

Campus Master 311

Chapter 311

Inside an office in the military hospital, a middle-aged man wearing a white coat and glasses was staring intently at a document in front of him.

Bang!

Suddenly, the door to the room was thrown open at once!

A man stumbled in, his mouth shouting, "Vice President, it's not good! It's not good!"

The middle-aged man immediately looked displeased, "What's all this shouting? What's wrong?!"

The man pointed outside and stammered, "A, a young man visited the chief and actually made him sit up!"

The middle-aged man's frown tightened, "Which chief? There are so many chiefs in our hospital, which one are you talking about?"

There were not many chiefs living in the military hospital, and with the rank of these doctors, they would have to respectfully call those people chief when they saw them.

This man was too ineffective in his work!

The middle-aged man was displeased: "If you can't even speak clearly, I think you shouldn't be the head of the monitoring room, it's more appropriate for you to go stand guard at the main entrance!"

The man shivered in fear, from being the head of the monitoring room to being a guard at the gate, this was too big a difference.

He said in a panic, "Vice President, yes, it's Chief Ji!"

"What?!"

The Vice President's eyes suddenly widened and he stood up at once, shouting out of breath, "What did you say? Someone made Old General Ji sit up? Which bastard is so crazy? Quickly, call the guards and go with me to stop him!"

The Vice President was so frightened that his heart almost didn't jump out, what international joke, which bastard did this!

Who don't you want to sit up, why do you have to make Old General Ji sit up!

Is he able to sit up with that body?

The vice president was rushing out frantically, not even caring about the image of the vice president, that is the old master Ji ah, if something happens to him, not to mention himself as vice president, even the president, I am afraid can not get away with it, and now still pay attention to the image, that is not with oneself!

The vice president cursed to death the guy who had privately helped Master Ji up. It was true that there were many heads living in this hospital, but which head would be bigger than Master Ji?

It is true that there are many chiefs living in this hospital, but which chief is bigger than Elder Ji?

The Vice President could not be clearer about the strength of the Ji family in Yanjing or even in the whole country.

If such a big figure were to grow old normally or die of illness, it would be easier to explain, after all, old age, sickness and death are the natural laws of man and no one can say anything.

But if it is because the hospital is not doing its job properly, so that the old man died because of an accident

This hospital should not exist!

The first time the old man was brought in, because one of the attending doctors said that the situation was worrying, the old man's old, gray-haired subordinate almost didn't draw his gun and shoot the attending doctor!

The vice-president, with the director of the monitoring room and a few guards, hurried to the intensive care ward.

On the intensive care ward side, Ji Zhenping's face also showed a wary look, the sound of those hurried footsteps came from not far away, obviously rushing this way, Ji Zhenping then immediately realized that Ji Feng's actions in the ward had alerted others.

"Tiejun!" Ji Zhenping immediately shouted lowly, and in the corner next to him, a figure immediately flashed past, it was none other than Elder Ji's personal bodyguard, Tiejun!

"I'll try to stop these people who are on their way, you go and tell that kid to hurry up and help Old Master lie down!" Ji Zhenping said in a low voice, originally when Ji Feng helped the old man sit up, Ji Zhenping wanted to stop it, but he just saw that the old man seemed to be saying something to Ji Feng, so he didn't make a sound.

Instead, Tie Jun said in a cold voice: "No one is allowed to go near the ward without Young Master Sun's order, those who break in are to be killed!"

Ji Zhenping suddenly froze for a long time: "Do not kill?"

"Yes!" Tiejun replied in a cold voice.

The first thing that happened was that he was surprised and looked through the glass at Ji Feng, who was talking happily with the old man in the ward, and the old man actually told Tie Jun to listen to this kid's orders?

Other people didn't know what Tiejun was, but Ji Zhenping did.

This man, who was even a year older than himself, was the only son of Tie Long, who was originally the old master's closest personal guard during his southern and northern campaigns.

Ji Zhenping had once heard the old master talk about how during the Great War, the old master had two closest guards, one was the highly skilled Tie Long, who came from the Shaolin Temple, and whose hard work shocked the whole army, this was the old master's closest guard!

The other personal guard was the old master's guard who had been with him since he was a regimental commander, and later on, he was also the sole leader of an army and had a distinguished war record, Master Tang.

These two, were the two most loyal to the old master!

However, Tie Long, who was highly skilled in kung fu himself, did not want to go down to lead the army and only wanted to stay by the old master's side, and is still unwilling to leave until now.

This Tiejun also received his father's true heritage, and his kung fu was so powerful that even elite soldiers, ten or so of them, could not get close to him.

Originally, with Tie Jun's qualifications, he could have gone to the army to take charge of an army, and Master Tie's son, how could he be a coward?

But Tie Jun also declined the offer, willing only to follow the old man's side, looking as if he had nothing to do, living a daily life of boredom.

This shows how loyal the Tie family, father and son, are to the old master, and in fact, they are loyal to the old master alone, apart from that, if the old master does not give the word, even the orders of his elder brother, Ji Zhenhua, Tie Jun will not obey!

As for Tie Long, the old master told the three brothers, Ji Zhenhua, to treat him as an uncle, and even more so, he told them to treat Tie Jun like a brother, and not to show any disrespect to the Tie family, father and son!

Otherwise, they would be expelled from the family!

This could also tell how much the old master thought of the Tie family father and son.

But now, the old man actually told Tie Jun to obey Ji Feng's orders

Ji Zhenping seemed to have thought of something, and an imperceptible smile suddenly appeared on his face as he nodded vigorously and said, "Try not to make a move later, I'll talk to them, after all, these people are also worried about the old master's health condition, they are kind-hearted, we can't return the favor!"

Tie Jun then nodded, but did not say anything.

Ji Zhenping also knew Tie Jun's character, so naturally, he would not mind.

In fact, Ji Zhenping and Tie Jun were also extremely close, and it would not even be too much to say that they were as close as brothers, otherwise, with Tie Jun guarding the place, would it be that easy for Ji Zhenping to bring Ji Feng in?

When he was young, Ji Zhenping was quite unconvinced by Tie Jun. They were of similar age and were martial artists at the same time, so they naturally looked at each other with displeasure, and as a result, they would fight several times a year, but each time, Ji Zhenping would get beaten up.

As a result, they fought several times a year, but each time, Ji Zhenping would get beaten up. As they fought, they became close brothers, which made Master Ji very happy.

It was only later, when Ji Zhenping began to lead the army, that he lost the desire to compete with Tie Long. And it was that ten thousand enemies that he aspired to!

At this time, the Vice President and his party finally arrived, and as soon as he saw Ji Zhenping, the Vice President's face instantly turned bitter: "General Ji, this, what's going on here? Old General Ji's body can't sit up ah, what he needs now is to recuperate"

Ji Zhenping, however, smiled and waved his hand, saying, "Don't be anxious, my nephew knows some medical skills, he is treating the old man, nothing will go wrong!"

Miso!

The fire in the Vice President's heart sprang up, and he almost shuddered as he roared out, "What is wrong with you! Our expert team is at their wits' end, and you're letting a small child be treated casually, in case something goes wrong, who will be responsible!"

Upon hearing this, Ji Zhenping's face instantly turned gloomy: "In your heart, all you want is for my old man to age normally, as long as there are no accidents, is that right?!"

"Hoo-!"

A chill ran through Tie Jun's eyes and he swung his hand violently.

Ka! CLICK!

A dozen guards suddenly loaded the bullets of the automatic rifles in their arms and pulled the safety, the dozen black muzzles of the guns were just pointing at the Vice President and the others, as long as Tie Jun's hand waved, they would immediately kill the Vice President and the others on the spot without hesitation!

There was a loud thud!

The Vice-President fell to the ground in fear. In his desperation, he did say what was in his heart, but the key problem was that he could not say what was in his heart!

Moreover, this is an intensive care area, and he himself ranted here

"How did one listen to the dictates of others and how did one remember this to death!"

Looking at the blackened muzzles of the guns, and the icy looks of those guards, the Vice President's teeth chattered, and his face was practically pale!

"You leave one of you here to wait for orders, the rest of you, get out!" Ji Zhenping snorted coldly, a cold light flashing in his eyes.

“Good! Good! We’ll roll!” The Vice Dean shivered and reached out his hand to point at the one next to him, “You stay!”

After saying that, the vice dean and the others instantly rolled and hurried away, while the one left behind was shivering a little.

Tiejun waved his hand and all the guards’ guns were instantly withdrawn, and only then did the man let out a sigh of relief.

“Bastard!” Ji Zhenping cursed coldly, but he didn’t know who he was cursing.

However, Tiejun, who was next to him, had a deeply thoughtful look in his eyes.

Some people, or maybe they might not be worthy of the name brute!

.....

“Little monkey, you’ve really become a thorn in someone’s side, are you afraid?” Inside the ward, Elder Ji could see clearly what was happening outside through the wide glass on the wall, but he didn’t look half displeased, he just looked at his grandson kindly and asked in an extremely slow tone.

“I saved my own grandfather, what’s there to be afraid of?” Ji Feng likewise saw clearly what was going on outside, and he smiled faintly.

“Good! Bravo!”

The old man seemed satisfied and nodded slightly, a look of relief once again appearing in his eyes.

“Grandpa, until you recover, I’d better stay here.” Ji Feng laughed, “If I go out, someone might really find trouble with me, it’s safer to stay here with grandpa!”

“Good! Little monkey, you stay!” The old man nodded happily, but in his heart, he knew very well that this grandson of his was not afraid of being bullied if he went out, but afraid that after he left, someone in the hospital would ‘bully’ him, the old man!

The old man felt relieved to have such a grandson!

Chapter 312

A young man came to Master Ji’s ward, this kid not only took the liberty to make Master Ji sit up, but also, not knowing what kind of evil Master Ji was suffering from, he actually refused to let the doctor treat him with medicine again, usually just some nutrient infusion would be enough!

What’s more, that young man, surprisingly, stayed in Master Ji’s ward, looking as if he intended to stay with Master Ji all the time!

Moreover, the entire intensive care area was cordoned off by Master Ji’s guards, and no one was allowed to visit!

This news instantly spread throughout Yanjing City!

Of course, this so-called spreading was actually only for the top brass and the big brains of those big families, for ordinary people, it was hard for them to know about this.

But nonetheless, it was enough to cause an uproar!

Who was that young man and why was he staying in Master Ji's ward?

Why did Master Ji refuse the doctor's medication, was he conscious that his time was running out and had already appointed himself, or was he doing something else?

Also, why did Elder Ji order the guards to cordon off the intensive care area and not allow anyone to visit?

All of this was a mystery, causing the eyes of the whole of Yanjing to turn to Elder Ji's ward, and for a while, people were speculating and saying all sorts of things.

Under such circumstances, many of the great families and senior figures could not sit still.

The situation was too great for Master Ji's health, and it would have an even greater impact on the Ji family.

Many figures who felt they carried enough weight couldn't help but go to the military hospital for a visit, but all they got in reply was Tie Jun's cold face.

"The chief has orders! No one is allowed near the intensive care area!" Tie Jun's simple words, coupled with his cold face and the murderous aura, if any, of the dozen guards around him, made all those who came to visit know that Master Ji had really gotten serious this time!

If he said he wouldn't allow visits, he wouldn't allow them!

If you really want to barge in no one has the guts to do so, are you here for a visit or are you here for mischief?

If you want to break into Master Ji's ward, then unless you don't want to live!

This time, everyone realized that there must have been some sudden change that caused Elder Ji to make such a decision, but exactly what the change was, no one knew, Elder Ji's eldest son, Ji Zhenhua, was equally puzzled, while the only infant son who was said to be in the know, Ji Zhenping, was hiding in the military camp, busy with military affairs, and could not be seen at all.

Under such circumstances, someone was finally shaken with anger. Anyone with a discerning eye could see that this was a self-protective measure on the part of Elder Ji, or rather, the old man was guarding against someone!

He was protecting himself!

But why was he protecting himself? And who was he guarding against?

None of this is known, but there is one thing that everyone can think of: since Elder Ji is protecting himself, it means that he knows that someone is trying to harm him!

Immediately, the top brass was thunderstruck!

What a joke, who is Elder Ji? To turn against him is simply lawlessness!

Anyone in the military hospital who had anything to do with the old man after this hospitalization were all questioned individually. Since they couldn't find answers from Master Ji's body, they would look for a breakthrough from these people.

If they stood by and watched something happen to Elder Ji, it would cause a major upheaval when the time came!

Finally, one of the vice-presidents handed over the problem, and he took a favour from a man to inform him in time whenever Elder Ji passed away!

And other than that, there was no more dissimulation.

What happened to this vice-president has been of little concern, but everyone at the hospital knows that since being taken away, the vice-president has never returned!

And it was at this time that all the commotion suddenly disappeared, coming and going as fast as it could. No one came to visit the intensive care area any more, and no one talked about it anymore.

It was even as if the incident had never happened.

By now, ten days had passed.

Tie Jun stood in front of Elder Ji and reported what had happened in the past ten days in its original form. In fact, before blocking the people who came to visit, Tie Jun would first consult Ji Feng or Elder Ji, because he was not sure who Elder Ji actually allowed to visit, and there were some people whose identities could not be easily stopped.

After listening to Tiejun's report, Elder Ji, who was drinking water from a cup, couldn't help but smile slightly, "It seems that Zhenping has already conveyed my meaning up."

"Yes, Chief, Zhenping already called this morning, and he has passed on your meaning as you instructed." Tiejun immediately nodded his head and said.

He looked at the old man, a flash of joy in his eyes. This was a huge difference from his previous indifference! At this time, even when Ji Zhenping saw him, he would be amazed, because Tie Jun had never been so happy before!

It was no wonder that Tie Jun was so happy, in fact, after nearly ten days of treatment, nowadays, apart from his two lower legs, which were still a bit stiff and prevented him from getting out of bed and walking, all other parts of the old man's body were as normal as normal.

Moreover, the old man's body, seemed to have more strength than before, his face was rosy and his spirits were high, not at all like an old man of ninety years old!

All this, naturally, was due to Ji Feng!

So Tie Jun's attitude towards Ji Feng became more and more respectful.

Ji Feng took the quilt from Grandpa's hand and smiled, "Grandpa, I reckon that in another three days or so, we won't need this anymore, and by then Grandpa's body will be healthy again, and anyone who wants to come and visit won't have any qualms anymore!"

Of course Ji Feng knew why Grandpa had given the order not to allow any visits, because Grandpa knew better than anyone else what it meant to be able to cure a dying old man!

Firstly, it was Ji Feng's special effect medicine, where did the prescription come from?

Secondly, even if there was because of taking the special effect medicine, but the recovery speed of Ji Laozi, is a little too fast, if let others know about Ji Feng's treatment, in the future, this grandson that he loves, I'm afraid it will be hard to get free.

Never mind anything else, how many big shots in the whole of Yanjing who are in their twilight years?

If they knew that Ji Feng had such an ability, would they save, or not save?

Moreover, where did Ji Feng's ability come from?

All of this, was the question.

Although the old master was old, his mind was not confused, rather he knew better than anyone else.

Therefore, by concealing the treatment, when the time comes that the old man walks out in good health, who will still be able to force him to ask how exactly he recovered? I'm afraid no one would have the guts to do so!

The old man was doing this purely to defend Ji Feng, so how could the latter not know?

In fact, originally, according to Ji Feng's idea, the hospital's treatment was also to be carried out at the same time, and when the time came, if the old man recovered, he could also excuse that it was the hospital's work, and it would be easier for him to hide his own credit.

But what Ji Feng didn't expect was that, according to the test of the intelligent brain, each of the ingredients of the medicines given to the old man's infusion, although they were considered helpful to the old man's body, they also had certain side effects, which would have a great impact on the old man's body recovery!

It's medicine that is poisonous!

The old man was old, and the residual ingredients of that medicine was very much affecting Ji Feng's treatment of the old man.

In desperation, Ji Feng had to stop the hospital treatment and concentrate on using bio-currents to recover the old man's body.

So in fact, the speculation by the outside world that someone was trying to disadvantage the old man, or that the old man was protecting himself, was actually nonsense.

The person that the old master really wanted to protect was his grandson, Ji Feng!

This also showed how much the old master loved Ji Feng to the extent that he would not hesitate to let the whole of Yanjing have no peace of mind in order to protect him.

Of course, this might not have been the old man's intention, but his status was there, and many things could not be done according to his wishes.

"Tick! Tick! Tic!" Just as Ji Feng was massaging the old man's legs, a sharp ringing sound suddenly came from Tiejun, and with a cold look on his face, he turned around and left the ward.

"Could someone be breaking into the intensive care area?!" The old man frowned slightly.

Ji Feng asked in confusion, "Grandpa, that was the alarm on Uncle Tie just now, right?"

"Yes, it's a security measure unique to the guards, it seems that someone really did break in hard!" The old master's tone looked a little unhappy, and his tiger eyes flashed with a sharp light, "It seems that there are really people who think I'm old, I'd like to let them know that the walking stick in my old man's hand is enough to knock them to death!"

The old man, who had been fighting all his life, was quite powerful when he became angry at this moment, making Ji Feng's heart flinch.

"Grandpa, don't worry, I'll go and see what's going on!" Ji Feng comforted, and was ready to go out.

"You can't go out, maybe the other party is coming for you, you go to the inner room first and take refuge, everything will be handled by Tiejun!" The old man said indifferently.

Ji Feng hesitated for a moment, then he nodded slightly and quickly flashed into the inner ward. The ward was a suite, with all the bedrooms and such inside, so there was no fear of not having a place to hide.

At that moment, there was a mid-air roar from the doorway: "Tiejun! You little brat, if you have the guts, shoot me! You've really grown up! When I fought with your old man, you little brat was nowhere to be found! Get out of here! I want to see the old chief!"

Chapter 313

Looking at the old man in front of him, who was glaring at him angrily with a pair of tiger eyes glaring at him viciously, Tiejun, who had always been cold and expressionless, finally had a bitter smile on his face.

He glanced at the middle-aged man next to the old man, and the other could only return a helpless smile to him.

"Little brat, what are you looking at! Don't get out of the way yet!" The old man snorted coldly, "Do you have to ask my old man to knock you with a walking stick before you'll move out of the way!"

The corners of Tiejun's mouth twitched a few times and he said with a bitter smile on his face, "Uncle Tang"

He had just shouted a title when he was immediately interrupted by the old man's angry grunt, "Little brat, you can't even call people that anymore? What Uncle Tang! Remember, I'm older than your old man, so I'm your Uncle Tang! Remember?!"

Tiejun nodded his head in a panic and laughed bitterly, "Remember, remember! Tang Uncle Tang!"

Only then did the old man's face ease a bit and said, "Since you remember, now Uncle Tang orders you to get out of the way immediately, I want to see the old chief! You have already blocked me once, do you want to block me a second time? Do I have to rush to your gun!"

Tie Jun's forehead was sweating coldly, and he said with a bitter smile, "Uncle Tang, I'm also carrying out the chief's orders, look, can I go and inform him?"

This old man was really something he could not afford to mess with, and he could not be half as disrespectful. Otherwise, if his own old man found out, it would be strange if he didn't get his legs broken!

"Then why don't you go now!" The old man immediately scolded, "Little brat, if I don't show you something, you really don't know the power!"

As he spoke, the old man rolled up his sleeves and prepared to go up and beat Tiejun up.

"Father, father, calm down your anger!" The middle-aged man next to him hurriedly pulled the old man back and winked at Tie Jun in a panic.

Tie Jun didn't dare say a word and ran in a panic in the direction of the ward.

After knocking on the door, Tie Jun walked into Elder Ji's ward in cold sweat and said with a difficult face, "Chief, Elder Tang has requested to see you, look"

"It's Little Tang who's here?" Master Ji was stunned for a moment, then he laughed happily, "I just said, who has the guts to barge in? It's just that, you can let him in."

Tiejun immediately saluted, "Yes! Chief!"

In his heart, he was secretly relieved that the chief had allowed him to come in, otherwise, he didn't know what he would have told Tang Lao, the old man was so hot-tempered that even his father had a headache, let alone him!

Not long after Tiejun went out, a rush of footsteps immediately sounded, followed by a knock on the door of the room.

"Come in!" Elder Ji smiled, his voice not too high, enough for the people outside to hear.

The door to the room was pushed open and an old man with white hair, but a red face, walked in quickly.

Seeing Master Ji sitting on the hospital bed, this old man was instantly excited, he took a few quick steps and stopped two metres in front of Master Ji's hospital bed.

Stand at attention and salute!

"Reporting to the chief, guard Tang Erwa, reporting to you!" The old man's voice was loud and clear, and although his figure was already a little stooped, at this moment he was doing his best to stand up straight so that his body was as upright as possible, and his saluting hand was incomparably standard.

This old man looked so devout!

“Good! Good!” Elder Ji was also very excited as he nodded heavily, “Little Tang, I knew you would definitely come!”

Swish!

The old man finished saluting and immediately walked up quickly, “Old Chief, your body

“It’s not a problem, a little problem, it can’t break me yet!” Elder Ji seemed to have returned to the time when the war was raging, and waved his hand rather proudly.

“Hey! I was originally planning to capture a little miracle doctor for the old chief, but now it seems that it won’t be necessary!” Elder Tang laughed, looking very happy.

“A little divine doctor?” Elder Ji was stunned.

“Yes, Old Chief, I met a Little Godly Doctor on the train coming to Yanjing,” Elder Tang immediately recounted his encounter on the train, and even told of his subsequent intentions and speculations.

As Elder Tang recounted, the smile on Elder Ji’s face grew thicker and thicker. Obviously, he had already guessed who the little miracle doctor Tang was talking about was, but he had never imagined that the little monkey would have such an encounter with Little Tang as well.

“Old Chief, Ji Xiaoyou he” Tang Lao finished, and could not help but seek confirmation from the old chief.

Elder Ji couldn’t help but nod slightly and said, “That little monkey you’re talking about is Zhenhua’s son and my grandson!”

“I told you, how can there be such a coincidence in the world, Old Chief, where is that boy now, can I meet him?” Old Tang laughed harshly, “I was actually thinking of catching him earlier, I must make amends to him before I can!”

“Children, you can’t spoil them!” Master Ji waved his hand and stopped Tang Lao’s intention, although he felt very proud to have such a grandson, it was not good to ask Tang Lao to make amends to his grandson.

At this time, Ji Feng, who was standing in the inner room of the ward, was stunned beyond belief and could not react for a long time.

The old man Tang, whom he had inadvertently saved on the train, was actually his grandfather’s old subordinate?

Moreover, he had even tried to capture himself back?

Ji Feng couldn’t help but feel a secret fear in his heart, he still didn’t have enough experience, if Hui Yi hadn’t come to pick him up in time, I’m afraid that now he would have to meet with grandpa in a different way!

“It seems that I must pay more attention in the future, just because you are good at it doesn’t mean that everything is fine, experience is sometimes more important than strength!” Ji Feng secretly admonished himself.

As he was pondering, he heard Elder Tang outside asking, “Old Chief, we talked on the phone a few months ago, how come Old Chief suddenly

Ji Feng’s heart immediately twitched, in fact, this question, too, was something he was puzzled about.

Remember two months ago, second brother also talked about grandfather’s body, at that time, although grandfather aging, but not yet serious to this point, how only two months or so, suddenly become this way?

Even if a person is aging naturally, there is a natural law to follow, it doesn’t happen all at once, there is always a process. It is obvious then that grandfather’s hospitalization this time should be something else.

The first thing that happened was that the person who was in the hospital had to be a member of the family.

Master Ji shook his head slightly and said indifferently, “People will always have many problems when they are old!”

Old man Tang nodded, holding back and holding back, but finally he couldn’t help but snort coldly, obviously very dissatisfied in his heart.

Ji Feng likewise heard the gloom in grandpa’s words, and he frowned more tightly, grandpa was not willing to mention this matter anymore, and if he wanted to know, he would have to ask his younger uncle or ask his father directly.

But it was obvious that it was not the right time for Grandpa to leave as he had not fully recovered.

“It looks like it always has to be put aside for a while!” Ji Feng couldn’t help but sigh lightly in his heart, the things that could make grandpa unwilling to bring up were either things that grandpa had scruples in mind or things that he didn’t want to remember anymore.

The things that could make grandpa scrupulous don’t seem to be many!

Then, there is only one last possibility left, grandfather does not even want to think about it. This means that grandfather is sad.

Ji Feng’s face was indifferent and his mind was thinking quickly when he heard Tang Lao outside say, “Old Chief, you’ve been hospitalized, why hasn’t that fellow Tie Pang appeared yet?”

“You tiger Tang!” Elder Ji scolded with a laugh, “Little Tie has already come to see me, what, you want to make a move with Little Tie again?”

“Hey! Old Chief, I won’t make a move with that iron lump, according to your teachings, I’ve already put my mind on how to lead troops to war, the courage of a piker, I won’t long ago!” Tang Lao looked rather embarrassed, he only showed this side in front of the old head.

Tang Lao stayed in the ward for about half an hour before he got up and left, excited to see the old chief but not to disturb his rest.

Only when Elder Tang left did Ji Feng walk out, and Elder Ji praised him, "Little monkey, being kind to people, not bad!"

Ji Feng instantly smiled and said, "I also happened to catch up."

Master Ji nodded slightly and sighed lightly, "Even Little Tang can't sit still, imagine what the family has become Little Monkey, tell Grandpa honestly, how long can Grandpa live if he completely recovers from this old bone!"

Ji Feng was stunned and hesitantly looked at his grandfather's slightly gloomy face, not knowing what to say. Although his bio-current had a miraculous effect, grandpa was finally old

"Little monkey, say what you have to say, grandpa I am someone who has wandered around the ghost gate and back, what else is there to be afraid of?" Master Ji said.

Ji Feng's heart was a little blocked, he took a deep breath and said, "Grandpa, I can only guarantee that if there are no accidents, there will be no problems with your body within ten years. But after that"

"Ten years?!" The old man's eyes instantly lit up, and then he nodded happily, "With this ten years, it's enough, it's enough!"

Ji Feng vaguely understood, grandfather said enough exactly what is the meaning, but he wanted to see, but grandfather peacefully in his old age, not until the last ten years of life, still in the bit of the children and grandchildren paving the way, laying the foundation, this is not an old man should have the life!

"Grandpa, you can rest assured, everything has me!" Looking at his grandfather's face, somehow a hot current stirred in Ji Feng's heart, and he blurted out, "Within ten years, I will stand at the top of the world, so that grandfather you no longer worry about anything, and live out your old age in peace!"

Ji Feng's voice was not too loud, but his words were full of unrelenting persistence, never looking back until the goal was reached, and that strong self-confidence!

This goal was a promise that Ji Feng made to his grandfather, who had worked hard all his life, and a vow to himself!

Within ten years, the top of the world!

The old man looked at his grandson's determined face, as if he saw himself when he was young, he nodded and muttered, "Ji family, there is a descendant, I have no more worries"

Chapter 314

"Finally back, the sandy wind in Yanjing is so big"

At Yanjing International Airport, Ji Xiaoyu stretched lazily, feeling the sand and dust blowing in the wind, she couldn't help but pout her little mouth, her face full of unhappiness. And with that look, she looked

adorable. People passing around couldn't help but position themselves to look sideways, and even some self-conscious youths couldn't help but want to go up and strike up a conversation.

However, when they saw the three strong men like pylons beside Ji Xiaoyu, they immediately dismissed the idea.

It was important to pick up girls, but their own lives were more important.

If they put their lives on the line for the sake of picking up girls, it would be more than worth the loss.

"I don't know how Third Brother is doing in Yanjing, humph! Those cousins will definitely bully third brother, and I wonder if dad has helped him out, " Ji Xiaoyu bit her slender onion-white fingers and couldn't help but mutter secretly.

She was bullied by a cousin, so she ran to Yanjing to look for third brother in anger, but third brother came to Yanjing alone, he was unfamiliar with the place, it's strange that those people didn't bully him!

Thinking of this, Ji Xiaoyu immediately said, "Let's go!"

She took out her mobile phone at the same time, ready to call Third Brother.

"Xiao Yu!" Just at this moment, a voice suddenly came from not far away.

Ji Xiaoyu looked up and instantly became happy as well, but the person who came was her friend and popular singer, Xinxin.

"Xinxin, why are you here?" Ji Xiaoyu was overjoyed to see someone pick her up as soon as she got off the plane. She was not a person who held grudges, not to mention that she had grown up with Wenxin, and after almost a month, she had long forgotten her previous unpleasantness.

When she saw Ji Xiaoyu's happy face, she was relieved. Ever since she got into trouble last time, she didn't dare to be as arrogant and domineering as she used to be, but would send messages to Ji Xiaoyu on her mobile phone every day, and never more than once, just to maintain the relationship without upsetting Ji Xiaoyu.

Since yesterday, when she found out that Ji Xiaoyu would be flying back today, she had her mind set on picking up Ji Xiaoyu today to give her a surprise, and if she behaved better, the relationship between them might go back to the way it used to be.

When she saw Ji Xiaoyu's expression now, how could she not be happy?

She was smiling like a flower and hurried over, wearing a long pink dress that made her look so innocent that if people didn't know her true temperament, they would really think she was an innocent jade lady.

Wen Xin drew the attention of many people as she walked along, but because she was wearing sunglasses, not many people recognised her. However, her beautiful figure and that pretty face were still very noticeable.

"Xiao Yu, knowing that you would be flying over today, I came here early in the morning to wait for you!" Wen Xin also looked very happy, she quickly came over and took Ji Xiaoyu's small hand, her face full of a sweet smile, "You're finally back, we haven't seen each other for almost a month!"

“Mmm!”

Ji Xiaoyu smiled very happily, “Yes, it’s been almost a month! I blame my two sisters-in-law for treating me so well that I don’t even want to go back to Yanjing.”

Ji Xiaoyu was so well-behaved and quiet that she was deeply loved by Xiao Yuxuan and Tong Lei, who naturally treated her like their own sister, which made Ji Xiaoyu, who was an only daughter, feel very affectionate and fun, and almost didn’t want to come back.

“Two sisters-in-law?!” Wen Xin was, however, stunned.

Ji Xiaoyu suddenly spat out her cute tongue and looked a little embarrassed: “Yes, two sister-in-laws. My third brother, has two girlfriends

“They both know about each other’s existence?” Wen Xin blurted out. Of course she knew which Ji Xiaoyu’s third brother was, come to think of it, I’m afraid there was no Ji family son that would make such a deep impression on Wen Xin, the kind of deep fear that had caused her to seriously misbehave at the United University’s orientation party, it would be strange for her not to be impressed!

“Yeah, they all live together, ah, I’ve been living with them all this time!” Ji Xiaoyu nodded her head slightly.

Wen Xin instantly felt surprised, although having a few girlfriends or lovers was not really news at all in these dude’s circles, and could even be said to be more common than ever. However, at least everyone would cover up something, such as not letting one girlfriend know about the existence of other lovers, or even if they knew, they would try not to mention it in front of them.

However, Ji Feng let them live together

This kind of thing is something that only those fops with extremely rotten private lives would do!

That Ji Feng, how does he look like a dude with a rotten private life!

“The first thing you need to do is to get a good idea of what you want to do.

Wen Xin knows very well how long her own relationship with Ji Xiaoyu can be maintained, she herself is not too sure. The actual fact is that you will be able to find out if you’ve got the ability to get a lot more out of your own personal computer.

Besides, it is also unknown whether the Wen family will still look at her in a different light for the sake of Ji Xiaoyu.

If Ji Xiaoyu is no longer helpful to Wen Wen, the latter will certainly be treated as an exchange by the family and thus marry some fop indiscriminately.

By then, her life would be doomed.

People like her who make their living from acting would be even more unable to escape the family’s control. In fact, with just one word from some important figures in the family, no company would dare to sign with her, and all the TV stations would probably block her!

However, if she can climb up to Ji Feng

For her own appearance, warmth is still very confident, although the previous impression is not good For a man who will have two girlfriends, impression and body, naturally the latter is more important!

Seeing the somewhat strange look of warmth, Ji Xiaoyu thought she misunderstood that third brother was a wanderer, she immediately explained for third brother, "Xinxin, you can't misunderstand, my third brother loves his girlfriend's, both sisters-in-law also love third brother very much!"

"Of course I know that, otherwise they wouldn't have agreed to be with your third brother at the same time, don't you think so!" Wen Xin hurriedly laughed.

Ji Xiaoyu, however, nodded seriously and said, "You're right!"

"Xiao Yu, where are you going next? Do you want us to go shopping together?" Wen Xin asked with a smile as she hurriedly changed the subject, afraid that Ji Xiaoyu might see what she had in mind.

Ji Xiaoyu, however, shook her head slightly and said, "I'm going to see third brother, and I don't know if he's being bullied!"

Wen Xin almost did not bite off her tongue, she looked as if she had seen a ghost with a strange expression, someone is bullying Ji Feng? Have you forgotten how ruthless he was when you first met him?

He was lucky if he didn't bully anyone else!

Of course, this was not something that warm and fuzzy would say, she smiled faintly, "Then fine, I'll go with you too, it just so happens that there might have been some misunderstanding between you and your third brother last time, so I'll also take advantage of this time to get in touch more, otherwise, in the future, I'll have a bad image in your third brother's heart!"

Ji Xiaoyu thought about it and said, "Alright then, I'll give third brother a call and see where he is!"

Ji Xiaoyu dialed Ji Feng's number and a sweet and happy smile suddenly appeared on her small face, "Third brother, this is Xiaoyu, I've arrived in Yanjing Giggles! I'm going to go and play with you, where are you?!"

"Getting ready to go to grandpa's quadrangle? Great, I'm going too!" Ji Xiaoyu was instantly happy, next to her, warmth listened but her face changed, that heavily guarded courtyard, not everyone could go there, although she was Ji Xiaoyu's friend, but that courtyard had never been there once. Even Wenxin's father might not be qualified to go to that courtyard.

After hanging up the phone, Ji Xiaoyu couldn't help but wonder, "Strange, grandpa is still in hospital, why would Third Brother want to go to that courtyard? Ah! Right, he must be going to see where grandpa lives and at the same time deliberately piss off those bad cousins!"

She immediately took Wenxin's small hand and laughed, "Xinxin, let's hurry over, we might even arrive earlier than Third Brother!"

Wen Xin's face changed, "Xiao Yu, it's not too good for me to go to that courtyard, is it?"

But Ji Xiaoyu smiled cheekily, "It's alright, Xinxin, my grandfather is still in the hospital, you're just going with me to see third brother, no one will blame you!"

"Then, that's fine!" Wen Xin hesitated for a moment before finally nodding her head and agreeing.

.....

On the road, a convoy was slowly moving forward.

In the middle of the convoy, inside a black red flag finely-dressed sedan, Tie Jun drove with a serious face, driving smoothly and extremely smoothly.

"Pah!" Ji Feng hung up the phone and couldn't help but shake his head with a smile as he turned his head and said, "Grandpa, Xiao Yu is back."

At Ji Feng's side, there was the old man of the Ji family, that is, Ji Feng's grandfather!

Originally, according to the rules, it was absolutely impossible for the old man to have only such a small escort force when he came home from the hospital, and there would definitely be a personal escort sitting beside the old man, and the most loyal kind of escort that could take a bullet for the old man at any time.

Of course, no one might actually dare to mess around when travelling, but just in case, such a guard was still necessary!

However, the old man insisted on letting Ji Feng sit beside him, which was enough to see how much he loved this grandson.

Tie Jun, however, disagreed; he could obey all of the old master's orders, but he could not fail to be responsible for his safety.

However, Ji Feng only threw a punch towards Tie Jun and the latter's face instantly changed.

Although Ji Feng had only exerted 20% of his force, it made Tie Jun realise that this was definitely a strong opponent!

Ji Feng then logically sat down next to the old man, and the old man who saw this scene had an even more gratified look on his face!

"That little girl" Hearing that it was his little granddaughter, the old man's face was instantly a look of love, "I never thought that there would be a day when I would see these children again!"

Ji Feng instantly smiled slightly: "Grandpa, I think after going back later, I'm afraid there are also many people who can't imagine that they will see you again ah!"

Chapter 315

The old master was stunned, and then he burst into laughter, "Hahahaha"

Back then during the war, the old man had survived death countless times, and there was even a time when the fight was at its worst and less than two hundred men were left in the entire regiment, but at that time, the old man had never felt so much emotion.

This time, however, the old man was quite emotional.

How many people had hoped he would survive, and how many had dreamed of him never waking up and sleeping forever!

But it was

The old man turned his head and looked at Ji Feng next to him. This young man, his own grandson, had snatched himself back from the ghost gate and even ensured that his body would be safe for ten years!

The old man's heart was filled with pride, a kind of pride that he had hoped his son would become a dragon, seeing his grandson become a great tree!

His grandson is a great man!

The old man was overwhelmed with emotion. When he was at his mightiest, he did not give his grandson the care he deserved, he did not have wings to protect him from the wind and rain, and he did not have anyone to back him up!

But this grandson, who in the eyes of others was born from grass roots and was unruly, survived and with his own not so strong shoulders, held his head high and with his unyielding blood, held up the sky for him and for his mother!

And now, this grandson of his own, likewise with his tender hands, pulled himself back from the ghost gate, and this, I wonder how many people's dreams were shattered!

At the thought of this, the old man's heart felt guilty but at the same time was full of pride!

He was already old, but his grandson was growing strong, what could make him happier than this?

Seemingly feeling the grandfather's pride in his chest, Ji Feng also smiled along with him, his grandfather was full of pride and his grandson was growing strong.

After a long time, the old man suddenly asked, "I don't think the school is on holiday yet, right? Why did Xiao Yu go to Jiangzhou at this time?"

Ji Feng smiled faintly, "Xiao Yu is going to play with me."

"You've come to Yanjing, it's your two little girlfriends who are accompanying Little Yu, right?" The old man asked.

Ji Feng blushed in a rare moment, it seemed that there was really no secret around him, even the old man, knew about his two girlfriends Ji Feng was a little touched in his heart, the fact that the old man knew so much about himself, undoubtedly showed how much he cared for him.

"This old man of mine is hospitalized, Xiao Yu is not happy living in Yanjing na!" The old man suddenly said in a low voice.

Ji Feng's heart suddenly shook, he still underestimated his grandfather's eyesight, never thought that after being hospitalized for such a long time, grandpa could still see the reason why Xiao Yu left Yanjing at a glance.

At the same time, he also felt so much heartache in grandpa's heart, although grandpa's face and tone did not reveal half a hint of heartache, but Ji Feng was keenly aware of it, perhaps, this is the strange feeling brought by the blood relationship.

"Grandpa, Xiao Yu will definitely be very happy to see you, that girl is still very cute!" Ji Feng didn't know how to answer the question, so he had to smile and fork out the conversation.

Only, from his grandfather's feelings, Ji Feng suddenly had a bad feeling – did his grandfather's sudden hospitalization have anything to do with this heartache he was feeling?

Once this thought arose, it never lingered. Ji Feng took a deep breath, and only then did he sort of calm down, only his eyes, however, faintly had a cold aura flashing.

Tie Jun, who was driving in front of him, suddenly felt a sharp murderous aura sweeping through him.

Tie Jun's heart was instantly aghast, why did this kid suddenly move to kill?

The old man also frowned slightly, but quickly stretched out again, he said slowly, "Little monkey, listen to grandpa's words, brothers, like hands and feet, must not kill each other!"

Ji Feng's heart was awe-struck as he nodded slightly and said, "Grandpa, I remember!"

He sighed lightly in his heart, it seemed that grandpa was still unable to be ruthless, otherwise, he wouldn't have spoken out and ordered himself.

Without a ruthless hand, how could he solve those with ulterior motives? Ji Feng couldn't help but shake his head slightly, this was something that seemed to be a bit too much for him to worry about.

"Little monkey, do you like listening to grandpa tell stories?" The old man suddenly asked.

Ji Feng smiled: "Of course I like listening to it very much."

During this nearly month, usually, apart from Ji Feng treating the old man, he would also listen to the old man's stories about the old days when he fought in wars, but he also listened to them with great enthusiasm and longed very much for that life of galloping through the world!

The old man spoke slowly, but gave a very unique feeling: "In the past, when fighting the islanders, what they liked to do most was to use us Chinese to fight the Chinese! This is the fake army!"

"Aren't fake armies annoying? Isn't it abhorrent for the Chinese to kill each other?" The old man asked.

Ji Feng nodded slightly, he vaguely understood what the old man meant.

"No matter how annoying the fake army is, they are still Chinese, among them, some are trying to stay alive, some are doing it for various purposes, but in the end, they are still Chinese, what should we do with them?" The old man asked.

"As far as I know, it seems that they are partly probationed, partly beaten up and partly discharged" Ji Feng said with deliberation.

"Yes, for those who are willing to repent, give them a chance, for those who are willing to repent and are not willing to cooperate with you, you can dismiss them, and for those who are really bent on going

their own way, then beat them up!” The old man spoke slowly, almost word for word, and his eyes were fixed on Ji Feng as he spoke.

Ji Feng instantly understood what the old master meant, looking at the hopeful look in his grandfather’s eyes, Ji Feng instantly nodded without hesitation, “Grandpa, I remember what you said, I will definitely not knock off that part until I have to!”

“I hope that you will always remember what you said today, and I will be smiling in my nine corners of the world!” The old man finally revealed a gratifying smile, slightly closed his eyes, no longer spoke, leaned back and went to rest with his eyes closed.

Ji Feng also stopped talking, digesting everything the old man said in his heart and secretly deliberating.

Tiejun, who was driving in front of him, was indifferent on the surface, as if he hadn’t heard their conversation at all. But in reality, he was secretly shocked in his heart.

From the time the old man asked him to follow Ji Feng’s orders, Tiejun had a vague feeling that the old man was choosing an alternate successor!

And now with these words, it was almost as clear as it could be that the old master had really chosen Ji Feng as the future head of the family!

Tie Jun knew what kind of storm would be stirred up if the conversation between the chief and Ji Feng got out, so he could only subconsciously choose to forget what he had just heard, which was the minimum precaution to take as a guard.

Only, however, Tie Jun could no longer treat Ji Feng with the same attitude as he treated the ordinary children of the Ji family.

The heir personally chosen by the old head, Tiejun would be unconditionally loyal to him!

.....

Two black cars, stopped outside a hutong, and Ji Xiaoyu and the others stepped down from the cars.

Looking at the surrounding patches of courtyards and the soldiers standing guard with loaded guns not far away, Warmth’s heart tightened, and even her hands and feet got a little chilly.

Although she had heard of this place more than once, she couldn’t help but breathe heavily when she actually came here.

Wen Xin knew very well who lived in the courtyard at the end of this hutong!

That name, even the mere mention of it, would make people’s breath catch and they couldn’t help but look up to that person.

Now, she had actually come here in person, which gave birth to a feeling of unreality in her.

“Xinxin, let’s go in!” Ji Xiaoyu pinched her somewhat slightly pointed chin and smiled sweetly, “It looks like Third Brother hasn’t arrived yet oh, let’s go in and wait for him!”

“Xiaoyu, this, I’d better not go here, right? How about, let’s just wait in the car!” Wen Xin’s heart tightened and her words were stuttering a little.

On ordinary days, she only thought that Ji Xiaoyu was from a good family, which was not much in itself, but now Wen Xin realized that the difference between the two sides was not only the difference in family origin, but more importantly, it was a difference in heritage!

The Ji family’s deep heritage is not at all comparable to a small family like the Wen family, which is not even a third-rate family, and the difference between her and Ji Xiaoyu is far from being a matter of origin, but a difference in the cultivation of heritage.

When Ji Xiaoyu saw how nervous warmth was, she no longer insisted, she nodded and said, “That’s fine. Grandpa is not here anyway, so I have no one to play with when I enter, so I’ll just wait here for Third Brother.”

She added to herself, “My dad is really bad too, he won’t even let me go to the hospital to see grandpa

Wen Xin panicked and turned her head away, pretending not to hear these words, but she knew that there were some words that she couldn’t even listen to.

“Zee-!”

Just then, a sound of sharp braking suddenly came, followed by a black Mercedes S600 stopping not far away.

Several people’s eyes immediately looked over, and when they saw this car, Ji Xiaoyu’s face suddenly changed and she looked furious: “It’s him again! It’s really annoying!”

Bang!

The door of the Mercedes opened and a young man wearing a white suit stepped down from the driver’s seat, this young man’s face, with a runny smile, looked very odd.

The door on the other side of the car was also opened, followed by a red head appearing in the sight of several people, and then, a very hotly dressed figure stepped down.

Turning around, it was a sultry and incomparable dress.

Seeing Ji Xiaoyu and the others, the young man and the sultry woman, at the same time, revealed an odd smile and walked over with big steps.

And Ji Xiaoyu’s face, couldn’t help but look a little aggrieved, a little scared, but more than that, it was a kind of anger.

Chapter 316

“Yo!”

A voice so whispery that it gave people goosebumps came out of the sultry woman's mouth, her narrow eyes were full of disdain and condescension, "Who did I think it was, isn't this our family's little princess, Xiao Yu?"

The young man in the white suit next to her was smiling with an effusive smile, as if he had turned a deaf ear to the words of the sultry woman beside him, and was only smiling as he looked at the warmth next to him, a hint of astonishment in his eyes as he couldn't help but look up and down her body.

When Ji Xiaoyu heard this, her little face turned red with anger, and she was so angry in her heart that she could barely speak as she pointed at the demonic woman.

"Ee? What are you doing?" The demure woman giggled, "Xiao Yu, I am your sister-in-law, it is very rude for you to point at me like that. What, does the little princess of our family not even have this kind of upbringing?"

This was a vicious remark, she was not only insulting Ji Xiaoyu, but she was even generalising Ji Xiaoyu's parents as well. Or maybe the upper beam is not right and the lower beam is crooked?

No matter which layer of meaning it was, it was definitely not a good thing to say.

Ji Xiaoyu was so angry that her body was shaking, she was ashamed and angry, but she was so well educated that she didn't know how to say anything back, how to return the insult to the other party.

It would have been impossible for Ji Xiaoyu to blurt out a foul word, as she had been a gentle and quiet person since she was a child, and usually did not even blush with others.

The infuriated Ji Xiaoyu could only end up saying indignantly, "You, you are shameless!"

"Shameless?!"

The demonic woman instantly giggled, her narrow eyes glanced at Ji Xiaoyu, and she instantly turned her head and whispered, "Shaoyou, look, I, as a sister-in-law, have no status in your family, even this little girl dares to call me shameless!"

Wen Xin and Ji Xiaoyu were instantly on fire, they really had never seen a woman who could be shameless to such an extent!

It was obvious that she had provoked Ji Xiaoyu first, but now, she had turned around and directly slapped her back, this was really too suffocating!

"Calling you shameless?!"

The young man from that family's young tour sank, frowning at Ji Xiaoyu, he couldn't help but say, "Xiaoyu, what's wrong with you, don't you even have that kind of manners anymore? If I tell Third Uncle and Third Aunt about today's incident, let's see how they will deal with you! Hurry up and apologize to your sister-in-law, let this matter go, and pay attention in the future, don't lose the face of our Ji family, remember?"

"Let me apologize?"

Ji Xiaoyu froze, what was going on from the beginning to the end, this cousin Ji Shaoyou was seeing everything, but, he was now asking himself to apologize to that woman?

“You, how can you guys bully Xiao Yu like this? From the beginning to the end she wasn’t even half at fault, you guys came and provoked, and now you’re even asking her to apologize, bullying people too much!” Wen Xin really couldn’t take it anymore, and she also knew that if she didn’t stand up for herself now, I was afraid that from now on, there would never be any relationship between her and Xiao Yu.

Swish!

The demonic woman fiercely stepped forward and immediately slapped her across the face with a vicious slap.

“Slap!” The sound.

Wen Xin covered her face and stared at the demonic woman in a daze, only to feel that her mind was blank, she had been hit!

Ji Xiaoyu also froze, she subconsciously looked at the demonic woman with some fear, but how could she not think that the other party would dare to hit someone just because Wenxin had merely said a word for herself!

Her own friend, in order to help herself, had been beaten up instead.

Ji Xiaoyu only felt aggrieved to the core, this was where grandpa lived, she had come here to wait for third brother, why were they bullying her?

Tears were welling up in Ji Xiaoyu’s eyes. In the past, when Grandpa was still alive, she used to come here to play, and sometimes when she was not busy with her studies, she would stay here for long hours.

But now that grandpa is in hospital, there is no one to protect her anymore, and this bad cousin Ji Shaoyou has found this demonic woman from nowhere, who not only scolded herself last time, but also scolded her elder aunt, and now, she has even beaten up her friend.

Moreover, this was in front of grandpa’s house.

This made Ji Xiaoyu feel that she was sitting at home, only for an outsider to rush in and not only scold her in a high-handed manner, but now she had also beaten herself up.

But on the contrary, she didn’t know who to tell about the grievances in her heart, the person who could protect her the most was already in hospital, and now, no one could protect her anymore!

Ji Xiaoyu’s heart was so aggrieved that she could not stop the tears from flowing down, but she bit her lips tightly to prevent herself from crying out.

Ji Xiaoyu did not dare to resist, but that did not mean that her three bodyguards were indifferent too.

When those three big men saw that Cozy was being beaten, a cold aura flashed in their eyes, and one of the bodyguards immediately snapped forward and said coldly, “This lady, if you dare to make a move again, don’t blame us for being impolite.”

The demure woman's face changed dramatically when she was charged by the aura from this man.

Next to her, Ji Shaoyou, however, jerked forward a step and blocked the woman's body, saying smilingly, "Three, this is actually just an internal matter of our Ji family, you who are guarding it, it is better not to interfere, what do you think?!"

The three big men's faces sank, one of them said, "Our mission, is to protect Miss, who dares to harm Miss"

Before he could finish his words, he was interrupted by that Ji Shaoyou with a smile, "That's right, your mission is to protect your young lady, but now, isn't your young lady not harmed? Hey, what my wife beat up was just this woman who didn't recognize her identity and talked nonsense, there's no fault in that, right?"

The three big men were silent, although they knew full well that the other party was being sophomoric, they could not say anything, after all, the chief had given them an order earlier that as long as the young lady's life was not in danger, they could not take action against the Ji family's people.

Therefore, the three big men could only grunt coldly and retreated again.

Ji Shaoyou couldn't help but smile smugly and said in his heart, "I'm sorry that you silly big soldiers wouldn't dare to be more rampant.

Ji Shaoyou's complacency was not without a reason.

Because the old man was critically ill, the leading figure of the third generation had not yet appeared, and the first grandson of the eldest family of the Ji family was even questioned by the side line.

In contrast, Ji Shaoyou's elder brother, Ji Shaohong, is doing quite well, and at a young age, he is already highly respected by the family elders, doing things with great tact and discretion, and is a strong contender for the third-generation family head.

Under such circumstances, once Ji Shao Hong becomes the heir to the third generation of the family, then he, Ji Shao You, will be the younger brother of the future family head, and his own brother at that. His status within the family would naturally skyrocket.

It was for this reason that he dared to be so arrogant now, and even more so, he did not look at these guards in his eyes. Wasn't it just a few guards? When big brother became the future head of the family, these guards could be arranged in any way they wanted, and he was still afraid that they would not obey him.

At this moment, when the demure woman saw that the three guards had been 'scared off' by Ji Shaoyou with just a few words, she immediately regained her lofty feeling, glanced at the guards and muttered, "A few silly soldiers!"

In fact, ever since Ji Shaoyou had told her that he was about to become the younger brother of the future family head, she instantly felt that her status was already incredibly high, plus the fact that Ji Shaoyou had hinted that she could become domineering and test the bottom line of the direct line side, and the results of the test showed that even the young princess of the Ji family, as well as the contemporary family's wife, 'didn't dare' to talk back to her, she felt even more self-conscious!

Think about it, the resources and power of the Ji family, how huge it was!

If she could hold a certain amount of say in the Ji family, how would others look at her then?

That would definitely be something to look up to!

“Well, look, sister-in-law, I didn’t say anything, so why are you crying?” The sultry woman whispered, “Ah little princess, hurry up and move your car, we still have to go to grandpa’s yard and clean his house for him!”

Ji Xiaoyu gave her a fierce glare and wiped her eyes vigorously, but still did not move out of the way, instead she ordered, “You guys drive the car to the middle of the road, no one is allowed to pass without my order!”

“Yes!”

The three big men were stunned, why had the young lady suddenly become so forceful today?

However, they didn’t think much about it, after all, this was a good thing, in their opinion, Miss’s nature was indeed too soft.

The demure woman’s face sank, “Ji Xiaoyu, what do you mean by that?”

Tears of aggression couldn’t stop flowing down in Ji Xiaoyu’s heart, but she stared fearlessly at the demonic woman, “Ji Shaoyou, and you, you should apologise to me, otherwise, when Third Brother comes, he won’t spare you!”

“Eh?”

Ji Shaoyou and the demonic woman were stunned at the same time, this sudden change in Ji Xiaoyu made them not react for a moment, but immediately, they laughed out loud, “Third brother? Which third brother? I’d like to see which Third Brother dares to say that he can’t spare me!”

At that moment, a cold snort came from the hutong, “Ji Shaoyou, you’ve really grown up! Xiao Yu is right, you’d better behave and apologize to her now, otherwise, if you really wait for Lao San to come, I’m afraid you won’t even have the chance to apologize if you want to!”

A sturdy young man, from the deep alleyway, came out with big strides, his face was incomparably gloomy, his eyes were cold as he looked at the sultry woman beside Ji Shaoyou, as if he was looking at a dead person: “Just to let you know in advance, this slap of yours is not a warm one, but Xiao Yu’s face! It is also this slap from you that will most likely send you to hell yourself!”

Chapter 317

Revise a plot point: Ji Shaoyou is Ji Xiaoyu’s cousin a generation removed.

Originally I set it up so that Ji Shaoyou was the grandson of the old man’s sister, but then it suddenly occurred to me that such relatives, although considered collateral, were cousins, so Ji Shaoyou’s older brother could not compete for the position of family head, and it just so happened that I read [136025...] friend’s message, so I decided to change Ji Shaoyou to be cousins with Ji Feng, so that it would make sense.

Apologies to all of you for the impact caused by my carelessness

.....

This young man was casually dressed, far less deliberate than Ji Shaoyou, who appeared to be wearing a white suit, much less solid, but he was more majestic than Ji Shaoyou, with a vaguely superior demeanor.

When Ji Xiaoyu saw the visitor, a look of surprise appeared on her small face, which was still in tears: "Second brother?"

The person who came was no other than the second-ranked male member of the Ji Family's direct lineage, Ji Shao Lei!

Seeing Ji Xiaoyu's tear-stained face, Ji Shaolei, whose face was already very gloomy, suddenly had a cold aura flashing in his eyes. Immediately, he came to Ji Xiaoyu and patted her little head, smiling, "Little girl, why are you crying? This is not good, when your third brother comes later and sees you like this, he will laugh at you!"

"No way!"

Ji Xiaoyu couldn't help but break into tears and pouted, "Third brother is the same as second brother, they won't laugh at Xiaoyu."

Ji Shaolei laughed and said, "You're that confident, huh?"

"Mmm!" Ji Xiaoyu, however, nodded vigorously without hesitation, although she had not been in contact with Third Brother for long, Ji Xiaoyu could feel that Third Brother would definitely not be like herself, unable to say anything in rebuttal even after being bullied.

"Well then, since you believe in it so much, then we'll wait for him here and see if he comes back laughing at you!" Ji Shaolei laughed, while dotingly patting Ji Xiaoyu's little head, he was also very fond of this little girl, and had always treated her like his own sister.

"Ji, Ji Shao" that Ji Shaoyou just wanted to speak, then saw Ji Shaolei snapped his head around, his harsh eyes immediately glared over, frightened him hurriedly changed his mouth: "Second brother, you, how come you are here? "

"What, I have to report to you on where I am?" Ji Shaolei asked indifferently.

"Dang, of course not, huh" Ji Shaoyou laughed dryly twice, but the tension in those eyes could not be concealed.

Ji Shaolei's gaze swept twice over him and the bewitching woman before shaking his head slightly and saying, "I've already said earlier, before Lao San comes, you'd better make amends with Xiao Yu and apologize, if you can't obtain Xiao Yu's forgiveness not to mention your big brother, even your parents can't protect you!"

No one knew better than Ji Shaolei how ruthless his cousin was when it came to his enemies, and his criteria for judging whether a person was an enemy or not could not be simpler – it depended on

whether the person had caused harm to himself and those around him, or, had the intention of causing harm!

Just such a criterion made Qiao Gakai and others still spend time in prison, made Qiao Rong and Tian Guodong and others still receive special treatment in the hospital, and even made a resounding figure on the Jiangzhou Road, Yun Feiyang, the boss of the Brilliant Group, have his villa blown up in one night and his corpse was not even preserved!

“Sh, what old man?” Ji Shaoyou was nervous, but he couldn’t help but be a little surprised, listening to Ji Shaolei’s tone, it seemed like this old man was even more powerful than himself, what kind of character could he be?

Ji Shaolei glanced at him and smiled, “Xiaoyu, tell your cousin Shaoyou, and this sister-in-law, tell them who your third brother is!”

Ji Xiaoyu immediately said proudly, “My third brother is Ji Feng!”

“What?!”

In a flash, Ji Shaoyou almost didn’t jump up, he looked at Ji Shaolei and Ji Xiaoyu in shock, “You guys, what did you just say? Ji Feng is coming here?”

Although these people all disdained Ji Feng’s origin, they had heard about his ruthlessness, and even the elders in their families were warning these juniors, either explicitly or implicitly, to try not to clash head-on with Ji Feng in the future, as what happened to Qiao Rong was the best example!

Therefore, Ji Feng left a deep impression in Ji Shaoyou’s heart.

What’s more, his elder brother, Ji Shaohong, also held some of Ji Feng’s tactics in high esteem, especially his sleight of hand in defeating Qiao Rong and sending Qiao Gakai and the others to prison!

Now when he heard that Ji Feng was actually coming here, how could Ji Shaoyou not be surprised?

However, if he was asked to pull down his face to apologise to that little girl, Ji Xiaoyu, he couldn’t wipe off the face, so he was frozen in place for a while, not knowing what to do!

The woman, who didn’t know who Ji Feng was, sneered, “Who are you again? What old third, dare I say, your spectrum is even bigger than our family Shao You?”

Ji Shaolei was instantly exasperated by this ignorant woman, he laughed out loud, pointed at Ji Shaoyou and said to the sultry woman, “Go and ask your family Shaoyou, you’ll know who I am, well, he’ll also tell you if my pedigree is bigger than his!”

Originally, although he and Ji Shaoyou were separated by a layer of relationship, but comparing being from the same family, even if the friendship was ordinary, he would not openly let this woman ask Ji Shaoyou, who’s spectrum was bigger, this was simply a blatant slap in the face!

But what Ji Shaoyou and this woman did made Ji Shaolei unwilling to put up with it anymore, taking advantage of his own inattentiveness, even bullying Xiao Yu’s head, simply bullying people too much!

Even if Uncle Grandpa himself came, Ji Shaolei would dare to sarcastic Ji Shaoyou a few words, even hands to fuck him is not impossible.

“Shut up! Ignorant woman!” Ji Shaoyou’s face turned red as he gritted his teeth and roared low, but his gaze towards Ji Shaolei became somewhat sarcastic.

Just kidding, no matter how much of a dude he was, Ji Shaoyou wouldn’t dare to put up a fight in front of Ji Shaolei.

In the beginning, when Ji Shaolei’s reputation as a fop resounded throughout Yanjing City, Ji Shaoyou was still a third-best student. Over the years, apart from the fact that Ji Shaolei had suffered at the hands of Qiao Gakai, which other fops had not been cleaned up by him, how could Ji Shaoyou dare to be tough with him?

“Ji Shaoyou, you are really getting more and more active back.” Ji Shaolei shook his head slightly, with a look of hatred, “In the past, it was just as well that you played with some small stars, but now you actually find such a woman from nowhere, and even dare to do it here at the door Lao San is almost here, huh!”

These words made the faces of both Ji Shaoyou and the demonic woman change and were in a dilemma.

Let them apologize to Xiao Yu, they absolutely could not pull off the face.

However, if they were to meet Ji Feng head on later Ji Shaoyou did not have the guts to do so.

Finally, Ji Shaoyou clenched his teeth and said, “Second brother, we’ll go back first, since Lao San is coming, let’s go back and get ready, and come with big brother to pay our respects to Lao San!”

With that, he was about to turn around and leave.

Ji Shaolei laughed and did not have the slightest intention to stop.

Just then, a low roar of an engine came faintly, followed by the appearance of a black convoy on the road, which was steadily approaching this way.

“Ee?”

Ji Shaoyou suddenly shouted in surprise, “Is that, is that Great Grandpa’s convoy?!”

Ji Shao Lei had a cold smile on the corner of his mouth, thinking that of course that was Grandpa’s caravan, because Grandpa was back!

“Second brother,” Ji Xiaoyu secretly pulled Ji Shaolei’s clothes next to him, “When will third brother come? Is he in grandpa’s caravan?”

Ji Shaolei smiled and nodded, “Yes, he’s there, watch your third brother help you out later!”

Ji Xiaoyu couldn’t help but pout, “Then why aren’t you helping me, second brother, is it because you don’t love me anymore?”

“Hehe,” Ji Shaolei shook his head and smiled, “How could that be, this opportunity, naturally, should be left to your third brother.”

These things, Ji Xiaoyu naturally did not understand, but she knew that third brother was going to arrive and he would help himself out.

Thinking of this, she couldn't help but sneak a glance at the woman dressed in a very sultry manner, and secretly wrinkled her cute little nose.

This childish action of hers immediately made Ji Shaolei laugh dumbly again, and at the same time made him feel even more indignant in his heart, bullying anyone but a small child.

Everyone present, including even the guards who were originally standing guard, all quickly gathered around.

One of the guards pointed at Ji Shaoyou: "Move the car away immediately, don't interfere with the chief's passage!"

"Chief, which chief?" Ji Shaoyou was stunned, but still hurriedly went to drive the car towards the curb some, then hurriedly ran back, with even more curiosity in his heart, didn't he say it was Lao San coming back, how come all of Great Grandpa's motorcade came?!

The caravan didn't stop until it reached the entrance of the alleyway.

Bang bang bang!

The doors of the limousines in front and behind suddenly opened, and the guards got out of their cars to stand guard, each with a wary expression.

Afterwards, everyone turned their attention to the red flag car in the middle, and Ji Shaolei was even more nervous in his heart, fearing that the news Ji Feng had told him was to comfort him!

Bang!

The car door opened, the tough and cold Tiejun quickly got down from the car, followed by raking the front of the car to the back of the car and respectfully opened the door.

A head of white hair first appeared in the eyes of the crowd, followed by a thin-faced, but red-faced old man, slowly stepping out of the car, with a steady figure, without the slightest hint of frailty and old age!

"Ah! It's grandpa!" Ji Xiaoyu's eyes immediately widened and she shouted happily, "It's grandpa, second brother, it's grandpa!"

"Yes, it's grandpa who's back!" Ji Shaolei was also overwhelmed with excitement, grandpa had returned, San'er hadn't lied to him, it really was grandpa who had returned!

Bang!

The door on the other side of the red flag car also opened, and a sturdy youth, stepped down.

As soon as this young man stepped out of the car, an aura came over him, especially when his gaze swept by, it was like two sharp swords, making Ji Shaoyou not dare to look at him at all.

"Ah! It's Third Brother!" Ji Xiaoyu became even happier and couldn't help but shout.

Third Brother?

It was Ji Feng!

Ji Shaoyu instantly felt as if he had been struck by lightning, his entire body froze stiffly there, his mouth muttering, "How, how is it possible, he, how could he have come back in the same car as Great Grandpa?!"

Chapter 318

When he got out of the car, Master Ji didn't ask anyone to help him, he didn't even take a cane, he just took his first step steadily, followed by a big stride towards the hutong.

Compared to the time when he was unconscious and taken to the hospital, the old man now looked energetic, as if he had returned to his younger days.

All the guards in charge of the inner cordon, all saluted at the same time, while the guards in charge of the outside, were looking around with extreme vigilance, occupying the high ground and taking security to the extreme!

That old man, who had only been seen on TV as a child, suddenly appeared in front of him at this moment, and the demure woman beside Ji Shaoyu was almost dumbfounded at this moment, and it was only when she was pushed away by the guards that she realised she was in the way, and panicked as she stomped back a few steps, barely missing her footing and almost not falling to the ground!

"Grandpa!" Ji Xiaoyu ran over happily, "Grandpa, it's really you who's back!"

When Elder Ji saw his little granddaughter, his originally bland face suddenly flushed with a loving smile as he patted Ji Xiaoyu's head, "Little girl, have you missed grandpa in the past few months?"

"Of course I do!"

Ji Xiaoyu immediately nodded vigorously, "These few months grandpa is not here, others are bullying Xiaoyu, all without grandpa to protect"

As she said that, Ji Xiaoyu couldn't help but remember the aggravation she had suffered before, tears were suddenly in her eyes, and her small mouth was beaming, threatening to cry out at any moment.

She looked as if she had been bullied outside and had come back to an adult to complain about her grievances, especially when the other party was her grandfather who loved her, which made all her past grievances explode out.

Next to her, Ji Shaoyu and the demonic woman were instantly covered in cold sweat, so scared that their faces turned white and they could barely stand.

"Great, Great Grandpa!" Ji Shaoyu summoned up all the courage in his body and called out nervously.

"Well!"

Elder Ji nodded his head slightly and simply answered, as a greeting to Ji Shaoyu, he patted his little granddaughter's head and smiled, "Well, isn't grandpa back now, don't be aggravated!"

“Mmm, Xiao Yu is not aggravated!” Ji Xiaoyu instantly broke into tears and smiled, with Grandpa and Third Brother around, she wasn’t afraid of anyone anymore.

“Grandpa, you’re back!” Ji Shaolei smiled heatedly and walked over.

Elder Ji glared at him, “What are you doing here in Yanjing if you’re not working properly in Jiangzhou?”

Ji Shaolei instantly smiled heatedly, “Grandpa, it’s because I miss you old man, so I came to see you.”

“You still have some filial piety, so I won’t chastise you this time.” Elder Ji hummed, not giving his grandson any good looks, but Ji Shaolei was not the least bit annoyed, instead, the smile on his face was even brighter.

He knew his grandfather’s temper best, the more he valued anyone, the stricter he was, and his usual reprimand was a loving gesture towards himself, so Ji Shaolei was naturally very happy.

“Chief, let’s go in first!” Tiejun reminded in a low voice beside him, this was near the road, if anything special really happened, there was still a certain amount of danger.

Elder Ji nodded slightly and said, “Let’s go in!”

Accompanied by Tie Jun, the old man walked into the hutong with big steps and entered the courtyard, most of those guards also followed him in, only three of them still stood behind Ji Feng, while Ji Feng and Ji Shaolei and the others, however, all stood outside and did not follow him in.

Ji Xiaoyu also did not go in, she was very good and knew that her grandfather had just been discharged from the hospital and must need to rest, so she did not go in to disturb him.

Ji Feng, who was in the middle of the scene, became the centre of attention all of a sudden.

But he did not have this awareness, but looked at Ji Xiaoyu with a calm expression, frowned and said, “Xiaoyu, just now when I just got off the bus, but I saw that you still had tear marks on your face, I haven’t seen grandpa yet, why are you crying, do you miss grandpa too much?!”

When he asked this question, the faces of Ji Shaoyou and the sultry woman next to him changed dramatically, and Ji Shaoyou even made an effort to wink at Ji Xiaoyu, hoping that she would not tell the truth.

Ji Xiaoyu was originally a kind-hearted girl, and was not willing to countenance it anymore, yet she was just about to speak when she saw a hint of a threatening gaze in the eyes of that demonic woman.

Ji Xiaoyu’s heart burst with fear, but remembering her words of humiliation before, and the fact that she was beaten up by Warmth, Ji Xiaoyu immediately said with a huff, “Third brother, just now Shaoyou cousin and his girlfriend bullied me”

She immediately quickly told what had just happened, the more she said, the more aggrieved she felt, and her tears couldn’t help but flutter downward.

Ji Feng listened, but only nodded plainly, patted Ji Xiaoyu’s head and laughed: “Don’t cry, it’s just a small thing, people will always encounter some unpleasantness, right?”

Ji Xiaoyu looked at him with tears in her eyes and pouted, "Third brother, you're right, I won't bother with them anymore."

"That's right, you have to be generous!" Ji Feng laughed.

"I will be generous!" Ji Xiaoyu nodded her head vigorously.

Hearing the two of them say this, Ji Shaolei vaguely felt that something was wrong, the old man was not such a good-tempered person, while Ji Shaoyou and the sultry woman, however, were slightly relieved, especially Ji Shaoyou, who thought that Ji Feng was just like that, he had just come to Yanjing and still did not dare to offend anyone.

However, Ji Feng suddenly turned his gaze to Ji Shaoyou and asked with a smile, "I wonder how to address you?"

Knowingly asking!

Ji Shaoyou snorted coldly in his heart, but in front of this first grandson of the eldest family who came from grass roots, he still tried his best to look as graceful as possible and extended his hand, "My name is Ji Shaoyou, according to my generation, I should be your cousin, you are Ji Feng, right? I've heard of you a long time ago"

Before he could finish his words, he choked there, Ji Feng simply ignored the hand he extended, and only asked indifferently, "This lady is"

"Oh!" The displeasure in Ji Shaoyou's eyes flashed away, cursing a country bumpkin, a bumpkin, but on his lips he said, "This is your future sister-in-law, Li Yanting."

The demure woman instantly gave Ji Feng a condescending glance, as long as anyone whose status was not as high as Ji Shaoyou's, they would not be put in her eyes.

"Future sister-in-law?" As if Ji Feng didn't see the condescending look in that demure woman's eyes, he only asked indifferently, "You're not married yet? Are you engaged?"

"Hi!"

Ji Shaoyou shook his head once, "This happened to grandpa some time ago, so how can I, as a grandson, manage this"

Before he could finish his words, he was interrupted by Ji Feng: "Not married and not engaged, that's an unrelated person!"

Ji Feng immediately turned his head and asked one of the guards beside him, "How should an unidentified person attack the chief's compound and commit murder here be dealt with?"

"The crime is the same as treason, and can be shot on the spot!" The guard immediately replied coldly.

In a flash, Ji Shaoyou and the sultry woman's faces changed drastically, including Ji Shaolei's, who was also shaken violently. No one expected Ji Feng to be so ruthless, he had been so pleasant earlier, but now he had instantly put a charge on that woman named Li Yanting for attacking the chief's residence, and he even wanted to shoot her on the spot!

“Then what are you guys waiting for?” Ji Feng asked indifferently.

Ka! Click!

The three guards pulled the bolts of their guns at the same time, and the black holes of their guns were aimed at the woman named Li Yanting.

“Stop!”

Ji Shaoyou didn't know where he got the strength from and suddenly yelled out, his whole body shaking with fear, “Lao, Lao San, you, you're

Ji Shaolei was equally stunned, shot on the spot ah!

He hurriedly said, “Third son, you are this is in front of grandfather's house, ah, to be shot, also need to change the place ah!”

“Grandfather will not blame!” Ji Feng grinned, a harmless smile on his face, his hand raised high

“Puff!” A sound, being pointed by that black hole gun, Li Yanting's body was shaking like chaff, unable to even stand up, and instantly went limp on the ground.

As Ji Feng's hand was raised, Ji Shaoyou's eyes widened, and he said in a panic: “Lao, Lao San, you, you are doing too Second Brother, please help to beg for mercy, my good Second Brother, he is really going to kill!

Ji Shaolei, however, shook his head slightly and spread his hands out, “As you can see, I just advised, but to no avail!”

“Third brother, don't be like this” Seeing how vicious third brother was, Ji Xiaoyu couldn't help but be a little scared, she hurriedly pulled Ji Feng's sleeve.

“You ah, always this kind of nature, in the future, others will not often bully you?” Ji Feng shook his head with a smile and put his hand down, Ji Shaoyu and the demonic woman Li Yanting, at the same time, let out a long breath, the two of them had long since been scared and shaking, they didn't even have the strength to stand up.

“Hee hee, others won't bully me because I have Third Brother and Second Brother to protect me!” Ji Xiaoyu laughed nervously, “And Grandpa!”

Ji Feng and Ji Shaolei laughed dumbly and shook their heads in silence at the same time.

“Fine, since you begged for mercy, then we can let them off the hook for today's matter.” Ji Feng said, “However, a deadly crime can be forgiven, but a living crime is hard to escape, humiliating my sister for no reason and daring to pretend to be from the Ji family Brother Shao You, what do you think is a better way to deal with them?”

High! It's really high! Ji Shaolei finally understood Ji Feng's intention at this time, and secretly gave a thumbs up in his heart, shouting out loud!

Ji Shaoyou's face changed, he really didn't know what to do, he didn't expect that these guards would listen to Ji Feng's words, and he didn't expect that he would be so ruthless that he would take people's lives with his hand!

"Lao, Lao San, do you think this is alright, let Li Yan Ting make amends to Xiao Yu and her friends?" Ji Shaoyou immediately turned his head, "Li Yanting, what are you still standing there for, hurry over and apologize!"

"Oh! Oh!" Only then did Li Yanting react and scrambled to get up from the ground, hurriedly about to bow and apologize to Ji Xiaoyu and Wenxin.

"Kneel down!" Ji Shaolei beside him bellowed violently.

With this shout, Li Yanting's body trembled and she fell to her knees with a thud.

Ji Shaoyou's face even turned pig liver coloured, Li Yanting kneeling on the ground, this was like him kneeling, in future he would never be able to raise his head in front of Ji Feng and Ji Shaolei!

"If you dare not know the sky is high and recognize your own identity again in the future, I will kill you!" Ji Feng said coldly, "Get lost!"

Chapter 319

Looking at the disoriented Ji Shaoyou, with the frightened and pale Li Yanting, the two left in a panic, a cold light flashed in Ji Feng's eyes. bubble*book*bar()

Buzz!

A violent sound of tyres scraping against the ground sounded, Ji Shaoyou drove away in a panic, the situation, it was as if to flee, wretched.

Watching Ji Shaoyou drive away, Ji Shaolei couldn't help but give a thumbs up, couldn't hold back the laughter in his heart any longer, laughed out loud: "Third son, this slap, really hard ah! Haha, I'm afraid that after this, that side will definitely feel hot in the face, as for Ji Shaoyou hey, I'm afraid that without a few years, can not get over ah!"

Ji Feng, however, shook his head slightly and said, "I do feel that this slap is too light, well or rather, the person who took the slap, is not enough weight!"

Ji Shaolei instantly laughed bitterly: "You kid really have to be beaten is Ji Shaohong, you are satisfied ah? Older brother, if Ji Shaohong was hit in the face, hey, the old man there will have to speak, after all, it is the third generation leader over there, huh!"

Ji Feng was also dumbfounded, he was a bit greedy himself, although this slap just slapped Ji Shaoyou around, it likewise made the whole side line look bad, as for who exactly was hit, it was not that important anymore.

What mattered was that Ji Feng had indeed slapped him with this vicious slap, and it was the other side that had put their faces up for him to slap, and no one could say anything about it.

The other side could only break their teeth and swallow it in their belly!

The first thing you need to do is to get the best out of it. Did you necessarily think that Xiao Yu would persuade you?"

"Oh, it doesn't really matter if she doesn't persuade me", Ji Feng smiled faintly, turned around and took Ji Xiaoyu's small hand, smiling, "Xiaoyu, let's go in and see grandpa, first let your friend over to the parlor to rest for a while. Let your second brother treat us to dinner later on!"

"That woman was so arrogant, but once you came, she was like a dog in a house, just like that" Ji Xiaoyu was so happy that she didn't know what to say, and her face was red with excitement.

Third Brother was the most powerful, he could even command Grandpa's guards!

The simple-minded Ji Xiaoyu did not even think about how unusual it was that Ji Feng could command the old man's guards!

Listening to the originally tranquil Ji Xiaoyu, who had now become chattering about something, Ji Feng, with a smile on his face, slowly walked into the hutong.

At this time, Ji Shaolei, who was still thinking about Ji Feng's words just now, suddenly shook all over, a shocked look in his eyes, looking at Ji Feng, whose figure had already disappeared into the hutong, and opened his mouth wide, as if he thought of something incredible.

"Lao, Lao San just" Ji Shaolei muttered, "he actually really wanted to kill that woman, not just acting?!"

"It doesn't really matter if she doesn't persuade me"

Ji Shaolei finally figured out what Ji Feng just said, this kid was clearly really moved to kill, that's why he didn't cooperate with himself and step down by the way, he just wanted to kill that woman named Li Yanting!

As for the reason, that is really too simple, who would not stand by and watch the person who insulted his mother stand in front of him and do nothing!

For that demonic woman to flaunt her power in the family during this period of time, Ji Shaolei had also heard about it, especially when he heard that even his eldest aunt had been insinuated and scolded, he almost wanted to take a knife and chop up those bastards!

But reason stopped him, because if he did so, things would really be unendurable by then.

However, Ji Shaolei still didn't think that Ji Feng was more ruthless than him, but also more intelligent than him.

This kid just seized a reason of 'unidentified person attacking the chief's premises with the intention of committing a murder' and found the opportunity to lay a hit, and it was perfectly fair to kill that woman!

"This kid, he's too ruthless!" Ji Shaolei couldn't even help but shiver, at the same time, he was also a little puzzled, "Why didn't Lao San strike when it came to the end? Is it really because Xiao Yu was beside him to persuade him?"

Shaking his head, Ji Shaolei still hadn't figured it out and stopped thinking about it, wouldn't he just ask that boy directly and find out?

He turned to one of Xiao Yu's bodyguards and said, "Please help bring Xiao Yu's friend to the parlour, we'll be over soon!"

"Yes!" Their reply was always so concise and competent!

Ji Shaolei smiled faintly and quickly went after Ji Feng, if he couldn't figure out what Ji Feng had in mind, he was really tickled to death.

However, Ji Shaolei did not notice that the warmth next to him was full of shock, forgetting even the pain from the punch on his face, just staring blankly at the direction Ji Feng was leaving, with an extremely complicated light in his eyes!

A simple sentence can decide a person's life or death!

When she saw the woman who had beaten her, just like a dog in distress, kneeling down in front of her, in that instant, she could not feel any pain, a great sense of superiority and achievement filled her whole body and mind!

You have your day too!

The taste of power, it was so wonderful!

This was the deepest and most engraved feeling in Cozy's heart after that scene!

A single word can make a person fall from heaven to hell, a gesture can bring a person back from hell to heaven, a look can fill a person's body with power!

Power!

This was the greatest feeling that warmth had ever felt, although her family had no small amount of energy, but how had she ever seen such a scene, even her grandfather never dared to decide a person's life or death with a single word!

The scene she saw today had completely overturned warmth's past perceptions, and the image of Ji Feng, that silent man, had suddenly grown taller in warmth's mind.

When she thought of what she had said to Ji Feng in Jiangzhou, she couldn't stop the fear in her heart, when he wanted her to die, I'm afraid it was just a matter of words, right?

This man, no matter what, must be caught! Wen Xin secretly gritted her teeth and made a decision in her heart, even if he had two girlfriends, she could still squeeze them out, when it comes to tactics, all those tactics she had seen between families over the years, was there any less?

"I, am the future Mrs. Ji!" Wen Xin's eyes showed a firm and eager light.

.....

"Three, you were so good just now, second brother suddenly appeared and made those two bad guys dare not bully me anymore, you and grandpa showed up and took it out for me, I'm really happy today!"

On the way from the hutong to the courtyard, Ji Xiaoyu was simply like a new person, constantly chattering away, but Ji Feng was not the least bit impatient, always with a smile on his face, quietly listening.

“Xiao Yu, no one will dare to bully you again.” Ji Feng smiled faintly, took Ji Xiaoyu’s small hand and admonished, “Xiaoyu, did you see just now, with one word, I made that woman kneel down in fear, am I very powerful?”

“Mmm! Third Brother, you’re really powerful!” Ji Xiaoyu immediately nodded her head.

“Do you know why I’m so powerful?” Ji Feng asked with a smile.

“Well Third Brother is just awesome!” Ji Xiaoyu said with a smile, “By the way, those guards of grandpa used guns on them and those guards listened to Third Brother, so they got scared!”

“Smart!”

Ji Feng nodded and laughed, “So yeah, it’s actually not me who’s powerful, and grandpa, it’s our family! Xiao Yu, you must always remember that you are the little princess of the Ji family, you have grandpa behind you to protect you, you can’t let anyone bully you, otherwise, you will disgrace grandpa, remember?”

Ji Xiaoyu pondered for a moment before nodding vigorously, “Third brother, I remember, if anyone bullies me, they are bullying grandpa. I won’t let anyone bully Grandpa, so just don’t let anyone bully me! Whoever dares to bully me, I’ll come back and tell grandpa so he can protect me!”

Ji Feng dumbly laughed: “The first part is right, but the back who dares to bully you, you tell the other party that you are the little princess of the Ji family, and if they still want to see the sun the next day, they will immediately make amends and apologize!”

“Ah?”

Ji Xiaoyu froze, and a difficult look appeared on her small face, “Third brother, it’s not too good to say that, is it?”

“If you don’t say it, it’s a disgrace to grandpa oh!” Ji Feng laughed.

Ji Xiaoyu hesitated for a moment before nodding vigorously, “Mm, I’ll say!”

Only then did Ji Feng smile, it wasn’t that he was too arrogant, but Xiao Yu’s nature was really too soft, and she would only be bullied when she went out. He had to make Xiao Yu strong and know how to use her own back up so that she could protect herself!

As they spoke, the two of them walked into the courtyard, only to see their grandfather standing under the big tree at the entrance, looking at the two of them.

“Little monkey, is this how you teach your sister?” The old man had a sullen face but his eyes were full of laughter, obviously amused but wanting to scare his grandson.

“Grandpa” Ji Xiaoyu took a look at his grandfather’s sullen face and thought he was going to criticize Ji Feng, so he hurriedly said, “I was the one who pestered Third Brother to teach it to me!”

Ji Feng, however, laughed heatedly, "With you backing me up, of course we have to make Xiao Yu tougher, otherwise we will not be bullied in the future, people from the old Ji family, don't bully others, but we definitely won't let others bully us either!"

Master Ji smiled gratefully as he nodded and said, "Xiao Yu, remember what your third brother said?"

"Mm, I remember!" Ji Xiaoyu immediately nodded vigorously when he saw that his grandfather was not blaming him.

Master Ji laughed and added, "Little monkey, you were very imposing just now! However, there was reason, evidence and discipline! Well done!"

Chapter 320

Master Ji laughed and added, "Little monkey, you were very imposing just now! But with reason, evidence and discipline! Well done!"

"Hehehe!"

Ji Feng smiled heatedly, "It's all because grandpa taught me well."

"You little monkey" the old man laughed, his laughter was full of relief and joy, among these grandchildren, I am afraid that only this little monkey Ji Feng was not afraid of himself, but was the most to his liking.

Ji Feng laughed: "Grandpa, your body is still more or less weak, and the weather is also cold now, why don't you go in first?"

"Good!"

Master Ji nodded, "This time, I, an old man, will listen to you!"

Ji Feng was dumbfounded, Grandpa was in a good mood!

Soon, Ji Shaolei also rushed over, the old man patted Ji Xiaoyu's little head next to him and laughed, "Xiaoyu, go and play with your friends, the visitor is a guest, don't leave them out in the cold."

Ji Feng was suddenly a little surprised, the old man knew everything about the world without going out. How come what he had done outside and what friends Xiao Yu had brought with him, the old man knew all about it? The company's main business is to provide a wide range of products and services to the public.

The next one, Ji Shaolei, laughed and said, "Third child, you don't understand this, do you? Do you really think that the security measures here are only these guards standing guard?"

"There's surveillance outside too?" Ji Feng suddenly dawned on him, if that was the case, then it made sense, every move he made had fallen under the eyes of the old man.

"Grandpa, I'm going then, I'll come back later to keep you company." Ji Xiaoyu instantly smiled cheekily and jumped and ran away.

In the end, she was still a small child. The aggravation and unpleasantness she felt just now had long since been forgotten, and with her second and third brothers and grandfather taking it out for her, she had long since lost all of her resentment.

After Ji Xiaoyu had left, the old man then dropped his gaze to the two grandsons in front of him.

The three of them took their seats in turn, Ji Feng and Ji Shaolei sat opposite the old man, Ji Shaolei smiled heatedly and took out a cigarette from the coffee table, ready to light it for the old man.

“Little Chief!”

A voice suddenly sounded outside the door, followed by a woman in her forties who didn’t know when she had arrived at the door and was glaring at Ji Shaolei, “The chief’s body has just recovered, how can you encourage the chief to smoke!”

Ji Shaolei instantly smiled awkwardly and hastily put the cigarette away and made amends, “Aunt Hong, sorry sorry, I didn’t pay attention and forgot about it, I will definitely pay attention in the future and definitely won’t do it again, hehehe!”

The middle-aged woman whom Ji Shaolei called Aunt Hong, holding a thick stack of documents in her hand, came to the old man and said, “Chief, I have read your health examination data, the recovery is indeed quite good, but cigarettes have many hazards to the body after all, you can’t smoke anymore

The old man was not afraid of heaven and earth, but to this middle-aged woman, he seemed to be very afraid, he laughed and said, “Ah Xiao Hong, this time is my fault, so don’t mind!”

Aunt Hong then shook her head slightly and said, “Forget it, I know you can restrain everything but this cigarette

No, I have to put away your cigarette for you to save you from smoking it secretly again!”

Next to him, Ji Shaolei immediately said, “Aunt Hong, Aunt Hong! Do you think this is okay, how about all those cigarettes of the old man, when I go back to Jiangzhou I will take them all away, I will definitely not let the old man smoke them anymore, how about that?”

“Well

that’s fine too, remember, don’t let old master smoke again, do you hear me!” Aunt Hong glared at Ji Shaolei.

Ji Shaolei hurriedly nodded his head repeatedly and was very respectful to this Aunt Hong between his words, looking extremely surprised at Ji Feng, was this Aunt Hong the old man’s personal health care doctor, even so, she wouldn’t be able to speak to the old man like this, right? Also, how come the second brother was so afraid of her too?

Aunt Hong gave Ji Feng a somewhat surprised look, but didn’t say anything, she just nodded and turned around to leave.

“Whew...!” When Aunt Hong left, Ji Shaolei finally couldn’t help but let out a long breath.

The old man, however, glared at him, “Brat, you’re taking advantage of the fire!”

Ji Shaolei heatedly smiled, “Old master, I am just covering for you! Don’t worry, when I leave Yanjing, I’ll only take one or two with me, the rest, I’ll hide them all for you, so that’s always okay, right?”

“Humph!” The old man gave another cold snort and ignored him again.

In fact, for these four grandsons, the eldest grandson, Ji Shaodong, was mature and stable, a young man, quite a great general, and the old man looked very fond of him.

The second grandson, Ji Shaolei, has been naughty and mischievous since he was a child, and when he grew up, he was even worse, and his reputation as a fop was almost spread throughout Yanjing City.

It was not until a few years ago that he suffered a big loss under the Qiao family’s boys that Ji Shaolei grew up as if overnight, and was no longer stubborn, but in front of the old man, he was the one who could let loose the most, and the old man’s love for him increased rather than decreased.

As for the third grandson, Ji Feng, who is also the first grandson of the Ji family’s eldest family, the old man did not compare him to the other two grandsons at all.

A grandson who could pull himself back from the ghost gate, Master Ji naturally knew that he must have secrets that could not be known to outsiders. Moreover, the old man could also see that Ji Feng would definitely not follow the career path, and definitely not simply the business path, yet his achievements were what the old man was most looking forward to.

If Ji Shaodong could lead the Ji family to develop steadily and steadily, it would be in line with the meaning of ‘to be righteous’.

Ji Feng, on the other hand, could lead the Ji family to take off in a different way, which would be in line with the meaning of ‘winning by oddity’.

Combine with the righteous, win with the strange!

Ji Shaodong and Ji Feng, one positive and one strange, were enough to keep the Ji family worry-free for decades.

Therefore, the old man was not simply fond of these two grandsons, but also had high hopes for them. As for Ji Shaolei, it is simply the old man’s love for his grandson, especially since this grandson is still so much to his liking.

What’s more, Ji Shaolei is not useless, what kind of nature is this kid, the old man can see very clearly, maybe one day, Ji Shaolei can help Ji Feng or Ji Shaodong, and it’s a big help!

As for the young grandson Ji Shaoyun, the old man is not very happy when he thinks about it, that brat, small in guts, just this one shortcoming has already limited his future achievements, so the old man also only hopes to be able to enjoy the joy of heaven and earth in his body, that is already enough.

And those in the side line the old man shook his head slightly and fell into contemplation.

“Old master, let’s see you again when we have dinner in the evening, the third child has come to Yanjing, and the eldest aunt’s side” Ji Shaolei and Ji Feng naturally saw the hint of sadness between the old master’s brows, and the former said with a smile at once.

“Human nature, Su Mei’s side, you guys go together to see, little monkey, when you see your mother, say hello to her for me.” The old man said.

Ji Shaolei was astonished, it was the first time he had a junior say hello on his behalf, and within the family.

However, Ji Feng vaguely understood that the old man was feeling guilty about his mother, if he hadn't insisted at first, there might not have been so many things afterwards

"Grandpa, don't worry, I know what to do!" Ji Feng smiled faintly and stood up with Ji Shaolei, and the two of them walked out side by side.

"Second brother, how far is it from here to where my mum lives, roughly?" Ji Feng looked at the time, it was almost half past ten in the morning, if he could make it in time, he might still be able to have lunch with his mother.

"It's not too far, the drive is probably just over twenty minutes and half an hour or less." Ji Shaolei looked around and whispered, "Wait for me for a moment."

He immediately ran to the door of a room at the end of the cloister, where Aunt Hong was waiting, and the two of them opened the door and walked in.

Not long after, Ji Shaolei ran out thievishly, carrying a black bag in his hand.

He came in front of Ji Feng and said in a low voice, "San'er, go quickly, you won't be able to leave if you're late."

Before Ji Feng could speak, he was pulled by Ji Shaolei and ran out of the quadrangle.

It wasn't until the two of them got into a black Buick sedan that Ji Shaolei let out a sigh of relief, looking at the bag in his hand and heaving with glee.

Ji Feng was astonished: "Second brother, what is this you're holding? Why do you look like you're a thief?"

"Isn't it just being a thief?" Ji Shaolei laughed heatedly, "Third child, look at what brother has fished for this time!"

He unzipped the bag, and at once a strip of cigarettes was revealed, and Ji Feng was dumbfounded, "Second brother, this, these are grandpa's special cigarettes, right? Not right, didn't you say you would only take away one or two, how come now"

When he said this, he suddenly understood: "Good, second brother, you and Aunt Hong colluded to lie to grandpa together!"

The first thing you need to do is to get a good idea of what you are doing. Besides, I didn't want to take it all for myself, so I'll give you four cigarettes, is that enough?"

"Second brother, this Aunt Hong, who is she?" Ji Feng couldn't help but ask, before he felt that the tone of Aunt Hong's speech was not like an ordinary personal special care worker, now he actually conspired with second brother to cheat grandpa and steal his special cigarettes, this kind of behavior, not something an ordinary health care worker could do.

Speaking of this, Ji Shaolei did let out a light sigh and said: “Actually, ah, Aunt Hong is the daughter of what Grandpa thought was an old subordinate, only that old subordinate didn’t survive that previous turmoil and Grandpa later found his daughter, that is, Aunt Hong. Grandpa treated her as if she was his own daughter, and she also treated him as her father, and we, the younger generation, all had great respect for Aunt Hong, and she was quite good at medicine herself, and being grandpa’s special caregiver, uncle and junior uncle, they were all very relieved.”

“So that’s how it is, no wonder she dares to speak to grandpa in that tone of voice!” Ji Feng couldn’t help but secretly nod his head, daring to say, she was treating grandpa like a father.

Suddenly, Ji Feng’s heart moved, “Second brother, Aunt Hong is Grandpa’s personal special care, so she must know why Grandpa was admitted to the hospital, right?”
