

Campus Master 2611

Ji Feng slapped Wu Zhiyong three times in a row!

This news shocked many people!

No one expected that at a time when the game between the Wu Family and the Ji Family was at its most intense, Ji Feng would be so harsh and slap Wu Zhiyong three times without mercy, which was like slapping the Wu Family in the face!

It was at this time that everyone saw the strong side of Ji Feng.

Even though many people had never met Ji Feng, with just these three slaps, the image of a strong and stern young man had already penetrated people's hearts!

In fact, by this time, there were some people who could see that in this big game, the Ji family already had the upper hand, but the cause of this big game was because the Wu family and the two local factions of Jiangzhe and Minfu had joined hands and taken the lead in attacking the Ji family.

The Ji family had always been passive in its defence and had been at a disadvantage before.

And now, this vicious slap from Ji Feng was seen by many as a rallying cry for the Ji family to strike back!

But for the Martial Family, it was too much of a nuisance.

"Bullying is too much!"

After Wu Zhengxiang knew about this matter, he was greatly enraged, and even broke into a cursing fit in spite of his image, "That wild bastard from the Ji family that he picked up from nowhere is simply deceiving people too much! ..... Does he really think that my Wu family has no one?"

In a fit of rage, Wu Zhengxiang directly called his boss, Wu Zhengmin, and after that, he used the fastest speed to get to the old man's place.

At this time, Wu Zhiyong, who had received three slaps from Ji Feng, had already been called back home by Wu Zhengmin who had received the news. When Wu Zhengxiang returned, he saw Wu Zhengmin sitting on the wooden sofa smoking with an iron face, not saying a word. And in the ashtray next to him on the coffee table, there were already quite a few cigarette butts, it was obvious that Wuzhengmin had smoked a lot before this!

"Big brother!"

Wu Zhengxiang walked in, sat down opposite Wu Zhengmin and said in a deep voice: "Have you heard about the matter?"

Wu Zhengmin didn't say anything with a sullen face, but only nodded slowly, his own son had been slapped hard three times, naturally Wu Zhengmin's face was also shameless.

"Where is Zhiyong?"

Wu Zhengxiang asked, "Is he back yet?"

At this time footsteps sounded and Wu Zhiyong came out from the inner room, his face grim, but the finger marks on his face, which had swollen up high, were so obvious. At the corner of his mouth, there was still a blood scab, Ji Feng had smashed the corner of his mouth in three slaps, and it was only just scarring now.

Seeing Wu Zhengxiang, a look of embarrassment flashed across Wu Zhiyong's eyes as he sat down at the side, not saying a word.

Being slapped three times on the face was already humiliating enough in itself, let alone the fact that it was Ji Feng who had slapped him.

What else could Wu Zhiyong say?

If he could, he really wanted to take a plane back to the northwest immediately .....

"Zhiyong, what the hell is going on, why did Ji Feng hit you?" Wu Zhiyong was not willing to mention this matter, but Wu Zhengxiang would not fail to mention it, and he even asked Wu Zhiyong specifically.

Wu Zhengmin frowned slightly and glanced at Wu Zhengxiang, but did not say anything.

Wu Zhiyong gritted his teeth and said, "He thinks that this time the three united families have something to do with me ....."

"What about that?" Wu Zhengxiang asked.

"....."

At once, a strong anger rose up in Wu Zhiyong's heart, so what? At that time, he also asked Ji Feng the same thing, but how did Ji Feng answer him? Ji Feng's reply was a slap on the face and a rhetorical question.

—How do you think?

Hearing Wu Zhengxiang ask a follow-up question, subconsciously, Wu Zhiyong really wanted to pass on Ji Feng's words to him!

"He hit you, and you didn't react at all?!" Wu Zhengxiang asked, frowning.

"What reaction should I have?" Wu Zhiyong was silent for a while before he asked.

Wu Zhengxiang immediately said, "When he hit you, did you just stand there and let him hit you? Where are the men you brought with you? Where are the bodyguards around you? Did you not call someone to protect you in that situation?"

Wu Zhiyong gritted his teeth and did not say anything.

In fact, he knew better than anyone that if his bodyguards could have come in, how could they not have come to protect him?

The key problem was that from start to finish his bodyguards hadn't come in – because they couldn't get in at all, one of Ji Feng's personal guards had taken them all down outside the door long ago!

"So what did you do about it afterwards?" Wu Zhengxiang asked again.

“I didn’t do anything!” Wu Zhiyong said.

“What?!”

Wu Zhengxiang was stunned, then he frowned and said, “Zhiyong, you received three slaps for no reason, and the slap marks on your face are still there to this day, and you actually did nothing?”

Wu Zhiyong did not say anything.

“You ……” Wu Zhengxiang was just about to speak when he was interrupted by Wu Zhengmin, “Older brother, let’s not bring this up again, I believe Zhiyong will take care of it.”

“Big brother!”

Wu Zhengxiang said, “This is not just a matter for Zhiyong alone, now Zhiyong represents our Wu family, if he is slapped, isn’t it the same as our Wu family being slapped? No, we can’t just let this go!”

Wu Zhengmin frowned and said, “Then in your opinion, how should this matter be handled?”

“It’s simple!”

Wu Zhengxiang said, “Ji Feng beat Zhiyong, we will beat him back, if that doesn’t work, we will go through legal channels ……”

Wu Zhengmin then frowned and said, “Lao Er, if you have this energy, you might as well think more about the current situation, this is already enough to keep us busy, as for this child fight, it’s better not to worry too much about it!”

“Is this a child’s fight?”

Wu Zhengxiang said at once, “Big brother, why do I see you getting weaker and weaker now? With you like this, how can our Martial Family prosper? How else can we rise again?”

As soon as these words were spoken, the living room instantly fell silent.

Wu Zhiyong looked fiercely at Wu Zhengxiang, and a brilliant light even flashed in Wu Zhengmin’s eyes, but his eyelids only drooped, but he was not seen by Wu Zhengxiang, and only said, “Older brother, that’s it, all right, go about your business!”

Wu Zhengxiang still wanted to say something, but seeing Wu Zhengmin’s appearance, he could only secretly clench his teeth and get up to leave.

Wu Zhiyong looked at Wu Zhengxiang’s back and was silent.

Instead, Wu Zhengmin closed his eyes and said nothing, as if he was asleep.

“Dad, second uncle he ……” Wu Zhiyong opened his mouth, just as soon as he spoke, he saw Wu Zhengmin but did not even open his eyes just waved his hand at him, he immediately shut his mouth.

Now he was still in trouble!

He was slapped three times in a row by Ji Feng, but he didn’t show any sign of it. I’m afraid that this kind of performance was quite incompetent and cowardly in his father’s eyes, right?

I'm afraid that now his father is so disappointed in himself that he doesn't even bother to reprimand himself!

Wu Zhiyong stood up and said nothing, just turned around and went into the room in silence.

But he would not know that just after he got up and left, Wu Zhengmin slowly opened his eyes again, first looking at him, and then, Wu Zhengmin looked towards the door – that was the direction Wu Zhengxiang had left.

.....

Unlike the dullness of the Wu family, there was a different scene in Elder Ji's quadrangle in East Sixth Street at the moment.

"Little monkey, you are very impressive!"

Tie Long said with a smile, "You're good, you have more impetus than your father, you dare to slap the old Wu family directly! Mmm! Good fight!"

Ji Feng moved a matzah and sat in the courtyard, shaking his head with a bitter smile.

In fact, after Ji Feng himself had beaten up Wu Zhiyong, he had prepared himself mentally and waited to meet the Wu family's retaliation.

Wu Zhiyong was not an ordinary person who could just be beaten up.

Ji Feng was naturally not afraid of beating him, but knew that the Wu family would definitely retaliate.

And his bitter smile is because of the words of Elder Tie, saying that he is more impulsive than his father, like grandfather and Elder Tie their generation that all came from the war years, do not know how many times through the gunfire, seen the blood and fire, naturally is more like him this approach, but in reality, Ji Feng heart is more like him.

But in reality, Ji Feng wished that he could be like his father, who was able to lift a heavy weight and solve problems with a smile, no matter how big the matter was!

It was only because he knew that his character might have inherited his mother's fierceness that he was a bit more impulsive than his father.

"Little monkey, beat up the Wu family's boy, you should be careful." Elder Tie, who had been laughing and listening to Elder Tie's teasing of Ji Feng and had not said much, spoke up, "If you beat up someone, then you have to be careful of their retaliation."

"Grandpa, I'm already prepared." Ji Feng laughed.

"It's good that you have this in mind." Elder Ji nodded slightly and said, "But be more conservative in your preparations, and never underestimate the hatred your enemies have for you! Just think about it, if it was you who was beaten, could you swallow this anger, would you retaliate, and if you were to retaliate, what would you do, think about this clearly and you will understand."

Ji Feng's heart suddenly flinched, that's true!

The old man had broken through the mystery in one breath! If you think about it, you will naturally know what to do, things are that simple!

Ji Feng couldn't help but nod his head and said, "Grandpa, I'll remember your words."

"Well!"

The old man nodded his head in satisfaction, then added, "But well, you did the right thing in this matter, well done!"

Ji Feng just froze.

He heard the old master say, "Some people, instead of putting their minds on how to build the country, are preoccupied with internal strife, and are consuming a lot of energy on this, which is already a bit off, and really need to be given a good beating, so that they can wake up and know what they should do most!"

Ji Feng then couldn't help but grin secretly, this is something only the old man is qualified to say, because to their extent, to say that selfishness is definitely still there, but the public heart is also a little bit not less!

"Last time, your father came to my place and said he was going to teach you a lesson." At this time, the old man suddenly said again.

"Ah?"

Ji Feng was stunned, "My father? Teach me a lesson?"

Campus Master Chapter 2612

"Last time your father came to my place and said he was ready to teach you a lesson." At this time, the old man suddenly said again.

"Huh?"

Ji Feng was stunned, "My father? Teach me a lesson?"

He was very strange, when his father talked to him last night, he didn't say that he wanted to teach him a lesson either, right?

The old man said with a smile, "Your father said that you are getting more and more lawless now, and you dare to kill people at will!"

When Ji Feng smiled, he couldn't help but freeze.

"In the past, when you were in the northeast, you killed people because you were in a hurry and those people deserved to be killed at that time, so that was fine, but this time when you went to Jiangsu and Zhejiang, you actually killed again, and your father was very angry when he found out." The old man said, "Little monkey, what do you think?"

In Ji Zhenhua's view, no matter what was going on, or whether those people deserved to be killed, Ji Feng himself did not have the power to enforce the law, but in the course of acting was daring to kill people, which was a crime in itself.

Although, those people were engaged in criminal activities, and if they were to be investigated and punished according to the law, they would be enough to be shot, but this should not be carried out by Ji Feng.

That was the biggest problem!

So when Ji Zhenhua found out, he had intended to teach Ji Feng a hard lesson, and as his son, although he said he hadn't done anything wrong outside, the killing alone wouldn't pass muster with him!

He respected the law the most and was upholding the majesty of the law as much as possible, but back home he had a son who had broken the law, what was this?

Ji Zhenhua naturally could not bear to see this, but how to deal with this matter, but still need to discuss with the old man, so Ji Zhenhua specially came to ask the old man's opinion.

When Ji Feng heard this, he could not help but smile bitterly.

Strictly speaking, it was true that he had gone a bit too far in this matter, although it was true that those people deserved to die, and to say that the crime was committed, many of them were shot ten times, but he himself was not a member of the special department, nor was he a law enforcement officer, and did not have the power to kill.

"Grandpa, this is something ..... I don't know what to say." Ji Feng shook his head.

"Oh, the little monkey also has a difficult time?" The old man burst out laughing, "This is really rare!"

"Old Chief, if you want me to say it, it's not a big deal at all, those people should be killed, then just kill them!" Old Master Tie Long, however, stood firmly on Ji Feng's side and said, "Think about it, if it was a few decades ago, I'm afraid that you yourself would not be able to resist taking action when you encountered such people, the little monkey is just young and impulsive, it's not a big mistake!"

The old man grunted and said, "Killing someone is not a big mistake?"

Old Master Tie, however, laughed heatedly, "That also depends on what kind of person one kills!"

"No matter what kind of person it is, as long as it's not self-defence, then it's not okay!" The old master said, "Little monkey, I'm asking you, what should you do according to yourself?"

"Grandpa, to be honest, unless I'm told to do nothing, I'm afraid this can't be avoided." Ji Feng said, quite frankly.

What he was going to do sometimes touched the sensitive nerves of quite a few people, some of whom wanted to stop him, and some ..... wanted his life!

Being in that environment, if he didn't kill someone, he would plant himself, or even die!

What's more, Ji Feng believed that he did not do anything wrong, even though it was against the law, but it was not against the morality in his heart.

Because, but all those people who came to stop him were certainly not clean people, he never took the initiative to provoke or even kill people, he usually just fought back ..... except for the dynasty!

For the dynasty's people, Ji Feng will definitely not be soft when he moves his hand!

"That's your answer?" The old man asked.

"..... Mm!"

Ji Feng nodded his head heavily.

The old man looked at him and suddenly laughed, "Little monkey, do you know what I told your father when he came to ask me?"

Ji Feng asked, "What did you say?"

The old man said, "I told him, "One will make all bones dry! Anyone who walks to the top has stepped on the bones of his enemies, and you, too, are no exception. The difference is that the corpses you step on are very often the ones your opponents send to your door themselves!"

Ji Feng smiled and froze once again.

He really didn't expect the old man to reply in this way.

"Little monkey, grandpa doesn't have a few years left to live, but there are too many injustices in the world, and you, too, should not forget what you once promised grandpa."

The old man patted Ji Feng's arm and said, "In grandpa's lifetime, I hope to really see you step on top of the world! At that moment, I believe it will also be our great China standing at the top of the world!"

Ji Feng's blood boiled in his heart as he listened, his emotions stirring.

Within ten years, the top of the world!

This was the promise he had made to the old man, and now, seeing the old man's already obvious old age, Ji Feng nodded heavily, "I haven't forgotten! Grandpa, I will definitely fulfil it!"

The old master nodded gratefully and said, "I hope I can see this day!"

"You will definitely be able to see it!" Ji Feng said.

"Kid, if your grandfather can really see that day, I'm afraid it will be his happiest moment!" Elder Tie said.

Ji Feng's chest stirred with hot blood and he nodded heavily.

He kept chatting with the old man for a long time, until his face showed fatigue and Aunt Hong came over to urge him on, then Ji Feng got up and left.

And as he was leaving, Ji Feng couldn't help but ask, "Grandpa, that murder thing ....."

Once Aunt Hong heard that, she couldn't help but frown and said, "Little Feng, you should be more careful when talking to the old head, don't talk about everything, the old head's body has a direct relationship with emotions ....."

“It’s okay!”

The old man waved his hand and said, “Little monkey, remember what you said today!”

Watching the old man being helped back to rest by Aunt Hong, Ji Feng froze for a while before he couldn’t help but shake his head and smile.

.....

While Ji Feng was chatting with the old man, the matter of him slapping Wu Zhiyong three times had almost gone crazy outside, especially in some specific circles, and many people were even meeting to discuss it.

With such powerful news, for many people this was hard to imagine.

However, there were some people who were originally close to the Wu family and Wu Zhiyong, but their faces were ugly after hearing this news, Ji Feng’s harshness and strength really frightened them.

Ji Feng even dared to smack Wu Zhiyong, let alone them.

This made many people who had offended or deliberately sought trouble with the children of the Ji family before, and they couldn’t help but feel anxious in their hearts.

The three slaps Ji Feng gave to Wu Zhiyong had shocked many people!

Bai Zhu drove a black Mercedes Benz business car, which was a car from Ji Shaojun’s company, and let Ji Feng use it in Yanjing for the time being, only that the traffic in Yanjing was really a bit poor, with enough horsepower but could not run, and could only move forward slowly.

It was not easy to pass the more congested section, Bai Zhu was finally slightly relieved, in that congested section, not only did you have to brake when driving a few meters, but there were also vehicles that added to the traffic from time to time, so you had to be careful at all times.

Now that he had finally reached a clear road, he could finally speed up.

However, at this moment, an extremely dangerous feeling suddenly came to mind, and Ji Feng frowned and immediately shouted, “Bai Zhu, be careful!”

Before the words even fell, Ji Feng had already leaned forward and pressed Bai Zhu’s head, pushing her aside.

“Boom~!”

A gunshot sounded from upstairs in the distance, and in the next moment, there was an additional bullet hole in the window of that car.

Bai Zhu reacted extremely quickly, without the slightest bit of fear, tilting her body to hold the steering wheel with one hand and slamming down on the accelerator, the car’s powerful acceleration ability was displayed to the fullest at this moment, only to hear the engine suddenly roar, the car rushed out abruptly!

“Stop at the side!” Ji Feng said loudly.

“Yes!”

As soon as the car stopped, Ji Feng immediately got out and dropped the words, “Lie down in the car and wait for me, don’t look up!” Then he ran wildly through the traffic in the direction where the gunshots came from.

Bai Zhu exclaimed, “Young Ji!”

Immediately afterwards, she pulled open the car door and also followed after him.

Ji Feng pushed the bio-current at full power, dodging the fast-moving traffic while speeding in the direction where the gunshots came from.

The sound of gunshots came from a building not far away, and Ji Feng vaguely saw a figure flashing on the roof of the building, but he was still in the car at the time, and the time was too short so he could not see it too clearly.

But there was no doubt that if the shooter wanted to escape, he would have to go downstairs, so he had to get there before the shooter left.

The building wasn’t far away, so Ji Feng quickly rushed over and realised that it was a hotel, and the floors weren’t very high, only six in total, so without saying a word, Ji Feng ran straight up the stairs.

However, when he reached the terrace at the top of the building, he found that it was empty and the gunman had already left.

Ji Feng took a few steps forward to the wall and saw some messy footprints on the ground and some other traces, while on the wall, it seemed that he could still find the marks of the shooting.

This was where that gunman had fired his gun!

Ji Feng stared around carefully for a while, but he didn’t find anything special.

“Young Ji!”

Bai Zhu ran over from behind with an anxious face and asked, “Are you alright?”

Ji Feng shook his head and said, “I’m fine, but the gunman ran away ..... By the way, which staircase did you come up from?”

Bai Zhu said, “From the other staircase! But didn’t see anyone suspicious either!”

Although her strength was a bit less than Ji Feng’s, but Bai Zhu’s battle sense and vision were very sharp, once she saw that Ji Feng took that staircase, she immediately looked for another staircase and went upstairs, all the way she was alert, but she didn’t see anyone suspicious.

Ji Feng narrowed his eyes, “It seems that the gunman has already run away!”

Campus Master Chapter 2613

Ji Feng stood on the terrace at the top of the building, his eyes fixed on the traces at the root of the wall, his eyes slightly narrowed.

Bai Zhu said in a cold voice, "Young Ji, I'll go down and search immediately, that gunman might not have run out of this building yet, maybe he's still inside the building ....."

"No need."

Ji Feng waved his hand and said, "You won't be able to find out."

When he came up just now Ji Feng noticed that this was a restaurant, there must be quite a few people inside and many rooms, even if the gunman was still in the building, it would be hard to find him if he hid anywhere at random.

Besides, the gunman is not stupid, since he has already run away, wouldn't he take advantage of the confusion and leave as soon as possible, and still stay here?

"Then should we call the police?!" Bai Zhu asked.

"No need!"

Ji Feng slowly shook his head and looked at the street below, which was already in a mess at this point, with people getting out of their cars to hide, others driving fast cars to try to leave, and still others unaware of the situation, so it caused no small amount of confusion.

He stared carefully for a while before he heard footsteps coming from behind.

Swish!

Immediately alert, Bai Zhu leaned behind the terrace door with a few steps, his eyes blazing, ready to strike.

But the person who came up was only a man in a hotel uniform, and when he came up he asked, "Hey, what are you doing? Why did you come up here?"

Ji Feng smiled and said, "Nothing, I'm going down!"

The man couldn't help but say, "It's dangerous up here, you're not allowed to come up without our permission, please leave as soon as possible!"

Ji Feng's gaze swept over the man's hands and found nothing unusual, he nodded and said, "We're leaving ....." Bai Zhu, let's go!"

Bai Zhu then came out from behind the door, the door of this terrace is a staircase directly up the same, to the entrance of the stairs is a white iron door, just blocking the entrance of the stairs.

Ji Feng deliberately looked at the lock on that iron door as he passed by, and found that there were obviously traces of being picked above the lock, and it didn't look like it should have been done by someone inside the hotel, because if one worked in this hotel, one would have had access to the key on this iron door.

Of course, it could not be ruled out that this was a deliberate attempt by the gunman to distract people from suspecting someone inside the hotel.

But no matter who actually did it, now since the other party had run away and left no obvious evidence, I'm afraid there was no way to investigate.

So, together with Bai Zhu, Ji Feng went downstairs under the suspicious eyes of the man.

When he came to the car, Ji Feng carefully stared at the bullet hole on that car window, thought about the location where the car had just passed, and looked up at the location where the gunman had fired above the restaurant, he couldn't help but frown slightly.

"Young Ji, what's wrong?" Bai Zhu saw the situation and couldn't help but ask a wary question.

"Nothing. Let's go back." Ji Feng said.

On the way back, Bai Zhu was alert and careful all the time and drove at a low speed, but until she got back home, there were no more accidents, which also made her breathe a sigh of relief.

Only, Ji Feng's heart was more or less puzzled.

That gunman ..... seemed a bit strange!

If the other party was coming for him, then after he got out of the car and left the cover of the car, the target became very obvious, and that was also the best time to strike.

But instead of making a move, the other party actually fled for some reason.

"Young Ji, did you hurt yourself somewhere?" Seeing that Ji Feng had been frowning slightly since the gunshot had been fired, Bai Zhu couldn't help but ask worriedly.

"I'm fine, don't you worry." Ji Feng smiled and squeezed her small hand, but felt that her hand was a little cold, it was obvious that she was very nervous just now, Ji Feng's heart was warm and knew that she was worried about her safety.

Although Ji Feng's heart was a bit strange, he did not intend to tell his parents about this matter, he did not want them to worry.

But before much time had passed, Ji Feng suddenly received a call from Ji Shaojun.

"Lao-san, did you get into any trouble?" Ji Shaojun asked.

"What's wrong?" Ji Feng was still a bit surprised.

"Just now I received a call from the traffic police department, saying that the car was seriously speeding and there were other serious violations, did you encounter any problems?" Ji Shaojun asked.

Ji Feng immediately understood what was going on, he said, "It's nothing, I'll just deal with it later."

Not long after hanging up Ji Shaojun's phone, Ji Feng suddenly received another phone call from his father, he immediately picked up the phone and heard his father ask, "Did you encounter something today?"

Ji Feng was stunned, "You know all about it?"

Ji Zhenhua said, "There are cameras all over the street, the police found the license plate number, it was Shaojun's car, I asked Shaojun and said that the car is now being used by you. Are you injured?"

Ji Feng nodded and said, "Well, I ran into a bit of trouble, but there's nothing serious."

"Be careful when you go out, some people are not right-minded and can do anything!" Ji Zhenhua said.

"I'll remember." Ji Feng nodded his head.

"I'll go back early in the evening, you shouldn't go anywhere at home." Ji Zhenhua said, "If any police come to investigate, you have to cooperate."

Ji Feng nodded and said, "I know."

After thinking about it, Ji Feng still kept his doubts to himself, after all, it was just a feeling he had that something was strange, but that was all.

Soon afterwards, a police officer did come to his door to investigate, so Ji Feng gave a truthful account of the whole thing. As for the police asking if he suspected anyone, or if there were any enemies who wanted to put him to death, Ji Feng was silent for a moment, then shook his head.

"No?" A policeman asked.

"Yes, I don't know." Ji Feng said.

There were definitely many people who wanted to kill him, but there was no way for him to tell who actually did it this time.

However, after this matter got out, it was seen by many people as a revenge action taken by Wu Zhiyong, which could be seen from that gunman's swift movements and his accurate grasp of Ji Feng's whereabouts. Only a family with great strength like the Wu family could find Ji Feng at any time and could send such a powerful gunman!

Some people even said that the gunman was probably one of the Wu family's guards, who had undergone special training and was naturally capable of extraordinary things!

In this regard, Ji Feng had no way to judge, nor could he draw a conclusion.

However, this annoyed some heavyweights of the Ji family. The assassination of Ji Feng was undoubtedly a serious provocation to the Ji family, especially when it was related to the Wu family and Wu Zhiyong.

A senior cadre of the police system, and a very distinctive cadre of the Ji family's lineage, could not help but declare at the meeting that there was a clear trend of rising criminal activities in Yanjing recently, and that some people who thought they had some background and some status did not put the police in their eyes and did whatever they wanted to do, completely unscrupulous, such people must be cracked down on severely, and if one was found, one would be dealt with, never softly!

There is no doubt that this is the voice raised against the Wu family.

The person with the background and status is obviously the one who was slapped three times by Ji Feng, Wu Zhiyong.

.....

“Zhiyong, the matter of Ji Feng being shot, was it you who did it or not?!”

Wu family, Wu Zhengmin called Wu Zhiyong to him with an iron face and asked in a deep voice: “Or is it related to you!?”

Wu Zhiyong was extremely stifled in his heart and said in a stifled voice, “It has nothing to do with me!”

“Really?!”

Wu Zhengxiang, however, looked at him suspiciously and said, “Zhiyong, now this is all our own family here, if you really did it, just admit it so that your father and I can be psychologically prepared .....”

Wu Zhiyong gritted his teeth, “It has nothing to do with me!”

“You’re a child .....”

Wu Zhengxiang then couldn’t help but shake his head and said, “You still don’t admit it even now? You just got beaten up, and then Ji Feng got shot when you turned around, do you think there are such coincidences in this world? Zhiyong, you’ve admitted to doing it so many times before, why are you afraid to admit it now?”

Wu Zhiyong said, “I didn’t do it, why should I admit it!”

Wu Zhengxiang then looked at Wu Zhengmin and said, “Big brother, look at this matter .....”

“Since Zhiyong said so, I believe it should have nothing to do with him!” Wu Zhengmin said, “If it was really Zhiyong’s doing, he would have admitted it before, and he will likewise admit it now.”

“Big brother, you should stop defending him, look at what he’s doing now, where’s half the demeanour of a third generation leader!” Wu Zhengxiang shook his head, then without waiting for Wu Zhengmin to speak he stood up and said, “I think ah, this matter will be counted on our heads by the Ji family too, just wait .....”

After saying that, he directly left.

Wu Zhengmin then couldn’t help but narrow his eyes a little.

It seems to verify Wu Zhengxiang’s words, in the next few days, the Ji family lineage’s counterattack is steeply much stronger, the Wu family is losing ground, even in the centre have a senior officer retired to the second line, but, the Ji family’s offensive has not slowed down in the slightest.

Not long after, however, a heavy news suddenly came out.

It was said that the old man of the Wu family, who had not been in very good health and had not shown his face for a long time, had made a public appearance.

And as soon as he made his public appearance, he went straight to the Central Committee.

Although the Martial Family has been overwhelmed by the Ji Family’s strong attack, the Martial Family’s senior is one of the few remaining old men in the whole of China.

He had also come from the war years, and was also an old generation of generals with great war achievements, and an old man with high prestige.

Even in comparison, he is only slightly inferior to the old man of the Ji family, and also has a very powerful influence and weathervane role!

So, at this moment, I don't know how many people were speculating what the old man of the Wu family was doing this time when he was pushed by the special caretaker in a wheelchair to the Central Committee!

Campus Master Chapter 2614

Ji Feng couldn't help but be a little surprised when he heard the news.

In fact, he understood more than many people what the appearance of the old man of the Wu family actually meant. This was because he could clearly feel from his grandfather's body the kind of aura of a thousand armies killing each other, and he was also very clear about what kind of influence old men like them actually had at the top.

It was no exaggeration to say that their every move could even affect the situation in the whole of China.

Although the Wu family's grandfather is a little bit lower in level than his own grandfather, he is not too far behind, after all, they are both geniuses who came from that era and are now the only surviving elderly people, so the senior management naturally attaches great importance to them.

Therefore, if the old man of the Wu family wants to do something, I am afraid that no one can really resist.

Not even Ji Zhenhua!

This was the power of these old men!

Ji Feng called his father first, but Ji Zhenhua didn't look very nervous, he just said, "You stay at home with your mother at ease, don't ask much about other things."

Hearing these words, Ji Feng was then slightly relieved, it looked like his father had already been mentally prepared.

It's just that .....

What exactly was the old man of the Wu family going to do when he went to the central hub?

Not only was Ji Feng observing, almost everyone was paying attention, even since the old man of the Wu family had just entered the central hub, the news had spread everywhere and all the major factions had received the news.

Under everyone's attention, the Wu family's senior had stayed in the red-walled compound of the Hub for about an hour or so before he left. However, nothing much news came out afterwards, except that we heard that Head No. 1 personally came out to have a meeting with the senior member of the Wu family, but no one knew what exactly was discussed.

Many people were paying close attention and watching nervously, but what was strange was that a few days had passed and still no news came out, no one knew what exactly the Wu family's senior had gone to the Central Committee to do.

Ji Feng also asked his father, but the answer he got was just a slight shake of his head from his father and nothing was said.

Ji Feng wanted to go to the courtyard to ask the old man, but seeing that his father was not even in much of a hurry, he had to wait patiently. He was sure that the old man of the Wu family would not have come out for some air because he had been a bit stuffy at home after being bedridden for a long time.

While waiting for news, the Ji family's actions did not stop. Now is the best time to strike back, and it is obvious that the Wu family can no longer carry the load, so if we don't take advantage of this time, it would be too much to grasp the opportunity.

One by one, the senior members of the Wu family have either fallen or been transferred out of their original jobs. It can be said that the Wu family has suffered a major crisis and has been hit hard.

Also badly hit was the southeast Minfu lineage, who originally had no grievances with the Ji family and had no overly obvious differences in their political stances, but had previously joined forces with the Wu family and the Jiangzhe lineage for the sake of profit and launched an attack on the Ji family.

Now that the Ji family had stabilised its position, it was naturally impossible to pretend that nothing had happened, and what was done must always be repaid!

What's more, it wasn't just the Ji family line that attacked now, there were other factions that also saw the situation and, like sharks that smelled something fishy, began to surround the Wu family and the Minfu line.

Although some factions do not have the strength to fight the Wu Clan head-on, they are able to nibble away at the interests of the Wu Clan in their neighbourhood.

The Martial Family had spread out too much before, and now that they are suddenly in crisis, they are naturally unable to hold on to all their territories.

The situation was becoming more and more unfavourable for the Wu family and the Minfu lineage.

Finally, after a few more days, the outside world suddenly broke the news of a heavyweight.

The eldest son of the Wu family, Wu Zhengmin, was actually retiring to the second line!

This news immediately shook the whole of Yanjing, causing people to be extraordinarily astonished. He was still in his rightful years, and he was even able to compete with Ji Zhenhua, how come he suddenly collapsed now?

What had gone wrong in the middle?

Everyone was in disbelief, as the news was so sudden that many people could not believe it for a while.

But before anyone could react, there was suddenly news that Wu Zhengxiang, the second oldest member of the Wu family, had been promoted another level in the ministry and had been transferred to the ministry where Wu Zhengmin had originally been. Obviously, this was in preparation for taking over Wu Zhengmin's position!

This time, immediately, some people saw what was going on.

The Wu family is giving up on Wu Zhengmin and replacing him with Wu Zhengxiang, who is still short of reaching his original height.

It's one thing to understand, but it's another thing to understand.

Although Wu Zhengmin is now said to have fallen into underestimation, but after all, his status and position is there, and his ability is extraordinary, in addition, is the head of the Wu family, such a person, how can the Wu family say give up just give up?

As for Wu Zhengxiang .....

But then came the news, and everyone was relieved.

After the news of Wu Zhengmin's transfer, Head No. 1 personally went to the quadrangle on East Sixth Street to talk with the Ji family's old man for half an afternoon, and it was said that when No. 1 left, the look on his face was much more relaxed.

Subsequently, people with a heart noticed that the Ji family's counterattack was not as harsh as before, and the pressure on some officials of the Wu family line was much lessened.

At this time many thoughtful people understood.

The Wu family, in exchange for giving up Wu Zhengmin, had stopped the Ji family's attacks.

In other words .....

The Wu family, bowed to the Ji family!

For this reason, they even lost Wu Zhengmin, which shocked many people!

The Ji family's attack was so severe that it caused Wu Zhengmin to be unable to carry it and could only retreat to the second line in disgrace, and even had to have the old man of the Wu family personally go out and say so.

This news really made many people almost jump in shock.

Even the Martial Family couldn't carry the Ji Family's attack, so who else could carry it?

The Ji Family's might was truly unmatched!

However, there were also some people who couldn't help but feel a sense of sadness. Wu Zhengmin was also an extraordinary figure, and although he had started at a higher level than Ji Zhenhua back then, he had also come up one step at a time over the years, and was even regarded by many as Ji Zhenhua's arch-enemy and one of his strong rivals to reach the pinnacle of his position.

However, who would have thought that in this fierce and great game initiated by the Wu family, after a tragic fight between the two sides, in the end, not only did Ji Zhenhua resist the Wu family's attack, he even struck back, forcing the Wu family to actually have to give up Wu Zhengmin.

This is truly shocking!

Equally shocking was the series of manoeuvres of the Wu Family.

The old man of the Wu family personally stepped in, but the secrecy was at the highest level, and even before this outsiders surprisingly did not even receive the slightest news.

The news only came out after Wu Zhengxiang's job transfer was completed, which shows how beautiful the Wu family's old man's hand was.

The family's old man is still in charge, so it's impossible for anyone to reverse the situation.

The Wu family, played a strong hand to break their wrist!

The loss of Wu Zhengmin is not an insignificant loss, it is not too much to say that it is a heavy blow, but the old man of the Wu family has personally stepped in to ensure that the Wu family will not fall completely, after all, there is still Wu Zhengxiang around.

The Ji family, on the other hand, naturally won a big victory. The interests of the Wu family were very much swallowed up by the Ji family, and coupled with the nibbling of other factions, the status of the Wu family has now dropped drastically, and it can almost be said that it has been reduced to a second-rate family.

Although the old man is still alive and well, the Wu family has not yet fallen to a true second-rate status, but I am afraid that the old man's health has reached the point of exhaustion, and once the old man dies, the status of the Wu family will definitely fall again.

It can be said that the Wu family's vitality has been greatly damaged!

At this point, it can be said that the big picture has been decided!

The Martial Family's vitality has been greatly injured, and the Ji Family ..... is as strong as ever!

Some people say that this time, the Wu family's old man stepping forward has actually marked the beginning of the fall of the Wu family, because from the beginning of this great game until now, the Ji family's old man, not to mention stepping forward, has not even said a word, it is entirely the three brothers of Ji Zhenhua leading the great generals of the Ji family's lineage who are holding it up.

But after a fierce fight, they have forced the old man of the Wu family to step in.

From this aspect, the Wu family is almost useless, while the Ji family, on the other hand, are all elite soldiers and strong generals, so it is clear which is weaker and which is stronger!

Once the Wu family bowed down, only the Minfu family would be left to support them, but in the face of the rising Ji family and other shark-like factions, Minfu, as a local faction, would not be able to support them.

So soon afterwards, another bigwig in the centre retired to the second line, and Minfu's lineage was also badly hit, and its vitality was greatly damaged.

Although the Ji family's counter-attack has stopped, the other factions have not yet finished eating away at it, and without the backing of the top-level bigwigs, how long can the Minfu family last?

The curtain has finally come down on what was a treacherous game, and although there will be a series of clashes and compromises to follow, the big picture is already set and no one can change it!

In this game, Ji Feng played the role of a lever, finding an entry point to pry the whole situation.

Ji Zhenhua's power was unparalleled for a while, and Ji Feng, equally dazzling!

The Wu family's father and son, Wu Zhengmin was abandoned and retired to the second line, which is practically the same as announcing the end of his political life, while Wu Zhiyong, was fiercely slapped three times by Ji Feng, and his face was swept away!

Campus Master Chapter 2615

The curtain finally came down on this great game, which was spearheaded by the Martial Family.

In the end, it was the Wu family and the other two families that were defeated!

The Wu family's reputation has been greatly diminished by the retreat of Wu Zhengmin, not to mention the losses they have suffered.

The Minfu family also suffered badly. Without the distant support of the Wu family and the Jiangzhe family, the Minfu family alone could not support them and was also badly hurt.

The Ji family, which had won a huge victory in this game, was as strong as ever!

When things came to a head, Ji Feng was finally at ease. From the very beginning, when he knew that someone was trying to fish in troubled waters and his father was under great pressure, he wondered if he could do something about it.

That was why he had only gone into Jiangsu and Zhejiang, looking for an opportunity to break the situation.

Now, he had done it.

After all, his second brother Ji Shaolei's wedding was coming up, so he naturally had to go back and help out at this time.

"Young Ji, is this matter really just going to be forgotten?" Bai Zhu couldn't help but ask.

"What else can we do?" Ji Feng asked.

"Can ....."

Bai Zhu's eyebrows knitted slightly and said, "The other party wouldn't shoot you for no reason, right? This must be someone who wants you dead, aren't we going to continue to pursue this?"

Knowing that Ji Feng was going back to Jiangzhou, and that he was not going to continue to pursue the shooting incident, Bai Zhu was a little hesitant.

Yanjing was not far from Jiangzhou, and since this gunman was able to openly lay his hands on Ji Feng in Yanjing, where the security conditions were so outstanding, wouldn't he be a potential threat as well when he arrived in Jiangzhou?

Bai Zhu wanted to pull this threat out!

Ji Feng shook his head, "It's not that I don't want to investigate, but I simply can't. Even the police don't have any clues right now, so how can we investigate?"

The scene of the shooting that day was located on the roof terrace of a restaurant, but because there were no tall buildings nearby, the police could not find any witnesses at that time.

Ji Feng also went up to see the scene, but apart from a few footprints and some other traces left there, there were no useful clues.

In fact, after the shooting occurred, young uncle Ji Zhenping sent professionals to investigate, and even secretly checked all the hotel staff, and even included everyone who entered and left the restaurant at that time of day, but again, no results were found.

So Ji Feng suspected that the other party was definitely an expert, very good at this, and that it was almost impossible to find out just with a single shot.

"But ....."

Bai Zhu hesitantly said, "What if that gunman chased him to Jiangzhou?"

Ji Feng laughed: "There are many people who want my life, haven't there been many assassinations against me in Jiangzhou?"

Seeing that Bai Zhu was still a bit sad, Ji Feng smiled and pinched her cheeks, laughing, "Well, don't think about it so much, there might be many more such things in the future, learn to get used to it!"

Bai Zhu pursed her lips and didn't say anything.

In fact, she had gotten used to it long ago, when she was drifting alone in the past, she had seen and experienced all kinds of things. It was just that now that things were placed on Ji Feng's shoulders, she was a little worried.

"Young Ji, do you think that this could be done by Wu Zhiyong?" Bai Zhu suddenly asked.

"Why do you say that?" Ji Feng asked.

"It's too much of a coincidence that you just beat up Wu Zhiyong and then you were shot at!" Bai Zhu said, "Moreover, the way Wu Zhiyong looked at you was very spiteful."

Ji Feng smiled, "Maybe, but what can we do now that we have no evidence?"

It wasn't that Ji Feng didn't suspect Wu Zhiyong, if it were himself, he would have likewise fought back, but he thought about it and felt that it wasn't very likely. Because if Wu Zhiyong really wanted to vent his anger, then he certainly wouldn't have just let someone fire a single shot and be done with it.

All in all, it was an odd shot to fire .....!

But no matter how suspicious it is, there is no evidence or clues right now, so we can only put this down for now.

"Let's go, Shaojun is still waiting."

Ji Shaolei was getting married, and of course, Ji Shaojun and the rest of them had to attend. Only, this time Ji Shaolei's this wedding is held is a bit of trouble, because Ji Shaolei in Jiangzhou work, there are many friends, so this wedding if only in Yanjing, Jiangzhou side of the friends will inevitably be left out.

But because Ji Zhenguo in Jiangzhou, to avoid suspicion, so finally Ji Shaolei decided, in Jiangzhou is only a small event, including some of his father's colleagues and his own friends and partners. When he returns to Yanjing, he will have a formal event, and at that time, what to do is not something he can do, his family will naturally make arrangements for him!

Therefore, now Ji Feng has to go to Jiangzhou first, and then come back to Yanjing after Jiangzhou is finished.

When Ji Feng brought Bai Zhu downstairs, Ji Shaojun was already downstairs starting the car and waiting for them.

"Hm?!"

However, Ji Feng was just about to get into the car when he abruptly frowned slightly, he had a feeling that he was being watched.

Bai Zhu immediately asked, "Young Ji, what's wrong?"

Ji Feng said, "Someone is spying on us!"

Bai Zhu sniffed extremely keenly and did not immediately look around, but pretended as if nothing was wrong and asked in a low voice, "I'll go check it out!"

Ji Feng shook his head and said, "The other side is a bit far away, you can easily expose the target by walking over ..... to the car first!"

Bai Zhu nodded and sat in the passenger seat.

"Shaojun, I'll drive!" Ji Feng said.

"You're not familiar with the roads in Yanjing, it's better for me to drive ....." Ji Shaojun still didn't know what was happening and thought Ji Feng was being polite to him.

Ji Feng said, "I still have something to do, you go sit in the back!"

Ji Shaojun didn't insist, nodding and saying, "Alright then, if you're tired then I'll drive instead!"

This time they went to Jiangzhou and did not take a plane for convenience, but drove themselves.

Ji Feng sat in the driver's seat and briefly operated the car a few times, and when he was familiar with it, he immediately raised the window glass, and then, through the window, he looked towards the right.

In that direction, about three to four hundred metres away, there was a silver-grey car parked with its windows also raised, the dark-coloured film making it impossible to see the situation inside.

But Ji Feng knew that the feeling that he was being watched was coming from this direction.

And the only thing suspicious over there was this silver-grey car.

"Shaojun, do you have any friends at the police station?" Ji Feng asked.

"A few friends, what's up?" Ji Shaojun asked.

"Help me check a license plate number!"

Ji Feng said, "Better check it in detail, including whose name the car is listed under, whether it has had any accidents, etc., check it all out!"

Ji Shaojun didn't doubt it and immediately nodded and said, "Okay, it's not hard to do, just say the license plate number, I'll send it to my friend!"

Ji Feng said, "I want to know the result in the shortest possible time, preferably, within these few minutes!"

"So urgent?!"

Ji Shaojun was stunned, "I'll try to rush him ....."

Ji Feng nodded and sat patiently in the car waiting, while Bai Zhu was wary, there had been a shooting incident just once before, she was worried that the other party was still here to assassinate Ji Feng this time.

"Shaojun, do you have binoculars?" Ji Feng suddenly asked.

"Binoculars?"

Ji Shaojun froze slightly, then shook his head and laughed, "It's not like I'm in college, how can I have that."

Ji Feng couldn't help but smile and nodded, so he didn't say anything else. It was just that his eyes were staring at the silver-grey car on the right.

That car was too far away, Ji Feng's vision couldn't reach that distance, and even though he pushed the bio-current, he couldn't see through the situation in the other car.

"Checked it out!"

After about ten minutes or so, Ji Shaojun finally found out the information of that car and said, "Lao San, this car is Shao Wen's ..... It's really a coincidence, this bastard has already gone in, how come his car is still here?"

"Shao Wen?"

Ji Feng couldn't help but frown and immediately remembered this person and asked, "You're talking about the traffic police brigade chief?"

Ji Shaojun nodded, "That's him! But wasn't this son of a bitch arrested last time and sentenced, how come his car is still running around now? Did someone bail him out? No, I have to go down and take a look ....."

"Don't be in a hurry!"

Ji Feng said in a deep voice: "Let's take a look first."

Shao Wen, a traffic police brigade chief in Yanjing, had once been in cahoots with the business sector and impounded the car that Qin Shujie's company was bringing in, and this person was arrogant on account of the Wu family's connections, and even later moved out Wu Zhicheng, the son of Wu Zhengxin, the third oldest member of the Wu family.

But in the end, he was found guilty and sent to prison.

At that time, Wu Zhengxin, the third oldest member of the Wu family, was also sent to jail because his son, Wu Zhicheng, was slapped by Ji Feng in this incident and became furious and wanted to take personal action against Ji Feng, but ended up falling on his face in this matter.

By all rights, Wu Zhengxin was sentenced, this Shao Wen naturally had no reason to come out, then his car .....

"Buzz~!"

Ji Feng suddenly started the car and said, "You guys sit tight!"

He was going to see who exactly was sitting in this car and why he came here to spy on him.

However, Ji Feng did not drive directly towards that car, but drove forward along the road, while he stared at the rear view mirror, after making sure that the other party was not following him, he started to accelerate, then turned at the intersection in front of him, then turned again, circled around, and finally, they appeared behind that silver grey sedan.

Ji Feng slammed on the accelerator and accelerated from behind towards the silver-grey sedan.

"Buzz~!"

"Zee-!"

However, at this moment, the silver grey car suddenly started up, then accelerated and turned in violently towards a small alley next to it.

Ji Feng secretly coldly snorted, without saying a word he directly followed it, he wanted to see, who was in this car!

Campus Master Chapter 2616

"Buzz~"

The engine roared sharply, Ji Feng slammed on the accelerator, and the two cars sped past one after the other.

The silver grey car in front of him fled frantically, if it was Bai Zhu or Ji Shaojun driving, they might not really be able to catch up, but Ji Feng had expected this situation, he came to drive, the speed of the car was almost at his limit in an instant, in just a moment's time, he was no more than seven or eight meters away from the car in front of him.

However, the alley was not wide, so Ji Feng could not overtake the car, so he could only slam the accelerator and hit it directly.

"Boom!"

The car in front of him shook violently, because the impact was too hard, only to see the silver-grey car steeply deviated in direction and suddenly crashed towards the left wall.

At the same time, Ji Feng suddenly braked sharply, the steering wheel hit hard at the same time, and the business car swayed slightly and came to a steady stop.

"You guys wait in the car!"

Ji Feng dropped these words and then got out of the car and ran towards the silver-grey sedan.

He took three or two steps to the silver-gray sedan and saw that the airbag of the sedan had popped out and a person's head was buried inside.

It was a young man in his twenties with a lock of yellow hair dyed on his head. He seemed a bit confused by the impact and blinked hard before he reacted and shouted: "Who are you? What are you doing? Help!"

Ji Feng narrowed his eyes and asked in a cold voice, "And who are you and why are you spying on me?!"

The young man struggled and yelled, "Who the hell is spying on you, is this road built by your family? I can't walk here, huh?!"

Ji Feng stared at him, looked at him for a moment, then let go of his hand.

"Humph!"

The young man was very annoyed and roared, "You wait, hit my car for no reason, wait until you go to jail!"

As he spoke, the man had already started to fumble for his mobile phone from his pocket to call the police.

Ji Feng ignored the man's threat and just stared at him for a while, before taking two steps back and then looking around.

By this time, there were already quite a few people around who had heard the commotion and were watching nearby.

The Chinese people's habit of watching is the same whether it is in Yanjing or any other place, and in just a moment's time, many people had already gathered around this area.

Ji Feng's gaze swept over these crowds and suddenly his brow furrowed as he saw a familiar face .....

In the crowd, there was a person standing slightly outside, but positioned a bit higher than the crowd of onlookers, at this time, seeing Ji Feng looking over, he smiled slightly and nodded at Ji Feng, seemingly in salute!

Wang Wengao!

Ji Feng's eyes narrowed slightly, this person standing outside the crowd of onlookers, was Wang Wengao!

Ji Feng immediately turned his head to look at the young man who was on the phone while still cursing, then turned his head to look at Wang Wengao and suddenly shook his head and smiled.

Without saying a word, he walked directly towards Wang Wengao.

"Hey! You don't want to run, the police will be here soon, you're not going anywhere!" When the young man saw that Ji Feng was leaving, he immediately caught up with him in three or two steps, grabbed him by the arm and said loudly, "I'm telling you, you hit my car for no reason, you're committing murder! You won't get away with it today!"

Ji Feng said indifferently, "Are you sure this is your car?"

The young man choked: "..... You don't care whose car it is! Now that I'm driving it, it's mine!"

Ji Feng said, "Whatever. But are you going to let go of me now!"

The young man immediately said, "What if I let go of you and you run away? Don't even think about it, I'm telling you, if you try to kill me, I won't let you go, just wait until you go to jail!"

Ji Feng frowned and said in a deep voice: "Even if I want to go to jail, that should be counted when the police come! Now, you'd better let go of me!"

"I won't let go, what can you do to me?!" The young man said angrily, "If you have the guts to kill me right now in front of all these people!"

"Let go!" Ji Feng suddenly shouted lowly, the young man only felt a sudden chill come over him, and he subconsciously let go of his hand.

"Wait here!" Ji Feng said indifferently, and then he walked over in the direction of Wang Wengao.

When the crowd of onlookers saw him walking over, they didn't know what he was up to and were afraid that he would do something crazy, so they all hurriedly moved out of the way.

Ji Feng walked smoothly in front of Wang Wengao, only to find him standing on a step, looking at himself with a smile.

"Mr. Wang? Why are you here?" Ji Feng asked indifferently.

"Hehe!"

Wang Wengao, however, laughed and pointed at the young man in the crowd and said, "I think that young man has a very correct statement."

Ji Feng raised his eyebrows and waited for him to say the rest.

Wang Wengao said, "Did your family build this road? Can't I be here?"

"..... Heh!"

Ji Feng faintly froze at his words, then he suddenly shook his head and laughed, "That's right, this road is indeed not repaired by my family. However, I'm still curious, what is Mr. Wang doing here?"

Wang Wengao said, "Just watching the fun."

Ji Feng frowned, "It seems that Mr. Wang is still quite interested? So idle?"

Wang Wengao stretched his hands and said, "I can't help it, I'm just an idle person now! Young Master Ji, to be honest, ever since my wife's family had an accident, my work has been affected to a certain extent, and then, you arrested my wife, so I lost my job and became a jobless person ....."

"Mr. Wang!"

Ji Feng suddenly raised his voice a few notches, interrupted Wang Wengao and said, "I think you're mistaken, first of all, whether your job was affected or not, it has nothing half to do with me. Secondly, I didn't arrest Qiao Rong either, but the government department did, because Qiao Rong broke the law, and it is reasonable for her to be arrested!"

Wang Wengao smiled, "So, I didn't say she was wrongly accused either!"

Ji Feng pulled at the corner of his mouth and said, "Mr. Wang, do you know that person?"

Wang Wengao shook his head and smiled, "I'm really sorry, I don't really know him, in fact, this question shouldn't come to me, Young Master Ji, you should ask yourself."

Ji Feng asked, "How do you say this?"

Wang Wengao said, "Didn't you hear that young man say that you were the one who tried to murder him, if you didn't know him or just met him in passing, why did you hit his car like crazy?"

Ji Feng smiled at his words and asked, "So, Mr. Wang saw the whole thing?"

Wang Wengao said, "Sort of. But you can rest assured that I definitely won't come out to testify, I'm not a person who likes to meddle in things!"

At this time, the young man was staring warily at Ji Feng while still on the phone at the same time.

Bai Zhu and Ji Shaojun had also both gotten off the car and were walking quickly towards this side, "Lao San, what's going on? What kind of people are all these?"

Wang Wengao turned around and was about to leave.

"Mr. Wang!"

Ji Feng immediately called out to him and said, "You're leaving now?"

Wang Wengao turned around, smiled at him and said, "If I don't leave now, does Young Master Ji still want me to come out and testify that it was indeed you who drove madly and hit that young man's car? That testimony is very damaging to you!"

Ji Feng smiled and said, "That's your freedom! However, I called you because I have another question."

"Sorry, I have other things to do, I'm afraid I can't answer your question!" Wang Wengao said, and then he was about to leave.

"What, Mr. Wang doesn't even want to listen to what I'm going to ask?" Ji Feng asked.

Wang Wengao didn't even turn his head back and just dropped a sentence, "I don't want to!"

After that, Wang Wengao left with big strides, then turned right at an alley in front of him and disappeared.

The corner of Ji Feng's mouth tugged as he stared at the place where his back disappeared.

"Young Ji!"

"Lao-san!"

At this time Bai Zhu and Ji Shaojun also walked over, "Lao San, what the hell is going on? How ....."

Ji Feng waved his hand and said, "Nothing, maybe I misunderstood!"

The police are going to arrive, so Ji Shaojun had to say, "I'm going to make a phone call!"

Obviously, I'm afraid it's going to take some work to settle this matter.

After the police arrived, they quickly qualified the matter as a traffic accident, as to why Ji Feng was chasing the silver-gray car, when the police asked, Ji Feng casually found an excuse to put it off, the police knew that what he said was probably false, but there was nothing they could do.

The police have their own judgement, and the marks on the ground can also explain the problem.

So the young man in the silver-grey car accused Ji Feng of trying to murder him, a claim that was also dismissed by the police.

What happened next was relatively simple, as the main responsibility this time was on Ji Feng's side, so he directly took out his cheque book and wrote a cheque to the police, asking them to pass it on to the young man. Once the policeman took a look at the figures on the cheque, he didn't say anything.

The compensation given by Ji Feng, not to mention having the car overhauled once, could have been enough to buy a new one with a little more money, which was sincere enough!

As for Ji Shaojun's Mercedes-Benz business car, the engine cover was bumped up, the car can't be driven on the highway for the time being, so Ji Shaojun had to call for another car, also a big Ben, but this time it was an off-road vehicle.

"Originally thought long-distance ride in a commercial car will be more comfortable, now it seems to have to drive these two off-road vehicles to go!" Ji Shaojun shook his head helplessly, he really didn't know why Ji Feng would suddenly hit someone else's car.

However, Bai Zhu understood what was going on, she asked in a low voice: “Ji Shao, is there something wrong with that person .....?”

Campus Master Chapter 2617

Ji Feng looked back at the young man driving the silver grey car, slowly nodded and said, “Things are a bit too coincidental!”

This silver-gray car is Shao Wen’s, the owner has been sentenced, his car will still be driven to appear here, this aside, the key is that after this silver-gray car was stopped by him, Wang Wengao surprisingly also appeared in the crowd of onlookers.

..... All this is really too coincidental!

The first thing you need to do is to get a good idea of what you are getting into.

The car, which was Shao Wen’s car that he had once crossed paths with, and whose owner Shao Wen had already been sentenced for corruption, its origin was still because of him.

The person, however, was Wang Wengao, the son-in-law of the Qiao family!

Ji Feng slowly shook his head, the grudge between him and the Qiao family that was really too much – that’s why he felt even more strange, what was Wang Wengao doing here? Why would he come over to watch the fun for no reason?

And the young man in the silver grey car, what was he doing parked on the side of the road to spy on him earlier?

These questions might be just a little suspicious if you think about them separately, but if you think about them together back and forth, they seem very suspicious.

Ji Feng got into the Mercedes SUV, but did not rush to leave, instead he took out his mobile phone and called Ji Zhenping.

“Little Uncle, it’s me ..... I met Wang Wengao today!” Ji Feng said.

“You wait a moment.” There seemed to be some noise on Ji Zhenping’s side, and a moment later, the noise faded away, “Little Feng, where did you meet him?”

“Just two blocks away from our neighborhood, we were going to go back to Jiangzhou today, but when we were going out, I sensed that someone seemed to be watching us .....” He quickly told the story, especially focusing on the timing about Wang Wengao’s appearance, the The information about the silver grey car was already there.

The first thing you need to do is to get a good idea of what you’re doing. They dare to spy on anyone!”

He was furious.

His elder brother, Ji Zhenhua, lived in that neighborhood, so if this Wang Wengao really wanted to do something, or if the person driving the silver-gray car had bad intentions, this was undoubtedly a huge threat.

“You don’t have to care about this matter, I’ll handle it!” Ji Zhenping said.

If this were an ordinary car accident, it would be fine, but now since there was a potential threat, Ji Zhenping naturally had to take care of it.

“Little Uncle, I think it’s better not to alarm them first, first we need to find out the identity of that young man, I think you’d better send someone to follow him .....” said Ji Feng.

“Alright, you don’t need to care!” Ji Zhenping said. He naturally had a good idea of what to do, and he was more experienced than Ji Feng in dealing with these matters.

After hanging up the phone, Ji Feng said in a deep voice, “Let’s go.”

Ji Shaojun nodded his head and slowly drove the car.

Ji Feng looked out of the car again, the two cars involved in the accident had already been towed away by the tow truck sent by the police, the young man had also gotten into a police car, he still had to go to the police station to do some formalities.

He had to go to the police station to do some formalities. Raising his hand to look at the time, Ji Feng couldn’t help but secretly frown, it was already late, otherwise, he would really want to follow the police car to the police station to see what this guy was all about!

He could only go to Jiangzhou now, his second brother’s wedding was getting closer and closer, he still had a lot of things to do, and, most importantly, he had to go to Jinling to pick up Li Yueqin and his sister Li Yantong.

“Shaojun, let’s go!”

Finally, Ji Feng still did not follow.

.....

Police station.

The driver of the silver grey car finished all the formalities and walked out of the police station gate with a somewhat downcast look, the car he was driving had been hit a bit badly, even if he sent it to be repaired it was not something that could be repaired in a day or two, so now he had to take a taxi back.

“Tick tock!”

At this moment, not far away suddenly came the sound of a car horn, he immediately turned his head to look, and saw a black SUV headlights flashing twice, he hesitated for a moment, raised his legs and walked over.

The car was a little high and the colour of the film was very dark. The young man was a little hesitant and leaned in very close before he could get a good look inside.

He stretched his head and leaned his face against the window, trying to get a good look inside, wondering if the person in the car had just called out to him.

However, when he could see inside, he found that what was in front of him was a dark object.

When he could see what the black object was, he was sweating and scared to death – it was a black gun pointing at him from the car.

“Poof!” There was a muffled sound and all that could be seen was a splash of blood rising from the young man’s head, while there was just one more small hole in the car window.

The muffler muffled the sound of the gunshot to a minimum, the car door opened, and one hand held the young man against a nearby stone pillar, causing the young man’s body to twitch slightly but making so little noise that no one even noticed that someone had been shot near the police station.

“Useless trash, can’t even do something right and expose your identity instead!”

Inside the car, a low cursing voice came, a ghostly voice, but it was impossible to tell whether it was a man or a woman.

The young man was already out of breath at this point, only his body was instinctively still twitching slightly, and his eyes were wide open, with a strong look of panic in them!

“Buzz!”

With a roar of the engine, the SUV left the police station in the opposite direction, and as it turned into the main road and merged into the rolling traffic, it soon disappeared without a trace.

At the scene, there was only the young man sitting limply at the base of a stone pillar, his arms and head drooping as if he were asleep!

Only the blood splattered on the ground was so blinding .....

When the police siren sounded in the police station and several police officers came running wildly, this person had already been dead for a long time.

Ji Feng received the call from his younger uncle Ji Zhenping just as he was getting on the highway, and as soon as the call was answered, his younger uncle said, “Little Feng, the target is dead.”

“What?”

Ji Feng was stunned at first, but immediately reacted that the young man he was talking about should be the one he was following, he immediately asked, “Little Uncle, that person is dead? How did he die?”

Hadn’t the young man gotten into a police car and gone to the police station? How come only an hour or two had passed and he was dead?

Ji Zhenping said, “He was killed outside the main gate of the police station. According to the CCTV footage and the passers-by nearby, there was a black SUV parked there. The police found the young man through the surveillance footage .....”

Ji Feng’s eyebrows tightened up, he pondered for a moment and couldn’t help but ask: “Little Uncle, are you saying that the guy was shot in the head?”

Ji Zhenping said, “That’s right, and according to the forensic scene trace identification, it should be the person in that black SUV, moreover, both of them should know each other, because at the time of shooting, that person was very close to the SUV!”

“Murder to silence!” Ji Feng blurted out.

“It’s unknown for the time being.” Ji Zhenping shook his head and said, “I purposely asked the police station, and there is nothing suspicious about that young man’s identity, and there are no previous criminal convictions .....

“Then where did he get his car?” Ji Feng asked. The car was Shao Wen’s, how did it get into that young man’s hands?

“He claimed to be close friends with the car owner, and the car was lent to him to drive before the owner went to jail!” Ji Zhenping said, “This was also confirmed by the police from the car owner’s brother, and this person does know the car owner.”

The car owner’s brother?

Wasn’t that Shao Jie, the assistant general manager of the South Guangdong Brilliant Group?

Ji Feng vaguely felt that there was something wrong here, if things were just that simple, that guy would have been shot in the head and silenced?

“Little Uncle, have you investigated Wang Wengao?” Ji Feng asked again.

“No.”

Ji Zhenping said, “This person has not committed any irregularities or violations, and there is no legitimate reason to want to investigate him.”

Ji Feng just couldn’t help but shake his head, this Wang Wengao, up to now, was still a perfect man, not even a single sign of violation of the law ..... is a person will make mistakes, Ji Feng firmly believed that there is no perfect person in this world!

But no matter how much he suspected, things came to a head, but it was impossible to investigate.

The only way to find out the truth of the matter is to find out where the black SUV parked near the police station came from.

The only way to find out the truth was to find out the origin of the black SUV that was parked near the police station. But it was not known when this could be found out, so Ji Feng could only return to Jiangzhou first.

At this time, there are no more than a few days before the wedding date of Ji Shaolei, has entered the final stage of preparation, for this reason Ji Shaolei also specifically called Ji Feng to urge him to make sure to pick up Li Yueqin and Li Yantong, because the one to be held in Yanjing later, the participants are some of the figures of Yanjing, as well as various families and factions, they will certainly be very uncomfortable if they go.

..... They definitely won’t be there either!

So this one in Jiangzhou, no matter what, could not be missed by them.

Not only was it Ji Shaolei, but actually when he was on his way here, Ji Zhenhua also had a talk with him, so two days after Ji Feng returned to Jiangzhou, he drove to Jinling to pick up Li Yueqin and his sister Li Yantong.

When Ji Feng arrived in Jinling, it so happened that both Li Yueqin and Li Yantong were at home. Li Yantong was very happy to see Ji Feng arrive, and although Li Yueqin did not show it, she could also tell that she did not reject Ji Feng.

In fact, Li Yueqin also liked Ji Feng, although Ji Feng was a gentry, but he was courteous and simple, after many contacts Li Yueqin could also see that Ji Feng was not the kind of person with a heavy heart, and he was very sincere when treating Li Yantong, Li Yueqin also kind of accepted Ji Feng in her heart.

However, Ji Feng saw that his sister Li Yantong's face was not too good and seemed a bit depressed .....

Campus Master Chapter 2618

In fact, Li Yueqin also likes Ji Feng very much, although Ji Feng is a gentry, but is courteous and simple, after many contacts Li Yueqin can also see that Ji Feng is not the kind of person with a heavy heart, treating Li Yantong when he is very sincere, Li Yueqin in his heart is also considered to accept Ji Feng.

However, Ji Feng saw that his sister Li Yantong's face was not too good and seemed a bit depressed .....

"Sister, I see that you seem to be in a bad mood?"

Ji Feng asked.

Li Yantong then couldn't help but look gloomy and just shook her head, not saying anything.

Seeing this, Ji Feng couldn't help but ask, "Sister, did something happen? You won't even tell me?"

"You just don't ask!" Li Yantong couldn't help but shake her head, "This is something ..... you can't solve either."

"You haven't even said it yet, so how do you know I can't solve it?" Ji Feng laughed, "It might be a problem here with you, but it might be easily solved here with me? Right?"

"Ugh ....."

Li Yantong still didn't say anything and just looked at her mother.

Ji Feng was then a little surprised, looking at his sister's appearance, it seemed that this matter was still related to Auntie Li?

He suddenly remembered that it was most likely related to his sister's emotional problems, because the last time he came, the two of them, mother and daughter, were having some not-so-good trouble over Li Yantong's emotional problems.

"Little Feng, just don't ask her, let me tell you."

As expected, Li Yueqin couldn't help herself next to her and said, "Your sister is in a bad mood because she did something wrong and was criticised by me."

Li Yantong snapped, "Mom!"

Li Yueqin, however, ignored her daughter's gesture and said, "Here's the thing, last time I told you that your sister had broken up with that guy called Liu XXX, in fact that was a lie on her part, I only found out later that she and that Liu XXX were still secretly dating!"

When Ji Feng smiled, he couldn't help but look at his sister Li Yantong, but wasn't too surprised, because Li Yantong had already told him when he came last time that she and Liu XXX were still in contact. And last time when Ji Feng came he happened to run into Liu XXX who was begging Li Yueqin to be able to promise him and his sister something.

But now it seemed that it should be that this matter had been discovered by Li Yueqin.

"Then ..... what do you think?!" Ji Feng asked.

"My thoughts are still the same as before, that young man called Liu XXX is not bad, but it is not suitable for your sister." Li Yueqin said, "So what, I let them split up."

"Mum!"

Li Yantong snapped, "Do you know Liu Xie?"

Li Yueqin said, "I don't need to understand him, Xiaotong, although mum doesn't have much knowledge, but no matter what, she has lived half a lifetime and has seen all kinds of people, that young man called Liu XXX, I don't mind that he has no money and his family is poor, nor do I mind anything else about him, but his personality, I don't like very much!"

"But ....."

Li Yantong was just about to speak when she was interrupted by Li Yueqin.

Only to hear Li Yueqin say, "Xiaotong, in fact it doesn't matter whether I like it or not, because finding someone you like is the most important thing. Of course mum understands this, but this Liu XXX really isn't suitable for you."

"Why?!"

Li Yantong said, "Is it just like you said, he's just because of his personality, so you think it's not suitable between the two of us?"

Li Yueqin said, "That's right."

"Then you're being unreasonable!" Li Yantong said in an exasperated voice, "Mom, Liu XXX's character is very strong and motivated, I really don't know what it is about him that you're not happy with!"

Li Yueqin sighed lightly and said, "Xiaotong, haven't I told you enough to understand? Liu 30 is good in every way, but he has too much inferiority complex! People with low self-esteem have a very weak heart, and with low self-esteem comes selfishness.

"Think about it, what does a person with low self-esteem look like in life?"

Li Yueqin said, "It may appear on the surface that such a person has strong self-esteem, but are you sure that he can distinguish between self-esteem and low self-esteem? A person with low self-esteem,

perhaps a word you unintentionally say in your life, or any small thing, may touch his very sensitive nerves, resulting in either a quarrel or a cold war!”

“Once or twice is fine, what if there are more times?” Li Yueqin asked, “After a long time and more times, the feelings between you will fade, then what will be the final result?!”

Li Yantong listened and was silent.

But looking at her expression, there was something not quite believable.

Ji Feng watched and couldn’t help but sigh lightly in his heart, in this regard, he felt that what Li Yueqin said was right.

Of course, up to now he had only met the one called Liu Thirty once, and neither of them had even said a word to each other, so Ji Feng couldn’t say how the one called Liu Thirty really was, whether he had low self-esteem or not.

But if Li Yueqin was right and said that he was treating, and that Liu XXX was indeed a person with a very low self-esteem inside, then Li Yueqin was right to stop her sister from being with him!

A person with a strong inferiority complex on the inside, what often shows on the outside may be a strong self-esteem, but when such a person is interacting with others, perhaps just a thoughtless remark from others will touch his sensitive nerves.

Some people with particularly low self-esteem may even do very radical things at certain times, and such cases often occur.

So at this point, Ji Feng was more inclined in his heart towards Li Yueqin’s approach.

“Sister, do you really understand Liu XXX?”

Finally, Ji Feng spoke up and said, “I don’t understand how this person is, but there is one thing, I think that no matter what you are Auntie’s only daughter, she would never harm you, right?”

Li Yantong said, “Little brother, I don’t mean that, but ..... my mum really doesn’t understand Liu XXX, he doesn’t have as low a self-esteem as she says!”

“Then what if it is?” Ji Feng asked.

“What if .....”

Li Yantong shook her head and said, “This kind of thing is yes or no, where’s the if?!”

Li Yueqin smiled and immediately wanted to speak, Ji Feng hurriedly gave her a wink, indicating that she should not say anything first, and then said, “Sister, then let’s take a step back, if we say that this person called Liu XXX is not very inferior, then think carefully about what he usually does, his speech and mannerisms and other aspects, is he a very confident person?”

Li Yantong couldn’t help but stare at her words, Ji Feng’s words took her a bit by surprise, as she had really never thought about it from this aspect.

Li Yueqin also couldn't help but be slightly surprised, she also didn't expect Ji Feng to speak from this angle, but soon she understood what Ji Feng meant and couldn't help but secretly nod her head, this method of Ji Feng might really work.

Seeing that his sister was a bit dazed, Ji Feng smiled, "Sister, then let's think about it from another angle, is what Auntie said right? A person who possesses a strong sense of inferiority is usually showing what is basically a strong sense of self-esteem. This is relative, because a person with true self-confidence will not care about a little verbal vilification or suspicion from others."

Seeing Li Yantong's thoughtful look, Ji Feng continued, "Sister, think about it, when you were dating Liu XXX, was he ever sensitive in certain aspects, such as when you were talking about money, or about the future and many other aspects, was he ever in certain aspects, when you talked about that issue he acted a little different than usual?"

"He ....."

Li Yantong opened her mouth, but did not know how to answer. But looking at the slight change of expression on her face, it was obvious that she had been moved by Ji Feng's words.

Li Yueqin looked secretly happy in her heart, she really did not expect that Ji Feng would actually talk Li Yantong into it.

She naturally knew her own daughter best, don't look like Li Yantong is usually very soft, but she can be stubborn inside sometimes, for example, this time on the relationship issue is like this, she had already strongly opposed her daughter's relationship with that person called Liu 30, but who knows her daughter still secretly has contact with Liu 30.

And now, with Ji Feng's enlightenment, Li Yantong seemed to be showing signs of loosening up!

"Sister, think about it again, is Auntie doing this for your own good?" Ji Feng asked.

"I also know, but at this point she is doing something wrong well, opposing before knowing anything, too overbearing!" Li Yantong said somewhat helplessly.

"Then why did Auntie object?" Ji Feng asked.

"Isn't that the reason just mentioned, she said Liu Xie has low self-esteem!" Li Yantong said.

Ji Feng, however, shook his head and laughed, "That's not the most fundamental reason! In fact, the reason why Auntie is against it is because she loves you and is afraid that you will be hurt! In fact, auntie can completely rely on your wishes, you say yes then, whoever you choose she says yes, so that she will neither make you feel resentful nor make Liu XXX hold a grudge, but why does she still want to stop it? ..... Am I right?"

Li Yantong was silent.

She glanced at her mother, and seeing the wrinkles on her face, she couldn't help but remember when she was in Yunshan, when mother and daughter were dependent on each other, and how much her mother loved her, and her eyes couldn't help but redden a little.

“Sis, you are right to stick to your own choice and want to fight for your love.” Ji Feng continued, “It’s equally right for Auntie to stop it and want to keep a good watch for you, but why did things still come to this point? Who is wrong?”

“.....”

Li Yantong could not help but be slightly stunned, yes, who was wrong?

She said, “Is it ..... Liu XXX who is wrong?”

Ji Feng shook his head and said, “No, it’s the way you handled the problem that was wrong!”

Li Yantong was stunned again, she didn’t understand what Ji Feng’s words meant.

Ji Feng said, “Let’s put it this way, Auntie thinks that Liu thirty this person has low self-esteem, then she naturally has her reasons, because Auntie has a very rich life experience, she definitely sees people more accurately than you, this point Sister you admit, right?”

Campus Master Chapter 2619

Ji Feng said, “Let’s put it this way, Auntie thinks that this person Liu XXX has an inferiority complex, then she naturally has her reasons, because Auntie has a very rich life experience, she definitely sees people more accurately than you, this point Sister you admit, right?”

Li Yantong nodded, she certainly knew that her mother was definitely more experienced than herself.

Ji Feng smiled, “Since that’s the case, then why don’t you think about why Auntie would say that Liu XXX that person has low self-esteem?”

Li Yantong shook her head and said, “Little brother, Liu XXX .....”

“I know, you probably think that auntie is too arbitrary in this matter.” Ji Feng took over her words and laughed, “That is to say, you think that auntie’s judgment on this matter might not be too accurate, right?”

“Pretty much.” Li Yantong said.

“If that’s the case, then why don’t you prove to auntie that Liu XXX is not someone with low self-esteem?” Ji Feng asked.

Li Yantong was stunned.

Ji Feng spread his hands and laughed, “Sister, Auntie is against it because she thinks that Liu thirty has an inferiority complex and you will definitely not be happy with him in the future, so since you don’t agree with this view of hers, why don’t you take practical actions to prove to Auntie that Liu thirty is not a person with an inferiority complex?”

Li Yantong said, “This ..... how can this be proved with practical actions?”

Ji Feng’s statement, but let Li Yantong a little froze, do let Liu thirty run over and say, I do not have low self-esteem, I am very confident! This is to prove it with practical actions?

That wouldn’t work either!

Ji Feng laughed: "That depends on you!"

Li Yantong couldn't help but faintly stare again, "Look at me? Little brother, what you mean is ....."

Not only her, even Li Yueqin couldn't help but be a little surprised when she heard this kind of statement from him and looked at him along with her.

Ji Feng said, "Let's put it this way, you should have made it clear to auntie before, whether Liu XXX this person has low self-esteem, you will carefully observe ..... and limit a deadline when you get along in normal times, you can also let auntie monitor ..... I believe that if this person really has low self-esteem, he can't hide it, so that there is no more conflict between you and auntie, and you can also see this person clearly, isn't this good?"

"This is a good idea from Little Feng!" Li Yueqin said as soon as she heard it.

What she feared most was that when her daughter fell in love with that person called Liu XXX, her brain would get hot and she would end up doing everything, and then it would be too late to regret.

Although she also knew that young people nowadays did everything when they were in love, she still couldn't accept that, especially for her daughter, and was most afraid that she would be cheated or taken advantage of.

"Sister, what do you think?" Ji Feng looked at Li Yantong and asked.

"This ....."

Li Yantong said, "Now that he and I have split up ....."

In reality, Li Yantong still listened to Li Yueqin, it was just that this time it was about her feelings and her mother's approach was more or less overbearing, so it had provoked her to rebel.

However, Li Yantong would not disobey her mother to her face, which is why she hid it from her mother, but still secretly dated Liu XXX.

But now, Li Yantong had already broken up with Liu XXX, which is why she was a bit depressed.

Ji Feng couldn't help but stare at her for a moment, and then he looked at her suspiciously, wanting to see from her face what she was really thinking inside.

Li Yantong was a little embarrassed by his look and said, "It's really split!"

Ji Feng then smiled and said, "Sister, since it's split, then we won't talk about it anymore."

"....."

Li Yantong opened her mouth, but she wanted to say something but stopped.

Then, Ji Feng changed the topic and said, "Auntie, I'm still here this time because of that thing I said last time ....."

Li Yueqin knew what was going on as soon as she heard it, but she didn't answer.

Ji Feng saw her hesitation, so he smiled, "Auntie, this time just to go to the wedding, if you have enough time then, then stay in Jiangzhou for a few more days, I'll show you around, if you don't have time then, then I'll send you back then!"

Li Yueqin still wanted to say something, but Ji Feng didn't give her a chance and immediately said, "Sister, have you packed everything?"

Li Yantong nodded and said, "They're all packed."

"Xiaotong, you knew about this a long time ago?" Hearing their conversation, Li Yueqin asked at once.

"Mm."

Li Yantong nodded and said, "He called me yesterday, but I was afraid that you wouldn't agree, so I didn't tell you ....."

Ji Feng immediately said, "Auntie, don't blame my sister for this, I asked her not to tell you for now."

"You guys ah ....."

Li Yueqin shook her head, but did not blame them, just deliberated for a moment before saying, "Little Feng, you can have this heart, auntie wants to thank you, this shows that you do not treat auntie as an outsider ..... you do not say anything first, listen to me finish my words... ..But what about this time, auntie really can't go, it's not convenient."

Ji Feng immediately understood Li Yueqin's meaning, this so-called inconvenience, I'm afraid that he was still worried that he might run into his mother.

"Auntie, this time second uncle and my father gave me a deadly order, if you don't go, then I'm afraid my second uncle will personally come to pick you up!" Ji Feng said with a bitter smile.

"Let Xiao Tong go!"

Li Yueqin said, "You're all young people, it's easy to communicate, and I, an old woman, won't follow this hullabaloo."

She also knew that the blood relationship between Li Yantong and Ji Feng could not be changed in any way, they were blood siblings, no matter what time it was this would never change.

Therefore, if Li Yantong was not allowed to go, it would be a bit unreasonable. But Li Yueqin herself did not want to go, and if she ran into Xiao Su Mei after she got there, what should she say?

Could she still pretend that she hadn't seen her?

What if she ran into Ji Zhenhua?

More importantly, in what name would she go?

"Auntie ....." Ji Feng wanted to say something else, but was interrupted by Li Yueqin reaching out.

"Little Feng, auntie knows that you are a good boy, but things between our generation are not something you can understand, you taking care of your sister will make me happier than doing anything else." Li Yueqin said, "As for your second brother's wedding, I won't be going."

“This .....

Seeing Li Yueqin’s resolute attitude, Ji Feng could only nod and say, “Alright then, auntie, then I’ll go with my sister.”

Li Yueqin nodded slightly and said, “Go ahead.”

“Mom!”

Li Yantong was a little hesitant.

Li Yueqin let out a soft sigh and said, “Xiaotong, go with Xiao Feng, mum is used to being quiet and doesn’t like to attend those kinds of noisy occasions, so I’ll wait for you at home.”

Li Yantong’s eyes instantly turned red, she knew that her mother must be having a hard time in her heart, not as easy as she said on the surface.

“Silly child, going to your cousin’s wedding, it’s a good thing, why cry!” Li Yueqin laughed, looking at her daughter, her eyes full of love.

After all, a daughter could not live without her father forever. It was not good to know where her father was, but she could not see him.

Although Li Yueqin did not want to have any contact with Ji Zhenhua in her heart, she had her daughter there after all.

In the end, under Li Yueqin’s persuasion, Li Yantong followed Ji Feng to Jiangzhou.

But when she was leaving, Li Yantong was holding her mother’s hand and couldn’t help the tears that were falling down her face, which made Ji Feng’s heart feel a little bad.

Looking at Li Yantong following Ji Feng into the car, Li Yueqin also could not help but have her eyes a little red, but seeing that Ji Feng’s car was not far away, she hurriedly turned around, afraid that they would see through the rearview mirror.

“Auntie, you are stopping me from being with Xiaotong because of that BMW driving kid, right?!”

Just then, a voice suddenly came from beside her, startling Li Yueqin.

She hurriedly turned to look, only to see a young man walking out from the corner at the back of the building, surprisingly it was Liu XXX, who they had talked about just before!

“What are you doing here?!” As soon as Li Yueqin saw Liu XXX, her eyebrows frowned slightly and she said, “Don’t you talk nonsense!”

“Hmph!”

Liu Thirty said, “Auntie, why do you need to ask questions knowingly? If I hadn’t come here today, I wouldn’t have known why you were so against Xiao Tong and I. It turns out that what you like is that kid with the BMW! I saw him here once last time, and I had some suspicions at that time, but I didn’t expect my suspicions to be true!”

Li Yueqin was furious when she heard that, "Liu Xie, what are you talking about? How can you be so evil-minded at such a young age! You can think of everything in an evil way!"

"I think in an evil way?!" Liu Thirty pointed at himself, his face flushed red, and said, "Auntie, in all honesty, are you dissatisfied with me because I'm broke and my family is poor? Didn't you look at that BMW-driving kid because he was rich?"

"You're ridiculous!"

Li Yueqin shook her head and turned away, not even wanting to care about him anymore.

Now she was more and more firm in her judgement, this Liu XXX just had an inferiority complex inside, so he showed a strong self-esteem on the surface, on the contrary, he was also very sensitive.

If Xiao Tong followed such a person in the future, it would be strange if she could be happy!

However this looked in Liu Thirty's eyes, but it confirmed his suspicions, in his opinion, Li Yueqin was so anxious to leave, that was because he was right and put all these words in Li Yueqin's face, making her a bit down.

Why would she get down, it was because there was nothing left to say!

That meant that his guesses were all right, Li Yueqin just resented him for being poor and had her eye on that BMW driving kid and wanted that man to be her son-in-law.

This made Liu XXX very angry, why were people so snobbish nowadays?

Even Xiao Tong's mother was like this!

"Aunty, I will prove to you that there is real affection between Xiao Tong and me!" Liu XXX shouted at Li Yueqin's back, "Money can't buy happiness! Xiaotong loves me, not that BMW-driving kid ....."

"What are you babbling about here!" Li Yueqin was really anxious and angry at his shouting, afraid that the neighbours would look at her funny, she immediately said, "That man is Xiaotong's younger brother, he came to pick her up to attend his cousin's wedding in Jiangzhou, our Xiaotong is not as snobbish as you think!"

Campus Master Chapter 2620

When Liu XXX heard this, he was stunned, and then he was overjoyed, "Auntie, are you telling the truth?"

Li Yueqin was now very fed up with him and said in an unpleasant manner, "Do I have nothing better to do than to cheat you with this? Even in business, there is still the saying that business is not done with benevolence, not to mention that you and Xiaotong were once boyfriend and girlfriend, how can you have the face to ruin Xiaotong's reputation here?"

Liu XXX hurriedly made up a smile and said, "Auntie, I'm sorry, I, I didn't know ....."

"You don't know ..... what you don't know?!" The more she thought about it, the angrier Li Yueqin became, she was both angry at her own daughter for being unproductive, how could she fall for such an

untalented man, and also angry at Liu XXX for not having any manliness at all, for shouting here and there before anything was clear, and tarnishing Xiao Tong's reputation.

"Liu Thirty, since you are here today, I will also take this opportunity to make things clear for you here."

Liu Thirty's behaviour made Li Yueqin make up her mind that even if her daughter hated her, she had to take care of this matter, otherwise, Xiaotong would definitely regret it for the rest of her life in the future.

Even if divorce was no longer an uncommon thing now, how much damage would it do to a woman?

For a woman, getting married is the equivalent of being reborn a second time!

Marriage and family are almost like the whole of a woman's life!

Li Yueqin had a deep understanding and experience of this, so she could not let her daughter suffer in this regard no matter what, and she decided to make it clear to Liu XXX.

"Liu Thirty, I have told you before, I am not satisfied with you, not because you don't have money, or because of how you look, or how your family is, I don't look at people based on these!" Li Yueqin said, "What I am not satisfied with you is your character, and your ....."

What else, Li Yueqin did not say, in fact she wanted to say that she was not satisfied with Liu XXX, and his character.

But after all, Li Yueqin is not that kind of snob, not a vicious woman, so she still tried to save face for Liu thirty, "Liu thirty, you and our Xiaotong are not compatible in terms of character, there is no one higher or lower, it is the two of you who are not suitable together!"

Liu thirty immediately said, "Auntie, you mean to say that Xiao Tong and I are not suitable in terms of personality, right?"

"Yes!"

Li Yueqin said.

Who knew that Liu Thirty immediately said, "That's okay, two people who have been together for a long time will change through the bonding period, I think we will bond well."

Li Yueqin immediately said, "But I don't think so!"

Liu Thirty wanted to say something, but she heard Li Yueqin say, "Our Xiaotong, I won't let her suffer a bit, she can find someone who can get along with her personality and can complement her!"

Liu Xie's face looked a bit uncomfortable and said, "Auntie, then you are saying that Xiaotong can find a better one, so why waste time on me? Is that what you mean?"

Li Yueqin said, "If that's what you think, there's nothing I can do."

Liu Xie nodded heavily, "Good! Auntie, you are Xiaotong's mother, since you have said so, I don't want to say anything else. But I want to tell you that Xiao Tong and I are the best match. Because the one Xiao Tong loves the most, the only one she loves, is me. I will prove it to you!"

With that, he turned around and left.

“You .....”

Li Yueqin was immediately about to call out to him, “You wait!”

Liu thirty stood still.

Li Yueqin said, “Liu thirty, listen to my advice, don’t dwell on it, find a girl suitable for you early, get married and have children early, and live a peaceful and stable life is better than anything. Even if your family is poor, as long as people have backbone and are willing to struggle, the days will be better in the future .....”

“Auntie, I think Xiao Tong is the best for me, I firmly believe that!” Liu thirty said.

“You .....”

Li Yueqin was furious, she called out to Liu thirty, on the one hand, she wanted to talk to him clearly, on the other hand, she also wanted to persuade him not to have such low self-esteem, his character will not be happy in his future life, but who knows how this young man is like this .....

Liu XXX nodded to Li Yueqin, turned around and left.

“Ugh!”

Looking at Liu thirty’s back, Li Yueqin couldn’t help but sigh.

Throughout the afternoon, Li Yueqin was thinking about this matter, even when Ji Feng called her to report peace, the phone rang several times before she responded, and now her daughter’s matter was fast becoming a heartache for her.

The fact that Liu XXX came over today was a vague premonition of something bad in her heart. By evening, she could no longer resist and took out her mobile phone to dial Ji Feng’s number.

She wanted Ji Feng to persuade Xiaotong properly, although Xiaotong broke up with Liu 30 under her pressure, but what she thought in her heart was not easy to say, she had to let her die completely from the heart, in order to break off the relationship between her and Liu 30.

When Ji Feng received a call from Li Yueqin, he was already at home in Jiangzhou. When he heard that Liu Xie had gone again, Ji Feng couldn’t help but look at Li Yantong who was chatting with Xiao Yuxuan and Tong Lei, and listening to Li Yueqin, it seemed that it wasn’t her sister who informed Liu Xie to go there, but he himself.

It seemed that this Liu Xie was still quite a thoughtful person.

In fact, even if Li Yueqin didn’t say so, he would definitely advise Li Yantong. After all, he only had one sister, and he couldn’t just watch her find a man who was nothing for the rest of her life.

However, Ji Feng did not immediately go to persuade Li Yantong, this is to find a suitable opportunity, now look at the second brother’s wedding day, he also have a lot of things to busy, also do not have time to quietly talk with Li Yantong, still have to wait for the right time.

The next day, Ji Feng went to help Ji Shaolei with his work.

Although there is a special wedding company handling the flow of the wedding and all that, there are some of Ji Shaolei's own ideas in this, which require Ji Feng to buy some odds and ends or do some chores.

Moreover, the second brother's wedding, this gift is definitely to be prepared. But what exactly to prepare as a gift would require some serious thought.

When Ji Feng had finished all this, Ji Shaolei's wedding date had also arrived.

However, to Ji Feng's surprise, until the day before Ji Shaolei's wedding, his mother, Xiao Su Mei, did not come to him, but only called him and said that she was staying with her father in Ji Shaolei's other house, so Ji Feng could not help but secretly shake his head, he knew that his mother should know that his sister Li Yantong was here, so it was not good for her to come over.

In fact, if Xiao Sumei came over, I'm afraid Li Yantong would be the one who would have the most difficulty, so Ji Feng didn't strongly request his parents to come to live with him.

However, when the evening came, Ji Feng suddenly received a call from his father, Ji Zhenhua.

In the phone call, Ji Zhenhua simply said, "Bring your sister out!"

Immediately afterwards, he told Ji Feng an address.

Ji Feng froze and then smiled, however, once he told Li Yantong the news, she was a little hesitant.

"Sis, that's our dad, you can't never see him, right?" Ji Feng said, "Actually, he's been hanging on to you ....."

Ji Feng didn't say much, nor did he whitewash anything for his father, what he said was the truth, he knew that his father had always been hanging on to his sister, otherwise he wouldn't have gone to Jinling twice to see her.

Li Yantong shook her head and said, "I don't mean that, it's just that ..... I'm afraid my aunt is there too."

She had already met Ji Zhenhua twice and no longer had the kind of nervousness she had the first time truthfully, but thinking that this time Ji Zhenhua was accompanying Xiao Su Mei, Li Yantong was worried that if she went this time, how awkward would it have to be if she saw?

Ji Feng laughed, "Don't worry, my mum shouldn't be following."

With an apprehensive feeling, Li Yantong still followed Ji Feng. The address Ji Zhenhua said was a teahouse, and Ji Feng did not go inside after dropping Li Yantong off, but waited outside, which made Li Yantong even more apprehensive, but there was nothing she could do about it, she knew that Ji Feng was creating an opportunity for her to be alone with her father.

Ji Feng waited outside with a smile on his lips, but in fact, his heart was a bit torn.

He didn't know if his mother was inside, and he didn't know what they would say at this meeting and how they would develop in the future.

He smoked several cigarettes in a row, turned his head from time to time to look at the teahouse door, and took out his mobile phone to check the time.

“Young Ji, you’re in such a hurry, why don’t you just go in and take a look?” Bai Zhu said.

“I can’t!”

Ji Feng shook his head and said, “If I go, maybe the words that should be said between them won’t be said, so it’s better to wait a little longer.”

Finally, after about another half an hour or so, Li Yantong came out, and Ji Zhenhua, was accompanying her.

Ji Feng immediately got nervous, he looked carefully and found that Li Yantong’s eyes were red, obviously she had cried, while Ji Zhenhua’s face was with a loving smile, not slowing down, accompanying Li Yantong.

It seems to be not much of a problem!

Only when Ji Feng saw this scene did he let out a faint sigh of relief and hurriedly opened the door to get out of the car, saying, “Dad, sister, you’ve finally come out!”

Li Yantong wiped a tear with some embarrassment, but Ji Zhenhua smiled and said, “Little Feng, you’re a boy, you have to take care of your sister more in the future, understand?”

Ji Feng nodded and smiled, “Dad, don’t worry about it.”

Only then did Ji Zhenhua nodded in satisfaction and said, “Xiao Tong, Dad knows that you are still not quite used to it, so I won’t let you stay at my place today, you can follow Xiao Feng back first and then come to my place after Shao Lei’s wedding is over.”

“Mm.”

Li Yantong gave a soft mmm.

Ji Zhenhua stroked Li Yantong’s hair, a loving look in his eyes, and said, “That’s it then, you guys go back first.”

Seeing her father’s action, and not knowing what happened, Li Yantong just felt her eyes sore, her nose sore, and she couldn’t stop her tears from falling down.
