

Campus Master 2451

“Mr. Ji!”

Chen Youdao’s face was gloomy, although his voice was not high, the veins and vocal cords in his neck were bubbling up, indicating that at this moment he was holding back the anger in his heart: “Mr. Ji better not say things so deadly first, in fact, there is no life and death feud between us, what happened before is not completely irreparable!”

Ji Feng nodded and said, “You’re right. It was possible to resolve it and there was a chance to resolve it, but Han Yang did not do so, and you, Governor Chen, obviously did not do so either.”

Chen Youdao said, “So, I’m here today, specifically to make amends with you.”

Ji Feng shook his head and said, “After all, it’s back to the original topic, Governor Chen, please go back, there is no need to talk between us anymore!”

Chen Youdao couldn’t help but say in a deep voice: “Mr. Ji, you have a knot in your heart and I can understand that you can’t think about it for a while, but please consider carefully what I said.”

Ji Feng said indifferently, “Please also remember what I said!”

Chen Youdao was just stunned, and then he reacted that Ji Feng was talking about his previous ‘grand words’. What will walk out of here in a dignified manner and other words.

The latter Chen Youdao can’t remember too well!

..... because Chen Youdao simply did not take Ji Feng’s words seriously, nor did he listen to them at all.

In fact, not to mention Ji Feng’s bold words, the Chen family is not exactly a pendulum, Ji Feng openly killed so many people, even if it is self-defense, it is absolutely over-defense, there is no doubt about it.

Ji Feng wants to return to the whole body, that is simply impossible, unless from the root of the problem.

But this problem can only be solved by the Chen family, if Ji Feng does not agree to cooperate, want to walk out of here in a dignified manner, as he said, Chen Youdao just as a joke to listen.

In the end, Chen Youdao went away.

Only, when leaving Chen Youdao is already blue in the face. I think to his high position in the vice governor’s temperament, today he was able to beg Ji Feng is actually condescending, at least in Chen Youdao certainly seems so, although his mouth said polite words, and even put their own posture is very low, but his heart may not be how the fire it.

And finally Ji Feng is not the slightest face to him, although not sneering, but both Ji Feng’s attitude or other are not too friendly.

With Chen Youdao, Ji Feng has no need to be vain and snake.

I think Chen Youdao is afraid that the nest of fire to the extreme, the Ji Feng hate to the bone!

But Ji Feng does not care, things have come to this point, he and the Chen family itself has been a situation of incompatibility, why should he have to give the Chen family this face?

Thinking about Chen Youdao's ironic face when he left, and the cold eyes, Ji Feng could not help but smile.

I'm afraid that at that time in Chen Youdao's heart, what he said may be how arrogant and ignorant it is!

Ji Feng doesn't care what Chen Youdao thinks, at least he knows what he's talking about and that's enough! And Ji Feng was convinced that he would walk out of here in a dignified manner.

Definitely will!

However, Ji Feng did not know that the news that he was put under house arrest was spreading faster than the changing situation in the Northeast and attracting some people's attention.

Although the news has not yet spread, but, this kind of thing can not be hidden from some well-informed people.

Ji Feng is in jail, this is how new things, and how can less attention?

The first to bear the brunt, is the Wu family.

Only, the concern of some people in the Wu family is not just curiosity, especially some young children of the Wu family, really can not hide that gloating!

Even in some public occasions, some sons and daughters of the Wu family could not help but start to make a splash again, as if Ji Feng was locked up, they suddenly raised their eyebrows!

And some other people in the Wu family were equally extraordinarily excited.

For this reason, Wu Zhengmin just arrived home after work and saw Wu Zhengxiang came, apparently he came at the right time, even when walking he had a feeling of wind under his feet, so it can be seen how excited he is.

Not only him, Wu Zhiyong also came!

Moreover, he came in backwards and forwards with Wu Zhengxiang, and Wu Zhiyong's face could not hide his excitement, and his eyes were shining.

As for Wu Zhengmin, his usually serious face actually showed a smile!

"Dad."

"Big brother."

Wu Zhengxiang and Wu Zhiyong called out separately.

Wu Zhengmin smiled and nodded, pointed to the sofa next to him, and said, "Sit down! Zhiyong, when did you come back?"

Wu Zhiyong said, "Just this afternoon, I heard the news and thought this should be an opportunity, so I thought I would come to hear what father had arranged, so I could also learn."

“Well!”

Wu Zhengmin was very satisfied with this attitude of Wu Zhiyong: “Zhiyong, you are right to do so, people just have the ability is far from enough, but also know how to learn, only in this way, you can make yourself stronger, if you keep this attitude and character, will come to a certain level, there is no one can defeat you!”

Wu Zhiyong nodded: “Yes, father, I know.”

“Big brother, this time is really good news, and it’s an unexpected joy!” Wu Zhengxiang said smilingly, “This little brat of the Ji family can really rise rapidly in these years, he is almost on the verge of fighting all over the world, but as a result, who would have thought that he would fall in the northeast!”

Wu Zhengxiang said, really can’t help but inside that excited mood, can’t help but haha laugh.

Wu Zhengmin also shook his head and smiled, but his gaze fell on Wu Zhiyong’s body and asked, “Zhiyong, for this incident, what do you think?”

Wu Zhiyong had already thought of a way when he came, and already had a plan, so at this moment when he heard his father ask, he immediately said, “I think, this matter should be seen in two.”

“Oh?”

Wu Zhengmin said, “Then tell me, how can we divide it into two?”

Wu Zhiyong said: “The first point is that I have learned a lot from Ji Feng’s body, and I have also understood a lot of truths – in these years, Ji Feng, with his own force, has been running amok, fighting everywhere he goes, but of course, I must also admit that Ji Feng’s powerlessness has indeed helped him A big help, let him achieve certain achievements”

Speaking of which, Wu Zhiyong but suddenly saw his father’s eyes gloomy, the faint smile at the corner of his mouth also suddenly disappeared.

Wu Zhiyong suddenly hit a burst in his heart, he suddenly realized that he said the wrong thing.

Ji Feng rely on force to go everywhere to fight, but also achieved certain achievements what he achieved?

–The most prominent example, or Ji Feng’s most glorious battle record, when he led his men to war for thousands of miles, from Jinling to South Guangdong, beat him Wu Zhiyong arranged manpower routed, so that Wu Zhiyong defeated miserably, and even finally forced Wu Zhihe alive!

Now talking about this in front of Wu Zhengmin, this is not which pot can not mention which pot?

Wu Zhiyong really want to give himself two slaps, when he threw the dirty water on Wu Zhihe’s body, was severely criticized by his father, and even at that time he was the first time to see his father is so stern, now it seems that he was momentarily pleased, but did not pay attention to this problem.

So Wu Zhiyong heart astonished, hurriedly said: “Because of this, making Ji Feng too dependent on their own force, and even he thought that as long as his fist is big, go anywhere can work, the result caused

his blind arrogance, so much so that in the northeast he actually brazenly on the police, but also killed so many people, so this heel is ultimately planted in his own arrogance! ”

Hearing this, Wu Zhengmin nodded slowly.

Wu Zhiyong said again: “This is what I learned from Ji Feng, people may have an advantage in a certain aspect, but never take this advantage as omnipotent, whether it is power or not, you can not rely too much. I made this mistake before, that’s why I lost to Ji Feng again and again, but now, I realized this, while Ji Feng hasn’t!”

A satisfied smile then appeared on Wu Zhengmin’s face, “Well! Good point, it’s rare for you to realize this!”

Wu Zhengxiang also said, “Yes! Big brother, it seems that the little brat of the Ji family has really planted his head well!”

Wu Zhengmin smiled, and although he didn’t say anything, he obviously agreed with the second one’s words.

“Zhiyong, you continue to say.” Wu Zhengmin said.

“Well.”

Wu Zhiyong said: “The second thing is, Ji Feng planted a big heel this time, now it depends on how the Ji family will respond, Ji Feng killed so many people in broad daylight in full view of the public, want to just suppress, without paying some price is not possible. But the Ji family will definitely protect Ji Feng, and in this, there will be a lot of things to do.”

“Apply pressure!”

Wu Zhengxiang immediately said, “Put pressure on the Ji family! If the Ji family wants to protect Ji Feng, then show some sincerity!”

Wu Zhiyong said, “If it’s done well, then not only can little uncle come back safely, but even those positions that the Ji family swallowed, they will all have to be spit out!”

“Zhiyong said it well!” Wu Zhengxiang said, “In the past, the Ji family has been pinching us for the sake of the old third, the so-called wind and water turns, now it’s finally the Ji family’s turn to suffer!”

“Lao Er, Zhi Yong, you two discuss this matter!” Wu Zhengmin said, “If there is anything you don’t understand, come and talk to me directly.”

“Yes!”

Wu Zhiyong nodded his head.

Wu Zhengxiang said: “By the way, there is one more thing I heard that this time although Ji Feng was locked up, but a lot of evidence is still in his hands, including that little brat of the Chen family is also in his hands!”

Wu Zhengmin said, “Are you trying to say that the Chen family might throw in the towel so much that they end up compromising with the Ji family?”

“It’s not that there’s no such possibility!” Wu Zhengxiang said.

“I’ll take care of this!”

Wu Zhengmin said, “I will personally go and talk to the old man!”

Only then did Wu Zhengxiang feel relieved and said, “It’s naturally best to have big brother to say, I think the old man must have an idea already, for so many years some kindnesses our family has long since returned, for the sake of the old man, we can no longer indulge the Chen family!”

Wu Zhengmin immediately frowned: “Lao Er! In the future, this kind of talk less!”

Wu Zhengxiang could not help but awe, slowly nodded his head.

Campus Master Chapter 2452

“By the way, there is one more thing.”

Wu Zhengxiang suddenly remembered something and said, “Big brother, I heard that this time in the conflict between the Ji family brat and the police in Ha City, it seems that there are people who want to take advantage of the opportunity to fish in the water, to assassinate that Ji family brat, there are two people, one of them has been poisoned by that brat, and the other one was captured alive by him!”

“Oh?”

Wu Zhengmin was slightly surprised: “There is such a thing? Do you know who did it?”

Wu Zhengxiang shook his head and said, “I don’t know. Ji family’s enemies can also be quite a lot, especially that little brat is everywhere to make enemies, see how many people died in his hands over the years, including the Qiao family”

Speaking of which, Wu Zhengxiang suddenly lowered his voice and said, “Big brother, I always feel that although the Qiao family has fallen, but still can not be completely ignored, for ordinary people, their energy is still quite large. Can’t we find a way to fight for it?”

Wu Zhengmin said, “Let’s talk about this later.”

Wu Zhengxiang then understood, that little brat of the Ji family planted a big heel, this opportunity is how many years can not meet once, so now how to do something on this matter, this is the most urgent, the rest can be postponed to talk.

“In that case, it is not clear which side of the power did it.” Wu Zhengmin slowly nodded, pondered for a moment, his gaze suddenly glanced at Wu Zhiyong sitting at the side and asked thoughtfully, “Zhiyong, this matter has nothing to do with you, right?”

Wu Zhiyong was stunned, then shook his head: “Dad, this has nothing to do with me! When Ji Feng went to the northeast, I was still in the northwest, so I didn’t even know about it. Besides, even if I wanted to do it, I couldn’t have been so accurate as to know when Ji Feng would clash with the police and when he would do it!”

“It’s good that you didn’t do it!”

Wu Zhengmin said, "This kind of tactics, after all, is only a small way, yang plot, to win over everything!"

Wu Zhiyong was busy nodding his head and said, "Dad, I remember."

"It's good that you can remember." Wu Zhengmin nodded his head.

"In fact, Zhiyong has worked very hard this time, and his progress is not small." Wu Zhengxiang said, "Big brother, Zhiyong is still young after all, so you shouldn't be too harsh on him."

"Hmph!"

Wu Zhengmin shook his head and said, "It's because I didn't demand him strictly before, that's why he's so untalented now! If he is not strictly required, he will not become a great weapon in the future!"

Wu Zhiyong couldn't help but blush, a little embarrassed.

Wu Zhengxiang laughed: "Zhiyong is actually very good, that little brat of the Ji family seems to be very capable, but the result? My family that kid, I'm just going to play with him as he sees fit in the future, not going to have high demands on him."

Wu Zhengmin then said, "Lao Er, you also pay attention, you have a child outside, although siblings do not say anything, but the heart must not feel, you have to deal with it."

Wu Zhengxiang then smiled and said, "I know, I will take care of it."

"Okay, that's it for today." Wu Zhengmin said, "It's just that I'm going to see the old man, Lao Er, will you come with me?"

"Go! I haven't seen the old man for a long time either." Wu Zhengxiang said.

"Then let's all go together." Wu Zhengmin said.

The three of them got up, and on the way to the old man's house, Wu Zhengxiang suddenly gave Wu Zhiyong a wink and deliberately took a few steps behind, and Wu Zhiyong understood and slowed down as well.

When he saw that Wu Zhengmin was already a bit far away and could not hear their conversation, Wu Zhiyong lowered his voice and asked, "Second Uncle, something wrong?"

Wu Zhengxiang smiled and said, "Zhiyong, tell second uncle the truth, Ji Feng was assassinated in the northeast, the two perpetrators are related to you or not?"

Wu Zhiyong immediately said, "Second Uncle, you suspect me? How can this be! If I did it, I will definitely not deny it. Besides, didn't you also say that the people fell into the hands of Ji Feng, if I did it, he will definitely be able to interrogate them, how long can this matter be hidden?"

Wu Zhengxiang smiled: "Don't get excited, I just care about you, Zhiyong, if you really did it, this matter in any case can not let your father know, let alone let the old man know, otherwise, you are afraid to stay in the northwest for a few more years, understand?"

Wu Zhiyong laughed, "Second Uncle, I understand your intention, but I really didn't do this."

“That’s good!” Wu Zhengxiang smiled and suddenly said, “By the way, Zhiyong, I heard that you are often in contact with that boy from the Chen family?”

“Which is not the case!”

Wu Zhiyong laughed, “Second Uncle, where did you hear all this gossip?”

Wu Zhengxiang laughed: “It seems that I heard wrong, let’s go, your father is far away!”

After saying that, Wu Zhengxiang accelerated his steps and walked up.

Looking at Wu Zhengxiang’s back, Wu Zhiyong’s face changed a few times, a gloomy look flashed in his eyes, gritted his teeth, quickly returned to normal, also quickly followed.

Only, Wu Zhiyong did not find that the corner of Wu Zhengxiang’s mouth was pulled up a curve, a sneer flashed in his eyes.

“Squeak—!”

A black Audi braked sharply and stopped steadily in front of a building that was not very tall but appeared to be very solemn.

The guard standing guard at the entrance hurriedly came over and wanted to ask the people inside the car about their intentions, but then he saw the car door open and a middle-aged woman with a hint of gracefulness stepped down.

The guard hurriedly saluted, “Madam!”

“Hello!”

This middle-aged woman nodded, and then, not caring about anything else, she hurriedly walked in quickly towards the courtyard.

The guard couldn’t help but spit out his tongue and secretly said, “Mother eh, why does madam look angry?”

“Boom!”

The office door was pushed open, Ji Zhenhua, who was listening to his subordinates’ reports, looked up and was stunned: “Su Mei, how did you get here?”

This middle-aged woman was no other than Ji Feng’s mother, Ji Zhenhua’s wife, Xiao Su Mei.

At this moment, Xiao Su Mei was standing in the doorway with a sullen face, and beside her stood an anxious and sweaty man, but Ji Zhenhua’s secretary.

“Minister, madam she

“I know, you go ahead and get busy.” Ji Zhenhua said.

The secretary then breathed a sigh of relief, and then winked at the man who was reporting to Ji Zhenhua, and then only then retreated.

That staff member also had the sense to stand up and said, "Minister, then I'll go back and study it again, and then come back to report to you."

He knew that Ji Zhenhua did not like to listen to some empty words, nor did he like to be patted on the back, so he spoke very directly, but he heard Ji Zhenhua say, "Sorry, let my personal matters delay my work."

He hurriedly waved his hand and quickly retreated.

In this process Xiao Su Mei did not say a word, although the eyes obviously with anger, but is not on the spot, until everyone went out, Xiao Su Mei said: "Xiao Feng was arrested? I heard that he will be sentenced to imprisonment, and possibly even the death penalty?"

Ji Zhenhua was stunned and asked, "Who did you hear that from?"

Xiao Sumei said, "It seems to be true?"

Her eyes turned red and she said, "Ji Zhenhua, you're really a great minister, you've implemented the organization's secrecy regulations really well, you're so secretive about me, but I'm not your subordinate, and I'm not a member of the organization, I'm Xiao Feng's mother, am I not qualified to know what's wrong with my son?"

Ji Zhenhua hurriedly stood up and said with a bitter smile, "Su Mei, take your time, sit down and listen to me slowly tell you."

"I only ask you, my son was arrested, is it true?!" Xiao Sumei asked.

"Yes!"

Ji Zhenhua nodded: "But"

Xiao Sumei was immediately anxious: "So, it is also true that he is going to be sentenced?"

Ji Zhenhua said, "There is no such thing!"

Xiao Su Mei was stunned: "But I heard those people say, I'm afraid that Xiao Feng will be sentenced to imprisonment, and possibly the death penalty ah"

Ji Zhenhua said, "Then do you believe others, or believe me?"

Xiao Su Mei red eyes, said: "But you even hide this thing from me"

"I did not want you to worry about it!" Ji Zhenhua said with a bitter smile, at this time, Ji Zhenhua is not what the tang minister, even slightly handy to comfort his wife, let her sit down and talk.

"Su Mei, what rumors have you heard outside?" Ji Zhenhua asked.

"What else, I was attending a charity event, and when I went to the bathroom, I overheard some women talking, saying that Xiao Feng had been arrested in the Northeast, and that he had killed many people and was going to be sentenced to death! And also said that outside are spread all over" "Xiao Su Mei said, and anxious up:" this is not true? My son is really going to be sentenced to death?"

"Su Mei, don't be anxious yet."

Ji Zhenhua hurriedly comforted, "It did happen, but the rumors outside are exaggerated, Xiao Feng was only dealing with the affairs of the Tengfei Group when he clashed with the police and some hooligans in the area, that's why he was temporarily arrested."

Ji Zhenhua eyes cold light flash, can not help but secretly cold hum, some people finally can not hold back?

Xiao Sumei asked, "Did Xiao Feng really kill someone?"

Ji Zhenhua said, "The details are still under investigation, the central government has also sent an investigation team, Su Mei, you don't have to worry, Xiao Feng is my son, how could I stand by and watch him be sentenced? Right?"

"Then"

"Su Mei, investigation takes time, right now Xiao Feng is not suffering, he just has to be investigated for the time being." Ji Zhenhua said.

"Then can you guarantee that Xiao Feng will definitely not go to jail?" Xiao Sumei asked.

"Su Mei, let me ask you, if Xiao Feng really committed a crime, would you like me to use my power to defend him?" Ji Zhenhua asked.

Hearing this Xiao Sumei couldn't help but feel a beat, so she didn't know what to say.

Ji Zhenhua said: "Now are still under investigation, you should not worry, or if the investigation comes out that Xiao Feng is innocent, the result is that your body collapsed instead, worry or Xiao Feng, right?"

Xiao Su Mei said: "Zhenhua, you have to give me a guarantee, Xiao Feng must not be okay, even if even if he really committed a crime, it can not be the death penalty ah you do not know that for more than ten years when we were dependent on mother and son, Xiao Feng is my whole hope, if not for him, I would not have wanted to live"

Seeing his wife sobbing, Ji Zhenhua's heart is also extraordinarily hard to bear, he can only be kind and comforting.

Campus Master Chapter 2453

Only when Xiao Sumei's emotions gradually calmed down did Ji Zhenhua say, "I will do my best to keep Xiao Feng safe and sound as far as possible within the framework of the law!"

Xiao Sumei said, "I'm going to the Northeast."

Ji Zhenhua was stunned: "To the northeast?"

"Yes. My son is going to jail, I have to go see him." Xiao Su Mei said. She said, she was a little anxious again, and her eyes were a little red.

"Su Mei, it's not appropriate for you to go to the Northeast now." Ji Zhenhua said.

"What's not suitable!" Xiao Sumei said, "Even if my son is really in jail, can't I, as a mother, go visit the prison?"

“Of course you can. But the problem is, Xiao Feng is not in jail now!” Ji Zhenhua said comfortingly, “Right now, Feng is just under investigation and cannot leave the Northeast for the time being.

“So when will it be clear?” Xiao Sumei asked, “If it takes three to five months, do I have to wait that long?”

Ji Zhenhua said, “It will definitely not take that long! Su Mei, you may not know, in fact, the investigation of Xiao Feng is strictly confidential, even his affairs in the Northeast, not many people know, but why did you hear the rumors? You also said just now that the rumors are all over the place outside, have you ever thought about what’s going on here?”

Xiao Sumei suddenly understood a bit, her face changed and said, “You mean to say that someone deliberately wants to harm Xiao Feng, to stink up his reputation?”

Ji Zhenhua said, “Their purpose is not that simple!”

Just to stink up Ji Feng’s reputation, or to harm Ji Feng, given the current situation, I’m afraid it’s not too difficult to do, those people have an ulterior motive!

Xiao Su Mei was anxious and said, “Then you’re just going to stand by and watch others harm Little Feng?”

Ji Zhenhua said, “Su Mei, I assure you, no one can harm Xiao Feng.”

“But

“Well, it’s useless for you to worry any more, you don’t understand the situation here you just need to wait for the news at home without worry, Xiao Feng will surely come back soon.” Ji Zhenhua said.

After a good deal of comfort, Xiao Sumei is finally not so anxious, but still very worried, if not Ji Zhenhua strongly discouraged, I’m afraid she will next rush to the northeast to see Ji Feng.

It was not easy to persuade his wife, Ji Zhenhua could not help but smile bitterly and shake his head, for his wife’s worry he can certainly understand, but the problem is that there are many things that can not be said explicitly, told his wife, but only more worry her.

“Humph!”

After Xiao Sumei left, Ji Zhenhua’s face calmed down, but under that calmness, there was a trace of anger.

Some people, this is to take advantage of the fire!

Although already expected this situation, but Ji Zhenhua did not expect that this matter eventually reached the ears of his wife, so it can be seen, some people have spread the news to what extent.

As his wife said, no matter what the purpose of those people, but at least one thing, they first want to stink up Ji Feng’s reputation.

In fact, this is to create public opinion pressure.

The next, is to have further action, I’m afraid that the action is not small!

Ji Zhenhua looks calm, but his eyes with a touch of anger

He pondered for a moment, picked up the briefcase on the table, and intended to go out, but at that moment the secretary suddenly knocked on the door and came in and said, "Minister, the guard reported that there is a vice-governor at the door who claims to be from the northeastern black province who wants to see you."

Ji Zhenhua asked, "What is the name of the other party? Did you see the work permit?"

The secretary said, "Yes, it's Chen Youdao."

Ji Zhenhua immediately frowned slightly, but soon stretched out, he said without moving his voice: "You go ask, if it is a private matter, forget it, if it is a work just, you go busy."

The secretary was stunned: "That"

Ji Zhenhua said, "This governor Chen has been suspended for investigation, I do not have any work-related matters to talk to him, in addition, as far as I know, the organization of the black province is not under his control!"

The secretary then understood, and he immediately nodded and said, "Minister, then I'll get rid of him!"

Ji Zhenhua waved his hand and said, "No need, you get the car ready, I need to go to East Sixth Street."

"Yes!"

The secretary immediately answered, East Sixth Street, that's where Ji Lao lived!

When Ji Zhenhua went out in the car, he saw at the entrance a middle-aged man in a gray suit was saying something to the guard, who shook his head with a serious face, seemingly rejecting whatever the middle-aged man was asking for.

"Minister, this is Chen Youdao." In the car, the secretary reminded.

"Let's go!"

Ji Zhenhua just looked at him twice, not even intending to stay at all, and let the car drive away.

The secretary, however, glared fiercely at Chen Youdao through the car window for a few moments, it was this guy, and his son, who made Mr. Ji fall in the northeast, so much so that his wife was so anxious and sad.

Regardless of what happened in this matter, but at least, he has never seen his wife so sad. The lady has always been very amiable, never had any attitude towards them staff, every time they come will also give them some local specialties brought from the old home.

Other places are the ministry to give gifts to leaders, but here, but they often receive gifts from the wife, which makes them treat the wife as their elders.

Today, seeing the madam so sad, the secretary naturally would not have any good feelings towards Chen Youdao.

“This little comrade, you just give Minister Ji another call, just say I have something important” Chen Youdao gritted his teeth and said with difficulty. He is a vice-governor, but to a guard to bow down, this for the past in the black province and even in the northeast can be said to call the wind and rain Chen Youdao, really extraordinarily difficult.

But for the sake of his son, he couldn't help but come.

However, the next words of the guard made him startled, only to hear the guard say, “It's useless for you to beg me, Minister Ji has already gone out, even if I let you in now, you can't see him!”

Chen Youdao was stunned: “Out? Did not you just say”

“Here see useless, that black Audi, that is our minister's car, just passed by you!” The guard pointed to the sedan that was already fading away and said.

“..... what?”

Chen Youdao couldn't help but be stunned.

The guard, however, returned to his post and no longer paid attention to Chen Youdao.

At this time, Chen Youdao's face was incomparably complicated, a humiliated look flashed in his eyes, Ji Zhenhua just went out, and still passed by his side? That does not mean that he saw himself, but did not even stop to say a word?

What a bully!

Chen Youdao's face was blue and white, he gritted his teeth: “I don't believe that your Ji family can stand by and watch Ji Feng be sentenced!”

With that, he turned around and left with big strides!

Inside the quadrangle on East Sixth Street, when Ji Zhenhua arrived, he saw the old man sitting under the big tree in the courtyard with Tie Lao, taking the cool air and playing chess.

“Father, good old Tie.”

Ji Zhenhua smiled, “The two old masters are so elegant, why don't you go to your room, don't get hot.”

“Zhenhua is here.” Tie Long said with a smile.

“What's wrong?”

Master Ji but asked without raising his head.

Ji Zhenhua said, “It's just a little thing, you two play chess first, I'll talk about it after we finish this game.”

“You're still playing mind games with me?” Master Ji glanced at him and said, “It's time to go to work, it's good that you have time to take a break, how can you still have time to visit me, an old man? Say it, what is it.”

“.....”

Ji Zhenhua smiled bitterly, he is already a middle-aged man, but still called 'kid' by the old man, this is really

However, Ji Zhenhua did not dwell on this issue, but said, "It's the matter of Xiao Feng, he has caused a mess in the Northeast"

"I already know the matter." Before Ji Zhenhua could finish, Elder Ji said, "Just look after this matter."

"That little Feng"

"He is your son, you have the right to make any decision." Elder Ji said.

"I understand." Ji Zhenhua nodded his head.

"Humph!"

Elder Tielong, however, couldn't help but snort coldly and said disdainfully, "The one surnamed Chen is getting more and more brilliant! He thinks that his relationship with old man Wu is not known, but in fact this thing has already spread but still do not know! Chen is secretly taking advantage of old man Wu's care to run amok, he doesn't know how thick the sky is! Zhenhua, no matter how you handle this matter, you can't compromise with the Chen family in the end, if you can't, I'll go out with my old bones and go to the Chen family myself!"

Ji Zhenhua laughed: "Tie Lao, you just take care of yourself, how can I ask you to bother? I am relieved to have your words."

Master Ji said, "There is nothing to worry about."

Ji Zhenhua nodded, although the old man's tone was calm, even when he was talking, his eyes were staring at the chessboard, but Ji Zhenhua heard a hint of fire and a resounding meaning from his father's words.

He then smiled faintly.

"Minister, I just received news that Chen Youdao has gone to the West Mountain." Ji Zhenhua came out of the quadrangle, and as soon as he got into the car, his secretary reported a message, "It is said that Chen Youdao went to the Wu family."

"Got it."

Ji Zhenhua nodded and said, "Let's go, back to the ministry."

That day, Yanjing then broke a heavy news – Ji Feng slaughtered dozens of people in the northeast and has been arrested and imprisoned!

When the news came out, the whole Yanjing was in an uproar!

It is said that because of the handling of this matter, blocking the frenzied Ji Feng, making the Ha City Municipal Bureau of several senior leaders were adjusted, or even removed from office to investigate and deal with.

And it is said that the cause of this matter, it sounds extraordinarily harsh – because of the conflict between Ji Feng and the Northeast Chen family’s son Han Yang, the result of Ji Feng in the Northeast, rampant, so that the final outbreak of an uncontrollable, extremely serious conflict!

In just half a day, the whole Yanjing was abuzz with rumors.

The public opinion offensive had taken shape in the shortest possible time.

The sword was pointed at the Ji family!

Campus Master Chapter 2454

“Hey! Heard about this?”

“What?”

“Ji Feng killed someone and got locked up!”

“Hey! You say this thing, this is all over the capital, how can anyone not know about it!”

“I didn’t expect that Ji Feng was so fierce, it is said that he and Zhang Lei two people, butchered more than a dozen people, and, I heard that this does not count those who died in the hands of Ji Feng’s gangsters, if so counted, Ji Feng in the northeast can be said to be a killing spree ah!”

“Yes, I’m afraid it adds up to dozens of people ah, this is the ancient fucking executioner is not so ruthless, right?”

“But that said, Ji Feng is Ji Feng, if other people even if they have the guts, they definitely do not have the ability, that is dozens of people ah, not to mention that they are still armed, even if just dozens of pigs lined up for me to kill, I can not kill ah!”

“So you’re not Ji Feng!”

“Shh – don’t talk first, look, isn’t that the Wu family’s people over there?”

A few people who were talking looked up and saw a few people walk in the door, this is a group of young people, the leader is a son of the Wu family, followed by him next to some young people, in Yanjing are also considered to have a certain family background, these people walk with vigor, even a long way away you can hear them talking.

Just listen to one person said: “Brothers, today’s account is mine, no one is polite to me ah, today’s mood is good, let’s play happily, here the woman you see which directly take away! Haha …..”

A group of people laughing, this side of a few people can not help but have whispered about it.

“Here, see, Ji Feng was arrested, looking at the bad luck, this Wu family people really happy ah!”

“No! How many times did the Wu family suffer at the hands of Ji Feng before, even Wu Zhiyong was not also ashamed, now it’s strange that they are not happy!”

A few people were discussing, when they saw the manager of the club welcomed them and said with a smile, “Young Wu, why didn’t you tell me in advance that you were coming, so I could also arrange for you in advance.”

The young man in the lead waved his hand and said, "No, you just watch the arrangements, the best things to pick up, the most beautiful women!"

The club manager immediately laughed: "Young Wu is in a good mood today!"

"And what do you say?"

The man who was called Wu Shao laughed: "That wild bastard of the Ji family was caught, this time he won't be able to get out in one piece even if he has heavenly skills, do you think this young man should be happy?"

The manager's face changed, he could say this, but he couldn't say anything, so he could only say, "Young Wu, everyone, please come inside!"

That Wu Shao can see the manager's hesitation, can not help but laugh: "Afraid, right? Do not be afraid, this time Ji Feng do not want to come out, he can not retaliate against you! This wild bastard relies on his good kung fu, and commits evil everywhere, now it's finally good and evil will be rewarded, painful! Haha"

The manager of the club listened but secretly screamed bitterly, Wu Shao as a person of the Wu family, and the Ji family is a rival this is not a secret in Yanjing, but the problem is that they do business but can not offend the Ji family ah, not to mention, even if the Ji Feng can not get out, the Ji family has others it!

So he could be said to be a word did not dare to answer, can only accompany the smile, led the group of young people to go inside.

A few people here can't help but whisper: "See it's useless, the Wu family's people are arrogant."

"Some time ago I also heard a young master of the Wu family mention the Ji family, but at that time they didn't dare to be so rampant, although they all hated Ji Feng when he was mentioned, but where did they dare to speak so arrogantly?"

"They are thinking that Ji Feng has fallen and the Wu family's nemesis is gone, so their bottom line is full again!"

"The Ji family will stand by and watch Ji Feng go to jail, huh?"

"What else can we do?"

A person said: "Have you not seen, the Wu family third master just because the Ji Feng grabbed the handle, the result was sent to prison, the Wu family people do not likewise can only watch, and finally had to bow down with the Ji family begging for mercy, it is said that until now have not been completely negotiated, the Wu family third master is still in the detention center locked up!"

"Eh! Speaking of which, it's better when Ji Feng is in, although he is not in Yanjing, but as long as he bar trouble, the Wu family people have to restrain a few points, which is like now"

"Ee?"

is saying, suddenly a person surprised a: "that is not the youngest He?"

A few people immediately looked, and saw several people were walking in, walking in the front, but is not the youngest of the Yanjing He family, He Hongwei?

“It’s a pity that the Wu family’s people went up first, otherwise, I’m afraid there would be a good show this time!”

At this moment, a loud laugh came from upstairs: “Good! Not bad! By the way, I heard that Ji Shaojun also often come here to play with you? Well, call me the girls that Ji Shaojun often order, haha ……”

A few people were stunned, the Wu family’s people are going to completely ride on the Ji family’s neck and shit ah!

The son of a large family like them, generally if they often go to which club or some entertainment venues, often order a girl, usually will be regarded as the forbidden property of that son of a brother, others generally will not touch.

But today, the young master of the Wu family is to give seasonal Shaojun cuckold, which can be more ruthless than the knife to kill, but also more insulting!

If Ji Shaojun knows, I’m afraid are going to be angry vomit blood!

Several people can not help but stunned in their hearts, have discussed, it seems, Ji Feng did not have an accident, the pressure on the Wu family is really big enough, before the Wu family, although also very arrogant, but never dare to be so excessive, and even usually in public when talking to pay attention to some, do not dare too offend the Ji family, whether or not the presence of people from the Ji family.

But now …… how to make people have a feeling of villainy ah?

“Hmm?”

However, just at this time is walking inside He Hongwei is steeply feet a meal, frown immediately walked up.

“Big brother, what’s wrong?” He Hongqiang, who was following behind him, couldn’t help but ask.

“Who’s up there?” He Hongwei pointed to the stairs, “Go and see who’s blabbing there!”

“Brother, I’ll go get the manager over here ……”

“You go straight up!” He Hongwei said.

He Hongqiang immediately nodded his head and walked up in big strides, not long after, heard the sudden silence above, and then there was a sound of footsteps. He Hongqiang walked in the front, followed by a group of people came down, it is the Wu family’s gang that went up before.

Walking a few steps quickly to He Hongwei, He Hongqiang said, “Brother, it’s the Wu family’s gang of brats, I called them down.”

As soon as he heard that it was the Wu family’s people, at once He Hongwei’s face became steeply gloomy for a few minutes, looking at those people who walked down in whole stride, a gloomy look flashed across his eyes and he coldly snorted, “Don’t know how to live or die!”

“Young Master He?!” That person from the Wu family had just walked down the stairs when he saw He Hongwei standing in the hall, and couldn’t help but be slightly stunned.

“Who just said that he wanted to specifically order Ji Shaojun’s woman?” He Hongwei asked in a deep voice.

“.....”

A group of people then covered a little, they dare to make a big speech here, but do not dare to have any nonsense in front of He Hongwei. They were not even on the same level as He Hongwei!

That Wu family’s son’s face was a little embarrassed, but he stiffened his head and said, “Young Master He, we were just joking! Besides, even if we were to order Ji Shaojun’s woman, it wouldn’t be necessary for Young Master He to bother, right?”

“Snap!”

As soon as the man’s words fell, he saw He Hongwei instantly flung a slap over, which immediately caused the man to stumble violently, almost not hitting his head on the pillar next to him.

Before the man could regain his senses, he heard He Hongwei coldly scold: “You don’t know how to live or die! Uneducated thing!”

That Wu family’s son covered his face and immediately said angrily, “He Hongwei you”

“Grass!”

He Hongqiang immediately eyes glared: “You dare to have half a fucking word of nonsense, believe it or not I will abolish you here and now?”

That Wu family son immediately did not dare to speak, but his eyes were still very angry.

He Hongwei also did not care about him, just a cold gaze swept a glance at the group of people, said in a deep voice: “You all listen to me, do not think that Ji Feng accident, so you think that no one can cure you! I’m telling you, Ji Feng won’t go to jail, he will definitely come back safe and sound, you think that if you hug the Wu family’s thigh now, you will know then that you are not leaning on a big tree, but you are inviting disaster to your family!”

The group of people next to Wu Shao’s face changed at the same time.

He Hongwei’s gaze fell on that Wu family’s son again and said coldly, “What are you, daring to be so arrogant? Even if Wu Zhiyong were here, he wouldn’t dare to do that! Get lost, all of you! If I ever see you here again, or if I ever find out that you use such uncultured tactics against the Ji family, I guarantee that you will regret it!”

“.....”

That Wu family’s son gritted his teeth and didn’t dare to speak, but he had a face of humiliation.

He Hongwei said in a cold voice: “Listen to me all, Ji Feng is my best friend, there is no one! Whoever targets him is targeting me, He Hongwei, and when the time comes, I will make him regret it! If you don’t believe me, just try!”

He Hongqiang immediately said from the side, "Fuck, whoever fucking dares to use such underhanded tricks again, Laozi will definitely exterminate him!"

All of them could not help but have a sudden shock in their hearts, He Hongwei belongs to the higher level of the top magistrate, they people can not contact, but, He Hongqiang is a complete dude, and also a big dude! There is no good fruit to eat for offending him!

"Get lost!"

He Hongwei coldly shouted.

At once, a group of people, including the sons and daughters of the Wu family, hurriedly left the clubhouse in a gray manner, not even daring to turn their heads back, not to mention ordering Ji Shaojun's woman to vent a little.

"Hongqiang." He Hongwei looked at their backs and said with a gloomy face, "Give you one thing!"

Campus Master Chapter 2455

"Hongqiang." He Hongwei looked at their backs and said with a gloomy face, "Give you a matter!"

"Brother, you say."

"I'm leaving Yanjing for the next few days, put out the word to me that anyone who dares to target the Ji family's people is targeting me, He Hongwei!" He Hongwei said in a deep voice: "These people don't know whether to live or die, they think they can be arrogant after Ji Feng's accident, aren't they afraid that Ji Shaodong and Ji Shaolei will pick their skin after they come back!"

He Hongqiang was stunned: "Ji Shaolei is coming back?"

That bastard demon king is coming to Yanjing? Fuck, this bunch of dudes will definitely not have a good time again, He Hongqiang felt his position was somewhat insecure.

He Hongwei said, "If these people are so recklessly targeting the Ji family again, by then I'm afraid not only Ji Shaolei is coming back, I'm afraid Ji Shaodong will all come back!"

He Hongqiang nodded, the Wu family's people are indeed too much, using such disgusting tactics to target the Ji family, and not afraid of fucking walking down the road one day to be smothered with a stick!

"By the way, brother, you just said you were leaving Yanjing?"

"That's right!"

He Hongwei said in a deep voice: "I'm going to the northeast! Something happened to Ji Feng, I have to go and see!"

Soon afterwards, what happened in the clubhouse reached Ji Shaojun's ears, and he was so angry that he jumped to his feet and cursed, and even went directly to look for that son of the Wu family, but in the end, he didn't see anyone, and could only grit his teeth and put all his connections out, vowing to block that son of a bitch.

But on the day that Ji Shaojun released the wind, Wu Zhiyong suddenly showed up, personally accompanied the Wu family's son appeared in the club.

The son of the Wu family is arrogant, naming a woman to accompany him, the woman is naturally Ji Shaojun often ordered, but the result is the timely arrival of He Hongqiang, the two sides confrontation.

In the end, He Hongqiang carried a stick in one hand, the woman took out of the club.

Faced with the hobnail-like He Hongqiang, Wu Zhiyong did not say anything, but that son of the Wu family threatened that as long as he saw that woman in the capital in the future, he would not let her go.

"If Ji Shaojun is not convinced, then feel free to come to me!" This was the last words that the son of the Wu family put down.

"Now, there's no Ji Feng to stand up for them anymore!"

By now, the two sides had almost reached the point of saber-rattling, but under the shelter of Wu Zhiyong, Ji Shaojun and the others were incomparably angry, but there was nothing they could do, because they were not at the same level as Wu Zhiyong at all, and they were no match in front of Wu Zhiyong.

.....

Northeast Black Province, Ha City.

These days can be described as a sudden change, first Qiu San on the Tengfei Group, impacting the Tengfei Group's market, and even in the whole of the black province released the wind, threatening to drive all the products of the Tengfei Group out of the northeast, followed by Ji Feng's heavy attack, directly extinguished Qiu San's crime syndicate.

The target was directly pointed at Han Yang!

And then, it was Ji Feng's move again to capture Han Yang.

Immediately afterwards, there was a fierce conflict, and the consequences of this conflict were not expected by anyone – in the dozens of police officers chasing each other, Ji Feng did not flee, but fought back bravely, and finally took out a dozen people, and finally took Han Yang away.

But in the blink of an eye, Ji Feng was arrested.

The Central Committee sent an investigation team to focus on the evil deeds of certain officials in Black Province in collusion with the local black and evil forces, while also investigating Ji Feng's criminal behavior.

But at this time, the youngest of Yanjing He family, He Hongwei, the oldest president of Tianyao Group, was present in Ha City and personally visited the first hand of Ha City, Luo Lin.

Subsequently, some people noticed that Ji Shao Hong appeared in Ha City.

However, before some people came back to their senses, but suddenly came the news that Ji Shao Dong also came to Ha City, and after arriving there did not go there, but went straight to the military hospital.

Xiang Yongzhan also arrived!

And then after that, Ji Shaolei and Xiang Yurou also came to Ha City.

At one time, Ha City gathered the top few youngsters in China, the most direct descendants of the three top domestic families, the Ji family, the Xiang family, and the He family, and even the successors of the next generation can be said to have arrived.

This makes the entire black province's top brass are side-eye, these people are not high position, but they can almost represent their family outside, these people together, the power is huge to make people's hearts chill!

When the news was received, even the hand of the black province have come out, originally the conflict between Ji Feng and the Chen family, the highest level of the black province are deliberately downplayed, in trying to avoid the center of the conflict, but this time, it is unavoidable.

Xiang Yongzhan and He Hongwei's appearance means that at least two of them personally in support of Ji Feng. Not to mention, Ji Shaodong also came.

Especially the most intriguing inquiry is, when the hand of Black Province to meet them, Ji Shaodong said: "If my brother broke the law, I will not cover him up, everything according to the legal process, what punishment should be punished, what punishment! But I also firmly believe that even if my brother really broke the law, it is also in the case of being forced to do so, the culprit who really forced him to break the law, is the most hateful!"

"For this reason, I will go all out to get justice for my brother, no matter how much it costs!" Ji Shaodong's words were so powerful that it made a handful of people in Black Province extra cautious!

After these words came out, causing an uproar.

Ji Shaodong's words almost directly pointed to the Chen family, forcing Ji Feng to finally break the law, the culprit, that is not the Chen family?

The outside world interpreted that this will not be the family will concentrate all their efforts to fight a hard battle here, even at the expense of sending the two successors of Ji Shaodong and Ji Feng to take on the charge of the general!

The top brass of the Black Province know more deeply, they know that the Ji family is going to counterattack, and, I'm afraid that the Chen family may not be their ultimate goal.

The Ji family's target, most likely the Wu family!

Because a very few people vaguely know that the Chen family is standing behind, it is likely to be the Wu family!

Only, this kind of high-level game, but it is no longer under their control, they can only wait and see what happens.

Now it depends, what moves both sides will make.

The Wu family and Chen family's offensive has been obvious, public opinion offensive, plus Ji Feng did break the law this iron-clad fact in their hands, so at this moment they are considered to have taken the initiative.

However, Ji Feng's hands are also in possession of a large amount of evidence. And these evidence in the end to whom, involved in how deep, only Ji Feng and Qiu San two people know.

Ji Feng is not to think, want him to hand over the evidence, that is obviously impossible, and Qiu San at the moment he is imprisoned in the army, even the investigation team wants to see him have to go through the application, not to mention others.

But even if the investigation team met Qiu San, the latter is not a word, want to know from his mouth some situation, the difficulty is also great.

In this way, it also makes some people in the investigation team feel uncertain in their minds, while the advantage maintained by the Chen and Wu families is not so obvious.

In a word.

The other side's hand holds a sword to cut off the arm of the Ji family, while Ji Feng's hand, but also holds a sword that can cut the other side a bloody mess at any time.

Both sides have advantages, the next depends on how to play!

This kind of thing, the ordinary people are naturally unable to understand the inside story, only with their own imagination in the after dinner to increase some talk, fun and joy.

But for the top of the Black Province, and the Black Province, some people with close ties to the top, such as the Yao family, such as some other wealthy merchants and tycoons, is particularly concerned about this big game, because the outcome of this game, and may even affect them!

It is in this situation, suddenly news came, in a province in the northwest someone reported a local high-ranking official, revealing a corruption case, so the central once again set up an investigation team to go to the northwest.

This is the Ji family's counterattack!

Everyone knows that the northwest also has an inextricable relationship with the Wu family, and even Wu Zhiyong is serving in a county in the northwest, so it is self-explanatory who this report is meant for.

And the investigation team is aimed at who went, it goes without saying.

However, no one could have imagined that when the investigation team to the northwest, the investigation was carried out unusually smoothly, because the whistleblower had already searched for enough evidence material, when the investigation team got these, directly to some people to take coercive measures.

Among them, the officials who were controlled, the highest level, is already the second-in-command of the North Shaanxi Province!

But this is not the end, under the officials involved even reached as many as ten people, and the level is not low, this is definitely a big case!

News out, not to mention the northeast, even Yanjing are positioned stunned.

Seasonal family's masterstroke!

Obviously, the investigation team was able to carry out so smoothly, the main credit goes to the informant's body, if he did not search for detailed evidence, the investigation certainly can not proceed so smoothly, and may even meet heavy resistance!

Just, the evidence in the end is that the whistleblower search, or the family has already got the evidence, but has been withholding, it is not outsiders can know.

But no matter what, in one fell swoop the other side of a province's second-in-command, this is absolutely unparalleled shock!

Now the Ji family only just a counterattack, already has such a big battle, then who dares to guarantee that the Ji family's hands only this piece of evidence?

This is a sharp counter-attack, or is it an attempt to shock the tiger?

Everyone is unable to eat!

However, there is no doubt that it is the Wu and Chen families who are in a difficult position. Do they dare to risk having several generals killed off again to put Ji Feng in jail, or will they lay down and compromise with the Ji family?

Everyone is paying close attention to the development of the situation, and in this case, the investigation team, which has been in the Black Province for a short time, has suddenly launched a new move against Ji Feng!

Campus Master Chapter 2456

"Tsk, your kid is really deep hidden!"

In Ha City, the military hospital, a small nurse was changing Ji Feng's medicine, Ji Feng was naked, and the muscles on his body were so conspicuous that the small nurse in charge of changing medicine couldn't help but blush, and He Hongwei was even more surprised.

He Hongwei said: "You do not say, usually see you do not look how strong, did not expect that the clothes underneath are actually muscles."

Xiang Yongzhan laughed: "This kid's recovery speed is also very scary, this is only a few days, ah, look to remove the stitches, really this shot is simply like playing."

Ji Feng listened to the straight rolled eyes, said with no good grace: "Play? Nothing you go a few shots to try?"

Xiang Yongzhan laughed: "Nothing I go to suffer that crime why?"

Ji Feng could not help but grunt, this guy is completely standing and talking, but, Xiang Yongzhan a few people can come over, but let Ji Feng mood is very good.

Now is the time between him and the Chen family Wu family game, Xiang Yongzhan at this time to come over, whether on his own behalf or on behalf of the entire Xiang family, let Ji Feng secretly nod.

In fact, even if Xiang Yongzhan said he was representing himself, but without the nod of the elders of the family, he could not have been allowed to come over, which in fact already explains the problem.

As for He Hongwei, that is even more needless to say.

Rather, it was the arrival of big brother Ji Shaodong that surprised Ji Feng a bit.

However, since people have come, Ji Feng did not think so much about it, just said hello to Fang Wei and let them be allowed to come in for a visit.

In fact, even if Ji Feng did not say, Fang Wei will not stop, although this is not in line with the rules, but this kind of residential surveillance is actually only to prevent suspects from fleeing or conspiring with others, but look at the identity of these people, they need to conspire with each other?

As for the fleeing, that is even more outrageous, Ji Feng need to flee?

So, Fang Wei nodded his head and agreed to do this kind of favor for nothing, and if he could reverse the sudden residential surveillance that made Ji Feng feel bad about him, Fang Wei really wanted to do it.

“Miss Nurse, my brother’s injury is no longer a big deal, right?” Ji Shaodong was more concerned about Ji Feng’s injuries.

“It’s almost healed.”

The nurse said, “The wound is healing very well, it is estimated that the stitches will be removed tomorrow, and then you just need to take good care of it.”

Ji Shaolei then smiled and said, “Thank you, nurse, I’ll treat you to dinner some day.”

The nurse blushed and hurriedly walked out.

Ji Shaolei let out a sarcastic smile: “That what, said smoothly”

His words have not finished, immediately see to the Yong war glared up: “said smoothly? So you kid also often said?”

Ji Shaolei stunned, then he felt a sharp pain in the waist, immediately sucked a breath of cold air: “Hiss-”

But it was Xiang Yurou who pinched him hard from the side.

The people in the room laughed.

Ji Feng put on his clothes, Ji Shaodong said: “Three children, this time you may have to suffer some aggression, the final result is not yet known, if you really have to be sentenced you have to be psychologically prepared.”

Xiang Yongzhan frowned: “Really want to sentence?”

He Hongwei also looked at Ji Shaodong, the words came out of Ji Shaodong's mouth, I'm afraid that is the meaning of the elders of the Ji family.

Ji Feng but his face is very calm, said: "Nothing. Before my father has called me, I also communicated with him, big brother, you can rest assured, I have a clear idea."

Ji Shaodong then nodded slightly and said, "You kid don't be a hard hero, things haven't come to an end, there must be room for maneuvering."

He knew that Ji Feng seemed to have some way to guarantee that he would not go to jail in the end, but this matter was destined from the beginning that it would definitely cause a storm in the city, and the Wu family would definitely not stand by and watch Ji Feng shrug off all the guilt.

So, to get Ji Feng off the hook, the only way is to go by the sword.

But this kind of thing may not work out well and he may lift a stone and smash his own feet, that's why Ji Shaodong advised him not to be impatient and wait patiently.

"I understand." Ji Feng nodded his head.

"In addition, what should be arranged I have also arranged, if it really does not work" Ji Shaodong did not say further, only a slight point.

Although we all know it by heart, but no matter how to say now there are still He Hongwei and Xiang Yongzhan present, some words can not be said too clearly.

Ji Shaolei, however, hummed and said, "I heard that the old man from the Chen family personally went to Yanjing."

Ji Shaodong nodded and said, "Well, he went to Xishan."

He Hongwei said, "It looks like this one is going to the Wu family to ask for help, I just don't know, the Wu family wants to sentence Ji Feng, but the Chen family is trying to protect Han Yang, how will this conflict between them be resolved."

Ji Shaolei said: "Will definitely sacrifice one. I guess, with the Wu family's malevolent nature, want them to let go of the third child that is almost impossible, so in the end it will probably be the sacrifice of Han Yang"

Several people nodded slightly, the Wu family's style of action they all know, this thing eight out of ten '9 will develop in accordance with what Ji Shaolei said.

"Knock knock knock"

At this time, there was a sudden knock on the door.

Immediately after that, I saw Fang Wei walk in with a few police officers, Fang Wei's face with a touch of embarrassment, seems to be a little embarrassed.

Ji Shaodong said: "Director Fang? I wonder if Director Fang came over at this time, for"

"Ji Feng."

Fang Wei, however, walked straight towards Ji Feng and said, "According to the evidence currently available to the investigation team, as well as the final deliberations and judgments, it was decided that you should be detained!"

Ji Shaolei suddenly said, "What?! Director Fang, you mean to say that this is your next step to formally go through the legal process for my brother?"

Fang Wei nodded and said, "Yes."

Ji Shaolei's face suddenly sank, his eyes glared and he was about to speak, but was stopped by Ji Shaodong.

Ji Shaodong asked, "Director Fang, is it time to prosecute?"

Fang Wei shook his head: "No, just ready to enter the legal process, evidence collection, etc. still need some time Mr. Ji, sorry, please cooperate, this is the notice"

"Director Fang!"

He Hongwei frowned: "Can not delay a few days?"

Fang Wei shook his head and said, "How can this be delayed, I'm really sorry"

Xiang Yongzhan suddenly spoke: "Director Fang, it does not matter if it can not be delayed, but a temporary delay of ten minutes, it should be okay, right?"

"An accommodation?" He Hongwei also followed.

"This"

Fang Wei hesitated for a moment and nodded, "Okay then, fifteen minutes of time."

Xiang Yongzhan said, "Thank you."

From the beginning to the end Ji Shaodong did not say anything more, just nodded his head, as a kind of thanks to Fang Wei. Fang Wei waved his hand with a bitter smile, turned around and walked out with his men, if possible, in fact, he did not want to come, this is too offensive, moreover, offend is not the average person.

If these people hold a grudge, hey, the future of life will be cool!

"Old brother, it seems that the Wu family has made an effort!" After Fang Wei left, Xiang Yongzhan said directly: "Now it is no longer possible for you to hesitate, how about considering my previous proposal?"

"What proposal?" Ji Shaolei asked.

Ji Feng but slightly shook his head and said, "No need for the time being, old Xiang, if I promise you, next you can be involved, there is no need to drag you into it."

Xiang Yongzhan frowned and said, "Ji Feng, I remember that you were not such a mother-in-law before, why are you so stubborn now? If I was afraid of getting involved, I wouldn't have come!"

Ji Feng still shook his head and said, "Old Xiang, I appreciate your good intentions, but there's really no need for this, moreover, your solution is not a once and for all solution, it's better for me to deal with it myself."

"You handle my ass!"

Xiang Yongzhan said: "Now you are going to be detained, if the next formal judicial proceedings, you kid will soon be left in the case, do you understand?"

See Ji Feng is still not moved, to Yongzhan can not help but turn to Ji Shaodong: "I have no chat with this kid Shaodong, you listen to my proposal, I intend to let Ji Feng join the special operations brigade, give him an active military status, but also special military, so that the local police system and the court will have no right to do him, must be transferred to the military, which can be manipulated in the middle of a large margin!"

"Join the military?" Ji Shaodong frowned slightly and asked, "Three children, what do you think?"

"This solution is fine!" Ji Shaolei said.

"No need!"

Ji Feng but firmly shook his head and said, "Old Xiang, I understand your feelings, but really do not need, I have my own way to solve!"

Xiang Yongzhan spread his hands: "I see that you kid is also a tendon, I have already given you a way, as long as you nod, the rest of the things I do for you, before you are really approved by the prosecutor's office to arrest, you still have the opportunity to choose."

Ji Feng smiled and said, "It won't wait until that time."

"You just blow it!" Xiang Yongzhan shook his head.

"San'er, are you sure you don't want to think about it?" Ji Shaolei is a little anxious, this idea actually he is not without thought, but let Ji Feng join the red arrow brigade, but the young uncle that pass certainly can not pass, not to mention the eldest uncle and the old man there, they certainly will not agree to this catty means.

But now that Xiang Yongzhan has taken the initiative, to the energy of the Xiang family, to operate this thing that is really simple, Ji Feng still do not agree?

Ji Feng but laughed: "Don't worry, it's okay."

Helpless, several people had to stop persuading, Fang Wei brought people in, considering Ji Feng's injuries, so did not give him handcuffs.

Ji Feng was detained!

This news, which spread out quickly, made many people couldn't help but be shocked.

Is this a strong comeback from the Wu family?!

Campus Master Chapter 2457

Ji Feng was detained, and technically speaking, from now on it was considered to have officially entered the judicial process, which meant that the police could then make an official arrest as long as they collected enough criminal records on Ji Feng.

At the same time, from this time onwards, as long as the police are willing, they can arraign Ji Feng at any time – at this time Ji Feng is not much different from other suspects.

When the news came out, the outside world couldn't help but be in an uproar again.

Although Ji Feng was under residential surveillance, but everyone knows that the Ji family will certainly not sit idly by, so few people believe that Ji Feng will be detained, not even to mention that the next will soon enter the judicial process, if it continues, Ji Feng will have to leave a case.

Even, if the other side is fast enough, maybe Ji Feng will really be sentenced in a short time!

The Wu family and the Chen family's counterattack is so sharp, will the Ji family ignore it?

Concerned about this matter, not only the top leaders of the Northeast Black Province, including some well-informed and even inextricably linked to the top of some families, also closely watching the development of the situation.

For example, the Yao family and so on.

Even Ji Shaodong and He Hongwei and others were running around and visited Luo Lin, the municipal party secretary of Ha, and the provincial party secretary and governor of Black Province several times in a row, apparently for Ji Feng's sake.

Although Ji Feng told them very firmly that he would never go to jail, but the current situation for Ji Feng is very unfavorable, so Ji Shaodong and others must prepare in advance, otherwise in case we wait until the end of the Wu family and what follow-up means, so that the Ji family can not react, Ji Feng may really be sentenced.

Even if the future can be very easy to get Ji Feng out of prison, but his case record is not eliminated, and, the impact has also been caused, Ji Feng later at least want to join politics is not possible.

And the Wu family and the Chen family want, I'm afraid that this is the result.

After all, whether for the Wu family or the Chen family, they know very well want to get Ji Feng killed, or sentenced to a heavy sentence, so that he spent a lifetime in prison which is obviously unrealistic, as long as it can break Ji Feng's way up, it is enough!

In the event that everyone is paying close attention to this matter, and even many people are operating secretly, Ji Feng alone in the detention center is not the least bit anxious, and even very leisurely.

When Yao Yuran came to visit him, Ji Feng was still leisurely smoking a cigarette, without any awareness of the impending disaster, which made Yao Yuran surprised, but Yao Jinlong, who came with Yao Yuran, showed a thoughtful look.

"Young Master Ji, you still have the heart to smoke here?" Yao Yuran said, "Do you know that you will soon be arrested next?"

“What can I do if I know?”

Ji Feng asked with a smile, “Things have been done, and now the initiative is in the hands of others, so what can be done?”

Yao Yuran said, “Then you should not be so relaxed and comfortable!”

Ji Feng laughed: “Otherwise I have to hide in the corner to cry can not?”

Yao Yuran suddenly laughed lightly: “It seems that you are not worried about your situation at all, huh? I really came here for nothing!”

“.....”

Ji Feng couldn't help but sweat: “So, you think I'm going to jail, that's why you came to see me?”

Yao Yuran said, “Otherwise, what do you think? If you are well, I don't know how many people are competing to visit you, do I need to get together this hilarious?”

Ji Feng: “.....”

This woman is really different and unique, even her thinking and words are so sharp.

On the contrary, Yao Jinlong saw this and couldn't help but laugh: “Mr. Ji this is a chest full of ideas, that's why he doesn't look anxious”

Ji Feng shook his head and laughed, said: “What have you got in mind? It's a shame to say that originally I was going to wait until the Northeast was settled to visit Mr. Yao, but I didn't expect that I didn't make it, instead I let Mr. Yao come here to see me”

“Or it would be more accurate to say broken!” Yao Yue Ran said.

“Yue Ran!”

Yao Jinlong glared at his daughter and said to Ji Feng: “Mr. Ji don't take offense, Yue Ran has been spoiled by me since she was a child, so she sometimes doesn't speak without thinking”

Yao Yue Ran immediately said, “Dad, you don't have to be so polite, Ji Feng doesn't eat this!”

Yao Jinlong then couldn't help but choke.

Ji Feng looked dumbfounded, Yao Yuran this maverick character, I'm afraid that Yao Jinlong sometimes feel some headache.

After a pause, Ji Feng said with a smile, “I'm already grateful that Mr. Yao can come to see me today, thank you.”

Yao Jinlong then smiled and waved his hand, but in his heart he was very satisfied, it seems that Ji Feng understood his intention, then his purpose of coming here today has also been achieved.

Now the Wu family and the Chen family are targeting Ji Feng, Yao Jinlong came to see him at this time, no doubt indirectly against the Wu family and the Chen family, at least it also means that the Yao family and these two families are not the same way, this is a matter of offending people!

Yao Jinlong can come here, in fact, is also the top of a lot of pressure.

But as long as Ji Feng can understand, can appreciate, Yao Jinlong feel their trip to the worth.

Everyone will add flowers to the brocade, but really can send charcoal in the snow is not much, Yao Jinlong will be the person who sends charcoal in the snow – although, Ji Feng may not lack him this piece of carbon, but at least his heart to.

Yao Jinlong father and daughter in the detention center did not stay too long, they just appear here is actually enough, on the other hand, the detention center visitation time is also limited.

On the way out, Yao Yue Ran suddenly said, “Ji Feng, you won’t lose to Han Yang and Wu Zhiyong, will you?”

Ji Feng couldn’t help but be slightly stunned, and then nodded and said, “Right!”

“That’s good!”

Yao Yue Ran spread a smile and said, “The stronger the enemy, the more you defeat them, the more you will be able to prove your greatness cheer up, it’s hard to have a man who can make me look good and still be considered a man, don’t end up being a softy and make me look down on you!”

“.....”

Ji Feng immediately forehead sprouted a few black lines, the words

Then look at Yao Jinlong, the same is also bitter smile.

But Yao Yuran was smiling and gave Ji Feng a wave of his hand, saying, “Younger Ji, we’re leaving.”

In Ji Feng’s consternation and bitter smile, Yao Jinlong’s father and daughter left the detention center, but the news that they had come here soon reached some people’s ears.

This makes the situation immediately become more complicated, the Yao family also intervened?

.....

“Yao family”

When Wu Zhiyong heard the news, he could not help but sneer: “It seems that the Yao family also does not want to rest in peace!”

This news from the northeast let Wu Zhiyong heart can not help but have a kind of inexplicable fire run up, Yao Jinlong and Yao Yuran actually went to visit Ji Feng?

“This woman Yao Yue Ran, still pretending to be noble, but it turns out that she is only a goods for sale!” Wu Zhiyong said in a cold voice.

Originally, the Wu family and the Yao family had contacted each other privately, and according to the Wu family’s intention, they wanted Wu Zhiyong to marry Yao Yuran, but they were rejected by the Yao family.

To be precise, Yao Yuran refused.

This is the reason why the Wu family previously released the rumor that Wu Zhiyong might be betrothed to Yao Yuran, so much so that they later unintentionally clashed with Ji Feng's brothers, which ended up leaving Wu Zhiyong in the dust.

So now hearing the news that Yao Jinlong and Yao Yuran went to visit Ji Feng, it would be strange if Wu Zhiyong's heart could be comfortable.

"It seems that it is time to put some more pressure on the Ji family."

That day, the investigation team in the northeast accelerated the speed of the investigation, and even the investigation team directly to the military subdistrict of Black Province sent a letter requesting the military to Han Yang and Qiu San and all the other arrested people handed over to the investigation team, and then the local police to take over.

But this request was not responded to by the military.

Subsequently, the investigation team again sent a letter, while directly calling the headquarters of the military district in Shen to make a request.

And not only that, the Central Commission for Discipline Inspection department also communicated directly with the military, hoping that their investigation can get the cooperation of the military.

This time, the military had to speak up. After all, the Central Commission for Discipline Inspection has spoken directly, if the military does not have anything to say, it can seem a little too much.

But although the military has reacted, but in the end is not Qiu San and Han Yang handed over to the investigation team, not to mention the local police.

As for the explanation, the military said very straightforward – whether it is Qiu San or Han Yang, the two have a lot of influence in Black Province and even in the entire Northeast, and according to Qiu San's account, he and many officials in the Northeast have money transactions and extremely close contacts!

In this case, it is absolutely not suitable for transfer.

In fact, this is telling the investigation team that we do not trust the local officials and police, so it will not be handed over according to your request!

As for Han Yang, that is even more needless to say.

The evidence in Qiu San's hands alone is enough to keep Han Yang in prison for the rest of his life is not over, and even shooting him is definitely not unjust!

Han Yang naturally can not be handed over!

The investigation team asked the military to produce the basis for these words, but only received a response – when it should be handed over, it will naturally be handed over!

In the end, even if the investigation team used the relationship above, but still in the military there a nose!

At this time, some people in the investigation team, began to turn their attention to Ji Feng!

Ji Feng was being arraigned!

The person in charge of interrogating Ji Feng was a middle-aged man and a young man, an old man and a young man, and in the process of interrogation, there is no doubt that one sang a red face and one sang a white face, but their tricks in front of Ji Feng was unable to play any role.

Even, Ji Feng did not even bother to pay attention to them.

These people are obviously the Wu family planted in the investigation team, their purpose is only as far as possible to get his handle, with these people he really is not even to say a few words of nonsense desire `.

This time, the investigation team of people some numb claws!

Han Yang can not save, the evidence can not get, from Ji Feng here not to mention opening a breakthrough or something, this aspect of the investigation was suddenly at a standstill.

On the other hand, it is very different!

Campus Master Chapter 2458

In the face of the Wu family and the Chen family's attack, the Ji family almost did not do anything, just the military indifference to respond, Ji Feng is even ignored, it blocked the other party's attack.

But the attack is not only the Wu family and Chen family!

Almost on the day Ji Feng was investigated, the family once again launched a severe offensive, on the one hand, in a province in the northwest to continue to carry out in-depth investigations, in order to further expand the results, on the other hand, and even sent four investigation teams, respectively, to the northeast, southern Guangdong and other provinces.

Northeast, another investigation team.

However, unlike the previous investigation team, this later investigation team is not for the conflict between Ji Feng and Han Yang, but to investigate some state-owned enterprises and some officials of corruption, and also received a report before coming down.

However, the most striking but also the number of the investigation team to South Guangdong!

This is directly forced the Wu family's lair ah!

Everyone realized that this time the Ji family is really serious, directly to kill the Wu family's roots, South Guangdong Province.

And to everyone's surprise, as soon as the investigation team arrived in South Guangdong, with the cooperation of Zheng Yuanshan of the local police department, they directly arrested several officials and pointed the spearhead directly at the top of South Guangdong!

This time, everyone could not help but be astonished!

As the number one economic province in China, the hand of Nan Yue is almost on par with the hand of Jiangzhou in terms of political status, you know, just in the last term, the hand of Nan Yue, but the contemporary family head of the Wu family, Wu Zhengmin!

Just because of that time because of a series of Ji Feng's actions, unintentionally and mistakenly destroyed the rise of Wu Zhengmin's road, so that Wu Zhengmin's desire to be transferred to the first hand of Jiangzhou fell through, and also indirectly affected by the drag, and finally only indignantly left South Guangdong, went to Yanjing.

But from this can also be clearly seen, the political status of South Guangdong, has been in the mind of the Wu family's position!

So, this action of the Ji family now means that this time the Ji family to fight, not just the Wu family generals, which is clearly to knock off the backbone of the Wu family, and can even be said to be the mainstay of the Wu family!

This is simply to set up a showdown!

I don't know how many people were shocked, could it be that for Ji Feng, the Ji family really intends to have a big showdown with the Wu family?

Of course, the Wu family will not sit still and fight back with the same means.

However, what no one expected was that after the investigation team arrived in Nan Yue, the investigation was met with resistance, but it was irrelevant because Nan Yue had a great general of the Ji family – Zheng Yuanshan.

This is a master of the province's violent organs, and is even expected to be promoted to secretary of the Political and Legal Committee in the next year or two, at that time, he will be the first person in the judicial and police system in South Guangdong, no one can be its right!

Then, with his cooperation, the investigation team will get how much help, it can be imagined.

And the more economically developed areas, many officials have more economic problems than other local officials, the problem is also bigger, so just a few days, there are a number of officials into the investigation team's line of sight, or already given to do, or still in the process of doing.

The entire officialdom of Southern Guangdong is in an uproar, a people in fear.

Investigation team in southern Guangdong can be said to be almost unstoppable, invincible, up on the investigation and punishment of a number of officials, the next who ventured to hit who!

The offensive, harsh to the extreme!

This time, the Wu family can not sit still, also with the same moves to counterattack, also achieved certain results, several provinces in eastern China have investigation teams down, these are the Ji family's traditional sphere of influence.

—Although the Ji family's sphere of influence is actually larger than the Wu family, a full four or five provinces, as well as Jiangzhou, but these places are also somewhat backward compared to South Guangdong, officials have a lot of problems, so it is also very much the Wu family to take out a group.

But the Ji family is not stopping at all, and not just through the investigation team, even from above also directly, both sides you and me, each loss, but in the final analysis, or the Wu family losses are greater, and in the northwest and southern Guangdong is the loss of several generals, so that some other warring factions can not help but cry out in secret pity!

You know, the loss of these generals of the Wu family, if not accidentally, in the future are very promising, and even become the mainstay of the faction is also very possible.

But before they could reach the final step, they were taken out by the Ji family, which made people feel a little pity, but also awe-inspiring.

The ability to take out these generals is enough to show that the Ji family has tangible evidence in their hands. It is evident that although the Ji family is not so aggressive on a regular basis, the terrifying energy of the Ji family is unquestionable.

In the big game with the martial family, the family showed a strong energy, especially in some high-level game kill, the family is more than strong.

And this, but only one person in the Ji Zhenhua presiding over the big picture, sitting in command. If the three brothers of the Ji family at the same time, will definitely be more terrifying, but also more severe.

The Ji family's incomparable offensive, hit the Wu family some sat down, so the Wu family people again sat together and began to discuss countermeasures.

"The Ji family is surrounding the point!" Wu Zheng said in a deep voice, his face was very unpleasant.

"That's right, second uncle is right!" Wu Zhiyong nodded his head, he was equally uncomfortable. After this head-on collision, Wu Zhiyong suddenly realized that there is a gap between the Wu family and the Ji family, up to now, the Ji family lost all the minions, while the Wu family has lost several generals one after another, and the minions implicated are not sure how many, just this point alone, the Wu family has suffered a big loss!

..... in fact, said the minions, but for many ordinary people, those are also powerful cadres, just with the loss of those generals, is not worth mentioning, but also some of the Wu family's back-up force.

Such heavy losses are heartbreaking, and the hearts of the Wu family are almost dripping with blood!

From this, it was possible to see the gap between the Wu family and the Ji family, which made Wu Zhiyong, who originally thought that the two families were almost on par, feel very uncomfortable in his heart.

"Big brother, I think we've fallen for the Ji family's trick!"

Wu Zhengxiang said in a deep voice: "This matter was originally caused by that little brat of the Ji family, all the issues should revolve around what to do with him, but how come it has now turned into a head-on collision between our two families to kill each other?"

Wu Zhiyong also looked at his father who has not spoken, deliberate words, said: "Ji family is diverting our attention, so that our energy is focused on killing with them, but the most deserving of punishment, but now is not a thing"

Once this is mentioned, Wu Zhiyong is very depressed, in fact, by now, if they still can not realize that this is the Ji family's tactics, they fell for the Ji family's trick, it can really go to hell!

If they didn't even have this point of vision, the Wu family would definitely not be able to become one of the top families in China.

However, what depressed Wu Zhiyong was that even though they had discovered the problem, some time had passed and they had already lost several generals and even missed the best opportunity to operate at full strength to force the Ji Family to use Wu Zhengxin in exchange for Ji Feng.

This made both Wu Zhiyong and Wu Zhengxiang very uncomfortable, how come they look just like clowns?

"Father"

"This time, it should be Ji Zhenhua's handiwork!"

Finally, Wu Zhengmin, who had been sullen, slowly spoke up, saying, "This time, I also made a mistake in my judgment I was too focused on the bad influence created by Ji Feng's trouble, so I was ready to use it to give the Ji family an even bigger blow, so much so that I ignored the most essential of this matter The most essential thing."

Ji Feng is the cause and source of the whole thing!

As long as this point is seized, the Ji family will not be able to jump up!

However, as soon as they came up they only slightly did a little inappropriate action, the Ji family keenly seized the opportunity to set off a full-scale game, even in a head-on collision fierce way, hard knocked out several of their Wu family lineage generals.

In this way, not only gave the Wu family a heavy punch, but also successfully diverted the Wu family's attention, so that the Wu family's energy from Ji Feng's body to the big game!

So

It came down to this situation today!

Ji Zhenhua, you are really good tactics, a few years without fighting, you really have become more powerful

The two of them are the same as the other two.

This father and son, really their Wu family's nemesis can not?

Wu Zhengmin sank his face and said, "Next, our focus has to shift to Ji Feng, as long as we take him down, those so-called tactics of the Ji family will naturally be unbreakable!"

"But how to take down Ji Feng!" Wu Zhengxiang said, "Now although the matter about Ji Feng killed in the street is an iron-clad fact, which can not be denied, but the problem is that Ji Feng still has a lot of evidence in his hands, and who exactly is involved in this, we do not know. Moreover, the Chen family there is also a problem"

Wu Zhengmin said, "You do not have to worry about the Chen family, the old man there I have said, a Han Yang, not enough to let the entire Chen family's decline as the price to save him, as long as we can keep him a life, the Chen family there will not have any problems!"

Squatting a meal, Wu Zhengmin said again, "So now the most important issue is to take Ji Feng! Not only do we have to get tangible evidence of his murder, but we also have to do everything right!"

Wu Zhiyong hesitantly said, "But now that the Wu family's attack is in full swing, our losses are not small!"

Wu Zhengmin said: "Now the loss is only a momentary, as long as we take down Ji Feng, everything will be fine, the Ji family will not stand by and watch Ji Feng in jail, I'm afraid that even leaving a case record is impossible!"

Wu Zhiyong then nodded deeply, however, in his heart, is a vague hope that the Ji family really give up Ji Feng, then, although the Wu family will certainly lose more heavily, and even will be greatly wounded, but, at least the Ji Feng future career hopes are not there!

He is too afraid of Ji Feng!

Campus Master Chapter 2459

The Ji family's harsh offensive has shocked an unknown number of people.

However, what really shocked the Wu family was Ji Zhenhua's wrist that could be said to be the pinnacle of subtlety.

The most severe offensive is the only way to hit the Wu family hard and divert their attention.

Simple, harsh, yet effective!

This is Ji Zhenhua's method!

Wu Zhengmin suddenly realized that he seems to have always underestimated Ji Zhenhua, before Wu Zhengmin felt that although Ji Zhenhua has the ability, but also under the wings of the old man of the Ji family to get to today, but through this matter, Wu Zhengmin suddenly found that Ji Zhenhua is not inferior to his old man in the slightest.

At least in this kind of sleight of hand, Ji Zhenhua can almost be said to be playing a masterpiece!

Ji Zhenhua used this most simple method, but gave Wu Zhengmin the most vivid lesson!

So, Wu Zhengmin in the heart of the scare at the same time, also began to quickly change strategy, for the Ji family those sent to the investigation team, the Wu family began to ignore, of course, this does not mean that the investigation team completely resistant, face to face, Wu Zhengmin will not do such a stupid thing.

The strategy of the Wu family is, for these investigation teams are all the yang-fang, you come I do not oppose, because you are in the name of the center to come, I respect you.

However, after you come to investigate as much as you like, but want me to cooperate, that is completely impossible.

With this approach, stall those investigation teams, and then the Wu family is focused on dealing with Ji Feng, this time the key to the matter lies in Ji Feng, this is the lifeblood of the Ji family, as long as hold Ji Feng, then everything will be good, not afraid of the Ji family does not submit to soft.

“But

Wu Zhiyong was a little hesitant about this, asking, “What if the investigation team of the Ji family is bent on chasing after Ji Feng before they take him down, and cause us too much damage?”

Wu Zhengxiang said, “Zhiyong, you don’t understand, even if the Ji family really caused us some losses, but as long as we take down Ji Feng, it will all come back!”

Wu Zhiyong then nodded thoughtfully.

Wu Zhengmin pondered for a moment and said, “Zhiyong, how about this, you also do not always stay in Yanjing, after all, you are the governor, always stay here to give people a bad impression. You go to Ha City in the northeast!”

“To Ha City?”

Wu Zhiyong was slightly stunned.

“That’s right, go to Ha City!” Wu Zhengmin nodded and said, “Do you know what you are asked to do in Ha City?”

“Take down Ji Feng?” Wu Zhiyong asked.

“Do what you intend to do.” Wu Zhengmin didn’t say whether Wu Zhiyong’s answer was right or not, but just admonished, “After you get there, remember to consult some elders in private

“..... I understand.” Wu Zhiyong nodded, in fact, he understood only Wu Zhengmin’s last sentence – to visit some elders, these elders are privately with the Wu family than good relations, although the position in the northeast is not high, but at least for the local situation are door-to-door.

Can

According to their own intentions to do exactly what it means, this is to let Wu Zhiyong some doubts, but he also did not have the good intention to ask more, there is a second uncle present, he is not too good to speak.

In particular, the last game Wu Zhengxiang said to him privately, so he was more or less alert in his heart.

Every move he made, it seemed that second uncle was well aware of it?

“The Wu family has changed its strategy!”

In fact, as soon as the Wu family had changed that afternoon, Ji Zhenhua received the news, which was passed back by one of his old subordinates, and Ji Zhenping also received the news, so he hurriedly rushed to his elder brother Ji Zhenhua’s office.

“Big brother, it seems that the Wu family has come back to their senses!” Ji Zhenping said, “What are the arrangements on your side? Hurry up, now the Wu family has turned their spearhead on Xiao Feng, if you act slowly, then Xiao Feng will be in trouble.”

“In a hurry?” Ji Zhenhua asked.

“..... What kind of talk is this! Little Feng’s side is in trouble, I’m an uncle of course anxious!”

Ji Zhenping laughed bitterly, “Big brother, Xiao Feng is your son, how come you look more relaxed than me when something happens to him? Big brother, what arrangements do you have in the end?”

Ji Zhenhua said, “Children are impulsive, they always need to be honed before they can really calm down.”

“Then how do you call it training?” Ji Zhenping said, “Big brother, there is a limit to the training, if it’s normal, you can train in any way, but now Xiao Feng is almost walking a tightrope.

Ji Zhenhua said, “The more at this time, the more you can train people!”

Ji Zhenping looked at his elder brother suspiciously, and after a while, hesitantly said, “Brother, don’t tell me that you don’t actually have any arrangements!”

“There are definitely arrangements, not moving, not because of a ruthless heart, but not yet time.” Ji Zhenhua said.

“I see that you are ruthless enough now!”

Ji Zhenping laughed bitterly: “If Xiao Feng was my son, he was out in exile for more than ten years, I would certainly not let him suffer these aggressions”

“Lao-san!”

Ji Zhenhua did not even wait for Ji Zhenping to finish, suddenly interrupted his words, the smile on his face is gone, said in a deep voice: “You can not hold such thoughts! Little Feng is because outside the exile for more than ten years, through trials and tribulations, the heart is indeed honed very stable, but, these years of hardship experience is likely to make his heart have some resentment exist!”

“Perhaps in ordinary times can not see anything, but if later encounter what harsh environment, maybe this kind of mind will affect him for life!”

Ji Zhenhua said, “What’s more, now he has already broken the law, if the slightest lesson is not learned, then this is not a good thing for him, for society, you should know that although I do not allow him to use my name and the name of the family to do anything, but when he goes out, his brain is automatically marked with the label of the Ji family, then if he gets carried away, no one Not sure what he can do!”

If he dares to kill someone in a fit of rage now, what about later?

If something happens again, will he do something even worse in the heat of anger?

Ji Feng's behavior made Ji Zhenhua very pleased, he was pleased that his son could stick his knife in both sides for his friends, but, however, he was also a bit wary, he was worried that Ji Feng would breed some seeds of complacency and forgetfulness, so he had to give Ji Feng a lesson!

This is not harming him, but for his own good!

Ji Zhenhua then understood the intention of his elder brother, he shook his head helplessly and said: "Alas! It's better for me to raise a daughter, Xiao Yu doesn't know how obedient she is However, big brother, the lesson for Xiao Feng doesn't have to be too hard, right? Now it's not just a matter of you wanting to teach him a lesson, there's the Wu family eyeing it, there's plenty of opportunity to teach the child later, you can't give others the opportunity to take advantage of it!"

Ji Zhenhua said, "I have a good idea."

"How about this" Ji Zhenping suddenly proposed, "Why don't you arrange it, I directly get Xiao Feng to the Red Arrow Brigade, so the Wu family will only dry eyes... .."

The Wu family's change of strategy made Ji Zhenping sit up a bit, so he also gave up his original idea and planned to bail Ji Feng out in the name of the military.

"All right, you don't have to worry about it, recently Rice and Boundary Peng are moving again, Vietnam has also started provocations, and last week there were our fishermen killed" said here, Ji Zhenhua's face got serious, "Lao San The most important thing is that you have to worry about the training of the troops recently."

Ji Zhenping immediately heard the tone of the big brother, immediately face a happy, asked, "Big brother, to have action?"

Ji Zhenhua said, "It's good to be prepared!"

Ji Zhenping immediately understood.

.....

Wu Zhiyong has come to the Northeast!

Although the heart can not help but some apprehension, but Wu Zhiyong is still coming – to Yongzheng, He Hongwei and Ji Shaodong and even Ji Shaolei are in Ha City, really do not know how they will actually react after getting the news!

Will give themselves a downward spiral, or

However, beyond Wu Zhiyong's expectations, whether it is to Yongzheng and other people, or the two brothers Ji Shaodong, but not even half a reaction!

This makes Wu Zhiyong quite a feeling of self-righteousness, the heart actually have some loss, this group of people are not put in their eyes?

He could not help but secretly sneer, Ji Feng looks like he is already a prisoner, see what else you have to rampage!

The arrival of Wu Zhiyong also attracted the attention of many people in the outside world, which was interpreted as the Wu family began to shift their focus and concentrate their firepower on Ji Feng's body.

This, perhaps, was the beginning of the showdown!

At once, but everyone who has something to do with this matter, or may have something to do with the people are nervous, the most powerful and largest families in China among the four major families of the most direct descendants are here, this is simply the storm clouds gathered Ha City ah!

Even the street cab masters are aware of an unusual atmosphere, there seems to be a kind of mountain rain full of wind depression, so much so that the master who likes to chat with people are cautious when pulling customers, reluctant to say more than a few words.

In fact, the arrival of Wu Zhiyong is indeed a signal of the Wu family to strengthen the attack!

On the same day, a part of the investigation team suddenly arraigned Ji Feng again, placing all the evidence of his murder and photos and so on on the table, at the same time, one of the deputy heads of the investigation team even directly applied to the Procuratorate for approval to arrest Ji Feng.

And at the same time, the Ji family in the field several investigation team is launched a powerful offensive, a series of investigation of the Wu family several generals, and even one of the mainstay of the general character, although not directly investigated, but his surrounding people were taken away.

There is no doubt that the investigation team must have gone after him in the end!

So far, the two sides of the posture is almost clear. Only from the current point of view, but the Wu family slightly occupies some advantages, because they are about to seize the Ji family's lifeline

The big showdown has begun!

Campus Master Chapter 2460

The duel between the Wu family and the Ji family has touched the hearts of many people.

Some people hope that the Wu family can win, some people hope that the Ji family can hit the Wu family and the Chen family, people who are concerned about this big game, not only in the political arena, but also include many rich merchants and tycoons in the northeast, and even all aspects of the power.

Wu family, Ji family, two of the two most top families in the country, the collision between these two, no matter which side fails, may affect the fate of many people.

For example, the Yao family, when Yao Jinlong and Yao Yuran went to visit Ji Feng in the detention center, in fact, many people have identified the Yao family has a relationship with the Ji family, I believe that if the Wu family wins in this big game, I'm afraid that will not let the Yao family feel better!

By the same token, some other families that are closer to the Wu family do not want the Ji family to win.

It was in this situation that Wu Zhiyong came to the guardhouse.

“Ji Feng, I didn’t expect that we had met.” Seeing Ji Feng, although Wu Zhiyong acted calmly, but the smirk on his face that was hard to hide, as well as the kind of smugness in his eyes, was something that could not be concealed no matter what, and was enough to show what his true inner thoughts really were at this moment.

Ji Feng smiled indifferently and said, “It’s just a meeting.”

Wu Zhiyong smiled and said, “You probably didn’t expect that we would actually meet in this situation, and moreover, in this detention center!”

Ji Feng’s face remained unchanged, nodded slightly and said, “That’s right! I indeed did not expect you to come here, but now that I think about it, I can be relieved.”

“How so?” Wu Zhiyong asked.

“If you do not come here, then you are not Wu Zhiyong!” Ji Feng said indifferently, “Especially when I was at my most despondent, if you didn’t come to see me, then I would only feel strange.”

“.....”

Wu Zhiyong’s face then chilled for a moment, but then he put on a smile again and smiled, “I know you must be upset after seeing me, so I don’t mind your sneering at me”

However, before he could finish his words he was interrupted by Ji Feng, only to see Ji Feng stretch out a finger and wiggle it, saying, “You’re wrong.”

Wu Zhiyong asked, “Where am I wrong?”

Ji Feng said, “First of all, I didn’t sneer at you, what I said was the truth.”

Indeed, Ji Feng didn’t expect to see Wu Zhiyong here, nor did he expect that Wu Zhiyong would actually come to the northeast at this time, which was somewhat out of his expectation.

But if you think about it, Ji Feng does not think there is anything strange, because this is the character of Wu Zhiyong, although it seems to be very cunning, very calm, but in fact he is a little too arrogant, more some impetuous.

Now the two sides have not yet decided to win or lose, Wu Zhiyong is already impatient to run over to a victorious posture, but also said what did not expect to meet in this situation this is not showing off and what is it?

This is the character of Wu Zhiyong, so Ji Feng will not feel how strange when you think about it.

Ji Feng just put this fact out, but in Wu Zhiyong’s opinion, it was Ji Feng sneering at him.

“Secondly, frankly speaking I do not want to see you, but this does not mean that I am upset in my heart!” Ji Feng continued, “For example, if you see a rabid dog that you once beat up severely, and suddenly one day when you are down and out, it jumps out and barks a few times, I believe you don’t want to see such a situation either.”

Seeing Ji Feng’s increasingly ugly face, Ji Feng smiled faintly and said, “Not unpleasant, just a kind of revulsion, very annoying!”

“Ji Feng!”

Wu Zhiyong’s face sank steeply and said in a cold voice, “You better know what you’re talking about! If this is your cultivation, then I really doubt

Ji Feng directly interrupted him and said coldly: “Although there are police officers just a few meters away now, if you are thinking that my parents did not educate me well and insulted to my parents, then I will definitely let you go out horizontally, if you don’t believe me, just try it!”

All of a sudden, Wu Zhiyong’s voice abruptly stopped, the whole room fell into silence, even the quiet even the sound of their breathing can be heard clearly!

After a while, Wu Zhiyong stared at Ji Feng, and said in a deep voice: “Ji Feng, I only knew you were crazy, but I never thought you would be so arrogant very good! It looks like you haven’t realized your situation, you think that with your family’s power, you can really bail you out and keep you safe and sound? You are so naive!”

Ji Feng smiled and said, “I never wanted my family to bail me out, let you take the trouble!”

Wu Zhiyong grunted and said, “Even now you are still sophomoric, are you coaxing a three-year-old child? Ji Feng, let me tell you this, just in the few days you were locked in, there are a lot of changes outside, a lot of people are paying attention to this matter, this time even your grandfather personally came out, he had to bear a lot of pressure, do you think you can really walk out of here comfortably?”

“Can!”

Ji Feng but nodded blandly and said, “If you don’t believe me, you can guard the door and see if I can come out!”

Wu Zhiyong but his face sank, who would have nothing to guard the door, he is not a dog!

He grunted, ignoring Ji Feng’s insult with a trap, just coldly said: “In that case, then I look forward to the day you walk out from here, but you do not let me down, after walking out from here, do not turn around and go to court

“It won’t!”

Ji Feng smiled: “On the contrary, you, it is better not to be so full of confidence, otherwise, you may be very disappointed, at that time, it may be your turn to be very unhappy after seeing me

Wu Zhiyong said, “There won’t be that day, there will never be that day again!”

Ji Feng also did not argue with him, just smiled and said, “We’ll see!”

Wu Zhiyong stared at Ji Feng and looked at him for a while before he frowned and said, “Ji Feng, I really don’t know where in the world you get such great confidence, I really wonder what makes you think so firmly that you will get out of here?”

Ji Feng smiled faintly and said, “Just because I’m Ji Feng!”

“Okay!”

Wu Zhiyong nodded: "You are Ji Feng but just because of you Ji Feng, I don't know how many people will be implicated next, hehe, you are really good and powerful!"

Ji Feng said, "These words you'd better wait until after the curtain has fallen on this matter, it's a little too early to say."

Wu Zhiyong suddenly laughed and said, "Ji Feng, Ji Feng, seriously, I really admire your ability to make a fat face, now the evidence of your murder is conclusive, from the witnesses to the victims, the investigation team has all the evidence, I really can't figure out how capable you are to think that you will be safe?"

"On the strength of the Xiang family? Or the He family, or your little uncle?" Without waiting for Ji Feng to answer, Wu Zhiyong asked, "Do you really think you can escape punishment by getting a military identity?"

"What a joke!"

When Wu Zhiyong thought of Ji Feng's naivety, he couldn't help but sneer.

Before coming, Wu Zhiyong knew that his father Wu Zhengmin had already communicated with the Xiang family, this matter is so big, just get an active military identity to muddle through, the Wu family first did not agree.

To the family's second to Cheng has made it clear that the behavior of Xiang Yongzhan are only his personal behavior!

If Ji Feng is relying on the Red Arrow Brigade to be so arrogant, then he is even more stupid, if Ji Zhenping dares to give Ji Feng an active military status, it is absolutely lifting a stone to smash his own feet, will the Wu family stand by and watch you play cat and mouse?

So in Wu Zhiyong's opinion, now Ji Feng is just bluffing.

However, Ji Feng just smiled and said, "That's right, it's just a joke, but this joke is not necessarily me."

The words to this point, there is no need to continue to talk, Wu Zhiyong came to see Ji Feng, just to see the past he once caused him headaches and even planted a few opponents now unlucky look, otherwise Wu Zhiyong heart of the mouth of resentment how can not get out.

Now see Ji Feng are to this point actually still so tough-mouthed, Wu Zhiyong but more depressed, his heart hatred thought, when you are really sentenced, or because you make the Ji family pay a big price, see how you still arrogant!

Ji Feng left even before Wu Zhiyong, but he did not leave in a negative way or have no face to stay in front of Wu Zhiyong, instead, he returned to the prison room in a very calm manner.

Wu Zhiyong was even more depressed, looking at Ji Feng's back, he couldn't help but secretly say, "See how long you can jump!"

With Wu Zhiyong's departure, the investigation team accelerated again, and even applied to the prosecutor's office twice in a row to formally arrest Ji Feng, and began to focus on those witnesses who

witnessed Ji Feng's murder, as well as the families of those victims, including the injured people who were still alive, obviously, this is to completely defeat Ji Feng!

At the same time, the investigation team sent by the Ji family is also accelerated progress, so far, the Wu family's forces in the northwest suffered heavy losses, other places are also overturned a lot of people, if we put aside the key to the issue of Ji Feng, just the Wu family and the Ji family, the two sides of the fight between the two forces to see, the Wu family is completely not the Ji family's opponent.

However, the Wu family is to seize the key Ji Feng, and even use the families of those victims to create a great deal of momentum!

He Hongwei and others were anxious because they had already gotten the news that the prosecutor's office would probably approve the arrest of Ji Feng, which made both Ji Shaolei and Ji Shaodong a bit restless, and Xiang Yongzhan even tried to persuade Ji Feng to accept his previous proposal again.

But at this time, Ji Feng suddenly proposed to see Xiang Yongzhan.
