

Campus Master 2331

“Poof-!”

Yang Bin was unable to hold on, before Ji Feng finished his words, he couldn't help but spurt out a mouthful of blood once again, Ji Feng looked down and realized that in the position of Yang Bin's chest was actually continuously oozing out blood, it was obvious that his wound was in his chest, and it looked like the injury should not be light.

The most important thing was to save Yang Bin's life first.

At the same time, Ji Feng sped while saying, “Bai Zhu, those outside are the enemy, you hide first, don't make any rash moves!”

Bai Zhu couldn't help but feel a sense of awe at his words and said, “Yes!”

Ji Feng heard Bai Zhu's voice was deliberately lowered, so he knew that at this moment, Bai Zhu should have already approached those bandits, that's why he didn't dare to speak loudly, to prevent being heard by those bandits.

When he came to this judgement, Ji Feng became even more anxious, he whispered, “Bai Zhu, remember, don't expose yourself, no action without my order, if those people want to go, just let them go, knock on the microphone three times if you hear them!”

“Bounce bounce bounce!”

Immediately after that, three muffled sounds came from Ji Feng's headset, and only then did he feel relieved, carrying Yang Bin all the way back home.

Han Zhen had also heard their conversation through the headset, so she knew that it was Ji Feng who had returned at the moment, but she still kept her gun pointed at the villa's living room door, because she was now protecting Xiao Yuxuan and Tong Lei, so she couldn't be careless and had to see with her own eyes that it was Ji Feng who had entered before she could relax.

As expected!

When Ji Feng returned with a person in his arms, Han Zhen then let out a slight sigh of relief, put the pistol away and walked out of the room, “Young Ji, who is this person?”

Ji Feng said, “A friend! He is wounded, to save him immediately Han Zhen, immediately that special effects current over.”

“Yes!”

Han Zhen immediately nodded his head, turned around and went to the room.

At this time Xiao Yuxuan and Tong Lei both walked out and saw a person still lying on the ground, although it was not clear who exactly it was, but this also made them scared.

“Ji Feng, is this Bai Zhu?” Xiao Yuxuan's voice was trembling a little as she spoke.

Even though Bai Zhu was only a guard, they lived together all day long and had long been like a family, if the one lying on the ground at the moment was Bai Zhu, then Xiao Yuxuan really felt as if she had lost a relative!

Tong Lei was also extraordinarily nervous, but she was a little more calm than Xiao Yuxuan and said, "It doesn't seem to be, Ji Feng, who is this person?"

Ji Feng said, "Just a friend I met in Yanjing, don't worry, Bai Zhu is hiding outside, she is safe, nothing will happen you two go in first, things are not finished here, I will come out again with you when I finish taking care of things."

Now instead of finishing the matter outside, it was only just beginning, originally Ji Feng did not know that the gunshots outside were actually Yang Bin being chased, so he only went out with the mindset of seeing what was going on.

But now that he knew, trouble came with it.

Yang Bin's body was not lightly wounded, and even though Ji Feng had taken certain measures along the way, he was unable to completely stop Yang Bin's wound from bleeding, so Ji Feng knew very well that there would definitely be quite a lot of blood on the way back.

If the other side came along the blood trail, there would definitely be less than a bad fight when the time came, so saving Yang Bin now was actually just the beginning of things.

Xiao Yuxuan and Tong Lei also knew that they could not help by staying here, so the two women went back to Han Zhen's room.

By this time, Han Zhen had already come over with a bottle of special effect current, which is considered a regular medicine in the family, almost everyone has a bottle, just in case there is any emergency, and now it just came in handy.

The first thing I did was to take out two pills and feed them to Yang Bin. I looked up and wanted to order Han Zhen to pour water, but seeing the darkness around me, Han Zhen's eyesight was naturally unable to move freely, so Ji Feng said: "Han Zhen, you stay here and watch him, I'll go to the kitchen and pour some water"

Han Zhen nodded and said, "Yes!"

She knew that the best thing to do now was to follow Ji Feng's orders, so she didn't rush to pour water, because if she went, she would definitely have to turn on the lights and doing so would undoubtedly be telling the enemy outside where they were, Han Zhen came from a military background, so naturally she wouldn't make such a cheap mistake.

Ji Feng's movements were quick, and there was no telling so much at this time, so he took a glass of tap water directly from the tap, and then held Yang Bin up and gave him a dose.

As long as the pills got into Yang Bin's stomach, there would not be much of a problem, at least for the next two to three hours, Yang Bin's life would not be in danger.

After that, Ji Feng then tucked Yang Bin flat on his back directly under the sofa, and then took the weapon off his back. After taking care of all this, he instructed Han Zhen, "Han Zhen, you still go back to

your room now, no matter who it is, you can't let anyone in. In addition, no matter what the situation is, you can't leave the room either, you must stay by Yu Xuan and Lei Lei's side, don't leave them an inch, remember? ?"

Han Zhen was slightly stunned, then immediately glanced at Yang Bin, who was tucked under the sofa, and nodded, "I understand!"

Han Zhen knew that Ji Feng's words meant that he wasn't quite at ease with this injured man, no wonder he didn't help him into the room to lie down, but instead shoved him directly under the sofa.

In fact, Ji Feng was indeed not quite at ease with Yang Bin.

Even though Yang Bin was injured at the moment and the people outside were still coming after him, Ji Feng and Yang Bin had only met three times in total up until now.

Why did Yang Bin need a million dollars, why was he being chased, was he a man of great love and righteousness, or was he a simple man with a treacherous and vicious heart?

All these circumstances were unknown to Ji Feng.

And there were Xiao Yuxuan and Tong Lei in the room, so Ji Feng would definitely not take even the slightest risk.

You can't have the heart to harm people, but you can't have the heart to prevent people, otherwise, if you meet anyone and foolishly trust each other, you might end up dying without knowing how!

Especially, when Ji Feng's enemies were so many, it was even more impossible for him to take the risk.

After arranging for Han Zhen, Ji Feng gave all the weapons to Han Zhen again, leaving only a rifle and two magazines for himself, which, after a cursory glance, were of thirty-two-round gauge and had about sixty rounds of ammunition.

These were more than enough!

Ji Feng casually lifted the rifle up, then quickly walked out of the living room door, ready to go to meet Bai Zhu, and at the same time, to meet those who were after Yang Bin.

Then Ji Feng had just walked out of the villa's front door when he suddenly heard Bai Zhu's voice come through his headset, "Young Ji, five people from the other side have rushed over again"

Ji Feng immediately asked, "Towards where did they rush over?"

"It's towards the direction where the gunshots came from just now!" Bai Zhu lowered his voice to an extremely low level, "There are at least eight more people on this side of the gate"

"I got it."

Ji Feng nodded and said very calmly, "You continue to hide and don't reveal your whereabouts. Leave this side to me to deal with."

Five people

After a little deliberation, Ji Feng quickly rushed towards the place where he had just found Yang Bin. He believed that the five new people from the other side would definitely also follow the blood trail and then they would definitely find their two knocked out companions.

And there, it was possible to roll around very easily, and even if they did not fight viciously with the other side, they would still have room to manoeuvre.

Ji Feng rushed to the location where Yang Bin was before as fast as he could, then he hid himself at the corner of that wall, and when he looked around again, he saw that the two men he had knocked out before were still lying on the ground, obviously not yet awake.

Ji Feng then smiled, it seemed that these two people were not too strong, he had only knocked these two people out by ordinary means before and did not apply bio-currents, but by now they had not woken up, so it was evident that their internal strength was not too strong, or they were not internal masters at all.

“Rustle rustle

Suddenly, a sound of footsteps came over, Ji Feng’s eyes narrowed and his expression was calm as he stood behind the corner without moving.

A moment later, five people were seen walking back and forth, each of them holding a weapon, three of them holding pistols and the remaining two holding rifles, all very alert, looking around from time to time, ready to shoot at any time.

“Look, you guys!”

One of them suddenly exclaimed, and the others immediately shone over with their torches, and immediately saw their two companions lying on the ground.

“Click!”

“Click!”

At once, all five of those men were alert, moving swiftly and accurately in all directions on alert, before one went up to check on the two men

“Tactful cooperation and skilled movements!”

For these few people, Ji Feng had some notion in his mind that these people probably had special military training, which could be seen not only from their movements and cooperation, but even from the weapons they were holding!

Ji Feng secretly said, “It looks like this group of people still have some origins family? Yang family?”

He carefully recalled, but he couldn’t recall where there was a Yang family.

So soon he gave up thinking about it, because he stayed in Yanjing for a very short time, just those families in Yanjing he hadn’t even figured out yet, even many of them he hadn’t even heard of, and some of the past secrets he didn’t know, not to mention the families in other places?

The most crucial thing now is to solve these people in front of him first, and then just ask Yang Bin about the specific situation.

Therefore, Ji Feng cleared his throat and suddenly opened his mouth and said aloud, "Everyone"

"Hula~~!"

As soon as Ji Feng opened his mouth, he instantly startled those five people, hurriedly pointing their guns in the direction where Ji Feng was, each stunned beyond belief

Campus Master Chapter 2332

So, Ji Feng cleared his throat and suddenly opened his mouth and said aloud, "Everyone"

"Hula~~!"

As soon as Ji Feng opened his mouth, he instantly startled those five people, hurriedly pointing their guns in the direction where Ji Feng was, each stunned beyond measure

It is obvious that none of them had expected such a situation to occur, actually someone suddenly spoke in this situation, and was so close to them but they did not even notice.

The five men all pointed their torches and guns in the direction of the voice, but they could not see anyone, only the corner of a wall

They became even more nervous and hurriedly covered each other, the one in front immediately lying on the ground, the two in the middle kneeling, and the two behind standing on either side, all of them alert beyond measure.

Ji Feng saw this, but only smiled indifferently and said aloud, "Several people don't be nervous, I don't have any malice towards you, I just want to discuss one thing with you, what do you think?"

"....."

There was silence on the other side, no one spoke.

Ji Feng then frowned and said loudly once again, "This is a residential area, you are shooting recklessly here, it has seriously affected the rest and life of the residents

everyone, I don't care who you are, don't be so reckless, if you have any problems you go outside to solve them, can you?"

"....."

Again there was silence, no one spoke, no half-hearted response at all to Ji Feng's words.

Ji Feng said: "Everyone, now I have called the police, with the current traffic conditions, the special police will take at most half an hour from the departure to here

I think, before me, from the moment you just shot must have been reported to the police, this is not good news for you"

"I advise you to mind your own business!" Finally, the other party spoke up and was interrupting Ji Feng without waiting for him to speak.

"Heh!"

Ji Feng then couldn't help but laugh, he immediately guessed that he was getting to the point, otherwise the other party wouldn't have responded.

It seemed that the fear of the police arriving might be one of the other party's weaknesses.

Since he had caught this point, Ji Feng naturally wanted to expand his advantage, so he said aloud: "It's not a matter of minding your own business, it's just that if you're shooting recklessly here like that, do you want to go on a killing spree? Don't you forget that this is Jiangzhou, where hundreds of thousands of troops and special police can be mobilised at any time, the government will definitely not allow such a bad thing to happen under its rule, do you have to think about the consequences of this?"

I'm telling you, don't think you can be reckless just because you have a gun in your hand, and don't think you're not afraid of anything just because you have a little background, Jiangzhou is also crouching tigers and hidden dragons, you think those who can live in a villa in Jiangzhou are just rich?

"Listen to me!"

Ji Feng's voice suddenly raised a few points, and there was a kind of intimidating pressure in his voice: "Now it's only because you have guns in your hands that everyone won't come out to take risks, but as soon as we get past this evening, how do you think you will be treated? By then, including the person who sent you here, no matter how big their background is, they won't be able to protect you, and even he himself will be unable to protect himself!"

"If you don't believe me, just try it!"

With the last sentence, Ji Feng almost shouted out in a cold voice, his voice resounding and full of authority!

The opposite side was silent.

Ji Feng looked over slightly sideways, and saw that only three of the five people opposite were left, and the remaining two were coming around

"I advise you to better leave quickly!" Ji Feng said aloud, the corner of his mouth with a smile, it seems that the other party is not going to spend time with themselves here, I'm afraid, they are also worried that the police will come back at any time, in that case, can not complete the task.

So they planned to play dirty with themselves, but this was right up Ji Feng's alley.

So, Ji Feng said loudly: "Don't blame me for not reminding you, everyone, from the first time I heard the sound of gunfire to now, but the time has already passed ten minutes, even if you retreat now, I'm afraid you will encounter the police on the road, you may not be able to get away"

"We are the police!" Someone on the other side spoke up.

"Is that so?"

Ji Feng smiled: "Then which police station are you from? Look at how well equipped you are, you even have automatic rifles"

"Friend, who are you?" The other party, however, did not answer Ji Feng's question, but asked rhetorically.

"I'm Yang Bin's friend!" Ji Feng smiled and said, "I just don't know, what is your relationship with Yang Bin, the person who sent you here, and what kind of people are Yang Bin?!"

"The Yang Bin you are talking about is a fugitive from justice, he has several lives on his hands and is an extremely serious criminal!" Someone on the other side said, "Right now we are doing our best to arrest him!"

Ji Feng laughed, "Really? I didn't expect that kid to be so tough, huh?"

The other party said, "So you'd better not interfere with our case in the middle, or else the charge of obstructing official duties is not a light one, especially for such a big murder case!"

Ji Feng laughed: "So that's how it is, that's even better, now that Yang Bin is in my hands, you guys send someone over!"

"....."

The other party was instantly silent again, they knew best in their own hearts whether they were police officers or not, so for a moment they really didn't know what to answer to Ji Feng's request.

Especially, both of their accomplices were already approaching the corner, if they let Ji Feng get up on the defensive at this time, they might lose all their efforts.

"..... Are you sure Yang Bin is in your hands?" One of the opponents asked.

"Of course!"

Ji Feng smiled and said, "If you guys had come a little later, I would have sent someone to send him to the hospital"

"What?!"

A startled cry immediately came from the opposite side, and then he whirled and said, "No! You can't send someone to the hospital, that's an extremely serious offender, if he takes a hostage in the hospital, who will be responsible then?"

Ji Feng said, "That's why I asked you guys to come over and take the person away"

"You send the person over!"

"Fine, then you guys wait"

"Wait a minute!"

The other party suddenly called out to Ji Feng again and said, "Wait a minute, just in case, it's better to let our people go over with you, that's a bloodthirsty murderer."

As Ji Feng's eyes watched those two people getting closer and closer, his face couldn't help but reveal a mocking smile as he nodded and said, "Fine then, you guys send your men over"

"Hoo~!"

As soon as his words fell, the two men who were already close to the corner suddenly rushed over torches set on their guns shone over, while the black muzzle of the gun pointed at Ji Feng's location.

However, when the light shone through, the two men were shocked to find that there had been people talking at the corner of the wall, but now, there was no one in sight!

Looking at the floor, there were a few footprints, but other than that, there was not even a hair to be found

The two of them were suddenly shocked, and they subconsciously had to look around, but at that moment, they heard a teasing voice suddenly coming from above: "Two, are you looking for me?"

The two men were so shocked that they didn't even look up and raised their hands to pull the trigger.

"Pop! Pop!"

But before they could raise their guns up, they suddenly heard two strong winds coming from them, and in a flash, the two of them only felt a sudden sharp pain on their heads, their eyes went black, and their bodies fell limply to the ground, losing consciousness.

Ji Feng jumped down from the wall with a flip, casually kicked the weapons in front of the two to the side, and the next moment, he immediately shouted, "Gotcha come on!"

This cry Ji Feng was deliberately shouted out in a thick voice, appearing to be in a hurry.

The remaining three didn't even have any suspicions, they were overjoyed at the sound of the words and rushed over, however as soon as they passed the corner, they were greeted by harsh and incomparable fists.

"Boom boom boom boom~~!"

Those three didn't even have time to react before they were knocked out by Ji Feng's incredibly fast attack.

In the training space, in order to train his punching speed and accuracy, Ji Feng had even kept his punches at full speed for ten consecutive minutes, and even when he was fighting against the instructor, his speed was not half a point behind. At this moment, he was calculating with intention and preparedness, so how could these three people dodge?

Looking at these guys lying on the ground, Ji Feng sneered and gathered their weapons together, and then he quickly sped off towards the side entrance of the district.

At the same time, Ji Feng said in a low voice, "Bai Zhu, how many more people are on the other side?"

"There are still seven!"

Bai Zhu said, "Three of them are in the car, all of them are in the driver's seat, the remaining four are all in the back of the car"

Ji Feng said, "Leave the ones behind the car to you, no problem, right?"

"No problem!"

Bai Zhu immediately said, "What about the people in the car?"

Ji Feng weighed the handful of coins in his hand and smiled, "Just leave it to me."

As he spoke, Ji Feng was already close to the side gate, but he didn't go straight through, instead, he went straight over the fence of the district, almost to the entrance of the security post, he jumped on the roof, and the situation below was in full view.

I'm afraid those people would never have imagined that they were originally trying to cover themselves with the headlights of their cars on, but they ended up exposing them to Ji Feng's sight.

"Make a move!"

Suddenly, Ji Feng shouted lowly, and in the next moment, the coins in his hand were like a rain of bullets **** going out.

The people in the car were not prepared at all, they were afraid how could they not expect that there would still be someone who would sneak attack them in this situation, so in less than a second before and after, the three people in the car were knocked unconscious almost at the same time, two of them even went limp and slumped on the steering wheel, the horn sounded at once.

And at this time, Bai Zhu but also has also from the darkness silently took down the four people behind the car

Campus Master Chapter 2333

"Woo woo~~ woo woo~~"

When Ji Feng and Bai Zhu had taken down all the murderers, the sound of police sirens were also faintly heard in the distance.

The police came quite fast this time, of course, this may also have something to do with their own identity, in order to prevent additional trouble, Ji Feng is directly called Li Ruonan, now this initially violent little traffic police, but now has long since become the vice captain of the city bureau's criminal police team, the position is not low.

"Bai Zhu, you go back first, just leave this place to me." Ji Feng admonished, "After you go back, explain the situation here to Yu Xuan and Lei Lei, let them not worry."

"Mm."

Bai Zhu nodded obediently.

As expected.

The police officer leading the team was none other than Li RuoNan, but now that he had not seen her for a while, Li RuoNan had changed a bit, at least in Ji Feng's opinion, the current Li RuoNan was even more valiant, and her mental outlook also looked more spirited.

Li Ruonan is even more beautiful.

Especially, now that she is not wearing a hat, her short hair seems to have had a shocking care, and with her bright and good face, she really has an indescribable beauty.

Only, at this moment, those beautiful eyes of Li Ruonan were with a kind of scrutiny, especially when she saw the corpses on the ground, her beautiful eyes were even more spitting fire.

“Is this what you called me for?!” Li Ruonan looked at Ji Feng, angry, almost gritting her teeth, “You said you met an attack and asked me to come and save you You’re asking me to collect the corpses, right?!”

“Khan!”

Ji Feng lost his smile and said, “Look carefully, there are no corpses on this ground, they are all still alive, they were just knocked out.”

Li Ruonan, however, pointed at Ji Feng’s right side, “What about these two?!”

Ji Feng turned his head, his gaze followed the direction of Li Ruonan’s finger and looked over, he saw that near the security post, there were two people sitting on the ground, motionless, while in his abdomen, there was a piece of blood

“These two people are the security guards in the community, they were injured by the murderers.” Ji Feng said, “But don’t worry, they’re not dead, and I’ve given them a special effect current, just waiting for you to take the people to the hospital.”

“They’re not dead?” Li Ruonan was slightly stunned, the two men were almost covered in blood, and then seeing the weapons on the ground, she really thought the duo were dead.

“I’ve already checked them, they were only shot in the abdomen, it’s not too serious, and I’ve also used first aid to stop their bleeding.” Ji Feng said, “It’s definitely no problem to send them to the hospital now”

“Everything is done, then why did you call me here?!” Li Ruonan glared at him and asked.

“..... After such a big thing happened, of course you police should be called!” Ji Feng was a bit stunned, “Ruo Nan, why do you seem to have a big problem with me? Where did I offend you?”

“What do you think?” Li Ruonan asked.

Ji Feng couldn’t help but smile bitterly, to be honest, he couldn’t really think of where he had offended Li Ruo Nan, so he snorted and said, “It’s hard for you today, when this is taken care of, I’ll treat you to dinner.”

It was better if he didn’t say that, but once he did, Li Ruonan seemed even more furious: “I wouldn’t dare to expect that! If I wait for you to treat me to dinner, I won’t be able to wait until the end of the year!”

Ji Feng was stunned.

Li Ruonan asked, “It seems that you really don’t remember?”

Ji Feng then smiled sarcastically and said, “That what, I’ve been a bit forgetful lately, so”

“Remember what you said last time? Helping to take care of your old lover, you said you would treat me to dinner, only to throw the promise to me out of the window the next day, right?” Li Ruonan grunted.

“Old lover?”

Ji Feng was slightly stunned, immediately, it dawned on him, dare I say it was like that!

When Li Ruo Nan said that, Ji Feng immediately remembered that he had indeed promised to invite Li Ruo Nan to dinner.

In fact, this was a long time ago, when Hu Xuehui was in jail, she wanted Ji Feng to help her for the sake of the old love between her and Ji Feng, and not to let her go to jail, but Ji Feng did not agree.

Therefore, Hu Xuehui accused Ji Feng of being cold and heartless, but Ji Feng was not willing to explain a word about it, because he knew very well whether he was really heartless, while Hu Xuehui might never be able to understand how deeply she had hurt Ji Feng by what she had done!

So Ji Feng just treated her like a stranger and didn't bother about her, but also definitely didn't deliberately fall on her sword, because there was absolutely no need for that, Hu Xuehui was completely unable to get Ji Feng to do anything specifically for her anymore, even if it was something detrimental to her.

But after a while, Ji Feng heard by chance that Hu Xuehui was not doing very well in prison – this is also what he heard from Li Ruonan. When Ji Feng thought about it, he casually asked Li Ruonan to take care of Hu Xuehui more at her convenience, which is also a kind of complete closure of their previous sorts.

At the same time, Ji Feng then said that he would invite Li Ruo Nan to dinner some day, but it turned out that because there were too many things going on later, Ji Feng also put this matter behind him.

It is no wonder that Li Ruo Nan was so unkind. Anyone who was ignored like that would not be happy, I am afraid.

Knowing that he was in the wrong, Ji Feng laughed and said, “So what, I was wrong this time, it's my problem, I will definitely change!”

Li Ruonan said, “I can still trust you?”

Ji Feng nodded and smiled, “Can.”

Only then did Li Ruonan glared at him, and then sent people to take the injured people at the scene to the hospital, and contacted others to escort away all those who had been knocked out.

By the time everything was over, it was already ten minutes later.

At this moment, Li Ruonan was staring at Ji Feng and said, “Tell me honestly, where are the others?”

Ji Feng asked, “What people?”

Li Ruonan said, “Don't play sloppy with me, Ji Feng, just now when sending those two injured security guards away, they provided a situation, do you want to know what it is?”

Ji Feng shook his head with a smile and said, "I don't want to know, catching thieves should be a matter for you police, I won't follow and interfere."

"But you seem to have gotten involved!" Li Ruonan stared at Ji Feng's eyes, as if she wanted to see something in his eyes, "Ji Feng, hurry up, hand over the person, or else this matter will definitely not be finished!"

"Oh?"

Ji Feng smiled, but in his heart he understood that this matter would definitely not be able to be hidden.

First of all, it should have been those two security guards who saw someone barging in, and immediately after that, there were people chasing after them, and I'm afraid that they were just hit when they were trying to stop those people – in fact, judging from the bullet holes on those two security guards, they might even have been strafed!

This meant that in fact, those murderers had simply laid the killers, but just probably didn't pay too much attention to those two security guards, so they didn't pay any more attention to them after the strafing.

This discovery made Ji Feng very annoyed. It was enough that these people were after Yang Bin, but they even tried to kill the two innocent security guards, and when they encountered an obstacle, they just shot a barrage of bullets, not caring who the other party was or whether they deserved to die!

It was simply too cruel.

Ji Feng even regretted that he had only knocked them unconscious when he struck, he felt that Bai Zhu had wasted his weapon on himself, he should have just set up his gun and blitzed these criminals!

Or maybe he should have put a little more force into it and just punched the coins into the guys' heads!

But if you do that after they've passed out, the marks will be too obvious, and with all the commotion tonight, it's sure to go through the police, so that's the way it has to be for now.

As for Yang Bin

The reason for this is because he really doesn't know what the so-called Yang family is all about, let alone where the gang of murderers actually came from, what their origins and background are.

But from the other party's arrogant style of action, I'm afraid they really do have some background, in that case, if Yang Bin is handed over to the police, he will definitely be sent to the hospital first, then, when the time comes, the protection may not be so effective, God knows whether the gang will send someone after him?

If Yang Bin is killed in the hospital, it will not be good.

To put it bluntly, Ji Feng does not believe that the police can protect Yang Bin well, not because he does not believe in the ability of the police, but at a glance these murderers may not be ordinary people, plus Yang Bin is armed with internal kung fu, then his opponent is also likely to be a master

“Did you hear that, I know the person must have fallen into your hands, hurry up and hand them over to us!” Li Ruonan glared at Ji Feng and said, “Could it be that this matter doesn’t have any inside information?”

“There is definitely an inside story, but it’s not what you think.” Ji Feng shook his head, “I can give you the person, but today’s situation you have seen, so many people chasing a person, it must be that he must die some people will be willing, but if we know he is not dead

“Our police will send someone to protect!” Li Ruonan said.

“It’s best to send more people!” Ji Feng reminded, “You’ve seen how vicious these murderers are, and you don’t want your colleagues to be shot at indiscriminately, do you?”

“Crow’s mouth!”

Li Ruonan glared discontentedly at Ji Feng and said, “I have a sense of what to do, hurry up and hand the man over to me, besides, tomorrow morning you will go to the police station yourself to explain the situation and make a statement.”

Ji Feng was stunned, “Go to the police station tomorrow? I’m doing a brave thing!”

“Then how about going now?!” Li Ruonan said.

“..... Okay, go tomorrow!”

In the end, Ji Feng still handed Yang Bin over to Li Ruo Nan and reminded her that this person possessed extremely strong strength, especially his internal strength was very deep and he definitely recovered faster than normal people, so if he encountered anything, he should beware.

Li Ruonan’s face finally eased up a bit this time, nodded, and was ready to lead the team away.

Finally, when she was about to leave the district, Li Ruonan suddenly dropped a sentence, “Don’t forget what you said!”

And then he directly got into the car and left, leaving Ji Feng momentarily stunned

Campus Master Chapter 2334

When they returned home, Ji Feng moved the sofa out of the way and then cleaned the floor properly. Because they had to hide Yang Bin, almost the living room was covered with blood stains, and by the time everything was cleaned up, it was already dawn.

Several people also had no desire to sleep, so they simply chatted on the upstairs terrace.

“Ji Feng, what kind of person was that you saved?” Xiao Yuxuan was a bit curious, “You seem to know him?”

“Mm! Know each other.”

Ji Feng nodded his head and told the story of how he met Yang Bin.

Xiao Yuxuan was amazed, “You trust him that much? A million dollars said you gave it just like that?”

Ji Feng said, "His kung fu alone is not something that money can buy, besides, I am short of manpower here now, so if I can have such an expert join me, two million I am willing to give."

Yang Bin's strength was strong, there was no doubt about it.

Moreover, it was the right time for Ji Feng to be short of manpower, as there were too many enemies, Ji Feng would have to strengthen himself as much as possible, whether it was his own economic strength or in terms of force.

Xiao Yuxuan also did not say anything else, she knew that since Ji Feng did this, he must have his reasons, at least Ji Feng is not a loser who just takes money and scatters it around, much less the kind of fop who can't walk when he sees something new.

The only thing is that Xiao Yuxuan is surprised at Ji Feng's quickness, that's a million dollars, just like that to a stranger who has only met twice?

"That Yang Bin who the hell is he?" Tong Lei asked, she was more concerned about Yang Bin's identity, "Isn't he an expert, how come he attracted so many murderers to hunt him down?"

"I don't know."

Ji Feng couldn't help but shake his head and said, "In fact, up to now I only know that Yang Bin is armed with martial arts and is very strong, in addition, according to the address on his ID card, he should be from Jibei Province, Shao Jun had also investigated his situation and found that on his household registration information it shows that he only has a mother, his father is unknown... .."

"Then how did he get his kung fu?" Tong Lei asked, "Someone like him surely can't have no origins at all, right? If it's just an ordinary person, it wouldn't take more than a million"

"Yes, even if someone in his family is seriously ill and urgently needs money to see a doctor, can the current medical conditions, half a million is enough to save a person's life, if all this money can't be saved, then not to mention a million, even if we give another 10 million, it's useless!"

Ji Feng shook his head and said, "I haven't even bothered to investigate these issues, nor do I have that time to do so."

He only had a love for Yang Bin, but he didn't really have the heart to find out what this person was about, because he didn't even know if Yang Bin would come back after he took the million!

If he hadn't suddenly heard the sound of gunshots tonight, he wouldn't even have put his mind on it anymore.

"And I don't know what kind of person this person really is." Xiao Yuxuan shook her head, "To actually attract so many people to kill him, it seems that and is also a person of some origin."

"It's useless to speculate in vain here now, anyway, the person has been taken away by the police, what exactly is the situation, everything will be clear when the police interrogate it." Ji Feng shook his head and laughed, "What I'm most afraid of now is that Li Ruo Nan doesn't take my words seriously and send a few random police officers to watch Yang Bin, then if that gang of thugs really comes to strike again, Yang Bin may not be able to escape by then."

Xiao Yuxuan said, "Then don't you just remind Li Ruonan once more Well, that's not very good either."

She was also a person who was a boss and immediately reacted as soon as the words were said, it was indeed not good if Ji Feng was allowed to remind Li Ruonan again.

After all, Li Ruonan was already the vice captain of the criminal police team, where did she still need Ji Feng to teach her how to do things?

If Ji Feng repeatedly reminds her, it is obvious that he does not trust her ability, which no matter who is in charge will not be happy, even if Li Ruonan's big-hearted personality is also no exception.

No one likes to be told what to do and told what to do!

"We can only wait and see what happens now." Ji Feng said, "I've checked, Yang Bin's injuries aren't so bad that they'll kill him, and with his physique, I believe he'll recover quickly, so it's up to him how he escapes."

"Mm."

Xiao Yuxuan nodded and said, "You've done everything you can, if even the police can't protect him, then there's nothing you can do."

Even if Ji Feng was more powerful, he couldn't guard Yang Bin twenty-four hours a day.

Ji Feng nodded thoughtfully, but in his heart he was not too worried about Yang Bin escaping this calamity, today Yang Bin was so badly injured, he still had that kind of reaction speed and ruthless attack, his strength could be imagined.

So what Ji Feng is most curious about now is, what is the origin of this Yang Bin, and what is the family he is talking about?

Also, when Yang Bin mistook him for one of those murderers, he once said something about 'your master' What did that mean?

For Xiao Yuxuan's words Ji Feng was very much in favor of it, this Yang Bin really looks like a person with a history na!

Just don't know, what exactly is this guy's origin!

"Really didn't expect that." Ji Feng couldn't help but shake his head and smile, "I haven't seen her for a while, Li Ruonan has actually become the vice captain of the city bureau's criminal police team!"

"That's true skill of others!" Xiao Yuxuan said, "Some time ago, I heard that Li Ruonan caught a big thief and took credit for it, that's why she was promoted."

"Oh?"

Ji Feng was instantly amused, "Just her? And caught a big thief? Yu Xuan, do you know what the name big thief means, big thief is not a thief who steals things, a normal bandit can't afford this name"

Xiao Yuxuan couldn't help but give him a blank stare and said, "A big thief is the kind of thief who is full of evil and has a reputation for being fierce, like the former thief king of the century, Zhang Ziqiang, to tell you, the one Ruo Nan caught is a big thief, and is said to be a murderer with a great reputation internationally. The "I'm not sure if I'm going to be able to do that."

Ji Feng couldn't help but be a little surprised: "Really a big thief?"

Xiao Yuxuan said: "Yes, this girl Ruo Nan is very powerful, this matter has been in the news, you have not heard of it?"

Ji Feng shook his head and laughed bitterly, "You see how I have time to pay attention to these news recently In that case, Li Ruonan has really grown up a lot."

"By the way"

Ji Feng suddenly remembered something and couldn't help but ask: "Yuxuan, it looks like you're in touch with Li Ruonan a lot?"

Xiao Yuxuan nodded, "Yes, now we are very good friends."

Ji Feng was stunned: "..... You're friends with her?"

"What's wrong with that?" Xiao Yuxuan asked.

"No"

Ji Feng could not help but shake his head and laughed, Li Ruonan that violent girl to be friends with Xiao Yuxuan, also do not know if you can learn from Xiao Yuxuan not so hot-tempered, also a little bit of femininity

This time, Xiao Yuxuan but oddly looked at Ji Feng, hesitated a moment before saying: "Ji Feng, Li Ruonan has not told you anything else?"

Ji Feng was slightly stunned, "What things?"

Xiao Yuxuan said, "It's about Hu Xuehui."

Ji Feng said, "She really hasn't said anything, and I'm not interested in knowing anything about Hu Xuehui."

In a long time ago, there was no longer any relationship between him and Hu Xuehui, no matter whether it was the previous feelings or the subsequent resentment, all the previous things were written off, so it can be said that in Ji Feng's heart, Hu Xuehui was already dead.

The first thing you need to do is to get rid of the problem.

I believe that if Hu Xuehui hadn't hurt Ji Feng so deeply and just broke up calmly, or if Hu Xuehui had even hurt Ji Feng at first, but if she and her sister Hu Xueqin hadn't humiliated Ji Feng and his mother Xiao Sumei who were selling vegetables on the street that winter

Then, now Hu Xuehui wouldn't have to go to jail, and Ji Feng would definitely have bailed Hu Xuehui out even if she had broken some laws.

This is really in line with the saying – self-inflicted!

Xiao Yuxuan remembered this, also can't help but feel in her heart, people in the time of complacency, must not forget, because no one knows what life encounter is really like, maybe one day, you may also become the one who is bullied

"Ji Feng, I think it's better for you to say something about this matter." At this time, Tong Lei was the one who said.

"There's no need." Ji Feng waved his hand.

"Ji Feng, I heard that now Hu Xuehui is having a bad time in prison, " Tong Lei said softly, "do you want to go ask about the situation?"

"I already know about this, and I'll also ask Li Ruonan to take care of her for a bit." Ji Feng said.

"That's not right, Sister Yu Xuan only heard about it from Li Ruo Nan a few days ago, so how come you're handling it?" Tong Lei was a bit strange, "She lives in the prison, the inmates in the same cell block are all bullying her, often beating her up and bruising her face, life is miserable"

"Oh?"

Ji Feng was slightly stunned and said, "But what Li Ruonan told me was that when Hu Xuehui was participating in labor, she was often punished by their group leader because she sighed and neglected her work all day"

Tong Lei said, "That was before, then Ruo Nan said hello to the people in the prison and let her do lighter work, and no one bullied her anymore when she was at work. But when she was in the prison cell, she was still often bullied"

Only then did it dawn on Ji Feng that he and Tong Lei were not talking about the same thing.

In prison, prisoners are expected to work, and generally some female prisoners, usually do some slightly lighter work.

Campus Master Chapter 2335

The prison, in order to create certain benefits, will usually take some orders from outside clothing companies, and then let these female inmates to do, Hu Xuehui used to do these jobs, but I heard that she often neglected to work, and work very clumsy hands and feet, so often reprimanded and punished.

After hearing about it, Ji Feng said hello to Li Ruonan and then didn't bother with this matter, in now Hu Xuehui is being cleaned up in the prison cell again?

"Ji Feng, do you want to ask about it?" Xiao Yuxuan asked.

"This is something"

Tong Lei also looked at Ji Feng, to be honest, she was also rather disgusted with Hu Xuehui, this woman was not only snobbish, but most importantly, she had once hurt Ji Feng too deeply, and could even be said to have no human feelings at all.

She could even say that she had no human feelings at all. Tong Lei really did not have any good feelings for such a woman.

But then again, no matter what, Hu Xuehui was once Ji Feng's girlfriend, although only once, but after all, this woman once appeared in Ji Feng's life, so Tong Lei is worried that in the future, when Ji Feng knows this matter again, he will not have some sadness in his heart.

It would be better to settle the matter now rather than that, and save Ji Feng from being hurt again.

But to Tong Lei's surprise, it was as if Ji Feng hadn't heard her words, he just leaned back in his chair and looked at the fading moon in the sky, as if he was deep in thought.

Xiao Yuxuan and Tong Lei stopped talking, and the three of them, Bai Zhu and Han Zhen, were equally bad at participating in such a conversation.

After a good while, Ji Feng suddenly smiled and said, "It's dawn, everyone is hungry after a busy night, right? I'll go buy breakfast!"

Xiao Yuxuan could not help but be stunned and surprised, "Then Hu Xuehui"

Ji Feng said, "I think I also have to be desperate for once, otherwise this life might be endless"

Xiao Yuxuan couldn't help but be silent, she understood what Ji Feng meant.

Before seeing that Hu Xuehui was having a bad time, Ji Feng asked Li RuoNan to help take care of her, now hearing that Hu Xuehui was being bullied in prison, he also had to go over it, so in the future when one day Hu Xuehui was released from prison, if life was also bad, would Ji Feng have to help out again?

Or

The first thing you need to do is to take responsibility for the rest of Hu Xuehui's life to the end?

"There are some things that have to come to an end!" Ji Feng blandly said, "What's past is past."

When he said this, he stopped talking, but turned around and went downstairs.

Xiao Yuxuan and Tong Lei looked at each other and did not say anything else. Although Ji Feng's voice was very soft when he spoke just now, the determination in his tone was obvious.

It seemed that Ji Feng was really not going to ask about this matter.

The fact is also true, in the years to come, Ji Feng never mentioned the name Hu Xuehui, even a certain naughty beauty in front of him deliberately said this name, he only smiled, as if the previous for him as if a nightmare of senior high school, for him and Hu Xuehui between once all the enmity, are melted in this bland smile.

..... There is no longer any need to continue, and it is not even worth his while to mention it anymore!

The first thing you need to do is to get a good idea of what you are getting into.

The call was from Chen Chao, the team leader of the equipment management office of the United University, who invited Ji Feng to go to the office of the United University to talk about the cooperation.

Especially on the word 'cooperation', Chen Chao deliberately increased the tone of his voice, obviously hinting at Ji Feng.

However, Ji Feng didn't show anything unusual, he just turned his head and said, "Bai Zhu, take the recording with you and come with me to United University."

Bai Zhu nodded and said, "Yes!"

"Ji Feng, we can't let those two bad guys off lightly!" Xiao Yuxuan said with hatred, "Such people are simply scum among the staff, it's really sorry for those students to let them stay in the school!"

"Don't worry!"

Ji Feng laughed, "People like them definitely don't deserve to stay in the school, but things won't just end here!"

The shameless acts of these two people, Lu Xinfu and Chen Chao, made Ji Feng feel disgusted and hated from the bottom of his heart, so how could he let such people off lightly?

What's more, even if Ji Feng wanted to let them go, they would not let Ji Feng go.

When he thought of Chen Chao's little tactics, Ji Feng couldn't help but sneer.

The first thing you need to do is to get out of the neighborhood, but there was some trouble because of the bloodshed that happened at night, and the scene was still blocked off until now, so Bai Zhu had to back up the car in the middle of a crowded group of cars and go around to another gate, and only after a detour did he get on Science Avenue and go straight to Union University.

When he arrived at the school, Bai Zhu went to a pavilion to cool off while Ji Feng arrived at the office of the Facilities Management Division in the Government Affairs Building.

As soon as he saw Ji Feng, a warm smile appeared on Chen Chao's face, but within that smile, there was a bit of oddity.

"Elder brother Ji, please have a seat!" Chen Chao said with a smile.

"Thank you."

Ji Feng nodded politely.

As soon as he sat down, Chen Chao said with a smile, "Older brother, I wonder how things are going with the donation from the Tengfei Group?"

Ji Feng said without moving his voice: "Still talking to the group, but the top doesn't quite agree to donate money directly, only wants to donate equipment but you don't have to worry, I'm trying my best to apply with the group, I believe it should be possible."

"Not should, but must be successful!" Chen Chao said.

"I don't dare to give you this promise, I can only say that I will try as hard as I can!" Ji Feng laughed.

"And what if you can't strive for it?" Chen Chao asked, and the smile on his face disappeared quite a bit, and his tone changed a bit.

“Then there’s nothing we can do!”

Ji Feng spread his hands and said, “Frankly speaking, although I am a senior member of the group and my words carry some weight, but this matter is still not something I can decide with a word, this matter must go through our General Manager Xiao’s nod, if our General Manager Xiao does not agree, then this matter will

Chen Chao’s face was not too good, said: “So, this matter is not necessarily possible?”

Ji Feng nodded his head and said, “Well, not too sure.”

Chen Chao’s face instantly sank, “Elder brother Ji, this matter is not a joke, since we agreed on it, it must be successful no matter what, got it?!”

Ji Feng said with some difficulty, “But, if our General Manager Xiao doesn’t agree, then there’s nothing I can do.”

“You have no choice?”

Chen Chao laughed and said, “You’ll definitely have a solution! For you, this matter is not just about making money, it’s also about your future!”

“My future?”

Ji Feng sneered in his heart, but his face made a surprised expression as he asked, “Team Leader Chen, what do you mean by that?”

Chen Chao asked with a smirk, “Have you forgotten my agreement? If I tell the senior management of your group about our agreement, I would like to know if you will be dealt with?”

Ji Feng’s face instantly changed and he became somewhat angry, “Team Leader Chen, are you threatening me? I admit that I do have an agreement with you, but that doesn’t mean that you can threaten me!”

Chen Chao’s face still had that smiling expression as he asked, “Are you bent on the idea that the agreement between us is just lip service and I have no evidence in my hands?”

Ji Feng hummed, and although he didn’t say anything, the look on his face was an unmistakable indication that that was what he thought.

“Hehe!”

Chen Chao instantly laughed, “It looks like you are not seeing tears until you see the coffin!”

Ji Feng sneered, “You better not talk to me like that, big deal, I won’t earn this money, and I won’t be threatened by you, I’ve seen everything, I’ll be threatened by you!”

Chen Chao instantly laughed: “Yoo-hoo! You’re still mad at me?”

Saying that, Chen Chao took out his mobile phone from his pocket and said, “I think it’s best for you to listen to this before you make a decision.”

“Elder brother Ji, I have a proposal

A voice came from the mobile phone, and when Ji Feng heard it, his face changed.

But the next voice that played in the phone made Ji Feng's face even more gloomy, and then gradually became somewhat shaken with anger.

"Boom~!"

Not waiting for the recording to finish playing, Ji Feng slapped the table and said angrily, "Chen Chao, how dare you fucking dare to shade me?!"

Chen Chao sneered, "Surnamed Ji, you said the words yourself and you agreed to the terms, I just recorded our verbal agreement as a contract, but I didn't expect you to renege, then I have nothing to be polite about!"

"You"

Ji Feng's face turned red with anger and he gritted his teeth, "You're fucking shameless!"

Chen Chao was scolded, but was smug, he said with a smile, "Ji, do you think, if I give this recording to the Tengfei Group, your fate tsk, the Tengfei Group is gaining momentum now, if I can be a senior in it, then beat me to death, I won't I think you feel the same way, right?"

Ji Feng said angrily, "Chen Chao, you son of a bitch, what the hell do you want?"

Chen Chao said, "I don't want to do anything either, it's very simple, I just want you to fulfill our agreement, how about it, can you get the funds now?"

Ji Feng said angrily, "Are you blackmailing me?!"

Chen Chao said, "Don't be so harsh, I'm just trying to make a living, don't look at my job now, but I can't make any money. Besides, this is also good for you, we are both winning, what do you think?"

Ji Feng cursed angrily, "You're such a scum, shameless!"

"Surnamed Ji!"

Chen Chao's face instantly sank, he was not a man of the city, and when he was scolded by Ji Feng pointing at his nose, he immediately became a bit annoyed: "Don't give shame! I'm telling you, you'd better apply for the funds as fast as you can, or else I'll hand this recording over to the boss of your Tengfei Group, I'd like to see what will happen to you, an unashamed person!"

Ji Feng was silent.

Only after a while did he sink his face and grit his teeth, "Give me the list of equipment, I'll fax it back now and have the company call the money over"

Campus Master Chapter 2336

Ji Feng was silent.

Only after a while did he sink his face and grit his teeth, "Give me the list of equipment, this will be faxed back now and have the company call the money over"

As soon as Chen Chao heard this, a smile appeared on his face and he said smilingly, "That's right! Older brother, it's not that I want to coerce you, in fact this matter is good for both of us, you

And why bother with money?"

Ji Feng snorted coldly and didn't reply to his words, now Ji Feng had to show an angry demeanor, and only then could he appear to be unwilling to be blackmailed by Chen Chao, but he was forced by the

The only way to look like he was unwilling to be blackmailed by Chen Chao was to appear as if he was at Chen Chao's mercy because of the evidence he had in his hands.

I don't know if it was because Ji Feng's acting skills were spot on, or because Chen Chao didn't think much about it at all, let alone think that Ji Feng was deliberately scheming him, all the while Ji Feng was staring at him coldly, Chen Chao was

Instead, he was very happy and very quick to take out a piece of paper from his desk drawer.

"Older brother, on this is the name and specifications of the equipment, I stayed up all night to prepare these things, so you should not think that I am blackmailing you, in fact my cooperation is a win-win

In fact, my cooperation is a win-win situation, and I have contributed in this matter, and I have contributed a lot!"

"Is that so?"

Ji Feng sneered and gave him a disdainful look.

Chen Chao snorted, "You don't have to look at me like that either, you think you're something good again? When I offered to earn some money to spend, didn't you also move?"

Ji Feng said in a cold voice: "But I'm not that shameless!"

Chen Chao only laughed at his words and said, "Come on, old brother, I'm giving in to you, but it doesn't mean you can insult me again and again, otherwise, our cooperation won't go on.

What do you think?"

Ji Feng snorted coldly, "Despicable!"

Chen Chao's face instantly turned cold – this made Ji Feng wonder if all evil people were like this, who could just turn the other cheek, and that usual smiling look was all camouflaged

The usual smiling look was all hypocrisy?

"Surnamed Ji, I advise you better focus on our partner, otherwise I think you will know the consequences!" Chen Chao said conspiratorially.

"..... Humph!"

Ji Feng couldn't help but coldly snort, before picking up the list and generally looking at it, his brow instantly furrowed, "Two million? Chen Chao, I think you are crazy for money, right? Such a large sum of money will not be taken by the group.

The group will definitely not take it, and you are not afraid of being held up!”

Chen Chao shook his head and said, “You can’t say that, when you asked for a 20/80 share, you were also greedy. I’m just following your example now, don’t you think?”

Ji Feng gritted his teeth and said, “No, two million is too much, I definitely can’t fight for that much!”

Chen Chao said, “Two million, not a penny less!”

Ji Feng’s eyes narrowed then and he gritted his teeth, “You’re really greedy!”

“That’s what I learned from you!” Chen Chao said, with a smug look on his face, “All right, old brother, hurry up and send a fax to your company, I want to see the money as soon as possible, and after the money is divided up

I hope to see the money as soon as possible, and when the money is divided up, I can consider giving you the recording I think it’s good to make an effort once, but you can exchange it for long-lasting peace in the future. If I were you, I’d definitely choose that!”

“Bullshit!”

Ji Feng coldly snorted in his heart, this Chen Chao really treats him as a fool is playing?

Even if Chen Chao handed over the recording to him after it was done, would Ji Feng be able to rest assured?

Maybe Chen Chao would secretly make a copy?

Even if he doesn’t copy it, he can later if Chen Chao suddenly tells the Tengfei Group about it, and then the group sends someone to check the equipment, the same problem will be found Moreover, Ji Feng won’t think that Chen Chao will be so kind.

The actual fact is that you will be able to get a good deal on a lot more than just a few of these.

The first thing you need to do is to get a good deal.

If Ji Feng was really just an ordinary group executive, I’m afraid he would not have been able to do anything about Chen Chao’s shamelessness, but he could only accept Chen Chao’s blackmail.

Unfortunately, the more greedy Chen Chao was, the more miserable the end that awaited him.

And in fact, Chen Chao’s greed and shamelessness really disgusted Ji Feng to the core, so after deliberately pretending to be in a difficult position to bargain with Chen Chao, Ji Feng finally ‘stiffened his head

‘ He reluctantly accepted Chen Chao’s blackmail and used the fax machine in Chen Chao’s office to pass the list to Xiao Yuxuan who was already in the company’s office.

At the same time, Ji Feng sat right across from Chen Chao and used his mobile phone to make a call to Xiao Yuxuan.

“This is Advisor Ji Feng”

Ji Feng said, "What I passed over just now was the list of equipment provided by the equipment management office of the United University, and I also looked at it, the equipment in the United University is lacking more now, and many students

Many students can only attend one or two laboratory classes a semester, so the shortfall is really too big, so based on the fieldwork, I think one million is not enough.

I hope the group can consider the actual situation of the school and try to help those students by granting an additional one million"

And at this time, the phone at the other end, Xiao Yuxuan is also aware of Ji Feng's intention of this phone call, this is also what they had discussed before, Ji Feng was forced to accept the other party's blackmail, and then called to ask for money.

Only, Xiao Yuxuan did not expect that the other party would actually ask for two million, knowing that originally, what Ji Feng had told the other party was that the Tengfei Group could only provide equipment worth up to one million at most, so it could be seen that this

The money must be what those two greedy and shameless things wanted.

The reason Ji Feng called over at this time was obviously to talk to himself.

Thinking about this, Xiao Yuxuan said, "Ji Feng, do you really want to play for two million? In case the other party runs away with the money"

"Yes, two million!"

Ji Feng said, "These students are all really pitiful, since we have this ability, then we should find a way to help these students, so that we can also be considered as contributing to society."

Xiao Yuxuan then understood, she nodded and said, "Alright then, I'll have the accountant transfer the money to you, you have to be careful, prevent the other party from jumping to the wall, those shameless people are capable of anything!"

Those shameless people are capable of doing anything!"

Ji Feng's face didn't move and said, "Right, right, please tell Mr. Xiao that I hope the money will be paid over as soon as possible hmm, okay, I know, I will follow up!"

After saying that, Ji Feng hung up the phone.

"How did it go?" Chen Chao immediately asked impatiently, his heart was very excited, two million, that's two million!

"It's done, but how much money the company can actually approve, that's not for me to decide, I can only try my best to talk!" Ji Feng finished all this and directly threw the list onto Chen Chao's desk on the desk, "I was really blind at that time, I would actually think of working with you!"

"No, no, no!"

Who knows, but Chen Chao shook his head and said, "It's still too early for you to say this, in fact, you should wait until I finish the following words before jumping to conclusions!"

Ji Feng's face turned cold: "What do you mean?"

Chen Chao said with a smirk, "Because I think that the two-eight split that we discussed before is really too unreasonable."

Ji Feng's face then changed, "Then what do you want?!"

"I want all the money!" Chen Chao said.

"You"

Ji Feng was instantly furious.

Chen Chao, however, took it easy and said, "Don't get excited yet, in fact, you should have understood from the moment you heard this recording that you no longer have the right to speak in front of me, if I were you, I would just meekly

accept it and save yourself the discomfort, don't you think?"

Ji Feng was cold-faced, and only after a long time did he say, "Okay, I can give you all the money no matter how much the company calls, but, after it's done, you have to hand over the recording to me!"

Chen Chao harrumphed, "Of course it's no problem, it's useless for me to keep that, as long as you cooperate, of course I can give it to you."

"Humph!"

Ji Feng gave another cold snort.

"Dingling"

Just then, Ji Feng's phone suddenly rang, he picked it up and looked at the number, then he picked up the phone, "This is Ji Feng"

A moment later he hung up the phone and said, "The money has already been called, two million, not a penny less, give me your card number, I'll transfer it to you now"

Chen Chao's eyes lit up and he immediately took out his pocket to get his wallet, if you look carefully you will find that his hands were trembling a bit, it was obvious how ecstatic he was in his heart, two million ah, this is definitely

It was a huge sum of money!

Very quickly, Chen Chao reported the card number to Ji Feng, then Ji Feng walked up and said, "Lend your computer for a while!"

Chen Chao was really quick to do so and hurriedly gave up his place to Ji Feng.

Ji Feng made the transfer through online banking, but the light from the corner of his eye clearly saw how excited Chen Chao, who was watching the whole process from the side, was, and he didn't even know where to put his hands!

The money was transferred to the bank.

"Dang!"

With a beeping sound, Chen Chao's mobile phone rang, and he took a glance at it in excitement, and the next moment, his face showed a flash of wild joy.

The money had really arrived!

Ji Feng coldly asked, "It's here, right?"

"Here we are old brother, it looks like your status in the Tengfei Group is not generally high, a few simple words and you've got two million" Chen Chao looked at Ji Feng The eyes

The eyes were like looking at a money tree.

The first thing I did was to give a cold snort and ask, "Now is the time to return the recording to me?"

Who knows, but Chen Chao snorted and said, "Older brother, what's the hurry, wait for me to go to the bank and take a look.

How about this, I'll go to the bank first and check, as soon as the money arrives, I'll return the recording to you immediately, what do you think?"

Ji Feng said in a cold voice: "Then you hurry up!"

"Good talk, good talk!" Chen Chao laughed in triumph.

Campus Master Chapter 2337

Ji Feng said in a cold voice, "Then hurry up!"

"Good talk, good talk!" Chen Chao laughed in triumph.

The smugness in his laughter was really hard to hide, and Chen Chao didn't seem to have any intention of hiding it at all, even if outside the office door was where several other staff members were working, he had no qualms about it.

Moreover, Chen Chao was looking at Ji Feng with greed in his eyes, and a look that was odd to the extreme.

Ji Feng seemed to be feeling humiliated and gritted his teeth, "When are you going to check?"

Chen Chao said smilingly, "Don't be in a hurry, such a big money transfer won't be that fast, what does it matter if it's a few minutes early or late?!"

Ji Feng said angrily, "I don't have that much time to waste with you, Chen Chao, to tell you the truth, if I could, I wouldn't want to see you for one more second!"

Chen Chao said smilingly, "Don't speak so harshly, even if you don't give me face, you still have to give yourself face, don't you?"

Ji Feng said, "What do you mean?"

Chen Chao laughed: "Actually there is no meaning, think about it, now I am about to get the money, no, I should say I might get it soon, this is a ten to one thing, so then, now all the initiative is in my hands, if you speak too much, so that I am not willing to give you the recording in a fit of anger, then you think, what will you do?"

Ji Feng instantly turned pale and said, "You want to backtrack!"

Chen Chao said smilingly, "Don't worry, as I said, I must wait until I actually receive the money before I will give you the recording"

When he said this, he suddenly turned his eyes and said, "How about this, you go back first and wait for news, when I receive the money, I will inform you to come and get the recording."

"No!"

Before he could finish his words, he was interrupted by Ji Feng, "I'll just sit here and wait, you go and check now, I have to get something today!"

Chen Chao couldn't help but frown, thinking to himself, this kid really isn't that easy to fool, it looks like he still can't be pushed too hard.

Thinking of this, Chen Chao nodded and said, "Alright then, you wait here, I'll go check it out!"

Ji Feng frowned and said, "You can't check on the computer?!"

Chen Chao, however, said, "No! Such a large sum of money, it's best to go to the bank and check it directly, you can wait here."

After saying that, without waiting for Ji Feng to say anything, he turned around and quickly walked out of the office. While walking, Ji Feng could see that his footsteps were a bit light, so it was obvious how pleased Chen Chao was in his heart at this moment!

However, Chen Chao did not know what was waiting for him. At this moment, he was heading upstairs with a smile on his face, heading straight for Lu Xinfu's office.

"Uncle!"

When he arrived at Lu Xinfu's office, he saw that Lu Xinfu was holding a small spray can, watering some plants on the windowsill.

Chen Chao couldn't help but laugh when he looked at them, because the old headmaster had a few pots of flowers in his office, and it was said that the old headmaster liked to take care of these flowers when he had nothing to do, so his uncle, who knew nothing about plants at all, had followed suit and spent a lot of money to buy a few plants from the flower market, but later someone told Lu Xinfu that those were just the most ordinary hanging orchids.

This incident almost became a laughing stock in the equipment department at the time, and Lv Xinfu was furious about it.

In order to show that he really liked plants, Lv Xinfu asked Chen Chao to find someone who knew how to keep them and bought a few good plants for the office.

However, Chen Chao knew that the old headmaster might really love plants, but his uncle sometimes did not even think of watering them for a week, and only when he was bored in the office with nothing to do did he think of attaching himself to them.

Chen Chao's old man had secretly laughed at Lv Xinfu when he found out about it, but he didn't dare to say a word to his face, because Lv Xinfu had found Chen Chao's job.

"Little Chao is here, have a seat." Lv Xinfu said, but his hands didn't stop, he continued to pour water.

"Uncle, the money has arrived!" Chen Chao, however, could not be calm, and as soon as he sat down, he said with a face full of excitement, "According to your instructions, two million, that kid didn't even dare to say any more nonsense, and let someone call the money over."

"Oh?!" Lu Xinfu was stunned and could not help but get excited, "It's really two million all called over?"

"Not bad at all!"

Chen Chao said, "I've already received the text message from the bank, just that it will take some time for the money to arrive I'm afraid, uncle, you're really divine, two million, that kid is hard-wired to agree"

Originally, Chen Chao thought that it would be quite good if he could get one million, after all, this kind of donation did not depend on how much they wanted, but on how much the Tengfei Group intended to give, besides, one million was already a lot, if he and Lu Xinfu shared it, it would be enough to make their pockets bulge.

But when Lu Xinfu heard this, he directly proposed to ask Ji Feng for two million. At that time, Chen Chao still thought that his uncle was too greedy, but when Lu Xinfu insisted, he did as he was told.

The result was very surprising to Chen Chao, who did not expect Ji Feng to be so quick and fast that he only argued a few words before having the money paid over.

"Uncle, I really didn't expect that kid to be so timid, he didn't stand up to the scare at all, once he heard the recording, he obediently did what I said." Chen Chao couldn't help but give a thumbs up and said, "It's still uncle who is great, insisting on two million, otherwise, I'm afraid we would have lost a million, uncle, how did you know he could give two million?"

This Chen Chao, it was clear that he was blackmailing Ji Feng, but when it came to his mouth, if it was only one million, it became a 'loss'.

The word shamelessness was really on display in his body!

Hearing his nephew's admiration, and looking at the look of admiration on Chen Chao's face, Lu Xinfu was very pleased in his heart as he said with a smile, "Actually, this is nothing, just that you are not sophisticated enough, think about it, since the initiative is in our hands, then why not ask for more?"

Even if he can't take out that much, it's always possible to take out a million with a 50% discount, but if we only want a million, that kid might bargain with us, and we might not even get a million by then!"

Chen Chao could not help but nod his head repeatedly, through this time he had grown in experience and learned a lot.

At this time, Lu Xinfu said, "In fact, this kid is still too young, he doesn't know that he is actually asking for trouble for himself by bringing the money so quickly!"

"Asking for trouble?"

Chen Chao was slightly stunned, then he understood what Lu Xinfu meant, he couldn't help but laugh: "What uncle said was in fact, just now this kid asked me for a recording, I excused myself to go to the bank to check the money, that's why I came out."

Lu Xinfu smiled and could not help but laugh, as if he had heard some funny joke, and said, "That kid is really stupid!"

Ji Feng had taken out two million so readily, wasn't this telling them that this wasn't all of Ji Feng's energy? If he could come up with two million, he could come up with more!

Now he still wants the recording back, what a whimsy!

Chen Chao laughed, "Uncle, as I see it, that kid should not have a low status in the Tengfei Group, he might be an executive who speaks with great weight, the more this kind of person is, the more he might be afraid of some of his scandals being exposed, so I don't think we should give him the recording so quickly."

"That's for sure, such a good opportunity, so easy to miss?" Lu Xinfu smiled smugly, "Xiaochao, you have to find a way to fool him away, how about this, from now on you try to avoid him for a while, if he is really pestering you, just give him a good show, forgive him for not daring to make trouble again."

"Yes! I know what to do, I'm better at this kind of thing!" Chen Chao laughed, "My former brothers are all good at cleaning up after people, I'll call them over, as long as that kid dares to make trouble, I'll teach him a lesson."

"You, from now on, you should hang out less with those people, fighting and killing all day, what good can it do?" Lu Xinfu said, "In the future, I'll take you to make friends with some respectable people, when you have money, of course you have to climb up the ladder, understand?"

"Thank you, uncle." Chen Chao immediately said, of course he wanted to deal with those big people, that way he could be rich and powerful, and only when he went out could he be powerful.

"Right uncle, I will transfer this money to your card as soon as it arrives, is it still the same as before, directly to your secret card?" Chen Chao asked, "Another thing is, this time it was all thanks to uncle's advice that we were able to earn so much money, so it's also up to you to decide how the money should be divided."

"Mm."

Lu Xinfu was satisfied with Chen Chao's attitude, when he was extorting people, he didn't handle the money, he didn't even show up, but when the money was earned, the power to divide the money was in his hands, "Let's do it this way, you did a good job this time, you'll take 300,000, the rest of the money will be put into my card... .."

Chen Chao nodded, "Hmm. Okay."

He was a bit uncomfortable in his heart, he had made so much money, but he only gave himself 300,000, he was really greedy In fact, he did not know that this time he only took 300,000, but in fact it was the same as mitigating his own crime.

And at the same time, Ji Feng, who was waiting in Chen Chao's office, could not help but curse: "Two bastard things, only now talking about money!"

The conversation between Chen Chao and Lu Xinfu fell into his ears without a word being dropped, and was also stored by him

Campus Master Chapter 2338

While holding the headset fixed to his ear with one hand, Ji Feng's other hand was holding a black plastic box about half the size of a palm, on which a green light was flashing very regularly, indicating that the device was working properly.

In fact, this was just a very simple eavesdropping receiving device – when Ji Feng pretended to use Chen Chao's computer to transfer money, he pretended to be very annoyed and pushed Chen Chao away, and at that very moment, Chen Chao had something about the size of a button in his pocket, which was a simple eavesdropping device.

He was greedy, shameless, vicious, but indolent. All Ji Feng concluded that after receiving the bank's remittance text message, he would not be able to resist finding a deserted place to have a good time first, after all, this was a huge sum of two million dollars, for many people, they might not see such a large amount of money in their lifetime.

And the best way to vent one's excitement and happiness is naturally to find someone to share it with, so it would be perfectly normal to find one's accomplice to share the good news.

Moreover, that Lu Xinfu was also Chen Chao's uncle, so Ji Feng concluded that Chen Chao would definitely go to find Lu Xinfu.

Ji Feng also deliberately added a fire – he deliberately pretended to be very annoyed and couldn't wait to urge Chen Chao to return the recording to himself, so that Chen Chao would have a sense of urgency, then he would definitely find a way to find someone to discuss it while he was happy.

But this kind of thing, Chen Chao obviously can't let outsiders know, then going to Lu Xinfu is also inevitable.

After leaving the office, Chen Chao went straight to Lu Xinfu, without delaying for almost a second.

However, the conversation between those two people really made Ji Feng a bit speechless, daring to say that in their hearts, he had become a complete fool!

Not only that, but these two dogs were even thinking of continuing to extort themselves, which was obviously treating themselves as a cash cow!

Ji Feng really shook his head as he listened, but soon, he became a bit impatient, as Chen Chao and Lu Xinfu were immersed in a bright prospect, but delayed in mentioning how to share the spoils.

Although the evidence in hand now fully indicates that this matter was conspired by Lv Xinfu and Chen Chao, and Lv Xinfu should also be the mastermind, but even so, in the case that Lv Xinfu did not get the money, there should still be some variables, so until they mentioned how to share the money, Ji Feng was then relieved.

The fact that he was a beast of burden like Lv Xinfu, Ji Feng was not willing to let him off lightly, or even, just kick him out of the university campus was not the end of it, this kind of person, must pay the price for what he did!

Ji Feng listened for a while longer and found that the two of them did not say anything of value, so he turned off the eavesdropping device, installed the receiver and was ready to make the most of the drama again.

As for the wiretap left in Chen Chao's pocket, Ji Feng did not intend to take it back, because the receiving range of this thing is limited, if it is too far away, it will not receive the signal, moreover, even if that thing is discovered by Chen Chao, I am afraid he will only take it as a button, and will not even think that those shameless acts of him and Lu Xinfu were listened to completely through this small thing.

And then, Ji Feng pretended to be in a hurry and went everywhere to find Chen Chao, but how could he not find it, while he called Chen Chao's phone, but the result was that it was transferred to voice mail, helplessly, Ji Feng could only leave.

.....

At noon, Ji Feng went to the hospital to visit Yang Bin, who was recovering from his injuries.

But when he walked to the entrance of the ward, he was stopped by two policemen. Ji Feng had to call Li Ruo Nan and ask her to send someone to let him go.

Yang Bin was brought to the hospital last night and pushed straight into the emergency room. He had been shot in the chest and lost a lot of blood, but his injuries were not too serious as the bullet did not hit a vital part. Now after sleeping for a morning, Yang Bin's energy seemed to have recovered a bit and the effect of the anaesthetic had passed, so he could even open his eyes to communicate with Ji Feng.

Seeing Ji Feng come to see him, Yang Bin looked a little excited, with a look of gratitude in his eyes, if it wasn't for Ji Feng's help yesterday, he would have died at the hands of that gang.

What's more, Ji Feng could take a million to him after only meeting him twice, and even sent someone to follow him afterwards, so this trust alone made Yang Bin very grateful.

It could be said that his life was saved by Ji Feng, and coupled with his promise, he now almost considered Ji Feng as the closest person to him.

"How is it, do you feel better now?" Ji Feng asked.

“Still have no strength.” Yang Bin opened his mouth and said with difficulty, because with the oxygen mask, his words were muffled.

Ji Feng laughed: “It’s normal to have no strength, you lost too much blood yesterday.”

Yang Bin blinked his eyes, he vaguely remembered that he was indeed badly injured last night, in fact, at the last moment, Yang Bin almost intended to die with the gang, even though he couldn’t finish them all, but he could kill one, he couldn’t die in vain.

In fact, Yang Bin did not know that another reason why he was weak was because Ji Feng had given him a special effect current, which saved his life but also made him extra weak for two to three hours after the effect of the drug had passed, because the drug was stimulating his body’s potential in order to allow him to survive the most dangerous period of time.

However, Yang Bin’s recovery was still better than Ji Feng expected. If it were an ordinary person, I’m afraid that he would still be in a coma by now, but Yang Bin was able to communicate with him.

“The group of people who are after you, who exactly are they?” Ji Feng pulled a chair over and sat next to the hospital bed and asked in a low voice.

“It’s the Yang family’s people.” Yang Bin said in a broken voice.

“Which Yang family?!”

Ji Feng frowned and asked, this is what he had been wondering, the family that Yang Bin was talking about, what exactly was the origin of the family?

If such people belonged to a certain family, they should also belong to the guards, otherwise, the general bodyguards might not have the kind of combat power and combat quality they have.

Yang Bin said, “Jibei Province Yang Family.”

Jibei Province?

Ji Feng was stunned and then a little confused, he wasn’t even too familiar with the situation in Yanjing, let alone Jibei Province.

Besides, he had never heard of any kind of family in Jibei Province that would be so powerful.

Suddenly Ji Feng’s heart moved and he asked, “What about you, what is your origin? Why did you offend this Yang family?”

Yang Bin smiled and suddenly fell silent.

Ji Feng then smiled and said, “It doesn’t matter if you don’t want to say, just pretend that I never asked this question, you should get well first, and wait for anything to happen when you get well.”

“I am also a member of the Yang family” Yang Bin suddenly said.

“Hmm?!”

Ji Feng’s eyebrows abruptly wrinkled and he couldn’t help but be surprised, “You are also a member of the Yang family?!”

Yang Bin said weakly, "Yes."

Ji Feng asked, "Then since you belong to the same family, why are they still after you? Did your clan implode?"

Yesterday, the gang's attitude was that they had to put Yang Bin to death before they could do so, they did not have any family affection or brotherhood when they did it, they were more ruthless than one another, even in order to kill Yang Bin, the gang was so desperate that they almost killed whoever was in their way, even the two security guards who were on night duty at the entrance of the district were poisoned, fortunately they were rescued in time, so their lives were not in danger, but they had to spend the next period of time in the hospital. But the rest of the day will be spent in the hospital.

The other side of the family is the same, so why did they have to kill Yang Bin with such venom?

For example, in the Ji family, even if there was originally a conflict between the first and second line, it was only an internal conflict, and there was no such thing as a fight to the death, even in other families.

However, since they are in the same family, it's not like they have to take anyone's life to do it!

What kind of family is this Yang family?

Yang Bin opened his mouth, but he didn't know how to answer this question.

When Ji Feng saw this, he smiled and said, "Alright, let's not talk about this today, you should rest first, we'll talk again when you've recovered from your injuries."

Yang Bin blinked his eyes, indicating that he understood.

In fact, it's not that Yang Bin didn't want to talk about it, it's just that this matter couldn't be said in just one or two words, and in his current state, it wasn't really easy to express it clearly.

Just

The first thing you need to do is to think about what happened at home, and then think about what happened to you and what you experienced, Yang Bin couldn't help but grit his teeth, and a touch of hostility and a touch of hatred appeared on his face, and his hands unconsciously clenched his fists.

Seeing this, Ji Feng immediately patted his shoulder and said, "Don't get excited, relax, if you hold your fist any longer, the needles are going to be broken"

Yang Bin's breathing was a bit rapid, obviously very excited.

Ji Feng said, "Yang Bin, although I don't know what exactly happened to you, but, if you are so unable to control your emotions, it won't do your body any good, moreover, I'm afraid that your cultivation in martial arts will hardly reach the level of a patriarch. No matter what happens, you always need to have a good body first before you can go and fix it, don't you think?"

Yang Bin was stunned, and then, he slowly relaxed.

Ji Feng then nodded his head, quite satisfied with Yang Bin's reaction. A martial artist who was not able to control his emotions freely and calmly would never be able to become a master of his generation.

Campus Master Chapter 2339

Ji Feng did not stay in the hospital for too long, Yang Bin's body still needed to rest, so Ji Feng soon left the ward.

And then, Ji Feng called his second brother, Ji Shaolei.

"Third son, something wrong?"

"Second brother, are you familiar with Jibei Province?" Ji Feng asked.

"Jibei Province?"

Ji Shaolei couldn't help but be stunned and asked, "Why do you want to ask this? I am not familiar with Jibei Province, at most I am only familiar with a few cities close to Yanjing, as for those cities further away, I can only say that I have been there at most, but I can't say that I am familiar with them yet!"

Ji Feng said, "Then have you ever heard of a family that is surnamed Yang?"

"The one surnamed Yang?" Ji Shaolei was a bit puzzled, "There are many families surnamed Yang, say specifically, is there any characteristics or anything like that, or what aspect of this family is it, is it a business family, or a political family, or is it in the underworld?"

"This"

Ji Feng shook his head and smiled, and said, "I'm not too sure about that, but this family is certainly not small and very powerful, it looks like it should not be a business family, I guess it should be a triad family, or a political family is possible"

Ji Shaolei was stunned: "Estimated? The first thing you need to do is to get a good idea of what's going on.

Ji Feng laughed: "That's not true, strictly speaking, it should be that I accidentally provoked someone, so I just want to know in advance what this Yang family is all about, so I can also be able to have a good idea."

Ji Shaolei liked the hilarity the most, once he heard this he was instantly interested and asked, "Oh? Then tell me, how did you provoke people?"

Ji Feng laughed, "Actually, it was just an accident, I was in Yanjing some time ago to do something, but I didn't expect to meet a beggar in the street"

He quickly told the story of what happened.

In fact, last night when he knew that the person being chased was actually Yang Bin, Ji Feng had the intention to investigate the origin of Yang Bin, and also the gang of people who were chasing Yang Bin, Ji Feng was also curious about their origin.

Because he knew very well that yesterday Yang Bin didn't go anywhere else and went straight to the villa area where he was, and that was to find him.

So whether he wanted to or not, he was actually tantamount to provoking Yang Bin's rival.

Since this was the case, Ji Feng naturally had to understand all the circumstances so that he could prepare early.

Ji Feng went to visit Yang Bin in the hospital, on the one hand to see how his body was recovering, and on the other hand, he also hoped to know the whole story from Yang Bin's mouth, but seeing that Yang Bin was so weak, he didn't ask further questions and planned to wait until Yang Bin had recovered a bit before asking.

Before that, he also planned to ask Ji Shaolei, back then Ji Shaolei was a player and ran around, so maybe he would know things about Jibei Province.

"Hehe!"

Ji Shaolei burst out laughing and said, "San'er, you're really generous, a million dollars said to be given out."

Ji Feng smiled, he had been asked this question many times, so he didn't explain, but said, "Second brother, that's not the point, the key issue is, that Yang Bin was chased and killed last night, the gang that chased him looked like they were all elites, well trained, and all equipped with automatic rifles, I don't think they were ordinary people."

"The Yang family"

Ji Shaolei seems to be thinking, "The Yang family in Jibei Province San'er, this for a moment I really can't think of any Yang family in Jibei Province, just know that there is a vice governor of Jibei Province is surnamed Yang, but the rest is not so clear."

Ji Feng said, "What about the ones in the underworld?"

Ji Shaolei laughed: "You take me for a know-it-all, don't you? It's not like I have any contact with the triads, and I'm not interested in these things, so how would I know about the triads?"

Ji Feng then laughed, that was true, a son of the titled Ji family, naturally there was no need to get involved with people in the underworld.

"By the way, have the people who were after that beggar been caught? Won't we know if we interrogate them directly?" Ji Shaolei said.

"The people were caught, none of them got away, but this happened last night, I'm afraid the police are still busy interrogating them, so I'm not adding to the chaos by going there now." Ji Feng said.

"What does it matter, don't you know that girl from the Li family well, can't you just ask her directly?" Ji Shaolei laughed.

Ji Feng smiled, but did not answer, he heard a bad smile in Ji Shaolei's voice, it was obvious that second brother was not thinking of anything good again.

However, it was not impossible to go and ask Li Ruo Nan about the situation.

The preliminary interrogation results should be out by now, so Ji Feng made up his mind to go to Li Ruo Nan first, if she was busy, then he wouldn't give her any trouble, he would just find a way to inquire later.

The first thing I did was to go to the police station and find out if she was busy.

When he arrived at the police station, Ji Feng realized that his estimate was a bit too optimistic.

"Trial, continue to give me a trial!"

Ji Feng had just arrived outside Li Ruo Nan's office when he heard Li Ruo Nan's angry voice coming from inside: "They are armed with a large number of weapons, killing people wantonly, and they actually dare to be so arrogant, who do they think they are? Who do they think they are? They have no regard for the police! Keep interrogating them, I don't believe it, how can they still defend themselves if they are caught red-handed!"

Peng!

The next moment, a muffled sound came from the office.

Ji Feng was dumbfounded, he originally thought that after this girl was promoted to be a deputy captain, that temper should be tempered a bit, but now it seemed that Li Ruonan hadn't changed at all, she was still the same as she was when he first met her, her temper was fiery ah.

"Squeak...!"

The door of the office was opened from inside and a policeman came out, seeing Ji Feng standing in the doorway he couldn't help but be stunned and asked, "Excuse me, who are you looking for?"

Ji Feng pointed inside the office and smiled, "I'm looking for Li Ruonan."

"Ji Feng?"

At this time, Li Ruo Nan also came out, and she was a bit surprised to see Ji Feng: "Ji Feng, why are you here?"

Ji Feng laughed, "So what, you arrived in time with your men yesterday and kind of helped me a lot, I came here today to express my gratitude to you specifically."

Li Ruonan, however, didn't say anything, just turned her head to the policeman and said, "Go ahead and get busy, continue the interrogation as I said, no matter what, make them talk as soon as possible."

"Yes."

The policeman nodded, then looked at Ji Feng with some surprise, thinking, "Is this the vice captain's boyfriend, he's quite handsome."

Only when Li Ruonan's beautiful eyes glared up did the policeman hurry up and leave in a flash, watching Ji Feng couldn't help but secretly laugh, it seems that Li Ruonan, with her fiery temper, was afraid that the people who followed her would have something to suffer.

"Come in!"

After the policeman left, Li Ruonan then let Ji Feng into the office, "You just said that you came all the way here to thank me?"

Ji Feng nodded and said, "Yes."

Li Ruonan immediately hummed and said, "You're lying to the devil? Ji Feng, you are stupid, but don't think everyone else is as stupid as you are. And even came outside my office door so silently?"

Sweat!

Ji Feng secretly said, when did this girl become so smart?

But he said without blushing, "Look, with our relationship, isn't it too vulgar to bring gifts or something? I've come to do you a favour on purpose."

"You're helping me?"

Li Ruonan looked at him with some suspicion and asked, "Could it be that you want to teach me the moves behind the bodybuilding exercises again?"

The moment this was mentioned, Li Ruonan hated it a little, she had practiced all those moves that Ji Feng had taught her, but when she asked Ji Feng for advice on the later moves, she was rejected by him.

The most hateful thing was that this guy even said lightly, "Your previous foundation is not solid, so practice those moves in front of you until you are familiar with them first!"

But it was clear that the moves that Ji Feng had taught her were too familiar for her to be familiar with.

As a girl, it was not good for her to take the initiative to look for Ji Feng, and besides, she was begging someone to learn a skill, so it was not good to go too far, so Li Ruonan could only secretly grit her teeth, but it was not good to go to Ji Feng.

Now when Ji Feng said he was coming to help, Li Ruonan wondered if he was coming to teach her the next gymnastic moves.

However, Ji Feng only smiled at his words and shook his head, saying, "Ruo Nan, you shouldn't always be nostalgic about those moves below, you need to practice all the previous moves first"

Li Ruonan immediately bit up her silver teeth, this set of words again!

Ji Feng said: "You should not think that I am perfunctory, let's put it this way, those previous moves were made by me after I made them myself and then filmed them for you to follow, but, there are still many parts of your learning process that are not in place, so your foundation is not firmly established, in short, it means that your basic skills are still not good enough, if I teach you the later moves now, that is not helping you, but rather pulling up the seedlings to help them grow, which is not good for you!"

Seeing that Li Ruonan still had some disbelief, Ji Feng said, "Let me ask you, after practicing aerobics, apart from being more energetic and having better health, are there any other changes in you?"

Li Ruonan said, "What other changes can there be? These aren't enough?!"

Ji Feng stretched his hands and said, "I knew it! Ruo Nan, don't think I'm fooling you, you practice it over and over again, when you do it yourself and feel the changes within your body, you'll know why I'm saying this!"

Li Ruonan looked at him with some suspicion, "Are you telling the truth?"

Ji Feng nodded, "It's even more true than real gold!"

If you don't practice the gymnastics in place, it's just a set of gymnastics to strengthen your body, but if you practice every movement in place, it's a completely different story and will produce a qualitative change – in your body, a bio-current will appear!

Campus Master Chapter 2340

If there is no such change, then the aerobics practice would be in vain, it would be better to get up every day and run and play ball or something like that.

"Then if there's something I'm not doing right, can't you just help me correct it?" Li Ruonan said.

"This"

Ji Feng coughed lightly and said somewhat unnaturally, "It's a bit inconvenient, men and women are different."

Li Ruonan then gave him a contemptuous look and went, "When did you become a decent man? A guy who doesn't know how many women he has, but he still has the nerve to talk about the difference between men and women, it's really laughable!"

Ji Feng: "....."

"That what, there really is a difference between men and women, because there are some actions in this, if I were to help you correct it, it would well, there would be some too intimate contact." Ji Feng said with some embarrassment.

"Is that so"

Li Ruonan just wanted to retort, but when she thought about those moves she had practiced, a certain few of them were indeed a little too humiliating.

If Ji Feng were to touch her at that time, it would really be a bit

Li Ruonan couldn't help but have a hot pretty face, her heart was really a little embarrassed, but when she saw Ji Feng's slight shake of his head, she didn't know what was going on in her heart, but she suddenly came up with a fire and immediately said, "What's that, just let you help me correct it, that's it."

"But" Ji Feng was a little hesitant.

"Can what can!" Li Ruonan despised, "I'm not even afraid of a girl, what are you afraid of?"

"....."

“Ahem, so what, let’s talk about this matter later.” Ji Feng did not want to continue to dwell on this topic for the time being, so he changed the subject, “I thought I heard when I was at the door just now that you seemed to be having some kind of trouble with the interrogation?”

Li Ruo Nan then hummed, very dissatisfied with this guy’s attitude of looking left and right, thinking that this guy usually looks like a human being, but he doesn’t know how nasty he is in his heart, just instructing himself to practice gymnastics, what is there to be ashamed of?

Although Li Ruonan said so in her heart, she was actually calm, because she had been practising gymnastics, so she knew better than anyone else what kind of moves there were in gymnastics, although if she looked at it from the perspective of training, those moves were definitely super difficult, and even many professional gymnasts could not do them.

But in reality, if a man is watching, such movements are too ambiguous, and to put it in a more serious way, it can even be said to be somewhat obscene!

So now Li Ruonan actually just had a tough mouth, if she really let Ji Feng watch her next to her to practice gymnastics, she would actually be the first one to have her face burned, but she didn’t know what was going on, seeing that Ji Feng was not willing to continue this topic, she felt a little uncomfortable in her heart, so she couldn’t help but squeeze Ji Feng a few times.

“Yeah, it’s not because you caused me trouble!” Li Ruonan hummed.

“The trouble I caused?!” Ji Feng was slightly stunned, then he reacted and asked, “In that case, the interrogation of those people arrested yesterday didn’t go very well?”

“Not very smooth? It’s that there was no progress at all!” Li Ruonan said, “None of the people arrested yesterday spoke up, they just sat there, they didn’t even drink a glass of water, they were just like wooden people!”

“Then their names, identities and such ……”

“How come none of them opened their mouths, and they didn’t carry any valid documents on them at all, so now we can only check from the clothes they were wearing, and the source of their weapons.” Li Ruonan said, “Our other group is still interrogating them, hoping to pry their mouths open.”

Ji Feng shook his head and said, “Just this hard interrogation should not be of much use, these people are probably professionally trained elites, if they were placed in the army, there are countless ways to make them talk, but right now, I’m afraid they have ways to play with you guys!”

Li Ruonan nodded, and her pretty face looked a little less than stellar.

She agreed with Ji Feng’s view, now the police had repeatedly emphasized civilized law enforcement and abandoned many of those brutal and violent methods of handling cases in the past, of course, this was indeed a symbol of civilization, but in many cases it did make the cases more difficult to handle, for example, now, if these people were in the past, the police had countless ways to make them suffer.

Especially the experienced police officers, who had a lot of experience in the field, had a lot of ways of torturing people – for example, in the middle of winter, they would make you squat on a table in a pair

of pants, handcuff your hands either with finger cuffs or with handcuffs, and then hang you up by as much rope as possible.

The last thing you need to do is to start throwing water on your body, and it's the kind of water that stings, and after you've done that, you're dried off and allowed to blow in the wind

The feeling is really imaginable, it is definitely the best!

As long as you repeat that several times down, even a person of iron will be tortured into a trance and interrogated as much as you want.

This is just one of the many ways to torture people, there are so many ways to torture people like this, if it were at that time, all those people caught last night would have been in pain and would have fought to be the first to pour out, afraid that if they were slow to speak they would be tortured again!

The most that can be said about these methods is that they only exist in some of the more remote police stations or police substations, although there are still occasional confessions extracted by torture in the city bureau, but that is only a very small number, and once the confession is found to be extracted by torture, all previous statements and evidence cannot be used.

The actual fact is that you can see this kind of dark interrogation method gradually disappearing, Ji Feng is also relatively relieved.

And Li Ruonan, likewise, does not want to use that method to handle the case, that is against his conscience, and, under that cruel means of interrogation out of things, in the end how much of what the prisoner really did, or that in order to be less tortured had to be hardened to confess guilt, no one can say.

"So what are you going to do now?" Ji Feng asked.

"We can only continue with the trial, on the one hand, we can grind our lips with them, on the other hand, we have to see if we can find out any clues regarding the source of the guns." Li Ruonan said.

"Then what if we can't find out about the source of the guns?" Ji Feng asked, "You know, nowadays, as long as you have money, you can get as many weapons as you want on the black market."

"If that's the case, we can only think of another way." Li Ruonan said.

Ji Feng thought about it and asked, "Right, isn't there another way for you guys to input all these people's fingerprints and stuff into the database of the headquarters, isn't that also a good way?"

Who knows, Li Ruonan shook his head and said, "This method has been tried, but the result does not show any result, their information, is not in the database."

Ji Feng frowned and said, "Then that means they don't have a criminal record?"

Li Ruonan said, "As you know, our country is relatively late in the development of database, the database is still very imperfect, it's normal that they can't be found."

Ji Feng nodded, these people did not carry any documents, and they died without speaking, so they are actually no different from the corpses in the wilderness, and it would take a lot of effort just to find their identity.

Li Ruonan said, "But it doesn't matter, we will definitely find out, if we don't have any more results today, we will send out a collaborative investigation notice, I believe that in a few days, we will definitely be able to find out their identities."

Ji Feng said, "Isn't it better if we can find out earlier!"

"Then what's your solution?" Li Ruonan asked.

"There are definitely ways, I just don't know if you agree with me to use them." Ji Feng said.

"What solution?"

"Get them into the army, I know that the army has a kind of injection that can make them tell the truth if they are given a shot." Ji Feng said, "Now this situation is already considered a big case, right? It's perfectly fine to cooperate with the military."

"That's easy for you to say."

Li Ruonan gave him a blank look and said, "Do you think it's that easy to get that kind of injection from the military?"

Ji Feng said, "That's why I said, I'm here to help you."

Li Ruonan said, "You have a way to get it?"

Ji Feng nodded and said, "I think I can, why don't you give it to me to try?"

Li Ruonan hesitated for a moment, then said, "I can't make the decision on this matter alone, I have to ask for permission, if the leader agrees, I will need your help"

"Ding ring"

Suddenly, Ji Feng's mobile phone rang, he put up his hand, then took out the phone and connected it.

"San'er." A deep and steady voice came from the phone.

"Big brother?"

Ji Feng was slightly stunned, he just picked up the phone without looking at the caller ID, but to his surprise, the call was actually from his big brother Ji Shadong, "Big brother, what's the matter?"

Ji Shadong said, "Just now Shao Lei told me, I thought about it, in Jibei Province, a family surnamed Yang, and with trained personnel and complete equipment, I guessed it should be the Yang family in Qihe City, Jibei Province."

Ji Feng's eyes instantly lit up, "Big brother, you know where they came from?"

"Mm!"

Ji Shaodong said, "I had contact with the Yang family when I was in Yanjing, and according to what you described, this Yang family is the only one in Jibei Province that dares to act like this."

Ji Feng said, "Big brother, then what exactly is the origin of this Yang family? How do they dare to be so rampant?"

Ji Shaodong laughed, "They are wild for a reason, because back then, Elder Yang had the merit of being from the dragon!"

Ji Feng was stunned, "What, the Yang family's old man was also a founding father?"

"Not really a founding father." Ji Shaodong said, "However, this old man's identity is a bit special, it is said that he comes from a martial arts sect, back in the war time, he joined the army and made a lot of merits, he even saved the old man once!"

"Saved the old man?!"

Ji Feng was stunned: "In that case, this old man Yang really has a lot of origins!"
