tong Lei asked in a cold voice.

“Don’t you understand this? Don’t pretend to be confused!” A girl mocked, “You know best what you have done, you have made it impossible for others to stay in school, but you are so relaxed yourself!”

“So it’s her!” Tong Lei couldn’t help but nod slightly, “You guys can go now.”

She waved her hand, that look as if she was chasing away flies, causing the few girls to be instantly annoyed in their hearts, but unable to do anything about it, they could only coldly snort and turn around to leave.

It was not until several girls had walked out of the dormitory that Ji Feng walked out from behind the curtains, his face grim, "It seems that Yun Bing has still not been taught enough, he really doesn't remember!"

Ji Feng was already extremely annoyed in his heart, the incident this evening, although it was only a false alarm, had caused him to break out in a cold sweat. To know that if it was really thugs coming in, or people with bad intentions, Tong Lei would really be in danger tonight!

Tong Lei also couldn't help but sigh softly, "I really didn't expect that woman to ....."

Through the words of those four girls just now, the truth had also come out about the stranger who had come to see Tong Lei today. It was all surprisingly just a gimmick that Yun Bing had pulled in order to give Tong Lei a scare. And it was obvious that this was just a warning, the real tactics that the other party had not yet used.

Ji Feng coldly snorted in his heart, there are still tactics are there ..... then before that, let's show you my tactics first!

This time, Ji Feng is really angry, he will definitely not allow anyone to hurt the people around him, no matter who the other party is, what identity and means he has, he will definitely not be half-hearted, absolutely not!

"Lei Lei, it looks like it's not safe in the school for now!" Ji Feng mused, not showing the thoughts in his mind as he deliberately said, "Lei Lei, how about this, you go and live in my villa first, and come to school with me every day, we have a car anyway, so it's easier to come and go."

Tong Lei instantly blushed and glared at Ji Feng: "You, you are not allowed to make bad ....."

Ji Feng was stunned, then couldn't help but dumbly laugh, he fiercely scraped Tong Lei's cute little nose, bitterly laughed: "You girl, what the hell are you thinking about ah, I am thinking about your safety, how did it become bad?"

Tong Lei's pretty face was slightly red as she said in a delicate voice, "Anyway, you just can't make bad things happen anyway!"

Ji Feng nodded with a bitter smile and said, "Okay, okay! I promise I won't be bad, okay?"

"Mmm!"

Tong Lei nodded her head slightly with a red pretty face.

"Whew!" Ji Feng then couldn't help but let out a long breath and secretly said in his heart, since they were boyfriend and girlfriend, how could they not even be bad? Besides, is it making bad, that also depends on the circumstances, at least, it is necessary to go to the villa first ..... hehehe!

The first time I talked to Tong Lei, I remembered the first time I went back to the classroom from the cafeteria, I saw Tong Lei's \*\* for the first time, and that kind of thrilling feeling is really reminiscent of ah.

"Ah! Ji Feng, your eyes ..... are very bad ah!" Tong Lei's pretty face was flushed red, obviously thinking of something bad.

"Let's go, second brother and a friend are still waiting downstairs!" Seeing Tong Lei's expression, Ji Feng suddenly snorted, hurriedly took Tong Lei's small hand and said, "Let's quickly pack up our things and go to the villa tonight ..... Right, put Yu Xuan ..... Xiao, put Ms. Xiao Call on her too, just so she can accompany you, I still have some things to do in the evening, so I may not return to the villa until very late."

An inexplicable look flashed through Tong Lei's eyes, as if she was thinking, but she didn't say anything more, just nodded gently.

Ji Feng said, "Then hurry up and pack your things, I'll call Teacher Xiao and we'll get to the villa as soon as possible."

"Mm!" Tong Lei nodded slightly and turned around to pack a change of clothes and textbooks and other things into his suitcase, while Ji Feng started to take Tong Lei's mobile phone and called Xiao Yuxuan, quickly going over the matter.

Once Xiao Yuxuan heard that it was a possibility that Tong Lei was in danger, she immediately agreed without saying a word.

Very quickly, Ji Feng carried Tong Lei's gifts and took her with him, then rushed downstairs to join the two of them, Ji Shao Lei.

"Lei Zi, the Audi car will be left for you to drive first ....." Ji Feng likewise told Zhang Lei yes, except that he ignored Zhang Lei's angry outburst over the phone and hung up the phone directly.

He still has a lot of things to do this evening, there is no time to delay.

He was not one to hold back, and he definitely did not intend to hold back on such matters!

Tonight, he is going to meet this so-called triad boss!

## Chapter 214

"Well, everything in the villa is readily available, a change of clothes and simple traveling gifts are enough." After placing the traveling gifts in the villa's first floor guest room, Ji Feng patted the dust on his hands and was finally relieved in his heart. If Tong Lei was still living in the dormitory, he would always be involuntarily worried. This time it was Yun Bing who had offended him, and Yun Bing had only sent someone to scare Tong Lei. If next time he offended someone who was heartless and suddenly came to fight with Tong Lei, then Ji Feng would regret dying.

In this villa, Ji Feng was much more at ease, at least with himself here, even if the other party had a gun, he would never be able to harm Tong Lei and Yu Xuan. The company's main business is to provide a wide range of products and services to its customers.

What's more, Ji Feng won't just sit there passively and take a beating, even if his kung fu is good, he will also prepare a weapon, and his first goal is to create the first handgun as soon as possible. This pistol was not a technology from the Gamma era, because in that galaxy, the worst gun was already a hand-controlled laser gun, and as for the hot weapons like those in the present society, they had long been eliminated for hundreds or thousands of years in Gamma.

Moreover, even if there were, Ji Feng did not know about it. It was because in the tutorials of the Super Agent Training System, he was not taught the making of ordinary pistols, and he had never asked the intelligent brain.

However, just because he hadn't learned it didn't mean that Ji Feng wouldn't be able to make it. Don't forget, he had once learned the most important course of all – machinery!

In this world, there is no weapon that can be made without the principle of machinery, and even, no matter what the manufacture of anything, it cannot be separated from machinery.

In a small way, the snacks that people eat every day, the clothes that they wear, which of these are not made by machines?

If Ji Feng mastered the most basic principles of machinery, he would be able to understand everything, or at least, he would know which direction to try!

Moreover, the pistol was only the first step, and today's incident had given him a wake-up call – safety was the first thing to consider!

No matter what you want to do, you have to ensure the safety of yourself and your family first, otherwise, nothing can be done!

With such an understanding, Ji Feng made up his mind that he must research those weapons in the database of the intelligent brain system as soon as possible, or at least, he must be able to guarantee his own safety, which was the most important thing.

The first thing that happened to me was that I was so happy to see you. You are really good at finding opportunities, you even used the matter of Lei Lei to force me to move here, in your heart, what bad ideas are you playing?"

"Cough ....." Ji Feng coughed dryly and laughed bitterly, was he really that much like a bad guy? Why did both Tong Lei and Xiao Yuxuan think that they were playing with some bad ideas?

"Giggle ....." "Seeing Ji Feng defeated, Xiao Yuxuan could not help but laugh delicately, she glanced back at the lighted bedroom and asked, "Little guy, tonight I will sleep with Lei Lei, you are not allowed to mess around ....."

With that, she gave Ji Feng an extremely flirtatious glance and swirled away in style.

“I X!” the corners of Ji Feng’s eyes fluttered violently a few times, looking at Xiao Yuxuan, who was wearing tight jeans, walking into the bedroom, an evil fire sprang up in his heart and he couldn’t help but curse, “This demon spirit!”

Xiao Yuxuan’s flirtatiousness did not need to be shown deliberately at all, her every smile, every move, all carried a million kinds of charm, usually because she had to give students lessons, so she was dressed very formally, but also to make her temperament look solemn some. However, when she is not in class, Xiao Yuxuan dresses casually.

But it was this casualness that allowed Xiao Yuxuan’s flirtatious style to be completely revealed, and it was still revealed unconsciously, and it was really gorgeous and incomparable, making it almost impossible for people to move their eyes.

The company’s main business is to provide a wide range of products and services to the public.

He also remembered, Wu Ling’er begged himself to help her racing, himself and Xiao Yuxuan in the cafe charming scene, in her round arse on a few hard slaps, surprisingly let Yuxuan reached the peak of ‘pleasure’, her sensitive physique, delicate \*\*, really .....

A cool breeze blew in, and only then did Ji Feng snap awake.

“Phew!”

He hurriedly shook his head, which shook the strong desire in his head out of his head, and laughed bitterly in his heart, although alcohol did not affect him much if he activated the bio-current, but that was for the body, for the psyche ..... maybe it was really like the saying – alcohol can mess up X!

The first thing you can do is to take a look at the actual situation.

The sound of footsteps rang out behind him, and Ji Feng’s ears twitched slightly, so he knew without turning around that the footsteps were those of his second brother, Ji Shaolei, and Duan Peng.

Since practicing the second set of movements, Ji Feng’s six senses seem to be more and more developed, eyesight, hearing, sense of smell ..... in addition to a slightly poorer sense of smell, other perceptions are greatly improved, the original six senses and now compared, that is simply a world of difference!

Sure enough, when Ji Feng turned around, he saw Ji Shaolei and Duan Peng both walking over with somewhat gloomy faces.

“San’er, we’ve already found out, Yun Feiyang went to a trade fair in Yangcheng some time ago and just returned today, he should be at home now and hasn’t been going out.” Ji Shaolei said quietly, and then asked with some hesitation, “San’er, why are you asking me to inquire about this? Could it be that you want to go and find Yun Feiyang?”

Ji Feng shook his head slightly and laughed, “How is that possible, I’m not that stupid, in case I’m arrested as a thief, then I’ll be ashamed of myself alone.”

"Then why did you ask me to inquire about Yun Feiyang's address and whereabouts?" Ji Shaolei asked curiously.

"It's always necessary to get hold of the enemy's whereabouts in order to take the right action at the right time!" Ji Feng snorted and said in a vague manner.

Ji Shaolei gave him a deep look and couldn't help but whisper, "San'er, you'd better not act rashly in this matter, I know that your sister-in-law's fright has made you angry, but if you act rashly, it's likely that you'll be calculated by Yun Feiyang, that guy is not a simple character, maybe today's incident was deliberately arranged by him ....."

Seeing Ji Feng's gloomy face and seemingly unmoved, Ji Shaolei could not help but have some headaches, although Yun Feiyang is not on the stage, it is easy to deal with him, however, moving Yun Feiyang is undoubtedly a way to alert the snake, the people behind him will become more cautious then, and it will not be so easy to knock them all off at once.

"San'er, Yun Feiyang's harm is not the most serious, although in some people's eyes, he is a big shot, claiming to be the second Du Yuesheng on Jiangzhou Beach, but in reality, he is not even dog shit." Ji Shaolei said quietly, "What really attracts attention are the people behind Yun Feiyang, without them backing him up, how could Yun Feiyang have the ability to do so many bad things?"

"So what do you mean ....." Ji Feng frowned and asked, "Not to move Yun Feiyang for the time being? What about Lei Lei's safety?"

Ji Shaolei said, "Didn't we agree before that this matter would be discussed in the long run!"

"I don't have the patience for that." Ji Feng shook his head slightly, "Second brother, don't worry, I know what to do in this matter, I won't be reckless and disorderly."

"That's good!" Ji Shaolei nodded slightly, "Right, I'll leave the car for you, Duan Peng and I will take a taxi, it's too late now, we should go back too, you guys have an early rest."

Through Ji Feng's expression, Ji Shaolei knew that he would never give up easily, so he had to go back as soon as possible and tell his father about this matter and ask him to decide.

Ji Feng nodded slightly and said, "Second brother, I won't see you off then!"

Seeing that Ji Feng did not intend to say anything more, Ji Shaolei and Duan Peng left the villa, but Ji Feng personally acted as the driver and sent the two of them to the nearest street, the villa area was really too remote and it was impossible to get a taxi.

The two of them took a taxi and left, and Ji Feng's face turned gloomy. No matter who was behind Yun Feiyang, he would not be able to change his fate, and Ji Feng had to find out whether it was Yun Feiyang or Yun Bing who had struck out against Tong Lei!

In the darkness of the night, Ji Feng drove his BMW X6 fast, and a few moments later, he returned to the villa.

Before going to find Yun Feiyang, he first had to settle the two of them, Tong Lei and Yu Xuan, otherwise, even if he went out, he wouldn't feel at ease.

However, just after he returned to the villa, Ji Feng was viciously shaken.

In the hall of the villa, Xiao Yuxuan and Tong Lei were sitting side by side on the sofa in the living room, each holding a pillow and watching the TV with great interest.

The first time Ji Feng saw them, his heart could not help but beat wildly, and an inexplicable evil fire suddenly sprang up, almost unstoppable.

#### Chapter 215

The villa's living room, Xiao Yuxuan wearing a pink silk halter pajamas, holding a pillow embroidered with cute cartoon animals, leaning on the sofa, seems to have just taken a shower, her damp hair was wrapped up by a towel, the beautiful collarbone and knife-sharp general round and slippery shoulders exposed, almost swayed Ji Feng's eyes.

However, when Ji Feng's gaze shifted downwards, at once, his eyes went straight and he stared blankly at Xiao Yuxuan, unable to react for a long time.

In front of Ji Feng, Xiao Yuxuan, who was wearing a silk halter dress, had two snow-white slender legs crossed together, and two beautiful feet on the coffee table in front of the sofa, those two long snow-white legs were simply moving.

Subconsciously, Ji Feng along her two thighs, looking upwards ..... he jolted a jolt, suddenly awake, Lei Lei can still be next to it!

However once again, once he saw Tong Lei, Ji Feng suddenly stumbled and almost did not fall headlong on the coffee table.

Xiao Yuxuan is mature and full of charming charm, her body is even more plump and fat, just a look, a most simple and casual action, can evoke the most primitive impulses of men.

Compared with Xiao Yuxuan, Tong Lei does not have that mature style, but she is clear and beautiful. At this time, Tong Lei was wearing a pair of white sports shorts, with a somewhat loose sweatshirt on top, and the same wet hair, with her beautiful face, the whole person looked pure and incomparable, as if she was a fairy from heaven, so that people could not help but feel a strong sense of love and pity in their hearts.

Two pairs of lovely and beautiful feet, while resting on the coffee table in front of the sofa, four snow-white slender legs, two women, one dressed in a rich, charming and moving, the other clear and beautiful, to provoke love and pity ..... as long as any normal man, seeing this scene will not be able to resist the most primitive impulses, evil fire straight up.

The same is true for Ji Feng, whose eyes stared at Xiao Yuxuan and Tong Lei with dead eyes for a long time, and even, Ji Feng could not help but swallow hard.

Seeing Ji Feng's hot gaze, Tong Lei suddenly blushed slightly and subconsciously pulled down her clothes, but realized that she was wearing shorts, so she couldn't pull them down, otherwise, the sweatshirt on top would not be able to cover her.

Xiao Yuxuan, however, was full of calmness, but in her beautiful eyes, there was a quirky smile, and the gaze she looked at Ji Feng also carried a hint of cunning.

When he touched Xiao Yuxuan's gaze, Ji Feng suddenly snapped awake, and he instantly understood that this must be Xiao Yuxuan's ghost idea, otherwise, there was no way Tong Lei would have struck such a highly seductive pose.

"Ahem ....." Ji Feng covered his mouth and coughed lightly, cleared his throat and asked with a smile, "So what, why are you all downstairs, the second and third floors also have TVs and are still small and air conditioned, a bit more refreshing ....."

Ji Feng felt that what he said was not nutritious, but if he said nothing, it would look even more awkward ..... anyway, to say or not to say, it would be so uncomfortable.

I really don't know if it's right or wrong to let Xiao Yuxuan and Tong Lei live in at the same time, in case Tong Lei finds out what happened between himself and Xiao Yuxuan .....

Ji Feng can only shake his head and smile bitterly, at least now he can't let Xiao Yuxuan go back again, although it is a dangerous time, involving Xiao Yuxuan will make her face certain dangers as well, but living in the villa, Ji Feng can guarantee her safety. If Xiao Yuxuan went back now, there was no guarantee that someone would find out something, and it would be troublesome then.

You know, people nowadays would not be so innocent, even some teachers in the university, the same was true. With Yun Feiyang's energy, it would not be difficult to investigate what people were related to him. All he had to do was to give those teachers or dormitory administrators some favours, and someone would naturally be bent on telling him.

Although the relationship between himself and the Ji family, Yun Feiyang may not be able to investigate, however, Ji Feng is very clear, if the investigation of his relationship with the Ji family, Yun Feiyang may not really dare to do it, but with the current situation, can not yet alarm Yun Feiyang, then, it can only rely on themselves!

"People, must not put their hopes on others, they must learn to rely on themselves!" Ji Feng said secretly.

"Ji Feng, is it okay if I sleep with Sister Yu Xuan at night?" Seeing Ji Feng's dazed look, Tong Lei was suddenly a little shy and asked softly.

"Of course it's okay, you ..... guys, are the mistress of this house well, of course there are you to make the decision, huh!" Ji Feng giggled, after finishing, he no longer dared to stay downstairs much longer, panicked and ran upstairs.

Inside the hall, Xiao Yuxuan and Tong Lei glanced at each other, both seeing the smiles in each other's eyes.

"Giggle ....." The two women laughed delicately at the same time, a flurry of flowers and branches, the hall was filled with crisp and pleasant laughter, as well as Xiao Yuxuan's flirtatious and delicate laughter, not only did the two women have different styles, even their laughter had their own characteristics, making people's hearts happy.

"Sister Yuxuan, that bad guy seems to have a weak heart!" Tong Lei pouted in anger and muttered with a small mouth.

“Huh? Oh, oh!” Xiao Yuxuan’s heart trembled, but she didn’t dare to look at Tong Lei. Xiao Yuxuan had realized that Tong Lei ..... seemed to know something!

After Tong Lei said that sentence, she never mentioned it again and just watched the TV with Xiao Yuxuan with great interest, even though the TV was only showing some of the most undernourishing bubble dramas, with Tong Lei’s preference, she didn’t like watching these retarded dramas at all, but I don’t know what happened, but today she was watching it with great interest, and it was as if she was full of interest.

“Phew!”

Ji Feng who ran upstairs did not know what was happening below, he stood on the balcony of the first floor and could not help but let out a long breath and wipe a cold sweat, “Really, with two women, the blessing of being together is indeed the envy of others, but who can know that the pain involved is also not something that ordinary people can imagine. This is especially true when ..... both women are unaware of each other’s relationship with their boyfriends.”

Although Xiao Yuxuan already knew, she had to pretend as if nothing was wrong, which was even harder for her than not knowing. Because if there was no Tong Lei, Xiao Yuxuan could have been with Ji Feng openly and honestly, but now, she had to pretend that she was close to Ji Feng, but at a certain distance!

This was not a feeling that ordinary people could experience.

Ji Feng was naturally able to experience it, so he felt indebted not only to Xiao Yuxuan, but also to Tong Lei.

“I must tell Tong Lei about my relationship with Xiao Yuxuan as soon as possible!” Ji Feng gritted his teeth and secretly decided that no matter if Tong Lei would blame himself, he couldn’t just keep on deceiving them like this, the more he delayed, the more he would cause great harm to the two girls.

“Only, before telling them this matter, there is still one thing that must be done, and it must be done in the shortest possible time!”

Standing on the balcony, looking at the lights that were either bright or dark in the distance, Ji Feng frowned, “The first thing to do is to prepare a set of clothes, preferably night clothes!”

Ji Feng already knew from Ji Shaolei the address of Yun Feiyang’s company building, as well as his home address, and according to the information provided by Ji Shaolei, Yun Feiyang had just returned from Yangcheng and had stayed at home, and had not gone out.

In that case, Ji Feng had a target and a destination, now all that was missing was a piece of clothing that could hide his identity and his looks ..... No, no clothes!

A cold light flashed in Ji Feng’s eyes as he secretly coldly snorted, “This time, I’m going to meet Yun Feiyang as Ji Feng!”

“But before that, there’s still one more thing to do ..... to put Yu Xuan and Lei Lei to bed!” Ji Feng couldn’t help but scratch his head, he didn’t think that Xiao Yuxuan and Tong Lei were sitting in the living room because they liked the spaciousness of the living room or because the sofa in the living room

was a bit softer, these two girls, none of them were stupid, I was afraid that the conversation between himself and his second brother just now had been overheard by one of them.

Therefore, they were sitting on the couch in the living room, most likely to stop themselves from going out!

“A headache .....” Ji Feng couldn’t help but scratch his hair, if it was really the same as what he guessed, then how to go about putting the two girls to sleep was really not generally difficult ah.

The first thing you need to do is to take a deep breath, Ji Feng finished smoking a cigarette and just wanted to go downstairs to call Yu Xuan and Tong Lei, when he saw that the two girls were laughing and joking and walking up from the stairs, he was stunned, could he have guessed wrong?

“Ji Feng, it’s already past eleven o’clock, Sister Yu Xuan and I are going to bed, you should also go to bed early!” Tong Lei said in a brittle voice.

“Oh!” Ji Feng nodded his head in a daze.

Tong Lei smiled and walked into the room, Xiao Yuxuan was half a step behind, and when she passed by Ji Feng, she suddenly blinked her beautiful eyes and smiled meaningfully.

Ji Feng was stunned, what did she mean?

However, Ji Feng didn’t wait for an explanation, Xiao Yuxuan then entered the bedroom with Tong Lei, the moment the door was closed, Xiao Yuxuan’s voice came from inside, “Ji Feng, I still have classes tomorrow morning, so I won’t eat breakfast at home, you and Tong Lei make something to eat by yourself!”

Eat at home?

Ji Feng’s heart shook, and immediately, a warm current flowed through his chest.

Yes, this had now become a home for the three of them, they were all members of this family, this feeling, it was really warm.

“No need, tomorrow morning I will get up and go buy breakfast, make sure that when you all get up, you will all have a hot and loving breakfast!” Ji Feng said with a smile as he added in his mind, “Because, you are all the people I love!”

Ji Feng didn’t go to his room to sleep, he still stood on the balcony and waited until the wait in Xiao Yuxuan’s bedroom was closed and the sound of steady and long breathing came from the room, only then did he smile faintly and rolled over and jumped straight down from the balcony.

Target, the Yun family villa!

## Chapter 216

In Jiangzhou, there is an extremely special area. To say that it is special is not to say that this place has a noble status in Jiangzhou or that it is in a special location, but that it has a special atmosphere.

This place is the Wang Yue District.

Although it was said to be a district, it sounded like a perfectly ordinary residential area, but in reality, it was a luxurious and incomparable area crisscrossed with manors and villas. There are more than half of the manors here, and they cover an extremely large area, to the extent that one manor is almost half the size of the district!

Apart from the manor houses, there are also single villas, which also occupy a large area, but of course, compared to the manor houses, they are naturally much smaller.

In this metropolis of Jiangzhou, where every inch of land is gold, such a piece of manor and villa area covering such a wide area, one can imagine how expensive it would really be, even if even any of the villas in it would be worth more than tens of millions, not to mention the manor here, which is not something that can be bought with money.

In fact, many people in Jiangzhou know that the vast majority of people living in this community are either rich or noble, but there is no way to say where they come from.

In other words, the people who live here either don't dare to reveal their identity, or they can't say where their money comes from!

There are just a few kinds of people like this, and everyone knows them by heart.

This, then, is the most special thing about this neighbourhood.

For example, Yun Fei Yang lives in one of the villas, but if you were to ask him where the money for the villa came from, he really might not be able to answer. Because if one were to get serious about identification, it would be absolutely impossible to say where his money came from!

There are simply too many people like Yun Feiyang in this Moonlight neighbourhood!

Of course, not everyone was of Yun Feiyang's status, and there were some who, moreover, did not dare to disclose their identities.

It is for this reason that the people living in this neighbourhood hardly interact with each other, and even if there are noises or odd situations in other people's homes, no one will ever call the police, because most of the people living here do not want to deal with the police, everyone knows that they are not clean under each other's asses, and that it might be because of some gang infighting or something else.

Most of these things happen at night, and in the morning, all traces are cleaned up, and those people know that the people who live in the neighbourhood are not to be messed with, so they don't usually bother other residents.

Moreover, if the police are brought in, I'm afraid that no one will have a good time and once they check, they will know that not many people are clean.

Over time, it has become a habit in the Moonlight District to never call the police, but the security here is absolutely safe.

In fact, if you think about it, you will understand, I am afraid that the worst people in the whole Jiangzhou are concentrated in this district, where other bad people still dare to come here to do evil?

These information, since Ji Feng knew the address of Yun Feiyang's villa, he deliberately investigated, however, nothing was investigated, and eventually it was Ji Shaolei who told these secret stories.

Because of this, Ji Feng's action tonight was quite bold, as there was not even a security guard in this community, so who could find himself?

The BMW X6 slowly entered the boundaries of the Wang Yue neighborhood, and just after entering the gates of the neighborhood, there was a block of villas.

Ji Feng was half in no hurry, he just slowly drove the car and stopped on the small road in the community. The car's license plate and front windshield were all blocked up with, and the other window glass, too, were all taped with film, making it impossible to see clearly what was going on inside.

The first thing that Ji Feng did when he got out of the car was to turn off his cell phone.

When sneaking or spying, anything that could draw attention to oneself had to be discarded, this was one of the most basic rules for agents.

Ji Feng was like a ghost in the darkness, walking on the road without a sound, as if he was born to exist in the darkness, without even bringing up a hint of wind.

If anyone saw Ji Feng at this moment, they would definitely be scared out of their wits.

In the darkness of the night, Ji Feng walked in a grand manner on the wide road of the villa area, the whole person maintained a state of even speed, not too fast nor too slow, every step was so precise, some detours, he went straight through the lawn, his body did not even sway a bit, he crossed the lawn directly, no matter what the road conditions were, it did not have the slightest effect on him.

At this moment, the sneaking skills that Ji Feng had learned from the Super Agent Training System were almost used to the extreme by him. Even if the world's top agents saw Ji Feng's figure, they would definitely be too scared to speak, this kind of sneaking style and skill was just a little too bizarre.

In fact, this kind of sneaking style, I believe there should not be a second person other than Ji Feng who could do it. To make this kind of movement, one had to constantly stimulate the bio-current to stimulate every muscle in the body, thus using the least amount of force to make the most appropriate movement.

And in this process, Ji Feng also discovered a situation that surprised him. When he was hyping the bio-current, his vision, surprisingly, was much better than usual. In the past, although the darkness would not have affected him too much, now, it was not affected at all.

.....

In the Hope Moon neighborhood, inside a luxurious detached villa, a pretty figure was sitting in the living room watching the TV, but instead of focusing on the TV, her gaze was slightly frowning from time to time, as if she was thinking about something.

A footstep sounded, and immediately afterwards, a man with a sturdy body and a very tough-looking face walked down the stairs from the first floor. The man was wearing a nightgown and had a scar on his forehead that extended from his temples to his ear door, giving him an even more humongous and bandit-like appearance.

Seeing the girl sitting on the sofa, the man's face revealed a hint of doting, and his gruff voice rang out, "Little Bing'er, why the sad face? Is there something that's bothering you?"

This girl was no other than Yun Bing, who had clashed with Tong Lei earlier, and who had temporarily taken leave to go home, was so indignant that she eventually couldn't help but go and call someone to warn Tong Lei. However, according to the news from those few girls in the dormitory, Tong Lei did not seem to take her warning seriously.

When Yun Bing heard this news, she was furious and her pretty face was twisted with anger.

Not only did a village girl from the countryside dare to openly compare herself with her, she didn't even take her warning to heart, she really didn't know whether to live or die, did she think that Jiangzhou, a big city, was comparable to that remote hometown of hers?

Didn't she know that it was simply easier to kill a few people here than to eat and wear clothes?

"Little Bing'er, if you have any troubles, just tell daddy, did someone bully you? Daddy will take it out for you!" The man said with a fierce face as he sat on the sofa.

Needless to say, this man was definitely Yun Bing's father, as well as a person with a great reputation on the Jiangzhou Road, Yun Fei Yang!

Yun Bing coldly snorted and gritted her teeth, "It's just a little b\*tch who fought with me at school and even hit me ....."

When she spoke, she was still leaking a bit, obviously the few teeth that were knocked out had not been set yet.

Yun Feiyang instantly turned pale, murderous intent flashed in his eyes, and asked in a deep voice, "Bing'er, who did your teeth ..... anyway?"

"It was that village girl .....", Yun Bing immediately gave a full account of what had happened, from her initial dispute with Tong Lei over the ranking of the department's flower, all the way to the subsequent conflict, and then to today when she sent someone to warn Tong Lei.

Yun Fei Yang had already listened to the story with a face as heavy as water, and a murderous intent flashed in his eyes. As a figure on the Jiangzhou Road, he had no idea how much blood was on his hands. At this time, when he heard that his daughter had been hurt in such a way that she had even lost her reputation at school, he had no face to go to school anymore.

All of a sudden, an unstoppable murderous urge welled up in Yun Feiyang's heart.

After listening to his daughter's story, Yun Feiyang no longer thought about anything else, his mind only had one thought – kill those bastards, kill that little b\*tch, no, not simply kill them, make sure they are tortured and then let them go to hell!

For Yun Fei Yang, who was carrying an unknown number of human lives, killing a handful of people was really nothing.

“Bing’er, don’t worry, this anger will be taken out for you by daddy!” Yun Fei Yang gritted his teeth and said, “Daddy will definitely catch those hillbillies in front of you and let you take out your anger personally ..... I want them to know that my Yun Fei Yang’s daughter is not only not something they can hurt, but even, they can’t even take a look at her!”

“Especially that little b\*tch Tong Lei!” Yun Bing followed suit and added through gritted teeth, “That b\*tch deserves to die the most, Dad, when the time comes, hand her over to Little Black and the rest of them, I’d like to see how she can still pretend to be innocent and condescending then .....”

Father and daughter, the words contained a strong anger and at the same time had a confident meaning, as if they had already captured Tong Lei at this moment, so arrogant.

The two were gnashing their teeth, but they didn’t notice that a young man was standing at the entrance of the stairs on the first floor.

Ji Feng looked down from above, coldly looking at this pair of father and daughter who were dying, but still dreaming, and couldn’t help but shake his head in pity, from the smell of blood coming from Yun Feiyang’s body, he could tell that he didn’t know how many human lives were on his hands.

Such a man, death is not enough!

“Dad, I can’t wait a bit, or else I’ll have Brother Tiger and Little Black and the others send someone to get that b\*tch today, I’m burning up in my heart just thinking about that b\*tch!” Yun Bing said in annoyance, “As for the others, it’s not too late to move them tomorrow.”

After a slight deliberation, Yun Feiyang nodded, “Okay, dad will immediately send someone to bring that b\*tch here and let you do with her what you want!”

As soon as Yun Bing was happy, before her smile had fully blossomed, she heard an icy voice: “I don’t think you’ll have that chance!”

## Chapter 217

Ji Feng’s heart was filled with murderous intent. Originally, he had only come this time to show Yun Feiyang his force and let him know that there were some people he could not mess with, otherwise, even if the fish died, Yun Feiyang would definitely not end up in a good place.

Unless, of course, he could get rid of himself before he had a chance to fight back.

But now, Ji Feng had changed his mind.

The conversation between Yun Feiyang and Yun Bing, father and daughter, fell into Ji Feng’s ears word for word, and in a flash, Ji Feng made a decision – he would definitely not allow this ruthless father and daughter to live past this evening!

It was really hard to imagine just how arrogant Yun Feiyang had become! If he hadn’t insisted on letting Tong Lei move into the villa today, then, according to the decision made by this father and daughter pair

in those few words, I'm afraid that in a few hours, Tong Lei would have been caught here by the people they sent.

As for the fate of ..... handing over a girl as beautiful as Tong Lei to a few hooligans, what good would come of it?

As long as one is not a fool, one is able to imagine the consequences.

Ji Feng was furious!

He had never thought that there would be someone who would take other people's lives so seriously and set the life and death of a person in just a few words.

"Yun Feiyang, you're really arrogant!" Ji Feng couldn't help but shake his head slightly and sighed softly, "Originally, I couldn't decide what to do with you, but after listening to the conversation between you two beastly father and daughter, huh ..... I really have to thank you for making my decision in time!"

The two of them, Yun Feiyang and Yun Bing, turned pale, especially Yun Feiyang, with a humongous glint in his fierce eyes, staring at Ji Feng with a deadly stare.

"How did you get in here?!" Yun Feiyang asked in a cold voice, but he himself was motionless and retreated towards the side of the TV cabinet, looking as if he was afraid.

Ji Feng, however, looked as if he didn't see it and just smiled faintly, "If you are trying to get a gun, then I advise you to give up, I can kill you hundreds of times before your hand pulls open the cabinet!"

Hearing Ji Feng's bland tone, somehow, Yun Feiyang's heart was fiercely chilled. After ten years of mixing in the Dao, he didn't know how many cold-blooded killers or fierce and ferocious opponents he had seen. There were really some people who appeared to be feminine but were actually more vicious than vipers, he had seen them all.

However, there had never been anyone who would have this kind of temperament.

It was an aura of complete confidence in controlling the life and death of others; if you were asked to live, you would live, and you could not even die if you wanted to. But if you are told to die, you must die, and you cannot even live if you want to!

Yun Feiyang stopped abruptly, looked calmly at Ji Feng and asked, "This brother, I don't know which path you are from, coming here late at night, I believe there must be some request, you can say it, as long as I can do it, will never be ambiguous!"

"Request?!" Ji Feng smiled faintly, "I do have a request, just in case you can't do it."

Yun Feiyang's heart instantly settled a bit, as long as there was a request, then it would be good. What he feared was that the other party would come and kill him directly without saying a word, then even if he had a million tricks, he would not be able to use them.

"Your Excellency, please say, as long as it is something I can do, I will definitely do it." Yun Feiyang waved his big hand, looking very imposing, "We are all out to make a living, everyone will have difficulties, I, Yun Feiyang, am always happy to help my friends!"

“Well, not bad!” Ji Feng walked down from the first floor step by step, with a faint smile on his face, “Before we talk about things, tell me the location of the surveillance room in the villa.”

“It’s on the attic of the third floor.” Yun Feiyang did not hesitate half a second and said immediately. Experience had taught him that in front of such people with ruthless methods, any gimmick would only become a catalyst for one’s own death, and only submissive cooperation was the best way to go.

“Very good!” Ji Feng grinned, “I’ll make a note of it.”

And at this time, Yun Bing finally got a clear look at Ji Feng’s face, and her eyes suddenly widened as if she had seen a ghost in disbelief, trembling her hands and pointing at Ji Feng, but she didn’t know if it was because of fear or something else, but she couldn’t speak for a long time.

Yun Feiyang also saw his daughter’s strange appearance, he immediately asked quietly: “Bing’er, what’s wrong? Don’t be afraid, this little brother doesn’t think he means any harm.”

“He, he, he is ……” Yun Bing seemed to see once again the fierce man who had slapped herself away, she was trembling and her teeth were chattering.

When Yun Feiyang saw his daughter scared like this, his heart became even more indignant at the sudden appearance of Ji Feng, but his face did not show half of it. For a lord like him, not showing his joy and anger had long since become a life-saving instinct.

Ji Feng’s gaze fell on Yun Bing and he smiled slightly, but a cold aura flashed in his eyes, “Yun Bing, this grand lady’s way of doing things that is so empty-eyed and doesn’t take other people’s lives seriously has put you in such a dangerous situation, you didn’t expect that, did you? Do you have any half-hearted regrets?”

Yun Bing’s teeth fought, and her eyes were filled with fear, but the words came to her throat, but she could not say them.

After a long time, she finally screamed out, “Ah…!”

Ji Feng, however, looked at her coldly, but did not stop her. In this community, there was not even a security guard, not to mention that someone would come to stop her.

“Bing’er, what’s wrong with you?” Yun Feiyang was greatly distressed to see his daughter scared like this, and he turned his head to look at Ji Feng: “Who exactly is your Excellency, and how do you know my daughter? You didn’t simply come to look for me, did you?”

“Have you called enough?” Ji Feng smiled, “Yun Feiyang, what am I doing here, you should ask your daughter, weren’t you discussing just now that you were going to capture my girlfriend and hand her over to the hooligans? At least, you should also go through me first, right?”

Boom!

Yun Feiyang’s whole body seemed to be struck by lightning, and suddenly froze in place, no wonder his daughter was scared like this, it turned out that the kid he was discussing with his daughter was this young man in front of him!

No wonder this brat was filled with a murderous spirit, it all dawned on him.

Knowing Ji Feng's identity, Yun Feiyang was not half happy, his heart kept sinking down, it was self-evident why this kid appeared here now. Since he was going to deal with him and his girlfriend, it was only natural that he would come here to return the favour!

What to do?

Yun Feiyang's mind was racing, since Ji Feng had come to his door, he would definitely not give up, especially since the other party had heard the conversation between him and his daughter, he would not stop.

He could not just sit there and wait for death, he had to fight back.

The fierce nature of his long-time involvement in the underworld gradually stirred up, and a flash of sternness passed through Yun Feiyang's eyes.

Yun Feiyang's surface change fell into Ji Feng's eyes without missing a beat, and he smiled lightly, "What, still thinking of resisting?"

"How do you know it won't work if you haven't tried?" Yun Feiyang was never one to sit around and wait for death, otherwise, he wouldn't have survived until now, "Kid, how about we make a deal, let's stop here, from now on, the well will never cross the river, if you want any compensation, you can also ask for it, as long as I can do it, I will definitely not be ambiguous!"

Ji Feng snorted, "Do you think I will believe you?"

"I have been in the business for nearly twenty years, but I have a little bit of credibility!" Yun Feiyang said in a deep voice.

"What about her?" Ji Feng pointed at Yun Bing, "This daughter of yours is crazy enough, can you guarantee that she will stop there too?"

Yun Feiyang choked, of course he knew his daughter's temper and would definitely not stop just like that easily.

Today's matter could never be settled, so Yun Feiyang pulled his daughter backwards slowly, but said, "Of course I can guarantee it! If you don't believe me, how about this, tomorrow we will leave Jiangzhou and never come back again, so you can always rest assured, right?"

If he didn't know that Yun Feiyang was involved with many big shots in Jiangzhou, and that his Brilliant Group was also in Jiangzhou, Ji Feng might have really believed him, but now, how could he believe it?

Even if Yun Feiyang wanted to leave, those bigwigs would definitely not let him leave on that note. Besides, Yun Feiyang obviously didn't really want to leave, and this trick of slowing down didn't work well for Ji Feng.

"If I'm not wrong, some evidence of your dealings with certain big shots should be in your hands, right?" Ji Feng finally said what he wanted, "Hand over those things and I can let you go!"

"How can I trust you?" Yun Feiyang's heart sank, since the other party knew all this, it meant that his bottom had already been gauged, so today seemed to be a fatal day.

“You can only choose to believe, because other than that, you have no other choice!” Ji Feng said coldly, “Don’t test my patience, you may not be afraid to die, but your daughter .....

A fierce light flashed in Yun Feiyang’s eyes as he said in a deep voice, “If you dare to touch my daughter, I won’t spare you even if I die!”

“Oh, do you think that’s a threat to me?” Ji Feng snorted and his face sank, “Hand it over!”

“Those things are not in my hands, it’s useless even if you kill me!” Yun Feiyang was still backing up, finally, he touched the TV cabinet and his heart was sure, “Let me and my daughter leave, when I leave Jiangzhou, I will tell you where those things are!”

“It seems that you still don’t recognize the situation!” Ji Feng shook his head slightly and walked over step by step, “I told you a long time ago, don’t try to get a gun, I can kill you anytime before you get a gun!”

Swoosh!

A sharp cracking sound suddenly sounded, the next moment, Yun Feiyang felt a sudden pain in his wrist, and the pistol in his hand suddenly fell to the ground.

Yun Feiyang’s face was pale as he gripped his wrist, a horrified look in his eyes, a key, had pierced through his wrist in a raw way, it looked so appalling!

## Chapter 218

“I told you a long time ago, I can kill you anytime before you pick up the gun!” Ji Feng did not lose his patience because of Yun Feiyang’s resistance, for him, his goal today was not just to get rid of the duo of Yun Feiyang and Yun Bing, but more importantly, to get the evidence of Yun Feiyang’s collusion with those so-called big shots, which was his main objective.

If he couldn’t get the evidence, then his coming here tonight would become meaningless and would instead disrupt Second Uncle’s layout as a result, and Ji Feng would never do such a foolish thing.

It was easy to get rid of Yun Feiyang and Yun Bing, but it was not that easy to get the evidence. A person like Yun Feiyang would never leave those important evidence at home, moreover, a vicious person like him was not only vicious to others, but also very vicious to himself, I am afraid that ordinary means would not work on him at all.

Ji Feng approached Yun Feiyang step by step and said indifferently: “Yun Feiyang, you are also a man, so you naturally understand that if I don’t get the evidence, I will never leave. Of course, you don’t want to think about escaping either, not to mention that you still have Yun Bing with you, even just by yourself, you definitely can’t run away in front of me.”

Looking at Yun Feiyang’s gloomy face, Ji Feng shook his head slightly, “It’s useless for you to hate, you brought this all on yourself, if your daughter wasn’t so crazy and couldn’t tolerate others in her eyes, you wouldn’t have ended up in this situation now. You should also know that people like you will never end up in a good place, it’s just a difference of a day earlier and a bit later, it doesn’t mean much.”

Ji Feng sat down on the sofa where Yun Feiyang and Yun Bing were originally sitting and said indifferently, "I'll give you five minutes to think about it, as for the consequences, I think, I don't need to say much for you to understand!"

With that, he pointed at Yun Bing who was standing beside Yun Feiyang with a frightened face, the meaning of which, was self-explanatory.

Ji Feng sat on the sofa, watching a program on the TV, his face calm without a single ripple, as if he was not threatening someone now, but talking to someone else instead.

Yun Feiyang's face changed, cold sweat continued to break out on his forehead, and his teeth were clenched tightly, not knowing whether it was because of the intense pain or because he was forcing back the anger in his heart.

His eyes were staring at Ji Feng with a deadly gaze. If his gaze could kill, I am afraid that Ji Feng would have died many times by now.

However, Yun Feiyang was still quick to calm down. As a lordly figure, he would never be overwhelmed by anger, for that would only lead to a quicker death.

Yun Feiyang subconsciously glanced at his daughter, who was beside him with a fearful face, and was in a great dilemma. Just by the key that Ji Feng had just flung out, Yun Feiyang knew that he had really met a master today. A small key, with the strength of his wrist and arm alone, was able to hit a bullet, what kind of kung fu did this have to be?

How did his daughter come to mess with such a fearsome character?

But now, whether it was regret or anything else, there was no longer any use, and the only thing that could be done for now was to honestly consider Ji Feng's proposal.

"If I hand over the evidence to you, will we be able to leave Jiangzhou safely?" Gritting his teeth, Yun Feiyang asked.

Ji Feng's heart twitched, the fact that Yun Feiyang said this meant that his heart's defences had been loosened, but Ji Feng was not going to stop there, he added another fire: "No!"

Yun Feiyang's face suddenly changed and Yun Bing became even more fearful, it was obvious that Ji Feng had no intention of letting them go as father and daughter.

"Yun Feiyang, even if I let you go, some people will definitely not let you go, you know this better than anyone, unless you escape abroad, then there is absolutely no chance that you will even be spared." Ji Feng shook his head slightly and said, "What you did yourself, you should know what you will end up with."

Yun Feiyang gritted his teeth, but did not say anything. Only, it was obvious from his tightly furrowed brow that he was clearly struggling fiercely inside.

"You still have three minutes to think about it!" Ji Feng faintly reminded him.

Yun Bing's delicate body instantly just trembled, and with a hopeful glint in her eyes, she looked at her father.

Seeing his daughter's appearance, Yun Feiyang's heart couldn't help but ache again, but he had his own considerations. No one knew better than him what kind of evidence he had in his hands, and if those things were released, I was afraid that once they were released, there would be no place for him in the world.

He knew very well how ruthless the people he dealt with were.

"There are still two minutes left." Ji Feng said indifferently.

A fierce aura gradually appeared in Yun Feiyang's eyes as he gritted his teeth and asked, "If you want me to hand over those things to you, no problem, but you must let me and my daughter leave safely, otherwise, the big deal is that the fish will die!"

"You say that, do you believe yourself?" Ji Feng snorted, "You have to understand clearly, my purpose of coming here is to firstly, come to get rid of you father and daughter, and secondly, to get those things, moreover, in front of me, you are not qualified to say that the net is broken by a fish death!"

This almost completely humiliating language caused Yun Fei Yang's face to change and change, but there was nothing he could do, because he knew very well that he was far from the other party's opponent, and even if he really wanted to kill him with a fish, he did not have this opportunity.

"One minute!" Ji Feng's voice gradually turned cold as he slowly stood up.

Swish!

A key appeared in Ji Feng's hand, and his gaze, looking towards Yun Bing, "More than a minute, a leg!"

"Ah!" Yun Bing screamed in shock, his body trembling, barely able to stand.

Yun Feiyang's uninjured hand held his daughter as he gritted his teeth, "Don't bully people too much!"

"Half a minute!" Ji Feng didn't even pay attention to him, he just said coldly. Bullying people too much? It's a joke, now it's either you die or I live, what's the point of talking about bullying people too much?

If you want to talk about bullying people too much, Yun Fei Yang and Yun Bing father and daughter set the end of Tong Lei in a few words, but did not think about whether they were bullying people too much!

For this kind of people, Ji Feng would definitely not be soft-handed. There was a saying that to be merciful to your enemy was to be cruel to yourself. If he hadn't come here today and let Tong Lei move into the villa, what would happen to her then..... just thinking about it, Ji Feng would have a pang of fear and cold sweat seeping down his back.

"Time's up!" Ji Feng jerked forward and shouted, "After one minute, your daughter will be missing a leg!"

Ji Feng's voice did not carry a trace of emotion, compared to his previous blandness, his eyes were now filled with murderous intent, and his whole person exuded a compelling aura.

"Wait, I say!" Yun Feiyang snapped his teeth and bellowed, "But you have to let Yun Bing leave, otherwise, it's death anyway, so why should I say it?"

“Oh, okay!” Ji Feng smiled faintly, “She can leave, however, she can’t bring any communication tools, nor can she drive, she can only walk on her legs.”

“What’s the difference between that and sending her to her death?!” Yun Feiyang was furious.

“There’s still a chance of survival!” Ji Feng said indifferently, “Promise, or not?!”

“You Rong I consider .....” Yun Feiyang’s words had not finished when he was interrupted by Ji Feng’s cold drink, “Answer immediately!”

“Okay!”

Yun Feiyang clenched his teeth and said, “I promise!”

Ji Feng waved his hand, “Let’s go!”

Looking at his daughter’s frightened expression, Yun Feiyang gritted his teeth and said, “Bing’er, leave immediately, go as far away as possible, and go quickly!”

“Dad .....” Yun Bing was terrified, at this moment she was incomparably regretful, how could she not tolerate Tong Lei, it was all her own capriciousness that had brought her father to this point, what had she done!

“Go, go now!” Yun Feiyang shouted.

With tears in her eyes, Yun Bing panicked and made to run outside.

“Take this!” Yun Feiyang picked up the wallet from the coffee table and threw it to his daughter, “There’s a card in here, go as far as you can!”

Ji Feng looked at this in front of him indifferently, but did not say anything. He naturally knew that the wallet that Yun Feiyang had given to Yun Bing might not simply be as simple as containing bank cards and cash, but that was not what he needed to care about, Yun Feiyang, was his target.

“Give my daughter half an hour before I give you the stuff!” Yun Feiyang gritted his teeth and said.

“No problem.” Ji Feng smiled faintly and sat on the sofa, his eyes focused on the TV again, but his mouth said, “If your daughter is smart enough, she won’t call anyone else over, otherwise, huh .....”

Yun Feiyang’s heart kept sinking, but there was not a single expression on his face.

Swish! Swish! Swish!

Just then, the villa’s door suddenly lowered, and the sound of doors and windows closing came from upstairs, the whole villa, instantly turned into an airtight chamber.

“What is the meaning of this?” Ji Feng asked indifferently, without the slightest hint of panic on his face.

“What does it mean? Of course it’s to ask you, the expert, to stay here!” Yun Feiyang gritted his teeth and said, “Do you really think I’m not worthy of a single bodyguard here? .....” Little Black, I’ll leave this little bastard to you!”

“Don’t worry, big brother!” A low voice suddenly came from the staircase entrance, followed by a young man with a dark complexion and a small but sturdy figure, gradually walking down the stairs from the first floor.

This man’s gaze was sharp and his whole person exuded an invisible pressure, so he was obviously a master.

“Although there are no security guards, no property, and no guards of any kind in the Hope Moon Community, this does not mean that private individuals are similarly not equipped with bodyguards!” A smug smile finally appeared on Yun Feiyang’s face as he, at this moment, had already walked up to the villa gate and was about to open the door to go out.

Swoosh!

A key suddenly shot on the villa gate, that iron gate, surprisingly, the key was rawly inserted through it!

“Did I say I let you go?” Ji Feng laughed disdainfully, “Do you really think that I don’t know about these tactics of yours?”

Chapter 219

As soon as he heard Ji Feng’s words, Yun Fei Yang’s face suddenly changed, he remembered this kid’s terrifying kung fu, and the key in his hand that was invulnerable and faster than a bullet ..... The first time he appeared, it seemed to be on the first floor .....

Thinking of these, Yun Feiyang’s heart suddenly rose with a sense of foreboding, little black is always hidden in the attic on the third floor, monitoring everything around the villa, and even, in the entire Wang Yue small area of several key locations, Yun Feiyang has sent people to install monitoring equipment.

He had been able to survive until now, and these things could be credited with a lot!

But this ruthless brat in front of him had barged in from outside and even Little Black hadn’t noticed, what did this mean?

“Since you know my big brother’s setup and still dare to come here, do you really think you’re invincible?” The dark-skinned youth walked down from the upper floor step by step, with an untamed look on his face, looking at Ji Feng with disdain, “I thought it was some kind of expert, but it turns out it’s just a hairless .....

The words just came to an abrupt halt.

Little Black’s face instantly changed colour with a burst of pain in his eyes, and a few moments of disbelief.

His left hand, deadly covering his throat, opened his mouth to say something, but could not even utter a single word, as soon as he opened his mouth, fresh blood gurgled out, as if a hot spring was gushing up, making people’s hearts chill.

After a few shakes, Blackie flopped and rolled down the stairs, lying right on the edge of the sofa in the living room, and there was a key stuck in his throat, and it looked as if it was a car key, and on the key handle, the words 'Mercedes' could still be seen clearly.

And in Blacky's right hand, he was grasping a gun that was already loaded and with the safety on.

This, was the main reason for Ji Feng's sudden killing, Little Black wanted to take the time to talk to distract Ji Feng, and at the same time, to put a cold shot at him and sneak up on him!

Ji Feng slowly stood up and kicked Little Black's head, after making sure he had broken off, Ji Feng then quietly said: "I forgot to tell you, I can also see through. Today's operation is so important, of course I have to use all my abilities to the fullest ..... Playing a sneak attack in front of someone with perspective skills, how many lives do you think you have?!"

"Little, little black?!" Only then did Yun Feiyang react to the fact that Little Black, whom he had been relying on as his right arm, had not even made a single move, and had not even finished coming to the stairs, and had just ..... died?

At this time, when Yun Fei Yang looked at Ji Feng again, his gaze changed completely. He had always known before that Little Black was upstairs, and hearing his and his daughter's shrieks would definitely come down and finish off this bastard. So although he was in danger, Yun Feiyang didn't panic, having already had this sort of thing happen I don't know how many times.

Of course, very few people had been able to enter his house directly before, most of them had been taken out by the people hiding outside before they even got close to the villa.

But today, not only did Ji Feng come in peacefully, but even the hidden men outside and Blackie upstairs didn't notice, so Yun Feiyang knew that this was definitely a formidable enemy.

But he never thought that this enemy would be too strong!

A face-to-face, Xiao Hei did not even have a chance to shoot, his throat was pierced by the key that Ji Feng flung out ..... Yun Fei Yang's gaze suddenly stared straight, he suddenly found that the key inserted in Xiao Hei's throat was so familiar, there was also a burn mark on it, it was accidentally burned when he was smoking ..... This is his own car key?

Yun Feiyang hurriedly raised his hand and looked at the key that was still inserted on his wrist, he was even more shocked in his heart, this was really the key to his own house!

Looks like Ji Feng didn't rush downstairs after arriving here, but went through all the upstairs!

"You won ....." Yun Feiyang seemed to have aged a dozen years at once, he had this villa filled with surveillance equipment except for the bedroom which was not equipped with surveillance equipment, yet, Ji Feng still came and went like nobody's business, and even Little Black, an absolute expert, did not notice.

With such an opponent, there is no point in using any tactics or tricks, because he will not give you the chance to perform them, not even a cushion.

Ji Feng did not speak, but raised three fingers and then, bent the first one.

Yun Feiyang's heart immediately sank, he knew that this should be his last chance, if he missed it, there was no chance to backtrack even if he wanted to.

"Hoo!" Yun Feiyang pressed the button of the door and the door slowly opened, "I won't escape, and, I can't escape in front of you ....."

Ji Feng still didn't say anything, he just bent his finger a second time.

Yun Feiyang's heart suddenly jumped wildly a few times, but he only nodded slowly.

Outside the main door, three men dressed in black were accompanying Yun Bing, looking down the hall with unparalleled vigilance.

On Yun Bing's face, she resumed the same high and proud look she had before, she was sure that her father would be able to finish off that bastard Ji Feng, and when the time came, she would make what happened to Tong Lei, ten thousand times more miserable!

"Ji Feng, I'll see how arrogant you still are, dad, is Ji Feng dead yet? I'll send someone to get that bitch Tong Lei now ....." Yun Bing was overjoyed, although Ji Feng was very powerful, she believed that no matter how powerful Ji Feng was, he would definitely not be a match for Xiao Hei.

However, when she looked clearly at the situation inside the villa, she immediately stared in disbelief, full of disbelief, her father's most relied on right hand man, the strong and unbelievably strong Xiao Hei, was lying straight on the ground, and there was a key stuck in his throat.

He was dead!

In a flash, the fear from before swept through Yun Bing's whole body once again, it turned out that Ji Feng had become so powerful to this extent, Little Black was not even a match for him, he was too terrifying!

"Bing'er, bring the leather wallet!" Yun Feiyang's voice seemed very disheveled and low.

"Oh!" Only then did Yun Bing react and hastily handed over the leather wallet, but her body could not stop shaking, the scene in front of her eyes was really unbelievable, and even more so, her only hope had been dashed.

"What, how did this happen?" Yun Bing asked dumbfounded.

Yun Feiyang, however, could only let out a soft sigh, took out a chapter of bank cards from the compartment of his wallet and placed it on the coffee table.

Ji Feng frowned: "Trying to bribe me? You still have a minute to spare!"

"This is not a bank card, but a secret security card, which belongs to a private safe." Yun Feiyang said, "Everything you want is in that safe."

"The address!" Ji Feng said coldly.

"Let us go, and when we leave Jiangzhou, I will tell you the address." Yun Feiyang gritted his teeth and said.

Swoosh!

Poof!

The sound of breaking air suddenly rang out, and the next moment, there were three muffled sounds in quick succession.

Yun Bing only felt her face heat up, she subconsciously wiped a handful of it, but she abruptly found that her hand was occupied with crimson blood, she was trembling violently, but her body looked stiff, she almost didn't dare to turn around to look.

Behind her, the three men dressed in black, with faces full of disbelief, covered their throats and slowly fell limply to the ground, their bodies twitching a few times and then they did not move.

One of their hands, still stuck in their arms, was holding something.

Ji Feng didn't even glance at them, he just said coldly, "Address!"

Yun Feiyang was scared.

All these years in the underworld, he didn't know how much blood was on his hands, but he had never seen someone like Ji Feng, who said he would kill without a hint of emotional fluctuation, that kind of coldness from his bones, made even Yun Feiyang, the kingpin of the underworld, couldn't help but tremble a little.

"Ivory Island! In the cave number five on Ivory Island." Yun Feiyang gritted his teeth and said, "In that cave, there is a large safe, what you want is all in that safe, this card is the last key to open the safe, otherwise if you try to open it by force, the safe will immediately explode, it contains four bombs!"

"Very good!" Ji Feng nodded slightly, Ivory Island, he had some impression, it seemed to be an island of amusement nature, especially small but very prosperous, one of the landscapes was the cave experience, when Ji Feng first went to university, he had heard people talk about this place.

He took out his mobile phone and made a call, "Second brother, you immediately send someone to a place ....."

Hanging up the phone, Ji Feng smiled and said, "Until I receive a reply, I'll have to condescend to you guys to stay here first!"

The hell would like to stay here!

Yun Feiyang cursed in his heart, but he didn't dare to resist, so he could only pull his daughter and sit on the side. Yun Bing also no longer had the madness and arrogance she had just now, what she had, was only deep fear.

Ji Feng couldn't help but shake his head, this kind of woman, really hopeless!

Time passed by minute by minute, an hour was simply more sad than a year for Yun Feiyang's father and daughter.

Finally, Ji Feng received a reply from Ji Shaolei, confirming the existence of the safe and the sign that Yun Feiyang had mentioned.

“How much longer before the bomb explodes?” Ji Feng suddenly asked.

“Ah?!” Yun Feiyang snapped, and then stared at Ji Feng with a deadly stare, “How did you know that?”

Ji Feng, however, did not say anything, but only shook his head slightly, “It has come to this point, and you still want to put me to death, how can I spare you?”

Yun Feiyang was greatly alarmed and was just about to speak when he heard two sharp cracking sounds suddenly ring out.

In a flash, two keys were inserted into the throats of Yun Feiyang’s father and daughter .....

Ji Feng gave a cold look, and then hurried upstairs.

He first came to the attic on the third floor and took out all the footage from the surveillance room, and at the same time, he also saw a bomb that had been activated here, right in the corner ..... with less than five minutes to go.

“What a good calculation!” Ji Feng also couldn’t help but admire Yun Feiyang a little bit, the moment Little Black came down, he had already activated the bomb, I’m afraid this was Yun Feiyang’s last desperate move to save his life.

This last step, Yun Feiyang had almost succeeded, but he had underestimated Ji Feng’s ear power.

When Little Black activated the bomb, the subtle sounds were all picked up by Ji Feng’s ears.

According to the sound that Ji Feng heard, there should be a total of four bombs in the whole villa, but this didn’t have much to do with Ji Feng anymore.

However, there was one place that Ji Feng still did not let go, and that was the safe in Yun Feiyang’s bedroom.

The leg was raised high and smashed down with a loud bang.

Absolute violence, absolute power, that safe made of alloy, surprisingly raw and deformed by Ji Feng smashed.

Ji Feng didn’t even look at it, he casually found a bag and filled it with all the contents of the safe.

Afterwards, he vanish far away.

Boom!

When the villa was in flames and the sound of explosions came from inside the villa, Ji Feng had already left the Moon Watching District, drove his BMW X6 and headed straight for his own villa!

## Chapter 220

The sound of a huge explosion in the silent night instantly woke up the entire silent neighbourhood in an instant.

Who on earth would dare to exaggerate like that?

All those who woke up from their dreams could not help but be dumbfounded when they saw the villa in the distance, half of the sky burning red. In this small area of the moon, although there are often fires, especially in the darkness of the night, there is no telling how many evil deeds are committed, but everyone follows one rule, that is, try not to make a big noise.

There are few clean people living here, and if the police are brought in, no one will be able to get away with it if they find anything.

Therefore, although the neighbourhood is very chaotic and there are often screams and fights, there is rarely any major disturbance.

Today, however, the crowd had an eye-opening experience. The whole villa instantly exploded into a sea of fire, four bombs exploded at the same time, that kind of terrifying power and sound, in this silent night, is really too shocking.

All of them could not help but feel a surge of anger in their hearts, subconsciously gritting their teeth: "Crazy people!"

Indeed, it was madness!

Someone who could do such a thing, who had no regard for the repercussions of such a practice, and who had even used munitions like bombs, what was this if not madness?

But a moment later, these people who had been awakened from their sleep suddenly reacted to the fact that there was something sensitive at home and hurriedly hid it, believing that in half an hour at most, the police would arrive, in case they ran to their homes to find out what was going on, but had a windfall here, that would be the only way to die unjustly!

In the meantime, the whole Wang Yue neighborhood was in a mess, especially the homes near the villa where the explosion occurred, and even more anxious, this night, there are sensitive things at home, where can I hide?

For the chaos that he created, Ji Feng did not know anything, when he heard the rumbling explosion, he had already left the waning moon community several kilometres away, and was quickly rushing towards the place that Yun Feiyang said.

Ivory Island, although it was an island by name, in reality, it was just a small land near the sea that could not be any smaller. It was only because of its proximity to the sea that the sea water could not be submerged that the name of the island was used as a gimmick to attract some tourists.

In reality, Ivory Island was very small, only about two kilometres in circumference, and a casino had been built on it, which was also considered an attraction in Jiangzhou.

When Ji Feng drove here, it was already after two in the morning, and apart from two rows of street lights on the outer perimeter of the island for lighting, the rest of the island was mostly dark, with only a few rooms occasionally still lit up, which were the duty rooms of the night watch staff.

Ji Feng ripped off all the camouflage from the BMW X6, parked the car on the beach and quickly removed all the clothes from his body, leaving only a pair of close-fitting underwear.

He took out a few plastic bags from the car and leapt into the sea.

The bone-chilling cold seawater immediately surrounded Ji Feng, and he had a sudden jolt and couldn't help but shiver. It was already November and the weather was getting cooler at night. The temperature of the seawater was not too low, but it was far from what ordinary people could bear.

But for Ji Feng, it was no problem.

He immediately activated the bio-current in his body and swam towards the location of Ivory Island.

Swimming, again, was one of the subjects in the agent's training. Ji Feng sometimes muttered, "What do you call an agent, just call it an all-rounder. The fact that you have to learn everything to be an agent is something that Ji Feng has experienced first hand!

Ji Feng's swimming speed is definitely not slow, and this is all the result of painstaking training. When he thought of this, Ji Feng hated it so much that he gnashed his teeth. I don't know which pervert invented the super agent training system, but the program in it to train the agent's swimming skills was to simulate the water environment and let a group of sharks chase after him!

Although being bitten by a shark would not really kill you, due to the bio-current stimulation, it was almost the same as being bitten by a shark in reality, the pain was secondary, but the fear of being chased by a group of sharks was enough to make one's adrenaline increase wildly.

The swimming skills of the Training Division in this environment would be amazing!

Originally, to enter Ivory Island from the beach, one had to do the small boats, but since all those small boats had to return to the island every night after closing time, Ji Feng could only swim there.

After swimming for about an hour, Ji Feng was able to touch the edge of Ivory Island. Luckily, under the stimulation of the bio-current, Ji Feng didn't feel much cold, which made him persevere.

Ji Feng couldn't help but be a little puzzled. He had called his second brother to send someone to ascertain whether Yun Feiyang's words were true, so it was only logical that his men should have gone to the cave themselves. But there were no boats on this shore at all, so how had Second Brother's men gotten there?

It was too late to think about it, let's get the stuff in hand first.

Ji Feng quietly sneaked up the side of Ivory Island, and his bare feet stepped on the ground, which still seemed to have some residual heat.

He turned his head to look around and frowned darkly, "Cave number five, where exactly is the cave?"

The island was small, but it was after three in the morning and he didn't know exactly what time the island staff would be up and working, so he had to hurry.

Going place by place was obviously not practical, so how to find cave number five?

At this moment, a light sound of footsteps came. Ji Feng was instantly alert and quietly hid behind a large tree by the side of the road and, on his hands and knees, got up to the tree in a few clicks and looked down vigilantly.

A dark figure gradually came from the other side of the road, holding a torch in his hand, the light wasn't too strong.

"There's only one person!" Ji Feng immediately saw clearly that it was a man, the darkness could no longer have much effect on Ji Feng, he could easily see the man's appearance clearly.

It was a young man in his twenties, wearing a security guard's uniform, and was looking around at the moment, as if he was looking for something.

"This person should be a security guard on the island, could it be that he is out on patrol?" Ji Feng secretly pondered, but did not move at all.

Slowly, this security guard finally came to a place not far from the big tree where Ji Feng was hiding and was ready to walk in another direction.

"Good opportunity!"

Ji Feng was instantly delighted, his whole body was like a cheetah pouncing on its prey, swiftly and fiercely pounced down from the tree, before that security guard could react, he snapped his neck, at the same time, his other hand was a little bit on his waist, that security guard then trembled violently and suddenly went limp on the ground.

"If you want to live, don't call for help!" Ji Feng's voice was low, and he deliberately made his voice seem a little hoarse just in case, "What direction is the cave in?"

His hand loosened slightly and the guard couldn't help but cough a few times at once, feeling Ji Feng's hand about to push again, he panicked, "Little San'er!"

Ji Feng frowned and asked in a hoarse voice, "What did you say?!"

"Is sir a junior?" The security guard asked quickly.

Ji Feng's heart twitched as he coldly snorted and asked, "Who are you?"

"It's my boss who told me to wait here for Xiao San'er." The security guard said, "Is your Excellency Xiao San Er?"

"It's me!" Ji Feng seemed to have understood something.

"So, what is your Excellency looking for when you come here?" The security guard asked again.

Ji Feng couldn't help but frown, this guy was even asking about himself back? He snorted coldly, "A cave!"

"What's in the cave?" The security guard asked again.

Ji Feng wasn't going to bullshit with him: "The safe!"

"Phew!" The security guard let out a long sigh of relief and said, "It really is Junior, please follow me, what sir is looking for is in cave number five, the boss has asked me to confirm it before."

"It really is him!" Ji Feng instantly understood, no wonder in the middle of the night, Second Brother could also have someone on this Ivory Island to confirm what was in cave number five, it turned out that this security guard was actually Second Brother's man.

Moreover, Second Brother had also calculated that he would definitely come here tonight, which was why he had sent someone to have this security guard wait here.

"Take me there immediately!" Ji Feng said.

"Okay, sir, please follow me!"

With the security guard leading the way, Ji Feng no longer had to run around and soon arrived at the cave number five that Yun Feiyang had mentioned.

When he saw the cave clearly, Ji Feng was dumbfounded, this was also called a cave?

This so-called cave is actually the same kind of haunted house, adventure cave that is basically found in those casinos!

The inside is designed like a maze with all kinds of scary monster props.

The cave that Yun Feiyang was talking about, cave number five, was an adventure cave, and it was also a cave with a biohazard background, with zombie props infected with the virus everywhere inside.

The guard said quietly, "Sir, please be careful not to touch some of the facilities inside or it will make a loud noise, the safe is at the end of the cave."

"This safe is right here, don't you guys usually find it?" Ji Feng couldn't help but ask, there were so many people coming here every day, how could no one have discovered the safe that Yun Feiyang was hiding?

The security guard laughed, "Sir, just come with me and you'll find out."

Ji Feng had to press down the doubts in his heart and followed the security guard forward.

When the two of them reached the end, he understood at once.

It turned out that this was a plot mode adventure cave, it seemed that the world had erupted into a biochemical crisis and the family was hiding in this cave to escape from the zombies. At the end of the cave, it was arranged to look like a bedroom, which of course was covered with horrible zombies, only it hadn't been triggered yet.

In the bedroom, there was a wardrobe, dresser, TV, safe and other things, all of which were very realistic.

The security guard laughed softly, "Sir, the safe you are looking for is this one, originally it was just a prop until the boss called me to confirm it, and only then did I realize that this safe had been replaced with the real one at some point!"

"True or false, it is indeed difficult to distinguish!" Ji Feng nodded slightly and couldn't help but praise Yun Feiyang's whimsical idea of hiding the safe here, if he didn't say anything, others would definitely not be able to think of it.

“This Yun Feiyang, he is a talent, it’s just a pity that he and himself, can only survive one!” Ji Feng’s heart was more or less filled with emotion, Yun Feiyang was able to mix up to this point, naturally he had some tricks up his sleeve.

No more nonsense, Ji Feng immediately took out the secret security card and inserted it into the card slot next to the lock of the safe.

..... No movement!

“Does it still need a password?!” Ji Feng couldn’t help but secretly wonder, there was no guarantee that Yun Feiyang was still keeping a hand in case he didn’t keep his promise.

“This is troublesome!” Ji Feng let out a bitter laugh, it seems that he was still too soft-hearted, if he had known, he would have just broken one of Yun Bing’s legs first, he didn’t believe that Yun Feiyang wouldn’t give an honest account!
