“My relationship with her is the same as my relationship with you guys!”

Ji Feng replied.

Xiao Yuxuan’s eyebrows went up when she heard that, and she said angrily, “Fine! You became Yao Yao’s godfather, and you really carried her mother to bed?!”

Sweat!

Ji Feng couldn’t help but sweat, Xiao Yuxuan’s words really made him a bit embarrassed, although his recognition of Yao Yao as his goddaughter was not necessarily related to his relationship with Qin Shujie, but this was a bit

Looking at Xiao Yuxuan’s angry look, Ji Feng was more or less vain, he coughed dryly and said, “That what, Yuxuan, actually between me and Qin Shujie, it’s not what you think.”

“Then which is it?” Xiao Yuxuan asked without good humour, yet without waiting for Ji Feng to answer, she said, “Say! Was it Qin Shujie who seduced you, or were you the one who seduced her?”

“..... Neither!”

Ji Feng laughed bitterly, he expected Xiao Yuxuan to have a big reaction, and his delay in telling Xiao Yuxuan and Tong Lei about the relationship between him and Qin Shujie also had this aspect in mind.

But right now, it seemed that Xiao Yuxuan’s anger seemed to be more serious than he had imagined.

After thinking about it, Ji Feng decided to talk to Xiao Yuxuan openly and honestly, he said, “Yuxuan, between me and Qin Shujie, there is no one seducing anyone, think about it, with Qin Shujie’s wealth, there is no need for her to seduce me, she can live a very good life by finding a random man, right?”

“Humph!”

Xiao Yuxuan couldn’t help but hum, but didn’t say anything.

Seeing this, Ji Feng couldn’t help but continue, “Qin Shujie’s ex-husband treated her badly and even once wanted to send her out for the sake of profit, that aside, Qin Shujie was also someone I met right after I came to Jiangzhou, and it was because she bought my emeralds back then that I made my first bucket of gold.”

“It was also from that time that the two of us became acquainted, and soon afterwards, she also learned of my identity, but her attitude towards me has not changed much”

Ji Feng went through the process of his acquaintance with Xiao Yuxuan from beginning to end, especially when it came to some of the past between him and Qin Shujie, and he said it even more carefully.

Xiao Yuxuan, however, kept her face taut and said, “After saying so much, you just want to show that Qin Shujie is willing to follow you, not because of your identity, but because she has true feelings for you, right?”

Ji Feng nodded his head and said, “That’s right.”

Xiao Yuxuan was instantly angry, "But you seem to have gotten one thing wrong, whether she has true feelings for you or because of your identity, that I don't care, what I'm saying is that there is something between you and her!"

She was really angry and funny, she hadn't even started settling accounts with Ji Feng yet, but Ji Feng had already started talking to her about real feelings and fake feelings!

She tensed her face and her beautiful eyes stomped at Ji Feng, hating to bite him.

"When did you and Qin Shujie start?!" Xiao Yuxuan asked.

"It's been a while." Ji Feng said.

"So, you and Qin Shujie already started when Yao Yao was staying at our house last time?!" Xiao Yuxuan asked.

"Mm."

Ji Feng nodded his head frankly.

"Good!"

Xiao Yuxuan was instantly on fire, her silver teeth clenched as she gasped, "Thanks to me, I still liked Yaoyao so much, and was so enthusiastic to help her take care of the child, take Yaoyao to play, and buy her delicious food, just in case she was unhappy about something dare I say that you and Qin Shujie were already together at that time, and took Lei Lei and me for fools and keep us in the dark?!"

Ji Feng was busy saying, "It's not what you think, it's just that I hadn't thought of what to tell you at that time"

"What about Qin Shujie?" Xiao Yuxuan gasped, "Even if you hadn't thought about it, but Qin Shujie should always know what my relationship with you is, right? How can she still treat me like that?"

Xiao Yuxuan was really pissed off!

It was fine for her to help take care of the child, she already liked children, it was fine, even if she had to take care of them for a few more days, in fact she had really planned to take care of Yao Yao for a few more days, the child was indeed very cute, she couldn't help but want to hold and kiss her twice.

However, Qin Shujie was still smiling and asked her to help take care of Yaoyao even though she knew about their relationship, what was this?

What does this take her, Xiao Yuxuan, for?

Look, not only did I steal your man, even you have to help take care of my child

"Ji Feng, I'm telling you, there's no such thing as bullying people!" Xiao Yuxuan bit her lips, tears had already started to well up in her eyes, her face was red with anger, her eyebrows were full of anger, "You have all joined together to play me as a fool, I am the stupidest one"

Ji Feng hurriedly said, "Yu Xuan, you misunderstood! It's really not what you think!"

Xiao Yuxuan, however, just bit her lips and slowly shook her head.

Ji Feng hurriedly continued, "Yu Xuan, do you still remember? At that time, it was me who brought Yaoyao back, it wasn't Qin Shujie who asked you to, in fact, when I brought Yaoyao back, she was also embarrassed and felt that it was not good, but I felt that Yaoyao could not always be alone at home, so I brought her home."

"Also, later on, when Qin Shujie came to our house to pick up Yaoyao after she came back, you kept her for dinner, how she didn't want to, she repeatedly excused herself, in the end it was only when I said so that she stayed, you still remember all this, right?"

Ji Feng said, "In fact, she was just very guilty in her heart, that's why she was embarrassed to stay for dinner, that's because she didn't know how to face you! So, she wasn't playing you for a fool, it's just that it's not always good for her to take the initiative to open up to you and admit the relationship between the two of us"

"You don't have to defend yourself!"

Xiao Yuxuan but slowly shook her head, she bit her lips and looked at Ji Feng for a while before saying, "Ji Feng, from the years we were together how I treated you, you should be clear in your own heart. In fact, I also know that with your character, I'm afraid it won't be just me and Lilai and us two women, I've even made mental preparations!"

Ji Feng opened his mouth, but before he could speak he was interrupted by Xiao Yuxuan, "But, I would never want others to play me for a fool! I will be angry if other women fool me, but, you fooled me fooled me"

She turned her head and took a few deep breaths, trying not to let herself cry or even let the tears fall.

"Yu Xuan!"

Ji Feng said sincerely, "We really didn't trick you! I admit that I lied to you, but I lied to you not because I took you for a fool, but"

Xiao Yuxuan slowly shook her head and said, "Forget it, you don't have to explain anymore, I'm not embarrassed of you, you don't embarrass me either, okay?"

Ji Feng immediately realized what was going on and his face changed, "Yu Xuan, you"

"Let's break up!"

Xiao Yuxuan said, "I'll move out today"

After saying that, she turned around and left.

Ji Feng heard the words without saying a word hurriedly grabbed her hand and said in an urgent voice: "Yu Xuan, listen to my explanation, things are really not what you think!"

Xiao Yuxuan shook her head and said, "It doesn't matter what kind of thing it is anymore. What is important is that I don't want such things to happen again in the future, I don't want to be kept in the dark but still treat people like friends, it makes me feel no different from a fool"

Ji Feng hurriedly said, "No way! No I mean, no matter before or after, no one is lying to you!"

"Are you sure you haven't lied to me about anything other than this matter?" Xiao Yuxuan said.

"....."

Ji Feng suddenly thought of Xu Yuan.

He immediately realized that he might have lied to Xiao Yuxuan once again, but this time, he did not mean to, but he actually did.

Seeing that Ji Feng was speechless, Xiao Yuxuan's nose was sore and she finally could no longer hold back her tears, and then she wiped her tears with the back of her hand, turned around and left.

Ji Feng grabbed her fiercely and said sharply, "Yu Xuan, don't be in a hurry, listen to me explain to you"

"Ji Feng!"

Xiao Yuxuan turned around and said, "If you really have loved me, let me go!"

Anyone could cheat her, Qin Shujie cheated her, Xiao Yuxuan would only feel angry, no one likes to be cheated, especially if they are also kept in the dark, it makes her feel like a fool when she thinks about it.

But what Xiao Yuxuan couldn't stand the most was the fact that Ji Feng was likewise lying to her, and that he was in cahoots with an outsider to lie to her!

They all knew what was going on, and Qin Shujie even knew about the relationship between her and Ji Feng, but it was only until now that she knew

Especially Ji Feng's deception made Xiao Yuxuan have a feeling of being fooled, and she suddenly realized that the feelings she had given before were probably just in vain.

It seemed that Ji Feng didn't care too much.

Xiao Yuxuan only felt that her heart was extremely blocked, even though she had been forcibly holding back, but her tears were still falling down.

However, Xiao Yuxuan did not look away, but looked at Ji Feng, very seriously.

Ji Feng then fell silent.

With his understanding of Xiao Yuxuan, he could certainly see how determined Xiao Yuxuan was at this moment. Even though he knew that Xiao Yuxuan had misunderstood, he no longer knew how to explain.

After all, it was indeed his poor consideration in this matter, and when he thought back carefully, Ji Feng also knew that what he had given to Xiao Yuxuan and Tong Lei in these past few years was far less than the tenderness they had given to themselves.

The first thing you can do is to look at Xiao Yuxuan's tear-stained face and her tear-filled eyes, and he couldn't say a word of advice.

Xiao Yuxuan flung her hand away to break away, then she turned around and left without saying a word.

Ji Feng hurriedly shouted, "Yu Xuan!"

But Xiao Yuxuan didn't even turn her head back and left with big strides, leaving only the sound of high heels stepping in the corridor, which, in Ji Feng's ears, made his heart feel indescribably empty and uncomfortable.

Campus Master Chapter 2662

Xiao Yuxuan's departure left Ji Feng no longer in the mood to check the hostages' transcripts, and even his interest in finding the black hand that shot the cold shot in the back vanished instantly without a trace.

He stood in front of Xiao Yuxuan's office, watching her back disappear at the end of the corridor, wanting to chase after her, but thinking of Xiao Yuxuan's determination, he knew it was useless even if he chased after her.

This time, he had really hurt Xiao Yuxuan.

Ji Feng pursed his lips and leaned against the door frame for a long time.

"Ding"

His mobile phone suddenly rang, Ji Feng took out his phone and looked at it and found that it was Xiao Ying calling, he immediately picked up, "Xiao Ying, follow Yu Xuan immediately and don't leave her side an inch!"

Little Shadow said with some anxiety, "Young Ji, Sister Yu Xuan doesn't know what's wrong, her eyes are red, it seems like she just cried, I asked her what's wrong and she won't say, and she won't let me follow, I"

Ji Feng smiled and immediately asked, "She won't let you follow?"

"Yes, I saw that her state was not right, so I immediately followed her, but she wouldn't let me follow, and her attitude was very firm, I saw that things seemed a little off, so I rushed to call you." Xiao Ying said hurriedly.

Just now she was just like usual, when she saw Xiao Yuxuan go out, she immediately followed her, but Xiao Yuxuan stopped her, and waited until the lift went downstairs, Xiao Yuxuan was even more determined to let her go back and not let her follow, Xiao Ying then looked at Xiao Yuxuan's appearance, and immediately realized that something might have happened, so she hurriedly called Ji Feng to report.

But Xiao Ying could not imagine that it was because of Ji Feng that Xiao Yuxuan had become in the state she was in.

"Little Shadow, follow her immediately, and if she doesn't let you follow, you can follow secretly." Hearing Xiao Ying's words, Ji Feng hurriedly explained, "Make sure to protect Yu Xuan's safety, you can't let her have any accidents, got it?!"

"Young Ji, what exactly is going on?" Little Shadow was very puzzled.

“Yu Xuan is angry with me, but I can’t tell you exactly what’s going on in a few words, just do as I say and protect Yu Xuan, that’s what I’m asking you to do, understand!” Ji Feng said in a deep voice.

“Huh?”

Xiao Ying was stunned, she really did not expect that Xiao Yuxuan was actually angry because of Ji Feng, but she then responded, “Yes! I will definitely protect Sister Yu Xuan’s safety!”

Ji Feng nodded and said, “Little Shadow, please!”

Hearing Ji Feng speak so solemnly, Little Shadow hurriedly said, “Don’t say that, Young Ji, it’s only right for me to protect Sister Yu Xuan.”

“Thank you.”

Ji Feng sincerely spoke to Little Shadow and put away the phone, he was silent for a long time, couldn’t help but sigh and stood at the door without saying a word.

After a few moments, he saw Bai Zhu hurriedly come out of the room in front of him, she asked as she walked, “Young Ji, what’s wrong? You had a fight with Yu Xuan”

Before she could finish her words, her voice came to an abrupt halt.

Because, she saw a Ji Feng who was almost completely different from before!

At this moment, Ji Feng was standing in front of Xiao Yuxuan’s office, leaning against the door frame, his face was full of despondency, his eyes even carried a kind of heaviness and helplessness, the whole person seemed to have suddenly aged a few years, very different from before he came.

Especially when she saw that kind of despondency in him, Bai Zhu suddenly felt a pain in her heart, and she hurriedly walked over and asked, “Young Ji, what’s wrong?”

Bai Zhu was heartbroken because ever since she had known Ji Feng, she had never seen him in such a state, let alone in such a dishevelled and despondent state, it was as if Ji Feng had a feeling of helplessness at the moment.

Seeing Bai Zhu, Ji Feng opened his mouth and finally said slowly, “I made Yu Xuan sad, she found out about me and Qin Shujie and broke up with me”

“Break up?!”

Bai Zhu couldn’t help but be shocked when she heard that Xiao Yuxuan had broken up with Ji Feng? How is this possible? The two of them had such a good relationship, even with Xiao Yuxuan being so outstanding, she was willing to share Ji Feng with Tong Lei, so it was obvious how deep her feelings for Ji Feng were, and now she actually broke up with Ji Feng?!

Ji Feng slowly said, “I hurt her, too deeply.”

Although things have developed to this point, also because Xiao Yuxuan misunderstood and thought that he and Qin Shujie had joined hands to trick her, but this aside, I am afraid that his own deception of her has likewise made her very sad and disappointed

Bai Zhu sniffed and couldn't help but ask: "Then Yu Xuan left, why didn't you go after it!"

Just now she received a call from Xiao Ying, just knowing that there was a quarrel between Ji Feng and Xiao Yuxuan, and when Xiao Ying saw that Xiao Yuxuan was so sad, she called Bai Zhu and asked her to come over and ask Ji Feng what was going on, but only now did Bai Zhu know that the matter was so serious.

Xiao Yuxuan had actually broken up with Ji Feng, so when she left this time, it was obvious that she didn't just go home early because she was angry, she, most likely, wouldn't return to that home again.

"She was very determined, I chased after her, but it was useless."

Ji Feng couldn't help but shake his head and sigh, saying, "I hurt her too deeply!"

Bai Zhu was anxious when she heard that and said in a hurry, "Then you can't just let her go like that, if you don't chase her, she'll be even sadder, Ji Shao, hurry up and go after her, hurry up!"

Although her past experience was different from that of a normal woman, it didn't mean that Bai Zhu didn't understand anything about emotional matters, as a woman, she herself had to be more able to understand women's feelings than Ji Feng.

So when she found out what was going on, she immediately rushed to let Ji Feng go after her.

Ji Feng, however, slowly shook his head and said, "It's useless to chase, I know her, she's very determined"

He knew Xiao Yuxuan very well, don't look at her usually charming and beautiful, a natural beauty, but in reality she was also very stubborn inside, just now she was so determined, Ji Feng stopped her twice in a row to no avail.

Bai Zhu was so anxious that she turned around and ran away, dropping a sentence, "Then I'll go after them!"

Ji Feng didn't stop her, nor did he say he nodded in agreement, he just let her go. With Xiao Yuxuan gone, his heart was empty and he couldn't bring himself to do it at all.

But one thing was not out of his expectation – about ten minutes later, Bai Zhu came back, but she had a look of disappointment on her face.

She didn't catch up.

"Yu Xuan has gone, I just called Little Shadow and she is driving behind secretly." Bai Zhu said.

"Mm."

Ji Feng nodded his head.

"Hmm? Young Ji, what's the use of just mmmmmmm!" Bai Zhu said helplessly, "You have to find a way to get Yu Xuan back before you can, you two have such a good relationship, you can't just forget about it!"

“I also want to salvage it, but right now” Ji Feng shook his head and said, “Yu Xuan is angry, right now she can’t listen to anything I say, so it’s better to wait until her anger subsides a little bit and then I can explain. And”

Moreover, now Xiao Yuxuan was reacting so fiercely, but he didn’t know how Tong Lei would react after knowing about his affair with Qin Shujie.

Ji Feng had some uneasiness in his heart.

However, he still picked up the phone and dialed Tong Lei’s number.

“Ji Feng, what is it?” Tong Lei’s voice was all normal, as if she didn’t know anything about this matter.

“Lei Lei, I have something to confess to you.”

Ji Feng paused for a moment and couldn’t help but say, “Actually, between me and Qin Shujie, there is a relationship, just like the one between us”

Then, Ji Feng’s heart lifted up, and at this moment his heart was filled with a feeling of apprehension, like a prisoner who had committed a crime and was awaiting trial, not knowing at all whether he would be sentenced to death next, or to a term of imprisonment, or to acquittal.

At the other end of the phone, Tong Lei was silent for a few moments, probably a few dozen seconds, or a minute or two” Ji Feng’s heart lifted, almost felt like a few years had passed that long.

Finally, Tong Lei spoke: “Oh.”

“Lei Lei, I”

Ji Feng’s words hadn’t finished, and all of a sudden he heard a beeping busy tone coming from the phone, but it was Tong Lei who hung up the phone.

Ji Feng couldn’t help but slap his head and immediately called Han Zhen and asked, “Zhen Zhen, where are you guys?”

“At home, Lei Lei is preparing information and is doing the school’s planning.” Han Zhen said.

“If Lei Lei wants to go out, you keep me posted on your whereabouts.”

Ji Feng finished speaking, without waiting for Han Zhen to answer, and regardless of what her reaction was, he immediately hung up the phone, then lifted his legs and walked away.

Bai Zhu hurriedly followed him and asked, “Young Ji, where are you going?”

Ji Feng said, “To find Lei Lei.”

Xiao Yuxuan had already misunderstood and had therefore proposed breaking up with him, now she was angry, he couldn’t explain, and now he couldn’t explain, he didn’t want Tong Lei to be like this, so he had to go and explain to Tong Lei in spite of himself.

The first thing I did was to take Xiao Yuxuan’s office door with me, and then I hurried up again, secretly anxious for Ji Feng in my heart.

Ji Feng didn't even have time to say hello to Han Zhong and Zhao Kai, nor did he let Bai Zhu drive, but sat himself directly in the driver's seat and drove quickly towards home.

The phone didn't ring on the way, which gave him some slight peace of mind, indicating that Tong Lei should still be at home and hadn't left, or else Han Zhen would have reported to him.

Ji Feng returned home as fast as he could, he didn't even have time to turn off the car before he opened the door and jumped down, he hurriedly walked towards the living room and saw Han Zhen sitting on the sofa.

As soon as he saw him enter, Han Zhen immediately stood up and said in a low voice: "Ji Shao, Lei Lei seems to be very angry"

Ji Feng immediately asked, "Where is she?"

Han Zhen pointed upstairs, and Ji Feng hurriedly ran upstairs in three or two steps. As soon as he pushed open the bedroom door, he saw that Tong Lei was sitting by the bed, seemingly holding a photo frame in her hand and looking at it quietly.

The moment Ji Feng saw this situation his heart couldn't help but tighten, because he recognized at once that the photo frame that Tong Lei was holding in her hand contained a photo of him and Tong Lei together

Campus Master Chapter 2663

As soon as Ji Feng saw this situation he couldn't help but feel a tightening in his heart, because he recognized at once that the photo frame held in Tong Lei's hand contained a photo of him and Tong Lei

"Lei Lei!"

Ji Feng hurriedly walked over to Tong Lei and squatted down in front of her, took her hand and said, "I know, this matter is my bad, but my feelings for you guys have never changed!"

Tong Lei's pretty face was clear and cold, but her eyes were tinged with a vague sulk, she looked at Ji Feng and bit her lips, as if she wanted to say something, but in the end she wanted to say something but stopped.

"You say, I'll listen to whatever you say."

Seeing this, Ji Feng immediately said, he knew that Tong Lei must be very angry in her heart, but this was not the time to run away, Xiao Yuxuan had already left, and Tong Lei's character was actually more determined than Xiao Yuxuan's in certain aspects, so it was possible that she would have a more intense reaction than Xiao Yuxuan.

Therefore, no matter what Tong Lei said now, at least whatever she said, it was better than her turning around and walking away without saying a word.

The way Xiao Yuxuan turned away with a face full of tears is still deeply engraved in Ji Feng's heart, making his heart very hard to bear, and now he doesn't want Tong Lei to leave so directly anyway.

Tong Lei looked up at him, the sulk in her eyes was very obvious, one could imagine how angry she was in her heart at the moment.

“You let Sister Yu Xuan go?!” However, the first thing that Tong Lei said when she opened her mouth was something that surprised Ji Feng, she was actually asking about Xiao Yuxuan.

“I couldn’t stop it!”

Ji Feng couldn’t help but shake his head and said in a deep voice, where did he want Xiao Yuxuan to leave? It was just that Xiao Yuxuan’s attitude was just too resolute, he simply couldn’t stop it.

Tong Lei said, “If she wants to leave, you’re letting her go?”

Ji Feng shook his head helplessly, how could this matter be made clear? In fact to say who didn’t want Xiao Yuxuan to leave the most, it was none other than him.

“You know Yu Xuan’s character, at that time she was so determined, what could I do even if I stopped her?” Ji Feng said helplessly.

For Xiao Yuxuan’s character Ji Feng still knew it very well, if that knot in Xiao Yuxuan’s heart couldn’t be untied, then even if she was tied here with a rope, it would be useless, instead it would make her even angrier.

In fact, Ji Feng knew very well in his heart that it might not necessarily be the worst outcome for Xiao Yuxuan to be so determined to leave now. Because this would mean that Xiao Yuxuan was angry in her heart, that would mean that she still had feelings in her heart, if this time she just left very calmly, then I’m afraid it would be the end.

Like she is now, Ji Feng has hope in his heart instead, because, this might represent that there is still room for redemption.

But what surprised Ji Feng a bit was how Tong Lei kept talking around the matter of Xiao Yuxuan leaving? What would she do?

“Ji Feng, you shouldn’t have let Sister Yu Xuan go.” Tong Lei said in a soft voice.

“.....”

Ji Feng then froze, this kind of reaction from Tong Lei that didn’t seem to be quite in line with common sense made him surprisingly not know how to reply for a moment.

Tong Lei picked up that photo frame in her hand, wiped it, and softly said, “Seeing this photo, it reminds me of the old days when we first met, and it reminds me of Sister Yu Xuan, I can imagine how sad she is.”

Ji Feng listened and couldn’t help but be silent.

If she hadn’t been sad, how could Xiao Yuxuan have left?

“Right now, Sister Yu Xuan is probably still angry, so when her anger subsides in a few days, go and pick her up.” Tong Lei suddenly said.

“Hmm?”

Ji Feng froze, “Sh, what?”

He was really frozen by Tong Lei’s words, originally he thought that Tong Lei would be extremely angry, and might even react more violently than Xiao Yuxuan, but how could he have not expected that Tong Lei would actually react like this!

This looked

The fact is that the character of Tong Lei is sometimes more tough than Xiao Yuxuan, but he did not expect that Tong Lei actually reacted so softly this time!

This is the first time I’ve ever seen a woman with a good head on her shoulders.

Ji Feng just can’t help but some hesitation: “Lei Lei, you this”

The actual fact is that you can’t be sure that you’re going to be able to get a good deal on your own.

Because, he didn’t even dare to guarantee what would happen to him in the future, and, besides Qin Shujie, there were also Xu Yuan and Bai Zhu, so was this considered cheating?

Ji Feng said, “Lei Lei, I’m sorry.”

Tong Lei shook her head and said, “Don’t talk about that, I’ll go see Sister Yu Xuan first.”

With that, she stood up and went straight downstairs.

Looking at her back, Ji Feng couldn’t help but let out a soft sigh, he could tell that Tong Lei was very angry in her heart, only that she didn’t show it too obviously, but this made him feel more and more ashamed.

It was a good thing that Ji Feng was not a person who liked to be depressed and never liked to be too sentimental, so he hurriedly put this aside and quickly went downstairs, urging Han Zhen to protect Tong Lei’s safety.

Han Zhen naturally nodded his head repeatedly and promised to do so.

But then, Ji Feng took her by the hand and pulled her to the side. Han Zhen was stunned and said, “Young Ji, what are you doing?”

Ji Feng whispered, “Ji Zhen, pay more attention to Lei Lei, especially to see how her mood is, and also, pay more attention to her actions, and”

“Young Ji, you want me to spy on Lei Lei?” Before Ji Feng had finished his words, Han Zhen couldn’t help but ask in surprise.

“Of course not!”

Ji Feng thought for a moment and said, “It’s like this, I did something wrong and made them angry, I’m afraid they’ll do something you understand, right?”

Han Zhen immediately understood what Ji Feng meant, but she said, “Young Ji, I’m afraid I can’t help you in this matter, my duty is to protect Lei Lei’s safety, but beyond that, if I meddle too much in her affairs, it would be like interfering in her private life, then I might have done my job as a guard.”

As a guard, the main thing is to keep to one’s duties and do them properly!

If one interfered too much in the personal life of the master’s family, then the word guard would lose its meaning and one would not be a real guard.

What’s more, Han Zhen was responsible for protecting Tong Lei’s safety, but now Ji Feng was asking her to keep an eye on her and feed him information, which Han Zhen naturally wouldn’t agree to because it was against her principles.

What kind of personal security guard would tell others about his master’s information? That would be cheating on him!

Han Zhen naturally would not do such a thing.

Ji Feng just couldn’t help but scratch his head a little, in this regard Han Zhen was still too rigid, while Xiao Ying was doing better, this was probably also because Han Zhen came from the special forces, while Xiao Ying had already started to integrate into the family.

“Young Ji, if you don’t have anything else, I’ll leave first.” Looking at Ji Feng staring straight at him, Han Zhen was a little uncomfortable and found a random excuse to hurry away.

“Buzz~~!”

Watching Han Zhen drive out with Tong Lei, Ji Feng didn’t know what it was like in his heart.

As he casually closed the door, he couldn’t help but light a cigarette and took two strong puffs, more or less disheveled and frustrated in his heart, but there was still a glimmer of hope that now Xiao Yuxuan was just in a fit of anger, she would come back!

“Mmm!”

Ji Feng nodded vigorously as if he was talking to himself, “She’ll definitely come back! If she doesn’t come back, I’ll go and carry her back!”

.....

That night, Tong Lei did not come back.

The family was left with only Ji Feng and Bai Zhu, the large villa was empty, thinking that just a dozen hours ago this villa was full of life, and then look at the present, Ji Feng could not stay a bit, he quietly got up, originally did not intend to alarm Bai Zhu, himself quietly go out for a walk.

But I didn’t expect Bai Zhu to be very resourceful in sleeping, as soon as he opened the door of the living room, Bai Zhu appeared abruptly, holding a gun and shouting lowly, “Who?!”

“It’s me!”

Ji Feng said.

When Bai Zhu heard that it was Ji Feng, her originally tense nerves couldn't help but relax, but seeing that Ji Feng was still awake in the middle of the night, she couldn't help but feel a bit distressed, but wanted to persuade but didn't know how to speak, she thought of her own identity.

And at this time, Ji Feng happened to have no interest in staying at home, so he said, "Bai Zhu, you can rest first, I'll go out for a walk."

Bai Zhu immediately said, "I'll accompany you."

As Ji Feng's guard, she was certainly not at ease with Ji Feng going out alone this evening.

Ji Feng, however, was a bit overwhelmed and after thinking about it, he said, "Then, let's go to the company, I happen to have some unfinished business."

After they arrived at Xiao Yuxuan's office, the security guard at the gate did not stop them because they had a pass. After they arrived at the office, Ji Feng asked Bai Zhu to go to the next room to rest first.

The main reason was that he had nothing to do and he couldn't sleep, so he planned to continue reading the transcripts he hadn't finished during the day to find out who had shot him in the back!

During the day, in his hurry to get back, he didn't even have time to pull the USB stick off the computer, so he just left it here.

He had previously identified the hostages who were around Li Ruo Nan and Fan Jian Yuan, and at this moment he pulled up the transcripts of these people.

On the transcripts, the hostages first said what they were doing in the exhibition hall, then suddenly the robbers rushed in and a case of robbery occurred, all these Ji Feng swept through with a few cursory glances, he mainly wanted to see what these people heard or saw during that period of time in the melee!

Campus Master Chapter 2664

Xiao Yuxuan had not actually gone far, she had only returned to her parents' home.

Although Xiao Changhe and his wife were a bit surprised by their daughter's sudden return, they were very happy in their hearts, as they only had one only daughter, and naturally loved her immensely.

However, Xiao's mother, who had a delicate mind, saw a touch of sadness in her daughter's eyes that she could not hide, which made her heart stutter and she secretly said, "What's wrong with my daughter?"

But Xiao's mother could not ask more questions, after all, her daughter had grown older and there were many things that parents could not ask directly like they did when they were young, but this doubt was pressed into Xiao's mother's heart.

But soon, Tong Lei also came, Xiao mother had even less chance to ask, she could only find her husband and ask secretly in private: "Old Xiao, have you seen, Xuan Xuan's state seems a bit wrong ah."

Xiao Changhe nodded and said, "I can see it, she seems to have something on her mind."

Xiao's mother said, "Old Xiao, do you think that Xuan Xuan might have had a fight with Ji Feng? I saw that her eyes were red when she just came back."

"We as old people shouldn't follow blindly into our children's affairs, the children have grown up and have their own thoughts and lives, so you shouldn't interfere." Xiao Changhe said.

"Of course I know that, but I can't just stand by and watch my daughter being bullied and not ask questions, can I?" Xiao's mother said, "I have to ask what is going on, so that I can rest assured."

"You still don't know your daughter's character?"

Xiao Changhe shook his head and said, "I think it's a bit up in the air, even if you ask, she won't necessarily tell you!"

"Then I have to ask too!" Xiao's mother said, she couldn't hide anything in her heart, if she didn't ask what was going on, she was afraid she wouldn't be able to sleep at night.

"If you're not afraid of hitting a wall, then you should go ahead and ask."

Xiao Changhe shook his head and said, "If you ask me, you are just worrying blindly. As the saying goes, children and grandchildren have their own blessings.

Xiao's mother couldn't help but grunt, "Damn old man, read your newspaper!"

As he watched his partner leave in a huff, Xiao Changhe couldn't help but shake his head and smile as he picked up the newspaper and continued reading.

In fact, since the last cerebral hemorrhage that almost killed him, Xiao Changhe suddenly found that he had become very open-minded and was now able to look at many things that he could not see before.

He found that people's life is very short, and there are many accidents in the middle, no one knows what will happen next.

The other things may not be clear, but just the character alone is already very good, and there is one more thing, Xiao Changhe can see from Ji Feng's small actions and a subtle look that he truly treats his daughter.

This was enough.

As for the rest, Xiao Changhe saw very clearly – the most understanding is hard to be confused!

As a matter of fact, Xiao Changhe had already guessed some of the clues, but as parents, they were not in a position to interfere in the affairs of young people, so there was nothing better than to play dumb.

They themselves would eventually work out their children's affairs, and they would probably be more calm without the old people raving in their ears.

So, looking at his old companion's back as she went there, Xiao Changhe just shook his head and smiled.

And at the same time, in Xiao Yuxuan's room, Tong Lei was holding her hand and said softly, "Sister Yuxuan, don't be angry, Ji Feng that big bad guy is that virtuous, it's not like you don't know"

Xiao Yuxuan's head shook lightly and said, "Lei Lei, you still came here to persuade me, huh?"

The first time you left, I'm afraid you really took his soul away."

Xiao Yuxuan sniffed, her nose a little sour, her eyes slightly red, but shook her head and said, "Do I really want to go again? But can't leave!"

Listened to Xiao Yuxuan this want to say but stop, Tong Lei's heart also some hard feelings, in fact she to Xiao Yuxuan's understanding I'm afraid than Ji Feng to Xiao Yuxuan to understand more deeply. So she knew from the start that Xiao Yuxuan's departure was not really just because Ji Feng had another Qin Shujie on the outside.

Of course that was a big part of the reason, but it wasn't the whole story.

"Sister Yuxuan, you still don't understand that big bad guy's character, do you? Although he is sometimes very active, there are times when his head is like a goose bump, if you don't push him, he won't even go for it!" Tong Lei pulled Xiao Yuxuan's hand and pursed her lips, "If you just leave now, I'm afraid he won't be able to figure out what's going on!"

Xiao Yuxuan smiled, couldn't help her face to heat up, her eyes couldn't help but flash a flustered look, glanced at Tong Lei, "Lei Lei, you what are you talking about?"

Tong Lei then couldn't help but purse her lips and laugh lightly, saying, "Sister Yu Xuan, in front of me you still plan to hide, huh?"

Xiao Yuxuan's face heated up at Tong Lei's words, and she couldn't help but angrily say, "Lei Lei, I'm not hiding anything from you, it's just that I don't think it's a good idea to keep going on like this."

Tong Lei then couldn't help but be silent.

"Sister Yu Xuan, can't you be straight with him?" Tong Lei asked.

"You know what kind of character Ji Feng is, I" Xiao Yuxuan couldn't help but shake her head and smile bitterly, saying this in front of Tong Lei, which made her more or less embarrassed.

So she quickly changed the topic and said, "Besides, this little rascal is really too philandering, originally he obviously already had you, yet he still wanted to come and mess with me, and now there is even another Qin Shujie!"

The first thing that happened to me was that I had to go to a place where I could not get a job.

However, Qin Shujie was angry that Ji Feng and Qin Shujie had actually played her for a fool, coaxing her however they wanted, so she was a little angry in her heart.

But the problem was, when she said that, it seemed like it was because Ji Feng had a woman outside, which made her angry If she was angry like that, then wouldn't Tong Lei be even angrier?

Or rather, Tong Lei is the one who should be more angry!

Tong Lei however said, "Sister Yu Xuan, if you are angry now, what about later?"

"Later?!"

Xiao Yuxuan became even more furious at that, "Lei Lei, you're not going to indulge him like that, are you? Then what will happen in the future? The family will become his harem! By that time, not to mention our home, even if we buy the villa next door, I'm afraid it won't be enough to live in this little rascal!"

The thought that Ji Feng might have other women in the future made Xiao Yuxuan even more furious in her heart, would that home still be considered a home by then?

The child Lei then couldn't help but shake her head and said, "Sister Yu Xuan, what do you think I can do if I don't indulge him! I can't control this matter alone. When you were here, we both controlled him together and he wouldn't dare to do anything, but once you leave, I'm afraid he'll be even more daring in the future."

"Humph!"

Xiao Yuxuan smiled and said, "He still doesn't dare to do anything? When the two of us were around, didn't he also get together with Qin Shujie outside? And secretly, hiding both of us from him, if it wasn't for this time, I would still be in the dark"

Tong Lei laughed lightly, "Sister Yu Xuan, I know you have anger in your heart, but in fact, if you think about it from another angle, you will find that there might be another interpretation of things. Why would he sneak around outside and never dare to say anything? It's not because he's afraid of the two of us getting angry?"

Xiao Yuxuan said at once, "That's because he knows he's in the wrong! If he was really afraid of the two of us, he wouldn't be sneaking around with other women outside Eh, I say Lei Lei, which side are you on here? Why does it sound to me like you're speaking for him?"

Tong Lei shook her head and laughed lightly and said, "Sister Yu Xuan, I'm not speaking for anyone, but I'm speaking a truth, in fact, you understand all these truths, what do you think, how is Ji Feng treating us?"

Xiao Yuxuan was instantly silent when she heard that.

How was Ji Feng treating them? If one answered from the heart, of course he was good! There was no doubt about it!

Despite the fact that Ji Feng was a womanizer or often went out to wander and was unstable, it was undeniable that Ji Feng was true to them and could put his life on the line for them, which was actually evident from the fact that this time he hurriedly took Bai Zhu to the convention centre for Qin Shujie.

But now Xiao Yuxuan is still angry with Ji Feng, of course she won't say anything good about Ji Feng, so she just hummed and responded with silence.

The girl's mouth was pursed and she said, "You understand, right? So ah, you shouldn't be so angry."

Xiao Yuxuan said helplessly, "I'm really scared of you, you just spoil him so much!"

Tong Lei pursed her lips and laughed lightly, of course she could see that Xiao Yuxuan was only being tough-mouthed, but in fact, she was afraid that she had already thought about it in her heart.

I'm afraid that from the very beginning, Xiao Yuxuan was only a little angry, but not so angry that she wanted to leave.

As for why Xiao Yuxuan wanted to leave, Tong Lei was naturally clear, but she could only shake her head helplessly at this, and how things would actually develop would only depend on how Ji Feng would handle it.

"Lei Lei, I'm just wondering, you actually still have the heart to run over to persuade me now, are you not angry at all?" Xiao Yuxuan suddenly asked in a very strange manner.

Campus Master Chapter 2665

"Lei Lei, I'm just wondering, you actually still have the heart to run over to persuade me now, are you not angry at all?" Xiao Yuxuan suddenly asked in a very strange manner.

To be honest, Xiao Yuxuan was really a bit puzzled, in fact, strictly speaking, Tong Lei was the first grandmother, although this was something she often used to tease Tong Lei and Ji Feng, but it was actually true, in this family, Tong Lei was the first house, there was no doubt about it, no matter in Ji Feng's heart or in her heart, they all thought so.

In fact, Tong Lei was able to allow her to interact with Ji Feng, and the relationship between the two of them was almost as good as that of sisters, which was definitely directly related to Tong Lei's generosity, and because of this, Xiao Yuxuan respected Tong Lei in her heart, and would not consider her weak and deceptive because of her concessions.

In fact, Xiao Yuxuan knows very well that Tong Lei is intelligent, don't look at her usually don't say much, but she knows everything in her heart, the so-called dynamic, is to say that she is such a person.

It seems that even God favours Tong Lei, so that she not only has an incomparably beautiful face, but also a clever mind, the phenomenon of wisdom and beauty co-existing in Tong Lei's body.

So for Tong Lei, Xiao Yuxuan has always been very respectful of her, but to say that in her heart, but has been a bit puzzled, see Ji Feng with other women have feelings, is Tong Lei not at all difficult?

"What about you?" Tong Lei didn't answer, but asked with a smile.

"Me?"

Xiao Yuxuan smiled and immediately hummed, saying, "I was almost pissed off at him!"

Tong Lei, however, shook her head and laughed lightly, saying, "It would definitely be a lie for me to say that I wasn't angry, but as long as I know what kind of status I have in Ji Feng's heart, I actually don't get angry a lot of the time"

Xiao Yuxuan then couldn't help but shake her head and said, "I can't do that to you."

This kind of generosity of Tong Lei, Xiao Yuxuan really does not know how to evaluate, but there is one thing that Xiao Yuxuan is quite envious of, that is, this kind of character of Tong Lei that is uncontentious with the world, she has almost never seen Tong Lei argue with others about anything, perhaps it is because of this kind of character that makes Tong Lei so open-minded.

“Sister Yu Xuan, actually how can I say it, in this regard, what Ji Feng did was a bit too much, but, if compared to some people, what he did was already very good.”

Tong Lei said softly, “If you’ve seen the lives of those people, you’ll understand.”

Compared to those infatuated and dedicated men, Ji Feng is indeed very bad, but Tong Lei is used to seeing all kinds of lights and high class fops, she sees very clearly, not to mention those top gentry, even slightly rich men, will not rest on their laurels, not to mention those cadres, at the same time keep five or six lovers that is very normal.

As far as Tong Lei knew, some of the gentry in Yanjing were in fact almost all like that, yet compared to them, Ji Feng treated them all with true affection, and that was good enough.

Xiao Yuxuan heard this and could not help but say indignantly, “These men no matter what, it’s us women who suffer!”

Tong Lei then laughed and said, “Sister Yuxuan, following Ji Feng, do you really think you are losing out?”

Xiao Yuxuan was instantly silent.

Following Ji Feng, how could it be considered a loss?

Ji Feng sincerely treats her, she also sincerely treats Ji Feng, just this kind of relationship of a man and several women, is not approved by people, but the so-called like people drink water and know themselves, whether it is a loss or not, she knows best in her own heart.

Seeing that Xiao Yuxuan seems to have figured it out, Tong Lei said softly: “Sister Yuxuan, there are some things that you can explain to Ji Feng directly, otherwise, with his elm head, I’m afraid I don’t know when he will be able to think about it, so ah, you have to take the initiative in this matter.”

“This little rascal!”

Xiao Yuxuan smiled and couldn’t help but say with hatred, “It’s as if I owed him in a previous life!”

In fact, her tone was already very soft.

Tong Lei laughed lightly, “Didn’t someone say that when one comes to this world to walk around, one is actually here to pay off a debt!”

“No way!”

Xiao Yuxuan gritted her silver teeth and said, “We can’t just forgive him so easily, Lei Lei, don’t go back in the next few days, just stay here, we must treat this bastard properly, otherwise, in the future, he may not know how many more women he will bring back, by then the house will really become his harem!”

“Good.”

Tong Lei laughed, her beautiful eyes turned into a pair of curved crescents, “Let’s treat him together, we must treat him ruthlessly!”

Xiao Yuxuan couldn't help her face from heating up as she laughed, knowing that her thoughts had been seen through by this great grandmother again, she couldn't help but rant, "My great young grandmother, can't you be any dumber!"

However, just as she said that, she herself was also amused.

Jokingly, Xiao Yuxuan was pondering over what Tong Lei had said in her heart, and she felt that what Tong Lei said made sense.

There were some things that she had to take the initiative to mention to Ji Feng, otherwise, Ji Feng's brain was indeed too mute in some aspects, or rather, this guy was always running away.

It was for this reason that Xiao Yuxuan was so furious after learning about Qin Shujie's affair with Ji Feng.

Xiao Yuxuan hated the fact that she was being teased like a fool, so she was extraordinarily angry, but there was another reason that prompted her to leave – as she had said before, what was the point of going on like this all the time?

Since she lived in this society, she always had to follow some rules of the society, so next Ji Feng would get married to Tong Lei, while she, however, became a redundant person.

Especially after attending Ji Shaolei's wedding, this feeling of Xiao Yuxuan became even stronger.

Originally, she wanted to have a child, however, there was a delay in seeing any movement from Ji Feng.

And every time she made love to Ji Feng, Ji Feng refined the essence. Although her physique was getting better and better, as a woman, she wanted children more instead.

Even, she had once asked Tong Lei to hint at Ji Feng, but she hadn't seen any action from Ji Feng until now.

This made Xiao Yuxuan feel more or less helpless in her heart.

Coupled with the fact that this time she suddenly knew about Qin Shujie's affair with Ji Feng, she instantly had a feeling of being teased like a fool, making her entire being feel extraordinarily irritated.

She felt heartbroken and extraordinarily uncomfortable.

So, Xiao Yuxuan chose to leave, and she did so with great determination.

She wanted to give herself some space to calm down when she was alone, to think carefully about her relationship with Ji Feng – was she really going to continue like this?

Now she is not young, but she still does not have a sense of belonging in her heart.

She was also thinking about where she would go after Ji Feng and Tong Lei got married. Could the three of them continue to live like this No, it should be four now, or more.

Xiao Yuxuan decided to think it over, so she went home. At this time, it was probably best to stay with her parents and calm herself down.

But Xiao Yuxuan was not expecting that Tong Lei then followed her, and, at a glance, she saw through her mind and showed a very open mind and attitude, especially her words, so that Xiao Yuxuan's heart could not help but be somewhat touched

"Sister Yu Xuan, we've been living together all these years, we're already a family, why should we separate?" Tong Lei said softly.

"But" Xiao Yuxuan couldn't help but let out a soft sigh, in fact, why would she want to leave?

These few years with Ji Feng were the happiest period of her life, they lived like a family, they could even say that they were already a family, if they had to separate, she could totally imagine how hard it would be for her heart!

But if Ji Feng had been unmoved, or hadn't said anything, she couldn't help but feel a little

"Sister Yu Xuan, this time let's treat him ruthlessly together!"

Tong Lei said, "If he's still so mute, I won't even spare him! But, we can't really leave, okay?"

Seeing Tong Lei's sincere eyes, Xiao Yuxuan's heart softened, her nose turned sour, and her eyes couldn't help but glitter with crystals as she nodded her head forcefully and said, "Yes! I won't go!"

Tong Lei then smiled, extraordinarily happy.

The two of them kept chatting in the room, Xiao's mother wanted to come in several times, but when she reached the door she heard giggling sounds coming from inside, she had to return, until after dinner, when Xiao Yuxuan helped wash the dishes, Xiao's mother found the opportunity.

"Xuan Xuan, did you and Xiao Feng have a fight?" Xiao's mother asked in a low voice, "Did he treat you badly?"

"You still want to find someone to settle the score with, huh?" Xiao Yuxuan asked.

"You child, look what you said!"

Xiao mother said, "Mom is not concerned about you, you still don't like it?!"

"Happy! Of course I'm happy!"

Xiao Yuxuan said, "But I can take care of this myself, so you don't have to worry about it, okay? You take care of you and my dad, that's better than anything! I'll take care of it here, you can go out and rest!"

Then without any further ado, she pushed Xiao's mother out.

"This child!" Xiao mother was helpless, so she had to wipe her hands and go out.

"Phew~"

Xiao Yuxuan, however, couldn't help but let out a sigh of relief, she suddenly realized that coming back to her parents seemed to be a mistake, causing them to worry about themselves in vain.

It was just that

That little rascal, will he make a move?

Should I really go back?

Xiao Yuxuan asked herself in her heart, but she couldn't get an answer, and her heart was a bit hard and frustrated.

.....

"Fan Jianyuan Fan Jianyuan"

Ji Feng, however, had a gloomy face, his eyebrows tightened, and a cold light flashed in his eyes from time to time.

He carefully read through the transcripts of the selected few hostages, however, only one of them mentioned in the transcript that he had heard a bandit shooting at his side during the melee, other than that, the transcripts of several other hostages did not mention this at all.

However, even the transcript of the one who mentioned it, but only a word about it, and think that it was the bandits who fired Ji Feng can not tell!

Campus Master Chapter 2666

"Pop!"

Ji Feng turned off the computer and pulled the USB stick off.

He frowned, his face was a bit not too good, a series of things had been so unpleasant in the past two days, and it could even be said that everything that had come up for a while seemed to be a bit unpleasant.

Xiao Yuxuan's departure itself had already made his heart despondent, plus at this moment, he could not even find out who the person who shot the black gun actually was, so Ji Feng could not help but be a bit parched.

After thinking about it, Ji Feng decided to personally ask this only hostage who had heard the sound of gunshots around him, and he hoped that he could get some useful clues from this hostage.

But before he went, Ji Feng had to arrange things at the company first.

If Xiao Yuxuan left, I'm afraid that many of the things in the company that she needed to do would have to be delayed, so for the time being, Ji Feng could only arrange for Han Zhong to cover for a while.

Therefore, after staying in Xiao Yuxuan's office until dawn, Ji Feng directly found Han Zhong, who had just come to work, and said, "Han Zhong, take over the company's affairs first, Yuxuan may not come to work for a while."

Han Zhong was stunned and asked casually, "Why? Seeing that we are about to formally cooperate with German Westgate, how can Mr. Xiao decide without being there?"

Ji Feng said, "It's up to you to decide, if there's something you can't decide, just call me directly and we'll discuss it."

Han Zhong was a bit puzzled, usually Ji Feng would rarely ask about such specific matters, why did he suddenly change his style now?

“Ji Feng, did you have a conflict with General Manager Xiao?”

Seeing Ji Feng’s face, Han Zhong could not help but have a guess in his heart and asked.

Ji Feng shook his head and said with a bitter smile, “It’s hard to say everything about this, so you can cover for the company first.”

“No problem.”

Han Zhong nodded, originally he was also responsible for the specific implementation of many things in the company, Xiao Yuxuan was responsible for the final decision, now since Ji Feng was also involved, then Han Zhong had no difficulty.

“Ji Feng, actually I think Xiao is quite a nice person, you should treat her better!” Han Zhong said, “As a friend. Han Zhong said, “As a friend, listen to my advice, I think that whatever conflict happened between you two, I think it’s definitely your fault more than anything else!”

Ji Feng could only shake his head and smile bitterly, there were many things he could not say to Han Zhong, and Han Zhong was right, this matter itself was his fault, it was he who hurt Xiao Yuxuan, so he had nothing to say, only guilt.

“How are you and David Wang doing?” Ji Feng asked casually.

“We’re fine!”

The moment he mentioned his girlfriend, Han Zhong’s chubby face immediately smiled like a flower, “Ji Feng, you don’t know, Wang Jun is not really the same as other girls, she doesn’t have a bit of money-worshipping ideas, although she also likes money, but is thinking that we both work together to make a career in Jiangzhou... ..”

Ji Feng laughed: “Look at your spring-hearted look, it seems that Wang Jun has really hooked your soul!”

Han Zhong laughed heatedly.

Seeing him so happy, Ji Feng could not help but throw a pot of cold water on him and said, “Han Zhong, you fall in love, but let me remind you, it’s best not to fall in so fast, observe the person clearly first.”

“Don’t worry, I have it in my heart.”

Han Zhong immediately said: “Wang Jun is a very good person, although there are also certain shortcomings, but in general is a flaw is not to cover up the good, no one is perfect! Besides, two people get along with each other is also the process of mutual understanding, only with a long time, can see a person clearly!”

Ji Feng nodded and laughed: “It’s good that you know what’s in your heart.”

Ji Feng is not yet able to make a conclusion on what kind of person Wang Jun is, after all, he and Wang Jun have only met once, that is, a few days ago at the jewellery exhibition in the exhibition centre, they only had a few words, naturally they cannot understand a person so quickly.

So Ji Feng can't say much, as long as Wang Jun is not a bad person by nature, then it's all right.

The fact that everyone has flaws, no one is perfect, this is the same as always.

The key to getting along between two people is to see if you can accept each other's flaws, if Wang Jun's nature is good, even if there are really a lot of flaws, as long as Han Zhong can accept, it's no problem.

The shoes are comfortable to wear, only you know.

So Ji Feng here in Han Zhong also just casual small talk a few sentences, then left. Afterwards, he first contacted the hostage who had heard the gunshots according to the information provided by Xiang Yongzhan, confirmed that he was recuperating at home at the moment, and then took Bai Zhu and rushed there directly.

However, this trip still let Ji Feng down.

According to the hostage, the gunshot he heard at that time suddenly rang out next to him, while at that time the surrounding area was crackling with gunfire and chaos, so he was so frightened that he didn't pay attention to which side the gunshot actually came from.

And once Ji Feng pressed him, he was even more unsure if he had heard the gunshots very close to him, and in the end, he even thought he might have been hallucinating because he was too scared.

In addition, this hostage could not remember who the people lying around him at that time were, because at that time so many hostages belonged to different companies, as well as security guards and convention centre staff, and it was normal that they did not know each other. And when Ji Feng pulled out Fan Jianyuan's photo from his phone, that hostage didn't even have the slightest impression at all.

When he got such a reply, Ji Feng couldn't help but shake his head, somewhat disappointed.

The investigation of this matter had come to a deadlock here.

"Son of a bitch!"

On the way back, Ji Feng couldn't help but curse, and Bai Zhu hurriedly asked, "Young Ji, what's wrong?"

Ji Feng shook his head and said, "Nothing."

He was only a little angry in his heart, but he was not scolding the hostage, in fact, he could completely understand, if he were that person, I'm afraid he would have behaved even worse, facing that fierce gun battle, and the blood and corpses on the ground, as long as ordinary people would feel scared, this is very normal.

What annoyed Ji Feng was the fact that things were not going well.

He could not help but secretly grit his teeth, sometimes he even thought of directly detaining Fan Jianyuan and interrogating him by some private means, or directly handing him over to Yi Xingchen, with Old Yi's methods, even if he was a hard-headed person, Fan Jianyuan would definitely give an honest account.

But in the end, he dismissed the idea, only to secretly shake his head in his heart, he could not get past this hurdle after all.

“Bai Zhu, we’re not going home, let’s go to Yu Xuan’s house.” Ji Feng suddenly said.

“Yes!”

Without saying a word, Bai Zhu unconditionally obeyed Ji Feng’s order.

.....

“Hoo~~!”

It was another busy morning.

Raising her hand to look at her watch, it was already past twelve noon, Li Ruonan couldn’t help but stretch her back and slightly move her neck which was already a little stiff.

In the past few days, she had been busy with the case at the exhibition centre, but during the day she had to continue patrolling so as to ensure that the jewellery exhibition could continue normally. At night, she had to sort out the cases and work overtime.

Fortunately, the exhibition was finally over yesterday and Li Ruo Nan was able to return to the police station to concentrate on the case.

This morning she was still busy, even when her colleagues had already left work for dinner, she had only just realised.

Rubbing her brow, Li Ruonan locked all the information about the robbery case in a drawer and also stood up, ready to go out for lunch, but at this time, there was a knock on her office door.

“Knock, knock, knock!”

Li Ruonan said, “Please come in!”

The office door was pushed open and Fan Jianyuan walked in with a gentle smile on his face and a graceful manner, smiling, “Ruo Nan, haven’t eaten yet, have you?”

Li Ruonan shook her head and said, “There’s so much backlog on my hands that I got busy and forgot.”

“I knew it!”

Fan Jianyuan shook his head helplessly, with a loving look in his eyes, and said, “You’ve always been like this, working too hard, when you get busy you can’t even care about eating, this is not good, work is important, but if you break your body, when the time comes, what can you fight for?”

Li Ruonan hurriedly raised her hands in surrender: “Fine, fine, I know I’m wrong, can’t I? Here we go again I’m really scared of you!”

When Fan Jianyuan smiled, he laughed, while putting the thermos bucket in his hand on Li RuoNan’s desk and said gently, “Hurry up and eat.”

As he spoke, he took out all the meals in the thermos bucket, but it was a full four or five dishes.

“I know you like to eat fish, so I watched the recipe today to make a braised crucian carp” Fan Jianyuan said smilingly, only he was wearing a formal dress, but rolled up his sleeves to serve the same dishes, looking a little less coordinated.

However, this looked in Li Ruo Nan’s eyes, but could not help but be somewhat moved.

Successful men like Fan Jianyuan, or to be more accurate, elite men like him, are rarely able to do this for women.

Basically, many men would take their girlfriends to high-end restaurants, or think of romantic programs, or even go out for French meals or candlelight dinners, in order to express their feelings, but only Fan Jianyuan, but every time he cooked for her with all his heart, and also sent over specially.

It was hard not to be touched in Li Ruo Nan’s heart.

When he saw Li RuoNan staring at himself, Fan JianYuan couldn’t help but touch his face and asked, “What, is there something on my face?”

However, if he didn’t touch it, he touched it and got the rice on his hand on his face, and Li RuoNan couldn’t help but giggle when he looked at it, and was happy.

Fan Jianyuan looked dumbfounded, he looked at Li Ruo Nan and could not help but say, “Ruo Nan, when you smile, you are really beautiful.”

Li Ruo Nan couldn’t help but blush and hurriedly looked away.

However, Fan Jianyuan was so impressed that he stepped forward, grabbed Li Ruo Nan’s hand, then wrapped his arm around her waist, and couldn’t help but kiss her tempting red lips

Campus Master Chapter 2667

Li Ruo Nan panicked and subconsciously tried to push Fan Jian Yuan away, but when she pushed her hands on Fan Jian Yuan’s chest, she found that his strength was so great that she could not break free.

Li Ruonan was incomparably flustered, and in her haste, her mind somehow suddenly came up with a once action, only to see her arms curl up violently and cross her hands in front of her chest, with her elbows straight outwards, right on top of Fan Jianyuan’s chest.

“Well

Fan Jian Yuan wanted to wrap Li Ruo Nan into his arms, but as soon as he made the effort he suddenly felt a sharp pain in his chest and instinctively let go of his hands.

Li RuoNan took the opportunity to take two steps back, breaking free of Fan JianYuan’s arms, leaving him with no intention of a kiss.

Fan Jian Yuan was covering his chest, astonished, and looked at Li Ruo Nan and said, “Ruo Nan, you

Li Ruo Nan blushed and could not help but be a little apologetic as she said, “Jian Yuan, don’t be like that, I, I’m a little uncomfortable sorry!”

Fan Jianyuan could not help but smile and waved his hand, sighed and laughed to himself, "It looks like I still need to keep working hard, it's been so long and I still haven't really gotten inside your heart. I'm really a bit of a failure!"

"No, it's not!"

Li Ruonan hurriedly explained and said, "Jian Yuan, don't think too much about it, I'm just just not ready yet."

Fan Jianyuan smiled and nodded, saying, "You don't need to explain, I understand everything. Ruo Nan, I'm sorry just now, I just couldn't help myself, you're just too beautiful, so hehe."

Although he was smiling, the smile was a bit awkward and unnatural.

This fell in Li Ruonan's eyes, which made her feel even more apologetic, but this was something she didn't know how to explain, so she could only hurriedly change the subject and asked, "Jian Yuan, you're so strong, I really couldn't tell, your body doesn't appear to be very strong, I didn't expect it to be so strong."

Fan Jianyuan laughed, "Because I exercise regularly, when I was in England, there were activity places in the community, and the same was true of the regular activity programmes at school, I am an athlete. On the contrary, you, that blow just now, was really powerful."

He rubbed his chest as he said that, the two elbow strikes that Li Ruonan had just given him had knocked him around quite badly.

Li Ruonan couldn't help but blush at his words, and hurriedly asked, "Are you alright?"

"No, it just hurt a bit at first, but it's much better now." Fan Jianyuan shook his head with a smile and asked again, "Ruo Nan, this is the combat technique you learned in the police academy, right?"

"..... Yes."

Li Ruo Nan said somewhat unnaturally.

In her mind, however, she could not help but think of Ji Feng's smile, and also remembered that when Ji Feng taught her bodybuilding exercises, he casually instructed her a few things, one of which was the move she used just now, which was specifically used to deal with close-quarters attacks from the front.

However, it was not expected that it would be so powerful.

Fan Jianyuan was so strong that he was staggered by those two strikes from her.

Just thinking that she had used the moves taught by Ji Feng to deal with Fan Jianyuan, Li Ruo Nan was embarrassed and had a very strong apology in her heart.

"Jian Yuan, what kind of exercise do you usually do, so strong?" Li Ruonan asked casually, while unconsciously gathering her hair as a way to cover up her embarrassment.

"Just running, push-ups and the like, all basic fitness workouts." Fan Jianyuan smiled and said, "Let's not talk so much, hurry up and eat or it will get cold."

“Mmm.”

Li Ruonan nodded her head.

During this time, Fan Jianyuan kept company with a bright and gentle smile on his face, making Li Ruonan somewhat embarrassed.

After Li Ruo Nan had finished eating, Fan Jianyuan packed up his things again and said, “Ruo Nan, I’ve booked two movie tickets, why don’t we go see a movie together tonight?”

Li RuoNan shook her head and said apologetically, “JianYuan, I’m sorry, I have to go home for dinner tonight, my father’s high blood pressure has come up again in the past two days, I want to go home to keep him company.”

The first thing you need to do is to get a good idea of what you’re doing. Well let’s do it this way, I’ll also go and see uncle in the evening.”

Li Ruonan hurriedly waved her hand, “No, no, it’s not a big deal, he’s had high blood pressure for many years

“Definitely want to go!”

Fan Jianyuan intended for Li Ruo Nan and said, “Uncle father is ill, wouldn’t it be rude if I didn’t go to visit him? Well, there’s no need to say anything, it’s settled, I’ll pick you up in the evening when you get off work.”

Li Ruonan still wanted to say something else, Fan Jianyuan just smiled, and without giving her a chance to speak, he turned around and left.

“Ugh

Li Ruonan leaned back in her chair and couldn’t help but rub her brow, a bit distressed, “What should I do yo

She could not help but secretly sigh lightly, Fan Jianyuan’s offensive, making her more or less at a loss for words, wanting to refuse, but Fan Jianyuan always managed to do something every time that moved her and could not strictly refuse.

“It can’t be delayed any longer.”

Li Ruonan couldn’t help but shake her head and said in her heart. She knew that if she continued to drag on like this, when the time came, once she refused again, it was possible that Fan Jianyuan would be hurt even more, and at that time, she was afraid that she would be even more unable to open her mouth.

“We must find a chance to talk to him clearly.” Li Ruonan secretly said, “This is better for both of us.”

No matter what, Fan Jian Yuan was also her good friend, if she hurt him because of this matter, Li Ruo Nan would also feel bad in her heart.

With this in mind, Li Ruonan subconsciously touched her elbow and she couldn’t help but say, “I didn’t expect Jian Yuan to have such great strength even though his body didn’t look robust at all!”

Although Fan Jian Yuan explained that he often exercised, Fan Jian Yuan's tremendous strength still made Li Ruo Nan feel a little surprised, knowing that her strength was already not small, and she did not know if it was because she had not practiced body building exercises in the past one or two years, her strength had grown a lot more.

But she was not expecting that she could not even break free of Fan Jian Yuan's arm.

"It's really strange" Li Ruonan shook her head and smiled, "This Jianyuan, after going to England for a few years, has become more mysterious instead."

She hadn't seen Fan Jianyuan for a few years, the latter had not only become very strong, but also surprisingly, he often played with guns, and was even misunderstood by Ji Feng because of it

Thinking of this, Li Ruonan suddenly had a movement in her heart.

Her eyebrows slowly knitted up, and the hand that was originally touching her elbow slowly stopped

.....

Ji Feng arrived at Xiao Changhe's house and rang the doorbell.

The one who came out to open the door was Tong Lei.

Only, the words that Tong Lei brought to him were such that he could only laugh bitterly.

"Ji Feng, Sister Yu Xuan said that you are an unwelcome person here, she doesn't want to see you!"

Seeing Tong Lei's taut pretty face, Ji Feng could only help but shake his head and smile bitterly, it looked like this time Xiao Yuxuan was really sad, and I was afraid that she was not going to forgive herself in a short time.

Ji Feng said helplessly, "Lei Lei, Yu Xuan must be very angry now, right?"

Tong Lei asked rhetorically, "What do you think?"

Ji Feng pursed his lips and nodded, saying, "Lei Lei, I know, I shouldn't have deceived you guys, now you must all be very angry, this is what I did wrong, I apologize to you. But"

"It's useless for you to explain now, Sister Yu Xuan won't come out." Tong Lei said, "You go back, it's not good to keep standing here to influence, and it will be even worse if you alert Uncle Xiao again then."

"..... Okay, I'll go back."

Helplessly, Ji Feng had to nod, but he immediately added: "But Lei Lei, please help me persuade Yu Xuan, okay?"

Tong Lei said, "Why should I help you persuade?"

Ji Feng then smiled even more bitterly, he knew that Tong Lei must also be angry at this moment, but he also understood that there was still room to salvage all this, because whether it was between him and Tong Lei, or between him and Xiao Yuxuan, the feelings were real.

But now Xiao Yuxuan and Tong Lei were so angry, but it was making him scratch his head.

“Hurry up and go back.” Tong Lei said, “Sister Yu Xuan is angry right now, so it’s useless for you to do anything.”

“Okay.”

Ji Feng could only nod his head.

Tong Lei turned around and went inside, leaving Ji Feng standing alone in front of the villa gate with a bitter smile on his face.

However, he was unaware that after Tong Lei went in, she happened to see the back of Xiao Yuxuan entering the room, she couldn’t help but purse a light smile and followed her in, only to see Xiao Yuxuan sitting on the saying, holding a book in her hand as she quietly looked at it.

“Sister Yu Xuan, did you go out just now?” Tong Lei asked.

“Went out? No, what’s wrong?” Xiao Yuxuan asked a little strangely.

“Then I was mistaken, just now I saw you walk in and thought you were looking at that bad guy in front of the window.” Tong Lei laughed lightly.

Xiao Yuxuan’s pretty face immediately sank at her words and she hummed, saying, “I don’t care to look at him, instead of going to look at him, it’s more interesting to read a book!”

“That’s right too!”

Tong Lei nodded her head in agreement, “Reading a book is certainly good. But, Sister Yu Xuan, haven’t you noticed that you’re holding the book upside down?”

“.....”

Xiao Yuxuan’s pretty face reddened instantly, and she immediately couldn’t help but give Tong Lei a white glance and snapped, “Fine, you’re laughing at me too?!”

Xiao Yuxuan was even more embarrassed, so she said viciously, “Lei Lei, if you do that again, I’ll kick you out!”

Unfortunately, the two of them were too familiar with each other, and she was more than familiar with what kind of character Tong Lei was, so of course she knew that she was just outwardly strong at the moment, so she laughed even more happily.

Xiao Yuxuan stared at her with a red face, thinking about it, and laughed too.

Only she didn’t forget to huff and puff and say a couple of words about Ji Feng, “That little rascal, he still knows to come! I won’t forgive him!”

Some people were happy and some were sad.

Li Ruo Nan was a bit sad at the moment, she wanted to talk to Fan Jian Yuan clearly, but thought and thought but did not know how to speak and where to start.

Campus Master Chapter 2668

Some people are happy and some are sad.

Li RuoNan is a bit sad at the moment, she wants to talk to Fan JianYuan clearly, but thought and thought but did not know how to speak, where to start better.

When night fell, Fan Jianyuan arrived outside the city government's family compound on time, as promised, and then called Li Ruo Nan.

Because of the armed robbery at the International Exhibition Centre a few days ago, the entire city of Jiangzhou has now strengthened its security and safety forces, and even the municipal party committee and the municipal government are currently discussing the issue of giving guns to some eligible police officers.

So even though Fan Jianyuan was a friend of Li Ruonan's, he still needed to register in order to enter the city government family compound.

In this regard, Fan Jianyuan acted very cooperative and understandable, but what made Li Ruonan feel strange was that when Fan Jianyuan was signing his signature, he was writing very slowly and, moreover, the font seemed to be written in a less than proficient manner.

"I just can't even look at myself because of my ugly handwriting. I want to practice, but I can't." Fan Jianyuan himself couldn't help but laugh and shake his head.

"Just practice more and you'll be fine." Li Ruonan laughed.

The two of them joked and laughed as they walked into the first building of the city government's family compound.

Li Ruo Nan's father, Li Baoyuan, did not put up the mayor's front, in fact, compared to the majestic Ji Zhenguo, Li Baoyuan appeared more amiable, moreover, at the moment, he was like many parents of children, when he saw his daughter bringing back a male friend, the parents would assume that it was his daughter's boyfriend.

Of course, Li Baoyuan did not show too much enthusiasm and just treated Fan Jianyuan as an ordinary friend of Li Ruonan.

Because Li Baoyuan had not been feeling too well recently, both brothers Li Weibing and Li Weidong also came back and a meal was served to all.

At the dinner table, Li Baoyuan also asked some questions about Fan Jianyuan, and when he learned that Fan Jianyuan and Li Ruonan had been classmates in middle school, he couldn't help but nod slightly.

The smile on Fan Jianyuan's face then brightened up quite a bit.

So after finishing his meal, Fan Jian Yuan stayed for a while longer before he got up to say goodbye.

Li Ruonan then came out to see him off, and by the light of the street and the cool night air, the two of them walked out side by side.

It was at this time that Li Ruo Nan became a bit sad, she wanted to show her face to Fan Jian Yuan at this time, but did not know what to say, so she could only walk very slowly with her head down.

“Ruo Nan, what’s wrong with you? Is there something wrong?” Fan Jianyuan keenly sensed that something was wrong with Li RuoNan and couldn’t help but ask with a smile.

“Oh nothing, just thinking about something!” Li Ruonan said.

“Thinking about what problems? Tell me, maybe I can even help you out with some ideas!” Fan Jianyuan smiled and said, “It’s thinking about the case from the other day again, right?”

Li Ruonan nodded and said, “Yes.”

Fan Jian Yuan laughed, “Is this case still not finished? Didn’t you say last time that the case was particularly simple, that it was a group of international thieves who targeted this jewellery exhibition and then hired mercenaries to carry out an armed robbery? Now that those people have all been killed by that friend of yours with his men, isn’t this case closed?”

“That’s what I said, it’s sort of closed, but there are still some doubts in it that I can’t figure out.” Li Ruonan said.

“Oh?”

Fan Jianyuan asked, “What are the doubts?”

Li Ruonan shook her head and said, “Forget it, let’s not talk about it now, it will only make you worry along with it.”

“That’s not necessarily true, we look at things from different angles, maybe what you find difficult to figure out is not a problem with me!” Fan Jianyuan smiled.

“That’s good, since you’re so confident, then you can help me analyse it.”

Li Ruonan said, “There are two things I can’t figure out right now, the first is those international robbers and mercenaries, they sneaked into Jiangzhou, where are they hiding? They haven’t even been investigated by now! This is very strange!”

When one comes to Jiangzhou, then one must first have a place to land.

After all, many of these were foreigners, and although it was not uncommon for foreigners to be in Jiangzhou, they were still a minority after all, so if they lived somewhere, they would definitely be easily recognized, and it would not be so bad to say that they could not be investigated until now.

This was something that Li Ruonan had always been rather puzzled about.

Fan Jianyuan laughed, “It’s not that simple, since they are international thieves, they must have prepared for it long beforehand, maybe they are hiding in some nook and cranny, or in an unpopulated place in the suburbs, or, perhaps, in some abandoned factory, anyway, they surely can’t pile up in a crowd, right?”

Li Ruonan shook her head and said, “That’s not right, we have investigated, among those international robbers, two of them are Chinese, but neither of them is from Jiangzhou, how come they are so familiar with Jiangzhou that they just happened to come here and found a deserted place to settle down?”

Fan Jianyuan asked, “Then what do you mean”

“I think someone is picking them up!” Li Ruonan said.

“It is likely that there are still murderers who have not been caught and are still on the loose, or although he was involved in the operation in the first place, he was only responsible for picking up the bandits on the periphery rather than doing it directly. If we can find the place where those bandits were hiding before, we should be able to follow the trail and find the others.”

Fan Jianyuan was immediately surprised and asked, “You think so?”

Li Ruonan nodded and said, “That’s right! I think so, but the Bureau has never agreed with me, so now the Bureau’s investigation is focused on the identities of those international thieves, and their course of action.”

Fan Jianyuan said, “Ruo Nan, I actually think that you should listen to everyone’s opinions more.”

“Is that how you help me with my ideas?” Li Ruonan asked.

Fan Jianyuan then smiled and waved his hand, saying, “You go on.”

Li Ruonan said, “The second suspicion is the traces of the crime scene at that time. After careful investigation and identification by our professional technicians, we found that, at that time at the scene, there was a bullet, unlike any other bullets at the scene, which was a bullet fired from a small calibre pistol.”

“And then what happened?” Fan Jianyuan asked.

“The place where this bullet hit was where Ji Feng was at the time!” Li Ruonan said.

“Then

“That means that someone was actually really shooting at Ji Feng at that time!” Li Ruonan looked at Fan Jianyuan and said.

“I’ve investigated, this small caliber bullet is often used abroad in a pocket pistol, which is very small, smaller than even the revolvers we usually use, and I’m afraid it’s not much bigger than a watch.”

Li Ruonan continued, “Only, this kind of pistol is rarely seen in China, it is usually found abroad, Jian Yuan, have you ever seen it?”

Fan Jianyuan frowned and pondered for a while before saying, “Hearing you say that, it seems that I have really heard of this kind of pistol, but have never seen it before. By the way, you just mentioned the pistol, you haven’t said anything about the suspicion you found.”

“The suspicion is that

She pursed her lips and said, “After we found the impact point, we used the laser to recover it and then found the approximate location of the shot, but we searched the entire exhibition hall and only found the bullet that had been deformed, but not the casing, let alone the pistol that fired this bullet!”

Fan Jianyuan was stunned, “What does that mean?”

"It means that, among the scene, someone took away this weapon, and, most likely, also took away the cartridge case!" Li Ruonan said, "This also means that there was a murderer at least an attempted murderer at the scene, who escaped!"

Fan Jianyuan was surprised, "There's still such a thing? Wait a minute, Ruo Nan, didn't you analyze all of this? Then this isn't a suspicion anymore!"

Li Ruo Nan shook her head and said, "Anyway, call it whatever you want. I'm just telling you this because I want to ask you, you were there at the scene, think back carefully and see if you can remember anything?"

Fan Jian Yuan laughed and said, "I couldn't think of anything at the time you asked me so suddenly. Ruo Nan, I'm really sorry, I didn't expect I wouldn't be able to help you when you needed help the most"

"It's okay!"

Li Ruonan immediately shook her head and said, "There's nothing to be sorry about Let's go, not to talk about this, it will only make you suffer along with it."

Fan Jianyuan smiled and said, "It's okay, I like to listen to you, to be able to listen to you, this is a blessing in itself for me."

But Li Ruonan slowly stopped and said, "Jianyuan, don't say that In fact, I've always wanted to tell you that the two of us aren't quite right for each other, and I might have to let you down, so it's me who should say sorry."

Fan Jianyuan froze, and then he couldn't help but shake his head and smile bitterly, "Actually, I've long guessed that this would be the outcome. From the way you've been treating me, I've been able to see that you don't actually love me, and I'm not the one in your heart, am I?"

"Jianyuan, I'm sorry."

Li Ruonan pursed her lips, full of apologies and said, "You've been very good to me, really good, it's my own inability to grasp your goodness, I'm really sorry"

Fan Jianyuan, however, shook his head and made a gesture of silence, interrupting her.

"Ruo Nan, you don't need to say this, we have been friends since middle school, you should know my character well, what I give, I give willingly, so, you really don't need to say this to me."

Fan Jianyuan said, "I just want to know, that person who lives in your heart, is it Ji Feng?"

Li Ruonan, however, said, "Jian Yuan, what happened between the two of us has nothing to do with other people, it's just that I don't have this blessing, I am sorry."

At this moment, she could only apologize.

Although she already had a lot of thoughts in her heart and had some guesses, but, for this period of time, Fan Jianyuan was really treating her well, but she was unable to accept Fan Jianyuan, so she was full of apologies in her heart.

Even, for the first time in her life, she did something that violated her principles!

Campus Master Chapter 2669

From Xiao Changhe's home, he left accurately, he should have left from the door of Xiao Changhe's home, because from the beginning to the end Xiao Yuxuan did not let Ji Feng into the door.

After returning home with a downcast head, Ji Feng thought about how to make Xiao Yuxuan's anger go away, while unconsciously playing with the USB drive in his hand.

But after thinking about it for a long time, he didn't come up with any good solution, after all, this time, in Xiao Yuxuan's opinion, it could really be taken as a partnership between himself and Qin Shujie in cheating her, I think no one likes to be cheated, and Xiao Yuxuan is no exception.

So, for Xiao Yuxuan's anger Ji Feng can completely understand, but the question is, how can we explain this misunderstanding clearly, now Ji Feng but there is no better way.

"Young Ji, have a cup of tea!"

Bai Zhu walked over with a cup of tea and placed it on the coffee table in front of Ji Feng, pursed her lips and said, "Ji Shao, it's not a solution for you to keep fretting like this, why don't you call Lei Lei again and ask her to persuade Yu Xuan properly."

Ji Feng shook his head and said, "Forget it, let's not talk about it."

Although Xiao Yuxuan was very angry about this matter, in reality, Tong Lei was afraid that she was even more angry, so Bai Zhu's proposal would not work at all. How could one call Tong Lei and ask her to persuade Xiao Yuxuan!

Instead of that, it would be better for him to go and find Xiao Yuxuan again.

In desperation, this matter could only be put aside for a while.

However this looked in Bai Zhu's eyes, but felt that Ji Feng was a little less anxious, she could not help but ask: "Ji young, you should not want to give up, right?"

Ji Feng shook his head without hesitation and said, "Even if it's a robbery, I'll still get Yu Xuan back!"

Only then did Bai Zhu purse her lips and smile.

"Alright, you don't need to mind me, go rest first, I'll call you if something happens." Ji Feng said.

He knew that Bai Zhu did not have a good rest last night, followed himself tossing and turning all the way, at night in Xiao Yuxuan's office Bai Zhu must not have had much rest either, now there was nothing going on around, there was no need to make Bai Zhu follow and spend energy.

Bai Zhu nodded, turned around and went back to her bedroom.

In fact, for her, not sleeping for a day or two is not a big deal, especially since she has been practicing aerobics for a long time, which has enhanced her physique a lot, both physically and mentally, so she went back to her bedroom just because she did not want to disturb Ji Feng.

She knew that at the moment, Ji Feng must be mentally disturbed, and her following beside him would make it impossible for Ji Feng to quiet his mind.

In this regard, Bai Zhu was exceptionally well-behaved.

After Bai Zhu went to the bedroom, Ji Feng couldn't help but hold the USB drive given to him by Xiang Yongzhan again, looking at it again and again, and slowly wrinkling his brows together.

Afterwards, Ji Feng stood up and took out a laptop from the living room cupboard, opened it and inserted the USB stick, intending to take another look.

The first thing he looked at before was the transcripts of the hostages, and the focus was on the transcripts of the hostages lying around Fan Jianyuan, and he didn't look at much of the other information.

But since he couldn't find out who the person who shot the black gun was through the hostages' transcripts, Ji Feng intended to comb through it from the beginning, anyway, he had nothing to do, even if it was to pass the time.

However, Ji Feng's look quickly became grave.

Because he was planning to comb through it again, Ji Feng started from the beginning and looked at it extra carefully. The first time I saw it, I was able to see the traces of the scene in the information provided by the police to the military.

And in this piece of information, he found that the police had indeed found some special bullet points at the scene, one of which, was at the place where he was attacked.

Ji Feng immediately followed the marked serial number and found the information of that bullet impact point.

"Small calibre?"

Seeing the information, Ji Feng's brow furrowed even tighter, but his eyes carried a glint of light, "Good sign, this is a good sign!"

The more special the bullet was, the easier it was to find out!

If the bullets that attacked him were just ordinary rifle or submachine gun bullets, that would be a problem, the bandits at the scene were almost always armed with rifles or submachine guns, or even pistols, God knows who actually shot the black gun?

But now it was different. In his original location, the impact point was very special, and the bullet was a very special small calibre bullet, so it was much easier to find.

According to the police information, this kind of small caliber bullet is usually used in some pocket-sized pistols, which are not used by people in general.

Ji Feng immediately picked up his mobile phone and dialed Xiang Yongzhan's number, but a notification that it was not in the service area came through the phone.

"Bullshit!"

Ji Feng couldn't help but grunt, how could Xiang Yongzhan, as the head of the Special Operations Brigade, not be contactable?

After thinking about it, he immediately followed the emergency contact information and contacted Xiang Yongzhan once again.

The phone was immediately connected and Xiang Yongzhan's voice came through: "Ji Feng, why did you use the emergency contact? What's so urgent?"

Ji Feng hummed, "Your phone can't be reached, what can I do?"

Xiang Yongzhan whispered, "I'm in a meeting, if things aren't urgent, wait until I finish the meeting."

"Alright then, you do it as soon as you can." Ji Feng nodded his head.

Hanging up the phone, his gaze was fixed on the computer screen again, his eyes slightly narrowed. Small caliber bullets, pocket sized pistols were really a bit interesting.

If the other party was using ordinary bullets, he really wouldn't be able to check, but now

Not long after, Xiang Yongzhan called, he said: "I say you kid in the future if it is not too urgent, can not use the emergency contact? Just now I was criticized by the chief, all because of you!"

Ji Feng laughed: "How do I know what you're doing? I'm looking for you for something and I can't reach you, so of course I'll just use the fastest way. By the way, what meeting were you having just now, why did you turn off your phone?"

"You brat thanks to you have followed the army operation, even do not know this?" Xiang Yongzhan said, "This is for security reasons, as for what meeting, this is confidential, can not tell you, of course, if you are willing to join the special combat brigade, I will certainly tell you all without reservation."

Ji Feng just shook his head and smiled, joining the military? He hadn't considered it for the time being.

However, he did understand what Xiang Yongzhan said.

He had heard before that before every meeting or some more confidential activities such as mission setting, the military would remove the ordinary communication equipment they normally used and only keep the emergency communication devices within the military, so as to prevent leaks.

In the past, the military's electronic warfare and anti-detection experts found a special 'vulnerability' in a very powerful mobile phone, and traced it back to a foreign mobile phone system provider!

It was self-explanatory as to what this was all about.

After that, the military would never use ordinary mobile phones before carrying out important missions, and would only use the internal emergency communication devices they had developed.

"Let's not talk about all this uselessness, what exactly is it that you are looking for me?" Xiang Yongzhan asked.

"It's still about the robbery at the convention centre!" Ji Feng asked, "Have you read the information provided by the police?"

Xiang Yongzhan nodded and said, "I read it, why?"

Ji Feng frowned, "Since you read it, then you should know that there was a very special bullet at the scene, how come I haven't heard you mention it?"

"Oh, you're talking about that small calibre bullet, right?"

"I did see the information, this kind of bullet is somewhat special, usually either used in pocket pistols or in single shot cartridges, usually only some secret agents or people who want to carry weapons secretly can use it, of course, in foreign countries there are also some people who like to collect guns, or some women also like to use this kind of small pistol. "

Xiang Yongzhan said, "I've asked the police, they haven't found out who fired the gun."

"An agent?"

Ji Feng immediately frowned at his words and asked, "Old Xiang, do you mean to say that there were agents at the scene at that time?"

Xiang Yongzhan said, "That's just one possibility, just because there are some agents who like to use this kind of weapon, so this is just my speculation, but there are other possibilities, but for the sake of insurance, I'm just going to investigate this secretly, that's why I didn't mention it to you."

"Did you find out?" Ji Feng asked.

"Not yet, I've left this to the police to investigate, if there really were agents at the scene and the military got involved too deeply, it might have spooked the snake." Xiang Yongzhan said.

"Then how did you guys check it out?" Ji Feng asked with a frown.

Xiang Yongzhan said, "This was also investigated by the police, the military district was responsible for assisting, I had too many things on my hands, so I didn't ask too much. You can ask Mayor Li's daughter to find out more about the situation!"

Ji Feng couldn't help but shake his head and said, "Alright, I know."

Xiang Yongzhan suddenly said, "By the way, I remembered a way, if you have time, you can try it."

Ji Feng immediately asked, "What solution?"

Xiang Yongzhan said, "We can use the elimination method! Although the pocket pistol is small, this is after all different from other things, and it's not that easy to hide it, there were so many police officers at the scene, and the special combat brigade I brought along, I'm sure the person who fired the gun must have been very nervous."

"And then what?" Ji Feng asked.

"In that situation, there are only two possibilities, either that gun was hidden on the other party's body and taken out, or, it's still hidden somewhere on the exhibition hall floor of the convention centre." Xiang Yongzhan said.

"Nonsense!"

Ji Feng hummed, "Is there a third scenario, huh? Say something useful!"

Xiang Yongzhan said, "What I said is useful! Listen, at that time, but all the hostages who were injured, even those who had scraped their skin, were sent to the hospital, and the vast majority of them underwent a physical examination, so these people can be ruled out, and they definitely did not carry weapons on them"

Ji Feng's eyes just lit up at once, he understood what Xiang Yongzhan meant.

Campus Master Chapter 2670

Ji Feng's eyes instantly just lit up, and he understood what Xiang Yongzhan meant.

Since the suspicion of some of the hostages had been ruled out, then it was only necessary to investigate the remaining people.

At this time, he heard Xiang Yongzhan say, "The remaining ones, the police will definitely have an investigation, and being at the scene at that time, they will definitely rule them out before letting them go, so that the scope of investigation needed is much smaller!"

Ji Feng was instantly deeply impressed.

At that time, when a robbery of that magnitude had occurred, the police would definitely rule out the suspicion of the people at the scene first, then there would definitely be necessary investigative measures for those hostages.

Then, it would have been easier to find out who some people were suspected of being.

"Do you know who the police have investigated?" Ji Feng asked in a deep voice.

"For the time being, we don't know, although we have contact with the police, but the communication is not particularly close, and I am not in charge of the specific investigation, for the time being I haven't got any news!"

Xiang Yongzhan said, "But you can ask Mayor Li's Qianjin for information, she is one of the parties involved and is the deputy captain of the city bureau's criminal police team, she must know a lot about the investigation and its progress."

Ji Feng nodded slowly and thoughtfully and said, "Understood."

"Then let's leave it at that, I still have things to take care of on my side, keep in touch." Xiang Yongzhan said.

"No problem."

Ji Feng nodded and hung up the phone.

And then, his eyebrows furrowed slightly as he fell into deep thought.

A few minutes later, Ji Feng stood up, took a look at Bai Zhu's bedroom and found that the door was still closed, so he didn't bother Bai Zhu, but drove out alone and headed straight to the city bureau.

Seeing Li Ruonan once again, Ji Feng noticed that she seemed a bit haggard and her expression seemed a bit unnatural when she saw herself.

“Ji Feng, what do you want to see me about?” Li Ruonan asked hesitantly.

“About the robbery case at the convention centre, I want to know the status of the investigation.” Ji Feng said bluntly, “Is it convenient?”

“It might be a little inconvenient.”

Li Ruonan hesitated a little and slowly shook her head, “The case is still under investigation, and according to the rules it cannot be disclosed to the public, so”

Ji Feng immediately said, “If I come to ask as the person concerned, is it also not possible?”

Li Ruonan couldn't help but choke, and then said, “You saved all of us, if it wasn't for you, I don't know how many more people those bandits would have killed at that time, the city bureau is now considering giving you a commendation”

“I don't need a commendation, you just need to answer whether I can or can't, that's all.” Ji Feng waved his hand, he really didn't care much about any commendation from the city bureau, if he really needed it, there would be no need to purposely give all the credit to Xiang Yongzhan's special operations brigade.

What he needs now is the details of the police investigation.

Li Ruonan then had some difficulty and said, “I'm afraid that this won't work. After all, you are not a police case officer, this case is all part of the mega case in the city bureau, not the police officer in charge of this case are not authorized to know the situation.”

Ji Feng nodded his head and said, “Alright then, I understand.”

After saying that, he turned around and left.

Li Ruonan immediately asked, “What are you doing there?”

Ji Feng said, “Since you won't allow it, then I'll find someone who can tell me the situation.”

Li Ruonan immediately couldn't help but say, “Ji Feng, it's not like I didn't tell you on purpose, this case really can't be revealed to the public at least I don't have this authority to reveal anything to you.”

“That's why I'm looking for someone who has the authority to nod!” Ji Feng said.

“You”

Li Ruonan couldn't help but be a little exasperated, Ji Feng was clearly not trusting himself.

She bit her lips and couldn't help but say, “Then tell me, what all do you want to know, I can only say what is within the scope of my duties, the rest, I can't reveal anything!”

Ji Feng smiled and asked, “Isn't that against the rules?”

Li Ruonan then glared at him and didn't say anything.

Ji Feng smiled and said, "Actually, I don't want to know too much, I just want to know, at that time, did your police investigate all the hostages at the scene? I mean, right at that time, at the scene, were their bodies searched or were their identities investigated?"

Li Ruonan couldn't help but stare at her words, she then nodded and said, "That's right, they were all investigated, it was a necessary procedure."

"Did the investigation yield any particular results?" Ji Feng asked.

"What are you referring to?" Li Ruonan asked.

"First of all, I would like to know if the identification tests conducted by your police on the traces at the scene have revealed anything useful? For example, has it been confirmed that there was really someone who shot me in the back?" Ji Feng asked.

Li Ruonan pursed her lips and said, "Yes!"

Ji Feng smiled faintly and said, "Tell me about it?"

Li Ruonan said, "We found the impact point at the scene, observed the surveillance video, and confirmed through technical means that someone did shoot at you, and"

"And what?" Ji Feng asked.

"And the person who fired the gun used a very special weapon, most likely a kind of pocket pistol." Li Ruonan said.

Ji Feng nodded and smiled, on this point Li Ruonan did not lie to him, which meant that Li Ruonan did not intend to lie and did not intend to answer vaguely.

"Then have you found the weapon that person used?" Ji Feng asked.

Li Ruonan shook her head and said, "No. We checked all the hostages at the scene and didn't find anything suspicious, nor did we find a weapon."

Ji Feng frowned at his words and asked, "Are you sure, you really checked all the people at the scene?"

Li Ruonan nodded and said, "Yes, why?"

Ji Feng asked again, "Checked everyone, but no weapons were found?"

Li Ruonan said, "Found, but not the weapon that was shot at you, but the weapon carried by the security personnel on the scene."

Ji Feng's brow then furrowed as he asked, "And there was no nitrous reaction on any of them?"

Li Ruonan looked a little embarrassed when she heard that.

"What? Not convenient to say?" Ji Feng asked in a deep voice.

"That's not true, it's just that" Li Ruonan said somewhat awkwardly, "We didn't test everyone for nitrate reactions"

In fact, at that time, Li Ruonan did not even think that someone had shot Ji Feng black in the back, on the one hand, because at that time the scene was in chaos, it could almost be said that it was a big melee, but everyone who had a weapon was shooting at that time, bullets were flying, in that situation, how did Ji Feng conclude that someone had just shot him black?

Li Ruonan thought that perhaps indeed Ji Feng had almost been hit, which was possible, but it would have been some bandit who had shot Ji Feng at that time.

On the other hand, it was because of what Fan Jianyuan had said at the time – that Ji Feng had deliberately targeted Fan Jianyuan because he liked her, falsely accusing him of being the one who had fired the black shot in the back.

The police were so focused on protecting the huge amount of jewellery at the scene and investigating the scene and the hostages that they didn't pay attention to this, let alone testing everyone for nitrous reactions.

In fact, it was only when they later found the impact point, drew the traces of the bullet shot, and compared the CCTV footage that Li Ruonan believed that someone had really shot Ji Feng in the back.

But at that time, it was already too late to do a nitrate reaction test on those hostages at the scene, as many of them had already gone home. Even if there was really that gunman among them, they must have all been cleared up.

This is also the reason why Li Ruo Nan looked embarrassed when Ji Feng asked this question.

Although Li Ruo Nan's words were vague, Ji Feng still understood them and he couldn't help but give a thumbs up: "Great! Even if there were ten bandits, they would have run away!"

Li Ruonan then couldn't help but blush, glared at him and said, "Who knew what you said was true! I thought thought you were making it up!"

Ji Feng shook his head, ignoring her pale defense, and instead asked, "Alright, nitro reaction aside for now, according to you, you investigated everyone, but didn't find that weapon, right?"

Li Ruonan nodded and said, "Right."

"Then that means that the weapon must still be at the convention centre!" Ji Feng said, "Since no one at the scene took the weapon out, it must have been hidden somewhere in the exhibition hall, did you guys look for it?"

"Searched, and no." Li Ruonan shook her head.

After noticing this situation, Li Ruonan specially organised the police force to search carefully in the convention centre, but in the end, they found nothing.

Ji Feng immediately grunted, "That's really strange! It wasn't taken away, and there was nothing at the scene, could that weapon have grown wings and flown on its own?"

Li Ruonan was a bit embarrassed, she opened her mouth, but wanted to say something.

Ji Feng stretched out his hand and asked, "What do you want to say?"

Li Ruonan bit her lips and suddenly said, “Ji Feng, this is my negligence, don’t worry, I will definitely give you a satisfactory explanation!”

“How can I give an account?”

Ji Feng smiled noncommittally at his words and asked. Saying an explanation was certainly simple, but how? Now that the people were gone, the traces were all cleaned up, and the weapons could not be found, how could they be investigated next?

Li Ruonan smiled and blushed a little, “If I say I’ll give you an explanation, I will definitely have one! You can rest assured!”

The next time you encounter something, don’t be so eager to protect your boyfriend like a child. I’m not talking about people behind their backs, he’s not a good guy!”

Li Ruonan instantly glared, but to Ji Feng’s surprise, this time she didn’t go toe-to-toe with him!
