

Campus Master 2561

“Su Mei, are you thirsty? Just in time, I have homemade canned pears at home, I’ll take you to try them?” Finally, the wife of the eldest, Xiao Guoliang, was the first to sit up.

Xiao Su Mei did not react for a while, and was slightly stunned, wondering when her sister-in-law had become so polite, her sarcastic face had made Xiao Su Mei’s memory deep.

But before Xiao Su Mei could say anything, I heard the fifth Xiao Su Pei giggle: “Sister-in-law, I know my little sister’s taste best, she doesn’t seem to like sweet things too much, yes, I made some glutinous rice sausages at home earlier, I remember my little sister used to like them the most ..... little sister, I left them in the car I’ve left the stuff in the car, why don’t you come with me to get it?”

“Old Five, Su Mei has just sat down, you should not let her work.” The old lady said.

“Mother, it’s alright, the stuff isn’t heavy, I just haven’t seen little sister for a long time and want to talk to her.” Xiao Supe said with a smile.

Xiao Su’e, the fourth oldest, opened her mouth to say something, but she wanted to say something but stopped. Seeing her like this, the man sitting beside her hurriedly touched her, but Xiao Su’e’s face showed a difficult look.

The oldest couple, Xiao Guoqing, however, was eyeing the situation and sitting there in an old-fashioned manner without saying a word, but from time to time they made a wink to Xiao Su Mei, as if to hint at something.

It was only at this point that Xiao Sumei finally saw the doorway.

Dare I say, these brothers and sisters were so enthusiastic about her, but not out of the affection between them, but because they wanted to please themselves.

The indifference and sarcasm back then had made her feel no trace of warmth from her family, and now these people’s ingratiating was also extremely hard for her.

These people, have they never treated her as their own family?

Ji Feng looked on coldly, but in his heart he knew very well that there were many siblings in the countryside, living conditions were not too good, and they had not received much cultural education, especially after they had set up their own families, the kind of kinship between each other was still there, but it was impossible to say how strong it was, especially for the older generation.

The mother had not seen them for many years and had long since lost her original affection for them.

It was sad to say.

“Su Mei, don’t listen to their nonsense, just sit here and talk to me, don’t go anywhere.” The old lady couldn’t stand it anymore, seeing Xiao Su Mei in a difficult position, she couldn’t help but say.

“Hmm.”

Xiao Su Mei nodded, but never mentioned going out with them, she knew that these people wanted to call her out, just wanted to talk to her alone about asking for her help, and also wanted to get ahead of the others.

When the others saw that the old lady had intervened, they said nothing more, because after all, these brothers and sisters had to take care of each other's faces.

However, the siblings did not say anything, but the daughters-in-law could not help themselves, seeing how prosperous the Lao Er family was, buying cars and houses, and even having spare money to buy a house for the old man and wife.

"Mother, it's not right for you to say that." The elder Xiao Guoqing's wife couldn't help but bristle and say, "Su Mei is here to see you, but we can always talk to her, right?"

"Yes. Sister-in-law is right."

"Stop it, all of you!" The old lady stomped her foot in anger, "Look what you've become, all of you. Aren't you afraid that the children will look at you and laugh?"

"We're just thinking of the children!"

Xiao Guoliang's wife said, "Look at my family, Yuan Gong, he can't find a good job, he wants to start a business but he doesn't have the capital, do you want him to go on like this for the rest of his life? Mother, you also want your grandson to be successful, don't you?"

The old lady stopped talking.

As the saying goes, the youngest son and the oldest grandson are the lifeblood of the old lady.

The old lady did love him, and the old man loved him the most. Now that the oldest daughter-in-law was using this as an excuse, the old lady really couldn't deny it.

Seeing that the elder sister-in-law had moved her son out, the others also spoke of their young children.

"Look at Yuan Hui, the second brother's family, he is going to school in the city, that condition is much better than the countryside, our family can't do that ....."

"That's right, mother, you can't be too biased ....."

Ji Feng looked at the rowdy scene and couldn't help but shake his head and grin, "Heh."

Xiao Su Mei also looked at the frown, can't help but secretly sigh, this family can really ..... make her really don't know what to say.

The old lady was also embarrassed, turned her head to look at Xiao Su Mei, hesitantly said: "Su Mei, you look at ....."

Xiao Su Mei could not help but shake her head and said, "Mother, this is really not a good thing to do. You don't understand my situation, I actually had some trouble making a trip out."

As Ji Zhenhua's wife, Xiao Su Mei wanted to go out that will certainly alarm a lot of people, there must be a guard around to do so, now followed by a guard, this is already a breakthrough, Xiao Su Mei does not like to trouble others, so she generally try not to go out.

As for helping, it was even more troublesome, it wasn't that she didn't want to help, but she knew that she couldn't.

"Su Mei, come here."

Just then, the old man's voice suddenly came from the hall.

Xiao Su Mei stood up as soon as she heard it, said 'Father is calling me', and hurried to the hall.

It was not known what the old man was talking about with Xiao Sumei in the hall room, but just a few moments later, the old man could not help but coldly snort: "Humph! You really have hardened your wings ....."

Boom!

Ji Feng stomped his foot on the ground outside, his face sunken, and he stood up violently.

Bai Zhu hurriedly pulled his sleeve: "Ji Shao, Madam explained that she wouldn't let you be impulsive, so calm down."

Ji Feng shook his head and sat down again.

And at this time when the others took a look at Ji Feng's fire, at once that group of relatives who were originally whispering all immediately shut up and looked at each other for a few moments.

Not long after, Xiao Su Mei came out of the hall, but her face was not too good, followed by the old man also came out of the hall, came to the courtyard and said, "I just told Su Mei, several brothers and sisters she can not help, but the little children underneath, she can not care."

Ji Feng immediately looked at his mother, but saw a hint of helplessness on her face, he immediately became angry and gave the old man a look, unable to help but frown.

But when the others heard this, they couldn't help but rejoice, all wanting to get over and say a few words to Xiao Su Mei.

"So, how do you guys want my mother to help?" But at this time, Ji Feng asked indifferently.

"....."

Everyone was stunned.

Ji Feng sat behind the gate, slowly smoking a cigarette, and asked, "Should I give money directly, or help in some other way?"

The old man said, "It's fine to give money, but it's best to find them a good job."

"That's a good deal."

Ji Feng nodded slowly and said, "According to reason, when our family is developed, it's all right in itself to help our relatives, but there's one thing I want to know, who's family needs help, all of you? Which of your families can't eat or are you having a hard time making ends meet?"

"....."

Seeing that the crowd was a bit dazed, Ji Feng smiled lightly, casually put out his cigarette and said, "As I see it, except for the third uncle's family, which is living in some difficulty, everyone else is living an okay life, right? Well, I see the clothes you are wearing, they are not bad at all! Besides, even if Third Uncle's family is living in poor conditions, that's still his own doing, right?"

"Little Feng!"

Xiao Sumei chided, "What are you talking about!"

Ji Feng smiled, "I just don't quite understand, since each of your families can't worry about food and clothing, how do you want us to help?"

The old man said, "They don't worry about food and drink, but the little children down there don't have a good future yet ....."

"How can I help?" Ji Feng said, "What good prospects can I give them?"

"Isn't your family well-off, it shouldn't be hard to find a good job for them, right?" The old man asked.

"Ugh!"

Ji Feng shook his head and said, "It's not hard to arrange an errand, even if I keep them it's not a big deal, but ....."

He smiled faintly, "On what basis?"

The old man was stunned, "What on what basis?"

Ji Feng asked, "Why should I keep them? Is it really that easy to find a good job? Are they up to the task? Most importantly, why should I help them?"

The old man choked for a moment.

Xiao Sumei was just about to chide, when she heard Ji Feng say, "I would like to ask you all, from the time we entered the house until now, has anyone ever asked a single question about how my mother's health is, has anyone ever cared about her for a moment? Relatives, is that what it is?"

The group of people were suddenly said to be blue and white for a while, and Xiao Sumei was so uncomfortable in her heart that she glared at Ji Feng repeatedly.

But Ji Feng but as if ignoring the general, he must finish his words today, originally Ji Feng are no longer care about the previous things, but since coming to the Xiao family manor after what he saw, let him really is too disappointed, to put it nicely some this is called rivers and mountains easy to change nature hard to change, to put it nicely hard words .....

"My money is not a big wind, I do not owe you anything!"

Ji Feng said in a deep voice: “The reason why I helped my second uncle, that is because my second uncle is an honest and honest person, and, back then when everyone called me a wild seed and a bastard, only my second uncle could still give me a mouthful of food, I repay the favor, this one is not right?”

Seeing Ji Feng’s harsh eyes sweeping by, no one dared to make contact with his gaze.

Ji Feng suddenly smiled: “I wonder, where did you guys get your bottom from? Now you can actually say such things!”

The group of people were all embarrassed by Ji Feng’s words, and none of them could hold their faces up.

What had they done back then, and how could they themselves not be clear about it?

Originally, seeing that Xiao Sumei and Ji Feng were talking and laughing with them after they came this time, they had deliberately faded away the previous matters themselves – people could always remember other people’s mistakes deeply, but could easily forget their own mistakes.

However, Ji Feng’s words were like a resounding slap in the face, slapping them hard and unmercifully in the face.

Campus Master Chapter 2562

There was no mercy at all!

The faces of all the people present were blue and white, Ji Feng’s voice was not high, but it was heartbreaking, leaving them speechless and embarrassed.

The old man couldn’t even say a word. Ji Feng’s blatant opposition to helping the others and even questioning them without mercy made the old man’s face very embarrassed, something he hadn’t expected.

He also wanted to save face, so he had to ask Xiao Sumei to go in the house, but he could not pull his face down and come out of his own accord.

Xiao Sumei was furious and stood up to smack Ji Feng, scolding him, “Little bastard, get out of here!”

Ji Feng was beaten and scurried away, but Xiao Guoqing and Bai Zhu hurriedly pulled Xiao Su Mei.

“Su Mei, Xiao Feng is also an adult, you can’t hit him like this!” Xiao Guoqing said hurriedly.

“Madam, don’t be impulsive, be calm!” Bai Zhu also hurriedly discouraged.

While they were pulling on Xiao Sumei, Ji Feng hurriedly scurried out, ran straight to the car, started it and drove away. Only then did Xiao Sumei give up, but the look on her face was obviously still angry.

The old man stood there, his face blue and white with anger, grunted, turned around and went into the house.

The old lady, however, could not help but let out a soft sigh, not knowing what to say.

After Ji Feng had made such a mess, everyone could not stay here anymore, but they wanted to leave but were unwilling to do so. At this time, they heard Xiao Su Mei say, "Mother, I have something to do, so I will go back first."

The old lady hurriedly said, "Why are you leaving just after coming back? Su Mei, you ....."

"Mother, I still have to stop by my second brother's place, why don't you come with me, there's room at my second uncle's house anyway." Xiao Su Mei suggested.

"Then ..... ask your father if he's going?" The old lady was a little heartened.

"No!"

Xiao Sumei was just about to ask, but before the words could come out, the old man's exasperated voice came from the house.

The old lady said angrily, "If you don't go, I'll go! Damn old man, you're the one who's been fooling around all day, I won't listen to you this time!"

The others tried to discourage them, but the old lady gave them a good scolding: "You too, which one of you is having a bad time? What? Why do you have to be greedy? Why do you have to be greedy? Think about what you did to Su Mei in the past, and now you're dragging her down instead of making it up to her, because you're all older than her."

The people present were embarrassed by the old lady and eventually, they all left in disgrace.

After the old lady left, the old man hurriedly came out, but there was no one outside.

Ji Feng drove his car and waited at the entrance of the village, and did not go far. When several people got into the car, Xiao Su Mei was the one who counted him out, only to be stopped by the old lady.

It was not until they reached second uncle's house that Xiao Sumei found the opportunity to speak to Ji Feng alone.

"Brat, no manners at all, who told you to make a scene there?!" Xiao Sumei reprimanded.

"Mom, you saw the situation at that time, if I didn't stand up for myself, God knows what they would have pestered you into." Ji Feng said, "Grandpa too, he actually gave you a direct order, it was really ....."

At that time, although they were in the house, others couldn't hear what the two father and daughter were saying, but Ji Feng could hear it clearly, the old man was giving Xiao Su Mei an order that she had to help.

It was only when Ji Feng heard this that the fire in his heart was instantly triggered!

"Mom, once I make a scene like this, you'll be able to talk much better, right?" Ji Feng laughed heatedly.

"Just you can!"

Xiao Su Mei glared at him.

Ji Feng said, "Mom, it's really not that I'm unkind for the rich, it's really because these people they don't even look like relatives at all, to say that they're all having a hard time is just fine, even if they used to go too far, now I will help, but the problem is that they're not having a hard time, they're just greedy and want to get something for nothing!"

"Besides, if I make such a fuss, it will save you the trouble!"

Ji Feng heatedly laughed: "Besides, now that Grandma has followed, those relatives you want to visit in the future, you can go and see them, it doesn't matter if you don't want to go, anyway, don't you just come here to see Grandma at second uncle's place?"

Xiao Su Mei glared at him, but didn't say anything.

In fact, she naturally knew that her son was right, it was a sadness to have such relatives.

But after all, they were all brothers and sisters, so what could she do? Moreover, the fourth Xiao Su'e is actually not the kind of person who is sarcastic and mean, but the man she married is not good, so she also follows some of that .....

"All right, go and talk with your second uncle, I'll go and see your grandmother." In the end, Xiao Su Mei did not say anything else.

After this drama, other people are also embarrassed to come, Xiao Su Mei is rather living a good life in Xiao Guoqing's house, but after a few days, she will have to go back, also can't stay here all the time.

Although the old lady was a bit sad to leave, she knew that her youngest daughter would come back often in the future.

When she was leaving, Xiao Su Mei urged Xiao Guoqing, saying, "Second brother, father there, you also go back often to see ....."

She knew what kind of person her old man was, so she didn't need to gamble with him on this matter.

Xiao Guoqing said, "Don't worry, in a couple of days when dad's anger has subsided, I'll go and bring him over, usually they are two old people at home, no one asks except for Lao San who will occasionally visit!"

In the past, when Xiao Guoqing hadn't moved to the city, he and Lao San were the only ones who would often visit their parents' place, the others just seemed to forget that there were still parents, or they would only go over when there was something going on.

So now the old man was alone at home, and Xiao Guoqing was sure he wouldn't be able to stay for two days!

Xiao Su Mei sighed lightly, but her heart was not so worried anymore, and she also knew that when Xiao Guoqing received her parents around, I was afraid that in future there would be almost no contact between her and her other siblings, which was almost like cutting off the relationship between them.

This made Xiao Soumei a little melancholy, "Second brother, it's hard for you here with father and mother."

“Isn’t this the way it should be!” Xiao Guoqing waved his hand and said, “Su Mei, in fact, father is just like that, you also know that he is not good, but who let us have such a father, what can be done? Don’t worry too much about it!”

“Second brother, I know.” Xiao Su Mei nodded, how could she not know in her heart what kind of character her own old dad was?

In the end, Xiao Sumei left.

After running around for most of the day, it was already dark after returning to Jiangzhou, but Xiao Sumei didn’t stay in Jiangzhou much, she just rested for the night and took a flight back to Yanjing early the next morning.

Although she also wanted to stay with her son in Jiangzhou, she knew that Xiao Yuxuan would be uncomfortable with her here.

The next step is to get ready to get married to Lei Lei if you don’t go to graduate school.

Ji Feng nodded with a bitter smile, “Mom, am I the kind of person who messes around?”

“You’re still not?!”

Xiao Su Mei hummed, “I even want to knock you to death! You bastard ..... see for yourself how many flings you’ve gotten into, and that little girl beside you is deeply in love with you, right?”

Ji Feng was stunned: “Which one?”

Boom!

Xiao Su Mei gave him a chestnut: “And which ..... you dare say Bai Zhu and you don’t have that kind of relationship?!”

Ji Feng was stunned and asked offhandedly, “How do you know?”

“You think your mother is blind ah? That girl’s eyes are turning into water when she looks at you, even a blind person can see what kind of relationship you two have!” Xiao Sumei grunted, “When are you going to save me the trouble, you bastard!”

“Hey!”

Ji Feng laughed dryly and rubbed his hands, “So, mum, it’s not what you think.”

Xiao Su Mei hummed, “I don’t care what it is like, anyway, I have to remind you now that no matter what you do or how you behave, you have to be responsible and have a conscience! Don’t you forget why I took you to live in Mang Shi County for more than ten years! What you’re doing now is much more excessive than what your father did back then, and you want one of those few girls to follow in our mother’s footsteps too?!”

Ji Feng was horrified.

“Think about it yourself!” Xiao Su Mei glared at her son, “If you really break people’s hearts, you won’t even be able to cry when the time comes!”

“.....”

Ji Feng was full of bitter smiles, wanting to explain to his mother, but not knowing where to start, he could only send her to the plane amidst his mother's counted voices.

However, after Xiao Su Mei left, Ji Feng was in the car park of the airport, smoking a cigarette.

His mother's words just now had struck a chord in his heart.

He didn't want his woman to follow in his mother's footsteps, absolutely not! But his mother's words gave him a sudden shock .....

The actual fact is that you will be able to get a lot more than just a few of these.

That said, it also gave him a wake up call and gave him some vague ideas in his heart.

But before Ji Feng had time to be melancholy, he received a phone call.

Seeing Rong Suyan once again, one cannot help but feel a sense of amazement, and the same goes for Ji Feng. Rong Suyan seems to have this characteristic, and after not seeing her for a while, she seems to be a little more beautiful, but most importantly, she has an aura about her that makes you unconsciously attracted to her .....

Campus Master Chapter 2563

The place where Ji Feng and Rong Suyan met was in the cafe upstairs opposite Rong Suyan's Rong Ventures. Rong Suyan asked for a private box and sat opposite Ji Feng.

Today's Rong Suyan is not too beautifully dressed, in a professional outfit, but she looks rather uncommon.

In the workplace, Rong Suyan seems to prefer to have her hair hanging down naturally, in which she is very different from Xiao Yuxuan, who prefers to tie her hair up, which also seems to be more competent and more convenient.

From this point on, one can see the difference in character between Rong Suyan and Xiao Yuxuan.

But to be fair, it was really hard to tell the difference between Xiao Yuxuan and Rong Suyan, and Ji Feng didn't want to tell, these thoughts just flashed through his mind, his gaze fell on this beautiful person with a special aura, and Ji Feng's mind involuntarily recalled the words his mother said to him when he was about to get on the plane.

Then, Ji Feng's heart was suddenly struck as if by something, and his gaze suddenly became clear.

“What are you looking at!”

Rong Suyan pursed her lips and smiled, reaching out her hand and waving it in front of Ji Feng's eyes, “So lost in thought.”

Ji Feng smiled and withdrew his gaze, “Nothing, I was just thinking, it's really a pity that Uncle Rong's entire skill is so wasted.”

This was not a courtesy, but Ji Feng's true thoughts.

Although Rong Peng was already a middle-aged man, he definitely had a great deal of skill.

The company's main business is to provide a wide range of products and services to the public.

Ji Feng said, "If it's possible, you should still give Uncle Rong a second chance."

"You think I haven't tried, huh?"

Rong Suyan couldn't help but shake her head and said somewhat discouraged, "These days whenever I come home, I almost always talk to him about this issue, but he doesn't even talk in this direction, I see, ah, he really doesn't want to come out and toss it around anymore."

"That's not tossing and turning, it's out of the mountain!"

Ji Feng corrected Rong Suyan's statement and said, "The way I see it, Uncle Rong is not because he doesn't want to come out of the mountain, but because he doesn't have confidence in me."

Rong Suyan pursed her lips and didn't admit or deny it.

"Speaking of which, this is also my responsibility!" Ji Feng couldn't help but shake his head, "At first, Uncle Rong moved his family to Jiangzhou because he trusted me, but I failed to fight the Wu family and let Uncle Rong down, he's afraid he's lost confidence in me ..... which I can all understand."

Speaking of this, Ji Feng also could not help but feel emotional.

In fact, the result of that failed trip to Southern Guangdong was one of the few fiascoes he had so far, especially the deep sense of powerlessness he felt at that time, which was more than Ji Feng could express.

"Young Ji, in fact, what you did was already very good." Rong Suyan said, "Really."

"Forget it, let's not talk about that."

Ji Feng shook his head and smiled, waving his hand, "Just have a chance to persuade Uncle Rong, talk about what happened today."

Rong Suyan nodded and casually took out a few sheets of printed paper from her bag and handed them to Ji Feng, saying, "Take a look, this is a list I made."

Ji Feng took the paper and looked at it carefully.

Rong Suyan explained it to him and said, "Here are a total of three sheets of paper, the first one lists all the private enterprises in the industrial sector that I know about, mostly in Southern Guangdong, with a few in Jiangsu and Zhejiang. On the second sheet are the state-owned enterprises, but of course almost all of these enterprises are behemoths, especially those involved in heavy industry, and there are quite a few with assets in the tens and hundreds of billions."

Ji Feng nodded slowly, the tens of billions or hundreds of billions sounded like a lot, but it was going to be quite normal for a heavy industrial enterprise.

Moreover, if it was the so-called market value of how much, it would be even more false.

“What about the two outside, this third one is a joint venture.” Rong Suyan said, “actually I do not want to collect information on joint ventures, but then think about it, or collected. But foreign enterprises well ..... I didn’t collect any of them.”

“Oh?”

Ji Feng looked up at Rong Suyan and asked, “Why?”

Rong Suyan’s beautiful eyes looked at him and said, “Because I know that you definitely won’t transfer the new chrome alloy to foreigners, even if it’s a joint venture, I’m afraid you won’t even consider it, right?”

Ji Feng was slightly stunned, then he smiled and asked, “Why do you say that?”

Rong Suyan pursed her lips and smiled, “Because you are this kind of character. In your eyes, whether it’s economic interests or reputation, or whatever, it’s never more important than the interests of the country, and in front of the interests of the country, you may make decisions that are not sensible from an objective point of view. To be more specific, you can almost be considered half a cynic!”

“Cynic?”

Ji Feng couldn’t help but shake his head with a smile and asked casually, “What, you know me that well?”

Who knew that when Rong Suyan heard this, she couldn’t help but have a hot face and lowered her head to drink her coffee without speaking.

Hmm?

Ji Feng didn’t wait for a reply and looked up, just as Rong Suyan was lowering her head, so he didn’t notice anything different, so he continued to read the list on the paper.

Rong Suyan had compiled a very detailed list, especially on the first two sheets of paper, listing private enterprises and state-owned enterprises respectively, and the advantages and disadvantages of these enterprises, their development potential and some other situations were all written on them, compiled in great detail.

Ji Feng couldn’t help but secretly nod his head when he looked at it. This is also Rong Suyan, if it were any other person, I’m afraid he wouldn’t be able to organize it in such detail.

The last time he visited Rong Peng, Ji Feng wanted to ask Rong Peng to come out, but the result was that he returned without success, but when he was about to leave the Rong family, Rong Suyan chased him out.

What surprised Ji Feng was that Rong Suyan wanted to try to cooperate with him and do something together.

Although he did not invite Rong Peng, Rong Suyan was a good choice, especially since Rong Suyan was also familiar with the industrial sector in Southern Guangdong.

It was not expected that so soon Rong Suyan would have compiled such a large list of enterprises, and it was written in such detail that it would not have been possible to write it without some detailed research.

It is clear that Rong Suyan must have put in a lot of effort.

“Suyan, this information is very well organized!” Ji Feng nodded his head in approval, “It seems like you really put your heart into it!”

“How dare you not put your heart into it when you work with you, Young Master Ji?” Rong Suyan teased.

Ji Feng shook his head and smiled, saying, “I’m rather lazy, so if you work with me, you should be mentally prepared for this.”

Rong Suyan asked, “What kind of psychological preparation?”

Ji Feng laughed: “The preparation of working more and getting paid less! If we work together, you’ll have to do all the work.”

Rong Suyan asked, “Then what are you doing?”

“I’m .....” Ji Feng smiled, “At most I’ll just provide guidance, the rest is all up to you.”

Rong Suyan raised her eyebrows and said, “That sounds like it’s not too bad, oh, I have quite a lot of power.”

Ji Feng shook his head and smiled, saying, “As long as you don’t feel tired, I can give you even more power, just in case you’ll complain then, that won’t be good.”

A company from the haystack to the real footing, in between how much work there is to do, how many things to do, is really a headache, if Rong Suyan wants to take over, when the time comes, I am afraid that just some of the preliminary work is enough to keep her busy.

Rong Suyan’s beautiful eyes looked at him and asked, “Are you really willing to give me a lot of power?”

“What’s not to be willing about that?!” Ji Feng laughed.

“How much power can it be?” Rong Suyan asked.

“How much power do you want?” Ji Feng asked with a smile, “If we cooperate, even if the Tengfei Group cooperates with you, if we want to set up a new company, we can take the company out independently and you will be in charge, what do you think?”

“Without having to be affiliated with the Tengfei Group?” Rong Suyan asked.

Ji Feng didn’t answer in a hurry, but asked, “What, you don’t want to be affiliated with the Tengfei Group?”

Rong Suyan smiled faintly, “I’m afraid that I won’t get along well with your Mr. Xiao.”

Ji Feng was stunned and couldn’t help but say, “How could .....”

The first thing you need to do is to get a good idea of what you're getting into. Is it to help me or to help her?"

Ji Feng was then a bit dumbfounded.

"Giggle ....."

Rong Suyan suddenly covered her mouth and laughed, "Okay, just teasing you! Mr. Xiao is so good, I'm sure I'm going to be willing to pay homage!"

Ji Feng but again, shook his head and laughed: "I told you, how can you two not get along well with each other, you are both so smart, you can definitely get along ....."

"Well, let's not talk about that for now."

Rong Suyan did not answer, just picked up a cup and took a sip of coffee before saying, "I'll make the plan first, if you think it's ok after reading it, then we'll discuss the formation of the company according to the plan, otherwise, everything is just empty talk, what do you think?"

Ji Feng smiled and nodded, "That's best, it's very appropriate."

At this moment, Rong Suyan's mobile phone rang, she picked it up and looked at it, and casually picked it up, "Xiaoyan, what's up?"

"Mr. Rong, that Mr. Bao is here again ....."

"Oh my god!"

Rong Suyan said helplessly, then stood up and went to the window, stretched her head to look down, and indeed she saw that familiar car parked downstairs, "I have something outside, you send him away for me."

Hanging up the phone, Rong Suyan still shook her head somewhat helplessly.

Ji Feng smiled and asked, "What, a suitor?"

Rong Suyan nodded helplessly and said, "I'm about to be pestered by him to jump off a building!"

Ji Feng couldn't help but laugh dumbfoundedly, "That serious?"

Rong Suyan sighed and said, "Actually it will only get worse!"

Ji Feng thought about it and couldn't help but ask, "Suyan, do you want me to help and talk to that suitor of yours so that he doesn't harass you anymore in the future?"

Campus Master Chapter 2564

Rong Suyan couldn't help but be stunned at her words, and then shook her head and laughed lightly, "Better forget it, I'm afraid that you two will fight again."

"Fight up?!"

Ji Feng couldn't help but shake his head and asked, "In your eyes I'm such a violent maniac?"

Rong Suyan pursed her lips and laughed: "That's not true, the key is that Mr. Bao ..... I want to beat him up violently when I see him!"

Ji Feng: "....."

"Okay, you go first, don't worry about me." Rong Suyan smiled and said.

"What about you?"

Ji Feng asked, "Aren't you afraid of that Gongzi Bao continuing to pester you?"

Rong Suyan shook her head and said, "I'll sit here for a while, he'll naturally leave if he can't wait for me."

"Just because he's gone now doesn't mean he won't come later." Ji Feng said, "It's better for me to help you."

As he spoke, Ji Feng casually picked up his bag from his seat.

Rong Suyan immediately asked, "Do you really want to go?"

Ji Feng nodded, "Of course, don't worry, I definitely won't make a move ..... unless that Gongzi Bao makes a move first."

Rong Suyan thought about it and also stood up, only she didn't promise or excuse herself, but followed Ji Feng right out of the cafe, and Bai Zhu, who was sitting in a seat not far away, saw this and immediately followed him out as well.

Rong's venture capital is on the office building opposite the cafe, Ji Feng they crossed the road and arrived at Rong's venture capital, just as soon as they reached the reception desk, a girl in charge of reception dressed in professional attire hurried over and whispered to Rong Suyan, "Mr. Rong, Mr. Bao is waiting inside ....."

"Inside?"

Rong Suyan immediately frowned slightly: "How come you let him in?"

The professional girl said helplessly, "Mr. Rong, I couldn't stop him, but I didn't let him go into your office, instead, I let him wait in the meeting area."

Rong Suyan said, "Next time, no matter who comes, no one is allowed inside without my permission, except for our company employees."

The female receptionist hurriedly nodded her head.

"Forget it, you are not to blame for this!" Rong Suyan shook her head again and said, "It's my fault for not arranging it properly, go to work."

"Yes."

Ji Feng smiled and asked, "It seems that this Mr. Bao is a regular customer here?"

Rong Suyan nodded helplessly and said, "In the last two months, he has been coming here at least three times a week almost every week, sometimes twice a day ..... Seriously, I'm going crazy with him!"

Ji Feng said, "Then why don't you just inform the security guards at the entrance and not let him in?"

"How can that work!" Rong Suyan shook her head, "We are opening our doors for business, how can we not let people in? If word gets out, we can't do business."

"Business also depends on who you are doing business with!" Ji Feng smiled, "Let's go, take me to meet this Mr. Bao."

"Leave me a little to miss ....."

As she was talking, Rong Suyan's mobile phone suddenly rang, she took it out and couldn't help but shake her head helplessly with a smile.

Ji Feng asked, "Is it that Mr. Bao?"

Rong Suyan nodded with a bitter smile, "It's not him ....."

"Hmm?"

Just then, only to see a figure walk out from inside, "Suyan, it's really you back! I heard the bell just now and thought I had misheard it ....."

"Hello, Mr. Bao." Rong Suyan put her phone away and greeted politely.

"Suyan, you still don't consider me a friend, I've told you a few times, just call me Wei Sheng directly, calling me Gongzi Bao seems too out of place." The man said with a smile on his face.

Rong Suyan smiled, but did not respond.

It was only at this point that Ji Feng had time to take a closer look at this Mr. Bao. Frankly speaking, if we are talking purely about looks, this Mr. Bao is definitely considered handsome, about 1.78 meters tall, not very stout, but a slender figure, and a suit that is not ordinary at first glance makes this man look very elegant.

Bao Weisheng, the heir of the Bao family on the island of Bao, the Bao family has a large scale of industry, involved in medicine, electronics and other high-tech and cutting-edge technology fields, is the new nobleman on the island of Bao.

This information was told to Ji Feng by Rong Suyan on the way back, the heir of a big family, young and golden, handsome and dashing, to say the least this is attractive enough, at least for many girls, just the heir of a big family is enough to make them move.

Now, in the face of Bao Weisheng's enthusiasm, Rong Suyan looked disinterested and only smiled politely, "Please come inside, Mr. Bao, Xiao Yan, pour water for Mr. Bao."

But Bao Weisheng waved his hand and laughed, "Su Yan, I can't drink any more of this water. In fact, as long as I see you, it doesn't mean anything to me whether I drink water or not."

Rong Suyan, however, smiled as if she had not heard, "Then please sit inside, Mr. Bao."

“Sit together!” Bao Weisheng said with a smile.

“Please!”

Rong Suyan made a gesture of invitation, but in her heart she was a little surprised, she originally thought that Bao Weisheng would definitely ask about Ji Feng’s identity, but she didn’t expect that he actually didn’t mention a single word from the beginning to the end, as if he didn’t see Ji Feng, completely ignoring him.

The first thing she did was to ask him about his identity, so she didn’t mention it, so as not to cause another conflict between Ji Feng and Bao Weisheng, which would be bad.

But what Rong Suyan didn’t expect was that after a few people sat down, Bao Weisheng was the first to speak up, looked at Ji Feng and asked, “Is this little brother ..... Suyan’s assistant? Or is he a senior executive in the company?”

Rong Suyan was just about to open her mouth to explain, but Ji Feng smiled faintly and said, “I am Suyan’s friend.”

“Friend?”

Bao Weisheng was slightly surprised and asked, “I’m sorry, it seems that I don’t know much about it, but I’ve known Suyan for a short time and I’ve rarely heard her mention her male friends ..... don’t know what little brother calls them?”

Ji Feng smiled, “Just because you don’t want to mention it doesn’t mean there aren’t any, many people don’t like to reveal too much privacy in front of outsiders.”

“That’s true!”

Bao Weisheng nodded with a smile and said, “I agree with this little brother’s statement, however, may I take the liberty of making a request?”

Ji Feng raised his eyebrows and said, “Since it’s presumptuous .....”

“Su Yan and I have some personal words to say, I wonder if little brother can slightly avoid it?”

As soon as Ji Feng spoke, Bao Weisheng directly opened his mouth and interrupted Ji Feng, as if he didn’t even intend to wait for Ji Feng’s answer when he asked that question before, but asked with a smile, “Since you are Su Yan’s friend, you must want Su Yan to be well, so I know you must be able to understand my presumption ..... ”

“Heh!”

Ji Feng’s eyes then narrowed slightly, this Gongzi Bao, he really wasn’t a frugal light!

As soon as he himself hinted to him that the matter between himself and Rong Suyan was Rong Suyan’s private matter, the result was that this Mr. Bao directly told himself in this way that he and Rong Suyan had private words to say to each other ..... This was a beautiful counterattack.

“Mr. Bao, he is not an outsider, just say what you have to say directly, it doesn’t matter.” Rong Suyan said.

“Well!”

Bao Weisheng nodded, but his gaze swept past Ji Feng and Rong Suyan without a trace and said, “Suyan, I actually came here this time to tell you that I might have to go back in a few days.”

Rong Suyan immediately asked, “Go back?”

“That’s right, I also came to Jiangzhou to expand the mainland market, and now the work has almost been completed.” Bao Weisheng said, “But I think the biggest gain from coming to the mainland this time is not the expansion of the market, but the fact that I have made you, a friend who is close to my heart.”

Looking at Bao Weisheng’s burning gaze, Rong Suyan averted her gaze slightly and said, “That’s my honour. Mr. Bao, congratulations on your work and good luck on your journey.”

Bao Weisheng nodded and smiled, “Thank you, I don’t believe in auspicious words, but this came out of your mouth, but it was extraordinarily flattering.”

Rong Suyan smiled.

“I was going to invite you to dinner today, a short farewell of sorts, but I didn’t expect you to have guests, so I won’t bother you.”

Bao Weisheng smiled and said, “I’ll tell you what, I still have one last business to visit, I’ll definitely make time to come out and keep you company when I’m done with my work.”

Rong Suyan shook her head and said, “Don’t let me delay Mr. Bao.”

Bao Weisheng smiled, “Let’s talk about it.”

Inadvertently, his gaze swept over Ji Feng, but he saw Ji Feng sitting there with a faint smile on his face. Bao Weisheng withdrew his gaze, stood up and gave Rong Suyan a slight nod in greeting, and smiled at Ji Feng again before he turned around and left.

The smile on Ji Feng’s face remained the same, but his eyes were slightly narrowed, the moment Bao Weisheng turned around just now, he seemed to feel a kind of harshness.

“Hoo~~!”

Just after Bao Weisheng left, Rong Suyan couldn’t help but sigh and rub her brow, “Now you know why I have a headache, right?”

Ji Feng nodded and said, “This Bao Weisheng, seems to be a character.”

Rong Suyan shook her head and said, “This person is extremely clear-headed, quick-thinking, and his words are so dripping that you can’t refute them, sometimes you can’t even say no, there’s a sense of powerlessness all over your body, the reason I didn’t let you come before was because I was worried that he would make you get off the stage.”

Ji Feng shook his head and smiled, saying, “This man is very smart, such a person would not let me down in front of you.”

Bao Weisheng was indeed very smart, although Ji Feng did not know whether this way of pursuing women by Bao Weisheng was correct or not, but one thing was undoubtedly true, although Rong Suyan was helpless, her impression of Bao Weisheng was undoubtedly all positive.

Smart, quick-thinking, clear-headed ..... These are all extremely good characteristics!

Most importantly, this approach of Bao Weisheng is undoubtedly what makes Rong Suyan have a deep impression on him.

Perhaps, this approach of Bao Weisheng is very smart too!

“This person .....” Ji Feng’s words came to his mouth, but he thought about it but wanted to stop. Originally he wanted to remind Rong Suyan that this Bao Weisheng seemed to be not simple and had a stern aura about him, but thinking about it he still didn’t say it.

Campus Master Chapter 2565

Because he knew that Bao Weisheng would be leaving Jiangzhou soon, Ji Feng didn’t care too much. After returning from Rong’s Ventures, Ji Feng went back to his work.

He had to make a trip to Jiangzhe in the near future because he didn’t want to be so passive all the time.

But to go to Jiangsu and Zhejiang, he had to make some achievements on this trip, or at least, he had to gain some advantages, otherwise, this trip would not only be a waste of time, but also a waste of time, and even if there were any mistakes, he might even give people a hard time and bring trouble to his family.

Therefore, Ji Feng had to prepare properly. He didn’t want to come back in the dust like he did before when he went to Southern Guangdong.

But that afternoon, Ji Feng received a call from Xiang Yongzhan.

“Older brother, the people have all been released, do you want to send someone to hand them over?” Xiang Yongzhan asked.

“What people?” Ji Feng was stunned, but he quickly responded, “You’re talking about those employees from the logistics transit station?”

“Who else could there be?”

Xiang Yongzhan said, “I’ve already checked things out, this matter was done by the supervisor who was run over, there were a few other employees who were in cahoots with him, but only participated in the withholding of goods and got some benefits afterwards, but didn’t know where exactly those goods were sent to.”

Ji Feng smiled and nodded thoughtfully, “Those few employees are just some minions, I’m afraid they were also instigated by that supervisor, this kind of thing, how could Dynasty let so many people know.”

Xiang Yongzhan snorted coldly, “Whether they knew about it beforehand or not, just by their kind of greedy behaviour, it has already caused serious consequences! I didn’t release those few people, I’ve

already notified the police to come and take them away, you should send someone to deal with this matter as well.”

Ji Feng frowned: “You handled this through the police?”

Xiang Yongzhan asked, “Is there any problem?”

Ji Feng slowly shook his head and said, “There’s no problem, I just think, isn’t it better to keep those few employees in the military?”

“Do you think I am a refugee camp here, anyone can be taken in?” Xiang Yongzhan said, “Anyone who can go to prison here is not a felon? How can they be worthy of that?”

“..... Forget I said it!”

Ji Feng also knew that the military generally disposed of people, there is a special prison, or a special area in the prison, but after the special forces disposed of, that are with felonies, such people are specially imprisoned, those few minions are indeed not suitable to stay with those people.

After thinking about it, Ji Feng said, “Alright then, I’ll send someone over to deal with it. By the way, the other employees you’ve detained haven’t suffered any shock, right?”

Xiang Yongzhan said, “No, it’s just normal interrogation, but there will definitely be some mental tension.”

When Ji Feng heard this, he understood that interrogations in the military would definitely not be as gentle as police interrogations at the local level, although in many people’s opinion, police interrogations were scary enough, especially with the frequent abuse of lynchings and the like, but compared to the military’s interrogation methods, it was still a small thing!

However, listening to Xiang Yongzhan’s tone those employees should not have been physically hurt and should have only suffered some shock.

Ji Feng then went straight to Tengfei Group, ready to ask Han Zhong to send someone to deal with it, but after arriving at Tengfei Group, he did not see Han Zhong, only Xiao Yuxuan was there.

Ji Feng asked, “Where is Han Zhong?”

Xiao Yuxuan casually pointed to the plant area at the back and said, “General Manager Han has accompanied his guests to visit the production workshop, he has been there for a while, he should be back soon.”

In the company, Xiao Yuxuan still tried her best to address everyone by their positions, and she kept a very clear distinction between public and private. Normally, if Han Zhong went to her home, she would be very warm and welcoming, after all, this was Ji Feng’s good friend, but in the company, she was Han Zhong’s boss, so naturally she had to set an example.

“A guest?”

Ji Feng asked casually, “Is it a client?”

Xiao Yuxuan shook her head and said, "No, it's a guest from Treasure Island who wants to inspect our group and is interested in cooperating with us."

Ji Feng keenly noticed Xiao Yuxuan's difference and immediately asked, "What, is there something wrong?"

Xiao Yuxuan's cicada head shook lightly, "It's nothing, it's just that the gaze of that guest made me a little uncomfortable, so I asked General Manager Han to accompany him."

Ji Feng then frowned and asked in a deep voice: "That person was unruly?"

Xiao Yuxuan shook her head and said, "I can't say ..... how to say it, it made me feel very uncomfortable anyway."

"Oh?"

Ji Feng said, "Then I'd like to see later, what's so special about this person."

Xiao Yuxuan said, "You should stay out of it, just let General Manager Han handle this alone, by the way, why are you here?"

Usually Ji Feng only came to the company once in a while, but today when he came he didn't even say hello.

"The matter over the logistics transit station is handled by the military." Ji Feng said, "But our employees seem to have suffered a little shock, you send someone over to take a look, pacify them and give some compensation, don't let people think that our company has no human feelings."

Xiao Yuxuan thought about it and said, "Then it's better for me to go there personally, it will be more formal and show our sincerity."

Ji Feng asked, "Is it too busy? You're so busy and running around again, don't get too tired."

Xiao Yuxuan smiled flirtatiously, "Little fellow, only now do you know to feel sorry for your sister? You put such a big mess on me, how come you didn't know to feel sorry for yourself early?"

Ji Feng walked behind her, squeezed her shoulders and said, "Yu Xuan, if you're really tired, then take a break, I'll find someone else ....."

"Teasing you, silly boy, can't you hear it?" Xiao Yuxuan giggled.

"But I'm serious." Ji Feng said, "It's indeed tiring enough for you to manage such a big mess all by yourself."

The rapid development of the Tengfei Group, managing such a large mess was indeed very taxing, which could be seen from the fact that Xiao Yuxuan often worked overtime, so Ji Feng naturally did not want Xiao Yuxuan to be too tired.

Xiao Yuxuan smiled tenderly, leaned her head back against Ji Feng's chest, closed her eyes to enjoy Ji Feng's massage and said, "Little guy, sister tired is also happy ..... well, don't say anything, it's enough that you can feel sorry for sister."

What else could Ji Feng say, he could only hold Xiao Yuxuan from behind and tenderly kissed her on her pretty face.

“Knock knock knock .....

As the room door was knocked, Ji Feng stood up straight and Xiao Ying pushed the door in, “Sister Yuxuan, General Manager Han and the others are back, do you want to go over?”

Xiao Yuxuan shook her head, “Forget it, I won’t go, you tell Mr. Han that I’ll go handle the transit station and just let him accompany his guests.”

Xiao Ying nodded, “Then I’ll go here, and then I’ll go prepare the car.”

Ji Feng said, “Wait, Little Shadow, you go with Yu Xuan, I’ll go talk on General Manager Han’s side.”

A few minutes later, Ji Feng saw at the entrance of the meeting room that Han Zhong was striding from the lift with a group of people, but as soon as he caught his eye, Ji Feng instinctively frowned slightly, why was it him?

And one of the people next to Han Zhong likewise frowned slightly when he saw Ji Feng.

“Heh! What a way to meet people in life!” That man immediately laughed, “I never thought we’d meet again here, it’s a bit surprising, isn’t it?”

“That’s right, it’s also unexpected for Duke Bao to appear here.” Ji Feng smiled.

It turned out that this one who had surprised Ji Feng was no other than the one who had met in Rong Suyan’s office this morning, the grandson Bao from the Bao family in Bao Island, Bao Weisheng!

Ji Feng couldn’t help but recall that Bao Weisheng had once told Rong Suyan that he had another business to visit, but he hadn’t thought that this business was actually the Tengfei Group.

“You guys know each other?” Han Zhong was also surprised, “Then there is no need for me to introduce you, Mr. Bao, please!”

“You’re welcome, Mr. Han, I won’t go in!” Who knew, but Bao Weisheng waved his hand, with a smile on his face, and said, “I can see this little brother here .....

“Oh, by the way, what’s your name?”

“Ji Feng!”

“Mr. Ji!” Mr. Bao nodded and smiled, “To be able to meet Mr. Ji here, I’ve already made the trip!”

“Oh?”

Han Zhong faintly froze, slightly surprised and glanced at Bao Weisheng, what did this mean? Why did it sound a bit off?

But at this time, Bao Weisheng had already taken a few steps forward and arrived in front of Ji Feng, his gaze fixed on Ji Feng.

Ji Feng also had a faint smile on his face as he locked eyes with Bao Weisheng.

“Little brother, what a surprise .....” Bao Weisheng smiled and shook his head, but exactly what it was that he didn’t expect, he didn’t say.

“It’s not too late to think of it.” Ji Feng smiled and said.

“That’s right!”

Bao Weisheng nodded and said, “It seems that your Excellency is the head of the Tengfei Group? At least one of the dons?”

Ji Feng asked, “Why do you think so?”

Bao Weisheng said, “Because, the woman I look up to, the people she befriends will not be too low in level!”

Firm, arrogant, that was Bao Weisheng’s tone, especially when his gaze was fixed on Ji Feng as he spoke, the whole person was full of intrusive`ness and appeared to be very stern.

Ji Feng knew that the ‘woman he had his eye on’ that Bao Weisheng was referring to was Rong Suyan.

In response to Bao Weisheng’s harsh and invasive attitude and body language, Ji Feng did not react much, but only said indifferently, “Is that so!”

Bao Weisheng also did not care about Ji Feng’s attitude, but said firmly, “Older brother, a word of advice for you, you have to believe that Rong Suyan will definitely be mine in the end, if I were you, I would be smart enough to put forward a reasonable condition and then be a man who knows what he’s doing, don’t you think?”

Ji Feng couldn’t help but bask at his words and asked, “Is Mr. Bao that confident?”

“Of course!”

Bao Weisheng wasn’t too overbearing or condescending, instead he nodded his head naturally, as if it was all natural, wild, and extremely confident.

Ji Feng smiled: “But .....” what will happen if I don’t know any better?”

Campus Master Chapter 2566

“Insensitive .....”

Ji Feng’s reply made Bao Weisheng smile slightly, as if he was not surprised in the slightest by this reply from Ji Feng, he just stared at Ji Feng and slowly shook his head.

“Older brother, those who know the times are handsome!” Bao Weisheng said.

“That’s right, I agree with that too, but it can’t be helped, I was born to be a person who doesn’t know what he’s doing.” Ji Feng looked calm, facing Bao Weisheng’s harsh aura and that extremely aggressive gaze, he seemed to be oblivious to it.

“It’s okay to be insensitive.” Bao Weisheng said, “Not everyone is very sensible either, but the most important thing for people is to be able to recognize the situation clearly and see themselves clearly.”

“To put it simply, that means people should have self-knowledge, right?” Ji Feng asked.

“That’s right!”

Bao Weisheng nodded slightly and said, “So I advise old brother, since old brother knows his shortcomings, he should try to correct them, you are still young and have a long time ahead, don’t let a shortcoming make you spend the rest of your life in remorse.”

After a pause, Bao Weisheng looked at Ji Feng and said with a smile, “This is my advice to you.”

Ji Feng smiled and nodded, saying, “This is also what I want to say to you, people, they can be ignorant, but they must know themselves!”

Bao Weisheng’s face changed, Ji Feng’s words were clearly saying that he was both ignorant and without self-knowledge, just to serve back to him what he had said.

His eyes narrowed imperceptibly, and Bao Weisheng suddenly shook his head and smiled: “That’s interesting. Ji Feng, right? Well, you’re very good, I rarely get to meet someone as interesting as you, let’s stop here today, we’ll definitely meet again in the future.”

Saying that, Bao Weisheng patted Ji Feng’s shoulder, but Ji Feng just slightly misplaced his foot, and Bao Weisheng’s hand slapped empty all of a sudden, sliding down close to Ji Feng’s shoulder.

Bao Weisheng was shaken and suddenly his body stumbled, and Ji Feng dragged him by the chest, but at this very moment, the left hand of Bao Weisheng’s hand was suddenly blocking Ji Feng and steadily standing ..... This process was complicated to say the least, but in reality it was over in just a flash of lightning.

“Older brother, don’t be too polite. I can still handle it.” Bao Weisheng stared at Ji Feng and said with a smile, “But this also shows that life is unpredictable, so you should be more careful in general.”

“I’m always careful.” Ji Feng said, “You take care too.”

Bao Weisheng’s harsh gaze flashed as he smiled, “That’s it, see you later.”

After saying that, he stepped aside from Ji Feng and passed by, but after taking a few steps he stopped muddled and turned around to look at Ji Feng, before he turned to leave again.

The others followed, and no one even said hello to Han Zhong or the other accompanying people from the Tengfei Group.

Ji Feng stood calmly in his place, not even turning his head back, but a sharp awning flashed in his eyes, and his eyebrows frowned slightly, but soon stretched out again.

Han Zhong took a few steps to him and hurriedly asked, “Ji Feng, what happened just now? You and Bao Weisheng know each other?”

Just now, although Bao Weisheng had been playing witty with Ji Feng, Han Zhong was able to hear that the relationship between Ji Feng and Bao Weisheng seemed ..... not too friendly.

The first thing that I did was to see how ungracious Bao Weisheng was to Ji Feng, and Han Zhong was even more puzzled and annoyed. When Bao Weisheng and the others came, Han Zhong was very polite

to them, and even accompanied them throughout the inspection of the production workshop, but I didn't expect that this would be the result in the end.

"What is Bao Weisheng doing here?" Ji Feng did not answer, but asked.

"To inspect."

Han Zhong said, "Bao Weisheng Bao Island Bao family people, Bao family's company involved in the field of medicine, and in the health care industry is also very influential, in the past with us have contact, just did not carry out cooperation, this time he is here to inspect. The Bao family is very interested in our Kang Yuan slimming powder, originally I also thought that after this inspection may be popped to cooperation matters, did not expect ....."

Ji Feng smiled and asked, "Since Bao Weisheng is interested in Kang Yuan Slim Powder, then why do you want to show him around the back of the workshop?"

Every project of the Tengfei Group has a special site, for example, Kang Yuan slimming powder, is produced in Xiao's pharmaceutical factory, while the factory behind the headquarters, only responsible for the production of special effects current, Bao Weisheng is interested in Kang Yuan slimming powder, it is enough to go directly to Xiao's pharmaceutical factory to visit, why do we need to go to the production workshop of special effects current at the back?

Han Zhong said, "Don't worry, I didn't take him into the workshop, I just looked at the control room outside."

Ji Feng shook his head and said, "We still need to keep an eye on it, something just happened at the transit station, the special effects current is flowing out in large quantities, a supervisor has already lost his life because of this, the military has also found out that quite a few people are also involved in this matter, this shows that even with the military's strict control, there are still people who have their eyes on the special effects current."

"I understand."

Han Zhong nodded his head. But anyone who had their eyes on the special effects current was definitely someone with power, such as a certain country, or an organisation.

Such a power was definitely huge and scary!

"It's just a look on the outside, you can't touch the core." Han Zhong said, "Even if he was allowed to enter the workshop, he wouldn't be able to get the formula, and the finished product would likewise be impossible to steal."

"Can't get the formula, can't steal the goods, but that doesn't mean some people don't have other ideas, this kind of thing is inherently defensible!" Ji Feng said in a deep voice: "Han Zhong, you must pay attention to this matter, in this regard in the future must not be sloppy and careless, no matter who it is, can not go behind at will."

Han Zhong nodded and said, "I understand. In fact, this time, I took Bao Weisheng to the back workshop, but I also want him to understand the strength of our group, so that we can also lay the foundation for future cooperation, who knows ....."

Ji Feng frowned and asked, "What, this Bao family's strength is very strong?"

To show strength is nothing more than worrying about people not seeing themselves.

"Very strong!"

Han Zhong nodded and said, "You may not know much about this area, the Bao family is definitely a big family that can be counted in the business world of Treasure Island, you know the number one mobile phone manufacturer in Treasure Island, right? It's the enterprise of the richest woman on Treasure Island."

Ji Feng asked, "You're talking about Hongda International, right?"

Han Zhong nodded and said, "That's right. This Bao family is definitely no match for Hongda's boss if we simply rank it by the assets of the individuals in the family, but to say that the total assets of the Bao family's businesses combined are comparable to Hongda International, and maybe even a bit more."

"The Bao family is that strong?" Ji Feng was stunned.

"What else do you think!"

Han Zhong said, "It is because the Bao family is so strong that I wanted to show them our strength, so that even if we cooperate in the future, both sides can be on an equal footing, but I never thought it would actually be such a result ....."

Ji Feng frowned and asked, "Since the Bao family is so strong, then why do they still want to cooperate with us?"

"You're really a shirker!" Han Zhong shook his head and laughed bitterly, saying, "You shouldn't underestimate our Kang Yuan slimming powder, it's a hot product in the entire international market right now, it's just that our production capacity can't keep up right now, and we also have to adopt starvation marketing, otherwise it would have been snapped up like crazy by now."

Ji Feng nodded and smiled, the hotness of Kang Yuan slimming powder he certainly knew, in order to continue this hotness, so the Tengfei Group set the strategy of starvation marketing, will not send out all the goods at once, this is on the one hand to maintain the capital chain of the Tengfei Group, on the other hand is also to continue to make the reputation of the Tengfei Group in the international arena.

"So ..... what does this have to do with the Bao family?" Ji Feng asked.

"The Bao family is looking at this point of our lack of production capacity and wants to cooperate with us in production." Han Zhong said.

"That won't work!"

Ji Feng immediately shook his head and said, "The products we have in our hands are all unique, and until someone cracks it, the formula cannot be sold to anyone, not even if we pay more money."

Han Zhong said, "That's what I mean too, that's why I want to show them some strength, and then I'm going to offer to borrow their sales channels to completely open up the international market and get rid of the few European distributors' constraints."

Only then did Ji Feng understand.

For Chinese enterprises, foreigners have no good intentions, although because Kang Yuan Slim Powder is too hot, so that some foreign businessmen can not sit still, also joined the battle to grab the agency of Kang Yuan Slim Powder, but they are not too honest, and also in the settlement of accounts than all other regions are a bit slower, the most obvious of which is the European region.

Sometimes the return of funds from the European side is a few months or even half a year slower than other zones, which has a considerable impact on the return of funds for the Tengfei Group.

“That’s why I thought it would be better to work with the Bao family instead of letting foreigners pull the strings like this.” Han Zhong explained.

“The foreigners don’t have good intentions, but the Bao family may not be able to be relied on either.” Ji Feng said, “It’s even more impossible to cooperate now ..... The best way to open up the international market is still to rely on yourself.”

“That’s all that can be done.” Han Zhong nodded, seeing Ji Feng’s encounter with Bao Weisheng, he naturally knew that cooperation with the Bao family was impossible.

“Take your time, there’s no rush.”

Ji Feng patted Han Zhong’s shoulder and said, “For now, let’s make the Tengfei Group bigger and stronger first, once we have enough strength we can swing those foreign distributors and look for other partners, if it doesn’t work again, even if we spend our own money to smash it, it will be enough to smash the market open.”

Han Zhong nodded: “That’s the only way to go first, alas, there are really too many constraints for Chinese companies to go out.”

“Foreigners never have any good intentions, don’t get your hopes up for them!” Ji Feng said, “One day, we will really go out, right now we are just laying the foundation!”

Campus Master Chapter 2567

“By the way, what’s your beef with this Bao Weisheng?” Han Zhong asked.

“Just a little verbal spat.”

Ji Feng smiled, “It’s not a big beef, but it’s hard to say after today.”

Han Zhong couldn’t help but be stunned, “He didn’t even seem to know your name before, and there was a beef between you?”

When Bao Weisheng and Ji Feng were playing witty before, Han Zhong clearly heard Bao Weisheng asking Ji Feng’s name, so obviously he didn’t know what Ji Feng’s name was before.

Ji Feng nodded and smiled and said, “Yes, there was a little spat between the two of us before because of some things, but I didn’t expect to see him here today by accident. Alright, let’s not talk about that, just be careful when you encounter something like this again in the future.”

Han Zhong nodded, but he didn't know that the reason for the conflict between Ji Feng and Bao Weisheng was because of Rong Suyan. But this kind of thing was not easy to say, so Ji Feng just simply passed by with a few vague words.

And at this time, Bao Weisheng came to the courtyard of the Tengfei Group, and turned his head to look at the office building of the Tengfei Group, the corners of his mouth could not help but pull up a slight arc.

"Ji Feng ....."

"Eldest young man, should we check out this Tengfei Group?" A middle-aged man sitting in the passenger seat asked, this man's face was full of grim hostility, a cold light glinted in his tiny eyes, "And that kid you were jawing with, should I ....."

"No need!"

Bao Weisheng waved his hand, with a smile if any at the corner of his mouth, and said, "This person should not be an ordinary person, most likely the one we inquired about before, it is not appropriate to use this method on him."

The middle-aged man immediately said, "Young master, no matter how this man is the son of a high official, he is only a mainland gentry, he is not yet in charge of us, if you want me to say so, you can go to Old Hou and ask him to arrange someone ....."

The first thing you can do is to ask the person who is in charge of your business to help you. This Ji Feng, is a bit interesting, I just don't have time now, otherwise, I really want to play with him properly, it's been a long time since I've seen such an interesting person."

The middle-aged man said, "If it's interesting to you, you can go back two days later."

"Forget it! Business is important!" Bao Weisheng shook his head and said, "There is no peace at home now either, let's settle the matter of Treasure Island first, as for this man ....., there is plenty of time to play with him later! The woman I fancy, must be mine! No matter who it is, no one can snatch it away! Old Hou, let's go!"

"Wow!"

Ji Feng let go of the blinds he had pulled down and withdrew his gaze.

Xiao Yuxuan asked, "That man is gone?"

Ji Feng nodded and said, "Well, gone."

Xiao Yuxuan said, "Ji Feng, I feel as if this man has some ill intentions, his gaze is very evil and makes people uncomfortable."

Ji Feng didn't say anything, he just nodded silently. This Bao Weisheng, indeed, was somewhat evil, his gaze was aggressive and quite harsh as well, even, there were some peculiar movements of Bao Weisheng, he looked like a practitioner, but Ji Feng wasn't sure.

"That's because you're pretty." Ji Feng laughed.

“Virtuous!”

Xiao Yuxuan gave him a blank look.

Ji Feng laughed and was just about to speak when he heard the phone on his desk suddenly ring: “Dang it .....

Xiao Yuxuan immediately picked up the phone, and without saying a word, she heard her ask strangely, “Ruo Nan? Why are you calling this number? ..... So it is like this, there are there, I happen to have a few new additions to the car here ..... OK, no problem ..... OK, you can just send someone over directly.”

Li Ruonan?

Ji Feng raised his eyebrows, the call was from Li Ruo Nan?

“Zap!”

Xiao Yuxuan hung up the phone and said to Ji Feng, “Wait here, I have some things to arrange.”

Ji Feng casually asked, “What’s the matter? I heard that call just now seemed to be from Li Ruonan?”

“Mm.”

Xiao Yuxuan said as she walked outside, “She wants to borrow some cars, I’ll go and arrange it.”

“Borrow a car?” Ji Feng was a bit surprised, “What does she want to borrow a car for?”

“I don’t know, she only said it would be useful, I didn’t ask much.” Xiao Yuxuan said, and walked out.

Ji Feng was a bit strange, it was not easy for Li Ruonan to get a car, there were plenty of cars in the city bureau’s criminal investigation team, her second brother Li Weidong also had a car there, what did she need to borrow a car from Xiao Yuxuan for?

Although a little strange, but Ji Feng did not think much about it.

However, when the people sent by Li Ruonan to collect the car, he was even more strange ..... came a few policemen in plain clothes, led by Ding Weijian ..... After they saw the car, they first tried it out, then they asked two people to remove all the license plates, while From a briefcase, they took out a few temporary license plates.

The first thing you need to do is to take out a few temporary license plates from a briefcase. Why did you take off the license plates when you were fine?”

Ding Weijian smiled and said, “I need the car for some things.”

Ji Feng immediately asked, “What’s the matter that needs to be so mysterious?”

Ding Weijian laughed, “Young Ji, don’t ask, I can’t answer this question, otherwise it’s against discipline.”

“It’s a secret mission?” Ji Feng immediately understood.

“Young Ji, smoking.” Ding Weijian didn’t admit or deny it, he just smilingly handed Ji Feng a cigarette and lit it for him, “Young Ji, wait for a while, I still have to go do the formalities.”

Afterwards, Ding Weijian took out the camera and a pen and paper from his briefcase, brushed something on the paper and handed it to Xiao Yuxuan, "Mr. Xiao, this is the IOU, the return date is still hard to say right now, but it certainly won't be too long."

Ding Weijian finished and raised his camera to take pictures of those cars continuously, and handed the camera to Xiao Yuxuan, "Mr. Xiao, please take a few of us in, so that there is nothing to say in the future, or we will not renege on the debt ....."

Xiao Yuxuan was stunned when she heard that.

Ji Feng frowned and asked, "What can you guys renege on? The frame number and engine number on the car are fixed, even if you want to renege, you can renege?"

Ding Weijian laughed, "It's better to follow the rules."

Ji Feng frowned, "Making such a hassle, why don't you guys just use the Interpol's car? Or use other unpainted vehicles from the city bureau?"

If it was to carry out a secret mission, of course the police car could not be used, it was too obvious, but the city bureau could not only have police cars with painted markings, there were also ordinary vehicles, which was also necessary because in the course of criminal investigation, many places had to use such vehicles without any markings.

So Ji Feng was a bit surprised and wondered why Ding Weijian and the others had to come here to borrow a car, preferring to go to such trouble rather than using the city bureau's car, which was a bit puzzling.

"Ji young, you just don't ask, I really can't say, this is all a task given down by Captain Li, I am only responsible for completing the task." Ding Weijian laughed heatedly, but just wouldn't say anything.

"Forget it if you don't want to say it, I'm not forcing you." Ji Feng laughed, then he couldn't help but shake his head with a smile and said to Xiao Yuxuan, "I just think Li Ruonan is usually a bit confused, I can't imagine that she is also less rooted in this kind of things, really ..... don't even know how she became the vice captain of the Interpol team."

"Ji Shao, actually words can't be said like that, our Li team is really a good police officer, if not this time the mission is too ....."

When Ding Weijian heard Ji Feng disparage Li Ruo Nan, he couldn't help but want to defend Li Ruo Nan twice, but just as the words left his mouth he suddenly realized that this was Ji Feng scamming himself, he immediately stopped talking while looking helplessly at Ji Feng.

Ji Feng immediately asked, "What is this mission too?"

Ding Weijian couldn't help but laugh bitterly at once: "Ji Shao, you just said you wouldn't force me ....."

"What did you just say too?" Ji Feng, however, directly interrupted him and asked, "Too dangerous, too bizarre, or too perverted?"

"Young Ji, I really can't say, it's discipline, it's confidential. You can't force me to make a mistake, can you? Besides if the news leaks out, maybe the mission will fail."

Ding Weijian smiled bitterly, "Besides even if everything goes smoothly, but I violated the discipline, when the time comes, if the top pursues me, I will at least be disciplined, and even my real police uniform might be stripped off, you don't want to see me disciplined, do you?"

"That's true."

Ji Feng nodded his head and said with understanding, "Okay then, I won't force you, let's continue with the procedure then, but this little thing doesn't need so many people, just let these few brothers do it, I still have some things on my side ..... Right, there are two monitoring points upstairs that don't seem to be arranged reasonably. You come to help me take a look?"

Ding Weijian hesitated for a moment: "That's ..... fine."

He arranged for several other people to continue to inspect the car and take photos, and he himself followed Ji Feng into the office building, but Ji Feng did not take Ding Weijian to see what monitoring points or what cameras, but directly took him to the ground floor parlor, and directly backhanded the door and locked it behind him after entering.

"Young Ji, what are you ....." Ding Weijian was a bit stunned and asked, "Why did you lock the door?"

"Little Ding, how does your captain usually treat you?" Ji Feng didn't answer him, instead he asked very seriously.

"Very well." Ding Weijian was a bit baffled, "Young Ji, what's wrong?"

"Since your captain treats you well, if she is in danger, will you sit back and do nothing?" Ji Feng asked in a deep voice.

Ding Weijian immediately said, "Of course not!"

Ji Feng said, "That's it! Now your Captain Li is obviously going on a very dangerous mission, if you talk to me, maybe I can help out, but if you don't ....."

When Ding Weijian heard this, he shook his head repeatedly, "Young Ji, don't ask, I really can't say anything, this is discipline and ..... you should stop forcing me."

Ji Feng's brow then furrowed: "Ding, really can't say?"

Ding Weijian shook his head, "I really can't!"

Ji Feng looked at him and finally nodded slowly and said, "Alright then, just pretend I didn't ask. Let's go and protect your Captain Li."

"I will."

Ding Weijian nodded and followed Ji Feng out of the meeting room, but the moment he was about to walk out of the office building, Ding Weijian suddenly said, "Young Ji, actually ....."

Campus Master Chapter 2568

Ji Feng asked, "What?"

Ding Weijian shook his head and said, "Nothing, it's just that I feel that you and our captain were originally very good friends, how come you seem to be a bit ..... distant lately?"

Ji Feng then faintly froze, estranged?

"Oh, I didn't mean anything else, I just said it casually, don't mind Ji youngster." Ding Weijian laughed.

"I know."

Ji Feng paused before saying, "Little Ding, take care of your captain, although she's good, she's a girl after all."

"Don't worry about it, young Ji!" Ding Weijian said, after a moment, he seemed to have some hesitation, but still spoke, "Young Ji, I actually think ..... you should go and see our captain if you have time."

"Hmm?"

Ji Feng glanced at him, a little strange.

Ding Weijian smiled and waved his hand, "Ji Shao, it should already be done outside, I'm going over there."

Ji Feng nodded, "Let's go."

The duo arrived outside, and sure enough all the procedures had been completed, and the car's number plates had all been collected by the people from the Tengfei Group, Ding Weijian led the people to the car, "Young Ji, Mr. Xiao, thank you."

Ji Feng smiled and nodded, saying, "Take your time on the road, if you need any help, don't be polite."

Watching Ding Weijian lead the people to drive the car away, Ji Feng's brow couldn't help but frown slightly a few times.

Xiao Yuxuan said, "It's really strange, how could Ruo Nan remember to come to us to borrow a car, could it be that she is running a personal errand?"

"Who knows!" Ji Feng shook his head.

"Eh, by the way, just now you called that Section Chief Ding over, what did you two say?" Xiao Yuxuan asked.

"Nothing, just wondering why they came to us to borrow a car and asked if they were on some secret mission, but it turned out that he didn't tell me, saying that it was against discipline." Ji Feng said.

Xiao Yuxuan then pursed her lips and laughed, "People have said it was a secret mission, so how could they tell you?"

Ji Feng laughed, "So I didn't ask again."

"I do think ....." Xiao Yuxuan looked at Ji Feng, "Why are you a bit off? Did you really only say that few words in there?"

"I also asked about Li Ruonan in passing." Ji Feng said.

“I knew it!”

Xiao Yuxuan gave him a blank look and snapped, “Haven’t seen him for a while, do you miss him a lot?”

Ji Feng just couldn’t help but shake his head and lose his smile.

Xiao Yuxuan also just teased him twice and didn’t mean to ask more questions, she just said, “Alright, things are done, I have to go deal with the transit station, do you want to come along?”

Originally Xiao Yuxuan was already ready to go to deal with the matter of the transfer station, but because she was uncomfortable with the kind of look Bao Weisheng was giving her, she planned to wait until Bao Weisheng had left, since she didn’t like it, then she would avoid him.

As a result, she got a call from Li Ruonan, and now that she saw that it was getting late, she had to hurry over.

“I’ll go with you.” Ji Feng said.

“Let’s go then.”

Xiao Yuxuan’s eyes flashed with a happy colour, even though she was in charge of the Tengfei Group, in the eyes of outsiders she was a shrewd and capable strong woman, but in reality she was more interested in Ji Feng accompanying her ..... or strictly speaking, she was able to accompany Ji Feng, this was the happiest moment to be a woman, and she was equally no exception.

Afterwards, Ji Feng arranged for Han Zhong, and then went straight to the military camp with Xiao Yuxuan.

“By the way, I called Lei Lei today and asked about her situation over there.” Xiao Yuxuan said, “She said that she was doing quite well there and told us not to worry.”

“I called her too.” Ji Feng nodded, “I plan to just go over to see her in the next day or two.”

“That’s best.”

Xiao Yuxuan said, “Leilei is over there with her parents, but she must be lonely on her own, it’s best if you go over there to keep her company.”

Ji Feng pulled Xiao Yuxuan over and gave her a sudden kiss on her tender face.

Xiao Yuxuan’s charming face suddenly flushed red: “Little bastard, what are you doing!”

Ji Feng heatedly smiled, “Nothing, just suddenly wanted to kiss you.”

Xiao Yuxuan was really shy, happy and angry, and whispered angrily, “Little rascal, can’t you see that Xiao Ying and Bai Zhu are in the car, and you don’t know how to restrain yourself!”

Xiao Ying and Bai Zhu looked straight ahead as if they hadn’t seen or heard them, but the smiles they wore at the corners of their mouths revealed that they were snickering inside.

Despite the fact that Ji Feng and Xiao Yuxuan were making out, Bai Zhu acted as if she did not see it, but she was not acting, but really did not have any jealousy.

The tedious and almost unbearable experiences in the past had made Bai Zhu develop her current character, she was smart, calm, yet sensible. Most importantly, she is not greedy, and after so much experience, she knows best what she wants.

When he came to the military area, Ji Feng told Xiao Yuxuan to pacify those employees who hadn't committed any crimes, while he, on the other hand, went specifically to see those few employees who had been implicated by that supervisor.

Now these few employees were all imprisoned, but looking at their state, they didn't seem to have been tortured in any way.

Ji Feng then laughed, "It seems that your military's interrogation is also civilized?"

Xiang Yongzhan hummed and said, "The first day I became a soldier, my squad leader told me that mercy does not rule the army, so you don't want to see any civilized interrogations in the army, even if there are, they are done for outsiders to see."

This was said very frankly and without concealment to Yongzheng.

If there were any civilized interrogations in the army, the missed opportunity alone might lead to heavy losses to the troops, not to mention that people like Xiang Yongzhan had long been used to seeing life and death, and had seen their comrades fall in front of them more times than they knew, so how could they be merciful to others?

"But these few people, they seem to be in pretty good shape!" Ji Feng said.

"Humph!"

Xiang Yongzhan said disdainfully, "These few straw bags are not worth the torture at all, just put them in solitary confinement, take a gun and put it in front of them, these people will immediately give an honest account."

Ji Feng asked, "Isn't this too hasty? Can we be sure that they are telling the truth?"

"Can."

Xiang Yongzheng said, "There are technical means."

Ji Feng then understood, Xiang Yongzhan had always been steady in his work, so he didn't ask any more questions, but looked at those few employees with a stern look in his gaze.

When those employees saw him, they did not dare to look at him and lowered their heads.

"A bunch of eater!" Ji Feng couldn't help but give a cold snort.

Ji Feng was a little angry.

The welfare given to employees by the Tengfei Group, although not daring to say that it was the best in the whole of Jiangzhou, was at least the most dedicated, especially for employees like them who were involved in special products, whether they were frontline workers or executives above, they were given extremely generous remuneration and other care.

Even the senior management of the Group intends that in the next year or in another year or two, for those employees who work at ease in the Tengfei Group and those who have made certain contributions, the Group will unify to build welfare houses.

I am afraid this is unique in Jiangzhou, even some rich state-owned enterprises may not have such benefits.

This is done so that they can work at ease and don't think about taking any side trips.

But it happened that these people still did something to eat out of the bag, which made Ji Feng very disappointed and a bit angry, he couldn't help but shake his head, it looked like it wasn't enough to have a reward mechanism, there had to be a sufficient punishment mechanism as well!

"Let's go."

For these few people, Ji Feng didn't pity them at all, these people had it coming to them.

When Ji Feng returned, Xiao Yuxuan had already pacified the other employees and arranged for a car to take them back.

"Yuxuan, it seems that we were still too soft in the past." Ji Feng said in a deep voice, "You and Han Zhong discuss this and come up with a punishment mechanism as soon as possible, this can be done by consulting the experts at the United University, I remember that there are a few experts at the United University who are very good at business management, I once took a class from them and the lectures were very insightful."

Xiao Yuxuan was a bit surprised: "Punishment mechanism? I'm afraid it's not very useful."

Ji Feng frowned and asked, "Why?"

Xiao Yuxuan said, "Because we are a private company, even if we fire the wrong employees, they can still find jobs in other companies, which is not much of a deterrent to them."

Ji Feng's face sank: "No deterrent effect? That's fine, in the future, but whenever an employee makes such a mistake of principle, then inform the entire Jiangzhou business community, for ordinary mistakes, punish them as you see fit, but as long as it's a mistake of principle, they must be made unable to get a foothold in Jiangzhou!"

Xiao Yuxuan was immediately stunned, "Will this be too harsh?"

"The kind of treatment one enjoys, the kind of restraint one must be subject to." Ji Feng said, "Tolerance also depends on the people who come, for those who eat out of the bag, there is nothing to be polite about. If one is lenient, they might just steal a little bit of goods now, and later on, they might steal technology, or even, do more damage."

The technology that Ji Feng was taking out now was only a mere ninth of a penny.

If in the future, laser guns, laser cannons, even electromagnetic rail guns and so on were developed, when the time came, once these technologies were stolen, the consequences would be absolutely unimaginable, so he absolutely could not sit back and do nothing while watching the beginnings of this.

“If the employees see themselves as part of the Tengfei Group and work down to earth, then we will definitely do our best to give them the best treatment possible, but if they don’t fight for themselves, then no one can be blamed!” Ji Feng said in a deep voice.

“..... I’ll think about it.” Xiao Yuxuan said, she is still a little unable to make up her mind, eating inside out, this reputation is not very good, this is a big taboo, with the influence of the Tengfei Group, if declared out, then really can also eat outside out employees to completely drive out of Jiangzhou, so that it can not get a foothold in Jiangzhou.

This is almost the same as a dead end!

Campus Master Chapter 2569

The harsh punishment mechanism proposed by Ji Feng was not only questioned here by Xiao Yuxuan, but even Han Zhong likewise raised a different opinion.

“I think that this approach is not too good.” Han Zhong said, “I am not against the need to establish a punishment mechanism, but I think that if we implement such a system, it is likely to give people the impression of being very overbearing, which is not a bit ..... bad for our company’s image.”

Ji Feng waved his hand, “The image may not really be that important compared to the possible losses to the business, and the serious consequences later on.”

Han Zhong said hesitantly, “But in that case, will the employees think otherwise?”

“If we don’t do this, I’m afraid that certain people who are not right-minded will only have ideas.” Ji Feng said in a deep voice, “This matter is settled.”

“..... Okay.”

Seeing Ji Feng’s insistence, Han Zhong had no choice but to nod his head and agree.

Ji Feng didn’t explain too much, because there were some things that were not good to say right now, and if he told Han Zhong that this was for future preparation, that it was to be a precautionary measure to prevent someone from coveting information on some high-tech weapons like laser guns in the future, it was a bit too ahead of its time.

So even though both Han Zhong and Xiao Yuxuan didn’t quite understand, Ji Feng still insisted on settling on it.

After arranging everything, Ji Feng took Bai Zhu with him and drove to Hangzhou, Jiangsu and Zhejiang.

At this time in Yanjing, although it was not a stormy time, there were dark currents. The two major factions in the southeast and the Wu family are jointly targeting the Ji family, which is probably the biggest storm in recent years.

Whether the Ji family will be able to resist the strong pressure from three sides at the same time, or whether the two vassals plus a heavyweight family in Yanjing will finally defeat the Ji family, or even crush it completely, this is what everyone wants to know.

Whichever of these two sides fails, the outcome could be serious.

It could even be decided to the point of reshuffling the deck!

This made it impossible for people not to be concerned.

It was under these circumstances that Ji Feng entered the heart of Jiangsu and Zhejiang – the provincial capital, Hangzhou.

When Ji Feng arrived in Hangzhou on his first day, someone had already noticed him, because when he first arrived, Mr. and Mrs. Tong Kai De had not yet implemented a place to stay, so they were temporarily still staying in the guest house of the Hangzhou Municipal Government, and when Ji Feng entered the guest house, he naturally attracted the attention of the guest house employees.

When these employees saw Ji Feng, I was afraid that the entire senior management of Hangzhou City would know about it.

Ji Feng knew this very well, but he never thought of hiding his whereabouts. He came to Hangzhou to meet Tong Kai De, so his whereabouts could not be hidden for sure.

When Ji Feng arrived, Tong Kai De had not yet returned, and Tong Lei was walking with her mother in the garden at the back of the guest house, because Tong Kai De's arrival was still short, so Mrs. Tong's work had not yet been arranged.

"Little Feng is here, had a hard journey, right?" Tong's mother's face was full of smiles when she saw Ji Feng.

"It wasn't hard, Jiangzhou isn't far from Hangzhou." Ji Feng smiled and called out to his aunt.

"Good! Good!"

Tong's mother's face was all smiles, "Go, go sit down in the house and talk."

Ji Feng nodded and quietly winked at Tong Lei, who then wrinkled her nose.

Even the elite sons like Wu Zhiyong, who were generally regarded by their elders, had suffered great losses at the hands of Ji Feng on three occasions, which showed how capable Ji Feng was.

After staying in the guest house for about half an hour, Ji Feng, who was accompanying Tong's mother for a casual chat, received a text message.

"Young Ji, coming to Hangzhou?"

"Hmm?"

Ji Feng frowned, this text message, was actually from Zhou Fei Fei!

When Tong's mother saw Ji Feng frowning, she immediately asked, "Little Feng, what's wrong?"

"Oh, nothing."

Ji Feng shook his phone and said, "A friend knows I'm coming to Hangzhou and sent me a message asking about it."

Tong's mother immediately asked, "It's a friend who wants to ask you out, right? You don't have to mind us, go ahead."

Ji Feng shook his head and laughed, "It's just an ordinary friend, I guess it's nothing important, it's more important to spend time with my family."

The child's mother was relieved to hear this, thinking to herself that this child was different.

But at this moment, Ji Feng's heart could not help but secretly frown, this Zhou Fei Fei is really a god, very well-informed ah, he has only come to Hangzhou, into the guest house is not even an hour, she actually know!

Ji Feng squinted his eyes and glanced outside. Obviously, as soon as he entered the guest house, I'm afraid that someone or several people here had already spread the news. From this, it was clear that Tong Kai De was definitely not living comfortably here, and even, I'm afraid, he hadn't even gotten a firm foothold yet.

Otherwise, even if there were someone else's spies here, they would not dare to keep such a close eye on him. The other party obviously did not put Tong Kai De in their eyes!

It was clear that they wanted to spy on Tong Kai De's every move.

Although it was a guest house, it still had all the household utensils, so it didn't take long for Tong's mother to get up and go cook, and it was only at this time that Ji Feng had time to be alone with Tong Lei.

"Ji Feng, who's text message was that just now?" Tong Lei asked.

"Zhou Fei Fei's." Ji Feng said, "She asked me if I had come to Hangzhou, this is so well-informed, it's like being clairvoyant and smooth!"

However, Tong Lei didn't look the least bit surprised as she said, "This guest house is full of people, there are usually quite a few people paying attention to my dad, you'll definitely attract attention when you come too."

Ji Feng was suddenly a little surprised, "You know all about it? Then does Uncle Tong know?"

"Should know." Tong Lei said, "If I can see it, how can my dad not see it?"

"Well, that's true." Ji Feng nodded and said, "It seems that the circumstances your father is facing here aren't much better."

Although Tong Kai De was considered to represent one of the main figures of the Ji family lineage and had officially entered Jiangsu and Zhejiang, it was obvious that some people over here were really guarded against him, and there were several people from the Ji family lineage who had entered Jiangsu and Zhejiang early in the past, but none of them had made much progress.

It wasn't that they were incapable, but in Hangzhou, the stronghold of the Jiangzhe faction, they were constrained in almost every way, with too many constraints, making it impossible for them to do anything at all.

Now that Tong Kai De is here, the same is true.

However, no matter how many constraints they are subject to, there is at least one fact that cannot be changed – the power of the Ji family has entered Jiangsu and Zhejiang in a big way, and in increasing numbers!

I'm afraid that this is also the reason why Jiangzhe has taken this opportunity to strike at the Ji family, it's because the Ji family is already considered an enemy by the Jiangzhe line!

"Enemies? ....." Ji Feng secretly snorted coldly.

"Are you going out?" Tong Lei asked.

Ji Feng deliberated for a moment before nodding and saying, "Well, I plan to go and meet her, the Zhou family is very prominent in the business community of Jiangsu and Zhejiang, and the Shengshi Group is one of the few large groups in Jiangsu and Zhejiang, so I plan to inquire some information from her."

Although this person, Zhou Fei Fei, was very shrewd and was used to using a businessman's vision and approach to many matters, it was undeniable that to find out some information as soon as possible, it was still necessary to ask her.

"Then you have to be careful." Tong Lei admonished.

"Don't worry!"

Ji Feng laughed, "It's just a contest, can't they still send someone to assassinate me?"

Tong Lei said, "Anyway, you should be more careful, I don't know what's wrong, I always have some unsettling feeling in my heart."

Ji Feng nodded and smiled, "Don't worry, I'll be careful."

After eating, Tong Kai De had not yet returned, so Ji Feng left Tong's mother for the time being and prepared to go see Zhou Fei Fei.

After Ji Feng sent a text message to Zhou Fei Fei, Zhou Fei Fei called the first time: "Young Ji, you really came to Hangzhou?"

Ji Feng said, "Don't you already know all about it?"

"Don't misunderstand, Ji Shao, I just heard about it and felt a bit surprised, so I asked, but I didn't think you were really in Hangzhou." Zhou Fei Fei was busy explaining.

"Surprised?"

Ji Feng asked, "What's so surprising about that? Is it hard to say that I can't come to Hangzhou?"

Zhou Fei Fei immediately said, "Of course not ....." Ji Shao, it's not clear over the phone, so let's talk about it after we meet."

The two had an appointment at a cafe, and when Ji Feng and Bai Zhu arrived, Zhou Fei Fei was already waiting there.

When she saw Ji Feng enter, Zhou Fei Fei's beautiful eyes immediately lit up and she stood up. At once, her exquisite figure was immediately revealed, especially since Ji Feng had seen a naked Zhou Fei Fei once, so naturally she knew even more how hot her figure was.

"Young Ji, it's good to see you again, please have a seat."

Ji Feng smiled, "Mr. Zhou, my arrival won't be too difficult for you, right?"

Zhou Fei Fei was immediately a little embarrassed, "Young Ji, don't bring you like this, it's been so long ago, still remembering it?!"

Of course she could hear Ji Feng's double entendre and was more or less uncomfortable.

"That's not what I'm talking about." Ji Feng smiled, "What I mean is that meeting with me won't bring you any bad influence, right?"

"How would that be!"

Zhou Fei Fei shook her head, "We are friends meeting, it's not a crime, who can control it?"

Ji Feng smiled, "I'm afraid some people will be uncomfortable in their hearts, right? For example, as soon as I arrived in Hangzhou, you already knew about it, so you can see how many pairs of eyes are really watching me around me!"

Zhou Fei Fei's eyes darted around as she asked, "Young Ji, you don't suspect that I'm watching you too, do you?"

"I just want to know what exactly you meant by the surprise you said on the phone earlier." Ji Feng said, "Besides, I'm also surprised by how well-informed you are."

Campus Master Chapter 2570

"I just want to know what exactly you meant by being surprised on the phone earlier." Ji Feng said, "Besides, I'm surprised by how well-informed you are."

"Young Ji, don't you know?" Zhou Fei Fei asked.

"What do I know?" Ji Feng was a little surprised.

Zhou Fei Fei lowered her voice and said, "Young Ji, I heard that the entire officialdom of Jiangsu and Zhejiang is now sidelining Vice Mayor Tong and several other cadres, and they are all from your Ji family, right?"

Ji Feng frowned and asked, "And how is that?"

They were being ostracised, what was Zhou Fei Fei surprised about?

"Young Ji, you're really not clear about the situation in Jiangsu and Zhejiang?" Zhou Fei Fei asked, "Don't you know that there are already people who have put out the word that they want to make it difficult for your Ji family's people to move an inch in Jiangsu and Zhejiang?"

"Oh?"

Ji Feng smiled faintly and asked, "There's still such a thing? Who said this?"

Although Ji Feng was smiling at the moment, Zhou Fei Fei instinctively felt a chill, from Ji Feng's eyes, it was as if she saw a cold flash of light passing by, which made her heart tighten.

"Actually, I only heard about it, I don't know if it's true or not." Zhou Fei Fei said vaguely, "However, no wind comes from an empty cave, so I think someone should have said something like that."

"I wonder who specifically said that?" Ji Feng asked.

"I didn't pay attention to it either, when I listened to it at the time I just heard people casually mention it, so ....." Zhou Fei Fei pursed her lips and said, "That's why I was surprised how you came to Jiangzhe at this time."

Ji Feng looked at her and smiled noncommittally, and did not press her again whether she really did not know who said it, or whether she did not want to say.

Zhou Fei Fei was a little uncomfortable by this glance from Ji Feng, she certainly knew how shrewd Ji Feng was, this kind of vague attitude would have no other benefit than to make Ji Feng suspicious and make him feel distant from himself, and might even alienate himself in the future.

So Zhou Fei Fei immediately explained, "Ji Feng, you shouldn't come to Jiangzhe."

Ji Feng asked, "Why? Is Jiangzhe a dragon's den and I still can't come?"

"I don't mean that, it's just that ....."

Zhou Fei Fei said frankly: "It's just that Jiangzhe, especially Hangzhou, is not a good place for you right now, because there might be people here holding back their energy to deal with you."

Ji Feng raised his eyebrows, "In that case, my coming here this time just happens to be like throwing myself into a net?"

Zhou Fei Fei said, "Anyway, listen to my advice, Hangzhou is really not a good place for you, young Ji, if there is nothing urgent, you'd better not stay in Hangzhou too much, or go back to Jiangzhou as soon as possible."

Jiangzhou was Ji Feng's home base, where Ji Feng was good enough to call the shots, but in Jiangsu and Zhejiang, I'm afraid that Ji Feng would find it difficult to move an inch, even if he was a member of the Ji family.

Although some of the local people are not as big as the gentry in Yanjing, their ability to undermine people is something that one can't guard against.

Zhou Fei Fei was worried that Ji Feng, the gentry, might not be a match for some of them, and when he went back in the dust, it would be too traumatic for him to bear with Ji Feng's status.

Besides, what Zhou Fei Fei has heard is not just that someone wants to shade Ji Feng, according to what she has learned, this time it is someone who wants to make the Ji family whole, and now that Ji Feng is here, I'm afraid everyone will point the finger at him!

Moreover, this is the base camp of the Jiangzhe family, so when Ji Feng comes here, he is like breaking into the wolf's den.

Even if Ji Feng was a fierce tiger, he would not be able to fight them.

As the saying goes, even a vicious tiger is afraid of a pack of wolves, that's what it means.

The fact that Ji Feng was unfamiliar with the area made him a living target!

That's why Zhou Fei Fei advised Ji Feng to leave Hangzhou, or even Jiangzhe, and let him go back to Jiangzhou, as long as he left Jiangzhe, at least Ji Feng wouldn't have to face such a direct attack.

But what made Zhou Fei Fei somewhat helpless was that in the face of her persuasion, Ji Feng did not look half nervous at all, instead he had a smile on his face and seemed to listen to her words as if they were a joke, he just smilingly asked, "Really? Has Hangzhou really become a dragon's den?"

Zhou Fei Fei then was helpless and could only say, "Ji Feng, perhaps your impression of me is not too good, but if you still consider me as a friend, you have to believe that I am saying these things for your own good ..... If I wanted to harm you, I certainly would not have advised you to go back! "

Ji Feng nodded and smiled, "Fei Fei, thank you for the reminder, I know you mean well."

Zhou Fei Fei could not help but feel warm in her heart when she heard that, no matter what, Ji Feng always believed in her, which could be seen from the way Ji Feng addressed her, when they first met, they called her General Manager Zhou, but now they were calling her Fei Fei, which was obviously more intimate.

"However, I appreciate your kindness, but I can't go back." Ji Feng said.

"Why?"

Zhou Fei Fei was surprised, "If you're here, there will be many people pointing the finger at you."

Ji Feng asked seemingly without thinking, "Who are those many people you are talking about?"

"They ....."

Zhou Fei Fei almost blurted out, but then she stopped, she laughed bitterly, "Ji Shao, you should not set me up, in fact, even if I tell you, it is nothing, but what I want to say is, I hope you can listen to my advice, for now, forget about who is trying to deal with you, going back to Jiangzhou is the right way. When you go back to Jiangzhou, I will definitely tell you everything I know."

Ji Feng asked, "Can't you say it now?"

Zhou Fei Fei said, "Ji Shao, frankly speaking, I'm afraid that you will do something irrational in a fit of anger after I say it."

Some people's words were very excessive, and Zhou Fei Fei was worried that even if she told Ji Feng politely, he would definitely be very angry, or even do something in the heat of anger to let people catch a hold of him, and that would be like she had harmed Ji Feng.

The first thing you can do is to tell him that you've got to be a good person.

Ji Feng nodded and said, "I understand what you mean, but still, even if Hangzhou is a dragon's den, I will definitely stay. Fei Fei, to be honest, I came this time to see who is actually trying to deal with me, and also to see how bad the situation is for cadres from other factions in Jiangzhe!"

"This ....."

Zhou Fei Fei could not help but feel a shock in her heart, she immediately heard the subtext in Ji Feng's words – Ji Feng this time, is also coming from a bad place!

What do you mean to see who is going to deal with him, what ..... cadres of other factions are in a very bad situation in Jiangzhe, he clearly knows that someone is going to deal with him, and also knows that the cadres of the Ji family line are very ostracized in Jiangzhe.

Ji Feng is ..... coming with a wolf tooth stick to call the shots with some people!

Zhou Fei Fei understood everything!

She looked at Ji Feng with some consternation and asked, "Young Ji, you ..... really intend to do this?"

Ji Feng nodded his head and said, "That's right."

"But ..... you're just one person?" Zhou Fei Fei asked hesitantly.

"Isn't one person enough?" Ji Feng asked with a smile.

Of course it's not enough!

But in reality, Zhou Fei Fei knew very well that if Ji Feng came alone, he would definitely not be a match for those people, because there were not just one or two people in Jiangsu and Zhejiang who wanted to deal with Ji Feng.

And these people are not white ..... they all have a lot of energy, and among them, just some people that Zhou Fei Fei knows are not easy to deal with, and now they occupy the time and place, even if Ji Feng has great ability, he can't fight them!

"Young Ji, do you know who is trying to deal with you?" Zhou Fei Fei asked.

"I don't know yet."

Ji Feng shook his head and said, "You seem to know very well, how about it, if it's convenient, tell me?"

Zhou Fei Fei hesitated.

Ji Feng smiled and asked, "What, is it difficult? Or is it inconvenient to say?"

"Not really." Zhou Fei Fei shook her head and said, "Just ..... is that this is not the place to talk, I have a small flat nearby, I usually go there occasionally for a night or two, very few people know about that place, if you don't mind, just come and sit at my place? "

"Go to your house?" Ji Feng was stunned.

"Young Ji! Where are you thinking of!"

Seeing Ji Feng's strange look, Zhou Fei Fei's pretty face instantly heated up and she pouted, especially when she thought of how she had once leaned naked in Ji Feng's arms, she blushed even more, "It's just that it's more convenient for me to talk there."

Zhou Fei Fei was shy, her originally flirtatious face was scarlet and tempting.

Ji Feng coughed lightly and laughed, "Then what, I didn't think of anything."

It was okay if he didn't say it, once he did Zhou Fei Fei became even more delicate, but was afraid that Ji Feng would see her as a casual woman and said in a panic, "Then we'd better find another quiet place ....."

Ji Feng smiled and nodded, "I'm not familiar with this place, so you can watch the arrangements."

Zhou Fei Fei's heart beat violently and she casually picked up her bag and left, but she heard Ji Feng shout from behind her, "Don't you want your jacket?!"

Zhou Fei Fei's face turned red and she hurried back to get her jacket, but she couldn't help her face from heating up again when she saw that Ji Feng had already taken it for her and walked out.

It was only when she got to the car that Zhou Fei Fei calmed down a bit, seeing that Ji Feng was sitting in the passenger seat, Zhou Fei Fei took the steering wheel without looking away and drove the car.

"Buzz~!"

Just then, Ji Feng's mobile phone vibrated, he picked it up and found that it was Bai Zhu calling, he immediately picked it up and heard Bai Zhu's voice come through, "Young Ji, it seems that someone is following us."

Ji Feng immediately frowned, "Where is it?"

Bai Zhu said, "It's behind my car, when we entered the cafe just now, someone was following us, I just can't be sure yet."

Ji Feng said in a deep voice, "Don't rush, let them follow, I want to see who is so curious!"
