

Campus Master 2141

“Go, smuggling arms?” Black Panther’s mouth grew at once, his face full of consternation, “Two, two big brothers, are you guys mistaken? Although my little brother is also a member of the road, but he is only a small character, usually just relying on this nightclub to make some money, where do I have any ability to smuggle arms?”

Looking at the stunned look on Black Panther’s face, the man opposite sneered, “Black Panther, you’re not being honest!”

Black Panther shook his head repeatedly, “No, no, brothers, what I said is true, you can ask around whether I, Black Panther, have the ability to smuggle arms I have bought some weapons from others, all for my brothers’ defence, but when it comes to selling arms myself I can’t say that.”

“In that case, either there’s something wrong with what I’m asking or we’ve got the wrong person?” The other side asked.

“Definitely the wrong person!” Black Panther immediately nodded and said, “Two big brothers, although I don’t know why you guys are asking this question, but I can swear to the heavens that apart from having bought a little bit of weapons from someone else, if I, Black Panther, am doing arms smuggling, let me be struck by lightning in heaven and be damned to death ”

“BOOM!”

Black Panther’s voice was instantly cut off by a gunshot.

The next moment, one could see that Black Panther’s face suddenly changed, his eyes were deadly glazed, his eyes were like the eyes of a dead fish that had been sun-dried on the shore, and the veins on his forehead rose high, showing that at this moment, he was forcibly holding his breath and enduring great pain.

A hole in the panther’s knee was bleeding out.

..... Black Panther’s left leg knee, was pierced by this shot!

“Well hoo uh” Black Panther clenched his teeth tightly, a face was completely distorted, and his throat even made all sorts of odd noises.

The feeling of having his knee shattered directly by a bullet, was absolutely painful to the extreme, causing the gangster’s body to almost spasm!

The pain was unbearable!

That was the only word that could describe how Black Panther was feeling at this moment.

With a fluttering sound, the Black Panther’s body trembled violently for a few moments before falling straight to the ground, his throat still carrying a low hiss, which was enough to show that he was enduring extremely intense pain.

“If we didn’t have tangible evidence, do you think we would have come specifically to find you?”

Faced with Black Panther's grim look, the other party's tone was increasingly cold, "Let's put it this way, in Africa, there are countless methods of torturing people, each of which can make people suffer and wail for days and nights before they die If you want, I can make you taste all the methods!"

The black panther's body trembled even more, and a look of fear flashed in his eyes, not knowing whether he was frightened by the kind of painful scenes the other party portrayed, or because of the other party's coldness that seemed to go down to his bones.

"Speak!"

The other party said coldly.

However, Black Panther only clenched his teeth tightly, his body trembled violently, his mouth even kept sucking in cold air, and a low roar of pain came out of his throat.

"No tears until you see the coffin!" Seeing as if Panther had not heard, the other party was grinning a little, he directly aimed his gun at Panther's toes and pulled the trigger without hesitation: "Boom!"

"Ah...!"

In a flash, the panther could no longer hold back and screamed miserably, "Ugh-!"

However, the other party seemed to have no intention of stopping, instead, they continued to fire, "Boom! Boom, boom, boom!"

Three shots in a row, all aimed at the same toe of the Panther, and when the shots stopped, half of the Panther's foot was gone, leaving only a gurgling blood gaping out!

Panther's eyes were wide open, his mouth desperately open, his body trembling violently, and a few seconds later, his eyes rolled over and he passed out.

"Boom!"

In the next moment, the man fired again without hesitation, but this time, the gun was aimed at Black Panther's other foot.

After a single gunshot, a piece of Black Panther's toe leather shoe was torn off, and a toe was directly broken!

"Ah...!"

Panther suddenly sat up with a nervous reflex, covering his foot and screaming miserably.

He had woken up from a coma in pain, a pain that was beyond the limits of what a human being could bear!

Yet at this time, the hanyou was aiming at his foot again.

"Wait, wait a minute,," Panther's voice trembled as he growled harshly and lowly, "You guys, you really have the wrong guy, uh ah I really haven't been smuggling arms,,"

"BOOM!"

His voice was interrupted by the sound of gunfire once more. Also interrupted was Panther's toe

Panther was already in pain and almost passed out again as he roared and growled, "I didn't"

"Boom!"

"Ah-"

"Boom!"

With every denial Panther received a shot to his foot, and just moments later half of his other foot was broken alive.

Blood splattered, cold and terrifying.

All those fighters present were subdued, each with a look of fear on their faces as they watched the scene in utter horror.

However, the hanyou was showing no signs of weakness at all, and when he was done with this, one magazine had already been fired and he replaced it with another one.

"Ka ka ka" The bullet was loaded and the hanyou aimed at the black panther again, only this time, he aimed at the black panther's lower lifeblood

"Wait, wait a minute!" Black Panther broke down, and I don't know if it was because of fear, or because of the pain, his voice turned hoarse, "I say! I said"

"I'm listening!" The hanyou spoke up then.

"I'm selling weapons, but it's usually a sporadic deal er" The look of pain on Panther's face was so extreme that his teeth were chattering as he spoke.

"I think that if you can finish before you bleed to death, maybe you can still hold on until the ambulance arrives!" The man said coldly.

The black panther gasped violently, gritted his teeth, forced himself to endure that pain that was so intense to the extreme, and said in a trembling voice, "But four days ago, someone found me and purchased a large batch of weapons ah long, long and short guns"

"Who came to buy them?" The man asked.

"No, I don't know"

The black panther was just about to shake his head when he saw the other man raise the muzzle of his gun again, and he instantly died and shouted in terror, "I know, I know I, I said all"

Black Panther was utterly devastated, and he confirmed with his own personal experience just how cold these guys really were!

They don't care about killing at all, even facing the scene of blood and flesh, surprisingly, they don't even have half a change of expression, Black Panther, despite appearing to be cowardly on the surface, in fact, he completely relied on his own ruthlessness in his bones to mix up step by step.

However, in front of these men, Black Panther realised that his ruthlessness was not even a fart.

He couldn't play with them!

After losing his heart, Black Panther instantly collapsed

.....

The same night, the same scene was staged in several places in Yuezhou, everyone was shocked at the ruthlessness of these guys who suddenly appeared, but anyone who saw those scenes would shout in their hearts with heavy horror, what a bunch of ruthless characters!

Without even waiting for dawn, just a few hours later, what had happened in those places spread throughout the entire Yuezhou underworld.

The entire Yuezhou Road was shaken!

A group of people from unknown origins, all of them ruthless.

They were thorough, stern and ruthless, almost reminiscent of the cold soldiers who fought in blood and fire all day.

Moreover, they are special soldiers, or mercenaries, who often fight in wars.

Only they, too, had such strength, such ruthlessness.

This gang specialises in preying on the people of the Dao!

This has shocked the entire Guangdong mafia and made them even more terrified as a result. God knows who this gang's next target will be?

But one thing was for sure, no matter who their target was, that person would never have a good time!

However, in the midst of their panic, many people were wondering where these people had come from. Why are they targeting the people of Yuezhou Road?

Could it be that they wanted to dominate the Yuezhou underworld?

However, what was even more puzzling was that, according to the news from those present, this gang of ruthless characters seemed to be tracking down a shipment of weapons, so their targets were almost all mob bosses related to the arms trade, and some of them were even mob bosses or big brothers!

None of these people, however, were their opponents, and those who were tough-talking were even tortured beyond endurance and finally gave an honest account.

This couldn't help but make everyone both shocked and terrified. Could it be that someone had stolen those mercenaries, or stolen the weapons of the special forces to sell them secretly?

Or

The weapons were sold by someone and were used to attack someone important, thus inviting the other side to track them down?

If this is really the case, then this means that the other side is setting out to take revenge!

This speculation made all the people on the road unable to help but be stunned, while some gangsters and bigwigs could not help but have their scalps tingling.

Who on earth was so bold as to dare to do such a thing?

And if this speculation was true, it would also mean that the energy of that important person was absolutely frighteningly large, and moreover, it was likely that he had completely hated the mob in Yuezhou.

Being targeted by such a person

Many people immediately sat up and had to hurry to find out what had happened, what arms were sold and to whom

Also alarmed were the police in Yuezhou. Although none of the gang leaders who were attacked took the initiative to call the police, some onlookers did, but when the police arrived the scene they saw made them all unable to help but have their scalps tingling.

The news spread instantly in Yuezhou.

When many people heard the news, their hearts stuttered.

Ji Feng's revenge, it had begun!

And judging from what had happened this night, this time, Ji Feng had definitely moved with a thunderous fury!

Even the gangsters responsible for providing the weapons were treated like this, so what would happen to those who had actually participated and planned the attack on Ji Feng?

Campus Master Chapter 2142

The news of the attack on several bosses in the Yuezhou underworld has shocked the entire Yuezhou Dao.

Those people were mysterious and ruthless, and more importantly, they were very thorough in their actions, and all of them were incomparably tough, and could even be said to be terrifyingly powerful!

It is said that a mob boss had his toes smashed off one by one with a bottle just because he spoke back to one of them, leaving his whole foot a bloody mess that made people's skin tingle.

Of course, these mob bosses are used to being arrogant, they are always the ones who bully others, when is it their turn to be bullied?

So when they were attacked, almost all of them chose to resist, or directly confronted the gang, or even made threats.

As a result, none of these gangsters were safe and sound. All of them were severely beaten up, and some were even beaten almost beyond human form!

This shocked everyone, this group of guys from mysterious origins were just too ruthless!

Not only were they ruthless, they were also bold.

They dared to shoot directly, whether in public or not, even though no one was killed from start to finish, but in China, once guns are involved, it is extremely serious and can be classified as a major case, but they were so reckless, obviously not caring at all.

And they acted with frightening speed, from the time they appeared to the time they left, it was almost just within a few minutes, the longest time was not more than ten minutes.

Whenever a gangster is caught and dares not answer their questions, they use the simplest but most ruthless means to force them to speak out.

Better to die than tell?

Of course, that was fine, but the problem was that if you really dared to die rather than say anything, they would really kill you, judging by their ruthlessness!

So, these gangsters all wilted!

.....

When this piece of news went out, everyone was stunned by it, and many were even extremely surprised.

What exactly is the origin of this gang?

Which of the various speculations that had been circulating was true?

Special forces, mercenaries, or some gang that wanted to come to Southern Guangdong to develop?

However, there were some people who, upon learning this information, immediately realised that there was no doubt that it was definitely Ji Feng who had struck, and that this was a revenge action initiated by him.

And it was obvious that this revenge action had only just begun.

Because according to the news, those guys who came from mysterious and very hot means, after they caught those gang leaders, they asked questions about arms, vehicles and so on.

Especially about the vehicles, according to the knowledge of people who are interested, the information about the vehicles they asked about, exactly matched the vehicles those thugs were in when Ji Feng was attacked before.

So there was no need to suspect anything at all, this was Ji Feng's revenge!

Now they were just looking for the source of the vehicles and arms, then next, Ji Feng would definitely have follow-up actions. It was believed that after finding out these things, Ji Feng would definitely follow the vine and keep on investigating, and eventually find out who actually did it.

In that case, what awaits the person behind the curtain will definitely be a disaster like a thunderbolt!

You know, Ji Feng's retaliation under his anger is definitely not that easy to bear!

This made many people feel a little uneasy, God knows who else would be involved in this matter as Ji Feng's investigation deepened.

The fact that Ji Feng was suddenly attacked and killed, I believe he was absolutely furious, and this could be seen from his retaliation, so would Ji Feng randomly implicate others?

Especially for some people who had ghosts in their hearts, they were even more apprehensive.

However, no matter how uneasy they were, there was nothing good they could do because they simply did not know what exactly Ji Feng was going to do next.

The only thing they could do now was to keep a close eye on Ji Feng's actions and those ruthless guys who were out there helping Ji Feng take revenge, to see their whereabouts and thus try to speculate on how far Ji Feng's investigation had gone.

Judging from the current situation, Ji Feng should have only just traced those thugs who attacked him, the vehicles they were in, and the weapons they used.

As for the identity of those thugs, as well as their origins, and who the black hand behind the curtain really is and so on, this information Ji Feng should not yet grasp, otherwise, he would not need to be so tedious to investigate, directly send people to deal with that black hand behind the curtain is not simpler?

But in reality, some people are unaware that the information that Ji Feng has, is actually far more than they know!

.....

“Phew~~!”

Ji Feng sat cross-legged on the hospital bed and exhaled a deep breath of turbid air.

He once again woke up from his cultivation state, a flash of joy flashed through his heart, his strength had recovered some more, and as for his body, it recovered even faster.

Of course, no matter how much cultivation he did later, that recovery speed would definitely not be as fast as his first restorative cultivation before, after all, there was only a trace of bio-current left in his body at that time, so it was naturally quite fast to recover.

But as his strength gradually increased, the speed of recovery gradually slowed down.

But it was fast enough, and Ji Feng was satisfied.

However, before Ji Feng could carefully feel the situation of his body at the moment, he was suddenly struck with a start, because he noticed that there seemed to be someone else in the ward.

And was still a very familiar person!

Ji Feng opened his eyes abruptly and was stunned to find that on the sofa two or three meters in front of him, several people were sitting there.

Xiao Yuxuan, Tong Lei, Zhang Lei, Ji Shaolei and Xiao Sumei!

“Mom?!”

Ji Feng immediately looked at them with a stunned face and stammered, "You guys why are you here?"

As soon as she saw that Ji Feng was awake, Xiao Su Mei hurriedly stood up, took a few quick steps to Ji Feng's hospital bed, took Ji Feng's hand and eagerly asked, "Little Feng, you're awake how do you feel now, is it hurting badly?"

'Hula'.

Xiao Yuxuan and Tong Lei several people also all stood up at the same time and looked at Ji Feng with concern.

Seeing his mother's eager face, Ji Feng couldn't help but feel warm in his heart, but his face was smiling as he said, "Hey! Look at you guys worrying, what can happen to me? It's just that I got a little shock during the explosion, but it's no big deal at all, I'll be fine after two days of rest, you guys don't have to worry at all"

"No major injuries how come you're still in the hospital? And he was even sent to this intensive care unit?" Xiao Su Mei, however, did not believe her son's words at all, she stared at him and said, "Little Feng, tell me the truth, what is your current situation and how is your body really?"

Ji Feng laughed bitterly and said, "Mom, I think you've misunderstood, it wasn't me who was really injured, it was Bai Zhu When the explosion happened, Bai Zhu protected me, she pushed me out of the way, so I was almost as if I wasn't injured... ..As for being sent to this intensive care ward, you still don't understand, ah, with Uncle Zheng here, he will definitely arrange the best ward for me!"

Xiao Sumei raised her hand to knock Ji Feng, but just as she raised her hand, she shook her head helplessly and put it down, "You, you only know how to fool your mother! Do you really think that mum doesn't know anything? The scans and various test results the doctor gave you, I already read them when you were asleep!"

Ji Feng couldn't help but be slightly stunned, and then he hemmed and hawed.

Speaking of which, he was cultivating when his mother came, and at this time, I believe that any parent would definitely go to the doctor first to find out what was going on.

In that case, then, it was not difficult to understand why his mother was so well informed.

"Doctors that are all just fooling people!" Ji Feng laughed: "Mom, you may not know much about what's going on in the hospital, often for very common illnesses, they will deliberately make it sound very serious, just to make money!"

As he spoke, he gave his right hand a brace and suddenly flipped upside down from the bed, landing firmly on the ground while stretching his arms, "Look, am I not at all alright now? If I was really seriously injured at that time, it's only been two or three days, how could I recover so quickly?"

Xiao Su Mei was immediately taken aback by Ji Feng's sudden action, but when she saw that Ji Feng was indeed fine, she let out a slight sigh of relief and scolded, "This child is already so old and still so fidgety."

Ji Feng smiled sarcastically and said, "I'm not doing this to reassure you, mum, you see, am I okay at all?"

Xiao Su Mei, however, glared at him and asked, "If nothing is wrong with you, why are you still in the hospital?"

"It's good to be in the hospital, Uncle Zheng has specially arranged two experts from the SWAT team to protect me, moreover, Bai Zhu is still in hospital, so I'm sort of hiding here in peace and quiet", Ji Feng said with a smile.

"You ah"

Xiao Sumei shook her head helplessly, the so-called know your son like a mother, Ji Feng is what kind of character, how can Xiao Sumei not know?

What's more, she had already learned about Ji Feng's situation from Zheng Yuanshan, that's why she was so worried and hurried over from Yanjing.

Only now that she saw that everything was fine with Ji Feng, she was relieved, so when she saw that her son was deliberately digressing from the topic there, she didn't break it up.

"Little Feng, since it's so dangerous here, why don't you just go back with mum, you're still a student now, focus on your studies is your main job, don't worry about other things for now." Xiao Su Mei said.

"Uh"

Ji Feng was stunned, and when he saw that Xiao Yuxuan and Tong Lei were also staring at him, he got a bit of a headache.

It was a critical period now, how could he go back?

But

Ji Feng fixed his mind and said, "Mom, I promise you that I will definitely be doubly careful next, I will pay special attention to safety, and nothing like this will happen again..... here is currently at a critical period, no matter what I can't go back now!"

Campus Master Chapter 2143

In the end, Xiao Sumei finally did not insist on taking Ji Feng back with her.

She knew that her son had truly grown up and had his own career to do and his own path in life to follow, so she, as a mother, should feel proud and relieved, rather than trying to stop her son.

"Little Feng, make sure you take care of yourself and don't let mum worry anymore." Xiao Su Mei looked lovingly at Ji Feng, now her son was more than half a head taller than her, and already had dark beards on his lips and chin, he was already known as a man!

"Mom, don't worry, I promise you, there will never be a next time, otherwise, there's no need for you to ask at all, I'll go straight back to Yanjing and never come out again!" Ji Feng said.

"Silly boy!"

Xiao Su Mei reached out to pat her son's head, but Ji Feng's head was too tall, making her struggle a little.

Ji Feng grinned and bent down, taking the initiative to let his old mother touch his head.

“Mom, I’ll definitely take care of myself!” Ji Feng promised once again.

“Alright, don’t continue to fool me, an old woman, here, when you come, these two children are all worried too, so you can talk with them.” Xiao Sumei was very enlightened and pointed at Xiao Yuxuan and Tong Lei, signalling for Ji Feng to accompany them.

Xiao Yuxuan and Tong Lei were both a bit uncomfortable, how did this feel as if they had snatched his son from his mother-in-law’s hands?

They wanted to be reserved, but the worry and longing in their hearts made it impossible for them to refuse, so both of them blushed and looked a bit at a loss.

Although Tong Lei’s face was slightly red, she was already of a quiet nature, so she didn’t feel too embarrassed and just stood there with her beautiful eyes flashing.

Xiao Soumei was immediately happy, to be honest, she was really a bit displeased with her son’s nonsense, because she had heard that her husband Ji Zhenhua had another woman and seemed to have a child, so she left Yanjing in a fit of anger and returned home alone.

But at that time, after all, it was because of the special circumstances and it was all some historical legacy, so it couldn’t all be blamed on Ji Zhenhua.

Besides, so many years had passed, the anger in Xiao Sumei’s heart had long since subsided, so she later forgave Ji Zhenhua and returned to Yanjing again.

But what Xiao Sumei didn’t expect was that this brat Ji Feng was even more outrageous, having two girlfriends at the same time!

Although Ji Feng was able to get Tong Lei and Xiao Yuxuan to get along peacefully, and it seemed that their relationship was still very good, it still seemed extremely unpleasant to Xiao Sumei.

Of course, this displeasure was not directed at Xiao Yuxuan and Tong Lei, but at what her son had done, which made Xiao Su Mei really angry and bitter.

If this brat did this, wouldn’t he be hurting other girls?

However, as her son grew up, Xiao Soumei could not teach him a lesson like she did when he was a child, so she could only persuade him, but to no avail.

As time went on, Xiao Su Mei could only acquiesce to the fact that it was better to let them do what they wanted to do as youngsters.

As the saying goes, her children and grandchildren have their own blessings, and she can’t follow them for the rest of their lives!

However, in Xiao Sumei’s heart, she still felt that it was inappropriate for the three of them to live together like this. She had also persuaded Xiao Yuxuan, but at that time, Xiao Yuxuan’s attitude was so resolute that she could not say anything more.

However, at this moment, Xiao Sumei’s opinion had changed somewhat.

Because from the faces of Xiao Yuxuan and Tong Lei, Xiao Sumei saw the strong worry and the concern that could not be concealed.

In particular, whether it was Xiao Yuxuan or Tong Lei, they all seemed to have an extremely tacit understanding, and even seemed to have more of a tacit understanding than a family, which instantly touched Xiao Sumei's heart.

Xiao Su Mei realised that perhaps Xiao Yuxuan and Tong Lei were not just getting along on the surface, in their hearts, they had obviously accepted each other completely as well, otherwise they would not be so casual and yet have such a tacit understanding.

Especially when Xiao Su Mei saw that touch of serenity in Tong Lei's beautiful eyes, it touched Xiao Su Mei's heart deeply.

It seemed that Tong Lei had really accepted Xiao Yuxuan.

Xiao Sumei couldn't help but feel secretly in her heart that Ji Feng, this brat, didn't know what kind of virtue he had accumulated to be able to find a girlfriend like Tong Lei.

At this moment, for Ji Feng to have both Xiao Yuxuan and Tong Lei, Xiao Sumei no longer had any other opinion, and even she was now a little worried that Ji Feng would not learn from those fops and end up failing these two such good girls.

"You young people talk, I'll go find the doctor again and ask about the situation, then I'll go see Bai Zhu, it's really thanks to that child too, I have to thank people", Xiao Su Mei said with a smile, then after a glance at Ji Shaolei, she walked out.

"Zhang Lei, go", Ji Shaolei poked Zhang Lei and nuzzled at the door. Just now Xiao Su Mei looked at him that glance what meaning, but he is clear, big aunt this is to tell him, do not stay here as a light bulb!

This made Ji Shaolei envious, if his own mother could be as open-minded as his elder aunt, that would really be a blessing, Of course, Ji Shaolei only thought about it in his heart, after all, he had Xiang Yurou alone was enough to make him smile all day long, the rest was just a fantasy in his head.

After everyone had gone out, only Tong Lei and Xiao Yuxuan were left in the ward.

Ji Feng couldn't help but smile: "So what, Yu Xuan, Lei Lei, this time it was just an accident, you guys don't have to worry, I'm fine at all"

Xiao Yuxuan and Tong Lei, however, did not say anything, but just sat on the edge of the bed and leaned their heads in Ji Feng's arms.

All of Ji Feng's words were all of a sudden unable to say a word.

The tenderness of the two girls made his chest full of softness.

"Little bad egg, we won't stop what you do, but, don't get yourself into this situation again, try to think about us when you are charging into battle, okay?" Xiao Yuxuan asked in a soft voice.

"Hehe"

Ji Feng grinned unnaturally, while in his heart he sighed lightly and embraced the two women in his arms at the same time, without saying a word.

The three of them just stayed quietly, no one spoke. However, Ji Feng was able to feel their worry and strong concern from their actions.

It was only after a while that Xiao Yuxuan and Tong Lei sat up, and they looked Ji Feng up and down, as if they wanted to see where he was hurt.

Ji Feng laughed: "I told you there's nothing wrong, I just got a little shock during the explosion, it's all healed up now!"

Xiao Yuxuan said angrily, "Which unscrupulous person did this! How could they be so vicious? Did they want to blow both you and Bai Zhu to pieces?!"

Ji Feng laughed: "It's fine, it's fine, you shouldn't worry about these things, this time I was too careless and was exploited by them, but since they didn't get it this time, there won't be a next time"

"You still have to be careful!" Tong Lei said softly.

"I will be!" Ji Feng patted her small hand and said, "You guys should be careful in Jiangzhou instead, the only thing I'm worried about now is that this gang has no way to do anything to me, maybe they will turn their spearheads on you guys!"

"We will be careful!"

Xiao Yuxuan said, "Zhen Zhen and Xiao Ying have been inseparable from us all day, you know clearly how powerful they are."

Ji Feng nodded and said, "You guys can just pay attention."

For the comprehensive strength of Han Zhen and Xiao Ying, Ji Feng did not have the slightest worry, they had gone through strict training, especially Xiao Ying, who was a special grade guard, while Han Zhen also came out of the special forces, the personal strength of the strong is needless to say.

As long as they are alert, it is almost impossible for ordinary people to sneak up on them!

Xiao Su Mei did not stay in Nan Yue for more than a night, and early the next morning, Xiao Su Mei left Nan Yue, and Xiao Yuxuan and Tong Lei also left with her.

Obviously, they did not want to stay here to distract Ji Feng, in fact, they hurried here just because they were worried about Ji Feng, and now that they saw that Ji Feng was fine, then they naturally had to go back as well.

However, before leaving, Xiao Su Mei was saying to Ji Feng, "Little Feng, you're grown up now, so I won't stop you from doing anything, but you have to know to be careful yourself, because your safety is on the minds of many people!"

Ji Feng nodded, he knew that this time he had indeed made many people worry.

"Also, when I was coming here, your father asked me to pass on a message to you." Xiao Su Mei suddenly said.

“What’s the message?” Ji Feng asked.

“If you are aggrieved outside, learn to go home, your family will protect you! If others bully you, home is your strongest backing!”

“But, young man, you also need to have some blood!”

Xiao Sumei repeated what Ji Zhenhua had said, then patted her son’s head and prepared to leave.

Ji Feng was instantly shaken, he said with a serious look on his face, “Mom, you tell Dad, these little things, there’s no need to bother the family, I’ll take care of it!”

“You” Xiao Su Mei naturally knew what kind of character her son was, and he also knew what her husband meant by what he said, but she did not stop.

Ji Feng stood on the corridor outside the ward, his gaze fell on the courtyard, and as he watched his mother and Tong Lei’s two daughters get into the car, he couldn’t help but let out a long breath.

A fine aura flashed from his eyes as he said to himself, “Bloodiness”

“San’er, I’ve understood most of what happened, what do you plan to do?” Next to him, Ji Shaolei asked, he didn’t follow Xiao Sumei back, after such a big incident with Ji Feng, he always had to stay and see what he could do to help.

“Yeah, madman, what are your plans?” Zhang Lei also followed and asked, “If you want to charge into battle, count me in first!”

“Intentions?” You guys go to a place with me first!” A cold intent flashed in Ji Feng’s eyes, “Let’s go and see where those people are really cattle ghosts and snake gods!”

“Go!”

Zhang Lei gritted his teeth and said sorrowfully, “Catch them and I will have to cut those motherfuckers alive with my own hands!”

Campus Master Chapter 2144

“Ji Feng, you guys are really going?” Zheng Yuanshan couldn’t help but frown.

“Uncle Zheng, you are clear about the situation this time, there are some things I have to find out exactly what is going on, otherwise, there might be a second and third time in the future” I don’t want to be at risk of being attacked and killed whenever I go out all day!”

Ji Feng spread his hands and said, “Besides, now that there’s nothing wrong with my body anymore, it’s time to make some moves.”

“You brat is just starting to act?” Zheng Yuanshan gave him a funny and good-natured look, thanks to this brat for having the nerve to say it!

In the past two days, the whole of Yuezhou had been in an uproar, especially the people on the road, and it had almost reached the point where the wind and the cranes were in a panic, and there was no

telling how many mob bosses were living in fear, and what's more, according to the information Zheng Yuanshan had, surprisingly, many mob bosses had left Yuezhou in droves.

Although they claimed that they were going out to discuss business, everyone knew exactly what was going on in reality.

These people, clearly, were frightened.

It was because this time Ji Feng's action was too severe!

One to twenty wolf-like soldiers, who had no qualms about going after the gangsters with weapons, had never encountered such a scene, even if the gangsters were usually arrogant.

Moreover, even if those gangsters' gold medalists were capable of fighting, they would not be enough for those ruthless guys who had fought in the battlefield many times and slaughtered many enemies.

How could those gangsters not be afraid?

Even during the several successive crackdowns, those gangsters had never been so frightened, but this time they were really frightened.

In fact, not only those gangsters, but also Zheng Yuanshan, were stunned because of this kind of generosity of Ji Feng.

This was because this time Ji Feng's strike was so overwhelming that he didn't even bother with the repercussions.

You know, in the past, Ji Feng always gave people the impression that he was very stable, and he was quite methodical in his actions, and he seemed to have the poise of a great general, but this time, Ji Feng actually sent people out to strike around with recklessness, which was shocking!

Ji Feng smiled, but shook his head and said, "There's no way, others have already put the knife on my neck, if it wasn't for Bai Zhu saving me this time, I would have been a corpse by now, or even turned into a pile of minced meat, if I don't resist, won't I be at the mercy of others?"

Zheng Yuanshan shook his head and smiled bitterly, thinking, "You're just resisting?"

Look at Ji Feng's action, he is simply going to dig the ground to find out the person, and once the person behind the curtain is found out, will there be a good end for him!

"Uncle Zheng, don't say anything else, this time I have to find out who did it, there is no second way other than that!" The actual fact is that you will be able to find out who did it, and I understand that you have not been able to find out any results until now. But"

He paused and said in a deep voice, "Now I have to investigate on my own, please understand Uncle Zheng and ask for your support!"

"Cough"

Zheng Yuansan coughed a few times at once.

Frankly speaking, Ji Feng's words were a little bit not too polite, and even though Ji Feng's words were kind of euphemistic, hearing them in Zheng Yuanshan's ears still made him feel his face burning hot.

As the head of the Southern Guangdong Provincial Department and in control of the province's police system, he was unable to find out the truth, was this incompetence?

Although Ji Feng had also given Zheng Yuanshan a step to take, Zheng Yuanshan was still embarrassed.

But when you think about it, you can't blame Ji Feng for speaking badly, things don't spread to anyone who doesn't know, this time Ji Feng was suddenly attacked and killed, and even seriously injured, not to mention that Bai Zhu almost became a vegetable

Even if it were anyone else, they would definitely be annoyed, and it is not difficult to understand why Ji Feng behaved in such a way.

What's more, this matter is actually Zheng Yuanshan's own responsibility, after all, Ji Feng had an incident on his turf, and as a result, several days had passed, but he hadn't been able to investigate anything, and the fact that Ji Feng had been able to keep his anger down was already very much to his face!

"Alright, I knew I couldn't stop you!" Zheng Yuanshan finally nodded as he said, "It's certainly fine for you to investigate, but I have another request – no matter what, you can't take any risks!"

"No problem!"

Ji Feng agreed very readily, "It's just going to investigate, there won't be any danger!"

Zheng Yuanshan, however, said after a moment of contemplation, "I'd better accompany you, it's safer this way."

Ji Feng also did not object and nodded, "Alright then, let's go."

Zheng Yuanshan first called his assistant over and made some arrangements before leaving the office with Ji Feng and arriving at the provincial hall compound.

Ji Shaolei and Zhang Lei were waiting in the car, and when they saw Zheng Yuanshan coming, they hurriedly greeted him.

"You two brats, you've all come here, and you don't go up and sit down?" Zheng Yuanshan asked with a glare, feigning anger.

"It's not because I'm afraid of disturbing your work!" Ji Shaolei laughed.

Zhang Lei was just laughing at the side, Zheng Yuanshan was his uncle, so he didn't need to say anything polite or anything like that.

Zheng Yuanshan was also just joking, so he then transferred a car, took two policemen, got into a police car and led the way in front, while Ji Feng followed behind.

Their destination, however, was the morgue of the Guangdong Municipal Bureau!

.....

“It’s all inside!”

It wasn’t really too far from the provincial hall to the city bureau, as Yuezhou was originally the provincial capital, so the city bureau was likewise located here.

Only, the Yuezhou City Bureau’s mortuary was not a short distance away from the City Bureau’s office building. I don’t know if it was because the office space of the city bureau was limited or for some other reason, but according to Zheng Yuanshan, the city bureau had rented a morgue in a nearby hospital, specifically for parking corpses.

Now, Ji Feng and the others arrived at the entrance of the mortuary.

“Go!”

After the policeman in charge of guarding the room opened the door, Ji Feng directly walked in with big strides. Zheng Yuanshan’s three men also hurriedly followed him in.

At this time, the policeman in charge of guarding the room had long since pulled open the cabinets of the corpses that the police had collected in the bombing case, as Zheng Yuanshan had requested.

Zheng Yuanshan said: “At that time after the explosion occurred, I rushed to the scene at the first time, but because the explosion was too powerful, the scene was a complete mess, except for you and Bai Zhu, other than not even a complete body could not be found, only some body parts were found ”

Ji Feng frowned, but did not say anything, just came to the heel with a few steps and looked down.

“Hey”

Zheng Yuanshan just wanted to stop, but saw that Ji Feng had already reached the heel, his voice came to an abrupt end, and he could only shake his head helplessly, after all, the corpse pieces in that cabinet were really a bit scary, he wanted to warn Ji Feng, but he did not expect Ji Feng’s speed to be so fast.

But soon, Zheng Yuanshan was stunned to find that Ji Feng was standing in front of the cabinet looking down, his face was not abnormal at all, instead, he frowned as if he was a little confused.

This made Zheng Yuanshan secretly surprised, to know that even a particularly bold person, when seeing a corpse for the first time, will involuntarily be a little afraid, let alone, this cabinet or broken body pieces

When he saw this scene, Zheng Yuanshan realized that those enemies of Ji Feng, sooner or later, would all be out of luck!

Because from this, it could be seen how bold Ji Feng really was.

Moreover, it was believed that Ji Feng was definitely used to seeing this kind of scene, otherwise, he definitely wouldn’t have acted so naturally, some emotions couldn’t be concealed, and composure couldn’t be faked.

“Have you inspected these corpses?” Ji Feng’s gaze was fixed on the corpse pieces in those two cabinets and asked with a frown, “Also, how come it’s just a little bit?”

The flesh and corpses in the cabinets were less than half a body, but there were two people at the scene!

Zheng Yuansan said, "The forensic doctor has conducted an examination, these body pieces, belong to two people, of which those pieces of flesh are one person's, as for the leg in the cabinet in front, it is another person's"

"Two people's?!"

Ji Feng's eyes snapped open and he asked in a deep voice, "Can you be sure? Why are there so few parts left for two people?"

According to Ji Feng's memory, the two policemen at the scene at that time were not short in stature, and the two of them together were enough to fill these two cabinets, so how could there be only so many corpse parts?

But in his heart, Ji Feng was also eager to hear Zheng Yuanshan's affirmative answer.

"It is indeed two people, according to the forensic examinations, both from the blood type and from the DNA, it can be determined that these body parts belong to two separate people!"

Zheng Yuansan said with great certainty, "The result of the double test will definitely not be a problem. Only, because the explosion at that time was too violent, at that time these two people were directly shattered, there are many parts were mixed with the dirt, and even some parts simply can not be found"

Really two people's

Ji Feng's heart instantly let out a long sigh of relief.

In fact, what he was most worried about was that the middle-aged policeman escaping, if that was the case, then it would be really troublesome.

The strength of that middle-aged policeman still makes Ji Feng's heart palpitate when he thinks about it!

However, there was still some uneasiness in Ji Feng's heart, he always felt that something was wrong somewhere, as if things were going too smoothly!

"Uncle Zheng, can you determine the ages of these two people?" Ji Feng asked casually.

"It's almost certain." Zheng Yuanshan nodded and said, "In medicine, there is a concept called bone age, which is when the bones have certain characteristics at each period of development, and by detecting the bone age through technical means, you can know the age of the other person."

Ji Feng immediately asked, "Oh? Then how old are they all?"

Zheng Yuanshan said, "These two are both young people, neither is more than thirty"

"What?!"

Ji Feng immediately widened his eyes and asked out of breath, "Uncle Zheng, what did you just say, they're both no more than thirty years old? Can you be sure?"

Campus Master Chapter 2145

“What?!”

Ji Feng immediately widened his eyes and asked out of breath, “Uncle Zheng, what did you just say, none of them are over thirty years old? Can you be sure of that?”

Zheng Yuanshan nodded and said, “You can be sure, because this is the result of a professional instrument test, there shouldn’t be any mistakes! I may not be too clear about what the scene was like at that time before the explosion happened, but the body parts in these two cabinets in front of me definitely belong to two people, and they are both less than thirty years old”

Ji Feng was silent, his face, became unusually grave, how is this possible?!

This statement from Zheng Yuanshan really gave Ji Feng a great shock.

The two policemen at the scene were of what age, Ji Feng was clearer than anyone else, yes, one of them was indeed about thirty years old, it was understandable to say that he was less than thirty, after all, there were some people who might look a little older than their actual age, it was quite normal.

For example, there are many people who are clearly in their twenties who end up looking as if they are 35 or 36 years old. Although there are not many people who look like this, it is not uncommon.

However, even if one looks old, one can’t be so outrageously old, right?

The policeman who fought Ji Feng intensely at that time was clearly a middle-aged man, how could he be over forty or fifty years old, if he said he was less than thirty that would simply be a travesty of the world!

This is absolutely impossible!

Ji Feng knows better than anyone that perhaps it’s not too accurate to judge a person’s age from their looks, but it wouldn’t be such a big error!

Because after a person reaches middle age, all the features of their body are very different from those of a young person, even if they take good care of themselves or insist on exercising and so on, they cannot cover up the traces of age.

There is no doubt about it.

What’s more, for his own vision, Ji Feng is still extremely confident, he firmly believes that what his eyes see is the real thing.

But if that was the case, wouldn’t that mean that there were at least three people who were there at the time?

Two of them were no more than thirty years old, and there was also the middle-aged policeman who had been in a fierce battle with himself How this was possible was beyond comprehension!

It’s like a living hell!

The reason is that there were only two people at the scene, a young policeman and a middle-aged policeman who was very strong, other than that, only he and Bai Zhu were left.

Where was the third person?

This couldn't be a ghost in broad daylight, could it?

"Is there something wrong?" Seeing Ji Feng's stony silence, Zheng Yuanshan couldn't help but ask.

"It's not wrong, it's outrageously wrong!" Ji Feng shook his head and said, "If we go by what you're saying now, it doesn't even match up with the scene at that time at all!"

"Hmm?" Zheng Yuanshan immediately asked, "Tell me about the situation at that time!"

Previously, because he was worried about affecting Ji Feng's rest, Zheng Yuanshan did not pursue Ji Feng in detail, but was only sending people to investigate on his own, and now when he heard Ji Feng say this, Zheng Yuanshan wanted to know the exact situation at that time from Ji Feng's mouth.

Ji Shaolei and Zhang Lei did not come close, they just stood a few metres away, but also listened carefully.

Ji Feng said, "At that time, apart from me and Bai Zhu, there were only two people at the scene."

Zheng Yuanshan nodded, "That's right, the body parts here belong to two people too! It's perfectly right"

"But the problem is" Ji Feng shook his head and said, "Those two people at the scene at that time were a young man and a middle-aged man" I can be sure that it must have been a middle-aged man, definitely not some young man less than thirty years old, and I can likewise be sure that there was absolutely no one else at the scene at that time!"

Zheng Yuanshan was stunned, and then his face changed, of course he understood what Ji Feng meant by that: "How is this possible?! But this bone age test result"

"There must be something wrong with the test results!" Ji Feng said without hesitation.

"This can't be right?" Zheng Yuanshan frowned, "How could there be a problem with the instrument testing? Could it be that you were mistaken at the time, or that there were other people hiding nearby but you didn't notice them?"

"Maybe there's that possibility!" Ji Feng didn't deny Zheng Yuanshan's statement either, "However, to be on the safe side, I suggest that you test it again!"

"Well, I'll arrange this." Zheng Yuanshan nodded and asked, "Are there any other problems?"

Of course there were problems!

Ji Feng couldn't help but say secretly, and it was still a big problem!

You know, if the police's test results were correct, or Zheng Yuanshan's guess was correct, there might have been someone else hiding nearby but he didn't notice it at that time, in that case, it would also mean that the middle-aged policeman who fought with him

had escaped!

If that was the case, then the result would really be somewhat unpleasant.

Because that middle-aged policeman was so strong, it made Ji Feng's heart heavy, you simply didn't know when that middle-aged policeman would appear and who he would choose to strike on.

This is like having a sharp sword hanging over your head all the time, you simply don't know when it will suddenly fall down.

This kind of feeling is really not good.

Only Ji Feng did not say anything, but looked thoughtfully at the leg in the cabinet, and after a moment, he directly picked up a pair of gloves from the box in front of him and put them on, then grabbed the broken leg and turned it over and over.

"Hmm?!"

Suddenly, Ji Feng's eyes stared.

He suddenly noticed that there seemed to be some strange injuries on this broken leg This whole leg was spotted everywhere, it looked as if it had once been beaten up violently before it died!

Brutal beating?!

Ji Feng's heart moved, yes, this should be the result of a violent beating before death, not from the impact of the explosion.

Because judging from these spots, if it was the impact effect of the explosion, then these wounds would definitely be a piece of

Thinking of this, Ji Feng suddenly took out this broken leg and then placed it directly on the ground.

"Hey, Little Feng, what are you doing," Zheng Yuansan was stunned.

"Hiss-!"

"Holy shit!"

.....

Zhang Lei and Ji Shaolei both looked at the broken leg with dumbfounded eyes, full of consternation and astonishment. It wasn't that they had never seen a human corpse before, but this was the first time they had ever seen one with only one leg left like this, even though both of them were more daring than others, they were also a bit numb and uncomfortable!

However, Ji Feng did not care about the others' reactions, because he had already experienced it when he was trained by the wise brain in the wise brain's training space with that almost completely realistic scenario.

Because in the training space of the intelligent brain, there would be countless simulated scenarios where Ji Feng could barely remember how many people he had actually killed, and even sometimes when he hit an enemy with a laser gun, he could instantly pierce a bowl-sized bloody hole through the

enemy's body, and it was that kind of scene of blood and flesh flying around that really made one's skin tingle.

As for this scene in front of him, it could only be considered child's play.

Ji Feng placed the broken leg on the ground and let it assume a standing position, imagining it as if there was a man standing in front of him.

And then, Ji Feng lifted his foot and rested his toe against the side of the broken leg, then looked at it carefully and his brow relaxed a bit.

"This is"

Zheng Yuanshan and the others couldn't help but be stunned, because they saw that as soon as Ji Feng's toe rested against that broken leg, it covered up exactly one of the wounds on that side, and it looked like the size of Ji Feng's toe was almost the same as the wound on that broken leg.

Several people were a bit stunned, could it be that this injury was kicked out by Ji Feng?

"Lei Zi, come over and help me hold it!" Ji Feng put his foot back and said without looking back.

"Me?"

Zhang Lei grinned and came to look at the broken leg in front of Ji Feng, feeling uncomfortable no matter how he looked at it.

Ji Feng laughed: "Don't be afraid, it's just a broken leg. Besides, you are usually not even afraid of the living, so why should you be afraid of the dead? What's more, this can't even be considered a dead person now, it can only be considered a corpse"

"I'm not afraid!" Zhang Lei rubbed his hands, "It's just that I feel uncomfortable!"

"If you're used to seeing this kind of scene, you'll get used to it!" Ji Feng laughed, "Put on your gloves and hold it up!"

"..... Okay!"

Zhang Lei gritted his teeth and also picked up a pair of gloves and put them on, then held both sides of the broken leg with both hands and asked, "Is it okay to hold it like this?"

Ji Feng shook his head and said, "No, this is not stable" like this, you imagine that this person is still alive and he is standing next to you, think about how he would be standing at this time?"

Zhang Lei was stunned, then after pondering for a moment, he moved his hands up and pressed the upper end of his broken leg, trying his best to imitate the posture of carrying a person's weight and then standing there

"Very good, that's it!" Ji Feng nodded, "Hold it up!"

"It's already done" Holy shit!"

"Boom~!"

Before Zhang Lei could finish his words, he saw Ji Feng suddenly kick over, the broken leg was instantly kicked up, Zhang Lei was quick with his hands, he leapt up and grabbed the broken leg back with both hands.

Ji Feng immediately said, "Hurry up and bring it over and take a look!"

Zheng Yuanshan asked strangely, "Little Feng, what are you doing here?"

Just now, Ji Feng suddenly kicked the broken leg, which made Zheng Yuanshan startled, this was some of the only things he could gather at the scene, maybe there was some evidence hidden on this broken leg, if it was broken by Ji Feng, it would be troublesome.

What's more, Zheng Yuanshan didn't expect that Ji Feng would actually do it to a broken leg!

Ji Feng, however, said indifferently, "Do the experiment!"

And then, he stopped talking and just took that broken leg from Zhang Lei's hand, then looked down and observed it carefully, then, he put the broken leg down and pondered.

I only saw Ji Feng frowning for a moment, muttering a few words for a while, and gradually, his frown gradually stretched out, "It's really true!"

Campus Master Chapter 2146

"What fruitfulness?!" Zhang Lei asked, "What did you mean by that kick you just gave?"

"You'll find out later." Ji Feng waved his hand, turned his head to look at Zheng Yuanshan and said, "Uncle Zheng, I can be sure that your tests are wrong! It's this person, his age you guys tested wrong."

"Why?" Zheng Yuanshan asked in confusion.

"The reason is simple, because I have fought with this person!" Ji Feng pointed at the broken leg in Zhang Lei's hand and said, "Look at the marks on this and compare it to the marks I just kicked to see if they are the same!"

Zheng Yuanshan and the others simultaneously looked in the direction of Ji Feng's finger, and as expected, they found that the wound Ji Feng had previously blocked with his toe was almost identical to the mark he had just kicked, and the shape was exactly the same!

Only, because there was no longer any blood flowing from this broken leg, what Ji Feng had kicked was just a white mark.

Seeing this mark, several people realized that before the owner of this broken leg had died, Ji Feng must have exchanged blows with him, because that mark was obviously kicked by Ji Feng.

"When I fought with this person at that time, he was always passive and defensive, so there were marks on his arms, legs, and back from my blows, so I can be sure of this person's identity!" When he said this, Ji Feng couldn't help but let out a long breath.

This was the middle-aged policeman!

This difficult opponent was finally dead, and he would no longer pose any threat to Ji Feng's family, which made the stone that had been hanging in Ji Feng's heart finally fall to the ground.

"Then this man's age" Zheng Yuanshan, however, frowned.

"He is a middle-aged man around fifty years old!" Ji Feng said with great certainty, "This is absolutely correct because I have an extremely deep impression of this person!"

It was the first time that Ji Feng had encountered someone who could cause such great pressure on Ji Feng and even make him feel dangerous, so how could he not have a deep impression?

"A middle-aged man of fifty?" Zheng Yuanshan frowned, "This" can't be such a big difference even if the instrument detection is faulty, right?"

"I wouldn't know about that." Ji Feng shook his head.

This broken leg was definitely that middle-aged policeman's, there was no doubt about that, Ji Feng was completely sure.

Because as for the effect caused by his attack, Ji Feng was of course very clear about it.

Even if someone else were to fake the injury, they would definitely not be able to fake it exactly the same, but any expert with a certain level of cultivation would have this common sense.

One should know that even if they were fellow masters and brothers, their cultivation levels would not be exactly the same, and each person's force, attack style, stance, and the kind of attack under improvisation at that time, all carried complete chance, and it was simply impossible to replicate it once more.

Only the attacker would be able to reproduce it.

So Ji Feng immediately affirmed his judgment after the test, it must be a problem with the testing apparatus!

"These brats" Zheng Yuanshan said with hatred, when sending people to test these corpse pieces, Zheng Yuanshan could be said to have repeatedly explained that they must be careful, but he did not expect that something had gone wrong in the end, and as a result, it was still Ji Feng who found the problem, which made Zheng This made Zheng Yuanshan's face somewhat unbearable.

After coming to Southern Guangdong for such a long time, he had not even controlled the important departments of the police system. As a result, after Ji Feng came to Southern Guangdong, he gave him a big gift, which directly gave him an excuse to clean up the police system to a certain extent, which allowed him to initially control the police system.

And now, there was actually such a problem again, which made Zheng Yuanshan feel very humiliated.

After all, what would Ji Feng think of this succession of problems?

The company's main business is to provide a wide range of services to the public.

The company's main business is to provide a wide range of products and services to the public.

“We must rectify the situation properly, if we can’t even handle such a small matter, we are really incompetent!” Zheng Yuansan said in a deep voice.

Ji Feng didn’t notice Zheng Yuanshan’s embarrassment as he said, “According to my estimation, it may not be the fault of the inspectors, perhaps the corpses were mixed together and it was difficult to distinguish between them, that’s why the mistake was made. Or

He shook his head and didn’t go on.

“Or what?” Zheng Wonsan asked.

“Or maybe within the police system, someone has deliberately moved to worry about us finding out something!” Ji Shaolei took up the conversation.

Swish!

Zheng Yuanshan’s face turned steeply gloomy, if it was really like what Ji Shaolei said, then it also meant that there must be a mole within the police system, and the position was not low, otherwise, it would be impossible to reach out to the testing department.

“It’s not that there’s no such possibility!” Zhang Lei also nodded, “When Ji Feng was attacked, the last to appear were two police officers, and they were also driving a police car police uniforms can be bought everywhere, police equipment can also be bought, but the police car is not so easy to get, maybe, there is a police system in the secret help! ”

Zheng Yuanshan sunken his face, slowly nodded his head and said, “I will check this aspect!”

“I guess it’s hard to find out what’s going on!” Ji Feng was not too optimistic, “Even if you investigate the head of a certain inspector, but in the end they just have to excuse that the mistake was made due to negligence and carelessness, the most you can do is to give him a disciplinary action or demotion, but you can’t do anything to him personally.”

Ji Shaolei thought deeply: “That’s right, since someone dares to do such a thing, it means that the benefits he gets are enough to make him willing to take such risks, so it’s useless to investigate, we can only investigate secretly, follow the vine to find the mastermind behind the scene, and then, think of another way!”

“Leave it to me!”

Ji Feng took over and turned his head, “Uncle Zheng, you first send someone to investigate secretly, follow the vine to find out who did it, then hand the person over to me, I will interrogate him!”

Zheng Yuanshan hesitated and said, “It’s not appropriate, is it?”

“I can’t help it even if it’s not appropriate, this is the best way.” Ji Shaolei said, “Uncle Zheng, I’m not trying to undermine you, in fact, even if you find out, what can you do? Nowadays, the police don’t allow torture to extract confessions, and since the other party dares to do this, they must have already prepared for it, if you use the regular method, you will definitely not be able to find out anything.”

“Moreover, since you can influence the test results, it means that this person’s position is not low, for such a person, it is even more impossible to torture, and there may even be someone above to protect

him, then you will be constrained everywhere, there is no way to do anything!” Ji Shaolei said, “Therefore, it is the best way to hand the person over to San’er, you have scruples, but San’er does not, even if people find out later, no one can say anything, there is revenge for revenge, it is only natural!”

Zheng Yuanshan shook his head and laughed bitterly: “That’s true, but the problem is, once you do this, it’s like taking the initiative to send the handle to others, and once your actions are known to the outside world, it will definitely cause unnecessary trouble, and even Minister Zhenhua and the old man may not be able to speak up to protect you.”

Ji Feng said indifferently, “I can’t care so much now, at least I have to find out who actually wants my life first, one is a trouble that won’t necessarily happen, and the other is a mastermind hiding in the shadows who wants my life at all times, Uncle Zheng, if it’s you, which one do you choose?”

“If it were me, I would definitely be doing the same thing as you.” Zheng Yuanshan said without hesitation, “However, what I mean is that this matter does not necessarily have to be done by you.”

After a pause, Zheng Yuanshan said, “Ji Feng, you are still young now, and it is best not to have a stain on you, so it is better to leave this to me, Uncle Zheng guarantees you that he will find out everything, and no matter who is standing behind the other party, I will not let him have a good time!”

Ji Feng was still young, and was one of the key successors of the third generation of the Ji family, Zheng Yuanshan could not let him be ruined in this matter.

While he himself was already past middle age, even if he made a mistake now, at most he would just be jerked out of his official position, which was still better than the trouble that might be caused by Ji Feng doing it himself!

You know, since this matter is likely to have something to do with a certain leader, it is something that belongs to the system.

The fact that Ji Feng, as someone outside the system, rashly moved the leader, even if he was a direct descendant of the Ji family, was definitely a violation of the boundary, and some people who did not deal with the Ji family would definitely seize the opportunity to make waves.

When the time comes, even the Ji family will not be able to step in to protect him and deal with the leader, which is tantamount to going against the entire system, which will touch the sensitive nerves of a great number of people.

Who is the leader?

That is a person who enjoys privileges from on high. You, a person outside the system, want to move the leader casually, want to rebel? Where is the authority of the leader? Where is the leader’s face?

That’s why Zheng Yuanshan decided to take the matter into his own hands, as he himself is a member of the system, so it would be most appropriate for him to take action. At most, he would end up taking the blame and losing his official position!

“No!”

However, Ji Feng did not hesitate to refuse, “This is my business, you guys can help, but, none of you should overstep your bounds, I will definitely solve this matter personally!”

Zheng Yuanshan had to persuade again, “Ji Feng, you again

“Uncle Zheng, there is no need to say anything, I understand your good intentions, but, there are some things that cannot be faked, this is a war between me and the other side, in the end only one can be left! Besides, I know in my own heart exactly what the consequences of doing so will be!”

Ji Feng said in a deep voice: “I’ve already started the action, so I don’t want to stop midway!”

“This

Zheng Yuanshan shook his head, sighed and said, “Well, I’ll investigate the matter of the test going wrong, and if there’s a mole within the police system, I’ll definitely find out! As for you still need to communicate with Minister Zhenhua!”

He sort of saw Ji Feng’s determination, for this reason Ji Feng even had to go out of his way to get into big trouble, he also wanted to investigate to the end and uncover the person behind the curtain, from this it could be seen how annoyed Ji Feng was about this assault and killing, he was moved with real anger!

Campus Master Chapter 2147

Ji Feng nodded, “Then let’s do that!”

“The way I see it, there is absolutely no need to fret so much.” At this time, Ji Shaolei, however, spoke up, he said, “Since someone dares to lay hands on San’er, then don’t blame us for retaliating, if the other party dares to do the first day, we can do the 15th, no big deal!”

Zheng Yuanshan shook his head and said, “It would be good if things were really that simple, the key is that some people don’t think that way!”

“I think it’s because they don’t want to think that way!” Ji Shaolei sneered, “Don’t pay any attention to those people, our lives are at stake and we still have to think about those villains? Things don’t spread to whoever doesn’t know, if anyone has any gossip, that’s no problem, I’ll put him through an assault too and see what he’ll do!”

Seeing Ji Shaolei’s fierce look and cold smile, Zheng Yuanshan could only shake his head and laugh bitterly.

He suddenly realised that he was really getting old.

Ji Feng and Ji Shaolei, the two brothers, were more aggressive and daring than one another, and also because they were young, so in many cases their ideas were simple, direct and effective.

If you look at Zhang Lei, although he didn’t say anything, that was obviously also because he was in the way of his uncle. Just by looking at the chill in his eyes, you can tell that he must be thinking the same way, and maybe even more ruthlessly.

This is perhaps the bloodlust of youth!

Zheng Yuanshan said secretly.

"It's settled!" Ji Feng said, "Uncle Zheng, you investigate the mole in the police system, but don't alert anyone, after you find out, you just inform me directly, I'll take care of the rest!"

"That's it." Zheng Yuanshan nodded and said, "In that case, then I will go and make the arrangements, you should also go back to the hospital early and rest."

Since the decision had been made, Zheng Yuanshan also immediately became thunderous, as a police officer by birth, he himself was not a procrastinating character, it was just because he had reached middle age and had experienced more, so he thought more, instead, he was not as direct and dry as Ji Feng and the others.

But when it comes to really going to investigate, it's still Zheng Yuanshan, the ginger is still the oldest!

"Right" Ji Feng just took two steps, and then suddenly turned back and asked, "Uncle Zheng, is this all the body parts found at the scene? Could it be that apart from that, all other parts of these two people were blown up without a trace?"

There was no doubt that the explosion at that time was very powerful, but even so, it was impossible for such a large person to have been blown away, right?

Especially the middle-aged policeman, how could he have been blown up with only one leg left and all other parts gone?

Zheng Wonsan said, "There's nothing left. All the others were in bits and pieces, mixed with the mud, there was no way to clean them up, and in the end, we only found these"

"What about the head?" Ji Feng asked.

"Not found!" Zheng Yuanshan shook his head, "The explosion was so violent, so I guess it must have shattered, look at these corpses, aren't they also blown to pieces?"

"No, no no no"

Ji Feng shook his head repeatedly and said, "Uncle Zheng, it's not right" No, I have to go to the scene and take a look!"

Ji Shaolei asked, "San'er, what's wrong? It's normal for people to be blown to pieces!"

"It's certainly normal for people to be blown to pieces, but there were two people on the scene, the bomb was hidden on one of them, and when it exploded, the other person wasn't particularly close to the explosion point!"

Ji Feng mused, "Look at this leg, although it was blown off, this fallen part is intact, not even the wound on it has been damaged! This means that the rest of this person's body should also be like this, but Uncle Zheng said that he didn't find it at the scene"

Zhang Lei's eyes snapped open, "Crazy, you mean to say that someone took the rest of this person's body parts away?! Or"

"Or he escaped on his own!" Ji Shaolei also suddenly understood, "In that case, someone at the scene might not have died at that time, but escaped?!"

“.....”

Ji Feng slowly nodded his head, his face was grave: “Go! Go to the scene!”

He had to see it with his own eyes, otherwise, he was really uneasy, that middle-aged policeman was too strong, even if he was missing a leg, but once he let him escape, he would still be a great threat!

Zheng Yuanshan was busy saying, “Ji Feng, your injuries are not yet healed, it’s too dangerous to go out like this!”

Ji Feng said, “Don’t worry, Uncle Zheng, I have a sense of proportion in my heart, what’s more, this time with Second Brother and Zhang Lei by my side, nothing will happen!”

“No way! It’s too risky for you!” Zheng Yuanshan shook his head.

“Uncle Zheng, if I don’t go and check it out now, then it might be more dangerous later!” Ji Feng said in a deep voice, “I can’t just never go out because there are enemies outside, can I? Don’t worry, someone will escort me there!”

When Zheng Yuanshan heard him say this, he immediately thought of what had happened on the Yuezhou Road in the past few days, and when he saw Ji Feng’s resolute expression, he had no choice but to agree: “Then, I’ll send someone to take you there, and if you don’t know anything, you can also ask him!”

“Then we’ll set off immediately!” Ji Feng said.

.....

Zheng Yuanshan sent two policemen and took Ji Feng and the others to the scene.

“Because this outer ring road is also one of the main traffic roads, so there is no way to block this road, we can only block the explosion scene, of course, the location of the car accident on the road, as well as the road section you chased, are also videoed and photographed and saved.” Seeing Ji Feng standing at the roadside looking back and forth, a police officer came forward and explained.

Ji Shaolei said, “Then make a copy of both the photos and the video of the scene at that time, we need it.”

“This”

The policeman hesitated a little and said, “I need to ask for instructions before I can give you an answer!”

Ji Shaolei nodded, he knew that this policeman might not be able to make the decision, and that he could get it directly from Zheng Yuanshan anyway, so he did not pursue the matter further.

Ji Feng stood on the roadside of the outer ring road, his face calm as he observed his surroundings, and from time to time he raised his eyes to look around.

In front of him was the guardrail of the outer ring road, and further out was a not too deep gully, from where Ji Feng had gotten off the outer ring road after stopping his car at that time, and went to the

wasteland ahead. It was also there that he had his first encounter with such a strong enemy in a fierce battle with that middle-aged policeman!

“Whew~!”

Suddenly, Ji Feng’s body suddenly shot up, stepping on the guardrail at the roadside with one foot, his whole body leaped high up like a roc with wings spread, and in the next moment, he fiercely flipped sideways, directly crossing the gully in front of him and landing steadily in the wasteland.

When he came here again, it was as if Ji Feng had gone back to the day he fought with the middle-aged policeman, and a cold light flashed in his eyes!

Ji Shaolei and the others also hurriedly followed, but they saw Ji Feng frowning.

“San’er, what’s wrong?” Ji Shaolei asked.

“..... These footprints, were they there before you came, or were they left at some other time?” Ji Feng asked the two policemen with a sullen face.

In front of them was a mess of footprints, perhaps because in the middle of the wasteland, almost no one came here, so these footprints were all still very clear, but they looked very messy.

One of the policemen said, “This was left at the time when Director Zheng brought us over, and just as we got here we heard a violent explosion, and then we rushed over the road ”

Hearing him say so, Ji Feng is not good enough to say anything, can only shake his head, a light sigh.

Obviously, his own life and Bai Zhu’s life are saved by these police officers, how can he still have the heart to continue to blame people?

Just

“Crazy, is there something wrong?” Zhang Lei asked, “What’s wrong with these footprints?”

“These footprints are so messy that they’ve covered up the original traces!” Ji Feng couldn’t help but shake his head, if there weren’t these footprints, he might be able to distinguish some of the original traces and thus determine if there were other people present at the scene at that time.

It was even possible that he could have discerned something more.

But thinking about the scene at that time, Zheng Yuanshan and these police officers were also on first aid for them, so Ji Feng couldn’t say anything else.

Zhang Lei and Ji Shaolei also understood, the two of them patted Ji Feng’s shoulder, this thing is not very good to say, people saved your life, thanks are still too late, how can you go blame people?

“Let’s do this”

The first thing you need to do is to take a look at the footprints, and you can use your mobile phone to take pictures of them and send them to me.

“Search?”

One of the policemen was stunned: "Mr. Ji, we have carefully searched around this area long ago, nothing has been found"

Ji Feng said, "That's why I'm searching again, in the explosion, since one leg could be left intact, there's no reason why all the other parts were blown to pieces! There must be something else around here that we haven't found hiss!"

Just as the words came out, he suddenly turned around, looked at the outer ring road and pointed across the road, "Have you searched over there yet?"

A police officer said, "Mr. Ji, the centre of the explosion is more than a kilometre away from the road, could something else have been blown away so far?"

Ji Feng said, "It's hard to say!"

"Then I'll go over there and take a look!" The policeman said.

"It's better to let Lei Zi go!" Ji Feng said, "A few of us searching this side will be fine."

Even though the policeman promised to go over and take a look, just by looking at the look on his face, he knew that he must have a non-committal attitude, because he himself didn't even believe that something might be found across the road, so how could he possibly go for a serious search?

After Zhang Lei rushed over, the four of them chose an area each and then searched carefully.

They were going forward in a circle in the same direction, with the circle getting smaller and smaller, and then they would eventually meet up at the central point, so that they could be sure not to miss anything.

This method proposed by Ji Feng made the two policemen underestimate in their minds how Ji Feng seemed to have more experience than both of them, who was the policeman anyway?

Campus Master Chapter 2148

"This man is really, he has to search again can't understand what there is to search, we've searched this place at least three times."

"Can't help it, who let people have a background. Besides, didn't you see that after the case happened, even the director of Zheng personally led the investigation, so you can see that this person's origin makes even the director of Zheng pay attention to it, what else can you say?"

"Yes, even Director Zheng has personally explained, come on, serve this master well!"

"Stop talking so much and get to work."

.....

In the wasteland near the outer ring road, the two policemen muttered secretly.

They were more or less unimpressed with Ji Feng's insistence to search again, feeling that it was superfluous.

After all, before this, Zheng Yuanshan had already personally led them to search the area, and they had also searched it again afterwards, and what they could have found would have been found a long time ago. After all, they were all professional police officers and had a lot of experience, were they not as experienced as a twenty-something year old boy?

The fact that Ji Feng insisted on doing this was a clear sign that he didn't trust the fruits of their labour!

But since it was personally explained by Director Zheng, the two of them couldn't say anything, they could only follow suit. After all, Zheng Yuanshan was becoming more and more powerful within the provincial department now, and it was a good time to lean over, so they naturally had to seize the opportunity, or at least, not make Ji Feng feel resentful towards them.

However, the two of them definitely had some unimpressed thoughts in their hearts.

Soon, a police officer saw some blood stains, but he just shook his head and said to himself, "It's still not just these"

The bloodstains, which he had already noticed at the time, looked at the shape and area of the blood spatter, which was obviously due to someone's body being blown to pieces and blood spraying out in all directions.

Of course, the blood was a bit strange because it was in a line, and when they first noticed it, they thought that someone had escaped with injuries, but when they realised that the blood only lasted for about ten metres, and then it was gone, they were relieved.

It must have been someone's body that had been blown to pieces when the body flew over it and the blood spurted down.

"Same old story, where can we find anything new!" The policeman shook his head and continued on his way.

With four people checking together, the speed was naturally fast, so it only took a few people half an hour to search a large area, and they were almost done.

Ji Shaolei and the two policemen both walked to the explosion point, where the ground was obviously dented by a piece, and a gust of wind blew and dust flew around, causing the two policemen to curse twice.

Ji Feng was the only one, still searching unhurriedly, whenever he found a suspicious place, he would squat down and check it carefully.

Just like that, about half an hour more passed before Ji Feng turned around and walked back, when he saw Zhang Lei running quickly from the other side of the road while shouting, "Crazy, there's a discovery over there"

Ji Feng's eyes suddenly narrowed for a moment.

Those two policemen were equally surprised and looked at each other, they didn't expect that there was really something found across the road!

You should know that the outer ring road is not close to this explosion point, not to mention having to cross the road, which is even further away.

Was the explosion that powerful? It wasn't like it was a powerful bomb!

When Zhang Lei ran closer, Ji Feng asked, "Lei Zi, what did you find over there?"

Zhang Lei said, "There are footprints, there are bloodstains, but it's strange, the footprints are only a line, as if how to say it, it's as if someone jumped on one foot and left it!"

Ji Feng instantly had a cold flash in his eyes, "Is it the left foot?"

Zhang Lei nodded: "That's right, it's the left foot! I followed the footprint all the way down, but it ended up stretching to another branch road in front of me, and then it disappeared. There were intermittent bloodstains in between, and although they had dried and there was a layer of mud on top, you could still tell they were bloodstains!"

"Sure enough!"

Ji Feng couldn't help but stomp his foot and said in a deep voice, "Still let him get away!"

Ji Shaolei was surprised and asked, "San'er, who ran away?"

"Ugh"

Ji Feng sighed and said, "Second brother, think carefully, the broken leg we saw in the city bureau's morgue, was it the left leg or the right leg?"

Ji Shaolei frowned, recalled carefully and said, "It seems to be the right leg and so on!"

When he said this, his eyes suddenly widened and he asked in consternation, "San'er, do you mean that the owner of that broken leg didn't actually die, but escaped? The footprints that were just found in Zhang Lei were left by that person?"

"Eight out of ten `nine!" Ji Feng nodded and said, "I suspected before that that person might not die so easily, and now it seems that this is indeed the case."

"That's not possible!"

One of the policemen said, "We just heard the explosion and immediately stopped and rushed over, in the middle of this if there was anyone escaping, we could have spotted it, but we didn't find anything at that time!"

Ji Feng shook his head and pointed ahead, "You tell me, what's on the ground there?"

The policeman immediately looked in the direction of Ji Feng's finger, but found that there was nothing there but billowing dust. As for the specifics on the ground, it was a bit hard to see too clearly.

"This dust is too big to see clearly." The policeman said.

"Yeah, it's not too windy today and it's already dusty, if I'm not wrong, it must have been dusty here after the explosion at that time?" Ji Feng asked.

“This

The policeman’s face changed instantly, indeed, he had come to the scene that day, and the place was indeed dusty and filled with smoke, not only making it hard to see things, but even very choking.

Especially after the explosion, there was dust all over the place, much more than the dust blown up by the gale!

Now that I think about it, if someone had really taken advantage of the dust to escape it would have been very difficult to be spotted indeed!

“That’s not right either!” Another policeman spoke up, frowning, “The bloodstains at the scene prove that there were indeed two people blown up here, so if there were really only two people at the scene, how could anyone have escaped?”

“Where are the bloodstains? You take me to take a look!” Ji Feng said in a deep voice.

“It’s right in front!” The policeman turned around and pointed.

“Go!”

Ji Feng said in a deep voice, “Go over and take a look.”

The two policemen immediately led the way in front, looking at their faces, they seemed to be a bit less than convinced, although they didn’t show it too obviously, but it didn’t escape Ji Feng’s eyes, which made Ji Feng frown, if the policemen all had this kind of attitude to handle cases, then it was understandable that so many new headless cases were added every day.

But Ji Feng didn’t say anything, after all, this was his own business, and the fact that these two policemen could follow was already a help, and Ji Feng wouldn’t ask them for anything.

Under the leadership of the two policemen, Ji Feng and the others arrived at the centre of the explosion.

“Look, there are obviously bloodstains here, and they are seeping deep into the ground, and combined with the body parts found near here, we can be sure that someone was killed by the explosion here.” A policeman said, pointing to the blood stains on the ground.

“Well!”

Ji Feng nodded, he had seen the body parts, so he agreed with this statement, “What about the other blood stain?”

The policeman said, “Actually, there are many cars with blood stains, after all, corpse pieces are flying everywhere. But we police have our own method of identification, we can determine exactly how the blood stains were formed and what the scene was like based on the shape and extent of the blood stains you guys over me!”

Perhaps very confident, that police officer couldn’t help but speak in a higher tone for a few minutes before turning around and leading the way.

For that policeman’s confident fullness, Ji Feng did not deny it, but just quickly followed.

Soon, they arrived at another bloodstain spot.

I only heard that policeman say, “Look here, this is a spray of blood, according to the analysis, there should have been body parts flying over this at that time, or someone’s body part was blown off right here at that time, that’s why this spray was formed

“Couldn’t it be that someone walked through here with serious injuries?” Ji Feng asked.

“Of course there is that possibility, just like that broken leg you mentioned, if a person’s leg is broken, the blood that spurts out of that aorta can also form this kind of trace, but the problem is, you look at the length of the blood” The policeman said with great certainty. “If someone with a serious injury had walked through here, how could they have left only such a short trail of blood?”

“Yeah, if someone walked through here and left a blood trail, how could he have only walked this far? It would have gone on forever!” Another policeman continued, “If he fainted when he walked here, then how could we have been at the scene at the time and not have noticed it?”

“So putting these points together, this should just be a blood trail formed by body parts flying by, not someone escaping!” The two policemen both made this conclusion.

However, Ji Feng was ignoring them, his gaze was only fixed on the bloodstains on the ground with a grave look in his eyes.

It was a long time before he said in a deep voice: “What you all said makes sense, I know you all worked very hard for my sake, and I don’t want to say anything else, I just want to ask, have you ever thought that this kind of blood stains, might have been left by someone walking past here after being seriously injured, but he had stopped the blood within this distance of a few meters, so there was no blood stains behind it! !”

“That can’t be right?!” The two policemen said in unison at once.

“How can a person stop bleeding so quickly after being seriously injured? It’s not that easy to stop bleeding from a major artery!” A stunned policeman said, thinking this was ridiculous!

“Of course it’s possible

for those experts, it’s not difficult!” Ji Feng shook his head and sighed lightly, for an expert, it wasn’t too difficult to use their internal force to seal the wound.

Even if that middle-aged policeman was seriously injured at that time, it was still doable to seal the blood flow for a short period of time.

He could now finally be sure that the middle-aged policeman had really escaped!

Campus Master Chapter 2149

When he saw the two policemen’s look of disbelief, Ji Feng just shook his head and didn’t say anything more.

These two policemen were just ordinary people, even if they were more experienced in handling cases and had received professional training, but in this case, their eyes had complete limitations.

Because they didn’t know that in this world, there are real martial arts masters!

At the same time, they were even more unaware that a real martial arts master would have no idea how many ways to hide his injuries if he wanted to.

Even if that middle-aged policeman had really been seriously injured at that time, he still had a way to escape.

Because as far as Ji Feng was concerned, if he had been in that environment at that time, he would have had many ways to escape as well.

According to Zheng Yuanshan's and the two policemen's descriptions, after the explosion at that time, the place was filled with dust and dust everywhere, and a normal person's vision would definitely be greatly affected in that kind of environment.

What's more, no one knew at the time whether there would be a second explosion, so everyone must have been a little nervous, which would have distracted the police officers from their work.

With the cover of the flying dust, it would have been so easy for a person to escape.

Just look at the blood on the ground, a layer of dust covered it, so you can see that the middle-aged policeman must have fled at that time, and then the dust fell down and covered the blood stains.

Ji Feng couldn't help but sigh lightly in his heart, the thing he was most worried about had still happened, which made his heart a little heavy.

Once that middle-aged policeman escaped, it would be a real problem.

Even though he was seriously injured, to a true expert, these were not enough to be fatal, not to mention, the strength of that middle-aged policeman was really the first time Ji Feng had seen it since his rise to power!

"San'er, what's going on?"

Seeing Ji Feng's face stony and his brow furrowed, Ji Shaolei couldn't help but ask.

"It's a loss of success!"

Ji Feng couldn't help but shake his head and said, "Among those thugs who attacked me at that time, the most powerful one, a guy who didn't die in the explosion, but escaped!"

Ji Shaolei frowned and asked, "Is this the mess of blood he left behind?"

Through the conversation between Ji Feng and those two policemen, Ji Shaolei more or less heard something, and could see that it was because of this puddle of blood, and that one footprint trace that Zhang Lei had found, that Ji Feng had made any judgement, and also appeared to be in a bad mood, and now it seemed that it was actually because of that!

"Yeah, this mess of blood should be left by that person!" Ji Feng nodded and said, "Remember that broken leg in the morgue, it belonged to this person! Based on the situation at the scene, I believe that was where that person had his leg blown off, but instead of being killed by the blast, he used some kind of method to seal his blood vessels and then escaped"

However, before Ji Feng could finish his words, he was interrupted by a policeman: "What exactly is the method you are talking about to seal the blood vessels? That's a bit unlikely, isn't it? A leg was directly blown off, this would be a bit difficult to do this kind of surgery even in some medium hospitals"

"Just because you guys don't know, doesn't mean there's no method!" Ji Shaolei said directly, "You guys don't interrupt first, listen to him finish his words!"

The two policemen were both a little embarrassed and their faces were a little less natural, but they didn't say anything more. However, they were definitely not too happy in their hearts, because no one likes to be rushed by others, not to mention that with their status, people would usually curry favour with them, where would anyone speak so unkindly to them?

However, Ji Shaolei did not bother about the two policemen's expressions, he just asked, "San'er, what is the situation, tell us more clearly!"

From the time he met Ji Feng, Ji Shaolei had never seen him so cautious, so this matter must be very important, or rather, this matter made Ji Feng feel very tricky, otherwise he would not have this expression.

Zhang Lei's gaze also looked over, he was aware of Ji Feng's strength, so he knew very well that if he could get Ji Feng admitted to the hospital and make Bai Zhu seriously injured, then the other party was obviously not simple.

Although both Ji Feng and Bai Zhu were injured in the explosion, Zhang Lei knew that for a real expert, not to mention that you were holding a bomb, even if you had an atomic bomb, it would be useless because in front of a truly strong expert, you would be killed instantly without even having the chance to make a move.

But this time the other party not only had the opportunity to make a move, but actually managed to injure Ji Feng, from this you can tell that the other party must not be simple either!

"You should all know what happened before, so I won't say any more. In fact, among these people, the most powerful one is the one who fought with me at the end, that person was wearing a police uniform, of course, Uncle Zheng has investigated, that person is not a police officer, or at least not a police officer in Southern Guangdong!"

Ji Shaolei and Zhang Lei slowly nodded their heads, this result they also already knew, and they were not surprised by this at all.

If the other party was a real police officer, then he definitely wouldn't be stupid enough to come at Ji Feng in a police uniform, because it would be easy to be found out.

"The one who is fleeing now is the middle-aged policeman you fought with?" Ji Shaolei asked.

"That's him!"

Ji Feng nodded and said, "That's him! This person is extremely powerful, his kung fu is very strong, and his stamina is extremely strong, I could barely exhaust him! Now that he's escaped, he's definitely a big hidden danger, don't look at the fact that he's had a leg blown off, if the rest of his body isn't seriously injured, I believe it won't take too long before he's a huge threat again!"

Zhang Lei asked, "Do you know what he's from?"

Ji Feng shook his head and laughed bitterly, "If I knew what his origin was, then I wouldn't need to be so sad here, I would have just followed the vine to take revenge! Now, on the contrary, this person must have sealed his veins and then crossed the road to another slip road and left in a car I guess there should have been a car on that slip road to meet them at that time."

"Where's the hospital?!"

Ji Shaolei suddenly asked, "Has the hospital checked?"

He asked this very suddenly, but Ji Feng was understanding what he meant and shook his head, "I didn't even know he had escaped before, how could I check the hospital?"

"Then hurry up and arrange for someone to check it out now!" Ji Shaolei said in a deep voice: "That man had his leg blown off, even if he could seal the blood vessels, it would be for a short period of time, after he escaped, he would still have to go to the hospital for an operation."

"That's right!"

Zhang Lei picked up, "That broken leg today was broken from the thigh, to do this kind of surgery, you have to go to a regular big hospital to do it, no other small hospital has the ability to do it at all, and it also has to be done as soon as possible to check the big hospitals in Yuezhou and several nearby cities, I believe there should be results!"

Ji Feng nodded and said, "This is the only way to go first, let the dead horse be the living horse!"

In fact, Ji Feng really didn't report any hope in his heart. Because since the other party was able to use police cars, act in a thorough manner, and raise such a large number of people, it meant that the other party's power must not be small.

Then, they must have contingency measures.

Even if they hadn't prepared any follow-up, after the middle-aged policeman was injured, they wouldn't be so foolish as to run to a regular hospital, which is not much different from throwing themselves into the net.

They must have had their own way, and it was likely to be one that no one else had thought of.

But for now, it's just a case of beating a dead horse, checking it out, and maybe there will actually be a windfall – but of course, that's all one can hope for!

"In that case, let's start investigating immediately!" Ji Shaolei said decisively, "I'll say on my side that we'll go find Director Zheng, you continue to go back to the hospital and rest, then wait for news."

"Where can I sit still!" Ji Feng shook his head, "Besides, this matter is too busy for Uncle Zheng alone, I think we have to go through other channels to investigate!"

"You don't have to worry about that!" Ji Shaolei patted his shoulder and said, "Leave this matter to me, my brother was attacked and killed, I as a brother can't help in the battle, but, in other aspects I will do whatever it takes!"

“And me!”

Zhang Lei said in a deep voice: “That’s no comment, madman, if there is anything you need you can just say, other than that I can’t, I can still run errands!”

Looking at the two brothers, Ji Shaolei and Zhang Lei, Ji Feng nodded heavily, “Good!”

“So now we go back?” Ji Shaolei asked.

“Wait, let’s go back and check the line of footprints that Lei Zi found!” Ji Feng said.

Several people crossed the road and soon arrived at the place where Zhang Lei had found the footprints, and as expected, there was a very obvious line of footprints in the wasteland on the other side of the road, but there was only a trace of one foot.

“Did you see that, the footprints are very deep, not at all like the marks left by our normal walking, obviously, this person jumped over with one foot, that’s why they left such deep marks!”

“It seems that our speculation was correct!” Zhang Lei said.

“Now that it’s settled, there’s nothing more to say, let’s get moving!” Ji Shaolei gritted his teeth and said, “We have to use the fastest speed to uncover that son of a bitch!”

“Wait a minute, you guys just said that an expert can seal his veins, what kind of expert? How do you seal it?” A policeman suddenly asked, only to see his face full of suspicion, obviously doubtful of what Ji Feng said.

“You guys ah”

Zhang Lei shook his head and suddenly stepped forward, grabbed the policeman’s belt with one hand, and his arm steeply shot up.

“Ah!”

The policeman shrieked, and then realized that he had been lifted up and by Zhang Lei with one hand, over his head!

“Know what a master is now?”

Campus Master Chapter 2150

“Cough cough”

The policeman was lifted up by Zhang Lei with one hand, his whole body straddling the air, supported only by Zhang Lei’s hand at his waist, causing his body to tense up at once, and the collar strangled his throat, causing him to cough violently at once.

Meanwhile, as soon as the other policeman saw that his companion was actually lifted up, he immediately thought that Zhang Lei was furious and was going to do something to them, and immediately shouted, “What are you doing, stop it!”

“Don’t worry, you saved my brothers’ lives, I won’t do anything to you!” Zhang Lei shook his head and with a bend of his arm, he directly placed the policeman on the ground, “However, I do have some

opinions about your work attitude. Don't think that just because you guys are experienced in your work, you take it for granted that your ideas are all correct, there are some things that are not something you can understand!"

"Ahem"

As soon as that policeman was put on the ground, he covered his neck and coughed, while looking at Zhang Lei with a touch of anger in his gaze.

Ji Feng frowned and glared at Zhang Lei, implying that he had gone a little too far.

Although Ji Feng had always looked at the careless attitude of these two policemen, and was not too comfortable in his heart, but no matter what, these two policemen had saved his life, of course, it was an exaggeration to say so, strictly speaking, they only followed Zheng Yuanshan and sent him and Bai Zhu to the hospital, but this was also a great help.

So to say that Zhang Lei treated that policeman like that was more or less inappropriate.

"Both of you, my brother's character is too impulsive, I apologize for him, and I ask you to take it a bit more seriously." Ji Feng apologized to those two policemen.

"Humph!"

The policeman who was lifted up by Zhang Lei grunted with anger in his eyes, but when he saw Ji Feng open his mouth to round things up, he couldn't blame too much, he just said indignantly, "Mr. Ji, Director Zheng sent us here to help, not to be angry, your friend is going too far by doing this!"

Ji Feng smiled and nodded, saying, "It's too much, I'll teach him a lesson!"

Seeing that Ji Feng had been wearing a smile and his attitude was very good, the two policemen were not good enough to say anything more, but in their hearts they would not be very happy for sure, after all, they were not ordinary little policemen either, they were all people with certain positions and status, but here they were given a hand up by such a hairy boy as Zhang Lei, which made them somewhat fall in status... ..

"Alright, there's nothing more going on here, let's go back!" Ji Feng smiled as he turned his head to the two policemen and said, "Gentlemen, I'm really sorry for today, I hope you don't have any thoughts in your mind."

"Forget it!"

The policeman who was lifted up by Zhang Lei shook his head and said, "Tell your friend not to be so impulsive in the future, I'm afraid if it was anyone else who was not in good health just now, something would have gone wrong, this is not a joke!"

Ji Feng smiled and nodded, "I'm really sorry, I won't bother you two next, please go back."

The two policemen looked at each other, frankly speaking, they naturally did not want to stay here, but because Zheng Yuanshan had sent them here, they were not good enough to leave in the middle.

Their thoughts did not escape Ji Feng's eyes, he smiled and said, "Don't worry, we have private business to attend to next, it's not convenient for you to follow, I will talk to the director of Zheng, I won't make things difficult for you please go back."

When Ji Feng said this, the two policemen's faces obviously looked slightly relieved at the same time.

They didn't even say half polite words, but nodded directly and said, "Since that's the case, then we won't delay your work."

"You two take care!" Ji Feng smiled and nodded his head.

"Bye!"

The two policemen gave them a symbolic greeting before turning around and leaving.

Zhang Lei couldn't help but shake his head as he watched, saying, "I don't know what my uncle was thinking, actually sending such two people over! Look what kind of attitude they all have!"

Ji Shaolei said, "This is normal, there are many such people in the system, besides, looking at their attitude, this time they obviously think they are here to help, not to solve the case. If it wasn't for your status, I'm afraid they would have flipped out just now."

"They dare!"

Zhang Lei glared, "As a police officer, shouldn't you put your heart and soul into solving a case of this magnitude? All you think about all day is moving up the ladder, no wonder there are so many headless cases solved!"

"All right! Let's not talk about that, let's go back!" Ji Feng waved his hand.

"That's right, it's important to get down to business, don't let these people spoil your mood!" Ji Shaolei said.

Since an action strategy had been set, naturally the quicker we acted the better.

Zhang Lei gritted his teeth and said, "We have to hurry up and track them down, once we find out who is behind this, let's see if I don't pick their skins!"

This time when Ji Feng was attacked and killed, it made both Ji Shaolei and Zhang Lei incomparably furious, because only a little bit of Ji Feng's life was lost, which made them extremely annoyed!

Since the person behind the attack was so arrogant and ruthless, there was nothing to say, just do it!

The most crucial thing now was to find the other party!

At the same time, the two policemen who left had other thoughts. After separating from Ji Feng and the others, they just walked forward with their heads bowed and complex expressions.

In fact, Zhang Lei's move had indeed made them feel shocked.

To casually lift someone up with just one hand, this strength alone was enough to shock them, but even more so, it made them realise that they might have really done something wrong this time!

Because Zhang Lei had proved with his actions that some things might really be beyond their imagination, at least they had never seen someone who could easily lift a grown man up, and with such ease.

Especially, Zhang Lei didn't look too strong.

What's more, they didn't even have time to react from the time Zhang Lei lifted his foot to the time he lifted the man up, so they could see how fast Zhang Lei was!

This was enough to show that Zhang Lei was indeed a master.

This was indeed beyond their expectation.

So, did this mean that there was really someone who could use some sort of method to seal the broken blood vessels?

If that was the case, then I was afraid that the kind of attitude they had before had angered Ji Feng and the others, which was the opposite of what they had come for.

They originally wanted to use this opportunity to get on good terms with Ji Feng and the others, so that they could enter Zheng Yuanshan's line of sight and become his direct descendants.

But because they thought they were experienced in handling cases and always thought they were right, they were very unimpressed by those actions of Ji Feng, which resulted in the current ending.

In this way, they would have a hard time in the future.

Because they had already leaned on Zheng Yuanshan, the leaders who did not deal with Zheng Yuanshan would definitely not give them a good look, but now they were the ones who had annoyed Ji Feng and others, so how could Zheng Yuanshan accept them again?

This is really not a good idea!

Both of them were chagrined and said in their hearts that if they had known that this was the case, they should have just agreed with Ji Feng from the beginning, and whatever he said would be fine.

In fact, they had not thought about the fact that the reason for all this was because they had the wrong mindset from the beginning.

If they had had the attitude of concentrating on solving the case from the very beginning, Ji Feng would not have been able to appreciate them enough, so how could they have had a half bad impression?

All this time, they were still thinking about how to move up the ladder, instead of reflecting on their own faults, and they could only end up like this

.....

After leaving the scene of the explosion, Ji Feng went straight back to the hospital. The matter of tracing was handled by Zhang Lei Ji Shaolei, while Ji Feng had time to cultivate and then use bio-currents to comb his body for Bai Zhu.

However, as time passed, there had been little news from the investigation.

In the blink of an eye, a few days had passed, and neither Zheng Yuanshan nor Ji Shaolei and Zhang Lei had come up with any results from their investigations. It seemed to just stop and progress was extremely slow.

This time, some people began to gloat.

“How ridiculous!”

“He Ji Feng thinks that by sending out a few vicious dogs that bite people everywhere, he can track down any results? It’s just a dream!”

“Since people dare to make a move against him, it means that they are not afraid of him investigating, and they must have been fully prepared before they acted, he thinks that with a few people he can find out everything?”

“Besides, smuggling in Southern Guangdong is already serious, trying to find out the source of the weapons from the underworld and thus trace the person who did it to him is ridiculous!”

Inside the general manager’s office of the Brilliant Group, Shao Jie, a man with gold-rimmed glasses, was sitting crookedly on the sofa, his face full of snickers, “Old Zhai, this drama is enjoyable, isn’t it? Ji Feng is like a jumping clown, jumping up and down, and now he can’t go on! I’m laughing my ass off!”

But Zhai Yadong frowned and said, “But then, Ji Feng must be even more furious in his heart, and if he can’t find out who is behind this, will he turn his spearhead to us?”

“He dares!”

Shao Jie, however, coldly snorted in disdain, “If he’s annoyed, he can bang his head against the wall! Although we are in business, not everyone can understand! If he Ji Feng dares to touch us, I guarantee that he will regret it!”

Zhai Yadong was still a bit worried, anyone could say big words, but the problem was that even if Wu Zhiyong came in person, he would have to face the combined efforts of Ji Feng and He Hongwei, I’m afraid he would be very confused and in a mess, let alone them.

You know, the Wu family is still facing the pressure of public opinion, and it’s still a big headache!

But seeing Shao Jie’s gloating look, Zhai Yadong could only secretly shake his head.

“Old Zhai, just wait and see, I don’t know what He Hongwei will do this time, but Ji Feng has suffered such a big loss and has raised a lot of people but he hasn’t even found out anything, he has long since disgraced himself to his grandmother’s house, this time, he definitely can’t stay in Southern Guangdong anymore, he will definitely slink away!” Shao Jie laughed heartily.

Zhai Yadong laughed bitterly, “I hope that’s the case!”

“Not hopefully, but definitely!” Shao Jie was full of smiles, “This time Ji Feng has planted his heel to his home! It’s really painful!”

However, Shao Jie did not know that just when he was smug, Ji Feng, who had just finished grooming Bai Zhu’s body, received a phone call.

“Little Feng, we’ve found out!”
