

Campus Master 2241

Only to see that Ji Feng was not even the slightest bit attracted by the arrangement in this compartment, but somehow went to the window and was looking at something outside, still with his hands behind his back

The first thing I did was to get a little bit depressed and said, "Damn, you just pretend! I don't believe you've ever been to a place like this!"

The original Shan Wendong did not even think of bringing them here, because his cousin had only brought him here once, and had also instructed him not to talk nonsense after going out. Shan Wendong naturally knew that those who could come here were basically very powerful people in Jiangzhou, and his cousin was only the vice captain of the criminal police team of the Wanjiang District Police Branch, although for ordinary people, that was already a great figure, but here, but The cousin is only the deputy captain of the Criminal Investigation Bureau of Wanjiang District Police.

So naturally, Shan Wendong also kept this in mind and did not dare to come here easily.

In fact, he didn't like to come here either, because he didn't even dare to speak loudly here, and even a small waiter had to be treated politely, so how could he get used to it?

But today he was really irritated by Ji Feng!

Originally, he wanted to show off his car and give Ji Feng a hard time by the way, so that Tong Lei would know the difference between him and her boyfriend, and know how good he, Shan Wendong, was!

But to his surprise, before he could show off too much, Ji Feng just waved his hand and gave him a resounding slap in the face, someone who was much richer than him, making that previous act of his almost a joke!

On top of that, on the way here, the conversation that Bu Dexin and the others had in the car had irritated Shan Wendong even more.

Ji Feng was the son of a rich family?

Hmph!

Being rich alone was nothing!

In this world, there are many rich people, but in front of those who have the power, it is not even a fart, the top just a simple word, can make those rich people to lose their families not to mention the top, even a small section chief who has a little bit of power in his hands, is enough to pinch people to death.

Therefore, Shan Wendong bit the bullet and brought them to this private small kitchen.

On the one hand, he was afraid that something might happen here and he might offend some powerful people, which might not only bring him trouble but also implicate his cousin.

On the other hand, it was also because this private kitchen was not only high class, it was also expensive!

If a few of them had a normal meal, Shan Wendong's wallet would have to shrink by a large margin, and if they had some more wine Shan Wendong would really have to bleed out!

So you can imagine how determined Shan Wendong was to bring them here, in order to not be able to make Ji Feng feel a little pressure, so that Tong Lei know how good he Shan Wendong is?

But what was the result?

What Shan Wendong didn't expect was that after they entered the box, everyone else was marvelling at the luxury and class of the box, with surprised and shocked expressions on their faces, making Shan Wendong's originally somewhat apprehensive mood a lot better.

But only Ji Feng, surprisingly, as if he did not see how luxurious the decoration of this box, just standing in front of the window does not know what is looking at, the key is that he also fucking back hands he really think he is a big boss, or a big leader ah?

Shan Wendong heart can not help but are a little fierce, he gritted his teeth, just want to speak, then suddenly saw Ji Feng slightly shook his head.

"Ji Ji Feng is right?" Shan Wendong asked at once: "I see you just shook your head straight, are you not too satisfied with this place, or do you feel somewhere not quite right?"

"Hmm?"

Ji Feng turned around and saw the somewhat stifled look on Shan Wendong's face, he suddenly reacted, it seemed that his own performance just now had caused Shan Wendong to misunderstand, but Ji Feng had no intention to explain, he just shook his head and said, "No, I was just thinking about some other things!"

After saying that, Ji Feng took Tong Lei's small hand and sat down on the sofa near the window, and his expression was very calm throughout.

"..... So that's how it is!"

The first thing you should do is to take a look at the actual situation.

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

And

Just now he shook his head with his hands behind his back, was he mocking himself? Or do you think this place is too low class?

In fact, Shan Wendong naturally does not know that the reason why Ji Feng will shake his head is not like what he thought, not to mention Ji Feng has no intention to compete with Shan Wendong, even if there is, he will not be so superficial.

The reason for this is that it is not like you're thinking about it.

This point of connotation Ji Feng would not have?

He shook his head just now because of what he saw outside the window.

They were in the back row, so when they looked out from the window of this box, they could see the backyard of this private kitchen which was a small car park, and at the moment there were cars parked inside.

What attracted Ji Feng's attention most was these cars.

In fact, the cars parked in the backyard are not too high grade, basically all Audi and Yamada, there are also Lexus, which can only be considered medium to high grade cars.

However, what really got Ji Feng's attention was the number plates of these cars, as well as some things placed on the front windshield.

..... government number plates!

And according to the numbers on the number plates, the owners of these cars were all really not low in position, especially, on the front windshield of one of the Audi A6Ls, there was a pass from the Jiangzhou Municipal Committee

This is the reason why Ji Feng shook his head!

The first thing you need to do is to get a good idea of what you are getting into.

Who spends all this money?

But Ji Feng also knew that this was already a social phenomenon that had become widespread, and he could not afford to ask about it, so he could only shake his head and sigh, but he did not expect this action to fall in the eyes of Shan Wendong, but it had changed in taste.

"So what, let's all sit over and order food!" Shan Wendong was depressed for a while, then he started to greet everyone to order food, Ji Feng could sit down so quietly, but he couldn't, after all, today was his treat, he had to take some initiative to do so!

"Huh?"

"It's so expensive?"

A few people sat down and just took a look at the menu, they immediately shouted in shock, "A plate of dishes actually costs more than five hundred dollars? What kind of dish is this, made of gold, right?"

"That's right, so expensive?!"

A few people's eyes could not help but drift a little, their hearts were weak, this dish is really too expensive, a few of them eating together, three to four hundred yuan is about the same, even if you add the drinks at most seven to eight hundred yuan is already to these people's bottom line, but now a plate of dishes want so much money, this can

"Look guys, there's even a peacock!" Chen Xiangrong said again in astonishment.

"What peacock?" A few people were stunned, but they saw that Chen Xiangrong had already turned the menu to the back, but saw that there was a big dish, surprisingly, it was braised peacock, and when they took a look at the price, a few people immediately stared in awe.

“One, one thousand sixteen?” This time, even the two girls, Xu Ling and Zhang Xiaoli, shouted, “That’s too expensive!”

Braised peacock?

Ji Feng also couldn’t help but be stunned, he had only heard of this dish before, but had never seen it, but didn’t expect it to be so expensive.

“This is nothing!”

Shan Wendong said, “Within the big dishes, this braised peacock is still considered cheap, there are several dishes behind it, which are much more expensive than this”

A few people could not help but hesitate, Xu Ling even said, “Wen Dong, why don’t we change the place, this place is too expensive, one meal is almost as much as our annual living expenses”

A few others couldn’t help but nod, “Yes, Wendong, or else let’s change places.”

“Change places?” Shan Wendong looked at a few people.

“It’s better to find a more ordinary place.” At this time, Ji Feng also spoke up, in fact he didn’t expect the prices of the dishes here to be so outrageous, a dish costing more than a thousand yuan, this is no longer extravagant, it’s simply stupid!

Besides, what braised peacock, Ji Feng, although he had never eaten peacock, knew that many dishes, although rare, might not really be that tasty, and often some of the bacteria and other microorganisms parasitized in these dishes might be more powerful than common dishes and harmful to the human body.

It’s not worth spending so much money only to have it hurt your body, just to save face.

“It’s okay, we can only eat as much as a few of us can eat, it doesn’t cost much!” Shan Wendong waved his hand and said very boldly, “Let’s see what dishes you guys like to eat, just order whatever you like.”

“It’s better to change places.” Ji Feng said, he naturally could see that although Shan Wendong was not short of money, but this level of consumption was still too high for him, and Ji Feng did not want Shan Wendong to waste so recklessly just because of a spirited argument.

The reason is that Ji Feng himself did not want to compete with Shan Wendong, otherwise, he could have ordered a few big dishes, asked for a few bottles of good wine, and spent a hundred or two hundred thousand dollars on him, so that Shan Wendong would not be able to get off the stage at that time.

But this is really unnecessary for Ji Feng, he thinks, old classmates meet, no matter what kind of purpose they have, that kind of classmate friendship is still much better than those social relations with interests, should not be mixed with so many other things.

Several other people also followed the advice, after all, they are all still students, this class of spending is indeed a bit too high for them, almost can be called outrageous.

“Then we’ll change places?” Shan Wendong enquired.

“Knock knock

Just then, there was a sudden knock on the door of the compartment.

Campus Master Chapter 2242

Hearing the knock on the door, several people could not help but be stunned.

Shan Wendong could not help but say, “It seems the waiter is here to urge us to order simply, let’s not change places, anyway, we are all our own people, a little expensive is a little expensive, and we are not eating into other people’s stomachs!”

Saying that, he didn’t wait for the others to answer, he said aloud, “Please come in!”

The door of the box was pushed open, and as expected, the receptionist who had brought them in earlier walked in and said, “Gentlemen, I’m sorry, this box has been booked today, but I forgot about it, so I have to ask you guys to change to another place

“.....”

A few people froze in their tracks.

The box was booked?

Asking them to change places?

A feeling of discomfort rose in the hearts of a few people, the waiter had made a mistake, why should they be asked to change places? Did it mean that they were not treated well because they had no money?

Ji Feng was also a bit surprised, perhaps Bu Dexin and Chen Xiangrong were not too clear about it, but he understood very well the way inside, generally like this kind of private kitchen, not open to the public, private rooms are also rare, and those who can come here to eat are basically people of status and position, so both the owner and the waiter here will be very important, where would be so negligent and careless?

How could it be possible for someone to have booked a private room and have the waiter forget about it?

This possibility is not non-existent, but the chances are far, far too slim!

Otherwise, if both groups of people were very important, who should be allowed to leave?

Whichever side goes, it’s a very offensive thing to do!

The owner of this place could not have been unprepared for this, and how could the waiter have been so easily mistaken?

Therefore, Ji Feng felt that the waitress was lying when she said that she had forgotten, but I was afraid that there was a more important customer coming, so the real purpose was to interface to get rid of them!

The hotel's approach, I'm afraid, is very inappropriate, they opened the hotel in order to make money, or to offend people?

The fact that there are no more private rooms, you can tell the guests directly, I believe that even if there are more guests, they will not be so domineering that they have to drive away the guests who are originally dining to sit down and eat by themselves, right?

So Ji Feng guessed that it must be because the reception or the owner of this restaurant saw that the later guests were very influential, while they were a few young people who had no class and not enough weight, so that's why they didn't put them in their eyes and just found a random crap reason to kick them out!

"You, who are you to let us go?"

At this moment, Shan Wendong's face was red and he was suffocating, "Since this box has already been reserved, then you should not open it for us, now it's good, we are ordering food and you want to kick us out?"

No matter where you go to eat, when have you ever been kicked out like this?

He was furious, but he didn't dare to get angry with the receptionist, so he could only debate with them in a quiet voice.

"That's right, why should we be kicked out, it's your problem, you go and solve it yourself!"

Several other people were also a bit angry, whoever encountered this kind of thing would not be in too good a mood, originally they were already going to change places, but having to leave by themselves and being kicked out, these were two completely different concepts and the feeling in their hearts was also completely different.

No matter who was in charge, they wouldn't feel comfortable!

If it were outside, I'm afraid a few young people would have been unable to control their tempers and would have even asked the waiter to call the manager of the restaurant to have a good discussion, or even to make a scene!

But now, although they were angry, they didn't dare to lose their temper.

It was because of Shan Wendong's previous words about the place and what they had seen and heard since they arrived here that they couldn't help but feel a little apprehensive.

Those who could come here to eat were all dignified people, either rich or powerful.

And I am afraid that the reason why they come here to eat is not just that the food here is better than other places, there are more places with good food, at most the consumption is higher, it is not so much that even ordinary people cannot enter.

Besides, those places with high consumption and high class don't necessarily cook dishes that are as good as they should be!

So you can imagine that the reason why those who are respectable and have status and position come here to eat is not just for a simple meal, I'm afraid!

The owner of this place is obviously not an ordinary person either.

Otherwise, why should those people give this face?

Besides, if the owner didn't have some power, if he offended any of the customers, he would be waiting to close down, especially for the restaurant, I'm afraid that a small clerk from the Health Bureau or the Industry and Commerce Bureau would be able to make things difficult for him.

So a few people knew that the owner of this hotel was certainly not an ordinary person either.

So, even though they were about to be kicked out and treated so unfairly, they could only protest a few words behind Shan Wendong, but they didn't dare to speak too loudly, not to mention swear words, or even speak in an unpleasant manner.

Only Shan Wendong, who was the host of the day, felt an extraordinarily strong sense of humiliation when he was driven away by the receptionist, so he turned red and stared angrily at the receptionist.

However, in the face of several people's indignation, the female receptionist was not at all apologetic, but even the little smile on her face had disappeared.

Her face sank and she hummed, "On what grounds? Just because it's the rules of our private kitchen! I'm telling you, if you cooperate now and change places honestly, you'll be just as welcome to come back next time when our place is free! But if you don't cooperate"

"We don't cooperate how?!" Shan Wendong asked angrily.

"No cooperation?"

The female receptionist glanced at Shan Wendong, the corners of her mouth pulling up in a mocking smile, matching her obviously dark and thick beard due to the excessive production of androgens in her body, looking extraordinarily contemptuous: "You can also not cooperate if you want to, but I must remind you beforehand, you said you are Liu Yanping's brother, right?"

Shan Wendong immediately asked, "So what if he is!"

Originally, Shan Wendong was still a bit faint in his heart, but once he mentioned his cousin, he suddenly had the confidence in his heart, knowing that his cousin Liu Yanping was the vice captain of the criminal police brigade of the Wanjiang District Police Station, which was considered a real power middle level leader in the police station, perhaps a bit less than those chiefs and deputy chiefs, but for a restaurant, the weight was enough!

That's why Shan Wendong's confidence was instantly boosted!

He held his head high and tilted his chin slightly to look at the female receptionist, as if he wanted to see what else she had to say!

However, to Shan Wendong's surprise, the female receptionist didn't react at all, but just skimmed her lips imperceptibly and said, "You can call your brother right now and tell him about the situation here, and see what he says!"

Shan Wendong could not help but be slightly stunned, what did this mean?

Immediately, he turned red once more, with a look of humiliation in his eyes, and his teeth were clenched so tightly that he almost broke them!

This female receptionist's words were undoubtedly saying, "We are bullying you, aren't you relying on your brother? Well, call your brother and tell him what's going on here, and see if he dares to stand up for you!"

That's simply not taking your cousin seriously at all, let alone yourself Maybe in this woman's eyes, she doesn't count for shit!

"Hu~~hu~~"

Shan Wendong clenched his teeth, his chest heaving violently as his gaze stared at the female receptionist.

If he could, he would really hate to smash his fist directly onto this woman's reckless and arrogant face, making that stinking expression she thought she was so great distort!

But Shan Wendong didn't dare, because he knew that his punch would be simple, but there would be no end to it!

Since this woman dared to say that she didn't take his cousin into consideration, it meant that this woman wasn't afraid of his cousin at all, which made Shan Wendong, despite being very annoyed, not dare to say anything too much, and even more so, he didn't dare to call his cousin Liu Yanping easily.

Even though he had not entered the career path, Shan Wendong had heard that within the system, his cousin was not really that great, there were many people who were more powerful than his cousin!

What's more, the reason why their family had been able to make a fortune in recent years was actually due in large part to the power in his cousin's hands, so he didn't dare to call his cousin for fear that if he got his cousin into trouble, even his family would end up being unlucky along with him.

However, if he were to just swallow his anger, he would not be willing to do so.

Young people are already very angry and young, plus there are several students in this place, if he gives in now, what will other students think of him?

More importantly, what would Tong Lei think of him?

He had always wanted to show his achievements and excellence in front of Tong Lei, but if he was scared off by just a few words, he wouldn't be able to hold up his head in front of her, not to mention pursuing Tong Lei!

What's more, at this moment, Ji Feng is still watching, even if it's not to pursue Tong Lei, how can we not lose face in front of Ji Feng!

The first thing you can do is to take a look at Ji Feng, and then you get depressed again. He found that at this moment, Ji Feng didn't even react at all, he just parted his legs, and even lit a cigarette in an old-fashioned way, and smoked it leisurely.

You want to see my joke?

Campus Master Chapter 2243

Shan Wendong glanced at Ji Feng and was depressed again, he found that at the moment Ji Feng didn't even react at all, he just parted his legs and even lit a cigarette in an old-fashioned manner and smoked leisurely.

Want to see my joke?

The corner of Shan Wendong's eyes could not help but twitch, thinking, holding back his energy to see my joke, not so easy!

Thinking of this, Shan Wendong couldn't help but stiffen his neck and say indignantly: "There is no such shop as yours in the whole of Jiangzhou! There must be a first come, first served basis for everything, it's obvious that we came here first, and none of you can make us leave until we've finished eating!"

After saying that, Shan Wendong pulled out a chair and sat down there without saying anything, but he didn't leave either, he just sat there!

The others saw that Shan Wendong had done so, they naturally thought that Shan Wendong must have the strength, plus they themselves were also very indignant, where would they still be polite, they also sat down one after another, old and calm, also ignored that female receptionist.

"You guys"

The female receptionist, seeing this, was also stunned, "You guys want to cheat, right? You want to cheat? That's good, I haven't really seen anyone dare to cheat on us here!"

Shan Wendong grunted, "Who's playing games? You're the ones who are not following the rules in the first place, how dare you talk about us?"

"Fine, fine, fine" I won't argue with you!" Who knows, the female receptionist didn't even argue with Shan Wendong, just waved her hand very impatiently and said, "You won't let me? Well, I hope you can stay here and don't leave!"

"What do you mean by that?" Shan Wendong couldn't help but blush.

"You will know what you mean later!" The female receptionist snorted coldly.

"It's not very nice of you guys to do that, is it?"

At this moment, Ji Feng, who had not spoken, suddenly spoke up, his eyebrows slightly wrinkled as he looked at the female receptionist and said, "Even if you are receiving people of status and position here, no matter how you say it, all visitors are guests.

Who knew that the female receptionist only glanced at Ji Feng with disdain, but she didn't even have the interest to say a word back, turned around and left.

“Opening a restaurant, even if it’s more upscale, it’s just a place to eat, there’s no need to make yourself more difficult to enter than the imperial palace, right?” Ji Feng said indifferently, “And don’t let anything happen, you give us an apology and we’ll leave!”

“Apologize?!”

The female receptionist snapped around and looked at Ji Feng with a surprised face, looking at the expression on her face, it was almost as if she had heard some incomparably funny joke, “You’re asking me to apologize?”

When Shan Wendong heard that, he frowned slightly and gave Ji Feng a look, his heart was more or less dissatisfied, wasn’t this guy provoking things?

Is he still too small?

He didn’t even see what kind of place this was!

In Shan Wendong’s opinion, if they could leave today without being so humiliated, it would already be considered good, as long as the other party gave a step down then they could use the slope to leave.

Was this guy too naive, or was he deliberately trying to set himself up?

Shan Wendong was a little annoyed in his heart, he felt that this boyfriend of Tong Lei’s must have seen that he liked Tong Lei, so he would take the opportunity to drop stones on him and try to set him up.

Villain!

Shan Wendong cursed in his heart, but his mouth was unable to say anything, because in that female receptionist’s opinion he and Ji Feng were in cahoots, and now if he refuted what Ji Feng said, then he undoubtedly wouldn’t be able to hold up his face, not to mention, he was still at an impasse with the female receptionist!

The others also couldn’t help but look at Ji Feng twice more, all secretly skimming their mouths.

What is this?

This is not the way to make a fat face, right?

This is not to play Shan Wendong!

Although several people are still students, but who can’t see such simple tactics, ah, besides, who is more stupid than the students nowadays?

The two girls, Xu Ling and Zhang Xiaoli, looked at Ji Feng with a bit of anger in their gaze.

However, it was as if Ji Feng didn’t see it, nodded very calmly and said, “It’s not impossible to ask us to give up our compartment, but your attitude is very problematic, we are also guests and not inferior, yet we are being driven away by you like this, shouldn’t we get an apology with sincerity?”

“Joke!”

The female receptionist sneered and turned to leave, while muttering, “Nuts, right! Really how did I let such a bunch of psychopaths in

She did not lower her voice at all when she spoke, and although it was a bit slurred, it was clear for everyone to hear.

The result is that Shan Wendong and others are simultaneously angry and annoyed and embarrassed, their faces are hot, they want to retort but don't know what to say, and for a time they are really suffocating.

However, Ji Feng sank his face and said, "I'll remember this from you!"

"Cut~~"

The female receptionist, however, didn't even turn her head back, just gave a disdainful cut before twisting her body and walking out of the box.

At this time, the other people looked at Ji Feng a little less alike.

Shan Wendong asked somewhat unhappily, "Ji Feng, right, is this your first time coming to a place like this?"

Ji Feng nodded and said, "I've heard of it before, but it's really the first time I've come!"

"Don't talk nonsense if you haven't been here before!" Before Shan Wendong could say anything, Bu Dexin couldn't help but complain, "Do you know that you might get Wendong into trouble for talking so nonsense just now!"

"I was just speaking sense on the matter!" Ji Feng said, "No matter what kind of place this is, there's always reason!"

"Joke!"

Bu De Xin sneered, "I really don't know if you've ever been exposed to society, or if you've been spoiled by your family, how many places in this society are reasoning with you? You are still reasoning"

Ji Feng, however, did not care, just shook his head and laughed: "I don't know if others are reasonable or not, but I will abide by my reasoning!"

"Che!"

Several other people couldn't help but bristle, although they didn't say anything unpleasant on the spot due to Tong Lei's face, they were able to tell from their faces that they obviously disdained these words of Ji Feng.

Ji Feng shook his head and smiled, not saying anything.

Tong Lei just sat playfully next to him, not willing to go through the unnecessary defense either.

In this way, the compartment fell silent, but several people were unable to sit still, and Xu Ling cautiously asked, "Wen Dong, what should we do next? How about we just change places, don't fight her here!"

“Yes, we are only doing this for a meal, why should we fight them!” Zhou Xiaosi, who had rarely spoken, also followed, looking somewhat honest, “This place is full of rich and powerful people, what are we a few students doing to compete with others

“This” Shan Wendong was a little hesitant.

In fact, he also wants to leave, after all, he knows that the water here is very deep, here any person he can not afford to offend, the reason why just now will argue with that female receptionist, but also just can not swallow this anger, but he knows in his own heart, he is just playing lip service, if the other side really want to move the real

The first thing you need to do is to get a good idea of what you’re doing.

The others immediately frowned, and Shan Wendong even sneered, “Really don’t know the sky’s the limit! Everyone knows how to brag, but they don’t think about how to end it.”

“That’s right”

Several other people couldn’t help but be a little annoyed, this guy called Ji Feng was obviously trying to cause trouble for Shan Wendong, this was a little too underhanded!

Admittedly, they were not too friendly to this guy before, and Shan Wendong was thinking of giving him a little embarrassment, but it wasn’t so mean, right?

After provoking those rich and powerful people, could they give up so easily?

At this moment, several people went from being vaguely hostile towards Ji Feng to being even more bored now.

“Pop!”

Just at this moment, the compartment door was pushed open.

“It’s just a few of them, unwilling to give face!” A few people walked in, led by the same female receptionist who had come to chase them away and then left, followed by a few men behind her, the middle one in his thirties, looking svelte but with an arrogant look on his face.

The one in the middle was in his thirties, but had an arrogant look on his face. Next to him was a sturdy man who looked like a strong and powerful man.

A few people could not help but thump in their hearts, it looked like trouble was really coming.

As soon as Shan Wendong saw the strong and powerful man, he suddenly stood up and shouted in a panic: “Guo, Captain Guo”

“Who are you?” The strong and porous man looked at Shan Wendong and asked nonchalantly.

“Captain Guo, my brother is Liu Yanping.” Shan Wendong hurriedly explained.

“You are Liu Yanping’s brother?” The man known as Captain Guo nodded and said, “I said, who is so difficult to deal with, it turns out to be Vice Captain Liu’s brother”

The man said, he suddenly glared: "A little kid, what a big head of garlic here! You're not even hairy yet, and you're coming here to eat like others? Get lost! I'm sick of seeing you!"

Swish!

Shan Wendong's face instantly turned red, embarrassed to the extreme.

He hadn't expected that he would take such an initiative to greet Captain Guo and even mention his cousin's name, but to be rebuked like this, he simply had no dignity at all!

The others also froze, and at first when they saw that the female receptionist had actually brought someone over, their hearts immediately thudded, knowing that this was bad.

But when Shan Wendong called one of them, everyone breathed a sigh of relief at the same time, since it was an acquaintance, it was a good thing.

However, the twists and turns of events were just too fast, and before anyone could catch their breath, this scene suddenly appeared, which was just too surprising!

And, it was really upsetting too!

Campus Master Chapter 2244

The others froze, and at first, when they saw that the female receptionist had actually brought someone over, their hearts stuttered, knowing that this was bad.

But when Shan Wendong called one of them, everyone breathed a sigh of relief at the same time, since it was an acquaintance, it was a good thing.

However, the twists and turns of events were just too fast, and before anyone could catch their breath, this scene suddenly appeared, which was just too surprising!

And, it was also really upsetting!

No matter who it was, being reprimanded like this for no reason would be unbearable, not to mention the fact that Shan Wendong had just greeted the other party very politely and with a little respect, only to be reprimanded by the other party in the blink of an eye Is this a warm and cold ass?

The other party is not just a cold butt, but also a butt with hemorrhoids, and there are thorns all over it, making Shan Wendong's hot face hurt as soon as he put it on.

When Shan Wendong was treated like this, as his classmates, how could the faces of Bu Dexin and Zhou Xiaosi and the others look good?

So when that person called Captain Guo made this remark, as a result, everyone's faces did not look too good, and there was even a sad and humiliated look in their eyes.

They had only come here once for a meal, at most this place was high class and they didn't deserve to come, but no matter what they had always come to spend money, right, why should they be humiliated in such a way?

Everyone in the room was uncomfortable, of course, it was the people on Shan Wendong's side who were uncomfortable, but not Captain Guo or the svelte man with glasses!

The only thing was that the svelte man did not insult Shan Wendong, but just stood by calmly watching, not knowing whether it was because he did not take it seriously at all, not taking Shan Wendong, the brother of the vice captain of the Wanjiang District Branch's criminal police brigade, seriously, or because he also agreed with what Captain Guo was doing, but did not show it because he was too deep in the city.

However, the female receptionist was not so tactful.

When she saw that Shan Wendong was dumbfounded by Captain Guo's words, humiliated, but unable to get down, she could not help but reveal a smug smile, although it was not very obvious, but it was so harsh here, which made Shan Wendong and the others' hearts even more uncomfortable.

However, perhaps because she still remembered what happened before, that female receptionist's smug and disdainful gaze fell back on Ji Feng's face after looking at Shan Wendong and the others.

She wanted to see if the psychopath who had gone so far as to whimsically try to make her apologise still had the heart to make her apologise at this moment.

However, in this instant, the smug and disdainful smile on her face couldn't help but choke for a moment.

It was because this female receptionist saw that the guy who seemed to him to be a psychopath, at this moment, not only did he not have the slightest fear or dread on his face, he didn't even have a half-hearted look of nervousness, but his face was only a little gloomy and looked a little less than good.

"Humph!"

That female receptionist mentally grunted and secretly said, "Keep pretending, make yourself look like some big shot, you're still just a neurotic"

"Captain Guo, you" Shan Wendong slowed down only then, he said with immense embarrassment, "Captain Guo, how can you say that, can't I come here to eat?"

"Little brat, how dare you be stubborn with me?" Captain Guo's face sank, "Is this how he usually teaches you, Liu Yanping? Do you have to ask me to give Liu Yanping a call before you'll leave?"

"I"

"Get lost!"

Captain Guo bellowed, instantly causing Shan Wendong to jerk back a step in fear, his face suddenly changing.

"Old Guo, pay attention, don't use your rough style on a few little brats!" At this moment, the svelte young man next to him smiled and waved his hand.

"I'm used to it!" Captain Guo laughed, then he turned his head and looked at Shan Wendong, saying, "Kid, for the sake of Liu Yanping, I don't bother to say anything more to you, so be it, now you guys go

find another place to eat, I can talk to the person in charge here for you, and when you come next time, give you a little discount... ..”

Shan Wendong’s face became even more ugly, because he had heard his cousin talk about it once, but there were no discounts for eating here, this private kitchen was not only very expensive, but also don’t even mention about discounts In fact, no one who could come here to eat would deliberately ask for a discount.

And when Captain Guo said this, that was undoubtedly snubbing him, thinking he didn’t know anything and sending him off with two random words.

This was a bit too much of a bully!

He really wanted to take out his mobile phone right now and call his cousin, so that he could back him up. But Shan Wendong gritted his teeth and did not do so, because the last time he went to his cousin’s unit, he had heard his cousin mention that this Captain Guo and his cousin were not dealing well with each other

If you call your cousin over now, or call him directly, it is likely that you will implicate your cousin as well.

Therefore, Shan Wendong had to grit his teeth and said, “Just don’t bother Captain Guo, we’ll leave now”

“Hey!”

Captain Guo then revealed a smile and said, “That’s right, the little brat should go to the roadside stalls, to drink some beer and eat some barbecue, better than anything, have to follow the example of others to eat in such places, that’s not asking for embarrassment?”

Shan Wendong’s mouth twitched, but in the end, he did not dare to retort.

“Hee hee”

Just at this moment, a woman’s laughter suddenly came, but it was so piercing.

Several people immediately turned their heads to look, and saw that the female receptionist was covering her mouth, laughing lowly Once he saw this scene, the anger in Shan Wendong’s heart immediately rose up, and he could not help but cursed.

The next door of the numbskull!

I was bullied by this captain Guo, so it’s okay, people’s fists are bigger than their own, and their power is bigger than their cousin’s, so I can only admit it if I can’t bully them.

But you, a small receptionist, how can you mock me?

Shan Wendong immediately said angrily, “Who are you laughing at?!”

The female receptionist, however, gave the same glare and said, “What are you yelling at! It’s none of your business if I laugh! What kind of people are they? They don’t have much ability, but they have to come here to act like a big head of garlic, and they are shouting, what kind of upbringing!”

“You

Shan Wendong’s face was red with anger, but he couldn’t say anything, because this female receptionist was right, he just wanted to come here to act up so that he could gain face in front of Ji Feng, but he didn’t expect it to come to this result!

Seeing Shan Wendong get defeated, Xu Ling couldn’t stand it anymore, she said angrily, “Even if he’s no better, it’s not your turn to say anything about him, how much better do you think you are than him?”

“Not much better, but at least I don’t pretend to be fat!” The female receptionist sneered.

“You

“All right!”

Captain Guo’s face sank at once and said, “What’s all the bickering here, hurry up and leave, save me from getting angry!”

Xu Ling then couldn’t help but be a little timid, Shan Wendong was being bullied she couldn’t look down, but only dared to debate and debate with that female receptionist, now it was Captain Guo’s turn, she didn’t dare to speak much, because even Shan Wendong was obviously afraid of this Captain Guo, that’s even less to say about her.

Gritting his teeth, Shan Wendong said, “Let’s go!”

After saying these words he only felt his face burning hot, he didn’t even dare to turn his head to look at Ji Feng and Tong Lei, he just lowered his head and walked out.

However, just then, a voice suddenly sounded out, “Wen Dong, you don’t have to go!”

Shan Wendong was stunned and turned around sharply, but he saw Tong Lei was saying to him, “We came here to eat, it’s only natural, no one is qualified to kick us out, we are not responsible for today, there is no need for you to be afraid of them!”

“Tong Lei!”

Shan Wendong hurriedly gave Tong Lei a wink and said, “Stop it, let’s go!”

Although Shan Wendong was not very clear about how powerful this Captain Guo was, he did have some understanding of it, knowing that his cousin was only a deputy captain, he was able to make their family grow to this point in just a few years after coming from Mang Shi County, not to mention that this Captain Guo was even higher than his cousin’s position, so he was obviously even more powerful!

He didn’t want Tong Lei to offend such a powerful person!

However, Tong Lei was not moved in the slightest, and after she finished speaking, she sat there without moving, looking like she had no intention of leaving at all.

“Yoo-hoo!”

Captain Guo was instantly amused, “This woman of yours is really a bit interesting, well, the look is not bad either

Shan Wendong was immediately in a great mental hurry and said in a panic, "Captain Guo"

"You shut up!"

Captain Guo glared at him and said, "There is no place for you to speak here!"

"I"

"What, do you have to get mad at me before you know what's good for you?!" Captain Guo but his eyes glared, "Little brat, you really think you are a person when you give your face?"

"....."

Shan Wendong was said to be red in the face, but he stiffly did not dare to retort.

"Really" Captain Guo grunted, before looking at Tong Lei: "Beauty, how about this, sit down and have a drink, we won't do anything to you, just think of it as keeping this one of us company... .."

"What a great authority!" At this time, Ji Feng, who hadn't spoken, finally couldn't help but shake his head and lament, "This is still just a small captain, how can you be so imposing, if you were to become the chief, wouldn't this Jiangzhou sky be turned over by you?"

Captain Guo's face changed abruptly, Shan Wendong and the others likewise changed dramatically, isn't Ji Feng looking for death!

"Kid, you have the guts to say it again!" Captain Guo said in a cold voice, with a fierce light in his eyes.

"You're from the Wanjiang District Branch, right? Very well!" Ji Feng sneered and pointed at Captain Guo who wanted to open his mouth to speak, "You'd better shut your mouth, there's no place for you to speak here"

Saying that, he directly took out his mobile phone and was ready to make a call.

"I think you're looking for death!"

Campus Master Chapter 2245

Captain Guo was furious, he had just reprimanded Shan Wendong, saying that he had no say here, but in the blink of an eye, this kid, who had appeared from nowhere, had given him back his words intact, which made him furious.

What made Captain Guo even more annoyed was that this kid dared to sneer at him.

Captain Guo said in a cold voice, "Kid, who are you again?"

Ji Feng snorted and shook his head, not even shrugging him off. For characters like Captain Guo, Ji Feng had really seen a lot of them, and with a little power in his hands, that tail went straight to the sky, he simply didn't even know what his surname was.

Especially in front of ordinary people, that is simply the general lord, not doing his job properly, but thinking all day long to play the prestige everywhere, is really disgusting.

Ji Feng didn't even have the interest to say more than half a word to him!

“Bastard!”

When that Captain Guo saw that Ji Feng dared to flip him off like that, he became furious, he took two steps forward and waved his hand and slapped towards Ji Feng’s phone, “Trying to take pictures, I can’t get you to die!”

“Slap!”

However, no one thought that Captain Guo was going to hit Ji Feng, but instead, he only heard a crunching sound, and in the next moment, Captain Guo took several steps backwards and sat down on the sofa.

Ji Feng had actually slapped Captain Guo’s face!

This surprised everyone.

Especially Shan Wendong and the others were shocked badly, and they changed their faces at the same time.

“Ji, Ji Feng, you” Shan Wendong looked at Ji Feng in astonishment, he couldn’t even believe that Ji Feng dared to do it, he was anxious and scared in his heart, he was busy saying, “You quickly apologize to Captain Guo, you”

“Damn it!”

That captain Guo sat on the sofa, only then did he react, he was actually beaten up, and by a kid in the face?!

He was instantly enraged and stood up with a jerk: “You bastard thing, if I don’t get you killed today, I’ll take your name!”

Even when he was an ordinary police officer, no one dared to hit him like that, let alone now when he was still the captain of the CID!

Even those dignified bosses in the society had to be polite when they met him, who dared to treat him like this?

But now

The hot feeling on his face was so hot that Captain Guo was about to explode with anger. It was as if the slap was not on his face, but a mouthful of thick spit on his face!

Captain Guo could not wait to shoot this son of a bitch!

Faced with Captain Guo’s fury, Shan Wendong was scared and frightened, but he walked forward with a stiff upper lip and hurriedly apologized: “Captain Guo, take it easy, take it easy” My classmate doesn’t know any better, I’ll let him apologize to you” Ji Feng! What are you still standing there for, hurry up and apologize!”

Said Shan Wendong, he hurriedly gave Ji Feng a wink.

If Captain Guo was willing, he could find a reason to get Ji Feng in there, and there were countless ways to torture him to the point where he would not even have a place to talk!

Although Shan Wendong disliked Ji Feng in his heart, he couldn't bear to see Ji Feng suffer so much, and what's more, Shan Wendong loathed Captain Guo more than Ji Feng, so he unconsciously took Ji Feng's side.

However, Captain Guo didn't even sell Liu Yanping's face, so how could he give face to Shan Wendong now that he was in a rage?

He pushed Shan Wendong away and walked towards Ji Feng with a fierce face.

Ji Feng's face was cold and he said in a cold voice, "If you dare to come near me again, I'll waste you!"

"Heh!"

Captain Guo sneered, "Then I'd like to see how you scraped me"

Ji Feng narrowed his eyes and shook his head, "Then you'll try!"

Seeing that Captain Guo was about to start fighting with Ji Feng again, all the people, including Shan Wendong, were tense to the extreme, especially the two girls, Xu Ling and Zhang Xiaoli, who even slightly turned their heads to the side, unable to bear and not daring to continue watching!

However, at that moment, they heard a sharp cry, "Lao Guo! Stop it now!"

The man with glasses, who had not spoken at all, suddenly spoke up and took two steps forward: "Old Guo, don't be impulsive!"

Captain Guo waved his hand violently and said, "Old brother, don't worry about this matter today, I have never been slapped by anyone in my life, although this bastard dares to do so, how can I not thank him properly"

"Old Guo!"

The svelte man hurriedly said, "Don't make a move yet, listen to me finish my sentence!"

Although Captain Guo was incomparably angry and could even be said to be in the midst of a rage, he still held back hard when he heard the words of the svelte man.

Seeing this, the svelte man hurriedly said, "Old Guo, take it easy for now."

Saying that, he had already reached Captain Guo and looked at Ji Feng with some suspicion, hesitantly saying, "Are you Mr. Ji?"

That Captain Guo then couldn't help but be stunned, looked at the svelte man in surprise and asked, "Older brother, you know this bugger?"

"Old Guo!"

The svelte man hurriedly drank and gestured to Captain Guo, then turned his head to look at Ji Feng again and said, "Are you Mr. Ji?"

Ji Feng glanced at him, but he was a little surprised and nodded, "My surname is Ji, who are you? How do you know me?"

"It's really Mr. Ji!"

That svelte man's face changed slightly, immediately, his face was filled with a smile, hurriedly extended his hand and walked over: "Mr. Ji hello hello, I really didn't expect to see you here, I had seen your photo together at Qiu young, I thought I was mistaken"

"Qiu Shao?" Ji Feng was slightly stunned.

"Young Qiu?!"

That captain Guo but a sudden shock, immediately full of astonishment looked at Ji Feng, "Old brother, he, he knows Qiu Shao?"

That svelte man but ignored captain Guo, but man contact smile said: "You see this thing messed up, so this is all their own people, is a misunderstanding" Mr. Ji, today's matter is our fault"

"You wait a moment!"

Ji Feng frowned, waved his hand to interrupt the svelte man and asked, "The Qiu Shao you are talking about, is Qiu Pengfei, right?"

When that svelte man heard that, he was instantly more sure of Ji Feng's identity and nodded repeatedly, "Yes yes, I had only heard about you from Young Qiu before and had seen your picture at his place, but had never met you in person, so I didn't recognize you for a while"

"Not recognizing it is good!" Ji Feng said noncommittally, "It's precisely because I didn't recognize it that I had the chance to see how arrogant and powerful our so-called people's servants really are!"

"....."

The svelte man smiled awkwardly at once, but he didn't know how to explain, so he could only say, "This is our fault, it's our fault"

"....."

This kind of performance by the svelte man, this scene, immediately made everyone present look frozen.

Whether it was that Captain Guo, who was still furious, or Shan Wendong and the others, or that female receptionist, all of them were stunned beyond belief, they really couldn't imagine how this svelte man could apologize to Ji Feng?

Moreover, it looked like there was a kind of respect in this svelte man's demeanor?

"Older brother, you are" Captain Guo was a little confused as he said in consternation, "Are you alright?"

"Of course I'm fine!" The gentleman said, "Old Guo, don't say anything, hurry up and apologize to Mr. Ji, what you did just now was indeed a bit too much"

“Apologize?”

Captain Guo’s voice suddenly rose a few notches: “Who am I to apologize to him? I

That svelte man hurriedly pulled Captain Guo over with one hand, while not forgetting to turn his head to Ji Feng and said, “Mr. Ji, you sit first, let’s have a word

With that, he pulled Captain Guo outside.

“Older brother, what’s wrong with you? Let me give that brat to what apology?” As soon as he got outside, Captain Guo asked.

“Shh...!”

The svelte man hurriedly silenced Captain Guo and said, “Old Guo, are you crazy, can’t you see how I’m talking to him? Do you know who he is?”

Captain Guo sneered, “Who is he?”

“Young Qiu’s good friend!” The svelte man said.

“Humph!”

Captain Guo sneered, “Even if it was Young Qiu himself, he wouldn’t dare to punch me in the face

“Then what if it’s the nephew of the Municipal Party Secretary who has come?!” The svelte man asked.

“..... Sh, what?” Captain Guo did not respond for a moment.

“Think about it, what is the surname of our first hand in Jiangzhou, and what is the surname of the one inside!” The Sven man said, “Old Guo, don’t say I didn’t remind you, the one inside is not something you can afford to mess with, he slapped you are light, if a bad-tempered gentry came over, with that move you just made, consequences you think about it yourself! ”

Captain Guo immediately froze: “This, old brother, you mean to say that the rabbit inside, he is the nephew of the secretary of the municipal party committee?”

“What do you say?” The svelte man asked, “I’ve followed Secretary Qiu for so long, I’ve never seen Qiu Shao put pictures of his other friends in his office before, do you think I’d talk nonsense to you?”

“.....”

Captain Guo was silent.

He also realised that what the svelte man had said was probably true, and that the bugger in there should be the nephew of the Municipal Party Secretary!

At once, Captain Guo’s face became a little less than pleasant.

When the svelte man saw this, he knew that Captain Guo understood the seriousness of the matter, he sighed lightly and said, “Old Guo, this matter today is definitely big but small, not to mention other things, based on the level of consumption here, the two of us came here and was touched by him, this matter even if we are all over the mouth, we can’t explain ah! “

Campus Master Chapter 2246

Outside the door, the gentleman was explaining to Captain Guo what was at stake, while in the box at the moment, the atmosphere was also a bit strange.

Both Shan Wendong and the others, as well as the female receptionist who had eyes on her head and was looking at people through her nostrils, also showed a stunned expression, and even a little bit of disbelief in their eyes.

They were not fools, so they could naturally see that the gentleman was not just being polite when he spoke to Ji Feng, but even had a respectful look in his words and demeanour, which was incredible!

It was unimaginable that when Captain Guo had reprimanded Shan Wendong, it was as if the svelte man had not seen or even said a word, but since he had seen Ji Feng, it was as if he had changed into a different person.

At this time, if they still couldn't realize that Ji Feng was afraid that he was somewhat uncomplicated, then unless they were fools!

However, the people present still did not know exactly what kind of background and energy Ji Feng had.

But even so, it was enough to make people stunned.

He originally thought that Ji Feng was deliberately provoking the matter and wanted to drop stones on him, but now Shan Wendong realized that Ji Feng did that, probably because he really had that kind of strength!

The female receptionist, who was also the most shocked, thought again of what Ji Feng had just said – you should apologise to us!

At that time, her reply was just three words – nutcase!

But now it seems

The female receptionist's heart was more or less apprehensive, she suddenly realized that maybe she really had to apologize to this guy who he thought was a psychopath better not!

The people in the box all looked different, each with their own thoughts, but they were all obviously surprised.

At this time, no one said they were leaving either, and that female receptionist likewise didn't dare to drive them away again, unless she was out of her mind, otherwise how would she dare to drive away another person who didn't even have Captain Guo in her sights?

“Ji, Mr. Ji”

Suddenly, the girl named Xu Ling asked with some hesitation, “You”

Ji Feng waved his hand and said, “Just call me Ji Feng directly, you are all Tong Lei's old classmates, no need to make it so polite!”

Xu Ling then couldn't help but blush slightly, nodded and said, "Ji Feng, I just want to know, are you really not afraid of that Captain Guo?"

Ji Feng looked at her demeanor and immediately understood what she was thinking, nodding slightly and smiling, "Don't worry, there's always reason in everything, whether he's a captain or a director, it doesn't matter if he's not reasonable! The fault of this matter today was not on us, don't worry"

The first thing you need to do is to get a good idea of what you're getting into.

In that case, Captain Guo will definitely not dare to find trouble with Shan Wendong again

The first thing you need to do is to get a good idea of what you're getting into.

The most important thing is that you can have a good idea of what you're doing.

If Shan Wendong knew how to cherish it, maybe they this would really be an enviable couple.

"Ta-da-da"

At this time, the sound of footsteps came, and he saw that svelte man walking over, as soon as he entered the box, his face was piled up with smiles and he smiled, "Mr. Ji, I'm really sorry, this fault is all on us, after my persuasion just now, old Guo also realized his mistake, and please can you give him another chance, just forgive him this time!"

And that Captain Guo, who was following behind that svelte man at this moment, was very much hanging his head, and his face was also very unnatural, as if he wanted to say something, but had some feeling of wanting to say something, as if he couldn't pull his face back.

Ji Feng, however, did not look at him either, but said to the svelte man, "I still don't know what your name is by now?"

The man immediately said, "My name is Wang Yin, I work in the secretary section of the district party committee office"

Ji Feng then understood that this person should be the secretary belonging to Qiu Pengfei, his old man, who was dedicated to serving Secretary Qiu, but as to whether or not he was Secretary Qiu's full-time secretary, it was not good for Ji Feng to continue asking, but thinking that since he could know that he was friends with Qiu Pengfei, it meant that he must be very close to Qiu Pengfei.

Just for this, Ji Feng had to give him a few face.

Moreover, today, Ji Feng did not want to play a big prestige, just because the captain Guo style is too domineering, up directly to drive them away, not even said a polite word, directly said they go away

and the female reception, also too small people, completely a look of high and mighty, so Ji Feng is very uncomfortable to see.

Even that female receptionist's actions reminded Ji Feng of a scene from the movie "Crazy Race": "Do you know this is a five-star hotel! Where are your manners?!"

It was really too ironic!

It was also because of this that Ji Feng was a little annoyed.

Now since this person called Wang Yin was in the middle of interceding, then Ji Feng didn't want to push them too hard.

"Old Guo, come over and apologise to Mr. Ji!" Wang Yin turned his head and said, "Hurry up! In the future, ah, this fiery temper of yours has to be changed, it's fortunate that you also met Mr. Ji today, if it was someone else with a bad temper and no belly, he might have to make things difficult for you!"

"Heh!"

Ji Feng shook his head and laughed, this Wang Yin was really worthy of being a secretary, these words were really even praising and hitting, not only praised him Ji Feng, saying that he had a good temper, connotation and belly, and knocked Captain Guo, at the same time, Wang Yin's words also trapped him Ji Feng.

—If Ji Feng were to lash out again, then he would be the one without the belly!

How could Ji Feng not hear the dao in these words?

But Ji Feng did not bother to bother with them, after all, even if you do not give them face, then you have to give Qiu Pengfei face, as for whether this Wang Yin is so close to Qiu Pengfei or not, ask afterwards and you will know.

If this Wang Yin dares to do anything outside under Qiu Pengfei's banner, Ji Feng doesn't even need to say anything, Qiu Pengfei won't be able to spare him first!

"Old Guo, hurry up!" Wang Yin said in a deep voice.

"....."

Captain Guo came to Ji Feng, his face was embarrassed and couldn't hang on, "That Mr. Ji, I'm really sorry about this today, it's all my fault"

"Wait a minute!"

Ji Feng waved his hand, directly interrupted Captain Guo's words and said, "I'm not the only one you're sorry to!"

Since you want to apologize, you have to be sincere, today you drove away not only me Ji Feng, everyone present was driven away by you, even Shan Wendong and others were humiliated by you, I'm afraid there's no sincerity in just apologizing to me alone, right?

He turned his head to look at Shan Wendong and the others, and his face felt hot and spicy, just now he had taunted Shan Wendong and the others, and now he had to turn his head to apologize to them, how could he hold up his face?

How could he face this? This was really a debt that could be repaid quickly in June!

At this moment, Shan Wandong and the others did not know where they got the energy, perhaps because of Ji Feng's calm and collected demeanor, or his energy to make Captain Guo bow his head and apologize with a wave of his hand, making them all involuntarily straighten their backs, as if they were waiting for Captain Guo to come forward and apologize!

Captain Guo saw this, but his face was even more embarrassed, how could he not pull off this face.

Originally, this Shan Wendong was only Liu Yanping's younger brother, but even in front of Liu Yanping, Captain Guo had never bowed his head and apologised, but now he had to apologise to Liu Yanping's younger brother, how could he be willing to do so?

But now the situation is stronger than people, with Ji Feng in front of him, not to mention the rest, as long as Ji Feng turns around and tells his uncle what he saw and heard today, it's enough to make him eat his words!

A divisional criminal police brigade's captain could actually come to this kind of private small kitchen that could easily spend tens of thousands of dollars and hundreds of thousands of dollars to spend, and was so domineering.

This alone was enough for him to drink!

What's more, if he didn't apologize, he wouldn't only offend Ji Feng, but also Qiu Pengfei, and if he pissed off Qiu Pengfei, he would be waiting to be stripped of his skin!

In this situation, Captain Guo was really in a difficult position.

But no one noticed that the female receptionist, who had been arrogant and proud, had now changed her face, looking at the scene in front of her in shock, her hands clutching the corners of her clothes, slightly shaking, but no longer the same smugness as before.

"Old Guo!" Wang Yin gave another low shout.

Captain Guo couldn't help but grit his teeth and bowed at Shan Wendong and the others, saying, "That sorry, today this is something that I did unethically, sorry for the few of you, to show my sincerity, all your spending here today is on me, in addition... .."

He turned around and pointed at the female receptionist, "You, go get a bottle of white wine!"

"Huh?" The female receptionist was stunned.

"Didn't you hear me?" Captain Guo gritted his teeth and said, "At this moment, he was in disgrace, he was disgraced, he had no place to vent his anger, this female receptionist was so ignorant, he naturally did not have a good tone.

"Ah, oh!" The female receptionist hurriedly turned around and ran out, not long after, she took a bottle of Maotai and handed it to Captain Guo: "Guo, Captain Guo"

"Pop!"

Captain Guo directly opened the cap and then said to Ji Feng and Shan Wendong and the others, "Mr. Ji, and the rest of you, it's me, Old Guo, who's sorry for today!"

Saying that, he picked up the bottle and tilted his head and blew

Campus Master Chapter 2247

In the box, everyone's eyes were wide open, whether it was the two girls, Xu Ling Zhang Xiaoli, or Bu Dexin, Chen Xiangrong and others, all looked at Captain Guo with wide eyes and astonishment.

At this time, Captain Guo was holding a bottle of Maotai, tilting his head and desperately pouring it into his mouth, only to see the bubbles bubbling up in the bottle, the liquor was decreasing at a speed visible to the naked eye, while Captain Guo's face was a bit red, not knowing whether it was because the liquor was overpowering, or because his neck was so thick that he was holding his breath by tilting his head so hard!

"Goo dong~!"

Shan Wendong couldn't help but swallow hard, his throat was a little dry, looking at this crazy behavior of Captain Guo, he couldn't help but be a little shocked.

You know, Shan Wendong knew very well what would happen if this bottle of white wine was consumed!

This was a very common way to make amends in the drinking world. Generally, if one had offended someone too severely, or had offended someone who should not be offended, in such cases, one would usually use this means to make amends.

However, because this method of drinking is so violent, the average person's body simply cannot take it, and after a bottle of liquor, basically a person will go out sideways, and it is even normal for those with slightly poorer health to be sent to hospital after drinking this liquor!

So many people will definitely drink a little bit of alcoholic spirit or put a piece of medicine in their mouth before making amends, so that they will be much better when they drink.

But the whole process of Captain Guo's drinking was in front of Shan Wendong's eyes. Captain Guo first apologised unsuccessfully and then asked for a bottle of white wine, in the middle of which there was no way Captain Guo could have had any chance to drink the antidote to alcohol!

So Shan Wendong could be sure that this Captain Guo was really playing hard to get!

If he finished the bottle of wine, he might be fine if he was in good health, but if he was not, he would be sent to the hospital.

Shan Wendong couldn't help but be shocked and confused!

What kind of person was this Ji Feng?

Just by his words, he could force this Captain Guo to apologize so much, this really made Shan Wendong shocked to the extreme!

What exactly was the identity of this boyfriend of Tong Lei's?

"Gulp, gulp" Captain Guo was still drinking heavily, only that his face was already getting redder and redder, obviously drinking so heavily had caused his body to react.

"All right!"

Just at this moment, Tong Lei suddenly spoke up.

Everyone was stunned, especially Captain Guo, who gave his hands a lurch and stopped fiercely, but because he had been drinking too violently before, he opened his mouth wide and breathed in sharply, but the gaze he looked at Tong Lei was with a touch of hope, but no longer had the same glowing look in his eyes as before.

“Mr. Ji, this”

“This is the end of the day!” Tong Lei said in a clear and cold voice.

“Ah?”

Captain Guo was stunned, perhaps because Tong Lei’s words were so sudden that he didn’t even seem to react for a moment, “This, this lady”

“So be it!” Ji Feng nodded slightly, his gaze fell on Captain Guo and said, “There is always a first come first served in everything, you can’t look at everyone else as a head below you just because you hold a little power in your hands, you can come to dinner, why can’t we?”

Captain Guo opened his mouth, but he didn’t know what to say, because this was something he had done that was not quite right.

“All right, I’m sure your leaders don’t know how many times I’ve told you these words, if you could listen, it wouldn’t be this scene now” Ji Feng shook his head noncommittally and said, “Today Let’s leave it at that” Wen Dong, what do a few of you think?”

Ji Feng had said this, how could Shan Wendong and the others have an opinion?

If it wasn’t for Ji Feng’s sudden display of powerful energy today, then they wouldn’t have even left in humiliation, not to mention being able to see Captain Guo make amends and apologize!

Now that they could get such a result, they had never thought of it just now, so how could they possibly have an opinion now?

Seeing that Shan Wendong and the others all had no opinion, Ji Feng nodded and said, “That’s it then.”

Captain Guo was a bit dumbfounded, could things just be left like that?

In Captain Guo’s impression, like those family sons or some high cadre sons, which are not all ruthless and ruthless, Ji Feng just simply let him go?

“Older brother, this” Captain Guo couldn’t help but look at Wang Yin, wanting to see what his opinion was.

The company’s main business is to provide a wide range of products and services to the public.

So Captain Guo wanted to find out what Ji Feng really meant, whether he had really let him off the hook, or whether he wanted to play him slowly?

But the truth was that Wang Yin was likewise a bit confused.

Wang Yin didn’t know too much about what kind of character Ji Feng was, he hesitated for a moment and said, “Mr. Ji, then” we’ll leave first?”

Ji Feng frowned: "What, do you still want to stay and let me treat you to dinner?"

"No no, " Wang Yin waved his hand and laughed, "I just think, Mr. Ji, aren't you being too lenient on old Guo?"

"Heh!"

Ji Feng shook his head and laughed, saying, "It's not good to forgive lightly?"

Wang Yin then laughed: "Of course not, just a little surprised, but when you think about it, you can understand, Mr. Ji's pattern is naturally not what we can compare to, this vision is different, the way and method of doing things will definitely be different Mr. Ji, in that case, then we will not bother! "

Ji Feng nodded and did not say anything.

Wang Yin then knew that it was time for him to leave, and he tugged on Captain Guo's clothes, signaling him to leave together.

But just as he walked to the door, Wang Yin suddenly turned around again, took a few steps to Ji Feng and lowered his voice, "Mr. Ji, the owner of this private kitchen, is a very powerful person, said to be the brother-in-law of a deputy mayor inside the city"

Ji Feng glanced at him, smiled and nodded, thinking, this Wang Yin is really a smart person, he is seeing that he is already very dissatisfied with this restaurant, so this is why he gave himself a reminder.

"I know, thanks!" Ji Feng nodded his head.

"I'll go first then." Wang Yin then knew that Ji Feng understood his intention, and his purpose was achieved.

Today he was with Captain Guo, and he didn't stop Captain Guo's bullying in time, which had undoubtedly already left a very bad impression in Ji Feng's heart, and Ji Feng had also specifically asked for his name, so Wang Yin was worried that if Ji Feng suddenly remembered this matter one day, and casually mentioned a word or two to Secretary Ji then, then his own future would be... ..

Now trying to be so nice to Ji Feng was to try to salvage the bad impression he had with Ji Feng, and now it seems that at least the purpose was achieved somehow.

As she watched Wang Yin and the others leave, the female receptionist was dumbfounded, her face full of consternation and fear as she watched Wang Yin and Captain Guo leave, and then turned her head to look at Ji Feng, but for a moment she was frozen in place.

"What, aren't you going to apologize?" Ji Feng asked.

"Yes, I'm sorry this gentleman, you don't have to be ordinary with this one girl"

"Then why don't you go out?" Ji Feng said.

Swish!

That female receptionist's face instantly just turned red, looking embarrassed to the extreme, being kicked out in front of so many people, this was indeed too embarrassing.

However, she no longer had the arrogance of her previous nostrils, so she had to leave the box with a red face, very embarrassed.

Tong Lei couldn't help but say, "Why bother with a girl like that!"

Ji Feng shook his head and said, "I'm not being calculating, but I'm defending my dignity. I can't be humiliated for no reason and remain indifferent. Moreover, whether it's a man or a woman, since she sincerely made a mistake, she should be prepared to pay the price!"

Tong Lei then shook her head helplessly, she couldn't know Ji Feng better and knew that since Ji Feng had said this, he must be serious, so she didn't say anything more.

In fact, Tong Lei also knew that the female receptionist was also very odious, and to a large extent, she was even more odious than Captain Guo.

If this female receptionist hadn't been in the middle, when Captain Guo and Wang Yin came that female receptionist would have simply told them that the box was no longer available and there would probably have been no conflict today.

Even if Captain Guo had been too domineering, if the receptionist had tried her best to defuse the situation and find a way to arrange a private room for Captain Guo and the others, the conflict might not have happened.

This was where she was most egregious!

Ji Feng was naturally disgusted.

"Ji, Ji Feng, you are" At this time, Bu De Xin then hesitantly asked, "What is your identity ah?"

"Tong Lei's boyfriend minion!" Ji Feng smiled and said.

"No, I'm talking about your identity" Bu De Xin explained, "It's that as soon as I saw you, that guy with Captain Guo was so polite to you, you must've come from a lot of people right?"

Ji Feng shook his head and smiled, saying, "Not really, it's just that I happen to know his boss, that's why he's afraid of me!"

"Is that" Bu De Xin looked at Ji Feng very suspiciously, he felt that it was most likely not the case, if Ji Feng just knew that Wang Yin's boss, how could Wang Yin be so polite to him, and even a little respectful?

Ji Feng waved his hand and smiled, "These are all irrelevant, the most important thing today is that old classmates meet, so of course we have to catch up on classmates' friendship, that's what's important, right?"

Everyone else was stunned and couldn't help but be touched

Campus Master Chapter 2248

Captain Guo's bullying was solved with a wave of Ji Feng's hand, causing Captain Guo's missile to not brush up on his prowess, and instead ended up leaving in a heartbeat and a laughing stock.

However, this suffered the female receptionist of that private small kitchen!

Seeing that even Wang Yin and Captain Guo had left in disgrace, how could she not realise that the people in front of her were not just a few people who had no money but wanted to play the big head, as she had thought before, but were really powerful and influential!

The receptionist was terrified!

She realised that she might have made a big mistake and had offended someone she shouldn't have offended!

This made her heart incomparably apprehensive, and she was in a state of shock, afraid that Ji Feng would hold a grudge, and if Ji Feng were to take it up with him, she really didn't know what to do.

Especially, she didn't want to be sacked!

The treatment in this private kitchen was much higher than that in the hotels outside, and the people she came into contact with here were all big shots. If one day she was liked by a big shot, it was almost like a step to the top.

But if she left here, she would lose that opportunity!

That ending alone was something she was not willing to bear.

The female receptionist wanted to go over and apologise, but remembering Ji Feng's indifferent attitude just now made her feel timid and how she didn't dare to enter the box again.

Naturally, she didn't dare to tell the boss either.

This, however, cleared the air for Ji Feng and the others, and apart from the waiters who came over when the food started to be served, no one came to disturb them until they finished eating.

As for the final check, it was Ji Feng who took the initiative to pay off the bill, this time, Shan Wendong wanted to grab it, but Ji Feng smiled and said, "I'll come this time, if you feel overwhelmed, you can treat me again in the future, okay?"

Shan Wendong was naturally very happy!

He couldn't help but nod his head, admiring in his heart.

Only at this point did he realise that from beginning to end today, Ji Feng hadn't actually posed with him, whether it was Ji Feng waving his hand and calling for a BMW, or later when he asked Captain Guo and the others to apologise, or now when he was paying the bill, it was all so calm and natural, without any semblance of artifice.

What's more, Ji Feng must have seen that he liked Tong Lei, and he must have understood that he was squeezing him before, but he didn't have a fit, instead he was very calm, just this kind of connotation made Shan Wendong ashamed.

In terms of origin, Ji Feng was obviously much better than him, otherwise, that Captain Guo couldn't have been so afraid of him.

And if we talk about wealth, just that car of Ji Feng's and that beautiful driver in the car were enough to show Ji Feng's financial power.

The more relaxed Ji Feng was, the more he was sweating.

Now Shan Wendong also finally understood why Tong Lei would choose Ji Feng.

When he left from the private kitchen, Shan Wendong shook hands with Ji Feng with great emotion and said, "Ji Feng, make sure you give me a treat some day!"

Ji Feng smiled and nodded his head, saying, "Don't worry, I will!"

Shan Wendong nodded, but the next thing he knew was what to say, so he had to smile and give Ji Feng a cigarette.

Ji Feng smiled, patted Shan Wendong's shoulder and said, "That's it for today, keep in touch, if there's anything you need, call Tong Lei or find me!"

Of course, Shan Wendong knew how much gold Ji Feng's words carried, and he couldn't help but nod his head repeatedly, saying, "Sure, sure."

Afterwards, several people separated and Ji Feng and Tong Lei got into the car.

And at that moment, a shout suddenly came from the entrance of the private kitchen, "A few people wait, please wait"

Shan Wendong and the others looked and saw a middle-aged man who had become somewhat blessed was running all the way over, and Shan Wendong immediately recognized that this was the owner of the private small kitchen, and although Shan Wendong had only seen it once before from afar, that time he was particularly impressed because his cousin Liu Yanping told him that the man this private small kitchen owner was accompanying at that time was the district head of a district!

At that time, Shan Wendong was particularly envious of the owner of this private small kitchen, and he thought, when will he be able to mix to the extent that people are, and the people he interacts with are either big bosses or high officials

"..... a few people, please wait a moment!" At this time, the owner of that private kitchen was running straight towards Ji Feng's BMW, and Shan Wendong immediately understood that the owner of this private kitchen must have known that Ji Feng came here to eat and had a conflict with someone here, so this was why he came over on purpose to ease the relationship.

He was not able to look at Ji Feng, who was already sitting in the car, but he saw that Ji Feng did not even look at the owner of the private kitchen, and the car drove away.

This is why Shan Wendong realized that Ji Feng was so kind to communicate with himself, I'm afraid he was really looking at the friendship of his old classmates, and when you think about Tong Lei's cold personality, she usually doesn't talk to people much, but today she was able to come over for this meal with herself, obviously also looking at the friendship of her classmates, which made Shan Wendong feel flattered.

This can be seen from the treatment of the private chef in front of Ji Feng, the owner of the private chef is obviously a very powerful and influential person, but Ji Feng is not even enough to shake him off.

With this contrast, it only made Shan Wendong and the others feel even more strongly.

A few people stood at the entrance of the private kitchen, looking at the back of Ji Feng and Tong Lei leaving in their car, their hearts were really mixed!

.....

The contact with Shan Wendong and the others, although there were still some unpleasant hiccups in the middle, none of them affected Ji Feng and Tong Lei's mood.

When they returned home in the afternoon, Tong Lei sat on the sofa and read a book, while Ji Feng leaned next to him to prepare his thesis.

But in reality, at this moment, Ji Feng was thinking about how to approach the military hospital, how to approach Geng Shaohua, and also had to hurry, because according to little uncle, Geng Shaohua was still in a coma and in a very bad condition, and could be killed at any time.

If we can't get close to Geng Shaohua in time, I'm afraid it will be difficult to know who is behind the assassination case anytime soon, in case Geng Shaohua somehow doesn't pull through.

But the question was, how to get close to Geng Shaohua, this did need to be mulled over.

"Ding"

Just at this time, Ji Feng's mobile phone on the coffee table suddenly rang, and Tong Lei casually picked it up and said, "It's He Hongwei calling!"

Ji Feng was slightly stunned, then immediately said, "Give it to me"

After receiving the phone, Ji Feng picked up the call, "Brother Hongwei, what's up?"

"Older brother, your luck is that bad?" He Hongwei's voice came over with a flirtatious tone and said, "You were stabbed once in Southern Guangdong, how come you just returned to Jiangzhou and got stabbed again?"

"How should I know!" Ji Feng shook his head and laughed bitterly, saying, "How are you doing over there? You didn't encounter any trouble, did you?"

"Of course there was no problem on my side, after I came back I went to the big interior to report the process and results of my trip to South Guangdong with the old boss, and just as soon as I came out I heard that something happened on your side" He Hongwei said, "Older brother, if there's What do you need to help, don't be polite."

Ji Feng smiled and nodded, saying, "Don't worry, I definitely won't be polite with you."

"That's good!"

He Hongwei laughed, and then he turned his words and said, "Older brother, there's a message to pass on to you"

Ji Feng immediately sensed the gravity in He Hongwei's words, so he immediately sat up straight and said, "Speak."

"When I went to Daini, the old boss told me a news, this time the reason why Lingxia Group wants to cooperate with the Splendid Group is afraid that it is to provide technical support to a special steel alloy project in Jie Peng" He Hongwei lowered his voice and said. "This special steel alloy project is the most important for Jie Peng and the Lingxia Group!"

"Special steel alloy?"

Ji Feng frowned slightly, "In other words, the reason why the Lingxia Group wants to get the super alloy project under the Brilliant Group is actually to get the technology in this area and apply it to their special steel alloy?"

He Hongwei said, "That's right. According to reliable information, KAI Peng is now conducting research on a special steel alloy project, and if this project is successful, it will result in a special steel alloy with extremely advanced performance. This special steel alloy, if applied to aircraft, will greatly increase the stealth of the aircraft and be able to absorb radar detection waves to the greatest extent, and if applied to submarines, the performance of the submarines will likewise be greatly enhanced"

"Diving depth, concealment, silence" Ji Feng blurted out.

"That's right!"

He Hongwei said, "So I think that the cooperation between the Lingxia Group and the Brilliant Group, the circle resources I'm afraid is just a cover, their real purpose is to set their eyes on that alloy technology in the hands of the Brilliant Group!"

Ji Feng's brow furrowed: "This news, did the above know about it long ago, or"

"I think it was only just known!" He Hongwei said, "Listening to the tone of the old boss, the Boundary Peng side is extremely guarded against this information, so our people have only recently spied this news"

"Your old buddy doesn't know anything about this information either?" Ji Feng asked.

"Humph!"

He Hongwei couldn't help but sneer, of course he knew who Ji Feng was referring to as his old buddy, "I'm not sure about that!"

Ji Feng said, "I think this is a bit interesting, the Bebongs want to cooperate with the Brilliant Group for the alloy technology, but your old buddy they are dead set on cooperating with the Bebongs, why is that?"

This was what Ji Feng had been most puzzled about, this matter was not too satisfactory even for the highest level, why did the Wu family prefer to resist so much pressure and still want to cooperate with the Kepong people?

Was there any exchange of interests in between, or were there any other factors that outsiders didn't know about?

Or is it that the Martial Family is getting a favour from the Kepong people?

Campus Master Chapter 2249

If the Wu family did not know the real purpose of the KAI Peng people beforehand, then no matter what the reason was or how much benefit the Wu family received to insist that the Brilliant Group cooperate with the KAI Peng's Lingxia Group, it would still be understandable.

Even though the Wu family is one of the most powerful and largest families in China, it still needs benefits after all.

However, if the Wu family had already known that the real purpose of the Kepong people was not only for the resources of the Brilliant Group, but more importantly, for the technology of the super alloy project, before the cooperation between the Brilliant Group and the Lingxia Group, it would be unreasonable to insist that the Brilliant Group cooperate with the Lingxia Group.

If that was really the case, then the Wu family wouldn't deserve to be in the position they are in, and they wouldn't deserve to have such power!

Because this cooperation would be too damaging for China!

As we all know, because of the backwardness of China's technology, especially the navy is even weaker, not to mention against the world's superpower like Rice, even a few neighboring countries, with the warships provided by the Rice, are not much worse than China, not to mention the navy has always been strong, and has been supported by Rice for decades to fight against China's Kepong Navy.

Therefore, in this situation, the Chinese top brass decided to have the ability to defend themselves first, so they vigorously developed submarines and anti-submarine equipment.

After all, the development of submarines alone would not work, as the technological level of the Kepong people was already better than that of China, and their submarines were not bad either, so anti-submarine equipment also had to be developed to the fullest extent.

It is also because China has not interrupted its investment and research and development in submarines over the past few decades that some neighbouring countries, although obviously stronger than China in terms of naval strength, are afraid of China's submarines and do not dare to take action easily.

As you can imagine, submarines and anti-submarine equipment are so important to China that they are almost like China's main force at sea. At least for a long time, the submarine will remain the main force of the Chinese Navy!

It is thus understandable that once the technology of the super alloy project is obtained by the Kepong people, if they use this technology to develop that special steel and use it in submarines, then I am afraid that China's anti-submarine equipment will become deaf ears – ornamental!

At that time, the navy will be unable to defeat them, so they will have to cower in their military harbour, and all the coastal cities will be within the range of their artillery and missiles!

In that case, China will not be able to develop, but will be trapped on land, and will never be able to become a naval power!

“Exactly what the reason is, I’m not too sure.” He Hongwei shook his head, how could he not know what was at stake?

But the problem was that the Wu family had a very tight control of information in this regard, and it wasn’t that He Hongwei hadn’t inquired about it, but according to the information, it seemed that even those who were closer to the Wu family were not sure why the Wu family was so insistent this time.

He Hongwei is himself a person who is carefully guarded and strictly guarded by the Wu family, so how could he possibly inquire about any more useful information?

“So the top doesn’t know either?” Ji Feng asked, frowning.

“I guess it doesn’t know, otherwise, why would the old boss still want me to go to South Guangdong?” He Hongwei said.

“Well!”

Ji Feng nodded slightly and said, “Then what do you plan to do?”

He Hongwei let out a light sigh, “What else can I do? Just follow what we discussed in Southern Guangdong and work hard to develop the Tianyao Group. I’m calling you this time just to talk to you, so that you can have an idea in your mind!”

Ji Feng nodded and said, “That’s right, that’s how it should be, you’re in Yanjing, you’re definitely much better informed than I am, so if you have any news, just say it in time.”

“Don’t worry, I will.” He Hongwei said.

Ji Feng then nodded slightly, and after agreeing with He Hongwei to exchange information, the two of them ended the call.

And then, Ji Feng pondered.

“Special Steel

Ji Feng chewed on this word, and then he stood up and said, “Lei Lei, you stay here and read first, I’ll go upstairs to look up some information.”

Tong Lei nodded slightly, “Mm.”

Ji Feng smiled and pinched her soft cheeks, then he went to the study.

“Special Steel” Ji Feng typed these three words in the search bar, and then he saw that there were countless messages related to this special steel appearing on the page, and a quick glance through could notice that these three words, basically, could all be found together with the word military. The word “military” appeared.

The first thing you need to do is to look at the web page, and then you will find that the so-called special steel is actually divided into several kinds, for example, some special steel has high temperature resistance, some have better flexibility, etc.

The use of each kind of steel is also different, and many of them can also be used in the military, such as submarines and fighter-bombers, etc. This makes Ji Feng time is unable to judge, the real Peng to develop which type of special steel!

But one thing was for sure, KAI Peng getting the technology of the super alloy project in the hands of the Brilliant Group was definitely not a good thing for Huaxia!

“It’s really”

Ji Feng closed his computer and couldn’t help but shake his head.

I really don’t know what the Wu family is really about, it’s so like the king is eating the scales, he is determined to cooperate with the Kepong people!

“Super alloy special steel” Ji Feng couldn’t help but shake his head and sneer, “Really think that with this super alloy project, you can make a military achieve a leap forward and you can trample China under your feet?”

“..... delusional!”

With a cold laugh, Ji Feng slowly stepped downstairs, but his back was incomparably firm.

.....

The day passed in the blink of an eye, and night gradually fell.

The first thing you need to do is to have a good time.

Tong Lei and Xiao Yuxuan didn’t ask where Ji Feng was going, they just urged him to be careful and pay attention to safety, because they knew that if it wasn’t necessary, Ji Feng would definitely not go out in the middle of the night!

“Bai Zhu, pull over and find a more secluded spot to park!”

When the car drove out of the villa area and onto the road outside, Ji Feng immediately said in a low voice.

Bai Zhu immediately followed Ji Feng’s instructions and drove the car into the side road, stopping it behind a green belt.

“Turn off the headlights! Open the trunk!” Ji Feng instructed again, then directly opened the door and got out of the car.

Although Bai Zhu was a bit puzzled as to why Ji Feng was doing this, he didn’t ask more questions, but obediently opened the trunk and turned off the headlights at the same time.

But instead, he heard Ji Feng say, “Turn off the reading lights in the car as well, and turn off all the lights!”

Bai Zhu’s pretty face then showed a surprised look, turn off all the lights?

“Ji Shao”

“Don’t ask, do as I say!” Ji Feng said in a low voice, “I’ll explain it to you later!”

“Yes!”

The tacit understanding between her and Ji Feng was already needless to say, sometimes Ji Feng just opened a head, and the following things Bai Zhu knew what to do.

However, what made Bai Zhu feel strange was that this time Ji Feng did not take any action, instead he just took out the toolbox from the trunk of the car, then took out a spanner and was screwing the screws on the number plate of the car.

Bai Zhu was stunned, what was Ji Shao doing here?

He had never removed the number plate before, no matter what kind of operation he was carrying out, so could it be that this time he was doing something that he couldn’t let others know about?

“Bai Zhu, get all the iconic pendants and ornaments inside the car, all of them, and put them in the storage compartment!” Just at this moment, Ji Feng’s voice came over again.

“..... Yes!” The surprise in Bai Zhu’s heart was getting thicker and thicker, looking at how Ji Feng was so cautious, what he was going to do today might not be simple ah.

So Bai Zhu couldn’t help but ask, “Young Ji, do you want me to prepare?”

“No, you don’t need to be on today’s operation, I’ll go alone!” Ji Feng said, at this time, the number plate had already been taken off by him, then he went around to the front and took off the one in front of him as well, casually throwing it into the trunk, and then only then said, “When the action comes later, you have to be on guard outside, the fewer people involved in the action the better, otherwise it will easily be discovered!”

Bai Zhu was shocked, “How can I do that? I’ll go, you stay outside and keep watch!”

“Boom!”

Ji Feng closed the trunk and said, “No need to argue, this time the other side’s guards are very tight, you definitely can’t handle it alone, even Yi Xingchen and the others can’t handle it, so only I can go!”

Tonight, Ji Feng was going to visit Geng Shaohua’s ward!

But according to what Little Uncle said, that ward of Geng Shaohua’s was partitioned into three rooms, with soldiers guarding both sides, and Geng Shaohua was living in the room in the middle.

But the problem was that the three rooms were separated by glass, which meant that with a glance, all three rooms were in full view, and there was no place to hide.

If Bai Zhu went there, the slightest mistake would alert the soldiers there, and then it would be difficult to get out, not to mention checking Geng Shaohua’s condition.

And there was another most important reason – this time, if Ji Feng went over there, if he could succeed, he would use bio-current to heal Geng Shaohua’s wounds, not to cure him, but at least to make him wake up, so that the military and Little Uncle could interrogate him.

But Bai Zhu doesn't know how to heal, so he has to go by himself!

Campus Master Chapter 2250

When all the preparations had been made, Ji Feng got into his car again and headed straight for the military division hospital.

Even if he hadn't heard about it from Xiang Yongzhan, Ji Feng knew that there were cameras everywhere on the road leading to the military sub-district, especially on the section of road near the military sub-district, which was full of cameras, and even on the poles in the woods and wastelands on both sides of the road, there were cameras.

On top of that, there were various types of surveillance radars.

So Ji Feng had to be careful and careful again, because he was sure that once the operation was exposed, whether it was the military or the State Security people, they would trace it to the end.

When the time comes, if it is traced back to him, then he will not be able to tell even if he has grown a hundred mouths.

If you don't have a ghost in your heart, why are you approaching Geng Shaohua?

Just this question alone Ji Feng could not answer, let alone other questions.

Of course, Ji Feng could answer truthfully, saying that he had approached Geng Shaohua in order to heal his wounds, hoping that he would wake up sooner and reveal who was behind the attack.

But the question was, who would believe it?

If it came to that, even if Little Uncle was the main person in charge of this investigation, he would have to avoid suspicion!

Therefore, Ji Feng could only remove the license plate and at the same time cover up all the furnishings on the front of the car, as well as the posted annual inspection and environmental protection signs, etc. In this way, even if it was captured by the camera, he would not be able to find out whose car it really was.

In order to prevent their faces from being caught on camera, Ji Feng and Bai Zhu both put on slightly darker glasses and put their sun visors down.

As expected, there were a dozen cameras that Ji Feng saw along the way alone, not to mention the ones hidden in the shadows.

Bai Zhu was equally shocked and a little scared.

Fortunately, young Ji had been well thought out, otherwise, God knows how many times they would have been filmed along the way!

At a place less than a kilometre from the military hospital, Ji Feng had Bai Zhu stop the car, while he himself put his clothes on backwards and quietly dived into the darkness.

At this moment, Ji Feng fully activated his bio-current, his eyesight almost reached the limit level, and at the same time, Ji Feng's figure was simply like a ghost, almost floating through the woods.

When he arrived at the entrance of the military hospital, Ji Feng returned to his normal state and walked in in the same manner as other patients' families, but his glasses were not taken off, so that at first glance even people who knew him well might not be able to recognise him.

This is exactly the effect that Ji Feng wanted. As a guy who has mastered almost all the skills of a super agent, it would be incredibly difficult for Ji Feng to hide his face from the guards at the entrance and to avoid the cameras, which would be a difficult task for ordinary people, but it was so easy for Ji Feng.

From this point on, one could see how strong and perverted Ji Feng was!

It is important to know that although this is a military sub-district hospital, the experts here are actually no less than those in the General Military Hospital in Jinling, and the technical strength and equipment are not bad at all.

And in this way, the number of old cadres, as well as some rich and powerful people coming to the Jiangzhou Military Hospital has increased greatly, and there are even a few of them who must be given high priority, and can even be called old masters!

The identity of these people is not simple, and they all need to be closely protected, so this military division hospital may seem to have a few more guards than other ordinary hospitals, but in fact the security inside is extraordinarily strict, just that ordinary people can't notice it, because those guards are only for people with bad intentions.

But this time, Ji Feng came in without alerting anyone, and he was able to blend in very easily.

However, the problem was that Ji Feng knew nothing about which ward Geng Shaohua was staying in, and his uncle had not told him at that time.

But this was difficult for Ji Feng.

There was no doubt that the general ward was noisy and chaotic with people coming and going, not to mention that Geng Shaohua was very important and his injuries alone were not suitable for staying here, so Ji Feng was the first to exclude the general ward.

And other than that, there are only a few places left – the intensive care unit, the intensive care ward, and the cadre ward

Although in many hospitals there is no difference between intensive care wards and cadre wards, this is not the case in the military hospital in Jiangzhou, as this is a hospital belonging to the military, so the cadre wards are listed separately.

Now there were only these three places left, and it wasn't really difficult to find Geng Shaohua in them.

As he entered the inpatient department, Ji Feng stood carefully in front of a bulletin board in the lobby on the ground floor, staring carefully at a diagram of the floor plan in the hospital, and wrote it down.

So although it was his first time in this hospital, he did not feel any rustiness at all.

Soon Ji Feng arrived at the intensive care unit, but after he walked along the corridor, he frowned a little, because the intensive care unit was separated from the corridor by a row of rooms with some instruments and equipment, and the room near the entrance looked like a sterilisation room.

With such a row of rooms apart, Ji Feng's gaze could not penetrate, so he had no choice but to give up exploring this place and turned around and went to the cadre ward upstairs.

What made Ji Feng slightly relieved was that the cadre ward upstairs was not that complicated, that is, there was a single room outside the ward, this should be someone specially responsible for nursing, and on the door of that ward, there was a small glass window, from here you could clearly see the scene inside, there was no need for perspective.

Nothing.

Still nothing.

Ji Feng kept walking around the cadre wards, which occupied two floors, and did not see Geng Shaohua. Instead, he saw two older patients in two of the wards, and there was someone guarding the single room outside, but it had nothing to do with Geng Shaohua.

Ji Feng guessed that this should be some old cadre who was hospitalized here for convalescence.

But

Where was Geng Shaohua?

Ji Feng pondered for a moment and continued walking upstairs again. Above the cadre ward was the intensive care ward, and those who lived here would not only be cadres, but also those whose families were rich and at the same time seriously ill, and as long as they were willing to spend money, the hospital would arrange such a ward for them.

"No."

"This one doesn't have one either."

.....

Ji Feng searched for another four or five intensive care wards in a row, still no sign of Geng Shaohua, but rather some rare and weird patients, which opened his eyes.

The patient in the intensive care ward that he had just walked past was rather strange, and he didn't know what kind of disease he had.

"Couldn't be severe burns, right?" Ji Feng couldn't help but stammer, if the burns reached this level, it could be really quite serious, even life-threatening!

"Once I came to the hospital, I realized how calamitous the human world really is!" Ji Feng shook his head and sighed, compared to these people, the attack on himself was rather not so infuriating, after all, he was not injured at all, instead, the other side also died quite a few people!

However, Ji Feng still had to track down what should be tracked down. Not being injured this time did not mean that he would always be so lucky in the future, so he had to find out who was behind this so that he could rest assured.

In addition to this patient, in the two wards next door to him, there were two patients without many injuries, only one of them had a bandage on his arm and a bandage on his head, and there were two young people in the room with him.

But then Ji Feng kept looking through all the intensive care wards and still ended up not finding Geng Shaohua.

“Could it be in the intensive care unit?” Ji Feng couldn’t help but faintly – frowned, if it was in the intensive care unit, then it would be a bit of a problem, after all, there was a row of rooms in between making it impossible for him to use his penetrating eyes to go through and see the scene inside, and he couldn’t just go in

Think again!

Ji Feng once again turned around and went to the intensive care unit, now only this place was left unsearched, so he guessed that Geng Shaohua was in this intensive care unit eight out of ten`9 times.

Once again, when he arrived at the ICU, Ji Feng saw two people lying on their backs at the door of the ICU, looking inside with their toes crossed.

“Don’t look, you can’t get in now, the doctors and nurses will come to check later, let’s go in together then.” One man said, “Normally we can’t get in without the doctor present.”

“Ugh

The other let out a sigh, “Why is our family so unlucky

The two people sighed and stood at the entrance of the monitoring room, while Ji Feng listened with a twitch in his heart, it seems that this intensive care unit is not impossible to enter.

Only, in order to go in, you must have the permission of the doctors and nurses, and you must also be a patient’s family

The actual fact is that you can’t be a part of the world, but you can be a part of the world.

As expected, after about twenty minutes, a doctor wearing a mask came over, followed by a nurse behind him. Seeing them, the two patient’s family members immediately greeted them and requested to go in to see the patient.

“All right, but don’t disturb us and don’t stay too long.” The doctors finally nodded, they were not hard-hearted and could naturally understand the feelings of the patient’s family at this time.

So, amidst a thousand thanks from those two patient’s families, Ji Feng also calmly and calmly followed them into the intensive care unit.

His gaze, abruptly became sharper
