Fan Jianyuan then smiled, "That's right, shaking hands is also a way to deepen friendship!"

Ji Feng smiled noncommittally and did not say anything. Of course it is possible to deepen friendship, but it also depends on who you are with. Ji Feng thought that he and Fan Jianyuan were not even acquainted with each other, so how could there be any friendship?

It's bullshit!

Ji Feng wanted to shake hands with him, not for any bullshit friendship.

"Mr. Fan, I heard that you are a seafaring elite who has returned from studying abroad?!" Ji Feng shook hands with Fan Jianyuan, but did not immediately let go, but suddenly asked.

"Just going to school, elite would not be a good thing to talk about." Fan Jianyuan shook his head and laughed.

"Apart from going to school, does Mr. Fan do anything else abroad?" Ji Feng asked again.

Fan Jianyuan couldn't help but feel a little strange at his words and asked, "Mr. Ji, why do you ask that?"

Li Ruonan and Ding Weijian also looked at Ji Feng, wanting to hear his answer.

Ji Feng took Fan Jianyuan's hand, lifted it up, and said indifferently, "I just feel that Mr. Fan's hand feels a little strange to touch! So just ask!"

However, as soon as his words fell, Li Ruonan and Ding Weijian were thunderstruck at the same time, and the two of them looked at Ji Feng in astonishment.

Touching strange?

A man, touching another man's hand? Did he want to touch something else to feel or what?

The smile on Fan Jianyuan's face was also fiercely stiff, and he said with a strong smile, "Mr. Ji, that what I have been abroad for several years, I can understand and be accustomed to seeing the feelings between the same sex, and I do not have any discriminatory intentions about this, but I am really sorry, I personally do not have this tendency, so"

Ji Feng shook his head and smiled, he knew that Li Ruonan and the others had misunderstood, and he didn't care whether Fan Jianyuan had misunderstood his own meaning like Li Ruonan and the others, or was deliberately misinterpreting and digressing from the topic, all of which was irrelevant.

He just looked at Fan Jianyuan calmly and asked, "Mr. Fan, how did you get these calluses on your tiger mouth and index finger?"

Fan Jianyuan laughed and said, "Mr. Ji, stop it, I've already expressed my opinion, so am sorry!"

As he spoke, he tried to pull his hand out of Ji Feng's hand, however, to his surprise, Ji Feng's hand was extraordinarily strong, and he couldn't pull it out.

Li Ruonan, on the other hand, asked, "Ji Feng, what callus did you say?"

Ji Feng said indifferently, "As far as I know, ordinary people have calluses on their hands, and they are only on the roots of their fingers, because our hands are often holding things that will create friction, and calluses will form, but, in general, calluses don't form on the tiger's mouth!"

He jerked up Fan Jian Yuan's hand and pointed at the tiger's mouth, saying, "But Mr. Fan's right hand has a thick layer of calluses on the tiger's mouth, which makes me feel strange!"

Fan Jianyuan laughed, "What's so strange about that? Everyone's habits are different, and so are their hand habits, so naturally the calluses on their hands are not the same either! Mr. Ji, my hand is a bit sore, look"

Ji Feng, however, ignored him and asked, "So, where did the calluses on your index finger come from? To say that you work, or usually do more hands, that should leave calluses on every finger, at least two or more fingers will leave calluses, why do you only have calluses on your index finger?"

"Mr. Ji, isn't it a bit rude of you to do that?!" Fan Jianyuan's face sank as he pulled several times in a row without pulling his hand out of Ji Feng's hand, and he couldn't help but get a little angry.

"Ji Feng, what are you doing?" Li Ruonan frowned.

This was the scene she was most unwilling to see, Ji Feng had actually clashed with Fan Jianyuan, which made her heart very mixed up and she just wanted to persuade the two of them away.

However, Ji Feng turned his head to look at her.

Li Ruonan faintly stared, "What are you looking at me for?"

"Hold out your hand and look at your own right hand!" Ji Feng said.

"Me?"

Li Ruonan was a bit helpless and couldn't help but say, "Ji Feng, stop it, will you? There are still things to deal with next, when we have time, let's sit down and talk about it, can we?"

"Right, right, young Ji, look everyone is busy, we can't delay too long here, look at" Ding Weijian also hurriedly followed to round up the situation, but in his heart he was secretly anxious, was this going to be a Mars collision?

If there is really a violent conflict between Ji Feng and Fan Jianyuan, who should I help?

"Xiao Ding, hold out your hand!" Ji Feng said.

"Ji Shao"

"Extend it!" Ji Feng said in a deep voice.

"..... Okay!"

Seeing that Ji Feng continued to insist and even sank his face for this, Ding Weijian had no choice but to extend his right hand and said, "Ji Shao, my hand also has calluses, it's normal, you're"

The first thing you need to do is to get a good idea of how you got your calluses.

“I got them from the skin.” Ding Weijian said without even thinking: “Practicing, working, practicing guns

“Hmm?”

His words had just come to an abrupt halt.

Immediately afterwards, Ding Weijian’s brow tightened as he looked at his own hand and then couldn’t help but look at Fan Jianyuan’s hand, and he couldn’t help but have a look of shock and suspicion in his eyes.

Also changing her face was Li Ruonan.

Her eyes stared deadly at Fan Jian Yuan’s hand for a while before she couldn’t help but ask, “Jian Yuan, the calluses on your hands, why are they exactly the same as someone who often holds a gun?!”

A tiger’s mouth, with calluses on the index finger, is the most distinctive feature of those who play with guns. Because the gun has a back thrust, in order to hit accurately, one has to grip the handle of the gun hard, so in the long run, calluses will be left on the palm of the hand and the tiger’s mouth.

The index finger, on the other hand, is the finger that must be used to pull the trigger, although there are some people who prefer to use their middle finger.

This is a very obvious characteristic of those who play with guns!

So, by this point it could be shown that Fan Jianyuan probably touched guns a lot!

If Ji Feng hadn’t reminded her, I’m afraid Li Ruonan wouldn’t have noticed it until now, even though neither she nor Ding Weijian had thought of it when Ji Feng mentioned the calluses just now, but it was only when Ding Weijian saw his own hand that he suddenly reacted!

— The calluses on Fan Jianyuan’s hand were actually exactly the same as the ones on his own hand?!

“Huh~”

Looking at Li Ruonan and Ding Weijian’s astonished expressions, and then at Ji Feng’s calmness, Fan Jianyuan couldn’t help but smile slightly and asked, “Mr. Ji, you probably haven’t been abroad, right?”

Ji Feng asked, “So what?”

Fan Jianyuan said, “In foreign countries, private ownership of guns is allowed, and there are gun clubs, which is not allowed in China, but I am a person who likes guns, so when I was studying abroad, I would often play with them, I think the calluses on my hands are left from that time!”

Li Ruonan and Ding Weijian both revealed a look of relief, so that was the case.

However, Ji Feng was staring at him and asked, “Mr. Fan, which country did you study in?”

“England!” Fan Jianyuan said.

“But as far as I know, guns are banned in England!” Ji Feng said in a deep voice, “Since more than ten years ago, England has banned guns and only allows some hunters to own hunting rifles, and they have

to be strictly regulated... I would like to know, are the calluses on your hands from playing with hunting rifles?"

Fan Jianyuan laughed, "I didn't expect Mr. Ji to be familiar with England!"

Ji Feng said indifferently, "Although I have never studied, I have never eaten pork but I have still seen how pigs run!"

"Well, that's a good point!" Fan Jianyuan nodded and said, "However, I think Mr. Ji may be a bit biased, as I said earlier, in England, there are gun clubs!"

"But that likewise has to go through a strict vetting process, an application has to be submitted, and an official license has to be issued!" Ji Feng said in a deep voice: "How did you, a foreign student, get in?!"

"It would be inconvenient to disclose this!" Fan Jianyuan said, "I naturally have my own methods!"

"Jianyuan!"

Li Ruonan's eyebrows knitted up as she said, "You never told me about any of this! What is this all about?"

Fan Jianyuan smiled, "I don't know what's going on, it seems like this Mr. Ji seems to be very interested in the calluses on my hands"

"I'm not interested in your calluses, I'm interested in you!" Ji Feng coldly interrupted him, his expression cold.

"Mr. Ji, what do you mean by that?" Fan Jianyuan asked.

"During the melee just now, someone shot me from behind with a black gun and almost killed me!" Ji Feng said coldly, "The direction of the shot was in the direction where the hostages were concentrated!"

When Li Ruonan heard that, her face suddenly changed and she subconsciously asked, "Ji Feng, are you alright? Aren't you hurt?"

Seeing her urgent and worried look, Ji Feng couldn't help but smile and said, "If something was wrong, would I still be standing here? This, I'm afraid, is a disappointment to your boyfriend!"

"What are you talking nonsense about!" Li Ruonan immediately spat.

"Mr. Ji!"

Fan Jianyuan, however, steeply sank his face and stared angrily at Ji Feng with one pair of eyes, saying, "What do you mean by that? What does it have to do with me if you're injured or not? Why should I be disappointed?!"

Whew~!

Ji Feng fiercely turned his head, his expression was stern, and his eyes were even like two stern mangles as he stared at Fan Jianyuan and said in a cold voice, "Mr. Fan! I suspect that the person who shot me in the back is you!"

"What?!" Li Ruonan and Ding Weijian exclaimed in shock at the same time.

“This, this can’t be right?!”

“Ji Feng, did you make a mistake?!” Li Ruo Nan asked incomparably stunned, Fan Jianyuan was hitting Ji Feng in the back with a black shot? How was this possible?

“Whether I’m mistaken or not, I’ll have to ask him!” Ji Feng stared coldly at Fan Jianyuan, his gaze was like electricity, as if he wanted to pierce into Fan Jianyuan’s heart.

However, Fan Jianyuan did not feel any panic at his words, instead he was furious, “Mr. Ji, are you deliberately slandering me?! Why are you doing this? What exactly is your intention?!”

Campus Master Chapter 2652

“Whether I’m mistaken or not, I’ll have to ask him!” Ji Feng stared coldly at Fan Jianyuan, his gaze was like electricity, as if he wanted to pierce into Fan Jianyuan’s heart.

However, Fan Jianyuan did not feel any panic when he heard that, instead, he was furious, “Mr. Ji, are you deliberately slandering me?! Why are you doing this? What exactly is your intention?!”

Fan Jianyuan was extraordinarily angry, he looked at Ji Feng angrily, there was no aggression on his face, there was only anger and questioning.

Li Ruonan and Ding Weijian also both looked towards Ji Feng in shock.

“What the hell is going on here?!” Li Ruonan asked in shock, “Ji Feng, could you be mistaken? How could Jian Yuan have shot you!”

“Why is it impossible?” Ji Feng said.

“He doesn’t have a gun!”

Li Ruonan said anxiously, “Well, even if he was exposed to guns when he was studying abroad, but now he doesn’t have a gun at all, how could he shoot you? Moreover, you two didn’t even know each other before, let alone have any grudges, why would he shoot you?”

Ji Feng said indifferently, “That would be a question for himself!”

“Joke!”

Fan Jianyuan said angrily, “Ask me what? You’re talking out of your ass here, I know what you’re talking about!”

Ji Feng, however, just shook his head and smiled, saying, “You know best in your own heart whether I’m talking out of my ass or not, right now, I just want to get to the bottom of it. Since you say you didn’t fire the gun, then fine, now you go and do a nitrate reaction test, if the test proves that you really didn’t fire the gun, then it will prove that you are innocent, and I will apologize to you then, but if the test result proves that you really fired the gun

He did not continue, just smiled, that the coldness in that smile, but blind people can see it.

And to prove if it was Fan Jianyuan who fired the gun, there is a very simple way to do it, just do a nitrate reaction test.

When a gun is fired, a portion of the gunpowder in the bullet will be ejected, but the amount is so small that it is invisible to the naked eye, but as long as a special method is used to detect it, it can be found out.

After a person has fired a gun, his hands, clothes and shoes may be covered with gunpowder, and unless a certain method is used, it cannot be cleaned up.

Not much time had passed since the melee just now, if it was really Fan Jianyuan who fired the gun, then he must have been too late to do these clean-up measures, as long as a nitrate reaction test was carried out, it could definitely be detected!

“That’s bullshit!”

Fan Jianyuan said angrily, “I didn’t fire the gun, why should I go for any nitrate reaction test? Just because you two touched your lips and said a few light words, I have to go? Mr. Ji, you’re being too underhanded!”

Ji Feng’s face sank when he heard this, and he said in a cold voice, “Then tell me, how am I being underhanded?”

Fan Jianyuan sneered and said, “I’m afraid that if I say it, it will make you ashamed of yourself!”

“Yo-ho?!”

Ji Feng instantly laughed: “Then I really want to hear what you said that would make me ashamed of myself! Say it, I’m listening!”

Fan Jianyuan sneered, “Because you like Ruo Nan!”

“Huh?!”

“What?”

At these words, Li Ruonan and Ding Weijian were stunned and could not even help but exclaim in shock. Especially Li Ruo Nan, her face turned red as soon as she heard this, and she spat, “Jian Yuan, what are you talking about!”

However, Fan Jianyuan was staring at Ji Feng and said, “Mr. Ji, do you dare to say that what I said is not correct?”

Ji Feng just smiled and glanced at him lightly, “Continue!”

He didn’t admit it, but he didn’t deny it either.

This made Ding Weijian’s face look even stranger, while Li Ruonan was red-faced and almost didn’t dare to look at Ji Feng, just pulled Fan Jianyuan with one hand and said, “Jianyuan, don’t talk nonsense here, there’s nothing more for you here, hurry over to

“Humph!”

Fan Jianyuan couldn’t help but sneer at Ji Feng as he was pulled by Li Ruo Nan and turned to leave.

“Stand still!” Ji Feng steeply bellowed.

“Ji Feng!”

Li Ruonan frowned, “Will you stop?!”

Ji Feng just shook his head and said, “No! Let’s be straightforward, today I’ve decided that this Mr. Fan shot the black shot, if he doesn’t do the nitrate reaction test, don’t even think about leaving here! But before that, I’d like to hear a tall tale, you said I like Ruo Nan, why does this make me groundless? I’m curious!”

“What, do I have to say it so clearly before you will stop?!”

Fan Jianyuan’s face was thick with anger as he sneered, “Well then, since we’re talking here today, I’ll make it clear! You like Ruo Nan, but she is with me, so you look jealous in your heart and you have nasty thoughts! That’s why you’re randomly framing me and looking for trouble!”

“Jianyuan!”

Li Ruonan smiled, her face suddenly turned red and she hurriedly stopped Fan Jianyuan, “Don’t talk nonsense, this could just be a misunderstanding, why do you have to make such a fuss!”

Fan Jianyuan said, “Ruo Nan, it’s not that I don’t listen to you, as you can see, it’s not that I have to say it, it’s that he bullies people too much!”

“Heh!”

Ji Feng was amused when he heard that, “Nasty minded bullying too much?!”

He couldn’t help but sneer, “Well, today I’m still bullying you, so what are you going to do?!”

Fan Jianyuan was furious at his words, “Do you really think I’m weak and can’t be bullied?”

“Ji Feng! What are you doing!” Li Ruonan got angry, “There is no way Jian Yuan would shoot you, you must have misunderstood”

“Whether it’s a misunderstanding or not, we’ll know if we test it.” Ji Feng said in a deep voice.

“Why are you like this!”

Seeing that Ji Feng was surprisingly stubborn, Li Ruonan became anxious, “Why are you always targeting him!”

Ji Feng’s face sank, “I’m still targeting him, so what can I do?!”

“You” Li Ruonan was furious.

“Captain, young Ji, you all take it easy, don’t argue yet.” Ding Weijian saw that they were about to argue and hurriedly came out to round things up, “How about this, let’s go to the police station first, wait until we’ve taken the statements of the other hostages, then we can deal with this matter, what do you think?”

Ji Feng said in a deep voice: “I don’t think so! Since Fan Jianyuan was also at the scene, it’s not too much to do a nitrate reaction test on him, right?”

“Ji Feng!”

Li Ruonan glared at him in anger, “Do you have to make a scene!”

Ji Feng frowned: “Make a scene?”

Li Ruonan said, “Don’t you? What are you doing if you’re not making a scene?”

She was really angry, Ji Feng was clearly looking for trouble on purpose, the whole thing to say who knows the most, Li Ruo Nan is definitely one of them, because from the time the robbery happened until now, she was present, all the things she saw clearly.

The whole thing was clear to Li Ruo Nan from the beginning when Fan Jianyuan brought her dinner, then when the robbers broke in, until the end when Ji Feng led his men to subdue all the robbers.

So, Li Ruo Nan thought that Fan Jian Yuan was right and that Ji Feng was probably being unreasonable, because when Fan Jian Yuan came over to shake his hand just now, he didn’t bother, but then he didn’t know which nerve he suddenly got wrong and took the initiative to shake Fan Jian Yuan’s hand again!

This made Li RuoNan helpless, Ji Feng even had unreasonable times!

“Ji Feng, don’t make a scene, okay!” Li Ruonan said helplessly, “Look there’s so much work to be done at the scene, you

“Old Xiang!”

Ji Feng suddenly turned his head and bellowed.

Xiang Yongzhan, who was making a handover with the police, immediately walked over and asked, “What for?”

Ji Feng pointed at Fan Jianyuan and said in a deep voice, “I suspect he fired a gun just now, you bring someone to do a nitrate reaction test on him

“Ji Feng!” Li Ruonan stomped his feet in anger, “What are you doing?!”

“Older brother, I’m a little confused, you’re” Xiang Yongzhan saw the situation and couldn’t help but be a little stunned.

“Check him out!”

Ji Feng said in a deep voice: “I suspect that he has a problem!”

“Ji Feng, don’t you bully people too much!” Fan Jianyuan said angrily, “I still suspect that you have a problem, so you need to stop spouting blood here!”

“.....”

Li Ruonan was so angry that she didn’t even want to talk to Ji Feng anymore.

Ji Feng, however, didn’t even look at them, just turned his head to look at Xiang Yongzhan and said in a deep voice, “How about I have my people test him?”

"It's better for me to do it!" Xiang Yongzhan smiled bitterly at his words. He could hear what Ji Feng meant beyond his words, if he didn't help, Ji Feng would have to transfer his men over, Ji Feng was clearly taking this seriously.

"Captain Xiang, you're" Li Ruonan just wanted to speak when he was interrupted by Xiang Yongzhan.

"Captain Li, this is a matter for our military, if you have a different opinion, you can go directly to my superiors for a reaction." Xiang Yongzhan said.

"You"

"Mr. Fan, please come over with me, or, I will personally invite you over?!" Xiang Yongzhan said, he had no friendship with Li Ruonan, naturally he did not have to sell her face, the military wanted to do something, the local police did not have this power to ask.

Fan Jianyuan looked at Ji Feng with a gloomy face, nodded heavily and said, "I finally understand what it means to have officials protecting each other! How nice!"

Xiang Yongzhan said in a deep voice, "Let's go!"

"Humph!"

Fan Jianyuan snorted coldly and waved his hand to follow.

Li Ruonan glared at Ji Feng in exasperation and dropped a sentence, "I'm really blind, I misjudged you!" Then he turned around and left.

But Ji Feng didn't even raise his eyelids.

In this matter today, he didn't intend to let go of one step, even if he did it wrong, he didn't regret it!

Because of the gun battle, when the police force arrived, they had already prepared test papers to test the reaction to nitrous fumes, so it was natural for them to test Fan Jianyuan quickly.

However, the result of the test was a little surprising.

Campus Master Chapter 2653

"Strange!"

One of the officers responsible for testing Fan Jianyuan for nitrate reaction, looking at the test results, couldn't help but mutter, "This is really strange!"

Fan Jian Yuan was tested for nitrate reaction, however, the test results showed no reaction on either of his hands, but there was some reaction on his hair, and not on his whole head, but only on a small lock of hair on the left side of his head.

Other than that, it was on the right side of his shoulder that there was a slight and very faint reaction.

"Did someone shoot you in the side of the head?" The officer in charge of the examination couldn't resist asking.

"Even if there was, it at least means that I didn't shoot during this time, right?" Fan Jianyuan said.

“Judging from the results of the test, it does.” The police officer said.

Fan Jianyuan instantly smiled as he nodded his head in greeting to the officer and said, “Comrade police officer, thank you, you have proved my innocence with the facts and saved me from being slandered and wronged by certain villains!”

When Xiang Yongzhan, who had been standing by the side watching, heard this, he immediately frowned, what did this mean? Who is some villain? This was clearly talking about Ji Feng!

“Ji Feng, what else do you have to say now?!” Li Ruonan looked at Ji Feng and questioned, “This time you won’t say again that it was Jianyuan who shot you in the back, right?”

“What’s with the nitrous reaction on your head?” Ji Feng asked in a deep voice.

“You’re asking me? I was going to ask you!” Fan Jianyuan sneered, “You caused a big melee, there are gunshots everywhere, bullets everywhere, what’s so unusual about getting some occasionally?”

“Kid, from what you’re saying, you’re still blaming it on Ji Feng’s head?” Xiang Yongzhan immediately frowned at his words, “You mean to say that Ji Feng shouldn’t have saved you guys? Don’t forget, your little life was still saved by Ji Feng’s!”

Fan Jianyuan said, “Of course I haven’t forgotten, so I’ll forgive him this time. I remember, just now he seemed to have said that if the test results prove that I didn’t fire the gun, he’ll give me an apology. Now, I’ll give him a waiver, even if it’s to return the favor!”

Xiang Yongzhan smiled coldly at that, “An apology for a life, that’s a bargain!”

All the hostages at the scene had been saved by Ji Feng and his team, and strictly speaking, they owed Ji Feng a life, but when it came to Fan Jianyuan, it was a light sentence that was considered as an exchange of two lives.

This is really the best deal under the sun!

Fan Jianyuan sneered: “For a man like him, isn’t face more important than life? I’ve saved his face by exempting him from apologizing in public, so what’s the difference between that and saving his life?”

Xiang Yongzhan frowned straight away as he listened, and could not help but be angry.

This Fan Jianyuan said that he had saved face for Ji Feng, but he was apologizing in public, which in itself was already stripping Ji Feng’s face, this was not giving him face, it was clearly squeezing Ji Feng!

But this son of a bitch is still talking on the line, and that mouth makes Xiang Yongzhan know that what he said is wrong, but do not know how to refute.

The reason is that no matter how you say it, it is Ji Feng who ends up being humiliated.

This made Xiang Yongzhan annoyed and helpless, he hated this kind of bastard who liked to play with his mouth and dared to say anything because he had a slippery mouth.

“Jianyuan!”

Li Ruonan also looked a little uncomfortable, she frowned and said, "Since you've proven your innocence, forget it, Ji Feng is also my friend, don't forget he even saved you before, why are you doing this!"

Fan Jianyuan smiled gently and nodded, "Fine! Since Lord Wife has asked for it, then I will give him this face!"

Li Ruonan's face changed at that, and she frowned, "Jian Yuan, don't make a scene! Don't say such things in the future, or else I'll flip out!"

Fan Jianyuan then smiled and stretched his hands.

Seeing this scene, Xiang Yongzhan's brow furrowed even tighter as he was a little displeased.

"I don't need you to give me this face!"

At this moment, Ji Feng, however, looked calm and said indifferently, "For this matter, I apologize to you, and if it has caused any impact on you, I will also be responsible, sorry!"

An apology was just an apology, speaking forcefully and doing what you say, this was something you should do as a man.

When it was time to apologise, Ji Feng never had trouble bowing his head because of face.

This calmness and calmness of Ji Feng caused Fan Jianyuan's expression to change slightly, and then he smiled gently and asked, "Mr. Ji, can I go now?"

"Be my guest!"

Ji Feng nodded slightly.

Fan Jianyuan smiled and nodded as a greeting and left the place.

Li Ruonan looked at Ji Feng with a complicated expression, pursed her lips and couldn't help but say, "Ji Feng, why do you have to forget it for now, let's talk about it when we are done with this matter."

After saying that, she turned around and went in another direction, where a group of police officers were busy.

"Older brother, which one are you singing?!" When only Ji Feng and Xiang Yongzhan were left, Xiang Yongzhan couldn't help but ask, "Why are you fighting with that kid properly? Who is that guy?"

"Li Ruonan's boyfriend." Ji Feng said.

"I see!" It immediately dawned on Xiang Yongzhan, no wonder Ji Feng was fighting with him, so that was the case.

Although he didn't know what was going on between Ji Feng and Li Ruonan, but after just a few glances, Xiang Yongzhan could vaguely guess a general idea.

When Ji Feng saw the ambiguous look on Xiang Yongzhan's face, he knew that he had misunderstood. He couldn't help but shake his head, but had no intention of explaining, instead he said, "Old Xiang, help

me with my counseling, just given the situation at the scene, is it normal to have nitrate reactions in your hair and on your shoulders?"

When Xiang Yongzhan heard this, he smiled and asked, "What, you're not dead yet? Older brother, why are you doing this, even if you want to rob a woman you don't have to use this method"

Ji Feng said helplessly, "..... I'm talking seriously! I really was shot black during the melee earlier."

Xiang Yongzhan was stunned, the smile on his face slowly disappeared, and he frowned, "Are you telling the truth?"

Ji Feng said, "Have I ever joked with you on such matters?"

Xiang Yongzhan then realised that he might have misunderstood Ji Feng and asked with a frown, "Older brother, tell me more clearly, what the hell is going on here?!"

The only thing I can be sure of is that the direction of the shooting was at the place where the hostage was lying, and then I suddenly remembered that Fan Jianyuan's hands seemed to be a bit special, he must have played with guns a lot, and he happened to be in that direction, so"

"So you speculated that it might have been Fan Jianyuan who was firing cold shots at you and was plotting against you behind your back?" Xiang Yongzhan asked.

"Right!"

Ji Feng nodded slightly and said, "This is a big possibility, but I'm not sure. So I could only force him to perform a nitrate reaction test, but I didn't expect my guess to be wrong, there was no sign of a nitrate reaction on his hands."

Speaking here, Ji Feng couldn't help but shake his head.

Xiang Yongzhan listened carefully and said thoughtfully, "Older brother, in fact, your guess, I'm afraid, is not outrageous."

Ji Feng immediately asked, "How so?"

"How Fan Jianyuan is as a person, I don't know, today is the first time I've met him, so let's put everything else aside and just talk about the nitrate reaction!" Xiang Yongzhan said.

Ji Feng nodded, he understood what Xiang Yongzhan meant, this guy was asking him to put aside Li Ruonan and various other factors.

Xiang Yongzhan said, "Older brother, after listening to what you said, I suddenly feel that the nitrate reaction on that Fan's body is a bit interesting. There's a lock of hair on it, a little on his shoulder, and still one left and one right, it's quite interesting!"

Ji Feng frowned, "I don't understand what you mean, say it clearly."

"Then let's talk about the nitrate reaction first, since you can propose to let him test the nitrate reaction, that means you are not unfamiliar with it, then you should also be clear that the residue from gun fire splashes onto the body, which has a distance requirement, if the gun is far away from the

person, it will not test the nitrate reaction, because the gunpowder and the residue from the fire cannot splash onto the person. ”

Xiang Yongzhan said: “Conversely, to be able to measure the nitrate reaction, he must have been in close contact or close to the gun being fired!”

Ji Feng immediately frowned at his words, “Wait a minute, here’s a problem, since the distance that can cause a nitrate reaction won’t be very long, that means that it’s likely that someone fired a shot right next to Fan Jian Yuan’s head! Wouldn’t that have deafened him? He wouldn’t know anything about it?”

Xiang Yongzhan pointed his finger and said, “That’s the problem!”

Ji Feng’s eyes narrowed slightly, “That means that Fan Jianyuan has some secrets hidden in his stomach!”

“That’s right!”

Xiang Yongzhan said, “So I’m sure that he’s either the one who shot the gun, or, he’s seen the person who shot the gun up close, otherwise he wouldn’t have had a nitrate reaction on his body! So, old man, your suspicions are probably right, and the shooter is in all probability ‘nine’ him!”

“But why is there no nitrate reaction on his hands and arms?” Ji Feng asked with a frown.

“It’s simple, for example, if you wrap your hands and arms with clothes or something else and throw them away after shooting, there will be no nitrate reaction!” Xiang Yongzhan said, “Of course I’m just giving an example here, there are many ways anyway.”

“That is to say, just because there is no nitrate reaction on his hands and arms, doesn’t mean he hasn’t fired a gun!” Ji Feng said.

“Right on!”

Ji Feng couldn’t help but shake his head and laugh, saying, “This guy is really cunning! But even the most cunning will always reveal his tail! Old Xiang, ask for a copy of the CCTV footage in this exhibition hall on your behalf, I want to see what this elite who returned from studying in England is up to!”

Campus Master Chapter 2654

The robbery at the International Convention and Exhibition Centre had shocked who knows how many people!

In particular, those bandits actually carried a large number of super powerful firearms, including automatic rifles and submachine guns, and killed many hostages, as well as so many security personnel, which was enough to shock the entire top echelon of Jiangzhou.

Because, after receiving the news, the senior official of Jiangzhou City, Ji Zhenguo, rushed to the scene at the first time, although at this time the hostages at the scene had been rescued, the bodies had all been removed, and the injured personnel had all been sent for medical treatment, however, the scene went was not yet cleaned up, and the police were still conducting the scene survey and sampling work.

As a result, the exhibition hall floor of the convention centre was still covered with large stains of blood, and there were even puddles of blood in some places. When Ji Zhenguo saw this scene, he could not help but be thunderously angry even though he was stable and majestic.

“Lawlessness!”

Ji Zhenguo was extremely angry, especially when he heard that those bandits had killed dozens of people, he was even more furious, “These bandits are so cruel, they are simply exterminating humanity! It’s unforgivable!”

This did not only make Ji Zhenguo furious, but the other leaders who followed him were also shocked and angry.

Ji Zhenguo did not linger too long at the scene, he left the specific work to the municipal bureau, in front of Chen Kui, the director of the municipal bureau, and Gao Changcai, the deputy director, he said in a deep voice: “The fight against crime still needs to be strengthened, and it must be strengthened! In particular, those with ill intentions must be made to know that China, is definitely not a criminal paradise for them!”

Ji Zhenguo’s words were forceful and contained strong determination and anger, causing Chen Kui and Gao Changcai to feel awe in their hearts. It was obvious that Ji Zhenguo was already extremely displeased with the robbery that had taken place today, but in front of so many people, Ji Zhenguo had saved face for them.

The two of them could only nod their heads repeatedly, as law and order was their job, and now there was such a big case here, especially when there were many foreign companies participating in the jewellery fair, and so many people had died, so one could imagine what a bad impact it had caused!

Moreover, it could even lead to diplomatic disputes and many other problems!

This was a dereliction of duty on their part!

Ji Zhenguo’s speech was not long, but the determination in his words was obvious to anyone who could hear it.

“The matter must be investigated clearly and adequate security measures must be put in place to prevent similar situations from occurring in the future.” Ji Zhenguo said, “This is the top priority now!”

“Yes!”

Chen Kui and Gao Changcai nodded their heads at the same time and responded loudly.

Ji Zhenguo said, “I believe that you are capable of solving the problem and that you have the determination to do so! I am waiting to see the results of your efforts!”

After saying this, he turned and left.

Many people had said that Ji Zhenguo was a majestic man, but now, they had really experienced it. More importantly, the meaning of Ji Zhenguo’s words made their hearts sink.

Ji Zhenguo left the exhibition centre and went straight to the hospital. No matter what, as the head of Jiangzhou, he had to visit the injured and pacify the families of the victims after such a big case had occurred under his jurisdiction.

His heart was heavy, especially because of the genocidal and murderous methods of those bandits, which made Ji Zhenguo extraordinarily angry!

And at this time, Ji Feng had already sent Qin Shujie home and pacified her properly before rushing back to the convention centre.

Qin Shujie could not take a statement for the time being, but he had to go, after all, the main party in this matter was him, even if it was under the banner of assisting the military, this statement had to be taken.

And on top of that, Ji Feng was waiting for Xiang Yongzhan to help him get the surveillance footage of the scene, he wanted to find out who was shooting himself in the back, and whether it was Fan Jianyuan or not!

The first time he came back, he found out that the second uncle had come, but by the time he arrived, the second uncle had already left, instead, the director of the city bureau, Chen Kui, and the deputy director, Gao Changcai, were in charge of command and control at the scene, and at this time, Ji Feng saw another 'acquaintance' – the deputy director, Ma Yuan!

This Deputy Director Ma, who had likewise played some sort of dishonourable role in certain incidents back then, even falsely accused Xiao Yuxuan of making a false alarm.

At that time, several soldiers went to the Tengfei Group in an aggressive manner, demanding that the Tengfei Group hand over the formula for the new chrome alloy, claiming that it was a national strategic material, and as a result, they naturally could not win any favours, and were even arrested as fake soldiers falsely passing military orders and sent to the police station.

But in the end, the city bureau took over the case, and the person in charge seems to be this Ma Yuan.

And the one who said that Xiao Yuxuan had falsely reported the case to the police was likewise this same Ma, the deputy chief!

Now that he suddenly saw Ma Yuan here again, Ji Feng immediately recalled these things from the past, but he didn't have the heart to pay attention to this crooked-hearted Deputy Chief Ma right now, instead he was shaken by Xiang Yongzhan's words.

"How much did you say?!" Ji Feng was stunned.

"Thirty-seven!"

Xiang Yongzhan stretched out a few fingers and wiggled them, saying, "Thirty-seven lives! This gang is really ruthless!"

Ji Feng was shocked, "How could there be so many?"

Those bandits had actually killed thirty-seven people? How was that possible? It was true that quite a few people had died at the scene, but it wasn't that many!

“The security company’s guard points set up on the periphery, as well as the personnel in charge of patrolling, were all killed!” Xiang Yongzhan said in a deep voice.

“Son of a bitch!”

Ji Feng couldn’t help but curse angrily, “These brutes!”

The security guards in the security post at the main entrance were in league with those robbers, this was clear to Ji Feng, but he only knew about it after hearing Bai Zhu say it, and it turned out that the real security guards had all been done away with before. But now it seemed that it wasn’t just the security guards who had been killed!

“What’s the origin of these robbers?!” Ji Feng asked with a frown.

“After checking just now, a large portion of these robbers are mercenaries, and only a few of them are international wanted criminals, or international bandits as Li Ruonan called them! There’s no trace of them in all the immigration records, so it’s basically certain that they’ve smuggled themselves here!”

Xiang Yongzhan said, “Among them, there are also a few Chinese nationals.”

Ji Feng asked in a deep voice, “There were also Chinese people involved in this robbery?”

“It’s ethnic Chinese!” Xiang Yongzhan said, “One of them, who emigrated from China, has joined the nationality of Rice.”

“These people have joined the nationality of other countries and forgotten their ancestors?” Ji Feng said in a cold voice.

It was surprising that so many people had died in this robbery, all of them Chinese, while the gang of bandits had the involvement of Chinese people?

It was simply heartless!

Some people join the nationality of other countries, as if they have forgotten which country they were actually born and raised in!

“Wealth and money move people’s hearts!”

Xiang Yongzhan shook his head and said, “Look at these jewels and jades, some of them are worth a fortune, not to mention forgetting their roots, even if their ancestors were standing in front of them, if they got in the way of their fortune, I’m afraid they would be killed off without mercy! These people, there is no humanity left!”

“This can’t just be let go!” Ji Feng said in a deep voice: “We must find out what’s going on and find out who actually planned this robbery, and we must not let him off easily!”

“I’ll investigate even if the police don’t. Don’t worry, I’ll tell you the results as soon as I have them!” Xiang Yongzhan patted Ji Feng’s shoulder and said.

“Young Ji!”

Just at this moment, someone was suddenly calling Ji Feng, he immediately turned his head, but saw a middle-aged man in a police uniform striding over, "Hello, young Ji!"

City Bureau Chief, Chen Kui!

When Ji Feng saw this man, information about Chen Kui immediately surfaced in his mind, so he immediately recognized him.

"Hello, Director Chen!" Ji Feng immediately extended his hand and shook hands with Chen Kui.

"Young Ji, thanks to you this time, thanks to your power to save the day, otherwise, this would have been a disaster for everyone on the scene!" Chen Kui said sincerely.

"Director Chen, you're too generous, I'm too ashamed to deserve it, just call me Ji Feng directly!" Ji Feng said busily.

Ji Feng's low stance brought a smile to Chief Chen's face, but this was not the time for warm pleasantries, the still heavy smell of blood at the scene really did not make everyone present relax.

So Chen Kui didn't stay here for too long and left after just a few moments. After that, Gao Changcai also made a wave to Ji Feng, although he acted warmly, that hypocrisy deep under his eyes could not escape Ji Feng's eyes, so Ji Feng also responded politely, as long as he could get by face to face.

He wanted to come and say hello, but it seemed awkward, so he could only stiffen his head and pretend not to see Ji Feng, and went on with his work.

In fact, at this moment, Ma Yuan was a bit remorseful.

He regretted that he had jumped out so quickly, but as a result, he would never have thought that Ji Feng would enter Jiangsu and Zhejiang alone, but he had set off a huge wave that swept through the whole of Jiangsu and Zhejiang, causing a big earthquake.

Ma Yuan immediately sat waxed, almost his intestines turned blue with regret, secretly hating himself for jumping out so hastily, resulting in offending Ji Feng not to mention that he did not get any benefit.

Even, if Ji Feng wants to retaliate, perhaps he is not afraid, but what if Ji Feng retaliates on his family relatives? If Ji Feng really wanted to retaliate, he was afraid that just a look would be enough for him.

Ma Yuan really regretted it!

Seeing Ji Feng, but Ma Yuan could only pretend not to see it, but was embarrassed.

"Ji Feng, the video copy is ready!"

Xiang Yongzhan's voice made Ji Feng withdraw his gaze, and he immediately asked, "All copied?"

Campus Master Chapter 2655

Xiang Yongzhan nodded, "Don't worry, the entire exhibition hall has twelve cameras and all the footage has been copied."

"Good!"

Ji Feng smiled, "I hope the surveillance can capture the person who shot the black gun!"

A stern look flashed across Xiang Yongzhan's face as he whispered, "Older brother, actually you don't need to go to all this trouble you can just lock up Fan Jianyuan, as long as the person who shot the gun is really him, there must be a way to make him talk!"

With Ji Feng's status and the energy he had at his disposal, why should it be so troublesome!

Although that Fan Jianyuan was outwardly courteous and appeared to be well-mannered, his secret mockery of Ji Feng and his arrogant posture made Xiang Yongzhan disgusted, any random cat or dog dared to be so arrogant, he was simply wild beyond belief!

What's more, this man is also the suspect who shot him in the back!

If you want to clean him up, there are plenty of ways!

Ji Feng slowly shook his head at his words and laughed: "There's no need for that!"

Xiang Yongzhan said, "Understood, it's because of Mayor Li's thousand-year-old daughter, right? Don't worry, if you want to do it, I can help with this matter, and will definitely make things leak-free to ensure that Li Ruonan won't receive half a whisper, and definitely won't let anyone know!"

But Ji Feng still shook his head, of course he knew that if Xiang Yongzhan was willing to help, all he needed to do was to put that Fan Jianyuan in the army, and then he could deal with it any way he wanted.

The interrogation methods in the army are definitely not something that outsiders can imagine, and there are even dozens of drugs used for interrogation alone, in addition to a wide variety of other methods, so it is not difficult to interrogate the truth.

However, Ji Feng did not intend to do so.

"I have this matter in mind!" Ji Feng said, "Old Xiang, you'd better find out first what the origin of this gang of bandits is, I always feel that there's something fishy about this matter!"

"I knew you were a love child, fine, since you don't want to do it, then I won't force you, if you need any help in the future, just say something." Xiang Yongzhan shook his head, he guessed that Ji Feng might not agree when he made this suggestion, he was just annoyed looking at Fan Jianyuan's arrogant look.

Ji Feng didn't say anything, he just patted Xiang Yongzhan's shoulder.

"Alright, I won't talk to you more, there's a whole lot of things waiting for me over there, that's all." Xiang Yongzhan said.

"Go and get busy!" Ji Feng nodded and said.

Xiang Yongzhan was about to leave, but he suddenly remembered something and said, "Right, there's something I forgot to tell you, the top decided to adjust some generals in the military, and the main area of adjustment is the Yanjing Military Region! I heard that certain people in the political department of the Yanjing Military Region might have to go to their retirement this time!"

Ji Feng immediately understood, and he asked, "When?"

“Just in the near future!”

Xiang Yongzhan said, “It’s only been a few days since this matter was settled. Older brother, this time you’ve made a statement, the battle of Jiangsu and Zhejiang, you did a great job!”

Ji Feng shook his head with a smile and said, “I was forced to do it. If I could, I would rather not fight with anyone and do my thing without fear, but unfortunately some people are not willing to give me a chance to develop, so I can only fight, I can’t do it without fighting!”

Xiang Yongzhan said at once: “It’s time to fight! You can’t fight your way down a mountain or your dignity by talking!”

He was a soldier, he admired hot-blooded fighting, believed that dignity and status, all rely on the fist out of the bag, so Ji Feng that only body into Jiangzhe, with the power of one person to pry several major factions of the game, force to save the wild, is really a powerful and make people’s blood boil.

Although it was not a real battle, it was extraordinarily dangerous and an incomparably fierce battle of wits, perhaps even more brutal than on the battlefield, so Xiang Yongzhan really admired Ji Feng.

He had thought that if he had been in another position, he would not have been able to do what Ji Feng did!

The collapse of the Jiangjiang and Zhejiang families has shaken the entire officialdom of China, so much so that the Minfu family has also been implicated, and the giant was thought to have retreated to the second line, and even the Wu family has undergone drastic changes!

The fall of Wu Zhengmin, in particular, was a shock to Xiang Yongzhan and caused the whole of Yanjing to look on in disbelief!

The consequences of this were like dominoes, first the Jiangzhe line collapsed, then the Minfu line, then the Wu family, followed by those who played an ignominious role in this great game between the two factions.

After the curtain falls on the game between the major factions, it is time to clean up these people.

Even though the Ji family has already won a huge victory, there are still various collisions and compromises surrounding the series of issues after the curtain falls.

And when the dust settled, the Ji family finally freed up their hands and started to make some moves against some people who were originally jumping around very happily.

So, the military took the brunt of it, and became the first account the Ji family settled after the autumn!

What exactly is the situation, Xiang Yongzhan actually does not know, he only heard his family mention that the Ji family has been unrelentingly striking out at a series of meetings in recent times.

Even, General Ji Zhenping, at a meeting of the General Staff, openly pointed out that in recent times with some people in the military with bad conduct, instead of thinking about how to strengthen the country and the army, how to lead the troops and how to improve the combat effectiveness of the troops, they were instead thinking about some crooked ways all day long, or even using their power for personal gain!

The moment this statement was made, there was an uproar, and I don't know how many people had a tremor in their hearts!

I'm afraid that these words from Ji Zhenping represent the strong attitude of the Ji family!

In fact, if you think about it, it's not hard to understand, when the Ji family was in the most difficult time, some people in the military and certain factions were in cahoots, taking advantage of the fire and even trying to take the new chrome alloy technology of the Tengfei Group for themselves in the name of strategic supplies.

In the last few days, the military top brass decided to reshuffle the positions of some people, and also to reorganise the division of labour in some departments.

When the list of people to be reshuffled was confirmed at the meeting, everyone at the meeting realised that some people were going to be unlucky!

The first to bear the brunt was the Political Department of the Yanjing Military Region, someone had given a military order to the Tengfei Group in the name of this place, demanding that the Tengfei Group hand over the technical process of the new chrome alloy, this was undoubtedly wielding a shovel towards the roots of the Ji family, since the fist was thrown towards others first, then it was already expected that there would be a severe counter-attack.

It's just that this decision had only been out for a short while before Xiang Yongzhan casually mentioned it, but he didn't expect Ji Feng to be unaware of it!

"Don't spread the word about this, the official notice hasn't come down yet!" Xiang Yongzhan finished and admonished, "I reckon this processing might have to be done in secret."

"Why?" Ji Feng asked.

"Are you stupid?!"

Xiang Yongzhan said, "Some people are carrying soldiers under their hands! If we deal with them hastily, what if the dogs jump to the wall?"

Ji Feng smiled and suddenly realized that some people naturally wouldn't be willing to be caught with their hands tied, and if the news leaked out, there might really be a mutiny or some other unexpected situation at that time.

"Don't worry, I know what's important!" Ji Feng nodded his head.

"Alright then, let's do that first."

Xiang Yongzhan went to work on his business, today's robbery would definitely attract attention from all sides and even cause a very bad impact in society, so many people were brutally killed, he had to join forces with the police to find out what happened as soon as possible and give an explanation to the families of those victims and to society.

After Xiang Yongzhan left, Ji Feng was also ready to go back.

He came just to get a copy, and he found a random policeman to take the statement, but once Chen Kui saw that it was Ji Feng who wanted to take the statement, he immediately arranged for someone to take charge of it.

Ji Feng didn't push back either, he wouldn't bully people or flaunt his status everywhere, but now he really didn't want to delay here for too long, so he gladly accepted.

When making the statement, Ji Feng gave the main credit to Xiang Yongzhan's special warfare brigade, and of course Tengfei Group's warfare team was also mentioned in passing, but it was Tengfei Group's security department that was mentioned, as for the warfare team's designation, naturally it could not be said.

When the work was done, the time had come late into the night.

Ji Feng put the copies away and was ready to go back, but before he could leave the showroom door, he saw Li Ruonan walking towards him, and was walking straight towards him.

"Captain Li, you haven't gone back yet?!" Ji Feng smiled and asked.

Li Ruonan bit her lips and gave him a look, but did not return his flirtation, but asked, "You're leaving?"

Ji Feng smiled and spread his hands, saying, "Yeah, staying here will only make me uncomfortable and worry about someone shooting behind my back, it's better to be at home, warm and safe!"

Li Ruonan knew that there was something in his words and heard what he meant beyond his words. When she thought about how he was the prince of the Ji family, yet he had no regard for his own safety and led his men to fight the robbers bravely and save so many people, her heart just softened.

"Ji Feng, I believe what you said, there might really be someone behind your black shot, but it wasn't Fan Jianyuan, you misunderstood him!" Li Ruonan said.

"Are you here to explain for him?" Ji Feng asked.

"Of course not!"

Li Ruonan said, "I just want to tell you not to get the wrong target, and, I will definitely help you find out, who is actually behind your black shot!"

Ji Feng smiled noncommittally and said, "Thanks! But I won't bother you, I have my own way to find out! As long as you don't think that I'm deliberately targeting your boyfriend, then I'll thank God!"

"I'm not! It's not what you think!" Li Ruonan said immediately, and her voice lifted a few notches.

"It's best if you didn't!"

Ji Feng shook his head and smiled, after a pause, he added: "Even if you really think that, it doesn't matter, anyway line, it's late, my girlfriend is waiting for me at home, see you later!"

However, Li Ruonan looked at Ji Feng's bland smile and had an indescribable hard time in her heart.

Campus Master Chapter 2656

"It's best if you don't!"

Ji Feng shook his head and smiled, after a pause, and said, "Even if you really think that, it doesn't matter, anyway line, it's late, my girlfriend is waiting for me at home, see you later!"

However, Li Ruonan looked at Ji Feng's bland smile and had an indescribably difficult time in her heart.

"Let's go!" Ji Feng waved his hand and left with big steps.

Looking at Ji Feng's back, Li Ruo Nan pursed her lips and had a very complicated look in her eyes, as if she was hesitating and hesitating. Ji Feng was walking very fast, taking big steps, and in just a few moments, he had already walked far away.

Seeing that Ji Feng was about to leave the convention centre, Li Ruonan didn't know what had occurred to her and suddenly ran after him all the way.

"Ji Feng!"

Li Ruonan shouted, "..... You wait."

Ji Feng was a little surprised to look back at Li RuoNan who had trotted all the way over after him, and was a little surprised: "Why, is there anything else?"

Li Ruonan ran up to him, her eyes staring at his face, biting her lip and asking, "Ji Feng, don't you, don't you have anything you want to say to me? Or, don't you want to ask me something?"

Ji Feng was slightly surprised, "Say what?"

"How do I know what you want to say!" Li Ruonan said.

"....."

Ji Feng was even more puzzled, how come he sounded a bit godly?

Li Ruonan came after him from behind, but asked himself if there was something he wanted to say to her, which was strange because he didn't even know what he actually wanted to say

He couldn't help but ask, "Ruo Nan, is there something you want to say? If there is you just say it, otherwise I really have to go back, it's already very late now."

Li Ruonan couldn't help but feel a little angry in her heart when she heard that, she hummed and said, "I'm fine!"

Ji Feng suddenly thought of something and asked, "Are you trying to say something about your boyfriend? If so, don't say anything, I've already humbled myself with him, if he still has any grievances, by all means come to me, I'll be responsible for any repercussions caused by this to the end, I definitely won't shirk"

"That's not what I'm talking about!" Li Ruonan interrupted Ji Feng's words with some irritation.

"Then what matter are you talking about?" Ji Feng asked in confusion.

"..... It's nothing, just think of it as me suddenly going crazy!" Li Ruonan bit her lips, turned around and walked away.

“Hey

Ji Feng then wanted to call out to her, but the words reached his mouth he but took them back

Even if he called her out now, what should he say? The person already has a boyfriend, so why call her?

So looking at Li Ruonan leaving in anger, although Ji Feng is very puzzled, but also did not say anything, just shaking his head and smiling, turned around and also left.

However, Ji Feng did not know that right after he drove away, Li Ruo Nan was standing at the entrance of the exhibition hall, watching Ji Feng drive away, and the look in her eyes was extraordinarily complicated.

Li Ruonan bit her lips, her heart was also extraordinarily complicated.

“Bastard!”

Li Ruonan suddenly cursed, looking at the direction Ji Feng was driving away with hatred.

But immediately, a rare soft look flashed across her eyes as she pursed her lips and said to herself, “You’re such a bastard!”

“Captain!”

Suddenly, a voice rang out beside her, Li Ruonan was startled and turned around in a panic, but it was Ding Weijian who appeared out of nowhere, “Captain Zhao has brought someone here and is already surveying and cleaning up the scene.”

Li Ruonan instantly glared at him, “Got it.”

After saying that, she turned around and walked away.

Ding Weijian was a bit stunned, wondering what he had done wrong, how come he seemed to be unpopular for no reason at all?

Ji Feng did not go home immediately, but called Tong Lei, explaining that he could not go home for the time being, and then went straight to Qin Shujie’s house.

Qin Shujie must have been terrified today, even though she is also very knowledgeable and is considered a person who has seen a lot of things, but after all, she is a woman. At first glance, when she saw that so many people were killed alive in front of her, that feeling would definitely leave a deep shadow in her heart.

Even for those who are timid, there is no telling how long they will have nightmares!

Ji Feng had to go and pacify her!

However, before Ji Feng could reach Qin Shujie’s house, he received a call from his father, Ji Zhenhua.

“Little Feng, are you alright? I heard your second uncle say that you ran to the crime scene?!” As soon as Ji Feng picked up the phone, his mother’s eager voice came from inside.

“Mom, I’m fine, you don’t have to worry, I just came to pick up someone.” Ji Feng smiled and comforted his mother.

“Don’t you fool me! Brat, I still don’t know you?!”

However, Xiao Sumei was not that easy to fool, she said sharply, “Brat, can you save me the trouble! Are you a policeman or a soldier? What’s the need for you to go to the scene yourself? In case something happens, you’re still letting your mother live!”

Because of Ji Shaolei’s wedding, the family was all very happy, a happy atmosphere, but it was in this situation that Ji Zhenguo suddenly called, saying that there was a big case of armed robbery of jewellery by bandits at the International Convention and Exhibition Centre, and there were even many people injured or even killed at the scene!

In particular, the point in Ji Zhenguo’s words was that Ji Feng was even at the scene, which made even Ji Zhenhua couldn’t help but be shocked, not to mention Xiao Su Mei.

There was no one who knew better than a mother what kind of nature her own son was, so when Ji Zhenhua went to find out the details of what had happened, Xiao Su Mei could no longer hold back and picked up her husband’s mobile phone and called her son.

Ji Feng could only shake his head and laugh bitterly at the scolding, but he couldn’t refute it, so he had to explain patiently, “Mom, I really came to pick up someone... Here’s the story. ...”

“You went too!” Xiao Su Mei said.

“..... That what, I only went later!” Ji Feng said, “Mom, don’t worry, I know what I’m doing in my own heart, I definitely won’t put myself in a dangerous situation.”

“Brat, I will be scared to death by you one day sooner or later!” Xiao Su Mei said helplessly.

Ji Feng hurriedly consoled and promised that he would definitely not commit any danger in the future, which only made Xiao Sumei slightly less angry, in fact, Xiao Sumei was not really angry, but more worried about Ji Feng being in danger.

It was only when he hung up the phone that Ji Feng let out a sigh of relief.

He couldn’t help but secretly say, “It seems that there are some things that he can never tell Old Mother, otherwise, he might still be criticised!”

Fortunately, his mother did not know about his experiences over the past few years. If she knew that he had often been on the front line, and had even survived death on several occasions, almost losing his life, I was afraid that she would immediately be unable to sit still and would definitely bring him to Yanjing.

The good words were considered to comfort Xiao Su Mei, Ji Feng then smiled bitterly and came to Qin Shujie’s home.

“Husband”

It was already late at night, but Qin Shujie was just nestled in the sofa, the living room was lit up, and when she saw Ji Feng, she immediately jumped into Ji Feng’s arms and tightly wrapped her arms around Ji Feng’s waist.

Obviously, the ferocity of those bandits this evening had scared Qin Shujie to death!

In the past, Qin Shujie had also experienced a robbery, but that was only her company, not her being held up, so her feelings were naturally not that real.

But the brutal methods shown by the bandits tonight really scared all the hostages, including Qin Shujie!

Ji Feng's reassurance eased Qin Shujie's tense emotions somewhat, and she said softly, "Honey, I almost couldn't see you today!"

"How could that be!"

Ji Feng smiled, "Those people were just seeking money, as long as they didn't resist, they'll be fine."

Qin Shujie shook her head, "But many people were still killed! Honey, at that time when I saw someone being killed, I even thought that I might die tonight too, and I thought of you and Yao Yao"

"Don't think so much, it's all right now!"

Ji Feng gently patted this Qin Shujie's back and mused, "Let's do this, you have a certain amount of money now after all, it won't do to be alone all the time, I plan to give you a personal guard, so that even if you encounter something again in the future, you will have something to look after!"

Qin Shujie was slightly surprised: "A guard? You mean a bodyguard?"

"Something like that!"

Ji Feng nodded and said, "You should leave this matter alone, I will find a suitable candidate as soon as possible."

Today's unexpected incident had also scared Ji Feng.

He couldn't help but think, if those bandits didn't come for money, but a group of heartless animals who specialized in killing for fun, and they stormed into the convention centre without saying a word and raided with guns, when the time came, how could Qin Shujie be spared?

If something really happened to Qin Shujie

The first thing you need to do is to think about the consequences. The first thing you need to do is to think about it, and your back will be covered in cold sweat, and your heart will be scared.

This time Qin Shujie had the chance to call for help and was not hit by a flying bullet in that chaotic situation, which was really a blessing among misfortunes!

But, what about the next time?

But, what about the next time? No one could guarantee that there would be any unexpected situations in the future, and if they did, would Qin Shujie still be as lucky as this time?

Therefore, Ji Feng made up his mind to find a personal guard for Qin Shujie.

The company's main goal is to find a new company that will be able to provide the best possible service to its customers.

The fact is that Qin Shujie was only in shock and with his reassurance, she soon recovered a lot.

After kissing Qin Shujie's bare forehead, Ji Feng rushed back again.

When he returned home, Xiao Yuxuan and Tong Lei had not yet gone to sleep and had been sitting on the sofa in the living room waiting for him. When they saw that Ji Feng had returned, they were relieved and their hearts were finally relaxed as they began to ask about the robbery that had taken place at the convention centre.

Campus Master Chapter 2657

The first thing that I did was to tell Xiao Yuxuan and Tong Lei about the robbery at the convention centre, and since it was already late when Ji Feng returned home, several people quickly went to sleep.

However, after Xiao Yuxuan and Tong Lei fell asleep, Ji Feng did not rest immediately, but went to the study, took out the copy of the surveillance video given to him by Xiang Yongzhan and transferred it to the computer to watch it carefully.

Ji Feng could be sure that someone must have fired a cold shot at himself from behind, and it definitely could not have been a stray bullet.

It was only that this person who shot the black gun was very cunning and hid very cleverly, which was why he did not spot this person in the first place. Of course, it could also be because this person who shot the black gun was very skilled and could use the fastest speed to hide to the side after shooting, making it impossible for him to detect.

Whichever is possible, what is at least certain is that someone who was there, especially in the area where the hostage was lying, must have wanted him dead!

That was the most important thing!

So, Ji Feng had to find out that person.

The video started to play, and Ji Feng looked at the time shown on the video, it was after 5:20 in the evening, he did not wait slowly, but chose to fast forward.

If it was in normal times Ji Feng might have watched the video carefully, but now he just wanted to find out the person who shot the black gun as soon as possible, so he just fast forwarded to the time when the robbers started to act.

"So that was it" When Ji Feng saw the convention centre's etc. suddenly go out and then quickly come on, he realized that it was the robbers cutting off the power before they entered and then the backup generator in the convention centre basement kicked in.

Then looking down, Ji Feng saw the chaos in the exhibition hall, and the robbers wantonly shooting people, when he saw so many people killed and blood everywhere, his eyebrows couldn't help but tighten up.

"These people, they're really ferocious!" Ji Feng sneered, a cold light flickering in his eyes, "I really shouldn't have killed them all at that time, I should have caught a few more live ones"

These people are simply animals!

Letting them die just like that was cheap!

With a cold snort, Ji Feng continued to watch and soon it was time for him to come out, however at this time the power supply had been cut off by Bai Zhu, so the light inside was dim, the only thing still running was the emergency and fire lighting, and of course, the surveillance was likewise running at this time, hence the surveillance footage that followed.

But unfortunately, the only light at the scene was the lights in the hands of the bandits, and they were unstable, wavering all over the place, and the fire and emergency lighting could only provide a tiny bit of light, extremely faint, so the surveillance video could barely see anything.

Seeing this, Ji Feng's eyebrows furrowed once again.

The surveillance video could not be seen, which meant that it was impossible to see who had fired the shot!

Ji Feng immediately sped up the playback speed and played it at eight times the speed and watched the whole video, completely unable to see clearly what was actually happening down there.

It wasn't that Ji Feng's eyes were bad, but because that was all the surveillance camera captured, and that was all he could do even if his eyesight was good.

Ji Feng pondered for a moment and opened a few other videos. There was not just one camera in the exhibition hall, but there were surveillance at different angles, so Ji Feng intended to see if the other cameras would capture clearer videos.

However, the reality let him down.

Because the light in the exhibition hall was originally like this, the other cameras could not capture too clear a video, especially in the area where the hostages were lying on their backs, there was not a bit of light – the scene was so fierce at the time of the gun battle, all the hostages must have been in an extremely tense state, they naturally did not dare to make any movements.

And at that time, no matter whether it was Ji Feng and Yi Xingchen who led the battle team, or those bandits, they had no time to care about the hostages.

Therefore, it was just as dark there!

This made Ji Feng frown as he watched, unable to see who had actually fired the shots, there was no way to tell.

“Fan Jianyuan”

Ji Feng held his chin, looking at the dot of light that flashed on that computer screen from time to time, and mused, “Is that you?”

Suddenly, his heart stirred, a point of light?

It wasn't a dot of light, but a jet of fire from the muzzle of the gun when it was fired!

Ji Feng instantly had an idea, he immediately pulled the video to that time period of the gun battle and then stared at it carefully, because this surveillance video had no sound, and the sound he had to watch very carefully.

The gun battle was intense, as you could tell from the constantly flashing light spots, Ji Feng remembered his position, so what he was looking for now was where he judged the person who shot the black gun to be, and then combined with where those hostages were lying after the bandits had just entered, he could pretty much tell who had actually fired the gun!

A jet of fire!

Ji Feng found his position through the firelight of the shooting, and then, he stared at the screen with a deadly gaze.

Suddenly!

A bright spot flashed on the piece where the hostages were lying!

This was it!

Ji Feng secretly said in his heart!

The place where the hostage was lying was very dark, and this sudden spot of light instead became very solid. Ji Feng immediately memorized the location to death, and then immediately pulled the video forward to the time when he hadn't entered yet!

Fan Jianyuan!

Ji Feng instantly had a cold flash in his eyes, it was really him!

Comparing the position and angle of the flashing light, Ji Feng saw that the people originally lying in that position were Li Ruo Nan and Fan Jianyuan!

However, Ji Feng knew that when the gun battle started, Li RuoNan got up to get her gun and fought with the bandits. At that moment, only Fan Jianyuan was left in that position!

Of course, there were other hostages around Fan Jian Yuan, but Ji Feng did not think they would shoot him, because of those hostages present, Ji Feng thought he did not know them and had no grudge against them, so why would they shoot him?

Only Fan Jianyuan!

Ji Feng's face was sullen and the cold light in his eyes flashed, why would Fan Jianyuan want to poison himself?

He was a little confused, but no matter what the reason was, from the surveillance video, the person who shot him was most likely Fan Jianyuan!

But

How to prove that he did it?

.....

Early the next morning, the news that the jewellery exhibition at the International Convention and Exhibition Center had been robbed by robbers spread throughout Jiangzhou, yet strangely enough, instead of decreasing, the number of people going to the Convention and Exhibition Center had increased, and many people were in the mindset of going to see the fun, and those who had not planned to go had also gone.

And what was even more surprising to Ji Feng was that the exhibition was still going on!

It seemed that the organisers and the city were trying to minimise the impact, so Ji Feng had no choice but to go to the Exhibition Centre to find Li Ruo Nan.

He had to meet this Fan Jianyuan again, but before that, he had things to do.

When Ji Feng arrived at the jewellery exhibition site again, the place had already been restored to its original state. In just half a night's time, all traces of looting were surprisingly gone, and Ji Feng couldn't help but frown.

He found Li Ruonan in the patrol team, then immediately called her out and immediately asked, "Ruonan, how come all the traces of the scene are gone?"

Li Ruonan said, "What traces?"

Ji Feng frowned and said in a deep voice, "Of course it's the traces from last night! Are you guys done with the survey and eliminated all the traces so quickly, aren't you afraid of missing anything?"

Li Ruonan said, "Ji Feng, you don't know what I do, do you? The scene is of course the most important thing to us police, if we don't survey it all, how can we possibly clean it all up?"

"Then you took pictures?" Ji Feng asked.

"It's one of the necessary steps!" Li Ruonan said, "There are many other steps besides that, which the military and our police have surveyed Ji Feng, you didn't come here just to ask me that, did you?"

"I want to see the information from your survey, especially about the hostages' statements, and where they were during the shootout and so on, " said Ji Feng.

"What do you want these things for?" Li Ruonan was a little surprised.

Ji Feng said in a deep voice: "Someone is shooting me in the back, of course I have to find out."

Li Ruonan immediately frowned at his words and said, "Ji Feng, do you really think someone is shooting behind your back? In that chaotic situation at that time, how can you be sure? The possibility of a stray bullet is also very high, "

"But it's also possible that someone really shot a black gun, isn't it?" Ji Feng said.

"..... Then what exactly do you want?!" Li Ruonan asked helplessly.

Ji Feng said, "I've just said it, I want all your information, including the ones I just said."

Li Ruonan, however, shook her head and said, "Ji Feng, what you want are all things that we need to keep confidential, I don't have the authority to give them to you, sorry."

Ji Feng frowned and asked, "Really?"

Li Ruonan said helplessly, "What am I lying to you for! Think about it, for example, if a witness' statement is against the prisoner, once it gets out, that witness may be subject to retaliation by the prisoner or the prisoner's accomplices, of course we have to avoid that, that's the rule."

Ji Feng nodded and said, "Alright then, in that case, I'll leave you alone, you get busy, goodbye!"

After saying that, he turned around and left.

Li Ruonan immediately shouted to stop him, "Hey"

Ji Feng turned around and asked, "What, do you still have something else?"

"It's nothing, it's just that" Li Ruonan looked a little hesitant, she pursed her lips before saying, "Ji Feng, last night Fan Jianyuan went a little too far, I apologize on his behalf, I hope you"

"So this is what happened!"

Ji Feng smiled at once and waved his hand, saying, "It's nothing, it's normal!"

Li Ruonan smiled at once, "Normal?"

Ji Feng nodded and smiled, in his opinion this was indeed normal, if it was really Fan Jianyuan who shot him in the back, then both sides were on opposite sides, and Fan Jianyuan obviously wanted to put him to death, since this was the case, then whatever Fan Jianyuan said and did would not be more excessive, and it was also very normal.

By the same token, it is equally normal that he will launch the most violent revenge against Fan Jian Yuan next, and even take his life if he is really sure that Fan Jian Yuan did it!

Campus Master Chapter 2658

"Ji Feng, I know that what Fan Jianyuan did yesterday was a bit excessive, I hope you won't take it to heart!"

Li Ruonan didn't understand what exactly Ji Feng meant by that very normal statement, and she didn't even hear what Ji Feng meant beyond his words, and thought that Ji Feng was in the way, so he deliberately pretended to be so generous and frank, and in that case, she felt even more guilty.

In the final analysis, the root cause of this matter still lies in herself!

Li Ruonan knew in her heart that how could Ji Feng target Fan Jianyuan for no reason at all? I'm afraid it's really like what Fan Jianyuan said

Thinking of this, she couldn't help her pretty face to heat up, pursed her lips and said, "Ji Feng, between me and Fan Jianyuan"

"I understand!"

Ji Feng interrupted Li Ruonan with a smile and said, "Okay, I still have things to do, so I won't bother you anymore, goodbye!"

Li Ruonan immediately choked, biting her lip but not knowing what to say, she could only watch Ji Feng stride away.

“Oh, right!”

Just a few steps away, Ji Feng suddenly turned around again and said, “Ruo Nan, there’s something I shouldn’t have said originally, but as a friend, I thought about it and said it If you hear it and think what I said is wrong, then you can pretend I never said it.”

Li Ruonan immediately said, “You say.”

Ji Feng nodded and said, “It’s about your boyfriend Fan Jianyuan, I don’t think he’s a decent person, well to be precise, I’m afraid he’s not as decent or as simple as he appears to be! If you are willing, you can find a way to check out his experience during those years of studying in England, perhaps you will find out something different!”

Speaking here, Ji Feng smiled, “Maybe this is just my own nonsense, if you don’t like to hear it, just ignore it!”

With that, he nodded to Li Ruo Nan as a greeting, and then left with big strides.

Li Ruonan, however, stood in the same place, watching Ji Feng leave, bewildered.

Thinking about what Ji Feng said, she couldn’t help but bite her lips, her eyes carrying an extremely complicated look, as if she wanted to say something but couldn’t.

After getting into the car, Ji Feng didn’t have any anger or anger, he just had some dullness in his heart and just said, “Bai Zhu, go to the army station.”

Bai Zhu asked, “Is it the Special Combat Brigade’s quarters?”

Ji Feng nodded and said, “That’s right.”

Since he couldn’t get the details of the robbery from Li Ruonan, he had no choice but to go to Xiang Yongzhan’s place, but to make sure he didn’t make a trip for nothing, he took out his mobile phone and called Xiang Yongzhan, and only after confirming that Xiang Yongzhan was currently at the garrison, did he proceed with confidence.

After putting the phone away, Ji Feng leaned back and rested one hand on the car window, gazing out and wondering what was on his mind.

“Young Ji, if you like Captain Li, why don’t you make it clear to her?” Bai Zhu’s voice instantly pulled Ji Feng’s thoughts back to reality.

He was immediately stunned, “What to say to understand?”

Bai Zhu pursed her lips and laughed lightly, “Ji Shao, don’t pretend to be confused, I can see it, would you not feel it yourself?”

Ji Feng couldn’t help but shake his head when he heard that, “From what you’re saying, you’re encouraging me to go after her?”

“Yes.”

Bai Zhu, however, nodded naturally and said, “Ji Shao, you like her, why do you have to get yourself so tangled up again, why not just go and tell her straight out?”

Ji Feng couldn't help but be stunned at his words and shook his head with a bitter smile, “Bai Zhu, are you okay?”

What kind of person encourages their boyfriend to go after another woman? These words from Bai Zhu really surprised Ji Feng a little.

Bai Zhu pursed her lips and smiled lightly, “Young Ji, do you think I'm saying the opposite? What I said is true!”

Ji Feng then laughed and shook his head, but did not continue the topic, Bai Zhu was clearly joking, while he would not go after Li Ruonan who already had a boyfriend.

When Ji Feng arrived at the military compound, Xiang Yongzhan sent someone to wait at the entrance as usual. After passing the guards, he entered the barracks, only to learn that Xiang Yongzhan was still busy, so Ji Feng had to wait in the lounge.

Luckily, Ji Feng didn't have to wait too long, about twenty minutes or so, Xiang Yongzhan came back in a hurry, when he saw Ji Feng, he casually hung his hat on the coat rack and said, “Just now, I was still dealing with the robbery case last night, don't take offense, old brother.”

Ji Feng said with a smile, “I came today for this matter as well.”

Xiang Yongzhan asked, “How so?”

Ji Feng said, “About the robbery last night, you have all the information here, right?”

Xiang Yongzhan nodded and said, “Yes, what's wrong?”

“Good then, you give me a copy of all the details of the scene last night.” Ji Feng immediately said, “Also, there's the matter of giving me a copy of the transcripts taken by those hostages at the scene as well.”

“What do you need these things for?” Xiang Yongzhan was a bit strange, “This is all to be kept confidential!”

“Bullshit!”

Ji Feng grunted and said, “Since you're doing such a good job of keeping secrets, why don't you just don't let the robbers have a chance to do the killing! What happened at the scene that I didn't see? Still keeping secrets from me!”

Xiang Yongzhan then couldn't help but shake his head and laugh bitterly, saying, “Otherwise, how can I say that you are not a popular person line, I can give you a copy of all the information you want, but you always have to tell me that you were at the scene at that time, and that you probably know more about this matter than I do, so what else do you need all these things for? ”

Ji Feng said in a deep voice: “I want to determine who it really was that shot at me!”

Xiang Yongzhan frowned: "How to be sure? By the way, I watched the surveillance video, I can't see it clearly at all, I can only judge some of the situation in the melee through the later photos and videos of the scene, but the judgment may not be accurate, how do you check?"

The CCTV footage of the convention centre had been seen by Xiang Yongzhan, but because of the light at the time, he could barely see anything, and even with his professional eyes, he didn't get much out of it.

Ji Feng said, "That's because you weren't at the scene at the time, the video was blurry, but, I could roughly tell where the people at the scene were by the firelight from the shooting, but, the only thing that's unclear now is the area of the hostages!"

At that time, after the gun battle started, because the people lying in that area were all hostages, there was no threat, so Ji Feng didn't bother to pay attention to it, his attention was focused on those gun-wielding bandits, until later when a strong sense of crisis suddenly enveloped him, he only focused on the area where the hostages were.

And by this time, he had been blackballed and, after more or less wasted time, the gunman had disappeared.

"Are you planning to find out the location of the gunman from the hostage's transcript?" Xiang Yongzhan immediately understood Ji Feng's meaning, he did not expect that Ji Feng would judge the location of the gunman from the occasional jet of fire from the muzzle of the gun on the video.

If you think about it, this idea is very unique, but it's a real eye-opener!

Indeed, the area where the hostages were located at that time I'm afraid everyone would have been scared to death by that chaotic gun battle, absolutely no one dared to move around people who had the guts to move around before that were running around had either been taken out by those bandits or were scared out of their wits!

So, the piece of light where the hostages were was very dark and dim, and that, however, made that sudden flicker of fire, so blinding!

The location of where the person who shot the black gun was at that time was thus determined!

Then, I am afraid that Ji Feng is now looking for the hostage's transcript in order to determine the precise location of the gunman who shot the black gun in the dark, as well as the identity of the other party!

"I'll have someone bring it to you now!" Xiang Yongzhan said immediately.

"Thanks!"

Ji Feng nodded and said, "Ask for a detailed transcript!"

Xiang Yongzhan waved his hand with a smile and said, "Don't worry about that, I'm afraid our information is more detailed than the police's! Rather, you, do you really think the person who shot the black gun is that fellow called Fan Jianyuan?"

He addressed Fan Jianyuan in a very nonchalant manner, really because Fan Jianyuan's kind of performance, which appeared to be gentle and elegant on the surface but was actually extremely rampant, made him very disgusted.

Ji Feng nodded and said, "Eight out of ten's nine are him, but it's not final yet!"

Xiang Yongzhan slapped his thigh and hummed, "I knew it! As soon as I saw that guy, he's not a good bird, look at his rampant look last night! You really can put up with it!"

As he spoke, he couldn't help but shake his head, it was fortunate that he had joined the army and was already the brigade leader of the special operations brigade, if it was back in the days before he had joined the army, if Fan Jianyuan had dared to be so arrogant in front of him, he would have slapped him a few times.

"Thanks to you, you were actually able to apologize to him, not that I'm saying that, if it were me, I'd be lucky if I didn't slap him a few times!" Xiang Yongzhan shook his head.

"There was no evidence at the time, so it was my fault, and an apology was in order!" Ji Feng smiled and shook his head.

"Bullshit!"

Xiang Yongzhan grunted: "If he is an honest and decent person, we should apologize if we did wrong, there is nothing to say, we can't do things like bullying honest people! But you don't even know what he looks like! To put it bluntly, what kind of a man is he? I think he's a hypocrite!"

Ji Feng couldn't help but shake his head and laugh, saying, "It's me who apologised, why are you so angry?"

Xiang Yongzhan hummed, "As your friend, I feel like a loser! I say, old brother, is Mayor Li's daughter really that attractive? You don't even care about your dignity for her?"

"Bullshit!"

Ji Feng shook his head and cursed with a laugh, "Alright, don't bullshit about this, hurry up and have someone bring the stuff, I have a lot of things to do!"

Xiang Yongzhan couldn't help but shake his head at his words and said, "I see, I am also worrying for nothing, if I continue to put up with it, people will be riding on your neck and shitting on you by then!"

Ji Feng then said, "Are you taking it or not!"

"Yes! Why not!" Xiang Yongzhan said, "I'm not the one holding back anyway, so why should I worry about it?"

Campus Master Chapter 2659

Ji Feng laughed: "You can't really not worry about it!"

If it turns out that it was really Fan Jianyuan who was behind the black shot, Ji Feng will definitely not let him go, and when the time comes, he may have to resort to Xiang Yongzhan.

Xiang Yongzhan shook his head and said, "I don't have the time to worry about your crap, just the dynasty's affairs make me busy, and now with this additional robbery case, I have even less time."

Ji Feng asked, "Can't this case be directly handed over to the police?"

Xiang Yongzhan shook his head: "The police can't play, this time the robbery, there are mercenaries involved, they are all affiliated with a foreign mercenary group these bastards dare to come to China to rob and even dare to go on a killing spree, I have to teach them a lesson! "

So many innocent people were killed this time, and at an international convention, and there were several foreigners killed at the scene, this case could not be concealed even if they wanted to, and it has now caused an extremely bad impact.

I am afraid that everyone is now watching China, waiting to see what measures it can take.

If we don't do something at this time, I'm afraid everyone will think that China is weak and bullying, and then other mercenary groups will dare to come to China to make trouble!

"Then what are you going to do?" Ji Feng asked.

"What to do? Cool it!"

Xiang Yongzhan said in a cold voice: "Whoever dares to come to China to make waves will have to pay the price, China is definitely not a criminal paradise! Now that I've identified which mercenary group is involved, the next hum!"

Ji Feng asked, "Do you want help?"

Xiang Yongzhan shook his head, "Not yet, but once you said it I remembered, this matter might really need your help, I remember that battle group under you, a few of them used to be international mercenaries, right?"

Ji Feng nodded his head and said, "That's right!"

Xiang Yongzhan said, "When I'm about to act, have your people provide me with some information."

International mercenary groups, even if they were not familiar with each other, at least they knew each other, even if Xiang Yongzhan could investigate very well, but after all, he was not in the same circle as the mercenary groups, so some details would be easy to overlook.

But with the help of one or two veterans of the mercenary corps, it would be a very different story.

"That's no problem."

Ji Feng agreed readily, "However, are you planning to send troops abroad directly?"

Xiang Yongzhan said, "Of course! If you don't send troops directly, those mercenary corps won't be afraid of you, and even if they do send troops, he won't be afraid of you if you don't hurt him!"

Those mercenary corps are all those who have really experienced the gunfire, and they have even been in the midst of the constant conflicts and skirmishes between some countries in Africa in recent years.

Some people even call mercenaries the wild dogs of war!

For such people, you have to beat them up, break their bones and skin them! Otherwise, they won't know fear!

Ji Feng nodded slightly and said, "Be careful!"

Going out is definitely not as safe as being in China, especially now that there are many countries targeting China, plus those mercenary groups probably have inextricable ties with all the local governments, and it's definitely dangerous to go abroad directly.

Xiang Yongzhan said, "As a soldier, this is supposed to be within the scope of duty, even if it's dangerous!"

Ji Feng nodded and said, "China is lucky to have a soldier like you for us common people!"

Xiang Yongzhan then couldn't help but laugh.

While the two were chatting, a soldier walked in with a USB stick.

Xiang Yongzhan said, "The information is all in here, the hostage's statement is also in there, it's all made into a document, you go back and read it carefully."

Ji Feng took the USB stick and said, "If you need any help, just ask."

The first thing that I need to do is to ask for your help." "I don't know if you're willing to help."

Ji Feng couldn't help but stare at his words and asked, "What is it? Tell me."

Xiang Yongzhan said, "If I can have weapons that I can use while I'm at it, then this operation will definitely be safer, so"

"What does this have to do with me?"

Ji Feng was a little confused, then he reacted and asked, "Oh, you're talking about the laser gun, right, right now I haven't found a suitable energy source and can't develop it yet"

Xiang Yongzhan waved his hand and said, "That's not what I'm talking about."

"Then what is it?" Ji Feng asked.

"Don't you have a new type of material that has strong performance and good concealment, would it be better if you use this material to make weapons?" Xiang Yongzhan asked with a smirk.

"Heh!"

Ji Feng smiled and instantly understood, and couldn't help but shake his head with a smile, "I thought it was something, you're going around in such a big circle say it, is someone entrusting you to be a lobbyist!"

He originally thought Xiang Yongzhan was talking about the laser gun, but when this guy wheedled his way to the new material, he then understood that, as it turned out, Xiang Yongzhan's real purpose was on the new chrome alloy, but this material, if used for single weapon equipment, would not have very drastically improved the performance of single weapon, at most, it would have been better concealment.

So Ji Feng immediately realised that this was someone who had commissioned Xiang Yongzhan to be a lobbyist!

As expected, he saw Xiang Yongzhan smilingly say, "How about it, do you plan to transfer the technical process of the new chrome alloy? The price will definitely not let you lose out!"

Ji Feng glanced at him and asked with a smile, "Are you formally negotiating?"

Xiang Yongzhan said, "Nonsense! It would be too easy if this was a formal negotiation, it's just that someone asked me to help ask you what are the requirements, or what conditions are needed to transfer the technology process of the new chrome alloy!"

Ever since the collapse of the Jiangzhe family, the Minfu family's own difficulties in protecting itself, the Wu family even failed to steal a chicken and suffered a heavy blow, even the contemporary head of the Wu family, Wu Zhengmin, unexpectedly sank his sword, planted a big heel and stepped down in disgrace!

The court and the public were shaken, and even the entire officialdom of China was shaken!

And that's not even the end of it. Even the military is now on tenterhooks, because after the fierce counter-attack, the Ji family has finally freed up its hands and started to launch counter-attacks against some people in the military!

Under such circumstances, I am afraid that no one would dare to look at the Ji family and the Tengfei Group with the same thinking and vision as before. There is no need to talk about taking things by trickery, like the last time when a few random people with orders from the Political Department of the Yanjing Military Region dared to go to the Tengfei Group and give orders for people to hand over the technical process of the new chrome alloy, that would be even more of a joke!

Now, even Xiang Yongzhan's father, Xiang Jiefang, who was the chief minister, had to be extremely cautious when dealing with the Ji family and the Tengfei Group.

Not to mention the fact that the Xiang family is now married to the Ji family, even if they are not, Xiang Jiefang sees it far more clearly than many people.

The problem with the system is that Jiefang has reached the end of his rope, and it is almost impossible to move up again, because the military power will eventually be returned to the number one, there is no doubt about it, and as of now, the one who can go that far is Ji Zhenhua, who has a great possibility.

After so many storms, the Ji family can now be said to be prosperous and even more powerful, although there are still various external threats, they are not enough to deal a fatal blow to the Ji family.

Unless the Ji family made an irreparable mistake, it would not be easy to shake the Ji family!

Therefore, now Xiang Jiefang was also very cautious.

Of course, there was no need to mention the rest of the military, which is why someone entrusted Xiang Yongzhan to ask Ji Feng, wanting to get the technical process about the new chrome alloy.

In fact, to put it bluntly, it is now someone who has commissioned Xiang Yongzhan to test Ji Feng's mouth first, which is completely a tone of discussion.

The military's posture is already very low!

Ji Feng of course understood this point, his father Ji Zhenhua and his younger uncle Ji Zhenping had also mentioned to him before, in the face of such advanced alloy, it would be strange if the military was not moved, moreover, I am afraid that at this moment, the military of other countries are also afraid to move.

It would be impossible not to give this alloy to the military, and Ji Feng himself was planning to give it to the military, but the question was, how to give it, and this was a very crucial question.

"Will it work or not, you should give a word!" Xiang Yongzhan waited for a second to see Ji Feng's answer, and then he became anxious, "I said you kid to be crisp, okay, what are the conditions, you just put forward directly!"

"The transfer of chrome alloy technology process that is certainly no problem!" Ji Feng said readily, "I don't have any excessive conditions, there are just two premises."

"You say!"

"First, after the new chrome alloy is transferred to the military, the Tengfei Group still has the autonomy of the civilian side, that is to say, this technology can be given to the military, but the Tengfei Group must also have it, and, what the Tengfei Group uses it for, the military has no say in it!"

"Secondly, after the military gets the technology of the alloy, it cannot be used for civilian use and cannot be transferred to any other party!"

Ji Feng held out two fingers and said, "These are the two major premises, if the military can agree, then there is the possibility of continuing the negotiations, otherwise, don't negotiate."

He had developed this new chrome alloy technology, which itself was to lay the foundation for the Tengfei Group to enter industry, so naturally he wanted to gain autonomy.

At the same time, he was willing to teach the technology to the military, of course, because he wanted the country to be stronger and the army's weapons to be more advanced, but this meant that the military could transfer the technology to a third party at will.

"Right, there is another point, I know that the military is actually not very clean internally, so if I know that someone internally is tainted with the technical process of the new chrome alloy and doing something odd, then sorry, in the future, all new technologies of the Tengfei Group will not cooperate with the military again!"

Ji Feng said in a deep voice.

Campus Master Chapter 2660

Xiang Yongzhan nodded his head very readily and said, "No problem, I will convey your words as they are."

These few requests made by Ji Feng were not excessive, so Xiang Yongzhan also replied very quickly, in fact, he did not expect Ji Feng to be so quick.

“Then let’s leave it at that.” Ji Feng nodded and said, “For the rest, you can go directly to the Tengfei Group and I will arrange for them.”

“Okay, okay, okay!”

Xiang Yongzhan nodded and laughed, Ji Feng was so quick to give face, so he was naturally happy, “I’ll have someone send you guys.”

Ji Feng was just about to nod when suddenly he thought of another thing and immediately said, “Right, there’s another thing I need your help with, do you still have any retired female soldiers here, preferably those with difficult family situations, or at least not born into a big rich family, are there any such people?”

Xiang Yongzhan frowned, “Just like Han Zhen? I said you kid want to come to me again to dig the foot? Have a little conscience can’t you

“But at least they are definitely treated better at my place than at yours!”

Ji Feng directly interrupted Xiang Yongzhan’s complaint and said, “Old Xiang, you don’t need to scream in front of me, what I want is retired female soldiers, and it won’t affect the combat power of the special combat brigade, moreover, it is also considered to solve some of your worries, to say the least you don’t thank me for it, what are you screaming about!”

Xiang Yongzhan: “..... you come here to dig my corner, and I still have to thank you? Grass! What kind of statement is that?!”

Ji Feng hummed: “Can you do it, give a painful word, if you can do it, if not I will think of another way, if not I will go to the Red Arrow Brigade, it’s not like there are no retired female soldiers there!”

“.....”

The first thing you need to do is to get a good idea of what you’re doing. Ji Feng, don’t go too far, the retired soldiers from my special combat brigade will be snatched up by anyone in society

“I know, your soldiers eat good!”

Ji Feng didn’t wait for him to finish before saying, “They have great hands, high combat literacy and discipline, anyway, they are full of advantages!”

The special forces retired soldiers, their combat strength and combat quality that is naturally needless to say, this is undoubtedly, so some powerful bosses and rich people, most like to recruit such people as bodyguards, even if they do not work as bodyguards, to a large company that is at least a security department manager.

And some of those assigned to the police system are also powerful generals.

Xiang Yongzhan hummed and looked a little proud: “Since you know, then don’t say that you are treated well there, and let me tell you, if you really want to compare, it’s not like there aren’t any that are treated better than yours!”

Ji Feng chuckled and said, "But the only place that can help them improve their strength again is my place!"

Xiang Yongzhan was suddenly dumbfounded.

This was something that he had not thought of. But yet, he had to admit that Ji Feng did have this ability to raise the strength of those warriors, and a lot more!

Let's say Bai Zhu who was following Ji Feng, nowadays, Xiang Yongzhan couldn't even see through her depth, but he could feel from her movements that were full of power, if he really had to fight, Xiang Yongzhan really wasn't sure in his heart that he could subdue her!

This is the best example!

As for Han Zhen, since she had arrived at Ji Feng's side, Xiang Yongzhan had not met her yet, so it would be hard to evaluate her strength, but there was no doubt that Ji Feng would certainly not put a mediocre hand by his woman's side.

There might even be skills in Ji Feng that outsiders don't know about, and if those fighters could learn a few not to mention more, even if they learned 10%, that would be quite something!

"Now I only have three places!" Finally, Xiang Yongzhan no longer cattle, spat: "However, how these three people are now, I'm not too good to say, wait until I have understood the details and then tell you."

Ji Feng laughed: "That's more or less the same, then you do it as soon as possible, I'll wait for your news!"

Xiang Yongzhan couldn't help but hum: "I found out, you're sure of me, it's my bad luck to know you!"

Ji Feng asked, "Really?"

"Fuck off!"

Xiang Yongzhan cursed with laughter.

Seeing that Xiang Yongzhan had agreed to do so, Ji Feng was relieved of a heartache.

Originally, he had wanted to find suitable bodyguards for Xu Yuan and Qin Shujie, but there had been no suitable ones. For emergency purposes, he had once sent Guo Tao to Xu Yuan's side, but this was only a temporary measure, as the steady and battle-hardened Guo Tao was absolutely indispensable whenever the battle group was in action.

So Ji Feng had always wanted to find two female guards for them, and now, the matter should have been settled.

The actual fact is that this guy is actually smiling in his heart, and this is just a little trick of his.

The fact is that there are a lot of restrictions for soldiers serving in the special forces after they retire from service, and various secrecy rules will keep their hands tied.

The actual fact is that there is no need to worry about leaking secrets, so I'm afraid Xiang Yongzhan would like to do that.

The only thing is that Ji Feng knows that there are very few female soldiers in the special forces, let alone the special operations brigade, and he has only met a few female soldiers before.

And in many critical operations, female soldiers may play a greater energy, that's why Xiang Yongzhan was so reluctant.

Ji Feng did not go home, but went straight to the company.

He first went to find Han Zhong and Xiao Yuxuan and talked about the cooperation with the military, so that they could have a psychological preparation first. After that, he was in Xiao Yuxuan's office and used her computer to open the USB drive and carefully looked at the information.

He was already clear about the scene, so he mainly looked at the transcripts about the hostages.

But first, Ji Feng looked at the information of the hostages, no wonder Li Ruo Nan said to keep it secret, indeed, the information on each hostage's photo, home address and contact information, etc., are extremely detailed records, and, at that time, the police on each of the hostages were photographed.

This was a great convenience for Ji Feng, who immediately followed his impression and identified the hostages lying near Li Ruo Nan and Fan Jian Yuan at that time.

Of course, because the hostages were lying on their backs, Ji Feng did not see their faces at that time, but remembered what clothes they were each wearing, so he looked for the people directly according to the clothes in the photos.

Four or five people were soon found, and after that, Ji Feng then found their transcripts and looked at them carefully.

"Dang!"

A crunching sound, Xiao Yuxuan brought a cup of tea on the table and asked, "What are you looking at?"

Ji Feng didn't even turn his head back and casually replied, "Catching the bad guys."

Xiao Yuxuan then pursed her lips and laughed lightly, "Want to be a cop, huh? Or do you want to be a cop?"

"Hmm?"

Ji Feng froze, turned his head to look at her and asked, "What?"

Xiao Yuxuan looked at him with a smile and asked, "What, aren't you thinking about our police flower? Ruo Nan is very pretty!"

Ji Feng instantly understood what she was talking about and couldn't help but laugh, "What are you talking about! Ruo Nan is someone who has a boyfriend, don't talk nonsense!"

Xiao Yuxuan, however, pursed her lips and smiled, coming behind Ji Feng, wrapping her arms around his neck and pressing her soft pretty face against his, saying, "Little rascal, am I really talking nonsense? You still want to hide it from us, huh?"

Ji Feng cried and laughed: "What am I hiding from you guys, Ruo Nan really does have a boyfriend, don't believe me ask her"

"But I heard that it's more interesting with a goalkeeper scoring, you think so too, right?" Xiao Yuxuan asked.

"....."

Ji Feng shook his head and laughed bitterly, this goblin.

Xiao Yuxuan ringed him, ear to ear, the faint aroma of her body involuntarily filled Ji Feng's nostrils with a faint charm.

"Even now Ruo Nan the goal you have not scored, but, in the other battlefield, you have scored, right?" Xiao Yuxuan suddenly asked again.

"Don't you have a job?" Ji Feng asked, "I just saw that you seem to have a lot of documents to sign, right?"

"You're not allowed to change the subject!"

Xiao Yuxuan pinched his nose and said, "Tell me quickly, between you and Qin Shujie, how far have you developed! Why were you so impatient to fight for your life as soon as you received her plea for help?!"

Ji Feng snorted and said, "Of course I had to go and save someone when I received the distress signal, I didn't tell you guys, that's because I was afraid you would worry."

"Humph! How dare you lie!"

Xiao Yuxuan instantly grabbed Ji Feng's neck and said viciously, "Little rascal, if you don't tell the truth, I'll really get angry! When the time comes, Lei Lei will definitely be angry too, so the two of us will move out and you can live on your own!"

Ji Feng: "....."

He laughed bitterly, "How did you know that I received Qin Shujie's distress signal?"

Xiao Yuxuan hummed, "Little rascal, don't digress and don't give me sloppy eyes, I'm not the only one asking this, it's also Great Grandmother's intention, whether to be honest or continue to lie, you just watch out!"

Ji Feng smiled and couldn't help but be silent.

Xiao Yuxuan's hand on his neck didn't really pinch him hard either, it was just feigning anger, but it was obvious that if Ji Feng didn't give her a reasonable explanation, I was afraid that Xiao Yuxuan would really get angry.

It took a while before he said, "Yu Xuan, I admit that I'm very philandering and can't be exclusive, but my feelings for you all are true"

Xiao Yuxuan hummed, "Don't say anything else, just explain your relationship with Qin Shujie, hurry up, or I won't listen!"

"My relationship with her, and my relationship with you guys are the same!"

Ji Feng replied.

Xiao Yuxuan's eyebrows went up when she heard that, and she said angrily, "Fine! You became Yao Yao's godfather, and you really carried her mother to bed?!"
