

Campus Master 231

Chapter 231

In the canteen, not only did Ji Feng and Tong Lei come, but Xiao Yuxuan also unexpectedly followed them.

One of the two women was youthful and beautiful, as if she was a heavenly fairy descending from the earth, while the other was charming and charming, swaying her voluptuous body and seducing the soul. The two of them started walking past the entrance of the cafeteria, and along the way, people kept looking back, some of them even followed the two women with their eyes, not even noticing that the hot soup in their hands had spilled on their trousers. It was only when they felt a sharp pain in the vital area and were scalded that they were shocked and jumped in pain.

From the entrance to the cafeteria until the two women sat down, the entire cafeteria almost suddenly fell silent, just watching in awe as the two women walked past, all eyes converging on them.

But unfortunately, these gazes had no effect on either Xiao Yuxuan or Tong Lei. As always, Tong Lei was the kind of cool-headed character who didn't care what others thought of her, she had been like that since high school, so naturally the gazes of the crowd would have no effect on her.

Xiao Yuxuan is even more so, if she was afraid of being looked at, why would she still be a teacher? You know, it's university now, many times it's a big class, several classes or many completely unknown students, in the same classroom, listening to a teacher, in this case, everyone is a stranger to each other, Xiao Yuxuan has long since adapted to this environment.

However, it was different for Zhang Lei and Ji Feng.

Ji Feng was fine, he could eat leisurely and comfortably, mental quality, again, was one of the criteria for being a super agent.

Zhang Lei was barely able to eat.

In his eyes, those students' gazes were lustful and he was furious, turning his head towards the left and sweeping around, but anyone who saw those with a strange look in their eyes, he glared hard and sent a warning with his eyes.

He then twisted his head down towards the left, then the right, and was so busy that he couldn't even be bothered to eat his meal.

"Alright, alright!" Ji Feng stood up helplessly, "Let's go to the small box over there!"

It wasn't until a few people left that the students in the cafeteria counted their eyes on the rice in front of them, but their mouths couldn't help but murmur and buzz as if they had seen something unbelievable.

In fact there are definitely not a few college students who are in love, coming to the cafeteria to eat and even more intimate actions are now normal. The reason why Ji Feng and the others attracted so much attention is partly because of the popularity of Ji Feng and the others, before their clash with Yun Bing was just put on the school's forum, everyone's gossip soul was burning, almost no one didn't know Ji Feng and the others.

Now that they saw real people appearing in the canteen, they naturally had to look at them and talk about them a few times.

On the other hand, it was because of Tong Lei and Xiao Yuxuan. If someone really chose the school flower of the whole school, Xiao Yuxuan and Tong Lei could definitely be tied for first place.

Even though those stars on TV were very beautiful on camera after make-up, they lacked a temperament, and Tong Lei's coolness and Xiao Yuxuan's charm were definitely not something that could be shown by mere imitation or performance!

"D! What a flower in a cow dung!" Everyone couldn't help but curse jealously in their hearts, even if Ji Feng and Zhang Lei didn't look bad, it was still enough to give people an unbearable feeling, who let the two of them sit next to two stunningly beautiful women?

It was only when they reached the box that the crowd sort of breathed a sigh of relief, the feeling of being stared at like a monkey was indeed not that comfortable.

"Well, not bad, buddy also enjoyed the feeling of being jealous, very cool!" Zhang Lei, however, was full of enjoyment, he had never enjoyed this kind of treatment before, no matter where he went.

"You guy!" Ji Feng laughed dumbly, "Does it feel good to be jealous?"

"You don't understand this, do you? Not being jealous is a mediocre talent, it's precisely because my buddy is too good that he's jealous." Zhang Lei had an intoxicated face, "Of course, you kid is different, you are jealous because you have two big beauties sitting beside you!"

The three of them were speechless at the same time, this guy's ego was really good, weren't others jealous of him equally because he had Xiao Yuxuan and Tong Lei sitting beside him?

I'm afraid that this guy is the only one who can tell lies with his eyes open and still be so righteous, and his cheek is thicker than the corner of the city wall.

Xiao Yuxuan and Tong Lei both couldn't help but pull the corners of their mouths up in an arc, this guy was a living treasure.

"Okay, no more jokes, Lei Zi, you said before that you wanted to talk to me about the orientation party, now you can talk!" Ji Feng laughed, "What exactly is going on?"

As soon as he said this, Zhang Lei's face immediately turned serious. He hummed and said, "Madman, I think that we should attend this welcoming party, even if it's just to help out in the background, it's better than not attending!"

"Oh?"

Several people were stunned, Zhang Lei used to be reluctant to participate in any activities, he couldn't even be seen, why did he suddenly become so active this time?

"What's the reason?" Ji Feng asked with a smile.

“The reason is actually very simple, to protect the girls from being hurt.” Zhang Lei gritted his teeth and said, “I heard a news, it is said that at this welcoming party, someone will then proceed to approach Lei Lei in the name of planning to hold the party, crazy, this is the time for you to show it.”

“Approach me?” Tong Lei couldn’t help but be stunned, “I didn’t say I was going to attend the party!”

Ji Feng frowned and said in a deep voice, “Say it carefully, what is going on, who is going to take the opportunity to approach Lei Lei?”

Zhang Lei shook his head slightly and said, “Lei Lei, you might not be too clear now, for a group event like this in school, if someone from the student council comes and invites you, it might not be very good if you don’t attend yet.”

After a pause, Zhang Lei said, “United University is different from other schools, the student council here is very much valued by the school, but anyone who participates in the student council will be given extra credit, and there are other benefits, which cannot be explained in a few words for the time being. But there is one very crucial point. The school assesses students every year and this assessment is made up of three aspects. One is your examination results, which account for sixty percent, the comments given to you by your teachers and tutors, which account for twenty percent, and the assessment of students by the student council, which is also twenty percent.”

Ji Feng immediately understood what Zhang Lei meant, and he couldn’t help but ask, “You mean that just passing the exams alone won’t be enough to pass the annual assessment?”

“It is said that it seems to be like this, because now that we have just passed military training, our new students’ university life is not yet completely on track, so these things are not known for the time being, however, Teacher Xiao should know about it.”

“That’s right!”

Xiao Yuxuan nodded slightly and said, “The school attaches more importance to the cultivation of students’ abilities, and this ability, includes the usual interpersonal skills and other aspects, that’s why there are scores from teachers and counselors, as well as the student council’s assessment of students. Of course, generally, a student as long as it is not too excessive and does not leave too bad an impression on the teacher, the teacher will give you a score of ninety or more, very few students fail the teacher’s hurdle.”

“So that’s how it is” Ji Feng nodded slightly, “Then what about the student council’s assessment?”

“That’s the point I’m trying to make.” Zhang Lei took over and said in an unkind tone, “The assessment of the student council is also one of the very important ones, after all it accounts for twenty percent. Because of this, many students try to have a good relationship with the student council, or at least, are not willing to offend them. Because the annual assessment is really only the equivalent of a final exam at another university, and if you end up failing the grade, you’ll have to make up the exam or retake it!”

“It’s very important!” Ji Feng had already realised what Zhang Lei was going to say.

Sure enough, Zhang Lei then continued, “I heard that in the student union, someone has taken a fancy to Lei Lei and wants to pursue her. This orientation party is an opportunity to get close to her. If she

doesn't attend, she will obviously have offended the student council. Maybe those people won't deal with her, but it's easy if they want to make a move on the final assessment."

Ji Feng frowned, "It's not as exaggerated as you say, right? The Student Council should have a strict set of criteria, or an implementation plan, for evaluating students, it's not like anyone can just move their hands if they want to, right?"

"Generally speaking, this is indeed the case, they all strictly follow the terms and conditions on the student code to assess students, after all, the student council is not just any one person." Zhang Lei nodded slightly and said, "But what if this person who is going to move his hand is very powerful in the student council?"

"Who is it?" Ji Feng asked in a deep voice.

"The Vice President of the Student Council, Wei Chuanling!" Zhang Lei hummed and said, "You don't know this person, but I'll say someone you've definitely heard of, he's Wei Qiang's cousin!"

"So it's him!" Ji Feng smiled slightly and scratched his head, saying, "I really hear about him everywhere, huh"

"Crazy, you wouldn't really let me scream and scream and give it a crazy look, would you?" Zhang Lei looked at Ji Feng in surprise, "How come you're not nervous at all? If he wants to get his hands on the assessment, it shouldn't be difficult."

"So you're suggesting that we let Lei Lei attend the orientation party and we protect her from the side?" Ji Feng asked with a smile.

"That's the safest way to keep them from finding any reason to do so." Zhang Lei said.

Ji Feng laughed, "Lei Zi, this isn't like you, in the past if you encountered something like this, you'd probably have slapped it long ago, why are you compromising today?"

"It's called strategy, not compromise!" Zhang Lei grunted, "You think I don't want to beat them up? The old man at home won't allow it, and if he finds out, I won't have any luck. Besides, the punishment for assaulting a student council officer is very serious, so don't be impulsive!"

Chapter 232

Ji Feng shook his head slightly and laughed, "With them, there is no need to compromise."

He stood up sharply and said coldly, "In my dictionary, there is no such word as compromise, especially in the face of Wei Qiang!"

Hearing this, Zhang Lei immediately felt greatly relieved, but, thinking that the people from the Student Council might take the opportunity to find trouble with Lei Lei during the assessment, he could not help but shake his head and said, "Crazy, I actually want to clean them up more than you do, but, there is always a time to compromise on everything, and it is always not really worth it to end up unhappy in your heart over such a trivial matter. "

“How could it be unpleasant?” Ji Feng asked rhetorically.

“What if they make a move during the final assessment?” Xiao Yuxuan also couldn’t help but ask, “I’ve also just arrived at the United University for a few months, and I can’t say anything about the leaders here, so when the time comes, if you guys really get stuck during the final evaluation, that would be unjust!”

“Humph!” Ji Feng sneered and said disdainfully, “I do hope to be stuck, then I will let them know what it means to lift a stone and smash their own feet!”

This Wei Qiang, he had really grown in ability. In order to get close to Lei Lei, he had even learned to use his power to pressure people! The disgust in Ji Feng’s heart was even greater, a small student council vice president, he really considered himself a figurehead?

Ji Feng shook his head slightly and said, “Lei Lei Zi, Uncle Tong is also in the system, so you should have learned something by ear, right?”

Zhang Lei was stunned, then he understood what Ji Feng meant, he frowned and asked, “Crazy, you mean checks and balances?”

“That’s right!”

Xiao Yuxuan’s beautiful eyes also lit up as she said, “Ji Feng, are you trying to use Wei Chuanling’s opponent to deal with him?”

Ji Feng nodded and said, “Mm! There aren’t many other people in China, but there are too many people who are keen on power to count. Since the student council has so much power, Wei Chuanling’s role as vice-chairman of the student council is bound to be coveted by some people, and there are definitely not just one or two of them, so as long as he dares to mess up, I can make him lose his job as vice-chairman of the student council!”

Ji Feng’s words were loud and clear, and his whole person exuded an extreme confidence, not giving a damn about Wei Chuanling, and the three of them couldn’t help but be a little lost in thought.

“Wei Chuanling is going to be unlucky!” Zhang Lei bristled, “I really have some sympathy for him!”

“This kind of person doesn’t deserve our sympathy, as the Vice President of the Student Council, he actually helps his cousin to oppress others just because he has so much power, this kind of person is not qualified to be the Vice President of the Student Council at all!” Xiao Yuxuan said with some anger. Coming from a businessman’s family, she had often seen her father go to talk about business and ended up being blackmailed by some people who held a little power in their hands, so she didn’t have a half-hearted feeling towards this kind of guy who used his power to oppress others.

Ji Feng smiled faintly, looked at Tong Lei who had a bashful face and smiled, “Lei Lei, are you willing to go to the orientation party? If you are willing, this matter will naturally be forgotten, if you are not willing

Tong Lei lightly shook her head and said, “I don’t like to be treated like a vase.”

Ji Feng then understood her mind, Tong Lei knew she was pretty, but she didn’t want others to see only her face, and, moreover, she didn’t want people who approached her to come for her looks.

“Then don’t go!” Ji Feng waved his hand fiercely and smiled faintly, “Alright, there’s no need to mention this matter, Lei Zi, come with me!”

“What for?” Zhang Lei immediately asked.

“Yu Xuan and Lei Lei have classes in the afternoon, my villa is planning to replace all the furniture and stuff, those are all left behind by the original owner” Before Ji Feng could finish his words, Zhang Lei called out.

“Let me go do hard labor?” Zhang Lei shook his head straight away, “No, not even to death ee? No!”

Zhang Lei suddenly reacted, he stared at Ji Feng viciously, “You guy, just before dinner I heard from Lei Lei that she doesn’t have class in the afternoon, Miss Xiao, you don’t have class in the afternoon either, right?”

Xiao Yuxuan and Tong Lei couldn’t help but purse their lips at the same time, they indeed didn’t have classes in the afternoon, they were still discussing how to spend the afternoon, now when they heard Ji Feng’s words, the two women couldn’t help but their beautiful eyes lit up at the same time.

“Ji Feng, let’s go along too!” Xiao Yuxuan said.

“Go, definitely go!” Zhang Lei immediately shouted, “The girl’s room must be arranged comfortably, can’t be haphazardly sloppy, that what, I still have class in the afternoon, I am a good student, can’t skip class, so I’ll go first”

He was talking enthusiastically, but saw Tong Lei’s pair of beautiful eyes glared over, his voice suddenly lowered, and at the end, no sound.

“Humph!” Tong Lei gave a delicate hum, “Brother, you can’t always let Ji Feng work alone!”

Zhang Lei was immediately at a loss, to say that the person he feared the most was the old man, Tong Kai De, and the second was his little sister, Tong Lei. Seeing that Tong Lei had spoken, he had no choice but to nod his head.

“There’s actually not much hard work to do, the furniture is all replaced, the electrical appliances are not replaced for now, after all, it would be a bit too wasteful if they were all replaced.” Ji Feng harrumphed and said, “Usually furniture shops should deliver to your door, so all we have to do is to go and gatekeep.”

“How do you gatekeep?” When Zhang Lei heard that he didn’t have to work, he was immediately energized again.

“For example, for the sofa, pick the colour you like, and the same goes for the other furniture.” Ji Feng ignored Zhang Lei and instead said to Xiao Yuxuan and Tong Lei.

“Really?” A delicate flower-like smile suddenly appeared on the two women’s pretty faces as they nodded their heads at the same time, “Then let’s go!”

Ji Feng laughed, he hadn’t planned to go pick out the furniture himself because he had already asked his second brother, Ji Shaolei, but when he set off from the villa in the morning, he took a glance at the two

girls' class schedules in passing and found that they both had no classes in the afternoon, so he thought of taking them out for a bit of fun.

Besides, replacing all the furniture in the whole villa would not cost a small amount, and Ji Shaolei had already given him the BMW X6 to drive, so Ji Feng naturally did not want to keep bothering him.

Now that he had made a decision, Ji Feng immediately contacted his second brother and told him that he didn't need to send anyone there. Ji Shaolei seemed to be busy, and Ji Feng hung up after saying a few words.

.....

"Holy shit, a BMW X6?!"

Xiao Yuxuan drove her red Volvo S4 and brought a few people back to the villa, when Zhang Lei saw the BMW X6 parked in the courtyard, his eyes widened and he exclaimed.

"It's too extravagant, you guy, it's just too extravagant!" Zhang Lei muttered with glowing eyes, "So what, crazy, are we buddies? How about I give you that Audi and lend me this car for a while?"

"Not good!" Ji Feng hummed, "Giving you that Audi to drive is already considered doing you a favor, don't even think about this car, because it's not mine."

"No matter whose it is, someone has to drive it!" Zhang Lei didn't blush at all and held out his hand, "Bring me the keys, I'll be the driver today!"

Ji Feng cried and laughed as he handed him the keys, this kid was such a temper, sometimes it was really laughable. With Zhang Lei's status, as long as he said one word, there was no telling how many people would line up to give him a car to drive.

However, for Zhang Lei's proper, Ji Feng is still more in favor of it. Comparing taking people's hands, there is naturally nothing wrong with Zhang Lei accepting things from others and not doing anything, however, this has a considerable impact on the reputation of the Tong family.

For example, the original fop, the evil young man, Ji Shaoyun, had done this kind of thing, making the reputation of the Ji family suffer greatly. At least in Jiangzhou, as soon as someone mentions the Ji family, the first thing that comes to mind is definitely not the second uncle who is the secretary of the municipal party committee, but Ji Shaoyun, the famous and evil young man!

"Brother, do you know where you're going?" Sitting in the car, Tong Lei couldn't help but ask, "You don't want to lose us."

Zhang Lei laughed and said, "Don't worry, we definitely won't get lost. Don't forget, we are here, but there is still a person from Jiangzhou!"

Xiao Yuxuan couldn't help but smile sweetly, "Let's go to Red Sun Furniture City, the furniture there is quite famous in Jiangzhou, the grade is not very high, but not low either, it's just right for us."

Zhang Lei immediately pointed out the route he wanted to take on the navigator, started the car with joy and roared off.

Indeed just as Xiao Yuxuan had said, there were high and low price points in Red Sun Furniture City, with the low ones being a few thousand dollars to buy a set of sofas, and the high ones even reaching hundreds of thousands.

Whether you are a wealthy person or an ordinary citizen, you can choose satisfactory furniture here.

Xiao Yuxuan and Tong Lei were patiently selecting their favourite furniture, while Zhang Lei kept raving in Ji Feng's ear, "I say, madman, can't we really discuss this any further? You can't bear to see your brother being a bachelor on this?"

"Playing what bachelor?" Ji Feng asked in amazement.

"Forget it, it's better to tell you straight." Zhang Lei scratched his head and gritted his teeth, "Buddy recently fell in love with a girl but didn't know how to ask her, I heard that she likes picnics, it just so happens that your car is spacious and suitable for going to the wild"

Before he could finish his words, he was interrupted by Ji Feng: "Lei Zi, does your family agree with you finding a girlfriend at school?"

Zhang Lei choked for a moment, and then hung his head and said, "I guess it's not allowed, but it's okay, as long as I insist, I believe my family won't oppose it too fiercely. After all, it's still too early to say anything. It's hard to say which way I'll go after I graduate."

"In that case, I'll be even less able to support you." Ji Feng immediately shook his head and hummed, "You haven't even thought about your own path afterwards, so why should you pursue others?"

Zhang Lei froze, it seemed, and he had really never thought about this.

When Ji Feng saw this look on his face, he shook his head and smiled, no longer speaking. He knew that many times Zhang Lei did not understand, he was just unwilling to understand, this was perhaps a kind of ostrich mentality, and was one of Zhang Lei's most obvious shortcomings.

For example, he is obviously very smart and learns foreign languages faster than anyone else, but he hates foreign languages very much, yet he still has to learn them, this is the problem of mentality.

On the one hand, Ji Feng did not want Zhang Lei to hurt that innocent girl, on the other hand, he also wanted Zhang Lei to gradually get rid of this mentality and really look at his life squarely.

Just as Ji Feng was laughing and talking with Zhang Lei, Tong Lei's voice with anger suddenly came over, "Isn't this too much for you guys?"

Chapter 233

"What's going on?" Ji Feng's sword eyebrows went up.

He turned his head to see that Xiao Yuxuan and Tong Lei were standing in front of a big bed, and across from them, a young man seemed to be looking them up and down. And on that big bed, a woman was lying on it and rolling around.

“Just go over and take a look.” Zhang Lei’s face was also a little gloomy, with Tong Lei’s nature, she would not normally argue with people, and to make her feel angry, it was obvious that what the other party had done should be very excessive.

“Go!” Ji Feng said in a deep voice.

Xiao Yuxuan and Tong Lei both had frosty faces at the same time, looking at the greasy-headed man in front of them, both furious.

The two women had picked out a large bed, which they loved, both in shape and colour, and, according to the attendant, this bed was the last one in the shop, and the previous ones sold were of different colours and shapes.

When they looked at the price, it was not very expensive, so they decided to settle for it.

But at this moment, a female voice so whispery that it gave people goose bumps suddenly rang out from the side: “Wait, how much is this bed, I want it!”

Xiao Yuxuan and Tong Lei’s eyebrows knitted together, but they didn’t say anything more. Although the other party didn’t understand the principle of first come, first served, this kind of person was after all too common, so the two women had no intention of being normal with this person.

However, what made Xiao Yuxuan and Tong Lei feel disgusted, following the sultry woman, was a man of about thirty years old. This man was oily-looking and had a sickly pallor to his face, a sign of overindulgence in alcohol and sex.

When he saw the two women, Xiao Yuxuan and Tong Lei, this man’s eyes immediately emitted a strange light, as if he had been hit with chicken blood, suddenly becoming excited, his greedy gaze constantly glancing at the two women’s bodies, as if he wanted to strip the two stunning beauties in front of him, with a strange smile at the corner of his mouth, obviously not thinking of anything good.

Xiao Yuxuan and Tong Lei simultaneously revealed an expression of disgust as the two women coldly glared at the man, but to their surprise, the other party did not feel the slightest bit of shame, instead grinning slightly with an oily tone and laughing, “Two beauties, you two have come to buy a bed? Don’t you have a boyfriend to accompany you?”

Xiao Yuxuan grunted and ignored him, this kind of person, the more you scold him, maybe the more he still enjoys it, instead, he will find more opportunities to fight with you, talk, and take the opportunity to approach you immediately afterwards.

For such a person, Xiao Yuxuan has seen a lot of them and knows that the best way is to simply ignore him.

Besides, today was a day to buy something, not to fight with others.

But while Xiao Yuxuan thought this way, others did not think this way, and that man was more than a little upset when he saw that Xiao Yuxuan and Tong Lei no longer paid any attention to him at all. Although this man had played with many women, even many celebrities he had tasted, but it was the first time he had seen such superb women like Xiao Yuxuan and Tong Lei, and a strong urge immediately surged in his heart.

If this wasn't a public place, this man would have almost pounced on them directly.

"Two ladies, since you are also here to buy a bed, why don't you let me help you with your reference, men and women have a different vision, don't you think?" The man had a handsome smile on his face, and he deliberately raised his hand as he spoke, the golden watch on his wrist, matching the designer line he had on, seemed to give him the air of a rich gentleman.

"There's no need, we'll buy it ourselves!" Xiao Yuxuan said coldly, and Tong Lei didn't even look at the man, to her, she couldn't bring up half an interest in talking to this kind of person, and she didn't even owe him a hint of goodwill.

The man's smile was slightly choked, a cloudy look flashed in his eyes, but it disappeared in the blink of an eye, replaced by a warm smile: "That's not the way to say it, since meeting is fate, maybe we can even become friends, between friends, it's natural to help with references."

Xiao Yuxuan and the two women simply stopped paying attention to him and went up to check out the large bed that they liked so much. The bed had a chic backrest shape that looked classical, and if it was accompanied by a rosette, it looked like an ancient rich lady's couch, very elegant and fresh, making people's hearts peaceful.

When that man saw that Xiao Yuxuan and Tong Lei had already walked away, his face suddenly turned gloomy and his eyes rolled straight, as if he was thinking of some idea.

However, the sultry woman next to him was not happy, as her man did not even look at her, but only concentrated on hitting on other women, and even when she was repeatedly rejected, she was still undeterred, and her heart immediately surged with anger.

However, the woman did not dare to be angry with her man, because she was not his wife at all, but just a lover he had taken on the outside. Today, she came to the furniture city to buy furniture because this man had just bought her a house, and that was why she came to configure the furniture.

However, the house was still under this man's name, so this woman did not dare to get angry at all; she had to make this man happy so that he would transfer the house to his name before she could.

However, just because she could not be angry with her man did not mean that she could not do anything to these two women, especially as they were obviously much prettier than herself, which made her heart even more jealous. She secretly gritted her teeth and a thick anger shot out of her eyes.

"Sister Yu Xuan, this bed is so beautiful." Tong Lei's brittle voice sounded like a clear spring in the valley, as if brittle pearls were falling from a jade dish, making people's spirits lift as they listened.

Xiao Yuxuan smiled sweetly and said, "Since you like it, then buy it, anyway, Ji Feng is a small mob, the money on his body is worried about how to spend it!"

Hearing Xiao Yuxuan's teasing, Tong Lei also couldn't help but purse her lips and smile, small burgeoning family this metaphor is still really quite image, at least, Ji Feng that tens of millions seems to have come seemingly without much difficulty, not to mention, twenty years old has tens of millions of dollars, there are good cars and villas this is indeed a small burgeoning family!

“Mmm!” Tong Lei gentle cicada nodded slightly and smiled delicately, “If Ji Feng knew he landed such a name, I wonder what his expression would be!”

“Of course it would be the family law!” Xiao Yuxuan almost blurted out, but when the words reached her mouth, she was suddenly startled and hurriedly stopped her mouth. Family law, this was what Ji Feng often said when she and Ji Feng were frolicking together, and the so-called addition Ji Feng made was actually a spanking.

However, with Tong Lei, these words could not be said indiscriminately.

Once she thought of this, Xiao Yuxuan couldn't help but feel a little sour, her own identity, really embarrassing Xiao Yuxuan couldn't help but shake her head slightly in her heart, who let herself meet such an ingrate?

However both women did not realize that their charming smile fell in the eyes of the greasy-headed man on the side, filled with a seductive and incomparable flirtatious style, the kind of charm that makes people irresistible, ruthlessly impacting the man's heart.

“Hello, we'll take this bed” Xiao Yuxuan had just spoken to the salesman when she was interrupted by the sultry dressed woman.

“Who said we are going to sell it to you?” The woman suddenly took two steps forward and gave a delicate hum, “Honey, I just want this bed set, so let's buy it?”

Before the man could say anything, Tong Lei retorted, “On what grounds? Don't you guys know what it means to come first?”

“Hmph!”

The woman sneered disdainfully and sat down on that bed at once, saying brutally, “On what grounds? Because my husband has plenty of money! Yo, this bed is priced at twenty-two thousand, humph, do you have the money to buy it?”

Xiao Yuxuan's eyebrows knitted slightly: “You're going too far, aren't you? Whether we have money or not has nothing to do with you, at least, we can afford to pay a few tens of thousands of dollars! Please get out of the way, this bed is the one we've got our eyes on first!”

“B*tch, who are you telling to get out of the way?” When the sultry woman heard this, she jumped up as if her tail had been stepped on, “You mean to say I can't afford it? Who are you!”

Tong Lei's pretty face immediately sank, in her eyes, Xiao Yuxuan was like her own sister, at this moment, Xiao Yuxuan was insulted, her heart was instantly furious.

“Please keep your mouth clean, respecting others is also respecting yourself.” Tong Lei said coldly. She didn't cause any trouble and didn't have half the temper of a TZ girl, but that didn't mean she would be indifferent after being bullied, especially when it was Xiao Yuxuan who was being insulted, Tong Lei became even angrier.

“Yo!” The sultry woman trailed off with a long syllable and a disdainful laugh, “With just you two b*tchy women who can seduce men, you also want me to respect you?”

“Lei Lei, don’t say anything.” Xiao Yuxuan stopped Tong Lei, whose pretty face was red with anger, she could see that today’s matter would definitely not end well, that demonic woman was obviously no longer fighting over the bed, but was directly engaging in personal attacks!

“Humph!” The demonic woman saw Xiao Yuxuan stop Tong Lei and thought they were afraid, so she became even more furious, “Two cheap women who only seduce men to buy a bed, don’t you want to open a shop in the red light district?”

Xiao Yuxuan and Tong Lei were both well-educated people, so how could they have heard such insulting words? In terms of cursing, ten of them put together were definitely not a match for this demonic woman.

The two women stood there, their pretty faces red with anger, but they were unable to curse out profanities.

“Giggle giggle” Seeing that Xiao Yuxuan’s two women were unable to say anything because they were scolded by herself, the demonic woman burst into gleeful laughter, and even rolled around on the bed in delight.

Just at this moment, an icy voice suddenly came: “Open your mouth and swear, did you grow up eating shit? If I hear half a dirty word from your mouth again, you won’t be able to walk out of here today!”

Ji Feng and Zhang Lei walked over in big strides, their faces were both incomparably gloomy, they had heard the words of the demonic woman clearly just now, and the anger in their hearts could be imagined.

Zhang Lei in particular, with his character, how had he ever been insulted like that by anyone before? He was instantly furious and coldly spoke those words.

Chapter 234

Zhang Lei’s ice-cold voice immediately caused the demonic woman’s face to change and she couldn’t help but feel a chill in her heart, but then she felt humiliated and immediately screamed, “Bastard, what did you say!”

Zhang Lei coldly glared at her, the coldness in his gaze was not concealed in the slightest, causing the sultry woman’s heart to be appalled, and she was actually unable to speak in a nose.

Ji Feng, however, looked at the greasy-headed man and said in a cold voice, “Take this crazy woman and get out!”

His tone was plain, but it was full of unquestionable majesty.

The greasy-headed man choked, only to feel that Ji Feng’s two eyes were like two swords, making people not dare to look straight at him.

But usually it was he who told others to get lost, when was it their turn to tell him to get lost? He immediately became ashamed and angry: “Kid, be careful what you say, Laozi”

Before he could finish his words, he only felt a blur before his eyes.

Slap!

A loud slap sounded and hit him hard on the face, causing him to be instantly dizzy and his whole body was sent flying sideways, falling heavily to the ground, unable to react for half a day.

The sultry woman sitting on the bed also froze, she couldn't imagine that this man, who didn't look too strong, could be so savage as to send someone flying with a single slap!

When she reacted, she immediately screamed, "How dare you hit him? Do you know who he is? He is Zhang Yongqiang, his father is the police chief, you guys are waiting for bad luck"

Before the woman could finish, Ji Feng coldly snorted, "Where's all that nonsense!"

He jerked forward two steps, grabbed the woman's arm and flung his wrist violently.

Whew!

The woman screamed and immediately felt herself fly up.

Bang!

She fell heavily to the ground, was thrown into a heap, and instantly fainted.

Ji Feng shook off his hand and said indifferently, "Noisy!"

Everyone in the shop looked stunned, no one could have imagined that Ji Feng would be so tough, that after a simple warning, he would directly take action, those two people, who were both over a hundred pounds, unexpectedly one was slapped away by him, and that woman was also grabbed by him and directly thrown out.

Seeing his ease, it was no different from throwing a dog out!

At this moment, there were still quite a few customers in the shop, and because of the conflict between the two women, Xiao Yuxuan, and the two men from before, plus the fact that the two of them were really too beautiful, many customers were watching the situation over here, therefore, that series of actions of Ji Feng was also seen by them.

Everyone was stunned, Ji Feng was just too fierce, and the faint expression on his face, as if he had done something insignificant, really appalled people's hearts.

This person, absolutely cannot be messed with! Everyone immediately made a judgement in their hearts and hurriedly lowered their heads, busy picking out the furniture they needed.

The two women, Xiao Yuxuan and Tong Lei, were only briefly stunned before they were filled with joy.

They naturally knew why Ji Feng was so angry, it was because they had been insulted, which meant that Ji Feng cared for them very much. Although they didn't like the idea of Ji Feng clashing with others, they were still touched by Ji Feng's behaviour.

However, Ji Feng did not consider the feelings of the two women, he just had a cold face and could not stop the killing intent surging in his heart. Not for any other reason, just because of the few 'b*tchy woman' words spoken by that sultry woman.

Being accosted by other men and competing with others for merchandise were actually inconsequential and trivial matters, the big deal was to let them have it, Ji Feng was not that careful.

However, that sultry woman's one mouthful of 'cheap woman' and one sentence of 'seducing men' really made Ji Feng's heart suppress a violent rage.

In terms of seducing men, who is better than you?

But Ji Feng really couldn't bring himself to refute that woman, so he used the most direct method – throwing them out!

Since he couldn't reason with them, he would use his own fists to tell them what was reasonable!

Over the past few days, Ji Feng had seen too many people who were bullying others, his patience was almost exhausted, so where would he waste time talking more nonsense to this woman who was like a street girl?

You don't understand, then I'll use my own way to make you understand!

Ji Feng took a deep breath, which calmed the anger in his heart, and smiled faintly: "Since you like this bed, then let's buy it. Waiter, we'll take this bed, but we have to pick something else, can we pay for it all together later?"

"Of course!" The salesman said in a panic, with a heartfelt smile on his face, this young man was not only generous, but also ruthless, this kind of person, naturally, should be treated well.

It had to be said that many salesmen also looked at people down to the noodles.

Ji Feng smiled and turned his head to Xiao Yuxuan and Tong Lei and said, "You guys continue to watch, Lei Zi and I will follow you behind, we definitely won't let you suffer any more!"

"Mm!" The two women nodded at the same time and smiled sweetly.

"Crazy, well done!" Zhang Lei laughed and gave him a punch, "This body of yours doesn't look very strong, how come you have so much strength? Two living people, just like that, one was slapped by you and the other was thrown by you, it's just like shooting a movie!"

Ji Feng laughed, "No need to be envious, after a while when I'm free, I'll sort out the kung fu I've practiced and teach it all to you, by then it won't take long for you to do this too."

"It's a deal!" Zhang Lei's eyes lit up at once, men were martial, this was the commonality of almost every man. I believe there are very few boys who don't like to become a martial arts master, to fight for righteousness, or even worse, to defend themselves when being bullied, Zhang Lei was obviously no exception, once he heard that there was kung fu to learn, he immediately became interested.

"I say, when do we start?" Zhang Lei asked with great interest.

Ji Feng laughed, "It'll be a while, about half a year or so, now I haven't even practiced myself yet, so naturally I can't teach you guys indiscriminately, otherwise, it would be troublesome if something goes wrong with the practice then!"

"You can still practice it and have problems?" Zhang Lei was immediately amazed, "Could it be that the kind of thing that happens on TV where one practices kung fu and gets possessed by fire is true?"

"I'm not too sure about that, because I don't practice that kind of kung fu." Ji Feng smiled faintly, "Anyway, if the method is not right, everything can be dangerous, so you should not rush for the time being, at most half a year, and definitely start passing it on to you."

"Okay then, it's a deal!" Zhang Lei was afraid that Ji Feng would backtrack and hurriedly said. You know, there are not many people who know real kung fu anymore, and even if you want to learn it, you don't know where to go to learn it, and if you meet a fraudster and really practice it wrong, in case something goes wrong with your body, it would be really troublesome.

Now that there was someone around who knew kung fu and was so powerful, how could Zhang Lei miss this opportunity?

The few people here, Ji Feng, were talking and laughing as if they had already forgotten what had just happened, however, the greasy-headed man named Zhang Yongqiang and the sultry-dressed woman were still lying on the ground in a sorry state.

Zhang Yongqiang was better off, he had only been slapped away and hadn't actually fallen too hard, but because he was so humiliated, he preferred to pretend to be faint rather than get up and be laughed at. Besides, if he 'fainted' like that, someone would definitely call the police and the emergency services, and then he would be carried away without having to face the ridicule of the onlookers.

The sultry woman, on the other hand, had a much heavier fall. Although she hadn't done her best to be thrown out by Ji Feng, the force was definitely not comparable to that of ordinary people.

What's more, the woman was already a bit weaker, so at this moment, she naturally fell dizzy, her body was in pain, and she was lying on the ground rolling around in pain, constantly screaming miserably.

"Murder, ah!" The sultry woman was rolling on the ground while she kept screaming and spilling, "Someone's trying to kill me, everyone call the police, there's a madman trying to kill someone!"

"Stop it, stop howling!" The sultry woman's screams were so ear-splitting that Zhang Yongqiang could no longer continue to pretend to be unconscious, otherwise, he would really lose his face.

He gritted his teeth and got up from the ground, only to feel something in his mouth and couldn't help but spit out a mouthful onto the ground, but it was a few teeth!

Ji Feng's slap had actually knocked out a few of his teeth.

Zhang Yongqiang's eyes instantly showed an incomparable look of resentment, what a vicious tactic!

"If I don't get you killed today, I'll take your surname!" Zhang Yong** was incomparably angry, gritting his teeth and whispering, "No, not only will I get you killed, but I will also get those two women into bed, D! Laozi will definitely let those two women know how costly it is to pretend to be noble in front of Laozi!"

Who knew that just as he finished his words, Ji Feng, who was originally talking and laughing with Zhang Lei, suddenly turned cold, turned around and walked towards Zhang Yongqiang with a murderous look in his eyes.

With Ji Feng's ears, he could hear Zhang Yongqiang's mutterings even if they were low, not to mention that he had been watching Zhang Yongqiang's movements and heard his words clearly without missing a word.

Since you're looking for death, I'll make it happen for you!

Ji Feng's heart was surging with murderous intent, he originally intended to teach Zhang Yongqiang a lesson, so that he would know what to do and what not to do, but now, Zhang Yongqiang was still hitting on Yu Xuan and Lei Lei, he really didn't know how to repent even at the end of his life.

As soon as Zhang Yongqiang saw Ji Feng coming, he was so scared that he jolted and shouted to the demure woman in a panic: "Luo Ying, call the police, call the police!"

As he spoke, Zhang Yongqiang immediately turned and ran, he didn't dare to face Ji Feng again, this young man, who was even younger than him, was simply too ruthless.

When Zhang Yongqiang ran, it was not good for Ji Feng to chase after him, otherwise it would become a dog shooping a rabbit, which was really a joke to people.

He snorted coldly and did not say anything.

When Zhang Yongqiang, who had run out of Sun City Furniture City, saw that Ji Feng did not come after him, his courage was strengthened by a few more points. He forced himself to endure the pain of his teeth being knocked out and roared, "You bastards, wait here if you have the guts, if I don't get you killed today, I'll take your surname!"

"Good, I'll wait here!" Ji Feng said coldly, and then he jerked forward two steps.

Zhang Yongqiang was so frightened that he let out an ahhh and fled in a panic, running away in a flash, leaving the woman named Luo Ying lying on the ground in a daze, not knowing what to do, forgetting to even scream.

Chapter 235

"Ji Feng, why don't we go back first, that Zhang Yongqiang dares to be so open-minded, he must have something to rely on." Xiao Yuxuan and Tong Lei naturally also noticed the situation over here, the two women came over, their pretty faces were more or less worried, although they both knew that Ji Feng's skills were extraordinary, but if there were more people on the other side, even if they had weapons in their hands, their skills were no match for them!

What's more, the woman called Luo Ying seemed to have mentioned earlier that Zhang Yongqiang seemed to be the son of a certain police chief, in which case, the other party would probably use their power to oppress others and do that kind of thing of falsely helping others.

Ji Feng shook his head slightly and asked with a smile, "Have you guys picked out your stuff yet?"

“Mm!” The two women nodded at the same time, and Tong Lei smiled delicately, “Apart from picking out the bed, the sofa and other furniture, they just picked out the colours and styles, because they are all complete sets of combination furniture, so there is no need to pick too much, they will be equipped directly.”

“That’s good!” Ji Feng smiled faintly, “In that case, then you guys should go back first, wait at home to receive the furniture, rearrange it according to your ideas, and move all those old furniture out first, I’ll deal with it later.”

“Aren’t you going back together?” Xiao Yuxuan was stunned and seemed to understand Ji Feng’s intention and said in a panic, “Ji Feng, you’ll suffer if you stay here alone, Zhang Yongqiang, that kind of dude won’t care what status you are, you beat him up and made him lose face, he’ll definitely take revenge.”

“Yeah, Ji Feng!” Tong Lei also couldn’t help but say, “Why don’t we go back together and you find someone to deal with this matter, there’s no need to fight hard with them.”

Ji Feng harrumphed, “Ask Lei Zi if he is willing to go back?”

Zhang Lei immediately shook his head greatly and laughed: “Teacher Xiao, Lei Lei, you don’t have to worry, I’ll call my second uncle, I just don’t believe it, which police chief, will be greater than the position of second uncle?!”

Only then did Tong Lei breathe a sigh of relief, indeed, second uncle, as the director of the Jiangzhou Municipal Bureau, in this mu of Jiangzhou, there was really no director whose position could be bigger than him.

However, Xiao Yuxuan was still a bit worried: “What if the person you are looking for does not come in time?”

“This place is only ten minutes away from the city bureau, he will definitely be able to come, don’t worry!” Ji Feng smiled faintly and said, “You guys don’t need to worry, all of you go back first, after I finish handling this side of things, I’ll go home immediately!”

The two women knew it was useless to persuade them any further, so they could only nod slightly and went back with the furniture city’s delivery staff. Looking at Xiao Yuxuan driving in front and leading the way, with the delivery truck following behind, Ji Feng suddenly remembered something and immediately took out his phone and called Tong Lei.

“Lei Lei, you don’t want them to deliver the furniture to the house.” Ji Feng deliberated and said, “Just send it to the University Square in the university city, I will find someone to receive it.”

Although Tong Lei had doubts in her mind, she also knew that Ji Feng must have his reasons for doing so and agreed to do so.

Only then did Ji Feng let out a sigh of relief and hung up the phone.

Zhang Lei frowned next to him and said, “Are you worried that someone will learn your address from the mouth of these delivery people?”

“Yeah, one has to be on guard, it’s always right to be careful, there are just too many crazy people in this world!” Ji Feng nodded slightly, if someone with a heart knew his address, not to mention anything else, Xiao Yuxuan and Tong Lei two people in fear that is certainly unavoidable, Ji Feng does not want them to live this kind of life all day long.

“Crazy, you guys are unkind, it’s obvious that you want to stay, but you’re pushing it on me.” Zhang Lei couldn’t help but complain, “If my old man finds out that I’m causing trouble outside again, I’ll definitely be cleaned up again when I get back!”

Ji Feng was dumbfounded and laughed. Of course he knew what Zhang Lei was talking about, earlier Xiao Yuxuan had asked him to go back together, but Ji Feng had pushed Zhang Lei out, and as a result the two of them stayed behind.

In fact, it was indeed Ji Feng who wanted to stay, he had never really hated anyone as much as he did today. Especially that woman named Luo Ying, who was practically raised on shit and full of foul language, not to mention that the foul language was directed at Xiao Yuxuan and Tong Lei, even if Ji Feng was well cultivated, he couldn’t help but be furious.

And more importantly, Luo Ying was Zhang Yongqiang’s woman, so when she said those words, she represented Zhang Yongqiang. Moreover, when she was scolding Xiao Yuxuan and Tong Lei, Zhang Yongqiang did not stop her.

Vicious insults were often more unbearable than physical injuries. Xiao Yuxuan and Tong Lei were both well-educated people, and usually no one else had even said anything serious about them, so why had they ever been subjected to such vicious attacks and insults?

The aggression they both received, Ji Feng must get it back on Zhang Yongqiang and Luo Ying!

If it wasn’t for the fact that this was a public place, the furious Ji Feng would almost want to tear this bastard apart on the spot.

Under such circumstances, Ji Feng of course would not leave. He wanted to see what this person who dared to open his mouth and call himself ‘Laozi’ was all about, and whose power he was relying on to be so arrogant and domineering!

If it was just a simple conflict, or a small punk little girl, Ji Feng would not really be too bothered with them, but, since the other party is the son of a certain director, still doing such things, Ji Feng is really angry!

“..... Okay, I know” Just as Ji Feng was pondering, Zhang Lei had already ended his call with his second uncle, and he looked a little hesitant.

Ji Feng immediately noticed it and asked, “What’s wrong? Is it because this Zhang Yongqiang is from a very big place?”

Zhang Lei shook his head slightly and said, “He’s not very big, as soon as I said it was a director surnamed Zhang and his son was called Zhang Yongqiang, my second uncle knew who it was, Zhang Yongqiang’s old man was actually just a deputy director, and he was also the deputy director of the government affairs district branch over here.”

“What else!” Ji Feng asked. If it was just a deputy director of a branch office, it really wouldn’t make things difficult for Zhang Lei, apparently the other party had some other background that made Zhang Lei a little uncertain.

“Crazy, have you heard of the Qiao family?” Zhang Lei did not directly answer Ji Feng’s question, but suddenly asked.

“The Qiao family?” Ji Feng’s heart twitched, “You’re not talking about the Yanjing Qiao family, are you?”

“That’s right, it’s that Qiao family in Yanjing!” Zhang Lei nodded and said, “You haven’t been to Yanjing, so you might not be very clear about some of the families there, this Qiao family is also an old family, although it has gradually fallen into decline, it still has a lot of influence. Moreover, several brothers of the Qiao family are doing quite well in the political world and are gradually infiltrating into Jiangzhou Putting aside the family side of things, the Qiao family is, more or less, a bit of energy in Jiangzhou.”

“Say something specific!” Ji Feng said. For these upper level matters, Ji Feng knew really not much, on the one hand, he had never cared about this aspect, on the other hand, it was also because he had only sort of identified with his father a few months ago, and really didn’t know much about the sphere of influence of those families in Yanjing.

“As I have already said, several brothers of the Qiao family are doing quite well in the political world, one of them used to work in Jiangzhou, and this Zhang Yongqiang’s father, I don’t know how he managed to climb into a relationship with the Qiao family.” Zhang Lei’s tone was somewhat dismissive, “Originally, under your second uncle’s governance, the Qiao family could not afford to make any waves in Jiangzhou, but according to my second uncle, it seems that recently some important people from the Qiao family have come to Jiangzhou, so those people who used to have ties with the Qiao family seem to be somewhat stupid and not very manageable again!”

The important person of the Qiao family Ji Feng immediately guessed that it was obviously Qiao Rong without a doubt.

“What is your second uncle planning to do?” Ji Feng frowned and asked.

“My second uncle said that this is a sensitive period and it is not advisable to get too excited for the time being, at least, he can ensure that we are treated fairly.” Zhang Lei said, “My second uncle was very vague, but as far as I understand it, it should mean that he doesn’t want us to use his power and just go against Zhang Yongqiang on our own.”

“As long as we can guarantee fairness, that’s great!” Ji Feng smiled faintly, he naturally understood, that crazy woman Qiao Rong had come to Jiangzhou, I think many people were quite apprehensive, or at least not willing to clash with her head on. Under such circumstances, Zhang Lei’s second uncle was naturally not in a good position to step in directly.

However, it was obvious that he was not doing nothing either. At least, that statement that he could guarantee fairness meant that Zhang Yongqiang could definitely not use official power either, and had to solve the problem on his own.

Since both sides were on the same level, what was there to worry about? What a dude like Zhang Yongqiang can do is just to use his connections to find some people to deal with him or trip him up in some way, which is not enough to fear.

“Ding” The two of them were talking when Ji Feng’s phone suddenly rang, he took it out and couldn’t help but be quite surprised that it was second uncle calling.

Ji Feng immediately picked up the phone, “Second Uncle.”

“Little Feng, I already know about the matter between you and Zhang Yongqiang, remember, there is reason, evidence and discipline!” Ji Zhenguo’s voice seemed majestic and calm, “You should also know about Qiao Rong’s arrival in Jiangzhou, so remember in everything, don’t let the other side catch anything, as long as it’s within the scope of the law, no one can touch you, second uncle won’t let anyone hurt you, got it?”

Ji Feng’s heart warmed as he listened, and he nodded, “Second Uncle, I remember.”

Regarding how Second Uncle knew about this matter, Ji Feng was not surprised, Zhang Lei’s second uncle could reach the position of Municipal Bureau Chief, obviously his relationship with Second Uncle was not bad, this matter should have been told by him to Second Uncle.

“Well, be careful, but there’s no need to cower.” Ji Zhenguo handed over again, “When you are bullied, you naturally have to fight back, don’t be afraid of things, you don’t have to worry about the rest, I have everything!”

After hanging up the phone, Ji Feng couldn’t help but shake his head and smile, “It seems that this important person from the Qiao family has really caused a lot of people in Jiangzhou a lot of pressure!”

From what I could hear, even Second Uncle was trying to think of ways to cope, not to mention the others. In fact, Ji Feng also knew that it wasn’t that Second Uncle was incapable of dealing with Qiao Rong, how could a dangling secretary of the Jiangzhou Municipal Committee not be able to deal with even one Qiao Rong?

The only thing is that due to the face of the old man, the second uncle can’t do anything.

However, just because second uncle can’t do anything doesn’t mean he can’t do the same. Isn’t this what second uncle was implying when he called this number?

The second uncle was oppressed by the Qiao family for many years, it seems that the second uncle is also on fire! Ji Feng smiled in his heart.

Things were becoming more and more interesting.

Chapter 236

Ji Feng and Zhang Lei waited for ten minutes in the furniture city, but still did not see Zhang Yongqiang’s shadow, and he could not help but shake his head slightly. Without the backing of his old man’s power, he, the so-called son of the director, had actually become a toothless tiger, without any power at all.

I think Zhang Yongqiang is now gnashing his teeth and thinking about how to deal with himself, but there is no way out, he can only be secretly distressed.

Zhang Lei also couldn't help but shake his head, "Crazy, let's go, it seems that there is no more drama today."

"Go!" Ji Feng laughed, "Don't worry, there will definitely be opportunities later."

Since he knew that Zhang Yongqiang's old man was somewhat related to the Qiao family, and now Qiao Rong was in Jiangzhou, and her son Qiao Gakai had been seriously injured by himself, it would be strange if she didn't come to retaliate if she was really as crazy as Second Brother had said.

This crazy woman, just the things that second brother Ji Shaolei said, already made a deep impression on Ji Feng. Moreover, from the time Qiao Rong came to Jiangzhou, some people started to be foolish, and from this it could be seen how strong Qiao Rong was, although outside she represented the Qiao family.

But one must know that if it was just a worthless person, others would never see her as a representative of the Qiao family, which means that Qiao Rong had shown or was showing the power that belonged to her, so that those people had to be cautious. Even second uncle Ji Zhenguo was unable to face Qiao Rong directly, so naturally Ji Feng would not disregard it.

Who knew that the two of them were just about to leave when they heard a somewhat eager voice suddenly come from behind them, "Two, two little brothers, please stay."

Ji Feng and the two of them immediately turned around, only to see an obese middle-aged man on the stairs of the first floor of the Furniture City, running down with a sweaty head and an eager look on his face.

"Two young brothers, introduce yourselves, I am the manager of Sun City, Wang Youquan. I'm really sorry for making you two suffer here with me." The fat man's speech was fast and his face was piled with smiles, "To show our apologies from Sun City, we have decided to send a set of combination sofa to you two, I hope you can accept it."

Ji Feng and Zhang Lei looked at each other and both saw the doubt in each other's eyes. This seemed a bit unreasonable!

When they clashed with that Zhang Yongqiang just now, the noise was not small, so I thought it was impossible that this manager could not hear it, but he did not react, and it was only now that the two of them were leaving that this fatty showed up in a hurry.

Why was this?

Ji Feng instantly had a guess in his mind, this Wang Youquan came here, there should be two possibilities. Firstly, although he had not clashed with Zhang Yongqiang before, but because he was concerned about Zhang Yongqiang's identity, this was why Wang Youquan had delayed showing up. Now that he had suddenly appeared, he should have asked his boss or someone else to come and make amends to himself.

The second possibility was that Wang Youquan had not really come to express his apologies to himself, he had come here because he had received some kind of instruction, which was why he had come here to stabilise himself and Lei Zi and buy time for someone. As for who this someone was, it was self-explanatory.

Ji Feng looked at Wang Youquan with an indifferent expression, in his opinion, this Wang Youquan came here to make amends, in fact, the second possibility is still greater, Ji Feng would not think that Wang Youquan would know his identity, then, why would he risk offending Zhang Yongqiang and come to express some so-called 'apology' to himself?

Obviously, he wanted to stabilize himself!

Ji Feng couldn't help but sneer in his heart, it looked like Zhang Yongqiang still couldn't help himself, this Wang Youquan was obviously an emergency pioneer who had come to play the lead for Zhang Yongqiang.

Zhang Lei obviously also reacted, his face gradually sank as he stared coldly at Wang Youquan.

"Hehe" Wang Youquan's body shivered as he was stared at by the duo's icy gaze, he couldn't help but give a dry laugh and asked, "Why are you two young brothers looking at me like that? Are you still not satisfied with us?"

"Of course not, since Manager Wang is so sincere, then, we will accept it." Zhang Lei was just about to speak when he was stopped by Ji Feng with a wink as he smiled faintly.

Wang Youquan instantly let out a slight sigh of relief and asked with a smile, "In that case, then please provide your address, so that our delivery personnel can deliver it to you two at home."

"No need, my humble abode is rather poor and unbearable, it would be better to ask Manager Wang to send someone to deliver the sofa to the School Square, where your delivery people also delivered the furniture before." Zhang Lei grinned, but in his heart he laughed mockingly, trying to get an address through this trick? Do you really think we are fools?

Wang Youquan suddenly choked, he was anxious in his heart and couldn't help but say, "You two don't have to be so polite, it would be too much trouble to turn around at the school square, I think it's better this way, you two just give out your addresses directly, I'll have my men deliver the sofas to you directly to your homes, that would be more convenient too, wouldn't it?"

"Good!"

Ji Feng smiled faintly, "But as I said, I'm afraid that Manager Wang wouldn't dare to deliver it."

Wang Youquan's heart jumped and he laughed dryly, "Little brother is really joking, in this broad daylight, where else is there a place that you dare not go?"

"Wang Yue Cell, do you dare?" Ji Feng asked indifferently.

"Wang, Wang Yue Cell?" Wang Youquan's heart suddenly jumped wildly a few times, and he was suddenly a little dumbfounded.

How could it be the Wang Yue neighborhood? Could it be that these two young men in front of him both lived in the Wang Yue neighborhood? No wonder they dared to directly move Zhang Yongqiang's hand!

Not many people in the whole of Jiangzhou knew about the Wang Yue neighborhood, because there were too many neighborhoods in Jiangzhou, and ordinary people would not care about these issues. However, Wang Youquan had heard of the Wang Yue neighborhood! This neighbourhood, to some well-informed people, was like a thunderclap!

The people who lived in the Hope Moon neighbourhood were all rich. What's more, these people's money didn't come through the proper channels, and there were all sorts of characters living here, but no matter which one, they were not easy characters to deal with, and no one dared to mess with them easily.

If these two young people in front of him really lived in the Moonlight District, perhaps they were not very scary, but their elders, obviously, were not simple characters.

Wang Youquan hesitated, the orders he had received were to make sure to stabilise the two young people in front of him, and even to stop the two women from leaving if possible.

However, when Xiao Yuxuan and Tong Lei left, Wang Youquan could only stay in the manager's office upstairs, not daring to go out even one step, let alone come out to stop them. Originally, from the moment Zhang Yongqiang first stepped into Furniture City, Wang Youquan already knew about it. He wanted to come down and climb up with Zhang Yongqiang, but when he saw that Zhang Yongqiang was chatting with Xiao Yuxuan and the two girls, he did not show up for fear of disturbing Zhang Yongqiang's good deeds.

However, he was watching Zhang Yongqiang's every move in the hope that he could find a good opportunity, so Wang Youquan had watched the clash between Ji Feng and Zhang Yongqiang from beginning to end.

Ji Feng's terrifying hands and cold tactics all made Wang Youquan's heart tremble, especially when Ji Feng's icy eyes swept by, Wang Youquan's back even broke into cold sweat, and he didn't even dare to come out to stop it.

But now, he had to come out.

The boss had called and told himself to make sure to stabilise the young men and wait for Zhang Yongqiang to arrive with his men.

Wang Youquan couldn't help but cry out in his heart, these were two fatalities, how could he stop them?

Moreover, it was obvious that these two young people were very wary and did not follow their own thinking at all, even their attitude was very cold and arrogant.

Ji Feng and Zhang Lei's attitude made Wang Youquan certain that these two young people really lived in the Moonlight District, and it was only natural that people with status and strength would have such a cold and arrogant attitude.

Ji Feng and the two of them naturally did not know that their coldness fell in Wang Youquan's eyes but it appeared to be justified.

“Two little brothers, please wait a moment, I will go and arrange for someone to deliver the goods to you.” Wang Youquan wiped a handful of cold sweat and cried out in his heart, but the smile on his face grew brighter and brighter as he left in a panic.

“Sure, but be quick, we won’t be waiting here for long!” Ji Feng said with a wry smile.

Wang Youquan instantly had a feeling of having his insides all seen through, as he nodded in a panic and hurriedly ran upstairs.

Things had obviously become a bit complicated now, and he had to report to his boss in a hurry. Although Zhang Yongqiang’s identity was worthy of attention, however, these two young men were obviously not simple either, they were certainly not something that could be easily offended.

“Crazy, this guy has a problem!” Looking at Wang Youquan’s back disappearing at the stairway, Zhang Lei couldn’t help but say in a cold voice.

Ji Feng nodded slightly and laughed, “Predicted it, isn’t this what you kid wanted to see?”

“Humph, I’d like to see what kind of tricks they can pull!” Zhang Lei snorted coldly, “This fatty, he’s simply a lapdog, I just wonder, a chief’s grandson is worth this to them?”

“There are many kinds of people, this kind of person is very common.” Ji Feng couldn’t help but laugh: “Later if Zhang Yongqiang really brings someone, you kid should protect yourself, better find a place to hide, leave as many people to me, you watch for me from the side.”

Zhang Lei was immediately dissatisfied, “Crazy, what you said is all nonsense, am I the kind of person who leaves his brothers behind and hides himself?”

“Do you want me to call Lei Lei now?” Ji Feng didn’t even argue with him, he just asked indifferently.

Zhang Lei was dumbfounded and said resentfully, “Count on you kid, if someone really comes later, you have to give me a hard beating so that I can be right!”

Just then, a staff member of the furniture city suddenly walked over, as if pretending to carelessly pass by the two of them, and said quietly, “Two, please leave quickly, our manager seems to be calling someone!”

His voice was so low that Zhang Lei didn’t even hear it clearly, but Ji Feng smiled faintly and took a closer look at the man.

It was a young man in his mid-twenties, wearing the work uniform of Furniture City, and he had a work tag hanging on his chest.

Han Rui Chao!

This was this young man’s name, and his position was that of a business supervisor.

Ji Feng smiled at him kindly, to be able to remind himself at this time, this young man named Han Rui Chao obviously did not have a bad heart.

Chapter 237

After reminding Ji Feng, Han Rui Chao didn't dry to stay much and left as if nothing had happened. He couldn't be that obvious, otherwise, he would definitely lose his job.

After Han Rui Chao's reminder, Ji Feng became more and more certain that Wang You Quan was definitely instructed by someone else to stall himself and temporarily prevent him from leaving.

This is why Ji Feng is not really in a hurry to go back. It is also straightforward and simple to solve all the troubles at once today, so as not to leave any more problems later.

"Lei Zi, what did that person seem to say just now?" Zhang Lei said quietly, "Did he provoke?"

Ji Feng shook his head and smiled, "Don't see everyone as a bad person, people are kindly reminding us."

Zhang Lei's eyes lit up and he immediately asked, "Remind us? Then you mean to say that there are really people coming against us?"

"Pretty much, after all, what I said before people came was just a guess." Ji Feng smiled faintly, "Why don't we push a little more?"

Zhang Lei instantly understood, the two of them had been friends for several years and neither of them was stupid, so they naturally understood as soon as they said it. He gave a wink to Ji Feng, and then his face sank slightly as he stood up violently and said loudly, "What's wrong with that manager, he's still not down after so long? Forget it, let's go!"

At first glance, Zhang Lei looked as if he was impatient, just like those second world ancestors who didn't have the slightest bit of patience, Ji Feng couldn't help but laugh in his heart, but his mouth said, "Fine, it's just a few sofas, don't want them!"

The two of them were about to leave when a salesman immediately hurried up and said, "Please stay, our manager is arranging for delivery for you, please wait for a moment, it will only take a moment."

"No need." Zhang Lei fiercely waved his hand, "Let's go!"

The salesman was instantly anxious, but didn't know how to keep them. Thinking of the deadly order given by the manager, if she couldn't keep them, she would definitely be fired.

She gritted her teeth and hurriedly trotted two steps, stopping in front of Ji Feng and Zhang Lei, blocking their way, with furniture on both sides and only this one aisle, the shop assistant's two arms were stretched out flat to both sides, just blocking the way all the way.

"Please stay, you just have to stay for a moment." The salesman said sharply, "If you leave now, the manager will definitely fire me!"

Zhang Lei's face sank: "Is it any of our business whether you are fired or not? Do you still have the right to restrict our personal freedom?!"

A flash of hesitation flashed in that salesman's eyes, but he didn't move out of the way.

Ji Feng's two sword brows could not help but wrinkle up as he asked, "This lady, do you know that your manager is calling someone to deal with us?"

The panic in the shop assistant's eyes flickered and then disappeared, she shook her head vigorously and forced a smile, "Don't be ridiculous, our manager is arranging for people to deliver goods to you, how could he deal with you!"

"What exactly is his purpose, I think you would know some of it, it would be meaningless to say such things now, why bother pretending to be confused!" Ji Feng shook his head slightly, "Maybe you really want to keep this job of yours, or maybe you have another purpose. But have you thought about it, if we stay because of your obstruction and something happens as a result, you are indirectly the murderer!"

Anyway, Ji Feng had no intention of really leaving, he and Zhang Lei were doing this for show, just to make Wang Youquan anxious, so that all those people who wanted to deal with him, would come a little faster.

Instead, what really made Ji Feng frown was the female shop assistant in front of him.

This girl was probably in her early twenties, with ordinary looks and a slightly chubby figure. Such an appearance could indeed only be considered to be of a lower-middle level when placed in Jiangzhou, where beautiful women are in abundance these days.

But what made Ji Feng care was not her looks, but her action of blocking himself and Zhang Lei.

From the look on this girl's face, one could tell that she must have known that Wang Youquan was definitely not going to arrange for a delivery person, he must have called someone to inform them. Even so, instead of alerting herself, she was dead set on blocking it.

Thinking about that Han Rui Chao who had just reminded herself, the gap between people was not just ordinary!

A look of struggle and shame flashed across this girl's face, but it quickly disappeared: "This gentleman is joking, our manager really only arranged for someone to deliver to you, where is the purpose? I asked you two to stay because I was worried that you were not satisfied with our service, so I wanted to see what else I could do to make up for it and ask you to correct me."

"Deadly unrepentant!" Ji Feng shook his head slightly.

"Incorrigible!" Zhang Lei snorted coldly and asked disdainfully, "What can you get by keeping us around? Money, or status? Or something else?"

However, no matter what Zhang Lei said, or how disdainful the expression and tone on his face was, the saleswoman just wouldn't move out of the way.

"I hope you won't regret this decision today!" Ji Feng shook his head slightly and said indifferently, then casually sat down on a sofa next to him, "Alright, since you are so insistent, then I will stay. But I do want to know, if the two of us were killed today, or beaten up with our arms and legs missing, what would you do?"

A look of panic immediately flashed in that salesman's eyes, and he shook his head slightly, but did not say anything.

"Simply incorrigible!" Zhang Lei looked at her coldly, "To be a helper for a tiger, people like you are even more hateful than the culprit, there will be times when you regret it!"

The shop assistant's face turned red at the comment, she didn't dare to look at the two of them, but thinking of the manager's order, she didn't dare to leave.

Zhang Lei huffed and sat down next to Ji Feng and muttered through gritted teeth, "If it wasn't for the fact that you're a woman, with your current behaviour, I would have beaten you to the ground!"

Having a conflict with Zhang Yongqiang, the two sides were already hostile, no matter what moves both sides used, it was not excessive, after all, being in a hostile position, no one would show mercy.

However, this salesman in front of him had really made Zhang Lei angry.

A mere outsider, not even half related to this matter, but, for some unknown reason, he had to stop himself, this is really abominable!

Ji Feng smiled faintly, "Forget it, she's not the right person today, don't get angry."

Zhang Lei gave a sullen grunt, "What I hate most is this kind of person, who can go and sacrifice others at will because of their own little interests, what is this? I'd say she's more abominable than the culprit, that's even lighter."

Ji Feng glanced at the girl, only to see her head lowered and not speaking, but just standing in the aisle, not leaving in any way.

He couldn't help but laugh dumbly, "I'm afraid she's the only one who can still be so unwavering when being an accomplice."

Zhang Lei also cried and laughed, and hummed without saying anything.

But Ji Feng's heart moved, a girl, and only an ordinary shop assistant, between her and Zhang Yongqiang, there should not be any too deep relationship.

The fact is that the company's business is not a business. Or maybe had some other difficulties that made her afraid and unable to leave?

The first thing you need to do is to take a look at the actual situation.

What's more, one is not a great saint, can't manage the joy and sorrow of so many people, at most, today's matter not to bother with her is also the biggest concession. As for the rest Ji Feng shook his head firmly in his heart, no way!

.....

"Hurry up, driver you **** drive faster!" A black Buick car, Zhang Yongqiang's mouth with a medicine cotton, while angry and grumpy curses.

The driver's face was bitter: "Brother Qiang, this road is too congested, can't drive fast, or there will be an accident!"

"Fuck your accident, I'm in a hurry to kill someone now, kill someone do you understand?" Zhang Yongqiang glared and said with hatred, "If you don't drive faster, I'll kill you too!"

Looking at Zhang Yongqiang's look like a mad dog, the driver immediately winced in fear and drove as fast as he could, which eased Zhang Yongqiang's face a little. After the Buick, there were seven or eight similarly black cars, and when the drivers saw that Zhang Yongqiang's car had picked up speed, they followed.

Those sitting in these cars were the thugs who had followed Zhang Yongqiang here, more than twenty of them.

The shame and anger in Zhang Yongqiang's heart would have just about blown him up.

Ever since he was a child, he had always beaten up others, who dared to touch him?

But today, he was beaten up by a kid who was even younger than himself, and especially the way he was beaten up made him feel humiliated beyond measure.

Himself, he had actually been slapped away with a slap!!!

Zhang Yongqiang gritted his teeth to death, remembering the scene when he was chased by Ji Feng and fled in a mess, he almost exploded.

A sharp pain suddenly came from his gums, Zhang Yongqiang hurriedly calmed his breathing and used less force on his mouth, his face twisted even more.

When had he ever been so aggrieved, and when had he ever been beaten in such a humiliating manner?

Never!

But today, he was experiencing it all over again!

Just thinking about that humiliating and wretched scene, Zhang Yongqiang felt furious. He even wanted to rush to Furniture City in an instant, go and clean up those two little bastards, break their limbs and throw them onto the street.

He could not let those two women go either. He would make sure that they knew what would happen if they did not treat the young master with respect!

Chapter 238

However, what made Zhang Yongqiang even more furious was that the old man, who used to be furious enough to take out his anger for himself even when he was glared at by others, had this time strictly forbidden himself to use the power of the police!

In order to completely put an end to his thoughts, the old man had even called all the police stations below him and made arrangements, which almost drove Zhang Yongqiang, who had always been fond of pulling up the skin of a tiger to make a big banner, crazy.

Even to the extent that the old man even personally called himself and told him to tighten up a bit, so that if there was mutual damage between the two sides in today's incident, it could be ignored.

Are you kidding me?!

Without these cops to back him up, what would he do to fight those two fierce bastards? By their own fists?

And to say that it was negligible?

Zhang Yongqiang couldn't help but touch the part of his body where his teeth had been knocked out again. Along with the strong anger, there was also an imperceptible fear that grew in his heart.

If it was just one person, Zhang Yongqiang would not be willing to face Ji Feng and Zhang Lei again, it was too scary!

A slap on the face sent him flying, and then he threw Luo Ying out without mercy.

If it wasn't for him, how would he have ended up in this situation?

Zhang Yongqiang had never thought about why his father, who had always been very protective of him since he was a child, had strictly forbidden him to use any police force in this conflict, let alone thinking that if he hadn't gotten carried away and taken the initiative to talk to Xiao Yuxuan and Tong Lei, how would the conflict have occurred?

There is a type of person who, once a conflict has occurred between them and others, will put all the fault on others and will not even feel half guilty about it. Zhang Yongqiang is undoubtedly this kind of person, and he has perfected this technique of shifting blame to perfection!

In a fit of rage, Zhang Yongqiang no longer cared about the old man's warnings, and after running into walls everywhere, Zhang Yongqiang finally came up with someone – Ah Liang!

Originally, Ah Liang was just a small-time gangster in the government district, not doing much, just fighting with others on the street all day long and collecting protection money like a triad.

It was not until once, when Ah Liang was sent to a detention centre for injuring someone, that he met Zhang Yongqiang's father.

Later on, he met Zhang Yongqiang's father and they seemed to have some kind of agreement or tacit understanding. Whenever Ah Liang got into a fight with someone, the police would show up in time and were helping Ah Liang against his opponent.

More importantly, with Ah Liang's assistance, Zhang Yongqiang's father succeeded in fighting off several black and evil forces and solving several big cases, which made him famous and laid the foundation for his future promotion.

This is also the reason why Ah Liang is highly valued by Zhang Yongqiang's father, and although their dealings are very secret, they cannot be hidden from Zhang Yongqiang.

In this way, Liang became more and more influential in the government area, and more and more people followed him around.

In less than two years, A-liang had become the number one man in the district, and there was hardly any other person on the street who could compare with him.

In the government district, Ah Liang's power had almost reached its peak.

At this time, Ah Liang began to transform and gradually came ashore, opening a bathing centre as well as a bar in the government district, and in just six months' time, his fortune soared rapidly and he was now a well-known tycoon.

In Zhang Yongqiang's impression, it seems that since then, his family has had more and more money, and he has never worried about money in the past few years when he ate, drank and played, or even for his father's promotion and many other things that required money.

Even if Zhang Yongqiang was stupid, he knew what was going on.

When he asked his father about it, he got the answer he wanted.

This time, in a desperate situation, Zhang Yongqiang remembered Ah Liang. As expected, when Ah Liang found out about this matter, he immediately agreed and sent more than twenty of his most capable men to follow Zhang Yongqiang out.

These men, sitting in the back of the car, followed Zhang Yongqiang and headed in the direction of Furniture City.

As he watched the Buick speeding quickly once again, Zhang Yongqiang was still a little uneasy in his heart, and he hurriedly called Luo Ying.

"Hey, Brother Qiang, where are you, I'm so scared here alone" As soon as the phone was connected, Luo Ying's words with a crying voice came quickly. Instead of taking her away from the Furniture City, Zhang Yongqiang told her to hide aside and keep an eye on the whereabouts of the young men, and Luo Ying stayed behind in fear.

The fear in her heart, however, was getting thicker and thicker, and if she hadn't been more afraid of Zhang Yongqiang, she would have simply turned tail and run. Ji Feng's cold and ruthless style had left her with so much fear that she didn't want to stay here for one more second.

Luo Ying was incredibly remorseful in her heart, why did she have to take the initiative to provoke those two women?

Just because of her own jealousy, Zhang Yongqiang, who was almost unattainable and omnipotent in her eyes, had been beaten up by that young man like a dead dog and ended up fleeing in disarray, even leaving herself behind straight away, unconcerned.

"Cut the crap, I'll be there soon, have those two bastards left yet? And those two women, have they left yet?" Zhang Yongqiang was already in a rage, and at this moment, when he heard Luo Ying's cries, his anger burst out uncontrollably and he yelled into the phone.

Luo Ying was instantly startled and hastily reached out to look at the furniture city not far away and said, "Brother Qiang, those two young men haven't left yet, but those two women have already left"

As soon as her words were spoken, Zhang Yongqiang almost jumped up as he roared, "D! How could you let them leave? Don't you know that Laozi is going to get them?"

Luo Ying, who dared to be jealous at this moment, just said in a condescending manner, "Brother Qiang, how could I stop them from leaving? It's not like you don't know how powerful those two young men are"

She didn't dare to say that she didn't dare to stop those two women from leaving at all, if she said that, I'm afraid the first person Zhang Yongqiang wouldn't let go was himself! For Zhang Yongqiang's character, Luo Ying could not understand it better.

Zhang Yongqiang coldly snorted: "Listen carefully, I have at most ten minutes to arrive at the furniture city, moreover, I have already instructed the owner of the furniture city to send someone to stabilize the other party. You keep an eye on those two bastards, if they want to leave, you have to stop them even if you have to fight for your life, otherwise, I will be the first to spare you, do you hear me!"

Luo Ying secretly cried out in his heart, but his mouth dared not say a word, and he nodded in a panic, "Don't worry, Brother Qiang, I know what to do."

"Humph! Let's hope it's true, stupid woman!" Zhang Yongqiang grunted and hung up the phone, gritting his teeth as he said to the driver, "Did you hear what I just said? Ten minutes at most, if you don't make it to Furniture City, I'll throw you into the Yangtze River to feed the fish!"

The driver was startled, and hurriedly added fuel to the accelerator, ignoring even red lights and the like, and rushed straight ahead. For these dude villains, he wouldn't dare to disobey.

.....

Inside the furniture city, Ji Feng and Zhang Lei sat side by side on a sofa, and in front of them was the shop assistant who insisted that the two of them not leave, and the longer she waited, the more anxious she looked instead. Because she wasn't sure how much longer she could stop these two young men.

"It's taking too long, isn't it?" Zhang Lei looked at his watch and frowned.

The shop assistant's heart suddenly jumped and her face became even more anxious.

Ji Feng smiled faintly, "To give others time, I believe someone is more anxious than us."

Zhang Lei also instantly nodded and smiled, "That's right."

Hearing this, the salesman turned red with shame and opened his mouth to say something, but he wanted to say something but stopped, and in the end nothing came out.

Ji Feng glanced at him, coldly snorted in his heart and did not say anything.

In fact, the salesman had misunderstood. Ji Feng and Zhang Lei said the more anxious one, referring to the beaten Zhang Yongqiang, I believe that with his playboy nature, absolutely will not be able to endure the beating, not to mention, Qiao Rong came to Jiangzhou, and people who have relations with the Qiao family, even more will not swallow this anger.

The only thing is, because of Ji Zhenguo's checks and balances, it makes those people dare not act recklessly, but Zhang Yongqiang is bound to come, Ji Feng can be sure that the dude is simply unable to endure.

The salesman was obviously overly concerned, as the saying goes, those who speak have no intention to listen. However, Ji Feng naturally wouldn't explain anything to her.

Just then, a siren sounded at the door, and everyone couldn't help but stare.

“Someone has called the police?” Zhang Lei frowned slightly, according to his second uncle, there would never be a police officer present today, and now that a siren sounded coming to mind, it shouldn’t be Zhang Yongqiang’s father who sent it. Apart from that, it was only possible that someone else had called the police, and the person who had sent the police did not know the specifics of it.

The sound of the siren got closer and closer, only to disappear a few moments later, followed by a tall, delicate figure in uniform, appearing in front of the door of the furniture city.

Seeing this person, Ji Feng was stunned: “Why is she here? Isn’t this woman a traffic police officer? When did the traffic police also take charge of law and order matters?”

The person who came was no other than the beautiful traffic police officer who had dealt with Ji Feng once, Li Ruonan.

The first meeting between the two was not too pleasant an experience, as Ji Feng was issued a ticket and paid two hundred dollars, while Li Ruonan, too, was furious with Ji Feng.

At the same time that Ji Feng saw Li Ruo Nan, Li Ruo Nan also saw Ji Feng, and a look of shock immediately appeared on her pretty face, subconsciously widening her beautiful eyes.

No one could have imagined that the two would meet again in such a situation.

“Why are you here?” Li Ruonan glared at Ji Feng and asked with an unkind face.

Chapter 239

“Why are you here?” Li Ruonan glared at Ji Feng and asked with an unkind face.

Ji Feng instantly laughed bitterly, this beautiful and somewhat unlikeable female traffic cop still had such a fiery and straightforward temper that she targeted herself as soon as she came up.

“Why can’t I be here? Is this a restricted area, or some kind of military important place?” Ji Feng asked with a smirk, he also didn’t expect to meet this female traffic police officer he had once met here, it seemed that things were getting more and more interesting today.

“Don’t be slick in front of me, people like you, if it was in the past, I would have beaten you once I saw you, today this girl has something to do, so I won’t bother with you for now!” Li Ruonan also knew that there was something wrong with her question, which was why she didn’t dwell on it with Ji Feng. This was a furniture city, so naturally everyone was allowed to come.

Ji Feng couldn’t help but be happy, “In that case, I have to be thankful?”

Li Ruonan glared at him and hummed, “I just received a police call that someone was committing murder here, did you have a part to play?”

“Aren’t you a traffic cop? When did you start doing police work?” Ji Feng asked in amazement, how could he come across her everywhere?

“Do I need to tell you this?” When Li Ruo Nan saw Ji Feng’s face, the fire in her heart couldn’t help but rise up, remembering the last time he stole away from the pavement violation while he couldn’t see it,

Li Ruo Nan was gnashing her teeth, daring to be so reckless in front of her, this second world ancestor was still the first!

“Then let it be!” Ji Feng spread both hands and stopped paying attention to her.

In fact, the reason why Ji Feng stayed here was not to play games with Wang Youquan and the others, he wanted to hit Zhang Yongqiang hard and use it to tell Qiao Rong that he couldn't control what was going on in Yanjing, but in Jiangzhou, the Qiao family didn't have that qualification to ride on the head of the Ji family, at least, it wouldn't work here with him.

This is a warning signal, if Qiao Rong still does not know how to retreat, Ji Feng will have to adopt the method of beating madness as Han Zhong said, to beat her painfully, so that she dares not pretend to be mad and foolish again.

So, naturally, Ji Feng could not let Li Ruonan, a scurrying traffic cop, spoil things for himself.

Seeing Ji Feng's lazy attitude and no longer paying attention to himself, Li Ruo Nan couldn't help but give him a fierce glare, those beautiful eyes would have scolded Ji Feng if he could speak.

Looking around, there didn't seem to be any situation happening, although those salesmen and some customers looked a bit strange, but obviously there was no sign of murder.

However, according to the usual practice, Li Ruonan still had to ask the people present what had happened before she arrived and whether someone had really committed a murder here.

However, all the people she asked looked strange, only subconsciously glancing at the direction where Ji Feng and Zhang Lei were, but none of them dared to say anything explicitly, and even if someone wanted to report it, they only looked at Ji Feng if at all.

Li Ruonan felt strange, why were all these people looking at Ji Feng?

She suddenly had a feeling in her heart, could it be that the person who had committed the murder before was that second-rate person, Ji Feng?

The first thing that happened was that he felt the gaze of those people, but he didn't say anything, he still sat there peacefully, not even worried.

The staff of the furniture city would definitely not report themselves, because once they pushed themselves out and were taken away by Li Ruo Nan, they would not be able to explain to Zhang Yongqiang.

The vast majority of the onlookers wouldn't say anything because they still wanted to watch the fun, so naturally they didn't want things to end so simply, otherwise, wouldn't they have had a lot less fun?

As for themselves, it would be even less likely that they would report themselves.

The atmosphere in Furniture City was strange, everyone's eyes subconsciously looked at Ji Feng, but no one dared to say anything more.

With her former experience as a criminal police officer, Li Ruonan quickly understood that the key to the matter still lay with Ji Feng. She gave Ji Feng a fierce glare, it was really this second generation who was causing trouble!

However, Li Ruonan also knew that if she asked here, she would definitely not be able to ask what was going on, so she wanted to let these customers and the staff of the furniture city go to the office to talk alone, only then would they tell the truth.

However, Li Ruonan's idea was not going to work, as none of the customers or the staff of the furniture city were willing to go to the office.

What a joke, once in the office, maybe someone will really report it, and then he or she will definitely not be able to get away with it, if that young man suspects that he reported it, if he retaliates, who can bear it?

Just now Ji Feng's ruthless tactics, terrifying hands, really let all the people who saw that scene can not help but jump in fear, if those tactics were used by him on their own body

The first one is not willing to go to the office to receive a separate conversation, and no matter what Li Ruonan asks again, no one dares to say more, even if the original heart has 'justice', intends to report Ji Feng, once heard to talk alone, also panic and shake their heads to refuse.

It's okay to report, and it's said that if you assist the police in their investigation, there is a certain reward for reporting useful clues, and this is exactly where the 'justice' of those people lies.

But to risk one's own life for the sake of reporting, that was a no-no!

"Is that second worldly man that scary?" Li Ruonan shouted, her silver teeth clenched in anger, her breasts heaving violently as she pointed her finger in Ji Feng's direction and yelled at those people, "Your guts are too small, aren't they? Does that Second Ancestor really dare to retaliate against you guys?!"

"The Second Ancestor?" Zhang Lei was stunned, "Crazy, that traffic cop was talking about you? Since when did you become a second world ancestor?"

Several black lines sprang up on Ji Feng's forehead, and he said in no good mood, "How do I know which nerve that woman got wrong, insisting that I'm a second generation ancestor, I guess it's all because of the BMW"

He briefly told the previous encounter with Li Ruonan.

When Zhang Lei listened to this, he was dumbfounded, "Crazy, I never thought you would have this encounter."

Ji Feng could only laugh bitterly, and when he raised his head, he saw Li Ruonan standing in front of him with a blue face, staring at himself with hatred.

"Big traffic cop Li, what's wrong again?" Ji Feng asked with a smile.

"I'm asking you, the person who committed the murder just now, was it you?" Li Ruonan asked in an unkind tone.

Ji Feng immediately shook his head, "How is that possible, why would I commit murder for a good reason?"

"It really wasn't you?" Li Ruonan asked again.

"Of course not, there are so many people, just ask and you'll know." Ji Feng smiled, looking sincere.

Li Ruonan stared at Ji Feng's eyes with a deadly gaze, hoping to find a lying panicked gaze, but the result was a little disappointing for Li Ruonan, Ji Feng's eyes were not only very calm, but also very deep, looking as if it was a boundless sea, so that one could not help but be attracted.

Li Ruonan hurriedly moved her gaze away, not daring to look any further, she was panicking, her heart was beating violently, in order to cover up her disorder, she hurriedly changed the subject: "Ji Feng, whether or not you are causing trouble, I hope you can leave here immediately."

She herself didn't even realise that her tone had softened as she spoke. It was only because she was flustered that she didn't notice.

Ji Feng pondered slightly for a moment and finally nodded, after waiting for such a long time Zhang Yongqiang had not come, so there should be nothing more today.

He did not know that Zhang Yongqiang's motorcade had already arrived on the street where the Furniture City was located, which was only two or three minutes away.

Wang Youquan was aware of this because he had received a phone call from Zhang Yongqiang.

After hanging up the phone, Zhang Yongqiang ran down in a panic and said loudly with a smile on his face, "Two, two little brothers, the personnel to deliver the furniture have been arranged, please wait at the entrance first, the car will be here soon."

Ji Feng frowned slightly at once and gave Wang Youquan a slightly critical glance, only to find that Wang Youquan's eyes seemed a little flustered.

"Now go out and wait?!"

Ji Feng was a little skeptical, the furniture was still lying around the shop and it would take at least ten minutes to load the truck, wasn't it a little too impatient for Wang Youquan to tell himself to go out and wait now?

What's more, he hadn't said he was going with the delivery truck, yet Wang Youquan had made the decision without even asking himself, which was obviously too hasty.

"No!" Ji Feng suddenly had a movement in his heart to let himself out and wait

He gave Wang Youquan a meaningful glance, and then turned his head to Li Ruonan next to him and said, "Big traffic cop Li, since you're doing police work today, shouldn't you also be responsible for our safety?"

Li Ruonan immediately gave him a wary look, "What kind of tricks are you trying to pull again?"

In her eyes, a second-rate man like Ji Feng rarely needed police protection, not to mention, she had seen Ji Feng's skills once before, he still needed his own protection?

Apart from playing tricks, Li Ruonan couldn't think of any other motive for Ji Feng!

Ji Feng smiled faintly: "What kind of tricks can I play, I just want you to protect my friend for a moment, there might be some danger later, as a police officer, you surely can't just stand by and watch, right?"

"What's the danger?" Li Ruonan looked at Ji Feng suspiciously, this was a downtown area, what danger could there be?

Ji Feng smiled, "I just said if, if there is danger, can you help me protect my friend?"

Zhang Lei next to him instantly realised what was going on, he was just about to speak when he was interrupted by Ji Feng: "Now is not the time to be brave, otherwise, you can leave now or accept the protection of the police, your choice!"

Zhang Lei immediately stopped talking, leaving now, that was even worse than killing him. What's more, he also knew that he would only be a burden if he went out, so he might as well wait here. He had full confidence in Ji Feng's skills, not to mention that with the police here, it was hard to say whether there would be a fight or not!

At this time, Wang Youquan was already waiting a bit anxiously, he immediately urged, "Two young brothers, the car is coming, let's go out and talk."

Ji Feng snapped back and gave him a cold look as he said in a deep voice, "I'll settle the score with you when I come back!"

With that, he walked towards the outside.

Wang Youquan immediately followed as he walked away and said with a smile, "What are you talking about, how can you still settle accounts with me?"

Ji Feng didn't bother to talk nonsense with him and said indifferently, "What kind of account, you know best in your own heart."

"Haha, little brother is really joking" Wang Youquan laughed dryly twice, seeing that Ji Feng's foot had already stepped out of the door, he suddenly turned around and quickly closed the door, fearing that Ji Feng would turn around and come back.

Ji Feng had already noticed Wang Youquan's every move, he sneered in his heart, it was just a siege, but it was still uncertain who would kill whom!

Chapter 240

The gate of the furniture city was an electronic gate, and it would take more than ten seconds to close it completely. Although the time was short, there was still plenty of time for Ji Feng to turn around and turn back.

Wang Youquan was afraid that Ji Feng would come back, so he was blocking the doorway with his eyes firmly fixed on Ji Feng, closely watching his every move.

When Ji Feng turned his head back, Wang Youquan's face suddenly changed and cold sweat broke out on his back. But he knew that if he turned and ran at this moment, not to mention his rice bowl was smashed, whether he could stay in Jiangzhou or not was an unknown.

So even though his legs were trembling, Wang Youquan stayed dead in place and didn't move a muscle.

After Ji Feng gave him a cold look, he turned around and walked towards the street.

Wang Youquan immediately let out a long breath, as if all his strength had been drained out of him in an instant, and immediately fell limp on the ground, panting heavily. But on his face, there was a relaxed smile.

Finally, he had succeeded. Once Ji Feng left this door, it would be difficult for him to come back. He had known just now that Zhang Yongqiang had already led his men to the vicinity and was waiting for Ji Feng to go out.

Ji Feng didn't say anything about Wang Youquan's behaviour, but Zhang Lei was furious.

He roared out, "Wang Youquan, what the **** are you doing?!"

Li Ruonan's pretty face also changed violently, she obviously also realised that something was wrong, Wang Youquan had closed the door, either he wanted to deal with the people being controlled in the shop, or, there was someone outside who wanted to deal with Ji Feng.

When she thought about the fact that Ji Feng had just asked her to protect his friend, then there was only one possibility – there was someone outside who wanted to deal with Ji Feng!

Her pretty face turned red with anger and she angrily rebuked, "Who are you and why are you closing the door? Do you know that this is a crime?! Open the door immediately."

“No need to talk nonsense with him, just open the door!” Zhang Lei roared and immediately ran towards the door, instead of talking so much nonsense to Wang Youquan, he would rather open the door directly himself.

Wang Youquan was frightened and scrambled to get up and hide to the side.

Zhang Lei ran to the door and immediately cursed, “Bastard, give me death!”

This electronic door, however, was operated with fingerprints and a password, Zhang Lei’s fingerprints were incorrect, and he did not know the password.

Li Ruonan also rushed over and was about to grab Wang Youquan and forcefully use his fingerprints to open the door.

However, Wang Youquan had already run into the onlooking customers who were already stunned by this series of changes, and seeing that both Zhang Lei and Li Ruonan were coming after him, he immediately shouted out, “Everyone, it is said that a large number of hooligans will soon rush in outside the door to seek revenge on those two people, should we open the door?!”

“No!” As if they had been trained countless times, all the customers and staff present were shocked at the same time, and immediately shouted in unison.

If the door was opened, those hooligans would definitely rush in to take revenge on those two young people, and then they, the innocent people, would definitely be affected, and might suffer from the pool of fish.

All of them did not hesitate to choose between themselves and others.

At this moment, the worst side of human nature was displayed to the fullest!

Zhang Lei and Li Ruonan froze, the staff of the furniture city would stand on Wang Youquan’s side, they naturally considered it, but even those customers who were watching, did not hesitate to stop themselves from opening the door, this greatly exceeded their expectations.

Zhang Lei, in particular, was furious. Among those onlooking customers, there were quite a few who were previously whispering accusations against Zhang Yongqiang and that woman called Luo Ying, in solidarity with himself and Ji Feng. But now, they all changed in an instant, and the change was too quick.

Knowing that it was hopeless to open the door, Zhang Lei, who was in a rage, suddenly became even more furious.

“I’ll do it!” Zhang Lei roared, casually picking up a chair and rushing towards the crowd, his mouth roaring, “**** Wang Youquan, I’m going to get you killed!”

Looking at Zhang Lei, who was almost desperate, Wang Youquan’s heart suddenly trembled, and he shouted in a panic: “Everyone, don’t let him rush over, or the door will be opened!”

The customers, who were originally a little stunned by Zhang Lei’s desperate madness, as well as the staff of the furniture shop, suddenly became violently agitated upon hearing these words.

What a joke, so many people were still afraid of him alone? If he opened the door, they would be in trouble then!

In a flash, the dozen or so people standing in front of them all manipulated chairs and hangers and other furniture and smashed them fiercely towards Zhang Lei.

Whoosh!

A dozen pieces of furniture smashed at Zhang Lei at the same time, but he didn’t care, in his mind there was only one thought, grabbing Wang Youquan to open the door and let Ji Feng come back, he would never let his brother go alone to fight for his life and hide here himself.

Originally, Zhang Lei only thought that Zhang Yongqiang would just call a few helpers, those people were obviously not a threat to Ji Feng, moreover, this was a downtown area, so he thought that Zhang Yongqiang would not dare to go too far, which was why Zhang Lei agreed to stay. But now, once he

heard Wang Youquan say that there would be a large number of hooligans, he immediately became anxious, even if Ji Feng's kung fu was powerful, how many could he deal with?

"Be careful—!" A cry of alarm suddenly rang out, followed by a delicate figure swooping over from the side, grabbing Zhang Lei and rolling to the side at once.

Bang, bang, bang, bang!

At the place where Zhang Lei had originally run, a dozen pieces of furniture smashed to the ground almost simultaneously.

"Fuck me!" Zhang Lei once again cursed angrily and was about to get up.

Li Ruonan pressed him down and chirped, "Don't be impulsive, you can't beat them alone, what you need to do now is to hurry up and inform Ji Feng so that he can escape as soon as possible!"

"You go and inform, I'll go and catch that **** Wang Youquan!" Zhang Lei quickly handed his phone to Li Ruonan: "The first number is his, we're brothers, if he's fighting for his life outside, I'll fight for my life inside too!"

He laughed loudly and stood up, picking up a stainless steel coat hanger with his hand, and walked step by step towards Wang Youquan who was surrounded by the crowd, because he had just been pounced on by Li Ruonan, he looked a bit lame, but his face wore a fierce look of unrelenting determination, even if there was hell ahead, he would still break through and get that bastard Wang Youquan.

For a moment, those people were surprisingly intimidated by Zhang Lei's aura, and they all stared at him in awe, forgetting to even try to stop him from advancing.

Almost all those present were ordinary people, and perhaps being instigated by someone, they would have united to resist, but when Zhang Lei did not want to die, and wanted to fight them hard, these people began to have fear in their hearts.

.....

“It’s that bastard!”

In the Buick, Zhang Yongqiang caught a glimpse of Ji Feng who was walking down the steps in front of the Furniture City, and his eyes instantly turned red as he roared through gritted teeth, “All of you get out of the car and kill that bastard on the front steps for me!”

Perhaps because there had been this kind of similar action long before, these cars were equipped with car intercoms, and Zhang Yongqiang’s voice was instantly heard by everyone.

Bang, bang!

The car doors all opened and two dozen people quickly got down from the cars at the same time and rushed towards Ji Feng on the steps, as they ran, they felt for their waists, where they had hidden weapons like steel pipes and machetes.

Hula!

When the pedestrians on the street saw a large group of men like wolves and tigers suddenly appearing not far away, they panicked and scattered in all directions, afraid that something would happen to them, and even more afraid that they would suffer from the fish in the pond.

This was a downtown area, next to the government district, and the streets were undoubtedly full of pedestrians, yet after the appearance of these two dozen men, with them at the centre, everyone scattered in a panic in all directions, as if in waves, spreading rapidly to a great distance in all directions.

For a while, the pedestrians in the nearby streets, all stayed away, but when they saw that the wolf-like group did not rush towards them, their curiosity got the better of them and they formed a big circle and watched from afar.

All eyes moved after the group of wildly running men and eventually they saw a young man of about twenty years of age.

This young man walked slowly down the steps, without a trace of panic on his face and with a calm gait, as if he was not facing a group of wolf-like thugs but a group of sheep that posed no threat.

In this metropolis, where law and order is considered good, there is a dark side, but after all, it is so far away that they rarely see it.

It was the first time these people had seen a scene like today's, and their eyes widened, both nervously and excitedly, fearing that they would miss any of the smallest details.

Ji Feng took off his jacket and casually threw it on the steps behind him, with a cold smile at the corner of his mouth, as he continued to walk forward.

This kind of scene, Ji Feng did not know how many times he had experienced in the super agent training system, from being surrounded like a dead dog at the beginning, to finally being able to finish off all his opponents in the shortest possible time, Ji Feng walked step by step, long ago he no longer feared the opponent's large number of people as he did at the beginning.

In fact, the more people there were, the more excited he was and the more leeway he had to play with. Because no two people can work seamlessly with each other, as long as they work with each other, there are bound to be breakdowns, and the more people there are, the bigger the breakdowns are, and the more chances Ji Feng has.

Inside the furniture city, it was a different scene. Zhang Lei was still being restrained, only that the person restraining him was Li Ruonan.

As a police officer, she could not stand by and watch Zhang Lei fight for his life without doing anything, and she could not do anything to these people, so she could only pull Zhang Lei back.

However, ordinary words could not dissuade Zhang Lei at all, so Li Ruonan said, "Instead of fighting for your life here, why don't you calm down first and see if Ji Feng will be in danger, and if he is really not in danger, why do you have to go and fight for your life with others?"

After hearing this, Zhang Lei immediately ran straight to the first floor, followed by everyone who ran up to the first floor and looked out through the window.

“Fight to the death!” Zhang Yongqiang looked at Ji Feng, who had a calm face, and immediately subconsciously rubbed his beaten face, then he felt that his reaction was too humiliating and couldn’t help but yell, “Break one of his legs, 20,000 each, break all four limbs, 50,000 each, and if he’s killed, I’ll carry it!”

Swish swish!

The two men running at the front took out their steel pipes and frantically hit towards Ji Feng!
