

Campus Master 2591

At this time, the news that Ji Feng had only entered Jiangsu and Zhejiang, but was targeted by Song Mingyuan, the young master of the Golden Dragon Gang, also spread out.

In particular, the news that the Golden Dragon Gang had even sent someone to follow Ji Feng like a shadow, shocked many people when the news broke out.

At once, there was an uproar in Jiangsu and Zhejiang.

Although the matter of Ji Feng being the crown prince of the Ji family in Yanjing was not accessible to ordinary people, it was not a secret to some well-informed people and those who had connections at the top level, they had long heard that the Ji family had produced a very distinguished son, the two brothers of the Douwu family, who had risen to power in Jiangzhou like the sun!

And as for the rivalry between Jiangzhe and the Ji family, many people also had a certain degree of understanding. So now when they heard that the Golden Dragon Gang was targeting Ji Feng and seemed to want to assassinate him, they all couldn't help but be shocked to the extreme.

"How dare the Golden Dragon Gang be so rampant?"

"How daring, are they trying to rebel?!"

"Has Song Jinlong been so smooth these past few years that he's so proud that he's forgotten his surname, right?"

Some people couldn't help but frown.

Although Song Jinlong was running amok in Jiangsu and Zhejiang, not everyone was afraid of him. For example, the Zhou family and some other families that also had backgrounds above, and some rich merchants and magnates, as well as some senior cadres, were not too afraid of the Song family.

However, the ruling party is still in power now, and Song Jinlong, no matter how powerful and wealthy he is, is only a black 'doctor', and he may not be able to stand up to some people.

The reason why Song Jinlong was able to become the leader of the Golden Dragon Gang and the so-called godfather of the black 'dao' was entirely because he had a background above him and had made connections, but there is no doubt that he was also relying on political power.

So now when some people knew that Song Jinlong and Song Mingyuan had actually targeted Ji Feng so much and even sent people to carry out assassinations, they couldn't help but look at it a little bit.

Political struggle always has its unique rules and characteristics. If the political struggle is just to see who has more people and who is better at assassination, then it would be better for everyone to just hire direct killers to do away with each other, why bother with so many tricks and tricks?

Anyone who does anything has to follow the rules.

If Song Jinlong can send someone to assassinate Ji Feng today because he is targeting the Ji family, can he also send someone to assassinate someone else tomorrow if he has crossed paths with someone else?

For Song Jinlong to do so would be a bit out of line!

This made some people very unhappy, and even smelled like a common enemy.

Of course, there were also some people who were discussing in private, they thought that Song Jinlong was absolutely seeking death by doing this, which was extremely stupid.

Even if the Ji family had really collapsed, it was one of the top powerful families in the Republic.

He thought he had so many brothers under him, but was there really no one in the Ji family?

So many people concluded that this time if the Ji family really put this debt on Song Jinlong, then Song Jinlong would definitely not end up in a good place!

As a result, some people who had been slightly close to Song Jinlong had plans to distance themselves from him.

Of course, these were people who did not have too deep an interest in Song Jinlong, but even so, this trend was formed.

“Song Jinlong, that stupid bastard!”

When Hu Yujin found out about this, he likewise couldn't help but turn blue with anger, and the top gentry of Jiangsu and Zhejiang, who had always prided himself on being cultured, also dropped his teacup in anger this time.

“Ji Feng has been here in Jiangsu and Zhejiang for several days, if he wanted to do away with him, he could have done it anytime, but why didn't Laozi do it?” Hu Yujin gritted his teeth and said angrily, “He, Song Jinlong, thought that Ji Feng could really be done away with that easily?!”

It was easy to do away with a person, but the consequences that came after doing away with a person were not something that everyone could bear.

Especially, the person to be done away with was still Ji Feng!

“I think Song Jinlong is used to being arrogant all these years, he really thinks he can cover the sky in all of China!” Hu Yujin gritted his teeth in anger.

Tao Senjun and Peng Kuanqi, two of the five young men from Jiangsu and Zhejiang, also couldn't help but look at each other. Tao Senjun said, “Brother Yu, I'm afraid this is something that Ming Yuan has stirred up, Song Jinlong wouldn't be that stupid.”

Peng Kuanqi also nodded his head and said, “Yes, Brother Yu, I think it was that boy Mingyuan who set this up, last time he was slapped by Ji Feng, I'm afraid he still holds a grudge in his heart, this time I'm afraid it's him getting back at Ji Feng.”

Hu Yujin immediately said angrily, “That son of a bitch Song Mingyuan has no fucking brains at all, just like his father! Originally, Ji Feng was in our hands, so no matter how he jumped around, he would definitely fall in the end! But now what? After being screwed up by him, Song Mingyuan, now I don't know how many pairs of eyes are watching, and if anything happens to Ji Feng at this time, some people will probably associate .....”

When Song Mingyuan messed up like this, it was like putting Ji Feng under a magnifying glass, and it was everyone who was watching.

Whoever wants to mess with Ji Feng unknowingly at this time really should not even think about it.

The first thing you need to do is to make sure that you have a good understanding of the situation.

Or, if the situation above changes, then he can use Ji Feng to do something, which may have an unexpected effect.

This is the main reason why Hu Yujin has not taken any action after Ji Feng came to Jiangsu and Zhejiang for several days.

But now, Song Mingyuan has made such a mess that almost everyone knows that a murder case with dozens of lives has occurred, and even the street sweepers will talk about it after tea and dinner.

“Song Mingyuan is simply a retard!”

Hu Yujin couldn't help but curse, “He did it, so he did it, why does he have to make a big deal out of it?!”

Senator Tao said, “Brother Yu, I find this strange too, I heard that both the Golden Dragon Gang and the police have tried their best to block out the news, but why is the news still spreading so fast?”

“Could it be that someone is secretly doing damage on purpose?” Peng Kuanqi suddenly said, “Maybe someone is secretly helping Ji Feng?”

“Maybe there really is that possibility.”

Senator Tao said, “A ..... person with this kind of ability and such well-informed information in Jiangsu and Zhejiang could be Ji Feng's father-in-law, Vice Mayor Tong Kai De?”

Hu Yujin smiled, his face became even more gloomy and gritted his teeth, “No matter who it is, this matter has to be put to rest as soon as possible, otherwise it won't do anyone any good!”

“Dang it .....”

At this moment, the phone suddenly rang, but it was the phone of Tao Senjun that rang, he hurriedly picked up the phone, and then his face just changed.

After ending the call, Tao Senjun hesitantly said, “Brother Yu, my old man called and asked me to go back immediately.”

His words had only just fallen when Peng Kuanqi's phone also rang, again from his old man.

“All go back.” Hu Yujin waved his hand, “I too .....”

“Dang it .....”

Before Hu Yujin could finish his words, his own phone rang, he saw the caller ID couldn't help but frown slightly and said, “Looks like I'm going back too.”

Seeing this, Tao Senjun asked strangely, “Brother Yu, we all received a call, could something have happened?”

Hu Yujin sneered, "Isn't what Song Mingyuan did big enough?"

And when they got back, they were first admonished by their own old man to keep a certain distance from Song Mingyuan and not to get that close, before they were then told that someone from the Ji family had sent word because of what happened to Ji Feng.

After hearing about what had happened to his nephew in Hangzhou, the third oldest member of the Ji family, the general of the General Staff, Ji Zhenping, without saying a word, directly drew his gun and fired several shots in the backyard of the General Staff, shooting a target full of holes and shaking the entire General Staff compound!

Subsequently, there were rumours that Ji Zhenping was extremely furious when he found out about what happened in Hangzhou, and let out the word that if anything happened to Ji Feng, he would wipe out all his enemies even if he had to give up this skin, leaving no one behind!

This was the strongest voice the Ji family had ever uttered so far!

It was also the most resounding and bold words!

The Ji family's third son was a general who had fought in the Vietnam War, who had battled his way through a hail of bullets, and who had achieved great success in battle.

Even the Wu family, it was said, had clarified implicitly from some side that they had nothing to do with what happened to Ji Feng.

The two local lords naturally took it more seriously, political struggle was one thing, this kind of assassination was another, if the Ji family's oldest really got angry and led his troops to a massacre, it would definitely be a river of blood!

No one would be able to bear such consequences!

So, the top brass of Jiangsu and Zhejiang immediately said they would investigate the matter thoroughly, and the police even announced that a case had been opened and a task force set up .....

The whole of Jiangsu and Zhejiang was shaken!

Some people speculate that Ji Zhenping is so angry, on the one hand because of the matter of Ji Feng, on the other hand, it is also a warning to these major factions, apparently the Ji family has been suppressed too much in recent times, making Ji Zhenping very stifled.

Some also believe that this is another way for the Ji family to fight back, I'm afraid.

The outside world was divided, but there was no clear statement, but what everyone recognised was that Ji Zhenping was definitely saying this to hold out for his nephew, Ji Feng, and to deter those who were ready to take on Ji Feng.

So, against this background, many people, including Hu Yujin, were called back to their homes, and the elders of the family admonished them not to lay a hand on Ji Feng, that they could play tricks, but definitely not to take his life!

But at this moment, the originator of this matter, Song Mingyuan ..... was staring at Ji Feng with incomparable anger, his gaze fixed on Ji Feng's face, his eyes almost spitting out fire!

Campus Master Chapter 2592

Jiangzhe, Hangzhou, police interrogation room.

Although the chair was cold and hard, and the optical fiber in the interrogation room was dim, it did not affect Ji Feng's interest.

However, it was different for Song Mingyuan, who was sitting opposite him. Once he saw Ji Feng's calm and collected look, Song Mingyuan could not help but feel his anger rising.

Even when he saw Ji Feng raise his hand to smoke, Song Mingyuan still felt a vague pain in his cheek.

His face twitched slightly a few times, and the place there where Ji Feng had slapped him seemed to have not yet healed.

However, what annoyed Song Mingyuan the most was that Ji Feng had only looked at him a few times from the beginning to the end without saying a word to him, as if he didn't exist as a person at all, and this contemptuous attitude made him extraordinarily annoyed.

"You think you're a dick, don't you?!" Song Mingyuan finally couldn't help himself and asked through clenched teeth.

Ji Feng glanced at him and stood up.

"Hullo!" Song Mingyuan snapped in shock and hurriedly stood up and stepped back, looking at Ji Feng with a wary face. The personal bodyguard behind him wanted to take a step forward steeply and shouted, "What are you doing?!"

But Ji Feng didn't even look at Song Mingyuan, he just came to the door and knocked a few times, a policeman immediately opened the door and walked in, seeing that it was Ji Feng knocking, he asked with a cold face, "What are you doing?"

Ji Feng asked, "I'm assisting you with an investigation, can unrelated people come in at will at this time?"

The policeman instantly glared, "Do we still need you to teach us how to do things?"

"In that case, I will make a complaint." Ji Feng said indifferently, "I guarantee that you will take off this what's-his-face!"

"....."

The policeman's face then looked a little ugly, but he didn't dare to retort.

Song Mingyuan immediately roared, "Ji Feng, you're really arrogant, aren't you afraid of walking outside and getting run over in a car accident?!"

Ji Feng just stared at the policeman and asked, "What, you're not going to do anything about it?"

"Ji Feng!"

The more Ji Feng ignored him like this, the more annoyed Song Mingyuan became, and he roared lowly, "You're looking for death!"

Ji Feng glanced at him, that gaze, it was as if he was looking at a dead man!

"Grass!"

Song Mingyuan was instantly infuriated, without saying a word, he went up to kick Ji Feng, but he was dodged by a flick of Ji Feng, at the same time, Ji Feng fiercely turned around and dodged with a slap.

Ji Feng's speed was so fast that when he saw that slap was about to flash on his face, Song Mingyuan was suddenly shocked, and in this instant, he remembered what happened when he was slapped by Ji Feng.

But at that moment, Song Mingyuan's personal bodyguard suddenly came to the front and blocked Ji Feng's hand at once, while attacking Ji Feng with a punch.

"Slap Slap Slap ....."

Ji Feng and the man passed several moves in succession, and the two of them snapped apart, but no one took advantage of them.

Song Mingyuan was quite a bit stunned, staring at Ji Feng with resentment and viciousness, gritting his teeth and saying, "Ji Feng, you are looking for death, you will regret it, for sure!"

Ji Feng, however, still ignored him.

"Good! Very good!"

Song Mingyuan nodded heavily and gritted his teeth, "Just you wait, we'll see! Let's go!"

With that, he turned around and left.

Song Mingyuan's bodyguard followed closely behind him, but when he was about to walk out of the interrogation room, the bodyguard turned back and looked at Ji Feng.

All the way out of the police station building, Song Mingyuan's face was still ugly, he gritted his teeth and cursed angrily, "Son of a bitch, still so arrogant even now, he really doesn't know how to write the word "death"!"

His bodyguard asked, "Young master, are you alright? That guy didn't hurt you just now, did he?"

Song Mingyuan shook his head and said, "No!"

At this time, his face eased slightly and he said, "Chen Fei, it was thanks to you this time, otherwise, I would have been hit by that son of a bitch."

The bodyguard named Chen Fei immediately said, "Young master trusts me so much, of course I will do my best to protect young master!"

"Very good!"

Song Mingyuan nodded his head in satisfaction and said, "It's not bad that I saw you, you're a good kid, you were really wasted when you followed Zhou Shilin, that kid is not a bright master!"

Chen Fei immediately said, "Young master has been very kind to me, this life of mine, Chen Fei, is the young master's!"

"Good!"

Song Mingyuan nodded in satisfaction and said, "You brat is really good! Don't worry, as long as you are loyal to me, I will definitely not treat you badly either."

Chen Fei was immediately overjoyed, "Thank you, Young Master."

"Well said!"

Song Mingyuan was satisfied with Chen Fei's attitude and understanding, he had taken a liking to this personal bodyguard of Zhou Shilin's after he was first jailed, this kid was good at kung fu, didn't talk much, and thought of everything, especially just now, if it wasn't for Chen Fei, he would have been slapped by Ji Feng again.

As soon as he thought about it, Song Mingyuan could not wait to do Ji Feng right now!

"By the way, just now, I saw you go through a few moves with that son of a bitch, you didn't seem to get an advantage?" Song Mingyuan asked.

"Mm!"

Chen Fei nodded and said, "That was only a tentative attack just now, it wasn't considered a real move."

Song Mingyuan immediately asked, "So he has kung fu too?"

Chen Fei nodded his head and said, "Yes!"

Song Mingyuan's eyes immediately lit up as he asked, "So is his kung fu powerful? I mean, the thing with the paper mill, could he really have done it himself?"

"That's not possible!"

Chen Fei immediately said, "Young Master, if according to what you said, all those brothers in the paper mill were really killed by a single slash, and there were over thirty of them, then it was definitely not done by one person, or definitely a top expert, but just now I had a few moves with that person, and I saw that his kung fu was just average."

"Is that so?" Song Mingyuan asked.

"Mm."

Chen Fei nodded and said, "Just now, if it wasn't for the need to protect Young Master, I was confident that I could have knocked him down within ten seconds!"

Song Mingyuan couldn't help but be a little disappointed when he heard that and said, "So that's what happened, I thought he really did it, now it seems that it's not easy to convict him."

Chen Fei immediately said, "Young master, otherwise, I'll find a chance to go and do away with him?"

Song Mingyuan was instantly moved, and just as he was about to speak, he suddenly heard his mobile phone ringing.

"It's the old man calling, let's go back!"

.....

"Dad, you're in such a hurry to call me back, what's the matter?"

Back at home, Song Mingyuan said with gusto, "I was just preparing to teach an enemy a lesson, so you ....."

"Pop!" There was a crisp sound.

This loud slap instantly interrupted Song Mingyuan.

Song Mingyuan covered his face in shock and asked in a very confused manner, "Dad, why did you hit me?"

But instead, he saw that Song Jinlong was just glaring at Song Mingyuan with an iron face, not saying a word.

"Dad ....."

"Don't you call me dad, I don't have a son as stupid as you!" Song Jinlong said angrily, "You simply grew a pig brain, how did I give birth to such a foolish person like you!"

Song Mingyuan was almost dumbfounded by the scolding, and he asked incomparably aggrieved, "Dad, what exactly did I do wrong?"

Song Jinlong said angrily, "How dare you ask? I'm asking you, when Ji Feng was assassinated at the paper mill, did you do it?!"

"Assassination?!" Song Mingyuan couldn't help but stare at his words and said, "There was no assassination, I just set up a trap to cause the fact that he had fought with someone and caused his death, so that he would be imprisoned for a few years, what assassination, dad, who did you hear that from?"

"Who else heard it from? It's all over the place now, you sent someone to assassinate Ji Feng!" Song Jinlong said angrily, "How dare you slyly argue!"

"What I said is true!" Song Mingyuan said, "Old Zhu also knows about this!"

"Old Zhu? Zhu Gang was also involved?" Song Jinlong said angrily.

Song Mingyuan nodded and said, "Yes, he knew about it from start to finish, I really just wanted Ji Feng to do a few years in jail, although I also wanted to do away with him, I wasn't so stupid as to use my own people ....."

"You ah you ah!"

Song Jinlong pointed at his son, his fingers trembling with anger, "You're incredibly stupid! What's the difference between you doing that and you going to assassinate Ji Feng?"

Song Mingyuan said, "But I really didn't intend to assassinate him, I just told him to ....."

"Then go out and talk to others and see who believes you!" Song Jinlong said angrily.

"....."

Song Mingyuan immediately ran out of words.

Song Jinlong gave him a fierce glare and said angrily, "Brainless fool! Can you use your brain before you do something, is Ji Feng that good at moving? Why didn't Hu Yujin move him, but you moved him?"

"He slapped me before, shouldn't I retaliate?!" Song Mingyuan asked indignantly.

"Then can you think of a better way too?!" Song Jinlong really wanted to slap this little brat to death, "I'm telling you, everyone outside is watching this matter now, you better be honest now, no more touching Ji Feng, do your business honestly, do you hear me?!"

Song Mingyuan still wanted to say something, but seeing Song Jinlong's angry expression, he could only say, "Yes, I know."

"Humph!"

Song Jinlong was still a little unhappy and said angrily, "Do you know how serious the consequences of what you've done have been, the leaders from above have personally called me today! Ji Feng's brother-in-law is a general, after he heard about it, he almost didn't bring his troops over directly, do you think our Golden Dragon Gang can fight with the troops?"

Song Mingyuan's mouth opened wide at once, a little scared.

"Listen to me, before the situation up there becomes clear, you do your job honestly, and if you dare to mess up again, I'll break your legs!" Song Jinlong shouted coldly, "Do you hear me!"

"I heard you." Song Mingyuan said in a panic.

"Humph!"

Song Jinlong snorted coldly and eased up for a while before he said, "In three days, there will be a shipment coming in, you go and watch it, don't make any mistakes at this time."

Song Mingyuan wanted to say that this was all a matter of routine, and that the top and bottom had already been taken care of, so how could anything go wrong? But looking at Song Jinlong's face, he could only nod his head honestly.

Campus Master Chapter 2593

Twenty-four hours later, Ji Feng walked out of the interrogation room as expected.

The police had no evidence to point to him. Apart from the evidence that his car had passed near the paper mill, there was no other evidence, and even Ji Feng's footprints could not be collected.

The police could not say that he had done it just because the car had passed near the paper mill, could they?

Although the area was sparsely populated, there were some cars passing by, were they all suspects? Should they all be arrested and interrogated?

The police have a lot to say about this, but no one believes it was Ji Feng who did it, and they all think it was someone who was secretly protecting Ji Feng.

After all, when Song Mingyuan sent someone to assassinate Ji Feng, the guards in the shadows naturally had to fight to protect him, and besides, only those guards who had undergone rigorous training could be so powerful and ruthless.

But they did not know that the training that Ji Feng had received was even stricter and more cruel than those guards.

“Young Ji!”

When he walked out of the police station, Ji Feng saw that his car was parked in the parking space next to the entrance of the police station, Bai Zhu was looking inside, when he saw him come out, Bai Zhu was overjoyed and hurriedly greeted him, asking, “Ji Shao, are you alright?”

Ji Feng shook his head with a smile, “What can happen to me!”

Only then did Bai Zhu feel relieved, if anything happened to Ji Feng here, she would use all her means to retaliate wildly!

No matter what kind of young master or what kind of director the other party was, she wouldn't have the slightest scruple!

“Young Ji, let's go back to the hotel, you just came out, you need to take a shower to get rid of the bad luck!” Bai Zhu said.

Ji Feng was stunned and asked with a smile, “There's still that?”

Bai Zhu pursed her lips and smiled lightly, “Yes.”

Ji Feng nodded with a smile and said, “Good then, let's go back to the hotel! By the way, has anyone been looking for me this day?”

“There was a call from Lei Lei, I followed your arrangement and said so, plus Guo Tao called once, nothing much, just asking about your situation.” Bai Zhu said, “He heard about the attack on you outside too.”

“Hmm!” Ji Feng nodded thoughtfully, he was going to call Lei Lei back, don't look at what he taught Bai Zhu to say, but he definitely couldn't fool Lei Lei, maybe she was worried right now.

“Ding ding~~ ding ding~~”

Coincidentally, Bai Zhu had just picked up her phone when it suddenly rang twice, Bai Zhu immediately handed the phone to Ji Feng and said, “Young Ji, it's a text message.”

Ji Feng took the phone, opened his inbox and took a look at it, couldn't help but smile slightly, casually deleted the text message, and then directly dialed Tong Lei's number.

For the next two days, apart from returning to the hotel at night, Ji Feng didn't go anywhere during the day and stayed in the guest house of the Hangzhou Municipal Government, keeping Tong Lei company and chatting with Tong's mother.

Regarding the law and order in Hangzhou and their situation, Tong's mother was still very dissatisfied. Although the bruising that day didn't cost her anything, she was foul-mouthed by a bald hooligan, which made Tong's mother, who had always been very elegant, a bit unbearable, and just thinking about it made people angry.

Ji Feng laughed: "Auntie, don't worry, they ah, are already grasshoppers after autumn, they can't bounce around for a few days!"

"Ai!"

The children's mother sighed a little at the mention of this matter and said, "Little Feng, don't spare my heart, they are local snakes, they have been cooped up here for many years, they have cultivated themselves long ago, we have just come over, what can we do to them?"

Every night after her husband came back he would smoke a lot of cigarettes and sit in the study for half the night before going to bed, so she naturally knew how difficult these local factions really were.

Ji Feng laughed, "Auntie, even if they have become elves, there are still people who can be subdued, and I'm afraid Uncle Tong has gradually come up with a countermeasure."

"If he really had a countermeasure, he wouldn't have to work so hard every day!" Tong's mother shook her head, it wasn't that she didn't trust Ji Feng, but that the other side was too powerful.

This was a local faction, and there were only so many people around Tong Kai De, what kind of waves could this small group of people make to deal with a faction, and still cross with others in their lair?

The first thing you need to do is to get a good idea of what you're doing.

It was only after Tong Kai De came back that evening that Ji Feng talked with him in his room for more than an hour, and it was only after Tong's mother had urged him several times that they came out for dinner.

To Tong's mother's surprise, Tong Kai De seemed to be in a good mood today, even his appetite had increased, and he ate two and a half bowls of rice.

Tong's mother was overjoyed, her husband had eaten very little for many days in a row, if he continued like this his body would collapse, she looked at Ji Feng with joy, she did not know what this kid had talked to her husband about to make him have such an appetite.

In the blink of an eye, two days had passed.

At noon on the third day, Ji Feng sat cross-legged on the hotel bed, with his eyes closed.

"Buzz~~buzz~~"

When the mobile phone placed on the bedside table vibrated, Ji Feng slowly opened his eyes, he did not bother to look at the phone, but first raised his hand to check the time before picking up the phone, "Hello ....."

"Mr. Ji."

A woman's voice came over the phone, even through the phone just listening to the voice one could feel the woman's charm, "The information you provided is accurate, my side is ready and all enquiries have been made."

The corner of Ji Feng's mouth pulled up a slight curve: "Good! General Su, thanks a lot."

This call was from none other than Su Yayun, the elder sister of the East China Sea Gang.

Su Yayun said, "Mr. Ji, I would like to take the liberty to ask, do you want to do it alone?"

Ji Feng smiled and said, "There are a few more helpers, but there aren't many."

"Mr Ji, there are many people on the other side, and there is a group of experts who are specialising in security issues." Su Yayun said, "If you only have a few people, I'm afraid ....."

"It's no big deal." Ji Feng smiled, "There are more people instead and it's still not convenient to move."

"Then ....."

Su Yayun paused for a moment, only the faint sound of breathing came from the phone, and only after a moment did she say as if she had made up her mind, "Mr. Ji, if you trust me, I can help ....."

Ji Feng raised his eyebrows, pondered for a moment, or politely refused, only saying, "How about this, if you can, you can just provide me with a batch of weapons, well ..... if there can be grenades and other weapons, that would be best."

"Hand ....."

Su Yayun was instantly surprised, Ji Feng actually wanted grenades?

She smiled bitterly at her words, "Mr. Ji, it's not that you can't get it, but it will definitely attract the attention of others, moreover, the top is now keeping a particularly tight eye on arms, so ....."

Ji Feng nodded and said, "Then it's nothing, thank you Mr. Su, I will have a big thank you afterwards!"

"I didn't help you much either."

Thinking about how Ji Feng just a few people went to do it, the only thing he asked her for was a grenade, but she couldn't provide it yet, which made her feel more or less guilty in her heart.

Ji Feng said, "You've already helped a lot, the value of the information is immeasurable!"

Without the information provided by Su Yayun, Ji Feng would have been unable to do anything.

Su Yayun still wanted to say something else, but she heard Ji Feng say, "Mr. Su, let's stop here first, I have some preparations to make."

Su Yayun then couldn't help but purse her lips and gave a hint.

The phone was hung up.

But Su Yayun didn't immediately put down the phone, she sat there in a daze, but in her heart, she felt a bit frustrated.

At the same time, Ji Feng dialed Yi Xingchen's phone and said in a deep voice, "Old Yi, it's time to work!"

"Good!"

Yi Xingchen nodded his head.

Ji Feng said, "We don't have many people and the other side has quite a few experts, so this time we will have to rely on Yao Zhijian to a large extent!"

"Boss, don't worry, I promise I won't drop the ball!" Over the phone, came Yao Zhijian's voice.

"That's what you kid said yourself, if you dare to drop the chain when the time comes, see how I'll clean you up!" Ji Feng laughed.

Yao Zhijian then gave a heated smile.

.....

Ji Feng dialed Guo Tao's number again, "Old Guo, after you get the information, meet me at the usual place ....."

.....

"Uncle Tong, the good show is about to begin!" Ji Feng said in a deep voice, "Your side must move fast too!"

"Good!"

Tong Kai De's calm voice carried some vague excitement, having been suppressed for so long, now he was finally seeing the light of day.

.....

Night was falling gradually.

After the initial bustle and noise of the night, Hangzhou entered into the late night night life, the noisy bars, the rich second generation who occasionally whizzed by in their racing cars, and the people who were still going about their lives, all provided a good cover for Ji Feng.

A business car whizzed past the city and sped off towards the suburbs.

At this moment, on a certain side road in the suburbs of Hangzhou, a black BMW x6 was quietly parked there.

Inside the business car, Guo Tao was in charge of driving, having already familiarised himself with the intelligence, he had the location memorised long ago. Bai Zhu was sitting next to Ji Feng, looking calm, just carefully examining the weapons – two pistols and an automatic rifle!

After checking, she checked Ji Feng's weapons again, and in addition to the firearms, there was also a dagger.

Ka ka ka~!

The magazines were filled with bullets, the cartridges were filled with bullets, and they were pinned to her waist one by one, and all preparations had been made.

At the same time, on a road on the outskirts of Hangzhou, there were six large trucks heading towards downtown Hangzhou, six semi-open vans, according to the formal terminology, this is called 'special transport trucks for commercial vehicles'.

What was being transported in the six vans were all small cars!

And in front of and behind each of the six big vans, there were three or two small cars, which seemed to be opening and breaking the way for these six big vans, a total of twelve vehicles, lined up in a long line along the highway, driving towards downtown Hang.

From here, looking towards downtown Hang, they could vaguely see the starry lights, and they slowed down slowly .....

Campus Master Chapter 2594

Late at night.

By the side of a highway in the suburbs of Hangzhou, a depressed-looking Song Mingyuan was sitting in his car smoking.

After two hard puffs, he couldn't help but curse angrily, "Damn it, what the fuck is this smoke, it's so hard to smoke!"

Chen Fei, his personal bodyguard, who was sitting in the passenger seat, turned around and said, "Young master, this is your favourite cigarette, did you buy a fake one?"

"Humph!"

Song Mingyuan casually extinguished the cigarette in the ashtray and couldn't help but say, "Damn it, sooner or later I'll have to get some special supply to taste what it's like."

Of course he knew it wasn't a fake cigarette, it was just that he was in a very depressed mood, so even with it, he didn't feel much taste in smoking.

"Young master, don't worry, as long as there is a chance, I will definitely do away with that Ji, and I will definitely take out this bad breath for you!" Chen Fei said immediately.

"It's still you kid who knows my heart." Song Mingyuan was very comfortable when he heard that, then he couldn't help but gnash his teeth and said, "That bastard Ji Feng, just wait and see, he won't have a few more days to run wild, this time when he comes to Hangzhou, he won't be able to leave again, I have to get him killed!"

Chen Fei immediately asked, "Young master, when do we do it then? I'll be the first to go!"

Song Mingyuan shook his head and said, "Definitely not now, we still have to take delivery today, but just wait, as soon as the situation above becomes clear, I will definitely not let him go."

Chen Fei asked with some confusion, "Young master, when you say up there, which up there are you referring to?"

Song Mingyuan shook his head and said, "You wouldn't understand even if I told you, the matters above are very profound, so you should take your time and learn!"

In fact, Song Mingyuan himself could not understand what was going on up there, and what the collision between the big factions was all about.

Naturally, political battles were not something that people like him could understand.

"Young master, what kind of goods are coming in tonight?" At this time, Chen Fei asked again.

"Today's are all good goods!"

As soon as he said this, Song Mingyuan came to life and said, "Jaguar, Land Rover, Porsche, and a few other cars, all with a market price of a million or so."

Chen Fei couldn't help but stammer at the sound of this, "All luxury cars!"

Song Mingyuan laughed, "What else do you think, if it was just some Honda Toyota or some other kid's car, would our Golden Dragon Gang be able to look at it? Why do you still need me to go out?"

Chen Fei was suddenly dumbfounded and said, "I see."

Song Mingyuan laughed and said, "Let me tell you, there are a total of six trucks this time, and the market price is around 80 to 90 million dollars!"

Chen Fei was instantly taken aback, "This, so much?"

Song Mingyuan immediately laughed out loud in triumph once again, that originally somewhat depressed mood also soothed a lot, "You kid, I really like you more and more!"

"Knock, knock, knock!"

The car window was knocked a few times, Song Mingyuan immediately lowered the window, and saw Zhu Gang standing outside, saying, "Young master, the goods are almost here."

Song Mingyuan immediately nodded his head, "Have the brothers get ready!"

Zhu Gang nodded his head.

At once, dozens of men came down from the cars that were parked around Song Mingyuan, and all of them had weapons in their hands and began to scatter in all directions. Some were responsible for policing the surroundings, while others were surrounding Song Mingyuan and Zhu Gang.

.....

But Song Mingyuan did not know that at this moment, in a place not too far from him, two cars were parked in the trees by the roadside, and Ji Feng and others, were here.

“There are forty-three people in total, and there’s still a car in the middle that didn’t have anyone coming down.” Yi Xingchen took the binoculars and said, “If we go by the fact that that sedan was a full five-passenger car, the other side would be forty-eight people in total!”

“No!”

Ji Feng shook his head and said, “There were three people in the middle car, a bodyguard, a driver, and Song Mingyuan himself.”

Yi Xingchen was then a little surprised, how did Ji Feng know so well?

“If we know how many people are on the other side, we’ll be able to do it!” Yi Xingchen said, “Yao Zhijian is in charge of long-range sniping and cover, Guo Tao and I will attack, Miss Bai will cover from the side, boss, you coordinate from the centre!”

“Just let Bai Zhu be in charge of centre coordination.” Ji Feng said, “I’ll use my approach to attack!”

This time, Yi Xingchen didn’t raise any objections because past experience had told him that Ji Feng wouldn’t compromise with him at this time, so he nodded decisively and said, “Alright then, after they both finish handing over, we’ll make our move!”

Ji Feng said, “Old Yi, these numbers are only temporary, if the other side has increased their manpower after the handover, it’s not impossible, this has to be prepared in advance!”

Yi Xingchen said, “All ready!”

Guo Tao whispered, “As long as we can take them by surprise and several of them sweep through with a pike at the same time, how many more can stand?”

They were not ordinary fish, they were all very accurate, especially Ji Feng and Yao Zhijian, Guo Tao had seen them with his own eyes, they were simply terrifyingly accurate!

So what if there were dozens of people on the other side?

As long as a few of them each shot a pistol at the same time, a large number of them would definitely fall down!

“No, this is too reckless.” Yi Xingchen said, “Those who haven’t fallen will definitely rise up and fight back, and then we might be in a bitter battle! Let’s stick to the plan we made before!”

Guo Tao then hemmed and hawed, he hadn’t done anything for a long time and his hands were itching a bit, looking forward to a painful blast!

“Buzz~~”

Faintly, a low vibrating sound came faintly, a few lights appeared on the distant highway, Ji Feng’s eyes narrowed slightly, “Here they come!”

Twelve cars, among which there were six fully loaded large trucks, their sound was naturally not small.

Ji Feng couldn't help but secretly coldly hum as he watched, this Golden Dragon Gang is really bold, how dare they adopt this way of openly smuggling, and also such a large amount at one time, it seems that the umbrella that covers the Golden Dragon Gang from above is not small!

Otherwise, with this kind of behaviour, the Golden Dragon Gang would have been exterminated ten times already!

In the distance, Song Mingyuan and those who were delivering the goods were already making a joint, the headlights flashing, seemingly in a code ..... Even nowadays, some of the means and methods used by the black's gangs in the past are still being used.

Jiang Hu, never disappeared.

The handover was smooth, and when the big truck was delivered to Song Mingyuan's people, the six sedans turned around and headed back.

At this time, Yi Xingchen's left hand was raised – as the commander of the battle group, he was still in command of this operation.

CLICK~!

CLICK!!!

The safeties of the guns were all turned on, the bullets loaded, and apart from Yao Zhijian who had already chosen a suitable sniper spot and ambushed him there, all four people present had eyes like lightning, like cheetahs about to pounce on a flock of sheep, poised to strike!

At this time, those of Song Mingyuan's men had also retreated from the surrounding guard, ready to go back, and this was the time when they were most concentrated.

“Hoo!”

Yi Xingchen's left hand fell down violently without saying a word, but it was more powerful than any words.

“Ta-da .....

“Ta-da-da .....

In a flash, the sound of dense gunfire abruptly cut through the silent night sky, and several jets of fire spewed out a rain of bullets denser than rain.

In an instant, a large area was swept down, with screams of misery and wailing.

At this moment, Song Mingyuan's face turned white with fear and he subconsciously tried to grab Chen Fei beside him so that he could stand still and hide, but his grip was empty and Chen Fei, who was standing beside him, had disappeared.

Song Mingyuan stumbled and fell to the ground, but unbeknownst to him, it was his fall to the ground that saved his life.

“Someone's ambushed!”

“Are they cops? Or is it blackmail?”

The scene was chaotic, everyone was shouting wildly, some in misery, some shouting in terror, and there was also the sound of Zhu Gang yelling to organise his men.

“They only have a few tongues of fire, they must only have a few men, we still have men, do them!” Zhu Gang yelled. His long time in the jungle had made him unruffled in the face of danger, and he was surprised to see the tongues of fire spewing from the muzzles of guns in the darkness.

“Yes, yes, all rush over and finish them off .....,” Song Mingyuan shouted immediately upon hearing this.

“Hurry up, go around from both sides, there are so many of us, we can definitely finish them off!” The sound of Zhu Gang’s constant yelling seemed to give those gunmen as well as Song Mingyuan a lot of strength to support them, some of them were then moved by the words, they were originally even experts, it was just that the attack was too sudden just now, making them a bit frazzled.

Now when they heard Zhu Gang yell so much, they immediately reacted and prepared to organize a counter attack.

“Hurry up .....,” Zhu Gang shouted.

“Boom!”

However, the next moment, a blood splash steeply emerged from Zhu Gang’s head, he, was shot in the head!

“Sniper! There are still snipers on the other side!” An experienced gunman roared wildly.

“Boom!”

This gunman’s voice also came to an abrupt end.

At this point, the gunmen who had calmed down somewhat were suddenly thrown into panic again. The surprise attack was not too scary, but the fact that there were snipers on the other side in ambush at the same time as the surprise attack was like a death knell!

“Ta-da-da!”

At this time, Ji Feng’s attack did not stop in the slightest, having already shot three magazines, and the fourth one had been replaced.

Some experienced gunmen tried to creep on the ground and escape, but they were done away with by the hidden Yao Zhi sound.

In this way, those gunmen collapsed.

They couldn’t stand, they couldn’t lie on the ground, and they couldn’t even hide behind the car. .... Boom! A gunman hiding in the back door of the car was killed by a bullet from somewhere ..... hiding behind the car also can’t!

Confusion, panic, spread quickly, so while the men were at a loss for words, a heavy rain of bullets struck again .....

In just a few minutes, none of the dozens of people present were able to stand anymore!

Song Mingyuan saw this scene and collapsed!

Campus Master Chapter 2595

Seeing this scene in front of him, Song Mingyuan couldn't help but tremble, even in the darkness of the night he could see by the lights of the car how pale his face was.

"This, how is this possible, how is this possible ....."

Song Mingyuan was so frightened that his soul went straight to death and he only knew how to sit there looking at what was in front of him and mumbling, with a look of disbelief in his eyes.

Just a moment ago he had dozens of men, in the blink of an eye there were only a few left, and they were all wounded, lying on the ground rolling and moaning in pain!

This sudden attack instantly knocked Song Mingyuan dumbfounded, such a huge loss aside, he felt his life was in serious danger and a chill made him shiver.

"Ta-da-da ....."

The other side of those several tongues of fire is fast approaching, Song Mingyuan see this scene, can not help but die straight, subconsciously want to escape, but remember that still hidden in the dark sniper, Song Mingyuan hard scared two legs weak, how can not stand up.

"Chen Fei ....."

At this time, Song Mingyuan suddenly remembered his personal bodyguard, the one who was loyal to him, Chen Fei, and he immediately shouted, "Chen Fei! Chen Fei where are you ....."

But no one responded to him.

Song Mingyuan was afraid, he was truly scared, an unparalleled sense of fear swept through his entire body, leaving his mind almost blank.

The intense fear made Song Mingyuan not even know how to handle himself, only with a strong sense of despair and panic in his eyes, but without even the surge to escape.

"Boom!"

A sudden gunshot rang out.

Song Mingyuan was so frightened that he shouted out, "Ah...!"

He did not notice that under a car not far from him, a person who had taken advantage of the chaos to hide there was suddenly shot in the head. If Song Mingyuan was not so scared, he might have noticed that the location where the gunshot sounded was not very far from him .....

However, at this moment Song Mingyuan had already been scared out of his wits, all he knew was panic and he didn't know how to react at all.

As Ji Feng and the others slowly approached, a wind blew in their faces and the air was filled with a strong smell of blood, but on top of that, there was a foul odor coming from them.

“Who the hell pissed their trousers in fear, right?!” Guo Tao snorted at once.

“Be careful, don’t be careless, there might be a leak!” Ji Feng admonished in a deep voice, he had come through big storms and waves, it would be worthless to capsize in this gutter!

“Here’s one!”

Bai Zhu suddenly said, the gun in her hand was aimed at the man, but she saw the man lying on the ground, holding both hands up vigorously .....

Yi Xingchen said, “Here’s another one ..... eh?!”

He couldn’t help but frown, because the foul odor was coming from this man’s body.

Ji Feng turned his head to look, but found that this person was no other than Song Mingyuan who was still strutting his stuff in front of him before, he couldn’t help but smile slightly and said, “Song Mingyuan, we meet again!”

“.....”

Song Mingyuan didn’t have any reaction for a moment, only a moment later did he gradually react, however, when he looked clearly at Ji Feng, the panic on his face steeply intensified, in this instant, it was as if someone had viciously yanked his heart, he fiercely felt that the whole world was in despair!

“Yes, it’s you!?”

Song Mingyuan was terrified to the extreme: “Ji, Ji Feng, it’s really you .....”

Ji Feng smiled: “Didn’t expect it?”

Song Mingyuan’s face was white, at this point he understood everything, it wasn’t some kind of blackmail, nor was it the cops in an ambush, it was Ji Feng’s revenge!

Moreover, Ji Feng’s revenge was so fierce, so harsh and terrifying!

He originally thought that the Ji family was now in a difficult position to protect itself, and Ji Feng had no power to draw on, so he dared to be so arrogant, but what he did not expect was that Ji Feng did not draw on any power at all, and used this most simple, brutal and powerful action to give him a vicious revenge!

And the result of this revenge could be his life!

A fear so strong that it was beyond words instantly spread throughout Song Mingyuan’s entire body, and he was so terrified that he gritted his teeth hard, but he still couldn’t help but fight with his teeth.

“Ji, Ji Feng, let me go, I beg you to let me go, I will give you whatever you want!”

I don’t know where the courage came from, or maybe it was the strong desire to live that made Song Mingyuan suddenly throw himself on his knees and hurriedly begged towards Ji Feng.

However, as soon as he moved, the stench became even stronger – the sudden attack and the large number of experts who had been killed before his eyes, the bloody and horrible scene, made him shit and pee all over the place!

However, at this moment, Song Mingyuan couldn't care less about that. He knelt on the ground and begged bitterly, and even tried to hug Ji Feng's thigh, but he was kicked out by Guo Tao.

"Look at your doggy face! If you dare to come any closer I'll shoot you now!" Guo Tao said coldly.

"Ji, young Ji, I beg you, young Ji, Master Ji ....." Song Mingyuan was on the verge of collapse, not caring about any dignity, what with his status as the young master of the Golden Dragon Gang, he kept begging, hoping that Ji Feng could spare his life!

This scene, let Yi Xing Chen look at constantly shake his head, said: "Boss, just this kind of jumping clown, dog-like thing, also can be difficult for you?"

Yi Xingchen was a bit incredulous, how could any kind of cats and dogs dare to bark in front of Ji Feng?

This also made Yi Xingchen a little uncomfortable, Ji Feng would actually be oppressed by such a dog-like thing, where did this put him?

Looking at Song Mingyuan, who was still begging, a murderous look flashed across Yi Xingchen's eyes.

Ji Feng, however, shook his head and said, "This is just a jumped-up clown who has been spoiled in Jiangzhe ....." My target is not him!"

Although Song Mingyuan is the young master of the Golden Dragon Gang, but in Ji Feng's eyes this is just a jumping clown, what the godfather of the underworld, not even on the stage, just like a dog!

For Song Mingyuan's barking, Ji Feng rarely took it to heart, because he didn't put Song Mingyuan in his heart at all, his real target was the big faction of Jiangsu and Zhejiang!

Even Hu Yujin, the head of the five youngsters in Jiangsu and Zhejiang, Ji Feng didn't even take it seriously!

"Should we do away with him?" Yi Xingchen asked. For such a dog, Yi Xingchen didn't even want to do it himself, but even more so, he didn't want to keep him, especially when he thought that such a clown actually dared to jump up and down in front of Ji Feng, he was moved to kill.

"I'll do it!"

Guo Tao immediately said, while grinning at Song Mingyuan, "Kid, how do you want to die?"

Buzz~!

Song Mingyuan was immediately scared to death, he only felt his head buzzing, his whole body collapsed, he shouted like a madman, "Young Ji, Master Ji, I beg you to let me go, it's my fault, I deserve to die, I'm not human ....."

"Keep him!"

Ji Feng shook his head and said, "Killing him will only dirty your hands!"

“Yes, yes, yes, I’m not a human being, I’m a dog, don’t kill me ……” Song Mingyuan shouted in a panic of fear.

“Humph!”

Guo Tao coldly snorted, frightened Song Mingyuan was again trembling, just about to scream in panic, but saw that Guo Tao had already put the gun back, he was immediately as if he had come back from the dead at once paralyzed on the ground, gasping for breath, the panic in his eyes but still had not faded away.

“Buzz ……”

Ji Feng’s phone vibrated, he took it out and looked at it, immediately said, “All right, clean this place up, let’s go!”

Yi Xingchen asked, “Don’t care about this place?”

Ji Feng said, “Don’t worry, there are arrangements, someone will come and get it at the back!”

Yi Xingchen was then relieved, it seemed that Ji Feng must have been the backhand. Afterwards, a few people cleaned the place up before leaving, leaving Song Mingyuan as limp as a puddle of mud on the ground, his face white and terrified.

However, when Song Mingyuan saw that Ji Feng and the others had left, his face quickly revealed a look of ecstasy, and he shivered as he stood up, pulled open the door of a car and drove away, not even looking at the tens of millions of dollars worth of goods in the six large trucks.

Now he was only thinking about escaping, so how could he care about that?

However, as soon as Song Mingyuan pulled open the door of a car, he suddenly felt a chill at the back of his head, and then an icy voice rang out, “Hands up, move one more time and I’ll shoot you!”

Swish!

Song Mingyuan’s face suddenly turned white again, and he incomparably obeyed, immediately raising his hands, almost like a conditioned reflex.

But the next moment, Song Mingyuan’s eyes suddenly widened and his body trembled in shock, “Chen, Chen Fei, is that, is that you?”

When he slowly turned around, he saw that the person pointing a gun at him, wasn’t it his personal bodyguard Chen Fei?

“You, you you ……” Song Mingyuan was terrified, saying seven or eight you’s in a row, but he could hardly utter a complete sentence.

“It’s me!”

Chen Fei grinned, “Young master, didn’t expect it, did you?”

Looking at Song Mingyuan's miserable white face, Chen Fei sneered, "You think that with just you, you can really fight with Young Master Ji? You really don't know what you're doing! I'm telling you, if Ji Shao really wants to mess with you, you won't even know how you'll die!"

Song Mingyuan opened his mouth wide, but he couldn't say a word. In the end, he could only grit his teeth and say, "Chen, Chen Fei, I usually treat you pretty well, right, you, you ....."

"My family, a long time ago, was arranged for a very good life by Ji Shao, but what have you ever done other than to know that you let me work for you?" Chen Fei sneered.

"I ....."

Song Mingyuan still wanted to say something, but Chen Fei raised his hand and smashed him hard on the back of his head with the handle of his gun, instantly knocking him unconscious!

When the police cars arrived with sirens blaring and saw the scene in front of them, they were all stunned.

The man in one of the cars, sitting side by side with a soldier, was equally stunned.

The scene in front of him was too bloody!

However, when he saw Song Mingyuan, who was hanging on the luggage rack of a SUV, he couldn't help but smile, this kid Ji Feng was really stern in his work!

Campus Master Chapter 2596

"Gang master! Gang master!"

The mournful shrieking sound was extraordinarily piercing in the dark night.

When Song Jinlong was awakened, he was furious and shouted, "Who's shouting nonsense?!"

The bodyguard at the villa gate immediately ran in and said, "Chairman, one of the young master's bodyguards is here and says he needs to see you urgently!"

He knew that Song Jinlong didn't like to be called Master of the Gang, but most liked to call him Chairman, and he would be very happy to hear such a title from Song Jinlong.

Song Jinlong was startled at his words and immediately said, "Bring him in!"

"Yes!"

"Gang master! Gang Master it's not good ....." Chen Fei stumbled into the villa and shouted, "Gang Master, something's wrong!"

"Bullshit!"

Song Jinlong was furious when he heard this, and threw his hand to slap Chen Fei, "Who's in trouble!"

Chen Fei covered his face and hurriedly said, "Gang master, the goods, the goods are in trouble."

"What did you say?" Song Jinlong was stunned at the sound of his words and hurriedly asked, "What's happened?!"

“Gang master, when we were picking up the goods, a large group of police officers suddenly came, along with soldiers!” Chen Fei said in a panic, his face still wearing a look of shock, as if he had not recovered by now.

However, when Song Jinlong heard this, he changed colour abruptly and asked in a panic, “Tell me clearly, what is going on?”

Chen Fei said, “Master, we didn’t know what was going on at that time, anyway, a large group of police officers suddenly came, at that time the young master immediately ordered to resist, as a result, the police officers opened fire, most of the brothers were killed or injured, I saw that things were not good, so I immediately led the young master to retreat!”

“What about the young master?” Song Jinlong immediately asked.

“The Young Master and I retreated, but the police were in hot pursuit, I had no choice but to deliberately fire while distracting the police so that the Young Master could escape ..... Gang Master, has the Young Master not returned yet?” Chen Fei asked anxiously.

“.....”

Song Jinlong’s face then changed completely, he knew better than anyone that Song Mingyuan had not returned, without saying a word he immediately picked up his phone and dialed Song Mingyuan’s number, however, the phone showed that it was not in the service area.

Song Jinlong gritted his teeth and called again, but the result was still not in the service area.

Chen Fei couldn’t help but ask, “Gang master, the young master hasn’t returned yet, has he?”

Song Jinlong nodded with a gloomy face and said, “Mingyuan hasn’t returned yet, Chen Fei, tell me carefully about the situation.”

“Yes!”

Chen Fei first answered, and then said busily, “Gang master, you don’t have to worry too much, I think the young master must have gone into hiding somewhere and was afraid of being exposed, so his mobile phone was not switched on ..... Even I was able to escape, the young master is naturally even more out of the question.”

Song Jinlong nodded and asked, “Chen Fei, you said you were the one who lured the police away at that time?”

“At that time, I was with Young Master, and the police were too eager to chase after me, so I could only let Young Master escape first!” Chen Fei said immediately.

“You did a good job!”

Song Jinlong said, “When the Young Master returns, I will definitely not treat you badly.”

Chen Fei was immediately overjoyed, “Thank you, gang master.”

At this time, Song Jinlong, however, waved his hand and said, “Go down first, I will call you again if there is something.”

“Yes!” Chen Fei answered.

“Dang it .....”

At that moment, the phone suddenly rang in the bedroom, Song Jinlong’s face changed, three steps forward and two steps back, he hurriedly went in and picked up the phone and answered, “Hello, is this Mingyuan?”

“Old Song, it’s me.”

What came over the phone was another man’s voice, Song Jinlong couldn’t help but faintly stare, he didn’t react for a moment to who this man speaking was and couldn’t help but ask, “Are you .....”

However, before he could finish his words, he was interrupted by the other party, only to hear the man say, “Don’t say anything first, listen to me, I don’t have much time ....., Lao Song, something is wrong, Tong Kai De is hiding too deep, he has long used the power of the central government, last night an investigation team from the central government has arrived in Hangzhou and also seconded a large number of special police and explosion-proof troops from Wan Dong, just to get at you.”

“Ah?!”

Song Jinlong was immediately taken aback, his face suddenly changing.

The other party barely made any pause and said, “Now your people and goods have been caught red-handed, the people delivering the goods have also been arrested, now that side is also in a difficult position to protect itself, this matter will definitely involve you, now you immediately think of a feasible way to leave Jiangzhe with the fastest speed, no matter what, you must not fall into the hands of Tong Kai De and the investigation team, remember, be quick! ”

“I .....”

“Old Song, you only leave Jiangzhe first, this side will be able to circumvent, also have the space and room to maneuver, otherwise, once you fall into the hands of Tong Kai De and the investigation team, when the time comes it will be almost impossible to fish you out, this time the Ji family is moving for real, they will definitely make you bite outwards, and in the end will also kill you! ”

When Song Jinlong heard this, he was like falling into an ice cellar, his whole body was cold!

“Then should I inform High Official Hu?” Song Jinlong couldn’t help but ask, at this time, his heart was panicking and he subconsciously asked.

“You’re confused!”

The other party, however, let out a low shout, “What time is it now? At this juncture, who isn’t picking themselves clean first, and you’re looking for someone else? I tell you old Song, this time the accident is you, but you definitely do not involve us, if you have something bad in your hands, you better give me clean, otherwise ....., you leave Jiangzhe first, turn around and we will slowly think of a way .....”

After saying that, the other party hung up the phone.

“Hey, hey hey!” Song Jinlong shouted several times in a row and got no response, he put down the phone with a face full of panic and dismay.

Although he hadn’t been able to make out who’s voice this caller actually was until the end, he thought it was some big official from above, or at least he must have received his ‘filial respect’, otherwise he wouldn’t have instructed him to get rid of the ‘bad stuff’, and even even threatened him.

“Damn it!”

Song Jinlong couldn’t help but curse angrily, when they were eating my filial piety, they all acted like fucking hungry wolves, afraid that they would eat half a mouthful less than others, but now, they were all faster than anyone else to hide, and even threatened him.

A bunch of uncooked wolves with white eyes!

Song Jinlong was furious and cursed for a while, but there was nothing else he could do, and he didn’t even dare to inform anyone.

That guy had just threatened and warned him, but who knew what the others would think?

Would someone try to get rid of the potential threat before he was caught? It wasn’t impossible, but if that was the case, then his life would be in danger!

Thinking of this, Song Jinlong didn’t think any more, he hurriedly changed his clothes and then shouted, “Chen Fei! Chen Fei! Someone! Someone come .....

At once, many of his bodyguards, including Chen Fei, hurried over.

“Chairman!”

“The few of you help me pack up my things immediately, prepare two spray guns, a few magazines for me, and prepare an unlicensed car!” Song Jinlong hurriedly said.

“Chairman, you’re .....

“What is it is! Go quickly if you are told to!” Song Jinlong shouted, “Don’t go yet!”

“Yes!”

The group of bodyguards hurriedly all went to prepare as Song Jinlong had ordered.

Song Jinlong went back into the bedroom, he clasped one hand on the head of the bed, gritted his teeth and pushed the bed open, he saw a key ring sized pull ring against the corner.

Song Jinlong immediately pulled it open, and at once, only to see that several pieces of flooring were surprisingly connected, and it was directly pulled open, revealing a safe inside .....

This safe was surprisingly set into the reinforced concrete underneath the floor, which showed how careful Song Jinlong was, thinking that it must have contained some valuable things.

However, what Song Jinlong took out of it were just a few file folders. Apart from that, he also took out a small cloth bag the size of an eyeglass case, as well as a few bundles of banknotes.

“Wow~”

Song Jinlong pulled open the string tied around the bag, and at once, the light inside shone brightly, only to see that what was inside were diamonds, and looking at the weight and quantity, I'm afraid there were almost dozens of them!

Putting the diamonds away in a bag, Song Jinlong's gaze fell on the bags of documents, his face cloudy and uncertain.

"Son of a bitch!"

Not knowing what had occurred to him, Song Jinlong suddenly couldn't help but curse, then gritted his teeth and hid all those document bags in his arms again, his eyes couldn't help but flash a stern look as he cursed in a low voice, "You guys are afraid of being involved and have plucked yourselves so clean, but how could you not imagine that what I have in my hands will definitely make you all jump into the Yellow River and not even be able to cleanse yourselves!"

Once all the things were put away, Song Jinlong went to another bedroom, where there was a safe placed in plain sight, and after opening it, he only saw a brilliant gold inside, but it was one gold brick after another .....

Song Jinlong saw these gold bricks and couldn't help but feel slightly relieved, he was a black `doer, although he always considered himself a nobleman in high society, but in fact his bones were still a bit petty, so he didn't care how developed he was, he was still extraordinarily obsessed with gold, and always had a lot of gold at home, and would take it out to look at it when he had nothing to do, as a way to appreciate his achievements .....

And at this moment, these gold became his life-saving money, so a large batch of diamonds is not very good to get out, especially when hiding even more bad, or it may expose the whereabouts, but gold is different, no matter to which gold shop, or some processing points or recycling points, you can get out, this is real hard currency.

Song Jinlong packed all this gold into another bag in one go, and looked at the empty safe, his face clouded over.

"Gang master! Gang master!"

However, just then, Chen Fei came running over in a hurry again and said in an urgent voice, "Gang master, there are sirens coming from outside, I think the police are about to arrive ....."

Song Jinlong was instantly shocked!

Campus Master Chapter 2597

"Are all the things ready?" As soon as Song Jinlong heard that the police were about to arrive, he became anxious and hurriedly asked.

"It's all ready, the spray gun, and the car, plus fake ID cards and some other necessary things!" Chen Fei said immediately.

"Good!"

Song Jinlong was satisfied at hearing this and immediately said, "Let's go!"

Chen Fei immediately said, "Gang master, I think it's too big a target for so many of us to go together, I think it's better to find two people to accompany you while the rest of us lure the police away."

"That's a good idea!" Song Jinlong said immediately, "Let's do that!"

"Gang master, I'm a good driver, I lost the police when I was covering the young master before, let me help you drive!" Chen Fei immediately volunteered himself.

Song Jinlong immediately said, "Chen Fei, it's rare for you to be so loyal, I won't treat you badly!"

He then pointed out two more bodyguards to join him, while the others were responsible for luring the police away!

Afterwards, the group immediately headed out, Song Jinlong's footsteps were hurried. Because he understood that this policeman was definitely not a policeman from Hangzhou, there was no policeman in the whole of Hangzhou who dared to come and arrest himself, this must be what the person on the phone had said, the special policeman that Tong Kai De had transferred from Wan Dong Province!

The person on the phone was really right, this old fox Tong Kai De had really mobilised his men long ago!

Song Jinlong couldn't help but feel some hatred, if he had known he should have done away with Tong Kai De, even if there were any consequences, it was still better than having to run away in a panic now.

Even if there were consequences, it would be better than running away in a panic. Don't look at Song Jinlong's dominance in Jiangsu and Zhejiang, but in reality, his power is only concentrated in Hangzhou and a few surrounding cities, and he can't completely cover the whole of Jiangsu and Zhejiang.

But if you don't run, once you fall into the hands of Tong Kai De, you will have to shed your skin even if you don't die.

The person on the phone also said that it was not only Tong Kai De who was responsible for this, but also the investigation team of the Central Committee.

Although Song Jinlong was running amok in Jiangsu and Zhejiang, he was too far away from the central government, and he could only look up to a random investigation team from the central government, so deep down, he was still afraid of the big shots above.

If he had done away with Tong Kai De, at that time, even if someone from above came to investigate, the top brass of Jiangsu and Zhejiang would certainly be able to help block him, and besides, even if he had done away with Tong Kai De, it would not just be for his own sake, someone from above would certainly bail him out, and now .....

"Woo woo~~ woo woo~~"

As soon as the group of people walked out of the villa, they heard the sound of sharply honking sirens, Song Jinlong was instantly startled, "Get in the car, go!"

Chen Fei was in charge of driving, he skillfully started the car, his foot stepped on the accelerator, the tyres made an ear-piercing scraping sound against the ground as the car sped away.

“Gang master, where are we going?” Chen Fei asked as he drove, “Do you still have anything important in the company? Do you want to go and get it now?”

“The company can’t go!” Song Jinlong shook his head and said, “Since the police have already come here, then there will definitely be police going over the kilometre side as well..... like this, let’s leave Hang City first!”

“Yes!”

Chen Fei immediately answered.

A moment later, he added, “Gang master, if you still have anything important in the company, then once it falls into the hands of the police, wouldn’t that .....”

“Don’t worry, how can I keep important things in the company?” Song Jinlong said, “Go boldly, it’s fine!”

“Yes!” Chen Fei nodded, then concentrated on driving.

.....

Time was running out fast, and this night was undoubtedly one that Song Jinlong would remember for the rest of his life.

As he watched the lights on both sides recede rapidly, the city was already fading away, Song Jinlong’s face was cloudy and uncertain, and he didn’t know what he was thinking, except that the hatred that flashed in his eyes from time to time was an indication of how resentful his heart was at the moment.

“Hm?!”

Just then, Song Jinlong suddenly felt something strange, and he couldn’t help but ask, “Chen Fei, where are we heading?”

Chen Fei said, “Leaving Hangzhou City, isn’t that what you ordered?”

Song Jinlong said, “But why have we come to such a remote road?”

After leaving the city, they saw that the car was going farther and farther away, there were not even any street lights on either side, and they had also taken a small road, surrounded by darkness and an unknown future, which made Song Jinlong alert at once.

Chen Fei said, “Gang master, this is a small road that few people take, I was worried that there might be a police checkpoint on the other main roads to intercept them, so I took this road.”

Song Jinlong nodded somewhat skeptically, but the man was much more alert.

Chen Fei didn’t say another word, but slowly picked up speed, and the numbers on the code meter were jumping continuously, showing that the car was accelerating all the time.

“Stop!”

Suddenly, Song Jinlong shouted.

Chen Fei seemed to have somehow not come back to his senses, “Huh?”

Song Jinlong bellowed, "I told you to stop, did you hear me!"

Chen Fei didn't even turn his head back, he just said in consternation, "Master, we've only just left Hangzhou, and this is surrounded by wilderness, have we arrived already?"

The other two bodyguards sitting in the car were also very surprised, had the gang master been scared out of his wits?

"Damn it!"

Song Jinlong was furious, he pulled out a gun from his pocket and loaded the bullets with two clicks, and put it against the back of Chen Fei's head at once, shouting, "Now, if I tell you to stop, stop immediately! If not, I'll shoot you dead!"

Chen Fei's steering wheel shook for a moment, and at once the car swerved violently, throwing all three people in the car into a violent sway.

"Boom!"

Song Jinlong's hand shook and he subconsciously pulled the trigger, firing his gun.

The other two bodyguards were startled, but Chen Fei still didn't slow down, but said, "Gang master, stop it, we're now going at over 160 yards, if we lose control of the car, none of the people in the car will survive!"

"You dare to threaten me?!"

Song Jinlong instantly turned blue and gritted his teeth, "You betrayed me?!"

Chen Fei said, "I'm just stating a fact. Gang Master, I didn't betray you, I never did."

"Bullshit!"

Song Jinlong said angrily, "Do you think I'm stupid? You stumbled back to report a message, didn't my son know to give me a message? Also, I only asked you to drive out of Hangchun, why did you take it upon yourself to go down this road?!"

Chen Fei said, "The young master might have gone into hiding for a while, or lost his mobile phone while escaping, it's impossible to say. I took this road because I am more familiar with it and feel at ease when I run."

Song Jinlong shook his head and said, "Chen Fei, do you know why I, Song Jinlong, have made it this far? If you think you can fool me with such two words, you underestimate me too much! You came back to report the news, that stranger's phone call, and the fact that you were so concerned about whether I had anything important, and this remote road ..... Chen Fei, you eaten-up thing! You deserve to die!"

Song Jinlong is naturally not a fool to have made it this far. Quite the contrary, he was smarter than many people, it was just that because he was not on the right path, so suddenly hearing the news that the Central Committee had sent an investigation team as well as Tong Kai De's sudden move made him mess up.

That phone call, in particular, misled him into thinking that he had been completely abandoned, which is why he completely lost his composure. Coupled with Chen Fei's demonic words and compulsions, Song Jinlong chose to flee.

However, as soon as he sat down in the car, Song Jinlong suddenly realised that something was wrong.

Because, he had never heard that voice on the phone, and the other party had never identified himself from the beginning to the end, and more importantly ..... those people he had contacted, there were not many who called him Old Song, and those people's voices, he was familiar with!

As soon as he thought of this, Song Jinlong immediately understood that he had fallen for it!

Song Jinlong's face turned blue: "Chen Fei, do you need me to say anything else?"

"No need!"

Chen Fei shook his head and said.

Song Jinlong's face turned gloomy at these words, he stared coldly at Chen Fei and gritted his teeth, "It's true that you betrayed me!"

Chen Fei shook his head and said, "Gang Master, I have never betrayed you because I have never been a member of the Golden Dragon Gang!"

Song Jinlong snarled at his words, "Then whose man are you?!"

"Young Ji's people!" Chen Fei said.

"..... who?!" Song Jinlong frowned and asked, "Which Young Ji?!"

"Yanjing Ji Feng! Young Ji!" Chen Fei said.

As soon as Chen Fei's words fell Song Jinlong was shocked at what he heard and asked out of breath, "Who are you talking about? ..... Who are you with?!"

Song Jinlong could hardly believe his ears, Chen Fei was actually Ji Feng's man? How could this be possible!

You know, when Chen Fei was following his son Song Mingyuan, Song Jinlong didn't even know who Ji Feng was! At most, he had only heard of his name, and this was not the right time!

Suddenly, Song Jinlong's heart sank as he stared angrily at Chen Fei's side of the face and gritted his teeth, "You betrayed Mingyuan and defected to Ji Feng, didn't you?!"

Chen Fei said, "I've always been one of young Ji's people!"

Song Jinlong then froze, and immediately, an uncontrollable fear spread from the bottom of his heart, and Song Jinlong felt fearful.

Ji Feng, surprisingly, had had his hand on him for so long, and he knew nothing about it!

"Where are you taking me this time?" Song Jinlong asked in a cold voice.

"To where you should go." Chen Fei said.

“Do you think I will let you have your wish?” Song Jinlong gritted his teeth and said, “Also, where is my son? What have you done with him?”

Chen Fei said, “Young Ji said that this time it was for you to visit your son! He also said that you can choose to resist, but think about the consequences!”

Song Jinlong was silent.

Just then, the car began to gradually slow down, Song Jinlong’s heart tightened and the gun in his hand was immediately pointed at Chen Fei’s head, “What are you doing?!”

“It’s here!”

Chen Fei said.

Song Jinlong’s face suddenly changed.

Campus Master Chapter 2598

“Squeak!”

With Chen Fei applying a sharp brake, the car came to a halt at once.

At this time, Song Jinlong grabbed Chen Fei’s hair with his gun against his temple, alert as ever. At the same time, the other two bodyguards were also pointing their guns at Chen Fei.

Chen Fei smiled, “Gang master, look!”

He pointed directly in front of him.

When Song Jinlong followed his gaze, his face immediately changed – he saw that a row of police lights suddenly lit up in front of the police car, and in the middle was a man being held up by two men, one on the left and one on the right.

“Bastard! How dare you play this game with me?” As soon as Song Jinlong saw so many police officers, he was furious. Only then did he realise that the place he was supposed to go, as Chen Fei had said, was to meet these cops!

“If you want to end up slightly better yourself, I advise you to let go of your hands!” Chen Fei was being grabbed by Song Jinlong’s hair and his head was involuntarily tilted back, but he was not weak and said coldly.

Song Jinlong was not a good fighter either, he said in a stern voice: “Do you really think I don’t dare to kill you?”

Chen Fei said, “Then do it! If I die, you will likewise have to pay for my life, not only you, but also your son, and think about it, your old parents can both have gray hair already .....

“Grass! How dare you use my family to threaten me?!”

Song Jinlong cursed angrily, “Believe it or not, I’ll shoot you right now!”

As soon as he heard Chen Fei even mention his son and parents, Song Jinlong immediately went berserk, his eyes flickering with murderous intent, ready to kill Chen Fei.

Chen Fei smiled, "Of course I believe it! But don't you like to use this trick to threaten others? What, you can't stand it when it's your turn?"

Song Jinlong's face turned blue, of course he knew better than anyone what he himself had done, but it was one thing for him to do it, it was another for Chen Fei to say it so contemptuously, Song Jinlong was so furious that he wanted to kill him on the spot!

"Song Jinlong!"

However, at that moment, a loud shout suddenly came from across the street, "Get out of the car and surrender! Or you will be killed!"

Hula~~! Hulah~!

All of a sudden, Song Jinlong's car was surrounded by heavily armed special police officers, and the black muzzles of their guns were pointing at the inside of the car through the window glass.

Song Jinlong's two bodyguards were instantly scared silly and the guns in their hands were involuntarily dropped, leaving Song Jinlong still pointing his gun at Chen Fei.

"Knock, knock, knock!"

Just at this time, there was a knock on the car window, and Song Jinlong turned his head sharply to look, only to see a young man, around his twenties, standing outside the car with a calm face, looking at him.

Chen Fei said, "This is Ji Shao!"

It was Ji Feng?!

Song Jinlong was instantly shocked, the so-called name of a man is the shadow of a tree, although in Song Jinlong's opinion Ji Feng was just a young man, but behind Ji Feng was the huge Ji family, subconsciously, Song Jinlong felt that he was a head shorter.

"Song Jinlong, come out yourself, don't make me do it!" Ji Feng said.

"....."

Song Jinlong, however, gritted his teeth and roared, "Don't even think about it! All of you back off, or else I'll kill him now ....."

"Clatter!" A sound.

Ji Feng punched through the car window glass, but the punch of his fist didn't lose its momentum and hit Song Jinlong's temple fiercely, knocking him unconscious with a punch before he could react.

"Giving shame!" Ji Feng retracted his hand and said indifferently.

And that, too, was the last sentence Song Jinlong heard before he passed out, which immediately made him feel humiliated beyond measure, only, before he could feel anything, his eyes rolled over and he passed out.

How could Song Jinlong's other two bodyguards dare to put up any resistance when they saw this? They were bodyguards, not dead soldiers, and seeing that Song Jinlong had been knocked unconscious, they were so frightened that they hurriedly raised their hands in surrender.

When Chen Fei got out of the car, Ji Feng patted him on the shoulder and said, "Well done, thanks to you this time!"

"But I still almost messed things up!" Chen Fei was a bit uncomfortable, Ji Feng had taught him the whole steps before, it was only that he hadn't actually done it properly that made Song Jinlong suspicious.

"You've done a great job!" Ji Feng said, "Hard work!"

"I can't repay the kindness that young Ji has shown me any more!" Chen Fei said immediately, when he was following Zhou Shilin, although his income was okay, his family was actually not doing very well, but it was Ji Feng who sent someone to solve his family's problems.

So although at first he was half-threatened and half-cajoled by Ji Feng into becoming an undercover agent, later on, he was genuinely grateful to Ji Feng.

"Go rest next to him first." Ji Feng patted his shoulder and smiled.

"All of Song Jinlong's documents are on him with him, a total of three document bags, and there are diamonds, gold and cash in the box!" Chen Fei said.

"I know."

Ji Feng nodded, on this journey in fact Chen Fei's mobile phone was on, from the time Chen Fei entered the villa until now, all the sounds around him Ji Feng could hear.

After arranging for Chen Fei, Ji Feng then smiled and turned his head to a middle-aged man in a police uniform and said, "Captain Zang, I'll leave this place to you, I won't be involved in the rest."

Captain Zang nodded and said, "Don't worry, I promise to complete the task!"

Afterwards, Ji Feng came to Tong Kai De's car, which was not far from the scene, and smiled, "Uncle Tong, everything is done!"

Tong Kai De couldn't help but be a little surprised, "I said why are you so calm, so you really have an undercover agent, when did you arrange for this person to be by Song Jin Long's side?"

Originally, when Ji Feng told him that he didn't have to worry about the Golden Dragon Gang, he was still a bit skeptical, after all, Song Jinlong was a ruthless and suspicious person, and it would be difficult to gain his trust without a few years to arrange an undercover agent by his side.

Ji Feng laughed: "This is all in the past!"

This was still the first time Ji Feng entered Jiangzhe, because he had a conflict with Zhou Shilin, and as a result, he was attacked by killers, and this Chen Fei, was one of the killers back then.

It just didn't occur to Ji Feng that Song Mingyuan would later look at Chen Fei and scoop him up.

Ji Feng didn't care, as long as Chen Fei and Zhu Huaichun were still in Jiangsu and Zhejiang, sooner or later, his arrangement would work, and as expected, his arrangement worked!

It just took a few days while waiting for evidence from the Golden Dragon Gang!

"Uncle Tong, this next time, you should take action, right?" Ji Feng asked with a smile.

"It's time to make a move!" Tong Kai De said, "You kid have already set the stage for your Uncle Tong, just wait for a good show!"

Ji Feng laughed, "What I want to see is not a play, Uncle Tong, I want to see a storm raging across the border!"

"Good!"

Tong Kai De was stirred up by Ji Feng's words, "Then the two of us will give them a raging storm!"

The frustration of being suppressed for a long time, the resentment of being watched all the time but being helpless, the impatience of being a pioneer but not being able to open up the situation, at this moment, all turned into the ambition of Tong Kai De!

He wants to overthrow the officialdom of Jiangsu and Zhejiang!

.....

The storm, from this night, began!

The night, the deputy secretary of the Jiangsu and Zhejiang provincial party committee was the first to be taken down by the investigation team from the central government overnight, because among the important information carried by Song Jinlong, this number two person of the Jiangsu and Zhejiang provincial party committee was the first to bear the brunt!

A senior official of the city of Hangzhou, Jiangsu and Zhejiang, a senior official of the city of Wen .....

This night, I don't know how many big officials were taken down, police cars whistled past, sirens sounded all over Hangzhou, and the streets could be seen almost every so often with the whistling police cars and the sharply flashing police lights.

Although the numbers were not too large, they were loud and swift.

It was like a storm passing through, raging across the entire officialdom of Jiangsu and Zhejiang, sweeping everything away!

Hu Yujin received the call from his father at dawn. On the phone, he heard the voice of the always strong and forceful father, suddenly much older: "..... Xiaoyu, let's go, I've made arrangements for you to leave the country overnight... .."

Splat!

Hu Yujin's phone fell to the ground.

Ji Feng!

Surprisingly, it was Ji Feng!

The big faction game above had not yet seen the light of day, but a huge storm had swept up below, and even, this storm was getting bigger and bigger, and finally, it had formed an incomparably terrifying tornado!

And Ji Feng, who he had always thought could be taken at will once the big faction game was over, had given him a resounding slap in the face in such a harsh manner that it made people's scalps tingle!

No!

This is not just a slap, this is ..... a fatal attack!

The sky in the east was white with the belly of a fish, a new day was dawning, and this storm, however, was becoming more and more violent!

That morning, Jiangzhe No. 1 convened an emergency standing committee to announce the arrival of this storm, which immediately led to an uproar and exploded the venue!

So many senior officials had been taken down in one night, this was definitely a huge earthquake in the officialdom, a disaster!

There were people who were anxious, people who were in mourning, people who were on pins and needles, and even people who were on tenterhooks!

However, what came next was what shocked those present the most – just as the emergency standing committee was being held at Jiangzhe No. 1, the deputy secretary of the Central Discipline Inspection Commission actually arrived in Hangzhou overnight and led people directly into the meeting.

“Boom!”

The door of the meeting room was pushed open, and the Deputy Secretary of the Central Discipline Inspection Commission, who had white hair, was the one with a rigid face, and his gaze was like electricity sweeping across the whole room, and in a flash, there was no telling how many people were in cold sweat.

Finally, the Deputy Secretary of the Discipline Inspection Commission's gaze fell on a middle-aged man with the same white hair, and said in a deep voice: “Comrade Hu Guozhu, we have some questions that require your cooperation in the investigation, please come with us!”

“Wow~!”

All of a sudden, the whole venue was abuzz with excitement.

But the next moment, everyone suddenly shut their mouths again, stunned, shocked, incredulous .....

The top official of Jiangzhe, the number two, had fallen just like that .....?!

Storm!

This is the most tremendous storm, with the fastest speed, swept the entire Jiangzhe!

Campus Master Chapter 2599

The second-in-command of Jiangsu and Zhejiang was taken away from the venue of the Standing Committee by the Central Commission for Discipline Inspection!

This news completely caused a huge shock in the official circles of Jiangsu and Zhejiang, and it is not too much to say that it was a big earthquake.

Hu Guozhu, an iconic figure of the Jiangzhe faction, although not quite the flag-bearer of the Jiangzhe faction, is definitely a mainstay-like figure of the Jiangzhe faction.

The official, who could almost be considered a vassal, fell in a way that no one expected!

In the past, when dealing with the cadres underneath, the top would have a different approach, especially when dealing with this kind of vassal, it would be cautious and careful and try to keep a low profile, because once something happens to a big official of this level, the impact is too big and too bad.

So basically, if there is nothing too serious wrong, the Central Committee will try to adopt a low-profile approach when dealing with these cadres, and then send someone to announce the results when they come out, so as to stabilize the situation and not make people panic, but also to act as a deterrent.

However, this time, the Central Commission for Discipline Inspection did not take any prior action at all, and came up and took Hu Guozhu away from the venue directly. The speed of the Central Committee's action and the suddenness of its action were both shocking.

The Central Committee's attitude towards Hu Guozhu and the way it handled the issue also shook people's hearts.

This is a resounding slap in the face!

It was a fierce slap in the face of the Jiangzhe line, extraordinarily fierce and unforgiving!

And this, too, shook the entire officialdom of Jiangsu and Zhejiang!

Even the number one person in Jiangsu and Zhejiang was shaken and quite a bit stunned.

He knew that this was definitely the Ji family's counterattack! However, he did not expect that the Ji family's counter-attack would be so sudden, so harsh, so ..... unforgiving!

Shock!

The whole of Jiangsu and Zhejiang was shaken!

When the deputy secretary of the Central Discipline Inspection Commission, who had white hair, took Hu Guozhu away without mercy, and even just nodded to Jiangzhe No. 1 when he was leaving, even if it was a greeting, this kind of forcefulness made all the standing committee members present unable to help their hearts twitch viciously.

This one, too, was a bit too stern!

The original purpose of this standing committee was to urgently discuss the bad incident that happened to the Golden Dragon Group and involved so many senior officials, but who would have thought that such a thing would happen while they were in the middle of a meeting!

Everyone in the room just felt like they had been slapped hard and hot in the face!

However, after the people from the Central Committee had left, the remaining Standing Committee members present suddenly realised that almost half of the entire meeting hall was missing!

This meant that five of the eleven members of the Standing Committee of Jiangsu and Zhejiang had been taken out of the large venue, which was like cutting off half of Jiangsu and Zhejiang in one fell swoop!

After the news spread, the whole of Jiangsu and Zhejiang was in an uproar, followed by a deep sense of panic.

The Ji family's counter-attack was so severe that it could almost be described as a thunderbolt!

However, this was not the end of it.

Right after Hu Guozhu was taken away, immediately afterwards, the investigation team, while carrying out its investigation work, suddenly divided its forces and went straight to several large enterprises such as the East City Group, pointing its sword at several heavyweight enterprises in the economic circle of Jiangsu and Zhejiang.

Immediately afterwards, Tao Dongcheng, the boss of the Dongcheng Group, was detained for allegedly engaging in illegal and criminal activities, while several other prominent figures in Jiangsu and Zhejiang were detained together with him!

This was a huge storm that swept through the whole of Jiangsu and Zhejiang, but almost no one who was swept up in this storm could escape!

Those who have no problems themselves are equally deeply disturbed. This is not just an investigation into a crime, this is a political struggle, and no one has any idea how far this storm will rage and how many people can be implicated.

Some people are terrified at the thought of what they have done!

However, just at this time, Ji Feng, who was at the centre of the storm, received a message.

"Hu Yujin is fleeing?" Ji Feng frowned, without saying a word, he immediately set off, even if Song Mingyuan escaped it was nothing, but this Hu Yujin, he could not let go.

Although this person did not deliberately target him, but Tong Kai De once said that in fact, the reason why he had such a hard time in Jiangzhe this time was because on the one hand, he was ostracized by everyone around him, but on the other hand, it was also because some small moves against him kept coming one after another.

And behind these small moves, it was Hu Yujin who was directing them!

If Song Mingyuan was just a mindless second-generation black dude who liked to fight and kill, then this Hu Yujin was a sinister villain who liked to play dirty tricks behind the scenes and used soft knives to kill people.

And yet this person is still the number two government official in Jiangsu and Zhejiang, and his casual words can affect countless people. If he hadn't taken the lead to undermine Tong Kai De, others wouldn't have dared to be so reckless, and Tong Kai De wouldn't have had such a hard time.

Therefore, Ji Feng's hatred for this Hu Yujin was actually deeper than his hatred for Song Mingyuan, this person was a bad seed, a tumor, he must not be allowed to escape!

Ji Feng received the news that Hu Yujin was going to drive away from Jiangzhe and then escape from somewhere else.

In fact, from the very beginning of the operation, Ji Feng had left the big picture matters to Tong Kai De, who was definitely more experienced than him in this regard, and he could not intervene in the big game, so Ji Feng had been keeping an eye on the people below him, such as Song Jin Long and Song Mingyuan, and then Hu Yu Jin.

So as soon as the operation started, there were already people watching the airport and the station, just to prevent some people from escaping.

Hu Yujin seemed to have tried to escape last night, but he was stopped, but since the investigation team had not yet found out what he was accused of, they did not move him.

However, this did not mean that he could escape.

However, Ji Feng had just reached the halfway point when he received a not-so-good news.

"Mr. Ji, my men have lost him!" Su Yayun called and said with an apologetic voice, "This person is too cunning, he first had someone ship his clothes, combed his hair in the same style as him and drove away in his car first, my people followed him directly, only when they found out that something was wrong did they realize that they had been tricked!"

Ji Feng immediately asked in a deep voice: "So where is Hu Yujin now?"

Su Yayun said, "I don't know, only when my men went back again did they find that his house was already empty, he must have taken advantage of the opening to slip away."

Ji Feng then couldn't help but frown.

"Mr. Ji, I'm sorry, it's my people's incompetence, I ....." Su Yayun was embarrassed, this kind of trivial matter could not be done properly, which made her feel humiliated in front of Ji Feng.

"It's okay."

Ji Feng smiled, "Hang City is big, but I believe he can't get away!"

Su Yayun apologised again and again and promised that she would definitely send people around to search for Hu Yujin before hanging up the phone.

Ending the call, Ji Feng said, "Bai Zhu, go back, the man has already escaped."

Bai Zhu immediately froze, "Ran away?"

Ji Feng nodded and said, "Let's go, go back to the hotel first. No, go to the city government guest house."

Originally, Ji Feng thought that Tong Kai De had been busy these few days, and he would just add to the mess by going, but on second thought, it was best to stay with Tong Lei at this time to prevent some people from jumping over the wall in a dog's rush.

"Hu Yujin ....." Ji Feng secretly mused, this is really a guy who likes to play dirty tricks, very cunning!

We must catch him before we can do so!

.....

"It's too harsh!"

Zhou Yanmin couldn't help but marvel: "The Ji family's counterattack this time is really too vicious and sudden, this is simply a thunderbolt!"

Who would have thought two days ago that the Ji Family would face the joint attack of the three major factions and look like it was only struggling to hold up and would collapse at any moment, but in the blink of an eye, the Ji Family suddenly came out strong and struck with a heavy punch, instantly knocking the whole of Jiangsu and Zhejiang dizzy!

Even Hu Guozhu of Jiangzhe was taken down on the spot at the venue, not only hitting the Jiangzhe family hard, but also giving Jiangzhe a resounding slap in the face!

In the blink of an eye, Jiangzhe's family was badly hit and their vitality was greatly injured.

And this is just the beginning, no one knows what the Ji family has dug out from those captured people, who is involved and how deep the involvement is .....

The actual fact is that there are many people in the Jiangzhe family who are in a state of panic, and it's not too much to say that they can't protect themselves.

The Ji family, really is terrifying!

The prince of the Ji family, Ji Feng, has shocked everyone. Who would have thought that the beginning of all this would be caused by Ji Feng?

It was a gathering of the Zhou family.

With such a big event happening in Jiangzhe, the Zhou family naturally had to get together urgently for discussion and discussion, and Zhou Fei Fei was naturally present.

Listening to her father and grandfather talk with awe about the Ji family's harsh counter-attack, Zhou Fei Fei could not help but listen to her heart shake, she knew better than anyone that the real main force this time was actually Ji Feng!

The first thing that happened was that Ji Feng went into Jiangsu and Zhejiang without any outside help, except for a few helpers around him.

Although Zhou Fei Fei was forced not to help Ji Feng, she was always watching the development of things, she even had the thought that if Ji Feng was really going to fall, she would definitely help in the dark, how could she not let Ji Feng fall in Jiangzhe.

But she hadn't expected that Ji Feng would be so superb!

"Dangling ....."

Just as she was talking, Zhou Fei Fei's mobile phone suddenly rang, she picked it up and took a look, and her pretty face changed slightly, her eyebrows frowned imperceptibly.

Zhou Fei Fei stood up and said, "Grandpa, Dad, I have something to go out for a while."

Zhou Yanmin couldn't help but say, "What's the matter that you have to go out now?"

Zhou Fei Fei said, "It's something in the company, a client seems to have some problems, I have to go and communicate with the other party."

Saying that, she didn't wait for Zhou Yanmin's answer, so she hurriedly went out.

About twenty minutes later, Zhou Fei Fei drove to a park, and just as she stopped the car, a man suddenly pulled open the door and sat in: "Fei Fei, I knew you would come!"

Campus Master Chapter 2600

About twenty minutes later, Zhou Fei Fei drove to a park nearby, she had just stopped the car when a man suddenly pulled open the car door and sat in: "Fei Fei, I knew you would come!"

Zhou Fei Fei snapped back and couldn't help but blush as she said, "You still dare to come to me?"

"Why wouldn't I dare? It's not like I've committed a crime!" The man said.

"Haven't committed a crime? Then why are you sneaking around and dressing up like this?" Fifi Zhou snickered.

"....."

The man gritted his teeth and didn't say anything.

Fei Fei Zhou frowned slightly and said, "Hu Yujin, if you have something to do, just say it directly, I still have things to do at home and I need to go back in a hurry."

This person who suddenly sat in was no other than the son of Hu Guozhu, the second in command of Jiangzhe, Hu Yujin.

However, at this moment, Hu Yujin was dressed very differently from usual, only to see that he was dressed in a very ordinary way, wearing a jacket that looked like a stall, with a duck-tongue hat on his head and sunglasses on his face, and most importantly, he also had stubble on his face, looking like a person in his thirties who was not doing well.

If he walked down the street, no one would recognise him, I'm afraid.

What's more, Hu Yujin was sitting in the car, talking but not forgetting to look around, acting very alert, yet somewhat sneaky.

"I need you to help me!" Hu Yujin said.

"I help you?"

Fei Fei Zhou asked, "Didn't you say you hadn't committed a crime and there was nothing to fear? What else do you need me to help you with?!"

Hu Yujin couldn't help but blush red at his words, and a resentful look flashed across his eyes hidden behind his sunglasses as he gritted his teeth and said, "I admit, I am in trouble now, someone was watching me outside my house, but I got rid of them!"

Zhou Fei Fei looked him up and down, nodded and said, "I can see that, with the way you're dressed now, it's strange that you couldn't shake them off!"

Hu Yujin choked, Zhou Fei Fei's words made him feel humiliated, but at this moment he could only hide this anger in his heart, he just couldn't help but coldly snort, "Fei Fei, let's not talk about other things now, I need your help now!"

Zhou Fei Fei frowned: "How can I help you? Hu Yujin, you know the situation now, you have completely fallen, even your father has been taken down, who else can undo all this? I don't have the power, I'm sorry!"

Hu Yujin gritted his teeth and said, "I'm not asking you to salvage the situation!"

Fei Fei Zhou asked, "Then how do you want me to help you?"

Hu Yujin said in a deep voice, "I ..... want to leave Hangcheng, but now those bastards from the Ji family are definitely ready to attack me, I can't get away, so I have to ask you to help me."

Zhou Fei Fei said, "If you want to leave Hangzhou, what channels can't you leave? It's fine to leave by car, or take a car ....."

"There are roadblocks on all the main roads now, how can I go?" Hu Yujin said angrily.

Hearing this tone from Hu Yujin, Zhou Fei Fei couldn't help but frown at once.

Hu Yujin also immediately realized that his tone was too impulsive, he immediately said, "Sorry, I have some fire in my heart, I didn't control it ..... Fifi, other than that, you have to help me in this matter."

Zhou Fei Fei said, "Hu Yujin, I'm sorry, I really can't help you in this matter, if you are a fugitive, I'm helping you so much is like covering up, this is a crime, you don't want to trust me down!"

"You're saying that I'm dragging you into the water?!" Hu Yujin was furious when he heard that, he roared, "Zhou Fei Fei, aren't you too heartless to say that, don't you know how I feel about you? Would I drag you down with me?"

"Your feelings for me?"

Zhou Fei Fei smiled and couldn't help but sneer, "Of course I know, you like me."

Hu Yujin was delighted to hear this, and just as he wanted to speak he heard Zhou Fei Fei say, "You like me so much that you think of other women as me, how many women do you have around you? How many women do you have around you? That's how much you like me?"

Fei Fei Zhou snorted with laughter.

Hu Yujin liked her? Don't disgust her, I'm afraid Hu Yujin is looking at her looks and the Zhou family's property, right?!

"..... So, you're not willing to help me?" Hu Yujin's face turned red from the top and said through clenched teeth.

"It's not that I'm not willing to help, it's that I can't help!" Fei Fei Zhou said, "This is a matter of right and wrong, I won't break the law!"

"Good! Very good!"

Hu Yujin sneered twice and said, "You won't break the law, but I will!"

Zhou Fei Fei's pretty face changed, "What do you mean?!"

She suddenly remembered the text message Hu Yujin had sent her, and her heart immediately tensed up, "Hu Yujin, what have you done to my brother?!"

"What, now you know to be nervous?!"

Seeing this, Hu Yujin couldn't help but grunt, "Zhou Fei Fei, I originally wanted to discuss this with you, but you were so heartless, since that's the case, don't blame me for turning my back on you too! Let me tell you, although I, Hu Yujin, am in trouble now, but I am not yet in a situation where everyone is in revolt, there are still people who are willing to follow me!"

Looking at Fei Fei Zhou, he sneered, "I've heard that there are often problems inside the prison, maybe it will be a fight between inmates, maybe it will be some kind of accident, maybe two or three people will die, it's not impossible!"

"What the hell do you want?!" Zhou Fei Fei smiled and became furious: "Hu Yu Jin I tell you, if you dare to touch a hair on my brother's head, I will definitely not let you go!"

"Don't be in a hurry!" Hu Yujin smiled when he saw the look on Zhou Fei Fei's face, he knew that his solution had worked, "I'm about to lose everything now, do you think I'll be afraid of anything at this time? Whoever doesn't let me live, I won't let anyone else live!"

"You ....."

Zhou Fei Fei was furious: "Hu Yujin, aren't you afraid that I'll send you to the police station right now! I'll see what you can use to wreak havoc on my brother!"

"I'm so scared oh!" Hu Yujin patted his chest and said, "If that's the case, then the people I've arranged will have to do something about it!"

Zhou Fei Fei's face suddenly changed: "What are you saying?!"

Hu Yujin said, "To tell you the truth, I've arranged someone in the prison, as long as I don't contact him or he can't pick up my signal, then what he will do then, what will happen in the prison, I can't guarantee it!"

"How dare you!"

Zhou Fei Fei said angrily, "If you dare to touch my brother, I'll kill you!"

Hu Yujin opened both his hands wide, "Go ahead, I'll definitely not resist!"

"....."

Zhou Fei Fei was furious, Hu Yu Jin dared to threaten her like this, this made her want to kill Hu Yu Jin, but seeing Hu Yu Jin's rogue-like appearance, she could not do anything about it, because she did not dare to bet whether what Hu Yu Jin said was true or not.

Although it was true that the Hu family had fallen now, no one could guarantee that there were no loyalists to Hu Yujin, in case he really did lay hands on Zhou Shilin in prison, then .....

"What do you want?" Zhou Fei Fei asked through clenched teeth.

"Very simple!"

Hu Yujin laughed at once, he knew that Zhou Fei Fei would definitely give in, with a somewhat smug harrumph, he said, "Prepare some things I need, like cash, and some other things, and then send me away, and Lucca will definitely not check you out!"

Zhou Fei Fei was silent for a moment before finally nodding, "Okay! I promise you, but, just this once, if you dare to threaten me again in the future, I will definitely not let you feel better even if I have to fight for my life!"

"Don't worry!" Hu Yujin bristled.

Zhou Fei Fei said in a cold voice, "I need to make a phone call."

Hu Yujin was instantly wary, "Who are you going to call?"

"Doesn't cash need to be prepared?!" Fei Fei Zhou said coldly, "Do you think I carry around large sums of cash with me?"

"....."

Hu Yujin choked for a moment and couldn't help but sarcastically say, "I'm warning you, making a phone call is fine, but if you dare to play tricks, I will definitely make you regret it!"

Zhou Fei Fei grunted disdainfully, took out her mobile phone and dialed a number, but just as she pressed the call button, the phone was suddenly snatched away by Hu Yu Jin, Zhou Fei Fei was instantly shocked, "What are you doing?!"

Hu Yujin didn't say anything, after looking at the two words Guo Tao displayed on the phone screen, he asked in a cold voice: "Who is Guo Tao?"

“Our company’s accountant, what, you think I’m denouncing you?!” Zhou Fei Fei laughed coldly, “That’s how much guts you have, and you still dare to run to threaten me?”

“Humph!”

Hu Yujin returned the phone to Fei Fei Zhou, “Forgive you for not daring to play any tricks, unless you don’t want your brother’s life!”

“Hello, Mr. Zhou?” The phone picked up.

“Wait, put it on speakerphone!” Hu Yujin said immediately.

Zhou Fei Fei immediately looked at him angrily, and Hu Yu Jin said in a cold voice: “Do you hear me, put it on speakerphone immediately!”

Zhou Fei Fei’s heart immediately lifted, in the end, she could only give in and turned on the speakerphone of her phone, and she heard a voice coming from inside: “Mr. Zhou? Why aren’t you talking?”

“This is Fifi Zhou.” Fei Fei Zhou immediately said, “Accountant Guo, there is something you can do for me, I need a sum of money, you immediately withdraw it from my private account .....”

Speaking here she immediately asked, “Hu Yujin, how much money do you need?”

“Ten million!” Hu Yujin said.

“What?!”

Zhou Fei Fei immediately exclaimed, “You’re crazy for money, aren’t you? Where am I going to withdraw such a large amount of money for you on a whim? Even withdrawing such a large amount of money from the bank would require an appointment! I only have one million, there’s no more!”

Hu Yujin said, “Then withdraw a million first, and call me the rest later!”

“You .....”

Zhou Fei Fei was furious and said through clenched teeth, “You’re not afraid of choking!”

Hu Yujin hummed and ignored her.

Zhou Fei Fei had to say into the phone, “Accountant Guo, withdraw one million for me and deliver it to .....”

She turned her head and asked, “To where?”

Hu Yujin said, “Just send it here, be quick!”

Zhou Fei Fei immediately told Guo Tao the address of this place and said, “Accountant Guo, be fast, I’m in a hurry!”

After saying this, Zhou Fei Fei’s heart suddenly lifted, because she knew that the opposite party was not accountant Guo, and once the other party’s words were revealed, it would be the end.

She was tempted to hang up the phone, but seeing that Hu Yujin was staring at her warily, she could only wait for the other party to answer before hanging up.

“Don’t wear out .....” Zhou Fei Fei’s heart was tense and bad.
