

Campus Master 401

Chapter 401

Wow -!

The whole audience stood up in a clamour.

Han Zhenfeng, the president of the Martial Arts Association, had actually been defeated by Wang Lei, the main general of the Taekwondo Association? Moreover, the former's arm was even smashed out of socket!

This was just too shocking!

Especially for some of the older students, it was a bit unbelievable.

Because the Martial Arts Association and the Taekwondo Association had sparred not once or twice, but most of the old students knew that although the Martial Arts Association was in decline, the president Han Zhenfeng was quite strong, and in the Taekwondo Association, the only one who could really compete with him was the president Lu Weixin.

But now, Han Zhenfeng was defeated!

"Chairman!" Liang Pan and Xu Bo and the others also immediately stood up and shouted with concern, "Chairman, are you alright?"

The pain from the dislocation made Han Zhenfeng's face slightly white, but he shook his head firmly and said, "It's fine ..... Wang Lei, I lost this round, but it's really surprising that you're suddenly so much better!"

Wang Lei heatedly smiled, and said modestly with his mouth, "No, no, this is all because President Han had consumed some physical strength before, I was unable to win, I am really ashamed."

He said he was ashamed, but the look on his face was incomparably smug, there was no trace of shame.

The rest of the four people from the Martial Arts Association had very ugly faces, this Wang Lei was obviously trying to sell a good story even though he had gotten an advantage!

"Yoo-hoo?"

A snicker came from the stage at the same time, as if looking very surprised, "The Martial Arts Association's President Han is so powerful, but now he's dislocated by someone's leg? How can that be? Is the so-called Chinese kung fu just this strong?"

Several people from the Martial Arts Association immediately looked back in anger, only to find that the one who had spoken was no other than the former Vice President Zhang Yanfei, who had been following the trouble, and at that moment he was looking derisive, his eyes filled with a smug look.

"Zhang Yanfei, you shut up!" One of the boys from the Martial Arts Association immediately said angrily, "You need to stop dropping stones here!"

"Tsk!"

Zhang Yanfei shook his head slightly with a disdainful expression, "The Martial Arts Association is really so powerful, we can't even say a word anymore, hey, what kind of power don't play with us, go and beat someone else's Taekwondo Association, huh?"

"You ....." The boy was furious and immediately got up to go fight with Zhang Yanfei, but was stopped by Han Zhenfeng.

"Forget it, don't be impulsive." Han Zhenfeng immediately said, "What's the matter, wait until after the game!"

The boy glared at Zhang Yanfei twice more before sitting down angrily.

Zhang Yanfei didn't take the other party seriously, he was the vice president of the martial arts association, so he naturally knew the skills of these people, they were no threat to him, he wasn't afraid!

Du Shaofeng swept him a cold glance and gave a cold snort, then took two steps to Han Zhenfeng, grabbed his hand and shook it twice violently before charging upwards.

There was a thud!

Han Zhenfeng's dislocated arm was reattached, only that it could not move freely for the time being, but it was no longer a big problem, and would only be painful for two days at most.

"Shao Feng, we're counting on you next, be careful, the Taekwondo Association people seem to be a lot more skilled, I don't know what's weird about this room!" Han Zhenfeng whispered in his ear.

"Humph! I don't care what's weird about him, he can't turn into a human being, can he?" Du Shaofeng said in an unpleasant tone, "Don't worry, I have it in my heart and know what to do."

In the third match, Du Shaofeng took the field, he knew very well that it was really only up to him now, the three people left in the Martial Arts Association were definitely not a match for Wang Lei and Lu Weixin, he had to beat one of them first, so even if he lost, the Martial Arts Association would still be considered to have taken two matches, the loss was not too ugly.

Ji Feng, however, looked at it with a slight frown and whispered, "This Wang Lei's hands are pretty good!"

When Zhang Lei saw that his love rival was so skilled, he was greatly stimulated and said through gritted teeth, "Crazy, you said to give me kung fu, when will it start? I must get past this bastard!"

"You're kidding, right?" Ji Feng shook his head at once, "Is it that easy to practice kung fu? If you could just simply pass a taekwondo master general, wouldn't everyone be a master? Don't be in a hurry, take your time!"

In his heart, he began to think about the feasibility of handing Zhang Lei's kung fu, now that the bio-current in his Ti had reached a certain level, he could start handing him his first set of body-building exercises .....

The actual taekwondo association side, Wang Lei retreated, Lu Weixin quickly walked up, he also saw Du Shaofeng some mighty, or personally on the safer.

Wang Lei happily leaned back in his resting position, crossed his legs and said with a smile, "President, f\*ck this big stupid guy off, I look a bit obtrusive."

Du Shaofeng's face instantly turned cold as he swept him a glance without speaking.

Lu Weixin, however, nodded and smiled, "Don't worry, I don't see him too well either!"

This duo, talking about this topic in front of Du Shaofeng, yet they did not intend to be evasive in the slightest, this was simply like openly slapping their faces.

Zhang Lei on the stage frowned and said angrily, "Damn it! These two bastards are deliberately trying to anger Old Du and make him mess up, so how can he still fight?"

Ji Feng also looked slightly gloomy and nodded, "No way, during the match, was there any agreement that both sides were not allowed to say anything, let's see what happens!"

He also knew in his heart that with Du Shaofeng's straightforward character, there was no room for sand in his eyes, it would be strange if he didn't get angry! In fact, this has always been Du Shaofeng's greatest merit, that is, his straightforward personality. But now, this advantage of his has turned into a disadvantage, this is the advantage and disadvantage of everything, there are two sides to everything.

As expected, when Du Shaofeng took a look at these two bastards provoking him so much, he immediately became angry, he coldly snorted, "You two bastards cut the crap, let's see how I'll f\*ck you up!"

He roared and immediately smashed his fist fiercely, that mighty attack, faintly bringing up the sound of whistling wind.

Rigid and fierce!

This was the path that Du Shaofeng took, at this moment he was so annoyed that he was like a supreme beast, roaring with a terrifying might as he attacked madly towards Lu Weixin.

Lu Weixin's face remained unchanged as he fiercely kicked out with his leg, landing squarely on Du Shaofeng's arm.

Bang!

Du Shaofeng's body was so fierce that this kick made his body deflected, however, Lu Weixin's speed was incredibly fast, as soon as the first leg landed, this second leg followed.

Bang!

Du Shaofeng's left shoulder was kicked by Lui Wei Xin and he stumbled again, but the anger on his face was even greater and his body shook but did not fall down.

Bang, bang, bang!

Lu Wei Xin's speed was frighteningly fast, and his two legs seemed like two flexible whips, constantly thrashing at Du Shao Feng's body, making everyone's scalp numb as they watched.

At this moment, Du Shaofeng seemed to be a living target, completely devoid of the might he had just now!

Although his speed was also fast, but compared to Lu Weixin, it was simply not enough. If not for Du Shaofeng's strong body, I'm afraid that at this moment, he would have been beaten by Lu Weixin and couldn't get up!

"Crazy, are you just going to watch Old Du get beaten up?" Zhang Lei asked with red eyes as he watched, gritting his teeth.

Ji Feng, however, only shook his head slightly and said indifferently, "Just watch on and you'll see!"

Whew...!

Not knowing how many kicks out, Lu Weixin seemed to be tired of fighting, he no longer wanted to play like this, suddenly his whole body leaped up in the air, and a flying leg kicked out, directly forcing Du Shao Feng's chest.

However, at this moment, Du Shao Feng suddenly steadied his body and his eyes flashed with a cold light.

"Go to hell!"

Du Shao Feng roared, his left hand clenched his palm into a fist and ruthlessly smashed it against Lu Weixin's leg.

Bang!

With a muffled sound, Du Shaofeng's fist actually smashed right into Lu Weixin's calf, and Lu Weixin, who leapt up in the air, had no pivot point at all, and was directly deflected by this fist and fell forward.

Du Shaofeng didn't give him a chance to react, he turned around and kicked Lu Weixin in the chest without any reservation.

Bang...!

Lu Weixin, who was still in the air, was unexpectedly kicked out of the ring alive by this kick and fell straight down.

"Stop it!"

Wang Lei's face turned pale as he watched, and with a loud shout, he suddenly leapt up from his seat and kicked Du Shaofeng violently in the back, causing the latter to stagger immediately, followed by a sudden sweep of his leg just as he landed.

A thud!

Du Shaofeng, defenceless, was directly swept to the ground.

"Shameless!" Han Zhenfeng cursed angrily and got up violently, immediately battling with Wang Lei.

However, his arm had just been dislocated and had not yet recovered, so he was no match for Wang Lei, and the two of them had less than three moves before Wang Lei kicked Han Zhenfeng in the chest, directly knocking him to the ground.

“Damn it!” Liang Pan and the others immediately stood up and were about to go forward to make a move with Wang Lei.

Swish!

Several people from the Taekwondo Association all stood up as well, and confronted Liang Pan in equal measure.

“Wang Lei, you \*\*\*\*ing seek death!” Liang Pan roared angrily.

Wang Lei, however, did not change his face and sneered, “We are having a sparring session, but Du Shaofeng is laying such a cruel hand, so of course I have to stop it!”

“Bullsh\*t!” Liang Pan said angrily, “You dislocated our president’s arm, did we stop it?!”

“That’s because you guys aren’t united!” Wang Lei said shamelessly, “If any of you are not convinced, just let your horses come!”

“Shameless!” Xu Bo cursed in a cold voice.

## Chapter 402

“Shameless?”

Wang Lei said disdainfully, “You guys are not right-minded, you even hit hard when you are sparring with someone, and you still say I am shameless? Let me ask you, if I hadn’t stopped it, with this big idiot’s fist, would our president have been seriously injured by him? Wouldn’t he have broken the school rules and broken the law by then?”

“Sophistry!” Liang Pan snorted coldly, “A sparring match between two associations is purely normal, where’s the violation of school rules and regulations? Wang Lei, you have to give an explanation today, otherwise, even if your Taekwondo Association has more people, we will definitely not just let it go!”

“There is no rule against sparring at school, but if our president is seriously injured, what do you think will be the result if he sues that stupid big guy as a private person?”

Wang Lei snorted disdainfully, “I don’t want to talk nonsense with you guys, if you want to ask for an explanation, then fine, come if you can, even your president was beaten by me and is lying on the ground like a dead dog, who are you guys?”

“F\*ck!” Du Shaofeng stood up and reached out to help Han Zhenfeng up, “Wang Lei, I’ll keep this account today, if I don’t kick your Taekwondo Association in a week at most, my name won’t be Du Shaofeng!”

Just now, Wang Lei’s two kicks were not light, Du Shaofeng was more or less injured, he knew that if he made a move with Wang Lei now, and there were so many people in the Taekwondo Association, he and

the others would definitely not be their opponents, so Du Shaofeng chose to hold back for the time being.

Although he was straightforward, he wasn't stupid, so of course he wouldn't do something like this to make himself look bad!

On this side, Lu Weixin, who had fallen to his knees, also walked into the ring with a grey face, he was limping as he walked, his leg had been hit by Du Shaofeng's fist on his calf bone, and it still hurt so much that he couldn't walk steadily at all.

Lu Weixin's face was iron blue, his eyes carried a strong look of resentment, being beaten directly from the ring by Du Shaofeng in front of so many people, this simply made him lose face, how could he not be angry?

"You guys remember?"

Lu Weixin came to the ring and said through gritted teeth, "Just now it was just a normal sparring session, you even hit hard, and now you dare to say you remember? I tell you, today you must apologise to me before you can walk out of here, otherwise, see how I will deal with you!"

"How dare you be more shameless?!" Liang Pan and Xu Bo both stared at once, how dare this bastard turn black and white so upside down? If he hadn't leapt up and tried to kick Du Shao Feng out, how could he have been counted out by Du Shao Feng? How dare he now say that Du Shaofeng was wrong? This was simply shameless to the extreme!

Du Shaofeng and Han Zhenfeng's faces simultaneously sank in, especially Du Shaofeng's, who asked coldly, "Are you saying that it was me who was wrong just now?!"

"Did I not make myself clear enough?" Lu Weixin's heart panicked a little under the cold glare of Du Shaofeng's eyes, but when he thought that there were still many Taekwondo Association students around him, his courage was instantly strengthened again and he coldly shouted, "Apologise immediately!"

Du Shaofeng nodded heavily, "Good! Bravo! It seems that you guys are determined to go on shamelessly, any more reasoning with you is just nonsense, since that's the case, then let's see the real thing below your fists!"

At these words, Wang Lei and Lu Weixin were on guard, they had seen the power of Du Shaofeng just now, that kind of mighty look, if it was in ancient times, it would be a fierce general!

In fact, for Du Shaofeng's might, both of their hearts had realized that when Du Shaofeng and Lu Weixin fought before, the reason why he had been beaten in the previous section was not actually because he could not beat Lu Weixin, but because he knew that his speed was not as fast as Lu Weixin's, and if he fought hard, he would definitely be consumed very much.

Therefore, Du Shaofeng showed his weakness and deliberately allowed Lu Weixin to hit himself many times, but the places he hit were only places where there were more muscles and Ru, which could not cause much damage at all. He, on the other hand, took the opportunity to give Lu Weixin a fierce punch, causing him to lose his fighting ability!

Neither Wang Lei nor Lu Weixin had expected that this big foolish man, who looked foolish, was in fact not foolish at all, but had counted them all out!

How could they not be wary of such a person?!

The two secretly asked themselves, even if they were to fight again, they might not be Du Shaofeng's opponent.

"What, you want to make a move now that you are in the wrong, huh?" Wang Lei sneered, "I advise you not to forget that this is the Taekwondo Association, not that crappy martial arts association of yours! We have over a hundred members present here!"

"You want to drag everyone else into this when you've made a mistake yourself?" Han Zhenfeng looked coldly at Wang Lei and Lu Weixin, "If you have the guts, let's go one-on-one!"

"You?"

Lu Weixin and Wang Lei looked at each other and snorted at the same time, "Are you up to it?"

"Snap!"

Du Shaofeng suddenly took a step forward, scaring Wang Lei and Lu Weixin into being wary at the same time, but a mocking smile appeared on his face, "Our president is injured, so of course he can't now, then, I challenge you, is that always enough to qualify? Don't forget, the sparring match just now isn't over yet! I demand to continue!"

"Old Du has gotten really angry!" Below the stage, Zhang Lei said in a low voice.

Ji Feng nodded slightly, but didn't move his head as he looked at the group of people in the ring.

"Yo!"

Just then, a mocking voice suddenly sounded out, "What, you're wrong and still don't know how to repent, and now you want to make a move? Is the so-called Martial Arts Association such a virtuous xing?!"

"Everyone, you are probably very confused, right?" Zhang Yanfei immediately stood up, looked at the spectators who were full of doubts and said loudly, "I know that you can't tell who is right and who is wrong between the two of them, let me explain it to you."

Everyone's eyes looked at Zhang Yanfei, and Zhang Lei frowned and whispered, "What is this bastard trying to say again?"

"It definitely won't be anything good!" Ji Feng smiled faintly.

Sure enough, they heard Zhang Yanfei say loudly, "Both sides cut a deal, it was only supposed to be on point, everyone saw it, President Lu Weixin kicked that big black guy so many times and he was fine, is this on point?"

The crowd thought about it and couldn't help but nod their heads, it really seemed to be the case, Lu Weixin had kicked that big black man so many times in succession and the latter was fine.

“But what did that big black guy do?” Zhang Yanfei grunted, “As soon as he struck, he almost broke President Lu Weixin’s leg, and then he kicked President Lu Weixin out, imagine if Wang Lei hadn’t stepped in to stop him, would this big black man have seriously injured President Lu Weixin?!”

The crowd couldn’t help but be somewhat convinced, because they didn’t know too much about martial arts, so naturally they didn’t know that that Lu Weixin wasn’t point blank, but had almost used all his strength, only that his attack was too weak to hurt Du Shaofeng at all.

“Zhang Yanfei, are you still a human being if you turn black and white upside down like that?!” Xu Bo asked in a deep voice with a strong sense of anger in his eyes.

“Humph! I’m just telling the truth here, what, you’re still afraid of being told after doing it?” Zhang Yanfei looked at Xu Bo and the others provocatively, however, he did not dare to look at Du Shaofeng.

Although Zhang Yanfei knew very well that this was the school, there were so many students watching, and he himself was just an ordinary student spectator now, these people should not dare to make a move on him, otherwise, it would be an active provocation to fight.

However, just now, Du Shaofeng’s fierce and stern appearance still left a deep impression on Zhang Yanfei, and he asked himself that he was definitely not Du Shaofeng’s opponent, so his heart was naturally a bit timid.

“No need to talk nonsense, Zhang Yanfei, the account between us, when the matter here is finished, I will definitely settle it with you!” Han Zhen looked at him coldly, “I’ll do what I say, even if I have to risk being expelled, I won’t let you go!”

His voice was not too loud, but everyone in the room heard the firmness and determination in his words, and at once everyone understood that Han Zhenfeng had really been provoked by Zhang Yanfei’s repeated provocations, and he was furious!

Zhang Yanfei’s face suddenly changed, he had never seen Han Zhenfeng look so hateful before, he couldn’t help but feel a little timid.

But in front of so many people, if he didn’t say anything, he would obviously lose face.

He immediately said in a stern voice, “Han Zhenfeng, you’re intimidating me! I’m not afraid of you!”

“It’s good if you’re not afraid! It’s good that you’re not afraid!” Han Zhenfeng nodded heavily, but his tone became even firmer.

Zhang Yanfei instantly panicked, he opened his mouth but didn’t dare to say another word when he saw the cold eyes of Han Zhenfeng and Du Shaofeng.

“Have you finished arguing yet?” Lu Weixin looked at Han Zhenfeng and Du Shaofeng in annoyance, these two people did not put him in their eyes at all, “Apologise immediately after the quarrel and get out!”

“What if I don’t apologise?!” Du Shaofeng looked at him coldly, “If you have the guts, just go one-on-one with me, either of you can go on, if I don’t beat you up and make you kneel down and call your grandfather, I will automatically quit school!”

"I think you want to die!" Wang Lei was instantly furious, he waved his hand violently, "All come over here!"

Hula!

All the Taekwondo students walked over quickly and surrounded the ring, all with an unkind look on their faces as they stared at Du Shaofeng and the others.

Wang Lei smiled smugly at once, "Say, who do you want to fight?"

"With you!" Du Shaofeng said coldly, even if there were more people surrounding him, he wouldn't be afraid, he had this straightforward temper, once he was angry, no one could stop him!

"Hehe ....."

Wang Lei but disdainful smile, "Want to fight me also can, but I just fought before, in order to stop you from committing murder, and consumed a lot of physical strength, now still have not recovered ..... first let our association's academy play with you, when you have beaten them, then come back to me!"

He fiercely waved his hand: "This big black man can be very powerful, he wants to instruct you, so don't be polite, first on five people!"

Below the stage, a cold aura flashed across Ji Feng's eyes as he slowly stood up from his seat.

"Crazy man, about to make a move, right?"

When Zhang Lei took a look, he was overjoyed, he shook the mobile phone in his hand and laughed heatedly, "Let it go, I've just recorded the whole thing!"

Ji Feng was stunned: "..... When did you start recording this?"

"Right from the first match!" Zhang Lei was full of regret, "Unfortunately, this phone of mine is cheap and not very high pixelated, not as good as your military phone, otherwise, even if that bastard Wang Lei had a few hemorrhoids on his face, I could have recorded it for him!"

Ji Feng's forehead was instantly covered with black lines: "....."

Chapter 403

Looking at the five students from the Taekwondo Association surrounding Du Shaofeng, Wang Lei's face instantly revealed a smug smile, "How about it, do you still want to challenge me?"

Those spectators on the stage were all excited as soon as they saw that an even hotter fight was about to start, although they didn't know much about kung fu, they did like to watch such fights, and the fault of liking to watch the action was not uncommon in any part of China.

Du Shaofeng glanced at him coldly and swept a glance over the faces of those five men, "You want to besiege me?"

"You dare to challenge our Lord General, and you want to take advantage of someone while he is still recovering, of course we won't sit back and watch!" One of its men said proudly.

The people of the Martial Arts Association immediately cursed in their hearts, whether these students had learned any real kung fu in the Taekwondo Association or not, who knows, but their shameless views were just like Wang Lei and Lu Wei Xin, this heavenly 'merit' had been learned instead!

"Aha!"

Zhang Lei let out a strange shout, together with Ji Feng stride, fast walk to the ring, he said with a derisive face: "Originally I thought I was shameless enough myself, but did not expect that you guys are actually more shameless than me ..... Lao Du, this time you are in trouble oh! "

Du Shaofeng smiled disdainfully, "With these little brats, I'm not even in the eye!"

Wang Lei and Lu Weixin immediately face yin down, especially Wang Lei, look at Zhang Lei's gaze, are some want to spit fire out like, he pointed to Zhang Lei: "you are not to participate in the challenge, immediately down, idle people, get to the audience!"

"Holy sh\*t!"

Zhang Lei immediately roared in discontent, "What do you mean by that? You want me, an idle person, to go to the audience? Ha! How dare you, according to you, everyone in the audience is an idle person? How arrogant!"

As soon as his words came out, Wang Lei's face instantly changed, and he stole a glance at those students in the audience and found that they had a discontented look on their faces and seemed to be muttering something in a low voice, and his heart thumped.

"I spoke too quickly just now, and this bastard caught the grip of the words!"

Wang Lei's heart was indignant, but he did not move his voice and coldly snorted, "Humph! I'm talking about you, now, get the hell down immediately and don't force my hand!"

"Tsk!" Zhang Lei shook his head in disdain and tsked twice, suddenly looking towards Shen Jingyi at the edge of the ring, "Shen Jingyi, this guy's behaviour, do you approve of it?"

Shen Jingyi had been standing at the edge of the ring, watching her boyfriend sparring with the others, she had been in the Taekwondo Association for some time, so she naturally understood some things, seeing that a poor handling of the situation now would likely explode into a melee, and the consequences would be much more serious.

Her beautiful eyes could not help but carry a hint of nervousness and anxiety, hearing Zhang Lei's question, she hesitantly bit her red lips tightly, and only after a moment did she whisper, "Wang Lei, or else, let's forget about it today, anyway, at this point today, there is no way to continue the competition ....."

Before she could finish her words, Wang Lei immediately interrupted her, his voice low and glaring, "Shut up! What do you know as a girl! Don't talk!"

Shen Jingyi's delicate body suddenly shook, and her eyes looked at him in a complicated manner, but she finally did not speak again.

Wang Lei snorted coldly and looked at Zhang Lei, gritting his teeth, "Kid, get down immediately, don't force me to beat you down with my own hands!"

"How can you, the man, speak out of turn?" Zhang Lei looked displeased, "Why don't you roll down yourself!"

"Since you're looking for death, then I'll make it happen for you!" Wang Lei snorted coldly and was immediately about to step forward to make a move.

Bang!

Du Shaofeng took a fierce step forward and looked at Wang Lei coldly, "The two of us haven't settled our scores yet!"

"Wowse wowse!"

On the stage, Zhang Yanfei saw this scenario and burst out laughing, his face full of excitement, "A world war, hey, I've never seen this kind of world war before, hurry up and fight!"

Ji Feng and Zhang Lei glanced at each other, while disdainfully shaking their heads and laughing.

Ji Feng turned back and said indifferently, "Zhang Yanfei is it? Come up if you want to teach me."

Zhang Yanfei was stunned, and immediately, he was furious: "Damn it! You freshmen still dare to run wild here? Then, I'll show you how big the difference between us is!"

After saying that, he immediately walked up to the ring with big steps, "Kid, how do you want to play?!"

Ji Feng also ignored him, but turned his head to look at Lu Weixin and Wang Lei.

He asked indifferently, "President Lu, this is ..... Wang something, right? Originally, I couldn't care less about the sparring between you and the Martial Arts Association, but you attacked my brother, Du Shaofeng, and now not only do you not apologize, but you come to bully them with fewer people, that's too much!"

"What we do is not your turn to talk nonsense, all of you get the hell out of here!" Wang Lei coldly shouted with an unpleasant expression.

Zhang Lei looked at Shen Jingyi, shaking his head with a face full of regret and pity: "You are such a gentle and quiet girl, how did you fall for such a shameless person? Hurry up and polish your eyes and see!"

"Shut up!" Wang Lei's face was red with anger, if not for Zhang Lei's distance from him, he would have wanted to pounce on him and tear him apart.

"Because the fault of this matter originally lies with you guys, if we leave now and stop pursuing today's matter, are you willing to do so?" Ji Feng asked with a faint smile on his face.

Everyone was stunned, Du Shaofeng was even a little reluctant, it was clear that the Taekwondo Association was too shameless today, how could they not pursue the matter?

He was just about to speak when Zhang Lei hurriedly gave him a wink, others didn't know Ji Feng, but Zhang Lei knew him too well, how could this guy be someone who would let his opponents off easily? The reason why he said this was definitely to throw a brick to draw jade.

"Humph!"

Lu Weixin sneered, "Bow to us and apologise, and admit publicly here that the Martial Arts Association is inferior to the Taekwondo Association, and that Chinese martial arts are inferior to Taekwondo, and you can leave!"

"What if we don't do that?" Ji Feng asked indifferently.

"No?" Wang Lei took over and said with a cold smile, "Then we will use our own methods to show you what is polite and what is a rule! What is Taekwondo."

"You guys are clearly bullying people?" Zhang Lei shouted with some aggravation.

A smug smile suddenly appeared on Wang Lei's face, "It's bullying you, isn't taekwondo so powerful enough to bully the Chinese martial arts? Our Taekwondo Association is so prosperous, isn't it enough to bully your Martial Arts Association?!"

An odd smile appeared on Zhang Lei's face as he pointed at Ji Feng and laughed; "But, he is very powerful, don't you guys mess around, before bullying someone, at least think before you do! Also, even if this bastard called so-and-so Fei joins your side, you're all the same no match for him!"

"Bullsh\*t!"

Zhang Yanfei was instantly furious and sneered, "Since you want to die so badly, then I'll join the Taekwondo Association right away!"

He turned his head and smiled, "Chairman Lu, Wang Lei, I wonder if you are welcome?"

"Welcome, of course you are welcome, we will strongly welcome anyone who comes, especially you!" Wang Lei immediately smiled smugly, "It seems that you have realized that Chinese martial arts are not as powerful as Taekwondo, unlike some people who are stuck in their ways and always think that Chinese martial arts are invincible, martial arts do not distinguish between national boundaries, other people's martial arts are powerful, we naturally have to learn!"

Zhang Yanfei immediately smiled and nodded his head, while looking at Zhang Lei and Ji Feng and the others with smugness.

"Finally, we're done!" Zhang Lei immediately laughed and retreated from the stage, saying loudly, "Crazy man, don't give me face!"

He muttered again in a small voice, "It's great, old man can finally be a dude for once!"

Ji Feng instantly laughed as he turned his head to look at Du Shaofeng and asked, "Old Du, it's still okay, right?"

"No problem!" Du Shaofeng also realised what was going on and immediately waved his fist.

"Chairman Han, you guys go down first, Old Du and I will be fine here alone!" Ji Feng laughed.

Han Zhenfeng was a little worried, even if Ji Feng was powerful, he couldn't possibly beat so many people from the other side with just two people, right?

"Go down!" Du Shaofeng also said.

Han Zhenfeng hesitated for a moment, but finally nodded and walked down with Liang Pan and the others, leaving only Ji Feng and Du Shaofeng in the ring.

"Ha! You guys don't want to fight so many of us with just two people, do you?" Zhang Yanfei burst out laughing, "There should be a degree of arrogance too!"

Ji Feng didn't move and asked indifferently, "Last question, the two of us are planning to seek justice, it has nothing to do with any of you, anyone who doesn't want to get involved, go down now!"

Not a single person moved, all the Taekwondo students sneered at Ji Feng and the two of them, if they went down now, how could they still be in the Taekwondo Association?

"Very well!" Ji Feng nodded slightly, "Anyone who wants us to apologise, feel free to come over!"

"Simply don't know how to live or die!" Wang Lei sneered, "Go!"

Whew-!

As soon as those cadets made their move, they suddenly felt a black shadow flash by.

Bang!

A cadet was instantly kicked away and fell heavily under the ring, unmoving.

Ji Feng's whole person was like a fierce tiger that had broken into a herd of sheep, he grabbed a cadet with one hand and turned around violently, surprisingly throwing the two of them out raw and landing heavily on the ground.

Wang Lei and Lu Weixin's faces turned pale as they both shouted, "Let's go together!"

"Go on your mother!" Du Shaofeng instantly cursed angrily, turning back and kicking a cadet to the ground, his two fists, like two sledgehammers, would make a cadet scream miserably with every punch that passed, either being knocked straight out of the ring or falling straight to the ground unable to get up!

Bang, bang, bang!

Ji Feng almost wielded his speed to the extreme, there was hardly anyone in the entire arena who could see his movements clearly, but none of the trainees who came face to face with him could stand!

Every joint and every inch of muscle on his body seemed to have become the most powerful weapon.

It was like a human-shaped murder weapon!

“Bang!” Another cadet was kicked straight down from the ring, by Du Shaofeng, and fell to the ground like a dead dog, making a “wah wah!” sound, clearly having been dropped miserably.

The corners of Han Zhenfeng and the others’ mouths twitched a few times, and Liang Pan was even more excited, his face glowing with excitement as he kept muttering, “It’s too impressive, it’s just too impressive, exciting!”

The others instantly agreed deeply, the ring was not large, standing full of people could only stand a dozen at most, however, when facing Ji Feng and Du Shaofeng, these dozen people were actually like dirt chickens and dogs, they were thrown down casually, some were directly knocked to the ground, kicked away, and slid down directly from the ring.

Some, on the other hand, were kicked straight away and fell heavily to the ground, and whichever one fell, it was definitely not pleasant.

In just a minute or two, the bottom of the ring was already filled with taekwondo students who were moaning and groaning in pain, and those who were about to rush towards the ring, as soon as they saw this horrific scene, their legs went weak and they couldn’t help but beat a retreat.

“How many, how many people are there?” Liang Pan asked excitedly.

The corners of Han Zhenfeng’s eyes jumped wildly a few times before he said, “More than twenty!”

“That’s awesome!” Liang Pan became even more excited at once.

It wasn’t just them, the other spectators who were staring at the ring with dead eyes were equally overwhelmed and excited, was this still an ordinary student?

Two people fighting more than twenty and still being so formidable, this could simply scare people to death!

“It’s so terrifying, those people are not ordinary students, they are all taekwondo students, and now two of them are beating like dead dogs, there are so many of them!”

“What bullsh\*t taekwondo, how come so many people shamelessly surrounded two people and they were all beaten so badly?”

“This is too fake, isn’t it? It’s so exciting!”

.....

In a flash, those spectators were all talking, while full of excitement, such a scene, but a rare sight, boy, I’m afraid the movie may not be able to see such a realistic, so powerful scene ah!

Everyone’s eyes were wide open, staring at the ring, and every time someone was kicked and dropped, they would scream in amazement and excitement.

The entire Taekwondo arena was in almost total chaos, with the girls huddled together, looking at the ring with extreme nervousness, shrieking from time to time, their faces full of disbelief and more than anything else, fear.

The girls, after all, were not as aggressive as the boys and were naturally excited, scared and nervous at the same time when they saw such a chaotic scene.

What was very different from the other girls was Shen Jingyi, who was standing in a corner of the ring.

She stared at the melee, but did not retreat, but only hurriedly pulled Wang Lei and advised, "Wang Lei, quickly tell them to stop, stop fighting, both of them are not mediocre, if they continue to fight, something big will happen!"

"Shut up!" Wang Lei roared, "I don't believe how strong they can be, damn it, if ten can't beat them, let's have twenty, if twenty can't beat them, let's have thirty, can they still beat a hundred with one?!"

He immediately bellowed, "All of you, all of you, go on, crush them to death!"

At that moment, Lu Weixin had already injured his leg and had retreated to the bottom of the ring, his eyes filled with a look of panic.

How could he have not expected that Ji Feng and Du Shaofeng, two guys even younger than him, would really be so terrifying, that two people could really beat ten people with one! And neither was even injured!

"I've really gotten into big trouble this time!" Lu Weixin was secretly screaming in pain, but he couldn't say anything because he could already see that Han Zhenfeng and the others had already closed the door of the Taekwondo gym, and he instantly turned pale ..... they were planning to spare none of them?!

Lu Weixin was scared and at the same time felt a little ridiculous, even if these two were powerful, they couldn't possibly take on everyone in the Taekwondo Association, right?

Even if none of them were injured yet, but, so many people even lined up for them to fight, it would be enough to tire them out!

However, to be on the safe side, Lui Weixin hurriedly ran towards the lounge, he had to go and invite an expert to come, he had to subdue these two bastards!

At the same time, Lui Weixin was going to contact the school guards and escorts and ask them to come and stop these two bastards and hold them accountable!

However, Lu Wei Xin did not see that Zhang Lei, not far away, had just hung up the phone, while his hand, still holding a mobile phone was filming, with a bad smile on his face, but the look in his eyes was one of excitement.

Hoo-!

Ji Feng suddenly knocked a taekwondo student to the ground with an elbow, and fiercely took a few quick steps forward to a boy who was frozen in awe, with a stunned look on his face, and grabbed him by the collar: "Zhang Yanfei, didn't you want to see my body?"

With a violent fling of his hand, he threw Zhang Yanfei behind him and shouted without looking back, "Old Du, this bastard is in your hands!"

“Haha, good!” Du Shaofeng grabbed Zhang Yanfei, who was still unsteady, and slammed him with a fierce punch.

Pah!

Zhang Yanfei’s nose was broken and blood flowed out, he immediately let out a muffled cry and whirled around with snot and tears coming down from his nose and eyes in pain.

“Haha, aren’t you a crazy bastard? Dog, I’ll let you go wild!” Du Shaofeng laughed out loud, paying no heed to the fact that he was being hit on the body behind him as his arms pushed hard, surprisingly throwing Zhang Yanfei up in one go.

Whew!

Du Shaofeng instantly leapt high into the air, suddenly spinning in the air and swinging his leg!

Bang!

It was like a football player shooting in the air, and Zhang Yanfei, who was like a football at this moment, was kicked out by Du Shaofeng in the air and smashed into the chairs of the audience, without even having the time to scream, he simply passed out!

“Well done!” Zhang Lei shouted and laughed out loud, he had long been displeased with that bastard Zhang Yanfei, if not for his own lack of kung fu, he would have wanted to go up and beat that bastard up, now seeing Zhang Yanfei being kicked down by Du Shaofeng, he was overjoyed.

Han Zhenfeng and the others also felt incomparably relieved, this bastard had been arrogant for so long, finally he was out of luck!

Bang, bang, bang, bang!

In the ring, the fight was getting more and more intense, Ji Feng was as fast as lightning, no one could touch him, not even just the corner of his clothes, and every time he struck, at least one person would fall down.

Du Shaofeng, on the other hand, was incomparably powerful and fierce, striking with a wide openness, striking with nothing short of overwhelming bravado, like a supreme fierce general.

Although he took quite a few blows to his body, they were not so severe as to injure him, and at most they were only superficial wounds that could not stop him at all.

This terrifying scene immediately caused the other cadets’ hearts to tremble and their bodies to tremble a little.

They were not experts in the first place, they had only learnt taekwondo for a period of time, and now that they saw how powerful Ji Feng and Du Shaofeng were, these people looked at me and me at you, and finally no one dared to go up again.

Ji Feng and Du Shaofeng didn’t care about this, their ultimate goal was Wang Lei and Lu Weixin.

Now that Lu Weixin was gone, then Wang Lei was the last target for them to attack.

Bang!

With the last person in the ring being kicked away by Ji Feng, the only people left in the entire ring were Ji Feng and Du Shaofeng, and opposite the two of them were a pale Wang Lei and a nervous-looking Shen Jingyi.

Hoo!

Without saying a word, Du Shaofeng smashed his fist over.

“Bang!” With a sound, Wang Lei was immediately smashed and stumbled, almost falling directly to the ground, his face was instantly red in one piece, obviously being hit quite lightly.

“You, you guys don’t want to fight!” Shen Jingyi was in a hurry and stopped in front of Wang Lei in distress, “If you guys keep fighting, I’ll call the escort team!”

“Bullsh\*t!”

Even to beautiful women, Du Shaofeng was never polite, he glared and sneered, “You’re being a bit unreasonable, aren’t you? When he let people beat us up, why didn’t you come out to block it?”

“I blocked .....” Shen Jingyi was in great distress, she did block, but she couldn’t. What’s more, with Ji Feng and Du Shaofeng’s skills, what could be done even if they had blocked?

“Get out of the way!” Du Shaofeng didn’t want to talk nonsense with her and reached out to push her aside.

Whew!

However, as soon as Du Shaofeng reached out, Shen Jingyi grabbed his wrist in one go and brought it with a fierce grip, and Du Shaofeng’s body suddenly swayed.

He looked at Shen Jingyi in amazement and his brows immediately furrowed, “So you have kung fu too!”

Ji Feng was also a little surprised, this quiet and gentle looking girl turned out to have kung fu too?

Not only them, even Wang Lei was stunned, he looked at Shen Jingyi in amazement, “You know kung fu?”

“I know some!” Shen Jingyi said in a low voice.

“Kick the two of them down immediately!” Wang Lei instantly came to life and said angrily, “Immediately!”

“I can’t beat them!” Shen Jingyi shook her head slightly and glanced at Ji Feng, she was sure that she wouldn’t lose to Du Shaofeng, yet she was definitely not a match for Ji Feng!

Wang Lei’s face instantly changed and he said angrily, “You can’t beat them? Then what are you hiding? Do you really think of yourself as a deep hidden expert?!”

Looking at Wang Lei’s hysterical roar, Shen Jingyi’s beautiful eyes misted up as she asked in a trembling voice, “Is this how you treat me?”

“Then how else do you want me to treat you?” Wang Lei sneered, “You’re remarkable, you have kung fu yourself but you don’t come forward to help, you wait until I’m beaten before you step in and show you’re remarkable, huh?!”

“You ..... you .....” Shen Jingyi’s chest rose and fell violently in anger, looking at him incomparably disappointed, “Is that how you see me? ”

“Humph!” Wang Lei coldly snorted, no longer paying any attention to her at all, but turned his head to look at Ji Feng and Du Shaofeng and sneered, “You guys are indeed very powerful, I admit it, I’m no match for you guys! But don’t be complacent, if you have the guts, let me call my master here and I’ll see how you can still jump around!”

“Just by looking at you, I can tell that your master is no good either!” Du Shaofeng said coldly, “Fine, I’ll wait here and see how powerful your master really is!”

Because the strenuous exercise just now had consumed too much, Du Shaofeng was also covered in sweat, he directly took a few steps back and sat down in the resting area, just ready to wait quietly.

“I’ll call him here!” Wang Lei snorted coldly and was about to turn around and go to the rest room to make a call.

“There’s no need to call, I’ve already called, Mr. Park will be here soon!” Lu Weixin limped over with a resentful look on his face, “I’ll see how long you can still run wild!”

These two men, who had swept through almost the entire Taekwondo gym, had not only injured him, but had also caused him and the entire Taekwondo Association to lose face, and he was indignant to the core!

## Chapter 405

The whole Taekwondo hall was a mess, the floor was full of students lying and rolling around moaning, some were holding their stomachs and moaning, others were covering their noses or eyes, grimacing in pain.

But whichever it was, when they looked up at the two young men sitting in the ring, they couldn’t help but feel a bit of fear, these two men of their age were too ruthless and too terrifying.

Ji Feng, however, was oblivious to all this, daring to come and besiege him, wanting to bully people by virtue of the number of people, he had to be prepared to be beaten, if not for the fact that these people were still students, by now they would have been sent to the hospital, where could they still have the strength to moan in pain?

Wang Lei and Lu Weixin also sat on the opposite seat, one of them baring his teeth and rubbing his calf from time to time, the other, however, had a bruise on his face.

But at this moment, a look of resentment flashed in their eyes as they both looked at Ji Feng and Du Shaofeng as if they were looking at two dead people with an air of confidence.

Shen Jingyi had already walked down from the ring and sat quietly on the edge of the audience, a faint sadness on her pretty face, but she pursed her lips and did not speak.

It was obvious that she was really sad.

“Isn’t the most powerful person in the taekwondo gym, the president Lu Wei Xin and the main general Wang Lei?” At the entrance of the Taekwondo Association’s venue, Zhang Lei asked a stony-faced Han Zhenfeng with a sideways glance.

“Looking at your expression, it seems like that Mr. Park ..... they are talking about is very powerful?” Han Zhenfeng nodded slightly and said, “Actually, this Mr. Park is not from the Taekwondo Association .....” Before he could finish his words, Zhang Lei suddenly thought of something and asked with a frown, “Mr. Park ..... This surname is not uncommon in China, but how good is this pronunciation ..... directly called John’s client? He wouldn’t be a Koryo, would he?” The corner of Han Zhenfeng’s mouth couldn’t help but twitch a few times, forcing a laugh as he said, “He is indeed a Koryo, studying in our area, and seems to be a graduate student .....”

“This stick is very powerful?” Zhang Lei asked, with a somewhat unkind tone

“Look at the emboldened look of Lu Weixin and Wang Lei, do they really think that stick is invincible?”

“I’m not too sure, I just once heard someone say that when this Mr. Park first arrived, he once came to inspect the Taekwondo Association here, and in less than three moves, he defeated the previous president before Lu Weixin, who was still just a vice president .....” Han Zhenfeng whispered.

“It is said that that Mr. Park is a black belt in taekwondo!”

“An inspection?! You said he came to inspect the Taekwondo Association?” Zhang Lei’s brow furrowed at once, and his face clouded over.

“That’s what he said at that time?”

“Seems like it!” Han Zhenfeng was also not too sure, he said hesitantly, “Actually I’m not too sure, because I wasn’t there at the time, I just heard it from the previous president, it was said that that Mr. Park was very arrogant, after he came, he directly defeated the presidents of other martial arts venues one by one, threatening that Taekwondo was the most powerful kung fu in the world!”

“I bah!” Zhang Lei pooh-poohed disdainfully, his face extremely unpleasant.

“Still really consider yourself a figurehead? Also inspecting ..... on the territory of China, how dare he use these two words?” Han Zhenfeng could only laugh bitterly, “It is said that at that time, someone was also displeased with his arrogance and challenged him, only to be sent to the hospital in one move, even the president of the Karate Association, was also injured by him ..... What qualifications are there to talk about when your skills are inferior to others?”

“That’s true!” Zhang Lei couldn’t help but nod his head and hummed, “Whose fist is hard, whose voice is loud ..... By the way, what is a black belt? When I used to mention taekwondo, I always heard people say something or other about a belt, what does that even mean?”

“This refers to the levels of taekwondo, white belt is the lowest, black belt is the highest .....,” Han Zhenfeng briefly gave a quick overview of the levels of taekwondo.

“A ninth-degree black belt is known as a division saint?!” Zhang Lei was full of derision.

“Why isn’t his name Doggy?!” Pfft—! Upon hearing this, Han Zhenfeng and the others almost didn’t laugh, saying in their hearts, “This Zhang Lei is really a superb person, he can say anything!”

“A black belt is great, one look at that Lv Weixin and Wang Lei’s confident look, and I’m pissed off inside!” Zhang Lei couldn’t help but grunt: “On your own turf, learning other people’s kung fu, worshipping them, and treating them like bosses ..... Is this f\*cking China or Goryeo?!” Han Zhenfeng felt the same way, he was determined to spread Chinese martial arts more widely, at this time, hearing Zhang Lei’s words, he nodded his head heavily.

However, Han Zhenfeng was also a bit worried: “Zhang Lei, don’t underestimate Taekwondo, a real black belt master can break several wooden boards with one punch, and sweep a bowl-thick wooden stake with one leg, very powerful.” Zhang Lei, however, just laughed and waved his hand, “At ease! Don’t look at Ji Feng isn’t too thick, his arms and legs are much harder than those planks and stakes, want to sweep off his legs ..... Hey, unless the other party’s legs are made of iron!” Han Zhenfeng can only follow with a slight nod, now he can only hope on Ji Feng, if Ji Feng can’t beat that Mr. Park later, there will be big trouble.

Zhang Lei looked around and instantly saw Shen Jingyi sitting in the audience, and with a heated smile, he quietly walked over.

In the ring, Ji Feng was sitting with Du Shaofeng, who raised his hand from time to time to look at his watch, more or less impatient.

Tomorrow was the weekend, and he was going to visit his second uncle, and he had to go shopping for gifts this afternoon, so if he went shopping tomorrow, it would definitely be too late.

He frowned and said, “Shaofeng, there’s no need to wait any longer, let’s go!”

“Want to go?” Lu Weixin and Wang Lei’s faces changed at once, if Ji Feng and the two of them left now, it would be useless even if Mr. Park came

“You guys can’t leave!”

“You want to stop me?” Ji Feng glanced at him.

“Do you want to follow their example and get kicked out of the ring too?” Du Shaofeng asked in an unkind tone. The two of them, Wang Lei, instantly turned pale and wanted to stop, but they didn’t dare to step forward.

They had long since experienced the terrifying stances of Ji Feng and Du Shaofeng, and did not want to endure it again.

Especially Lu Weixin, his calves were still hurting from Du Shaofeng’s punch, and his stomach was even kicked to the point where he was almost incontinent!

However, just watching Ji Feng and the two of them leave, they were unwilling to do so, and for a while, they did not want to retreat and did not dare to enter, embarrassed to the extreme under the gaze of so many spectators.

“You, you guys are scared, right?” It was Lui Wei Xin who reacted faster, and he said sternly, “Mr. Park will be here in three minutes at most, you guys must be afraid that you can’t beat Mr. Park, so that’s why you want to leave quickly!”

“Yes, yes, yes!” Wang Lei also suddenly reacted and said in a panic.

“If you guys have the guts, just wait a few more minutes and see how Mr. Park will deal with you!”

“You \*\* ah?!” Du Shaofeng laughed coldly.

“Do you really think we are fools? Do we have to sit here and wait for your experts to come and fight? It doesn’t matter if we’re afraid or not, what matters is that in front of us, both of you are like dead dogs, that’s enough!” Ji Feng was dumbfounded, Old Du, with his straightforward temper, could speak so smoothly?

Who had brought him down? Wang Lei and the two of them instantly turned red, but they didn’t know how to reply.

“Shen Jingyi, you seem to be very unhappy, why are you sitting here alone?” Zhang Lei, this guy, saw the stitch and ran next to Shen Jingyi at some point, sitting there smilingly and asking in a low voice.

Shen Jingyi shook her head slightly and didn’t say anything. Zhang Lei seemed to have expected this reaction from her and just smiled faintly before speaking in a low voice to himself, not caring whether Shen Jingyi would respond or not.

In the ring, Du Shaofeng hummed, “Don’t say anything about Mr. Whore, even if Miss Whore comes, I’m not afraid!”

“You ..... are rude!” Lu Weixin was so angry that he could hardly speak. Wang Lei, on the other hand, looked at Ji Feng and the two of them, but smiled smugly, “You two are out of luck, since you dare to humiliate Mr. Park so much in front of so many people, as long as you are still attending United University, he will definitely clean up after you!”

“Now that I’m waiting for him here and he’s all inked up, I don’t expect this him to come looking for us!” Du Shaofeng grunted twice and laughed loudly as he walked down to the ring.

Bang...! The door that had been closed was suddenly kicked open, and a young man with short chopped hair and a handful of red hairs dyed on the front of his forehead walked in with a gloomy face.

This young man held his head high, with a hint of arrogance between his eyebrows, as if he was superior to others, making people uncomfortable at first glance.

He scanned the room first, his eyes cold, before asking in a slightly rusty Chinese language, “Who was insulting me just now? Get out!” Everyone was stunned and soon realised that this man, he was Mr Park, who Wang Lei and Lu Weixin had been waiting for!

Everyone’s eyes couldn’t help but look at Ji Feng and Du Shaofeng, the rightful owner was here, they couldn’t leave.

“Mr. Park, they were the ones who were insulting you just now, Chairman Lu and I were both injured and powerless to stop them!” Wang Lei took a few quick steps and came to the young man, pointed at Ji

Feng and the two of them, then bent down and bowed at once and said loudly, "I didn't uphold the honour of Taekwondo, I'm sorry!"

#### Chapter 406

In fact, Ji Feng really didn't know much about the levels of taekwondo, of course, those so-called white belts and black belts and so on, he had heard of some of them, and talking like this at this moment was undoubtedly ignoring the existence of this Mr. Park.

"Taekwondo is the most powerful kung fu in the world, you shouldn't ignore it, at the same time, you should not insult me even more!"

As soon as he heard Ji Feng's words, Mr. Park's face was incomparably gloomy as he said in a cold voice, "I, Park Sung-seek, officially challenge you!"

"Holy sh\*t!"

Zhang Lei, who was sitting next to Shen Jingyi, widened his eyes upon hearing these words and subconsciously muttered, "Whoring Cheng-sex? Boy, this guy is too ruthless ....."

Next to her, Shen Jingyi's eyebrows immediately knitted slightly, but two faint blushes rose on her pretty face, glaring at Zhang Lei without a trace.

"Challenge me of course, but I advise you to go and change your clothes first, you dressed like this, I'm afraid you can't even lift your legs!"

Ji Feng said indifferently, pointing to Park Sung-sex's casual outfit and saying indifferently.

"It's enough to deal with you ....." Park Sung-sex said in a cold voice, "Taekwondo versus your Chinese martial arts, let you have one hand!"

"Thanks for your kind words, I think it's still not necessary!" Ji Feng frowned slightly and said in a non-committal manner, "Please!" After saying that, he walked straight up to the ring and stood there quietly, waiting for Park Sung-seek to come up.

"Hey, really don't know how to live or die, you dare to say in front of Ji Feng that Taekwondo is the most powerful kung fu in the world? And you dare to scorn Chinese kung fu? This kid has a lot of guts!" Under the ring, Du Shaofeng hemmed and hawed, the terror of Ji Feng was absolutely difficult to appreciate for those who hadn't experienced it first hand.

Han Zhenfeng also couldn't help but nod slightly, just based on the terrifying performance of Ji Feng during the melee just now, it was enough to prove Du Shaofeng's words.

Wang Lei and Lu Weixin were instantly excited, and the two of them looked at Ji Feng in the ring with a gloating yet sympathetic look in their eyes.

"Let's see if this bastard doesn't die this time!" Wang Lei said through gritted teeth. He had really seen Park Sung-seek strike, when he first joined the Taekwondo Association last year, he had seen Mr. Park

Sung-seek demonstrate his methods, the wooden board, which was three centimeters thick, was actually smashed by him with one punch, which shocked Wang Lei at that time.

Because of this, Wang Lei always thought that Taekwondo was the most powerful kung fu in the world, because over the next year or so, he saw the kung fu of other clubs at school, such as Karate, Chinese martial arts, sparring and so on, and none of them could compare to Taekwondo.

Therefore, Wang Lei became a staunch supporter of Taekwondo, and he was always pleasing to Park Cheng-sex, letting him instruct him in a few moves, and Wang Lei's skills improved by leaps and bounds, which only shocked Han Zhenfeng.

Lu Weixin, on the other hand, nodded vigorously with excitement on his face and said, "Not only will I make this bastard crawl out, I will also make the Martial Arts Association fail miserably and never be able to gain a foothold in the school from now on, so that Han Zhenfeng and the others will already have to walk around when they see me!"

"With Mr. Park on your side, you can rest assured, President!" Wang Lei said after him.

The two of them looked at each other and burst out laughing.

In the audience, Shen Jingyi looked at the wildly laughing Lu Weixin and Wang Lei with an expressionless face, a complicated look flashed across her eyes from time to time, not knowing what she was thinking.

Zhang Lei, however, laughed darkly and badly: "Go ahead and laugh, go wild ..... The more wild you guys are, the greater the chance of Laozi digging a corner, this is not because of buddy's good skills, but because you yourself are too indisputable, having such a good girlfriend, but you don't know how to cherish it ....."

The rest of the audience in the room, on the other hand, were staring nervously. In terms of personal feelings, they naturally hoped that Ji Feng would win, because after all, he was a Chinese and represented Chinese kung fu, and as long as they were not people who pandered to foreigners, they certainly did not want Park Sung-seok to win.

However, seeing the confident looks of Wang Lei and Lu Weixin, these spectators' hearts were a little unsettled, was that Goryeo really that good?

Would Ji Feng be able to beat him?

At this time, Park Sung-seek had already taken off his jacket and stood in front of Ji Feng wearing casual leather shoes, casual trousers and a woolen shirt on top.

"Park Sung-sex!"

Standing opposite Ji Feng, Park Sung-sex put his hands together at the sides of his body and bowed to Ji Feng, which was the etiquette of Taekwondo.

Ji Feng, however, nodded indifferently and considered it a greeting.

"A reminder, I am a first-degree black belt in Taekwondo, although this is just a normal competition, it is inevitable that your hands will be on the ground, if you feel scared, you can now apologise to me and apologise to Taekwondo and I can forgive you!" Ji Feng's action was undoubtedly another provocation

with a very bad attitude in Park Sung-seek's eyes, and his expression became even colder, and the trend in his heart was not to want Ji Feng to apologise, otherwise, he would have nowhere to go to take his anger out.

The reason why Park Sung-seek said this was just out of a courtesy and to show others his poise, and also to pave the way for not causing any trouble after injuring Ji Feng.

However, the angry Park Sung-seek had forgotten that Ji Feng was not a practitioner of Taekwondo, so naturally he did not need to observe so much etiquette. If Ji Feng could nod to him, he was already doing him a favour!

Park Sung-seek didn't know, and Ji Feng was too lazy to explain, so of course the smell of gunpowder between these two gradually thickened.

"Before we start, what I say is valid for one person!" Park Sung-seek said once again with great poise.

Ji Feng, however, only said indifferently, "For me, apologies are also divided into objects."

If they didn't see the gloom in Park Sung-seek's eyes, many people would have thought that what he said was true, but it couldn't be hidden from Ji Feng's eyes, and he naturally wouldn't take Park Sung-seek's words seriously.

"Good! In that case, if you get hurt later, please don't blame me!" Park Sung-seek said in a hard Chinese language.

"The same goes for you!" Ji Feng said indifferently.

Both of them stopped talking and just observed each other.

There was no referee, only the audience.

So there was no need to have too many rules or preparation time for their match. Ji Feng took a step forward, bowed slightly and hooked his hand towards Park Sungxing, a faint smile pulling up at the corner of his mouth.

This was undoubtedly a gesture of great contempt, and Park Sung-xing was instantly enraged as he suddenly stepped forward, raising his right leg high and slashing down.

Hoo~~!

Ji Feng shifted two steps to the side, dodging Park's big chop. With a bang, Park's foot hit the ground of the ring with a muffled sound.

Everyone was shocked, this guy is too scary, just by hearing the sound, you can tell how powerful this kick is, if he hit his body ..... the bones would be broken!

Obviously, the fact that Park Sungxing had struck hard just as soon as he came up was enough to show how annoyed he was in his heart.

The first thing you need to do is to get a good idea of what you're getting into, and you can't help but worry about Ji Feng, this high "Music Dream Factory" li "Music Dream Factory" stick "Music Dream Factory" son hit so hard, can Ji Feng beat him?

While Lv Weixin and Wang Lei, were extremely excited, both of them glanced at once and saw the ecstatic look in each other's eyes, Park Chengxing seemed to be even more powerful than the last time we saw him?

"That bastard is in big trouble!" Both said gloating at the same time. For a moment, Lu Weixin couldn't help but rub his calf, which was still painful up to now, while Wang Lei, however, rubbed his bruised face. The two of them felt extremely relieved and looked forward to the moment when Ji Feng was knocked to the ground, as if he was a dead dog.

In the ring, Park Chengxing's attacks were more and more violent, his mouth was full of loud shouts, and his strikes were quick and ruthless, which made everyone on the stage jump in fear. The sound of Park's feet hitting the ground was just like hitting the hearts of the crowd, making them tremble.

The students who had been knocked out of the ring by Ji Feng were all screaming in their hearts, relieved beyond measure.

Whew...!

Another big chop, which Ji Feng dodged again, and he couldn't help but frown and ask, "Are these the only moves you have? Can't you come up with something new?"

Park Sung-xing was furious and fiercely threw an unbelievably fast spinning kick that went straight at Ji Feng.

"This set again!" Ji Feng shook his head slightly as his body plunged forward, his head on the bottom and his feet on the top, as if he was a spinning windmill, his two legs were like two dragons, and he swept towards Park Sungxing violently.

Bang!

Park Sung-xing, who had not yet fully turned around, was instantly smacked on the head by one of Ji Feng's legs and fell down, but immediately afterwards, Ji Feng's second leg arrived again.

Bang! Park Chengxing, who was about to fall to the ground, was unexpectedly kicked up again by this leg.

"Wh-!"

In a flash of lightning, Ji Feng regained his footing, turned around violently and delivered an unbelievably powerful spinning kick that hit Park Chengxing, who had not yet fallen to the ground, squarely in the chest.

"Ah...!" Park Chengxing only had time to scream out in agony before his entire body instantly flew out and smashed onto the floor of the rest area, sending a 'boom! His body jerked twice and he passed out!

Everyone was dumbfounded and seemed to have not recovered from the shocking scene before them!

This ..... seems to be too fast, right?

What just happened?

Wasn't it Park Sungxing who had been chasing after Ji Feng? How come in the blink of an eye, the fierce Park Sungxing was kicked out like a dead dog, while Ji Feng was unharmed and didn't even take a violent breath?

For a moment, almost no one dared to believe their eyes!

Swish!

Wang Lei and Lu Weixin, who saw this scene, instantly turned pale, and the two of them looked at each other in disbelief, while simultaneously shouting out loud, "How is this possible!"

Ji Feng in the ring, however, shook his head slightly in disappointment, "This is the world's number one kung fu? It's really ....."

He waved his hand, he didn't even know what to say, a single attack, slight killing power, no more merits other than being slightly faster and more flexible, how could it be called the world's number one?

Chapter 407

How is it possible?!

These four words kept echoing in everyone's mind as they stared dumbfounded at the figure stepping down from the ring, unable to help but shiver secretly.

Just now, that Park Sung-seek smashed his feet on the ground, thumping the ring, and if it wasn't for the fact that the ring was made of stone, I'm afraid it would have been smashed by him by now.

But such a terrifying fellow was sent flying by Ji Feng with a single kick, without even the ability to put up half a fight!

So, how terrifying should Ji Feng be?

For a moment, the crowd couldn't help but recall what Wang Lei and Lu Weixin had said earlier, that Taekwondo was the most powerful kung fu in the world, and that the Chinese martial arts couldn't even compare to it!

If one were to just look at the results of the competition between the Martial Arts Association and the Taekwondo Association, perhaps this statement could not be said to be too wrong, but if one were to look at it from another perspective, this could not be the case.

Now that I think about it again, that statement is a big joke!

Since it was the best kung fu in the world, and that Park Sung-seek was still a first-degree black belt in something, how come he was beaten without even being able to fight back?

This shows that there is no such thing as bad kung fu, it's the person who uses it that's really bad!

For example, we all have fists and feet, but why can some people break a log with one kick, while others can only walk?

That's the difference in use!

Ji Feng brought such a feeling to everyone present through this competition, especially when they watched him walk down from the ring as if he was walking at ease, everyone couldn't help but feel a bit enthralled and even more secretly convinced in their hearts.

"You, how can you ....."

Park Sung-seek got up from the floor with difficulty, his body was shaking all over, and at this time, two people hurriedly went over to hold him, which prevented him from falling to the ground again. Ji Feng's kick just now caused pain in his internal organs, and the fall on the ground almost broke his legs and feet.

But Park Sung-seek couldn't care less, he was just full of disbelief and stared blankly at Ji Feng, "Impossible, I'm a first-degree black belt, I'm a master, I practice taekwondo, how can you beat me?"

Ji Feng couldn't help but shake his head slightly and said, "What you practice is just Taekwondo, it's not some gajjin, how come I can't beat you?"

The others also snorted for a while, this stick can't be beaten silly, right? How could he say such a stupid thing?

Hey, the dead stick is also arrogant enough, Zhang Lei couldn't help but shake his head and laugh, always thinking that his nation is the best and all others are inferior, always thinking that the world has to revolve around himself, this is simply making people laugh. Shen Jingyi gave him a look, but did not say anything.

But there were students beside her who didn't understand and couldn't help but ask, "What does that mean?"

Zhang Lei laughed heatedly, "Everyone should know that back then, there were several countries in Asia that had rapid economic growth, simply taking off in general, and were known as several little dragons ..... Indeed, their economy grew, but then, the territory was too small, which could not accommodate their rapidly expanding national pride at all, so they started to compile some pseudo-history books like the Goryeo Dynasty, and actually included a large part of Russia's territory, as well as our northeastern part of China all the way to Xinganling, all of which they had classified into the so-called Goryeo Dynasty's territory ....."

The students around them froze, and then snorted with laughter.

"Are all these people crazy? Haven't they ever thought about where the title Stick came from?" The crowd of students were both angry and amused.

Zhang Lei instantly laughed, of course he knew how the title Stick came about.

Back then, during the war of resistance, those islanders didn't have enough troops, and after they captured Koryo, they formed an army there, but instead of giving them guns and ammunition, they made each of them carry a stick and came to invade China, and later, the Koryo people became known as sticks!

"They can't help it, how can such a fine nation be worthy of their nation if they don't get a bit of territory out of it?" A student sneered derisively, "Let's all understand, this is all still good, it's said that

even traditional Chinese festivals like the Dragon Boat Festival have been applied for by the sticks as a world cultural heritage, becoming their festival ..... and I wonder who exactly they are celebrating the Dragon Boat Festival to commemorate! ”

The other students had another burst of laughter, Zhang Lei also couldn't help but laugh, this stick now arrogant is really okay.

This Park Sung-seek in front of him was similarly like that, thinking that because he practiced taekwondo, no one else should beat him, this was just ba sta rd logic!

It was like what Ji Feng had said, Park Sung-seek was not practicing some kind of supreme kung fu, so why couldn't he be defeated?

These spectators did not lower their voices, but some of them even spoke very loudly on purpose, obviously trying to make Park Sung-seek hear more clearly.

The pain on his body made his forehead break out in cold sweat, so he simply closed his eyes and pretended to faint, and was carried to the infirmary by two Taekwondo Association students.

“Cut~~!”

All of them laughed. It's true that boys like kung fu, but what they like is the simple flexibility of taekwondo, which can also be used for fitness, not for arrogant sticks!

Remembering how respectful Wang Lei and Lu Weixin had been to this stick before, these students cursed in low voices, saying things like pandering to foreigners and going to the dogs, which immediately poured out like an overwhelming wave, buzzing towards Wang Lei and Lu Weixin, causing their faces to change dramatically.

“This is all something you guys expected, right?” Shen Jingyi suddenly turned her head and looked at Zhang Lei with a complex expression in her beautiful eyes, “Your friend deliberately stayed behind to actually show these students the arrogance and arrogance of Park Sung-seo, so that they would become resentful of the Taekwondo Association, am I right!”

“As you can see, I'm just a spectator, you shouldn't ask me about these things.” Zhang Lei hemmed and hawed, whether what Shen Jingyi said was true or not, he wouldn't admit it.

“Let Wang Lei go!” The look in Shen Jingyi's beautiful eyes was even more complicated, but her voice was soft, “Don't deal with him anymore, can you?”

“Of course no problem .....” Zhang Lei immediately nodded and smiled, “Actually, I've never dealt with him before, but there's one thing, I need you to help!”

“What?”

Shen Jingyi asked, she seemed to think of something else, shook her head slightly and said softly, “Zhang Lei, I know your heart, but ..... hope you can understand, although he is somewhat bad, but I can't do anything wrong to him!”

Zhang Lei snorted: “At least we are also in the same department, and we have spoken a few times before, right? In your mind, is this the kind of person I am?”

"I hope it's because I'm too villainous!" Shen Jingyi said softly.

Zhang Lei deepened a finger and waved it in front of Shen Jingyi, saying, "Shen Jingyi, listen carefully, I do like you, a lot, I believe you've felt it before! However, I am not despicable enough to use tactics like blackmailing you by dealing with Wang Lei, not that I am belittling him, he is not worthy of me yet!" "I know." Shen Jingyi nodded her head slightly and said softly, "Then what do you want me to do?"

Zhang Lei pointed to the group of people who were rapidly arriving outside the door and smiled, "It's not anything difficult, you just need to tell them the truth, just tell them how these things happened, can you do that?"

"Sorry, I can't ....." Shen Jingyi of course knew those people who were rushing in, they were from the school escort and guard team, obviously they knew there was a melee here, so they rushed in quickly.

However, if she told them what had happened, it would be tantamount to harming Wang Lei, and Shen Jingyi naturally couldn't do that.

"Then there's nothing I can do." Zhang Lei shook his head with a smile as he released the phone in his hand and turned off the included video recorder.

Shen Jingyi was instantly taken aback, "You, you recorded it all?"

"Of course, otherwise I'd be playing with selfies with my phone, huh?" Zhang Lei laughed.

Shen Jingyi's pretty face instantly changed slightly, and just as she wanted to speak, she saw Zhang Lei shake his head with a serious face.

"I'm never soft when dealing with enemies, it's useless for anyone to beg for mercy!" Zhang Lei said seriously, "Of course, I will continue to pursue you!"

After saying that, he smiled faintly, stood up and walked away in big strides, leaving behind only Shen Jingyi whose beautiful eyes were filled with a complicated expression.

Ji Feng looked at Wang Lei and Lu Weixin, who were almost stunned, and couldn't help but shake his head slightly before he was ready to turn around and leave the place.

At that moment, a large group of people quickly walked into the arena, but it was the escort team and the guard team. Among the escort team, the one leading the team was clearly Vice Captain Zhou Li.

Ji Feng instantly smiled, "Lei Zi, it was you who made the call, right?"

"We are the victims, of course we have to call!" Zhang Lei said rightfully.

Ji Feng instantly smiled, he knew it, this guy Zhang Lei was really too resourceful, with him present, it was hard to lose out.

"How was the talk just now?" Ji Feng suddenly asked.

Zhang Lei's eyes widened at once: "How do you know?"

“Tell me about it!” Ji Feng didn’t answer, but said with a smile. In fact, when he had just walked down from the ring, he had already seen Zhang Lei sitting with Shen Jingyi, so he shook his head and smiled, this guy was really good at finding opportunities.

“Not great, I feel that this girl seems a bit unusual, or at least more intelligent than I thought!” Zhang Lei laughed, “I’m still examining!”

Ji Feng nodded and laughed at once, “Be careful!”

Zhang Lei laughed, “These days, no one who can punk me has really been born yet! Let’s go, go and explain the situation to our Captain Zhou!”

Ji Feng smiled and nodded, secretly but reassured a lot, Lei Zi is still sober and has not messed up, that’s good!

As for Wang Lei ..... whether it was Ji Feng or Zhang Lei, who didn’t put him in their eyes.

## Chapter 408

“What? Misunderstanding?!”

Lu Weixin and Wang Lei were filled with disbelief and stared at Zhou Li in shock and anger, what did this bastard say? What happened today was a misunderstanding?

“Our Taekwondo Association has over thirty people injured, and you’re actually saying that this is a misunderstanding?” Wang Lei asked angrily, “As the school’s escort team, is this how you maintain order in the school?”

Lu Weixin even laughed coldly, “If it was just a normal sparring match between the two sides, then naturally it wouldn’t count for anything, but now it’s Ji Feng and Du Shaofeng who are beating up our Taekwondo Association’s people, even foreign friends, on the strength of their good skills, is this still called a misunderstanding?”

In the Taekwondo Association’s arena, those who were injured were sent to the infirmary, and those who were left were either those who were less injured or those students who did not directly participate in the siege against the duo of Ji Feng and Du Shaofeng and were just cheering from the sidelines.

Of course, there was also a large group of student spectators.

“What, do you guys still want to pursue this?” Zhou Li looked at the angry Wang Lei and Lu Weixin and asked with a frown, “You know, it’s your Taekwondo Association that is in the wrong this time, if you really pursue this, perhaps Ji Feng and Du Shaofeng duo will be disciplined, but you might be expelled from school for instigating other students to mob others!”

“Nonsense!”

Lu Weixin and Wang Lei instantly panicked in their hearts and shouted out at the same time, denying it in a panic. Naturally, they couldn't admit it, otherwise, if they really had to pursue the matter, it might really be like what Zhou Li had said, and the school would probably expel them from school.

"You are being biased towards the Martial Arts Association!" Lu Weixin said angrily.

Wang Lei followed suit and sneered, "Just how much benefit did the Martial Arts Association and Ji Feng give you, and who are you to speak for them?!"

Zhou Li gave the two a disgusted look and hummed, "What do you mean by that?!"

"It doesn't mean anything, just that I don't think you've handled it fairly." Wang Lei grunted, "It's true that we were sparring with the Martial Arts Association, but Du Shaofeng hit hard first, all this conflict was caused by him, and now you guys are saying that this is a misunderstanding, what is this if not favouritism?"

"You guys are still sophomoric?!"

Zhou Li shook his head slightly and said indifferently, "Since this is the case, then we may have to continue our investigation?!"

"That's as it should be!" Wang Lei grunted.

"That's the way it should have been done." Lu Weixin also said.

"Simply don't know how to live or die! Even more so, they don't know what's good for them!" Zhou Li looked at these two people who looked extremely indignant, shook his head slightly and said, "We have investigated the students present, and the vast majority of them said pretty much the same thing, Du Shaofeng and Lu Weixin were in the middle of a sparring session when Wang Lei suddenly sneaked in, which led to the conflict, and because of that, the big melee that followed, am I not right?"

"Of course it's not right!"

Wang Lei immediately retorted loudly, "I've just said it, it was Du Shaofeng who struck first and I stepped in to stop it, and as a result, that Ji Feng then joined Du Shaofeng and beat up all our trainees, even our president and I, we were both injured, how can the fault be on our side?"

"At this point, you guys are still sophomoric?" Zhou Li looked at the duo with extreme surprise, these two people were sick in the head, right? To speak with their eyes open and not even blush, such people were either crazy or extremely shameless.

Obviously, the two of them were not stupid, much less crazy, and were clearly in the shameless category.

"You guys don't need to be sophomoric anymore, the reason why I won't continue with the investigation is for your own good, isn't it good to just put the matter to rest, so that no one will be dealt with?" Zhou Li frowned and asked, "I forgot to remind you guys, the development of the matter from the beginning to the end, I have the evidence in my hands, it's useless for you guys to defend yourselves any further, if you really want to pursue the matter, I think you should be held responsible instead!"

Lu Weixin and Wang Lei's faces changed: "Sh, what evidence?"

“Those students’ testimonies .....” Zhou Li’s words were interrupted before he could finish.

“Those students don’t know kung fu, so naturally, what they say cannot be taken as evidence.” Lu Weixin grunted.

Wang Lei followed suit, “Maybe the people from the Martial Arts Association and Ji Feng gave those students some kind of benefit? Or maybe those students were afraid of their might and were pressured to lie? How can this be taken as evidence? By the way, Captain Zhou, you probably don’t know, right? Those students were all shouted at by Zhang Yanfei, moreover, Zhang Yanfei himself is also the vice president of the Martial Arts Association!”

“Captain Zhou, please don’t forget that among the people who were beaten up was a foreign friend, Mr. Park! I believe that even if the school leaders came, they would still handle the matter carefully, not to mention you!” Lu Weixin reminded in a deep voice, but it was actually a warning.

The reason why he and Wang Lei dared to turn black and white upside down was because of Park Sung-seo.

Who was Mr Park?

That was a foreign student, a foreign friend!

If you don’t get it right, that could lead to an international dispute!

The school’s leaders and escorts dared to offend Park Cheng-sex? Obviously, they could only deal with Ji Feng and the Martial Arts Association!

Ji Feng and Du Shaofeng had almost swept away the Taekwondo Association, leaving them in such a mess that they couldn’t even get a foothold in the school anymore! How could they not settle this score with him?

What’s more,..... Wang Lei rubbed his beaten face, and Lu Weixin couldn’t help but rub his stomach, he couldn’t even let the Martial Arts Association and Ji Feng and the others off easily just because he had been beaten!

This is what Wang Lei and Lu Weixin are thinking now, and the reason why they have enough guts, no way, the backing is big, this is the advantage, no one can compare!

Zhou Li’s face instantly sank, and he opened his mouth, but did not speak. Only, instead, his hand touched his pocket, there was a packet of cigarettes in there, which Ji Feng had thrown to him during our last meeting, a special offer!

At the same time, there was a mobile phone!

“Shit!”

Not far from the seat, Zhang Lei couldn’t help but curse at once, “Such a shameless person, it’s the first time I’ve truly seen one, extremely good!”

Ji Feng and Han Zhenfeng and others couldn’t help but shake their heads and laugh, to be honest they had never seen such shameless people either, raw about to turn black and white upside down, such

people shouldn't go to school, they should just go and become lawyers. They should have just become lawyers, they would have been able to fight a lawsuit that way.

"Just wait, when I'm done passing things around, I'll see how the two of them can still slyly argue!" Zhang Lei grunted and said disdainfully.

In his hand, he was holding a mobile phone, which was showing Bluetooth transmission data. He was transmitting the small video he had recorded earlier to Zhou Li, which was the most crucial piece of evidence.

"When the time comes, even if they don't pursue it anymore, I won't let it go!" Zhang Lei disdainfully brushed his mouth, "Old me will let them know what will happen to shameless people!"

He didn't even lower his voice, and those students who had stayed behind to watch the fun, all sniggered at once.

Shen Jingyi, who was sitting in the audience, was slightly red in the face and looked a little embarrassed, no matter how she said it, that Wang Lei was her boyfriend after all, or at least still her boyfriend.

Just .....

Shen Jingyi took a glance at that mobile phone in Zhang Lei's hand, shook her head slightly and sighed lightly in her heart, just with this arrogant and incompetent look of Wang Lei, how could he be a match for those few people?

For the first time, Shen Jingyi had the idea of breaking up ..... but gradually dismissed it.

Just remembering what Zhang Lei had said, Shen Jingyi couldn't help her pretty face from reddening a little and didn't dare to continue thinking about it.

She knew very well that she and Zhang Lei were probably people from two worlds, and that it was simply impossible between them, so she would never let herself get caught up in it .....

Zhou Li frowned at the angry Wang Lei and Lv Weixin and asked again, "Two, we usually deal with each other a lot, and our relationship is all pretty good, do you really want to continue to pursue this?"

Because to be able to join the school's escort team, one had to have at least one condition – a foundation in martial arts!

Because of this condition, most of the members of the escort team came from various associations, or were sent to various associations to learn kung fu after joining the escort team.

Because of this, the escort team had a good relationship with several kung fu-related associations in the school.

Although Zhou Li hated Wang Lei and Lu Weixin, he did not want to ruin the relationship, as there was bound to be a need for cooperation in the future, especially with the Taekwondo Association, which dealt with the Escort Team most often.

Because Taekwondo is simple and easy to learn, it is easy to grasp some basic essentials, and to those who don't know it, it looks impressive and can bluff people.

Who knows, Wang Lei and Lu Weixin didn't buy it at all!

Wang Lei grunted and said, "Captain Zhou, if it wasn't for the fact that we used to work together a lot, we would have taken this to the school leaders a long time ago and definitely wouldn't have let you handle it, now since we believe you, you should stop saying anything more and continue the investigation! Of course, those students' words can't be taken as evidence!"

"That's right!" Lu Weixin also nodded his head and said.

"Don't know how to live!" Zhou Li cursed, but there was no point in saying anything more, after all, people had already said this much.

"Tick-!"

At this moment, Zhou Li's mobile phone suddenly rang, and he secretly said in his heart: here it comes!

Sure enough, when he took out his phone, he saw a Bluetooth text message coming in, a video message.

Zhou Li lifted his head and said with a bitter smile, "Two, now it's not a matter of whether you want to pursue it or not, but people want to hold you accountable!"

"What?!" Wang Lei and Lu Weixin were stunned in unison.

#### Chapter 409

Wang Lei's face instantly changed: "They still want to hold us responsible? Captain Zhou, it seems that we must tell the school leaders about this matter, not to mention beating up a foreign friend, but now they actually dare to be so arrogant! Aren't they afraid of bringing big trouble to the school!" When he heard that the other party was going to hold him and the others responsible, Wang Lei immediately panicked, they naturally knew best what he and Lu Weixin had done. ?

Lu Weixin and Wang Lei were a little unsure in their hearts, the other side was so emboldened, did they really not take foreigners into account?

The two of them were not sure to what extent the school leaders were afraid of foreigners. If Ji Feng and the others were weaker, and if Park Sung-seo put pressure on the school, they could definitely give Ji Feng and the others a disciplinary action, but it was hard to say now that Ji Feng and the others had such a strong attitude.

Where did they get so much guts?!" Wang Lei asked with some disbelief. If it was him, he might not even know what to do after beating up a foreigner, but Ji Feng and the others were good enough to pursue responsibility, which made Wang Lei feel a bit unbelievable!

"People have absolute evidence in their hands, where do you think they got so much guts?" Zhou Li asked rhetorically, a look of disdain flashed in his eyes, Wang Lei and Lu Weixin were so arrogant just now, but now once they heard that the other side was so tough, they became nervous again, typically sour and weak within.

“Sh, what evidence?” Lu Weixin asked somewhat nervously.

“See for yourselves!” Zhou Li simply tapped his phone on and played the video, handing it to Lu Weixin and Wang Lei.

The two looked at each other, Wang Lei immediately took the phone, when they saw the video on the phone, they were immediately dumbfounded ..... this video was obviously recorded just now, from the beginning to the present passage, all of it was recorded on it, without any difference.

What Wang Lei and Lu Weixin said, what happened, and the scene of the melee, all of it was recorded!

In particular, Wang Lei’s arrogant words, as well as what happened when he sneaked up on Du Shaofeng, were all there, without a single omission.

Even when Park Sung-seek came, all the way to the end of the challenge, it was all there without a trace! Wang Lei and Lu Weixin’s faces instantly changed, if this could not be considered as evidence, what else could be considered as evidence?

!

“This ..... this .....” The duo’s faces were so pale that they simply didn’t know what to say.

“This can’t be!” Wang Lei was even more alarmed, no wonder the other party dared to threaten to hold him responsible, it turned out that people had already recorded the whole incident, this hand was really too ruthless ..... Delete!

Wang Lei suddenly lit up before his eyes, his fingers quickly pressed several times in succession on his mobile phone keyboard, and the video was immediately deleted.

“Wang Lei! What are you doing?!” Zhou Li’s face instantly changed, this bastard dared to delete the video in front of him, simply did not put him in his eyes.

Wang Lei, however, let out a long breath as he said in a low voice, “Captain Zhou don’t get angry, listen to me first!”

“What are you going to say?!” Zhou Li said angrily.

“Deleted the evidence, you still have a point?” Wang Lei immediately said, “Captain Zhou, as you can see, the video has been deleted, no one has any evidence to prove what happened at that time, just pretend you don’t know, go and press them, tell them that it is not considered evidence, but we are generous, we won’t bother with them, let’s forget about today’s matter... ..We’ll treat Captain Zhou to dinner later!” Zhou Li’s face instantly changed, he looked at Wang Lei in an extremely strange way and frowned, “Are you sick? You can even do such a thing?”

“Captain Zhou, anyway, now that the video is gone, it’s too late to say anything, why don’t we just do as I said, we’ll all be good friends from now on, if Captain Zhou needs my help with anything in the future, just say the word, I’ll definitely have no second thoughts!” Wang Lei patted his chest and said.

“I think you’re really stupid to the core!” Zhou Li sneered.

“Just now, I asked you to treat today’s matter as a misunderstanding, but you didn’t give any face, and now you want to come back with this?” He couldn’t help but shake his head slightly and hummed, “I’m telling you, stop being delusional!”

“Captain Zhou, are you so disrespectful?” Lu Weixin’s face sank as well.

“Don’t you forget that I am good friends with the captain of your escort team!”

“So what?” Zhou Li’s face also sank, surprisingly using the captain to pressure him, he really didn’t eat this: “Tell you what, if you don’t come to this, I might even be able to help you make peace, but now, hum .....

“Captain Zhou is determined to not give face?” Wang Lei also asked in a cold voice.

“Yoo-hoo?!” Zhou Li snorted with laughter at once.

“You guys still dare to threaten me? You really don’t know how to write the word “death”! Then I won’t care about this matter, and if there are any problems in the future, none of you should come to me!”

“Don’t worry, as long as you don’t care, we definitely won’t come to you!” Seeing that Zhou Li seemed to have loosened up a bit, Lu Weixin and Wang Lei immediately felt a lot more relaxed, the latter even went forward and patted Zhou Li’s shoulder: “Captain Zhou, after this matter is over, we are still good friends, there is no need to take it too seriously, I will treat you to dinner at the Jiangnan Fishing Village outside the school later!”

“Dinner is not necessary, I can also not ask about this matter!” Zhou Li shook his head slightly, but a sneer appeared on his face: “Remind you guys to take a closer look at where the video in my phone came from!” Wang Lei and Lu Weixin were stunned, the two of them hurriedly clicked on their phones, and when they saw the text message records, their faces turned green.

The video had actually come through Bluetooth! This meant that the video in Zhou Li’s phone was not the original!

“This, this .....” The duo froze in place, unable to react for a long time.

“It doesn’t matter if you guys threaten me, I’m used to being threatened long ago as the vice captain of the escort team .....,” Zhou Li snorted coldly

“But, this video is from the people over at the Martial Arts Association, how should you threaten people?” Seeing the two people’s changing faces, Zhou Li felt in a good mood, these two bastards simply didn’t know how to live or die, not to mention destroying the evidence in front of him, but they even dared to threaten him?

“You guys take your time and think of something, I don’t care about this matter!” Zhou Li snorted coldly, turned around and left.

It was only at this point that Lu Weixin and Zhang Lei reacted, and they hastily pulled Zhou Li and said urgently, “Zhou, Captain Zhou, you can’t just leave like this, just now we were being too naughty, don’t take it personally, okay? This matter no matter what you have to help .....” Zhou Li grunted: “Sorry, people insist on holding you responsible, I don’t know how to help, moreover, I also don’t have that ability... ..” Lu Weixin and Zhang Lei’s intestines were all repentant, but they didn’t know what to do,

Zhou Li refused to help, when the school leaders saw the video, they naturally understood everything, it's strange that the two of them could have good fruit to eat!

"Captain Zhou, you must help ....." Wang Lei was even more scared, if he was expelled from the school, he had the heart to die.

"What do you want, just say, as long as I can do it, will not be ambiguous." Zhou Li shook his head slightly and said, "I don't want anything, for the sake of past cooperation, I remind you that you shouldn't look for me, you should go to the people of the Martial Arts Association, after all, the evidence is now in the hands of others!"

"Yes, yes, yes!" Lu Weixin and Zhang Lei both instantly came back to their senses, just as they wanted to go to the people of the Martial Arts Association, they suddenly froze, and then an extremely embarrassed look appeared on their faces, especially when they saw Ji Feng and the others not far away joking and waiting for the results to be processed, the two of them were uncomfortable all over, how should they go and beg them?

"That, Captain Zhou, look at this matter ..... also need your help to make some peace from it!" The actual fact is that you can't be a good deal more than a few of these.

"I've just offended you, don't forget your heart!" He suddenly lowered his voice: "How about this, just now I was a fool and broke Captain Zhou's mobile phone, tomorrow I will compensate Captain Zhou for a commemorative mobile phone, and all future phone bills will be on me!"

"Joke!" Zhou Li grunted.

"I still can't afford a mobile phone?" He shook his head, "It's fine to help you make peace, but I can't say what the outcome will be." Lu Weixin and Wang Lei were immediately overjoyed and said, "Thank you, Captain Zhou, thank you!"

"Come with me!" Zhou Li turned around and walked in the direction of Ji Feng, although he said that he was looking for someone from the Martial Arts Association, he knew better than anyone else that how this matter was going to be handled would depend on Ji Feng's intention.

"Captain Zhou, have things been investigated clearly?" Seeing the three Zhou Li walk over, Ji Feng asked with a smile as he raised his hand and looked at his watch, "I still have things to do, I may not have much time to delay!"

"The investigation is indeed clear!" Zhou Li's afterimage saw the both anxious and embarrassed looks of Lu Weixin and Zhang Lei, and despised them in his heart, but said on his lips, "President Lu and the others said that today's matter was a misunderstanding, look at ....."

"Misunderstanding?!" Zhang Lei snorted, "If this is also a misunderstanding, then I can't think of anything else that isn't a misunderstanding!" Ji Feng was even more direct, he stood up and said, "Captain Zhou, it's not that I don't give you face, this matter can't be solved by a misunderstanding, well, since the fault is proven not to be mine, then I won't ask more questions, I still have things to do now, you guys can just go directly to Zhang Lei and Old Du, what they mean, is what I mean." After saying that, Ji Feng didn't even look at Wang Lei and Lu Weixin, and left with big steps!

Lu Weixin and Wang Lei's faces turned blue for a while, and under the contemptuous eyes of those students and people from the Martial Arts Association, they almost wanted to find a crack in the ground!

#### Chapter 410

For Lu Weixin and Wang Lei's embarrassment, Ji Feng naturally didn't think much about it, and now he was driving the broken car, heading for the nearby supermarket.

Now that it was gradually getting dark, Ji Feng had to buy the gift as soon as possible.

In fact, Ji Feng didn't take what happened in the Taekwondo Association to heart at all, whether it was Wang Lei and Lu Weixin's shamelessness or the kind of fawning they did to foreigners, it didn't have much to do with Ji Feng, if it wasn't for the fact that there was Du Shaofeng in the challenge, he wouldn't have even bothered to look at it.

This kind of person was really not enough for Ji Feng to bother with him.

Of course, Ji Feng also knew very well that now that those two guys, Lu Weixin and Zhang Lei, had fallen into Zhang Lei's hands, they would definitely have a good time, the kind of temper Zhang Lei had, it was a headache to think about, not to mention the fact that they had handles in Zhang Lei's hands?

"I hope that guy doesn't push people too hard ....." Ji Feng drove his car, his heart was secretly amused, and he didn't know if Zhang Lei was capable of doing that kind of blackmail, if he took this opportunity to get close to Shen Jingyi .....

The first time I thought of this, Ji Feng couldn't help but dumbly laugh, he thought of Zhang Lei a little too vicious, this guy although sometimes do some ludicrous things, but, he is not a bastard, definitely not do more excessive things!

He shook his head slightly, Ji Feng stopped thinking about this and instead collected his mind and concentrated on driving.

Soon he arrived at a large supermarket, and after parking the car, he arrived at the nutritional products section. At this time, a few salesmen immediately came over to introduce him to some goods, each one talking about good value for money and making people's hearts flutter.

However, Ji Feng listened very carefully and asked from time to time about the use and usage of the goods and the people they were suitable for.

In fact, for buying gifts, Ji Feng was really helpless.

There were a lot of gifts on the market nowadays, and it was really difficult to pick the right one from them.

As Ji Feng himself did not care much about these things, he was naturally not very good at choosing. Therefore, he could only listen to the recommendations of the salesmen and choose the gifts he needed.

Of course, Ji Feng also had the intention of feeling the direction of the goods in the market from a customer's point of view, because he still had a pharmaceutical factory of his own, although it was still being taken care of by Han Zhong, and it was also still supervised by Yang De Zhaoge, but that was only because Ji Feng had not had the time to free up his hands until now.

Now that there is basically nothing left to do, Ji Feng has gradually become free, he intends to start tossing the pharmaceutical plant, especially the No. 53 slimming pill, is the key to whether the pharmaceutical plant can be branded.

And Ji Feng is full of confidence!

The reason is that the experience of making the special effect current before, and now prepare to make the 53 slimming pill which is even simpler than the special effect current, it will be much easier.

Only, making it was one thing, and selling it was another.

Ji Feng found that selling was actually not as easy as he had imagined. For example, right now, these salesmen were constantly recommending all kinds of goods next to him, what with the bird's nest ah, abalone ah and so on, Ji Feng hardly felt anything when he heard them.

He couldn't help but secretly say, "If he himself was reacting in this kind of mentality, then the other customers were obviously the same, unless they were those profligate people who took money for appearances and were afraid that others didn't know they were rich, the vast majority of others wouldn't buy until they really understood what these things could do."

This is still considered a better result, if it is some people who are more suspicious, perhaps the more you introduce it, the more he will resent it, and in the end, even if he knows that this kind of goods is very good, he will not buy it!

At once, Ji Feng had a decision in his mind, never let his pharmaceutical factory make this kind of mistake in the future!

In the end, Ji Feng simply bought a few bottles of good wine and never bought anything else, he really didn't know what to buy, and was afraid of buying fake or useless ones, that would be a waste too!

When Ji Feng returned home, he saw Xiao Yuxuan and Tong Lei sitting on the sofa watching TV, the two women were watching an entertainment program, not of pursing their lips and laughing lightly.

Both of them are not the kind of people who like to forget, even at home, they don't laugh out loud, at most, they just giggle, as if they were silver bells, so that people's spirit can't help but be shaken!

Once he saw the two women, a smile appeared on Ji Feng's face, he quickly walked over and sat down in the middle of the two women, wrapped their soft and fragrant bodies in his arms, and quickly gave each of them a kiss on the cheek.

Swish!

Tong Lei's pretty face was red and shy.

Xiao Yuxuan couldn't help but give him a white glance and pouted, "You, you're doing bad things as soon as you arrive!"

Ji Feng laughed: "How can this be called doing bad things? This is called conjugal love!"

"F\*ck you!"

Xiao Yuxuan's beautiful eyes were filled with laughter as she lightly slapped Ji Feng, "Who is a couple with you! Think you are!"

Ji Feng instantly laughed, "We're still not a couple now? Then how can we be? You don't have to have a banquet before you can be considered a couple, do you? In fact, if you want me to say it's not that troublesome, the bed is already ..... there anyway!"

He hadn't finished his words yet, he saw Xiao Yuxuan's pretty face flushed red as she pinched him hard, "You're going to die, Lei Lei is still here, how can you say everything!"

Xiao Yuxuan was extremely shy, even though she had already done everything with Ji Feng, and had eaten the marrow, and even enjoyed it a bit, but after all, in front of Lei Lei, she was still a bit unable to let go.

The two of them were afraid of burning the fire on her body.

Ji Feng, however, laughed and said, "It's fine, it's fine, Rei Rei we're all family, what's so bad about this."

He wrapped his arm around Xiao Yuxuan's soft waist and suddenly gave a squeeze on her plump, fat buttocks.

"Mmm~!"

Xiao Yuxuan suddenly subconsciously moaned, she hurriedly bit her red lips, and her beautiful eyes also suddenly became watery, full of spring and seduction.

She even subconsciously clenched her legs, and the blush on her pretty face spread to her snow-white and pink neck at once.

After this period of frequent intercourse with Ji Feng, Xiao Yuxuan already seemed to be a ripe peach, the whole person is charmed, even if Ji Feng just lightly touched her, will immediately make her move.

Ji Feng immediately felt the change of the delicate body in his arms, he immediately smiled badly and hugged Xiao Yuxuan's already hot and delicate body, and in the shy and slightly complicated gaze of Tong Lei, he quickly walked upstairs.

Because of Tong Lei's presence, Xiao Yuxuan, despite her shyness, could only subconsciously wrap her arms around Ji Feng's neck and lean her head on his shoulder, allowing him to carry her upstairs.

The two of them were already familiar with each other, and after quickly removing the barrier of each other's clothes, they immediately faced each other frankly.

At Ji Feng's gesture, Xiao Yuxuan's big, watery eyes closed slightly and let Ji Feng do his thing .....

Soon, the bedroom was filled with blush-inducing and delicate moans that would make any normal person's blood boil and it would be hard to control.

Xiao Yuxuan's voice was extremely flirtatious, and that soft bone-chilling moan was simply as if it was the most potent catalyst, making Ji Feng's enthusiasm even more exuberant, while also making Tong Lei downstairs even more shy, and a complex sense of loss rising vaguely in her heart .....

In the upstairs bedroom, Xiao Yuxuan, whose beautiful \*\* was flushed with red, knelt on the bed at Ji Feng's gesture, and her tender little hands tugged at Ji Feng, allowing him to enter from behind .....

It is not known how long it took, with a long cry like a sob from Xiao Yuxuan passing, the bedroom finally calmed down, only the sound of rapid breathing rang out from time to time, while the air was mixed with a hint of something else.

It was not until half an hour later that Xiao Yuxuan regained some strength. At this time, she was incomparably charming, her pretty face was flushed with red, her eyes were like silk, her hair clung to her forehead and face because of the sweat.

Ji Feng look thumping heart, still stay in the Xiao Yuxuan body of small Ji Feng suddenly reacted again, Xiao Yuxuan suddenly flower face changed, panic, said: "little rascal, you, you how ....."

Ji Feng laughed and said, "No way, who made you too tempting?"

Xiao Yuxuan was immediately ashamed and happy, and at the same time a little scared, Ji Feng was just a little too strong in this regard, now she was drained, if she let Ji Feng toss her body again, I'm afraid all the bones in her body would have to fall apart.

"Little rascal, I can't, you, you go find Lei Lei!" Xiao Yuxuan hurriedly begged for mercy.

"You're asking me to go find Lei Lei?" Ji Feng couldn't help but stare at once.

"Yes, you go find Rei Rei now, the two of us had that a few months ago ..... but you and Rei Rei haven't been, in her heart ....." Xiao Yuxuan said euphemistically, "After all, you and she knew each other in the first place!"

Ji Feng smiled bitterly, "I also want to go to her, but, I'm afraid she might not be ready ....."

"You!"

Xiao Yuxuan gave him a flirtatious white glance and pouted, "In many ways you are very careful, but in some ways you are so careless ..... Think about it, the last time you carried both of us to bed, what was her reaction?"

Ji Feng froze and thought back carefully, it seems that after he held the two girls in bed last time, Lei Lei was very shy and kept objecting ..... but later, she was obedient, only because that came, he could only helplessly let go of her .....

Swish!

Ji Feng's eyes lit up with surprise and asked, "Yu Xuan, you mean to say that Lei Lei she agreed?"

"Already agreed long ago!" Xiao Yuxuan pouted, "I can see it, only you, a careless guy, can't see it ..... Hurry up, I've been tossed around by you and need a good night's sleep!"
