Chapter 251

Looking at the jacket full of holes on Ji Feng's body, Xiao Yuxuan and Tong Lei immediately lost their faces and their tears immediately flowed down. Especially Tong Lei, she was covering her mouth tightly, afraid that if she let go of her hand, she would not be able to stop crying out.

Xiao Yuxuan, however, was biting her red lips tightly, her pair of beautiful eyes containing tears, constantly glancing at Ji Feng's body, afraid that Ji Feng would suffer any harm!

Once he saw this scene, Ji Feng immediately panicked and hurriedly stepped forward, saying smilingly, "What's wrong with you guys? Why are you crying for a good reason?"

Xiao Yuxuan hummed and asked in an unkind tone, "You still say, what's wrong with the jacket on you? Why are there gunshot eyes all over it, what the hell did you do today?"

Ji Feng's mind was racing, but his face was smiling as he said, "How about this, I have a good look, right? It's not a real gunshot, it's just an artificially created effect, it looks like it was shot by a random gun."

Who knows, the two girls didn't believe this nonsense of his at all, and went forward at the same time, jumped into his arms and let out a loud cry.

"You're still lying to us, you obviously have a strange smell on you, this is from being shot!" Tong Lei's pink little hand kept pounding on Ji Feng's shoulder, crying heartbreakingly.

Xiao Yuxuan was also leaning on Ji Feng's other shoulder, wiping her tears straight away. The fact that Ji Feng was wearing a gun-eyed jacket simply scared her. Even though there was no damage on Ji Feng now, the mere sight of his jacket was enough to imagine what kind of danger he had actually experienced today.

If he hadn't really been in danger, how could Ji Feng's jacket have been shot up?

"That you guys really misunderstood, I really didn't encounter any danger" Before he could finish his words, he was interrupted by Tong Lei.

Only to hear Tong Lei with a sobbing voice, said angrily: "You still say that! I also shot at targets during military training, and the smell coming from the gun when I shot was the same as the smell you're wearing now, Ji Feng, don't you lie to me again, okay!"

Hearing Tong Lei's almost pleading words, Ji Feng's heart was immediately seized with a fierce grip, he originally thought of a whole bunch of words, but now he couldn't say a single one, he could only nod with a bitter smile, "Okay, I won't lie to you guys again, definitely not!"

Ji Feng could not have imagined that his own rhetoric would have failed to have any effect, and he had also forgotten that at the end of the military training for college students, there was live firing training, as he himself had only received one week of military training, so he did not know about this, and only heard Zhang Lei talk about it once later.

Now he suddenly realised that Tong Lei, this ninny, was ice-cold smart, she had fired a gun once, and probably remembered that taste because she was so impressed.

“A hundred secrets and one oversight!” Ji Feng laughed bitterly in his heart and hurriedly sweet-talked the two girls for a while, which gradually made them stop crying.

And at this time, Xiao Yuxuan was suddenly startled, she was just worried about Ji Feng, recklessly leaning into his arms and crying, only now did she realize that Tong Lei was still beside her!

Xiao Yuxuan hurriedly broke away from Ji Feng’s embrace, her pretty face was red as she gave him a white look and whispered: “You, you must be very tired now, right? I’ll go help you put water in the bath

Just as she finished her words, she felt wrong again, helping Ji Feng to put water in the bath, wasn’t this something that a girlfriend should do? In the past, it was either Ji Feng himself or Tong Lei who helped him put the water on, but she had never done so in order to avoid suspicion.

But now, because of a moment of panic, she actually said something she shouldn’t have said

Xiao Yuxuan immediately looked at Ji Feng and Tong Lei, but found that Ji Feng only smiled bitterly, while Tong Lei, as if she hadn’t heard it, there was no difference on her pretty face.

Xiao Yuxuan’s mind was exquisite, she quickly returned to normal, she smiled delicately, “I’m a bit overstepping my bounds here, Lei Lei, it’s better for you to go and put water on this big bad guy, he’s been worrying you for so long, just put more cold water on him and ice him to death!”

Tong Lei, however, smiled sweetly and said, “Sister Yu Xuan, it’s better for you to go and put the water on, we’re all family now, don’t be so rusty!”

When she spoke, she seemed to have the intention, but also seemed to have no intention, saying the word ‘family’ very heavily, but on her face, she could not see any difference at all.

Xiao Yuxuan immediately glanced at Ji Feng without a trace, both saw the doubt in each other’s eyes, today’s Tong Lei seems to be very wrong ah!

But now is not the time to think, Xiao Yuxuan slightly pondered, then nodded her head and said, “That’s fine, I’ll go and let the water out today!”

Watching Xiao Yuxuan’s swaying figure walk upstairs, Ji Feng couldn’t help but be a little lost in thought.

“Back to the soul!” Tong Lei suddenly twisted a hand on Ji Feng’s waist, “Look again and your eyes will fall to the ground!”

Ji Feng suddenly bared his teeth in pain, and only then did Tong Lei let him go, grunting delicately, “Hurry up and sit down, explain honestly, where did you go today, what did you do, and why did you come back all gun-eyed?!”

Ji Feng froze looking at Tong Lei, this girl today is not like the past so clear and unmatched, today’s her, is simply a hundred changes devil girl ah, not only learned to pinch people, and a little crying and a little laughing, but also from time to time rage two sentences

The actual fact is that you can find a lot of people who have been in the business for a long time, and they’ve been in the business for a long time.

After thinking about it, Ji Feng wanted to ask for clarification, after all, if it had been concealed, it was too aggravating to Yu Xuan, who obviously lived together, but did not dare to show it, which was definitely a pain.

Who knows, Ji Feng just wanted to speak when Xiao Yuxuan's voice came from upstairs, "The water is put away."

The courage that Ji Feng had just gathered disappeared without a trace, and he was like a deflated ball, sitting on the sofa at once, unable to lift half his strength.

Deep in Tong Lei's beautiful eyes, a helpless and amused look also seemed to flash, gently pushed Ji Feng and softly said, "Ji Feng, go take a shower, let's talk about anything when you're done!"

"..... Okay!" Ji Feng felt that now was indeed not the time to talk about this, so he nodded and got up to go upstairs.

Only he didn't notice the good-natured and amused look in Tong Lei's beautiful eyes as he turned to go upstairs.

Watching Ji Feng go upstairs, Tong Lei was silent for a long time, her red lips slightly opened and she murmured softly, "Look at you, you big bad egg, just how long do you plan to keep me in the dark!"

Swish!

Ji Feng, who had already gone upstairs, was the one whose back suddenly broke out in cold sweat, even his forehead, was also full of cold sweat.

"So, Lei Lei really already knows!" If Ji Feng's ears were not so overpowering, he would even prefer to believe that he had heard wrongly. But in reality, he had actually heard Tong Lei's murmur, and he could be sure that he had definitely not heard it wrong.

Although Tong Lei did not specify what the matter was, there was no doubt that it could only be between him and Xiao Yuxuan

When did she know about it? Why did she know, yet she had been pretending as if she didn't know before, and was still better with Xiao Yuxuan than her own sister?

Ji Feng's brain was in disarray, thinking that he really couldn't understand these questions, at least, with his IQ, he might not be able to understand them for the time being.

However, there was one thing that Ji Feng was sure of, and that was that Tong Lei was waiting for himself to go and confess to her.

But after the confession, what decision would Lei Lei make?

The first thing you need to do is to pretend that you don't know in order to give yourself a chance, and if you do, you'll never see Lilai again. Or maybe

Ji Feng couldn't help but shake his head slightly and take a deep breath, intending to take a shower first.

Just at this time, Xiao Yuxuan happened to come out of the bathroom, and the top head came across Ji Feng who was dazed and dazed with two eyes, she could not help but be stunned, and then asked, "Ji Feng, what are you dazed about here? Don't go take a shower yet!"

When Ji Feng took a look at Xiao Yuxuan, he opened his mouth and said, "Yuxuan, that"

Looking at Ji Feng's somewhat hesitant look, Xiao Yuxuan seemed to think of something, her charming pretty face suddenly flushed red, her watery beautiful eyes whitened Ji Feng: "Little rascal, thinking of bad things again?"

"Huh?" Ji Feng was stunned and immediately understood what Xiao Yuxuan meant, he was just about to say that he didn't mean that when he heard Xiao Yuxuan's soft and gentle voice ringing in his ears.

"Little rascal, if you really think about it tonight I will go to your room!" Xiao Yuxuan said, and also blew a light orchid-like fragrance on Ji Feng's ear.

"Swish!" Ji Feng's eyes instantly turned red, such an opportunity does not come often, remembering the several ambiguous scenes between him and Yu Xuan before, the evil fire in Ji Feng's heart rose up, and his body quickly reacted.

"I'm teasing you!" Seeing Ji Feng's appearance, Xiao Yuxuan suddenly giggled, that plump figure coupled with her delicate and charming pretty face filled her with a million flavors, "Little rascal, I knew you didn't want anything good, but, sister is not that easy to get oh!"

After saying that, without waiting for Ji Feng's reply, she was like a floating sultry butterfly, smiling delicately as she went downstairs.

Ji Feng froze in place, opened his mouth and finally could only say with hatred, "This demon spirit!"

However, being so interrupted by Xiao Yuxuan, Ji Feng's original worry disappeared, there was something, it was better to wait until the right opportunity to talk about it, at least, this night was definitely not appropriate.

When Ji Feng finished his bath and came out, he found that both Yu Xuan and Lei Lei had already gone to bed, and the lights and TV in the living room had all been turned off. He couldn't help but smile slightly and warm his heart.

He knew that what the two daughters wanted was not actually an explanation from him, but his safe return.

Perhaps, the two daughters were telling him in this way tonight that he was the whole family, and that he was not alone, there was also Yu Xuan and Lei Lei

This kind of home-like warm feeling makes Ji Feng's heart very warm.

At least, he will remember when he goes somewhere in the future that there are still two girls waiting for him at home, looking forward to his early and safe return

The first thing you need to do is to go back to your room and think about it, or go straight to your head. The innate true qi that Wang Wenliang had mentioned earlier had indeed aroused his interest.

Chapter 252

Ji Feng's consciousness entered his mind again, and the wise brain immediately wiggled up to welcome him

"Master, it's been a long time," said the wise brain

"Has it been a long time? Hasn't it only been two days?" Ji Feng was stunned, then he reacted and looked at Wise Brain in surprise, "Wise Brain, when did you learn to greet?"

In the past, the intelligent brain did not greet people like this, but now it was becoming more and more humanized.

The intelligent brain said, "Master, the intelligent brain will automatically collect information from the outside world and transform it into its own data program, so that the intelligent brain can serve its master well."

"So that's how it is," Ji Feng was relieved, this function of the intelligent brain is indeed good, he thought it was like what happened in the movie, the intelligent brain began to evolve and finally took control of itself.

Now it seems that such a crisis does not exist, the existence of the intelligent brain, only to serve their own, which is not bad

The brain's existence is only for its own service, which is not bad. After putting aside the distracting thoughts, Ji Feng immediately asked: "Intelligent brain, what happened tonight, you should understand everything? Is the bio-current that I possess within my body really Innate True Qi?"

"Master, according to the information gathered by the intelligent brain, it is not possible to make an accurate judgment yet" said the intelligent brain, "because the intelligent brain has not gathered data about the innate true qi However, the intelligent brain has gathered all the data of the person who fought with master today, in his body, there is indeed an energy that is somewhat similar to master's bio-current, but neither the intensity nor the purity of the energy can be compared to master's bio-current"

"There's also a wave of energy in his body?" Ji Feng frowned slightly, he suddenly thought of something and immediately asked, "So, that energy in his body, can it be used for combat? How much difference is there in the intensity of the energy compared to my bio-current?"

"It can be used in battle, and it can increase his strength and speed by a factor of three or more, however, it is impossible to compare his energy with the master's bio-current because there is no corresponding comparative data" said the intelligent brain, "but if we only compare the intensity of the energy, the master's bio-current is more than ten times that of his as for the purity, it is at least fifty times more"

"My bio-current is that powerful?" Ji Feng was instantly shaken

Because according to his guess, that energy in Wang Wenliang's body should be the legendary true qi, which is the same as the internal force in the movie and according to Wang Wenliang, the true qi in his body should be the acquired true qi, his own bio-current, is the innate true qi

Although Wang Wenliang held innate true qi in high esteem, it wasn't a difference of fifty times? This is too much!

The strength of energy can be accumulated, as the time spent practising increases, the amount of bio-current in the body will also increase, so this difference only represents the length of time a martial artist has been practising, but the purity of energy really represents the strength of energy.

This is like the difference between a dry cell and high voltage electricity, if there are enough dry cells, the amount of electricity that can be used is comparable to the amount of electricity that can be released in a single moment by high voltage electricity

However, even if there are more dry cells, it is still not as strong as the energy of a single spark from a high-voltage electricity burst

To put it bluntly, one is quantity and the other is quality, the two are not comparable at all

Referring to what Wang Wenliang and the intelligent brain had said, Ji Feng came to the conclusion that if acquired true qi was equivalent to dry batteries, then innate true qi was equivalent to high-voltage electricity

"This difference is too exaggerated" Ji Feng shook his head slightly in shock, he had never thought that the bio-current in his body, would be so strong

"Could it be that those people were too rookie and that's why it seems that my bio-current is too powerful?" Ji Feng couldn't help but mutter darkly, this wasn't the mythical era where gods and ghosts were running all over the place, how powerful could a person be, not to say that he possessed dozens of times more potential than other experts?

"Intelligent brain, are you sure you didn't miscalculate?" Ji Feng couldn't help but ask again

"Yes master, the probability of a program error of the intelligent brain is only one in a hundred billion" said the intelligent brain

Ji Feng only believed that he was indeed very powerful, and that the bio-current he possessed was a level of energy that was at least fifty times more powerful than other ordinary masters

"This is also quite good" Ji Feng shook his head again and smiled, at least in this way, he didn't have to worry about beating up Wang Wenliang and then having someone powerful find him in trouble, at least in terms of energy, he didn't lose to others

At least in terms of energy, he was not inferior to others.

He instantly got excited and said, "Wise Brain, let's continue to start training"

.....

Five days later, in a luxurious ward in the inpatient department of Jiangzhou People's Hospital

Wang Wenliang opened his eyes slightly, and the first thing that caught his eyes was Tian Guodong and Qiao Rong, as well as another of his fellow disciples

“Fifth, fifth brother” Wang Wenliang spoke with difficulty, he only felt pain all over his body and his throat was dry and unbearable

“Wenliang, you’ve finally woken up” the young man said happily at once, “It’s wonderful, these few days you’ve been in a coma, Fifth Brother and Madam Qiao were worried sick if Fifth Brother hadn’t stopped me, I would have gone and killed that bastard to take it out on you”

A hint of shame appeared in Wang Wenliang’s eyes, but when he heard that the young man was going to go and take out his anger for himself, he waved his hand with difficulty and a look of panic flashed in his eyes, “Qian, don’t go, you’re no match for him”

“Why?” The young man was full of defiance, “I’ve already heard that little chief say that Ji Feng has backstabbed you all with the convenience of being in the dark, why can’t I go and take out my anger for you?”

“Backstabbing?” Wang Wenliang couldn’t help but smile bitterly and said with difficulty, “That wasn’t him backstabbing us, but us backstabbing him, only to be defeated by him in the end”

“How is that possible” The young man didn’t dare to believe it, how could Ji Feng defeat his senior brother when he was surrounded by so many people?

He suddenly thought of a possibility and said at once, “I know, senior brother, that bastard must be carrying a night vision device or some other tool, otherwise, how could he know your positions so accurately in the dark? That’s right, that must be it”

Tian Guodong, however, was not as arbitrary as that young man, he frowned slightly and opened his mouth to ask, “Wenliang, I heard that little leader say that you said a phrase about innate true qi before you collapsed, is that true?”

Wang Wenliang nodded with difficulty, a look of horror in his eyes, “It’s true”

Tian Guodong’s face instantly changed, “In that case, Ji Feng he really”

“Yes, fifth senior brother, he really is an innate martial artist” Wang Wenliang said with certainty, “Moreover, his innate true qi is extremely pure, I have never seen such pure innate true qi before, even master is not as pure as his true qi”

“Innate Martial Artist” Tian Guodong’s face instantly turned ugly, “We’re fighting against an Innate Martial Artist? Oh, no wonder he didn’t use his true qi that day at the entrance of Furniture City” For an innate martial artist, I’m afraid one hand would be enough to deal with those fighters, where is the need to use innate true qi?”

The young man next to him, however, was somewhat unconvinced: “Senior brother, what you said is too exaggerated? No matter how powerful Ji Feng is, he is only twenty years old, how can he possibly practice innate true qi? Besides, even if he really is an innate martial artist, he’s not invincible, he’s so young, his kung fu must not be deep enough for any weapon to be able to pose a threat to him”

“His kung fu might not be profound enough, but he is not in the least bit below an innate martial artist in terms of power” Wang Wenliang said bitterly

Tian Guodong’s face changed again and he said in a panic, “What does that mean?”

Wang Wenliang thought about it and still told his thoughts

The horror of Ji Feng is absolutely incomprehensible to those who have not experienced it firsthand

In this five-day coma, Wang Wenliang spent almost all of his time in nightmares, and in his dreams, almost all of them were scenes of his duel with Ji Feng that night

When he thought back carefully now, Wang Wenliang realised that the true terror of Ji Feng was not just his possession of the powerful Innate True Qi that others could only dream of, but his ruthlessness and ruthlessness in the face of danger, which was the true terror of Ji Feng.

If one practises his innate true qi to the extreme, it is said that he can break a tree with one foot and smash a boulder with one fist, and when the degree of his innate qi is used to the extreme, others can only see a shadow, and ordinary people may not even see their shadow.

However, Ji Feng was still young, his cultivation level had not yet reached that point, and the bullets shot from the gun were still a great threat to him so, from the beginning Ji Feng did not intend to meet them head-on, and because of this, his terrifying methods were so clearly displayed

First, he attacked the ambush people outside, layer by layer, and smoothly entered the factory building

When he was discovered in the factory, Ji Feng used just one piece of clothing to expose all the ambush gunmen to their position, and as a result, those people were defeated one by one by Ji Feng, and most importantly, he did not kill a single person during this whole process.

In the dark, to be able to achieve such precision, such means, such a mind, wasn’t it terrifying enough?

When Tian Guodong and the three of them heard this, they all fell silent, none of them could be happy to have such an enemy, they could not even say anything, the two sides were simply not on the same level

In terms of force, they were innate martial artists, and in terms of power, the entire Jiangzhou was under the control of the Ji family.

If we talk about the tactics of the heart, Wang Wenliang’s result is the best example

How else can they fight?

Chapter 253

“Mr. Tian, do you mean to say that that little beast Ji Feng is even better than you?” Even though she knew that the question she was asking was rude, Qiao Rong couldn’t help but ask. In her heart, Ji Feng was just a little character, and wanting to deal with him was simply a handful.

The reason why she hadn’t set out to deal with Ji Feng until now was, on the one hand, because she could definitely take Ji Feng at any time, and on the other hand, she was also concerned about Ji Zhenguo, after all, as the hand of Jiangzhou, Ji Zhenguo’s energy in Jiangzhou was just too huge.

This is why Qiao Rong put up with it again and again, watching her son in the same hospital ward, but just couldn't go to see him.

But now, Ji Feng had suddenly become so powerful too, which made it difficult for Qiao Rong to accept.

However, Tian Guodong's grave expression made Qiao Rong feel that something was not good.

Tian Guodong was already the most powerful expert around her, if even he was not a match for Ji Feng, who else could restrain Ji Feng?

"Mr. Tian, tell me the truth, if you and Ji Feng are compared, who is more powerful?" Qiao Rong asked undeterred.

"Right now I can't say." Tian Guodong faintly shook his head. If it was just about force, he should not be a match for Ji Feng, the fear of an innate martial artist was not something that ordinary people could understand.

However, if all other aspects were taken into account, such as environment, experience and other factors all combined, it would be at least a 50/50 chance of winning.

Of course, Tian Guodong could not say these things to Qiao Rong, because once he did so, he would undoubtedly be stating that he was inferior to Ji Feng, which would be very detrimental to the cooperation between the division and the Qiao family.

But if he didn't say anything, Tian was worried that this somewhat crazy woman would do something irrational.

For example, this time, Wang Wenliang was instigated by Qiao Rong, and this was the reason why he launched a challenge like Ji Feng, in fact, he just wanted to capture Ji Feng alive, but the result was that Wang Wenliang was seriously injured and could not get out of bed at all without a few months, while the other party, however, was unharmed.

This kind of behaviour was simply asking to be embarrassed.

"Madam Qiao, I think how about this, now that Senior Brother Qiao and the others are in this hospital, why don't we send Senior Brother Wang away first, and then we will forcibly take all of them away, as long as they return to the division, even if the Ji family is more powerful, they won't be able to do anything to them!" Tian Guodong pondered for a moment before he slowly spoke up and said.

Qiao Rong frowned at once, "What, do you want my son to end up with a reputation as a wanted criminal for the rest of his life? If they escape now, with the power of the Ji family, a nationwide wanted notice will definitely be issued, and then it will be even more troublesome than it is now."

"Then, what does Madam think we should do?" Tian Guodong couldn't help but ask.

"If we really can't, we'll go after Duan Peng and those around Ji Feng and force them to come and reconcile with us!" Qiao Rong's eyes flashed with a crazy light, "I just don't believe that that little brute Ji Feng will disregard the lives of those around him! Since they went out for Duan Peng once, this time, they'll definitely do it again!"

“But madam, didn’t you say that Duan Peng has returned to Yanjing and has started moving all his assets to the maximum extent, so it’s not good to do it in a short time?” Tian Guodong frowned and asked, “I don’t know much about these business operations, however, I think if we push too hard, the Ji family’s people shouldn’t sit back and do nothing.”

Qiao Rong immediately choked, indeed, since Qiao Gakai had failed to force Duan Peng last time, the latter had quickly returned to Yanjing, looking for some of his previous connections, causing the Qiao family to be very passive.

If they thought of moving Duan Peng again this time, I was afraid that many people would not agree.

It is important to know that the Duan family used to be one of the major families in Yanjing, only that it gradually fell into decline and was even worse than the Qiao family, which is why it gradually faded out of the limelight.

However, after all, the Duan family still had some connections in the past, and even the two brothers, Ji Shaolei and Ji Feng, had taken action, which in the eyes of the outside world represented the attitude of the Ji family. With the Ji family backing them up, others might not be afraid of the Qiao family.

Gritting her teeth, Qiao Rong coldly snorted, “Then we won’t move Duan Peng first, but the people around Ji Feng, they don’t have that much energy, a wild child born of a cheap woman, and they dare to beat my son?!”

Tian Guodong frowned, “Madam, this isn’t too good, provoking an innate expert is more troublesome than angering a big family.”

After all, a large family is a big family, and one hair will move the whole body, so generally a large family will not easily fight with others to the death.

But an innate expert is completely different. If he really angers the other party, he alone can kill a river of blood, and he can hide at any time.

Even if there are guards, it’s not clear if they can protect you!

So normally, you either don’t mess with the real experts, or you kill them all at once to save yourself endless problems.

But Qiao Rong’s proposal obviously wouldn’t work, just grabbing Ji Feng’s sidekick to blackmail him, this might relieve the momentary emergency, but when Ji Feng slows down, he can definitely kill everyone in a heartbeat!

There is another worry that Tian Guodong did not say Ji Feng is already an innate martial artist at such a young age, so you can imagine what a powerful figure his master, should be.

Without the guidance of an expert, it is absolutely impossible to cultivate into an innate martial artist.

No matter who it was, it would be difficult for anyone to sleep and eat after messing with two such terrifying figures.

Qiao Rong’s face changed and looked very ugly. She couldn’t move this or that, was she just going to watch her son go to jail?

No!

She would never let her son go to jail, definitely not!

At this moment, Tian Guodong's eyes suddenly froze and he shouted, "Who is it?"

Phew!

He turned around violently and in two steps, he crossed a distance of four or five metres and arrived at the door of the ward in a flash, grabbing a white figure in his hands.

It was a male doctor in a white coat, about twenty-five or six years old, and he had a look of panic on his face.

"What are you doing at the door?!" Tian Guodong asked in a cold voice.

The doctor was filled with a bitter smile, "What can I do, of course I'm here to check the room!"

"Really?!" Tian Guodong frowned slightly, "Why should I believe you?"

The doctor was instantly furious, "Why do I need your trust? What kind of person are you, why are you hitting people for no reason at all? Don't you know the word "manners"? I've never seen a patient's family like you, it's just too barbaric."

The doctor chattered on, but Tian Guodong was not moved in the slightest, he just asked coldly, "Did you hear what we said just now?"

"Please let go of me immediately, or else I'll call the police!" The doctor also lost his temper and said angrily, "You are simply being unreasonable!"

Tian Guodong gave him a deep look, but the doctor was glaring at him angrily.

"I'm sorry, I was too impulsive just now!" Tian Guodong loosened his grip on the doctor's collar and said indifferently, "Now you can check the room!"

"Humph!" The doctor snorted coldly, "How unreasonable! I'm too lazy to deal with you!"

After saying that, he left in a huff.

Qiao Rong frowned slightly and said, "Mr. Tian, there's no need to be so careful, it's normal for doctors to check the rooms in hospitals."

Tian Guodong, however, did not say anything, but only shook his head slightly; he had clearly heard this doctor's breathing was very rapid and somewhat confused just now, so it was obvious that he was not a normal doctor checking his room.

Only, this is a hospital, he is not good at doing anything!

.....

The doctor left the ward and turned around to see that no one was following him, so he let out a long sigh of relief, but his back was already drenched in cold sweat.

He looked around and when he saw that no one had noticed him, he immediately walked quickly towards the lift and left the floor through a passage reserved for medical staff.

When he reached the sixth floor of the inpatient department and saw the police officers guarding the entrance, he finally relaxed, took out his phone and dialled a number.

“Boss, I’m outside Qiao Gakai and the others’ ward right now, I just posed as a doctor to check the room, and I ended up”

.....

On the podium, the old professor was talking about the basic concepts of economics and their application in daily life, Ji Feng was drowsy from listening, and finally simply read the book by himself, rote memorize the book first, and then slowly understand it later.

Buzz!

The phone suddenly vibrated, Ji Feng picked it up and took a look, it was the second brother Ji Shaolei calling.

He looked around and quietly slipped out of the classroom through the back door, so he picked up the phone, “Second brother, what’s up?”

“Third child, there’s a situation, I have to warn you, someone wants to make a move on someone close to you,” Ji Shaolei just spoke, and Ji Feng instantly had a murderous look in his eyes.

“What people, what’s going on!” Ji Feng asked coldly.

Ji Shaolei then said, “It’s a more resourceful kid I sent to monitor the hospital, after all, Qiao Gakai a few people still live there, I want to have first-hand news at all times”

He quickly said all about what happened to that imposter doctor.

Ji Feng’s eyes kept flickering with coldness as he listened, and he asked through clenched teeth, “Are Qiao Rong and the others still at the hospital at this time?!”

“Yes!” Ji Shaolei said, “San’er, you can’t do it the hard way, they have a few good hands around them, why don’t I send someone to assist you, or just call the police!”

“No need, I can handle it myself!” Ji Feng finished coldly and hung up the phone.

His face was frighteningly cold: “I will definitely not allow anyone, to hit anyone close to me, no one!”

After saying that, he put away the phone, and without even packing up the books in the classroom, he went straight downstairs and drove his car straight to Jiangzhou People’s Hospital.

Since you guys are looking for death, I’ll make it happen for you!

Inside Jiangzhou People's Hospital, Wang Wenliang's ward, Tian Guodong, Qiao Rong and the others were talking in low voices when the ward door was suddenly pushed open.

"Why is it you again?!" Tian Guodong frowned slightly, "What are you doing here? Don't tell me that you're here to check on the room!"

The person who came was no other than the doctor he had just driven away, Tian had always thought that he was definitely not a simple doctor, and now that he had come in directly without knocking, he had obviously confirmed Tian's suspicions.

That doctor smiled faintly, "Of course I am not here to check on you, I just came to inform you that someone is waiting for you at the entrance of the hospital."

"Who?!" Tian Guodong asked in a deep voice.

"Of course it is the person you have been trying to deal with!" The doctor smiled faintly.

Qiao Rong and Tian Guodong's faces instantly changed dramatically, wasn't the person they had been trying to deal with Ji Feng?

"You really are not a doctor!" Tian Guodong's eyes flickered with coldness.

"Does it matter?" That doctor was unafraid and asked indifferently in return, "Don't make people wait oh!"

With that, he smiled faintly and turned to stride out of the ward.

Qiao Rong's face turned blue with anger, when did a small doctor ever dare to talk to her like that?

"Madam, shall we go or not?" Tian Guodong turned his head and asked, it was useless to get angry now, moreover, with a small person, it was not worth getting angry.

"Go! Why not go!" Qiao Rong gritted her teeth and said, "I'd like to see what that little beast born of a bitch can do to me!"

Tian Guodong turned his head to look at a worried Wang Wenliang, feeling a bit bad in his heart, but he still smiled and said comfortingly, "Don't worry, no matter what, in this broad daylight, Ji Feng may not dare to make a move. What's more, even if he strikes, he may not necessarily be able to defeat me!"

Wang Wenliang opened his mouth and could only say, "Senior brother, be careful of him!"

Tian Guodong smiled and patted his only right hand that could move, laughing, "I will, don't worry!"

As he watched Tian Guodong and the three of them stride out of the ward, Wang Wenliang tried with difficulty to raise his head, but the severe pain in his body prevented him from making any movements at all.

When he thought of Ji Feng's horror, a heart of his, was sinking. Although in his heart, the fifth senior brother was also very powerful, but having seen Ji Feng's strength and methods, Wang Wenliang's confidence in the fifth senior brother began to waver.

At the entrance of the hospital, Ji Feng leaned against the BMW6, casually smoking a cigarette, but a cold aura flashed in his eyes from time to time.

Ji Feng's appearance drew a lot of turnovers, and the vast majority of them were young girls, more or less still in good shape.

The BMW 6 luxury car, the dashing and handsome appearance, the typical young and wealthy son, such a person is exactly the golden turtle son-in-law in the eyes of those girls, plus Ji Feng himself has a unique aura, it is strange that the turnaround rate is not high.

But Ji Feng paid no attention to those gazes around him, his heart, filled with anger and a dense killing spirit.

On that night a few days ago, when Wang Wenliang led an ambush on him, he wasn't even this angry, he didn't even kill a single person, he just beat them out of combat, and only Wang Wenliang alone was seriously injured by him.

But now, Ji Feng couldn't help but want to kill.

That woman Qiao Rong, she really was a madman!

At this moment, Ji Feng could really understand the words of his second brother, once this woman became crazy, she was really capable of doing anything. And this time, she had even hit the heads of people around her.

Ji Feng absolutely could not tolerate such a thing. Since he could not dispel the other party's crazy thoughts, then he should just wipe her out and let her go to hell with this crazy thought!

A man in a white coat quickly walked out of the hospital and smiled, "Mr. Ji, they're out, they'll be here soon."

Ji Feng smiled and patted his shoulder, laughing, "It's been hard for you."

"I should, I should!" The man said with a smile, "Does Mr. Ji have any other orders?"

Ji Feng faintly shook his head and said, "No, you go ahead and do your business!"

When the young man left, Ji Feng saw the three people coming out of the hospital. It was the same ones he had seen at the teahouse opposite Furniture City at the beginning, but of course, this time Wang Wenliang was not there, he was still lying in the hospital ward.

Qiao Rong had a resentful look in her eyes as she stared fiercely at Ji Feng, it was this little brute that had beaten her son into serious injury and made him face charges of murder after he was discharged from the hospital, moreover, it was also because of this little brute's mother that her wish to join the Ji family and become the main mother of the Ji family had been dashed, how could Qiao Rong not be resentful?

Ji Feng acted as if he didn't see Qiao Rong, and only faintly surveyed Tian Guodong and the other young man, "What's your name?"

“Tian Guodong, a son of the Xuan Sect.” Tian Guodong clasped his fist slightly, not a trace of hatred visible on his face. As a martial artist, when facing an innate martial artist with a much higher cultivation level than oneself, respecting the other party was respecting oneself.

“Chen Jian, son of the Xuan Sect.” The other young man also slightly clasped his fist.

Ji Feng smiled faintly, “I don’t need to introduce myself, do I? You guys have been thinking about me for so long, you shouldn’t still not know my name”

“Your Excellency’s great name is enough for us to call it like thunder!” Tian Guodong smiled lightly, “I wonder if Your Excellency has invited us here for”

Before he could finish his words, he saw Ji Feng put up an index finger and waved it slightly, “You are wrong, I am not inviting you here, but I am here to inform you.”

Tian Guodong and Chen Jian’s faces changed slightly, but they couldn’t hold back their anger, Tian Guodong asked, “Well then, what do you have to inform us of?”

“The matter is simple, just a few words.” Ji Feng once again raised a finger, “First, take your people and get out of Jiangzhou immediately, from now on we don’t cross river water from well water, so you can save your lives! Secondly, in the future, but all people and things associated with the Ji family, you’d better not have any crooked thoughts, this way, you can save your division! Do you understand?!”

Qiao Rong and the three of them suddenly turned pale, especially Tian Guodong and the two brothers, their anger surged up, how had they ever been insulted like this?!

“Ji Feng, don’t you think your words are too arrogant!” Tian Guodong held back his anger and said coldly, “Don’t think that you can do whatever you want just because you’re better at it, you don’t have that ability yet!”

“Arrogant?” Ji Feng asked indifferently and rhetorically, “I’m too lazy to talk more nonsense to you guys, you only have two choices, either, do as I say and we’ll all live in peace. Either that, or I will make you all disappear from this world right now!”

“Bullshit!”

Qiao Rong immediately cursed angrily, “Humph! That bitch’s wild son, he really doesn’t know how high the sky is, you think the whole earth belongs to your family?”

Ji Feng’s gaze, slowly looking towards her, said indifferently, “Just because of your words, you’ll pay a big price!”

“Put your mother’s fart!” Qiao Rong cursed angrily, as if she was a shrew, “If you want me to pay the price, even if that bitch of a mother of yours comes, ah-!”

Slap!

At the same time, a loud slap suddenly sounded, causing Qiao Rong’s angry curses to come to an abrupt halt, and her entire person knew felt a huge head pass, and immediately dizzy, her entire person flew up and fell heavily to the ground.

Qiao Rong was slapped to the ground by Ji Feng, cloaked and fainted, living like a madman and inviting laughter.

Ji Feng, however, did not stop as he walked step by step towards Qiao Rong and said in a cold voice, "Since you like cursing so much, I'll tear your bitchy mouth apart so that if you ever want to curse again in the future, you'll remember today!"

Whew!

A sturdy figure stood in front of Ji Feng, but it was Tian Guodong who blocked Ji Feng's way.

"Ji Feng, aren't you going too far by doing this?!" Tian Guodong said in a cold voice. He couldn't stand by and watch Qiao Rong get hurt by Ji Feng, otherwise, the cooperation between the division and the Qiao family would definitely end immediately.

Ji Feng looked at him coldly and impatiently said, "Am I going too far? If this is too much for me, then what is your behaviour? What is her act of holding my sidekick hostage to me?"

Tian Guodong choked, indeed, from the beginning, they were the ones who had been provoking Ji Feng, and they really had nothing to say.

"Ji Feng, why don't you give me face and let's forget about today's matter, even though Madam Qiao scolded you, after all, you also hit her!" Tian Guodong said.

"Get lost!"

Ji Feng roared low, "Don't force me to kill you right now!"

Tian Guodong was also moved with real anger as he coldly said, "If you want to hurt Madam Qiao, you have to step over my body to do so!"

Ji Feng looked at him coldly and finally nodded slowly, "Fine, I was going to leave you all alive, since you're so eager to find death, then I'll make it happen for you! Come with me, I'll give you a chance to fight, if you can escape under me, I can let you all go, but if you lose"

Before he could finish his sentence, Chen Jian provoked, "You can go if you say so, what if we don't go? What can you do to us?"

Ji Feng smiled faintly, but there was coldness in his eyes, "I guarantee you, including those of your senior brothers who are still lying on the hospital bed, none of them can get half a step out of Jiangzhou!"

"You"! Chen Jian was instantly furious, but he couldn't say anything, he knew that Ji Feng definitely had this ability. And he had no doubt that Ji Feng would do what he said.

"Okay, we'll go with you!" Tian Guodong said coldly, "I'd like to see just how strong you are that can make you so arrogant!"

Ji Feng grunted, got straight into the car, stepped on the accelerator and roared off.

"Fifth senior brother, what about Madam Qiao?" Looking at Qiao Rong, who was lying on the ground like a dead dog, Chen Jian couldn't help but feel a little embarrassed.

“Take her with you!” Tian Guodong snorted coldly, “Chen Jian, remember, when you get to the place later you should not get out of the car and be ready to escape.”

Chen Jian was instantly appalled.

Chapter 255

On the western outskirts of Jiangzhou, it was still the abandoned chemical factory.

Ji Feng parked his car in front of the factory gate, gazing into the rearview mirror, waiting for a black car behind him to approach.

“What is this place?” Chen Jian, who was driving the car, looked at the surrounding barren grass taller than a man and had some hairs in his heart; this place was too desolate and, moreover, conducive to an ambush. If Ji Feng set up his men here and shot them indiscriminately when they got out of the car, they would definitely not be able to escape even if they had the power of the heavens.

Tian Guodong frowned slightly, his heart was also a bit uncertain, judging from Ji Feng’s actions, he was not a person who took the honor of martial artists seriously, not to mention that both sides were now in a hostile position, anything Ji Feng did was possible.

“That little beast, I’ll kill him for sure! Mr. Tian, just let go and do it, dead or alive, I’ll take care of anything that happens!” Qiao Rong, who had already woken up from her fainting spell, had her left cheek swollen high, making her eyes almost unable to open, and the fiery pain coming from her face was like a poisonous snake, eating away at her insides.

Under such circumstances, I’m afraid that it wasn’t that easy to kill Ji Feng, right? What’s more, the other party was still the first grandson of the Ji family’s eldest house, if he was really killed, it would be endless trouble!

Tian Guodong frowned slightly, but didn’t say anything. After all, Qiao Rong’s current appearance was just too miserable, and it was only right for her to say a few spiteful words.

“Drive the car over!” Tian Guodong said indifferently.

Chen Jian immediately did as he was told and stopped the car less than twenty metres away from Ji Feng’s BMW6.

“Ji Feng, what are you bringing us here for?” Tian Guodong got out of the car and asked with a frown.

“Don’t you guys think that this is a good place to bury your bones?” Ji Feng smiled faintly, “That night five days ago, one of your partners, Wang Wenliang, could be the one who ambushed me here, have you all forgotten?”

Tian Guodong and Chen Jian turned abruptly pale, they had also heard about the place Wang Wenliang had chosen for the ambush, but at that time they did not come personally, and Wang Wenliang did not listen to Tian Guodong’s advice, which led to what happened later.

Now Ji Feng had brought them here, what did it mean?

“I said I would give you all a chance to fight, if you can escape from under me, I will not pursue the matter any further!” Ji Feng looked around and smiled faintly, “Actually, this place is very suitable for escaping, with such high grass, it’s hard for people to be discovered inside, it’s still very advantageous for you guys.”

Tian Guodong and Chen Jian’s faces gradually emerged with anger, Ji Feng’s words were too insulting, although both of them were Houtian martial artists, they were at least considered experts, now they were being teased by Ji Feng like a monkey, they absolutely couldn’t stand it.

“Cut the crap, fight however you want, take your pick!” Chen Jian was the first to hold back and shouted.

Ji Feng laughed: “You guys go together, save your time!”

“Arrogant! Defeat me first!” Chen Jian roared, his body surged, and his whole body was like a cheetah pouncing on its prey as he fiercely punched Ji Feng in the chest.

He was extremely fast and in the blink of an eye, his fist had reached Ji Feng’s chest and was about to hit him.

Qiao Rong shouted frantically at once: “Good! Beat this little beast to death”

However, before she could finish shouting her words, it was as if she was suddenly choked, her voice came to an abrupt halt and her face turned red.

The only thing I saw was a slight movement of both feet, and my body suddenly spun in place a few times, and the inertia of that spin immediately brought Chen Jian plunging forward, stumbling and almost falling to the ground.

Ji Feng lifted his leg again and kicked Chen Jian in the chest with unparalleled ease.

Bang!

Chen Jian let out a muffled cry and immediately flew backwards, landing heavily on the ground.

He immediately struggled to get up, but there was a sharp pain in his body that made his body tremble and he could not exert any strength, he got up slightly and fell to the ground again.

One move, Chen Jian was defeated!

Whether it was Qiao Rong or Tian Guodong, they were both viciously shaken. Tian Guo Dong, in particular, was even more shocked. He knew Chen Jian’s strength, although it was not as good as his own, the difference would not be too far. Normally, if he wanted to defeat Chen Jian, it would take at least ten moves later, where would it be as easy as it was now?

Obviously, Ji Feng’s strength was not just a little bit stronger than theirs, but far too much stronger!

Qiao Rong’s face twisted up even more, how could this little brute be so powerful? She had seen it with her own eyes, a few of the Qiao family’s guards were already considered good in the military, but they couldn’t even make a single move in Chen Jian’s hands. But now, it was Chen Jian who couldn’t survive a single move under Ji Feng!

This contrast was too great!

Ji Feng ignored their reactions as he crooked his finger at Tian Guodong: "It's your turn."

Tian Guodong instantly turned red, how had he ever been teased like a monkey before? But today, Ji Feng was partial to doing so.

"I'll battle you!" Tian Guodong roared in anger and fiercely took two steps forward.

"It's up to you whether you can live or not!" Ji Feng sneered.

"You'd better worry about yourself!" Tian Guodong snorted coldly.

Ji Feng smiled faintly, "Come on!"

As soon as his words left his mouth, Tian Guodong threw a fierce punch. Ji Feng didn't even think about it and smashed his fist heavily.

Bang!

The two men's fists clashed together with unerring accuracy.

"Ka-chow!" With a sound, the sound of bones breaking instantly rang out, and Tian Guodong let out a muffled cry and staggered back a few steps before he stood firm.

"Innate True Qi, it really is powerful!" Tian Guodong gritted his teeth and said, "However, I will not admit defeat!"

Whew!

He punched again, faster than just now, and Qiao Rong beside him could only even see a shadow flash by, not even Tian Guodong's body could be seen clearly, so one could imagine how fast he was.

However, he was fast, Ji Feng was faster than him and came after him, his fist once again blasted against him.

Bang!

This time, Tian Guodong was not so lucky, not only was his arm broken and the bones in his fist cracked, his whole body also flew backwards as fast as Chen Jian before him and fell heavily to the ground.

Tian Guodong also tried to struggle to get up, but all he could feel was unbearable pain all over his body, almost every muscle had a pain like pins and needles, making him unable to exert any strength at all!

"Innate True Qi has invaded his body!" Tian Guodong was instantly appalled, there was only one possibility for this situation, Ji Feng had sent his innate true qi into his body through the impact of his fist just now, and was wreaking havoc on his meridians, not to mention exerting force now, it was still an unknown whether he could keep his life or not.

Naturally, Ji Feng did not know that his innate true qi would be so powerful, he just suddenly remembered that when he first started practicing body building exercises, the wise brain used bio-current to punish himself, and that painful feeling was caused by the bio-current.

He also just had a sudden thought, and that was why he sent the bio-current into Chen Jian and Tian Guodong through the collision just now, but now it looked like the effect was good.

Naturally, Ji Feng did not know how terrifying his bio-current was, once it entered a martial artist's body, it would rampantly and wildly invade every cell of the opponent.

Imagine what the effect would be if a surge of high voltage electricity was punched into a dry cell?

Ji Feng's gaze fell on the appalled Qiao Rong, and he suddenly walked over in big strides.

"Ah! You, what are you doing?!" Qiao Rong snapped in shock and screamed shrilly, "Don't you come over, get lost, little beast, don't come over!"

Ji Feng shouted coldly, "If I hear half a dirty word from your mouth again, I'll bury you alive here today!"

"....." Qiao Rong was instantly scared and trembled, but bit her lips to death, not daring to make a single sound.

A look of contempt flashed across Ji Feng's eyes as he said coldly, "Does it feel aggravating? When calculating others, when pretending to be crazy and foolish, when insulting others did you ever think that one day you would end up in such a situation now?"

Qiao Rong desperately shook her head and backed up step by step, her heart trembling with every word Ji Feng said.

This madman! This madman! He was a madman!

Qiao Rong was terrified, in her eyes, Ji Feng was an outright madman, a devil.

The fear was so thick that it swept through Qiao Rong's entire body. She actually rolled her eyes and fainted, falling limp on the ground.

This time, it was Ji Feng's turn to freeze, he hadn't done anything to her yet, why did she pass out?

What should I do?

Ji Feng couldn't help but frown, he couldn't kill these three people, he couldn't do it. Although his heart was filled with murderous intent when he first heard that Qiao Rong was going to deal with the people around him, but now, the anger in his heart had faded a bit, and it was indeed a bit difficult to kill them again.

He turned his head again and glanced at Chen Jian and Tian Guodong who had passed out next to him, these two people, even more, could not be killed.

Because Ji Feng didn't know, who the other party was, and what that so-called Xuanmen was. But since they were able to cooperate with the Qiao family, they were obviously not of small origin. If he killed them now, he would undoubtedly be making a deadly feud.

But if they weren't killed would there be consequences?

"Tic tic" Just at this time, the phone suddenly rang, Ji Feng's eyebrows suddenly weaved, this ringtone was specially set by him, only when the number from Yanjing called, it was this ringtone.

Ji Feng took out the phone and saw that it was indeed his mother's phone.

"Hello, mum!" Ji Feng didn't want to talk to his mother in this situation, he felt that it would be medium disrespectful to her.

However, the voice coming from the phone made Ji Feng stare, "Little Feng, if Qiao Rong and the people around her are still alive, spare their lives!"

"Dad?!" Ji Feng was stunned, how did his father know what was going on here?

"Little Feng, this isn't a retreat, it's a strategy." Ji Zhenhua thought Ji Feng was reluctant and had to speak out to explain, "There are many things you don't know now, wait for later, you will understand!"

"I know!" Ji Feng could only say, his father had said so, so naturally he could not say anything else.

Ji Zhenhua's voice, however, seemed happy, "Little Feng, you're doing well in Jiangzhou, keep up the good work!"

After saying that, Ji Zhenhua hung up the phone, making Ji Feng confused, what exactly did he do well, did he beat up Qiao Rong, or did he find two girlfriends?

No matter what, Ji Feng finally had a way to deal with Qiao Rong's three, however, he wouldn't just spare Qiao Rong so easily, he must let this woman suffer a lesson that would be engraved in her bones!

After thinking about it, he activated the bio-current, grabbed Qiao Rong's wrist and rushed a wild surge of bio-current into her body.

"Ah...!"

A wretched and incomparable scream was heard a long way across the wilderness

Chapter 256

The next day, a shocking news spread through the upper echelons of Jiangzhou, and all well-informed people received the news.

Qiao Rong, a representative of the Qiao family, was rushed to the Yanjing Military Hospital for treatment because her car had been involved in a car accident, and her three assistants, who were also seriously injured in the accident, were sent to Yanjing for treatment together.

The cause of the accident was Qiao Rong's driver's drunken driving, which crashed into a roadside tree and caused serious damage to the vehicle, resulting in extremely serious consequences and a very bad impact.

In time, Jiangzhou launched a powerful special operation to combat drink driving, the incidence of car accidents was greatly reduced and the traffic situation in Jiangzhou improved a lot.

However, some people who know the inside story scoffed at this statement.

What about car accidents involving drunk drivers, it's all bullshit!

The scene where Qiao Rong personally called for help and was taken to the hospital by an emergency vehicle, I don't know how many people saw it, that was not a car accident, it was clearly an attack!

As for who attacked them, it was naturally self-explanatory.

As for who had attacked them, it was naturally self-evident. But now, not only did she fail to save her son, but she also got herself involved, and even the helpers she brought with her were all seriously injured.

This time, Qiao Rong had fallen on her face in Jiangzhou.

What was even more shocking was that, according to the information received from the hospital, Qiao Rong's three men were in extremely strange physical conditions, with unbearable pain and a steady decline in their body functions, but they could not find any reason for this.

Everyone was secretly shocked, the Ji family has high level people!

How could they not be shocked that they could unwittingly make Qiao Rong fall so hard, and that even the hospital experts in Jiangzhou were at their wits' end?

You know, that's the Qiao family! Although only Qiao Rong was the only one from the Qiao family, when the Qiao family was mentioned, the first thing others would think of would be Qiao Rong. This figure, who was famous even in Yanjing, had planted her nose in Jiangzhou!

Compared to this shocking news, the fact that Qiao Gakai and the others were prosecuted for attempted murder and that the five were eventually sentenced to prison terms ranging from three to seven years each, didn't seem so eye-catching.

Everything seemed to have returned to normal again, the usual way things should be and still are, as if the ripples caused by Qiao Rong's arrival in Jiangzhou had faded away, without even an aftershock.

Only some people with an eye for detail noticed that some people who had been foolish enough to move after Qiao Rong's arrival in Jiangzhou had either left the state in disgrace, seemingly because their assets had shrunk substantially and they had suffered heavy losses as a result of their business mismanagement. Some of those in the official circles were transferred to the Qing Qing government offices and given a hangover.

All these subtle changes happened in a quiet and silent state, and could not be detected without careful observation. Moreover, these things were not much involved with the lives of ordinary people, except for the big battle in front of the furniture city gate, where Ji Feng alone fought two dozen brawny fighters, giving many people something to talk about after the tea time.

These changes, again, had little effect on Ji Feng, without Qiao Rong and others watching over him, without the threat, his life returned to normal and he began to be a good student, coming back every night, laughing and joking with Xiao Yuxuan and Tong Lei, the two women, living a good life.

If there is any change, it is that the name Ji Feng, through the battle in front of the furniture city, has made everyone in the road in Jiangzhou known, almost all the bosses know how strong Ji Feng is, and the two dozen or so fighters under Ah Liang were all taken down by Ji Feng alone, which is enough to make all the bosses have to pay attention to it.

Of course, these changes were unknown to Ji Feng, and he didn't want to know.

What he was most concerned about now was Tong Lei and Xiao Yuxuan's problem.

"Lei Lei, why do I see that you have a sad face these days, is there something on your mind?"

On the sofa in the villa, Ji Feng was holding a cup of tea and slowly tasting it. Beside him, Tong Lei was dressed in a pure cotton pajamas, sitting cross-legged on the sofa, with a pillow wrapped around her arms, looking adorable.

Only, she looked a little distracted, which made Ji Feng care.

But Xiao Yuxuan on Ji Feng's other side couldn't help but give him a blank look and snapped, "Hello, how can you be a boyfriend like this, Lei Lei was criticized at school and you still don't know?"

"Criticized?" Ji Feng was slightly stunned, "What's going on?"

In Ji Feng's impression, Tong Lei had always been a good student with good character and good learning, not to mention her excellent grades and her beauty, she had never made mistakes like skipping class, so how could she be criticized?

On her beautiful face, Tong Lei looked a bit embarrassed and said hesitantly, "The student council came to inspect the dormitory one night and found that I wasn't in the dormitory, so they deducted our dormitory's assessment points and said that I should write a review."

She couldn't help but beep her little mouth, "It's not like I've ever written a review"

The first thing you need to do is to get a good idea of what you're doing.

"You're good at writing reviews too?" Xiao Yuxuan couldn't help but give a light laugh.

Ji Feng couldn't help but scratch his head and laughed awkwardly, "When I was in junior high school, I was often late, so I had to write a review almost every week, and I've gotten a lot of experience writing them."

"So you used to be a bad student too!" Tong Lei also couldn't help but purse her lips and laugh lightly.

Ji Feng shook his head and laughed lightly, in fact, at that time, not only was he not a bad student, but he studied very seriously. Only, he couldn't bear to watch his mother working alone every day, so he would go and help her pick up the rubbish every day after school, and stay up late at night doing his homework, so naturally he would be late the next day.

Only, these heartbreaking things one knows is good, there is no need to let Yu Xuan and Lei Lei also follow their own hard feelings, Ji Feng also followed and laughed.

Tong Lei seemed to remember something, the smile on her face couldn't help but fade away and said softly, "Ji Feng, I'm sorry, I forgot"

Ji Feng smiled and patted her head, saying, "What's all this talk of sorry with me, is this the legendary respect for each other?"

"F*ck you!" Tong Lei couldn't help but wrinkle her cute little nose and pouted.

Xiao Yuxuan also realised that when she and Ji Feng met, wasn't he just a poor boy? Apparently there must be some other reason why Ji Feng was often late in the past.

She couldn't help but somewhat secretly blame herself for knowing too little about Ji Feng's past, which was not what a girlfriend should do.

However, Ji Feng suddenly had a movement in his heart, and he looked at Tong Lei in surprise: "Lei Lei, you are not the only one who doesn't stay out at night in school, right? Why only let you write a review? Is there something in the middle of this?"

Tong Lei faintly shook her head, her eyebrows slightly knitted, and said, "I'm not too sure."

The first thing you need to do is to get a good idea of what you're doing.

But why did he ask Tong Lei to write a review?

I must inquire about this! Ji Feng secretly decided.

"Alright, don't look so sad, I'll go write the review for you tomorrow." Ji Feng smiled faintly.

Tong Lei gave a good-natured mmm, then gently leaned on Ji Feng's shoulder and tilted her head to watch TV.

However, Ji Feng felt that Tong Lei was secretly making an effort, as if she wanted to squeeze herself towards the other side, but, the other side was Xiao Yuxuan ah.

"What is this Neezi up to?" Ji Feng said secretly in his heart, this is not the first time this kind of thing happened, just a few days ago once again, the three of them were walking together in the courtyard, Tong Lei held his hand and deliberately squeezed him to the side, finally squeezed Yu Xuan really had no way to go, so she had to hold Ji Feng's arm.

Who knows, Xiao Yuxuan just held Ji Feng, Tong Lei suddenly stopped squeezing and just walked forward so leisurely, as if she didn't see Ji Feng and Xiao Yuxuan's movements.

Now that she did it again, Ji Feng's heart was wondering and a little worried, this nee-san wouldn't really know about herself and Yuxuan, right?

Could it be that she was trying to set herself up with Yu Xuan and then leave herself?

The moment he thought of this possibility, Ji Feng couldn't help but feel a bit alarmed, and wanted to sit up straight. But when he saw that Tong Lei was leaning on his shoulder and a lost look flashed in Xiao Yuxuan's beautiful eyes, Ji Feng's heart instantly ached.

He clenched his teeth and leaned his body towards Xiao Yuxuan, pretending as if nothing had happened and stretched out his hand, wrapping Xiao Yuxuan in his arms.

"Ah!" Xiao Yuxuan let out a low cry of surprise and joy, her body tilted and leaned into Ji Feng's embrace, but she happened to be facing each other with Tong Lei's eyes, how could Xiao Yuxuan not be mixed with shame and joy?

Xiao Yuxuan was about to struggle away, not daring to look at Tong Lei's eyes at all.

However, when she inadvertently swept over Tong Lei's pretty face, she found that Tong Lei's eyes were closed and seemed to have fallen asleep.

"She knows!" Xiao Yuxuan's heart shook, and then there was a strong feeling of emotion, within such a short period of time, it was obvious that Tong Lei would not really be asleep, but she pretended not to see it, so she was obviously acquiescing.

She was willing to share a boyfriend with herself! Xiao Yuxuan only felt that her nose was a little sour, she stopped struggling and quietly leaned into Ji Feng's arms.

An impulse suddenly rose in Xiao Yuxuan's heart as she reached out her hand, grabbed Tong Lei's tender white little hand and said quietly in a voice that only two people could hear, "Good sister, thank you!"

In a twirl, the corners of Tong Lei's mouth turned up slightly, pulling up a perfect curve, her eyelashes fluttered slightly, her beautiful eyes revealed a smile, and her small mouth moved slightly, as if she was saying two words.

-Sister!

However, no matter how low their voices were, Ji Feng could hear them clearly, and in fact, he was planning to go out of his way today, so he had been paying attention to the two of them' reactions.

When he saw the current situation, he was instantly ecstatic, reaching out to wrap his arms around the two girls' soft and elastic waists, his appetite twitching.

However, just at this moment, Tong Lei sat up straight at once, took Xiao Yuxuan's hand and said in a delicate voice, "Sister, let's go take a bath, I'm sleepy."

"Mm, I'm sleepy too, let's go!" Xiao Yuxuan was in a good mood and pursed her lips.

It was as if the two women had forgotten about Ji Feng's existence and just held hands and went upstairs, leaving behind a stunned Ji Feng, what's going on?!

He originally thought that today he would be able to enjoy the legendary blessing of a flush and end his virginity.

A dragon and two phoenixes, the soul is upside down just thinking about it makes one's blood boil all over.

But now it can only be a thought!

Chapter 257

The next day, it happened to be the weekend, so Xiao Yuxuan and Tong Lei decided to go shopping and declared that they would not take Ji Feng with them.

This made Ji Feng shake his head speechlessly, how come all girls, no matter what their personalities are, are so fond of shopping? Even a cold nature like Tong Lei was surprisingly keen on shopping, as if there was something particularly attractive to them on the street.

However, the change in the two girls still made Ji Feng feel very satisfied.

Since the three broke through that layer of window paper between them last night, the two women's feelings had surprisingly heated up dramatically, and even last night, the two women were showering together and sleeping in the same bed.

Originally they still called each other 'Sister Yu Xuan' and 'Lei Lei', by the morning, the two women were actually directly sister sister, the feelings were as good as if they were really like real sisters.

In the middle of this, surprisingly, there is no Ji Feng what happened, so that he is happy, but also wondering are they ready to kick off themselves, the two of them in love?

But this is a good sign!

Ji Feng couldn't help but be secretly happy in his heart, which at least shows that Tong Lei is not angry because of what happened between herself and Xiao Yuxuan, although some hard feelings in her heart are inevitable, but she didn't leave, which is a good sign.

If it were any other girl, she would have been furious and argued, or if she had a more aggressive personality, she would have simply taken her bag and left, not even saying a word more.

A girl like Tong Lei is really endearing.

"Little rascal, I'm going out shopping with my sister, you're home alone, no messing around with flowers, let alone playing rascals with other girls!" It seemed that because she had pierced that layer of window paper, even in front of Tong Lei, Xiao Yuxuan dared to say some playful words to flirt with Ji Feng.

Looking at her flirtatious and naughty look, Ji Feng really wanted to grab her and press her down on the sofa for a hard spanking. Thinking about her plump, fat and amazingly elastic fat buttocks, Ji Feng couldn't help but be on fire in his heart, and the urge in his heart was even stronger.

If the thighs hit her fat buttocks

"Little rascal, trying to do something bad again!" As soon as Xiao Yuxuan saw the look in Ji Feng's eyes, she instantly knew that this guy was definitely not thinking of anything good, and she instantly blushed scarlet, her two beautiful eyes watery and with a strong sense of shyness.

If not for the presence of Tong Lei, she would have fled. Xiao Yuxuan, who has a flirtatious and charming appearance, is actually extremely traditional at heart, otherwise, there were so many men chasing her when she was in college, and she also had a relationship with He Dong for a few years later, if she was open to YD in her heart, how could she still retain her first kiss even now?

But with Tong Lei present, she didn't want to be bullied by Ji Feng like that without the ability to fight back, or else she would have to be made fun of by Tong Lei in the future.

Xiao Yuxuan gave a delicate hum and whispered in Ji Feng's ear: "Little rascal, think about it, right? Hee hee If you ask for the consent of the First Wife, I can give it to you anytime!"

"Big, big woman?" Ji Feng was stunned, "What big woman?"

"Of course it's sister Lei Lei!" Xiao Yuxuan said rightfully, "She was the first to follow you, of course she is the first wife, I, the poor guy, can only be a concubine"

Ji Feng suddenly cried and laughed, but in his heart he also felt the trace of loss in Xiao Yuxuan's heart, he couldn't help a hand to hold Xiao Yuxuan tightly in his arms, and beat his hand on her fat buttocks very patted twice.

"Oooh!"

Xiao Yuxuan's pretty face was suddenly scarlet and shy, "Little rascal, don't, sister is still here!"

Ji Feng ignored her and just beckoned towards Tong Lei who was also blushing, asking her to come over too.

Tong Lei was instantly shy, "I don't want to! Big pervert, if you want to bully, go bully sister, I'll go wait for sister in the car first!"

After saying that, she wanted to run outside. However, how could she run out of Ji Feng's palm?

Only to see that Ji Feng had one arm around Xiao Yuxuan and his feet jerked forward two steps, and in a flash, he wrapped Tong Lei in his arms, making her and Xiao Yuxuan lean left and right, both in his arms, while fiercely kissing each of the two girls on their pretty faces.

"Ah!"

Tong Lei's shy pretty face was red, almost dripping blood, she didn't even dare to raise her head, just buried tightly in Ji Feng's arms, her heart was like a deer in the headlights.

Ji Feng wrapped one hand around Tong Lei's soft and elastic waist, while the other hand was greedily kneading Xiao Yuxuan's fat buttocks, he viciously said, "Listen to me carefully, in my heart, you are all the most important, there is no difference between the upper and lower highlands, no one is allowed to think nonsense, hear me!"

The two girls were both softened by his teasing and panting, they had no strength to resist, and if he hadn't put his arm around them, they would have fallen to the ground.

Looking at the two women's beautiful eyes, tempting red lips slightly open, small mouth exhale like an orchid, Ji Feng instantly appetite, almost can not help but want to press the two women down at the same time on the sofa

The first thing you need to do is to get your hands on the two women's buttocks and then let them go, but you can't help but rub them together.

Xiao Yuxuan and Tong Lei, the two women have their own characteristics, Xiao Yuxuan charming and full of hot emotions, rich body but does not look fat, but just the right amount of fullness, especially the extremely attractive fat buttocks, but also let people want to play with.

As for Tong Lei, although her figure is slightly thinner, it is also relative to Xiao Yuxuan. In fact, Tong Lei's figure is just right, especially those long, slender thighs and that attractive buttocks, which are tightly muscled and more elastic.

For a while, Ji Feng really couldn't tell their figures apart, and what's more, he didn't want them to, these two stunning beauties were both his girlfriends!

At this moment, Xiao Yuxuan and Tong Lei were in a daze, panting and limp on the sofa, their pretty faces were scarlet and they almost didn't dare to look at Ji Feng.

When Ji Feng touched them just now, the feeling was really too humiliating, Ji Feng's hand was as if it was charged with electricity, making them so limp that they couldn't help but moan out, and if they hadn't held back, I'm afraid they would have screamed out.

What made the two women feel shy and uncomfortable was that their bodies, surprisingly, reacted strongly, especially in the shy places, which were vaguely wet

The actual fact is that you can't be able to get a good deal on your own.

So, Ji Feng jerked forward with a strong bad smile on his face, scaring Xiao Yuxuan and Tong Lei so much that they shrieked in alarm and hurriedly stood up and ran outside.

Ji Feng let out a long breath, this feeling of being able to touch not being able to get on a real horse was too suffocating, if it went on for a long time, it had to be suffocated.

"In the future there is no need, must not do this kind of thing." Ji Feng couldn't help but have some second thoughts, this is simply playing with fire, and in the end, it was himself who was burned by the fire.

Buzz!

The sound of the car starting came, Xiao Yuxuan and Tong Lei no longer dared to stay much longer, they panicked and fled in the car.

Seeing the two women driving out in Xiao Yuxuan's red Volvo S40, a bad smile could not help but appear on Ji Feng's face as he muttered to himself, "Looks like it's time to find an opportunity to put an end to his virginity, just, who to give it to first"

The first time I saw it, I was able to find a way to end my virginity, but I didn't know if it was because I was at the age of youth and blood, or if it was because of something else.

It was only when the Volvo disappeared from sight that Ji Feng shook his head and smiled. After thinking about it, he decided to go to the school. He always felt that something was wrong with the matter of the student council asking Tong Lei to write a review.

As a matter of course, Ji Feng had to call Han Zhong to go with him. When it comes to interpersonal relationships in the school, apart from Han Zhong, no second thought is made. On the one hand, Han Zhong is a native of Jiangzhou, he knows many people in the school and basically talks to all of them. On the other hand, Han Zhong once said that when he first came to the United University, his family had invited the main leaders of the school for a meal, and the relationship seemed to be quite good.

With these two reasons, finding Han Zhong was a must.

However, Ji Feng still planned to go to the school in person. Originally, if he gave Han Zhong a call, this small matter would naturally not matter. However, it didn't matter once or twice, if it took longer, anyone would get bored, after all, Han Zhong was not his own servant!

Sure enough, when Han Zhong received Ji Feng's call, he looked very happy, he smiled and said, "No problem, it's a small matter, you don't need to come over in person Well, since you're all on your way, come over, I'll just go and wait for you at the school gate."

Everyone needs respect, especially people like Han Zhong who comes from a business family, they want to save face, this has nothing to do with classmate friendship, it's purely just a detail. And it just so happened that Ji Feng was very attentive to these details, so Han Zhong was naturally very happy.

If you are able to help your friend and get respect, whoever you are, you will be in a very comfortable mood.

About twenty minutes later, Ji Feng drove to the entrance of the school, Han Zhong directly opened the door and got into the car, but his face was a bit unsightly: "Ji Feng, things seem to be a bit bad."

Chapter 258

Ji Feng was a little surprised: "How?"

To be able to make Han Zhong say that it was not a good idea, things were obviously somewhat difficult.

Han Zhong frowned and said, "According to the school rules, staying out at night does deduct points, and having to write a review is actually in line with the rules. Although many people usually treat the school's rules as a piece of scrap paper, but if someone really wants to seize on this point to make an issue of it, we really can't say anything!"

Ji Feng nodded slightly, but he heard something: "You mean to say that someone is really making an issue out of this matter?"

He couldn't help but feel some anger in his heart, this was already clearly aimed at Tong Lei. Staying out at night was indeed a violation of the dormitory rules, whether it was deducting points or asking to write a review, it was perfectly normal and reasonable, and no one could say anything.

Even Ji Feng himself would definitely not have any dissatisfaction because of this matter, it was naturally good to not be caught, but if the people from the student union simply didn't care about others and only targeted Tong Lei, this would be a bit interesting.

"That's right, there are indeed people who want to make an issue out of this matter. Let's put it this way, if Tong Lei still won't live in the dormitory in the future, I'm afraid that when the time comes, she will also be deducted points, write a review, or even receive disciplinary action." Han Zhong said, "I asked around through my friends and it seems that there are people in the student council who specifically want to target Tong Lei!"

He really doesn't know how to live and die!

Han Zhong couldn't help but secretly sigh, targeting who is not good enough, but to target Tong Lei, do you really think that the niece of the Jiangzhou Municipal Bureau Chief is that easy to target?

Ji Feng couldn't help but smile, his own guess was really right, there was indeed someone who wanted to target Tong Lei.

"What are you going to do?" Han Zhong asked with a smile, he knew that this kind of trivial matter was really insignificant to Tong Lei and Ji Feng, "Shall I ask someone to go and find the school leaders, so that those clowns will stop bouncing around!"

Ji Feng shook his head slightly and laughed, "No need, just let them keep bouncing around."

Han Zhong then nodded slightly, he knew that Ji Feng must be saying this because he had an idea in mind.

"Good then, if there's anything you need to help, just say so, we're all brothers, don't ever be polite to me!" Han Zhong laughed.

Ji Feng deliberated for a moment and asked, "By the way, do you know who is trying to target Tong Lei?"

"It's hard to say, but anyway, the notice for Tong Lei to write a review was sent out by the Student Union's Life Department, so this matter should have nothing to do with the people in the Life Department." Han Zhong faintly shook his head.

Ji Feng frowned slightly, how could it be related to the Life Department again?

In his impression, neither he nor Tong Lei had ever had anything to do with the Ministry of Life, and now people from the Ministry of Life wanted to target Tong Lei, was there something else in between?

Suddenly, Ji Feng's heart moved and he busily asked, "Who is the head of the Life Department?"

"It seems to be Wei, what exactly is his name, I'm not too sure yet, why don't I go and ask around!" Han Zhong said, quite a bit embarrassed, he felt that he hadn't inquired about any useful information.

Who knows, Ji Feng was suddenly enlightened and smiled slightly, "That's no wonder, if I'm not wrong, the head of the life department, is either called Wei Qiang or Wei Chuanling, you can ask around again for me, is it called one of these two people."

"Don't worry, this time I'll definitely find out the ancestors of that minister of the life department, if you dare to target your girlfriend, then you're targeting all the brothers in our dormitory, this is no comment!" Han Zhong gritted his teeth and said.

His own brothers were being screwed in Jiangzhou and he didn't even know who the other party was yet, this made him, a local, feel very humiliated, especially when the other party was targeting a girl, it was simply intolerable!

Ji Feng smiled, "Now first accompany me to a place!"

Han Zhong nodded slightly and leaned back in his seat for a moment, unable to help but sigh, "You kid is really too extravagant, BMW 6, ah, I've been eyeing this car for a long time, but never had the chance to get my hands on it."

Ji Feng glanced at him with a smile while starting the car, "You still lack a car to drive? You, the young master of Han's group, don't you have as many cars as you want, not to mention BMWs, even if it's something like a Porsche Lamborghini?"

"Shit!"

Han Zhong couldn't help but roll his eyes, "Do you think my family is a bank? The old man at home is too strict, usually every pocket money has to be reported, if the amount is not correct, the next month's pocket money will be cut in half, that's how you still want a car?"

Ji Feng laughed, but in his heart he nodded secretly, it seems that Han Zhong's family upbringing is still very good, at least in his body, there is indeed no general dude's arrogance and unawareness of the sky, and his person is also quite good, although he has the shrewdness of a businessman, but there is no lack of sincerity, he can make friends!

As Han Zhong watched the scenery outside recede, he couldn't help but ask in confusion, "Where are we going here? Why do I look at it, this is not the way out of the school? No, this is the Government Affairs Building!"

Ji Feng stopped the car, opened the door and got out, smiling, "Come down, I'm just here to do some business at the Government Affairs Building."

"You want to solve Tong Lei's matter through the school's leaders?" Han Zhong asked, the Government Affairs Building, the school's office building, the offices of all but somewhat powerful leaders in the school, were all upstairs in this building.

"That's not true." Ji Feng grinned badly, "Just here to ask for a voucher."

"A borrowing voucher?!" Han Zhong's eyes lit up and it suddenly dawned on him, "You kid are really bad, this is to screw people to death!"

"Oh, it's not that serious!" Ji Feng smiled faintly, "Let's go, let's go up together!"

It was true that finding the school's leaders could solve the problem of Tong Lei not staying out at night, but it was only this one thing, there were so many rules and so much discipline in the school, if someone wanted to target Tong Lei, there would simply be no end of strife to find!

Even the most disciplined student will break the rules at times, not to mention the fact that university is so lax and free that if you don't break the rules a few times, you'll be embarrassed to say you went to university.

Therefore, it is inevitable to violate the rules, and in this way, one has to guard against being caught in the act at all times.

How would Ji Feng make such a low-level mistake?

Therefore, he came this time to apply for a sleeping permit for Tong Lei and himself.

After applying for the borrower's permit, it would be tantamount to borrowing a place in the school dormitory and paying the annual accommodation fee as usual, but it might not necessarily be in the school dormitory, after all, it was only a borrower's place.

In this way, Tong Lei would be given an imperial sword and could stay out of bed at any time and no one would be able to say anything.

But Ji Feng's purpose is not so simple, after he gets the borrower's permit, he will definitely not announce it to the public, except for his own people, no one will know about the borrower's permit for the time being.

The only thing he was waiting for was for the student union's life department to come and investigate, and when that time came, he was going to let these people with ulterior motives to lift a stone and smash their own feet, and they wouldn't be able to find a grave to cry on!

"To apply for a borrower's permit, it should be in the general office, right?" Ji Feng looked at the few words on the office door in front of him and turned his head to ask.

Han Zhong was also a bit uncertain, and he said hesitantly, "Or else, let's go in and ask."

Ji Feng then knocked on the door and found that it was not closed, so he pushed the door and walked in.

There were two staff members in the office who seemed to be playing with the computer, and when they saw Ji Feng and the two of them walk in, they were a bit displeased, and one of them reprimanded, "What's wrong with you two, why did you just enter the office without knocking?"

Ji Feng and Han Zhong glanced at each other, this guy was sick, right?

After coughing lightly, Ji Feng smiled and said, "Sorry, we knocked on the door just now, but maybe you guys were busy, so you didn't hear it."

"Knock again if you didn't hear it, if everyone just enters the office like you guys, how can we still work?" The man waved his hand impatiently, "Get out and knock again!"

Han Zhong couldn't help himself, "Shit! Is this an office? One of you is playing mahjong and the other is playing landlord, and this is office work? It's just two little clerks, where did you get such a great authority?"

"What are you talking about?!"

Those two clerks were instantly displeased, it was okay for them to play but not for others to say, otherwise, where was the authority?

"Get out immediately, don't ask to be disciplined!" A man shouted lowly.

Ji Feng frowned: "Is this the kind of work attitude you have, and you can stay in the General Office? Is this the attitude of working for students?"

Those two staff members were instantly enraged, and one of them, the one wearing glasses, immediately picked up the phone, "Fine! I'll let you guys stay put, I'll call the school's security team right now!"

“Be my guest!” Han Zhong waved his hand and snorted, “I really don’t know how you two got mixed up in the school, you don’t even have eyes to grow right, and you can still work? What a joke!”

“You guys are waiting to be disciplined!” The man put down the phone and said fiercely.

Ji Feng shook his head in disappointment, there were people like this everywhere, it was really uninspiring.

Not long after, there was the sound of hurried footsteps outside, and the staff member wearing glasses grunted, “Now that the security team has come, I’ll see how you can still be arrogant!”

Ji Feng listened with amusement and anger, who was this arrogant person?

Bang!

The door of the office was pushed open and several student-like people walked in, one of them bellowed, “Who is causing trouble in the school office?”

“It’s those two, take them to the guard room, record their school numbers and classes, and give them disciplinary action according to the school discipline!” The staff member wearing glasses grunted twice in extreme dissatisfaction, “These two students’ behavior is really too bad, not only are they blatantly making noise in the office, but they even want to make a move, they can’t be punished without severe punishment!”

Ji Feng and Han Zhong were speechless, they had seen shameless and arrogant ones, but this was the first time they had seen such a svelte beast. It was fine to be noisy in the office, strictly speaking, this was true after all.

But how had one ever had to make a move in the office?

“You two, come with us first and set things straight!” One of the escorts said aloud, “Please don’t disrupt the faculty members’ offices here ee? Ji Feng?!”

Chapter 259

Ji Feng was stunned, looked at the man and asked, “Do you know me?”

The man instantly laughed bitterly, “Can you not know me?”

Ji Feng also felt that the person in front of him looked familiar, he thought for a moment and then remembered, “You’re Zhou Li? I remember correctly, right?”

No wonder he felt that this person looked familiar, it turned out that this guy was no other than the deputy captain of the school’s escort team, Zhou Li, who had come to maintain order after he had slapped Yun Bing away at first.

But the last time they met, it was not a pleasant experience, when he hit Yun Bing, one of the members of the escort team came out to stop him, and he ended up breaking his leg with a kick, so if we talk about it strictly, it is still considered to be a problem.

Seeing that the person he had to deal with today was Ji Feng, Zhou Li instantly laughed bitterly, “How come it’s you again!”

If there was a person in the school that Zhou Li was most unwilling to deal with, that person would definitely be Ji Feng.

Although Ji Feng was not as arrogant and overbearing as those ordinary playboys, however, he was really ruthless and extremely cold, which could be seen clearly from the fact that he could even slap a woman of Yun Bing's posture without mercy last time.

What's more, Ji Feng doesn't care about accidents at all. For example, last time, he broke a team member's leg with a kick, and ended up throwing down a few thousand dollars straight away, and later had someone else pass on a few thousand, and that was the end of it.

Broken leg? It doesn't matter, I'll pay whatever it takes, and I definitely won't shirk responsibility because that team member stretched his leg out on his own and couldn't blame Ji Feng, which really makes it hard for people not to be impressed.

To this day, when the name Ji Feng is mentioned in the school escort team, everyone still shakes their heads, obviously no one is willing to face such a student who does not follow the rules in the slightest, but has his own set of principles for dealing with people.

Zhou Li laughed bitterly and said, "How come I'm so unlucky, twice I personally led a team and the one I met was you."

Hearing his funny words, Ji Feng couldn't help but laugh as well, "Yeah, I'm that unlucky too, it was you that I encountered both times."

The two couldn't help but smile at each other, there wasn't much resentment, and Zhou Li was even secretly thinking that Ji Feng, this person, seemed to be very nice to talk to as well, it seemed that last time Yun Bing had indeed angered him, that's why he was so ruthless.

Zhou Li later learned more or less about what happened last time through those posts on the school forum, and probably knew what was going on, and in his heart, he couldn't help but admire Ji Feng's guts.

If it was him, he might not dare to lay such a heavy hand on the daughter of the boss of the Brilliant Group. On this point alone, Ji Feng was much better than the vast majority of people.

What was even more amazing to Zhou Li was that after hitting Yun Bing with a heavy hand, Ji Feng was still unharmed until now, which could not be explained by just the word luck. If it was anyone else who had been beaten up, he would have been so angry that he would have been furious, and it would have been strange if he had not gone to the other party to fight for his life.

Although less than a week after the incident, it was said that something had happened to Yun Bing's family, but before that, Yun Bing had countless opportunities to get back at Ji Feng.

The fact that Ji Feng was unharmed was enough to tell the story.

The two were joking here, but the two staff members next to them were not happy, the one wearing glasses said in an unpleasant tone, "Captain Zhou, what's going on, why haven't you taken these two students who violated discipline away?"

Zhou Li gave the man a pitying glance, secretly saying that he didn't know whether to live or die, who was Ji Feng, that guy was someone who even dared to slap the daughter of the boss of the Brilliant Group, he would still care about you, a small staff member? And it was only a small clerk!

After a dry cough, Zhou Li hesitated for a moment and finally decided to persuade this guy who didn't know whether to live or die.

He pulled the staff member wearing glasses to the side and whispered a few words. Immediately, the man with glasses suddenly turned pale.

"Him, is he really Ji Feng?" The man with glasses subconsciously asked, and then he felt that as a teacher, it was a bit unjustified to be afraid of a student like this, so he couldn't help but say in a stern voice, "So what if it's Ji Feng? Did Ji Feng violate discipline and shouldn't he be disposed of?"

Zhou Li patted his shoulder and whispered, "I say, don't say I didn't warn you beforehand, let's not talk about what happened to Ji Feng, do you know who that student beside him is?"

"Who is it?" The man with glasses asked somewhat timidly, now he was bottoming out and was really afraid that Ji Feng would beat him up right here.

"Do you know about Han's group in Jiangzhou? That man's name is Han Zhong, the son of the boss of Han's group." Just as Zhou Li finished his words, he saw the man with glasses' face change, he forced a smile and continued, "Think about it, Ji Feng can call the son of Han's group's boss brother, can his identity be simple again? Haven't you noticed that inside the two of them, Ji Feng seems to be the real man of the words"

With every sentence Zhou Li said, the man with glasses' face changed a bit, and by the end, his lips had started to tremble. Compared to the Han Group, he couldn't even compare to a single leg hair of others ah. The Han Group donates a lot of teaching equipment and funds to United University every year, and the group's president has a very good relationship with the school's headmaster.

The clerk in the general office, although the salary is not too high, but the school benefits are good, and the work is very leisurely, he does not want to lose this job.

"Captain Zhou, this thing" the man with glasses rubbed his hands together, "still need more help from you, ah, you have to give me an idea on how to deal with today's matter."

The company's main business is to provide a wide range of products and services to the public.

After thinking about it, Zhou Li said, "Let's do this, I'll try my best to help you out, if not, I can't help!"

"No problem, no problem!" The man with glasses hurriedly said, "I see that you have a good relationship with that guy, you must help me talk, old brother Zhou, usually old brother hasn't treated you badly, right, tonight at the entrance of the Four Seas Restaurant, my treat!"

Seeing the man with glasses in such a mess, Zhou Li's heart could not say how happy he was, in the past, when he asked the man with glasses to do something, he always had to give some benefits.

He deliberately pretended to be in a difficult situation and said, "Since it's a matter for old brother, I'll try my best!"

The man with glasses was instantly grateful and said in a panic, "Many thanks, old brother Zhou, your favour is remembered by old brother."

Zhou Li deliberated slightly, turned around to Ji Feng and said, "Ji Feng, do you think we can just forget about today's matter?"

Ji Feng looked at him with a smirk, "Really just forget it!"

Zhou Li blushed, knowing that his little scheme had been seen through by Ji Feng, he had used Ji Feng to knock the man with glasses, how could people not notice?

However, after all, Zhou Li had been around for a while, and was considered to be an eight-faced character, otherwise he wouldn't be able to be the vice captain of the escort team.

He laughed and snorted, "So what, old brother Ji, just look at my face today and forget about it, why don't I buy you a drink tonight."

Ji Feng shook his head and laughed: "I don't want to drink your wine, maybe one day you'll get the Security Section again."

Zhou Li also could not help but laugh, since Ji Feng said so, that is undoubtedly to put the matter behind him, considered to give him enough face.

This is how a sedan chair carries people.

The next thing you know, when you hear that Ji Feng wants to apply for a roommate permit, Zhou Li immediately takes care of it, as the vice captain of the school's security team, he still has this right.

The first thing that happened was that they met a gentlemanly beast and made the acquaintance of the deputy captain of the security team, which was a gain and a loss.

"Borrower's card, do I need a photo? I don't have one with me right now." Ji Feng asked, Lei Lei didn't come with him, so if he needed a photo, it would be a bad day.

Zhou Li smiled, "This is okay, I'll take you to open a certificate first, it can be used as a temporary borrowing card, when you bring the photo at some point, then it's not too late to apply for it In fact, it's just a formality."

Ji Feng nodded slightly, the vast majority of the time, the loan card was indeed just a formality, but now, with someone targeting Lei Lei, it could not be treated as just a formality.

For Ji Feng, with the lend-lease, he could teach certain people a deep lesson.

With Zhou Li, the vice captain, leading the way, things really went smoothly, and even Ji Feng didn't even show up, he just reported Tong Lei's school number as well as her class directly to Zhou Li, and he went straight to the General Office and came out in less than five minutes.

Looking at the smile on Zhou Li's face, Ji Feng knew that this guy had raised his eyebrows in front of the man with glasses.

As a matter of fact, when he came out again, Zhou Li was even more enthusiastic, and after he handed Ji Feng the proof of his borrowing card, he insisted on exchanging contact information with Ji Feng and Han Zhong, and only then did he give up.

The company is also happy to make friends with him, as it is much easier to do things with an acquaintance who is familiar with the top and bottom of the school. Just like today, if it wasn't for Zhou Li, it might have been a real hassle.

Anyone who has a use for him is more likely to get the job done by making good use of everyone. Ji Feng couldn't remember the entries on the secret agent's code more clearly.

"By the way, Zhou Li, are you familiar with the student council?" The young men got acquainted quickly together, and Ji Feng was not polite and asked directly.

"Rather, I have a few acquaintances, the defense team is actually considered a part of the student union itself, only it's more independent, why are you asking this?" Zhou Li asked strangely, "Could it be that you want to join the student union?"

"Not really!" Ji Feng shook his head and laughed, "The work of the student council, there are still elite people like you to do it, I'm rather lazy, I can't do this."

"You guy, you're burying people aren't you!" Zhou Li scolded with a laugh.

Ji Feng smiled faintly and said, "I was trying to ask you about someone, the head of the life department, is his name Wei Chuanling?"

"That's right, he's the head of the Life Department and also the Vice President of the Student Council." Zhou Li nodded and responded.

Ji Feng and Han Zhong glanced at each other, and at the same time, they suddenly realized, "It really is him!"

"What, you guys have a problem with him?" Zhou Li had seen a lot of people and could tell at a glance that Ji Feng and Han Zhong did not seem too friendly when they heard Wei Chuanling's name.

"Rather, we don't know him, but we have heard his name like a thunderbolt!" Han Zhong grunted twice in an unfriendly tone and bared his teeth in a smile that made Zhou Li shudder.

Chapter 260

Even those members of the escort team who followed Zhou Li did not expect that, originally, they intended to come in a raging manner to raise the charges, but in the end, the vice-captain pulled up a relationship with others, and in the end even called them brothers, this change of situation is really unintelligible.

However, one thing is clear to everyone, this Ji Feng is obviously not a simple character, although the vice captain Zhou Li is eight-faced, but, these team members have never seen him so warm to anyone, even in the face of the school leaders, but this is also the case.

When they thought of the posts on the school forum, they understood why the vice-captain was so enthusiastic about Ji Feng, for anyone who faced such a ruthless and ruthless person would inevitably be a bit nervous, but wanted to get in touch with him, after all, who did not want to have a strong friend?

The first time I came into contact with him, I realised that Ji Feng was not as cold as he was rumoured to be. As long as you don't offend him, he will also talk and laugh with you, and he will make you laugh with his wise words.

The fact that such a person who is strong with his enemies and gentle with his friends will be welcomed wherever he goes is no wonder that Zhou Li treats Ji Feng so well.

It's still Zhou Li's discernment. No wonder people are vice captains and eye the next captain, while they and others can only be team members, that's the gap.

And when these team members followed Zhou Li to Ji Feng's car, they were instantly shocked again.

A BMW 6!

Even in Jiangzhou, where Mercedes-Benz and BMWs were running everywhere, this car looked equally eye-catching, especially for the students on campus.

Rich, powerful and capable! Who wouldn't want to befriend such a person?

"Zhou Li, I'm counting on you for the borrower's permit, I'll send you the photos this afternoon, I'll have to thank you for that!" Standing in front of the car, Ji Feng smiled and handed Zhou Li a cigarette, "I'll invite you all to dinner some day, I'll be the host, don't be shy!"

"If you say so, then we are not polite, huh" Zhou Li smiled and waved his hand, pushing away the cigarette Ji Feng handed over, "In the school, I, the vice captain of the security team, can't take the lead in breaking the rules ah. "

Ji Feng then smiled and nodded, dispensed the cigarettes to those team members one by one and smiled, "You don't smoke, but you can't be so strict with your team members, right?"

"As long as they don't smoke on campus, that doesn't matter." Zhou Li turned his head and smiled at the team members, "Remember, don't let me catch you smoking on campus, or you'll be disciplined just the same!"

"We'll go to the toilet and smoke!" Several of the team members laughed.

"That's all for now then, guys, see you later!" Ji Feng waved his hand with a smile, got into the car with Han Zhong and slowly departed. In the campus, Ji Feng wouldn't drive too fast, his speed was even a bit slower than a bicycle.

Because once he hit someone, he wouldn't have the courage to arrogantly bring up the names of his father, grandfather and other aunts and uncles, or to jump out of the car and stab someone a few times, something that would be called 'brain-dead'.

The BMW 6 was far away, and Zhou Li and the others had a gleam of envy in their eyes, and only envy in their hearts, for those who could drive such a luxurious car in their university days were almost all rich

kids with very wealthy families, and only a very few of them might have started their own business to put on a show, but that was also much better than ordinary students.

“Zhou, Brother Zhou, what kind of cigarettes are these?” One of the team members stammered a little, holding the cigarette in his hand, and asked Zhou Li, who was still a little dazed.

“Whatever the hell it is, it’s good to have something to smoke.” Zhou Li cursed with a laugh, “Besides, a cigarette from a guy who drives a BMW, can it be bad

The voice came to an abrupt halt here.

Zhou Li froze looking at the cigarettes in that team member’s hand, and then looked at the others, and found that they almost had a handful of them, and most crucially, the look of the cigarettes and the packaging of the rolled cigarettes were extremely strange.

“Bring it to me!” Zhou Li immediately took the cigarette from one of the team members and turned it over and over in his hand, looking at the same panda filter cigarette, which seemed to be no different from the ones sold on the street.

However, this cigarette had two extremely small words on it that other Panda cigarettes did not have – Special Offer!

Boom!

As if instantly struck by lightning, Zhou Li was frozen in place, just staring blankly at the cigarette in his hand, not coming back to his senses for half a day.

Special offer, it was the legendary special offer!

Zhou Li opened his mouth wide in a dumbfounded manner, as if his whole person had suddenly become demented, his face looked stiff and his eyes were lax. As a university student and a smoker for several years, I’m afraid there were not many people who hadn’t heard of the name Special Offer!

The cigarettes that are exclusively for the head of the highest station in China, Yanjing, are not something that can be bought with money. Even those who are quite powerful in the eyes of ordinary people may not be able to get them.

In the eyes of all smokers, such cigarettes were of legendary quality. But now, not only did they see it with their own eyes, but they also had almost a handful of them. These four or five people, that’s four or five special cigarettes!

And the most crucial issue is

Just now, for the sake of saving face and also to maintain his authority as a vice captain, Zhou Li did not take Ji Feng’s cigarettes!

This means that all the members of the team had a cigarette, but he, the vice captain, had none!

What kind of majesty is that?

All the team members could get special cigarettes, but he, the vice-captain, didn’t. How could this be?

He frowned slightly and said, "I can't tell what brand these cigarettes are, so give them to me first.

As he said that, he was about to take the cigarettes from the hands of those players, but who knew that as soon as he made a move, those players suddenly took a step backwards in unison and looked at Zhou Li warily.

What a joke, although they didn't know what kind of cigarettes this was, they also knew that the cigarettes given by Ji Feng could be bad? Otherwise, why would Zhou Lao Er want to trade for China?

Zhou Lao Er was the nickname everyone gave Zhou Li, because he was the deputy captain and the second in command of the security team, so he was called Zhou Lao Er. Of course, this nickname was only called in their hearts, usually in front of Zhou Li, no one dared to say it. Although they had a good relationship with each other, the name Lao Er was indeed a little bit of that.

"Brother Zhou, don't bully people like that, even though we don't know what kind of cigarettes this is, we know that it must be good!" A team member said with a smile, "Brother Zhou, one cigarette, one pack of Chinese."

"Shit!" Zhou Li almost jumped up, "You guys are too shady, aren't you? Don't forget that I'm the vice captain, can you do that to your subordinates?"

"Even the vice captain is no good!"

"That's right, a pack of China for a cigarette!"

.....

In the end, after haggling, bullying and so on, Zhou Li exchanged a pack of Furong Wang for two special offer cigarettes and got all the special offers in hand, then hurried to the toilet, lit one up beautifully and smoked it.

It just doesn't taste the same! Zhou Li's eyebrows danced with joy.

A few of the team members next to him were also smoking Hibiscus King.

When Zhou Li was about to finish smoking, one of the team members couldn't help but ask, "Brother Zhou, what kind of cigarettes did Ji Feng give you, tell us about it so we can learn more!"

Zhou Li finished the last puff of his cigarette and threw the butt into the sink, only when he reached the door did he heave a smile, "Specially supplied cigarettes, heard of them, right? Hey, if anyone regrets it and wants to exchange it back it's easy, a pack of China for one!"

"....." Several members of the team froze at once.

Half a long time later, a harsh and miserable cry came from the toilet, "Zhou Li, we are not finished with you-!"

Zhou Li, who had already run out of the toilet, but he laughed heatedly: "A group of fools, if you come late, you will have to go up to two packs of China for one!"

After saying that, he instantly left at a fast pace, otherwise, the team members under him would also rebel!

And at the same time, Zhou Li's heart can't help but awe, Ji Feng can even get special supply cigarettes, then his identity Zhou Li can't help but secretly happy, his choice is really right, did not start a conflict with Ji Feng, otherwise, how to die do not know ah!

"It seems that in the future, I have to be more attentive to Ji Feng's affairs!" Zhou Li secretly decided.

.....

When they went back, Han Zhong was driving. Driving a BMW6 for the first time, Han Zhong looked quite excited, he couldn't help but grin, "Damn, this is a good car, I finally know what it means to have zero centrifugal force!"

The car had just taken a sharp turn, but he hardly felt a thing when he sat in it. If it were an ordinary car, the people inside would have fallen over if they didn't wear seat belts.

The first thing you need to do is to get a car, and you'll have one sooner or later.

Han Zhong shook his head, "That's not sure which day yet, besides, it's not as calm as it appears within the group Forget it, let's not talk about these annoying things."

Ji Feng smiled and nodded, but wherever there are people, there are strife of interests, let alone a group of companies as big as Han's Group, it would be strange if there were no people fighting for it.

However, Ji Feng believed that with Han Zhong's shrewdness and eight-sidedness, he should be able to handle these matters well.

"Ee?!" Han Zhong, who was driving, suddenly exclaimed in surprise, "Holy shit this, this is a special offer?!"

Han Zhong hurriedly pulled over to the side of the road and stared blankly at the several packs of cigarettes inside the storage cubby, his eyes wide.

"Special offer?" Ji Feng also couldn't help but freeze, "I'm not too sure, this is someone else's car, the cigarettes are someone else's too!"

At that time when he drove the car from Ji Shaolei, there were these packs of cigarettes inside, he didn't care about them because he didn't usually smoke, but he didn't expect it to be a special supply.

"I say, Old Ji, you don't usually smoke much, do you?!" Han Zhong suddenly turned his head and looked at Ji Feng blearily.
