

Campus Master 2541

At this moment, Ji Feng was still unaware that in order to cope with the possible storm that might come, Ji Zhenhua had actually prepared himself mentally and had even started to adjust his physical state, but he had not said a word of these things to his son.

Unbeknownst to him, Ji Feng had set his sights on the Wu family.

This time, he decided that he couldn't be passive and defensive, but would take the initiative, even if he couldn't shake the Wu family's foundations, he would at least distract some of the family's attention.

But the truth was that once Ji Feng decided to do something, the energy he could explode with would be unimaginable to others.

Sitting in his study, Ji Feng was alone with a pen writing on a piece of paper, pausing from time to time to ponder.

He made a list of the things he needed to do, a habit he hadn't kept for a long time, but now that he had pressure on his mind, he rinsed and picked it up again.

Firstly, there was the immediate plan.

Firstly, to find a suitable energy source, preferably alpha ore, to create a second generation laser gun in the shortest possible time.

Secondly, to form a certain impact on the Wu family as soon as possible.

For this point, Ji Feng already had a general plan in his mind.

Finally, it was to do his best to promote the new chrome alloy and to make good use of this technology.

The next step was to list the long-term plans, only that he did not list them in detail, but only wrote down a few key words.

—Group, cooperation, dynasty.

It was clear that Ji Feng was treating the development of the Tengfei Group and the extermination of the dynasty as long-term plans.

Ji Feng sat in his study until late at night, when Tong Lei, who had already finished washing up, brought him a glass of plain water, and only then did he notice the loss of time.

"It's so late?" Ji Feng picked up the cup and took a couple of sips.

"Don't work so hard, your body is important." Tong Lei said.

Ji Feng shook his head and smiled, took Tong Lei's tender little hand and made her sit down on his lap, saying, "You still don't know about my body, it's great."

Naturally, Tong Lei knew the meaning of Ji Feng's bad smile, and her pretty face heated up as she said, "A good body has to be maintained, it can't be used as a wasted capital."

Ji Feng laughed: "Right, then rest early, go, go to bed"

The first thing you need to do is to get some rest, I have to pack up my things and sleep alone today.”

Ji Feng was stunned: “Packing?”

The cicada of Tong Lei lightly nodded: “Mm. I’m planning to go to Jiangzhe tomorrow, after graduation, I want to go and keep my mother company. She’s just arrived in a strange place, I’m afraid she hasn’t adapted much by now.”

Ji Feng looked at her, making sure she meant what she said and not that something had changed, then he nodded reassuringly, “That’s what you should do, well let’s do it this way, I’ll go with you tomorrow.”

The actual fact is that you’ll be able to get a lot of time out of your day, so just let Han Zhen accompany me.”

Ji Feng also did not insist, but said, “Then when I’m done with these few days, then I’ll go find you.”

Tong Lei nodded: “Mm.”

Ji Feng thought for a moment and then said, “After you arrive in Jiangsu and Zhejiang, pay attention to safety, I’m not by your side, listen to Han Zhen’s arrangements when you go out, do you understand?”

Not long ago, a deputy mayor of Hangzhou, Jiangsu and Zhejiang fell because of corruption, and Tong Kade, who was working in a ministry in Yanjing, was transferred to replace this person to fill the vacancy This was what the public said.

The actual fact is that everyone knows that this vice mayor is actually a person of the Wu family, just because in the matter of Wu Zhengxin still have illusions, do not want to back down, the results of this vice mayor was directly investigated, he really still have problems, so this person’s fall is a nail in the coffin, even the Wu family can not change.

The Wu family did not stop this, because Jiangzhe is not their sphere of influence, and such a not too important position, even if the Ji family people into, also can not play too big a role, this is the Jiangzhe family’s sphere of influence, where the Ji family want to stand, too difficult.

Otherwise, the Wu family had already tried to enter the Jiangsu and Zhejiang area a few years ago, but they had nothing to show for it, and in the end, there were only a few people from the Wu family lineage in some insignificant positions.

Now that the Ji family is going to enter Jiangsu and Zhejiang, the Wu family is probably still snickering in private, and if the Ji family has friction with the Jiangsu and Zhejiang family, then it will be ‘all in good fun’.

It is in this situation that Tong Kade took up his post, and his wife naturally followed him, so Tong Lei had to go and accompany her mother, after all, it was really unfamiliar there.

But now Ji Feng is a little less at ease, because the Jiangzhe family and the Ji family are likely to really have friction, so he urged Tong Lei to be careful and listen to Han Zhen’s arrangements.

The next morning, Ji Feng sent Tong Lei and Han Zhen to the airport, Xiao Yuxuan and Xiao Ying also went together to see them off, several women have lived together for such a long time, the relationship has long been like a close sister, Tong Lei rashly want to leave, we are really a bit sad.

After Tong Lei got on the plane, Xiao Yuxuan's eyes were even a little red.

Ji Feng was also a bit depressed.

He didn't feel anything when Tong Lei was by his side on weekdays, but now that Tong Lei had left, he felt a bit empty in his heart.

He realized that as time passed, the feeling between him and Tong Lei did not fade in the slightest, but rather there was a feeling of watery blending.

Ji Feng didn't have much time to be melancholy, and after Xiao Yuxuan and Xiao Ying went to the company, he also took Bai Zhu with him to leave.

"Young Ji, you're a rare guest, why do you have time to come over today?"

Ji Feng's door-to-door visit took Rong Peng a little by surprise.

In the past, although Ji Feng would occasionally talk to him on the phone, he hadn't contacted Ji Feng in recent times, but he didn't expect Ji Feng to suddenly pay a visit to his door today.

"When Uncle Rong says that, he is blaming me for not coming to visit you and Auntie often?" Ji Feng laughed.

"Young Ji is joking."

Rong Peng smiled, Ji Feng's visit put him in a good mood. After coming to Jiangzhou, Rong Peng had been very low-key, after all, he used to be a cadre of the Wu family's lineage, holding the economic lifeline for the Wu family, and now that he had come to Jiangzhou, he was afraid that not many people were watching him, so he was also keeping a low profile as much as possible.

He is now in Jiangzhou, so he is trying to keep a low profile as much as possible. As a result, those friends he used to have rarely interacted with him anymore, as they were either afraid of offending the Wu family or they all had things to do.

However, Ji Feng visited him personally, so Rong Peng was naturally in a good mood.

After asking Ji Feng to sit down, Rong Peng said, "Young Ji, I recently got some tea from a friend, why don't you try it?"

Ji Feng nodded and smiled, "Actually, I don't have any experience in tea tasting, for me, it's good enough to quench my thirst, so why don't we not waste Uncle Rong's good tea?"

Rong Peng laughed, "Of course tea is for quenching thirst. However, wouldn't it be better if there was some enjoyment along with quenching your thirst?"

Ji Feng nodded happily and laughed, "Being said that by Uncle Rong, I really want to try it."

Rong Peng laughed and brought the tea set, placed it on the coffee table and brewed kung fu tea, looking relaxed and at ease.

Ji Feng really did not have any research on this, watching Rong Peng brewing tea, he felt that this kung fu tea was really a good way to cultivate one's body and mind, which could make one focus and meditate.

There are many things to learn about kung fu tea, and while Rong Peng was making the tea, he was explaining it to Ji Feng from time to time, but without the intention of purely showing off, Ji Feng felt that Rong Peng's mind really seemed to have changed a lot.

"This kung fu tea can make people cultivate their bodies and nourish their minds, but often times, this impetuous and utilitarian society doesn't give us that much time to quiet our minds."

Rong Peng lamented, "After so many years, it's only during this recent period that I've been able to think a lot."

Ji Feng smiled, "What, is Uncle Rong really just going to completely collect his mind in the next few days and be a rich family man at ease?"

Rong Peng's movements did not pause in the slightest as he laughed, "I'm already at this age, I'm old."

Ji Feng said, "I once heard someone say when I was in Southern Guangdong that Uncle Rong was ambitious when he founded the Rong Peng Group, how come his mentality has changed so much now?"

Rong Peng said, "As I get older, my thoughts have changed a lot from when I was younger."

Ji Feng immediately shook his head and laughed: "You are still in your proper age, how can you say you are old?"

Rong Peng said, "Looking at young and talented people like Ji Shao who have become the mainstream of society, how can we old people not be old?"

Ji Feng waved his hand and laughed: "Uncle Rong, I agree when I say that we people are the future mainstream of society, but if we say that now we still have a lot to learn. To put it bluntly, Uncle Rong, I came this time because I hope to ask you to come out again."

Rong Peng was slightly surprised and the hand that was pouring tea stopped, looked at Ji Feng and asked, "Invite me to come out of the mountain?"

"That's right!"

Ji Feng nodded and said, "Uncle Rong, you have all the skills, life experience and wisdom that we young people can hardly reach, these are the most valuable assets, it would be a pity to discard them, wouldn't it?"

Rong Peng laughed and waved his hand, "Ji Shao is too flattering, we old men don't have much left except a little life experience."

Ji Feng asked, "Uncle Rong, you are not willing to come out?"

Rong Peng smiled and said, "It's not that I'm not willing, but I don't have the ability anymore."

Ji Feng was slightly surprised in his heart, when he was communicating with Rong Peng some time ago, Rong Peng obviously still had this ambition, how come there was such a big change now?

Although he was surprised, Ji Feng did not show it on the surface, but said sincerely, "Uncle Rong, I am sincerely asking you to come out of the mountain, why don't you listen to me first and then make a decision?"

Rong Peng smiled and said, "Please speak, young Ji."

It was good that he was willing to listen.

Ji Feng deliberated his words for a while before saying, "Uncle Rong, I know that I failed in our previous agreement"

Speaking here, Ji Feng suddenly realized that the change in Rong Peng's attitude, could it be related to this matter?

Campus Master Chapter 2542

Ji Feng felt that it seemed that this possibility was not really small.

Just a few months ago, there were rumours that the Brilliant Group was going to cooperate with the Lingxia Group and sell some of its important resources and projects to the Lingxia Group, and at that time, Ji Feng and He Hongwei decided to join hands to stop the cooperation between the Wu Family and the Boundary Pontiffs.

Especially when He Hongwei brought an order from Elder Hong himself, or more appropriately it should be a kind of mandate from Elder Hong, He Hongwei came to Jiangzhou, and without saying a word, Ji Feng agreed to go south with him.

However, before going to Southern Guangdong, Ji Feng made a special trip to visit Rong Peng and Rong Suyan's father and daughter.

At that time, he had an agreement with Rong Peng that if he succeeded in stopping the cooperation between the Brilliant Group and the Kepong people, then Rong Peng would help him with all his might, and it was not entirely impossible that he would even fight again in Southern Guangdong.

Unfortunately, Ji Feng failed, and he and He Hongwei could almost be said to have left Southern Guangdong in disgrace, although it could not be said to be a fiasco, but at least the defeat was very feeble.

So, Ji Feng did not look for Rong Peng again after his return, because he also felt a little embarrassed in his heart, after all, it was he who failed to fulfil the agreement.

Of course, there were many unexpected factors that caused Ji Feng's defeat, for example, he suddenly met Dynasty's attack and was even seriously injured, and Bai Zhu was also seriously injured, and if Zheng Yuanshan had not rescued him in time, I am afraid that neither he nor Bai Zhu would have been able to return.

This was a factor that was completely unexpected by Ji Feng.

There was also the resolute attitude of the Wu family, which also surprised Ji Feng.

It seemed that the Wu family was so determined to cooperate with the Lingxia Group in Kepong that they were completely immune to any outside interference, and no one could say anything.

In the end, Ji Feng failed.

Now that Ji Feng thought about it carefully, was Rong Peng so breezy about coming out of the mountain because he hadn't fulfilled the agreement in the first place, and that was why he felt that he might not be that strong and had lost confidence in himself?

Or is there some other reason?

As his mind raced, Ji Feng thought of many possibilities, but in the end he decided to ask straight to the point: "Uncle Rong, is it because I failed to stop the cooperation between the Boundary Pontiffs and the Brilliant Group before, so it made you a little disheartened?"

As he spoke, Ji Feng's gaze was fixed on Rong Peng's face.

Rong Peng shook his head and smiled, saying, "Young Ji is thinking too much. It's normal that you can't stop their cooperation, after all, that's a normal business practice, how can outsiders control it?"

Ji Feng said, "Uncle Rong has always seen it this way, it's me, I'm a bit too presumptuous, thinking that there's nothing under the sky that I can't do, but I ended up hitting a nail in the head."

Rong Peng shook his head and said, "In fact, your attack was already very powerful, it was only that there was an unexpected change in the middle that led to a loss of success, but it was out of your control. Frankly speaking, if it were me, I wouldn't be able to do this at all."

Ji Feng shook his head with a smile and said, "Uncle Rong just don't ease my heart, a failure is a failure, there is no excuse and there is nothing to explain."

Rong Peng said, "Few people can honestly admit their failure, Ji Shao goes is very admirable."

"Uncle Rong is overly praised." Ji Feng waved his hand with a smile, but in his heart, he couldn't help but sigh.

Just now when he was mentioning the matter of cooperation between the Brilliant Group and the Boundary Peng Lingxia Group, he had been closely observing the change in Rong Peng's expression, but until now he had not seen the slightest change in Rong Peng's expression, much less any feeling of surprise.

This is a good way to imagine that Rong Peng has been carrying this matter in his heart.

The fact that Ji Feng is basically sure that Rong Peng does not want to come out of the mountain, seems to be related to this matter, at least, related to the Wu family.

After carefully weighing his words in his heart, Ji Feng said, "Uncle Rong, one failure does not mean eternal failure. Besides, even if we don't target the Wu family, just for ourselves, we should at least put up a fight, right?"

Rong Peng shook his head smilingly and said, "Ai! I'm old, I can't fight anymore. This world should belong to you young people, with young Ji's ability and style, it would be easy to fight for a world, I believe that young Ji will definitely achieve unprecedented success, and I look forward to seeing that day!"

Rong Peng's words were both emotional and powerful at the back, and his gaze carried a kind of affirmation and encouragement, but he only failed to mention the matter of his departure from the mountain, leaving Ji Feng speechless.

The first time I saw him, I was not able to find out what he was going to do, but he answered him very positively that he was old and not willing to go out to the mountains to fight, because his old bones could not fight anymore.

This Ji Feng could only accept in silence, since Rong Peng said he could not fight anymore, then he could not let people go to fight hard, right?

So, next Ji Feng did not talk about the matter of asking Rong Peng to come out of the mountain, not even a word about the plan he had thought of last night, etc.

Since Rong Peng was not willing to come out, even if he could barely impress him with a tempting plan, it would not be a long-term solution.

So the next two people just chatted, Ji Feng asked Rong Peng for some business experience and listened to him talk about some of the things he did back then, which were very valuable assets and Ji Feng was able to learn a lot from them.

While we were talking, Rong Suyan came back from outside. She was a bit surprised to see Ji Feng, but she also looked a bit surprised.

After she went upstairs and changed her clothes, she also came down and sat next to her father and talked to Ji Feng.

Ji Feng did not stay at the Rong family for too long, he stayed for about an hour or so, then he got up to say goodbye and was ready to leave, but at that moment, it was almost noon.

After sending Ji Feng away, Rong Peng's father and daughter returned to the living room.

"Dad, why did Ji Feng suddenly come?" Rong Suyan asked, Ji Feng's sudden arrival made her a bit strange as well.

"He is trying to get me to come out again." Rong Peng laughed.

Rong Suyan was stunned, "Out of the mountain? He is trying to get you to come out to work again?"

"Yes."

Rong Peng laughed.

Rong Suyan asked, "Then did you promise him?"

“Dad is already this old, where would he have that much energy to toss around again!” Rong Peng said, “Now, I can often spend time with your mother, and during the day, I go to the community centre to play chess and cards with the others.

Rong Suyan pursed her lips and smiled, “Dad, you really don’t want to go back to the mountains?”

Rong Peng laughed, “I can’t do it anymore, Suyan, from now on this family will depend on you, so you have to work harder.”

“It’s the right thing to do to support you and my mother!” Rong Suyan said, “But I just think, you are still very young and you are planning to retire? That’s not good.”

“What, you still want dad to go out and toss and turn, huh?” Rong Peng said.

“Not to go out and toss and turn, but to realise the dream you have yet to realise.” Rong Suyan said, “Dad, you also know that Ji Feng and the Wu family are already in an undying situation, if you help, the pressure on the Wu family will definitely be a bit more, and

“Girl, you really think too highly of your old man.”

Rong Peng shook his head with a smile and said, “How much more pressure can one more of me bring to the Wu family? You saw what happened some time ago, the Wu family was under so much pressure, but in the end, didn’t they still resist the pressure and sell the project and resources to Boundary Pont?”

Rong Suyan asked, “Then you are worried that Ji Feng can’t fight the Wu family?”

Rong Peng said, “In this world, nothing is absolute and no one knows what will happen tomorrow. But there is a question of probability in everything, it’s the same as when you make risky investments.”

Rong Suyan asked hesitantly, “Dad, are you backing off?”

Rong Peng said, “It’s not a retreat, I have to think about our family. Since we left Southern Guangdong and came to Jiangzhou, we are like rootless duckweeds, without roots or backing, but on the contrary, we still have enough wealth to make some people’s eyes water, and this wealth is to be left for our family, so I have to be careful and protect this wealth and think about the future of our family.”

Rong Suyan could not help but be silent.

She had to admit that her father was actually quite right, after leaving Southern Guangdong and coming to Jiangzhou, they had no roots left.

“Dad, actually I don’t think this statement of yours is right.” Rong Suyan said, “Leaving Southern Guangdong does make us lose our roots, but it also means that we have no way to go backwards. We can only move forward, keep moving forward!”

“But Dad is already old.” Rong Peng said, “I can’t fight anymore, and I don’t have that bashing energy!”

“I do!” Rong Suyan said.

Rong Peng was stunned, “What?”

He looked at his daughter, but saw that Rong Suyan had gotten up and gone out, so Rong Peng said, "Where are you going?"

Rong Suyan said, "To earn money to support the family!"

"..... this child!"

Looking at Rong Suyan's slightly hurried footsteps quickly leaving, Rong Peng was a bit frustrated for a while, but his eyes were a bit drifting.

Ji Feng also did not expect Rong Suyan will chase out, Bai Zhu have slowly drive the car, but saw from the rear view mirror is fast walking Rong Suyan.

"Young Ji, Miss Rong is here." Bai Zhu said.

"Hmm?"

Ji Feng couldn't help but be slightly surprised and immediately said, "Bai Zhu, stop the car."

He jumped out of the car and saw Rong Suyan, who was slightly short of breath, come to the front, or because she was walking too fast, her hair was slightly messy, but it gave her a unique style.

"Ji Feng, I want to talk to you." Rong Suyan said.

"Of course!"

Ji Feng nodded readily, he and Rong Suyan got along very well, and he also wanted to pry out some of Rong Peng's thoughts and intentions from Rong Suyan.

Campus Master Chapter 2543

"Ji Feng, I want to talk to you." Rong Suyan said.

"Of course!"

Ji Feng nodded readily, he and Rong Suyan got along very well, and he also wanted to pry some of Rong Peng's thoughts and intentions from Rong Suyan.

Rong Suyan stroked her wind-blown hair and pulled the strand of hair behind her ear, but it made Ji Feng's gaze subconsciously fall on her delicate ear.

A woman's beauty is sometimes revealed in just a moment or a subtle movement. This was the case with Rong Suyan, who just pulled her hair back a little and had a kind of style flowing out.

When Rong Suyan saw Ji Feng's gaze, her pretty face could not help but heat up slightly, but she pretended not to see it and said, "This is not the place to talk, there is a gazebo in front, let's go there."

Ji Feng nodded with a smile and followed Rong Suyan.

Although this place could not be considered the most high-class district in Jiangzhou, it was a villa area of a certain grade, so the greenery and some public facilities here were complete, for example, there was a small stream here with a wooden bridge and a gazebo on it.

Of course, the creek here is not like some other communities that get an artificial lake or a pond out, which at first looks quite good for the community, but it may not take more than a year or two for the lake to dry up, either because no one cleans it up all year round, plus it is stagnant water, and as a result it becomes smelly and the artificial lake turns into a stinky ditch.

The water in the creek in this community, however, is living water!

So sitting in this gazebo, it was a refreshing feeling.

“Su Yan, what do you want to talk to me about?” Ji Feng took the initiative to open his mouth and asked, picking up the topic.

“What you told my dad just now, I heard him say it.” Rong Suyan said, “You are trying to ask my dad to come out, right?”

“Yes!”

Ji Feng nodded and sighed, “But unfortunately, Uncle Rong refused.”

Ji Feng felt pity from the bottom of his heart that Rong Peng was unwilling to come out of the mountain. Rong Peng’s business talent, that is simply needless to say, can start from nothing to create a large Rong Peng Group, and become the leader of private enterprises in Southern Guangdong, whether or not there is the support of the Wu family, is enough to prove that Rong Peng in business ability is extraordinary!

And most importantly, Rong Peng has experienced half a lifetime of hardships and struggles, his experience, skills and even life experience are really not comparable to ordinary people.

The most important thing is that Rong Peng has experienced half a lifetime of hardship and struggle.

However, if Rong Peng was not willing, Ji Feng could not.

“Suyan, if you can, I still hope you can help persuade Uncle Rong to blow off steam next to him.” Ji Feng said, “This is not only for my sake, but also for Uncle Rong’s sake, at least, wouldn’t it be a pity if that whole skill of Uncle Rong’s were to be buried in this way?”

How could Rong Suyan not know her father’s brains in business, but in this matter she did not know how to explain to Ji Feng, because she knew even better why her father would not agree to come out.

For some reason, Rong Peng did not seem to be too optimistic about how Ji Feng would end up playing the game with the Wu family in the future, and of course there were many other reasons, but all this, how could she tell Ji Feng explicitly?

“Ji Shao

“Why are you suddenly out of sight?”

As soon as Rong Suyan opened her mouth, Ji Feng couldn’t help but shake his head and laugh: “You were calling me by my name directly before, but now you’re calling me Ji Shao?”

Rong Suyan couldn’t help but be slightly stunned, in fact she herself didn’t even notice that her mind had changed, but she didn’t think that Ji Feng was so perceptive that he sensed it immediately.

“I had thought that if I called you Ji Shao, I should appear more like a friend!” Rong Suyan said.

“Most of my friends call me by my first name directly.” Ji Feng said.

Rong Suyan asked, “Then after my father rejected you, do I still have this honor now?”

Ji Feng laughed, “Of course I do! Suyan, you don’t think that because Uncle Rong rejected me, I hold a grudge, do you?”

Rong Suyan shook her head and laughed lightly.

Ji Feng said, “Suyan, what I said just now was sincere and I didn’t mean to test anything. No matter what decision Uncle Rong makes in the end, I can actually understand.”

Looking at Ji Feng’s frank look and the sincerity in his eyes, Rong Suyan couldn’t help but feel a little touched in her heart.

“Actually

Rong Suyan said, “I also talked to my father about this, but, now he doesn’t seem to have that kind of impetus.”

Ji Feng blurted out, “Saying that there is no more impetus, I actually do think that Uncle Rong should not have the same kind of confidence in me as before, right?”

Rong Suyan gently shook her head and said, “I can help you persuade him, but in the end, I’m not sure if it’s useful, if my dad that person is really stubborn, even my mum can’t do anything about it.”

But in the end, she still didn’t answer Ji Feng positively.

Ji Feng smiled and nodded his head, saying, “I can understand, in fact, Uncle Rong’s mentality, I probably understand it more or less.”

Rong Suyan then looked at Ji Feng with some surprise, did Ji Feng really know what his father was thinking?

Ji Feng said, “It doesn’t matter if you don’t have confidence, you can tell Uncle Rong for me that he still has enough time to observe. Also, I have one more thing to say, you must help me to convey it.”

Rong Suyan asked, “What’s the word?”

The smile on Ji Feng’s face gradually disappeared and his expression became serious. Seeing this, Rong Suyan also realised that Ji Feng was probably going to say something important, so she also listened with a straight face.

“Please tell Uncle Rong that he came to Jiangzhou in the first place because of me, and this is something I have never forgotten and will never forget. Since Uncle Rong has come to Jiangzhou, then I will definitely guarantee his safety, no matter if he is an enemy or friend in the future. Unless, of course, he has done something illegal!”

Ji Feng said resoundingly, “I, for one, would never do those things that tear down a bridge over a river!”

Rong Suyan's heart was then greatly touched, and she nodded her head very solemnly, "Thank you. I will definitely pass on these words of yours to my father!"

Ji Feng was really so different from the other gentry she had met.

"Ji Feng, can I know what exactly you are going to do when you come to ask my father to come out?" Rong Suyan finally asked out the doubt in her heart.

"Doing industry."

Ji Feng smiled faintly.

Rong Suyan was stunned, "Industry? Which area?"

Ji Feng said, "All the aspects that the new chrome alloy can touch, I will do!"

Rong Suyan was stunned.

About half an hour or so later, Rong Suyan returned to the villa from outside, and just after entering the courtyard, she saw Rong Peng standing on the balcony on the first floor looking at her.

Thinking of what Ji Feng had said to her, Rong Suyan's steps immediately lightened up a bit and she quickly went up to the first floor and arrived next to her father, and from afar she could still see Ji Feng's car going away quickly.

"Girl, what did you say to him when you ventured out?" Rong Peng asked.

"I just told him what you were thinking and explained it to you again." Rong Suyan said with a playful smile.

"Nonsense!"

Rong Peng immediately frowned slightly, "Girl, you're trying to push dad into the fire!"

Rong Suyan pursed her lips and laughed, "It's not that serious!"

Rong Peng shook his head and sighed, "You're still too young, you haven't seen the complexity of the human heart, and you don't know how to be afraid!"

If Ji Feng was the kind of person with a narrow-minded and vengeful personality, then I'm afraid that his refusal today would be tantamount to sowing the seeds of misfortune for himself.

Even if Ji Feng is not so careful, his rejection of Ji Feng would actually be tantamount to closing the door on his own cooperation with Ji Feng. Under such circumstances, would his holding of such a huge sum of money in his hands cause others to be jealous?

This is not speculation, because it is too normal, wealth and money move people's hearts!

"Girl, even if you don't say it, do you think Ji Feng doesn't understand what I'm thinking in my heart?"

Rong Peng couldn't help but shake his head and said, "He's smart enough to have guessed what's on my mind just now, he just doesn't know the exact reason for it."

“Anyway, no matter what the reason is, in short, it’s because you don’t have confidence in him anymore!” Rong Suyan said.

“You think Ji Feng would not know?” Rong Peng said.

When Rong Suyan saw that her father did not refute, she knew that he was tacitly acquiescing, which meant that her guess was correct, and that her father had really made the change he had today for those things.

“But he didn’t say anything about it, do you know why?” Rong Peng asked.

“Why?”

“Once we broke it, it would have been time for a rift to appear between our two sides.” Rong Peng shook his head and said.

Rong Suyan shook her head and laughed, “Dad, just now I was teasing you, how could I be so mean to tell him that my dad has no confidence in you I can’t say that.”

“You girl” Rong Peng shook his head helplessly and smiled, “By the way, you chased out, and said what else?”

“Also said the purpose of him asking you to come out.” Rong Suyan looked at her father, “Do you want to know?”

Rong Peng couldn’t help but shake his head and laugh, “Girl, dad is not a young man anymore, he doesn’t have that strong curiosity, and there are many things in this world that start from curiosity”

Rong Suyan said, “He said he wants to ask you to work on a new type of chrome alloy.”

“What?”

Rong Peng was stunned.

.....

Ji Feng sat in the car, a smile surfaced at the corner of his mouth, the failure to ask Rong Peng to come out didn’t make him much frustrated, because this visit to the Rong family, he had an unexpected harvest instead.

“Ding”

Ji Feng was thinking about it when his phone suddenly rang, it was Ji Xiaoyu calling.

“Xiaoyu.”

Ji Feng picked up the phone and asked with a smile, “What’s the matter?”

Ji Xiaoyu asked good-naturedly, “Third brother, do you have time tonight? I want to invite you for dinner.”

“Invite me for dinner?”

Ji Feng was immediately surprised and laughed, "You girl often comes to dine, why do you suddenly remember to invite me to dinner now? Say it, what's going on!"

Ever since Xiao Yu came to Jiangzhou to go to university, she had been a regular visitor to the house. In the past, when she was not busy with her studies, she would come here almost once a week or two, and when she came, she naturally wanted to improve her life, and the cooking at home must taste much better than in the school canteen.

And now she suddenly asked for dinner, there must be something!

Campus Master Chapter 2544

When he returned from the Rong family, Ji Feng went straight to the Tengfei Group.

Although Rong Peng's reluctance to come out of the mountain was somewhat unexpected for Ji Feng, the conversation he had with Rong Suyan afterwards was an unexpected gain for Ji Feng, and now, he just had to make some arrangements.

But Ji Feng had not yet arrived at the Tengfei Group when he received a call from Xiao Yuxuan.

"The military is here, saying that they want us to hand over the process technology of the new chrome alloy, they want to verify if this is classified information or not" Xiao Yuxuan's tone had some anger in it, she originally thought that even though the military had issued a notice, this The alloy technology still belonged to the Tengfei Group after all.

But looking at the situation now, those people were planning to take away the technology directly.

Even the military can't take away the fruits of someone's hard work with just a few words!

"Where are they?!" Ji Feng asked.

"Still waiting in the parlour, I stabilised them first and let Han Zhong stay with them first, I took the opportunity to come out and make the call." Xiao Yuxuan said.

"You guys wait for me, I'll be there soon! Don't start a conflict with them until I come back!"

Ji Feng finished speaking, hung up the phone straight away and said to Bai Zhu, "Bai Zhu, drive faster."

Bai Zhu nodded silently and gradually increased the throttle, as the engine roared low and powerfully, the car sped away and soon disappeared at the end of the road.

Ji Feng soon arrived at the Tengfei Group, he left Bai Zhu to park below, while he himself went straight to Xiao Yuxuan's office.

"Yu Xuan, what's going on?" When he came to Xiao Yuxuan's office, he saw her standing in front of the window, holding her arms motionless, which was her habitual action when she was thinking.

Hearing Ji Feng's voice Xiao Yuxuan turned around, her eyebrows slightly knitted, "The situation is what I told you on the phone, but their tone is very tough, looking at the situation this time it is necessary to get the technical process before they can do so."

"Humph!"

Ji Feng coldly snorted: "Do you really think we are made of clay and can be taken as much as you want? Simply dreaming!"

Xiao Yuxuan, however, was not as optimistic as Ji Feng, because the tone of the person from the military was quite tough, although not bossy, but you had the feeling of giving orders, very tough.

"Come and see." Xiao Yuxuan came to the computer at her desk and clicked her mouse a few times, "It's these guys."

Ji Feng walked up and looked, and found that this computer was showing the picture in Xiao Yuxuan's meeting room, only to see that in that meeting room, Han Zhong and Zhao Kai were both there, in addition to two senior members of the Tengfei Group, while on the sofa opposite to them, were four military men in uniform sitting.

These four soldiers, three men and one woman, a middle-aged man, the other two men were relatively younger, the female soldier was also very young, and at this moment Han Zhong seemed to be talking to them about something.

Ji Feng frowned and asked, "Did they say which department they came from?"

Xiao Yuxuan said, "Yes, according to them, they claimed to be from the Yanjing Military Region's Political Department, the same department that gave the notice earlier. Also one of the young men is from the Jiangzhou Military Region."

"Oh?"

Ji Feng raised his eyebrows, both from the Yanjing Military Region and the Jiangzhou Military Region were here? But how did they come together?

After pondering slightly for a moment, Ji Feng said, "The surveillance should be kept on, let's go over and see what tricks they can play!"

Xiao Yuxuan was busy saying, "Ji Feng, don't be impulsive later."

She knew Ji Feng's temper, he had thrown even the notices issued by the military into the bin before.

Ji Feng said, "Don't worry, I won't make a move with them, they don't deserve it!"

Only then did Xiao Yuxuan feel slightly more at ease and went out of the office with Ji Feng to the meeting room next door.

"Mr. Han, we still have to go back to resume our orders, so please hurry up and prepare the information." As soon as Ji Feng arrived at the parlour, he heard a young man say.

"Then what"

Faced with the step-by-step approach of these few people, Han Zhong had no bottom in his heart and could only delay as much as possible, smiling, "Why are you guys in such a hurry, since you've come to my place, then by all means let us do our best as hosts, and I've already had someone arrange it on my side."

As he spoke, his gaze swept over the faces of the four soldiers, and seeing that they did not look very responsive, he continued, "In addition, we have also arranged some entertainment programs, so let's have some fun first, and then invite you to taste the specialties of our Jiangzhou cuisine in the evening"

However before Han Zhong could finish his words, he was interrupted by a young soldier, "General Han, the army has rules that we cannot accept food and bribes from the local community."

"....."

At once, Han Zhong was choked, especially when the other party even used words like 'eating and treating' and 'bribery', which made Han Zhong's heart flutter with anger.

Damn it!

If it wasn't for your bitterness, the hell would be willing to invite you, and they bribed, Laozi didn't intend to bribe you in the first place!

The actual fact is, these people have nothing to bribe themselves with.

"General Han, don't say anything else, hurry up and get the materials we need for the military ready, if we go back late, you can't afford to take this responsibility!" The young man said coldly.

"Heh!"

Ji Feng suddenly sneered, "What a big mouth!"

As soon as he spoke out, everyone looked at him at the same time, Han Zhong was obviously even more relieved, he hadn't really dealt with soldiers and didn't know what way to deal with them, hadn't he heard that people even used food treats and bribes?

"Did you just say that about me?"

However, the young soldier was staring at Ji Feng and asked in an unkind tone.

Ji Feng, however, did not even look at him and sat down opposite your four soldiers with a big sword and golden horse, and asked indifferently, "You few, who is leading the team?"

"Humph!"

Seeing that Ji Feng was so arrogant, that young man snorted in anger and was about to have a fit, but was stopped by a look from that middle-aged soldier.

I saw the middle-aged soldier move his body first before saying, "I am, may I ask who you are?"

Ji Feng said indifferently, "It doesn't matter who I am, what matters is, how can I believe that you are all real soldiers? Where are your documents?"

"What, you still doubt our identities?" When the young soldier heard this, he asked in a cold voice.

"What do you think?" Ji Feng asked rhetorically.

“You

“I advise you better not get mad at me, this is a private place, not just any cats or dogs can come in and do whatever they want!” Ji Feng said coldly.

At the same time, Zhao Kai also took out his mobile phone and said in a deep voice, “Call the Security Department, the guards will come over in two minutes at most, whether they are real soldiers or not, instead, verify from fists and kicks!”

The young man’s face turned red to pig’s liver, and the words that were on his lips did not come out.

“What, is this how your Tengfei Group treats its military staff?” The middle-aged soldier asked in a deep voice.

“In order for others to respect you, you must first learn to respect others, and the military staff are not said to be head and shoulders above the common people!” Ji Feng said, “You have come here to take things by force, not to mention that you are still so bossy, what kind of place do you take this place to be?”

“Young man, watch your mouth!” When that middle-aged man heard this, his face immediately sank.

“What if I don’t pay attention?” Ji Feng stared at him, his gaze stern.

The middle-aged man was hardened by Ji Feng’s incomparable stern gaze, and his heart was a bit weak, and his eyes parted to the side not daring to look at Ji Feng.

The young man finally couldn’t stand it anymore, he banged on the table, stood up abruptly and shouted: “What do you want? How dare you not carry out the orders given by the military? Do you know what you are doing?”

Zhao Kai shook his head and couldn’t help but snicker, “Of course we know what we’re doing, but we’re just afraid that you don’t know what you’re doing!”

“So, you guys are clearly going to disobey orders?!” The young man asked coldly.

“I’m really surprised, your leader hasn’t even said a few words yet, yet here you are blathering on about so much, are you the leader and you have the final say!?” Zhao Kai asked.

“You

The young soldier’s face turned red at once and pointed at Zhao Kai in anger, but he didn’t know what to say. Zhao Kai’s words were too poisonous, whether it was at the local level or in the military, disrespecting your superiors was always a big taboo, and these words were simply heart-breaking!

A look of displeasure flashed across the middle-aged man’s face, but he didn’t say anything about it, just said in a deep voice: “This is an order from the military, will you carry it out, or not?”

Ji Feng and Zhao Kai spoke sharply, they were completely at a disadvantage, so they went straight to the point.

Ji Feng smiled: “Using the military to scare people? That’s good, I’d like to know, since you say it’s an order from the military, then show me the order, who signed it and what it says, I want to see it clearly,

you can't just say it's an order from the military based on the two of you touching your lips, that's a bit ridiculous!"

The middle-aged soldier grunted, "Of course there is an order, you get the information ready and I will naturally show it to you."

"Joke!"

Ji Feng sneered, "You say we should prepare the information and we should prepare it? Show us the order, otherwise, not only will you not be able to see the information, you won't even be qualified to sit here!"

"....."

The middle-aged soldier's face was grim with anger, and his pair of eyes stared at Ji Feng without saying a word.

This order, it's not that easy to take!

He knew this better than anyone in his heart, but on the contrary, Ji Feng's every word was reasonable, so he could hardly find any reason to refute it.

Campus Master Chapter 2545

The middle-aged soldier was rendered speechless by Ji Feng's words, completely devoid of the kind of bossiness he had before.

"General Manager Han, what kind of person is he and can what he says represent the final decision of your group?" Eventually, the middle-aged soldier shifted his target and began to question Ji Feng's identity.

"Of course you can!"

Han Zhong smiled faintly and said, "He is a special advisor of our Tengfei Group, and what he says can represent the entire Tengfei Group with full authority."

The middle-aged man choked again at once.

According to his understanding of the Tengfei Group, the ones who could really be in charge should be Xiao Yuxuan and Han Zhong, but how could another young man appear now, who not only spoke sharply, but was actually so imposing, and even hit the nail on the head with every word, leaving him speechless.

What kind of person was this young man?

"What, can't get the order?" Ji Feng asked in a deep voice.

"Of course the orders are there!"

The middle-aged soldier said, "But please prepare the information first, and I will naturally take the orders"

Ji Feng immediately stood up, "It seems that there is nothing to talk between us, Han Zhong, have someone arrest them and send them to the police station, they have broken the law by impersonating a soldier and falsely passing orders"

"Wait a minute!"

The middle-aged man was instantly shocked, this young man had planted such a charge on them, this was simply

The young soldier next to him couldn't help himself and immediately said angrily, "Who said we were impersonating soldiers."

Ji Feng immediately said, "Then show your documents!"

The young soldier immediately snorted coldly and coldly took out his own documents from his chest pocket and threw them onto the coffee table in front of Ji Feng: "Look at them yourself!"

But Ji Feng didn't even glance at those documents, and his gaze swept over the faces of the other three soldiers, "Where are your documents?!"

The middle-aged soldier said, "Isn't it enough to look at one ID?!"

Ji Feng said, "What do you think?"

The middle-aged soldier stared at Ji Feng, trying to see something on Ji Feng's face, he felt something was wrong, Ji Feng was very strong and didn't put them in his eyes at all, he even wanted to arrest them, but now he wanted to see their documents?

But there was no expression on Ji Feng's face at all, except for a faint hint of mockery.

The middle-aged soldier eventually took out his own documents and reached out to put them on the coffee table, and seeing him do so, the remaining two also took out their documents.

Ji Feng said in a deep voice, "Kai, take a look at these documents."

Zhao Kai casually picked up the documents and looked at them one by one, before saying, "All of them are written down."

Those four people's faces changed at the same time, what did this mean?

At this time, however, I saw Ji Feng nodded slightly and said, "Good then, write down their names and identities, and go back to their superiors directly to question these few people for falsely passing orders and practicing extortion on local businesses."

"You"

The young soldier was furious at his words and pointed at Ji Feng, angrily saying, "Watch what you say! Who's extorting!"

Ji Feng, however, no longer even paid attention to them, only to hear Zhao Kai sneer, "Can't get the order, yet you want us to hand over the technical process of the new chrome alloy, what is this if not extortion?"

“Of course we have orders

“That’s right!”

Zhao Kai interrupted the young man and smiled, “A friendly reminder, the value of our Tengfei Group’s new chrome alloy, I don’t think you guys know it too well, but if you succeed in extorting it, it’s a heavy enough sentence!”

“Bastard!”

The young man cursed angrily, reached out and grabbed the cup on the coffee table and smashed it towards Zhao Kai.

“Pah!”

There was a crunching sound.

Before the teacup in your young soldier’s hand could be smashed out, he only felt a blackness in front of his eyes, his head buzzed, and he received a fierce slap on his face, which caused his entire body to fall on its back onto the sofa behind him.

The other three soldiers were shocked to see that a girl with short hair had arrived in front of the coffee table at some point, and the slap had been delivered by this soft-looking girl!

“Xiao Ying!”

Xiao Yuxuan hurriedly pulled Xiao Ying back and snapped, “How can you do it!”

Ji Feng, however, said, “Xiao Ying hit it well!”

“You, you guys

Those few soldiers were all furious, especially the middle-aged soldier, who was even more blue in the face, pointing at Ji Feng in anger, unable to say anything.

Ji Feng coldly snorted, “What kind of place do you guys think this is? And you dare to do it here!”

The middle-aged soldier stared at Ji Feng and said angrily, “Do you know what you’re doing?”

Ji Feng waved his hand, “Arrest all of them and call the police!”

“How dare you?!” The middle-aged soldier shouted, but it did not work, Little Shadow immediately took action after hearing Ji Feng’s order, those three people still tried to resist, but they were no match for Little Shadow, they were subdued in almost a few breaths of time.

“Misunderstanding, misunderstanding!”

But just then, another young soldier was panicking and shouted, “I’m not with them, I’m from the Jiangzhou Military District, I’m just responsible for showing them the way

“Snap!”

Little Shadow snapped his hand to his back, and immediately he sucked in a cold breath of pain, unable to shout out anymore!

Soon, Yi Xingchen came up with a few security guards and took all four soldiers away, even if they were soldiers, they didn't have any privileges here.

"Kaiser, have you got it all down?" Ji Feng asked.

"All written down."

Zhao Kai nodded and said, "I'll take down their work permits again."

Ji Feng sneered, "Coming here to flaunt your authority and opening your mouth to want the technical process of the new chrome alloy, you simply don't know the sky is the limit! Take down all their identity information, I'll be useful later."

Xiao Yuxuan, however, was a bit worried and asked, "Ji Feng, isn't this a bit inappropriate? They can all be military identities"

"It's fine."

Ji Feng waved his hand and said, "Soldiers are just as punishable when they break the law."

Han Zhong reminded, "But the local police don't have the right to control them, and even if they do break the law, they will eventually be handed over to the army."

"I understand what you mean."

Ji Feng nodded and said, "However, if someone in the army dares to cover them up, I believe that's something some people would love to see."

There were also factions within the military, and the fights between each other were not that peaceful, even a bit more intense than the political strife at the local level. Behind these few people there must be others, and there may even be big fish behind them.

This time, it was just the right cause, otherwise, Ji Feng would not have wasted this time to ink with them.

Soon, the sound of sirens came faintly, and the police arrived.

Perhaps because they saw that the arrested people were wearing military uniforms, the police officers from the Industrial Park Police Station seemed a little hesitant and talked to Yi Xingchen for a while below, before taking the people away.

"Ji Feng, is this really alright?" Xiao Yuxuan was still a bit worried, after all, it was a soldier that Xiao Ying was fighting today, and since they dared to come, they might not have no orders, she could still remember that notice clearly from before, "What if they really took out an order?"

"Don't worry."

Ji Feng said, "These few knowledgeable small fry are just small shrimps, what I want is the orders in their hands!"

Xiao Yuxuan certainly understood Ji Feng's meaning, but you he was still a little hesitant and asked, "Is it really okay?"

Ji Feng laughed: "Don't worry, it's fine."

A few commanding soldiers, just like this, were dispatched by Ji Feng, he did not put these few soldiers in his eyes at all, just now when Xiao Ying did it he could see that these few people should be civilian personnel, physical quality is no different from ordinary people.

What Ji Feng really cared about was the people behind these few people.

But if he wanted to draw out the people behind them, he always had to clean up these few minions first. However, one of them was actually from the Jiangzhou Military Region, and Ji Feng felt the need to communicate with Xiang Yongzhan.

Alone, he went to Xiao Yuxuan's office, dialed Xiang Yongzhan's phone number and told him what had happened.

"When did this happen?!" Xiang Yongzhan was a little surprised.

"Just a moment ago."

Ji Feng said, "I just sent them to the police station, and there was a person from the Jiangzhou Military Division in this, so I asked you what was going on."

Xiang Yongzhan said, "Older brother, I don't know about this! Just wait, I'll ask about the situation and give you an answer soon."

Ji Feng then gave the information about the person's work permit, and not long after, Xiang Yongzhan returned the call, "Older brother, the person is indeed from the Jiangzhou Military Region, but he should have nothing to do with this matter, he is just responsible for leading the way. I just found out that this is an order from the Yanjing Military Region, the problem should be on the Yanjing Military Region's side."

Ji Feng asked, "Do you know exactly which department?"

Xiang Yongzhan said, "It's the Yanjing Military Region's Political Department ee? Strange, how come people from the political department are still in charge of supplies?"

Ji Feng said, "I thought it was strange too, and those people couldn't get the orders signed from above, so I sent them to the police station."

Xiang Yongzhan asked, "What was the charge?"

Ji Feng said, "Extortion!"

"Extortion!?" Xiang Yongzhan's voice steeply increased by a few points, "You suspect them of blackmailing you by pretending to be soldiers?"

"It's a false transmission of orders." Ji Feng said.

"Then what did they extort?" Xiang Yongzhan asked.

"The technical process of the new chrome alloy."

"....."

Xiang Yongzhan was speechless for a while before he said, "Older brother, you're being ruthless, extorting the technical process of the new chrome alloy, if this charge is proven, their skin will definitely be skinned off!"

Ji Feng said, "I just want to know whose idea this matter was."

Xiang Yongzhan immediately understood what Ji Feng meant, and he said, "Older brother, I will help you inquire about this matter, but you might as well go to General Ji when you look for me, he will definitely know better than me."

Ji Feng then smiled and nodded, what Xiang Yongzhan meant by this was that this matter should not have anything to do with his Xiang family, otherwise, Xiang Yongzhan should have gotten wind of it.

"Older brother, if you need any help, don't be polite! Xiang Yongzhan said.

"Thanks!" Ji Feng smiled.

Campus Master Chapter 2546

Yanjing Military Region, Political Department.

"What?!"

A middle-aged man in military uniform took the phone and couldn't help but frown: "Jiangzhou City Bureau?"

"I see." A moment later, he said in a deep voice before hanging up the phone and his face sank, "Jiangzhou Municipal Bureau, how dare you detain someone from our Political Department!"

"Humph!"

This middle-aged man couldn't help but coldly snort, "Do you really think that with Ji Zhenguo backing you up, no one can rule you?!"

He slapped his hand on the table with a bang, grabbed his hat and put it on his head before striding out, "Tengfei Group, this matter is not over!"

.....

"Pop!"

Ji Feng hung up the phone with a cold look on his face.

Someone is finally sitting down, really impatient, so soon to start making moves?

Since that's the case, then we'll see, let's see if you can get your way in the end or not!

He had to go to Union University, Xiao Yu had asked him to invite him for dinner in the evening, so it was not good for him to be late as a brother.

Although school had not yet started, Xiao Yu did not go home, but stayed behind to find a job, a part-time job for the summer, not to ease the burden on his family, but to exercise himself.

This is her biggest weakness, and she knows it. That's why she has found a part-time job, but she is still living in the school. The University is very humane in this respect, and has opened some dormitories for students who have difficulties in their families or want to stay for the summer.

Seeing that the time had come to Xiao Yu's closing time, Ji Feng said, "Bai Zhu, drive a little faster."

Bai Zhu nodded silently and didn't say anything, but her foot had already increased the throttle.

On the way, Ji Feng sent a short message to Xiao Yu, telling her that he had already left and would wait for her directly in front of the school, and then he shook his head and smiled, this girl Xiao Yu actually wanted to invite him to dinner?

About an hour or so later, Ji Feng arrived outside the west gate of Union University, taking a bus back from Xiao Yu's part-time job, just past the west gate stop sign.

Ji Feng didn't get off the bus, he just looked around through the window but didn't see Xiao Yu's shadow. After thinking about it, he decided to call Xiao Yu later, it was not possible for her to be on her way now.

"Young Ji, Xiao Yu is over there." Bai Zhu suddenly said.

"Hmm?"

Ji Feng immediately looked in the direction of Bai Zhu's finger and immediately found that Xiao Yu was coming from the south. Ji Feng was just about to get out of the car, but he found that beside Xiao Yu, there was another boy, and the two of them seemed to be exchanging something, while Xiao Yu was keeping her head down.

This discovery made Ji Feng a little curious, what was Xiao Yu's relationship with this boy?

The weather was still a bit hot, but he was wearing formal shorts and a short-sleeved shirt, which looked very formal.

Ji Feng then looked at Xiao Yu and found that this girl was wearing a pair of seven-point jeans, a white t-shirt on top, her long hair was tied into a ponytail, the whole person was full of youthful energy and very beautiful.

"It's no wonder!"

Ji Feng smiled faintly, as far as this girl Xiao Yu was so pretty, it was normal for boys to be attracted to her. Besides, there were very few college students nowadays who didn't fall in love, and Ji Feng didn't feel any surprise.

"Bai Zhu, I'll go down first, you park the car." Ji Feng said, pushing open the car door and got out of the car, walking towards Xiao Yu duo.

"Xiao Yu, not that I'm talking about you, next time you encounter such a guest, don't be weak and retreat, and don't argue with him either, arguing with that kind of person won't do you any good."

As soon as Ji Feng approached, he heard the boy talking, he seemed very mature and stable: "When you encounter such a person again, don't be afraid, tell me directly, I'll handle it. For sure you won't get hurt!"

Xiao Yu nodded slightly, "I know. Thank you, Senior Ouhai."

The boy known as Ou Hai smiled and waved his hand, saying, "What's there to thank, I should take care of you!"

Xiao Yu didn't say anything.

Ji Feng looked secretly smiling, what, the little girl was shy?

However, Ji Feng also noticed how Xiao Yu addressed the boy, Senior Ou Hai. Since she addressed the other party as senior, that meant they were not yet boyfriend and girlfriend?

Thinking of this, Ji Feng observed for a while longer, only to see that Ou Hai would be educating Xiao Yu in a way that she had come to know what to pay attention to when facing the kind of guests, while on the other hand, she was addressing Xiao Yu in a kind of intimate way or some seemingly unintentional actions in her words.

But Xiao Yu didn't respond much, but she didn't reject it much either.

Ji Feng then saw that this boy should like Xiao Yu, but the two of them had not yet formalized their relationship, and most importantly, Xiao Yu was afraid that she did not like this Ou Hai much yet.

"Xiao Yu, next time you encounter something like this, remember what I said today, or else I'll have to criticise you." Ou Hai said again.

"I remember."

Xiao Yu nodded and said.

Only then did Ou Hai nodded in satisfaction and said, "Let's go, I'll take you back to the dormitory."

Xiao Yu was busy saying, "No need, I have to wait for my brother. Senior Ou Hai, thank you, I'm already here."

Ou Hai immediately said, "Eh! That won't do, didn't you see the way that man looked at you today? I'd better drop you off at the dormitory, then I'll ask your brother to pick you up at the bottom of the dormitory."

"No need really, Senior Ouhai, thank you"

"Xiao Yu!"

At this time, Ji Feng but a faint smile, shouted, and waved his hand to Xiao Yu: "This way!"

When Ji Xiaoyu heard Ji Feng's voice, she immediately looked over, her eyes smiling into a crescent moon: "Third brother!"

Ji Feng smiled as he went over and said, "Girl, why did you suddenly remember to invite me to dinner?"

“Isn’t it right for me to treat Third Brother to dinner!” Ji Xiaoyu smiled cheekily, “Besides, it’s been Third Brother taking care of me these past few years, and I’m getting paid today, so of course I have to show it.”

Sure enough!

Ji Feng guessed that this girl must have received her salary, so he couldn’t wait to show it, “What, you’re just treating me alone?”

“What!”

Ji Xiaoyu snapped, “I’ve already given my sister-in-law a gift, and I was going to give you a gift too, but I didn’t know what to buy, so I thought about it and finally decided to treat you to dinner.”

Ji Feng instantly smiled, the little girl had grown up too.

“Then what are you going to treat me to?” Ji Feng asked with a smile, “I have a very tricky taste!”

“Then what?” Xiao Yu asked, “What do you want to eat, Third Brother, I’ll take you to eat it.”

Ji Feng laughed harshly, “What I want to eat is very expensive.”

Xiao Yu said, “Third brother, you’re too much, I’ve only received two months’ salary after a long time, do you want to eat it all for me? No, just listen to me today and simply go eat hot pot!”

Ji Feng also stopped teasing her and said with a forced laugh, “Alright, ugh, you’re really sincere with this treat.”

Xiao Yu then wrinkled her nose, obviously displeased with Ji Feng’s flirtation.

“Xiao Yu, this is

At this time, Ou Hai came forward and suddenly spoke up and asked, “Aren’t you going to introduce me?”

Xiao Yu was busy saying, “Oh, sorry! Third brother, let me introduce to you, this is my colleague, the head of our sales department, and also our senior, Ou Hai. This is my third brother, Ji Feng.”

“Oh?”

Ji Feng then glanced at that Ou Hai, Xiao Yu was working as a sales consultant in a Ford 4s shop, this Ou Hai was the sales supervisor of the 4s shop?

He smiled and extended his hand, “Hello senior Ou Hai, thank you for taking care of Xiao Yu.”

“Where where where!”

Ou Hai waved his hand repeatedly, seemingly a bit nervous, then he remembered that Ji Feng wanted to shake his hand, he also hurriedly extended his hand to shake you Ji Feng: “Xiao Yu is very intelligent, and I’m her senior, it’s right to take care of her.”

Ji Feng smiled and let go of his hand.

It could be seen that Ou Hai should know him or have heard of him, this could be seen from Ou Hai's performance, and even, Ou Hai probably knew his identity, otherwise he wouldn't be nervous.

"Xiao Yu is still out of school and doesn't know much about many things in society, so if she has done anything wrong, please forgive me more." Ji Feng said with a smile.

"Third Brother!"

Xiao Yu then became a little discontented.

Ou Hai, however, nodded his head repeatedly, "Don't worry, I will definitely take care of Xiao Yu."

As he spoke, Ou Hai looked at Xiao Yu again and smiled, "Xiao Yu, see, your third brother has handed you over to me, I will definitely take good care of you in the future!"

Xiao Yu's pretty face instantly blushed at the comment.

However, Ji Feng frowned slightly, Ou Hai's words were a bit inappropriate, what do you mean he had given Xiao Yu to him?

Recalling the conversation between the two of them that he had just heard, Ji Feng was a little wary of this Ou Hai.

"Senior Ou Hai, you can't make this joke casually, if Xiao Yu's father hears about it, he's afraid he'll flay my skin!" Ji Feng said half-truthfully.

"Huh"

Ou Hai was stunned and then smiled a little unnaturally.

Ji Feng smiled and said, "Alright, Senior Ou, we still have things to do, so we won't keep you."

The smile on Ou Hai's face then stiffened before he smiled as if nothing had happened, "In that case, then I won't bother you guys, Xiao Yu, see you tomorrow!"

Xiao Yu immediately nodded, "See you tomorrow!"

Looking at Ou Hai's back, Ji Feng suddenly asked, "Xiao Yu, does he like you and is pursuing you? Do you like him?"

Xiao Yu said in a panic, "Third brother! What are you talking about! I just think of him as a friend!"

Ji Feng smiled and said, "But he doesn't think so, moreover, I'm afraid he has quite a few ideas"

Campus Master Chapter 2547

In the end, Ji Feng and the three of them chose a hot pot restaurant near the school. Since it was summer vacation, most of the students had gone home and only a very few stayed at school, so there were very few customers in the hot pot restaurant, and Ji Feng and the three of them chose a relatively secluded corner.

As soon as they sat down, Ji Xiaoyu asked, "Third Brother, what did you mean by what you said just now? Why did you say that Senior Ou had a lot of ideas?"

Shaking his head and smiling, Ji Feng said, "Xiao Yu, does Ou Hai know who you are?"

"I don't know!" Ji Xiaoyu said, "Third brother you know, even our good sisters in the same dormitory, I haven't said anything about my family, Senior Ou and I have only known each other for two months, so how could he know!"

"And yet I feel as if he knows." Ji Feng said.

"Huh?"

Ji Xiaoyu was surprised and asked, "Why? How did he know?"

Ji Feng pointed at himself and said, "Because he seems to know my identity!"

His identity was not something too confidential at United University, and although not many people knew about it, it was definitely quite a lot. Because certain students and teachers at United University had clashed with him, not to mention that there were some students in this school who still had a lot of backgrounds and parents who were in the system, it wasn't that difficult to know his identity.

"Then how does Senior Ou Hai know your identity?" Ji Xiaoyu asked in confusion.

"He probably heard about it from someone else!" Ji Feng said, "Think about it, if he has heard of me and then see that you are my sister, then would you say that there is still a need to say more about your identity?"

"In that case"

Ji Xiaoyu hesitantly said, "But what does that mean? Third Brother, are you trying to say that the reason why Senior Ou Hai was like that was because he knew my identity, that's why"

Ji Feng asked, "Which kind?"

Ji Xiaoyu blushed and snapped, "Third brother, you're nasty! You obviously know it!"

Ji Feng held back a laugh and said, "What a coincidence, I really didn't know."

Ji Xiaoyu was forced to say, "It's just that he's pursuing me!"

"Oh..."

Ji Feng suddenly realized and said, "So that's what you're talking about, what, Ou Hai has already started pursuing you?"

Ji Xiaoyu then blushed slightly and said, "You haven't answered my question yet!"

Ji Feng couldn't help but laugh and didn't tease her anymore, he just laughed and said, "Xiao Yu, when it comes to relationships, of course it depends on your own will, no matter what decision you make, I will support you, but you must see clearly before making a decision, don't be blind, this is the advice that Third Brother gives to you."

Ji Xiaoyu nodded and said, "Third Brother, I know you are doing it for my own good, don't worry, I won't make a hasty decision. And I just consider Senior Ou Hai as a friend."

“Then you have to be clear about what you mean and let him know.” Ji Feng said, “Don’t dislike people and give them likes at the same time.”

“Mm, I understand.” Ji Xiaoyu nodded her head.

She knew what Ji Feng meant by that, many girls like the feeling of being chased by men, and enjoy it, very much, so they often play ambiguous with some guys, and if they are, so that many guys are turned on by it, to show their charm

A hot pot, which cost more than a hundred dollars, was eaten happily, especially by Ji Xiaoyu, who was able to treat Ji Feng to a meal with the money she earned from her part-time job.

After settling the bill, Ji Feng and Bai Zhu sent Ji Xiaoyu back to the dormitory, but on the way he unexpectedly received a phone call from Ji Shaolei.

“San’er, brother is getting married.” Ji Shaolei said.

“Getting married? That’s good!”

Ji Feng immediately laughed, but then he asked, “Ee? No, I remember that your wedding day is not scheduled for early spring next year? How come you’re getting married now?”

In the early spring of this year, that is, after the Spring Festival, Ji Shaolei and Xiang Yurou got engaged, the ceremony was not big, both sides carried out very low-key, that is, the parents of both sides sat down together for a meal, of course, father Ji Zhenhua also went, but other than that, both sides of the younger generation were not present, so Ji Feng also did not go.

But he was aware of Ji Shaolei’s wedding date, so how come it’s suddenly early now?

Ji Shaolei said, “This is the family’s intention, and Yurou’s family is not opposed to it, and it was only set yesterday.”

Ji Feng was still a bit puzzled, “How come the family suddenly moved up your wedding date?”

“It’s not because recently some people wanted to bounce around, our family was a bit stressed, so we moved up the wedding date a bit.” Ji Shaolei said, and then he hemmed and hawed, “Of course I’m the happiest, you don’t know, your sister-in-law that is a little pepper, said something about not being able to that without getting married, I go!”

Ji Feng couldn’t help but smile, but his heart couldn’t help but sink, has the pressure at home reached such a point that he needs to rely on this kind of near marriage to find allies?

Once Ji Shaolei said this, Ji Feng immediately understood what was going on.

The reason why the family would advance the wedding date of Ji Shaolei and Xiang Yurou, I’m afraid the intention is to show to outsiders, mainly to those who are foolish enough to want to take advantage of the opportunity to tear a piece of meat from the Ji family or even want to completely bring down the Ji family.

The marriage between the Ji family and the Xiang family is definitely quite noteworthy, it's definitely a strong combination!

Of course, the two big families will definitely not come together just because of the marriage of such a small pair of characters, the family relationship is not that simple, ultimately it still depends on the interests, but, at least there is such a link between Ji Shaolei and Xiang Yurou, both sides will take this into account, both sides will always be tilted in some issues position.

And that, that's enough!

The marriage of these two huge families at the top of the pyramid in both military and political circles is enough to throw a pot of cold water on some people with bad intentions!

It was enough to pour cold water on some people with bad intentions!

But Ji Feng's heart is a bit uncomfortable, the family wants to bring forward the wedding date of Ji Shaolei and Xiang Yurou, using this way to deter some people, obviously because of the pressure they are under!

This, however, was most likely because of the impact caused by the launch of the new chrome alloy, the Ji family's development was too fast and too huge, which made many people feel uneasy.

And in the end, the root of this matter still lay in his own body.

Ji Feng couldn't help but clench his fists, wanting to grow up, is it really that hard?

"I'm just talking to you so you can be prepared." Ji Shaolei said, "Alright, I won't talk to you anymore, I'm going to go steal some fun, talk back."

Without waiting for Ji Feng to speak, Ji Shaolei hung up the phone.

Ji Feng couldn't help but shake his head and smile, holding the phone and thinking about it, before putting it away.

"Third brother, who's getting married?" Ji Xiaoyu asked, "I think I heard it was second brother?"

"That's him."

Ji Feng nodded and said, "Second brother is getting married."

"Really?" Ji Xiaoyu instantly rejoiced, "That's great! Third brother, you've even graduated this year, when are you planning to get married?"

"Me?!"

Ji Feng smiled faintly and said, "Soon too, it won't be too long."

He had said to himself in his heart that as soon as he graduated, he would marry Tong Lei, this was also the promise he had made to Tong Lei in his heart, and this would still not change now.

Just

Ji Feng took a look at Bai Zhu and then thought about the others, he couldn't help but shake his head and let out a soft sigh.

Marriage is a good thing, but when Ji Feng heard the news, his heart was a little heavy, and when he returned home that evening, he called his father, Ji Zhenhua.

"Dad, is there a lot of pressure at home?!" Ji Feng asked.

"It's fine!"

Ji Zhenhua's voice was calm and gentle as he said, "Didn't I tell you, do your thing without worrying, don't worry about the rest."

Ji Feng, however, said, "Just now second brother called me, the family has advanced his wedding date, and it's still at this time is this a way to deter some people?"

"There are many ways to deter opponents!" Ji Zhenhua said, "Only, the marriage between Shao Lei and the Xiang family's maid is not a union, and this way can also serve to deter some people, plus some other considerations, so the wedding date was moved up a bit."

Ji Feng was silent.

It was true that the marriage between Ji Shaolei and Xiang Yurou was not strictly speaking a political union, as there were feelings between them, and it was not something that both parents had settled on directly without regard for their feelings.

However, the fact that they were able to make their father and second uncle decide to bring forward the date of second brother's marriage already showed that his father was under no small amount of pressure.

Ji Feng realised that although there was no direct collision this time, I was afraid that in the face of the joint siege of two or even three powerful factions, his father would have to do his best to deal with it.

"Dad, you don't have a sure win, do you?" Ji Feng asked.

"No thing is absolute, you don't need to worry about these things, still the same words, do your own thing." Ji Zhenhua said.

Ji Feng nodded silently, but had other plans in mind.

"Right, you take time to go to Jinling and tell your Auntie Li and your sister about this news." Ji Zhenhua said.

Ji Feng was stunned and nodded slowly, "I'll go there in the next two days."

He didn't ask his mother if she knew, he only did what he had to do, his sister was just like him, she had also been away for many years, she also had the same right to enjoy her father's love.

Having ended the conversation with his father, the heaviness in Ji Feng's heart eased somewhat, his father's composure gave him no small amount of confidence, even though he knew that he might be facing a lot of trouble this time, but at least, they were not without a fighting chance.

“Southeast, the Wu family.”

Ji Feng pondered, deliberating.

Although he didn't know much about what was going on up there, he knew that these were definitely two huge factions, with some people even ranked as giants.

So, how should one break the game?

Ji Feng narrowed his eyes and deliberated in his mind as his fingers kept tapping on his leg, faster and faster.

“Pa!”

Ji Feng's hand slapped on his leg and said in a cold voice, “If I can't beat you all together, can I still not beat one of you! Since you guys want to play a joint game, then I'll give you guys a crack at each other!”

Campus Master Chapter 2548

The next morning, Ji Feng got up early as a matter of habit and after simply packing his bags, he took Bai Zhu and drove to Jinling.

Although there was a lot of external pressure and a lot of uncertainty, these matters were not urgent, so Ji Feng planned to go to Jinling first to inform Li Yueqin and his sister Li Yantong.

This kind of thing must be very contradictory for Li Yueqin and Li Yantong, especially at Ji Shaolei's wedding site, where they would definitely meet Xiao Sumei, which I'm afraid would be very awkward.

Ji Feng knew that if he didn't go to pick up, Li Yueqin would definitely not come.

Even if he went himself, it was not even clear if she would come.

But Ji Feng had to go, the matter of the previous generation, which is right or wrong is no longer the point, things have already been like this, always have to face.

I believe that after such a long time, my mother must have figured it out, otherwise, I went to Yunshan to look for Li Yueqin and her daughter, and received them to Jinling, if my mother did not agree, she would have counted herself out.

But it was obviously unrealistic to ask her to invite them, but at least she had acquiesced, and that was a good sign!

Jiangzhou was not very far from Jinling, and Ji Feng and the two of them set off in the morning, driving at top speed all the way, and it was only just eleven o'clock when they arrived in Jinling.

But as soon as they entered the city of Jinling, the situation was completely different, the traffic situation on the road was obviously worse and traffic jams started.

It was still only noon, not the peak commuting period. Ji Feng couldn't help but shake his head, the traffic problem, in many big cities in China, was an extremely serious problem, traffic had even become a major obstacle to the development of the city, the time wasted on the road alone was an extremely frightening figure.

The car had no choice but to slowly work its way forward, and by the time it reached Li Yueqin's house, it was already past twelve o'clock. But to Ji Feng's surprise, when he arrived at the downstairs where Li Yueqin lived, as soon as he got out of the car, he saw Li Yueqin standing at the staircase with a vegetable basket, not knowing what she was saying to someone.

Opposite Li Yueqin was a young man in his twenties or thirties, who was standing on the stairs of the ground floor, blocking the way, talking with his mouth and gesturing with his hands.

Ji Feng immediately walked over, wondering if Li Yueqin was in some kind of trouble.

"Auntie, I truly like Yan Tong, why do you just not agree with us being together?" As soon as Ji Feng approached, he heard the young man saying something to Li Yueqin, and his emotions seemed a bit agitated, "Auntie, if there's anything you're not happy with about me, I'll definitely change."

Li Yueqin said, "Xiao Liu, I have told you, I am not dissatisfied with you, I just think that you and our Yan Tong are not suitable, you are not the same person, you can't get along. For your sake, and for the sake of our family Yan Tong, it is better for you to separate."

The young man known as Xiao Liu said excitedly, "Auntie, Yan Tong and I have a really good relationship and we get along very well, I think the two of us will definitely be able to live happily for the rest of our lives, I don't know why you would say that?"

Li Yueqin shook her head and said, "Xiao Liu, a lifetime is long and no one can predict what will happen in the future, so I don't believe in promises the most."

Xiao Liu just choked for a moment.

Ji Feng was likewise on his feet, Li Yueqin's words were obviously not meant to squeeze this young man called Xiao Liu, but rather with feeling.

"Xiao Liu, it's not that I reject you, you're a good kid, I've also heard about you from Yan Tong, you're very hardworking and motivated, I believe you'll definitely be able to achieve good results in the future." Li Yueqin's voice was calm, not as excited as Xiao Liu's, "But, you and our Yan Tong really don't fit."

Xiao Liu asked helplessly, "Auntie, I don't know what's wrong with me and Yan Tong!"

Li Yueqin said, "There are so many things that make you inappropriate, we come from different places, our own habits are different, and"

"Auntie, do you dislike my lack of money?" Xiao Liu interrupted Li Yueqin and asked with some emotion.

"Xiao Liu, you misunderstand, I have never"

"I know, my family situation is not good, my family has no money, but I will definitely work hard, and I promise that I will definitely be able to buy a house in Jinling within the next year, with my current salary, if you agree to me and Yan Tong being together, we will definitely live a happy life in the future."

Li Yueqin shook her head and said helplessly, "Little Liu, do you think I'm stopping you from being together because you don't have any money?"

“Isn’t it?” Xiao Liu asked, “Yes, your living conditions are very good, living in such a big house and living well, but I believe that I will have all these things later, and in a very short time”

“If you would like to think so, then you can think so!” Li Yueqin said, “I’m going home to make dinner, bye.”

“Auntie”

Li Yueqin, however, simply ignored him and lifted her foot to go upstairs next to Xiao Liu.

Xiao Liu’s words disgusted Li Yueqin, she was not willing to talk anymore and did not want to waste any more time because she felt that she could not make sense with Xiao Liu at all.

“Auntie, don’t rush off.” Ji Feng walked over quickly.

When Li Yueqin heard Ji Feng’s voice, she immediately turned around and saw that Ji Feng was walking over with a smile on his face, she was immediately a little surprised, “Ji Feng, what brings you here?”

Ji Feng then smiled, “It’s been a long time since I’ve been here, so I came to see you and my sister.”

He was very happy in his heart because this time when Li Yueqin saw him again, there was no longer the unnaturalness that he had before, of course the barrier was definitely still there, but it was not as strong as before, although Li Yueqin did not go so far as to say that she treated him like family, but at least she was not very repulsive towards him.

That’s good!

Ji Feng secretly said, and the smile on his face became even brighter: “Auntie, just back from buying vegetables? I’ll carry it!”

And then he took the basket from Li Yueqin’s hand without saying a word, and when he saw that there was fish inside, he smiled, “Just in time, Auntie’s fish soup is my favourite, so it looks like I’ll be able to feast on it again today.”

Ji Feng’s cheerfulness also infected Li Yueqin, and a smile appeared on her face, “Since you like to drink it, just come more often in the future.”

Ji Feng smiled and nodded, “Then I can take it seriously.”

Li Yueqin also couldn’t help but shake her head and laugh, the two of them went upstairs while talking, Bai Zhu followed behind, as for that Xiao Liu was completely left to the side.

“Auntie!”

Xiao Liu shouted reluctantly, “Yan Tong and I truly love each other, I will make you approve of me!”

Li Yueqin, however, slowly went upstairs as if she had pretended not to hear.

Xiao Liu stared at Ji Feng’s back with a wary look in his eyes and a kind of hateful glint, secretly saying, “Is this the person she’s disagreeing with about me and Yan Tong because of?!”

The scene of Ji Feng and Bai Zhu getting down from the BMW x6 was not far away Xiao Liu could of course see it, and he naturally knew that Ji Feng was a rich man. Moreover, Ji Feng was tall and sturdy,

with a tough and handsome face, he was a rich second generation at first glance, so Xiao Liu immediately understood the reason why Li Yueqin rejected himself.

“Humph!”

Xiao Liu grunted heavily and left in anger, his face ironic.

And as he passed by the BMW x6, he stopped in his tracks and stared at the car for a while, gritting his teeth a few times as if he was hesitating, but in the end he glanced at the car with hatred and turned to walk away.

“Auntie, who was that man just now?”

When he arrived at Li Yueqin’s house, Ji Feng and Bai Zhu changed their shoes and sat on the sofa, he couldn’t help but ask, “I heard you guys talking just now, it seems like he was courting my sister and you disagreed?”

“Ugh! Don’t mention it!”

Once she heard Ji Feng mention this, Li Yueqin couldn’t help but sigh and said, “That young man just now was called Liu XXX, a reporter from Jinling TV, and he talked to your sister for a few days, then after I had a few contacts with this young man, I found that he was not suitable with you your sister, so I let them separate.”

Ji Feng said in his heart that this was really the case, it was really the relationship problem between this Liu XXX and his sister that was opposed by Auntie Li.

“As a result, who would have thought that he would be waiting for me downstairs today, and he just wouldn’t listen to me after I said so much.” Li Yueqin shook her head.

“Then what is my sister’s attitude?!” Ji Feng asked, “What does she think of this man?”

“She?!”

Li Yueqin seemed a little helpless once she mentioned her daughter and said, “If only I knew what your sister thought, that girl didn’t know which tendon was wrong, she insisted that Liu XXX was good, saying that he was something down-to-earth and willing to work, a real person, a more honest person ”

Once said, Li Yueqin can’t help but complain a little, look at Ji Feng, she suddenly added: “Right, I’m going to call her to come back, when the time comes, you also help me to persuade her, don’t let her take the bull by the horns.”

Ji Feng smiled and nodded, then asked, “Auntie, I think this down-to-earth and willingness to work, being truthful or whatever, are all merits, how come you still disagree with it instead?”

Li Yueqin said, “Xiao Liu is not a bad young man, and he has a lot of merits, but there is one thing about him that I really can’t accept.”

Ji Feng asked, “What is it? A serious flaw?”

“It’s not really a flaw.”

Li Yueqin said, "This little Liu, too inferior!"

Ji Feng was stunned, "What?!"

Li Yueqin said, "I don't know if it's because Xiao Liu's family situation is not good, so he is particularly sensitive in some things, and he also has a rather low self-esteem when it comes to talking and doing things, sometimes if you just make a thoughtless remark, he might take it to heart, and I heard Yan Tong say that he doesn't seem to have any friends, and this is something Yan Tong doesn't like either. "

"Low self-esteem"

Ji Feng couldn't help but frown.

Campus Master Chapter 2549

Everyone has flaws and strengths that others can't match.

When we meet people who are better than ourselves, we may be envious, we may be jealous, and we may be ashamed of ourselves.

However, if there is a type of person who will think about their own shortcomings and flaws all the time, and feel that they are no match for others or even have no face, and cannot hold their head up when they walk, this is a strong inferiority complex.

People with low self-esteem, however, behave differently.

No matter what others say, he will associate himself with them, extremely sensitive and fragile.

Ji Feng also heard what Liu Xie said when he arrived, and he took it for granted that Li Yueqin opposed his sister's affair with him because his family had no money and he was too poor, and he even became very emotional, and in his heart he was afraid that he felt humiliated.

This was indeed a bit too inferior!

"People can't be without flaws, everyone has them, so I don't have high requirements for your sister to find a boyfriend, as long as the person is decent, treats your sister well and doesn't lead a too hard life."

Li Yueqin sighed, "As for whether the family is rich or not, how successful he will be in the future, these are not so important, as long as your sister feels good, and the two of them can get along together and live their little life happily in the future, that's enough. Otherwise, if people don't treat your sister well, what can they do even if they have a million dollars?"

Ji Feng nodded slightly, pitying the heart of the parents.

"But this little Liu has too low self-esteem."

Li Yueqin shook her head and said, "He may look like he has strong self-esteem to outsiders, but in reality, many people can't tell the difference between self-esteem and low self-esteem, and this little Liu is one of them. A man can be incompetent, but he must not have an inferiority complex, or he won't be able to stand up straight! I can't let your sister live with a man like that for the rest of her life!"

Ji Feng said, "Auntie, have you told my sister all these things?"

Li Yueqin nodded and said, "Why didn't I say that."

Ji Feng asked, "Then can she listen to it? What does she think about it?"

Li Yueqin shook her head and said, "She, alas! Your sister's character you should know, she is the kind of soft-hearted person, and soft, and this little Liu will coax her, a few good words, all day long sweet and sweet, don't all little girls like these?"

Ji Feng then couldn't help but laugh.

"Later on, after I came into contact with this little Liu a few times, I realized that this little Liu was too inferior, so I also told your sister about it, and I saw that she listened to it." Li Yueqin said, "But as far as your sister's character is concerned, how can she let go of it just like that? Her heart doesn't know how hard it is."

Ji Feng slowly nodded his head, for a person who takes relationships seriously, the end of every relationship will be a painful torture, humans are emotional animals, no one can avoid this.

Whether it was a sour and somewhat sweet crush, or a strong and passionate love, it was all the same.

Of course, those who just play around and never know what emotions are all about, naturally do not have such feelings.

But Li Yantong is obviously not this kind of person, so Ji Feng can completely understand what it would be like for her to be torn up in her heart about breaking up with a person she likes.

Then, it wasn't incomprehensible to break up with someone.

"So, did my sister she really recognize the nature of this Liu XXX, or did she just listen to you?" Ji Feng asked.

"The way I see it, I'm afraid she's only doing it to listen to me."

Li Yueqin couldn't help but shake her head and said, "I've lived most of my life and can see some things clearly, but your sister has only just come into contact with society after all, so how can she tell so clearly?"

Ji Feng said, "Then why don't you just let her recognize the nature of Liu XXX?"

Li Yueqin shook her head and said, "How can it be that easy? This girl might have been coaxed into a dizzy state by a few words from Xiao Liu, so how can she still see clearly?"

Ji Feng then smiled and nodded, indeed, people who fell in love had a drastic drop in IQ, how could they think calmly?

"She will always see clearly." Ji Feng said, "At that time, she will be able to understand your good intentions."

"But it's not a solution for her to drag on like this." Li Yueqin said, "What I'm most worried about now is your sister's personal problems, she's also at the age of marriage, and many people her age have children who are already a few years old"

Ji Feng laughed: "Auntie, you don't need to rush, my sister is so outstanding, she definitely needs to find the best one, she ah, it's fate has not arrived yet."

"Ugh!"

Li Yueqin just couldn't help but shake her head, fate hadn't arrived yet, I really didn't know when it would.

Li Yantong came back quickly and was very happy to see Ji Feng. Even though the two siblings did not see each other much, the kind of blood kinship that originated from their bones still easily allowed them to establish a good relationship, so Li Yantong and Ji Feng got along very well.

"Ji Feng, talk to your sister and persuade her as well." Li Yueqin gave Ji Feng a wink and turned around to go cook, leaving Ji Feng with a dark, bitter smile.

Letting himself persuade his sister? Frankly speaking, Ji Feng really didn't know how to ask.

It wasn't that Ji Feng was afraid of his sister's anger, but because he didn't know anything about the person called Liu XXX, so he couldn't make a rash comment.

If it were Xiao Yu, Ji Feng could say a few words, such as yesterday's situation, Ji Feng could see at a glance that the man called Ou Hai was not pure-minded, and that pursuing Xiao Yu might not be the first priority in terms of feelings, so he could give Xiao Yu a warning.

But about this Liu XXX, he knew almost nothing.

"Little Feng, did my mother say something to you?" Li Yantong asked in a low voice.

"Didn't say anything either, just about that buddy called Liu XXX, Auntie said a few words." Ji Feng laughed, "Sis, how come you didn't even tell me when you fell in love."

"I knew that's what she was talking about!"

Li Yantong was then a bit speechless and said helplessly, "I've already promised her not to get involved with Liu XXX, and she's still not sure!"

Ji Feng laughed, "Sister, don't complain, Auntie is doing this for your own good, Auntie has enough life experience, she must see people more clearly than we do, she won't harm you, right?"

Li Yantong said bitterly, "I understand. But in this matter of emotions, sometimes you don't have to use reason to judge, Little Feng, you should understand when I say this, their previous generation looks at emotions differently from us."

Ji Feng nodded and said, "Well, I agree with that. But what auntie said is actually not without reason, sis, I still agree with auntie's opinion, you can first distance yourself from that Liu 30 and try to look at him with a kind of onlooker's eyes, if you still think he's good at that time, then it's really good."

Li Yantong asked, "Little Feng, after listening to your aunt, do you also think Liu thirty is not good, that's why you advised me like this?"

Ji Feng laughed: "Whether it's good or not, you'll only know after you've pulled away and seen it, or you'll only know if you've been really close for a while, but I think it's best to pull away a little, so it's too late to regret it."

Li Yantong naturally understood what Ji Feng meant beyond the words, her pretty face reddened a bit and she glared at Ji Feng, "Brat, you think sister is that undisciplined, huh?"

Ji Feng just smiled, it was good to hear and understand.

Next, the two siblings did not continue this topic, but chatted idly, after all, this matter is still a personal relationship issue, others can give advice, but can not make decisions for her, even if they are close siblings.

Moreover, Ji Feng came here this time because he had something else to say, and he decided to work through his sister first.

"What?"

Li Yantong was a little surprised at her words, she hurriedly lowered her voice, glanced back at the kitchen and found that her mother was in the kitchen and did not notice, only then did she ask in a low voice, "Attending cousin's wedding?"

"Yes, second brother is getting married, dad wants you and auntie to attend as well, and has specifically called me."

Ji Feng said, and without waiting for Li Yantong to speak, he hurriedly added, "Sister, I know you might be conflicted in your heart, but no matter what, we are always close siblings, and Ji Shaolei is also your cousin, so it is only natural to attend his wedding."

Li Yantong then fell silent, her expression somewhat complicated: "Little Feng, this is too sudden, I'm not mentally prepared"

"I understand."

Ji Feng nodded and said, "But, think about it sister, your life is good now, but dad is still around after all, you can't just not see him for the rest of your life, besides no matter how much you reject it, this fact can't be changed, don't you think so."

Li Yantong was still silent.

A moment later, she said, "Little Feng, can you let me think about it, it's too sudden!"

Ji Feng immediately nodded his head, "Of course it's okay. Sister, there is no way for us as juniors to change how things were in the past, since we can't change them, then we have to learn to adapt, at least, living a happy life is the most important thing."

Li Yantong nodded silently, her education level was even higher than Ji Feng's, so why didn't she understand this truth?

"Actually"

Li Yantong hesitated for a moment and suddenly said, "He he came to see me."

“Hmm?”

Ji Feng was stunned: “Who?”

Li Yantong said, “It’s him.”

Seeing the somewhat complicated look on his sister’s face, Ji Feng suddenly had a bright flash of light in his mind and instantly understood who she was referring to when she said this ‘he’, he immediately asked, “Sis, you mean that dad came to see you?”

Li Yantong nodded, “..... hmm.”

As she spoke, there was still some unnaturalness, the word dad, she could not yet call out, because she had not felt the warmth that these two words brought since she was a child, but her emotions at the moment were extraordinarily complicated.

When Ji Feng smiled, he couldn’t help but be surprised and asked, “Sis, when did dad come to see you?”

Campus Master Chapter 2550

“Keep your voice down!”

Li Yantong said in a panic, “My mother doesn’t know about this yet, I didn’t dare to tell her!”

Ji Feng nodded and lowered his voice, “Sister, when did this happen?”

Li Yantong said, “Once was about a month after we first came to Jinling, when he came to see me at school, and another time was a few months ago, when he went to the unit where I did my internship.”

Came twice?!

Ji Feng couldn’t help but be surprised, because he hadn’t heard about this at all, whether it was from his father or his mother, he hadn’t heard a single whisper. But soon, some warmth flowed through Ji Feng’s heart, because he knew another side of his father again from this point.

The father was not a cold and heartless person, he loved his son, but also missed his daughter, that’s why he quietly came to Jinling, and even went to his sister’s school and internship unit, I’m afraid, to see with his own eyes where his sister was studying and working.

This, too, was a way for him to express his father’s love.

And when he looked at the complex and imperceptible hint of happiness on his sister Li Yantong’s face, he couldn’t help but smile.

This news was the best news Ji Feng had heard in a while, and I don’t know how it happened, but Li Yantong telling him this news instantly cleared away the gloom that had been squeezed into his heart for a while, and his whole being was much lighter.

But after having dinner, Ji Feng’s good mood was gone, and the one who was also not in the mood was Li Yueqin.

Hearing Ji Feng explain his intention, the smile on Li Yueqin’s face immediately disappeared without a trace, and it was impossible to tell whether she was happy or angry.

Ji Feng could only say with a stiff upper lip, "Auntie, in fact, the truth is that you understand better than I do, as I said before, no matter what happened in the past, but there is one thing that cannot be changed, she is my sister, she has a father"

"Little Feng, this is the end of the matter." Seeing her mother's displeased look, Li Yantong hurriedly said, while giving him a wink, "Don't say anything about this."

"There are some things I still want to say!"

Ji Feng said sincerely, "Auntie, you all know what kind of character I have, I never tell lies to my relatives and I don't want to beat around the bush, in a word, my sister can't be fatherless forever, right? She will talk about boyfriends, she will get married, and she will have children, I think, when she is bullied outside, she also wants to have a father to help him out, she also wants her husband to have a father-in-law, and her children to have a grandfather"

"Little Feng, don't say it."

Li Yantong's eyes were red, her nose was sore, and her voice was a little off.

Ji Feng but still said, "Auntie, I'm not being pretentious, it's from my heart, I don't know how to handle things between your elders, and it's not my turn to worry about it, but my sister's matter is something I have to manage and should manage, don't you think so?"

Li Yueqin did not say a word, still expressionless.

However, Ji Feng found that the sunken colour in Li Yueqin's eyes had slightly eased.

"I won't say anything else, auntie, think about my words and thank you for the delicious meal you cooked today." Ji Feng said, "Auntie, then I'll go back first, I'll see you again some time later."

"Sister, I'm leaving." Ji Feng said to Li Yantong again.

Li Yantong nodded, holding back the hard feelings in her heart, and said, "Little Feng, drive a little slower on the road, and be safe."

Ji Feng walked away.

Li Yantong, however, was a little worried, afraid that her mother would be too angry, so she hurriedly said, "Mom, don't be angry, Little Feng is still young, he still doesn't know what to say nonsense"

"Sigh"

Li Yueqin let out a long sigh, her gaze fell on her daughter's face, looking at her daughter's slightly red eyes, her gaze softened as she asked, "Tong Tong, tell mum the truth, those words of Little Feng have spoken to your heart, right?"

Li Yantong didn't answer, but when she heard her mother's words, her eyes became more crystalline, tears welling up in her eyes, her nose sore.

Without saying anything, Li Yueqin saw the look on her daughter's face and understood what was in her mind and thoughts.

Li Yueqin could not help but be silent.

“Mum, I won’t go.” Seeing this, Li Yantong thought her mother was angry and sad, and panicked to comfort her, “I’ll stay at home with you, I won’t go anywhere, I won’t see anyone

“Silly child.”

Li Yueqin stroked her daughter’s head and said, “There is one thing Xiao Feng said right, you are his sister, this cannot be changed, you, too, need your father

Li Yantong’s tears fell with a snap.

Li Yueqin sighed: “In fact, there are moments when I subconsciously think of Ji Feng as family, if we put aside other things, I even talked to him about you today, at that time, I was in a bit of a trance, almost really thought I was talking to my son, discussing my daughter’s feelings

Li Yantong can no longer hold back, a moment to lie on his mother’s lap, whimpering and crying.

.....

On the way back, Ji Feng smoked a rare cigarette in the car. Although the car is equipped with an air purification system and ventilation circulation system, but Ji Feng generally still will not smoke in the car, not only just because of the second-hand smoke on the white beads, but also because he does not like to affect other people because of smoking, even if it is his lover.

But this time, Ji Feng couldn’t help but light up a cigarette as a way to calm his somewhat agitated mood.

The news that his father had already visited his sister, and more than once, made Ji Feng very happy, which is why he said those words to Li Yueqin with such emotion.

Because from the act of his father quietly coming to visit his sister, he experienced his father’s feelings, which were very complicated, seemingly with guilt, compassion, and also some not knowing what to do.

This feeling has nothing to do with status.

Even the fact that his father had come to visit his sister in Jinling, his mother might not even know about it until now and had been kept in the dark, but Ji Feng was not the least bit displeased, instead he was full of joy.

What made Ji Feng even happier was that after he had said those words, he saw a hint of relief in Li Yueqin’s gaze. Ji Feng seemed to be able to see himself and his sister sitting next to his father at the same time one day soon, talking about something or nothing whatever!

On the way, Ji Feng made a phone call to Tong Lei to ask her about her situation over there, and learned that she was accompanying Tong’s mother on her shopping trip, which made Ji Feng smile faintly.

When he returned to Jiangzhou, it was all a bit dark, and Ji Feng wanted to go home directly so that he could also discuss the work of the Tengfei Group with you Xiao Yuxuan, but at this time, he received a phone call from Xiang Yongzhan.

“Older brother, come over now if you have time, there’s something to tell you.” Xiang Yongzhan said.

“What is it?!” Ji Feng asked.

“You should come over first.” Xiang Yongzhan said.

Ji Feng then understood, it seemed that there were some things that were not very convenient to say over the phone, so he said, “Alright then, I can probably get there in an hour or so.”

Xiang Yongzhan laughed, “Then you’re here just in time for dinner, let’s have a drink together.”

Ji Feng laughed: “I was afraid you wouldn’t be able to!”

Xiang Yongzhan was not convinced: “You have a big mouth, okay then, I’ll prepare the food and wine, just waiting for you to come!”

Jokingly, Ji Feng hung up the phone, “Bai Zhu, go to the military compound.”

When he saw Xiang Yongzhan, this guy was holding the telephone handset in one hand and a pen in his right hand, bending over his desk not knowing what he was doing by writing and drawing on the paper, when Ji Feng went over to look, he found that it was an abbreviated map, but he didn’t know which place it was, and there were some words written on it.

“Bare’s surface, dark red.”

“Unnamed.”

“Soft texture, low hardness, density unknown for now ……”

Ji Feng didn’t see any clues, so he asked, “What does this say? Where is the map from and why can’t I see the name of the place on it?”

Xiang Yongzhan gave him a look, his mouth hmmm’d in response, after a moment, he said, “Keep searching, plus bring back some of the samples for testing immediately, be quick, but also pay attention to strict confidentiality! Well, that’s it!”

Pop!

Hanging up the phone, Xiang Yongzhan laughed, “You kid came fast enough. Where’s Bai Zhu?”

Ji Feng hummed, “She’s my person, why are you so concerned?!”

“……”

Xiang Yongzhan said helplessly, “Alright, forget I asked.”

Ji Feng asked, “What are you looking for me for?”

“Of course it’s a good thing!” Xiang Yongzhan said, “Remember those batches of drugs we brought back from the dynasty’s underground base? There were also modified humans and some other supplies, and now the results of the experimental analysis of the drugs have come out, and the results of the analysis of the bodies of the modified humans have also come out, so I purposely asked you to come over and take a look.”

“The results are out? Bring it to me for a look!” Ji Feng said immediately. He did want to know the results of the analysis, no matter if it was the drug or the results of the body analysis of those transformers.

Because through this one could get a side view of the dynasty’s progress in science and technology, and at the same time there might be unexpected gains.

“Alright then, come with me!”

Xiang Yongzhan put away all the maps and papers on the table, then locked the desk drawer and checked it carefully again before he went out with confidence, “The analysis results are in the safe in the data room, I looked at them, I know every word, but what they mean when combined together, I don’t quite understand.”

Ji Feng said, “It’s scary to be uneducated.”

Xiang Yongzhan hummed, “I can’t help it, I don’t like school by nature, that’s why I ended up in a miserable job, putting my head on the waistband of my trousers to fight the enemy all day long, which is not as comfortable as you kid!”

Ji Feng ignored him, the best way to deal with people who are still selling themselves short is to ignore them.

The two came to the information room, Xiang Yongzhan first let Ji Feng register, sign, and let the surveillance take pictures, then Ji Feng still had to wait in the reading area, Xiang Yongzhan went alone to bring out the information, and only then did Ji Feng see the analysis results.

But just after scanning it, he couldn’t help but be secretly surprised.
