

Campus Master 321

Chapter 321

In fact, for more than a month Ji Feng had been very puzzled as to why his grandfather had suddenly been admitted to the hospital. He had asked the old man, but did not get the answer he wanted, while others, likewise, kept their mouths shut.

So, Ji Feng put the idea to Aunt Hong, she was the old man's personal special care, she would always know something.

Ji Shaolei was stunned, then shook his head slightly and said, "If I were to say that Aunt Hong knows, I think she must know, but it's hard to say if she will tell us. I guess she won't say anything without the old master's order."

Regarding the matter of the old master's hospitalization, Ji Shaolei was equally puzzled, and he had inquired about it through various channels, including Aunt Hong and the old master's personal bodyguard, Tiejun, but nothing came of it.

When Ji Feng smiled, he couldn't help but be a little disappointed.

In fact, Ji Feng knew very well that the reason for making the old man hospitalized should be very important and would most likely involve the dispute between the first and the second line, otherwise, the old man would not have kept his mouth shut as soon as this matter was brought up, that was not the old man's character.

"Forget it, don't think about that for now, when the old master wants to tell us, he will definitely do so." Ji Shaolei laughed, "Now that he hasn't said anything, it proves that this doesn't affect us much, or rather, that old master can handle it himself!"

When Ji Feng thought about it carefully, that was also the case, so he nodded and said, "Alright then, let's go!"

According to what Ji Shaolei said, his mother did not live in the family home, but lived with his father in an upscale neighborhood very close to the office, and his younger uncle Ji Zhenping had also bought a house there, so the two families were close together, and usually when Ji Xiaoyu came home from school, she would always like to go and chat with her elder aunt.

Ji Feng but vaguely felt that this was probably because his father had moved to an outside neighborhood in order to take care of his mother's feelings and to allow her to gradually adapt to life in Yanjing.

After all, mother had lived in Mang Shi County for so many years, if she went all of a sudden to one of those family homes where the official wives gather, she would be more or less uncomfortable.

.....

The old man of the Ji family has completely recovered and returned!

This news, as if it had grown wings, flew to the ears of everyone who had a heart.

Those who heard the news were surprised, amazed, taken for granted, and delighted.

However, those who were most shocked were those who were well aware of Master Ji's condition.

This is the natural ageing of the human body, a natural law that no one could possibly defy, so how did he suddenly recover?

Could it be that the previous diagnosis, was a misdiagnosis?

At this time, many people recalled that a month ago, Elder Ji's ward was suddenly in a state, and even the senior management was alerted, only to have no movement suddenly afterwards.

Was that abnormal sign related to Elder Ji's sudden recovery?

Now if we look back carefully, it is obvious that it is absolutely inseparable, that abnormality should be a sign of Master Ji's recovery.

No matter how puzzled the people were, and no matter how they speculated, there was one thing in front of them: Master Ji had recovered and returned to the courtyard alive and well!

This was a fact and no one could change it.

Then, it was time for those people to open their minds and consider what way to deal with the Ji family. And some people, or certain families, who had originally started to act foolishly after receiving news that Master Ji's days were numbered because he had fallen ill, heard the news of Master Ji's return and suddenly their hearts thudded, as if a thunderbolt had suddenly exploded over their heads!

It was almost like a bolt from the blue!

Master Ji's tactics were clear to all those who had ever fought with him and had ever made a move. Back then, even in the face of the one above, Elder Ji dared to slap the table and was relegated to the farm as a result, his character and methods were something that absolutely no one wanted to learn again!

Although over the years Elder Ji had long since stopped interfering in the affairs of the family, and even his sons were fighting on their own, in reality, no one dared to forget that the Elder Ji still existed!

In fact there was no need for Elder Ji to speak at all, everyone had to be careful, because once they provoked Elder Ji to speak up, the consequences could be serious.

Some people, and some families, who originally felt that Elder Ji's days were numbered and were ready to make a move, immediately tensed up after hearing the news of Elder Ji's return, and at the same time, they all opened their brains to think of ways to repair relations with the Ji family, or to think of how to remedy the situation.

If the Ji elder son is on his mind

This is only the outside, the inside of the Ji family, likewise like being struck by lightning, immediately exploded.

When the three brothers of Ji Zhenhua received the news, they were simply shocked, happy and felt unbelievable, the old man had gone back, how come they, the sons, did not know about it yet?

The three brothers immediately called the courtyard and the person responsible for answering the phone was Aunt Hong. From her mouth, the three brothers received a positive answer and were immediately overjoyed.

Even Ji Zhenping, who knew the inside story, was equally stunned and ecstatic at the same time.

Ji Feng, that brat, had really cured the old man!

Ji Zhenping felt that the best decision he had made in his life was to take Ji Feng to see the old man, and to keep this strictly confidential. Apart from a limited number of people at the top, he did not reveal half a word to anyone else, even his elder brother and second brother, until the old man had recovered.

In case they thought that Ji Feng was messing around and thus stepped in to stop it, it would be a problem.

But to their surprise, what Ji Feng gave them back was such a big surprise!

“This brat, he really didn’t let me down!” Ji Zhenping hung up the phone and said with a face full of joy.

Immediately, he couldn’t help but hum twice, “This time, someone is going to have a headache!”

In fact, Ji Zhenping had not guessed wrong at all, as the sudden recovery of Elder Ji and his return to the courtyard had almost caused the entire side line of the Ji family to become a mess.

Originally, they were all secretly planning how to push the third generation leader of the side line to step forward and take up the burden of the third generation family head once the old man was gone, but this time, it was as if everyone had been hit on the head with a stick, a stick that made them dizzy and dizzy, and their eyes glazed over.

What a blow!

For a time, the entire Yanjing City became a little seething with the return of Elder Ji.

.....

“Su Mei, there’s no need to cook tonight, let’s go to Old Master’s place for dinner!”

In a small area of Yanjing, Xiao Su Mei was sitting on the sofa in the living room answering the phone, opposite her was a woman of about forty with a serene smile on her face, sitting there peeling fruit.

“Going to eat at the old man’s place?” Xiao Su Mei was stunned, since the old man had been hospitalised, apart from going back regularly to clean the old man’s house, to do her filial duty, she had never gone there for a meal!

The middle-aged woman opposite was also a bit surprised and gave Xiao Sumei a glance, but did not say anything.

“Isn’t the ministry busy?” Xiao Su Mei did not understand why she had to go to the old man’s place for dinner, but she did not think too much about it, since it was arranged by her husband, then just go along, what she was concerned about was still her husband’s health, these few months down the road, her husband looked like he had lost a lot of weight, obviously he was not working too hard.

“Busy! But, on a day like today, even if you are busy, you should always get together with your family!” On the phone, Ji Zhenhua’s voice seemed very cheerful, causing Xiao Sumei to be even more amazed at once.

During this period of time, although Ji Zhenhua would always come home with a smile on his face, Xiao Sumei could see that there was a trace of worry between his brows that could not be erased, but now, his voice was really cheerful.

“Zhenhua, is something happening? Is it a good thing?” Xiao Sumei asked hesitantly.

“Of course it’s a good thing, a heavenly good thing!” Ji Zhenhua, who had always been steady and majestic, also looked a little excited at this moment, “The old man has recovered and has returned to the quadrangle, let’s go there together tonight!”

“Really?” Xiao Su Mei was also delighted, maybe the old man recovered or not, it didn’t hinder her much, but she knew that it had a great relationship with her husband, the old man recovered, her husband’s mood was good, and his work was smooth.

“Let’s say this first, I still have some work to do here!” Ji Zhenhua said with a smile.

After hanging up the phone, Xiao Su Mei was suddenly full of smiles.

Seeing her appearance, the middle-aged woman couldn’t help but ask with a smile, “Sister-in-law, is it my big brother calling? What’s good?”

Xiao Su Mei laughed and said, “It is indeed a good thing, the old man has recovered and is said to have returned to the quadrangle now!”

“Really?!” The middle-aged woman was instantly surprised, just as she wanted to speak, she heard her mobile phone ringing, she immediately picked it up, “It’s Zhenping calling!”

Xiao Su Mei instantly smiled, “It must be to inform you to go to dinner tonight!”

As expected, Ji Zhenping was calling to inform his wife to go to the old man’s quadrangle for dinner tonight.

“Sister-in-law, you’ve really got it right!” The middle-aged woman smiled faintly, “Xiao Yu called me earlier and said that Xiao Feng had also come to Yanjing, sister-in-law, maybe we can meet today.”

“Little Feng is here too?” Xiao Su Mei was stunned, and just as she wanted to speak, she heard a thumping on the door of the room outside.

The two of them were stunned, this knocking sound was very rough, who had the audacity to be so bold?

“Madam, I’ll open the door.” At this time, from behind the sofa next to her, the figure of a woman suddenly appeared, she took two quick steps and went in the direction of the room door.

“Sister-in-law, this escort that big brother has arranged for you is really good!” The middle-aged woman instantly smiled and exclaimed in praise.

And at this time, a shrill voice pierced through, "Where is Xiao Su Mei? Come out immediately! What, your son has bullied my son and daughter-in-law, and you, as a mother, don't dare to come out and meet people?"

In the living room, Xiao Sumei and the middle-aged woman suddenly turned pale.

Chapter 322

"Sister-in-law, this voice seems to be the second sister-in-law over at!" The middle-aged woman, Ji Zhenping's wife, as soon as she heard the voice coming from this doorway, her face immediately changed and she whispered, "This woman is particularly difficult, let's be careful!"

"Don't worry, Hong Dan, even if she's from over there, she can't be unreasonable, right?" At the mention of that side, Xiao Su Mei's heart could not help but be secretly angry, she had inadvertently met one of the boys from that side in the old man's courtyard before, only to be scolded by his girlfriend by insinuation, if she didn't care about her own identity, she really wanted to have her guards go up and slap that woman severely!

"Xiao Ying, let someone in!" Xiao Su Mei raised her voice slightly and said.

Xiao Ying, the guard at the door, immediately nodded and turned slightly sideways to make way.

Three people rushed in at once, led by a middle-aged woman, her face heavily made up, her slightly obese figure but wearing a cheongsam that was propped up and bulging, looking bloated.

Behind her, however, was a pair of young men and women. If Ji Feng were here, he would have instantly recognized these two, namely Ji Shaoyou and that sultry woman, Li Yanting.

Only, these two were the ones with a nervous look on their faces, and their figures also looked a bit cowering, as if they didn't dare to come in.

As soon as they entered, the middle-aged woman said in a shrill voice, "Xiao Su Mei, you taught your son well, how dare you order someone to point a gun at my son and daughter-in-law, how dare you want to shoot my daughter-in-law on the spot? How dare you!"

Xiao Su Mei's face was calm as she said indifferently, "I don't need you to ask how I teach my son. I haven't heard of what you said, so I don't know what's going on yet. If you're here to reason, please sit down and talk, if you're here to cause trouble, I'm sorry, I don't have that much time for you!"

The middle-aged woman choked, and then she went crazy: "Xiao Su Mei, you are excusing yourself. Good! You are really worthy of being mother and son, you are both so shameless!"

Xiao Su Mei's face sank and she said, "You'd better watch your mouth!"

The third aunt next to her also said unhappily, "Second sister-in-law, aren't you going too far in speaking to your sister-in-law like that?"

“Liang Hongdan, this is none of your business here, keep your mouth shut, my son and daughter-in-law were forced to kneel down with a gun and almost died, I absolutely cannot just let it go!” The middle-aged woman shouted shrilly at once.

Xiao Su Mei frowned and said, “As I said, I don’t know anything about this matter, and I haven’t heard about it until now, if you want to come here and make trouble, I think you’ve got the wrong idea!”

“Second sister-in-law, we really haven’t heard about this matter you’re talking about, is there some kind of misunderstanding in between?” Liang Hongdan said in a low voice, “All the people living in this community are dignitaries, besides this is sister-in-law’s home, it’s a bit inappropriate for you to make a scene here like this, isn’t it?”

“I’m inappropriate?”

The middle-aged woman sneered, pointed at Xiao Su Mei and screamed, “Xiao Su Mei, I tell you, you must give me an explanation today, otherwise, even if I have to risk my old face, I will definitely not stand by and watch my son and daughter-in-law being bullied like this!”

“What do you want to say?” Even a person with a good temper would not be in a good mood if she was questioned by someone pointing at her nose like that, not to mention that the sultry woman standing behind this middle-aged woman had scolded herself only some time ago, so naturally Xiao Sumei would not have a good face.

“What argument?!”

The middle-aged woman said at once, “I want you, and that wild son of yours, to apologize to my son and daughter-in-law. Didn’t that good son of yours force my daughter-in-law to kneel down and apologize? If not, I’ll smack you!”

“How dare you!” Xiao Soumei immediately scolded angrily, “Zhang Yun’e, mind your status!”

“Yo!” The woman named Zhang Yun’e stretched out her voice disdainfully and looked at Xiao Sumei with contempt, “You want me to pay attention to my identity? What is my status? My Zhang family is a great family in Yanjing, and I, too, am a member of the Ji family! And you, what are you? A woman from a grassroots background who climbed up to the boss of the Ji family and really thinks she’s a noble lady too? Tsk tsk

“Second sister-in-law, you’re going too far in talking like that, aren’t you?” Liang Hongdan’s face turned green with anger beside her, Zhang Yun’e was insulting the entire first family by saying this about Xiao Su Mei.

“If you want to say it’s too much, it’s Xiao Sumei’s son who is too much first, I really don’t want to eat this!” Zhang Yun’e snorted coldly and said domineeringly, “Xiao Su Mei, now, you immediately apologise to my son and daughter-in-law, and then go find your son and make him kneel down and apologise!”

Xiao Sumei was furious and was just about to speak when she heard an icy voice from outside the door, “Which way do you not eat?”

Everyone’s eyes immediately looked outwards, and Ji Shaoyou and Li Yanting, both of whom suddenly remembered something, had a fearful glint in their eyes and could not help but tremble violently.

Two tall figures walked in through the door, but they were Ji Feng and Ji Shaolei.

Only, both of them were as sullen as water and incomparably cold at this moment.

Just now downstairs, they had heard the sound of an argument upstairs, and when they saw the black Mercedes parked in the parking space, they instantly knew that Ji Shaoyou had come!

The two immediately went upstairs, just in time to hear Zhang Yun'e's final words of forcing Xiao Su Mei to apologise and for Ji Feng to kneel down and apologise, and the two of them were instantly furious in their hearts.

Ji Feng, in particular, was shocked with rage!

A woman from nowhere dared to humiliate his mother like that?

He had only heard about it before and had never seen it with his own eyes, but now, Ji Feng had seen with his own eyes that his mother had been humiliated by someone at his door, even though it was because of himself, but these people dared to come to his door and humiliate his mother like that.

As soon as she saw that a stranger had entered, the female guard next to her was about to step forward to stop Ji Feng and the two of them, but what greeted her was Ji Feng's cold, icy stare.

"This gentleman" The female guard was just about to say something when she saw Ji Shaolei, so she hesitated slightly, not knowing whether she should stop them or not.

But before she could make a move, she heard Ji Feng's cold voice ring out, "Are you the nanny in this house?"

The female escort was stunned, and then said, "I'm Madam's guard!"

"Guard?!"

Ji Feng's face became even more ugly as he looked at the female guard with a questioning gaze, "You're really a guard?"

"Yes!" The female guard was a little discontented in her heart, she naturally could see the look of doubt in Ji Feng's eyes.

"Do you know kung fu?" Ji Feng asked in a deep voice.

"Yes!" The female escort was a bit puzzled, why was this person asking this?

"If you were to fight these three people by yourself, could you beat them?" Ji Feng asked again.

The female escort took a glance at Zhang Yun'e's three men and immediately nodded, "No problem at all!"

"Since that's the case"

Ji Feng's eyes instantly shot out a harsh gaze, "Let me ask you, as a guard, what do you do when you watch an outsider barge in and insult the people you are trying to protect? And what did you do? Are you qualified as a guard?"

“I”

The female guard froze, she did not expect that this young man, who had suddenly appeared, would turn on her like that, she opened her mouth and explained, “But, they are”

“Are they your masters?” Ji Feng interrupted her words without mercy, “Or are they your relatives?! This is how you perform your duties!”

The female escort froze, surprisingly speechless by Ji Feng’s question.

“You!”

Ji Feng pointed at the female guard and said coldly, “If you still want to continue being your guard here, perform your duties!”

He fiercely pointed at Zhang Yun’e and the three of them, “Beat me out!”

“You, what are you?!” Not only the female guard, but even Zhang Yun’e, was shocked by this sudden overpowering aura of Ji Feng, and couldn’t help but stammer a bit as she asked.

The cold light in Ji Feng’s eyes flashed and he ignored Zhang Yun’e, but said to the female guard, “What, do you want me to do it myself? Fight it out!”

The female escort looked at Xiao Su Mei with difficulty, she would not listen to a stranger.

“Xiao Ying, he is my son!” Xiao Su Mei said proudly.

“What?!”

Zhang Yun’e screamed when she heard that, “You’re that little wild”

“Slap!”

With a loud slap, the female guard slapped Zhang Yun’e’s face fiercely, slapping all her unfinished words back into her stomach.

If not for Ji Shaoyou and Li Yanting behind her, I am afraid this slap would have been enough to send her to the door.

Zhang Yun’e was frozen by the blow, her mouth muttered, “You, you dare to hit me? How dare you hit me?”

“Beating you is still light!”

Ji Feng hummed disdainfully and turned around, looking coldly at Ji Shaoyou and Li Yanting, “It seems that you have really forgotten the pain after getting well, the lesson you were given only this morning, you have forgotten it so quickly!”

Being swept by Ji Feng’s icy gaze, Ji Shaoyou and Li Yanting instantly shivered, Ji Feng’s gaze was just too terrifying, as if he wanted to eat people.

“Lao, Lao San, you, don’t misunderstand, it’s not what you think” Ji Shaoyou stammered, he really didn’t think of coming to find trouble with Ji Feng’s mother, the lesson in the morning was already deep

enough, it was just that his mother couldn't swallow the anger and thought that Xiao Su Mei was a woman from the countryside, she shouldn't dare to resist, so she could also get some face back, that's why she came.

But now, they unexpectedly ran into Ji Feng here, this was really not a good time to end it.

"Remember what I said this morning? Attacking the chief's premises with the intention of committing murder, according to the crime should be shot on the spot!" Ji Feng said coldly!

Chapter 323

When they heard Ji Feng's cold, unemotional words, Ji Shaoyou and Li Yanting could not help but shiver, their teeth chattering, and their legs almost drained of strength.

"Lao, Lao San" Ji Shaoyou wanted to say something else, but Ji Feng didn't give him that chance.

Ji Feng snapped his head around and looked at the female escort, "Do you have the right to shoot the perpetrator?"

"Lao-san!"

As soon as he heard Ji Feng's words, Ji Shaoyou immediately shrieked in shock and looked at Ji Feng in unbelievable horror, "Don't!"

In the morning, there was Ji Xiaoyu pleading for mercy before Ji Feng spared them, but this time, who else would plead for them?

In a flash, Ji Shaoyou's gaze fell on the somewhat dazed Xiao Sumei and Liang Hongdan, and he fiercely pulled Li Yanting and hurriedly took two quick steps forward, flopping down on his knees.

"Eldest aunt, third aunt, it's our fault, we shouldn't have come here to make trouble, please help us beg for mercy, Lao San will really kill someone!" Ji Shaoyou said in horror.

And that Li Yan Ting, even more scared and shaking, twice in one day in front of the ghost gate, anyone who is more courageous, definitely can not hold up.

"This" Xiao Su Mei and Liang Hong Dan froze, they how can not think, just a moment ago was high and proud to come to ask for punishment, but now, Ji Shaoyou two people actually kneeled in front of themselves to beg for mercy, this before and after the contrast, also is really too big some!

And was beaten still a little dazed Zhang Yun'e, but at this time even more bewildered" In fact, her heart, also rose deep fear, Ji Feng asked that female guard, is too calm, that expression as if" simply do not take human life seriously!

Ji Feng turned his head and looked at the shocked and stunned Zhang Yun'e and suddenly grinned, "As I said earlier, beating you is all light, if you had known before that your reckless behavior might have cost your daughter-in-law her life just like that, I wonder if you would have a little bit of regret?"

Zhang Yun'e instantly trembled and looked at Ji Feng with some uncertainty and horror, "You, you"

"Look, this time I didn't force oh, but they still just kneeled down, huh" Ji Feng had a thick mockery on his face, "May I ask, what other scores do you have to settle with me?"

Zhang Yun'e couldn't help but tremble, in fact, she wasn't at all like what she said she was, coming from some big family.

The Zhang family she came from was not even a fourth-rate family in Yanjing, but it was only because she had gotten involved with the Ji family over the years that she had gradually started to grow, otherwise, she would not have married a side brother of the Ji family in the first place.

It was only because she was involved with the Ji family over the years that she began to grow in strength.

Looking at Ji Feng's face full of smiles, but his eyes were full of ice and cold, Zhang Yun'e knew that not only would she not be able to get a good deal today, how she should leave was an unknown.

"Well!"

Ji Feng suddenly nodded and suggested, "By the way, you can call Ji Shaoyou's father, which is my cousin uncle or cousin uncle to call him and ask him to come and collect the people, otherwise, you can simply stay here for lunch!"

Zhang Yun'e instantly blushed incomparably, of course she knew that if she really let her husband come, this would really be a big loss of face, then not to mention the first line would laugh at her, even the whole side line, would look down on them, at that time, their family would not be able to hold up their heads as people!

However, if they don't let their husbands come, the three of them want to leave here that is simply a delusion!

The three of them, indeed without any status, had broken into Ji Zhenhua's house, and according to their rank, they should address Ji Zhenhua as head!

If Ji Zhenhua did not recognize them as relatives, then what Ji Feng said would be completely flawless!

As for the claims of intent to commit murder and the like Hey! The fact that they ran here in a raging manner already speaks volumes, not to mention, Zhang Yun'e suddenly remembered that the homes of chiefs like this would definitely all have tight security measures, so maybe their every move was recorded

The first time, Zhang Yun'e was caught in a dilemma, the whole person was unbearable, and her face was hot.

Who would have thought that she would suddenly become this way after being so aggressive before?

Zhang Yun'e knew that the bell had to be tied, and the key to the matter still lay with Xiao Sumei.

As long as Xiao Sumei promised not to pursue today's matter, then they would be completely safe to leave and would not have any trouble in the future. When the mother promised, Ji Feng would naturally not go looking for trouble.

But

Zhang Yun'e's face changed, how could she pull off this face again!

At this time, Zhang Yun'e finally understood the words that Ji Feng just said, beating you, are light!

A resounding slap on the face was hot and spicy, but what made Zhang Yun'e even more ashamed was that she had to beg Xiao Sumei to get rid of her responsibility and her son and daughter-in-law would be fine!

This was even more embarrassing than beating her up!

"What a vicious brat!"

When Zhang Yun'e looked at Ji Feng again, her heart was filled with fear, this was too powerful a kid, she, Zhang Yun'e, was no match at all!

In fact, although Zhang Yun'e was flamboyant and domineering and felt good about herself, it was only because she felt that the side line was getting more and more powerful now, and her eldest son was gradually becoming a success, so even people from the full line had to give her face. In addition, as Xiao Sumei was from the countryside, Zhang Yun'e had some contempt in her heart.

But in reality, Zhang Yun'e was not stupid, she could of course see that Ji Feng was killing several birds with one stone with just a few simple words!

First, he taught the female guard a lesson in front of everyone, so that she would know how to protect her master. Then, by the hand of the female escort, he slapped himself loudly and at the same time forced all three of them into a dead end unless they bowed down to Xiao Su Mei and gave in!

Good tactics ah!

Next to Ji Shaolei is also secretly praise, Ji Feng this hand, taught the guard, slapped Zhang Yun'e, for his mother out of anger, and to help his mother to establish prestige, really

Ji Shaolei can not help but secretly mutter, this kid if the wrist, do not go to mix officialdom, is really a pity!

Liang Hongdan is also surprised to look at Ji Feng, secretly revealing a look of approval.

Only Xiao Su Mei, but gradually regained her calm, but, her eyes, but full of pride and relief, her own son, finally grew up, began to know how to stand up for his mother.

Looking at Zhang Yun'e's changing face, and then looking at Ji Shaoyou who was trembling on his knees and the sultry woman who had scolded her, what Xiao Sumei had in her heart was not a feeling of revenge, but the pride and relief brought by her son's growth.

There is nothing that would make a parent happier than a son growing up.

Xiao Soumei also did not intend to settle with Zhang Yun'e's rank, she deliberated for a while before saying, "Little Feng, forget it, let them go!"

What Ji Feng wanted was to make them respect and fear their mother with a sense of awe, so when he heard his mother say this, he naturally nodded slightly and agreed.

Zhang Yun'e and the three of them were instantly pardoned, and even gave Xiao Su Mei a grateful look!

Ji Feng coldly glanced at Zhang Yun'e and gritted his teeth, "If my mother hadn't begged for mercy humph! This kind of thing, there better not be a next time!"

With this cold snort, he immediately made Zhang Yun'e couldn't help but shiver.

She glanced at Ji Feng and immediately turned around and left.

Seeing this, Ji Shaoyou and Li Yanting both could only nod towards Xiao Sumei and Ji Feng as a greeting and hurriedly followed.

Bang!

After the three left in a mess, Ji Feng slammed the door shut and gave the female guard a cold look: "Go and collect your punishment from your superior yourself! If you're so weak next time, you don't need to work here, I want guards who can protect my mother!"

After saying that, ignoring the female guard's face changing drastically, Ji Feng smiled faintly and said, "Mom, I'm here, isn't that a surprise!"

"You brat!"

Xiao Su Mei instantly glared at him, "You're so old and still have no sense of decency, this child Xiao Ying is very good, I'm the one who didn't order her to do it, so don't blame her wrongly!"

Ji Feng smiled faintly and didn't argue with his mother, although he didn't see all of what happened just now, but based on the scene he saw with his own eyes at the end, that female guard didn't even come out and say anything, this kind of guard is not qualified! At least, Ji Feng was dissatisfied!

"Xiao Ying, don't take it to heart, this child, Xiao Feng, is silly and has been spoiled by me since he was young, don't mind it!" Xiao Su Mei was busy comforting the female escort again.

Ji Feng's forehead was instantly blackened, he was silly? Spoiled?

Next to him, Ji Shaolei immediately forced himself to hold back his laughter and poked Ji Feng, "Third son, this is Third Aunt, hurry up and call someone!"

Ji Feng instantly understood that this was Little Uncle's wife and also Ji Xiaoyu's mother, he immediately said respectfully, "Hello Third Aunt, I'm Ji Feng."

Liang Hongdan had long looked dumbfounded, that tactic of Ji Feng's was not complicated, but very effective, but then looking at this naive smiling kid in front of him, where was there any semblance of the coldness of a moment ago?

"Third Aunt, I don't need to introduce myself, right?" Ji Shaolei hemmed and hawed beside him and said.

"You brat!" Liang Hongdan glared at Ji Shaolei and said, "You've been hiding in Jiangzhou for the past few years, how come you've learned to be so poor?"

At this time, Xiao Su Mei took the female escort's hand and walked over, "Little Feng, hurry up and apologize to someone!"

“There’s no need for that, right?” Ji Feng frowned slightly, this female guard had not done her duty, Ji Feng already disliked it, and now he had to apologize?

However, once Xiao Sumei glared, Ji Feng immediately said honestly, “So what, sorry, we are from a small place, we speak more directly, please bear with me if I offend you in any way!”

“F*ck you! Ba sta rd!” Xiao Su Mei was so angry that she slapped her son on the head, “Is this an apology?”

Ji Feng laughed heatedly and didn’t say much as he sat on the sofa and chatted with his third aunt Liang Hongdan.

“What? Going to the old man’s place for dinner in the evening? How come we didn’t know?” When they heard this news, Ji Feng and Ji Shaolei were a bit stunned, they had just returned from there!

Chapter 324

After the explanation of the third aunt Liang Hongdan and mother Xiao Sumei, Ji Feng only figured it out. Originally, this time, going to the old man’s place for dinner was not initiated by the old man, but because he had heard that the old man had been discharged from the hospital, his father and youngest uncle were going to visit the old man and were planning to eat there.

In fact, Ji Feng knew very well that it was not that simple to go to the old man’s place for dinner. It was fine to visit the old man, but if you were to go there for dinner, you had to notify the nanny in advance.

However, the old man’s nannies are not domestic staff in the ordinary sense, these are all filed with the relevant departments and are considered official staff, and, moreover, the level is not low.

So if you want to have a meal at the old man’s place, if it’s just a simple two or three people, naturally there is no problem, if there are more people, it’s all about advance notice.

It was only after Ji Feng arrived in Yanjing that he heard about these things from the old master.

And generally speaking, gatherings with a large number of people were rare at the old man’s place, after all, if there were many people, it would have more or less an impact on the old man’s rest, and these had to be approved by the special care staff.

Now, it seems that father and little uncle must be very happy, which is why they have proposed to go to the old master’s place for dinner.

In fact, Ji Feng knew what the old man’s recovery meant to the whole Ji family, and his father and youngest uncle’s feelings were naturally understandable.

Ji Feng, on the other hand, was relieved for a long time that as long as the old man recovered, his father would have enough buffer time and would not look as worried as he did some time ago now.

It had been half a year since she had seen her son, and she sometimes dreamed of him, but she could not go to Jiangzhou to see him because of the difficulty in travelling.

Now that her son had not only arrived, but was also more mature than before, making Zhang Yun'e and the others, who had been flaunting their authority, flee in disarray, how could she not be happy?

Seeing his mother and his third aunt busy in the kitchen, Ji Feng wanted to go forward to help, but was driven out.

It had been a long time since she had seen her son, and Xiao Sumei naturally wanted to prepare a rich lunch for him.

"Eldest aunt and third aunt are actually quite uncomfortable." Ji Shaolei chatted with Ji Feng first and suddenly said something.

Ji Feng was stunned and then nodded slightly.

It was indeed not easy.

It wasn't that their lives were difficult, but it meant that they could no longer be as free as ordinary people in their private lives.

With their status, if they wanted to participate in any entertainment activities, they would first have to consider whether it would cause any bad influence, as their every word and action would be noticed and directly related to their husbands' work.

If they want to travel, it is even more inconvenient.

Guards and bodyguards are a must, not to say that they will be surrounded by people, but at least the security should be in place. This way, wherever they go, they will look like they are in a big hurry, and this will have a bad effect.

This is also why Xiao Sumei is not comfortable going to Jiangzhou to see her son, even though she misses him.

Travelling with just a few people like Qiao Rong did not work for Xiao Sumei and Liang Hongdan, as their status was really different.

"San'er, going to the old man's house for dinner tonight, I guess it won't be too usual." Ji Shaolei picked up the tea cup on the coffee table and took a sip of water to moisten his throat.

"How so?" Ji Feng was stunned, going to the old man's place for dinner, what else could it be other than that he would bother the service staff?

"Second brother, do you mean to say that if Zhang Yun'e comes to cause trouble today, it will reach the ears of the old man?" Ji Feng seemed to have thought of something and couldn't help but ask.

"This is all a small matter!" Ji Shaolei shook his head and laughed, "The old man is old, so naturally he won't care about everything. So when Zhang Yun'e came to cause trouble, he wouldn't bring it up even if he knew about it, after all, it's all a matter for the juniors, and it's still hard for a clear official to break up family matters, not to mention that the old man is still the head of the family?"

"Then you're talking about" Ji Feng was a bit puzzled.

Ji Shaolei raised his eyebrows and laughed, "We're not the only ones who care about the old man, hey! Others will definitely be very concerned too ah, I'm afraid they can't even eat without seeing it with their own eyes na!"

Ji Feng instantly understood what he meant by that and couldn't help but laugh dumbly.

"So, tonight, I'm afraid it will be very lively, you have to be mentally prepared first!" Ji Shaolei reminded.

Ji Feng laughed, "Prepare for what? What's there to prepare for? We're just going to grandpa's house for dinner, is anyone going to say anything?"

"You ah" Ji Shaolei shook his head and laughed, he did not think Ji Feng would not understand, seeing this careless attitude of his, Ji Shaolei also stopped saying anything, it is obvious that this kid understands more than anyone in his heart, just do not say it.

"You two, come and eat!" Mother Xiao Su Mei's voice came.

Ji Feng smiled and said, "Second brother, it's time to eat!"

To Ji Feng's surprise, while eating, the female guard actually sat down at the dining table as well, except that she looked at Ji Feng with a somewhat unkind gaze, and from time to time, she gave Ji Feng a fierce glare.

"This" Ji Feng cried and laughed, she didn't do her duty, instead she had a reason?

"Xiao Ying, you ignore him, eat more food." Xiao Su Mei followed suit and gave her son a fierce glare, and then pinned dishes for the female guard, looking very affectionate.

Ji Feng opened his mouth, but eventually shook his head and smiled, choosing to eat sullenly with good sense. It was just that he was wondering in his heart that his mother's attitude towards Xiao Ying seemed a little too affectionate.

But Ji Feng didn't say much, there was nothing wrong for his mother to do so, after all, if everyone was away, Xiao Ying was the only one who could keep his mother company, and it was only right that the two of them should have a better relationship.

After finishing the meal, after Xiao Su Mei and Liang Hong Dan cleaned up the dishes, the former glared at her son and said in a low voice, "Brat, come in with me!"

Ji Feng froze and immediately got up to follow his mother to the bedroom.

"Mom, what's the matter?" Ji Feng asked.

Xiao Su Mei glared at him and hummed, "Don't be so mean to Xiao Ying in the future, do you hear me?"

Ji Feng immediately nodded and smiled, "Don't worry mum, I will definitely do what you say, I will definitely not discount it. But"

Seeming to see that her son was wondering something, Xiao Su Mei said, "Little Feng, Xiao Ying is actually a poor child, she is an orphan, because she is pretty, when she was working as a guard over there, she almost didn't get a bad boy" I saw that this child is quite pleasing to the eye, so I let her come to me as a guard up."

Ji Feng instantly dawned, his heart understood that his mother estimated that she saw Xiao Ying and remembered the things she was bullied by her peers when she was a child, which made her so soft-hearted and hard to take Xiao Ying back from over there.

Otherwise, even if her mother had felt sorry for Little Shadow, she would not have rashly gone over there to ask for a guard.

“Mom, I’ll remember your words.” Ji Feng faintly nodded his head.

“Ugh! Little Feng, in fact, you’re wrong about Little Shadow.” Xiao Su Mei shook her head slightly and said, “The reason why Xiao Ying didn’t do anything today was because I instructed her to!”

“What?” Ji Feng was stunned.

“When a kid over there disrespected me before, Little Shadow beat him up, so I gave her an order that unless my safety was threatened, she couldn’t just do anything without the order!” Xiao Su Mei explained.

A cold light flashed in Ji Feng’s eyes, and then he nodded, “Mom, I know, I’ll go find her later and apologize!”

“That’s right!” Xiao Su Mei couldn’t help but smile.

In Ji Feng’s heart, however, he snorted coldly, it seemed that it was right to take Ji Shaoyou to establish his authority this time. He could hear from his mother’s words that she definitely hadn’t suffered less from such a nasty temper in the past Really damn!

However, for Xiao Ying, Ji Feng was a bit apologetic, after all, he had wrongly blamed her.

“San’er, go down for a walk?”

Ji Feng had just come out of the room when Ji Shaolei said. Although it was not boring to chat with his elder aunt and uncle here, Ji Shaolei was jumpy by nature, but he was not someone who could sit still.

“Good!” Ji Feng smiled faintly.

After a moment of deliberation, Ji Feng still nodded at Little Shadow who was sitting on the sofa as a greeting.

Who knew, but Little Shadow just gave him a fierce glare, turned her head away and stopped paying attention to him.

Ji Feng coughed lightly, pretended not to see it, and walked out with Ji Shaolei.

Looking at their backs, a hesitant look flashed across Xiao Ying’s eyes, but in the end, she also got up and followed them out.

“Second brother, you’ve been in Yanjing for so long, is the company in Jiangzhou okay?” Ji Feng asked.

Counting the time, it had been almost two months since Ji Shaolei came to Yanjing, he was the old president of Jian’an Group, so it wasn’t always good to delay things in the company.

Ji Shaolei shook his head and laughed: "This group boss of mine is actually just an idle meal eater, the real decisions are made by the people underneath, and finally reported to me, I'll just sign it."

"Knowing how to sign is also a skill!" Ji Feng laughed.

Signing is not just a matter of taking a pen and writing your name on a document, you always need to know what documents to sign and what documents you can't sign.

Being the president of a company does not necessarily mean that you have to do everything yourself.

When the two arrived at the community's leisure square, Ji Feng sat on a swivel chair, threw a cigarette to Ji Shaolei and smiled, "Second brother, I do have a project here that I want you to help advise on."

"It's that pharmaceutical factory of yours, right?" As soon as Ji Feng said it, Ji Shaolei knew what it was about, he laughed, "If you want to follow my example and go straight to the path of government and business, then I can help you with advice, but if you want to fight on your own, I can't help much, your second brother, I only have those two brushes."

Ji Feng immediately laughed bitterly, this guy was honest.

In fact, Ji Feng would never take the path of official business in a short period of time, that is, there were still people who were constantly questioning him, if he relied on his family's background again, when the time came, no matter how much he made, others would not recognize it.

Therefore, Ji Feng must rely on himself!

As the two were talking, the remaining light of Ji Feng's eyes suddenly glanced at a delicate figure.

He immediately turned back, but saw Xiao Ying standing not far away, staring at himself with hatred.

Chapter 325

"Hey, San'er, here comes the one looking for trouble with you." When Ji Shaolei took a look at Xiao Ying's face, he immediately smiled, "Brother I still have some things to do, I'll go up first, you guys take your time."

"You this" Ji Feng reached out to pull Ji Shaolei to keep him company, but who knew that the latter didn't even give Ji Feng a chance and directly walked away with quick steps.

Ji Feng could only shake his head and smile bitterly, for Ji Shaolei this jumpy nature, he was also really a little helpless.

Seeing that Ji Shaolei had left, Little Shadow immediately walked over.

Ji Feng could not help but scratch his head at once, what was this woman doing here looking for herself?

He wanted to apologize to her, but before he could open his mouth, he was glared back by her hateful gaze, unable to utter a single word of apology.

The first thing you need to do is to apologize.

With an idea in his mind, Ji Feng sat up straight and his gaze fell on Xiao Ying once again.

In fact, Ji Feng had to admit that Xiao Ying was considered a beautiful beauty.

Xiao Ying's figure was tall, and according to Ji Feng's visual estimation, it was at least about one meter seventy-three, which should be considered a relatively outstanding height among girls in public.

She was wearing ordinary loose casual clothes, thinking that this should be more convenient for dealing with emergencies. If she wore tight-fitting clothes like jeans, the flexibility of her movements would have to be greatly reduced.

Only, this fast delivery casual wear on her body did not look bulky in the slightest, but rather had a feeling of strength. In Ji Feng's mind, the brawny images of female soldiers in some movies of Rice immediately came to mind, and the Xiao Ying in front of her gave Ji Feng such a brawny and dangerous feeling.

If a red band was tied around her forehead or if she wore a military cap, she would have the same kind of toughness as a female soldier.

In fact, Ji Feng also knew that using the word pugnacious to describe Xiao Ying was somewhat derogatory, to be more accurate, it should be called valiant.

However, seeing the unkind look on Xiao Ying's face, Ji Feng immediately shook the word valiant out of his mind, leaving only the word pugnacious!

At this moment, that pretty face of Little Shadow looked extremely unkind, and those big eyes, staring at Ji Feng with hatred, as if they wanted to swallow him up in one bite.

Little Shadow came in front of Ji Feng and just stared at him, not saying anything either.

"So what, Little Shadow, right? Are you looking for me?" Seeing that he didn't say anything like that, Ji Feng couldn't help but cough lightly and asked with a smile.

"Don't be playful in front of me!"

Little Shadow snorted coldly, "Ji Feng, I know your status as a small chief, and I will carry out your orders. After escorting Madam back today, I will go to my superior and ask for my own disciplinary action. But before that, I want you to know that I am a qualified guard, and for you to talk about me like that is an insult to me!"

Khan!

Ji Feng let out a bitter laugh and busily said, "Little Shadow, my mother has already explained to me about today's incident, it was indeed my fault for blaming you, I apologize to you and hope you can forgive!"

Ji Feng's frankness. It made Xiao Ying froze for a moment.

In her impression, there had never been any gentry who would apologise so frankly, unless it was with ill intentions.

However, Xiao Ying saw sincerity in Ji Feng's eyes, he was really apologising to himself and was not just making a show of it.

For a moment, Little Shadow didn't know what to say.

"Ahem"

Ji Feng blocked his mouth with his fist, coughed lightly and said, "Little Shadow, what I said today might have been a bit heavy, I'm sorry, I hope you don't forget it in your heart."

Seeing that Xiao Ying did not say anything, Ji Feng thought she still had grievances in her heart, so he apologized once again.

Xiao Ying's face eased a little, and she hesitated for a moment before saying, "I accept your apology!"

"That's good!" Ji Feng immediately smiled slightly, accepting the apology was good, after all, in the future, Little Shadow would be at her mother's side and would meet with herself often, so she couldn't get into a situation where she would be cold-eyed when she met!

However, Ji Feng had just let out a sigh of relief when he heard Little Shadow say, "Although I accept your apology, but, in order to prove to you that I am capable of protecting Madam, I want to have a sparring match with you!"

"Cut, cut a sparring match?" Ji Feng almost bit his tongue as he looked at Little Shadow in surprise, "So what, why did you remember to spar with me? I'm just an ordinary person!"

What's wrong with this woman all of a sudden?

Ji Feng looked at her in amazement, how come she suddenly remembered to spar with herself? Did she hear who said that she knew kung fu? Or did want to take the opportunity to teach herself a lesson?

Sure enough, I heard Little Shadow say, "Ji Shao Lei said that your kung fu was good, and Madam was also afraid that you had eaten too much at lunch, so she asked me to come and help you digest your lunch!"

"No way?!" Ji Feng almost jumped up and looked at Little Shadow as if he had seen a ghost, "My second brother and my mother really said that?"

Ji Feng had a feeling of being sold out by his mother and second brother, it seemed like he was clearly asking Little Shadow to teach him a lesson!

"Please!"

Little Shadow stopped talking nonsense to him and took two quick steps to the middle of the square, saying, "If you don't answer the battle, I'll ask myself to transfer out!"

Ji Feng was stunned, what is all this

.....

"Auntie, what if San'er is injured?"

Upstairs, Ji Shaolei couldn't help but ask.

At this moment, Xiao Su Mei three people are standing on the balcony, quietly looking down, the community's leisure square can then be in full view, small shadow standing in the middle of the square, Ji Feng helplessly walk past, are the three people can see clearly.

Xiao Su Mei grunted: "I treat Xiao Ying like a daughter, but that brat scolded Xiao Ying, making Xiao Ying aggrieved enough to want to transfer away."

"Then you let San'er take a beating, huh?" Ji Shaolei laughed at once, "Aren't you afraid that San'er will be bruised?"

"Humph!"

Xiao Su Mei glared at him and said, "Don't worry, that brat has been thick-skinned since he was a kid, he's not afraid of a beating, besides Xiao Ying will definitely have a measured hand If I don't let Xiao Ying get out of this, I'm angry even thinking about it!"

I think Xiao Ying used to defend herself like that, it was my own fear of getting into trouble for my husband, which ordered Xiao Ying not to do anything, the result was that brat was ruthlessly scolded, scolded Xiao Ying tears in his eyes.

Xiao Su Mei naturally knew that Xiao Ying would definitely not lay a heavy hand on the girl, as long as she got her face back, she would naturally be fine, which led to the scene where she and Ji Shaolei teamed up to count on Ji Feng.

"Sister-in-law, this is a bit unfair to Little Feng!" Liang Hongdan laughed.

Xiao Su Mei shook her head slightly and said, "I know Xiao Feng's character"

.....

"Alright, you have to be gentle, don't ever treat me like an enemy!" Ji Feng looked at Little Shadow helplessly, casually standing there, and said with a bitter smile.

"I only have enemies and people to protect in my eyes." Little Shadow replied coldly.

Ji Feng nodded with a bitter smile, he had already vaguely guessed his mother's purpose, it seemed that a beating of flesh and blood was inevitable. Only, how to take a beating, but also very skillful.

Taking a beating was actually a technical task.

"Watch out!" Little Shadow shouted, her body bowed forward and suddenly rushed forward, as if she was an arrow off the string, swift as can be.

In the blink of an eye, Little Shadow was in front of Ji Feng, bowing and punching!

Bang!

Ji Feng immediately flew out and landed heavily on the ground.

Little Shadow froze for a moment and subconsciously said, "How is that possible? He, isn't he very good at kung fu?"

“How, how is that possible?!” On the balcony, Xiao Su Mei also froze for a moment, her face slightly changed, “Shao Lei, didn’t you say that Xiao Feng’s kung fu was very good? He, how did he

Although she wanted Xiao Ying to take out her anger, in reality, she definitely did not want her son to get hurt either, but now

Ji Shaolei laughed, “Auntie, take it easy, keep watching, don’t be fooled by San’er.”

Xiao Su Mei nodded thoughtfully and stopped talking, only staring deadly at Ji Feng who had fallen to the ground, the concern and nervousness in her eyes simply could not be concealed.

“You, are you alright?” Little Shadow quickly came to Ji Feng and couldn’t help but ask with worry.

Ji Feng lay on the ground and laughed bitterly, “I was knocked away by your punch, do you think I’m alright?”

Little Shadow was suddenly a bit overwhelmed and panicked, “Little, little chief, I didn’t want to hurt you where did you get hurt?”

Ji Feng said, “If you accept my apology and stop applying for transfer, I’ll be fine.”

“Good! I accept the apology, I you’re not injured?” Xiao Ying had just nodded in agreement when she instantly reacted and pointed at Ji Feng in anger, “You, how can you lie to me, you, you

Ji Feng dumbly laughed and stood up from the ground with an easy leap, “Since you’ve already agreed, then naturally I’m fine! How can I say that this is a lie?”

“You, you” Xiao Ying huffed and glared at him, but didn’t know what to say.

Ji Feng couldn’t help but shake his head and smile as he watched, it was obvious that this Xiao Ying was a girl who wasn’t good with words, so although her pretty face was red with anger, she didn’t know what to say.

It was no wonder that her mother liked her, a girl like that would definitely be loved by her mother.

“You, how did you block that punch of mine?” Little Shadow remembered something else and couldn’t help but ask. Although she only used 30% of her strength in that punch, it was enough to cause a lot of damage to an ordinary person, and she only dared to use such a strong force because she had heard that Ji Feng was good at kung fu.

But it didn’t occur to her that Ji Feng seemed to be fine, which made her amazed.

“Hey, I don’t have any other merits as a person, just thick skin and resistance to beatings.” Ji Feng smiled faintly and said, “Well, without further ado, since you have already accepted my apology, don’t go and apply for a transfer, in the future, my mother’s safety will need to bother you more, please!”

Ji Feng turned to her and bowed deeply.

“No, you don’t need to do that, Madam’s safety is my responsibility!” Little Shadow immediately tried to dodge with her hands and feet.

Ji Feng smiled faintly, "Go to my grandfather's place for dinner this evening, if anyone speaks out of turn again, you will look at me, okay?"

"Okay, okay!" Little Shadow nodded his head in a panic.

"That brat!"

Upstairs, Xiao Su Mei saw what was going on underneath and couldn't help but laugh and curse, but in her words, she was full of pride!

Chapter 326

Looking at Xiao Ying's somewhat clueless look, Ji Feng couldn't help but laugh dumbly.

How could Ji Feng not have thought that this woman, whom he had used the derogatory term 'pugnacious' to describe, actually had such a side.

If we only talk about physical strength, Xiao Ying was not bad, moreover, with that kind of pugnacious, or valiant temperament, it was completely conceivable that this woman should be a straightforward, unconventional and spontaneous nature, or perhaps a fiery nature like Li Ruonan.

But in reality, Ji Feng could see that the word fiery was really the opposite of the word used for Xiao Ying's body.

Xiao Ying seemed somewhat unworldly, she would get angry, but once she made a mistake, she would have a kind of panic and embarrassment like being at a loss for words.

It was no wonder that her mother liked her!

Ji Feng couldn't help but smile slightly at Xiao Ying's personality, which made her seem like a little child in general, or rather, like she was a little timid.

Ji Feng guessed that this might have something to do with Xiao Ying's childhood upbringing. He carefully recalled that when he was a child himself, wasn't he similarly like this, timid in everything he saw?

This might be the reason why his mother liked her, because she thought of his own old kind of inferiority and cowardice from Xiao Ying's body.

Thinking of this, Ji Feng no longer had any half-hearted rejection of Little Shadow.

"It seems that taking that hit just now was really the right thing to do!" Ji Feng smiled faintly and looked up just in time to see the backs of his mother and the other three turning to leave, and he was dumbfounded.

"Little Shadow, let's go up." Ji Feng said with a smile.

"Yes, Little Chief!" Little Shadow immediately answered. At this moment, she was back to being that valiant female guard.

"Just call me Ji Feng directly, I can't afford the word Little Chief, " Ji Feng shook his head and smiled as he turned around and walked towards the stairs.

Little head?

Ji Feng shook his head slightly in his heart, these three words can not have anything to do with him yet, because he does not want to rely on the family's power to do anything, or the name Ji Feng sounds more comfortable.

Xiao Ying looked at Ji Feng's back and was stunned, her small mouth beamed, not knowing what she was thinking.

When he returned to his residence, Ji Feng saw that the three of them, Xiao Su Mei, were sitting on the sofa joking and laughing as if nothing had happened, while the second brother, Ji Shaolei, even raised an eyebrow at Ji Feng from time to time.

"Mom, you just sold me out like that!" Ji Feng laughed bitterly, "Aren't you afraid that I'll get bruised?"

"Even your little uncle can't beat you, you're still afraid of getting hurt?" Before Xiao Sumei could say anything, Liang Hongdan pursed her lips and smiled, "Little Feng, usually at home, your little uncle didn't praise your kung fu much, saying that you were even better than when he was in his prime!"

Ji Feng's face instantly fell and he laughed bitterly, "Third Aunt, so you were involved too!"

"Come on, brat!" Xiao Su Mei scolded with a smile, "I'm telling you, I treat Xiaoying like a daughter, don't bully her like that in the future, do you hear me?"

Ji Feng dared not say a word, he could only nod his head in a panic.

"San'er, did you do anything this afternoon?" Ji Shaolei suddenly asked.

Ji Feng was stunned and said, "Nothing seems to be going on."

The old man wasn't going to be there until the evening, and since Ji Feng didn't have any friends in Yanjing, there was really nothing to do.

Of course, even if he just stayed at home with his mother, Ji Feng would not feel bored, with his calm personality that far exceeded that of his peers, even if he sat in one place for a day, he could still be calm as usual.

What's more, it had been half a year since he had seen his mother, and this time when he had come to Yanjing so easily, he naturally had to spend some time with her.

Ji Shaolei smiled, "Since you're fine, then come out with me."

"What for?" Ji Feng asked.

"To see Shao Yun, that kid is in the Yanjing military district, it's been almost three months, and I don't know if that kid has grown a bit!" Ji Shaolei laughed. For this younger brother, he also has a headache, at a young age, he learns from others to do what dude, but also does not have any momentum, simply deserve the word dude.

"Shao Lei, you guys can go back in a couple of days!" Before Ji Feng could say anything, Liang Hongdan said, "Little Feng has just arrived and you have to pull him away, it's strange that your aunt won't scold you!"

Ji Shaolei was stunned and then laughed, "I really hadn't thought of that, that's fine, San'er, let's go when we're all free, I'll contact Shaoyun first and see when he's available."

Xiao Su Mei laughed next to her, "It's fine, you guys go ahead!"

Although she said so, but since Ji Shaolei knew about it, naturally he would not go now, he simply pulled Ji Feng and took out a chess set under the coffee table in the living room and sat there to play chess.

"This kid, he understands a lot more than before!" Liang Hongdan said softly, "In the past, when Shao Lei was in Yanjing, he was a second-rate man who wasn't afraid of the sky and the earth, and whoever mentioned it had a headache."

Xiao Su Mei laughed, "Children, they will always grow up one day!"

She looked at Ji Feng, who was looking at the chessboard and contemplating with his head down, and couldn't help but feel proud. Her own son, likewise, had grown up, whether it was his speech, his actions, or that aura he carried, he was no longer a child.

"Ugh! Time passes so quickly, in a flash, it's almost twenty years" Xiao Su Mei couldn't help but sigh softly.

"Sister-in-law, you should not sigh." Liang Hongdan laughed, "Did you see, once Xiao Feng and Shao Lei came, even a woman as spirited as Zhang Yun'e was scared out of her wits, no one will really dare to bully you in the future!"

Xiao Su Mei also nodded and laughed lightly at the mention of this matter, she also did not expect that her son had scared the other party like that with just a few simple words, and then think about Zhang Yun'e's previous wild and domineering look colorful and weak inside!

This side, Ji Feng almost a little frantic.

I have to say, Ji Shaolei's chess skills really stink to high heaven, but on the contrary, this guy still feels that his chess skills are good, killing you and me with Ji Feng, all over the place.

Poor Ji Feng, not only did he have to lower his level again and again, he also had to deliberately make a few wrong moves from time to time in order to be able to kill with Ji Shaolei. If he could choose, Ji Feng would rather go and fight with Tian Guodong and the others for a few hundred rounds than to continue playing with this stinky chess basketball player.

"No more, no more!"

Finally after another game, Ji Feng couldn't take it anymore, he covered the board and said, "Second brother, that's all for today."

"Why don't you stop?" Ji Shaolei was puzzled and looked unfulfilled, "I've only just come to the point!"

Several black lines appeared on Ji Feng's forehead, he coughed dryly and said, "Then what, second brother, you'd better tell me about what's going on over there, probably who are the people and what are their identities, so that I can also have a good idea."

"Good!" Hearing that it was about business, Ji Shaolei also put off the idea of continuing to play chess.

He deliberated for a moment, took out a cigarette and handed one to Ji Feng, and after lighting it, he said, "Actually, to put it in perspective, that side is just a generalization, the old Ji family, in total, is divided into three lines. From grandfather all the way to us, this is considered the direct lineage. Apart from that, there are two other lines, which are grandfather's younger brother, our uncle grandfather, that is the first line, well, by the way, Ji Shaoyou is from that line."

"What about the other lineage?" Ji Feng asked, he was a bit surprised, he didn't expect that there were two side lines, he had always thought that the side line was just this one line of Ji Shaoyou, now it seemed that it was Ji Feng who had thought of the Ji family a bit simplistically.

"This last lineage, it's a big one, huh!" Ji Shaolei suddenly laughed, "Grandfather had many siblings, however, after the war and turmoil, those that survived, were only a younger brother and a sister."

"So, this last lineage, is that sister of grandpa's, which is actually our aunt's lineage, right?" Ji Feng couldn't help but ask, "Second brother, from the tone of your words, this lineage seems to be branching out, right?"

"How can I put it, this lineage, with many sons and daughters, is indeed flourishing. Only basically there are no ones who are in politics, for example, several cousins are in the shopping malls, with the care of the Ji family, they can all be said to be making a good living." Ji Shaolei explained, "I focus on mentioning this, actually to say that the reason why that side is hardened is because of the support of huge funds"

Ji Feng froze, and then it dawned on him that the two side lines over there had joined forces

With the support of mammoth funds, coupled with their own overwhelming relationships, it is only natural that they will have a little idea in mind, it is perfectly normal.

"In fact, the aunt's lineage, for this family head position, is not without the intention of dyeing, just their own power is not enough, so this is why they joined forces with the uncle grandfather's lineage." Ji Shaolei added, "Especially the young sons of the two lines over there, rich, powerful and influential, that is really wild, there are even a few guys, at first, even I did not put in my eyes, as a result, I was beaten up severely several times, and only then did they become more honest."

Ji Feng instantly laughed: "Second brother was also enough of a dude back then."

Ji Shaolei also did not blush, just laughed: "Brother, I am a dude, that is a dude with level and manners, I am not the same as these second world ancestors nowadays, they are not called dandy, they are called ignorant."

Ji Feng was immediately happy, there are still people who praise themselves so unblushingly?

However, Ji Feng also admitted that the second brother had a point, the current dude is indeed not called a dude, it's just ignorant and brain-damaged!

The real big fops play with things that are frightening to mention, not things like running people over with their cars, or not being responsible for killing people afterwards, to show off their power!

Suddenly, Ji Feng's heart stirred and he couldn't help but ask, "Second brother, when we go to the old man's place for dinner tonight, people from the aunt's lineage will also be there, are you worried that they will unite against me?"

"There's a good chance of that." Ji Shaolei nodded slightly and said, "Those people are rich and are so flattered by people outside that they barely know what their surname is, seeing you suddenly appear in Yanjing, it's strange that they would be comfortable in their hearts! Of course, there are some people who are indeed not surnamed Ji, huh"

As he spoke, the corner of Ji Shaolei's mouth, with a cold smile, looked disdainful!

Ji Feng could understand what he meant: if someone from Uncle Grandpa's lineage wanted to be the third generation family head, then it would be fine, after all, they were all family. But. The people from auntie grandma's lineage also wanted to get their hands on the family head position?

They, indeed, forgot their surname!

Chapter 327

Although it was said that they would go to the old man's home for dinner together, when it was almost time to leave work, Ji Zhenhua suddenly called again and told Xiao Sumei and the others to go to the old man's side first, while he, himself, could not go there until he finished his work.

Xiao Soumei seemed to be used to her husband being so busy, and only urged Ji Zhenhua to take care of his health and get there as soon as possible, then she took Ji Feng and the others to the old man's side by car.

Ji Feng and Ji Shaolei drove one car, while the three of them, Xiao Sumei, got into another unobtrusive looking Volkswagen.

Ji Feng couldn't help but be secretly surprised, just now downstairs, he didn't see these two VWs, thinking that they were secretly hidden guards.

In fact, when he thought about it carefully, there was nothing strange about it. With his father's status, it would be strange if there were no guards guarding the house.

Otherwise, I'm afraid it would be a big joke if some unscrupulous thief were to burst into the house and hurt Mother. The entire senior management would be disgraced, therefore, in terms of security, Ji Feng was not worried.

If there was anything that could threaten his mother, it would be someone from the side line.

For example, that Zhang Yun'e who barged in this morning made Ji Feng very wary. If there can be a first time for this kind of thing, there might be a second time, so he must extinguish this seedling, and whoever dares to come and cause trouble, he will break his legs and throw him out, giving him a resounding slap on the face so that he will learn a lesson!

It was now after 5pm, the peak time for leaving work, and the road was almost jammed with traffic.

In desperation, Ji Feng had to follow Ji Shaolei's directions and went straight around to the outer ring road, and the traffic situation was only a little better.

“The traffic in Yanjing is really” Even with Ji Feng’s driving skills, when he drove the car to the outer ring, he couldn’t help but sweat on his forehead, those vehicles on the road were too fierce, the car in front just drove forward a little, the car behind immediately followed, in the middle even pedestrians couldn’t pass.

Ji Shaolei laughed: “It can’t be helped, there are too many cars in Yanjing, and they are all concentrated in the inner ring and the city, but there are basically no cars in the outer ring. This is mainly because, the urban area is not evenly distributed and the city is not yet fully spread out.”

Once we talked about this, it was the same as talking about Ji Shaolei’s old job. His Jian’an Group, which was originally engaged in this piece of construction, naturally had a much deeper understanding of this than Ji Feng.

The two chatted idly, Ji Feng was looking at the car his mother was riding in through the rearview mirror, and when he saw them following him, Ji Feng immediately began to accelerate.

“I say, second brother, that Jian An Group of yours, what level does it belong to?” Ji Feng asked with some curiosity.

He only knew that Jian’an Group was a state-run enterprise and that Second Brother seemed to be of a high rank, but he wasn’t quite sure exactly what rank it was.

“I’m just a division level now!” Ji Shaolei waved his hand, “Anyway, I’m just muddling along, and I don’t have much ambition!”

Ji Feng was speechless, just a divisional level?

The second brother is only 26 or 27 years old, and he is already at the divisional level, while those leaders at the local level, unless they have a particularly deep background, which one of them must be around 40 years old?

Seeming to see Ji Feng’s sigh, Ji Shaolei said, “San’er, don’t think that I’m that powerful at this divisional level, in fact, I’m only in charge of this group below, compared to the real divisional level in those units, there’s hardly any real power.”

“Just be contented!” Ji Feng laughed dumbly.

Ji Feng drove the car very fast, and between the two of them joking and laughing, most of the half an hour passed, seeing that the old man’s quadrangle was already in the distance.

“Tick—”

Just then, Ji Shaolei’s phone suddenly rang, he took it out and couldn’t help but say, “It’s Little Uncle calling.”

“It should be about the dinner tonight!” Ji Feng laughed.

Ji Shaolei answered the phone thoughtfully, “Little Uncle, this is Shaolei”

On the phone little uncle said something in a low voice, Ji Feng was just concentrating on driving and didn't pay attention to it. However, he noticed that when Ji Shaolei hung up the phone, his face seemed a bit gloomy and his eyebrows were slightly furrowed.

"Is there any problem?" Ji Feng asked.

Ji Shaolei hummed twice and skimmed his lips, "There is a problem, and it's not a small one!"

"Tell me about it!" Ji Feng said with a smile.

"Younger uncle has already arrived at the old man's place, uncle grandpa and a few other cousins and uncles have also gone, and a few people from below have also gone." With a cold smile on the corner of his mouth, Ji Shaolei said, "Third child, Little Uncle called and instructed us to be careful with our manners when we go and not to be impulsive in everything."

"Oh?!" Ji Feng instantly raised his eyebrows, "They're here to look for trouble?"

Ji Shaolei spread both hands, "Who knows, they wouldn't have come just to rub a meal together anyway, right? Besides, since Little Uncle also called, I guess there must be some trouble!"

Ji Feng nodded thoughtfully and laughed, "It's no big deal, it's not like we have to be careful even to have a meal, right? What a joke, going to see your own grandfather and having to be careful, there's no such thing."

"That's refreshing to hear!" Ji Shaolei burst out laughing.

Going to one's grandfather's house for dinner and having to pay attention to this and that was indeed a bit of a breath-holding experience, and this carefree attitude of Ji Feng was indeed very much to Ji Shaolei's liking.

"Second brother, but little uncle is also right, when we go, we do have to be mindful of our manners." Ji Feng grinned, "After all, when people come, they are guests, so we, the hosts, have to be attentive."

"You kid"

Ji Shaolei was stunned, then he smiled broadly and gave a thumbs up, "If you said that out in front of them, I'm afraid that side would immediately explode."

The people over there were already quite willing to take the position of the family head, and with one sentence, Ji Feng had put them in the category of guests, it would be strange if those people could accept it!

But when he thought about it carefully, Ji Shaolei had to admit that Ji Feng's words were really powerful.

The old man was his and Ji Feng's grandfather, but not those people's grandfather, and those people were guests when they came to the old man's house, so for reason, Ji Feng's words were not half bad!

Ji Shaolei couldn't help but say: "Third child, I can already be sure now that those people must not be your opponent. In the past, they dared to fight because they didn't even think of themselves as guests, always thinking that they were the masters of the Ji family. As for those of us, it's not like any of us have

such a clear understanding as you do, the people over there are equally unaware, and based on that alone, they are definitely not worthy of being compared to you!”

Ji Feng glanced at him, “I say, second brother, have you not been sober before, or are you just pretending to be confused?”

“..... You brat!” Ji Shaolei immediately laughed bitterly, “Can’t you speak less directly?”

“I’m from the countryside, I’m just so plain, what’s there to say!” Ji Feng harrumphed.

In fact, Ji Feng knew that he was right.

In the past, it wasn’t that Ji Shaolei didn’t want to compete, but he knew that he wasn’t that material and couldn’t compete with the people over there. Therefore, he then did not take the career path, but turned to the shopping mall, while also using some other means to create the best conditions for his elder brother, Ji Shaodong, so that he could stand out from the family and become the leading figure of the third generation.

This approach is undoubtedly very clever, as long as one of the several brothers can rise to the top, even if the side line is no matter how powerful, there is nothing to say, after all, Ji Shaodong is the real first line.

And Ji Shaodong also did not disappoint everyone’s expectations, young but extraordinary ability, whether it is wrist or wisdom, are the best choice, if not the old man this time suddenly ill, the side line can only watch Ji Shaodong step by step to grow up, pick up the big beam of the Ji family, especially the big beam of the first line.

The appearance of Ji Feng caused the side line’s already tense nerves to be stimulated.

Now that there is suddenly another grandson of the eldest family, no matter how the election is made, the third generation of the family head will definitely not fall on the side line’s head.

It was for this reason that the side line aimed their spears at Ji Feng.

Since they couldn’t defeat Ji Shaodong, it shouldn’t be a problem to rule this poor kid from a grassroots background, right?

First, they acknowledged that Ji Feng was the heir to the third generation of the family head, so that Ji Shaodong wouldn’t have a chance, after all, he couldn’t possibly compete with Ji Feng.

Afterwards, they would then question Ji Feng’s ability and pattern, and slowly dismiss him again, so that no one in the direct line could inherit the family head position.

This position, naturally, had to fall to the side line!

Of course, Ji Feng knew that this was the main reason why he was instantly thrust into the limelight.

Ji Shaolei also understood this, so he and his elder brother, Ji Shaodong, were supporting Ji Feng in every way possible. It didn’t matter who was the head of the family, the key was not to let the position go to another family!

“Third son, there is someone over there that you should always pay attention to.” Ji Shaolei deliberated for a moment and said, “I don’t know if he’s there this time, that’s a powerful person.”

“Is it Ji Shao Hong that you mentioned to me before?” Ji Feng asked.

“That’s right, it’s him!” Ji Shaolei nodded, “My big brother said that if he and Ji Shaohong were to go head to head, it would be a 50/50 chance of winning or losing. But there is one thing, Ji Shao Hong’s pattern is too small and his vision is not that long term, but he still has the wrist and ability!”

“Grandpa will have an assertion!” Ji Feng smiled faintly.

Ji Shaolei was stunned and then smiled, that’s right, as long as the old man was around, no matter how much he could toss his side line, he wouldn’t be able to make any waves.

He couldn’t help but secretly sigh, he didn’t know how Ji Feng’s brain grew, when others were still struggling with how to deal with him, he had already set his eyes on the old master’s body.

As long as he had the support of the old master, no matter what others said, what use could it be?

You know, the majority of the resources, connections and relationships of the Ji family are in the hands of the old master, while the remaining small portion is in the hands of the eldest uncle and the father, what are the side lines if they leave the support of the old master?

Seeing Ji Shaolei’s relieved expression, Ji Feng couldn’t help but laugh, “So that’s why we all think too highly of the side lines, as long as we look at the essence, they’re actually not that scary!”

“Hey!”

Ji Shaolei suddenly revealed a bad smile, “Then I’m looking forward to it, tonight you can sweep them off their feet ruthlessly!”

Ji Feng was dumbfounded and laughed.

And ahead, there was already the old man’s quadrangle

Chapter 328

Ji Feng and his group of five, after handing in their passes, walked into the heavily guarded courtyard in stride under the watchful eyes of the guards at the entrance.

Just as they entered the gate, they heard the sound of loud laughter coming from inside.

Ji Shaolei couldn’t help but be stunned, “Boy, who is this who is so bold as to dare to be so reckless here?”

Ji Feng, on the other hand, smiled without saying a word, this voice was very familiar.

Just from that mid-air laugh, he could be sure that the person who spoke, must be Grandpa’s old subordinate, Master Tang.

Among the people Ji Feng knew, I was afraid that only the two of them, Elder Tang and Tie Jun's father, Elder Tie, dared to talk and laugh so loudly in front of Grandpa.

"Ee?"

Ji Shaolei suddenly eeped and pointed at a black red flag car at the door, saying, "Eldest uncle arrived before us?"

Ji Feng glanced at the licence plate of the black red flag, which was indeed the Ministry's car, and he couldn't help but laugh, "It should be because we took a long detour and that's why we're late."

He keenly noticed that after spotting his father's car, his mother, Xiao Su Mei, seemed slightly relieved.

Ji Feng frowned at once, it was obvious that his mother was not having a good time here with her father around. If father didn't come, mother was always a bit hung up in her heart!

This was definitely not a good sign!

Ji Feng snorted coldly in his heart, he could imagine how domineering the side line had become, to the extent that even his mother was forced to be cautious, even with Aunt San accompanying her, her mother hadn't completely put her mind at ease!

Ji Feng knew very well that her mother's character was very rigid, and the reason she held back like this was entirely for the sake of her father, afraid that her impulsive moment would affect him, but why should she hold back?!

"Mom, let's go in!" Ji Feng faintly smiled, "Dad is probably waiting for us inside!"

Xiao Su Mei nodded slightly and nodded, "Let's go!"

Ji Feng deliberately took a few steps behind, he wanted to take the opportunity to observe who was being disrespectful to his mother! As long as the other party showed that kind of look, Ji Feng would take the other party dead to heart and then take it out for his mother.

Regarding his mother's current life, Ji Feng was extremely angry in his heart.

Even though she used to sell vegetables every day in Mang Shi County for a living, her mother lived a comfortable life, at least she didn't have to look at people's faces, let alone worry about being bullied all the time.

Even if the city police came to evict people, at most, they would just pay a fine, and it would not be like this, living a careful life every day!

Technically speaking, her mother was the current head mother of the Ji family.

What is the point of being the mother-in-charge if she is so uncomfortable every day?

Who would be the main mother of a family in such a position?

"Today, I'll let you know exactly how you should respect the main mother!" Ji Feng's face was calm, without a ripple, but in his eyes, there was a constant flicker of a cold aura, the corners of his mouth

held an imperceptible cold smile, and his entire person followed behind his mother in an atmospheric and calm manner.

His tall and sturdy figure was like a big mountain, that was the strongest backing for his mother!

Next to him, Ji Shaolei unconsciously glanced at Ji Feng, just in time to see that cold glint in Ji Feng's eyes, and he was instantly startled, and he couldn't help but pray for those people in the side line in his heart.

"Those guys had better be sensible today, or else" Ji Shaolei couldn't help but heave a smile in his heart, "San'er is not a good-tempered person, even a crazy woman like Qiao Rong has fallen in San'er's hands with a big Even a crazy woman like Qiao Rong has fallen in San's hands, not to mention you guys who haven't experienced any storms and don't know how high the sky is!"

The front courtyard was where the guards and nursing staff lived, and this was also the way to the inner courtyard.

The front courtyard was where the guards and nursing staff lived, which was the way to the inner courtyard. The courtyard further back was the guest room, where people would be accommodated during the week if they visited, or if people from the family came to visit the old man.

The last courtyard, on the other hand, is where the old man lives.

Each of these courtyards, from the main room plus the ear room, had about a dozen rooms, so the entire courtyard was counted to cover an extremely vast area.

The layout was the same as that of the other old people of the same status as the old man, which was deliberately set up from above to take care of these old people.

When they walked into the first courtyard, only some guards were on duty, while some other orderlies were busy cooking, obviously knowing that quite a few people would come for dinner tonight, so they had started working ahead of time.

When he saw Ji Feng and the others, one of the guards immediately ran over and saluted, "Two ladies, the chief is waiting in the inner courtyard!"

Xiao Su Mei smiled gently, "I know, thank you."

Swish!

The guard gave another salute before turning and running back to his post.

Ji Feng looked but his heart was slightly moved, this guard's actions should have been arranged by his father, afraid that his mother would have a psychological burden. Obviously, father was also clear about the aggravation that mother had suffered, so he was asking the guard to tell her that he was waiting inside and that there was no need to be afraid!

Thinking about this, Ji Feng couldn't help but smile slightly, as long as his father was gracious, that was better than anything!

“Mom, Dad is afraid that you are nervous, so he arranged the guards oh!” Ji Feng took two quick steps and whispered beside his mother, “Mom, there’s nothing to be afraid of, there’s dad waiting in front of you and my son behind you, whoever dares to disrespect you, my son naturally has a way to cure him! Mum, you haven’t forgotten what happened this morning, have you?”

“You’re such a brat! Do I need you to comfort me?” Xiao Su Mei cursed with a laugh, and somehow, with these words from her son, she wasn’t nervous at all.

Ji Feng smiled faintly and once again deliberately took a few steps behind, walking side by side with Ji Shaolei.

“Third son, don’t make too much of a scene today, otherwise, the old man will lose face too!” Ji Shaolei’s mind kept to the cold glint that flashed in Ji Feng’s eyes, and could not help but speak out to remind him.

Ji Feng laughed in a low voice, “An la! Second brother, if those people don’t take the initiative to mess with me, I definitely won’t mess with them, but if someone has to look for death Hey, Master Taizu said, people don’t offend me, I’m not a criminal, if people offend me, I will be a criminal!”

When it comes to the last four words, Ji Feng is already sounding stern and murderous!

Ji Shaolei opened his mouth to say something, but in the end, he could only give a bitter smile and said in his heart, “Don’t be blind, San’er didn’t come here with anger today, but with a murderous aura!

Ji Shaolei naturally knew that after seeing the anger that his eldest aunt had suffered, Ji Feng would definitely not spare those people so easily, but he did not expect that from those few words that Ji Feng had just said, he was hearing a hint of murderousness!

He had no doubt that if someone really made Ji Feng angry, no matter who that person was, Ji Feng would dare to kill him!

Ji Shaolei was not opposed to giving those people a lesson that would be etched in their bones, so that they would know what to do and what not to do!

But to say that moving to kill here in the old man I’m afraid that inside the whole family, only the third child would dare to have this idea, right?!

The five people walked into the second courtyard and immediately changed to see several people in twos and threes sitting at the stone table under the big tree, some playing chess, some whispering about something, most of these people were some young people, some were just 18 or 9 years old, the biggest looked to be just in their early twenties.

Ji Shaolei explained in a low voice next to Ji Feng, “These are some young children from the third generation over there.”

“The branches are flourishing!” Ji Feng laughed.

Ji Shaolei also nodded and smiled, if it was just a matter of how many people there were, this side of the first line was indeed thin, there were only four boys in total, and there was only one daughter, Ji Xiaoyu, in the younger uncle’s family.

But the side line, on the other hand, was blossoming.

But immediately afterwards, Ji Feng said, "Since the branches are scattered, we must have the awareness of taking root, always thinking of moving to another position, we will lose our vitality!"

Ji Shaolei was dumbfounded at once, and only after a long time did he say in a daze, "That's really harsh!"

At this time, those young people also saw Ji Feng and the others, and immediately whispered something, looking over from time to time.

Ji Shaolei's face instantly sank, "You boys, don't you even have this kind of manners? When you see your eldest aunt and third aunt, you don't even know how to call out to people!"

Those youngsters immediately shrank in fear and hurriedly ran over, shouting, "Eldest, Eldest Aunt, Third Aunt, Second Brother, how are you!"

Because they didn't know Ji Feng, they couldn't help but look at Ji Shao Lei, not knowing how to greet him.

"Get lost, all of you!" Ji Shaolei waved his hand, having no intention of introducing them at all.

Those young people instantly shrank in fear and rushed to Xiao Su Mei and Liang Hong Dan, "Eldest aunt, third aunt, we'll go first!"

Then, hurriedly, they all ran away.

"A bunch of untalented things, with such virtues and still calling themselves fops, it's simply an insult to the word fop!" Ji Shaolei looked at the backs of those youngsters and couldn't help but shake his head slightly in disdain.

Ji Feng laughed, "Second brother, it seems that you are infamous, these guys are so afraid of you?"

"Almost every one of them has been beaten up by me!" Ji Shaolei hummed.

Ji Feng instantly shook his head and smiled, second brother used to be the real dude!

"Auntie, Third Aunt, let's go, don't pay any attention to them!" Ji Shaolei laughed, he could naturally see that both his aunt and third aunt were a bit nervous, that's why he was calling out to those young men from the side line, it was a sort of cheer for the duo!

As soon as the group entered the last courtyard, Little Shadow, who had been walking next to them, snapped to alert and immediately walked to the front, his eyes alert.

Ji Feng frowned, it looked as if Little Shadow had suffered a loss here. Otherwise, her reaction would not be so intense.

Or perhaps was mother had suffered a loss here before?

Ji Feng's face gradually calmed down, and the chill in his eyes grew thick!

Chapter 329

Entering the last courtyard, that bright and mid-spirited laughter is getting clearer and clearer, and even faintly you can already hear what is being said, Ji Feng's original somewhat agitated mood can't help but gradually calm down, and even can't help but secretly lose his smile, this old man Tang's temperament is really

"Old Chief, back then when you were about to fight across the Yangtze River, I, Old Tang, was already under you with a division to fight Old Bai, but that boy, Old Tie, was dead set against going down to lead the troops, otherwise, Old Chief, you wouldn't even need to bother, just sit at home and wait for Old Tie and I to bring Old Bai's head up for you!"

Elder Tang's mid-air voice clearly reached Ji Feng's ears, "Old Tie the boy is a bored gourd, but his skills are nothing to write home about, if he were to lead the troops, he would definitely be able to bring out a fine army, but unfortunately"

From what he could hear, Elder Tang appeared to have been grouchy about the fact that Old Tie, as he called him, had not gone with him to lead the army.

Naturally, Ji Feng knew that the Old Tie that Elder Tang was talking about was actually the father of Tie Jun, the current guard by Grandpa's side, Tie Long. It was said that he was from the Shaolin Temple and was quite skilled, and Tie Jun's kung fu was all learned from Tie Long.

Master Tang and Tie Long, both loyal to Grandpa, were the two oldest and most attentive subordinates by his side.

"It's lively today." Ji Feng smiled faintly, there were people from the side line, and there was Old Master Tang, if it got messy today, hey didn't know if that fiery temper of Old Master Tang would explode.

"Ee?"

Just at this moment, a surprised voice suddenly came from not far away, "Sister-in-law? Sister-in-law?"

Several people immediately looked at the sound and saw a middle-aged woman, standing at the entrance of the ear room, looking over in surprise. Beside her, there were also several middle-aged women standing, and one of them was someone they had dealt with before – Zhang Yun'e!

The middle-aged woman who had spoken earlier had a smile on her face as she walked over quickly, "This handsome young man, he must be sister-in-law's son Ji Feng, right?"

"So it's Yin Hong!" Xiao Su Mei instantly recognised the visitor and smiled faintly, "Little Feng, this is Aunt Yin Hong, hurry up and call someone!"

"Another aunt appeared from nowhere?"

Ji Feng was surprised in his heart, but his face was with a bright smile as he said politely and without losing his manners, "Hello Aunt Hong, I'm a child who doesn't know any better, if there's anything rude, please forgive me!"

It had to be said that Ji Feng, who had received special etiquette training in the super agent training system, was behaving and acting in the right manner at this moment, both in terms of proportion and poise, with a graceful demeanor that anyone who saw it for the first time would not be able to help but feel good about it.

Yin Hong's eyes lit up and she said in her heart, "Who said Ji Feng was a rustic from grassroots? Look at this poise and manner, he is clearly a well-educated son of a family."

"This child is really good at talking" Yin Hong laughed, "Sister-in-law is really remarkable, Xiao Feng has such poise, it's all because sister-in-law has taught him well!"

Xiao Su Mei smiled slightly, "Sister Yin Hong, we haven't seen each other for a long time."

Ji Shaolei also greeted beside him without missing a beat, "Aunt Hong!"

A few people exchanged pleasantries, and Ji Feng was in no hurry, just secretly observing the sudden appearance of this aunt's every move, as well as every tiny look.

Whenever you go to an unfamiliar place, observing the environment is always the first and foremost thing that must be done, as an agent, if you cannot do this, then you are not a qualified agent!

Moreover, by observing the other party's detailed activities, one can initially determine whether the other party is friendly or not, as well as the other party's intentions.

At this moment, Zhang Yun'e, who was standing at the door, was blushing for a while. If it was in the past, when she saw a junior see her but did not greet her, she would have opened her mouth to reprimand her.

But now when she saw Ji Feng and Ji Shaolei, she wanted to turn around and run away, not to say reprimand.

In the morning at Ji Zhenhua's house, Zhang Yun'e had really lost face. The fact that her son and daughter-in-law had been scared to the point of kneeling on the ground had already made Zhang Yun'e lose face, and the fact that she herself had been scared to the point of trembling had made her even more ashamed.

Under such circumstances, it took a lot of courage for her to stand there and not run away, so how could she dare to open her mouth to reprimand Ji Feng and Ji Shaolei?

However, Ji Feng and the two of them were not rude, they acted as if nothing had happened and greeted Zhang Yun'e with a smile, "Auntie, greetings to you!"

"Ai!"

Zhang Yun'e nodded her head in a panic and said awkwardly, "You, you guys can chat, I, I still have some things to do here, I'll go and get busy first!"

As soon as she finished speaking, she could no longer contain the embarrassment in her heart and turned around in a panic and went into the ear room, never to be seen again, the speed of her was simply mind-boggling.

Ji Feng and Ji Shaolei glanced at each other and smiled wickedly at the same time.

"San'er, you brat must have greeted her on purpose!" Ji Shaolei forced himself to resist the urge to let out a loud laugh and said in a low voice.

Ji Feng coughed lightly and said in a serious manner, "I was watching you greet first, and I felt I couldn't be rude, so that's why I greeted her here!"

Ji Shaolei was speechless, and only after a long time did he hum resentfully, "You brat is too bad!"

Ji Feng laughed heatedly, and then stopped talking. His gaze, once again, shifted to Yin Hong's body.

Ji Feng took a few steps back slightly and pulled Ji Shaolei into a low voice, "Second brother, this Hong Gu, who is she?"

"The person over there!" Ji Shaolei glanced at the ear room where Zhang Yun'e had disappeared, indicating that this Yin Hong was someone from Zhang Yun'e's side, "But then, Hong Aun is kind, and her husband is also an honest technician, both of them don't have too much ambition, and their little lives are going quite well. Only, it's a bit out of place over there, instead, they have a good relationship with Third Aunt."

Ji Feng suddenly dawned on him and he nodded, no wonder he couldn't feel a trace of difference from this Yin Hong's body.

Moreover, just now, Yin Hong looked very surprised when she saw her mother and Third Aunt, obviously because she had met someone she liked, so she was naturally in a much happier mood. Even, Ji Feng was guessing that just now, she was standing with Zhang Yun'e, whether she had been bullied by Zhang Yun'e or not

"Mom, let's go in together." Ji Feng whispered next to him.

Xiao Su Mei smiled and nodded, "Sister, let's go in together and see the old man!"

Yin Hong's face suddenly looked a little unnatural and said with a strong smile, "Sister-in-law, you guys go, I've already been there just now."

"Yes Sister Hong, go together, it's no big deal, who dares to bully you, I'll do it for you, really, it's not good to bully anyone, those people just know how to bully honest people" Third Aunt Liang Hongdan immediately took Yin Hong's hand and said with dissatisfaction.

Ji Feng's inquiring gaze looked at Ji Shaolei, able to make the quiet and gentle third aunt so upset, obviously someone went too far.

Ji Shaolei said in a low voice: "Hong Gu's family doesn't like to get involved in these things, and because the family isn't too rich, so the people over there don't like her, and there are a few juniors over there who don't respect her, instead grandfather treats her well and treats her like a daughter. "

Ji Feng nodded slightly, I think Hong Gu came to the old man today, in fact, it was because of the old man's concern for her that she came, there should be no relationship with the side line.

A group of people walked into the main hall and immediately saw that the living room was filled with people, almost no less than a dozen of them, large and small, sitting on two sides, and in the main seat in the middle, the old master was sitting on a wooden chair, smiling and sipping tea, listening to the others.

In the middle of the main seat, the old man was sitting on a wooden chair, smiling and sipping tea as he listened to the others talking. On the right side of the old man, at the bottom of the table, there were two old men sitting, one with white hair and wearing a dark Zhongshan suit, none other than the old man Tang who had dealt with Ji Feng before.

At this moment, he was glowing red and talking loudly about something, looking very happy.

Next to Master Tang, there was a sturdy old man, who looked younger than Master Tang, but his aura was not worse than Master Tang's, but had a tendency to surpass him.

What attracted Ji Feng's attention the most was that the old man's face was extremely rigid, and when he sat there, it was as if he was an angry vajra, making people almost not dare to speak out loud.

Only Elder Tang, who was unaffected by him, laughed cheerfully from time to time.

At the lower left of Master Ji, also sitting at the head of the table, was an old man dressed in a Tang suit, who appeared slightly younger and was sitting in a chair with his eyes closed, seemingly deaf to Master Tang's tall tales.

Further out, there were several middle-aged men, of whom the one closest to the old man was naturally Ji Zhenhua, who was already considered the head of the family, and outside was Ji Zhenping, the third oldest.

Opposite the two, there were also three middle-aged men sitting, one of whom was clearly Master Tang's son, Tang Jianguo.

All five men were smiling, listening quietly to Master Tang's words.

At the very outside, there were two young men, and these two were almost sitting at the door, given their status.

Ji Feng's appearance instantly attracted everyone's attention.

When Ji Zhenhua saw his son again after half a year, a joyful look appeared in his eyes, but the man's subtlety made him not show it deliberately, instead he smiled and said, "Little Feng, Shao Lei, come over quickly and greet your elders and elder brothers!"

Xiao Su Mei and Liang Hong Dan each called out to the old man, "Father!"

The old man instantly nodded with a smile, and the two of them then stopped lingering and turned to leave.

Here were all men, and they naturally knew when to speak and when not to speak.

"Little Feng, this is, " Ji Zhenhua was just about to introduce them when he was directly interrupted by Elder Tang.

"Little friend, I never thought we'd meet again, so I don't need to introduce myself, do I?" Master Tang laughed loudly and pointed to the old man at the bottom left of Master Ji and said, "It's better for me, the old man, to introduce myself to you, this one old man, is your uncle grandfather, and the second

oldest of your old Ji family, you can call him second master or uncle grandfather, call him whatever you want!”

Ji Feng was stunned, what Old Master Tang said was very nonchalant.

He couldn't help but smile bitterly, even if he was dissatisfied with Uncle Grandpa again, he couldn't be so sarcastic as to call him 'Second Master' to his face, right?

Bad!

Several other people instantly changed their faces slightly.

Chapter 330

Sure enough, as soon as he heard this from Master Tang, the second master suddenly snapped open his eyes, his eyes widening in anger as he coldly snorted, “Tiger Tang, watch your mouth!”

“Hey!”

Old Master Tang snorted and said disdainfully, “Second Master, you're really something, to grow bold in your old age instead!”

He slammed the table and snorted coldly, “Don't remember how I used to beat you up!”

“You!”

The second master instantly turned red, although angry, he did not dare to say anything more, it was obvious that he was very afraid of Old Master Tang.

“Hey!”

Master Tang glanced at him disdainfully, but his mouth was not forgiving in the slightest, “Second Master, in front of this old man of mine, there's no qualification for you to be arrogant, I haven't settled the score with you for the last time the old head was hospitalized, but you're getting cross with me? Believe it or not, I'll shoot you dead!”

At the end of the sentence, Elder Tang was already stern, his tiger eyes were glaring at the Second Master, as if he wanted to eat him up, his hands were even clenched into fists, as if he might rise up at any moment and really shoot the Second Master!

“Humph! I won't bother with you, reckless man!” The Second Master stifled a grunt and turned his head away, no longer paying attention to Old Master Tang, as if he was unwilling to fight with him. But anyone with a discerning eye could see that the Second Master was afraid.

“How dare you talk tough!” Old Master Tang glared, “I tell you, if there is even the slightest hint of trouble with the old head in the future, I say break you, even the old head can't stop you from speaking!”

The Second Master, however, was already closing his eyes and no longer speaking, as if he was deaf to Elder Tang's words.

“Dang!”

Old Master Ji, who was sitting in the middle, placed his cup on the table with a soft clang.

Elder Tang instantly shrank his head, not daring to speak again.

As if he hadn't heard the previous argument between the two, Elder Ji just looked at Ji Feng and Ji Shaolei with a smile on his face and laughed, “Little monkey, hurry up and come over and greet the elders, two brats, no rules at all, they really deserve a beating! Next time you do that, you will never be forgiven!”

Ji Shaolei and Ji Feng smiled faintly at the same time and hurriedly walked forward.

Both of them knew clearly in their hearts that Grandpa's words were not just about them, the meaning in those words was clearly a knock on the Second Master and Elder Tang. As for who was actually being sincerely knocked, anyone who wasn't blind could see that.

It was obvious that Elder Ji was also very unhappy with the Second Master, which was why he allowed Elder Tang to lash out and angrily rebuke the Second Master. If Elder Ji did not allow it, even if he gave Elder Tang another dare, he would not dare to be so reckless in front of the old head.

When the second master heard this, but his face rose red, but he couldn't say a word.

“Third son, this is Second Grandpa, you already know him, right? Hurry up and call someone!” Ji Shaolei said with a smile.

“Second grandfather, how are you, I'm Ji Feng!” Ji Feng greeted politely and without losing his cordiality.

Who knew that the second grandfather only opened his eyes slightly, glanced at Ji Feng and said indifferently, “You are Ji Feng? When did you come to Yanjing?”

“Just arrived!” Ji Feng replied calmly.

“Hmph!”

The Second Master obviously knew that Ji Feng was not telling the truth, in fact, the Second Master naturally already knew that Ji Feng had come to Yanjing a long time ago and that it was inseparable from Elder Ji's recovery. But it was not good for him to reveal it on the spot, otherwise, if Ji Feng asked a rhetorical question, “How did you know that I had come long ago, Second Master?”

Just this simple rhetorical question would have been enough to render him speechless.

“Children, be polite, be honest, and respect your elders even more!” The second master glanced at Ji Feng and said indifferently, “Although you come from the rural countryside, since you are Zhenhua's son, you are a member of our old Ji family, so you can't bring the kind of pettiness from the countryside to your home, you have to be big in your outlook and high in your vision! Remember?”

With these words, he immediately made Ji Zhenping and Elder Tang's father and son frown, but Ji Zhenhua and Elder Ji had calm faces, as if the second master was not talking about Ji Feng.

Ji Feng likewise looked calm and smiled slightly: "Elders are naturally to be respected, as for my pattern and vision hehe, I am rather stupid, I have to ask the second grandfather to visit my home more often in the future, or to facilitate teaching me, otherwise, it will be difficult for me to grow ah!"

The second grandfather opened his eyes at once and glared at him, "Kid, what do you mean by that?"

Ji Feng chuckled, "Second grandfather must not misunderstand, I just came down from the countryside, if I said anything wrong, I have to ask second grandfather to understand more! However, I think both my father and grandfather will welcome second grandfather as a guest, because we are as close as a family!"

The second grandfather's face changed slightly at his words and he hummed, but he didn't know what to say for a while.

What Ji Feng said was completely sensible, strictly speaking, this was indeed Elder Ji's home, and Ji Feng was naturally considered to be half the owner of the place.

He, Ji Erji, on the other hand, also had his own home, and now that he had come here, he was naturally here as a guest. Even if he and Elder Ji were blood brothers, he was still a guest all the same!

What made the Second Master Ji even more furious was the subtext in Ji Feng's words, "We are the masters of this Ji family, even if I come down from the countryside again and don't know how to be polite, I am still the master of this family, Second Master you are just a guest, identify yourself clearly!"

Ji Feng's words could be understood by anyone, but on the contrary, no one could say anything.

On the one hand, it was because Ji Feng was very subtle in his speech, and every word was modest and respectful, so that no one could pick any fault at all. On the other hand, it was because of Ji Feng's identity. The others had not forgotten that Ji Feng was the eldest grandson of the Ji family, and even if they questioned his ability again, his identity would not change until he made some big mistake.

Under such circumstances, to dare to rebuke him in front of Elder Ji would be tantamount to slapping Elder Ji's face, who would dare?

In his impression, there were not many people who could say such sharp words like a knife, but there was absolutely no one who dared to say such words to the second master!

Ji Feng, was the only one!

He could only give a cold snort and stop talking.

Ji Shaolei couldn't help but be staggered, this slap was directly on the second master's face, it was a hard slap!

At least, this slap was enough to make the entire side lineage's eyes glaze over and their faces burn hot, even louder than the two slaps that Ji Shaoyou and Zhang Yun'e had delivered on the previous two occasions using them.

At this moment, Ji Feng truly took out the might of the first grandson of the Ji family's family, returning the slap fiercely at the very first provocation from the second master, hitting back with a vicious, crisp and unforgiving slap!

Everyone couldn't help but be a little stunned, while their hearts jolted, what a strong kid!

"Hahahaha!"

The field was so quiet that a pin drop could be heard, when everyone was secretly thinking, their expressions were different, but Elder Tang suddenly laughed out loud, he slapped his thighs violently, "Good boy, this is so right, in the future, we should invite the Second Master to visit us more often, we should properly consult his old man, so that we can grow and improve!"

"Old master, Ji Feng will take note of these words!" Ji Feng nodded slightly, his face full of a faint smile, appearing poised and graceful.

The corners of Ji Erji's eyes twitched violently a few times, his chest heaving violently, obviously infuriated, but he couldn't retort, that feeling was really

The two middle-aged men sitting beside Tang Jianguo's face also looked ugly, and the two remaining young men, likewise looked extremely ugly.

This slap from Ji Feng was the same as slapping a red handprint on all of their faces, and it hurt so badly that it was hot!

When Ji Shaolei looked at this scene, his heart felt as if he was eating ice on a June day, his body almost shivered with pleasure. He forced himself to hold back his laughter and said to Ji Feng, "Third son, the two people over here are cousin uncle Ji Zhenye and cousin uncle Ji Zhenshan."

Ji Feng immediately smiled and nodded his head to the two middle-aged men, "Good day, cousin uncle!"

"Good, how are you too!" Ji Zhenye's two brothers' faces were more or less unnatural, after all, the second master was their father, and Ji Feng's slap had not only hit the second master's face, but likewise their faces, it was strange that they could be natural!

The two of them are not like Ji Zhenhua and Ji Zhenping who are so stable and sophisticated, they are able to sit in their present positions, their abilities actually do not account for a large percentage, what they really rely on is the power of the Ji family.

Ji Feng and Ji Shaolei didn't care whether they looked good or not, and turned directly to the other two young people.

"Third child, these two, respectively, are your cousin Ji Shao Hong and Ji Shao Jun!" Ji Shaolei said with a smile.

Ji Feng smiled and nodded his head, his gaze passing over that Ji Shao Hong's face without a trace, "Good day to the two cousins, my younger brother is new to Yanjing, please forgive me if I have done anything wrong!"

"Humph!"

That Ji Shaojun snorted lightly, his face was unpleasant.

Ji Shao Hong, on the other hand, smiled gently, "No problem, Little Feng, if there's anything you don't understand in the future, just come and ask me."

Ji Feng, however, keenly saw that cold glint in Ji Shaoyun's eyes, it was obvious that this man's heart was obviously not as gentle as his appearance.

"Oh?"

Ji Feng let out an oh, and then he smiled, "Then I really have to thank Cousin Shao Hong, but I really have a question now that I want to ask Cousin Shao Hong, I wonder if it's convenient?"

Everyone was stunned, everyone could see that what Ji Shao Hong said was undoubtedly a courtesy, but Ji Feng was following the snake and asked the question without any politeness, what did this kid want?

The only person who was interested in this was Elder Tang.

While sitting on the main seat, Elder Ji, but as if he had not heard anything, picked up the cup of tea again, gently sip.

"Cousin Shao Hong, I am curious to know how you can have such a gentle smile on your face while a cold light is flashing in your eyes?" Ji Feng chuckled and asked, rather surprised, "Could it be that Cousin Shao Hong can have multiple minds? Or is it just that the surface is not the same?"
