Qin Shujie took a deep breath, as if she had made up her mind, and said, "Because Ji Feng is down-to-earth and stable, and he is a strong man, among the men I have met, he is the one who can bring me the most security!"

A smile appeared on Xiao Yuxuan's stunning face, Ji Feng was certainly a strong man, and women all hoped to find such a man as a husband, but this did not mean that they could find someone else's husband at will.

However, Xiao Yuxuan didn't say anything after hearing these words, she just listened quietly and waited for Qin Shujie's next words.

"I'm not afraid to laugh at you, when a woman reaches my age, there is actually nothing to ask for, I have a daughter, I have a company, my daughter is smart, lively and cute, the company is not very big, but with the current assets is enough for us to eat and drink for two lifetimes, even if my daughter grows up and squanders some in the future, I have that condition! "

Qin Shujie said: "So actually I don't lack anything, I am willing to follow Ji Feng, not to figure out what he has, money doesn't mean much to me, just enough to spend. Power may be an extremely important thing for others to seek, but for me, it's a nuisance instead. I just want to be able to live in peace and quiet with my daughter, and I don't want much power."

These words were spoken with the utmost sincerity and frankness, for this was what she had always felt in her heart.

Especially after experiencing the kind of shameless harm her ex-husband had done to her, she had seen through it all, and the so-called world was bustling with fame and profit, which wasn't particularly important to her.

"Then you and Ji Feng?" Xiao Yuxuan's pretty face carried a faint smile as she looked at her.

"Because I've moved on to Ji Feng."

Speaking here, Qin Shujie's pretty face heated up, speaking so bluntly like this in front of someone she wasn't really familiar with made her more or less unnatural, but in order to make Xiao Yuxuan understand, she still continued, "The encounter between Ji Feng and I was quite a bit fortuitous, one or two words can't say clearly, but there was one thing, in all these encounters, I developed feelings for him. "

Xiao Yuxuan then pursed her lips and smiled, not saying anything.

The fact is that once feelings come, I can't control them myself, to put it mildly, as I've interacted with him time and time again, I've really fallen hopelessly in love with him, although I know it's a bit immoral, and I've thought about gritting my teeth and leaving him, but it's really not something I can control. can't help the sourness in my heart"

"Originally, I thought that I would not come to disturb your lives, nor would I ask Ji Feng to be able to stay by my side all the time, just that I would be satisfied if he could visit me and Yao Yao in his free time, as for the rest, I never thought about it."

Hearing these words from Qin Shujie, although Xiao Yuxuan's face remained unchanged, she could not help but feel slightly emotional in her heart.

This was also a woman who dared to love and hate!

Although her character was not as windy and fiery as some women, but rather somewhat gentle and elegant, yet deep inside this gentle character of hers, there was a kind of persistence that belonged to her.

Now it seems that it is this persistence that allows her to pursue her own happiness so calmly and yet still persistently.

And she herself knew that this kind of happiness was actually immoral, so she didn't expect anything, as long as Ji Feng went to see her when he had time, she would be satisfied.

Xiao Yuxuan pursed her lips and suddenly asked, "Chief Qin, what if I mean what if I were to pretend that I didn't know about the two of you, and that I would never acknowledge your existence in the future?"

Qin Shujie blurted out, "That would be best!"

"Oh?"

Xiao Yuxuan looked at her and asked, "Why do you say that?"

Qin Shujie immediately said, "Because I never wanted to disturb your lives in the first place, to be able to maintain it like this, I'm already very satisfied."

Xiao Yuxuan frowned and said, "But you have to know that if this is the case, then your existence will not be recognized by anyone, including Ji Feng's family, and even, perhaps, Ji Feng only treats you as a side room, and your place is an alibi for him, in that case, will you still think so?"

Qin Shujie said, "Mr. Xiao, you don't understand what I mean, I really don't ask for anything now, I just desire this relationship. In fact, frankly speaking, if we simply talk about material conditions only, even if Ji Feng left me now, it wouldn't affect me in the slightest, because from the time I met him until now, I've never asked for anything from her, but, emotionally, I'm really a bit inseparable from him."

Speaking here, Qin Shujie's charming face couldn't help but redden slightly, she hesitated for a moment, but still said, "I'm not afraid of laughing at you when I say this, right now Yao Yao and Ji Feng, are the two most important people in my life, if I lose either of them, my life will be incomplete and will lose its meaning!"

Perhaps it was the thought of someone among Yao Yao and Ji Feng leaving her, Qin Shujie was slightly moved and her eyes couldn't help but turn a little red, but in front of Xiao Yuxuan, she didn't show it, she just held back and restrained her emotions.

"How many assets does your company have?" Xiao Yuxuan suddenly asked.

"Hmm?"

The question was so sudden that Qin Shujie was slightly stunned by the question, and then replied, "About one or two hundred million, the exact figure can only be known after a detailed calculation, you are asking this"

"I'll give you five hundred million to acquire your company!" Xiao Yuxuan said.

"What?"

Even though Qin Shujie was gentle and elegant, she couldn't help but be a little surprised when she heard Xiao Yuxuan's words, five hundred million, this was two or three times her company's assets, even an astronomical figure that many people wouldn't be able to earn in their lifetime.

However, what surprised her even more was that Xiao Yuxuan wanted to buy her company!

"I'm acquiring your company, money is not a problem, if you think it's less, I can still add more!" Xiao Yuxuan spread a smile and said, "But I have a precondition, that you must leave Ji Feng, as long as you agree, the money is good for negotiation! What do you think about"?

Qin Shujie's delicate body shook!

Sure enough, it still came to this issue, Xiao Yuxuan was really asking herself to leave Ji Feng.

She suddenly realized how ridiculous it was for her to reveal her heart in front of Xiao Yuxuan, that she was in love with Ji Feng, couldn't leave him, and was even willing to be Ji Feng's lover without any extravagance, but this was not so much for Xiao Yuxuan, because, Ji Feng was her boyfriend!

How could she be happy when what she wanted to be, was her boyfriend's lover? Not to mention understanding herself

Herself is really ridiculous!

A self-deprecating smile flashed across Qin Shujie's eyes before she gently shook her head.

"What, you don't agree?" Xiao Yuxuan asked.

"Agree."

Qin Shujie forcibly held back the sadness in her heart and bit her lips tightly for a while before saying, "But I also have a condition."

Xiao Yuxuan nodded and said, "What condition, just say it, as long as it's something I can do, I can promise you."

"Let Ji Feng come and talk to me!"

Qin Shujie said, "As long as he says to me personally that he wants me to leave, I don't want a single penny from you, and I will even make amends to you for my actions" I know you don't see the little money I have, but I will definitely do what needs to be done."

Xiao Yuxuan frowned slightly and said, "What if Ji Feng doesn't come?"

"Then I won't leave him."

Qin Shujie said, "I know that I am sorry for doing this, but at my age, I don't have any other extravagance, I just want my daughter to grow up safe and healthy, and also I want to fight for my relationship and happiness, I hope you can forgive me. "

"Mr. Qin!"

Xiao Yuxuan's pretty face sank abruptly, and her gaze became somewhat harsh: "Do you know that if I want you to leave Ji Feng, there are countless ways, but now I am politely inviting you over, just to try to talk nicely, don't you understand?"

Qin Shujie couldn't help but feel tight in her heart when she heard that, she didn't know how much energy Xiao Yuxuan had, but it was certainly not small, if Xiao Yuxuan really wanted to deal with herself, she really didn't have any way to deal with it, more importantly, she still had a daughter, God knew what Xiao Yuxuan would do to Yao Yao?

Qin Shujie's heart was extraordinarily uncomfortable, was it so difficult for her to pursue happiness?

Is it her fate to lose what she has gained?

Qin Shujie really had too much unwillingness in her heart, yet for the sake of her daughter, she could only choose to give in, yet she still did not want to give up and wanted to make her last ditch effort.

"Mr. Xiao, I won't disturb your life, I just want to live my own little life, if I can, I am willing to do anything, I just hope you can promise and understand can you?" Qin Shujie asked in a low voice, just short of begging.

"No way!" Xiao Yuxuan said without hesitation.

"..... I understand."

Qin Shujie was silent for a while and finally nodded slowly, forcing herself to stand up from her sourness and walked back, she didn't intend to tell Ji Feng, nor did she want Ji Feng to see it, because she didn't want her existence to affect Ji Feng's normal life.

She originally had just that little extravagant hope, just being able to visit her to see the two of them when Ji Feng was free was enough, but now, this bit of her extravagant hope had also become an illusion.

Qin Shujie chose to leave!

"Wait a minute."

However, just at this time, Xiao Yuxuan's voice suddenly sounded behind her, and she slowly turned her head, only to see that Xiao Yuxuan had already stood up and walked towards her.

The difference was that Xiao Yuxuan's face was back with a smile on it.

"You said you wouldn't disturb our life, but now you have, since that's the case, it's not good for you to live outside again, Yao Yao is still so young, she always needs a father, and needs fatherly love like other children, doesn't she?" Xiao Yuxuan said.

"....."

In this instant, Qin Shujie was struck by lightning and stood frozen on the spot, just looking at Xiao Yuxuan in a daze, unable to say a word!

Campus Master Chapter 2692

“.....”

In this instant, Qin Shujie was like struck by lightning and stood frozen on the spot, just looking at Xiao Yuxuan in a daze, unable to say a word!

Looking at Qin Shujie, who was full of shock and had a look of disbelief in her eyes, Xiao Yuxuan's charming face was already full of smiles as she slowly took two steps forward and said, “Sister Qin, what I said just now was a little heavy, please forgive me.”

Qin Shujie looked at Xiao Yuxuan dumbfounded, just opened her mouth, but hard not knowing what to say, she could only say, “You, you”

“Sister Qin, I'm sorry, because before the two of us are not very familiar, and neither of us understand, so I just want to see what you mean” It seems that I was overly concerned, sister Qin, I apologize to you for what I just said, I hope you don't forget about it in your heart, okay?” Xiao Yuxuan sincerely apologized.

Qin Shujie, however, did not say anything, only looked at Xiao Yuxuan in a daze, as if she had not slowed down from this sudden turn of events for a moment.

In fact, Qin Shujie's head was even slightly confused up to now.

She really did not expect that Xiao Yuxuan would suddenly have such a big change, although just now through Xiao Yuxuan's words Qin Shujie already knew that she was testing herself, but just now when Xiao Yuxuan categorically said the three words no, at that moment Qin Shujie was really cold in her heart.

In that moment she had even decided that the fate between herself and Ji Feng had come to an end, and that she and Ji Feng might never have the chance to be like before again.

She was even desperate.

That's why she chose to leave and didn't say a word.

It is also because of this that when Xiao Yuxuan suddenly said these words just now, Qin Shujie was still immersed in the kind of sadness she had just felt and could not extricate herself, and she even had some disbelief in her own ears, moreover she could not believe that Xiao Yuxuan would suddenly speak such words to her.

Xiao Yuxuan

actually agreed?!

Is this true?

Or was she deliberately teasing herself?

Qin Shujie hesitated. Although her heart was already hoping that Xiao Yuxuan's words were true and that what she had heard was correct, she was afraid that it was just her own illusion, afraid that she had misheard or misunderstood Xiao Yuxuan's meaning!

It was precisely for this reason that Qin Shujie just looked at Xiao Yuxuan in astonishment, not speaking for a moment.

"Sister Qin, are you refusing to forgive me?" Xiao Yuxuan asked.

"No..... not, I just....."

Qin Shujie surprisingly stumbled over her words a little, not even knowing what to say!

She took two deep breaths, and after she had soothed herself a bit, she then calmed down slightly and said, "Mr. Xiao, is this all you said true?"

"Of course it's true!"

Xiao Yuxuan's charming pretty face revealed a smile, making her whole person full of a very seductive style, and the way she raised her hands and feet had a great style, making what she said more credible, "Sister Qin, you may not know, in fact, strictly speaking, I am the same as you, for Ji Feng, I can only be considered a latecomer, the real first house of our family, the That is, the first grandmother, is Lei Lei."

"We, our family?"

Hearing these three words, Qin Shujie's voice actually faintly trembled, and her eyes looked at Xiao Yuxuan, as if she couldn't believe her ears.

Xiao Yuxuan smiled and nodded her head, saying, "Of course, isn't it our home?"

"But, I"

Qin Shujie for a moment a hundred flavors.

Xiao Yuxuan said: "Sister Qin, I know you are still blaming me for saying that about you, but I have no choice, that little villain is so philandering, I am afraid that he will those women with bad intentions to deceive, then our family will have to fly, so I will only test the words, please sister Qin do not take offense, okay?"

"..... won't, how could it be!"

Qin Shujie shook her head in a panic, but her eyes were with an unspeakable joy, but there was still a hint of apprehension and uncertainty, she couldn't help but ask, "Mr. Xiao, you, you really accept me?"

Xiao Yuxuan smiled and nodded: "Of course, sister Qin, I can see that you really love Ji Feng, that's enough, since Ji Feng will be with you, it means that you must have something in you that attracts him, that's what makes you good, how can I stop what's going on between the two of you?"

"But after all, I'm the one who stole your boyfriend!" Qin Shujie couldn't help but say, she still had an unreal feeling, how could Xiao Yuxuan be so generous? Just now when she that stern refusal, instead only more real!

“Then did you snatch it away?” Xiao Yuxuan asked as she pursed her lips and smiled lightly.

“Hm?”

Qin Shujie froze, after thinking about it slightly, she couldn't help but slowly shake her head, indeed, she hadn't snatched Ji Feng, strictly speaking, she had only shared Ji Feng with other women, and even that was only a small part of it, whether it was time or his heart.

When Xiao Yuxuan saw her change in expression, she about knew what was in her heart and could not help but say: “Sister Qin, in fact, as I said earlier, I am a latecomer like you, the real great grandmother of our family is Lei Lei, in fact, strictly speaking, we all snatched Ji Feng from her side So yeah, you don't have to have any worries, what I said is all true.”

Qin Shujie opened her mouth slightly, but no words came out.

Xiao Yuxuan added: “Sister Qin, there is actually something you may not know yet, there is another woman who appeared with you this time.”

“There's another one?”

Qin Shujie was stunned, but immediately reacted and immediately asked, “Is it Ji Feng's woman?”

Xiao Yuxuan said, “Yes, who else could it be if not him? This bad guy is simply a philandering ghost!”

Qin Shujie then stopped talking, and only after a while could she not help asking, “Chief Xiao, you really don't blame me? Did you really agree?”

“I agree!”

Xiao Yuxuan nodded seriously with a charming smile, “Moreover, I don't blame you at all!”

Qin Shujie then bit her lips, a complicated and stirring emotion flowing through her heart.

Happiness, it seemed, had come too suddenly, making her heart, which was already somewhat desperate, suddenly become so happy, which made her only look at Xiao Yuxuan, but she didn't know what to say.

In the end, Qin Shujie could only say, “Mr. Xiao, I thank you. Thank you for your understanding, thank you!”

She said three ‘thank yous’ in a row, which showed how emotional she was inside. As for Xiao Yuxuan's apology, Qin Shujie didn't take it seriously at all, or rather she didn't dare to accept it at all Xiao Yuxuan was able to accept her which already made her very grateful, so how could she dare to blame?

In fact, Qin Shujie is also very understanding, with Ji Feng's identity, I'm afraid I don't know how many women want to take the initiative to stick up, if Xiao Yuxuan and Tong Lei don't keep a good watch, then really don't know what the family will be chaotic, and this is also their own part.

Therefore, Qin Shujie really did not blame Xiao Yuxuan at all.

“Sister Qin, we are all family, so there is no need to be so polite.” Xiao Yuxuan smiled and said, “It's good that you don't blame me.”

“Mr. Xiao, I really don’t blame you, I understand what you are doing, moreover, you have really been generous, if it were me, I would definitely not be able to do this step of yours.” Qin Shujie said.

For her husband to find a woman, instead of stopping him, she even helped to be the gatekeeper, if this matter was placed on the current Qin Shujie, it might not be a particularly difficult matter, but if it was placed on the her a few years ago, it was absolutely not possible.

Xiao Yuxuan shook her head and said helplessly, “What else could I do? Who let me get poisoned by that little villain!”

“Poisoned?”

Qin Shujie was stunned and then reacted, Xiao Yuxuan meant that she had fallen in love with Ji Feng and was unable to extricate herself. Thinking of this she couldn’t help but let out a soft sigh, Xiao Yuxuan couldn’t help herself, how could she not be like that? If not, with her conditions, it would not be too difficult to find a good man, even though she was now a bit older.

However, she had fallen in love with Ji Feng without a second thought, and she could not control herself.

Therefore, she was more than able to understand Xiao Yuxuan in this regard.

“Chief Xiao

“Don’t keep calling me General Xiao Xiao, call me Yu Xuan, according to your age, you should be a bit older than me, I’ll call you Sister Qin, is that okay?” Xiao Yuxuan smiled and said.

“Of course it’s fine. It’s just

“Good will do, there’s no such thing as just or not!” Xiao Yuxuan smiled, “Sister Qin, it’s good that you can forgive me, so when are you planning to move over?”

“Ah?”

Qin Shujie was taken aback again and said in astonishment, “Move over?”

Xiao Yuxuan nodded and said, “Yes, as I said earlier, it’s always a bit unsafe for you to live with Yao Yao, besides, Yao Yao is still so young, she always needs her father’s and mother’s love, doesn’t she?”

Qin Shujie hesitated, Xiao Yuxuan’s last sentence had hit her heart, Yao Yao did need a father!

Although not all children growing up in single-parent families had flaws, a child who was still so young and lacked the love of a father or a mother would indeed have a great impact on her character formation.

Qin Shujie has seen a lot and certainly understands this. Although a child may spend more time with her mother, the father’s influence on her is a large part of her personality formation.

For example, many fathers work outside the home and may come home just to hug their children, or care about their studies, life, will make the child feel safe enough and will have an extremely crucial role in promoting their character formation.

Just

“Xiao Yuxuan, is this good?” Qin Shujie asked hesitantly.

“What’s not good about it?” Xiao Yuxuan asked rhetorically.

Qin Shujie then hesitated a little: “This I’ll think about it, okay?”

Campus Master Chapter 2693

Faced with Xiao Yuxuan’s proposal, Qin Shujie couldn’t help but hesitate a little.

Because things had changed so quickly, originally she had been extremely apprehensive when she arrived, completely worried about whether Xiao Yuxuan and Tong Lei would react extremely strongly to her presence, not knowing what they would say to her.

Then came Xiao Yuxuan’s stern refusal, causing Qin Shujie’s mood to sink to the bottom, but immediately afterwards, she realised that this was Xiao Yuxuan’s test for her.

Although she was very sad by Xiao Yuxuan’s words before, Qin Shujie did not blame her, because she understood what Xiao Yuxuan did, if she was in Xiao Yuxuan’s position, she would also do the same, and might even be more excessive than what Xiao Yuxuan did.

This kind of ups and downs made Qin Shujie’s heart all of a sudden in turmoil, and now Xiao Yuxuan suddenly proposed that she could move in here, which made Qin Shujie completely unprepared.

“Sister Qin, you can think about it, and there is no need to make a decision right now.” Xiao Yuxuan smiled and said.

Qin Shujie nodded silently and said, “Yu Xuan, thank you.”

This was not the first time Qin Shujie had said thank you, but every single sentence she said was from her heart. Xiao Yuxuan was able to accept her and invite her to move in, which was really not something that an ordinary woman could do.

And this was nothing less than a gospel to her!

“Sister Qin, I’ve told you not to be so polite!” Xiao Yuxuan smiled sweetly, “Otherwise, I would have to apologise to you now.”

“No need, no need!”

Qin Shujie waved her hands repeatedly, although what Xiao Yuxuan said just now was very impulsive, but after all, this was testing her, not really planning to do that, so Xiao Yuxuan did not need to apologize at all.

Xiao Yuxuan then smiled and said, “Sister Qin, let’s go over, there’s another person waiting in front of us.”

Qin Shujie nodded slightly, but her heart was a bit in turmoil, but of course, she was more or less curious, because just now Xiao Yuxuan had also said that apart from her, Ji Feng had another woman, and she actually wanted to meet her.

When Xiao Yuxuan brought Qin Shujie into the living room from the backyard, she saw that Ji Feng and the others were sitting on the sofa in the living room waiting, while beside them, the two girls named Xiao Ying and Han Zhen were pursing their lips and snickering, and there was another woman sitting on the sofa, but it was Bai Zhu, whom Qin Shujie had already known.

The only thing is, the originally cold and incomparable Bai Zhu, at this moment is very rare pretty face is red, slightly low head sitting on the sofa unexpectedly not a word, looks a little strange.

“Could it be that Ji Feng’s other woman is Bai Zhu?”

This thought just flashed through Qin Shujie’s mind, she instantly dawned on her, yes, it must be Bai Zhu.

When she saw Bai Zhu in the past, she felt that Bai Zhu was looking at Ji Feng a little differently, at that time she thought that it was just Bai Zhu’s loyalty to protect her master, so she was extremely nervous about Ji Feng’s safety, but now she seems to completely understand, this is not just anxious about Ji Feng’s safety, Bai Zhu looked at Ji Feng’s eyes, but also with a touch of affection!

At this time, Xiao Yuxuan sat aside and exchanged a look with Tong Lei, nodding slightly at the same time. Tong Lei immediately understood what it meant, and a smile appeared on her clear, pretty face as she said, “Sister Qin.”

Qin Shujie immediately waved her hands, “You, you’re too irritating.”

She was really flattered by being called by Tong Lei like this, she was very clear about Tong Lei’s status in this family, she was a bit uncomfortable when Xiao Yuxuan called her Sister Qin, let alone Tong Lei’s name.

“We’re all family, we should.” Xiao Yuxuan smiled and said.

“That’s right, that’s right!”

If we were to say who among the people present wanted to see this scene the most, it would be Ji Feng without a doubt. So with a thick skin, he pretended not to see Xiao Yuxuan’s blank stare and Han Zhen Xiao Ying’s snicker, and immediately said with a smile.

Qin Shujie was then said to blush a little and was a little embarrassed, so she hurriedly changed the subject and said, “Where’s Yao Yao?”

Ji Feng pointed to the front yard and saw a tiny figure squatting on the ground in the yard, holding a tree branch in her hand and not knowing what she was scratching on the ground, with her mouth chanting, it was really cute.

“Shu-jie, sit down.”

Ji Feng heatedly smiled and pulled Qin Shujie’s hand and sat down, anyway, he had already been shameless, now if he didn’t have a thicker skin, this matter might not be resolved at some point, so Ji Feng simply acted very proactively.

Besides, if he didn’t take the initiative to come forward in this kind of matter, then Qin Shujie would definitely be more embarrassed.

Xiao Yuxuan couldn't help but give him a blank look, but she didn't say anything else, after all, things were already like this, even Tong Lei had nodded her head and agreed, although she was still more or less sour in her heart, she couldn't say anything else.

"Xiao Ying, prepare dinner, and also prepare some food for the children." Xiao Yuxuan turned her head and said.

"Yes!"

Xiao Ying nodded, and then she picked up the car keys from the table and prepared to go out, there were many people in the house and they had just returned today, so they could only go outside to make purchases.

Ji Feng and the others sat on the sofa and chatted idly, while the focus of the chat was on some bits and pieces of Qin Shujie's life, and of course some things about Bai Zhu, in fact, this was a process of getting familiar with each other, and it was sort of the first step towards mutual integration.

It was also during this process that Qin Shujie learned that Ji Feng turned out to have other women besides them, after all, Xiao's pharmaceutical factory's old boss Xu Yuan

And knowing this, Qin Shujie but also just pursed her lips and lightly smiled, but not the slightest bit of jealousy, which made her even feel very strange, this is completely not her old self, if in the past, she would definitely be extremely angry, but now, she is not jealous at all, just shaking her head and lightly smiling.

She herself didn't even realise that she had turned into a complete spoilsport towards Ji Feng!

When she realized it, she understood that it was actually because her heart was completely placed on Ji Feng's body, and because of her own status, she was extremely tolerant in this regard, and in this regard, she was very similar to Xiao Yuxuan.

A few people talked happily and became more and more familiar with each other, although in the end Qin Shujie hadn't decided whether to move in or not, but they were at least not that awkward anymore.

However, if they want to get along as if they were sisters, it will take time and they need to continue to bond.

This is something that no one is in a hurry about, and neither is Ji Feng. With this good start today, it was foreseeable that the relationship between them would only get better and better, not worse, especially since they were both intelligent people.

And during the meal, there was a little hiccup – Yao Yao, the little girl, because she had rarely seen so many people playing with her together, as a result, this little girl was almost going crazy, but she was tired fast, this side was about to eat, but she was tired and fell asleep in Ji Feng's arms.

Qin Shujie said helplessly, "Leave her alone for now, let her sleep, I'll get her something to eat when we get back in the evening."

But seeing Yao Yao leaning in Ji Feng's arms as she slept, Qin Shujie's heart was filled with indescribable joy and happiness, not only had she received the approval of Tong Lei and Xiao Yuxuan today, but they

both liked Yao Yao very much, and Ji Feng likewise loved Yao Yao so much, which really made her feel happy from the bottom of her heart.

Bai Zhu still didn't say much, but the smile on her face was significantly more, obviously because Tong Lei's acknowledgement had filled her heart with joy as well.

So, the meal was extremely cordial and the people talked until late. Under the persuasion and retention of Tong Lei and Xiao Yuxuan, Qin Shujie did not go back but stayed here. In fact, it was also with trepidation that she wanted to try out what it was really like to live in this big family.

As it turned out, she was really having a different kind of feeling

The last of these was to be the last to wash up, and the lights in the villa had already gone down.

And at this time, the corner of his mouth was pulled up in a curve, with a bad smile, he quietly pushed open the door of Xiao Yuxuan's bedroom.

In the darkness of the night, Xiao Yuxuan's breathing sounded even, along with the sliver of moonlight in the gap of the curtains, one could vaguely see the beautiful person on the bed with her lotus root arms exposed outside the thin quilt, her body slightly curled on her side, the soft quilt completely unable to block the exquisite and bumpy delicate body.

The soft quilt was completely unable to block the delicate and bumpy body. Ji Feng smiled silently and then he closed the door and walked to the bed, gently pulling the quilt back and entering the nest.

Xiao Yuxuan, however, still did not move at all, but Ji Feng embraced her into his arms and nibbled on her delicate ear.

"Mmm."

Xiao Yuxuan's delicate body suddenly tensed up, and then she asked to push Ji Feng and said, "You just got a new member in your harem, go and pamper them, why else come to me!"

Ji Feng then laughed lowly and badly, he knew that although Xiao Yuxuan had accepted Bai Zhu and Qin Shujie, it was impossible to say that there was no lump in her heart at all, after all, no woman would want her husband to find another woman.

He whispered in Xiao Yuxuan's ear, "I came to find you because I want to have a child with you, no, many children, are you willing to give birth to me?"

"No!"

Xiao Yuxuan hummed, "Don't you already have a daughter, why do you need children?"

Ji Feng asked, "Really not willing?"

"No!"

"Hoo~"

Ji Feng didn't say a word, he directly kissed her soft and tempting red lips, and one of his hands also began to stroke back and forth on her soft and elastic petite body, Xiao Yuxuan immediately let out a

mmm, and then pushed him hard, but gradually, her strength was getting less and less, and in the end, her hand that was pushing outward turned into an unconscious grip on Ji Feng... ..

Campus Master Chapter 2694

“Rascal, what are you doing!”

This long kiss made Xiao Yuxuan’s body tingling and her pretty face flushed red, and her faint panting could even be clearly heard in the silent dark night.

After Ji Feng had left her seductive red lips, Xiao Yuxuan’s eyes were already misty with spring in them, but for the sake of face, she couldn’t help but hit Ji Feng twice and snapped.

Ji Feng heatedly laughed and whispered in her ear, “What else can I do now that you say it’s like this? Yu Xuan, let’s have a baby!”

Xiao Yuxuan couldn’t help but stiffen her body at once and hesitantly asked, “What did you say?”

Ji Feng gently kissed her white neck before he whispered in her ear, “Yu Xuan, in the past, I didn’t think thoroughly enough, I was thinking that when my strength was stronger, when I wanted a child for sure the genes and physique of the child would be better, that’s why I kept putting it off, but as a result, I forgot to consider your feelings.”

Xiao Yuxuan could not help but feel a little sour in her heart when she heard this, but her mouth said, “So you are not worried about this now?”

“Worried for sure, but if I can’t go to the next level for the rest of my life, should I just not have children for the rest of my life?” Ji Feng kissed her and said, “It’s true that I didn’t think about it before, I was just bent on improving my strength, now I’ve finally thought about it.”

Xiao Yuxuan hummed and didn’t say anything more.

In reality, she just wanted a child between her and Ji Feng, even if this child didn’t have any slightest bit of overpowering qualities, it didn’t matter.

..... In fact, Xiao Yuxuan had never thought about how smart or remarkable her child would be, she only wanted her child to be able to grow up peacefully and healthily in the future and live her life peacefully, that was enough.

The kind of height a child can reach, that will certainly make the parents feel proud, but in fact these things Xiao Yuxuan has long seen through, you want to reach what kind of height, you must pay the corresponding efforts, even more than the price of success.

Especially, if born as a girl, then Xiao Yuxuan is hoping that she will just give a peaceful and stable cry.

She has seen many examples of women who have succeeded, but whenever a beautiful woman wants to succeed, the back of that success is either filth or blood and tears, and Xiao Yuxuan naturally does not want her child to live that kind of life.

So even though Ji Feng had explained to her that if his strength went to the next level, or if he figured out the fourth stage of bodybuilding, or even a higher level, then his genes would be optimized to the

maximum, and at that time, if he had a child, the genes of the child would definitely be the most excellent.

But Xiao Yuxuan also just wants to have an ordinary child and that's it!

Now, Ji Feng finally figured it out.

When Xiao Yuxuan heard that, her heart was relieved at the same time, but she couldn't help but be a little angry: "You can think about it, no one is forcing you!"

Ji Feng laughed, "Of course I've thought about it, I want a child too."

The scene during the day today made Ji Feng feel a bit emotional.

He had just brought Qin Shujie and Yao Yao back, Xiao Yuxuan and Tong Lei obviously still had anger in their hearts, but as a result, when Yao Yao suddenly ran over Xiao Yuxuan could not help but have her eyes light up.

This shows how much she likes children and how much she wants a child!

This scene fell in Ji Feng's eyes, he immediately no longer have any hesitation, as for whether the genes of small children are the most excellent Ji Feng is not too demanding, he just want to give the best foundation for small children, but will not have any prejudice.

However, just as Ji Feng pressed Xiao Yuxuan and was about to kiss her red lips, Xiao Yuxuan suddenly stopped him.

"Bad egg, there is no rush for us to have a child, Lei Lei is the great grandmother and you haven't been together for a long time, you have to go to her first." Xiao Yuxuan said.

"But you" Ji Feng hesitated for a moment and topped her.

"Nasty, having a child is a natural process, I just hope you don't use contraception, you don't need to be so demanding!" Xiao Yuxuan pouted, especially after being topped twice by Ji Feng, the topping immediately made her body sore, and both legs even subconsciously coiled around Ji Feng's tiger waist.

Ji Feng then couldn't help but smile badly, "Then you still say that you want me to go to Lei Lei's place?"

Xiao Yuxuan suddenly blushed with shame and snapped, "It's not all your fault, you had to tease me"

As a natural beauty, Xiao Yuxuan was already charming and attractive, and at her age she could now be considered a charming young woman, her body was completely developed by Ji Feng, she had not been with Ji Feng for several days, and now she was being teased by Ji Feng, so how could she still hold it? Naturally there would be a reaction.

Ji Feng heatedly smiled badly and kissed her before getting up and putting on her pajamas, then pulled the thin blanket for her, turned around and went out of the bedroom and went to Tong Lei's room.

"Pop!"

Hearing the sound of the room door closing, Xiao Yuxuan couldn't help but clench her legs, her whole body stretching to its fullest, if there was light one could see that at this moment she was as charming as silk, her whole body was full of style.

Xiao Yuxuan was in love.

But she was not going to keep Ji Feng here with her today, because the great grandmother of the family was Tong Lei, and Tong Lei was generous, so she naturally had to know how to advance and retreat even more.

"Bad egg!"

Xiao Yuxuan couldn't help but whisper in anger, "teasing people so hard"

.....

The two sisters are really modest to each other door locked is naturally not difficult for him, but now he is only wearing a nightgown, not even a tool to take advantage of, this intention to steal fragrance and jade, I'm afraid I was afraid that my intention to steal the fragrance and jade would be in vain.

He had no choice but to knock on the door, but he couldn't do it too loudly, for fear of waking up the girls downstairs.

"Pa!"

Tong Lei opened the door and when she saw Ji Feng, she couldn't help but ask strangely, "Didn't you go to Sister Yu Xuan's place today, why did you come to my place again?"

Sweat!

Ji Feng couldn't help but sweat in his heart, how come this really sounded like he was in a harem, and here and there

Without saying a word, he fiercely picked up Tong Lei horizontally and, amidst her low cry of shock, quickly walked to the large bed in the middle of the bedroom and placed Tong Lei on the bed.

"Nasty, what are you doing." Tong Lei shyly, gently snapped.

"Yu Xuan turned me away, saying that you're the great grandmother and that I have to stay with you tonight." Ji Feng turned around and closed the door, then took a few steps to follow and got on the bed as well.

Tong Lei then pursed her lips and smiled lightly, saying, "Sister Yu Xuan just likes to be calculating about this."

As she spoke, she raised her head slightly and leaned into Ji Feng's arms.

Ji Feng hugged her tightly and laughed, "This is because Yu Xuan is smart Rei Rei, I'm condescending to you."

Tong Lei's pair of eyes looked at him and asked, "Why do you say that?"

Ji Feng laughed bitterly, "You ah, no need for me to repeat these ugly things about myself again, right? When did you learn to be bad?"

With Tong Lei's intelligence she could still not know why she said that?

When she said that, she was obviously pretending to be confused.

"What else can I do if I'm not aggravated!" Tong Lei pursed her lips and said, "It's not like I can fall in love and I don't like other men, I just like you, what else can I do?"

"Lei Lei thank you."

Ji Feng smiled and could not help but feel guilty in his heart, hugged her tightly and said softly.

To say who he was most ashamed of, it was undoubtedly Tong Lei. Although he was as good as Xiao Yuxuan, he and Tong Lei were the first to start, and at that time he was just a worthless poor boy, Tong Lei was able to look at him, and obviously liked only him as a person.

This is the purest of feelings!

In this regard, Xiao Yuxuan could not compare.

He, on the other hand, was such a philanderer that he had failed this simple affection of Tong Lei's, which made him feel guilty in his heart, yet he also had deeper feelings for his kind.

"You don't have to say it, I know it all." Tong Lei leaned into his arms and whispered.

"....."

Tong Lei didn't say much and didn't like to express herself too much, while Ji Feng was saying nothing, just holding her tightly.

Gradually, the pajamas on Tong Lei's body were pushed up, and the near-perfect torso was exposed. She blushed and gave Ji Feng a white look and snapped, "I knew nothing good would come out of you coming to my place mmm"

The next moment, when Ji Feng buried his head in her bouncy and fragrant bosom, her voice turned into a whisper.

By the time that soul-crushing moan's sounded, Tong Lei was already in a state of ecstasy, and her entire body had completely taken flight in general.

It was a great night!

This night, Ji Feng had intended to stay with Tong Lei, but his strong physique made Tong Lei somewhat unable to bear his torment, so in the midst of Tong Lei's low begging and pouting, he carried Tong Lei's already flushed body across the room and came to Xiao Yuxuan's room once again.

"Oooh"

It was not known who's soulful moan came out.

At once, the several women downstairs who had not yet fallen asleep were all abruptly tightened in their hearts, especially Qin Shujie. Because Han Zhen and Xiao Ying had not yet experienced sex, they were only shy and blushing when they heard the words, they just knew what was happening upstairs at the moment.

However, for Qin Shujie, who was already like a ripe peach, it was as if it had hit her heart, causing her charming and mature body to tremble a little.

“Mum, what is that sound?” Yao Yao, who had already had a good sleep, was in good spirits at the moment and could not help but ask curiously as she also heard the moaning sound if any.

Qin Shujie couldn't help but blush when she heard Yao Yao's question, and said, “This is auntie's hysteria, she's having a nightmare.”

“Wow.”

Yao Yao nodded her head, and a scared look could not help but appear on her little face, saying, “Yes oh, nightmares are so scary, Yao Yao is most afraid of the worst nightmares, auntie is so pitiful”

Qin Shujie's pretty face was red, but she could only nod and said, “Yes, auntie is very poor, so don't say anything tomorrow, otherwise auntie will be embarrassed, know it?”

Campus Master Chapter 2695

It was not known which aunt was having a hysterical fit, but Yao Yao took it to heart, thinking it was a nightmare like herself, so by the time she had breakfast early the next morning, the little girl was looking at Xiao Yuxuan with an odd expression, and then at Tong Lei a moment later, her big, slithery eyes full of sympathy.

There is no one who knows her daughter better than her mother, so Qin Shujie was always watching Yaoyao, afraid that this little girl would accidentally say something that would embarrass everyone.

But fortunately, the little girl was still very sympathetic, she firmly remembered Qin Shujie's explanation and knew that if she told what happened last night it would make a certain aunt embarrassed, as a result, the little girl just looked at Tong Lei and Xiao Yuxuan with sympathetic eyes but insisted on not saying anything.

It was only when it came time to leave that the little girl was a little less than happy.

With so many people here to play with her, she naturally did not want to go back, but when she saw Qin Shujie's face sink, she realised that she could not resist, but talked to Qin Shujie about the conditions.

“Mum, I'm going to school now, so can I come and play on Saturday?” Yoyo asked, biting her finger.

“Then you have to go to school properly first, before mum will consider your request.” Qin Shujie said.

“Mummy has to promise me!” Yao Yao said.

Qin Shujie hummed, “It depends on your performance, if you behave well, I might even let you come over on Saturday and Sunday, but if you behave badly”

Before she could finish her words, she saw Yao Yao suddenly pulling her hand and hurriedly walking out, "Mom, send me to school quickly!"

Qin Shujie: "....."

Ji Feng and the others couldn't help but look at her, the little girl was just too cute, he couldn't help but shake his head and lose his smile, having such a daughter was really a happy thing.

Afterwards, Ji Feng drove Qin Shujie and Yao Yao back, all the way the little girl was chattering about how she played with Aunt Xiao Yuxuan and Aunt Tong Lei, Qin Shujie had a word or two to say to her about this, but her expression was a little distracted.

She was thinking about Xiao Yuxuan asking her to move in, which made her a little hesitant and indecisive.

Technically speaking, she was not familiar with Tong Lei and the girls, so if she moved in hastily, it would be a bit awkward and she would not be as comfortable as she was now.

But if she didn't move in, wouldn't it be a bit of a disgrace to Xiao Yuxuan? Especially since it was probably Tong Lei's idea! The fact that the family is the first grandmother, Qin Shujie knows very well, so she really does not want to make Tong Lei unhappy right from the start.

But

The first thing you need to do is to take a look at the website.

This time the storm was finally resolved, and it was still a happy outcome for all, although there was still Xu Yuan who hadn't come through, but looking at Tong Lei and Xiao Yuxuan's attitude, it was obvious that they had acquiesced, which was enough to make Ji Feng feel a kind of unexpected joy.

"What are you thinking about?"

Seeing that Qin Shujie had a vaguely sad look between her eyebrows, Ji Feng couldn't help but ask.

Qin Shujie was stunned and said, "Nothing, it's just that Yu Xuan asked me to move over and I don't know if it's appropriate."

"If you don't want to move, there's no need to rush it, it's fine to talk about it later." Ji Feng smiled and said.

"You really think so?" Qin Shujie asked.

Ji Feng nodded and said, "Although I definitely want you to move over if it's according to my idea, so that we are one big family, and it must be nice to have a good time, but I know that if you come over hastily, you will definitely feel uncomfortable, so it's better to wait a bit."

"Hmm."

Qin Shujie nodded and gave a light hmph, now she was completely devoid of the elegance of a jewellery company boss, like an obedient little daughter-in-law.

In fact, although Ji Feng thought so, he also had his little calculations.

It was indeed not too appropriate to let Qin Shujie move in hastily now, after all, they all still only knew each other, but were not yet familiar with each other. Even couples need a long time to get used to each other, let alone two strangers.

But in the future, as long as we let Qin Shujie send Yao Yao over every weekend to play, as time passes, they will definitely gradually become familiar with each other, and then let Qin Shujie move over, that will be a matter of course.

.....

The backyard fire was burnt to a crisp by Ji Feng, who was finally free.

This storm, however, also made Ji Feng's heart alert a lot.

He now also realizes that he was really too philandering and that the love debt he owed was just a little too much, and he began to reflect on himself.

Originally, Ji Feng wanted to find someone to talk to, but when he thought about it, he couldn't find anyone to listen to him.

When he asked his acquaintances in the Jiangzhou military district where he had gone, he realized that Xiang Yongzhan was already on the move.

Ji Feng wanted to look for Ji Shaolei, but Ji Shaolei was newly married and was accompanying his second sister-in-law Xiang Yurou on her honeymoon.

The first time I saw him, I was in a hurry to leave after his wedding, so there were hardly any people I could talk to.

At this time, Ji Feng received a phone call from his father, Ji Zhenhua.

"Little Feng, if you have time in the future, go and see your sister and your Auntie Li more often." Ji Zhenhua said.

"Mm."

Ji Feng nodded his head.

Ji Zhenhua let out a slight sigh and said, "I'm busy with work on my side and can't get away, also it's a bit inconvenient, you should go see them often and spend more time with them."

"I understand."

Ji Feng can understand his father's feelings, to this step of the father, to go where, to do what, his every move will attract the attention of many people, although Li Yueqin and Li Yantong's existence many people know, but the father after all, still have to pay attention to the impact.

So being a father but not being able to visit his daughter often, the father's heart felt guilty, especially since he hadn't been by his daughter's side for a day during her growth over the years, a sentiment that Ji Feng had once seen in his eyes when he first met his father.

“Dad, you and my mother should also take care of your health, I will also go back to see you often!” Ji Feng pursed his lips and said, “And grandpa

“You can just have this heart.” Ji Zhenhua smiled, “That’s it.”

After hanging up the phone, Ji Feng’s heart was more or less melancholy, he thought of his grandfather who was now very old, the old man’s body was now getting worse by the day, and he didn’t know how many more years he could last.

Ji Feng looked at his schedule and decided to make a trip back to Yanjing.

Xiao Yuxuan was unable to go there because she had to take over the work of organizing the Tengfei Group, and more importantly, she was still a bit bewildered in her heart and did not quite dare to go to Yanjing because all of Ji Feng’s elders were there.

But Tong Lei is different, she is Ji Feng’s rightful girlfriend, so it is only natural to take her to meet her elders.

It was also Ji Feng’s guilt for Tong Lei and wanted to do what he could to make up for it, so the first thing he did was to let the elders know about Tong Lei.

The most happy than the mother Xiao Su Mei as well as the old man, in the evening in the old man’s courtyard dinner, has long stopped drinking the old man this time because happy, exceptionally drank two cups, looking at the pair of young people in front of him, the old face is written full of cheerful, old heart great comfort.

Master Tie could not help but praise: “Good! The old head has a successor!”

Tong Lei’s clarity and beauty was very much to the liking of the two old men.

Xiao Su Mei even held Tong Lei’s hand and did not let go, with a joyful face, satisfied in any way, and a smile on her face all the time.

Ji Zhenhua also smiled and sipped two glasses of wine. He was also very satisfied with his old friend Tong Kai De’s daughter.

At this level of the Ji family, there was no longer any need to use a major son like Ji Feng for marriage, even if other families and factions wanted to marry the Ji family, then the Ji family would completely respect Ji Feng’s wishes, including Ji Shaodong as well.

It was also the only way for the Ji family to join hands with the Xiang family in this way, but it was also Ji Shaolei’s own choice, and if he did not want to, the family would not force him.

Therefore, for the young pair of Ji Feng and Tong Lei, there was hardly any dissatisfaction among the elders of the family.

This also made Tong Lei, who had always been a clear and beautiful girl, couldn’t help but blush with shame.

After visiting the elders of the Ji family, Ji Feng accompanied Tong Lei to the Tong family. Although Mr. and Mrs. Tong Kai De were not in Yanjing, as a junior, it was within the etiquette to visit the elders since they had returned.

Ji Feng's impressive appearance and grace naturally endeared him to the Tong family, and Tong Lei's pretty face was even more radiant.

After visiting the elders in Yanjing, Ji Feng took Tong Lei back to Jiangzhou, and then, while Tong Lei continued to make preparations for the school, Ji Feng went to Jinling.

Ji Feng went to find his sister Li Yantong.

At present, among his peers, he felt that the only one he could talk to was his elder sister Li Yantong, of course, his elder brother Ji Shaodong could also do so, but he was now the district governor and naturally his work would not be too free, so Ji Feng went directly to his elder sister Li Yantong.

"Little Feng?!"

Seeing Ji Feng, Li Yantong looked surprised, but even more surprised: "Why are you here all of a sudden?"

Ji Feng smiled and said, "Sister."

Li Yantong immediately said, "Come in quickly I'll get you slippers."

Ji Feng nodded, changed into his slippers and entered the living room, casually asking, "Sister, auntie isn't home?"

"No, she went to buy vegetables and chatted with a few old ladies at the vegetable market by the way." Li Yantong laughed, "Nowadays, your aunt's life is very rich, chatting with old ladies during the day and going to square dance in the evening, her life is much easier than even mine."

"Auntie this is knowing how to live!"

Ji Feng laughed: "It's only right for us young people to be a bit tired, by the way sis, why didn't you go to work?"

Once she heard Ji Feng's question, Li Yantong's eyebrows knitted imperceptibly, but then she shook her head and laughed: "Recently, work has been relatively free, so I simply came home to be lazy."

Campus Master Chapter 2696

Ji Feng couldn't help but be a little stunned at his words, coming home to slack off? This is not my sister's style, right?

Although he had not been in contact with his sister for a long time, he knew Li Yantong's character very well. Li Yantong was a very practical and diligent person, perhaps because she had inherited part of her mother Li Yueqin's character, which made Li Yantong not overly ambitious in her work, and would usually find things to do when she had nothing to do.

Ji Feng was a bit puzzled, he carefully stared at Li Yantong for a couple of moments and found that there seemed to be some faint sadness between her eyebrows, he couldn't help but secretly frown, was this because his sister hadn't yet come out of the shadow of her breakup with Liu XXX?

"Sister, is she still thinking about Liu Thirty?" Ji Feng asked.

"What are you talking about!"

Li Yantong shook her head and said, "The two of us haven't had any relationship for a long time."

Ji Feng looked at her with some suspicion and asked, "Really?"

Li Yantong said, "What, you still don't believe me?"

Ji Feng then smiled, although Li Yantong's character was down-to-earth, she was too soft in some aspects, preferring to be soft-hearted and not a desperate person, so he felt that his sister seemed to be talking very easily now, but in reality, I was afraid that she still hadn't come out of Liu XXX's shadow.

"Little brother, I don't have any relationship with Liu Thirty when we were in Jiangzhou anymore."

Seeing Ji Feng's expression, Li Yantong knew what he was thinking and couldn't help but shake her head and sigh softly, "Originally, I still thought that although he had some low self-esteem, it was normal because he was a man and it was understandable that his self-esteem was stronger, but what I couldn't stand the most was him spying on me!"

Ji Feng nodded, and said in his heart that Liu XXX was not just having a strong self-esteem, he was just having a low self-esteem inside and that's why he was showing such a strong self-esteem.

If a person is very strong inside and has enough self-confidence, he or she may just laugh off the contempt of others and just vow inwardly to make achievements, and may not even take the mockery and contempt of others seriously.

But if a person has low self-esteem, a look, a word, or even a small action from others may make him or her extremely sensitive and even cause bad associations.

Ji Feng used to have the same low self-esteem, so he was especially able to see this point!

"It's good that you can come out of Liu XXX's shadow." Ji Feng laughed, then he changed the subject and laughed, "So now that you've come home to slack off, aren't you afraid of the leaders knowing about it?"

"It's fine, I'm doing legal aid work now, and I'll have to go down to the township after a while, but these few days are nothing." Li Yantong shook her head, "And I'm not all lazy at home, the preparatory work I should do still needs to be done."

She pointed to a stack of newspapers on the coffee table, and Ji Feng swept a glance and found that the top one reported a rural family extermination case, so he couldn't help but pick it up and look at it carefully.

He couldn't help but pick it up and read it carefully. It turned out that it was about a farmer who was bullied because the head of the village committee was running amok in the village, and he got into an

argument with the village head, only to be tortured by the village head who colluded with a deputy chief of the township police station and had him imprisoned for some random reason.

However, after he was locked up, the village chief's wife rushed into his house and beat up the farmer's wife, who was about to give birth, and as a result, she miscarried, but because she was about to give birth, she ended up bleeding profusely and died in hospital.

After this farmer came out, in a fit of rage, he took a kitchen knife and hacked the entire family of the village chief to death, and later on, when he went to seek revenge on the deputy chief of that police station, he was arrested.

After reading this report, Ji Feng couldn't help but frown, he had heard a lot of things about small cadres in townships or villages who fished the countryside, but this was the first time he knew of such a bad thing.

"After this farmer was treated so unjustly, it was because there was no channel to ventilate and no way to seek justice, so in the end he chose to use the most extreme method to take revenge for his wife."

Li Yantong sighed lightly, "I hope I can do my best to give some legal help to these people who don't have a voice."

Ji Feng nodded and was silent for a while before saying, "Sister, this kind of thing can be quite difficult to do."

Li Yantong nodded and said, "I know, that's why I joined the district's legal aid working group, it's naturally less difficult when there are more people doing it."

Ji Feng looked at her in a daze and suddenly smiled, "Sister, I support you, you're good!"

Li Yantong couldn't help but hit him and snapped, "Joking at me, are you?"

"No, what I said is true!"

Ji Feng said, "I also thought about doing something similar, not in terms of law of course, but I never put it into practice, in this regard, I am much worse than you!"

Li Yantong said: "Well, if you say more you should hold me up to the sky line, talk about you, you suddenly ran over, really not at all?"

Ji Feng shook his head and laughed: "It's not a big deal, just some words I want to talk to you about."

Li Yantong immediately asked, "What is it?"

"It's just"

Ji Feng gave a sarcastic smile, "It's about my girlfriend, that sister, you also know ha, I have several girlfriends, the other day the backyard started a fire"

He slightly embarrassed to tell the matter once again.

Li Yantong listened, really good and funny, she could not help but glare at Ji Feng, said: "I told you, your girlfriend is not Lei Lei and Yu Xuan? Where did you get several girlfriends, dare you you are really a"

Her mouth opened and opened before she didn't say the word bastard.

Although Ji Feng was her brother, when she heard that this kid actually had so many girlfriends, she was really shaken, this brat was really bad, originally she thought that Liu XXX was shameless enough, but she did not expect that this brother of hers was not a good person either!

Ji Feng said with a bitter smile, "Sister, I came just to talk to you, I'm also a little ashamed in my heart!"

"Somewhat?"

Li Yantong hummed and said, "If I were Lei Lei or Yu Xuan, I'd turn around and leave when I heard you say that, you failed them, and you're actually just a little ashamed?"

Ji Feng laughed bitterly.

Li Yantong shook her head helplessly and said, "It's also thanks to them that they all treat you so well, it's obvious how much they love you, you ah, in the future, you have to be good to them, otherwise, I won't even spare you!"

Ji Feng nodded and said, "Of course I will be good to them"

"Not only do you have to be good to them, you also have to curb your temperament and stop being so philandering!" Li Yantong glared at him.

Ji Feng could only nod his head with a bitter smile, but he didn't know what to explain.

He wanted to say that he wasn't philandering and had true feelings for all the women he had, but thinking back, he didn't say that, because in his sister's opinion, that must have been just an excuse too.

He now suddenly realised that it was actually a mistake to come and talk to his sister, although they were very close as siblings, but when it came to matters of male and female feelings, his sister was the one who was undoubtedly still on the woman's side.

"Snap!"

As they were talking, the lock of the room door suddenly rang, and the two of them immediately turned their heads to look, but they saw that Li Yueqin was carrying a vegetable basket in the entrance hall.

"Auntie, back!" Ji Feng smiled and stood up.

"Little Feng is here?"

When Li Yueqin saw Ji Feng, she immediately asked with a smile, "You came to see your sister, right?"

Ji Feng was stunned, then he nodded with a smile and said, "Well, it's also to see you."

"You have a heart."

Li Yueqin smiled and said, "Just in time, I bought fresh shrimps today, so you two siblings can chat while I go and clean up."

Ji Feng was just about to say no, but she heard Li Yueqin say again, "Xiao Tong, you just happen to tell Xiao Feng about your matter, maybe he can help you out too!"

"Mom~"

Li Yantong instantly snapped, "You hurry up and cook!"

"You child"

Li Yueqin then couldn't help but shake her head and said to Ji Feng, "Little Feng, then you sit first, auntie will go and cook for you guys!"

Ji Feng nodded, and only after Li Yueqin went into the kitchen did he sit down, looked at his sister Li Yantong and asked, "Sister, are you hiding something from me?"

Li Yantong shook her head and said, "No."

"Then what did Auntie mean by what she said just now?" Ji Feng asked.

"Don't listen to her nonsense, she just follows blind worries all day long" Li Yantong said, "It's better to talk about you."

"Sister, you still want to hide it from me?"

Ji Feng laughed, "I felt something was wrong just now, with your character how could you come to the house to slack off! Say it, what's going on?"

Li Yantong then shook her head helplessly and said, "It's not much, it's just Liu XXX"

Ji Feng frowned and asked, "What's wrong with Liu XXX?"

Li Yantong said, "He goes to my flat all day long, making me a little"

"He's harassing you?!"

Ji Feng immediately understood when he heard that and couldn't help but frown and ask, "Sis, Liu XXX is still pestering you?"

Li Yantong nodded and said, "I've made it very clear to him, but he" never mind, I think he'll die in a few days."

"It's not over yet?" Ji Feng couldn't help but frown, this Liu XXX, spying on his girlfriend, was discovered and actually had the face to pester? This is really a thick skin!

Ji Feng was a bit annoyed in his heart, being able to pester his sister so much that she couldn't help but hide back home, so it was clear that this Liu XXX had gone a bit too far!

He said in a deep voice, "Sister, you still have Liu XXX's phone number, right?"

Li Yantong nodded and said, "Yes, what's wrong?"

Ji Feng said, "You ask him out, I'll talk to him and tell him to stop pestering you."

"No, I'll just put my attitude out there." Li Yantong shook her head and said, "I can handle this matter, so you should not follow and get involved."

She knew Ji Feng's temper, if this matter let Ji Feng interfere, he would not be too aggravating to Liu thirty, even though they had already broken up, but Li Yantong did not want to embarrass Liu thirty too much.

Campus Master Chapter 2697

Ji Feng couldn't help but shake his head, this sister of his, ah, everything is good, only some weakness, too soft-hearted.

He said, "Sis, the more you back off like this, the more you might let Liu XXX see hope, think about it, he thinks that you are weak after he pestered you a few times, then if he continues to pester you, once your heart is soft, will you get back together with him again?"

"How is that possible!"

Li Yantong said at once, "I will never be with a man who is so careful and even spies on me all day long!"

The most important thing for two people to have together is trust.

If trust is lost, then there is no need to be together, or else she might be misunderstood as being on a date with another man if she is busy at work and might come home late one day. The actual fact that she might be just a thoughtless remark will cause the other party to resent it.

Such a relationship is not as painful as being single.

"But Liu XXX doesn't think so!"

Ji Feng said, "Although I've only met him twice, I can tell that this is actually a very scheming person, and this can be seen from his actions... for no reason, who in ordinary people would think of using mobile phone software to track and spy on their significant other?"

Li Yantong couldn't help but be speechless.

When Ji Feng saw this, he said, "Don't worry, as long as he doesn't mess around, I definitely won't do anything to him, but what should be said clearly must be said clearly, and what should be done must also be done, otherwise, there will definitely be countless troubles in the future."

Li Yantong frowned slightly, still somewhat hesitant.

Ji Feng could not help but secretly shake his head, then he casually picked up Li Yantong's mobile phone on the coffee table, handed it to her and said, "Sister, call Liu XXX."

He knew the character of this sister of his family, and that she had to be forced to do this kind of thing.

Now he finally understood why his sister was so keen on doing work in legal aid, it was very directly related to her character, she was kind and soft-hearted, so she couldn't see those disadvantaged people being bullied, and couldn't get used to seeing some people running amok and doing wrong.

“Alright.”

Li Yantong had to nod and said, “I will fight, but you have to promise me that you will never do anything wrong, understand?”

Ji Feng immediately raised his hand and said, “I promise! As long as he doesn’t make a mess, I will definitely not make a mess!”

In his heart, however, he added, “But if Liu XXX messes up, then don’t blame me for not being polite

Li Yantong was ice-snow smart and naturally heard what he meant beyond his words, only to think that Liu XXX probably wouldn’t do anything excessive, and in front of Ji Feng, he was afraid that he wouldn’t have this opportunity, so she hesitated for a moment and also pressed Liu XXX’s number.

The remaining light from the corner of Ji Feng’s eyes glanced over and found that his sister indeed no longer had Liu Xie’s number on her mobile phone, but she had remembered it in her head, so he couldn’t help but shake his head, it seemed that it still took time to make his sister completely forget this relationship.

“Liu thirty, let’s meet tonight you don’t misunderstand, just some words I want to say to you clearly that’s all.”

Li Yantong hung up the phone and pursed her lips, “Little Feng, I’ll trouble you with this.”

Ji Feng smiled and shook his head, “Sister, still so polite with me?”

Li Yantong reluctantly smiled, but there was a trace of bitterness in that smile. When she first fell in love with Liu thirty, what she saw was Liu thirty’s motivation, his cheerfulness and his humour, as well as his handsome appearance, but who would have thought that it would turn out to be like this in the end?

Naturally, it was difficult for her to be completely happy.

However, at home, she did not reveal it, but during dinner, Li Yueqin said, “Little Feng, this time you must make it clear to Liu thirty, so that he does not come to harass your sister again, you do not know, originally your sister did not answer his phone, he called the house, I heard the phone ringing my head was big.”

Ji Feng frowned and nodded, “Auntie, don’t worry, I’ll definitely talk to him properly!”

Li Yueqin was busy saying, “Of course, just talk to him clearly, we are not people who do wrong, so don’t do anything to people, just let him not harass your sister, from now on, each go his own way, okay?”

Ji Feng nodded and smiled and said, “Auntie, I know what to do.”

He had a more intuitive view of Li Yueqin, looking at her before, she might have been slightly mean to Liu Xie, but it was for the good of her daughter, and because she had seen through Liu Xie’s nature at a glance, and now that he thought about it, what she had done was already very restrained.

Even now, when her sister is being harassed, Li Yueqin only wants to talk to Liu thirty and go her own way in the future, and does not want to hurt Liu thirty.

It can be said that both Li Yueqin's mother and daughter are extremely kind in nature, and I'm afraid that this kind of character of the sister is also influenced by Li Yueqin.

However,.....

Ji Feng secretly coldly snorted, they mother and daughter are soft-hearted and kind, do not want to take Liu thirty, but this does not mean that he will be more polite to Liu thirty.

.....

The first thing you need to do is to get a good idea of what you are getting into.

Perhaps it was because Li Yantong had asked him to meet him, so Liu Xie was dressed in an extraordinarily hip and handsome way, his hair was also done up in a rather nice style, and the wristwatch on his wrist was reflecting the light faintly.

"Xiaotong"

When he saw Li Yantong, Liu XXX immediately stood up, full of joy and just about to say something, but suddenly saw Ji Feng standing next to Li Yantong, he choked, and the smile on his face couldn't help but stiffen.

Ji Feng looked at him with a calm face and said, "Mr. Liu, we meet again."

"Ji, Mr. Ji, how are you." Liu Thirty's face stiffened a little.

"Little Feng, sit down first."

Li Yantong touched Ji Feng's arm, indicating that there was a waiter waiting next to him and that it was easy to be seen as a joke when talking here.

Ji Feng nodded and let Li Yantong make it inside, and he casually sat down outside.

"What do you two need to order?" The waiter asked with a professional smile.

"No need for now."

Ji Feng said with an apology, "I'll call you if I need it later."

However, before his words left his mouth, he heard Liu XXX look at Li Yantong and said, "Xiao Tong, I remember that you like lattes the most, I've ordered one for you"

"No need!"

Ji Feng directly interrupted him and said indifferently, "We will order it ourselves if we need to!"

Liu XXX couldn't help but have some embarrassment, he looked at the waiter and said, "Go ahead, I'll call you later."

He could only use this to deflect his embarrassment.

After the waiter left, Liu thirty looked at Li Yantong and then at Ji Feng and finally could not help but say, "Mr. Ji, I would like to have a few words with Xiaotong alone, is that okay?"

Li Yantong frowned slightly and was just about to speak when she heard Ji Feng say indifferently, "No."

"Mr. Ji, although Xiao Tong and I had a conflict, but this is what we are after all," Liu XXX had not finished his words, when he heard Ji Feng suddenly sneer.

"Joke!"

Ji Feng was instantly exasperated, "You're still awake, aren't you?! You guys are just having a conflict? You're really good at finding excuses!"

With two words, Liu XXX choked his face red and a flash of indignation flashed in his eyes, but he managed to hold back.

However, this did not escape Ji Feng's eyes, but he smiled indifferently, looked Liu thirty up and down, and said, "Liu thirty, I came here today to talk to you about the matter between you and my sister."

Liu Thirty frowned and said, "Mr. Ji, isn't it a little for you to interfere in the matter between me and your sister?"

"That depends on to whom!"

Not waiting for him to finish, Ji Feng once again coldly interrupted, "To you, I would not be meddling, but protecting my sister!"

"You"

Liu XXX was instantly choked.

The first thing I want to do is to make it clear to you that my sister has already made it very clear to you that you should not harass her in the future, and you are also a law student or a lawyer, so you should understand that your harassment constitutes an offence! So, it's better to get along well, so that you can still leave a good impression on each other, and don't end up making things unpleasant for everyone, okay?"

Liu 30 argued, "I wasn't harassing her, I was trying to beg her to give me another chance, trying to explain to her, trying to talk clearly"

"There's no chance!"

Ji Feng directly interrupted him and said, "With all the things you did, do you think you'll have a chance?"

Liu XXX said, "I"

Dang dang!

Ji Feng reached out and suddenly knocked on the table, instantly making Liu Thirty three's words stifled, "Liu Thirty three, I've told you everything that needs to be said, from today, from now on, don't harass my sister, and anyone around her, otherwise, next time I won't be so polite to you, and I won't be so patient!"

Liu XXX's face changed, "You're threatening me?"

Ji Feng gave him a look, "A person like you is also worthy of me to threaten?"

"You"

Liu Thirty immediately burst out in anger, for him Ji Feng's words were simply a strange shame.

Pop!

Ji Feng flung his hand and smacked Liu thirty's hand to the side and said coldly, "Don't point your finger at me! Liu thirty, for the sake of my sister I've been saving face for you, don't force me to throw you out on the spot!"

Liu XXX's face turned red and he looked at Ji Feng with a strong flash of hatred in his eyes.

Ji Feng, however, leaned back and put his hands on his arms and suddenly asked, "Liu thirty, you are a lawyer, right? How's the income?"

Liu thirty was extremely annoyed by the humiliation and thought Ji Feng was going to humiliate himself again, so he couldn't help but say angrily, "How about I'm a lawyer! It's none of your business how much I earn!"

"It's none of my business!"

Ji Feng laughed disdainfully and said, "If I remember correctly, you should still be a little-known lawyer, so I guess your income is not too high, right?"

Liu XXX said angrily, "So what?!"

Li Yantong hurriedly touched Ji Feng, signalling him not to say anything.

But Ji Feng smiled: "So what? I'll say it, just in case you don't have the courage to answer!"

When he said this, he suddenly sneered and his face sank: "You don't earn much, but the watch you're wearing is very nice, much better than mine, if I remember correctly, this watch of yours was sold for more than 100,000 a piece four years ago, where did you get the money to buy such a nice watch?"

Campus Master Chapter 2699

"Hey, what's going on?"

The commotion in the card table here has long alerted the cafe's waiter, who in turn hurriedly reported to the manager, and when the manager came out to take a look he couldn't help but be astonished, how could there be a big fight here?

Ji Feng did not pay attention to the manager, but only looked at Liu XXX who was thrown to the ground and said disdainfully: "As a man, don't always rely on a mouth to get around, except for this mouth you are simply useless!"

The face of Liu thirty was red and red, Ji Feng's words were like a few hard slaps on his face, making him extraordinarily embarrassed, and the hatred in his heart was so full that it was about to explode.

The hatred in his eyes did not escape Ji Feng's eyes, but Ji Feng did not care, he had already warned Liu XXX what he should have warned, if Liu XXX still dared to act recklessly, he would know the consequences by then!

"Little Feng, stop it, let's go." Li Yantong, however, could not bear to look at this, especially when she saw that Liu thirty was not only thrown to the ground, but even more so as if a layer of his face had been torn off, she could not help but feel a little soft.

After all, she had once been in love with Liu thirty, and when she thought about that time, Liu thirty was still good to her, and when she saw Liu thirty in this state now, she really couldn't bear it in her heart.

The first thing you need to do is to get a good idea of what you're doing.

It is not that there are no poor people, rather there are quite a few.

However, I don't know how many children from poor families, relying on their own struggle or hard work, have a foothold outside, and even gradually mixed with not small achievements.

Even the top gentry in Yanjing nowadays, their ancestors were all from the mud, which is no big deal.

Ji Feng had always considered his experience of being a child of a poor family to be a valuable asset, and after experiencing those hard times, nothing could ever be difficult for him again.

Could anything be more miserable than those days?

However, this was not the case for Liu Thirty. This man was not only inferior in his heart, but in Ji Feng's view, Liu Thirty was narrow-minded and used a strong sense of pride to cover up his inferiority complex, which made him become nothing but a smart-ass again, thinking that this would cover up his poor status.

But in reality, in his heart, he had already distinguished himself from others – others were rich, he was poor, he was no match for others!

The psychological inferiority complex had transformed Liu XXX's mind.

Or to put it more seriously, this man is not good by nature!

Now he was still just opening his mouth to lie, later on, as his mind became more and more twisted, he might do something!

Looking at the back of Ji Feng and Li Yantong, Liu XXX's eyes were filled with an unconcealable hatred, and now that Ji Feng was gone, he didn't need to hide it anymore, the pain in his mouth and the burning sensation on his face was like a whip on his body.

"This gentleman, are you alright?" The manager stepped forward and asked.

"Yes!"

With hatred in his eyes, Liu Xie stood up on his own, gritting his teeth as hatred surged wildly in his heart!

.....

“Little Feng, why did you do it just now!”

On the way back, Li Yantong was silent for a while and finally couldn't help but say, “Why don't we just make an emergency call and have him go to the hospital?”

Ji Feng shook his head helplessly and laughed, “Sister, just don't worry, I controlled the force when I did it, he can't die!”

Sister is just soft-hearted, this is her strength, but at times like this, it is also her weakness.

Li Yantong pursed her lips and didn't say anything else.

Ji Feng looked at her face and understood in his heart that she was afraid that she was still somewhat uncomfortable. Of course, the fact that he had hit Liu thirty was only one of the reasons, but I was afraid that there was another aspect because of the watch Liu thirty was wearing on his hand and the smell of perfume on him.

No matter which woman encounters this kind of situation, I'm afraid she won't be comfortable, looking at this Liu thirty obviously has close contact with other women, but still come to pester herself, and mouths saying that she loves herself

This is simply ridiculous!

But if she doesn't mention it, Ji Feng will naturally not say anything.

Back at Li Yantong's house, just after talking for a while Li Yueqin couldn't help but take advantage of the time when Li Yantong went to the bathroom to ask Ji Feng, “Little Feng, how is the situation?”

Ji Feng smiled and said, “Auntie, don't worry, I've already warned Liu XXX, I think he won't harass sister again in the future.”

Li Yueqin immediately asked, “You didn't do anything to him, did you?”

Ji Feng laughed, “No, I just warned him and made it clear to him.”

Having slapped Liu XXX with his hand and the details of the situation at that time, Ji Feng did not feel the need to tell Li Yueqin, it would only add to her worries and was unnecessary.

When Li Yueqin heard that, she couldn't help but let out a sigh of relief and said repeatedly, “That's good, that's good. We are not unreasonable people, nor are we willing to hold a grudge against someone, as long as he doesn't come to pester your sister.”

Ji Feng nodded and smiled at his words, saying to himself that it seemed that his sister had inherited a large part of Li Yueqin's character, being principled and decent, but not the kind of person who would bully others.

This made him feel a little bit more good about Li Yueqin.

“Knock knock knock!”

Just as he was talking, there was a sudden knock on the door from outside.

Li Yueqin froze and said to herself, “It's already this time of the day, who else would come?”

Ji Feng immediately said, "Ask who it is first."

Li Yueqin nodded, looked through the cat's eye on the door, and couldn't help but turn back and say, "Little Feng, it seems to be a few police officers outside!"

Ji Feng smiled and couldn't help but faintly stare, police officers?

"Is anyone home? We're from the police station!" At this time, a man's voice came from outside.

"May I ask what you guys want?" Li Yueqin asked through the door, but did not open it immediately.

Having lived with her daughter for more than twenty years, Li Yueqin had long since developed the habit of being vigilant, especially at night, so she naturally had to be even more vigilant, and did not trust the other party unconditionally just because they were wearing police uniforms.

The voice outside the door said, "We have received a report that Li Yantong is involved in an assault case, can you please open the door?"

"An assault case?"

Li Yueqin was taken aback and said out of breath, "You're mistaken, aren't you? How can my daughter be involved in an assault case? You've got the wrong person!"

However, the voice outside the door said, "You are the head of the household, Ms. Li Yueqin, right? Li Yantong is your daughter, right?"

"Yes." Li Yueqin said.

"Then you are right, please open the door, otherwise we will have to take compulsory measures until tomorrow!" The policeman outside the door said.

"This"

Li Yueqin could not help but be embarrassed, her heart was even more shocked, what was going on? How did her daughter get involved with the injury case again?

And at this time, Ji Feng is heard a general, he also vaguely understand what is going on in his heart, can not help but say: "Auntie, open the door, this thing is my doing!"

"Ah? You did it?" Li Yueqin was surprised.

"Well, when I went to see Liu XXX today, his behavior made me too disgusted and I slapped him!" Ji Feng said.

"Ah?!"

Li Yueqin was stunned: "Little Feng, you're"

"It's okay, auntie, don't worry, Liu XXX didn't do anything, I'll just handle this." Ji Feng smiled and walked to the door, comforted Li Yueqin twice, then directly opened the door, he saw three police officers standing outside the door, he could not help but smile, "It was Liu Thirty who reported the police, right?"

The policeman in the lead nodded, "That's right, the person who reported the case is called Liu XXX
hmm? You are the one who did it?!"

Ji Feng smiled without the slightest surprise, but only asked, "Is there any evidence?"

"We have already retrieved the CCTV footage at the cafe where the incident happened, and it proves that it was you who did it to the person who reported the incident, please come with us!" The policeman in charge said, "Also, there is Ms Li Yantong, please call her out and come with us too"

"It was me alone who did this, it has nothing to do with her, you all saw it on the video, right? There's no need to call her." Ji Feng waved his hand and said, "I'll just go with you guys! However, I need to take a look at your documents before I go!"

The policeman nodded and said, "No problem!"

He took out his ID from his jacket pocket and flashed it in front of Ji Feng, then said, "Ms. Li Yantong must also come with us, the person who reported the case claims that she is the mastermind of this matter!"

Ji Feng's face sank: "He's bullshitting!"

"Comrade police, could there be a mistake? This is my nephew, my daughter, how could they have taken the initiative to hurt someone? Liu thirty that is a scoundrel general ah, how can you guys just listen to his words!" Seeing this, Li Yueqin immediately became anxious and could not help but say.

Ji Feng said with a sullen face, "Three of you, it's fine to cooperate with you in the case, but this matter has nothing to do with my sister, that bastard Liu 30 is talking out of his ass!"

The policeman in the lead frowned at once: "Watch your mouth, we have to follow the rules and carry out the procedures, ask Ms Li Yantong to come out!"

"What's wrong?"

Just at this time, Li Yantong, however, happened to hear the commotion and came out from inside, seeing the situation at the door she couldn't help but faintly stare.

"You are Li Yantong, right? Please come with us!" The policeman in charge said.

However, when Li Yantong figured out the situation, she instantly turned red with anger: "Nonsense! Little Feng only slapped him once, how come he's involved in an injury case? Comrade police, I am also in the legal field myself, Xiao Feng's actions did break the law, but it is not yet called an injury case, Liu XXX is not even a minor injury"

The police officer shook his head and said, "It's not up to you whether it's an injury case or not, now the person who reported the case has already gone for an injury examination, if the final identification conclusion is above the level of minor injuries, this will turn into a criminal case, now, go back to the police station with us first!"

Campus Master Chapter 2700

"Little Feng"

Li Yantong was immediately anxious, she immediately said, "I'll call Liu XXX, he"

Before she could finish her words Ji Feng stopped her with a smile and said, "Sister, don't be anxious, since people have already reported to the police, then follow the procedure, it's fine!"

Li Yantong said sharply, "But you"

Liu XXX had already gone for an injury test, if the result of a minor injury was really found, then this would be a criminal case and could totally be sentenced!

Even if Ji Feng will not have to go to jail when he uses his connections, this will definitely be no small trouble.

Ji Feng waved his hand with a smile and said, "Don't worry, it's really fine."

He knew exactly what he was doing, and Liu thirty's injuries definitely didn't constitute minor injuries, and it would be interesting if Liu thirty really tested out for minor injuries!

Li Yantong said anxiously, "Little Feng, you don't know, it's not difficult to test for minor injuries, you just need"

She glanced at the three policemen standing waiting at the door and hesitated for a moment before saying, "As long as he has more than two broken teeth, they can all be considered minor injuries if pursued seriously"

Li Yantong is a law student, she is extremely proficient in this area, she knows very well that if you want to test for minor injuries it is actually very easy, sometimes two people fight, maybe both sides are not injured, just one of them accidentally cut a gash on the other's face with a fingernail, as long as the gash is slightly larger, it can be counted as a minor injury.

When she was at university, this was a very typical case cited by her tutor, so she was extremely impressed.

At that time in the cafe, Li Yantong saw very clearly that what Liu XXX had spat out were two broken teeth, and if this was added to the injury on his face, it could actually constitute a minor injury altogether!

This was also why she was so anxious.

But Ji Feng smiled at her words but still smiled and shook his head to comfort her, saying, "Sister, just put your heart back in your stomach in peace, there is absolutely nothing wrong with this matter, don't worry!"

How could Li Yantong be at ease? She couldn't help but stomp her foot and said, "No, since you won't let me call, then I'll go with you! Didn't Liu Xie report that I was the mastermind? Then, I'll be the mastermind"

"Sister!"

Ji Feng suddenly raised his voice and interrupted her, "Don't talk nonsense, if I say it's okay, it's okay, just one Liu 30, it can't turn the sky upside down!"

The first time I saw a lawyer, I was really angry and anxious.

But when she saw that Ji Feng was not listening to her advice, she had no choice but to go along.

She wanted to go after her daughter and Ji Feng, but she knew that even if she did, she would not be able to do anything, but would only add to the chaos.

She had no choice but to rush back into the house and dial Ji Shaodong's phone number.

"Hello, Shaodong, this is Auntie Li."

Li Yueqin's face was blue with anger, yet she was very anxious: "You should go to the police station quickly, Xiao Tong and Xiao Feng have been taken away by the police!"

When Ji Shaodong, who had received Li Yueqin's call, heard this, he could not help but be shocked: "Taken away by the police? Xiao Tong and Xiao Feng? When did Xiao Feng come to Jinling?"

Li Yueqin said: "Just arrived today, Shaodong, let's not talk about so much, you quickly think of a way, Xiao Feng has beaten someone, people now want to sue him for injury, I heard Xiao Tong say, this is bad seems to be sentenced to jail ah!"

Ji Shaodong smiled and immediately became cautious and asked, "Auntie, don't be anxious, take your time, what's going on?"

When Li Yueqin quickly told the story, Ji Shaodong immediately said, "Auntie, I know, don't worry."

When Li Yueqin heard this, she couldn't help but say, "How can I be relieved, you two brothers have the same tone of voice, opening your mouth to reassure us"

The first time I heard this, I couldn't help but laugh: "So, Little Feng is sure of himself, huh? Auntie, since this is the case then you can rest assured that they are definitely fine. Besides, I'll find out more about the situation on my side first."

Because the police station where the policemen who took Ji Feng and the others belonged to was not in his jurisdiction, so he could only understand the situation for the time being, and as for intervening, it would depend on the situation.

However, this was something he naturally wouldn't say to Li Yueqin, otherwise she would be even more worried.

"Then you hurry up!"

Having received Ji Shaodong's assurance, Li Yueqin was more or less relieved, she did not believe in her heart that Ji Feng was a bad person, and even more so that her daughter could be the mastermind of the beating, all along it was that Liu XXX who was ill-intentioned, but now the people who were caught instead became Xiao Feng and Li Yantong, which made Li Yueqin really a bit angry.

But there was nothing she could do but wait for Ji Shaodong's news!

"This unethical thing!"

Li Yueqin was so angry that she couldn't help but curse, and she was also angry that her daughter was blind, how could she have found such a thing at that time, and now she was being victimised by him instead!

Thinking about it, Li Yueqin was afraid that Ji Feng would really break someone, and that would be troublesome.

Li Yueqin sat on the sofa with her heart in a tizzy.

At the same time, Ji Feng and Li Yantong were taken to the police car that had been waiting downstairs. The policeman in charge of driving saw the people coming up and couldn't help but ask, "Team Chen, have you caught the people?"

"Drive on."

The policeman in charge waved his hand, and then he was about to ask the other two policemen to handcuff Ji Feng, but he was stopped by Ji Feng reaching out.

"Several people, handcuffs are not necessary, after all, the matter has not been finalized yet, right?" Ji Feng said, "If I really want to escape, just your handcuffs won't be able to stop me!"

"Humph!"

The policeman in charge couldn't help but snort coldly, what a big mouth, handcuffs can't even stop you?

But he also knew that Ji Feng was right about one thing, the matter had not yet been finalized, so the handcuffs were not necessary.

The police officer in charge of driving at this time was yo-ho: "What a big mouth, even handcuffs can't stop you? You think you're Superman, huh?"

Although the other two policemen didn't say anything, looking at their expressions they obviously agreed with what the policeman driving the car said, they thought that Ji Feng was too wild.

Ji Feng, however, just smiled indifferently, there were times when no one believed in telling the truth instead.

"By the way, your name is Ji Feng, right?"

After a while, the driver who was in charge of driving suddenly asked a question.

Ji Feng ignored him, since these policemen had come to arrest him, would they not know his name?

The policeman who was driving saw Ji Feng's cold response and couldn't help but turn his head to look at him, but because Ji Feng was doing it by the side, he didn't see it, but he also stopped talking.

Soon, the car drove into the police station, and when they got out of the car, the policemen were about to take them to the interrogation room.

And just at this time, but suddenly came a cry of alarm: "Ji Feng?!"

Ji Feng immediately turned his head to look, and saw a policeman get down from the driver's seat of the police car, looking at him with a suspicious face and asked, "Are you Ji Feng?"

Seeing this person, Ji Feng couldn't help but stare, and when he saw this face, he couldn't help but frown slightly, and then an already unfamiliar name came to his mind.

"Du Yang Yi?"

Ji Feng asked tentatively, "You're Du Yang Yi?"

Who knew that the policeman, upon hearing this, burst into laughter, "You're really Ji Feng? I told you, your surname is already rare, and you're also called Ji Feng, this same name and surname thing is a bit too coincidental, I dare say it's really you!"

"Xiao Du, you guys know each other?" The policeman at the head of the group saw this scene and couldn't help but ask.

"Yes, Team Chen, his name is Ji Feng, he's my junior high school classmate, originally I felt some familiarity when I heard his name, at that time I guessed if it could be him, but I wasn't sure, I didn't expect it was really him!" The policeman named Du Yang Yi said with a smile.

The police officer in charge nodded and waved his hand, "Take him to the interrogation room first, Little Du, since you know him, you have to avoid suspicion in this case, you have learned all the discipline of the police force in the police academy, right?"

Du Yang Yi immediately nodded and said, "Understand that, old schoolmate, I'm really sorry, I have to avoid suspicion, this is discipline."

Ji Feng smiled and said, "That's as it should be, well, we'll catch up later."

Du Yang said with a nod, "Okay, no problem."

After the two of them briefly exchanged pleasantries, Ji Feng and Li Yantong were brought into the interrogation room, he couldn't help but shake his head, he didn't expect that he would actually meet his old classmates here, which really surprised him a bit.

When he was in primary and junior high school, and even in high school, Ji Feng also had an inferiority complex and was not good at socialising with others, and could even be said to be quite a misfit, so he barely had a few friends until he went to university, and only had a brother in Zhang Lei who was a lifelong friend.

Especially in primary school and junior high school, he had almost no friends, but the only ones he could talk to a few times, but also because of his low self-esteem, he didn't go too deep into a relationship.

This Du Yang Yi, was one of them.

In Ji Feng's impression, this Du Yang Yi was also small in stature when he was in junior high school and was also bullied, which was why they had some common topics and were able to have a few conversations together.

It was only later that Ji Feng did not have much time to make friends because of family and financial reasons, plus in high school the two of them got into different high schools, so they lost contact.

But it was not expected that they would meet again here.

If Du Yang hadn't recognised him first, I'm afraid he wouldn't have noticed that there was actually a classmate here who had become a policeman!
