“This way” Liu Zejun turned his head and couldn’t help but frown at Ji Feng’s disapproval of using Geng Shaohua and the others as meat shields, which made it more troublesome.

Because this car is near this side of the pine forest, that side of the vehicle is the direction where the killer is, so going over there definitely won’t work, and to sneak into the woods, you can only go from the other side of the road, but that would have to span the whole road, and this one commercial vehicle, can’t cover the whole road!

How do you get across?

“Buzz~!”

At this time, a vibration suddenly came from Ji Feng’s body, and he immediately took out his mobile phone from his pocket, only to see that it was a message from Bai Zhu: “Young Ji, I’m going over!”

Ji Feng immediately frowned, then looked sideways, but could not see anything, the BMW was still parked there, but Bai Zhu was nowhere to be seen.

“Old Guo, you cover me!” Liu Zejun but said in a deep voice, he casually handed Geng Shaohua a few people’s guns to Guo Tao a hand, “later when shooting the speed to be fast, my little life can be handed to you!”

“Don’t!”

Guo Tao hurriedly shook his head and said, “I’m under a lot of pressure when you say that.”

Liu Zejun grinned, “Only when there is pressure can there be motivation!”

With that, Liu Zejun started to move back slowly, but was stopped by Ji Feng: “Don’t move in a hurry, let’s do a fire reconnaissance first!”

Liu Zejun nodded, “Old Guo, you’re a better shot than me, it’s better for you to do it!”

“Ka ka ka~!”

Guo Tao weighed his pistol and prepared to load the bullets, but found that the gun’s safety had already been opened and the bullets had been loaded, he couldn’t help but glance at Geng Shaohua with a stern gaze.

Liu Zejun also saw the name, his eyes a flash of murder: “Boss”

The pistol belonged to Geng Shaohua and the others, and although it was unknown whose this one belonged to, one thing was certain – before this, these bastards really wanted to kill them!

Otherwise, why else would they have loaded the bullets and even opened the safety?

A gun in this situation, as long as the trigger was pulled, was a deadly threat!

Ji Feng said in a deep voice: “Let’s postpone this matter, let’s solve the threat in the shadows first, Zejun, give me a gun!”

Liu Zejun nodded and casually handed one of the pistols to Ji Feng: “Boss, you don’t have to do anything, just leave it to me and Old Guo!”

Saying that, Liu Zejun gestured to Guo Tao, “Start!”

In the next moment, Guo Tao suddenly moved two meters sideways in a half crouch, and then took a trip directly to the ground, just in time to reach over the front of the commercial vehicle.

“Boom~!”

Guo Tao fired, and he pulled the trigger continuously, “BOOM! BOOM BOOM BOOM BOOM~!!!”

After a series of six shots, Guo Tao rolled his body and then hid behind the commercial vehicle once again.

“.....”

However, the opposite side was silent, not a sound at all.

Ji Feng smiled faintly, “It seems that our opponent can be more composed than we thought!”

The other side had to see the situation clearly and make the most accurate judgment in such a short period of time, which was not easy.

But the other party was not making any sound at all, so obviously the other party was definitely not simple!

“It looks like I have to sneak over there!” Liu Zejun said in a deep voice.

“Don’t rush first!” Ji Feng shook his head and said, “Wait a little longer”

“Wait for what else?”

Guo Tao whispered, “Boss, if we wait any longer, the police will come, and then the other party will definitely escape, which is like a potential threat!”

It was now certain that the one hiding in the shadows was definitely an experienced veteran, and if such a person was let go, it would definitely be a huge threat.

Ji Feng nodded and said, “I know, it’s better to wait a little longer!”

Seeing that Ji Feng was so insistent, the two of them, Guo Tao, had no choice but to nod and wait quietly.

At this time, Ji Feng was holding a pistol in one hand, but the other hand was holding a mobile phone, rotating it back and forth, and then from time to time, he looked at the BMW not far away, which still had no movement on it.

Ji Feng couldn’t help but frown, how exactly did Bai Zhu intend to act?

The reason he didn’t let Liu Ze-jun and Guo Tao act was because of that message Bai Zhu sent him. It was clear that Bai Zhu was going to act on his own, and was obviously playing the same game as Liu Ze-jun, to sneak over.

The first thing you need to do is to find out how far Bai Zhu has gone and where she is, but Ji Feng doesn't dare to call Bai Zhu, because at this point in time, if the phone call reveals her whereabouts, it will not only be a foregone conclusion, but will even put Bai Zhu in danger.

And Liu Zejun's side could not act either, because if he did, he would also let the other side notice.

"Boss, should we continue to wait?" After a while, Guo Tao asked in a low voice.

"Wait!"

Ji Feng said in a deep voice.

.....

In the cypress forest.

"Hoo~!"

A petite figure flashed past, then disappeared again in the shadowed woods.

This figure was none other than Bai Zhu.

At this moment, she was walking through those pines and cypresses, while in her right hand, she was holding a sharp dagger upside down, her pair of beautiful eyes contained a thick fury, and her pretty face was like frost!

Another attack!

Moreover, the target of the other party's attack was actually Ji Feng!

This made Bai Zhu extremely angry in her heart, last time in Southern Guangdong, Ji Feng had almost lost his life due to an attack, and this time someone was actually doing this again.

Bai Zhu was determined to uncover the other party!

And of all the people present, she was in the most advantageous position, so she didn't hesitate to get into action.

There was another reason for Bai Zhu to do this, perhaps she couldn't help Ji Feng in the big picture, but in this kind of matter, Bai Zhu was willing to do her best to help Ji Feng, not to prove her ability, but she didn't want Ji Feng to be distracted by this kind of thing.

At the same time, Bai Zhu also hated that killer hiding in the shadows.

Because what the other party was trying to kill was the person Bai Zhu liked!

For a woman, this was the most intolerable of all.

Therefore, Bai Zhu moved!

At this moment, while she was running through the forest, she was scanning everywhere she passed, to find the hidden killer in the shortest possible time!

And the best way to do that was to think differently.

Since she wanted to attack Ji Feng and the others, she must find a place that would not affect the line of sight and would be easy to hide herself. As a killer, choosing a suitable place to snipe was a necessary preparation.

As it happens, Bai Zhu is the one who knows how to think differently, because she used to be a killer, so she knows better than anyone where the best place to hide is.

Bai Zhu ran along, her eyes like lightning.

She had heard the gunshots just now, and with her vast experience, she immediately judged the approximate location of the other party, so she didn't even stop in the middle, heading straight for the area she had judged.

In this process, Bai Zhu was also extra careful, as the other party had a gun in his hand, while she only had a dagger.

“Swish!”

Bai Zhu stopped in her tracks, a gloomy look appearing on her pretty face.

The area that she had judged had already been searched by her, but there was no sign of that killer!

Bai Zhu's eyes were stern as she leaned against a tree and searched carefully, she believed her judgement was right, if the other party was really an experienced killer, then her judgement was definitely right.

However, no matter how much Bai Zhu searched in the woods, she could not find any trace of the other party.

Bai Zhu's eyebrows knitted up slightly, had she misjudged or had the other party discovered her, so the killer had gone into hiding?

Bai Zhu's gaze swept over the surroundings, and suddenly, her eyes fell on a gravestone at the edge of the woods – on that gravestone, there was a mud mark!

It was a footprint – a mark that someone had stepped on!

Bai Zhu's gaze was instantly frozen, who would step on a tombstone when they came to it to pay their respects?

Bai Zhu tightened her grip on the dagger and slowly leaned over.

As the tombstone got closer and closer, Bai Zhu's light flickered out of the corner of her eyes, she turned around abruptly and saw that about a few metres to the right of that tombstone, a man was hiding behind another tombstone, the gun in his hand was aiming at her.

“Swish!”

In a flash, Bai Zhu did not hesitate to fling out the dagger in her hand, while rolling on the ground and hiding behind the tombstone.

And at the same time, the other party's gun went off: “Boom~!”

.....

“The sound of gunfire!”

Ji Feng instantly had a cold flash in his eyes, “It’s Bai Zhu

“Zejun, act immediately, Guo Tao and I will cover you!” Immediately after that, Ji Feng shouted lowly, at the same time his legs suddenly fired, raised his gun and then fired in the direction where the sound of gunfire came from just now.

“BOOM~BOOMBOOM~~”

Guo Tao likewise started firing to cover Liu Zejun, while the latter even ran wildly towards the opposite side of the road like a madman, reaching the middle of the road in a flash.

“Hurry!”

Guo Tao shouted.

Liu Zejun ran wildly in an S-shape all the way, and in just a few breaths, he crossed the road and entered the ditch at the side of the road, while Ji Feng and Guo Tao retracted their bodies at the same time and hid behind the Yamada commercial vehicle once again.

“BOOM~!”

Another gunshot rang out, still in the direction of the deep woods.

Ji Feng immediately frowned, he gritted his teeth and said, “Guo Tao, you cover me again, I’ll go over there too

“Boss, it’s too dangerous” Guo Tao said at once, “My firepower is too weak alone, and you might be the target

Ji Feng waved his hand, “Couldn’t care less, I have to get over there now

However, before he finished his words, his eyes suddenly snapped shut while he grabbed Guo Tao and yelled lowly, “There’s danger, hide!”

“BOOM~BOOMBOOMBOOMBOOM~~”

The next moment, the sound of gunfire suddenly rang out, and this time, it was in this direction where Ji Feng and the others were hiding

“Boom~!”

“Ah...!”

A harsh scream, only to see one of the people with Geng Shaohua, a blood splash rose from his stomach, his whole body spasmed violently for a few times, then his body twitched, but his scream disappeared.

Campus Master Chapter 2222

“Boom~!”

“Ah...!”

There was a harsh scream, only to see one of the men with Geng Shaohua, a splash of blood rose from his stomach, his entire body spasmed violently for a few times, then his body twitched while his screams died out.

One of Geng Shaohua’s companions had been killed off just like that!

His eyes instantly turned red and he roared, “Son of a bitch I’ll fuck you!”

“Boom!”

However, in response to him, there was still a gunshot.

Another person was taken out, and this time, that person was directly shot in the head, because the power of that bullet was too great, making that person’s head was actually instantly smashed in a piece, it was like being hit hard with a stone on a watermelon

Ji Feng and Guo Tao both couldn’t help but freeze for a moment!

This change of events was so fast that they didn’t have time to react in time and could only hide themselves for a while.

However, why that killer had to poison Geng Shaohua and the others, Ji Feng and Guo Tao were a bit puzzled.

What made Ji Feng and Guo Tao feel even more stunned was that they did not expect that there was a hidden gunman in the vicinity, and it was also obvious that he was definitely an expert, with accurate shooting skills and extreme patience.

The other party could actually hold back until now before shooting, and before that, Ji Feng had not even noticed a single thing, which made his heart flinch.

This was another elite gunman!

It was even, most likely, an ace sniper!

Ji Feng was incomparably confident in his six senses, and he could be sure that as long as the other party showed hostility towards him, or if he was being watched, then he would definitely be able to detect it.

Although it was said that just now because his attention was distracted and the scene was still a bit chaotic, the fact that this second gunman was able to be detected by Ji Feng only a moment before the shot was fired was enough to show how powerful this person was.

Where were all these gunmen from?

How come elites are so worthless nowadays, all over the streets?

Or is it that the State Security Jiangzhou Branch is sending out all its elites just to put itself to death?

Ji Feng was really a bit confused for a while!

“Bastard!”

Two of his men were killed in quick succession, causing Geng Shaohua to burst into a rage, he didn't know where he got the strength from, he stood up violently and then rushed towards the side, on the ground not far from there, there was a pistol, that was collected from them by Ji Feng, only that the attack and killing just now came too suddenly, Ji Feng didn't have time to take it away.

Geng Shaohua grabbed the pistol in his hand, then slammed his head onto the ground, following that huge impact, he rolled straight up on the first, while pulling the trigger and firing wildly in the direction where the gunshots came from!

“BOOM~BOOM!”

Geng Shaohua's movements were extremely swift and his shots seemed to be very accurate, as soon as his shots rang out, the gunshots from the opposite side immediately disappeared.

Ji Feng, who was hiding on the side, instantly narrowed his eyes slightly!

This Geng Shaohua, was definitely an elite, at least he must have very rich combat experience, otherwise, ordinary people would not have time to react in such a situation, and even if they did, they would definitely be subconsciously protecting themselves.

But Geng Shaohua was different, he was able to spot the pistol on the ground and determine the hiding position of the other gunman in such a sudden and panicked situation, and, in a self-protective move, he was able to launch a counter-attack!

From the time Geng Shaohua stood up, to the time he picked up the pistol, to the time he rolled on the ground before firing back this sequence of actions all showed an extremely high level of proficiency, as well as a very impressive combat literacy!

This is definitely a combat elite!

However, the more this happens, the more intense the killing opportunity in Ji Feng's heart becomes, it is clear that this Geng Shaohua is definitely not a rookie, then, when they got off the Yamada business car earlier, they were trying to kill themselves!

This Geng Shaohua came to stop himself, obviously not as simple as he said, just to 'invite himself back to assist in the investigation', he must have other orders with him!

“Boss, this guy is very problematic!” Guo Tao hid on the other side of the car, staring at Geng Shaohua on the ground, and said in a deep voice: “It's the time for a melee, should we take this opportunity”

Speaking here, his hand made a wiping motion on his neck, “Should we take the opportunity to do away with him?”

Ji Feng, however, shook his head: “No! Now is not the time”

Guo Tao was puzzled, it was a time of melee, there was chaos everywhere, the two remaining companions of Geng Shaohua who were still alive, were even too scrambled to find a place to hide, it was impossible to pay attention to this side.

If Geng Shaohua was killed from behind at this time, there would be no evidence to prove that they did it, and even if State Security investigated in the future, they would at most suspect Ji Feng, but there would be no tangible evidence, because the guns they were holding were Geng Shaohua's!

There were no witnesses, and the murder weapon was the victim's own weapon, so even if State Security was powerful, they might not be able to find out.

But why did the boss refuse?

But Ji Feng didn't explain to him why, he just stared at Geng Shaohua's figure, and then looked at the place where the gunman was hiding across the street, and his brow couldn't help but frown slightly.

"Guo Tao, can you see it? Something doesn't seem right" Ji Feng said in a deep voice.

"Mm!"

Guo Tao nodded his head and blurted out, "How did this gang kill each other up?"

That was the question!

Ji Feng's eyes were slightly narrowed, things were very wrong today, and it was getting more and more complicated There was no doubt that Geng Shaohua's few people definitely wanted to take advantage of the opportunity to kill themselves, and the gunman who was hiding in the woods before must have also had this purpose in mind, because that first shot was aimed at his head at that time, only that Ji Feng had advanced He dodged it because he sensed the danger.

However, this second sniping, although it made Ji Feng feel extremely dangerous, it was normal, since the other party wanted his life, it was natural to aim at him.

But the question was, after he and Guo Tao had dodged, how did that gunman turn his gun around and shoot towards Geng Shaohua again?

Could it be that the gunman was angry because he hadn't finished himself off, so he was angry and killed everyone on sight?

This is obviously impossible!

"This gunman and them don't seem to be from the same team!" Guo Tao whispered, "Boss, what's the situation here?"

"It's complicated!"

Ji Feng shook his head, right now he didn't know what the situation was, and he couldn't even figure out exactly what was going on for a while.

First, Geng Shaohua and the others followed them, and after stopping them, they tried to kill them, and then because they didn't succeed, the snipers hidden in the woods ended up shooting at them again.

But before these things could be resolved, a second sniper actually appeared!

This was a mess!

"Boss, what should we do?" Guo Tao asked in a deep voice.

“You cover me, I’ll go to the woods over by the cemetery!” Ji Feng immediately said in a deep voice, “Remember, when I go over there, you must pay attention to safety and protect yourself from a third sniper!”

“It’s dangerous now!” Guo Tao was immediately taken aback, “Boss, it’s better for me to go

“No way!”

Ji Feng shook his head and said, “Looking at this situation today, the other party doesn’t know how long they’ve been preparing, there might be changes to come, and Bai Zhu doesn’t have a weapon on her, so if anything changes, she’ll definitely be in danger, I have to go over and take a look.”

Guo Tao whispered, “Then wouldn’t it be the same if I went

“You don’t know Bai Zhu!” Ji Feng shook his head and said in a deep voice, “It’s better for me to go All right, no need to say anymore, prepare to cover me

“Boom~!”

Ji Feng’s words just fell, suddenly another shocking sound came, he and Guo Tao looked over with a jerk, they saw another person’s neck was hit, the huge power of the bullet, it actually tore off a piece of that person’s neck raw, the blood was simply like a fountain gushing out!

The man opened his mouth wide as if he wanted to scream, but perhaps his vocal cords and trachea were torn off, so he couldn’t even scream, he could only cover his neck with his hands instinctively and trembled violently, but the blood was still spurting out from his fingers

It was a sight to behold, one’s scalp really exploded!

In just a few moments, the man collapsed to the ground, his eyes staring dead, but there was no more light in them, and his body gradually stopped twitching!

Another man had been killed by the sniper hiding in the shadows!

In the blink of an eye, the four men who had come with Geng Shaohua had been killed by the second sniper who had appeared out of nowhere, and now, counting Geng Shaohua, there were only two men left.

The last one was next to the one whose neck had been torn off by the bullet, and they were both hiding at the same time, but his companion was right next to him, right under his nose, and his neck was torn off by the bullet, and he died at his feet!

“Ah...”

The man’s eyes were red, the death of his companion had obviously irritated him, his whole body was furious, and an angry roar came out of his mouth: “Fuck you, I’ll fight you...!”

In a flash, he rushed out from the side of the car and frantically rushed towards the direction where the gunshot came from.

“Boom~!”

What greeted him, however, was a bullet.

“Poof-!”

The man’s chest was directly pierced, a string of blood sprang out, and the man fell headlong to the ground.

Ji Feng couldn’t help his pupils shrink as he watched, secretly saying, expert!

Perhaps he hadn’t seen the situation clearly before, but when Geng Shaohua’s last companion sprinted, Ji Feng saw the whole process clearly, and this time, he could probably see the sniper’s hidden position, but what really surprised him was the speed of the sniper.

The whole process from the time there was movement in the woods to the time the man was hit by the bullet was completed in two or three breaths!

That is to say, that sniper simply aimed instantly and then fired directly

This strength with a gun is simply comparable to that of Yao Zhijian!
