Ji Shaolei's wedding was held in a not too high-end hotel in Jiangzhou, that is, a three-star hotel.

In fact, if it was according to Ji Shaolei's intention, there would not even be a need to hold a banquet, he and Xiang Yurou could just go out for a trip or play some memorable items. But this was obviously unrealistic, as their origins dictated that their wedding could not be so casual.

Therefore, although Ji Zhenguo has always insisted on a low profile and strictly forbade all guests to attend the wedding to give gifts, but in the specifications of the banquet, but can not be too shabby, even if it is not to consider the face of the Ji family, the face of the old Xiang family is also to be considered.

After all, when people marry their daughters, they have to look the part.

The two families agreed to have a simple wedding at a very ordinary 3-star hotel, which was fine. When they returned to Yanjing, they would follow the rules there.

But Ji Feng had heard that I was afraid that the specifications would be even higher then, as some of the old people might be present at that time.

But right now, it was undoubtedly very lively.

Since they want to keep a low profile and can't afford not to have this wedding, Ji Shaolei and Xiang Yurou are planning to do as much as possible to make their own novelty in the midst of the rules and regulations given by the elders.

In fact, it is said to be a simple wedding, but the number of people is absolutely not small.

The brothers of the Ji family alone accounted for a large number of people, not to mention the Xiang family, and with the guests coming, there were dozens of tables in total!

For example, now, Ji Shaolei and Xiang Yurou were standing at the entrance to greet the guests, Ji Shaodong, Ji Feng and Ji Shaohong were the brothers responsible for greeting the guests, and further back, apart from the hotel waiters and waitresses, there were Ji Shaoyun, Ji Shaojun and the other brothers from the Ji family, there were one to twenty of them!

Not to mention, there were also girls like Ji Xiaoyu and Tong Lei, and these young people alone added up to dozens of people.

So the whole wedding scene was very lively!

The men were laughing and joking loudly, and the girls were laughing and giggling, it was so lively.

"San'er, you've done a beautiful job with Jiangzhe." In the interval of the wedding preparations, when the guests had almost arrived, the few brothers of Ji Shaodong finally cleared their minds slightly, and a few people stood in the corner chatting, Ji Shaodong praised.

"It's just coincidence."

Ji Feng laughed, "Blame it on that so-called Jiangzhe Five Youngsters being too wild!"

Actually, when it came to this matter, a large part of the reason was that the Golden Dragon Gang was too ignorant of restraint. If they were not so wild and more or less low-key, then he might not have been able to target the Golden Dragon Gang.

Or at that sensitive time, the Golden Dragon Gang could have done everything so seamlessly that even if the central investigation team came down to investigate, they might not have been able to find out anything.

This is not unprecedented – in the past, there have been many investigation teams that went down and found nothing at all, and eventually had to return in defeat.

But Song Mingyuan was too wild, Ji Feng had only arrived in Hangzhou, this person actually sent people to ‘greet’ him, moreover, this is still knowing that he is a member of the Ji family, so it can be seen how arrogant Song Mingyuan is!

And that Hu Yujin, the things that came out of his interrogation later, as well as some of the things that Zhou Fei Fei said, are enough to prove that this person is absolutely lawless!

Ji Shao Hong shook his head, “This is normal, some of the so-called magistrates at the local level are actually far more wild than those gentry in Yanjing, I was over there, and there were a few gentry who were so wild that they had no bounds!”

“The way I see it, this is a frog at the bottom of the well, not knowing how big the sky is!” Ji Shaojun sneered.

“But it’s the frogs at the bottom of the well who don’t know how big the sky is that are so destructive, because they don’t know how serious the consequences are, and they don’t know how to be afraid, and they think that their old man can take care of any big trouble they cause, so that’s why they are so lawless!”

Ji Shao Hong said, “You just say, for example, that the children of the main provincial leaders, there is no one bigger than their old man in the local area, so they are naturally open-minded.”

“But then again, if a different person goes, even if they know where their breakdowns are, they may not be able to get it right!” Ji Shao Hong added, “So I especially agree with the boss on this point, Little Feng, you really did a beautiful job on this matter!”

Ji Feng waved his hand with a smile and said, “You guys, don’t praise me anymore.”

Ji Shao Hong said, “This is not to praise you, but I heard Shao Jun say that he openly slapped Wu Zhiyong three times, which is quite enjoyable!”

The name Wu Zhiyong, for many of Yanjing’s gentry, this was a huge pressure!

To talk about a few of Yanjing’s top gentry, they were also Ji Shaodong, He Hongwei, Xiang Yongzhan and Wu Zhiyong, of course there were a few others, but they were either slightly older than them, some of them were now forty years old, for example, the number one gentry today was now in his forties and could no longer be considered a gentry.

So when it comes to the top gentry in Yanjing, they are generally the ones who are referred to.

Of course, now it was time to add Ji Feng to the list!

And among these few, Ji Shaodong was too steady, walking one step at a time in a very solid manner, and would not get involved in some of the messy things between these gentry.

He Hongwei, because he is considered half a businessman, is also good with people most of the time and does not overbear.

As for Xiang Yongzhan, many people may not see him once in a year or two, and he is almost on the verge of disappearing from sight in Yanjing's gentry circle.

He is the only one who, despite being in the system, still has the habits of a gentry and will occasionally back up some of the younger members of the Wu family.

For example, if a son of the Wu family clashes with someone from the Ji family, before Ji Shaodong can say anything, Wu Zhiyong may make some small moves in secret, and the Ji family's family is very strict and does not allow the Ji family's children to use the family's power, especially the power of the public family, so the Ji family's children sometimes have to admit when they have suffered a loss.

So for many people, Wu Zhiyong's presence is a huge pressure on them, especially for people like Ji Shaojun, who does not have much of a future himself, but outside, in the absence of Ji Shaodong and others, represents the face of the younger generation of the Ji family.

If they were jerked off by Wu Zhiyong, it would be too humiliating.

But now, all of a sudden, they felt like raising their eyebrows, as Ji Feng's three slaps, without mercy, smacked Wu Zhiyong's face, and in one fell swoop, the aura on Wu Zhiyong's body, as well as the pressure he brought, was directly taken away!

Wu Zhiyong was instantly smacked off Ji Feng's high pedestal from his top gentry status!

Almost all the children of the Ji family couldn't help but have their spirits lifted!

They even wanted to run up to Wu Zhiyong and roar, "Well done! That was a good hit! You should have slapped the shit out of him!"

Even Ji Shao Hong, although he was not afraid of Wu Zhiyong, was still very relieved.

Seeing that they were all full of excitement, Ji Feng couldn't help but say, "Don't underestimate Wu Zhiyong, this man is not simple!"

Ji Shaodong also nodded and said, "Lao San is right, beat up Wu Zhiyong, that's because he deserves a beating, but, before that one must have enough strength."

Several people could not help but nod slightly, they knew that Ji Shao Dong meant what he said.

Ji Shao Hong asked, "How is Wu Zhiyong doing now?"

Ji Shaojun grinned, "What can he do? He must be crying at home! His old man has retired to the second line, obviously abandoned by the old man of the Wu family, now that Wu Zhengxiang has taken over, how high can Wu Zhiyong still be?"

Ji Shao Hong mused, "I had heard before that Wu Zhengxiang seemed to have some discontent with his elder brother, but at the time I thought it was just an empty rumour and didn't pay too much attention to it, but now it seems that there is some basis for that, I'm afraid. Since Wu Zhengxiang is unhappy with Wu Zhengmin, I'm afraid that he's not much better to Wu Zhiyong."

Ji Feng smiled and could not help but feel a slight movement in his heart.

The first thing you need to do is to take a look at the newest version of the newest version. The Wu family is now the Wang Xiao Er year, one year is not as good as the other, instead of wasting limited resources on Wu Zhengmin, who is already not very hopeful, it would be better to use them all on Wu Zhengxiang, I think ah, Wu Zhiyong's future development is also difficult!"

Ji Shaodong several people then shook his head and smiled, Ji Shaojun's this insight, it is a bit one-sided.

The old man of the Wu family is a sophisticated person, how can he do things without any rules and regulations? He must have a deeper meaning in doing so, but he just can't see it yet.

But now, after all, it was just a casual conversation, so everyone did not say anything and gave face to Ji Shaojun.

Ji Shao Hong was more or less helpless, this kid just wasn't cut out for this, he should go and work on his promising career in the entertainment company!

"By the way, have you heard, Wu Zhengxiang seems to have a son outside!" Ji Shaojun suddenly said.

"I heard about it, but I don't know who it is!" Ji Shao Hong shook his head.

Ji Shaodong said, "This kind of rumour, just listen to it, so don't follow it."

Ji Shaojun then laughed heatedly and scratched his head.

However, this sounded in Ji Feng's ears, but it made him more or less connect the dots, he thought of a lot, but didn't have a clear head yet.

"By the way, for this person Wang Wengao"

Ji Feng wanted to ask about Wang Wengao, but Bai Zhu interrupted him from behind and whispered in his ear, "Young Ji, there seems to be something going on outside."

Ji Feng instantly frowned: "What situation? Go, go over and take a look!"

Leaving Ji Shao Hong and the others chatting there, Ji Feng immediately followed Bai Zhu and walked over.

"Young Ji, just now Manager Yi said that he saw two people in the stairway below, a bit sneaky, something seems wrong!" As he walked, Bai Zhu said in a low voice.

Campus Master Chapter 2622

In order to prevent anything from happening at Ji Shaolei's wedding, Ji Feng had transferred some security personnel from the Tengfei Group to take care of the order at the scene, with Yi Xingchen leading the team directly.

Of course they were only on the outside, as there were quite a few guards on the inside. After all, with Ji Zhenhua's rank, the guards had to be close behind wherever they went.

At this moment, hearing Bai Zhu say this, Ji Feng immediately said, "Where is it? Take me over there and have a look!"

The duo quickly went out of the wedding site and came outside, they saw Yi Xingchen standing at the entrance waiting, when he saw Ji Feng, he immediately said, "Boss, something is not right with the two people found."

Ji Feng nodded his head and asked, "Where are the people?"

Yi Xingchen said, "They are still downstairs, because I don't know if they are the woman's guests, I didn't ask anyone to act rashly."

The wedding was held in a hotel, with both male and female guests, many of whom even Ji Shaodong did not know, so Yi Xingchen did not act rashly to avoid misunderstanding and unpleasantness.

The three came to walk past the lift and kept coming to the stairway at the end of the corridor, Yi Xingchen gestured and pointed down, saying in a low voice, "Guo Tao is staring down there, they should still be here."

Ji Feng nodded slightly and gave a wink, and after that, the three of them pretended to be passing by and walked down.

Just after descending half a flight of stairs, sure enough, Ji Feng saw two people sitting on the steps of the stairs smoking, and then looking at the ground in front of them, cigarette butts had been thrown all over the place, so obviously these two people had been here for quite some time.

When they saw Ji Feng passing by, those two people seemed to be very wary, but when they saw that the three of them didn't stop for anything and just passed by as if nothing was wrong, those two people relaxed slightly.

The change in these two men's expression fell into Ji Feng's eyes and he immediately realised that something was wrong. If these two men were hotel staff, they would not have had that wary look.

Obviously these two people had a ghost in their hearts!

Without any pause in their steps, Ji Feng quickly went downstairs and saw Guo Tao pacing back and forth in the corridor when they arrived at the lower floor.

"Boss."

Guo Tao immediately greeted him and said in a low voice, "Have you seen anyone?"

Ji Feng nodded and said, "Yes, he saw them, they're sitting on the stairs When did you guys find these two people?"

Guo Tao said, "About five minutes ago. I saw that the wedding was about to start, so I planned to check the stairs one last time, and then I saw these two people who were actually there at some point, I didn't

alert them and watched secretly for a while, as if I heard them saying something about it starting soon and getting ready or something like that

Yi Xingchen then said, "Guo Tao told me through the intercom, and the two of us immediately blocked the upper and lower ends of the stairs, and then we informed you."

Ji Feng nodded thoughtfully and mused, "Don't alarm these two people yet, just see what they want and be prepared to improvise."

It was still unknown what these two people actually did and what their purpose was, so Ji Feng did not intend to alarm them and observe them for a while first.

"If these two people want to leave, don't stop them either, Old Guo you follow behind, make sure they really don't have any problems before you do." Ji Feng admonished, "If they are going to do anything, react in time and don't alert the guests at the wedding."

"Understood!"

Yi Xingchen and Guo Tao nodded their heads at the same time.

Ji Feng said in a deep voice, "Be careful and prevent them from bringing weapons!"

After all, there were too many enemies, so Ji Feng didn't dare to guarantee what exactly these people were doing, but he had just given a sweep to the bio-current when he walked by and didn't find any weapons on them. But since these two people had suddenly appeared here, perhaps they might have hidden their weapons somewhere or not.

"Don't worry boss, if these two bastards really dare to mess around, they won't end up well!" Guo Tao said in a cold voice.

"You do your job, I'm at ease!" Ji Feng nodded with a smile, and just as he said that, he suddenly looked frozen, there was a faint sound coming from the stairway, but the sound was very low, but he couldn't hear it too clearly.

Ji Feng made a gesture of silence, then quietly moved closer and heard someone saying, "It hasn't started yet?"

"Don't worry, there's still nearly twenty minutes left." Another person said, "When it starts later, all you have to do is shout out."

"Don't worry, I've practiced many times at home, I'm sure I can't make a mistake."

"Guess what the reaction of the people at the scene will be when they hear you shouting?"

"What reaction? I'm afraid they'll be laughing out loud, right?"

This was followed by the sound of the two of them hemming and hawing.

Ji Feng frowned as he listened, it was obvious that these two people had come for Ji Shaolei's wedding in eight`nine cases, as there were indeed almost twenty minutes left in the wedding start time.

I just don't know, these two people said they were going to shout out, what were they going to shout out?

Ji Feng listened for a while longer, but those two people didn't say anything else, only then did Ji Feng retreat and said in a deep voice: "Old Yi, Old Guo, later on you two need to change your strategy, these two people might be here to cause havoc, they are probably going to shout something hard to hear."

Yi Xingchen and Guo Tao then looked at each other in surprise, wreaking havoc here, what are these two guys from? What's wrong with them?

"Anyway, whatever they're going to shout later, you can't let them shout it out!" Ji Feng said, "As long as they make a move, just take them under control."

"No problem!" Yi Xingchen nodded, controlling these two people shouldn't be difficult.

"Don't be careless!"

Ji Feng reminded, "Make sure everything is foolproof, no matter what, we can't let them shout out!"

If these two people suddenly shouted out any unpleasant words while the wedding was in progress, then the wedding would definitely be spoiled and Ji Shaolei could definitely be pissed off.

No matter who it was, no one would want to have someone messing up and causing havoc at their wedding site, let alone shouting out any unpleasant words, and it was not possible to be angry at the site, and in front of so many guests, the face would be lost.

Afterwards, Ji Feng did not take the stairs again, in order to avoid arousing the suspicion of those two people, Ji Feng took the lift upstairs, and just came back to see Ji Shaodong walking over and asked, "Old man, what is it?"

When Ji Feng was called out by Bai Zhu just now, no one else noticed it, but Ji Shaodong did.

Ji Feng said in a low voice, "There seems to be some situation, and I have made arrangements."

Ji Shaodong frowned slightly and asked, "Is it troublesome?"

"I don't know yet, but there shouldn't be any major problems." Ji Feng shook his head and said, "There are two people who seem to want to cause trouble."

"Trick or treat?"

Ji Shaodong immediately asked, "Do you know what kind of people?"

Ji Feng said, "I didn't alert them and planned to see what happened first."

"Take them down!"

Ji Shaodong said immediately.

Ji Feng was stunned and asked, "Take them down? Find what reason?"

“Then expel them!” Ji Shaodong said, “Since we know they’re here to cause trouble, there’s no need to be too polite to them! No matter how they plan to cause trouble, get the bogeyman far away first, and wait for anything to happen after the wedding.”

“It’s better to see what happens!” Ji Feng said, it was the first time Ji Feng had seen his elder brother being so resolute this time.

“Old Third, if it was in normal times, we could have taken a look before we said anything, but today is different.” Ji Shaodong said.

“I understand.”

Ji Feng nodded and said, “I’ve already made arrangements, nothing will happen, so don’t worry, big brother.”

Seeing Ji Feng’s insistence, Ji Shaodong had no choice but to nod and said, “Alright, in that case, then you’ll work hard and pay more attention later.”

He wouldn’t object too much to anything Ji Feng insisted on, unless Ji Feng was really wrong beyond belief.

Because Ji Feng was not another dude, and even did better than him in many aspects, Ji Shaodong respected Ji Feng’s opinion.

The same was true for Ji Feng, only this time he was keen to find out why these two people were coming to the wedding site to cause trouble, and with Yi Xingchen and the others outside and the guards from the Central Guard Corps inside, not much could happen anyhow.

However, Ji Feng decided to send someone to line up the whole building again, because he knew that Ji Shaodong had a point, it was in the best way to keep the trouble far away and wait for anything to be dealt with after the wedding.

But in that case, those two people, if they die and do not admit it, is to take them no way, it will also be difficult to track down again, so Ji Feng only decided to wait and see.

In fact, if it is some other leaders even some municipal or even county level leaders, if the family is hosting a banquet, I am afraid that the whole hotel will be wrapped up, or even closed. However, this is not feasible here in Ji Zhenhua and Ji Zhenguo.

Ji Feng picked up his mobile phone and started arranging people.

A few moments later, the wedding was about to begin, and by this time both sides’ guests were already seated.

As the wedding march started, the wedding officially began. The officiant presided over the ceremony on stage, and Ji Shaolei, who was in a suit and in high spirits, and Xiang Yurou, who was wearing a wedding dress, began to take their places.

However, at this moment, a loud shout suddenly came from the doorway: “Xiang Yu”

The sound stopped abruptly as soon as it started, just for a moment, and at this time the sound at the venue suddenly 'thumped' twice, and then returned to normal.

Everyone in the audience thought that this was just a normal reaction of the sound, but they did not know that right at the entrance of the hall, two people just opened their mouths to shout, when two hands suddenly reached out next to them and directly covered their mouths, while holding them by the neck and directly dragging them aside.

Yi Xingchen and Guo Tao, one in charge of the other, after snapping those two men's throats, they ruthlessly slammed a knee into those two men's chests.

In a flash, those two men's faces turned red with pain, veins rose up on their foreheads, and they could no longer make a sound

Campus Master Chapter 2623

Yi Xingchen and Guo Tao, one in charge of the other, after snapping those two men's throats, they ruthlessly slammed a knee into those two men's chests.

In a flash, those two men's faces turned red with pain, veins rose on their foreheads, and they could no longer make a sound

"Well"

Those two people still wanted to struggle, but the severe pain in their chests left them without the slightest bit of strength, not to mention that the ones controlling them were Yi Xingchen and Guo Tao, so how could they break free?

"If you dare to move again, I will destroy you now!" Yi Xingchen said coldly.

"....."

At once, those two people no longer dared to make the slightest movement, and in fact they could not move at all.

With that, these two were pulled down by Yi Xingchen and Guo Tao!

At this time, Bai Zhu, who had been prepared, immediately sent a message to Ji Feng. After receiving it, Ji Feng could not help but smile slightly, with Yi Xingchen and Guo Tao around, it was really a bit difficult for anyone to make trouble.

This was just a minor incident, and even because Ji Feng had prepared for it, all the guests present mistakenly thought that there was just a minor problem with the sound at the venue and didn't think anything of it, so the wedding went on normally.

However, the owner of the hotel was a bit stunned at this moment, because the sound equipment was all new and also very high-grade, such a sound collapse was almost impossible, but he only cursed in his heart, thinking that it was likely that he had been screwed by the electrical appliance dealer, but did not realise what had happened outside!

Next, Ji Feng was on high alert, but until the end of the wedding, there were no more mistakes. When the banquet started, Xiang Yongzhan, however, came over and asked in Ji Feng's ear, "Older brother, what happened just now?"

Ji Feng raised his eyebrows and asked, "What's going on?"

Xiang Yongzhan hummed, "What, you still want to hide it from me?"

Ji Feng laughed, he had already known that he couldn't hide this from Xiang Yongzhan, otherwise he would have been the head of the special operations brigade for nothing.

"It's just a little problem, it's not worth mentioning!" Ji Feng shook his head and smiled.

"There's really no problem?!" Xiang Yongzhan asked.

"Don't worry, it's fine." Ji Feng said, "How could I not tell you if there was something wrong?"

Only then was Xiang Yongzhan relieved and nodded, "If anything happens make sure to tell me at the first opportunity, this is not only Shao Lei's wedding but also my sister's wedding, absolutely nothing can go wrong at all."

Ji Shaodong teased, "You're such a majestic captain, even if there's no mistakes, you've scared them all into making mistakes!"

Xiang Yongzhan hummed: "Shaodong, you don't say me, to say majestic, I think you Ji family youngest is afraid of the most majestic!"

Ji Shaodong's prestige in the circle has always been very high, he does not get involved in those messy things among the playboys, he is strict and steady, many gentry will subconsciously treat him as the previous generation.

Moreover, the title of the Ji family's youngest is also too golden, and people are really a bit afraid of him in general.

As several people joked, Xiang Yongzhan simply patted Ji Shaoyun's shoulder and said, "Brat, you don't know how to give up your seat when you see the chief? Get lost!"

At once, Ji Shaoyun gave up his seat in a huff and ran away to another table with a scowl.

The people present couldn't help but shake their heads and laugh, and Xiang Yongzhan said, "This kid has also grown up, when I first came to Jiangzhou, this brat was still a bully in Jiangzhou!"

Ji Feng shook his head and smiled, back then Ji Shaoyun was indeed not a good bird, even made his second uncle so angry that he wanted to break his legs, at a young age he learned some messy things, and finally was thrown into the army by his second uncle, and as a result he really worked out to be a good soldier!

The tone of Xiang Yongzhan is undoubtedly very appreciative, in fact, for this Ji family several brothers, he is more appreciated, put aside Ji Shaojun these several playboy not to mention, just Ji Feng several brothers are prestigious, also are extraordinary characters.

So a few people mingled, you and I keep toasting, drinking a lot of fun.

The wedding was almost over when both parents came out to finish their toasts. At this time, Ji Feng stood up and left the scene, he wanted to take this opportunity to see what the two troublemakers were all about to prevent any further changes.

But Ji Feng had just come out when he saw Bai Zhu walk in head-on, and just as soon as he saw him, he said, "Ji Shao, I was just about to go find you, someone outside is coming in"

Ji Feng casually asked, "Who is it?"

Bai Zhu said, "It's the person we saw in Jinling the other day, the one who talked to Auntie Li."

"The one who talked to Auntie Li?"

Ji Feng couldn't help but faintly stare at his words, and then he asked, "Are you talking about Liu XXX?"

The person who spoke to Li Yueqin in Jinling, who Bai Zhu had seen again, was also Liu XXX, what was this guy doing here?

"Where is he?" Ji Feng asked.

"Just below, he wanted to come up but was stopped by Guo Tao." Bai Zhu said.

"Go and take a look!"

When Ji Feng and Bai Zhu arrived downstairs, they really saw Liu XXX hovering back and forth at the stairway, Ji Feng frowned darkly and walked over and asked, "Hello, may I ask what you are here for"

Liu thirty immediately smiled and said, "Hello hello, I heard Xiao Tong say that you are her brother?"

Ji Feng nodded his head and said, "I am."

The smile on Liu Thirty's face suddenly became even wider, he immediately extended his hand and said, "Hello old brother, introduce yourself, I'm Xiao Tong's boyfriend, my name is"

"I know, your name is Liu XXX." Ji Feng nodded, but instead of shaking hands with Liu XXX, he asked, "You said you're my sister's boyfriend? But as far as I know, the two of you have broken up, so technically you should be her ex-boyfriend, right?"

"That was just a misunderstanding!"

Liu XXX said with a smile, "It's normal for male and female friends to quarrel with each other, your sister and I just had a little misunderstanding."

Ji Feng did not continue this topic, but asked, "So, what brings you here?"

Liu XXX said, "I heard that Xiao Tong's cousin got married here, so I also came over to congratulate him and instantly explain to Xiao Tong about the misunderstanding between us."

"Who did you hear that from? How do you know the wedding is being held here?" Ji Feng asked with a frown.

“It was your mother who told me!” Liu XXX laughed.

Ji Feng frowned at his words, “My mother? You know my mother?”

Liu thirty immediately nodded and said, “Of course, I often go to your house, of course I know auntie

Ji Feng frowned and asked, “Which home are you talking about?”

The first time I saw you, I said, “It’s your home in Jinling, old brother, is Xiaotong inside? Do you think it’s convenient for me to go in now?”

Ji Feng immediately understood that this guy knew from somewhere about his relationship with Li Yantong, and as a result, he mistook Li Yueqin for his mother.

However, Ji Feng didn’t dwell on this issue, but asked, “Are you sure it was Xiaotong’s mother who told you that my cousin was having a wedding here?”

Liu XXX nodded and said, “Yes, how else would I know about it?”

Ji Feng looked at him and frowned slightly.

Because he didn’t tell Li Yueqin the exact address, he just said that he was going to pick up the two of them, so if Liu thirty really knew this address from Li Yueqin, then it should be that his sister had told Li Yueqin the address, and then Li Yueqin had told Liu thirty.

But Ji Feng was a bit puzzled. According to reason, since Li Yueqin didn’t like Liu 30 and clearly wanted her sister to break up with Liu 30, why did she tell him the address and let him come to her?

Was it because what she had said earlier had made Li Yueqin decide to give Liu Thirty a chance to prove whether he really had low self-esteem or not?

“Older brother, can I go in now?” Liu Thirty asked.

“I’m sorry, the wedding is almost over now, it’s better for you not to enter at this time

Let’s do it this way, I’ll arrange a meal for you at the restaurant below, we’ll talk about anything after the wedding is over, okay?”

It is definitely inappropriate for Liu XXX to go in now, not only because there are quite a few guests inside, but at least with this uncomfortable relationship between him and his sister, it would be inappropriate for him to go in.

After all, what was going on now, Ji Feng still hadn’t figured it out.

But Liu XXX was smiling and said, “It’s okay, I didn’t come just for dinner, I just thought that since I’m Xiaotong’s boyfriend, I must come to her cousin’s wedding for a while

Ji Feng immediately said, “I’m sorry, it’s really not the right time.”

Liu 30 pursed his lips and did not speak.

Ji Feng immediately turned his head and said, “Bai Zhu, you take him to the restaurant below and arrange a meal, I’ll settle the bill later.”

Bai Zhu nodded and said, "Mr. Liu, please."

Liu XXX looked very reluctant, but seeing Ji Feng's resolute attitude, he could only follow Bai Zhu downstairs.

After they left, Ji Feng immediately took out his mobile phone and dialed Li Yueqin's number and asked, "Auntie, are you planning to test Liu XXX?"

Li Yueqin froze as she listened, "Test? Test what?"

Ji Feng said, "Liu XXX came to Jiangzhou and said that you told him that Xiaotong was here for second brother's wedding"

"What? He's gone to Jiangzhou?"

Li Yueqin was extremely surprised when she heard this and said, "This person is really how he is! Yes, I did tell him that you are Xiaotong's brother and you went to Jiangzhou to attend your cousin's wedding, but I didn't ask him to go to Jiangzhou either."

Ji Feng couldn't help but be moved in his heart as he smiled and immediately said, "But Liu Thirty said that you were the one who told him the detailed address."

Li Yueqin said at once, "How is that possible! I don't even know exactly where the wedding will be held, how can I tell him? Little Feng, don't listen to his nonsense, I never asked him to go to Jiangzhou, and if he hadn't yelled at my doorstep, I wouldn't have said one more word to him for fear of affecting Xiaotong's reputation!"

"I understand." Ji Feng nodded, but his eyebrows were furrowed tightly.

"Little Feng, watch your sister, don't let her meet with Liu XXX, this person is also really, not only does he have low self-esteem, his mouth is also devoid of truth!" Li Yueqin said in anger.

Campus Master Chapter 2624

"I understand." Ji Feng nodded, but his brows were tightly furrowed.

"Little Feng, you watch your sister, don't let her meet with Liu XXX, this person is also really, not only does he have low self-esteem, his mouth is also devoid of truth!" Li Yueqin said in anger.

The first time I heard Ji Feng talk about what Liu Xie had done, Li Yueqin was furious, what was wrong with this person, he was like a psychopath, not only did he have low self-esteem, but he was also talking nonsense.

When she was in Jinling, she stood underneath the community and shouted about things that were not in the picture, not even considering whether he would tarnish Xiaotong's reputation by doing that. If Xiao Tong really wants to live with such a person in the future, she will really have to suffer!

Li Yueqin was furious, she did not approve of Xiao Tong and Liu Xie being together, but at that time, she only thought that Liu Xie was too inferior, and whenever he met someone or if someone said something, he would feel that it was an insult to him, which would make him very sensitive.

If Xiao Tong lives with him, he will definitely have a lot of quarrels in the future.

This is why Li Yueqin did not agree, but now, Li Yueqin is firmly against or even disgusted with Liu Xie, this kind of man who lies with his mouth open, how can he be trusted in life in the future!

The man has low self-esteem, does not know how to think about others, and lies at the drop of a hat which woman is insane or what, to be with such a man!

“Xiao Tong is simply blind!”

The more Li Yueqin thought about it, the angrier she became, her teeth creaked with hatred, “Little Feng, auntie please, no matter what you have to stop your sister from being with Liu XXX, even if she is not happy, you tell her, if she is really that disobedient, then it is better not to have me as a mother, I raised her so big, not for her to go down to such a man!”

Thinking about how hard she had worked for so many years to bring up her daughter, only to find such a man when she was old enough to get married and have children, Li Yueqin really felt her heart was breaking.

When she thought of the sadness, she couldn't help but wipe her tears.

Ji Feng hurriedly consoled and said, “Auntie, don't worry, there might be some misunderstanding in between, maybe I misunderstood, so what, I will definitely try to stop them as much as possible, don't you worry.”

Li Yueqin said, “Little Feng, Xiaotong only has one brother like you, whether your sister can live a happy life in the future, you must take it to heart, she may be haunted now, but you can't just let it go!”

Ji Feng couldn't help but say, “Auntie, don't worry, I'll definitely manage to the end!”

Li Yueqin had said the words to this point, and Ji Feng was clear enough to feel the kind of disgust she felt in her heart at the moment for Liu XXX, her hatred for her sister, and even a kind of shame.

Perhaps in her opinion, her daughter found such a man, but still ran to Jiangzhou to disgrace herself, which made her lose face.

The first thing that happened was that Ji Feng assured Li Yueqin that he would take care of the matter to the end and would not watch his sister jump into the fire, so Li Yueqin was slightly relieved, but she still gave her instructions several times before hanging up the phone.

As soon as the call ended, Ji Feng's face went cold, he immediately took out his phone and dialed Bai Zhu's number and asked, “Bai Zhu, don't settle the bill after you order the food!”

From Li Yueqin's words, Ji Feng was already sure that Liu XXX was lying to himself, although he still didn't know why this guy had come here and how he knew that the wedding was being held here, there was no doubt that this Liu XXX wasn't much of a decent person.

For such a person, how could Ji Feng invite him for dinner?!

“Besides, you have to keep an eye on him!” Ji Feng said in a deep voice, “I still have questions to ask him later!”

“Yes!” Bai Zhu said.

After explaining to Bai Zhu, Ji Feng then put away the phone, took the lift downstairs and got into a business car in the car park in front of the hotel, where he saw Guo Tao leading two members of the war team, controlling the two guys who were going to make trouble.

These two guys were both curled up in the car at the moment, their faces looking painful, obviously having taken a lot of packing!

“Boss.” Seeing Ji Feng, Guo Tao immediately got out of the car while pulling the door shut.

“How’s it going?”

Ji Feng asked as he looked at the two guys who were huddled there with painful faces through the car window glass.

Guo Tao smiled heatedly and said, “These two guys still dared to scream just now, after being cleaned up, they are much more honest.”

Ji Feng asked, “Have they been interrogated?”

Guo Tao nodded and said, “They were asked, but these two guys just said that someone had given them 100,000 yuan to come over and cause trouble. They thought that when the time came, the most they would get was a beating, but they would earn 100,000 yuan, a good deal, so they did it.”

Ji Feng asked, “Have you checked the identities of these two people?”

Guo Tao immediately nodded and said, “Checked, these are two local punks in Jiangzhou

After taking control of these two people, Yi Xingchen had already arranged for someone to check the identities of these two people and found that they didn’t have any origins or any special identities, to say that there was something special, it was just that neither of them was a good person, they were two dilettantes.

When Ji Feng smiled, he couldn’t help but frown slightly and asked, “Can you be sure?”

Guo Tao nodded his head and said, “Can be sure!”

That’s eight `nine, Ji Feng pondered for a moment and asked, “Keep investigating! Track down exactly who ordered them to come over and cause trouble, find out clearly!”

Ji Feng clearly heard that these two people were shouting Xiang Yurou’s name outside the wedding site at that time, only because Yi Xingchen and Guo Tao acted in time to control them, so that they did not succeed.

But it was obvious that they must have come for Er’s wedding, and if they were just ordinary punks, then the person who directed them must be someone who was familiar with this wedding.

This person must be found!

Guo Tao nodded and said, “I will continue to investigate, but this may take some time

“Wait!”

Ji Feng suddenly paused for a moment and mused, "How about this, you continue the trial and wait for my call, when the time comes, you may have to hand the person over to Xiang Yongzhan."

Since this matter was not that simple, it would be most appropriate to leave it to Xiang Yongzhan, whether it was interrogation or tracing the intelligence, this was not a difficult task for Xiang Yongzhan, what Ji Feng had to do now was to find out why Liu XXX had come here, and if Liu XXX was really so bad, then he would have to find a way to fulfill Li Yueqin's instructions.

When Ji Feng went back, the wedding was almost over, at this time Xiang Yongzhan was toasting with Ji Shaojun, Ji Feng took two quick steps and walked over, patted Xiang Yongzhan's shoulder and asked, "Old Xiang, how was the drink?"

Xiang Yongzhan laughed, "Where have you been? We've been waiting for you for a long time, look at the bottles of wine on the table"

"Okay, we'll have a good drink later when we have the chance, now I'm looking for you for something, you come out with me." Ji Feng interrupted him, since Xiang Yongzhan hadn't drunk too much yet that was the best thing to do, leave this to him.

"What is it?" Xiang Yongzhan was a bit strange.

"You'll know when you come out." Ji Feng said, "Come out and talk."

Seeing this, Xiang Yongzhan said to the other few people at the table, "You guys take your time, I'm going out for a while, all drink more ah"

The two came to the door and Xiang Yongzhan immediately asked, "What's going on?"

Ji Feng quickly told the story, and then said, "Now the people are still in the car below! Originally I was going to check it myself, but now I have other things to do and can't spare my hands for a while, do you want to take over?"

Xiang Yongzhan had already turned blue as soon as he heard about this and said, "Where is the person? Hand them over to me!"

Ji Feng said, "It's downstairs in the car park."

Without saying a word, Xiang Yongzhan turned around and left.

Ji Feng let Guo Tao hand over the people to Xiang Yongzhan, but he couldn't help but mourn for those two punks, falling into Xiang Yongzhan's hands was much more miserable than in his hands.

Xiang Yongzhan's methods were not something these punks could withstand!

However, after handing the man over to Xiang Yongzhan, Ji Feng had his hands free. He went back to the wedding site with Xiang Yongzhan again, and neither of them had anything strange to say. It was not too late to wait until after the wedding to deal with this kind of thing, besides, Xiang Yongzhan had already had someone interrogate him first, so he would be able to know first if anything happened.

But after such an incident, they were all out of the mood for drinking, and Xiang Yongzhan raised his guard, while Ji Feng went to the table where Tong Lei and the girls were sitting, came to Li Yantong's side and whispered in her ear, "Sister, come out for a moment."

Li Yantong was a bit strange, but followed her out and when she came outside, she asked, "Little brother, what's wrong?"

Ji Feng asked, "Sister, did you tell Liu XXX that we were coming to Jiangzhou to attend Second Brother's wedding?"

"No, why would I tell him that What's wrong?" Li Yantong asked somewhat strangely.

"Really no? Sister, think carefully, could it be that you once mentioned it unintentionally and now forgot about it?" Ji Feng asked again.

"There really isn't!"

Li Yantong said, "Because my mother opposed it, so actually, although he and I were still secretly seeing each other, our relationship had become much more distant, and I rarely even met with him by then. Besides, he and I haven't gotten along yet, so how can I say anything about our family!"

The family matters themselves were not easy to talk about, so Li Yantong naturally would not tell others everything, even if that person was Liu Xie.

Moreover, the matter that Ji Shaolei was getting married, she only knew about it when Ji Feng went to Jinling last time, and during this period of time, because of Li Yueqin's opposition, she didn't have much contact with Liu thirty, so naturally, she couldn't possibly talk to him about this.

"What about these two days? You haven't told him about it either?" Ji Feng asked.

Campus Master Chapter 2625

"What about the last two days? You haven't told him either?" Ji Feng asked.

"He did contact me yesterday, but I just told him that I was out of town and couldn't conveniently take his calls, and didn't say anything else." Li Yantong said.

When she first came to Jiangzhou, Liu Thirty did contact her, but she was not convenient to take Liu Thirty's calls at Ji Feng's home, so she didn't say anything to Liu Thirty.

When Ji Feng heard this, he understood that he could already be sure that Liu Thirty had lied to him, but Ji Feng was even more curious as to how Liu Thirty knew they were here!

Li Yueqin didn't say, in fact, she didn't know the exact address where Ji Shaolei had his wedding, and Li Yantong didn't say either, so who did Liu Thirty-three hear it from?

"Little brother, why are you suddenly asking about Liu Thirty?" Li Yantong asked.

"He's here!" Ji Feng said.

Li Yantong was stunned, "What? Who's here?"

Ji Feng said, "Sis, Liu XXX is here, he's in the restaurant downstairs, I asked Bai Zhu to take him to dinner."

"What?!"

Li Yantong was stunned at the sound of her words and said in dismay, "How did he come? How did he find his way here?"

Ji Feng said, "That's not known. However, not only did he come, but he also claimed to be your boyfriend in front of me Sister, are you still seeing each other?"

Li Yantong was instantly furious, "How could he do that! I've made it very clear to him that we broke up! In fact, from the time you went to Jinling last time, he and I have not been in touch much anymore, he junior, you take me to see him, I want to talk to him clearly!"

Ji Feng thought about it and said, "Sister, I think you should not see him now, I think this man's character seems to have some problems. Putting aside the question of whether he has low self-esteem for now, when he talks to me, he lies with his mouth open, so it is evident that he must be very used to lying in general."

Li Yantong pursed her lips and said, "Little brother, I understand what you mean, in fact I've already broken up with him."

Ji Feng smiled and asked, "I believe you in that, but did auntie force you to split up, or did you already recognize him as a person and split up voluntarily?"

Li Yantong was silent for a moment and said, "Little brother, in fact, to tell you the truth, at first my mother opposed me dating Liu XXX, at first I was a bit repulsed, but then after you went to Jinling, I quietly thought about it and also observed Liu XXX from the side, I think, what my mother said might be right, he is a person who is really sensitive sometimes."

"Of course, I don't know if that's because he has too much inferiority complex, but that kind of sensitivity of his rarely appears in people in general."

Li Yantong said, "How can I put it, well it's like when people say that they're being a thief, especially once I said I wanted to buy something and inadvertently talked about how the money was, and then he got very excited, and at that time when I thought about what my mum said, I suddenly realized that she was probably right!"

Ji Feng nodded slightly, it's easy to get confused when you're in a relationship, it's a good sign that she was able to take her time and calm down like that to observe from the side with a bystander's perspective.

"So from that time on, I was a little hesitant in my heart, and then when I thought about what happened before, the more I thought about it, the more I felt that my mother was right, and that this person, Liu XXX, did have a very low self-esteem." Li Yantong said, "Although he usually talks a lot about how he wants to struggle, but now that I think about it, this kind of performance just shows his low self-esteem"

If it was someone else's words, saying some grand words about struggling hard or something, that might be motivating, but with Li Yantong's understanding of Liu XXX, for him to say that is a bit

"So actually I have broken up with him, just happened to be seen by my mother once when we were in contact, and as a result scolded me." Li Yantong said.

"So that's how it is!" Ji Feng then laughed.

No wonder he saw Li Yantong sulking when he went to Jinling this time. It seemed that being forced to break up by Auntie Li was only a small part of the reason, the real reason was that she was planning to break up or had already broken up, but she was still caught and scolded.

The actual reason is that she was planning to break up or had already broken up but was caught red-handed." Ji Feng said, "Sister, Liu XXX is not just a person with low self-esteem, I'm afraid you didn't see him clearly."

Li Yantong shook her head and said, "Whether he has other flaws or not doesn't matter anymore, you take me to see him now, I want to talk to him clearly and get him back!"

Tick tock~!

Suddenly, two electronic sounds came from Li Yantong's body.

Ji Feng said, "Sister, it's a call, right?"

Li Yantong shook her head and said, "No, it's the phone that's out of battery, really, the battery of this phone really doesn't last at all, it needs to be charged every day"

Ji Feng laughed: "That's fine, give me your phone, I'll put it in the car below for you to charge it."

"Then I'll also go down with you, just in time to meet Liu XXX and let him go." As she spoke, Li Yantong handed the phone to Ji Feng.

Ji Feng looked at it, it was a very small lady's phone, certainly not much high end, just a very ordinary brand, it looked like her sister still retained that frugal habit even though she was at work.

"Hmm?!"

Ji Feng casually opened the phone to check the battery level, but then suddenly his gaze stared, "Sister, you have this positioning system on all the time, of course the battery is running out of power faster."

Li Yantong said strangely, "I didn't turn on the positioning system, maybe I came across it unintentionally."

Ji Feng nodded, casually turned off the positioning system and prepared to go downstairs, but to his surprise, he had just turned off the positioning system, but before he could lock the screen, he saw that the positioning system had turned on again or automatically!

Ji Feng immediately frowned, and casually tapped it twice more, but it still wouldn't turn off, so he couldn't help but ask: "Sister, when did you buy this phone?"

Li Yantong said, "I just bought it when I was at work, what's wrong?"

Ji Feng said, "Then it hasn't been that long, how come it's faulty?"

Li Yantong was stunned, "What's wrong with it?"

Ji Feng casually said, "Wait a moment first, I'll try."

After stopping and fiddling with Li Yantong's phone, after a while, Ji Feng suddenly frowned and looked at Li Yantong.

"Little brother, what's wrong?" Li Yantong asked.

"Sis, your phone is being monitored!" Ji Feng said.

"Huh?"

Li Yantong was taken aback when she heard that, "Spying? Are you mistaken, little brother, who is spying on me for what?"

Ji Feng handed the phone to her and said, "Look, your phone is installed with an anti-theft software that is bound to another phone, anyone with another phone can remotely turn on your positioning system at any time and know exactly where you are, and not only the positioning, but also your text messages, call records, etc."

Li Yantong's pretty face changed colour, "This, how is this possible"

She hurriedly picked up the phone and looked at it, and sure enough, she found that the anti-theft software on her phone had been turned on

"Now, I probably know how Liu XXX found his way here!"

Ji Feng said in a deep voice: "If I'm not wrong, he should have turned on your mobile phone positioning system, and knowing your location through satellite positioning, he could naturally find his way here. Moreover, he knew from his aunt earlier that we were here for the second brother's wedding, so he came here no wonder!"

Ji Feng had also been a bit strange, wondering where Liu thirty knew about this news from, at first he thought it was Li Yueqin or Li Yantong who told Liu thirty, but later it was confirmed that neither was the case.

Now, it seemed that this was the way that Liu Thirty should have used to determine Li Yantong's location.

The other phone that was tied to that anti-theft software was obviously Liu thirty's.

"He's spying on me!"

Li Yantong finally accepted this fact, but her face turned red with anger, she who was always mild-tempered was also a bit angry at this moment, imagine, who would like to have their whereabouts, the text messages and phone calls they sent to others all being seen without their awareness?

Even between a husband and wife there would most likely not be absolute trust, let alone the fact that she and Liu XXX are only boyfriend and girlfriend?

By the way, that was before, now they are not even boyfriend and girlfriend relationship anymore.

“Little brother, take me to find him!” Li Yantong was furious.

“I’m going even if you don’t say so, but sis, we can’t be so excited, just say what’s going on, don’t let others not do anything by then and get yourself pissed off first!” Ji Feng laughed.

“You’re still laughing!”

Li Yantong glared at him, “Quickly take me there!”

At this time, how could she care about charging her phone, being spied on by her ex-boyfriend – even by her own parents – was too much for many people to bear.

When Ji Feng and Li Yantong arrived at the restaurant downstairs, Liu Thirty was sitting at the dining table looking around, while Bai Zhu was sitting on a chair not far away near the door, where she was watching Liu Thirty as ordered by Ji Feng.

“Liu thirty!”

Li Yantong was furious as soon as she saw Liu thirty, she huffed and walked over, saying, “Why are you here?”

“Xiaotong!”

As soon as Liu thirty saw Li Yantong come in, his face instantly showed joy as he said, “Xiao Tong, I knew you were here for your cousin’s wedding, so I deserved to come over.”

Li Yantong said, “I am asking you, how did you know that I was here?!”

Liu Thirty said, “It was Auntie ……”

“Don’t use my mother as an excuse!” Li Yantong directly interrupted Liu thirty, “My mother doesn’t even know I’m here! Liu Thirty, you spied on me?!”

“Xiaotong, listen to me, I’m doing this because I love you ……,” Liu Thirty-eight hurriedly explained.

“You’re really spying on me!” Li Yantong pursed her lips, nodded heavily and said, “Liu thirty, I have made it very clear to you before, we have broken up, good riddance, don’t do these boring things, don’t make a bad impression of you in my mind, okay?”

Campus Master Chapter 2626

“You’re really spying on me!”

Li Yantong pursed her lips, nodded heavily and said, “Liu thirty, I’ve made it very clear to you before, we’ve broken up, good riddance, don’t do these boring things, don’t make a bad impression of you in my mind, okay?”

When Liu Thirty-three heard this, he immediately became anxious and said busily, “Xiao Tong, listen to my explanation, I am not spying on you, it’s just that this time I saw you leaving in a car, that’s why I wanted to know where exactly you had gone. Then I heard from my aunt that you came to Jiangzhou to

attend your cousin's wedding, I thought I should take this opportunity to show my appreciation and have a good talk with you by the way

"Stop it!"

Li Yantong shook her head and looked at Liu thirty who was arguing the whole time, there was a touch of sadness in her eyes as she said, "Liu thirty, from the last time I told you to break up, we no longer have any relationship, from today onwards, we will pretend that we never knew each other, and you should not contact me again in the future"

"This is not possible!"

Liu 30 said: "I love you so much, how can I pretend that I never knew you? We've loved each other for so long before"

Li Yantong, however, shook her head, turned around and left.

She was not willing to listen to Liu XXX any longer.

Ji Feng was more or less surprised, he didn't expect Li Yantong to break up so dryly, because he knew that his sister's character was somewhat weak, yet she was so resolute in this matter, I'm afraid it was also because Liu XXX had broken her heart by spying on her through her mobile phone.

"Xiaotong!"

When Liu thirty saw that Li Yantong was leaving, he hurriedly went up to catch up with her and was about to pull her hand.

Ji Feng fiercely stepped forward and blocked Liu thirty in front of her.

"Boom!"

Liu thirty's body slammed into Ji Feng's body, what good could it do? He was staggered by the impact and almost sat on his butt on the ground.

Ji Feng said indifferently, "Liu thirty-three, behave yourself."

Liu XXX's face turned red for a moment and glared at him, but didn't bother to pay attention to him, instead he shouted at Li Yantong, "Xiaotong, don't go, listen to me, I really love you"

Ji Feng asked indifferently, "You used your mobile phone to spy on her, is this also love for her?"

Liu thirty-three said sharply, "Just this once, I did this only because I was in a hurry, I've never done this before, and I promise I won't do it again!"

Hoo~!

Just as these words of Liu thirty spoke, Li Yantong suddenly stopped in her tracks, she turned around and looked at Liu thirty with disappointment and sadness in her eyes, slowly shook her head and said, "Liu thirty, how could you be like this?!"

"This"

Li Yantong's words made Liu Thirty a little dazed, saying, "What's wrong with me? Xiaotong, I know it's my fault for spying on you, but I really want to find a chance to talk to you properly, moreover, I heard that your cousin got married and I also wanted to come, thinking that if I could obtain the support of the rest of your family, there might be less resistance for the two of us to be together"

"Stop it!"

Li Yantong suddenly shouted, with a touch of unspeakable sadness in her eyes.

Liu XXX was suddenly stunned by this shout from her and could not help but say, "Xiaotong, what I said is all true"

"Is it all true?"

Li Yantong interrupted him and asked, "Do you dare to guarantee that what you said is all true?"

Liu XXX immediately nodded his head and said with great certainty, "Xiao Tong, what I said is true, think about it, when have I ever told you a lie? I'm not spying on you with my phone here either, I just want to know where you are, and I promise this is really the first time, I know I've upset you, this is my fault, I'll immediately unbind your anti-theft software"

"I only bought my phone a short time ago!"

Li Yantong, however, did not listen to what he said at all, but picked up her own phone and said, "At that time, after you bought it, you said you wanted to help me install some software and took my phone over and fiddled with it for half a day, so, you just wanted to install software to spy on me?"

Liu Thirty-eight was busy saying, "It's not like that, I just did it in case you lost your phone" and I really only checked your whereabouts for the first time"

"Is it really the first time?" Li Yantong asked.

"Of course it's true!" Liu Thirty nodded vigorously, "Xiaotong, I"

"Up to now you are still lying to me, do you think I am a fool, you can lie as much as you want?!" Li Yantong's voice steeply raised a few points.

Liu XXX then froze: "Xiaotong, when have I ever lied to you?!"

"Hoo~~!"

Li Yantong tilted her head and blinked her eyes hard, trying not to let the tears fall from her eyes, soothing her emotions for a while before she said, "Liu Thirty, this is not the first time that my mobile phone is in such a situation, have you forgotten that I told you before that this phone seems to be not so good, the battery is not very durable? What did you tell me at that time?"

When Liu Xie heard that, a flash of panic flashed in his eyes.

"You said that all phones nowadays are like this, consuming too much power, and that it would be good to charge it often." Li Yantong did not wait for him to answer, but said to herself, "Then do you still remember that I subsequently asked you another question?"

“Xiaotong

Liu thirty’s face finally changed and opened his mouth, but he could not say anything.

Li Yantong said, “I asked you why there was always some software automatically starting in my phone, and there were also times when I found that the positioning system had also started. At that time, you told me that some of them might be malicious software and the positioning system might be something I came across by hand remember?”

With an undisguised panic in his eyes, Liu XXX said, “Xiao Tong, what are you talking about now, I came this time

“You’ve been spying on me all along!” Li Yantong said angrily.

“.....”

Liu XXX was speechless.

Ji Feng watched from the side, his eyes narrowed slightly, and only then did he understand why his sister looked so angry, so disappointed and sad!

It turned out that it was surprisingly not the first time that he had discovered that Liu XXX was spying on her!

She hadn’t noticed it before, and even when she found out that the positioning system had been turned on, she had misheard Liu Thirty’s words and thought that she had inadvertently come across it herself, but it turned out that it was Liu Thirty who was spying on her.

“I just got to know you today, you don’t even blush when you lie! Lies come out of your mouth! How many nonsense words have you told since I stood here?” Li Yantong shook her head and wiped a tear from her eye, “Ridiculous I used to trust you so much and never doubted what you said, but today

She used to trust Liu Thirty so much that she never thought that Liu Thirty would deceive her, but now that she was looking at it from the perspective of a bystander, she found that Liu Thirty’s words were so untrustworthy, he was simply lying, he didn’t even blink when he lied!

“We broke up!” Li Yantong said.

“Xiaotong listen to my explanation, the reason why I did this is because I love you too much and I am afraid of losing you,” Liu Thirty panicked and explained in a panic.

“If what you say is true, then my mother is right, you really have low self-esteem!”

Li Yantong said, at this time, her emotions have gradually stabilized, just think of the previous wholeheartedly to him, but in return for his deception and surveillance, so the heart aggrieved, but now, but she has completely broken off, made up her mind to break up with him, instead, just calm down.

“If what you’re saying isn’t true, then you’re lying to me!”

“.....”

Liu XXX was speechless.

Li Yantong shook her head and said, "Liu thirty, that's it, don't let the impression of you in my mind become any worse."

Liu Thirty immediately blushed at the remark. He remembered that at the beginning Li Yantong had said the same thing to him, and at that time he was still lucky, but now he realized that it was Li Yantong giving him face again.

And now

This is the face that he himself fought to lose!

Looking at Liu XXX's face which was blue for a while, Li Yantong had an indescribable disappointment in her heart as she shook her head and turned to leave.

"Xiaotong, Xiaotong you don't go!"

Liu XXX was about to chase, but was stopped by Ji Feng.

"From now on, my sister no longer has any relationship with you, don't harass her anymore." Ji Feng said.

For this Liu XXX, Ji Feng no longer needed to say anything else.

The fact proved that Li Yueqin's judgment was very correct, this person not only had low self-esteem, but also had many flaws, lies came out of his mouth, and he was dead set on not admitting when he had done something wrong

Ji Feng originally did not have a good impression of this person, and at this moment, since his sister had already made a decision, then he naturally would not have a good look at this Liu XXX anymore.

"Please!" Ji Feng said indifferently.

"What do you know! This is a matter between me and your sister, you"

"Pop!"

Liu XXX's voice came to an abrupt halt!

Ji Feng clasped his neck with one hand, pinching him so hard that he couldn't say a word, "I may not know anything, but I wouldn't be as nasty as you! Get out!"

Liu thirty was greatly humiliated, but seeing that head of Ji Feng, and then thinking about that BMW x6 that Ji Feng drove, he stiffly did not dare to speak back, but only a resentful look flashed in his eyes, and left unwillingly.

As he left the hotel, Liu XXX looked back and secretly gritted his teeth, "You guys think you're great because you have a few stinking dollars, how dare you humiliate me like that, you wait, one day I'll make you regret it!"

There is such a kind of people in this world, they never look for mistakes in themselves, let alone review themselves, they only focus on the mistakes of others.

There was no doubt that Liu XXX was such a person.

Ji Feng didn't take Liu thirty's reaction to heart, in fact, if it wasn't for his sister's sake, he definitely wouldn't have let Liu thirty leave so easily today.

But now he hurriedly chased after him, signaling Bai Zhu to take Li Yantong to the car first, then he thought about it and hurriedly called Tong Lei and the girls, this kind of thing is still more talkable and better comforted between women.

However, for that Liu XXX, Ji Feng is already disgusted to the extreme!

Campus Master Chapter 2627

Ji Shaolei's wedding came to a successful conclusion.

Although there was a slight hiccup in the middle, it did not affect the wedding process, and in fact none of the guests at the venue knew what had happened outside up to now.

The two guys who wanted to cause trouble had also been taken over by Xiang Yongzhan and had long since been escorted to the military camp.

If they dare to make trouble at their sister's wedding, Xiang Yongzhan will not be very polite to them, and these two guys will have to shed their skin even if they don't die.

After the wedding, Ji Feng, Ji Shaodong and the others started to stand at the entrance to see off those guests.

Some of the guests who were a little more distant had already left, such as Ji Shaolei's at the same time, and some business partners, and now the rest were all closer.

Li Weibing was one of them, Ji Feng had greeted him before the wedding started, but at that time, because there were too many guests, Ji Feng didn't have much time to talk to him alone, so at this moment, seeing that all the other guests had already left, Li Weibing shook hands with Ji Feng at the door, but chatted a bit more.

"Older brother, Shao Lei has already gotten married, so it's your turn next, right?" Li Weibing asked smilingly, with some alcoholic intent on his face, but it wasn't strong.

"I haven't decided yet." Ji Feng smiled.

"Get a grip."

Li Weibing laughed, "I'm waiting to drink your wedding wine!"

Ji Feng nodded and smiled, but his heart was a bit complicated, if he wanted to get married, but some

Think about Xiao Yuxuan and Xu Yuan, and Qin Shujie.

These thoughts just flashed in Ji Feng's mind, and Li Weibing chatted for a while, Ji Feng politely asked about Li Weidong and Li Ruonan's situation, who knew that Li Weibing was giving him an unexpected answer.

“They, too, are probably close, anyway, Weidong is close, that kid is too unorthodox, my old man has taught him a few hard lessons, now he finally knows to put his mind at ease.” Li Weibing shook his head and laughed.

“What about Ruo Nan?” Ji Feng immediately asked.

“I’m afraid she’s also got a job.” Li Weibing said, “She has a middle school classmate who came back from abroad this year, I see that the two of them are getting along quite well, but this girl is too crazy, she just thinks about cases all day long, sigh, I have a headache.”

“Is that so?”

Ji Feng smiled at his words and said, “It means she’s serious about her work, that’s a good thing! By the way, what does that boyfriend of hers do?”

Li Weibing said, “It’s also a businessman, which just came back from abroad not very long, what specifically do not have settled yet”

Ji Feng then silently nodded and smiled: “So, Ruo Nan found a sea-returned elite ah.”

“What sea-returned elite”

Li Weibing shook his head, seemed to want to say something, but did not say it, just said: “Older brother, then that’s it for today, I also drank a lot of wine, so I will not delay you here, when you get married be sure to notify me, I am still waiting to drink your wedding wine!”

Ji Feng nodded and laughed, “Don’t worry, by then even if you don’t want to come, I’ll have to drag you here!”

Li Weibing immediately laughed, the flower palanquin people carry people, Ji Feng so give face, he is naturally in a happy mood, nodded and said, “Do not worry! Alright, that’s it, I’m leaving.”

Ji Feng saw that he had some alcoholic feelings, so he said, “I’ll see you off.”

“No, no, I’ll take a taxi below, stay!” Li Weibing waved his hand and said with a smile.

“Then you take care of yourself on the way!” Ji Feng shook hands with him, as there were more guests coming behind him, he didn’t have time to see Li Weibing off and could only wave his hand.

Only, while chatting with the others, Ji Feng couldn’t help but glance at Li Weibing’s back again and pursed his lips.

After the wedding, it took another hour or so to send all the guests away, and even Ji Feng couldn’t help but rub his face, tired of keeping a smile on his face the whole time.

After sending all the guests away, all that was left was his own family, but at this moment it was late, and there wasn’t much time to chat, second uncle Ji Zhenguo had already arranged for someone to settle the hotel’s bill, Ji Feng remembered that there was still the money for the dishes at Liu XXX’s table that hadn’t been counted, and he hurriedly asked Bai Zhu to settle the bill, before leaving with everyone.

When they went back, they still followed the previous arrangement, Ji Zhenhua did not go to his villa, but went to stay at a hotel with his wife Xiao Sumei, Ji Shaolei took Xiang Yurou back to her new room, and everyone else also left separately.

After a toss and turn, when he returned home it was already after eleven o'clock at night. Ji Feng first looked at his sister Li Yantong and saw that her mood was quite stable, although there was still some sadness in her eyes, but not too much, he then put his mind at ease.

Moreover, Xiao Yuxuan and Tong Lei were still chatting with her, Xiao Ying and Han Zhen and Bai Zhu were also there, and it was still easy for the girls to open up to each other, so Ji Feng wasn't too worried.

Back in the bedroom, with nothing to do around, Ji Feng began to habitually start cultivating.

However, sitting on the bed, Ji Feng could not enter that state of cultivation. He intended to concentrate on entering the training space of the intelligent brain, but his heart was a bit confused, so he gave up this intention and sat on the bed and started to dwell.

Somehow, Ji Feng suddenly remembered what Li Weibing had said, that Li Ruonan had a boyfriend, and that person was her high school classmate, and was also a sea-going elite.

Of course, nowadays, the elite seafarers are far less popular than they were a decade or two ago. What Ji Feng kept in mind was that this person was Li RuoNan's middle school classmate, and according to Li Weibing, the two of them seemed to be getting along quite well with each other.

Ji Feng's heart was more or less unpleasant.

The fact that Li RuoNan was interested in him in the past was clear to him, and he was also attracted to him, but he did not have any substantial expression.

Perhaps for some men, having a few women, it represents a kind of success and will give them a sense of achievement, but for Ji Feng, this is not the case.

He is sincere and gives his true feelings to every woman he has, not just playing around and forgetting about it.

However, his own feelings but and energy is limited, one more woman may be one less for the others, which is not fair to them all.

The reason for this is that when Ji Feng knew that Li Ruo Nan liked him and even hinted at him several times, he still didn't say anything, because he knew that if he and Li Ruo Nan really broke the window paper, it would be unfair to Li Ruo Nan and also to Tong Lei and Xiao Yuxuan and the other women, they would also be in debt.

So Ji Feng chose to distance himself from Li Ruo Nan, so much so that he might not contact her for a long time.

But at the bottom of his heart, there is not necessarily no place for Li Ruo Nan, but he has restrained himself, thinking and doing are two different things.

However, today, hearing Li Weibing talk about it, Li Ruo Nan has a boyfriend, and is also her high school classmate, perhaps it can be said to be a childhood friend, which makes Ji Feng listen, how to have a kind of complex taste in the heart.

“Perhaps, this is much happier than her following herself!” Ji Feng secretly said, comforting himself in this way, but the trace of loss and reluctance that lingered in his heart could not be concealed in any way.

“The hardest thing for people is to deceive themselves.” Ji Feng shook his head.

Ji Feng thought about Ding Weijian’s visit to Tengfei Group to borrow cars again. According to him, Li Ruonan borrowed these cars for a mission, and from all the circumstances, this mission should be very dangerous, and he didn’t know what kind of mission Li Ruonan was actually on, and even more so, he didn’t know how far it was going now.

In the end, Ji Feng decided not to think about this matter anymore, he concentrated his mind and entered the training space of the intelligent brain.

After going through the most basic training, Ji Feng began to deduce the subsequent cultivation method for the third stage again. In the database of the intelligent brain, the body-building exercises only reached the third stage, and the fourth stage was completely absent after that, which required him to do the deduction himself.

But this kind of cultivation method is not that easy to deduce, not only do you need a solid foundation, but you also need to have an overwhelming enlightenment, as well as some chance.

According to the introduction of the intelligent brain and Ji Feng’s understanding, in simple terms, the first three stages of body-building exercises were the same for any super agent of the Gamma Galaxy, but cultivating further back was the watershed that would determine how each person’s future path should go.

For example, the battle between the two top experts of the Gamma system that the intelligent brain had shown to Ji Feng, although those two people were still far from what was depicted in science fiction movies or some novels, they could move mountains and reclamation with the throw of their hands, but the scene of one of them standing a hundred meters high and blowing up a mountain with one punch, still gave Ji Feng too much of a shock!

Until now, every time Ji Feng thought about it, he still had a feeling of boiling blood, and he was incomparably yearning for it.

But there was still a long, long way to go to reach their kind of height.

And the prerequisite is to find the road first!

But how exactly to find this path was not that easy to find, so Ji Feng could only keep practising the first three stages of body building exercises over and over again, and since he didn’t know how to pioneer the fourth stage for the time being, he would just build a solid foundation.

The next morning, Ji Feng got up early to go for a run, bringing breakfast with him on his way back, and by the way, he also bought a newspaper from a book and newspaper kiosk, having not been back for some time, so he could find out what news had been happening in Jiangzhou in recent times.

When he returned home, he saw that Xiao Yuxuan and the other women were also moving their bodies in the backyard of the villa, and even, Xiao Yuxuan and Tong Lei were asking Bai Zhu Han Zhen and the others for advice on fighting techniques, while Li Yantong was watching with interest from the side.

Ji Feng couldn't help but laugh: "Why are you so excited today? I didn't even want to teach you guys before!"

He had also taught Tong Lei and Xiao Yuxuan in the past, especially in close combat, they had been practicing aerobics for quite some time, and although they had not practiced very hard, at least the foundation was there, so if they had to practice fighting, they would definitely be much faster than the average person.

But they didn't seem too enthusiastic about it, so why did they become interested today?

Campus Master Chapter 2628

Xiao Yuxuan pursed her lips and smiled, "We've been practicing recently, you don't know?"

Ji Feng then faintly froze, he really didn't know, after all, he had been out all this time, hardly ever stayed at home, naturally he didn't live in the ground when Xiao Yuxuan and the girls started practicing fighting arts!

"This was suggested by Lei Lei." Xiao Yuxuan said with a light smile.

"Oh?"

Ji Feng was then a little surprised and looked at Tong Lei, and became even more surprised. He knew Tong Lei's character better than anyone, she was the least enthusiastic about all this, so how come he was the one who took the initiative now instead?

Tong Lei's pretty face was slightly red as she said, "I just think that I should at least have the ability to protect myself, so that if anything happens, I won't say I'll give you a hand, but I can't drag you down either."

The idea of Tong Lei having this idea had only arisen from her time in Hangzhou, Jiangsu Province.

At that time, Ji Feng was engaged in a battle with the Jiangzhe lineage, in which there was also the threat of the gangsters, while at that time, Tong Lei could only hide in the guest house, and even when she went out to buy something, she had to be careful, for fear of being targeted by the enemy thus causing trouble for Ji Feng.

Ji Feng also went to the guest house several times to protect her and her mother, which distracted a lot of energy.

It was from that time that Tong Lei had the idea of practicing fighting skills in her mind, because she knew that Ji Feng had many enemies and this situation might occur more than once in the future, and if she was still like this then, she might really drag Ji Feng down.

So ever since she returned to Jiangzhou, she had taken the initiative to learn fighting from Han Zhen.

Xiao Yuxuan knew about it and likewise agreed with Tong Lei's idea, so these days they would get up early every morning to practice, only today Li Yantong was there, so they simply brought Li Yantong along too.

Ji Feng couldn't help but smile faintly after hearing this, and only felt extra warmth in his heart.

Although she is usually cold, she is full of tenderness in front of him, and she even has a style that overwhelms people, but only in front of him, and only he has the opportunity to appreciate it.

This is also the case at the moment, Tong Lei has never mentioned to him about practicing combat arts, but is already practicing hard, in order not to drag him down.

Ji Feng knew that Tong Lei actually did not like these fighting and killing things, but for his sake, Tong Lei was willing to change.

"Rest for a while and have breakfast first." Ji Feng didn't say much, but the pity in his heart was something that even a blind man could see, Li Yantong even pursed her lips and smiled lightly, this little brother of his was really a love child.

After having breakfast, Li Yantong wanted to go back, but could not resist the retention of Xiao Yuxuan and Tong Lei, so she had to stay.

"Sister, why do I feel like my place is like a hostel when you're leaving after eating here?" Ji Feng laughed, "It's not so urgent, is it?"

"Yes Yan Tong, although Jinling is equally prosperous, but there is always something different about Jiangzhou, today I happen to not have to go to the office either, let's take a stroll together." Xiao Yuxuan also followed, however, she did not follow Ji Feng and Tong Lei to call Li Yantong sister, after all, her age is actually older than Li Yantong, this voice sister she really somehow can not call out.

In fact, if Xiao Yuxuan really called her sister, Li Yantong would really be a bit uncomfortable.

Li Yantong had no choice but to smile and nod her head in agreement.

The first time I saw her, she ran over happily, her little mouth was so sweet that she opened her mouth and called her sister, sister, sister, sister.

The only thing is that Ji Feng is a bit helpless, because a group of people on the street, he is a man, the other are all women, but also all look extraordinarily beautiful, walking in the street turn around rate is a bit scary.

The key problem is that when the pedestrians on the road saw that these beautiful girls were actually followed by a man, all sorts of odd gazes were immediately fixed on Ji Feng's body, causing Xiao Yuxuan's women to purse their lips and laugh.

"Yan Tong, don't leave in such a hurry, stay in Jiangzhou for a few more days, there will be a jewellery exhibition in Jiangzhou next week, famous jewelers from all over the world will come to exhibit!" Xiao Yuxuan said, "Let's go shopping together then."

“A jewellery exhibition?”

Li Yantong was a little hesitant, “Yu Xuan, this jewelry exhibition doesn’t have much to do with me, right, I can’t afford it”

Xiao Yuxuan immediately said, “Yan Tong, you are not right, it does not matter whether you buy or not, the key is to see all kinds of jewellery, it is also an opportunity to open your eyes, besides, Xiao Feng’s is yours, why do you need to be so concerned about it!”

Tong Lei said, “Yes, sister, I have not seen the jewellery exhibition either, let’s stay a few more days.”

“This” Li Yantong was still a little hesitant, she had been poor since she was a child, and in her consciousness it seemed that the jewellery show did not have much to do with her.

“Don’t hesitate, Yan Tong, you’re a bit out of touch like this.” Xiao Yuxuan took Li Yantong’s hand and said, “Look at Xiaoyu, she has never been a stranger, we are already a family.”

“Yes sister, over the past few years, third brother has bought me so many things.” Ji Xiaoyu said with a smile, “We are already a family, don’t make such a clear distinction!”

“This” is fine.”

Seeing Ji Feng’s look with a touch of expectation, Li Yantong couldn’t help but have a soft heart and nod her head in agreement. In fact, no woman can refuse the temptation of all kinds of expensive jewellery, even just going to have a look is a kind of enjoyment.

What’s more, Li Yantong really didn’t treat Ji Feng as an outsider, she was just a little uncomfortable.

Everyone was happy to see Ji Feng agree to come down, and Xiao Yuxuan even winked quietly at Ji Feng, those eyes seemed to speak, the meaning seemed to be saying, “How about it, I’ve kept Yantong, how are you going to thank me?”

Ji Feng then looked at her towering puffy breasts and gave a bad and silent smile, which instantly made Xiao Yuxuan’s pretty face hot.

Seeing that delicate look of hers, Ji Feng couldn’t help but have his heart on fire.

However, it was not until this time that Ji Feng learned that Jiangzhou was going to host the largest jewellery exhibition in Asia, which had been prepared and publicized from a month or two ago, and the organizer was a very famous jeweler in Jiangzhou.

According to Xiao Yuxuan, this jewellery exhibition will gather all the major jewellers from all over the world, and there are even a few precious jewels from the royal family of England to be exhibited, which is a very large scale.

This kind of large exhibition may not be seen in small cities, but it is not uncommon in international metropolises like Jiangzhou, where there are similar exhibitions almost every year, such as clothing shows, car shows and so on.

Ji Feng had never seen this jewellery exhibition before.

However, hearing that the specifications of this jewellery exhibition were so high, Ji Feng suddenly had a thought in his mind that Qin Shujie should also be a jeweller, and if her products could be on this exhibition, it would certainly be of great help to her in developing the market.

So while Xiao Yuxuan and the girls were shopping at the mall, Ji Feng made a phone call to Qin Shujie.

At the same time, Qin Shujie was writing a piece of information in the company's office. After tapping on the keyboard for a while, she couldn't help but stop again, leaned back, leaned her head on the chair rest pillow, couldn't help but rub her brow, and exhaled long and hard.

"Whew~!"

Qin Shujie shook her head, looking a little tired.

Although the business of the jewellery company was getting better and better recently, and the profits were much higher than before, Qin Shujie's sense of crisis was much stronger.

The company's profits were higher than before only because the jewellery market was better than before, but the market share had actually declined compared to before.

If this trend continues, the company's profits will gradually go down, and it may not even last for a few years.

"Ding Ding"

The phone on her desk rang, and Qin Shujie casually picked it up, "Hello."

"Mr. Qin, someone from Best Jewelry called again just now, hoping to talk to us about matters related to the acquisition", came the voice of the assistant on the phone.

"Another acquisition" Qin Shujie smiled helplessly, she already didn't know how many similar calls she had received, basically some big brands wanted to acquire her jewellery company and make it into a sub-brand under those big brands.

"Reply to them and say that I will consider it." Qin Shujie said.

"Yes!"

After hanging up the phone, Qin Shujie couldn't help but sigh.

How much money this jewellery company could make was actually not something she particularly cared about, with her current assets, even if she retired today, she would be clothed and fed for the rest of her life.

However, Qin Shujie was not willing to do so, because this jewellery company was what she wanted to leave to her daughter Yaoyao, and it was also a sign of her hard work, and she did not want the jewellery company to just fall away in her hands.

But the situation at hand left her a little helpless, the company was small and it was not that easy to grow bigger and stronger.

Qin Shujie rubbed her brow and her eyes fell on a photo next to the computer. On that photo, Ji Feng was hugging Yao Yao, and the little girl was smiling extraordinarily happily.

Qin Shujie's face could not help but reveal a smile, these two people, were the ones she loved the most, and seeing them, she suddenly had the motivation to fight.

Qin Shujie, who had renewed her fighting spirit, was about to continue writing when her phone suddenly rang.

"Ji Feng?!"

At first receiving Ji Feng's call, Qin Shujie was pleasantly surprised, "Why did you think of calling me at this time?"

Hearing Qin Shujie's soft and charming voice, the corner of Ji Feng's mouth couldn't help but pull up a slight curve as he smiled, "Shujie, how are you doing lately?"

"Well, I'm fine." Qin Shujie said, "Yao Yao is also fine, you don't need to worry about it."

"I've been too busy lately, I"

"I know, you don't need to explain." Qin Shujie's face wore a happy smile as she said, "I understand everything."

Even through the phone, Ji Feng could feel Qin Shujie's softness, "Shujie, I'm going to see you and Yao Yao tonight."

Campus Master Chapter 2629

When Ji Feng arrived at Qin Shujie's house, it was already after seven o'clock in the evening.

Qin Shujie opened the door for Ji Feng and then gave him slippers from the shoe closet. Even though Ji Feng may only come once in a long time, in Qin Shujie's heart, this is Ji Feng's home, and the house is always prepared with things for Ji Feng, from slippers to bath towels.

At this time, Qin Shujie was wearing a home dress, dark cyan shorts wrapped around her round and shapely buttocks, making Qin Shujie, who was bending over to give Ji Feng those slippers, full of temptation.

"Change your shoes!" Qin Shujie was like a little wife welcoming her husband home, her face and eyes were full of tenderness, and her voice was also soft.

However, Ji Feng suddenly took Qin Shujie in his arms and kissed her on her delicate red lips, smelling the fragrance of her body between his nostrils, and asked, "Shujie, did you miss me?"

Qin Shujie nestled in his arms and softly mewled, but then her body just stiffened, and then she softened, leaning tightly into his arms Ji Feng's pair of beaten hands had climbed onto Qin Shujie's plump, rounded buttocks and kneaded them hard.

Qin Shujie was squeezed by him, his body was soft, his eyes were a bit misty, his shell teeth biting his red lips, almost moaned `naked.

“Ji Feng, first, let’s eat first, it will get cold if we don’t eat again.” Qin Shujie’s voice was trembling a little.

“But I want to eat you first.” Ji Feng said badly in her ear, while seeing her delicate earlobe, he couldn’t help but kiss it, and kissed her jade neck, and gently bit it.

Qin Shujie’s body couldn’t help but tighten violently again, “Well

She hurriedly bit her lips.

Ji Feng’s hand had already probed in through Qin Shujie’s shorts and grabbed the beautiful buttocks that were full of amazing elasticity, which made Qin Shujie almost scream out and said in a panic, “Little bad egg, stop it.”

Ji Feng was not a lustful and anxious person, but Qin Shujie was really amazingly charming and too flirtatious, so it still took him a lot of perseverance to let go of this stunning beauty in his arms.

The first thing you need to do is to get a good look at the situation.

Ji Feng was likewise thumping his heart, he could not wait to carry Qin Shujie into the room right now Qin Shujie sensed something bad from Ji Feng’s eyes, she hurriedly said, “Come in and eat, the food is getting cold.”

“Humph!”

Ji Feng naturally saw through her small mind and gave her a squeeze on her puffy breasts.

Qin Shujie shuddered and snapped, “Nasty, little rascal!”

Ji Feng heatedly laughed, Qin Shujie was not slutty, the flirtatiousness that she just unintentionally exuded was enough to attract any normal man.

The first thing that happened was that the dishes were all fastened with plates, obviously Qin Shujie was afraid that they would get cold, it seemed that she had been preparing them for a while.

When Ji Feng uncovered a plate, he felt that the dishes were still hot, he pinched one and was about to put it in his mouth when his hand was slapped by Qin Shujie.

“Go wash your hands!” Qin Shujie glared with her beautiful eyes and said.

“Where’s Yao Yao?”

Ji Feng walked towards the bathroom while looking around but didn’t find Yaoyao, so he couldn’t help but ask, “It’s time to eat, where did this little girl go?”

Qin Shujie said, “You still say that, Yao Yao has played all day and is tired of running, just now I made her some food and let her sleep first after eating.”

Ji Feng then looked at Qin Shujie and gave a heated smile.

Qin Shujie blushed instantly, today Ji Feng came, but she put Yao Yao to bed so early, is it not She immediately said, “Little rascal, no nonsense, Yao Yao is learning dance today, she is tired!”

Ji Feng smiled wickedly, "Then tell me, what did I think nonsense about?"

Qin Shujie's pretty face heated up as she gave him a white look and turned around to take a bowl to serve Ji Feng's rice.

When she was eating, Qin Shujie did not eat much, and she did not eat very fast, she looked very elegant, but her eyes would fall on Ji Feng most of the time, just as Ji Feng was also looking at her, the two of them looked at each other and smiled, a kind of warmth and sweetness flowed between them.

After finishing the meal, Qin Shujie put away the dishes very neatly. When everything was cleaned up, Ji Feng opened his arms and Qin Shujie leaned into his arms with a hot face.

Ji Feng did not hesitate to kiss Qin Shujie's delicate red lips, greedily tasting her lilac tongue, and his hands were even more unfaithful in roaming over her body.

As the saying goes, a small parting is better than a new marriage, although Ji Feng is not with Qin Shujie every day, but it is this kind of parting that has a different taste and makes the two of them also have more anticipation and joy after meeting each other.

"Go back to your room, okay? Don't wake up Yao Yao." Qin Shujie forced herself to endure the intense pleasure Ji Feng's pair of large hands stroking over her body brought to her, and whispered.

"Kids sleep deeply, it doesn't matter." Ji Feng said with a bad smile.

Qin Shujie, however, was expectant and nervous, and a kind of excitement as if she was stealing, but she was still afraid that this would wake up her daughter, although her daughter was still young, but if she saw it, it would be equally too humiliating and too

Qin Shujie was just about to speak when she suddenly heard a clattering sound, she was startled and immediately whispered, "Ji Feng, Yao Yao is awake!"

Ji Feng was stunned, he also heard the sound, so he immediately said, "Then go and take a look."

Small children would sometimes feel scared if they woke up alone in their rooms at night, and small children who were scared at a young age would probably grow up to be very timid.

Just then, however, the door to the bedroom room was opened, only to see Yoyo's little white hands rubbing her eyes, somewhat sleepily, as she walked out.

And that clacking sound was the sound made by her little feet walking out in a pair of big slippers, which were Qin Shujie's slippers!

The little girl was wearing a cartoon pajamas, her pigtailed had been opened at some point, her hair was scattered, her arms that seemed like lotus roots were flopping around, and because she was wearing her mother's slippers, she was walking a little unsteadily, wobbling, simply adorable to the extreme!

"Yao Yao!" Ji Feng was amused at the sight, and couldn't help but shout out.

Qin Shujie hurriedly broke away from Ji Feng's embrace, but saw that Yao Yao couldn't help but froze after hearing the voice, and then those still sleepy eyes immediately lit up.

"Ee?"

The little girl instantly said in surprise, "It's daddy?! It's daddy!"

Before the words left her mouth, the little girl immediately lunged forward, but the slippers on her feet were too big and instantly tripped her up, Qin Shujie was startled and instinctively tried to help Yao Yao, but found that Ji Feng had unexpectedly reached Yao Yao at some point and had already held her in his arms before she could fall down.

"Little girl, why are you wearing mommy's slippers?!" Ji Feng laughed, "Almost fell down!"

"Hee hee!"

The little girl, however, was not scared at all and said, "Daddy, when did you come?"

Ji Feng said, "Daddy came very early, you were still sleeping at that time."

The little girl then wondered, "Then how come I didn't dream about daddy?"

Ji Feng was instantly amused by this, children's thoughts were really simple and naive, in her mind she was sleeping when she came by herself and seemed to be able to appear in her dreams.

"That's because Yaoyao doesn't want to think about daddy, if she did, she would be able to dream about it." Ji Feng laughed.

"But I miss daddy!"

Yao Yao was a bit worried and didn't seem to understand very well, "But how come I haven't dreamt of daddy yet?"

Ji Feng laughed: "Well"

Qin Shujie then snickered at the side, telling you to casually coax the child again, see how you answer little rascal!

"Then does Yao Yao want to dream about daddy more, or do you want to see daddy directly more?" Ji Feng asked with a smile.

"Both want to." Yao Yao said.

Ji Feng smiled and nodded, saying, "Then, okay, you kiss daddy, and daddy will visit you often in the future, okay?"

The little girl then got a little sad and pointed at the stubble on Ji Feng's face that was already a little green and said, "Daddy, zap."

Ji Feng immediately laughed and gave the little girl a kiss on her little cheeks, which immediately made her giggle, but her little hand was wrapped around Ji Feng's neck and wouldn't let go.

Seeing her daughter's dependence on Ji Feng, Qin Shujie's heart was filled with happiness.

But at this moment, only to hear the little girl say, "Daddy, were you hitting mommy just now?"

Ji Feng and Qin Shujie were stunned at the same time, and they looked at each other, neither of them understanding for a moment what the little girl meant.

Ji Feng asked, "Yao Yao, why do you ask that?"

The little girl said, "Just now I saw daddy beating mommy's butt did mommy make a mistake?"

"....."

"Look what you did!" Qin Shujie immediately made a big red face, ashamed and angry, fiercely glared at Ji Feng, the scene of making out just now was really seen by her daughter! She originally thought that her daughter should not have seen clearly when she came out of her sleepy eyes, who would have thought that

Ji Feng also froze for a moment, and then realized that Yao Yao was talking about the scene where he kneaded Qin Shujie's beautiful buttocks, which made him couldn't help but also be a little embarrassed and his old face heated up.

"Ahem"

Ji Feng coughed dryly, looked at Qin Shujie, and then scratched Yao Yao's little nose and said, "Yao Yao, you were looking at the wrong thing just now, daddy wasn't beating mommy, he was looking to see if mommy had grown fat."

Qin Shujie smiled and could not help but have black lines all over her bare forehead, what is this all about

Who knows, instead, the little girl believed Ji Feng, with a look of dawning realization, nodded her head and said, "Wow~! Yaoyao understands! Is mommy fat then?"

Ji Feng laughed, "Mommy hasn't gained weight, so has Yaoyao gained weight?"

Yaoyao froze and hurriedly shook her head, "No! Yaoyao didn't gain weight, all the rice Yaoyao ate grew in size!"

Ji Feng was dumbfounded

Campus Master Chapter 2630

The arrival of Ji Feng made the little girl extra excited, plus the little girl had already slept for a long time before Ji Feng came, as a result, the little girl came to life and fussed until eleven o'clock at night before she gave up.

Although the weather is not too hot now, but the little girl is too fussy, see the little pajamas are damp, Qin Shujie while scolding, gave the little girl another bath, before coaxing her to sleep.

But the little girl is still a little reluctant, even if she is already sleepy-eyed, that white tender little hand still clutching Ji Feng's clothes, afraid that Ji Feng will leave.

This little look made Ji Feng funny and loving, but Qin Shujie looked at it in her eyes but her heart was very happy, her daughter had obviously really taken Ji Feng as her real father, children are like that, she is very simple, she will be close to whoever is good to her, think about her real father never treated her like this before, the little girl is no wonder so clinging to Ji Feng.

Only when Ji Feng promised to visit her when he had time in the future did the little girl go to bed contentedly.

Qin Shujie lovingly covered her with her little quilt, then put out the cartoonish lamp on her bed and sat on the edge of the bed to lull her to sleep.

It was also fortunate that the little girl could toss and turn, so she soon fell asleep.

“Let’s go!”

Qin Shujie lowered her voice and said, “Move a little slower, don’t wake her up.”

This was naturally nothing difficult for Ji Feng, even if he managed not to make any sound at all while walking, this was not a difficult task.

When Qin Shujie closed the door behind her, she shook her head and smiled, sat down on the sofa next to Ji Feng, and said softly, “Yao Yao is too rowdy.”

Ji Feng laughed, “It’s good that children can be rambunctious, if they are dull and silly from a young age, I’m afraid you’ll be the one to worry.”

When she mentioned her daughter’s resourcefulness, Qin Shujie couldn’t help but be proud, and her beautiful eyes looked at Ji Feng as she said softly, “Ji Feng, thank you.”

“Thank me for what?”

Ji Feng raised his eyebrows and asked.

Qin Shujie said, “Thank you for loving Yao Yao so much, if it wasn’t for you, I’m afraid that our mother and daughter wouldn’t have such a happy life now.”

Ji Feng immediately hummed, “So, you are willing to follow me just because of gratitude?”

“You.”

Qin Shujie shook her head helplessly and said, “You know it’s not like that, but you still have to tease me! Boo!”

She gave Ji Feng a kiss on his cheek and said, “Husband!”

Ji Feng was stunned, “What did you call me?”

“Husband!”

Qin Shujie’s beautiful eyes had a happy smile in them as she snapped, “So you’re satisfied, right?!”

Seeing her pleasantly angry look, where could Ji Feng still hold back, he made a side turn and directly pressed Qin Shujie underneath him, kissing her seductive red lips, while a hand climbed onto Qin Shujie’s plump and delicate body.

“Mmmm”

Qin Shujie couldn’t help but let out a whisper, “Honey, carry me to the bedroom.”

Ji Feng didn't say a word, he picked her up horizontally and walked into the bedroom with big steps, when Ji Feng turned back and closed the bedroom door, Qin Shujie had already gotten under the covers, but her beautiful eyes were full of endless temptation, looking at Ji Feng, as if she was expecting him to come.

When Ji Feng embraced Qin Shujie into his arms, the loose housecoat on her body was easily removed and her seductive torso was already leaning tightly against Ji Feng.

Qin Shujie exhaled like an orchid, her arms hooked around Ji Feng's neck, enjoying his caress, only to feel as if she had soared up into the clouds.

After a period of time, Qin Shujie's torso seemed to have slimmed down a bit, but it was more elastic, especially her long, slender legs, the smooth skin, coiled around Ji Feng's waist was simply soul-crushing.

The soul-crushing wonderful feeling made Ji Feng couldn't hold back any longer, and as soon as his waist sank, he entered the depths of the already muddy flower path

The next thing was the uncontrollable relief Qin Shujie felt, the soul-crushing sensation that seemed to melt even her torso, so that she could no longer hold back her whimpers.

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own.

.....

"Oooh!"

The first time I saw a woman, I was in the middle of a fight.

Ji Feng kissed her and tenderly caressed her, causing Qin Shujie to gradually come back to her senses, "Phew~~!" She couldn't help but let out a long breath, and her whole body seemed to fly up.

"Honey, you're so good."

Qin Shujie chanted lowly, "Just now I felt as if I was flying"

What men like most is a woman's compliment in bed, for men it is a supreme achievement and honor.

Ji Feng is also no exception, hearing Qin Shujie's heartfelt emotion, he instantly heatedly laughed and whispered, "If I'm not great, how can I subdue this demon spirit of yours!"

"Nasty!"

Qin Shujie pouted, "I'm your woman, not a demon spirit."

Ji Feng smiled wickedly, "But in my opinion, you are a most charming demon spirit."

"Then do you like goblins?" Qin Shujie's eyes flashed in her beautiful eyes.

"I like you as a leprechaun." Ji Feng smiled badly.

"Then I'll be a demon spirit for you alone!" Qin Shujie's body exuded an extremely flirtatious and seductive power, and the tenderness and teasing in her words was something that would drive any normal man who heard this crazy.

So, when Ji Feng once again pressed Qin Shujie's already flaccid body and tormented it to the fullest, Qin Shujie learned how strong her man was and also knew the consequences of her teasing him, that is – she could only take the initiative to beg for mercy, otherwise, I'm afraid she wouldn't be able to get up until noon tomorrow.

But the soul-crushing comfort and bone-chilling sensation was like an addictive poison, and she was hooked to the core.

Half an hour later, after Qin Shujie begged for mercy, Ji Feng finally let her go, but at this time, Qin Shujie seemed as if all her bones were crispy, just like a small cat, snuggling in Ji Feng's arms, her eyes still a little lost in thought, still immersed in that unparalleled pleasure.

"Honey, why are you so strong"

When Qin Shujie recovered from the afterglow of that high's tide, she couldn't help but pout.

Ji Feng was too strong, and now there was still restraint, if there was no restraint, she was afraid that if she let Ji Feng toss and turn, she would be tossed to death.

In the past, when Qin Shujie talked to her friends and girlfriends about this topic, all she heard was her girlfriends complaining that their husbands were slightly older and their bodies and durability were not as good as before, making them very dissatisfied.

But now Qin Shujie is trying to say to them that there is no such thing as a tough man, but can you stand it?

"It's you who teased me, now you know how powerful it is, right?!" Ji Feng said with a bad smile.

"Who knew you were so strong!" Qin Shujie snapped, she used to know that Ji Feng was strong, but, Ji Feng didn't use to ask for more than she wanted, so she didn't feel too strongly about it, but today she realized that Ji Feng was actually strong to such an extent.

"So, do you like to be strong, or do you like to be weaker?" Ji Feng asked.

"..... nasty!"

Qin Shujie's pretty face was scarlet, she gave him a flirtatious white glance and said, "Then if you're weak in the future, I don't want you."

Ji Feng instantly laughed out loud.

Qin Shujie was really something else, as a person who had come over, Qin Shujie was a little more able to let go in this regard, and also knew more about how to serve men, and could say whatever she wanted to say.

For example, now, despite her bones being crispy, Qin Shujie got up and went outside to bring a basin of hot water to clean up the traces of that crazy fight between herself and Ji Feng.

And at this time Ji Feng would not lie honestly on the bed, seeing Qin Shujie's extremely seductive torso right next to him, he touched it from time to time, causing Qin Shujie to blink.

Finally, after the clouds had closed and the rain had stopped, the two of them were once again embraced together.

Qin Shujie was lying comfortably in Ji Feng's arms, her face pressed against his firm chest, enjoying the afterglow that was still reverberating in her body, comfortably.

At this moment, Ji Feng was reaching for the cigarette in his shirt pocket, but when he took it out, he put it back.

"Smoke if you want, it's okay with me." Qin Shujie said.

"Forget it."

Ji Feng shook his head and said, "I'm not particularly addicted to smoking, and it's not good for you to smoke second-hand smoke."

Unlike Tong Lei and Xiao Yuxuan and the others, although Qin Shujie had also started practicing aerobics, Ji Feng knew at a glance that she was afraid that she was also fishing for three days and practicing for two days, which was almost the same as not practicing, so her physique was naturally not as good as Tong Lei and the others, and Ji Feng didn't want to let her smoke second-hand smoke anymore, which was too harmful to her body.

"Shu-jie, the aerobics I taught you, you have to keep practicing it." Ji Feng said, "When you practice to a certain extent, you won't feel tired even if you're busy with work, and it's great for your physique to improve."

"I don't have time for that."

Qin Shujie said, "I have to take care of Yao Yao every day after work, although this little girl is usually well behaved, she can be very rambunctious, the first few times when I was practicing, not long after I started, she got into trouble and interrupted me several times, so I couldn't care about the practice."

Ji Feng said: "This can not be, Shujie, I may not have made it clear to you, this bodybuilding exercise can not just let you strengthen your body Well, let's put it this way, if you can practice bodybuilding exercise to a certain degree, then for your skin are very good, but also, can slow down the aging. "

"Really?!"

As soon as Qin Shujie heard this, she sat up on the ground, not caring about the quilt slipping off and exposing her spring light, she looked at Ji Feng in surprise and asked, "Honey, you say it's true?"

Women, they really do attach the most importance to their looks!

Ji Feng nodded and smiled, "Of course, look at Yu Xuan, she is also persisting in her practice, if you can also persist, I guarantee that in a few more years you will still look the same as you do now, maybe even younger."
