

Campus Master 2281

Ji Feng's eyebrows furrowed at once and he sneered, "There really is a ghost! You take your time to check first, the box can be dismantled, just don't leave your traces!"

"Understood." Bai Zhu said.

"Pop!"

Ji Feng hung up the phone, and then turned his head to look at the truck driver as well as the employee who was in charge of escorting the truck and asked, "Were the people from industry and commerce present when the traffic police impounded your car?"

The two of them nodded together and said, "Yes."

"And did the people from industry and commerce ask you to open the door of the car for inspection? Or did they just pry the door open?" Ji Feng asked.

"I was the one who opened it."

The employee who was in charge of escorting the car said, "I have the key here ....."

Ji Feng nodded and asked again, "Then after the car was impounded by the traffic police, did you give the keys to the container to the traffic police as well?"

That driver shook his head: "No, ah, the people from the industrial and commercial department came over to check the goods and said that there were problems with the goods, I don't know why, because I am only responsible for driving, as for what goods are pulled on this and exactly how many pieces, it is not my responsibility ....."

"These are the ones I'm responsible for!" At this time, the employee in Qin Shujie's company who was responsible for escorting the car said from the side.

"Right!"

That driver nodded and said, "So when I saw that the people from the business sector had checked it, I locked the container again, and the key was always with me, just in case something was missing ....."

Because after the car was impounded, the employee who was responsible for escorting the car was no longer in the car, as the driver he was also not in the car, in this case, the driver was worried that if anything went wrong then the employee who was escorting the car would blame him, and he did not dare to go to the traffic police force to settle the score ..... jokingly, who knows that a small ordinary citizen to talk to The traffic police force is a government department, and will be reasoned with, what will happen!

So the driver kept the keys with him, just in case something went wrong in the middle of this to find him.

Although he didn't know how many pieces of goods were in the container, he knew from the mouth of the employee who was escorting the car that the goods were all jewellery and jade, and that the price

was not necessary to say, he was a sports car driver who only earned a hundred thousand dollars a year for his hard work.

“During this period, the key was always on your person, right?” Ji Feng asked, “And, you haven’t been near the car either?”

“Yes!”

That driver nodded, “After the car was impounded, we just stood at the entrance of the car park and took a look at where the car was parked from afar, and then the person watching the gate wouldn’t let us get close.”

“We came here several times in between, but we didn’t go to the car park, we just came to the traffic police to deal with the matter and hopefully leave early.” The employee who was in charge of the escort added, “I just didn’t expect .....”

“We have come several times, not even how to deal with it, the attitude of these staff is arrogant as hell, moving to rebuke us, or simply we ask seven or eight sentences, people only have the breath to return a sentence, but also can not speak on the point!” The driver said in a depressed voice.

Ji Feng nodded slightly, this is very normal, almost all the people know that government departments have three difficulties, the door is difficult to enter, the matter is difficult to handle, the face is difficult to see!

There was a news report some time ago that a woman had to make more than 30 trips to the police station in order to get her newborn child’s account, but in the end it was not done, either because of a lack of procedures or a lack of procedures, or because the clerk was not there or had gone to play cards and drink .....

The last thing the lady could not stand it anymore, she quarreled with the staff of the police station’s registry section, and as a result, two or three people from the registry section grabbed the lady and beat her.

How could the lady be a match for the two or three of them alone? As a result, she was beaten badly, but in the end, the top’s opinion was that the lady was the first to provoke and disrupt the office, and was mainly responsible .....

The company’s children hadn’t even been given an account by the time the news hit the press.

In fact, with the above ruling, if the lady wanted to register her child, she still had to go to the police station’s registry section.

But the staff at the registry department had just fought with her, so how could they give her a good look?

It would be strange if they didn’t give her a hard time!

And this kind of thing is so common in government departments that it’s not unusual at all.

Just look at the person in charge of the freight company, since he entered the traffic police, even when he saw the security guards at the entrance, he nodded his head and bowed with a smile, so you can imagine what kind of treatment ordinary people receive in government departments.

This is something that is being repeatedly stressed from above, and it is said that a targeted system has been developed, but this cannot be changed in a day or two, and it will take time to change slowly.

So Ji Feng's attention was still focused on the truck. According to the driver and the escorting employee, when the people from the industrial and commercial department checked the car, they were the ones who opened the container with the key, and after that, the car was detained and the key was always on the driver's person.

This means that during this period neither the traffic police department nor the industry and commerce department had access to the keys.

"Then before the car was impounded, were there any marks on the cargo door that had been broken into?" Ji Feng asked again, "Or rather, had you ever pried it before?"

"No!"

The employee who was escorting the car shook his head, "I was under the impression that there was none, because when I set off, I made a point of checking the cargo door, every time I escorted the car, I've gotten into the habit of doing that."

The driver said, "Surely that's not possible, who in good time would break into a car ....."

"So that's how it is ....." Ji Feng nodded his head slightly thoughtfully.

"Ji Feng, what's wrong?"

Qin Shujie asked in a low voice, "Is there something wrong?"

Ji Feng hummed and said, "Just now I asked Bai Zhu to scout the car and she said she found traces of prying on the cargo container door!"

"What?!"

A look of surprise flashed across Qin Shujie's face, she had heard clearly what the driver and the escorting employee had said just now, the key had been in the driver's hand, and the car had definitely not been pried open before that, but now Ji Feng said that the cargo container had been pried open .....

Qin Shujie asked in a low voice: "How can this be?"

Ji Feng said, "So I suspect there's a ghost in this, wait and see, someone will definitely jump out next!"

"These people really ..... have their conscience eaten by dogs!" Qin Shujie said angrily.

"Don't get too angry, this kind of thing is normal for them!" Ji Feng said, "As long as we have no shame in our own hearts, we'll be fine!"

Things like this, in fact, although Ji Feng hadn't experienced it personally, he had heard about it a lot.

Moreover, from the beginning Ji Feng felt a bit strange, how could Qin Shujie say that the goods were definitely fine, yet the industrial and commercial department still impounded the car for this reason?

Now that Wu Zhicheng has also intervened, then to be on the safe side, Ji Feng asked Bai Zhu to secretly check out the situation of the car, to prevent the emergence of that kind of fishing enforcement, or planted evidence, if that is the case, then they will have to fall on their face.

But that's exactly what happened!

The container door had been broken open, and it was hard to tell what the goods inside were.

As long as some people were willing, they could even exchange the jewellery and jade in the car for white flour, and then it wouldn't be impossible to even frame Qin Shujie for transporting drugs!

"This gang of hands is really fast!" Ji Feng secretly sneered.

It looked like it should obviously not be the first time they did this kind of thing, moreover, this matter was definitely not unrelated to Shao Wen, after all, the car was parked in the car park of the traffic police brigade, and there were people guarding the car park.

If Shao Wen didn't give the nod, who would dare to break into the container?

What this traffic police brigade chief had done was really arrogant to the extreme!

"Then what are we going to do?" Qin Shujie naturally realised the problems involved, she had been in the business world for years, she naturally understood the danger of the human heart, and she thought of various possibilities as soon as Ji Feng just said it.

However, now Qin Shujie had no good solution for a while.

Ji Feng said in a low voice, "Don't rush, let's see what happens first."

Qin Shujie nodded slightly, it seemed that this was the only way to go. Now, after all, it was in the traffic police, and it was not convenient for them to do anything.

At the same time, Ji Feng was secretly wondering in his heart how to solve this matter.

Although he didn't know what those people had done by breaking open the container, but just in case, it was necessary to make the worst possible plans so that he could deal with all the changes calmly.

After a moment of slight thought, Ji Feng turned his head and said, "Wang Min, there is one more thing you need to do now."

"What is it, please tell me, young Ji."

"Go and find your friend again and ask him to do a favour." Ji Feng said, "And it must be a help only ....."

Saying that, Ji Feng lowered his voice and said a few words to Wang Min.

Wang Min smiled and couldn't help but nod, "Don't worry, Ji Shao, this matter is good, I'll go and call."

Ji Shaojun couldn't help but ask strangely, "Little Feng, what are you asking Old Wang to do?"

Ji Feng smiled and said, "Let him go and ask for some information, you'll know later."

Ji Shaojun then wondered a bit, what was this going to do, why did it feel a bit mysterious? But since Ji Feng didn't say, he couldn't ask much, anyway, there was plenty of time to ask Wang Min later.

In the blink of an eye, the time came to half-morning, and seeing that the sun had risen very high, Ji Shaojun raised his hand to look at his watch with some impatience.

"Is this business department crawling over?" Ji Shaojun became somewhat dissatisfied, "It's been more than an hour and they actually haven't come over yet?"

Campus Master Chapter 2283

"Tsk, what a big nerve!"

Wu Zhicheng sneered, "An illegal and treacherous businessman, transporting millions of counterfeit goods, actually managed to hire the police chief as an umbrella, Captain Shao only assisted the people from the industry and commerce in the investigation, and as a result, he was wrongly accused, what is this if not a crackdown on persecution?!"

Chief Wu's face then sank and said, "Mr. Wu's words are too serious, how things really are, there is still no conclusive answer, isn't it a bit irresponsible for Mr. Wu to say so?"

"Humph!"

Wu Zhicheng coldly snorted: "You don't have to give me this set, now the facts are clear, Captain Shao is only assisting the business sector in investigating the case, even if there are some problems in the way of handling the case, but for this kind of treacherous businessman who broke the law and even sued the evil one first, it is understandable even if the attitude is harsher, Director Wu, is it time to release him?"

Director Wu said in a deep voice: "Now it's just one side of the story, but Captain Shao's violation of the rules is a clear fact, it's impossible to let people go!"

"One side of the story?!" Wu Zhicheng said with a sullen face, "I think you're not going to shed a tear until you see the coffin! Well then, ask the comrades from industry and commerce to bring out their evidence to see whether it is one-sided words or solid evidence!"

"Good!"

The man in the industrial and commercial uniform said, "After we asked Captain Shao to detain the car, we have been secretly investigating the source of the fake goods, in order not to alert the snake, we didn't move the guys in the car, and now those fake goods are still in the car."

Director Wu couldn't help but blush, could there really be counterfeit goods?

Wu Zhicheng sneered, "What, Chief Wu is not going to go and see the evidence?"

Chief Wu was not so sure, because he was not sure if Ji Shaojun's men were really transporting fake goods, and if they were, then there would really be no way to end the day.

"If you want to see the evidence, why do you need to go there in person, just ask someone to bring the car to the courtyard?" Yu Hui, who had rarely spoken, said indifferently.

"No problem!"

Wu Zhicheng said, "Director Wu, what do you think?"

Chief Wu's face then turned a little cloudy as he glanced at Ji Shaojun, wanting to get an answer from his face.

Ji Shaojun, however, looked at Ji Feng and when he saw the latter nodding, he breathed a sigh of relief and said, "Chief Wu, I think it's naturally better to drive the car here, it's clear at a glance!"

Chief Wu nodded at once and said, "It's better ..... like this, for the sake of fairness and for the sake of unnecessary accidents, the police and the industry and commerce will each send one person over."

A man in a business and industry uniform immediately stood up, "I'll go."

Chief Wu nodded slightly and sent another policeman over.

At this time, the interrogation could not go on, the room was quiet again, Chief Wu did not say anything, other police officers naturally will not say anything more, right now they all know that this is two government officials in a fight, they are not enough to get involved.

The other police officers naturally did not say anything, they all knew that this was a fight between two government officials, they were not qualified to get involved.

Ji Feng gave Wu Zhicheng a deep look, then took out his mobile phone and sent a text message to Bai Zhu.

The car park wasn't very far away, so after just under twenty minutes, the van was driven back, and Chief Wu stood up and said, "Since the van has been driven back, let's go down and take a look."

"Humph!" Wu Zhicheng stood up, snorted coldly and took the lead in going out.

When the group arrived in the courtyard, Director Wu asked, "Whose hands are the keys in, open the cargo container."

The driver hurried over and opened the cargo container door.

"Please ask the comrades from industry and commerce to reveal the fake goods and take a look." Chief Wu said.

"Chief Wu!"

Just then, Wu Zhicheng but called out to him, with a smirking look on his face, "It's not too late now if you admit you've done wrong, but if the fake goods are laid out in front of you later, it will be too late for you to regret it."

Ji Shaojun instantly showed his anger, Wu Zhicheng was trying to turn Chief Wu against him.

However, Director Wu was the one who said, "Mr. Wu, I don't understand what you are saying, I don't think I have done wrong."

"Humph!"

Wu Zhicheng's face sank, "Since you are giving shame, then there is nothing more to say, bring out the fake goods!"

At once, several people from the industry and commerce climbed onto the car and then moved the goods down one box at a time. The boxes were not big, but because they contained jewellery and jade, they were heavy.

At this time, one of the businessmen said, "The fake goods are right here."

They said, one of them carried a box down, three or two times opened the box, one of them said: "Everyone, please see, these agates, in fact, all made of resin, crystal, pearls, are fake, these in the market are high-grade goods, worth a lot of money ....." "

"They put the fakes in the middle and hid them, and they are made extremely realistic, we also asked a professional institution to go through scientific testing to determine that they are fakes." Another person from the industry and commerce said.

Director Wu's face suddenly turned ugly, he had not expected that there were really fake goods in this car.

Wu Zhicheng instantly laughed, "Chief Wu, I wonder what else you have to say now? These people are obviously unscrupulous merchants who make and sell counterfeits, yet you still work so hard to help them, am I wrongly accusing you when I say that you have provided them with an umbrella?"

Chief Wu snorted coldly, but did not say anything, now that the facts were all there, he could not say anything even if he wanted to.

However, after all, Director Wu was not an ordinary person, he was so experienced that he only paused for a moment before saying, "Since the car was detained, it has been out of the control of the freight company and the jewellery company, what will happen in between, no one can say, if someone planted evidence and framed it, it is not impossible... .."

"Bullshit!"

Wu Zhicheng sneered, "In that case, you suspect that I'm framing them?!"

Director Wu said, "Please don't misinterpret my meaning ....."

"Chief Wu, I really am unjustly accused, you can't act against your conscience!" Shao Wen immediately screamed injustice next to him, with Wu Zhicheng around, plus seeing that things were now in his favour, his bottom line was suddenly full again.

Director Wu's face was suddenly gloomy, being told by Shao Wen in front of so many people that he had ignored his conscience, how could he not be angry?

"Alright, don't even argue!" Just then, Wang Min walked out from the office building and said aloud, "Young Wu seems to like speaking with facts, so how about this, how about you all come with me and I'll show you a little something?"

"Joke!"

Wu Zhicheng sneered, "I'll go when you tell me to, huh? I don't have that much time to waste with you guys."

Wang Min said, "Then what would you think if I told you that the fake goods in this car were all a joint effort by Shao Wen and the people from the industry and commerce, replacing people's real goods with fake ones?"

Wu Zhicheng couldn't help but be stunned, but then he sneered, "You think I'll believe you just because you casually say two things?"

"If you don't believe me, you can come and take a look!"

Wang Min said, "Our Captain Shao is very bold, he has done this kind of theft for his own profiteering more than once, in the basement of this office building, there is a closed room, filled with their scavenged things, everything is very valuable ..... everyone You'll be able to see it."

Swish!

As soon as Wang Min's words fell, Shao Wen's face was instantly pale, he even had some weakness in his legs, his body went bald down, if not for the two policemen next to him holding his arms, he was afraid he would have been on the ground.

The others also turned pale, and Chief Wu immediately asked eagerly, "Is everything you said true?"

"The stuff is down there!"

Wang Min said, "In addition to that, there is an account book, if you are interested, follow me!"

With that, Wang Min turned around and headed for the office building.

Director Wu was most eager and immediately said, "Go, go over and take a look!"

What Wang Min said was too important, if it was true, then today they would not only turn defeat into victory, but also a big victory, but if it was not true .....

The most urgent person at the moment was naturally Chief Wu.

Wu Zhicheng's face was then somewhat gloomy, he turned his head to glare at Shao Wen, but found that Shao Wen was now pale, with a strong fright in his eyes, and even looked at him with a pleading-like look.

"Humph!"

Wu Zhicheng then understood that he was afraid that what Wang Min had said was true.

At this moment, Wu Zhicheng was a bit wavering, to go, or not to go?

However, at this time, Ji Shaojun sneered, "Wu Zhicheng, what, are you afraid? You don't dare to go?"

"Joke!"

Wu Zhicheng sneered and followed in stride.

Leaving a few people to watch the van, the others all went to the ground floor and saw Wang Min waiting for them with a man in a traffic police uniform.

“Let me introduce to you, this is Vice Captain Yang here, he is the one who reported the situation here.” Wang Min said, “Team Yang, it’s better for you to introduce the situation.”

“Hmm.”

The person known as Captain Yang nodded and said, “Director Wu, it’s like this, ever since Shao Wen was transferred here as a captain, he has often acted jointly with the business sector. knew that they had been working together .....

“..... vehicles passing through this area, if they are pulling valuables, they will jointly intervene and find an excuse to detain the car first, and then find a way to steal it .....

Saying that, Captain Yang pulled the door of that room open in one go.

At once, everyone froze, only to see that this room of hundreds of square feet, but full of yards of cardboard boxes, even in the middle there is a rockery .....

And wooden carvings .....

Pop!

Shao Wen instantly went limp on the floor.

Campus Master Chapter 2284

“Breathtaking, really breathtaking!”

Seeing this scene in front of him, Ji Shaojun couldn’t help but stammer: “It’s really unexpected, there’s actually this way of enriching oneself, one has to admire it!”

Looking at this room full of boxes, and listening to that Captain Yang’s introduction, everyone knew that this must be filled with things from before .....

The police have become a nest of bandits!

This time, Chief Wu was even furiously blue in the face!

Although he could have convicted Shao Wen, the problem was, no matter what, this Shao Wen was also a soldier under him, and now this kind of filthy thing had happened under his rule, how could he, as the chief, have a shiny face?

Equally irritated was Wu Zhicheng.

He had never thought that he would see such a scene here.

A room full of stuff ah, and also all from those passing vehicles to get down .....

but the real most critical is, himself this time but to protect Shao Wen, even swore that Shao Wen has no problem, it is Chief Wu and Ji Shaojun they are wronging Shao Wen, is cracking down on persecution!

However, seeing this scene in front of him, what he had said before was like a loud slap in the face, making Wu Zhicheng’s face turn blue and he looked towards Shao Wen in anger.

Shao Wen, however, turned pale and did not dare to look at Wu Zhicheng’s eyes.

“Shao Wen, you have done this!” Wu Zhicheng said angrily.

“I .....

Shao Wen’s lips were trembling, and his voice was even shaking when he spoke, how could he possibly have thought that those things he had done would be exposed to the public without reservation at this moment?

However, it seems to think of his next fate, Shao Wen also do not know where to come from the spirit, suddenly sat up from the ground, fiercely crawled forward two steps a hug Wu Zhicheng’s thighs, begging: “Wu young, please save me, Wu young, I know I was wrong .....

Shao Wen knew very well what he had done, just with these things in front of him, and that ledger, it was enough to sentence him heavily, but that was not all, if the police found out what else he had done, it would not only be a matter of heavy sentence, or even put through jail, or even eat peanuts and be shot!

Especially, in the case that he had already offended Ji Shaojun, if Shao Wen did not protect him again, then he would really be finished!

“Shao Wu, Shao Wu, please help me, I won’t dare to do it again .....” Shao Wen clutched tightly at Wu Zhicheng’s thigh, terrified to the extreme, “Shao Wu, for the sake of our two families’ relationship, please .....

“Well!”

Wu Zhicheng, however, could not help but stifle a sound, his face changed and he violently kicked Shao Wen away, “Get lost!”

Just now Shao Wen that hand grabbed his thigh, but just grabbed his inner thigh .....

“Shao Wen, you did it yourself, and you still want others to save you!?” Wu Zhicheng said angrily, “Thanks to the fact that I still trusted you so much and thought you were an upright person, to think that you would do such a thing, you simply deserve to die!”

“Yes, yes, yes, I deserve to die!”

Shao Wen nodded his head repeatedly and begged, “Young Wu, but no matter what, I still served you, please .....

Before he could finish his words, he was instantly kicked heavily in the mouth by Wu Zhicheng.

“Boom!”

Shao Wen was kicked and fell to the ground on his back and couldn’t help but let out a miserable scream.

Wu Zhicheng said angrily, “Shao Wen, mind your status!”

Shao Wen choked, but no longer dared to plead, only a whimpering sound came out of his mouth, and even tears welled up.

“Humph!”

Wu Zhicheng then snorted coldly and gave Shao Wen a cold look, like a warning.

And then, he turned to look at Chief Wu and said, “Chief Wu, I didn’t understand this matter clearly today, I won’t ask about the next matter, that’s all .....

With that, Wu Zhicheng was about to turn around and leave, only as he turned around, his gaze glanced icily at Wang Min and swept Ji Shaojun, as if to take these two people deeply into his heart.

“Ji Shaojun, the future is long, we’ll see!” Wu Zhicheng said coldly, before turning around and leaving.

“Humph!”

Ji Shaojun said angrily, “Wu Zhicheng, are your words considered a provocation?”

Wu Zhicheng, however, sneered, ignoring Ji Shaojun, and lifted his feet to leave.

“Damn it!”

Ji Shaojun was furious, this little brat Wu Zhicheng had ignored him once again, this feeling simply made him feel crazy, if it was possible, he really wanted to slap this bastard to death with a brick here.

But Ji Shaojun also knew that he was no match for Wu Zhicheng.

“Stand still!”

Just then, a cold hum suddenly came out, the voice was low, but carried an irresistible majesty that made Wu Zhicheng couldn’t help but give his body a lurch.

Wu Zhicheng turned around and grimaced, only to find the guy who had blocked him with a single move before walking slowly forward, he couldn’t help but coldly snort, “What, still want to leave me here for what?”

Seeing Ji Feng walking past, Ji Shaojun hurriedly followed, and the others all hurriedly followed two steps behind, although Chief Wu and those few policemen didn’t know what Ji Feng was, they couldn’t let Wu Zhicheng hurt Ji Shaojun.

“What, still want to move me?” With a touch of arrogance on his face, Wu Zhicheng sneered, “How many more of your guts can I lend you?! Ji Shaojun, mind your dog, or else I don’t mind slaughtering it for stew!”

“Damn you!” Ji Shaojun was furious, Wu Zhicheng said Ji Feng was a dog, so what did he become?

“Ji Shaojun!”

Wu Zhicheng’s face was suddenly incomparably gloomy: “Trouble comes out of your mouth, don’t invite disaster for yourself! If you dare to curse one more time, I’ll waste you today! If you don’t believe me, you can try!”

Ji Shaojun immediately said angrily, “You .....

“So you also know the truth that disaster comes from your mouth?!” Ji Feng took two more steps forward, came to Wu Zhicheng and asked in a deep voice, “Then, remember what you said before?”

“Do you know who you’re talking to?” Wu Zhicheng’s face was cold, as a direct descendant of the Wu family, the magnitude of the energy he held was by no means conceivable to outsiders, and his position, his status, all dictated that a fighter was not worthy of talking to him like that.

“Of course I know, Wu Zhengxin’s son, Wu Zhicheng!” Ji Feng said indifferently, “On the contrary, you, do you still remember what you said?”

“You said that Ji Shaojun was a hypocrite, do you still remember that?” Ji Feng asked indifferently.

“Humph!”

Wu Zhicheng snorted coldly, but he didn’t take this up at all, he just said in a cold voice: “Kid, I advise you better be sensible, don’t get yourself into trouble, there are some things that you can’t afford to get involved in .....

“Pop!”

In response to him, there was a loud slap.

Before Wu Zhicheng could finish his sentence, he saw Ji Feng steeply slap him over, Wu Zhicheng didn’t even have time to react before he was slapped in the face by this fierce slap, the huge force that instantly slapped his body sideways and he fell heavily on the ground.

Wu Zhicheng was almost dumbfounded by the blow.

As a direct descendant of the Wu family, the son of Wu Zhengxin, the grandson of the old man of the Wu family, he could walk around this Yanjing, his status was noble and powerful, how had anyone ever dared to treat him like that?

The others were also confused, especially Chief Wu and the others, who looked at this scene in shock, not even reacting for a moment.

This young man, who was following Ji Shaojun, had dared to make a move against Wu Zhicheng, and even hit him in the face.

This is going to cause a big trouble, isn’t it?

Without having come into contact with the circles of these top magistrates, one simply did not know how terrifying these top magistrates really were, and what huge energy they actually held in their hands.

Especially the Wu family, such a huge family, power overshadowing the sky, but now, the direct descendant of the Wu family, unexpectedly here is being hit in the face, and still so unforgiving .....

“Bastard!”

Wu Zhicheng was instantly furious, being slapped in the face by a battering ram was a huge insult to him, he stood up violently with both hands propped up on the ground.

“Slap!”

However, the moment he had just stood up, another slap was slapped on his face and he instantly fell heavily to the ground again.

Ji Feng’s voice followed closely, “I remember you also said that Ji Feng was a mongrel?!”

“Well ..... you dare .....”

“Slap!”

Before Wu Zhicheng could get up, he was once again slapped on the head by Ji Feng, immediately hitting his face hard on the ground, “Say it again and I’ll listen to it?!”

As Ji Feng’s cold voice rang out, Wu Zhicheng could barely get up from these few slaps he had given him.

Everyone stared at this in awe, even including Wang Min and the others.

No one had expected that Ji Feng would suddenly strike and beat Wu Zhicheng into this state ..... Even though Wu Zhicheng was not heavily injured, the slaps that slapped his face simply stripped Wu Zhicheng’s face clean, leaving him with his dignity in tatters!

For a top magistrate like Wu Zhicheng, receiving such treatment was simply more unbearable to him than killing him.

Ji Shaojun also suddenly remembered that earlier, when Wu Zhicheng was so arrogant, Ji Feng told him not to be impulsive, to get down to business first, and to wait for other accounts to follow later.

Ji Shaojun originally thought at the time that Ji Feng did not want to clash head-on with the Wu family for the time being, or had other considerations, but never imagined that this was Ji Feng’s intention .....

The first thing you need to do is to get rid of the problem.

How should this end?

Ji Shaojun couldn’t help but be a little worried, but in the meantime, looking at Wu Zhicheng being slapped in the face several times in a row and lying on the ground like a dead dog, Ji Shaojun’s heart couldn’t help but be very happy.

This is really relieving!

Campus Master Chapter 2285

Wu Zhicheng’s original arrogance had infuriated Ji Shaojun, he wanted to make a move but was no match for Wu Zhicheng, and if he broke Wu Zhicheng with the number of people, what kind of consequences would be triggered next Ji Shaojun did not know, so he did not dare to let people make a move easily.

Now, Ji Feng’s move, on the other hand, is to make Ji Shaojun stunned and excited.

It was ..... so relieving, so bloodthirsty!

“Well .....”

Wu Zhicheng gritted his teeth, propped his hands on the ground and slowly climbed up, at this moment his face was full of blood, obviously he had hit the ground quite hard, but Wu Zhicheng's eyes were full of ruthlessness and coldness, he stared coldly at Ji Feng.

Ji Feng, however, only said indifferently, "Repeat those two words you said before!"

"You will die a miserable death, I promise you!" Wu Zhicheng stared grimly at Ji Feng, despite the fact that his face was covered in blood from the beating, he still maintained his condescending attitude, as if he could decide Ji Feng's life and death with a single word, "I don't care who you are or what relationship you have with Ji Shaojun, today even if Ji Shaojun and Ji Feng come, they can't protect you... .."

SMACK!

Another loud and vicious slap instantly knocked Wu Zhicheng's next words back into his stomach.

"I asked you to repeat the two words you said before, didn't you hear them?" Ji Feng's voice was still flat, but his gaze was stern.

"Son of a bitch!"

Wu Zhicheng instantly roared in anger, gritted his teeth and climbed up, ruthlessly slamming his fist towards Ji Feng's face, "I'll kill you!"

Ji Feng sneered, "That's right! What kind of poise is this ..... snap!"

The next moment, Wu Zhicheng was once again slapped in the face, and his whole body fell cleanly to the ground once again!

"....." Wu Zhicheng was almost dumbfounded by the blow.

He was beaten even if he resisted, and he was beaten just the same if he didn't resist, but there was no difference at all between resisting and not resisting ..... He couldn't even touch Ji Feng's clothes before he was slapped on the ground with a big ear scrape.

This made Wu Zhicheng, who had always been arrogant, almost go crazy!

He wanted to tear Ji Feng alive!

"Well!"

Wu Zhicheng stood up once more, but this time, he didn't say any more nonsense because he knew that no matter what he said, this stern-eyed son of a bitch in front of him would do it.

Therefore, Wu Zhicheng just said in a cold voice, "Who are you?!"

Since he couldn't avoid this fight, Wu Zhicheng had nothing to fear, as a son of a family, Wu Zhicheng had his own pride, he believed that this person didn't dare to beat him to death, otherwise, when the time came, there would no longer be a place for him in the whole of China, even if he ran abroad, to the ends of the earth, he couldn't hide from the agents' pursuit.

Even Ji Shaojun would never dare to let him do anything to himself, because Ji Shaojun couldn't afford the consequences!

But today's matter Wu Zhicheng would definitely definitely not just let it go, he had never been humiliated like this before, he would definitely want this man dead, no matter who he was!

"Slap!"

Once again, Wu Zhicheng was slapped to the ground.

"Ah...!"

Wu Zhicheng was furious to the extreme, no matter who it was, being continuously slapped with a big slap would drive him crazy, or even break down, let alone the always arrogant Wu Zhicheng.

However, the next words of Ji Feng brought Wu Zhicheng's voice to an abrupt halt.

"I am Ji Feng!"

"....."

At once, Wu Zhicheng's voice disappeared, and he didn't know where he got the strength to lift his head abruptly and looked at Ji Feng in shock, his face looked a bit grim because it was stained with blood, but it couldn't hide the shocked look on his face.

Ji Feng said indifferently, "Do you want to repeat your previous words again?!"

"....."

Wu Zhicheng was silent.

He was afraid.

How could Wu Zhicheng not have thought that this guy, who he had always thought of as a fighter brought by Ji Shaojun, was actually the leader of the third generation of the Ji family, Ji Feng!

In front of Ji Shaojun, Wu Zhicheng might have dared to run wild because Ji Shaojun was not on the same level as him, he was the third generation of the Wu family's direct lineage, and was the grandson of Elder Wu himself.

Therefore, in front of Ji Shaojun, Wu Zhicheng still has enough superiority, even if the Ji family's strength is vaguely stronger than the Wu family. That was why Wu Zhicheng dared to speak out in front of Ji Shaojun, and did not even put Ji Shaojun and Ji Feng in his eyes.

However, in front of Ji Feng, Wu Zhicheng did not dare to be rampant.

Ji Shaojun was a hypocrite?

Ji Feng was a scumbag?

If Wu Zhicheng dared to say this now, he believed that Ji Feng would definitely dare to send him to the hospital, and even if Ji Feng did not dare to take his life, it was definitely possible to beat him into serious injury.

Because such words insulting Ji Shaodong and Ji Feng would never be said in front of Ji Feng, even if it was Uncle Da and the others.

Because once the words were said in front of them, it would be tantamount to provoking the Ji family with impunity.

If Ji Feng was a scumbag, then what was his old man Ji Zhenhua?

Wu Zhicheng slowly climbed up and stared at Ji Feng, saying, "You're Ji Feng?"

Ji Feng asked coldly, "Do you remember what you said before?"

Wu Zhicheng couldn't help but choke, he was silent for a moment and finally couldn't help but grit his teeth and said, "Ji Feng, today I admit it, but ....."

"Boom~!"

Before Wu Zhicheng could finish his words, he was kicked backwards by Ji Feng and landed heavily on the ground.

With Ji Feng's strength, how could Wu Zhicheng, a philistine who had only learned from his family's guards but had never experienced real combat, be able to carry this kick?

The company's main business is to provide a wide range of products and services to its customers.

"..... uh ....."

Wu Zhicheng's painful figure, and I don't know if it was due to extreme anger or excessive pain, his throat let out an odd sound.

Chief Wu looked frozen, even Ji Shaojun and Wang Min and the others, not to mention the person in charge of that freight company, or the driver and the employee in charge of escorting the car.

Even if some of them don't know what the direct descendants of the Wu family actually represent, but, anyone can see that Wu Zhicheng is a very powerful and dignified person, can't see that even Chief Wu was accused by him to his face of cracking down on his subordinates and being the umbrella of illegal and treacherous businessmen, although Chief Wu's face was very ugly, but there was no overreaction!

To take a step back, just the sports car that this young man drove when he arrived was not something that an ordinary family could afford!

But now, this very respectable man was beaten as if he was a dead dog on the ground, with a sound coming out of his throat that made people's backs chill.

Ji Shaojun was also a bit surprised, he did not expect Ji Feng to be so ruthless, Wu Zhicheng had already conceded, and Ji Feng actually kicked Wu Zhicheng to the ground like this – in their circle, it was generally not easy to bow down to another person, because it meant that all of them could not hold up their heads in front of that person today.

Imagine, we all hang out in this circle, to exaggerate, it can be said that we don't see each other with our heads down, if there is one person that you have to go around after seeing, then you definitely can't get along.

Therefore, Wu Zhicheng's ability to bow his head and admit to the situation is actually an apology.

However, Ji Feng simply ignored it and responded with a heavy kick to Wu Zhicheng!

This is to strip the Wu family's face clean and then throw it to the ground and stomp on it twice, this is to make a deadly feud!

However, what surprised Ji Shaojun was yet to come.

He saw Ji Feng slowly take two steps forward and stomp on Wu Zhicheng's face, his voice calmly asking, "Is it a loss to beat you?"

Wu Zhicheng didn't know whether it was because of anger or pain, he was lying on the ground, his face was being stepped on by Ji Feng's leather shoes, and his body couldn't help but tremble.

Naturally, he didn't answer a single word to Ji Feng's questions.

Ji Feng didn't expect to make him answer either, he just said indifferently, "It seems you're still not convinced, huh? Then, I will teach you a lesson, so that you can remember that to be a human being, your mouth should not be too cheap!"

At the end of the sentence, Ji Feng's voice had gradually become somewhat harsh from its original calmness.

And then, right in front of everyone's stunned gaze, Ji Feng steeply lifted his foot and then directly stepped on Wu Zhicheng's leg.

"Ka-chow!" A crunching sound.

In this empty space on the negative ground floor, this lifetime crunching sound was so clear and so piercing that even those present couldn't help but jump in shock.

This was the sound of bones breaking.

Obviously, that foot of Ji Feng just now had hardened and broken Wu Zhicheng's bones!

"..... ah!"

In the next moment, Wu Zhicheng, who was lying on the ground, immediately screamed miserably, his whole body was like a shrimp that was burned by fire, his body bent up violently, both hands clutching the leg that was stepped on and broken, screaming in pain and rolling around on the ground non-stop.

Ji Feng looked at him and gave a cold snort before turning his head and said, "Let's go ..... Chief Wu, I'll trouble you with the matter here."

And at this time Chief Wu was long frozen, until Ji Feng spoke to him, he panicked and came back to his senses, looking at the scene in front of him, he couldn't help but smile bitterly, "This ....."

"Don't worry, this matter can't be blamed on you!" Ji Feng said indifferently. Wu Zhicheng was beaten by him, if the Wu family was looking for trouble ha, he would naturally come out and carry it, naturally he would not make things difficult for Director Wu.

After all, if people put in work and effort, and still end up in trouble, who would be willing to follow you in the future?

"I don't mean that, just didn't expect that, it turns out that you are actually ....." Director Wu couldn't help but shake his head and laugh bitterly, thanks to the fact that he had been worried that Ji Shaojun couldn't fight Wu Zhicheng, but in any case didn't expect that this has been with Ji Shaojun young man .....

The young man who had been with Ji Shaojun was actually Ji Feng!

Campus Master Chapter 2286

This young man was actually Ji Feng!

Chief Wu couldn't help but be very surprised, he originally thought that Ji Shaojun came over to personally deal with the matter of impounding a car would have been somewhat 'condescending', and then after Wu Zhicheng came, Chief Wu became more or less clear that this Shao Wen had relations with the Wu family, and that Wu Zhicheng had come, no wonder Ji Shaojun would personally come over.

However, Ji Feng unexpectedly also came, and even beat Wu Zhicheng into this state .....

"Sorry, it wasn't to deliberately hide my identity before, it was just a small matter, so I didn't think it was necessary .....", Ji Feng explained to Chief Wu.

"It's fine, it's fine." Director Wu, however, waved his hands repeatedly. He could communicate with Ji Shaojun as an equal, but not in front of Ji Feng, even if Ji Feng's age was a little younger than Ji Shaojun, but what Ji Feng represented behind him was the third generation of the entire Ji family, the significance was completely different.

"I'll trouble you here." Ji Feng smiled and shook hands with Director Wu.

Chief Wu was just a little staggered, beating Wu Zhengxin's son into this state, Ji Feng actually still looked so cloudy and light-hearted, in the whole of Yanjing, and even in the whole of China, I'm afraid that only people from the Ji family had this kind of courage.

The next step was for the person in charge of the freight company to hurry up and arrange for the driver to move all the goods onto the car, then there was a formalities at the traffic police station and the car headed towards Jiangzhou.

The employee of Qin Shujie continued to be responsible for escorting the car, and his performance proved to be very good, and he was considered to be dedicated to his duties, so Qin Shujie encouraged him a few times, and he would definitely give him some rewards when he returned, which made him even more energetic in his work.

After everything was taken care of, Ji Feng returned to the hotel.

"Young Ji, there ....." won't be any problems with Wu Zhicheng, right?" Yu Hui is a little hesitant.

"It's fine, I have a measured hand, it can't hurt my life!" Ji Feng said.

“I don’t mean that.”

Yu Hui hesitantly said, “I mean, Wu Zhicheng’s old man is notoriously protective and is said to have a bad temper, now that Wu Zhicheng has been beaten like this, will his old man make any moves?”

Wu Zhengxin!

Ji Feng nodded thoughtfully, judging from the arrogance of the Wu family, Wu Zhengxin might really be able to do something.

The first time he was called by Zhang Qian to talk alone, his younger uncle, Ji Zhenping, went directly to Zhang Qian in a fit of rage, and his tone was very nonchalant, that Zhang Qian was one of the giants of the State Security, behind him stood the Central Office, and further up the ladder was the highest chief, and his younger uncle was so nonchalant, so it could be seen that these people from the big families were actually really domineering and dared to do more than the outside world could imagine.

What’s more, this person Wu Zhengxin was said to have a fiery temper, when he was young he used to be a headache-inducing chaotic demon king, his name was loud and clear in Yanjing’s circle of gentry, now that it was his son who was beaten up and his leg was broken, could he not be annoyed?

“It’s alright!”

Ji Feng waved his hand and said, “Wu Zhengxin can’t make any waves.”

Wang Min said, “Young Ji, one has to be on guard, although it is said that they don’t dare to really do anything to you, but if they secretly come up with some underhanded tricks or really do something reckless on impulse, we are always going to suffer.”

Ji Feng laughed, “Don’t worry, this kind of thing won’t happen.”

A lot of people?

Ji Feng couldn’t help but sneer, in Yanjing the competition wasn’t about who had more people, let alone who was more impulsive, Wu Zhengxin was already middle-aged, right, I think he wouldn’t be without any brains at all, if he dared to do anything to himself, then the next thing would be a full-scale conflict between the two families.

If he dares to do anything to himself, it will be a full-scale conflict between the two families.

However, although the words were like this, in order to put Wang Min and Yu Hui at ease and so that they would not be implicated, Ji Feng still took out his mobile phone and dialed his younger uncle Ji Zhenping’s number.

“Brat, calling me so soon? How are things being handled?” As soon as the phone was connected, Ji Zhenping’s voice came through.

“The matter was handled, but there was a small problem in the middle!” Ji Feng laughed, “That’s why I called Little Uncle to ask for help.”

“Ask for help?”

Ji Zhenping was stunned, “Did you kid blow up the traffic police force?”

Ji Feng laughed bitterly, "Which is not that serious, it's just that in the process of handling the matter, Wu Zhicheng of the Wu family suddenly came and was backing up for that traffic police brigade chief ....."

Ji Feng briefly told the story.

"Humph!"

Ji Zhenping couldn't help but snort coldly at once, "What a lawlessness! As the captain of the traffic police brigade, instead of thinking about how to do his job properly, he uses the authority in his hands to do this kind of hookup with impunity, he should simply be damned!"

Ji Zhenping had a fiery temper and had never been accustomed to seeing such people, even, if such assholes appeared among the officials of the entire Ji family lineage, Ji Zhenping would strongly demand in front of his elder brother that he be punished severely, thus showing Ji Zhenping's temper.

Now once he heard about Shao Wen's actions, how could he not be angry!

"Now that Shao Wen has been brought under control, he will pay the price for his actions!" Ji Feng said.

"Someone like that, if he was one of my men, I would have just shot him!" Ji Zhenping said angrily.

"....."

Ji Feng then shook his head and laughed bitterly, how could this local area be compared to the army, the army is all about orders and prohibitions, if it was on the battlefield, in an emergency situation they could all just shoot people down.

"By the way, where is that little brat of the Wu family?" Ji Zhenping asked.

"I broke his leg." Ji Feng said.

"..... What did you say?!" Perhaps it was because what Ji Feng said was really too lightly spoken, so that Ji Zhenping didn't even react for a moment.

Ji Feng said, "Wu Zhicheng said, Ji Shaodong that hypocrite, Ji Feng that scum ..... so I broke his legs and slapped him a few times, now the person has been sent to the hospital."

"Serves you right!"

Ji Zhenping snorted coldly, "Wu Zhicheng is the youngest child of the Wu Zhengxin family, right? He's got a lot of nerve, even if his father came and dared to say that, he would still slap his big mouth!"

Daring to call Ji Shaodong a hypocrite and calling him a scumbag in front of Ji Feng, breaking his legs was not even light!

"Slap his old man?"

Ji Feng shook his head and laughed, "I can't do that, it's better for you to do it."

Slapping Wu Zhengxin was more or less unreliable, if Ji Feng did that, it would mess up the rules because he and Wu Zhengxin were not on equal footing.

“Little Uncle, Wu Zhicheng was sent to the hospital, I heard that Wu Zhengxin is a person who is not very good-tempered and somewhat reckless in doing things, I hope he won’t do anything excessive and take out his anger on my friend .....

“All right!”

Ji Zhenping said, “I know what you mean, I can’t leave now, I’ll arrange it later.”

Closing the line, Ji Feng smiled, “That’s fine.”

Ji Shaojun laughed heatedly, “Little Feng, I’m afraid the Wu family is going to jump up and down in anger this time, Wu Zhicheng’s leg was broken, relief!”

In fact, Ji Shaojun’s own ability was limited, and he was often unable to fight the Wu family members, which was why he had watched his good friend being forced to leave Yanjing because he had clashed with the Wu family members.

This anger Ji Shaojun had always held in his heart, today Ji Feng’s harsh slap and that ruthless kick really made Ji Shaojun extremely relieved, that feeling, it was like drinking a cup of ice water in the three volcanic days, that was a great feeling!

“The relief is only temporary.” Ji Feng shook his head and smiled, but didn’t say anything more.

In fact, Ji Feng had wanted to remind Ji Shaojun that it was actually nothing to have a momentary advantage against the Wu family, as he had defeated Wu Zhiyong several times in a row, and even indirectly took Wu Zhihe’s life, but what could that do?

The Wu family’s vitality was not hurt, let alone shaking the foundation of the Wu family.

The Wu family could still withstand the pressure from above and allow the Brilliant Group to sell that alloy project, as well as those more precious resources, to Boundary Pont, while he, Ji Feng, could only watch and do nothing.

In the final analysis, it was because he was not strong enough and the Wu family was still very powerful.

As long as you can’t break the bones of the Wu family, what you do can only be a temporary relief, but these words Ji Feng did not say, because he can see, Ji Shaojun is actually most suitable to be a playboy, in this long-term contest with the Wu family, he is not much help.

Being a muddled dude, instead, was a kind of happiness.

“Well, things are settled, I still have to go home to see, how about this, Shaojun you arrange a place for the evening, I’ll be the host, it’s been a hard day for you guys .....

Wang Min and Yu Hui then can’t help but push back, this kind of thing is just a handful for them, not much help at all, and they also know that if Ji Feng had shown his identity at the beginning, things would have been solved long ago, where is the need for such trouble!

However, if they could get closer to Ji Feng, they naturally wouldn’t refuse.

So after agreeing to get together in the evening, Ji Feng planned to go home.

Qin Shujie, however, was very uncomfortable, especially when she knew that Ji Feng was also going to visit the old man, she was even more reluctant to go along.

Ji Feng could understand her feelings, so he did not force her, but asked Bai Zhu to stay with Qin Shujie, so that they would not be lonely and Qin Shujie's safety would be guaranteed at the same time.

At this time, news was already flying around outside.

Ji Feng had come back and unexpectedly clashed with Wu Zhicheng, who had been slapped severely by Ji Feng because of his disrespectful words, and had even broken his leg with a stomp!

In this circle in Yanjing, there is no news that can be concealed, especially this kind of explosive news.

When the news spread, everyone could not help but be staggered.

Ji Feng's bullying and harshness was really not a cover. He slapped a direct descendant of the Wu family just as he said, and he slapped him loudly, and even broke Wu Zhicheng's leg.

This is really .....

Campus Master Chapter 2287

Wu Zhicheng was fiercely slapped by Ji Feng, and even, had his leg broken!

When the news spread, the entire Yanjing circle could not help but be a little uproarious, many people were staggered, Ji Feng is really too .....

The crowd didn't know what kind of mood they were in, in fact they were a bit at a loss as to what to say about this kind of news, because this wasn't the first time that Ji Feng had done this kind of thing, and it wasn't the first time that a conflict had occurred between the juniors of the Wu and Ji families.

The most crucial thing was that the conflict between Ji Feng and the Wu family's children was even less the first time.

If it was placed on someone else, slapping the Wu family's children without mercy and breaking their legs in a ruthless manner would definitely be a big deal.

But when it comes to Ji Feng, everyone is only shocked for a moment and then ..... accepts it as a matter of course!

It's weird to say, but in reality, it's because there are too many amazing things that Ji Feng has done, and because ..... the Wu family's children have suffered too many losses at Ji Feng's hands!

Not to mention a Wu Zhicheng, even if it is the leading figure of the third generation of the Wu family, Wu Zhiyong, what about that?

The company's main business is to provide a wide range of services and services to the public, including the provision of services to the public, the provision of services to the public and the provision of services to the public.

But so what?

In his encounters with Ji Feng, Wu Zhiyong had been defeated several times in a row, and he had even lost twice miserably.

Not to mention, Wu Zhiyong's own brother, Wu Zhihe, was even indirectly forced to die because of Ji Feng, but even after his death, he was not allowed to live in peace, and because of Ji Feng's strength and harsh and ruthless wrist, he had to put all the blame on the already dead Wu Zhihe.

This move alone was actually a serious blow to Wu Zhiyong's prestige.

Just to save himself, he could throw dirty water on his own brother's body ..... The so-called death of a person is a big deal, but in Wu Zhiyong's case, he was so cold and heartless that he couldn't help but give people the impression that he was thin-skinned and ungrateful.

–Think about it, even his own brother he can treat like this, then if something really big happens again in the future, those who follow Wu Zhiyong's work, will they be treated the same way as Wu Zhihe, will Wu Zhiyong directly push them out as scapegoats in the heat of the moment?

These are certainly questions that those in the Wu family and those who follow Wu Zhiyong have to consider.

Perhaps they do not dare to say so now, but there is no doubt that such a move by Wu Zhiyong will definitely be a major blow to his personal image and will even dim the halo around his head.

For a family's son, especially for the leader of a family, this is definitely a serious blow!

Think about it, even Wu Zhiyong and Wu Zhihe had suffered a big loss at the hands of Ji Feng, and Wu Zhihe had even died because he had fought with Ji Feng, so now this Wu Zhicheng had just been slapped and had his leg broken, which was even considered good treatment to say the least.

–speaking of which is really a bit embarrassing, how come several of the Wu family's sons and daughters netted no one who could curry favor in front of Ji Feng?

This Ji Feng, how come he seems to be the nemesis of the third generation of the Wu family?

If you think about it, it's not true!

The third generation of the Wu family, starting from Wu Zhiyong, and including those who are close to Wu Zhiyong and others, like the Zheng family, Zheng Yuxiu, etc., which of them have not suffered great losses at the hands of Ji Feng?

It is true to say that Ji Feng is the nemesis of the third generation of the Wu family!

Of course, this statement is somewhat exaggerated, because now Wu Zhiyong has not yet fallen, and has recently had the momentum to rise again, but no matter what, with Ji Feng around, how does it look, the entire third generation of the Wu family can't lift their heads up!

When you think about it, it's really impressive!

For this young man who grew up in the folklore and suddenly returned to the family to shine so brightly, even those who were hostile to the Ji family or didn't see Ji Feng's origins, had to hold their noses and say .....

The actual fact is that you can't be too sure of what you're doing.

But in reality, everyone knows how ungrateful this statement is.

The series of methods that Ji Feng has shown and the many achievements that he has created in just a few years can't be summed up with a simple phrase 'somewhat capable'?

Looking at the sons and daughters of the major families, who has achieved more dazzling results than Ji Feng?

Thinking about what Ji Feng has been doing, some people even have a hunch in their hearts that as Ji Feng continues to grow and rise strongly, the Ji family will become stronger and stronger in the next 50 to 60 years, even stronger than ever .....

The fact that the company is a member of the United Nations is a very important part of the world.

However, while many people are in awe, they are also concerned about the movements of the Wu family.

The company has once again struck the Wu family in the face, but I wonder, what kind of action will the Wu family take, will they hold their noses and admit it, or will they make a big move?

.....

"Clatter~!"

A fine vase was viciously smashed on the ground, and suddenly the pieces were scattered all over the place.

Wu Zhengxin's eyes were red, like an enraged leopard, baring his teeth as he walked back and forth in the office, his nostrils carrying heavy breaths between his nostrils.

"Bastard! Son of a bitch!"

Wu Zhengxin kept roaring low, "A little beast that came out of nowhere, not even knowing if it's the seed of the old Ji family, how dare he be so rampant!"

Seeing Wu Zhengxin roaring, the secretary stood by the side, but did not dare to say a word, he really could not understand, who had provoked the boss to be so angry, and who dared to anger the boss!

The secretary carefully picked up the bin next to him and picked up the pieces on the ground one by one, the corners of his mouth couldn't help but twitch a little, this vase was a gift from the boss of a construction company, although he didn't know how much it was worth, but if the price was low, how would others dare to send it?

"Alright, don't pack it up!" Wu Zhengxin snapped to a halt, waving his hand in annoyance and saying angrily, "You just said that Zhicheng had bowed his head and admitted defeat, and that little brute from the Ji family still moved?"

"According to sources, yes. At that time, Young Wu had already admitted that he had planted himself and that he no longer counted after being slapped before, but he didn't expect to be kicked down by Ji

Feng before he could finish his words, and then ..... Ji Feng stepped on his leg and broke it!" The secretary hurriedly nodded and said.

"Bastard, bullying people too much!" Wu Zhengxin was shaken with rage, gnashing his teeth with hatred, if Ji Feng was standing right in front of him now, Wu Zhengxin would even want to tear Ji Feng alive right now.

"Little beast of the Ji family, you really are ruthless enough!" Wu Zhengxin roared in anger.

"Director, should we go to the hospital first to see Young Wu?" The secretary asked cautiously.

"Go for what?!"

Wu Zhengxin's eyes instantly glared, "Is rushing to the hospital now to see his miserable appearance? I'm going, and I'll go after I've helped him out!"

"Then ....."

"Dang~~!" The secretary was just about to speak when he suddenly heard his mobile phone ringing, he glanced at the caller ID on the phone screen and hurriedly said, "Director, it's a call from the hospital ....."

"Answer it!"

Wu Zhengxin said in a deep voice.

The secretary hurriedly picked up the phone, however, a moment later, the secretary's face changed abruptly and he glanced at Wu Zhengxin in a panic before he said anxiously into the phone, "You don't need to stress so many objective difficulties, Dean Hu, I will report to Director Wu right away, but the first thing you have to do now is to do everything possible to ensure that young Wu's injuries don't deteriorate and ensure that there won't be any problems, otherwise, you should know better than me what the consequences will be, Dean Hu!"

With that, the secretary hurriedly said to Wu Zhengxin, "Director, just now Dean Hu called, saying that a section of Younger Wu's leg is a comminuted fracture, and must be operated on immediately, or else there may be an accident, or an even worse situation ....."

"What?!"

Wu Zhengxin was stunned, then he said angrily, "Then hurry up and have the surgery!"

The secretary said, "But ..... Director, according to the regulations, the patient must have the family sign before the operation, now the lady has not yet arrived at the hospital, only the police sent someone to guard the hospital, but it can not represent the family ....."

"Simply bastard!" The secretary's words had not finished, Wu Zhengxin immediately could not help but fire up, glaring a pair of eyes, angrily said: "surnamed Hu's brain is not broken?! If there's no family member to sign, is he just watching others suffer and not caring? What?"

Wu Zhengxin was furious, he was still annoyed at Ji Feng for injuring his son, but it turned out that the people underneath him were also so unfavorable, even the director of a hospital was actually elbow-deep.

Wu Zhengxin pointed at his secretary and roared, "You tell Hu, if anything happens to my son today, I'll make sure he never wants to be a doctor again in his life, let alone stay in Yanjing!"

The secretary hurriedly nodded, "Yes, yes, I'll call him right now."

With that, the secretary hurriedly dialed President Hu's number again and lowered his voice, "President Hu, are you confused, does the injured person have to have the family's signature before he can be treated? What, the chances of an accident are too high? Dean Hu, don't say I didn't remind you, you'd better not mention any difficulties, if young Wu is safe and sound, then everything is fine, but if there's any accident to young Wu ....."

"Just as long as you understand, Dean Hu, try your best to treat young Wu, Director Wu's side is in mind, surely you won't be treated badly ....." OK, then you hurry up." The secretary said, and hung up the phone.

"What did he say?!"

Wu Zhengxin asked with an angry face.

The secretary said, "President Hu has already gone to organize experts to conduct arguments and prepare the final surgery plan to go."

Wu Zhengxin then couldn't help but snort coldly and said, "What did he do long ago! What a pig's brain!"

The secretary hesitated for a moment before explaining, "Director, in fact, we can't blame Dean Hu for this, it's really because young Wu's injury is too tricky, and it's said that the chances of an accident are too great ....."

Campus Master Chapter 2288

"Boom~!" As soon as the secretary's words were spoken, he saw Wu Zhengxin pick up the teacup on the table by the hand and smashed it on the floor with a fierce clatter.

"Director ....."

"Little beast!"

Wu Zhengxin held his face red, his body shaking a little in anger, the secretary's words made him simply furious.

Crushing fractures, even Dean Hu had said it was particularly tricky, how heavy was Zhicheng's injury?!

"You go on, any more questions, tell us all!" Wu Zhengxin gritted his teeth and said, "I just don't believe it, that little brute Ji Feng dares to beat Zhicheng to death?!"

"Director, there's nothing else, only that part of young Wu's leg is seriously injured, although it's not life-threatening, but ....."

The secretary paused before saying, "A slight one messed up will leave after-effects, after all, it is a crushed fracture ..... so it is understandable that Dean Hu is a bit careful!"

After hearing this, Wu Zhengxin's eyes almost spewed out fire.

He gritted his teeth and asked, "You tell the surnamed Hu that I don't care what method he uses, he must ensure that Zhicheng is safe and sound, or else ....."

The secretary said, "Director, now Dean Hu is already in resuscitation, and he also knows Young Wu's identity, so he definitely wouldn't dare not do his best, but there is no one accompanying him in the hospital now, do you think, should I go over there?"

"No need!"

Wu Zhengxin said, "We'll go over together!"

The secretary said, "But Director Zhou will have to talk to you next, it's already an appointment ....."

In fact, the news of Wu Zhicheng's beating had already come over for a while, the reason why Wu Zhengxin didn't rush to the hospital immediately was because on the one hand, after hearing that the person who did it was Ji Feng, he confidently thought that Ji Feng definitely didn't dare to lay a heavy hand, and he would be somewhat embarrassed if he went instead.

On the other hand, it was also because Wu Zhengxin still had work to do, Director Zhou had already made an appointment with him to talk about work, because the two sides belonged to different divisions, and Director Zhou also held real power in his hands, so Wu Zhengxin had to give some face, so he just informed his wife to rush to the hospital, while Wu Zhengxin stayed behind.

But now that Wu Zhengxin was also going to the hospital, wouldn't that be tantamount to letting Director Zhou off the hook?

"Who doesn't have children in their family? Director Zhou will understand!" Wu Zhengxin, however, glared and said in a deep voice, "Go, go and arrange a car immediately!"

"..... Yes!"

The secretary hurriedly nodded, and did not feel anything strange or wrong, in the bureau Wu Zhengxin had always been a strong representative, not to mention that this Director Zhou was also on the same level as Wu Zhengxin, I believe that this time Director Zhou could not say anything.

I have to say, this secretary has been with Wu Zhengxin for a long time and has also learned to be domineering.

.....

The actual fact is that you can find a lot of people who are not able to get a lot of money from the internet.

Wu Zhengxin then walked over quickly and asked, "How is Zhicheng's condition?"

"You see for yourself!"

Wu Zhengxin's wife said angrily, "That little brute from the Ji family is really vicious, he forced Zhihe to death not to mention that now even Zhicheng is about to be killed by him, is there anyone left in this Wu family who dares to speak up!"

Wu Zhengxin's brow furrowed, he was already very annoyed, and now that he was provoked by his wife, he was even more furious.

However, the most important thing now was to see how his son was doing, so Wu Zhengxin hurriedly took two quick steps, not caring that Dean Hu and the others had come over to greet him, and went to see his son.

However, when Wu Zhengxin saw the appearance of Wu Zhicheng, his face instantly turned iron blue and his teeth almost gnashed.

"Little brute! If I don't pick a layer of skin off you today, I won't even be called Wu Zhengxin!"

Wu Zhengxin let out a low roar, "Prepare the car!"

The secretary did not dare to speak, and could only hurry to inform the driver to get ready.

"Go to the police station!"

As soon as he got into the car, Wu Zhengxin gritted his teeth and said.

The secretary hurriedly said, "Director, the Ji family also has influence in the police, if we go to the police station now, it may not be able to have much effect ....."

Wu Zhengxin said angrily, "So what if you have influence?!"

The secretary was busy saying, "How about this, Director, you go to the police in the name of the parents, and then have the police bring the murderer to the police station, whether it's to assist in the investigation or whatever the name is, as long as he comes, won't the Director be able to do whatever he wants?"

Wu Zhengxin was slightly stunned, and then he sneered, "That's right! You are right!"

He immediately took out his mobile phone and said, "Isn't that little brute from the Ji family very powerful, I'd like to see if he's powerful or the specially trained inner guards are!"

.....

At this time, Ji Feng was ignorant of Wu Zhengxin's thunderstorm, and in fact even if he knew, he wouldn't care too much.

After returning home, Ji Feng chatted with his mother for a while, and after having lunch, he went to the old man's place.

Because the weather was still hot, when Ji Feng arrived at the courtyard, the old man was wearing a short-sleeved sweatshirt and holding a walking stick in his hand, sitting on a rocking chair under a big tree in the courtyard, leisurely cooling off.

Seeing his favourite grandson coming over, Elder Ji's face was instantly covered with a smile.

“Little monkey, you’ve finally given up to visit me, the old man?”

“..... Where is it.”

Ji Feng scratched his head with some embarrassment, he had indeed come less these days, “I’m not here to see you .....

The old man then nodded at him and said, “You little monkey! However, being able to come proves that you have a heart, it’s good to be able to come.”

Ji Feng suddenly felt a little sour in his heart because he noticed that the old man’s body had started to decline and the wrinkles on his face had deepened.

At this moment, the old man in front of him was just an ordinary old man, he was just like other old people, he would rejoice if his children and grandchildren could come to visit him often, I’m afraid that the old man now cared more about enjoying the joy of family life.

Ji Feng just couldn’t help but let out a soft sigh in his heart. Originally, the old man’s body, because of the early injuries and illnesses that plagued him, had declined so much that he could only help the old man extend his life for another ten years even if he poured all his means into it, in fact that wasn’t an extension, it was just getting rid of the impurities in the old man’s body as much as possible and at the same time stimulating the bio-currents within the old man’s body cells.

But that was the last and greatest thing Ji Feng could do.

It is just unexpected that time has passed so quickly, in the blink of an eye more than three years almost four years have passed, but do not know, the old man can still hold on for another six or seven years.

The original ten years estimated by Ji Feng was a judgment based on the old man’s physical condition, but he neglected to mention that the environment is now too polluted, and when the surrounding area is polluted, how can anyone be left alone?

Let’s hope that God will bless us!

Ji Feng sighed lightly in his heart, but his face did not show it at all, he just accompanied the old man for a chat, talked about family matters, reported to the old man about what he had done recently, listened to his teachings and so on.

“Little monkey, you’ve done well.” It was rare for the old master to praise people, but for Ji Feng he was unstinting in his praise, “However, there is one thing that you have not done well.”

“Huh?”

Ji Feng asked, “Which point?”

The old man said, “You won’t know how to protect yourself.”

Ji Feng laughed, “Grandpa, I’m already very careful, and those people can’t hurt me .....

“Don’t be sophomoric, when you were in Nan Yue, if Xiao Zheng hadn’t arrived with his men in time, what would have happened to you?” The old man asked.

“..... Hey!” Ji Feng could only heave a laugh, but he couldn’t refute it, there was no way, who let the old man say exactly what was painful to him, it was the first time he was injured that badly, that time was indeed a near accident.

“It’s good to be brave.” The old master said, “However, if you only know how to charge and fight, you are only a fierce general, but you can never be called a commander.”

“A true great general must learn to co-ordinate the whole situation, and more importantly, he must know how to make good use of people.” The old man said, “To put it bluntly, you have to learn to coordinate those useful talents and act as a lubricant between them, but, at the same time, be able to hold them down. If you have to do everything yourself, how effective can you be by yourself?”

Ji Feng nodded slowly, he understood all these truths, but coming from the old man’s mouth, there was a wisdom after years of sedimentation, and a kind of cloudy lightness of seeing through life, which made Ji Feng feel quite touched.

The time spent chatting with the old man was not long, because the old man was after all old and teaching him was a rather mind-consuming affair, so Ji Feng left after a short time, and the old man had to take a short nap in order to rest.

“Ding .....”

Ji Feng was on his way home when he received a call from Wang Min.

“Young Ji, I’ve found out what you asked me to check.” Wang Min said.

“Oh? So fast?”

Ji Feng said at once, “What have you found out?”

Wang Min said, “In fact, before Shao Wen sat as the head of the traffic police brigade, he was the deputy head of another traffic police brigade, at that time, he had already started to use his position to start raking in money, he had formed a small circle with people from several departments such as the police station, traffic police brigade, industry and commerce, as well as drug supervision, these people often joined forces to rake in benefits. ”

“Heh!”

Ji Feng then couldn’t help but sneer, these departments mastered almost every aspect of people’s livelihood, if they joined hands and wanted to card any businessman, it would be really easy to card one and all, and it would be really easy to make money.

At this time Wang Min added: “And a large part of the benefits they raked in went into Wu Zhicheng’s pocket, of course, there was another person in the middle of this, a male son of a small family who followed Wu Zhicheng around, Wu Zhicheng didn’t take money directly from Shao Wen.”

Ji Feng nodded, a person like Wu Zhicheng would not personally handle the money, but the money obviously ended up in Wu Zhicheng’s hands, there was no doubt about that.

“Apart from that, do Shao Wen and Wu Zhicheng have any other relationships?” Ji Feng asked.

This was the main purpose he asked Wang Min to inquire, what was the relationship between Shao Wen and Shao Jie, the two brothers, and the Wu family!

Campus Master Chapter 2289

“In addition, is Shao Wen’s brother Shao Jie, also with the Wu family people close, especially with Wu Zhicheng, it is said that the two are classmates since primary school, they are very good friends with each other .....

Wang Min said, “But specifically to the Shao family, is nothing particularly outstanding, Shao Wen’s father is an ordinary cadre in the electricity department, a bit of real power in his hands, his mother is an actress in the cultural and industrial troupe, other surrounding relations people also nothing special.”

Ji Feng then slowly nodded his head.

Shao Jie was particularly close to people from the Wu family, which he had already known.

In the Splendid Group, Shao Jie could even be on an equal footing with Zhai Yadong, so could his relationship with the Wu family be bad!

However, was it just because Shao Jie had a good relationship with Wu Zhicheng that the Wu family could safely let Shao Jie stay in the Brilliant Group and Zhai Yadong could also be so tolerant?

Ji Feng felt that this was still a bit unreliable.

However, when you think about it, it is not too incomprehensible.

Although Zhai Yadong is deeply trusted by the Wu family and is in charge of the Brilliant Group for the Wu family, it can almost be said that he is in control of the economic resources of the Wu family. If he was not particularly close and could be trusted, the Wu family would never have placed Zhai Yadong in this position.

However, although Zhai Yadong was deeply trusted, Shao Jie was on good terms with Wu Zhicheng, and Zhai Yadong, the Wu family’s right-hand man in the economic field, also had to give Shao Jie some face.

In addition, Shao Jie is young and exuberant and thinks he has a good relationship with Wu Zhicheng, so he somewhat does not buy Zhai Yadong’s account.

If this is the case, it is not incomprehensible.

Moreover, this way Ji Feng could also figure out where Shao Jie’s animosity towards himself came from.

He himself did not deal with the Wu family, and Shao Jie, as a good friend of Wu Zhicheng, would definitely not have a good impression of himself, and might even have a feeling of being an enemy of the same, and would naturally not be friendly to himself.

“Old Wang, apart from this information you’ve investigated, is there any other information worth noting?” Ji Feng asked.

“There’s nothing else.” Wang Min said.

“Well!”

Ji Feng nodded slightly, it seemed that things should be just as he had deduced, Wang Min had grown up in Yanjing since he was a child, he knew some people from all three religions and nine streams, he was particularly well-connected in Yanjing and was very familiar with the territory.

So the information that Wang Min pried out was still very reliable.

But now even Wang Min couldn't find out what other names there were, so that seemed to be pretty much it. After all, apart from these reasons, Ji Feng couldn't figure out how Shao Jie, who grew up in Yanjing, could be hostile to himself.

So this is sort of hatred for the house!

"By the way ....."

Ji Feng suddenly remembered something else and asked, "Old Wang, you just said that Shao Jie and Wu Zhicheng were classmates since they were young?"

Wang Min said, "Yes."

Ji Feng then became even more strange: "But if I remember wrongly, Shao Jie is a bit older than Wu Zhicheng, right?"

In Ji Feng's impression, although Shao Jie looked civilized with a pair of gold-rimmed glasses, in reality, this person looked older than him, or at least a little older.

But if you look at Wu Zhicheng, he is only in his early twenties, so how could he and Shao Jie be classmates?

It would be more like saying that Shao Jie was Wu Zhicheng's senior.

"Oh, I didn't make myself clear ....." Wang Min smiled, "This Shao Jie is said to have been particularly naughty and mischievous as a child, so he repeated his grade when he was in primary school, so the two are alumni, not classmates. "

"Good guy, even prying about someone else's primary school!" Ji Feng laughed, he was then relieved, no wonder the two had such a big age gap and a big difference in their status and background, but they had actually been good friends since they were kids, so it was like that.

After ending the call with the netizen, the doubts in Ji Feng's heart were allayed.

It seemed that the reason why these two brothers from the Shao family were able to get involved with the Wu family was ultimately because of Shao Jie's relationship with Wu Zhicheng.

If you look at it this way, Wu Zhicheng's position in the Wu family is not low, and he can actually arrange for Shao Jie to be in the Splendid Group, and his position is not low at all. If he did not have a certain amount of weight, the elders of the Wu family might not agree to such an arrangement.

The company's main business is to provide a wide range of products and services to the market.

Soon, Ji Feng put this matter behind him, since he knew what kind of person Shao Jie was, it was not worth Ji Feng's trouble yet.

“Ding .....”

Just as Ji Feng was putting away the phone, the ringing tone suddenly rang again, but it was Qin Shujie calling.

Ji Feng immediately picked up the phone and asked, “Shu-jie, what’s wrong?”

“Ji Feng, a few police officers suddenly came to the hotel just now and said they were looking for you.” As soon as the phone was connected, Qin Shujie said somewhat anxiously, “I saw their tone, they seemed to be a bit aggressive, I think they must not have good intentions, is something wrong?”

When Ji Feng smiled, his eyes suddenly narrowed and pulled up a dangerous arc.

Finally, he’s here!

The speed is really fast!

Ji Feng sneered in his heart, needless to say, this policeman must have been sent by someone from the Wu family, and eight out of ten`9 times it was instructed by Wu Zhengxin, because the one who was beaten up was his son!

“It’s alright, you don’t need to worry.” Ji Feng said without moving his voice, “It’s just a little thing.”

“But they’re waiting in the hotel lobby!” Qin Shujie said, “That leading policeman said that he wants us to follow them over to assist in the investigation until you return, shall we go?”

“..... I’m going over there!” When Ji Feng heard this, his eyebrows immediately furrowed, “You and Bai Zhu don’t separate, no matter who wants to take you over, ignore them!”

“But .....”

Qin Shujie was a little hesitant, “What if they come hard?”

Ji Feng said in a cold voice: “Then let Bai Zhu fight back!”

Qin Shujie was stunned.

Ji Feng said, “These police officers are just going to ask you to assist in the investigation, you are going to cooperate with the work, and they can’t do anything to you if you don’t go, if they dare to come hard, then they are breaking the law, and you are only defending yourselves justifiably by fighting back .....” Don’t be afraid, they don’t have the guts yet! ”

Speaking of this, a ruthless look emerged in Ji Feng’s eyes.

Actually rushed Qin Shujie and Bai Zhu?!

Didn’t the Wu family think this was a bit too much?

“I’ll be right over!” Ji Feng dropped a sentence, and then immediately rushed towards the hotel where Qin Shujie was. At the same time, he dialed his little uncle’s phone number.

“Little Uncle, the police have now found the door .....”

“Where are they?” Ji Zhenping’s voice was low, “Who’s leading the team?”

“I don’t know who led the team, but right now they are waiting at the hotel where I stayed last night, saying that they want to bring Qin Shujie and Bai Zhu along with them to assist in the investigation.” Ji Feng said, “I’m heading over there now, I’ll probably be there in about forty minutes.”

Ji Zhenping suddenly said in a cold voice, “Arrogant! I know about this, don’t be impulsive, just leave it to me next .....

“Little Uncle.”

Ji Feng suddenly said, “I want to follow them over and see how they asked me to assist in the investigation.”

Ji Zhenping couldn’t help but give a start, and then he understood what Ji Feng meant and asked, “You want to make a big deal out of it?”

Ji Feng said in a cold voice: “Since they don’t play by the rules, then I don’t need to hide it.”

The Wu family had set their eyes on Qin Shujie and Bai Zhu, so naturally, Ji Feng didn’t need to be polite with them, since the Wu family wanted to make a scene, so let’s just make a bigger scene and see who can have the last laugh!

“Alright.” Ji Zhenping nodded his head and agreed, “But don’t take any risks, understand?”

“Don’t worry little uncle, if something really goes beyond my control, I will signal you!” Ji Feng laughed, “Actually, I do hope that they will do something excessive, otherwise it’s not really fun anymore.”

“You kid ..... be careful yourself.” Ji Zhenping shook his head and cursed with a laugh.

.....

When Ji Feng arrived at the hotel, as soon as he entered the lobby, he saw seven or eight police officers sitting in the lounge area, in fact before he even entered the hotel he saw several police cars parked in the car park, at a glance he knew that the police had come in quite a lot.

“Hula~!”

As soon as they saw Ji Feng come back, those few policemen immediately stood up with a hoot and holler and came towards Ji Feng with big steps.

But it was as if Ji Feng didn’t see them at all, he just went straight into the lift and saw those policemen start to run quickly, but he closed the lift door.

“Damn!”

A few policemen watched the lift door close, and couldn’t help but curse.

The lead policeman said, “A few of you go up the stairs, don’t let anyone take advantage of the opportunity to escape, the rest of you stay with me and guard the lift!”

At once, three or four policemen ran towards the stairs.

The policeman in the lead gritted his teeth, but said nothing, because he knew Ji Feng’s identity before he came and knew that people definitely had the qualification to ignore them.

“Ji Feng!”

Seeing Ji Feng come back, Qin Shujie immediately stood up and asked, “What the hell is going on? Why did you bring the police here for a good reason?”

Bai Zhu also asked, “Is it because you beat up that man?”

Ji Feng smiled and nodded, saying, “Pretty much, don’t worry, it’s nothing.”

Qin Shujie said, “But those police officers .....

She had been working in the shopping mall and the last thing she wanted was to get entangled with people in the government sector, because the power these people held in their hands was enough to give you a headache and even make you lose your family’s money, and in the end there wasn’t even a half-assed explanation.

So she is also worried about Ji Feng being taken away, even if Ji Feng has enough identity background, Qin Shujie is just as worried.

Campus Master Chapter 2290

Ji Feng patted her hand and said, “Don’t worry, they don’t dare to do anything to me, how about this, later I’ll have my little uncle send someone to get you guys to the military area, you guys wait for me there first, when I’m done with things, I’ll go to you guys .....

Bai Zhu, you go along too, there’s no use for you to follow me now. It will be fine.”

Bai Zhu originally wanted to follow Ji Feng, but he could only silently nod at his words.

The doorbell also rang immediately after Ji Feng had just comforted Qin Shujie and Bai Zhu, Ji Feng shook his head and smiled, walked over to open the door and saw several police officers standing at the door, the leader of which was probably in his thirties and said with an expressionless face, “Ji Feng is it?”

“Let’s go!”

Ji Feng said indifferently, “Say what you have to say on the way, don’t disturb my friend’s rest.”

With that, Ji Feng squeezed through the middle of several policemen and walked out with big steps.

A few police officers froze and looked at each other, they couldn’t help but be a bit stunned, how come Ji Feng was suddenly so cooperative? The one who just ignored them and got on the lift was really the one in front of him?

“Two ladies, please also .....

“Swish!”

Ji Feng turned around abruptly, his face cold, his gaze stern as he stared at the policeman in charge and said, “You better not get ahead of yourselves! You should also consider whether it’s worth it or not!”

The policeman at the head of the group was suddenly staggered, and his face did not look too good, as he was being rushed by Ji Feng in front of his own men, which made him somewhat embarrassed.

But seeing Ji Feng's stern look, he knew that if he really insisted on inviting these two women to the police station, Ji Feng would really do something, and then they would not be unable to step down, they would probably lose face and it was hard to say whether their skins could still be kept.

If they could work in this part of Yanjing, they were not people with a vivid mind and a poisonous eye, and the place was full of dignitaries.

So the policeman in charge quickly regained his expressionless look, nodded slightly and followed Ji Feng.

When he arrived at the car park outside the hotel, Ji Feng put his hands behind his back and asked, "Which car do I take?"

A policeman was a bit baffled, "..... that Hyundai."

"Bullshit!"

Ji Feng snorted, then, he took two steps forward and came to a Passat, pulled open the door and sat down in the passenger seat.

The policeman was immediately dumbfounded: "This ..... is not your seat."

Ji Feng said, "Go or not?"

The policeman at the head of the group said, "Go!"

Said, he also pulled open the rear door of the Passat and sat in, in the other police stunned gaze, the car quickly drove away from the hotel, only then did the others react, have gotten on to hurry up and follow, the captain is in that car, don't let anything happen.

"Which division are you guys from?" Sitting in the car, Ji Feng asked without looking back.

"Binhai Branch." The captain sitting in the back seat said.

Ji Feng nodded and didn't say anything else, but closed his eyes and leaned against the backrest to rest his eyes.

At this time, he heard the captain behind him say, "Mr. Ji, do you want to smoke?"

Ji Feng opened his eyes, "Hm?"

That captain smiled and said, "I can't help it, the person concerned has reported the case to the bureau, according to the procedure, we must ask Mr. Ji to go over to assist in the investigation, please Mr. Ji can also understand our difficulties ....."

Saying that, that captain handed over a cigarette.

Ji Feng could not help but shake his head and smile, it seems that all these police officers are not stupid, they know their own identity and also know who the person who reported the case is, they are indeed a bit badly placed in the middle, so they can only do things in a public manner.

However, in private, this person still has to explain to himself, so as not to be held against him .....

Although Ji Feng was not a big smoker, he still took it and allowed that captain to light it for himself before saying, "I can understand as long as you do things according to the rules."

What annoys Ji Feng the most is those guys who are arrogant and unbeatable, even bold, when they hold a little power in their hands.

The police officer in charge was relieved to see that Ji Feng's attitude was quite kind, frankly speaking, he really did not want to take this task, who likes to arrest these magistrates, once these magistrates hold a grudge against you, they may make a secret stumble for you at some point, which is enough for you to suffer.

The actual fact is that you can find a lot of people who have been in the business for a long time.

.....

However, when Ji Feng arrived at the police station, the treatment was immediately changed.

After entering the police station, he was taken directly to the interrogation room – you know, when these police officers brought him here, they were nominally just assisting in the investigation, and there was absolutely no need to come to the interrogation room.

Yet Ji Feng said nothing, except that his gaze immediately turned icy cold when one of the policemen was about to sit him in the interrogation chair and handcuff him.

The policeman was so uncomfortable by his glare that he finally dared not put handcuffs on him and slunk out.

"Boom~!"

The door of the interrogation room was vigorously pushed open, only to see four young men walking in, and Ji Feng immediately just frowned.

He could tell at a glance that these four men all carried a stern aura, and their pace was almost the same when they walked, so obviously these four men were highly trained, and each one was not a good fighter.

Ji Feng sat on a chair with a big sword and a golden horse, looking calmly at these people, but in his heart he had some clarity, it seemed that the Wu family did not intend to just go through legal channels, they seemed to want to do something to themselves before entering into a formal trial.

Is it because they want to teach themselves a lesson?

Or did they think that because Wu Zhicheng had his leg broken by himself, they wanted to break his leg as well?

However, those four people did not come up together, but two of them stood at the door while the other two walked up, several of them did not say a word, and one of them reached out directly towards Ji Feng's neck as soon as he got close.

"Snap!"

Ji Feng fiercely reached out to block the other man's hand and said coldly, "Are you going to lynch?"

The man, however, did not say a word, slapped away Ji Feng's hand and grabbed towards Ji Feng's neck again, at the same time, his right leg steeply kicked towards Ji Feng's knee.

Shovel kick!

This kick was powerful and extremely harsh, if an ordinary person was hit by it, he would definitely break his leg bones, and it was not even impossible for his knee to be directly broken.

A cold light flashed in Ji Feng's eyes, he was really coming from a bad place, the other party really wanted to break his leg!

He coldly snorted, again without saying a word, his upper body leaned back fiercely, suddenly clasped the man's wrist, fierce force, the man suddenly smothered a sound, the foot that kicked over also couldn't help but pause.

"Boom~!"

Ji Feng came after him and gave a fierce kick to the man's leg.

"Boom!" A sound.

The man instantly fell to his knees and a muffled sound came out of his throat, "Well ....."

He had wanted to break Ji Feng's leg with a kick, but he didn't expect Ji Feng's speed to be surprisingly fast, so that he didn't even have time to react before his own leg was broken!

However, Ji Feng was not giving him the chance to react at all, and his knee was violently raised upwards.

"Boom!"

The knee ruthlessly hit the man's chin.

The man's eyes rolled up and he fell to the ground with his head tilted back, fainting to death.

It was only until this time that Ji Feng stood up, kicked the fainted guy away and stared coldly at the remaining three people, "From the looks of it, you should be formally trained soldiers or guards, right? Let me advise you, the country didn't train you so that you can serve as fighters for someone, you'd better think carefully!"

Perhaps seeing that Ji Feng's action was so severe, the remaining three people obviously froze, but they still didn't say a word, and the one closest to Ji Feng steeply pounced.

Harsh, ruthless and practical!

This was Ji Feng's intuitive impression of this man's moves, a very obvious military style, the moves were clearly for close combat, without any half-hearted finesse.

However, compared to Ji Feng, this person's speed was really too slow.

Ji Feng easily avoided his opponent's harsh strike with a mere stagger, and at the same time, he sank his body slightly and swept a fierce foot directly towards the man's calf.

“Ka-ching!” With a sound, the man also instantly fell to the ground, his right leg showing a clearly abnormal bend.

His leg, too, had been broken by Ji Feng’s kick!

Ji Feng’s eyes were stern and cold, without the slightest bit of sympathy or pity, no matter who the other party was, since he wanted to kick his leg off, he had to be prepared to be hit back!

In the blink of an eye, two of the four men were put down by Ji Feng, and although the second injured man did not pass out and just gritted his teeth as he lay on the ground and still tried to get up, he could no longer pose any semblance of a threat to Ji Feng with his calf broken, so Ji Feng just turned his gaze to the two men standing in the doorway.

“I’ll give you two one last chance!” Ji Feng said in a deep voice. Ever since he was young, Ji Feng had a good feeling towards soldiers, even now it was the same, and even the more he learned, the more Ji Feng knew how much some soldiers actually gave for this country, so if he could, he was not willing to make things difficult with soldiers.

So if these two gave up on this, he wouldn’t pursue it any further.

However, those two people looked at each other, but they pounced at the same time, and their moves were as ruthless and severe as the previous two.

A cold light flashed in Ji Feng’s eyes, and he no longer showed any half-heartedness, he turned around and smashed his leg fiercely.

“Boom~!”

As soon as one of them blocked with his hands, he was smashed by the tremendous force from Ji Feng’s leg, and his whole body flew backwards directly, his hands hanging down unnaturally.

At this time, Ji Feng steeply threw a side kick, and before the other man even had time to block or dodge, he was directly kicked out by the waist, hitting the wall heavily and was directly knocked out.

In just ten seconds or so, four people fell under Ji Feng’s feet like this.
