

Campus Master 2421

“See!”

Ji Feng smiled faintly, “Why don’t you see? Frankly speaking, I really want to meet this young master Han!”

Ji Feng really wanted to ask this rampaging Northeast Young Master Han face to face, what had he done to offend him that made him go to such lengths to impact the entire market of the Tengfei Group in the Northeast, and even the goods destined for Tsarist Russia had been intercepted!

This was a slap in the face of the Tengfei Group, and could even be said to be destroying the Group’s international credibility!

If the goods don’t arrive on time, there will be at least some trouble, and once the news spreads, this will definitely have a significant impact on the Tengfei Group’s credibility.

This young master Han’s two-pronged approach has first cut off the sales channels of the Tengfei Group in the Northeast, and then cut off the sales channels to Saudi Russia.

Well!

This is a very poisonous move!

Ji Feng had a smile on his face, but there was not the slightest smile in his eyes, instead his eyes became colder and colder, his murderous intent flashed from time to time, and his aura was biting!

Yao Yueyan was about to give Han Yang a reply, but Ji Feng put his hand over and said, “Forget it, I’d better talk to him!”

Yao Yuran hesitated for a moment, but still handed the phone to Ji Feng.

“Hello? Hello?”

Ji Feng had just put the phone to his ear when he heard a man’s voice coming from the receiver, “Yue Ran, what’s wrong, say something, why is there no voice”

This is Han Yang’s voice?

A cold light flashed in Ji Feng’s eyes and he said expressionlessly, “You’re a bit noisy!”

“.....”

All of a sudden, the voice on the phone came to an abrupt halt, and then after a few breaths of time, Han Yang asked, “Who are you?”

Ji Feng said, “Don’t you want to see me?”

“Ji Feng?!”

Ji Feng’s voice steeply raised a few points, and there was some hesitation, but soon he laughed and said, “Ji Shao, how come you don’t speak a little when you come to Black Province, I’d also like to do my best as a host hahaha!”

Ji Feng said indifferently: "You have already done your best!"

"Ha Ji Shao is polite, how about coming out together to sit and have a couple of drinks?" Han Yang said smilingly, as if he didn't understand the meaning of Ji Feng's words at all, but it was a bit ironic, Ji Feng was too polite Tengfei Group was treated so well in Black Province, what did Ji Feng need to be polite about?

Ji Feng's expression remained unchanged, only his tone became more and more flat: "Drinking is not necessary, I have a problem with this person, I can't control my temper after drinking!"

"..... Hehe! That's quite a coincidence, I'm a person with this same trait, it's hard to control my temper too!" Han Yang said with a smile, "And once I get angry, I get a bit"

"You should know where I am now, I'll wait here for you for twenty minutes!" Ji Feng bluntly interrupted Han Yang's words, he had nothing to be polite with Han Yang, there was even less point in verbally exchanging words on the phone, and he didn't want to listen to Han Yang continue to rave.

"....."

The Han Yang on the other end of the phone then paused and said, "Good, don't wait for me!"

After saying that, Han Yang hung up the phone directly, not giving Ji Feng a chance to speak at all, he seemed to be responding to Ji Feng's move of interrupting him just now in this way.

Needle point, against wheat man!

Just over the phone, the head-to-head exchange between Ji Feng and Han Yang had already begun!

Moreover, during the call, Han Yang was even sharper and more aggressive than Ji Feng.

Ji Feng's identity did not seem to put any pressure on Han Yang.

..... In fact if he really scorned Ji Feng's identity, there wouldn't be any of these things.

"Heh!"

Listening to the busy tone coming out of the receiver, Ji Feng smiled, handed the phone back to Yao Yue Ran and said, "Thanks. Please go back, I have some business to attend to here."

Yao Yue Ran said, "You're going to wait for Han Yang here?"

Ji Feng did not avoid her when he spoke with Han Yang just now, and although she did not hear what Han Yang said, she was able to deduce the content of their conversation from Ji Feng's words.

Ji Feng nodded and said, "That's right, this is a matter between me and Han Yang, so you should stay out of it."

Yao Yue Ran said, "I know you're doing this for my sake, but after all, Han Yang called me on my mobile phone, so it's hard not to have anything to do with me in this matter Ji Feng, don't be too busy to refuse first, you don't know Han Yang as a person, he'll do anything, and now that he knows you're Here, if I leave now, in case he does something, when the time comes, I'm afraid you won't be able to find anyone if you want to ask for help!"

Ji Feng frowned and asked, "Is he really that bold?"

This was not the first time he had heard someone say that Han Yang was ruthless, He Hongwei had said it once before, and now Yao Yue Ran was saying it again, which made Ji Feng very curious, just how ruthless was this young Han Yang Han to make both He Hongwei and Yao Yue Ran say such things about him?

At this moment, Ji Feng became even more interested in this young Han.

"He's not bold, but too arrogant!" Yao Yuran said, "But I have to say, this person is also very smart and very sleight of hand you will naturally know after you get in touch with him."

"Then I'll have to meet him even more!" Ji Feng said.

"I'll stay here with you!" Yao Yue Ran immediately said, "Or you can change the place of meeting, you can move to my place, or I can help you find a more suitable place!"

This was just an ordinary restaurant, with Han Yang's energy in Ha, it would be too easy for him to do something to Ji Feng!

And by chance, this person really dared to do so!

Yao Yue Ran would not stand by and watch something happen to Ji Feng here, not even if there was only a slight possibility.

Because ever since Han Yang put the call on her phone, this has had something to do with her, Yao Yue Ran, not to mention she hates Han Yang but not Ji Feng!

"Here it is then!" Ji Feng said, seeing that Yao Yue Ran insisted, Ji Feng was really not good enough to refuse.

.....

It didn't take twenty minutes, about fifteen minutes or so, Han Yang arrived. Only, however, he still brought three people with him.

These three people looked very tough at first glance, obviously they should all have kung fu, they are Han Yang's bodyguards.

Zhang Lei couldn't help but sneer, what Han Da Shao, is only so much guts, now at a disadvantage is obviously them, but Han Yang came to see them actually brought bodyguards, and also let them follow the box to what boldness!

The first time he met the young man he had heard of, the young man was about thirty years old, not very tall, about one meter seventy-five, slightly thin, he had no advantage in front of Ji Feng, saying that it was like a child is a bit exaggerated, but Ji Feng sat there and only needed to raise his eyes slightly to be able to see Han Yang's face.

If Ji Feng stood up, it would be enough to look down on him!

"Young Ji, I've heard a lot about you, but it's still only the first time we've met." Han Yang smiled and extended his hand to Ji Feng.

“Have a seat.” Ji Feng didn’t even look at his outstretched hand and just said indifferently.

Even, Ji Feng didn’t even get up as he sat there.

Han Yang’s expression then gloomed for a few moments, the smile on his face instantly disappeared, and he gave Ji Feng a deep glance and said, “It seems that young Ji doesn’t seem to give much face!”

“Face is earned by oneself!” Zhang Lei sneered, “For a hypocritical and sinister person, why should I give face when I’m sure I can’t be friends?”

“Young Ji, is this how you discipline your subordinates?” Han Yang, however, said that he didn’t pay any attention to Zhang Lei, but stared at Ji Feng and said indifferently.

“He’s my brother!”

Ji Feng said indifferently, “His words mean that they are my words!”

Han Yang’s eyes became even more gloomy as he stared at Ji Feng and said in a deep voice, “So, in that case, Ji Shao doesn’t intend to talk?”

Ji Feng said, “I had no intention to talk to you either, I called you over, I just have a question to ask you

He sat down on the chair with a big sword and gold horse, and his gaze suddenly stared at Han Yang.

In this instant, no matter if it was Yao Yue Ran who was sitting at the side without speaking, or Han Yang who was across from Ji Feng, and the three bodyguards who were following behind him, they actually had an illusion, as if Ji Feng sitting there actually had an aura that made their hearts jump, and a feeling of not being angry.

“Humph!”

This feeling made Han Yang very uncomfortable, and he couldn’t help but snort coldly and said, “What do you want to ask, say!”

Ji Feng stared at him and asked in a deep voice, “Let me ask you, why did you lay hands on the Tengfei Group, where did the Tengfei Group offend you? Or have I ever offended you?!”

When Han Yang heard this, he couldn’t help but laugh and said, “Young Ji, you’ve wronged me a bit with that, I haven’t done anything. How could I possibly go against the Tengfei Group? In fact, I can’t wait to cooperate with Young Ji and with the Tengfei Group!”

Ji Feng said indifferently, “Say what you’re up to!”

Han Yang smiled and asked, “Is Ji Shao interested in a cooperation?”

Ji Feng asked, “What kind of cooperation?”

Han Yang said, “I heard that the Tengfei Group has newly developed a new type of alloy, and its performance is not bad?”

Ji Feng understood what was going on as soon as he heard it, as expected, it was the same as what He Hongwei said, Han Yang's ultimate goal was on the new chrome alloy, as for shocking the Tengfei Group, it was just his means.

"Simply delusional!" Zhang Lei sneered, "Are you dreaming? Or are you just out of your mind? You think you can get the alloy in this way?"

"Young Ji, why don't you think about it?" Han Yang, however, ignored Zhang Lei and just looked at Ji Feng, smiling.

"What if I don't agree?" Ji Feng asked.

"Ji Shao don't rush to refuse first, why don't you listen to my conditions first?" Han Yang said with a smile and a confident look, "Five hundred million dollars for the right to use the alloy and the process, what does Ji Shao think?"

"Ho!"

Ji Feng gave a non-committal smile and said, "A big deal!"

Campus Master Chapter 2422

Han Yang said, "Young Ji, I have taken out enough sincerity, and I guarantee that as long as we cooperate, any products of the Tengfei Group will be able to travel unhindered in the Northeast in the future, including those exported to Saudi Russia, and they will be green light all the way with me. In addition, I also have some connections in Tsarist Russia and can help you with promotion."

"Of course, in the ports in the Northeast, the Tengfei Group can also have priority in using them, in a word, but I, Han Yang, will fully support all the products and activities of the Tengfei Group, what do you think?"

"Not good!"

Ji Feng did not speak, Zhao Kai spoke first, he said in a deep voice: "How valuable the new chrome alloy is, as long as one is not stupid, five hundred million dollars to try to buy the process of the alloy, don't young Han think it's a bit of a fantasy?"

Han Yang said, "Please note that I am only buying the right to use the alloy and the process, not the patent, even if our deal is successful, the patent of the alloy is still in the hands of the Tengfei Group, how you use it has nothing to do with me, of course, how I use it, you should not ask too much, this condition is generous enough, right?"

"Very generous indeed!" Ji Feng said indifferently, "However, what if I don't sell it?"

"Young Ji, I think you might not have heard my meaning clearly."

Han Yang said, "Apart from the five hundred million dollars in cash, there is also the unimpeded access to the sales channels of the Tengfei Group, if this is not enough to impress Ji Shao, then the several ports in the northeast can be given to the Tengfei Group for priority use, this condition is quite good, right? As far as I know, a large portion of the Tengfei Group's exported goods have to go through the ports in the Northeast!"

Yao Yuran, who had been listening quietly, frowned slightly when she heard these words.

Zhang Lei was even more furious as he stared at Han Yang, his eyes cold and bitter.

This son of a bitch deserved to die!

First he let people hit the market of the Tengfei Group in the northeast, and then he broke the channel to Saudi Russia, and now he is actually talking about the port Han Yang is clearly telling Ji Feng, if you don't agree, the sales channel of the Tengfei Group in the future, I'm afraid it won't be safe.

Especially, Han Yang has just started to show his strength, let Ji Feng know that he has this ability to cut off the market of Tengfei Group in the whole Northeast, and even can also affect the exports of Tengfei Group.

This is not just for the Kang Yuan slimming powder, if the next talks fall apart, then the 3D TV sets of the Tengfei Group, including future products, will be greatly affected, I'm afraid.

This is a clear case of holding a big stick in one hand and a carrot in the other, forcing Ji Feng to choose for himself!

He was simply arrogant, not putting Ji Feng in his eyes at all!

"Young Han is forcing me!" Ji Feng said.

"I dare not."

Han Yang smiled and said, "Actually, I do hope to make friends with Ji youngster, but I know that Ji youngster usually has a lot of time on his hands, so I'm afraid he doesn't see me, a poor boy from the backwoods, so I have to use this method, so please forgive me if I've taken the liberty."

"Let's talk about that later."

Ji Feng waved his hand and said, "If I tell you that I won't agree to any of the conditions you've put forward, what do you think?"

Han Yang said, "I believe that Ji Shao is also willing to have more friends rather than more enemies, after all, even if Ji Shao is powerful, he can't always shake the whole country, there are always places where Ji Shao's hands can't reach, isn't there?"

Han Yang was confident, because he had done his research, a large part of the goods of the Tengfei Group were exported to foreign countries through the ports of the Northeast and Jiangzhou, if he broke the channel of the Northeast, at least it was like cutting off half of the export volume of the Tengfei Group.

This is not a good thing for the fast-growing Tengfei Group.

Besides, he, Han Yang, was definitely not like what he claimed himself to be, just a poor kid in the middle of nowhere, so he wasn't afraid of Ji Feng!

What was more crucial was that Han Yang thought that since he came here and met Ji Feng, he had put up a low enough posture and had sort of given Ji Feng face.

With both face and face, Ji Feng would definitely make the right choice as long as he wasn't stupid.

This was Han Yang's confidence!

Therefore, after saying these words, Han Yang looked at Ji Feng with a smile, waiting for him to give a reply.

"Of course, if Ji Shao is unable to make a decision for a while, there is no rush, Ji Shao can think about it carefully"

"No need to think about it!"

Ji Feng directly interrupted Han Yang's words, stared at the other party and said in a deep voice: "Han Yang, I can reply to you right now, the conditions you have proposed, I do not agree!"

The smile on Han Yang's face froze abruptly.

"In addition to that, my Tengfei Group's market was hit, the office was smashed, the staff was beaten, all these things need to be accounted for and someone needs to pay the price for it!" Ji Feng said coldly.

"Ji Shao is not going to reconsider?" Han Yang's face also sank as he asked, "Ji Shao, don't forget that many friends make many roads!"

"I, Ji Feng, do like to make friends, but, I definitely don't accept coercion, let alone being friends with despicable people!" Ji Feng's words were powerful, and he sat there without even using any hand gestures, it was enough to be imposing: "The path offered by a despicable person, I'd rather not take!"

Han Yang's face instantly turned blue as he said in a deep voice, "It seems that young Ji is going to cut his own throat?"

"Cut your own throat?"

Ji Feng sneered and said, "I don't think so! My path has always been wide, if someone wants to be a roadblocker, then I would never mind smashing it, stepping on it, or just throwing it into the trash!"

With a huff!

Han Yang stood up sharply, anger flashed in his eyes, and said in a deep voice: "Young Ji, don't say it so absolutely first, I can give you a few days to think about it again."

Ji Feng waved his hand and said, "No need to think about it, I have already finished what I should say.

Han Yang asked in a deep voice, "Oh? How do you want it not to be over?"

Ji Feng said, "Someone must pay for this!"

Han Yang immediately said angrily, "Then, let's see what happens! I'd like to see how Ji Shao will make someone pay the price!"

"You'll see!"

Ji Feng said very seriously, "And, it will be very soon!"

Han Yang instantly snorted coldly, “Humph! Since that’s the case, then I, Han Yang, will accompany you to the end! Say goodbye!”

Ji Feng said indifferently, “Take your time, I won’t see you off!”

Han Yang turned around and left with a flip of his sleeve, Ji Feng’s attitude made him angry.

Looking at Han Yang’s departure, Ji Feng’s face was calm, but anyone could feel that underneath this calmness, what was hidden was most likely a violent storm!

“Ji Feng, you” Yao Yue Ran wanted to say something, but thought about it but did not say.

“Is it that you think I’m too arrogant?” Ji Feng asked.

Yao Yuran shook her head and said, “No, I just think that you’re not a bit reckless to offend him so badly now that you’re still in the northeast?”

Ji Feng smiled, “If this is called recklessness, then what is Han Yang’s behaviour?”

Yao Yue Ran said, “After all, a strong dragon can’t suppress a snake on the ground!”

Ji Feng stood up and said, “That’s not necessarily true!”

As the saying goes, a strong dragon does not suppress a snake on the ground, but there is another saying besides that

Not a fierce dragon but a river!

“Miss Yao, I’ve given you trouble today, when this matter is over, I will definitely pay a visit to your father.” Ji Feng said, “Let’s leave it at that for now, I’ll also take my leave.”

“Ji Feng, listen to my advice, just stay at my place, no one usually lives in this house of mine” you guys live here, Han Yang won’t dare to touch you easily”

“No need.”

Ji Feng smiled, “Miss Yao, I appreciate your kindness, but this is my business, it’s better not to bother others!”

Yao Yue Ran had to nod and said, “Alright then, if you need any help, call me directly.”

She was not one to be polite and spoke straightforwardly, and since Ji Feng would not let her help, she did not insist anymore.

Afterwards, Ji Feng said goodbye and led Zhang Lei and the three others away.

Yao Yuran looked at Ji Feng’s big strides, and the dragon’s tiger’s stride contained a vague aura, and somehow a phrase suddenly appeared in her mind – not a fierce dragon but a river!

Yao Yue Ran suddenly felt that even in this unfamiliar Northeast China, Ji Feng could still stir up the stormy clouds and create shocking waves!

After waiting until Ji Feng and the others drove away, Yao Yue Ran took out her mobile phone and dialed a number: “Dad, Ji Feng has left, just now Han Yang came to”

She quickly stated what had just happened.

The person on the other end of the phone said, "It seems that Ji Feng doesn't want our help and is unwilling to owe a favor."

Yao Yue Ran said, "He seems to be like this, back in Yanjing, I just told what I saw and helped him as a witness, and he thanked me again and again."

"He doesn't want our help, I'm afraid he's going to suffer this time!"

Yao Yue Ran's father said, "The Chen family's power in the northeast is so intricate, it has been accumulated over many years, just one Han Yang, in this part of the northeast, I am afraid that Ji Feng may not even be his opponent with just a few people with his bare hands, let alone fighting with the Chen family."

"Dad, I think it's best not to jump to conclusions so quickly!" Yao Yue Ran said, "A top-level gentry like Ji Feng, that circle of his is not something we can understand, so we are not sure what kind of huge and terrifying energy someone like him actually possesses!"

"Even if he has more energy, but in this part of the Northeast, he may not be able to fight Han Yang, and even if he can fight Han Yang, there is still the Chen family behind him!" Yao Yuran's father said, "Chen Youdao is an old fox who is very resourceful girl, you have to find a way to help Ji Feng, sending charcoal in the snow is far better than adding flowers to the brocade!"

Yao Yue Ran said, "I think, Ji Feng has his pride! Moreover, this time I always feel that Ji Feng may not lose!"

"Oh?"

Campus Master Chapter 2423

"Giving shame!"

Han Yang flung his hand away, and his face still didn't look too good until he sat in the car.

He didn't expect Ji Feng to reject his offer so dryly, and even openly wanted him to pay the price, which made Han Yang extraordinarily annoyed.

"Do you really think that because you are the youngest of the Ji family, no one dares to mess with you?" Han Yang couldn't help but snort coldly, "In this northeastern mu of land, even if you're a dragon, you still have to coil up for me! I'd like to see just how long you can be tough!"

"The youngest of the Ji family, the top gentry I pooh!"

Han Yang laughed coldly as he grimaced ironically.

He took out his mobile phone and dialed a number, and when the call was answered, he said, "I just went to see Ji Feng, and he refused my offer!"

A voice came over the phone, "To be expected! I told you a long time ago that he probably wouldn't be coerced by you, this man was a wild child since he was a child, I guess he didn't learn anything else outside, but he has grown a hard bone."

Han Yang said, "Humph! Hard-headed? If the Ji family wasn't here, he'd be nothing! If he hadn't had the Ji family on his side, he would have been smashed to pieces even if he was made of iron!"

The other party said, "But it's true that the Ji family is covering him now, that's a fact."

"That's fine, the Ji family's hands can't reach out to the northeast!" Han Yang grunted, "Besides, I didn't intend to make a move against Ji Feng, I just knocked on the Tengfei Group, the Ji family won't make a big deal out of it!"

"You'd better pay some attention."

The other party said, "Although it is said that the Ji family is now consolidating their faction, and Ji Zhenhua is also busy pushing forward with reforms, so he should not make any big moves because of the Tengfei Group, but Ji Feng himself is not to be underestimated, the most noteworthy thing is his force, you'd better not capsiz in the gutter!"

Han Yang immediately laughed: "Force? No matter how strong the force is, can it be compared to a bullet? No matter how good your kung fu is, one shot will take you down!"

The other party immediately said, "Han Yang, I advise you to immediately dismiss this idea, if you don't want to provoke the Ji family's anger and thus cause a big game of factions, you'd better not touch Ji Feng."

"Don't worry, I have no intention of moving him!"

Han Yang said, "I'm just knocking around the Tengfei Group now, to teach him a lesson. I plan to cut off all of the Tengfei Group's shipments through the port next as well, so that the Tengfei Group will have a physical pain for a while first, and once they feel the pain, then Ji Feng will naturally know that working with me is the best option!"

The other party said, "You think Ji Feng will bow down so easily?"

Han Yang laughed, "Everything is possible! As long as we force the Tengfei Group out of the way, when the time comes, I will lower my posture, apologize to Ji Feng, and take some initiative, how can Ji Feng not go down on the slope? Although he is a top prince on the same level as you, in this Northeast, he is just an outsider who is unfamiliar with the country and can't make any waves, in the end he can only meekly cooperate with me!"

"You'd better not be too confident, be wary and think a little more!" The other party reminded, but his tone was much softer, obviously also agreeing with Han Yang's plan, because he knew that this person Han Yang still had a lot of brains, otherwise he wouldn't have counted even He Hongwei to owe him a favor in the first place.

Han Yang laughed and said, "Don't worry, I know what to do, our purpose is alloy, it's not like we're going to fight Ji Feng to the death, I have it in mind!"

"That's good! That's it, I still have some things to take care of on my side." The other party said, "By the way, don't let Ji Feng know about the relationship between the two of us, otherwise, he won't cooperate with you even if you put a knife to his neck, remember?"

Han Yang said, "Don't worry, you've arranged it so many times, how could I not remember?!"

“Alright then, hang up.”

After the other party finished speaking, he directly hung up the phone.

Han Yang did not have to grimace and said to himself, “So much for repeatedly bugging me? Hmph! You yourself aren’t even a match for Ji Feng, instead you’ve been messed up, and you’re lecturing me

Then, he laughed again, a smug look surfaced on his face, “Ji Feng, since you have such a backbone, well, I’ll show you what you really are in the Northeast!”

Han Yang took his mobile phone and dialed out one number after another

“Damn it!”

Zhang Lei, who was driving, sank his face and slammed his fist on the steering wheel, angrily saying, “That son of a bitch is simply bullying people too much!”

Zhao Kai’s face was also a bit unsightly, Han Yang was too wild, those who didn’t know thought he was the top magistrate, while Ji Feng was just an uncouth youngster.

What annoyed Zhao Kai the most was that Han Yang had sent people to storm the market of the Tengfei Group, smashed the Tengfei Group’s office in Black Province, and even beat up one of the employees who was seriously injured, which in Han Yang’s opinion was surprisingly just a means to show off his muscles to Ji Feng, and in Han Yang’s mouth, there was not even the slightest mention of these things!

“Han Yang is too wild!”

Zhao Kai said in a deep voice, “And too arrogant! He’s emboldened!”

Zhang Lei said, “Crazy, what are you going to do? If you don’t do anything, I won’t be able to stand it anymore, so I’ll go and take that bastard out and beat him up to take my breath away! If I wait until the plan starts, I’m afraid I’ll die of anger!”

Ji Feng shook his head and said, “What’s the point of beating Han Yang up? Against this kind of person, just beating him up won’t work!”

“Buzz~~!”

Suddenly, Ji Feng’s mobile phone vibrated, he took it out and took a look, then he smiled faintly, “Lei Zi, the people have arrived, let’s go over there!”

Zhang Lei’s eyes instantly lit up, “Arrived? All sit tight, I’m going to speed up!”

With a roar of the engine, Zhang Lei gave a fierce kick on the accelerator, the commercial vehicle lurched forward and spun off with a roar!

He couldn’t care less about fuel consumption at this point, let alone whether he damaged the engine, he couldn’t wait to get there in the next second.

In a hospital ward, in the city of Harbin.

“Third Master, Third Master!”

“What is it!”

Qiu San glared at the middle-aged man from the pack who had walked in in a panic with a black face, “Is the sky falling? So panicky?”

The middle-aged man hurriedly said, “Third master, the people underneath are not doing their job properly and have lost the man”

Qiu San was instantly enraged, “What?!”

“Third Master, the people from the Tengfei Group are driving too fast, our men didn’t follow them!” The middle-aged man said, “When we found the car before, we found the other party at one of Miss Yao’s properties, then our people didn’t dare to follow too close, they just followed from afar, but then the other party suddenly left and the people underneath didn’t react, so”

“Rice bucket!”

Qiu San was instantly furious: “How could you guys lose the people? Send someone to look for them immediately!”

The middle-aged man hurriedly said, “Yes”

“Wait!”

Qiu San stopped him again and said, “I have a list here, send someone to inform these people that from now on, they are no longer allowed to sell Tengfei Group’s products, otherwise, they are not good enough for me, Qiu San, let them do it themselves!”

The middle-aged man immediately picked up the list from the bedside table, “Master San, this is”

Qiu San said, “This is the list of all the companies and distributors selling Tengfei Group products in Ha City on the front, and the entire Black Province on the back, you get this done first, tomorrow I will give you the list for Liao and Ji Provinces, remember, they are not allowed to sell any of Tengfei Group’s products, whether it’s Kang Yuan slimming powder, or 3D TV sets, remember?”

“Yes! Third Master, just keep an eye on it, I’ll send out all my brothers at home when I get back to make this time proper!” The middle-aged man patted his chest and promised.

“Go on!”

Qiu San was satisfied and said, “Also, send some more brothers to look for those little brutes, and contact more brothers from the police, after all, they have the surveillance of all the intersections, so it’s easier to find them than us!”

The middle-aged man immediately nodded, “Yes, Third Master.”

After the middle-aged man left, Qiu San couldn’t help but snort coldly, “So what if you’re a big boss, Ji Feng, torturing me like a dog, today I’ll make you look good! I’ll see what kind of storm you can make in Black Province!”

Thinking about what Han Shao said, Qiu San could not help but reveal a trace of ruthlessness, with Han Shao on top and him Qiu San cooperating below, he still ate up the Tengfei Group, what could Ji Feng do even if he was angry and hit the wall?

“Hey

He had cleaned up countless people in his life, from ordinary people, to company bosses, and even some officials, but he had never cleaned up a young man from a family, and this time, he had opened his eyes to Ji Feng!

A few moments later, Qiu San dialed a phone number with the finger that was only exposed: “Young master, my men lost Ji Feng and his men

“It’s alright, they can’t afford to make any waves!” The Han Yang on the other end of the phone just said casually, “I’m afraid he’s pissed off right now, he might be throwing a mute fit of hate somewhere! Qiu San, have you done everything I asked you to do?”

“Don’t worry, I’ve already made the arrangements, by the day after tomorrow at the latest, there will be no more products from the Tengfei Group on the shelves in the entire Northeast!” Qiu San said.

“Good!” Han Yang was satisfied.

.....

In the evening, in a villa in Ha City, a group of people were present, and sitting at the top was the middle-aged man who had been doubly respectful in Qiu San’s ward, and he was the head of the packet gang.

“Brothers, you all have the list.” The middle-aged man looked at his men sitting in two rows and said loudly, “This is what Master San has arranged down, so you all go to each of these bosses’ homes tonight according to your own precincts and discuss with them?”

“Haha

The others burst into laughter, discussing and discussing with their baggage gang, with the authority of the third master in the northeast, seeing them go to those bosses will not be scared shitless, still dare to discuss with them?

The middle-aged man added: “As for the other brothers, all give me to keep a close eye on the channels of the Tengfei Group, the third master has spoken, to make the goods of the Tengfei Group extinct in the northeast!”

“Yes!”

The men below boomed in agreement.

However, at that moment, all that could be heard was a sudden loud bang from the villa’s living room door: “Boom...!”

Campus Master Chapter 2424

However, just at that moment, all that could be heard was a sudden loud bang coming from the villa's living room door: "Boom-!"

Everyone, including the middle-aged man, couldn't help but be startled and turned their heads violently to look.

The next moment, they were stunned to find that the door, which had been closed tightly due to the meeting of the gang's senior management, had been kicked open.

The middle-aged man sitting at the top of the table was furious and was just about to rebuke the guards outside when he suddenly saw a group of people in camouflage uniforms rushing in, dressed in military uniforms, with military caps on their heads and carrying what appeared to be shovels or something.

What was most startling to the middle-aged man and everyone else present was that all these men in camouflage uniforms were also holding submachine guns!

The army?!

This word instantly flashed through everyone's mind, and the middle-aged man seemed to have realised something, and was even more shocked as he stood up in a panic and was about to go forward.

But at that very moment, only to hear the group of soldiers shout!

"Everyone, crouch down with your hands on your head!"

"Crouch down immediately!"

"Anyone who moves will be shot on the spot!"

.....

Everyone was dumbfounded.

They could not have imagined that a group of soldiers would suddenly come into the villa, when did they provoke them?

Even if they were soldiers, did they dare not give face to the Third Master? Didn't they know what kind of place this was?

"Where are you troops from, we are Master Qiu San's men" one of the hall masters of the packet gang bellowed, raising Qiu San's name, trying to use it to shock these big soldiers.

"Boom!"

The nearest soldier didn't say a word, he came up and pounded the butt of his gun into that hall master's stomach, in a flash, that hall master only felt that his internal organs were shifted by this blow, his stomach was spasming and convulsing, and the dinner he had just eaten spurted out instantly.

"Vomit"

"BOOM!"

Another rifle butt slammed into his back, a sharp pain coming at the same time as the immense force instantly slammed him to the ground.

“Holy shit

“If you dare to talk any more nonsense, I’ll shoot you dead!”

When the soldier aimed the black muzzle of his gun at that hall master’s head and his cold voice rang out, that hall master’s voice instantly came to an abrupt halt, and the words that he hadn’t finished cursing were swallowed back into his stomach.

If he cursed again, the soldier would really dare to shoot him!

Similar scenes happened in every corner of the villa’s wide living room, everyone present was shocked by these soldiers who suddenly rushed in, and then thinking that with the backing of the Third Master, these soldiers wouldn’t dare to do anything to them, they were about to resist, only to be beaten to the ground by these soldiers without mercy!

“Bang!”

Suddenly, a gunshot rang out, shaking the entire villa, and the living room instantly fell silent as all of them, including those who had been beaten, looked in the direction of the gunshot.

Only to see an officer, also in military attire, holding a pistol in his hand, pointing it in a direction next to the main seat, the shot just now had obviously been fired by him.

Looking in the direction his gun was pointing, I saw a man also holding a pistol in his hand, but in the middle of his forehead, there was a bloody hole, blood and some thick pulp were gurgling out

This man had been shot in the head!

All the people who saw this scene felt chills running up their bodies and their skulls tingling!

The man who was shot in the head was known to all the hall masters and big brothers present. This man was the bodyguard of the gang leader and was quite skilled, and had even been praised by Brother Leopard who was beside the Third Master.

I’m afraid he just saw the soldier coming and tried to draw his gun and shoot, only to have his head shot off!

“Anyone who resists again, don’t blame the gun in my hands for being merciless!” The officer shot a guy, but did not even blink, just coldly stared at everyone present.

“All of you get down!” The officer bellowed coldly.

“Hullo~!”

This time, no one had the slightest hesitation anymore, everyone honestly lay down on the ground, not daring to make the slightest movement anymore, including the middle-aged man sitting at the top, the leader of the pack, who could only honestly lay down on the ground, his face, still with a touch of shocked trepidation!

Because the one who had been shot in the head was his bodyguard, and was only two metres away from him!

“Gangsters?”

The officer swept a glance at all of them and bellowed coldly, “You’ve got it backwards! Arrest them all, and shoot anyone who dares to resist on the spot!”

The soldiers answered with a loud voice: “Yes!”

Just by answering, all the hall masters and bosses present could not help but shiver, they felt a strong killing aura coming from these soldiers’ bodies!

These big soldiers, they were really ruthless!

These gangsters who normally could call themselves brothers and sisters with the police and only knew how to bully the common people, where did they have the chance to see such ruthless soldiers?

When they saw them now, they were all immediately stunned!

“Snap! Snap

Right in the middle of this silence, the sound of footsteps coming closer and closer outside was so piercing and made all the big brothers present couldn’t help but feel a sense of panic as they didn’t know who was coming and what fate they were about to face!

Finally, a few people walked in.

When the boss of the packet gang saw these few people, he couldn’t help but lose his voice and exclaim, “Ah! Yes, it’s you guys

He was shocked!

Because these few people who came in at this moment were no other than Ji Feng and the others who had previously tortured Third Master Qiu to near death at Qiu’s Group, and then hijacked him and were hated by Third Master to the core!

How could he not be shocked?

Because just a few minutes ago, he was still in high spirits as he conveyed Third Master’s order to make Tengfei Group’s products extinct in the entire Northeast within two days!

But in the blink of an eye, they had become prisoners, and might even be dismantled on the spot at any moment!

And the people they were dealing with appeared in front of them in such an open and dignified manner!

When he saw Ji Feng and the others, how could this middle-aged man not understand what was going on? His face instantly turned pale beyond recognition, his back was soon soaked in cold sweat, and there was an uncontrollable fear in his heart.

He realised that he was afraid that he was finished!

“Big brother of the Baggage Gang?” Ji Feng looked at the middle-aged man, smiled slightly and said, “We meet again, just didn’t expect it to be in this situation, right?”

“Ji, Ji” The middle-aged man was shivering as he spoke.

“Ji Feng!”

“Ji Shao”

The middle-aged man revealed a smile that was harder than crying, among everyone present, he was the only one who knew Ji Feng’s identity, and because of that, he was so scared.

Ji Feng ignored him and just squatted down and picked up an A4 printout on the ground, looked at it on both sides anyway and asked, “What is this?”

“This is, this is” The middle-aged man’s face was even whiter, how dare he say what this is?! These were the companies responsible for the terminal sales of the Tengfei Group’s products, or some shopping malls, if he told this, how would Ji Feng deal with him?

Looking at the black muzzle of the gun, the fear in the middle-aged man’s heart quickly spread to every cell of his body!

Ji Feng frowned slightly, “Not saying anything?”

He casually pulled out a saber from the waist of a soldier next to him and came to a hall master, smiling, “Your boss is unwilling to talk, will you come and tell me?”

That hall master opened his mouth, but he didn’t dare to say anything.

“Poof!”

Ji Feng stabbed the man’s elbow, and the saber actually penetrated his joints directly!

In the next moment, that man immediately screamed miserably, “Ah...!”

The intense pain made him struggle desperately, but he was being held down by a warrior and could not struggle away, suffering to the extreme.

Ji Feng said coldly, “Speak! Or die! It’s your choice!”

“I say! I say ah” the man shouted in pain, “This is the list of companies that are, selling the products of the Tengfei Group... ..”

“What?!”

Ji Feng smiled, the cold light in his eyes was bitterly cold, and he turned to the boss of that baggage gang with a murderous intent.

That middle-aged man’s heart was instantly filled with panic, he was a gangster boss, ruthless and cold, but when faced with one more ruthless than him, he was afraid!

Because, Ji Feng’s gang, they really dared to kill!

The older you are in the world, the less courageous you are!

This was equally appropriate for this middle-aged man, who could have followed Qiu San and fought the world with a machete at the beginning, but was now afraid of death to the extreme!

“I’ll say it! I’ll say it all

“Good! Very good! Qiu San, Qiu San, it seems that the lesson given to you is not enough!”

When Ji Feng finished listening to the middle-aged man’s narrative, he was laughing, but this made the middle-aged man feel a strong sense of fear even more.

Zhao Kai said in a deep voice, “It’s Han Yang!”

Ji Feng nodded slightly and said, “Who else could there be but him?!”

He smiled coldly and turned his head to the officer, “Brother Qu, break this son of a bitch’s legs and bring them all to the car

The leader of the packet gang suddenly cried out in horror, “I already said, Ji Shao! Ji Shao

The officer waved his hand and said, “Execute!”

Two soldiers set the middle-aged man up, and one soldier took the sapper shovel off his back and smashed it hard against the middle-aged man’s knee.

“Crunch! Crunch!”

After two consecutive numbing sounds of bones breaking, with the middle-aged man’s miserable scream, both of his legs were broken.

Moreover, his knees were broken!

For the man who, just a few minutes ago, had been so proud of himself that he had ordered his men to clamour for the extinction of the Tengfei Group’s products in the Northeast, he would never have imagined that he would end up like this at this moment!

But this was not just the final result, for this was just the beginning!

“Take it away!”

The officer waved his hand and had the soldiers take everyone out of the living room and escort them to the military truck that was waiting outside.

As for the juniors in charge of the guard in that courtyard, they had also been knocked out or controlled long ago, and were all taken onto the truck at this moment as well.

Ji Feng came outside and said in a deep voice: “Big brother Qu, you’ll have to work hard next, tonight, we have a lot of work to do!”

The officer said, “Please give Ji young master his orders!”

Ji Feng was not polite and waved his hand, “Let’s go! Target, Ha City People’s Hospital! Follow the set target and move!”

On the second day of Ji Feng's arrival in the Northeast, after a short day of downwind, he finally showed his fangs to the enemy!

The fierce dragon crossed the river!

Campus Master Chapter 2425

As night falls, the city of Ha, shrouded in darkness, enters the bustling and frenetic nightlife again.

A convoy roared past on the streets.

It was a convoy of three military trucks, as well as two jeeps and a commercial vehicle, and at the front was a military jeep!

The military vehicles roared past without attracting anyone's attention, but if one looked closer, one might have noticed that the compartments of the three military trucks were filled with heavily armed soldiers, who were sitting on either side of the compartments with calm faces, not showing any excessive excitement because of the mission.

But underneath this calmness, there was an aura of slaughter!

A powerful brigade!

A division of tigers and wolves!

I am afraid that all those who see these warriors will have such a phrase come to their mind within the first moment.

..... Of course, in the middle of the military truck, it was not only the soldiers, but in the middle of the carriage on the floor, but dozens of people crowded together, their hands were all tied behind their backs, the kind of rope that uses the special technique of the army to wrap around their necks, tying their hands, so that they did not dare to have move in the slightest.

Nor could they move!

Because as soon as they struggled a little, the rope tied around their hands would tighten so violently that their necks would be strangled straight away, and the stronger they struggled, the stronger the rope strangled their necks, which would suffocate them at any moment!

So, even though these people didn't want to, they could only squat honestly on the floor, huddled together!

Of course, they couldn't even if they wanted to, because there were two rows of heavily armed soldiers sitting on either side of them, staring at them intently. These soldiers would not be polite to them, if they were a little bit dishonest, they would come up with a gun butt, these soldiers were so powerful that they could make people vomit out their last night's dinner.

But the leaders of the pack didn't dare to provoke them, for just before this, a man had been shot in the head with a gun in front of them!

This kind of scene seen up close, even for these mob bosses who often live a life of licking blood at the mouth of the sword, is extremely powerful!

What's more, as the Baggage Gang became more and more powerful in Ha City, as well as in Black Province and even the whole of Northeast China, no one had dared to mess with them for a long time, which made it almost rare for them to fight with knives and guns anymore.

These people have become less and less courageous, and gradually lost the energy and ruthlessness that they had when they were fighting with machetes.

They have become afraid of death!

So, at this moment, these people could only crouch there honestly.

However, there was a fear in the hearts of these leaders because they didn't know where the soldiers were taking them, or even what was in store for them.

If they had done what they had done in the past, one of them would have been killed without saying a word, but if they had been interrogated and tried severely, it would have been reasonable to kill them all.

These people know their own business, they know better than anyone what they have done!

Especially when these soldiers are so ruthless, how could they have a good time?

Fear came out of their bones and spread rapidly throughout their bodies, especially when they saw their boss being taken away from the car, they were so frightened that their legs went weak and they even had difficulty breathing.

After stealing a glance at the big soldier sitting on the side, a few of the hall masters swallowed their saliva in secret, terrified.

In the front of the jeep, a soldier was driving the car, and the remaining two soldiers were sitting in the back row, and in the middle of them was another man.

The only thing is, at this moment, where is he still the same kind of spirited look he had before? At this moment, he was sandwiched between two warriors, with a gun against his waist nest on his left, but a micro-charge on his right, with the gun pointed right at his temple.

At this moment, this middle-aged man suddenly incomparable hate ha city these officials, is this gang of assholes, even if the road repair does not know to repair some, those sewer manhole cover also do not know to make some certificate, the road also do not make some smooth every time the car a little bump, he can not help but thud in his heart.

He could clearly see that the guns in the hands of the two soldiers next to him had their safeties on, which meant that as long as the two soldiers' fingers shook a little, once the fire went off, his head would have been blown into a beehive of coal in an instant!

That's like reporting to the King of Hell at any time!

How could the middle-aged man not be afraid?

“Which way to the junction ahead?” Suddenly, a soldier’s low voice rang out, and the middle-aged man immediately shivered subconsciously, glanced at the ding-zi intersection in front of him, and replied in a panic: “To the right, turn right!”

“Humph!”

The soldier on the left snorted, disdainfully bristling, what gangster, and also a powerful shock to Ha City and the Black Province is nothing but a coward!

I really don’t know how such a person became a gang leader, those army brothers pull out a random one would be ten times better than him a hundred times!

The soldier didn’t know that, like the middle-aged man, they were actually a ruthless gangster, plus they had fought a lot, so they had some skills, but compared to the soldiers, they were still a bit different.

However, it cannot be denied that these gangsters are not comparable to these soldiers in terms of human relations and social experience.

But in the eyes of these warriors, there is no disdain for them!

At least, as soldiers, they would not be so soft-headed as to beg for mercy when they encountered the enemy or even when the enemy had the upper hand!

Meanwhile, in the commercial vehicle at the back, Ji Feng was talking to the officer.

“Brother Qu, thanks a lot for this time.” Ji Feng said.

“You’re welcome, young Ji!” The officer surnamed Qu waved his hand repeatedly and said, “This is what the chief ordered down, so we should strictly carry out the orders!”

“Anyway, this time you’ve done me a great favour!” Ji Feng said, “If it wasn’t for you guys, I’m afraid I’d still be scratching my head right now, and maybe even my personal safety would be in danger.”

The officer surnamed Qu smiled shyly and said, “We should have done this, it was our responsibility for such a gang force to appear in our jurisdiction, but we are regular soldiers, it is not good for us to interfere in local affairs, besides, Commander Tang also instructed us to keep a low profile after coming to the Black Province, so that’s why... ..”

Ji Feng smiled and nodded, saying, “This is because Uncle Tang loves and protects you!”

This officer surnamed Qu was named Qu Feng, originally under Tang Jianguo in the Jinling Military Region, but was later transferred to the Black Province Military Division and was currently a battalion commander.

Ji Feng had already planned to transfer someone from the military district, but in order to avoid leaking out, Ji Feng did not go directly to the military division, but first contacted his younger uncle Ji Zhenping, wanting to transfer the Red Arrow Brigade to use, but was scolded by his younger uncle, saying that the Red Arrow Brigade was used to do this?

The first thing he did was to ask his uncle to use the Red Arrow Brigade to deal with Qiu San, which was too much of a waste of resources.

But for a while he had no one to use, after all, this was Black Province, not Jiangzhou, not even Yanjing, to catch Qiu San, he had to use forces other than the police, and he couldn't let Qiu San get wind of it, although the godfather of the Northeast's underworld wasn't taken too seriously by Ji Feng, but Ji Feng had to admit that Qiu San had been operating for so many years, he must have a very large network of connections in the Northeast!

Therefore, Ji Feng had to ask his younger uncle for advice, only for Ji Zhenping to throw him a line, "Go to Jinling and find Tang Jianguo!"

Then he hung up the phone.

Ji Feng was stunned and could only shake his head helplessly and laugh bitterly, but he had no choice but to call Tang Jianguo, thinking that if he could not, he could borrow a few people from Tang Jianguo, and together with him and Zhang Lei, it would be enough for the operation, even if there were not enough people, in the end, the big deal would be to catch the big ones and let the small ones go.

But what surprised Ji Feng was that after Tang Jianguo received his call, he agreed without hesitation and directly told him to contact a man named Qu.

It was only then that it dawned on Ji Feng that he had someone available, and the next step was this operation.

However, looking at the shoulder patch on Qu Feng's shoulder, Ji Feng could not help but feel a sudden movement in his heart and said: "Tang Jianguo is obviously in Jinling, why should Qu Feng and others be transferred to the Black Province? On the phone, but obviously can hear that Tang Jianguo is very high on Qu Feng, but also very fond of this kid"

The actual fact is, the family has actually started the layout of the northeast? Only, the layout arranged by the family is not as obvious as that of the Wu family or other families and factions, making it obvious to everyone in the world that the family's arrangement is more covert and more secure"

As long as the military division, the absolute power, is grasped in the hands, no matter who comes, can't make any waves!

It is no wonder that little uncle would directly let himself go to Tang Jianguo, obviously this layout he knows

Ji Feng couldn't help but have a kind of clarity.

"Squeak-!"

The sound of brakes suddenly sounded, and Zhang Lei followed suit, then he saw a soldier jogging all the way from the front to the car and saluted.

"Battalion Commander, we're here!"

"Young Ji, should we move immediately?" Qu Feng, however, looked at Ji Feng and asked.

"Today you are in command, including me, we all listen to your command!" Ji Feng smiled and said, Qu Feng was the professional who led the troops, so he naturally wouldn't dictate from the side.

Qu Feng nodded and said, "Good then, soldiers are valuable, orders, leave a team of brothers to watch those scum, the rest, go straight to the target!"

The soldier immediately responded, "Yes! Battalion Commander!"

"Remember!"

Qu Feng added, "If the tongues dare to play tricks, shoot them on the spot!"

Campus Master Chapter 2426

Ha People's Hospital.

"Hiss...!"

A sound of sucking in cold air rang out, Qiu San's face turned green with pain as he bellowed angrily, "Get out! Little bitch, new here? Such rude movements!"

The little nurse who was changing Qiu San's medicine was startled, and then she was scolded for being so aggrieved that tears welled up in her eyes.

"Master San, your wound is too deep, you have to apply the medicine well, otherwise"

"Get out!"

Qiu San bellowed angrily, "Let your head nurse come! You're so clumsy, it's a good thing you're not in my company, otherwise I would have had you thrown out! Get out!"

The little nurse was so aggrieved and scared that she could no longer hold back her tears, but did not dare to say a word as she hurriedly turned around and went out.

She had heard of Master San's reputation for a long time, and when she was assigned to this ward, the head nurse had explained to her that she must serve Master San well, and if she angered him, she was afraid that there would be no good consequences.

She had only changed the medicine in the normal way, and had been as gentle as possible, but she had still angered him.

The little nurse was so aggrieved, Master San's wound was deep and long, even the head nurse would have changed the medicine like this why did she have to bully a little nurse like herself!

The first time he saw his hands, which were bandaged like a mummy, he almost roared with hatred.

Where did these wounds come from?

That little beast had tortured him!

He had never been treated in such a way, had he? Everywhere he went, he was always complimented by people!

Even if the person who had injured him was someone from Ji Feng's side, Qiu San was still infuriated. Even if the other party was powerful, he was not a vegetarian, not to mention that in terms of age he could be the father of those two little kids.

“Little beast!”

Qiu San couldn't help but curse angrily.

He was just about to call for someone to come over when he suddenly heard a rush of footsteps from outside, followed by a man running in at a fast pace.

As this man ran he also shouted, “Third Master! Third Master is not well”

“Damn your bullshit!”

Qiu San was furious at his words, “Where am I not well?”

The man didn't care about his slip of the tongue and said in a panic, “Master San, something is wrong, I just saw some military vehicles coming downstairs in front of the hospital, and there were many soldiers coming down, all carrying weapons”

“What?” Qiu San couldn't help but be stunned.

“Third master, I, I also saw the gang master he he was also in one of the military vehicles, and there were two soldiers holding him up, and there were people pointing guns at his head”

“What did you say?!”

Qiu San was stunned: “Say that again!”

The man said in a panic: “That's all I saw, those soldiers are coming in now, I saw that the situation is not right, so I rushed up to tell you, Third Master, are those people coming for you?”

Qiu San was shocked at his words and hastily roared, “Tell the brothers outside to find a way to stall them, help me up quickly”

“Boom~~!”

Before Qiu San could finish his words, he heard a sudden loud bang outside, and the next moment, a man suddenly flew in backwards and slammed the door of the ward open viciously!

There was a thud!

The man smashed heavily onto the armrest of the hospital bed and screamed out in agony, “Ah-!”

“Little Five?”

Qiu San was shocked, and even more shocked when he saw clearly the man who had flown in backwards, this man was one of his junior brothers who was responsible for guarding the outside of the ward – even though Qiu San was the godfather of the underworld, he knew that he had many enemies, so in order to prevent being assassinated, he was extra careful and always took his bodyguard with him when he went out.

But at this moment, his bodyguard was flying in backwards, lying on the ground and wailing in pain.

It was bad!

Qiu San couldn't help but stutter in his heart.

Subconsciously, Qiu San wanted to escape. He didn't know where he got the strength to do so, but he couldn't care less about the pain of his hands being pierced, so he fiercely propped himself up on the bed and sat up with a start, not even bothering to put on his shoes before limping towards the window.

The boss of the pack had been arrested and so many soldiers had appeared at the hospital entrance, so it was obvious that they were coming for him. If he didn't escape today, God knows what would happen

We must escape!

He was the only one who could protect himself!

Qiu San knew that he would never be able to stand up to the soldiers and had to escape.

These thoughts flashed through Qiu San's mind and he ran desperately in the direction of the window, at this moment, Qiu San was extraordinarily regretful of why he had come to the VIP ward, it was such a big ward and he was struggling to run.

"Stop!"

At this moment, a loud shout suddenly came from behind him.

Qiu San's heart trembled at this shout, his feet were even more violent, and he desperately ran towards the window, there were still two steps to go before he reached the window, as long as he jumped down, he could escape

"Boom!"

A shot rang out, Qiu San only felt a sudden sharp pain in his knee, his legs went weak and he fell headlong to the ground.

The window, right in front of him!

But Qiu San's heart kept sinking, and a look of despair appeared in his eyes, even the sharp pain in his leg was ignored a little.

Panic, fear, began to spread through Qiu San's body, quickly filling all his limbs and bones!

"Hula!" At once.

A group of soldiers rushed over and reached out and took Qiu San into a firm grip. Two soldiers, one on each side, grabbed Qiu San's wrists and twisted them with their opposite hands.

In panic, Qiu San couldn't help but shout, "Who are you people, I am Qiu San, a member of the provincial CPPCC, how dare you do it to me?!"

"Heh! What a great authority!" A cold laugh came out.

"....."

In a flash, Qiu San's body stiffened.

He immediately heard the voice, a voice Qiu San could never forget, it was the little beast that had tortured him!

He wanted to raise his head to look, but his head was being held down by a warrior, sensing that he was going to struggle, the warrior pushed hard and with a bang, he heaved Qiu San's head to the ground.

"Be honest!"

The warrior shouted coldly.

Qiu San couldn't help but stifle a cry of pain, that hatred in his heart, it was this little brute again, that little brute who had tortured him, and this time, he was pressed to his knees in front of him, even with his head on the ground!

But then, Qiu San's heart couldn't help but feel a strong wave of fear rising up!

That little brute was here, and I was afraid that Ji Feng had arrived too!

What does this mean?!

"Well"

Qiu San muffled a painful cry, but he couldn't move while being held down by the two warriors. Despite his regular exercise, how could he resist in front of two wolf-like warriors?

Zhang Lei walked up to him with a few steps, tugged his hair, lifted his head up and sneered: "Qiu San, I'm back again! Do you still remember what I told you when I left? I told you to wash your neck and wait, and now, I'm here to collect you!"

Being treated like this by Zhang Lei, a look of shame and anger flashed across Qiu San's eyes as he gritted his teeth and said, "Relying on the troops, what kind of ability is that!"

"F*ck!"

Zhang Lei was instantly furious: "I'm relying on the army? What about you? What are you if you don't have those little brothers under your hands?"

Qiu San choked for a moment.

Zhang Lei sneered, "A mere hooligan, how dare you call yourself the godfather of the underworld! You are nothing! We don't want to mess with you, but you've taken the initiative to mess with us?"

Qiu San was furious and did not say a word.

Since he hadn't run away today, his fate was already sealed, so it was a waste of time to talk to him now!

"Qiu San, now that things have come to this point, you should know what will happen to you!" At this moment, Ji Feng walked over and stared at him coldly, "You know better than anyone what you yourself have done, and that hardcore henchman of yours has said all he can, so there's no need for me to remind you again, right?"

Qiu San gritted his teeth and said, "Blame me for not knowing the right people! I admit it!"

Ji Feng shook his head and said, "Admitting it won't do! Qiu San, there are two ways in front of you now, choose yourself! First, you'll definitely die, but you'll get a pain in the ass, provided you can give me what I want! Second"

"No need to say it, I won't choose the first one!" Qiu San didn't wait for Ji Feng to finish before he gritted his teeth and said.

"So much backbone?"

Ji Feng's eyes glowed coldly, "So, you want to choose the second path?"

Qiu San gritted his teeth and didn't say anything.

Who would be willing to die if they didn't really have no choice? Even if Qiu San had a backbone, there was a limit to it, he was also a human being, and he was equally afraid of death!

Most importantly, he had already bowed his head once after being severely tortured by Zhang Lei at Qiu's group, so his backbone was already very weak in front of Ji Feng and Zhang Lei!

However, Qiu San could not help but resist, if he resisted this hurdle, perhaps he had a chance of survival, but if he bowed his head on this, he was afraid that he would really be finished!

Ji Feng nodded and said: "Very good! Since you are so tough, then I do hope you can be tough to the end!"

Saying that, Ji Feng turned his head to Qu Feng and said, "Brother Qu, I'll leave him to you, within two hours, make him become more honest, can you do that?"

Qu Feng said, "Young Ji, it doesn't take two hours, if he doesn't completely break down within an hour, I won't have the face to see you!"

His gaze fell on Qiu San's body, and the cold words almost burst out from his teeth, "Take him away, remember the tricks I gave you? Use them all on him!"

"Yes!"

The murderous aura that came over him caused Qiu San to shiver, and looking at the warrior's ruthless and fierce face, he could not help but feel an uncontrollable fear rise in his heart!

Himself, what kind of treatment would be meted out?!

Campus Master Chapter 2427

Ji Feng and Qu Feng, with a pair of warriors, acted swiftly and captured all of them before both the Baggage Gang and Qiu San could react!

Ji Feng was still satisfied with this result, at least, now Qiu San had not escaped but had fallen into his hands, which was the most crucial thing.

In fact, Ji Feng didn't even think much of the fact that the boss of the Baggage Gang had been captured, because from the beginning to the end he had never put the Baggage Gang in his eyes, even though Ji Feng never thought of himself as a top prince, but this was true.

A gang was just a gang, how could it threaten him?

Even when it came to force, Ji Feng was not the least bit afraid, and even more so, he did not put the Burden Gang in his eyes.

In his eyes, the Burden Gang was nothing more than a bunch of rabble-rousers!

The purpose of Ji Feng's heavy-handed attack on the Burden Gang was to get Qiu San's incriminating evidence through the people of the Burden Gang, which was the most crucial step to ensure that Qiu San would be put to death!

Once we get Qiu San's incriminating evidence, then everything will be fine next!

Now, it was just a matter of how much Qiu San could explain.

After arresting Qiu San from the hospital, Qu Feng ordered a pair of soldiers to escort the men straight to the Human Armed Forces Department in the city, which was not his residence, but he had the right to borrow it temporarily, and it was relatively safer than the police station or other places.

The most important thing was that he had acquaintances at the Human Armed Forces Department, so it was more convenient to keep it a secret!

Ji Feng and the others also followed along.

After arriving at the People's Armed Forces Department, one of Qu Feng's acquaintances quietly lent them the barracks, and under the night, all this was done silently, without attracting anyone's attention.

As there were usually people in uniform going in and out of the Human Armed Forces Department, even if someone saw a soldier passing by at the moment, they would not be suspicious or curious, as the people nearby had long been used to it.

Afterwards, Qu Feng did not delay for a moment and ordered all of Qiu San and the others to be escorted down, while he led his men to interrogate Qiu San personally. He had promised Ji Feng that if he did not let Qiu San break down completely within two hours, he would not have the face to see Ji Feng, let alone to see Commander Tang again!

"Ji Feng, would two hours be too long?"

After Qu Feng left, Zhao Kai had a hint of hesitation and said, "This hospital is full of people after all, even if it's late at night, but so many people are out, it's impossible not to alert other people, maybe there are still leakages from the packet gang around here, once the news leaks out, then Han Yang might take some measures or want to destroy any evidence"

"If that's the case, it will be difficult for us to catch Han Yang then!" Zhao Kai reminded from the side.

"Zhao Kai is right!"

Zhang Lei also nodded, "Qiu San is simply the emperor of the land in the northeast, especially in Black Province, there must be many people on the hospital side who want to befriend him or have a direct relationship with him, it's possible that if we bring people to arrest Qiu San from the hospital, it might alert Han Yang."

Ji Feng pondered for a moment and asked, "Then, what about with your opinions?"

Zhang Lei blurted out, "Let's arrest Han Yang first!"

Zhao Kai nodded, "I agree with Zhang Lei's opinion, arrest Han Yang first! It is certain that since Qiu San has such a deep relationship with Han Yang, he must have evidence of Han Yang's crime in his hands, or at least, he can testify against Han Yang! Since we are now sure that we can make Qiu San give an account, then arresting Han Yang is imperative and must be done immediately."

"That's right!"

Zhang Lei said, "Arrest Han Yang first, and when we come back Qiu San might have already given an explanation, so on the one hand, we can save time and prevent information from leaking out, on the other hand, we can also prevent Han Yang from destroying evidence or making some other moves!"

Ji Feng asked in a deep voice: "What you all say is very reasonable, but there is a problem have you thought about, Qiu San's hands in the end how much evidence against Han Yang, we do not know yet, if this evidence is not enough to completely knock down Han Yang, now arrest him, instead, is tantamount to directly confront Han Yang and even the Chen family's people! "

Zhang Lei and Zhao Kai's brows both stared at the Chen family!

This is indeed a huge force that can't be ignored, at least in the northeast, is considered quite huge, although it can't be compared to the Ji family, but after all, the power of the Ji family is not on this side, with Ji Feng's current power alone, I'm afraid that he can't fight the Chen family head-on hard!

"That's not very likely!" Zhang Lei said, "You only have to look at those problems that that gang leader of the packet gang gave an account of, you can see just how many bad things this old bastard Qiu San has done over the years, killing, arson, extortion and robbery, all these things are not missing from him."

Zhao Kai said, "The most crucial thing is smuggling!"

Zhang Lei said, "That's right, smuggling is a very profitable business! That old bastard doesn't know how much money he has made over the years!"

"But it's obvious that all that money can't be in Qiu San's pocket alone!" Zhao Kai said, "So now it's almost certain that Han Yang must have taken a considerable amount of benefits in this matter, it's not even too much to say that it's a huge amount of money!"

According to what the leader of the packet gang had explained, Qiu San had been in control of a smuggling line from the northeast to Tsarist Russia over the years, and what the packet gang handled alone was in the range of several hundred million dollars in transactions every year, and what didn't go through the packet gang were also smuggling lines to countries like the Northern Dynasty, Jie Peng and Kerry, and although Qiu San's smuggling was still mainly in the direction of Tsarist Russia, the transactions from these other countries were likewise not too small.

Qiu San had been controlling this line for over ten or twenty years, and it was easy to imagine how much money he had made.

But how many assets does the Qiu Group have?

Only a few billion!

Where did the rest of the money go? Anyone who is not stupid can guess!

“This is just an inference, what we need is evidence!” Ji Feng said, “Without evidence, you know full well that Han Yang took the money, you can’t do anything to him, you know full well that the impact on the market of the Tengfei Group is his doing, you can’t do anything to him likewise!”

“Evidence

Zhang Lei couldn’t help but grit his teeth and said, “But if we act slowly, by then the evidence on Han Yang’s side might be destroyed by him!”

Ji Feng shook his head, “Acting like the wind doesn’t mean acting recklessly, so we have to wait!”

Zhao Kai said, “It seems that’s all we can do. I hope Qiu San has enough evidence in his hands, otherwise, I’m afraid that we won’t be able to strike a fatal blow with this operation!”

Zhang Lei gritted his teeth and said, “If we can’t strike a fatal blow this time, even if I have to go home and get beaten up, I’ll definitely use all my power to screw the hell out of him!”

Ji Feng patted his shoulder and did not say anything.

“Well

“Ah...”

Faintly, only a dull sound could be heard coming from the barracks not far away, like someone was screaming miserably but was muffled, just that odd sound that came from time to time, but one couldn’t help but feel one’s scalp tingling.

That was simply not a sound that a human being could make, it was really hard to imagine what kind of torture was being inflicted to cause such pain!

Ji Feng and the others looked at each other, and Zhang Lei couldn’t help but sneer, “This time, our Third Master Qiu has been given a treat! After we catch this Han Yang, we’d better give him a treat too, so he can enjoy it too!”

Ji Feng laughed, “Don’t worry, I’ll definitely give you this opportunity when the time comes!”

Time, passed quickly, and in the blink of an eye, a full half hour had passed. By this time Zhang Lei was already a little anxious, and even Zhao Kai couldn’t help but look at his watch a few times.

The odd sound in the barracks that made people’s skulls tingle disappeared, and with a clang, the iron door was pushed open and Qu Feng, dressed in military attire, walked over quickly.

“Well?” Before Ji Feng had time to speak, Zhang Lei, who had been impatient for a long time, hurriedly asked, “Has he recanted yet?”

“Recruited!”

Qu Feng nodded and said, “Ji Shao, put down, according to what Qiu San said, there are a total of several leaders’ children or relatives who have jobs in Qiu Group, including Han Yang, whose position in Qiu Group is investment consultant. In addition, there are also the children of provincial leaders

Ji Feng did not have the slightest surprise, anyone knew that this affiliation was all imaginary, just a convenient way to get money from Qiu’s Group.

These simple circumstances Qu Feng just three or two sentences carried over, and then he got to the point: “Qiu San has account books, and recordings, divided into three copies, one of which is in one of his villas, another in the safe of his secretary’s office in Qiu’s group, and another, which is kept by him in the safe of a bank... ..”

Ji Feng exchanged glances with Zhang Lei and Zhao Kai and immediately asked, “What are the contents of the account books and recordings?”

Qu Feng said, “All three copies are different, among them are the books of illegal income such as smuggling, and the books of money he sent to others, and the detailed books of transactions, which are the real books of Qiu’s group, in addition, the recordings are roughly the same!”

“Beautiful!”

Zhang Lei couldn’t help but fist bump with excitement at once, saying, “Brother Qu, you did a great job!”

With these things, it was like having the lifeline of everyone in the ledger!

Zhao Kai, however, said in a deep voice, “Ji Feng, we need to hurry! Now catching Han Yang has become secondary, these ledgers and recordings must be in our hands! As long as these things are in hand, Han Yang will not be able to escape!”

When that time comes, it won’t just be Han Yang, there’s no telling how many people in the entire Northeast will fall down, get off their horses, or even lose their lives because of this!

Zhang Lei said in a deep voice: “But, I’m afraid that Han Yang has also received the wind and has also started to act!”

Ji Feng looked fiercely at Qu Feng and said in a deep voice, “Brother Qu, we need to divide our troops into three ways and act immediately!”

Qu Feng nodded and said, “No problem!”

He bellowed, “Escort the men to the car immediately and set off!”

They didn’t dare to stop for a moment, they had to get to the place where the account books and recordings were hidden as quickly as possible, the outcome of their operation depended on whether they could get these things or not.

It was a matter of success or failure!

Campus Master Chapter 2428

Ha City, inside a clubhouse.

Han Yang was lying naked on a wide bed, an extremely sexy and hotly dressed woman was riding on his body, giving a massage full of temptation, and the room was filled with ambiguity.

“Young Han, is this comfortable?” The woman asked seductively.

“The hands are good, I just don’t know how the rest of your body kung fu is!” Han Yang laughed wickedly.

“Don’t be in a hurry, Young Han, I will definitely let you enjoy yourself tonight.” The girl ate and laughed.

“Good.”

Han Yang backhanded the woman’s breasts and squeezed them, laughing harshly, “If you’re good at it and make me comfortable, you’ll get less benefits when the time comes!”

The girl was overjoyed at the words, “Don’t worry about it, Han Shao

As she spoke, the girl gave Han Yang an even more vigorous massage, while intentionally or unintentionally rubbing her plump buttocks against Han Yang’s body in an extremely provocative manner.

“Buzz~~!”

The mobile phone in front of Han Yang suddenly vibrated, he squinted comfortably and didn’t even look at it, he just casually picked up the phone and answered it, “Hello, who is it?”

“Young Han, Young Han! Please save Third Master!” A woman’s eager voice came from the phone, with a crying accent.

“Hmm?”

Han Yang was slightly stunned and asked, “Who are you?”

The woman said, “Young Han, I’m Xiao Jing.”

“Xiao Jing?”

Han Yang’s mind was still more or less confused and he didn’t remember for a while, “Which Xiao Jing?”

The woman said, “Young Han, I am Third Master’s woman

Han Yang instantly reacted, this woman called Xiao Jing was one of Qiu San’s mistresses, so he said, “So it’s Xiao Jing, why, why didn’t Qiu San call himself, instead of asking you to contact me?”

The woman said sharply, “Young Han, Master San has been arrested, please save Master San

“What?”

Han Yang couldn’t help but be stunned at once, “What did you say? Qiu San has been arrested? Captured by who?”

The woman said sharply, “I don’t know, I just went to see Master San in the hospital just now and met one of Master San’s junior brothers, he told me that just a short while ago a group of soldiers came to

the hospital and took Master San away, as well as the leader of the packet gang, he also heard gunshots

“Whew~!”

Han Yang sat up at once, and in one fell swoop over the woman who was riding on him, not caring about the shrieks the girl let out, Han Yang was busy asking, “What the hell is going on, why did the soldiers capture Qiu San? Where did the soldiers arrest him?”

The woman said with a sobbing voice, “I don’t know, young Han, please save Master San, now I only have to beg you

“Alright, alright, I’ll think of something.” Han Yang said, “Don’t panic yet, call me in time if anything happens!”

“Pop!”

After saying that, Han Yang hung up the phone straight away, his brows locked.

The soldier had actually arrested Qiu San?

Han Yang was surprised and a bit puzzled, where would the soldiers come to arrest Qiu San? Why had he not received any news at all?

Han Yang hurriedly dialed a number and said, “Uncle Li, this is Han Yang, I want to ask, did anyone in the army have any problems with Qiu San? Why did I hear that a soldier had Qiu San arrested?”

“.....”

“I see, I’m sorry to disturb Uncle Li so late.”

“Hello, Secretary Wang?

.....

Han Yang dialed five or six numbers in a row, however, he didn’t get the result he wanted, the answers from the other side were all unclear or uninformed, which made Han Yang feel a little bad.

Who the hell is it?

In this city of Ha, who would move to arrest Qiu San as a soldier?

Moreover, it could be done without the slightest leakage, and even several high level people in Ha City and Black Province, even including those from the military division, had not received any news?

Suddenly, Han Yang’s face changed, and he thought of someone.

..... Ji Feng!

That’s right!

Eight out of ten`9 times it was Ji Feng who did it!

Only he could unknowingly mobilize the army to arrest Qiu San, and only he had the energy to mobilize the army's men!

Han Yang's face changed and he realised that Ji Feng's arrest of Qiu San was definitely not just about Qiu San, but about him, Han Yang!

Ji Feng was trying to move him directly!

"Damn it!"

Han Yang couldn't help but curse angrily as he whirled around and picked up his phone, hurriedly dialing another number.

When the call came through, Han Yang hurriedly said, "Dad, it's me Qiu San had an accident, I presume it was Ji Feng's doing"

He quickly told what had happened and busily said, "Dad, what should I do now?"

"You bastard!"

A low roar came from the phone, showing how angry the owner of the voice was, "Who told you to do that? What are you doing messing with the Ji family when you have nothing to do? Huh? Do you want to bring disaster to the family?!"

How could he have imagined that Ji Feng would not follow the usual rules at all and mobilize the army without using any local forces at all, and that even the people of the Black Province Military Division had not received any news when Ji Feng mobilized the army!

How could Han Yang have thought that a mere outsider would play this trick?

This made his previous calculations and arrangements all a joke, and Han Yang still had nowhere to vent his frustration.

More importantly, Han Yang felt that he had been wronged, he didn't believe that the old man didn't know anything about what he had done!

But now, how dare he scold himself like this?

"Dad, now that it's out, it's useless even if you scold me again, let's get it over with first!" Han Yang said stiffly.

"You're simply a fool! How could I, Chen Youdao, have such a stupid son like you!" Chen Youdao cursed angrily.

"....."

Han Yang gritted his teeth and did not say a word.

When Chen Youdao had scolded enough, he said in a deep voice: "The first thing you have to do now is to preserve yourself. I ask you, did you leave any evidence behind when you got mixed up with Qiu San? Think carefully, don't miss a single detail!"

Han Yang immediately said, "No! Dad, I'm usually extra careful, so I didn't leave any evidence at all."

“You didn’t leave any evidence here, what about Qiu San?!” Chen Youdao asked.

“Him?!”

Han Yang was stunned, “He shouldn’t have left any evidence either, right? He wouldn’t dare to play these tricks with me

“Childish!”

Chen Youdao grunted, “How do you dare to be sure? Qiu San is an old man, how could he do something without leaving a way out for himself?”

Han Yang was instantly shocked and his heart thumped.

Chen Youdao said in a deep voice, “Now, I don’t care what method you use, you must get ahead of them and destroy the evidence Qiu San left behind, or get it in your hands, remember, whether Qiu San left evidence or not, you must follow the premise of having evidence!”

Han Yang said, “But even if Qiu San has left evidence, I don’t know where it is

Chen Youdao grunted, “You don’t know, Qiu San’s family doesn’t know either? Huh?”

Han Yang instantly understood what was going on and he immediately said, “Dad, I understand.”

“Fix the problem immediately!” Chen Youdao’s voice became somewhat sinister, “Remember, if you can’t solve the problem, then when the time comes, it will probably be you, and your old man me or even the whole family that gets solved!”

“I know.” Another shock went through Han Yang’s heart.

“You do the Qiu San thing, leave the rest alone, and after you settle this family matter, get the hell back home immediately!” After Chen Youdao finished speaking, he hung up the phone.

“.....”

Han Yang gritted his teeth, only to feel his face burning hot, but he was relieved in his heart, since his father said that he would solve the rest of the problems, that meant that this matter was not without room for manoeuvre, because the Chen family was not without any substance at all, what’s more, his father, the executive vice governor, was not for show!

But when he thought about Qiu San, Han Yang’s heart was shocked again, and he couldn’t help but curse angrily: “Ji Feng, you’re playing dirty with me, let’s settle the score when this matter is over! If I don’t bring your Tengfei Group down completely, I won’t be able to work anymore!”

He hurriedly pulled up his phone records, found Xiao Jing’s number and dialed it, “Xiao Jing, I’m telling you, Qiu San is in big trouble, I’m afraid he’ll be in big trouble this time!”

“Ah!”

Xiao Jing immediately exclaimed, “Young Han

Han Yang didn’t wait for her to speak and immediately said, “Xiao Jing, the only one who can save him now is you.”

“Me?”

“That’s right!”

Han Yang narrowed his eyes and said in a deep voice, “I’ve inquired, it’s the young master of a family from Yanjing who wants to fix Qiu San, there’s cooperation between him and Qiu San, but now he wants to swallow Qiu San’s property, that person is much bigger than me, my father can’t even do anything about it.”

“Ah!”

Xiao Jing exclaimed, “Young Han, then, then what should I do ……”

“It’s not like there’s no way out, when Qiu San worked with that person, he left some backhanders behind, just to prevent this day.”

Han Yang said, “But I don’t know what the backhand he left behind is, he once told me that only the people closest to him know, think carefully, has Qiu San ever told you what to do if anything happens to him or if something goes wrong ……”

“This ……”

“Xiao Jing, the only thing that can save Qiu San now is the backhand he left behind, you must think about it before you do!” Han Yang said, his palms were also sweating, this Xiao Jing was one of the women Qiu San loved the most, because she gave birth to a son to Qiu San, if even she didn’t know, then things would be in trouble.

“Young Han, when you said that I suddenly remembered, Master San once told me that if something happened to him one day, let me take my son and go far away and give his wife a call to get her to where she should be!”

“The place to be?”

A cold light flashed in Han Yang’s eyes as he said, “Think carefully again, are there any others? Xiao Jing, this is especially important, if you can’t think of it, Qiu San will be 100% dead!”

Campus Master Chapter 2429

“The place to go?”

A cold light flashed in Han Yang’s eyes as he said, “Think carefully again, are there any others? Xiao Jing, this is especially important, if you can’t think of it, Qiu San will be 100% dead!”

This so-called place where Xiao Jing said he should go might be some evidence Qiu San had left behind, and if something happened to him, he would let his wife go and get the evidence in hand.

Han Yang couldn’t help but secretly snort, this Qiu San really had a lot of guts, to actually leave evidence behind!

“Xiao Jing, you have to think carefully!” Han Yang said, “Although Qiu San’s problem is serious, there is not nothing that can be done at all, the key is for you to think carefully about what words Qiu San actually left behind, or if he left anything behind ……”

“..... There’s nothing.” Xiao Jing said.

“Really?”

Han Yang immediately heard the hesitation in Xiao Jing’s words and immediately said, “In that case, Qiu San is really hopeless this time.”

“Ah!”

Xiao Jing immediately cried out in shock and panicked, begging, “Young Han! I beg you, please you must save Master San

“The key is that I can’t do anything about it!”

Han Yang said helplessly, “I also want to save Qiu San, but I’ve told you, there’s nothing I can do about this, only Qiu San himself can save himself, he must have left something behind, this should be what can save his life!”

Xiao Jing hesitated for a while before she said, “Young Han, how much money do you need? Third Master didn’t leave me anything else, just a little money, he once told me that if anything happened to him, he would let me take the money and my son and go far away

Han Yang said, “It’s not about money! You should know that with my Han Yang’s energy, if it’s something that can be fixed with money it’s not even a matter! What I’m talking about is whether Qiu San left anything behind! It’s something!”

“Something

Xiao Jing thought hard but still couldn’t come up with anything, “Young Han, I don’t remember Master San leaving anything behind, Young Han, I beg you

As soon as Han Yang heard Xiao Jing say this, he didn’t wait for her to finish before he immediately interrupted her and said, “Fine, then I know, Xiao Jing, now you don’t rush, Qiu San isn’t without any hope at all, I’ll think of another way, just stay at home and don’t go anywhere, it’s very dangerous outside now, you shouldn’t call anyone either, you just wait for my call! ”

Xiao Jing heard this and immediately said in a panic as if she had grabbed the last straw, “Young Han, I’ll do as you say, I won’t go anywhere, please be sure to save Master San!”

“Don’t worry, I’ll do my best!” Han Yang said, and then he hung up the phone.

“The place to go

Han Yang mused, then he immediately dialed another number, “Hey, sister-in-law, this is Han Yang.”

A woman’s voice came from the other end of the phone, “Young Han, calling me at this late hour, is there something wrong?”

“It’s like this, I have something that I need to use right now, but Qiu San said that he left it at your place, are you at home now?” Han Yang asked.

“I’m at home.”

The woman said, "But Qiu San is not at home now, do you need it now?"

Han Yang was a little stunned, "Qiu San isn't at home? Then forget it, sister-in-law, you can rest first, I'll go over tomorrow to get my things, I'm really sorry to disturb your rest at this late hour."

The woman laughed and said, "What are you talking about, you are the one who took care of Qiu San, you are the one who took care of him."

Han Yang laughed and said, "Sister-in-law is very polite, that's fine, let's leave it at that, we'll see you tomorrow."

"Mm, okay, I'll see you tomorrow." The woman said.

"Pop!"

With that, Han Yang hung up the phone, his original smiling expression instantly turned gloomy as he let out a low bellow, "Zeping!"

With a snap, the door to the room was pushed open, only to see a sturdy man suddenly walk in, "Young Han."

"Zeping, take someone to Qiu San's house immediately and find Qiu San's wife!" Han Yang quickly ordered, "Something happened to Qiu San, he was arrested by Ji Feng, but he might have left behind some of the evidence that is very bad for me, his wife knows where it is, I want you to get it back for me, understand?"

The man named Zeping did not have a start, "Now?"

Han Yang said, "That's right, right now, and the sooner the better, and it has to be in your hands!"

Zeping asked, "Then what if Qiu San's wife doesn't give it? Or, even if she knows where the stuff is but won't say"

"That's why I'm letting you go!"

A sinister look flashed across Han Yang's face as he said in a cold voice, "You know what to do!"

Zeping nodded his head at once and said, "I understand."

Han Yang added, "Also, arrange for a few more people to come over, I need to use them whenever I can."

Zeping nodded and said, "Yes."

"Go now, no matter what, you can't let the stuff fall into the hands of others, if you can't get it, destroy it, remember?!" Han Yang said through clenched teeth, "At all costs, and I don't care what means you use!"

"Young Han, I understand!" Zeping's heart instantly fluttered and he immediately nodded his head and said.

After watching Zeping leave quickly, Han Yang thought about it and dialed Xiao Jing's number again, first babbling a few words and then asking, "Xiao Jing, where are you now? Who are you with?"

“..... Okay, I know, now I’ll send someone to protect you immediately, remember, until my people arrive, you don’t leave and don’t contact anyone, remember?” Han Yang said with concern.

“I remember.” Xiao Jing said.

Xiao Jing, however, did not know that as she gave out her address, she was already in great danger.

Because Han Shao, who in her impression had always had a pretty good relationship with Qiu San and was quite energetic, had actually turned into her biggest enemy and the most dangerous person to her at this moment!

At the same time, Han Yang had already arranged everything, he dispatched Zeping to go directly to Qiu San’s wife, and then sent someone to find Xiao Jing, no matter what he had to get what Qiu San left behind today, whether it was evidence or not!

He did not expect that Qiu San, the son of a bitch, had really left behind evidence. He did not know how much of this evidence was about him, but he knew that he could not take the risk, no matter if the evidence was related to him or not.

But while he was annoyed, Han Yang couldn’t help but feel a little apprehensive in his heart.

Because he didn’t know if Ji Feng had gotten the evidence or not. Qiu San’s wife knew where the stuff was and had to go to the ‘right place’ to get it, but for Qiu San, he was the one who knew best.

If Qiu San’s bones weren’t hard enough after falling into Ji Feng’s hands, or if Ji Feng was too ruthless, then I’m afraid Qiu San would give an account of all of it, and Ji Feng would never let go of such a good opportunity, unless he was a fool!

The most important thing was that he had only just gotten the news, while Ji Feng’s action was much faster than his, because Ji Feng had started his action long ago and had been continuing.

If Ji Feng was allowed to get the evidence

Han Yang couldn’t sit still, he picked up his phone with apprehension in his heart and dialed a number: “Something’s wrong.”

“What’s wrong?” The person on the other end of the phone asked.

“Ji Feng suddenly mobilized the army and arrested Qiu San,” Han Yang gritted his teeth and told the story, then said, “Qiu San might have left some evidence... ..”

“Bastard!”

The other party couldn’t help but curse out.

Han Yang gritted his teeth and said, “Ji Feng is a bastard! He doesn’t follow the usual rules at all, this time I

“I’m saying you’re a bastard!” The voice on the phone immediately interrupted Han Yang’s words and said in a deep voice, “Do you have a brain or not, ah! I told you before to be careful of Ji Feng, this person is very sinister, you just didn’t listen, you still think that Ji Feng will be screwed over by you and have to bow down in the end, now what?”

Han Yang couldn't help but blush, but then he revealed a ruthless look and said, "How was I to know that Ji Feng would even mobilize the troops?! Besides, wasn't this your idea to begin with? How come you're blaming it on me?"

The other party said in a cold voice: "What? Are you starting to blame me?"

Han Yang gritted his teeth and said, "No."

The other party said coldly, "Han Yang, I'm telling you, you'd better watch yourself! You must remember that it was your grandfather who saved my grandfather, but it wasn't you who saved me, let alone you who saved my grandfather! If you ever dare to speak to me in that tone of voice again, just try it!"

Even through the phone, Han Yang's face was said to be blue and white for a while, embarrassed and annoyed, but he didn't dare to get angry, so he could only grit his teeth and admit his mistake.

"Now, the most important thing is to get the evidence in hand!"

The other party reprimanded Han Yang, then added: "This person, Ji Feng, is sinister and poisonous, and can be said to be sophisticated, he probably went to find the evidence long ago, so I advise you to have all your men bring their weapons."

Han Yang immediately said, "They're all armed!"

"Very well!"

The other party said, "Also, you should instruct your men that if they encounter the people sent by Ji Feng in the process of looking for evidence, don't show mercy and be ruthless!"

Han Yang was instantly shocked and asked, "Do you mean to say that you have to fight Ji Feng's people head on?"

The other party said, "If you don't have the guts to do so, it's fine. But I have to remind you, if Ji Feng finds evidence, then not to mention you, I'm afraid your old man's seat won't be secure, at that time, even your grandfather won't be able to protect you, you have to think about it yourself. That's all."

After saying that, he hung up the phone.

Han Yang then couldn't help but swallow his saliva with difficulty, his face changing.

A moment later, he couldn't help but grit his teeth and secretly said, "We must get the evidence!"

Then, he dialed another number and said, "Zeping, if you meet the people sent by Ji Feng, don't show any mercy"

Campus Master Chapter 2430

The caravan whistled by in the night of Harbin.

Inside the car, Ji Feng's face was calm, but there was a touch of seriousness in his eyes.

It is vital to get the books and recordings!

Zhang Lei drove the car, not caring in the slightest whether it was harmful to the car, just blasting the accelerator, the car sped through the street, and fortunately the road was not blocked at the moment, so Zhang Lei sped up to the limit.

Get the evidence!

We must get the evidence!

As long as Qiu San and the evidence were there, this operation would be a success!

Getting the evidence was definitely more important than catching Han Yang now!

Moreover, even Qiu San did not know where Han Yang was. Qiu San only knew that Han Yang's old man was the executive vice governor of Black Province, but according to his account, Han Yang did not often go home, but often spent the night outside, but where exactly, Qiu San could not answer.

Because Qiu San and Han Yang were not really friends, Qiu San had always wanted to climb the Han Yang line, but had never succeeded.

In the words of a famous person in history, Qiu San was actually like a urinal for Han Yang, taking it over to pee when he used it, and kicking it away when he didn't.

So Qiu San was not Han Yang's inner circle and did not know Han Yang's real details and whereabouts.

This made Ji Feng feel even more cunning about Han Yang. He felt that although Han Yang was arrogant, he was not that kind of stupid arrogance, this person was still very calculating, or at least very cunning in what he did.

Ji Feng also became determined to get the evidence first!

If the evidence is in hand, even if Chen Youdao wants to save his son and turn black and white upside down, he will only be delusional!

And if he could not get the evidence, he would have to go through a lot more trouble if he wanted to move Han Yang.

So, the evidence Qiu San had now was crucial!

"Lei Zi, how much further is it?" Looking out of the car window at the rapidly receding scenery, Ji Feng couldn't help but ask.

"Three kilometres to go!" Zhang Lei glanced at the navigator and said, "We'll be there in a few minutes!"

Ji Feng nodded slightly and said, "Get ready, whatever stops you encounter later, ignore them, go straight to Secretary Qiu San's office first and get the evidence in hand!"

Zhang Lei nodded and said, "I'll be first when the time comes!"

Ji Feng said in a deep voice: "Besides, the matter of our arresting Qiu San might leak out, and Han Yang might make a move then, so the next action should not only be quick, but also careful, don't be reckless!"

After all, this was the Northeast, not Jiangzhou, no one knew how much power Han Yang had here, or how crazy Han Yang was as a person, in case he sensed a sense of crisis and did something too radical in his madness, it would be too late to regret by then.

Zhang Lei sneered, "What I'm afraid of is that he won't come!"

"Young Ji, look at, " Bai Zhu, who was sitting in the passenger seat, suddenly spoke up.

"What?"

Ji Feng immediately looked in the direction of Bai Zhu's finger, and immediately realized that through the car window, he could see the big words of Qiu Group with flashing lights not far away.

Qiu's Group, it's here!

However, what caught Ji Feng's attention the most was the fact that there were several cars parked underneath the Qiu Group, and a group of people were getting out of the cars, and the two people walking at the front of the group were actually dragging a person between them!

The person in the middle was cloaked with long hair and appeared to be a woman, but since they were still some distance away from the Qiu Group building, they could not see too clearly.

What was certain though was that the woman in the middle was definitely being dragged by the people on either side, and it looked as if she was being held hostage.

"What's going on here?" Zhang Lei couldn't help but frown, "A few big men dragging a woman, some manliness there!"

"Something's wrong!"

Ji Feng's eyes stared and immediately said in a deep voice: "Lei Zi, Bai Zhu, be careful, I don't think the situation is right, You see, these guys are dragging that woman towards the Qiu Group building, wait, there's someone in the car! Lei Zi, lean up, be careful!"

Because the distance is still a bit far, Ji Feng can only see in that downstairs in one of the cars there are still shadows shifting, but what exactly is the person, he is unable to see clearly.

Zhang Lei suddenly said, "Crazy, it's not like you've got it right, right? Han Yang has received the news and sent people to act here?"

Ji Feng said in a deep voice: "It's not that there's no such possibility, Lei Zi, let's also act immediately, me and Bai Zhu go up, you wait below to meet us!"

Zhang Lei said, "It's better for me to go, no one can hurt me anyway with the warriors following, "

"Don't argue, just do as I say!" Ji Feng said, "I have some research on safes, it's better for me to go!"

"..... Alright then." Zhang Lei had to nod his head.

At this time, the car had already leaned up, and Ji Feng then saw that in one of the cars downstairs there, there were still a few people sitting there, and there was a girl struggling in the middle.

Ji Feng said in a deep voice: "Lei Zi, leave it to you, don't make too much noise!"

Zhang Lei grinned, "Don't worry!"

As he spoke, he parked the car, then quickly touched over with a few warriors. Because the steps of this building were still a certain height, the people in the car above did not notice Zhang Lei and the others.

So, when several submachine guns were pointed at their heads, the people in that car could only raise their hands in surrender with pale faces!

At this time, a girl in the car, who was about fifteen or sixteen years old, ran out of the place in tears, her face full of panic, and when she saw these soldiers she was even more frightened and backed away in a panic.

"Xiao Yan!"

Just then, a weak voice suddenly rang out, but it was Qiu San who had been brought down from the military vehicle and was staring at the girl in astonishment beyond measure.

"Dad, Dad!"

The girl also saw Qiu San, she immediately ran wildly as if she had seen a savior, but before she could run a few steps she suddenly stopped because she saw Qiu San with his hands tied, his whole body was emaciated and looked miserable, it was almost as if he had lost a layer of skin, and when she looked at the two soldiers who were holding Qiu San, the girl was instantly terrified.

"Ah"

"Don't scream!"

Zhang Lei glared, "If you scream again, you'll be arrested!"

The girl's voice stopped instantly before she could get out, and she stared in horror at everything in front of her, her entire being almost in a state of panic.

At this moment, Qiu San's eyes were red as he stared at Ji Feng and gritted his teeth, "Ji Feng, I, Qiu San, have already conceded, kill or die as you wish, but this has nothing to do with my daughter, why did you bring him here!"

Ji Feng said in a cold voice: "I didn't arrest your daughter!"

Although Qiu San had already been tortured and almost lost half of his life, at this moment, he didn't know where he got the strength and courage, his eyes were red and he stared at Ji Feng with a deadly gaze, as if he wanted to memorize Ji Feng's appearance in his mind.

"Ji Feng, if you dare to hurt my daughter, I, Qiu San, even if I become a ghost, when I reach the Hall of Hell, I will definitely come back to seek revenge on you!" Qiu San gritted his teeth and said with intense hatred.

"Take him with you and go upstairs immediately!" Ji Feng didn't bother to talk nonsense with him, waved his hand and said in a deep voice: "Lei Zi, I'll leave you with three people to keep an eye on this girl, the others follow me and go upstairs!"

Under Qiu San's thick hatred, he was led straight to the secretary's office!

When they arrived at the office door, they found that it was open and there were some sounds inside, obviously, someone had already entered before them.

Ji Feng waved his hand, and several soldiers immediately understood and rushed in at the same time.

“Don’t move!”

“Put your hands up”

All of them were easily subdued, and none of them dared to resist under the black muzzles of the guns.

Ji Feng walked in with Qiu San, then he saw five or six people inside who were crouching on the ground with their hands on their heads, and in the middle there was a woman struggling.

“Wife?!”

Qiu San was shocked to the core when he saw the woman.

At this moment, Qiu San’s wife also saw Qiu San, but she no longer cared about Qiu San’s appearance at the moment, but frantically shouted, “Third brother, Xiao Yan! Xiao Yan has been captured by Han Shao’s men, it was Zhou Zeping who did it, is downstairs, you go and save him”

“Zhou Zeping?”

“Young Han?!”

Qiu San’s face was filled with shock, and his eyes even held a look of disbelief.

A moment later, he understood everything, and he couldn’t help but roar out in anger, “Han Yang! You crossed the river and broke the bridge! You deserve to die!”

“Where is Zhou Zeping? Where is he? Did he do the wounds on your body? Did he grab Xiao Yan too?” Seeing that his wife and child had been captured, and that it was by the man he trusted most, Qiu San almost collapsed at once.

“He didn’t come up, and the child is down there too”

“Keep an eye on them!” Ji Feng didn’t have time to pay attention to Qiu San and his wife rambling there, hurrying to get the evidence was the most important thing, at this moment there was no need for Qiu San, because even Qiu San himself didn’t know the password of this safe, only his secretary alone knew it.

However, this was difficult for Ji Feng.

When he saw that Ji Feng opened the safe in just a dozen seconds and got the books and recordings inside, in addition to bundles and bundles of cash and even a dozen gold bars, Qiu San was so shocked that he couldn’t even speak.

“These are the ones!”

Ji Feng waved his hand, “Go!”

“Ta-da-!” Suddenly, a burst of gunfire came up from outside, and Ji Feng suddenly frowned: “Go downstairs immediately!”

“Lei Zi, what’s going on!”

When they went downstairs as fast as they could, Ji Feng saw that Zhang Lei was stamping his foot uncontrollably, and he couldn’t help but ask.

Zhang Lei said, “There’s a guy hiding in another car, he suddenly accelerated and ran away when I wasn’t paying attention, he’s really fucking cunning!”

Ji Feng waved his hand and said, “It doesn’t matter anymore, we have the account book and the recording, as long as we wait for news from Qu Feng’s side, we can make the final strike!”

Zhang Lei immediately waved his fist in excitement, “Well done!”

Almost half an hour later, Ji Feng received a call from Qu Feng, who had also found the second copy of the account book and the recording in a villa that Qiu San had explained, so that only the copy in the bank safe remained, and he only had to go and take it out in the morning.

At this point, the operation was considered a success!

“Arrest Han Yang!”

Zhang Lei said viciously, “Let him know what it means to be a thunderbolt!”
