

Campus Master 2301

“Ji Feng

Perhaps it was because he considered that exchanging words with Ji Feng on the phone would not help at all and would not be in line with his original intention of calling, so after taking a few deep breaths, Wu Zhiyong finally suppressed his anger again and said, “Ji Feng, this matter is not good for anyone if it gets bigger

However, before Wu Zhiyong could finish his words, he was directly interrupted by Ji Feng: “I don’t think so, it’s only bad for me if it doesn’t get bigger.”

Wu Zhiyong: “.....”

Ji Feng snorted and was ready to hang up the phone, with Wu Zhiyong he really did not want to say more than half a word, this person’s sinister and ruthless, he had learned a long time ago, moreover, with the relationship between the two of them, there is no need for that kind of hypocritical courtesy, because Wu Zhiyong has already hated him to the bone, no matter what he said, will not change the fact that Wu Zhiyong hates him.

Since that was the case, why did Ji Feng need to waste any more words?

“Ji Feng!”

Perhaps because he was uncomfortably blocked by Ji Feng continuously, Wu Zhiyong finally couldn’t help but raise his voice once again, “If you continue to make trouble, don’t you think about the consequences?”

Ji Feng frowned: “What consequences do I have to consider?”

Wu Zhiyong said, “Ji Feng, don’t think that you are the only one who can grab other people’s handles, yes, it’s true that this time you have the upper hand, grabbed my third uncle’s handle and calculated him, but do you really think that you can rest easy just like that?”

Ji Feng frowned: “What exactly do you want to say, say it directly, I don’t have so much time to listen to your poor ink here!”

“.....” Wu Zhi Gong almost dropped the phone in anger.

“Ji Feng, let’s put it this way, there are likewise quite a few people around you that you care about a lot, if I get hold of handles about them

Ji Feng was instantly amused: “Oh?! So, you still have very overwhelming evidence in your hands, huh?”

Wu Zhiyong said in a cold voice: “Ji Feng, this is the end of my third uncle’s matter, Wu Zhicheng was seriously injured by you, I won’t pursue this matter any further, let’s stop here!”

Ji Feng said, “That’s your condition?”

Wu Zhiyong said, “That’s right! The premise is that you better think it over, otherwise, if it really goes on, I guarantee that you will have no way to end it

“Joke!”

Ji Feng snickered, “Just because you said a couple of words like that, I have to stop?”

Wu Zhiyong said, “Do you think I’m bluffing you?”

Ji Feng said, “What do you think?”

“..... good!” Wu Zhiyong snorted coldly and said, “Then let me remind you, think about who around you is most likely to make mistakes”

“Just say what you have to say, less beating around the bush here chirping, I’m tired of hearing it!” Ji Feng said impatiently.

“.....”

The voice of Wu Zhiyong gritting his teeth and his ragged breathing came very clearly through the earpiece as he said in a cold voice, “Ji Shaoyou’s life, it seems you don’t intend to take it either!”

Ji Feng was slightly stunned, Ji Shaoyou?

This person was certainly not unfamiliar to him, he could even say that he was familiar with him, because this Ji Shaoyou was the first sidekick he had cleaned up after he came to Yanjing.

At that time, not only did Ji Shaoyou treat him with disdain and even provoke him verbally, but more importantly, Ji Shaoyou had once disrespected Xiao Su Mei, Ji Feng’s mother, so at that time, in a fit of anger, Ji Feng ruthlessly cleaned up Ji Shaoyou and even offended the Second Master as a result.

Later, the second master even made things difficult for himself during the New Year, but two of the old master’s old men, Master Tang and Elder Tie, were supportive of him, plus the old master made the final decision, so it was over in the end.

After that, Ji Shaoyou no longer dared to act recklessly in front of himself.

Even if Ji Shao Hong and Ji Shao Jun had gotten very close to him, Ji Shaoyou did not dare to speak to him.

For Ji Shaoyou, how could Ji Feng not know?

But Wu Zhiyong suddenly raised the issue of Ji Shaoyou at this moment, but Ji Feng could not help but be slightly stunned, listening to the meaning of Wu Zhiyong’s words, it seems that Ji Shaoyou has some handle in the hands of Wu Zhiyong?

“How about it, is it time to talk now?” After not hearing Ji Feng speak for a while, Wu Zhiyong couldn’t help but have a hint of smugness in his voice, it was obvious that Ji Feng was throwing in the towel a bit, and this, was exactly the effect that Wu Zhiyong wanted to achieve.

“Pop!”

However, what Wu Zhiyong did not expect in any way was that Ji Feng did not even say half a word and directly hung up the phone.

In a flash, Wu Zhiyong’s face turned blue.

“Boom~!”

Wu Zhiyong fiercely kicked the coffee table over, his face was iron blue, his eyes were glaring, his chest was heaving violently, and only after a while did he grit his teeth and said in a cold voice, “Ji Feng, you deserve to die!”

There was no way for Wu Zhiyong not to be annoyed, he had actually mustered up enough courage to call Ji Feng, and even held his nose and hardened his head before doing so.

If there was even the slightest way, Wu Zhiyong would never have called Ji Feng, because he and Ji Feng were mortal enemies, and with the pride in his bones, how could he possibly call Ji Feng, the murderer who killed his brother?

But there were some things that he had to say.

The other sons of the Wu family simply could not compete with Ji Feng, there was no way to talk directly to Ji Feng, the second uncle’s child was a girl, originally the third uncle’s child could have talked to Ji Feng head on, but Wu Zhicheng was beaten by Ji Feng and was already hospitalized

Therefore, just from the status, Wu Zhiyong also only personally call Ji Feng.

One couldn’t just stand by and watch as Third Uncle was sentenced and sent to prison, right?

If that was the case, then Uncle San’s life would be over, and the Ji family would be able to do whatever little thing they wanted to do in prison to make Uncle San’s life worse than death!

So Wu Zhiyong had to make this call Come to think of it, since the two sides were at loggerheads, it seemed like he was the one calling Ji Feng every time, and he had to do it.

–Doesn’t this mean that every time he fights Ji Feng, he is always at a disadvantage?!

Thinking of this, Wu Zhiyong smashed two more cups hard in annoyance, this was really a shame for him!

“Ji Feng

Wu Zhiyong gritted his teeth and said in a cold voice: “You really have some of your father’s style, really ruthless enough! Then, if you don’t want Ji Shaoyou’s life, I’ll see if the entire Ji family can watch Ji Shaoyou’s downfall!”

He coldly snorted, “I was going to give you a surprise, but now, let’s see the real thing underhand!”

In fact, Wu Zhiyong had already grasped some handles about Ji Shaoyou, even Ji Shaojun’s handles, Wu Zhiyong had grasped some of them, only that Ji Shaojun’s handles were too small to cause much harm to him, so Wu Zhiyong had not mentioned them.

And after catching Ji Shaoyou’s handle, Wu Zhiyong likewise just made a note of it, he wanted to find a most crucial time to make a sudden move, or use this handle to do something.

But now, he can only do it in advance.

Because Wu Zhiyong did not expect that Ji Feng would be so ruthless, and even when he heard that Ji Shaoyou might be in big trouble, he actually hung up the phone straight away!

“Since you want to play, then let’s play!” Wu Zhiyong coldly snorted, “Let’s see who lowers his head in the end!”

.....

“Ji Shaoyou”

Ji Feng repeatedly recited it a few times, his brows furrowed.

Needless to say, Ji Shaoyou must have gotten into some kind of trouble, and not just any trouble, and now Wu Zhiyong had a hold of him.

Ji Feng then had a bit of a headache, if it was someone else it would be fine, because people like Ji Shaodong, Ji Shaolei or Ji Shaohong would not have made any big mistakes at all, let alone being caught with a handle.

Even Ji Shaojun, Ji Feng through the contact with him, found that he knows how to restrain, not too wild, and not very arrogant.

But this Ji Shaoyou

This is a very good example of the kind of work that can be done in the field.

However, since it can be taken out by Wu Zhiyong to say something, and even want to use it to exchange for Wu Zhengxin, obviously it can’t be anything trivial!

This was a bit of a problem.

Ji Shaoyou is a son of the side line, and if something really happened to him, it would be a question of what choice to make at that time.

Should they let Wu Zhengxin go in exchange for Ji Shaoyou’s safety, or should they ignore the situation and just press Wu Zhengxin down?

But if it was the second choice, it would probably make the people of the side line think that they did not take Ji Shaoyou’s safety seriously in order to take out this anger for themselves, and it would even cause a centrifugal separation between the first and the side line.

This was much more serious than sparing Wu Zhengxin!

In fact, Ji Feng didn’t hang up on Wu Zhiyong because he was so ecstatic once he heard that it was Ji Shaoyou who was in control that he rejected Wu Zhiyong outright so that the other party would be humiliated and then go after Ji Shaoyou.

This was not the case!

Rather, because Ji Feng’s reaction was extremely fast, he immediately thought of the various twists and turns as soon as he heard Wu Zhiyong finish speaking, so he decisively hung up the phone, that is, he did not give Wu Zhiyong the opportunity to continue to mention the conditions at all.

This way, Wu Zhiyong will either think he doesn't care about Ji Shaoyou's death, or, will think he hasn't figured out the seriousness of the matter.

No matter what Wu Zhiyong would eventually decide, but at least, Ji Feng would have some time to set things up, and in the end, if it really didn't work out, it wouldn't be too late to negotiate terms with Wu Zhiyong.

Ji Feng pondered, he deliberated and finally decided to first communicate with his family, no matter how this matter was handled, at least he had to first find out what had happened to Ji Shaoyou and just how serious it was.

Ji Feng thought about it and pulled out Ji Shao Hong's number from his address book, this matter, it was inappropriate to let anyone handle it, but only to give it to Ji Shao Hong.

However, at this moment, Ji Feng suddenly frowned, and a severe aura flashed by.

The next moment, he abruptly turned around, and saw a person who did not know when, actually stood behind him

Campus Master Chapter 2302

However, just at this moment, Ji Feng suddenly frowned and a severe aura flashed by.

The next moment, he abruptly turned around, and saw a person who did not know when, but actually stood behind him

The muscles of his body also tensed up in a flash, if he struck, it would be a thunderous strike, even at the same moment when Ji Feng saw that person, he subconsciously and frantically activated the bio-current in his body, almost bringing his battle power to the extreme!

This showed how much of a threat this person, who had appeared behind Ji Feng at some unknown time, had actually given him!

Because in that moment just now, Ji Feng actually felt a strong sense of danger!

This was something that had never happened before.

Therefore, Ji Feng became extra vigilant.

Although he knew that he was lost in thought just now because he was talking to Wu Zhiyong on the phone and considering the contents of Wu Zhiyong's words, even so, if someone was close to him, he should have been able to detect it.

But this person in front of me, Ji Feng doesn't even know when he actually came close to his side

The most surprising thing is that this person who suddenly appeared behind him was no other than the beggar he had surrounded and even talked to before!

At this moment, that beggar was carrying a bag on his left shoulder and was looking at him with a very complicated and strange gaze from a place less than two meters away from him.

"Swish!"

Another fine aura flashed from Ji Feng's eyes, then, he stared at that beggar and asked in a deep voice, "Are you following me?!"

The beggar nodded, but quickly shook his head again and said, "No."

Ji Feng said in a deep voice, "Then why are you standing behind me?"

You know, just ten minutes ago, this beggar was still sitting cross-legged on the ground in the square in front of him, and was begging, and the amount of money begged was also frighteningly large, he even asked for one million, and had to take his life in exchange

But Ji Feng just made a phone call, this beggar actually stood behind him, this is not stalking is what?

Who knows, that beggar but said, "I am indeed looking for you, but not stalking you"

Ji Feng imperceptibly frowned, his heart could not help but some strange, but do not know this beggar to find himself for what, can not he think that before he said a few words to him, it means that he is willing to give him a million, so he followed himself?

"Then what are you looking for me for?" Ji Feng asked.

"I need a million dollars!" The beggar said, "I think you should have the ability to give me a million"

"Don't be ridiculous."

Ji Feng couldn't help but shake his head and said.

This beggar's words were really a bit funny, did he have this ability to give him a million, did he have to give it?

If walking on the street suddenly someone ran up to you and said, I need 10,000, I know you have this ability, please give me, I'm afraid that eleven out of ten people would think think that this person is a psychopath.

Now Ji Feng has this feeling!

This beggar's words and actions are somewhat absurd, which makes Ji Feng even give birth to a kind of unreal feeling – is the same as an international metropolis, Yanjing and Jiangzhou's difference is really so big?

After he came to Yanjing, it seems that he is not quite adapted to the way of life here, more difficult to understand the humor of the local people ah

This beggar is indeed too humorous.

"I'm not joking!" Who knows, that beggar but slightly shook his head, gaze sincere and calmly looked at Ji Feng, said: "I really need a million, moreover, I can see that you are not an ordinary person, so I know you have the ability to help me."

"Alright, I really don't have time to chat with you here right now." Ji Feng shook his head and said, "I still have very important things to do, if you just want to find someone to joke around with, or if you want to use this kind of odd mannerisms to attract some hot-headed rich people and want to take advantage of

this opportunity to get some money, I'm sorry, I'm afraid you won't be able to achieve your goal with me."

"It's better to change another target."

Ji Feng shook his head, then he picked up his phone and was ready to dial Ji Shao Hong's number.

Although Wu Zhiyong's words were not known to be true and had not been verified for the time being, Ji Feng was feeling that if he was not sure, Wu Zhiyong would never have told himself with such certainty, bluffing was not Wu Zhiyong's character, and there was no need for him to play such a stabbing gimmick, which would only add to the laughing stock.

So Ji Feng is almost certain that Ji Shaoyou really has some kind of handle that has fallen into the hands of Wu Zhiyong, or even, it is likely that Wu Zhiyong has been sending people to secretly investigate their entire Ji family, and that is why he took out the handle about Ji Shaoyou so timely and at the most critical moment.

Ji Feng even thought that if things continued to develop, perhaps Wu Zhiyong would also throw out other handles of the Ji family – if it was true that Wu Zhiyong had been sending people to secretly investigate, then it was only natural that he would have some other handles in his hands.

So this news naturally had to be told to Ji Shaohong as soon as possible, and the sooner the better.

Naturally, Ji Feng did not have time to chat with this beggar here, and had many more important things to do than to listen to the beggar's cold jokes here.

"This gentleman, I am not trying to cheat money." However, the beggar was still somewhat undeterred, he looked at Ji Feng sincerely and said, "If you give me one million, this life of mine is yours, no matter what you ask me to do, I have absolutely no second thoughts"

"I really don't have time!" Ji Feng shook his head and just walked away a few steps, already dialing Ji Shao Hong's phone in his hand.

"Swish!"

However, in the next moment, the beggar was an arrow step away and once again reached Ji Feng: "This gentleman, what do I have to do so that you can believe that I am not cheating money?"

Ji Feng's eyebrows then furrowed as he stared at the beggar for a few moments.

The latter, under his gaze, was calm, without the slightest panic, and even, under the annotation of that sharp gaze of Ji Feng's, his gaze was not even half faint, and he never moved his gaze away

Ji Feng looked him up and down a few times and asked: "Well, then let me ask you, what makes you think that your life can be worth a million? Nowadays, it's a person's life that can be taken for one or two hundred thousand dollars"

Who knows, when Ji Feng asked this, that beggar's face was subconsciously showed a difficult look, he thought for a while, still did not seem to think of a reason.

In the end he could only shake his head and said, "I don't know but I think, how can a human life be worth only one million, right?"

Ji Feng shook his head and smiled, suddenly asking, "You know kung fu?"

The man was stunned for a moment, "Yes."

"How's the kung fu?" Ji Feng asked again.

"Still well, within my master brothers, my kung fu is quite okay." The beggar said.

"Master brothers?"

Ji Feng raised his eyebrows and asked, "So, you still specifically learned kung fu from a master?"

The beggar nodded and said, "Yes."

Ji Feng looked at him thoughtfully for a few moments and then suddenly asked, "Why do you want one million? What do you need so much money for?"

The beggar said, "I'm useful."

Ji Feng was then happy, this answer is the same as not saying it is better not to say.

"A million I may not have, but if you are interested, you can tell me what difficulties you have encountered, maybe I can help you!" Ji Feng smiled and said, "However, right now I don't have time, wait until I'm done with things."

"..... good."

The beggar gave Ji Feng a glance, then nodded his head.

Ji Feng then pointed at a bench in the square in front of him and said, "See that bench? You wait there, and when I'm done, I'll come find you."

"Okay."

The man nodded, turned around and left.

Ji Feng looked at the beggar's back and was somewhat stunned, with a thoughtful look in his eyes, as if he had thought of something.

In fact, although Ji Feng did not know what the origin of this beggar was, nor did he know what purpose this person had, why he had to ask for a huge sum of money, and even begged for it in the form of begging.

But there is one thing Ji Feng is sure of – this beggar, probably has a kung fu!

..... Just now Ji Feng was leaving to make a phone call, but the beggar was following him in one step!

Even if Ji Feng is just walking normally, as a grown man walked a few steps in a row, it is not anyone casually an arrow step can cross, unless this person is particularly tall and has long legs, but this beggar is obviously not this kind of body, he can easily keep up with Ji Feng.

This, then, is very uncomplicated!

What's more, just now that beggar's an arrow step, but has the shadow of some kind of stance, just from that beggar's movement, posture, and his easy stride movement can be seen, this is definitely a practitioner.

Moreover, the practice is also likely to be an internal martial arts which means that this beggar is likely to be an internal martial arts master.

It was because he could see this that Ji Feng suddenly asked the beggar if he knew kung fu!

And that beggar's answer also confirmed that Ji Feng was not wrong, this person does know kung fu, and also has a master brother, which means that he has specifically worshipped a master, has a master's heritage, has enough heritage and attainment in martial arts.

Although it was still unknown how high this beggar's kung fu was, at least Ji Feng could be sure that this person's kung fu was not low!

And why would someone with this kind of skill come begging?

..... Not so much!

A real internal expert, not to mention a million, if you really meet the kind of people who are thirsty for talent, more than a million, or even tens of millions I'm afraid are willing to pay!

The actual fact is that the actual people who are interested in the actual health and wellness of the body are also spending money to learn some health and wellness kung fu, but in the end, all they learn is just a few flowery techniques, so they are willing to spend a lot of money, if they really meet an internal expert, how will they be stingy with this mere one million?

Therefore, Ji Feng had some interest in this person's experience and story.

Campus Master Chapter 2303

After sending the peculiar beggar off first, Ji Feng then walked to the side and dialed Ji Shao Hong's number.

"Little Feng?"

Suddenly receiving a call from Ji Feng, Ji Shao Hong looked a little surprised: "Why are you suddenly calling me? Is there something going on?"

Ji Feng laughed, "From the tone of your voice, I can only talk to you when something is wrong?"

Ji Shao Hong then laughed as he said, "Of course not, but don't these two days happen to be a sensitive period How about it, what is the reaction of the Wu family now?"

The conflict between Ji Feng and the Wu family, Ji Shaohong as the main force of the third generation of the Wu family, naturally received the news, but because he was too far away, and the matter was a bit too high level, Ji Shaohong could not help much, so he just watched quietly, waiting for the news and did not disturb Ji Feng.

Because he knew that even if he came, he would only add to the mess, so he didn't even make a phone call to Ji Feng, just because he didn't want to put pressure on Ji Feng and could make him think carefully.

But now that Ji Feng suddenly called him, Ji Shao Hong knew that there must be something wrong, otherwise at this time Ji Feng would not be able to think about the Wu family's affairs, how could he have the leisure to call him?

"I'm calling you just to talk about this matter!" Ji Feng laughed, secretly praising Ji Shaohong now is getting better and better, his reaction is much faster and his gaze has also become very sharp, it seems that he has not done this county governor for nothing, he has already experienced and developed certain experience and skills.

Ji Shaohong could not help but ask: "Oh? How?"

Ji Feng retrieved his thoughts and said, "It's like this, you know all the general situation, right?"

"Well, I know pretty much everything, now Wu Laosan is being controlled in the detention center, right?" Ji Shao Hong asked, "What do you plan to do next?"

When Ji Shao Hong said this, he couldn't help but feel a sense of raised eyebrows and more or less smug.

It was because over the years, when the Martial Family and the Ji Family had been fighting, the Ji Family had always been the one to hold back, but the Martial Family did not show any restraint, instead, they had become more and more aggressive, getting more and more aggressive.

Even Ji Shaohong once clashed with the Wu family, and at that time, Ji Shaohong also chose to back down, even though it was only a minor clash, but it was enough to show how unscrupulous the Wu family's arrogance was.

And now, Wu Laosan was directly imprisoned, looking likely to be sentenced to imprisonment, so how could Ji Shaohong not feel resentment?

But now Ji Shaohong is no longer the same son of a son, and after he became a governor, he has become a lot more calm, so even if he is a little proud of himself, he is also very subtle.

"Shao Hong, things might be a bit unexpected." Ji Feng said.

"Hm?"

Ji Shao Hong was stunned, "What do you mean?"

Ji Feng said, "Just now I received a call from Wu Zhiyong, in his hand, it seems that he has some handles on Ji Shaoyou"

"What?!"

Ji Shao Hong was immediately a little stunned, "Is this true?"

Ji Feng shook his head slightly and said, "I don't know exactly if it's true or not, I just received a call from Wu Zhiyong, so I called you."

Ji Shao Hong immediately asked, "Is Wu Zhiyong trying to use this as a handle to blackmail you into letting go and not chasing after him anymore? Or is it simply to get our family to let go of Wu Zhengxin?"

Ji Feng laughed, "He didn't say that, and I didn't let him finish before hanging up, then I immediately called you"

Ji Shao Hong then understood, he asked with deliberation, "What do you want me to do?"

Ji Feng said, "I want to know exactly what Ji Shaoyou has done, in other words, I want to know exactly what handle he has fallen into the hands of Wu Zhiyong, this matter is not quite suitable for me to ask, only let you ask" I want to know the details, to hear the truth!"

"..... I understand!" Ji Shaohong nodded his head.

"Shao Hong, don't think about anything else first, let's talk about Shao You's matter after we understand it!" Ji Feng said, "No matter what he has done, he always has to say it first before we can think of a solution."

"I understand what you mean, Little Feng, don't worry, I'll take care of this matter, I'll definitely ask for clarity!" Ji Shao Hong gritted his teeth and said in a deep voice, "If that brat has really done something unforgivable, I will definitely not cover him up, no matter what, I can't miss this opportunity!"

It wasn't really too difficult to grab a hold of the Wu family's children, as long as one wanted to, there was always a chance, one had to know that those children of the Wu family were far more arrogant than the children of the Ji family.

Moreover, the elders of the Ji family have strict orders forbidding the Ji family's children from getting involved in some nasty things, so it's not really that easy for others to catch the Ji family's children in the act.

So if you want to mess with some people from the Wu family, it is indeed not too difficult.

But that would only be a small fight, and besides, even if they did find a handle, someone would naturally come forward to take the blame, and it would not be able to deal any substantial blow to the people of the Wu family at all.

This is also a trick that many big families and those who are rich and powerful often use, to find someone to take the blame, there is plenty of money anyway, as long as enough benefits are given, there are still many people who are willing to do this kind of thing.

So it was not easy to catch Wu Zhengxin in such a direct way this time.

What's more, Wu Zhengxin is still the third master of the Wu family. No matter what this person's position in the Wu family is, or whether this person is really brainless or not, it doesn't matter, what matters is, Wu Zhengxin's identity!

If one could take down Wu Zhengxin, it would be an absolute blow to the Wu family, and would even put a big dent in the prestige of the Wu family.

How could such a thing be easily missed?

So once Ji Shaohong heard this news, he immediately and decisively took it on, not to mention, this Ji Shaoyou is also his brother, Ji Shaohong should rightfully step in.

Moreover, Ji Shao Hong was still relatively clear about what kind of virtue Ji Shaoyou was, so as soon as he heard Ji Feng say this, he immediately realized that Ji Shaoyou must have done something bad, otherwise, Wu Zhiyong would definitely not take this matter to negotiate with Ji Feng.

What exactly did Ji Shaoyou do, Ji Shaohong had to ask about it.

Besides, Ji Shaohong also knew very well that Ji Feng could call him because he wanted him to handle this matter, which actually gave Ji Shaoyou a chance, now that the elders didn't even know the news yet, if he could settle the matter before the Wu family really took this matter out to talk about it, then at most, he would only receive two criticisms.

But if the matter really gets too big, then maybe Ji Shaoyou will be punished even more severely than!

"This matter is on my shoulders, I'm going back to Yanjing, I'll be there in the evening at most, I'll tell you as soon as I have news." Ji Shao Hong said in a deep voice.

"Mm, be careful on the way." Ji Feng said.

Since he had Ji Shaohong's promise, Ji Feng was more or less relieved, he knew that Ji Shaohong was still very reliable, although in terms of ability Ji Shaohong might not be able to compare with his elder brother Ji Shaodong, but it was definitely not bad either.

So after ending the call with Ji Shaohong, Ji Feng was also relieved, he put away the phone and turned his head to look again and found that the beggar was still sitting on the bench in the rest area of the square, sitting upright and not sitting crookedly like other shoppers.

Ji Feng's opinion of this man was a few points higher, and after a moment of deliberation, he lifted his leg and walked over.

When that beggar saw Ji Feng walking over, he hurriedly stood up and looked at Ji Feng.

"Sit down and talk?" Ji Feng asked with a smile.

"Good."

The beggar nodded, kept a slight distance from Ji Feng and sat down.

Seeing this action of his, Ji Feng smiled imperceptibly, it was a kind of habitual vigilance, everyone would be like this when facing a stranger, Ji Feng was likewise no exception.

So from this it could be seen that although this beggar also wanted to talk to him, he still kept a certain amount of caution in his heart towards him.

Ji Feng also did not mind, but asked, "Can you tell us why you are asking for one million?"

The beggar said, "I need money."

Ji Feng shook his head and smiled, "Of course I know you need money, I mean, what do you need money for?"

The beggar was silent for a moment before saying, "I need this money to save my life!"

It looked like he didn't want to go into too much detail, and although he was willing to talk to Ji Feng, he was definitely carrying a hint of wariness, so for him to leave three points in his speech, Ji Feng could also understand.

"Then"

Ji Feng weighed his words and asked again, "How can you be sure that you are worth a million? You know, what you want is not a small amount, even some big bosses may not be able to come up with so much money for a while" If you don't have enough value, I'm afraid you won't be able to ask for that much money!"

The beggar, however, said, "I think you should have."

"Heh."

Ji Feng then laughed, this person is really a bit interesting, he laughed: "Even if I have this money, but for no reason, who would give money to a stranger? What's more, you can't even tell me what the money is for? I believe if you were in my place, you would definitely do the same, right?"

The beggar nodded silently and suddenly raised his head again, saying, "But, as long as you give me a million, this life of mine is yours, and from now on, I won't have a problem doing anything you ask me to do"

Ji Feng laughed: "But how can I trust you? Besides, how do I know that you are really worth a million?"

The beggar was instantly silent, he couldn't answer either of the two questions that Ji Feng asked because he didn't know how he could make Ji Feng believe, and at the same time, he didn't know if he was really worth a million or not.

"OK."

Ji Feng sighed and wanted to raise his hand to pat the beggar's shoulder, but instead he saw that the beggar was subconsciously about to raise his hand to block, so he shook his head with a smile, withdrew his hand and said, "I have no intention of taking this life of yours, and I don't have that much money either, but if you are really in trouble, I am willing to try to help."

Campus Master Chapter 2304

"Okay."

Ji Feng sighed, originally wanted to raise his hand to pat the beggar's shoulder, but saw that the beggar was subconsciously about to raise his hand to block, so he shook his head with a smile, withdrew his hand and said, "I have no intention to take your life, and I don't have that much money, but if you really have difficulties, I am willing to try to help."

Speaking here, Ji Feng paused and said, "If you are willing, you can talk about your difficulties, one person is short and two are long, maybe I can help you too?"

Ji Feng was not originally a person who liked to mind his own business, unless he came across something unjust or saw something that touched him, then he would reach out and mind his own business.

The formation of this character had a lot to do with Ji Feng's upbringing. In the past, he and his mother were dependent on each other and his family was poor, so he was always bullied by others, so naturally he did not have the ability to mind his own business. So now when he has this ability, he is still willing to take care of things when he encounters injustice.

Especially, when Ji Feng saw this beggar's skill, he had a kind of love for talent, this beggar's skill is obviously not weak, but now it has fallen to begging This makes Ji Feng more or less curious, in the end what is the encounter, let this beggar fall to such a state?

If possible, Ji Feng would like to help him.

"I"

The beggar did not feel a bit moved by the words, opened his mouth to say something, but after a moment, he still shook his head and said, "If you don't have a million, you can't help me I only need a million!"

Ji Feng laughed: "You haven't even said what it is, so how do you know I can't help you?"

The beggar, however, just shook his head, but obviously had no intention of explaining in detail.

Ji Feng then couldn't help but shake his head and laughed: "If you ask for money like this, no matter who it is, they wouldn't dare to give it to you! One you don't say the use, two you don't say your own identity, even even how you are worth you can't show it brother, you ask for money like this, it will make people think whoever takes the money is a fool!"

"..... There are some things I can't say." The beggar shook his head.

"....."

Ji Feng was then a bit speechless.

This beggar was really stubborn as can be, not saying anything and trying to ask for such a large sum of money for no reason, this was a bit of a child's play, even treating all those rich people as fools.

How many rich people are fools?

Ji Feng paused for a moment, and then said sincerely, "Buddy, I don't have any malicious intent, nor do I want to get anything from you, in fact, there is absolutely no need for you to be so wary of me, right?"

The beggar nodded silently, but did not say anything.

Ji Feng saw this, there is a sense of powerlessness, regardless of any kind of communication, always need the other party to have a response, the two sides can continue to communicate, but this beggar is not so, often when it comes to the key place, he is either so stubborn a sentence – I want a million – -or is simply to respond with silence.

Forgive me, Ji Feng is quite patient, but also more or less can not stand this way of communication.

How come it looked as if he was rushing up to beg this beggar?

Ji Feng couldn't help but shake his head and said, "It seems like you should have something difficult to say, since that's the case, then forget it, I won't ask any more questions if you don't want to talk about it, you take care of yourself"

The money I have on me is not much, so this is a small token of my appreciation. ..."

"Sir!"

The beggar was a little anxious when he saw that Ji Feng was going to leave, and he said busily, "Sir, please give me one million, my life will be yours from now on"

Ji Feng shook his head and said, "I have already said before, I have no intention of taking your life, besides there is no use for me to take your life" As for the one million, sorry, I cannot easily give such a large sum of money to the hands of a stranger who has hardly any understanding. "

"But"

"Well."

Ji Feng interrupted him and said, "That's all."

This beggar didn't give any crucial information, and even up to now Ji Feng didn't even know what his name was, so how could he possibly take out a million to the other party for no reason?

Although in fact, Ji Feng is not short of this money, and even he and Xiao Yuxuan donated much more than this amount to the charity fund in the past few years, but that donation can still be used for some people in need of help, even if only 10% of the charity money is put into practice, he is still considered to have made merit.

In contrast, giving money to a beggar for no reason, and still such a large sum of money, is more or less unreliable.

Ji Feng is not a rotten person, if the other party really has difficulties, within his ability he is certainly willing to help, but at least, he has to know if the other party really has difficulties, what difficulties

But these he up to now are still nothing, and look at the beggar's stance, is certainly not willing to say, then he also do not intend to spend more time to continue to ask.

Now there were more important things waiting for him to do.

"Sir!"

However, as soon as Ji Feng lifted his leg to leave, the beggar suddenly knelt down and pleaded, "Sir, I know you can definitely help me please, one million, I'll sell this life to you!"

Ji Feng immediately a side, avoiding away, frowned: "Men have gold under their knees, I can not help you, why do you have to kneel to me."

“Sir, please!” The beggar gritted his teeth, the bite muscles on his face bulging high, showing that he seemed to have gathered enough courage to do so at the moment, “I really need the money I’m trying to save my mother!”

“Hmm?”

Ji Feng instantly frowned, beggar’s this sentence, but immediately touched his heart, “What happened to your mother? Is it sick or in debt, or”

That beggar said: “kind of debt, but the other party is very vicious particularly vicious, if I can not get this money, my mother will die sir, I know such a large sum of money to a stranger certainly no one will Don’t worry, you can send someone to follow me. After I save my mother, I will come back immediately, and then my life will be yours”

Ji Feng frowned and pondered, he was observing this beggar as a way to determine if what this person said was true or not and how much credibility it actually had.

“By the way, if you think this is also not credible, then you can take me to the police station, I heard that nowadays, technology is very advanced, through fingerprints and blood can identify a person I can leave my fingerprints and blood samples at the police station, at that time if I take the money and run away, or If I take the money away or deny it, you can let the police arrest me, I will never complain”

The beggar saw that Ji Feng frowned and did not say anything, but his heart was beating a drum, afraid that Ji Feng would turn around and leave.

But Ji Feng asked: “First of all, not to mention how feasible these methods are, I am a little more curious, since you yourself have kung fu, and it seems kung fu is not bad, want to raise money naturally there are many other methods, you have not tried?”

..... In fact, what Ji Feng wanted to ask was, if this beggar had good kung fu, why did he come begging?

This is not a good way!

“I can’t think of any other way!” The beggar said.

“You are willing to give your life to others, and you still can’t think of a way?” Ji Feng asked.

“..... I don’t know who to go to.” The beggar said.

Ji Feng then gave him a look, more or less not quite believing in his heart. Because since this beggar was able to come to the most prosperous commercial street in Yanjing, he naturally knew more or less about the place.

If Ji Feng were him, he would only need to casually find someone to ask around and ask which of the big bosses in Yanjing has a relationship with the underworld, or who is stupid and has a lot of money, it is not too difficult to get some money.

Not to mention crime or something Now that this beggar is willing to give his life to others, who can guarantee that people won’t ask him to do something against the law?

If not, why would people want to spend so much money to buy his life?

Besides, in order to save his mother, even if it is a crime, what can be done, if it is Ji Feng in this position, not to mention just a crime, even if he is asked to kill people he will do it!

So, this beggar's words are a bit contradictory, it seems he is not telling the truth.

But since this beggar are not willing to say more, Ji Feng also no longer continue this topic, he said: "This way, you first stand up and say"

The beggar has been kneeling on the ground, this moment around a number of people are ready to stop and watch, Ji Feng does not want to become a monkey-like figure.

The beggar nodded and also stood up very cooperatively, Ji Feng smiled, from this point on, this person is not like a stalker scoundrel, just how this guy has set his eyes on himself, determined that he can pay this money?

"Sir, what exactly do you have to do before you are willing to give me money?" The beggar asked.

"..... How does it look like a debt collector?"

Ji Feng shook his head, put his hand out and smiled: "No matter if I can give you money today, but at least meeting is considered fate, let's shake hands first!"

The beggar was then slightly stunned, but his face was a little happy, hearing Ji Feng's words, it seemed that he was still impressed with him, or at least very likely to give him money.

So he didn't think much about it and hurriedly extended his hand to shake Ji Feng's.

However, just as he was about to spill his hand, he suddenly felt a huge and incomparable force suddenly coming from Ji Feng's hand, rushing straight towards him, even giving him a feeling of being irresistible!

He was instantly startled, and subconsciously his wrist shook violently, and his body took a step backwards quickly, trying to remove the force.

However, he did not expect that Ji Feng's hand suddenly became like an iron pincer again, making it impossible for him to pull out.

Campus Master Chapter 2305

The beggar was immediately surprised in his heart, he was a bit puzzled as to why Ji Feng would suddenly strike at him, before the two of them were still chatting well with each other, Ji Feng also showed a lot of goodwill towards him, there was no half intention to make things difficult with him at all.

Moreover, it was precisely when he saw the thoughtful look on Ji Feng's face during his previous siege, as well as Ji Feng's subsequent performance, that made him think that Ji Feng not only had the ability to come up with a million, but also might be willing to give him this money

However, he did not expect that the facts would be the exact opposite of his prediction, and instead of taking the money to help him, Ji Feng suddenly flipped out on him.

..... A second before, Ji Feng was still hypocritical, saying what meeting is fate, to shake hands with him, the result of this hand just a handshake, Ji Feng suddenly shot assassination him, this completely out of his expectations.

Could it be that

This beggar suddenly thumped in his heart Could it be that this superficially well-dressed looking so-called well-wisher was in fact simply sent by those people to humiliate him and also to stop him from raising money?

No one can stop me from saving my mother!

When he thought of this, the beggar clenched his teeth, the light in his eyes burst forth, and his face even showed a ruthlessness to fight for his life.

In fact, although this is a long story, but in fact, everything only happened in a short moment, these thoughts also only in the beggar's mind a flash, the next moment, his body suddenly burst out an incomparably powerful force, directly towards Ji Feng's arm rushed.

At the same time, the beggar's other hand suddenly turned into a palm into a fist and instantly blasted towards Ji Feng's ribs.

"Pop!"

With a flick of his wrist, Ji Feng directly pushed the beggar's fist to the side, making it deflected. At the same time, his mouth held a smile with an odd meaning, and his foot suddenly kicked over.

The beggar was once again startled, Ji Feng's speed was just too fast, leaving him hardly any time to react, he subconsciously tried to avoid it, but as soon as he moved, he felt his arm steeply tighten – Ji Feng was still holding his hand, making him powerless to avoid it!

"Ah!"

In his desperation, the beggar shouted angrily, and his whole body actually fell down violently, using his elbow to clash with Ji Feng's leg, and at this time, Ji Feng's foot was already close to his chest, so it could be said that if his reaction was even a second slower, he would definitely have been seriously injured by now, and would probably even be killed by this kick on the spot!

"Whew~!"

But that wasn't all.

Just after dodging the kick, the beggar didn't even have the time to counterattack again, when he suddenly felt a gust of wind coming from his ears.

–This was the last thing he could do.

One of his hands was grabbed by Ji Feng, and he was still crouched down, so his two legs could not attack at all, and the only thing he could use now was his only remaining hand.

"Boom!"

The sound of fists colliding came out, and the beggar could not help but let out a muffled cry, “Ugh!”

He felt as if his fist had hit a rock, it was incredibly hard, which surprised him, he knew that even if there was really a rock in front of him, he would still be able to break it with one punch, but now he actually felt a raw pain on the face of his hand!

“Could it be that they have sent all their topmost experts here?” The beggar was appalled.

“Swish!”

Just as the beggar was appalled beyond belief, Ji Feng punched over again, this time it was even more severe, making it almost impossible for the beggar to avoid it, the latter could only grit his teeth and once again blasted with his fist against Ji Feng.

“Boom!”

The two of them once again shook hard, the beggar immediately felt a shock, immediately after that, his arm was numb, he could not even use half strength

The beggar was even more appalled!

However, at this point, Ji Feng suddenly let go of the beggar’s hand, slightly backed up a step, smiling at him.

As soon as the beggar gained freedom at first, he took two violent steps back, looked at Ji Feng with incomparable vigilance, with a touch of annoyance in his eyes, gritted his teeth and said, “I can’t believe that you are the person they sent you suddenly made a sneak attack, what kind of thing is that!”

Ji Feng raised an eyebrow and said, “Looks like you still have enemies but you don’t have to worry, I’m not sent by anyone.”

Seeing the beggar slightly stunned, Ji Feng smiled and said, “Not bad kung fu, well, it seems you are indeed worth a million.”

“What do you mean?”

The beggar stared at Ji Feng, somewhat suspicious, and the vigilance in his eyes, although not all gone, was much reduced.

Ji Feng said, “It means that I think this is a good investment opportunity, so this one million I am willing to pay.”

“Really?!” The beggar was stunned, and then he was overjoyed, “You’re really willing to pay? Also, are you really not sent by the Yang family people?”

“Of course it’s true!”

Ji Feng nodded and said, “Your body is very good and worth far more than this one million, as for the Yang family or whatever, I’ve never heard of it, so you don’t have to worry at all But don’t be too happy too early, one million is not a small amount, and I won’t take it to you for nothing.”

The beggar nodded, unable to hide the joy on his face, "I know, I already said, if you can give me a million, then this life of mine is yours!"

Since he was sure that Ji Feng was not sent by the Yang family, then, no matter who he was, as long as he was willing to give the money, then he would naturally keep his promise.

Ji Feng, however, waved his hand and said, "I am not interested in your life, however, I would like to use this money in exchange for you serving me for a certain period of time, is that alright?"

The beggar nodded and said, "Of course it's no problem, however, I will still fulfill my promise"

"Let's talk about this later." Ji Feng said, "Since you agree, then, do as you say, I need to leave your blood sample and fingerprints and various other characteristics."

"No problem!" The beggar immediately nodded his head.

"That's good."

Ji Feng nodded and smiled, saying, "After talking for so long, I still don't know what your name is and how to address you?"

The beggar said, "My name is Yang Bin! Yang of Yang tree, Wen Wu Bin!"

"Yang Bin"

Ji Feng smiled and said, "So, you are also a Yang family member"

Upon hearing that, a hatred flashed in the eyes of this person named Yang Bin and said, "I don't have any relationship with the Yang family!"

"It doesn't matter." Ji Feng smiled, it didn't matter what Yang Bin was, as long as he wasn't a wanted criminal or had any kind of criminal record on him, Ji Feng was willing to take him, "Alright, let's go ahead and do what we negotiated"

"I'll listen to your arrangement!" Yang Bin nodded his head and said.

After that, Ji Feng took out his mobile phone and dialed Ji Shaojun's number.

.....

"What?!"

Ji Shaojun couldn't help but be a little surprised: "Taking a million to buy a human life?! Little Feng, you're"

He glanced at Ji Feng in astonishment, this matter was really new to him, what could be worth one million ah?

Besides, with Ji Feng's status and position, as well as the energy he holds in his hands, there is no need to use this way to recruit talent, right?

If Ji Feng was willing, he could always find someone who was willing to work for him, as long as Ji Feng could solve the other party's worries and ensure that his family would be rich and prosperous for a long time to come – and this was not difficult at all for Ji Feng.

“Little Feng, don't you want to think a bit more clearly?”

Ji Shaojun glanced at Yang Bin, who was not far away, and could not help but frown, pulling Ji Feng a few more steps to the side and lowering his voice, “Do you know this person? If you want to find someone who knows the roots, it's better to look for them yourself, it's better to pick from among the guards and soldiers

Ji Feng nodded and smiled: “I understand what you mean, it's okay, I have it in my heart, just do as I say.”

“You won't think about it anymore?” Ji Shaojun asked.

“I've thought it through, there are some reasons you don't quite understand, I'll explain it to you in detail later when I have time.” Ji Feng smiled, “Now do as I say.”

“Alright.”

Ji Shaojun shook his head helplessly and said, “Since you have already decided, then I won't say anything more, isn't it just a matter of taking him to leave all kinds of things that can prove his identity, no problem

Ji Feng said, “Remember, you must personally bring someone there, and you must let the police check before confirming down, understand?”

Ji Shaojun nodded and said, “Don't worry, I know what to do.”

Ji Feng smiled and said, “Leave the matter to you, I am at ease.”

This was very comforting for Ji Shaojun to hear, and he immediately patted his chest and promised that he would make sure that things were done beautifully, after all, this was really the first time Ji Feng had asked him for help with this kind of thing, and he naturally had to do his best.

“By the way

Ji Shaojun was about to lead people away when Ji Feng suddenly remembered something else and asked, “Shaojun, have you seen Ji Shaoyou recently?”

“Shaoyou?”

Ji Shaojun was a bit surprised: “I've seen him, I even saw him two days ago, why do you suddenly want to ask about that kid?”

Ji Feng asked, “Did he show any unusual behavior? For example, anxious, or worried, or did he seek your help or anything like that?”

“No, he's normal!” Ji Shaojun said, “When we ate at my place two days ago, that kid ate better than anyone else, dried up three big bowls of rice in a row

“Oh, that’s not true, I was just casually asking.” Ji Feng laughed: “All right, hurry up and bring someone, remember to do things more carefully ah.”

“Don’t worry, there won’t be any problems for sure!” Ji Shaojun laughed, he didn’t think elsewhere, he was just slightly strange in his heart, didn’t Ji Feng lecture Shaoyou before, why is he suddenly asking for news about him now?

Campus Master Chapter 2306

Naturally, Ji Shaojun did not know that his good brother, Ji Shaoyou, was already in trouble at the moment, and the trouble might not be small.

However, before Ji Shao Hong came back, Ji Feng could not tell others about this news, otherwise, in case Ji Shao Jun leaked out, I am afraid that by then Ji Shaoyou would be prepared or do something even more absurd.

However, Ji Shao Hong moved quite quickly, and a little after 5pm, Ji Feng received a call from him.

“I’ve arrived in Yanjing, I’m going to find Ji Shaoyou now, I’ll contact you after I find out what’s going on.”

“Don’t be too hasty, pay attention to the method.” Ji Feng said.

Ji Shaoyou this person is a temper, Ji Feng more or less can be considered to understand some, this person is just spoiled and arrogant since childhood, if Ji Shaohong forced too hard, maybe instead will have a rebellious mentality.

If Ji Shaoyou doesn’t tell the truth, then Ji Feng will have some worries when dealing with this matter.

Ji Shao Hong said, “Don’t worry, I know that kid’s character.”

After closing the line, Ji Feng couldn’t help but shake his head.

Although the elders of the Ji family are strict and strict with their children, in reality, many of the children of the family are docile like kittens at home, but when they go outside, they become high and mighty like tigers.

The Ji family was no exception, and people like Ji Shaoyou and the former Ji Shaoyun were the best examples of this.

So Ji Feng was not sure if Ji Shaoyou had really done something bad, he could only wait patiently now, he always had to understand things clearly first, otherwise he would be very passive when he confronted Wu Zhiyong again.

“Little Feng!”

When Ji Feng was having dinner with Qin Shujie and Bai Zhu, Ji Shaojun brought Yang Bin with him.

Ji Feng smiled, “Here you are? Haven’t eaten yet, have you? Sit down and eat together!”

When Ji Shaojun saw that Qin Shujie and Bai Zhu were both here, he couldn't help but laugh, "I'd better forget it, I've made an appointment with a friend and have a dinner party in the evening, so if I eat in first I won't be able to eat later."

It's a joke, Ji Feng was having dinner with Qin Shujie and Bai Zhu, so naturally he wouldn't be foolish enough to come up and join the fun. It was just as well before, that was when Ji Feng wanted to arrange for him to do something, now that everything was already in order, he certainly wouldn't stay and be a light bulb.

"By the way, things are already done."

Ji Shaojun turned and pointed at Yang Bin who was following him and said, "But I didn't take him to the police station, instead I went straight to the criminal investigation team and got it all done."

Ji Feng smiled, "Really?"

Ji Shaojun nodded and said, "That's right! Everything is fine."

Ji Feng was then relieved, he took out the cheque book from his bag, brushed it up and filled it out, handed it to Yang Bin and said, "Here is one million, I hope I can save your mother without any problems."

When Yang Bin took the cheque, he looked at it somewhat hesitantly, then looked at Ji Feng again.

"This is a cash cheque, you can exchange or store it directly at the bank either." Ji Shaojun said next to him, "But it has an expiration date, so if you're not afraid of losing it, you'd better go to the bank tomorrow and deposit it."

"..... hmm."

Yang Bin looked a little restrained and a little embarrassed, he was really a little unclear about how to use this cash cheque.

Ji Feng laughed: "All right, you've got the money in hand, hurry back and get ready, then go save your mother."

Qin Shujie and the two of them couldn't help but be a little surprised, who was this stranger?

How come Ji Feng gave him a million so readily?

But they didn't interrupt, even if they had doubts they would wait until they turned around and asked Ji Feng about it when no one was around.

And at this time Yang Bin was looking a bit puzzled: "You you don't send someone to follow me?"

Ji Feng shook his head and said, "There is no need for that."

Since Yang Bin had left his blood sample and fingerprints behind, and Ji Shaojun had confirmed his identity, then Ji Feng naturally wasn't worried about him running away with the money, and if this Yang Bin really rolled this money away, then Ji Feng might not let him get away with it.

The only thing is, with Yang Bin's skills, if he can really throw away all his morality for this million, then Ji Feng has nothing to say, such a rat's eye, this person is afraid that this is the end of his life.

The reason is that since Ji Feng intends to give a helping hand, he wants to use this person, and he may even reuse him in the future.

If he reused someone who was not trustworthy, it would be better to use someone with mediocre abilities, at least he would not have to worry about being backstabbed.

"Go ahead."

Ji Feng said, "I'm sure you won't do anything to make yourself look up just because of this one million, at least, you'll be able to afford your kneeling before, right?"

Yang Bin looked at Ji Feng in a daze, then he clenched the cheque in his hand and gave a deep bow to Ji Feng, saying, "Mr. Ji, this life of Yang Bin will be yours from now on, I will always remember your kindness to me."

Ji Feng laughed: "It's not that serious, go ahead."

Yang Bin also didn't say another word, he just bowed to Ji Feng once again, then turned around and left.

"Wait a minute!"

Ji Feng suddenly remembered something, so he called out to Yang Bin.

The latter turned around and asked, "Mr. Ji, do you have any more orders?"

Ji Feng said, "There are no commands, but there is something I almost forgot"

Saying that, he said to Qin Shujie, "Shujie, give me a note."

Although Qin Shujie was surprised by this scene, she hurriedly took out a note book from her bag and handed it to Ji Feng, who took it and brushed a line of words and a string of numbers on it, then handed it to Yang Bin.

"I might have to go to Jiangzhou after a few days, by then if you finish your business, go to Jiangzhou to find me at the address on it, or call this number as well." Ji Feng said, "If you can't find me for a while, you can also contact Shaojun directly"

"Yes!"

Only then did Yang Bin understand that Ji Feng had called him for future contact.

Ji Shaojun smiled, "Don't worry, I already told him before and gave him my contact information as well."

Ji Feng then smiled and nodded, what kind of character was Ji Shaojun?

When he took Yang Bin to the police station, he would definitely mention his identity slightly, of course more specific things should not be told to Yang Bin, but at least he would also let Yang Bin know that some money is not so good to take.

In fact, this is not Ji Feng's intention, but in Yanjing Ji Shaojun is far more familiar than he is, so this matter he left to Ji Shaojun to do, as for the identity to pressure Yang Bin, Ji Feng never thought.

If you want to reuse a person, identity is certainly important, but the most important, but you can still deter it, the key still depends on your own ability and personality charm.

"It's best this way." Ji Feng nodded and said, "There is nothing else I still say, if you really encounter difficulties that can't be solved, you can call for me."

"Yes!"

Yang Bin nodded his head. Just looking at his expression, it was obvious that he had no intention of asking Ji Feng for help.

"Go."

Ji Feng didn't say anything else, this person Yang Bin appeared to be a bit stubborn at first glance, and his character might also be a bit fierce, and such a person usually wouldn't easily ask for help, like this time, Yang Bin asked for one million dollars, but he had to take his own life in exchange.

In this regard, Ji Feng was satisfied.

The more stubborn and fierce a person is, the more straightforward he is. Once he can be convinced, he will be loyal to you in the future and will never have second thoughts!

Yang Bin left, and as he walked to the entrance of the restaurant, he turned his head to give Ji Feng a deep look.

Seeing that Yang Bin had left, Ji Shaojun smiled and said, "Alright, I should go too."

Ji Feng said, "Are you really not staying for dinner?"

Ji Shaojun smiled heatedly, "Forget it, it's better to keep my stomach for the night and drink more away."

Saying that, Ji Shaojun also looked at Qin Shujie and Bai Zhu.

Ji Feng then knew that this guy must be thinking too much, and certainly not in a good way, but he did not bother to explain, just admonished: "Drink less, I see that your body is a little weak"

"Ahem!"

Ji Shaojun coughed dryly, casually greeted, and hurriedly left.

The two women blushed a little, Qin Shujie gave Ji Feng a white look and snapped, "Why do you say everything!"

Ji Feng then laughed, he was tempted to say that Ji Shaojun's body was really a bit weak, which could be seen from Ji Shaojun's posture when he walked, his feet were weak and feeble, and his eye sockets were also sunken down a bit, which were all signs of a weak body.

Although Ji Feng was not too proficient in the medical arts, he at least had a good understanding of some of the appearances of the human body – in fact, it was the same for other martial artists, since

ancient times, medicine and martial arts were not separate, but all those who had attained in martial arts had a deep understanding of the structure of the human body.

For example, if you want to remove your opponent's arm, or if you want to strike your opponent's vitals, then you must at least know exactly where your opponent's vitals are.

If you don't have a very deep understanding of the human body, you naturally can't do it.

What's more is that Ji Feng also has the extraordinary ability of seeing through the eyes, so he naturally knows the human body better than ordinary people, so through the two simple contacts with Ji Shaojun, he could tell that Ji Shaojun's body was a little weak.

If this continues, I'm afraid Ji Shaojun will be emptied of his body by alcohol and sex.

But this was not something he could tell Qin Shujie and Bai Zhu.

At this time, Qin Shujie also did not continue the topic just now, but asked: "By the way, who was that person just now? How come you gave him a million for no reason?"

Ji Feng said, "Remember the beggar who was begging for money in the square today?"

"Remember, how"

Qin Shujie suddenly realized something, she was suddenly surprised, "Ji Feng, you didn't really give him money, did you?"

Campus Master Chapter 2307

Ji Feng nodded and said, "Yes, it was really given, that man just now was called Yang Bin, he was the beggar who was begging for money in the square during the day."

"Ji Feng!"

Qin Shujie couldn't help but say, "Are you confused? Giving someone a million for no reason? Yes, I admit that beggar's method of begging for money is quite novel, using his life in exchange for a million" How does this thing sound?"

Ji Feng nodded with a smile and said, "I know, this is indeed a bit unreliable, but I also have my considerations."

Qin Shujie then said helplessly, "I see, ah, you were tricked by that beggar."

Ji Feng laughed: "Whether or not I was cheated, this matter will be discussed later, there will definitely be a conclusion later, besides, he was able to kneel down and beg me, even if this one million dollars went down the drain, it may not be a pity."

"You are too naive then." Qin Shujie said, "In this world, there is no telling how many people are willing to kneel down for a million, and he is definitely not the only one."

"But he's still a martial artist with quite a powerful body, that's different." Ji Feng said.

"A martial artist?"

Qin Shujie blinked and said, "Is it still like the old days when people in the jianghu said one thing and were very moralistic? Ji Feng, listen to my advice, hurry up and send someone to find that beggar and get the money back, otherwise you'll definitely regret it later."

Ji Feng shook his head with a smile and said, "No need. Just with his skills, it's far more than a million can buy Well, don't say this, I also know you are doing it for my own good, but this Yang Bin is a fraud or something else is hidden, one day later is going to find out, let's eat."

Qin Shujie shook her head helplessly, it seemed that Ji Feng was determined, she could not say anything else.

The only thing is that Qin Shujie is still a bit strange in her heart, what is so outstanding about that beggar that would make Ji Feng willingly give him a million for nothing?

In fact, Qin Shujie didn't know that Ji Feng didn't take out this million because he was hot-headed, or because he had too much money to spend.

In fact, as Ji Feng said, Yang Bin's skills alone were far from what a million dollars could buy.

Before, Ji Feng had tested Yang Bin's skills and suddenly attacked him without the slightest preparation, and he hardly showed any mercy.

And in that situation, Yang Bin's reaction speed was surprisingly fast, far beyond Ji Feng's expectation, and even several of Ji Feng's attacks in a row were defeated by Yang Bin, although at that time, Yang Bin was in a great mess, but it had to be said that Yang Bin's body was absolutely strong.

Although they had only exchanged quick blows between them, sort of a few moves, and Ji Feng had not yet activated the bio-current, he could make a general estimate of Yang Bin's stance.

According to Ji Feng's estimation, I'm afraid that Yang Bin's strength was similar to Zhang Lei's, and the two might even be on par!

This is very surprising!

One must know that Zhang Lei had put in some hard work to train in martial arts, and he had actually fought against people from ancient martial arts families, and it was a life and death battle without mercy!

Because of the matter between him and Shen Jingyi, Shen Jingyi's family did not approve, and there was another young master from another ancient martial arts family who liked Shen Jingyi, and had even humiliated Zhang Lei for this reason, so Zhang Lei had worked hard, and after he had really fought fiercely with people from ancient martial arts families, he had learnt from his experience, and this was how he got his current skills.

But this Yang Bin, who was not even a few years older than Zhang Lei in terms of age, was already so powerful, which was really astonishing.

If a person with this kind of skill wanted to get a million dollars, it really wasn't that difficult.

This is why Ji Feng is sure that if Yang Bin is really going to run away for this million, then he really has no pity, just for this, I am afraid that Yang Bin's achievements in this life will be limited to this.

If a person's heart is not good, it is difficult to achieve much in martial arts practice.

The same is true for doing other things!

So, after Ji Feng took the one million to Yang Bin, he didn't even think about the matter again, nor did he ask Yang Bin when he would be able to do things and come back This may be a loophole, but Ji Feng had already considered it, he just didn't say so.

Ji Feng is waiting for the day when Yang Bin comes back!

Besides, what Ji Feng is most concerned about right now is not this matter, but what nasty things Ji Shaoyou has done and what handles have fallen into Wu Zhiyong's hands.

.....

Ji Feng didn't have to wait too long, early the next morning, he received a call from Ji Shao Hong.

"Little Feng, I understand everything clearly." Ji Shao Hong said, in the phone, Ji Shao Hong's voice was a bit low.

"Understood clearly?"

Ji Feng frowned at once, "What, is the problem serious?"

Ji Shaohong was silent for a moment before he said in an angry voice: "That bastard, to think that"

"Alright, let's talk about what's going on in person." The first thing you need to do is to get to the right place.

Ji Shao Hong said in a muffled voice, "That's fine."

And then, he told Ji Feng his address.

After greeting Qin Shujie and Bai Zhu, Ji Feng went straight to the address Ji Shaohong said, while in his heart, he couldn't help but sigh, it looked like Wu Zhiyong really didn't bluff himself, this Ji Shaoyou really did something rather nasty and was caught by him.

This, just from Ji Shao Hong's annoyed and low tone of voice, could be heard, I'm afraid things are very bad!

Thinking of this, Ji Feng couldn't help but shake his head, his heart was a bit on fire, these fops, they are simply not good enough to make things happen!

It is still unknown what Ji Shaoyou has done, if it is really the kind of evil that has caused the anger of the people, then it is not that easy to cure Wu Zhengxin this time, unless the Ji family can watch Ji Shaoyou's bad luck.

At this time, Ji Feng suddenly has a feeling of sympathy with Wu Zhiyong.

I'm not afraid of a god-like opponent, but afraid of a pig-like teammate!

If it wasn't for Wu Zhicheng's arrogance, Wu Zhengxin wouldn't have gotten caught up in it, and if Wu Zhengxin hadn't gotten caught up in it, then the Wu family wouldn't have been so passive.

The same was true for him now.

If it wasn't for Ji Shaoyou, a man who was not good enough to do anything, why would he be so worried at this moment?

But now it's too late to say anything, we always need to know what Ji Shaoyou has actually done before we can target some countermeasures.

On the way, Ji Feng didn't say anything, even though the taxi driver was very eloquent, but seeing that Ji Feng didn't say anything, he felt a bit bored and finally could only drive quietly.

Luckily, because Ji Feng got up earlier, the cars on the road were not quite congested, so Ji Feng only spent about forty minutes before he arrived at his destination.

—Ji Shao Hong did not stay at home this time when he returned, but stayed in a villa outside.

When the taxi driver dropped him off at the address Ji Feng said, he looked at Ji Feng a little strangely. He had talked a lot about politics on that journey, and this young man could live here, so he couldn't be the young master of any family, could he? So did he snicker at those views of his, or

The taxi driver drove off with a complicated mood, and Ji Feng entered the villa with the same somewhat complicated mood.

Ji Shaohong is waiting at the front door, at this moment his eyes are bloodshot, his face with an angry look, and some some grease, it seems that he has stayed up all night.

Ji Feng frowned and said, "Didn't sleep all night?"

Ji Shaohong hummed and said, "Can I sleep before that bastard gives a clear explanation!"

Ji Feng then nodded and said, "Let's talk inside Where is Ji Shaoyou?"

"He's inside!"

Ji Shao Hong pointed to the living room and said, "I told him to think about what he hasn't said in the bedroom, this bastard"

Ji Feng's brow then furrowed, "You locked him in the room by himself?"

"Don't worry, the room's windows are covered with security windows, he can't get away, he can't slip away even if he wants to!" Ji Shao Hong said.

"I'm not talking about that!"

Ji Feng shook his head and said, "If you lock him in there, aren't you afraid of putting him to do something stupid?"

Ji Shaohong immediately understood what Ji Feng meant when he heard that, he couldn't help but sneer and said, "Just him? He has the guts to do something stupid?"

Ji Feng patted him on the shoulder, "Take it easy first, sit down and talk."

As he spoke, Ji Feng handed Ji Shao Hong a cigarette and lit it for him. It could be seen that Ji Shao Hong must have taken a lot of trouble this night, and he looked a bit haggard.

“Refresh yourself first.” Ji Feng said, “Speak slowly, there’s no rush.”

“That bastard

Ji Shao Hong took two hard puffs, turned and pointed at the bedroom door, saying, “You are unaware of what that bastard actually did! He he

Seeing that Ji Shaohong was so angry that he could barely speak, Ji Feng frowned and said, “What, Ji Shaoyou killed someone?!”

Ji Shaohong said angrily, “Didn’t kill anyone, but it’s almost the same!”

Ji Feng’s face then turned serious as he asked, “What exactly is the matter?”

Ji Shaohong gritted his teeth and said angrily, “That bastard, he trashed a girl, the girl’s boyfriend and her father came to ask for justice, and he actually ended up finding someone to break her boyfriend’s legs, I don’t know what happened but he also found someone to threaten them

“Boom!”

Before Ji Shaohong could even finish his words, Ji Feng stood up violently and kicked over the coffee table in front of him, “Lawlessness!”

Ji Shaohong then couldn’t help but be stunned, he didn’t expect Ji Feng to actually react so strongly, one could even say he was shocked.

Campus Master Chapter 2308

“Boom!”

Before Ji Shaohong could even finish his words, Ji Feng stood up violently and kicked over the coffee table in front of him, “Lawlessness!”

Ji Shaohong then couldn’t help but be stunned, he didn’t expect Ji Feng to actually react so strongly, one could even say he was shocked.

Frankly speaking, what Ji Shaoyou did was indeed outrageous, it was completely the most typical example of a young master of a powerful family wantonly abusing a woman, even when someone’s boyfriend came to the door he was actually beaten up and broke his leg

When hearing this news, Ji Shao Hong was also incomparably furious. However, his anger was because Ji Shaoyou was his brother, but he ended up doing this kind of thing, and he, as a big brother, did not discipline Ji Shaoyou, naturally because of the kind of anger that hates iron but cannot steel.

But Ji Feng shouldn’t have been like that!

In fact, from the way Ji Feng addressed Ji Shaoyou, he could hear that he still had an opinion about Ji Shaoyou, so when he heard that Ji Shaoyou had done such a thing, what Ji Feng should have considered

more was how much of an impact this thing that Ji Shaoyou had done would have on the fight with the Wu family.

But now, Ji Feng was clearly angry because of this matter itself!

This allowed Ji Shao Hong to see another side of Ji Feng – the saying that those who achieve great things do not mind small things did not seem to be too applicable in Ji Feng’s case.

Instead, Ji Feng cared more about the fact that Ji Shaoyou had spoiled a woman and broken her boyfriend’s leg?

“Little Feng, this matter Ji Shaoyou did is indeed too much of a bastard, this is not only illegal, but also will affect the competition with the Wu family”

“This is not a question of whether the shadow affects the outcome of the contest!”

But Ji Feng waved his hand and interrupted Ji Shao Hong’s words, saying, “Whether it is illegal or not, whether it will affect the outcome of the contest, whether it will make Wu Zhengxin escape sanctions as a result, these are not important!”

None of this matters?

Ji Shao Hong then said with some doubts, “Then”

“The most crucial thing is that Ji Shaoyou will ruin that girl’s life by doing this!”

Ji Feng’s face was sullen and frighteningly cold: “For the rest of her life, that girl’s heart will be in shadow, and she’ll probably still have nightmares after how many years have passed! And her boyfriend, knowing full well that his girlfriend was trashed, but unable to take revenge, not even having the chance to give his enemy a fair trial, how humiliating is that!”

“If it were me, I would probably be so twisted in my heart that I would even have the heart to simply wrap a bundle of explosives around my body to die with the other party!”

Ji Feng said in a deep voice: “Maybe her boyfriend will think about his family, or he won’t have enough guts to do something so extreme, then he will live in a nest for the rest of his life, and one day when he can’t sleep in the middle of the night and suddenly remembers this matter, he will feel his face burning... ..”

“From then on, their lives have been changed!”

Ji Feng glared and said in a cold voice, “Ji Shaoyou’s momentary pleasure has ruined several people’s lives! Did he ever consider this before he committed his evil deeds? Who gave him the guts to do such heinous things? Ah?!”

When Ji Shao Hong saw Ji Feng’s shocked expression, he suddenly understood that perhaps, this was the biggest difference between Ji Feng, who came from a folk background and had suffered the hardships of the world since he was a child, and those other gentry boys!

If it was Wu Zhiyong, what he would have been most concerned about today would have been whether the matter had any impact on the overall situation, how to deal with it in order to minimize the impact and how to win.

But for Ji Feng, when he heard the news, the big picture or anything else was no longer important.

What Ji Feng is concerned about is what bad consequences this matter has brought about and how much damage it has caused to the victims Compared to those other top government officials who run the show, Ji Feng has a completely different perspective from them.

If, for example, those other top gentry who are high up in the world, all they are concerned about is the big picture, just the end result, as for what discordant voices there are in the process, or who they have hurt in order to achieve the end goal, I'm afraid that in their hearts they will at most just say sorry.

As long as it doesn't have much impact on the ultimate big picture, they won't be too moved.

Ji Feng, on the other hand, is different in that he is looking at it entirely from the bottom, and he attaches extra importance to the voice of the bottom, even if that person may not be able to make a half-hearted impact on him

But if you look at it from a long term perspective, Ji Feng is probably more concerned about the lower levels. This approach of Ji Feng will make his foundation stronger, even if the Tower of Heaven leading to the end is destroyed by his opponent, but as long as the foundation is strong enough, he will be able to rise again completely.

But his opponents were different, they only valued the superstructure and the final result, but did not know that if there was any mistake in the middle, the soft foundation would make their Tower of Heaven collapse and there would be no possibility of rising again!

This is what makes Ji Feng different!

Ji Shao Hong nodded and said, "I'll handle this matter."

Ji Feng was silent for a moment and couldn't help but let out a soft sigh and said, "Shao Hong, anything can be condoned, but this kind of heartless matter, no matter what, can't be condoned, otherwise, even if you walk up to a higher position, what's the point?"

Ji Shao Hong nodded silently.

"That's it!" Ji Feng shook his head, turned around and walked away.

He knew that Ji Shaohong would definitely be able to understand what he meant, and he was also willing to believe that Ji Shaohong hadn't become black-hearted just because he came from a good background and because he had entered the official world.

However, how to deal with it, or how to explain it to the family, Ji Feng still needs to go out personally, so after he left the villa he took a taxi and rushed to his father's work place, this matter, he has to personally communicate with his father.

At the same time, after Ji Feng left, Ji Shao Hong sat on the sofa for a long time before getting up and opening the bedroom door.

“Big brother!”

Ji Shaoyou was sitting on the bed, looking at him with some embarrassment.

Ji Shaohong said, “Shaoyou, get ready and come with me to turn yourself in.”

“Big brother!”

Ji Shaoyou was shocked and said, “Big brother, I’m your younger brother, are you really going to send me to jail?”

“It’s not that I’m going to send you to jail, but what you did yourself is so heartless that it’s heinous!” Ji Shao Hong said, “That’s just in our family, if you weren’t a child of the Ji family, I’m afraid you would have been cast into prison by now What you do yourself, you have to learn to bear the burden yourself, go!”

“Big brother!”

Ji Shaoyou was full of panic: “I don’t want to go to jail, besides I was just confused for a moment then, I regretted it later”

However, before he could finish his words he was interrupted by Ji Shao Hong.

“You fart!”

Ji Shao Hong’s face turned red with anger, and even he, who had always been well-mannered, could not help but burst out foul: “How dare you lie even now? If you regret it, why did people come to seek justice and you had to find someone to break their legs?!”

Ji Shaoyou choked for a moment, “I”

“Humph!”

Ji Shao Hong coldly snorted, “You still haven’t realized your mistake until now, I think, you must go to jail to reflect on your mistakes!”

“Big brother, can you bear to send me to jail?!” Ji Shaoyou panicked, “Are you afraid of Ji Feng?”

“You shut up!”

Ji Shao Hong said angrily, “This matter has nothing to do with Ji Feng, it’s you who did it wrong, even if Ji Feng doesn’t say anything, I will personally send you to the police station!”

After a pause, without waiting for Ji Shaoyou to speak, Ji Shaohong added: “I will explain this matter to your parents, they really spoiled you, if you are not taught a lesson this time, you will really dare to do anything in the future, I am afraid that a human life will not count for anything in your eyes then?”

Ji Shaoyou was scared, he knew that his elder brother was not just playing around this time, he subconsciously wanted to run, but just before he ran two steps, he heard Ji Shaohong say in a deep voice behind him, “If you dare to run out of this door, then from now on, you will have no place in this Ji family!”

Ji Shaoyou wouldn’t dare to run.

Although he was arrogant, he knew that he could be arrogant because his surname was Ji!

“Let’s go, turn yourself in!” Ji Shao Hong said in a deep voice.

“Big brother!”

Ji Shaoyou’s voice was trembling a little.

But Ji Shao Hong said in a deep voice: “It’s not that I’m ruthless, but you’ve gone too far, you’ve not made a mistake, you’ve lost your conscience, our Ji family absolutely cannot tolerate such a thing!”

“No! I won’t go!” How could Ji Shaoyou be willing to go to jail, he shook his head desperately, just not willing to go with Ji Shao Hong.

“If you go now, it’s still a surrender, but if you insist on not going, I’ll notify the police to come and arrest you, then you’ll get a heavier sentence, it’s your choice!” Ji Shao Hong said in a deep voice.

“It’s not like I’m the only one who has done this kind of thing, everyone else has done it too, why do I need to go to jail?!” Ji Shaoyou shouted, “The Chen family’s oldest has done it, and more than once, there are female students jumping off buildings for him

“Because your surname is Ji!” Ji Shao Hong said in a deep voice, “Let’s go, no more nonsense, it’s useless for you to say more.”

“What’s the use of my surname Ji? Still being pinned down by Ji Feng and the others? It’s obvious that Ji Feng wants to go against the Wu family, why should I be sacrificed?!” Ji Shaoyou shouted, “Big brother, you’ve changed, you weren’t like this before!”

Ji Shao Hong shook his head, “You don’t understand, how much you get, how much you have to give, you think Shao Dong and Xiao Feng and the others get far more than us, but you’ve never thought that the responsibility they bear is also far greater than us! If the Ji family really collapses, what will happen to them, will also be far more miserable than us

“I don’t understand any of what you’re saying, anyway, I only know that you used to protect me no matter what I did, now why have you become like this!” Ji Shaoyou shouted.

“Because after experiencing many things, I gradually learned some truths, and you, you are lacking such a lesson!” Ji Shao Hong said, “Go!”

Campus Master Chapter 2309

At this time, Ji Feng did not know that Ji Shao Hong had already dragged Ji Shaoyou to the police station to turn himself in. He came directly to his father Ji Zhenhua’s office – the Organization Department office building.

Because Ji Feng didn’t have any documents and had come by taxi, he could only contact his father’s secretary first.

Although it was still early, more than two hours before the start of work, Ji Zhenhua was already in his office, having woken up before dawn in the morning, had a hasty breakfast, and then came to work.

In fact, when he reached the position of Ji Zhenhua, there was hardly any rest time left to speak of, or at least it was always difficult to see his father leave work on time whenever Ji Feng returned to Yanjing.

“Young Ji!”

Ji Feng didn't have to wait for long before Ji Zhenhua's secretary arrived at a fast pace, “Waiting anxiously, right?”

“Just call me Ji Feng directly.” Ji Feng said.

“No problem, let's go, the minister is waiting.” The secretary smiled, being able to get on good terms with Ji Feng was naturally a good thing for him, so the secretary was very enthusiastic.

Even though Ji Feng had things on his mind, he wasn't in a hurry, so he did chat with his father's secretary along the way.

It was only then that he learned that there seemed to be a recent nest case in a city in the west, and it was a big corruption case, and many cadres had been implicated, and even heavyweight cadres had fallen, while his father, the minister in charge of the country's official hats, had to think about how to arrange his successor.

At the same time, this year's party school students will soon graduate, Ji Zhenhua is also the president of the party school, for this graduation ceremony, my father also plans to prepare.

The only thing is that even if my father is teaching the cadres in the party school, he may not be able to do anything, and I'm afraid that when they return to the local community, they will reveal themselves again in the blink of an eye.

The only thing that matters is a good system.

Of course, under the premise of having a good system, there must also be strong implementation, these issues, I'm afraid, is what my father has been considering, right?

As expected, when Ji Feng saw Ji Zhenhua, the latter was writing something on his desk.

Ji Feng casually swept a glance and saw that the content on it seemed to be about some reform opinions on the system.

“Here it is.”

Ji Zhenhua pointed to the sofa in the lounge area and said, “Sit down for a while and wait for me to finish writing this paragraph.”

Ji Feng said, “Dad, shouldn't the secretary do all these jobs?”

“There are some things that it's better to do yourself.” Ji Zhenhua shook his head, no matter how close his secretary was, he could not fully appreciate and understand what he personally meant, so some materials still had to be prepared by himself.

If Ji Zhenhua hadn't been able to get to where he was today, he wouldn't have been able to pick up the big guns of the Ji family, let alone gain the approval and respect of the other bigwigs in the Ji family.

Ji Zhenhua is not the kind of ignorant leader who reads out ‘there should be applause here, pause a little’ even when giving a report, so even when Ji Feng came, he had to straighten out his thoughts and record them first.

All the way through ten or so minutes, Ji Zhenhua in snapped the pen on, sat up straight, and said, “So anxious to find me, what’s going on?”

Ji Zhenhua’s tone was more relaxed, this son had always made him more carefree, of course, it also made him feel indebted in his heart, because Ji Feng was so good and thriving, in fact, strictly speaking it was all because of his mother, he had not accompanied and taught Ji Feng at all once over the years and that opportunity.

Ji Feng said, “Dad, I’m here today because there’s an important matter.”

“Oh?”

Ji Zhenhua said, “Tell me about it.”

Ji Feng said, “Dad, yesterday I suddenly received a call from Wu Zhiyong, he wanted to make peace with me is this matter of Wu Zhengxin.”

“Make peace?”

Ji Zhenhua nodded slightly in thought and said, “It seems that the Wu family’s boy has the bottom line? What, does he hold any initiative?”

Ji Feng couldn’t help but give a thumbs up in his heart, if not how to say that ginger is still old and spicy, his father didn’t know anything about this, just hearing himself say so, he could guess that Wu Zhiyong held the initiative in some way, so this was why he had the strength to come to make peace with himself.

“It’s Ji Shaoyou who has the problem!” Ji Feng said directly.

“What kind of problem?”

Ji Zhenhua was not even half surprised after hearing this news, which made Ji Feng a little surprised again, did his father already know that there might be someone among the sons of the Ji family who had problems?

Ji Feng said, “It’s like this, Ji Shaoyou spoiled a girl”

As soon as he said this, he saw Ji Zhenhua’s eyebrows instantly furrowed and a flash of anger in his eyes.

Ji Feng’s heart could not help but feel relieved at once.

Although his father hadn’t said a word, just by that subtle change in his expression just now, it was enough to show that in his heart, he was feeling angry about this matter.

This made Ji Feng very happy!

Because, he knew that his father was not a politician who had become thick-skinned and black-hearted after being in the officialdom for a long time, and this gave him a kind of heartfelt joy.

“What’s going on?” Ji Zhenhua asked, “Tell me more carefully.”

“Mm.”

Ji Feng nodded, then told the news he had heard from Ji Shao Hong, saying, “Dad, I had already communicated with Shao Hong before I came here, and I had told him my views and attitude in no uncertain terms, this matter, there is no room for cover-ups! It’s a matter of loss of conscience, it absolutely cannot be covered up!”

Ji Zhenhua did not say anything, nor did he say whether what Ji Feng did was right or not, but only asked, “Then, what did Shao Hong say?”

Ji Feng said, “I see his meaning, he should agree with my opinion, I guess he will definitely communicate with his family and have them send Ji Shaoyou to the police station

Ji Zhenhua said, “You want me to go and communicate with Shaoyou’s parents?”

Ji Feng nodded and said, “That’s right! Dad, no parent wants their child to go to jail, so if this matter reaches Ji Shaoyou’s parents, eight out of ten `nine times it will be covered up, in fact it would be tantamount to condoning Ji Shaoyou, moreover, that girl who was spoiled by him, this whole life is ruined!”

“But have you thought about it, once Ji Shaoyou is sent to the police station, just based on what he has done, he may be heavily sentenced, and his life is actually almost ruined.” Ji Zhenhua asked.

“He asked for it!” Ji Feng said in a deep voice, “It’s not that I’m saying this because I harbor animosity towards Ji Shaoyou, if this matter was done by my brother, I would have sent him to the police station too

“Little Feng

Ji Zhenhua’s tone gentled as he asked, “Do you know that in fact, in this world many things are often inconclusive, even your grandfather can’t do anything about many things

Ji Feng immediately said, “But that definitely doesn’t include this matter!”

“Sometimes it’s not necessarily good to be too tough, too rigid is easy to break!” Ji Zhenhua said.

“This is not tough.”

Ji Feng shook his head and said, “Dad, if I don’t go about it this way, I might still feel hot on my face when I think of this matter many years later, and it’s not that I want to be an iron-faced judge, nor is it to prove how noble I am, I just want to be true to my conscience.”

“You’ve already decided?” Ji Zhenhua asked.

“Mm!”

Ji Feng nodded his head heavily and said firmly, “I have decided.”

Ji Zhenhua then smiled and said, “Well then, I know the matter. Little Feng, I have always been worried that with the sudden change in your surroundings, it would cause some bad changes in your mental

growth, but now it seems that I was overly worried, rivers and mountains are easy to change, nature is hard to change, my Ji Zhenhua's son, his nature will not be bad

The reason why he is not bad is because he is Ji Zhenhua's son?

Is it true that all fathers are so domineering?

"Is there anything else? If not, get lost!" Perhaps seeing the odd look on Ji Feng's face, Ji Zhenhua couldn't help but scold with a laugh, "Go home and spend more time with your mother."

"I can't see my mum now except at night!" Ji Feng laughed bitterly, "She's got her heart set on that whatever charity organization right now, and yesterday she asked me if I wanted to donate too"

As soon as this matter was mentioned, Ji Feng felt a little helpless. I don't know when my mother actually became obsessed with doing charity work, I heard that if it wasn't for the need to take care of my father to ensure that he came home on time for meals and rest as much as possible, I'm afraid that my mother was flying all over the country apart from the employees of those charity organizations.

I don't know where the energy comes from when you're in your middle age!

But Ji Zhenhua laughed: "It's rare that your mother finds something she likes to do, so let her go, it's not a bad thing."

In fact, Ji Zhenhua naturally knew his wife, he knew that she had experienced the hardships of her early years, so she knew how hard life was and how difficult it was for people living at the bottom of society, so her passion for charity was extraordinarily high.

Ji Zhenhua was, of course, very much in favour of it.

"Ding"

Just as Ji Feng got up to leave, his phone suddenly rang, and when he took it out and found that it was Ji Shao Hong calling, he glanced at his father and then picked up the phone.

But soon, Ji Feng's face looked odd and even a little stunned.

"What's going on?" Seeing Ji Feng's face, Ji Zhenhua asked.

"Dad, it was Shao Hong who called just now, he told me that just now, he personally took Ji Shaoyou to the police station to surrender himself, right at the Yanjing Criminal Police Headquarters" Ji Feng couldn't help but be stunned, he didn't expect that Ji Shao Hong would personally take Ji Shaoyou to surrender himself. Moreover, the action was so swift.

Ji Zhenhua listened, but nodded slightly: "Shao Hong this child, good."

Campus Master Chapter 2310

The matter of Ji Shao Hong taking Ji Shao You to the police station to turn himself in has caused quite a bit of controversy in the Ji family.

In particular, the reaction of the side line of the Ji family was somewhat intense.

Even Ji Shaojun was a bit sullen, thinking that what Ji Shaohong had done might be a bit too much, but he was close to Ji Shaohong, so he could not say anything.

However, this matter was praised among the elders of the Ji family.

Even among the elders of the Ji family's side line, some people had purposely called Ji Shao Hong and were satisfied with this approach of his.

Although the Ji family is definitely not honourable after such an incident, at least this approach of Ji Shao Hong has shown people the courageous attitude and style of the Ji family.

So even when the outside world got the news, some people couldn't help but give a thumbs up and praise Ji Shao Hong a few times.

"There really are a few talents in the younger generation of the Ji family!" Some people couldn't help but lament.

"Yes, the Ji family first had Ji Shaodong and Ji Feng, and now there is a Ji Shaohong, these three alone are enough to ensure the prosperity and prosperity of the Ji family for decades to come.

This was a very important old man who, like Old Master Ji, had come from the war years, and although he was no longer involved in world affairs, his influence was still there.

To say such words from this old man's mouth today is definitely a very high compliment for Ji Shao Hong.

And it is said that it seems that even Wu Zhengmin could not help but say, when he got the news, that the Ji family was full of talents!

At the time when Wu Zhengmin said this, he happened to be visiting his own old man, so Old Master Wu also got the news and was equally impressed.

"I'm afraid old man Ji will be even more complacent this time!" Old Master Wu couldn't help but say, perhaps remembering something, he couldn't help but let out another soft sigh, "The talent of the Ji family, it's really enviable"

"....."

Wu Zhengmin then couldn't help but be silent.

As the old man's son, he certainly understood what the old man meant by these words, it was obvious that the old man was lamenting that the children and grandchildren of the Ji family were all very competitive, although there were also unworthy children and grandchildren, but the ones who really picked the big beams, this were all so hard-hearted in their conduct.

In comparison, the family's own children and grandchildren are

In fact, even Wu Zhengmin can't help but feel a little saddened, this Ji family, but also really talented people, and the younger generation is educated really outstanding.

If we really compare them, our own children are really not comparable to those boys of the Ji family!

In fact, Wu Zhengmin's heart was still a bit uncomfortable, because there was something he didn't tell the old man – the reason why Ji Shaoyou had turned himself in was actually caused by his own son, Wu Zhiyong!

The fact that Wu Zhiyong used the matter of Ji Shaoyou to blackmail Ji Feng, Wu Zhengmin was aware of this, he did not deny it, but think about it is not a bad way, the so-called struggle, is not the process of mutual compromise?

The two of them are not the same weight class, but since Wu Zhiyong made such a request, he was actually waiting for the Ji family to make an offer to let Ji Shaoyou go, plus some benefits, in the hope that this could be exchanged for Wu Zhengxin's safety.

However, it was unexpected that the Ji family had actually come up with such a move!

Even Wu Zhengmin did not expect the Ji family to be so resolute and so fast.

The Ji family's difficulty in dealing with them was fully reflected in this matter.

Wu Zhengmin just couldn't help but feel a little sad, in fact something similar had happened in his family as well, only this outcome was so sad to him.

–At first, Wu Zhiyong and Wu Zhihe two brothers competed with Ji Feng at the same time, and even for this reason Wu Zhiyong also used a lot of contacts and resources, but in the end, they were still defeated in the hands of Ji Feng.

The two brothers did not clean up after their defeat, and they were caught by Ji Feng and chased after him.

The result

The result is that the youngest son, Wu Zhihe, was forced to die!

While the remaining elder son, Wu Zhiyong, was the one who threw all the dirty water on the younger son, Wu Zhihe, which escaped.

The outsiders all thought that he, Wu Zhengmin, must have tacitly approved of this matter because it would save Wu Zhiyong's future, but in fact, no one outside knew that this matter was not Wu Zhengmin's idea at all, it was Wu Zhiyong who first poured dirty water on Wu Zhihe before communicating with him.

He was very angry about this, but there was nothing he could do about it.

For the sake of Wu Zhiyong's future and the entire Wu family, he really can't do anything more to him, or else there would be no hope for the future of the Wu family.

Besides, Wu Zhiyong had already done the deed, and if his sophistry was overturned at that time, I'm afraid his life would really be over.

— In fact, Wu Zhengmin was extraordinarily angry and disappointed about this.

With the power and resources of the Wu family, what could be done even if Wu Zhiyong admitted his faults?

He could just be punished and be silenced for a few years.

But after a few years, Wu Zhiyong could likewise rise again, and by then he might be even more mature, and with all the resources of the Wu family being spent on him, he might not necessarily delay much by then, and would eventually walk on a path to the heavens again!

The Martial Family had the ability to do so!

But Wu Zhiyong didn't, he didn't have the courage to take on the mistakes he had made, and for that reason he even went so far as to throw dirt on his own brother – and his own brother had only just died not too long ago at that time!

If one compares Wu Zhiyong with the three generations of the Ji family, one can see the difference!

When he thought of his youngest son, who had been forced to die and had to bear the blame, how could Wu Zhengmin's heart not feel sad?

And this time, Wu Zhiyong had lost again at the hands of the Ji family's children, right?

No!

Technically speaking, it should be that both sides just tried their hands and Wu Zhiyong was defeated just as soon as he made his move

“Ugh”

Wu Zhengmin shook his head, sometimes he really envied Ji Zhenhua a few people, their son, indeed considered excellent!

.....

“Pah!”

Wu Zhiyong heavily snapped the phone shut, his face was very unattractive, one could even say it was a bit gloomy, “Ji Shaoyou is already in the police station, and still there to turn himself in?!”

The phone call he received just now was the one that informed of this news.

This made Wu Zhiyong inexplicably have a kind of annoyance and anger, this move of Ji Shao Hong directly dissolved his previous advantage and complacency, and it was also just a light blow that made his attack be dissolved in a clean way.

Now, not to mention threatening Ji Feng with the matter of Ji Shaoyou, I'm afraid that even if this matter is spread out through the media and the Internet to vilify the image of the Ji family, saying something like the magnate's evil young man raped a woman, I'm afraid it will not be able to cause any impact on the Ji family.

This is because Ji Shao Hong personally took Ji Shao You to turn himself in, this action, immediately let the original very bad things, have a bright side.

At the very least, this act of righteousness by Ji Shao Hong and this impartial attitude of the Ji family of never covering up will make many people nod their heads in approval and even admiration.

Any more publicity at this time would instead only make this image of the Ji family spread more widely. How could Wu Zhiyong be foolish enough to help the Ji family promote themselves again?!

It's just that

He was really a bit stifled and irritated now.

The move he thought was a sure thing before had been defused by the Ji family just like that, which made him feel like he had gathered all his strength to punch hard, only to hit cotton, suffocating him unbearably!

"Ji Feng! Ji Shao Hong" Wu Zhiyong couldn't help but grit his teeth.

"We'll see!"

.....

Ji Shaoyu's surrender marked that once again, Ji Feng had the absolute advantage and initiative in this contest with Wu Zhengxin, now that the Ji family no longer had any passivity, nor did they have any handles caught by the Wu family, the only thing they needed to do now was, to see how the Wu family reacted.

In fact, this is no longer a confrontation between Ji Feng and Wu Zhengxin, things have already escalated to a game between the Ji family and the Wu family at this point!

That's right, it's a game!

As the third oldest member of the Wu family, Wu Zhengxin's ability is no longer important.

Therefore, the Martial Family must protect Wu Zhengxin.

In fact, the Wu family is also a bit helpless in this matter, because Wu Zhengxin this time planted is really some absurd!

The actual fact is that if you've got a lot of people who are not in a position to be able to get a good deal on a lot of things, you'll be able to get a good deal on a lot of things.

But the problem is, this time Wu Zhengxin's heel was planted too absurdly, and at the hands of Ji Feng! He had only acted on impulse to take out his son's anger and ended up being set up by Ji Feng, and now he actually had to be sentenced?

How could the Wu family possibly be willing to do such a thing?

If Wu Zhengxin was sentenced for this, then the Wu family would really become the laughing stock of everyone in the future, and would definitely lose its prestige!

Therefore, the Martial Family must protect Wu Zhengxin, it goes without saying.

The Ji family, on the other hand, wanted to take a breath for Ji Feng and also use the fall of Wu Zhengxin to tell everyone that the children of the Ji family cannot be touched by anyone at will. If they cannot do anything to Wu Zhengxin this time, will anyone come along in the future and dare to lynch Ji Feng and other junior members of the family, or even kill them if they cannot be rescued in time?

The Ji family would never tolerate such a thing!

So even if the person who started this time was Wu Zhengxin, it would definitely not do!

Now the matter was not really even between Ji Feng and Wu Zhengxin anymore, but a game between two families or even two factions.

And the situation now was that the Ji family was in complete control of the initiative and the Wu family was at a complete disadvantage.
