“Mr. Zhou, you are

The moment Guo Tao opened his mouth, Zhou Fei Fei’s heart couldn’t help but thump, she knew it was bad, Guo Tao this was obviously very confused, confused by her previous words.

In fact, no matter who you are, if someone suddenly calls you and says a bunch of words you don’t understand, you will be a bit confused.

Zhou Fei Fei forced herself to calm down, but her heart was already tense and almost suffocated, her right hand was quietly pinching her thighs, absolutely cannot reveal her face, and must not let Hu Yu Jin see the flaw, otherwise, not only is Shi Lin finished, Hu Yu Jin is afraid that in anger, what will be done to her!

If she could, Zhou Fei Fei even wanted to close her eyes right now, hoping that once her eyes were open, the matter would just go away.

It was the first time since she had been in charge of the company that she had had such thoughts of escape, because at this moment, the pressure was so great that it was like a person waiting to be judged!

Hu Yujin, on the other hand, was staring at Fei Fei Zhou’s phone with dead eyes, waiting for Guo Tao’s answer.

“General Zhou, the company doesn’t have so much cash!” Finally, Guo Tao, who had hesitated for a moment, said.

“Hoo~~”

All of a sudden, it was like a big stone had fallen to the ground in Fei Fei Zhou’s heart.

Guo Tao had hesitated for a few seconds, but for Zhou Fei Fei, it was like a few years, this feeling was too torturous.

But at this moment, when she heard Guo Tao’s answer, the fearful feeling in Zhou Fei Fei’s heart was instantly swept away. At the same time, Hu Yu Jin, who had been extremely vigilant, was also secretly relieved when she heard this, and could not help but sneer, forgive her, even Zhou Fei Fei Fei did not dare to play tricks!

“Tell him to go and withdraw the money immediately!” Hu Yujin said in a cold voice.

“I know, there’s no need for you to account for it all the time!” Zhou Fei Fei glared at Hu Yujin before saying into the phone, “It’s true that there isn’t so much cash in the company, but didn’t I tell you to withdraw it from my personal account!”

Zhou Tao said, “But your private account needs your personal signature and signature seal if you want to withdraw the money!”

Zhou Fei Fei was stunned and immediately said, "I forgot about this then how about this, you go to my office, in the leftmost drawer of my desk there is a bank card, there is about 1.2 million in it, I will tell you the password, you withdraw a million out"

"Wait a minute, one million two hundred thousand?" Hu Yujin immediately said, "I want it all!"

"You" Zhou Fei Fei was furious.

Hu Yujin slightly raised his head and coldly stared at her, the threatening meaning in his eyes was self-evident.

Zhou Fei Fei's silver teeth clenched as she angrily said, "Good!"

Then, Zhou Fei Fei told Guo Tao the password of her bank card, repeated the address again and urged, "Accountant Guo, remember, I need it urgently, be quick!"

Guo Tao immediately said, "Yes, Mr. Zhou, I'll get the money as fast as I can and get there!"

After hanging up the phone, Zhou Fei Fei looked at Hu Yujin and said in a cold voice, "Are you satisfied?!"

Hu Yujin grunted, "You think a million and two hundred thousand dollars is enough to get rid of me? I, Hu Yujin, have never seen anything, have I never seen money?"

Zhou Fei Fei sneered, "You've seen everything, why are you still here to ask me for money?!"

Hu Yujin's face instantly darkened and he stared at her coldly.

.....

Guo Tao hung up the phone and, without saying a word, immediately rushed to dial Ji Feng's number.

"Boss, something's happened!" As soon as the call was answered, Guo Tao hurriedly said.

"What's wrong?" Ji Feng asked.

At this moment, Ji Feng was in the guest house of Hangzhou City Hall, accompanying Tong Lei and Tong's mother, but Guo Tao's call made him stand up abruptly.

"Boss, just now Zhou Fei Fei called me and addressed me as Accountant Guo", Guo Tao quickly told the story, "I think it's very wrong, she said several times in a row that it was very urgent Also, I heard what seemed to be a man talking next to me, but I couldn't hear him too clearly."

"She's in trouble, this is most likely a cry for help!" Ji Feng said in a deep voice.

"Then what should I do now?" Guo Tao asked.

"You immediately notify Old Yi and rush together to the ambush around the agreed location, I'll go over there and we'll meet up there!" Ji Feng said in a deep voice.

Guo Tao hesitated, "Could this be a trap?"

Ji Feng shook his head and said, "Whether it is or not, let's go over there first and see."

The fact that Zhou Fei Fei had called Guo Tao on the phone was strange in itself, and what she said was also very puzzling, so Ji Feng thought it was probably a distress signal.

After instructing Han Zhen to protect Tong Lei and Tong's mother, Ji Feng immediately rushed to the location Guo Tao said and met up with him.

Afterwards, Guo Tao contacted Fei Fei Zhou, of course with a suitcase in his hands under false pretenses so that he could disguise himself as carrying a huge sum of money in millions.

"My people have sent the money, are you waiting here or are you coming with me to get the money?!" Fifi Zhou asked.

"....."

Hu Yujin's face was cloudy and uncertain, as if he hadn't made up his mind.

Fei Fei Zhou sneered, "What, you don't even dare to do this? If you're afraid, now you get out of the car and leave immediately, and I guarantee you'll turn you in!"

Hu Yujin sneered, "What am I afraid of? Let's go together!"

He was confident that with his current outfit, no one would be able to recognise him, even when he himself looked in the mirror, he almost didn't recognise himself, how could others recognise him?

Besides, he was a bit uneasy about letting Fei Fei Zhou go and get the money alone.

"Let's go then!" Zhou Fei Fei brushed her lips and took the lead to get out of the car.

Seeing Zhou Fei Fei's slightly curved plump buttocks as she got out of the car, a greedy gaze shot out of Hu Yujin's eyes, and he secretly snorted coldly, after he got the money, he would definitely get his hands on this woman.

Hu Yujin knew that he didn't know when he would be back once he left this time, he had been coveting this woman for a long time, he had to get her this time, otherwise he might not have the chance in the future!

Using Zhou Shilin to threaten her was not really a long term solution, with the Zhou family's energy, it was not that difficult to transfer a prison for Zhou Shilin.

"Hm?!"

When he saw Zhou Fei Fei walking towards Guo Tao with a strange man, Ji Feng, who was hiding on the side, frowned slightly, he carefully stared at the man for a moment, and then, abruptly, there was a brilliant flash in his eyes.

Ji Feng immediately picked up the intercom device and said in a low voice, "Guo Tao, the man beside Fei Fei Zhou is Hu Yujin, think of a way to take him down later!"

Guo Tao faintly froze, and then said, "Understood."

Ji Feng couldn't help but shake his head and snicker, he thought that this Hu Yujin had escaped, but he didn't expect that he had actually come to find Fifi Zhou!

Suddenly, Ji Feng thought of something and immediately said, "Guo Tao, Hu Yujin might know you, pay some attention!"

When he first came to Jiangsu and Zhejiang, Guo Tao was with him, there was a small conflict between him and Hu Yujin at that time, although a long time had passed, but Ji Feng was not sure if Hu Yujin really knew Guo Tao.

"Understood!"

Guo Tao said in a low voice, and then he hurriedly ran towards Fei Fei Zhou with his head slightly lowered.

On the other side, Fei Fei Zhou and Hu Yujin walked over. Although Hu Yujin was alert, but when he saw that suitcase in Guo Tao's hand, his attention was distracted.

"Hoo~~!"

Just at the moment when the two sides were about to get close, a black shadow flew over abruptly, Hu Yujin was startled and dodged in a panic, but what greeted him was a whip kick!

"Boom!"

Hu Yujin's face was hit hard, and he immediately felt a blackness in front of his eyes, his whole body was spinning around, and he fell to the ground with a thud.

Without saying a word, Guo Tao grabbed both of Hu Yujin's hands and twisted them backwards, Hu Yujin immediately screamed out in pain, but he could see Guo Tao's face clearly at this time, and immediately exclaimed, "It's you!"

At the same time, Yi Xingchen was already rushing over from the other side, pulling Zhou Fei Fei away with one hand, and by the time Ji Feng came over, Guo Tao had already cured Hu Yujin of being unable to move a muscle.

"Ji Feng?!"

When Hu Yujin saw Ji Feng, he instantly understood what was going on, he stared at Ji Feng angrily, and then at Fifi Zhou angrily, roaring, "Fifi Zhou, you rotten bitch dared to betray me, you bitch"

"Slap!"

Guo Tao slapped him without mercy, instantly stopping his voice abruptly and sending the rest of his words back into his stomach!

Hu Yujin gritted his teeth and roared lowly, "If you have the guts, you can beat me to death on the spot! Otherwise, I'll make sure you're all unlucky! Zhou Fei Fei, just wait and see how your brother dies!"

Zhou Fei Fei's face turned white with anger, her silver teeth clenched and gritted as she said, "Hu Yujin, you are a despicable villain!"

"So what if I'm despicable?!" Hu Yujin roared, "Ji Feng, arrest me if you have the guts, but just wait until you see how Zhou Shilin dies!"

“Heh!”

Ji Feng laughed indifferently, but ignored him, but looked at Fei Fei Zhou and asked, “Fei Fei, is everything alright?”

Zhou Fei Fei shook her head, “Yes, young Ji, thanks to you this time, otherwise”

Ji Feng waved his hand with a smile and said, “I should be the one to thank you, if it wasn’t for you, this guy would have gotten away!”

“Bastard!” This attitude of Ji Feng completely ignoring him made Hu Yujin feel incomparably humiliated, and he roared in anger.

“Tell him to shut up!” Ji Feng frowned.

“Okay!”

Guo Tao sneered and took out a dagger from the back of his waist with a swish of his lips, grinning, “Hu Yujin, don’t you have a lot of guts? Then you can scream all you want! Say one word and I’ll stab you

Try it!?”

Hu Yujin suddenly choked, opened his mouth, but did not dare to say a word more!

“Straw bag!”

Guo Tao snickered.

Ji Feng at this time but already began to call Tong Kai De, Hu Yujin should have been arrested, before there was just no direct evidence, but just now threatening to blackmail Fei Fei Zhou, is already enough to arrest.

It didn’t take long for Hu Yujin, who had received a few slaps and was beaten unconscious, to be taken away by the investigation team, but on his way out, he was still screaming that he wanted to get Zhou Shilin killed.

“Ji Shao” Zhou Fei Fei looked at Ji Feng anxiously.

Campus Master Chapter 2602

“Don’t be anxious!”

Ji Feng smiled and comforted Zhou Fei Fei, saying, “Hu Yujin is not that capable, I heard that his old man has carried the majority of the charges inside, and there are also quite a few people who have pointed the finger at Hu Yujin, the moment he is caught in there, he won’t be able to get out!”

Zhou Fei Fei said in a hurry, “No, Hu Yujin has arranged people in the prison to lay hands on Shi Lin”

Ji Feng laughed: “It’s okay, I’ll take you to see the investigation team, react to the situation and try to get your brother a different prison or a different cell block today.”

Only then was Zhou Fei Fei relieved.

“Ji Feng, you’ve ruined my business three times, as long as I can still get out, I will definitely not let you go!” Hu Yujin gritted his teeth and roared.

“Get your pronunciation right first!” Ji Feng pointed at him and smiled.

“..... bastard!”

Hu Yujin was instantly furious, Ji Feng was clearly saying that he couldn’t speak clearly because his face was swollen and even his lips were swollen Hu Yujin was humiliated beyond words, thinking that he was the son of the second in command of Jiangsu and Zhejiang, the number two government official in Jiangsu and Zhejiang, when had he ever been humiliated like this?

Afterwards, Ji Feng took Zhou Fei Fei to the investigation team’s office to react to the investigation team about Hu Yujin’s attempt to kill Zhou Shilin, and apply for a new cell block for Zhou Shilin, or just change the prison to serve his sentence.

On the way there, Zhou Fei Fei and Ji Feng rode in the same car, neither of them spoke, and there was silence for a long time before Zhou Fei Fei said, “Ji Shao, today is really thanks to you, if it wasn’t for you, I would definitely

Ji Feng waved his hand with a smile and said, “There is no need to say polite words.”

Zhou Fei Fei pursed her lips, when Hu Yujin was threatening her, she saw Hu Yujin’s greed and was all set to compromise, but Hu Yujin’s insidiousness made her heart firm up all of a sudden, if this time she agreed to send Hu Yujin away, then not only would she be involved in this matter, but she would definitely be constantly threatened by Hu Yujin in the future.

Zhou Fei Fei then decided to ask for help, but after thinking about it, she finally decided to ask Ji Feng for help, because although Hu Yujin was easy to deal with, the people he had placed in the prison were not something that anyone could handle, but Ji Feng had that kind of energy!

But she was worried that Hu Yujin would see her dialing the phone, so she didn’t dare to call Ji Feng directly, but called Guo Tao – because Ji Feng came to Jiangsu and Zhejiang twice with Guo Tao, and had contact with her, so both sides left their contact information at that time, but it turned out to be of great use today.

But Zhou Fei Fei was not sure if Ji Feng would come to her rescue in the first place after he received her distress signal, which proved to be quite swift.

Therefore, for this thank you from Ji Feng, Zhou Fei Fei said it really from her heart.

“Young Ji, can I ask you a question?” Zhou Fei Fei suddenly asked.

“Hmm?”

Ji Feng nodded slightly and said, “Please speak.”

Zhou Fei Fei pursed her lips before asking, “Why did you come so quickly?”

Ji Feng was stunned and was instantly amused, "It's not good that I came quickly? When do you want me to come?"

"I don't mean that, I mean don't you hate me?" Zhou Fei Fei asked.

"Hate you?"

Ji Feng was even more surprised and asked, "What do I hate about you?"

Zhou Fei Fei said, "Since you started fighting Hu Yujin and the others, I haven't helped with anything, as a friend, I've stayed out of it instead"

When Ji Feng heard this, he immediately laughed.

"Fei Fei, there is no need to say such polite words, whether you have helped or not, I am also very clear." Ji Feng shook his head and smiled, saying, "Besides, at the beginning I didn't want you to get involved in this matter, I was the one who drove you away!"

"Huh?" Zhou Fei Fei was stunned.

Ji Feng glanced at him and asked, "If I'm not wrong, after the paper mill case happened, the reason why the news spread so fast was mainly because of you, right?"

Zhou Fei Fei was stunned and asked, "How did you know that?"

But then she was relieved and said, "I see, Mayor Tong also has his own information channels, you know about it from him, right?"

Ji Feng smiled and said, "No matter how I knew about it, in any case, you have already helped me a lot. If you hadn't spread the news, those people wouldn't have thrown in the towel and let me take advantage of it, so it's me who should say thank you."

When Zhou Fei Fei heard this, her heart suddenly felt extraordinarily relieved and a smile involuntarily appeared on her face.

After Song Mingyuan set up a trap to assassinate Ji Feng at the abandoned paper mill, but the people he sent there were all killed by Ji Feng. After the incident, Zhou Fei Fei, who had extraordinary vision, immediately realized that this was a good opportunity, as long as she could expose Ji Feng to everyone's eyes, Song Mingyuan and Hu Yujin and others would definitely not dare to be too reckless and would be restrained.

So Zhou Fei Fei used some of her own channels to spread the news. As a local snake in Jiangsu and Zhejiang, it was naturally very easy for Zhou Fei Fei to do such things, so the news spread extra fast.

Originally, Zhou Fei Fei just didn't want Ji Feng to be undermined by them, but she didn't expect that her action would inadvertently help Ji Feng.

This was why, after receiving Zhou Fei Fei's distress signal, Ji Feng immediately came.

This kind of action by Zhou Fei Fei also made Ji Feng's impression on her a lot better.

After Hu Yujin was brought to the investigation team, Ji Feng took Zhou Fei Fei to find Tong Kai De, and after explaining the situation, both Tong Kai De and the head of the investigation team agreed to coordinate with the prison and transfer Zhou Shilin to a prison cell that day, so that even if Hu Yujin really had an arrangement, it would definitely fall through.

The matter was resolved smoothly, Zhou Fei Fei is in an extraordinarily good mood, charming face smile are charming a lot, especially when looking at Ji Feng, eyes are full of a kind of inexplicable emotions, the pair of eyes is almost as if they can talk, so Ji Feng can not help but heart beat faster, avert his gaze.

When Zhou Fei Fei saw this, the smile at the corner of her lips became even stronger.

“What Jiangzhe youngster, this is just a straw man, far worse than all those fops in Yanjing, really”

Just as Ji Feng and the others were about to leave the investigation team’s premises, two staff members happened to pass by, and were talking while walking.

When Ji Feng saw that they were walking out of the room where Hu Yujin was being held, his heart moved and he immediately went up to ask what was going on.

One of the staff members snickered, “That man was arrogant when he was first brought in, saying how he was so and so, wild as hell, looking tough, but when he heard us say how much incriminating evidence pointed to him and how many years he would be sentenced to if the legal process followed, his face turned white with fear, and later when he was taken away, both legs were shaking and he couldn’t stand Couldn’t even stand up”

“You tell me, just this is still what Jiangzhe youngster” tsk!” Another staff member was also very dismissive.

“.....”

Ji Feng and Zhou Fei Fei looked at each other.

After coming out, Zhou Fei Fei also said without emotion, “This person, Hu Yujin, is a recognized boss in the ranks of the gentry of Jiangsu and Zhejiang, with a vicious character and poisonous methods, and many people even say that he is a rogue wearing glasses, a villain in the guise of a gentry. But who would have thought that once he was down and out, he would actually behave in such a bad way!”

Ji Feng laughed: “There are many such people, there’s nothing wrong with a golden jade.”

People like Hu Yujin, Ji Feng had really seen too many of them, the more he saw, the more he understood how such people were rubbish, but it was this kind of rubbish that once they used their family’s power to do bad things, it was worse than anyone else, and the destructive power was even greater than some real hooligans and villains!

“In fact, such people are just as detestable as their parents!” Ji Feng said in a deep voice.

Zhou Fei Fei looked at Ji Feng and was despondent for a while.

When it was time to part, Ji Feng smiled and said, “I’ve been too busy lately, when I’m free, I’ll invite you to dinner specifically!”

Zhou Fei Fei immediately said, "I'll make a note of it, don't say nothing."

Ji Feng smiled and nodded his head.

As Hu Yujin fell into the net, he explained a lot of problems, some of which even involved the children of some other big shots in Jiangsu and Zhejiang, and in turn their parents, and even, some of them were quite serious!

Jiangzhe once again ushered in a big earthquake, this storm caused by Ji Feng, more and more violent!

Even Ji Feng didn't think that Hu Yujin's fall would have such a big impact, that this guy had done so many bad things behind his old man's back!

Originally, Ji Feng thought that Zhou Fei Fei's brother Zhou Shilin was bad enough, but he didn't expect that Zhou Shilin was simply a witch in front of Hu Yujin, even what Song Mingyuan had done might not be as bad as Hu Yujin!

It was precisely for this reason that the storm rose steeply after Hu Yujin gave an account of his problems.

It is said that this matter has even involved Jiangzhe No. 1 – his daughter, who is already a young woman, was even gotten into bed by Hu Yujin and made a lot of money together with him, among other nasty things.

And this thing, it is said that the son-in-law of Jiangzhe No. 1 is aware of it, but is too angry to say

As to whether this is true, outsiders have no way of proving it, but there is no doubt that this storm, eventually the first person of Jiangsu and Zhejiang to roll in, and, is sweeping down several generals in a row, with an unparalleled power rampant and over!

The storm swept the dark clouds!

At this point, the dark clouds over Jiangsu and Zhejiang seemed to be forming into a storm of unprecedented proportions, sweeping across the whole of Jiangsu and Zhejiang!

Especially when the matter involved Jiangzhe No.1, it was like a thunderstorm suddenly rang out from the dark and suffocating clouds, shaking the whole of Jiangzhe and even alarming the central government!

.....

Ji Feng was even more surprised and asked.

Ji Feng and Zhou Fei Fei looked at each other.

After coming out, Zhou Fei Fei also said without emotion.

Campus Master Chapter 2603

At this point, the dark clouds hanging over Jiangsu and Zhejiang seemed to be forming an unprecedented storm that would sweep through the whole of Jiangsu and Zhejiang!

Especially after the matter involved Jiangzhe No. 1, it was like a sudden thunderstorm in the middle of the already dark and suffocating dark clouds, shaking the whole of Jiangzhe and even alarming the central government!

Even if it was found out that he was not involved in his daughter's affair with Hu Yujin, he could not be left alone at such a sensitive moment, unlike in normal times when a leader's child is involved in an incident, and the leader is done with it after a word of lax discipline, a review and a disciplinary action.

So, this means that things have come to this point, the biggest vassal in this big faction in Jiangzhe, has finally gotten into trouble!

This is why when the news of Hu Yujin's case got out, it caused such a huge shock.

Even if Hu Guozhu, Hu Yujin's oldest son, was involved in the incident, although it also caused a huge shock, it was nowhere near as big as the shock caused by what happened to Jiangzhe No. 1!

The fall of Hu Guozhu means that a mainstay of Jiangsu and Zhejiang has been decapitated, but as long as the flag bearer of Jiangsu and Zhejiang, the real flag bearer, is okay, the whole faction of Jiangsu and Zhejiang will not collapse.

But now, the No.1 of Jiangsu and Zhejiang has been implicated, so once things continue to develop, I'm afraid that the whole faction of Jiangsu and Zhejiang will be destroyed and smashed to pieces!

The collapse of a major faction would be tantamount to the collapse of a towering building, and would be a major event that would shake the whole of China!

Therefore, anyone who had even the slightest concern about this was closely watching the development of the matter.

The collapse of Hu Guozhu has already hit the Jiangzhe system hard, leaving it badly wounded, and now, with this number one being involved, the focus of attention has changed from whether the Jiangzhe system has the power to fight back, to whether the Jiangzhe system can survive or not!

This transformation is undoubtedly huge and shocking!

But Ji Feng heard that in fact, in this matter, even some of the giants and bigwigs in the centre, are extraordinarily concerned. And Jiangzhe No. 1 was involved in something that made a certain old man who was the only surviving member of the central government issue a rebuke.

"Cultivate one's body and family and rule the country and level the world. If one's body is not in order, how can one's family be in order? If your family is not in order, how can you rule your country?!" These were the original words of that old man.

And these words also caused a shock at the top level.

Although, the old man who said these words was already full of age spots, with a stooped figure, and could not even walk, and had to sit in a wheelchair and be taken care of by his family and special care staff, every one of these old men and women, who were the only ones left, were the wealth of the country, the treasures of the country, and had enormous influence at the top level!

And at this point in their lives, selfishness may be a concern, but it is almost negligible!

Because of their power, their status, their age and their experience, they are able to look beyond everything and truly consider leading the Chinese nation back to the top of the world as their lifelong career and strive for it for the rest of their lives!

That's why the old man's words carry so much weight!

But for the number one man in Jiangsu and Zhejiang, it was also so heavy that, at this point in time, even a slight move from above was enough to be the last straw to crush the old bull.

So, just two days later, a news like a thunderstorm suddenly spread.

The No.1 of Jiangsu and Zhejiang had submitted his resignation to the central government!

The reason for this was that he was not strict with his children and had caused them to behave in an unruly manner, causing a very bad impact on society!

This news was like a thunderstorm that exploded over Jiangsu and Zhejiang, shaking the entire region and even the entire Chinese officialdom, making people's heads numb!

If this is really the case, then there is no telling how many officials have been exposed over the years and how badly they have behaved.

If this is the case, then how many officials in the whole of China will still be able to sit in that position, I'm afraid it's an unknown!

Obviously, Jiangzhe No.1 used this kind of excuse to resign, in fact, because of the thunderous tactics of the Ji family, which set off a huge storm sweeping across Jiangzhe, resulting in the other party not having the slightest strength to fight, plus the speech of that old man above, which eventually became the last straw that crushed the old ox, forcing Jiangzhe No.1 to resign.

Moreover, using this excuse to resign is also considered to preserve the last bit of face of Jiangzhe No.1, after all, it is only because of the lax discipline of children that he resigned if he really found out what the problem was, that is not the way to say it.

As the largest party vassal in Jiangsu and Zhejiang, even the central government will give him this face and preserve his last face.

However, it was during this process that a very odd scene emerged.

–The resignation submitted by Jiangzhe No.1 was directly submitted to the Central Organization Department, and the head of the Central Organization Department was the contemporary head of the Ji family, and the second generation of the Ji family's flag bearer, Ji Zhenhua!

This almost dramatic scene made the scalps of many people tingle!

Because, the resignation submitted by Jiang Zhe No.1 to the Central Organization Department would ultimately require Ji Zhenhua's approval, after all, Jiang Zhe No.1's rank was there.

And this looks like a surrender letter from Jiang Zhe No.1 to Ji Zhenhua!

The power of the Ji family, and the majesty of Ji Zhenhua, has made people's hearts tremble!

Especially for those who had been foolish enough to move, it was like being hit on the head!

After two more days, after a meeting of the Central Standing Committee, Ji Zhenhua, who was one of the giants, signed the resignation of Jiangzhe No.1!

At this point, Jiangzhe No.1 had become a thing of the past, and the sky had turned upside down in Jiangzhe!

At noon on the same day that Ji Zhenhua signed the resignation of Jiangzhe No.1, he arrived in Hangzhou, Jiangsu and Zhejiang by plane. Before that, all the cadres of Jiangzhe who were above the level of the main office were notified that an emergency meeting would be held in the afternoon.

Ji Zhenhua, as the pivotal leader, attended the meeting.

The only thing that sent chills down people's spines was that the person presiding over the meeting was only a senior official – the first and second in command of Jiangsu and Zhejiang were taken down at the same time, the thunderous tactics of the Ji family were really shocking!

At the meeting, Ji Zhenhua made a speech.

Sitting on the podium, Ji Zhenhua was wearing a very formal suit, but a head of black hair was unable to see the slightest trace of white hair dyed and permed into black, which was alarming because it showed that Ji Zhenhua was still young and strong compared to those old comrades.

And the aura of Ji Zhenhua sitting there without anger and authority was also alarming.

This, is a powerful figure!

Just by seeing Ji Zhenhua, everyone present already seemed to be seeing the strength and prosperity of the Ji family.

At this time, some people even subconsciously thought that if Ji Zhenhua walked up to that highest position, seeing him would be vaguely like seeing the strength and prosperity of the entire China!

In his speech, Ji Zhenhua affirmed the contribution that the old secretary of Jiangzhe had made to the development of Jiangzhe in the past few years, and affirmed the old secretary's attitude and character.

Subsequently, Ji Zhenhua's words turned to the problems that had arisen in Jiangzhe during this period of time: "Our cadres, why are there so many problems?! In my opinion, there is only one reason, and that is that our cadres lack the least amount of respect!"

Once these words were spoken, the entire meeting room was shaken.

"He Wei's sense of reverence?!"

Ji Zhenhua asked, and then continued, "I think that as cadres, we should not only have the old people's fear of morality and the fear of the law, but also the fear of conscience! You want to be a civil servant, first you have to understand what the fear is!"

"The law, that's our bottom line, no matter what you're doing, or what you're going to do, first of all, you can't break the law! Otherwise, if you step over the line, you will definitely be sanctioned by the law, at most it's just a matter of time!"

“And I believe that you will not let me down, that the problems in Jiangzhe, will not be repeated again! My words are over, thank you all!”

Wow~~!

At once, a tidal wave of applause resounded from the stage, although many of them were reluctant, but they had to do it, but there were some of them, who really heard something from Ji Zhenhua’s speech, and were excited in their hearts!

Ji Zhenhua did not talk much on this issue, but the short speech about the heart of reverence made many people think deeply.

Afterwards, Ji Zhenhua read out the decision of the Central and Organisation Departments, agreeing to the resignation of Jiangzhe No.1.

Even though they had already received wind of it, hearing it read out by Ji Zhenhua himself at this moment still made many people’s hearts tremble.

The Jiangzhe No.1 system has really collapsed!

.....

The first system of Jiangsu and Zhejiang collapsed!

This news was really like a thunderbolt that shook the whole of Jiangzhe, and even the whole of China!

Especially when Ji Zhenhua personally arrived in Jiangzhe and made that speech, it made many people look sideways, which signified that the situation where the three families joined forces to target the Ji family, no longer existed!

The Ji Family, against tremendous pressure and with the three families joining forces, defeated this vassal who had challenged them from the local level!

This was a shock!

Only a few people knew that the entry point that caused Jiangsu and Zhejiang to fall apart was Ji Feng, who had come to Jiangsu and Zhejiang alone!

Only a few people around Jiangzhe No. 1 knew that when Jiangzhe No. 1 resigned and left Jiangzhe, he gave no explanation whatsoever, let alone said anything, but was the only one to comment on Ji Feng.

“Ji family, there is a successor!”

Jiangzhe No.1 said slowly, “A young man, but he has stirred up the storm clouds in the sky! This young man, is remarkable!”

“A young man is formidable!”

Campus Master Chapter 2604

With Jiangzhe No.1 quietly leaving and the investigation team returning to Yanjing with all the results, the storm that swept through the whole of Jiangzhe finally came to a gradual end.

However, after the storm had passed, the whole of Jiangsu and Zhejiang was left in a state of solemnity!

The first and second in command of Jiangsu and Zhejiang fell at the same time, and a large number of heavyweight officials were implicated, leaving the entire Jiangsu and Zhejiang system in tatters and even depleted of the last trace of vitality, which can be said to have been hit hard by all the previous efforts.

And the storm is not over yet, it has even spread to Yanjing!

Shortly after the resignation of Jiangzhe No.1, it was said that a big figure from the Central Committee of the Young and Strong faction had been transferred to a not too important position, and although the rank and treatment remained the same, the power in his hands was drastically reduced.

This means that this person has already suffered a heavy blow to his path of rise, and it is not too much to say that he has retired to the second line.

Ji Feng knew that this young strong man was in fact the flag bearer of the Jiangzhe line in the Central Committee, and his sad retirement to the second line represented the fall of the entire Jiangzhe line.

The central government quickly made a decision to reassign the first and second in command of Jiangsu and Zhejiang, with some of the positions being filled by transfers from abroad and local selections from Zhejiang respectively.

According to Ji Feng's knowledge, this new number one of Jiangsu and Zhejiang was an old subordinate of his father's, and without a doubt, this was a great general of the Ji family lineage!

It is said that after the incident of the Golden Dragon Gang, this faction joined hands with the Ji family to attack the flag bearer of Jiangsu and Zhejiang at the same time, and eventually forced him to retire to the second line, thus taking the position of the second in command of Jiangsu and Zhejiang.

And at the same time, there were some other forces involved.

Jiangzhe, a large local faction that was once very powerful, was divided up in a very short period of time, and from then on, the Jiangzhe line would cease to exist.

From the time Ji Feng only entered Jiangzhe to now, it was only a short period of one to twenty days in between, not even a month, but there were dazzling changes.

It was only until now that the situation had finally stabilised.

This has also made many people breathe a sigh of relief, yet also made many people's nerves tighten to the extreme.

Such a powerful faction in Jiangsu and Zhejiang has fallen in front of the Ji family, what about the other factions? In particular, the most nervous are those from the Minfu family in the southeast.

The first thing you need to do is to take a look at the other factions and see that they have all fallen.

However, this is not something that Ji Feng should be concerned about anymore. After solving the problem of Jiangsu and Zhejiang, he could hardly intervene in the subsequent development of things, and could only quietly wait for the results to come out.

"Uncle Tong, I'd like to drink a toast to you and wish you a glorious promotion!"

In the guest house of Hangzhou City Hall, Ji Feng lifted his cup and said with a smile.

Just in the morning, Tong Kai De was appointed as the second-in-command of Hangzhou City, the mayor of Hangzhou City, literally becoming the parent official of the prosperous modern city of Hangzhou. In just a few years, Tong Kai De had risen continuously from a high county official in Mang Shi County to now sitting as the mayor of Hangzhou City, his career path could be described as a smooth one.

The company's main business is to provide a wide range of products and services to the public.

The director of the guest house, as early as when the wind was rising in Jiangsu and Zhejiang, was already scared to death, nodding and bowing when he saw Tong Kai De, but he was even more disliked by Tong Kai De, a man, can grovel, but must not lose his dignity.

If the director of the guest house hadn't gone too far from the beginning, he wouldn't have had to beg Tong Kai De so much now, so this kind of behavior made Tong Kai De see this person's character more clearly.

Therefore, the first thing he did after receiving the appointment was to propose a discussion on the choice of the director of the guest house!

Now that he heard Ji Feng's congratulations, Tong Kai De couldn't help but be red-faced and clinked a glass with Ji Feng before saying, "The promotion is indeed worth celebrating, but, however, it is not advisable to overdo it, because the greater the power, the greater the responsibility, so it is fine for us to have a meal in our own home."

Tong Kai De came from a Yanjing family, so naturally he had seen a lot, he had seen a lot of people who got carried away with their momentary glory, and these people rarely ended up in a good place.

After having a drink with Ji Feng, a moment later, Tong Kai De took the initiative to raise his cup and said, "Little Feng, this cup of wine, I want to toast you."

"How can this work!"

Ji Feng immediately waved his hand and said, "Uncle Tong, you are not putting me on the spot! You are an elder, what kind of wine should I drink to?"

But Tong Kai De shook his head and said, "Listen to me, this glass of wine must be toasted to you. If you hadn't opened up the situation this time, I'm afraid I wouldn't have made the slightest achievement so far, and the meaning of my coming to Jiangsu and Zhejiang would no longer exist!"

How difficult it was to open up the situation in Jiangsu and Zhejiang, Tong Kai De knew it better than anyone else.

Before Ji Feng came, the time when Tong Kai De came here was almost difficult, and it could even be said that he was restricted in every way, even the normal work he was in charge of could not be started, let alone as a pioneer general to make a way for the whole faction in Jiangzhe.

In fact, if you want to use the Golden Dragon Gang as a breakthrough, Tong Kai De naturally thought about it, but he did not have the power to implement it, because he had no roots in Jiangsu and Zhejiang, and even his every move was being watched, and even his office, several bugs were found!

How difficult it would be for him to make a move can be imagined!

So even though he knew that there was definitely something wrong with the Golden Dragon Gang, and that the scope of involvement was definitely not small, he could not move.

As for the transfer of police from other places, of course this is also possible. This is because the most common way to deal with this kind of black `gang' is to use police from other places, so as to prevent the local forces from interfering to the maximum extent.

If the local police are used, will the police listen or not listen to a greeting from a leader above?

This is a problem that can be avoided to a large extent by using a police officer in a different location.

But

The first thing you need to do is to get the right information.

The actual fact is that you can find a lot of people who have been in the business for a long time.

This is also the reason why he knew that there were problems with the Golden Dragon Gang and the East City Group and some other forces, yet he was slow to act.

Many constraints and weak power!

This was the situation that Tong Kai De was facing at the time, and it was quite bad!

As a result, after Ji Feng came to Jiangsu and Zhejiang, he was quick to find the handle of the Golden Dragon Gang in the shortest possible time, and only then did Tong Kai De have the certainty to coordinate with the top and transfer the special police from Anhui East Province, thus tearing a hole in Jiangsu and Zhejiang, which was like an iron pass.

It can be said that without Ji Feng, there would have been no such big victory!

"Little Feng, drink with your uncle." Tong's mother also said from the side.

"That's fine!" In the end, Ji Feng did not refuse again and raised his cup and clinked it with Tong Kai De before drinking it all.

"Uncle Tong, is the situation somehow better now?" After drinking, Ji Feng couldn't help but ask.

"That's for sure!"

Tong Kaide knew what Ji Feng was asking and said, "Such a big thing happened on this side of Jiangsu and Zhejiang will cause a lot of people to reflect, and I believe it will also make some people more cautious and learn to think twice before they act!"

The collapse of the Jiangzhe system is a big earthquake for the whole country's officialdom, it's not the fall of one or two big figures, but the collapse of a big faction, and it hasn't happened many times since the founding of the country!

If this is considered killing a chicken to show the monkey, then the chicken that was killed is really big and frightening!

Under such circumstances, if some people still could not see the situation, then such people did not deserve to bring pressure to the Ji family.

Therefore, with the collapse of the Jiangzhe lineage, the pressure on the Ji family has been steeply reduced by a lot, and what they are facing now is nothing more than the pressure from the Wu family and the Minfu lineage.

The collapse of the Jiangzhe system has naturally caused many major powers to fight for and divide up the area, and the Ji family, as the key party in this matter, needs the Ji family's approval to enter the division.

In this way, the Ji family gave up some of its benefits, but gained many allies.

The situation, instantly reversed!

The Martial Family and the Minfu lineage went from being the strongest party to being the attacked party in the blink of an eye. This shift between attack and defence was extremely significant, no matter which side it was for.

From previously fighting alone against the heavy pressure of the three major factions joining forces, the Ji family had transformed into that arrowhead of the attack, and their morale was greatly boosted!

"That's good!"

Only then did Ji Feng slowly put his heart down, it seemed that his initial consideration was right, although the Ji family was under tremendous pressure at that time, there was actually opportunity in the midst of danger, as long as he could break the situation, then this situation of three families joining forces would instantly fall apart.

As it turned out, he had judged correctly and had done so.

"Since the problem in Jiangzhe has been solved, it's time for me to go back." Ji Feng said, "Now, it's also time to settle the matter of the Tengfei Group!"

The Tengfei Group was still facing trouble from the military, how the new chrome alloy could avoid being designated as a strategic material or even a controlled material, behind this, there was definitely still a battle to be fought.

"Since you're busy, then go back early!" Tong Kai De was understanding and said, "However, being safe is the most important thing, beware of the villains."

"Hmm?"

Ji Feng was slightly taken aback: "Uncle Tong, you're referring to"?

Campus Master Chapter 2605

"Since you're busy, go back early!" Child Cade was understanding and said, "However, being safe is the most important thing, beware of the villains."

"Hmm?"

Ji Feng was slightly surprised: "Uncle Tong, you're referring to?"

Tong Kai De said, "This time, although the Jiangzhe line is falling apart, there is no guarantee that there will be some desperate people, and there may even be people who will fish in the water."

Ji Feng understood Tong Kai De's meaning as soon as he heard it, Tong Kai De was saying that now although the Jiangzhe First Department had collapsed, it was not a total loss, there might be some people who might have been playing tricks in the dark.

"Don't worry, Uncle Tong, I'll be careful!" Ji Feng smiled.

"Well!"

Tong Kai De nodded and said, "It's good to be careful in everything, after all, this place is not like Yanjing."

Having ruled at the local level for many years, Tong Kai De was well aware of the audacity of some people at the local level who dared to do anything! It's not that these people are so daring, the key fear is that some people are ignorant and they don't know how big a mess they will make by doing things.

For example, this time Song Mingyuan, if he really sent someone to kill Ji Feng, it would really stir up the sky. At that time, regardless of whether the Ji family could resist the joint attack of the three families, they would definitely destroy Song Jinlong and the Golden Dragon Gang regardless of everything.

At that time, the Ji family may have to give up most of its interests and even bow to the Wu family to exterminate the Jiangzhe clan at all costs, while this is only caused by Song Mingyuan's ignorance.

I believe that if Song Mingyuan knew what kind of terrible consequences his actions might cause, he would not have dared to do that.

But it was because these people did not see the kind of power that overshadowed the sky of those top gentry families in Yanjing too clearly, did not understand it very well, that they dared to do anything, that they thought that such top families in Yanjing were actually no different from the local factions.

"Little Feng, when you go back, take good care of Lei Lei, this child is not good at human affairs, you have to be more tolerant in this regard!" What Tong's mother was concerned about was different.

"Auntie, don't worry, I'll definitely take care of Lei Lei!" Ji Feng said.

"These words, wait until you dictate them later." Tong Kai De said, "Little Feng and I are talking about business."

Tong's mother then couldn't help shaking her head and glaring at Tong Kai De, but didn't say anything else.

Tong Kai De said, "Little Feng, where did you get such accurate information this time, I won't ask about it, but you have to grasp a degree yourself, understand?"

Ji Feng was slightly stunned, and then he understood that Tong Kai De seemed to know that his information came from the East China Sea Gang?

However, Tong Kai De did not continue this topic, so Ji Feng could not ask more questions.

It was not until after the meal, when Tong Kai De and Ji Feng were chatting while smoking, that he suddenly lowered his voice and said, "Little Feng, there is something complicated inside this matter."

Ji Feng was stunned: "What?"

Tong Kai De said, "Do you know, Hu Guozhu's son, Hu Yujin, before he was caught by you, where he was planning to escape to?"

Ji Feng asked casually, "Escaped to where?"

"Jie Peng!"

Tong Kai De said.

Ji Feng was stunned, "Where? Kepong? How is he going to get there, stowaway?"

There was a vast ocean between China and Kepong, so Hu Yujin would not be able to escape through regular channels, so I'm afraid he would have to go through the smuggling route.

He said, "According to his confession, someone had secretly contacted him before, promising many benefits and asking him to join an organization, but he did not take it seriously at that time, but after this accident, he contacted the other party again, and the other party promised to send him to Kepong"

Ji Feng instantly had a cold light in his eyes: "Is it a dynasty?"

Tong Kade shook his head and said, "It's not clear what kind of organization it is, but it's definitely not an ordinary organization."

Ji Feng immediately asked, "Then did Hu Yujin explain how to get in touch with the other side?"

"It was said, and I have already reported the situation, and someone above has already taken over."

Tong Kai De said, "I'm telling you this because I want you to know that although the Jiangzhe line is now falling apart, there still seems to be some forces in the shadows, and we don't know where these forces are actually coming from, whether they are good or malicious, that's why I want you to be careful!"

Ji Feng nodded slowly and said, "Uncle Tong, I understand."

He suddenly thought of the Golden Dragon Group's smuggling of cars.

"Right, there's one more thing besides that." Tong Kai De suddenly said, "According to Hu Yujin's confession, Wu Zhiyong came to Jiangzhe some time ago."

"What did he come to Jiangsu and Zhejiang for?" Ji Feng frowned.

"Hu Yujin wasn't too sure, according to him, when Wu Zhiyong came at that time, he was talking directly to his old man Hu Guozhu, while he simply went out because he was not used to seeing Hu Guozhu being so polite to Wu Zhiyong"

Ji Feng could not help but smile, Hu Yujin, a person who is also a rather arrogant person, when he saw that his old man was so polite to a young man about his own age, he was naturally not too comfortable in his heart.

The young man is proud of his heart and does not want to be inferior to others. When he sees Wu Zhiyong, Hu Yujin is afraid that he will have some jealousy in his heart, but he cannot change all this, so I am afraid that he can only go out more to a blind eye.

Ji Feng could not help but shake his head and smile, secretly said is it that he is usually too low profile, or too kind, after Wu Zhiyong came to Jiangzhe, even Hu Guozhu is polite to him, and after he came to Jiangzhe, even Song Mingyuan dare to be so arrogant

But then Ji Feng was relieved, Song Mingyuan that is ignorant, but there is no doubt that in the eyes of many people, he does not seem to be as intimidating as Wu Zhiyong!

“Deterrence,” Ji Feng shook his head and smiled.

“What?” Tong Kai De didn’t hear clearly and couldn’t help but ask.

Ji Feng shook his head, “Nothing Uncle Tong, do you think Wu Zhiyong coming to Jiangzhe will have something to do with the union of their three families?”

Tong Kaide nodded and said, “I think so too. Although the union between the three major factions is certainly not that simple, nor can it be facilitated by a young man, I feel that Wu Zhiyong is definitely acting as some kind of a communicative bridge in this!”

Ji Feng nodded slowly and said, “It seems that this Wu Zhiyong has not relaxed at all and, moreover, he has learned to change his strategy”

Wu Zhiyong fought him several times in a row, but each time ended in defeat, and a few times even ended in tragic defeats, either with the loss of a major general under him, or, even with his own brother.

But it seems that Wu Zhiyong has always been resigned to the fact that this time the three families have joined forces to target the Ji family, but there is a suddenness to it that is very much out of Ji Feng’s expectation.

It seems that Wu Zhiyong has changed his strategy, and this move is very much a kettle of fish – according to normal thinking, if the Ji family is directly defeated, then he, Ji Feng, is afraid that he will also have to follow the bad luck, which is tantamount to completely losing reliance and becoming a rootless floating weed.

The first time the company was in a position to do so, it would have become a rootless float.

It seems that Wu Zhiyong, who has suffered several big losses in a row, has started to learn to be smart!

The first thing you need to do is to get a good idea of what you’re doing.

.....

The next morning, Ji Feng returned to Jiangzhou with Tong Lei.

Only Ji Feng was unaware that as they were leaving, several cars were parked at the highway intersection, watching Ji Feng leave.

“Big sister, don’t you have something to say to young Ji?” Liao Qichang was a little surprised and asked, “Why aren’t you letting me get out of the car to stop him?”

"I have nothing to say, I just came to see him off!" Su Yayun said.

"How can you send him off like that?"

Liao Qichang scratched his bald head, puzzled: "You still don't let the other party know that you're sending someone off, how strange!"

Su Yayun's face heated up slightly and glared at him, "No one will take you for a mute if you don't speak!"

Liao Qichang hurriedly shut his mouth in fear, but in his heart he was secretly muttering, what in the end is big sister doing, it's really strange

Su Yayun looked at the vehicle that had already disappeared behind the toll booth, her eyes flashed with a trace of despair, she took out the customized mobile phone that was studded with various jewels, pressed a few keys and typed out a line: "That night you"

The words had just reached this point, but she suddenly stopped, and then she deleted the line again.

It had been a long time before Su Yayun said, "Kai Chang, let's go back."

"Hey!"

Liao Qichang responded and drove the car to slowly turn around.

"Buzz~~"

Just at this moment, Su Yayun's mobile phone suddenly vibrated twice, an alert for a short message.

Seeing the name on the phone's screen, she immediately opened the message.

"Mr. Su, thank you so much for your help, if it wasn't for you, I would probably be a prisoner of the other side by now. The Golden Dragon Gang's car business has now been suspended, you can take over if you wish, but I have one more piece of advice, although the black's industry is lucrative, it is not the right way after all, if you can, you should try to go the right way, on the other hand, thank you for coming to see each other off! Ji Feng salutes."

The message wasn't long, but Su Yayun's face was flashing with an imperceptible soaring colour.

"Qichang, let's go back!"

Su Yayun said, and this time, her tone was one of lighthearted pleasure

Soon, Zhou Fei Fei, who was also seeing each other off at the highway entrance, also received a text message from Ji Feng, and after she read it, her eyes had a strange glint in them.

When they went back, Yi Xingchen and the others also went along with them, but only after they arrived in Jiangzhou did they separate, Yi Xingchen and the others rushed directly to Tengfei Group, while Ji Feng took Tong Lei home first.

This time, there were only about twenty days before and after the trip to Jiangsu and Zhejiang, but a lot of things happened in the middle of it, and the ups and downs in Jiangsu and Zhejiang made Ji Feng have to fight to give his all.

Because this time it was a game between big factions, and he could almost say that he knew very little about it. If he wanted to break the game, he had to be careful and think carefully about every action.

And just when Ji Feng was about to go back and sort things out, he received a call from his father, “Little Feng, come to Yanjing.”

Campus Master Chapter 2606

The third master of the Wu family, Wu Zhengxin, had been sentenced!

Ji Feng received a call from his father and without saying a word, he came to Yanjing that afternoon.

The person who came to pick him up was Ji Shaojun.

As soon as Ji Feng and Bai Zhu got into the car, they saw Ji Shaojun with a smile on his face and an unstoppable excitement in his expression.

“What’s so happy?!” Ji Feng asked with a casual smile.

“Of course it’s a good thing!”

Ji Shaojun smiled at his words and immediately laughed, saying, “Look at this!”

Saying that, Ji Shaojun handed over a newspaper, it was the Yanjing Daily.

“Look at the news on the second page!” Ji Shaojun said.

“What, is there something big happening?” Seeing Ji Shaojun’s excited look, Ji Feng asked somewhat strangely, as he spoke he had already opened the second page of the newspaper, however, as soon as he opened it, he saw a line of bold headlines in blackened letters.

–Wu Zhengxin was sentenced to three years in prison for seriously violating party discipline and state law!

Ji Feng was stunned: “Wu Zhengxin was sentenced?”

Ji Shaojun laughed heatedly, “Sentenced! This time, let the Wu family jump around again!”

Ji Feng took a closer look at the news report and realised that Wu Zhengxin was sentenced yesterday morning at the Binhai District Court. He was sentenced together with a police chief who had participated in his criminal activities.

The oldest member of the Wu family, completely fallen!

Since he was sentenced to three years, he would not be able to get out within three years. In such matters, no one would dare to give him the green light, and that police chief who was sentenced together with him was the best example, unless the other party was willing to be targeted by the Ji family!

“The Wu family has really fallen this time!” Ji Shaojun felt relieved at the mention of it and couldn’t help but laugh loudly, “I heard that Wu Zhengmin was all in disgrace this time, a big disgrace!”

“Heh!”

Ji Feng shook his head with a smile, the oldest member of the Wu family had been sentenced, this was not exactly a disgrace to the Wu family, but at least it would be a considerable blow to the reputation of the Wu family, and it would even make Wu Zhengmin's prestige drop a lot.

Ji Shaojun suddenly added, "By the way, I heard that Wu Zhiyong is in Yanjing, he was there when the sentence was passed yesterday, I really want to know what kind of expression he had at that time."

"Wu Zhiyong?"

Ji Feng shook his head and smiled, saying, "What expression could he have?"

Right now, I'm afraid the most important thing that Wu Zhiyong and the Wu family should consider is not the issue of Wu Zhengxin, but they should think about how to deal with the counterattack from the Ji family.

Judging from this series of actions by the family, I believed that my father would definitely carry out a strong counterattack this time, and since Wu Zhiyong had appeared in Jiangzhe before, it meant that this time the three major factions were united with him, and this matter would definitely not have been done without Wu Zhengmin's nod.

But since their alliance has been dismantled, and the Jiangzhe faction has been directly destroyed, the two remaining factions will definitely be waiting for a stormy counter-attack!

The storm will definitely not only blow in Jiangsu and Zhejiang!

In fact, from the fact that Wu Zhengxin was sentenced to imprisonment, we can see some clues.

It is likely that the pressure from outside is so great that the Wu family is already tired of coping with it.

The Martial Family, which was on the offensive only a month ago, seems to be stretched to the limit even in defence, otherwise it would not have just let Wu Zhengxin be sentenced.

"Old Third, this time you've made a complete name for yourself!" Ji Shaojun suddenly said.

"Me?"

Ji Feng asked with a smile, "What kind of fame am I making?"

Ji Shaojun said, "Of course it's prestige! You still don't know, right? Now all of Yanjing is rumoured about how you entered Jiangsu and Zhejiang by yourself and turned the tide and saved the day by your own strength. I don't know how many young people now regard you as an idol, and many figures of the older generation have spoken out in praise of you!"

There was no telling how many people were paying attention to the great game between the Ji family and the other three families, and Yanjing, which had never been short of political sensitivity, was paying extra attention to it.

Although at first, the development of the situation in Jiangzhe made it somewhat unclear, and because this internal news didn't come out that quickly, so everyone didn't know what was going on at first, and just thought that this was the Ji family suddenly making a forceful counterattack.

But as the incident gradually came to an end, some of the details and news in between gradually became known.

When everyone knew that the game between the Ji family and the Jiangzhe family was actually played by Ji Feng, who had pried the entire Jiangzhe family into action, got tangible evidence of the Golden Dragon Gang's crimes, and even directly took down Song Jinlong, father and son of the Golden Dragon Gang, it really shook many people at once.

A thunderstorm on the ground!

All eyes were turned to it.

It was only at this point that many people realised that the one who really played a key role in this big game was this young man, Ji Feng, which made many people stagger.

A number of people even began to study what Ji Feng had done from beginning to end, and they found that every step Ji Feng took seemed to be powerful, and his strikes were extraordinarily precise, and he moved with ruthlessness and harshness without mercy.

At this time, everyone instantly had a whole new understanding of Ji Feng.

This was a decisive, ruthless and powerful young man.

Not to be underestimated!

There were quite a few figures of the older generation who praised the fact that at such a young age he had such a wrist, it was truly remarkable!

Some people even said that the Jiangzhe family was actually right to unite with the Wu family this time, but the defeat was at the hands of Ji Feng alone!

They had taken Ji Feng too lightly!

After this battle, Ji Feng rose to fame in Yanjing, and even in some local factions, they all knew about Ji Feng.

"What an idol!"

Ji Feng shook his head and laughed, saying, "I just found a good entry point in this matter, there's really nothing more for me behind it, it's just that I'm afraid this news is crossing more and more outrageous!"

Ji Shaojun laughed heatedly: "You should not be modest, these words are not my words, but many people say so. Even some of the older generation are saying this! And ah, now there are already quite a few people saying that the three Yanjing Jiejie back then should actually all be re-ranked, Wu Zhiyong should be eliminated and become you, our family boss, He Hongwei, and Xiang Yongzhan, you four Yanjing Jiejie!"

Ji Feng just shook his head and laughed at his words, "That's just a joke, don't take it seriously."

But in fact he did not know that after so many things, he has long since really entered the sight of the older generation of people, and even putting aside his identity as the first grandson of the Ji family, just on the words of ability, there are people who praise.

..... In fact, when some truly great people praise Ji Feng, why do they need to take into account the Ji family?

When they praise, they are truly affirming Ji Feng's ability and are appreciative of him!

And for so many of Yanjing's worldly family's children to be called the four Yanjing Jiejie, that in itself is already a very high appreciation.

Ji Feng didn't feel much about it, even if his reputation was high, if his own ability was not enough, he would be held high and fall hard, just like the previous Wu Zhiyong, who was called one of the three Yanjing Jiezhi, but after failing continuously, he had become a negative example for many people.

Therefore, Ji Feng just listened to all this appreciation, and what he was concerned about now was what his father had asked him to come to Yanjing for.

When he returned home, his father had not yet returned, but his mother, Xiao Sumei, had heard that he was coming back and had put off all her business and was waiting at home.

After talking with his mother for a while, in the evening, Ji Zhenhua returned home, and Ji Shaojun also stayed to have dinner together, but just after eating, Ji Shaojun proposed to leave.

When Ji Feng sent him downstairs, Ji Shaojun couldn't help but let out a long sigh of relief: "Phew~~"

"Is my home that depressing?" Ji Feng couldn't help but ask with a smile.

"Don't mention it, I'm used to being reprimanded by elders, this time when I see my eldest uncle, I'm all uncomfortable!" Ji Shaojun said.

"Then you're pathetic!"

When Ji Feng heard that, he was immediately happy, he knew that his father wasn't actually that serious, it was just that this Ji Shaojun guy was too untalented in the eyes of his elders, that's why he was often reprimanded.

After sending Ji Shaojun away, Ji Feng returned home and accompanied his parents for a chat, and after that, he was called into the study by Ji Zhenhua.

Xiao Su Mei could only shake her head helplessly, Ji Zhenhua's work was very busy and he didn't have much free time, if it wasn't for her son coming back today, I'm afraid Ji Zhenhua would have to work late again, this time Ji Zhenhua hadn't rested before twelve o'clock.

"Dad, you called me back, is there something going on?" Entering the study, Ji Feng asked.

"The matter of Jiangzhe, you did a good job, too a little too aggressive!" Ji Zhenhua said.

Ji Feng was a bit puzzled, he touched out his cigarette, but just as he wanted to hand it to his father he heard his mother's voice from outside the door, "Little Feng, your father has smoked enough in recent times, no more for him!"

Ji Feng was stunned, then his head shrank and he laughed, it seemed that his mother must have known that the two of them would hide in the study to smoke, and that's why she gave an explanation.

“I know!” Ji Feng said aloud, but quietly gave one to Ji Zhenhua.

“You kid

Ji Zhenhua also laughed, but was addicted to smoking, but still lit up.

Ji Feng asked, “Dad, when you say I’m too aggressive, which area do you mean?”

“Too impatient!”

Ji Zhenhua said, “Even if you have the evidence, you should not move too fast, although it is said that soldiers are valuable, but the game is the same as playing chess, before taking any step, you have to consider clearly how to take the next two or three steps, or even more steps. Otherwise, if things change, you may not be able to respond in time and have to react hastily, and inevitably you will not make mistakes!”

“In fact, before this, the Golden Dragon Gang was already tree-hugging, just because the other party was too complacent and unprepared, if the other party uses this to set a trap, what should you do then?” Ji Zhenhua asked.

Ji Feng slowly tasted these words of his father and pondered.

Campus Master Chapter 2607

Ji Feng slowly tasted his father’s words and thought about them.

Since his father knew that the Golden Dragon Gang was a big tree, that meant that in fact his father had probably made some arrangements before this.

Seeing that Ji Feng had already comprehended, Ji Zhenhua did not say more, he knew his son was very smart and understood a little, as the saying goes, you don’t need a heavy hammer on a loud drum.

“You did a very good job in Jiangzhe, in this respect, you played a key role in breaking the game this time.”

After criticizing, Ji Zhenhua also affirmed Ji Feng’s behavior and said, “You are very smart, usually when you encounter things as long as you think more, you will definitely progress quickly, dad believes that you will become more and more mature in the future, I am also very pleased to see your growth.”

Ji Feng’s heart warmed as he listened.

“Dad, I understand.” Ji Feng nodded his head and said.

“It’s good that you can understand.”

Ji Zhenhua nodded and said, “This time, I’m not calling you back for the matter of Jiangzhe, but I have something else to ask you.”

Ji Feng asked, “What is it?”

Ji Zhenhua said, “I heard your little uncle say that you once told him that Qiao Rong’s husband Wang Wengao was suspicious?”

“That’s right!”

Ji Feng nodded and said, “I did say so to my little uncle, and I still think so to this day, I am still looking for someone to investigate him in private.”

In fact, Ji Feng did not think Wang Wengao was suspicious, but because of an odd feeling.

He felt that Wang Wengao as a person was just too perfect!

Of course, as a man, Wang Wengao might not seem very successful to many people when he had gotten to this point in his life.

After all, he had joined the Qiao family, and his status in the Qiao family was not very high, and he was often looked upon with disdain, and even some of the younger members of the Qiao family did not take him very seriously.

In terms of career, Wang Wengao’s career was not good either. Although he often travelled abroad, his position was not very lucrative either.

But as a husband, and simply as a man, Wang Wengao was a perfect man.

He had no bad habits, he didn’t do anything wrong even when he was treated badly by the Qiao family, he kept to his own ways, he didn’t have any major flaws, he was graceful, he spoke elegantly, he was absolutely perfect!

But that makes it odd, because the inconsistencies don’t match.

“Unless Wang Wengao is a masochist, willing to be mistreated, but instead is still willing to suffer, otherwise, any normal person staying in that kind of environment would definitely be suffocating in his heart.”

Ji Feng said, “Then, since his heart is suffocating, Wang Wengao must need a channel to vent his frustration, otherwise he will go crazy. But he doesn’t have any bad habits, nor does he have any out-of-the-ordinary behavior, isn’t that strange?”

Ji Zhenhua asked, “Is this what you suspected in the first place?”

“This is just one aspect!”

Ji Feng said, “There are many strange people in this world, and at the risk of sounding suspicious I wouldn’t suspect him, what really made me suspicious was that when I came to Yanjing last time, I saw him and Wu Zhengxiang of the Wu family coming out of the same place one after the other at the entrance of a courtyard hutong! So I suspect that Wang Wengao may not be as perfect as he appears to be.”

Ji Zhenhua nodded slowly and asked, “So you investigated him?!”

“Mm.”

Ji Feng nodded, “I investigated him, actually because of the Wu family, and I wanted to know what his purpose was in contacting Wu Zhengxiang.”

“His purpose

Ji Zhenhua mused, “There is intelligence that shows that Wang Wengao seems to have played a bad role in this joint effort by the Wu family and the other two major factions to target us. He played an unflattering role in it!”

Ji Feng was stunned, “This matter, Wang Wengao was also involved?”

Ji Zhenhua nodded his head and said, “That’s right. But what exactly is going on is not quite clear yet, but according to the investigation results, Wang Wengao has recently become very close to the Wu family, since he quit his job, he often became unpredictable in his whereabouts, but in this incident, Wu Zhiyong went to Jiangsu and Zhejiang, while Wang Wengao went to Minfu, and shortly thereafter, the three families joined hands in a very tacit agreement!”

Ji Feng immediately said, “In that case, Wang Wengao has already affiliated with the Wu family?”

From this situation, it seemed that Wu Zhiyong and Wang Wengao were the liaison between the Wu family and the other two families this time?

“The game between the big factions is complicated, yet fickle.” Ji Zhenhua said, “Merely relying on just one or two contacts won’t play too big a role, so there must be a deeper reason for this.”

“Interest!”

Ji Feng blurted out.

Only interests could motivate those three major factions to join forces against the Ji family!

“But what is the interest in this, exactly?” Ji Feng frowned and pondered.

“What do you think?” Ji Zhenhua asked.

Hearing that his father was quizzing him, Ji Feng deliberated for a moment and said, “I think it should be that they see the interests of our Ji family, and by crushing us, they can divide it up.”

Ji Zhenhua asked, “What about Wang Wengao?”

“Him?!”

Ji Feng couldn’t help but stare, yes, what about Wang Wengao, and what was he after?

If it was said that those three major factions were targeting the Ji family for their interests, they had their eyes on the Ji family’s land, as well as some important locations, and perhaps the Tengfei Group, this could all make sense, but only Wang Wengao didn’t make sense here.

Wang Wengao played an ignoble role in this, and for what?

“Is he trying to take revenge for the Qiao family?!” Ji Feng asked, but then he denied his guess and said, “No, Wang Wengao doesn’t seem to have much affection for the Qiao family, so he’s trying to avenge Qiao Rong?”

“We don’t know Wang Wengao’s purpose yet. Whether or not he has attached himself to the Wu family, it’s not easy to tell for now.” Ji Zhenhua said, “Be careful of Wang Wengao! This person, is somewhat dangerous!”

Ji Feng was slightly surprised, that was how his father judged?

Wang Wengao is dangerous?

Ji Feng nodded thoughtfully and said, “Dad, is Wang Wengao really not involved at all in what happened to the Qiao family?”

“If there was, it would be good to do the opposite!” Ji Zhenhua said.

Ji Feng smiled and became even more puzzled, this Wang Wengao is in the end what kind of person, he did this, what is the purpose?

To say revenge, this reason could barely make sense – well, no matter how Qiao Rong treated Wang Wengao, or how the Qiao family treated him, anyway, he had no resentment in his own heart, and after the fall of the Qiao family, he was bent on bringing down the Ji family to avenge the Qiao family.

At the moment, this seemed to be the only reason that could make sense.

However, Ji Feng still felt that it was a bit too fake, but to say other reasons, he couldn’t think of any.

“Alright, don’t think too much.” Ji Zhenhua said, “You just need to be careful and pay more attention in general. This time, I’ve called you back for one more thing.”

“Well, go ahead.” Ji Feng sat up straight.

“Isn’t that new technology from the Tengfei Group very important to the military industry?” Ji Zhenhua asked.

“Very important!”

Ji Feng nodded and said, “If that new material is used to replace traditional metals or alloys and used to produce weapons, I’m afraid that some of the current radars will have a hard time detecting it, and if it’s used to produce missiles, then I’m afraid that some of the current anti-missile systems won’t be able to do much!”

Ji Zhenhua couldn’t help but be moved, if this is really the case, then doesn’t this mean that once China is equipped with this kind of weapon, what anti-missile systems and so on of other countries have become deaf ears – ornamental?

“Can you be sure?” Ji Zhenhua asked.

“Not yet, because this is only a theoretical conclusion, it has to be verified in practice before we can be sure.” Ji Feng said, “Moreover, even if this material is really used to produce weapons, it is still subject to many factors such as the production process.”

Ji Zhenhua nodded, he certainly understood these truths, anything put into practice in theory would have a certain amount of error. In fact, nowadays, there is no shortage of many Ji Shao in China, it is

only because the top processing technology is not available, and the top quality talents are scarce, which makes the level of China's process very low.

For example, once China developed an engine, compared with some developed countries, the difference is not too big, but because of the difference in materials and processing technology, as a result, the foreign engine has a life of tens of thousands of hours, but the Chinese engine is only a few thousand hours, there is almost ten times the difference between!

This shows how big the gap between China's industry and that of the developed countries really is!

"If the military were to buy this technology from you, would you be willing to sell it?" Ji Zhenhua suddenly asked.

"Huh?"

Ji Feng froze, then shook his head and said, "Willing to sell, but it also depends on who you sell it to and in what way!"

Ji Zhenhua said, "If you can, you might as well make some contribution to China's military industry."

Ji Feng then understood that his dad was giving him a job.

"Dad, I will seriously consider it and will choose an appropriate way, anyway, no matter what, I definitely support the development of China's military industry!" Ji Feng said, "Because only when the country is strong can individuals have more room to play, if the country is too weak, it's useless for individuals to be strong."

"I am very pleased that you can think this way!" Ji Zhenhua nodded, his son did not have his mind set on money, which was indeed very comforting to him.

This conversation with Ji Zhenhua went on for over an hour, and the father and son talked a lot.

The next day, Ji Feng did not rush back, but called for Ji Shaojun again.

"Lao-san, just say what you want, but I'll say it first, don't leave anything too difficult to me, it's not that I'm afraid of trouble, but I'm worried that if I don't do it well, it will spoil things for you instead." Ji Shaojun said.

"Don't worry, things are very simple!"

Ji Feng smiled faintly and said, "Keep an eye on two people for me, and also inquire about Wu Zhiyong's whereabouts!"

Ji Shaojun was stunned, "Inquire about Wu Zhiyong's whereabouts? What do you want?"

"Don't worry, things are very simple!"

Ji Feng smiled faintly and said, "Keep an eye on two people for me, and also inquire about Wu Zhiyong's whereabouts!"

Ji Shaojun was stunned, "Inquire about Wu Zhiyong's whereabouts? What do you want?"

Ji Feng paused for a moment before saying, "I want to meet him! I can't just be done with it every time I've been counted on, once or twice, three or five times down the line, people will still think I'm really that easy to bully!"

The actual fact is that you will be able to get a lot more than just a few of these.

The actual fact is that you can find a lot of people who are not able to get a good deal on the subject.

As for Wu Zhiyong

The two of them are not on par with each other at all!

This time in Jiangsu and Zhejiang is also the same, even Song Mingyuan, a second-rate man in the black 'dao', dared to send someone to 'greet' him on the first day he went to Jiangsu and Zhejiang, and said something about welcome to Jiangsu and Zhejiang

As for that Hu Yujin, and Tao Senjun and Peng Kuanqi and others, that's not to mention, even the murder at the paper mill, if he didn't have strong strength himself, he would have been sent to prison by now, and this, surprisingly, is just a second world ancestor trying to screw him over!

..... and that's all!

What makes these people so gutsy?

The first thing you need to do is to get a good idea of what you're getting into.

Even if they have been sent to the detention center, when the dust of the case is settled in the future, after these people are transferred to the prison, what awaits them is definitely not a good day, inside the prison, there can be a good day for them!

At least, Zhou Fei Fei and Su Ya Yun would not agree!

But Ji Feng heard that in this matter, Wu Zhiyong had actually played some kind of dishonourable role, and he immediately decided that he would go and meet Wu Zhiyong!

"How about it, these two tasks aren't very difficult, right? Can you manage it?" Ji Feng asked with a smile.

"Well, these two tasks are not difficult to say, but not very easy to say."

Ji Shaojun said, "Lao San, you know, tracking people, I'm not good at it, I'll have to find professional people again, as for asking for Wu Zhiyong's trace, this is simple, as long as Wu Zhiyong is still in Yanjing now, I guarantee to help you find him with the fastest speed, even if he's hiding in a rat hole, I can still find him!"

Ji Feng nodded with a smile and said, "Then how about this, you just need to help me find out Wu Zhiyong's trail, for the matter of tracking people, I'll arrange someone myself!"

"Okay!"

Ji Shaojun immediately said, "That's no problem, then I'll go ask for you now!"

“Wait a minute!” Ji Shaojun was just about to make a call, but Ji Feng called him back and asked, “How are you going to ask around?”

“It’s very simple, find two friends, make a few more circles, find someone who can talk to Wu Zhiyong, call his phone and ask, or just side-step him!” Ji Shaojun said grumpily, but here he suddenly paused for a moment.

“Eh?”

Ji Shaojun said, “Lao San, if you want to inquire about Wu Zhiyong’s whereabouts, you are more convenient than me, ah, you know people that are on the same level as Wu Zhiyong, just one phone call to go there and you will know? I may not be able to talk to Wu Zhiyong if my people are not at a high enough level, but you are different”

The first thing you need to do is to get to know the people you know, and you’ll be able to get to know the people you know, but there’s still a gap between your level and Wu Zhiyong’s.

But Ji Feng is different, there is no one in the younger generation who dares to say that their level is higher than Ji Feng, at most, they can only find superiority in their birth and childhood, the rest is not even dog shit in front of Ji Feng!

Ji Feng shook his head and smiled, saying, “Even if I do, if Wu Zhiyong receives my call, he might be alerted!”

“Alerted?!”

Ji Shaojun was startled when he heard this, and couldn’t help but ask: “Lao San, you are looking for Wu Zhiyong, what exactly do you want to do?!”

Ji Feng said, “Nothing, just to meet him, do as I say.”

“Then okay.” Ji Shaojun nodded, but was still a bit uneasy as he asked, “Old man, you won’t mess around, will you? Wu Zhiyong hasn’t messed with you much lately,.....”

“Do you do it or not? I’ll do it myself if I don’t!” Ji Feng said.

“Fine, I’ll inquire about it!” Ji Shaojun said hurriedly, his eyes darting back and forth on Ji Feng’s face, trying to see what Ji Feng was really thinking.

He was always muttering in his heart, how listening to Ji Feng’s tone, it seemed to vaguely make him uncomfortable all over, Ji Feng shouldn’t really be looking for trouble with Wu Zhiyong, right?

If that’s the case, then which people should I call to help?

It seems that the Wu family has quite a lot of manpower, and the Wu family’s youngsters are very arrogant and like to instruct the family’s guards to come out and do something, and the elders of their own family do not allow the Ji family’s children to use the family’s guards to cause trouble outside, so if they really do it, there is no guarantee that they won’t lose out!

But when Ji Shaojun saw the beautiful woman sitting next to Ji Feng, his eyes lit up, yes, this beautiful woman next to Lao San is an absolute expert, ah, to be able to be Lao San’s personal guard, not just to

be beautiful, if the body is not strong enough, I believe that the eldest uncle and eldest mother will not be assured.

The idea of Ji Shaojun came to his mind and he immediately called out one by one.

Within a short time, he received the news and immediately said, "Lao-san, we have news, it seems that Wu Zhiyong seems to be at one of his women's place."

"Where's the address?" Ji Feng immediately asked.

"It's at ee? That's quite a coincidence!" Ji Shaojun suddenly said in surprise.

"How so?!" Ji Feng asked.

Ji Shaojun immediately said, "Old Third, do you still remember that the boss and a few of us once ate at a restaurant, and as a result, a kid got drunk and started a conflict, and later you were wrongly accused, and the boss was so enraged that he personally declared war on Wu Zhiyong, do you still remember this matter?"

Ji Feng nodded and said, "I remember, what's wrong?"

Of course he remembered this matter, at that time it was because Wu Zhiyong and several other sons of the family were present, it seems that they were the ones who were behind it, and the matter was made a big deal

Thinking of this Ji Feng suddenly reacted, "Shaojun, I heard that the hotel was owned by Wu Zhiyong's woman, could it be that he is there now?"

"Mm!"

Ji Shaojun nodded, "It's there, just now I asked some connections to call Wu Zhiyong's mobile phone, and it was answered by Zhao Yu!"

Ji Feng immediately stood up and said in a deep voice, "Let's go!"

"Hey!"

Ji Shaojun immediately responded, but said while standing up, "Wait a minute, I'll call a few people, I have to smash his nest today!"

Ji Feng laughed at his words, "Why are you smashing his nest?"

Ji Shaojun was stunned: "That"

"If you want to smash it, smash him personally!" Ji Feng said.

Ji Shaojun: "....."

"Let's go, it's enough for just the three of us to go, you just drive and wait outside!" Ji Feng's voice came, and people were already outside the door, Ji Shaojun hurried to follow.

.....

Inside the hotel's lounge, Wu Zhiyong was half lying on the sofa, his business men's clothes casually pressed underneath him, already becoming crumpled, but he didn't bother, just smoking a cigarette in his mouth, the banquet very casually flicked on the coffee table.

"Zhiyong, why haven't you changed your clothes? Is there something on your mind?"

A flirtatious woman walked out of the bathroom wearing a bathrobe and with wet hair, that walked around revealing a pair of white and tender calves from time to time, as well as that freshly bathed face covered with redness, making her flatly more flirtatious.

The first thing you need to do is to take a look at her, and you can't help but let out a soft sigh and stretch out your hand and probe through her bathrobe, drawing your fingers through the middle of her buttocks, which instantly makes her body tremble and her legs go limp, sitting on Wu Zhiyong's lap:

"Zhiyong, go take a bath first"

"Zhao Yu, I might be in big trouble this time." Wu Zhiyong suddenly said.

"....."

The woman called Zhao Yu's body, which was already incredibly soft, suddenly stiffened after hearing these words, and hurriedly asked, "Zhiyong, what's wrong?"

Wu Zhiyong was just about to speak when he heard the mobile phone placed on the coffee table suddenly ring.

Zhao Yu turned around and picked up the phone and handed it to Wu Zhiyong, who was just about to take it when he saw the caller ID and suddenly his face changed abruptly.

"Zhiyong, what's wrong?" Zhao Yu asked.

"It's Ji Feng calling!" Wu Zhiyong's tone was thick with weirdness, and his face was even more surprised to the extreme, why was Ji Feng suddenly calling him?

The name is not a household name in Yanjing, but at least those who are well-informed know this name and understand the weight of these three words!

What's more, Zhao Yu knew the relationship between Ji Feng and Wu Zhiyong, both of whom wanted to put each other to death and could be considered mortal enemies.

How could Ji Feng call Wu Zhiyong?

Zhao Yu looked at Wu Zhiyong, but found that his brow was locked, and his face was already composed with a kind of ruthlessness, but in his eyes, there was even a faint look of alarm in his eyes, although it was very faint and flickered, but Zhao Yu could see it in her eyes.

This makes her heart, can't help but thud.

Wu Zhiyong

Surprisingly, deep inside, he was afraid of Ji Feng!

This, how is it possible?

Zhao Yu could hardly believe her eyes, yet she knew that she had not misread it just now.

Wu Zhiyong, was really afraid of Ji Feng!

Campus Master Chapter 2609

“Zhiyong, how about this call or don’t answer it, he called you, what can be good?!” Zhao Yu said in a softly persuasive voice.

The flash of fright that she saw in Wu Zhiyong’s eyes made Zhao Yu realize that Wu Zhiyong was actually a little afraid of Ji Feng. Although even Wu Zhiyong himself was not yet aware of it, Zhao Yu was aware that perhaps deep inside Wu Zhiyong’s heart, there was already a deep fear of Ji Feng.

..... Wu Zhiyong was afraid of being beaten by Ji Feng.

This is why Zhao Yu advised Wu Zhiyong that since he was afraid, he should not take Ji Feng’s call, so why make a fool of himself?

However, a gloomy look flashed across Wu Zhiyong’s eyes and he said in a deep voice: “Humph! The less good it is, the more I have to answer this call, otherwise, he will still think that I am afraid of him!”

Zhao Yu shook his head slowly and imperceptibly, but did not say anything else.

“Humph!”

Wu Zhiyong snorted coldly and pressed the answer button, putting the phone to his ear, but did not rush to speak.

In the phone receiver, there was no sound either.

The phone was connected but no one spoke, a strange scene, Zhao Yu watched but was a little worried about Wu Zhiyong, and could only quietly give Wu Zhiyong a wink.

But Wu Zhiyong’s face sank and he said in a cold voice, “Speak!”

Alas!

Zhao Yu sighed in her heart, she didn’t expect Wu Zhiyong to be so calm, although this was just a phone call, but looking at that look just now it was obvious that the two of them were competing with each other, whoever spoke first had already lost his bottom.

When she thought that it was because of her words that Wu Zhiyong had spoken first, Zhao Yu sighed once again in her heart that Wu Zhiyong was weak-minded.

He did not want others to think that he was afraid of Ji Feng, but in reality, this lack of courage was proof that he was already afraid of Ji Feng in his heart.

Just as Zhao Yu was sighing in his heart, Ji Feng’s voice came through the earpiece, “Wu Zhiyong, come down!”

Wu Zhiyong couldn’t help but stare, come down? Come down where?

He asked in a cold voice, “What do you mean?”

Ji Feng said indifferently, "I'm in the lobby of your mistress' hotel, come down!"

Wu Zhiyong suddenly had a subconscious shock in his heart, his eyes shrank furiously, and he just wanted to speak, "How do you"

Snap!

"Beep beep beep beep"

A busy tone came from the phone, clearly telling Wu Zhiyong that Ji Feng simply hung up the phone without waiting for him to speak, which instantly caused a surge of anger to rise in Wu Zhiyong's heart, which rose up in a moment, his face instantly became iron blue, gritting his teeth, with a completely unconcealed anger in his eyes, the look was almost as if he wanted to eat someone.

"..... bastard!"

There had been just such silence for a full minute or so before Wu Zhiyong abruptly burst out with a roar, veins rising in his neck, his hatred thick!

Zhao Yu was immediately startled and asked in a panic, "Zhiyong, what did he say?!"

Wu Zhiyong said in a deep voice: "This son of a bitch is downstairs in the lobby, and he even came to my door, this is riding on my neck and shitting on me, simply arrogant to the extreme!"

"He, he's downstairs?" Zhao Yu was stunned.

"..... Humph!" Wu Zhiyong was furious to the extreme, snorted coldly, stood up and headed out.

Zhao Yu hurriedly shouted at him from behind, but Wu Zhiyong acted as if he hadn't heard him, just striding out and soon walked out of the room.

"Ugh!"

Zhao Yu looked helpless, she hurriedly picked up her mobile phone from the table next to her and dialed a number, just saying urgently, "Ji Feng is here he came to find Zhiyong, now Zhiyong has gone down!"

.....

"Lao, Lao San, we just came straight to the door like this, this isn't too good, is it?"

In the lobby of the hotel, Ji Feng and Ji Shaojun were sitting in the lounge area waiting, Ji Feng was sitting there in an old and calm manner, with his eyes slightly closed seemingly as if he was asleep, looking extraordinarily casual. The first thing you need to do is to take a look at the actual website.

Ji Feng didn't even open his eyes, just said indifferently: "What's wrong with coming here, can Wu Zhiyong still eat you up?"

Ji Shaojun's face turned red and said, "He dares!"

Ji Feng asked, "Are you afraid?"

"I'm afraid of nothing!"

Ji Shaojun said at once, "Big deal, just do it, what's there to be afraid of!"

Ji Feng smiled and said, "Won't that do it! You just wait here slowly and watch the good show, after today, I'll make sure you'll never be afraid of Wu Zhiyong again!"

"Huh?" When Ji Shaojun heard that, he couldn't help but be a little stunned, not understanding what Ji Feng meant.

"Stomp stomp stomp"

Just at this moment, a rush of footsteps suddenly came from the stairs, it was not yet dinner time, so there were very few people in the hotel, and this footsteps sounded very clear, Ji Shaojun immediately turned around to look, and suddenly his heart tightened.

Ji Shaojun hurriedly touched Ji Feng quietly and whispered, "Lao San, Wu Zhiyong is coming down!"

Only then did Ji Feng open his eyes, and he saw Wu Zhiyong's sullen face as he walked down the stairs step by step and came in front of them.

Immediately, Ji Shaojun stood up alertly and stepped forward to block in front of Ji Feng, although he was still somewhat afraid of Wu Zhiyong in his heart, he did not want Ji Feng to suffer in front of Wu Zhiyong.

Ji Feng's eyes flashed a touch of approval, Ji Shaojun, this person, although he seems to be not much of a success, but at least he is still more concerned about brotherhood, and knows how to unite, in this point he is much better than Ji Shaoyou.

All people have flaws, the key is to see if they can stand up in the grand scheme of things. Ji Shaojun obviously has a loss of small points, but is still good in the grand scheme of things.

"Ji Feng, running to me to find me, what do you want to do?" Wu Zhiyong stared at Ji Feng and asked in a cold voice.

Ji Feng smiled and also stood up, pushed aside Ji Shaojun and came in front of Wu Zhiyong – he was taller than Wu Zhiyong, so he stood in front of him in a completely overlooking posture, which made Wu Zhiyong uncomfortable and subconsciously took a step backwards.

Seeing the mocking smile at the corner of Ji Feng's mouth, Wu Zhiyong instantly had a feeling of being humiliated, his face sank and he was just about to speak, but he was suddenly interrupted by Ji Feng.

"Some time ago, you went to Jiangsu and Zhejiang?" Ji Feng asked.

"..... Yes and so what?" Wu Zhiyong asked in a cold voice: "Do I still need to report to you where I went?"

"Of course you don't need to, but if you are going to cause trouble for me, I can't just ignore it." Ji Feng said indifferently, "Let me ask you, does the matter in Jiangzhe have anything to do with you?"

Wu Zhiyong snorted coldly, "If you came to me just to ask these boring questions, then you can leave now, I don't have time to waste with you here!"

Ji Feng glanced at him, "What, you dare not do anything? Or is that all the guts you have?"

Wu Zhiyong was instantly fired up, and he instantly became angry and said, "It's about me, so what?"

"Pop!" There was a crunching sound.

Wu Zhiyong received a slap, which was so powerful that it instantly sent Wu Zhiyong stumbling, and if he hadn't been holding onto the backrest of the sofa next to him, Wu Zhiyong would have definitely fallen to the ground with this blow.

"What do you say?!" Ji Feng asked indifferently.

"....."

Wu Zhiyong was dumbfounded.

He did not expect that Ji Feng would directly fling him a slap without saying a word, not even looking for a little excuse or reason.

This sudden slap directly hit Wu Zhiyong's brain which could hardly turn around!

In the next moment, a sense of humiliation so strong that it was extreme spread out from Wu Zhiyong's heart, and he instantly turned red, a stern look flashed across his eyes, and he stared at Ji Feng with murderous intent, roaring lowly, "Ji Feng, do you want to die?!"

"Pop!" There was another crunching sound.

Once again, Wu Zhiyong's face was slapped hard, this time, Wu Zhiyong was smacked headfirst onto the ground!

Ji Feng said indifferently, "You've wanted to put me to death not once or twice, but am I dead?"

Wu Zhiyong covered his face and his whole body was a little dizzy.

Since Ji Feng had hit him, he naturally would not show mercy, although he did not use bio-current, the strength of Ji Feng's arm alone was not something that Wu Zhiyong could withstand, his head was buzzing from the blow and his eyes were a little black, not to mention responding to Ji Feng's words.

Ji Shaojun was also dumbfounded.

He looked dumbly at Wu Zhiyong and then at Ji Feng, stunned beyond belief.

Lao San he, he actually slapped Wu Zhiyong twice in a row, in front of a large crowd!

Is this a fight to the death?!

What does a male son value most? The most important thing is not money, nor force, but their own face, but now, Wu Zhiyong, not to mention face, his face can not be, by Ji Feng two consecutive fierce slapping, snapping, this for Wu Zhiyong, this is simply to kill him more serious ah!

Lao San also is too fierce ah!

Ji Shaojun are a bit overwhelmed by the reaction, how could he not think that Ji Feng today said to meet Wu Zhiyong, but actually is so will he?

The 'would meet' in Ji Feng's mouth was actually with a slap?

“..... son of a bitch!”

Wu Zhiyong finally came to his senses, he covered his face, his eyes were red, staring at Ji Feng with a strong resentment and ruthlessness in his eyes, “Ji Feng, I want you to die! You’ll definitely regret it”

“Snap!”

Wu Zhiyong’s words, along with Ji Feng’s slap that came again fiercely, were completely knocked back into his stomach, while he was directly smacked on the sofa by Ji Feng, his legs went weak, his head was dazed, and he couldn’t even stand up!

Ji Feng asked indifferently, “What do you say!?”

“.....”

Wu Zhiyong no longer knew how to answer, in fact, he had long since been almost fainted by these three slaps, and even if he hadn’t, he would have been absolutely tortured to death by this intense to the point of humiliation!

After three consecutive slaps, Ji Feng did not make another move, his own strength he knew, if he made another move, I’m afraid Wu Zhiyong would have to go see the King of Hell.

However, this does not mean that the matter is finished here!

Campus Master Chapter 2610

The three slaps made Wu Zhiyong dizzy!

But what was even worse than the dizziness was the strong sense of humiliation from the bottom of his heart after being slapped by Ji Feng!

Ever since he was a child, had Wu Zhiyong ever been treated like this before?

Even for as long as he could remember, even his old man, Wu Zhengmin, had never hit him, but today, he was slapped in the face by Ji Feng without any mercy, and he was slapped so dryly that it was like slapping some kind of animal!

In that instant, Wu Zhiyong wanted to die!

However, he wanted Ji Feng to die even more, he wanted to chew Ji Feng alive!

Even though Wu Zhiyong’s head was still dizzy, those eyes were already full of resentment staring at Ji Feng, there was a strong hatred in his eyes, blood was flowing from the corner of his mouth, his originally neat hair was very messy from the whipping, but this image gave Wu Zhiyong some bloodlust.

“..... Ji Feng, I must kill you!” Wu Zhiyong gritted his teeth, despite the painful pain in his teeth where that had been smacked, but this could not in any way resist the kind of anger in his heart and the humiliation he had received.

“It’s not like you haven’t done it before!”

Ji Feng said indifferently, not caring about Wu Zhiyong’s threat, “You did it not long ago, but did I die? I’m still alive and well, and I even slapped you three times!”

Wu Zhiyong turned his head away and closed his eyes, afraid that he would not be able to resist going to fight with Ji Feng now, because he knew that he would only suffer more humiliation that way.

However, Wu Zhiyong chose in his heart that a good man would not eat the loss in front of him, but Ji Feng did not intend to stop just this time, he slowly stepped forward and came in front of Wu Zhiyong, and said indifferently, "How many times have I been assassinated, and how many of them were directed by you, do you still remember clearly?"

"....."

Wu Zhiyong just gritted his teeth and leaned crookedly on the sofa without saying a word, but his tightly clenched fists and his slightly bulging cheeks showed how much hate and anger he had in his heart.

As if Ji Feng did not see Wu Zhiyong's appearance, he just asked, "These few slaps, did they hurt?"

Swish!

Wu Zhiyong steeply opened his eyes and stared deadly at Ji Feng, asking in a stern voice, "What do you say?!"

Ji Feng smiled, "I think it should hurt a lot! Does it hurt for you?"

Wu Zhiyong: "....."

He was once again humiliated, which almost made him explode, he couldn't hold back anymore, a surge of anger from his heart made him stand up at once, swing his fist and hit Ji Feng.

"After a muffled sound, Wu Zhiyong's whole body hit the sofa heavily, even knocking the sofa back a meter or two, the sofa legs rubbed against the floor with an ear-splitting sound, but Wu Zhiyong himself was kicked by Ji Feng, his eyes went black and he almost passed out again!

Ji Feng laughed: "That's all the force you have? Are you trying to fight me to death?"

Wu Zhiyong fell limp on the sofa, unable to stand up even if he wanted to fight with Ji Feng again, and could only pant violently, his chest rising and falling sharply as a way to soothe his indignation, otherwise, he was afraid that he would be exploding with anger.

"Zhiyong!"

At that moment, a shout came from the staircase, only to see a woman running over quickly, seeing Wu Zhiyong limp on the sofa, she rushed to Wu Zhiyong with a face full of shock, screaming in alarm:

"Zhiyong, are you alright? How are you?"

Seeing Wu Zhiyong's swollen cheek and the finger marks on his face, the woman also felt a blackness before her eyes – this was a slap mark!

Wu Zhiyong had been slapped?

Wasn't this a way to kill Wu Zhiyong!

"I, I'm going to kill you" Wu Zhiyong didn't know where he got the strength to sit up, gritting his teeth and staring at Ji Feng, his voice low.

The reason for this is that it is not a good idea to have a good time.

Ji Feng, however, did not care at all, just smiled disdainfully and said, "You've said that three or four times already!"

Wu Zhiyong stared at him, not saying a word.

"Young Ji, you are all people of status, why do you have to be so desperate!" The woman stared at Ji Feng and said indignantly.

Ji Feng, however, didn't even look at her, he just stared at Wu Zhiyong and said indifferently, "Are you annoyed in your heart that I beat you?"

Wu Zhiyong still just stared at him, and didn't answer or speak.

Ji Feng said, "You backstabbed me, in the end it was you who suffered, I hit you, you didn't even have the ability to fight back you can only play dirty tricks, if you play face to face, you can't even walk in front of me, this is the so called Wu family great!"

Wu Zhiyong's teeth clenched.

"These few slaps today are to tell you, if you dare to play dirty with me, I dare to whip you, if you dare to play hard, I can whip you to death alive!" The original derisive smile on Ji Feng's face gradually disappeared and was replaced by a touch of coldness, "I don't see eye to eye with you when you play dirty once or twice, but you're still addicted to it?"

Wu Zhiyong's eyes were filled with hatred, moreover there was an indescribable sense of humiliation.

Ji Feng stared at him coldly, his gaze even colder than his, surprisingly causing a chill to spread from Wu Zhiyong's heart.

"You know clearly in your heart what you have done yourself, and if you have done it, you have to be mentally prepared to pay the price!" Ji Feng said coldly, "Today, I just collected a little interest, and at the same time let you know that if you play dirty, you will definitely be the one to be played in the end! Today is the best lesson!"

Ji Feng stared at Wu Zhiyong with a flash of murderous intent in his eyes.

He had wanted to smack Wu Zhiyong for more than a day or two, and this time, Wu Zhiyong's behaviour had completely angered him, so Ji Feng no longer had any scruples, since he was the youngest member of the Ji family, so what if he was arrogant for once?

If he didn't show something again, I'm afraid everyone would think that he was made of clay, without any temper at all, and could take it as much as he wanted!

"You like to play dirty tricks, then go ahead, I'll take them all!"

Ji Feng said coldly, "But the next time I come back, it won't just be a few slaps!"

After saying that, Ji Feng waved to Ji Shaojun and turned around to leave. His words had already been said, so naturally there was no need to waste any more time here.

“Oh, right!”

After walking a few steps Ji Feng suddenly stopped and turned around, looked at Wu Zhiyong who still had a resentful face and said, “I see there are cameras in this lobby, if you want to call the police, I will admit that I slapped you, I’ve been in Yanjing for the past two days, if you want to take revenge like a man, I’ll be waiting.”

After saying that, Ji Feng smiled faintly, then turned around and left.

In the hotel lobby, only Wu Zhiyong, who was sitting softly on the sofa, and Zhao Yu, who was looking at him with a tense and worried face beside him, were left.

“Zhiyong

Zhao Yu called out cautiously, “You, are you alright?”

Wu Zhiyong didn’t say anything, he just sat there, not moving a muscle.

Zhao Yu immediately took out her mobile phone and said indignantly, “No, I’m going to call the police, he’s too much, he even came here to beat you up, this is simply bullying!”

“Pop!”

Zhao Yu’s mobile phone was knocked off, Wu Zhiyong’s eyes were red, as if he wanted to eat someone, he gritted his teeth and said, “Don’t call the police!”

Zhao Yu suddenly said, “But you he hit you, should we just let it go?!”

Wu Zhiyong gritted his teeth and did not say a word.

“Lao, Lao San, we, are we just going to leave?”

In the car, Ji Shaojun drove while staring in shock at Ji Feng sitting in the passenger seat, if he didn’t still have to look at the road, he would have been dumbfounded.

He really didn’t expect that following Ji Feng to find Wu Zhiyong today, he would see such a scene!

This is simply

He couldn’t even find the words to describe it!

Ji Feng said, “If you don’t leave, are you going to stay for dinner?”

Ji Shaojun: “.....”

After a while, Ji Shaojun couldn’t help but say again, “I mean, will Wu Zhiyong retaliate? You knew there were cameras in that lobby, so why did you do it there? Find a reason to trick Wu Zhiyong out, and then go and beat him up in some remote corner, so that even afterwards it’s better to talk about it!”

Ji Feng asked, “Now what?”

“Now?”

Ji Shaojun froze: “Now it can be troublesome

Ji Feng smiled and asked, “How is it troublesome?”

“He

Ji Shaojun immediately didn’t know what to say, yeah, how is it troublesome?

Wu Zhiyong was beaten, the Wu family will certainly not give up, but now the Ji family has turned the defense into an attack, and the attack is strong, although I do not know how far it has proceeded, but listening to the tone of the family elders talking, but also know that now the Wu family is definitely going to be unlucky.

That

What’s the trouble with Ji Feng beating up Wu Zhiyong?

“What if the police got involved?” Ji Shaojun couldn’t help but ask, “This unprovoked beating of yours, it would be justifiable to detain you or ask you to apologize to Wu Zhiyong, would you do it?”

“Let’s talk about it!” Ji Feng smiled.

Ji Shaojun was a bit speechless, he still had that strong shock left in his heart, so he didn’t have the heart to say anything more, he just secretly tsked his mouth, he really admired Ji Feng, even Wu Zhiyong, the youngest of the Wu family, Ji Feng actually beat him up, and, he even slapped him specifically on the face!

This was like slapping the entire Wu family!

If the news of this got out, God knows how much of a shock it would cause.

It turned out that Ji Shaojun was right this time, and this was one of the few times he was right about the situation – in fact, it was Ji Shaojun himself who couldn’t help himself and told a few friends about it in graphic detail on the same day.

Ji Feng, actually openly smacked Wu Zhiyong three times, and even put down the words, to retaliate, I’ll wait!

This kind of explosive news is faster than any news can spread, just a few hours later, the news had already spread in the circle.

The news first flew through the dude’s circle, then it was quickly learned by the elders in the family, and immediately after that, many people knew about it.

And the first reaction of everyone who knew about it was astonishment!
