

Campus Master 2721

The information in Ji Feng's words brought a shock to Fan Yishui and Du Yang Yi. Although Du Yang Yi did not know much about the strength of the Tengfei Group, the Kang Yuan slimming powder and the 3-D television set that were popular nationwide were really famous.

In fact, Du Yang Yi's thinking is indeed normal and reasonable.

As Kang Yuan slimming powder continues to sell well, after several years of accumulation, now although it has become more and more stable, but the sales are still growing steadily.

Just a while ago after Xiao Yuxuan went home in anger over Qin Shujie's matter, Ji Feng had nothing better to do than to look at the Tengfei Group's statements and found that in that previous quarter alone, Xiao's Pharmaceutical Factory had provided Tengfei Group with a profit of more than a billion dollars just from the Kang Yuan slimming powder alone!

Even Ji Feng couldn't help but feel shocked when he saw this statement!

This is only a quarterly statement, if it were a full year, what would it be?

What's more, the sales of Kang Yuan slimming powder hardly had any off-peak seasons, although it was said that people advocated health maintenance in winter and the sales might be slightly reduced, but this was still scary enough.

Only then did Ji Feng realize that, unknowingly, the Tengfei Group had grown to such a powerful point!

And this was only one item of Kang Yuan slimming powder, if we added in the 3d TV set, it would be even more so.

What's more, the negotiations between the Tengfei Group and the German Siemens Group are now at the final stage. Once the cooperation is successful and the 3D TV sets are successfully launched into the world market, the Tengfei Group will definitely make a qualitative leap again, even if a large part of the profits are made by the Germans, the Tengfei Group will still be able to make huge profits!

So now the reputation of the Tengfei Group is no worse than that of the health care company that created the sales miracle back then. The reason why that health care product was such a big seller back then was almost in large part due to the advertising bombardment that made the people form an inertia.

The company's Kang Yuan slimming powder is a real marketplace won by effectiveness and word of mouth, which is obviously different.

So after a few years of doing that kind of health care products, the market is shrinking, and now almost no one asks for it, while the sales of Kang Yuan slimming powder is getting better and better.

As you can imagine, the fame of the Tengfei Group is naturally not too small.

Perhaps those large group companies with tens of billions of dollars or even hundreds of billions of dollars in assets would not put Tengfei Group in their eyes now, but at least Tengfei Group has risen in

just four or five years and grown to its present level at a speed that is mind-boggling, which makes people look at it sideways.

What's more, with the continuous sales of Tengfei Group's products, it's only a matter of time before Tengfei Group is ranked among the 10 billion.

Therefore, once Ji Feng said that his girlfriend was actually the boss of the Tengfei Group, Fan Yishui's surprise was even stronger than Du Yang Yi's. However, apart from the surprise, Fan Yishui was also surprised.

However, apart from the surprise, Fan Yishui looked at Ji Feng with a different color in her beautiful eyes.

"Yishui, why are you looking at me like that?"

Ji Feng coughed lightly, Fan Yishui's watery eyes looked more or less strange to him, and although it wasn't so uncomfortable, he wanted to ask.

He said in his heart, Fan Yishui's pair of eyes really grew in the wrong place, if it was placed on a noble and elegant noble's woman's face, it would definitely make her charm skyrocket instantly.

But this pair of water-like eyes on Fan Yishui's face, although equally beautiful and moving, but for such a woman who can be cool from time to time, is inevitably a bit incongruous.

The first thing that happened was that Ji Feng couldn't help but laugh, he was thinking a little too much.

If she was the same as those celebrity noblewomen, then the most this world would be is just one more celebrity noblewoman!

In this instant, many thoughts flashed through Ji Feng's mind.

However, Fan Yishui's reply was still out of his expectation, only to see Fan Yishui's beautiful eyes looking him up and down before frowning slightly, seemingly in thought, and asking, "Ji Feng, why does this name sound so familiar?"

Ji Feng was stunned: "Familiar?"

Du Yang Yi couldn't help but laugh at his words, "Yishui, isn't that the same as not saying it, it would be strange if you didn't think it sounded familiar!"

"That's not what I meant!"

Fan Yishui slowly shook her head and said thoughtfully, "Ji Feng, you're in Jiangzhou, aren't you?"

Ji Feng nodded, "What's wrong?"

Fan Yishui's eyes suddenly lit up, "I remember now Ji Feng, Ji Feng! That's right, it should be you!"

Ji Feng was really puzzled by what he heard, he looked at Fan Yishui suspiciously, and then at Du Yang Yi, and asked, "Old Du, go ask the boss, this kebab he has is not fake from the poisoned rat meat, right?"

"OK! I'm normal in the head, neither poisoned nor insane!" Fan Yishui said, but her eyes were staring straight at Ji Feng, and she didn't move her gaze from his body.

“Yishui, what’s wrong with you?” Du Yang Yi also couldn’t help but feel a little strange.

“Phew~ I say!”

Fan Yishui, however, nodded slowly and said, “Ji Feng, you’re really deep in hiding!”

Ji Feng was confused by what he said and was about to ask, but Fan Yishui said with emotion, “I heard that there was a person who once entered Jiangzhe alone, but overturned the Golden Dragon Group, and even caused a big earthquake in the officialdom of Jiangzhe, almost making more than half of the top officials of Jiangzhe fall, this person is you, right? ”

Ji Feng smiled and froze, Fan Yishui even knew about this?

He couldn’t help but say, it looks like the Fan family’s strength in Gusu is not small, otherwise, she would not have access to this information, much less say things like the earthquake in the officialdom of Jiangsu and Zhejiang.

Ji Feng was surprised, and Du Yang Yi was even more stunned. When he heard Fan Yishui’s words, he immediately asked, “What? Yishui, what did you just say? Are you sure you’re not mistaken?”

Ji Feng went to Jiangsu and Zhejiang alone and overturned a group but the strength of any group that can be called a group is definitely not something ordinary people can speculate about, not to mention that Ji Feng also caused an earthquake in the officialdom of Jiangsu and Zhejiang?

How does Du Yang Yi feel like listening to the sky book?

“Yishui, it seems that your family business is not small ah!” Ji Feng smiled and said.

“It’s really you?” The cool look on Fan Yishui’s face was gone, finally replaced by shock.

Du Yang Yi was even more unbearable, he almost didn’t bite his is tongue off when he heard the words, looking at the bashful smile on Ji Feng’s face, he realized that the little carrot head he knew back then had long since grown to a height that he couldn’t even imagine!

It was ridiculous that that Chen Teng was still showing off his wealth in front of Ji Feng, it was really enough to make people laugh their heads off!

“Let’s not talk about that.”

Ji Feng waved his hand and smiled, “Old classmates meeting, let’s talk about something happy.”

Fan Yishui’s beautiful eyes glanced at him and said, “Then let’s drink.”

Du Yang Yi also followed suit: “That’s right, that’s right, drink, knowing that Ji Feng is doing well, we are all happy along with him, right?”

Ji Feng smiled and nodded, also in a comfortable mood, Fan Yishui and Du Yang Yi are not the kind of people who climb up the dragon and phoenix, especially Du Yang Yi, himself is only a small police officer, but before not to go to befriend Chen Teng, now after knowing a part of his identity, the same does not have any different, this kind of people, it is good to be friends.

And naturally, Fan Yishui needs no further explanation, her own kind of personality determines that it is almost impossible for her to please anyone like other girls do, let alone say something more excessive.

The fact that he was able to meet two old classmates, and two old classmates who were not too utilitarian and could still talk to each other, Ji Feng felt that this was the biggest gain he had made when he came to Jinling, apart from cleaning up after Liu XXX!

This meal was drunk almost until the early hours of the morning, but several people didn't drink a lot and didn't eat much either, after all, they had already drunk a lot at the Xinyuan Hotel before, so they sat around mainly just chatting and catching up.

"Old Du, do a good job!" Before parting, Ji Feng patted Du Yang Yi's shoulder, people have their own ambitions, as a friend the only thing he could do was to encourage.

"Don't worry, even if it's because of Chen Teng, I'll still do well!" Du Yang Yi said.

Ji Feng couldn't help but smile, Chen Teng's existence, on the contrary, had become a counterfactual and a motivation for many people to get ahead, right?

Because it was already late at night, Ji Feng and Du Yang Yi first found a nice hotel nearby to arrange for Fan Yishui to stay, and then only then did they each go back.

"Old classmate, that's it!" Ji Feng nodded his head and smiled.

"There will be many more opportunities to meet in the future Take care!" Fan Yishui smiled.

However, the old classmates who had not seen each other for many years had to part at first sight, several people were still more or less moved, but Fan Yishui opened her arms slightly, Ji Feng smiled brightly and took two steps forward and hugged Fan Yishui.

The first time he entered his arms, a faint fragrance reached Ji Feng's nostrils.

"Take care, see you next time!" Ji Feng patted Fan Yishui's back with one hand and smiled.

"Bye!" Fan Yishui said.

"I want a hug too!" Du Yang Yi looked a little uncomfortable next to him, "Yishui you are looking at people, we have met several times, but every time we parted we didn't see you wanting to hug with me either"

Fan Yishui smiled, and after separating from Ji Feng, he also hugged with Du Yang a. The bastard had an intoxicated look on his face and murmured, "God, buddy finally hugged a school girl!"

All three of them laughed.

Everyone knew that this was just a way for old classmates to express themselves in this way because they were moved and unhappy, there wasn't any male-female love in it, and that was precisely why everyone was able to be so generous, if they really had personal feelings, I'm afraid anyone would have squirmed.

"Pretty good!"

Ji Feng thought secretly in his heart and smiled faintly.

Campus Master Chapter 2722

The day after the party, Ji Feng went back to Jiangzhou.

He could not stay in Jinling for too long as he had a lot of things on his hands.

However, before he left, he received a call from Du Yang Yi, telling him a piece of news that surprised him – last night, the police station where Du Yang Yi was, received an alarm from Zhao Xinyuan, the boss of Xinyuan Hotel, saying that someone had stolen something from his daughter, Zhao Shanshan, for a huge amount!

“Stole something?”

Ji Feng froze at his words and laughed: “Zhao Xinyuan’s family is huge, her daughter bought a random watch for her boyfriend for a hundred thousand dollars, what’s the point of losing something! Wait, Zhao Xinyuan wouldn’t suspect us of stealing his daughter’s things, would he?”

The people who were at the scene at that time, apart from Zhao Xinyuan and the hotel people, were only their classmates who attended the party.

And if Zhao Xinyuan called the police, how come it felt like it was aimed at them?

Du Yang said with a smile, “Zhao Xinyuan is rich and nice, but, the key depends on who is stealing things!”

Ji Feng asked with some suspicion, “What do you mean?”

Du Yang Yi laughed heatedly twice and said, “Zhao Xinyuan reported to the police that a young man called Liu XXX approached his daughter with flowery words and took the opportunity to steal after he got acquainted!”

“What?!”

When Ji Feng heard this, he couldn’t help but be a little stunned: “Liu Thirty? Stealing?”

He was really amazed for a moment!

Liu Thirty went so far as to steal from Zhao Shanshan? How did this play out?

“Then how did you guys handle it?” Ji Feng asked.

“I wasn’t involved in this case, but now Liu XXX has been brought in for questioning!” Du Yang Yi said, “And also with him is the owner of Xinyuan Hotel, the person who reported the case, Zhao Xinyuan.”

Ji Feng nodded, it made sense for the person who reported the case to follow him over, although Zhao Xinyuan was the big boss, but I thought that since Liu XXX had angered him, it wasn’t going to end that well.

“Zhao Xinyuan asked me to bring you a message.” Du Yang Yi suddenly said.

“What’s the message?”

“He said that he would definitely give you a satisfactory explanation!” Du Yang Yi said, but his tone was a bit odd, this kid Ji Feng was really a cow, to make even Zhao Xinyuan so cautious!

“So that’s how it is!” Ji Feng but immediately dawned on him. He was still a bit surprised, although this person was a complete villain, blind talk and not to mention, people have low self-esteem and vanity, and many vices and bad roots in his body showed the most, but to say to steal Zhao Shanshan’s belongings, and also a large amount, Ji Feng is still a bit surprised.

Now as soon as Du Yang relayed Zhao Xinyuan’s words, he immediately understood that it looked like it didn’t even matter whether Liu Xie was really stealing Zhao Shanshan’s finances or not, the real purpose of Zhao Xinyuan doing so was to give him an explanation!

Ji Feng couldn’t help but feel that Zhao Xinyuan started out as a Taoist, yet he was able to be a bastard to this point today and become a billionaire, it really wasn’t a fluke!

This man is decisive enough, and ruthless enough, and more than capable of putting up a fight and pulling off a face!

No wonder people often say that there are not many people in the jianghu, and now it seems that this is true!

He had seen with his own eyes how arrogant Liu XXX was, and if it wasn’t for his status, Du Yang Yi would have wanted to teach that bastard a lesson for Ji Feng, but he was a police officer himself and had to avoid suspicion in this case, so he could only watch on.

But who would have thought that Liu XXX, who originally thought he was in a position of power, would end up in such a situation in a blink of an eye, which made Du Yang Yi astonished and at the same time, he couldn’t help but let out a sigh of relief, thinking, “Let’s see how you can still be arrogant.

The two of them did not talk much, but only agreed to meet again next time if anyone had time. After hanging up the phone, Ji Feng hesitated for a moment with the phone in his hand, thought about it and dialed Fan Yishui’s number.

“Ji Feng!”

Fan Yishui’s voice on the phone was bright and cheerful.

Ji Feng smiled and said, “Up, right?”

Fan Yishui said, “You think I’m you! I’m already on my way back to Gusu, by the way, I remember there’s a stretch of road in front of me with good scenery, so I’ll take some pictures and pass them on to you when I get back!”

“Sure!” Ji Feng smiled faintly, “Be safe on the way, see you later.”

“Don’t worry.” Fan Yishui giggled, “Bye bye!”

After hanging up the phone, Ji Feng couldn’t help but shake his head and smile, this Fan Yishui, is really a very special person, coming and going as she pleases, extraordinarily dashing, but I don’t know how many girls are envious of her.

After greeting both Du Yang Yi and Fan Yishui separately, Ji Feng also started back to Jiangzhou. Before getting on the highway, Ji Feng thought twice about calling his elder brother, Ji Shaodong, and asked him to take care of Du Yang Yi if he had the chance.

The company's main goal is to provide the best possible service to its customers.

But if Du Yang Yi does not have the ability and commitment, then I'm afraid that's it for him.

This is also Ji Feng's idea, otherwise, if a person's ability is not enough, but still insisted on being brought to a high position, that is not helping him, but harming him!

Now, the opportunity is in front of Du Yang Yi, the key depends on whether he is ready for this opportunity and whether he is able to grasp it, and this, then, is not something that Ji Feng can decide.

After arranging everything, Ji Feng then returned to Jiangzhou.

"Dingdong~"

Halfway, Ji Feng received a MMS, he stopped at the nearest service area, opened it and looked at it, and found that it was indeed from Fan Yishui, there were a dozen photos in total, all of which were taken of big mountains, the trees on the mountains were lush and indeed extraordinarily beautiful.

Only then did Ji Feng see that the trees on the mountain were all bamboo, and even in the photos he could see the spectacular beauty of the sea of bamboo swaying in the wind.

Fan Yishui's shooting techniques and angles were also great, and it was evident that she should have played around with shooting a lot.

The last one, in particular, also seems to have been taken in a service area, with Fan Yishui standing out of the sunroof of the SUV she was riding in and taking a selfie, again with that sea of swaying bamboo in the background.

"That's pretty dashing!"

Ji Feng couldn't help but laugh, Fan Yishui's kind of life was really the envy of many people, and I believe that any girl who knew about her kind of lifestyle would envy it.

After reading the MMS, Ji Feng replied back, "Dashing woman, beautiful scenery, safety first."

A few moments later he received a text message, it was Fan Yishui who replied to him, "Thanks for the compliment, let's go, I'll send it to you again when I meet a pretty scenery on the way!"

Ji Feng couldn't help but touch his nose, smiled and drove on.

On the next journey, Ji Feng received two more MMS messages, both from Fan Yishui, but the scenery was different, each with a beautiful view.

It was not a lonely journey.

After returning to Jiangzhou, because there was no one at home, Ji Feng did not go home, but went directly to the headquarters of the Tengfei Group. However, as soon as he arrived at the company, he heard a piece of news that surprised him.

“What?!”

Ji Feng couldn't help but frown, and the cup he had just put up was immediately put down again, “Fan Jianyuan has been released?”

This news really made Ji Feng extremely surprised, before he went to Yanjing, Fan Jianyuan was arrested by Li RuoNan himself, at that time, Fan Jianyuan not only admitted the fact that he had shot him, but also acted extremely cooperative.

How come it was only a few days after he left, and Fan Jianyuan was released?

Zhao Kai nodded and said, “That's right, he was released just the day before yesterday, and at that time I personally took someone to see him and proved that it was indeed Fan Jianyuan himself.”

“You went there?”

Ji Feng was slightly stunned.

Zhao Kai nodded and said, “Mm. Anyway, now that I have nothing to do idly, and you all have your own things to do, I thought that I might pay more attention to the details, so I paid special attention to these things, and I didn't expect to really find something.”

Ji Feng smiled and could not help but be slightly stunned.

He looked at Zhao Kai and pondered.

It seemed that this was a new path, or maybe this was Zhao Kai's own search for a job that suited him!

“The afternoon before last, Fan Jianyuan walked out of the city bureau, and I went to inquire about the situation, but the answer I got was that there was tangible evidence to prove Fan's innocence, but I couldn't inquire about more specific information.” Zhao Kai said, “Then I thought about it and went to inquire in the name of the Tengfei Group, and that's how I found out that there was another murder case the day before yesterday!”

Ji Feng asked, “A murder case? What does this have to do with Fan Jianyuan being released?”

Zhao Kai said, “I have investigated, the deceased in this murder case is also related to the previous mega robbery case at the International Convention and Exhibition Centre, the deceased was one of the hostages at that time, and was also the department manager of a jewellery company.”

Ji Feng's eyebrows then slowly furrowed up again, these circumstances that Zhao Kai had investigated seemed a bit confusing, but in fact, there was quite a lot of information in it.

There was another murder case, and immediately after that Fan Jianyuan was released, and there was a very close connection between the two, so was it because this murder case could prove 100% that Fan Jianyuan was not the one who shot the black gun?

It is reasonable to say that this should be the case, otherwise the city bureau would not have released the person so easily, this case has caused a nationwide sensation, so sensitive, even if someone in it

wants to reach out and do something, I am afraid that they have to consider the impact and consequences.

"It seems that it is time to pay proper attention to this murder case." Ji Feng said thoughtfully.

"I've investigated this case too!" Zhao Kai pushed his glasses and said, "But right now I can't find out any more information, so I can't draw any conclusions."

Campus Master Chapter 2723

"I understand, you've done your best."

Ji Feng nodded slightly, he knew that Zhao Kai did not have any roots in Jiangzhou, he was able to investigate these situations and thought that he had been very attentive, in fact Ji Feng did not instruct Zhao Kai to investigate anything, these were all done by Zhao Kai on his own initiative, to be able to do this was already very good.

If Zhao Kai hadn't been following the case of Fan Jianyuan, he wouldn't have known that Fan Jianyuan had been released until now.

Thinking of this, Ji Feng suddenly had a movement in his heart as he looked at Zhao Kai and asked, "Kai Zi, you like doing this kind of thing?"

Zhao Kai nodded and smiled, saying, "I can't do anything else, I just think this is quite suitable for me!"

Ji Feng shook his head and laughed, but in his heart he couldn't help but have some thoughts.

Zhao Kai had a calm and steady personality, but was on the feminine side, so if he had enough social experience and readings, Zhao Kai would definitely be a pretty good military mentor.

Originally, Zhang Lei also suggested the same thing to Ji Feng, that Zhao Kai was a person with enough brains, extremely intelligent, and often able to help Ji Feng pick up the pieces when considering problems, and was definitely a pretty good helper.

However, the problem is that Zhao Kai does not know much about the situation at the top, as well as the situation between the top families and the powerful factions above, so often in many cases, Zhao Kai, a wise man, can actually not play a very big role, at most, he can only play a role in the problems of the Tengfei Group.

But this, apparently, is a bit too big for its own good!

Talent suitable for a group's development may be everywhere, but talent with strategic significance is not so easy to find.

Now Ji Feng, however, suddenly realised that Zhao Kai was surprisingly interested in intelligence and investigation, and a sudden movement in his heart gave him a vague idea.

"Kai Zi, I'll inquire about the specifics of this case, but for the rest, I still need you to pry, no problem?" Ji Feng asked.

"It's not a big problem, but the point is, I don't have anyone in my hands." Zhao Kai said, "Moreover, I still need an identity"

“These problems are not problems!” Ji Feng waved his hand and said, “The question is, do you want to do this job?”

“I think, I’m not too good at other jobs and I can’t do them, the only thing I like is poking around for information.” Zhao Kai laughed, “I didn’t even realize before that I had such a gossipy mindset and potential!”

Ji Feng also couldn’t help but laugh, “If this is called gossip, then I’m afraid that the Central Intelligence Bureau of Rice is the biggest gossip organization in the world!”

Here he squared his shoulders and said, “Kai Zi, seriously, if you want to do this job, I can meet any request you have, but there is one thing I must remind you, I don’t even know how far we will develop in the future, maybe we will be very, very brilliant in the future, even with our technological development, we will one day be able to go all over the world, even it’s possible that we will go to the universe.”

Zhao Kai laughed, “That’s great, I can only dream of that!”

“Just hear me out!”

Ji Feng waved his hand and continued, “This is just the good side, but the problem is, there is also the bad side?”

Zhao Kai froze slightly and asked, “The bad side? How do you mean?”

Ji Feng said, “I can’t say right now, but I’m just worried that one day as we get stronger and stronger, maybe we’ll become a target, and if you’re going to be in charge of intelligence, the first person who might become a target in the future will be you! Or even

He was silent for a moment and did not continue.

In fact, Ji Feng was trying to say that if it went on, he himself didn’t even know how far it would go in the future!

If all those epoch-making technologies in his head were to be taken out

No, even if only a small portion of them were to be taken out, it would be enough to cause covetousness all over the world, and even all kinds of complicated and cruel tussles!

At that time, I am afraid that Zhao Kai, the person responsible for intelligence, will be faced with an extremely mixed situation, and perhaps, there will be the most unwanted things happen.

However, Zhao Kai did not understand Ji Feng’s meaning for a while, he laughed: “It’s good that we can develop and grow! Besides, the situation may not be as serious as you say, there are intelligence-gathering departments in any large group of companies nowadays, I’m just responsible for gathering more information about the society.”

“Besides, if the Tengfei Group is developing greatly and quickly, then the technical department should be the first to be targeted, right?” Zhao Kai laughed.

If not, why would the company bother to set up a security department, and why would the person in charge of the security department be Yi Xingchen, who had once come from a gunfight and was even in charge of a mercenary group?

Moreover, almost all of the people in the security department were retired soldiers or mercenaries, and in an era when large-scale wars rarely break out, people like them are almost the most powerful single combat force!

If the group's growth caused others to covet it, the first to be under the most pressure would be the Security Department, and how could he, who was responsible for gathering intelligence, become a target?

Zhao Kai felt that Ji Feng was a bit over-worried about this point.

But in reality, Zhao Kai did not know what a huge and long plan Ji Feng had in mind, and what amazing technology he had in his head!

Even Ji Feng himself had no idea how far he could go in the future!

"It's good that you can think like that, let's just hope that what I'm worried about won't happen in the end!" Ji Feng shook his head with a smile, since Zhao Kai was so optimistic, then he didn't want to think about these troublesome things.

However, I'm afraid that Ji Feng himself didn't even anticipate that what he was worried about would actually happen later on, and that the situation would be even more serious than he had expected.

But now, Ji Feng didn't think about this, he began to discuss with Zhao Kai, assigning a scope of work and arranging manpower for Zhao Kai.

"Kai Zi, this manpower issue, are you going to pick it yourself, or do you want me to help you find it?" Ji Feng asked, "Are there any criteria?"

To inquire about intelligence, it definitely wouldn't work if there weren't enough people, and even if there were people on hand, but if the quality of the personnel was too low and they didn't have enough skills, then the same wouldn't work either.

Zhao Kai thought about it and said, "It's better for you to help find it."

"No problem!"

Ji Feng nodded and said, "Then tell me, what are all your requirements?"

Zhao Kai suddenly grinned and said, "So what, I think Wang Xin and Yang Yu are both good!"

When Ji Feng heard that, he couldn't help but shake his head, he waved his hand and laughed, "You kid really dare to think! These two people you are not to think, they are not likely to come over, except for the necessary time can assist you, other than that you should not think much about it, or consider others!"

Just kidding!

What kind of people were Wang Xin and Yang Yu? Those were the two people with the most powerful computer technology under Ji Feng's hand, especially Wang Xin, not only top technology, but also know how to manage, people are also smart, like this kind of talent, Ji Feng is still begging for it now, how could it be directly allocated to Zhao Kai?

If in the future, with the rapid development of the Tengfei Group, perhaps Wang Xin and Yang Yu can play a greater role, or Zhao Kai's role is becoming more and more obvious, it is not impossible, but now, do not even think about it.

Zhao Kai also knew that his idea was somewhat unrealistic, so he only mentioned that it was naturally best if Ji Feng could agree to it, but if he couldn't, then he should just pretend he hadn't said it.

"I want professionals, at least two!" Zhao Kai got serious, "I plan to start from two aspects, one is dark and one is open"

"You don't need to tell me the specific concept, just say what kind of talents you need!" Ji Feng waved his hand, his greatest strength is that he knows how to delegate power, what's more, looking at Zhao Kai this open mouth, obviously considering is not a day or two, Ji Feng will naturally give him the greatest trust.

As expected, Zhao Kai then smiled, reached out and pushed his glasses, although he didn't say anything, the smile on his face was much wider.

"I need people with professional training in intelligence!" Zhao Kai said, "At least two!"

"I'll figure it out!" Ji Feng agreed without saying a word, he was looking forward to what Zhao Kai would be able to take this agency to!

.....

After having lunch with Xiao Yuxuan and Han Zhong and others in the company, and warming up in Xiao Yuxuan's office for a while, Ji Feng drove to the city bureau, he wanted to ask why Fan Jianyuan was suddenly released, and what kind of foul play that sudden murder case had!

The first person Ji Feng looked for was Li Ruonan.

He didn't even let anyone be informed, let alone any prior notice, and arrived directly in front of Li Ruo Nan's office door, casually knocking on the door.

"Please come in!"

Li Ruo Nan's voice came from inside.

Ji Feng directly pushed open the door and walked in with big strides, and saw Li RuoNan, who was wearing a police uniform, sitting behind her desk, holding a stack of documents in her hand, seemingly reading some information.

"Ji Feng?"

Seemingly not expecting the person who came in to be Ji Feng, Li Ruo Nan was slightly stunned, "Why are you here?"

Ji Feng said, "I heard that the person who shot me in the back was caught, so I came over to take a look!"

"Caught?"

Li Ruonan couldn't help but freeze when she heard that and said with some confusion, "No, who did you hear that from, why don't I know?"

Ji Feng was full of wonder as he asked, "No? Oh right, that's not called an arrest, I should say a surrender, it's that Fan Jianyuan who turned himself in a few days ago, didn't he admit that he was the one behind the black shot? How is the trial going now?"

As soon as Li Ruonan heard this she couldn't help but furrow her eyebrows and said, "I said why did you come all of a sudden, Ji Feng, I think you heard something, so you came over to deliberately amuse me, right?"

Campus Master Chapter 2724

Ji Feng, however, did not care about Li Ruonan's attitude and only asked indifferently, "What did I hear about the wind? How come I don't know?"

Li Ruonan said, "Isn't it just that Fan Jianyuan was released and you were uncomfortable in your heart, that's why you rushed over?"

"So this is what you're talking about"

Ji Feng shook his head and smiled, saying, "I came this time, indeed, to inquire about the news, but it was definitely not just for Fan Jianyuan."

A mere Fan Jianyuan, Ji Feng is not so much as to treat him as a life and death enemy, to put it bluntly, if it were not for the fact that this person is too arrogant and too bouncy, Ji Feng would not even put him in his eyes at all!

He came to the police station just to find out who was behind his black shot!

If it was really Fan Jianyuan, then he had to find out why Fan Jianyuan had been acquitted, whether this person had shot him single-handedly because he had a grudge against him, or whether it was because there was someone behind this person's back who was directing him.

The first thing you need to do is to get a good idea of what you are getting into.

The first thing you need to do is to get a good idea of what you're doing.

"Ji Feng, I really don't understand, why are you fixated on Fan Jianyuan? What exactly has he done to offend you?" Li Ruonan couldn't help but frown and said, "If it's because of"

Speaking here, Li Ruo Nan pursed her lips and hesitated for a moment before saying, "Ji Feng, if it is because of me that you are so dead set on Fan Jianyuan, then I can tell you clearly that there is nothing going on between me and Fan Jianyuan, no matter what happened in the past, at least in the future there is certainly no possibility of any relationship, so I hope you can look at things calmly and not be impulsive!"

"I'm really a person who likes to be impulsive!"

Ji Feng spread his hands, smiled indifferently and said, "I am such a character, I can't change it, nor do I want to!"

Li Ruonan frowned and said, "And why do you have to"

"Okay!"

Ji Feng waved his hand to interrupt her and said, "Let's not continue arguing on these meaningless issues, Ruo Nan, I came to you because I still consider you a friend, that's why I didn't look for other people, but came to ask you directly, tell me what's going on!"

Li Ruo Nan then couldn't help but choke, a little exasperated by Ji Feng's block.

But she had to admit that what Ji Feng said was the truth, in this case Ji Feng was one of the parties involved, not to mention that he was shot black, just the fact that he led people to exterminate those robbers and saved so many people, the city bureau had to be extra cautious in the way they treated him.

Because, the people that Ji Feng saved were not just the staff of various jewellery companies, there were quite a few police officers among them!

For this reason, it would not be too much for the City Bureau to give Ji Feng the honour of being a good citizen. If he were to come and ask about the case, the City Bureau should reveal it to him, unless there was some extremely sensitive information.

Needless to say, if Ji Feng came here in his capacity, it would be too easy to ask for some information, and it would not be a problem at all.

"If you are so capable, then why did you come to me?" Li Ruonan hummed, seeing Ji Feng's smiling expression, she was a bit helpless and had to say, "Releasing Fan Jianyuan is in accordance with the legal procedures."

"Tell me, how is it in line with the legal procedure?" Ji Feng very casually sat down on the sofa next to him, leaning back and hugging his arms on the backrest.

Seeing this, Li Ruonan couldn't help but give him a blank look, but still got up to make him tea.

"Plain water will do."

Ji Feng smiled and said, "I don't dare to drink the tea you have here!"

Li Ruonan was instantly a bit annoyed at his words and knitted his eyebrows, "What, my tea here is not worthy of you, Young Master Ji?"

"Don't misunderstand!"

Ji Feng said with a smile, "What the common people are most afraid of is a police officer's uncle treating them to tea, so am I!"

"Virtue!"

Li Ruonan couldn't help but give him a white look, "I really don't know who he learned it from, oily mouth!"

He eventually made a cup of tea for him and placed it in front of him without good grace, saying, "Taste it, I scrounged it from my dad!"

While Ji Feng picked up the cup and smelled the tea, Li Ruonan then said, "The reason why we decided to release Fan Jianyuan was because there was another case, and the deceased was a hostage who was at the convention centre robbery scene at the time."

Ji Feng nodded, he already knew this.

Li Ruonan added: "But what's special is that the deceased was one of the only few people who weren't examined at the time after the robbery."

"Oh?"

Ji Feng raised an eyebrow and asked, "Is that so! And then what? That reason alone is not enough to get Fan Jianyuan released!"

Li Ruonan said, "The most special thing is that the deceased in this murder case was murdered and, moreover, he was shot to death"

Speaking here, Li Ruonan glanced at Ji Feng.

"Shot?"

Ji Feng smiled at his words and said, "It looks like you guys are onto something, right?"

Li Ruonan nodded and said, "That's right! Our forensic examination department analyzed the bullets in the deceased's body and in turn came to a conclusion – the bullet that killed the deceased was exactly the same caliber, type, and ballistic comparison results as the bullet that shot at you at the convention centre!"

Ji Feng immediately frowned: "The same gun?!"

Li Ruonan nodded, "That's right, the weapon used by the murderer in this murder case is the same as the weapon you were shot with black! The conclusion was a pocket pistol!"

Ji Feng frowned as he pondered.

He pondered for a moment, looked up and asked, "And then what? That way you let Fan Jianyuan go?"

However, Li Ruonan did not answer his question immediately, but said, "Ever since the robbery at the convention centre, the city bureau has attached great importance to it, and the leaders of the city also attached great importance to it, so the investigation into this robbery has not been half relaxed, and after this period of time of tracing, we finally determined the model of that pocket pistol in general, as well as its origins! "

"What origin?" Ji Feng asked.

"This pocket pistol was produced and manufactured by a military industrial enterprise in Rice, but the number produced was very small, it was made to commemorate the retirement of a type of submachine gun, the destination of each one was recorded, and the one that has appeared in Jiangzhou now is one of them." Li Ruonan said.

“Who is the owner of this gun?!” Ji Feng immediately asked. Since every gun’s whereabouts were recorded, and since Li Ruonan had found out so much, then naturally he should know the identity of the gun’s last owner.

“It’s a rich man from Kepong, the president of a company!” Li Ruonan said.

“A Kepong man?!”

Ji Feng’s eyebrows, which had been slightly stretched out, immediately tightened together as he asked, “This matter is related to the people of Kepong?”

Li Ruonan shook his head and said, “We can’t say that yet, because we have asked this wealthy Kepong man through diplomatic personnel, but he said that the gun had been lost a long time ago!”

“Lost?”

Ji Feng smiled twice at that and said, “What a coincidence that it was lost!”

Li Ruonan could only smile bitterly and said, “No way, after all, the other party is a Kepong person, we can only ask, people are willing to answer are already good, even if they ignore us there is nothing we can do

“Humph!” Ji Feng couldn’t help but give a cold snort.

The kind of condescending mentality that Kepong people have towards Chinese people is very common, let alone the rich and powerful of Kepong. Just look at what kind of virtues those rich people in China had, and Kepong was even a place where rich people could almost dominate the lives and deaths of others.

What’s more, the people of Kepong despise Chinese people, and the relationship between Kepong and China is also extremely bad.

However, this made Ji Feng a little uncomfortable in any way.

“In other words, the trail is broken even if we check here?” Ji Feng asked.

“At least we can be sure it’s that gun!” Li Ruonan said.

“Then what’s the use?” Ji Feng asked, “So we can release Fan Jianyuan?”

“What else can we do?” Li Ruonan asked rhetorically, “It’s proven that the weapon wasn’t in Fan Jianyuan’s hands, and it’s still out there making waves, and the person holding the weapon is still out there killing people, and it was also determined at the time of the inspection that there was no nitrate reaction on Fan Jianyuan’s body, so what else can we do if we don’t let him go?”

Ji Feng frowned: “Didn’t he admit himself that he was the one who fired the gun?”

Li Ruonan said helplessly, “You believe a random person on the street who says he killed someone? We’re going to track that down too?”

“You’re stealing the concept!”

Ji Feng shook his head and said, "If there is no basis or motive for bragging, naturally we don't need to investigate, but Fan Jianyuan was at the scene and he had enough motive, and he admitted it himself under these circumstances, doesn't he need to be carefully investigated?"

"But how can you be sure that he wasn't bullshitting!" Li Ruonan said.

"Then why is he bullshitting and admitting that he killed someone, is that funny?" Ji Feng gave a cold laugh.

"That's because"

Li Ruonan just wanted to say, but swallowed back the words as they reached her mouth.

Ji Feng asked, "Because of what?"

"Nothing!"

Li Ruonan shook his head and said, "..... there is no evidence, and there is nothing suspicious, we can only let him go, and if we continue to hold him, then we know the law and break it!"

Ji Feng looked at him with a shining light in his eyes.

Campus Master Chapter 2725

Li Ruonan said, "This is why Fan Jianyuan should be released, now you are clear?"

"Clear is clear, but" Ji Feng smiled, "there are a few points I don't quite agree with."

"What?" Li Ruonan asked.

"First, what is the relationship between the other person who was killed, the one who died in the murder that happened during that period, and Fan Jianyuan?" Ji Feng asked.

"According to the available evidence, there is no relationship between them." Li Ruonan said.

"Yes!"

Ji Feng nodded and said, "Since there is no connection between them, then what does this murder case have to do with Fan Jianyuan's case?"

Li Ruonan froze for a moment before saying, "How is it not related? The fact that this murder happened at least proves that the weapon that fired the black gun at you was not in Fan Jianyuan's hands! And that proves"

"This proves nothing!" Ji Feng, however, interrupted her nonchalantly, "Just because the weapon wasn't in Fan Jianyuan's possession, it means he didn't do it? Then in that case if I go out to kill someone and then the murder weapon is placed somewhere else, as long as the police can't find the weapon on my body, then it means I didn't do it?"

What a joke!

Fan Jianyuan himself had admitted that he had fired the gun, so just because there was a murder, it was assumed that he hadn't done it and the person was released?

This is a bit too arbitrary, and Fan Jianyuan is too easily cleared of suspicion, right?

“The first thing you need to do is to get rid of the suspicion. I understand that you must be a bit angry in your heart right now, but the existing evidence simply cannot prove Fan Jianyuan’s guilt!”

Li Ruonan patiently explained, “Between him and the deceased, there is no intersection, neither do they know each other, nor do they have business dealings, perhaps the only intersection is that they both appeared at the jewellery exhibition at the convention centre, but there are so many people attending this exhibition, it is impossible to say that there is a connection between just two people, right?”

Ji Feng smiled indifferently and said, “If your police could find out the connection between them, maybe the case would have been solved! If there was no connection between him, then why was that man killed after Fan Jianyuan confessed? And with that weapon too? Why was he killed, who did it, what was the motive and purpose, have all these been identified?”

Li Ruonan said, “We will naturally find out all these questions.”

“What if it was Fan Jianyuan who was secretly instructed in order to clear himself of suspicion?” Ji Feng asked.

“That’s impossible”

“How do you know it’s impossible?” Ji Feng asked.

Li Ruonan pursed her lips and did not speak.

When Ji Feng saw this, he spread his hands, “You also know that this possibility exists, right?”

“Even if there is such a possibility, what can be done about it!” Li Ruonan frowned, “Even if there is a 99% possibility, it’s still of no use whatsoever, evidence, the key is evidence, understand? Even if he’s more suspicious, as long as there’s not enough evidence, we have to let him go!”

“The evidence is that Fan Jianyuan himself admitted that he was the one who fired the gun, isn’t that enough?” Ji Feng grunted, “Won’t you guys follow this trail and interrogate?!”

“How do you know I’m not interrogating?!” Li Ruonan couldn’t help but be angry, “Ji Feng, don’t throw fire at me if you have fire in your heart, I don’t need your approval to do anything, I don’t dare to say anything else, but at least I can guarantee that what I do is according to the rules and laws, I won’t let Fan Jianyuan go even though I know he is a murderer!”

Ji Feng smiled noncommittally and asked, “Is that so?”

Li Ruonan frowned and said, “You doubt my words?”

Ji Feng said, “I may not know about the others, but at least, how can something that Fan Jianyuan himself admitted to be true suddenly be overturned?”

“The exact reason, I’m not at liberty to tell you.” Li Ruonan said, “All I can tell you is that from the current evidence, Fan Jianyuan has no direct connection to this case, and your case!”

“Heh!”

Ji Feng shook his head and laughed, saying, "Round and round, the result is still such a sentence which means that there is actually no need for me to come here at all, right?"

Li Ruonan pursed her lips and did not speak.

Ji Feng nodded: "Alright, I understand then, see you later!"

He said, he then stood up and was about to leave, since what should be said had already been said and Li Ruo Nan had nothing to tell him, it was useless to stay any longer, instead, it was better to hurry up and leave, not to see the eye, not to worry.

"Ji Feng!"

Just when Ji Feng was about to open the office door, Li Ruo Nan suddenly called out to him.

He turned back and asked, "What?"

Li Ruonan pursed her lips and hesitated for a moment before saying, "Ji Feng, can you not target Fan Jianyuan? In fact, he might not be as bad as you think, many things, it might just be a misunderstanding, I promise to get to the bottom of your case"

"Misunderstanding?!"

Not waiting for Li Ruonan to finish, Ji Feng couldn't help but raise an eyebrow, then he smiled sunnily: "Maybe it really is a misunderstanding, whether it is or not is fine but you're going to say I'm targeting him, if you think so, then let's say it is!"

Li Ruonan said, "Don't you bet, what I said is true, there might really be some misunderstanding in between"

Ji Feng couldn't help but sigh secretly and said, "Ruo Nan, I've said many times that I didn't target Fan Jianyuan, even if he wanted me to target him, he would have to have that qualification to do so I won't say any more redundant words, that's all."

"Don't you want to know why I let him go when he admitted to shooting you himself?" Seeing that Ji Feng was about to leave, Li Ruonan suddenly felt that it seemed a bit bad to treat him this way, she suddenly raised her voice, "If you want to know, I can tell you!"

"I seem to remember what you said just now, there is nothing you can tell me?" Ji Feng turned around and asked.

"....."

Li Ruonan's shell teeth bit her lips, a little exasperated, this guy was too hateful, sometimes he didn't give any face when he spoke, especially when he was still a girl, how could he be so aggressive?

Ji Feng made a gesture of listening and waited for her to speak.

"Humph!"

Li Ruonan couldn't help but hum and hesitated for a moment before saying, "The reason why Fan Jianyuan admitted that he fired the gun at you was actually gambling with me"

The moment Ji Feng heard this he didn't want to hear any more, he immediately waved his hand: "Okay, okay, I only look at the results, in the end Fan Jianyuan was released, as for the rest, I don't want to know, and you don't have to make it difficult to tell me!"

Li Ruonan was furious: "You are good! This is what you said, I won't even tell you if you beg me in the future!"

Ji Feng smiled, "Don't worry, I don't want to know either."

Li Ruonan then turned red with anger.

"Bye!"

Ji Feng waved his hand, pulled open the door and walked out, but after just two steps he suddenly turned around again and said, "Ruo Nan, have you ever wondered why the two of us, who were considered good friends, feel a little awkward now?"

Li Ruo Nan then froze for a moment, and then looked at Ji Feng, but he had already closed the office door for her and left, and she stood by her desk in a daze, silent.

Inevitably, Li Ruo Nan recalled the way Ji Feng had interrupted her without mercy just now, and she couldn't help but hum under her anger.

In fact, just now she wanted to tell Ji Feng why Fan Jianyuan had personally admitted that she had fired the gun at him, but before she could finish her sentence, Ji Feng interrupted her, which really made her angry.

"Dingling"

Just then, the phone on the desk suddenly rang, Li Ruonan suddenly came back to her senses, glancing at the incoming number, she picked up the phone, "Jian Yuan?"

A man's voice soon came over the phone, it was Fan Jianyuan's voice, "Ruo Nan, are you busy?"

Li Ruonan gathered herself and said, "No, I just have some free time, what's up?"

Fan Jianyuan said, "It's like this, I want to tell you that I have to go."

"Go?"

Li Ruonan was stunned and asked, "Where are you going?"

Fan Jianyuan said, "To England first, and later to wherever, anyway, for me, it's the same everywhere else except where you are."

Li Ruonan said, "Jianyuan is really sorry."

Fan Jianyuan laughed, "Why are you saying sorry to me, it has nothing to do with you, it's my own problem I shouldn't have so many fantasies, and they are still very unrealistic, that's why I'm going out for a walk, I want to be alone, maybe after some time, I'll come back It's also possible, huh"

The first time I heard Fan Jian Yuan's obviously forced laughter, Li Ruo Nan had an indescribable feeling in her heart, very guilty, and did not know how to speak, because some things cannot be said, otherwise, it will only make Fan Jian Yuan still have fantasies, which is very unfair to him.

However, Li Ruonan was uncomfortable in her heart, how it felt like she had forced Fan Jianyuan away.

"Jianyuan, if it's because of me, you don't have to go at all, we can still be friends and China is so big, you can go anywhere, why do you have to go abroad?" Li Ruonan couldn't help but advise.

"I'm probably more familiar with foreign countries than other places in China." Fan Jianyuan laughed.

Li Ruonan then couldn't help but be silent for a moment before she asked, "So when are you leaving?"

Fan Jianyuan said, "Just in a few days, I've contacted a friend in England, I'll go there once he's made the arrangements there."

"Then I'll see you off then!" Li Ruonan said.

"Don't ever, I'm afraid I won't be able to leave by then, huh!" Fan Jianyuan laughed.

Campus Master Chapter 2726

The car drove into the home before, Ji Feng's look has returned to normal.

Although the previous unpleasantness with Li Ruonan, but Ji Feng is not going to bring this unpleasantness to the home, outside things, outside to solve it!

At this moment, Xiao Yuxuan is still in the company and has not returned, but Tong Lei has already arrived home, and when she saw Ji Feng return, a touch of joy appeared on that delicate face.

"Back, how is auntie's health?" Even though she has become more mature nowadays, Tong Lei's voice is still that ethereal, making Ji Feng, who was originally in a more or less depressed mood, instantly take off all his fatigue.

"Which aunt are you asking about?" Ji Feng laughed.

"Of course it's two aunts!" Tong Lei smiled delicately. She knew that Ji Feng had gone to Yanjing and then to Jinling this time, and Tong Lei was naturally no stranger to Li Yueqin's existence, and when she had gone to retrieve Li Yueqin and Li Yantong, she had also gone along.

"They're all fine!"

Ji Feng smiled, "Your mother-in-law is busy with charity all day now, only when I went back did she come home for a while, Auntie Yueqin is likewise okay, life is good!"

Tong Lei's pretty face was slightly red, Ji Feng's 'your mother-in-law' made her more or less embarrassed, although there was no difference between them and a real couple, even better than many couples, but after all, they were not officially married yet, Tong Lei still had some shyness.

"Tea or and drink?" Tong Lei asked, but without waiting for Ji Feng to answer she said immediately afterwards, "It's better to drink tea, the drinks nowadays are not too good, there are a lot of additives, unhealthy."

“Okay, drink whatever you say!” Ji Feng laughed.

Tong Lei’s beautiful eyes gave him a blank look and turned around to make him tea.

Bai Zhu hurriedly said, “It’s better for me to do it

“Alright, alright, you guys have all been busy all day, it’s better for me to do it myself!” Ji Feng shook his head and stopped them with a smile, he was not quite used to being a grandfather, the habit of doing things by himself that he had developed from following his mother since childhood remained unchanged to this day.

“Tell sister Qin to come over for dinner.” Ji Feng was pouring water when he heard Tong Lei suddenly say.

“Hmm?”

Ji Feng was stunned and almost didn’t get his hands burnt by the boiling water.

Tong Lei’s beautiful eyes looked at him and said, “You went out for a trip and when you come back aren’t you going to ask Sister Qin and the others to come over for a get-together? There’s also Xu Yuan.”

Ji Feng was a bit sweaty, to be honest he hadn’t really thought about it, he was just planning to go and see them in the next day or two.

But when Tong Lei said so, Ji Feng was not able to say anything else, and could only say vaguely, “Then I’ll call and ask to see if they have time.”

Ji Feng called Qin Shujie’s number first, and as soon as he got through, he heard a very loud voice coming from the phone, “Dad!”

“Yao Yao, where’s mum?” Ji Feng asked with a smile.

Next to him, Tong Lei glanced at him, Yao Yao’s voice was extraordinarily loud over the phone, so naturally, there was no way she couldn’t hear it.

Ji Feng said a few words to Qin Shujie before hanging up the phone and turning his head to say, “Shujie has time to come over in the evening, but it might be a bit later, she has to go home to pick up Yao Yao first.”

Tong Lei said, “That’s okay, Sister Yu Xuan doesn’t come back very early every time anyway.”

Ji Feng nodded, Xiao Yuxuan did work very hard, many times she waited until the other employees were off work and she had to work a little overtime by herself before she would come back.

“Where’s Xu Yuan, when is she coming?” Tong Lei asked.

“She’ll forget about it there today.” Ji Feng said, “After all, I didn’t have an airing with her before, and now I’m calling her so suddenly

“It’s fine, I’ve already told her before.” Tong Lei said.

“Hmm?”

Ji Feng smiled at that and asked, "Talked about it? What did you say?"

Tong Lei said, "Just after you went to Yanjing, Sister Yu Xuan and I thought that we would sort of take the opportunity to meet Xu Yuan, so we met with her."

"Ah?" Ji Feng was stunned, "You met?"

"Yes." Tong Lei nodded her head.

"Then what did you all say?" Ji Feng hurriedly asked.

Tong Lei said, "You're still worried about us bullying her? Don't worry, we had a good chat, nothing happened!"

Only then did Ji Feng breathe a sigh of relief, but then he smiled awkwardly, this was something that was really not very good to talk about.

He really didn't expect Tong Lei and Xiao Yuxuan to meet Xu Yuan when he went to Yanjing, and they didn't tell him in advance, otherwise, he would have had to be present anyway.

It was also fortunate that there was no conflict between them, so if there was really a situation, he could have been there to stop it in time.

But it was too late to talk about that now, and luckily nothing happened, so Ji Feng was kind of relieved.

But what is strange to Ji Feng is that Tong Lei and Xiao Yuxuan did not tell themselves, after all, this matter is closely related to the two of them, it is understandable that they want to see Xu Yuan, but why did Xu Yuan not tell himself?

The two of them were understandable to want to see each other.

The first thing you need to do is to get a good idea of what you want to do.

The first time Qin Shujie heard that she was coming to the house, she was a little hesitant, not at all as quick as Xu Yuan is now, but now Xu Yuan's performance is much quicker than Qin Shujie's, which is more or less strange for Ji Feng.

"Leilei, how are things preparing for the school?" Slightly embarrassed, Ji Feng then changed the topic.

"It's almost done, I plan to use the location you mentioned as the school site!" Tong Lei said, "The old dean is very enthusiastic and very much wants me to take over the school. I saw those children, and the pleading of the old man, and I want to help them too!"

"Well, that old man is a good person, the two of them, Wang Xin and Wang Hu, and many others were raised by him." Ji Feng nodded his head.

It hadn't been a day or two since Tong Lei had decided to run a school, her long-held ambition had been to be able to teach and educate people, and most of all, she wanted to be able to teach children who were slightly younger.

Since there was no pressure financially, Ji Feng of course wanted Tong Lei to be able to do something she liked to do, so he had thought about it early on and made simple arrangements for Tong Lei.

Since Tong Lei wanted to run a school, Ji Feng recommended the orphanage where Wang Xin and Wang Hu grew up.

It was a completely private orphanage. In fact, to put it bluntly, it was the old director, an old man, who relied on the money he earned from running a kiosk and collecting scrap to provide for those poor children.

But later on, because someone was interested in the land where the orphanage was located, Ji Feng had to intervene in it, and only then did he learn that the other party was the future son-in-law of the mayor of Jiangzhou's Wanjiang District, which was also Qiu Pengfei's future brother-in-law.

The matter was resolved smoothly and Qiu Pengfei was very reliable, choosing a new site for the orphanage a little further away and setting up a small school.

As for the funding, there was no need to worry about it, not to mention that Qiu Pengfei himself had managed to get some funds, and the money earned by Wang Xin and Wang Hu was enough to feed the children.

The company's ability and position naturally made it possible for Ji Feng to treat her well, especially Wang Xin, who held shares in the Tengfei Group. Although the shares were not large, the annual dividends were considerable given the effectiveness of the Tengfei Group.

Even at that time when Wang Xin got her first dividend, she called Ji Feng specifically, very much at a loss, because she got too much money, which made her a bit uneasy in her heart, and finally it was Ji Feng who comforted her.

The school has been preserved, although the scale is small and there are only a few teachers, but there are always sites and teaching buildings, etc. At least, those children can have a sheltered place to study and learn at ease.

When he mentioned the idea, Wang Xin and Wang Hu strongly supported it.

If the first grandmother was willing to take over the school, then how bad could it be? Besides, would Ji Feng stand by and watch the school without good conditions, so that the great grandmother could not make use of it?

Besides, as for Tong Lei's desire to make money from the school, there is no need to worry, there is no such possibility at all!

After the communication, Tong Lei began to communicate with the orphanage, which has now started to enter a substantial stage.

"I won't ask about the school, you can think about the specifics yourself, and I'll help you out with any difficulties."

Ji Feng embraced Tong Lei and said, "Since you like this cause, then do it with your heart, so that you can fulfill your wishes and those children can also get enough help, it's the best of both worlds, don't you think?"

Tong Lei nodded and said, "I understand, that's why I chose to go so far away, those children, someone should pay attention to them. Like now, those kids don't have any other channels to absorb knowledge

other than learning some basic textbook knowledge, it's not even comparable to the kids in regular schools."

Ji Feng nodded slightly and said, "This is an oversight on my part, before I thought that after I had taken care of their livelihood and had a school, there should be no problem, but I didn't consider that the quality of the school's teaching was the most important thing, then when you take over, you'll have to work harder."

"I'll be fine." Tong Lei said softly.

"Those children"

Suddenly, an idea couldn't help but pop up in Ji Feng's mind, he instantly deliberated and slowly said, "Lei Lei, what do you think if instead of teaching those children according to the textbooks, we teach them other knowledge?"

"Other knowledge?" Tong Lei asked, "What kind of knowledge?"

Of course it was the knowledge of alien technology from the Gamma Galaxy! Ji Feng secretly said in his heart.

Campus Master Chapter 2727

In the end, Ji Feng still did not say it.

Just now he also just had a brain fever and almost blurted it out, but the words came to his mouth and he swallowed them back. The knowledge from the Gamma Galaxy and the existence of the intelligent brain in his head were the most secret things he had, and he didn't dare to say them out loud.

It's not that he couldn't tell Tong Lei, Ji Feng believed that no matter what time it was, anyone could betray himself, but only Tong Lei would never do so.

Her character determines her attitude and the way she deals with people in the world.

The most important reason why Ji Feng did not say it was actually because he knew that the way he said it would not work.

In fact, if possible, Ji Feng really wanted to privately teach the children of those orphanages the technological knowledge of the Gamma Galaxy, which was extremely complicated and profound, and Ji Feng really didn't know who he could teach it to other than to the children.

The reason is that some of the technological knowledge of the Gamma system is very similar to the technology on Earth, but the degree of advancement and depth of development is far from the level of technology on Earth can be comparable.

If Ji Feng were to take out all the knowledge he had, even if he were to teach it directly to the university students or graduate students of various majors, they might not be able to absorb and digest it, and it might be no different from listening to a book from heaven.

Ji Feng also mastered the knowledge because his body was strengthened and his brain was developed at the same time, but even so, he could only learn in stages, and up to now, there were still many things he had not finished learning, not to mention those university students.

If the technical knowledge out to those in the professional field of authority or senior researchers, it is possible that they will be absorbed and digested, because they may have already begun to research in a more profound direction, the emergence of the Gamma Galaxy technical knowledge, for them that is undoubtedly the guiding light general.

But, naturally, Ji Feng can not take out the technology, not that he does not want to, but he can fully predict, once he took out the technology, he will end up in what, I am afraid that with the strength of the Ji family, may not be able to protect him!

He might even make the whole Ji family a target of attack because of his technical knowledge, which was not something he wanted to see.

“Why are you being so divine!” Tong Lei gave him a blank look, and seeing that he didn’t want to talk about it, she didn’t pursue it any further.

“Hey!”

Ji Feng grinned, but in his heart, he couldn’t help but let out a soft sigh.

Just now, when he heard Tong Lei mention the school and the children in the orphanage, Ji Feng’s heart suddenly moved, if those children were raised with the technology system of the Gamma Galaxy, what heights would reach when they grew up?

The minds of adults have been solidified, but children are like a blank sheet of paper, what you draw on it, you will get.

If they are trained in extraterrestrial technology, then in the future, it may be possible to get a large number of experts who have mastered extraterrestrial technology, and at that time, how terrifying will the bottom of the Tengfei Group be?

But this idea only turned around in Ji Feng’s mind for a moment, and then he was dismissed.

It’s not suitable!

If you use the technological knowledge of the Gamma system to educate those children, it will definitely leak out, and then I’m afraid that those children will attract a pack of wolves to covet them before they can be trained.

Unless

The first thing you need to do is to have a piece of land that is not disturbed by people, or have enough strength to make those people not dare to come and covet it!

..... As soon as this thought arose, a sudden urge so strong in Ji Feng’s heart that he couldn’t suppress it.

To be powerful, to find a place where you can play freely and exert yourself freely!

Ji Feng couldn’t help but secretly clench his fist.

The intensity of this thought even overshadowed his worry about the upcoming scene of the meeting of the several women.

“What’s wrong with you?”

Tong Lei, who was sitting next to him, sensed very keenly that something was wrong with Ji Feng. She turned her head to look and immediately saw that Ji Feng’s face was expressionless, and if she hadn’t seen the fingers of his right hand bouncing rapidly on his knee, she would have even thought that he was in a trance.

However, Tong Lei noticed that Ji Feng’s eyes were radiant and shining, and there was even a tinge of redness deep in his eye sockets. Tong Lei knew Ji Feng very well, and she knew at first glance that he was in a state of excitement, which made Tong Lei ask a question.

What is there to be excited about at this time? Is it because later on Qin Shujie and Xu Yuan will be here and he can sit in his harem in all but name?

The Qingli beauty was more or less jealous in her heart.

Only after being asked by Tong Lei, did Ji Feng abruptly come back to his senses: “Hmm? Oh, nothing, I just remembered something Lei Lei, do you think that if we don’t educate those children according to the textbooks, will this be a problem?”

Tong Lei couldn’t help but be slightly stunned and said, “Not following the textbooks? Then what do you plan to let them learn?”

Ji Feng said, “Didn’t you originally intend to make them more flexible and not teach in a rigid manner? Then why don’t we just be more flexible and discard the textbooks and compile our own teaching materials?”

“Make up our own textbooks?” Tong Lei froze for a moment, and then her eyebrows knitted slightly as she shook her head, “I don’t think so.”

“Hmm?”

Ji Feng asked, “Why?”

Tong Lei said, “It’s very simple. First of all, if we discard textbooks, what are we going to teach the children?”

Ji Feng immediately said, “That’s the purpose of compiling our own textbooks, ah.”

“Can we be qualified to compile teaching materials at our level?” Tong Lei asked at once, “Are you compiling it or am I?”

Of course it’s qualified enough!

Ji Feng secretly said in his heart, but this was something he did not say, otherwise it would seem too arrogant, he said, “Then we can ask some experts to compile”

Tong Lei immediately said, “But then, wouldn’t it be no different from the textbooks used now? Then why is there a need to re-write it?”

Ji Feng was at a loss for words.

“When I said before that I wanted to be more flexible, I was actually thinking that I wouldn’t let them pursue their test scores so deliberately, that would only make them more and more rigid, I just want them to be able to learn the most basic knowledge and have a happy time on their own at the same time.”

Tong Lei said, “But if we discard textbooks, our teaching direction may be off, that’s not good for the children, but will make them out of touch with society, with other people of their age, and will harm them!”

Ji Feng nodded silently and said, “Well, it was me who was a bit inconsiderate and too hasty.”

Tong Lei gave him a slightly surprised look, thinking that his words seemed a bit strange, but she didn’t ask any detailed questions.

In reality, she was unaware of how strong the thought was in Ji Feng’s mind.

But Ji Feng also knew very well in his heart that his idea was probably somewhat unrealistic, and that it was almost impossible to have a place in the country that was completely free from interference.

Even if he was the eldest grandson of the Ji family, it would be equally useless, and if he really wanted to do so, I’m afraid there would be people saying that the Ji family’s people were trying to set up an independent kingdom in China!

So, Ji Feng could only force down that impulse in his heart, and to achieve his wish, he would have to wait slowly for the right moment again.

In the evening, Ji Feng’s attention shifted to Qin Shujie and Xu Yuan who drove over specially. Especially as soon as she got out of the car, Yao Yao, the next girl, pounced on Ji Feng’s body with a cheerful shout, putting her little mouth on the ground more than anyone else, making Ji Feng laugh heartily while leaving those worries behind for the time being.

After Xiao Yuxuan came back, she was also very happy to see Yaoyao, she was not surprised by the arrival of Qin Shujie and Xu Yuan, apparently Tong Lei had already passed gas with her before, which made Ji Feng scratch his head, it seems that there are signs of union between them, many things are waiting for them to be done before they know it!

However, looking at these several blossom-like stunning beauties, Ji Feng’s heart really has an indescribable sense of satisfaction and happiness, not its people absolutely can not experience.

What surprised Ji Feng was Xu Yuan’s performance. Since arriving, Xu Yuan was a complete sort of self-effacing person, which was in line with her character, her social skills honed from years of running business before and her intelligence, which seemed to make both Xiao Yuxuan and Tong Lei feel good about themselves.

In particular, Xu Yuan, like Qin Shujie, had put herself in a very low posture and was not at all half as flighty and domineering, which made Xiao Yuxuan and Tong Lei even more satisfied.

Of course this was only the conclusion Ji Feng came to when he was observing from the sidelines, as to whether there was anything else going on when he was rushed off to pour water for several women, he didn't have time to observe carefully.

Only the little girl, Yao Yao, jumped and followed Ji Feng to the kitchen, helping to get cups and pulling open the cupboard to get tea, very diligent, and her little mouth was even talking, so that Ji Feng's mind was more or less comforted.

"Ding"

Suddenly, a mobile phone ringing came, followed by Xiao Yuxuan's voice from the living room, "Ji Feng, it's for you!"

Before Ji Feng could say anything, Yao Yao ran away in a huff, and she was soon seen running back, "Daddy, it's for you, it's Zhao Kai calling!"

Ji Feng was stunned and smiled as he casually asked, "Do you know Zhao Kai?"

"No, I don't know him."

Yao Yao shook her little head, "Daddy is so stupid, it's written on the phone screen, I know those two words!"

Ji Feng: "....."

Surprisingly, he was despised by his own goddaughter, Ji Feng couldn't help but rub his nose and smile before he picked up the phone, "Kai Zi, it's me, what's up?"

"Ji Feng, Fan Jianyuan wants to run!"

Campus Master Chapter 2728

"Run?!"

Ji Feng frowned and asked, "Run what?"

What Zhao Kai said was so clueless that he didn't react to what was going on for a moment, but then he suddenly understood and immediately asked, "Fan Jianyuan wants to run away?"

"Mm!"

Zhao Kai nodded and said, "This is what the person I sent overheard, he might be leaving the country in the next few days!"

Ji Feng couldn't help but be surprised and asked, "How did you know that?"

Zhao Kai said, "The person I sent to spy on him overheard him talking to someone on the phone, and coincidentally, it just so happened that he heard it, he seems to be going abroad, and I feel that he should want to escape."

Ji Feng couldn't help but be stunned, there was actually such a coincidence.

In fact, Zhao Kai was equally surprised, because after discussing with Ji Feng, Ji Feng listened to his idea and immediately transferred two people from the security department to him first, temporarily helping him first, and then making adjustments later when he found suitable staff.

The most important thing for Ji Feng was to investigate who was behind the blackmail, especially since the suspect involved Li Ruonan.

So after he had the manpower, he immediately sent a man to spy on Fan Jian Yuan first. But what he didn't expect was that as soon as the man was sent out, he brought him such a big surprise and spied such an important piece of information.

"Fan Jianyuan is going to run away?"

Ji Feng couldn't help but frown when he heard that, "Kai, how can you be sure that he is trying to run?"

Zhao Kai said, "Because the person I sent heard him call, and it was to Captain Li of the Municipal Bureau, saying that he was leaving, going abroad, and going to England"

Ji Feng frowned and said, "Is that accurate?"

Zhao Kai said, "Accurate! This is what Zhao Kai said when he talked to someone on the phone, so I don't think it will be false. Ji Feng, I think this guy obviously just wants to run, he probably can't take the energy anymore and thinks that if he stays any longer he will probably be completely out of shape, so he takes the opportunity to get out and run away."

Ji Feng nodded slightly, he did not make any comment on this speculation of Zhao Kai for the time being, although he felt that things might not be that simple, but the kind of possibility Zhao Kai said was not out of the question.

"Did he specifically say which day he left?" Ji Feng asked.

"No, probably in the next few days, I will send someone to monitor him closely, I will tell you as soon as he moves!" Zhao Kai said.

Ji Feng nodded slowly and pondered for a moment before he said, "Kai, how about this, your side is still a bit short of manpower, so don't continue to send people to monitor him, that would be dangerous instead, I'll do the rest!"

Zhao Kai said, "Okay, if there's anything I need to do, feel free to talk."

When the call ended, Ji Feng couldn't help but frown, this news brought by Zhao Kai was really useful, Fan Jianyuan was leaving the country?

"Beep"

He immediately pressed twice on the phone, but then stopped moving again, he wanted to call Li Ruonan to ask, but thinking of the unpleasantness he had with Li Ruonan only before, this call was not made in the end.

After carefully deliberating and pondering for a while, Ji Feng then picked up his phone and dialed a number.

“Boss!” A gentle woman’s voice came from the phone.

“Wang Xin, there is something you need to do next” Ji Feng immediately instructed a few words in a low voice, then added: “I don’t know the exact time yet, this needs your own attention, in addition, pay attention to be more careful.”

“Boss, don’t worry, it’s not too difficult to do this kind of thing.” As soon as Wang Xin heard what Ji Feng had arranged, he immediately agreed very readily.

“Well, then it will be hard for you.” Ji Feng smiled.

“Boss you are so polite every time, it makes me a bit embarrassed.” Wang Xin snapped.

Ji Feng then laughed and said, “That’s all for now then, just pay more attention.”

Wang Xin responded very nicely, “Mm.”

After hanging up the phone, Ji Feng deliberated for a moment and dialed another number, “Feiyu, now I need you to spy on someone, probe him if you can!”

“Dad, who are you talking to on the phone, auntie and mum and the girls are all waiting impatiently.” At this time, the little girl Yao Yao, who had been waiting next to her, pulled at the corner of Ji Feng’s coat and said bashfully.

“Little girl.”

Ji Feng smiled and pinched her little nose, then hung up the phone and laughed, “Okay, we’re going over to”

The next meal, I’m afraid the most happy to eat is this little girl, the evening meal is very sumptuous, the little girl eating mouth all the oil, even the little hands are used, so many people are present, Qin Shujie and not good to teach her excessively, can be considered to let her find the opportunity to eat that is a happy.

As for Tong Lei and Xiao Yuxuan, Qin Shujie and Xu Yuan, it was a different scene. Although they were chatting from time to time and seemed to be laughing and joking in a very harmonious manner, Ji Feng, who was sitting on the side, always felt that there was something wrong!

However, now there was absolutely no place for him to talk here, so he could only sit next to Yao Yao and put all his attention on this little girl.

Of course, he didn’t forget to take in all the scenes at the table with his eyes, which made him feel a bit hairy in his heart.

The good thing is that at the end of the meal, not only did nothing happen, but the atmosphere was getting better and better, and even a few women who were still slightly polite, began to call each other sisters, and this change was really dazzling to Ji Feng.

But in his heart, there is a hint of a secret pleasure

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

Even though both Qin Shujie and Xu Yuan are older than Tong Lei, Tong Lei's position as the first grandmother is unshakeable by anyone, even though the title of first grandmother is just a joke, but in reality, there is some truth in this joke.

Qin Shujie and Xu Yuan both knew the status of Tong Lei in Ji Feng's mind, so they had some respect for her from the beginning, not to mention that, strictly speaking, they were both latecomers and had some weakness in their hearts, so they weakened a bit in front of Tong Lei!

In fact, although Tong Lei did not say much, but she sat there, but aura, let the other women want not to be cautious are difficult.

Seeing this scene, Ji Feng was more or less relieved in his heart. Although he knew the nature of each of the women present, and had long known that they would not have anything against Tong Lei, whether it was Qin Shujie or Xu Yuan, neither of them was the kind of person who had to be competitive, but this same-sex repulsion, let alone this kind of relationship between them, Ji Feng was worried whether they would have some kind of tit-for-tat spark.

Luckily, Ji Feng's worries were superfluous!

After a meal, the women were even calling each other sister and sister!

Because they both had work to do, Qin Shujie and Xu Yuan only rested here for one night, and the next morning they both rushed off to work. The little girl was also reluctantly sent off to school by her mother, deflating her little mouth and looking at Ji Feng pitifully as she left.

"It's useless for you to look at anyone today! You must go to school for me!"

At a glance, Qin Shujie knew that this girl must have some kind of sneaky idea again, so she immediately cut off Yao Yao's thoughts.

So, under Qin Shujie's intimidating pressure, the little girl could only give in. This scene, watching Ji Feng and the others could not help, this little girl seemed to be the glue that generally brought a few people a step closer to each other, but it also made Xiao Yuxuan's beautiful eyes flash with a touch of reluctance to

The actual fact is that you can't help but mutter in your heart that you have been working very hard recently, but so far time is still short and Xiao Yuxuan's belly is not yet visible. Anyway, you should be fine, right?

.....

In the blink of an eye, a few days have passed.

In these few days Ji Feng ran to the United University four or five times in a row, and every time he went, he went straight to the Physics Department of the United University, and he still went to consult the same old professor – a member of the Academy of Sciences, a tenured professor emeritus of the United University, and the only most authoritative professor in nuclear physics at the United University!

Ji Feng decided not to wait any longer, it looked like there was no need to fantasize about the Alpha Ore, such an aimless search was a useless exercise with two eyes, and several months had passed since he

had made a military order with the Chief of Liberation, if he waited any longer, I was afraid that he would still be empty-handed by the deadline!

Therefore, Ji Feng decided to choose nuclear energy as the energy source for the laser gun!

And to choose nuclear energy, he had to consult that old professor from the United University – in China, it was really too difficult to get in touch with nuclear energy, even though this time Ji Feng had discussed with his younger uncle Ji Zhenping in Yanjing for a long time, he still hadn't found the opportunity, and now he could only wait for the result.

Therefore, he could only choose to use the school side as a breakthrough.

Of course, if Ji Feng really wanted the nuclear material, it would be fine to go directly to the Chief Minister, although the procedures were a bit more complicated and could not be brought out, but access was possible.

However, one of the problems that plagued Ji Feng now was how he could combine the technology of the Gamma Galaxy with the current technology, and take a nuclear energy reactor that contained incredibly powerful energy, shrink it down and shrink it down again, and finally shrink it down to the size of a matchbox, and also make sure that the energy must be sufficient.

This is a very tricky problem!

Ji Feng went to that old professor for the purpose of conducting a research study in this area, but just as he was busy looking for a method, he received a phone call.

“Boss, the target has a 3:20 pm flight to England!”

Ji Feng immediately decided to go and meet Fan Jianyuan for a while!

Campus Master Chapter 2729

As an international metropolis and one of the most economically developed cities in China, it goes without saying that the Jiangzhou International Airport has a huge flow of people.

When Ji Feng arrived at the airport, he was greeted by crowds of people. Compared to the airports in other cities, Jiangzhou International Airport has a lot of foreign faces, which are very conspicuous among the crowd. However, foreigners are already common here and can be seen almost everywhere, so the people who come and go don't pay much attention to them.

When Ji Feng arrived at the airport terminal, all he saw was a bustling crowd. He frowned slightly, trying to find someone here was somewhat difficult.

“Young Ji, how should we look for them?” Seeing this, Bai Zhu couldn't help but come to Ji Feng's side and ask in a low voice.

“Don't be in a hurry, it's still early before take-off, we still have time.” Ji Feng said in a low voice, despite the fact that there were many people bustling around in this waiting hall, Ji Feng was not in the slightest bit anxious.

He had already known the departure time of the flight Fan Jianyuan had booked before he came, and there were still about nearly two hours before the departure, which was enough anyhow.

Bai Zhu nodded silently, her pair of eyes constantly sweeping through the crowd, hoping to find Fan Jian Yuan's figure. A long time ago she had already deeply memorized Fan Jian Yuan's looks in her heart, because from the first time she saw him, Bai Zhu had not felt very comfortable.

She felt that Fan Jianyuan, the person smiling, was a bit fake!

Especially whenever Fan Jianyuan showed that gentle smile, Bai Zhu always felt that his smile was hypocritical and fake. And more importantly, when Bai Zhu met Fan Jianyuan, he was with Li Ruonan, and at that time Bai Zhu felt that the atmosphere between Ji Feng and the two of them was not too right.

Ji Feng was everything to Bai Zhu, and for anything about Ji Feng Bai Zhu was extraordinarily concerned, so she immediately remembered what Fan Jianyuan looked like.

"Young Ji, if Fan Jianyuan wants to escape, perhaps he will go through the security check early and then hide in the rest hall." Bai Zhu said in a low voice, "If that's the case, it's useless for us to search blindly here!"

If at this moment Fan Jianyuan had already passed the security check and hid in the rest hall, then it would be useless even if they identified every single person in this waiting hall one by one, unless they could pass the security check and enter the rest hall.

Ji Feng said in a deep voice, "Don't rush, Fan Jianyuan hasn't gone through security yet."

Bai Zhu then nodded slightly, although she did not know why Ji Feng was so sure, but she thought that young Ji had other arrangements, otherwise, why did young Ji's side receive the news as soon as Fan Jianyuan had booked his ticket?

At the same time, Ji Feng took out his mobile phone and dialed a number: "Feiyu, where is it?"

Qin Feiyu's voice came over the phone, "I'm at the cafe next to the terminal."

When Ji Feng heard that, he couldn't help but frown, Qin Feiyu obviously wouldn't run to the cafe for no reason, he was in charge of following Fan Jianyuan, so obviously Fan Jianyuan was in the cafe at the moment.

"I'm going over here, don't move there." Ji Feng said in a deep voice.

"I'll sit more by the window, the view is better!" Qin Feiyu added, "There are still people around."

Ji Feng nodded at once, knowing that in fact Qin Feiyu was not talking about his own position, but about Fan Jianyuan whom he was following.

Qin Feiyu was reminding him that Fan Jianyuan was sitting right by the window with a good view, and if he knew Fan Jianyuan, then there was a good chance that if he went over there now, he would be discovered by Fan Jianyuan.

At the same time, Qin Feiyu also provided the information that someone was with Fan Jianyuan at the moment!

Perhaps because it was not very convenient to speak, Qin Feiyu did not say clearly who was with Fan Jianyuan, whether it was a man or a woman, and whether it was fat or thin.

But Ji Feng had a number in his mind, and at the same time, he also prepared a response in his heart, and then turned his head and said, "Bai Zhu, let's go."

Bai Zhu followed directly without saying a word.

The cafe was right next to the terminal building, and the signboard was so big and conspicuous that you could see it as soon as you left the terminal hall.

Gradually, Ji Feng saw that the outer walls of the cafe were all made of translucent glass, and he immediately stopped in his tracks. This is because he knew that this kind of glass has a one-way light transmission function, which means that people sitting inside can clearly see the situation outside through the glass, while people outside may not be able to see the scene inside clearly.

Qin Feiyu said that Fan Jianyuan was sitting by the window, so if he approached now, he would undoubtedly be noticed by Qin Feiyu. Even Ji Feng was guessing that the reason why Qin Feiyu had to choose a position by the window was afraid that this was also the purpose, so that he could anticipate the danger in time!

"Young Ji, is there a situation?" Bai Zhu immediately asked in a low voice, looking slightly wary, in fact at this time her hand had already touched the handle of the gun on her back waist.

"Let's go around!" Ji Feng shook his head, since it was impossible to go this way, he would cross from another direction.

The two of them approached the cafe from another direction, but to Ji Feng's surprise, the walls in the other direction were also glass walls, except for the main frame structure of the cafe, the outside was all glass walls!

This made it difficult for him to get closer.

Ji Feng frowned slightly, if he couldn't get close enough, I'm afraid it would take some effort to catch Qin Feiyu, and it might even make some noise, because Ji Feng knew that Qin Feiyu was not an ordinary person, or at least, this person might have some kung fu.

He watched carefully for a while, then said, "Bai Zhu, you go and drive the car over No, you go and call a taxi over!"

"A taxi?"

Bai Zhu faintly froze, and then understood what Ji Feng meant, she immediately nodded, "I'll go now."

There were not many other things in the airport, but only taxis, Bai Zhu quickly came over in a taxi, and after Ji Feng got in, he asked the master to drive a bit further and stop, at this location, it was not too conspicuous, but also convenient to observe.

With that, Ji Feng squinted his eyes and stared at the cafe.

The taxi driver couldn't help but wonder: "Little brother, what are you looking at here? We can't stop here for too long, or else"

Swish!

Bai Zhu directly took out a few hundred yuan bills, making that taxi driver's words come to an abrupt end, compared to the notes, what could waiting a little longer be?

"Master, drive a little further." Ji Feng shook his head slightly, the distance was too far for him to see through the glass of the cafe.

"Okay!"

The taxi driver had just collected the money, so naturally he was willing to respond to requests.

However, until the car drove to the nearest location to the cafe, he still couldn't see through the glass on the cafe wall, which made him frown.

"Young Ji, why don't I go in, he doesn't necessarily know me!" Bai Zhu said.

"It's useless!"

Ji Feng shook his head and said, "He must have noticed you a long time ago. Forget it, let's just wait here, he can't get away anyway."

Although Bai Zhu usually just quietly followed him around, she was too pretty and that overpowering aura was very compelling, plus her seductive looks, it was hard to not notice her.

Ji Feng felt that Fan Jianyuan was not simple, if this person could not even notice Bai Zhu, then it would be too lame, if that was the case, Ji Feng felt that there was absolutely no need for him to toss a punch like that.

After waiting for a while, Ji Feng dialed Qin Feiyu's phone again: "I can't go in, so I'll wait at the door, keep an eye on it and tell me if there's anything going on!"

"Uh, okay, no problem no problem" Qin Feiyu smilingly agreed.

Ji Feng smiled, it seems Qin Feiyu should be very close to Fan Jianyuan, he is doing this completely for others!

However, who exactly would be with Fan Jianyuan now?

.....

At the same time, inside a window seat in the cafe, there was a different conversation going on.

"Jianyuan, do you really want to go?" Li Ruonan looked at Fan Jianyuan, who was sitting across the table, with a complicated expression, and could not help but ask.

"What else can I do if I don't leave?"

Fan Jianyuan shook his head, revealing a bitter smile, and said, "If I don't leave, there is no point in staying here, perhaps for me, this is the best ending."

Hearing this, Li Ruonan could not help but feel a little sour in her heart, she pursed her lips and said, "Jianyuan, I'm sorry."

Fan Jianyuan shook his head and smiled, "You don't need to apologise to me, it's my freedom to like you, and it's also your right not to like me, before it was me who didn't think about it and took it too much for granted, instead it caused a lot of trouble to your work and personal life."

Li Ruonan was hard to hear: "Jian Yuan, don't say that, I"

She pursed her lips, "You haven't caused me any trouble either."

Fan Jianyuan said, "Don't hide it from me, I heard that Ji Feng even ran to your office and made a scene, didn't he? It must be because of my business, right?"

Li Ruonan was stunned, "How do you know?"

"Oh"

Fan Jianyuan smiled and said, "That what before in order to pursue you, I got along quite well with a few of your colleagues, this time is also overheard them."

Li Ruonan said couldn't help but shake his head and said, "It's actually nothing, he just came to ask about the situation Jian Yuan, I know you've gone to a lot of trouble for me, but"

Fan Jianyuan smiled and said, "You don't have to say it, I understand everything, really. Only, Ji Feng may not quite understand, this time for my matter, you two quarrel again, right?"

Li Ruonan shook her head and said, "No. Jian Yuan, don't think too much about it, in fact, he is just angry because, after all, anyone who encounters such a thing will be uncomfortable in their heart, they saved someone, but they were almost killed from behind"

Fan Jianyuan nodded and smiled, "I understand all that! In fact, it doesn't matter to me whether he misunderstood me or not, as long as you understand me."

Li Ruonan smiled somewhat unnaturally, and after a moment's pause, she but hesitantly asked, "Jian Yuan, tell me the truth, did Ji Feng he really just misunderstand you?"

Campus Master Chapter 2730

Fan Jianyuan was stunned, and looking at Li Ruo Nan's expression, he couldn't help but ask, "Ruo Nan, you don't believe me either?"

"No!"

Li Ruonan hurriedly said, "Jian Yuan, don't misunderstand, I don't disbelieve you, I just asked casually."

Fan Jianyuan asked, "A casual question?"

Li Ruonan immediately explained, "Because I know Ji Feng very well, although he is a person who appears to be overbearing some times, but, I don't think he is a person who will bully others indiscriminately, there might be some misunderstanding in between, but he targets you so"

In fact, in Li Ruonan's opinion, the fact that Ji Feng was targeting Fan Jianyuan so much made her a little angry, but at the same time, there was also a hint of puzzlement.

The reason is that since she has known Ji Feng for such a long time, she has never really seen Ji Feng targeting a person so closely, but now he is targeting Fan Jianyuan so much, to say that this is just a misunderstanding in the middle, Li Ruonan feels that it is somewhat unjustifiable.

At least, Ji Feng would not be so superficial.

What's more, if it was just because of her that Ji Feng targeted Fan Jianyuan, then he certainly wouldn't have done so. With Ji Feng's energy, it would have been too easy to clean up Fan Jianyuan, there were countless ways to make Fan Jianyuan's life miserable!

But Ji Feng didn't do that, but was still staring at Fan Jianyuan, which inevitably made Li Ruonan suspicious.

"In that case, you actually still suspect me in your heart, or at least, you think I'm still suspicious, right?" Fan Jianyuan looked at Li Ruonan, some sadness in his eyes, and smiled self-deprecatingly, "It looks like I really couldn't have made a better decision in choosing to leave forever this time, there's really no point in staying here"!

Li Ruonan slowly shook his head and said, "Jian Yuan, don't say that, I really don't mean anything else, I just want to clear up the doubts in my mind, after all, I don't want there to be any doubts on you!"

Fan Jianyuan asked, "So, you still suspect me, having doubts actually means I'm still suspicious, right?"

Li Ruonan pursed her lips, but did not say anything.

There was suspicion on Fan Jianyuan!

The most important point was that during the robbery at the convention centre, why was there a reaction on Fan Jian Yuan's body when he was tested for nitrate reaction?

Although the place where the reaction occurred did not look like it was caused by a normal shooting, at least, Fan Jianyuan himself had no way to explain it.

And Li Ruonan knew very well in his heart that there were very, very few people who really didn't investigate at that time, and Fan Jianyuan was one of them, and if the subsequent murder hadn't happened and all the clues pointed to Fan Jianyuan, he would have been really, really suspicious!

"Then tell me instead, what else is suspicious about me?" Fan Jianyuan asked, "Or, if you decide that I'm suspicious, then you can arrest me back again" you arrest me a hundred times, I'll cooperate!"

"I don't mean that!" Li Ruonan argued softly, but in her heart she knew that there was something suspicious about Fan Jianyuan, only, she was unable to identify him as a suspect.

It was too much of a coincidence!

Li Ruo Nan thought that after Fan Jian Yuan was arrested, there was another murder case within a few days, and it turned out that the weapon used by the murderer was actually the pocket pistol that was previously identified as the one Fan Jian Yuan used to put a cold shot at Ji Feng.

This is really a bit of a coincidence!

It was hard for Li Ruonan to understand, if the murderer was not Fan Jianyuan, then why did the murderer not try to hide his whereabouts after he escaped, but instead he killed with impunity, not afraid of causing the police to hunt him down?

The police had already investigated this carefully, so why was he still killed?

Although Li Ruonan was not particularly experienced in handling cases, she was not stupid, and these questions were put together and thought over carefully, and more than once, and in the end, Li Ruonan could only turn her attention to Fan Jianyuan.

He was still a suspect!

But when she thought of Fan Jianyuan's previous performance, if she had wrongly accused him, how sad would he be?

It was because of these considerations that Li RuoNan held back and held back, and still did not ask directly, but asked politely, not expecting that this would also cause Fan Jianyuan's strong reaction.

Li Ruonan couldn't help but let out a light sigh in her heart, in fact, Fan Jianyuan didn't know that, from her perspective as a police officer, the stronger the reaction, the more it meant that there was a mood swing, either he was angry, or, he was weak-minded.

If combined with those suspicious things about him

"Jianyuan, I want to hear a word of truth from you, I hope you can tell me that you are really innocent, right?" Li Ruonan asked.

"Is it still useful for me to say anything now?" Fan Jianyuan asked.

"It's useful!" Li Ruonan nodded her head.

Fan Jianyuan shook his head with a bitter smile and said, "Forget it, just think of it as me absconding from the crime."

As he spoke, he raised his hand to look at his watch, "It's getting late, I'm going to go do the registration procedures, Ruo Nan, that's all"

Li RuoNan was anxious: "JianYuan"

The first thing you need to do is to take out a few notes from your wallet and put them on the table, then turn around and leave.

The first thing you need to do is to call out to him, but he didn't turn around even though he called out several times. Li Ruo Nan wanted to go after him and explain, but when he looked at Fan Jian Yuan's somewhat sullen back, he couldn't take a step.

But Li Ruonan didn't notice that when Fan Jian Yuan was about to walk out of the cafe, his gaze was slightly sideways, and there was a man sitting in ordinary clothes.

Qin Feiyu couldn't help but frown, and his hand stirring his coffee with a spoon also paused slightly, the other party noticed him?

But seeing Fan Jianyuan striding out, Qin Feiyu couldn't help but wonder, had he just been blind? Or was he too sensitive?

Without having time to think more, he immediately took out his mobile phone and stood up to follow him while dialing Ji Feng's number.

.....

"Okay, I saw it."

Inside the taxi, Ji Feng hung up the phone, but his gaze was just in time to see Fan Jianyuan who walked out of the cafe.

However, what made Ji Feng feel strange was that Fan Jianyuan did not walk in the direction of the waiting hall, but in the opposite direction, and quickly disappeared in a flash from the corner next to the cafe.

"Young Ji!"

Bai Zhu hurriedly said, "Do you want me to follow?"

Ji Feng shook his head and said, "You stay here, I'll go!"

Bai Zhu wanted to say something else, but Ji Feng had already pushed open the car door and walked down, she just wanted to follow, but was stopped by the taxi driver, "Hey, you guys are just leaving?"

Swish swish!

Bai Zhu took out two more banknotes and handed them to the driver, saying, "You haven't seen either of us today, understand?"

The taxi driver was stunned, but he saw that Bai Zhu had already left with quick steps.

Just as Ji Feng chased after him in the direction Fan Jianyuan had disappeared, he saw that Qin Feiyu had already followed him, and Ji Feng's steps were not so hasty. He still had great trust in Qin Feiyu's strength, and the title of flying fish was not earned for nothing.

The target he was following never left his sight, even if the other party had gone around the side of the cafe to the back side of the fence and was walking faster and faster, Qin Feiyu looked very relaxed.

As Qin Feiyu continued to follow him, he suddenly gazed at him and saw the target he was following suddenly leap up and climb the fence and flip over it in one go.

Qin Feiyu's heart sank, and without even thinking, he immediately followed a small assisted run and then also tumbled over the fence.

"Phew~"

Suddenly!

Before Qin Feiyu could even land, he saw a black shadow coming steeply towards him, incredibly fast and rapidly zooming in his eyes.

With a swish, a feeling of extreme danger struck him, and the keen sense he had cultivated for a long time made Qin Feiyu realise the danger instantly, and he almost instinctively went to dodge, but at this moment he hadn't even landed yet, and even if he wanted to dodge there was no place to lend a hand, almost in a flash, Qin Feiyu steeply stomped his foot on the fence, and his whole body moved outwards as far as it could.

“Boom~!”

The black shadow dodged close to Qin Feiyu's head, but it hit him heavily on the shoulder at once, and his body suddenly shook, and his whole body did not even react before he instantly fell to the ground.

But Qin Feiyu didn't even care about the dizziness from the fall, let alone the excruciating pain in his shoulder, he rolled on the ground almost by instinct.

Qin Feiyu tried to dodge again, hoping to find a chance to stand up, but as soon as he moved, he suddenly felt a tightening of his neck, his neck was strangled by an arm, and at the same time, a sinister and ruthless voice sounded in his ears.

“You've been following me for so long, have you seen enough? I'll send you to hell today!”

“Uh”

In a flash, Qin Feiyu only felt a huge force strangling his neck deadly, making him completely breathless, and in just an instant, he felt his eyes go black, and his whole there began to suffocate, almost about to faint instantly.

This was a master, an extremely powerful master!

Such a thought flashed through Qin Feiyu's mind, and he instinctively tried to resist, but his neck was strangled so fiercely that he didn't have a single ounce of strength left in his body, let alone resisting.

I never thought I would die here!

Qin Feiyu only felt his eyes go almost completely black, his consciousness leaving him little by little and at this moment if you look from the side you will see that Qin Feiyu's face has risen to a purple-blue colour, extremely frightening!

And behind him, there was a hideous face!
