

Campus Master Chapter 2811 -

Ji Feng asked, "What's wrong?"

Zhang Lei pointed to the window and said, "Just come over and take a look."

The first thing you need to do is to get to the window and follow him to the window. Just now I overheard that someone in the car seemed to be looking at us with binoculars!"

Ji Feng smiled: "Quick action, ah."

The actual fact is that from the time the two policemen came over he knew that someone must have been watching himself, after all, the evil wolf gang came to the hotel for what exactly, this matter can be concealed from ordinary people, but not from some of the big brothers on the road, as well as the official high level.

As long as people with a little bit of brains will not believe that the people of the Wolf Gang came here in a fierce manner just to have a fire fight with the people of the Chuk Yuen Gang, the people of the Wolf Gang are powerful, ruthless and can play with their lives, but compared to the huge behemoths like the Chuk Yuen Gang, it is not worth mentioning at all.

In such a case, unless the Wolves had gone crazy, they would not have fought with them!

So it only took a little investigation to find out who the Wolf Gang's men had come to the hotel for!

And the result was that all the Bad Wolf Gang's men were killed, not a single one left.

I'm afraid that there are many people who are now watching him!

It's just that Ji Feng didn't expect that these people would move so quickly, which was slightly out of his expectation and made him frown slightly. Because Ji Feng had originally planned to go out, but now it seems that his every move will be closely watched, and if he goes out now, then he will definitely fall into the surveillance of others!

"Otherwise, I'll go down first and meet these bastards!" Zhang Lei's face sank as he said in an unkind tone.

"No need!"

Ji Feng waved his hand and said, "We can't mess around now, I'm afraid some people are waiting for us to get into trouble with someone!"

The two policemen who came just now made it very clear that they had decided that the matter was their own doing, so they would definitely be watching them to death, and once they had so much as a hint of leverage, they would certainly not even be polite.

If he was caught in the police station now, the consequences would be nothing, but the key was that it would affect his plan to find the Alpha Ore!

Zhang Lei said in a deep voice: "Then I'll go and lure them away?!"

Ji Feng shook his head and said, "No need for now"

As he said that, his gaze fell on Ji YuYi's body, and he couldn't help but feel a slight movement in his heart as he smiled, "We have the most suitable person here!"

"Hm?" Zhang Lei was slightly stunned.

"Me?"

Ji YuYi was also slightly stunned, she pointed at herself, looked at Ji Feng and asked, "What am I suitable for?"

Just now, Ji Feng and Zhang Lei were talking in very low voices, and Ji Yuhui did not hear them, so she still did not know what was going on, and at this moment, when she saw Ji Feng looking at herself, she was more or less puzzled.

Ji Feng smiled, "It seems that someone downstairs is interested in us and needs your help to cover up!"

Ji YuYi immediately understood, Ji Feng had made such a big fuss, doing away with more than twenty people from the Bad Wolf Gang at once, and even including the Bad Wolf Gang's second in command, there were definitely a lot of people paying attention to him now.

In particular, in the end, somehow, Chen Wan's bodyguard Zhang Wei was even involved and became the most suspected suspect, while Ji Feng and the others got away unscathed.

At that time, when Ji YuYi first heard the news, she couldn't help but be shocked, not to mention the others, and I'm sure there must be people from the Chuk Yuen gang down here now too!

Ji Yuet said with a quick nod, "Fine, it's a piece of cake, I'll take care of it! You tell me, how do you want me to help you guys cover!"

Ji Feng said, "It's very simple, I believe no one should dare to follow your Miss Ji's car, right? I"

"Boom boom boom!"

Suddenly, before Ji Feng could finish his sentence, he was interrupted by a violent knock on the door.

Hearing that sound didn't sound like a knock at all, it was almost as if someone was pounding on the door, very violently!

Zhang Lei was instantly enraged at the sound, and his face sank, "Who is it!"

"BANG BANG BANG!" No one answered, only the knocking sound was even more violent.

Ji Feng looked at each other, and at the same time, they all became alert. Zhang Lei's eyes even narrowed and he directly walked over in big strides, Ji YuYi hurriedly reminded, "Be careful!"

Zhang Lei nodded without stopping on his feet and arrived at the door, at which time Yang Bin had already occupied the side of the door, his feet slightly apart, ready to strike at any time.

“Snap!”

Zhang Lei opened the door to the room, but saw four or five people standing at the door, but none of them knew each other, all of them were unfamiliar faces, his brow immediately wrinkled and he said in a deep voice: “Handy, right! Who knocked at the door?!”

As soon as he said that, a young man immediately cursed, “Little brat, you’re looking for death, speak politely!”

Phew~!

Zhang Lei didn’t even say a word, he went up to him and whipped him with a fierce blow.

The others were instantly shocked and shouted.

“Stop it!”

“What are you doing! Looking for death!”

“.....”

Only, these people were too slow to shout, they had only just opened their mouths when Zhang Lei had already finished his fight and called it a day, he stared coldly at the group of people and said in a cold voice, “I’ll see if any of you dare to curse one more time!”

His voice was not high, but it was full of coldness, and that kind of aura shook the group of people at the entrance into silence!

At this time, Yang Bin had already stood beside Zhang Lei, if they wanted to make a move, the two of them would stand at the door, no matter how many people there were on the other side, they wouldn’t be able to enter!

Zhang Lei’s gaze was cold as he swept past the faces of these few people on the other side and said coldly, “If you have a cheap mouth and are untouchable, then go outside and rub yourself against the pillar twice, who dares to say anything unkind to Laozi again hum!”

He did not say what the consequences would be, but just now he had told the other side with practical actions, what the consequences would be for having a cheap mouth!

The people on the other side were instantly subdued!

Zhang Lei’s harsh and vicious kick had really stunned them, because the kick that Zhang Lei had just delivered, they all saw it, but no one was able to react, it was too fast.

If the kick was envisaged to land on their bodies I’m afraid no one would have been able to dodge it!

This caused a chill to run through their hearts.

“Good! Very good!” Just then, a voice came from behind those few people, who immediately parted a path, and a man appeared in Zhang Lei’s line of sight.

It was a man of about forty, perhaps even a little younger, not very tall, probably only about one meter seven, but idly strong, and in particular, he had a scar on his face that stretched from the corner of his eye to the other cheek, including a scar on his nose!

By inference, it is likely that the scar was then split from the corner of the eye to the other cheek by a slash that broke off the nose!

This made the man look a bit hideous!

In particular, the fierce glint in this man’s eyes filled him with hostility!

He looked at Zhang Lei, the light in his eyes flickering: “Very good! I said who actually managed to fuck up our family’s second son, so it’s a teenage handsome!”

“Say something, fart away!”

Zhang Lei looked at him and said coldly. What teenage juniors, this was simply a waste of time for him, he didn’t have that patience to bullshit with these few guys from nowhere!

The scar-faced man’s face was extremely gloomy, but the corners of his mouth actually managed to show a smile, “Introduce yourself, my name is Wang Yongsheng, I’m the big brother of the Vicious Wolf Gang!”

Zhang Lei’s eyes instantly narrowed slightly, “So what, you have something to do?!”

Of course he knew that the one who was taken out in the lead last night was the second in the Vicious Wolf Gang, while this person in front of him was the boss of the Vicious Wolf Gang, so what Wang Yongsheng was doing here was naturally self-explanatory.

The rest of the Vicious Wolf Gang’s faces could not help but flash with a look of anger, fiercely glaring at Zhang Lei, this guy was too hateful, he had just fucked their second brother last night, and today he was acting as if nothing was wrong, and asking them if there was something wrong?

Do you think we’re fucking okay?

Killing our second brother, do you think there’s something wrong?

“Young man, you have a lot of courage!” Wang Yongsheng looked at Zhang Lei and nodded heavily, “I came here this time, firstly, to see who killed my second brother, and secondly, to inform you all in advance that I will take your lives!”

“Bullshit!”

Zhang Lei snorted, not even bothering to pay attention.

Wang Yongsheng suddenly looked cold when he heard that, even though he had some city spirit, he was also angered by such attitude of Zhang Lei, he said in a cold voice: “Young man, don’t be too arrogant, or else

"If you've finished, you can get lost now!" Zhang Lei said coldly, not even bothering to listen to Wang Yongsheng's nonsense!

"....."

Wang Yongsheng stared at him with a sullen face and did not say anything.

Zhang Lei was about to close the door with his hand when Wang Yongsheng suddenly spoke, "Very well! Your majesty, I have seen it today!"

"Don't fucking bullshit here!"

Zhang Lei became furious: "What are you, pretending to be a pussy in front of me? Do you really think that you are the leader of the Vicious Wolf Gang and that everyone should be afraid of you?"

Wang Yongsheng said, "What did you say?!"

Zhang Lei snorted and said, "You'd better not look at me with such eyes, a few months ago, there were a few sandy Russian devils who said the same to me, and claimed to be from the Siberian Devil Training Camp, but"

He held out his right hand and shook it, smiling, "I smashed his bones with just one hand, who do you think you are better than someone who came out of a Siberian training camp?!"

Campus Master Chapter 2812 -

Wang Yongsheng couldn't help but be dumbfounded, the Siberian Devil Training Camp?

Perhaps ordinary people don't know what this place is, but he has heard of it. The most terrifying killing machines in the world, the most powerful special forces, have almost all received training here, ordinary special forces can survive here for a month, after coming out, they are already considered quite powerful experts.

And those who can survive in the Siberian Devil Training Camp for more than three months are definitely top masters. Some time ago, a man from Saudi Arabia came to the underground boxing ring on Treasure Island, which had been occupied by a Thai boxing expert for half a year before that.

The Muay Thai master was extremely ruthless and his opponent was either dead or seriously injured. However, when he faced off with the guy from Saudi Arabia, he was unable to get up after just two blows, and he seemed to be tickling the Russian guy!

This caused quite a shock on the road, and it was only later that we heard that the guy from Saudi Russia seemed to have come from the Siberian Devil Training Camp!

This shows how powerful the people who come out of the Siberian Devil Training Camp really are! It's a training camp that has a great reputation all over the world, and the death rate is frighteningly high!

But now this guy is saying what?

An expert from the Siberian Devil Training Camp was actually smashed to pieces with one hand by him?!

Wang Yongsheng seemed to look at Zhang Lei with more or less disbelief in his expression, but his heart was vaguely flabbergasted, what if was true?!

Then that would explain why they only had a few people, yet they could take out over twenty of their Bad Wolf Gang!

Wang Yongsheng really did not expect this young man to have this kind of experience, and he froze.

"Damn, what are you bragging about, just like you, you still fight with people from the Siberian Devil Training Camp? Who are you bluffing!" One of the men from the Vicious Wolf Gang couldn't help but snicker.

"Hmph!"

Only then was Wang Yongsheng pulled back into his thoughts, he couldn't help but feel a little embarrassed on his face that he had been intimidated by this kid's bragging!

Zhang Lei, however, glanced at the man who had just spoken, and with a cold flash in his eyes, that man immediately felt a chill down his back, and subconsciously took two steps backwards, and when he reacted and realised that he was too weak, he couldn't help but blush, and took another step forward with his head held high, but that cowardice was already showing through!

Zhang Lei smiled disdainfully and didn't even look at that man again, this kind of person didn't enter his eyes, his gaze just fell on Wang Yongsheng's face and said coldly: "Are you going to get lost or should I do it?"

Wang Yongsheng gritted his teeth, gave Zhang Lei a deep look and said, "I remember what happened today, let's start from here"

"Get lost!"

Zhang Lei shouted lowly, his expression chilled, "Cut the fucking crap, wasting Laozi's time!"

Wang Yongsheng: "....."

His face was dark and frightening, and his eyes were icy cold.

At this time, his mind, which had been subdued by Zhang Lei, was finally irritated once again, and this matter today, as well as the death of their Evil Wolf Gang's second, was definitely not over!

Wang Yongsheng turned around and left!

He didn't say anything else, because he could see that this young man didn't put him in his eyes at all, and any more he said would only be self-defeating, and he couldn't make a move here in broad daylight, so he could only be insulted by this little brute again and again by staying here!

Zhang Lei's contemptuous attitude of simply ignoring him, and the feeling of being forced to swallow the rest of his words by interrupting him at every turn, even with the word 'get lost', could have killed him!

Whether or not this little brute had actually defeated the people from the Siberian Devil Training Camp, he had at least reached a level of excellence in terms of his mouth.

One word, or sometimes even just a look, could kill an opponent!

The hatred in Wang Yongsheng's heart had simply swelled to the extreme, not just the hatred for the killing of the vicious wolf gang's second, but even in his opinion, the humiliation that that little brute had just inflicted on him was simply more hateful than that!

If he were to exchange Lao Er's life for that little brute's, Wang Yongsheng would definitely agree!

The little beast, it was so hateful!

However, at this moment, Zhang Lei was casually closing the door of the room, and even shook his head disdainfully, saying, "What kind of stupid thing, running here to look for curses to find a smoke!"

Yang Bin: "....."

He looked at Zhang Lei with some admiration, just now Wang Yongsheng left that angry black face he could see clearly, this made him admire, Zhang Lei this mouth poisonous tongue can really make people admire, just a few words, and can make people angry like that, really powerful!

Especially when he thought of Wang Yongsheng walking away, his hands seemed to be trembling a bit, Yang Bin couldn't help but be stunned, this guy was really pissed off like that?

"Ji Feng, what are you pulling me for, why didn't you let me go over there just now?!" At this time, Ji YuYi was unable to help but complain.

They were here and had actually heard the commotion at the door just now and saw that Zhang Lei seemed to have made a move, when Ji YuYi heard that it was Wang YongSheng from the Vicious Wolf Gang coming over, she was about to go over in a fit of anger, but was pulled by Ji Feng.

Ji Feng shook his head and laughed: "A mere evil wolf gang, they are just someone else's tools, just a lapdog, it's not necessary for you to go and have a general understanding with them."

Ji YuYi was stunned at her words, and then asked, "You really think so?!"

"Of course!"

Ji Feng laughed, "A bunch of punks who don't know the sky is the limit, why do you need to go tangle with them and drop your status! Besides, how many beautiful women have you seen going to reason with or even fight with hooligans?"

Ji YuYi then couldn't help but purse her lips, her beautiful eyes glanced at Ji Feng and said, "Alright, count your words, you're forgiven!"

Ji Feng was dumbfounded and laughed, what was there to forgive or not to forgive.

However, he did not know that for Ji YuYi, this kind of action of Ji Feng had a kind of love and care implication, which made her very satisfied.

She was the eldest lady of the Chuk Yuen Gang, the eldest sister of the triad, but she was still a woman!

"Lei Zi, what are the people from the Bad Wolf Gang doing over here?!" Ji Feng asked.

"Coming to find a smoke!"

Zhang Lei said, "The leader of the Bad Wolf Gang, a guy called something like Wang Yongsheng, came over and said some bullshit!"

Ji Feng then nodded his head and didn't ask any more questions. He knew Zhang Lei, if it was an important matter Zhang Lei would definitely talk about it in detail, now that he said that then it must not be an important matter.

It was estimated that Wang Yongsheng was also angry because the Evil Wolf Gang's second was killed, and because the Evil Wolf Gang had been swept away, so he couldn't help coming over and wanted to demonstrate to his face.

This is not because Ji Feng is arrogant, but because he knows that the Wolves are just a knife in someone else's hand, but a knife that can be broken with a flick of the wrist, so there is nothing to be afraid of!

They were used to seeing big storms, so how could they put such a small gang as the Bad Wolf Gang in their eyes, even if the people of the Bad Wolf Gang dared to fight for their lives?

"YuYi, I still need your help next." Ji Feng smiled and said.

"No problem, what do I need to do?" Ji YuYi agreed with great alacrity.

"Help me take cover!" Ji Feng pointed out the window and said, "I don't know how many people are watching us downstairs, my every move will be watched, it's troublesome"

"So that's what this is about!"

Ji YuYi smiled and immediately said, "I thought it was some kind of trouble, then why don't we just do this, I'll just have someone get rid of all these people downstairs and put out the word that you're my good friend, make sure no one dares to spy on you again!"

Ji Feng shook his head and laughed, "No, you just need to cover me for a bit, these people watching here might not be a bad thing!"

Ji YuYi was a bit puzzled.

Ji Feng smiled and didn't explain much. In fact, he didn't want Ji Yujie to get into some trouble because of him, perhaps with the power of the Bamboo Alliance Gang, it wouldn't be difficult to drive away those people underneath who were watching, but the problem was that Ji Yujie would definitely be held in a grudge by many people in that case.

Ji Feng could be sure that there were definitely official people responsible for surveillance down here, and if he let Ji Yuqing be held in official grudge because of him, it would be a problem for Ji Yuqing as well.

Because Ji Feng insisted, in the end, Ji Yuhui had no choice but to go along with him.

So, when Ji YuYi led her bodyguard out of the hotel, everyone was still carefully staring at the presidential suite where Ji Feng was, but no one knew that Ji Feng had already left the hotel at this moment.

Ji Feng met the person responsible for contacting him at a teahouse, a middle-aged man of about forty years old, wearing glasses and looking very elegant.

"I heard all about what happened last night, and so did the other side, which is why they asked me to contact you urgently." The middle-aged man didn't introduce himself, but sat down straight next to Ji Feng, looking casual and not drawing the slightest attention: "Everything is ready, the address is in this phone, use this phone for future contact too!"

As he spoke, the middle-aged man took out a Hongda mobile phone and put it on the table, it was a local brand of mobile phone in Baodao, in fact, it had a certain popularity all over the world, and it was extremely common in Baodao, it looked unremarkable in the least.

The first thing you need to do is to get a good idea of what you're doing.

Although he was trained according to the standards of super agents in the training space of the intelligent brain, but he was not really exposed to this line of work, at this moment he felt some novelty and some odd feeling.

"There is a phone number marked as insurance company in this phone, call this number in case of emergency!" The middle-aged man said.

Campus Master Chapter 2813 -

"There's a number marked for the insurance company in this phone, so call that number if there's an emergency!" The middle-aged man said.

"Insurance company?!" Ji Feng smiled and asked, "Why is it called an insurance company?!"

"It's just a name!" The middle-aged man smiled and said, "The phone is encrypted, and the call will not be listened to."

Ji Feng asked, "This is just an ordinary Hongda phone, right? Is encryption useful?"

It was actually very simple for an ordinary mobile phone to be encrypted, but if you wanted it to be truly encrypted so that even the mobile phone manufacturer as well as the system provider and so on could not break through, it would not be easy.

The middle-aged man said, "Don't worry, all these issues have been taken into consideration, only the casing of this phone is Hongda's, the rest is all our own production!"

Ji Feng then nodded, it was right to say that, as an agent, if even the communication device could not be kept secret, then there was nothing that could be kept secret.

"Is there anything else?!" Ji Feng asked.

"It depends on whether you have any more requests!" The middle-aged man said, "I was given the order to cooperate with you fully, so if you have any needs just bring them all up, and I will definitely do what I can as soon as possible!"

Ji Feng nodded and deliberated for a moment before saying, "Investigate a person for me, this person's family should also have a certain fame in Treasure Island, perhaps a rich businessman."

The middle-aged man asked in a low voice, "Who?!"

Ji Feng said, "This person's name is Gao Jianyun, a young man who is probably in his twenties or less than thirty, he seems to have a good relationship with Bao Weisheng, you check specifically from that aspect."

The middle-aged man silently wrote down the name and did not ask Ji Feng why he was investigating this person called Gao Jianyun, his task was to cooperate with Ji Feng, he naturally would not ask more questions than he should.

"Do you have any information to provide?" After saying that, Ji Feng asked.

"Not at the moment."

The middle-aged man shook his head, but suddenly, as if he remembered something, he couldn't help but say, "By the way, you're close to the Chu Lian Gang?"

Ji Feng was stunned: "What, there's a problem?!"

The middle-aged man said, "If you can, it's best not to get too close to the Chuk Yuen Gang, especially not to get too close to Ji Lihai, this man is scary and dangerous!"

Ji Feng immediately pursued the question, "How do you mean by that?!"

The middle-aged man said, "I can't say exactly, but there are some people who say in private that don't look like Ji Lihai looks like a gentleman on the surface, but in fact this man is a hypocrite and extremely vicious and ruthless, legend has it that he was able to sit as the leader of the Chuk Yuen Gang because he secretly controlled the families of many bigwigs back then, and there are even people who say that the death of the last The death of the previous generation leader was also related to him!"

Ji Feng was stunned at his words and slowly nodded his head.

"In addition, the Chuk Yuen Gang has been going downhill over the years, especially in recent years, with the strong rise of the Four Seas Alliance and the Brotherhood, the Chuk Yuen Gang's room for survival has been further compressed, and a lot of business has been taken away, for example, the Chuk Yuen Gang used to monopolise the car smuggling business on Treasure Island, but now it has also been taken away by the Brotherhood."

The middle-aged man said in a low voice: "These situations are actually known to many people, and I heard that there are also some old people from the Chuk Yuen Gang complaining, saying that Ji Lihai is far more capable than the old leader for example, and now the Chuk Yuen Gang has many internal problems!"

Ji Feng listened carefully, nodding his head from time to time.

The middle-aged man didn't know too much about Ji Lihai, so he couldn't say much more about the situation, Ji Feng listened, nodded slightly and said, "It's hard for you, feel free to order anything you want, I'll treat you today!"

He knew that in fact these agents out there might not have a problem living, but they actually have a hard time, it's like police officers working undercover among criminals, the mental pressure and the kind of danger that could be exposed at any time, people who are immature at heart are afraid that they could break down after a long time!

So Ji Feng also wanted to pay his respects slightly! Because in his opinion, in fact, these people were in no way inferior to those combat heroes, as well as some people who had made great achievements.

It's just that the positions are different!

"Also, if there's anything you need me to do, you can just ask for it!" Ji Feng said, "What I can do, I will definitely try my best to help!"

However, to his surprise, the middle-aged man just smiled and said, "How can I ask you to treat me, just if I can, can I treat you"

Speaking here, he suddenly stopped.

Ji Feng looked at him and asked, "Can what? What do you want me to do?!"

The middle-aged man shook his head and laughed: "Forget it, I just said it casually, it can't be taken seriously, let's have tea!"

"Don't, you seemed to have something to say just now?" Ji Feng hurriedly said, "Do you have something you want me to do? If so, say it as soon as possible, we're all on the same side, no need to be too polite, I'll do my best to help if I can!"

Just now, he could really hear from the middle-aged man's words, this middle-aged man seemed to have something to ask for his help, or some request, but the words did not come out at the edge of his mouth, and he did not know if he had any worries.

However, no matter what Ji Feng said, the middle-aged man only smiled and shook his head, repeatedly saying that Ji Feng was thinking too much.

He could see that the middle-aged man did not seem to have thought it through, and if he did not want to say it, then it would be useless to ask, so Ji Feng decided to stop asking, and if the middle-aged man wanted to say it, he would naturally say it!

The two of them sat together and drank a pot of tea and ate some snacks, but instead of one of them leaving first, as played out in spy dramas, they just sat there as if they were two old friends eating and talking.

In fact, this situation is the least noticeable, this teahouse is very quiet, at this time if there is any movement or a good tea result suddenly one of the first to leave, will attract the attention of others, or at least will be curious whether the two people have a conflict between

The first thing you need to do is to get a good idea of what you are getting into.

As the two chatted casually, they could not help but talk about the situation on Treasure Island and the topic of the three major gangs.

"In fact, ah, now the treasure island is really like a country this is already several generations, many young people now have no longer the kind of homesickness of the older generation, and they are not willing to change the status quo"

The middle-aged man's words are somewhat vague, but, Ji Feng is listening clearly, he also knows, this topic is somewhat sensitive, think is this middle-aged man more or less not very good to say, but yet to respond truthfully to the situation, and can not not say!

Ji Feng nodded silently, in fact, he also knew that some things may not be as advertised, without having personally experienced this place, without having come over here to see and hear, it is very difficult to understand.

"Then have you reacted to this situation to the top?" Ji Feng asked.

"All of it was said." The middle-aged man nodded his head.

"Then what did the top say?!" Ji Feng asked.

The middle-aged man shook his head and said, "I don't know, actually it can't be changed, unless it can become a family tomorrow but that's obviously impossible!"

Ji Feng nodded silently, pondering.

"In fact, there are also many young people who want to become a family with the mainland, but there are some voices at the top of Treasure Island that are not very good, affecting many young people." The middle-aged man said in a low voice.

"These people are all close to Boundary Pong or Rice, right?!" Ji Feng asked.

"There is definitely a shadow of these countries in there." The middle-aged man nodded and said, "But, actually, it's still a matter of interest, those people are so bouncy because the masters of Boundary Pong and Rice behind them can give them enough interest!"

Ji Feng nodded his head, deeply convinced.

Don't look at those people shouting slogans all day long, what with the happiness of the people of Treasure Island, but in fact, they still want to seize power and want to curry favour with their KAI Peng and Rice masters so that they can gain more benefits!

"Among the three major gangs now, the Brotherhood is neutral and doesn't seem to have any leanings for the time being, the Four Seas Alliance is completely leaning towards the current top brass, and the Chuk Yuen Gang seems to be getting a bit close to those on Treasure Island!" The middle-aged man added.

"Oh?!"

Ji Feng frowned.

The middle-aged man said, "It is said that when Ji Lihai used a conspiracy to rise to power, many bigwigs opposed it, but had to bow down because they were given control of their families by him, but then when Ji Lihai released all their families, some of them wanted to take revenge on Ji Lihai. At this time, it seems that someone from above spoke up and put the matter down."

After taking a sip of tea and moistening his throat, the middle-aged man then continued, "That's how Ji Lihai was able to sit down as the leader!"

Ji Feng frowned and said, "That's not right, is it? I've heard that the Chuk Yuen gang and the Yamaguchi group are extremely at odds, if Ji Lihai is really leaning towards certain people, then how can they still be fighting so much when they belong to the same pro-Kai Peng lineage!"

He clearly remembered that at that time in Hangzhou, Jiangsu and Zhejiang, Kawaki Shizuko and Sasaki of the Kai Peng Yamaguchi Group also designed to capture Ji Yuoyi, preparing to use this to threaten Ji Lihai, so that the Yamaguchi Group's strategy of logging into Treasure Island could succeed, how come this middle-aged man said that Ji Lihai was actually very close to those clowns in Treasure Island?

The middle-aged man shook his head and said, "The details are unknown to outsiders, but that's the information I've inquired about."

Ji Feng nodded thoughtfully, it looked like there were really a lot of circumstances that he didn't know about. And this Ji Lihai, he really had to pay attention to it!

Campus Master Chapter 2814 -

From this middle-aged man, Ji Feng knew a lot of information that he originally could not understand at all, especially the situation regarding the position of the Chuk Yuen Gang, which caught Ji Feng's attention.

"Have you reported this matter up?!" Ji Feng asked.

"It's all been reported up, but this kind of thing that has no conclusive basis can only be reported up along with other situations, just as a side note, otherwise, it would be troublesome in case it misleads the decision from above." The middle-aged man explained.

Ji Feng nodded, indeed, without conclusive evidence, one could not report indiscriminately. Because the first-hand information that the top had come from their reports, and if a wrong decision was made as a result, it would indeed affect the big picture!

However, it was not Ji Feng's turn to ask questions about such matters. If it wasn't for the fact that he was friends with Ji YuYi and had met with Ji LiHai, he was afraid that he would have just heard about it and forgotten about it.

Therefore, Ji Feng repeatedly asked the middle-aged man to inquire about Gao Jianyun as soon as possible, and the middle-aged man readily nodded his head and agreed.

Time passed quickly, in a flash more than an hour had passed, the middle-aged man raised his hand to look at the time and said, "Sorry, I have a meeting this afternoon, so"

Ji Feng immediately nodded in understanding and said, "Then that's it for today, hard work."

"Duty calls, as it should!" The middle-aged man waved his hand and said with a smile.

"Anyway, thank you!" Ji Feng laughed.

As the two said that, they both stood up and prepared to go outside, Ji Feng asked, "By the way, after talking for so long, I still don't know your name."

The middle-aged man smiled, "Just call me Old Zhou."

Ji Feng also knew their rules and difficulties, so he didn't ask much and extended his hand, "Old Zhou, thank you for today, there may be places to trouble you in the future, I hope it won't be too difficult for you!"

Old Zhou said, "It's all as it should be, no need to be so polite!"

Afterwards, the two of them walked out of the teahouse and left separately. From the beginning to the end Old Zhou didn't ask Ji Feng what his name was, he didn't even address him, which made Ji Feng feel strange and wonder how Old Zhou recognized him.

The first time he received a phone call from Old Zhou, Ji Feng came to the teahouse under the cover of Ji YuYing and sat down at the location Old Zhou had mentioned. He had just sat down for a few minutes when Old Zhou came over and didn't even ask his identity, nor did he have a code word or anything like that, he just chatted away.

The company's main business is to provide a wide range of products and services to the market. Wasn't he afraid that someone happened to be sitting there?

At the same time, Ji Feng was a little surprised to see that when Old Zhou left, he was driving a Mercedes Benz sedan, which made him slightly stunned that Old Zhou was so generous?

After leaving the teahouse, Ji Feng casually found a clear place and took out the mobile phone given to him by Old Zhou, and indeed saw the name of the insurance company in the phone's address book, and then looked at the number, but it was a mobile phone number, which was obviously not the service number of the insurance company.

After confirming this information, Ji Feng opened the phone's short mailbox again, but found that it had a lot of miscellaneous advertisements and spam messages, and even some of them were obviously fraudulent messages, which made Ji Feng stunned.

After flipping through dozens of text messages in a row, Ji Feng finally found a text message that didn't look special at all, and it had an address written on it.

"Drip!"

Suddenly, the phone made a dripping sound, and Ji Feng fixed his eyes on it, only to find that the text message had been automatically deleted.

He couldn't help but be slightly stunned, was this set as an automatic deletion procedure?

Wasn't Old Zhou afraid that he wouldn't have time to write it down?

Ji Feng remembered what Old Zhou said again, he immediately opened a navigation software in his phone, and as soon as he opened it, he saw that the navigation software had actually set the destination, but it was a place name that Ji Feng had never heard of before.

Ji Feng immediately zoomed in on the map, and finally, he found the address written on the previous message near the destination of that navigation!

"This old Zhou, quite thorough in his consideration!" Ji Feng shook his head and smiled, it was also fortunate that he had an excellent memory, otherwise, it wouldn't really be easy to remember that unfamiliar address all of a sudden.

"Master, go to this address!"

And then, Ji Feng stopped a taxi, told the taxi driver the destination of the navigation, but did not say the address on the text message, although from the map, the distance between these two places is not very far, according to the scale calculation is just more than two kilometres less than three kilometres, but, for an agent, this distance is extraordinarily important.

This is because it is crucial for the agent to be able to evacuate safely once something has happened, or to be able to move easily in various activities such as jointing and surveillance.

However, when Ji Feng arrived at his destination according to the address on the navigation, he was shocked to find that the place Old Zhou had provided him with was an old house, and not just an old one, the walls of the house were crawling with all kinds of plants, it really looked like an old antique!

However, the good thing was that the house was a separate courtyard, and it wasn't small, there were three floors in total, it was only because the outside was covered with all kinds of plants, there were creepers, and some other plants that Ji Feng couldn't name at all, so he could only see the outline of the house.

"Buzz~"

Suddenly, the phone vibrated twice, and Ji Feng looked down to see, well, the navigation software had automatically deleted it too! This was really no trace at all, now even if the phone was picked up by someone, no one would definitely know that he had been here before.

But this made Ji Feng frown a little, in a place as small as Treasure Island, would this practice work?

Moreover, there was no telling how many pairs of eyes were watching him now, even if he wanted to hide, how could he possibly hide? Unless he hid here all day and didn't go anywhere, but that was obviously impossible!

But no matter what, Old Zhou was so attentive, but still, Ji Feng couldn't help but secretly nod his head. Perhaps, this was the best place Old Zhou could provide, and in order to provide this house, perhaps Old Zhou had gone to a lot of trouble, and even experienced a lot of hardships.

Thinking of this, Ji Feng didn't think about it so much anymore. He went straight to the door and found that the gate was wrapped up with chains, which he casually unlocked and walked in.

The door to the living room was likewise unlocked, Ji Feng stood at the door and fixed it, his gaze swept over, without opening the door he had seen the inside, he was immediately surprised.

This house

How come it looked similar to the old house that Ji YuYi had provided before?

Ji Feng immediately pushed the door and walked in, he quickly looked the house over with a hint of caution and finally confirmed that this house was probably built by the same people as the old house that Ji Yuhui had provided before, and, I'm afraid, the purpose of building the house was the same.

This house was also like a small bunker!

Inside, it was also divided into several areas and had firing points, and the passage in front was also the only one!

Ji Feng couldn't help but be relieved.

It seems that this house was probably also built by the army that retreated here at that time. At that time, because it was still in the war era, this kind of house was built to be able to house people and to be used as a bunker.

After taking a thorough look at the whole house, Ji Feng found that this house was practically identical to the old house provided by Ji YuYing before in terms of some of the layout ideas, of course the layout of which would certainly not be the same because the size of the house was different, but that kind of thinking was definitely the thinking in wartime.

The biggest difference, perhaps, was that there was no underground passage in this house, and that was all.

What satisfied Ji Feng the most, however, were the two boxes located underneath the ancient floorboards in the living room of the house, five rifles, two sniper rifles, twenty pistols, grenades, tactical bombs but all the weapons that Ji Feng had mentioned before, all of them were here!

This was obviously shipped from the mainland, because two of the sniper rifles were both Yao Zhijian's, and one of the rifles, Ji Feng also tried out.

The weapons had arrived!

And had been transported here by Old Zhou unknowingly, and extremely boldly placed directly under the floor, without even locking the door!

Was Old Zhou not afraid that a homeless person or some other person would inadvertently come in and find the weapons here?

This made Ji Feng once again impressed with Old Zhou, just because of this kind of courage, it was not something that ordinary people could have. If other people put their weapons here and didn't even lock the door, they would definitely be worried and uneasy, but Old Zhou was extremely calm.

After checking out the house, Ji Feng couldn't help but secretly nod his head, it looks like Old Zhou has really gone to a lot of trouble, I really don't know what kind of identity Old Zhou has in Treasure Island, driving a Mercedes, and being able to get this kind of old house, and having such guts, this is definitely not an ordinary person!

Ji Feng was really a bit curious.

However, now was not the time for him to be curious, he first called Zhang Lei and Bai Zhu and the others to come. He called Bai Zhu and told him the address, but did not say here directly, but said the destination set on the navigation before.

Ji Feng then went there to pick them up, however, to his surprise, Bai Zhu and the others were late in coming, and he waited for almost two hours before he finally saw Bai Zhu and the others.

"What's going on? Did they run into some trouble!?" Ji Feng asked.

"There were too many people following us, we went separately, and it took a long time to get rid of those tails!" Zhang Lei said, "Crazy, this time it's really lively, when I came here I observed, I saw that there were at least several groups of people following us, they must belong to different forces, but I didn't expect that there would be so many people watching us!"

Campus Master Chapter 2815 -

Ji Feng smiled, it was to be expected that someone was paying attention to him, in fact, when he was at the hotel, there were already many people downstairs watching him, which must not only be the people of the Wolves Gang or the official people, there must be other forces as well!

For example, Chen Wan's bodyguard, Zhang Wei, how did he know where he lived? Even if it was true that he had come to save himself, as he said, how did he know that the Wolves were going to kill him?

And the two policemen, how did they know which room of the hotel they were staying in?

These questions, in fact, if you think about them carefully you can find a lot of interesting situations, Ji Feng had already considered them all through.

"Let's not talk about that, just be careful." Ji Feng smiled, "Let's go, I'll show you our new landing place!"

"A new landing place?!"

Zhang Lei couldn't help but be slightly stunned at his words and asked, "What, you found a place so soon?"

He knew that Ji Feng must have come out to meet up with someone, but he didn't expect that a place to stay would be arranged so quickly, it seems that the people over here are quite efficient!

Ji Feng laughed, "It's not just a place to stay! You guys will know when you arrive!"

When he said that, several people immediately became curious, it looked as if there was something special about this new landing place?

Afterwards, several people followed him and first probed around to make sure that no one was following them before they arrived at the house that Old Zhou had provided.

"This is our new landing place?!" Zhang Lei couldn't help but ask in consternation when a few people arrived in front of that house's main entrance.

"This is the place, how about it, it's not bad, right?!" Ji Feng asked with a smile.

"....."

What else could they say?

It's okay? Where is it okay?

Not to say how good the living conditions were, but this house was surrounded by plants, what kind of creepers ah rattan ah and so on crawled all over the walls of the whole house, from the outside this simply looked like a dangerous house, maybe this house was older than all of them, this was still called okay?

"Don't be in a hurry, just go in and take a look!" Ji Feng smiled.

Seeing the expressions of Zhang Lei and the others he knew what they were thinking, in fact when he first arrived he was a bit stunned, he didn't expect Old Zhou to offer such a house, but when he went inside, he realised that there was something else inside!

Zhang Lei a few people looked at each other, all a bit suspicious.

"This house"

Suddenly, Yao Zhijian spoke up, he stared at the house in front of him and hesitantly said, "Why does it look like a bunker?!"

Everyone else couldn't help but stare.

Ji Feng was faintly surprised and asked, "Why do you say that?!"

Yao Zhijian pointed to the top and said, "I see the shape of this house, it seems very chic, not like a normal house kind of shape that corner, if the top is a platform or can crouch people, there will definitely be a pretty good sniper point!"

Good eye!

The sniper's eye is a bit sharper. Indeed, although the outside of the house is covered by a layer of vegetation, the general outline can still be seen.

The corner that Yao Zhijian pointed out was indeed a very suitable place for shooting.

I'm afraid there was no such thing as a sniper spot when the house was built, but there was no doubt that if a machine gun was placed here, it would definitely be able to sweep a thousand troops and overlook the whole situation!

“Go in and have a look!” Ji Feng said with a smile.

When Yao Zhijian said this, several other people were immediately interested and immediately followed Ji Feng over. However, as soon as they went inside, they couldn't help but stare at the same time, and then a joyful look appeared on their faces.

Zhang Lei said, “How is this house so similar to the one Ji Yujie provided us?!”

Ji Feng laughed, “Take a look for yourself!”

Zhang Lei and the others glanced at each other suspiciously before they looked around, Yao Zhijian and Liu Zejun even went straight through the living room and went inside to take a look. Zhang Lei and the others also couldn't help but walk over and look around.

A few minutes later, several people had finally walked through every corner of the house, and afterwards, they were all pleasantly surprised!

It was practically the same as the one provided by Ji Yueting, the only difference was the size of the area was different, but the style and thought process was exactly the same.

“Crazy, this is

“This house is ours now, pack it up and live in peace!” Ji Feng smiled and said, he did not say how the house came to be, but Zhang Lei and others knew it by heart.

“Good guy, now we'll have some fun!” Zhang Lei couldn't help but laugh, “This time if there's another vicious wolf gang from the vicious dog gang, casually they can be blown up!”

“And what if we add this to the mix?!” Ji Feng asked with a smile as he opened the floor first.

“What's that?” Zhang Lei asked casually.

But Yao Zhijian's eyes went straight at once, the first thing he saw was his sniper rifle, and then he snapped forward and grabbed it in his hand, “My baby, you're finally here!”

Bai Zhu also had a pair of beautiful eyes that twinkled a few times, there was a weapon!

When they didn't have weapons, even though they were confident enough to exterminate any enemy, they couldn't stop the bullets even if they were powerful, so Bai Zhu's heart was always on edge, but now that they had weapons, no one could really stop them anymore!

Even if a small army came, they were confident they could get out in one piece!

“Brothers, everything is ready now, we're just waiting for the east wind!” Ji Feng smiled, “First, pack up the house and take a break!”

“Good!”

Several people laughed and began to bring in their luggage, and then began to pack up the house.

With a landing place and weapons, then the next step is really the time for them to make a big show, what evil wolf gang now they don't go looking for other people's trouble is already good, still afraid that other people will come looking for their trouble?!

.....

“Brother Sheng, have you heard?”

“What?!” Bao Weisheng raised his eyes to look at him and asked.

“Of course it's that son of a bitch!” Gao Jianyun was instantly anxious, “Haven't you heard? Ji Feng came to Treasure Island, and I heard that he even fucking united with the Bamboo United Gang to do away with over twenty of the Vicious Wolf Gang's thugs!”

Bao Weisheng nodded and said, “That's what you're talking about, I heard about it.”

Gao Jianyun didn't notice Bao Weisheng's slightly darkened face, in fact, he thought that once Bao Weisheng heard about Ji Feng, he remembered the scene of being severely beaten on the yacht at that time, and that was why he looked ugly. In fact, how could Gao Jianyun be any different?

Otherwise, why would he have hurriedly called Bao Weisheng out for a drink as soon as he heard that Ji Feng had come to Treasure Island? It was really because the humiliation they received on the yacht at that time was something they would never forget, and they simply hated Ji Feng and China's Special Operations Brigade to their bones!

Being severely beaten up in front of their bodyguards had already made them mad with hatred, but who knew that one of Bao Weisheng's bodyguards was so fucking loud-mouthed that he even fucking told the whole high society of Treasure Island that they had been slapped in the face and severely beaten up!

This kind of shame would never be forgotten by Gao Jianyun for the rest of his life!

If he could, he would even hate to crush Ji Feng and those bastards from the Special Operations Brigade to death! However, they were on the mainland and he was on Treasure Island, so it was useless even if he went crazy, unless he could hire mercenaries and assassins.

But unfortunately his position within the family was nothing like Bao Weisheng's position in the Bao family, and moreover, the Gao family had a certain gap compared to the Bao family, so Gao Jianyun had always wanted to take revenge but had no way to do so, which made him even more resentful in his heart!

Now, once he heard that Ji Feng had even come to Baodao, how could Gao Jianyun still hold back? He immediately called Bao Weisheng out.

“Brother Sheng, what are you going to do then?!” Gao Jianyun asked in a hurry.

“What can I do?!” Bao Weisheng said.

Gao Jianyun was stunned, “What do you mean? Brother Sheng, you're not going to do nothing, are you? This is a rare opportunity, that bastard doesn't know how often he comes to Treasure Island, if we miss this time, we might never have the chance to take revenge in the future!”

Bao Weisheng said with a sullen face, "Then what in your opinion?!"

Gao Jianyun's face suddenly turned cold as he gritted his teeth and said, "Get rid of him! Brother Sheng, I want to kill that son of a bitch, otherwise, I just can't swallow this grievance! I can't afford to lose face either!"

Bao Weisheng asked, "How?"

Gao Jianyun immediately said, "I've thought about it, Brother Sheng, I'm going to ask someone from the Daoist side to find that son of a bitch and kill him directly!"

Bao Weisheng's interest suddenly diminished by a few points at his words, he had already used this method, but instead of doing away with Ji Feng, the result was that all the people from the Vicious Wolf Gang were killed off, but in the end, it made Ji Feng's reputation!

This was even more annoying to him than being severely beaten by Ji Feng and the others on the yacht before, it was as disgusting as eating a hundred flies!

"You know Ji Feng's strength, and I've received information that there are experts protecting him at his side, ordinary hitmen can't deal with him at all!" Bao Weisheng shook his head.

In fact, he was also depressed, if he could not blatantly use the power of the Bao family, for a while he really could not find any suitable way to deal with Ji Feng!

Gao Jianyun, however, was somewhat unimpressed and sneered, "An expert? What the hell! Brother Sheng, why don't we just hire international assassins, then not only will we be able to do away with that bastard, but we won't be able to trace it back to us!"

Bao Weisheng nodded and said, "That's an idea, but I don't know how to contact those assassins!"

Gao Jianyun immediately said, "That's easy, my dad's bodyguard used to be a master in foreign countries, I'll ask him!"

Bao Weisheng said, "Okay, try this first, if it works, it's best, if it doesn't work, then we'll think of another way."

Campus Master Chapter 2816 -

Ji Feng didn't have to wait too long, just that evening, Ji Feng received a text message from Lao Zhou, and with it an email, and it was sent through his mobile phone.

When he opened the text message, he saw a line written on it: target details, see email!

There was no mention of names or any important information. For Lao Zhou's vigilance and caution Ji Feng gained another layer of awareness, he casually opened the email, and at once, the first thing he saw was a shrunken photo of none other than Gao Jianyun.

Ji Feng read it carefully.

Gao Jianyun, the second son of the Gao family of Treasure Island, is also a dude, the Gao family is a commercial family, mainly in trade and shipping, business is not small, and has a very close relationship with the ship king of Xiangjiang, strong.

The email also listed a series of information about Gao Jianyun, which Ji Feng read very carefully.

After reading the information, Ji Feng directly deleted the email and cleaned his phone carefully, although he didn't know if there was any automatic cleaning software inside the phone, but it was always good to be more careful, it didn't matter if he was found out, but if it dragged Lao Zhou into it, it would be bad.

"Lei Zi, come out with me!"

After clearing his phone, Ji Feng stood up and said.

Zhang Lei, who was originally bored playing a single-player game on his mobile phone, was immediately energized by the words, and he immediately stood up, "There's work to do?!"

Bai Zhu also stood up, Ji Feng had an action, she must follow it.

Ji Feng said, "Go out and have a look around, Old Liu, you few stay behind, be careful."

Liu Zejun nodded his head.

Bai Zhu immediately asked, "Young Ji, what about me?"

Ji Feng said, "There's just me and Lei Zi together, you stay behind."

This time, the exact operation was still uncertain, and more people would be too big a target instead.

Bai Zhu was a little worried, but since Ji Feng had decided, she could only stay, but couldn't help saying, "Younger Ji, you have to be careful."

Ji Feng smiled and gave her a reassuring look before turning his head and saying, "Lei Zi, let's go!"

After going out, Ji Feng and Zhang Lei walked along the path for a while, crossing a few streets, until they were a long way from their landing place, before they stopped and prepared to stand on the roadside to take a taxi.

"Crazy, where are we going here?" Zhang Lei asked.

"To find someone, if we want to find out the source of the Alpha Ore, we might be able to find a breakthrough from him!" Ji Feng said.

Zhang Lei was stunned, "Who?!"

He then reacted and asked, "You're talking about Gao Jianyun?!"

Before he came to Treasure Island he already knew that when Ji Feng saved the Special Combat Brigade back, he met Bao Weisheng and Gao Jianyun, and also knew about the Alpha Ore, so at this moment when Ji Feng said it, he immediately thought of Gao Jianyun.

At that time, when Bao Weisheng bought the ore from the fisherman, Gao Jianyun was present. If what Bao Weisheng said was the truth, then Gao Jianyun must know something, at least, he also knew what the fisherman looked like!

In that case, the investigation would be much simpler.

Because he wanted to conceal his whereabouts, Ji Feng had long prepared two hats as well as two sunglasses, slightly changing his image, and the two of them got into a taxi and disappeared into the night.

.....

The more the time comes, the more he doesn't want to drink, and he has other plans in mind, he can't take revenge on Ji Feng blatantly, which makes him very aggravated and annoyed.

The company's main business is to provide a wide range of products and services to the market.

Even if something went wrong, he would not be involved.

Therefore, after agreeing to provide Gao Jianyun with all the funds, Bao Weisheng left early.

He hated Ji Feng to the core, but he didn't have that much money to hire top international assassins, so now that he had the support of Bao Weisheng, he couldn't be happier.

Thinking that Ji Feng would soon be lying dead on the street and that the revenge for his severe beating would soon be avenged, Gao Jianyun was in a great mood and simply hooked up with two hot girls in the bar, drank some wine to help the mood, and was ready to take them to the hotel.

"Hmm?!"

Ji Feng couldn't help but frown, and then froze slightly, his gaze, fell on the young man at the entrance of the bar, at the moment that young man had one arm around a hot and boldly dressed beauty, the actions between the three of them were very ambiguous, without any regard for the feelings of the people around them.

But what Ji Feng noticed was not this, but the young man's appearance.

Gao Jianyun?

Ji Feng couldn't help but be a little surprised, he really didn't expect to see Gao Jianyun as soon as he arrived, this was quite a coincidence!

Originally, in the information provided by Old Zhou, it was mentioned that Gao Jianyun opened his own bar and often came to the bar to hunt for women, so Ji Feng planned to come here first, and if he couldn't find Gao Jianyun, then he would go to Gao Jianyun's residence.

The reason is that according to Old Zhou's investigation, Gao Jianyun is a complete playboy and playboy who spends his days drinking and drinking, so it is very unlikely that Gao Jianyun is at his residence at this point in time. But I didn't expect to see Gao Jianyun at the door just after I arrived at the bar!

Ji Feng couldn't help but smile slightly, "What a coincidence!"

"This guy is Gao Jianyun?!" Zhang Lei also followed Ji Feng's gaze and saw Gao Jianyun who was hugging left and right.

"That's him!"

Ji Feng nodded and said, "Let's wait until he leaves the bar!"

Gao Jianyun was really cooperative, and Ji Feng didn't have to wait long at all before they saw Gao Jianyun walking towards the car park with the two women in his arms, talking and laughing, and arrived at a car.

The two women were not even able to react when Gao Jianyun felt the two women go limp in his arms, and he laughed: "So impatient, huh? Don't be in a hurry, when we get to the hotel, you'll look good!"

"You'll be the one to watch first!" Zhang Lei said coldly.

"....."

Gao Jianyun was horrified and turned his head sharply to see two men wearing sunglasses and hats standing right behind him, "You guys"

Before he could finish his words, Zhang Lei raised his hand and knocked him out.

This kind of thing is really not even a primary school lesson for Ji Feng and Zhang Lei. Zhang Lei fished out the car keys from Gao Jianyun's body, opened the door and casually threw him and the two women into the back seat of the car, and after that, he and Ji Feng drove out of the bar car park.

When Gao Jianyun woke up, he found himself in a very remote place – there were no streetlights around, only lights in the distance, which seemed to tell him that he was far away from the city at the moment.

But the next moment, Gao Jianyun was scared shitless!

A gun was pointed at his head, and he could feel the murderous aura emanating from the man pointing it at him!

Kidnapping?

The word "kidnapping" immediately came to Gao Jianyun's mind, and he was instantly terrified, kidnapping with a gun is definitely not an ordinary thief.

"You, what are you people!" Gao Jianyun's voice was trembling a bit.

"Gao Jianyun, do you know what we are looking for you for?"

"I'm not, you guys are mistaken for someone else," Gao Jianyun said immediately upon hearing this.

Zhang Lei immediately could not help but be stunned, this guy was really a fucking oddball, how could he still want to use this method to escape at this time? What kind of intelligence is this?

Ji Feng also couldn't help but be a little surprised, he didn't expect Gao Jianyun to reply like that either!

This guy was simply a straw man!

"You're not Gao Jianyun?!" Zhang Lei asked in a cold voice.

"No!"

Gao Jianyun hurriedly said, "I'm Gao Jianyun's bodyguard, Young Master Gao he's drinking in the bar and asked me to go back first"

"Alright! Since you're not Gao Jianyun, then we're not interested in knowing who you are." Zhang Lei directly interrupted him, "Although it was us who misidentified the person, then we can only blame you for having a bad life, in order to keep it a secret, we can only silence you and go to the King of Hell to complain to him when we get to hell!"

Ka ka ka!

With that, the bullet was loaded and Zhang Lei's gun was slightly raised and aimed at Gao Jianyun's head.

Gao Jianyun's cold sweat instantly came down, he almost slapped himself hard, seeing that even his life would be lost, he no longer dared to deny it, he immediately lost his voice and shouted, "Don't! Don't shoot! I'm... I'm Gao Jianyun!"

"Bullshit!"

Zhang Lei cursed angrily, "You just said you weren't, I think you're trying to stall for time, no, I must kill you"

Gao Jianyun was really frightened, he shouted piteously, "I'm really Gao Jianyun, I'm really Gao Jianyun! Don't kill me!"

"You're really Gao Jianyun?" Zhang Lei asked coldly.

Gao Jianyun was nodding desperately like a chicken pecking at rice, afraid that if he hesitated his head would be shot off: "I am, I am Gao Jianyun"

Zhang Lei said in a cold voice: "Then why didn't you admit it just now?!"

"I" Gao Jianyun really didn't know how to answer.

"Forget it, since it's you, that's all right!" Zhang Lei's words made Gao Jianyun's heart tremble again, "Let me ask you, half a month ago, did you bully a fisherman on the beach with a rich boy?!"

"Huh?"

Gao Jianyun froze, bullying a fisherman? By the seaside?

The extremely frightened Gao Jianyun didn't really know what the other party was talking about for a moment, he looked at Zhang Lei blankly, but in the darkness he could only see the black muzzle of the gun in front of him.

"No?! Hmph!" Zhang Lei was about to shoot.

"Don't! Don't shoot!" Gao Jianyun was terrified, and he hurriedly shouted, "I, I don't remember!"

"Don't remember? Then it's useless to keep you!" Zhang Lei said in a cold voice.

"Wait a minute!"

Gao Jianyun hurriedly shouted, "I, I'll think about it, let me think about it! Half a month ago, half a month"

Suddenly, he hurriedly said, "I remember, half a month ago I did meet a fisherman!"

Campus Master Chapter 2817 -

"Speak!"

Zhang Lei bellowed coldly.

"Fine, fine, I'll say!" Gao Jianyun shivered in fear and said in a panic, "About half a month ago, a friend and I went out" on a cruise, and we did meet a few fishermen at that time, but, but I didn't bully them!"

He did recall, how could he not remember the events of that day?

It was that day when he and Bao Weisheng went out to sea together and encountered something that made him extremely humiliated – he and Bao Weisheng were beaten up like dead dogs, and he couldn't help but be furious every time he thought about it, so much so that he even forgot about the fishermen.

"Bullshit!"

Zhang Lei snorted coldly, "You haven't bullied people? Then how come you took away someone's stuff?"

Gao Jianyun hurriedly said, "It's true! I really didn't bully those few fishermen, nor did I rob them"

Speaking of this Gao Jianyun suddenly froze, robbing things?

He finally remembered what was going on and hurriedly said, "You're talking about that rock? Hey! Who said it was a robbery, it was paid for by my friend! How can you say it was robbed when the fisherman agreed and was so happy with the money?"

"Is everything you said true?!" Zhang Lei asked coldly.

“Of course it’s true!”

Gao Jianyun hurriedly said, “I can swear to the heavens that if I make a false statement about this, I will be damned to death!”

Zhang Lei coldly snorted and said, “You people swearing is no different from farting, why should Laozi believe you?!”

“I

“No way! I want to personally confirm if what you said is true!” Zhang Lei said in a cold voice.

“Then you can go and confirm it, what I said is definitely true!” Gao Jianyun at this moment instead came to the bottom, he originally thought he was kidnapped, now it seems that people are retaliating, but this thing he really is not at all bullying, that black stone is bought with money, not robbed!

“Then, tell me the fisherman’s address and contact information, I will personally ask him, if I know that you bullied someone, I will not let you off!” Zhang Lei said in a cold voice.

“Just go ahead and ask!” Gao Jianyun was incredibly confident, and then he suddenly added, “But

When they bought the stone, they paid for it directly and took it back, where would they ask where the fisherman lived?

In the eyes of gentry like Gao Jianyun and Bao Weisheng, that fisherman could not even enter their eyes.

“Don’t know?!”

Zhang Lei immediately laughed sardonically, “Gao Jianyun, I see that you are really not afraid of death, very good, it seems that it is not possible to teach you a lesson!”

Gao Jianyun shouted at that, “I’m telling the truth! I really don’t know where he lives!”

“If you don’t know, then it’s only your bad luck!” Zhang Lei said coldly.

Gao Jianyun was terrified, seeing the black hole of the gun aimed at his head, his body went soft with fear, but his mind was spinning fast.

“Wait, wait a minute!”

Suddenly, Gao Jianyun hurriedly called out, “I remember, I remember

Zhang Lei impatiently shouted coldly, “Remembered what, say!”

“I, I remember that fisherman’s boat number!” Gao Jianyun hurriedly said, “I saw his boat, I know which one his boat is!”

“Are you sure?!” Zhang Lei asked coldly.

“Really, I’m sure!” Gao Jian Yun hurriedly said, whether he was really sure or not, but at this time he had to be sure, otherwise, the black muzzle of the gun was no joke, these two psychopaths who came out of nowhere might really kill him!

Gao Jian Yun would not gamble with his own life!

Zhang Lei, however, was happy in his heart, but he bellowed coldly, “Say!”

“Yes, yes, I said

“Two, two, I’ve told you everything I know, can you let me go back?” Gao Jianyun asked cautiously.

“Go back?!”

Zhang Lei snorted coldly and said, “You’re thinking good thoughts! Let me tell you, until I confirm it, you are not going anywhere, if it is finally confirmed that what you said is true, then I can consider releasing you, but if I know that you are lying to me

Gao Jianyun hurriedly said, “It’s all true, what I said is all true!”

“Whether it’s true or not will have to wait until I’ve confirmed it!” Zhang Lei snorted coldly.

“I

Gao Jianyun still wanted to speak, but was knocked out by Zhang Lei with a raised hand.

After confirming once again that Gao Jianyun and the two women were in an unconscious state, Ji Feng and Zhang Lei took a few steps away, and Zhang Lei said, “Crazy, it seems that this guy really doesn’t know more detailed information about that fisherman, but it’s good that he’s not all a waste, he finally provided a bit of useful information!”

Ji Feng nodded, “The information provided is already quite a lot, Lei Zi, you are responsible for handling the three of them, I want to immediately arrange for someone to check out that fisherman, he may be the only one who knows where exactly the ore was found now, we must hurry!”

Although Gao Jianyun was now under their control, they certainly couldn’t control him for too long, if time went on the people of the Gao family would definitely find out about Gao Jianyun’s disappearance, and when it caused waves, there would definitely be unexpected trouble.

Now everything else has to stand aside, finding the Alpha Ore first is the most important thing!

Leaving Zhang Lei behind, Ji Feng immediately contacted Bai Zhu and Yang Bin and took them with him to find the fisherman, after which he contacted Lao Zhou and asked him to deploy someone who was familiar with Treasure Island, especially someone who was skilled in speaking with a Treasure Island accent!

Once again, Old Zhou impressed Ji Feng, and by the time they arrived at the pier where Gao Jianyun had met the fisherman, the person Old Zhou had sent was already waiting there.

It was a middle-aged man of about forty, who should be slightly younger than Old Zhou by his age, dressed neatly and looked like an ordinary office worker.

“Just call me Old Liu!” This middle-aged man said with a smile.

Ji Feng nodded and smiled, shaking hands with him, knowing that this was probably just another term of endearment, and maybe this person’s surname wasn’t really Liu.

But all these things were irrelevant, the most important thing was to hurry up and find that fisherman.

It was already late at night, and many fishing boats could be seen from far away on the pier, apparently all these fishermen had already finished their work, and it was good that there were still night watchmen and patrollers on the pier, and Old Liu was very skilled in dealing with them.

What surprised Ji Feng in particular was that when he met the patrollers, Old Liu actually took out an ID from his pocket, he was actually an employee of a police station on Treasure Island!

“I’ve been in Treasure Island for many years, so I’ve mixed up my position.” Old Liu smiled.

“Very impressive!”

Ji Feng nodded his head and said seriously. He really admired people like Old Liu, who had to do a special job on the one hand and still get the cover right, and from what Old Liu said, he could hear that he was probably from the mainland and must have been on Treasure Island for not too long, even his accent had completely changed.

Old Liu just smiled and waved his hand, and didn’t say anything. It was obvious that this man didn’t say much, but he was very sharp in his work, and with his status as a police officer, he easily enquired from the people on patrol about the boat that Gao Jianyun had described.

“There are a lot of fishermen who are not going home right now, probably in a few hours they will be going out to sea to fish, so usually most of them rest on the boat for convenience.” Old Liu’s words made Ji Feng’s spirit tremble.

In that case, the fisherman he was looking for was on the boat?

“Go, go over and take a look!” Ji Feng said immediately. Old Liu walked at the front, and Ji Feng followed behind with Bai Zhu and Yang Bin, the two of them scanning the surroundings warily from time to time.

“Is the owner of the boat here?”

When they arrived next to the fishing boat, Old Liu shouted out loudly, while knocking on the boat, there were so many fishing boats around, if they didn’t knock on the boat, I’m afraid no one would answer!

Ji Feng couldn’t help but have his eyes light up, there was a light on the bow of the boat, it seemed that someone was really inside.

“Who is it?!”

As expected, a man’s voice came from the cabin of the boat.

Old Liu said, “It’s me, I have something for you, get up and lean the boat over a bit!”

There was a muttering sound from the cabin, which seemed to be impatient, but the light came on anyway, then a figure swayed a few times, and then a creaking sound that made your teeth sink sounded, and then a man came out.

“Who is it, what’s the matter?!”

A man walked over with his coat on, the boat was swaying but he walked as if it was flat, walking extra steadily. When he came to the bow of the boat, a strong torch shone over, shining right on Ji Feng and the others.

The man seemed not to have expected so many people and could not help but be slightly stunned: “What are you doing?!”

Old Liu said, “Looking for you to talk business, lean the boat over a bit, let us go up and talk more about it!”

However, the man was a bit wary: “What kind of business are you talking about?”

Old Liu said impatiently, “Are you too nosy? There are so many boats around and patrols, can we still do anything to you?”

The man froze, not expecting Old Liu to be so ungracious, but his guard was down, if the other party was really planning something bad, they would not dare to be so loud.

He hesitated for a moment, but finally picked up a long plank and hiked it over from the bow.

“Go!”

Old Liu turned to Ji Feng and said.

The four men quickly got on the boat, and at this time the strong torch in the man’s hand turned off and asked, “What do you want to talk to me about?!”

Campus Master Chapter 2818 -

“Good thing!”

Old Liu smiled faintly, “Let’s go in and talk!”

The man, however, gave Lao Liu a look and couldn’t help but be a little suspicious: “You guys are ……”

Ji Feng and the others hadn’t opened their mouths because none of them could speak that standard Treasure Island accent, one could hear that they weren’t locals, and now it was already so late that the ship owner would definitely be wary when he heard it.

Old Liu, however, once again took out his papers and said, “Police officer, looking for you to find out something.”

The boat owner was startled: "A policeman? I haven't broken any laws, have I? What"

"Don't worry, it's not your problem, just looking for you to understand some information." Old Liu said with a smile. He was good-faced himself, and his smile gave people a sense of trust at first glance.

"..... Alright, please come in!" The boat owner nodded his head. For the police, ordinary people were more or less convinced, "It's a bit messy, don't mind, feel free to sit down!"

"It's okay."

Old Liu smiled, the life of fishermen was very hard, especially in recent years the fishing resources were getting poorer and poorer, many fishermen had to travel a long way to have a harvest, but with the provocations from some countries around such as the Philippines, the fishermen's life was even harder, and they even had to face the danger of being caught at any time.

The cabin was really messy and smelled of fish, but Ji Feng and the others didn't mind in the slightest and casually found a seat and sat down.

The boat owner was a bit nervous, and as soon as he sat down he couldn't help asking, "Officer, you've come to find me for"

"You don't need to be so nervous, we're just looking for you to get some information." Old Liu smilingly reassured the boat owner before asking, "It's like this, about half a month ago, you once got a blackish stone and then sold it to a wealthy gentry, right?"

"Huh?!"

The boat owner froze, his eyes a little confused, "Did you? I can't quite remember."

Ji Feng couldn't help but smile slightly at once, this boat owner looked honest and naive, but he was also a shrewd person, ah, just now when Old Liu just asked, the boat owner's eyes flickered a few times, and then he said he couldn't remember.

Obviously, the boat owner not only remembered, but also remembered very clearly.

Old Liu said, "Don't worry, you are not breaking the law by selling the stone, we are only looking for you to investigate the source of that stone, did you get it yourself, or who gave it to you?!"

But the boat owner shook his head and said, "I really don't remember, did you find the wrong person?"

Old Liu frowned, "Boat owner, you don't have to do that, as I said, this matter has nothing to do with you, you selling the stones is your freedom, it's not illegal, we just want to investigate, you probably don't know that the rich gentleman's stones have been stolen!"

The boat owner froze, but shook his head and said, "I don't know what you are talking about, you really have the wrong person."

Old Liu said, "Boat owner, you probably don't know the seriousness of the matter yet, do you? Let me put it to you this way, that rich gent called the police immediately after the stone was lost, and"

The boat captain didn't say anything and acted as if he had no interest in the matter.

"He suspects that the stone was probably stolen by you!" Old Liu suddenly said.

"What?!"

The boat owner immediately became anxious at hearing this, "Nonsense, what am I doing stealing his stone? Besides, I don't even know where he lives or who he is, how could I steal it?"

Ji Feng and the others, however, laughed heartily, the boat owner had just said that he didn't know what was going on and that they had mistaken him for someone else, but now when he heard that the suspicion was on him, he immediately said 'he' in one breath, obviously he had met that rich boy.

Alpha ore, it was he who sold it to Bao Weisheng!

Old Liu said, "Boat boss, that rich gongzi brother said that only you and he knew about that stone, of course he couldn't have stolen it himself, then it could only be you who stole it!"

"He's spouting blood!" The boat owner said angrily, "I didn't steal his stone!"

"But what do you do when people just suspect that?!" Old Liu stretched his hands, "You have to tell us the situation carefully, or else we'll just have to ask you to talk to the police station!"

"I was wrongly accused!"

The boat owner said hurriedly, very innocent, "Officer, please don't accuse a good man, yes, I did sell him the stone at that time, but, it was a hand delivery, and then I never saw that man again ah, nor do I know where he lives"

Ji Feng and the others looked at each other and finally admitted it!

"I get it!"

Suddenly, the boat boss's voice steeply raised a few notches, his eyes held an angry glint as he said, "I understand what's going on!"

Old Liu asked, "What's going on?"

But the boat boss did not answer, but asked, "If I tell you, you must believe me."

Old Liu said, "As long as what you say is true, I will definitely consider it seriously."

The boat boss hesitated for a moment before saying, "I did sell a black stone to that man, but I didn't steal his stone, he must be retaliating!"

Old Liu immediately asked, "What's going on?!"

Ji Feng was also alert, how could he hear the tone of the boat boss, as if there was something else in between?

Of course he knew that Old Liu's story about the rich gentleman calling the police to report that his stone was lost and suspecting that the boat boss stole it was an impromptu lie made up by Old Liu to swindle the boat boss, but he didn't expect that there was something else going on!

"Actually, after I sold the stone to that man, that man came again." The boat boss said.

Ji Feng's eyes narrowed slightly at once, Bao Weisheng had come again?

This guy is really a dog, his nose is really sharp!

At that time on the yacht, he only lost his temper a little bit, and Bao Weisheng was able to come over and ask again, it seemed that his own performance had fallen into his eyes.

This man had a really good eye, he was something!

"And then what?!" Old Liu asked.

"He asked me if I had any more stones like that, I said no, then he asked me where I got that stone from, asked me the exact address, I said I forgot, I just fished it out unintentionally when I was fishing at sea, and I couldn't remember exactly where it was."

The boat captain stretched his hands and said, "Think about it, officer, the sea is so big, when I was out at sea, I inadvertently salvaged a net, it is normal to have some water plants and rocks mixed in it, right? Then when the boat left, how could I still know where it was hit?"

Old Liu nodded his head, the boat boss was right, it was very much in line with common sense.

He asked, "So what did the rich gentleman say?"

"But he didn't believe it, and threatened me!" The boat boss was furious, "If I don't remember it, I don't remember it, even if he kills me, I still don't remember it, I can't just say a place, can I? That way if he can't find it, won't he still be looking for my trouble when the time comes?"

Old Liu nodded slightly and did not say anything, continuing to listen to the boat boss.

The boat boss said, "Then that rich boy left, and when he was leaving he even threatened me with harsh words, now well, it really came, he actually falsely accused me of stealing his stone from him after he left I went out to sea and didn't come back until morning, where would I have time to steal his stone? "

The boat captain said angrily, "Officer, you must believe me, what I said is true, it's all because that guy framed me!"

Old Liu nodded and said, "Take it easy for now, I will consider all these situations you mentioned and report them, as long as you didn't do it, then we definitely won't accuse you wrongly!"

"Thank you, officer, please do report it!" The boat captain said repeatedly.

"Don't worry, it will be." Old Liu said.

Only then did the boat boss let out a sigh of relief and nodded his head repeatedly.

However, at this moment, Ji Feng was looking at him with narrowed eyes, as if he was thinking.

Ji Feng could be sure that the boat boss was definitely not telling the truth, or at least, he was not telling the whole truth. Don't look at this boat boss as if he was honest, but when he said these words just now, his gaze flickered several times, so obviously he had lied.

Ji Feng speculated that Bao Weisheng must have come, and certainly the purpose must have been to find the Alpha Ore, although Bao Weisheng may not have known no, he must not have known what the black stone actually was, but that didn't stop him from seeing from his own reaction that the stone should be something useful and of some value.

So Bao Weisheng came and found the boat captain.

However, the course of their conversation after Bao Weisheng found the boat boss was definitely not as simple as the boat boss said, whether or not there was a conflict between them appeared to be unknown, but what Ji Feng could be sure of was that there must be something else in between!

The boat boss had lied!

Ji Feng narrowed his eyes and stared at the boat boss, wanting to see some clues from his face. The boat boss also noticed Ji Feng's gaze, and although he still looked aggrieved and angry, he was uncomfortable by Ji Feng's look and unconsciously twisted his body.

"Honey, who's here in the middle of the night?" Just at this moment, the door inside the cabin was suddenly opened and a middle-aged woman walked in.

"No one, you go back to sleep!" The boat captain said hurriedly.

"We are the police!" Ji Feng suddenly said, imitating that Treasure Island accent as best he could.

"Huh?"

The middle-aged woman was startled, "The police? Hubby, what are the police doing here with us? A few officers, you"

The ship's boss, however, suddenly became furious, and he shouted, "Go back when you're told to, what are you doing out in the middle of the night when you're not sleeping? Look at the way you're dressed! Go back now!"

Seeing this kind of performance from the boat boss, Old Liu, who had already believed what he said, suddenly reacted at this moment, he glanced at Ji Feng and saw Ji Feng nodding slightly to indicate, he immediately understood.

"Boat boss, it seems you haven't understood the seriousness of the matter, just because of that black stone, you will probably go to jail, you know?!" Old Liu grunted, and his face sank.

“Skipper, it seems you haven't understood the seriousness of the matter, just because of that black stone, you're probably going to jail, you know?!” Old Liu grunted, and his face sank.

Although Old Liu didn't know exactly what was going on, but Ji Feng had briefly communicated with him before and had clearly told him to find a way to ask the source of the black stone from the boat boss, whether it was asking or scaring, no matter what the method was, as long as he could get accurate information.

So, Old Liu's mind was racing from the very beginning, because Ji Feng didn't know how much the boat boss actually knew, so it all depended on Old Liu to improvise.

And now, it was a good opportunity!

The middle-aged woman had just spoken and the boat boss reacted so strongly, even a fool could see that the boat boss did not want the middle-aged woman to be present, either he was afraid that this matter would involve the woman, or he was definitely afraid that the middle-aged woman would say something.

With his years of experience as a police officer, he could tell at a glance that the boat boss must be worried that the middle-aged woman would open her mouth and say something she shouldn't!

So Old Liu had a plan and deliberately scared the boat boss, but in fact he was saying this to the middle-aged woman. He believed that if these two were really a couple, the middle-aged woman would be anxious to know that her husband was likely to go to jail.

And sure enough!

As soon as the boat boss's wife heard Old Liu say that her husband might even go to jail, she couldn't help but blush and become anxious.

“A few officers, what is going on here, how come my husband is going to jail?!”

“Officer!”

The boat boss, however, hurriedly interrupted his wife and said, “You can't accuse me wrongly, I really didn't steal anyone else's things, I've already said what I should say, that's all I know

Old Liu said, “In that case, then we can only ask you to come back to the police station with us to assist in the investigation, that rich gentleman said that he bought the black stone from you for 100,000 at that time, if it is finally determined that you stole it, then the value of the black stone can already get you a prison sentence!”

“Ah!?”

The boat captain and the middle-aged woman were both stunned for a moment, this was even a prison sentence?

“Officer, you must have made a mistake, how could my husband steal someone else's things?” The boat captain's wife was terrified and she said hurriedly, “My husband has always been an honest man, he would never do such a thing!”

“It's not up to you to say whether he did it, nor is it up to the person who reported the case, we have to go through the investigation and collect evidence before we can confirm it!” Old Liu said, “So, now we need to ask your husband to come back with us to assist in the investigation!”

How could the boat captain's wife want her husband to be taken away?

She hurriedly said, “No, that's impossible! Officer, the black stone you just saw? Is that the one you sold to that young man that day?”

“That's right!”

Old Liu nodded and said, “It's that one, now that the item is lost, only your husband and the person who reported it know about the existence of that stone, no one else knows, so now your husband is the most suspected, and people are straight away suspecting that your husband stole it

“That's not possible!”

Before Old Liu could finish his words, the boat boss's wife immediately interrupted him and said, “There is absolutely no way that our Old Liu would steal something.”

Ji Feng suddenly asked, “How are you so sure?”

“Because

“All right!”

Before the boat boss's wife could reply, the boat boss suddenly got angry, he looked at Old Liu and the others and said stiffly, “Several officers, you can doubt me, but I still say the same thing, I have not stolen anything, I said so before, I still say so now, and I will say the same in the future!”

Old Liu couldn't help but feel a slight daze in his heart, with his experience, the boat boss was putting up a stance of a dead pig not afraid of boiling water, huh? What exactly was it, or what exactly was the reason, that made the boat boss go out of his way to be this rigid?

The actual fact that the boat boss is actually tough?

He stared at the boat boss, but what he saw on the boat boss's face was a touch of ruthlessness, and a kind of reluctance.

Ji Feng couldn't help but feel a twitch in his heart, could it be that the boat boss knew the value of the Alpha Ore?

Obviously not!

If the boat boss really knew the value of the Alpha ore, then it wouldn't be the way it is now, he would have directly lionized it, or the person would have gone into hiding long ago.

Then what would be the reason?

At this time, Ji Feng's gaze fell on the face of the boat boss's wife again, and found that she was full of anxiety, constantly giving the boat boss a wink, but all of them were glared back by the boat boss.

Well!

It seems that she should not support the boat boss to do this, only she is not as strong as the boat boss and cannot be the boat boss' master.

Ji Feng secretly made a note of it.

"In that case, then please come with us!" Since the boat boss had toughened up, then Old Liu naturally had to be tough in return, otherwise it would only make the boat boss tougher.

"Just go in, who's afraid of who!" The boat boss said, "I am righteous and not afraid of the shadow, not stealing is not stealing, I am not afraid to go anywhere!"

"Then please!"

Old Liu nodded his head and stood up.

At this time, the boat boss's wife could not help herself, she hurriedly said, "Several officers, you can't take my husband away, my husband did not steal someone's things, ah, besides that thing is that valuable, let you all come one after another to find"

"What are you talking about!" The ship's boss interrupted her with a loud bellow and glared at her, "If you don't speak no one will take you for a mute! All right, don't say anything, I'll go back with these officers, and when the matter is investigated clearly it will naturally be fine."

"You're confused!" The boat boss's wife said hurriedly, "This, this is not such a cheap thing! He's a rich man, rich and powerful, how can you stop him if he wants to mess with us?"

The boat boss couldn't help but purse his lips and didn't say anything.

Of course he could hear that his wife's subtext was saying that this was clearly the result of the wealthy grandson's actions, and that perhaps these policemen were all the rich grandson's lapdogs and were on his side, and now that you had been taken away, even if it turned out that you hadn't stolen it, it might be framed against you then!

Of course the boat boss knew he couldn't fight the other side, but to make him give up, he was unwilling to

"A few officers, please believe me, this is really not my husband's doing, this is someone's retaliation!" The boat boss's wife stopped in front of her husband and pleaded with Lao Liu and the others.

"Words have no proof, there must be evidence to prove that it was indeed not your husband's doing." Old Liu said.

"I'll be able to testify, I can prove that my husband didn't have time to steal anything at all, he"

"That's enough!"

The boat captain barked, "Where do you get off talking so much! Go back to your cabin and stay there, you have nothing to do here!"

The woman wanted to say something else, but was glared at by the boat boss: "If you keep talking nonsense, believe it or not, I'll flip out with you!" She instantly dared not speak.

Ji Feng and the others watched the scene quietly, not saying anything, but they all had a plan in their hearts.

Although the boat boss didn't say anything, the more he was like this, the more it proved that he had a ghost in his heart, and he definitely knew something about the Alpha Ore, and what he knew might be quite a lot.

Perhaps, whether the Alpha Ore could be found or not might depend on this boat captain's body!

"Let's go!"

Ji Feng waved his hand, since the boat boss was so hard-headed, then no matter what, he had to be controlled first, because Bao Weisheng had also noticed the boat boss, if he let the other party get ahead of him, then I'm afraid it wouldn't be that easy to find the boat boss again.

Liu took out the handcuffs and prepared to handcuff the boat boss. As soon as the boat boss saw the handcuffs, a look of panic flashed in his eyes and he subconsciously took a step backwards.

"What, don't want to go?!" Old Liu asked.

"You guys who are you to arrest me? Without evidence, you can't just arrest people!" The boat boss gulped and couldn't help but say.

Old Liu then frowned and said, "Right now you are the most suspected, of course we have to take you back for investigation!"

The boat boss said, "But you have no evidence!"

"In that case, you want to resist!?" Old Liu's voice sank.

"You guys are just arresting people without evidence, I will definitely file a complaint against you!" The boat boss said stiffly.

"Heh!"

Old Liu then couldn't help but laugh and said, "Scaring me, huh?"

The boat boss pursed his lips and didn't say anything.

At this time, Ji Feng stepped forward, waved his hand and said, "Old Liu, forget it, it's indeed inappropriate to arrest someone today, let's go back and check again!"

And then he looked at the boat boss and said, "Until our investigation is over, you can't go to sea or leave Treasure Island, wait for our summons at any time, do you hear me?"

The boat boss was obviously relieved, his face was even more pleased, he nodded his head repeatedly, if he could not be arrested, then he definitely did not want to be caught in the police station, as his wife said, he was definitely at a disadvantage when fighting with others who were rich and

powerful, not to mention that once he was in the police station, everything would be out of his hands then!

“Let’s go!” Ji Feng said.

Old Liu nodded and gave the boat boss a deep look, putting aside the mission tonight, the boat boss’ odd transformation also aroused his interest, there must be something here.

Several people went out of the cabin and went up to the pier through the wooden board again. The boat boss kept sending them out, and as soon as Ji Feng and the others were on the pier, he hurriedly put the board back, as if he was afraid that Ji Feng and the others would turn around and return.

“Old Liu, your performance today was really great, very impressive!” Arriving at the pier, Ji Feng gave a thumbs up.

“Awesome what, still didn’t finish the job!” Old Liu shook his head and smiled bitterly, asking the boat boss again next would definitely be more difficult.

Campus Master Chapter 2820 -

“Old Liu, your performance today was really great, very impressive!” Arriving at the pier, Ji Feng gave a thumbs up.

“Awesome what, still didn’t finish the job!” Old Liu shook his head and smiled bitterly, asking the boat boss again next would definitely be more difficult. They had already aroused the ship’s boss’s vigilance by coming here, and when they left the ship’s boss would definitely think of some strategies to deal with them, so I’m afraid it wouldn’t be effective to ask again at that time.

Ji Feng shook his head and said, “That may not be the case!”

At this moment, out of the corner of his eye, he saw that the boat boss had already put back the wooden board connecting the pier to the fishing boat, he smiled imperceptibly and said, “Old Liu, let’s go.”

Old Liu nodded, but there was no happy look on his face, even if he was praised by Ji Feng, he only smiled bitterly.

Today’s preparation was inadequate, ah, if he had known things would be so troublesome, he would have been better off preparing a fake formality. Even though this was because the top had informed him on short notice very late, Old Liu felt that he hadn’t been thoughtful and hadn’t played his part very well.

“Hoo~~”

Seeing that Ji Feng and the others had gone far away, the boat boss couldn’t help but let out a slight sigh of relief until he couldn’t see Ji Feng and the others, then the boat boss was completely relieved, but he still stood at the bow of the boat for a moment, as if to confirm whether Ji Feng and the others had left.

At the same time, Ji Feng and the others had already gone a long way out, but he suddenly stood still.

“What’s wrong?” Old Liu asked.

“Old Liu, you guys hide around here first and wait for me to come back!” Ji Feng said.

“Hide?” Old Liu was stunned.

Ji Feng nodded and didn’t say anything more, but directly turned around and sped off in another direction, disappearing into the night in the blink of an eye.

Old Liu was a bit stunned: “This

Bai Zhu said, “Follow what Ji Shao said, find a place to hide first, don’t let anyone find out, especially don’t let the patrol people find out!”

Although Old Liu had doubts in his mind, but did not ask more questions, nodded and followed the duo of Bai Zhu and Yang Bin to quickly hide their forms.

Ji Feng sped through the darkness and soon arrived at the edge of the pier, only to see him leap and point his toes directly at the chains tying the boat, nodding a few times in succession, the whole person was simply like running on flat ground and instantly got on a boat.

It was the fishing boat that they had left just before!

The situation on the boat was all imprinted in Ji Feng’s mind, so his speed did not slow down at all, and his whole person was like a spirit cat in the darkness, and he approached the cabin silently.

But Ji Feng did not enter the cabin, but looked around and then leapt up to the top of the cabin and leaned down on it.

He had come to spy on the news.

The boat boss’s wife had been trying to say something when they were there before, but had been stopped several times by the boat boss, and he could see that the boat boss had actually had drums in his heart at that time, so after they left, the boat boss would definitely do something.

After all, the boat boss is not one of those professional special personnel, nor has he received rigorous training, and his psychological capacity is definitely not good, so after the panic and shock he must do something to eliminate his inner panic.

Ji Feng just wanted to see what the boat boss was planning to do!

As expected!

As soon as Ji Feng leaned over it, he heard the voice of the boat boss’s wife coming from the cabin, “Honey, the police have all left?”

“Gone!” The boat boss said in a muffled voice.

“Honey, did we do something wrong? How come we’ve all brought the police here?” The wife’s voice rang out, “What the hell is that black stone, not only did it attract the Bao family’s grandson, it even attracted the police, it can’t be anything particularly important, right?!”

Ji Feng's eyebrows locked as he listened from above, heh! This was only the moment he arrived and he heard news that surprised him, the boat boss's wife actually knew about Bao Weisheng!

Then it goes without saying that the boat boss must also know Bao Weisheng and the two must have dealt with each other.

The boat boss said, "Who knows, anyway, it must not be something ordinary, at first a small stone, that Bao family's grandson could pay so much money to buy it, later on he had to give a sum of money, now even the police have come"

It turned out that the boat boss had lied to Ji Feng and the others before.

The wife said, "Honey, otherwise, let's not covet that money, okay? Why do I always feel insecure in my heart, since this thing is so important, Duke Bao can't buy it by spending money, and now he's starting to play intrigue, this is not sure what will happen in the future!"

"What do you know!"

But the boat boss snorted coldly and said, "Those policemen must have something wrong with them! Don't believe what they say!"

The wife was surprised: "Huh? Those policemen they are fake policemen? Are they fake?"

Ji Feng listened quietly above the cabin, his face calm, not the slightest fluctuation because the boat boss suspected them, in fact, all this was expected, after all, they had not thought of pretending to be police officers before, and it was reasonable that they were not prepared enough to reveal their flaws.

However, Ji Feng also wanted to know where they had revealed their flaws that the boat boss had seen.

At that moment, the boat boss's voice rang out, "It's not easy to say whether it's a fake or not, but what's certain is that it must not be Mr. Bao who reported the case for the police to come to us."

The wife asked, "Why?"

The boat captain said, "It's not that simple, think about it, Duke Bao has already given us money to bring back a few more black stones, if it wasn't for the fact that the wind and waves were too strong to get close to that island in the past few days, I'm afraid we would have brought the stones to him, so why would he have to go to the police?!"

The wife said with some hesitation, "That's true."

"Also, since Mr. Bao is willing to pay so much money, it is certain that the black stone must not be an ordinary thing, even if it is really lost, he probably won't call the police He was still bugging us to keep it a secret before, if once we call the police, then won't everyone else know about it?" The boat boss analyzed.

The wife said, "What you say, also makes sense. What are you going to do then?"

The boat boss said, "What else can we do, we don't know if the police are real or not, forget it, no matter if they are real or not, we can't stay here, if they can find us, then others can definitely find us, we have to leave now!"

"Leave?!"

The wife's voice was a little surprised: "Where will we go after we leave?"

The boat captain said, "Where else can we go? We are fishermen, of course we have to go out to sea to fish, so that we don't attract attention and we can hide at the same time, it's a two-for-one thing!"

The wife was even more astonished, "Fishing at sea now? Honey, are you crazy? It's so dark now and the sea is so rough, it's dangerous to go out at this time!"

The boat boss grunted, "Are you stupid? Who really wants to go out fishing? I'm going to pick some black stones, so hurry up and deliver the stuff to Mr. Bao and get the rest of the money first!"

"Huh?!"

The wife said in astonishment, "But, the wind and waves near the island where the black stones are to be picked are much bigger, and there are so many reefs, last time you tried so many times in the daytime without success, now it is even more difficult at night, you"

The boat boss said impatiently, "All right, all right, if we really can't get close then we'll think of another way, let's go there first, anyway, we can't stay here for now, you hurry up and start the engine, I'll go call Mr. Bao and tell him what just happened."

The wife disapproved of the skipper's move but could not resist her husband, so she could only mutter and prepare to start the engine. As the footsteps sounded, she could not help but ask, "Do you want to call the others?"

The skipper said, "Are you stupid? How can you call the others for something like this? It's just the two of us!"

The wife said, "But with just the two of us, it's a bit difficult to manoeuvre the boat!"

"Then we can't call anyone else. If it's difficult to steer, then steer slowly. This is a great opportunity to make money and get rich!" The boss of the boat said.

"Make money make money, all you think about all day is making money, what if you don't have a life to spend it on!" The wife muttered and went to start the engine.

Ji Feng was above the cabin, but he listened and his spirit suddenly shook!

Picking black stones?!

A island?!

As expected! The two boat bosses really knew where the Alpha Ore came from, and it was probably on one of the islands they were talking about!

The only thing that made Ji Feng feel excited was that from the words of the boat boss's wife, it could be heard that the boat boss and his wife had gone to that island again a few days ago and even tried to

pick the black stone – that is, the alpha ore, but because the wind and waves were too strong, plus there were many reefs around the island, so they did not succeed. It just didn't work out because of the wind and the many reefs around the island!

Thinking about it, it was even more dangerous for them to be on a fishing boat with a strong wind and waves, let alone near an island full of reefs.

In case the boat ran aground in a big storm or hit the reefs around the island, the couple would have to wait for death!

So the boat captain and his wife had not succeeded last time, but now that they had arrived, they had a sense of urgency and decided to try again.

That means they're going to the island with the alpha ore once more!

"What a way to get there!" Ji Feng couldn't help but secretly say, originally he had envisioned many, many difficulties, but he didn't think that it would be so easy to find out where the Alpha Ore was coming from!

"Mr. Bao, it's me, I'm really sorry to disturb you at this late hour It's like this, the wind and waves were too strong two days ago, I couldn't get close to that island"

In the cabin, came the voice of the ship's boss, obviously calling Bao Weisheng.

But at this moment, Ji Feng's face was covered with a smile.
