“Young Han, something’s happened!”

When Han Yang, who was waiting in agony, heard the report from his men, his face changed dramatically!

Because, the person who reported to him was none other than Zhou Zeping, who he had sent to snatch the evidence from Qiu San’s woman, and at this moment, Han Yang wanted to answer anyone’s call but Zhou Zeping’s!

Zhou Zeping had called him to tell him something, so what could be good about it?

Obviously, it must be that Zhou Zeping had failed in his attempt to grab the evidence.

The moment he received the call, Han Yang became irritable, and his heart couldn’t help but thump, this feeling of distraction almost drove him crazy, so as soon as he heard Zhou Zeping say this, he immediately yelled, “Something happened again? What’s going on?”

Zhou Zeping on the other end of the phone said, “Young Han, I led someone to capture Qiu San’s wife and used her daughter to force her to reveal the address where Qiu San left something, which is in the Qiu Group

Han Yang interrupted him with great impatience and said, “You already told me all this when you called earlier, get to the point!”

Zhou Zeping hurriedly said, “But when I arrived at Qiu’s Group with my men, before we could get the evidence in hand, a group of soldiers suddenly came

“Soldiers?!”

Han Yang immediately couldn’t help but lose his voice and exclaim, his face even changed violently, but his eyes were road out an imperceptible look of panic, “It’s Ji Feng, it must be Ji Feng! He must have known from Qiu San that Qiu San had left evidence against me, and then he led people to rob

In fact, when the words were said here Han Yang actually already knew the result of the matter inwardly, only, he was not willing to believe it, because from the time Zhou Zeping left, Han Yang thought about what his father Chen Youdao said, and then carefully considered the consequences of this matter, he suddenly realized that this matter was serious!

If he hadn’t had any leverage in Ji Feng’s hands before, then Ji Feng couldn’t do anything to him even if he was a member of the Ji family, because everyone was a magistrate, even if Ji Feng’s head was bigger than his, but in this northeast Ji Feng was just an outsider, but he couldn’t do whatever he wanted.

What can Ji Feng do?

But now, the situation has changed all of a sudden!

Qiu San has evidence in his hands What evidence is that, Han Yang barely needs to think about it, he only needs to think about what he has done over the years, and what he has ordered Qiu San to do, how much money he has taken from Qiu San

Han Yang couldn't help but be covered in cold sweat!

So, at this moment, he can't help but have a hint of luck rising in his heart, hoping to hear a good news from Zhou Zeping's mouth.

For example

The first thing you need to do is to get a good idea of what you're doing.

Or perhaps Zhou Zeping was also injured and was waiting for himself to send someone to meet him.

In any case, the best thing Han Yang could hope for was that the evidence was still there.

Otherwise he'd be in big trouble!

"Young Han, all my brothers have been planted, all of them have been captured by the soldiers!" Zhou Zeping said over the phone, "Only I escaped"

"Where's the evidence?!" Han Yang interrupted Zhou Zeping's words with great impatience, he didn't care whether Zhou Zeping was dead or alive or injured, what Han Yang was most concerned about now was the evidence! Evidence!

"The evidence has been snatched away!" Zhou Zeping said carefully, "Before we could get our hands on it, that group of soldiers rushed in"

"Rice buckets! Stupid bastards! What's the point of raising you people!" Han Yang couldn't help but grit his teeth and roared in anger.

"Young Han"

"Zhou Zeping, I'm telling you, now go jump into the river yourself, don't wait for me to do it!"

"Pah!"

Han Yang's face turned blue with anger, and he hung up the phone directly after cursing.

However, his eyes revealed a flash of panic and a hint of trepidation.

Things are big!

Han Yang finally realized this, he subconsciously was about to feel out a cigarette to light it, but just then, his mobile phone suddenly rang again, he took a look at the number on it and hurriedly picked up the phone, "This is Han Yang, did it work?"

"....."

"A soldier again? Robbed again?"

When Han Yang heard the other party's answer, he was so angry in his heart that he couldn't help but tremble a few times with his hand clutching his cigarette: "Bastards! Go to hell! You're all dead! You're all shit!"

The hysterical cursing could not hide the panic in Han Yang's heart, and even his cursing was actually a way to cover up, but as the feeling of panic grew stronger and stronger, his cover up only became more and more pale and feeble.

"Hu~~hu~~"

Han Yang took two strong puffs of his cigarette, the stimulation of nicotine seemed to have calmed him down slightly, he picked up his mobile phone again and dialed his father Chen Youdao's number, "Dad, something's happened"

When he finished, he heard Chen Youdao cursing angrily over the phone. Han Yang was particularly annoyed to hear this, Chen Youdao was only scolding him for saying that he did not learn from the good, did not follow the right path, was often in contact with people like Qiu San, and even had mobsters in Liaoning and Ji provinces in contact with him and so on.

He was happy to scold him, but Han Yang wanted to get angry several times, just scolding himself, did Chen Youdao walk the right path?

He scolded for nearly ten minutes before Chen Youdao said in a deep voice: "You pack your things now and go to Yanjing first, then I will immediately arrange for you to leave the country"

"Go abroad?"

Han Yang was stunned, "I'm not going abroad!"

Chen Youdao grunted and said, "Things have come to this point, people are about to put a knife on your neck, what else do you want if you don't leave the country? Do you want to go to jail?"

"Jail?"

Han Yang gritted his teeth and said, "No! I won't go to jail! Dad, I won't go abroad, I know if I do, I'll never be able to come back afterwards, and Ji Feng won't let me come back either No! I'm definitely not leaving the country!"

Chen Youdao cursed angrily, "Bastard thing! What are you playing small, do you want to die?! Get back immediately, I'll arrange for you to go to Yanjing and then leave the country!"

But Han Yang kept shaking his head and said, "No! Dad, I won't leave the country, this matter hasn't come to the end, I haven't lost yet, I still have a chance"

"You still have a shit chance!" Chen Youdao cursed angrily, "Waiting until the last minute will be too late, you can't even get away if you want to! You"

"I'm not leaving!"

Han Yang shouted, and immediately snapped, hanging up the phone, no matter how much Chen Youdao shouted over the phone, there was no half-hearted response.

Han Yang who hung up the phone, his eyes seemed to be a little red, but his face was with a touch of fierceness, and some sinisterness.

“One wrong move and the whole game is lost!” He gritted his teeth and said to himself, “I only missed one step, just one step I’m going to snatch the evidence back! As long as the evidence doesn’t fall into Ji Feng’s hands, there’s nothing he can do about it!”

“That’s right! That’s it!”

A sinister look flashed in Han Yang’s eyes as he gritted his teeth, picked up the phone and dialed a number, “It’s me, mobilize your men immediately, bring all of your gang’s most powerful weapons with you and go do something

At the same time, while Han Yang was fierce and ready to mobilize his men for a crazy operation, in another building in Ha City, Chen Youdao was also furious, walking back and forth in the living room with his hands behind his back.

Having been involved in official circles for decades, Chen Youdao’s deep planning was far from being comparable to that of his son Han Yang, so Chen Youdao was far more conscious of this matter than Han Yang!

When he heard Han Yang finish his story, he instantly understood the seriousness of the matter, but at this moment he was a bit helpless because Han Yang was no longer answering his calls, and he couldn’t find where he was!

“This little brute! No brains at all, he’s simply a fool!” The more Chen Youdao thought about it, the angrier he became, and he couldn’t help but curse angrily.

One could be insolent, but one must know how to advance and retreat, and even more so, one must know how to protect oneself!

But Han Yang didn’t understand any of this!

Chen Youdao kept pondering and pacing faster and faster, after a few moments, he stopped violently, then picked up the phone on the table and made several calls in a row within a short half hour.

.....

And at this moment, Ji Feng, who was equally sleepless, was sitting in the business car and was talking to someone.

“Wang Xin, are you ready?” Ji Feng asked.

“Boss, please don’t worry, my side is ready, we can start anytime!” Wang Xin said.

“Is it okay even for such a long distance?” Ji Feng asked.

“It’s hard to say now, we have to try it first.” Wang Xin said.

“Okay then, let’s start!” Ji Feng nodded his head.

This time, he was going to find out where Han Yang was at the moment, and he was going to catch this bastard. With the evidence in hand, even if Han Yang had great skills and a deep background, he would definitely be in trouble this time!

The key now was to confirm Han Yang's location at the moment before he could go and arrest him!

But Qiu San didn't know, and several of them even less so, and Qu Feng and the others had no way to trace it, and if they checked it up through other channels, it would be too slow and not too difficult.

So, Ji Feng thought of Wang Xin.

Wang Xin could easily access the telephone network and track the signals of the phones. Ji Feng had relied on Wang Xin's superb ability to successfully locate the other party and take action on several occasions.

And this time, he also wanted to do the same.

But there was a difficulty in it, the distance between him and Wang Xin was too far, Wang Xin was in Jiangzhou while he was in Ha City in the Northeast, trying to track down Han Yang under such circumstances was not an easy task.

They had tested it once before, but the result was not too ideal, but apart from this method, Ji Feng had no better way now, so it was the only way to try!

"Boss, hang up the phone, we'll stay in touch on the internet, you connect the phone to the computer as I said"

Campus Master Chapter 2432

According to Wang Xin's arrangement, Ji Feng prepared everything.

"Let's start!" Ji Feng said.

"Good!"

Wang Xin's voice came out from the computer's speaker, before this Ji Feng had already prepared the computer, because from the beginning Ji Feng had considered the possibility that Han Yang might get wind of his absconding, only he didn't expect that not only had Han Yang received wind of his absconding, Qiu San didn't even know Han Yang's home address!

This raised the alarm in Ji Feng's heart a few more points, for a cunning person like Han Yang, if he was going to do anything, it was really not easy to predict.

With the sound of Wang Xin crackling the keyboard, Ji Feng started to dial Han Yang's phone number.

"Young Ji, after the call is connected later, you try to stall for as long as you can, because the distance is too far, if your call doesn't take too long, you might not be able to track each other." Wang Xin reminded.

"I understand." Ji Feng nodded his head.

"Beep beep"

Ji Feng held the phone and quietly waited for the call to be answered, he wasn't sure if Han Yang would definitely answer the phone, but, as of now this should be the fastest way to find Han Yang, so he had to give it a try.

"Ta~!"

As a slight sound rang out, Ji Feng's spirit was instantly shaken, the phone was connected.

Immediately afterwards, he heard Han Yang's voice come through, "Who?!"

There was a touch of caution in his voice.

Ji Feng said indifferently, "Han Yang, you are too malicious, aren't you? In order to get what Qiu San left behind, you even sent someone to capture Qiu San's wife and children?!"

"..... Ji Feng?!" Han Yang's voice steeply raised a few points, as if he was surprised that Ji Feng had directly called him on his mobile phone, but immediately, this surprise turned into anger: "Ji Feng, you're really ruthless!"

"I'm ruthless?"

Ji Feng snorted and said, "Han Yang, that's a bit evil of you to say, isn't it? Even if I'm ruthless, I wouldn't hold people's wives and children hostage. Qiu San used to do a lot of things after you, but I can't imagine that you'd abandon him like a piece of cake and sell him out just like that!"

Han Yang said in a cold voice: "Ji Feng, you are not qualified to talk to me like that! What I do to Qiu San is none of your business!"

Ji Feng smiled and said, "It was out of my hands, but I couldn't stand to see the villainous act of being a man who actually used women and children, and it just so happened that I needed what you were looking for, and I accidentally stumbled upon it, so I saved Qiu San's wife and children by hand."

"You're very proud of yourself, aren't you?" Han Yang said in a cold voice, "You think you can eat me up just because you've captured Qiu San and saved his wife and children?"

"Ji Feng, do you really think that there is nothing I can do at all?!" Han Yang asked in a cold voice.

"That's not what I want to discuss with you now!" Ji Feng but changed the topic and asked in a cold voice: "Han Yang, Qiu San left a total of three pieces of evidence, now I already have two in my hand, and another one can be obtained at any time, there are quite a few things about you in here don't you want to hear about it?"

Han Yang immediately said angrily: "Ji Feng, what do you want? I'm telling you, if you have the guts, let your horse come, others are afraid of you, I, Han Yang, am not afraid of you!"

"Is that so!"

Ji Feng chuckled, but his gaze was fixed on the computer screen, and when he saw through the video that Wang Xin was busy at the other end of the computer, but had not yet given him a hand signal, he snickered, "Then I'd like to know, what exactly makes you so bottom-feeding?"

Han Yang said in a cold voice, "Trying to set me up? I'm telling you, don't think you can eat me up just because you have the so-called evidence in your hands, you'll see the results! I guarantee it!"

Ji Feng asked, "Oh? Then you tell me, what exactly is the result?"

Han Yang said in a cold voice: "You'll see!"

Ji Feng couldn't help but frown, Han Yang's words were said with a great deal of courage, apart from being annoyed, there was surprisingly no fear in his words, which made Ji Feng vaguely wary, was Han Yang going to do something?

"Han Yang, I advise you not to fight like a trapped beast, you no longer have any capital to fight me now, if you continue to struggle, you will end up even worse!" Ji Feng said in a cold voice.

"Then we'll see!" Han Yang sneered, "Ji Feng, this is the northeast, not Jiangzhou, not to mention Yanjing, I'll let you know that you can't make any waves here!"

"Snap!"

Just as he finished his words, Han Yang hung up the phone with a snap.

Ji Feng's eyebrows then tightened together and he hurriedly asked, "Wang Xin, how's it going, did you get the trace?"

"No. Although your call was long enough, the signal was unstable and occasionally intermittent, I could only track a general range, but not the exact location!" Wang Xin said, "Boss, I'm sorry, I"

"It's okay!"

When Ji Feng heard this result, he was not too surprised, not to mention not much disappointed, because he had already expected this possibility before making the call, it was naturally better to be able to track it, and it was normal not to be able to track it.

Wang Xin, however, was very upset. Ji Feng usually gave her so much power and let her take charge of the network company, which was an absolute trust in her, but she often failed to get things done.

She felt that she was somewhat ashamed of Ji Feng's trust.

So Wang Xin immediately said, "Young Ji, why don't I go to the Northeast tomorrow, we'll be closer then, I'm 100% sure I can track him down!"

Ji Feng pondered for a moment and nodded, "Good then, come over, it's late now, you should get some rest first!"

Persuading Wang Xin to let her go and rest, Ji Feng fell into deep thought.

Han Yang, what exactly was he going to do?

Now that the victory between the two sides had basically been determined, what exactly did Han Yang have to fall back on?

Ji Feng didn't have any clue for a while, so he could only suppress the doubts in his heart for the time being, and now followed Qu Feng to the military camp, which was also suggested by Qu Feng, because

now no one knew what exactly Han Yang was going to do, and when he couldn't be found, he could only think about his own safety first.

After all, there was one thing Han Yang said that was very true: this was the Northeast, not Jiangzhou.

With the Chen family's influence in the Northeast, if he really wanted to do something, it would be too easy.

However, at this moment, Ji Feng would not have thought that this night, the entire city of Ha was shaken, even the entire Black Province, but all those who had some power, and some people in specific circles, but they had all received the news.

In one night, almost all the top brass of the Pack were arrested, so to speak, in one fell swoop!

The godfather of the Black Province's mafia, the prestigious Master Qiu San, was taken away from the hospital by the soldiers and his whereabouts were unknown immediately afterwards!

But when they saw Qiu San being taken away by a group of wolf-like soldiers, they didn't dare to come out, which made the news of Qiu San's arrest spread throughout the whole province in the shortest possible time.

This made the news of Qiu San's capture spread to the entire Daoist community and even to the top brass of the entire city of Ha and Black Province in the shortest possible time!

When everyone heard this news, they could not help but be shocked violently.

The fact that the soldier had exterminated the top leaders of the Baggage Gang, and even arrested Master Qiu San, was simply a heavy bomb, which immediately shook the entire Black Province without having to tremble a few times.

The entire Black Province was almost in an uproar!

It was Ji Feng!

Needless to say, this must be Ji Feng's doing!

The reason why Ji Feng came to the northeast was because Qiu San was targeting the Tengfei Group, so now, to strike hard with such thunderous means, directly using the troops to capture Qiu San, this kind of big gesture was only possible by Ji Feng!

"Ji Feng Crown Prince is the Crown Prince!" Some people couldn't help but lament.

"Not a fierce dragon but a river!"

.....

That's Master Qiu San!

Just like that, Ji Feng directly used the army to capture Qiu San?

It really left everyone stunned.

If they hadn't experienced Qiu San's influence in the Black Province, they would never have been able to appreciate the shock everyone felt when they heard the news.

This was like a land emperor who had been rampantly dominating for many years, who no one dared to mess with in Black Province, who in everyone's mind was a high and mighty land emperor who could never be messed with, but now, all of a sudden, overnight, his empire collapsed, no, strictly speaking, it was collapsed by Ji Feng's heavy fist, a fierce fist!

This kind of shock is beyond words!

I don't know how many people were shocked by this thunderous tactic of Ji Feng's, and there were even some young people who were so excited that their adrenaline shot up when they saw this kind of thunderous tactic and ruthlessness of Ji Feng, the kind of extreme excitement that made their bodies tingle!

It was really too shocking!

In just one night, Ji Feng's name had resounded throughout the circle of power in Black Province, and even, made some people who were still close to Qiu San, couldn't help but be terrified.

Ji Feng could even clean up Qiu San, so what about them?

Some people were even secretly shaking their heads, thinking that the fact that Qiu San had been in Northeast Stellar for many years and no one dared to mess with him might have made him a bit drifting, so much so that he had the audacity to mess with Ji Feng.

The nephew of the head of the Jiangzhou Municipal Committee, what concept is that? That status is even higher than the nephew of the head of their Black Province, how can Qiu San afford to mess with him?

Even if he had come from afar, he was an outsider, but the weight of the two sides was not on the same level, Qiu San was really too arrogant!

This also made some people's hearts astonished and even more shocked that Ji Feng, as an outsider, had knocked out Qiu San, the emperor of the land, with a single blow in this city of Ha!

It was shocking!

However, these people did not know that what they had learned was only a scrap and a half, and only a very few people were clear about the inside story.

So they were all the more nervous, watching closely for the next developments!

They had a feeling that there was going to be a big storm!

Campus Master Chapter 2433

Qiu San is just a pawn.

Although he seems to have some weight in the north-east of the country, he is nothing in front of Ji Feng. If he were in Jiangzhou, I am afraid that Ji Feng would not even need to go out in person, just one word and Qiu San would be cleaned up in a mess!

Behind Qiu San stood Han Yang, who was the real mastermind against the Tengfei Group!

In Ha, an upscale district, this was a relatively ordinary duplex flat, one of Yao Yue Ran's residences in Ha, where she liked to live if she arrived.

Today, however, there was an extra person in the flat, a middle-aged man, slightly blessed but not particularly fat, who looked obviously dressed with great care and class, and whose every move carried a kind of authority, as if he was used to giving orders.

This middle-aged man was no other than Yao Yueyan's father, Yao Jinlong!

Late into the night, the father and daughter had not rested because they had received the news that Qiu San had been arrested. As a result, Yao Jinlong, who had already laid down to rest, suddenly had a jolt and hurriedly got up again.

"Ji Feng"

Yao Yue Ran opened his mouth, but did not know what to say, in the end, he could only tsk his mouth and said, "Isn't Ji Feng a bit too reckless, just what is the use of arresting Qiu San, Qiu San still has Han Yang standing behind him, even if Qiu San is killed, what can be done?"

Yao Yue Ran shook her head a little at Ji Feng's approach.

Yao Jinlong asked, "You think Ji Feng is too reckless?"

Yao Yue Ran nodded and said, "I think he's still a bit young and impetuous, and when he came to the Northeast and saw the predicament that the Tengfei Group was in here, and then after suffering from Qiu San and Han Yang, I'm afraid he's been holding a fire in his heart, and that's why he suddenly made his move."

Yao Jinlong asked, "Do you think it's wrong for him to do this?"

Yao Yue Ran shook his head and said, "It's not wrong, in fact, his strategy is right, he struck hard first and captured the top brass of the pack directly, this is like knocking out Qiu San's minions, and then it would be easy to move Qiu San. But the problem is, although Qiu San is Han Yang's henchman, but Han Yang's identity is different from Qiu San's, Qiu San is a gangster, but Han Yang is the son of a member of the Standing Committee of the Provincial Party Committee, Ji Feng can casually arrest Qiu San, but cannot easily arrest Han Yang."

Yao Jinlong, however, shook his head and smiled, saying, "Girl, it looks like your analysis is correct, but in reality, you have forgotten one point."

"What?"

Yao Yue Ran asked in surprise.

Yao Jinlong said, "Have you ever thought about the fact that Ji Feng knew that Han Yang was the mastermind, yet he first arrested the Baggage Gang's men and then Qiu San, and has not even touched Han Yang until now?"

Yao Yue Ran hesitantly said, "Is he worried about Chen Youdao?"

No matter what, Chen Youdao was also the executive vice governor, if Ji Feng rashly went to arrest his son, it would definitely be inappropriate, and it might cause a big storm then!

Yao Jinlong, however, shook his head and smiled, saying, "Girl, just watch, this time Ji Feng's action is not reckless in the slightest, in the end Han Yang will definitely suffer a big loss, and maybe even his old man will be dragged into it!"

"Eh?"

Yao Yue Ran looked at her father in surprise, "What do you mean?"

Yao Jinlong laughed and said, "Let's just wait and see how things develop, girl, this person Ji Feng can be described as brave and resourceful, and quite tactful, perhaps when the whole thing comes to an end, you can learn a lot from Ji Feng!"

"Is that so?" Yao Yue Ran was then even more amazed.

"You'll know in the end."

Yao Jinlong laughed, but in his heart he was lamenting, Ji Feng was not very old, but his methods were quite severe, this chain of attack had carried on so far, in fact Han Yang had already lost, even if Ji Feng did nothing, at this moment he was already taking the initiative!

It had only been two days since Ji Feng arrived in the Northeast!

Yao Jinlong couldn't help but praise it in his heart.

From this, he was even more determined to meet with Ji Feng. This kind of character, if there was no one behind him to give him advice, then Ji Feng was definitely quite powerful.

His ability, coupled with his status, his future future was really limitless!

"The Chen family's brat doesn't know his own strength, it's not good to provoke anyone, but to provoke such a powerful opponent, he really doesn't know how to live or die!"

Yao Jinlong secretly sneered.

.....

When the sky in the east was white with fish belly, Ji Feng and others were already fully loaded and ready to go.

The first thing you need to do is to go to the bank today and get the third piece of evidence that Qiu San has stored in the safe. As for Han Yang, who cannot be found for a while, Ji Feng is not the least bit worried.

However, before leaving the military sub-district, Ji Feng went to see Qu Feng's leader first – the reason why this operation was so covert and no news leaked out at all, and the reason why Qiu San and the baggage gang were caught so easily was because of the support of Qu Feng's leader.

Needless to say, this leader had also been transferred from the Jinling Military Region!

It was only when the bank was about to open that Ji Feng left, but this time, he didn't bring so many soldiers, Qu Feng just brought a dozen soldiers, and the group left the barracks in three cars.

With Qiu San following, the third piece of evidence was easily obtained. By now, all the evidence in Qiu San's hands was in the hands of Ji Feng.

The big picture had been decided!

Walking out of the bank, Zhang Lei had already gone ahead to reverse the car, when Ji Feng saw the business car, he couldn't help but have a movement in his heart and said, "Kai, call Yang Haoran, let him take his people back to Jiangzhou for a few days, sort of take a few days off, and then let them come back after things are settled over here."

Zhao Kai nodded his head and took out his mobile phone to call Yang Haoran.

However, a moment later, Zhao Kai said, "Yang Haoran's phone is off, I can't get through."

Ji Feng said, "Call the others again. It's better for me to do it."

Before coming to the Northeast, Ji Feng had already stored everyone's phone numbers in the office in his phone, and he randomly pulled out a number and dialed it.

"Sorry, the number you have dialed is switched off"

"Hmm?"

Ji Feng was stunned, it was off again?

He called up another number, but found that it was still switched off after dialing it.

Ji Feng felt something was wrong, he dialed five or six numbers in a row and they all turned out to be switched off!

"What's wrong?" Zhao Kai asked.

"Something is not right!" Ji Feng was acutely aware that something might be wrong, at this sensitive period, anything unusual seemed so harsh, "Kai Zi, do you have the number of the hospital where the two injured employees are staying?"

"Yes."

Zhao Kai said, "I purposely wrote it down, including the numbers of those two employees I also have."

Ji Feng said, "You call them immediately!"

Zhao Kai took out his mobile phone and said while dialing, "I can only call the one with the lighter hand, the other one is too badly injured and probably can't answer the phone" eh? Turn off the phone?"

Another shutdown?

Ji Feng immediately said, "Call the hospital and ask them about the situation!"

Zhao Kai nodded and dialed the inpatient department, but a moment later, his face turned grave: "The hospital people said that someone had discharged those two employees early this morning, saying that they were going to be transferred to another hospital"

"Transferred to a hospital?"

Ji Feng's eyebrows tightened up, "Who did the formalities for them?"

Zhao Kai said, "Said it was the person in charge of the company."

Ji Feng said at once, "Go! Go to Yang Haoran and their hotel here"

"Ding"

Before walking a few steps, Ji Feng's mobile phone suddenly rang, he picked it up and found that it was actually Yang Haoran calling, a flash of surprise flashed in Ji Feng's eyes and he immediately picked up the phone, "Supervisor Yang"

"I'm not supervisor Yang, hey" What came from the phone was a somewhat coarse man's voice, but it was not Yang Haoran's.

"Who are you?!" Ji Feng immediately asked.

"You don't need to care who I am, you just need to know that this Yang supervisor you are talking about is now a guest at my place, by the way, there are two friends who have been injured, they are also here!" The other party said.

"Swish!"

A cold light flashed in Ji Feng's eyes, he immediately realized what had happened, Yang Haoran and the others, had been kidnapped!

Ji Feng's face suddenly turned gloomy: "What have you done to Yang Haoran and the others? I'm telling you, if anything happens to them, even if they drop a single hair, you won't end up in a good place!"

"Are you threatening me?" The other party grunted, "Kid, now that we have the men in our hands, you better be honest, or else"

"Say! What do you want!" Ji Feng asked coldly.

"It's good that you know what you're doing!"

The other party said smugly, "Our boss said, let you come to the chemical factory in the eastern suburbs of Ha City with the things you got from Qiu Group, remember, it's everything you got from Qiu Group, not a single thing less! Also, you must come alone, not even one more person! If you take one less thing, I'll kill one person, and if you come with one more person, I'll kill one more person!"

Ji Feng's eyes, instantly became icy cold, which was filled with a bitter killing spirit, his voice was cold to the extreme: "No problem, tell me the exact address, I'll go there!"

The other party said the address once, and after that, he simply hung up the phone.

Han Yang!

Ji Feng's whole body was filled with killing intent, his feeling was right, Han Yang had really made his move, but he didn't expect that Han Yang would actually strike towards Yang Haoran and the others, not even sparing the two employees in the hospital who were already injured!

"Ji Feng, what happened?" Zhao Kai asked.

"Ji Shao" Bai Zhu also noticed at the first moment that something was wrong with Ji Feng and asked in a hurry.

"Nothing is wrong, I'm going to a place next!" Ji Feng said, "Brother Qu, give me a pistol, military knife, and a military thorn!"

Campus Master Chapter 2434

Once Ji Feng said this, everyone did not have their faces changed, everyone instantly realized that something was wrong!

"Ji Feng, what is going on?!" Zhao Kai asked.

"Yang Haoran and the others have been kidnapped" Ji Feng quickly told the story, "They want the evidence left by Qiu San, let me go alone!"

"It's Han Yang!"

Zhao Kai said angrily at once.

Asking for the evidence left by Qiu San and targeting Ji Feng and the Tengfei Group, that could only be Han Yang.

Bai Zhu, however, was busy saying, "Ji Shao, you can't go alone, it's too dangerous"

Ji Feng waved his hand, interrupted her and said, "No way, now that our employees are in their hands, I can only go alone!"

The other side was opening and closing their mouths to kill people, Ji Feng couldn't take the risk or he would be gambling with Yang Haoran's life and theirs!

"But"

Bai Zhu still wanted to say something, but Ji Feng shook his head and smiled, saying, "Don't worry, it will be fine. What Han Yang wants is just the evidence in my hands, not my life!"

Bai Zhu didn't think so, at least because there was a certain danger for Ji Feng to face those murderers alone, she insisted on following, but was refused by Ji Feng.

It is true that if Bai Zhu followed, she would be able to help Ji Feng a lot of times, but now Ji Feng could not let her follow, in case those murderers really did what they said they would do, and some of the employees were killed because of this, Ji Feng really had a hard time in his heart.

When Zhang Lei backed up the car and also knew about this, he naturally wanted to follow too, but was stopped by Ji Feng.

"None of you should argue, I'll go by myself!" Ji Feng said in a deep voice.

“.....”

In the end, everyone had to listen to Ji Feng, but Zhao Kai was wary and said, “It’s fine if we don’t follow, but we have to send you to the entrance of the eastern suburbs chemical plant, just not inside, or at a distance that’s fine.”

Zhang Lei said, “That’s right, you bring your weapons, no one can guarantee that there are no means arranged by Han Yang along the way!”

Han Yang, the son of a bitch, was even capable of doing something like kidnapping, so naturally he would do anything. This was just what He Hongwei had said, that this man was ruthless and unscrupulous.

If he arranges some backhanders along the way, I’m afraid Ji Feng will fall right into his trap by then!

Ji Feng nodded and said, “Good then, set off immediately!”

Following the address provided by the murderer, the group headed straight for that chemical factory in the eastern suburbs.

On the way, Bai Zhu had already looked up the specific information of that chemical plant through his mobile phone, and realized that it was already an abandoned chemical plant, located in the old industrial park of Ha City, but nowadays most of the enterprises in that industrial park had moved to other places, and the place had become very desolate.

“Can you find out the internal structure diagram of the factory?” Ji Feng asked, “Or a floor plan would be fine.”

“Can’t find out.”

Bai Zhu shook his head and said, “But Wang Xin might be able to find out, because enterprises like chemical plants will probably have floor plans filed with the relevant departments Right, the fire service!”

No need for Ji Feng to say more, Bai Zhu immediately called Wang Xin, did not say anything about the matter, just asked Wang Xin to check the floor plan of this chemical plant.

Wang Xin’s work was quite beautiful, and it only took a few minutes for the floor plan and fire plan of this chemical plant to be sent to Bai Zhu’s phone.

Ji Feng took the phone and used the fastest speed to memorise these floor plans in his head.

And then, Ji Feng pulled up Han Yang’s phone number and dialed it over.

“Ji Feng?”

Han Yang’s voice came over the phone, “What, looking for me for something?”

Ji Feng said in a cold voice: “Han Yang, you’re looking for death!”

But Han Yang grunted, “Ji Feng, don’t give up your face, just because I’ve tolerated you repeatedly doesn’t mean you can stomp on your nose! I don’t understand what you’re saying, and you’d better not use that tone of voice to talk to me either!”

Ji Feng’s tone was cold: “You’ll regret it!”

“Then you should make me regret it!” Han Yang said and laughed out loud, “I’ll be waiting for you!”

“You’ll definitely regret it!” Ji Feng finished speaking and hung up the phone.

In the eastern suburbs of Ha City, inside the factory building of an abandoned chemical factory, Yang Haoran and the others were all tied up and squatting on the ground, while the two injured employees were just lying crookedly on the ground, whoever moved would immediately receive a kick, Yang Haoran and the others were infuriated beyond words, but they dared not speak out in anger.

The men were all scared because they were surrounded by a dozen big men with machetes in their hands and even a few with guns, which made Yang Haoran and the others scared.

Not far away, a man, probably in his thirties, was leaning against an iron frame, smoking, his face bearing a scar that ran from the corner of his eye to near his ear, making him look extraordinarily vicious and hideous.

“Boss, do you think that boy will come?” One of his men said, “He’s not too scared to come, is he?”

“Humph!”

Scarface snorted coldly, “He won’t come, I didn’t ask for his money, I just want something, besides, we have these people in our hands, it’s useless for him to beg anyone, he has to come!”

The man said, “But what if he calls the police?”

Scarface sneered, “Call the police? Go ahead and report it, I’ll see if any police officer will pay attention to him!”

The henchman hesitated for a moment and added, “Boss, I heard that this kid seems to be of some importance too, it seems that Qiu San has been cleaned up by him?”

“Hmph! Qiu San is already old, just a toothless tiger, he’s just a strong man with little ability, so it’s normal for him to be taken care of. Scarface said, “Now it’s rare that someone looks up to me Scar, and promises pretty good terms, in the Northeast, there’s still no need to be afraid of an outsider?”

The henchman nodded and asked again, “Boss, what’s that kid’s origin?”

“Buzz~~!”

Just then, the sound of a car engine came faintly from outside, followed by a man with a machete in his hand walking in, “Boss, it seems to be coming!”

“Get it all ready!” Scar was suddenly in high spirits, “Keep an eye on the men! Whether or not we can replace Qiu San as the godfather of the underworld in this black province, and whether or not we can glory and prosperity in the future, depends on today!”

“Yes!”

Ji Feng held the bag in one hand and played with a few coins in the other as he calmly walked into the factory.

Before he even entered the factory, he saw people shifting inside and even sensed a sense of danger, his gaze swept over and he immediately saw someone pointing a gun at himself.

Ji Feng’s face remained unchanged as he walked in with big strides. When he saw that Yang Haoran and the others were all safe and sound, he let out a slight sigh of relief.

“Kid, you’ve got some guts!” Scarface couldn’t help but say something when he saw that Ji Feng didn’t have the slightest fear at all, but he didn’t think much of Ji Feng, there were many people with guts, but they weren’t as scary as those with knives!

“You’re their boss?” Ji Feng stared at Scarface and asked.

“Not bad!”

Scarface said, “You brought the stuff, right? Give it to me!”

Ji Feng said, “You let the people go first, I’m here anyway, you let them all go and let them leave, and I’ll give you the stuff!”

Scarface said, “Kid, no one can negotiate with me here!”

Ji Feng stared at him coldly and said in a deep voice: “Let the people go first!”

Scarface, being stared at by Ji Feng like this, surprisingly had a feeling as if a frog was being stared at by a poisonous snake, causing a feeling of unease to rise in his heart.

Scarface gritted his teeth and said in a cold voice, “Kid, you’d better stop talking nonsense, or else I’ll kill one of you first right now!”

Ji Feng stared at him for a moment and slowly nodded, “Very well! The stuff is in my hand, should I deliver it to you or you should come over and get it!”

“Throw it over!” Scarface said in a deep voice.

“Looks like you don’t know what’s in here, do you?” Ji Feng asked.

“..... So what?” Scarface asked.

“The stuff in this bag is worth a lot of money, at least a hundred million or more, if you throw it over and break it, it will be a pile of rags” Ji Feng asked, “Do you still want me to throw it over?”

Scarface and others were stunned at the same time, one hundred million?!

Ji Feng clearly saw that almost all of the murderers present had a glint of greed in their eyes.

Scarface was no exception!

Only, he was slightly better behaved than all the others.

“Monkey, you go over and get it!” Scarface instructed one of his men, then couldn’t help but add, “Be careful!”

“Yes, Boss!” Monkey quickly arrived in front of Ji Feng and reached out to snatch the bag from Ji Feng’s hand.

Ji Feng deliberately sent it forward and the bag instantly went into the monkey’s arms, and at once, all eyes were fixed on the bag.

It was now!

Ji Feng shouted in his heart, he suddenly stepped forward and snapped the monkey’s neck, at the same time, the coin in his other hand was instantly knocked out.

“Whoosh whoosh

At the same time as the sharp and piercing sound of breaking air rang out, those few people with guns all noticed that something was wrong and were subconsciously about to fire, but as their attention was focused on the bag worth 100 million just now, they were a hair’s breadth slower.

It was this line of slowness that made them not even have the time to pull the trigger before the coin was shot through their heads.

“Fuck! Chop him up!” Scarface shouted in anger at once.

“Swish!”

The nearest murderer to Ji Feng fiercely raised his machete and slashed over with unparalleled ferocity. However, Ji Feng did not change his face, he just pushed the monkey in his arms out suddenly.

“Poof...!”

The machete instantly struck the monkey’s head and blood gushed wildly!

The monkey screamed miserably and instantly fell to the ground.

At the same time, Ji Feng was slashing at the wrist of the other murderer, while grabbing the machete that was stuck on the monkey’s head, twisting his body, lunging and slashing horizontally!

“Goo!”

With a sound that made one’s scalp tingle, one could only see that incomparable slash, which hardened the murderer’s neck instantly!

“Poof~!”

The blood gushed out from his neck in a frenzy, surprisingly rushing the head away and rolling to the ground with a grunt!

One slash, two breaks!

Decapitation!

Campus Master Chapter 2435

Everyone went silent at once, including the scarface!

One slash, two severed!

Right in front of them, a man was decapitated with a single slash, severing his neck, and his head rolled on the ground gurgling and still spurting blood

This kind of scene really made everyone terrified to the extreme!

Even Yang Haoran and the others, after seeing that this villain who had previously punched and kicked them was actually having his neck chopped off by Ji Feng with a single slash, the hatred in their hearts was instantly replaced by a kind of scalp-blasting panic!

Scarface even instantly stared at them, shocked to the extreme, "You, you"

Ji Feng was not the least bit moved, his face was icy cold, his gaze was full of murderous intent as he stared at Scarface, carrying a knife in one hand, he took a step towards Scarface and asked in a cold voice, "Who told you to kidnap them?!"

Scarface swallowed his saliva with difficulty, although he wanted to show off his kind of toughness, but the light from the corner of his eyes involuntarily glanced over the blood gushing wildly on the ground, and then looked at Ji Feng's ice-cold expression, and subconsciously his heart tightened.

"Say!"

Ji Feng suddenly shouted coldly, "Who ordered you to do this!"

Scarface gritted his teeth, "Damn it! Let's go together and chop up this little beast"

Scarface had been in the underworld for a day or two after all, and without knowing Ji Feng's true identity, he still had the guts. Just now, he was only subdued by Ji Feng's ruthless and harsh methods, but now that he had come back to his senses, his fierce energy came back.

So, he waved his hand and let the remaining three big men rush up together with knives, while Scarface himself rushed to the side abruptly.

In fact, after seeing that Ji Feng had chopped off the neck of a junior in the blink of an eye, Scarface just couldn't help but tremble in his heart, in fact, he was already a bit scared.

That's why he wanted the three little brothers to come together and wrap around Ji Feng so that he could have the chance to shoot him to finish him off.

"Seeking death!"

Seeing the three big men rushing over together with their knives, a bitter murderous look flashed in Ji Feng's eyes, and his legs suddenly erupted with a force so strong that his whole body instantly rushed over, and in the blink of an eye, Ji Feng was in front of the three big men.

"Ah!"

Those three big men were startled at the same time, so fast?

Subconsciously, they raised their swords and slashed towards Ji Feng. However, with their speed, how could they possibly match up to Ji Feng?

Especially when Ji Feng activated the bio-current, his speed was even faster than that!

Swish!

The cold light flashed, and before the three big men could raise the machetes in their hands, Ji Feng had already bullied his way to one of them close by.

“Ah”

The big man subconsciously cried out in shock, and his body couldn't even make any reaction before Ji Feng stabbed him directly into his stomach, directly to his heart.

A stab through the heart!

The big man's voice came to an abrupt end, his eyes opened wide, but his body was twitching up from a distance.

But at this time, Ji Feng did not stop halfway, only to see him backhanding the machete out of the man's abdomen, cleverly and incomparably avoiding the blood that was sprayed out, fiercely turning around and slashing down with the knife.

The man was horrified to the core and felt his soul rising to the surface as he subconsciously tilted his head to avoid it, but how could he avoid it?

“Poof!”

This slash struck that big man directly on his neck, instantly splitting his neck in half and sending blood soaring!

From the time those three big men rushed over to now, in just the blink of an eye, two of them had fallen into Ji Feng's hands, but because Ji Feng's speed was so fast, even the first big man who was pierced through the heart with a slash hadn't even fallen to the ground yet.

All this was in Scarface's eyes, and even though he already had the gun in his hand, he still felt as if his heart had been tugged hard, making his whole body instantly feel like it had been electrocuted, he couldn't believe his eyes!

If he hadn't seen it with his own eyes, it would have been hard to understand the shock.

Scarface almost thought he had seen a ghost, his scalp exploded and his whole body almost went crazy. At this moment, Scarface no longer had any thoughts of replacing Qiu San as the godfather of the underworld in the Black Province, he was completely stunned by Ji Feng's almost ghostly and terrifying skills.

“Little beast, go to hell!”

A fear so intense that it caused Scarface to roar furiously and raise his gun to point at Ji Feng to shoot.

However just as Scarface was about to aim, he was horrified to find that Ji Feng had somehow reached his heels That third little brother was covering his neck in death, blood offering was gushing out from his fingers, and he too had been taken out!

In just a few breaths of time, three of the most hardcore fighters were killed by Ji Feng like this, it was as easy as killing a chicken!

A chill so intense that it rose from Scarface's tailbone, quickly rushing upwards and finally exploding at the top of his head

"Ah...!"

Scarface shouted in terror and was about to fire, but just then, he only felt a cold light flash violently before his eyes, and then, he watched as the pistol in his hand, along with his hand fell to the ground at the same time.

Ji Feng's knife cut through, and Scarface's hand broke flush with his wrist!

The next moment, Scarface covered his wrist and roared in terror: "Ah-ah-ah-"

His roar contained pain and even more intense panic, this young man was too terrifying! It was horrible!

An ordinary machete with a few openings was even more terrifying than the scythe of death in Ji Feng's hands, all of Scarface's minions were slaughtered by Ji Feng in less than a minute!

It was like killing a chicken!

"Snap!"

Ji Feng took the machete, which was still dripping blood, and flung his hand and viciously smacked Scarface's face, instantly knocking him to the ground.

"Who ordered you to do this!?" Ji Feng asked coldly, "Say, or die!"

"Yes, it's"

Scarface, however, was a little dazed by Ji Feng's slash, and didn't know if he was still deliberately hesitant: "If I tell, you, can you spare me?"

Ji Feng shook his head, "Now, I'm not even interested in asking you!"

Scarface was stunned, then his eyes snapped open wide and he was about to shout in terror, but a cold light flashed before his eyes, only to hear a strange to the extreme sound afterwards, Scarface subconsciously covered his neck

A knife to seal the throat!

The scar face didn't even have a chance to regret, before he was cleanly killed by Ji Feng!

By this time, Yang Haoran and the others had long been scared silly.

Ji Feng looked at them and couldn't explain much to them, he just called Qu Feng and asked him to send someone to clean them up, and at the same time, he sent someone to send Yang Haoran and the others

to the hospital for examination, of course, this time they wouldn't be sent to an ordinary hospital, but to the Black Province Military Division Hospital.

If there was nothing wrong with the examination, they would be temporarily housed in the military division. As for the expenses and so on, when the matter was over, Tengfei Group would naturally settle with the military.

After taking care of all this, Ji Feng asked, "No news from the police yet?"

Zhang Lei sneered, "It's strange if there's news, Chen Youdao is the executive vice governor, who dares to disobey his words in this city of Ha?"

In fact, after they received Scarface's call, they reported to the police, no matter what, they must be able to stand up for themselves in terms of procedure and avenue of reasoning, but until now, the police had actually not made any movement, which was enough to explain the problem.

"It doesn't matter, anyway, we have taken photos, all the evidence that should be left behind, even if the police come, there is no problem!" Zhao Kai said, "This is all just a side issue, the most important thing now, is to catch Han Yang! Also, be careful of Han Yang's old man Chen Youdao's backlash!"

Ji Feng turned back to look at the long abandoned chemical plant, and a cold light flashed in his eyes, "Han Yang"

Then, he said in a deep voice: "Call the police again, tell the police clearly about the situation here, no, this time, Brother Qu will say it, whether the police come or not is their business!"

Qu Feng nodded his head.

Zhang Lei asked, "So what do we do next?"

Ji Feng said in a deep voice, "Next we don't do anything, we wait for Wang Xin to come over!"

He raised his hand and looked at his watch, Wang Xin should be arriving soon too, now it was just futile even if they went all over the world to find Han Yang, in the northeast Ji Feng was indeed a little too weak and seriously understaffed, after all he was not the local snake here.

But when Wang Xin came over, everything would be fine.

"What if Han Yang absconds while he has the chance?" Qu Feng couldn't help but ask, "If he escapes to a foreign country, it will be almost impossible to catch him."

"He can't get away!"

Ji Feng said resoundingly, "We'll just go back and wait!"

Han Yang definitely couldn't get away, Ji Feng had this confidence because when Wang Xin left, Yang Yu was already closely monitoring all domestic flights, including ferries and other information, just to keep an eye on Han Yang!

Unless Han Yang went out incognito or smuggled himself out, otherwise, once he tried to leave the country, Yang Yu would find out at the first opportunity.

This kind of job was really not that difficult for Yang Yu, whose computer skills were so strong that Wang Xin was amazed.

“Ding”

Ji Feng unexpectedly received a call from a mobile phone from Ha City in the car on his way back, and when he got through, before he could ask the other party’s name, the other party announced himself.

“Mr. Ji, hello, my name is Chen Youdao, please forgive me for taking the liberty of disturbing you!”

The call, surprisingly, was from Han Yang’s old man, Chen Youdao!

Ji Feng’s eyes narrowed sharply as he said indifferently, “Oh?”

On the phone, Chen Youdao’s voice came over again, “Mr. Ji, I’ve caused you trouble this time, my dog son is ignorant and has caused a lot of trouble, here, I apologize to you on behalf of my dog son”

Campus Master Chapter 2436

On the phone, Chen Youdao’s voice came over again, “Mr. Ji, I have caused you trouble this time, my canine son is ignorant and has caused a lot of trouble, here, on behalf of my canine son, I apologize to you”

Ji Feng could not help but reveal a mocking smile at his words and said, “Apologize?”

Chen Youdao said, “That’s right. Mr. Ji, I have just learned something about this time, I wonder if Mr. Ji is free, we can sit down and talk about it and discuss how to solve this matter”

Ji Feng asked, “Then how do you want to solve it?”

Chen Youdao said, “It’s not clear over the phone, please also ask Mr. Ji to state your address, I’ll come over now and we’ll talk about anything face to face, what do you think?”

“I don’t think so!”

Ji Feng said indifferently, “When you do something wrong, you have to pay the price, it’s not that I haven’t given Han Yang a chance, but just a few minutes ago, I saved the employees of Tengfei from a gang of murderers, I wonder how you feel about that?”

Chen Youdao was suddenly taken aback, “What? There was such a thing?”

Ji Feng’s brow then couldn’t help but frown, a look of disgust in his eyes, they had already reported to the police before this, but no police had appeared until now, they hadn’t even heard of any movement from the police, without Chen Youdao’s nod, how could they be so cooperative?

Chen Youdao was now actually pretending to know nothing in front of him, which made Ji Feng extraordinarily disgusted!

Ji Feng said, “Alright, that’s it”

“Mr. Ji!”

Chen Youdao's voice suddenly raised a few points: "Why do you have to make things so desperate! Besides, I have some friendship with your father"

Ji Feng directly interrupted his words, "Then you can go and talk to him directly!"

After saying that, Ji Feng hung up the phone!

Chen Youdao, an old fox in the officialdom, this was Ji Feng's impression of him, through this phone call, Ji Feng really didn't have a good feeling towards this Chen Youdao at all, he even had a feeling of disgust.

The fact that Han Yang had made so many small moves against the Tengfei Group before, Chen Youdao would not know anything about it?

How come Chen Youdao didn't come out to stop it at that time?

When Qiu San was arrested, Ji Feng couldn't believe that Chen Youdao didn't get wind of it, but what was he doing at that time? Did he ever think of apologising?

Now that the big picture had been decided, seeing that Han Yang had completely fallen on his face, Chen Youdao called to apologise instead!

Just a few light words and he wanted to wipe out what Han Yang had done?

No way!

At the same time, listening to the busy tone coming from the phone, Chen Youdao couldn't help but grit his teeth and raised his palm high, but his face was already iron blue.

Ji Feng's refusal made Chen Youdao extraordinarily annoyed, especially when Ji Feng's tone of voice did not put him in his eyes at all!

He was no ordinary executive vice governor, even the head of Black Province had to give him some face, who was Ji Feng to treat him like that?

But Chen Youdao could only be secretly annoyed, but there was nothing he could do about it, because he really couldn't do anything to Ji Feng, instead, he was now completely passive.

It was all because of that little brute's work!

Chen Youdao gritted his teeth and deliberated carefully, and after a moment, he picked up the phone and quickly dialed a few numbers, and finally instructed one of his inner circle, "I don't care what method you use, you must find Han Yang in the shortest possible time, and send him out of the country according to the previous arrangement!"

And then, he instructed his secretary to prepare a car and left the office.

About half an hour or so later, Chen Youdao arrived in a villa and met an old man whose hair had gone completely white.

"Father."

Chen Youdao hesitated for a moment, but finally said, "Something has happened to Xiao Yang"

.....

“Boss!”

Seeing Ji Feng, Wang Xin was happy, but also a little ashamed: “Boss, the last operation, I”

Ji Feng smiled, “You did a good job already, really. Nothing is 100 percent successful, it didn’t work last time, let’s do it again this time!”

Wang Xin nodded heavily, “Mm.”

Ji Feng said, “How about it, do you want to take a break?”

Wang Xin immediately said, “Boss, I’m not tired, we can start right away.”

“That’s good!”

Ji Feng nodded and said, “Then let’s start immediately, Wang Xin, the next step is up to you!”

Wang Xin of course nodded without a doubt and then started to prepare things, when she had everything ready, Ji Feng dialed Han Yang’s phone number.

“Ji Feng?!”

When Han Yang received Ji Feng’s call again, he couldn’t help but laugh and said, “What, calling me again, what are you going to do?”

Ji Feng didn’t have a tan at his words, he immediately knew that Han Yang must not have received the news at this moment, and still didn’t know that his reliance was long gone at this moment, and that Scarface and his men were all dead in the chemical plant!

“Han Yang, you’re looking for death!” Ji Feng said indifferently, “What you’re doing has exceeded my bottom line!”

“Looking for death?!”

Han Yang snorted at his words and said, “What, do you really intend to watch others die for you? Then I’ll be looking forward to the extent to which your Ji Feng’s reputation will stink by then if this news is released, tsk”

Ji Feng said indifferently, “You’re too optimistic, it seems you still don’t know that in an abandoned chemical plant in the eastern suburbs of Ha City, that Scarface and his men, all of them were killed! The employees of the Tengfei Group, all of them were also rescued!”

“What?!”

Han Yang was immediately stunned, “Ji Feng, do you think you can bluff me like that?”

Ji Feng smiled faintly and said, “If you don’t believe me, you can call Scarface and go and confirm it!”

Wang Xin was a bit anxious when she heard that and hurriedly gave Ji Feng a wink, she hadn’t traced the exact location yet on her side, if the other party really hung up the phone, then it would be a foregone conclusion.

However, Ji Feng just waved his hand and gave Wang Xin a reassuring look, signaling her to rest assured.

“..... ha!”

Han Yang suddenly let out a strange laugh and said, “Ji Feng ah Ji Feng, it seems that you are really at your wit’s end, to think of using this trick to set me up, you have the recording on over there, right? I tell you, I don’t know any Scarface, let alone any abandoned chemical plant, I don’t know any of what you’re talking about!”

Hearing this, Zhao Kai and Zhang Lei and the others couldn’t help but smile slightly.

Ji Feng, had successfully grasped Han Yang’s mindset.

This Han Yang, who thought he was very smart, was unaware that Ji Feng was completely taking advantage of Han Yang’s clever mind by saying this, and sure enough, he really thought that this was Ji Feng deliberately setting him up!

Ji Feng mocked, “Han Yang, you’re really as smart as can be!”

Han Yang snorted coldly and said, “Ji Feng, there’s no need for you to be sarcastic, now that the choice has been given to you, you’re on your own! If you are willing, we will still be friends in the future, and what I, Han Yang, said in the beginning will still count!”

Ji Feng smiled and asked, “And what if I’m not willing?!”

Han Yang said, “Then I’m sorry, in the future you and I are enemies not friends”

“Boss!”

Wang Xin suddenly lowered his voice and made an ‘OK’ gesture.

Ji Feng smiled faintly and said, “In that case, then it’s the same old saying, we’ll see!”

Without waiting for Han Yang to speak, he hung up the phone straight away!

“Boss, I found it, it’s right here!” Wang Xin pointed to a satellite map on the computer screen, with a red dot flashing on it.

“It’s not very far away!” Zhang Lei took a look and said.

“Go!”

Ji Feng waved his hand and struck!

At this moment, Han Yang, however, did not have a cold snort, “Son of a bitch! Still dare to be arrogant by now, what the hell”

Ji Feng’s tone and reaction made him very angry!

Now that the initiative was in his Han Yang’s hands, Ji Feng actually dared to talk to him like that, and even dared to sarcastically sass him, which made Han Yang, who was originally waiting for Ji Feng to lower his head, very unhappy.

Han Yang was not afraid that Ji Feng would not bow down, those employees of the Tengfei Group were in his hands, if Ji Feng dared not save them, as long as the news was released, then not to mention how much Ji Feng's reputation would be affected, just the image of the Tengfei Group was greatly damaged, which was invariably a great loss.

What's more, as a son of the Ji family, Ji Feng had gotten so many people involved, not to mention that he had seen them die, which was not good news for Ji Feng!

Therefore, Han Yang believed that Ji Feng would make the right choice.

After a while, Han Yang's anger subsided a bit and he began to plan his next move.

But after thinking about it for a while, remembering what Ji Feng had said, Han Yang also had some vague uncertainty in his heart.

After thinking about it, he finally decided to call Scarface, but instead of using his mobile phone, he used an anonymous mobile phone card.

But a moment later, Han Yang frowned, Scarface's number was unanswered!

Han Yang called again, but it turned out that there was still no answer. After thinking about it, he dialed Scarface's other number again, but it still came up unanswered.

"What the hell is this guy up to!" Han Yang frowned, he had instructed Scarface to keep his phone on twenty-four hours a day and to keep it with him at all times to keep in touch, now how suddenly, Han Yang's heart stuttered.

"Could Ji Feng be telling the truth?!"

Han Yang's heart was suddenly a little unsettled, and he couldn't help but stand up and quickly walk back and forth a few times, getting more and more jittery.

He picked up the phone again and continuously dialed Scarface's number, but it was always unanswered.

"Could it be that something has really happened?" Han Yang panicked a little in his heart.

"Ta-da-da"

A sound of walking footsteps suddenly came over, followed by a strange noise from outside, which then disappeared again.

Distracted, Han Yang couldn't help but shout, "Zeping, what are you doing!"

"If the Zeping you're talking about is the bodyguard at the door, I don't think he can answer you now!" Suddenly, a voice rang out.

"Whew~!"

Han Yang turned around sharply, and his eyes widened

Campus Master Chapter 2437

“It’s you!?”

Seeing the visitor, Han Yang was immediately shocked, “Ji Feng!?”

The people who came were none other than Ji Feng and the others, in addition to that, Han Yang’s bodyguard, who was currently being carried by two warriors left and right, with his mouth covered and a gun on his head He couldn’t say a word, much less dared to say anything!

Seeing this scene, Han Yang instantly understood everything, his face immediately became incomparably ugly, gritting his teeth and staring at Ji Feng, saying: “Ji Feng, you’re good! This time I’ll admit it!”

However, Ji Feng shook his head at his words and said, “You’re wrong, it’s not that you’ve fallen this time.”

Han Yang was stunned when he heard Ji Feng say, “Rather, from now on, you’re all planted!”

Hearing this Han Yang suddenly narrowed his eyes and said, “What, you still want my life? Ji Feng, do you think that if you catch me, you can really kill me? Do you dare?”

“Boom~!”

The next moment, Han Yang received a heavy kick to his stomach, and his whole body directly flew backwards, knocking over all the tables, chairs and benches behind him with a whimper, and Han Yang himself even fell with a miserable scream, “Ah-!”

Zhang Lei withdrew his foot and sneered, “What the fuck, you’re still pretending to be something you’re not, you’re just being a bitch! You’re a bitch!”

Han Yang had been spoiled since he was young, even a strong man couldn’t take Zhang Lei’s kick, let alone him, so he fell to the ground and couldn’t even crawl up!

Zhang Lei walked over to him and kicked him twice: “Get up! Aren’t you a fucking bully?”

Han Yang was kicked, holding his head in one hand and his stomach in the other, curled up and in a terrible mess.

Ji Feng waved his hand and called out to Zhang Lei, saying, “Lei Zi, stop fighting!”

Zhang Lei gritted his teeth and said, “I’ll kick him a few more times, otherwise I won’t even be relieved!”

Ji Feng couldn’t help but lose his smile and shook his head, “Look at him like this, you’ll kill him if you kick him a few more times Let him get up!”

Only then did Zhang Lei coldly snorted, grabbed Han Yang’s hair with one hand, yanked Han Yang’s collar with the other, and lifted him up with one hand, “Don’t play dead, just like a fucking dead dog stand up, or I’ll break your legs now!”

Han Yang gritted his teeth and stood up, glancing at Zhang Lei with hatred and then staring at Ji Feng, wiping the blood from the corner of his mouth and said angrily, “Ji Feng, you’ll regret doing this to me!”

“Pah!”

As soon as Han Yang finished speaking, Zhang Lei flung his hand and slapped him across the face, immediately hitting Han Yang with a violent stumble.

Zhang Lei said coldly, "Han Yang, do you want me to do you right here?!"

Han Yang gritted his teeth and said, "Do you dare? If you have the guts, you can do it now, I'll see if you dare!"

"You're right!"

Zhang Lei nodded and said, "I am really afraid to do you here"

Speaking here he suddenly grinned grimly, "However, although I don't dare to do you here, but, breaking your legs, or your hands, is still possible!"

With that, Zhang Lei turned his head and waved his hand at a soldier, saying, "Brother, lend me your sapper shovel."

Han Yang's face instantly changed, even with his ashen face from the beating, at this moment it was obvious that his face suddenly turned white and a clear look of panic flashed across his eyes!

Especially when Han Yang saw that neither Ji Feng nor the others had any intention of stopping Zhang Lei, and even that soldier actually handed Zhang Lei the sapper's shovel behind his back, he became even more flustered and could not help but roar, "Zhang Lei, you dare!"

Zhang Lei asked, "What wouldn't I dare?"

"If you dare to do anything to me"

"BOOM!"

Zhang Lei raised his shovel and slammed it down on Han Yang's knee, "Crunch!" With a sound, Han Yang fell headfirst to the ground, accompanied by Han Yang's miserable scream of pain that trembled all over his body: "Ah...!"

"I'll smash your leg, so what?!" Zhang Lei asked with a sneer.

"....."

Han Yang's mouth was wide open and he couldn't say a word out of pain, only the painful look on his face and the screams that came out of his throat!

But Zhang Lei had no intention of stopping yet, he grinned and said, "Han Yang, do you think this is enough?"

"....."

"Crunch!" There was another sound of bones breaking as Han Yang's other leg was also smashed off!

At this moment, Han Yang no longer even had the strength to scream, his eyes rolled over and he passed out!

Zhang Lei handed the shovel to the soldier and looked at the fainted Han Yang, he couldn't help but sneer: "Just this physique, still tugging like two fifty eight thousand, I thought how tough he was what a thing!"

This Han Yang's arrogant behavior has long angered Zhang Lei, from the first time by Yao Yue Ran present at that time to see Han Yang, Zhang Lei is extraordinarily annoyed, especially later Han Yang actually kidnapped the employees of the Tengfei Group, using other people's lives to blackmail Ji Feng, Zhang Lei is even more disgusted to the extreme.

He was particularly disgusted by such a villainous act!

So, today, Zhang Lei let out all the anger in his heart, but never thought that Han Yang was not at all like what he had shown, he was just a strong dude on the outside!

Ji Feng couldn't help but shake his head and lose his smile, Han Yang was just a normal person, Zhang Lei measured Han Yang by his standards, that was certainly not in the class.

"Take it away!"

Ji Feng waved his hand.

With that, Ji Feng and his group took Han Yang and his bodyguard, Zhou Zeping, and drove away.

But as they were leaving, Ji Feng vaguely felt as if someone was staring at them, but looking around at those people who were watching, he shook his head again and was relieved, the soldiers rushed over to arrest them, and Han Yang was still being set up in the car, which of course caused many people to watch.

However, Ji Feng did not know that after they left, a police car drove over.

"Young Ji, what's next?" Qu Feng asked. Now that the man had been caught, it was a great success, but what to do with him still needed to be carefully considered.

"First, put the man in the military camp!" Ji Feng said, "I'll arrange it next."

"Mm."

Qu Feng nodded, although he could bring people out to help Lord Ji Feng, he did not have the right to judge, as for interrogation that was even less necessary, just having Qiu San's account and the evidence he left behind was enough to convict Han Yang.

At this time, Chen Youdao also received the news that Han Yang had been arrested.

"What?! Xiao Yang has been arrested?"

"When did this happen, can we be sure?!"

"..... or was it racked on a car?!"

When Chen Youdao received the news, his face turned white in passing, his legs went limp and he sat on his butt in a chair, "It's really been arrested really I expected"

In fact when Ji Feng refused his request to apologize and meet to discuss, Chen Youdao knew that Ji Feng was determined to make a move on Han Yang, so he immediately had his people find Han Yang as fast as they could, but it didn't occur to him that he ended up being a step late, and when his people arrived at the place, they happened to see Han Yang being taken away by the soldiers!

What annoyed Chen Youdao the most was that when his men saw Han Yang being arrested, he was put into a car by two soldiers which meant that Han Yang must have been wounded, probably even seriously wounded!

With all the little moves that Han Yang made against Ji Feng and the Tengfei Group, how could Ji Feng be polite to him?

Damn it!

Chen Youdao sat paralyzed in his chair and didn't move for a while.

A moment later, he seemed to regain some of his energy and hurriedly took out his mobile phone and dialed a number: "Father"

When he hung up the phone, a stern aura flashed in his eyes as he gritted his teeth and said, "Ji Feng! I, Chen Youdao, only have one son, I will definitely not let you hurt him again!"

.....

In the city, Ji Feng and the others drove slowly, although it was past the rush hour, there were still many cars on the road, so the speed could not be increased.

The company's main business is to provide a wide range of products and services to the public.

"Young Ji!" Qu Feng said at once, "Look ahead!"

"I can see it."

Ji Feng also immediately became alert and said in a deep voice, "Big brother Qu, be careful, later if you see that the situation is not right, you protect the people first, Wang Xin, later you stay with big brother Qu, understand?"

Wang Xin's face was a little nervous, but she still nodded with a strong calm and said, "Boss you don't have to worry about me, I will take care of myself!"

Qu Feng, however, said, "Young Ji, then you"

"I'm fine!"

Ji Feng shook his head and said, "You just have to help me take care of Wang Xin and Kai Zi and the others, and you'll be doing me a big favor!"

There were soldiers and police ahead, and as a soldier, Qu Feng had better not go up against them, and Ji Feng didn't want Qu Feng to be dragged into this because of this matter.

Besides, this was only an advance precaution, right now it was still unknown what exactly the other party was from.

As long as Bai Zhu and the three of them were safe, Ji Feng could just shrug it off!

“Drive over!”

Ji Feng said in a deep voice, “Lei Zi, later on we two brothers might have to fight side by side!”

Zhang Lei didn’t have the slightest fear and laughed, “Fuck, I’ve been holding back these past few days since I arrived in the Northeast, now I finally have a chance to do it in a big way, I can’t wait!”

Bai Zhu said sharply, “Young Ji, I want to be part of the action too!”

Ji Feng shook his head and said, “You can’t be involved, you’re more confusing as a woman, so you’ll be on the sidelines for me, picking up the pieces!”

Bai Zhu said urgently, “Young Ji!”

Ji Feng, however, said, “That’s it, no need to argue anymore!”

As they spoke, they had arrived at the barricade, and Qu Feng jumped out of the car first and said loudly, “Which unit are you from, we are on a mission, please clear the way immediately!”

“Commander Qu, you’re so powerful!” An officer, about forty years old, came over from beside the military vehicle and shouted.

Campus Master Chapter 2438

“Battalion Commander Qu, you’re so powerful!” An officer, about forty years old, came over from beside the military vehicle and bellowed.

“Political Commissar Liu!?”

Qu Feng couldn’t help but be stunned at the sound of his voice, and he couldn’t help but freeze for a moment, stunned.

The man whom Qu Feng called Political Commissar Liu walked over with big strides and said, “Qu Feng, you’re not too imposing!”

Qu Feng said in a deep voice, “I don’t understand what Political Commissar Liu means by that, and also, we are now on a mission, please ask for Political Commissar Liu’s support!”

Political Commissar Liu immediately grunted and said, “On a mission? Then tell us, what mission are you on?!”

Qu Feng said, “Sorry, I can’t say! This is a confidential mission!”

“Classified mission?”

Political Commissar Liu grunted and said, “Now, I don’t care what mission you are on, you have to stop and cooperate with us to intercept a group of outlaws.”

Qu Feng frowned and said, “Stop? Political Commissar Liu, we are in a hurry

“Qu Feng!”

Commissar Liu suddenly bellowed, glaring at Qu Feng and bellowing in a deep voice, "This is an order! You are not allowed to bargain! If you are on a mission, then tell me exactly what mission you are on and who gave the order, if you don't tell me, you are going out on your own and I can do you on the spot!"

Qu Feng was instantly furious: "Political commissar Liu, you"

"What, do you want to rebel?!" Commissar Liu, however, stared at Qu Feng and asked coldly, "Or do you want to disobey orders?"

"Big brother Qu!"

Ji Feng came to follow Qu Feng and whispered in his ear, "Don't be impulsive."

In fact, from the beginning, Ji Feng saw that since this Commissar Liu dared to talk to Qu Feng like this, he was obviously higher in rank than Qu Feng, and Commissar Liu had obviously brought people with him, and while he was arguing with Qu Feng, those soldiers around him were all very alert, so obviously they had gotten Commissar Liu's instructions a long time ago.

At this time, if Qu Feng clashed with Commissar Liu, he would definitely suffer a loss, and probably a big loss!

Qu Feng gritted his teeth and said in a low voice, "Young Ji, this situation is very wrong."

Ji Feng nodded slightly and asked, "Who is this Political Commissar Liu?"

Qu Feng said, "He is also from the military sub-district and is the deputy political commissar of the division."

Ji Feng's heart immediately twitched at his words and asked, "The leader who appreciates you more is the deputy division commander, right? How is the relationship between the two of them?"

Qu Feng said, "Both of them have aspirations for the position of division commander."

Ji Feng then understood, it was obvious that this Political Commissar Liu and Qu Feng's leader did not deal with each other, and it could even be said that the two were rivals, so what good could come from Political Commissar Liu's appearance here?

"Young Ji, I'll lead someone to escort you there first!" Seeing that Commissar Liu was staring at him with an authoritative face, Qu Feng couldn't help but grit his teeth, no matter what, he couldn't let anything happen to Ji Feng here, otherwise he would really have no face to meet Commander Tang!

"No need!"

Ji Feng shook his head and said in a low voice, "Brother Qu, remember what I told you just now? Protect the few of them for me, and leave the rest to me!"

Qu Feng was however a little worried: "This"

Ji Feng patted him on the shoulder and said, "Don't worry, I'm afraid their aim is the Han Yang in the car, they don't dare to do anything to me yet, at least, they definitely don't dare to kill me here! Brother Qu, they are counting on you!"

Qu Feng was still more or less hesitant and said, “Ji Shao

“Carry it out!”

Ji Feng said in a deep voice.

Qu Feng was stunned, seemingly seeing Ji Feng for the first time as such a killjoy.

At this time, Political Commissar Liu also shouted, “Qu Feng, now I order, return to the team immediately, or I will detain you on the ground!”

Qu Feng, however, did not respond.

Political Commissar Liu shouted, “Qu Feng, carry out the order immediately!”

Ji Feng said, “Brother Qu, go ahead. Just protect the few of them well.”

Qu Feng gritted his teeth and said, “Young Ji, if they dare to hurt you, I, Qu Feng, will stop them even if I have to risk my life!”

Ji Feng nodded and smiled, “Thanks a lot, Brother Qu.”

Only then did Qu Feng lead his men to walk away, but he didn’t go far, and at the same time had his men protect Wang Xin and Zhao Kai and a few of them.

When Political Commissar Liu saw this, he shouted, “Qu Feng, I told you to return to your team immediately, what are you doing with these irrelevant people?”

Qu Feng said, “They are not irrelevant people, they are my friends!”

“Can you bring your friends with you when you return to your team?” Commissar Liu said in a cold voice.

“Commissar Liu, I am an officer, I have this autonomy!” Qu Feng said with a sullen face.

As an officer, it was naturally different from an ordinary soldier, there were hard and fast rules.

The political commissar Liu was furious at his words: “You hum!”

The actual fact is that he doesn’t have a lot of real power, and it’s only because Qu Feng is a tiny battalion that he, the deputy political commissar, is able to hold Qu Feng down, if Qu Feng’s a regiment, even a deputy regiment, I’m afraid he may not be able to hold him down.

These people who lead soldiers are not vegetarians.

So to be able to reach this point Liu political commissar is also considered very satisfied, but by Qu Feng in front of so many people to give a stiff contradiction, his face naturally can not face, so two hands back, turned and paced to the military vehicles.

As long as Qu Feng was no longer involved in today’s incident, his ‘mission’ would be complete and he would not bother with so many things.

And at the same time, after seeing the military finish the matter, a group of police officers hailed up, one of the police officers at the head of the group stood next to the police car, holding a loudspeaker and

shouted: "Listen up front, we suspect that you are engaged in serious violent criminal activities, kidnapping hostages, now"

"Cut the crap!"

Zhang Lei shouted angrily, surprisingly at once drowned out the sound of the other side's speakers, he pointed at those police officers and coldly grunted: "Don't say so much fucking grandstanding reasons! I'm sick of hearing it! Don't you guys just want to save that bastard Han Yang? Fine, I'll stand here today, I'll see which one of you can save him!"

Ji Feng didn't say a word, he leapt onto a military vehicle brought by Qu Feng, lifted up Han Yang, whose legs were broken, and then leapt down, pointing at those policemen in front of him, his eyes cold.

"You guys want to save Han Yang, don't you?" Ji Feng's expression was extraordinarily cold as he said, "No problem! He's right here, if you guys are capable, just come over!"

"Release him immediately! Don't make one more mistake"

"Cut the crap!"

Ji Feng held Han Yang in one hand, pointed at the other side with the other hand and said aloud, "Today, I, Ji Feng, am going to pass through this road, whoever dares to stand in the way is my enemy! If they are enemies, I will definitely not show mercy!"

These people were police officers, yet, they were also the lapdogs of certain people.

Ji Feng didn't want to kill the innocent, but he definitely wouldn't give up either. The Chen family wanted to use the strength of a local snake to force him to bow down.

Don't even think about it!

Zhang Lei coldly shouted, "Laozi doesn't want to kill the police, so I advise you better not seek death either who you are sent by, Laozi knows exactly!"

"Drop the hostages! I advise you not to mislead yourselves!" However, how could those policemen be intimidated by Ji Feng and Zhang Lei?

There were only two of them, but there were dozens of policemen, and many of them obviously had guns in their hands. It would be strange if they were intimidated by Ji Feng and Zhang Lei's words.

Only, some of what was revealed in Ji Feng and Zhang Lei's words made the hearts of certain of those policemen who knew the inside story jump, they certainly knew who they were sent by and what they were sent for

"Release the hostages immediately!"

"If you continue to resist, we can shoot you on the spot!" The few policemen at the head of the group bellowed.

"Is this your final decision?" Ji Feng asked coldly.

"Ha! Haha"

Just then, Han Yang, who had been in a coma, came awake at some point, and when he saw the scene in front of him, he burst out laughing, “Ji Feng! You’re ruthless enough! Be more fucking ruthless! See, someone has come to save me, I’ll see how you’re going to die today

But Ji Feng didn’t even pay attention to him, he just threw a backhanded slap at him: “Pa!”

This slap immediately knocked Han Yang’s eyes out and his voice came to an abrupt halt.

“Stop it!”

The policeman in charge shouted angrily, and the other policemen surrounded them, encircling Ji Feng and the others in a range of about three or four meters.

Ji Feng and Zhang Lei looked at each other, and they both smiled at the same time.

“Today, I’m going to kill my way out of here!” Zhang Lei grinned and bared his teeth!

“Ka ka ka~~!”

As soon as Zhang Lei said this, all the policemen couldn’t help but tense up, and some of them hurriedly drew their guns and aimed at Ji Feng and Zhang Lei, preventing them from doing anything different.

Seeing this, Zhang Lei’s eyes glared, and with a dozen guns pointing at him he didn’t show the slightest fear, instead he pointed at Han Yang, who was being carried by Ji Feng, and coldly shouted, “Want to shoot? Fine! I’d like to see if Laozi can do away with this son of a bitch before you kill me!”

“.....”

All the policemen couldn’t help but hesitate, at this moment, Han Yang’s legs were dragging on the ground, showing an abnormal bend at the knees, obviously both legs were broken.

What’s more crucial is that Ji Feng was carrying Han Yang, who was about a hundred pounds, without looking like he was straining at all, it was like lifting a small chicken with ease.

They didn’t dare to take the risk easily, the purpose of today’s visit was to rescue Han Yang, if their rash action caused these two ‘villains’ to kill Han Yang in a fit of anger, then they would definitely be skinned off by Governor Chen!

“Now, we’re going to leave here! Whoever wants to stop, feel free to come up!” Ji Feng said coldly.

Campus Master Chapter 2439

“What should we do?” Someone looked to the policeman who was in charge.

“This is a bit of a problem, Chief, they’re getting into the car, should we stop them?” A policeman asked.

The policeman’s face changed, he looked at the policemen present, then at the soldiers, and at Political Commissar Liu, and then at Han Yang who was being carried by Ji Feng like a dead dog

He waved his hand: “Don’t shoot, the first squad, use batons and electric batons, the second squad with bullets loaded and ready

As soon as his words fell, the first echelon of fully a dozen police officers gathered in the middle shouted, pulled out the batons on their waist, and some held electric batons, and rushed towards Zhang Lei and Ji Feng.

“Shit!”

Looking at the electric batons arcing in the hands of the policemen, Zhang Lei couldn't help but curse angrily, baring his teeth, but with an excited smile on his face, “Damn it, let's have a big fight here today!”

Despite his fierce eyes, Zhang Lei was actually alert and not arrogant, because he knew the power of the batons and electric batons, especially these police electric batons, some of them even reached a super strong voltage of several million volts or more, so you can imagine how much damage these things would cause if they hit a person's body!

“Go!”

With a shout from the policeman at the head of the group not far away, the dozen or so policemen at the front rushed up in a huff.

Zhang Lei shouted angrily, “Fuck!”

The next moment, he suddenly rushed towards the group of policemen instead of retreating – in fact, there was not much distance between them, just a few meters, and Zhang Lei instantly rushed in front of one of them.

The policeman was so shocked that he subconsciously tried to hit Zhang Lei with his baton, but before he could make a move, Zhang Lei had already smashed his chest with a fierce punch, and at the same time, he stepped forward and caught the policeman on his heels, and with one wrong move, his baton was snatched by Zhang Lei.

Twist and fling!

“Boom!”

The baton hit the policeman hard on the head, instantly knocking the latter unconscious and flopping headfirst onto the ground!

Zhang Lei was holding the baton and had subdued everyone with a single move!

“Who's still coming?!” Zhang Lei stared at those policemen and coldly shouted, “Come up if you're not afraid of death!”

“Go!”

The policeman in charge shouted, “Don't give in to the criminals, take him down!”

With his order, those policemen once again rushed up.

And this time, these policemen were even more fierce.

Because the strong body that Zhang Lei had just displayed had made all those policemen a little bit aghast, they would naturally not hesitate to hit Zhang Lei hard when they did so, and the stronger Zhang Lei showed, the more ruthless they would be.

In just an instant, seven or eight batons struck towards Zhang Lei at the same time, and at the same time, four or five electric batons were also ruthlessly pounded over!

“Pop!”

Zhang Lei directly blocked several batons, while abruptly stepping back, although he also had a baton in his hand, but he could not block the simultaneous attacks of so many people, more importantly, there were several electric batons at the side! He couldn't stop them with his hands!

However, when Zhang Lei retreated, the policemen's strength increased and they pounced on him without hesitation, along with those who were holding electric batons.

In this way, Zhang Lei immediately fell into a passive position, although it was not quite a bitter battle, but at least it was not as clean as just now.

“Lei Zi, attack the lower plate!” Ji Feng stood still and didn't move, he just bellowed.

“Understood!”

Zhang Lei, who was surrounded in the middle, shouted as he made a wrong turn and directly crashed into one of the policemen, while allowing the baton in the policeman's hand to smash down, only to be directly held by him with the baton in his own hand.

Right at this instant, Zhang Lei kicked out fiercely, and that kick with terrifying power instantly landed on the calf of one of the police officers on the opposite side.

“Ka-chow!” A sound.

The man screamed miserably and fell head first to the ground.

His calf, was broken by Zhang Lei's vicious kick!

“Boom~!”

In the next moment, Zhang Lei was the one whose elbow was like a wild rhinoceros crashing, viciously pounding on the chest of the policeman he had hit.

That policeman's voice was out of shape even as he suffered pain: “Ow—”

His eyes rolled over and he passed out!

Zhang Lei instantly took the initiative again, even though those policemen were still numerous, but when Zhang Lei mastered the method, with his strong strength, these policemen, even with their truncheons and electric batons, could not help him, and even, instead, were beaten by him, lying on the ground one after another in the blink of an eye, like a corpse!

Ji Feng was not worried about Zhang Lei in the slightest, these policemen looked fierce, but at most they were only bullying the common people, against Zhang Lei, they would only suffer a loss!

Bai Zhu was also watching the scene closely, she had to take care of Zhang Lei as much as possible while ensuring that Ji Feng was not injured, but seeing that Zhang Lei was so formidable, fighting a dozen policemen alone without losing, and even beating those policemen miserably, only that the miserable screams were soon covered up by the shouting and beating, Bai Zhu was slightly relieved.

Likewise, Qu Feng was also paying close attention to the scene, seeing so many people surrounding Zhang Lei, his face turned blue, but when he saw Zhang Lei fighting four sides but no one could beat him, he couldn't help but have a feeling of raising his eyebrows!

The people around young Ji are really not mediocre!

However, they did not know that apart from paying attention to the scene, Ji Feng's attention was more on the remaining policemen on the periphery.

Those policemen were armed with guns!

Ji Feng really didn't want to fight with these people, but at this moment he had no choice, asking him to hand over Han Yang was absolutely impossible, and he definitely wouldn't bow down!

So, he had to break through the interception of these police officers and rush out!

But at this moment, those policemen were also terrified, Zhang Lei was too fierce, seeing those dozens of policemen going up, they were almost taken down by him one by one, but Zhang Lei was also extraordinarily ruthless, but no one who was hit by him could get up again!

In just a few breaths of time, there were only six or seven people still standing.

"Chief, move your gun!"

"Yes Chief, this suspect is too vicious, if we don't move our guns our brothers will all be injured!"

The few men standing in front of the policeman in charge were immediately anxious, and they said eagerly.

But the policeman at the head of the group had a change of expression and was silent.

He knew the seriousness of the matter, and he also vaguely knew that Ji Feng's identity was not small, although he didn't know exactly what it was, but it was certainly not an ordinary person, otherwise he wouldn't have attracted Governor Chen to his door to find him personally!

Therefore, he did not dare to order the shooting easily.

But

"Chief!"

"Don't worry, the brothers from the riot squad are about to arrive, let them go on then, I just don't believe it, these few murderers still have three heads and six arms?!" The police officer in charge gritted his teeth and said.

"Ta-da!"

Suddenly, a police baton came from afar and hit the ground not far in front of these policemen, which immediately made them jump with fear.

“Pah!”

Zhang Lei’s backhanded baton smashed into that policeman’s face, and that policeman only felt a buzzing in his head, and without even half a reaction, his whole body went black and he passed out!

In the blink of an eye, there were only four or five policemen left in the scene, all of them with electric batons, but look at the obviously much longer baton in Zhang Lei’s hand

A few police officers looked at each other, all could not help but swallow hard.

“Go! Take him down!” A policeman bellowed, “He’s also tired now”

“Boom!”

The policeman subconsciously had to dodge, but Zhang Lei’s speed was so fast, how could he avoid it?

With a muffled sound, the policeman was smashed to the ground with Zhang Lei’s stick!

“Zizi~~Zizi~~”

The only sound that came out was the electric bat that was still on, emitting a zipping sound and flashing with a creepy electric arc

All the policemen were terrified, especially the two remaining policemen who were closest to Zhang Lei, who were so frightened that they scrambled back, and one of them even shouted frantically, “Shoot! Shoot him!”

Ji Feng was suddenly startled at his words and shouted explosively, “Lei Zi, watch out for the gun!”

At the same time, already holding Han Yang in his hand, he instantly rushed towards the group of policemen with guns.

“Bang!”

“Bang Bang Bang Bang”

Perhaps because the situation was too critical, or perhaps he was really frightened by Zhang Lei, not even waiting for the policeman at the head of the group to give the order, those policemen on the periphery suddenly opened fire.

Zhang Lei received Ji Feng’s warning, and with extremely fast reaction, he had already rolled on the ground and grabbed a policeman who was lying on the ground moaning in pain to block his body, immediately, blood splattered on that policeman.

“Lei Zi!”

Ji Feng shouted, while flinging his hand and slamming Han Yang fiercely into the policeman who was shooting at the periphery.

“Ah...!” Han Yang was terrified and screamed in terror.

“Don’t, don’t shoot, quickly catch the man” the policeman in charge hurriedly shouted in panic.

Only then did those policemen hurry to stop and reach out to catch Han Yang, but at this time, Ji Feng was rising up, like an eagle swooping down on its prey, and in the blink of an eye, he was in front of one of the policemen who had fired.

“Get lost!”

“Boom!”

With a violent shout from Ji Feng, he bent his legs in a posture of falling from the sky and smashed his knee directly on that policeman’s shoulder.

Just hearing a click, that policeman didn’t even let out a miserable scream, his whole body suddenly seemed to be half as short, his two shoulders and legs were hardened and broken by Ji Feng!

That Han Yang, however, was still grabbed by Ji Feng’s ankle and, amidst his howl of pain, was backhandedly thrown in the direction of Bai Zhu by Ji Feng.

The next moment, Ji Feng was as powerful as a rainbow and pounced on the remaining group of policemen!

Campus Master Chapter 2440

You can imagine, with Ji Feng’s strength, what the consequences would be if he was allowed to rush in front of him!

Even if these police officers had guns in their hands, they were no different from scrap metal in front of Ji Feng. There were only the odd, numbing sounds of punches to the flesh, and the harsh screams of those police officers.

In fact, those who were able to scream were lucky, but they were only a few, and the majority of the police with guns were already beaten to death.

A dozen police officers, all holding guns, did not last more than a few minutes in Ji Feng’s hands.

Including Qu Feng and that Liu political commissar, even all the soldiers, as well as the few remaining police leaders were all frozen!

This kind of combat power is really beyond words!

The shock!

But for Ji Feng, what he was most concerned about at the moment was the situation of Zhang Lei, Han Yang was still in their hands, firmly held by Bai Zhu’s throat, unable to even speak, and now Zhang Lei was the only one still pinned down by a bloodied police officer, his condition unknown.

Ji Feng couldn’t be bothered to clean up the police leaders again, he rushed straight towards Zhang Lei, trusting that Bai Zhu would help him watch his back.

“Lei Zi! Lei Zi!”

Ji Feng rushed to the front and threw the bloodied policeman to the side with one hand, seeing Zhang Lei lying on the ground with a gun in his hand, looking at himself with a smile.

Zhang Lei hemmed and hawed, "How's it going, got a gun on that guy."

Ji Feng: "....."

He yanked Zhang Lei up with one hand: "Brat, nothing to play what play dead ah, fun?!"

Zhang Lei but suddenly his face changed, but saw a few police cars coming rapidly not far away, followed by a truck, with a piercing sound of sharp brakes sounded, a team of police officers jumped down from that truck, these police officers are completely different from the previous police officers, they are wearing helmets, holding shields in their hands, wearing bulletproof vests

"Crazy, we seem to be in trouble!" Zhang Lei said.

"Go!"

Ji Feng did not say a word, turned around and pulled Zhang Lei towards the commercial vehicle, at the same time signaled Bai Zhu to follow with Han Yang, so many riot police, and a full dozen armed police followed, want to rush past I'm afraid it's difficult, we must take advantage of the time when they have not finished lining up to rush past!

With the arrival of the riot police, the remaining policemen immediately acted as if they had seen a saviour and shouted, "That's them, rush up and grab them!"

"Don't let them get away!"

"Come on, men!"

Qu Feng took a look at this situation and immediately shouted, "Stop them for me"

Political Commissar Liu immediately said in a deep voice, "Qu Feng, what do you want?"

Qu Feng said, "I want to save someone!"

"Who are you saving?!" Commissar Liu said in a deep voice, "Do you want to rebel? There are only policemen and thieves over there now, do you want to save the policemen or the thieves?"

"Commissar Liu! Do you know who that man is?" Qu Feng said angrily.

"Of course I know, he's a thief!" Commissar Liu said.

"You"

Qu Feng was furious, but now was not the time to argue, he had to stall for Ji Feng, or else looking at the current situation, Ji Feng would definitely not be able to leave and would have to be planted here.

He waved his hand, "Stop those people for me!"

The warriors under him were about to rush up at once, however, at this time, only to hear Political Commissar Liu shout, "I'll see which one of you dares, stop them for me!"

Hula~!

The men brought by Political Commissar Liu also rushed up and blocked the way of Qu Feng as well as his men.

“Ka ka ka~~!”

Both sides instantly raised their guns, bullets loaded, and aimed their guns at each other.

Qu Feng’s anger went straight to his head: “Commissar Liu, you want to fight with me? With all these drunken sacks you’ve brought with you, do you want them to die?!”

Political Commissar Liu said coldly, “Qu Feng, your soldiers are elite soldiers, but the ones in my guard company are not cowards either! Besides, now an average of two guns against one of yours, do you think you have a chance of winning?”

Qu Feng was shaking with anger, he really did not expect that Commissar Liu, who normally did not have actual military power, would act in such a way today, which was completely beyond Qu Feng’s expectations, especially because of Commissar Liu’s behaviour, which made Qu Feng extraordinarily furious: “Commissar Liu, you are looking for death do you know that?!”

But Political Commissar Liu sneered, “I think it’s you who’s looking for death! You’re helping a group of bandits, what are your intentions?”

Commissar Liu knew exactly what kind of person Han Yang was, and since he had come to this point today, he had to save Han Yang no matter what, because not only did Chen Youdao personally approach him, but even Elder Chen had personally called him.

Just that kind of promise alone made it impossible for him to refuse!

“Good! Good!” Qu Feng gritted his teeth and said, “I’ll call the divisional commander right now, I’ll make sure to report your actions!”

“Be my guest!”

Political Commissar Liu sneered. This was the Chen family’s arrangement, and the division commander had to give this face, although it was said that the army and the local area were two completely different systems, they were in Black Province after all, and they had to rely on the Chen family and the local area for many things.

Just when Qu Feng was trying to find a way to help Ji Feng even at the expense of confronting Political Commissar Liu, Ji Feng and Zhang Lei were on the verge of walking to the commercial vehicle, and Bai Zhu had arrived.

“Get in the car and rush over!” Ji Feng said in a deep voice. The confrontation between Qu Feng and Political Commissar Liu was in his eyes, this was a good time, the military couldn’t care about them and the riot police were not yet on a firm footing.

However, as soon as Ji Feng pulled open the car door, he suddenly felt an indescribable feeling of danger suddenly come from his back, and in a flash, it spread all over his body and exploded in the top of his head.

At the same time, he heard Zhang Lei bellowing angrily, “Crazy, Bai Zhu, be careful

“BOOM~! BOOM~!”

The next moment, two gunshots came abruptly.

Whew~~!

In an instant Ji Feng felt himself flying sideways, then a figure appeared in front of him, it was Zhang Lei!

“Poof~!”

Only to see Zhang Lei’s chest suddenly rose up a blood flower, that huge impact, so that Zhang Lei’s sturdy body carried directly to the side, hitting the business car heavily, and then there bounced to the ground.

Until he fell down, Zhang Lei’s gaze still looked at Ji Feng, his face seemed to have a sense of relief.

Ji Feng turned his head to look at Bai Zhu again, but found that she also covered her shoulder, one hand holding Han Yang woefully hiding behind the commercial vehicle she was also injured!

Those two shots just now, one was towards him and one was towards Bai Zhu!

“Buzz~!”

This all happened just in a flash of lightning, when Ji Feng saw this, his mind instantly buzzed and his mind went blank!

Lei Zi!

White pearl

“Lei Zi-!”

“Boom!” Ji Feng fell heavily to the ground, Zhang Lei pushed him away in his haste and with great force, so Ji Feng fell to the ground and slid backwards for another two or three meters before stopping, but at this time Ji Feng unexpectedly found that he couldn’t get up.

He only felt that his mind was blank, and his gaze was dumbfounded as he looked at Zhang Lei who had fallen to the ground in front of the commercial vehicle, and blood was still gurgling out of his chest!

“Swish!”

Also do not know how, Ji Feng’s eyes instantly blurred, Zhang Lei’s appearance he could not see at all.

Yet at this time, Ji Feng felt his vision was extraordinarily clear, and all that came up before his eyes was a scene from the time he and Zhang Lei had known each other.

At that time, everyone looked down on him, only Zhang Lei admired him and felt that he was right in temper, and the two became good brothers.

All the way to later on, Zhang Lei stood up for him several times, warned Xu Mo, set him up with Tong Lei

Then later, when he and Xiao Yuxuan had feelings for each other, Zhang Lei almost flipped out with him and then waved his fist to warn him not to let down Tong Lei.

Then, there were several side by side battles between the two

The first time I saw the company, I was able to get to the top of the list, and I was able to get to the top of the list.

But at this moment, Ji Feng is already in tears, and his eyes have long been blurred with tears

"It's me who got my best brother killed, it's my arrogance that made me lose my best brother!" These words echoed in Ji Feng's mind.

And Bai Zhu

Ji Feng knew that Bai Zhu was injured, but it was only on his shoulder and hand, so his life should not be in danger. At this time, he wanted to run over to see how Bai Zhu's injuries were, but it was as if he had been drained of all his strength at once, so he couldn't move.

"Young Ji!"

When Bai Zhu saw Ji Feng lying there so dumbfounded, he shouted urgently, "Young Ji, it's dangerous there, get up, get up quickly!"

At this moment, Bai Zhu was also already injured in the shoulder, grabbed Han Yang and hid behind the car, but when she saw Ji Feng's appearance, she reached out and knocked Han Yang unconscious, and was about to rush over to save Ji Feng.

But at that moment, there was a sudden gunshot: "Boom!"

The next moment, a blood splash rose from Ji Feng's shoulder and his whole body was knocked to the ground and rolled around.

Bai Zhu looked horrified: "Ji Shao Ji Shao"

However, in the next moment, Bai Zhu saw that Ji Feng actually took advantage of the inertia of that roll and rolled a few times in succession, instantly dodging behind the commercial vehicle.

This shot woke Ji Feng up!

"Young Ji!"

Bai Zhu nervously leaned over and was about to check Ji Feng's injuries, but Ji Feng shook his head to block her, reached out and wiped a tear from his eye and said, "Bai Zhu, how are you?"

Bai Zhu said, "I'm fine, it's just a superficial injury, Ji Shao, you"

"It's good that you're alright! It's good that it's okay!" Ji Feng's voice trembled a little when he spoke, but he gritted his teeth and stood up firmly.

"Young Ji, what are you doing?" Seeing this, Bai Zhu asked in horror.

"Get my brother back! If he dies, I will take revenge for him"! Ji Feng said word by word, at this moment, there was no half hatred in his eyes, extraordinarily clear, but Bai Zhu was able to feel that in this clarity, it was filled with stirring and in crazy tyranny of hatred and madness!
