"It's alright."

Ji Feng waved his hand and smiled, "You don't have to worry, since we are here, then we will definitely take care of things here, we will definitely not make things difficult for you. However, we are going to do something else next, so don't follow, just wait in the hotel."

Yang Haoran could only nod and agree, but in his heart, he could not help but laugh bitterly, what kind of people had been sent by the company, why were they so unreliable?

Yang Haoran had no choice but to ask for help first to see if he could settle the matter first, and then decided to call the company immediately after he returned to report the situation here.

The people sent by the company were not here to solve the problem, they were here to cause trouble for the company!

After Yang Haoran had suffered a big loss this time, he had already realized that doing things according to rules did not work in this society, let alone like Ji Feng and the others, who had come up like wolves to fight with people and beat them up like that.

The company must let these people rush back, otherwise they really can't mix in the black province in the future.

Not to mention Yang Haoran's urgent and helpless mood at this moment, Ji Feng took Bai Zhu and Zhang Lei with him, took a taxi and went straight to Qiu's Group.

"You guys are going to Qiu's Group?" The taxi driver seemed a little surprised after hearing the address Zhang Lei reported.

"What, is there something wrong?" Zhang Lei asked.

"No no you guys are going to Qiu's Group to look for a job?" The taxi driver asked, "Or are you going to talk about business?"

"To talk business!" Ji Feng said.

"Then you guys should be mentally prepared!" The taxi driver said, "If your orders are too small, I'm afraid Qiu Group won't be able to look at them."

Ji Feng asked, "Qiu's Group is so powerful?"

"That's right!"

The taxi driver said, "The Qiu Group is definitely a big group in Heilongjiang Province, do you know Master Qiu? This Qiu's Group is his, I heard that with one day's income, Third Master Qiu can buy a pretty good house in Yanjing!"

Ji Feng smiled faintly, "Heh! That's several million a day!"

He knew something about the property prices in Yanjing, a day's income could buy a pretty good house, that was at least several million in the bank.

“That’s not true!”

The driver said, “Master Qiu has a lot of industries, from real estate to trading, he does it all, and they are all very prosperous. The most admirable thing is that not only is Master Qiu’s business good, he is said to be well connected to the sky, the provincial leaders are all his good friends, and the triads even tremble at the mention of Master Qiu’s name!”

Ji Feng asked, “Can’t be? Is Master Qiu so powerful? Isn’t this a black and white man?”

“How else do you think Third Master Qiu could be so popular?” The driver lamented, “These days, it’s not enough to have money, you also have to have people and connections!”

“But isn’t it enough that Master Qiu has connections with the provincial leaders, there are still big shots covering him in Yanjing, so why would he need to be involved with the underworld again?”

Ji Feng asked, puzzled, “Master, you’re just talking from hearsay, right? Since Master Qiu San is so powerful, he surely won’t get involved with the triads

When the driver heard that Ji Feng didn’t believe it, he became anxious and said, “You think I’m fooling you? Do you know about the Baggage Gang in Black Province? That was created by Master Qiu San, I heard that back then Master Qiu San started from the baggage gang, and only step by step did he get to his current position

Ji Feng raised his eyebrows, “The Baggage Gang?”

“It’s a smuggling gang.” The driver said, speaking here, seemed to suddenly lower his voice and said mysteriously, “Know what business makes the fastest money here in Black Province?”

“Smuggling?” Ji Feng asked.

“That’s right!”

The driver said, “Black Province is next to Saudi Russia, on the border, smuggling, drug trafficking, arms business is very hot, money can be made until your hands are weak, the key depends on whether you have the guts to do it. It is said that in the 1980s, Master Qiu started this business as soon as he made his debut. I heard that at that time, Master Qiu was so ruthless that he made a name for himself on the roads of the Black Province. At once, he took control of a smuggling line and soon made his fortune.”

“This baggage gang, that’s why they were called the baggage gang when Master Qiu San led people to smuggle to Saudi Russia.” The driver said.

Ji Feng asked, “Then is Master Qiu San still connected to this baggage gang now?”

“I don’t know about that.” The driver said, “We are just a small citizen, we only hear about these things, how can we understand so clearly exactly, don’t you think so?”

“That’s true.”

Ji Feng smiled and nodded, saying, “But what you have heard, eight out of ten’s are true, it sounds quite interesting,包包帮

He was thoughtful.

The driver misunderstood, and said, "Don't think that because the name of the Burden Gang is unpleasant, you should not underestimate it, the Burden Gang is very powerful, I heard that in the whole Northeast of the road, the Burden Gang has the most weapons, and they are all powerful weapons! They even have submachine guns and other things! I have a buddy who once overheard the Burden Gang fighting with other gangs a few years ago, and it was said that the fight was even more powerful than a war!"

Ji Feng frowned: "Oh?"

Zhang Lei, however, sneered, "Smuggling, arms, this Qiu San has dabbled in two major taboos, he's really wild!"

"Young man, don't talk nonsense!" When the driver heard this, his hands shook in fear and he almost didn't even hold the steering wheel, "If you say this outside and someone overhears it, you will probably get into big trouble!"

"What, words can't be said either?" Zhang Lei said, "Whose world is this anyway? Is this Third Master Qiu really the emperor of the land?"

"You young people have never suffered before!" The driver shook his head and stopped continuing this topic, this young man dared to say, he did not dare to follow, nothing to kashan is okay, but this kind of self-inflicted trouble, or not to do better.

The first thing you need to do is to take a look at the situation. Also, which big shot is covering him in Yanjing?"

The taxi driver laughed, "I don't know, some say it's the deputy secretary of the provincial party committee, some say it's the governor, and some say that Master Qiu San has climbed up with a powerful family in Yanjing, anyway, this is all gossip, no one knows if it's true or not."

Ji Feng nodded slowly, but in his heart he knew that although these rumours were not necessarily 100% true, they were certainly not all false.

At least, Master Qiu San was so energetic and arrogant in this part of the Northeast, if he didn't have the support of people in the official circles, or even the support of big figures in the official circles, he definitely wouldn't dare to do so.

The profits from smuggling are absolutely frighteningly high, not to mention the fact that the number one smuggling case in Southeast China back then involved tens of billions of dollars.

The tens of billions of dollars were only the figures reported on the official side, in fact, how much was actually in private, only those who handled that case knew, the outside world knew nothing.

The only people who knew how much was actually in the private sector were the people who handled the case, and nothing was known to the outside world. However, Ji Feng knew that the demise of the smuggling king was actually due to the fierce game between several major factions above him, and eventually a certain faction, which was particularly powerful in making money, failed miserably.

When the results of the investigation came out, Mr. Hong was so furious that he slapped the table on the spot!

Since then, the crackdown on smuggling in China has been extraordinarily strong!

If this Third Master Qiu didn't have the support of the bigwigs in the official circles and dared to touch this business, I'm afraid he would have been torn apart by those who were eyeing this fat piece of meat of the Qiu Group, and would have absolutely eaten him down to the last crumb of his bones!

"This Third Master Qiu, is really a land emperor!"

Standing in front of the Qiu Group's building, looking at the thirty-storey building, Zhang Lei could not help but sneer when he remembered the taxi driver's words just now, "From the moment we got off the plane, all we heard about was about Master Qiu San, even the taxi driver feared him so much, his deeds have really spread through the streets!"

Ji Feng said, "Then let's go and meet this famous Third Master Qiu for a while! I'd like to see if he has three heads and six arms, or how great his divine powers are!"

"Good!"

Zhang Lei smiled, not having a grin on his face, Ji Feng said that, but it meant that he was angry.

Hey!

Once Ji Feng got angry, let's see how this famous and powerful Third Master Qiu should respond!

"I've been holding my anger for a long time and want to clean up this Qiu San!" Zhang Lei bared his teeth and laughed coldly.

"Go!"

Ji Feng walked in the forefront, striding towards the Qiu Group's building.

Zhang Lei was extraordinarily excited, because he knew that Ji Feng was not here today to make friends with Master Qiu San, next, I'm afraid, would be a most intense clash.

And with Ji Feng's character, I'm afraid this collision won't stop until the end Zhang Lei couldn't help but have a smile of excitement, this was an opportunity to show off his fists!

However, whether it's Ji Feng or Zhang Lei, they don't realize at this moment that this collision is far higher than the level of collision they expected, and the ripple effect is much larger than they expected!

Even this collision, which was not strictly speaking too intense, had touched the eyes of many people, and after the collision was over, when Ji Feng looked at the result of the collision, he could not help but be dumbfounded!

Of course this is all an afterthought, at this moment, Ji Feng took Bai Zhu and Zhang Lei with him and walked into the lobby of Qiu Group with big strides and said to the receptionist at the front desk, "Master Qiu San is here, right?"

"May I ask if you are what you are looking for our chairman?" The receptionist asked, "Do you have an appointment?"

"I don't have an appointment!"

Ji Feng shook his head, looked at that receptionist, and said in a calm tone, "Go tell Qiu San, just tell him that someone from Jiangzhou Tengfei Group has come to my door, and tell him to come over to see me!"

"Remember, I'll only give him twenty minutes!"

In a flash, there was silence all around.

Campus Master Chapter 2412

"I don't have an appointment!"

Ji Feng shook his head, looked at that receptionist, and said in a calm tone, "Go tell Qiu San, just say that someone from Jiangzhou Tengfei Group has come to my door, tell him to come and see me!"

"Remember, I'll only give him twenty minutes!"

All of a sudden, there was silence all around.

Everyone looked incomparably stunned in the direction where Ji Feng was, and they seemed to be trying to see what kind of a divine being this was that dared to be so unbridled!

Tell Qiu San to come and see me!

I only give him twenty minutes

Almost everyone in the room was shocked by these words, their scalps tingling, their eyes showing an incomparable look of shock Is this person crazy?

Even the leaders of the city, will not directly call Qiu San, how to also call Qiu General, and even some lower level leaders, after meeting will be called three master, not even the slightest impropriety.

But this young man, unexpectedly directly addressed Master Qiu San as is Qiu San?!

Many people looked at Ji Feng almost as if they were looking at a dead man!

However, Ji Feng was calm, as if he did not see the eyes of the crowd, he just raised his hand to look at his watch and said, "It is now twenty-three minutes past four, you tell Qiu San that if he does not appear within twenty minutes, all the consequences will be at his own risk!"

"....."

The receptionist opened her mouth and looked at Ji Feng with consternation in her eyes, she almost didn't know what to say.

This young man who appeared from nowhere was just too arrogant!

Did he come specifically to seek death?

"Do you know what kind of place this is?" That receptionist said with an odd expression.

"I don't want to talk nonsense with you, do as I say, otherwise, I'm afraid your boss will blame you, and then you may not be able to afford the consequences then!" Ji Feng said indifferently.

“.....”

The receptionist was speechless for a while, she finally reacted and secretly said, what bad luck, how can I meet a madman almost after work, I don't know where this madman came out from, what not to do, must come here to look for death!

She glanced at Ji Feng and said, “Sir, please don't make trouble here, can you, we have an office here, if you don't leave, I'll have to call security.”

Ji Feng asked, “Your head of security, or the manager of the security department, should be someone Qiu San trusts more, right?”

Ji Feng asked.

That receptionist then gave Ji Feng a surprised look, thinking, “This person isn't crazy, why is he net doing something crazy?”

Every time, it's crazy!

In this receptionist's opinion, Ji Feng's behavior at this moment could only be described with the word crazy.

Because of the status of Third Master Qiu in Ha City, in Black Province and even in the entire Northeast, there was no one who was well-informed or had access to the upper echelons who did not know about it.

Who would dare to provoke the Third Master?

How many people are qualified to provoke the Third Master?

This young man, on the contrary, came here to ask the Third Master to come and see him, and even went so far as to give him only 20 minutes

What else is this if not a death wish?

Either this young man is deliberately looking for death and is tired of living, or else, he is just crazy!

“Sir, please leave”

“Boom!”

“Clatter~!”

Before the receptionist's words fell, a loud bang was suddenly heard, and everyone subconsciously looked, only to see that the young man who had come with Ji Feng, had actually kicked a glass of that lobby's electric induction door, shattering it with a single kick!

Zhang Lei dusted off the broken glass on his trousers and said, “Look, I've smashed your front door, time to call security, right?”

“.....”

Everyone was dumbfounded.

Was it another madman?

At this time, there was no need to call security, because when they heard the sound of the induction door shattering, the two security guards at the entrance had already walked over quickly, yet before they could react to what was going on, they saw a huge fist zooming in front of their eyes.

“Boom boom!”

With one punch, Zhang Lei knocked them to the ground, while grinning, he said, “Call your security manager and tell him that someone is here to cause trouble!”

Ji Feng smiled faintly and simply did not say anything, just stood by the side and leisurely lit a cigarette and slowly smoked it.

After the two security guards were put down, there was no need for them to call the security manager, the receptionist finally understood what they had encountered today, and she hurriedly picked up the internal intercom and started calling for backup.

Qiu’s security guards were not too slow, in less than ten minutes, nearly twenty of them came over, but in front of Zhang Lei, they were like a bunch of dogs and chickens, unable to withstand his punches and kicks.

With Zhang Lei’s current strength, even if a Xiantian expert came, Zhang Lei would be able to fight with him, not to mention these security guards.

So, after all these security guards were knocked down, the security manager of Qiu’s group finally showed up.

The security manager was very stout, not too old, he looked to be in his thirties, and by the way he walked, he knew he was a practitioner.

After he came out, he did not talk to Ji Feng first, but the receptionist ran to him first and whispered for a while, probably describing what had happened.

Not long after, the security manager’s face turned gloomy as he stared at the three of them and said in a deep voice: “I don’t know which way you three are from? My Qiu Group has always operated legitimately, I don’t think we have offended you all, I don’t know

“You should be able to contact Qiu San!” Ji Feng said indifferently, “No need to say more nonsense, let Qiu San come to see me!”

“That’s not very nice!” That security manager’s face sank, “Master San is very busy, not just anyone can meet him, if there’s anything you need to help with, just ask, I can still do some dishes, our Master San likes to make friends the most

“You talk too much!”

This security manager hadn’t even finished his words before he was interrupted by Zhang Lei, and the next moment, Zhang Lei suddenly kicked over.

However, that security manager was not without any resistance, his face sank and he shouted angrily, "Seeking death!"

The next moment, he took a step back and then turned sideways to avoid Zhang Lei's kick, while one fist was already aimed at Zhang Lei's ribs.

However, he had underestimated Zhang Lei's speed too much, and before he could complete his backward movement, Zhang Lei's kick had already reached him.

The security manager was suddenly startled and subconsciously tried to raise his hand to block, then he only felt a blur before his eyes and saw that Zhang Lei's leg had reached above his shoulder at some point.

"Boom!"

There was a dull thud.

Zhang Lei delivered a vicious whip kick, which hit that Security Manager's face with unparalleled severity.

The latter's body shook and he instantly fell to the ground, muffling a sound, but his eyes looked at Zhang Lei with a touch of shock.

A connoisseur's strike will tell the difference!

The manager of the security department was a practitioner, he knew his own kung fu, but he and this young man were instantly taken down in just one encounter, this kind of skill

Where did these people come from?

Zhang Lei kicked that security department manager with his foot and said, "Call Qiu San!"

At this moment, the entire lobby was dumbfounded and silent.

.....

Meanwhile, right in the Qiu Group office building, inside the chairman's office, a middle-aged man, probably around fifty years old, was sitting on a boss's chair, looking out at the afterglow of the sunset through the huge floor-to-ceiling glass window, with an extremely contented look on his face.

His name was Qiu San.

But nowadays, in Ha City, this name has not been called for many years, and those who are familiar with him, call him Master San. Even those who did not know him well would call him Master Qiu.

Even in the whole of Northeast China, it was the same. At least, no one dared to address him directly as Qiu San in front of him.

Except for so few people.

And to those few people, Qiu San was not the least bit displeased, because he knew that the reason why he had gotten to where he was today, controlling almost the entire black province's underworld, while holding almost half of the smuggling lines to Saudi Russia, was because of the desperate efforts of his

brothers underneath, but more importantly, it was those few people above him who were protecting him.

Otherwise, with all the crackdowns over the years, Qiu San would have been shot ten times for what he had done.

Although a large part of the money he made did not go into his own pocket, Qiu San was already very satisfied to have come this far.

At least in Black Province, he was definitely the emperor of the land!

“Dangling”

The phone on the table suddenly rang, and Qiu San frowned slightly, a little dissatisfied with the ringing sound that interrupted his good thoughts and enjoyment.

Qiu San grabbed the phone from the table, “Who is it?”

“Qiu San, not a small frame!” A voice came over the phone.

“Young master!”

The next moment, Qiu San suddenly sat up straight, “I didn’t look at the caller ID, I didn’t know it was you”

Qiu San’s tone was respectful, being able to come this far, Qiu San was naturally very aware of the times, so he knew when to be wild and when to be respectful.

When he was mad, he could sleep with many women at the same time, he could put his arm around the mayor’s shoulder and call him brother and point out the mountains, but now, he was as respectful as an honest man who couldn’t be more naive.

“Come on, just kidding with you.” The voice on the phone said, “Qiu San, how is the matter you were explained to be handled?”

“Young master, I’m already on it, in three days at most, the products of the Tengfei Group will be completely driven out of the Northeast!” Qiu San was confident and said, “Three days later, Tengfei Group’s 3D TV sets will likewise be cleared out of the Northeast!”

“Not bad.”

The voice on the phone said, “However, cleaning up the products is only a means, not an end, do you understand?”

Qiu San said, “Young Master, I understand.”

“Very well!”

The voice said, “Qiu San, after I get what I want, let’s have a good drink.”

Qiu San was instantly overjoyed, “Very well! Then I’ll be waiting for Young Master’s call”

Campus Master Chapter 2413

After hanging up the phone, a smile could not help but appear on Qiu San's face.

After this matter was done, the relationship between him and Big Shao would definitely be able to go further, with Big Shao using some of the power of the Dao in his hands to achieve something, while he was using it as a bargaining chip to develop his own contacts for a more permanent development in the future.

This can be considered a win-win situation.

Most importantly, if he could get involved with the young man, it would mean that he would become just a gangster godfather from now on, but a more important member of the upper class.

As he thought about his success, Qiu San hummed a little tune and even thought about which woman he should spend the night with today.

When he thought of how dependent he was on those women, Qiu San was immensely proud of himself, and in fact, this was one of the things he was most proud of, apart from having built such a large family business from nothing.

Despite being over 50 years old, Qiu San still has good physical strength, which is due to his regular exercise.

As a machete-wielding yakuza godfather, Qiu San knew better than anyone the importance of being physically fit, so even though he had become the godfather of the yakuza, he still insisted on exercising every day, so both his physical strength and stamina were quite good.

There were even times when he could even make a woman beg politely for mercy if he was more than well rested!

However, this good mood of Qiu San was broken a few minutes later.

When he received a call from the security manager, he could hardly believe his ears: "What did you say?!"

A few moments later, Qiu San's face turned abruptly gloomy: "Someone from the Tengfei Group is here? You want me to go down to see him? Only wait for twenty minutes?"

With each question, Qiu San's voice lowered a little, and at the end, he was almost gritting his teeth as he asked.

"Yes, Chairman, they said"

"Pop!"

The security manager hadn't finished his words when the phone rang, as if it had touched something, followed by a low, manly voice.

"Qiu San, come down!"

"....."

Qiu San's face was abruptly gloomy, the corners of his eyes darted wildly a few times, "Who are you?"

“You’ll find out when you come down, I’ll be waiting for you in the lobby!”

“You

“Pop!”

Qiu San was just about to speak when the phone was hung up, which made his face turn red as he held his breath in his throat.

“Pah!” Qiu San flung his hand and smashed the phone on the ground, a harsh killing intent flashed in his eyes, “What nerve! Is it because I, Qiu San, haven’t moved my knife for years that some people don’t remember who I am already?!”

“Leopard!” Qiu San said in a deep voice.

“Squeak...!”

The door to the office was pushed open and a slab-headed man walked in, “Big brother.”

A cold light flashed in Qiu San’s eyes, “Someone is waiting for us in the lobby, let me go down to meet him, the security guards have all been put down by him, you come down with me!”

The slab-cheeked man known as Leopard nodded expressionlessly, “Yes, big brother.”

Qiu San couldn’t help but sneer, he was thinking of how to clean up the Tengfei Group, but to think that you guys would come to his door, and be so arrogant

.....

In the midst of everyone’s stunned and somewhat sympathetic gaze, Ji Feng and Zhang Lei sat on the sofa in the lobby’s lounge area in an old-fashioned manner, with that security department manager standing not far from them, his gaze staring at them grimly.

Only, from time to time, he shook his head just now, Zhang Lei’s whip kick was smacking him right in the face, hitting his ears and still buzzing to this day!

“Chairman!”

“Good day, Chairman!”

When a greeting sounded, Ji Feng met this earth emperor who was so prestigious in Black Province, and even in the entire Northeast, Master Qiu San!

Qiu San was not tall, probably only about one meter seventy-four, but he did not have the kind of obesity that other middle-aged people had, instead, he appeared to have an air of brawniness.

However, what really caught Ji Feng’s attention was a man with a slate-inched haircut who was following Qiu San.

This man’s body, surprisingly, faintly carried an aura of blood!

The first thing you need to do is to get a good idea of what you’re doing.

This is a dangerous person!

This series of thoughts only flashed through Ji Feng's mind before his gaze fell back on Qiu San's body.

Seeing that he had come and Ji Feng and the others were still sitting there with big swords and golden horses, Qiu San's face, which was still calm, suddenly turned a few shades darker.

"You are the people from the Tengfei Group?" Qiu San swept a glance at the scene in the lobby and asked with a cold face, "Running to my place to cause trouble, who gave you the guts?"

"You are Qiu San?"

Ji Feng stared at him and asked, "Who gave you the guts to smash my Tengfei Group's office?"

A murderous look flashed across Qiu San's face as he stared grimly at Ji Feng and said, "Kid, if you have the guts, repeat what you just said!"

Ji Feng looked at him and said indifferently, "Qiu San, I just came here today to ask a few questions. Firstly, the market of the Tengfei Group in Black Province was hit, and the agents suddenly tore up the agreement.

Qiu San narrowed his eyes and said, "What if I did it, what if I didn't do it?"

Ji Feng said, "If you didn't do it, it's your luck. But if you did it you will know the consequences!"

Qiu San's voice lowered and said, "Good! What a young man! Well then, I can tell you now that I did it, what can you do? At a young age, you really don't know the sky is high"

"Second question!"

Ji Feng simply ignored Qiu San's threat and directly interrupted him, saying in a deep voice: "Smashing my Tengfei Group's office for no reason, is it because you were jealous of Tengfei Group's profits, or did someone instruct you to do so?"

The cold light in Qiu San's eyes intensified as he said in a cold voice, "Kid, my patience is limited, you better not challenge my bottom line! If the Tengfei Group sent you here just to say this, then the Tengfei Group may have to prepare several coffins or prepare a medical bill!"

"It seems like you're not going to say anything!" Ji Feng nodded and said, "Then it's better for me to help you remember!"

"Little beast, posing to me?" Qiu San was instantly enraged by this condescending stance of Ji Feng, when did anyone ever dare to talk to him like that?

"Paozi, arrest this little beast and break him."

"Hoo~~!"

Before Qiu San could finish his words, Zhang Lei steeply rushed over, "Little beast, you're the fucking little beast! I'll tear your mouth apart!"

"You're looking for death."

The man known as the leopard, however, let out a low roar, and his entire person really was like a hunting leopard pouncing on its prey, suddenly rushing towards Zhang Lei.

“Boom!”

The two passed a move without any finesse, but it was their fists that directly collided with each other.

Stomp, stomp, stomp~!

Both Leopard and Zhang Lei’s bodies shook at the same time, but Leopard was knocked back three or four steps by a huge force before he could stabilise himself, and his gaze towards Zhang Lei also became heavier.

There was no doubt that in the first head-to-head encounter, Zhang Lei clearly had the upper hand steadily.

“Swish~!”

In the next moment, the two attacked again.

However, just at the moment when the two were about to exchange blows, the leopard suddenly attacked Zhang Lei’s eyes while his other hand was striking Zhang Lei’s throat a harsh killing move!

Zhang Lei’s reaction was so fast that he bent his legs, his body sank steeply, and the leopard’s hand slashed through the top of Zhang Lei’s head.

But just at this instant, Ji Feng steeply shouted, “Lei Zi be careful!”

Swish!

After an ear-piercing cracking sound, I saw that the leopard had a dagger in his hand at some point, and when I looked at Zhang Lei, a few strands of hair slowly floated down from his head.

Just in the moment when the two of them crossed paths just now, the dagger in the leopard’s hand sliced through Zhang Lei’s head, almost cracking his head open and the dagger, obviously prepared long ago, was obviously intended to attack Zhang Lei’s throat.

He, this is to seal Zhang Lei’s throat with a single slash!

Zhang Lei’s face then turned gloomy and said, “Playing dirty tricks? Fine, I’ll play with you!”

In a flash, Zhang Lei gave his full power to the bio-current, and his entire aura skyrocketed.

“Hoo~~!”

Zhang Lei’s fist smashed into the leopard without any finesse, there was hardly any strong technique in this punch, only speed, so fast that the power contained in this punch was also so strong that the leopard didn’t even have time to dodge, only instinctively raised his hand to block.

“Boom!”

Zhang Lei’s fist smashed into the leopard’s arm, and the next moment, the leopard’s whole body shot backwards like a cannonball, and after falling heavily on the floor, he was still carried by the huge inertia for four or five metres before he could stop!

Looking at the leopard’s arm, it was already showing an abnormal bend, obviously fractured!

The power of Zhang Lei's punch was so terrifying!

When Qiu San saw this, his mouth instinctively opened wide and his eyes were wide open, full of disbelief!

Qiu San's entire person, moreover, was filled with an emotion of shock, because it was so unbelievable that he could barely breathe and didn't utter a word for a long time.

"Uh"

It was only when the panther's painful groan came that Qiu San snapped out of his abrupt shock, and when he looked at Ji Feng and Zhang Lei again, the grimness in his eyes was inexorably replaced by shock!

This young man, how terrifying is he?

Of course Qiu San couldn't be clearer about how strong Leopard was!

Because Leopard had come out of the Siberian Devil Training Camp in Russia, even the top special forces soldiers in China might not be able to beat Leopard in terms of their ability to fight alone!

Over the years, I don't know how many people have wanted his life, including many assassins, but all of them have died by Leopard's hand, and over the years, Leopard has never missed a single shot!

But today

But today, when Leopard was actively defending himself, he was smashed by a young man even younger than him, breaking his arm with a single punch and sending him flying backwards!

Horrible! Terrifying!

Campus Master Chapter 2414

Qiu San looked at the leopard who had been smashed away by Zhang Lei's fist, with a look of incredible shock in his eyes, so intense that he could hardly breathe!

It wasn't that Qiu San had never seen blood before, when he first started out many years ago, he had carried a machete and slashed at people, and to this day he still has a clear scar on his shoulder from his glorious battle!

Even when Qiu San was still very weak, when his pack was not as powerful as it is today, he was once besieged, and at that time Qiu San almost died, but even at that time, the shock and trepidation was not as strong as it is now!

It was really because, Qiu San knew too well and was too confident about Leopard's strength.

To put it bluntly, even in the entire northeastern underworld, apart from those few true practitioners, there might not be anyone who could beat Paozi.

But now, Leopard had been knocked away with a single punch?

This huge contrast caused Qiu San to be unable to react for a moment.

However, Zhang Lei would not care about his face, let alone his feelings, after he had blown the leopard away with a single punch, Zhang Lei could not help but snort coldly, a cold light in his eyes flashing: "Playing dirty with me? Do you really think I don't dare to kill?!"

The leopard gritted his teeth, forcing himself to endure the sharp pain of his bones being broken alive, and stared at Zhang Lei with clenched teeth.

"It looks like you're still not convinced?" Zhang Lei's eyes were cold.

"Humph!"

The leopard, however, gritted his teeth and did not say a word.

But in reality, at this moment, his heart was equally filled with shock.

Zhang Lei was too strong!

So strong that it was even somewhat beyond his imagination!

In Zhang Lei's body, Leopard did not feel any danger, so he was a bit contemptuous of Zhang Lei at first, but unexpectedly, just after the encounter, Leopard sensed Zhang Lei's terror.

This young man had breathtaking hands and strength!

This kind of strength, which Leopard had only felt from his instructor at the Siberian Devil Training Camp, was so powerful that one could not even think of resisting.

Shock and horror rose up in the panther's heart!

He knew that he was definitely no match for this young man, and that he had lost both of his arms after only two encounters between the two of them!

But Leopard was stiff-skinned and did not lower his head, because he knew that now Zhang Lei definitely did not dare to kill him, because this was in the lobby, in front of a large audience, and if Zhang Lei killed him here, Zhang Lei would definitely not end up well either.

Moreover, this is under the eyes of Qiu San, if he gives in at this time, then he won't be able to get Qiu San's reappointment in the future!

..... At the end of the day, Leopard thinks that with so many people watching, even if Zhang Lei is as vicious as he is, he wouldn't dare to kill himself unless he's ready to run away!

Otherwise, as long as we get past today, the Third Master will definitely not let Zhang Lei go!

In all these years, Leopard had never seen anyone who had been able to remain unharmed after offending the Third Master, no matter what that person's origin was.

This was also the Panther's bottom line!

"It seems that you really think I don't dare to kill you!" Zhang Lei grinned.

"Unless you kill me, you won't be able to hurt Third Master, " Leopard gritted his teeth and stood up, blocking Qiu San behind him.

“So loyal?”

Zhang Lei sneered and said, “In that case, then I will play with you!”

Before the words left his mouth, Zhang Lei steeply kicked over.

The leopard was startled and subconsciously tried to dodge, but he suddenly realized first that the Third Master was right behind him, so his body steeply charged forward again and raised his foot to kick out, to fight with Zhang Lei.

However, just then, the panther suddenly saw Zhang Lei stagger his feet and his entire body suddenly charged towards Qiu San.

“Stop!”

The leopard shouted angrily, while his toe clicked on the ground and his other foot fiercely kicked back towards Zhang Lei with a vicious roundhouse kick.

At this time, a cold smile suddenly appeared on Zhang Lei’s face.

He suddenly felt that something was wrong, but before he could react, he suddenly saw Zhang Lei’s figure rushing towards Qiu San abruptly stop, the movement between the two was incomparably smooth, but also abrupt, the feeling of sudden stagnation almost made people gasp.

Zhang Lei dodged, and Qiu San was the one standing directly opposite him!

“Master San!”

The leopard shouted and hurriedly tried to stop, but he forgot that both of his arms had been broken by Zhang Lei’s bones, making it impossible for him to keep his balance, let alone perform some difficult moves.

So there was no way for his body to stop!

So the next moment, the vicious kick that the leopard simply couldn’t control landed on Qiu San’s chest just that instantly!

“Boom!”

Qiu San, who was still in a state of shock, was instantly kicked to the ground by Leopard’s fierce kick, and he let out a stifled cry.

Qiu San had been kicked in the chest, and the pain was so intense that he could barely breathe!

Especially, it was the leopard that kicked him, which filled his heart with a nameless anger!

“San, Third Master” Leopard also froze. He hurriedly went over to see how Qiu San was doing, but he had just taken a step when Zhang Lei shouted coldly.

“Lie down for me!”

“Snap!”

A vicious and harsh whip leg instantly smacked Leopard's face, and the latter's entire body directly plunged towards the side, that huge inertia made him stomp his feet several times in succession, and his entire body rushed towards the side for three or four metres as if he was drunk, before he fell head first onto the ground!

At this moment, the entire lobby, except for those receptionists who were so scared that they hid to the side, including Qiu San, Pao Zi and all the security guards, all fell to the ground!

"You, you guys"

Qiu San couldn't help but grit his teeth when he saw the scene in front of him, "Who the hell are you people?!"

Zhang Lei patted the dust on his hands and said mockingly, "Master Qiu San, it seems that you're forgetful! Didn't I tell you that we are from the Tengfei Group, when you sent people to smash the Tengfei Group's office and beat up our employees, you didn't think that this day would come!"

Qiu San's face turned blue and he stood up with clenched teeth, staring at Zhang Lei and Ji Feng, and said in a cold voice: "You are the ones sent by the Tengfei Group to retaliate? Good! You're really something! The Tengfei Group is trying to cross the river with a fierce dragon!"

Zhang Lei's face suddenly turned cold and he kicked over, "Fuck! You're still fucking arrogant!"

"Boom!"

Once again, Qiu San was kicked to the ground.

Zhang Lei sneered, "Black boss, godfather of the underworld? What the fuck! Do you really think you're the emperor of the land?"

Qiu San fell to the ground but stood up once more, he covered his chest and said, "Kid, if you were trying to torture and humiliate me, then you succeeded! But, you can either kill me right now, or, you'd better be better prepared to be hunted down, believe me, as long as you don't kill me, no matter how far you run to the ends of the earth, I'll get you back, for sure!"

Zhang Lei laughed at once, "You're that confident?!"

Qiu San, however, just held his head high and looked at him with an arrogant look.

Even if he was beaten several times and fell to the ground, Qiu San was still Qiu San, he was only being followed by two villainous yakuza, that's all, but his foundation had not been shaken, he was still the same Qiu San Master who had shaken the Northeast underworld!

Even if he was bullied by a dog, there was no way he would bow down to two yakuza!

What's more, he was only temporarily down, he didn't believe that these two little yakuza would really dare to kill him here!

Because Qiu San knew that by now, his brothers had definitely got the message!

"Quite a lord!"

Zhang Lei chuckled and said, "But you're wrong about one thing, I do want to humiliate you and torture you, but if you think that was torturing you just now, then you're really naive Master Qiu San, I'll show you what humiliation is and what torture really is!"

Qiu San's face then grimaced, but did not speak, although he had the elegance of a big brother and the ruthlessness of a lord, he was not a fool either.

These two yakuza were obviously not afraid of his name, so if he resisted at this time, he would definitely suffer a loss.

As the saying goes, a naked man does not suffer a loss in front of his eyes, Master Qiu San has been in the road for so long and has made it this far, he certainly understands this truth, so he did not pay any attention to Zhang Lei.

Qiu San was waiting!

As long as his brothers arrived, when the time came, he had countless ways to make these two yakuza miserable!

He was not bad at torturing people!

All he needed now was to stall for time and wait for his brothers to arrive!

However, although Qiu San had a good plan, Ji Feng and Zhang Lei would not give him too much time, Zhang Lei stepped forward and said, "Master Qiu San, let's go, if you don't want so many of your men to see you being tortured like a dog, then take us to your office!"

Qiu San, however, had his eyes slightly narrowed as he sensed the smell of danger.

"Boys, you"

"Slap!"

Zhang Lei flung his hand and with a slap, he dryly interrupted Qiu San's words, sending him stumbling and almost falling headlong.

Ji Feng said, "Take him away!"

Zhang Lei nodded, grabbed Qiu San's collar and lifted him up, not caring that Qiu San's face was red from the strangulation caused by his collar, he just carried him on his shoulders and walked towards the lift Qiu San had taken when he came down.

Being carried by Zhang Lei like this, a strong humiliation and anger emanated from his bones and spread throughout Qiu San's body, which almost made him go crazy!

However, even though he was a bandit who had once fought with a machete, he was in his middle age and was being held by Zhang Lei like this, he was unable to resist at all!

At this moment, Qiu San felt a sense of powerlessness that he had never felt before, and it made him feel a sense of fear in his bones!

Qiu San realised that something was wrong!

Campus Master Chapter 2415

Ji Feng and Zhang Lei took Qiu San and arrived at Qiu San's office without any problems.

There was no need for Qiu San to lead the way, as the lift they took was Qiu San's special lift, and there was a button on it that was most worn, and that was obviously the floor Qiu San often pressed.

As expected, when they arrived at this floor, they smoothly found the sign for the chairman's office and pushed the door to go in.

"Flutter!"

Qiu San was casually thrown to the ground by Zhang Lei, and the fall caused him to let out a muffled cry, and he couldn't help but grit his teeth!

"Swish swish swish!"

Zhang Lei took his dagger and played with a knife splash, staring at Qiu San conspiratorially, saying, "Master San, how do you want to play?"

The muscles on Qiu San's face couldn't help but twitch a few times, he recognized the dagger in Zhang Lei's hand, it belonged to Leopard, just now Leopard had sneaked up on Zhang Lei and used this dagger, but he didn't know when this little beast had picked it up.

"This is the dagger of that bodyguard of yours, he didn't want to hurt you but ended up kicking you in the chest, that kick was not a small force, even a young man with a strong body would be in pain from being kicked like that, I think, the third master must not feel well either, right?"

Zhang Lei asked with a smile.

Qiu San gritted his teeth and said, "Kid, what do you want?!"

Zhang Lei instantly laughed: "Ha! What do I want? Third Master, with your wisdom, this shouldn't be asked from your mouth!"

When he said that, his face suddenly turned cold: "When you sent people to smash the office of the Tengfei Group, storm the market of the Tengfei Group in the northeast, and even, those men you sent there beat up people on sight and sent two of our employees to the hospital, you should have known what I was going to do!"

The corners of Qiu San's eyes twitched imperceptibly a few times as he sank down and gritted his teeth, "Kid, are you going to kill me?"

Zhang Lei shook his head and said, "No."

Qiu San then secretly breathed a sigh of relief in his heart, as long as he had his life, everything would be fine.

Even lords cherished their lives!

Those who really did not want their lives were those who had nothing, or whose lives had even collapsed, and they were the ones who were truly barefoot!

However, Qiu San's face was motionless as he said, "Then you want to do"

"However, not killing you doesn't mean not torturing you!" Zhang Lei said, "Today I went to the Tengfei Group's office and saw the scene of that being smashed, I was very upset in my heart, so I had to take it out on you!"

"Kid"

"Poof!"

There was a strange sound.

Qiu San had only just said two words, but Zhang Lei suddenly plunged his dagger into Qiu San's thigh, the expression on his face didn't change in the slightest, cold and ferocious!

"Ah... uh..."

A sharp pain instantly spread throughout Qiu San's body, he subconsciously screamed out in agony, but then, in a whirlwind, he gritted his teeth and forced himself to endure it, even though he still couldn't help but make a weird painful sound in his throat, he tried hard not to scream out!

Zhang Lei gave a thumbs up and said, "Tough guy!"

He grinned, "You'll have to hold it in next, too!"

As he spoke, Zhang Lei grabbed Qiu San's wrist with a fierce force, and Qiu San instantly opened his fingers instinctively.

"Pop!"

As soon as Zhang Lei pressed Qiu San's palm to the ground, he stomped on his finger and shook the dagger in his hand, saying, "The real torture has just begun They say that ten fingers are connected to the heart, so I was curious about how painful it would be to have your finger cut off. Now I finally have a chance to verify it!"

Qiu San's face changed as he gritted his teeth and forced himself to endure the extreme pain coming from his thigh, saying, "Kid how much did the Tengfei Group pay you, I'll give it to you ten times, a hundred times! Or whatever you want, it's negotiable!"

"I like money too, but right now I'm not short of money to spend!" Zhang Lei smiled, "Compared to money, I still prefer torturing you, torturing a gangster godfather, that's what gives you a sense of achievement!"

"....."

Qiu San roared in his heart, cursing angrily, Laozi just got careless and fell into your hands, otherwise, you would have the chance to torture Laozi now? You can't even think about it even if you have ten lives!

Even though his heart was furious and his thigh was in excruciating pain, Qiu San still keenly grasped the other meaning of Zhang Lei's words.

He immediately asked, "You don't want money, what do you want then? As long as it's something I, Qiu San, can do, just say it!"

Qiu San wanted to save himself first, as long as he got through this hurdle, next, he would definitely use the most ruthless means, the most cruel way, to torture these two little yakuza to death!

However, the next reply from Zhang Lei made Qiu San couldn't help but stare.

"What do I want?"

Zhang Lei laughed and said, "What I want is rather strange, I just have a few questions that I need to know the answers to."

Qiu San froze and asked, "What questions?"

Zhang Lei said, "My questions are rather simple, the first question was already asked earlier in the lobby, I wonder if Master San still remembers?"

Qiu San did not have a start, but in a whirl, he suddenly remembered.

"..... Qiu San, you smashed our Tengfei Group's office for no reason, was it because you were jealous of Tengfei Group's profits, or did someone instruct you to do so?"

Qiu San remembered the question Zhang Lei asked in the lobby earlier, and he suddenly realized that these two little yakuza, I'm afraid, didn't just come to torment him and be done with it, they came over, I'm afraid, to take revenge on everyone who had anything to do with the smashing of Tengfei Group's office, and the market being hit!

They might even have other objectives!

"What, my question is not easy to answer?" Zhang Lei asked with a smile.

"Kid, who the hell are you guys and what are you doing here in Black Province?!" Qiu San asked, gritting his teeth and enduring the sharp pain in his leg.

"Are you asking me?" Zhang Lei looked at Qiu San and asked. At the same time, a harsh gaze flashed from Zhang Lei's eyes, full of coldness and iciness!

"Yes and"

"Poof!"

The cold light from the swing of the dagger interrupted Qiu San's words and also stabbed into the back of Qiu San's hand, plunging straight to the floor!

In the next moment, Qiu San's voice came to an abrupt end, and his entire person stared abruptly, his mouth opened wide, as if his entire person had almost stiffened.

Although Qiu San didn't make a sound at all, anyone who saw this scene would definitely subconsciously imagine the kind of pain Qiu San was in, because anyone could feel that although Qiu San's wide open mouth didn't make a sound, it was more painful than a miserable scream!

"Huffing~~huffing~~"

It was a full ten seconds later before Qiu San was trembling all over, panting heavily and hissing in pain from his throat, “Uh~~uh~~”

Zhang Lei said, “Master San, how does this slash taste? Does this count as torture?”

“.....”

Qiu San was already sweating profusely at this moment, but not from the heat, but from the extreme pain that made his head full of cold sweat, “..... What exactly do you want!”

Zhang Lei said, “It’s simple, answer my questions and you can suffer less, of course, you can also not answer, but, this time it’s the back of your hand, but if I ask again, Master San you might have to lose a finger, well, you can also refuse me ten times!”

Qiu San panted roughly, but did not say a word.

Zhang Lei didn’t mind either, he just said indifferently, “Third Master, please answer my question.”

“.....”

“Pfft!”

“Third Master, please answer the question!”

“.....”

“Pfft!”

“Third Master, can you answer now?” Zhang Lei’s eyes flashed with a cold light as he asked coldly.

.....

Zhang Lei didn’t cut off Qiu San’s finger, but put the dagger once again **** on the back of Qiu San’s hand, in the end, Zhang Lei wasn’t ruthless enough, half of his ruthlessness at the moment was actually faked out.

If Liu Zejun and the others were here, I’m afraid I wouldn’t even blink if I chopped off Qiu San’s hand directly, not to mention cutting off his fingers!

However, even so, it was enough to make Qiu San’s pain unbearable!

When Zhang Lei stomped Qiu San’s other hand to the ground, the dagger in his hand already raised high, Qiu San finally succumbed.

“It’s me who has my eyes on the interests of the Tengfei Group!” Qiu San gritted his teeth, at this moment he was trembling all over, his whole body almost looked like he had been fished out of the water.

“Really?” Zhang Lei asked.

“..... Why else would I let the Tengfei Group come over here to build a factory?” Qiu San gritted his teeth and said.

Zhang Lei looked back at Ji Feng, things had come to this point, he was somewhat unable to judge whether what Qiu San said was true or not.

Ji Feng casually put out his cigarette and put it in his pocket, then he slowly stepped forward and came to Qiu San, squatting down to look at this mafia lord who was known as the earth emperor of the Northeast.

“Master San, I don’t quite believe this answer of yours.”

Ji Feng said, “Tengfei Group’s products have been selling well in the Northeast for quite some time, so with Master San’s hegemony, how could he wait until now to make his move? So I’m sure that Third Master wouldn’t have eyed the profits of the Tengfei Group for no reason, so tell me who ordered you to do it!”

Qiu San gritted his teeth and said, “There was no one to instruct me, what do you want me to say? Kid, today I admit it, let’s not turn around”

“No one instructed you?” Ji Feng was not interested in listening to Qiu San’s set of jianghu black words and asked.

“You want me to say who directed it?!” Qiu San asked through clenched teeth.

“Alright, if you say no, then no.” Ji Feng nodded and said, “In that case, I would also like to borrow one more thing from Master San.”

“What?”

“Evidence of Third Master’s crimes!” Ji Feng said, “For example, how you were involved in smuggling, did you deal drugs, and how the gangs under you gave you confessions, Third Master”

“You’d better kill me now!” Qiu San interrupted Ji Feng and said through clenched teeth.

These were questions that Qiu San would not say even if he died, because they were all life-threatening things, and it would be better to die now than to be tortured into telling these secrets!

Campus Master Chapter 2416

Ji Feng asked, “Really not saying?”

Qiu San gritted his teeth and didn’t say a word.

Zhang Lei suddenly said angrily, “Doggone thing! You really think of yourself as a hard bone? I”

“Bang!”

Before Zhang Lei could finish his words, a loud bang was suddenly heard as the door to the office was suddenly kicked open, and the next moment, only to see a group of people suddenly rushing in.

“Third Master!”

“Ah! Third Master”

.....

When this group of people saw the scene in the office, they were shocked beyond belief, each one exclaiming in shock.

When Qiu San saw these people come in, Lian Shan immediately surfaced a stern look and said, "Take them down for me, I want to catch them alive!"

After being tortured by these two little yakuza for so long, Qiu San was almost going crazy, the anger in his heart had swelled to the extreme, he wanted to tear these two little beasts alive.

"Go!"

With a command, those men rushed over with knives at once.

Zhang Lei let out a fierce smile, "Catching them alive? I don't know if you have the ability to do that!"

The next moment, Zhang Lei lifted up Qiu San and put his dagger directly on Qiu San's neck, saying in a cold voice, "Want to collect Qiu San's corpse for him?"

At once, those who had rushed up hurriedly stopped in their tracks, but all stared at Ji Feng and Zhang Lei with anger and ferocity.

Bai Zhu moved her feet without a trace, as long as these people dared to attack, she would strike at the first opportunity.

Although these people were vicious, Bai Zhu was not the least bit afraid!

"Let go of the Third Master!"

"Kid, let go of the Third Master!"

Those men roared, "Kid, do you want to die?!"

At that moment, a middle-aged man around forty years old came up and stared at Ji Feng and Zhang Lei, saying in a cold voice, "You two, I don't care what you are, let go of Third Master right now, or else I will make you regret coming into this world!"

Zhang Lei sneered, "What a big mouth, you're not afraid that the wind will blow your tongue out!"

The middle-aged man stared at Zhang Lei, a bitter murderous look in his eyes.

If he were on his own, he might have had some worries because these people were armed with knives, and he really didn't dare to guarantee that he would be able to retreat in one piece.

However, with Ji Feng and Bai Zhu around, Zhang Lei was a hundred percent sure that he could easily kill his way out.

"Ka!"

Suddenly, the middle-aged man took out a pistol and pointed it at Zhang Lei, saying in a cold voice: "If you don't want your head to explode, let go of Third Master!"

Zhang Lei's eyes were cold: "Then let's see whether your bullets are faster or my knife is faster!"

The middle-aged man stared at Zhang Lei, but he didn't dare to shoot right away.

Ji Feng's expression remained unchanged, he just asked indifferently, "Of the Packet Gang?"

"Knowing the Baggage Gang, it seems that you are also a member of the Dao!" The middle-aged man said in a cold voice: "Then you should understand exactly what you are doing!"

"It's true that you're from the Baggage Gang!" Ji Feng nodded slightly and turned his head, "Qiu San, this is your bottom line, right? You've been stalling for time just now, just to wait for them to arrive?"

Qiu San, however, did not say a word.

The middle-aged man said, "Kid, do you think you can get out of here? There are at least a hundred men outside, even if each of them has a knife, it is enough to chop you into meat! Now, if you let Master San go, I promise I can give you a chance to defend yourselves!"

Ji Feng, however, just smiled and said, "Qiu San, you're really arrogant, calling so many people from the underworld at every turn, you're really arrogant without bounds!"

This city of Ha is the capital of the Black Province, so the fact that he could casually gather so many gangsters here within such a short period of time shows how powerful Qiu San is in the Black Province, and how arrogant he is!

From this, it could be seen that what this Qiu San did in his daily life.

If Ji Feng originally thought that dealing with Qiu San in this way was still slightly ruthless, now, he felt that he had just hit him lightly!

"Bai Zhu, call the police." Ji Feng said.

"Yes!"

Bai Zhu nodded, took out her mobile phone and was ready to call the police, when she heard someone say, "I've already called the police for you!"

Immediately afterwards, he saw the manager of the security department, who was originally beaten and moaning in pain on the ground, limping in, his eyes staring at Ji Feng and the three of them with resentment and ferocity as he snorted coldly.

Then, he said to Qiu San again, "Master San, I was worried that these few people were desperadoes and might do you some harm if I pushed them, so I took it upon myself to call the police. But don't worry, Third Master, I called my own people!"

Qiu San said, "You did a good job."

Zhang Lei chuckled, "Third Master, haven't you had enough of lessons yet? Did I let you talk?"

Qiu San said, "Kid, if you have the guts, you can kill me now!"

"Kill you?"

Zhang Lei said, "You think too highly of yourself!"

Qiu San did not understand the meaning of Zhang Lei's words, he just stared at Zhang Lei grimly, his eyes full of harshness and killing intent.

But now that he was under Zhang Lei's control, he could only be fierce and could do nothing else.

The men of the baggage gang saw Qiu San with a dagger around his neck, and did not dare to go forward easily.

“Woo woo~~ woo woo~~”

Not long after, the sound of police sirens coming from outside made the people of the baggage gang shake in spirit, and the middle-aged man also put his gun away and said in a cold voice: “Kid, I'll see how you die!”

Ji Feng couldn't help but shake his head, they say that the triads are afraid of the police, but here, these triad members were so spirited when they heard the police coming, so it was obvious that they were indeed their own people!

Soon, a group of policemen arrived, and when they saw the situation in the office, several policemen all drew their pistols.

The policeman in the lead shouted sternly, “Let go of the hostages, or I can shoot you on the spot!”

“Unbridled!”

Bai Zhu shouted sternly and said, “The military special warfare brigade is here on a mission, which bureau are you from and who told you to come here?”

The military is on a mission?

Several policemen couldn't help but be stunned, even Qiu San as well as the people from the Baggage Gang couldn't help but be a little baffled.

“What military?”

The policeman in the lead stared at Bai Zhu suspiciously, “You say you're from the military, what evidence do you have to prove what you're saying?”

Bai Zhu took out her ID from her pocket and flung it over, “Go and see for yourself!”

The policeman at the head of the group took the document in one hand and flipped it open in disbelief, when he read the contents clearly, he couldn't help but blush: “This is the Jiangzhou Military Region Special Warfare Brigade? You're from the Special Forces?”

Of the Special Forces?!

Everyone was stunned, and Qiu San was also extraordinarily surprised, how could he not have thought that these few people were actually from the military's special forces!

Qiu San suddenly had a shock in his heart, secretly saying, could it be that the military was going to move themselves?

But how did they get involved with the Tengfei Group?

The manager of the security department and other people were stunned, but they couldn't help but be relieved, no wonder that young man was so strong, so he was from the special forces!

“Excuse me, what mission are you on, Master Qiu San Qiu is a well-known philanthropist, entrepreneur and a member of the CPPCC here, how can you treat him like this?!” The policeman at the head of the group said.

“The military is on a mission, do we still need to explain to you?” Bai Zhu said in a cold voice, “What you are doing now is obstructing us from carrying out our mission, I have the right to shoot you on the spot!”

The policeman in charge then couldn’t help but blush, but he could only say stiffly, “I need an explanation

“Someone will give you an explanation!” Bai Zhu said in a cold voice, “Now, we’re leaving, get out of the way immediately!”

“.....”

No one moved, and the few policemen didn’t move either.

Bai Zhu’s eyes were cold as she barked, “Get out of the way!”

The policeman in charge looked at Qiu San and could only stiffen his head and waved his hand, “Get out of the way all of you!”

With reluctance and some uncertainty, the people from the packet gang slowly moved aside, only to stare at Ji Feng and the three of them with extremely unkind eyes, and the few policemen all moved out of the way.

“Third master, let’s go!” Zhang Lei said.

“Where are you taking Third Master!” The middle-aged man from the packet gang gritted his teeth and said.

“Don’t worry, it’s just for Qiu San to take us to the bottom of the building!” Ji Feng said indifferently, “Let’s go.”

Zhang Lei held Qiu San’s neck with one hand, while the other hand was still holding a dagger at Qiu San’s throat, and just left Qiu San’s office and took that special lift downstairs.

The people of the Baggage Gang were the ones who took other lifts, and many even ran down the stairs, and a few police officers followed them all.

When Ji Feng went downstairs and saw these people following closely, he couldn’t help but sneer, his eyes glowing cold.

Qiu San, arrogant as hell!

“Ji Feng, this way!” On the roadside, Zhao Kai sat in a business car and shouted.

“You guys get in first!” Ji Feng grabbed Qiu San’s wrist and said to Zhang Lei and Bai Zhu.

Without the slightest hesitation, the two turned around and got into the car.

Ji Feng looked at the blue-faced Qiu San and said, "Qiu San, remember, this is just the beginning today, and I also know that there must be someone behind you, please tell the one who instructed you that Jiangzhou Ji Feng is here, and if you want to play, wash your neck and wait!"

Qiu San's eyes instantly widened, stunned beyond belief as he snapped his eyes at Ji Feng.

"Looks like you've heard of me!" Ji Feng said, "Well, it seems that someone is really behind you Then let's play!"

"You're Ji Feng?!"

Qiu San seemed to have just come back from his shock and asked in astonishment.

The first thing that happened was that the car was already started by Zhao Kai, who had already started the car and was now driving it skillfully, disappearing into the rolling traffic on the street in a flash, leaving only Qiu San, who was shaking non-stop and whose face was incomparably complicated, staring at the direction where the business car had disappeared.

That young man just now, was actually Ji Feng!

At this moment, there was only one phrase echoing in his mind –

Jiangzhou Ji Feng is here!

Ji Feng, he's here!

Campus Master Chapter 2417

Ji Feng was here!

Even though Qiu San had issued a gag order to his group of men and disciples after Ji Feng and the others left in the commercial vehicle, he still couldn't stop the news from spreading.

In this world, there is no impermeable wall!

Especially when Ji Feng revealed his identity, there was no telling how many people there had heard it!

Although many of them didn't know what this Ji Feng guy was all about, when Qiu San, the powerful Northeast triad leader, the godfather of the triad, and the big brother who was known to be a master of both black and white, was held hostage with a dagger at his throat, whether it was Qiu San or Ji Feng, there was already enough attraction to draw everyone's attention!

I don't know how many of the junior brothers couldn't help but be shocked by the curiosity in their hearts and privately inquired about where this guy who claimed to be Ji Feng from Jiangzhou had come from?

How could he be so bold as to dare to do this to the Third Master?

Was he tired of living?

So, as these people inquired privately, the news spread quickly as if it had grown wings, making it too late for Qiu San and a few of his key men to stop it after they realised the problem.

And at this time, the name Ji Feng had already resounded throughout the Black Province's underworld!

In almost one short night, Master Qiu San was held hostage by Ji Feng and even given a beating that left his body covered in blood and bruises, and was tortured to the point that his two hands were almost ruined The news spread instantly throughout the Black Province's underworld!

For the entire black province's underworld, this is definitely an explosive news, everyone can't help but stunned shock, this is in the head of the taiyoukai ah!

However, some people were keenly aware that since this Ji Feng had dared to give his name, I was afraid that he had some origins, but most people could not find out who this Ji Feng was and what his origins were in a short period of time.

They only knew that he came from Jiangzhou and was a member of the Tengfei Group!

But these people, who were extremely powerful in the black province's underworld, might still have some difficulty in reaching out to Jiangzhou, so there was no telling how many people were guessing who this Ji Feng really was, who dared to touch Master Qiu San!

Is he, in fact, a newborn calf who is not afraid of a tiger, or is he a fierce dragon crossing the river?!

These big brothers in the underworld might not be able to inquire about Ji Feng in a short period of time, however, Qiu San's influence was not only in the underworld, as a lord of black and white, the news that he had been hijacked and covered in blood also reached the official circles in a very short period of time.

Some officials of considerable weight had even heard the news, but immediately afterwards, they were shocked, one could even say they were shocked on the spot!

"What?!"

"Jiangzhou Ji Feng? Someone from the Tengfei Group?!"

"He's where he's not from Jiangzhou, he's clearly from Yanjing!"

Yanjing Ji Feng!

The Yanjing Ji family!

This was a top-notch family whose power was so huge that it was almost suffocating, especially the old man's name, which people could only look up to!

And Ji Feng was from this family!

Perhaps those big brothers in the underworld could not find out about Ji Feng's details because they were only in the underworld and could not reach that high level, but some leaders in Ha, as senior cadres in sub-provincial cities, were already qualified to know some news about the top level in Yanjing.

Even if it was only a scrap of news, it made them not too unfamiliar with the name Ji Feng!

Even some of Ji Feng's deeds could be recounted, especially the fight between Ji Feng and the Wu family, even though he had only heard about it, but it meant that he had heard about Ji Feng, which

meant that these leaders were equally clear about how shocking it was that Ji Feng, who was a direct descendant of the Ji family, suddenly appeared in Ha City and directly confronted Qiu San!

In Ha City, the municipal party committee compound, inside the secretary's office, as the municipal party secretary of Ha City, Luo Lin, who was not even fifty years old now, could definitely be said to be the newest official, with a spring in his step.

In particular, as the hand of Ha City, Luo Lin is also a member of the Standing Committee of the Provincial Party Committee of Heilongjiang Province, and can be said to have stepped into the core circle of power in Heilongjiang Province.

In Ha City, there was almost no one who could compete with Luo Lin's power, even the mayor was half a level below him and could only respectfully call him leader!

However, the mayor's respectfulness could not arouse Luo Lin's half-heartedness, especially for Luo Lin, who was determined to rectify the officialdom of the Black Province and revitalise the old industrial base of the Northeast, what the mayor did made him somewhat dissatisfied.

The mayor of a city, who is a brother to a gangster godfather, is even sitting back and watching him become a huge tumour in the city of Ha and even in the province of Heilongjiang and even in the whole Northeast, which makes Luo Lin extremely unhappy.

However, Luo Lin did not dare to act rashly because the other party was too powerful and had a backer on top.

Therefore, Luo Lin chose to hold back and bide his time.

"Stomp stomp stomp"

With a sound of footsteps, the secretary walked in with a strange look on his face.

Luo Lin then gave the secretary a look, usually the secretary was a very stable person, why was he in such a hurry now?

"Secretary, something has happened."

The secretary came to the desk and lowered his voice, "I just received news that Qiu San was attacked, his body was covered in blood and he almost died!"

Luo Lin's eyes narrowed at once: "Is the news reliable? What kind of person did this?!"

The secretary said, "Reliable, at that time Qiu San was hijacked from the Qiu Group building, and kept hijacking until the roadside, and only released Qiu San when those people had left"

Speaking here, the secretary's voice lowered and said, "Secretary, I heard that the person who hijacked Qiu San claimed to be from Jiangzhou Tengfei Group and was named Ji Feng!"

"What?!"

Luo Lin's eyes, which had been slightly narrowed, snapped open and he turned his head to look at the secretary, "Jiangzhou Ji Feng? Can you be sure?"

The secretary said, "The news should not be false! Now there are people everywhere inquiring about what this Jiangzhou Ji Feng is all about, and there are even people asking me for information"

"Jiangzhou, Ji Feng" Luo Lin pondered for a moment, seemingly digesting this sudden news, and only after a while did he ask: "Do you know why their two sides clashed? Tell us exactly what happened too!"

"The reason for the conflict seems to be because Qiu San was beating up on Tengfei Group, I heard that it was Qiu San who first sent someone to smash Tengfei Group's office in Ha City in Ha City a few days ago, and then he drew in Tengfei Group's people!" The secretary said, "Because of the suddenness of the incident, I haven't had time to inquire what the exact cause of the incident was!"

Luo Lin smiled, but said, "What other reason could it be, given Qiu San's style of action, this is not the first time he has done this kind of thing, right?"

The secretary immediately understood and said, "Secretary, you mean to say that Qiu San is doing this for profit?"

Luo Lin didn't say anything, but in his heart he was almost certain that Qiu San must have provoked the Tengfei Group first, otherwise, unless the Tengfei Group didn't want to operate anymore, why would they take the initiative to provoke a gangster godfather?

Lighting a cigarette, Luo Lin slowly smoked it.

When the secretary took a look, he stood aside and did not say anything, he knew that whenever the secretary was like this, it meant that he was thinking and was ready to make a decision, and he could not be disturbed at this time.

"Two things."

Luo Lin said as he smoked, "Firstly, you keep an eye on the movements of the police to see what people are involved in this matter. Secondly, keep an eye on Qiu San's movements, and pay particular attention to what people are coming to visit Qiu San."

The secretary, who was taking notes on a notepad with symbols she could only read, was stunned, "Visits?"

Luo Lin said, "Didn't you say that Qiu San had been abducted and was covered in blood and almost killed?"

The secretary suddenly understood, Qiu San was seriously injured, of course he had to be hospitalised, this godfather of the underworld was hospitalised, there was no telling how many people would come to visit!

After a slight pause, Luo Lin said, "In addition, there is another thing you don't need to record, you have to do it quietly" Forget it, there is nothing else, just get these two things done."

The secretary immediately nodded and said, "Yes, secretary."

"Go on."

After the secretary had gone out, Luo Lin thought about it, then picked up the phone and dialed a number: "It's me, find a way to find out the location of a person After you find him, don't alarm him, but make sure he's safe" "

After the call ended, Luo Lin's eyes couldn't help but narrow once again and secretly mused, "Ji Feng has come to Ha City and has positively clashed with Qiu San fiercely" "

He was keenly aware that this could well be an opportunity.

I'm afraid that whether or not we can move this wave of poisonous tumors and assholes that are entrenched in Ha City, in Black Province and even in the entire Northeast in a short period of time will ultimately fall on this Ji Feng.

The children of the Yanjing Ji family are not that easy to bully!

This Qiu San, taking the initiative to provoke the Tengfei Group, is simply a death wish!

.....

"Bastard!"

"Bastard!"

Inside a hospital in Ha City, Qiu San was lying on a hospital bed, his face blue with rage and curses.

At this moment, Qiu San's hands and thighs were tightly wrapped with thick gauze, and the pungent smell of medicine in the ward made him extra uncomfortable, but what was even more uncomfortable was his injuries.

Especially when he thought of being carried like a dead dog by Ji Feng's trio and tortured in the office for so long, that feeling of powerlessness simply drove him crazy.

Moreover, Zhang Lei's kind of ruthlessness also terrified his heart. At that time, he was only a little bit short, if Zhang Lei had changed his mind a little bit, or if the people of the packet gang and the police had come a little bit slower, I was afraid that not a single one of his ten fingers would have been left!

After the fear that he felt as if he had survived a robbery, all that was left was anger!

He was the godfather of the Black Province triad, a powerful force in the province and even the whole Northeast, who dared to do this to him?

But today he was treated like this!

Qiu San almost hated him to the core!

On top of that, there was trepidation!

Campus Master Chapter 2418

"Third master, you should calm down first." The middle-aged man from that baggage gang said carefully, "The doctor said you must not get too excited, or it will not be good for your wounds" "

"Calm down?"

Qiu San smiled and became even angrier: "Today I, Qiu San, was almost wiped out by someone, so many security guards, so many brothers, but no one could stop them, how do you want me to take my anger off? Ah?"

That middle-aged man then dared not speak, and could only nod.

It was one of the uniformed policemen who asked, "Third master, what happened today? Or do you have any clues?"

When Qiu San heard that, he fell silent.

Did he know?

Of course he knew exactly where those murderers came from, and he knew even more about what had happened, but he couldn't say anything, especially not to them here, even if these people were his own people!

Because he knew very well that once he told them the identity of the murderers, then perhaps the brothers of the pack would definitely listen to him, but these two policemen, not so much.

Because the identity of those murderers was too illustrious!

"Have you found out where those few people have escaped to?" Qiu San asked in a deep voice.

"Not yet."

The two policemen shook their heads, and one of them said, "We have transferred the CCTV footage of all the intersections from the Qiu Group building towards the direction they fled, including the entrance of the district and the shopping mall, and we also saw that business car in the surveillance, but that car has no number plate, and the surveillance is also incomplete, so I'm afraid it's not too easy to find it."

The middle-aged man from the baggage gang said, "I have also sent out all my brothers who can work, and they have all gone out to look for it!"

Qiu San said, "What about the results?"

"This"

The middle-aged man said, "There are no results yet, Third Master, it's my incompetence"

Qiu San suddenly said angrily, "I don't want an explanation, I want results!"

The middle-aged man said, "Third master, although I haven't found those few people, however, I have found the people from the Tengfei Group, I know they are now staying in a hotel, and two of them are still in the hospital, third master, otherwise I will control the people, I don't believe those few people won't show up!"

Even though there were two policemen present in this ward, he had no qualms about kidnapping them. Looking at the two policemen again, they did not look the least bit different, as if they did not find anything wrong with the middle-aged man's words at all.

However, Qiu San did not immediately agree, but only gritted his teeth and said: "Keep looking for them! Make sure to find someone in the shortest possible time!"

"Yes!"

Including the two policemen, they all responded respectfully.

"And!"

Qiu San added, "Remember, after you find the person, don't rush to make a move first, even if there's a clash, don't lay a deadly hand No, you guys don't make a move after you find the person no matter what, just be responsible for surveillance, do you hear me?"

Several people looked at each other, and they couldn't help but be slightly stunned.

The Third Master's orders were so strange!

If it was in the past, if anyone dared to offend the Third Master, I'm afraid the Third Master would have already given an order to break the person's legs and feet and throw them out on the street to beg, so why would he say something like don't do anything and just keep an eye on them?

"Third Master, do you want to take action yourself?" The middle-aged man asked, "Don't worry, I will definitely arrest the people and bring them to the third master's hospital bed, make them kneel down and kowtow before the third master to make amends, and then torture them properly"

"Can't you even understand what I'm saying?!" Qiu San's eyes glared and he said in a cold voice.

"..... Yes!"

That middle-aged man was instantly startled, but his heart was a little aggrieved, he was bent on taking out his anger for the third master, how

In fact, he did not know that Qiu San's heart was also in turmoil at this moment!

The reason for this is that in all these years, no one has ever dared to offend him like this, but he has some scruples in his heart, because the person who moved him is Ji Feng!

He was a magistrate who was not inferior to, or even more influential than, Big Shao in terms of identity and history!

Even if Qiu San had the guts, he would not dare to make the decision to poison Ji Feng so easily.

Qiu San was not a fool to have come this far.

But if he didn't find Ji Feng and the others, he would be very reluctant, and the fire in his heart would simply drive him crazy, so Qiu San must find Ji Feng and the others!

However, as for what to do after finding them, Qiu San hadn't thought about it yet, and he couldn't decide in his mind.

"Remember, after you find them, if I tell you to do it, let the brothers in the gang do it, and let everyone else avoid it, remember?" Qiu San said again.

“Yes.”

Although several people were puzzled and wondered at Qiu San’s order, no one dared to disobey.

But they didn’t know that Qiu San himself was also very angry in his heart, he knew who his enemy was, but he didn’t dare to do anything easily.

“All right, let’s go!” The more Qiu San thought about it, the angrier he became, he couldn’t help but say.

“Damn it!”

After a few people left, Qiu San couldn’t help but curse angrily, “It’s good to have a good family! Motherfucker

“I haven’t been a big brother for years” Suddenly, a mobile phone rang, it was Qiu San’s mobile phone ringing.

Qiu San, however, could not help but frown, originally his favorite was this song, he indeed had stopped being a big brother, because now he was the godfather of the underworld and was a black and white man.

But now, Qiu San suddenly loathed this song, so what if he was the godfather of the underworld? So what if he’s the godfather of the underworld, but he’s still being beaten up like a dead dog!

And he knew who his enemy was, but he didn’t dare to retaliate!

The more he thought about it, the angrier Qiu San became. He couldn’t help but grunt angrily, using his gauze-covered hand to stuff the earphones into his ears, and then poked the button on the earphones with his exposed finger, and picked up the phone.

“Who, if you have something to say!” Qiu San said.

“Qiu San, on gun pills? So much fire!” A low voice came over the phone.

“Eldest Young Master?!”

Qiu San’s heart instantly fluttered and he said, “Young Master, I’m sorry, I was just in a bit of a bad mood”

The other party said, “I know, that’s why I called you! Qiu San, I heard about your matter, is it convenient for you to talk now?”

Qiu San said, “It’s convenient, I’m in the ward, I’m here by myself now, the nurse is outside.”

“Well! Qiu San, let me ask you, is it true that the person who injured you today was Ji Feng?” The other party asked.

“Yes, Eldest Young Master.”

Qiu San gritted his teeth and said, “That little brute he claims to be Ji Feng from Jiangzhou.”

The other party said, “What does he look like?”

“He’s tall, short hair, and doesn’t look too strong”

Qiu San described Ji Feng's looks and said, "Beside him, there is a little brute who is particularly ruthless and doesn't show any mercy at all By the way, there is a woman following!"

After hearing this, the other party said, "Hmm! That's right, it's indeed Ji Feng! The particularly ruthless person you mentioned should be Ji Feng's good friend, Zhang Lei, and as for that woman, I'm afraid it's Bai Zhu, who is Ji Feng's personal bodyguard!"

If someone who was familiar with Ji Feng heard these words, I'm afraid they would have been deeply shocked. Because this Big Young Man really knew Ji Feng too well, even the people around Ji Feng, he actually knew them so well!

When Qiu San heard that the eldest young man confirmed that the little beast was really Ji Feng, he did not have his heart ache and asked in a panic, "Eldest young man, Ji Feng himself is here, this"

"You're afraid?!" The other party asked, "Knowing that it's Ji Feng himself, are you afraid even if you're titled Third Master Qiu?"

"I'm not afraid, it's just that that Ji Feng's identity is not ordinary after all." Qiu San said hesitantly.

"So what if his status is not ordinary?" The other party sneered, "Don't forget, this is the Northeast, not Jiangzhou! What's more, what you're going to do is just to impact the market of the Tengfei Group, it's not like you want Ji Feng's life, in business, even if he's more influential, can he still stop others from doing business?"

Qiu San was silent, frankly speaking, he was indeed a little frightened in his heart, or rather, he was afraid.

The other party seemed to know what Qiu San was thinking and said, "Qiu San, it seems that you are really scared, but what if I told you that someone can stand in Ji Feng's way and make his status count for nothing at all, what do you think?"

Qiu San was stunned for a moment, and then asked, "Eldest young man, do you mean you'll hold off Ji Feng?!"

The other party said, "That's right! Qiu San, you don't understand things above, and you don't understand things in our circle, but you just need to know that it won't do me any good if I harm you, won't you be able to rest easy?"

Qiu San smiled and did not have a subconscious nod of his head.

It was true, he gave a lot of money to Big Shao every year, and besides, his social circle was not small, there were many leaders who had benefited from him, if he went down, I was afraid that the first ones to be upset were those leaders, not him, Qiu San!

Besides, with the big young man to hold Ji Feng back, what else did he have to fear?

"Qiu San, you must remember that this is the Northeast!" The other party said, "So what if it's Ji Feng? Are you Qiu San just going to let someone beat you up for nothing?"

"....."

Qiu San gritted his teeth and said, "Young master, I understand. I'll do as you say!"

The other party said, "That's right! Qiu San, don't worry, this time we'll join hands and make Ji Feng fall hard in the Northeast! Fall on his face!"

Qiu San's heart burst into flames!

.....

Meanwhile, in a villa complex on the outskirts of Ha City, a young man hung up the phone.

"Hmph!"

This young man couldn't help but sneer, "You actually came in person, it seems that I was right, this Northeast market is really valued by you!"

He bristled, "Then I'm going to cut off your entire northeastern market, including the channels to export to Tsarist Russia, I'd like to see how anxious you are again!"

"A young man from a family?"

The young man laughed coldly, "I am also a young man of a family, only your old man has lived longer"

Campus Master Chapter 2419

Inside a black sedan, Ji Feng was frowning and pondering something.

"Eldest young man, where are we going now?" Bai Zhu asked.

Bai Zhu was a little worried.

Although she had used the Special Combat Brigade's documents to subdue those police officers earlier, once they sent a letter directly to the Jiangzhou Special Combat Brigade asking about it afterwards, those people would definitely storm out if they knew that she wasn't on a mission.

Bai Zhu wasn't afraid of those police officers or mob hitmen, no matter how vicious they were.

However, if there were too many of them, I'm afraid that Ji Feng's safety would not be guaranteed at that time. Before, because it was a plane ride, Bai Zhu didn't even bring his weapons!

"There's no rush first, there's always somewhere to go!" Ji Feng shook his head and said, "Before deciding where to go, I instead want to know more about who the person hiding behind Qiu San and directing him is!"

"Is it the one surnamed Han?" Zhao Kai said, "Or, is it someone else?"

When something went wrong in the Northeast, the first thing Zhao Kai thought of was whether it was the person named Han that He Hongwei said was behind it, but who that person was and how powerful he was, Zhao Kai was not quite sure, so his tone was a bit hesitant and not quite sure.

However, when Zhao Kai thought about it, if there was someone behind Qiu San, he could only think of Han.

“What surname Han?” Zhang Lei asked.

“It’s a friend of He Hongwei’s!” Zhao Kai said, as he quickly explained the matter.

“You call that a friend?”

Zhang Lei got a little angry when he heard that and said, “If this Han really considered He Hongwei as a friend, he wouldn’t have done this kind of thing to put He Hongwei in a difficult position, this is obviously using He Hongwei! He Hongwei is also not fucking righteous, isn’t this a pit of madness?”

Ji Feng waved his hand and said, “I have this matter in mind.”

Ji Feng knew very well how He Hongwei was and what role he played in this matter, which had little to do with He Hongwei and could not be blamed on him.

If it were Ji Feng who owed someone else a favor, I’m afraid he would have made the same choice as He Hongwei.

When the time came, this Han surname made Ji Feng very interested.

“How about this, I’ll think of another way to find out which hospital Qiu San is currently staying at, and I’ll go and kidnap him!” Zhang Lei said in a cold voice, “I don’t believe it, I still can’t ask the mastermind behind him?”

“If he was willing to talk, he would have already done so at that time in his office.” Ji Feng said.

“That’s because I wasn’t ruthless enough!” Zhang Lei said.

Ji Feng shook his head and said, “This Qiu San, is also considered a lord, people like him who have fought their way up from the bottom have a ruthlessness in their bones, besides now at least nominally he is a philanthropist, an entrepreneur and a well-known member of society, this kind of person can’t be forced just by forcing!”

Zhang Lei said, “I don’t think so! Crazy, you might not have noticed at that time because you weren’t the one who did it, when I stabbed the dagger into the back of Qiu San’s hand, I saw fear flash in his eyes, I’m sure he was scared in his heart.”

“I think what Zhang Lei said makes sense.”

Zhao Kai said, “Although Qiu San climbed up from the bottom and is ruthless to the bone, there is a saying that the older you are in the jianghu, the smaller your guts are... The greater Qiu San’s achievements, the more he will cherish all that he has earned, and the smaller his guts will be! However, the plan of not touching porcelain with a tile pot and going to kidnap someone is not advisable in my opinion.”

Zhang Lei said, “I’m just saying, it’s just that that son of a bitch Qiu San is too arrogant.”

“I’m afraid that in Qiu San’s opinion, we’re the ones who are arrogant!” Ji Feng smiled faintly and said, “I’m afraid Qiu San is cursing us with gnashing teeth right now!”

After a pause, he said, “Alright. No matter who is standing behind Qiu San, this matter will not end well! Lei Zi, let’s proceed as planned!”

Zhang Lei nodded and said, "Understood."

Ji Feng said, "Let's go, return the car first, Kai Zi, you're the only one who hasn't shown your face yet, go to Zhao Yang Haoran and bring a car over from him."

It would be very inconvenient in the city without a car, especially as they were still in a special situation!

As for who was behind Qiu San's orders, now Ji Feng was no longer going to think about it, no matter who it was, the other party was definitely coming for himself, then there was nothing to say, just do it!

"Buzz~~!"

Just at this moment, Ji Feng suddenly felt his mobile phone vibrate, he took it out and couldn't help but be a little surprised: "Miss Yao?"

The person calling was surprisingly Yao Yue Ran, whom he hadn't contacted for a long time!

"Young Ji, I haven't seen you for a while, why do you have the leisure to come to our Northeast to play?" As soon as the phone was connected, Yao Yue Ran's voice came over, but it was flirting with Ji Feng.

"A bit of business to take care of." Ji Feng smiled, "It's just that the people on your side don't seem to be too friendly."

"Young Ji, you're being a bit unreasonable when you say that, you're friendly, how come you're still torturing people to the point of almost dying?!" Yao Yue Ran said.

"Are you here to stand up for Qiu San?" Ji Feng asked.

"What do you think?" Yao Yue Ran asked.

Ji Feng then smiled and said, "I don't think so, with your Yao Yue Ran's character, I'm afraid that no matter how lordly Qiu San is, he can't be seen in your eyes!"

Yao Yue Ran said, "Thank you for your comment Well, for the sake of your words, I'm going to do my best as a host, if it's convenient for you now, I'll treat you to dinner?!"

Ji Feng smiled, "It's better for me to treat you!"

"Then should you come over, or should I go pick you up?" Yao Yue Ran asked.

"I'll go over!" Ji Feng said.

Yao Yue Ran then gave Ji Feng his address, and then according to the plan, they first returned the car to the rental company – because Yang Haoran had been accompanying Ji Feng before, Zhao Kai had to go to the rental company and rent a car first, only to take off the license plate.

After picking up Ji Feng and the others from underneath the Qiu Group, Zhao Kai returned the original business car for insurance purposes and rented such a sedan now.

So first they returned the car, then Zhao Kai went to Yang Haoran's place and brought over a business car. In order to prevent being followed, they still took off the license plate, and only then did they go to the appointment according to the address Yao Yuran said.

When he saw Yao Yue Ran, although Ji Feng already knew Yao Yue Ran's character, he was still amazed by her dress.

Under her feet were a pair of boots, simple casual shorts, her snow-white slender legs were exposed, attracting extra attention, while her upper body was wearing a knitted shirt, very ordinary clothing, but on Yao Yue Ran's body it looked relaxed and casual, yet full of personality.

"You're really ruthless, Qiu San can almost walk around in the Northeast, no one dares to touch him, and you just came and gave him a hard slap on the face!" Yao Yue Ran said, "Are you planning to stir things up in the Northeast?"

"He was the one who messed with me first!" Ji Feng said.

"If you had revealed your identity earlier, would Qiu San still dare to mess with you?" Yao Yue Ran said.

Ji Feng smiled and said, "On the contrary, Qiu San knew my identity a long time ago, and he obviously knew that I had something to do with the Tengfei Group, but he still went after the Tengfei Group's office."

Yao Yue Ran smiled, not having frowned, and said, "Are you telling the truth?"

"Not a bit of it is true!" Ji Feng said.

"Qiu San doesn't have that much guts!" Yao Yue Ran said, "Although it's true that he has some power, but if he knows your identity, he definitely won't mess with you, even if the underworld is strong, it can't fight against the state machine! There's no way he wouldn't understand this!"

"But that's the truth!" Ji Feng said, "It's not just Qiu San, behind his back, there's someone else who's directing him!"

"Eh?" Yao Yue Ran was then slightly stunned.

"And that person is probably from your northeast, surnamed Han, I heard that he's a character too!" Ji Feng said.

"Han Yang?!"

Yao Yue Ran blurted out, "It's Han Yang who's directing Qiu San?"

Ji Feng asked, "Han Yang?"

Yao Yue Ran said, "To say that the northeast surname Han, the only one who can instruct Qiu San to move Qiu San is Han Yang as far as I can remember! But why would he target you? Did you have a problem with each other before?"

Ji Feng spread his hands, "Frankly speaking, this is the first time I've heard this name, do you think we have any problems?"

"Then" Yao Yue Ran was just a little puzzled.

"Tell me about this Han Yang?" Ji Feng said, "To be able to be called by your name in one breath, it seems that this person also has some weight, what's his origin?"

“Actually, I don’t really want to talk about this person.” Yao Yue Ran said.

“Why?” Ji Feng asked.

“If I tell you that Han Yang’s family doesn’t deal with my family, do you think the situation of Han Yang that comes out of my mouth will be objective and fair?” Yao Yue Ran said.

Ji Feng instantly smiled, he had long since learned about this particular character of Yao Yue Ran, so he simply said, “When you say so, I’ll just listen, I just want to get a general idea of his situation and see what kind of divinity this is!”

Yao Yue Ran nodded and said, “Han Yang is a member of the Chen family

The moment Yao Yue Ran opened her mouth, she made Ji Feng a little surprised, Han Yang, surnamed Han, how is he a member of the Chen family?

However, before he could ask this doubt, he was interrupted by Bai Zhu: “Young Ji, the call came from home, it was from Yu Xuan.”

Ji Feng made an apologetic gesture at Yao Yue Ran, then took the phone from Bai Zhu: “Yu Xuan, what’s wrong?”

“Ji Feng, just now I received another call from Yang Haoran, the goods we exported to Saudi Russia were intercepted when they were in the middle of the Black Province, the logistics company was unwilling to continue the delivery and unilaterally tore up the agreement!”

Xiao Yuxuan was furious: “I contacted several other logistics companies, but when they first agreed to do it, they all said they couldn’t do it once they heard it was our goods, and that they were going to the Northeast to Russia! Now our goods are all pinned down in the logistics company, and they are still unwilling to send them back, asking us to send someone to pick them up! I asked them why, and they said we had offended someone, have you heard what’s going on over there?”

Ji Feng’s eyes instantly went cold as he said, “I heard, it’s fine, it’s just a little trouble, it will be solved soon

At this moment, Ji Feng was truly angry!

Campus Master Chapter 2420

Seeing that Ji Feng’s face became a bit gloomy when he answered the phone, Yao Yue Ran was a bit surprised and said, “Is something wrong?”

“Nothing!”

The gloomy look on Ji Feng’s face disappeared and he shook his head and smiled, saying, “Go on, tell me what’s going on with that Han and that Chen family!”

Yao Yue Ran then looked at Ji Feng in surprise, the gloomy look on Ji Feng’s face just now, and the momentary flash of murderous intent he had was not a fake, Yao Yue Ran clearly felt it. So Yao Yue Ran believed that something must have happened to anger Ji Feng.

But since Ji Feng was not willing to talk about it, then Yao Yue Ran did not pursue it any further, she was not a gossipy person.

“Ji Feng, if there’s anything you need help with, don’t be polite with me!” Yao Yue Ran said, “Don’t forget, you even treated me to coffee when we were in Yanjing, to put it mildly, I owe you a favor”

“It’s really no problem.” Ji Feng smiled, “If I need help, I will definitely say so. I wouldn’t be polite to ask a friend for help.”

“That’s good.”

Yao Yue Ran was satisfied with Ji Feng’s answer and said, “Then I’ll move on to Han Yang’s matter?”

Ji Feng nodded his head.

Yao Yue Ran said, “Han Yang is also from Ha, his father’s name is Chen Youdao and he is the executive vice governor of Black Province.”

“Then why is his surname Han?” Ji Feng asked.

“He is following his mother’s surname.” Yao Yue Ran said, “Back then, during that **** time, the Chen family was also the target of criticism, and Han Yang’s mother took him and drew the line with the Chen family.”

“So that’s how it is.”

Ji Feng nodded slightly and said, “Do you understand Han Yang’s situation?”

Yao Yue Ran said, “He once courted me, do you think I understand?”

Ji Feng was then slightly stunned.

“However, I turned it down!” Yao Yue Ran said, “Because I felt that he was too sinister, not like a manly man, and most importantly, he was involved in the black!”

“Qiu San? The Baggage Gang?” Ji Feng blurted out.

“That’s just one of the forces!” Yao Yue Ran said, “In both Liao Province and Ji Province, there are also underworld forces attached to Han Yang’s men!”

“That’s no wonder!” Ji Feng said.

To say that even though Qiu San was a mafia lord, it was impossible for him to be so lawless in Black Province, and he had even heard that he could call the city’s leaders his brothers, if there was no backer above him, how could Qiu San have made it this far!

Any leader, I’m afraid, would not be happy to call a triad figure brother and sister, which, I’m afraid, is more afraid of Han Yang!

However, just the son of an executive vice governor dared to be so arrogant?

“Because the old man of the Chen family is still alive!” Yao Yue Ran said, “Like your old man, he also came from the war era, only that there is definitely no way to compare with your old man in terms of rank and prestige and so on is all.”

“So it’s the old man at work!” Ji Feng was then relieved, it seemed that this Chen family’s old man, was also a figure of the older generation.

“There’s another piece of news, I just don’t know if it’s true or not.” Yao Yue Ran suddenly said, “Once when I was at home I once overheard my father say that the old man of the Chen family was not really considered a genro, but his greatest merit was that he had saved a big shot in Yanjing, and that’s why he was later able to level the playing field”

Ji Feng was slightly stunned, no wonder.

Originally, he was still wondering why this Chen family’s old man did not stay in Yanjing since he was an old man who came from the war era, but now it seems that I am afraid that this Chen’s old man was not of sufficient rank.

But since he was not of sufficient rank, yet he could be so powerful, it was surprising that such a reason existed!

“What big shot did he save?” Ji Feng asked.

“I don’t know.”

Yao Yue Ran shook her head slightly and said, “I only heard that it was a big shot from Yanjing, my father’s name at the time was ‘that old man’, I wouldn’t know exactly who it was, and I didn’t want to know at the time!”

Ji Feng frowned: “That old man?!”

Yao Yue Ran nodded and said, “I’m afraid that this is another superpower, I think!”

“This is the capital of Han Yang’s arrogance!” Ji Feng said in a deep voice.

“In this small place of ours, having such capital can totally walk across the street.” Yao Yue Ran said, “Over the years, Han Yang has been desperately trying to make money and has become more and more arrogant, especially after he hooked up with Yanjing’s line.”

“Yanjing’s line?” Ji Feng asked, “What does that mean?”

“You’ll find out later!” Yao Yue Ran said, “Right now I don’t really want to talk about it, why don’t we eat first?”

Ji Feng then smiled and said, “Alright then, you choose the place, I’ll pay for it!”

For a girl like Yao Yue Ran, Ji Feng is not good at asking too much questions, she is not the same as other girls, and does not have scruples or fears because of her status, besides, Yao Yue Ran can now say this is already considered a big help.

At least, originally Ji Feng was just a wild guess, thinking that the mastermind behind Qiu San might be the one surnamed Han, because he knew a powerful one in the northeast surnamed Han, but I never thought it would be confirmed by Yao Yue Ran.

It's probably that Han who's behind all this!

"What are you going to do next?" Yao Yue Ran asked as he ate.

"Cool it!" Ji Feng smiled and said.

"You'd better be more careful!" Yao Yue Ran said, "Qiu San is especially ruthless, he has human lives on his hands, and I'm afraid there's more than one."

"Can't he still do me in?!" Ji Feng asked.

"You don't know these people who are in the underworld, so you don't know how ruthless they are." Yao Yue Ran said, "You'd better be careful!"

Ji Feng's eyes then narrowed slightly and said, "If Qiu San really has the guts to do this, then I would rather hope that he can move quickly, otherwise, even if he doesn't come to me, I will still go to him!"

There are some things that will never be given up in peace!

Ji Feng's words when he left Qiu's group were not meant to intimidate Qiu San.

This matter was not over!

Qiu San and the mastermind standing behind him, Ji Feng will not let go, no matter who it is or what the other party's identity is!

All wash their necks and wait!

The first time I heard that, I was not the least bit surprised, what was Ji Feng's status and what was Qiu San's status?

He would not allow such a guy from the underworld as Qiu San to bounce around in front of him like that?

If it was not Ji Feng who came from the Tengfei Group this time, then perhaps there would still be some buffering room for things, and perhaps he would still be able to sit down and talk, but since Ji Feng himself had come, how could he sit and negotiate with a mobster?

I'm afraid that in the eyes of these top youngsters like Ji Feng, Qiu San, the godfather of the mafia, who is a powerful force in the northeastern mafia and who is all-powerful in black and white, is actually nothing more than a jumping clown.

In fact, in Yao Yue Ran's eyes, Qiu San was also not in the top class.

"However, the person standing behind Qiu San" Yao Yue Ran looked at Ji Feng and said, "What are you going to do?"

"People are bullying me over the head, there has to be something to show for it!" Ji Feng smiled faintly, but in his heart he coldly snorted, "Chen family, Han Yang"

“Eldest Miss, the call from the master.”

Just at this moment, Yao Yue Ran’s bodyguard suddenly walked over with a mobile phone.

Yao Yue Ran immediately picked up the phone, “Dad Well, yes, he’s here, sitting across from me”

A moment later, Yao Yue Ran covered the phone microphone and looked at Ji Feng, saying, “Young Ji, my father wants to meet with you, will you give this face? If you agree, my father will move to come over now”

Ji Feng smiled and said, “Thanks to your father for looking up to me, however, right now I have things to do, when I finish this matter, I will definitely pay your father a visit.”

Yao Yue Ran then conveyed Ji Feng’s meaning to her father and hung up the phone after saying a few more words.

Since there were still things to do, Ji Feng did not drink, and the meal went much faster, and soon the meal was over.

And then, Ji Feng offered to say goodbye.

Yao Yue Ran was just about to say something when her mobile phone rang again, and when Yao Yue Ran saw the caller ID, her eyebrows did not have to frown.

She glanced at Ji Feng and said, “Han Yang is calling!”

Ji Feng was slightly stunned and did not say anything.

Yao Yue Ran then picked up the phone and said, “Han Yang, I remember I told you that if there is no business, I hope you won’t disturb me!”

“..... How did you know?!”

Not long after, Yao Yue Ran snapped alertly and asked, “You sent someone to spy on me?!”

There was no telling what was said on the other side of the phone, Yao Yue Ran then frowned at Ji Feng’s side and said, “Wait a moment, I’ll ask him what he means.”

Saying that, Yao Yue Ran whispered to Ji Feng, “Han Yang wants to talk to you.”

Ji Feng, however, did not answer in a hurry, but turned the still unlit cigarette in his hand and asked, “How did he know I was here?”

Yao Yue Ran said, “You suspect me?”

Ji Feng shook his head and said, “I’m just a little curious, but I’m sure my whereabouts weren’t revealed by you! Because this is not your character!”

Yao Yue Ran had no need to betray him, he, Ji Feng, was not a fugitive, he was just temporarily at a disadvantage because he was now short-handed and in someone else’s territory, but even if he fell into the hands of Qiu San or the police, those people would not dare to take his life!

So Yao Yue Ran had nothing to gain by betraying him!

However, Ji Feng was a bit curious as to how Han Yang's information was so well-informed, as it had not been two hours since he came to see Yao Yue Ran, and Han Yang already knew his whereabouts!

Yao Yue Ran said, "Because the entire Dao of Ha City is now looking for you! Almost the whole of the Baggage Gang is out in force! Also, I received news before you came that the police had also sent out quite a few police officers, also looking for you!"

"This is the legendary police family, right?!" Ji Feng smiled.

"The name of the police is to protect you!" Yao Yue Ran said, "Moreover, the people of the packet gang did not explicitly say they were looking for you, just that anyone with a discerning eye could see it Han Yang is still waiting for a reply, will you see or not?"
