

Campus Master 411

Chapter 411

Tong Lei was alone, lying quietly on the bed, her ears had just fallen, and it was Xiao Yuxuan's charming moaning that made her body follow the restlessness, yet she also had a faint sense of loss.

She knew very well that compared to Xiao Yuxuan, she might not have any difference in looks, but Xiao Yuxuan was more mature and more attractive than herself.

Watching TV some time ago, Tong Lei remembered that a programme had said that at Ji Feng's age, what he liked most was a mature woman, especially the kind of woman who was thoroughly mature both physically and mentally, and was the most attractive to boys of that age.

Tong Lei then immediately dawned on her, no wonder Ji Feng would look for Xiao Yuxuan every time he wanted to

Her heart was inevitably a little lost, but she didn't know how to express it, much less what to say, and could only lie alone in bed, tossing and turning, unable to sleep.

"Ji Feng" Tong Lei couldn't help but murmur softly.

She lay on the bed, recalling the two of them from the time they met until now, the bits and pieces in between. The older boy who had some low self-esteem at the beginning was transforming rapidly and had now grown into a manly man with a much taller and more majestic figure than before.

However, the longer the two of them spend together, the more Tong Lei is a bit lost, because Ji Feng is becoming more and more striking, but, farther and farther away from Tong Lei

Especially after having Xiao Yuxuan, Ji Feng seems to be more interested in her, especially the sound of the two of them tossing and turning every night, which stimulates Tong Lei and makes her have bitterness.

"Go to sleep"

Tong Lei let out a slight sigh in her heart, not wanting to think about this anymore, she covered up the quilt and got ready for bed.

"Creak"

Just at this moment, the bedroom door suddenly rang and seemed to be opened.

Tong Lei couldn't help but hurriedly take a deep breath to calm herself down as she asked in a soft voice, "Sister Yu Xuan, why aren't you sleeping over there? Don't mind me, I happen to be more comfortable sleeping alone."

Ji Feng, who walked in, was stunned, and then his heart was moved.

He knew very well that Xiao Yuxuan was sleeping with herself, and Tong Lei would obviously not be too comfortable in her heart, but she still didn't say anything, which would not be the case if it was any other girl.

“What a silly girl” A feeling of pity rose in Ji Feng’s heart as he took a few quick steps and directly lifted the quilt and laid down next to Tong Lei.

Because there were no lights on in the bedroom, Tong Lei did not know that the person coming was Ji Feng and not Xiao Yuxuan.

She couldn’t help but ask a little strangely, “Sister Yu Xuan, why aren’t you talking? Did Ji Feng bully you?”

Ji Feng was dumbfounded, he forced himself to laugh and suddenly took Tong Lei in his arms, fiercely rolled over and pressed her delicate body, which was only wearing small underwear, and gritted his teeth to, “Humph! I didn’t bully Yu Xuan, but now I’m coming to bully you instead!”

“Ah!”

When Tong Lei heard that it was a man’s voice, she was so frightened that she exclaimed in shock, then she reacted that it was Ji Feng, and she immediately pouted, “Big bad egg, you, how did you you scared me to death!”

Ji Feng laughed and said, “Lei Lei, in this villa, except for me who dares to come in casually, there won’t be a second person who has such guts, it’s so late, why haven’t you gone to bed yet?”

Being pressed under Ji Feng, Tong Lei was shy, especially when she could clearly feel that Ji Feng was only wearing a pair of underwear all over his body.

“Ji Feng, you, how did you” Tong Lei said several times in a row, but still couldn’t get the words out, she finally could only ask, “Why didn’t you accompany Sister Yu Xuan?”

“Yu Xuan is tired, so of course I have to come and accompany you!”

Ji Feng badly bit her **** crystal earlobe, exhaled hot air and laughed in a low voice, “Lei Lei, last time I let you run away, this time, I’ll see where you still want to run!”

With that, he gently blew a breath into Tong Lei’s ear, followed by a soft kiss.

“Mmm!”

Tong Lei’s body immediately tensed up, and her pretty face was even redder, so much so that she didn’t even know what to do in response.

Ji Feng gently kissed her tender neck and asked in a low voice in her ear, “Lei Lei is it okay?”

Tong Lei’s heart suddenly trembled, of course she knew what Ji Feng was asking, but she did not know how to answer, she could only slightly close her eyes and breathe sharply, but did not speak.

Ji Feng instantly grinned, he knew that Tong Lei was too thin-skinned to say anything.

“You don’t say anything, is it because you don’t want to?” Ji Feng asked in a low voice, deliberately teasing Tong Lei.

Tong Lei still didn’t say anything, but, the two small hands she was holding onto Ji Feng’s arms, slightly pushed harder.

“So it’s a default!” Ji Feng instantly laughed badly.

“Don’t say it shy!” Tong Lei whispered in an extremely shy voice.

Ji Feng was suddenly in love, he softly whispered tenderly, “Lei Lei, little baby, I’m coming”

.....

When the extremely loving touch and tenderness was followed by a cry of pain, plum blossoms dotted, Tong Lei finally changed from a girl, into a woman

The buds bloom! Spring is in full bloom!

Once Tong Lei had adjusted to the initial pain, Ji Feng began to move slightly

Soon, the bedroom resounded with the sound of panting and moaning, etchings** that made people unable to stop themselves!

Tong Lei’s voice was not as charming as Xiao Yuxuan’s, but it was full of an ethereal and innocent sound, as if she was a fairy descending from heaven, her red lips lightly opened

This kind of voice full of innocence, let Ji Feng as if by a great encouragement general, more vigorous!

And in the next bedroom, Xiao Yuxuan, who was already about to fall asleep, was instantly woken up again.

Then, a wave of dryness couldn’t help but rise up from the bottom of her heart again, making it almost impossible for Xiao Yuxuan to hold back.

“This nee-san, screaming so seductively” Xiao Yuxuan said with a reddened pretty face, and then hurriedly covered her head with the quilt, and only then did she reluctantly fall asleep!

.....

The night passed quietly in the wireless spring light.

When the sky in the east was glowing with the white of a fish’s belly, the people in the villa, finally opened their eyes.

Since Xiao Yuxuan had fallen asleep early, plus the time she was tossed by Ji Feng wasn’t too long, she got up early to make breakfast for Tong Lei and Ji Feng.

When Xiao Yuxuan quietly finished washing up and looked at the bedroom door that was still tightly closed, she couldn’t help but purse her lips and secretly said, “This girl, I don’t know if she can withstand Ji Feng’s conquest!”

No one knew better than Xiao Yuxuan about Ji Feng’s ability in which area, even if her body had been thoroughly developed by Ji Feng, it could not withstand Ji Feng’s long conquests, at most two pleasures would be enough to make Xiao Yuxuan’s body limp and unable to raise any more strength.

And Tong Lei, this is only her first time, will obviously be even more unbearable, I’m afraid that yesterday Ji Feng must have been holding back sleep, right?

When she thought of this, Xiao Yuxuan couldn't help but blush slightly and secretly spit, what was she thinking about, she should hurry up and make breakfast!

In the bedroom, Ji Feng woke up early, but did not get up immediately because he was afraid of disturbing Tong Lei in his arms.

In fact, what Xiao Yuxuan had thought did not happen, and Ji Feng was likewise very surprised.

Originally, he also thought that Tong Lei was a first timer, so she would definitely be in pain and could not withstand the torment, so she should soon beg for mercy, and he did not dare to exert himself, and his movements were very gentle.

But to Ji Feng's surprise, after adapting to the pain, Tong Lei's body glowed with great enthusiasm, although she could not let go because of the girl's shyness, but Ji Feng could actually feel it.

It was only then that he was suddenly delighted to discover that Tong Lei was actually an internal charming type of girl!

It seemed that Ji Feng had heard someone say somewhere that there were many girls who looked very flirtatious, but in reality, they were all faking it, and that could no longer be called flirtatious, because it was too pretentious and could only be called flirty!

However, some girls, she did not deliberately do, but her knitted brows, a smile, a move, have a from the bones of the charming, let people thumping heart, such a woman, is born charming bones, or a natural beauty!

In Ji Feng's opinion, Xiao Yuxuan is undoubtedly such a woman, which makes it impossible for people not to be moved.

But apart from these two, there is another kind of woman that is rarely seen and is even rarer.

This kind of woman was the inner charming type of woman. They may seem cold on the outside, but once in bed, or when they are developed, their whole being will exude amazing charm and fire, making men enjoy their voluptuousness!

And outside, they remain aloof or clear and unmistakable.

When Ji Feng thought about it, Tong Lei was undoubtedly such a woman, making men love her even more!

He couldn't help but secretly snicker, there are several kinds of superb women, yet he had already gotten two, and they all still loved him deeply, a sense of accomplishment was born!

Subconsciously, Ji Feng's hand on Tong Lei's arse, couldn't help but squeeze it harder again.

"Wow~~!"

A whimper suddenly escaped from Tong Lei's small mouth, and she slowly opened her eyes just in time to see the smile in Ji Feng's eyes.

Swish!

Tong Lei's pretty face instantly turned red as she hurriedly turned her head slightly sideways, not daring to look into Ji Feng's eyes.

"Little baby, were you comfortable last night?" Ji Feng asked in a low laugh.

"Don't ask" remembering her almost crazy performance last night, Tong Lei almost had to burrow her head into the nest, oh my god, how could she be like that, it was too humiliating!

Ji Feng instantly laughed, knowing that she was thin-skinned, he naturally said no more, just patted her arse and laughed: "Little baby, hurry up and get up, Yu Xuan might have already made breakfast!"

"Huh?!"

Tong Lei was immediately even more shy, exclaiming in shock, and was about to sit up in a panic, but thinking that she was naked, she hurriedly wrapped herself in the blanket again and said urgently, "You, you quickly put on your clothes and go out Sister Yu Xuan will definitely laugh at me!"

"Don't worry, it definitely won't!" Ji Feng smiled and reassured her, then he lifted the quilt in a flash, and quickly dressed her amidst Tong Lei's shrieks.

While eating breakfast, Tong Lei almost lowered her head to her chest, not daring to look at Xiao Yuxuan at all, she was so shy.

Xiao Yuxuan, however, knew her character and didn't make fun of her, she was only genuinely happy for her, she said softly, "Lei Lei, from now on we can really be sisters!"

Tong Lei nodded vigorously, "Mmm!"

Looking at these two beautiful girls, Ji Feng's heart was simply bursting with joy!

Chapter 412

After eating breakfast, Ji Feng and Tong Lei and Xiao Yuxuan sat on the sofa, the two women leaned left and right in Ji Feng's arms, enjoying this rare clarity and warmth.

Both Xiao Yuxuan and Tong Lei had a faint sweetness on their pretty faces. Now they were both Ji Feng's women and had broken through the last layer of their relationship with him.

Because it was the weekend, all three of them did not need to go to school, so they naturally stayed at home and enjoyed this rare and leisurely weekend. In fact, they hadn't spent much time with Ji Feng. The three of them had only lived together since they had bought the villa, but soon afterwards, Ji Feng had left for Yanjing for more than two months.

Now that they have just returned for less than a week, the two women naturally cherish this kind of time even more, because they all know that Ji Feng is not an ordinary student, and they naturally know about Ji Feng's true identity.

It is also because of this that they are clear that in the future, Ji Feng will definitely be busier and busier and will spend less and less time with them, so the two women naturally cherish it even more.

The two women are the most popular in the world.

On his left was Xiao Yuxuan who picked a grape and gently put it in Ji Feng's mouth, smiling delicately, "Grand Master, eat the grape!"

"Grand Master?" Ji Feng opened his eyes and asked in surprise, "Is this addressing me?"

"You're not a grand master yet, are you?"

Xiao Yuxuan's tender little hand plucked another grape and fed it to him again while laughing delicately, "Look at the way you look now, sitting on the sofa with two women in your arms, isn't this still a lordly pie?"

"Yes, if you replace the sofa with a tai shi chair and have one or two more waiting maids beside you, then you're a total ancient lord!" Tong Lei also followed and laughed, "Only, our grand master is much better than those ancient lords In ancient times, it was legal to have three wives and four concubines, but nowadays, it is illegal, but our grand master still does it, while my sister and I are still foolishly following you. Do you think you are the Grand Master?!"

"Yes! This Grand Master is really corrupt!" Xiao Yuxuan also laughed delicately beside her, laughing with a flutter of flowers.

Ji Feng was dumbfounded and laughed as he hugged the two girls tightly and said, "I can become a grand master, that's also because you guys tolerated my nonsense, thank you!"

"It's good that you know that!" Xiao Yuxuan fed him another grape and laughed lightly, "Since you know that Lei Lei and I are good to you and tolerate your nonsense, then in the future, without our permission, you are not allowed to bring any more women into the house, do you hear me?"

"Huh?!"

Ji Feng was stunned, he looked at Xiao Yuxuan and then at Tong Lei, and laughed bitterly, "What are you guys talking about? How come it seems like you're talking about me becoming a playboy in general?"

"You're still not a playboy?"

Xiao Yuxuan's beautiful eyes flowed and she gave him a flirtatious white glance, "Then let me ask you, that female ** Li Ruonan, what's going on?"

"Li Ruonan?" Ji Feng was stunned.

"Yes!" Tong Lei also interjected next to him and asked, "Last time before you went to Yanjing, it was the day of the orientation party, she also came to our house"

Ji Feng was stunned, he frowned slightly and suddenly remembered, when it was indeed with Li RuoNan chasing Ji XiaoYu and their group, later Li RuoNan came to the villa again But that means he had something to do with Li RuoNan?

"You remembered ah!"

Seeing Ji Feng's change of expression, Xiao Yuxuan then hummed, "You definitely won't admit it, but, don't forget, we are also women, and the senses between women are the sharpest, she looks at you very differently"

Ji Feng suddenly laughed bitterly, but did not know what to say, in fact, he really did not have that idea, but how to explain?

"You ah" Xiao Yuxuan looked at his bitter smile, also can't bear to say him again, just softly said: "There are me and Lei Lei, you collect your heart, OK?"

"Good! Good!" Ji Feng could only reply with a bitter smile.

"Sister, just don't give him a hard time anymore." Tong Lei was a bit intolerant and said softly.

Ji Feng was stunned, then it dawned on him, "Good, you two are testing me?"

"Humph!" Xiao Yuxuan's pretty face reddened slightly as she pouted, "Who made you so popular with the girls! If we don't guard against it, just with your charm and status, we don't know how many women will dip and stick up for us, we don't want to see many more little demons in the house!"

Ji Feng's heart suddenly flinched, he knew that Xiao Yuxuan was reminding himself.

He nodded his head and said seriously, "Yu Xuan, Lei Lei, don't worry, no matter what happens in the future, I won't let you guys be half-heartedly aggrieved!"

"Alright, alright!" Xiao Yuxuan pursed her lips and slapped him, "Didn't you say you were going to visit your second uncle today? It's late now, hurry up and go!"

Ji Feng laughed, "I am going, but I want to take you two with me!"

"Take us with you?" Xiao Yuxuan's pretty face changed slightly, "This, will this work?"

Ji Feng was their boyfriend, and Xiao Yuxuan was naturally not nervous, no matter how high his status was. However, Ji Feng's second uncle, that was the secretary of the Jiangzhou Municipal Party Committee, moreover, he could be crowned as a 'leader'!

It would be a lie for Xiao Yuxuan to say she was not nervous about visiting such a big shot!

Tong Lei was also a bit nervous, although she did not come from a low background, but the Tong family was after all completely incomparable to the Ji family in Yanjing, in the minds of these children of the world, the Ji family was an unreachable behemoth, when they were with Ji Feng, they would inadvertently ignore Ji Feng's 'TZ' status, but for Ji Feng's second uncle, they would not dare to ignore it easily.

"What's wrong with that?!" Ji Feng laughed, "You guys don't need to worry, second uncle will definitely like you guys."

Tong Lei's pretty face reddened slightly and she said with some difficulty, "Ji Feng, I, I'd better not go"

"Why?" Ji Feng asked in surprise, "This time both you and Yu Xuan are going, I've already talked to second brother, I guess he's already talked to second uncle too!"

Tong Lei's pretty face reddened even more as she said shyly, "I, my body is not feeling well"

"This"

Ji Feng instantly changed to understand, last night was Tong Lei's first time, and in bed she was too hot and spirited, now her body was naturally uncomfortable, her delicate place hurt so badly that she couldn't even walk, let alone go visit second uncle!

"Ji Feng, Lei Lei is not feeling well and I'm also a bit nervous, why don't we go next time?" Xiao Yuxuan also said somewhat nervously.

Ji Feng pondered slightly for a moment before nodding his head, "Alright then, you guys have a good rest at home, I'll be back as soon as possible!"

"Mm!" The two daughters nodded their heads in a good manner.

Ji Feng put on his gift and gave the two girls a kiss on each of their cheeks before striding away.

In his heart, he was muttering, "Xiao Yuxuan and Tong Lei can't behave like this, those world families in Yanjing are all cannibals, they are too gentle, if they go to that kind of place in the future, I'm afraid they will be eaten without even a bone left!

"We have to make them strong to do so!" Ji Feng mused, started the car and went straight to Second Uncle Ji Zhen country.

Because Ji Feng went out early, so even though it was Saturday, the road wasn't very congested, plus the roads in this university town were already wide, so Ji Feng raised the speed to eighty kilometres, but didn't exceed the speed limit.

Ever since he met Li Ruo Nan, who was meticulous and serious about her work, and especially since they had dinner together that night, Ji Feng never had any urge to drive fast again.

Thinking of Li Ruonan, Ji Feng couldn't help but remember the reminders that Xiao Yuxuan and Tong Lei had given him, He couldn't help but shake his head and smile, these two women, ah, he owed them!

About an hour later, Ji Feng arrived at second uncle Ji Zhenguo's home.

Because it was Saturday, second uncle had purposely waited for himself at home.

The person who opened the door was the second brother, Ji Shaolei, and when he saw Ji Feng, his eyes lit up and he said, "You kid are finally here, I've been waiting for you for a long time!"

Ji Feng immediately smiled and asked, "Did you wait for me for a long time, or did second uncle wait for me?"

Ji Shaolei hummed, "Isn't it the same who waits? Third son, you promised to teach me kung fu, why haven't you done anything yet? You didn't forget about it, did you?"

Ji Feng instantly understood that I was afraid that it was Second Brother who was waiting impatiently, this guy turned out to want to learn kung fu!

“Don’t worry, I’ll come back next weekend, I’ll come specifically to teach you kung fu then!” Ji Feng laughed.

“Really?!” Ji Shaolei instantly laughed, “Good! It’s a deal!”

“Uh huh!” A coughing sound came from the study, and Ji Shaolei immediately shrank back in fear as he hurriedly said, “Hurry over, the old man is waiting for you!”

Seeing Ji Shaolei’s still scared look, Ji Feng couldn’t help but smile.

Ji Shaolei’s face snapped and he growled lowly, “Brat, is it that funny?! Isn’t it normal for a son to be afraid of his old man?”

“That line is the funniest!” Ji Feng harrumphed, “Others are afraid, that’s normal, but you”

Ji Feng smiled badly and hurried into the study, leaving only Ji Shaolei outside with a black face.

When he entered the study, Ji Feng saw that second uncle was sitting at the desk, holding a newspaper in his hand and wearing a pair of old-fashioned glasses, looking intently.

Ji Feng did not say anything, but sat down on the chair next to him and waited quietly.

For half an hour in a row, Ji Zhenguo just read the newspaper by himself, seemingly not seeing Ji Feng at all, but Ji Feng was not in a hurry, just sitting there with a smile, not moving.

A light of appreciation flashed in Ji Zhenguo’s eyes, just this qi nurturing kung fu is not something other young people can possess, big brother has a good son!

Chapter 413

Ji Zhenguo finally stopped testing Ji Feng, a smile of satisfaction appeared on his face as he placed the newspaper on the table and laughed, “Good boy, not bad!”

It was an extremely rare compliment to be able to get Second Uncle to praise him, so Ji Feng immediately laughed and said, “I learnt this from Second Uncle, Second Uncle has overpraised me!”

“You brat, you just know how to kiss ass!” Ji Zhenguo was obviously in a good mood, everyone in the entire Ji family knew that Ji Zhenguo hardly ever showed a smiling face when treating his juniors, even with his own son, he had an ice-cold face and was always stern, making people’s hearts skip a beat.

But now, he was smiling gratefully, which was enough to show how satisfied he was with Ji Feng.

Ji Feng smiled and scratched his head, saying, “Second uncle, I’m not patting on the back here, what I said was all genuine.”

Ji Zhenguo waved his hand slightly and hummed, “Alright, alright, don’t fill me with **soup, let’s get down to business.”

Ji Feng immediately scratched his head and smiled, then he sat up straight.

“I already know all the things you did before, not bad!” Ji Zhenguo praised him once again in a rare moment.

Ji Feng, however, was a little puzzled, what exactly was the matter that second uncle was talking about in the past?

Seeing Ji Feng's puzzled look, Ji Zhenguo naturally knew what he was thinking, but did not show any indication, only lightly said: "However, although you have done quite well, but the means are more or less intense, it is not good to be rigid and hard all the time, you have to be rigid and soft, there is softness in rigidity, this is the most powerful!"

Ji Feng immediately understood that the second uncle was talking about himself in Yanjing, so he nodded slightly and said, "I understand."

He naturally knew very well that when he was in Yanjing, he really almost killed Li Yanting, that incredibly demonic woman of Ji Shaoyou's, and if the other party wasn't too spineless and kneeled down directly, it was strange that Ji Feng could let him go.

Naturally, these things could not be hidden from Second Uncle's eyes and ears, otherwise, he would not have had this to say today.

"It's good that you understand!"

Ji Zhenguo nodded slightly and said, "Apart from that, you did a good job in the matter of the Jardine Mansion, if you hadn't stepped in in time, I believe the casualties would have increased a lot, your credit is greater than everything!"

Seeing Ji Feng's somewhat stunned expression, Ji Zhenguo said seriously, "Remember, no matter at any time, human life is bigger than the sky, anyone's life, a miracle of nature, is not allowed to be taken away by others casually, unless the person himself doesn't care about other people's lives, such a person, naturally, should be punished!"

Ji Feng immediately stood in awe and nodded his head heavily, "Second Uncle, I'll take note of it!"

Ji Zhenguo said, "Whatever the reason and motive for your action at that time, it doesn't matter anymore, what matters is that you took this action, it's enough to show that in your heart, you respect life and other people! I am very pleased!"

"Second Uncle is over-complimented!" Ji Feng immediately laughed, but in his heart, he couldn't help but sweat a little, in fact, the only reason why he would go to Yihe Mansion was because he knew that the Shuyao Jewelry Company was the place where the incident happened, and that was Qin Shujie's company, so naturally, he didn't want to watch the company being destroyed just like that.

But thinking about what Second Uncle said, regardless of the reason and motive for the outburst Ji Feng understood that Second Uncle must have known why he was there and was afraid that he would have any psychological burden, so he nodded to himself twice and complimented him in passing.

The study was once again silent, Ji Feng was just savoring what Second Uncle had said, trying to figure out if there was any deep meaning in it, while Ji Zhenguo did not rush, but just waited quietly.

Half a long time later, seeing that Ji Feng's expression seemed to have changed a bit, Ji Zhenguo said: "Well, you can think about this matter slowly when you go back, now I have one more thing to tell you."

"Second Uncle, please speak!" said Ji Feng immediately.

“That pharmaceutical factory of yours, it’s not good in your hands!” Ji Zhenguo said indifferently, “It’s against the state regulations, not only can you not take the lead to violate them, but you have to set an example, understand?”

Ji Feng was stunned, to be honest, he had never really heard before that having a pharmaceutical factory under his name would have bad effects, and no one had ever told him. Even this time when he went to Yanjing, his parents had not told him about it, and even, even the old man only nodded slightly after knowing about it, without saying a single word in excess.

Seeing Ji Feng’s very puzzled look, Ji Zhenguo knew that no one must have told him about this. In fact, thinking about it, Ji Feng came from a rural background and was not very familiar with many of the regulations, and it could almost be said that it was a miracle that he was able to struggle to this extent by fighting on his own.

Where would he have the energy to understand these regulations?

Once Ji Zhenguo thought of this, his heart became even more loving towards this child, but he was born with a cold face, naturally he wouldn’t show too much enthusiasm, he just said indifferently, “It doesn’t matter if you don’t know, forget it in the past, let your second brother talk to you properly about this aspect after we go out, you can’t make mistakes in the future, do you hear me?”

Ji Feng immediately nodded his head and said seriously, “I understand, second uncle!”

“Mm!” Ji Zhenguo then nodded his head in satisfaction.

Suddenly, his words changed and he asked, “Little Feng, you’re looking for your aunt?”

“Auntie?!”

Ji Feng was stunned, he did have aunts, and more than one, but they were all in Mang Shi County, and had no contact with his own family for a long time, even Ji Feng had not seen those people for almost ten years, what was the point of looking for them?

Suddenly, Ji Feng’s heart moved, hesitantly asked: “Second uncle, you are talking about Li Yueqin aunt?”

The reason why Ji Feng thought of this was because he saw a hint of difference in the face of his second uncle, it was obvious that apart from his father’s first woman, there was no other woman who could both move his second uncle and be himself as an aunt, only Li Yueqin alone!

As expected, Ji Zhenguo nodded his head.

Ji Feng then smiled: “I feel that I have this need to find her, as well as her child for the same reason that I have already explained to my little uncle, and I believe that my little uncle must have told you as well, right? Second uncle, can you help in the search?”

“You brat!”

When Ji Zhenguo heard this, he couldn’t help but laugh, “You actually got the idea on my head? Since you have spoken to your little uncle, he must have told you what the best person to look for if you want to check?”

Ji Feng's eyes instantly lit up and asked with slight eagerness, "Second, second uncle second brother he, he found someone?"

Little uncle once said, to find someone, it is best to look up the household register, then, the most suitable person to do this thing, is undoubtedly the second brother Ji Shaolei. Ji Feng had also asked his second brother to help with the search, according to what Little Uncle had said, so now since Second Uncle had mentioned this matter, that undoubtedly meant that there should be news on this matter, otherwise with Second Uncle's character he would not have mentioned it.

Ji Zhenguo did not answer immediately, but said, "Go find Shao Lei, remember what I told you!"

Ji Feng was immediately overjoyed and said, "Yes, I remember."

His heart was however filled with a complex emotion of joy and slightly nervousness, second uncle told him to go find second brother, that means there must be news about the matter, but what about after finding them

And, the child of Aunt Li Yueqin, is it a boy or a girl

Will they see you?

Or, how are they really doing now

The first thing I did was to see my second brother, Ji Shaolei, sitting on the sofa smoking a cigarette and fiddling with his mobile phone in his hand, not knowing what he was doing.

Ji Feng immediately smiled slightly, don't look at the second brother's usual character is very jumpy, but he is still very reliable when it comes to things, not to mention other things, just his jumpy with a steady character, is not the general gentry can be compared to.

For example, this time, although the second brother seems to be a big-hearted man, but such a difficult matter, he managed to get it done in a week, this kind of needle in a haystack in his hands is so easy, with the heel of his foot, you can know what kind of character he is!

He was usually naughty, but when it came to business, he was more dedicated and serious than anyone else!

"San'er, come here quickly! "Seeing Ji Feng come out, Ji Shaolei immediately beckoned, let Ji Feng sit on the sofa opposite, handed over another cigarette and smiled: "What did the old man say to you?"

Ji Feng laughed: "You can ask him yourself!"

Ji Shaolei was instantly choked, he grunted, "Brat, even I dare to poke fun at you?"

"I dare not dare!"

Ji Feng waved his hand with a smile, then his expression became serious and asked, "Second brother, you found Aunt Li Yueqin?"

He looked at Ji Shaolei with slight nervousness, waiting for his answer.

Who knew that Ji Shaolei was shaking his head.

Ji Feng was stunned and couldn't help but ask, "What's going on? Haven't you found it?"

"No luck!"

Ji Shaolei couldn't help but scratch his head and said with a bitter smile, "Let me tell you this, well I went through some connections and within this week, checked the population registries of dozens of cities, including Yanjing's of course. But the results of the lookup, but very helpless, they found more than thirty women named Li Yueqin, and those aged between thirty-five and sixty, there are also about twenty."

"There are two more conditions ah, the hometown in the mountainous area, once worked as a shop assistant in a department store in Yanjing!" Ji Feng frowned and asked, "If we add these two conditions, it shouldn't be too difficult to check, right?"

"It's because of these two conditions that it's much harder to investigate!" Ji Shaolei said with a bitter smile, "Because of those previous years, the management of the archives and household registry was really confusing, so of these twenty or so possible ones found, only three or four actually had photos, and most of the others had no photos, let alone files, and only a household registry record! This leaves us with no idea who actually used to work in the department store!"

Ji Feng was dumbfounded: "That's all?!"

Chapter 414

Ji Feng was dumbfounded: "That's all?!"

Ji Shaolei laughed bitterly, "That's the general situation, the rest of these sixteen or seventeen, of which live in the mountains, there are currently six the rest all live in the plains, but their names are all Li Yueqin"

"Isn't there any way to be more specific?" asked Ji Feng, frowning.

If that information alone was all that was available, how was one supposed to find it? Just knowing that these people existed, and that they were all old household registers and old files from the past, not knowing where they lived now nor what they had done for a living in the past, it would be like looking for a needle in a haystack to find out the same!

"The specific method" Ji Shaolei mused, "would be to send someone to the police station in each household registration location to check, and then rule them out one by one. However, such a method is also somewhat less reliable, because no one can guarantee whether she changed her name after she left in the first place, or, whether she returned to her hometown You also know that many cities now have rules that allow you to become a local household as long as you have lived there for a certain number of years, and many places do not even need to go through too complicated formalities!"

Ji Feng instantly had a headache, if that was the case, then it would be really troublesome.

He took a deep breath and said, "Second brother, how about this, I'll also trouble you to send someone to check all of these people's household registration locations, first find out the most likely ones, then we'll start to investigate, if not, why don't I just drive one by one to find them!"

The first thing you need to do is to find out where these people live. ”

After a pause, Ji Shaolei said, “San’er, just do what you said for now, I’ll send someone to find out some of the more likely ones first. ”

The first thing you need to do is to send someone to their domicile to find out some more detailed information, before investigating, don’t hold any subjective assumptions, when the results of the investigation come out, we will then rule them out one by one! ”

Ji Feng was worried, if once he really alarmed Li Yueqin, would she leave immediately, or, would she act in any other way that was too aggressive, this could be very hard to say, Ji Feng naturally would not do such a stupid thing.

The first thing you need to do is to do this, and you will have accurate information for you in three days.
”

Ji Feng immediately smiled and said, “Second brother, that would be hard for you. ”

“Get lost, brat! ” Ji Shaolei cursed with a laugh and added: “Third child, if you really find Auntie Li, have you thought about what arrangements to make? ”

The smile on Ji Feng’s face gradually disappeared as he sat on the sofa and fell silent.

Only after a long time did he raise his head and smiled faintly, “No matter what you do, you always have to live up to your conscience, I’ll make the arrangements! ”

Ji Shaolei then smiled, he knew that with this promise from Ji Feng, if Li Yueqin was willing, she would definitely enjoy the rest of her life in peace and would definitely not be bullied by anyone.

With Ji Feng around, even if Eldest Aunt Li wanted to bully Auntie Li, I’m sure Ji Feng would stand up and stop it!

Of course, Ji Shaolei also knew that although Eldest Aunt was fierce in nature, she was not a woman who would bully people, otherwise, back in Yanjing, those long-winded women would have been bullied to death by her!

By nature, Ji Feng and his eldest aunt were of the same lineage, neither was a bad person!

Having such a very manly cousin, Ji Shaolei was still very happy, if Ji Feng was of the same virtue as Ji Shaoyun or Ji Shaoyou, even if he was of a higher status, Ji Shaolei would definitely not shake him off or even give him a good look.

“Alright, I’ll send someone here! ” Ji Shaolei laughed, took out the phone and started making arrangements.

Ji Feng didn’t care either, he knew that Ji Shaolei must have no problem doing things, so he simply wandered around Second Uncle’s house, Second Aunt had gone to buy vegetables and hadn’t come back yet, there were only two people in the house, Second Uncle and Second Brother, Ji Feng wandered around for a while and then sat on the sofa again.

In fact, Ji Feng didn't have the heart to hang out right now, he was full of thoughts about finding Li Yueqin.

In fact, sometimes, finding someone wasn't that simple, especially when you didn't know the address and didn't know where the person was, it was even more complicated.

Ji Feng pondered carefully, hoping that he could come up with any good ideas or find a suitable way to find Li Yueqin and her child in the shortest possible time, because no one knew what would happen in the next minute, and the sooner he found them, the sooner Ji Feng would be able to put his mind at ease.

He thought carefully about the fact that Li Yueqin came from a mountainous area, came to Yanjing in those years, worked in a department store and met her father

Age!

Ji Feng suddenly lit up, it seemed that from the beginning, he and his second brother had overlooked the biggest problem, they did not know Li Yueqin's age, and the younger uncle did not go into detail, so the two of them, Ji Feng and Ji Shaolei, were only relying on their own deduction that Li Yueqin should be between thirty-five and sixty years old!

Since their father, Ji Zhenhua, was only in his forties now, and since Li Yueqin had been able to get together with her father in the first place, it meant that there was not a big difference in their ages.

It was with this guess that Ji Shaolei began to look for a woman in this age group and named Li Yueqin.

However, if the age could be made more precise, wouldn't it be much easier to find out?

Thinking of this, Ji Feng immediately stood up, quickly walked to the door of the study and gently knocked on the door.

"Come in!" Second Uncle Ji Zhenguo's voice rang out, and Ji Feng immediately pushed the door and walked in.

"Second Uncle, I have a question to ask you." said Ji Feng, "Well I want to know, how old is Auntie Li exactly?"

Speaking of this question, Ji Zhenguo also froze, he shook his head slightly and said, "Actually, I'm not very clear!"

"Hm?"

Ji Feng couldn't help but stare, second uncle didn't know either?

"At first, your father was trying to rebel against the old master's arrangement, so that's why" Ji Zhenguo's words were rather vague, obviously not wanting to talk much about the rights and wrongs of the old master and big brother, "Later on, it wasn't until the old master talked to her that we this The rest is not too clear!"

Ji Feng nodded slightly, but in his heart he laughed bitterly, it was not because the youngest uncle was unclear at that time, but because he also did not know the details of what happened.

When he left the study, Ji Feng returned to the living room, Ji Shaolei had already finished the phone call, he smiled: "Three children, people have all been sent out, there should be news soon, there is no need to rush."

Ji Feng laughed: "Actually, I'm not in a hurry, I just think things are clueless, it's very difficult to investigate, it's a bit of a head scratcher"

"Don't worry, the person will always be found, it's just a matter of time." Ji Shaolei said.

Ji Feng waved his hand with a smile and said, "Let's not talk about that, second brother, how are things going with you and Xiang Yurou?"

As soon as Xiang Yurou was mentioned, Ji Shaolei shook his head helplessly and laughed: "It's still the same, she's gone back to the army, although we usually have occasional phone contact, but the relationship is not progressing very fast, unless I can beat her!"

Ji Feng instantly smiled, with such a sister-in-law, in the future, the second brother obviously will not have such a comfortable life as he is living now, but he is still happy by preference, this is perhaps what a happy couple looks like!

"Right, San'er, tell me about the matter of Jardine House, you kid is really too fierce, it is said that dozens of armed robbers were all restrained by you?" Although Ji Shaolei had heard about the inside story, he was after all an outsider and didn't know much about the specific situation, only that Ji Zhenguo had casually said a few words when he praised Ji Feng.

But Ji Shaolei took it to heart, boy, dozens of armed bandits, what concept is that? This was not a movie, the other side had guns!

Ji Feng laughed: "It's not that exaggerated, it's not just me, there are four other people, they are the main force."

Ji Shaolei immediately nodded: "You're talking about those four mercenaries, right? They are indeed very good."

"You've met them?" Ji Feng asked in surprise, listening to Ji Shaolei's tone, it seemed that he was familiar with the four Yi Xingchen.

"Haven't met them, but I've heard people talk about them, it's said that the four of them stayed in the country and set up another security company of some kind, although they haven't officially opened, but with their performance in the Jardine Mansion robbery incident, it's said that many people are already planning to hire their company to take care of security work!" said Ji Shaolei.

Ji Feng couldn't help but stare, those four people had actually stayed behind and set up a security company?

Thinking of Yi Xingchen's four hands, Ji Feng couldn't help but secretly nod his head, if they were in charge of security work, he thought there must not be much of a problem.

The two of them chatted for a few more minutes, and Ji Feng didn't care about this anymore, after all, he didn't think he would have too many encounters with the four of them in the future.

Soon, Ji Shaolei proposed to go and sit in the clubhouse, he was all uncomfortable with the old man at home.

Ji Feng couldn't help but laugh dumbly, but he didn't refuse either.

After greeting Ji Zhenguo, Ji Feng was led by Ji Shaolei to a clubhouse, but when Ji Feng saw the name of that clubhouse, he was stunned.

"Spring River Flower Moon Night?" Ji Feng frowned slightly, this name was very familiar Right, it seemed that the first time he met Ji Shaolei was in this clubhouse, and, at that time, Qin Shujie and his ex-husband Zheng Haoyu were also there, and there was some misunderstanding in the middle.

"Let's go!" Ji Shaolei saw Ji Feng's expression and knew that he must have remembered, so he couldn't help but laugh and lead the way towards the inside.

Ji Feng shook his head with a smile and followed suit, but when he walked through the hall, he suddenly saw a girl wearing a waitress's overalls and he frowned.

"Hu Xuehui?!"

Chapter 415

At this moment, Hu Xuehui was wearing a cheongsam, the uniform dress of a waitress at the Spring River Flower Moon Night Club. If it wasn't for the habit of observing the environment first when you arrive at a place, Ji Feng wouldn't have seen Hu Xuehui.

She was carrying a tray, serving food to some customers in the lobby, busy back and forth, where was there any semblance of a student's appearance?

Ji Feng couldn't help but frown slightly, Hu Xuehui was actually working here as a waitress?

This was something he had not expected. In his impression, Hu Xuehui should be dressed up in a very fashionable way, following behind her rich brother-in-law and her sultry sister, thinking all day about what luxury items to buy or where to go for fun, how could she be working here as a waitress?

The first thing you need to do is to think about things, Ji Feng's footsteps can't help but slow down a lot, Ji Shaolei immediately noticed the difference, he couldn't help but ask: "Three children, what's wrong?"

Ji Feng came back to his senses, shook his head slightly and smiled, "Nothing, I saw an acquaintance."

"An acquaintance?"

Ji Shaolei was stunned and immediately followed Ji Feng's gaze, but he only saw a few waiters walking back and forth, either that or customers who were joking around.

He laughed, "San'er, are you really seeing someone you know? Or are you looking at those waiters?"

Most of the waiters in this club were of medium or above posture, or at least not too ugly per se, or else they would certainly not have applied for the job.

In addition, these waiters were all wearing high-cut cheongsams, and their snow-white thighs were exposed, so if they stood in a row, they were still very eye-catching.

Some of the waiters were tall and wore cheongsams to emphasize their bumpy figures, which was also very beautiful.

Therefore, in Ji Shaolei's opinion, this kid Ji Feng must have walked away because he saw the snow-white thighs of others.

Ji Feng smiled, then shook his head bitterly and said in a good-natured way: "I am such a person in your eyes?"

Ji Shaolei bristled, "You think you're still some kind of good guy, huh? Two girlfriends at a time, and also live together, this is a good person should do things?"

"....." Several black lines appeared on Ji Feng's forehead, but he was speechless, in fact, what he did was really not what a good man should do, at least, not what a good man should do. However, it was obvious that these things could not be explained to Ji Shaolei, so he simply shook his head and laughed, and stopped talking.

At this time, a waitress immediately walked over with a smile and asked politely, "How many gentlemen? Do you have a reservation?"

Ji Shaolei immediately took out a card and handed it over.

"This way please, sir!"

When the waiter saw Ji Shaolei's card, his smile became even more enthusiastic, this was a VIP card in the club, even at the time when the boxes were the most tight, if a VIP came, the spare box would be opened directly, obviously these two young people were not simple, the waiter naturally did not dare to be negligent.

"I say, second brother, how come you have a membership card for every kind of place?" Ji Feng couldn't help but ask with a smile.

"I can't help it, in business, you have to entertain a lot, so naturally you have to always have some membership cards." Ji Shaolei laughed.

Led by the waiter, the two of them arrived at a private room on the first floor.

"San'er, just order what you want to eat!" Ji Shaolei said with a smile as he handed over the menu directly, while throwing over a cigarette.

"Whatever, just as long as you can eat!" Ji Feng didn't have too much of a preoccupation with eating, as long as it wasn't too difficult to eat and could fill his stomach, it was enough.

Ji Shaolei also hated ordering food, he turned his head to the waiter and said, "Just serve three or four special dishes, and be quick!"

"Okay, you two please wait a moment!" The waiter immediately nodded and smiled, and quickly retreated.

The word casual might be difficult for many restaurants, but for a club like Spring River Flower Moon Night, it was naturally difficult for them. Because many guests usually don't know how to order, the clubhouse has a few special set menus to cater to those who order casually.

For these, Ji Feng and the two of them didn't pay much attention to them, they just chatted casually.

"San'er, the matter of that pharmaceutical factory under you, the old man has told you, right?" asked Ji Shaolei suddenly as he smoked a cigarette.

Ji Feng nodded slightly and said, "Mentioned a few things."

Ji Shaolei laughed, "This matter is simple to say, and troublesome to say. In fact, what you lack now is just an identity."

"How do you say that?" Ji Feng asked with some confusion.

Ji Shaolei explained: "In fact, it's just because you don't know much about this, let me tell you this, the state once had a clear rule that immediate family members of cadres are not allowed to engage in business, unless you have an identity that speaks for itself, so you understand, right?"

"A justifiable identity?" Ji Feng couldn't help but laugh, "just like you?"

"That's right!"

Ji Shaolei hemmed and hawed, "Otherwise, I could only stay honestly at home or do some other camp."

Ji Feng then understood, no wonder the second brother was already a divisional leader at the age of twenty-something, it was because of this one rule of the state.

But after thinking back, Ji Feng couldn't help but frown a little, he asked, "Since there is such a regulation, doesn't that mean that I have to transfer the pharmaceutical factory out? Also, I remember that on the side line side, there seems to be quite a few people who are in the shopping mall, how come they are allowed to?"

What Ji Feng was most worried about was the pharmaceutical factory in his hand, if he had a pharmaceutical factory under his name according to the state's regulations, it would naturally be against the rules, and what Second Uncle said to himself this morning was undoubtedly a knock on him.

However, without the pharmaceutical factory, or rather, without the company in his hands, Ji Feng would not have any way to implement his plans, and the vast amount of knowledge and technology of the Gamma system in his head, would certainly not be able to be implemented quickly.

Ji Shaolei but waved his hand and laughed: "In fact, this problem is very good to solve, or that, you can not think of a way, but also just because you do not understand this aspect so to speak to you, Li Weidong you should be familiar with it, why he can run a clubhouse?"

"Yes, why?" Ji Feng was a bit puzzled. He couldn't figure it out, not because his brain was too stupid, but because his eyes were not broad enough and his exposure to things was still too little.

Ji Shaolei laughed: "It's actually very simple, because the name registered and filed in the clubhouse is not Li Weidong, but someone else Li Weidong just hangs a consultant or some other insignificant position in it, but everyone knows that this clubhouse is Li Weidong's"

Ji Feng suddenly realized: "That registered name, is his spokesman! "

Ji Shaolei nodded with a smile and waved his hand, "In fact, this is not a secret at all in the circle, everyone knows it by heart, but it's just a strategy to avoid it. Everyone is playing, only some of the tactics are clever, some are more direct. "

"I see! "

Ji Feng's face could not help but reveal a smile, "I can also find a spokesman and transfer the pharmaceutical factory to his name, I just hang an insignificant position in it, in this way, all the risks are avoided, in fact, it is still the same as running it myself! "

"Clever! " Ji Shaolei gave a thumbs up and praised. He couldn't help but admire Ji Feng's cleverness, although in his circle, such tactics were already well known and many of the public knew about it, but Ji Feng was different, his origins dictated that his eyes would not be too wide, but he himself was a little bit transparent, which was enough to see how lively his mind was.

"San'er, finding a spokesperson is no problem, but there is one thing I have to remind you, this person you are looking for will not bite you at least once, got it? " Ji Shaolei added, "There are quite a few people who have fallen for this, so you must be careful! "

Ji Feng smiled and nodded his head, saying, "I will pay attention. "

He knew that his second brother was right in reminding him that if the spokesperson he found was extremely ambitious, or even a ruthless person, then it would be dangerous.

Since all the properties were in that person's name, it really couldn't be easier for him to move anything if he wanted to.

Ji Shaolei then laughed, "Alright, let's not talk about that, let's talk about something else. "

"Knock, knock, knock! "

Just then, there was a knock on the door of the compartment and several waiters came in with a fish.

Ji Feng immediately frowned, his gaze, fell on one of the waiters, his heart sighed lightly, I never thought I would still run into it!

One of the waiters, was none other than Hu Xuehui!

Clatter~!

The plate fell to the ground, instantly shattering into pieces, and the dishes in it spilled out all over the place.

It was as if Hu Xuehui had been cast in a stance, standing dumbfounded at the entrance of the compartment, her face pale, a complex and embarrassing look in her eyes. The plate had fallen from her hand, but she just stood there as if she was unaware of it.

The other waiters were also startled, and one of them hastily apologised: “Sorry, sorry, I’m really sorry, please don’t be offended, we’ll clean it up and serve you another plate!”

She immediately turned her head and whispered, “Hui Hui, apologise quickly!”

Hu Xuehui, however, looked at the figure in the box as if she hadn’t heard it, and her heart was filled with an extremely complicated and unexplainable feeling of sourness.

The face of Ji Shaolei sank, he frowned and asked: “Is this waiter stupid?”

After doing something wrong, he still dared to stand in the doorway in such a grand manner, how is the job done?

Chapter 416

“Hui Hui, hurry over and apologize!”

Seeing Ji Shaolei’s face sink, a waiter hurriedly ran to the door and gently pulled Hu Xuehui’s arm, “Hurry up, these two are VIPs, don’t make them angry!”

But Hu Xuehui seemed to be a wooden person, standing there without moving, only the face was constantly changing, a blue burst of white, looking extremely embarrassed, wanting to turn around and leave, but not daring to just leave, seemed extremely difficult.

Ji Shaolei immediately frowned, glaring at Hu Xuehui, impatiently said, “All right, all right, since she is not willing to apologize forget it, hurry up and clean up the place!”

“Yes, yes!”

A waitress hurriedly ran out and quickly took a mop and some tools and hurriedly cleaned up all the spilled dishes on the floor, while apologising, “Gentlemen, I’m really sorry, Hui Hui is new here, so she’s clumsy, don’t be offended.”

She hurriedly pulled Hu Xuehui and whispered, “Are you stupid, do you still want this job or not? Apologise quickly!”

This waitress had been working here for over a year, and she naturally knew that some guests appeared generous on the surface, but in reality, they were all very petty, and many would even call the manager or boss directly in order to show their status and position.

In order to show their status and position, many of them would call the manager or the boss directly. With just one word from the guests, these waiters might have worked for nothing for a month, and sometimes they might not even be able to keep their jobs if they encounter excessive guests.

The wages paid in the club are not low, and in this metropolis with its high consumption level, it is not easy to find a well-paying job, so naturally the waitress did not want to see Hu Xuehui fired right after she arrived and even lose money.

However, Hu Xuehui bit her lips, turned around and left, not leaving a single word, let alone to the money.

“Bang!”

Ji Shaolei slapped the table with a fierce slap, his face completely sunken, and he was even outright pissed off: “Is this a waiter or a thousand-year-old lady? If you don’t apologise for doing something wrong, just don’t apologise, who are you showing your face to?”

Ji Shaolei had really not intended to take it personally, so it was fine if he didn’t apologise, he naturally wouldn’t bother with a waiter in general, let alone deliberately making things difficult for the other party.

However, this waitress’ behaviour was a bit outrageous, breaking the plate and spilling the dishes, and that was fine. However, she actually walked away, what is this?

The other waiters hurriedly apologised and couldn’t stop smiling.

Ji Shaolei looked even more annoyed, and he hummed: “What? In your eyes, am I such an unreasonable person? Is it that scary?!”

The other waiters looked at each other, naturally they did not dare to say yes.

“Alright, alright, let’s all go, I don’t need any service here either!” Ji Shaolei waved his hand helplessly and couldn’t help but shake his head, “This waitress is really bullish, a good meal ended up being spoiled by her!”

I’m afraid no one would be in a good mood if they encountered something like this, especially when they are in a good mood and suddenly a waitress with an extremely bad attitude comes, it can simply blow up one’s lungs.

Ji Shaolei did not get angry on the spot, connotation is already considered very good.

“Then, two gentlemen, please enjoy your meal!” A slightly older waiter said in a low voice, and then a few people quickly retreated.

Ji Shaolei shook his head slightly and said, “This is really San’er, let’s eat, let’s hurry up after eating, it’s really a spoilsport!”

Ji Feng, however, did not say anything, just picked up the cup of tea on the table, gently took a sip and sighed lightly.

“What, no more interest in eating?” Ji Shaolei asked with a smile, “Forget it, waiters with a bad service attitude can be seen anywhere, if you get angry with them, then you better not go out to eat in the future!”

Ji Feng shook his head with a smile and said, “Let’s eat!”

“That’s right, we can’t let a waiter spoil our fun.” Ji Shaolei laughed, “The specialties here are still very good, I know you kid can eat a lot, have some more.”

Ji Feng smiled lightly and didn’t say much, he just smothered his head and ate.

Looking at Ji Feng's appearance, Ji Shaolei couldn't help but frown slightly and said, "San'er, why do I feel that something is wrong with you, is there something wrong with you? Still thinking about that waiter just now?"

Ji Feng nodded with a smile, "Yeah, still thinking about her!"

"I say you kid" Ji Shaolei stared at him in a good-natured manner and said helplessly, "Can you behave yourself? That waitress is a bit pretty, but look at her like we owe her millions. How can you even think of such a woman? How about this, if you really want to, brother I happen to know some starlets, I'll call them over and let them keep you company, how about that?"

Ji Feng immediately laughed bitterly: "Where are you thinking, I don't have that intention, call stars, let them come to keep you company, I can't afford it!"

Ji Shaolei hummed, "San'er, do you think brother is blind? You look so out of place, can't I see it? Since you're not thinking about that waitress, what is it about?"

Ji Feng pondered for a moment, shook his head and laughed, "That waitress just now, her name is Hu Xuehui, I didn't expect to actually run into her here!"

"Who?!"

Ji Shaolei was stunned, and then he frowned and asked, "You just said her name was Hu Xuehui" I remember your first girlfriend seemed to be called by that name" Holy shit! It can't really be such a coincidence, right? That waitress just now, that was your first girlfriend?"

Ji Shaolei couldn't help but stare, no wonder that waitress dared to be so arrogant, no wonder Ji Feng's face looked so wrong, it turned out that the arrogant and raging waitress was actually Ji Feng's first girlfriend

"It's just such a coincidence!" Ji Feng shook his head and laughed, but he didn't know what to feel in his heart.

"That's not right, I seem to remember you saying that this woman called Hu Xuehui, doesn't she have a sister in Jiangzhou and her brother-in-law is still some big boss" How come she's working here as a waitress?" Ji Shaolei couldn't help but ask in confusion.

Ji Feng spread both hands: "Or, you should go ask her!"

"I'm sick, huh?!" Ji Shaolei suddenly hummed.

Ji Feng instantly laughed and said, "Second brother, let's eat, it's all in the past and I've long forgotten about it, don't let her spoil our fun!"

"....." Ji Shaolei stared at Ji Feng carefully, trying to find evidence of lying on his face, but what he saw as a result was the frankness of Ji Feng's face.

"Still you're a bull!" Ji Shaolei couldn't help but laugh, "If it were me, I definitely wouldn't be able to act so naturally when I met my previous girlfriend."

"That's because you haven't really forgotten!" Ji Feng laughed.

“Let’s eat and eat!”

.....

Spring River Flower Moon Night Club, the front desk manager’s office, Hu Xuehui was called over.

The front desk manager was a woman in her thirties, although she wasn’t exactly pretty, she had the air of a capable and shrewd strong woman, and these waiters and some of the foremen, were all very afraid of her.

The front desk manager looked at the pale Hu Xuehui and asked with a frown, “Hu Xuehui, what is going on here? I heard your foreman say that your service attitude is very bad, not to mention breaking the plates, and even refusing to apologise?”

Hu Xuehui lowered her head and didn’t say a word, but her mind always involuntarily recalled the scene just now, that boy who was once worthless in his eyes, was now sitting in a box in a high-class club with grace and elegance, they didn’t even order the food, but directly asked the club to serve a set menu, no doubt, nowadays he was different from before and had become a rich man!

Of course, he could also be pretending to be rich by pretending to be very rich and coming here to show off or to show off, but even if he was pretending to be rich, he had to have the capital to do so!

In Hu Xuehui’s mind, the boy who was wearing clothes with patches and had some low self-esteem came back to her, was that really him who was sitting in the box just now?

“I’m talking to you, do you hear me!” The front desk manager looked at Hu Xuehui’s dumbfounded look and couldn’t help but feel angry in his heart, when this girl came to apply for the job, she didn’t behave like this, she was not qualified to apply for the job because she had no work experience, not to mention she had never done a similar job.

However, this girl was begging and pleading, hoping that she could give her a chance.

It was because of this that he had agreed to her.

But now, she was actually behaving like this!

“Hu Xuehui, I’ll ask you one last time, did you just have a conflict with a customer? And served in an extremely bad manner?” The front desk manager asked again, “If you don’t answer the question, then from tomorrow onwards, you don’t have to come to work, I think, as the front desk manager, I still have this right!”

“Ah!”

Hu Xuehui looked up in a panic and said in a panic, “Su, Manager Su, I, I was wrong

“You’re finally willing to talk?” Manager Su grunted and asked with a sullen face, “What the hell is going on? Why did you apologize to the customer for breaking the plate? Is it so hard to say an apology? When you first begged me to keep you, what did you promise? You said you would do as you were told, but what have you done now?”

Hu Xuehui's face was incomparably embarrassed and red with shame, almost dripping with blood, she opened her mouth, but she wanted to say something but couldn't.

"If you have anything to say, just say it!" Manager Su said, in fact, she was still satisfied with Hu Xuehui, the little girl came here, willing to suffer, willing to work, and rush to do a lot of things, but I don't know if she was on the wrong medication today, or what kind of nerves she had, she actually dared to start a conflict with the customers!

"In that compartment, there is a man that is my former boyfriend!" Hu Xuehui still gritted her teeth and said, but in her heart she was ashamed beyond measure, the word boyfriend made her feel like her face had been torn off!

"Your former boyfriend?" Manager Su was also taken aback, she couldn't help but ask: "Your boyfriend can sit in the VIP box, obviously he's not an ordinary person, then why did you still break up with him? Was he a philanderer? Or did he treat you badly?"

Hu Xuehui was dying of shame!

Chapter 417

Hearing these consecutive questions from Manager Su, Hu Xuehui was almost ashamed and wanted to find a crack in the ground.

Was Ji Feng a philandering man? Or did he treat himself badly? Or maybe he had other flaws?

These questions, let Hu Xuehui simply do not know how to answer, in fact, she has already given herself an answer in her heart, these faults, Ji Feng does not have, when he was with himself, he can be said to have taken good care of himself, and never even half a point of disobedience, let alone said a heavy word Moreover, with his family situation at that time, as well as that ordinary appearance, even if he was philandering, who would be willing to follow him?

Hu Xuehui's heart was filled with bitterness and sourness, it was because of his family that she chose to leave him in the first place, and now she can actually think of that It's ridiculous!

In fact, when Hu Xuehui saw with her own eyes that Ji Feng had cut out the heavenly jade at the original stone fair, her heart seemed to stop.

Over 40 million!

Even for her burgeoning brother-in-law, this was definitely not a small amount of money, and even, adding up her brother-in-law Wu Changqun's entire company, it was only about fifty million dollars, while Ji Feng, however, had only used just one day to earn all this money!

Frankly speaking, when it was Hu Xuehui was not without regrets or heartburn.

With tens of millions in hand, I believe that with Ji Feng's character, as long as she was willing to turn back, Ji Feng would certainly not hesitate to give her a large sum of money, or at least, to do whatever she was told!

In retrospect, Hu Xuehui felt that she must have been blinded by lard at that time, otherwise, how could she not have regretted it at that time?

However, not only did Hu Xuehui not regret, but she also felt a sense of jealousy and injustice towards Ji Feng for getting so much money for no reason, and she had even wondered several times in her heart whether this poor bastard would go crazy with joy after suddenly getting such a large sum of money!

When she thought of this, Hu Xuehui's face was full of shame, and her heart was so embarrassed that she didn't know what to do, let alone how to resolve the bone-chilling embarrassment in her heart!

"Hu Xuehui, you don't want to apologize, is it because you can't wipe your face?" Seeing Hu Xuehui's red face, Manager Su seemed to have thought of something and couldn't help but say, "Xiao Hu, you also know that the club is open for business, and your ex-boyfriend and his friend are sitting in the VIP box, if they must hold you responsible the club may not be able to protect you! "

Hu Xuehui lowered her head but did not know what to say, although she did not know what Ji Feng's status was, she did know that he was now long gone, a person with tens of millions of dollars was not uncommon in Jiangzhou, and there were even many with hundreds of millions and billions.

However, there were not many rich people who could use the VIP box at the Spring River Flower Moon Night Club!

Although Hu Xuehui had only come to the club as a waitress for less than a month, she understood that the club strived to create a club with high quality and service, and for the average rich people, they could only use the lobby or the ordinary boxes at most.

Only those with real status would be issued VIP cards, which were not sold but given away, and were personally given by the boss, which was enough to show what status the person using the card had!

At the very least, that was someone the boss valued!

In fact, Hu Xuehui had had a slight suspicion before, although Ji Feng had suddenly made tens of millions of dollars, it was not that easy for him to sit in that VIP box, his wallet could bulge up, but his status and position might not change, so, was the reason why he could use the VIP box because the person he was with was of high status?

But on second thought, Hu Xuehui couldn't help but curse herself for being an idiot, since Ji Feng could sit in the VIP box with that person, for whatever reason, it was enough for Ji Feng's status to rise with him!

They that status want to pursue themselves surely no one will be able to bail them out!

Moreover, if Ji Feng still remembers what he said about him being a wild seed before and deliberately wants to make things difficult for himself Hu Xuehui doesn't dare to think about it anymore, what she has seen and heard during this period of time makes Hu Xuehui deeply understand that Jiangzhou is indeed an extremely prosperous international metropolis, but it is also a place that eats people without spitting out bones.

With her own nothing status, even if Ji Feng just moved one thought, she didn't know what she would end up in!

"Manager Su, I won't make it difficult for you, if they really pursue this, I'll resign voluntarily" Hu Xuehui's face changed and she gritted her teeth and said.

In saying this, Hu Xuehui's heart was sour beyond belief, when did she ever need to look up to Ji Feng?

Just because he might be unhappy and might pursue the matter, he had to be prepared to resign Hu Xuehui only felt her nose sour, her heart was unbearably blocked, and she couldn't help but have tears in her eyes.

"Childish!" Manager Su hummed and said, "Can resignation solve the problem? If they want to deal with you, as long as you are still in Jiangzhou, they can deal with you at any time, so what if you resign?"

"Then, what should I do then?" Thinking about how she had treated Ji Feng in the past, Hu Xuehui immediately panicked, she knew very well that if she switched places with Ji Feng, she would never let go of the person who had once given her insults via, or at least, would definitely humiliate the other party.

The current Ji Feng is not what he used to be, so how could he easily let himself go?

The fact that Ji Feng had not said a word in the box just now obviously meant that he was still holding a grudge against himself!

The moment she thought of this, Hu Xuehui suddenly panicked.

Seeing Hu Xuehui's panicked look, Manager Su said, "Now that things have come to this point, there is no good way, it is better for me to take you to make amends with someone, if he can forgive you it is better to say something, if not you only have to be prepared to resign!"

Swish!

Hu Xuehui's face paled as she pleaded, "Manager Su, is it, is it that even your face is not good enough?"

Although she had only been here for less than a month, she had already heard people talk about it, Manager Su seemed to have an unusual relationship with the big boss, and thought that with the boss's energy in Jiangzhou, that Ji Feng wouldn't dare not give face!

But Manager Su shook his head and said: "Do you really think that our Spring River Flower and Moon Night Club is omnipotent in Jiangzhou? I tell you, there are many big people with energy in Jiangzhou, we still don't know what the other party is, if he's too big, I'm afraid even the boss will have to come out and make amends"

Hu Xuehui was stunned beyond belief, while her heart was also incomparably shocked, is this the world of those big shots?

Once they encounter trouble, they don't even need to say half a word, those who have offended them are terrified and have to come out in person to make amends to tide them over She suddenly remembered again, isn't this what she is like now? The fact is that you have met your ex-boyfriend, you broke a plate in a panic, and now you have to suffer from this panic, and you even have to ask Manager Su to follow you and try every way to take you to make amends!

At this moment, Hu Xuehui suddenly realized that it turned out that Ji Feng had somehow claimed to be a big shot that she had to look up to, while she, however, was just a ridiculous clown.

“Let’s go, don’t fret, while those two guests haven’t left, let’s hurry up and apologize, if we wait for them to leave, the consequences won’t be easy to say!” Manager Su immediately walked out of the office, before going upstairs, she took another bottle of red wine from the counter and another glass, before leading Hu Xuehui upstairs.

.....

“San’er, you still call this a lack of heart?” Looking at Ji Feng that started smoking after simply taking two bites, Ji Shaolei couldn’t help but hum, “Since that woman treated you like that in the first place, why did you”

Ji Feng smiled and said, “I really don’t have a heart, second brother, to give people time to apologize well, we are eating here, it’s always not good!”

Ji Shaolei was stunned, then laughed and asked, “You’re just sure someone will come to apologize? Just now, that Hu Xuehui didn’t say a word and turned around and left!”

Ji Feng waved his hand and laughed, “That’s because she couldn’t face it and couldn’t pull it off, but her superiors certainly wouldn’t have done that, otherwise, this club wouldn’t be doing so well!”

Ji Shaolei laughed: “Then fine, we’ll see if someone will come to make amends or not you kid is just too soft-hearted.”

At the end of the sentence, Ji Shaolei could not help but complain again.

Others might not be clear, but Ji Shaolei was aware of Ji Feng’s purpose for doing so.

The reason why Ji Feng would eat two bites and then stop, deliberately leaving time for the people from the Spring River Flower Moon Night Club to have time to make amends, in fact, in the end, he was still thinking about Hu Xuehui.

If they didn’t leave the clubhouse people the opportunity to apologize, then the clubhouse people would definitely think that the two of them were angry, and the only thing they could do then would be to deal with Hu Xuehui, thus achieving the goal of pleasing themselves and Ji Feng!

At the end of the day, Ji Feng was still not ruthless.

Ji Shaolei thought to himself, if it were up to him, not to mention anything else, he would at least get the club to fire Hu Xuehui first.

Ji Feng also just shook his head with a smile and said, “It’s just as well that I didn’t see it, now that I know, I naturally won’t let others bully her in front of me This is not for her, but for myself.”

Although Hu Xuehui and he no longer have any relationship, but after all, the two had a previous affair this is an indisputable fact, if someone dealt with Hu Xuehui under Ji Feng’s nose, he naturally could not look at it.

This is just like, if a couple is divorced, the man who sees his ex-wife being molested by another man with impunity will not feel good in his heart as well.

It’s not because of anything else, but a man’s possessiveness, and likewise an expression of dominance!

“Knock, knock, knock!” There was a knock on the door of the compartment, Ji Feng put out the cigarette in his hand and calmly said, “Come in!”

Chapter 418

Hearing the calm voice coming from the box, Manager Su couldn't help but secretly breathe a sigh of relief in his heart, fortunately, these two VIPs didn't seem to be angry, of course, this could also be because they have better connotation, so even though their hearts are extremely angry, but their faces won't show it.

“Xiao Hu, always remember, when you see them again later, make sure you act polite, if your boyfriend your ex-boyfriend is really from a great place, if you act very polite and pretend to be a stranger, he may not be happy enough!” Manager Su instructed in a low voice.

Hu Xuehui was stunned and somewhat did not understand what Manager Su meant.

“You just do what I say directly, you don't need to understand now!” Manager Su said indifferently, and with a whirl she pushed open the door of the compartment.

In fact, having seen all kinds of guests, Manager Su's understanding of human nature was naturally much deeper than Hu Xuehui's perception.

There were many people who did not want others to know about their past.

Especially some people who do not come from too good a background, in front of outsiders, he will always try to hide his past as much as possible, or rather whitewash his past. Even if he used to be a beggar, now he will say that he used to be the leader of the beggar's gang, this is a kind of whitewash.

The reason is actually very simple, ordinary people, almost all want to be a big shot, to be a rich man. However, anyone has a circle, the rich have a circle of rich people, businessmen have a circle of businessmen, the higher the rank of the circle, the more the people inside may care about their past and present status.

The more senior circles are known as the upper class.

Those so-called upper class people in it place even more value on their status, sometimes they value face more than life, and face is what drives them to survive.

For this reason, many so-called upper-class people, especially those with a shameful past, will try to whitewash their past or make excuses for some ridiculous behaviour in the past, or even, in some cases, simply never mention it.

It was because those things, given their current status, were too humiliating and incompatible with their status. Although at that time, if they had not gone begging, if they had not gone stealing or done begging for something extremely disgraceful, they would probably have starved to death, not to mention the scenery they have now, but they just did not want to mention it.

Manager Su has seen such people really too many times, so she knows very well that once Hu Xuehui acts extremely polite and pretends that she doesn't know the other party, or rather pretends that the other party has misidentified the person, that might have an unexpected effect.

Of course, there is a prerequisite that Hu Xuehui's ex-boyfriend does not come from a very good background, otherwise, those who come from a good family would definitely not mind people talking about his past and family background.

There are even many sons and daughters of worldly families who open their mouths outside and say something about how our family is doing, which is a kind of showing off and certainly not deliberately trying to hide it.

However, since the person sitting in the box now is Hu Xuehui's ex-boyfriend looking at Hu Xuehui's current dress and living situation, it is clear that her so-called ex-boyfriend, who must not have come from a good background, may have had some kind of chance or met some big shot later on, and soared to great heights.

Such people, obviously, cannot be compared to those real sons of the family, who prefer to hide the ignominious past that belongs to them.

Only, there was not so much time now, Manager Su simply did not have time to explain these reasons to Hu Xuehui before she pushed the door directly and walked in, so she just urged Hu Xuehui to do what she said.

Watching Manager Su's elegant figure enter the box, for a time Hu Xuehui's heart was mixed with a hundred flavors, sourness, bitterness, and shame to name a few.

At the same time, through this matter she also saw that how unaware she was of the outside world, even many of the techniques of speaking, she did not know, in vain she used to think how great her brother-in-law was in Jiangzhou, but now she realizes that the previous self was so ridiculous.

The moment she thought of what happened in the past, Hu Xuehui felt as if all her strength had been drained from her body, and she didn't even dare to enter the box again. She was really afraid of facing that familiar face of Ji Feng, because that would make her feel like she was really an extremely shameless person, moreover a woman with shallow insight and no sense of shame!

"Come in quickly!" Manager Su saw that Hu Xuehui hadn't followed, her face sank, what the hell is wrong with this woman, rotten to the core?!

Hu Xuethui immediately came back to her senses, gritted her teeth and still followed behind Manager Su and entered the box.

The first thing she saw was the calm side of Ji Feng's face, he was eating at the moment, although he seemed to be eating a bit rudely, without any semblance of decency, but Hu Xuethui felt that this way of eating was some real manliness. Ji Feng was sitting there, and his whole person exuded an extremely calm and steady aura, which made his big mouthful of food look even more manly

It suddenly occurred to Hu Xuehui that if it was in the past, when she saw Ji Feng eating like this, she would have cursed him in her heart for being a poor and wild bastard who hadn't eaten, right?

In fact, Hu Xuehui knew that this was how Ji Feng used to eat, wolfing down food so fast that it really was as if he hadn't eaten in days!

But the identity of the person is different, the place where he sits is also different, the same action, but gives a completely different perception Hu Xuehui felt that she was really blind before, or at least had water in her head, otherwise, not satisfied with the breakup is all, why would she tell others that Ji Feng is an illegitimate son?

However, just as Hu Xuehui was mulling over the matter in her mind, she suddenly heard Manager Su say in shock, "Ji, Ji Shao?!"

Hu Xuehui was stunned and looked up sharply, but saw that Manager Su's competent and unsmiling face was filled with a strong look of astonishment at this moment, and with her mouth open, she was actually frozen there for a moment.

Hu Xuehui hesitated for a moment, but quietly stepped forward, touched Manager Su's arm without a trace, and quietly said, "Manager Su"

Only then did Manager Su suddenly react and said in a panic: "Ji Shao, I really didn't expect it to be you, why didn't you say hello in advance so that I could arrange a luxury box with you, you are sitting in such a place, the boss will definitely blame me when he finds out!"

Ji Shaolei smiled at once: "So it's Mr. Su, it's been a long time. However, I don't believe you when you say the boss will blame you, your boss will blame no one but you."

Manager Su immediately blushed slightly, but quickly returned to normal and smiled, "Young Ji, there is no need to flirt with a woman like me as soon as we meet, is there? This is not the style of your young Ji!"

Ji Shaolei smiled and waved his hand, saying, "Alright, alright, let's not talk about that. However, since Mr. Su is here, let's sit down and have a drink, I know how much Mr. Su can drink!"

Manager Su immediately understood that this was Ji Shaolei waiting to see how she performed, she couldn't help but smile slightly, brought up the red wine in her hand, pulled out a chair and sat down.

"Mr. Ji, just now, our waitress Xiao Hu, because she is new, she doesn't know how to behave and offended you, so I, as the manager, would like to apologize on her behalf!" Manager Su, with a smile on her face, poured a full glass of red wine and tilted her head and drank it down, followed by two more glasses in a row, and then her stomach churned and her originally white face turned red.

Ji Shaolei smiled and waved his hand, saying, "Manager Su, you've got the wrong person for this apology, I'm just accompanying the guest today, the one that waiter really offended is my brother." With that, he also pointed at Ji Feng who was across the table.

"Younger Ji's brother?" Manager Su was stunned, "Could it be Shao Yun's elder brother?"

In his heart, Manager Su was cursing, "Since it's the wrong person, why didn't you say so earlier, why did you wait until I finished drinking before you said so?"

However, this is only in the heart of the manager Su think, but do not dare to say out, the whole Jiangzhou, who dares to offend this first son? Although Ji Shaolei really does not have many bad deeds, but his identity alone, not others dare to easily offend.

Ji Shaolei shook his head and laughed: "Introduce, this is my cousin, Ji Feng elder brother, this is Manager Su, the front desk manager in this club, but also the old boss of the club, the owner of the club is very high on Mr. Su Oh!"

Swish!

Manager Su's face became even redder, but Ji Feng was slightly stunned, and then he nodded and smiled in a daze.

No wonder the second brother just now would say what blaming no one would blame Manager Su, looking at this meaning, it seems that Manager Su and the owner of the clubhouse have an unusual relationship, but obviously not a normal couple, then, it is only possible that the relationship is ambiguous lover.

Ji Feng's heart moved again, it seems, this is somewhat similar to what the second brother himself said, looking for an advocate!

Manager Su hurriedly changed the subject and said, "In that case, both of you are Ji youngsters, Xiao Hu, hurry over and apologize to the two Ji youngsters, hurry!"

At this moment, Hu Xuehui was frozen, wasn't Ji Feng an illegitimate son? Is not the wild seed? Where did he get the cousin?

And looking at the current situation, this cousin of Ji Feng, it seems that even Manager Su is very scornful of him, is the other party's origin really big? Then, wouldn't Ji Feng's origins be big too?

Suddenly, Hu Xuehui thought of a possibility, it must be that Ji Feng had found his real father, and his father obviously had a prominent identity and status, and that was how Ji Feng had transformed from a wild child to a young master of a worldly family who was respected as Ji Shao!

In an instant, an emotion called regret rose in Hu Xuehui's heart!

Chapter 419

Although she had already prepared an apology in her heart, when Hu Xuehui faced the bemused Ji Feng once again, the words she had prepared to apologize could not be uttered.

From Ji Feng's calm eyes and bland face, Hu Xuehui could clearly see that the Ji Feng who used to be obedient to her and never disobeyed her in the slightest had disappeared. In his place, there was a young master with a big background, huge energy, and a boss's lover, Manager Su, who had to bow down for him!

"Can he still listen to his own apology?" Although remorse and shame filled her chest, she wanted to keep a little bit of dignity for herself, and perhaps this dignity was the last bit of courage she had to live.

However, thinking of her sister

Hu Xuehui finally gritted her teeth and said in a low voice, "Two gentlemen, I'm really sorry, I've just arrived, I don't understand many things, I've offended two gentlemen just now, please forgive me!"

As she said this, Hu Xuehui's voice was trembling, she felt an extreme sense of shame, but could not keep her mouth shut because she had to keep this very well paid job.

Ji Shaolei's face however sank and he hummed: "Who are you talking to? Didn't you hear that your General Manager Su is calling Ji Shao? Apologise to him!"

Ji Shaolei pointed at Ji Feng across the room and said in a cold voice.

He had naturally gone through a detailed understanding of Ji Feng's previous experiences, and of course knew exactly what Ji Feng had gone through, and what made Ji Shaolei most intolerable was that this timid woman in front of him had caused great harm to Ji Feng.

Hu Xuehui's body suddenly trembled, and a strong and extreme sense of shame instantly spread throughout her body. She really wanted to turn her head and leave, ignoring everything, even if she lost her job and couldn't eat, it was still better than lowering her voice and apologizing to the people she had humiliated in the past.

What's more, this man in front of me, whom he once disdained, is still his ex-boyfriend Originally, when the two met, it shouldn't have been such a scene, but now it's turned into this because of himself, making himself so embarrassed!

The two of them were not able to meet again, but now it has become like this because of themselves, making it so embarrassing.

Ji Feng put down his chopsticks, swallowed the food in his mouth and said, "Forget it, Manager Su, today's loss is over, I don't want to pursue it anymore, you guys shouldn't take it to heart either, just forget it!"

After saying these words, he once again lowered his head and ate, directly ignoring Hu Xuethui.

Hu Xuehui was stunned, and all of a sudden, a complex and unexplainable emotion filled her chest, she could no longer hold it back, and her tears fell down in a flutter, but she bit her lips to death to keep herself from crying out.

Manager Su also couldn't help but freeze, and then she nodded in a panic and smiled, "Young Ji is generous, on behalf of Xiao Hu, I'd like to thank you."

With that, she poured herself another glass of wine and tilted her head and drained it.

Ji Shaolei could not help but snort coldly, his heart was very dissatisfied, if it were him, how could he not let Hu Xuehui off easily, or at least, make her understand how ridiculous her original kind of condescension and disdain was.

If Ji Feng really wanted to do that, he could have just bankrupted Hu Xuethui's brother-in-law's company when he first arrived in Jiangzhou, leaving them with nothing, which could have been done with just one word from Ji Feng.

But he didn't do so, which meant that Ji Feng still had at least some intolerance in his heart, his heart wasn't ruthless!

"You still have things to do?" Ji Shaolei glanced at Hu Xuethui and asked with a frown.

Hu Xuehui wiped a tear from her eye and shook her head.

"Then don't get lost!" Ji Shaolei shouted lowly.

She had seen many unreasonable customers, and she had also seen many arrogant customers, and she had heard many people reprimand her without politeness, but she only felt that she was holding her anger in her heart, but other than that, there was nothing.

After all, she was in the service industry, so these were normal situations.

However, when she was reprimanded by Ji Feng and his companions, as if they were chasing flies away, Hu Xuehui felt a great sense of humiliation.

She bit her lips tightly, turned around without saying a word and left.

Ji Shaolei's face became even more gloomy, and he grunted: "How dare you play with your face? It's only because San'er is soft-hearted, if it were me, you wouldn't even know how you died! What a ghost who doesn't feel dead!"

"Young Ji, calm down, children don't know what to do, so don't be normal with her." Manager Su hastened to console her, but in his heart he was secretly annoyed, if he had known that this Hu Xuehui was so uncouth, he would have brought her here to apologize, even if the person sitting opposite was his former boyfriend, but which is more important, face or survival?

"Manager Su has a heart, please tell Boss Wang that I'll treat him to dinner sometime in the future!" Ji Shaolei said indifferently.

"You're welcome Ji Shao, it should be the boss who treats Ji Shao to dinner" Manager Su smiled faintly, "Enjoy your meal, I'll leave you two alone!"

Ji Shaolei nodded and didn't say anything.

Only then did Ji Feng put down his chopsticks, picked up a tissue and wiped his mouth, laughing, "Second brother, don't get angry over this little thing" Are you full yet?"

"I'm full of anger!" Ji Shaolei hummed, "Look at her like that, do you really think you still owe her? I'm angry when I see something that doesn't know how to behave! On the contrary, you still don't pursue it, it's really"

Ji Feng laughed: "How should I pursue this? Have the clubhouse expel her?"

"At least!" Ji Shaolei said.

Ji Feng shook his head and laughed: "Forget it, it's very degrading to bother with her, I've already treated her as a stranger long ago, there's no point in bothering with her!"

“You’re just sophomoric ……” Ji Shaolei naturally didn’t believe what he said, but he didn’t say anything more, this was after all Ji Feng’s personal matter, if Ji Feng didn’t want to talk about it too much, it was useless for him to say more.

“Let’s go, I’ll be pissed off if I stay any longer!” Ji Shaolei hummed, casually picked up his jacket and stood up.

Ji Feng nodded with a smile and said, “Second brother, you have to put more effort into Auntie Li’s affairs.”

“You need your boy to dictate this?” Ji Shaolei waved his hand and said, “Three days at most, I will definitely give you news, but before that, you should also think about what you should do if Auntie Li’s life is now very down and poor!”

Ji Feng pondered slightly for a moment before saying, “There will be suitable arrangements!”

“You have to think it over, otherwise, it might cause big trouble later!” Ji Shaolei admonished.

Ji Feng nodded thoughtfully and smiled, “It’s fine, it’s a bit early to be thinking about this before people are even found …… gone!”

……

After eating lunch, Ji Feng followed Ji Shaolei and went back to second uncle’s house, at this time second uncle Ji Zhenguo had gone out and seemed to be busy with something, Ji Feng did not ask much, fortunately second aunt was at home and had left some lunch for Ji Feng duo.

Although he had already eaten at the Spring River Flower and Moon Night Club earlier, Ji Feng still insisted on eating some, but Ji Shaolei ate quite a lot, because when he was at the club, he was so angry that he didn’t even eat a few bites of his meal.

Afterwards, Ji Feng sat at his second uncle’s house for a while and chatted with his second aunt about some family matters, then he drove the broken car provided by the 4S shop and headed for home.

Ji Feng was not driving fast, but as it was nearing the Yangtze New Year, the weather was already extremely cold, yet Ji Feng still put the car windows down, and the cold wind outside suddenly blew in, clearing Ji Feng’s mind.

Ji Feng’s left hand was on the car door and his right hand was on the steering wheel, keeping the car moving at an even speed, while he was somewhat distracted, with Hu Xuehui in a cheongsam constantly floating in his mind.

The previous drips and drabs flashed incomparably clearly from Ji Feng’s mind, the inexplicable stirring in his heart when he first met Hu Xuehui, the subsequent drips and drabs of getting along, and the relentless humiliation that …… Hu Xuehui gave himself, all surfaced one by one in Ji Feng’s mind, giving him an inexplicable melancholy in his heart, and he could not help but sigh lightly.

In fact, Ji Feng also knew very well that he did not treat Hu Xuethui as a stranger completely and utterly, because after all, so many things had happened between the two of them before. However, he definitely didn’t have any half-hearted nostalgia for Hu Xuethui anymore either!

After experiencing that humiliation, it was already quite good for Ji Feng not to harbor an extremely strong hatred in his heart, how could he still miss Hu Xuehui? That was a joke!

However, Hu Xuehui was his first love and accompanied him through the most unforgettable period of time, and in her body, it seemed to record the bitter days of Ji Feng.

He no longer likes Hu Xuehui, but he no longer hates her either, and he believes that in the future, they will definitely not even be friends, even if Hu Xuehui turns around and kneels down in front of him to pray, there is absolutely no such possibility. After all, Hu Xuehui had hurt him too much and too deeply in the past.

However, Ji Feng did not want Hu Xuehui to fall into a state of worthlessness and dare to bully anyone.

It was an extremely complex emotion that made Ji Feng shake his head and smile bitterly.

Once upon a time, did he also like nostalgia?

“It’s just that! I won’t think about it anymore, everyone has their own path in life to walk, everyone else is just a passerby in life, there’s not much meaning!” Ji Feng murmured softly.

However, Ji Feng was a bit curious, Hu Xuehui’s brother-in-law, Wu Changqun, wasn’t he a big boss? How come she came out to work as a waitress? That was surprising!

Ji Feng smiled faintly, intending to completely forget the past as he raised the car window and gradually moved away, disappearing at the end of the road.

At this time, Ji Feng did not know that at the Spring River Flower Moon Night Club, Hu Xuehui was somewhat curious about Ji Feng’s identity, she was curious to know, this man who was once humiliated by himself and made himself suffer humiliation without having to say a word today, what other identity did he have besides that of an illegitimate son!

After hesitating for a moment, Hu Xuehui decided to go and ask Manager Su.

Chapter 420

“It’s really unexpected that Hu Xuehui’s ex-boyfriend, is actually Ji Shaolei’s cousin, this is really” Manager Su was sitting in her office, she had just swallowed two antidote pills, she had drunk four glasses of red wine in a row in Ji Shaolei’s box earlier, and her stomach was still a bit hot and spicy even now.

However, her mind was very clear because she had a keen sense that she seemed to have come across an opportunity of no small magnitude.

Ji Shaolei’s cousin, apparently, is definitely not small in origin, and his ex-girlfriend is working as a waitress in the clubhouse, which seems somewhat not very good

If that Ji Feng thinks that the clubhouse is doing something that has insulted him, obviously this is definitely a big problem for the clubhouse, how could Ji Shao’s girlfriend, how could she go and work as a waitress? Even if it was just an ex-girlfriend, it would definitely not work.

However, if Ji Feng did not think this way

The manager Su was a bit indecisive, she felt that if this matter was handled well, it would be an opportunity to hook up with Ji Feng, but if it was not handled well, the clubhouse would all follow the bad luck. The owner of the club has a lot of energy in Jiangzhou, but if it is compared to Ji Shaolei, it is not enough.

The power of the two people does not lie in their own ability, but in their background, which Manager Su naturally knows very well.

Thinking of this, Manager Su felt that it was necessary for him to go and talk to Hu Xuehui first and find out something from her so that he could make an accurate judgment.

“Knock, knock, knock!”

A knock on the door suddenly sounded and Manager Su frowned slightly, she immediately sat up straight and picked up a cup and took a sip of strong tea before saying, “Come in!”

The door to the office was pushed open and a woman in a cheongsam walked in somewhat timidly, it was none other than Hu Xuehui.

“It’s Xiao Hu!”

Manager Su smiled faintly at once and said, “I was about to go look for you, but to my surprise, you’re here, what’s the matter?”

Hu Xuehui was a little hesitant and opened her mouth, but she wanted to say something but stopped.

Manager Su laughed lightly and said, “Xiao Hu, if you have anything to say, just say it, what else can’t you say to me?”

Hu Xuehui said awkwardly, “Actually, I have a question for you, I don’t know if it’s convenient!”

“Oh?”

Manager Su couldn’t help but smile as she put her tea cup down and smiled, “What’s the question?”

“It’s like this, I just want to know, that” Hu Xuehui’s face was red and she looked embarrassed, “I just want to ask, those two people we saw in the box today, well, what are their identities?!”

“You don’t know their identities?!”

Manager Su was stunned, then his eyebrows knitted slightly and he couldn’t help but ask with a smile, “Xiao Hu, you’re kidding me, right? That Ji Feng, he’s your former boyfriend, and you’re actually asking me what their identities are? You should know better than I do!”

Swish!

Hu Xuehui’s face turned red all of a sudden, even all the way to the roots of her ears, her eyes carried an incomparable look of embarrassment, and she couldn’t say anything in a nagging voice.

Manager Su immediately felt that something was wrong, and she couldn’t help but ask, “Xiao Hu, you really don’t know his identity?”

“No, I don’t know!” Hu Xuehui said awkwardly, she began to regret, why did she have to come and ask about Ji Feng’s identity, wasn’t this asking for an embarrassment?

“Then you guys are” Manager Su frowned and asked, “Is it because he deliberately hid his identity and just wanted to have fun with you and forget about it, that’s why you broke up?”

“No, it’s not like that!” Hu Xuehui was so embarrassed that she almost wanted to find a crack in the ground and burrow down.

“Xiao Hu, if you don’t tell the truth, I may not be able to help you ah.” Manager Su shook his head and said, “As you can see, Ji Feng seems to be full of care all the time, but, Ji Shaolei is not such a temper, ah, if he really wants to deal with you no, can’t say deal with you, with his status, he won’t consider you as a rival at all, but even if he just says one word I’m afraid you can’t even stay in Jiangzhou ah!”

Hu Xuehui clutched the corner of her coat with both hands and lowered her head, but she didn’t know what to say. She really couldn’t say anything about her and Ji Feng.

After a long time, Hu Xuehui finally said awkwardly, “Manager Su, yes, it’s like this, when I met Ji Feng, he was still just an ordinary high school student we were classmates, but I thought about putting my studies first, so I proposed to break up it might have hurt him a bit, so”

“You didn’t know his identity at that time?” Manager Su asked.

Hu Xuehui shook her head, “I don’t know”

If she knew, only someone with a brain in water would propose to break up, Hu Xuehui then suspected that her own brain must have been in water at that time, or she had taken the wrong medicine.

“This Ji Feng, where does he go to school in Jiangzhou?” Manager Su asked offhandedly.

“At, at Union University!” Hu Xuehui said awkwardly, “I heard that it seems to be at Union University.”

“Xiao Hu, if I remember correctly, it seems that you are at an ordinary university in Jiangzhou?”

“Mm!” Hu Xuehui nodded her head.

Manager Su understood at once, what about putting academics first, that was just bullshit, purely an excuse.

Ji Feng, who did not attach importance to his studies, had gotten into a nationally renowned university, United University, while Hu Xuehui, who had put her studies first and proposed to break up, was just going to a second-rate university in Jiangzhou Wasn’t this the biggest joke when it was said out?

Obviously, Hu Xuehui should have been unaware of Ji Feng’s identity at first, disliked him in a certain aspect has shortcomings, or in some aspects can not see, which is why he proposed a breakup.

But it never occurred to him that after the breakup, Ji Feng was soaring to the heavens, far beyond the reach of this country girl, Hu Xuehui.

What a short-sighted woman!

Manager Su snorted coldly in her heart, she had seen a lot of such things, so she could naturally see at a glance what was going on, but since there was still a need for Hu Xuehui now, she naturally would not say anything.

“Little Hu, to tell you the truth, I don’t know the identity of Ji Feng’s parents, but that cousin of his, is a big deal.” Manager Su said, “Do you know Ji Zhenguo, the secretary of the Jiangzhou Municipal Committee? That’s Ji Shaolei’s father, which is also Ji Feng’s uncle or uncle, now you know what their identities are, right?”

“Ah?!”

Hu Xuehui froze, she had thought of countless possibilities, such as Ji Feng’s father being some big boss ah, or a successful person, but never dared to think that Ji Feng was actually the nephew of the Municipal Party Secretary!

This identity alone is enough for Ji Feng to walk around Jiangzhou without anyone daring to ask a single question, so I guess his father must be no worse

If he could say something, then the matter of his sister must have been solved immediately.

But soon, the hopeful light in Hu Xuehui’s eyes dimmed, just by the way she had treated him before, how would he help his own favor?

The company’s main business is to provide a wide range of products and services to the market.

.....

Parking the car, Ji Feng carried two bottles of red wine in his hand, as well as some fresh vegetables and some meat that he had just bought, and walked quickly into the villa.

Because Tong Lei’s body is not feeling well, Xiao Yuxuan and Tong Lei are in the villa and did not go out, so Ji Feng naturally had to come back early and keep the two girls company.

Just opened the door, Ji Feng heard a low giggling sound inside, it seemed that the two girls were very happy inside, and he couldn’t help but shake his head and smile, it looked like, after they became real sisters, their relationship went further

This is a good sign!

However,..... Ji Feng turned his head and looked, this huge villa, seems to be a little too empty, if only rely on the security force of the villa property, obviously not very enough, once there are people with bad intentions come to mess up, it is easy to have problems.

If the two women were at home, it would be better, but if only one person was left at home, it would be even more dangerous.

Ji Feng secretly pondered whether it would be better to have a wolf dog or to add some other security measures, or at least not just live inside in such a silly manner.

This idea only flashed through his mind, and soon, he saw Xiao Yuxuan and Tong Lei who were sitting on the sofa while watching TV and chatting.

“What are you guys chatting about, so happy?!” Ji Feng closed the door of the living room casually and couldn’t help but ask with a smile.

“You’re back!”

Seeing Ji Feng come back, the two women’s eyes instantly lit up, their pretty faces with an unconcealed joy, like little wives waiting for their husbands to come home and there were two of them!

The two women were in the middle of the kitchen, and the two women were in the middle of the kitchen.

Ji Feng wrapped Xiao Yuxuan and Tong Lei in his arms and gave each of them a kiss on their pretty faces, smiling and asking, “What were you talking about just now?”

Xiao Yuxuan gave him a blank look and snapped, “We girls are talking, what are you getting involved with!”

Tong Lei also pursed her lips and smiled, and likewise did not answer.

Ji Feng then suddenly gritted his teeth and said, “Fine, you guys want to rebel now!”

He wrapped his arms tightly around the two girls and started tickling them with both hands.

Tong Lei and Xiao Yuxuan immediately cried out in shock, their delicate bodies wriggling and laughing.

The whole living room was filled with the charming or crisp laughter of the two girls, causing the worries in Ji Feng’s heart to dissipate without a trace, leaving only a belly full of cheerfulness.

When you are in a good mood, you always feel that time passes especially fast. Under the gentle company of Xiao Yuxuan and Tong Lei, Ji Feng almost forgot the passage of time, but in the blink of an eye, a weekend had passed and Monday came again.

Under the pressure of Xiao Yuxuan and Tong Lei, Ji Feng couldn’t afford to skip class anymore, so he could only act as a driver and go to school with the two girls.

And at this time, he received a call from his second brother, Ji Shaolei.
