Chapter 351

Ji Feng did not hesitate to walk into the villa, if an ordinary person heard these sounds, he might associate it with something bad, but Ji Feng would not, because he believed in Xiao Yuxuan and Tong Lei as much as he believed in himself.

Ji Feng had just walked into the living room when he saw that Xiao Yuxuan and Tong Lei were sitting on the sofa with a strong anger on their pretty faces, while sitting opposite them were Zhang Lei and Han Zhong from Ji Feng's dormitory, their faces also looked bad, and the atmosphere in the living room was somewhat silent.

"What's going on here? Is it that they are all very unhappy to know that I am back?" Ji Feng couldn't help but ask with a smile.

Swish!

Everyone's eyes looked over, and when they saw clearly that it was Ji Feng, their eyes lit up, and Xiao Yuxuan and Tong Lei's delicate flower-like faces even showed a look of surprise.

"Crazy, you kid finally came back, I thought you had forgotten about Jiangzhou!" Zhang Lei laughed harshly, his face suddenly looking much more relaxed.

Han Zhong and the others also had smiles on their faces, and the atmosphere in the living room suddenly changed.

I don't know what was going on, but when Ji Feng wasn't there, everyone felt that they couldn't lift their spirits, they always felt that something seemed to be missing in their lives, and when things came up, they had no ideas.

But now, when Ji Feng just showed up, everyone's mood suddenly got better, without any reason at all, as if they suddenly had a backbone, and even if they encountered something big, there was no more panic in their hearts.

Even if they don't see Ji Feng for a few days or even a long time, as long as they know that he is nearby or close by, everyone will not feel at a loss and their hearts will be very solid.

It was only then that the crowd suddenly realised that unknowingly, Ji Feng had become the backbone of everyone, and to put it more strictly, Ji Feng was like a spiritual leader.

Ji Feng smiled faintly: "There was some trouble in Yanjing, so there was some delay What's going on with you guys, I think I heard you arguing just now?"

Ji Feng said, placing his line of gifts behind the sofa and sitting down with a smile.

"It wasn't an argument either!"

Zhang Lei looked a little embarrassed, "or because of that borrowing card thing of Lei Lei's, last Wednesday, the whole school raided the students who did not stay overnight, and the result found a

few of you, as you know, there were already people who wanted to do something with this matter, so

“Didn’t you show them the borrower’s card?” Ji Feng asked, before he left Jiangzhou, he had already left the borrowing card done, just to prevent someone from taking the opportunity to make things difficult for Tong Lei, now actually still in this regard out of things, Ji Feng can not help but be puzzled.

“It’s just that there’s a problem with the overnight permit!” Zhang Lei’s face was a bit unsightly, humming: “Lei Lei took the borrowing card to the student union people, they actually said that this borrowing card is fake, there is no record inside the school at all I do!”

“Brother! Swearing again!” Tong Lei instantly glared at him in displeasure.

Zhang Lei hummed and didn’t say anything.

Ji Feng’s brows furrowed as he listened, “There’s no record inside the school?”

His gaze couldn’t help but look at Han Zhong, at that time when applying for the borrower’s permit, it was Han Zhong and Zhou Li who went through the hands, Ji Feng only got a temporary voucher, so this matter, Han Zhong should know best!

The first time I saw Ji Feng look at himself, he said, “At that time, when I went with Zhou Li, the people from the comprehensive office did give the registration for the record, and now I don’t know what’s going on!”

Ji Feng frowned and asked, “Didn’t you guys go and check again?”

It was fine if I didn’t mention this, but when I did, Zhang Lei had a fire in his belly: “Who said there was no inspection? The key problem is that those people in the General Office all have their noses in the air and won’t even let us look at the records at that time, saying that we are not qualified to look at them! It’s all because of that son of a bitch Wei Chuan-ling. If I wanted to, I would have gotten a few people to break that son of a bitch’s legs and throw him in a ditch. As a small student council vice president, he doesn’t even know what his last name is anymore!”

Ji Feng then nodded slightly and asked with a smile, “So that’s how it is, so what is the student council going to do about it?”

“How else can we deal with it, to discipline and to post a disciplinary notice Shit!” Zhang Lei grunted twice in an unpleasant tone, not even caring about Tong Lei glaring at him, obviously his heart was already furious to the extreme.

Ji Feng pondered slightly for a moment, he suddenly remembered something and couldn’t help but ask: “No, when I came just now, I clearly heard Yu Xuan was fuming, what’s going on?!”

As soon as this was said, the faces of the people present could not help but change slightly, seemingly hesitating a little.

Ji Feng glanced at them and couldn’t help but laugh, “What’s all this about? I went to Yanjing and why has everything changed after I came back? Say what you have to say directly, no need to wriggle Old Du, you speak!”

The most direct and straightforward among the people present is Du Shaofeng, who does not beat around the bush in the slightest, so Ji Feng directly told him to speak.

Du Shaofeng hummed with some displeasure: "It's not just that Wei Qiang, who got Tong Lei's phone number from somewhere and wants to ask her out, saying that he can help solve the problem of the borrower's permit"

Ji Feng nodded with a calm face and asked, "Then why were you arguing just now?"

Everyone couldn't help but stare, Ji Feng could still be so calm when he heard this news, did he not understand the purpose of Wei Qiang asking Tong Lei out? Or did he not listen clearly to what Du Shaofeng said?

Du Shaofeng's face sank and he said in an unkind tone, "Zhang Lei and I both think that we should let Tong Lei ask for the address and we'll go and teach that bastard a lesson, or at least break one of his legs, so that he knows that he'll get retribution for forcing a girl in such a despicable way!"

"But Teacher Xiao and Lei Lei don't agree, and neither do Zhao Kai and Han Zhong, which is why" Zhang Lei shook his head slightly and said, "Crazy, Lei Lei Lei is your girlfriend, now this is something you make up your mind about!"

Everyone's eyes looked at Ji Feng, they all knew that once Ji Feng had made a decision, I'm afraid it was useless to persuade anyone.

Xiao Yuxuan was afraid that Ji Feng would do something irrational in his anger, so she immediately said, "Ji Feng, don't be impulsive, you can solve this matter through other means, it doesn't have to be violent."

Tong Lei also immediately nodded and agreed: "Yes, Ji Feng, if you teach Wei Qiang a lesson, he might even bite you back, which is not good."

Ji Feng couldn't help but lose his smile, "In your opinion, am I that impulsive?"

"So you're just going to let it go? Watching your girlfriend get disciplined? Ji Feng, that wasn't your character when you struck out to teach Black Bear a lesson in military training!" Du Shaofeng was instantly anxious, he was already a fiery temper, now when he heard that Ji Feng wasn't going to take action, he became a bit anxious, "If you're not going to teach that bastard Wei Qiang a lesson, let me go, I'm not afraid of being dragged into it!"

Ji Feng couldn't help but touch his forehead and laughed bitterly, "You guy"

Zhang Lei couldn't hold back either, and immediately asked, "Crazy, what exactly are you planning to do? To go, or not to go?"

"It's not that I'm not going, it's that I don't have to go!" Ji Feng couldn't help but laugh, "Lei Zi, I think you kid just hasn't fought for a long time and feels itchy, that's why you want to take this opportunity to go and get your hands dirty, right?"

Du Shaofeng would be impulsive because he had a fiery temper and couldn't rub sand into his eyes, but Zhang Lei was different.

For Zhang Lei, Ji Feng couldn't have known him better, although this kid was mercurial, he was definitely not a blindly impulsive person, he was smarter than anyone else.

So there was no need to think much at all, the reason why Zhang Lei looked so impulsive today was that he actually wanted to take the opportunity to go and fight someone else.

Zhang Lei immediately let out a sarcastic smile and said, "I'm just trying to take out my anger for Lei Lei!"

As soon as his words left his mouth, he was immediately greeted with the angry gazes of Xiao Yuxuan and Tong Lei, and he immediately shrank back in fear, not daring to say anything else.

Han Zhong couldn't help but ask, "Ji Feng, what are you going to do then?"

Ji Feng, however, did not rush to answer, but turned his gaze towards Zhao Kai and asked with a smile, "Old Zhao, now is the time for you to come up with ideas."

Among these people, Zhao Kai was the most silent one, but Ji Feng knew that this kid was definitely a guy with a groove in his chest, and according to Han Zhong and Zhang Lei, it was that Zhao Kai was an absolutely stuffy man with glasses!

For this not-so-good saying, Ji Feng, however, deeply agreed.

Zhao Kai, Du Shaofeng and Zhang Lei, the three presented three different personalities, Zhao Kai was wise, calm and silent, and liked to use his head to deal with his enemies. Du Shaofeng, however, was straightforward, short-tempered and liked to use his fists to solve problems.

These two are two extremes.

Zhang Lei, on the other hand, is right in between them, brave and resourceful, not lacking in wisdom, and at the same time not lacking in manly fervour and bravado.

However, since he had decided not to use his fists, it was obvious that Zhao Kai's advice was more practical.

Now that Zhang Lei was bent on beating Wei Qiang up, Ji Feng naturally wouldn't ask for his advice.

Zhao Kai habitually pushed his glasses and said with a serious face, "Actually, you should already have a plan in mind, right? But since you've asked, I'll also say a few words about my thoughts."

After a pause, he pushed his glasses again before continuing, "For us, we really only need to solve one problem, and that is the legality or rather, the authenticity of the borrowing card!"

A smile suddenly appeared on Ji Feng's face as he looked towards Han Zhong.

Han Zhong immediately understood and patted his chest and assured, "Don't worry, this matter is on my shoulders, I will definitely get the study record, at least, I will also get absolutely competent evidence!"

"One more thing, one must keep a close eye on the movement of the student union, especially the movement of the life department!" Ji Feng added, "To get them to report upwards, after the school has issued a disciplinary notice, and the notice is not posted publicly, we will then bring out the evidence."

Zhao Kai nodded at once, "In this way, not only will the impact be reduced to a minimum, so that Tong Lei's reputation will not be affected, but also can beat Wei Chuanling and Wei Qiang dizzy Hey, messed up, Wei Chuanling not to mention the position of vice president of the student council, whether he can keep his academic record, should all be a problem I think, you should not be so kind to let him stay in the school again, right?"

Ji Feng smiled faintly and did not say anything, but the cold light in his eyes was enough to show what was really in his heart!

Chapter 352

With the decision made, everyone became much more relaxed.

Xiao Yuxuan and Tong Lei even looked at Ji Feng with affection, the latter's composure and wisdom made the love in the two women's hearts even stronger, especially Xiao Yuxuan, the two of them had just made love before Ji Feng left for Yanjing, and the kind of pleasure that rose from their bones made Xiao Yuxuan have a deep longing every time she thought about it during the days when Ji Feng left Jiangzhou.

She was incredibly shy, but she couldn't help it somehow, and her thoughts of Ji Feng became even stronger.

However, for other men, Xiao Yuxuan did not feel anything, and she was only slightly relieved in her heart that, at least, she was not a woman who did not know shame.

She even snickered a little in her heart, which showed that she and Ji Feng had deep feelings for each other.

As for Tong Lei, she was even extremely attached to Ji Feng.

Although she was cold and looked somewhat indifferent to outsiders, others did not know that once a girl of her character was in love, she was more intense and infatuated and devoted than ordinary girls.

When her heart is set on Ji Feng, she will think of him with all her heart and soul, and can no longer hold any other man in her heart, except for her relatives, of course.

"Well, since the matter has been resolved, don't dwell on it" Zhang Lei clapped his hands, "Let's find somewhere to drink! It's been so long since the madman left, we haven't even had a drink together for a long time, right?"

"This is good! This is good!" As soon as Zhang Lei's words left his mouth, Du Shaofeng immediately agreed loudly.

Zhao Kai and Han Zhong also nodded their heads with the same smiles, obviously satisfied with Zhang Lei's proposal.

"Alright then, go out and drink!" Ji Feng smiled faintly while pulling Xiao Yuxuan and Tong Lei's small hands and took the lead to walk out.

“Brat!” Zhang Lei cursed in a low voice, gritting his teeth and muttering darkly, “You don’t know how to restrain yourself in front of me, I’m at least your big brother, okay!”

Zhao Kai and Han Zhong couldn’t help but laugh out loud at the same time, but in their hearts they were extremely impressed with Ji Feng, to make the two girls so docile, this is not an ordinary tactic ah. Those guys in the school who were called the love saints and love kings were not even good enough to compare with Ji Feng.

The most they could do was to step on several boats at the same time, or read countless women, but they never dared to let their current girlfriends know that they had other women outside.

But then look at Ji Feng, this is the real high man, ah, if not Xiao Yuxuan and Tong Lei are wearing very fashionable clothes, live in a villa building, there are also cars parked outside several people would even be mistaken to think that this is travel to ancient times!

Even in ancient times, this would have been passed down as a good story!

With a look of admiration, Zhao Kai and Han Zhong secretly gave a thumbs up and followed them out.

Du Shaofeng was the only one, with a bewildered look on his face, and couldn’t help but ask in wonder, “Why do you all have such odd faces, are you afraid of drinking?”

“Pfft-!”

Zhao Kai and Han Zhong suddenly stumbled on their feet and almost didn’t fall headfirst to the ground.

The two looked at this big black man and admired him to the core, how was this guy going to find a girlfriend in the future?

A group of seven people, fortunately, had the BMW X6 that Ji Shaolei gave to Ji Feng, and the Audi that Ji Feng himself bought, which allowed them all to sit down.

The two cars, led by Ji Feng, drove directly to a nearby restaurant.

Ji Feng sat in the same car with the two women, Xiao Yuxuan, and as soon as he started the car, he immediately dialed his second brother, Ji Shaolei’s phone number.

“Third child, what’s the matter? You didn’t just get separated and miss my brother, did you?” Ji Shaolei teased, obviously in a pretty good mood.

Ji Feng said directly, “Second brother, help me find out information about a person!”

“Tell me!” Ji Shaolei also knew that if there wasn’t anything going on, Ji Feng wouldn’t normally call him, so he got serious at this point.

“A student from our school, I want to check his specific information.” Ji Feng said.

Ji Shaolei immediately laughed bitterly, “I say, San’er, do you think I run the police station? If you want to look up someone’s information, you have to know where he is registered or find his file. How can I help you look it up if you’re asking without a clue like this?”

Ji Feng immediately shook his head and smiled, saying, "I'm confused, huh, in that case, then I'll do a brief investigation first, and if I need your help, I'll call you again"

After hanging up the phone, Ji Feng pondered slightly, or pulled out the phone number of Zhou Li, the deputy head of the school's security team, from his phone and dialed it directly.

"Ji Feng old brother, I knew you would call!" The Zhou Li on the other side of the phone seemed to be smiling a bit bitterly, obviously he had known that Ji Feng would call him, "The matter of my younger sibling, I really didn't think those people would be so shameless, even when I went to check the Comprehensive Office's borrower's permit on file, they wouldn't even show it to me!"

Ji Feng smiled faintly and said, "Captain Zhou, thank you for your hard work, I'm calling today because I want to ask you another favor."

When Zhou Li heard that, he immediately said, "Older brother, you say, as long as I can do it, absolutely no ambiguity!"

Ji Feng smiled, "Find a way to help me check Wei Qiang and Wei Chuanling's files, or their exact background, to be able to make the staff in the school follow such hard work to help, I think their background should not be simple either, right?"

Zhou Li was stunned and said with some hesitation, "Older brother, it's not that I won't help, I definitely can't check this file because I'm just a small deputy captain of the escort team, I don't have that power" However, I can inquire about their family background, at most before ten o'clock, I'll give you the news, how about it?"

Ji Feng smiled: "No problem, then I'll trouble Captain Zhou, huh" Right, I still have two packs of cigarettes here, Captain Zhou will take a pack to smoke some day!"

Zhou Li was immediately overjoyed, and the two of them exchanged some more courtesies before hanging up the phone.

Ji Feng sneered and secretly bristled, "I'd like to see just how big a background this is, so that the school staff dare to follow the nonsense" bullying too much!"

These two calls of his were heard clearly by Xiao Yuxuan and Tong Lei, who were sitting behind him, and both of them looked at each other and could not help but feel a little worried.

"Ji Feng, could it be that Wei Chuanling and Wei Qiang are from a very big place?" Tong Lei asked with some concern, "Will it get you into trouble?"

"This girl, she's being bullied herself, and she's still here to worry about herself!" Ji Feng couldn't help but feel love and pity and laughed lightly, "Don't worry, no matter how big he is, if he dares to hit my Lei Lei, I will not be done with him!"

"Nasty!" Tong Lei's pretty face was slightly red as she pouted.

.....

For the last two months or so, Wei Qiang had been in a somewhat bad mood because Tong Lei, the flower of the foreign language department, whom he was in love with, had not given him the slightest

face, and had never agreed to ask her out many times. Even when Wei Qiang had the cheek to meet Tong Lei 'by chance', pretending to see her by accident and greeting her with a surprised face, Tong Lei only nodded slightly and said hello, not even saying a word.

Wei Qiang was not discouraged, for the sake of Tong Lei, he even refused the opportunity to become the son-in-law of the boss of the Splendid Group in the blink of an eye, and took advantage of the post on the school forum about the conflict between Tong Lei and Yun Bing, he also wrote a post and posted it, clarifying the relationship between Yun Bing and himself without a trace.

The purpose of this was to be able to get Tong Lei.

Unfortunately, Tong Lei did not respond at all to his passionate pursuit, and he even overheard once that Tong Lei had actually moved out with his boyfriend to live together!

This news was like a pot of cold water pouring down from Wei Qiang's head, instantly drenching him to the bone!

Wei Qiang was struck by lightning, and he was almost frantic with pain!

However, his pain was not because Tong Lei had a boyfriend, but because they were living together!

Since then, Wei Qiang's attitude towards Tong Lei had changed. To make her completely subservient to him and be a long-term underground lover!

"Since you ignored me when I spoke to you in a slow voice, don't blame me for using other means, it's all because you forced me to!"

"You like living with others so much, then serve me well!"

This was Wei Qiang's mentality!

What's more, he had done this kind of thing more than once, back in high school, no less than five girls had been conquered by him in various ways, and it was only when he went to university that those girls were freed.

Because of this, the way he treated Tong Lei began to change at once. Although in front of Tong Lei, Wei Qiang still pretended to be as poised as before and tried to make himself look more sunny and handsome, in reality, the thoughts in his mind were even darker.

For this kind of disguise, he had long since become so skilled that he could do it with ease and did not need to deliberately disguise himself at all. Because, he had already done it countless times.

On the one hand, Wei Qiang wanted to leave a good impression on Tong Lei and make her feel that this boy, even if he couldn't be a boyfriend, was at least suitable to be an ordinary friend.

On the other hand, Wei Qiang began to think of various ways to deal with Tong Lei.

When he inadvertently remembered his cousin Wei Chuanling, who was the vice-chairman of the student council, Wei Qiang was immediately struck by the fact that, regardless of his family background, this matter at school should naturally be dealt with using the school rules.

When it came to the rules of the school, was there anyone more convenient than his cousin, who was the vice president of the student council?

What's more, Wei Chuanling happened to be in charge of the Student Union's Life Department, which couldn't be more coincidental.

So, the idea of using the dormitory inspection to get close to Tong Lei was instantly formed in Wei Qiang's mind.

Chapter 353

What annoyed Wei Qiang was that even though he had asked his cousin to threaten to write a review, and he himself then stepped in to approach Tong Lei and help her solve her 'troubles', Tong Lei still looked cold, just the expression on her face was enough to turn people away, not giving Wei Qiang any chance to approach her at all.

Wei Qiang was absolutely resigned to the fact that a cold beauty like Tong Lei, although not quite an iceberg, was at least a piece of cold ice. Such a woman, although it will not make the first look at the impulse, but is enough to make any normal man rise a strong desire to conquer.

To conquer her! Possess her!

To make this woman, who looked like a cold ice cube, cry out under his body, that was Wei Qiang's wish!

So after his first failed attempt to get close, Wei Qiang immediately asked his cousin to help him and started his second plan. But to Wei Qiang's surprise, when his cousin sent someone to check the dormitory, Tong Lei showed him his roommate card!

He was furious, as this was obviously a special pass that Tong Lei had taken out to protect him.

Wei Qiang immediately approached his cousin and asked him to help him resolve the matter of Tong Lei having a roommate pass.

The next thing that happened was a matter of course, Wei Qiang just gave each of them a bank card, and those staff members of the General Office were no longer able to resist and all became Wei Qiang's most loyal helpers!

This time, Wei Qiang felt that he was really going to succeed.

Not only was he going to be disciplined, but he was also going to post a notice of the disciplinary action on the bulletin board of the whole university, a tactic that even a male student was afraid he wouldn't be able to bear.

You know, although United University is a nationally renowned university, it is not that smooth for graduates to go out and find a job. To find a job with good pay and good treatment, the school's recommendation, along with the student's appraisal while at school, are crucial. The more formal and large companies are, the more importance they place on this.

And the school's assessment is put on the file.

This means that if a student receives any disciplinary or punitive action at school, it will be clearly visible to those interviewing examiners and there is absolutely no possibility of hiding it.

In such a dire situation, unless the student's family had a background, it would be a fool's errand to find a suitable high-paid job!

Wei Qiang had already investigated, Tong Lei and her two-hundred-fifty boyfriend were both from that poor country nook in Mang Shi County, it was strange that their families could have a background!

That's right, it was the two hundred and fifty.

A guy who knew about Yun Bing's background and still dared to hit someone, what else was he if not a bipolar?

Wei Qiang knew that even his own family didn't dare to mess with the Splendid Group and Yun Feiyang, but Tong Lei's dirtbag boyfriend actually dared to do that!

If it wasn't for the fact that Yun Bing's family was too strong and scary, Wei Qiang would never have refused Yun Bing. The fundamental reason was that his family, didn't dare to mess with the Yun family!

So, Wei Qiang went to great lengths to make an innocent face and divert Yun Bing's attention to Tong Lei, so that, given her character, she would definitely clash with Tong Lei, and when that time came, Tong Lei's dirtbag boyfriend would naturally come to her aid.

Then, he would have offended Yun Bing.

If he offended Yun Bing in Jiangzhou, a metropolis that eats people without spitting out bones, he could think of the consequences even with his heels!

If that rustic didn't dare to make a move, he would undoubtedly break Tong Lei's heart, and then he could take advantage of the situation and ask his family to ask Yun Feiyang for a favor, and Wei Qiang would easily be able to hold the beauty!

However, Wei Qiang did not know what luck had befallen him. The Yun family had not yet retaliated, and he was still alive and well.

It was in this situation that Wei Qiang carried out his second step of the plan!

Now it seemed to be working surprisingly well, and Wei Qiang was in a great mood, and in his joy, he immediately invited his cousin Wei Chuanling, and a few staff members from the school's General Office, to enjoy themselves in a hotel outside the school.

About two kilometres away from Union University, there was a Jiangnan fishing village hotel where Wei Qiang, his cousin Wei Chuanling and three staff members from the school's General Office were feasting on pure river fish.

On the wine table in front of them, there were several bottles of good high-grade wine, and several people were drinking with red faces, and their speech was gradually getting wilder.

Even the three staff members of the comprehensive office, who usually look like gentlemen and teachers, were already drinking at this time, and their voices were so loud that even the corridor could hear them clearly.

.....

“Jiangnan fishing village?” The company’s main business is to provide a wide range of products and services to the public. It’s not close to the school!”

“A few guys in the dorm said it, some of them had eaten here before, saying that the special river fish here is extremely pure and tasty, hehehe” Zhang Lei looked like he had a gluttonous mouth, “River fish ah”

The only thing that I can’t help but shake my head and smile, in terms of food, Zhang Lei’s hobby is really not much, but only love for fish meat.

“Then go in!” Ji Feng said with a smile.

Just as a few people went in, they were told by the waiter that there were no seats left in the hall

“Go to the private room, there was no intention to do the hall!” Zhang Lei said directly, “It’s too noisy in the hall, it’s better to be quieter in the private room.”

“A few people this way please!” With a professional smile on his face, the waiter made a gesture of invitation, and then led the way in front.

However, Ji Feng noticed that this waiter had a complex look of amazement and self-shame in his eyes the moment he turned around, and he couldn’t help but pull the corners of his mouth up in a slight arc, thinking that this waiter had seen the beauty of Xiao Yuxuan and Tong Lei and that was why he had this thought.

In fact, with the beauty of Xiao Yuxuan and Tong Lei, I’m afraid that any ordinary girl who saw them would have a feeling of being ashamed of herself.

Ji Feng thought back carefully, when Tong Lei was in his own mind, wasn’t she the high, unreachable goddess?

The world is really unpredictable, how could he have imagined that the unbelievably beautiful goddess in his own mind would now become his girlfriend?

Life is really like a dream, and encounters are like illusions!

While Ji Feng was thinking, the waiter had already brought several people to a box called ‘Hong Luck Dangdang’ on the third floor, opened the door for them, activated the air conditioning, and then skillfully laid out all the tableware for them according to the number of people.

The job of ordering food was naturally left to Zhang Lei, since this guy liked fish so much, naturally no one would grab it from him.

“Ding”

Just as Zhang Lei was ordering, Ji Feng's phone suddenly rang, he took out his phone and saw that it was Zhou Li calling.

Ji Feng couldn't help but smile slightly, this guy was still very good at his job, he said he would give the news before 10pm, now it was only just after 7pm and the call was already coming.

He picked up the phone, "Captain Zhou, but there's news!"

"Senior brother Ji Feng, things are a bit difficult!"

Zhou Li's first words immediately made Ji Feng frown, "We've found out something about Wei Chuanling and Wei Qiang's background, but we can't find out anything more specific!"

"Tell me about it!" Ji Feng did not move and said with a smile.

"It's like this, I found out some information on the registration form of the school's security team, this Wei Qiang is not a local of Jiangzhou, he is originally from Baota City in Jiangsu and Zhejiang Province, his father's name is Wei Hansheng, the occupation column is filled in as a state enterprise boss, his mother's name is Xu Jing, the position column is not filled in, and the rest, there is nothing."

Ji Feng couldn't help but frown slightly, with just this information, there was still no way to find out, he didn't have any acquaintances in Jiangzhe.

He couldn't help but ask, "Captain Zhou, can't the school's records be checked?"

Zhou Li laughed bitterly, "I'm just a small deputy captain of the security team, where do I have the right to check the files? However, apart from those information just now, I also asked someone to inquire about it, but it's just some gossip, I don't know if it's true!"

Ji Feng's heart moved and immediately said, "You say!"

He knew very well that sometimes gossip may not necessarily be empty caves, and that many of them were true.

Zhou Li said, "According to a friend from the basketball team, once when they were drinking together, Wei Qiang once said that his old man seemed to be the vice president of a state-owned construction group, and since last year, it seemed that because of the main development of business in Jiangzhou, his old man was mainly responsible for this side, and it just so happened that Wei Qiang got into Union University this year, so their whole family moved to Jiangzhou. "

Sure enough, the gossip is still more rewarding than the information on paper!

Ji Feng couldn't help but smile and ask: "So that's how it is, do you know the name of the company Wei Qiang's old man works for?"

Once they heard Ji Feng talk about Wei Qiang's name, the compartment suddenly fell silent, and everyone looked at Ji Feng, afraid that it would affect his phone call.

"This" Zhou Li hesitantly said: "That friend also only heard Wei Qiang bragging at the table, the specific, not too clear, Ji Feng old brother, really sorry, I can inquire, this is all, alas"

Ji Feng laughed; “This information is very important, thank you very much, Captain Zhou, buy you dinner some day!”

“It’s better for me to treat you, huh!” Zhou Li laughed, it was already great to climb up with Ji Feng, naturally he wouldn’t let Ji Feng treat him to dinner.

Ji Feng didn’t make any more courtesies, and hung up the phone after saying a few simple words.

“Crazy, how is it?” Zhang Lei immediately asked.

“Not a lot of news, I only know that Wei Qiang’s father’s name is Wei Hansheng, he is the vice president of a construction group in Jiangsu and Zhejiang Province, he started to invest in Jiangzhou last year”

Before Ji Feng could finish his words, he was suddenly interrupted by Han Zhong.

“Wei Hansheng?!” Han Zhong was a little surprised, “Is it that Wei Hansheng from the Pagoda Construction Group?”

Ji Feng’s heart moved and he nodded, “Wei Hansheng’s home is in Pagoda City, why, you know this person?”

Chapter 354

“Wei Hansheng?!” Han Zhong was a bit surprised, “Is it that Wei Hansheng from the Pagoda Construction Group?”

Ji Feng’s heart moved and he nodded, “Wei Hansheng’s home is in Pagoda City, why, do you know this person?”

Han Zhong’s face instantly changed as he frowned and said, “If I’m not wrong, we should be talking about the same person, dammit! I really didn’t expect that ba stard, Wei Qiang, to be Wei Hansheng’s son”

Zhang Lei’s face immediately sank as he frowned and asked, “Han Zhong, that Wei Hansheng has a big head?!”

Han Zhong immediately bristled with disdain and said, “What’s a big deal, it’s bullshit! He is only a vice president of the Pagoda Construction Group, but he is still dragging his feet all day long, and he wants to cooperate with my old man to enter Jiangzhou.

After a pause, Han Zhong added: “This person thinks he is the vice president of a state-owned enterprise, and has a nose to the sky attitude, but as a result, he has eaten the closed door twice in front of my old man, so he has become much more honest.

Several people laughed at once, Han Zhong had put Wei Hansheng down as really worthless.

“Ji Feng, since that Wei Qiang’s old man is Wei Hansheng, there’s nothing to fear, leave this matter to me, see how I teach him a lesson!” Han Zhong grunted in an unpleasant tone.

In fact, Han Zhong was really angry.

Not to mention how Ji Feng had treated him in the past, even if the two were just ordinary roommates, if Ji Feng was bullied like this, Han Zhong would definitely not sit idly by.

In their circle, the most important thing was face. Wei Qiang was using the matter of the loan certificate to pressure people, and the purpose was to try to get his hands on Ji Feng's girlfriend, this was just like hitting his brother's face in front of Han Zhong!

The company's main business is to provide a wide range of products and services to the public.

The first thing you need to do is to get rid of the problem. Does this not affect your family?"

It was naturally good that Han Zhong was willing to help, but Ji Feng did not want to affect the interests of the Han Group because of this matter, in which case, Han Zhong would inevitably be affected as well.

Ji Feng remembered that Han Zhong once said that the Han Group was not really united internally, even if Han Zhong's father was the largest shareholder, Han Zhong would still be questioned.

If this matter impressed the interests of Han's group again, it was possible that conflict would break out within the group.

Han Zhong waved his hand indifferently and said, "It's fine, whether or not to cooperate with anyone, there are many factors to consider, this is something I naturally can't influence the group's decision, but there are plenty of ways to use some tactics to rectify Wei Hansheng!"

Seeing Han Zhong speak with such certainty, Ji Feng said nothing more and just smiled, "Just don't affect the unity within your group!"

Han Zhong was so enthusiastic, so Ji Feng naturally could not brush off his good intentions.

But in reality, Ji Feng did not intend to let Wei Qiang and Wei Chuanling off so easily.

Dealing with Wei Hansheng was just a matter of collecting some interest. The company's business is not just a business, but also a business.

Such a vice president is still very energetic, at least a little mistake, absolutely can not make Wei Hansheng hurt, unless there is a very serious mistake.

So Ji Feng already has his own plans, only, there are some things that are not convenient to say for the time being.

In fact, if Wei Qiang only wanted to pursue Tong Lei, Ji Feng would never do anything excessive even if he was not happy in his heart, the love of beauty is in everyone's heart, and Ji Feng is naturally not the kind of person who is unreasonable.

However, Wei Qiang used all kinds of despicable means to coerce Tong Lei time and again, and even went so far as to collude with the staff of the school's comprehensive office to play catfights together, which is what Ji Feng cannot tolerate.

Since Wei Qiang was so fond of playing tricks, Ji Feng didn't mind, the reason why the other party dared to be so arrogant, wasn't it because of the old son of a vice president of a state-owned enterprise, and a cousin who was the vice president of the student council?

“Knock, knock!” A knock sounded on the door.

A few waiters quickly walked in and served the food skillfully.

Ji Feng laughed, “Alright, don’t even bother about this matter, eat first!”

“Hey, a little Wei Qiang, it’s not enough to affect my appetite.” As soon as Zhang Lei saw the steamed fish in front of him, his eyes lit up and he laughed.

“What else do you know besides eating?!” When Tong Lei saw this look on her big brother’s face, she was so angry that she glared at him.

Zhang Lei instantly dared not speak, and hastily lifted his cup and said loudly, “Come, come, let’s drink!”

The others instantly smiled.

Ji Feng also couldn’t help but laugh, “Drink, drink!”

All those present were not outsiders, and everyone knew that Zhang Lei was not afraid of Tong Lei, but loved his sister very much, but after they made such a scene, the atmosphere was suddenly quite lively, and everyone drank several cups and ate.

However, the noise from the next compartment was getting louder and louder.

“What are they doing, do they think this is a roadside stall?” Du Shaofeng grunted gruffly, “Even in a big stall, no one is this arrogant, right?”

The crowd couldn’t help but frown as well, only to hear the next door talking and laughing without the slightest awareness of controlling the volume, and someone was even slapping the table, seemingly very aroused.

“Bear with it, other people are here to spend money, so naturally they can have fun however they like!” Ji Feng didn’t care about this, luckily there were walls separating them and the sound wasn’t too loud.

But as soon as his words left his mouth, his face suddenly sank.

When the others saw this look on his face, they just stared and couldn’t help but ask, “What’s wrong?”

Ji Feng pointed at the wall and said with a sullen face, “Listen!”

Everyone instantly fell silent and listened carefully to the people in the next compartment.

Because there were walls separating them, and because the other party seemed to have drunk a bit too much, the voice in the next compartment was loud, but it was not too clear and incomplete to hear.

But even so, they heard a few key names – Tong Lei, Ji Feng!

“I’ll go out and take a look!” Zhang Lei immediately opened the door and walked out.

Ji Feng also immediately stood up and followed him out. Other people couldn’t hear clearly what the people in the next compartment were saying, but he heard it clearly, it was no other person in that next compartment, it was Wei Qiang and the others.

But Ji Feng couldn't imagine that he was thinking about how to deal with Wei Qiang, and now he actually encountered him in this Jiangnan Fishing Village, this is simply a narrow escape!

Once they saw that both Ji Feng and Zhang Lei had gone out, Xiao Yuxuan and the others also immediately followed them out.

They had just walked to the entrance of the next compartment when they heard a burst of unintentional coaxing laughter coming from inside, with some of them getting excited and even slapping the table vigorously, laughing very openly.

"I say, Wei Shao, your move is really ruthless, ha" a man was obviously drunk and spoke with a bit of a loud tongue, but his words were still clearly heard by Ji Feng and the others at the door, "publicly posting a disciplinary The only way out is to get a room with you if the girl called Tong Lei doesn't want to lose her reputation in the school.

"If you hadn't stopped those idiots Zhang Lei and Han Zhong from checking the register, my move wouldn't have worked so easily!" The person who spoke was Wei Qiang, and his voice sounded very smug, "That woman Tong Lei, how dare she reject me so coldly! Humph, I'd like to see if she'll still be so cold when she gets to bed, hahaha"

The few people in the compartment burst into laughter again, that laughter was full of ** meaning.

And at this time, Ji Feng and others at the door of the box, long ago, his face was already blue, he was bursting with rage, a strong killing intent inexorably rose from his heart, about to kick the door open and barge in.

He was about to kick the door open and barge in.

Zhao Kai, who had been silent all this time, fiercely stepped forward and wrapped his arms around Ji Feng's waist at once, pulling him to a halt.

Zhao Kai hurriedly whispered in Ji Feng's ear: "Ji Feng, don't be impulsive yet, this is a good opportunity to get the evidence! After we get the evidence, don't need you to say anything, I'll be the first to do it and f*ck these ba sta rds!"

Ji Feng's face was gloomy and frightening, he clenched his fist tightly and nodded heavily, "Good!"

At this time, Zhang Lei had also reacted, he hurriedly gave a wink to Xiao Yuxuan and Tong Lei, who also looked very unpleasant, and told the two of them to go back to the compartment, what Wei Qiang and the other few ba sta rds said was too hard to hear, he was afraid that the two girls would not be able to bear it.

Zhao Kai took out his mobile phone from his pocket, quietly opened the door of the compartment by a crack, squatted on the ground, turned on the video function of the phone and pointed it inside.

Fortunately, because Wei Qiang and the others had been drinking a lot, they did not notice that the compartment door had been opened a crack, and several people were still laughing and joking without a care in the world.

Standing behind Zhao Kai, Ji Feng looked through the gap and immediately realised that there were five people in the compartment, three of whom he had met before.

One was Wei Qiang, and the other two were the two staff members he had seen last time at the General Office, of which the svelte beastly man with glasses, and another man were there, the same two who had clashed with Ji Feng and Han Zhong last time.

Apart from that, there was also a student-like young man with a slight resemblance to Wei Qiang between his eyebrows, and Ji Feng guessed that this man should be the vice-president of that student union, Wei Chuanling!

The last stranger, about thirty years old, he was dressed in the same suit as the two men with glasses, and looked like he should also be a staff member of the school.

“By the way, Director Qin, did you hide the registration record of the borrower’s card? If things get too big, you always have to be prepared!” Wei Chuanling was the vice president of the student council after all, so he naturally had to think a bit more. In his opinion, Tong Lei’s boyfriend was someone who even dared to beat up Yun Bing, so if he really gave Tong Lei a disciplinary action, it would be strange if her boyfriend didn’t go berserk!

Chapter 355

Hearing Wei Chuanling’s question, the strange man in a suit couldn’t help but nod slightly and smiled, “Little Wei, don’t worry, the registration record is locked in an empty safe in the finance section by me, the key is only in my possession, as long as we don’t say anything, no one would think that the registration record would be in the finance section!”

When Wei Chuanling heard this, he immediately put his mind at ease and smiled, “It’s still Director Qin’s thoughtfulness. However, what if it becomes a big deal and the leaders above want to check the registration records?”

That director Qin hummed: “Poorly kept, just that one book is lost!”

“But” Wei Chuanling was still a bit hesitant and was just about to say something when he was interrupted by Wei Qiang who was drinking with a straight tongue.

Wei Qiang’s face was red from drinking, and with a look full of care, he waved his hand and directly interrupted Wei Chuanling’s words, “I say cousin, you guy is just too timid, you are always looking ahead and backward in everything you do, you are almost like a pussy”

A word immediately made Wei Chuanling’s face look embarrassed, his lips moved, but did not say anything, it could be seen that Wei Chuanling was somewhat afraid of Wei Qiang.

“Old brother, I’m not worried that the leaders will trace it when the time comes” A moment later, Wei Chuanling still couldn’t help but explain awkwardly.

“Hey! With just that hick boyfriend of Tong Lei’s? He dares to make a big fuss? I’m telling you, if it weren’t for the repercussions, I’d have had someone kill that bumpkin long ago, and I’d still have him up until now. Besides, even if it’s a big deal, so what”

Wei Qiang slanted a glance at him and said disdainfully: “I really don’t know how you got to be the vice president of the student council in the school with such a little brain” leadership to investigate, Director Qin only has to say that it was not well kept and lost, when the school leaders naturally have to

uphold the rules of the school, can the leaders still stand on Director Qin They are not? It is simply pig brain!”

“Brother, you’re drunk!” Wei Chuanling’s face looked a little ugly, and he couldn’t help but frown.

He was very angry in his heart, this Wei Qiang was relying on his family’s money, and even he, his cousin, didn’t even care about him anymore, every time he asked him to do something, it was as if he was ordering his subordinates, how could he not be annoyed?

What’s more, Wei Chuanling naturally had more sources of information than Wei Qiang, and it seemed that he had once heard someone say that Tong Lei’s boyfriend, however, had come to the school in a BMW 6.

..... a dirtbag, can he afford to drive a BMW6?

Even if Wei Qiang’s old man was a vice president of a large state-owned enterprise, he hadn’t driven a BMW6, right?

But these worries, Wei Chuanling but can only be suppressed in the heart, with Wei Qiang’s arrogance, certainly can not listen to these comments.

“Hey!”

Wei Qiang skimmed his mouth, looking somewhat disdainful.

Although this Wei Chuanling was his cousin, his family was so poor that even the money for college was paid for by Wei Qiang’s father, so Wei Qiang naturally would not look at him in the eye.

Wei Qiang lifted his cup, clinked a glass with Director Qin across the table, and smiled, “Director Qin, this matter will be a favor to you, this is a small gift promised to the three of you, no respect, I hope the three of you won’t mind!”

Saying that, Wei Qiang took out three bank cards from his pocket and handed them over.

Outside the door of the compartment, Zhao Kai, who saw this scene, pulled up a cold smile at the corner of his mouth, and he secretly said in his heart, “If you guys don’t die this time, I’ll take your surname!”

Although Zhao Kai seldom spoke in his daily life, he was surprisingly angry at what Wei Qiang and the others had done.

Coming from an official’s family, Zhao Kai was no stranger to this kind of pressuring people with power, and he knew that this kind of thing happened around him almost every day.

However, before stepping into that circle, Zhao Kai hoped that all he saw was the pure side.

So, Zhao Kai’s anger about this matter was not even as bad as Zhang Lei’s.

At this time, Ji Feng, who saw this scene through the doorway, was slightly shaking his head as he patted Zhao Kai’s shoulder and smiled, “Almost done with the shooting, right?”

Zhao Kai grimaced, nodded and put the phone back.

Ji Feng suddenly grinned and fiercely turned his head, looking at Zhang Lei: “Lei Zi, still remember how we beat up Xu Mo back then? Let’s reenact it today!”

Swish!

Zhang Lei’s eyes instantly lit up, ever since he graduated from high school, it was really hard to see Ji Feng get his hands dirty with people again, apart from that time when he fought those fighters in Furniture City, he had never seen Ji Feng get his hands dirty with anyone else.

“Damn it! I couldn’t hold back long ago!” Zhang Lei immediately loosened the button on his collar with a look of excitement.

He suddenly remembered something, and with a glint of excitement in his eyes, he couldn’t wait to rush in right now and beat up all those bastards inside!

“Ji Feng, do you really want to do it yourself?” Zhao Kai pushed up his eyes and said, “Now that we have the evidence, we can play them to death anytime, we don’t need to do it ourselves

“If the evidence hadn’t arrived, I wouldn’t have done it so easily! This unexpected encounter is really to save a lot of trouble! You just keep the evidence!” Ji Feng interrupted and shook his head, “Those tactics can deal with others, but against these few bastards, they are not worthy! Against them, the simplest means will be the most effective!”

He immediately turned his head, and Zhang Lei also happened to look over, the two of them looked at each other and smiled, and at the same time raised their legs high and kicked out fiercely.

Bang!

The door of the compartment was instantly kicked open, because the strength of the duo was so great, that door was actually broken by their raw kick!

The duo immediately walked in with big strides and were greeted by five pairs of stunned eyes.

Hoo-!

A strong wind suddenly came from behind, Ji Feng and Zhang Lei turned around at the same time and saw that a chair was actually flying through the doorway and swept right through the middle of the two of them, smashing right into Wei Qiang and the others’ wine table.

Bang!

The one sitting directly opposite the door, Director Qin, was the first to be splattered with soup, and he leaned back woefully, almost falling to the ground just like that.

Looking at the door again, Du Shaofeng, Han Zhong and Zhao Kai, were striding in.

“How can a fight be without my old Du?” Du Shaofeng laughed loudly.

“I haven’t done it for a long time, so today I’ll just think of it as a way to find out what it’s like and get my muscles moving!” Han Zhong smiled faintly.

“Although I’m a gentleman and don’t do it easily, but since my brothers have moved, I naturally won’t be idle!” Zhao Kai pushed up his glasses with a svelte smile.

Ji Feng instantly laughed, “Good then, today, we five brothers, we will exterminate this group of beasts!”

He casually picked up a wine bottle from the ground, the smile on his face gradually disappeared, and his ice-cold gaze swept over the several people who looked stunned.

“Who are you people and why are you suddenly barging in!” That director Qin scrambled to sort out the soup and vegetable leaves on his body and immediately stood up in annoyance, “It’s simply not like that, Xiao Wei, call the police immediately ah!”

Before he could finish his words, he saw the wine bottle in Ji Feng’s hand suddenly smashed over.

Bang!

The hard wine bottle smashed right into Director Qin’s face, surprisingly, it was smashed into countless pieces and scattered on the ground with a tinkling sound, and then looking at Director Qin’s face, surprisingly, his face was smashed full of glass fragments, blood left from his forehead, and his nose was also smashed and collapsed, blood flowing.

Hoo bang!

Another bottle flew in, hitting Director Qin squarely on the door of his head, causing Director Qin, who was already trembling with pain and couldn’t even stand up, to instantly fall to the ground on his back!

Han Zhong disdainfully wiped the red wine from his hand and cursed, “Damn it! I’ve wanted to smash this bottle for a long time! How dare a small-time director take bribes like others? How dare he help my brother’s girlfriend who is being coerced?”

Boom!

Wei Chuanling, who was originally scared and somewhat helpless, heard these words and immediately cackled in his heart, his face drowning.

If by now he still didn’t understand who these people coming were, then his job as Vice President of the Student Council would have been in vain, and it was obvious that these people were definitely all friends of Tong Lei’s!

“These two are taking my turn and Old Zhao’s!” As soon as Du Shaofeng saw that Director Qin was knocked unconscious by Ji Feng and Han Zhong’s two bottles, he was a little impatient to point at Director Qin’s two colleagues, that is, the man with glasses, and another staff member from the General Office, “Old Zhao, that one with glasses is yours!”

As soon as his words fell, those two people instantly reacted, they were about to beat themselves up!

The man with glasses knew Ji Feng, he immediately stood up and shouted, “Ji Feng, you, what do you want?!”

“How dare you shout?!” Du Shaofeng’s eyes glared, and he didn’t care about finding a wine bottle, he casually picked up a chair and smashed it with a blast.

“Ah...!” The man with glasses shrieked and tried to dodge.

However, how strong was Du Shaofeng’s strength?

The speed of the chair he flung out was not something that someone like the man with glasses could dodge?

Only hearing a “Bang! With a bang, the man with glasses was simply smashed directly onto the ground by the chair and passed out!

“Originally, I didn’t want to hit the one wearing glasses, but I had to be forced!” Du Shaofeng grunted twice in an unpleasant tone, and then looked at the last remaining staff member, and was instantly pleased: “This one I also

Whew bang!

A chair flew in, and the man was directly smashed into unconsciousness.

Du Shaofeng snapped back, but saw Zhao Kai habitually pushing his eyes, and said seriously, “Actually, my favorite thing to fight is to not wear glasses

Three comprehensive office staff, all were smashed unconscious, the remaining, is already almost stunned Wei Qiang and Wei Chuanling two people.

“Crazy, this is even a person, there has to be one of me!” Zhang Lei let out a fierce laugh and licked his lips, “Laozi is going to treat them well!”

“One for each!” Ji Feng said calmly.

However, all those who heard these words could not help but shiver, what was hidden under that calm tone of Ji Feng’s voice, was a morbid killing machine.

Wei Chuanling and Wei Qiang’s faces swiftly turned white, without a trace of blood!

Chapter 356

“You, you are Ji Feng?!”

Looking at Ji Feng and Zhang Lei who were approaching step by step, Wei Chuanling’s face didn’t have a trace of blood, his lips were trembling a bit when he spoke, Ji Feng dared to beat even the school staff and his methods were so ruthless, how could he let them off easily?

“Hey! What an idiot!”

Han Zhong grinned, looking at the pale Wei Chuanling and Wei Qiang, his gaze was full of pity, and he skipped his lips, “If I were you guys, I definitely wouldn’t have called out Ji Feng’s name, originally maybe I would have just been crippled, now since we were recognized it seems we had to be silenced! ”

“Ah!” Wei Chuanling and Wei Qiang at the same time body jerked, shrieked out, the two of their eyes looked at the calm face of Ji Feng in horror, and then look at a face of excitement Zhang Lei, can not help but shiver.

“Ji, Ji Feng, you, don’t mess around, otherwise, the police will easily find you, and you won’t be able to get away then!” Wei Chuanling stammered, “You, you guys calm down, today’s matter might be a misunderstanding, let’s sit down and talk!”

“Misunderstanding?!” He pointed at Wei Chuanling and sneered, “Say that again for me to hear? Misunderstanding? Misunderstanding your mother!”

Wei Qiang suddenly reacted and said in a panic: “Ji Feng, I know this matter is all because of Tong Lei, how about this, I can compensate you guys, what conditions do you want, do you want money or anything else? I can give you all, is ten thousand enough?”

“I’ll do it!” When Zhang Lei heard this, he was furious, he fiercely stepped forward and slapped him fiercely.

Slap!

A slap fiercely slapped Wei Qiang’s face, instantly hitting him with a violent shock.

“Do you really think that everything can be solved with money?” Ji Feng looked at the dazed Wei Qiang and said indifferently, “You can compensate with money if you want to, just don’t know if you can get it out!”

“What’s the point of bothering with him, just finish him off!” Zhang Lei said viciously from the side.

Du Shaofeng also snapped forward and roared, “Leave it to me, let’s see how I can get them killed!”

Zhao Kai, who was standing at the back, but without a trace, put his hand into his pocket and quickly pressed a few keys on his mobile phone, then he pushed his eyes, with a cold smile at the corner of his mouth, quietly looking at Wei Qiang and Wei Chuanling, who were almost scared silly.

“Old Du, don’t grab it from me, let me smash a few bottles of wine on them first before I say anything else!” Han Zhong instantly laughed heatedly and looked down on the ground for a wine bottle, but after searching for half a day but not finding one, he simply picked up a chair, “It’s more painful to smash it with this!”

“I can take it out, I can take it out!” Wei Qiang took one look at the gesture and was immediately scared to death, shouting in terror.

“What I want is not a small amount, you can take it out?” Ji Feng asked with a face full of disbelief, “As far as I know, your family is just an ordinary family, you can’t get much money!”

“Don’t talk nonsense to him, just smash it to death.” Zhang Lei said impatiently.

When Wei Qiang heard this, he said in a panic, “I have it! I have it! My family has money! Ji, Ji Feng, my family is not as simple as you understand, my father is the boss of the Pagoda Construction Group, and has a lot of power! In our home safe alone, we have over a million dollars in cash, and bank cards

“Wei Qiang, don’t say that!” Wei Qiang was so frightened that he said everything when Wei Chuanling next to him suddenly let out a low shout, “They are lying to you, if you say anything, uncle will be finished!”

As soon as Wei Qiang was dazed, he saw Zhang Lei suddenly pick up a chair and slam it towards Wei Chuanling!

Wei Chuanling was instantly horrified and got up so violently that he tried to stand up and run away.

Bang!

Zhang Lei wielded the chair and smashed it right into Wei Chuanling’s leg.

“Ah...!” Wei Chuanling screamed miserably and fell to the ground at once, covering his leg and rolling on the ground in pain, his body trembling.

“I told you not to talk nonsense to them, this one doesn’t talk anymore, just smash it to death too!” Zhang Lei said with a grimace on his face.

“I say, I say!” Wei Qiang was so frightened that he almost hissed and shouted, “In my father’s bank card, there are fifteen million dollars, I’ll tell you the card number and password

Listening to Wei Qiang gushing out the account numbers and passwords of his family’s bank cards and passbooks, and even the passwords of the safes, even which room the safes were kept in, he told them all, and a faint smile appeared on the faces of Ji Feng and the others.

“How do I know if what you’re saying is true?” Ji Feng asked with a face full of disbelief.

“It’s true, it’s true!”

Wei Qiang immediately shouted in panic, at this moment, he was like a drowning man, the request made by Ji Feng was his only straw to save his life, he had to hold on to it firmly, otherwise, he would definitely be killed by these guys who were like wolves and tigers!

“Words have no proof, you have to prove that what you say is true!” Zhang Lei said viciously.

Wei Qiang said in a panic: “Right, I have a way to prove it, my father still has an account book in a bank safe with a lot of cash in it, I know the password, you can ask someone to check it out!”

“Tell me?” Ji Feng said indifferently.

Wei Qiang immediately said all the passwords and necessary conditions to open the safe.

“What’s the password?” Ji Feng suddenly asked again.

“Huh?” Wei Qiang froze and immediately said it again.

“Not a word out of place!” Zhang Lei looked at Ji Feng and smiled, “Leave this matter to me!”

Behind them, Han Zhong and Zhao Kai all had a smile on their faces.

Wei Chuanling, who was next to him, was ashen, forgetting to even scream, just limp on the ground, looking blankly at the appalled Wei Qiang, muttering, “Stupid bastard, you’re a stupid bastard! How can

you say this, how can you say this! If you say it, who else can save us, who else is capable of avenging us?!”

“You shut up!” Wei Da shouted, “What the **** do you know, if I had said it, I might not have died, if I hadn’t I would have been killed by them now, do you know that?!”

“Stupid bastard, what is this place? If you get killed, they won’t get away with it! Idiot! You are a fool!” Wei Chuanling roared.

Wei Qiang froze, after being yelled at by Wei Chuanling, he finally reacted, yes, this was a hotel, if Ji Feng killed himself, they definitely wouldn’t be able to get away, I’m afraid Ji Feng wouldn’t be able to do such a stupid thing, right?

The first thing you can do is to say that you are a fool.

However, Wei Qiang did not know that ever since Ji Feng had slapped Yun Bing away at first, his ruthless image had penetrated deep into Wei Qiang’s heart. Only, because his family was rich and powerful, Wei Qiang did not even put Ji Feng, a ‘bumpkin’, in his eyes before, so he dared to pursue Tong Lei with impunity.

But just now, Ji Feng and the others suddenly barged in and used extremely ruthless means to directly smash Director Qin and the two staff members into unconsciousness, which immediately shocked Wei Qiang and Wei Chuanling, so they didn’t have time to think about whether Ji Feng’s actions had any other purpose or not!

Only now, when reminded by Wei Chuanling, did Wei Qiang suddenly react, his eyes widened and he stared at Ji Feng with a deadly stare, roaring, “Ji Feng, you **** dare to shade me!”

“I think you want to die!” Ji Feng’s face sank as he said coldly.

“Humph! If you have the guts, kill me, I’ll see if you can get away!” After thinking about it, Wei Qiang knew that Ji Feng definitely didn’t dare to kill himself, and he was instantly emboldened again.

Ji Feng grinned: “I do not dare to kill you, nor do I intend to kill you However, beating you up should not be a problem, right?”

Wei Qiang’s face instantly changed, yet before he could react, he saw Ji Feng fiercely kick over.

Bang!

Ji Feng’s kick, which landed squarely on Wei Qiang’s stomach, unexpectedly sent him flying raw.

Pop!

The flying Wei Qiang didn’t have time to scream before he hit the wall and fell to the ground again, his mind was dazed and he didn’t even know where he was anymore!

The others’ hearts immediately tightened, and Du Shaofeng even subconsciously shrank his head, secretly saying, “Holy sh*t! He’s even tougher than me!”

Wei Chuanling, on the other hand, was even more appalled, staring at Ji Feng with wide eyes, his face full of disbelief.

One had to know that Wei Qiang himself was on the basketball team, was tall and definitely weighed a lot more than an ordinary student. However, with this kick, Ji Feng was able to send him flying, how much power should that be?

From this, one could also see how angry Ji Feng was in his heart!

“Well” Wei Qiang was lying on the ground like a dead dog, groaning in pain, but in his heart he was both remorseful and terrified, how could he be so stupid, how could he be so stupid?

The first thing you need to do is to get a good idea of what you are getting into.

He hadn't thought about it, since the moment Ji Feng barged in, he had been scared silly, plus he was already arrogant and cocky, how could he have thought it through so thoroughly?

“Hey! It's my turn!” Zhang Lei searched left and right and eventually found a wine bottle not far away, he didn't have Ji Feng's kind of perverted kung fu, so it was better to use external force.

Zhang Lei took two steps to Wei Chuanling and let out a fierce smile, “Looks like you're still a dog-headed soldier, I hate people like you, f*ck!”

Bang!

The sound of the bottle shattering sounded, Zhang Lei looked at the only part of the bottle left in his hand and couldn't help but stare in awe, “Holy sh*t! So it's really just like in the movies, a person's head is really harder than a wine bottle!”

The corners of the mouths of Han Zhong and Du Shaofeng and the others next to him twitched a few times, each forcing themselves to hold back their laughter so that they didn't laugh out loud.

Especially Han Zhong, who had just finished his phone call, was holding back a shiver, this guy was really an extreme person, he didn't even forget to sarcastically say a few words to others even when he was fighting!

“Very good!” Zhang Lei nodded vigorously, “Looks like the movie isn't all fiction!”

Poof...!

Everyone could no longer hold back and burst out laughing at the same time.

Chapter 357

Hearing the laughter of Han Zhong and the others, Wei Qiang and Wei Chuanling's hearts were filled with both fear and shame, with a resentful glint in their eyes, but they were powerless to resist.

Not to mention the fact that there were five people on Ji Feng's side and the two of them were no match for each other, the mere sight of Ji Feng's kick that sent Wei Qiang flying just now was enough to shock the two of them into a daze and they no longer dared to have the slightest thought of resisting.

Ji Feng coldly swept a glance at Wei Chuanling and Wei Qiang, his heart surging with killing intent. The conversation between Wei Qiang and Director Qin had made Ji Feng furious. If not for the fact that this was a public place, Ji Feng would have suppressed his killing intent and killed all these scum!

But now, he could only give up this idea, not only because the hotel's security guards should be arriving soon, but more importantly, Ji Feng no longer needed to take action himself now, just the things Wei Qiang had explained were enough to make his father completely unable to turn over a new leaf.

Even if he was the boss of a big group again, there was no way he would have made that much money, the only explanation was that the money was grey income and absolutely illegal!

Ji Feng turned his head to look at Zhang Lei, the latter smiled heatedly and said, "Already called, my second uncle has sent someone now, he will probably give me a reply soon!"

"What's the reason?" Ji Feng couldn't help but ask.

Even if Zhang Lei's second uncle was the director of the municipal bureau, he absolutely could not arrest people at will, and likewise could not casually search other people's things, not to mention, that Wei Hansheng was still a vice president of a state-owned enterprise, and must be someone with a background and energy.

The company's main business is to provide a wide range of products and services to the public.

Although the internet often explodes with cases of inter-provincial arrests, and those who mess up are fine, Ji Feng does not want such things to happen under his nose. Because he knew very well that there were a lot of people watching his every move now.

It wasn't just the sidekicks, his previous appearance at the banquet hosted by the He family's eldest son, He Hongwei, had definitely attracted the attention of many people. Ji Feng didn't want to bring unnecessary trouble to his father and grandfather because of his reckless actions!

And if he rashly went to investigate now, it would definitely cause unnecessary ripples.

Zhang Lei smiled badly, "The city bureau received a report that a thief had burglarized Wei Hansheng's house and then went to turn himself in, but the cash recovered was horrible The city bureau attached great importance to it and started to take a series of measures!"

"Well done!" Ji Feng faintly smiled, the division is famous, naturally is justified and reasonable, no one can say anything wrong.

Besides, since it was caught in Jiangzhou, Wei Hansheng should not try to get out of it this time!

As soon as they heard their conversation, Wei Chuanling and Wei Qiang's bodies shook, they both knew that this time, it was over!

Once Wei Hansheng was arrested by the police, not to mention the things Wei Qiang and Wei Hansheng had done in the past, just the huge amount of money in the safe and the bank card, Wei Hansheng would definitely not be able to explain it clearly, and he would definitely not dare to explain it.

However, in the bank's safe, there was also an account book!

So both of them knew that that ledger alone would be enough to have Wei Hansheng shot a hundred times

The only thing they can hope for now is that the people involved in that ledger will use their energy to keep Wei Hansheng alive, and only then can the brothers Wei Qiang and Wei Chuanling escape with them.

Otherwise, what awaits them is at least a broken home and expulsion from school.

Stomp, stomp, stomp!

When Wei Qiang and Wei Chuanling heard the sound of footsteps, their spirits were lifted, as the hotel security guards had heard the commotion upstairs and rushed in.

There was help!

Both of them had a feeling of survival after the robbery, when they were facing Ji Feng and Zhang Lei and others, that feeling was just like being in hell, making them unwilling to stay even for a second longer!

Ji Feng and the others, however, frowned, but didn't say anything. Now that the big picture had been decided, all that needed to be waited for was Zhang Lei's second uncle's reply, everything else, was no longer important.

As for whether these security guards would save Wei Qiang and Wei Chuanling, Ji Feng didn't care at all, for these two bastards, Ji Feng would definitely not be soft, if not in public, he would have sent these two bastards down to meet the King of Hell!

A few seconds later, seven or eight security guards quickly ran over, and at the forefront was a middle-aged man in a suit, several of them froze as soon as they saw the scene in the box.

Even the middle-aged man was astonished beyond belief. Just now, when they were downstairs, they just heard a lot of commotion here and originally thought it was because the guests were drunk and therefore a bit out of order, but now it seemed obvious that this was not the case!

He asked in a series of stunned and odd questions, "Gentlemen, I am the manager of this hotel, may I know, what is going on here?"

Han Zhong laughed and said, "Nothing, nothing, just dealing with a little family matter, someone will pay for the damage here!"

Ji Feng just stared at Wei Qiang and Wei Chuanling, his mind pondering what to do to make these two never turn around again!

Hitting a snake to the seventh inch, hitting someone to the core!

Given Ji Feng's character, he would not have been so ruthless, but what Wei Qiang and Wei Chuanling had done had made him intolerable.

Moreover, Ji Feng noticed that from time to time, a look of resentment would flash in Wei Qiang's and Wei Chuanling's eyes.

Since the other party harboured resentment and the two sides had already formed a deadly feud, Ji Feng naturally would not leave himself a hidden problem, God knows when these two would bite him once they turned over a new leaf?

He said, "Gentlemen, I'm not being nosy, but this is a shop after all, if something happens to a customer, we can't give an account. How about this, let's take the person to the hospital first, and if there is anything, you can solve it in private, how about that?"

"Not yet!" Ji Feng faintly shook his head, "I have to wait for a call."

"Manager Yan, call the police quickly, these bastards are going to kill us, call the police quickly!" When Wei Qiang saw the security guards coming, he came to life and didn't know where he got the strength from, struggling to do up from the ground and shouting.

Slap!

A slap fiercely slapped Wei Qiang's face, and instantly, a clear handprint surfaced on his face.

Zhang Lei coldly withdrew his hand: "Shut up! If you dare to howl again, I'll kill you right here!"

Grim's face sank slightly, these few people were still beating up the customers in front of him, this was simply ignoring his existence, and this made him very annoyed.

But opening a shop for business, he naturally understood the principle of peace and prosperity.

Grim took a deep breath and said in a deep voice: "Since a few of you insist on causing trouble here, I can't just sit back and do nothing" He turned his head, looked at a security guard and said: "Call the police!"

Ji Feng said indifferently, "There's no need to call the police, we've already reported it. As I said, we just have to wait for a call, how about Manager Yan just give a face?"

If Wei Chuanling and the two fell into the hands of another policeman, they might become 'victims' in the blink of an eye, and until he was sure that Wei Hansheng had fallen, Ji Feng naturally wouldn't give them that chance!

Before Grim could say anything, one of the security guards behind him immediately cursed, "****! What kind of people do you think you are, daring Brother Yan to give you face? Do you know that this is a place covered by Brother Biao?!"

"Tell him to shut up!" Ji Feng said indifferently.

Hoo-!

The security guard only felt a strong wind hit him, and immediately his eyes went black.

Slap!

A loud slap clearly reached everyone's ears, and in the next moment, that security guard felt a sharp pain coming from his face, and his whole body fell to the ground with a thud, his head was dazed for a long time, and he couldn't react.

Du Shaofeng's eyes widened in anger as he stared coldly at the security guard and coldly snorted, "If your mouth stinks like that again, next time I'll just get rid of you! I don't care about Brother Biao or not, even if the King of Heaven comes, as long as your mouth is not clean, I will beat you up as usual!"

"Gentlemen, are you here to smash the venue?" Grim's face instantly turned gloomy and his eyes stared deadly at Ji Feng, he could already tell that Ji Feng was the head of the group.

"If you have to interpret it that way, I have nothing to say, because I have already explained it to you before!" Ji Feng was already in a bad mood today, so naturally he wouldn't eat this from him.

Threatening people?

Ji Feng couldn't help but sneer in his heart, ever since he got the intelligent brain, none of the people who threatened him would really end up well. Xu Mo at the beginning, Qiao Gakai and Qiao Rong later, and Tian Guodong, which one of them did not come standing up and were carried away horizontally?

Seeing that Ji Feng was so rampant, Wei Chuanling and Wei Qiang, who were lying on the ground, had a flash of joy in their eyes, and both of them were gloating at the same time.

This Jiangnan Fishing Village, and even the whole area of the university city, was the territory covered by the famous Brother Biao on the road, so Ji Feng and the others dared to be wild here with Manager Yan.

Wei Qiang was even more resentful in his heart, saying: "Ji Feng, Ji Feng, I can't do anything to you, but you have offended Brother Biao without knowing whether to live or die, I'll see how you will die! Hmph, now even if you let me leave, I won't even leave! How can I leave without seeing you unlucky and beaten like a dead dog with my own eyes?"

"Good! Very good!" Grim nodded heavily and said in a deep voice, "In this area of the university city, there is really no one who dares to speak to me like this Grim, and even more so, no one dares to ignore Brother Biao's existence! Since a few of you are so bold, then I'll have to ask Brother Biao to come and meet you all!"

"Be my guest!" Zhang Lei was even a little impatient and waved his hand directly, "Invite whoever you like, but don't bother me here now!"

Grim's face suddenly sank like water, Wei Qiang and Wei Chuanling were ecstatic!

Chapter 358

"A few people, we are open for business and do not want to make things stiff" Grim took the phone and said, "Before I call, if a few people are willing to send these guests to the hospital and then give us this security guard apologize and pay for the damages, we'll forget about today's matter and consider it as making a friend, what do you all think?"

"Oh" Zhang Lei couldn't help but shake his head and laugh, "Manager Yan, this condescending attitude of yours, I don't like it! Also, up until now, no one has been able to stand properly after scolding my brother!"

Although Grim said that he was making a friend, in reality, it was a complete tone of command and threat, and given Zhang Lei's character, how could he just let it go?

What's more, that security guard had hurt someone with his words, so it was strange that Zhang Lei, who was always angry, could tolerate him!

"Good, you guys are good!" Grim mouth along with good, his face is cold and frightening, he quickly pressed a few keys on the phone, pick up the phone immediately said, "Brother Biao, this is Xiao Yan, it's like this, I have a few troublemakers here"

He said, but also from time to time glanced at Ji Feng and Zhang Lei a few eyes, the meaning as if to say: you all wait to die, wait for Brother Biao to come, see how he will clean up you. bubble*book*bar()

The two of them had changed their demeanor at this time, and it fell into his eyes without a hitch.

The two of them are looking forward to the early arrival of Brother Biao to give themselves a severe beating.

It's a pity

The first thing you need to do is to get a good idea of what you're doing.

He would like to have a good look at what kind of expressions these two would have by then!

"Ding"

Just then, the mobile phone on Zhang Lei suddenly rang, and Ji Feng turned around and looked over.

The most important thing now was whether Wei Hansheng would fall, if he did, the rest of the matter would be fine and there would not be any more ripples, but if Wei Hansheng did not fall and escaped instead, things would be troublesome.

Zhang Lei naturally knew this, so as soon as the phone rang, he immediately took it out and connected it, asking impatiently, "Second uncle, how is it"

It is not known what Zhang Lei's second uncle said on the phone, but Zhang Lei's face became sarcastic, looking somewhat embarrassed, said a few words into the phone, and then quickly hung up the phone.

"Crazy, Wei Hansheng was caught, good man, my second uncle said, this is a big fish" Zhang Lei looked excited and said loudly, pointing at Wei Qiang and Wei Chuanling: "Now my second uncle is sending people this way, these two bastards must know a lot of things, maybe they are involved with the case, let the police bring them back together later!"

There was a thud!

Wei Qiang and Wei Chuanling fell to the ground at the same time, Wei Hansheng had really been arrested, and the two of them, too, were finished

"Well done!" Ji Feng immediately smiled, he suddenly remembered something else and couldn't help but ask: "By the way, just now your face seemed very odd, what else did your second uncle say?"

Although with Ji Feng's ear power, it was simply a breeze to listen to Zhang Lei's phone call, but he did not do so, even if the relationship was good, there would still be personal **, Ji Feng naturally would not waste his energy on this.

Zhang Lei immediately coughed lightly and waved his hand, "Nothing much, just complimenting me for being competent and helping him catch a big fish in one go, hehehe"

Ji Feng shook his head and smiled, he naturally knew that Zhang Lei was not telling the truth, but since Zhang Lei did not want to say, he naturally would not go after him.

Since the big picture had been decided, Ji Feng quietly turned his attention, to Grim.

In fact, although he did not seem to put Grim and those few security guards in his eyes, his heart was wary. These few people obviously did not look like regular security guards, but more like small-time punks.

And as Grim had mentioned Brother Biao again, if Ji Feng had not guessed wrongly, this so-called Brother Biao should be someone from the Dao.

Now that Grim had made the call, if nothing else, that Brother Biao should come, and if not handled well today, it might be another pile of trouble. However, Ji Feng also knew that this was something that could not be avoided, after all, he absolutely could not stand by and watch Grim and the others call the police, or just send Wei Qiang and Wei Chuanling to the hospital.

If Wei Qiang and Wei Chuanling ran away, it would be another pile of trouble, and once the two of them went crazy, it might leave a huge hidden danger for Xiao Yuxuan and Tong Lei!

Especially Wei Chuanling, this guy who looked like a dog-headed military commander, was extremely scary, the most malevolent, it was this kind of person, Ji Feng couldn't not guard against it!

"Since it's alright, let's take a rest first!" Zhao Kai pushed his eyes, casually picked up a chair from the ground and sat down with his butt, "After fighting for so long, I'm always a bit tired, everyone sit down too!"

"Good!" Zhang Lei smiled heatedly and directly picked up a chair as if no one else was there, and sat down.

Du Shaofeng searched for half a day and couldn't find another full chair, he couldn't help but mutter, "You few are too much, how can you smash all the chairs, where does that leave me to do you!"

He pointed at a security guard behind Grim, "Go and bring me a chair!"

"You're looking for death!" That security guard was instantly furious.

Du Shaofeng instantly glared, "What did you say?!"

Ji Feng patted Du Shaofeng's shoulder next to him and laughed, "Forget it, just stand there if you can't find a chair, we'll leave when the police come."

"Hmph, smashing things and beating up our people and then wanting to leave, it's not that easy!" That security guard said disdainfully, "When Brother Biao comes, I'll see how you can leave!"

Ji Feng smiled faintly and ignored him.

Du Shaofeng coldly glared at that security guard and grunted, before he casually took out a packet of cigarettes and handed them to Ji Feng, several other people also had one in their hands, as for Grim and those few security guards, it was good that Du Shaofeng didn't get angry, so there was no need to expect him to give out cigarettes to those people.

Grim just stared coldly at Ji Feng and the others, but muttered in his heart. With his experience, he had naturally seen a lot of people, but these few young people in front of him, he was a bit impervious to.

If these people knew about Brother Biao but still dared to be so rampant, then it meant that these people were very powerful.

Grim was a bit confused, so he put away his contempt and looked at these young men seriously.

The young man at the head of the group was a dignified-looking man with an extraordinary bearing.

The other few, on the other hand, were either full of care, or, just plain indifferent. Especially the one wearing glasses, even had a sneer at the corner of his mouth if anything, as if he was looking forward to it

Grim instantly reacted, these people, definitely come from a lot of people!

He was so happy to see them.

When he informed Brother Biao just now, he said that someone was coming to cause trouble

If Brother Biao arrives and finds out that he's invited someone he can't mess with, the consequences will be

If you call Biao now and say that these people may not be easy to mess with, will Biao think that he is playing a trick on him?

So, should we go and explore the bottom of these youngsters?

He is also a manager and a middle-aged man, and now he has to go to a few young people who have just had a conflict with him to find out the bottom grim really can't let go of this stature.

Just as Grim hesitated, a sudden rush of footsteps came from outside, and he instantly looked happy, it must be Brother Biao who had arrived with his men.

"It's Brother Biao coming, hurry up and fetch Brother Biao here" Before Grim could finish his words, they came to an abrupt halt, and the smile on his face, froze!

A group of uniformed police officers with cold faces appeared at the entrance of the box, the leader of which was tall and stout, wearing a uniform full of majesty.

"Police, comrade police, may I ask what you are here for" asked Grim, stammering a bit, he did not call the police, he knew even if he was stupid, if he called the police and informed Brother Biao, would he not be looking for death?

The police officer at the head of the group said, "Someone reported a brawl here, may I ask which one is Zhang Lei?"

Zhang Lei stood up with a smile and said, "Comrade police officer, it was me who reported the incident! All of us present were involved."

The policeman at the head nodded and smiled, then his face turned cold: "Take all of them away and go to the police station for a detailed investigation!"

Zhang Lei quietly gestured to Ji Feng and the others, and the latter then instantly understood that these policemen, should be the ones sent by Zhang Lei's second uncle.

A few policemen went forward, ready to help Director Qin and the others up who had fainted on the ground, but when they saw their faces, they couldn't help but suck in a breath of cold air, boy!

This is not a brawl, it's simply a broken face!

These three people, none of their faces were intact, all of them were covered in blood, they were unrecognizable.

A few policemen couldn't help but glance at Ji Feng and the others and secretly sighed, these boys, they were ruthless!

When a policeman was about to go and pull Wei Chuanling and Wei Qiang up, that Wei Qiang, however, suddenly ran to Ji Feng as if he was crazy and knelt down with a thud.

"Ji Feng, Ji Feng, please let me go, I know I'm wrong, I really know I'm wrong, you are generous, don't treat me like that, I promise I will never dare to offend Tong Lei again" Wei Qiang grabbed Ji Feng's leg and begged bitterly.

The first thing I did was to say, "That's not what you said at the table before!"

Wei Qiang was dumbfounded, he knew that he was really in trouble this time, others were not sure, but he knew his own affairs.

With the things he had done in the past, he might not be able to get out of prison in this life

A strong aura of resentment rose from the bottom of his heart and he roared, "Ji Feng, don't be complacent, I'm going to jail, and you won't live happily either!"

Seeing this, a policeman immediately grabbed him and pulled him away, but before he went out, Wei Qiang was still struggling and called back, "Ji Feng, you wait, you beat up Brother Biao's men, he will not let you go, hahaha"

Chapter 359

Hearing Wei Qiang's windy and wild shout, Zhang Lei instantly glared and said in a cold voice, "If you pretend to be crazy and foolish again, I will destroy you now!"

"....." Wei Qiang's crazy shouting stopped abruptly, a trace of panic flashed in his eyes instantly, as if remembering Zhang Lei's previous ruthlessness and terror, the fear in his heart came up inexorably,

even if there were police officers present next to him, Wei Qiang didn't dare to take a gamble in case this ruthless guy started to go crazy

Just at this time, the policeman who was holding Wei Qiang pulled his arm and headed out, Wei Qiang immediately took advantage of the slope and just followed the policeman.

"Damn it!" Zhang Lei couldn't help but curse, "A wimpy thing, really grew up so big for nothing, if I were him like this, I would have run over myself without anyone else doing anything!"

Ji Feng couldn't help but smile slightly and said, "You can't ask everyone to have the same character as you, timid people have a timid way of living, and bold people, have a bold life!"

"Ji Feng is right, I'm just timid!" Zhao Kai said seriously, and then he once again habitually pushed his glasses.

Du Shaofeng immediately a big face came up, curiously looked at Zhao Kai and asked, "Old Zhao, there's something I'm wondering ah, you say if in the future you go out into society and say a word and push your glasses, then if you do the kind of work where you talk a lot do you think your nose will be glasses give flattened?"

"Roll!" Zhao Kai said seriously.

Ji Feng several people instantly smiled, this Du Shaofeng although seems straightforward and bright, but the more this kind of person, once the joke, only more people can not help but laugh!

In the middle of a few people's jokes, Wei Qiang and Wei Chuanling were finally taken out of the box.

In contrast to Wei Qiang's craziness, Wei Chuanling, who was reluctant, had a miserable and dejected look on his face, as if he was in complete despair.

In fact, Wei Chuanling was much smarter than Wei Qiang, and he knew that even if he was taken away by the police, nothing would happen to him, because he had not done anything illegal himself.

However, there is one thing that Wei Chuanling knows better than anyone else, although he did not break the law, but, today's incident will definitely spread, then, he will no longer have half a status in the school, this student council vice president's position Oh, this position is not big, but the people watching is absolutely a lot of ah!

A student council vice-president position may not count for much, even if it is just the most ordinary job with other students in the future, as long as they have the ability, they can come into prominence as well.

But the problem was, with the ruthlessness of Ji Feng and the others, how would they let themselves stay in the school in peace?

Wei Chuanling didn't need to think about it, if his position was switched with theirs, at least he would never let them stay in the school, or at the very least, he would find a reason to make them unable to turn over a new leaf!

As soon as he thought of what would happen to him, a light of reluctance suddenly flashed in Wei Chuanling's eyes

The first thing you need to do is to get a good idea of what you want to do.

Wei Chuanling didn't know where he got the strength from, but he actually broke away from the policeman's hand and ran back to the box violently, kneeling down in front of Ji Feng at once and shouting, "Ji, Ji Feng, I know that Wei Qiang has done many bad things, and every single one of them is something that broke the law, if you can let me go, I will tell you everything he has done!"

"Wei Chuanling, you ****ing dare?!" Wei Chuanling's voice was urgent and fast, his voice was naturally not small, Wei Qiang had just walked out of the box, naturally he heard it clearly, he was immediately annoyed, "Wei Chuanling, if it wasn't for my father helping your family all these years, with your old son who was a farmer, your family would have starved to death, even the money for your university education was paid by my father, how dare you sell me out now! "

Wei Chuanling was scolded and his face turned blue for a while, but for the sake of his own future, he could only pretend not to hear, he knew Wei Qiang was finished, but he didn't want to accompany him!

Ji Feng and Zhang Lei glanced at each other, and both of them saw a hint of astonishment in each other's eyes.

Originally only in the TV scene, but now really in front of them, a great disaster, but betray each other ah, this is really

For a moment, Ji Feng's heart could not help but burst into a chill, Wei Chuanling could betray even Wei Qiang and his uncle, this kind of person, what else could not be done?

"This person, absolutely can't give him a chance to turn around!" Ji Feng and Zhang Lei both understood each other's thoughts at once, and Zhang Lei immediately gave a wink to one of the policemen behind him and told someone to take Wei Chuanling away.

"Ji Feng, I really know a lot of bad things Wei Qiang has done, when he was in high school, he once knocked up a girl's belly, and as a result, he later forced ah!" Before Wei Chuanling could finish his words, he saw Wei Qiang pounce on him at once, and the two of them immediately tore into each other.

Several police officers immediately went up and separated the two and hurriedly took them out.

Ji Feng and the others looked dumbfounded and did not react for a long time.

Zhang Lei was amazed, "Didn't that Wei Qiang have no strength left, how could he still be so formidable?"

When they were fighting just now, Wei Qiang and Wei Chuanling did not dare to fight back, but now that he was beating Wei Chuanling, he actually still looked like a good fighter ah

"The nest, this kind of people in the face of fighting with their own people, have incomparable courage, once you see outsiders Hey!" Ji Feng grinned, his eyes flashed with deep contempt. And his heart, but floated to the side line of a name, they and Wei Qiang, how similar the two!

"You few, who are the parties involved and the witnesses?" The policeman at the head of the group saw that both Wei Qiang and Wei Chuanling had been taken away, and only then did he come up and ask.

Before Zhang Lei could speak, he heard Ji Feng laugh, “Him, him, him! All three of them were involved, me and this big black guy were later, didn’t see it with my own eyes, just heard them talk about it.”

Ugh!

The few security guards next to the doorway pooh-poohed in their hearts at the same time, you haven’t seen it?

But with the police around, plus the fact that Grim didn’t say anything, they all just kept quiet.

Zhang Lei was instantly anxious: “Crazy, what are you up to you want to stay and wait for Brother Biao?”

The last sentence, Zhang Lei lowered his voice, said in Ji Feng’s ear. For Ji Feng’s character, Zhang Lei naturally knew it very well, this guy directly pushed the three of himself out, while he and Du Shaofeng chose to escape, Zhang Lei immediately knew what he was going to do.

Stay here and wait for Brother Biao to arrive!

Ji Feng smiled and nodded, not denying it.

“Then you follow to the police station, Old Du and I will stay behind!” Zhang Lei was instantly displeased, why should this kind of hilarity be all about you and Old Du, this kid was clearly discriminating against people who didn’t know kung fu!

Ji Feng immediately glared, “Then who will send Yu Xuan and Lei Lei home?”

Zhang Lei was stunned for a moment before he slapped his head, “Forgot about them!”

“Hurry up and go!” Ji Feng couldn’t help but laugh as he turned his head to Du Shaofeng again and said, “Old Du, please send Yu Xuan and Lei Lei back.”

Du Shaofeng was stunned, “Me?”

“Not willing?” Ji Feng hummed, “Or else you stay and I’ll send them back?”

“Sure, sure or I’ll go!” As soon as Du Shaofeng nodded his head, he saw Ji Feng lift his leg and was about to kick over, he hurriedly turned around and ran

Zhang Lei laughed, “You take care of yourself.”

After saying that, they followed the police and left, they all knew very well that it was usually very difficult to change the decision made by Ji Feng, what’s more, Zhang Lei had seen what Ji Feng could do, even that aggressive group of fighters had been knocked out by Ji Feng with three punches and two kicks, there was nothing to worry about at all.

After everyone had left, the box was suddenly cold, with only Ji Feng and Grim and the others, still waiting in silence.

Ji Feng even directly pulled over a chair and simply sat down, waiting for the arrival of the so-called Brother Biao.

The reason he stayed was not because he wanted to show off, let alone be a great hero who punished evil for once. Rather, it was because, this place was not too far from the United University, and listening to Grim's tone, it seemed that this entire university town's territory belonged to Brother Biao.

If today's matter was not solved, maybe one day Zhang Lei and a few of them would be in trouble, and Ji Feng was not used to leaving himself with an aftermath, so he might as well solve it all together today.

However, seeing how calm Ji Feng was, Grim had no bottom in his heart.

With Grim's experience, he could naturally see that those policemen were obviously called by this group of young men, and the relationship was definitely not ordinary. The fact that Ji Feng's temperament was extraordinary made Grim drum in his heart, could it be that he had messed with someone he shouldn't?

When he thought of his previous guess, Grim couldn't help but breathe slightly sharply, he hesitated for a moment, but still asked stiffly: "This little brother, I wonder what to call him? Maybe today's matter is a misunderstanding also may be, don't big water washed away the Dragon King Temple, self family hit up their own family!"

Ji Feng chuckled: "I don't think so, it's better to wait for your Brother Biao to come!"

Ji Feng was so sure of himself, he obviously didn't have Brother Biao in his mind, this young man was obviously not small.

After hesitating for a moment, Grim still didn't dare to bet, he immediately went out, dialed Brother Biao's phone number and told the story.

It was nothing to be scolded by Brother Biao, but if it caused big trouble for Brother Biao, it would be a big deal!

Looking at Grim as he exited the box, Ji Feng only smiled faintly and did not say anything.

No matter who was coming, Ji Feng had made up his mind that he would settle things today, and again, he didn't care who was coming!

Chapter 360

About twenty minutes later, Ji Feng finally met Brother Biao from Grim's mouth.

This was a man in his mid-thirties with a scar on his face, a shaved head and a tall, sturdy body that looked very tough.

No wonder it was called Brother Biao

Ji Feng couldn't help but mutter in his heart, this guy looked much tougher than himself, that block, it could be comparable to Du Shaofeng.

It's just that I wonder if this guy's hands are also the same as Du Shaofeng's.

Behind Brother Biao, there were also two young men with cold faces. Ji Feng's gaze swept a few more glances at these two men, these two men seemed to be somewhat bad to mess with.

Moreover, there was a special aura about them, as if they were soldiers!

Ji Feng couldn't help but be curious about where this Biao came from, a Daoist leader with two soldiers behind him, this combination seemed a little too strange!

"Old Yan, this is the person you said came to cause trouble?" Seeing Ji Feng sitting on a chair with his legs crossed in a grand manner, Brother Biao immediately frowned and turned his head to ask Grim.

"Yes Brother Biao, but" Grim was just about to explain something when he was interrupted by Brother Biao with a wave of his hand.

"As long as it's him!" Brother Biao snorted coldly and looked at Ji Feng, grinning broadly, "This little brother, what's his name? Does little brother have to give an account of what happened today?"

"Ji Feng!" Ji Feng said indifferently, he had nothing to hide at all, he didn't change his name from his line.

He looked at Brother Biao with a smirk and teasingly said, "How do you want me to give you an explanation?"

As soon as they saw that Ji Feng still dared to be so arrogant in front of Brother Biao, the few security guards behind Grim broke into curses.

"Little brat, do you know who you're talking to? You're tired of living!"

"Little bastard, you dare to talk to Brother Biao like that?"

"Let's get him killed!"

.....

Grim's heart thumped and his face changed violently as he secretly said, "Oh no!"

These security guards don't know how to do anything, but he was able to see that the lone man dared to stay and seemed to be facing Brother Biao with a posture of not putting Brother Biao in his eyes at all, if the other party is not a foolish madman, then it can only have a head that is definitely not less than Brother Biao!

In response to these abusive security guards, Ji Feng only glanced at them indifferently and frowned slightly.

"All shut up!" Grim instantly had a jolt in his heart and shouted, "With Brother Biao here, where are you guys to speak?"

Only then did those security guards calm down, but in Grim's heart, it was heavy.

He secretly regretted, if he had known, he shouldn't have invited this trouble, since this Ji Feng guy dared to hurt people here, he obviously had the courage to do so, why didn't he see it?

And, even called Brother Biao over

"Your name is Ji Feng?!" Brother Biao frowned slightly, the name seemed somewhat familiar, but he couldn't recall where he had heard it for a while. He was just about to speak when his eyes suddenly glared and a bright light suddenly flashed in his mind.

He finally remembered that the name Ji Feng, he had indeed heard of it a few months ago, and yes, it was Ji Feng!

Brother Biao's heart suddenly thumped, he finally knew who this Ji Feng was.

In the Dao of Jiangzhou, there were no absolute secrets, especially news about some important people, which circulated extremely fast. For those chiefs and bosses, who can and cannot be messed with, they will always pay attention, if not, in case they mess with the wrong person, hey

The actual fact is that you will not be able to even fight back when you encounter a real big shot like that, and you will be killed in an instant.

In the memory of Biao, there was once a boss of the road in Jiangsu and Zhejiang province who came to Jiangzhou to play and ended up getting horny and provoking a young woman in the hotel. The young woman's husband was a very influential man.

In less than two hours, the boss was thrown into jail and all his men were swept away by the police in the name of 'special rectification operations'.

So from that time on, everyone understood one thing: the world is not theirs after all. No matter how good they were on the street, they were nothing in front of the real big shots.

And this bland-faced Ji Feng in front of them was, without a doubt, a big shot they couldn't afford to mess with!

Perhaps ordinary people did not know who Ji Feng was, but there was not a single boss or petty leader in Jiangzhou who did not know who Ji Feng was, or at least, they had all heard of this name before!

However, if Ji Feng's name was mentioned together with another person, everyone would be suddenly shocked to realise that it was him!

That person, was the boss of the political district, Ah Liang!

A few months ago, more than twenty of the toughest thugs under Ah Liang had besieged a young man at the entrance of Sun Furniture City.

But to everyone's shock, that young man had knocked down all those twenty-odd fighters with his bare hands, one punch and one kick, while he, himself, was unharmed.

This young man's kung fu immediately shocked the entire Jiangzhou underworld!

However, what shocked these people even more was the injuries of the twenty-odd fighters under Ah Liang, each one of them was either disabled or seriously injured.

It was at this time that they were shocked to realise just how powerful that young man was!

Brother Biao clearly remembered that the young man who had instantly annihilated more than twenty of Ah Liang's powerful men was called Ji Feng!

Looking at the aura and eyes of this Ji Feng in front of him, Brother Biao's heart suddenly jumped, and he decided without any doubt that this Ji Feng in front of him was in fact the expert who had almost annihilated all of Ah Liang's elite men!

Moreover, Brother Biao had also heard a gossip that Ji Feng, in fact, was a family member of Ji Zhenguo, the secretary of the Jiangzhou Municipal Committee, and if he was angered

Once he thought of this, the cold sweat on Brother Piao's back instantly came down.

These thoughts just flashed through Biao's mind, and in just the blink of an eye, he thought of a countermeasure.

The original hideous cold face, hard to squeeze out a smile as bright as possible, Biao immediately slightly bowed his waist, hands clasped fist, according to the rules of the road hug, said: "that brother Feng, you see, today's matter is a misunderstanding, it is all underlings do not know what to do, I will give you an explanation! !"

Swish!

Everyone's face changed, especially those few security guards, they even stared in disbelief, Brother Biao, who was almost invincible in their eyes, actually called a young man Brother Feng? Moreover, he even clasped his fist and saluted, giving in to weakness?!

The company's main business is to provide a wide range of products and services to the public, such as the Internet, the Internet, and the Internet.

However, Ji Feng frowned and gave Brother Biao an unexpected look and asked, "Do you know me?"

Ji Feng didn't remember how famous he was, after he came to Jiangzhou, most of his contacts were people from school and around his second brother, as for these people on the road, he shouldn't have come into contact with them, so how could anyone know him?

Brother Biao hurriedly said, "Brother Feng, you may not remember much, back in front of Furniture City, you clashed with Ah Liang from the government district, and your prestige spread, many people know you!"

Ji Feng couldn't help but frown when he called him 'Brother Feng' and 'you' in one breath: "Ah Liang?"

"Yes, a big brother from the political affairs district, Ah Liang!" Brother Biao immediately nodded his head and said.

Ji Feng suddenly realized: "What you're talking about, it wouldn't be the helpers that bastard Zhang Yongqiang hired, right? Those thugs, they're Ah Liang's men?"

This time, Brother Biao was instantly more certain.

He immediately nodded his head and said honestly, "Yes, Brother Feng, those people were indeed Ah Liang's men."

"If you hadn't said it, I would have forgotten about it." Ji Feng hummed, "That Ah Liang is still a big brother huh!"

"A small chief only." Biao immediately followed, but under his heart was bitterly smiling, this person has forgotten that matter, but, A Liang did not dare to forget, I heard that in order to set things right, in order to calm Ji Feng's anger, A Liang was frightened to go through a lot of trouble, but because no one

knew Ji Feng's address, simply could not find him, the result could only be dragged on, A Liang lived a terrified life.

But not a few days later, Ah Liang was taken away by the police, and from then on, never came out

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

This is good!

Ji Feng also did not want to invite more trouble, he said indifferently, "Since you know me, tell me what I should give an account for!"

Brother Biao's back suddenly broke into cold sweat, since he knew Ji Feng's identity, how could he dare to ask Ji Feng to give him an explanation?

Perhaps Ji Feng's physical skills were not the most frightening, but what about his relationship with Ji Zhenguo, the secretary of the municipal party committee?

Biao had not forgotten how Ah Liang had disappeared from Jiangzhou Road

"Damn it!"

Biao cursed angrily and snapped back and slapped him across the face, "Pah!"

Before Grim could react, he was slapped and fell to the ground, his body shivering violently in fear.

Biao cursed angrily, "Open your dog eyes and see, who do you dare to mess with? This is Brother Feng, he came here to give you and me face, how dare you say he's here to cause trouble?"

With that, Brother Biao was about to go up and fight again.

"Forget it!"

Ji Feng could not see that Brother Biao was putting on a show, but he did not want to continue to pursue these matters, as long as he could get rid of the hidden problems, Ji Feng was not willing to have more contact with these people, "I am also at fault for what happened today, I will compensate for the damage here, you guys put a price on it."

"Brother Feng, you're scolding me, you're here, how can I make you pay for it?" Brother Biao immediately said, "What are you guys still standing there for? Go down immediately, have the waiter serve the best dishes and the best wine, I want to make amends to Brother Feng!"

Ji Feng frowned slightly and waved his hand, saying, "It's not necessary to make amends, this way, you can list the prices of these tableware and tables and chairs, I will pay for them tomorrow."

After a pause, he added, "Let's forget about today's matter!"

Brother Biao was immediately overjoyed, but his mouth said, "Brother Feng, I'm really sorry for today, I'm sorry!"

Ji Feng nodded and walked out with big strides, as he walked past the two cold men, he said indifferently, "Soldiers, why do you want to be in the Dao!"

Having said that, he left with aplomb.

Biao and the others, however, finally breathed a sigh of relief, this fierce man, finally gone
