Chapter 221

“We can only do it the hard way!”

Ji Feng looked at the time, it was still a quarter of an hour short of four o'clock, if he waited any longer, he might get blocked into this cave.

Gritting his teeth, Ji Feng was ready to do it the hard way.

He immediately activated the bio-current and ran it to his eyes, and the scene in front of him was instantly a lot clearer.

His gaze fell on the safe in front of him, his own penetrating eyes, could they pass through this alloy safe?

Ji Feng took a deep breath and looked carefully, the scene in front of him gradually changed, the complex metal structure gradually appeared in front of him, dense and complicated.

It really worked!

Ji Feng was instantly pleased, he looked carefully at the lock of the safe, between the latch and the lock core, there seemed to be no connection, which meant that the lock had been opened, but why was there still no movement?

Suddenly he saw that between the safe's door and the alloy wall next to it, there were a few sheets of paper wedged in!

“No wonder there was no movement!” Ji Feng couldn't help but curse.

For a safe like this with a very tight fit, there couldn't be any foreign objects in the middle at all, and there was no telling how Yun Feiyang had closed it at that time.

Now that we know what the reason is, Ji Feng is relieved, as long as it's not because of the code, otherwise, he would only have to call his second brother and ask him to send someone to transport this safe out. If he only relied on himself ..... Ji Feng looked at the safe which was even taller than himself, even if he and the two security guards were exhausted, they might not be able to lift it, right?

Ji Feng grabbed the handle, put one hand against the edge of the safe, and pulled violently.

“Pop!” With a sound, the door opened.

“Whew!” Ji Feng exhaled, his gaze immediately fell on the things in the safe, “This ..... gentleman, please help me find a life ring or a wetsuit ..... you should have these things here, right?”

“Yes, there is!” The guard nodded in a panic, but in his heart he was muttering, could this junior not know how to swim? Then how did he sneak into the island?

Although his heart was puzzled, he quickly found a lifebuoy, “Sir, I have purposely inflated it, enough to ensure that you can safely return to shore.”

Ji Feng glanced at him, took the lifebuoy and immediately pulled the plug out of the inflation port, the gas inside immediately overflowed and the lifebuoy quickly dried out.

The security guard was stunned, but he saw Ji Feng following the inflatable mouth with both hands and violently exerted force, and the lifebuoy was unexpectedly torn open raw.

Ji Feng stuffed all those documents and other things from the safe into the lifebuoy, among which there was also a packet of things in a file bag, and Ji Feng didn't look at what was inside, so he stuffed it all into the lifebuoy in one go.

It was only when all the stuff was packed in that he folded the lifebelt up, tied it in a knot, and slung it across his body as if it were a shoulder bag.

Ji Feng patted the lifebuoy and felt it was a bit heavy. He couldn't help but secretly wonder, these things were all some papers, which reasonably shouldn't weigh anything at all, so how could they be so heavy?

Although he was suspicious, now was not the time to check, he made sure one last time and found that nothing had been left behind and the contents of the safe had been swept away, only then did he close the safe again and turned around, "Let's go."

The security guard nodded in a daze and only then did he understand that Ji Feng wanted the lifebuoy to prevent these documents from being soaked in water.

Ji Feng naturally did not know what was in this security guard's mind, and he did not have time to think about it, after he got his things, Ji Feng explained, "I came here for something ....."

"I know, I've been sleeping and sir has never been here before." That security guard was still quite resourceful in this regard, to.

Only then did Ji Feng nod to his satisfaction, and then he ran wildly outside.

"Ee? Where is everyone?" The security guard only felt a blur before his eyes and he lost sight of Ji Feng, he couldn't help but be appalled, "What speed, what a master! The person sent by the boss is really extraordinary!"

When the sky had gradually dawned, Ji Feng finally returned to the villa and looked at the time, it was almost six o'clock.

From the time he went out at eleven o'clock to now, it was only a short span of six hours. Ji Feng had first got rid of Yun Feiyang, who was famous in the Jiangzhou underworld, and got evidence of his dealings with other people.

Most importantly, Ji Feng got rid of a huge hidden problem for Tong Lei, and that was the biggest gain of all.

Yun Bing was really too crazy, Ji Feng was a bit shocked, this woman was simply a madman, she wanted other people's lives when she opened her mouth, and even came up with all kinds of vicious tricks, it was really chilling.

Luckily, got rid of her!

Ji Feng finally let out a sigh of relief as he quietly slipped back into the villa and took a look at Xiao Yuxuan and Tong Lei's bedroom, finding that the door was tightly closed and the two seemed to have not woken up yet.

Ji Feng hurriedly entered the bedroom and collated all the things in the life-saving ring and dumped them on the bed in a casual manner.

When Ji Feng opened the first paper box, he froze in his tracks.

Inside this box, all of them were photos, moreover, all of them were extremely revealing photos, and almost all of them were of men and women being \*\*down during the act.

Looking at the faces of those men on the photos, Ji Feng vaguely felt some familiarity, but couldn't recall exactly where he had seen them before.

"This Yun Feiyang, there's still such a hobby!" Ji Feng muttered, then he put those photos back again and casually picked up another document.

This document, which made Ji Feng's heart endure a test once again, was recorded on it, surprisingly, all of Yun Feiyang's individual criminal experiences, as well as what people were involved in between, the time, the place, all written clearly, this should be written by Yun Feiyang himself.

What makes Ji Feng frown is the content of this document, drug trafficking, trafficking, smuggling ..... seems to be as long as it can be done, Yun Feiyang has done it all.

The second document, an account book, corresponds to the first document, and it records how the profits from each crime were distributed .....

Pah!

Ji Feng fiercely threw them onto the bed, his face ironic.

"Trafficking, so this is trafficking!" Ji Feng gritted his teeth and said, according to Yun Feiyang's records, they would often lure some young girls who came to Jiangzhou to work, enter entertainment venues, and then force them to sell Y!

"A key to kill them, it's really cheap to kill this beast!" Ji Feng's face was incomparably gloomy.

Only after a long time did Ji Feng sort of calm down, his gaze, again, fell on the bulging file bag.

Casually opening it, a small black cloth bag fell down, there was also a pistol inside, as well as a dozen ..... gold bars!

"What's in the small cloth bag?" Ji Feng's gaze did not linger on the pistol and the gold bars, but landed on the small black cloth bag.

When Ji Feng opened the small cloth bag, a crystal light, reflecting the light, immediately shook Ji Feng's eyes.

Diamonds!

In this small bag, there were all diamonds, hundreds of them!

“Boy, does this count as taking the sheep by the hand?” Ji Feng froze, “These diamonds and gold bars should be the back way Yun Feiyang prepared for himself, hmmm ..... considered cheap!”

Pistols, just what Ji Feng wanted, he had thought of making his own pistol for protection, but he didn't expect someone to send him a pillow when he dozed off, what Yun Feiyang had prepared for his own escape, all fell into Ji Feng's hands.

Whether it was diamonds, gold bars or pistols, they were all good things to Ji Feng and he naturally would not hand them over.

However, the rest of the documents and account books and other things, Ji Feng intended to hand them all over to Second Uncle. What to do with them and how to deal with them, these were all left to the second uncle to consider, and I believed that the second uncle would definitely not disappoint himself, or at least, would make some people hurt and suffer.

Just as Ji Feng was picking through the hundreds of diamonds, a sound of footsteps suddenly came from outside.

Ji Feng hurriedly put all the things away and put them in the bedside cabinet.

The footsteps were gradually approaching and seemed to be coming towards his room. Listening to the footsteps, it should be Xiao Yuxuan.

Ji Feng couldn't help but wonder, it wasn't even fully dawn yet, why did she get up so early? Even if she had classes in the morning, there was no need to get up so early, right? Driving from here to school would only take half an hour at most, and fifteen minutes would be enough if there was no traffic on the road.

But soon, Ji Feng knew what the problem was, he looked at the light in his room and couldn't help but shake his head and laugh bitterly, he was too careless, Xiao Yuxuan must have seen from the crack under the door that the light was still on in his room and thought he was already up.

“I should have turned on the desk lamp if I had known!” Ji Feng muttered, scrambled to take off his clothes and picked up another towel to wipe his hair haphazardly before he breathed a little sigh of relief.

Because he had swum in the sea before, his hair was still damp, and his clothes were even all wet, so if Xiao Yuxuan saw it, she could definitely guess that he had gone out at night.

Knock, knock, knock!

There was a knock on the door.

Ji Feng instantly smiled bitterly, Yu Xuan still knocked on the door, this exquisite goblin-like woman with a delicate mind was definitely not at ease with herself.

Ji Feng grabbed a pair of big shorts that he had prepared long ago from the side, quickly put them on and opened the door.

Then, Ji Feng got a little dizzy.

The person standing at the door was indeed Xiao Yuxuan. However, the current Xiao Yuxuan was full of endless charm, making it almost impossible for Ji Feng to look away.

Seemingly not yet fully awake, Xiao Yuxuan's eyes were a little hazy at this time, and the silk nightgown on her body, a suspender belt slipped down from her knife-like fragrant shoulders, and the soft white flesh on her chest, mostly exposed, held the silk nightgown up high, almost ready to break out of her clothes.

Ji Feng clenched his fist tightly, he was afraid that if he couldn't control himself, he wouldn't be able to resist grabbing a hand on it, the kind of flirtation that was full of endless seduction, it was simply maddening.

"Why aren't you asleep yet?" Xiao Yuxuan didn't realise that she had gone naked and yawned, a slight movement on her part caused a shiver to run through her chest.

"Oh, I'm getting ready to get up and buy breakfast, it's dawn!" Ji Feng explained haphazardly, his breathing couldn't help but rush a little.

"Oh, tomorrow get the cutlery ready, we'll sit ourselves at home for breakfast, the ones bought outside are not for the living!" Xiao Yuxuan said.

Ji Feng froze and nodded, but how could he not move his gaze from that white blossom chest.

"I'm going to take another nap, lack of sleep, is the biggest natural enemy of women!" Without waiting for Ji Feng's reply, Xiao Yuxuan turned around and left.

"Boom!"

When Ji Feng saw Xiao Yuxuan's back, it was as if he had been struck by lightning, his entire body stiffened there, while his gaze, however, was deadly fixed on Xiao Yuxuan's back.

It seemed that she had just come out of the toilet and was still confused, the back hem of Xiao Yuxuan's nightgown, was actually bundled in that small pink inner `pants is inside, the plump and round buttocks, was tightly wrapped by the small pink inner `pants, the fat and beautiful buttocks that were full of endless charm, enough to make any man go crazy for it!

## Chapter 222

"Goo dong!" Ji Feng swallowed hard, his throat moved subconsciously, the plump and fat ass wrapped in those small pink panties was taut, and those small panties couldn't even cover a small part of that ass, a large area of snow white was exposed, falling into Ji Feng's sight without reservation.

In this silent villa, the sound of Ji Feng swallowing saliva was so obvious that it immediately made Xiao Yuxuan, who was still a bit confused, startled, she turned around and asked softly, "Ji Feng, what's wrong with you?"

"No, nothing!" Ji Feng shook his head in a panic, but in his mind he could not erase the scene of that plump arse that trembled as she walked, remembering that he had also slapped on it more than once and had felt with his own hands how elastic her arse was .....

“Are you hungry?” Xiao Yuxuan asked with concern when she saw that Ji Feng’s face was flushed and seemed a bit off.

Ji Feng nodded his head in a panic and said, “Yes a little, you go back to bed first, I’ll go buy breakfast here!”

This time, Xiao Yuxuan was even more puzzled, the tone of Ji Feng’s speech seemed a little raw and with a hint of tension, and looking at his reddened face, it seemed that something was wrong too.

Xiao Yuxuan turned around and walked over, reaching out to touch Ji Feng’s forehead, “Are you really alright?”

As Xiao Yuxuan got closer, the white blossom appeared unreservedly in front of Ji Feng’s eyes, the mostly soft flesh, making Ji Feng almost forget to answer, a faint fragrance came from Xiao Yuxuan’s delicate body, making Ji Feng couldn’t help but breathe in hard.

Xiao Yuxuan instantly reacted, two flushes rose up on her pretty face and gave him a flirtatious white glance, “Little rascal, just know immodest .....

Her words were like a strong aphrodisiac, causing the evil fire in Ji Feng’s heart to burst out and could no longer be restrained.

“Ah!” Xiao Yuxuan let out a low cry, and felt herself suddenly being hugged by Ji Feng.

Ji Feng hugged Xiao Yuxuan and walked into the room with big steps, closing the door with his body, and immediately, he flung himself on the bed, and Xiao Yuxuan was pressed underneath him.

“Ah!” Xiao Yuxuan was so shy that she panicked and whispered, “Little rascal, Lei Lei is still in the bedroom, she will hear .....

“Don’t worry, the villa’s rooms are well soundproofed, she won’t be able to hear.” The evil fire in Ji Feng’s heart bubbled up inexorably, his big hands kept roaming around Xiao Yuxuan’s body, and his mouth blocked Xiao Yuxuan’s tempting red lips, greedily sucking on the sweet juices .....

“Mmm!”

Xiao Yuxuan’s body stiffened violently, her heart was shy, happy and worried, the complex emotions made her forget to think for a moment, and just let Ji Feng do what he wanted.

In particular, the strong masculine scent coming from Ji Feng’s body made Xiao Yuxuan somewhat intoxicated. Her body, moreover, almost disobeyed her master’s orders, and soon became hot and soft, and her legs could not help but clench .....

“Yu Xuan, I love you!” Ji Feng took a deep breath, lifted his head, looked at Xiao Yuxuan’s eyes that were full of charming style, and whispered.

“This little rascal .....” Xiao Yuxuan’s eyes suddenly became lost, she was already extremely in love with Ji Feng, now for the first time she heard Ji Feng say these three words, she couldn’t help it, she was moved.

Ji Feng no longer spoke, his big mouth covered Xiao Yuxuan's delicate red lips, chasing her lilac tongue, and with one hand he lifted her nightgown, and at once, a stunningly beautiful youkai appeared beneath Ji Feng.

When Ji Feng's hand continued to swim down, Xiao Yuxuan then completely gave up her resistance and began to respond enthusiastically to Ji Feng's movements, her hand, too, began to take the initiative to tear Ji Feng's shorts .....

Looking at the white flower in front of him with two places of crimson, Ji Feng contained down.

"Wow!" In a flash, Xiao Yuxuan's body tensed up and a tingling sensation spread throughout her body.

Xiao Yuxuan's cat-like moan was like a great encouragement, and Ji Feng immediately wanted to go further. But just at that moment, he abruptly stopped all his movements and did not move.

"Little rascal, what's wrong?" Xiao Yuxuan asked with confused eyes, flirtatious and shy.

Ji Feng hurriedly got up and gave an awkward smile, "Lei Lei might want to get up."

Xiao Yuxuan was also startled, and got up in a panic to put her clothes in order and was about to go outside, but her heart was a little sour, she was obviously making out with her boyfriend, but it became as if she was cheating on him with another man .....

Ji Feng seemed to feel the change in Xiao Yuxuan's state of mind, he wrapped his arms around the beautiful woman's delicate body and whispered, "Yuxuan, I ....."

"No need to say it, I understand it all." Xiao Yuxuan said softly, "Who let me take a fancy to you ....."

Ji Feng could feel the deep love of the beautiful person, but he didn't know what to say.

Xiao Yuxuan smiled sweetly and said, "If you don't let go of me, it won't be easy to tell when Lei Lei wakes up later!"

Ji Feng could only let her go, but he felt a little guilty in his heart. At the same time, he was also a bit downhearted.

"Ugh! How come it happened to wake up at this time!" Ji Feng couldn't help but scratch his head, but there was nothing he could do, with his ears, he heard Tong Lei get out of bed just now, but he didn't know if she usually woke up that early, or if she was just a little sleepy because she was shocked by yesterday's incident.

Or maybe ..... Lelei knew about herself and Yu Xuan and she woke up and saw that Yu Xuan wasn't there, which is why she made the noise on purpose?

Ji Feng hurriedly put this thought away, this speculation can not be good, if Rei Lei really knows, but he has been hiding it from her, how sad she will be?

"Ji Feng, Ji Feng, you're really a bastard!" Ji Feng couldn't help but curse himself, but he knew that he couldn't let go of either Yu Xuan or Rei Lei, "It seems that this bastard can only continue to be a bastard, he must let Rei Lei know about his relationship with Yu Xuan as soon as possible, otherwise, the longer it takes for him to do so, the sadder both of them will be."

Having made a decision, Ji Feng was then quite relaxed as he muttered, "However, the most crucial thing now is to give away all these things in his hands."

Ji Feng knew very well that these things he had in his hands, when placed in anyone's hands, would be a life talisman. As long as the news leaked out, the people involved in these documents would definitely grab them at all costs, because if they didn't, they wouldn't have a life, even though all these people deserved to die, but they themselves wouldn't think they deserved to die.

But if these things are handed over to Uncle Er, then to those people, this is a time bomb, and no one knows when Uncle Er will suddenly detonate one and blow those people to pieces!

Of course, Ji Feng didn't want to ask too many questions about this official matter, what he wanted was very simple, those who had committed crimes should be tried one by one, and justice should be done to those young girls and their families, that's all!

He believed that Uncle Yee would not let him down!

Although, it might take some time to achieve what he had imagined, as the resistance would certainly be not small, but Ji Feng was willing to wait.

Thinking of this, Ji Feng dialed his second brother Ji Shaolei's phone number: "Second brother, I've got the stuff ..... Well, it's wonderful, it's not necessary, I'm not comfortable with you sending someone, it's better for me to deliver it personally!"

Rejecting Ji Shaolei's request to send someone to pick them up, Ji Feng still felt that he had to deliver these things to second uncle personally. The explosion that occurred at Yun Feiyang's villa last night, I'm afraid, had already alerted many people with an interest in the matter, and anyone who was a person would know that that kind of explosion was definitely not an ordinary accident, it must have been attacked.

So, why was Yun Feiyang attacked?

But anyone who has done something bad, unless they are the kind of person who is truly treacherous and evil, will be a thief and will naturally be careful to guard against, and even spy on, their opponents.

If Ji Shaolei sends someone at this time, it might fall into the eyes of those who have an interest, and what will happen then is not guaranteed.

So Ji Feng is going to insist on sending himself there, and if someone comes to intercept himself ..... hey, unless the other party doesn't show up, then they will definitely regret it.

After looking at the time, Ji Feng then hurriedly dressed and went downstairs and went to buy the breakfast back first.

He did not know that at this time, Xiao Yuxuan's heart was being surprised.

When Xiao Yuxuan returned to her room, she instantly found that Tong Lei was indeed getting dressed.

"The two bedrooms are not that close to each other and the soundproofing is so good, how did that little rascal know that Lei Lei was already up?" Xiao Yuxuan was secretly surprised in her heart, but once she remembered those skills of Ji Feng, she was relieved.

Xiao Yuxuan then turned around to make up her bed and prepared to dress and get up.

“That ..... Sister Yu Xuan .....” Tong Lei spoke hesitantly.

Xiao Yuxuan’s heart suddenly jumped, but her face was as if nothing was wrong as she asked, “What’s wrong, Lei Lei?”

“Your nightgown ..... is tied up inside your underwear!” Tong Lei gave a wry smile.

“Ah!” Xiao Yuxuan was instantly shocked and turned her head in a panic to look. Seeing her little pink panties exposed, Xiao Yuxuan was suddenly greatly shy, and she finally understood why Ji Feng had lost his temper so much when he was looking at her back.

Damn it, he must have thought that he was deliberately seducing him!

Xiao Yuxuan’s pretty face turned red as she laughed and scolded, “Damn girl, how dare you laugh at me? See how I’ll clean you up!”

The two girls immediately made a mess, Tong Lei’s clothes were backed off by Xiao Yuxuan before she could put them on, while Xiao Yuxuan’s nightgown, moreover, was lifted, and the two girls hugged each other, tickling each other, laughing so happily.

For a while, the bedroom was filled with spring light and laughter.

Ji Feng stood outside the bedroom door of the two girls, his heart warmed up, the two girls’ crisp and pleasant laughter added some vitality to the empty villa, which gave it a sense of home.

Ji Feng smiled faintly and knocked on the door, “Breakfast is here!”

The room was suddenly free from the sound of frolicking, only the sound of the two girls rustling around and putting on their clothes.

Ji Feng snickered twice and said, “Breakfast is on the kitchen table, I still have something to do, I’m going out first, Lei Lei don’t go to school yet, wait for me to come back and send you there!”

“Got it!” Tong Lei’s brittle words came out.

Ji Feng laughed, then he picked up those things, drove his car and went straight to second uncle’s house.

## Chapter 223

On the way, Ji Feng was considering whether to tell Second Uncle about the gold, diamonds and pistol, but after half a day of consideration, Ji Feng still didn’t make a decision.

If he told Second Uncle, perhaps he wouldn’t want it back, after all, it was considered his own money for selling his life. However, at least if something happens in the future, second uncle will definitely associate himself with it.

If you don’t tell ..... it’s not good either, you think your father is watching your every move right now, there’s no reason why second uncle wouldn’t tell his father about such a big deal.

When the car was parked in that small hutong next to the family courtyard of the municipal party committee, Ji Feng had a decision to say only the pistol and the gold bar, the diamonds would be concealed first, and when second uncle asked, it would not be too late to say.

After all, the diamonds were too big, both in amount and value. Although Ji Feng did not know the price of the diamonds, he thought that what could make Yun Feiyang throw down a splendid group to prepare for his own back way would naturally not be bad enough, at least, it should be enough for him to spend for several years while fleeing.

The second uncle's house, the door is opened by Ji Shaolei, now the family is only him, Ji Shaoyun was directly thrown into the army, as for which army, Ji Feng also do not have much heart to ask, that second world ancestor, think in the army definitely will not have any good fruit to eat.

Ji Shaodong usually can rarely go home because he is serving outside, and Ji Shaolei is the only one left at home.

Although Ji Shaolei usually looked like a playboy, he was still very filial and knew that his parents would definitely feel a bit lonely when he was left at home, so he tried his best to rarely spend the night outside and would stay at home most of the time as long as there were no important matters.

"Second Uncle, Second Aunt, because I came in such a hurry, I didn't bring anything with me either!" Ji Feng smiled faintly.

"This kid, when you come to second aunt's house, don't bring anything!" Second Aunt was still so enthusiastic, she was a kind person herself, and when she saw Ji Feng, a happy smile immediately appeared on her face, pulling him to ask him long and short questions.

Ji Feng didn't feel the slightest bit impatient, because from Aunt Ji, Ji Feng seemed to see a shadow of his mother. Because both Ji Shaodong and Ji Shaoyun were not at home, Aunt Er probably missed them especially, so she transferred that thought to Ji Shaolei and herself.

Mother was in Yanjing, so I guess she missed herself just as much, right?

"Mom, Dad and Little Feng still have something to talk about, so you should go and prepare breakfast first." Ji Shaolei laughed from the side.

Second Aunt immediately glared at him, "You child, I'm talking to Little Feng for a while, what's in your way again?"

"No, no!" Ji Shaolei could only accompany a smile.

"Brat, no big and small!" Second Aunt was furious and gave her son another hard knock on the head before she turned around and went to prepare breakfast.

Ji Shaolei touched the place on his head where he had been knocked and laughed heatedly.

"Little Feng, you and Shaolei come with me to the study!" Second Uncle said indifferently, his lumbar spine gradually improving, he had become more and more majestic, and his light words had the feeling of not being angry.

Ji Feng and Ji Shaolei both immediately followed him and went to the study upstairs.

“The villa of the chairman of the Brilliant Group suddenly exploded last night, does this matter have anything to do with you?” Just after arriving at the study, second uncle Ji Zhenguo asked in a deep voice.

Ji Shaolei’s gaze also fell on Ji Feng’s body, he was curious in his heart, what kind of bodyguards must the chairman of Brilliant Group have around him? What kind of bodyguards does the president of the Brilliant Group have to have around him? Can there be no protection at home?

The bodies of Yun Feiyang and Yun Bing were found at the scene, along with the bodies of four other people. Although they had been blown out of shape by the violent explosion, the police were able to identify the six people through technical means.

The only thing is, how exactly did Ji Feng manage to do that?

In the face of Second Uncle’s pressing questions, Ji Feng only scratched his head and smiled heatedly, “Second Uncle, I don’t understand what you’re talking about oh!”

“You don’t understand? There are still things you don’t understand?” Ji Zhenguo’s face sank, but in his heart he was happy, this kid was really slippery, although there was no evidence, there was the detailed address and whereabouts of Yun Feiyang that Ji Shaolei had given Ji Feng, and the fact that he had sent someone to Ivory Island to determine the existence of the safe, plus the phone call from Ji Feng this morning, all these clues undoubtedly pointed to Ji Feng, and he still denied it?

“I really don’t understand.” Ji Feng smiled faintly, just not admitting it. This kind of thing, even when facing one’s family, it was best not to say anything if one could. Moreover, he believed that second uncle had a number in mind.

Sure enough, Ji Zhenguo just gave him a deep look and said, “Since it has nothing to do with you, it is best, and things that violate the law must not be done!”

“I’ll remember.” Ji Feng nodded seriously and said in his heart, if that woman Yun Bing wasn’t just too crazy, the hell would be willing to do that kind of thing, it’s not like killing someone is so much fun.

“So what ..... second uncle, this is something I inadvertently got, I feel the need to give it to you, you read it.” Ji Feng casually took out a bag from his arms and handed everything to Ji Zhenguo.

Ji Shaolei’s curiosity was piqued and he stretched his head to look at it, only to be immediately glared at by Ji Zhenguo: “Don’t know the lightness of it!”

“Hehe .....” Ji Shaolei laughed sarcastically and hurriedly retracted his head.

Ji Zhenguo casually flipped through a few pages of those materials and looked at the photos, violently slammed something on the desk, and said in a hateful voice: “These people, they are simply heartless!”

Ji Feng was silent, he had also casually scanned a few pages before, the contents recorded in it were really appalling and made people’s scalps explode when they looked at it.

Ji Shaolei hurriedly put things together and re-delivered them to his father. Of course, in the process, he couldn’t help but peek at a few things, and the contents that he casually saw also made his heart tremble with fear.

These people, they were just too crazy!

“All these things, let’s put them all here with me first, you guys go down and have breakfast.” Ji Zhenguó waved his hand, these information, had to be dealt with as soon as possible, before all those people reacted, arrange it as soon as possible, otherwise, once the news leaked out, it might have to be a foregone conclusion.

The first time I saw him, he said, “I thought I was enough of a bastard, but compared to these people, I’m a living thunderbolt.

Ji Feng nodded in silence, the information in those written down by Yun Feiyang was really shocking to read, and there were even many things in there that would give you nightmares after reading them.

Despite the warmth of Aunt Er’s greeting, with this matter on their minds, neither Ji Feng nor Ji Shaolei were in much of a mood to eat, and after casually eating a few bites, Ji Feng bid Aunt Er farewell.

“Second brother, you still need to lend me your car for a while.” Ji Feng said.

“You can just keep driving this car, brother didn’t give you any gifts either, this car will be considered a gift, all the expenses are on my account, you don’t have to ask anything.” Ji Shaolei laughed.

“Hey, hey, I’ll take advantage of this then!” Ji Feng heatedly smiled, with Ji Shaolei, he had nothing to be polite about, being polite was rather out of place.

Ji Shaolei couldn’t help but roll his eyes, “A man with tens of millions of dollars, how dare he still be complacent about this, can you be a little bit more energetic?”

“I can’t help it, we are poor, as the saying goes, people are poor and short of will!” Ji Feng laughed.

After leaving Second Uncle’s house, Ji Feng finally let out a sigh of relief, the stuff had been sent out, what to do with it, that was Second Uncle’s business. The second uncle’s gloomy face could tell that Jiangzhou, I’m afraid, will set off a storm of severe crackdowns.

The first thing you need to do is turn on the radio in your car and start listening to traffic radio music. Ji Shaolei’s two BMW X6s had car TVs, but Ji Feng himself had no interest in these things, especially some crude TV programs, which he had a headache watching, so he might as well listen to some music for comfort.

“Hello listeners, this is host Yang Yang, according to the latest news, the head of the new generation of domestic jade girl school, the popular singer Warmth, will come to Jiangzhou next month to start her national concert tour, tickets are currently on pre-sale, if you are interested, you can contact the phone number ..... or go to the designated place to buy tickets .....

Over the radio, came the crisp voice of the host, and Ji Feng couldn’t help but be stunned: “The Jade Lady Sect’s head honcho is cozy? How come I haven’t heard of it?”

Soon, the warm and fuzzy song had sounded, Ji Feng was listening to the spirit, this song is indeed very good, just do not know how the person .....

Ji Feng secretly muttered, can’t be like some stars that look scantily clad on the surface, but in reality .....

“Hi!” Ji Feng shook his head and laughed, “All these things are none of my business, worry more, or my Yu Xuan and Lei Lei are the cutest!”

The throttle under his foot slammed down, the roar of the engine sounded, and the BMW X6 was like an arrow off the string, roaring out and disappearing into the rolling traffic.

But soon, Ji Feng was dumbfounded, he drove for less than ten minutes, as soon as he arrived at the main road of the third ring, he was shocked to find that there was a traffic jam here!

The traffic jam in Jiangzhou ..... once mentioning these words, I’m afraid no one is not afraid, Ji Feng finally encountered today, that a car next to a car, the middle even pedestrians may not be able to walk through, in this case, Ji Feng has the best car skills can not drive through, unless it is to fly a plane.

“Does this count as having fun?” Ji Feng hummed, took out his phone and called Yu Xuan and Lei Lei, telling them that he was stuck in traffic on the road and didn’t know when he would arrive home.

Yu Xuan fortunately hadn’t left yet, so she took Lei Lei to school with her, and only then did Ji Feng let out a sigh of relief.

Looking around at the blocked road and then at the wide and empty pavement next to him, Ji Feng’s heart fluttered. He stuck his head out of the car window and looked upwards, not finding any electronic eyes.

Reversing slightly and steering quickly, Ji Feng prepared to take a shortcut back from the pavement.

However, his car had just reached the pavement and before he had a chance to put gas in it, a motorbike stopped in front of it.

“Traffic police .....” Ji Feng laughed bitterly, it was a traffic police patrol motorbike and a female traffic police officer in uniform with a big brimmed hat came down from it, staring at Ji Feng with an unfriendly face.

“You have two choices, first, press directly over me, second, turn off the engine, get off and accept the punishment!” Seeing that Ji Feng was still useless to react, the traffic policeman said coldly at once.

## Chapter 224

Ji Feng froze looking at that traffic police, half a day did not come back to his senses, such a tough female traffic police, he really first time to see ..... In fact, other traffic police, he also did not deal with, from can drive to now, he is still the first time to deal with traffic police.

Of course, it is definitely not the first time he has violated traffic rules, only that he has not been caught before.

Ji Feng’s eyes fell on the female traffic police’s chest, alarm: xxxxx. Look at the employment certificate hanging on her chest: Li Ruonan.

But Ji Feng didn’t know that his gaze fell into the eyes of this female traffic policeman, and he suddenly became a pervert behavior that couldn’t be more standard.

Driving a luxury car, ignoring traffic rules, having an evil-looking person, staring at someone's breasts when they first meet ..... all these kinds of behaviors, who else could do it except for those good-for-nothing flirtatious second-worlders?

In an instant, Li Ruo Nan in her heart labeled Ji Feng as unwelcome. She had seen many second world ancestors like this, and usually her way of dealing with them was very simple – teach a hard lesson.

However, considering that her status was no longer that of a criminal police officer, but that she had been relegated to a traffic police officer, Li Ruo Nan could not resist the urge to beat Ji Feng up, gritting her silver teeth and snorting coldly: "What are you looking at? Don't you understand human language? Get out of the car immediately!"

Ji Feng was stunned, why was this woman so grumpy?

"Come on, good men don't fight with women!" Ji Feng shook his head and laughed, opened the car door and stepped down, "Comrade traffic police, what punishment is needed?"

"Driving against the rules, deduct two copies and issue a ticket!" Li Ruonan replied without good grace, "Take out your driving licence."

Ji Feng laughed bitterly, this was indeed considered joyful and sad, the joy of getting rid of Yun Feiyang had not yet passed and he was issued a ticket. But fortunately, all the expenses were counted on Ji Shaolei's account, so he didn't need to run to pay the fine himself.

He took his driving licence out and still couldn't help but say, "Comrade traffic police, look, I'm not even on the pavement here, just issue a ticket, the matter of demerit points, isn't it just forget about it?"

Who knows, when Li Ruonan heard this, he was on fire: "Less nonsense, know you have a lot of money, if you want, I can stand here all day to give you a ticket, but, want to not deduct points, you don't even think about it!"

Ji Feng touched his nose and didn't say anything. This traffic cop was just too tough, was it those days that arrived?

Swish!

Ji Feng only felt an empty space in his hand and his driving licence was snatched away by Li Ruonan, he could only rub his nose and laugh bitterly, meeting such a traffic cop was really something to cry and laugh about.

But frankly speaking, the traffic police named Li RuoNan, not bad looking.

Ji Feng looked up and down, Li Ruonan is about 1.73 meters tall, especially conspicuous, is her two slender legs, even if wrapped by the traffic police uniform, also gives a great attraction. The tall figure, wearing a traffic police uniform, really looks very heroic.

Looking at her face again, Ji Feng was amazed again.

Just now, because of the large brimmed hat blocking it, he could not see clearly, but now Ji Feng realised that this woman, definitely deserved the praise of the term stunning beauty.

What was most striking was that Li Ruonan had a pair of big watery eyes, and every time she blinked, there was a feeling of talking, so that one could not help but fall deeper into them, unable to extricate oneself.

And that fair face with crimson cherry lips, it is even more so that one cannot help but nibble on it fiercely.

And then look at that small dazzling nose, making her in the cold, but also a few more lovely.

Such a beautiful woman as a traffic police ..... tsk! Ji Feng couldn't help but secretly shake his head, what a pity. If this woman goes to be a star, she can definitely take the north and south of the country by storm in a very short time and become the most dazzling and stunning superstar.

Of course, this is based on looks alone, as for singing and acting skills and so on, it is hard to say.

However, even if her acting skills are bad, her looks alone are enough to make countless people fall in love with her position, as the saying goes, one handsome cover up a hundred ugly, that's how it is.

Just as Ji Feng was staring at Li Ruo Nan in a daze, Li Ruo Nan had already opened her ticket and as soon as she looked up, she saw Ji Feng's up and down gaze.

Whew!

Ji Feng only felt a blackness in front of his eyes as he bent down violently to dodge, and one of Li Ruo Nan's whip legs swept over his head, bringing up a gust of wind.

"What are you doing?" Ji Feng took a few steps back and asked with a frown, what was wrong with this woman, what was she doing without saying anything and just doing it? Looking at that one whip leg she just did, it seemed to have a good base and an okay power ..... but, that was no reason for her to hit herself, with good hands, could she just hit people?

"How dare you ask me what I'm doing?" Li Ruonan's beautiful eyes glared, "If I ever let me catch you staring at me lustfully again, watch out for your dog's legs!"

Lustful?

Several black lines sprang up on Ji Feng's forehead, he decided not to pay any more attention to this woman, himself and her, really didn't have anything in common, they simply didn't know what was going on.

"Humph!" Li Ruonan coldly snorted and slammed the fine slip and driving licence together on Ji Feng's body in one go, "Ji Feng, I remember you!"

"This is bad news!" Ji Feng said resentfully, being remembered by this somewhat psychotic woman, count yourself unlucky!

"You .....!" Li Ruonan was about to make another move, but Ji Feng, who had been prepared, took a step back and grinned slightly: "Comrade beautiful traffic police, don't get angry, there are quite a few people watching next to you!"

Indeed, during this time of traffic jam, everyone was idle and bored, even some people actually walked down from their cars and walked back and forth, simply treating the road as a place to spread out. There were also some people leaning against the car windows smoking and looking around.

And Li Ruonan, a female traffic policeman, was undoubtedly a bright scenery line, and her beauty could not only be noticed by Ji Feng alone, so not long after, the vast majority of drivers in the vicinity were staring at her, and some even had a strange glint in their eyes, and the meaning contained therein was naturally self-explanatory.

“Humph!” Li Ruonan coldly snorted and gave Ji Feng a few deadly stares before turning away and straddling the motorbike, “Second world ancestor, don’t fall into this girl’s hands in the future, or else, see how I’ll clean you up!”

“Second world ancestor?” Ji Feng was stunned, “Are you talking about me?”

When did he become a second generation ancestor? Rather, the rich generation is more like it, buddy is a standard rich generation, one did not rely on the family, two did not rely on anyone, just rely on their own efforts, have a car, a house and a wife ..... Ji Feng was thinking beautifully, when he heard a roar, Li RuoNan had already started the motorbike up.

“Robbery ah—!”

Just then, a terrified scream suddenly rang out in the distance, and everyone looked at the sound, only to see that across the road, a pregnant woman was lying crookedly on the railing at the side of the road, her one hand covering her stomach and her other hand holding on to the railing with a death grip to keep herself from falling down.

A few metres in front of her, a yellow-haired man was running frantically forward, holding a red handbag.

“Bastard!” As soon as she saw this scene, Li Ruonan, who was about to drive away on her motorbike, shouted delicately, as if she was an enraged female leopard, hanging the big brimmed hat on her head towards the mirror of her motorbike, and the whole person immediately stepped over the railing and went after her towards the opposite side of the road.

Everyone was astonished and sighed: what a tough woman!

She stepped directly on the roofs of those congested cars and darted all the way across, chasing the bag-snatcher straight ahead.

Ji Feng threw the fine slip and driving licence and such into the car, closed the car door, and then looked at Li RuoNan and the robber, the two had already run a few dozen meters away. The robber was about to run to the corner of the street in front of him, and if he was allowed to blend into the crowd, he would definitely not be caught.

Ji Feng looked around and casually took out a bottle of mineral water from his car. He slowly took a few steps backwards, and his legs suddenly exploded with a powerful force, and his whole body actually jumped over the railing alive.

Slap, slap, slap!

Ji Feng's toes nudged the roof of the car in the middle of the road several times, and his whole person was like an eagle swooping down on its prey, and he reached the opposite side of the road in the blink of an eye, because he was crossing the road diagonally, so he even directly overtook Li Ruonan, but, at this time, he was also a full five`60 meters away from the robber.

Whoosh—!

Ji Feng raised his hand and instantly threw the mineral water in his hand out.

“Bang!” With a bang, the mineral water was like a cannonball, instantly smashing into the head of the robber in front of him.

The robber did not even have time to react.

The robber didn't even have time to react before he was directly knocked unconscious. Because of inertia, he fell headlong to the ground, but rolled several metres in a row towards the front before he fainted.

From the time Ji Feng flipped over the railing to the time he struck the robber, the action was so fast and furious that the crowd hadn't even reacted before Ji Feng had already rushed to the place and lifted the robber up.

Everyone looked stunned, was this a movie?

Slap, slap, slap!

When people all reacted, warm applause finally rang out in the street. In any era, heroes are always welcomed by people, and now was no exception.

Especially Ji Feng's clean hands and his terrifying means of smashing someone unconscious with a bottle of mineral water were enough to make him receive a hero's welcome!

“Here, the man is yours, it's really .....” Ji Feng couldn't help but shake his head, how come he net ran into this kind of distracting thing early in the morning, it was really a spoilsport.

He casually carried that yellow-haired robber as if he was carrying a small cat or puppy with the same ease.

Bang!

Ji Feng casually threw the man at the feet of Li Ruonan who was panting and running, “The bag is hanging around his neck, he just passed out, there won't be any major problems, don't bother me with the rest!”

Ji Feng was not willing to be seen as horny again and was about to flip over the railing.

“You can't go over, that's against the traffic rules!” Li Ruonan shouted in anger, she also knew she was being a bit unreasonable, but she didn't know what was going on, as soon as she saw Ji Feng's indifferent and lazy look, she became angry.

Ji Feng looked back at her with a smirk, "Instead of having the effort to lecture me here, why don't you go see how that pregnant woman is doing! There's a traffic jam and the only thing that can take that pregnant woman to the hospital is your motorbike, a policeman, why don't you know the priorities?"

Ji Feng shook his head in bewilderment and easily flipped over the railing.

Li Ruonan behind him, however, almost fainted with anger, she didn't know the priorities? Wasn't this saying that he didn't know what to do?

"I told you to rob, even a pregnant woman!" Li Ruonan was so angry that she viciously kicked the fainted robber a few times to vent her anger, but she had to call out to Ji Feng.

"Hey! Ji Na what ..... Ji Feng!" Li Ruonan shouted in anger, "Come over and help me watch this thief while I take that pregnant woman to the hospital!"

## Chapter 225

Ji Feng didn't even turn his head back, he just waved his hand backwards and said loudly, "No need, you just draw his belt off and tie it to the parapet, he shouldn't be able to wake up within half an hour."

"But I want to take that pregnant woman to the hospital!" Li Ruonan exclaimed.

"Let's check it out first." Ji Feng said indifferently, and then, without looking back, he crossed the road and disappeared into the crowd, never to be seen again.

"Cold-blooded animal!" Li Ruonan's body trembled with anger, her silver teeth almost clenched, "Scum, scum!"

Ji Feng did not know that in a very short period of time, he had upgraded himself from a cold-blooded animal to the ranks of the great scum, at this moment, he had already gone around the road and arrived next to the pregnant woman who was about to fall down.

Looking around at the many people watching with cold eyes, Ji Feng couldn't help but shake his head slightly, he walked forward, helped the pregnant woman stand up and smiled, "This lady, your bag is in that policeman's hand, hurry up and go over, it's better to have someone accompany you when you go shopping in the future."

This pregnant woman was about thirty years old and was tired and sweaty because she couldn't stand still just now and couldn't exert her strength.

She gratefully nodded slightly at Ji Feng and smiled, "Little brother, thank you so much, sigh!"

This sigh of hers caused Ji Feng's smile to stiffen a little, of course he knew what this young woman was lamenting, so many people were gathered around, but no one was willing to come and give a hand, this was really .....

"Do you have any discomfort anywhere? Let me send you to the hospital!" Ji Feng smiled and said, he is not a rotten person, only, seeing so many people just not willing to come up to give a hand, he was a little uncomfortable in his heart.

The pregnant woman shook her head slightly and said, "I just couldn't stand up for a while, there's nothing wrong with it, little brother, I really don't know how to thank you!"

Ji Feng laughed: "It's easy to thank me, as long as you're alright today, that's the best thanks. Well, I still have things to do, so I won't say any more, take care on the way!"

Before that pregnant woman could react, she only felt a blur before her eyes, and then she saw that Ji Feng had already reached the middle of the road and was stepping on the car to cross the road.

The pregnant woman couldn't help but have a sour nose and almost didn't shed a tear, there are good people in this world after all!

The first thing you can do is to look at the ticket issued by Li Ruonan, he couldn't help but shake his head and smile, forget it, or go pay it yourself, such a small thing is not good to bother the second brother, he is also the president of a company, not so leisurely.

As for Li Ruonan .....

The actual fact is that you can find a lot of people who are not very happy with the way you are.

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things. Besides, since the ticket has been issued, I really can't justify it if I don't violate the law once!"

He slammed on the accelerator and the car quickly dug into the pavement and left far away.

Li Ruonan tied the yellow-haired robber to the railing with a belt and quickly ran to the pregnant woman's body, asking anxiously, "This elder sister, how are you feeling?"

"Fine, fine!" The pregnant woman waved her hand and said gratefully, "Thanks to you and that little brother, you worked hard to catch the thief and even helped me up ....., If it wasn't for you guys today, it would have been trouble."

Li Ruonan was stunned: "Helped you up?"

"Yes, it was the little brother who caught the thief with you just now, he helped me up and left before I had a chance to speak .....,," the pregnant woman's finger pointed across the road.

Li Ruonan took a look and was furious. On the pavement across the road, only one of her motorbikes was still parked there, and Ji Feng's BMW X6, had long since disappeared.

"Ji Feng, next time don't let me see you!" Li Ruonan yelled in anger, it was so infuriating, the cars on the road were still blocked, and Ji Feng had obviously driven away from the pavement.

This bastard, how dare he take advantage of his own inattention and just leave from the sidewalk with such a big grin, simply does not put himself in his eyes!

However, when Li Ruonan saw the grateful look on the face of the pregnant woman next to her, somehow the anger in her heart immediately became much less and she hummed, "Still a bit of conscience, knowing to come and see the pregnant woman first!"

If Li Ruonan were to admit that Ji Feng was a good person, she would never admit it to her death, knowing that from the very beginning, Ji Feng's image of being a flirtatious, second-rate man had left a

deep impression on Li Ruonan, so she would only think that this was an occasional discovery of conscience by Ji Feng.

Therefore, these things that Ji Feng had done could only be considered 'a bit of conscience' in her opinion.

However, in Li Ruonan's mind, she could not help but think of the scene where Ji Feng had risen up, stepped on the roof of the car, and directly smashed the robber with a mineral water bottle from a few dozen metres away.

The strong body of Ji Feng really made Li Ruo Nan a bit surprised and shocked.

At this moment, Ji Feng did not know what image he had in Li Ruo Nan's eyes, he was driving towards the villa. He was driving towards the villa. Because he had bypassed the traffic jam, the road was much smoother in front of him, and Ji Feng's car speed gradually increased.

Both Xiao Yuxuan and Tong Lei had already gone to school. Ji Feng took out his mobile phone and dialed the two people's numbers, which were both switched off. Ji Feng went upstairs again and looked at the two people's class schedules, and only then did he put his heart down, Xiao Yuxuan and Tong Lei were in class, so naturally they would not turn on their phones.

For a while, Ji Feng surprisingly did not have anything to do.

It was too late to go to class now, there was just one big class in the morning, and it was almost half an hour old now, so it seemed too abrupt to rush over there.

Staying at the villa, however, was a bit boring.

After a moment of slight deliberation, Ji Feng still went back to the bedroom and took out all those diamonds and gold, the pistol was just casually placed in the cupboard, no one could enter this villa, there was no need to worry about it being stolen.

"Diamonds can't just be left at home like this ....." Ji Feng couldn't help but scratch his head, although these diamonds are inconspicuous, but if they are given away by hand, it would be a laugh.

But for a while, Ji Feng couldn't find a suitable place, so he could only put them in the cabinet for the time being.

He scanned around and muttered, "Originally, I was thinking about how to go about earning money here, and now I have such an extra fortune, it's really true that a horse can't get fat without night grass and a person can't get rich!"

In the future, if you're short of money, it's not bad to become a grand thief who robs the rich to help the poor!

Ji Feng couldn't help but mutter, but in his heart he was shocked, this idea was not to be allowed.

He was suddenly shocked to realise that since he was getting stronger and stronger, he seemed to be getting more and more arrogant, without any feeling of fear at all, which was not a good phenomenon.

Always keep a fearful mind, this is the law of survival, only a fool, will be fearless.

Ji Feng took a deep breath, put all the diamonds and gold bars back and sat on the bed, quietly contemplating.

He kept reminding himself that in this world, apart from kung fu, there are also hot weapons, martial arts masters may die in the hands of punks, if he continues to be so arrogant, he may be unlucky one day, knowing that he is no martial arts master.

Ji Feng suddenly remembered that the four Zhu Yongtaos who followed Qiao Gakai to Jiangzhou, those four people obviously have a lot of hands, and most importantly, those four people's hands are different from ordinary people. They were not the kind of tough, cold-blooded soldiers, nor were they the swiftness of ordinary fighting masters.

These four men, they had a completely different style, that was a very vague feeling, as if they were ..... martial arts masters!

That's right, it was martial arts masters.

Ji Feng was suddenly startled because he suddenly remembered that at that time, Zhu Yongtao and Qiao Gakai and others, were referred to as master and brothers, which is obviously what they are called in those sects depicted on TV or in!

"Could it be that they were really from a certain sect?" Ji Feng was so surprised that he somewhat disbelieved his guess, because according to people's testimonies, there should not be those legendary flying martial arts masters in ancient times.

"Could it be that they were from any martial arts school?" Ji Feng thought of another possibility, those apprentices in some martial arts schools were also referred to as master and brother.

"No!" Ji Feng shook his head slightly, no one from any martial school dared to directly kill people, when Zhu Yongtao attacked himself at that time, it was clear that he wanted to kill himself, this was definitely not the style of a martial school.

Because modern martial arts schools had long since fallen into decline and had to be concerned about the law, it was simply impossible for them to be so ruthless.

Ji Feng was puzzled in his heart, but he couldn't think of anything.

He fished out his phone and wanted to call his father and ask him to find out what those people really were, but after thinking about it, he put the phone down.

Since Zhu Yongtao and the others were holding documents from State Security, this meant that they really were from someone. Ji Feng didn't know if State Security and his father belonged to the same system, and if he rashly asked his father to investigate, it was hard to say whether he would be involved.

However, Ji Feng did not know that his father, Ji Zhenhua, had already known everything he had done in Jiangzhou.

And at this time, a group of people had arrived in Jiangzhou, and their target, was Ji Feng!

At the Jiangzhou Yuntian International Airport, a woman with high raised cheekbones, dressed in fashionable clothes, walked out from the exit.

Behind her, she was followed by three tall, serious-looking young men.

“Madam, this is Jiangzhou?” A young man asked, “That guy who injured Senior Zhu and the others and insulted my division is in this city?”

“That’s right!”

The middle-aged woman nodded slightly, a strong look of resentment flashing in her eyes, “That guy’s name is Ji Feng, and he’s in Jiangzhou’s United University!”

“I’ll go and kill him!” A young man said in a cold voice, “People who insult our division shouldn’t live in this world.”

## Chapter 226

“That’s right!”

The middle-aged woman nodded slightly, and a strong look of resentment flashed in her eyes, “That man is called Ji Feng, and he is in the United University of Jiangzhou!”

“I’ll go and kill him!” A young man said in a cold voice, “People who insult our division shouldn’t live in this world.”

“No! We can’t act rashly!” That middle-aged woman had a resentful look in her eyes as she coldly said, “That little beast, he indeed doesn’t deserve to live in this world, but yet, we can’t let him simply die like that, that would be considered cheap!”

“Madam thinks, what should we do?” The young man at the head of the group asked, frowning. Although he was equally cold and vicious, he was a little uncomfortable with the strong aura of resentment in the lady’s body.

“Let’s go to the hospital, visit your senior brother and the others first, and after we get them all on the plane, we’ll talk about something else!” The middle-aged woman gritted her teeth and said.

“Good!”

In fact, this woman was no other than the daughter of Qiao Lao, Qiao Rong, who had a hostile relationship with Ji Feng since he was first born and had a cool nature. At the same time, she was also the mother of that Qiao Gakai who was severely beaten up by Ji Feng.

The son was beaten into serious injuries, several of the son’s brothers and sisters, were likewise reached serious injuries, and now all four of them are lying in the hospital, wailing with difficulty and pain!

When I think of this, Qiao Rong heart will be incomparable hate, she not only hate that b\*tch, robbed originally belonged to her husband, but also robbed originally should be their own glory and wealth and supreme power!

This is not all.

Because Qiao Rong is very clear, she played a little trick, let that b\*tch woman sad to leave, more than ten years did not return.

However, in these ten long years, Qiao Rong repeatedly hinted, and even politely asked people to send word, hoping to reconnect with that person, but the result was a cold six words: Mrs. Wang, please respect yourself!

All of a sudden, Qiao Rong felt a great insult, a heartfelt shame that made her unable to see others!

As long as people familiar with the Yanjing family, they all knew that Wang Wengao was a member of the Qiao family, so in order to avoid this topic, and also to take into account the face of the Qiao family and Wang Wengao, they had never called Qiao Rong as Mrs. Wang.

However, now, the person she hopes to climb the most, but outright rebuke 'Mrs. Wang' self-respect!

She swore in her mind that if she could not be the head mother of the Ji family in this life, if she could not grasp the enormous power, if she could not enjoy the glory that countless people had to respect and admire, then she would not let the Ji family enjoy the same, and she would not let that b\*tch who had stolen her position enjoy it!

Therefore, Qiao Rong began to converge on the surface, it seems that there is no longer any connection with the Ji family, but privately do things, but almost all of them are aimed at the Ji family.

The two sides reached an agreement on cooperation, and Qiao Rong's actions became more and more unrestrained.

Because she is very clear, Zhu Yongtao's division in fact how much power, that is a huge force that simply can not be ignored, even the Ji family, but also absolutely do not dare to easily plunder its fronts, and even, if the two sides against each other, Qiao Rong believe that the final concession must be the Ji family.

Zhu Yongtao's division is not only a huge force that the Qiao family uses against the Ji family, but also the Qiao family's greatest reliance, and strictly speaking, should be the most ideal collaborator. Because, Zhu Yongtao's division needs to use the influence of the Qiao family, and the Qiao family, they need to use their power, the two sides then hit it off.

If Ji Feng was here, he would have recognized that the three young men behind Qiao Rong, whether it was the temperament, or walking posture or even the eyes, are almost the same as the four Zhu Yongtao before, obviously, these people came from the same place!

And according to the conversation between Qiao Rong and these three people, they should be Zhu Yongtao and others' senior brothers, and this time they came to Jiangzhou, obviously to take revenge for Zhu Yongtao and others.

"Madam, the other party is just a college student, what can be so scary about it?" A young man said discontentedly, "No need for the fifth senior brother to take action, I'll go and capture him here and let madam do with him!"

Qiao Rong shook her head slightly and said, "No, that little beast is just a college student, but, he is Ji Zhenhua's son, Ji Zhenguo is the secretary of the municipal party committee in Jiangzhou, if you move him here, it will be very troublesome!"

As soon as Ji Feng was mentioned, Qiao Rong was extremely resentful in her heart. Originally, according to the information received, the little beast that injured his son and Zhu Yongtao a few people should be Ji Shaolei's younger brother, Ji Shaoyun.

But according to Qiao Rong's investigation, now Ji Shaoyun people have been in the army, there is no way to appear in Jiangzhou, she was immediately concerned, after investigation, she suddenly found that the original shot that little beast, not at all Ji Shaoyun, but that b\*tch's son, Ji Feng!

The woman she hated the most, her son actually beat her own son into serious injury, almost costing him his life. When she thought of this, Qiao Rong could not wait to tear that b\*tchy woman apart, and then to severely torture that little beast and send him to hell.

Although Qiao Rong is crazy, she knows very well that if she really does this, it won't take a day for the Qiao family to be wiped out of this world by Ji Zhenhua, and there will never be the slightest bit of softness. Even if the seasonal master how to stop it is useless.

Because, now Ji Zhenhua, is no longer the only father's orders from the young youth, now he has grown into a big tree, he only need to say a word, will set off a huge storm.

The old man, has been unable to stop this has grown into a mountain of a son, so Qiao Rong is absolutely will not take the risk.

What she wants to do is definitely not to touch the other side's bottom line, but also to their advantage, at the same time, so that Ji Zhenhua is not worth disobeying his father's orders for such a trivial matter!

As long as you find the right balance in the middle, Qiao Rong believes that he will be able to achieve the maximum benefit!

The young man in the lead also said: "Wenliang, do not be impulsive. Although the other party is just a college student, but since even senior brother Zhu and the others were injured in the other party's hands, this shows that that person has real ability. What we need to do now is to think long and hard, first listen to how the madam arranged!"

Qiao Rong was greatly satisfied, although these people were powerful, they were not too clear about the various relationships in society, and their influence was far less than that of the Qiao family. This is the advantage of the Qiao family, and the fundamental reason why she took the initiative.

"A few of you do not hurry, I already have a plan!" A smug look flashed in Qiao Rong's eyes, "There are many people here, let's talk in the car."

Soon, several black cars came to the exit, Qiao Rong made a gesture of invitation, and the four people got into a business car in turn.

"Madam, you have any idea, just hurry up and say, I can hardly wait!" The young man named Wen Liang said as soon as he got into the car.

Qiao Rong smiled smugly: "It's very simple, we didn't have a direct conflict with Ji Feng before, things started because that Duan Peng felt the pressure and came to Jiangzhou to ask for help, that's why the two little brutes from the Ji family made a move."

The young man at the head of the group pondered for a moment and frowned slightly, "Madam means that we put pressure on Duan Peng again to force Ji Feng and the others out?"

"That's right!" Qiao Rong smiled cunningly, looking hideous with her lean face, "If your division wants to revitalize, the assets in Duan Peng's hands must be seized, but obviously, Duan Peng will never tie his hands, so it's only natural that the two little brutes from the Ji family will stand up for him... .."

Smiles appeared on the faces of the three youths, and the youth named Wen Liang said, "Not bad, not bad! Madam's idea is excellent, killing two birds with one stone!"

The leader of the youth said, "If this can really work out, Tian Guodong will thank you on behalf of the division, we all remember your kindness!"

"Ji family's little beast, or that b\*tch, you will definitely regret it!" Qiao Rong's eyes flashed with a crazy light, "Ji Zhenhua, you will likewise regret it, I will let you know how miserable it will be to ignore me!"

.....

"Ah chirp!"

Ji Feng, who was thinking about what furniture and electrical appliances to add to the villa, suddenly sneezed, and he couldn't help but rub his nose, with a puzzled look on his face: "What the hell? What's the matter? Is it the after-effects of last night's nakedness across the sea? Or is there someone who is counting on me?"

After thinking for a long time, still did not come up with any clue, Ji Feng simply took out a piece of paper and continued to consider what to buy.

Just got a windfall, always spend it to feel at ease, horizontal wealth, there are times when it is not safe!

.....

Yanjing, the familiar courtyard.

The weather is getting cooler and cooler, and Master Ji's recliner has been transferred from the courtyard under the tree to the eaves by the special care staff.

At this time, the old man has put on winter clothes in advance. Over seventy years old, the old man's body has been deteriorating day by day. However, his mind is still clear, and from his aged face, he can still vaguely see the shadow of the great general who stood on his sword back then.

With his eyes slightly closed, the old man listened to a middle-aged man wearing a distinctive kind of uniform next to him, reading something to him.

"Qiao Rong and the three core disciples of that place, have arrived in Jiangzhou, and it is suspected that their purpose is Young Master Sun!" Before the middle-aged man could finish his words, the old man's pair of tiger eyes snapped open, and his originally cloudy eyes flashed a cold light.

“Chief, do you need me to rush to Jiangzhou, young master Sun’s safety may be .....” the middle-aged man asked tentatively.

The old man waved his hand, but his words were clear: “No, jumping clown only, not yet difficult to defeat my grandson!”

## Chapter 227

In the morning, before dawn, Ji Feng exited from the super agent training system and opened his eyes slightly, a flash of joy. Because he suspected that he had a cold, Ji Feng entered the system directly. According to the advice of the intelligent brain, he practiced the second set of movements while constantly regulating the bio-current to stimulate his body.

In the end, he could manipulate the bio-current at will, as long as he was willing, every cell of his body could produce extremely weak bio-current.

Do not underestimate these bio-currents, the bio-currents in one cell are indeed too weak, but there are countless cells in the human body, and these bio-currents converge together, enough to make people appalled.

Of course, with Ji Feng’s current level, he is not able to make all the bio-currents in these cells come together, but, compared to the tiny bio-currents in the past, this is already a long way forward.

According to the intelligent brain, when Ji Feng learns all the second set of movements, he can try to control the bio-current of all the cells, converge into one, at that time, it will be possible to make the bio-current leave the body and release. Only at this level can he help other people practice this set of body-building exercises.

The second set of movements, according to the estimate of the intelligent brain, almost half a year’s time is still needed.

Ji Feng was immediately overjoyed, half a year is not a long time, carefully counted, it is just a month or two after the New Year. If you work harder, you may be able to complete the second set of movements a year ago, when you reach the degree of bioelectricity out of the body, you will immediately go and let your parents and family members start practicing these sets of movements.

For the two sets of movements that have been practiced, Ji Feng really has very deep feelings. From the weakness of his own body more than a year ago, until now this change, the middle can not eat anything too good, are some home-cooked meals, and before there is no difference.

In this way, it can only be the credit of these two sets of movements and bio-currents!

“Must work hard!” Ji Feng waved his fist vigorously and reminded himself once again: “Ji Feng, don’t be arrogant, you are just an ordinary person, at most, you know some fighting skills. There are people outside of people, there are mountains outside of mountains, if you dare to be arrogant, sooner or later you will die in this area.”

Confidence is good because it can make the heart full of courage, however, confidence is not the same as arrogance.

Since realizing that he was a bit blind recently, Ji Feng was secretly vigilant and reminded himself every once in a while.

He wanted to write the words 'arrogance is looking for death' on the wall, but thought that this sentence is not very elegant, and the furniture in the villa has not yet begun to change anything, but also had to put off this idea for the time being. When a more suitable sentence comes to mind, it's not too late to write it again.

After a few slight physical activities, Ji Feng went downstairs to buy breakfast.

At this time, the bedroom doors of Tong Lei and Xiao Yuxuan were still tightly closed, apparently the two women were sleeping. Thinking of the ambiguous scene that day, Ji Feng could not help but heave a smile.

This villa area near only one soybean milk store, is still a bit far away, Ji Feng also does not care, it is considered to be exercise, after all, kitchen utensils what have not yet bought, Xiao Yuxuan's cooking skills also do not get to show.

Now the kitchen utensils in the house, most of them are left by the previous owner, Mr. Li, Ji Feng of course will not go to use. This is not a waste, but a feeling of the heart is just.

Back at the villa door, Ji Feng casually took out today's morning newspaper. This newspaper was ordered by Mr. Li before, now the owner became Ji Feng, but the newspaper was not returned, after all, the fee is paid once a year.

However, when Ji Feng returned to the living room, sitting on the sofa and casually opened the newspaper, his eyes suddenly stared.

"Police strike hard to break up the gang of black and evil forces!"

This eye-catching headline made Ji Feng instantly think of something, and he immediately looked down carefully.

Sure enough, it was exactly the report about the Brilliant Group. Just yesterday was the 'Jiangzhou excellent private enterprise' Brilliant Group, overnight, turned out to be a black and evil gang, Ji Feng could not help but shake his head and sigh, this transformation, is also too big some.

However, the newspaper also dares to write and speak, although only the Jiangzhou Morning News, not the famous "Eastern Monday", but also detailed the brilliant group and its boss Yun Feiyang and other people's bad crime.

At the end, the newspaper also issued a query: "A gang of black and evil forces has turned into an 'excellent private enterprise', is this not a little too comical?"

Seeing this last sentence, Ji Feng almost did not laugh out. This article, the irony of spicy ah!

How did a gang of black and evil forces become an excellent private enterprise in Jiangzhou? Obviously, there is someone behind the promotion, or rather, there is someone on top as an umbrella. And this action was initiated by second uncle Ji Zhenguo, which means that the article is questioning at the end, certainly not him, then, it can only be questioning the real umbrella of the Brilliant Group!

“With the help of public opinion, guide the direction of public opinion, to create pressure on those people, or first to create momentum, and then take down part of the people, this time who want to plead I’m afraid are not good to open their mouths, then in case people ask a question, how, you have a relationship with the Brilliant Group? This is a big problem!”

Ji Feng could not help but tsk praise, second uncle’s tactics, indeed, not their own people who have just entered society can be compared, the officialdom, indeed, is a place to train people, can be mixed with the prosperous, are definitely not ordinary people.

I think it is, every year the civil service examination so many people, and also so difficult, definitely more difficult than the college entrance examination. A thousand horses over a single wooden bridge, the people who can pass, naturally extraordinary.

After flipping through the other pages, Ji Feng found a familiar news item, the popular singer, the head of the Jade Lady sect, warmth, to start the first leg of her national tour from Jiangzhou, on the 25th of next month. The newspaper detailed the ticket sales points for the concert, as well as the prices of various tickets.

For example, the most expensive tickets, but one thousand eight hundred and eighty-eight a, Ji Feng saw this price, could not help but froze, is not a concert? As for so crazy, nearly two thousand dollars, what is not good, have to go to listen to that concert?

Ji Feng shook his head slightly, he was not half interested in this so-called concert, but thought, what does this cozy look like, so popular?

But he went through the whole newspaper, but still did not find a picture of warmth, only a group photo that seems to be from the concert, still looks very blurry under the light.

Ji Feng casually tossed the newspaper aside and shook his head slightly.

At this time, there was a noise upstairs, which seemed to be accompanied by the sound of footsteps, and Ji Feng immediately shouted, “Yu Xuan, Lei Lei, come down for breakfast!”

Soon, there was a giggling sound from above, as if Xiao Yuxuan and Tong Lei were laughing and giggling.

Ji Feng could not help but be stunned, what’s so funny about this?

When eating breakfast, Ji Feng is considered a great feast for the eyes. Xiao Yuxuan and Tong Lei are dressed very casually, especially Xiao Yuxuan the charming demon, wearing a black sports shorts, wearing a loose T-shirt, long hair draped over the back, after a simple wash, she has a graceful and charming atmosphere, so that every time Ji Feng’s eyes swept from her body, can not help but if not in her chest for a few seconds more.

As for Tong Lei, it is another style.

Without Xiao Yuxuan’s charming and voluptuous, but, a pink soft sportswear child Lei, the long hair tied into a ponytail, the snow-white neck and fair in the tender red face, so that her whole person is full of youthful vitality, any normal man in the face of these two beautiful people, his determination is an extremely severe test.

“Ji Feng, it’s better to buy the kitchenware as soon as possible, it’s too much trouble to go out and buy breakfast every day. If you are not around one day, me and Lei Lei two girls go out, maybe it will be a little unsafe!” Drinking soy milk, Xiao Yuxuan said softly. This villa area is quiet is quiet, but is a bit remote, go out to buy soybean milk a few times occasionally okay, but if every day, is indeed a bit of trouble.

“It’s not just the kitchenware!” Tong Lei’s small mouth pouted, a rare complaint to Ji Feng, “and furniture, the furniture here is not very old, but ..... I sleep on that bed ..... some unclean!”

Speaking of which, Tong Lei’s little face had turned red and seemed to be very shy.

Ji Feng was stunned: “Unclean? What do you mean?”

“Anyway, let you buy it right, ask so much for what?” Xiao Yuxuan gave him a white glance, and her pretty face also carried a blush, apparently also some shyness.

Ji Feng could not help but be curious, this performance of the two of them, that is not simply unclean ah, obviously saw something, so shy.

What could be on the bed?

Ji Feng’s heart moved, some adult books and comics? Or ..... suddenly, Ji Feng seemed to remember something, widened his eyes and asked fiercely: “You guys wouldn’t have seen a condom, right?!”

Swish!

Xiao Yuxuan and Tong Lei at the same time playful face red, while fiercely glared at Ji Feng, both do not speak.

Guess right!

Ji Feng immediately knew that his guess was correct, he couldn’t help but dumbfounded smile, moved in a bit of a hurry, otherwise, these furniture and appliances and so on, is to replace all of them. The thought of someone once doing that in his own bed also made Ji Feng uncomfortable, not to mention the two girls.

“Change!” Ji Feng clenched his teeth, “Change today.”

The idea is to do, he immediately called the second brother, this kind of thing Ji Feng is not good, or leave it to the second brother to do better. The first thing you need to do is to get a good idea of what you want to do.

Once Ji Shaolei heard this, he promised to do it, promising that it would all be done today, and everything would be replaced with new ones.

Hang up the phone, the car has arrived at the school. Ji Feng and Tong Lei waited for Xiao Yuxuan to park the car, then together they walked towards the school.

“Tong Lei!” A surprised voice suddenly came, the three looked at the sound, only to see a tall, sunny-looking boy was walking quickly, with a hint of just the right amount of surprise on his face.

Xiao Yuxuan immediately gave Ji Feng a meaningful smile, those beautiful eyes blinked, as if to say: "Someone has come to steal your girlfriend oh!"

## Chapter 228

Xiao Yuxuan immediately gave Ji Feng a meaningful smile, those beautiful eyes blinked, as if to say: "Someone came to steal your girlfriend oh!"

Ji Feng smiled faintly and did not speak. But in his heart, he could not help but hum, Tong Lei is who wants to snatch can be snatched?

"Wei Qiang students, may I ask what is the matter?" Tong Lei asked indifferently, except for the people around herself, she has a bland attitude towards anyone, especially for some people who obviously approach her with some kind of purpose, she does not have a cold face, it is already considered to give face.

Seeing this look of Tong Lei, Ji Feng froze, he suddenly remembered that when he was in high school, Tong Lei was also this cold in his eyes, but now, she is his girlfriend, her shyness and cuteness, only he can appreciate.

Once you think about it, the corners of Ji Feng's mouth can't help but pull up a slight arc.

Wei Qiang was similarly stunned, that obvious sense of distance from Tong Lei made him a bit unsure how to react, but soon, his face reappeared with a bright smile and said, "Tong Lei, I was looking for you for something, I didn't expect to run into you here, what a coincidence."

Tong Lei's eyebrows knitted slightly, she didn't like this intimate look Wei Qiang showed, but due to the face of her classmate, the other party didn't really do anything, so she couldn't say anything.

But Ji Feng was sizing up this Wei Qiang, for this name, Ji Feng seems to have some impression, as if he had heard somewhere, very familiar. But for a moment, but can not remember exactly where to hear.

Wei Qiang is about one meter eighty-two tall, stout, but not at all fat, nor thin, generally tall people, do not look fat, but many tall people, will give a feeling of thinness. Wei Qiang is obviously not like this, he has a good figure and a very handsome appearance.

Sunny and handsome!

Ji Feng had to admit that if only on height, he would definitely not have any advantage in front of Wei Qiang, and the two had a gap of almost four centimeters, which was very obvious.

However, if we talk about the figure, Ji Feng is not afraid of anyone. Even if this Wei Qiang appears to be very strong, it is also not comparable with Ji Feng.

Ji Feng's body, but the biological current stimulation for more than a year, if this can not make his figure to the best condition, not to say that the intelligent brain will not let him go, even he himself feel that it is not justified.

However, if it is on the dress, Ji Feng can only be willing to worship.

This Wei Qiang, full of brand names, just Ji Feng recognized the brand, no less than three or four, the logo on the jacket, should be seven wolves, the watch seems to be a gold watch, what specific brand, Ji Feng did not know, his understanding of the watch would have been poor.

Pants, leather shoes, a look at the quality is very good, the price is naturally not expensive.

It is really a young and gold grandson ah! Ji Feng smiled faintly.

“Tong Lei, it’s about the welcome party, our student council after discussion, think you can completely represent the new students to participate in the discussion, we jointly decide to welcome the new students party some details and layout ..... how about this, we will now go to the student council’s office, after all, this is also not the place to talk place!” Wei Qiang’s face is full of smiles, and his speech also seems very cordial and natural, everything is just right.

“Sorry, I have classes in the morning.” Tong Lei lightly shook her head and said, “I can’t represent the new students either, so it would be good for you brothers and sisters to finish the welcome party.”

“Tong Lei, it’s not right for you to say that.” Wei Qiang smiled slightly, “Welcome party, this is a collective activity, as a part of this collective, everyone has the obligation to do their part, do you think so?”

Seeing that Tong Lei just wanted to speak, Wei Qiang smiled again, “However, since you have classes, it is better to go to class first, after all, studies are very important. But in order to facilitate contact, can you leave your phone number? What’s the latest news about the orientation party, maybe I need to ask your opinion.”

“No need to consult me, as long as we all plan together, I will definitely like it too.” Tong Lei said faintly, Wei Qiang’s those little tricks in front of her, there is nothing to hide, she is not that kind of nymphomaniac type of girl, “Sorry, I’m almost too late, bye.”

Saying that, Tong Lei took Ji Feng’s hand and smiled sweetly, “Let’s go.”

Through such a move, Tong Lei was telling Wei Qiang: I already have a boyfriend, so you don’t need to waste your effort.

Wei Qiang’s face instantly changed, the smile froze on his face and became very stiff. He looked at the back of Ji Feng and Tong Lei, and his face changed.

“Ji Feng, I’m not familiar with him, I’m just in the same foreign language department, I’ve met him a few times before when I was in a big class.” Tong Lei looked at Ji Feng somewhat nervously and said softly: “Yun Bing also heard from somewhere that he was pursuing me, and that’s why he came to find me in trouble!”

“What?!”

Ji Feng suddenly froze, and suddenly dawned on him: “So it’s him!”

He was surprised, for Wei Qiang he seemed very familiar, but could not remember where he had seen this person, now Tong Lei said so he suddenly realized that he had not seen Wei Qiang, but was very familiar with his name.

When the cloud ice suddenly looking for trouble Tong Lei, is because of this Wei Qiang!

This news, Ji Feng still know from the school forum, unexpectedly now actually encountered in this situation.

“Oh, no wonder Yun Bing likes him, quite a nice young man!” Ji Feng commented in an old-fashioned way, but then a sentence revealed his purpose: “However, this kid is no longer good enough for my Lei Lei, if he dares to pester you again, I’ll break his legs!”

If Ji Feng had remembered what this Wei Qiang was, he would never have let him have the chance to talk to Tong Lei. Because Ji Feng has been suspecting that the post on the forum at the beginning, it is very likely that Wei Qiang posted, even if it is not him, it is definitely someone he is familiar with.

Although there was no evidence, but Ji Feng was inclined to have this feeling, and when he saw the post for the first time, he had this feeling.

“What are you talking about! I have nothing to do with him!” Tong Lei said lightly with some shyness, but in her heart, she was still very sweet about Ji Feng being nervous about herself.

“Of course I know that you and he is nothing, but, whether he has something in his heart, we do not know, hum .....” Ji Feng’s tone is not good cold hum twice, “who dares to hit my family Lei Lei’s idea, I let him no idea to The “I’m not going to be able to do it!”

The first thing you need to do is to get a good idea of what you want.

With that, Tong Lei immediately giggled and ran towards the foreign language department’s teaching building.

Looking at Tong Lei’s delicate back, Ji Feng couldn’t help but grin. But immediately, a sharp pain rose from the waist, and instantly spread throughout the body.

Bad, Yu Xuan is still next to it!

Ji Feng immediately turned back and laughed: “Yu Xuan wife, you too, who dares to hit you, I will not let him go!”

Only then did Xiao Yuxuan let go of the small hand that was pinching his waist, and hummed delicately, “Count on your good sense! I’ll spare you this time, okay, little rascal, I’m going to the office.”

Looking at Xiao Yuxuan’s swaying body gradually away, Ji Feng could not help but smile bitterly and touched the pinched place, how girls like this tune?

And at this time, by the child Lei swept the face of Wei Qiang, can not help but a heavy hum, cursed: “pretend pure!”

When he saw Xiao Yuxuan walking on the other side of Ji Feng, his eyes changed again, the devilish figure, S-shaped curves, for boys of Wei Qiang’s age, have a great attraction.

Wei Qiang swallowed hard and stared hard for two eyes before turning away, but in his heart he was wondering how he could snatch Tong Lei into his hands.

Several boys ran over from the side of the gate, these boys are all stout and tall, dressed in a brand-name, as if they were a group of rich gentry.

“Wei Qiang, how about it, the cowl is too big, right? Also said to phone number is hand to hand, hey, defeated oh!” A man laughed derisively.

“Humph!” Wei Qiang a cold snort of displeasure, “such a woman is enough to taste, and when I catch up, no matter how she is a fierce nature of the rouge horse, but still will be my ride submissive? Hey, hey!”

The crowd burst into laughter, the laughter is full of underhanded meaning.

“Since you like riding a strong rouge horse so much, Yun Bing can also be considered a good horse, why don’t you get on her? I remember that people are still interested in you!” A boy asked with a face full of lewdness.

“Shit!” Wei Qiang could not help but roll his eyes, “I dare to fuck her? Her old man Yun Fei Yang is a well-known figure in our Jiangzhou Road, if I fuck her, how can I go after other women? Her old man will not kill me. This is not for a tree, and give up the whole forest? I’m not that stupid!”

“Hey, you want to get on now have no chance, today I read the newspaper, I heard that Yun Bing family accident, she and her father were killed in the house, and finally set on fire .....”

“Don’t mention her, it’s appetizing. Now only Tong Lei is to my liking, wait for the old man to get her into bed and say the rest.” Wei Qiang impatiently waved his hand, “Go, go, play ball, noon my treat.”

A few boys coaxed and ran in the direction of the playground, but no one noticed that a small, thin boy with thick glasses, was passing by, thoughtfully glanced at Wei Qiang a few people.

Ji Feng’s class was in the second period, that is, from 9:30 until the end of 11:30, a total of two hours of large public classes. Ji Feng, who had nothing to do for the time being, went directly to the dormitory.

When Ji Feng arrived at the dormitory, he found it empty, only Han Zhong was sitting in front of the computer playing games.

“Where is everyone?” Ji Feng asked in amazement.

“I’m not a person, huh?” Han Zhong rolled his eyes and said, “Old Zhao accompanied Old Du to look for a house, so I was left alone to look after the house.”

Ji Feng was just about to speak when he heard a knock on the door suddenly.

“It’s probably Old Du and the others coming back!” Han Zhong said.

Ji Feng got up and opened the door, but found, standing at the door, was a small, thin, glasses wearing boy, this boy seems to be somewhat familiar.

Chapter 229

“Are you .....” Ji Feng looked at this skinny boy with some confusion, he suddenly felt, when did his memory become so bad? How to see a person, you find a familiar face, but can not remember who the

other party is in the end. Zero point to read the book . Just now hearing Wei Qiang's name is like this, now seeing this person is also like this, does it mean that his own unforgettable ability has disappeared?

"Shit! This is Zhang Qing from our class, Ji Feng you don't even recognize your own classmates?" Han Zhong shouted in the dormitory, "Yes, you kid left after only one week of military training, and came back to class to sit at the end of the classroom, no wonder you don't recognize Zhang Qing."

Ji Feng suddenly realized, no wonder it looks familiar, I think it is in the military training when met a few times. Only, when it was everyone wearing camouflage uniforms, and not in the same dormitory, naturally there is not much impression.

Ji Feng could not help but breathe a sigh of relief, thought it was because his unforgettable skill had disappeared, now that he knew the reason, it was naturally much easier.

"Zhang Qing, right? I'm really sorry, I don't have a good memory, come on in!" Ji Feng laughed.

Zhang Qing smiled a little coyly and said, "I'd better not go in, Ji Feng, I came to tell you something."

Ji Feng was stunned, looking for himself?

He nodded and smiled, "Sure, what's the matter?"

Zhang Qing looked around, and then looked at Han Zhong inside the dormitory, and wanted to say something, but seemed to have some difficulties.

Ji Feng immediately understood, he smiled, "Let's go out and talk."

The two came to the corridor and saw that there was no one else around, Zhang Qing couldn't help but say quietly, "That, originally I shouldn't have moved right and wrong, and it's not good to chew behind your back. But I heard something and thought it would be better to tell you."

Ji Feng frowned slightly, he could see that Zhang Qing was indeed not a person who liked to tattletale, he was very shy. In that case, the things he said were really worth paying attention to.

"It's okay, just say it, I definitely won't tell anyone." Ji Feng said.

Zhang Qing nodded and said, "It's like this, I just went to buy breakfast outside the school ..... I usually get up late and like to sleep in, so I eat breakfast late. When I came back, I met a group of basketball team in front of the school, and one of them seemed to be Wei Qiang!"

"Wei Qiang?!" Ji Feng frowned, counting the time, Zhang Qing if it was just after meeting Wei Qiang came to the dormitory, that time is exactly after he and Tong Lei met Wei Qiang, the time just coincided.

"Yes, because, because of those posts on the school forum before, so I can recognize, one of them is Wei Qiang!" Zhang Qing said, "They were joking around and mentioned Yun Bing and your girlfriend ....."

Zhang Qing seems to be somewhat bad at words, and not very clear descriptions, so he simply repeated those people's words in their original form, and even what the person who spoke looked like, and what characteristics of the voice that spoke, all in detail.

Ji Feng's face instantly gloomy, he did not doubt in the slightest whether Zhang Qing's words were true, because the content of these conversations relayed by Zhang Qing was completely logical.

The conflict between Yun Bing and Tong Lei, although after the post on the forum exposure, almost everyone knows about it, but, as for the matter of Yun Bing and Yun Feiyang being killed, there should not be many people who will pay attention to it.

What's more, the matter of Wei Qiang asking for Tong Lei's phone number was something that Ji Feng saw with his own eyes, which means that what Zhang Qing said was true.

"That ..... I think this matter may be a little serious, so I came to tell you, and did not mean to move right and wrong." Zhang Qing saw Ji Feng's gloomy face, looked embarrassed, after all, if you tell Ji Feng, there may not be anything, but it is their own meddling, what happens in the future, perhaps can not be unconnected with themselves.

But in fact, if you really hold it in your heart not to say it, Zhang Qing and feel that Wei Qiang they may really do something bad to Tong Lei, and then you may not have the face to see Ji Feng again.

The first thing you need to do is to get back to the dormitory, and only then did Zhang Qing make up his mind to tell Ji Feng.

Ji Feng naturally saw Zhang Qing's doubts, took a deep breath, a smile on his face and said: "Zhang Qing, thank you for telling me this. I won't tell anyone about today's incident, and even if something happens in the future, you will definitely not be involved, so just rest assured."

Zhang Qing nodded slightly, raised the soy milk and buns in his hand, and smiled coyly, "Then I'll go back first, I haven't eaten breakfast yet!"

Ji Feng smiled and nodded: "Okay, see you in class later!"

Looking at Zhang Qing's thin back, Ji Feng's face was gloomy, standing in the corridor for a long time without speaking. Only in his heart, he said, "Zhang Qing, I'll take down this favor of yours."

Zhang Qing would rather risk being implicated to tell himself this matter, this is undoubtedly a favor, and, is a great favor.

Perhaps for Zhang Qing, this is just his conscience to tell himself this matter. But for yourself, this is like saving Tong Lei, this is undoubtedly a heavy favor, the weight is very heavy.

After a few moments of silence, Ji Feng returned to the dormitory, his face has returned to normal. However, the delicate-minded Han Zhong still saw something wrong.

"Ji Feng, your face is a little off, no is it?" Han Zhong asked, "We are all brothers, if there is anything you need to help, just say, as long as I can do it, absolutely no second thoughts."

"Thanks a lot!" Ji Feng smiled and patted Han Zhong's shoulder, "No big deal, just a nasty fly that wants to pester Tong Lei."

"Who has eaten ambition and leopard's guts?!" Han Zhong immediately stood up and asked with a face full of anger, "T\*\*\*! Other things can be tolerated, but only this kind of thing, hitting the head is worth it!"

In his early twenties, it is the age of blood and vigor, especially in matters involving men and women, the most can not stand a bit of aggression, not to mention Han Zhong is used to a privileged life, usually others to flatter him, when it is the turn of others to steal his brother's girlfriend?

See Han Zhong that forehead veins straight up in anger, Ji Feng could not help but heart a warm, perhaps because of the growth environment and other issues, so that the other three guys in the dormitory have their own shortcomings, such as Han Zhong is a bit utilitarian, Zhao Kai is too calm, everything will first analyze the pros and cons, and Du Shaofeng is too real.

But there is no doubt that everyone is sincere in their friendship.

Just this, Ji Feng heart will feel very warm, which reminds him of the days when he was friends with Zhang Lei, at that time, Lei Zi is the only one willing to really be friends with him, until now, the two are iron buddies, and even considered a lifelong friendship.

"Let's not talk so much, you may need your help in a few days." Ji Feng patted Han Zhong's shoulder, "in the school rashly to move others after all, the impact is not good, and the other party is only mouth, we do not have any evidence, there is no way to take the other party, wait a little longer!"

"Then when do we have to wait?" Han Zhong said with some dissatisfaction, "I say Lao Ji, or this way, you tell me who it is, I will go find a few people, and ask him out to warn some."

"No need!" Ji Feng waved his hand, "Warning is useless, some people, just warning will certainly not grow to remember, must hurt him, he will understand some sense."

When he said this, the corner of Ji Feng's mouth slightly pulled up a curve, if Zhang Lei was here, he would immediately understand that Ji Feng was really angry.

"When are you going to do it?" Han Zhong asked hurriedly.

"Don't worry, it won't take long, definitely not!" Ji Feng sneered.

Want to ride a rouge horse?

Hmph .....

Don't know whether to live or die!

Ji Feng's heart surged a strong killing machine, since you want to ride the rouge horse, you have to have the awareness of paying the price!

Looking at Ji Feng's cold face, somehow, Han Zhong suddenly hit a chill in his heart, Ji Feng's eyes, is too scary.

"Ji Feng, how about this, before you plan to make a move, I'll find someone to investigate the other party's background." Han Zhong saw the cold smile at the corner of Ji Feng's mouth, he couldn't help but be shocked in his heart, this guy wouldn't want to take out the other party directly, right?

I don't know who that bastard is, who is not good enough to mess with, but to mess with Ji Feng's head, simply because they live too long! The person looking for death is not so accurate, right?

"Wei Qiang." Ji Feng faintly spat out two words.

Han Zhong was immediately stunned, then understood, no wonder Ji Feng would be so angry. The previous conflict between Tong Lei and Yun Bing, the cause was because this Wei Qiang pestered Tong Lei and made Yun Bing jealous. Now, this bastard still dared to do this?

“That \*\*\*\* is actually so unaware of life and death?” Han Zhong gave a grin and laughed heatedly, “Okay, Ji Feng, leave this bastard to me, I guarantee that I will make him feel good \*\*\*\* and have nightmares about mentioning United University in the future!”

Ji Feng, however, shook his head slightly and said, “Other than investigating his background, you don’t have to do anything, wait for him to move first.”

Han Zhong then understood that Ji Feng was really planning to give Wei Qiang a most bitter lesson, if he had warned Wei Qiang before, he might not dare to harass Tong Lei again. But, if only to investigate, and not let him be alarmed, he will be reckless, and will even do something that should not be done.

As long as he makes this move, Ji Feng, who has been ambushed, will give him a thunderbolt without mercy, leaving him dead and buried!

“It seems that Tong Lei is this guy’s scales, touched his scales, the consequences .....” Han Zhong couldn’t help but shake his head, his heart had some pity for Wei Qiang, this bastard really should be a saying – the word sex on a knife!

“Good!” Han Zhong immediately nodded, “the investigation of that bastard will be left to me, three days at most, a reply to you!”

Ji Feng nodded, his heart more or less calmed down a bit.

But at this time, a phone call from Ji Shaolei made Ji Feng’s mood bad again.

“San’er, Qiao Rong has come to Jiangzhou, and brought three strong young men with her.”

“Who is Qiao Rong?” Ji Feng asked.

“Qiao Gakai’s mother!” Ji Shaolei said, “The purpose of her coming is obvious, to deal with us.”

## Chapter 230

Ji Feng frowned: “She said to deal with us, you can deal with it? This is Jiangzhou, and still the rule of law society, everything has to \*\* law.”

“My silly old brother, some people get crazy, but they don’t care about anything.” Ji Shaolei said with a bitter smile, “You have not seen Qiao Rong, so do not understand that woman. That is an extremely crazy woman!”

Ji Feng asked with amusement, “How crazy?”

“I used to live in Yanjing, once I fought with Qiao Gakai, at that time we were still young, about the fourth `fifth grade in elementary school and I was two years older than Qiao Gakai, so I defeated him, he cried and returned to the compound and complained to Qiao Rong.”

The first time I saw you, I was in the middle of a fight with you. Old man, that was a big winter!”

“It’s crazy enough!”

Ji Feng could not help but have some headache, \*\*\*\*, a just to fight for breath, in the winter dare to throw the son into the water tank of the woman, in addition to the two words crazy, Ji Feng really can not find any other words to describe her.

At the same time, Ji Feng also understood why, knowing that Qiao Rong came to Jiangzhou, Ji Shaolei will be so nervous. I think, the shadow left in the heart during childhood, also accounts for a large part of the reason!

“Such a crazy woman ……” Ji Feng scratched his head and turned his head to ask Han Zhong, “Old Han, dealing with crazy people, is there any good way?”

“Send into the madhouse ah!” Han Zhong blurted out.

“Good idea!” Ji Feng laughed loudly and said into the phone, “Second brother, you heard it, deal with the madman, just send her directly to the madhouse, it’s that simple.”

On the other end of the phone, Ji Shaolei almost didn’t choke on these words, and only after a long time did he laugh bitterly with breathlessness, “Qiao Rong’s identity, who dares to send her to the madhouse? Do you dare? Anyway, I don’t dare!”

Ji Feng laughed, “You wait a moment.”

He turned his head and asked with a smile, “Old Han, if there is a crazy person who wants to kill you, but because her identity is not low, so she cannot be sent to the asylum so simply, then what should be done?”

“So ah …… this is a little difficult to do.” Han Zhong looked at Ji Feng in confusion, “Who are you talking to? How come you’re suddenly talking about crazy people?”

Ji Feng laughed: “Joking with friends, it is said to be a quiz question, I can not think of a way, only ask you.”

“So that’s how it is!” Han Zhong immediately became interested and said with a smile, “Then it’s simple, since it’s a madman, it will definitely do some crazy things, and, these things are incomprehensible to ordinary people.”

Ji Feng nodded slightly and said, “That’s true.”

Ji Shaolei on the other end of the phone is also listening, for Ji Feng so casual to take this issue and others to discuss, Ji Shaolei can not help but straight frown, three children this is what is wrong? This kind of problem can also let others know?

Han Zhong laughed: “So, what if this crazy person commits suicide?”

“How could she commit suicide?” Ji Feng asked.

“Crazy people, will always do something that others can not understand, you see, she committed suicide, everyone also can not understand!” Han Zhong heatedly smiled, “This is my answer, quickly ask your friend, is this answer right!”

“Okay, I’ll ask!” Ji Feng forced a laugh and said into the phone, “Second brother, you heard what we said, right? Suicide, this is indeed a good way!”

Ji Shaolei immediately broke out in a cold sweat and said in a panic: “Third son, that woman is crazy, you wouldn’t go crazy too, right? Suicide? What a joke, everyone knows that Qiao Rong is certainly not possible to commit suicide, and as long as she died in Jiangzhou, others will certainly know, she came to Jiangzhou for what, we do so, then and looking for death what is the difference?”

“Then I have no other good way.” Ji Feng said irresponsibly, “To deal with ordinary lunatics, just send her to an insane asylum, but like this kind of lunatic with murderous intent, I only have that one way just now!”

“You brat ……” Ji Shaolei laughed bitterly, “Forget it, I’ll think of another way, you yourself first pay attention to safety, I will send someone to pay attention to their whereabouts, if they have a strange movement, I will be the first to tell you. ”

“Then good, I’ll wait for your call.” And Ji Shaolei haphazardly chattered a few words, Ji Feng’s original that angry mood, but also alleviated a lot.

Hang up the phone, Ji Feng’s heart slightly moved, sometimes, a different perspective on the problem, perhaps there will be a different approach. Just now asked Han Zhong about the solution, but only because Ji Feng’s heart is still full of anger, do not want to think for the time being, but now think, ask a person who does not know, maybe it is another way to solve.

He immediately asked, “Old Han, or the question just now, if that crazy person is actually pretending to be crazy and using it to make others not dare to control her in order to achieve some kind of purpose, then how should this kind of crazy person be dealt with?”

“Your friend is really strange, playing intelligence questions, why always fight with the crazy?” Han Zhong muttered in surprise and said, “That’s not simple, deal with this kind of pretend crazy people, then beat him up, beat him painfully, so that he dare not pretend to be crazy again, beat him back to his original form, this is not okay?”

“Makes sense!” Ji Feng instantly lit up, “That’s right, beat her up, beat her up so that she doesn’t dare to pretend to be crazy anymore, that really makes sense. I said old Han, really did not see that you can say such simple and philosophical words, really people can not look like ah!”

Han Zhong was said to roll his eyes, fiercely to Ji Feng than a middle finger, “dry!”

Ji Feng laughed: “Okay, class is about to start, let’s go!”

The next two hours of class, Ji Feng has been thinking about Han Zhong’s words, beat her pain, beat her back! Once I thought of these words, Ji Feng felt enlightened, a change of perspective, the result is really much different.

You're crazy, I'm crazier than you! You pretend to be crazy, I will beat you pain, beat you back to the original form, so that you mention my name, you will have nightmares, you can not help but shiver all over!

As the saying goes, evil people still need evil people to grind, this is the truth.

Ji Feng felt that he would probably be the one who specializes in grinding evil people, that is, the greater evil. However, if it is against the Qiao family, this evil man, he did willingly.

Moreover, it seems that besides himself, the second uncle's hands, there is really no one qualified and capable to do this villain!

"Qiao Rong, you actually came in person ..... really good!" Sitting in the last row of the large classroom, Ji Feng's eyes shone with excitement, "Those debts you owe my mother, let me collect them for her! Before beat Qiao Gakai, that is only slightly collected a little interest, now, I want on you, to recover the principal!"

Snap!

The plastic signature pen in his hand was crushed by Ji Feng.

The students sitting near Ji Feng, could not help but feel a chill forcing people to come, subconsciously tightened their clothes, but all over the body is very uncomfortable, the closest to Ji Feng a girl, almost feel some breathless.

When Ji Feng's breath dissipated, those students slowly recovered, several people subconsciously looked in the direction of Ji Feng, thinking, in broad daylight, did you see a ghost? How just now as if dying?

Seeing the reaction of those students around, Ji Feng also realized that he had just lost his mind, he hastily collected his mind, sat upright and pretended to listen to the teacher's lecture with concentration.

After listening for a moment, Ji Feng felt bored again, in fact, the financial and economic majors, is really too boring, unless some teachers are extremely experienced in teaching, to be able to add some real-life examples into it, speak with taste, so that students can also have the interest to listen.

However, this teacher is obviously not in this category, so even if Ji Feng has already memorized the content, still can not listen to a word.

But on the contrary, the class can not be skipped, because the first class this teacher has said, on his class who dare not come, roll call twice less, do not want to pass the exam, three times less, never want to pass!

Under this high pressure policy, these new freshmen, how dare they skip class? So no matter how bad the teacher's class, the students listening to the class are almost empty seats.

Under the real boredom, Ji Feng simply practiced his memory. Before he wondered if his unforgettable skills had declined, how could he even forget Wei Qiang's name.

He picked up the book and casually read a page from the end, then closed his eyes, and the contents of that page appeared clearly in his mind, as if playing a movie.

“Fortunately, it did not disappear!” Ji Feng let out a sigh of relief, as long as those skills did not disappear. The reason why he was able to turn from a poor boy into what he is now is entirely because of the existence of the intelligent brain, and those special skills that he has.

If those skills disappeared, Ji Feng would almost be like breaking an arm, which is a very serious damage.

When the class bell rang, everyone couldn't help but breathe a sigh of relief.

At the same time, Ji Feng's phone also rang.

“Crazy, see you in the cafeteria at noon, there is something to discuss.” The phone call was from Zhang Lei, the only one who called Ji Feng crazy in the whole United University, even in the whole of China, was Zhang Lei.

“Okay, no problem.” Ji Feng immediately said.

“Call up Lei Lei.” Zhang Lei added another sentence.

Ji Feng asked, “Call on Lei Lei? Is it something big?”

“About the student council and the welcome party, today I heard some news, wait until the cafeteria, meet again to talk about it, the phone is not very clear!” Zhang Lei said.

The two promised, Ji Feng could not help but frown slightly, and the new student party thing, a small party, really made so many things to?
