

Campus Master 281-282

Chapter 281

Ji Feng had just returned to the Xiao family villa, when he saw a middle-aged man and a young man in his twenties waiting in the living room.

What caught Ji Feng's attention the most was that the young man was also holding an ultra-thin laptop in his hand, as if it was some kind of treasure, clutching it tightly.

That middle-aged man immediately stood up when he saw Xiao Changhe and the three of them return, "Old Xiao!"

"Old Yang, you've come really fast." Xiao Changhe said with a smile.

"It can't be helped, you know, the situation of my factory you Old Xiao introduced the person, I will naturally trust." That middle-aged man laughed bitterly, "Old Xiao, who is the other party?"

Xiao Changhe laughed, "Old Yang, don't be in a hurry yet, let me introduce to you."

He pointed to Ji Feng next to him and smiled, "This is Ji Feng, a friend of my daughter. Ji Feng, this is the owner of Yang's Pharmaceutical Factory in Jiangzhou, Yang Dezhao."

"Boss Yang, how are you!" Ji Feng smiled and extended his hand, his action was polite and unobtrusive, this instantly made Yang Dezhao's eyes light up, he hurriedly extended his hand and shook hands with Ji Feng.

"Mr. Ji, how are you!" Yang Dezhao said with a smile, "So you are a friend of Yu Xuan's, you are indeed of extraordinary meter."

"You're welcome, Boss Yang!" Ji Feng smiled faintly, then took two steps back and sat down beside Xiao Changhe.

"Good day, Uncle Yang!" Xiao Yuxuan smiled politely from the side.

"Good! Good!"

Yang Dezhao's originally somewhat impatient expression became soothed as he smiled, "Yuxuan, you are getting prettier and prettier, and you have found such a handsome boyfriend, you are really blessed!"

Xiao Yuxuan immediately smiled sweetly, "Uncle Yang has overpraised me!"

Yang Dezhao smiled and sat down, "Old Xiao, you are also lucky, originally I wanted to tie the knot with you, but now that I think about it, it's lucky we didn't. Look at this brat, all he does is play with the computer all day long, he never asks about the factory, I don't know what he's really doing!"

Yang De Zhaoge glared at the youth next to him with some exasperation, "Yang Yu, why don't you say hello to your Uncle Xiao, you don't have any manners at all, all you know is to guard that broken computer of yours all day long!"

The youth named Yang Yu raised his head slightly and said, "Hello Uncle Xiao, Yu Xuan, how are you!"

“This brat, really” Yang Dezhao was furious again, obviously displeased with his son’s behavior, but could do nothing about it but shake his head helplessly.

Xiao Changhe also seems to know Yang Yu’s habits, naturally does not mind, instead help Yang Yu, persuade Yang Dezhao: “Old Yang, forget it, children and grandchildren have their own blessings, Yang Yu this child is already very smart, and he is also grown up, certainly have their own ideas, you should not be too strict control.”

“Ugh!”

Yang Dezhao shook his head in exasperation and let out a long sigh, “I don’t have much education, I was hoping that he would go to university, learn and come back to help me manage the factory. Now that he’s graduated, he’s not even looking for a job, which really pisses me off!”

“Dad, I told you, those companies don’t deserve me to work for them yet, I’ll make a name for myself!” Yang Yu finally retorted.

“You!”

Yang De Zhaoge was so angry that he was about to hit him, but Xiao Changhe hurriedly persuaded, “Old Yang, I’m introducing you to business, why are you getting your hands dirty!”

Yang Dezhao was stunned, and only then did he realize what he had come to do, he grunted, “I’m all confused by this brat.

Xiao Changhe smiled and pointed at Ji Feng, “It’s no one else, it’s Little Feng!”

“Him?!”

Yang Dezhao was immediately taken aback, he looked at Ji Feng and couldn’t help but say in confusion, “I say, Old Xiao, it’s not possible that you want to take over my factory, so this is why you just find someone out to take over, right? It’s not right, I’ve mentioned this to you before, but at that time it was you who were unwilling to take over, how come now”

Xiao Changhe laughed: “You’re still a quick-tempered person, can’t you listen to the end of the story?”

“You say, you say!” Yang Dezhao smiled a little embarrassed.

“Old Yang, I have already said it before, although the price you gave me has been pressed down very low, and I was also very tempted, but if I took over your factory, I was really too busy, and I was afraid of delaying both sides, so I didn’t dare to take over.” Xiao Changhe handed Yang Dezhao a cigarette and said with a smile, “However, Xiao Feng wanted to take over your factory, and I only played a role of a matchmaker”

Yang Dezhao then told what happened, of course, the matter of Ji Feng having a prescription, naturally, was vaguely carried over by him, only saying that there was a special prescription that worked quite well, but exactly what aspect of the prescription, he did not explicitly say. No matter how good the relationship was, without Ji Feng’s consent, Xiao Changhe would not say anything indiscriminately.

“In that case, Mr. Ji, you really intend to take over my factory?” Yang Dezhao looked at Ji Feng with some surprise, he couldn’t be blamed for being surprised, it was because Ji Feng was too young, all about the same age as his son.

Ji Feng smiled and said, “That’s right, Boss Yang, I do have an interest in your factory, but I still need to see the factory with my own eyes before I take it over or not.”

Even for the sake of Xiao Changhe, Ji Feng would never take it over haphazardly. In business, favours only account for a small part.

Yang Dezhao, however, was not dissatisfied and immediately nodded, “This is the right thing to do, if it were me, I would do the same. Let’s go and see the factory now.”

Xiao Changhe couldn’t help but smile bitterly, “Old Yang, you don’t even see what time it is, even if we were to go, wouldn’t it be the same tomorrow?”

“That’s not the same, one more day in my hands and the factory will decay a little more, so let’s go now!” Yang Dezhao was an impatient man, so when he saw someone willing to take over, he was naturally a bit impatient, “Mr. Ji, let’s go and have a look now, dinner will be at my place, my treat, how about that?”

Ji Feng looked at Xiao Changhe and cried and laughed in his heart, this Yang Dezhao was really a quick-tempered person, it was more or less inappropriate to do business with such a person.

“Xiao Feng, if you are not tired, go over there now, old Yang is such a temper, if you don’t go to see it today, I am afraid he won’t be able to sleep at night.” Xiao Changhe laughed.

“Go on then!” Ji Feng laughed.

Next to her, Xiao Yuxuan was a bit dissatisfied, it was already after six o’clock, it was almost dark, and if they still called Ji Feng over at this time, dinner would definitely not be eaten again.

However, she also knew that it was not good to say anything now, so she could only glare at Xiao Changhe and wrinkle her cute little nose.

Afterwards, Yang Dezhao hurriedly dragged Ji Feng out of the Xiao family villa, leaving several people in Ji Feng in tears and laughter, while that Yang Yu, who rarely spoke, followed as if he didn’t see all these things in front of him, just clutching the computer in his hand with a deadly grip.

On the way to Yang’s pharmaceutical factory, Ji Feng learned that it turned out that Yang Dezhao was an ex-soldier, and then after his discharge from the army, he started doing pharmaceutical sales after a few years in society, and it was at that time that he and Xiao Changhe met.

In the first few years, the pharmaceutical factory did well, and with the rise of the wave of health products, Yang Dezhao also made a lot of money. But then the state management was stricter, and although Yang Dezhao made up for the formalities and approvals, he was still affected in no small way, and the operation of the factory became increasingly difficult.

Although in recent years Xiao Changhe has also increased his efforts to buy goods from him in order to help him, but after all, Changhe Pharmaceutical Company is not a big company, and for a factory, it is also a drop in the bucket and does not play a decisive role.

As a result, Yang Dezhao's pharmaceutical factory was getting worse and worse in the past few years, and he was anxious to turn it out.

"Since you were eager to transfer it out, and the approvals and formalities were all in order, why did you still keep it in your hands until now?" Ji Feng asked in confusion.

Yang Dezhao sighed lightly, glared at Yang Yu who was sitting behind him and said, "It's not because of this kid!"

Next to him, Xiao Changhe spoke up and explained, "Old Yang only has one son, his factory is to be transferred out, but there are several additional conditions, the first is that the price is reasonable, the second is that within five years, as long as the workers in the factory do not make mistakes, they cannot be dismissed, and the third is that Yang Yu should hang an honorary deputy director position in the factory, and the salary should be in accordance with the deputy director's treatment to open!"

Ji Feng was stunned, the first two are still good, after all, is considered a reasonable request, even the second, can only say that Yang Dezhao care about the workers in the factory, but this third

The first two are reasonable requests, and even the second one can only mean that Yang Dezhao cares about the workers in the factory, but this third one is the same as asking the buyer to keep a deputy factory manager who doesn't do anything!

Seeing Ji Feng's face, Yang Dezhao instantly felt that things were not good, and that perhaps Ji Feng, like the others, would never agree to such a condition.

"Boss Yang, although I have not yet seen your factory, but you these few conditions" Ji Feng frowned slightly, spend money to raise idle people for nothing, this kind of thing is undoubtedly treating him Ji Feng as an ingrate.

"Mr. Ji, I just Yang Yu such a son, although this factory is also worth a lot of money, but may be one day something will happen, give Yang Yu a position, is to give him a last guarantee, this condition, I will absolutely not change!" Yang Dezhao said firmly, "My health is getting worse and worse, so I have to arrange for Yang Yu!"

Ji Feng smiled faintly, "I can understand Boss Yang's feelings, pity the heart of the parents" Let's do it this way, let's talk about these issues after we've seen the factory first, okay?"

Yang Dezhao also knew that it was still too early to talk about all this, and he couldn't help but nod his head.

Who knows, but Yang Yu suddenly said, "I don't need anyone to support me, although my skills are not high, those so-called program engineers are not even worthy to mention my shoes, if I want to make money, I can do it anytime."

Everyone could not help but be stunned, this was a bit too outrageous, right?

Ji Feng, however, was moved in his heart and couldn't help but ask: "Your skills are great?"

Yang Yu gently glanced at him, "If you don't understand computers, it's useless for me to talk to you."

"Brat, how to talk!" Yang Dezhao immediately rebuked, if he and Ji Feng and made a relationship set, in the future, Ji Feng was going to pay Yang Yu's salary. Now that Yang Yu had offended Ji Feng as soon as he came up, it would be difficult to tell about this cooperation.

Ji Feng did not mind, he could see that this Yang Yu was a bit arrogant, but more than that, he was extremely confident in his skills. This kind of person is the equivalent of a pure technician, and is still very obsessed with the kind, which can be seen from Yang Yu's tight hold on that laptop.

And many technicians, because they are too obsessed with their own profession, will make them more or less lacking in human relations, but such people are instead very respectable!

"Computer well very unlucky, I also understand some!" Ji Feng skillfully stepped on the clutch to shift gears while smiling.

Yang Yu glanced at him, his lips moved, but did not speak. However, it could be seen from the expression on his face that he was still more or less unconvinced about Ji Feng's words.

Ji Feng didn't say much, if he and Yang Dezhao could talk, then he would naturally have the opportunity to communicate with Yang Yu in the future, but if they couldn't, it was useless to talk about this.

About an hour later, Ji Feng saw Yang Dezhao's pharmaceutical factory and he was taken aback.

The scale of Yang Dezhao's pharmaceutical factory was definitely not small, there were four workshops, the equipment and machines all looked very new, if all of them were started, it would take two to three hundred workers to start at the same time, this could be considered a medium-sized factory.

At least, among small factories, this pharmaceutical factory was considered large in scale.

However, Ji Feng could also see that the factory's efficiency was indeed not very good recently. Out of a total of four workshops, only two of them were now in operation, and one of them was only packaging, and only one of them was actually producing.

"Mr. Ji, you have seen the situation of the factory, it is just like this, the equipment and everything was bought a few years ago and is still very new, it is just that the efficiency has not been good recently, so the other two workshops have not been opened for a few months." Yang Dezhao explained from the side.

Ji Feng nodded slightly, to be honest he was still very satisfied with the factory in his heart, the equipment was basically new, the workers were all veterans, they could start work straight away when they took over, there would be no delay, and the formalities were complete.

As for the most crucial sales route, Ji Feng is not worried, with Xiao Changhe's sales channels in place, there is no problem at least in the early stage. Ji Feng is not in a hurry either, trying to eat a fat bite is certainly impossible, this truth he naturally understands.

After deliberating for a while, Ji Feng said, "Boss Yang, this factory of yours, I am indeed very satisfied, let's talk about the price."

He did not mention those few additional conditions, which made Yang Dezhao's heart vaguely cheerful, which proved that Ji Feng was likely to accept those few conditions.

Yang Dezhao immediately said, "Mr. Ji, since it was introduced by Old Xiao, I definitely won't ask for more, fifteen million, the whole factory is yours!"

"Fifteen million?" Ji Feng frowned slightly, this price was indeed not very high, but compared to his psychological price, it was still a bit high, after all, Yang Dezhao had several additional conditions behind him!

"Fifteen million is no problem, but the conditions that Boss Yang proposed" Ji Feng shook his head slightly, "To be honest, this price that Boss Yang said is not very high, but those three conditions are indeed a bit unacceptable, especially the last two."

Yang Dezhao's face became a bit difficult, and after thinking about it, he said firmly, "Mr. Ji, the conditions cannot be changed, and I can lower the price by another half a million!"

Ji Feng couldn't help but laugh: "I say, Boss Yang, why are you doing this. This half a million, with the salary level in Jiangzhou, even if your son hangs a deputy director position in the factory, it will take at least ten years to get these salaries, who knows what will happen after ten years, why don't you just get the money and hand it over to your son?"

When Ji Feng said this, Yang De Zhaoge immediately snorted coldly, "Just him? Let alone half a million, even if I gave him all this ten million or so directly, he could spend it all in a few weeks at most! Mr. Ji, I have no choice but to do this, I really can't help it. When I was around, I might have been able to control his spending, but recently my health is getting worse and worse, so maybe one day"

Ji Feng could not help but laugh, really could not see that this Yang Yu is still a defeated boy ah.

Yang Yu immediately reddened his face and argued, "I didn't spend it indiscriminately!"

"Then it's still not reckless spending?" Yang De Zhaoge said discontentedly, "All day long, you've been tinkering with computers and servers, and you're obsessed with building the No.1 computer company in China, so what's that if not reckless spending?"

Yang Yu turned his head away in anger and stopped talking to his father.

Xiao Changhe and Xiao Yuxuan were just listening at the side, now it was Ji Feng and Yang Dezhao who were negotiating, so naturally they couldn't interfere.

Ji Feng thought about it and nodded, "OK, this condition is fine, half a million less, let your son hang an idle position as deputy factory manager in the factory, but one thing, Boss Yang has to give me all your customers and sales channels, and you have to help out in the factory for a while, hang an honorary factory manager title, help me stabilize all the customers! "

"This is no problem, of course not!" Yang Dezhao was immediately overjoyed, what he wanted most was for the factory to continue to operate, so he naturally had to do his best to help, what's more, Ji Feng had agreed to all his conditions so readily, he naturally wouldn't discount any more.

In fact, Yang Dezhao also knew that the three conditions he had put forward were not so harsh, the price was reasonable, which was a matter of course, and Yang Yu's matter was also exchanged with half

a million for Ji Feng's consent. The second condition, however, was not something that Yang Dezhao could influence.

Within five years, as long as the employee did not make a mistake, he could not be fired.

This condition was too general, what was a mistake? It was still up to Ji Feng to say?

What's more, who could not make a mistake within five years?

If this is enforced, it depends on Ji Feng's character. Yang Dezhao can only hope that he can do his best to help, and at the same time do the staff's ideological work, so that they must not disobey Ji Feng's orders, or say that they are submissive, when the time comes, if Ji Feng gets angry and wants to take those staff, Yang Dezhao can only be anxious.

As soon as he thought of this, Yang Dezhao immediately said, "Let's do this, since we have seen the factory, let's go to dinner now, and at the same time I will also call the people in charge of sales in the factory, so that they can get to know Mr. Ji in advance, so that they can also start working early!"

Everyone was dumbfounded, Yang Dezhao's temper was too hasty, the factory was about to close now, after the formalities of the factory had been handed over, wouldn't it be the same to get to know each other again?

But Ji Feng felt Yang Dezhao's feelings for the factory, he couldn't help but nod and smile: "Of course it's good, Boss Yang, then we'll trouble you!"

Seeing that Ji Feng agreed, Yang De Zhaoge laughed, "What's so troublesome about this, it's you, who has solved a big problem for me!"

Afterwards, he took Ji Feng and the others to the hotel while calling the sales staff at the factory.

This time it was Xiao Yuxuan who drove, she was worried that Ji Feng was too tired from driving all the time, so she took the initiative to be the driver.

Ji Feng sat in the back row, while Yang Yu next to him opened his computer and was crackling the keyboard, not knowing what he was working on.

Ji Feng couldn't help but look over sideways, but without taking a few glances, his expression froze.

On the computer screen, there was a line of programming code floating continuously, Yang Yu's fingers were tapping so fast that the line of code kept flashing across the screen, Ji Feng looked at the sidebar at the edge of the screen and was astonished, there were actually several million lines of code!

"What are you doing here, what kind of program is it?" Ji Feng asked with a smile.

"An auxiliary software, I plan to develop a 3D window so that people can feel the 3D effect right on the computer screen." Yang Yu didn't even raise his head, his fingers were still busy, "You may not understand when I tell you this, but you can imagine, if you are sitting at home, playing with your computer, but all you see is the 3D effect, doesn't it feel good?"

Ji Feng laughed, he could really understand himself, he laughed, "It's indeed good, and this idea of yours is unique! This invention of yours allows people to not even have to go to the cinema, they can just sit at home."

"No!"

Yang Yu shook his head, "People don't just go to the cinema to watch a movie, a lot of the time they are after an atmosphere, this is not contradictory to my current design, I just want people to be more comfortable when they are online, that's all."

"You have a very sober understanding." Ji Feng couldn't help but praise.

"A clear head is the minimum requirement for a program engineer!" Yang Yu didn't feel proud at all, but said seriously.

Ji Feng smiled faintly and stopped talking, but watched Yang Yu's programming seriously.

The further he looked down, the more amazed he became in his heart, Yang Yu's level, was really impressive!

Although Ji Feng had never met another programmer either, he could tell that Yang Yu's skills had definitely reached a shocking level!

Looking at Yang Yu's face that exuded endless enthusiasm, compared to his previous mute face, at this moment he was like a new person, vibrant and full of energy.

Ji Feng suddenly had a thought in his heart, maybe the biggest gain from his deal with Yang Dezhao was not the factory, but this Yang Yu.

Ji Feng had an idea that he secretly mulled over.

Chapter 283

When eating, Ji Feng unexpectedly met another person, he clearly remembered that the last time he clashed with Zhang Yongqiang in Furniture City, this young man secretly reminded himself and Zhang Lei, and the female shop assistant stopped herself dead, forming a stark contrast, making Ji Feng extremely impressed.

So Ji Feng remembered very clearly that this young man was a sales supervisor of the furniture city named Han Rui Chao.

But I never thought that I would run into him here!

Moreover, it looked like Han Rui Chao was also an employee of Yang's Pharmaceutical Factory!

Han Rui Chao had come with two other people, a middle-aged man and a young man of similar age to Han Rui Chao.

After a few people sat down in the box, Yang Dezhao said with a smile, "Mr. Ji, Old Xiao, these three are the cadres of the factory's sales department."

He also turned to the three men and said, "In a few days, Mr. Ji will be your new boss, so take the opportunity to get to know each other, so that in the future the boss doesn't know the employees and the employees don't know the boss!"

The middle-aged man was stunned, "Boss, you've really transferred the factory out?"

Yang Dezhao smiled bitterly, "Yes, it can only be a loss in my hands, it's better to transfer it out earlier, but don't worry Old Wu, I've discussed with Mr. Ji, within five years, as long as you don't make any mistakes, Mr. Ji won't dismiss you easily."

Ji Feng smiled at the side without saying anything, just quietly listening, he glanced at Old Wu and understood that this should be the one who had a better relationship with Yang De Zhaoge and was also highly valued by Yang De Zhaoge, otherwise this kind of condition would not have been said by Yang De Zhaoge.

Otherwise, if every employee thought that the boss would not dismiss the workers easily, wouldn't there be a revolt?

Old Wu sighed lightly: "Alas, after following the boss for more than ten years, now"

Yang Dezhao laughed: "Don't worry, even if the factory changed hands, I'm still in Jiangzhou, so it's convenient to call up a few old buddies and come out to sit down often."

With Yang De Zhaoge in the room, the atmosphere soon became lively, and Yang De Zhaoge laughed, "Old Wu, you'd better introduce the general sales situation of the factory to Mr. Ji while the food is still here!"

Old Wu nodded slightly, and without taking any information, he said directly, "Mr. Ji, then I'll introduce"

It could be seen that Old Wu knew all about the sales aspect of the factory, and could open his mouth without having to read any information at all.

The other young man added a few words from time to time at the side, but his eyes flickered over Ji Feng and Xiao Yuxuan from time to time, especially when he saw Xiao Yuxuan, the young man's eyes straightened, a strange look flashed in his eyes, making him try hard to put on a gentle and elegant look and speak slowly and methodically.

Ji Feng listened to Old Wu's introduction of the situation in the factory with a smile on his face while taking in the expressions of several people without speaking.

"That's roughly the situation in the factory, let Xiao Han introduce you to the rest, for the last month, Xiao Han has been running around outside and there are many drug companies that have some interest." Old Wu smiled and pointed at Han Rui Chao.

Ji Feng nodded slightly, "Good, I'd like to hear about it too."

Who knew that just as Han Rui Chao wanted to speak, the young man next to him laughed and said, "Little Han has just come to the factory for a short time, so he is not familiar with some areas yet, so it is better to let me speak."

Han Rui Chao's face turned red and his eyes looked dissatisfied, but after looking at Ji Feng, he didn't say anything.

The young man was pleased with himself, subconsciously glanced at Xiao Yuxuan, cleared his throat and was about to start the introduction.

Ever since he met Xiao Yuxuan, the young man had thought about putting on a good show, and as the backbone of the factory's sales, he believed that the new boss definitely needed him. If he was missing, the factory's sales would be in trouble.

Old Wu was old and was only responsible for some of the old customers, and the customers he had developed in recent years were all in his hands, so he thought he could be on an equal footing with Old Wu at the factory.

However, before his words could be uttered, he was interrupted by Ji Feng.

"Mr. Han, I didn't expect to see you again!" Ji Feng greeted Han Rui Chao with a smile, others had secretly reminded him in Furniture City, he would naturally remember the favour.

"Mr. Ji, you know Xiao Han?" Yang Dezhao was, however, stunned.

"Of course I know him, he even helped me!" Ji Feng smiled faintly, "Mr. Han, come and introduce me, how was the run this time!"

From the beginning to the end, Ji Feng ignored that young man and didn't even look at him.

Swish!

That young man's face turned red with embarrassment, he took a deep breath and tried to maintain his poise: "Mr. Ji, it's better for me to introduce you"

"Go introduce to your boss, I'm not your boss yet!" Ji Feng said indifferently.

A word that made that young man choke, half a word couldn't come out, just held there, his face rose to purple.

Everyone frowned at the young man, just now Ji Feng had clearly said that this Xiao Han had helped him, so why did he have to steal others' thunder? He was asking to be embarrassed!

What's more, everyone also saw the way that young man looked at Xiao Yuxuan and understood that even if they were in his shoes, they would definitely not treat this young man.

"Say it!" Ji Feng smiled and looked at Han Rui Chao with an encouraging look.

Han Rui Chao's face also turned red, but it was excited, and he said in a promiscuous voice: "Ji, Mr. Ji you still remember me!"

"Of course I remember you, the sales director of Furniture City!" Ji Feng laughed, "Why don't you work there anymore? Did I bring you down?"

At that time when Han Rui Chao reminded himself, although he was very careful, there was no guarantee that no one would see it.

Han Rui Chao hurriedly shook his head, "No, no! It's because I didn't want to work there myself, and it just so happened that a friend was working as a clerk for Boss Yang, so I came over too!"

In fact, of course, things were not like what Han Rui Chao said, the owner of that furniture city had done something that he himself knew very well and knew that he had offended Ji Feng, so he did not even need others to say much, he also knew that he would definitely not be able to get along in Jiangzhou.

So he simply transferred the furniture city to others, but no one dared to take it over. In the end, the owner simply closed down, intending to avoid the wind and come back to reopen, and Han Rui Chao and others naturally lost their jobs.

If Ji Feng knew the truth of the matter, I'm afraid he would have cried and laughed. Although Wang Youquan's experience in the furniture city was rather hateful, Ji Feng never thought of taking revenge, and he disliked things like bullying others.

But things are often like this, the parties involved are not thinking about how, but others are thinking about pleasing Ji Feng. Just kidding, who knows what is in Ji Feng's mind, if he passes by here in the future and finds that the same person who had offended him is still running the shop, God knows if he will be upset?

It was because of this mentality that the furniture shop closed and Han Rui Chao came here.

Han Rui Chao roughly presented the results of his month-long run, quite a bit embarrassed because he had only contacted three small companies and was still only somewhat interested.

Ji Feng nodded slightly, but did not feel disappointed, after all, it was not that easy to establish a partnership.

And there was another thing that puzzled Ji Feng, until now, Ji Feng had not found out how exactly the Yang's Pharmaceutical Factory was not running well!

Was it a bad management job, or was it a problem with the quality of the drugs, or was it a bad sales job?

Yang De Zhaoge only said that he was old, his health was poor and he was a bit incapable of doing his job, but he didn't say exactly what was wrong, and he couldn't think of anything to say.

If Yang De Zhaoge knew what the problem was, he would have started to solve it and would not have thought about transferring it.

"It seems that after taking over, it is necessary to rectify things properly!" Ji Feng had a smile on his face, but in his heart, he had already raised his butcher's knife high, finding problems, he would never be soft, to be soft on those who endangered the factory was to be cruel to himself.

As for the conditions agreed with Yang Dezhao, that was a different matter.

Because after all, he had not really taken over the factory yet, so Ji Feng did not talk much with Lao Wu and the others, and after having dinner, he left with Xiao Changhe to say goodbye.

On the way back, Xiao Changhe couldn't help but say, "Little Feng, after the formalities are completed, you should let Old Yang stay in the factory for a longer period of time so that it will be convenient for you to manage it in the future."

Ji Feng smiled and nodded, "Uncle Xiao, I know."

Xiao Changhe originally wanted to give a few more explanations, but seeing Ji Feng's calm and steady look, he knew that maybe Ji Feng had thought about it more thoroughly than himself, so he didn't say anything more.

In fact, Xiao Changhe did not approve of Ji Feng taking over a pharmaceutical factory in his heart. A company can be closed at any time, and at most there will be some drugs in the warehouse.

However, a factory not only needs workers, equipment, but also insurance for the workers, which can be troublesome even if you want to end it later.

The first thing you need to do is to have your own pharmaceutical company, because what he has in his hands is not only a prescription for a diet pill, but also some of the drugs of the Gamma Galaxy era, and although Ji Feng knows only a very small part of them, there are dozens of drugs for agents alone.

Every single medicine taken out is enough to cause a huge sensation, so he must have his own pharmaceutical factory, and also through a series of means to cover his ears.

Otherwise, if people found out that he had these technologies in his hands, he could think of what would happen to him even with his heels!

Chapter 284

When they returned to the Xiao family villa, it was almost ten o'clock.

Xiao's mother, however, had not rested yet, thinking that she had been waiting for Xiao Changhe and the others to return.

"Xiao Feng, rest here for the night, it's too late and it's not safe to go back on the road now!" Although she didn't know how things had been handled in the company, she could guess from the look on Xiao Changhe's face that things must have been resolved smoothly.

Thinking that, there must be credit to Ji Feng in this.

Ji Feng hesitated slightly, although he wasn't very constrained in the Xiao family, but to say that he would stay here overnight, he couldn't help but be a little worried again if Tong Lei would be scared in the villa alone.

"Mom, it's better to let Ji Feng go back, it's a drive anyway, it's quick if you want to go back!" Xiao Yuxuan naturally knew what Ji Feng was worried about, although she also wanted Ji Feng to stay here for the night, but after all, there was still Tong Lei in the villa, she could not afford to leave her alone there.

“You kid, how unsafe it is to drive at this late hour! Don’t know any manners at all!” Mother Xiao hummed and turned her head to Ji Feng, “Little Feng, Xuan Xuan sometimes doesn’t know how to behave, it’s all because I’ve spoiled her, you usually just let her be more tolerant.”

Ji Feng instantly smiled, “Auntie please don’t worry, I know what to do!”

Xiao Yuxuan, however, blushed red as she pouted, “Mom, what are you talking about, who’s being spoiled!”

She had always appeared in front of Ji Feng as a flirtatious and charming person, but now she was treated like a child by her mother, she was suddenly petulant and shy.

Xiao’s mother, however, pretended not to hear her daughter’s protest, although this young man Ji Feng seemed to be a nice person, but after all, he was the son of a family, and in the future, when the young couple were together, there would inevitably be times when they would tussle, so it was not good to let her daughter suffer.

“Little Feng, listen to auntie this time and stay here!” Xiao mother said enthusiastically, then turned around and headed upstairs, “I’ve already put the water on, take a bath first!”

Looking at Mother Xiao with such enthusiasm, Ji Feng and Xiao Yuxuan could only look at each other speechless.

“Little rascal,” Xiao Yuxuan was a little apologetic.

Ji Feng smiled faintly, “What, I’m not welcome to stay overnight with you?”

“Of course you’re not welcome!” Xiao Yuxuan’s pretty face was red, Ji Feng’s words were too and ambiguous, “Lei Lei there,”

Ji Feng smiled and said, “I’ll give her a call.”

Since Xiao’s mother was so enthusiastic to stay, how could he leave now?

But Ji Feng had just taken out the phone when he saw an unread message on his phone, but it was from Tong Lei: “Ji Feng, I have locked the door and the windows have been tightly closed, so I didn’t leave the door open for you, so keep your sister company today.”

When I looked at the time, it was sent at almost eight o’clock, that was exactly when I was eating in the box, Ji Feng put the phone in his jacket, so I guess I didn’t pay attention because it was too noisy.

The first thing you need to do is to get a good idea of what you’re doing.

Ji Feng handed the phone to Xiao Yuxuan, he wanted to let Xiao Yuxuan know about the goodness of Tong Lei, and Xiao Yuxuan’s goodness, he also wanted to let Tong Lei know.

Xiao Yuxuan’s eyes instantly turned slightly red, she took a deep breath and deliberately smiled flirtatiously, “Little rascal, you’re homeless now oh”

“Then I’ll have to spend the night here with you!” Ji Feng smiled wickedly.

Xiao Yuxuan seemed to think of the ambiguous scenes in the past, and suddenly her pretty face flushed slightly as she dropped a sentence, "Hurry up and take a shower, I'll go get your pajamas!"

After saying that, she pushed Ji Feng upstairs.

The villa of the Xiao family was two and a half storeys high, the upper half was actually considered a duplex structure with two small attics, the first floor was the bedroom and the guest room was on the ground floor.

Ji Feng was staying in one of the guest rooms. He was lying on the bed, watching the chattering TV programmes, and felt a pang of boredom, but had no desire to sleep.

Buzz!

His mobile phone suddenly vibrated, Ji Feng picked it up and took a look, but it was from Xiao Yuxuan: "Little rascal, are you asleep yet?"

Ji Feng smiled faintly and replied, "Can't sleep without you."

A few moments later, the message came again, "Although I didn't accompany you, I purposely put something to accompany you oh"

"What is it?" Ji Feng typed a few words quickly and sent it out.

Xiao Yuxuan replied, "It's under your pillow, just go and see for yourself."

Ji Feng was stunned, what was under the pillow?

He immediately turned on the light, got up and picked up the pillow, when he looked clearly at what was under the pillow, a look of consternation burst across his face, and then he cried and laughed a little.

..... Underneath the pillow was a pair of black lace knickers!

Buzz!

The phone vibrated again, and Xiao Yuxuan's message sent over: "Little rascal, I can't accompany you, but I left my intimate little trousers for you! Hee hee, little rascal, whatever you do with it, it means I'm the one keeping you company!"

Miso!

The evil fire in Ji Feng's heart sprang up, this demon spirit!

He couldn't help but curse, the impulse in his heart couldn't be calmed down, he looked at the black lace panties with a hesitant expression, he couldn't help but breathe a little sharply.

He finally picked it up, the panties seemed to have not been washed, the very middle of the position, surprisingly, there were still a few roots of grass left

Ji Feng gritted his teeth and picked up the phone and replied back, "moncler I don't have this fetish, if you want to accompany me, come down in person."

But in reality, Ji Feng is typically a mouthful, Xiao Yuxuan's panties are still stained with her unique body fragrance, as well as that special fragrance, no matter what any man is, I'm afraid he will definitely have a hard urge to resist. Especially for a man of Ji Feng's bloodthirsty age, there was a strong temptation to 'tempt'!

Only Ji Feng's patience was better, so he restrained himself.

"This demon spirit, if one day I see how I will clean you up!" Ji Feng gritted his teeth and said, but the urge in his heart was getting stronger and stronger.

Buzz!

Xiao Yuxuan's message soon came: "No way oh grandpa I go out now, will be discovered, the time is late, rest early, if you really can't hold back, take my small trousers to solve oh"

The lace panties were placed on the other pillow, but he refrained from looking at them.

To distract himself, Ji Feng picked up his phone, opened a random mini-game and played it absentmindedly. He had also thought about going into his head and continuing his training. But in this current situation, he couldn't concentrate even if he was training, so he thought better of it.

Ji Feng was playing a kind of passing game, but because he was distracted, he was passed three times in a row. Bored, he simply put his phone aside and just stared at the ceiling in a daze, not knowing what he was thinking about.

After an unknown amount of time, Ji Feng's consciousness had gradually blurred a little, and he finally felt a little sleepy, so he planned to turn off his phone and go to sleep.

But just as he picked up the phone, he suddenly stopped moving and hurriedly activated the bio-current to his ears and listened sideways.

The sound of footsteps!

It was extremely faint, but there was no doubt that it was indeed footsteps, and they were coming from upstairs, and were coming down the stairs.

Who could it be?

Ji Feng's heart suddenly pounded, could it really be Yu Xuan coming down?

He immediately looked at his phone, it was already twelve o'clock, he was instantly sure that it must be Xiao Yuxuan coming down, because at this time Xiao Changhe and his wife should have fallen asleep.

This goblin finally couldn't resist Ji Feng smiled badly, quietly got out of bed and unlocked the door, then immediately lay back down on the bed and pretended to sleep.

The person who came down was none other than Xiao Yuxuan, who was lying on her bedroom bed, tossing and turning and having trouble falling asleep. Ever since she had sent those few text messages to Ji Feng, Xiao Yuxuan had felt hot all over, and there was a fire in her heart that she couldn't suppress in any way, making her pretty face flush, but her body was getting hotter and softer!

Even more so, her slippery and delicate body became hot, and her two legs were even tightly entwined, with a slippery mess under her belly.

Perhaps because this was at home, next to her parents, Xiao Yuxuan felt even more stimulated, and the fire in her heart could not be restrained in any way, and in the end, she came down.

Xiao Yuxuan came to Ji Feng's room door and hesitated for a long time, both shy and a little eager, reaching out several times to open the door, but the shyness in her heart made her put her hand back again.

"It's all because of you, the big bad egg, that you're causing people harm!" Xiao Yuxuan beamed at the door and inadvertently touched the door lightly, but unexpectedly, the door opened!

It wasn't locked?

Xiao Yuxuan was stunned, this little rascal was sleeping without locking

She took a deep breath, still stepped and quietly entered the guest room where Ji Feng was sleeping, and the first thing she heard was Ji Feng's even breathing.

"This guy is actually asleep?" Xiao Yuxuan was instantly a bit stunned, "Could it be that he really doesn't like what I left for him?"

Xiao Yuxuan was a bit puzzled, in fact, she didn't know too much about men and women's affairs, it was just that when she used to go to school, there was a horny girl in the dormitory who would often talk about some blushing topics, and over time, Xiao Yuxuan had more or less understood some of them.

And one of the most impressive thing to her was that the horny girl once said that many men liked women's panties, and they were still unwashed.

So, Xiao Yuxuan forced herself to hold back her shame and put her own panties under the pillow in the guest room in advance, only to have him fall asleep.

"Is he really not interested in this, or am I not attractive enough?" Xiao Yuxuan couldn't help but secretly wonder, but her heart was a little lost.

"Strangle this little rascal to death!" The more Xiao Yuxuan thought about it, the angrier she became, she simply took two steps to the bed and was about to pinch at Ji Feng's arm.

Just at this moment, Ji Feng's eyes snapped open and a smirk flashed from his eyes.

The next moment, Xiao Yuxuan suddenly felt a pair of strong arms hugging her, she subconsciously wanted to cry out in alarm, but her small mouth was covered and she couldn't shout a word

Chapter 285

Ji Feng kissed Xiao Yuxuan's seductive red lips, chasing her lilac tongue, and with one hand holding her thin waist and the other holding her plump buttocks, he pressed her tightly onto the soft and comfortable bed.

“Oooh!” Xiao Yuxuan only felt the large hand on her plump buttocks squeeze twice as she shuddered and a hot stream of water gushed out from beneath her belly, causing her body to instantly become hot and her delicate body to go soft.

Xiao Yuxuan’s eyes were misty and her small hands didn’t know where to put them, so in the end she could only undoubtedly wrap her arms around Ji Feng’s neck and let him do what he wanted.

Because the weather had been slightly cold, so Xiao Yuxuan wore a pure cotton pajamas, which allowed Ji Feng to take off several times in a row, but did not come off, he suddenly became anxious, grabbed the pajamas, and ripped it off.

At once, Xiao Yuxuan’s natural beauty-like delicate body was all presented in front of Ji Feng!

Gulp!

Ji Feng swallowed hard, his hand grabbed Xiao Yuxuan’s soft flesh and rubbed hard on her plump buttocks with one hand, while kissing Xiao Yuxuan’s someone’s red lips

When Xiao Yuxuan let out a whimper-like whimper, her delicate body tensed up, two long, snow-white legs clamped hard on Ji Feng’s head, a hot stream rushed out, the guest room finally quieted down, only the sound of two people’s breathing rose and fell.

At this moment, inside the guest room, there was a blushing scene of infinite spring light.

Xiao Yuxuan’s eyes were intoxicated, and her body was lying on the bed in a delicate and limp state, recalling the wonderful feeling she had just felt. At that moment, it was as if her whole body had taken flight, especially when Ji Feng kissed her on that delicate spot, which caused her whole body to be lost in an instant.

That kind of soothing feeling was something she had never experienced before, it was just too wonderful!

The first time I heard her whisper, the evil fire in Ji Feng’s heart came out again, and he turned over Xiao Yuxuan’s tempting ** and was about to raise his gun.

When the two of them were about to touch, Xiao Yuxuan’s torso suddenly trembled and a stream of heat came out again.

She was once again ‘pleasured’!

Xiao Yuxuan’s body was simply too sensitive.

That slippery, warm and soft feeling caused Ji Feng to let out a stifled cry, he could no longer hold back and was just about to make a move when he heard Xiao Yuxuan let out a soft cry, “Ji Feng, don’t

Ji Feng immediately froze, remembering what Xiao Yuxuan had said before, that the first time should be left for the wedding night, he couldn’t help but grit his teeth a little secretly.

Now that the arrow is on the string, where can he still care so much?

If he suddenly hung back now, it could simply kill him!

Feeling Ji Feng's firm thoughts, Xiao Yuxuan's heart suddenly trembled, she no longer minded when she gave it to Ji Feng now, but now it was at home, ah, she had heard before that women would scream in pain when they broke their bodies, she was afraid that if she made a sound too, it would be heard by her parents.

This idea flashed in her mind, and she didn't know where she got the strength to violently roll over and sit up straight, looking at Ji Feng's stunned expression, she said shyly, "Little rascal, I, let me help you in another way"

Without waiting for Ji Feng's reply, Xiao Yuxuan's seductive red lips kissed Ji Feng's chest, her soft and flexible little tongue constantly drawing circles on Ji Feng's body, imagining in her mind as much as possible the techniques in this regard that her roommate had told her before

Xiao Yuxuan's small mouth slid down from the small of Ji Feng's back and opened her small mouth as much as she could

"Hiss..."

Ji Feng instantly sucked in a breath of cool air, and an incomparable feeling of relief spread all over his body at once!

When Xiao Yuxuan was choking and coughing continuously, Ji Feng also finally calmed down, he only felt an extreme wave of relief passing upwards from the dragon's tailbone, rapidly exploding throughout his body!

Xiao Yuxuan raised her cicada head, her big watery eyes extremely flirtatious as she gave Ji Feng a white glance and pouted in displeasure, "Little rascal, I'm choking to death!"

Ji Feng instantly laughed in triumph, scaring Xiao Yuxuan to cover his mouth, "Little rascal, keep your voice down, if my parents hear you later, how can I still be a human being!"

"If you hear it, you can hear it, it saves us from having to explain." Ji Feng pulled away her small hand and said smilingly, "Big baby, your little tongue is so flexible"

"Don't say that" Xiao Yuxuan's shy pretty face was red, even in the dark, she could feel that her face must be frighteningly red.

This big bad guy is good, he even brought this up!

Although Xiao Yuxuan looked very flirtatious and charming on the outside, in reality, she was still an untouched virgin, and this kind of thing tonight was definitely an unprecedented first for her, so how could she have the courage to listen to Ji Feng's nonsense?

The first time this was done for Ji Feng, he was happy to think about the charming scene just now.

It was said that if a woman was willing to do this for you, it proved that she really loved you, and Xiao Yuxuan's behavior undoubtedly said it all.

"Big baby, just stay here tonight, I promise I won't force you!" Ji Feng wrapped Xiao Yuxuan in his arms, feeling her soft and slippery skin, and said in a soft voice.

When Xiao Yuxuan heard this, her heart immediately moved, why wouldn't she want to snuggle up in Ji Feng's arms and sleep peacefully?

But considering that her parents were just upstairs and that her mother would get up early every morning, Xiao Yuxuan still didn't dare to stay.

"Better not, my mother will get up very early every morning, and if she finds me staying in your room then, I really won't have the face to stay in this house." Xiao Yuxuan said shyly.

Ji Feng was immediately a little disappointed, sleeping with Xiao Yuxuan in his arms, that was definitely an extremely enjoyable thing, but he also did not want to make Xiao Yuxuan look bad, after all, the two of them were not yet married, if they were outside whatever they could do, even if her parents noticed, then they might pretend not to know, but now it was at home, this could be a little

"Little rascal, don't be disappointed, I'll just stay for a while, I have to go back later, okay?" Xiao Yuxuan also couldn't bear to let Ji Feng down and couldn't help but say softly.

Ji Feng was overjoyed, he picked up Xiao Yuxuan and put her across the bed, he quickly got under the covers and hugged her tightly, his heart was so cozy.

The two of them were slowly talking about their love, and their feelings quickly deepened over time.

During the period, embracing the tender and delicate body of Xiao Yuxuan, Ji Feng could not hold back a bit, and Xiao Yuxuan had to shyly get under the covers again

The only thing is, in the end, Ji Feng still did not want Xiao Yuxuan here, but for him, but there is not much regret, anyway, there are more opportunities in the future, Xiao Yuxuan is ultimately his woman.

I don't know how long it took, but Xiao Yuxuan's voice gradually lowered and eventually there was no sound.

Twice pleased and twice laboured, she finally couldn't help but fall asleep.

In the darkness, looking at Xiao Yuxuan's sweet face, Ji Feng smiled faintly, gently covered her with the quilt and hugged her tightly as she also slowly fell asleep.

When it was almost dawn, Ji Feng quietly picked up Xiao Yuxuan and took her upstairs to the bedroom without a sound, the whole process barely making a sound, let alone alerting anyone.

This kind of thing could not be easier for Ji Feng, who had already practiced sneaking long ago. He even sometimes thought in a mischievous way that if one day he really couldn't eat anymore, it would be good to really become a secret agent

The next morning, Ji Feng got up early, just out of the guest room, he heard a noise in the kitchen, he looked at the time, then he secretly bitterly smiled, Xiao Yuxuan was really right, this future mother-in-law of his own, is really a hardworking person.

It was not yet six o'clock, and Xiao's mother was already up and busy, so it was clear that Xiao Changhe's ability to achieve certain results was absolutely inseparable from Xiao's mother's silent support behind the scenes.

While eating breakfast, Xiao Yuxuan's pretty face was still slightly red, and she even kept looking at Ji Feng with a questioning look for a few times, when Ji Feng gave her a heartfelt smile, Xiao Yuxuan then put her heart down.

This meant that Ji Feng had carried himself to the bedroom without alerting his parents.

After finishing breakfast, Ji Feng and Xiao Changhe sat in the living room to discuss the matter of going to do the formalities with Yang Dezhao today, while Xiao Yuxuan obediently followed her mother to the kitchen to wash the dishes.

"Xuan Xuan, tell mum the truth, did you spend the night in Xiao Feng's room yesterday?" Xiao mother's first words made Xiao Yuxuan jump in shock, almost not dropping the bowl in her hand on the floor.

"Mom, what are you talking about!" Xiao Yuxuan's pretty face turned red as she pouted and did not comply. In her heart was panic, could it be that when Ji Feng carried herself to the bedroom today, her mother knew about it?

Xiao mother, however, hummed and said, "You girl, still want to lie to mum? Don't you know that mommy sleeps late every night? Yesterday, it was most of the night, but you went downstairs, and as a result, I didn't hear you come upstairs until I fell asleep!"

Xiao Yuxuan's pretty face suddenly turned red, so it wasn't Ji Feng who had alarmed her mother, but she had been too careless.

"Mom, I, I just went down to talk to him, I didn't, didn't do anything else!" Xiao Yuxuan explained incoherently, her heart so shy that she didn't dare to raise her head.

But how could Mother Xiao believe this?

She sighed lightly and said, "Girl, you've grown up, so I don't want to control you too much, but you have to be careful yourself, if anything happens, it's always us women who suffer. In the future, when you and Xiao Feng spend the night together, pay attention to safety measures, don't make anything happen, got it?"

Xiao Yuxuan was so shy that she almost wanted to turn around and run, her mother's words were just too direct, right?

She wanted to tell her mother that she and Ji Feng didn't really have sex, but remembering what happened last night, she couldn't say it, didn't they do everything except the last step without breaking through?

For a long time, Xiao Yuxuan could only nod shyly and incomparably: "Mm, I know, mum!"

Chapter 286

All the way to the drive to Yang's Pharmaceutical Factory, the redness on Xiao Yuxuan's face hadn't completely faded, her eyes still filled with shame.

Her mother's words had really made her too shy.

Especially when she thought of her mother's words about 'taking good safety measures', it made Xiao Yuxuan incredibly shy, yet she didn't know what to say, who let herself just go downstairs with such a big grin, couldn't even wait a little longer and go down after her mother had fallen asleep?

"Big baby, what's wrong with you?" Ji Feng smilingly looked at Xiao Yuxuan's delicate and pretty face, he couldn't help but thump his heart, especially her watery and beautiful eyes, which were full of charm, which was definitely a huge temptation for men.

However, what made Ji Feng feel that something was wrong was Xiao Yuxuan's state, she was sitting on the passenger seat, dazed and lost in thought, her pretty face showed a delicate look one moment, but the next moment she was gritting her teeth, it was very strange.

"It's not because you froze last night, is it?" Ji Feng asked with some concern.

It was fine if Ji Feng didn't mention this, when he mentioned last night, Xiao Yuxuan was suddenly shy and pouted, "You still say that, if it wasn't for you, the little rascal, how would I have been told by mum today!"

"Auntie said that about you?" Ji Feng was stunned, "No way? When I sent you up this morning, Auntie wasn't up yet, I can guarantee that Auntie definitely didn't know!"

"Then it wasn't last night" Xiao Yuxuan blurted out, but just halfway through the sentence, she couldn't continue, she didn't want Ji Feng to know that it was because she was too anxious to run downstairs, and as a result, her mother had noticed.

Ji Feng frowned slightly and said hesitantly, "Is it because you screamed too loudly last night" It is possible, it seems that the room door was not closed yesterday"

"You still say that!" Xiao Yuxuan's pretty face swished, once again red, remembering the charming scene last night, her beautiful eyes immediately became watery, flirtatious white Ji Feng glance, then stopped talking, God knows if say more, Ji Feng will say what shameful words.

Looking at her flirtatious and shy look, Ji Feng burst into laughter, stepped on the accelerator and the car sped off with a roar, soon disappearing at the end of the road.

When Ji Feng arrived at the Yang's Pharmaceutical Factory, Yang Dezhao was already waiting with his son, Yang Yu, and the four of them went to the relevant department to complete the formalities.

It took nearly a day to get everything done, and several people couldn't help but breathe a sigh of relief.

After discussing with Xiao Yuxuan, Ji Feng called Tong Lei, and the three of them deliberated a bit and finally decided to rename Yang's Pharmaceutical Factory as 'Tengfei Pharmaceutical Factory', the meaning of which is naturally clear, hoping that from now on, the pharmaceutical factory will start to take off and create a brilliant tomorrow.

The name was a bit rustic, and there seemed to be quite a few companies using this name, but Xiao Yuxuan and Tong Lei both liked it, so Ji Feng didn't care.

Whether the name is good or not is really just an irrelevant factor. Although many people like to have a more auspicious name, such as Yun Feiyang's Brilliant Group or something like that, but for Ji Feng, with strength, it doesn't matter what the name is.

Ji Feng did not believe that many foreign multinational groups were using the owner's name directly as the name of their group companies, did it have any moral meaning? Does it necessarily mean that it is very auspicious?

It's all bullshit!

Strength and operational means are the main factors that determine whether a company will eventually become glorious or not!

"Finally, it's done." Coming out of the last department and sitting in the car, Xiao Yuxuan couldn't help but let out a long breath, "After running through dozens of departments in a day, this procedure is a bit too tedious, it's really terrible."

Among the four people present, I am afraid that only Ji Feng was still very strong and did not feel tired at all, while Yang Dezhao and Xiao Yuxuan were long exhausted, especially Yang Dezhao's father and son, who barely had an ounce of strength left.

Yang Dezhao was already old and not in very good health, but he had to be present for these procedures, so he was really tired.

As for Yang Yu, with his laptop in his arms, his body was already a bit thin, and he had been running around all day, so it was strange not to be tired!

"Boss Yang, although the formalities are done, I may not be able to manage the factory recently, so I still need Boss Yang to help me manage it for a while longer, when I free up my hands." Ji Feng started the car and said with a smile, "During this next period of time, the factory will need to ask Boss Yang to take more trouble!"

"Oh, you can't call it Boss Yang now." Yang Dezhao waved his hand and laughed, "Now you're the boss of the factory, I should change my name to Boss Ji in the future!"

Ji Feng was dumbfounded, "You're the senior, in that case, I'll change my name to call you Uncle Yang. You can just call me Ji Feng directly."

To be honest, Ji Feng was really a bit uncomfortable with people calling him boss, a year or so ago he was a poor student who relied on his mother to sell vegetables to support himself, and a year or so later, he had transformed into a boss?

It was a bit of a dream!

"Then I'm not very honoured, haha!" Yang Dezhao laughed, although he was quick-tempered, he was not stupid, Ji Feng had the ability to take over his factory at such a young age, even taking out the following 15 million, plus other miscellaneous funds like taxes, yet he didn't even frown, which undoubtedly said a lot.

It is clear that getting on good terms with Ji Feng will be of great benefit to Yang Yu's future life.

"Uncle Yang, during this period of time, I need you to take more care of the factory, when my side is freed up, I will start managing it again." Ji Feng said with a smile.

Yang Dezhao immediately nodded and said, "Don't worry, this is all within our agreement, in fact, even if you don't say so, I will also take the initiative to stay for a while, after all, after decades, there is more or less something in my heart that I can't let go of!"

Ji Feng smiled and said, "Yes, Uncle Yang you have been working hard for decades, why not just take a good rest from now on and consider it as retirement!"

Yang Dezhao also smiled, he suddenly remembered something and couldn't help but say, "Ji Feng, I can help you manage the factory, but I should mainly manage the production piece, in terms of sales, with Old Wu in, we should be able to maintain the current sales volume, it's barely operating."

"Well!"

Ji Feng nodded, "Just be able to maintain the current situation, I'm already satisfied."

Yang Dezhao shook his head slightly and sighed softly, "If it wasn't for my health failing, the factory wouldn't have become like this. Ji Feng, I'm not going to hide it from you, although we had three agreements before, but the personnel in the factory, you should adjust it without being soft, especially the sales piece, is the top priority, whether the factory can survive, production is the heart, sales is the nutrition, one cannot be without the other."

After a pause, Yang Dezhao said in a deep voice: "The factory has come to this point, sales account for a large part of the reason, it is because of the decline in sales year by year that production is constantly decreasing, so that a vicious circle has been formed! You have to pay attention to this problem, otherwise, the fundamental problem cannot be solved and the factory cannot be revitalized as well."

Ji Feng listened attentively, it was obvious that after going through the formalities, Yang De Zhaoge was starting to make friends with himself, he obviously did not want the factory to collapse either, but wanted to see the pharmaceutical factory in all its glory again.

"Uncle Yang, you just need to help me maintain the factory as it is during this period of time, and I will be satisfied." Ji Feng said seriously, "As for the sales side of things I have my own way."

What can be foreseen is that once this diet pill opens up the market, there is absolutely nothing to worry about in terms of sales, then, in this case, sales channels are naturally not a problem. In this way, but any company that sells weight loss pills will definitely gain huge profits.

As the saying goes, fat water does not flow outside the field, so Ji Feng simply gave this sales right to Xiao Changhe. With the storm caused by the previous incident of Huang Qidong, it will certainly make everyone know the background of Changhe Pharmaceuticals, plus with Lin Shengping in, Changhe Pharmaceuticals will definitely go to the next level.

The sales of the diet pills were handed over to Changhe Pharmaceuticals, and Ji Feng felt very relieved.

Of course, the status quo is still too early to say all this, because Ji Feng is not in a hurry, he is only in his first year of college now and has plenty of time to operate.

What's more, for the sales department of the factory, Ji Feng already had a candidate in mind, namely Han Rui Chao, who had just come in. Although he didn't know much about Han Rui Chao's abilities yet,

from the way he introduced himself to the outside world this month, Ji Feng could hear that he was really putting his heart into running the business.

Although Ji Feng had never done sales, you could hear from the details whether the other party was serious about his work.

After sending Yang Dezhao's father and son to the factory, Ji Feng drove back to the Xiao family's villa with Xiao Yuxuan, he had some things he needed to ask Xiao Changhe for advice.

Although Ji Feng had the prescription in his hands and he was confident that absolutely no one could crack this prescription in a short time, but nothing was absolute, if someone really cracked it and said they were infringing, it was not impossible.

So Ji Feng is going to ask Xiao Changhe for advice on whether he should go through the procedures of patenting or something like that.

Be prepared, so that you can have no problems!

"Apply for a patent?" Xiao Changhe nodded slightly and said seriously, "This is indeed a must, the current drug market is extremely chaotic, applying for a patent is very necessary, this can at least avoid certain disputes. Of course, with the current chaotic market, even if you apply for a patent, there will definitely be people imitating it, and if the sales are really good, all kinds of tactics may come at that time, so you should be psychologically prepared for this!"

Ji Feng smiled and nodded: "Wouldn't that be more lively? Oh"

Seeing Ji Feng's chest of mind, Xiao Changhe understood that he must have a way to deal with these surprises and stopped worrying, after all, Ji Feng's calmness and thoroughness of mind in doing things, Xiao Changhe had seen it before.

After having dinner at Xiao's house, Xiao Changhe wanted to retain Ji Feng to stay again.

But this time, what Xiao Changhe expected was that Xiao Yuxuan strongly objected, and she hurriedly dropped a sentence, "Ji Feng has urgent business, and I have something to do at school tomorrow, so we'll leave first!"

Ji Feng couldn't even say goodbye to Xiao Changhe before he was pulled away by Xiao Yuxuan.

Xiao Changhe was stunned as he watched Ji Feng and Xiao Yuxuan leave, somewhat baffled as he said to himself, "What's wrong with them?"

Xiao's mother gave him a helpless look from the side, saying, "What else can it be? That girl, how did she become so bold, daring to spend the night with a man at home?"

Somehow, Xiao mother's mind was thinking of the unreal picture of her daughter having fun with Ji Feng, she hurriedly pooh-poohed a few times and secretly spat, how could she think of these

Chapter 287

After returning to her villa, Tong Lei had not yet gone to bed and was sitting in the living room watching TV.

Wearing a white cotton nightgown printed with cartoon patterns, she sat cross-legged on the sofa, revealing only her two tender white little feet. Her long hair was somewhat damply draped behind her, obviously having just taken a shower.

At this moment, she looked extremely cute.

Ji Feng's eyes lit up when he looked at her, and Xiao Yuxuan and she instantly looked at each other and smiled.

Xiao Yuxuan gave a wink to Ji Feng and the latter immediately understood, he quickly stepped forward and hugged Tong Lei in his arms at once: "Lei Lei, why are you still awake?"

"Just getting ready for bed!" Tong Lei smiled sweetly, a stunningly beautiful smile blossomed on her pretty face, filling her entire person with unparalleled beauty.

Ji Feng smiled dumbly, "Looks like we came back just in time, otherwise, there would be no one to leave the door open for us!"

Tong Lei suddenly blushed, of course she knew that Ji Feng was teasing her about the message she sent yesterday, and she couldn't help but feel a little shy in her heart, but more than that, it was a sweet taste.

When she saw that Ji Feng had returned, Tong Lei was happy. She knew that Ji Feng would not leave her at home unattended!

The previous night had been spent at Xiao Yuxuan's house, and Ji Feng would definitely rush back this evening. Tong Lei knew that Ji Feng had always wanted to do as much as possible to be fair between himself and Xiao Yuxuan, without treating either of them badly.

As luck would have it, Ji Feng really did come back today.

Although she didn't have any intention of fighting for jealousy, there was no girl who didn't want to be valued by the man she loved. To Ji Feng, all her coldness and indifference would instantly disappear without a trace, and she would want to be loved by Ji Feng even more.

Nowadays, Ji Feng's behavior shows that he still cares for her very much, and that is already enough.

Not to fight and be jealous, not to seek to be favoured alone, but at least Ji Feng should have himself in his heart, this is Tong Lei's mentality.

In fact, if she were to compete with Xiao Yuxuan for Ji Feng, even if she did take him over, but left Xiao Yuxuan heartbroken, this is something Tong Lei would never do.

Because now she and Xiao Yuxuan are really like sisters to each other. How could she bear to hurt her sister?

However, when Tong Lei saw Xiao Yuxuan watching the TV with a smile on her face, pretending not to see her and Ji Feng's actions, she suddenly turned red with shame and panicked, trying to break free from Ji Feng's embrace, but with her strength how could she break free from Ji Feng's embrace, after struggling a few times, she could only stay helplessly and shyly in his embrace and gradually let go.

“Boo,” looking at Tong Lei’s cute look, Ji Feng couldn’t help but kiss her on her pretty face.

This made Tong Lei’s pretty face flush red again, and she said softly, “You’re being bad again, sister will laugh at me!”

Ji Feng laughed and said, “She definitely won’t laugh at you, she can’t wait to like you!”

He patted the sofa on the other side, “Yu Xuan, come over here, you are the elder sister, you have to set an example for your younger sister and take the lead!”

Xiao Yuxuan immediately thought of the charming scene last night, her pretty face was slightly red, but she didn’t resist, instead she sat beside Ji Feng in a good manner, “Little rascal, what do you want again?”

“What for?”

Ji Feng looked at her tender white and red face, put one arm around her and heavily kissed her on her pretty face, “What do you think I want?”

The beautiful woman in his arms, the elastic buttocks constantly rubbing against his belly, next to a flirtatious and full of all kinds of charm, a strong impulse gradually rose in his heart, looking at the two women’s eyes also gradually have changed.

Tong Lei was the first to realize that something was wrong, her arse was sitting on Ji Feng’s lap, and the first time she felt something against her, she couldn’t help but touch it.

Swish!

Tong Lei’s pretty face instantly flushed to the roots of her ears, almost dripping with blood!

Yet, like a ghost, she did not immediately let go of her hand, but subconsciously squeezed it twice more.

“Hiss...”

Ji Feng immediately sucked in a breath of cold air, the feeling was really an indescribable sensation that immediately spread throughout his body.

Tong Lei thought she had pinched Ji Feng painfully, panicked and let go of her hand, asked with a red face of concern, “Ji Feng, are you, are you okay?”

Tong Lei was dying of shame, she didn’t even know why she had pinched twice so spookily, was she possessed?

It’s not like she hadn’t touched it before

When she was still in college, in the summer at the movie theater, Ji Feng sprayed her face with that dirty stuff

Blah blah blah!

The first thing you need to do is to get rid of the problem.

She did not know, at this time Ji Feng suddenly angry eyes sprayed, the heart of the evil fire can not be restrained, miso rose up.

Xiao Yuxuan just wanted to ask what was going on, but when she saw the look on Ji Feng's face, she immediately remembered something, her pretty face flushed and she panicked and tried to stand up.

"I, I'm going to put water in the shower" Xiao Yuxuan realized that something was wrong and wanted to escape, but it was already too late.

How could Ji Feng let her escape, he wrapped his arms around Xiao Yuxuan's slim and elastic waist and took her into his arms as well, one hand constantly roaming over the two women.

Tong Lei was wearing loose pajamas, so Ji Feng easily explored inside and touched the delicate and smooth skin.

At the same time, Ji Feng's other hand also climbed onto Xiao Yuxuan's plump buttocks and kneaded it hard.

"Oooh!" The two women simultaneously cried out, their delicate bodies trembled lightly, their bodies involuntarily reacted, but they were too shy to leave because they had each other across from them, yet they were too soft from Ji Feng's touch to leave.

"Big baby, little baby, I want you!" The fact that he had not succeeded several times in a row had long ago made Ji Feng's impulse reach its limit, and today he no longer wanted to hold back, picking up the two girls with each hand and striding towards upstairs.

"Ah?!"

Tong Lei immediately ate already, her pretty face was red as she said, "Ji Feng, not today, I, I"

Before she could finish her words, she was kissed by Ji Feng on her delicate cherry lips and could no longer say half a word, she could only make nasal sounds 'mmmmm' and her beautiful eyes became misty.

After a deep kiss, Ji Feng immediately turned his head and kissed Xiao Yuxuan's red lips. Xiao Yuxuan's body was already incredibly sensitive, and after being pinched by Ji Feng on her plump buttocks a few times, her body immediately trembled and trembled lightly, and her beautiful eyes became misty, forgetting to even resist.

Ji Feng carried the two girls, walked quickly to the bedroom upstairs and put them on the bed at once.

However, when Ji Feng caressed Tong Lei's arse, the amazing elasticity of which made him unable to resist squeezing it twice, he unexpectedly touched a foreign object.

"This is"

Ji Feng couldn't help but stare at once, and then his face became odd: "Rei Rei, you, you're not that coming, are you?"

Tong Lei opened her small mouth slightly, exhaled like an orchid, a delicate look flashed through her bewildered beautiful eyes, lightly nodding her head, "I wanted to tell you just now, but"

Where did she have the effort to say it just now, just when she wanted to explain she was blocked out by Ji Feng with her mouth.

“!!”

Ji Feng was simply going crazy, how could this happen? Not coming early, not coming late, but at this time

Tong Lei delicately hurriedly got off the bed, slightly tidied up her clothes and ran out in a panic, dropping a sentence from afar, “You, if you can’t help it, just find your sister first, I, I’ll go prepare bath water for you guys!”

In fact, if she wasn’t unwell today, Tong Lei was very eager to give her body to Ji Feng together with Xiao Yuxuan, although it was humiliating for the three of them to be together, yet it was the fairest for both women, no one would be uncomfortable.

It has to be said that Tong Lei is really in love with Ji Feng, and I am afraid that any other girl would find it difficult to accept.

Except, of course, for those girls who are essentially immodest.

Watching Tong Lei disappear outside the bedroom door, Ji Feng couldn’t help but freeze, this girl actually let herself and Yu Xuan she wasn’t jealous?

The heart of the evil fire has been burning, Ji Feng but also can not care so much, he knows Tong Lei is not false courtesy, if she is difficult, must not say such words.

Ji Feng immediately turned around, but he saw that Xiao Yuxuan had got up at some point and was trying to sneak out.

“Want to run?” Ji Feng heatedly smiled and hugged Xiao Yuxuan back, “Big baby, where do you want to go?”

Xiao Yuxuan was all soft and shy, “Little rascal, Lei Lei knows, she will definitely laugh me to death tomorrow, spare me, okay?”

Ji Feng laughed heatedly, “Don’t worry, sooner or later, you will laugh at her too.”

Saying that, Ji Feng pressed Xiao Yuxuan back underneath him.

With a rustling sound coming out, Xiao Yuxuan then let out a cry of pain, and a moment later, a blush-inducing, delicate cry came out of the room, and the spring was in full bloom

The first thing you need to do is to listen to the bedroom door, and your face is red, your heart is beating fast, she listened for a while, then she hurriedly ran away, afraid that if she continued to listen, she would not be able to walk.

This night, Xiao Yuxuan completed the metamorphosis from a woman to a young woman, but Tong Lei is not any jealousy, her heart is more, is a strong shyness.

The thought that she might one day make such a blushing sound made her body go weak and shy.

She no longer dared to think about it and hurriedly ran to take a shower.

As the bedroom was occupied by Ji Feng and Xiao Yuxuan, Tong Lei had to go to Ji Feng's bedroom. She closed the door tightly and just lay down on the bed, but felt a bit of hardness under the pillow.

She immediately pulled open the pillow to take a look and was taken aback, there was a pistol under the pillow, the very same one that Ji Feng had given her and Xiao Yuxuan for self-defense last time.

"Really, how can you put such a dangerous thing under the pillow!" Tong Lei spat out her cute little tongue, looked around and put the pistol in the bedside cabinet, while in her heart she thought that tomorrow she must persuade Ji Feng not to let him keep such a dangerous thing around, otherwise, there was no telling what would happen one day.

Chapter 288

The next day, Ji Feng did not get up early in a rare way. Anyone who has a stunning beauty in his arms, warm and soft, would definitely not want to get up early.

When Ji Feng woke up, Xiao Yuxuan was like a kitten, curled up and sleeping in his arms. However, the laziness on her pretty face, the hint of springiness between her eyebrows and the messy hair showed how intense the battle was last night.

Xiao Yuxuan was really tired, but Ji Feng seemed to be tireless, constantly galloping across, making Xiao Yuxuan feel like a flat boat in a storm, which could be tossed by a huge wave at any time.

It lasted until the latter part of the night, until Xiao Yuxuan begged for mercy one after another, and only then did Ji Feng stop.

At this time, Xiao Yuxuan didn't even have the strength to move her fingers, and her whole body was lying on the bed drenched in sweat, with a flushed and lazy face, and she fell asleep in an extremely soothing feeling of exhaustion.

For his own ability in that area, Ji Feng was also quite amazed, this seems to be a bit too strong.

I thought it was usually done in a few minutes the first time?

Ji Feng was unable to understand, he couldn't have been trained by the super agent training system to become an alien, could he?

But after thinking back, Ji Feng was relieved, maybe the day before at Xiao Yuxuan's house, that should be considered his first time, didn't he almost choke Xiao Yuxuan!

The first time I saw a woman in my arms, Xiao Yuxuan's beautiful face, Ji Feng's heart was so proud, to have such a woman, if others know, will certainly be envious of the next person, I do not know how many people will not be able to help eye red, secretly gnash their teeth.

For Ji Feng, it was more of a happiness and responsibility.

Xiao Yuxuan has no doubt about her own feelings, otherwise, the two of them would never have come this far. For Ji Feng, what he considered more was how to make her feel happier.

When he saw that Xiao Yuxuan was sleeping soundly, Ji Feng smiled faintly. After thinking about it, he still didn't get up, but lay down again and held Xiao Yuxuan in his arms, while thinking about some things in his mind.

When a girl becomes a woman, she will have a lot of melancholy, and when a boy becomes a man, he will likewise have a lot of thoughts.

For Ji Feng, his deepest feelings right now were two – responsibility!

Whether it was for Xiao Yuxuan, Tong Lei, or for others around him, he had a responsibility to make them live happily.

The first thing that I did was to think of my mother, who was far away in Yanjing, and remembered the phone call she made some time ago, letting him know that her life in Yanjing might not be smooth, and that her father was likewise very worried.

..... and the old man, his health is getting worse and worse, and the second brother has not called since he went to Yanjing, compared to being in some difficulty or having encountered something difficult to do.

All this is what Ji Feng is most concerned about at the moment!

In addition, there was the pharmaceutical factory that had just changed its name to Tengfei, which likewise needed Ji Feng to worry about. But fortunately, Ji Feng was not in a hurry, he had to wait until the old man's health recovered and things around him settled down before he had time to manage the factory and start his own plans at the same time.

Padding his pillow slightly higher, Ji Feng put one hand under his head and sighed softly, there were a lot of things going on lately, and many of them were things that had to be done.

Suddenly, Ji Feng's expression moved, and he noticed that the breathing of Xiao Yuxuan beside him seemed a little uneven

The first thing you need to do is to look at the other side.

Despite her flirtatious appearance, in reality, Xiao Yuxuan is not that open at heart, not to mention that she only completed her metamorphosis from girl to young woman last night, so it is inevitable that there will be some shyness in her heart, and she is also very reluctant to let go.

In addition, at this time, both of them were frankly facing each other, she could even clearly feel that she was like an octopus wrapped around Ji Feng's body, one leg was even coiled around Ji Feng's waist, and her small foot was on his leg, that kind of humiliating posture really made her heart full of shyness.

“Pop!” The sound.

Ji Feng was under the blanket and slapped Xiao Yuxuan's plump buttocks, the amazing elasticity almost popped his hand away, “Big baby, still dare to pretend to sleep!”

Xiao Yuxuan's pretty face was red, biting her red lips and looking at Ji Feng in a flirtatious manner. After being slapped by him, Xiao Yuxuan's body surprisingly heated up, there was actually a faint hot stream

of wetness between her femur again, and her pair of flirtatious beautiful eyes also became watery, almost as if they could melt people.

“You demon spirit!” Ji Feng’s heart instantly became hot and his body instantly reacted.

Xiao Yuxuan was instantly startled, and she panicked and begged for mercy: “Good husband, spare me

At the same time, Xiao Yuxuan was about to turn over and get out of bed, but the trauma to her body made her more or less uncomfortable, and just after turning over, Ji Feng hugged her from a hand, and his hands grabbed the two rich soft

Xiao Yuxuan’s delicate body immediately went soft and became hot, and a pair of beautiful eyes gradually became lost.

She wailed and moved to kneel on the bed, cooperating with Ji Feng as he entered herself from behind

Once again, the room resounded with blood-curdling chants, and the spring was endless.

.....

It must be said that Xiao Yuxuan not only looks flirtatious and charming on the outside, but in fact, once she is in love, she will become as passionate as fire, not to mention not covering up her desire to refuse and welcome.

She is the kind of woman who, once in love, will really explode her whole body’s passion, trying her best to cater to Ji Feng, simply a natural beauty.

When she left the room, Xiao Yuxuan would once again revert to her charming and charming, traditional and conservative character at heart, the kind of woman that most men love.

Ji Feng naturally loved her!

.....

When Ji Feng and Xiao Yuxuan came out of the room, it was already nine o’clock in the morning.

Xiao Yuxuan’s pretty face and eyes had an unconcealed springiness, moreover it made her look radiant and delicate if she was a stunning flower that had been nourished.

Even when Tong Lei saw it, she couldn’t help but be lost in thought for a moment.

Xiao Yuxuan suddenly turned red on her pretty face. When she looked in the mirror this morning, she could also feel the change in herself, but did not care, thinking that it was caused by her shyness.

But now she realised that she really seemed to have changed a bit, otherwise, with Tong Lei’s coolness, she would not have lost her temper like this.

“Sister is so pretty!” Tong Lei couldn’t help but praise.

Xiao Yuxuan blushed slightly, “Lei Lei is even prettier!”

Tong Lei smiled cheekily and said in a delicate voice, "I mean, sister is even more beautiful than yesterday!"

Xiao Yuxuan suddenly blushed to the roots of her ears, but she was not willing to show weakness, Lei Lei this girl even teased herself, she immediately returned a sentence: "When you later will definitely be more beautiful than sister oh"

The first time she remembered the sound she heard last night, her heart was pounding, and she was even more shy when she thought that one day she would make that sound.

Ji Feng was laughing and watching the two girls joking around, a feeling of satisfaction rose in his heart, what was there to regret about having two girlfriends like this?

Because Ji Feng and Xiao Yuxuan got up late, so Tong Lei prepared breakfast early, although her cooking skills were not as good as Xiao Yuxuan's, but it was still considered good, after all, she was not the kind of 'Missy' who didn't even know that she was using a broom to sweep the floor, since she moved to the villa, she had been following Xiao Yuxuan to learn how to cook, and was very attentive.

"Mmm!" Ji Feng took a sip of the soya bean milk and immediately gave a thumbs up, "Rei Rei, the soya bean milk you grinded is very good."

Lei Lei didn't like to drink the soya bean milk directly from the soya bean milk machine, instead, she liked to mix it herself after it was made.

"It's good that you like it, I was worried that I didn't make it well!" Tong Lei laughed happily at once.

"Of course I like to eat it." Ji Feng laughed.

Xiao Yuxuan also said, "Yes, Lailai, your cooking skills are improving quickly, it's even better than what I make."

"Which is not true!" Tong Lei was shy.

"What are your plans for today?" Ji Feng asked with a smile.

Unknowingly, it was the weekend again, another week had passed, and the month of October had passed, which made Ji Feng sigh a little, how quickly time had passed.

Tong Lei shook her head slightly and said, "I'm going to go to the school library, I've finished reading the books I borrowed last time, I'm going to return them, and I'm going to go to the orientation party in the evening."

"Welcome the new students party?!" Ji Feng was stunned, he had really forgotten about it, he never thought it would be today.

He thought about it and said, "How about this, I'll drop you off at school first, then go to the pharmaceutical factory, hand over all the accounts with Yang De Zhaoge, then rush back to school in the evening, and we'll go to the welcoming party together."

Although the accounts and other formalities were audited during the transfer of the pharmaceutical factory, the books were still in the factory's finance room, and Ji Feng had to get one of the keys to the safe back, as well as all the other things he had to hand over, so it would take at least a day to do so.

"Mmm!" Tong Lei nodded obediently and suddenly asked, "What about sister Yu Xuan?"

"She's physically inconvenient and is resting at home!" Ji Feng domineeringly made the decision for Xiao Yuxuan, last night and this morning's continuous tossing and turning, Xiao Yuxuan was more or less unable to bear the strain, Ji Feng did not want to tire her out.

"Hee hee," Tong Lei immediately pursed her lips and smiled delicately.

Xiao Yuxuan, however, blushed and pouted, "Little rascal, what are you talking about!"

Ji Feng laughed, knowing that Xiao Yuxuan must have lost face in front of Tong Lei, so he said no more.

After eating breakfast, Ji Feng drove Tong Lei to school, but at this time, he received a phone call from Ji Shaolei.

"San'er, you can't come to see the old man yet"

Chapter 289

Ji Shaolei's words caused Ji Feng to freeze, and he couldn't help but feel his heart sink, "Why?"

"..... Old Master's health has changed, he may have recently started to be bedridden and is in the hospital's intensive care area, even I have only seen Old Master once, although Old Master is still conscious, his speech is already very slurred!" Ji Shaolei's voice was low, he knew very well what kind of impact it would have on the Ji family once the old man left.

"It's not working?" Ji Feng asked in a deep voice with his brows furrowed tightly.

Ji Shaolei choked for a moment, he didn't expect Ji Feng to ask so directly.

After a long time of silence, Ji Shaolei said, "According to the doctor's diagnosis, it shouldn't be able to survive this winter."

Ji Feng's heart sank at once, and only after a long time did he slowly say, "I know."

On the phone, Ji Shaolei sighed lightly and said somewhat indignantly, "Nowadays, if you want to see the old man, you need to go through layers of reports and get approval before you can see him. Moreover, according to what Eldest Uncle and my father meant, since Old Master's health started to gradually deteriorate a few months ago, some people can't sit still, so the situation over in Yanjing is a bit complicated, I have asked Eldest Uncle for advice, and he thinks it's better for you not to come to Yanjing right now."

"Father won't let me go to Yanjing?" Ji Feng frowned more tightly, the old man's health was in such a state, and father still wouldn't let him go to Yanjing, this meant that there should be trouble waiting for him in Yanjing, or rather, as long as he went to Yanjing, there would be trouble at his door, father was not agreeing to go to Yanjing for his own protection!

“Second brother, if you can get away, stay in Yanjing for a while and keep me informed of the old man’s health and some of the situation in Yanjing.” Ji Feng deliberated for a moment before saying, “Right, if you have time, go and see my mother, the last time she called me, I could hear that she wasn’t living a very comfortable life over there.”

“Humph!”

Ji Shaolei sneered, “Of course she won’t be comfortable, there are a few long-winded women who are afraid of the world, how can Eldest Aunt be comfortable? Third son, don’t worry, I’ve already gone to see Eldest Aunt, her discomfort is only temporary, when Eldest Uncle stabilizes the situation, it will naturally be fine.”

A cold light flashed in Ji Feng’s eyes as he grinned, “I know, second brother, tell me the news of the old man in time.”

The two of them said a few more things that needed attention and hung up the phone.

Ji Feng parked the car at the roadside, casually lit a cigarette and slowly smoked it, silent. If you look carefully, you will find that one of Ji Feng’s hands is gripping the steering wheel tightly, and the veins are rising high, obviously trying to suppress the anger in his heart.

Tong Lei was sitting in the back row, her beautiful eyes looking at Ji Feng with worry, but she didn’t know what to say. She just knew that Ji Feng was angry, and could be said to be very angry. At least since she had known Ji Feng, she had never seen such a look on Ji Feng’s face.

What could make Ji Feng so angry?

Although Tong Lei was ice-smart, after all, she had never been exposed to these things, so she didn’t know how to speak out to comfort him.

“Phew!”

Finishing the last puff of his cigarette, Ji Feng threw the butt into the car with an ashtray and smiled faintly, “Let’s go, let’s send you to school first.”

After more than a year of training according to the standards of a super agent, Ji Feng was now completely able to regulate his emotions very well, if it wasn’t for the fact that his parents and the old man were involved, he wouldn’t have lost his temper so much at all. And even then, he quickly returned to normal, at least on the surface.

“Ji Feng, I don’t know what has happened, but everything will be fine, don’t you think?” Tong Lei said softly.

Ji Feng smiled and said, “Don’t worry, I’m not that fragile, it’s just a matter of smoking a cigarette and I’ll be fine.”

Tong Lei also smiled sweetly and said in a delicate voice, “I knew it, no matter what happens, you definitely won’t be beaten up that easily.”

Ji Feng burst out laughing as he restarted the car and drove off in the direction of the school.

After a moment of silence, Ji Feng suddenly said seriously, "Actually, you're wrong."

"Huh?"

At Ji Feng's headless words, Tong Lei didn't react for a moment, she looked at Ji Feng delicately, "What did you say that was wrong?"

Ji Feng said in a low voice, "Not everything can't defeat me, there are many things that I can't afford, like if you and others around me were hurt, I would really break down! You guys, you're the ones I care about the most!"

His voice was very low, but Tong Lei heard it. She suddenly had a sour nose and hurriedly looked away from the car window, but her heart was moved to the core.

Because Tong Lei knew very well that Ji Feng would never lie to her, what he said must be true!

A strong feeling of happiness filled her heart, and Tong Lei forced herself not to fall into tears, but the corners of her mouth were hanging with a happy smile.

She said firmly and seriously in her heart, "You are also the person I care about the most, no matter what happens, I will never leave you, for sure!"

Tong Lei did not say these words out loud, she just told herself firmly in her heart, as if it was a vow hidden in her heart, and did not need to let Ji Feng know.

There was another point that made Tong Lei feel a little disgusted if she said this out loud. She remembered watching TV a few days ago, an entertainment news, a certain two big stars got married, one of them was very famous, the other was unknown, their union made a lot of interest.

The high-profile star said, "No matter what happens, we won't be separated."

In less than a week, the two were said to have gone through a private divorce, and when interviewed, the only explanation given was that they were "incompatible with each other and their personalities".

Tong Lei doesn't want her vows to end up like this, otherwise it would be too disgusting.

She would rather put the vow in her heart and silently love Ji Feng no matter what happens, it will never change!

The phone call from second brother Ji Shaolei put him in a very bad mood, and he tried his best to put on a happy face in front of Tong Lei, but in reality, he had not been relieved, only because of good control, which made him not show it.

However, Ji Feng's originally well-controlled mood instantly became even worse when he dropped Tong Lei off at school and heard only one sentence from Tong Lei.

"Ji Feng, it is said that the Student Union Life Department will also come to check the dormitory this evening, and if a student is caught staying out at night, not only will they have to write a review, they will also have to read the review out in public in the whole class!" Tong Lei beamed her small mouth and said somewhat unhappily, "I heard a classmate say that it seems like someone is going to come to my dormitory specifically to check"

Ji Feng's face was instantly gloomy, a cold aura flashed in his eyes, he was silent for a long time and suddenly smiled, "Since someone is willing to check, then let them check, ignore them!"

"But" Tong Lei's little face was bitter, obviously unwilling to write another review.

Ji Feng faintly smiled: "It's okay, did you forget that you have a borrower's permit, what are you still afraid of them for?"

"What about you?" Tong Lei asked with some concern.

"I have one too!" Ji Feng harrumphed, "Don't worry, I was worried that they wouldn't come to check, it's better if they do, go ahead!"

He pinched Tong Lei's incredibly soft and tender pretty face and couldn't help but smile.

"Mmm!" Tong Lei then nodded in relief, she believed that since Ji Feng was so sure, he would definitely have a way to deal with it, for Ji Feng, Tong Lei was always very confident.

Looking at Tong Lei's delicate figure happily walking towards the library, Ji Feng couldn't help but shake his head and smile as he turned his car around and drove outwards.

"Elder brother Ji!" Just as he reached the entrance, a voice suddenly came, but it was Zhou Li, the deputy captain of the school's escort team.

Ji Feng stopped the car and smiled, "Captain Zhou, still on duty on the weekend?"

"I can't help it, for the few tens of dollars of overtime pay!" Zhou Li laughed bluntly, he knew that when dealing with someone like Ji Feng who drove a BMW6, mentioning money was not necessarily a vulgarity, instead it was only ridiculous to pretend to be a big spender.

The two of them chatted for a few minutes, and then Ji Feng excused himself and left.

Just after leaving the school, Ji Feng's face sank, his eyes narrowed as he parked his car by the roadside and casually lit a cigarette, but his mind was tossing with thoughts, pondering the phone call from his second brother.

It was only a short period of one or two months before he changed from being in a wheelchair to being hospitalized.

Ji Feng took a deep drag of his cigarette and scratched his head, things were really a bit troublesome.

He could now basically grasp the fluctuating frequency of bio-current vibrations, but even if he was Hua Tuo regenerated, it was impossible to treat the old man in a short time. Although he didn't know much about the life of an old man like the old man, Ji Feng also vaguely knew that a figure like the old man, whether it was their daily life or their usual care, had to have a special person in charge, and if something went wrong in any aspect, it would be accountable to someone!

Moreover, if one wanted to treat the old man, one would need to go through layers of reports and be approved before it could be done.

So, what would one do to get approval from the top?

Say that one is a prodigy? Or that one has supernormal capabilities?

That's all bullshit, no one would believe it, and even if someone believed it, they definitely wouldn't let themselves try it easily, just kidding, once the old man has a problem, the scope of involvement is a bit too wide, the collision between the big factions, when the time comes, it's earth-shattering!

Ji Feng's face changed, in the end, he clenched his teeth: "If I can't, I'll dive into the old man's ward and go treat him, anyway, no matter what, I can't keep waiting here, even if I stand outside the old man's ward and wait, it's better than doing nothing!"

Chapter 290

Ji Feng came to the Yang's Pharmaceutical Factory again, only that the name of this pharmaceutical factory had now been changed to Tengfei Pharmaceutical Factory.

It was the same scene as yesterday, four workshops, only one production workshop was in operation, Yang Dezhao was still sitting in the factory, helping Ji Feng manage it for the time being.

Since it had been agreed yesterday that Ji Feng would come over today, not only was Yang Dezhao waiting in the factory today, but Lao Wu and Han Rui Chao from the sales department, as well as the people from the finance department and the two workshop directors, were all waiting for Ji Feng.

"Ji Feng, let me introduce to you, Old Wu and Han you already know, the two over here, are Yang Jun supervisor and Tian Nan accountant from the finance department." Yang Dezhao pointed to the few people waiting in the office and said with a smile, "These other two, are both workshop directors, Ma Chuan and Liu Zhen."

Every time Yang Dezhao introduced someone, the other person would nod and salute Ji Feng, they all already knew that the factory had changed owners, but now that they saw Ji Feng, these people had some feelings of disbelief in their hearts, Ji Feng was also a little too young, as the saying goes, you can't do anything without a hair on your mouth, if you give the factory to this young man, can he manage it well?

It was as if Ji Feng could not see the doubt in these people's eyes, he just asked suspiciously, "Uncle Yang, did that young man not come last time?"

Yang Dezhao immediately knew which young man Ji Feng was talking about, apart from that Shang Qiongen who deliberately tried to behave during the meal and thought he was the backbone of the sales department, there would definitely not be another person who would make such a deep impression on Ji Feng.

He laughed: "You mean Shang Qiongen, he had handed in his resignation yesterday, because the transfer of the factory had not been done at that time, so you were not informed, you see"

No matter what, Ji Feng is the boss of this factory, Yang Dezhao put himself in the right position, this kind of thing can be big or small, if it causes misunderstanding of Ji Feng, it is not good after all.

Ji Feng laughed: "Fortunately he's gone!"

Even if that Shang Qionggen hadn't gone, Ji Feng would have definitely fired him directly without saying a word, even if he had an agreement with Yang Dezhao, it didn't matter how strong Shang Qionggen's ability was, people who didn't put themselves in the right position, Ji Feng would never need them.

Yang Dezhao also smiled, in fact it was not Shang Qionggen himself who resigned, but was given the sack directly by Yang Dezhao, and for this reason paid Shang Qionggen two months more salary.

Yang Dezhao did not want to let Ji Feng have a bad impression of all the employees in the entire factory because of Shang Qionggen alone, after all, many of these people are old buddies who followed him in his business, how could they say they were dismissed?

"Boss, Ji boss." Old Wu of the sales department still hadn't completely adapted to it, and opened his mouth and directly called Yang Dezhao as the boss, once he thought about it, he hurriedly changed his mouth while apologizing unceasingly, "Sorry sorry sorry, people are old and confused, and have a bad memory."

Ji Feng smiled: "Uncle Yang and I are both bosses, we can call each other whatever we want, Old Wu say it, what's the matter?"

Old Wu was relieved at this, normally young people with so much money would always be young and exuberant, I never thought Ji Feng would be so nice.

He hesitated for a moment and couldn't help but say, "It's like this, when Shang Qionggen left, he seemed to be very indignant and threatened to take revenge on our factory, which"

"Oh?!"

Ji Feng chuckled, "How does he want to retaliate?"

"This, this I do not know!" Old Wu smiled somewhat awkwardly, he secretly blamed himself for talking too much, saying in front of these people that Shang Qionggen wanted to retaliate against the factory, Ji Feng would naturally be unhappy.

But in fact, Ji Feng really didn't have any intention to be unhappy, he just felt funny, now that this factory was operating with great difficulty, what could Shang Qionggen do if he retaliated again? After all, all the formalities and approvals are complete, and Ji Feng is not afraid of official investigations!

Next, after meeting with the two workshop directors, Ji Feng deliberately talked in detail with Yang Jun, the head of the finance department, and Tian Nan, the accountant. According to their introduction, the pharmaceutical factory is indeed difficult to operate, and can only barely cover its expenses every month, but to say that the profit, but very barely, a year down to a profit of 100,000 to 200,000, even if it is not bad.

But if you take out the taxes, it's even less.

Originally, he thought that it would be good enough if the factory could break even and not lose money, but he never imagined that it would still be profitable!

He would not underestimate the profit of 100,000 to 200,000 yuan. He thought that a year ago, he and his mother lived on less than 10,000 yuan a year, and the profit of 100,000 yuan was enough for them to live on for more than ten years.

Even if it was just a penny, Ji Feng would have looked at it!

“People are poor and short of ambition!” Ji Feng often laughed at himself like this in his heart.

The accounts that Tian Nan, the accountant, took out also made Ji Feng’s eyes light up. The accounts were very clean and tidy, this clean, not that there was no dust on them, but the words were very clean, giving a very neat feeling, and the entries, one by one, were very clear and completely clear.

Ji Feng couldn’t help but glance at Tian Nan, a young woman of about twenty-seven or eight years old, wearing professional clothes, with short hair, not particularly pretty looking, but it gives a feeling of competent and plain, just like the account books she made, very clean.

Well has the feel of a strong woman!

Ji Feng pondered for a while before he remembered such a word to describe Tian Nan.

“Well done!” Ji Feng couldn’t help but nod and praise, he didn’t have any doubts about the account book made by Tian Nan because this account book was filed through the relevant department, and the funds in the factory account handed over to him by Yang Dezhao were also equal to the number of balance funds in the account book.

If it was falsified in the middle, it could only be counted on Yang Dezhao’s head, and Ji Feng was not to be bothered.

“Boss, you’re too kind, this is all what we should do!” Yang Jun and Tian Nan both laughed.

Ji Feng also followed suit, but his gaze swept over Tian Nan’s body without a trace. He had to admit that although Tian Nan was not that kind of stunning beauty, she had a different kind of style, especially when she smiled, she appeared to have a British aura, but not lacking a delicate aura.

To put it simply, this is a temperamental type of beauty!

Of course, Ji Feng only took one more look, after all, everyone has a love of beauty, but to say anything else, Ji Feng definitely did not.

Next, Ji Feng listened to the report of Old Wu and Han Rui Chao from the sales department. Old Wu was responsible for the old customers and Han Rui Chao took over some customers that originally belonged to Shang Qionggen.

Seeing Ji Feng praising Yang Jun and Tian Nan, Lao Wu and Han Rui Chao naturally did not want to be compared to each other, so their presentation was concise and clear, but every sentence was to the point.

Ji Feng listened roughly, now the pharmaceutical factory’s customers, are some small drug companies, many smaller than Xiao Changhe’s company, there were some big customers in the past, but they were all taken away by other factories, so it became the current situation.

“Boss, there is a sentence I don’t know when to say” Han Rui Chao couldn’t help but add hesitantly after the report.

Ji Feng smiled, "In my place, one can say whatever one wants, regardless of right or wrong, everyone has the right to speak."

Han Rui Chao then nodded slightly and said with deliberation, "After Shang Qiongggen left, well, how can I put it, immediately after that there were also many salesmen who also resigned, and those clients that originally belonged to Shang Qiongggen's responsibility, when I was in contact with them, they seemed to be somewhat snooty"

"His influence is not small!" Ji Feng chuckled, not surprised in the slightest, a good salesman can completely influence the choice of clients. Sometimes when a salesman jumped the nest, customers would follow suit and shift, this was a very common thing in the sales industry.

"But those clients that Shang Qiongggen is responsible for, everyone's attitude is ambiguous" said Han Rui Chao.

"It doesn't matter!" Ji Feng looked at Han Rui Chao's somewhat worried look and laughed: "Since people say they want to retaliate against the factory, naturally they have to do something to be considered a throwback. If the salesmen are gone, they can be recruited again, and if the customers are gone, they can go running again, the sky is not falling!"

Han Rui Chao was relieved and nodded, "Boss, I will try my best to retain those customers who want to move their business, and if I really can't, I will continue to run and try to make up for the loss!"

"I trust you!" Ji Feng smiled faintly, but in his heart, he had a vague feeling that perhaps, the factory was not doing well recently, and Shang Qiongggen accounted for part of the reason, too.

Otherwise, how could all the customers' attitudes become ambiguous?

A salesman, no matter how good he is, cannot influence all the customers, unless there are interests involved in it!

However, there was no need for Ji Feng to say these words in front of them, he clapped his hands and said aloud, "Let's put it this way, I remember that the commission of the sales department is three percent, if the current profit can be maintained in the coming quarter, then the commission of everyone in the sales department becomes five percent and the salary of other employees increases by thirty percent!"

Everyone was stunned, this was a bit too big!

If you did the math carefully, if you did what Ji Feng said, then in a year, Ji Feng wouldn't have any profit left.

"However, to get this money, we still need all of you to work together to get it, so everyone is okay with that, right?" Ji Feng laughed.

"No problem!" Everyone immediately shook their heads, jokingly, anyone who thought there was a problem when the increase was so big, unless they were stupid!

"Good then, everyone go and get busy!" Ji Feng smiled faintly.

After everyone had gone out, Yang De Zhaoge couldn't help but give a thumbs up, "Ji Feng, this is a simple but effective move on your part, you've motivated all the staff at once."

Ji Feng laughed: "Motivation is secondary, the key is to retain them. Uncle Yang, to say something you don't like to hear, although these people have feelings for the factory, but feelings can't be a meal, if the factory's efficiency continues to decline and can't even afford to pay the workers' salaries, I'm afraid few people will stay, it's not hard to find a job in Jiangzhou!"

Yang Dezhao smiled bitterly, he had to admit that what Ji Feng said was the truth.

"So, retaining talent is the most crucial." Ji Feng laughed. The first time he saw the accounts done by Tian Nan and that energy of Han Rui Chao, he realised that these two people were good, or at least, they were people who actually did the job.

Ji Feng also knew that when he freed up his time, it would be at least a while, so in the meantime, he had to find a way to keep them, rather than letting them see no hope and leave on this!

"When I free up my hands, that's when the Tengfei Pharmaceutical Factory will go to glory and really start to take off!" Ji Feng stood in front of the window, looking at the sky with his hands behind his back, vaguely and surprisingly having a taste of looking out of the world!

"But what has to be done before this is that the old man must be treated first!" Ji Feng secretly decided that it was time to go to Yanjing.
