

Campus Master 2731

“Uh .....”

Qin Feiyu was already completely out of breath, his consciousness was already blurred, just in a haze, listening to that cold and ruthless voice coming from his ears, but he couldn't care less at the moment.

Although it was still very early for his appointment with Ji Feng, he thought that Ji Feng would give Yin Hong a wide berth because he had put his life on the line to complete the task he had given him.

He knew that Ji Feng was not an evil master, but on the contrary, he was very principled in his work.

So Qin Feiyu was assured that if he died today, Ji Feng should raise his hand to Yin Hong.

It's just that .....

The first thing you need to do is to get a good idea of what you're getting into.

However, before he died he didn't even know if it was the target he was following that did it, and he didn't even know what the person who was killing him looked like.

More importantly, Qin Feiyu heard a contempt in the other party's tone.

It was as if ..... the other party getting him killed was no different from getting a chicken killed, which made Qin Feiyu feel an insult.

But yet it only went so far, Qin Feiyu's hands that originally clasped the other party's arms had completely run out of strength and slowly slid down, his originally tense body also gradually relaxed, his consciousness, moreover, gradually left his body .....

“This is the end, now I'll send you down!”

Once again, that ruthless voice was heard in his ears, full of a sinister feeling.

Qin Feiyu didn't even hold any hope anymore, he wasn't even conscious in this instant, yet just at this time, a cold voice came over abruptly.

“The one who should go down is you!”

“Whew~”

The next moment, he only heard a bang, Qin Feiyu only felt his body lurch, then seemed to have fallen to the ground, immediately after that, he was hazily aware of what seemed to have been stuffed into his mouth, and gradually, it seemed that the strength had returned to him.

Qin Feiyu's eyes opened a slit with difficulty, and the only sliver of sunlight behind the fence was a little blinding, while there was a tall, dark figure in his line of sight.

“How does it feel?” The dark figure asked.

“Uh ..... cough .....” Qin Feiyu was just about to speak when he couldn't help a violent cough, and when he reacted abruptly, a huge force burst out from his body He instantly realized where he was and

snapped his eyes wide open and instantly saw Ji Feng crouching in front of him, looking at him with a frown.

At this time Ji Feng said, "Don't be in a hurry to speak, your throat is injured, but hold on for a moment while I take revenge for you."

Qin Feiyu opened his mouth, but he couldn't get a word out. Ji Feng smiled and patted his shoulder, saying, "Feiyu, you've worked hard, you've done well! Your mission has been accomplished, next, you'll watch me take revenge for you!"

"....."

I don't know how it happened, after hearing these words from Ji Feng, Qin Feiyu, who had all but held the conviction of certain death, suddenly had a sourness in his heart and an even warmer feeling.

He suddenly found that it seemed ..... following Ji Feng was not bad at all!

Ji Feng, on the other hand, slowly stood up, his gaze crossed over Qin Feiyu and landed on a person not far away, at the same time, Qin Feiyu forced himself to endure the sharp pain in his throat, and also reluctantly turned his head, finally seeing the expert who almost made him lose the ability to resist to fight back instantly and almost killed him with a single blow!

Sure enough!

Qin Feiyu secretly said, it was really the one he was following, Fan Jianyuan!

He couldn't help but be secretly shocked, China was really a crouching tiger hiding dragons, he used to think he was already very powerful when he was abroad, but when he came to China, first he met Ji Feng, and then he met Fan Jianyuan, both of these people were so powerful!

What's more, whether it was Ji Feng or Fan Jianyuan, if one looked at them from the surface at first glance, I'm afraid no one would have thought that these two men would be so formidable!

Even though Qin Feiyu hadn't seen Fan Jianyuan strike, he had felt it first hand!

This was an expert!

An extremely powerful master!

Although at this moment Fan Jianyuan was slightly bent over, his legs were one in front of the other, his front leg was half bowed, his brow was furrowed, and his right hand was even covering his stomach, revealing half a footprint where his hand did not cover it, Qin Feiyu would not half underestimate this man.

Only having experienced it first hand would he know how terrifying this man was!

"Fan Jianyuan!"

Ji Feng frowned and looked at Fan Jianyuan, "Very powerful!"

Fan Jianyuan sneered, "Ji Feng! It's really you! I knew it, and only you would send someone to follow me!"

He gritted his teeth, and there was ruthlessness in his eyes, as if he hated Ji Feng with a passion.

Ji Feng couldn't help but frown and said in a deep voice, "In that case, the person who shot me in the dark at the convention centre was indeed you?"

Fan Jianyuan sneered, "You want to know? Go to King Yan and ask, maybe he will tell you!"

"Young Ji won't go, if he wants to go, it's you who will!" At that moment, another figure suddenly dropped down from above the fence, her movements were incomparably athletic, but it was Bai Zhu who had arrived, her face cold, her eyes fixed on Fan Jian Yuan, her eyes full of killing intent.

"What, you want to bully the lesser with more people? Heh! I'm really a bit scared!" The corners of Fan Jianyuan's mouth pulled up into a playful teasing smile, but there was not the slightest bit of fear visible in his eyes, instead some killing intent flickered.

"Bai Zhu, you don't need to come over, take care of Feiyu, he's injured!" Ji Feng didn't even turn his head back, he just commanded in a deep voice.

"Yes!"

Bai Zhu nodded and didn't insist, but she raised her vigilance to the highest level, as long as things were the slightest bit wrong, she would instantly draw her gun, anyone who threatened Ji Feng's safety, she would not hesitate to shoot the other party, let alone someone like Fan Jianyuan!

But Ji Feng didn't want to make a move so quickly now, because he still had a lot of things to ask for clarification, staring at Fan Jianyuan, he asked in a deep voice: "Before this, I didn't have any knots with you, why did you put a cold shot in my back?"

But Fan Jianyuan grinned, seemingly with a vague sense of madness, "If you want to know, go ask King Yan! He'll tell you everything you want to know!"

Ji Feng shook his head and said, "Then you should go down and tell him first ....."

Swish~!

Suddenly, Ji Feng hadn't even finished his words when he saw Fan Jianyuan suddenly rush over, almost reaching him in the blink of an eye, while a flash of snow flashed abruptly, it was a dagger!

Fan Jianyuan's speed was astonishing, although he said he was taking advantage of Ji Feng's inattention to make a sudden move, but if his movement was not fast enough, the surprise attack would not have worked, but now in just the blink of an eye he was in front of Ji Feng, the dagger in his hand directly wiped at Ji Feng's neck.

There was a cold smile on Fan Jianyuan's face, and his eyes were even more murderous, a blow that he wanted to put Ji Feng to death!

But all of a sudden, Fan Jianyuan suddenly found that under his surprise attack Ji Feng's face did not even have a half panic look, not even a half change in his face, as if he was scared silly ..... something is not right!

The actual fact is that you will be able to get a lot more than just a few of these.

However, if Ji Feng was not scared silly, how come he did not react?

This thought flashed through Fan Jian Yuan's mind for just a moment, and the process was actually just a blink of an eye. Fan Jian Yuan couldn't afford to think more because the dagger was already about to be placed against Ji Feng's neck.

However, at this moment, Fan Jian Yuan suddenly saw a flash of light in Ji Feng's eyes, and his heart suddenly jumped, and a feeling of extreme danger instantly swept through his whole body.

Almost subconsciously, Fan Jian Yuan fiercely recovered his dagger, and at the same time, he kicked Ji Feng fiercely.

"Boom~!"

There was a muffled sound.

Ji Feng's foot and Fan Jianyuan's foot kicked together.

Fan Jianyuan only felt a huge force coming from him, causing his entire body to shake, especially the leg that was propped up on the ground, which suddenly went weak and almost didn't sit on its butt. He instinctively stomped back a few steps to ease the rush from that huge force.

In his heart, an overwhelming feeling of horror washed over him!

High hand!

Fan Jianyuan's heart was incomparably shocked, what a powerful force!

Looking at Ji Feng again, he actually only took a slight step back, but his body didn't even sway, only the foot that kicked out retracted and fell behind ..... Strictly speaking, he only took half a step back!

The same is true of kicks, but the difference between the two sides is so great.

The difference between the two was so great. The two were so low in comparison!

What's more, Fan Jianyuan realised a problem, and he stared at Ji Feng, his expression gradually becoming grave.

Ji Feng's face also couldn't help but flash a look of surprise as he looked at Fan Jian Yuan with interest and said, "Not bad, full of strength and quite fast, one really can't judge a man by his appearance!"

In fact, he was quite surprised in his heart.

Originally, he knew that Fan Jianyuan was a practitioner, or at least had kung fu in his body, but he did not expect that Fan Jianyuan's strength would be so strong, no wonder Qin Feiyu had fallen into his hands and did not even have the slightest chance to resist!

Campus Master Chapter 2732

What makes Ji Feng feel strange is that if you just look at Fan Jianyuan's body, it's hard to imagine how he could have such tremendous strength, which is really strange!

Ji Feng stared at Fan Jianyuan, his heart even doubted whether this person was born with divine strength!

Soon Ji Feng denied his guess, because Fan Jianyuan is not just amazing strength, this person's speed is also extraordinarily surprising, beyond his expectations.

Just now the speed of that blow, not the slightest slower than Qin Feiyu, even, in the impression of Ji Feng, if simply by speed, as if around now also Bai Zhu and Zhang Lei to exceed Fan Jianyuan, but more than not too much, very limited.

You can imagine how amazing the speed was when Fan Jianyuan was attacking just now!

Huge strength, unbelievable speed, these two, Fan Jianyuan if only one of them, it does not matter, if he has great strength, you can cure him from the speed, if he is fast, then you can cure him with strength and heavy strikes.

But great strength and great speed combined together can be more than just one plus one equals two so simple, unless one can overwhelm him in strength and speed across the board, it is possible to take him down in a short time.

Ji Feng thought about it, beside Zhang Lei and Bai Zhu, Yi Xingchen and several of them do not know if they can do it, because now he does not know where Fan Jianyuan's limit is, if that blow just now is Fan Jianyuan's limit, then with the strength of Yi Xingchen and several of them, any one of them can capture Fan Jianyuan alone.

Of course, only a few of the main cadres such as Yi Xingchen, like the later to join the team, because of the short time to practice gymnastics, may not be able to do.

But if Fan Jianyuan just now also retained the strength, that is not his limit ..... I'm afraid that today even Ji Feng shot, will be more or less a bit of trouble, to take some effort and hands!

And at this time, Fan Jianyuan is looking grave, seems to have not heard Ji Feng's mockery in general, just stared at Ji Feng, slowly said in a deep voice: "You are an ancient martial artist?!"

Hmm?

Ji Feng's heart faintly froze at his words, then he reacted, Fan Jianyuan said he was an ancient martial artist?

Ancient martial artist, this term Ji Feng has not heard for the first time, Zhang Lei's girlfriend Shen Jingyi's family is an ancient martial family, and in the ancient martial world, there are innate experts, the strength of the powerful innate experts even Ji Feng on the extra tricky.

When Ji Feng chased the little prince in southern Guangdong, there was a very strong expert to block him sniping, so Ji Feng finally stopped at the pier and watched the little prince escape.

So for the ancient martial arts world, Ji Feng is naturally not a stranger.

However, Fan Jianyuan actually knew about ancient martial artists, which made Ji Feng very surprised.

Because according to the intelligence, Fan Jianyuan has been living abroad for the past few years, and did not come back in the middle, he had contact with ancient martial artists!

But just now when Ji Feng fought with Fan Jianyuan, but did not feel the presence of true qi from his body, at least, this person does not true qi outward, so it should not be an innate expert.

Not an innate expert, but with such strong strength, this can't help but make Ji Feng feel surprised.

"So, you are also an ancient martial artist?" Ji Feng asked in a deep voice.

"Ancient martial artist ....."

Fan Jianyuan bristled and snorted coldly, "What is an ancient martial artist again? Give me enough time, I will be more powerful than ancient martial artists, even if they are innate experts, they are only worthy to carry shoes in front of me!"

Ji Feng snorted, "What a big mouth!"

"Humph!"

Fan Jianyuan sneered, his face full of disdain, but did not speak, as if he did not care to argue, much less to argue with Ji Feng.

When Ji Feng saw this, he knew that he could not ask anything from his mouth, since this was the case, he could only take him down first, and then slowly interrogate him.

Then, Ji Feng unzipped his jacket, took it off and threw it to the ground next to him, and pulled up the cuffs of his shirt.

Fan Jianyuan saw this and could not help but stare.

He immediately realized that Ji Feng this is to move the real thing, which immediately made him alert, although his mouth said hegemonic and arrogant, but in fact, Ji Feng's strength is extraordinarily shocking to him, at least the exchange of blows just now, Ji Feng steadily prevailed, although he had the element of gullibility in it, but this is enough to show that Ji Feng's strength is very strong.

Even, a few points stronger than him.

Fan Jianyuan could not help but be cautious.

But Fan Jianyuan did not take off his jacket like Ji Feng did, he just pulled up the cuffs, while slowly taking a step back, and Ji Feng pulled back a certain distance, waiting in the wings.

"Will you do it first, or should I?" Ji Feng seemed not to see Fan Jianyuan's cautious and wary look and asked indifferently.

This attitude of his immediately made Fan Jianyuan's expression sink, and he said in a cold voice: "Ji Feng, do you really think that you can definitely leave me behind today?"

Ji Feng nodded unabashedly and said, "That's right, today you must stay!"

Fan Jianyuan said angrily, "Arrogance! You think that because you are an ancient martial artist, you can run around without any fear? Well, I'll try you today to see how much weight you have, how dare you be so arrogant!"

The more calm Ji Feng was, the more Fan Jianyuan felt insulted!

This is simply not to put him in the eyes!

Ji Feng made an inviting gesture, indicating that Fan Jianyuan could try his hand, "Let your horse come here!"

"Bastard!"

Fan Jianyuan shouted angrily, the whole person steeply lunged over, extremely fast, a few meters distance in front of Ji Feng in the blink of an eye, at the same time he fiercely kicked at Ji Feng.

Ji Feng's eyes narrowed slightly, without the slightest carelessness, he expected that Fan Jianyuan would definitely not be just a simple attack, so instead of dodging in the slightest, he also suddenly moved forward and kicked out lightning-like, a few points faster than Fan Jianyuan.

"Boom!" A muffled sound.

Ji Feng came after him, before Fan Jianyuan's foot could reach him, he already instantly kicked Fan Jianyuan's leg, instantly cutting off Fan Jianyuan's attack.

Well!

Fan Jianyuan let out a stifled cry, the whole person violently deflected some, narrowly avoiding Ji Feng's elbow strike, but the whole person could not help but some staggering back a few steps.

The company's main goal was to get the company to the point where it could not be able to get a good deal of money.

This test Ji Feng immediately saw, Fan Jian Yuan is really practiced kung fu, and is the ancient martial artists of the kind of set of attacks, which makes Ji Feng more curious, this Fan Jian Yuan is really not ordinary people ah!

But then look at Fan Jianyuan, his face is not too good, he did not expect Ji Feng's speed would be so fast, he attacked first, but also by Ji Feng after the first, which is faster and slower can be seen at a glance.

"That's all the strength?" Ji Feng asked.

"Don't be arrogant!"

Fan Jianyuan looked a little ugly and said coldly: "This is just the beginning, it's not sure who will fall in the end!"

Ji Feng raised his hand, "Then go on!"

Hoo~!

As soon as his words fell, Fan Jianyuan attacked once again, this time, Fan Jianyuan's speed was faster and more powerful, and even brought up a sound of wind.

Ji Feng was equally tit-for-tat, Fan Jian Yuan's speed was faster, his speed was faster, Fan Jian Yuan's power was full, Ji Feng's power was fuller, except for not being able to predict the direction of Fan Jian Yuan's attack, Ji Feng was restraining him everywhere.

"Drink!"

Fan Jianyuan roared, this fight is really too stifling, originally he was extraordinarily confident in his own hands, almost never met an opponent, but now he is everywhere restricted by Ji Feng, this stifling feeling is simply about to make him vomit blood!

Ji Feng could not attack for a long time, but did not have the slightest anxiety, not that he could not take Fan Jianyuan, but he felt that Fan Jianyuan has not yet taken out the bottom of the strength, he wanted to try Fan Jianyuan's limit, to see what other cards this guy has in the end, in the case of knowing that he could not beat him, but still did not escape!

This side of Ji Feng and Fan Jianyuan fierce exchange, not far away Qin Feiyu is watching the whole person almost frozen, he really could not imagine that these two people would be so strong.

Ji Feng's powerful Qin Feiyu is aware of, but did not expect to be powerful to this extent, and Fan Jianyuan ..... Qin Feiyu did not expect, usually looks gentle, who would have thought that he would have such strength?

These two people, are masters!

But for Fan Jianyuan, the name expert, but like an insult, because he, an expert, in front of Ji Feng was actually beaten only passive defense, and even the pressure is increasing, while he was able to clearly see Ji Feng's face as calm as ever, except for the occasional flash of fine light in his eyes!

He was teasing himself!

Fan Jianyuan's heart involuntarily rose up with a wave of shame and annoyance, a wave of anger rushed straight to his head, he roared: "Give me death!"

In the next moment, he saw his whole body suddenly explode, a fierce fist, carrying a huge force, lightning-like smashed towards Ji Feng.

Ji Feng's eyes narrowed, at the same time, his feet steps staggered, his speed soared, and he instantly avoided it. At the moment when their bodies crossed, Ji Feng steeply bombarded Fan Jianyuan's rib cage, while the other hand was a fierce slap on his back.

"Well!"

Fan Jianyuan muffled a sound, the whole person instantly rushed out, even his fist could not even retract, at once crashed into the fence.

Boom~!

A shocking scene appeared, Fan Jianyuan so suddenly crashed into the wall, his fist, surprisingly raw on the fence ..... crashed out a not small pit, the cement was cracked!

Campus Master Chapter 2733

Qin Feiyu almost looked dumbfounded!

If not for the serious injury to the throat, he even wanted to yell: "Is this still a fucking human being?"

The outside of the wall is built with cement, hardness, needless to say, may not be able to withstand the destruction of professional wall demolition equipment, but the human fist ..... even the iron fist will not be so terrifying, right?

If you do not see with your own eyes, Qin Feiyu how would not believe that someone can punch the wall to smash a pit, cement blocks flying around .....

Not only Qin Feiyu, even Bai Zhu can not help but stunned, this scene is really .....

She stared at Fan Jianyuan who ruthlessly crashed into the wall without reservation, the light of caution in her beautiful eyes kept flickering, it seems that young Ji was right, this person is really not an ordinary expert!

As for the scene where Fan Jianyuan smashed a crater into the concrete wall with one punch .....

This is shocking, but it is not so difficult to accept, because Bai Zhu once saw with his own eyes Ji Feng a fist will be a stone crumbling scene, from that time on, there are very few scenes can shock her, now she is only slightly stunned for a moment, immediately raise the alert!

Only Ji Feng, staring at Fan Jianyuan with a tight frown, with a touch of gravity in his eyes.

Ji Feng looked serious, not because of Fan Jianyuan's strength, to say that a punch will smash a pit out of the concrete wall, he is also able to do, if you do your best to activate the bio-current, the concrete wall can not stop him!

What really got his attention was that Fan Jianyuan's collision showed something intrinsic!

For example ..... Fan Jianyuan's hand!

Ji Feng can be sure that Fan Jianyuan is not an innate martial artist, at least until now, he has not detected the presence of true qi from Fan Jianyuan's body, that is, even if Fan Jianyuan is an ancient martial artist, so far he has not been able to do true qi outward, even Ji Feng can not detect, then he is obviously not an innate martial artist.

Even Ji Feng was wondering if Fan Jianyuan was an ancient martial artist or not, because he couldn't really see signs of Fan Jianyuan's inner strength!

But even so, Fan Jianyuan's body was so hard!

His fist actually just relied on the punching momentum to pop a piece of the hard concrete wall, this body hardness alone was enough to make people surprised.

In fact, originally, Ji Feng slapped a palm on Fan Jian Yuan's back after avoiding the punch that he attacked, actually he wanted to make Fan Jian Yuan's center of gravity unstable and directly hit the wall head on, but the result was beyond Ji Feng's expectation and even surprised him.

"Well ....."

Fan Jianyuan couldn't help but moan `groan, couldn't help but grit his teeth, fiercely took a step backwards and pulled his hand out of the concrete wall.

Only, his appearance is looking a bit miserable, his right hand on the whole arm sleeves are scraped, a wisp hanging on the arm, drooping, and his face also inevitably hit the wall just now in the collision, full of dust, nose is hit by the blood, do not know if the nose is broken!

Fan Jianyuan gritted his teeth, the whole person felt a kind of incomparable shame!

Ji Feng slapped on his back is too heavy, although Ji Feng only lightly slapped, but fell on Fan Jianyuan's body that is like being hit hard by a high-speed speeding truck!

At that moment, Fan Jianyuan was struck by lightning, the whole person simply could not control, and hit the wall!

This made him feel like an angry and high-speed running bull, Ji Feng is the bullfighter, just a light avoidance, let himself so embarrassed.

He turned back abruptly, his eyes were full of anger and resentment staring at Ji Feng, gritting his teeth, his mouth could still clearly feel the fine cement particles that had just crumbled in .....

"Ji Feng!"

Fan Jianyuan's eyes were full of blood: "You're very good!"

Ji Feng, however, stared at him, frowned slightly, and said, "It seems that you are not an ordinary person!"

Fan Jianyuan snorted coldly and said through clenched teeth, "Of course I'm not an ordinary person, I'm the one who wants you dead! Today, I want you to die!"

"You don't need to play sloppy with me!"

Ji Feng but slowly shook his head and said in a deep voice: "You can't divert my attention, Fan Jianyuan, if you cooperate honestly, maybe today you will suffer less, but if you still want to resist to the end ....."

"Cut the crap!"

He was interrupted by Fan Jianyuan before he could finish his words, only to hear the latter say in a sarcastic voice: "These nonsense, you save it to talk to the King of Hell!"

Just after he finished his words, he roared in anger and steeply lunged towards Ji Feng again.

Since the words have come to this point, Ji Feng also said nothing more, directly to meet it, since Fan Jianyuan still does not die, then beat him until he dies!

"Boom~!"

With Ji Feng's crashing fist ruthlessly blasted on Fan Jianyuan's ribs, only to hear a sound like muffled thunder, the next moment, Fan Jianyuan directly flew out sideways and fell to the ground with a bang.

But Ji Feng's power is definitely more than that, Fan Jian Yuan fell to the ground simply can not stop the impulse, the whole person slid a few meters on the ground and even people turned over a heel, before snapping on the ground, the mouth issued an instinctive scream.

However, the more you fight Ji Feng's brow is frowned more and more tightly, he is now more and more sure of his suspicions.

"Uh ....."

Fan Jianyuan held both hands on the ground, gritting his teeth to get up.

Ji Feng asked in a deep voice: "Fan Jianyuan, what kind of a monster are you?!"

From the time Fan Jianyuan hit the wall but the cement wall crumbled, Ji Feng had doubts about Fan Jianyuan's physique, because, even the cement wall was hit like that, but Fan Jianyuan's hand was not affected in any way, which is too mind-boggling.

Either the wall is a tofu-dreg project, or Fan Jianyuan's body is different from the average person.

But in Ji Feng's opinion, the latter is more likely.

This time let the doubts in Ji Feng's heart become transparent, no wonder Fan Jianyuan's body does not look strong, but has so much power, even just for a moment, even experts like Qin Feiyu almost killed in his hands.

Even, when he shook hands with Ji Feng in the exhibition center, Ji Feng already felt that this person's hand was extraordinarily strong, but at that time Ji Feng did not want to see him in general, now think about it, if Ji Feng is the kind of competitive personality, I'm afraid that at that time he would have fought with Fan Jianyuan, then, at that time he may have found Fan Jianyuan suspicious.

But it is also fortunate that Ji Feng is not that kind of character, otherwise, now certainly he caused more hostility, this drink and a peck, but also the heavens.

Ji Feng's attention, once again back to Fan Jianyuan, he frowned at Fan Jianyuan, but some doubts in his mind.

Fan Jianyuan, what kind of monster is it?

He is definitely not an ordinary person, there is no doubt about it, no ordinary person can hit the wall instead of breaking it, but himself unharmed ..... Although Fan Jianyuan's nose is bleeding, but with Ji Feng's eyesight is naturally able to see whether his injuries are light or heavy!

"You are a reformer?" Ji Feng asked in a deep voice.

"....."

Fan Jianyuan did not speak, just a pair of eyes bloodshot looking at him, teeth grinding creaking.

Ji Feng slowly shook his head, without Fan Jianyuan answer, he himself denied this guess, Fan Jianyuan can not be a reformer!

Or at least, Fan Jianyuan is not that kind of low-level reformer!

Because, even if Ji Feng used his penetrating eyes to observe, he could not see where Fan Jianyuan's body had been transformed!

This is why Ji Feng never found anything suspicious on Fan Jianyuan's body, it's not that he didn't see it, but he simply didn't see it. The flesh and blood and bones on Fan Jianyuan's body are no different from those of ordinary people.

At least, in the color of the bones and flesh and blood has been shaped and so on some characteristics, and others are the same. That's why Ji Feng didn't take it too seriously, but now it seems that at that time, it was his negligence, Fan Jianyuan's body, definitely not ordinary.

"Do not say? Very good!"

Ji Feng nodded, since not to say, then there is no way, can only capture the person back to say.

So, without saying a word, Ji Feng steeply stepped forward and reached out with one hand and directly grabbed Fan Jianyuan.

"Bastard!"

Seeing that Ji Feng was so reckless, simply not putting him in his eyes, this instantly angered Fan Jianyuan, he let out a low roar and rushed towards Ji Feng.

Swish~!

Just as the two were about to get close, Fan Jian Yuan's hand suddenly had a dagger in it, pressing straight for Ji Feng's throat.

Ji Feng staggered to avoid it, and at the same time lightning kicked Fan Jianyuan in the waist, instantly kicking him out four or five meters away, "Deadly nature does not change, it is difficult to become a great weapon!"

Before Fan Jianyuan like to sneak attack, now the dog still can not change to eat shit, this kind of person, is completely villain!

Fan Jianyuan gritted his teeth and straightened his back, angrily said, "Ji Feng, today I must kill you!"

Ji Feng shook his head and did not bother to talk nonsense with him again, and gave full power to the bio-current instantly, and once again grabbed Fan Jianyuan, since there is no need to talk any further, then let's capture the person first, and then talk slowly!

Faced with Ji Feng's strike again, Fan Jianyuan was shocked and angry, he roared, the whole person suddenly burst out a strong aura, while lunging at Ji Feng, this time, his speed obviously improved a lot, however, in front of Ji Feng he was still a chip slower.

"Boom~!"

Fan Jianyuan was once again kicked away by Ji Feng and fell heavily to the ground.

Several times in a row, Fan Jianyuan was completely defeated and was in an absolute disadvantage, which made his face extraordinarily ugly, and the resentment in his eyes became more and more intense.

However, Ji Feng did not even look at his reaction, but took a big step forward and once again grabbed Fan Jianyuan's neck.

"Son of a bitch ....."

Fan Jianyuan roared, at the same time he jumped up and attacked Ji Feng, this time, he seemed to be desperate!

Campus Master Chapter 2734

Facing the furious Fan Ji Feng chose the most direct method – to use his fists and beat him back to his original form!

"Boom~!"

Ji Feng's punch, which was delivered with his full power of bio-current, contained an unparalleled and terrifying power!

As soon as his fist blasted Fan Jianyuan's body, it instantly caused the latter's body to shake violently, and a miserable scream came out of his mouth as he abruptly flew across the room.

"Hiss ....."

Even Qin Feiyu, who was watching from the side, couldn't help but suck in a breath of cold air, even from some distance away, he could feel how heavy this punch was!

This is definitely a heavy punch!

He even felt a bit sad for Fan Jianyuan, he had to face anyone but Ji Feng, and he even had to play dirty tricks.

As expected, Fan Jianyuan's face turned green as he flew across the room, his body trembling and his face distorted from the extreme pain.

Ji Feng's punch was just too severe and ruthless!

"Well ..... uh ....."

A strange low roar came out of Fan Jianyuan's mouth, showing how painful he was at this moment, and his original flamboyant demeanor, and that kind of elegance had completely disappeared, replaced by an extreme hideousness, hideous and terrifying!

Fan Jianyuan held the ground with both hands with difficulty, trembling as he tried to get up, while turning his head to look at Ji Feng from time to time, an extremely resentful look shooting out of his eyes.

"Humph!"

However, Ji Feng did not show the slightest mercy, no matter how miserable Fan Jian Yuan was, he would not be soft-hearted, he knew very well that this person was like a poisonous snake, if you don't lay a hand on him, then the one who falls must be you!

Ji Feng walked towards Fan Jianyuan with a cold look on his face.

Seeing this, Fan Jianyuan immediately sped up his struggle, he clenched his teeth, roared lowly, climbed up with a jerk, turned around and ran in the opposite direction to Ji Feng.

“Want to run?!”

Ji Feng coldly snorted, suddenly speeding up and chasing after him.

Swish!

However, just at this moment, Fan Jianyuan, who was originally running away quickly, suddenly stopped and turned around instantly, at the same time he unexpectedly had a pistol in his hand at some point, the muzzle of that gun was pointing at Ji Feng, at the same time Fan Jianyuan fired his gun without hesitation.

“Boom!”

The sound of the gun was not very loud, but a great feeling of danger instantly swept through Ji Feng's whole body. He suddenly rolled on the ground, while his legs suddenly shot up, his whole body leaped up high, and a bright light suddenly flashed.

A bright light suddenly flashed. He fell backwards and fell to the ground, but he saw that on his wrist, half a key was exposed.

His wrist had been pierced by a key!

Snap!

Ji Feng landed steadily and sped a few steps to Fan Jian Yuan, looking at the latter's extremely distorted face due to pain, he said coldly: “A pocket pistol? This time, it's a combination of the stolen and the stolen!”

Not far from Fan Jianyuan's side, a pistol had fallen, it was a white pocket pistol.

Ji Feng picked up the pocket pistol and looked at it, but found that the pistol was not made of metal, but a material Ji Feng had never seen before, he weighed it and felt that the weight was not light, it seemed to be no lighter than metal.

“It's very well made!”

Ji Feng stared at the pistol, sizing it up, and couldn't help but sneer, “If I'm not wrong, at that time at the convention centre, you used this pistol to sneak up on me, right?”

Fan Jianyuan gritted his teeth and didn't say a word, just staring at him with resentment.

Ji Feng smiled, not caring, and took a few more glances at the pocket pistol, he found that it was at most half the size of the palm of his hand, so it was really easy to carry, and it was hard to be discovered when hiding it anywhere.

What's more, the gun was not made of metal, so even with a detector it might not be detectable!

No wonder Fan Jian Yuan dared to carry it on the plane. It seems that, apart from the fact that he had a way to avoid inspection, the material of this gun must have helped him a lot too!

Ji Feng smiled and looked down at Fan Jian Yuan again, and was greeted with what appeared to be Fan Jian Yuan's malevolent gaze.

"Those who kill, people always kill! Those who insult people, people are always insulted!" Ji Feng's face wore a mocking smile as he said, "At first, you used this gun to sneak attack me, but didn't expect that you would now be captured because of this gun, right?"

"....."

Fan Jianyuan's teeth were about to gnash as he looked at Ji Feng and didn't say a word.

Only, his heart was almost roaring with rage!

Why is it like this?!

Just now he pretended to run away in order to distract Ji Feng's attention, and the time he spent from pulling out his gun to turning around and firing could simply be said to be in the blink of an eye, even the most powerful person would definitely not be able to escape, unless his marksmanship was too bad, but he was extremely confident in his own marksmanship.

But Fan Jian Yuan could never have imagined that Ji Feng was already making evasive maneuvers before he fired, and looking at him like that, Fan Jian Yuan thought he could see through and even foresee the future!

But this was obviously impossible! No one could see the future!

Yet, Ji Feng had dodged it and, with a key, shot him through the wrist!

Terrible man!

And ..... a damned man!

Fan Jianyuan was furious to the extreme, and hated to the extreme, why was Ji Feng so terrifying and powerful, ah .....

However, Fan Jianyuan, who was almost bursting with rage, naturally would not know that his carefully prepared plan for a sure kill had actually doomed his current outcome from the moment he was unwilling to cooperate with Ji Feng!

The insidiousness and meanness of Fan Ji Feng had personally experienced, and dealing with such a villain, just by TO nature would not work, moreover, Ji Feng would never consider himself as any decent man, let alone a hero.

So from the moment the two of them actually exchanged blows, Ji Feng gave full play to the biological current acting on his eyes, a pair of eyes that completely saw Fan Jianyuan through, and naturally saw clearly this pocket pistol he had on him.

The reason why Ji Feng was able to easily dodge Fan Jian Yuan's sneak attack, even when Fan Jian Yuan had just turned around Ji Feng had already started to make evasive moves, was because he had long known that Fan Jian Yuan had a gun on his body.

He had a gun on him, yet he was slow to use it, preferring to be beaten as miserably as a dead dog, but he could endure it, so it was obvious that Fan Jian Yuan must have intended to kill him in one blow.

Otherwise, wouldn't the gun he carried have become a decoration?

"If you have the guts, you can kill me now!" Fan Jianyuan gritted his teeth and said.

"Killing you, I'm afraid of getting my hands dirty!"

Ji Feng glanced at him coldly and said, "But don't worry, before you die, I'll definitely treat you well!"

Fan Jianyuan's face was blue and he looked at him with resentment.

Ji Feng didn't even bother, he just said, "Bai Zhu, immediately notify Old Yi and tell him to bring people over, remember to bring a caravan or commercial vehicle!"

Bai Zhu immediately nodded, took out her mobile phone and started contacting Yi Xingchen.

She knew what to do without Ji Feng's arrangement. Right now Qin Feiyu was injured, and Fan Jianyuan was obviously a special person, so she could not go through the regular way at this time, so she immediately followed the method that Ji Feng had arranged a long time ago, and first contacted the people from Jiangzhou Military Region, and then this time contacted Yi Xingchen.

In China, the management of the airport was undoubtedly extremely strict, to do away with a few people here, with their strength, might not be too difficult, but to take away two people who had been wounded, and absolutely not to attract anyone's attention, I'm afraid it would be a bit difficult.

Therefore, it was now necessary to increase the manpower again.

Meanwhile, Ji Feng, on the other hand, clasped Fan Jianyuan's wrist and looked at it carefully, and he really found the problem, "And a monster?"

"You're the monster!" Fan Jianyuan couldn't help himself at once and roared.

"Heh!"

Ji Feng smiled, such a strong reaction?

It seems that this was said by himself, this intense reaction of Fan Jianyuan as if he was being stepped on by someone's tail, undoubtedly shows that the name monster is something that he extremely minds, which indirectly shows that he might really be a monster, and he himself is nagging about it!

However, Ji Feng did not argue with Fan Jian Yuan over this name, instead he was extraordinarily interested in Fan Jian Yuan's physique.

Looking at the wound on Fan Jianyuan's wrist, it seemed that it was just like an ordinary person who had suffered a traumatic injury and the wound would bleed, and looking at Fan Jianyuan's appearance, it seemed that he would also feel pain.

But what made Ji Feng feel strange was that Fan Jianyuan's wound seemed to be a little different from that of an ordinary person.

The wound on Fan Jian Yuan's wrist did not bleed much, moreover, his flesh seemed to be extremely tight and firm, and the texture looked much finer than ordinary ones.

But when you touch it, you can't detect much difference.

Ji Feng stared at Fan Jianyuan and carefully examined him, but found nothing wrong, even, when he observed Fan Jianyuan with the speculation of a reformer, he found nothing either.

Could it be that his own speculations were wrong?

Ji Feng secretly said, Fan Jianyuan was not some monster, just something special?

He knew that there were some rather special people in this world, such as some with very long tongues, some with eyes that could stick out, and some who could pull the skin in their necks to wrap their faces .....

Could it be that Fan Jianyuan, with his special physique, also belongs to one of them?

Ji Feng in his heart did not want to believe this result, he felt that the reason why he did not find the problem was because he did not find the trick or the key .....

"Hmm?"

Just at this moment, Ji Feng suddenly gazed, and the place he looked at was Fan Jianyuan's chest position.

Whew~!

Just as Ji Feng was carefully staring at Fan Jianyuan's chest, Fan Jianyuan suddenly stormed up and attacked him, the uninjured hand suddenly attacked Ji Feng like a viper, extremely fast.

"Uh ....."

The next moment, Ji Feng grabbed Fan Jian Yuan's neck with one hand, and with a fierce force, a biological current instantly spread throughout Fan Jian Yuan's body, causing him to suffocate abruptly, his eyes rolled over and he almost passed out on the spot!

At the same time, Ji Feng was staring at his chest, he seemed to have found a problem!

Campus Master Chapter 2735

Ji Feng's gaze, penetrating Fan Jian Yuan's body, saw his heart.

In Fan Jianyuan's heart, a small dark red particle caught Ji Feng's attention, it was a particle roughly half the size of a fingernail, connected to the surrounding flesh and blood, if you didn't look carefully you would hardly notice it.

However, this particle did not escape Ji Feng's eyes!

Ji Feng stared at the pellet carefully and repeatedly, and his expression finally changed slightly.

A biological bomb!

This was definitely a biological bomb!

In that case, then there was only one possibility ..... that Fan Jianyuan was a modified human!

This discovery made Ji Feng's expression couldn't help but stare, he had originally speculated, Fan Jianyuan was so strong and had such amazing speed, more importantly, this person's physique was really too much above normal people, this was undoubtedly a characteristic of a transformed human.

However, since there was no trace of Fan Jianyuan's body being transformed, Ji Feng had overturned this speculation of his.

But now, it seemed that his original speculation was undoubtedly correct!

Fan Jianyuan, was the Transformed Man!

This discovery really made Ji Feng couldn't help but be shocked, the technological level of the dynasty, had it reached this level?

Observing Fan Jianyuan, he only saw that there was not even a single trace of transformation on any part of his entire body, completely different from the transformed people of the past.

If I had to say that there were any similarities, perhaps his incredible strength and speed far surpassed that of normal people, that was the only thing that was the same!

However, the original kind of transformed person, even the most advanced transformed person, Ji Feng would be able to tell at a glance, but looking at Fan Jianyuan now, there was hardly any half-way difference from a normal person, which was really shocking.

Because this seemed to mean that Dynasty could now actually take the technique of transforming people to such an extent, this speed of progress was just too frightening!

If we give Dynasty some more time, God knows how far they will progress!

Perhaps one day, even if there is a transformer standing beside us, one might not even be able to recognize it, much less know that he actually has abilities and physique that far exceed those of normal people ..... This is really a very frightening thing!

What surprised Ji Feng even more was still Dynasty's progress in transforming people, it was too fast, it seemed that advanced means and high level of technology were coming out in an endless stream, which really made it a bit hard for him to imagine, where in the end did Dynasty get these cutting edge technologies from?

His heart was extraordinarily puzzled, but the first thing Ji Feng did was to fully activate the bio-current, clasping Fan Jian Yuan's wrist with one hand, carefully probing the bio-current into his body, and then carefully wrapping the bio-bomb with the bio-current.

“You .....

Fan Jianyuan suddenly sensed something, his eyes instantly widened and he was about to struggle violently.

Ji Feng coldly snorted as his other hand transformed into a palm into a knife and slashed violently at Fan Jianyuan’s neck, “Boom!”

“Uh .....

With a heavy blow to his cervical vertebrae, Fan Jianyuan’s eyes rolled over and he immediately fainted.

However, at that moment, only an angry shout came from him, “Ji Feng!”

Swish!

Bai Zhu suddenly drew his gun and turned around, but was shocked to find that the gun was pointed at Li Ruonan, who was in civilian clothes.

Ji Feng could not help but be a little surprised to see Li Ruo Nan, however, he was just about to speak, but was interrupted by an angry looking Li Ruo Nan: “Ji Feng, what are you doing?!”

“I .....

“You’ve gone too far!”

Li Ruonan said angrily, “You’ve let me down too much too! Ji Feng, I really didn’t expect you to be this kind of person!”

Ji Feng couldn’t help but frown at his words, “What kind of person am I?”

“Don’t you know what kind of person you are? Do you still want me to make it clear?” Li Ruonan’s pretty face was covered with an angry look, but there was disappointment in her eyes, “I’ve already told you so clearly that Fan Jianyuan had nothing to do with that case, you actually did such a thing for your own selfishness ..... loss I still thought you would never be so underhanded! ”

Ji Feng smiled, and his brow instantly furrowed even tighter.

“Captain Li! Please watch your words! Don’t be so tongue-tied, it’s not good for you!”

Bai Zhu couldn’t listen to this anymore, she stood up in an expansive manner, her beautiful eyes staring at Li Ruo Nan and said, “Do you think that you are a police officer and whatever you say is right?”

Li Ruonan hummed: “I never said I was absolutely right, I only believe what I see with my own eyes! Ji Feng, can you explain to me what’s going on?”

Ji Feng stared at Li Ruo Nan and frowned, but didn’t say anything.

However, just because Ji Feng didn’t explain it didn’t mean Bai Zhu could put up with it, others could say whatever they wanted about her, but they just couldn’t wrong Ji Feng like that.

“Captain Li, what explanation do you want? Do you understand what’s going on? You don’t know anything and you’re just attacking people randomly here, is this your code of conduct as a police officer?!” Bai Zhu said.

“I’m talking to Ji Feng, you have nothing to do here!” Li Ruonan said in a cold voice: “Of course, you were there for today’s incident, if I know that you were also involved .....

“If you can, just come and arrest me!” Bai Zhu was instantly angry, she took two steps forward and said, “I’m standing right here, aren’t you a police officer, then fine, I did this thing today, come over and arrest me!”

“You admit it? Good!”

Li Ruonan turned around and walked towards Bai Zhu, both of their eyes were extraordinarily stern, tit-for-tat no one gave up half a step, sparks flew between them!

Ji Feng’s face suddenly sank: “Enough! Both stop!”

When Bai Zhu heard that, she couldn’t help but hum, coldly glanced at Li Ruo Nan and took two steps back.

Li Ruonan also glared at her without giving way.

“Captain Li!”

Ji Feng spoke up, he looked at Li Ruo Nan and said in a deep voice, “I don’t know what I have done to disappoint you, if so, then I’m sorry, maybe you didn’t see my true face clearly before, I am such a person, far more despicable and shameless than you think, and even more underhanded than you think!”

Li Ruonan’s face instantly changed: “You .....

“And!”

Ji Feng coldly interrupted him, glanced at Bai Zhu, his gaze fell back on Li Ruo Nan, “Bai Zhu is my woman, what she said, even if it’s wrong, it’s the same as what I said, if you target her, you’re targeting me, if you want to arrest her, then you should arrest me first!”

When Li Ruonan heard these words, her pretty face changed dramatically: “Ji Feng! You ..... are good!”

Her face turned blue with anger, her shellfish teeth clenched as she nodded heavily, “Very good! Since that’s the case, don’t blame me for being fair ..... Ji Feng, immediately stop hurting the hostages around you, raise your hands and stick them on the wall!”

Ji Feng frowned, “Hostage? You mean him?”

He pointed at Fan Jianyuan and snorted, “If he’s a hostage too, then there are no bad guys in this world! Captain Li, before you do anything, can you please figure it out first?”

After saying that, he couldn’t help but shake his head while lifting Fan Jianyuan up with one hand, “Captain Li, now I have a friend who is injured, as a police officer, do you want to save him?”

Of course Li Ruonan saw Qin Feiyu lying on the ground, just now she was just angry by the scene in front of her, so she didn't care, but now, naturally, she wouldn't sit back and watch.

"You let the man go!" Li Ruonan stared at Ji Feng and said angrily, "Ji Feng, don't make me say it again, if you don't let the man go, I'll have to call for backup!"

"No problem!"

Ji Feng nodded and said, "Captain Li, I'm afraid you won't be able to afford the consequences!"

Li Ruonan said angrily, "You don't have to follow this line, Ji Feng, release him immediately!"

Seeing Fan Jianyuan lying on the ground, not knowing whether he was dead or alive, Li Ruonan's heart was burning with anxiety, and her heart was really disappointed and full of anger.

After separating from Fan Jian Yuan at the cafe, Li Ruonan was very unsettled in her heart because of some of Fan Jian Yuan's words. She felt that Fan Jian Yuan had left the country helplessly because of herself, which made her heart a little sad, so she sat in the cafe and did not leave in a hurry.

After sitting there for a while, Li Ruonan guessed that Fan Jian Yuan should have almost passed the security check and entered the waiting rest area, so she got up and came out of the cafe, ready to drive away.

But what she didn't expect was that as soon as she left the cafe she suddenly heard a loud noise, and out of professional sensitivity she immediately heard that it was the sound of gunfire, and she immediately became nervous.

If there were thugs shooting indiscriminately at the airport or with some ulterior motive ..... Li Ruonan didn't say a word and immediately started searching everywhere in the direction where the gunshots came from.

When she crossed the fence and found this place, she saw this scene – Fan Jianyuan was lying at Ji Feng's feet, beaten to death by Ji Feng, and there were spots of blood on the ground, while there were people lying on the ground at the base of the wall .....

This scene made Li Ruonan's heart go cold when he looked at it.

Ji Feng, surprisingly, would do such a thing. She didn't have to think about it to know that Ji Feng must have rushed over after learning the news that Fan Jianyuan was leaving the country, wanting to take revenge on Fan Jianyuan in his own way, relying on his strong energy.

Because Ji Feng had always suspected that it was Fan Jianyuan who had shot him in the back!

An extreme disappointment instantly filled Li Ruonan's heart, she was instantly disappointed in Ji Feng, and even, she couldn't believe her eyes that Ji Feng, who usually showed integrity much of the time, although he was occasionally a bit shameless, would do such a thing behind his back!

It was thanks to him that he had falsely accused Fan Jianyuan of how he was, but it turned out that he was the one who really had nastiness in his heart!

Thus, under extreme disappointment, Li Ruonan was instantly enraged.

“Buzz~!”

Ji Feng’s mobile phone suddenly vibrated, he took it out and took a look, but it was Yi Xingchen calling, he immediately picked up the phone, and then nodded slightly: “..... people have been restrained ..... good, you contact Bai Zhu directly!”

With that, Ji Feng hung up the phone, and then he lifted Fan Jianyuan as soon as he could, without even looking at Li Ruonan, and walked towards the fence.

Campus Master Chapter 2736

“Ji Feng, stop right there!” Li Ruonan was about to stop him at once.

“Hoo~!”

Bai Zhu, however, steeply stepped forward and blocked Li Ruo Nan, saying coldly, “If you want to arrest Ji Shao, you have to pass me first!”

Li Ruo Nan’s beautiful eyes glared and said angrily, “You think I’m afraid of you? You are obstructing the police in their handling of the case, I can arrest you anytime!”

“Heh!”

Bai Zhu laughed coldly, “What a great show of authority! Well then, I’ll see how you arrest me!”

Li Ruonan stared at Bai Zhu with a face full of anger, seeing that Ji Feng was about to leave with Fan Jian Yuan in his hand, she immediately became anxious and shouted, “Ji Feng, stop, if you dare to take Fan Jian Yuan away now, I will definitely apply for your arrest!”

Swish!

As soon as Li Ruonan’s words left her mouth, Ji Feng abruptly turned around and looked at him.

Ji Feng’s sudden move made Li Ruo Nan startled, she subconsciously took a step back and said, “Ji Feng, what are you doing?”

Slowly shaking his head, Ji Feng frowned and said, “Not doing anything, don’t worry, I won’t do anything to you either. But, do you really want to arrest me?”

Li Ruonan said, “As long as you put down Fan Jianyuan and let me take him to the hospital first, then we’ll talk about the rest slowly, I’ll investigate the matter clearly, if it’s not your responsibility .....”

Before she could finish her words she was interrupted by Ji Feng: “What if I have to take him away now?”

“Then I will definitely stop you!” Li Ruonan said without hesitation.

“.....”

Ji Feng didn’t say anything, he just gave her a deep look and sighed gently.

At once, Li Ruo Nan saw the look in Ji Feng’s eyes, and her heart could not help but sour ..... She saw a touch of disappointment, a hint of helplessness, and a ..... determination in Ji Feng’s eyes.

Did you do something wrong yourself? Let Ji Feng feel disappointed?

This thought flashed through Li Ruonan's mind, then she couldn't help but bite her lip, she was convinced she wasn't wrong, no matter what, as a police officer, she could never stand by and watch Ji Feng take Fan Jianyuan away, otherwise, she would have been a police officer for nothing, it was a dereliction of her duty!

Looking at Ji Feng's somewhat disappointed eyes, Li Ruo Nan's heart was ruthless, her shell teeth bit her lips and said: "Ji Feng, you are breaking the law do you know that? As long as you let Fan Jianyuan go now ....."

Whoosh!

Suddenly, Ji Feng casually threw over a small object, which immediately interrupted her words.

Li Ruonan subconsciously picked it up and fixed her eyes on it, "This is ....."

Ji Feng, however, didn't say anything, just shook his head slightly, then carried Fan Jianyuan towards the fence.

After walking a few steps, Ji Feng turned his head and said, "Bai Zhu, Old Yi and the others will be here soon, you can watch Feiyu here first, then go and meet up with me."

Bai Zhu nodded silently.

Ji Feng said no more, fiercely ran with an assist, his legs steeply powered up and instantly went up the fence, carrying Fan Jianyuan and flipping over, leaving only Li Ruonan who was holding that little thing in a daze.

"This time pocket pistol?!"

Li Ruonan couldn't help but murmur as she looked at the small object in her hand.

Bai Zhu gave her a somewhat disgusted look and couldn't help but sneer, "This thing, it belongs to Fan Jianyuan. Oh, it's that perfect gentleman in your eyes, that innocent victim, the hostage in the hands of Ji Shao!"

"What?!"

Li Ruonan was shocked and lost her voice, "What did you say?!"

Bai Zhu sneered, "Do you really not understand what I'm talking about? Or are you simply pretending to be confused?!"

"I'm not pretending to be confused!" Li Ruonan said sharply, "Tell me clearly, what is going on here?"

Since seeing this pocket pistol, Li Ruo Nan immediately recognized it, because when investigating the robbery of the convention centre before, the police had found out that the one that shot at Ji Feng was a pocket pistol, and based on ballistic comparison even determined which pocket pistol it actually was.

Therefore, Li Ruonan naturally also saw the photo of the pocket pistol and remembered it very clearly.

So when Ji Feng threw the pocket pistol to her, she recognized it at first glance and was extraordinarily surprised in her heart, so much so that she didn't even have time to stop Ji Feng when he left.

And now hearing Bai Zhu say that the pocket pistol was actually Fan Jianyuan's, Li Ruonan was shocked and immediately asked in an urgent voice.

Bai Zhu hugged her arms and sneered, "What happened? It was Fan Jianyuan's doing at that time! I remember, Ji Shao should have told you more than once that Fan Jianyuan had problems, I just don't know how you handled it? Did you simply ignore Ji Shao's words, or did you think that Ji Shao was bullying others by force?"

Li Ruonan's face turned blue for a while, extremely ugly from Bai Zhu's words.

But she couldn't refute it, because what Bai Zhu said was the truth.

Ji Feng had indeed told her more than once, either explicitly or by implication, that there was something wrong with this person Fan Jianyuan, but she chose to ignore it.

The fact is, she even suspected that Ji Feng was dissatisfied because she was getting too close to Fan Jianyuan, which led to a series of actions against Fan Jianyuan, and she was extremely dissatisfied with this, and questioned Ji Feng to his face why he was always targeting Fan Jianyuan!

But now it seems ..... that she had wronged Ji Feng!

"Is this gun really Fan Jianyuan's?!" Li Ruonan couldn't help but ask.

"What value do you have that is worth me lying to you?" Bai Zhu sneered and said nonchalantly, "When Qin Feiyu was following Fan Jianyuan, he was attacked by him and almost killed, and now the man is lying here, is this still a fake?"

"I'm asking about the gun!" Li Ruonan said.

"A gun?"

Bai Zhu sneered, "Ji Shao caught up and saved Qin Feiyu, Fan Jianyuan was no match for Ji Shao, and as a result, when he saw that he was about to be caught, he suddenly took out this gun and shot towards Ji Shao without hesitation ..... This is not something that an ordinary person can do, right? "

"If not for the timely reaction of young Ji, I am afraid that Qin Feiyu would not be the only one lying on the ground now!" Bai Zhu said in a cold voice, when she said this, her beautiful eyes couldn't help but flash a murderous look in her eyes.

Luckily, Ji Shao had dodged, otherwise, she would have made Fan Jian Yuan pay for his life, and even in her madness, she was afraid that she would have killed Fan Jian Yuan alive!

However, Bai Zhu, in her full fury, had been paying attention to Li Ruo Nan, and she found that when Li Ruo Nan finished listening, her entire person was instantly frozen.

"What?!"

Li Ruonan smiled and was immediately struck by lightning as she asked out of breath, "This gun, it's actually the one Fan Jianyuan carries with him?!"

Bai Zhu snorted, but no longer paid any attention to it.

She herself did not have a good impression of Li Ruo Nan, and although they had known each other for a long time, they were not familiar with each other because they had hardly had any contact with each other normally.

But every time Ji Feng had contact with Li Ruo Nan, Bai Zhu was present, although I don't know how Li Ruo Nan's nature is, but Bai Zhu just doesn't like her foul temper, to put it nicely, it's a bad temper, not like a lady, to put it unpleasantly, in fact, Li Ruo Nan is just brainless, is a two hundred and fifty!

Bai Zhu doesn't like this kind of person!

In particular, she disliked the fact that Li RuoNan and Fan JianYuan were actually hooking up with each other, leaving behind Ji Shao's heart, treating Ji Shao's good intentions like a donkey's liver lung, and even often helping outsiders to choke Ji Feng.

This made Bai Zhu extraordinarily disgusted!

If one is really close to someone, even if they do something wrong, the people around them will involuntarily help their own people, instead of turning their elbows out.

The fact is that, from this point of view, Bai Zhu automatically excluded Li RuoNan from the ranks of people close to Ji Feng.

The fact that Li RuoNan's behavior later on really upset Bai Zhu, and that she even tried to arrest Ji Feng just now, directly crossed Bai Zhu's bottom line.

Now she naturally does not have a good face for Li RuoNan.

However, at this moment, for Li RuoNan, she no longer has the energy to care about what Bai Zhu is thinking, she stands there dumbfounded, staring at the pocket pistol in her hand, her heart is full of mixed feelings to the extreme.

The reason is that this pocket pistol is the one that was used to shoot at Ji Feng, and it is impossible for Ji Feng to shoot at himself, so the possibility that this gun was brought over by Ji Feng can be ruled out.

And the scene was just Ji Feng's side and Fan Jianyuan, so if it wasn't Ji Feng, then it could only be Fan Jianyuan.

This pocket pistol should have been brought by Fan Jianyuan!

And what this meant, she naturally would not be unaware of. Fan Jianyuan was carrying this pistol, so that meant that whatever she or Ji Feng had guessed before, was true.

Fan Jianyuan, really had something to do with the black gun case at the convention centre, and at the same time, he must also have had something to do with that murder case that happened later!

Ji Feng was right!

This made Li Ruonan simply stand frozen on the spot!

She ..... had wronged Ji Feng!

Not only just now, she had wronged Ji Feng from the very beginning!

Ji Feng did not deliberately target Fan Jianyuan, but because he really sensed that there was something wrong with Fan Jianyuan, but ..... himself did not trust him, and even confronted him time and time again, and still did not give him much mercy in front of Fan Jianyuan .....

The first thing you need to do is to get a good idea of what you're doing.

She suddenly thought again of the way Ji Feng looked at her just now, so disappointed, and helpless ..... She couldn't help but bite her lips, and the hand holding the pocket pistol was tightly clenched.

Li Ruonan suddenly only felt that her heart was as if it was being pulled hard, it hurt like hell!

In her heart, she felt a hundred different feelings, and it was extraordinarily hard.

Because she could almost imagine how hard it must have been for him when she questioned Ji Feng time and time again, when she spoke up for Fan Jianyuan and was even not very polite to him.

Yet, he still had confidence in himself, which was evident from the fact that he had been communicating with himself as much as possible, but this confidence was destroyed by his own hands.

Just now, Ji Feng's disappointed eyes and that helplessness made Li Ruonan realise that he was afraid that he had been hurt by himself!

Campus Master Chapter 2737

Li Ruonan bit her lip and clenched her fists so tightly that she was unaware of the fact that her nails had sunk into her hands due to excessive force.

At this moment, her emotions were stirring and she was filled with guilt.

At this moment, there was only one thought in her mind – she had hurt Ji Feng!

Thinking of Ji Feng's eyes that were filled with disappointment and helplessness, Li Ruonan bit her lips even harder. She could almost imagine how sad Ji Feng must have been when she stopped him and even said the words to arrest him.

Because it was obvious from the disappointed look in his eyes that he should have trusted himself all along before this, perhaps, he was trusting that he would surely be able to distinguish right from wrong, not be too stubborn and impetuous, and be able to understand him.

However, instead of doing so, he himself had always thought that Ji Feng was acting out of anger and had questioned him time and time again. I am afraid that it was this kind of behaviour of his own that was wearing down his trust in him time and time again.

However, until just now, Ji Feng still trusted himself, but this last bit of trust was buried by his own hands.

It was then that Ji Feng's eyes revealed that look of extreme disappointment.

In addition to disappointment, there was a touch of helplessness in Ji Feng's eyes, and thinking about this, Li Ruonan's heart became even more uncomfortable.

..... All the way to the end, even when he questioned him so much, Ji Feng still had a tolerant attitude towards himself, and because of this, when faced with his own stop, Ji Feng was so helpless.

Because he had been tolerating himself!

Otherwise, with Ji Feng's status and the energy he possessed, would he not have been able to stop himself? And why would he care about his own opinion?

It was all because he respected himself and was more than tolerant of himself.

However, because of his own stubbornness and some prejudice against Ji Feng, he had ruined all of this with his own hands!

Not only did she break his heart, I'm afraid she also left him with a million helplessness in his heart, just because she didn't believe him and didn't understand him ..... Nor did she know how, Li Ruonan suddenly had a sour feeling in her heart, especially when she thought of the look Ji Feng showed at that moment, because her own disbelief and stubbornness must have made Ji Feng feel very lonely, right?

When she thought of Ji Feng's lonely back as he walked away, Li Ruo Nan's heart felt extraordinarily uncomfortable.

She bit her lips hard and couldn't say a word.

It was only after a long time that Li Ruonan slowly moved her gaze, but it was just in time to see Bai Zhu's face with a cold smile, somewhat hostile and disdainful looking at herself, she couldn't help but laugh miserably in her heart, she had really done something wrong!

"Now you understand?!"

Bai Zhu looked at Li Ruo Nan whose face was already slightly miserable white, she couldn't help but feel some relief in her heart, especially when she thought of how Li Ruo Nan had treated Ji Feng in the past, Bai Zhu was even more relieved, "Ji Shao had said to you more than once that he didn't put Fan Jianyuan in his eyes at all, not to mention treating him as some kind of life and death enemy, but you didn't believe him!"

Li Ruonan bit her lips, but she couldn't say a word.

Bai Zhu sneered disdainfully, "You're the only one who treats that kind of monster like a treasure, but in our eyes, what is that hypocrite? Ji Shao would target him? What a laugh!"

Having always followed Ji Feng's side, Bai Zhu certainly understood a lot of Ji Feng's thoughts, and she knew that Ji Feng really didn't put Fan Jianyuan in his eyes, otherwise, wouldn't he have delayed until now to arrest Fan Jianyuan?

The fact is that the company is not even worthy of being arrested.

Other people might not be too clear about it, but Bai Zhu knew very clearly that the reason why Ji Feng was able to achieve his current status was partly because of his family, but more so because of his own efforts.

Time and again, he had only taken risks and even saved the day, pulling his family, which was under immense pressure from multiple attacks, up from the whirlpool, and this alone made him widely praised!

Even, Ji Feng fought against the Wu family, raised the Northeast, and entered Jiangsu and Zhejiang alone, these things even the second generation mainstays of some families may not be able to do, but Ji Feng did it quite beautifully, leaving an unknown number of people shaken!

Then look at Fan Jianyuan, what has he done?

Apart from having a handsome face, he had nothing, and his only name was the so-called sea-returned elite, but in reality, this name, now, seemed to be so ironic.

A seafaring elite?

It was clearly a seafaring monster!

“.....”

Li Ruonan opened her mouth, but she didn't know what to say, let alone how to refute, because although Bai Zhu didn't speak very well, what she said was all true.

She admitted that if she was objective, Fan Jianyuan was really nothing compared to Ji Feng!

Perhaps it was also because of this that she subconsciously thought that Ji Feng was bullying Fan Jianyuan, and therefore, she was a little more biased towards him. And, even after finding out that Fan Jian Yuan didn't seem to be that innocent, and even almost certain that there was suspicion on Fan Jian Yuan, she was still as forgiving as possible.

Now it seemed how ridiculous his approach was!

“Humph!”

Bai Zhu, however, was getting angrier and angrier as she couldn't help but sneer and said, “Captain Li, I don't need to tell you, you should know clearly in your own heart how Ji Shao treated you, and how you treated him! Thinking back now, don't you feel guilty?”

“.....”

Li Ruonan's face turned blue and white as she was said, and even, there were tears in her eyes, but she bit her lips tightly and still didn't say a word, allowing Bai Zhu to count her words.

If it wasn't for the fact that she couldn't stand the way Li Ruo Nan treated Ji Feng, she wouldn't have even said these words to Li Ruo Nan.

However, she was really angry, especially when she was with Ji Feng and saw how Li Ruo Nan treated him, Bai Zhu couldn't help but want to discuss with Li Ruo Nan several times, but in the end he held back, because she knew that Ji Feng actually had Li Ruo Nan in his heart, and if she went to discuss with Li Ruo Nan, it would only make Ji Feng unhappy and make things difficult for him.

But now she couldn't hold back any longer, so she said all the words she kept in her heart at once. Others were afraid of Li Ruo Nan, because of her face or her status, but Bai Zhu wasn't!

“Yes, I admit that in the past, Ji Shao did treat you somewhat coldly, which may have made you a little unbalanced and angry in your heart, but you shouldn’t have, you shouldn’t have targeted Ji Shao with that monster Fan Jian Yuan’s matter!”

Bai Zhu couldn’t help but shake her head and said, “Think about it yourself!”

Li Ruonan stood there in silence, but in her heart, she couldn’t help but feel guilty, because she knew that what Bai Zhu said made sense, and perhaps because of her own actions, she could not stop the sadness in Ji Feng’s heart!

The first thing you need to do is to look at the pocket pistol in your hand, and the look in your eyes is very complicated.

After a moment, Li Ruonan suddenly took off his jacket, then wrapped the pocket pistol with his jacket, and a look of determination flashed in his eyes.

“Stomp stomp stomp .....

Suddenly, a rush of footsteps sounded, followed by the sight of several people appearing on the wall, the leader of which was none other than Yi Xingchen, with Liu Zejun and Guo Tao beside him.

“Whoosh~!”

The first one to jump down was Liu Zejun, who was already good at surprise attacks, so he was usually the first to take the lead. After jumping down, he first took the alert and scouted around.

Immediately afterwards, Yi Xingchen jumped down with his men as well, and then he immediately came to Bai Zhu and said, “Miss Bai, the boss has already told me, so if there is anything you want to do, just give me orders!”

Bai Zhu said, “Don’t be polite, Manager Yi, our man is injured, I just checked, he should have already taken the special effect current, you immediately have someone send him to medical treatment.”

“Good!”

Yi Xingchen nodded his head and responded very dryly. With that, he waved his hand, and immediately, someone jumped down from the wall, then brought a simple stretcher and carried Qin Feiyu up, and then they split into two groups, two of them were responsible for carrying the stretcher, and the other few people immediately built a human ladder in an extremely tacit cooperation, just so that the two people carrying the stretcher could get up the wall.

Then, in the same way, they sent the stretcher down over the wall.

Although complicated to say the least, this whole process was as smooth as a flow of water and had been completed in almost a few moments.

During this whole process, none of the men spoke, all of them looking serious and alert.

If she hadn’t seen Yi Xingchen and knew where they came from, Li Ruo Nan would have thought that this was an extremely well-trained special forces unit, the cooperation between these people was too tacit, and their movements were too swift and crisp!

After saving Qin Feiyu, Bai Zhu also had to go to rejoin Ji Feng, and as she was leaving, she gave Li Ruonan a cold look and couldn't help but snort coldly, "You'd better not continue to be obsessed, or else you'll regret it later!"

Li Ruonan was silent, but her heart was full of mixed feelings that were hard to understand.

.....

Ji Feng did not throw Fan Jianyuan into the trunk, he preferred to give up this more convenient way, instead he chose the way that might attract others' attention, this was because Fan Jianyuan was too special!

From the time he knew that the organization Dynasty existed, Ji Feng had seen all kinds of transformed people, but he had never seen one like Fan Jianyuan.

His skin and flesh were almost no different from an ordinary person, at least from the outside, but, in reality, this person was too odd, his skin and flesh was almost comparable to some martial arts masters, his fists could actually smash concrete walls to pieces, and there were even no signs of transformation all over his body, which had to make Ji Feng highly alert.

This man, most likely, was the latest reformed human researched by the dynasty!

Campus Master Chapter 2738

"Find me a secluded place at once, and take care not to alert anyone!"

"Yes! The chief has instructed, the place is ready."

At the Jiangzhou Military District compound, Ji Feng, led by a soldier, drove the car directly in front of a row of barracks after passing the inspection of the soldier on duty.

Immediately afterwards, he lifted Fan Jianyuan out, and then there was a conversation with that soldier.

"The grounds are inside!"

The soldier led Ji Feng inside, through a row of barracks, and behind it was also a building, but they didn't stop at the barracks, but walked straight into the complex, and after entering a gate, the soldier led Ji Feng to a lift.

When they entered the lift, they just felt that it was descending all the way down, and according to Ji Feng's estimation, it should probably be a few dozen metres underground at this point.

However, he did not ask questions, because this must be a secret in the military, the military was able to lend him the place and let him come here, it was already very dignified, after all, now Xiang Yongzhan is not in, and can not be contacted, at this time not everyone has the courage to show military secrets to outsiders.

It was only after Ji Feng had first contacted a person in charge of the Jiangzhou Military Region on his way here, and then through that person he contacted the person specifically in charge of the camp, that he was allowed to enter.

If it wasn't for the fact that Ji Feng and the Jiangzhou Military Region had already cooperated several times, even with his status, it would definitely have taken some effort to get in. Now, although the Jiangzhou Military Region had lent him the place, he couldn't stay here for too long, after all, he wasn't a member of the military, and although he carried the name of a special advisor, he wasn't actually involved in any military matters.

Finally, the little soldier led Ji Feng to a room. Ji Feng walked in and found that it was probably an interrogation room or something like that, the walls and door of the room were made of metal, especially the door, when opening the door one could hear that sound of metal rubbing, showing an extra heavy feeling.

On the floor of the room, there was also a chair, which also looked to be made of metal. It was not very wide, and there were even fixtures on the armrests on both sides, which served the same purpose as the chairs in the police interrogation room.

"You go ahead and get busy, I'll be right outside, just call me directly if there's anything." After bringing it in, the soldier saluted Ji Feng and said.

"You've worked hard, thanks." Ji Feng nodded, the hard and strict style of this young soldier made him feel good, whether an army was too tough or not, at least from this kind of discipline and the usual soldier's words and actions alone, he could see some clues.

The soldier smiled somewhat coyly and turned to go out.

Immediately afterwards, Ji Feng put Fan Jian Yuan on the chair in the middle of the room. He first used the fixing device on the chair to fix Fan Jian Yuan's limbs as well as his neck and waist before he used his hands to probe and found that Fan Jian Yuan was still unconscious, and only then did he feel relieved.

It's no wonder Ji Feng was so cautious, it was because Fan Jianyuan was really unusual.

Among all the reformers that Ji Feng had met, including the so-called low-level reformers and high-level reformers, none of them had brought more pressure to Ji Feng than Fan Jianyuan.

First of all, it was because of the strength of this person Fan Jianyuan himself, which really surprised Ji Feng.

Ji Feng believed that if he had faced Fan Jian Yuan two years earlier, it would definitely not have been so easy and simple for him to subdue Fan Jian Yuan, and even, it was not easy to say that he might have paid a certain price.

Having fought and destroyed so many reformers, it could be said that Fan Jianyuan was the only reformer that could directly threaten him.

From this, one could understand how strong Fan Jianyuan was and why Ji Feng was so cautious!

However, what made Ji Feng feel even more pressured was what was implied behind Fan Jianyuan's strength – if Fan Jianyuan was really the latest transformer created by the Dynasty, then one could imagine how far the Dynasty's technological level had developed, and how fast the Dynasty's technological level had developed was simply shocking!

When he saw Fan Jianyuan, Ji Feng suddenly thought of those 'kinda corpses' that he had seen in that Dynasty's underground base at the border between Southwest and Vietnam.

Those people were stored in that secret warehouse like goods, they were all naked, but there was no doubt that their existence was useful to the dynasty.

Later, after interrogation and analysis of the information they had, they finally came to a conclusion.

..... Those jerk-offs, like goods, were all 'raw materials' that the dynasty was preparing to use to create transformers!

If ..... every underground base of the dynasty is like this, and Fan Jian Yuan was only recently created, does that mean that the dynasty has now created an unknown number of transformers like Fan Jian Yuan?

If that was really the case, then it was really too terrifying!

Ji Feng looked grave as he extremely cautiously checked Fan Jianyuan's entire body once more before he then activated the bio-current to wake him up.

"Well ....."

The strong stimulation caused by the bio-current to his body caused Fan Jianyuan's body to tremble violently twice, and he slowly woke up. However, as soon as he opened his eyes, he saw Ji Feng, and his face instantly changed as he subconsciously turned his head twice to look at .....

He was captured himself!

Fan Jianyuan immediately understood his situation, and immediately, he immediately closed his eyes and did not move.

Seeing this, Ji Feng could not help but smile and said, "It looks like you are not going to cooperate?"

Fan Jianyuan was just silent, not even opening his eyes.

"Mm."

Ji Feng nodded and said, "I can tell that you should have received special training, although I don't know exactly where you received your training, I think the instructor who trained you must have told you how to react if you encounter a situation like the one you're in, like now."

Fan Jianyuan was still silent, as if he hadn't heard Ji Feng's words, and even more so, he didn't say a word.

Ji Feng said, "It's certainly fine if you don't say anything, however, I can tell you clearly that where you are now, even if you grow wings you won't be able to fly out, if you don't give an explanation, you will probably stay here for the rest of your life!"

"....."

Fan Jianyuan was not moved at all.

Ji Feng was not in a hurry either, but said indifferently, “Fan Jianyuan, you are a smart person, so you should know what to do to benefit you, tell us, what you are, where you come from, tell us everything about you.”

Fan Jianyuan sat there motionless, as if he was a wooden man.

While Ji Feng was speaking, his eyes were staring at him, carefully measuring the expression on Fan Jianyuan’s face, and he didn’t miss even the tiniest, slightest hint of it.

But to Ji Feng’s slight disappointment, no matter what he said or how he said it, Fan Jianyuan really looked like a wooden man, without expression, without movement, without even some of the subtlest subconscious movements.

As Ji Feng watched, he was more and more certain in his heart that Fan Jianyuan must have received the most rigorous training, and only someone with the most professional training would be able to achieve this level. If it was an ordinary person, no matter if it was good or bad, there would always be an expression, or at least a reaction.

It was not that Ji Feng had not seen this kind of wooden-like response from Fan Jianyuan now. In order to prevent being interrogated, or to prevent some subtle expressions on his face from revealing his true inner thoughts, special targeted training would be conducted when training against counter-interrogation.

Within the training space of the intelligent brain, Ji Feng had undergone this kind of training.

So Ji Feng wasn’t in the least bit anxious, and although Fan Jianyuan was preoccupied with how to carry it through or thinking about what he should do to not reveal his true inner thoughts, it hadn’t occurred to Fan Jianyuan that this lack of reaction on his part actually said a lot!

The fact that you are not a good person, you are a good person, you are a good person.

Fan Jianyuan didn’t even look at him, let alone pay attention to him.

Ji Feng smiled and said, “It’s alright, since you’re not saying anything, I’ll take that as your default, so let me start. To put it simply, I can be sure that it was you who shot me in the back at the International Convention and Exhibition Centre in the first place, so I’m going to arrest you and won’t let you leave China so easily, and although you’re nothing in my eyes, if a mosquito bites me and makes me upset, I’ll find a way to slap it to death!”

Fan Jianyuan did not speak.

However, Ji Feng was keenly aware that when he said these words, Fan Jianyuan’s lips moved slightly, and although the movement was small, it did not escape his eyes.

“To tell you frankly, I suspect that you have something to do with the dynasty!”

Ji Feng said indifferently, “Perhaps you don’t know very well, once you are involved with the dynasty, or you are likely to be involved with the dynasty, you will be watched to death, unless you can explain yourself and prove your innocence, otherwise, this will be the end of your life, and this is still in the case of my interrogation of you, if it were anyone else’s interrogation .....”

He shook his head and smiled.

The first thing he didn't know was that once he got involved with the dynasty, he would attract more attention than just himself, the military, the intelligence department, the special department, and even higher up, would all be watching him.

If Fan Jianyuan was really the latest reformer of the dynasty, then his end would be even worse.

Ji Feng did not hide it and told Fan Jianyuan these circumstances very frankly.

Campus Master Chapter 2739

"Think about it yourself, I don't have a lot of time, if you're not willing to talk to me, then when someone else comes over and takes charge, I'm afraid you won't have such a good time!"

Ji Feng smiled, "Perhaps the days of lying on a test bench and being sliced up for experiments aren't very far away for you!"

Fan Jianyuan's eyes snapped open and stared at Ji Feng with a touch of resentment in his eyes, as well as a strong sense of hatred. However, apart from these emotions, there was also a look of disdain in Fan Jianyuan's eyes, as if he was mocking Ji Feng.

Ji Feng, however, shook his head indifferently and smiled, saying: "You think I'm lying to you? It's still the same original statement, in fact you don't even count as dog shit in my eyes, if it wasn't for the fact that I suspect you are the one who shot me, I might not even be able to remember your name ..... I need to lie to you?!"

Ji Feng's words caused Fan Jianyuan's face to twist a bit, and there was even a thick anger in his eyes. Ji Feng's words were too insulting and unforgiving, even if he had been specially trained, Fan Jianyuan could not bear it somewhat.

"Alright, that's all I have to say!"

Ji Feng shook his head, stood up and said, "From now on, you have about an hour to think about it, after an hour, the military and special departments will come, what will happen to you then, you yourself should be clear, I think the moment you set foot on the road back to China, you should have been prepared for this kind of thinking, but ....."

When he said this, Ji Feng suddenly shook his head and smiled, saying, "But please believe me, when the time comes, you will find that you are really ill-prepared, and you may have to face a situation that you yourself can't even imagine how miserable it will be."

Fan Jianyuan remained silent, however, he was not completely unresponsive like when he had just woken up, at this moment his gaze was fixed on Ji Feng, his eyes were filled with hatred, looking at that look it seemed like he wanted to swallow Ji Feng alive.

"Oh, right."

Ji Feng suddenly remembered something and said, "Maybe you have something to rely on, such as your skin and flesh that is many times stronger than normal people, and your bones that are probably harder

than even steel, but I advise you not to have any illusions in this regard, because the more special your body is, the more excited they will be for those experts and some researchers! ”

He suddenly smiled, “When the time comes, you will feel it, what this strong physique will bring you is not happiness and glory, but a kind of ..... pain that one cannot forget even after one dies and goes to hell later!”

Swish!

Fan Jianyuan’s pupils contracted abruptly, and the corners of his eyes couldn’t help but twitch a few times.

Ji Feng’s words seemed to have given him a bit of a shock.

“Of course, you might think I’m scaring you, but you’ve been abroad for so many years, so I think you should have the ability to distinguish the truth from the falsehood yourself!”

Ji Feng smiled faintly, “I hope you’ll still be as tough as you are now when the time comes, go for it!”

Fan Jianyuan stared at him, still silent.

Ji Feng smiled: “Or don’t you want to say? Or you think ..... you won’t suffer from those at all, right?”

Fan Jianyuan’s gaze flickered and he still ignored him.

“Don’t get your hopes up!”

Ji Feng shook his head and said, “If I’m not wrong, you should still have hope for that biological bomb next to your heart, right?”

With a swish, Fan Jianyuan’s face changed, although it only passed in an instant, but Ji Feng could see clearly that Fan Jianyuan had, just now, had an emotional change!

“Humph!”

Ji Feng secretly snorted coldly, it seems that he was right, Fan Jianyuan was so speechless, and it seems that it has a lot to do with that biological bomb inside him.

Perhaps, Fan Jianyuan knew that he wouldn’t suffer that much at all, because the nature of the biological bomb was such that it was linked to the main body, and with Fan Jianyuan’s current ability, he might be able to control the biological bomb directly!

This would also mean that it would be like Fan Jianyuan holding a biological bomb in his hand, and he could probably make it explode whenever he wanted it to!

If he was really treated that way, Fan Jianyuan would detonate the bio-bomb ..... Dynasty’s reformers, it seems, have not been afraid of death, or even if they were afraid of death but they had to die once they were captured, because they were all implanted with bio-bombs in their bodies, and at the same time, these reformers also all had to take special ‘food’, and if they didn’t, they would have to die too!

This may be the reason why Fan Jian Yuan has been tough, it's a death on both sides anyway, and even if he dies, he doesn't have to be treated so cruelly and won't end up in that miserable situation, so what else does he have to fear?

Perhaps before entering China ..... to be precise, it should have been when he was being rehabilitated, Fan Jianyuan should have already had this realization.

However, this is the biggest secret for Fan Jianyuan. Now that Ji Feng has revealed in one breath the fact that there is a biological bomb next to his heart, Fan Jian Yuan could not help but feel a shock in his heart and his emotions immediately changed.

But although Fan Jian Yuan was secretly surprised in his heart, he still didn't say anything, and even, he even moved his gaze away from Ji Feng's body.

This reaction of Fan Ji Feng was actually a perfectly normal reaction. If he didn't move his gaze and just kept his face expressionless, then he really didn't know how to continue the conversation with him and might have to think of ways to be, but now .....

He averted his gaze, isn't it clear that there's no silver bullet here?

"Don't get your hopes up!"

Ji Feng said indifferently: "Your biological bomb, will not let you go to your death immediately ..... while you were unconscious I have taken care of the biological bomb in your body with a special means, if you don't believe me, you can try to detonate it now and see if you can do it! "

Fan Jianyuan looked at him with slight consternation, Ji Feng smiled, "Don't be afraid, I'll just stand here and not leave, I know the power of the biological bomb better than you do, if you detonate it, I definitely won't be able to run away then, right? Try it!"

At once, Fan Jianyuan hesitated.

Suicide, it was not something that anyone had the courage to do. Who would even be willing to implant a biological bomb in their own body if not for various reasons?

I am afraid that no one would be willing to die, especially if they were not driven to desperation, and Fan Jian Yuan was no exception.

The biological bomb was used by others to control him and was more like a life charm to him than a means to save his life, unless he encountered a situation like what Ji Feng said and was treated cruelly, then he could only grit his teeth and die, which was better than being tortured to death, right?

And now, Ji Feng was asking him to take the initiative to detonate the bomb, Fan Jianyuan hesitated.

Seeing Ji Feng's teasing eyes, Fan Jianyuan's face was a bit hot, which made him think of the several times he had fought with Ji Feng in the past. At that time, he was gentle and elegant, graceful, that is, he could not compare to Ji Feng in terms of aura, otherwise he was no worse than Ji Feng in terms of looks or manners.

And in front of Li Ruonan, Ji Feng was always at a disadvantage.

But who would have thought that in the twinkling of an eye, he would have become a prisoner, and also let Ji Feng know that he was a monster ..... This is like a man who originally had a hidden disease suddenly being naked in front of his love interest, and even the last piece of shame had to be ripped off by the other side... ..or he has to take the initiative to do so.

This feeling was simply more unbearable than even death.

Buzz~!

A shame and humiliation so intense that it made Fan Jianyuan's body tingle a little, he stared at Ji Feng and suddenly grinned, "That's what you said!"

Ji Feng nodded and smiled, "That's right, that's what I said!"

But in his heart, he secretly said, "Finally, you have spoken, this time, you are finished!"

Although Fan Jianyuan was tough and stubborn, in front of Ji Feng, who had undergone strict and specialized interrogation training, he was defenseless and was led step by step to Ji Feng's pre-determined destination.

From tightly closing his eyes to staring at Ji Feng with resentment, from being dead silent and unresponsive to now speaking, Fan Jianyuan's resistance was rapidly diminishing.

Ji Feng knew that his psychological defence, too, was on the verge of collapse. The next step was really only the last step.

"Good!"

A fierce look flashed across Fan Jianyuan's face as he fiercely gritted his teeth, "Since that's the case, then you'll accompany me to death!"

Ji Feng nodded and said, "That's fine, as long as you can detonate the biological bomb inside you, I don't care."

"Then let's die together!"

Fan Jianyuan suddenly shouted, then he didn't know where he got the strength from, his arms suddenly bruised up and he roared madly, "Ah-!"

Ji Feng's expression remained unchanged, he just watched with interest, he also wanted to know how exactly Fan Jianyuan would detonate the biological bomb.

It was because for normal transformers, they would only have the bio-bomb detonate passively when their heart stopped beating or when they received a strong shock, but back then, when Ji Feng was interrogating Cage, he knew that advanced transformers could actually detonate the bomb themselves, but it was only limited to fairly advanced transformers.

Fan Jianyuan was certainly a fairly advanced Transformer, there was no doubt about that, so Ji Feng then guessed that he could detonate the bomb by himself, and his guess proved to be correct.

"Crash~"

Suddenly, there was a crunching sound, only to see that the metal chain that was fixed on Fan Jian Yuan's wrist had been hardened and broken by Fan Jian Yuan!

Ji Feng's eyes immediately stared, what a strong force!

But he didn't have any reaction, even when Fan Jianyuan could move freely, he was still sure to subdue him, let alone now.

With one hand free, a hint of determination flashed in Fan Jianyuan's eyes, and then, he roared out, "Ah—"

Immediately afterwards, he threw a fierce punch and slammed it into his chest!

Campus Master Chapter 2740

"Ah-!"

"Boom~"

Fan Jianyuan roared and slammed a fierce fist onto his chest, looking at his appearance, he was as shocking as a frenzied gorilla.

The muffled sound, in particular, had a ruthlessness that struck to the bone. He himself had turned a little white from the blow!

However, that was the only muffled sound.

After Fan Jianyuan's fist had struck his own chest, nothing happened except for the aura he had just felt!

He couldn't help but be stunned and slightly froze for a moment.

"It didn't detonate, right?"

Unable to help but smile, Ji Feng made another please gesture, "Or else, try again?"

Fan Jianyuan: "....."

His face turned slightly white, and he looked at Ji Feng with incomparable annoyance. This look from Ji Feng made him feel as if he was a monkey being surrounded by people in a zoo, which made him extraordinarily hateful!

"Well!"

Ji Feng angrily nudged his mouth, signalling that Fan Jianyuan could do it again.

Fan Jianyuan stared at him angrily, then shouted furiously, "Ah-!"

The next moment, he raised his fist high once again and slammed it onto his chest with a fierce smash: "Boom~"

However, apart from Fan Jianyuan's roar and this muffled sound, still nothing else happened, as if Fan Jianyuan had suddenly gone crazy and wanted to hurt himself.

Ji Feng naturally knew what he was doing, the biological bomb had been implanted inside his body, right next to his heart, and after his observation he found that at the location of Fan Jian Yuan's chest, the skin and flesh was slightly thinner, and Fan Jian Yuan's frantic strikes here would give the biological bomb inside his body a violent impact, which would easily detonate!

However, at the moment, Fan Jianyuan failed.

His face was a little pale and there was a look of bewilderment in his eyes, how could it not work? Could it be that he hadn't used his own strength in the right way? But ..... with the strength he had just used, if it was an ordinary person standing in front of him, I'm afraid he would have been killed with a punch already, his strength was already enough!

"Ooh!" The!

Fan Jianyuan steeply looked at Ji Feng, just now, Ji Feng seemed to have said that he had treated the biological bomb inside his body ..... Could this be the reason why he couldn't detonate the bomb?

"What, still can't? Try again?" Ji Feng smiled and said.

"..... Did you do this?!"

Fan Jianyuan looked at Ji Feng and asked in a deep voice, although the tone of his voice wasn't too urgent, Ji Feng saw a touch of consternation and a hint of panic from deep inside Fan Jianyuan's eyes.

It was obvious that Fan Jianyuan was panicking.

Although this person is very good at hiding and concealing his emotions, when faced with a real life and death decision, he finally couldn't be that calm anymore.

Ji Feng couldn't help but sneer, this kind of person, just can't see the coffin without tears!

In order to learn interrogation, he did not know how many virtual interrogation subjects he had fought with in the training space of the intelligent brain, and he did not know how many times he had repeated himself. Even, in order to be able to evenly figure out the minds of those interrogated, the intelligent brain had once very pervertedly allowed Ji Feng to be the person being interrogated.

It can be imagined how proficient Ji Feng was in interrogation, so he naturally knew that even with the strongest psychological quality, there would definitely be a breach, and this breach, was the thing that was of concern.

As long as one is a human being, one is bound to have thoughts and concerns, some people care about their families, some care about themselves, and Fan Jian Yuan belongs to the latter category, what he cares more about is his own life!

When Fan Jian Yuan opened his eyes when he heard that he was going to be sliced and studied, he didn't know that from this moment on he had exposed his biggest flaw to Ji Feng!

"What are you laughing at!"

Seeing the undisguised sneer at the corner of Ji Feng's mouth, Fan Jianyuan had a feeling of humiliation, as if it was the kind of naked humiliation after the last piece of shame had been torn off.

Ji Feng stuck his hands in his pockets and stared at him with a smirk, saying, "Fan Jianyuan, you still have a tough mouth by now?"

Fan Jianyuan's face turned red and he stared at him angrily, but he didn't know what to say.

Because, Ji Feng's words had instantly hit him in the heart!

"You're really a superb person!"

At this moment, Ji Feng couldn't help but shake his head and sneer, saying, "Undeniably, your mental quality is really quite good, but you are afraid of death, or to be precise, you are afraid of a very painful death, since this is the case, why are you still pretending?"

"....."

Fan Jianyuan turned red and stared at Ji Feng, not saying a word.

Ji Feng coldly snorted: "Originally you counted on the biological bomb inside you, but by now you should have understood that the biological bomb no longer plays any role for you, now what awaits you are only two downfalls, either, you honestly explain the problem, at least your downfall will not be so miserable, but, if you do not cooperate ....."

He suddenly grinned, revealing a mouthful of white teeth, looking very morose: "Then your end will be miserable, slicing and studying is still light, I'm afraid, those mad scientists can not only be found abroad, China is also not lacking!"

At once, a flash of uncontrollable panic flashed across Fan Jianyuan's eyes.

Even the qualification to die together at the end was lost, Fan Jianyuan no longer had any capital in his hands, especially Ji Feng's unforgiving words, which stripped him of his dignity and face, and viciously dropped him to the ground, and that was not all, after throwing him to the ground, Ji Feng even went up and stepped on him a few times.

And he, however, was powerless!

Especially when he thought of that horrible end, Fan Jian Yuan's heart couldn't help but rise with an uncontrollable fear that made him gag.

"Say!"

Ji Feng suddenly burst out.

Fan Jianyuan was violently startled, but he saw that Ji Feng's face was extraordinarily cold as he stared at him, his eyes filled with murderous intent.

"Fan Jianyuan, don't think that just because I'm being pleasant to you, you can continue to stall, until the military takes over, I can do whatever I want with you!"

Ji Feng said coldly, "You've been bouncing around for too long from the beginning to now, now, you either cooperate honestly or ....."

From Ji Feng's body, Fan Jianyuan felt an overwhelming killing machine, and only then did he suddenly realize that, in fact, since he was caught, Ji Feng could take his life at any time, and moreover, the biological bomb would not explode.

He suddenly realised that he was no longer the time when he could go toe to toe with Ji Feng, and even force him to apologise to himself with his words; now, he was just a prisoner, and a prisoner without any half-hearted ability to resist.

Fan Jianyuan could not help but look down at his hands ..... Although he could have broken free of this interrogation chair if he had exploded with all his might, Ji Feng was blocking him like a big mountain!

With Ji Feng there, even if he was completely free now, he wouldn't be able to escape from in front of him!

"..... What do you want to know?!" Finally, Fan Jianyuan spoke up.

After weighing the pros and cons, he finally chose to give in, because he knew that Ji Feng was definitely not joking with him, and if he didn't cooperate again, his downfall would definitely not be that wonderful.

"Tell me everything you know, for example, where you come from and what kind of monster you really are, starting from the earliest!" Ji Feng raised his hand to look at the time and said coldly, "Now you only have about an hour, if you don't finish talking in that hour, you'll have a few parts missing from your body!"

"....."

Fan Jianyuan swallowed his saliva with difficulty, he was very close to Ji Feng, and that murderous aura on Ji Feng's body was too overwhelming, which made Fan Jianyuan's heart secretly scared.

At this time, Ji Feng, however, casually took out his mobile phone, turned on the video function and put it on the table, "Say it!"

"....."

Fan Jianyuan was silent for a moment, a trace of sadness flashed in his eyes, only now did he suddenly understand that it turned out that the things he relied on, such as great strength, and poise and handsome appearance and so on ..... in front of Ji Feng, these things were even worse than shit!

With a secret sigh, Fan Jianyuan opened his mouth and said, "I am indeed from a dynasty!"

As expected!

Ji Feng's eyes suddenly narrowed slightly and he coldly snorted, but did not interrupt him, but listened quietly.

"When it comes to the time I came into contact with the Dynasty, it was actually from a few years ago when I was abroad." Fan Jianyuan said, "At that time, I was still studying abroad, and during that time I met a friend who invited me to a party of a private nature, and it was after that party that I found myself changed ....."

“I found out later that Dynasty was scouting around for Asian-faced people, especially those of Chinese descent, or international students who had gone abroad from China, and that’s how I, was chosen by them! Only later did I find out that the reason they were choosing Asian-faced people was because they wanted to penetrate more deeply into China and had some more things to do .....

“Then later, I lost consciousness for a while, and when I woke up, my body changed, and then further on, I would have frequent comas, and when I woke up my body would change, every single time.”

“At first I couldn’t accept it, to later obeying because I was afraid, then to slowly getting used to it.”

Ji Feng listened quietly, his expression calm, but in fact, his heart was extremely grave and alert. The dynasty, really, didn’t know how many years ago it had been laid out, and, there was no telling how many more people like Fan Jianyuan.

If a large group of such people infiltrated, there was really no telling how terrifying it would be!

“I don’t remember how many times I was transformed, but then, one of the adults in charge of training and transforming us suddenly told us that they needed a brave person to undergo an updated transformation, and that, if the transformation was successful, then they would soon leave the base and go out on a mission.”

“Wait, you said you guys?” Ji Feng couldn’t help but frown.
