“I will take hold! Will not let anyone covet my position!” Wu Zhiyong secretly clenched his fists and was fierce in his heart, “Ji Feng, I’ve fallen to such a state because you forced me to”

“Ji Feng”

Wu Zhiyong couldn’t help but grit his teeth.

If we say that in recent times, I am afraid that the one who misses Ji Feng the most has to be Wu Zhiyong, really, the Wu family has suffered too many losses at the hands of Ji Feng during this period of time.

Especially now, there is still a matter that is enough to make the Wu family extremely headache – the old third Wu Zhengxin is still locked up in the detention center!

It is still only in the judicial process, and the family has been doing its best to suppress it, otherwise, Wu Zhengxin would have been thrown into prison by now.

However, it would not be possible to suppress it for much longer.

The Wu family can suppress the case for a while, but they can’t keep suppressing it. The case has to go to trial, right? The case has to go to trial before Ji Feng withdraws the charges, right?

In fact, even if Ji Feng didn’t ask questions and the Ji family didn’t put pressure on the Wu family, the Wu family would be unable to suppress it.

Because the longer the Wu family presses on, the more it will give the impression of interfering with the law with power, and even in the end it will sit on such a claim, and then the Wu family will definitely be more passive.

But if it is not pressed, naturally, it is absolutely not possible.

If Wu Zhengxin is sentenced, then the Wu family will also have its majesty swept away and will no longer be able to talk about any face

When have they ever been in such a dilemma and been roasted on the fire?

But now, the Wu family was in such a situation.

Just by looking at his father Wu Zhengmin’s already sombre face and depressed air all day, he knew how much trouble Ji Feng had brought to the Wu family this time.

Wu Zhiyong even couldn’t help but grit his teeth a little, hating in his heart, “Could it be that the trouble Ji Feng has brought is so troublesome that even his father finds it tricky?”

The moment he thought of this, Wu Zhiyong felt a sense of inexplicable humiliation.

Could it be that he was no longer the same level of opponent as Ji Feng? Even, even his father had to face him squarely, and even, one day, Ji Feng would become his father’s rival?

This feeling really made Wu Zhiyong feel exceptionally humiliated.

He had to know that originally, in his eyes, Ji Feng was just an unworthy wild boy, just a wild seed that Ji Zhenhua had accidentally created during his affair, and only by luck was he found by the Ji family and returned to the Ji family, that was all.

In the third generation of the entire Ji family, only Ji Shaodong can enter Wu Zhiyong's eyes, but only into the eyes, Wu Zhiyong does not think he is inferior to Ji Shaodong.

The reason why others in Yanjing mention the Yanjing Three Jie, only to say Xiang Yongzhan, He Hongwei and Ji Shaodong, and not mention him Wu Zhiyong, that is only because of that incident back then, He Hongwei everywhere to smear him, so his reputation has declined, so this is why there is no 'Yanjing Four Jie', but only the Yanjing Three Jie.

As for Ji Feng, if it was in the past, Wu Zhiyong wouldn't even look at him!

In fact, right at the time when he first confronted Ji Feng, Wu Zhiyong didn't even pay much attention to him, thinking that Wu Zhihe would be able to deal with him.

And it had only been a few short years, and once upon a time, that little wild child that he couldn't even look at, had actually become so powerful that he had unknowingly reached this point?

Even he, himself, was no longer worthy of being his opponent?

Or

The fact is that he is not qualified to be his opponent at all?

Because the current Ji Feng is already so powerful, so powerful that he can actually bring such a big trouble to the powerful and overshadowing Wu family with just his own strength?

This feeling made Wu Zhiyong's heart feel humiliated and could not help but feel a vague sense of uneasy trepidation.

He subconsciously wanted to use the fastest speed, the shortest time and the most severe means to solve this huge trouble, as long as Ji Feng was erased from this world, then naturally everything would be fine and there would be no more problems.

Fortunately, Wu Zhiyong was still more or less sensible, he knew that if he really did that, not to mention if he could take Ji Feng out, even if he did, then the consequences would definitely be unthinkable, at least for the Wu family, it was definitely not a good thing.

"Father, the matter of third uncle"

Wu Zhiyong hesitated for a while, pondering over and over in his mind, and finally couldn't help but open his mouth to ask: "Father, now the problem of third uncle also needs to be solved as soon as possible, ah, otherwise, our family will be in double trouble financially and in terms of fame!"

As soon as this was mentioned, Wu Zhengmin's face steeply turned gloomy, and when Wu Zhiyong saw this, he couldn't help but stutter in his heart, secretly saying that he was afraid that he had brought up something that he shouldn't.

Sure enough!

I only heard Wu Zhengmin say, "Your third uncle's matter will naturally be resolved by the family!"

The first thing you should do is to say that you have not done your job properly!"

"....."

Wu Zhiyong was a bit stunned, although he knew he had asked the wrong question and might be criticized by his father, but he didn't know how it was his business when third uncle and his son had done something wrong? Moreover, or did he fail to do his own job?

Seeming to see his son's displeasure, Wu Zhengmin's face turned colder and he said in a deep voice: "Among the younger generation, you are the eldest brother, so you should set an example! But then, look at what you usually do, and what impression you leave on those younger siblings?"

"Yes, Zhiyong, as the elder brother, you have failed to set a good example, so it is not difficult to understand that those younger siblings have followed the bad example, you are also responsible for this!" Wu Zhengxiang also said from the side.

"....."

The first time I saw the company, I was so depressed, how could it be related to me?

Those guys don't learn well, did they all learn from themselves? The actual fact is that you can't be the elders who didn't teach you well?

Wu Zhiyong really wanted to retort, but he didn't dare to, and he also knew that even if he did, it would be useless, as his father and second uncle were obviously angry with him and were using this as an opportunity to beat him up.

It seems that he is really in some danger, even his father has indirectly expressed his dissatisfaction with him, and in front of his second uncle, so he can see that his father is actually very angry with him!

In his heart, Wu Zhiyong really had an indescribable feeling.

Fear, anger, shock and humiliation at the same time

"You should not ask about this matter, the family will naturally solve it!" In the end, it was Wu Zhengmin who ended this conversation with a final word, "As for you, just go and do what you should do!"

"Yes!"

Wu Zhiyong hurriedly nodded, he knew that his father meant for him to find a way to make that new chrome alloy of the Tengfei Group into a strategic material so that it could limit the development of the Tengfei Group.

Wu Zhiyong did not dare to say anything more and left with a heart full of depression.

.....

In the evening, the hot sun had already set and the weather was not as hot as it was during the day, the breeze was blowing and it seemed a little cooler, especially for those who had been bored in the office all day, there was something indescribably enjoyable about blowing the natural cool breeze at this time.

People are also enjoying this rare moment as much as possible, walking in the streets or playing in the parks.

At the moment, in a city recreation park in Jiangzhou Economic Development Zone, there are quite a few couples holding hands or taking advantage of the gradually falling night to do some hot action

“Big young man, why are you in such a good mood today?” Xu Yuan took Ji Feng’s arm and leaned lightly on him.

“I came across something worth being happy about and wanted to share it with you.” Ji Feng smiled and said.

“Something happy?” Xu Yuan was a little curious, her red lips opened and closed as she asked, “What’s something worth being happy about?”

“Well

Ji Feng smiled wickedly, “I haven’t seen you for a long time, and now that I suddenly see you, that’s the most rewarding thing.”

Xu Yuan instantly snapped, “Nonsense. I haven’t seen you for a long time, I just saw you last week.”

Ji Feng said: “But I feel like it’s been a long time, In fact, I’m really not doing a good job as a boyfriend, under normal circumstances, male and female friends see each other very often

The general girls as long as they are willing, basically can find a boyfriend to meet every day, to find a boyfriend does not require a lot of skills, every day to meet is not difficult to do.

The same can be said for Xu Yuan.

In fact, if Xu Yuan wanted to, not to mention find a boyfriend to see every day, even if she wanted to spend 24 hours a day together, there is no telling how many men would be crazy to jump on her and go crazy for it!

But this kind of simple daily meeting is a very difficult thing for Ji Feng to do.

Even his heart could not give all of it to Xu Yuan.

Seemingly sensing Ji Feng’s shame and apology, Xu Yuan smiled sweetly, “Young master, you don’t need to be like this or feel sorry, we are like this, I already feel good.”

“But

“There is no can or can’t.” Xu Yuan pursed her lips, “Eldest young man, you’ve done very well, really, I can see it all.”

Ever since the relationship between them was officially established, Ji Feng would always make time to spend time with Xu Yuan as much as possible, no matter how busy he was, he would try to make time every week as much as possible, unless he was out of town, or encountered any trouble that was difficult to get out of.

That’s why Xu Yuan said that she had met, only last week

But this kind of meeting is full of guilt for Ji Feng, because with Xu Yuan's status, there is absolutely no need for her to be so condescending.

Campus Master Chapter 2382

Ji Feng was about to say something else when he heard Xu Yuan snapped, "Young master, if you say anything else, it will become polite, and then I will really wonder what the hell I am to you!"

Ji Feng was instantly dumbfounded.

Immediately, he nodded and smiled, saying, "That's true, so what, just now, just pretend that I didn't say anything, and you pretend that you didn't hear it."

"Scoundrel."

Xu Yuan laughed angrily and gave him a white glance, so charming that Ji Feng could not help but look a little dumbfounded.

In fact, Ji Feng was not the only one who looked dumbfounded, many of the men who passed by were all frozen for a moment, some of them even forgot they were still walking.

This is not to mention that even those men who were snuggling with their girlfriends subconsciously could not walk when they saw Xu Yuan's charming and charming appearance.

Or, even if their feet were still being pulled by their girlfriends, their eyes, which could not be turned, looked as if they could not turn, and they all looked straight!

"Ah!"

Suddenly, a miserable scream came out not far away.

Ji Feng and Xu Yuan immediately turned their heads to follow the sound and saw that a young man wearing glasses was holding his girlfriend in one hand, while the other hand was constantly stroking back and forth on his waist, and if you look carefully you will find that there was another hand moving around on his waist.

..... that was the girlfriend's.

Obviously, that girl had just felt jealous and angry because her boyfriend had been looking at another woman and was looking at her so obsessively that she could barely take her eyes off her!

"Hehe!"

Ji Feng couldn't help but smile slightly, yet before he could say anything, he suddenly heard various noises coming from the vicinity again one after another.

And the sounds were all very odd.

"Well!"

"Ah"

"Hiss hurts wife."

“It hurts you deserve it!”

“.....”

“What are you looking at? Want to go back and look at it some more?”

“Nowhere”

.....

The voice faded away, but Ji Feng was listening with pride and couldn't help but smile in his heart.

He was proud that he had found such a beautiful girlfriend, such a charming and stunning beauty, actually his own woman, this feeling, no matter any man would have a sense of pride emanating from his heart!

The first thing you need to do is to take a look at Ji Feng, who seems to be a bit nervous while being happy and shy.

Because Xu Yuan had seen this kind of look a lot in the past, so she didn't care too much at all, but the key today was having Ji Feng around, which made Xu Yuan more or less embarrassed.

However, Ji Feng smiled and proudly put his arm around Xu Yuan and slowly walked forward, as if announcing to everyone that this was his girlfriend, his woman!

Xu Yuan's heart was secretly happy, but a little embarrassed, and just then, she was suddenly feeling her **** fiercely a little hot, she was instantly shy and hurriedly said, “Big young man, be honest yo.”

Ji Feng heatedly and badly smiled up, “Hey! I can't help it, you're just too pretty, I can't control myself!”

Xu Yuan was shy and amused, Ji Feng was always very poised in any place, but now why did he become a bit of a scoundrel?

But in her heart, Xu Yuan liked the current Ji Feng even more, because it made her feel that Ji Feng was more real and also made her feel like falling in love in a practical way.

“Then you have to be more honest too.” Xu Yuan snapped, her shell teeth biting her lips, “It's still not dark yet, there are so many people in this park, if people see it, where do you want me to put my face yo!”

“It's still dark?”

Ji Feng smiled and couldn't help but heave a smile as he asked, “Then you mean that when it's completely dark, I can”

Looking at the bad smile on his face, Xu Yuan was really ashamed and angry, remembering the intimate contact between them before, in fact, Xu Yuan had really planned to give him all of herself at that time, but at that time Ji Feng was the one who did not cross the last step.

The result was that now, Xu Yuan didn't have the courage to do so.

Because last time, Xu Yuan had gathered all the courage she could muster.

Now it didn't matter if the two of them did some intimate actions, but to say that when it came to the last step Xu Yuan was really a bit nervous.

"Think beautiful!"

Xu Yuan gave him a white look and snapped, "I'm warning you, if you dare to mess around again later, I'll ignore you. Do you hear me?"

Ji Feng nodded repeatedly with a bad smile, "Understood, understood."

Speaking here, Ji Feng suddenly lowered his voice again and said, "But, Yuan Yuan, do you really not know how tempting you are to men?"

Xu Yuan blinked her beautiful eyes, "Is it really that attractive?"

Ji Feng immediately nodded and said, "That's for sure, if you don't believe me, just look at the reactions of those men who were pinched by their own girlfriends just now and you'll know if what I said is true or not."

Today's Xu Yuan looked extraordinarily beautiful, and at this moment, Xu Yuan was pleasantly angry and happy, her beautiful eyes were full of eye waves, and her whole person was really full of moving style between her knitted brows and smiles.

In particular, Xu Yuan's dress today adds to her colour, making her more and more charming and soft.

Because it is after work hours, and at this time Xu Yuan is no longer the boss of that Xiao's pharmaceutical factory, but just a girl who accompanies her boyfriend to the park to press the road after work, so at this moment Xu Yuan's dress is very casual, the lower body changed that professional suit into a set of tight jeans, but not completed, but in the legs occasionally some pattern, or some ragged new trendy seven-part trousers.

These trousers were really taut on the voluptuous Xu Yuan, and the good elasticity of the trousers made it so that she didn't have to worry about the danger of blowing up the line to the point of going naked, quite the contrary, because of this tautness, it made Xu Yuan's almost devilish figure show up perfectly!

Her legs are long and slender, her buttocks are round and even the worst-eyed can see at a glance just how firm they are!

With the perfect curves outlined by the tight jeans, any normal man would not be able to look away from them!

The full and upright buttocks alone are full of seductive power that makes people's hearts flutter.

Not to mention, because the seven-part trousers could not cover her sleeved legs completely, there was a section exposed, snowy white, with hardly any other lint or dark spots etc. on it, and just this exposed section of her beautiful legs was enough to fill one's imagination.

Just this often exposed leg is so beautiful, what about the one that is not exposed?

What about the area that is covered by the trousers?

And this cut of snow white legs, with that dark blue sandals, is simply stunningly beautiful.

Even, if there is the kind of leg fetish or foot fetish after seeing this scene, I do not know how much hot blood will rush to the brain, and I do not know how much torment will be suffered in the heart before they can make up their mind to restrain themselves

Xu Yuan's upper body, clothed in the same overwhelmingly appealing way.

Because the weather was too hot, Xu Yuan wore a small tank top, so that the plump and coquettish **** was like two peaks that rose high in front of her chest.

The snow-white neck and the two tender white arms that make people reluctant to look away at first glance, all add to her score.

And the slightly chestnut-coloured hair with a few wavy curls covered her neck, instead having a wonderful feeling of being half covered and half shamed.

It has been said that when it is cold, men love to look at the places where women are exposed outside their clothes, while when it is hot, men love to look at the places where women are blocked by their clothes.

Although this is somewhat playful, it cannot be said to be without truth.

This is the case with Xu Yuan at the moment, her body is almost full of attraction to normal men whether it is the exposed snow white skin or the places that are covered

Ji Feng is also a normal man, so he is equally no exception.

Especially, Xu Yuan was leaning right next to him, and that woman's unique fragrance from time to time burrowed into Ji Feng's nose with the breeze, so one really couldn't help but be tickled.

So as the two of them walked, Ji Feng's hands became unfaithful again.

Xu Yuan was instantly ashamed and hurriedly put her hand behind her without a trace, trying to remove the hand that was doing bad things by rubbing itself **** back and forth, but how could she have the strength of Ji Feng?

In addition, Xu Yuan did not dare to make too much effort in order to avoid being seen, so she could only be red-faced, side by side, and Ji Feng secretly compete, the result is that the sensitive places are being attacked by Ji Feng more and more times

"Nasty yo!"

"Big young man, don't make bad"

Until nightfall, Xu Yuan did not escape from Ji Feng's 'clutches' and finally had to resign herself to her fate. It was also fortunate that it was dark, otherwise, Xu Yuan would not be able to pull off her face.

Although Xu Yuan seemed to have some dusty air on her body, that was only something she had picked up in the past when she was lonely and had no one to rely on, but she herself was not dusty, so it was naturally a bit difficult for her to make out with Ji Feng when there were so many people walking around in the park.

So until it was dark, Xu Yuan that one heart was beating rapidly, just in case anyone saw Ji Feng's bad hand stroking her ****.

..... Although, this feeling makes Xu Yuan again feel stimulated, but instead there is some enjoyment.

But in this large public

Finally, after it got dark, Xu Yuan finally considered a sigh of relief, since no one else could see it either, she had nothing to worry about, anyway, she had already treated herself as Ji Feng's woman in her heart long ago.

However, it seemed that Ji Feng was deliberately teasing her, and when nightfall came, he instead stopped making a fool of himself and took her to a nearby dai pai dong.

In fact, Xu Yuan didn't know that while Ji Feng was making bad, he naturally wouldn't be so brain-dead as to forget the time to eat, not to mention that Xu Yuan's physique was not as good as his, and after walking for such a long time, he certainly needed to take a break.

"Boom~!"

However, just at this moment, a figure suddenly crashed over from a diagonal and was about to crash into Xu Yuan in the blink of an eye.

Campus Master Chapter 2383

"Boom~!"

However, just at that moment, a figure suddenly crashed over from a slant, and was about to crash into Xu Yuan in the blink of an eye.

But then, this figure didn't seem to notice anything wrong at all, not even a half-hearted sound, nor any dodging action, and just crashed over crookedly.

Ji Feng immediately frowned, at this time, his right hand that had been placed behind Xu Yuan's back worked, he did not need to do anything at all to react, his right hand directly wrapped around Xu Yuan's waist, his feet slightly staggered, at once the two of them stopped abruptly, and staggered with the person who slanted and crashed over.

"Whew~~!"

That person staggered between the two of them, Ji Feng and Xu Yuan, surprisingly bringing through a gust of wind in this very lively and crowded large stall.

This showed how strong the other party's impact was just now.

If Ji Feng hadn't pulled Xu Yuan away in time, this blow would have knocked Xu Yuan to the ground.

This caused Ji Feng to frown tightly at once, and there was some fire in his heart.

This person was doing it on purpose!

One should know that this was not a street, let alone an empty place, but a big stall full of people, and one had to be a bit careful when walking here, or else one might bump into someone's table, or bump into someone else, so where else could one possibly walk so fast?

But this man was walking extremely fast, and he didn't even say hello when he was walking, let alone say a word of warning.

Ji Feng's face sank, Xu Yuan was also shocked and couldn't help but complain, "How can you be ah, so many people, why are you walking so fast, what if you bump into someone!"

"Shit."

At this time, the man who had already crossed paths with them also stood still and turned around, angrily saying, "What, who are you talking about? Is this your house? Don't you want people to walk?"

Xu Yuan couldn't help but frown, only to see that this man was wearing only a small vest on his upper body, with a tattoo on his left arm, and a thumb-thick silver chain around his neck, with earrings in his ears.

This man looked about thirty years old, but when he spoke, he looked brutal, with his chin held high, looking obliquely at Ji Feng and Xu Yuan.

However, soon, the tattooed man seemed to just stare, as if he had taken a good look at Xu Yuan's appearance, and at once, a bright light flashed in his eyes, and his eyes started to look over Xu Yuan's body.

"Tsk"

The tattooed man grinned and said, "What a pretty chick!"

Seeing Ji Feng, who still had his arm around Xu Yuan, the tattooed man couldn't help but curse again, "Fuck, what a bad luck, how come such a sexy girl is with such a little white guy, what a flower in a cow dung!"

Xu Yuan's face suddenly chilled, "Behave yourself!"

"Rules?"

The tattooed man heatedly smiled, "Here, I am the rule, so what, girl, are you going to let me talk to you about the rules too?"

As he spoke, his smile was full of **** expression, his words were even full of frivolity, and even his eyes were glancing at Xu Yuan's body.

Xu Yuan said angrily, "Nasty!"

Saying that, she turned around and said, "Eldest young man, let's ignore such people, let's eat somewhere else."

Ji Feng, however, shook his head and patted Xu Yuan's **** smile, "There are times when you can't just give in, and you can't get back safety by giving in. So, learn to protect yourself, and more importantly, learn not to be bullied"

“What, is the little white boy planning to settle accounts with me too?” The tattooed man laughed coldly.

“Big young man, there are too many people here, and it’s too chaotic too……” Xu Yuan, on the other hand, was a bit worried, with Ji Feng’s status, he was not guilty of being normal with these punks since.

“It’s okay!”

Ji Feng patted Xu Yuan and smiled, “I’m interested in making a mess today.”

This made Xu Yuan feel helpless in her heart, what is there to mess with these punks, they are barefoot and not afraid to wear shoes.

Xu Yuan used to be a socialite, so she naturally knew what kind of scoundrels and hooligans these people were, they weren’t afraid of fighting and brawling, the big deal was just a few days of detention, and they also fought a lot, their hands were particularly ruthless and sinister.

Xu Yuan was afraid that Ji Feng would suffer a loss.

At this time, the conflict over here also attracted the attention of some people around, those who were yelling and drinking also stopped and wanted to see what was going on.

The owner and the waiter of the stall were also standing not far away, they were not looking at the action, but they were worried about the fight, but they did not dare to come up to pull the fight, just by looking at the tattooed man’s brutal appearance, they knew how vicious he was.

If there was a fight, it would be impossible to do business here because of the number of things that would be smashed.

Thinking of such serious consequences, the owner of the stall still had a crying smile on his face and walked up with his teeth clenched.

“A few people, a few people ……”

The boss stiffened his head, with a smile on his face: “Let’s make money out of peace, let’s make money out of peace ……”

The tattooed man was glaring: “Get lost!”

The boss hurriedly smiled, “Big brother, these two people are just embarrassed, but in fact they have already given in to the softness in their hearts.

After all, we are all out to eat, not out to fight, right?”

After that, he suddenly lowered his voice and said, “Brother, these people look like hooligans and thugs, what good can you do if you fight with them? Hurry up and give in, I’ll help you round up, it’s best if you can get away ……”

“Boss, listen to your meaning, this villain you have not seen before, not from this area?” Ji Feng but the answer is not the question.

“Yes I said brother, you still care about this now?” The boss said, “Hurry up and give in a soft, TO for a long time, his face can’t hang, can’t get off the stage, when the time comes, he will definitely fight

“It’s better to fight!”

Ji Feng smiled and said, “Boss, don’t worry, I’ll pay for the broken things at the original price, and today’s business is also counted on me, now, just get out of the way, later on but fists and feet without eyes!”

Xu Yuan also said, “Boss, you’re not right, even if he’s good, it’s his fault, he cursed first, we haven’t even said a word, if we want to apologize, he should apologize! Besides, if he can’t save face, don’t we have to lose face?”

Originally, Xu Yuan was all set to put up with it and leave the place.

She had been in society before, struggling to survive, so she naturally knew how to be tolerant and what it meant to take a step back and leave the sky wide open.

But when she heard that the owner of the stall looked down on Ji Feng so much, and even asked him to go and bow down to that hooligan thug, Xu Yuan was instantly furious.

She could bow her head herself, but she was absolutely unwilling for Ji Feng to be bullied!

“Shhhhhhhhhhhhhhhhhhh~!”

At this moment, a whistle suddenly came from not far away, but the tattooed man grinned and said frivolously, “Little girl, don’t talk so wildly.”

Xu Yuan ignored him, and just coldly snorted, “Humph!”

When the owner of the stall saw this, he had to shake his head helplessly and backed away, but he looked at Ji Feng with some contempt, this young man, at first glance, was just out of school and did not know the dangers of society.

He was giving him a step down, but he got tough!

Wait, when he gets beaten up later, let’s see if he is still so tough, then he will know that he has good intentions.

At the same time, Ji Feng tightened his arm around Xu Yuan’s waist and stared at the tattooed man with a stern gaze, saying in a cold voice: “You, now you have two choices, tell me honestly who sent you and then get lost with your accomplices, I won’t bother with you today.”

“Second, everyone, including you and your accomplice, will be out of luck!”

Ji Feng stared at the tattooed man and said in a cold voice: “Two paths, what exactly should you do, you choose yourself!”

The tattooed man was stunned, “What the fuck are you talking about, I don’t understand what you’re talking about, you’re really annoying me here, I’ll teach you a lesson today!”

Before the words left his mouth, the tattooed man steeply smashed his fist towards Ji Feng.

However, at this moment, his other hand suddenly grabbed towards Xu Yuan.

“Seeking death!”

A cold light flashed in Ji Feng’s eyes as he viciously kicked over, “Smartass! I’ve been prepared for this hand of yours!”

In the next moment, before the tattooed man’s fist could come over, Ji Feng’s vicious and harsh kick had already fiercely kicked him in the chest.

“Boom~!”

In a flash, before that man could even react, he was sent flying backwards by this vicious kick from Ji Feng and fell heavily on the ground.

The dull sound made by that sturdy body hitting the ground caused everyone present to be shocked and their scalps tingled.

The owner of that big stall, as well as many onlookers, were even more surprised to the extreme.

Originally, they thought that Ji Feng would definitely suffer a loss if he made a move with that tattooed man, but they didn’t expect that Ji Feng would be so severe that he kicked that man out with a single kick.

This was just too unbelievable!

However, this was just the beginning, just as Ji Feng kicked that man out, he let out a low shout and wrapped his arm around Xu Yuan with one hand to ensure that she was close to him, at the same time, without even looking back, Ji Feng turned around and kicked out violently.

“Boom!”

This kick directly hit the face of a man standing behind Ji Feng, and at this time, if someone recorded it and played it back slowly, they would have noticed that Ji Feng’s kick even kicked that man’s saliva out!

Immediately, that person also fell cleanly on his back to the ground.

“Clang

There was a crunching sound.

Only a black iron rod was seen falling to the ground from the hand of the guy who had suddenly been kicked in the face.

“Is this a three-pronged military spike?!” Someone exclaimed, seemingly recognizing this black iron rod.

And at this time, Ji Feng, but the harshness to the extreme, eyes stern flash, gaze again aimed at the crowd of several targets, heart killing machine rising!

..... The so-called conflict this evening was not an accident at all, but premeditated!

Campus Master Chapter 2384

Xu Yuan also sensed that something was wrong.

Originally, she had only clashed with the tattooed man alone, but Ji Feng had suddenly attacked the man behind her, and most importantly, this man was actually carrying a weapon.

It was the tattooed man's accomplice?

Soon, Xu Yuan felt that Ji Feng aimed his harsh gaze at a certain place in the crowd, and in the next moment, Xu Yuan only felt her waist tighten, and then her whole body suddenly left the ground, and was actually carried by Ji Feng with one hand.

"Hoo~~!"

The next moment, Ji Feng steeply rushed into the crowd, the group of people who were watching on the opposite side subconsciously panicked and backed away to avoid it, it was really because Ji Feng looked too fierce, moreover, the scene of him kicking two people away with one foot just now was still deeply imprinted in the minds of the onlookers!

"Drink!"

At this moment, a furious shout was suddenly heard from the crowd, and in the next moment, many onlookers just saw a cold light flashing in the corner of their eyes, and immediately saw a man suddenly rush out from nowhere and directly pounced on Ji Feng.

In this person's hand, he was also holding a three-pronged military spike that emitted a bitterly cold light!

Another three-pronged military thorn?!

The cold light in Ji Feng's eyes flashed, although the three-pronged military spike was not difficult to get, but it was not used by just any small gangster, because although the three-pronged military spike was indeed quite severe and terrifying to use, the problem was that not everyone could use it well.

In a fight between punks, a three-pronged spike is often less direct and effective than a machete.

This reinforced Ji Feng's previous thought that these people were definitely premeditated.

With a cold snort, he held Xu Yuan in his arms and turned sideways, instantly avoiding the man's attack, while at the same time, his fierce punch instantly hit the man's rib cage.

"Boom!"

This punch hit the man's ribs without any reservation, and the latter's body jerked violently a few times and fell directly to the ground!

Ribs are inherently the weaker areas of a person's body, let alone in the rib cage?

Even for the most powerful martial artists, it was difficult to train kung fu into the rib cage, not to mention that Ji Feng's fist was still so powerful that it was naturally not something that the opponent could defend against.

Three people!

In the blink of an eye, three people were taken down by Ji Feng, and each of them was beaten badly, even though Ji Feng only made one move, but it was enough for them to suffer.

However, Ji Feng did not stop yet, because he knew that there were still people hiding in the crowd ready to strike, because he sensed a killing opportunity.

It was the same as what he had felt before.

Only, this killing machine was hidden in the crowd, and it was a bit difficult for him to identify who it really was at once. As his gaze swept by, those people all involuntarily retreated, and a touch of fear appeared on their faces

The remaining people, take the initiative to come out, your accomplices have already been taken down, if you don't come out again, then your purpose today will not be achieved!"

Xu Yuan was stunned, what Ji Feng meant by this

But soon, Xu Yuan felt Ji Feng patting her, seemingly comforting her, which made Xu Yuan feel a lot more at ease.

But after Ji Feng said this, no one in the crowd came out, only the owner of the large stall and other people looked at Ji Feng in astonishment, as if they could not believe their eyes!

This man is too powerful, right?

Look at the three people on the ground who were taken down, which one of them looked more sturdy than Ji Feng, and even the other party had weapons, yet, these three people were taken down by Ji Feng in three punches and two kicks.

Looking at those few people rolling and moaning in pain on the ground, it was obvious that they had been beaten up quite badly.

The owner of the stall and the others couldn't help but be stunned, thinking about how they had treated Ji Feng as a little white boy before, and tried to persuade him to lower his head and submit to a softening, but now that they thought about it, it was good that the young man didn't laugh at himself at that time.

The company's main business is to provide a wide range of products and services to the public.

And now

Suddenly, the owner of the large stall saw Ji Feng's harsh gaze looking over, and immediately subconsciously shivered, he only felt some cold chills on the backbone, in this hot day, he was actually a little cold.

"This, this" the boss was hesitant, but did not know what to say.

"I'm asking you!"

Ji Feng said coldly: "Besides these three bastards, who else is with them? Point them out to me!"

The stall owner was stunned, how could he remember, so many people had come to eat, and he was only in charge of the barbecue, the customers were all entertained by the waiters.

But when he heard Ji Feng ask this, the boss subconsciously looked towards the crowd.

And at that moment, he saw Ji Feng suddenly shouted out violently, "So it's you, I'll see where else you can hide!"

The next moment, Ji Feng steeply rushed towards the crowd.

The boss was stunned, he hadn't said anything, how could Ji Feng support who was with those three people?

"Damn it!"

At this moment, a furious curse suddenly came from the crowd, a man violently pushed the man standing in front of him, trying to block Ji Feng, at the same time, he himself drew a dagger from his back waist and violently attacked towards Ji Feng.

Ji Feng sneered, finally you've been swindled out!

"Boom!"

There was no surprise, that man didn't even go a single round in front of Ji Feng before he was ruthlessly smacked in the face with a whip leg by Ji Feng, and immediately, the tremendous force caused him to fall headfirst to the ground.

Ji Feng stomped on the man's face and said in a cold voice, "Say! Who sent you here and why did you attack us!"

However, the man did not say a word, he just gritted his teeth.

Ji Feng's eyes gradually turned cold: "Looks like you guys are toasting the wine and not eating the punishment! Then"

He turned around and picked up a three-pronged military spike from the ground and aimed it at the man's wrist, saying in a cold voice: "Answer my question or I'll cut your tendons off, you're on your own!"

The man gritted his teeth and looked at Ji Feng angrily.

A cold light flashed in Ji Feng's eyes and he was about to make a move, however, at that moment, a loud shout was suddenly heard from outside, "What kind of people are causing trouble?"

The crowd parted and a uniformed patrolman came over, seeing the scene inside, he couldn't help but be a little stunned: "What's going on? Why are you fighting? You, hurry up and let go of the people and put down your weapons!"

Ji Feng frowned, but still dropped his three-pronged military spike and stood up.

"Comrade police, it was these people who attacked us first, we were only passively defending ourselves." Xu Yuan hurriedly explained, "Everyone present can testify to that."

“Is that so?”

The policeman turned his head to look at those who were gathered around, however, surprisingly, those people all nodded and then actually all backed away, not willing to testify at all.

Xu Yuan’s face sank and she said, “What a bunch of cowards they are not willing to testify, there is still the owner of the stall, he can testify.”

The patrolman then turned his gaze to the boss, however, the boss just smiled bitterly and said, “This matter, this matter today”

The patrolman then became a little impatient and said, “Come back to the police station with me first!”

“Comrade police.” Ji Feng said, “I need to make a phone call, this matter may not be handled by your police station.”

“What did you say?” The patrolman became a bit upset, although he was only a patrolman, but they couldn’t even handle this kind of fight and brawl?

“It’s true, these people are probably all tough bandits, maybe even desperate people.” Ji Feng said, “See this three-pronged military spike? This is the weapon they carried, and two of them used the three-pronged military spikes quite well, comrade police officer, do you think ordinary punks can use the three-pronged military spikes that well?”

The patrolman was stunned, but then said, “And what are you? I just saw that you were the one who made a move on them!”

Ji Feng was then a bit helpless and said, “I’ll make a phone call first, you’ll naturally know later, and I won’t run anyway”

The patrolman wasn’t afraid of Ji Feng running away, besides, Ji Feng had an extraordinary temperament and didn’t look like the kind of person who likes to fight and brawl. Although the patrolman didn’t know Ji Feng’s identity, he also knew that Jiangzhou crouching tigers hide dragons, so he didn’t push Ji Feng too much.

Ji Feng took the phone to call Li Ruonan, this matter, was not as simple as it seemed, it was better to leave it to the criminal police team to handle.

“Ji Feng?”

The phone was picked up and Li Ruo Nan was a little surprised, as if she was surprised that Ji Feng was calling her at this late hour: “What’s the matter?”

Ji Feng said, “I was attacked, and now I’m in a little trouble”

He quickly told what happened here.

Li Ruonan said, “Sorry, this kind of small matter is not under the jurisdiction of our criminal police team, you’d better find the local police station.”

Ji Feng: “.....”

Li Ruonan said, "Ji Feng, I tell you, this girl is not your servant, no matter when you are in trouble just a phone call over, this girl has to come with the call!"

This girl has anger in her words!

Thinking about what happened before, Ji Feng laughed bitterly, "But it's not a trivial matter now, if you don't come over, I can't guarantee what will happen next. Besides, this gang is obviously tough bandits, and their moves are unique and they are all killing moves, this might be a great achievement!"

"Humph! Do you think I care about that little credit?" Li Ruonan said.

"Of course I know you don't care, but, as a friend, now that I'm in trouble, as a friend you're not going to help?" Ji Feng said, "How about I call your captain directly?"

"Ji Feng!"

Li Ruonan was instantly furious, "You bastard! How come that gang didn't beat you to death!"

Ji Feng: "....."

"I'll be there in twenty minutes!" In the end, Li Ruonan still didn't harden her heart, dropped this sentence, and hung up the phone.

Campus Master Chapter 2385

With Li Ruonan's reply, Ji Feng was in no hurry to find the others.

In fact, he originally wanted to call Xiang Yongzhan, because he sensed that this matter was very abnormal, and that this gang of bandits clearly had another purpose, and had to be arrested and interrogated.

The reason that Ji Feng wanted to use Xiang Yongzhan's connections to help was another – how did these bandits know that he and Xu Yuan were here?

You know, when he came out to meet Xu Yuan today, Ji Feng didn't even bring Bai Zhu with him, he just came out alone. They had only come to the stall on a whim, they hadn't said before that they had called to book a place in advance or anything like that The stall didn't have a service for that either.

So, how did these humongous bandits know that he and Xu Yuan would come here?

And Ji Feng also had a doubt, whether this gang had already waited here before they came, or whether they had trailed behind them?

Ji Feng was more or less wary and reflective in his heart, because he was extra relaxed with Xu Yuan before, which consequently made him let down his guard slightly, so he didn't notice if there were people trailing behind him, and now there was no way to judge.

And yet this was very important.

If the gang is trailing them, then it's okay, Ji Feng does not need to sneak around and hide, if someone is paying attention, they will be able to find his whereabouts, but if they were waiting here in the first place

The bandits have the power of foreknowledge!

..... or something else is wrong!

The actual fact is that the actual people who have been attacking them are all extremely tough, and if they are interrogated according to the standard process of the police, they may not be able to take it down.

The appearance of the patrolman made Ji Feng change his mind. It was better to let Li Ruo Nan help first, unless Li Ruo Nan couldn't handle it, and then find Xiang Yong Zhan.

Ji Feng casually pulled over a chair and let Xu Yuan sit next to him, while he examined the humongous bandits with his eyes. At this time, that patrolman did not rush Ji Feng, but was squatting down to check the injuries of those few people.

"You'd better be more careful." Ji Feng reminded.

"What?"

The patrolman was stunned.

Ji Feng said, "These guys are obviously outlaws, although they are all down now, they may not be completely defenseless, so you better be on guard when you check."

The patrolman looked back at Ji Feng, more or less displeased, this young man was obviously questioning his ability!

Besides, you said people are humongous bandits are humongous bandits, right? How come what I saw instead was that you were beating them up?

The patrolman felt that Ji Feng was a bit arrogant, so he just grunted and ignored him.

Seeing this, Ji Feng could only slightly shake his head, this policeman did not look old and I was afraid that he might be a bit reckless.

But Ji Feng had already warned him, and looking at this patrolman's reaction, he seemed to be a bit offended, so Ji Feng naturally wouldn't say anything more, he just gazed at the humongous bandits to prevent them from rising up and hurting people.

In fact, although Ji Feng had confidence in his own attack, these humongous bandits were not quite the same as ordinary experts. In particular, when Ji Feng saw that one of them seemed to have an irregular circular scar on his arm, his gaze was abruptly astonished, this was a gunshot wound!

Obviously, eight`nine out of ten of these tough bandits had experienced gunfire, the resistance of such people was not something ordinary people could compare with, moreover, their tenacity and ruthlessness definitely exceeded many people's imagination!

However, until that patrolman had checked all the bandits once, and those few bandits had no intention of rising up and hurting anyone, that patrolman then stood up, raised his hand to look at the time, and frowned: "We can't keep delaying here, you all come with me, go to the police station" "

“Comrade police, I’ve called your city bureau’s criminal police team, they will send someone soon.” Ji Feng said, “Just wait a little longer.”

“Wait again?”

The patrolman snorted coldly and said with a stern face, “If you wait any longer, will the boss still be able to do his business? Besides, we don’t even know who is right and who is wrong, so why should I believe your words Go!”

Ji Feng said, “Even if you want to go, then you should still tie up the few bandits first to prevent them from escaping

“Why are you talking so much!” The patrolman was impatient, “Now you don’t even know who is right and who is wrong, what are you tying up?”

“If you don’t tie them up, how will you get them to go to the police station with you obediently?” Ji Feng asked.

“.....”

The patrolman choked for a moment and then whirled and said, “Shut up! Don’t talk until I ask you! You

The patrolman pointed at Xu Yuan and said, “Come here, help me take the belts off these people and tie them up, plus tell me what happened.”

Xu Yuan’s eyebrows knitted slightly, feeling uncomfortable with this somewhat bossy look of the patrolman, but she still stood up.

Ji Feng watched without moving, his right index finger rubbing against his chin, as if he was thinking about something.

“You come here, first watch me make a list, just tie the buckle,” that patrolman took Xu Yuan, while walking towards a bandit, while explaining.

“Hmm?”

Ji Feng suddenly frowned, looking at the patrolman’s back, he asked, “Comrade police, where are you from?”

The patrolman, however, acted as if he hadn’t heard Ji Feng’s words and was still turning around to talk to Xu Yuan.

Only, if you look carefully you will find that the patrolman had a stern look on his sideways face, while his body had begun to turn slightly sideways to Xu Yuan.

..... In his left hand, a black object had been revealed.

“Bastard!”

Ji Feng shouted fiercely, his legs suddenly shot up, and his whole body was like a fierce leopard that suddenly pounced on its prey, unstoppable.

At the same time, the patrolman was suddenly making a move, and he pulled Xu Yuan into his arms with one hand.

“Swish!”

In his left hand, a three-pronged military spike with a black handle appeared near Xu Yuan’s neck.

The cold light in Ji Feng’s eyes rose, and his heart was instantly filled with murderous intent as he shouted angrily, “Seeking death!”

The next moment, a distance of three or four metres, he arrived in an instant.

At this time, the three-pronged military spike in that patrolman’s hand looked like it was about to be placed on Xu Yuan’s neck, and that patrolman even shouted, “Stop, if you dare again”

“Hoo~~!”

The patrolman hadn’t even finished his words when he saw Ji Feng’s fierce fist smash over with such speed that he was shocked.

Subconsciously, that patrolman was about to pull Xu Yuan in front of him to block himself, but in a flash, he saw that Ji Feng’s fist didn’t blast out at all, but reached out and snapped the military spike in his hand, and with a flick of his wrist, that patrolman only felt a huge and unparalleled force come like a flood, instantly making his arm go numb and the military spike in his hand was taken away.

Bad!

The patrolman was so shocked that he realized in this instant that Ji Feng was not trying to attack him at all just now, but only to take away his weapon and save this woman in front of him.

But at this time, the patrolman was too late to do any reaction because Ji Feng was too fast, and after snatching away the military spike, he snapped Xu Yuan’s arm, while a small range of skillful attacks had been struck with harsh and vicious intensity.

“Boom!”

The moment Ji Feng pulled Xu Yuan into his arms, his knee also slammed hard into the chest of the patrolman who was trying to come after him.

“Hiccup~~!”

The patrolman’s body trembled violently as a result of Ji Feng’s vicious knee, and he only felt that his internal organs seemed to have been completely shifted in this instant, and even his heart seemed to have been ruthlessly yanked, so much so that he couldn’t breathe and rolled his eyes straight!

However, Ji Feng had no intention of letting him go, and with a fierce light in his eyes, he raised his hand and slapped the patrolman fiercely without mercy.

“Slap!”

The strength of Ji Feng’s hand was so great that even the loss of a reformer’s body might not be able to withstand this slap, the patrolman didn’t even have time to react, and was instantly slapped on the

ground, as the tremendous force made it so that his whole body fell across the sky directly after being slapped.

“Dang!”

The patrolman instantly fell to the ground, hitting his head directly on the hard concrete floor, muffled a sound, and rolled his eyes and passed out directly.

All this happened extremely fast, almost in a flash of lightning, and the onlookers next to him didn't even know what had happened, they just looked at what was happening in front of them in astonishment and wondered, “Has this young man gone mad, how dare he even attack a policeman?”

It was only at this point that Ji Feng stopped his hand, while a ruthless and fierce aura was still flashing in his eyes, with a murderous look in his eyes!

It was so close!

The first thing you need to do is to get your hands on the right person.

And the consequences of that

God knows what will happen!

This instant, Ji Feng's heart really moved with killing intent.

The actual fact is that you can't be able to get a good deal on your own.

However, Ji Feng absolutely could not allow someone to hit the heads of those around him, and even almost threatened Xu Yuan's life.

It was so close!

Even Ji Feng felt his scalp tingling when he thought about it!

He really couldn't imagine what would happen if Xu Yuan really fell into the other party's hands.

Or, if something really happened to Xu Yuan, or

Ji Feng believed he was going to go absolutely crazy!

So, Ji Feng was furious.

Campus Master Chapter 2386

Ji Feng was furious.

He gripped the three-pronged military spike in his hand and walked right towards the unconscious patrolman, while still owing Xu Yuan with his other hand, now he no longer dared to be the slightest bit careless, he had to protect Xu Yuan to the best of his ability.

“Swish!”

“Poof~~!”

Ji Feng directly general stabbed **** into the patrolman's thigh muscle, his action did not stop, enough to see how ruthless and angry he was at this moment!

"....."

"Ah"

In a flash, harsh screams rang out in the large stall, along with a burst of shrieks.

Ji Feng's methods were too ruthless, especially for these onlookers around, this sight of watching the General's spike plunge into someone's thigh muscle was too shocking and too much to make one's scalp tingle.

The onlookers couldn't help but back away at the same time, with a look of fear on their faces, and some had even started to reach for their mobile phones and prepare to quietly call the police.

It was believed that in their minds, Ji Feng was already an extremely vicious guy.

However, these people did not know that the patrolman was actually going to do something to Xu Yuan because the patrolman's action was seen by Ji Feng just after the slightest hint, and was then stopped by Ji Feng, and as for the patrolman's action of pulling Xu Yuan in front of him to block Ji Feng, it was considered by the onlookers as a human instinctive The reaction.

Therefore, no one present thought that the policeman was actually trying to misbehave with Xu Yuan.

And there was another problem that no one had noticed either – how could there be military spikes in that patrolman's hands?

"Big, big young man!"

Only then did Xu Yuan react to the shrieks around her and the harsh screams of the patrolman lying on the ground, which brought Xu Yuan back to her senses, "This, this is"

Ji Feng said in a deep voice, "Yuan Yuan, you follow me next to me, don't say anything."

The fact is that Xu Yuan was not the only one who was frightened just now, Ji Feng was also frightened to the point that cold sweat came out of his back.

Only, Ji Feng was afraid that something would happen to Xu Yuan, while Xu Yuan was the direct target of the attack, and she was also a girl, so to put it mildly Xu Yuan must have been quite frightened.

"Well"

At this moment, the patrolman was unable to help but muffle another painful sound, then he understood his current situation and couldn't help but stare at Ji Feng angrily.

The police officer's stern and angry gaze was not seen at all, not to mention that the police officer only had a fierce face but actually did not have any ability to resist, even if there was, Ji Feng would not care too much, because in his heart, this police officer had been sentenced to death by him!

This person, Ji Feng will kill!

For a dead man, there was no need for Ji Feng to compete with him in terms of who was more vicious in the eyes.

But even so, Ji Feng's eyes, which still carried a strong murderous intent, still made the patrolman's heart tighten. He could certainly tell that Ji Feng had a murderous intent towards him, so he immediately said angrily, "You, why did you attack me!"

Ji Feng stared at him, stretched out two fingers and said, "Two questions, first, who sent you here, and second, how did you know we were here?"

"You are now assaulting a police officer do you know that?!" The patrolman, however, replied, but instead said with great annoyance, "You are committing a crime"

He hadn't even finished his words, then his face suddenly changed drastically and he let out a miserable and incomparable scream, and his whole body was trembling violently.

But Ji Feng's tone was calm, saying, "Answer the question, or else I don't mind flaying you alive here! Don't look at me like that, since you've come to lay your hands on us, you should have understood our identities, I'd have the same way to escape sanctions even if I were to abuse you here!"

"Or"

Ji Feng's expression grew colder and colder: "I can get you to a place where no one knows through my connections, and then I'll make it hard for you to die if you want to!"

"....."

The patrolman shut up at once.

Only then did he realise what kind of person he was dealing with.

Vicious!

Ruthless?

He felt that these two words were not even enough to describe the young man in front of him, and when he said that he would get him killed, or even that he would make him worse than dead, the expression on his face did not change in the slightest, and there was not even the slightest fluctuation in his eyes.

He instantly understood that what this man said was true, and he was definitely saying what he was going to do!

The patrolman couldn't help but tremble in his heart, but out of instinct, he still gritted his teeth and said, "If you have the guts, you can kill me here, with so many people gathered around to witness, I don't believe you can escape the sanction! According to the laws of China, if you kill me, you will have to bury me too!"

Ji Feng looked at him expressionlessly, then nodded his head and said, "It seems you are still familiar with the law"

Poof~~!

Ji Feng steeply pulled off the military spike that was stuck in the patrolman's thigh, and in an instant, a stream of blood shot out along the wound left by the military spike, an effect caused by the bleeding slot of the three-pronged military spike.

The patrolman's eyes widened and his body suddenly stiffened. The intense pain made his forehead break out in cold sweat, but he still subconsciously rushed to pinch the root of his thigh and press the artery, otherwise, the bleeding alone would have been enough to kill him!

Ji Feng, however, as if he was oblivious, only said indifferently, "It looks like the torture methods that I never had the chance to use after I learned them will have to be rehearsed all over again on you"

As he spoke, he flicked his wrist and saw a cold light flash, and with a 'swish' sound, the military spike swept through Ji Feng's hand.

"Poof!"

There was another sound of flesh being broken open, and one could hear goose bumps and fried scalps.

The military spike, passed horizontally through the heel of that patrolman's foot, and blood spurted wildly.

"....."

However, at this moment, the patrolman couldn't even scream!

The pain caused by the piercing of the cartilage in his heel was so painful that he was incapable of making a sound!

Even breathing was so difficult that he had to open his mouth wide, his eyes staring dead, and his whole body was as stiff as a dry corpse for a moment!

And just a few breaths of time, the patrolman's clothes all over his body at a speed visible to the naked eye, was soaked with sweat, if you look carefully you will find that at this time at this time the patrolman's body was trembling violently, only the amplitude was too small, so it was not easy to notice.

..... This series of reactions is enough to show how much pain this patrolman is in at this moment.

He couldn't even let out a scream!

However, Ji Feng did not have the slightest intention of stopping, he held the handle of the military spike in one hand and began to slowly turn it: "Although the military spike is not as sharp as a knife, it is not a difficult thing to pick a human's hamstring."

The patrolman almost fainted from the pain, but every time he was about to faint, the pain in his heel suddenly became more acute, making him suffer so much.

At this moment, the policeman suddenly thought of Ji Feng's words before – it was hard to die!

At this moment, he really wanted to die, this kind of pain was absolutely unbearable even for the most hardened person, but he couldn't even commit suicide!

“Say!”

Ji Feng said indifferently.

“.....”

That patrolman opened his mouth wide in desperation, where was the strength left to be able to say anything?

Ji Feng gave a fierce laugh: “It seems that the fire is not enough, serving you is not comfortable enough

The patrolman was horrified, was Ji Feng really going to torture him to death here? He wanted to beg for mercy, but the intense pain made him literally unable to utter half a word.

Only then did he realize that when people were in extreme pain, it was like this

“Wooooooooooooooooo~~!”

Just at this time, the sound of sirens suddenly came from outside, those onlookers who had already stood far away from the crowd also came closer, it's good that the police came, the murderer here is really too scary!

However, Ji Feng could not help but frown, thinking that it should be Li Ruo Nan who came, but I did not expect her to come so quickly.

Now if he wanted to interrogate again, he couldn't continue here.

Ji Feng could not help but secretly shake his head, just now in his rage, he only thought of giving Xu Yuan a bite of anger, but did not use bio-current to simulate into neurotoxin, but now it was too late.

“Poof!”

Ji Feng fiercely pulled out the military spike that was stuck in the patrolman's heel, avoiding the blood that shot away, and pulled Xu Yuan to stand to the side, but found that Xu Yuan's hands were cold and icy at the moment.

Only then did Ji Feng realise that his actions just now had scared her again.

He hurriedly put Xu Yuan in his arms and softly comforted her, “Yuan Yuan, it's okay, don't be afraid

However, he could feel Xu Yuan's trembling.

“Ji Feng!”

At this time, the police arrived, and the person leading the team was really Li Ruo Nan. Only, once Li Ruonan saw the situation in this big stall, she was instantly furious, especially when she saw that Ji Feng was holding Xu Yuan in his arms and saying something there without knowing what to say.

“Ji Feng! You bastard! This is what you said happened? This is what happened when you were attacked?” Li Ruonan's face turned red with anger, “Do you think this girl is easy to play with? Or are you just a servant who comes and goes as you please?”

“Ruo Nan, things have changed a bit.” Ji Feng shook his head and said, “These people were indeed attacking us just now.”

“What about him?”

Li Ruonan pointed at the patrolman who was already in pain as if he had been fished out of the water and said angrily, “If you weren’t injured, why didn’t you help take the injured man to the hospital?”

Ji Feng said sarcastically, “He was also one of the attackers, and just now, he almost injured Xu Yuan!”

“What?!” Li Ruonan was stunned.

“Take the man back first, I’ll explain to you slowly later ……” Ji Feng said in a deep voice. Originally, he planned to leave this matter to the police for interrogation and forget about it, but when that patrolman targeted Xu Yuan and almost injured her, Ji Feng got really angry.

He wanted to be involved in the interrogation himself!

This matter, he must investigate and pursue to the end, no matter who is involved, no matter what the circumstances are!

Ji Feng’s eyes were raging with killing intent!

Campus Master Chapter 2387

In the end, Li Ruonan still followed Ji Feng’s advice and had the bandits taken back first.

At the same time, Li Ruo Nan also left a few police officers to investigate and question the witnesses at the scene, especially after Ji Feng reminded her of this, Li Ruo Nan even emphasized the need to check the ID cards of everyone at the scene!

The reason is that Ji Feng did not dare to guarantee that there was no one else at the scene who was in the same gang as the bandits, perhaps there was, but after seeing these companions being subdued, I’m afraid they would not dare to come out.

For these people, Ji Feng will not spare any of them, at least, they should be sent to prison.

As for the patrolman who was not sure if he was an impostor, Ji Feng had no intention of letting him go, this person must die!

However, this patrolman was not lightly injured, his heel was completely crossed by a three-pronged military spike, the cartilage on his heel was completely pierced, but this is not the main injury, the key is that the three-pronged military spike is too powerful, as a murder weapon, the blood groove on the military spike is simply numbing.

After the patrolman was pierced through the heel by the spike, the blood did not stop gushing, and there was even a wound on his thigh, and these two wounds alone were enough to make the patrolman weak in a short time.

“Take him to the hospital first.” Li Ruonan said in a deep voice, after checking the injuries of the other pick-up bandits, she found that although the others were also injured, two of them still had broken ribs, but none of them were more seriously injured than this patrolman.

“Wait a minute!”

Ji Feng, however, stopped the policemen who were ready to carry the patrolman to the ambulance and said in a deep voice: “This man doesn’t need to go to the hospital, I’ll just stop his bleeding.”

Li Ruonan’s eyebrows knitted, “You? Ji Feng, this is the doctor’s business, you’ll

Ji Feng, however, shook his head and said, “My level of stopping the bleeding is not worse than a doctor’s, make sure he can’t die

Moreover, he doesn’t have much time left to live!”
For this patrolman who dared to lay hands on Xu Yuan, Ji Feng had no intention of letting him out of his sight, he wanted to stare this person to death!

Li Ruo Nan wanted to say something else, but Ji Feng said, “Ruo Nan, I owe you a favor for this today, let me arrange the rest.”

Li Ruonan said, “You’ll make the arrangements?”

Ji Feng nodded and said, “That’s right, I’ll make the arrangements.”

“No.”

Li Ruonan shook his head, “If you can arrange it, then why are you asking me to do it? Ji Feng, are you trying to lynch?”

Ji Feng didn’t say anything, he just looked at Li Ruo Nan.

Li Ruonan then couldn’t help but say, “Ji Feng, such things as lynching cannot be done, why do you have to get yourself into trouble, now that the bandits have all been caught, unless they all grow wings and fly, there will always be an investigation, you

”The other people can be handed over to you, but this fake patrolman, I want to interrogate him alone.”

Li Ruonan said, “How do you know he’s a fake patrolman?”

Ji Feng said, “Would a good cop do such a thing? How many policemen can play military spikes so beautifully?”

Li Ruonan was then speechless.

She couldn’t say that there were times when even good cops turned bad?

“But it’s illegal for you to lynch people!” Li Ruonan said, “I can’t know the law and break it.”

“I won’t make it difficult for you.” Ji Feng said, “You give me a little time, don’t take the person to the hospital yet, just take them to the police station, I have my own way.”

“What kind of solution do you have?” Li Ruonan was then a bit suspicious.

“You’ll know when the time comes.” Ji Feng said.

Seeing that Ji Feng was not willing to talk, Li Ruo Nan stopped asking questions, she could see that Ji Feng was in a very bad mood at this time, although Li Ruo Nan also had grievances in her heart, but that was just sulking, compared to the matter at hand, it was not worth mentioning.

So Li Ruonan did not refute him, but only said, "Then you should stop his bleeding first, otherwise, I'm afraid he will die of blood loss before we reach the police station."

Ji Feng said, "Don't worry, I assured him long ago that he definitely won't die even if he wants to!"

I don't know how it happened, but Li Ruonan actually heard a kind of morose meaning from Ji Feng's words, which made her back get a little vaguely cold.

And then, Ji Feng came to the patrolman, looking at the other party with a painful look on his face, he said lightly, "Don't be anxious, this is just the beginning, we have plenty of time to play!"

The patrolman couldn't help but subconsciously tremble in his heart, but his mouth only snorted coldly.

Ji Feng didn't care either, instead, he pinched the root of his thigh with one hand and pushed hard, then he only heard a 'click' sound, which seemed to be the sound of bones breaking.

"Well"

In the next moment, one could see that patrolman's eyes suddenly widened, and his entire person suddenly sat up from the stretcher as if he had been electrocuted, trembling all over.

His thigh bone, surprisingly, had been crushed raw by Ji Feng!

However, in the midst of that extreme pain, he was unaware that the wounds on his thighs and heels had significantly slowed down the rate of blood retention.

"Ji Feng, you" Li Ruonan was in a hurry when she saw this and said, "What are you"

"Look!"

Ji Feng pointed to the patrolman's wound, and only then did Li Ruonan see that the blood at the wound had gradually stopped!

She looked at Ji Feng in amazement, how could breaking a person's leg bone actually stop the bleeding?

Ji Feng said, "It's just squeezing his arterial blood vessels with the bone, but"

He looked at the patrolman who was already on the verge of fainting from the pain and said, "Now you can only maintain this position, if you move, the blood vessels will spurt blood again, and then you will wait for death."

"....."

The patrolman looked at Ji Feng, it was like he was looking at a demon, at this time, his heart no longer had any hardness, he could see that this guy who was even younger than him was simply a beast, his methods were poisonous, his hands were absolutely relentless, even stopping the bleeding was so torturous, he was intent on torturing himself to death!

Li Ruonan was shocked, using bones to squeeze the blood vessels? What kind of talk is that?

In fact, she did not know that this method of stopping bleeding was already a very common method of stopping bleeding in trauma emergencies in the Gamma system, especially during interrogation, if there was an unexpected accident, using this method to stop the bleeding of the prisoner would not only

make the prisoner more painful, but also serve as a deterrent, so it could be said to be two birds with one stone.

Of course, it was also very cold!

Since the bleeding had been stopped, Li Ruonan said nothing more, but she subconsciously looked at Xu Yuan twice more.

Because Li Ruonan obviously felt that today's Ji Feng was very different from the past, he had become so cold today, and even his whole person was full of murderous intent, it was almost like two people from before.

All this, I'm afraid, was caused by this flirtatious woman almost being hurt, right?

I don't know what happened, but Li Ruonan suddenly had a sour feeling.

When Xu Yuan was in danger, Ji Feng let himself out to help solve it. What kind of status does one have in his heart?

The police car is already sitting in Li Ruonan, can not help but turn his head to look outside the car, only to see Ji Feng is embracing Xu Yuan into the car, look at Ji Feng face with a warm smile, where there is still a half of the coldness just now?

"..... is really a bastard!" Li Ruonan couldn't help but curse in a low voice.

"Bah!"

.....

"Young Ji!"

When the group returned to the police station, Bai Zhu was already waiting.

Ji Feng said, "Do you have all your documents with you?"

Bai Zhu nodded, so Ji Feng said, "Ruo Nan, Bai Zhu is already here, just hand that patrolman over to me."

"What do you mean?" Li Ruonan asked.

"I said that I won't make it difficult for you." Ji Feng said, "Bai Zhu has an identity as a member of the Jiangzhou Military Region's Special Operations Brigade, now she's enlisting this patrolman in that capacity, it's in line with procedure, right?"

"Ji Feng, do you really want to do it yourself?" Li Ruonan asked.

"That's right!"

Ji Feng nodded and said, "This is not only for Xu Yuan, but also for myself!"

Li Ruonan let out a light sigh in her heart and had to say, "In that case, Miss Bai come and do the formalities with me, and we'll talk about the rest later."

Ji Feng said, "You can help me arrange an interrogation room now, don't turn on the surveillance, I want to interrogate that patrolman here."

Li Ruonan nodded and said, "That's fine, but it has to be written in the application for the formalities."

"Thanks!"

Ji Feng said very seriously, he knew that with Li Ruo Nan's character, being able to nod like this was actually considered giving him the green light, otherwise, even if Bai Zhu was a member of the special operations brigade, he wouldn't be able to transfer people now.

The company's main business is to provide a wide range of products and services to the public.

It can be said that Li Ruo Nan is completely turning a blind eye to this.

Li Ruonan hummed and did not say anything, but in her heart she said, "It's good that you know I'm helping you, you have some conscience."

When the patrolman saw Ji Feng alone in the interrogation room, his body couldn't help but shake subconsciously, and his heart couldn't help but thump.

He knew that it was bad.

Ji Feng walked slowly and said indifferently, "Nice hands and good military spikes, let me guess, which army you should be from?"

The patrolman didn't say anything, he just looked at Ji Feng with incomparable vigilance.

"You don't need to look at me like that, I can tell you clearly that you're dead." Ji Feng said, "I'm interrogating you alone, and I have no intention of knowing much useful information from you, because I know that you're just a small minion."

"..... You dare to kill me in the police station?" Perhaps provoked by Ji Feng's bland look, the patrolman couldn't help but say angrily.

"You won't die here!" Ji Feng said, "But I guarantee that you will die!"

"....."

"Alright, next, please taste the nerve pain first!" Ji Feng moved his wrist and reached out and pressed a few times on the patrolman's back, "You know, I didn't intend to do this to you, but you shouldn't have struck out at my woman and even had to hold a military spike on her neck!"

"You, almost made me regret it for the rest of my life!" Ji Feng had a sardonic look in his eyes as he spoke one word at a time.

Campus Master Chapter 2388

"You should be thankful that she was not hurt, otherwise, I guarantee that I will definitely make your life worse than death, and I will also find your family members, who will suffer the same as you"

Speaking here, a cold light flashed in Ji Feng's eyes, and he suddenly struck the patrolman's chest with a heavy punch.

"Well"

In the next moment, that patrolman's body suddenly stiffened and his whole body trembled violently as if he had been electrocuted, at the same time, a miserable scream as if he was a beast came out of his mouth.

"Ah...~!"

"Ah ah"

That interrogation room door, also can't isolate this miserable sound, really because, this kind of pain is from the nerves, this is the most painful place in the human body, even the iron man can't endure!

"Ahh"

"Boom boom boom boom~~!"

The patrolman was simply like a madman, his entire body desperately clutching at itself, his skin was all bloody from his own nails, but the pain that seemed to come from hell still didn't lessen half as much as it made him suffer even more.

The only thing he could do was to instinctively twist his body and roar like a wild animal.

But what made him want to go crazy was that his mind was clearer than ever when his body was in pain and he wanted to die, it was as if he was watching himself suffer

At this moment, he suddenly thought once again of what Ji Feng had said before, that he couldn't even die if he wanted to!

This kind of pain, it really is like begging for life and not being able to die!

"Ah"

"....."

The harsh and miserable screams coming from the interrogation room simply no longer had a human accent, it was as if the sounds were no longer made by humans, so it was evident to what extent the person inside was suffering.

This sound, so that the police officers in the police station can not help but hear the scalp tingling, even Li RuoNan after taking a look, just for a few seconds, then turn around and leave, some police officers saw, Li captain when leaving face white, feet are some wobbling

When the wretched screams faded away, it was already late at night.

It was only at this time that the police outside breathed a sigh of relief, otherwise, even though the office building was brightly lit, it was still as if one was in hell, eerie.

The screams were too harsh!

"We're mercenaries! We're mercenaries!"

"We're from Southeast Asia, we're from the Golden and Silver Snake Mercenaries"

"This time we have taken a mission to capture a woman called Xu Yuan, I don't know you ah"

.....

When that extreme pain from the bones slowed down a little, that patrolman couldn't hold back any longer and no longer had any semblance of courage or hardness.

The first thing you need to do is to ask a question, and then he tried desperately to give an account, almost roaring out.

However, Ji Feng was sitting in his chair smoking, not even looking at him, as if he hadn't heard.

Seeing this, the patrolman immediately knew that what he said was not of interest to Ji Feng, or that what he said was not informative enough, so he forced himself to resist the urge to crash into his head to relieve the pain, and hurriedly said, "We are all members of the mercenary corps, the one who took over the mission was our military division, the military division did not come today, and only commanded remotely... .."

Suddenly, he thought of Ji Feng in the big stall before and asked him how he knew their whereabouts, this patrolman hurriedly explained again, "We know the target's whereabouts because we installed a locator in her car!"

It was only until this time that Ji Feng sort of glanced at him, and this glance, however, caused the patrolman to shiver subconsciously to be able to make a mercenary who was used to seeing gunfire and death shiver in fear, so it was clear how much pain he had endured before!

"Since you had the opportunity to put a locator on Xu Yuan's car, why did you have to do it only today?" Ji Feng asked.

"Because, because after our reconnaissance, we found that there were usually quite a few security guards at the company where the target was located, and they all seemed to be well-trained, so we didn't dare to make a rash move."

"Then why did you make a move today?"

"Because there were more people near that big stall today, so it was convenient to do it"

Ji Feng looked at him again and asked, "So, did you guys go to the big stall first, or did you follow them there?"

"Stalking."

The patrolman said, "We were following over there"

It turned out that after following the target, these few mercenaries had been looking for an opportunity to make a move, but this afternoon Ji Feng and the others were in the park, but the park was not a very convenient place to make a move, and with Ji Feng by Xu Yuan's side, this was another unexpected factor.

The police were not sure how strong Ji Feng was, but seeing that he was tall, it would take a lot of effort to deal with him, and it would be easy to bring in the police during the day, so these people held back and followed them to the stall, and only when they saw the confusion did they suddenly make their move.

For this Ji Feng believed, although he hadn't noticed before whether they had arrived at the big stall first or the gang of bandits had arrived first, but as soon as they came up, one of the bandits was heading for Xu Yuan, so the combination of before and after showed that what this patrolman said was true.

"Where did you take the assignment from, and who hired you?" Ji Feng asked.

"I don't know."

"..... Good! Good answer!" Ji Feng nodded and said, "Looks like we should proceed to the second stage, this time, it's visceral pain"

"I really don't know! I really don't know!" Ji Feng had just thrown away his cigarette when the patrolman shouted violently, and even though he was already in pain at this moment, he didn't know where he got the strength from, and that shout was actually quite a bit louder than even usual.

He was really frightened by the torture!

"Our missions were all sent down by the boss, because several of us are Chinese and it is convenient for us to come to China to carry out our missions, that's why the regiment sent us here"

If he had known that he would meet such a demon, even if he was shot by the boss, he would not have come here to carry out the mission.

No!

This is not a mission, it's a death sentence!

"Your mercenary regiment's station, contact information, and the characters inside, including who your boss and your military commander are, tell us clearly!" Ji Feng said.

"Yes"

"Can you spare me?" When the fake patrolman finished answering the question honestly, he couldn't help but ask carefully.

"What do you think?" Ji Feng smiled faintly.

About half an hour later, Ji Feng walked out of the interrogation room and when he arrived at Li Ruo Nan's office, he saw that she had a somewhat complicated expression on her face.

Ji Feng took out his cheque book from his pocket, wrote a cheque and handed it to Li Ruo Nan, saying, "Ruo Nan, thanks for today's matter don't stare for now, this money is not for you, it's for you to send someone to take that guy to the hospital, well, this money is the medical expenses."

How that guy was tortured, Ji Feng knows best in his heart, but this matter happened under Li RuoNan's eyes, and also in the police interrogation room, so this matter is always bad for Li RuoNan to carry.

The company's main business is to provide a wide range of products and services to the public.

The company's main business is to provide a wide range of services and services to the public.

Hearing this explanation from Ji Feng, Li Ruonan then put the cheque away and then gave Ji Feng another receipt to sign.

Only then did she ask, "Have they all been tried out?"

Ji Feng nodded and said, "Finished the interrogation, but there isn't much useful information, they are mercenaries and come from outside the country, these few people are also small minions, they don't know any inside information, nor do they know who commissioned them, they are just responsible for the work."

Li Ruonan said, "Then you still tortured him like that?"

Ji Feng signed and closed the pen before he looked up at Li Ruo Nan and said, "Because the military spike in his hand almost pierced Xu Yuan's neck!"

Li Ruo'nan then fell silent.

After a while, she couldn't help but say, "You're quite good to this Xu Yuan, aren't you?"

Ji Feng shook his head and said, "Is this considered good?"

Li Ruonan said, "It's not good enough, is it? You almost broke the law for her!"

"Breaking the law is nothing!" Ji Feng shook his head and said, "If something really happened to her"

He did not continue to say, in fact, when he thought back carefully he felt scared, if something really happened to Xu Yuan today, Ji Feng would really go crazy, at that time it would not just be a matter of breaking the law, he would definitely go on a killing spree!

"That"

Li Ruonan suddenly wanted to say something, but the words came to her lips, but she said nothing, just shook her head and said, "It's already late, do you plan to go back next, or what?"

Ji Feng said, "Go back."

Xu Yuan was in shock, Ji Feng wanted to send her back as soon as possible, it was best not to let this matter leave a shadow in her heart.

Li Ruonan said, "Let's go together then, I should go too."

The two of them went out of the office, Li Ruo Nan first got the police officer on duty and ordered the ambulance to be called, then after arranging the rest, they went to the car park with Ji Feng and the three of them.

"Ji Feng!"

Just as Ji Feng was about to get into the car, Li Ruonan, who was not far away and had already opened the door of another car, suddenly called out to him, "Come here for a moment."

Ji Feng was a little surprised, but still walked over and asked, "What's wrong?"

Li Ruonan's white teeth bit her lips and asked, "If it was me today, would you be so angry?"

Ji Feng was slightly stunned, then he nodded his head frankly and said, "Yes!"

"Really?" Li Ruonan's beautiful eyes lit up.

“You’re my friend, if you were hurt, I definitely wouldn’t sit back and do nothing!” Ji Feng said.

“.....”

Li Ruonan then paused and said, “Ji Feng, in a few days I may have to go on a dangerous mission, will you be worried?”

Ji Feng asked, “A dangerous mission?”

Campus Master Chapter 2389

“What kind of dangerous mission?” Ji Feng asked.

“To go and work with Interpol to catch two international thieves.” Li Ruonan said.

Ji Feng’s brow then couldn’t help but frown and said, “Ruo Nan, listen to my advice, although your physique and hands have improved now, but it’s best to be careful with this kind of dangerous work, how can I put it, none of those international robbers are weak-handed and all of them are vicious, it’s best for you to let experienced police officers go. ”

International Bandits!

This name may sound very elegant, but in reality, if you do not have the appropriate strength, you do not want to get such a name.

But how many of those who could become internationally wanted robbers were simple?

Even if they are not as good as Li Ruonan in terms of physical strength, I am afraid that when it comes to practical experience, even ten Li Ruonan are not as good as one international thief.

Even if Li Ruo Nan had the advantage in terms of numbers and equipment, Ji Feng believed that Bai Zhu would be able to beat Li Ruo Nan to the punch, not to mention the others.

The physical strength is only one of the criteria to measure strength, but it is not the only one.

Experience, ruthlessness, this is all related to success or failure.

So when Li Ruonan said she wanted to catch international robbers, Ji Feng frowned a little, wasn’t this nonsense?

“As the vice captain of the Interpol brigade, I deserve to take on this responsibility!” Li Ruonan said, “Those people are only a few if they are dangerous, I will be careful.”

“Ruo Nan, why do you have to fight so hard!” Ji Feng couldn’t help but shake his head and sigh softly, saying, “These people really aren’t as simple as you think!”

“I just want to know, are you going to worry?” Li Ruonan asked.

“..... would!”

Ji Feng nodded his head very frankly.

Li Ruonan said, “Then I understand.”

Ji Feng was then a little surprised and asked, "What do you understand?"

Li Ruonan waved her hand, "Well, that's it for today, I have to go back too, I have to come to work early tomorrow morning"

Seeing her digress, Ji Feng did not want to say anything more, but still could not help but say, "Ruo Nan, consider my opinion carefully, it is best not to participate in this operation, and even if you do, it is best that you do not go forward, let alone be responsible for leading the team."

Li Ruonan said, "I obey the arrangement from above, besides, those international bandits may have already roamed to Jiangzhou, I can't just sit back and watch" Alright, that's it."

With a roar of the engine coming out, Li Ruonan left. Watching the car's taillights fade into the darkness, Ji Feng stood in place and couldn't help but shake his head.

This girl

Ji Feng didn't stand there for long, Bai Zhu and Xu Yuan were still waiting for him, he returned to the car and said, "Bai Zhu, you go back, I'll just take her back."

Bai Zhu was a bit hesitant, "Young Ji, there might be people from the other side outside, it's better for me to accompany you."

Ji Feng shook his head and said, "No need. These people can't make any waves. Go back."

Bai Zhu then looked at Xu Yuan, only to see that the latter's face still had more or less a touch of nervousness on it, so she nodded and said, "Alright then, young Ji, you have to be careful."

Ji Feng squeezed her small hand and nodded, "Don't worry."

When Bai Zhu came, she drove a car, so she naturally didn't need much trouble when she went back, while Ji Feng, after Bai Zhu left, first checked the car, found the locator in Xu Yuan's car, and finally checked it again to make sure there was nothing missing before taking Xu Yuan away.

Because there was no other family in Jiangzhou apart from a father who had once caused Xu Yuan extreme grief, Xu Yuan had always lived in the staff dormitory of Xiao's pharmaceutical factory.

Of course, she lives in relatively good conditions and is not too close to the other workers' dormitories, which saves her a lot of trouble, otherwise, just coming back in the middle of the night would be enough to attract attention.

The house Xu Yuan lives in is a small two-room apartment, which is very warmly decorated and has a faint fragrance as soon as you enter the room.

But Ji Feng couldn't time to appreciate it, because at the moment Xu Yuan's pretty face was still a bit white, obviously not yet completely recovered from the previous shock.

"Yuan Yuan, come"

Ji Feng, heartbroken, took Xu Yuan's small hand and sat on the sofa in the living room, looked into her beautiful eyes and said, "Don't be afraid, today is all behind you, it was just a sudden accident, no big deal."

Xu Yuan slowly nodded her head and said, "I know."

Ji Feng laughed, "Think about it, when you were in Jiangsu and Zhejiang in the past, wasn't that even more dangerous than this? At that time, I didn't see you scared much, why are you scared now instead?"

Xu Yuan leaned into his arms and said softly, "That's because, at that time, I didn't have anything to worry about, but now"

Ji Feng smiled, "Now that I'm by your side, you should be more at ease, with me around, no one will be able to hurt you."

Xu Yuan gave a hint and leaned into Ji Feng's arms.

After a while, Ji Feng felt that Xu Yuan had completely calmed down, so he said, "Yuan Yuan, it's getting late, is it time to rest?"

"Mm."

Xu Yuan stood up and said, "Then I'll go and put on the bath water for you."

Ji Feng was just slightly stunned, surprised, and glanced at Xu Yuan, but saw that her cheeks were scarlet, but there was nothing unnatural about her, as if everything was supposed to be like this.

"You sit for a while, it will be ready soon." Xu Yuan said.

"..... good." Ji Feng felt a little strange, but still nodded.

Soon, the sound of rushing water came from the bathroom, but Ji Feng always felt as if there was something wrong with Xu Yuan somewhere, but when he thought about it, he didn't know exactly what was wrong.

But Ji Feng's doubts did not last too long, about ten minutes later, the bathroom door was opened, and then, Ji Feng could not help but slowly open his mouth wide, a little stunned, but at the same time, he could not help but have a feeling of light before his eyes.

He saw that Xu Yuan, who had come out of the bathroom, was wearing only a thin silk nightgown, and that rich and bumpy mature body was covered underneath the thin layer of the nightgown.

In particular, the silk nightgown was extraordinarily smooth, making it possible for Ji Feng to see at a glance how heartwarming Xu Yuan's hot body was, especially the pair of high bosoms **** in front of her body, which had an unspeakable seductive emanation.

As Xu Yuan walked, the silk nightgown swayed slightly, the hidden snow-white thighs, and the somewhat trembling bosoms, all of which made Ji Feng astonished.

"How did you" Ji Feng was going to ask, "Didn't you say you were going to put the bath water on for me? Why did you wash yourself?"

But before he could finish his words, he saw Xu Yuan arrive in front of him in a modest manner.

Then

Under Ji Feng's somewhat strange eyes, Xu Yuan blushed red and sat on her knees on Ji Feng's lap, with those snow-white thighs straddling Ji Feng's waist and pressing down on his body.

This temptation was too strong, especially Xu Yuan's devilish figure swaying right in front of his eyes, the pair **** as if they couldn't even wrap around the nightgown, almost as if they were about to break out of their clothes, Ji Feng instantly reacted, but he still hurriedly asked at the first opportunity, "Yuan Yuan, what are you"

Xu Yuan's pretty face was red, all the way up to her neck, she bit her lips and murmured, "Big young man, take me"

Ji Feng hurriedly asked, "Yuan Yuan, are you okay?"

"I'm fine."

Xu Yuan whispered, "Eldest young man, I'm going to give you everything, take me!"

Boom~~!

Ji Feng only felt his brain heat up.

For a man, being straddled by a stunning beauty, and this beauty was only wearing a nightgown, those snow-white thighs were swaying right in front of his eyes, especially with the fondling of their limbs, this stunning beauty exhaled like an orchid, seductive and infinite.

What's more, Xu Yuan also took the initiative to ask for it, and I'm afraid that at this moment, there are no love words in the world that would be more seductive than these words.

Ji Feng was almost unable to hold back, but he still resisted the strong urge to press Xu Yuan underneath him and said, "Xu Yuan, Xu Yuan you listen to me first, do you have any"

"I'm fine, my mind is clear." Xu Yuan seemed to know what Ji Feng was going to say and just said, "Big young man, take me!"

"I haven't showered yet."

"Never mind, I like the smell of your body."

Xu Yuan murmured softly, "Big young man, take me now, okay?"

"....."

After hearing these words, Ji Feng couldn't hold back any longer, he didn't say any more nonsense, but directly dragged Xu Yuan's elastic and upturned plump buttocks, fiercely rolled over and pressed Xu Yuan underneath him.

Xu Yuan's eyes were slightly closed and her snow-white lotus root arms were hooked around Ji Feng's neck, panting slightly as she let Ji Feng do his bidding.

Her pretty face was already as red as blood, perhaps because she was nervous, her bare skin was slightly trembling, but her half-open, half-closed eyes were filled with anticipation.

At this time, Ji Feng did not hesitate to kiss Xu Yuan's seductive red lips, tasting her lilac tongue to her heart's content.

At the same time, Ji Feng's hands were not idle, he took off Ji Feng's clothes in three or two strokes, and then only then began to slowly retreat Xu Yuan's silk nightgown.

Although Xu Yuan was really giving off irresistible seduction, Ji Feng tried his best to restrain himself, he didn't want to scare Xu Yuan at the first time, at the same time, he also noticed that Xu Yuan seemed a bit off today, so he also wanted to observe as much as possible.

However, Xu Yuan was red-faced all the time, but catered extraordinarily well to Ji Feng.

This made Ji Feng no longer have the slightest hesitation, decisively removed Xu Yuan's nightgown completely, at once, a near-perfect torso appeared in front of Ji Feng's eyes.

In the light of the light, at this moment, Xu Yuan was like a work of art, beautiful and moving.

Campus Master Chapter 2390

Nothing could be more moving than the scene before us!

Xu Yuan was lying naked on the sofa, under the light, with her eyes closed out of shyness, her whole body presented a kind of shyness that was simply beautiful.

What's more, Xu Yuan's torso was perfect, the kind of moving that was just beyond words.

"Eldest youngster"

Seeing that Ji Feng was hesitant to move, Xu Yuan was so shy that she couldn't help but slightly open her beautiful eyes and murmured softly.

Only then did Ji Feng come back to his senses from the beautiful scenery in front of him, he no longer had any hesitation, but smiled heatedly, "Yuan Yuan, I can come"

"Big young man, turn off the lights okay?" When the matter came to a head, Xu Yuan was shy instead.

"No!"

Ji Feng, however, shook his head and smiled wickedly, "This is the most beautiful, you won't be able to see you after the lights are turned off"

In fact, this kind of shyness of Xu Yuan is the most beautiful, although after turning off the lights still does not affect Ji Feng's sight, even if Xu Yuan put on clothes does not affect Ji Feng's sight, but then I am afraid that for Xu Yuan will not be the reaction now.

Xu Yuan had no choice but to shyly close her beautiful eyes again.

However, she could clearly feel that Ji Feng had moved closer to her and a pair of large hands had also stroked her thighs: ".....喔....."

Subconsciously, Xu Yuan let out a soft cry.

It was as if Ji Feng's hands had a magic power, just touching her legs, making her unable to help her delicate body tremble, it was almost as if she was electrocuted, comfortable, and hard to bear.

However, Ji Feng seems to be in love with this torso, a hand on Xu Yuan's body constantly roaming, occasionally skimming the mysterious parts, making Xu Yuan's heart beat wildly a few times, a breath mentioned in the throat and then fall back, and then raised again

The result was that after a few repetitions, Xu Yuan's body gradually began to heat up a bit, and she vaguely noticed the slipperiness between her legs, and she could even clearly feel the water flowing out there.

Xu Yuan instinctively wanted to clench her legs, but was prevented from doing so by Ji Feng.

"Da Shao" Xu Yuan murmured, "Don't torture me."

"Hey!"

Ji Feng, however, just smiled badly and didn't say anything, in fact it wasn't torture, it was just that Xu Yuan didn't have any experience in this area yet, or because she was very shy, so she didn't know the importance of caressing, however, it was obvious that Xu Yuan was enjoying it and was very comfortable.

It was just that, as time went on, Ji Feng, however, gradually became a little too much for him.

Xu Yuan was just too seductive, and as he parted Xu Yuan's long, slender legs, Xu Yuan subconsciously protected them, but suddenly ran into something hot.

"..... so big!" Xu Yuan was startled, her heart was beating wildly, but her small hand was hurriedly let go.

"Mmm!"

Immediately, she only felt that her softest part was suddenly pushed against her, and then her whole body just trembled.

Ji Feng whispered in Xu Yuan's ear, "Yuan Yuan, I'm going to come in, it might hurt a little at first."

Xu Yuan gave a shy mmm, "I can't help it."

"Ah"

Despite saying that she could hold it in, when it came to the final entry, Xu Yuan still cried out in pain, looking very distressed.

And at this time, Ji Feng started caressing again, Xu Yuan was much more comfortable this time.

Gradually, the sofa in the living room began to sway, and the painful look on Xu Yuan's pretty face diminished and gradually disappeared, replaced by a very peculiar feeling that made her gradually lose herself

In the living room, the sound of bodies hitting against each other and the woman's panting to the point of delicacy, intermingled together, filling it with springiness, as well as an air of decadence.

"Oooh~~!"

“Ahh”

It was not known how long had passed, Xu Yuan only felt an unprecedented feeling of pleasure flowing throughout her body, she suddenly spasmed, hugging Ji Feng to death and not letting go, as if she wanted to rub Ji Feng all into her!

After the clouds had ended and the rain had stopped, Xu Yuan seemed to have used up the last ounce of strength in her body and fell limp on the sofa, not caring about her image, not to mention getting up and cleaning up, she didn't even have the strength to open her eyes.

She didn't want to open her eyes either, she just wanted to snuggle up in Ji Feng's arms and enjoy this wonderful time.

In fact, at this moment, Xu Yuan's mind was even a bit drifting, the feeling was too wonderful, especially when the pleasure gradually accumulated, layer upon layer, and finally suddenly rushed to the peak of pleasure, it could simply melt one's heart away.

Xu Yuan was still experiencing this kind of thing for the first time, moreover, the first time to taste this kind of feeling, she could keep awake naturally already barely.

“Mmmm”

Xu Yuan lay on the sofa, her red lips unconsciously letting out some whispers, enough to show that she was still enjoying the soul-crushing pleasure that seemed to come from her bones at this moment.

At that moment, her bones had almost melted away.

Finally, after a full ten minutes, Xu Yuan recovered a little and opened her beautiful eyes slightly, only to find that she had been covered with a thin blanket and Ji Feng was lying next to her, using his body to block her.

“Phew~~!”

Xu Yuan couldn't help but let out a long sigh and said, “Just now was really good.”

Ji Feng was immediately amused, to say that although Xu Yuan was still a flirtatious and charming fashionable city girl at heart, but in fact all these years of struggling and floating in society had long since made Xu Yuan develop a strong personality, so even at this time, she would take the initiative to comment on it.

Ji Feng remembered that at that time, after he and Qin Shujie had just made love, Qin Shujie's reaction was very different.

“So did you like it?” Ji Feng asked.

“Not telling you.”

Xu Yuan, however, blushed, her eyes flashed and she gave Ji Feng a white look.

In fact, the blush on her face had never completely faded, and if she lifted the blanket, she would find that she was still flushed with red.

The first time I thought of that scene, Ji Feng couldn't help but feel hot in his heart, and his hand couldn't help but touch Xu Yuan's thighs.

In fact, Xu Yuan really has her unique charm.

The actual fact is that she has a mature body, but obviously just experienced this kind of thing, look very shy, but that hot body is a person can't help but have the desire to conquer `.

Even if we talk about her figure, Xu Yuan is probably no worse than Qin Shujie, but Qin Shujie is already a ripe peach, while Xu Yuan has only just experienced the affairs of men and women, so Xu Yuan may have more potential in the future.

"Hm~~!"

Suddenly, Xu Yuan's eyebrows frowned slightly.

She was a little tired of lying down, so she wanted to change her position, but as soon as she moved, she felt some pain in her lower body, causing her to cry out in pain.

Ji Feng asked, "What's wrong?"

Xu Yuan then couldn't help but give him a blank look and snapped, "Nothing. Really, Young Master, you were so rough just now!"

Only then did Ji Feng understand what was going on, and he immediately shook his head and laughed bitterly, saying, "You women, ah, really"

It was Xu Yuan who took the initiative to ask for it today, but it was himself who ended up being complained about it, and, at that time, he didn't know who was frantically shouting about forceful clouds

Moreover, Ji Feng had long known that Xu Yuan was still a first time, so he had been very restrained, otherwise, if he played to his heart's content, it was not something that Xu Yuan could bear!

"Ahem"

Ji Feng gave a bad laugh and said, "Is it bad to be rough?"

Xu Yuan's pretty face instantly turned scarlet, gave him a white look and snapped, "Not good!"

"Really?" Ji Feng asked.

"Of course it's true!" Xu Yuan bit her lips with her shell teeth and snapped, "Young master, if you tease me again, I'll ignore you!"

"Haha"

Seeing Xu Yuan's shy and not too sure answer, Ji Feng couldn't help but laugh out loud, but was angry at Xu Yuan for pounding him twice.

The two of them messed around for a while, and cuddled together and warmed up for a while, seeing that Xu Yuan's emotions had almost completely calmed down, before asking, "Yuan Yuan, why are you so active tonight?"

"So active, right?" Xu Yuan asked.

"Well!" Ji Feng nodded, this was exactly what he wanted to ask, today Xu Yuan was too active, this was not like her before at all.

In fact, from the moment those few mercenaries appeared, Ji Feng could clearly feel that something was wrong with Xu Yuan, and later on Xu Yuan's actions made him feel even stranger.

Xu Yuan was leaning in Ji Feng's arms, and although she was shy, she still didn't mind her ***** squeezing on Ji Feng's chest, instead her heart carried a touch of sweetness.

"Because I'm worried that if I don't take the initiative again, maybe one day I'll suddenly lose you and won't even have the chance to say goodbye to you." Xu Yuan said softly.

"..... What do you mean?" Ji Feng's heart stuttered as he listened and he asked in a hurry.

"Actually, I wanted to tell you in the past few days, but thought better of it, lest you worry." Xu Yuan said, "A few days ago I felt as if I was being followed, but I just couldn't find anyone and it felt weird. At one point, I also felt a few cars pass by my car and the people inside seemed to be looking at me"

Ji Feng's brow couldn't help but wrinkle up, he knew that it wasn't Xu Yuan's illusion, but that someone was really watching and following her. This was something that the fake patrolman had explained clearly when he was in the police station.

It just didn't occur to him that Xu Yuan had already found out a few days ago and had been scared until now.

Ji Feng could even imagine the feeling of knowing that he was being followed, but not knowing who was following him, or when the stalker would jump out, what exactly he was going to do to him, etc.

That's definitely not a good feeling!
