Li Ruonan's eyes glared at once, but to Ji Feng's surprise, this time she did not go tit-for-tat with him, but pursed her lips and asked, "Hey, let me ask you, you took a hostage at the scene that day, didn't you?"

Ji Feng faintly froze at his words, and then reacted that she was talking about Qin Shujie, and nodded, "That's right, what's the problem?"

Li Ruonan didn't answer, but asked again, "Then other than that hostage, did you also take others?"

Ji Feng's eyebrows then frowned slightly and asked, "What do you mean?"

"Nothing, I just want to know how many people you actually took with you at that time. It's as simple as that." Li Ruonan said.

"Just Qin Shujie alone, she has small children at home, delayed too late small children are afraid that there will be problems, so I let her go back first." Ji Feng said, "Is there any problem?"

"Then I'll know."

Li Ruonan said, "I'm just casually asking ..... this matter I will definitely investigate clearly, don't worry."

Ji Feng couldn't help but feel a little strange, Li Ruonan's question was headless, so he didn't really know for a moment what she wanted to do by asking this.

"You're not suspecting Qin Shujie, are you?" Ji Feng asked in a deep voice.

"Of course not."

Li Ruonan said, "I said that I was just casually asking, I didn't mean anything else."

But Ji Feng didn't quite believe it, given Li Ruo Nan's character, she wasn't someone who liked to gossip, much less ask such questions now, so it was obvious that she must have some purpose in asking this. But no matter how much he asked, Li Ruo Nan just said she was just asking, but she wouldn't say anything.

The company's main business is to provide a wide range of products and services to the public.

The situation from Li Ruo Nan is already clear, the weapons could not be found, the hostages at the scene were not all tested for nitrate reaction, now naturally there is nowhere to investigate.

At this point, the trail was basically broken.

Unless there are any surprises ahead, I'm afraid it's impossible to find the person behind the black shot.

Of course, Ji Feng didn't completely break his mind. Since someone had fired a cold shot at him during the melee, he naturally wanted to kill him, but the other party wanted to fish in troubled waters and didn't want to reveal his identity.

But as long as the other party still has this in mind, sooner or later, they will definitely reveal their tails!

But now the initiative is out of his hands, now we can only see when the other side will act.

Ji Feng couldn't help but shake his head, although he was extremely suspicious in his heart that this matter was probably the work of Fan Jianyuan, but now without evidence, it was not good to say anything, so he could only put this matter aside for the time being.

He didn't intend to waste too much more time on this matter, there were still many important things waiting for him to do now, even if this black hand was really Fan Ji Feng couldn't do anything to him without evidence, he could only wait.

"That's it."

Ji Feng said, "I won't take up your time, give you the advice you are willing to listen to, if not, just pretend I didn't say it."

After saying that, he nodded at Li Ruonan, turned around and left.

Li Ruonan suddenly shouted, "Fan Jianyuan is not my boyfriend!"

Ji Feng was instantly surprised, he looked back at Li Ruonan before laughing, "Really!"

He then smiled faintly, pulled open the door and walked out. Li Ruonan looked at his back and couldn't help but stomp her foot in anger, Ji Feng obviously didn't believe what she said, which made her feel very angry and couldn't help but say with hatred, "Bastard! Why should I have to explain to you!"

But no matter how angry she was, Ji Feng was inaudible.

Li Ruonan gritted her teeth in anger and sat down in front of her desk with a belly full of resentment, opened her computer and crackled on the keyboard.

Unexpectedly, Ji Feng had just come out of the city bureau when he received a phone call from Xiang Yongzhan.

"Old Xiang, have you found any clues? Or did you find out something?" As soon as he got on the phone, Ji Feng immediately asked.

"I'm sorry to disappoint you."

Xiang Yongzhan laughed, "That's not why I'm calling."

Ji Feng shook his head, he didn't expect much, after all, he had only spoken to Xiang Yongzhan on the phone before, so I'm afraid it would be difficult for Xiang Yongzhan to find out anything in such a little time.

"Then what do you want to see me about?" Ji Feng asked.

"It's about what I told you last time, about the transfer of the new chrome alloy technology of the Tengfei Group." Xiang Yongzhan said, "Now the people from above have already come and are on my side, how about it, do you want to meet?"

"Already here?"

Ji Feng was a bit surprised, the speed was quite fast, Xiang Yongzhan had just mentioned this matter to him, and the people from above came already?

In fact, Ji Feng still somewhat underestimated how significant the new chrome alloy technology he had created was to the strategic level of the military!

If what Tengfei Group and United University said at the press conference was true, and the new chrome alloy technology really had such high performance, it would definitely improve China's weaponry by more than one chip.

It's not even an exaggeration to say that it could significantly increase the power of China's weapons and equipment in the short term.

The stealth capability of the new chrome alloy alone, if used in the manufacture of missiles or fighter-bombers, would instantly turn the so-called anti-missile systems of other countries and the world's best radar technology into deaf ears.

—That would be a complete set-up!

In the event of a conflict, it would not be impossible for China to send missiles directly into the offices of the other leader, if it so wished.

This is almost a deterrent on the same level as a nuclear weapon, and the consequences of this can be imagined!

As long as other countries have not developed the technology to detect this alloy, China will remain an absolute deterrent in terms of weapons and military.

In this way, no matter if it is Kepong, which has been fighting with China, or the neighboring countries such as the Philippines, Vietnam, etc., their heads will be hanging like a sword of Damocles, once war really breaks out, China can instantly carry out a decapitation operation to destroy the top leadership of the other side and their chain of command in the shortest possible time!

The mere thought of such a scenario at ..... sends shivers down the spines of many people!

And for the Chinese military, which has always been suppressed, especially with their weapons and equipment always at the mercy of others, one can only imagine how desperate they are to obtain this new chrome technology!

In fact, this is only part of the use of the new chrome alloy, what if it is used to make submarines? What about other weapons?

So it was easy to understand the military's desire to get this new technology right away.

"Let's wait a little longer."

Ji Feng did not nod his head in haste to agree, but deliberated slightly for a moment before saying, "There's a small situation over at the Tengfei Group, I'll go and arrange it first, then I'll inform you."

When Xiang Yongzhan heard this, he became anxious: "What do you mean? You're not going to change your mind, are you? That's not what you told me before ....."

"What's your hurry!"

Ji Feng shook his head and laughed: "There was just a little accident, I'll arrange it and get back to you, it won't take too long."

Originally, Tengfei Group had Xiao Yuxuan at the helm, so naturally there was no problem, but now that Xiao Yuxuan had left, Ji Feng was worried whether Han Zhong could hold up alone, so he had to go and communicate with Han Zhong first.

Xiang Yongzhan said: "Can I not hurry? You kid ..... if you had transferred the technology to the military earlier, now I still need to go to such great lengths to gather the troops and have to go across the border to play for my life?"

If China has weapons made from the new chrome alloy, with those mercenaries, how dare they come to China to make waves? Once their location was found out, I'm afraid that if the special operations brigade arrived at the location by transport plane, a surprise attack would be enough to exterminate them all, and they wouldn't even be discovered!

But now, Xiang Yongzhan had to gather his troops, first to leave the country through a secret channel, and then also to investigate the local situation, before he dared to act.

And after the operation, it was still unknown whether there would be any danger in the process of coming back, and whether they would be able to return safely.

It is strange that Xiang Yongzhan does not have resentment in his heart!

Ji Feng shook his head and smiled, ignoring this stubble, even if he had transferred the technology to the military long ago, whether it was a transport plane or other weapons, it was not that easy to manufacture, because this new chrome alloy used to manufacture weapons, how exactly the performance, must go through a series of sophisticated experiments, which took some time.

"Wait for my call, I'll give you a call at the latest in the evening!" Ji Feng said.

"You kid hurry up!" Xiang Yongzhan urged.

"Don't worry, I will!" Ji Feng laughed, and then he hung up the phone and pondered.

He knew that the military would come, but he didn't expect it to come so quickly. This was somewhat unexpected, so he didn't just have to communicate with Han Zhong, he first had to communicate with his second uncle and father and ask their opinions.

When Ji Zhen Guo received Ji Feng's call, he simply said, "Get a grip on it, it will benefit the country and the people!"

On the other hand, his father, Ji Zhen, talked more to Ji Feng on the phone. At this moment, Ji Zhenhua had already returned to Beijing, as such a serious robbery had occurred in Jiangzhou and so many people had died, he had to rush back to inform the situation, and at the same time would carry out some of the next treatments.

"This is a good thing, although the technology transfer process will have the risk of technology outflow, but we can't just choke on it." Ji Zhenhua said, "Now that you have become an adult, it is even more important for you to know what to choose."

Ji Feng nodded silently, he understood the meaning of his father's words, which was to let him understand how he should choose in the face of interests.

In fact, he himself also intended to transfer the technology to the military, but it was just that his father and second uncle's words had strengthened his resolve, so he agreed to do so very quickly and then drove to the Tengfei Group.

However, Ji Feng did not know that shortly after he left, Li Ruo Nan, who was sitting in front of the computer, had a complicated look in her eyes, and she was clenching her teeth, as if she had to make some difficult decision .....

Campus Master Chapter 2672

"Phew~!"

Li Ruonan took a deep breath, stood up and casually picked up the police jacket hanging on the backrest of the chair, after putting it on she took a big step outside.

As soon as she stepped out, she bumped into Ding Weijian, who immediately asked, "Team Li, are you going out? I was looking for you!"

Li Ruonan asked, "What is it?"

When Ding Weijian heard this, he couldn't help but look around and saw that there was no one else in the corridor, so he lowered his voice and said, "Captain, I've found out everything you asked me to investigate."

"Come in and talk!"

Li Ruonan smiled and immediately brought Ding Weijian into the office, then casually closed the office door behind him and asked, "What's the situation?"

Ding Weijian said, "Captain, I have investigated, the few hostages who left early at that time, there should be nothing wrong with them, although a few of them have complicated social connections, but none of them have any connection with Ji Feng, moreover, none of them have any motive ....."

Li Ruonan could not help but frown and asked, "What you are saying is all your speculation, is there any actual evidence?"

Ding Weijian shook his head and said, "There is no conclusive evidence, but from the circumstances at the scene, it can be ruled out by the method of elimination."

When Li Ruonan smiled, she couldn't help but ask, "How to rule it out?"

Ding Weijian said, "Here's the thing, according to the method you taught me, I first watched the CCTV footage carefully and determined the location of all the hostages at the scene at that time. Coincidentally, quite a few of them knew each other or were from the same company."

Li Ruonan nodded, this is not surprising, when people encounter danger, the first thing they think of is to run away, tend to good luck to avoid evil this is human instinct.

This is not only a human instinct, but also a psychological comfort that people can seek when they are running away, after all, running away with a familiar person is more secure than running away with a stranger.

Even though it happened suddenly and for a very short time, and because of this, many people will rely on their instinctive reactions when they are running away and will not think about anything else.

So many people would run with people they knew well, and when they were frightened and fell down in fear at the sight of someone being killed in front of them, naturally many people who knew each other also fell down together.

“You go on.” Li Ruonan said.

“Mmm!”

Ding Weijian nodded and said, “Precisely because many of the hostages were familiar with each other, this made my investigation much easier instead. captain, do you remember the ballistic playback we did with the laser at that time?”

Li Ruonan nodded, “Yes, why?”

The use of a laser to play back the ballistic trajectory was already a fairly mature science in the international criminal investigation system, which involved using a special laser pointer, inserting it into the bullet hole, and then the exposed end would emit laser light to imitate the flight path of the bullet, so that it was easy to determine the direction of the bullet and the location of the person who fired it.

Of course, there is a certain amount of error in this, not 100% accurate, but the error is not very large, and nowadays it has been widely used in criminal investigation.

Li Ruonan and the others had also used this method to roughly determine the range of the location of the person who shot the cold shot behind Ji Feng.

“Based on this determined range of the shooter’s location, I first ruled out the hostages that were far away ..... I’m talking about the ones that left at the time and didn’t undergo inspection.” Ding Weijian explained.

“I know.” Li Ruonan nodded.

“After excluding the hostages who are far away, there are only three left.” Ding Weijian said, “But coincidentally, where these three people were lying on their backs, there were all their acquaintances next to them, and when the melee was going on, they were all so scared that they were either lying on the ground with their heads in their hands, or several of them were huddled together, and even, one of them was so scared that he was incontinent from urinating ..... ”

Li Ruonan immediately understood and asked, “You mean to say that they all had witnesses?”

“Mm.”

Ding Weijian nodded and said, “Although it’s not conclusive evidence, the human witnesses are enough, unless they’re lying in collusion, but by investigating their social connections, I don’t think they need to lie, and besides, there’s no connection between them and Ji Feng.”

“That means that none of them should be the ones who shot the gun!” Li Ruonan said.

“That should be the case.” Ding Weijian nodded his head and said.

Li Ruo Nan then fell into deep thought, pursing her lips with a complex look in her eyes, as if she had thought of something.

Ding Weijian asked, “Captain, it looks like the person who fired the gun was probably some kind of bandit, or someone hid the gun somewhere after firing it, but unfortunately we didn’t do a nitrous reaction test on everyone, and we didn’t find the weapon .....

“Alright, that’s it for now.” Li Ruonan said.

“Then Ji Feng there .....” Ding Weijian was a little hesitant, although Ji Feng didn’t report the case, but since he investigated the situation, he had to check it out anyway, because among those hostages, there was probably a murderer with a weapon hidden!

“I’ll handle this matter, so you should leave it alone.” Li Ruonan said.

“Yes.”

Ding Weijian nodded his head.

After Ding Weijian left, Li Ruo Nan couldn’t help but let out a long breath, and then she turned around and left the office, while walking outside, she took out her mobile phone and dialed a number: “Jian Yuan, do you have time now? I have some things I want to talk to you about.”

.....

“Ruo Nan, why did you suddenly remember to call me?” Fan Jianyuan asked with a gentle smile on his face, smiling.

“Do you still remember this place?” Li Ruonan asked.

Fan Jianyuan smiled and nodded, looking at the buildings not far away and the plastic runway playground, he smiled and said, “Of course I remember, this is our alma mater.”

“Yes, time passes so quickly, in a flash, so many years have passed.”

Looking at the once familiar campus and the familiar school building in front of him, Li Ruonan could not help but sigh softly, as if he was lamenting or reminiscing.

Fan Jianyuan laughed, “Time always passes quickly, but the good thing is that we all still see each other often.”

“Yes, I often get together with my former friends and classmates too, and you’ve come back now after a few years abroad.” Li Ruonan nodded, “But I always feel that many of my classmates have changed now, and the pure classmate friendship that we used to have seems to have gone a bit stale.”

Fan Jian Yuan smiled and said, “Time will change everything, but no matter how it changes, the friendship between classmates is still there, you think everyone has changed, that’s because everyone has become mature and has their own lives and families, this is very normal.”

Li Ruonan nodded and said, "Maybe. Some people, however, have become great, while others have changed exceptionally, remember Little Black in the class?"

Fan Jianyuan nodded and smiled, "Of course I remember, he was quite a fierce one back then, what happened to him?"

"I heard he's involved in the black now." Li Ruonan said.

"Heh! At that time when he was still in school, he liked to hang around with the society, I remember he was almost arrested once, right? I didn't think he'd really get mixed up in the Dao now?" Fan Jianyuan shook his head and said.

"My biggest fear is that one day I'll have to catch him myself." Li Ruonan slowly shook her head and said, "After all, they were classmates, and I don't want to see him get caught in ....."

Speaking here, she looked at Fan Jianyuan and said, "It's not just him, in fact I would never hope that I would personally catch any of my classmates in jail ....."

"Ruo Nan, you didn't find me out today just to say this, did you?" Fan Jianyuan met Li Ruonan's gaze and asked with a smile.

Li Ruonan, however, did not smile, but said, "Jianyuan, can you tell me what you have experienced during these years abroad?"

"Hmm?"

Li Ruonan's question made Fan Jianyuan freeze, "Why did you suddenly remember to ask this?"

Li Ruonan shook her head, "I'm just curious, can you tell me about it?"

Fan Jian Yuan laughed, "I had a very simple life, just went to school, then spent some time getting used to life in England, and also made some friends, and in my free time I did things that interested me, well, as I said last time, I like to play with guns, so I often went to gun clubs ....."

Li Ruonan asked, "Only that?"

Fan Jianyuan smiled and asked, "What else could there be? ..... Ruo Nan, you are a bit off today, what's wrong?"

Li Ruonan pursed her lips and asked, "Jian Yuan, do you really have nothing you want to tell me?"

Fan Jianyuan was instantly amused, "Ruo Nan, you're mistaken, right? Wasn't it you who called and asked me out? How come ....."

"The robbery that happened at the convention centre a few days ago, Ji Feng accused you of shooting at him, remember?" Li Ruonan, however, interrupted him and suddenly asked.

"It's only been a few days, how can I not remember!" Fan Jianyuan laughed, "Why are you suddenly talking about this?"

"Is there anything you want to say to me about this matter?" Li Ruonan asked.

Fan Jianyuan immediately looked at Li Ruonan suspiciously and asked, "Say what?"

Seeing that at this point in time, Fan Jianyuan was still so calm and still looked the same as ever, Li Ruo Nan's heart could not help but sigh secretly, perhaps, I'm afraid that the friendship between the two people had come to an end even today.

"Jian Yuan, still remember what I told you? At that time, someone really shot at Ji Feng, and we also identified the location of the person who shot him." Li Ruonan stared at Fan Jianyuan and said.

"Remember, what's wrong? Did you find the person who shot him? That will prove my innocence, right?" Fan Jianyuan immediately asked.

Li Ruonan, however, slowly shook her head and was silent for a while before saying, "Jianyuan, we investigated all the hostages who were at the scene at the time, and of course all the bandits were no exception, and all eventually confirmed that it wasn't them who fired the shots!"

"Then ....."

"Only you!"

Li Ruonan pursed her lips, but her eyes were fixed on Fan Jianyuan, saying, "Jianyuan, only you, we did not investigate, only you, we did not examine you in detail at the scene!"

Campus Master Chapter 2673

"You are the only one!"

Li Ruonan pursed her lips, but her eyes were fixed on Fan Jianyuan, saying, "Jianyuan, you are the only one, we did not investigate, you are the only one, we did not examine you in detail at the scene!"

Fan Jianyuan was stunned, and then he smiled, "Ruo Nan, you're not doubting me, are you? From what you're saying, it seems like it was me who shot at Ji Feng?"

Li Ruo Nan slowly shook her head, in fact, it was not as if it was him, but ..... Li Ruo Nan had a spectrum in her heart, there was at least an 80% chance that this matter was done by him, only now she did not have any evidence.

"Jianyuan, is it really not you?" Li Ruonan stared into his eyes and asked seriously, "I hope you can answer me honestly, don't have the slightest hint of concealment."

"Heh!"

Who knows, Fan Jianyuan did not directly answer Li Ruo Nan, but suddenly shook his head and laughed, the hand that was originally stuck in his pocket, but took out a cigarette from his pocket, lit one and slowly took two puffs, looking at the drifting smoke, his gaze was a bit lost.

"I originally thought that I could start over with you this time when I came back, so I would take out twelve percent sincerity and treat you wholeheartedly. Even if, I myself have never rarely cooked in the kitchen, even if, I have never even cooked once for my mother."

Fan Jianyuan shook his head and said, "You rejected me, which was expected, because I couldn't decide what you thought. But what I didn't expect was that after coming back to Jiangzhou, I found that I couldn't seem to fit in here anymore, I seemed so out of place with this once familiar place!"

Li Ruonan frowned slightly and said, "Jianyuan, I think you misunderstood, we didn't start, let alone end, so there would be no starting over. Moreover, what I came to you today to say is not about this matter."

"I know."

Fan Jianyuan nodded and said, "You suspect that I fired a gun at Ji Feng to kill him, don't you?"

Li Ruonan, however, stared at him and asked, "Was it you?"

"If I were to say it wasn't me, would you believe me?" Fan Jianyuan asked with a non-committal smile.

Li Ruonan did not say anything.

Seeing this, Fan Jianyuan couldn't help but shake his head and laugh, "I know that you definitely don't believe me. It seems that it was really a mistake for me to come back, I shouldn't have come back."

Li Ruonan was silent for a moment before she said, "Jianyuan, you don't need to change the subject anymore or distract me with other things, the purpose of my visit today is clear, I just want you to tell me if the person who shot the gun that day was you or not!"

Fan Jianyuan was just about to speak when he heard Li Ruonan add, "Jianyuan, at that time there wasn't any clear evidence that the person who fired the gun was there to kill Ji Feng, moreover, Ji Feng wasn't shot either, so if you find a good lawyer, although you can't plead not guilty, perhaps the punishment you receive will be much lighter!"

"Are you trying to convict me? Or are you trying to persuade me to plead guilty?!" Fan Jianyuan asked with a frown.

"I'm trying to persuade you to turn back!"

Li Ruonan said, "Jianyuan, I don't know exactly what the reason was for that person who fired the gun, or what kind of motive he had, but one thing is clear, in China, possession of a gun is in itself a crime, let alone intent to murder! Do you understand?"

Fan Jianyuan spread his hands, smiled and asked, "Yes, after all, I also went abroad when I was in high school, I still know something about the laws of China, but the question is, what does this have to do with me?!"

"....."

Seeing Fan Jianyuan pushing two or six or five, taking himself off cleanly, not admitting in the least that he had anything to do with that matter, and even having some ..... playfulness in his attitude, Li Ruonan could not help but sigh secretly in his heart, things had really come to this point!

Li Ruonan looked at Fan Jianyuan, a look of disappointment flashed in his eyes, but he still asked, "Jianyuan, let me ask you, when the melee happened, which position were you in?"

Fan Jianyuan was stunned, "Which position?"

Li Ruonan nodded and said, "That's right, where were you at that time! I mean the exact location!"

Fan Jianyuan gave her a strange look and said, "You still don't know where I was at that time? I was with you!"

"That's right, we were together at that time, but then after the melee started, I went to pick up my gun, where were you at that time?!" Li Ruonan asked after him.

"I was still in the same place!"

Fan Jianyuan said, "Oh, no, that's not right, I think I ran a few steps during the confusion, because the light was too dim, I didn't see clearly exactly which direction I was running in."

Li Ruonan frowned slightly, this answer of his was the same as not saying anything.

First, he said he was in the same place, but then he overturned it and said he ran a few steps, this time the position could change. But the problem was that Fan Jian Yuan also said that he was not sure in which direction he ran, so didn't this mean that he didn't know where he was at that time either?

This is simply nonsense!

During the jewellery fair, Fan Jianyuan had been there I don't know how many times, including times when he had gone to attend and also times when he had gone to bring her food, and he was still not familiar with the exhibition hall? He would not know exactly where he was at that time?

"So, after I went to pick up the gun, how many times did you run again? About how far did you run?" Li Ruonan asked.

"I can't remember exactly." Fan Jianyuan said.

"Fan Jianyuan!"

Li Ruo Nan smiled, her brows instantly knitted, his reply was complete nonsense, simply a perfunctory response to her, this couldn't remember, then couldn't remember, then what did he remember?

Fan Jianyuan shook his head and smiled, saying: "Ruo Nan, if you think I'm suspicious, you can just arrest me, otherwise, please don't interrogate me like a prisoner, can you? I don't want to be treated like this by someone I like, it gives me the chills!"

"You ....."

Li Ruonan took a few deep breaths and tried to keep herself from getting too excited, "Fan Jianyuan, aren't you going too far in saying that?!"

With a bitter smile on his face, Fan Jianyuan shook his head and asked, "But have you ever thought about whether what you did was too much?"

Li Ruonan said angrily, "What I did was excessive? I roughly found out where you were at that time through the CCTV footage, and also compared where you were after the lights came on, the difference wasn't that big!"

"Is that so?" Fan Jianyuan smiled, "So what did you find out?"

“Those few hostages around you, almost all of them went to the hospital for tests and there was nothing wrong with them, but why did you have the characteristics of a nitrate reaction on your body?! You come and tell me, why is that?!” Li Ruonan asked as she looked at Fan Jianyuan angrily.

“How do I know this!” Fan Jianyuan shook his head and said, “Isn’t this something you police officers need to figure out?”

“You .....

Li Ruonan was furious at his words, “So it’s still my fault?”

Fan Jianyuan shook his head and smiled bitterly.

“I really regret how I didn’t think to check on you at that time! If I’m not wrong, that pocket pistol should have been on your person and brought out by you, right?” Li Ruonan said.

“It’s useless for me to say anything now, you’ve already decided in your mind that I’m the one who shot the gun.” Fan Jianyuan shook his head and said, “Since that’s the case, Ruo Nan, then you can take me back.”

Li Ruo Nan looked away in anger.

Arresting him back now?

It had been so long, all the evidence had been removed, even his fingernails had been cleaned, and she did not have any conclusive evidence in her hands, all her judgments were just inferences based on what she had in hand.

But without conclusive evidence, what use would it be to arrest her now?

“Jianyuan, it seems that our conversation can’t go on!” Li Ruonan shook her head and said, “But I have a few last words to say to you.”

“Go ahead.”

Fan Jianyuan nodded and said, “Although I don’t know why you just decided that I did it, and why several years of classmate friendship would be overturned by you in one fell swoop, I still want to hear it.”

Li Ruonan couldn’t help but close her eyes and take a few deep breaths, before she reopened her eyes, looked at Fan Jianyuan and said, “Jianyuan, I don’t know exactly what you have been going through in these years abroad, nor do I know exactly where you got that pocket weapon from, perhaps you have been an agent of another country, or perhaps, you have another identity, I don’t know any of these.”

Hearing this, Fan Jianyuan just smiled, but did not explain.

Li Ruonan also had no intention of listening to his explanation again, and just said, “But I just want to tell you, as I said before, what I am most afraid of, is to catch my own classmates in prison with my own hands, Jian Yuan, don’t give me this chance!”

“But if it’s you who arrests me, I am willing to tie my hands!” Fan Jianyuan said.

Li Ruonan ignored his words, just pursed her lips and added, "Jianyuan, if you really have another identity, until I find evidence of your crime, leave, go back to wherever you came from, and don't ever set foot in China again!"

Fan Jianyuan then froze slightly.

"And ....."

Li Ruonan said, "I don't care what reason you want to kill Ji Feng, but, as long as I'm around, don't even think about this matter!"

Fan Jianyuan frowned, "Is he really that important to you?! If I remember correctly, there is a woman by his side, right?"

"This has nothing to do with you!" Li Ruonan said in a deep voice, "Jianyuan, if you still consider me a classmate and still remember the friendship we both once had, then listen to my advice and leave."

"Why should I leave?" Fan Jianyuan was surprised.

Li Ruonan shook her head, sighed lightly and said, "Jian Yuan, don't think that I'm the only one who found out about the problem, I'm sure that there are definitely other people who also found out about the problem, most likely Ji Feng also knows about it, the two of you already had some over knots, he will definitely not let you off the hook ....."

Fan Jianyuan suddenly harrumphed: "Then shouldn't I be a little scared to?"

Li Ruonan shook his head: "No matter how brave you act now, it won't help, you will only know when it comes to the end how serious the consequences of what you do will be!"

"That's all I have to say, it's up to you whether you listen or not."

Campus Master Chapter 2674

Li Ruonan shook her head, "No matter how brave you act now, it won't help, you will only know when it comes to the end how serious the consequences of what you do will be!"

"That's all I have to say, it's up to you whether you listen or not."

After Li Ruonan said that, she said nothing more and turned to leave.

The kind of bravery that Fan Jianyuan was showing now, Li Ruo Nan shook her head straight as she looked at it, I'm afraid Fan Jianyuan still didn't know what his actions really meant, to assassinate Ji Feng in the middle of a melee, not to mention how Ji Feng would react, just this kind of behavior from Fan Jianyuan alone made Li Ruo Nan feel a little disgusted in her heart.

The fact is, at that time, Ji Feng was leading people in a fierce battle with those armed bandits, no one knew what would happen in the next second, and in the middle of that rain of bullets, one might be able to give up one's life there at any time.

It could be said that at that time, Ji Feng was putting his life on the line with the bandits in exchange for the safety of all the hostages present.

Including him, Fan Jianyuan, and her, Li Ruonan!

Anyone present owed Ji Feng a huge favour, and it would not even be too much to say that they owed him a life – if some people admitted it!

But how bad was it for Fan Jianyuan to shoot Ji Feng in the back under such circumstances?

Once Ji Feng was poisoned at that time, I was afraid that his men would be routed by then, and at that time, once the bandits at the scene went berserk, God knows how many of them would survive!

So, Fan Jianyuan's own behaviour was already extremely bad!

Even Li Ruonan was frowning in her heart. Once there was evidence, I was afraid that neither the police nor those hostages would let Fan Jianyuan off the hook.

What's more, since the robbery, Ji Feng has been pursuing the police investigation, and even just yesterday he came to the police station to ask about the investigation, especially focusing on asking who was behind his black shot ..... It is clear that he will never just stop.

If you let Ji Feng find out that it was Fan Jianyuan who did it, with Ji Feng's methods, Fan Jianyuan really doesn't know what will happen to him – even now, I'm afraid Ji Feng has been suspecting Fan Jianyuan, but just can't find conclusive evidence.

The funny thing is that now Fan Jianyuan is still acting like a ghost who doesn't feel dead, as if he doesn't put Ji Feng in his eyes at all.

When things came to this point, what else could Li Ruo Nan say?

She had done what she had to do, and even though she still had some guilt in her heart, she could only go so far, and if she found evidence next, she couldn't show any more favoritism, and she might even have to arrest Fan Jianyuan herself!

By doing this, Li Ruonan had already done her best to be merciful.

So when she left, she didn't even look back.

"Ruo Nan, is that how you see me?!" Behind him, Fan Jianyuan asked loudly, his voice seemingly filled with disappointment.

"....."

Li Ruonan just stopped and looked back, but didn't say a word.

Fan Jianyuan nodded heavily and said, "Well then, in that case, then I have nothing more to say, having lost your trust, what's the use of me saying or defending more?"

"Then what do you want?" Li Ruonan asked.

"I want to turn myself in!" Fan Jianyuan said.

"..... what?!"

Li Ruonan froze violently, she didn't even react in this instant.

Fan Jianyuan, however, walked over with big steps, his hands outstretched, and looked at Li Ruo Nan, his gaze filled with disappointment and a complex look of pain, relief, and seemingly a wave of sadness: “Ruo Nan, since you have already decided that I did that incident, then I have nothing more to say, if even you don’t trust me anymore, what’s the point of me coming back? ..... I turned myself in!”

Li Ruonan froze.

If Fan Jianyuan had been all defensive, she would instead have been annoyed in her heart, thinking that Fan Jianyuan was stubborn and his character had become bad. But now that he was holding his hands out to turn himself in, Li Ruo Nan was at a loss as to what to do for a moment.

“Ruo Nan, put handcuffs on me, if I turn myself in, I should get a lighter sentence, right?” Fan Jianyuan’s face wore his customary gentle smile, except that it looked like his smile was full of bitterness, causing Li Ruonan’s heart to throb a little.

“You really want to turn yourself in?!” Li Ruonan asked.

“Of course!”

Fan Jianyuan nodded his head.

Li Ruonan said, “Jianyuan, frankly speaking, there is no conclusive evidence in my hands right now!”

The reason why she thought that the person who shot him was Fan Jianyuan was actually based on speculation, because everyone at the scene could be eliminated, so the only one left was Fan Jianyuan, who else could it be?

However, after so many years of classmateship and Fan Jianyuan’s kindness to her, she still couldn’t be ruthless enough to arrest him, so that’s why she said such a thing to him, of course, she also wanted to confirm from his mouth whether it was him who did it or not.

But Li Ruonan did not expect Fan Jianyuan to give her such a hand, he actually turned himself in straight away!

Seeing the gentle but bitter smile on Fan Jianyuan’s face, Li Ruo Nan’s heart had an indescribable sourness, she slowly shook her head and said, “Actually, you don’t have to do this .....”

“If even you don’t trust me anymore, is there any point?” Fan Jianyuan shook his head and said, “In fact, from the moment you rejected me ..... forget it, don’t say anything, put handcuffs on me, if you don’t do it, I will still go to the police station to turn myself in.”

Li Ruonan was silent, of course she could hear Fan Jianyuan’s subtext – from the moment she rejected him, his heart was dead!

“Fine then!”

Li Ruonan finally nodded, forcing back the sourness within herself as she said, “You will be treated fairly.”

Fan Jianyuan nodded his head and smiled, “Thank you. I’m relieved to have you here.”

“Get in the car, I came out without handcuffs, I’ll take you to the police station.” Li Ruonan looked away, not bothering to look into Fan Jianyuan’s eyes.

“Let’s go.” Fan Jianyuan, however, was smiling as always.

The moment she led Fan Jianyuan into the police station, Li Ruo Nan’s heart was filled with guilt, and a hint of uncertainty. Fan Jianyuan’s act of turning himself in made her heart hard, and even, she had some wavering about her own speculations.

Had she really wronged him?

But if he hadn’t done it, who could it be?

With a torn mind, Li Ruonan brought Fan Jian Yuan to the police station and, of course, gave Fan Jian Yuan the treatment of turning himself in.

“Did he really do it?!”

Ding Weijian looked at Fan Jianyuan who was brought to the interrogation room and couldn’t help but be stunned, he suddenly turned his head to look at Li Ruo Nan again, but found that the captain’s face wasn’t looking very good at the moment, he immediately swallowed the following words, only to mutter in his heart.

“At that time in the exhibition hall Ji Feng said it was Fan Jianyuan who did it, but at that time the captain was tit for tat with it, and at the end Fan Jianyuan was incomparably arrogant and ruthlessly swept Ji Feng off his feet, bringing him into disrepute and even bowing his head in apology! Right now if Ji Feng knew this news, what would be his reaction?!”

Ding Weijian was really surprised to see Fan Jianyuan, but at the same time, he also gave Li Ruonan a somewhat worried look, Fan Jianyuan was really a bad guy?

Then how should the captain handle himself?

If Ji Feng came to the door, how would the captain face him then?

Ding Weijian vaguely felt that there was some trouble with this.

“Son of a bitch!”

He couldn’t help but curse in his heart, who would have thought that this son of a bitch Fan Jianyuan was really the one who shot the gun! This is good, now many people know that Fan Jianyuan is the captain’s boyfriend, this time everyone in ten `9 will think that the captain is afraid to have blind .....

And the captain also because of him, and Ji Feng are very unpleasant, this is really to death!

“Xiao Ding, this matter I want to avoid suspicion, you are in charge.” Li Ruonan’s face was a little embarrassed as she said, “Focus on interrogating him about his motives, as well as investigating if he had anything to do with the robbery.”

“Yes.” Ding Weijian nodded his head.

Li Ruo Nan sighed lightly, but her heart was extremely hard to bear, in fact, she knew in her heart that Fan Jian Yuan was highly suspected, but now that Fan Jian Yuan had done so, it made her heart have a slight fluke, perhaps, it was really because she had gone too far and made Fan Jian Yuan's heart break, that's why he had broken the pot so much?

.....

When Ji Feng learned of this news, he was receiving guests from the military's general queen together with Han Zhong, accompanied by Xiang Yongzhan and a head of the Jiangzhou Military Region himself.

This is not a trivial matter, because the strategic significance of this new chrome alloy is too important, so the military attaches extra importance to it, and it is natural to be cautious when talking about it.

Ji Feng did not have any special requirements, but only negotiated some details of further cooperation under those three major premises.

Of course, Ji Feng also mentioned some things about the military industry, and even tried to probe the head from the General Logistics Department, if the Tengfei Group could develop some new high-tech weapons in the future, what were the requirements in terms of production licenses?

“What?!”

As soon as Ji Feng finished his words, Xiang Yongzhan immediately sat up, he hurriedly asked, “Ji Feng, the Tengfei Group has developed a new type of weapon again?”

Those words were too scary!

If a new type of weapon was developed, it would definitely be more powerful than the laser gun, and if the troops were equipped with it, it would definitely increase their combat power by more than one chip!

Several other people also looked at Ji Feng, hoping to hear an affirmative answer from his mouth.

But Ji Feng laughed: “I'm just asking in advance, why are you so excited? Do you think that new weapons can be developed so easily?”

He said, “Maybe it's not easy for other people, but for you, in the Tengfei Group, it doesn't seem to be difficult.

Look at the products developed by the Tengfei Group, the special effects current, the Kang Yuan slimming powder, and the illusory three-dimensional light screen technology contained in the 3-D TV set, which is not an extremely advanced technology?

Who knows what other technologies the Tengfei Group has in its hands, and maybe even more advanced ones!

Campus Master Chapter 2675

“Mr. Xiao Ji, military industry is not a trivial matter, nor is it just a promise from me, it needs to go through certain procedures, and the qualifications of the enterprise and many other aspects have to be examined.”

The chief from the General Logistics Department was a major general, named in the same rank as young uncle Ji Zhenping, only that the two sides had different divisions of work and were responsible for different areas.

This chief was one of the main heads of the Logistics Department, while the younger uncle was in a key position in the General Staff.

But there is no doubt that from the words of this chief, Ji Feng heard some meaning – he did not say it to death, which means that in the future, if a new type of weapon is developed, there is actually hope to achieve self-production, the key depends on how to operate in the future.

As long as this negotiation can have a good start, first of all, to give the military a precautionary shot, so that they have this concept in mind, in the future, with the good cooperation between the two sides, it is not impossible to achieve the self-production of some weapons.

The desire to enter the military industry is not a whim of Ji Feng, but an intention he had a long time ago.

If he could not enter the military industry, he would have to transfer a large number of high-tech weapons technologies he had in his hands.

Even if the technology is his, it is unlikely. Moreover, even if they did cooperate, this was not the result Ji Feng wanted. Because only he himself knew how amazing the technology he held in his hands really was.

The mere appearance of a laser gun had already made the military incredibly nervous, so what if a laser gun appeared? What about electromagnetic railguns?

Especially a super-spec rail gun, according to the intelligent brain, a main gun like that mounted on a starship could even destroy an asteroid with a single blast if it used high-intensity energy!

How could Ji Feng transfer this kind of weapon technology? He wouldn't dare to transfer it either!

Therefore, it had to be produced independently and kept in strict secrecy, and could not be transferred or cooperated with unless the time was ripe!

In view of this, the negotiations between the two sides were much easier.

The military was desperate to get the technology, while Ji Feng wanted to lay the foundation and pave the way for the future, so he was not too demanding about the price, but what he should fight for on the surface still had to be fought for.

After all, we all know clearly what kind of value this new chrome alloy has. Although Ji Feng was willing to transfer the technology to the military, he did not want to sell it for a cabbage price, just like what Second Uncle said, grasp the degree!

Of course, despite the willingness of both sides, the negotiation is not an overnight process, it is not essentially different from commercial negotiations, both sides want to cooperate and have their own bottom line, but at the same time want to spend the minimum cost to obtain the maximum benefit.

The result of this is that the negotiations do not proceed too quickly.

So when the first meeting was over, the two sides did not pursue the subject any further, and the Major General from the General Headquarters came in person, just to make a trip, so that the two sides could set the tone of cooperation first, and the military would send someone to talk about the details.

After the main talk, there is no shortage of entertainment, and to Jiangzhou is naturally Ji Feng host, plus Xiang Yongzhan and a head of the Jiangzhou Military Region as company, but also the host and guests are happy.

The first thing that came up was the issue of laser guns.

“Older brother, you have to hurry up!” Xiang Yongzhan said, “From the time it is developed to the time it is produced and then to the time it is actually installed, the process is not a short one, if a group of modified people holding laser guns suddenly appear at this time, who can stop them?!”

“I’m looking for the energy source as much as I can.” Ji Feng said.

He was also a bit helpless in this matter, there was no suitable energy source, in fact, if you have to force it, you can also build it, but, that kind of laser gun energy source is unstable, soldiers holding this kind of weapon is like holding an untimely bomb, there is no telling when it will suddenly explode.

The danger of such a weapon exploding is not comparable to that of ordinary weapons!

Xiang Yongzhan also understood, very understanding nod, said: “My side is also sending people to look for, even also in the name of the national geological survey, sent people around to look for, but your requirements are too high, and must be small radiation, strong energy, but also energy conversion gentle ..... this is really difficult to find. ”

“Alpha ore!”

Ji Feng said, “As long as we can find a sample piece, the rest will be easy to find.”

Xiang Yongzhan said helplessly, “Or say ah! The key is that no one has even heard of this Alpha Ore you’re talking about, so you can only go blindly based on what you’ve said.”

Ji Feng pondered for a moment and said, “Take your time, if you really can’t, use nuclear energy!”

Compared to using alpha ore, nuclear energy was not really that difficult, and even in terms of the current technology, nuclear energy technology was a technology that was already tending to be mature.

The only difficulty lies in how to shrink a reactor down to the size of a matchbox, but also to ensure that there are no leaks and that it is completely isolated from radiation.

What’s more, the energy of nuclear energy seems a little more rampant than alpha ore, so if we can find alpha ore, that’s the way to go!

“I’ll try my best to find it, you don’t stay idle either, you must be more familiar with this kind of ore, look for it as soon as possible.” Xiang Yongzhan said, “Older brother, I have to remind you, a lot of time has passed since your one-year period!”

“I have it in my heart.” Ji Feng nodded, this was something he had always kept in his mind.

“Buzz~~”

Just at this moment, Xiang Yongzhan's phone suddenly vibrated, he took it out and couldn't help but glance at Ji Feng.

Ji Feng asked, "Why, does it have something to do with me?"

Xiang Yongzhan said with a somewhat odd expression on his face, "I just received news that that love interest of yours, suddenly went to the police station today and turned himself in."

"What?"

Ji Feng frowned: "What love rival?!"

Xiang Yongzhan laughed: "Of course it's that son of a bitch from the other day, the boyfriend of Mayor Li's daughter-in-law, Fan Jianyuan!"

"Fan Jianyuan has gone to turn himself in?!"

Ji Feng couldn't help but be surprised at his words, and didn't even bother to correct Xiang Yongzhan's statement that Fan Jianyuan was his love interest, but asked, "Are you sure this is true?!"

Xiang Yongzhan nodded, "It's true, this is the message sent to me by the person responsible for liaising with the police, after you said it last time, I instructed them to tell me as soon as they had any news."

"This is really evil!"

Ji Feng couldn't help but shake his head with a smile at his words and said, "He's gone to turn himself in?"

Xiang Yongzhan shrugged his shoulders and said, "This is not only evil, it's like running into a ghost in broad daylight!"

He had seen with his own eyes how arrogant Fan Jianyuan was, and at that time, he could not wait to slap that bastard to death. At that time, just because Ji Feng had accused him, he even arrogantly sneered at Ji Feng and had a hard mouth, but who would have thought that after only a few days, he would actually turn himself in in the blink of an eye!

"Why did he turn himself in? What was the charge?" Ji Feng suddenly asked.

"Evil is evil in this place!"

Xiang Yongzhan said, "He admitted that he was the one who shot you black at the Convention Center back then!"

Ji Feng immediately frowned: "What did you say?!"

Xiang Yongzhan nodded, "Unless the information coming from the police is wrong, then that's what he should have said!"

"The hell with living!"

Ji Feng snorted coldly, when he had pressed so hard, Fan Jianyuan hadn't even admitted that he had fired the gun, and had even gone toe-to-toe with him, but now he had gone to turn himself in so suddenly, and admitted that he had fired the gun?!

He said in a deep voice, "There's something odd about this! I have to go to the police station to check it out!"

Fan Jianyuan had turned himself in!

This made Ji Feng feel very surprised. Although Ji Feng did not know Fan Jian Yuan well, he had a very bad impression of this person, and he could tell that this person should be very cunning as soon as he met him, how could such a person suddenly turn himself in?

Could it be that he knew that the police had some conclusive evidence, so he wanted to take a step ahead and seek leniency?

It's not that there's no such possibility, but how Ji Feng always found it so comical!

Such a thing was possible in anyone's case, but only in Fan Jianyuan's case, the possibility was simply slim, so Ji Feng concluded that there was probably something he didn't know about it.

But no matter what, since Fan Jianyuan had admitted to shooting him, he was going to find out, or at least ask, why he had to kill him?

Xiang Yongzhan asked, "Do you want me to accompany you there?"

He knew that Ji Feng had no official identity now, only the identity of a special advisor to the military, but if the police didn't buy it, they could find any reason to reject Ji Feng. For example, the police could say that the case was still under investigation and they would tell him when the investigation was clear, and there was nothing Ji Feng could do.

But it would be different if Xiang Yongzhan followed, at least he was involved in the operation and it was perfectly normal and reasonable to ask about the progress of the case.

Ji Feng shook his head and said, "No, I'll just go by myself."

The head of the company, Xiang Yongzhan, was always a bad idea to leave in the middle of the meeting, but Ji Feng didn't have to be so particular about it, it was time to end it, and having Han Zhong with him was enough.

And then, Ji Feng first said hello to a few people, then called on Bai Zhu and went straight to the city bureau.

When she saw Ji Feng, Li Ruonan's expression was extraordinarily complicated: "I knew you would definitely come, to ask about Fan Jianyuan, right?"

Ji Feng shook his head and said, "No."

Li Ruonan smiled and was slightly stunned, Ji Feng's answer was a bit out of her expectation, Fan Jianyuan had just been put into the interrogation room and Ji Feng came here, actually not for this matter?

Ji Feng smiled: "What is he, a self-righteous clown, I would come here to ask him about it?"

When Li Ruonan heard this, her heart became a little uncomfortable.

## Campus Master Chapter 2676

Ji Feng smiled: "What is he, just a self-righteous clown, I would come all the way over here to ask about him?"

When Li Ruonan heard this, she felt a little uncomfortable in her heart.

She felt that Ji Feng was a bit too wild!

"Since it's not about Fan Jianyuan, then why did you come to see me?!" Li Ruonan asked.

"I want the results of the interrogation!" Ji Feng said.

"What?"

Li Ruonan didn't understand for a moment and couldn't help but ask, "What interrogation results?"

Ji Feng said, "Didn't Fan Jianyuan turn himself in? Then you should have interrogated him, right? I want the information from your interrogation!"

"What do you want this for?" Li Ruonan was stunned.

"He wanted to kill me, I always want to know why, who actually sent him, whether it was someone or some organization that was behind him, I want to know all of this!" Ji Feng said.

Li Ruonan then couldn't help but furrow her eyebrows, she finally understood what Ji Feng meant, so to speak, he indeed didn't come for Fan Jianyuan, but for the people behind Fan Jianyuan, or rather, he wanted to know Fan Jianyuan's motives.

Perhaps in Ji Feng's eyes, Fan Jianyuan was really just an insignificant jumped-up clown!

But this contemptuous attitude of Ji Feng towards Fan Jianyuan still made Li Ruonan more or less uncomfortable, after all, Fan Jian was once her classmate and was not without affection for her.

"The interrogation hasn't come out yet." Li Ruonan said.

"When will it come out?!" Ji Feng asked, "Didn't Fan Jianyuan turn himself in? Then the interrogation should go smoothly, how come the results haven't come out yet?"

"....."

Li Ruonan then couldn't help but frown again and said, "Ji Feng, don't make a mistake, how the interrogation is conducted and what results come out of it, this is our police matter, we will naturally inform you when there are results ....."

However, before Li Ruonan could finish her sentence, Ji Feng steeply frowned at these words and directly interrupted her, saying in a deep voice: "Ruonan, do you think it's interesting to talk to me like this?"

Li Ruo Nan then froze for a moment.

Ji Feng said in a deep voice: "I don't know exactly what evidence your police had before, but at least with the evidence I have in my hands, I can almost conclude that the one who shot the black gun at that time was Fan Jianyuan, you are a police officer and have to follow the law strictly, but I am not!"

Li Ruonan frowned at Ji Feng, she seemed to realise what Ji Feng was going to say.

As expected, I only heard Ji Feng say in a deep voice: "If it wasn't for the fact that Fan Jianyuan is your boyfriend, with the information and clues I have in my hands, do you think he could really turn himself in so leisurely? The military has so many interrogation methods, any one of them is enough to make him shed his skin, and even his ancestors will give a clear explanation!"

Li Ruonan was furious at his words, "You're breaking the law!"

"There are many people who break the law!"

Ji Feng said in a deep voice: "First of all, it was him, Fan Jianyuan, who broke the law first, don't you think you're double standard?! If he doesn't come to recruit me and I don't even dump him, does he really think he's some kind of figurehead? He's nothing in front of him! Ruo Nan, it's none of my business how you protect him, but if he tries to kill me, I will definitely not let him go!"

"You ....."

"For those who obey the law, I will likewise obey the law, but for someone like him, to expect me to obey the law while he can recklessly shoot cold shots in the back? That's a joke! You should know better than anyone that it's too easy to get a man killed!"

"Why didn't I do that?"

Ji Feng snorted coldly, "Not because he Fan Jianyuan is so great, or because he is a seafaring elite with so much influence, but because he is your boyfriend! It's because of your face that I put up with it again and again, but instead you come and lecture me so much, you give me a lecture once I come, do you really take me for a fool or do you think I'm easy to bully?!"

"....."

Li Ruonan was speechless, unable to speak.

She pursed her lips and didn't say a word.

Ji Feng couldn't help but snort coldly and said, "It doesn't matter how much you protect him, but don't make fun of me! Haven't you ever thought that if he really did it, he could have shot him in the back that day, and you protecting him and helping him delay for one more day might give him the chance to do it to me again!"

Here, he pointed in the direction of the interrogation room and asked in a deep voice, "If he had really killed me, would you have been able to take responsibility for it? Don't you have any guilt at all?!"

Li Ruonan's nose was sore from the words, but her heart was extraordinarily complicated.

Ji Feng's words were like a heavy drum that hit her heart so hard that she couldn't help but tremble under her heart.

She protects Fan Jianyuan ..... even if she is only looking at the face of her classmates and does not want to personally catch Fan Jianyuan in jail, but if it is really Fan Jianyuan who did it, then she may bring Ji Feng one more day of danger if she delays one more day, which is irresponsible to Ji Feng!

This is something that she never thought about!

“Fan Jianyuan is somewhere, since you guys don’t know how to interrogate, I’ll do it!” Ji Feng said coldly, “Either that, or I’ll just have the military take the man over?”

Since Li Ruonan wouldn’t cooperate, there was nothing he could say. He had a lot of things to do, and didn’t have that much time to waste here.

In fact, if Li RuoNan was not bent on defending Fan JianYuan, Ji Feng did not want to say such heavy words. For his boyfriend to have a defensive mentality, Ji Feng could completely understand, but Li RuoNan, as the vice captain of the interpol team, was repeatedly defending Fan JianYuan, not even if he wanted to know the progress of the case, which made Ji Feng frown a little.

Li Ruonan wanted to play small, fine, but he didn’t have the time to accompany him.

Especially, he wouldn’t waste more time on Fan Jianyuan’s matter, he had already wasted a lot of time on this clown.

However, at this moment, Ji Feng did not know that from the beginning to the end, Li Ruo Nan had not formally established a romantic relationship with Fan Jianyuan, and at this moment she had already made it clear to Fan Jianyuan that the relationship between the two of them was already purely a classmate relationship.

The reason why she defended Fan Jianyuan, on the one hand, is out of classmate friendship, do not want Ji Feng after understanding the process of the case, know that it is likely that Fan Jianyuan did, and in a fit of anger may do something, or even directly do Fan Jianyuan may be!

Li Ruonan was worried about such consequences, which is why she was very reluctant to tell Ji Feng.

On the other hand, it is because she has a guilty conscience towards Fan Jianyuan, after all, Fan Jianyuan has always been very good to her, and now Fan Jianyuan seems to have a kind of death in his heart and has turned himself in, which makes Li Ruo Nan feel even more guilty in her heart.

She even wondered if she had really misunderstood Fan Jianyuan.

Maybe .....

The actual fact is that you can find a lot of people who are not in a position to be able to get a good deal on this.

For these two reasons, Li Ruo Nan had only been acting very uncooperative with Ji Feng, however, this eventually made Ji Feng a little angry.

Li Ruonan pursed her lips and looked at Ji Feng with one pair of eyes.

Seeing that she didn’t answer either, Ji Feng’s eyebrows couldn’t help but frown slightly and asked, “What, is there a problem?”

“No problem!”

Li Ruonan said, “You can just ask the military to take over the people!”

Ji Feng immediately frowned, “Are you sure?”

Li Ruonan said, “Sure. Although you are one of the parties to the case, you only have a certain right to know, but not the power to interrogate, and now you have even less power to see Fan Jianyuan. Since you’re so resourceful, let the military take over, and then no one will care about you anymore when you want to do anything!”

Ji Feng frowned and looked at Li Ruonan, but she was slightly holding her head up like a fighting chicken.

“That’s fine.”

Ji Feng then nodded his head and said, “That’s it!”

With that, without saying a word, he turned his head and left.

Bai Zhu took a deep look at Li Ruo Nan, originally she still had a very good impression of Li Ruo Nan, thinking that Li Ruo Nan had a straightforward personality and was similar to her temper in some aspects.

However, in this case, Li Ruo Nan’s single-mindedness in defending the person who might be the murderer made Bai Zhu frown extremely.

“Captain Li, it seems that you have given up your friendship with Ji Shao for the sake of your boyfriend.” Bai Zhu shook her head, dropped this sentence, turned around and also followed to leave.

“.....”

Li Ruonan pursed her lips and did not say a word.

In reality, how could she not know what her actions meant to Ji Feng?!

But .....

.....

“Young Ji!”

When Bai Zhu hurriedly chased out, Ji Feng was leaning against the side of the car smoking, she then let out a slight sigh of relief, walked up and asked in a soft voice, “Ji Shao, what do we do next?”

Ji Feng shook his head and smiled, saying, “It’s not a big deal, just have Old Xiang send a few people to take over the case in the name of the military.”

A Fan Jianyuan is just a case, it’s not a complicated case, the military will intervene and the Jiangzhou police will just have to stand by and watch. And this is really not difficult at all for Ji Feng.

“Then Captain Li here .....”

“From the moment Fan Jianyuan shot me, our two positions have been predetermined, Li Ruonan defending her boyfriend that’s her business, what I should do, that’s my business!” Ji Feng shook his head, “Let’s go.”

Li Ruonan’s approach made Ji Feng uncomfortable in his heart, given that Li Ruonan was defending Fan Jianyuan so much, he had nothing more to say, what to do was what to do.

The first thing you need to do is to get back to your home.

The next day, however, Yongzheng suddenly called him, saying that the police would not release the person, and the case, although the military is also involved, but the case is still led by the police, and Yongzheng is not good at forcing people.

Ji Feng immediately understood that it must be Li Ruo Nan who played a role in this, and he frowned at that moment.

“Li Ruonan!”

Ji Feng couldn’t help but shake his head, it seems that she is really ready to defend Fan Jianyuan to the end?!

Campus Master Chapter 2677

Li Ruonan’s defense made it impossible for Ji Feng to interrogate Fan Jianyuan for a while, and at this time Xiang Yongzhan happened to be leaving the country, so the matter was delayed.

Ji Feng’s attention was instead more focused on Xiang Yongzhan’s trip abroad this time, because he knew that this time Xiang Yongzhan was going to take revenge on the mercenary group that had participated in the big robbery at the International Convention and Exhibition Centre.

This kind of action was necessary!

Nowadays, as China is becoming more and more open and economically developed, it has also become a target for many international criminal gangs, and now even mercenary groups dare to come in and make waves.

Under such circumstances, if China does not do anything, I am afraid that there is no telling how many more will come in next.

Therefore, this retaliatory action by Xiang Yongzhan was approved from above.

Ji Feng was equally concerned.

This was because if we were to be strictly honest, this was one of the few times in so many years that the Chinese army had conducted combat operations outside of China, and it was a large-scale and planned operation.

Such cross-border operations were generally the preserve of the big powers like Rome and Tsarist Russia, and China had hardly conducted any similar operations over the years.

Even if there were, it would only be for secret agents or peacekeeping forces, not this kind of operation to maintain the dignity of one’s country and to deter curmudgeons.

It can be said that this time, Xiang Yongzhan led the special operations brigade to conduct a long-range operation abroad, on the one hand to retaliate against that mercenary group, but more than that, it was to showcase the muscles of China, a powerful deterrent operation.

Any Chinese would be looking forward to it and even feel enthusiastic about it, and Ji Feng was no exception.

Xiang Yongzhan did not tell him the exact time of the operation, it was top secret and could not be revealed even if they were on good terms, not to mention that Ji Feng himself did not want to know, because one more person knowing would be one more risk.

Although this time China may be determined to show its strength to the outside world, but after all, it is an overseas operation, and the international forces are complicated, and the external environment is even more treacherous, if the news leaks out, no one knows whether any accident will happen.

If someone is playing tricks on them, it is unknown whether Xiang Yongzhan and his team will be able to come back.

And this is where the huge risk of this operation lies.

So Ji Feng was only secretly concerned, and he knew that there was definitely a lot of preparation to be done before he set off, so he didn't bother Xiang Yongzhan with Fan Jianyuan's case and decided to let it go for a while.

Anyway, if Fan Jianyuan had turned himself in, the case would always be tried, so he would wait patiently for a few days to see what conclusion the city bureau would actually give!

During this period, Ji Feng had already started to try to research the use of nuclear energy as the energy source for the laser gun. Because the Alpha Ore was still far away up to now, no one had even heard of it, and it was not very easy to find, I'm afraid.

Seeing this situation, Ji Feng had no choice but to settle for the second best and give up on the alpha ore for the time being and use nuclear energy instead.

However, what he could do now was only theoretical research, but as for the real thing, he could not access it now. The state's control over nuclear was extremely tight, and without special channels or special approval from above, it was completely impossible to lift to nuclear.

Therefore, Ji Feng could only do theoretical research.

In addition, Ji Feng as long as he is free, he will go to Xiao Changhe's house, Xiao Yuxuan has not returned, but Tong Lei is also left there, which makes Ji Feng really big head.

But what made him helpless was that every time he went, he couldn't even enter Xiao Changhe's house, either Tong Lei came out to block the way or Xiao's mother came out.

Once Ji Feng stood outside for a long time, Xiao Changhe could not bear to come out and accompany Ji Feng to smoke a cigarette and chat, but it did not change anything, after all, he could not be his daughter's master.

But at least, Ji Feng's sincerity still makes Xiao Changhe very satisfied, which also makes him originally for the child's matter to hold a rare optimistic attitude, more pretend to ignore it.

Even Xiao's mother, who saw Ji Feng's sincerity, originally thought at the beginning that it was her daughter who had been aggrieved at Ji Feng's place, and had more or less resentment towards him in her heart, and even side-stepped him in Xiao Yuxuan's ear, wanting her daughter to hang Ji Feng out to dry.

But as Ji Feng went there again and again, and each time he went and came, he could not see Xiao Yuxuan and could only stand at the door for a long time before turning away helplessly, Xiao's mother's mind was gradually shaken and her heart softened.

So later she also spoke to her daughter several times, but it didn't work.

This time, Ji Feng came outside Xiao Yuxuan's house again, without the slightest surprise, he received the same treatment again, Xiao Yuxuan was not even willing to see him, only Tong Lei walked out, a pair of hands behind her back, her beautiful eyes looking at Ji Feng.

"Lei Lei ....."

"Want to see Sister Yu Xuan?" Tong Lei asked, but her eyes were hiding a hint of laughter.

Ji Feng laughed bitterly, "Lei Lei, just don't follow the drama, okay? I know I'm wrong ....."

But Tong Lei angrily said, "You have other women outside, so you only allow Sister Yu Xuan to be angry, don't you allow me to be angry?"

Sweat!

Ji Feng was really dumbfounded, he could only smile bitterly and nod his head repeatedly, "Yes! Of course you are allowed! But Lei Lei, what exactly do you guys want me to do before I'm willing to come back?"

Tong Lei's beautiful eyes glanced at him and asked, "If I say, let you break off your relationship with Qin Shujie, can you do that?"

Ji Feng smiled and immediately shook his head without hesitation, "Lei Lei, I know I've gone too far, I see one and like one, I'm philandering, yet I can guarantee that I'm sincere to each and every one of you ....."

The first time I heard that, I rolled my eyes, "Ji Feng, how thick-skinned do you have to be to say something like that!"

Ji Feng shook his head and laughed bitterly, he also knew that saying such things was a bit shameless, but what he said was sincere, whether it was to Xiao Yuxuan and Tong Lei, or to Qin Shujie and Xu Yuan, he was sincere, especially to Qin Shujie and Xu Yuan, he definitely did not have the slightest intention of playing with them.

If he wanted to play with women, it would be really easy to do so!

“Come on, don’t look bitter!” Tong Lei gave a delicate hum and said, “I knew you would answer like that .....

Being able to piss Xiao Yuxuan off and leave for Qin Shujie, how could Tong Lei not know Ji Feng’s attitude towards Qin Shujie?

Ji Feng smiled bitterly and said, “Lei Lei, I .....

Tong Lei said, “There’s no need to say anything, if you can coax Sister Yu Xuan well, we will go back with you together.”

Ji Feng’s spirit shook when he heard that and immediately asked, “Really?!”

But immediately, he couldn’t help but shake his head and laugh bitterly, saying, “I can’t even get in the door right now, I can’t even see her, so how can I coax her?”

“That’s your business!”

Tong Lei said, “But there is something I have to remind you, Auntie Xiao thinks that Sister Yu Xuan’s age is not small, if she doesn’t have a child again, it may be difficult to have one in the future, and the older she is the greater the risk of having a child, so Auntie Xiao is urging Sister Yu Xuan to get married.”

Ji Feng smiled and couldn’t help but feel even more guilty in his heart.

Which person was not a treasure in their parents’ hearts? Xiao Yuxuan was the jewel of the Xiao Changhe couple, but if she was with herself, she couldn’t even get a name ..... but if he wanted to let go of her, Ji Feng couldn’t do it.

He knew he was being selfish, but he couldn’t change it.

“Then ..... what was Yu Xuan’s reaction?” Ji Feng couldn’t help but ask.

“Sister Yu Xuan’s reaction is normal!” Tong Lei said, “She knows that Auntie Xiao is right, so she decided to go on a blind date or find a man she can marry .....

“What?!”

Ji Feng smiled and almost jumped up, “Lei Lei, what did you say? Yu Xuan is going on a blind date? To go get married with someone else?!”

Tong Lei said, “What else can we do? What woman doesn’t want a child of her own? What woman doesn’t want a husband of her own? You can’t give her a name, and you can’t give her a child .....

“Where is Yuxuan now? Is she at home?” Ji Feng immediately asked.

“Yes, but she doesn’t want to see you .....

However, Tong Lei hadn’t even finished her words when Ji Feng pulled her hand and headed inside.

Tong Lei instantly asked, “Hey, what are you doing?”

Ji Feng said in a deep voice: “I’m going to talk clearly!”

When Tong Lei heard that, she couldn’t help but ask, “Make it clear? What are you going to say?”

Ji Feng didn't say a word and pulled Tong Lei inside. When Tong Lei came out just now, the villa's door was not closed, so they easily reached the living room door, Ji Feng wanted to go up and knock on the door, but he suddenly felt that someone was looking at him, he immediately looked up and immediately saw a shadow flashing on the first floor balcony.

Xiao Yuxuan!

Ji Feng's heart was hot and he didn't care about that much, he went up and pushed the door, but found that the door to the villa's living room was closed and he couldn't push it.

Tong Lei said from behind, "You don't need to push it, Sister Yu Xuan locked the door after I came out, she won't open it if you come."

Ji Feng also did not say anything, first let go of Tong Lei's hand, then casually took off the watch from his wrist, this watch, or when he first came to Jiangzhou, Xiao Yuxuan accompanied him to buy that piece of Vacheron Constantin, in order to buy this piece of watch, at that time even with Hu Xuehui's extremely good sister and brother-in-law started a small conflict.

But unexpectedly, this watch was now helping again.

Ji Feng pulled out a metal wire from the edge of the watch chain, and then hooked it directly into the locking eye a few times, giving it a violent lurch, and then he pressed down the handle, only to hear a 'click', and the room door was opened.

Tong Lei watched from the side with good humour and amusement: "You are forcing your way in, it's illegal!"

Ji Feng hummed, "The wife is gone, what do you care if it's illegal or not?!"

He walked in with big steps, but found the living room empty, he couldn't help but turn his head and ask, "Where's Yu Xuan?"

Tong Lei pointed upstairs.

Without saying a word, Ji Feng took big steps towards the upstairs, Tong Lei pursed her lips behind her with a wry smile in her eyes as she leisurely followed .....

Campus Master Chapter 2678

When he heard the news that Xiao Yuxuan was going on a blind date, Ji Feng didn't say a word and went straight upstairs.

"Little Feng?"

A surprised voice suddenly sounded, but it was Xiao's mother who was standing in the corridor on the first floor, and she couldn't help but be a little surprised to see Ji Feng coming up.

Ji Feng greeted Mother Xiao politely, but did not forget what he had come here for, so he could not help but ask, "Auntie mother, is Yu Xuan in her room?"

Mother Xiao nodded and was just about to speak when she saw that Ji Feng had already lifted his leg and went to Xiao Yuxuan's room.

“Hey .....

Xiao mother wanted to call out to Ji Feng, but opened her mouth and dismissed the idea. The old man was right, it was better to let the young people settle their own affairs, the daughter was no longer a child, she knew what to do in her own heart.

So, Xiao’s mother just shook her head, turned around and went downstairs, but she happened to see Tong Lei standing at the entrance of the stairs looking this way.

“Pop!”

Ji Feng pushed open Xiao Yuxuan’s bedroom room door, only to see Xiao Yuxuan with a sullen pretty face.

“Who let you in, don’t you know this is my house?” Xiao Yuxuan said.

“You’re going on a blind date?” Ji Feng asked with a frown.

“We’ve already broken up, this has nothing to do with you, right!” Xiao Yuxuan hummed.

“Nothing to do with me?!”

Ji Feng’s face sank and he walked over with big steps.

Xiao Yuxuan was startled at the sight and asked in a panic, “What are you going to do?!”

“What for?”

Ji Feng took a few steps to her and hummed, saying, “You’re going on a blind date and you’re actually asking me what I’m going to do? Then I’ll let you know exactly what I’m going to do!”

Xiao Yuxuan seemed to have a premonition of something, and her heart suddenly jumped wildly, feeling a bit bad, she lifted her leg and wanted to go out from Ji Feng’s side.

But where could she get away with Ji Feng standing here?

As soon as Xiao Yuxuan made a move, Ji Feng suddenly stopped her by the waist and then directly picked her up horizontally and put her towards the bed.

“Ah!”

Xiao Yuxuan immediately exclaimed, “Ji Feng, what do you want to do! I’m telling you, don’t do anything nonsensical .....

um!” Her voice came to an abrupt halt and all the rest of her words were blocked back because, her red lips were already kissed by Ji Feng, Xiao Yuxuan immediately stared, wanting to push Ji Feng away, but how could she do it with her strength?

“Hoo~”

Ji Feng left her red lips and stared at her, humming, “Yu Xuan, you’ve already got my mark on you, and you actually want to go on a blind date?!”

Xiao Yuxuan was pressed underneath him, and even more so by that long kiss just now, she was slightly panting, but was glaring at Ji Feng without showing any weakness, humming: "You are allowed to have a woman outside, and even your daughter is ready-made, so I am not allowed to go on a blind date? Besides, we've already broken up, I don't have any relationship with you ....."

"Pah!"

Not waiting for Xiao Yuxuan to finish, Ji Feng slapped Xiao Yuxuan's arse, not only interrupting her words, but even making her lose her voice and cry out in pain: "Ah-!"

Ji Feng pinned Xiao Yuxuan under his body and said viciously, "You demon! It seems that you don't know what you're capable of unless you're given some colour!"

Xiao Yuxuan immediately realized what was going on and couldn't help but lose her colour: "Ji Feng, what are you going to do?"

"Do what?!"

Ji Feng said viciously, "I'm going to let you know how powerful I am!"

With that, he kissed Xiao Yuxuan's tempting red lips once again, and one hand kept roaming around Xiao Yuxuan's body. This time, Xiao Yuxuan's body was softened by the kiss, but her heart was tense, because this was in her home, her parents were home, and even her mother had just left.

If this scene was seen by her parents, it would be too humiliating.

But as she was being kissed by Ji Feng, she couldn't help but feel a little confused in her heart.

"Phew~"

Suddenly, Xiao Yuxuan only felt a chill in front of her chest, but her clothes were pulled open a little by Ji Feng, and a piece of snow-white puffy chest was immediately exposed.

Xiao Yuxuan was immediately frightened and said in a panic, "Ji Feng, rascal, what are you doing! Stop it now!"

Ji Feng hummed, "Stop? Impossible!"

Xiao Yuxuan said sharply, "You're breaking the law, stop it now!"

"I admit to breaking the law, I just can't let you go on a blind date!" Ji Feng said viciously.

"I, can't I stop going!" Xiao Yuxuan was really angry and amused, she simply had a feeling of crying and laughing, but seeing Ji Feng's vicious look, she could only hurry to beg for mercy.

"Will it be enough just to not go on a blind date? You have to come home with me!" Ji Feng hummed.

Xiao Yuxuan suddenly hummed, "Dream on! We've already broken up, why would I go back with you ....."  
ah!"

The next moment, Ji Feng continued his movements.

Xiao Yuxuan was so frightened that she begged for mercy: “Fine, fine, I’ll go back with you still can’t I? Brat hurry up and stop, I won’t be able to face my mother if she sees me!”

Ji Feng asked, “Really! Are you sure you want to go back with me?”

Xiao Yuxuan said helplessly, “Really! You let go of me first!”

Ji Feng, however, did not let go of her, but pulled her clothes up for her. In fact, just now he was only scaring Xiao Yuxuan, and did not really want to put her on the spot right here.

In fact, Ji Feng likewise knows very well that Xiao Yuxuan will certainly not go on a blind date, the feelings between him and Xiao Yuxuan, he knows in his heart, Xiao Yuxuan is a kind of character, he likewise knows quite well. The reason why Xiao Yuxuan had to do this was actually still because she had anger in her heart and also because her own actions had broken her heart.

“Rascal, you are really getting more and more rascal!” Xiao Yuxuan huffed and stared at Ji Feng, hating to bite him.

Hearing Xiao Yuxuan’s indignant words, Ji Feng’s heart was filled with guilt as he kissed Xiao Yuxuan on the cheek before saying in her ear, “Yuxuan, I’m sorry for you. Let’s have a child, okay?”

Xiao Yuxuan suddenly only felt a sour feeling fill her entire chest, her nose was even more sour, and her tears could no longer be held back and gushed out.

Xiao Yuxuan bit her lips, trying not to let herself cry out, but the kind of sadness in her heart was such that she couldn’t stop the tears.

Ji Feng looked on, his heart guilty and heartbroken, hugged her tightly and kissed her tearful face, even with the tears, she was still so charming and moving.

In fact, Ji Feng was aware that Xiao Yuxuan had been waiting for him to say this.

And this, too, was because of Tong Lei’s reminder.

Just now outside, Tong Lei told him that Xiao Yuxuan wanted to have a child, so she was going on a blind date to find a man who could give her a name and have a child with her.

At that time, Ji Feng suddenly realized why Xiao Yuxuan had been ignoring him all this time, not even letting him into her home, let alone meeting with him.

It turned out that Xiao Yuxuan had always had expectations in her heart, but they had never been fulfilled – she wanted a child.

And it was obvious that she wanted a child that belonged to her and herself.

Ji Feng instantly understood everything.

In fact, Xiao Yuxuan was indeed angry after he found out about his affair with Qin Shujie, but this was definitely not the thing that made her the most angry, after all, strictly speaking at that time she was just like Qin Shujie now, because his first girlfriend, was Tong Lei.

So Xiao Yuxuan should have understood Qin Shujie very well.

What she was really angry and sad about should be the child, and that was the point.

The name, the child.

Xiao Yuxuan was willing to follow him, so she already knew that she could not get any name from him, and on this point, Xiao Yuxuan had never asked for too much, what she wanted most was a child that belonged to her and herself, on this point Tong Lei had mentioned it to him several times, and Xiao Yuxuan had also hinted at him.

However, Ji Feng never agreed.

It was not because he did not want Xiao Yuxuan to have a child for him, but because, after discussing with his intelligent brain, he thought that his genes had not yet evolved to their peak state, and that if he had a child at this time, the child would have a high start in the future, but would not be born with excellent roots and talent.

That's why he was thinking of not having a child for the time being, waiting for him to figure out the fourth stage of bodybuilding gymnastics or even a more profound cultivation method and improve his strength one more step before having a child.

But now Ji Feng suddenly realised that this idea of his was originally very good, however, he had overlooked Xiao Yuxuan's idea. He could afford to wait, but Xiao Yuxuan might not be able to wait!

Xiao Yuxuan wanted children, perhaps, what she really wanted was a sense of belonging with Ji Feng, but Ji Feng's refusal was giving her a sense of distance.

And this, perhaps, was the real reason why she wanted to leave.

After realising this, Ji Feng said nothing more and just expressed his feelings with his actual actions.

"Yu Xuan, it was me who ignored your feelings in the past, I'm sorry."

Ji Feng embraced Xiao Yuxuan and said with full apologies. Xiao Yuxuan had already mustered up enough courage in herself to follow herself regardless of her name, but she hadn't received the response she deserved in her own case, so how could she not be sad?

"Come back with me, we want children soon, have him three or five ....." Ji Feng said.

"Bah!"

Xiao Yuxuan couldn't help but spit, her eyes whitened at him and said, "Who wants to have children with you, also three or five ....." don't you already have a ready-made daughter, what are you still looking for me for?!"

Ji Feng put his arm around her and laughed, "But I want a few children of mine and yours."

But Xiao Yuxuan spat, "Think big!"

Ji Feng couldn't help but laugh, he and Xiao Yuxuan had a very good relationship with each other, their relationship had been through the sedimentation of the past few years, and had already been as mellow as a fine wine, as if they were a husband and wife for many years, in addition to that strong feeling, there was also a kind of pulsating warmth.

So when the words came to this point, there was no need to say anything more.

“Yu Xuan, come with me!”

Ji Feng rolled over and got off of Xiao Yuxuan, then took her hand and pulled her up.

Xiao Yuxuan was surprised and asked, “What are you doing?”

Campus Master Chapter 2679

“Yu Xuan, come with me!”

Ji Feng rolled over and got off of Xiao Yuxuan, then took her hand and pulled her up.

Xiao Yuxuan was surprised and asked, “What are you doing?”

Ji Feng said while pulling her hand and walking outside, “Go find your parents, I want to talk to them clearly.”

Xiao Yuxuan was in a hurry when she heard this, “Say what? Ji Feng, don’t do anything nonsensical, my dad is not well, don’t say anything nonsensical, if my dad gets any more stimulation .....

Before she could finish her words, she was suddenly given a horizontal hug by Ji Feng, then amidst her exclams, Ji Feng went downstairs in three or two steps, but in the living room there was no Xiao Changhe or Xiao’s mother to be seen.

“Little rascal, put me down quickly, how bad it is for my mother to see!” Xiao Yuxuan said in a hurry. Her face was flushed red.

“I can put you down, but you have to promise me that you will come with me and talk to your parents.” Ji Feng said with a smile, “Yu Xuan, since I’m here this time, I can’t let you go down like this again, I will definitely talk to your parents and let them know what kind of man their daughter is following.”

Xiao Yuxuan spat, “Don’t say it so nicely, if they knew that I was following a womanizer who didn’t know how many women were out there, they would definitely be pissed off half to death.”

Even though she was no longer very angry, the anger in her heart did not immediately disappear without a trace, so she spoke without good grace.

Ji Feng laughed: “Remember what I told you before?”

Xiao Yuxuan asked, “What did you say?”

“I told you before that from the day you followed me on is, you couldn’t run away!” Ji Feng said, “So, I’m going to talk to your parents clearly.”

“You’re remembering wrongly, aren’t you?!”

Xiao Yuxuan hummed and said, “How do I remember that someone told me at first that if I were to leave one day, he would not stop it, but now?”

Ji Feng said without a red face, “With such a good wife, only a fool would let go!”

Xiao Yuxuan then gave him a blank look and snapped, “Don’t be poor, put me down now!”

If she had been hugged by Ji Feng, Xiao Yuxuan would have been happy, but now she was on tenterhooks, her parents were at home, so if they saw her, it would be too humiliating.

But Ji Feng didn't care, he looked around and then walked straight through the villa living room and towards the backyard of the villa. Xiao Yuxuan was instantly frightened because she knew that normally if her father was not reading the newspaper in the living room, he would be in the backyard tending to the flowers and plants in the flower garden.

Being carried over by Ji Feng like this, she was really unbearably ashamed.

"Little rascal, put me down, hurry up!" Xiao Yuxuan said hurriedly, while struggling.

"No let go!"

Ji Feng said, "I'll just hold you like this and talk to uncle and aunt."

Xiao Yuxuan, however, was anxious: "Stop it, how can I still have a face when my parents see me, hurry up and put me down ..... husband, can't I be wrong? Quickly put me down!"

Ji Feng smiled badly, "Putting you down is fine, but, you have to come over with me!"

Xiao Yuxuan immediately agreed to come down, at this time she really had no ability to resist at all, anyway, no matter what, let him let go of himself first.

Only then did Ji Feng put Xiao Yuxuan down, his hand slid over her voluptuous body and couldn't help but squeeze a hand on her plump and rounded buttocks. Xiao Yuxuan's figure was extremely plump, and that arse was full of amazing elasticity, it really didn't feel good in the hand.

"Rascal!"

Xiao Yuxuan gave him a blank look and hurriedly tidied up her clothes and looked up and down, afraid that her parents would see something later.

"Let's go. It's alright."

Ji Feng pulled Xiao Yuxuan's hand as he walked towards the backyard while smiling wickedly, "What doesn't uncle and the others know? They will definitely understand!"

Xiao Changhe and his wife knew that he was here, but they were not in the living room or on the first floor, so they were obviously deliberately leaving space for the two of them.

Xiao Yuxuan where not as thick-skinned as Ji Feng, she couldn't help but give Ji Feng a white glance and spat, "Little rascal, you're really bad."

Ji Feng laughed, men are not bad women do not love them, if they were all serious all day, wouldn't there be a lot less fun between lovers?

Xiao Changhe's villa was not very big, and soon they arrived at the backyard, and then they saw that Xiao Changhe was pruning the flower beds with a pair of shears, while Xiao's mother was following behind with a small spray can to water the flowers and plants.

The two worked well together and it looked like a peaceful atmosphere of life.

“Uncle father, auntie mother.”

Ji Feng pulled Xiao Yuxuan and walked over in stride, Xiao Yuxuan struggled a few times next to him but did not break away, so she had to let him go, only her other hand could not help but pinch him fiercely on his waist, but her force was no different to Ji Feng than scratching an itch.

“Little Feng, here you are.”

Xiao Changhe smilingly put down the scissors in his hand and walked over, his eyes naturally landed on the hands that Ji Feng was pulling with Xiao Yuxuan, and a smile flashed across his eyes, it was obvious that these two youngsters had finally made up now after a few days of conflict.

“Uncle father, auntie mother, I’m here today because I have something to say to you two old people.” Ji Feng said with a straight face.

“Oh?”

Xiao Changhe nodded with a smile and said, “Well then, go and talk in the living room, sit down and have a cup of tea.”

Ji Feng nodded and said, “Auntie mother should come along too.”

Xiao’s mother herself was eager to know what was going on, so she naturally wouldn’t push back and also followed her to the living room, but saw that Tong Lei was already sitting on the sofa in the living room.

Xiao Yuxuan couldn’t help but purse her lips and said, “Ji Feng, what do you want! Don’t talk nonsense!”

From the moment Ji Feng insisted on looking for her parents, she realized what was going on, and now after taking a look at this situation, how could she not understand what Ji Feng was up to?

It looked like, in all probability, Ji Feng was going to say something about them.

Xiao Yuxuan was immediately a little anxious in her heart, God knows what Ji Feng would say, her father’s health was already bad, in case she was stimulated again then .....

“Ji Feng, don’t talk nonsense!” Xiao Yuxuan thought of this and hurriedly reminded in a low voice in Ji Feng’s ear.

“Don’t worry.”

Ji Feng, however, patted Xiao Yuxuan’s hand, signaling her to put her mind at ease.

And then, Ji Feng looked at Xiao Changhe and his wife and said, “Uncle father, auntie mother, I actually have two purposes for coming here today, one is to apologize to Yuxuan and ask for her forgiveness. Then I came to confess something to you both, and I hope that I can get your understanding.”

Xiao Changhe immediately looked at each other and his wife, and couldn’t help but both be a little surprised, Ji Feng’s words had taken them a little by surprise.

“Little Feng, you .....

“Uncle, actually all along I have been lying to you guys.” As soon as Ji Feng opened his mouth, he immediately scared Xiao Yuxuan, she hurriedly pinched Ji Feng’s waist, implying that he should not talk nonsense, but Ji Feng still continued, “Yu Xuan and I have been together for a long time, and ..... she is not my only girlfriend.”

“Ji Feng!”

Xiao Yuxuan was immediately anxious, her pretty face flushed red as she hurriedly said, “Dad, mum, don’t listen to his nonsense .....”

Xiao mother, however, looked at Ji Feng in astonishment, then looked at her daughter, then asked, “Little Feng, you, what did you say? Xuan Xuan, what he said is true?”

“Mom, he .....”

“It’s true!”

Without waiting for Xiao Yuxuan to speak, Ji Feng nodded and said, “In fact, I have other girlfriends!”

Xiao Yuxuan’s heart thudded when she heard this, it was over.

When Xiao mother heard this, her face even sank: “Little Feng, you, say it again!”

Ji Feng said very seriously, “Uncle father, aunt mother, I’m sorry, I know this is hard for you to accept, but I don’t want to deceive you again, and I don’t want Yu Xuan to have to find all kinds of excuses every time she comes back, and to speak carefully for fear of saying the wrong .....”

He knew that although Xiao Yuxuan had never said it, but every time she came back to see her parents, she was extra careful, being afraid that she would say something wrong when she spoke, but this kind of life was not what Ji Feng wanted to give her.

There is no girl who does not want to be able to proudly announce when she brings her boyfriend home, this is my boyfriend!

However, this was something that had to be done carefully for Xiao Yuxuan.

Because she was afraid that if she let slip any of her words, she would let her parents know that she was actually not the only one, and that Ji Feng had other girlfriends, and I believed that although Xiao Yuxuan did not say anything, she would definitely feel aggrieved in her heart.

Therefore, Ji Feng decided to tell the truth today, because he had realized that he actually owed a lot to Yu Xuan and Lei Lei, and even to all the women who followed him.

“Xuan Xuan, what he said ..... is true?!” Xiao mother looked at her daughter with a touch of consternation in her eyes, while hoping to get a negative answer from her daughter.

“Mom, I’m sorry.” Xiao Yuxuan, however, was red-faced and ashamed.

“You .....”

Xiao mother immediately froze, she did not expect that what Ji Feng said was actually true, her own daughter, was really just one of Ji Feng’s girlfriends ..... Isn’t that a lover?!

“What good do you want me to say!”

Xiao mother glared at her daughter in anger: “You’re really ..... you’re pissed off at me!”

Xiao Yuxuan pursed her lips and her pretty face turned red: “Mom, I’m sorry .....”

“Auntie mother!”

Ji Feng interrupted Xiao Yuxuan’s words and said very seriously, “I admit, I am a philanderer, I am not a good person, but I am sincere to Yuxuan ..... I am sincere to each of them, if I can, I am willing to use my life to protect them, to protect them for the rest of my life! !”

The first thing you need to do is to get a good idea of what you are getting into.

However, when Ji Feng turned his gaze to Xiao Changhe, to his surprise, Xiao Changhe looked exceptionally calm at this moment, without the slightest fluctuation on his face, as if he was not surprised at all.

Campus Master Chapter 2680

“You, you guys .....”

Ji Feng’s words really shocked and infuriated Xiao’s mother, and she even had an indescribable feeling.

Her own daughter had actually become someone else’s lover!

This made Xiao’s mother simply unable to accept it for a moment, thanks to the fact that she used to always think that her daughter had found a good man, now she could finally feel relieved and had been urging her daughter to get married, but her daughter always blinked and dodged when she spoke, only now did she understand that, as it turned out, her daughter was not able to marry Ji Feng at all, she was only Ji Feng’s lover!

This made mother Xiao really angry and shocked!

“Xuan Xuan, you ..... are you looking at someone’s money or someone’s power?!”

“Auntie mother!”

Ji Feng said seriously, “I am sincere to Yu Xuan, and the two of us are definitely not mixed with any external things in our feelings. In fact, almost all of my money was earned with the help of Yu Xuan! The Tengfei Group was able to develop so quickly, and within just a few years it had grown to the point it is now, Yu Xuan took the greatest credit for it!”

After hearing Ji Feng’s words, although Xiao’s mother was still extremely angry, her face looked somewhat better.

Not for any other reason, at least she knew that her daughter had not become Ji Feng’s lover because of money, if it was just for the sake of affection, this always made people’s hearts feel better.

How many mothers want to see their daughter as a cheap woman who sees money and will not care about anything for money?

I’m afraid no mother would be like that!

Xiao's mother was no exception!

So, although she was still very angry now, she felt much better knowing that her daughter was not following Ji Feng for money.

This was a contradictory mentality, but it was truly reflected in Xiao's mother's body.

However, after her emotions were slightly soothed, Xiao's mother's heart once again seized up – even if her daughter wasn't with Ji Feng for money and power, but ..... after all, she was still Ji Feng's lover!

“Xuan Xuan, how did you guys just .....”

Xiao mother opened her mouth but was hard pressed to know what to say, especially in front of Ji Feng and Tong Lei, she had to save face for her daughter and couldn't say too much, but for Ji Feng, Xiao mother's originally very good opinion was instantly reduced by a lot.

Ji Feng said, “Auntie mother, maybe you won't believe me now no matter what I say, or, you can't accept it for a while, which I can understand, but please believe that I am sincere to Yu Xuan, and here I promise you with my personality that I will always be good to Yu Xuan!”

“.....”

Xiao mother, however, did not say anything, she did not care whether Ji Feng was good to Xiao Yuxuan now, her real knot in her heart was that her daughter had been someone else's lover, that was the point.

This, Ji Feng is also aware of, but since today came, he also do not want to hide, rather than say always lie to Xiao Changhe couple, let Yu Xuan every time you come back to hide and dare not say the truth, but it is better to straightforwardly say clearly, at least, in the future, Xiao Yuxuan will not be so difficult.

As for how to make Xiao Changhe and Xiao mother accept, this is not a problem for Xiao Yuxuan to consider, Ji Feng will solve it himself.

That's why Ji Feng said it so bluntly.

In fact, in the past, Ji Feng had the intention to reveal a little bit of the wind first, so that Xiao Changhe and Xiao's mother could vaguely perceive his relationship with Xiao Yuxuan, so that they could be more or less psychologically prepared, so that even if they really opened up later, they wouldn't be unable to accept it all of a sudden.

But the words of Tong Lei today made Ji Feng suddenly realise that he had dragged his feet so much that he had left Xiao Yuxuan without a sense of security and belonging, so what would the Xiao Changhe couple feel if time went on?

Rather than that, Ji Feng simply came clean straight away.

“Mom, Ji Feng and I are sincere, we have real feelings!”

At this time, Xiao Yuxuan also spoke up, she said, “I know that what I do may bring shame to your faces and to our family, but ..... I just like him and I have control over myself!”

Xiao mother immediately said, “But you like him more, but you can't ..... alas!”

She sighed and couldn't say any more.

Xiao Yuxuan pursed her lips and said, "Mom, don't be angry, I know you want me to find a good man to marry and live in peace for the rest of my life, but I just chose him, it can't be helped, moreover, the kind of happiness you want me to have, he can give it to me, isn't that enough?"

Mother Xiao then glared at her.

"Auntie, I can actually understand Sister Yu Xuan's feelings." Just then, Tong Lei also suddenly spoke up.

"Girl, you don't understand." Mother Xiao, however, shook her head, she could not look kindly at Ji Feng, she could glare at her own daughter with a cross nose, but not at Tong Lei, because Tong Lei was a guest, a friend of Yu Xuan.

"I understand!"

But Tong Lei said softly, "Because ..... I'm also Ji Feng's girlfriend."

Xiao's mother froze, "Sh, what?"

Xiao Yuxuan said, "Mom, in fact, Lei Lei is only Ji Feng's first girlfriend, technically speaking, I'm the later. But yet, it's not the kind of third party you think, we're very close, like close sisters, and we're living together now!"

"....."

Xiao mother opened her mouth and stiffly failed to utter any words.

The amount of information in Xiao Yuxuan's words was just too much, making her even close to being dumbfounded.

"You guys, you guys are ....." Xiao mother couldn't help but be stunned, "You guys are just being nonsensical!"

Tong Lei was actually also Ji Feng's girlfriend, and it was also his first girlfriend, what's more crucial is that Tong Lei and Xiao Yuxuan were even getting along very well ..... these days Tong Lei had been staying here in the same room with Xiao Yuxuan, that relationship was really good, but how could she have not expected this to be the case ah!

This made Xiao mother completely dumbfounded, which has such a!

"Mom, as you can see, we are actually not what you think we are." Xiao Yuxuan said, "I know you can't accept it for a while ....."

"....." Xiao mother was really speechless, she could only point at her daughter, furious and unable to speak, this is too messed up!

"You do say something!"

Xiao mother was so angry that she slapped Xiao Changhe fiercely, "Just know how to drink tea and read the newspaper, when it comes to the critical time, you don't say anything!"

From the very beginning until now, Xiao Changhe had acted very calmly, as if he had heard some ordinary news, and did not even show any expression of surprise.

Moreover, when Xiao mother's jaw was agape and she didn't know what to say, Xiao Changhe was still sitting there in an old-fashioned manner, which made Xiao mother instantly get angry.

She had fire in her heart, and she couldn't spill it on her daughter, or on Ji Feng and Tong Lei, so she could only spill it on Xiao Changhe.

However, Xiao Changhe didn't have any intention to get angry, he just shook his head and smiled, his gaze fell on his daughter Xiao Yuxuan's face and said, "Xuan Xuan, you have grown up and have your own opinion, you must know in your heart what to do is right, no matter what kind of choice you make, dad will support you... .."

"Pah!"

Xiao Changhe hadn't even finished his words when his mother slapped his hand, "Damn old man, what are you talking about? You, you really piss me off!"

"Old companion, you don't need to be so angry, the child is old, she knows what is right and what is wrong!" Xiao Changhe said with a smile, shaking his head.

"....."

At this moment, not only Xiao mother was stunned, even Ji Feng and Xiao Yuxuan and the others were also stunned.

They also did not expect that Xiao Changhe would say something like this and be so ..... enlightened?!

"Dad, are you, are you alright?" Xiao Yuxuan immediately became worried, could it be that her father had been stimulated again and his brain was confused? Or did the brain bruise come back like last time? Her heart immediately lifted.

"Silly child, what can happen to me?!"

Xiao Changhe shook his head with a smile and said, "Does he think that dad is old and confused? Don't worry, papa's mind is still clear! Xuan Xuan, what dad just said is true, you have the right to choose your own life, I believe you will make the right choice!"

Looking at Xiao Changhe's already white hair and his hand that was still more or less trembling after the brain bruise, Xiao Yuxuan suddenly had a sour nose and almost shed a tear.

Father, he was getting old.

Yet he was still the same as before, always so forgiving towards himself, no matter how big a mistake he had made, he would always be so gentle in teaching himself.

"Little Feng, I have a few words to say to you." Xiao Changhe's gaze looked at Ji Feng again.

"You speak, uncle."

Ji Feng immediately sat up straight and listened carefully.

I only heard Xiao Changhe say, "Your aunt and I are both old, and we can no longer manage things between you young people, and even if we wanted to, we are no longer able to do so. However, we only have such a daughter as Yu Xuan, since she was a child, she has been our jewel, I hope that no matter how you two develop in the future, you cannot fail her, can you do that?"

Ji Feng stood up sharply and said, "Yes!"

He didn't have any extra words, but this one word, he said with a firm and resounding voice.

Xiao Changhe then smiled and nodded, saying, "Good, as long as you can do what you say, I'll be relieved."

"Damn old man!"

Xiao's mother was furious beside her, she had wanted Xiao Changhe to help her daughter with a few words, but who would have thought that this dead old man would help them, this was really helpful!

Xiao Changhe waved his hand with a smile and said, "Xiao Feng, Xuan Xuan, if there is nothing else, you should go back first, I will talk to your mother."

Ji Feng and Xiao Yuxuan couldn't help but glance at each other and were both stunned.

They both stood up and Ji Feng said, "Uncle father, auntie mother, I won't say any more superfluous words, please rest assured that I will treat Yu Xuan wholeheartedly and will absolutely, positively not fail her!"

Words were no longer enough to express his heart, and he also knew that it was useless to say more than he could do. So after saying this, he turned around and walked out.
