

Campus Master 421

Chapter 421

“Second brother is calling, could it be that there’s news on that matter?” Ji Feng took out his mobile phone and found that it was the second brother, Ji Shaolei, calling.

Ji Feng immediately parked the car on the roadside, it was very unsafe to call while driving, if it was just him alone in the car, maybe he wouldn’t pay attention to this, but with Xiao Yuxuan and Tong Lei around, he wouldn’t take a single risk.

When he raised his hand to look at the time, there was still nearly forty minutes before class, he was relieved, gave the two girls a reassuring look, got out of the car straight away and picked up the phone.

“Second brother, calling early in the morning, what’s the matter?” Ji Feng leaned against the car door and casually felt for his pocket, just as he touched the cigarette, he saw Xiao Yuxuan and Tong Lei’s unkind gaze, he instantly wiped his nose and smiled sarcastically, putting the cigarette into his pocket again.

Ji Shaolei hummed: “Nothing can’t call you? You brat has a very big frame now!”

Ji Feng instantly laughed: “How dare I, second brother, I’m wrong, can’t I, hurry up and say what’s up, I’m still waiting to go to school!”

“You’re still going to class?” Ji Shaolei cut out and said disdainfully, “I’m not the one who’s burying you, tell me yourself, how many classes have you attended since you went to university?”

Ji Feng heatedly laughed and did not say anything. In fact, it was true that he hadn’t attended a few classes, and had been out most of the time.

“It seems that it’s time to go to a proper class, Second Brother’s words may not be without the intention of knocking himself out!” Ji Feng deliberated secretly, he knew very well that since second brother knew so well about himself, he thought that the elders at home must be equally very clear, sometimes when he did something wrong, it was not good for second brother to state it directly, so he reminded himself euphemistically through this way.

He laughed: “Second brother, I am now determined to be a good student again, you hurry up and say, what exactly is the matter, is there any news about that matter of Aunt Li?”

Once it comes to business, Ji Shaolei also stopped joking, he said, “Can’t say there is news, just found out that there are a few people who are more likely, see when you have time, let’s discuss what to do!”

“How many?” Ji Feng asked.

“After a comparison of various conditions, I ruled out a dozen people, the final remaining, there are six are the most likely, the age is within our estimates, the domicile is likewise in the mountains, of course, some are near the mountains, I also counted in, after all, more than twenty years ago and now the environment is certainly different, maybe development or something like that, will destroy the terrain” Ji Shaolei said, “but this last six people left, it is said that three are already children and grandchildren”

Ji Feng's heart sank at once, frowned and asked, "What about the remaining three?"

"The remaining three, are not in their domicile!" Ji Shaolei said, "So, now, what we can find is only the three children and grandchildren Li Yueqin, the remaining three, no one knows where they went, some say they went out to work, others say they have not returned for many years you know, China is so big. I'm afraid it's difficult to find these people"

Sure enough!

Ji Feng's heart secretly said, he has long had a kind of guess, back then after Li Yueqin left, father can not go to look for her, even if not personally, will certainly send people to look for, so, Li Yueqin aunt if you do not want father to find her, must not return to the old home.

..... This is not the same as when mother left!

Ji Feng is very clear, it is said that when the mother left at that time, she went home first, that means it is very clear, hope that the father go to her and apologize to her. A woman needs to be coaxed, not to mention, how can a couple not quarrel with each other? It's just a matter of coaxing.

However, the cold eyes and unbridled ridicule of the relatives in her mother's family made her fierce mother unable to bear the feeling of being a subordinate any longer, and she did not want to see her children being bullied in the future, so in a fit of anger she left home with her pregnancy and went to the county.

This is what caused the parents to be separated for more than ten years.

However, Auntie Li Yueqin was different, she was most likely so heartbroken that she took her child and child into hiding, where would she go back to her hometown again?

Ji Feng didn't know what it was like in his heart, he held the phone and didn't speak for a long time.

"Three children, although I do not want to go with subjective assumptions to find people, but I still want to say, we found these three Li Yueqin, should not be the people we are looking for" Ji Shaolei naturally also know Ji Feng heart uncomfortable, speaking tone also serious down,. "But no matter what, it is always necessary to go and verify it personally, you take a time, we plan it in detail."

Ji Feng nodded slightly and mused, "Second brother, how about this, if you have time today, I'll go over there now, at least to rule out the three people I found first, otherwise, I can't even sleep well."

"That's fine, I'm always available here, brother, as an old boss, is most free, you can come over whenever you want!" Ji Shaolei laughed.

Ji Feng gave a hint and hung up the phone straight away. He leaned against the car door and couldn't help but let out a long breath.

Originally so many called Li Yueqin, only six were finally ruled out, three of them already had children and grandchildren and three could not be found.

This result is, indeed, not very optimistic.

What's more, according to the meaning of Ji Shaolei's words can be heard, these three children and grandchildren of Li Yueqin, estimated to be the possibility of their own people to find, is too small.

"Ji Feng, what's wrong?" A gentle voice rang out next to her, Xiao Yuxuan couldn't help but ask softly when she saw that Ji Feng was frowning, "Did you encounter any difficulties?"

"It's a bit of trouble!" Ji Feng scratched his head, "I want to find a person, this person I only know her name, other than that I know nothing"

Xiao Yuxuan couldn't help but be a little surprised, "Looking for what kind of person?"

"Besides my mother, another woman of my father's" Ji Feng smiled wickedly.

Xiao Yuxuan suddenly blushed slightly on her pretty face and hummed, "You really are quite open-minded"

Ji Feng shook his head and laughed: "There's nothing you can do if you don't look away, all right, I'll send you to school first, it seems that today's intention to be a good student is still in vain."

Xiao Yuxuan knew that he had something to do, so naturally she didn't say anything more, and she was also clear that with Ji Feng's memory, in fact, these things in the university didn't mean anything to him anymore, except that Ji Feng stayed here because he had his own plans.

After getting into the car, Ji Feng immediately started the car and rushed towards the school.

After dropping the two girls off at the school, Ji Feng didn't get out of the car, he lay on the window and smiled, "You two just take a taxi back, if I come back early, I'll contact you."

"Be careful on the way, there is no problem that can't be solved, don't be in a hurry!" Xiao Yuxuan said gently.

Tong Lei also said crisply, "Don't drive fast, pay attention to safety."

"Definitely not!" Ji Feng smiled faintly, looking at the delicate faces of the two girls, his heart was filled with a sense of accomplishment

"Second brother, let's find a place to have a cup of tea." After leaving the school, Ji Feng dialed his second brother Ji Shaolei's phone number.

Ji Shaolei laughed, "Sure, the Spring River Flower Moon Night Club, right, where not only meals are provided, but also coffee, tea, and other entertainment facilities."

"..... You are into it!" Ji Feng laughed bitterly. He knew full well that Hu Xuehui was working as a waitress in the Spring River Flower Moon Night Club, and he still made an appointment there, what was the intention without having to think about it.

Ji Shaolei suddenly laughed: "Three children, in fact, the environment and facilities of the Spring River Flower Moon Night Club, in Jiangzhou is considered very good, if you do not agree to be there" then how about we go to Li Weidong's Linjiang Club?"

Spring River Flower Moon Night Club, under the leadership of the foreman, a group of waiters, together with other employees, were doing cleaning work in the dining department and lobby, wiping down all the tables, chairs and benches.

Hu Xuehui was also among them, except that she was distracted and even wandered off from time to time.

“Xiao Hu, what are you thinking about? Hurry up and get to work, the manager will be coming down for an inspection soon!” A waiter whispered.

“Huh? Oh!” Hu Xuehui reacted and hurriedly picked up a mop and mopped the floor.

It was not yet time for dinner, and most of the guests only came here to have a cup of coffee or to enjoy the entertainment facilities, after all, the clubhouse was providing accommodation and entertainment. So taking advantage of this opportunity, the waiters had to clean up quickly.

Just then, the automatic doors of the clubhouse parted and two tall, handsome figures came striding in, the two of them talking and laughing and looking very cheerful.

Swish!

Hu Xuehui's face went white, of course she knew these two people, Ji Feng and Ji Shaolei!

“San'er, what sports do you like to play? There's just two of us, why don't we play some billiards?” Ji Shaolei asked with a smile.

Ji Feng shook his head and laughed, “I'm afraid I'll make you cry if I win.”

“Brat, looking down on brother me so much?” Ji Shaolei was instantly displeased, “In that case, let's see the real thing underhand!”

“Hey! Wait for a loss!” Ji Feng laughed at once.

Ji Shaolei laughed and turned around with a jerk: “That who, that's you, the one who mops the floor, can't you see that a guest has come? Hurry over to greet them, don't you have eyes?!”

Several black lines appeared on Ji Feng's forehead and he waved his hand, “Second brother, don't make a scene, I don't have anything to do with her, let's go over!”

Ji Shaolei burst out laughing, he didn't care about this, his elder brother was humiliated, how could he, as an elder brother, let the other party off so easily?

Chapter 422

Ji Feng naturally knew that second brother Ji Shaolei was taking it out on himself, he just shook his head slightly and said indifferently, “Second brother, hurry up and go over, I'm waiting to win your billiards. ”

Ji Shaolei can't help but dumbfounded laugh: “You kid, forget it brother is in a bad mood today, so I won't be ordinary with that woman, let's go! ”

At this time, a resourceful waiter as soon as he saw Ji Shaolei's extraordinary aura, he knew that these two young people are not small, hurried all the way to the front desk Su manager's office, hurried to report the matter over.

And at this time, Ji Feng and Ji Shaolei were led by a welcome guest through the lobby to the fifth floor of the clubhouse, which was the entertainment floor of Spring River Moonlight Night and had a large number of entertainment facilities, such as a billiard room, swimming pool, KTV, bowling alley and other facilities.

"Let's go to the billiard hall first!" said Ji Shaolei directly to the welcome guest as he took out his VIP card.

"Okay, this way please, two gentlemen!" said the welcome guest with a smile on his face, politely.

Ji Feng took a few steps and suddenly remembered something and couldn't help but ask, "Second brother, didn't I tell you to bring information with you this time? You have two empty hands here, how can you bring information?"

Ji Shaolei smiled and said, "Isn't it just bringing a few copies of information, do I still need to carry a briefcase, or bring a flash drive or something to transfer files?"

"Don't you need to? Did you pack it on your body?" asked Ji Feng with a smile.

Ji Shaolei smiled and said, "Don't worry, after the billiard game, I will definitely let you see it."

Ji Feng couldn't help but wonder, after a period of study, he was no longer a stranger to the internet and computers, and after a moment of careful deliberation, carrying information, it was just a matter of using a mobile hard drive or a file, or storing information directly on cyberspace was just a few of these.

According to his guess, since the second brother Ji Shaolei did not bring any equipment and did not bring any files, then the information should be in the network space.

And as this clubhouse was extremely well-equipped, computers were naturally provided, so when the time came to log on to the computers in the clubhouse, the information could naturally be seen.

However, what made Ji Feng feel puzzled was that, according to reason, the second brother would certainly not be so careless, because if he logged in at the clubhouse, there was a good chance that he would reveal some secrets For the Ji family, what he and the second brother were about to do was a secret, and if it was known in advance by someone who had an interest in it, it might cause something to happen.

Once it gets big, it might be a scandal!

So, Ji Feng was still puzzled in his heart, this was something that Second Brother would not have thought of, so how on earth did he carry the information?

However, after thinking about it, Ji Feng couldn't help but shake his head and laugh, he was thinking too much, second brother would never be so careless, he obviously had some foolproof method, when he finished playing billiards, he would naturally know.

.....

Watching Ji Feng and the two of them disappear at the stairway led by the welcome guest, Hu Xuehui was pale and without a trace of blood, even so, her body was trembling slightly, biting her lips tightly, her heart filled with a sense of shame.

Once upon a time, she had always called out to Ji Feng like this, but now, Ji Feng was completely ignoring himself, there was no existence of himself in his eyes, while that cousin beside him was calling out to himself as if he was treating a beggar

The first thing you need to do is to get rid of the problem. I'll tell you what. Let me tell you, the people who come here are all rich people, some of them are very respectable people, if you have offended them, you'd better hurry up and apologize to them"

Listening to the ramblings of her colleagues next to her, Hu Xuehui had a feeling in her heart that she simply couldn't tell, apologizing to them just two days ago, she had just apologized to them, but now, they were coming back to torment her

In Hu Xuehui's opinion, Ji Feng and his cousin knew that they were working here as waiters, but they still came here and pointed to serve themselves, which is undoubtedly tossing themselves and targeting them.

"These two, they're simply the kind of vicious rich people, it's better not to offend them!" said a waiter next to him in a low voice: "Xiao Hu, I advise you to hurry up and find Manager Su, let Manager Su take you to apologize to them, this will also save you a lot of trouble, otherwise, when the time comes, maybe they will still find you in trouble."

"Apologise?"

Hu Xuehui shook her head slightly and said in a low voice, "I won't apologise again, absolutely not!"

Just because she was rich, she could bully herself at will? Just because she had money, she could treat herself like a beggar?

A strong feeling of resentment welled up in Hu Xuehui's heart, as well as a strong feeling of hatred!

If I had money

She didn't know that Ji Feng had only given him hate because Hu Xuehui had given him a great humiliation when they had just broken up, but apart from that, Ji Feng had never thought of any thoughts of revenge, especially when Ji Feng met Wu Changqun, Hu Xuehui's adored brother-in-law, and her amazing sister, he felt funny in his heart.

When the chance encounter in the Vacheron Constantin watch company, Xiao Yuxuan once asked Ji Feng if he still hated Hu Xuehui, and at that time Ji Feng's answer was simple: "She no longer deserves it!"

In fact, from that time onwards, Ji Feng had completely erased Hu Xuehui from his memory. If he hadn't accidentally met Hu Xuehui, who was working as a waitress at the Spring River Moonlight Night a few days ago, I'm afraid that Ji Feng would only occasionally, in the dead of night, remember that there was once such a girl who had left a humiliation in his life that could never be erased!

What's more, Hu Xuehui had never thought that, no matter from the beginning or now, the desire for money in her heart had never changed. If it wasn't for the desire for money, she wouldn't have left Ji Feng so mercilessly and given him such a great humiliation.

Hu Xuehui likewise did not think that the aggravation she was suffering right now was nothing compared to the harm she had caused to Ji Feng at the beginning.

At the beginning, Ji Feng had nothing, except for a mother who was dependent on her and a family that had nothing, and nothing more.

Yet, Hu Xuehui had also given him the same thing – the title of a wild child!

In fact, people like Hu Xuehui are always the most selfish, always looking at things from their own point of view and not thinking about the feelings of others, just like the way she is now, all she thinks about is the humiliation that Ji Feng has brought her, but she has not thought about the fact that if she had not let go of her face when she first met Ji Feng two days ago and simply threw up her hands and left, Ji Shaolei would not have gotten angry and this series of things that followed would not have happened.

Of course, perhaps even if she had realised this, Hu Xuehui would never have admitted that it was her own mistake, and if she was genuinely repentant, she would not have been able to save face and thus deliberately misrepresent the reason for breaking up with Ji Feng in the first place in front of Manager Su.

"Xiao Hu, how can you not apologize? Hurry up and find Manager Su!" the waiter next to her reminded in a low voice, "In case you lose your job, it's not a good deal!"

But Hu Xuehui shook her head firmly and said, "No need, no matter how rich he is, no matter who his father is, but no matter what time it is, he can't change the fact that he once came from a lowly background, he will never be more noble than me!"

.....

"Snap!"

The last billiard ball on the pool table was instantly hit the bag, Ji Feng smiled slightly, put the cue in his hand on the table and couldn't help but laugh, "Second brother, I won again"

"You brat!" Ji Shaolei froze looking at the pool table with only one mother ball left and seven balls on his side, his face full of disbelief, "Is there still something you kid can't do?"

"Of course there's something you can't do, and there's a lot of it!"

Ji Feng immediately nodded his head and smiled wickedly, "Of course, the items you have chosen, second brother, are basically all I can do!"

"F*ck off!" Ji Shaolei got depressed.

The duo had played a dozen games in a row, and it was as if this kid Ji Feng had been beaten with chicken blood, he had actually won all of them. What's more, there was no set that would last longer than five minutes from start to finish.

As long as Ji Feng got the ball, he would always score all of them in one shot without the slightest doubt.

“Still playing or not?” Ji Feng couldn’t help but ask with a smile.

“Hit your head!” Ji Shaolei immediately glared, waved his hand and sat down on the sofa in the rest area next to him, picked up a cup and drank a glass before he couldn’t help but hum, “Kid, tell me the honest truth, is the reason why your billiards skills are so good because of your kung fu practice?”

Ji Feng also walked over and laughed: “A little related, but not much second brother, where is the information?”

Ji Shaolei couldn’t help but raise his head and look around.

Ji Feng instantly laughed: “Don’t worry, there are no cameras here.”

When he first arrived here, Ji Feng had already observed the surroundings, there were no cameras here, only outside in the corridor.

Only then was Ji Shaolei relieved, he took out his mobile phone from his pocket and smiled, “San’er, all the information is in here, you can read it yourself.”

“A mobile phone?!” Ji Feng was stunned, he thought of many possibilities, but he just didn’t think of a mobile phone, he couldn’t help but ask: “Isn’t a mobile phone for making calls?”

“This is a handheld computer, okay?” Ji Shaolei’s forehead was instantly filled with black lines.

Ji Feng instantly smiled sarcastically and handed the PDA over, “Or you can help me open it, this kind of high technology, not too good at playing.”

In fact, he just hadn’t seen this kind of palmtop computer before.

Ji Shaolei shook his head with a bitter smile, opened the PDA for him, and lowered it over again, “Those six most likely people, they’re all on there, look at them yourself!”

Chapter 423

When Ji Feng finished reading the information in Ji Shaolei’s PDA, he couldn’t help but frown.

There were more than just six people’s information in there, almost everyone named Li Yueqin, their information was all in there. What’s more, all these data had been organised by Ji Shaolei into a folder, in which if you opened the folder, you could see the pictures of all the people named Li Yueqin, which were registered at the local registry office.

Ji Feng noticed that there were quite a few of them that only had names and no photos, so I guess even the registry office couldn’t get a photo, so I guess the registration was already a short time ago.

And this kind of information without photos was the focus of Ji Feng’s attention.

The reason is simple, when Aunt Li Yueqin left Yanjing, it was more than twenty years ago, exactly which year, Ji Feng does not know, but at least it was more than twenty years and her birth year, it would be more than twenty to thirty years further ahead.

In those days, all sorts of management was in chaos, and things like photos, at that time, not everyone had the opportunity to take photos, some honest and ordinary farmers, may only write a name in the account book, even the photo is not seen.

It is absolutely normal that there is no photo left, but the possibility is even greater.

Therefore, Ji Feng was more concerned about this kind of information without a photo.

This handheld computer was a full touch screen, and it was still Ji Feng's first time playing with this kind of thing, and he was a little less skilled. But soon, he got the hang of it. When his finger swiped across the screen, the top would immediately generate a sense to turn the pages up and down, or other functions would appear.

Ji Feng first flipped through the information from beginning to end, and he found that it had been marked in many ways, for example, there was one age of thirty-six, and Ji Shaolei had drawn an X on it, obviously to facilitate exclusion.

However, Ji Feng was still not going to just flip through it, because each one had something different from the others' eyes, so maybe what seemed bland to Ji Shaolei, or where there was no possibility, Ji Feng would instead think there was such a possibility, and as for the ones that were debatable, the rest would just be discussed later.

Ji Feng carefully went through each person's information, and Ji Shaolei was in no hurry, just drinking tea leisurely at the side, waiting for Ji Feng to finish reading the information.

"Phew~!" Ji Feng shook his head helplessly, "It seems that it's really only these six people who are more likely."

He had already finished reading all the information, and only the six people that Ji Shaolei had marked with a check mark at the end were more likely to be Li Yueqin who had left Yanjing back then, but, as Second Brother had said before, among those six people, three of them already had children and grandchildren and were almost all around the age of fifty, and one was even fifty-five years old.

Ji Feng had already eliminated these three people in his mind, and now only the last three remained that could not be found, these three people, all in their early forties, were also domiciled in the mountains, and more importantly, according to the people, they had not been back for many years

"Second brother, it seems that you are right, these three people are the most likely, however, those three children and grandchildren, do not ignore, do we need to check carefully?" Ji Feng finished reading it and put the PDA in front of Ji Shaolei.

Ji Shaolei nodded and said: "Let you come, originally to discuss what to investigate next, or else this way, these three already children and grandchildren, I will send someone to pretend to be a tourist, or a passerby, to simply get in touch with the people around them, of course, I will try to find local people to pretend, or to ask for directions and other excuses can be, so that we can understand from the side I would try to find local people to pretend to be tourists, or to ask for directions, so that I could find out who they were."

"Well, that's a good method!" Ji Feng nodded and smiled, "Second brother, when you were investigating before, you did the same thing, right?"

“It’s not because I’m worried about alerting them!” Ji Shaolei laughed, “Fortunately, a few people under the hand are very competent, which did not go wrong, but the remaining three can not find anyone”

“They are more to check!” Ji Feng said decisively, “the most likely are these three can not find a person, of course, to investigate, no matter what, at least to determine their identity first.”

Ji Shaolei nodded slightly and said, “In that case, then I will first send someone to check these three children and grandchildren, the remaining three, I will first find a way to figure out their identities, then we can talk about it.”

Ji Feng lightly sighed: “It can only be so” Now I finally know how those wanted criminals can abscond for more than ten years without being caught, under this chaotic administration, what else can’t happen?”

It has to be said that Ji Feng was more or less dissatisfied with this result, but there was nothing he could do about it.

Ji Shaolei burst out laughing: “You kid, don’t complain nonsense, if this is heard by your old man, he will inevitably reprimand you.”

Ji Feng smiled faintly and did not argue.

Ji Shaolei thought for a moment and then laughed: “I say, San’er, can bowling be played?”

“..... won’t!” Ji Feng couldn’t help but laugh: “Second brother, if I said I would, would you be lost?”

“Fuck off!” Ji Shaolei suddenly grunted in an unpleasant tone, “Go, go bowling, while you still can’t, let me win a few dozen games first!”

Ji Feng was dumbfounded, but he also followed behind.

The bowling alley was on the same floor as the billiard room, the whole floor was divided into two spaces, apart from that, all the other entertainment facilities were on a higher floor.

“San’er, this bowling ah, also requires skills, do not look at your level of playing billiards is good, but when it comes to bowling, you certainly can not”

It was not easy to find an item that Ji Feng did not know how to do, and Ji Shaolei immediately found confidence, on the way to the bowling alley, he spoke glowingly about some bowling skills, as if he was a master.

Ji Feng just listened to the side, and laughed in his heart, but his face would not show it, no matter how Ji Shaolei was always the older brother, so he had to give him some face.

The bowling alley was not far away, and before Ji Shaolei could finish his tips, the two of them reached their destination.

“San’er, isn’t that that woman Hu Xuehui?!”

As soon as they entered, Ji Shaolei’s brow furrowed, “This woman is really” I wasn’t even going to bother with her anymore, but then she comes over here herself!”

Ji Feng followed his gaze and saw that Hu Xuehui was beaming with a polite smile, leading a few guests who were heading towards one of the empty seats.

“Don’t mind her, it has nothing to do with us!” said Ji Feng indifferently, taking the lead and walking towards an empty seat.

“You’re the only one who’s soft-hearted, if it was me, it would be strange if I could let her keep this job!” Ji Shaolei grunted and followed him.

Under the guidance of a waiter, Ji Feng picked up a ball and tried his hand, but he didn’t have much of a feel for it.

It seemed that without exercise, it still wouldn’t work!

“Wow~~!”

Just as Ji Feng was testing his hand, Ji Shaolei had already knocked down all ten ball bottles with one ball, and he immediately laughed: “San’er, how about it, brother’s technique is not bad, right?”

“It’s just like that!” said Ji Feng disdainfully as he casually picked up a ball and flung it out without even looking at it.

“Wow~!”

All ten ball bottles fell down, and Ji Feng raised his eyebrows.

Ji Shaolei was dumbfounded, and only after a long time did he say with a black face, “Aren’t you hitting it very well!”

Ji Feng laughed heatedly, “Look, I don’t even know the most basic stance, it’s just luck, luck!”

“Only a fool would believe you!” Ji Shaolei grunted.

Just then, a scream suddenly came from the distance, “Ah...!”

“This gentleman, you, how could you do that?! Please don’t do that!” The scream continued, causing Ji Shaolei and Ji Feng to frown at the same time, as they had already heard that the person who was letting out the scream was no other than Hu Xuehui.

“Bitch, do you really think of yourself as a golden branch? You don’t even give a touch?” came a strident voice suddenly, “Damn it! Get your ass over here, or else I’ll make you stay here with one word.”

Hu Xuehui hurriedly took a few steps back, filled with a sense of humiliation, although she knew full well that these rich people were like this, and it wasn’t that she hadn’t encountered this kind of thing before.

Originally, this was not a big deal, being touched by someone or being taken advantage of, it was not a big deal. But the problem was that with Ji Feng here, being molested in front of him but not daring to resist, Hu Xuehui felt an extreme humiliation.

She didn’t want Ji Feng to see that she was reduced to the level of a beggar, at the mercy of others, and even had to sell her body to survive!

Because Hu Xuehui clearly remembered that at the time of the breakup, she had said to Ji Feng that she wanted to live a rich person's life in the future, that she wanted to come to Jiangzhou to study, and that she wanted to be a human being!

But now, what kind of life was she living?

However, Hu Xuehui's silence and retreat angered the few customers she served, and a young man with gold-rimmed glasses and a svelte look throughout, his face immediately sank.

"What a big frame!" this young man snorted coldly.

The other two youths beside him immediately took two quick steps and grabbed Hu Xuehui's arm.

One of them scolded, "TD! Give shame, why don't you quickly come over and apologise to Young Liu and make amends!"

Of course she knew that these rich people could do anything if they were really angry, so subconsciously, she couldn't help but look in the direction of Ji Feng for help.

Would he save her?

Chapter 424

"What are you going to do, San'er?"

Looking at Hu Xuehui being grabbed by those two young men, Ji Shaolei's face was a bit unsightly as he asked in a low voice. In his opinion, no matter what, Hu Xuehui was, after all, Ji Feng's former girlfriend, even if she went too far, this fact could not always be changed.

Ji Feng hated her and could bully her all he wanted, but, he couldn't let others bully him!

And now, Hu Xuehui was forced to apologize by outsiders, and in front of herself and Ji Feng, which was obviously some kind of a slap in the face. Although those people did not know Hu Xuehui's identity, Ji Shaolei was still a bit uncomfortable.

Ji Feng, however, only smiled blandly and said, "I have long said that she and I have long been strangers, everything she has, no longer has anything to do with me Perhaps, she may not even welcome our help! Oh"

Looking at Ji Feng's bland look, Ji Shaolei opened his mouth, but wanted to say something but stopped.

The time he has known Ji Feng is not short, Ji Shaolei certainly knows what kind of character he is, since he said so, that is really intends not to ask.

"Forget it, everything is according to your kid's wishes anyway" Ji Shaolei shook his head slightly.

Ji Feng laughed, casually picked up another ball, imitated the pose of a man next to him, raised his hand and flung it out Wow! All ten ball bottles fell down.

While not far away, Hu Xuehui, a heart is constantly sinking, Ji Feng's bland performance, making her body cold and pale.

He doesn't care about himself, he really doesn't care about himself

The two of them will never cross paths again.

Even this time, when Ji Feng and Ji Shaolei came back to the Spring River Flower Moon Night Club, they were definitely not here to humiliate themselves, as they had imagined, but now it seems that they just liked the place better and did not put themselves in their eyes at all.

It was just like those people who made things difficult for his sister, they also didn't put themselves in their eyes, and even they were a little better than Ji Feng, because those people wanted something from themselves and their sister, but Ji Feng was different, in the year or so that he didn't cross paths with himself, he constantly didn't suffer any repercussions, instead he got better and better.

In fact, the beginning of Ji Feng's miracle, the beginning of his life, began when he encountered a particle stream from the Gamma system after the two of them broke up, only this kind of thing, she would never know.

Hu Xuehui's heart was filled with despair, now she couldn't even hate, she could only clench her lips and bow her head, "This gentleman, I'm really sorry, it's all my fault, I, I was wrong"

That strong sense of shame made Hu Xuehui's voice tremble as she spoke, tears just welling up in her eyes, and her body trembling slightly.

The young man with the gold-rimmed glasses, grunted, "A little waiter, no rules at all, pay attention next time!"

"Yes, I know!" Hu Xuehui said in humiliation.

"Let her go" the man with the gold-rimmed glasses waved his hand impatiently.

The two young men immediately gave a welcoming cry, which loosened their grip, and one of them even gave Hu Xuehui's arm a squeeze, causing Hu Xuehui's body to tremble violently, but she didn't dare to speak, she just left in a panic.

"You two, no more casual molestation of girls in the future, let me know again and see how I'll clean you up!" the man with the gold-rimmed glasses coldly snorted and reprimanded.

Those two young men, however, nodded in panic, not daring to do anything else.

"Come over here, all of you, and simply move around a bit!" said the man with the gold-rimmed glasses indifferently.

When he spoke, he looked very dignified, which made Ji Shaolei and Ji Feng keep an eye out.

"Second brother, this guy doesn't look like an ordinary person, do you know what he's from?" asked Ji Feng with a smile.

Ji Shaolei couldn't help but grimace and said, "Who knows where the transgressive dragon is from, definitely not a local of Jiangzhou, and even if he is, he's just a small shrimp, boy, what a great authority."
"

Ji Feng laughed dumbly and teased, "Are they that mighty? Second brother, why do I feel that when you dude up, your might is much greater than theirs."

"To be a dude, you have to have the style of being a dude!" Ji Shaolei was not ashamed at all and grunted, "If you have to be careful to be a dude, then what's the point?"

"Good point!" Ji Feng nodded and laughed.

.....

Hu Xuehui just walked out of the bowling alley, tears could no longer be held back, rustling down, a wave of shame and remorse, filled her whole body, so that she wanted to hate did not know who to hate, hate Ji Feng? Since they had already broken up, why should people come to help themselves?

The answer is of course no!

Of course the answer is no!

So, why was this all about?

Hu Xuehui naturally knew what it was all about, but she was unwilling to admit it, or to be precise, she didn't dare to face it, because what she was going through now was all of her own making.

"Xiao Hu, why are you crying!" Without taking a few steps, Hu Xuehui suddenly heard a voice, and when she looked up, it was Manager Su from the front desk standing not far away, looking at herself in confusion.

Hu Xuehui hurriedly dried her tears and said reluctantly, "No, it's nothing, I just squinted my eyes by accident."

"That's good, it's almost time for dinner, hurry up and go down, someone else is in charge here, go on!" Manager Su said with a smile on his face.

"Hey!"

Hu Xuehui answered, and hurriedly dried all the tears on her face, and hurriedly went downstairs.

Looking at Hu Xuehui's departing back, Manager Su's face couldn't help but show a hint of sarcasm, in fact, everything that happened at the bowling alley just now was in her eyes, yet she didn't step in to stop it, just to know what kind of attitude Ji Feng had towards Hu Xuehui.

If Ji Feng still remembered his old feelings, Manager Su naturally wanted to treat Hu Xuehui well and make a relationship with Ji Feng through her. However, the result was that Ji Feng didn't care, as if he didn't see Hu Xuehui being humiliated. Manager Su immediately understood that Ji Feng had completely treated Hu Xuehui as a passer-by.

"It seems that Xiao Hu can't be promoted for the time being, let her be a waitress for a year first!

"Manager Su immediately dismissed the idea of promoting Hu Xuehui, and then remembering Hu Xuehui's previous so-called reason for breaking up with her studies as a priority, she couldn't help but snort, stupid woman, do you really think everyone else is as stupid as you?"

.....

“No more fighting no more fighting! You kid is a pervert, how can you learn so fast!” Ji Shaolei directly threw the ball away, shaking his head speechlessly, this kid was just too scary, from before he learned the essentials of the posture, he could hit all ten ball bottles with each ball.

And after he mastered the essentials of the action, it was even more terrifying, not even looking at it, directly throwing the ball out with a flip of the hand, still knocking down all ten ball bottles is really too sick.

Ji Feng couldn't help but laugh: “Second brother, you played well too, master class technique!”

“Do not bring so scolding ah!” Ji Shaolei suddenly had a rare blush, casually picked up the clothes on the table, grunted: “gone, will never play sports with you kid again, too perverted!”

Several black lines sprang up on Ji Feng's forehead at once.

The waiter next to him, who had been responsible for serving the two of them, smiled and said, “Are you two gentlemen planning to take a break? This way please.”

Ji Shaolei waved his hand and said, “Forget it, let's skip the rest and go straight back.”

Ji Feng also smiled and nodded, saying, “Second brother, do that thing as soon as possible, try to have news as soon as possible!”

“Don't worry, I might not care about other things, but I'll definitely do my best on Auntie's matter!” Ji Shaolei laughed.

The duo joked and laughed as they entered the lift.

“Let's go straight back, I still have some things to do in my company.” said Ji Shaolei.

Ji Feng couldn't help but ask with a smile, “You're still in charge of things in the company?”

“Brother, I'm the old boss, okay!” Ji Shaolei hummed.

Ji Feng was dumbfounded, he really felt sad for Jian An Group, with someone like second brother as the old president, their performance must be miserable as can be.

Dingdong—!

The lift arrived at the ground floor lobby, the lift door opened and Ji Shaolei walked out with big steps.

Who knows, Ji Shaolei just took two steps outside, a black shadow suddenly rushed in, Ji Feng immediately said, “Be careful!”

He pulled Ji Shaolei by the hand and took a fierce step backwards.

However, the black shadow rushed straight over, Ji Feng frowned and reached out and pushed, the black shadow was immediately pushed back a few steps.

“Damn it! Looking for death!” an angry curse rang out at once.

Ji Feng and Ji Shaolei's faces instantly sank, especially Ji Shaolei's, who snorted coldly. In Jiangzhou, there was really no one who dared to curse like that in front of him, and today was really the first time!

Only at this time did the two of them see clearly that there were three people standing outside the lift door, the very same three people they had met in the bowling alley earlier. The one who cursed was one of the two henchmen of the man with the gold-rimmed glasses.

Ji Feng and the two of them walked out of the lift with big steps, and Ji Shaolei asked with a cold face, "Did you curse just now?"

The young man on the other side snorted coldly, "So what if I did? Kid, you're a tough guy!"

"What kind of person are you?" asked Ji Shao Lei indifferently.

"Kid, you are the first one who dares to ask me what I am!" The youth grunted, "It doesn't matter who I am, what matters is that this is our Brother Liang, kid, hurry up and apologize!"

At this time, there was still about an hour or two before the meal, there were hardly a few customers in the whole hall, mostly waiters, so the clash at the lift immediately attracted the attention of those waiters, which also included Hu Xuehui.

As soon as she saw Ji Feng and the two of them clashing with the youths over there, Hu Xuehui was immediately overjoyed. In fact, she didn't understand why she was overjoyed, did she want Ji Feng to teach the man with the gold-rimmed glasses a lesson or did she want the man with the gold-rimmed glasses to teach Ji Feng a lesson?

She herself may not even be able to tell the difference, but she is indeed happy dog bites dog well!

Chapter 425

The reason for this is that he wouldn't have put Hu Xuehui in his mind, a ridiculous woman!

What Ji Feng cared about was the three young men in front of him.

Especially the man with the gold-rimmed glasses, who carried a calm and steady aura and was obviously not an ordinary person. Only, the two guys beside him were two small rascals in general, not worth mentioning at all.

"Brother Liang, is it? How do you plan to settle this matter?" Ji Shaolei asked in a deep voice, daring to call him brother in front of him, which made him feel very ridiculous, especially when those two guys actually dared to curse in front of him, which made Ji Shaolei's heart move with anger.

The man with gold-rimmed glasses glanced at Ji Shaolei and Ji Feng and said indifferently, "My two friends don't understand anything, please don't be offended, I apologize on their behalf, how about we treat this matter as a misunderstanding?"

Ji Shaolei frowned slightly and asked in a deep voice, "Misunderstanding? Just now he cursed his mother, that is also a misunderstanding?"

The man with the gold-rimmed glasses glared at the guy who cursed just now and said indifferently, "Your mouth is so foul, you've caused trouble, tell yourself what to do!"

The man choked and said in a panic, "Brother Liang, this matter"

“What to do!” That Brother Liang did not give him a chance to speak at all, immediately asked in a deep voice.

The man’s face was somewhat indecisive, and he just stood there for a while.

Phew~~pop!

A hard slap hit the man’s face, instantly causing the man’s mouth to bleed and stumble violently.

He covered his face and looked at the man with gold-rimmed glasses in some disbelief, “Liang, Brother Liang! This

The man with the gold-rimmed glasses ignored him, but turned his head to look at Ji Shaolei and asked indifferently, “This slap is a punishment for his mouth not being virtuous, does your Excellency feel satisfied?”

This slap down, if it was just an ordinary person, it would not be good to say anything else at all, but Ji Shaolei already had a bad impression of these few people, especially when they molested Hu Xuehui, which made Ji Shaolei’s heart irritated, and now they dared to curse in front of him, Ji Shaolei naturally would not let him off easily.

“How is one slap enough?” Ji Shaolei said with a smirk, “If someone curses his mother in front of you, what should you do?”

The man with the gold-rimmed glasses thought about it and said, “It is indeed not enough, how about this, why don’t we give a face, I will treat you today, even if it is given to a friend, as to what to do with this untalented thing, it is all up to the brother, how about that?”

“Brother Liang!”

The man exclaimed at once, “We, how can we bow down to these two brats? Brother Liang

That Brother Liang, however, smiled slightly and said, “If you keep talking nonsense, you might not even be able to save your life!”

The man immediately trembled with fear and his face turned pale.

Ji Shaolei frowned slightly, this man with gold rimmed glasses was obviously very smart and his eyesight was not bad, that’s why he was so polite, only, under the polite appearance, there was a hint of arrogance hidden, otherwise, he would not have given the man to Ji Shaolei to handle, instead, he would have handled it himself and would have made sure to handle it to Ji Shaolei’s satisfaction.

“Yo~~!”

A voice came over at once, followed by Manager Su, who walked in a modest manner and quickly came to the front, smiling like a flower: “Several people, how come we met here? Is there anything you need help with?”

“Nothing, just a little misunderstanding with these two brothers.” said the man with the gold-rimmed glasses with a smile.

Manager Su was stunned, with her eyesight, she could naturally see that there was something wrong here, but hearing this man with gold-rimmed glasses say it, she still had a sinking feeling in her heart, this was in trouble.

Manager Su's face suddenly sank, turned his head to the man with gold-rimmed glasses and said: "Ah Liang, I think you are getting more and more brilliant now, you dare to mess with anyone!"

The man with the gold-rimmed glasses suddenly looked stunned and asked with a frown, "Sister Su, this is"

"Ah Liang, it seems like you haven't stayed inside enough are you?" Manager Su asked in a cold voice, still not hurrying to apologize!

She was anxious in her heart, this dead Ah Liang, does he not know who he has offended?!

Manager Su glared at Ah Liang while the other side was constantly giving him a wink, hoping that he would read her meaning and stop being rampant.

"Sister Su" Ah Liang was still a little confused, of course he could see that these two people were indeed imposing, but to say that he should personally apologize

Manager Su's face suddenly sank: "Ah Liang, even my words you do not listen to?!"

Ji Shaolei laughed at the side: "Manager Su, I think there's no need to make things difficult for this gentleman, I'll take note of what happened today, we'll definitely meet again in the future!"

After saying that, he immediately lifted his leg and left, Ji Feng also gave Manager Su and that Brother Liang a deep look and was ready to follow.

Manager Su immediately thumped in his heart and said in a panic, "Ji, young Ji! You mustn't be angry, this is all because Ah Liang doesn't know what to do, I apologize on his behalf!"

Ji Shaolei stood still, shook his head slightly and said, "Apology is not necessary, I have already given you the opportunity to apologize" I have not always had a lot of time!"

The people who are not far away, Hu Xuehui's heart sneered, the frame is really big, he really thinks he is the son of the secretary of the municipal party committee, others have to give him face? That is only possible if people know his identity.

However, that Brother Liang obviously didn't know the identities of Ji Shaolei and Ji Feng, hoping that they would clean up Ji Shaolei and Ji Feng ruthlessly without their knowledge!

She didn't know what was going on, but now Hu Xuehui was instead hoping even more that Ji Feng and Ji Shaolei would be unlucky, only then would her heart be slightly more balanced.

However, Manager Su's heart is even more anxious, Ji Shaolei is obviously angry, if he is angry, even if the big boss personally, I'm afraid it's not very good

Manager Su said with a bitter smile: "Ji Shao, can you give me face, I'll let Ah Liang pour you wine to make amends, can you?"

Ji Shaolei turned around with a cold face and said indifferently, "Since Manager Su has spoken, let's forget about today's matter, in fact I hate anyone who scolds a mother in front of me, especially scolds me!"

After saying that, Ji Shaolei and Ji Feng turned around and left, without stopping half a step.

Manager Su opened her mouth, but wanted to say something, simply do not know what to say, because she is very clear, today is also Ji Shaolei does not want to pursue, otherwise, not to mention her, even if the big boss here, the face may not be so good.

It was not until Ji Feng and Ji Shaolei both left the club and disappeared from the sight of everyone that Manager Su turned his head to look at Brother Liang with a cold face and sneered, "Ah Liang, you've really made a name for yourself now, you've grown in ability, how nice!"

Even a fool would know that Manager Su was saying the opposite, so Liang naturally heard it too, and he couldn't help but ask, "Sister Su, why can't I understand what you're saying? Those two people are very important?"

"Comes to the head?!"

Manager Su couldn't help but shake her head slightly, "In Jiangzhou, I'm afraid you're the only one who dares to ask that, right? In your opinion, does your elder brother have any sources of influence?"

"Of course! "Even Li Weidong has to give him some face, so of course he's a big shot!"

"Li Weidong?"

Manager Su sneered, "But those two just now, even Li Weidong would not dare to be too reckless when he saw them!"

"What?!" Ah Liang was taken aback and astonished, "This, how is this possible? Who else in Jiangzhou dares not give face to Li Weidong? Unless, unless it's the Ji family's Sister Su, you just called that person Ji Shao?!"

He finally reacted, his face immediately changed, a possibility flashed through his mind, and his heart kept sinking down.

"Do you know who he is now?" Manager Su sneered, "your big brother fished you out of prison, already took a big risk, but you you offend who is not good, but to offend Ji Shao Lei and Ji Feng?!"

Boom!

Ah Liang just as if instantly struck by lightning, his face pale, without a trace of blood, "Su, sister Su, you just said, who are these two?"

Manager Su naturally knew that this Ah Liang had been screwed into prison because he had offended Ji Feng, the word Ji Feng had become a nightmare for Ah Liang, even if he mentioned it occasionally, his heart would still palpitate.

“Ah Liang, you’d better go to big brother, this matter, only ask him for help. “Manager Su said, “It’s just as well that you ran into Ji Feng and Ji Shaolei when you came out of prison, but you actually clashed with them again

Manager Su couldn’t help but shake his head, if Ji Feng and Ji Shaolei wanted to pursue the matter, no one would be able to save Ah Liang.

A Liang’s face was pale and he stood there with a trembling body, almost forgetting to think.

He knew that if he didn’t handle this one well, he might really be finished. Once he was targeted by Ji Feng and Ji Shaolei again, I was afraid that even if a great man from heaven came, it wouldn’t be that easy to save him. What’s more, most of the people he knew were from the Dao, so where were the big shots to save him?

Ah Liang was frozen on the spot.

The man next to him couldn’t help but ask, “Brother Liang, are those two bastards very powerful? ”

“Damn it! ” Ah Liang cursed angrily and snapped back with a slap, “You got me killed! ”

Everyone was dumbfounded, Liang, who had seemed so gentle a moment ago, was now furious as if his tail had been stepped on, while the man was dazed and fell to the ground, not knowing what to do.

Even more bewildered, it was Hu Xuehui.

She looked at the scene in front of her dumbfounded, her heart bitter beyond measure, could it be that the identity of the municipal party secretary’s son was really that powerful?

She thought of Ji Feng again and smiled bitterly, herself and him, were really just two worlds away.

And she realised how ridiculous those hatred and thoughts she had had were!

Ji Feng didn’t even say a word before he could make that arrogant Liang madly beat up his own men, while he, himself, was a random rascal who could bully

Hu Xuehui was finally completely remorseful!

Chapter 426

After leaving the Spring River Flower Moon Night Club, Ji Feng’s life once again returned to peace, the matter of Hu Xuehui had long since left him, and after experiencing this matter, they had become true strangers to each other.

In fact, if not for Ji Shaolei’s reminder, Ji Feng would never have thought deeply about these issues, especially on the issue of how to resettle her.

In his opinion, if he found Li Yueqin and her children in a very difficult situation, then Ji Feng intended to help her, or at least, give them a sum of money so that they would be clothed and fed for the rest of their lives.

But ever since being reminded by his second brother, Ji Shaolei, Ji Feng had noticed that this idea of his, seemed a bit biased. What Li Yueqin needed was not necessarily money, perhaps, what she needed was something else

Ji Feng could vaguely guess what kind of approach would be most appropriate, but he also knew that if he followed that approach, his mother might not be happy Strictly speaking, it should be certain that she would be unhappy.

“What the hell should I do! ”

Ji Feng couldn't help but scratch his head vigorously, looking at the textbook in front of him, he almost scratched his scalp and couldn't even come up with any good solution, he could only sit helplessly in his seat, frozen listening to the professor on the podium droning on and on.

In fact, for those contents taught in the textbook, Ji Feng had already memorised them all in his mind and did not need anyone to explain them at all. Only, under the smirking eyes of Xiao Yuxuan and Tong Lei, Ji Feng had to come to school with a bitter smile and attend class honestly.

With a pen in his hand, Ji Feng unconsciously drew something in his book, but his eyebrows were tightly furrowed from time to time, and his mind was constantly thinking of various ways to deal with it.

But in the end, Ji Feng still didn't come up with the best of both worlds, so he could only give up thinking for the time being and concentrate on listening to the lesson.

Buzz~~~!

Ji Feng's mobile phone suddenly vibrated, he immediately took it out and found that it was a text message from Zhang Lei: “Crazy, the matter of Lu Weixin and Wang Lei has been resolved, the two of them were given major demerits by the school, the rest of them will not be pursued, the president of the Taekwondo Association has been changed! ”

Ji Feng was dumbfounded and replied, “I see, what you are most concerned about is not at all whether the president of the Taekwondo Association will be changed, but whether Shen Jingyi's boyfriend will be changed, right? ”

Soon, Zhang Lei replied with a text message: “Definitely, but the one who will be replaced may not be me! ”

Ji Feng was instantly surprised and immediately asked, “What's going on? ”

“Today Shen Jingyi sent me a message” Zhang Lei's reply came quickly, “She pulled my number into the blacklist, whether I send a message or make a call, it always goes to the little secretary”

Ji Feng wouldn't know what to say, what Shen Jingyi really meant, only she herself would know.

But Ji Feng could see that Zhang Lei was obviously very torn, he could only shake his head helplessly and put the phone away again, in the future Zhang Lei and Shen Jingyi will go to which step in the end, this is not able to decide for themselves, I believe that Zhang Lei is equally clear, more know how to analyze the various pros and cons, all of this, do not need to worry too much about themselves.

The first thing you need to do is to get a good idea of what you want to do.

At this moment, Ji Feng's phone vibrated again, and he couldn't help but mutter secretly, in the past, Lei Zi was not so long-winded, why is he still not playing today?

However, when he took out the phone and took a look, he was surprised to find that it was his mother who called.

Ji Feng was instantly a little surprised, he looked at the old professor who was spitting on the podium in front of him, couldn't help but smile slightly, picked up the phone and secretly bent down and left the classroom.

"Not being a good student again!" Ji Feng couldn't help but shake his head and laugh bitterly, yet he still picked up the phone.

He knew very well that if it wasn't something particularly important, his mother wouldn't have called him at this time, and Ji Feng had even once found that in his mother's bedroom, there was actually a schedule of his classes!

From this, one could tell that although his mother was unlikely to see himself for months at a time, she was the one who cared about him the most.

"Mom, this is Little Feng." Ji Feng picked up the phone and whispered in the corridor outside the classroom, "Calling now, what's the matter?"

Xiao Su Mei's mother's voice came over the phone, "Little Feng, there's something I want to ask you, if you rush back to Mang Shi County now, approximately how long will it take?"

Ji Feng was stunned, calculated carefully and said, "From Jiangzhou to Mang Shi County, it's about eight hundred kilometres, if you drive, it will take almost ten hours or so, if you count the rest time in between, it might be a bit longer"

From Mang Shi County to Jiangzhou, you still need to transfer from Pengcheng, plus the time to buy tickets and wait in between, it will take at least a day to reach.

"Mom, why are you suddenly asking about this?" Ji Feng asked in bewilderment, "What is it in Mang Shi County that I have to go back to do?"

Xiao Su Mei said, "It's not much, just asking, Xiao Feng, you'll be on vacation in a month, right? When the time comes, mum will go to Jiangzhou to see you."

"Really?!" Ji Feng's eyes instantly lit up, his mother coming to see him, that was naturally good, Ji Feng felt happy from the bottom of his heart.

Only then did Xiao Su Mei let out a faint sigh of relief and smiled, "Good then, you should still be in class now, right? Mum will not bother you, go to class!"

After hanging up the phone, Ji Feng couldn't help but wonder, how come his mother suddenly asked about going to Mang Shi County? Could it be that something really happened in Mang Shi County?

I believe that when I see my mother soon after the holidays, I will know.

The only thing that made Ji Feng feel a little uncomfortable in his heart was that his mother was slightly relieved when she heard that she had promised to come and see him.

Of course he knew very well that the reason his mother was relieved was actually because she was afraid that she would refuse.

He couldn't help but smile bitterly, was he that unfilial of a person?

Of course not!

But there were many people who were.

Ji Feng had heard more than once that some students, especially some students from poor families, were extremely determined to refuse to have their families come to see them in school.

In their view, their family members wore the most ragged clothes, spoke the most old-fashioned language, and sometimes could not even speak Mandarin. Some fathers even had wrinkles all over their faces and white hair due to long hours of labour, and had mouths full of black teeth due to long hours of smoking, so where was the half-assed image to speak of?

What would other students say about their fathers if they saw them like this?

And many people will think that their own mother, with her bloated figure and old-fashioned dress, is not at all as fashionable as the mothers of other classmates, and will make people uncontrollably pull away from her and not want to walk together

Ji Feng couldn't help but feel his nose a little sour, even when he was at his most ignorant, he never disliked his mother, much less had any half-hearted discontent with her.

Because he knew very well that despite the hard times, his mother was relying on her hard work and trying hard to make a good life for herself, and with this alone, Ji Feng would remember it for the rest of his life.

Thinking about this, Ji Feng couldn't help but shake his head slightly and let out a soft sigh.

Thinking about it, although his own mother's status was very different from the past, yet, when facing her own son, she was also the same most ordinary mother, equally worried about disgracing her son and making him lose face.

In fact, what Ji Feng wanted most in his heart was to loudly announce to everyone: this woman with calloused hands is my mother, if it wasn't for her, I would have starved to death by now.

Ji Feng shook his head slightly and put all these thoughts away. He entered the classroom again and secretly sat down in his seat, but his mood was hardly calmed down.

Perhaps, he should take some time out to go see his mother and let her know that he never dislikes her, no matter what time it is!

.....

Life at university is always leisurely and pleasant, and students often fail to notice the passage of time, unless, of course, it is almost time for exams.

The school has basically closed for half a month before the exams, and after the teacher simply gave some key exams, he was never seen again, and Ji Feng was happy to be free, and didn't need to read the books.

The three of them were not only tired of being together every day, but Xiao Yuxuan was also tutoring Tong Lei.

The life of the three is also very regular, Xiao Yuxuan and Tong Lei seem to have a tacit understanding between them, since the two women have mentioned to break through the last layer of relationship, the two women will completely separate to sleep, each one a bedroom.

And every night when they went to bed, one of them would lock the door and the other would leave it open.

Naturally, Ji Feng could only sleep in the bedroom with the door left open.

The most ridiculous thing was that the two women always took turns to leave the door open, as if they had discussed it, but before going to bed, the only one who didn't know was him, the male master.

Every day he would go to one door and find it locked before he realised that he was supposed to go to the other bedroom!

And what made him even more helpless was that the order of leaving the door open, as if there was no pattern at all, sometimes Tong Lei would leave it open every other day, while at other times, Xiao Yuxuan might not leave it open for a few days in a row, leaving Ji Feng to only smile bitterly in helplessness.

What makes Ji Feng feel somewhat regretful is that no matter how he compels, the two women are resolutely not agreeing to the three of them sharing the same bed, which makes the nasty thoughts in his heart, simply can not be realized, and will have to find another opportunity

Chapter 427

It was on this warm and leisurely day that Ji Feng finally relaxed. Apart from Li Yueqin's affairs, he did not need to bother about anything anymore, let alone think about what to do after the holidays in order to be able to save enough money for the new semester's tuition with his mother. This kind of day was undoubtedly the happiest for Ji Feng. However, in the midst of his happiness, Ji Feng still remembered what Second Uncle and Second Brother had said, and he nodded slightly in his heart. "Yu Xuan, Lei Lei, there's something I need to discuss with you guys Lei Lei, stop the work you're doing first." When he said this, Ji Feng was lying on the long sofa in the living room, his head resting on Xiao Yuxuan's slender and elastic thighs, feeling the faint and refreshing fragrance, his spirit was shaken. When they heard Ji Feng's words, Xiao Yuxuan and Tong Lei couldn't help but stare. Xiao Yuxuan was originally planning to bring a cup of hot coffee to Ji Feng, but when she heard this, she also put the coffee on the coffee table next to her, and Tong Lei likewise put the cup down in her hand and took her eyes off her textbook. "What's the matter with you again?" Xiao Yuxuan asked in a pout. She knew, but whenever Ji Feng was so serious about discussing with them, it wouldn't be anything good, or at least, not something good for them. For example, last time, he was serious enough to take the two girls to visit their second uncle's house together, making them emotionally tense for several days, and if it wasn't for Tong Lei's ill health

in the end, I'm afraid they would have had to follow him in embarrassment. This kind of thing, they did not want to experience again.

So once they heard Ji Feng say that they had something to discuss, Xiao Yuxuan and Ji Feng were instantly alert, the two women looked at each other, and just through their gazes, they instantly reached a consensus that no matter what this kid said, they couldn't agree to it. Seeing the two women's gazes, Ji Feng could not help but lose his smile: "What are you guys doing here? A united front? I'm looking for you guys this time, but it's a good thing!" "What's the matter?" Tong Lei asked crisply, she was also a bit puzzled, if there was really something good, how come they didn't know about it? One should know that for the past one or two months, Ji Feng had rarely gone out and spent most of his time almost all the time with her and Xiao Yuxuan, so they knew almost everything that Ji Feng had going on. When Ji Feng saw the wary look of the two girls, the corners of his mouth suddenly pulled up a slight arc and said with a bad smile, "First of all, there are two good news, first of all, your future mother-in-law, probably recently, is going to come to Jiangzhou to see her future daughter-in-law" Who knows, Ji Feng's words hadn't finished, Xiao Yuxuan and Tong Lei simultaneously lost their voices and exclaimed, "What?! A, auntie is coming?!" The two women's pretty faces couldn't help but be a bit flustered, and Xiao Yuxuan's beautiful eyes were not the same kind of charming heavenly as before, but a bit overwhelmed. The same was true of Tong Lei's pretty face, which was also devoid of the kind of charm and beauty, and was replaced by a touch of panic. "Ji Feng, is what you said true?!" Xiao Yuxuan asked carefully.

"Of course it's true, when have I ever lied to you guys?!" Seeing the two girls' expressions, he was a little amused, "Why are you guys so nervous? My mum is very nice to talk to, Lei Lei, but you have met my mum, tell Yu Xuan, am I right?!" Once they heard this, Tong Lei and Xiao Yuxuan were instantly angry and amused, while they both glared at him without good grace. As a matter of fact, even if Ji Feng's mother was even more nice, Xiao Yuxuan and Tong Lei could not help but get nervous, for the simple reason that it was their future mother-in-law, and if Xiao Sumei was not satisfied with one of them

Tong Lei was better off saying something, after all, she had met Ji Feng's mother before when she was in Mang Shi County, and at that time it was still the two sides' The parents met together, almost even if it is a tacit agreement between the two children, Xiao Su Mei seems to be very satisfied with Tong Lei. However, Xiao Yuxuan was different, as she was meeting Xiao Sumei for the first time. What's more, Xiao Sumei was not only Ji Feng's mother, but also the main mother of the Ji family ah, she

was Ji Zhenhua's wife! Once you think of the power of the Ji family that is so huge that it overshadows the sky, no one can remain calm in front of the main mother of the Ji family! Even though Ji Feng only mentioned it, Xiao Yuxuan and Tong Lei couldn't help but get nervous. "Ji Feng, is Auntie really coming to see us?" Xiao Yuxuan still couldn't help but confirm, a pair of small hands still clinging to Ji Feng's arm, her expression looked very nervous.

"Of course it is, she was overjoyed when she heard that I found two blossoming wives, she must come and see them to be sure." Ji Feng smiled, "You guys don't need to be nervous, you're both so nice, my mum will be very satisfied." "Then how can we do it" Xiao Yuxuan suddenly reacted and said in a panic, "Then how can we let auntie come to see us, we are the younger generation, we should be the ones to visit auntie, this, this would seem very unruly! Wouldn't it!" Ji Feng suddenly laughed: "Even if you are going to visit my mother, you have to have time to do so, you can't leave now, right? The first thing that I want to do is to go to my home. It is better not to count on so much, anyway, just rest assured, when the time comes my mother will definitely like you guys" said here, Ji Feng suddenly

heart thud, he thought of a possibility: mother this time suddenly came to Jiangzhou, could it be related to the matter that he is looking for Aunt Li Yueqin? Once this thought arose, it never lingered and could not be dispelled. However, although Ji Feng had doubts in his heart, his face did not show it, he laughed: "Don't think so much, the reason I told you guys in advance is just to let you have a psychological preparation, there is no need to be nervous Yu Xuan, Lei Lei, when I went to your home, I was not so nervous right?"

Besides, this guy was so thick-skinned, how could the two of us be like him! "Okay, okay, you guys just know about this matter, don't think so much about it!" Ji Feng laughed, he didn't want to put any burden on his children because of this matter, especially Tong Lei, the exams were coming up, it couldn't affect her. "That's easy for you to say!" Xiao Yuxuan couldn't help but glare at him, how could he not be nervous when meeting his future mother-in-law? Seeing this, Ji Feng couldn't help but chuckle and immediately spoke out to distract the two women: "Right, there is one more thing to discuss with you guys, the pharmaceutical factory under my name, needs to be transferred out, I thought about it and thought it would be better to transfer it to Yu Xuan's name, what do you think?" "Transfer it to my name?" Xiao Yuxuan was stunned. Tong Lei, however, suddenly asked, "Ji Feng, is it because the state has regulations that it must be transferred?" Her origin made it easy for her to come into contact with things in this area, so when Ji Feng said this, she remembered that it seemed that the children of cadres were not allowed to engage in business. Ji Feng nodded slightly and said, "That's right, there are rules in this regard." Tong Lei's small nose couldn't help but twitch, looking a little lost. Apparently, it could only be transferred to Yu Xuan's name this time as well, as she was likewise not allowed to run a business herself

Tong Lei felt that she was somewhat useless and could not help Ji Feng with anything. Seemingly seeing Tong Lei's loss, Xiao Yuxuan instantly secretly pinched Ji Feng until she bared his teeth, then she took Tong Lei's hand and smiled sweetly, "Lei Lei, ignore this big bad egg, let's go up as sisters and talk and discuss what we should do when Auntie Xiao comes!" As soon as this was mentioned, it instantly made the loss in Tong Lei's heart disappear instantly without a trace, it was more important to think about what to do to satisfy her future mother-in-law than that little loss. Xiao Yuxuan gave Ji Feng a wink, and then pulled Tong Lei upstairs. Looking at the backs of the two women who were walking in style, Ji Feng could not help but smile badly, if one day, can make the two women at the same time Ji Feng felt as if he had become bad, this is not good! After waiting for Xiao Yuxuan and Tong Lei to go upstairs, Ji Feng immediately fell into deep thought. He then fished out a cigarette and smoked it almost subconsciously, while his mind was quickly thinking, his mother was coming to Jiangzhou, really just to see herself and Yuxuan and the girls? Ji Feng couldn't help but scratch his head, even if this is really the case, but his search for Aunt Li Yueqin may not be hidden from his mother, and if she asks frankly, Ji Feng really doesn't know how to answer. But one thing is certain, that is, with the character of the mother, even if she really knows that she is looking for Aunt Li Yueqin, she will certainly not say anything more, at most she will just ask a question.

The reason was simple, Xiao Su Mei had been through this kind of life before, she understood better than anyone else how hard life was for a single woman with a child in those days. In fact, it is not a big deal to live a bitter life, people are still very resilient and can grit their teeth to get through even the greatest difficulties. However, it is the blank stares of those around her that really break people down. If it wasn't for the blank stares and cold words of her relatives, how could Xiao Sumei have taken her son to the county in a fit of rage and become a rag-picker at the lowest level? Words like swords hurt more

than a life of hardship! Therefore, Xiao Sumei would certainly not use any drastic methods to treat Li Yueqin who had the same experience as herself, but the problem was that if the mother knew about this matter and wanted to use her own methods to solve this matter Ji Feng felt it was necessary to find Li Yueqin as soon as possible, or at least, to find her before her mother came. This is not a suspicion of the mother, but Ji Feng feels that it is necessary to at least let the mother see that Li Yueqin's current living environment is not that bad, so that she will not feel guilty. No one knew his mother better than Ji Feng. Although Xiao Su Mei was fierce, she had a soft spot in her heart. If she saw how poorly Li Yueqin was living, there was no guarantee that her mother would be soft-hearted and take her back to Yanjing, which would put her father in an awkward position. Thinking of this, Ji Feng was ready to call his second brother and ask how the investigation was going.

Chapter 428

Thinking of this, Ji Feng was ready to call his second brother and ask how the investigation was going.

However, when Ji Feng picked up the phone, he dismissed the idea and put the phone back into his pocket again.

In fact, if you think about it, you can know that the second brother was able to find out those people named Li Yueqin in such a short period of time, and then eliminate them one by one, and finally there were six left, and then carry out the final investigation, the workload in between is definitely not small.

The second brother Ji Shaolei himself still has a lot of things to do, so if he goes to rush him again, it would be a bit too much.

Ji Feng believed that second brother must be doing his best to investigate now, and if there were any results, he would definitely inform himself at the first opportunity.

"Be calm and wait patiently!" Ji Feng secretly said to himself, and at this moment, Ji Feng had a hint of desire for power.

If one has a power of one's own, one does not need to be able to do much, but for things like finding someone or protecting someone like now, if one can have someone competent to do it without having to bother the second brother with everything

Ji Feng frowned slightly, pondering the feasibility of the matter.

"Forming a force of one's own, it seems, is not too difficult" Once this idea arose, it could no longer linger in the mind, Ji Feng's mind flew around: "The pharmaceutical factory was transferred to Xiao Yuxuan's name, this does not have any effect on things in the future, and now one still has some spare money in one's hands, if one uses the holidays to start officially working on the production of Slim 53, making the pharmaceutical factory stronger and bigger as soon as possible, this process is the beginning of one's accumulation of experience and formation of a force"

Ji Feng pondered while getting excited.

He knew very well that this plan of his was feasible, and that making the pharmaceutical factory stronger and bigger was definitely not the ultimate goal, but only the first step he took, a beginning.

In fact, from a long time ago Ji Feng had his own plan, only, because at that time there was not too strong a sense of crisis and there was nothing tricky, that's why he did not take over the pharmaceutical factory immediately, and always left it to Han Zhong to manage.

The kid, Han Zhong, seems to be addicted to it, and is busy every day, simply treating the pharmaceutical factory as if it were his own home.

Of course, there must be help from the Han Group in the middle of this, but certainly not much, because Han Zhong does not have any position in the Han Group, but is only using his identity to negotiate with others for cooperation.

Ultimately, what is needed is Han Zhong's personal ability, which shows not only his business ability but also his management ability, otherwise, the pharmaceutical factory would definitely be messed up by him.

"Perhaps, Han Zhong should be allowed to continue managing the pharmaceutical factory." Ji Feng secretly pondered, "There is nothing wrong with letting him get involved, or even, even if the pharmaceutical factory continues to expand in size in the future, still leaving it to Han Zhong to manage."

So far, Ji Feng had not found a more suitable candidate than Han Zhong. Among the people he knew, Han Zhong was the only one who was most proficient in business, and as of now, he could only be given the management.

Of course, there is a prerequisite that Han Zhong is willing to continue managing a small pharmaceutical factory. But from the looks of things, he seemed to be very interested in this.

Ji Feng decided to find an opportunity to have a good talk with Han Zhong.

In addition to that, once the pharmaceutical factory had grown and developed, there was one department that must not be missing. Even before the pharmaceutical factory had started to take off, this department had to exist, and that was the security department!

The company's main business is to provide a wide range of products and services to the public.

Once the 53 slimming pills are on the market, Ji Feng can fully anticipate how hot it will be at that time, then there will definitely be no shortage of people looking for trouble, stealing information, or sabotaging these people are really more than enough.

Under these circumstances, the establishment of a security department becomes inevitable.

"Security department"

Ji Feng put out his cigarette and put it in the ashtray, couldn't help but murmur, "To say that with Du Shaofeng's skills, there is definitely a place for him in the security department, but if said to control the entire security department"

Du Shaofeng's character is still a little too impulsive and may not be able to handle the job.

Ji Feng suddenly found that he seemed to have a lot of preparations that had not been done, such as the candidates for the security department, such as the business side of the business and management

talent, can not always be only Han Zhong a person, the business sector, it seems to be only Han Rui Chao, a capable person

The pharmaceutical plant to want to develop smoothly, these talents are absolutely necessary, otherwise, even if the development of the larger, when the time comes, there is no one to manage, but also just an empty shell, a touch will fall, this kind of plant do not want to stop.

“Talent ah”

Thinking about the security department, I don’t know how it happened, the names of several people suddenly came to Ji Feng’s mind – Yi Xingchen, Guo Tao, Liu Zejun and Yao Zhijian.

Those four mercenaries were definitely suitable for the job of the security department. But after thinking about it, Ji Feng couldn’t help but shake his head and smile bitterly, last time, it seemed that second brother had mentioned that it was good that the four Yi Xingchen had stayed in Jiangzhou, but it seemed that the four of them had formed a security company, and it was said that because of the matter of the Jardine Mansion robbery, the four of them were still famous in Jiangzhou, so I thought that their business would not be too bad, and they would certainly not come to their own little pharmaceutical factory.

“It’s a pity” Ji Feng shook his head slightly, had he known that these four would stay, last time in the Jardine Mansion, he should have met them with their true faces, maybe if he had invited them, they would have agreed. But now, there was no need to even think about it, so I guess it was unlikely.

“No plan, watching four good men leave from under your nose, it’s just too much of a bastard!” Ji Feng couldn’t help but curse himself, before because he didn’t have much of a sense of crisis, he just thought that if he went by the book, nothing unexpected should happen, now it seems that this idea of his was wrong in itself.

To be a human being, one should have a sense of crisis at all times.

“Forget it, let’s not think about that first!” Ji Feng shook his head, casually took out his mobile phone, quickly pressed a few keys, called up his notepad and wrote down a few things he had to do recently on it.

Firstly, he had to take time to have a good talk with Han Zhong and Du Shaofeng, and the time was set for the evening. Secondly, because the last time I went to my second uncle’s house, I didn’t see Hong Gu’s husband and Ji Feng forgot to ask what was going on because of Aunt Li Yueqin’s matter, I had to think of a proper way to deal with this matter.

The most important thing is to find Auntie Li Yueqin as soon as possible, which is the top priority.

After writing these points, Ji Feng thought about it and deleted them all, he felt that it was still a bit wrong to write on his phone like this.

“It seems that I need to find time to make a detailed work plan, I can’t always just do whatever comes to mind like this!” Ji Feng said secretly.

In reality, although it seemed like Ji Feng’s action was redundant, writing and then deleting it was somewhat idle. However, it represented Ji Feng’s progress.

By writing out some simple plans on a notepad, it made Ji Feng realise the importance of making a sound plan. A good plan not only played a vital role in secret agent operations, but also in business activities, which could also play an extremely huge role.

Sometimes whether something turns out to be a success or a failure has a lot to do with whether the person doing it has a perfect plan or not!

Ji Feng scratched his head, stood up and quickly went to the study, casually found a pen and paper and started writing on it, using some words that only he could read and understand, and wrote out all of his recent intentions, which was a first for Ji Feng.

Even for some academic topics, he just quickly worked out the results in his head and did not need to do any calculations with his pen.

This time was different, he found that even with the ability to never forget, but if he lost too much, it would be easy to get confused, and it should be a better habit to write it down in words that only he could understand.

For the first time in his life, Ji Feng began to make a work plan.

When Ji Feng foolishly put down his pen and couldn't help rubbing his eyes, he suddenly realized that a morning had passed unnoticed, and the A4 white paper in front of him was already a thick stack of more than twenty sheets, all filled with some strange words.

"This morning is still quite an achievement!" Looking at the stack of white paper, Ji Feng couldn't help but smile slightly and praised himself, "Young man, well done!"

Ji Feng found another stapler, bound these white papers together and put them in the drawer. He decided that he would start working according to this work plan once he found Auntie Li Yueqin. And the reason why he had to start working only after he found Li Yueqin was that, that was when he started this plan.

The immediate priority now was to find Auntie Li Yueqin, or at least, to know her recent status.

"Ding"

Just then, the mobile phone placed on the desk suddenly rang, and Ji Shaolei's name appeared on the display.

Ji Feng's spirits immediately lifted, "There's news?!"

He hurriedly picked up the phone, "Second brother, what's the word?"

"You open the gate first." Ji Shaolei said on the phone.

Ji Feng was a bit puzzled, "What gate?"

"The villa's front door!" Ji Shaolei said in an unpleasant tone, "I've been ringing the doorbell for almost ten minutes, and none of you heard it?!"

Ji Feng: "....."

Chapter 429

When Ji Feng hurriedly ran out and opened the door, he saw Ji Shaolei standing in front of the door with a black face, glaring at himself with an unkind face, while his lips, however, were a little blue from the cold and shivering.

Ji Feng was dumbfounded and hurriedly stepped forward and said with a smile, "So what, second brother, why didn't you call first before you came? This came all of a sudden, so I wasn't prepared at all"

"Brat, how dare you say that?"

The moment this was mentioned, Ji Shaolei was instantly enraged, he glared and roared, "Kid, who was it that told me on the phone yesterday that I had been staying at home all this time and that I could just come over when I had news? Brat, you don't even look at what kind of weather it is, making brother just stand here stupidly and ring the doorbell for ten minutes, how can you bear it?"

Ji Feng instantly smiled sarcastically and said, "That's what's going on"

Before he finished his words, he saw Ji Shaolei shivering and asked, "What, are you just going to explain to me here? Do I have to freeze to death for you to be happy?!"

Several black lines sprang up on Ji Feng's forehead, he slapped his forehead violently and said with a smile, "Look at this brain of mine, second brother is here, I welcome you vigorously, please come in!"

Seeing Ji Feng's comical appearance, Ji Shaolei's anger subsided, but his face was still a bit embarrassed, he coldly snorted, "Brat, what are you doing at home for so long without coming out? It's not doing some kind of warm-up exercise, is it?"

When speaking of warming up, Ji Shaolei deliberately increased his tone of voice.

Ji Feng instantly forehead black lines straight up, he bitterly laughed: "do what warm-up exercise ah, they are where I do not know, otherwise, also will not let you ring the doorbell for ten minutes straight ah" but then again, second brother, so cold weather you wear so little, plan to show body? "

It's already December and the weather is about to snow, but Ji Shaolei is good, only wearing a shirt and a jacket outside, this is simply an autumn dress, it's strange not to freeze!

Ji Shaolei then hummed: "Do you think the car is the same temperature as outside?"

Ji Feng nodded and smiled, saying, "Let's go in first."

In fact, Ji Feng was also very puzzled, he himself had closed the study door tightly because he was writing a work plan, so it was understandable that he didn't hear the doorbell ring, but it was very strange that Xiao Yuxuan and Tong Lei didn't hear it either.

Before going out, Ji Feng looked at several bedrooms in succession and found no sign of the two girls, so he didn't have time to think too much before he ran out to open the door for Ji Shaolei.

But now he was wondering, where had Xiao Yuxuan and Tong Lei gone? How come they didn't say hello to themselves before they went out?

While the two of them were talking, they had already arrived at the living room, and a burst of warm air suddenly hit them, Ji Shaolei's pores all over his body were stretched out, and he couldn't help but exclaim, "Cool!"

Ji Feng was stunned: "I say, second brother, can you not be so ambiguous in your shouting?"

"Roll!" Ji Shaolei's forehead instantly sprouted black lines.

Ji Feng laughed heatedly, took out a cigarette and handed one to Ji Shaolei, smiling, "Second brother, you're coming over now, is there any news about Aunt Li Yueqin?"

Because it was at home and no outsiders were present, Ji Feng spoke more casually and didn't have anything to hide.

Ji Shaolei grunted in displeasure, "Kid, it's hard for me to come here for once, don't you know to pour me a cup of hot tea first, so that I can warm up for a while and wait for my body to recover before talking about other things? Am I still your brother or not? Why do I feel like your maid pinch?!"

Ji Feng immediately compensated with a smile, "Second brother, what are you talking about, it's just hot tea, there!"

He laughed and quickly poured a cup of hot tea and handed it to Ji Shaolei, "Second brother, have some tea, please have some tea!"

"Only you brat dares to treat me like this, if it was anyone else, brother I would have kicked him out long ago!" Ji Shaolei grunted twice and took the cup of tea, "Seeing as you've shown some sincerity, I'll let it go today"

"Second brother is generous, second brother is generous!" Ji Feng knew that he was in the wrong and kept making amends.

Only then did Ji Shaolei laugh: "You kid, you're simply a scoundrel! It's my bad luck to have a brother like you!"

"How can you say that, Second Brother, if you didn't have a brother like me, where would you have learned kung fu? And how did you conquer Xiang Yurou?" Ji Feng gave a heated smile.

Once he heard this, Ji Shaolei immediately softened, Xiang Yurou was his soft spot, he was choked for a long time, until a moment later, he said with hatred, "Count on you kid to be ruthless!" Ji Feng laughed: "Second brother, that's not right, we are two brothers, what's ruthless or not"

"By the way, there's something I almost forgot!"

The two of them joked with each other and Ji Shaolei's body gradually recovered before he suddenly remembered something and took out two keys from his pocket and handed them to Ji Feng, "Here, this is for your wife!"

"What's that?" Ji Feng was surprised and asked, "Car keys? For which wife?!"

Pfft—!

Ji Shaolei suddenly spewed out a mouthful of water, he kept coughing, choking on his face, pointing at Ji Feng and unable to speak.

"I said, you, you" Ji Shaolei couldn't even speak coherently.

Ji Feng was so surprised that he hurriedly patted him on the back and asked, "What's wrong with me?"

"You kid are deliberately angry with me!" Ji Shaolei gritted his teeth and said, "You know that I still don't have a girlfriend, but you're a good boy, how dare you ask me that, is it great to have two girlfriends?"

Ji Feng immediately laughed out loud, "Second brother, I do think it's very impressive, otherwise, you and Xiang Yurou also discuss, you also find two girlfriends?"

Ji Shaolei stopped talking at once, grunted in anger and turned his head away, he was afraid that if he continued, he would be hit even harder.

"Second brother, what kind of car key is this?" Ji Feng also stopped joking and asked seriously, "Why did you suddenly give the key away all of a sudden when it was fine?"

"Do you still remember Duan Peng?" Ji Shaolei hummed and asked. Duan Peng?

Ji Feng immediately nodded his head and said, "Of course I remember, what's wrong?"

"This car key is the meeting gift that Duan Peng promised to give to his younger sister", Ji Shaolei said.

"A meet and greet gift?"

Ji Feng instantly lit up and understood what was going on, he couldn't help but ask in amazement, "Second brother, do you mean to say that this key, is the key to the Lamborghini that Duan Peng gave to Yu Xuan? Hadn't it already been delivered before?"

"That's right, the previous one was sent, but I've never seen my sister-in-law drive it, so Duan Peng thought it was because my sister-in-law didn't like it, so he re-gifted one, and I've already driven the car!" Ji Shaolei laughed.

Ji Feng frowned at once: "Why did you send it again?"

The reason why Xiao Yuxuan didn't drive the Lamborghini that Duan Peng had sent before was because of the bad influence.

Imagine, with her income as a university teacher, how could she afford to drive a multi-million Lamborghini? What's more, even if she could afford to drive it, her status would not allow her to be so ostentatious, otherwise, I'm afraid all the teachers and students would think that this female teacher didn't know how many favours she had received from her students to have so much money!

What's more, what puzzled Ji Feng the most was that he had already given away a multi-million dollar car before, so if he did it again this time, what was the purpose?

Ji Feng wouldn't think that the friendship between himself and Duan Peng would make him keep coming back to give away luxury cars.

“Second brother, tell me the truth, why does Duan Peng keep giving away cars?” Ji Feng asked with a frown.

Ji Shaolei laughed, “Don’t think too much about it, since he’s giving it away, then you should take it, it doesn’t cost anything anyway, there’s no psychological burden if you want it Well, here’s the thing, Qiao Rong is out of the hospital and Qiao Gakai is out of jail”

Before he could finish his words, Ji Feng suddenly frowned: “Second brother what did you just say? Qiao Rong was discharged from the hospital?”

Qiao Gakai was out of jail, Ji Feng knew that, back at the Wanli Club in Yanjing, he had already met Qiao Gakai and kicked him out, so Ji Feng was not surprised that Qiao Gakai was out of jail.

But the question is Qiao Rong is actually well?!

Although Ji Feng didn’t know how powerful his bio-current was, however, since those experts and scholars from the Yanjing Military Hospital couldn’t do anything with the bio-current, and, Zhu Yongtao and Tian Guodong, among others, couldn’t do anything with the bio-current, then this meant that ordinary martial artists were no match for the bio-current.

With that being said, Qiao Rong naturally wouldn’t be able to get better that easily, unless there was someone who could restrain the bio-current!

“Yes, discharged from the hospital, not only discharged, but also become alive and well, very active recently na!” Ji Shaolei said in an unpleasant tone.

Ji Feng thought about it and couldn’t help but ask: “Then Duan Peng’s meaning is”

“Last time you helped solve the trouble, this time Qiao Rong was discharged from the hospital, Qiao family jumped up again, Duan Peng’s sense of crisis came again” Ji Shaolei laughed, “I can help him once, but can not help him forever, so he then thought of you.”

“I don’t have that ability, besides I don’t even know what the Qiao family is like now, how can I help him!” Ji Feng immediately shook his head no, “Second brother, you’re not going to agree to this for me, are you?”

“Of course I promised, why not?” Ji Shaolei laughed, “Don’t rush, listen to me finish, Duan Peng is not looking for your help this time, he knows he is not a rival to the Qiao family, so he is already ready to transfer all the companies under his name, just want to go abroad to be a free and wealthy family, but the problem is, he heard that the Qiao family holds a great grudge against him, and simply does not intend to let him go out”

“And then what?” Ji Feng asked, “This doesn’t have much to do with me, does it?”

Chapter 430

“And then”

Ji Shaolei said, "Duan Peng's immigration procedures are all done, but he wants to board a plane from Jiangzhou and fly abroad. His biggest worry is that someone from the Qiao family will intercept him at the airport or simply make it impossible for him to reach the airport and strike halfway. So what, he wants you to escort him from the time he arrives in Jiangzhou, all the way to the airport, well, in short, to be a bodyguard for once, the pay is whatever you want to mention, as for this car, it's just a gift for his younger sister-in-law!"

"Let me be a bodyguard?" Ji Feng couldn't help but snicker, "Thanks to him for thinking of it!"

Ji Shaolei also followed suit and laughed, "He was forced to do so, otherwise, how would he not dare to ask you to be his bodyguard!"

Just kidding, what was Ji Feng's status, how many people in the whole of China would dare to use him as a bodyguard?

"Second brother, I won't take this car, you can return it to him later!" Ji Feng shook his head, "I won't ask much about this matter, the Qiao family's affairs don't have much to do with me now, unless they come to mess with me, otherwise, I won't get myself into trouble!"

Originally, Qiao Rong could not get better at all, and with Qiao Gakai being sent to prison by him, he had indeed formed a deadly feud with the Qiao family.

But now it was different, no matter what method was used, Qiao Gakai was after all released from prison, and Qiao Rong was also discharged from the hospital, so in this way, the Qiao family was bound to retaliate frantically, even if they didn't dare to come openly, but secretly, there would definitely be no shortage of small actions, Ji Feng certainly wouldn't take the initiative to expose himself to the Qiao family now, or at least, wouldn't give them the opportunity to attack himself.

The relationship between him and Duan Peng hadn't reached that point, so he didn't need to fight the Qiao family for a little reward, for a car, immediately.

Ji Shaolei scratched his head and said, "San'er, this matter, this matter might be better if you agree to it!"

"How so?"

Ji Feng asked suspiciously, "Second brother, is there something else you haven't said?"

"Let me tell you this!" Ji Shaolei said, "The Qiao family has come with a few helpers, not only has Qiao Rong been discharged from the hospital, but Tian Guodong and the others have also been discharged Grand Uncle's intention is to let you go and try out a few of that Qiao family's helpers to see how much weight they have!"

"My father said that?" Ji Feng couldn't help but grin.

Ji Shaolei nodded and said, "Otherwise, do you think I'm that unaware of the importance of the matter that I would agree to help you so easily? Of course, if you don't go, it's fine, after all, Eldest Uncle is also hesitating, except that Little Uncle is the one who is strongly advocating for you to give it a try, and Eldest Uncle has no objection!"

Ji Feng immediately laughed bitterly, it seemed that it was still his love for the limelight that had caused the trouble, Little Uncle knew more or less about his own skills, especially in the training area of the Red Arrow Brigade, his own battles with those instructors and soldiers had made Little Uncle see his own skills, which was why he suggested letting himself try out the Qiao family's helpers.

He couldn't help but shake his head slightly, the other side was someone who could restrain bio-currents, wouldn't he be sending himself to his death if he went over there?

Naturally, Ji Feng did not know that the wisp of bio-current he had left inside the Ti of Qiao Rong and Tian Guodong and the others had already made the helpers from the Qiao family anxious, the other side was not at all as terrifying as he had imagined.

But because Ji Feng grew up in the current society, he didn't know much about those so-called martial artists at all, so naturally he didn't know how strong the other party was.

"How about this, I don't want the car, and I don't need to mention the compensation" Ji Feng pondered for a moment before saying, "I won't escort Duan Peng because I don't like to be a bodyguard for others."

"Then you"

"You guys keep a close eye on the whereabouts of a few of the Qiao family's helpers, if it's just ordinary people who want to keep Duan Peng, I don't think he'll bring another bodyguard, so naturally, there's no need for me to do anything, as for the few of the Qiao family's helpers" Ji Feng shook his head slightly and smiled. "Since you're just planning to try them out, it won't be difficult, but only if you know the whereabouts of those guys!"

Ji Shaolei laughed: "Now even returning the car is already too late, Duan Peng is preparing to leave tomorrow, so I think ah, you should keep this car for yourself, no matter what, you are also considered to have blocked the disaster for him."

Ji Feng faintly shook his head and said, "Let's talk about it after blocking it."

"That's fine!" Ji Shaolei nodded his head.

"Second brother, you're not here this time just to tell me this one thing, right?" Ji Feng asked with a smile, "I remember you said when you first came that there was news?"

"Yes, there is news, however, it is not accurate news." Ji Shaolei nodded and said, "Through a search, the three children and grandchildren, Li Yueqin, have confirmed that they are not the ones we are looking for, and of the remaining three, two are confirmed to be dead, so there is only one left"

"Dead?!" Ji Feng's face instantly changed, "The two who died"

"Don't worry, those two people, neither of them should be the ones we're looking for, because according to the investigation, they've never been to Yanjing, at least not in those years!" Ji Shaolei said, "Now it has basically been confirmed that only that last one, who matches in every way, is in her early forties, and according to people in her village, it seems that she went to Yanjing twenty-five years ago, and in that small mountain village of theirs, to be able to go to Yanjing is quite a sensation, so many of the old people are very impressed."

Swish!

Ji Feng stood up at once and asked eagerly, "Second brother, since you have been able to inquire about all this information, do you know where she is?"

"It would seem that I said that the information was inaccurate!" Ji Shaolei spread his hands helplessly, "Ever since she went to Yanjing, Auntie Li Yueqin has never gone back, and hasn't shown her face in the past twenty years or so."

Ji Feng frowned at once, "Then how can we find it?"

"Instead, there is an inconclusive information that has some reference value." Ji Shaolei said, "Someone in their village went out to work and seemed to say that they had seen Auntie Li Yueqin in Yuncheng, but that person was not sure, because it had been more many years since they had seen each other, and when they met at first, they certainly did not dare to recognize each other, besides, that person also went to work, and the person was also an honest migrant worker, so where would he dare to talk nonsense in the city?"

"Yuncheng?!" Ji Feng scratched his head hard, "You mean, Aunt Li Yueqin is now in Yuncheng? And you're not sure? How can we find her if we're not sure about anything?"

"I'll take my chances!" Ji Shaolei shrugged, "Although Yuncheng is not a first-tier city, it's definitely not small either, so if you want to find someone in a city, you can only take your chances."

"What was her situation when that person from Aunt Li Yueqin's village met her!" Ji Feng asked directly without further ado. He knew that being able to inquire about this information was already the limit of the second brother, and it was definitely not easy to compare trying to find someone in a city.

"The situation doesn't seem to be too good!" Ji Shaolei shook his head and said, "I'm not too sure about the exact situation."

"I know, " Ji Feng frowned slightly and nodded his head.

"San'er, when are you planning to leave?" Ji Shaolei asked.

He was well aware of Ji Feng's Xing character, once he knew Li Yueqin's aunt's address, Ji Feng would definitely go over there, it was just a matter of when sooner or later.

Ji Feng deliberated for a moment and said indifferently, "The day after tomorrow!"

Since Duan Peng was leaving tomorrow, I thought the Qiao family would definitely make a move tomorrow as long as they were ruthless in dealing with him, and when that time came, Ji Feng naturally had to go and probe the bottom of the Qiao family's several helpers.

"Alright then! We'll go together the day after tomorrow!" Ji Shaolei said immediately.

Ji Feng was just about to speak when he heard Ji Shaolei say, "San'er, Li Yueqin is your aunt, that's also my aunt, there's no reason for you to go alone to find out Besides, in the future, even if Eldest Aunt wants to clean up after you, she can push me out as well!"

Ji Feng instantly smiled and nodded: "Well then, it's a deal. By the way, drive the car away!"

“Kicking me out now? You brat want to tear down the bridge over the river?” Ji Shaolei glared at him viciously, “Count on you kid being ruthless!”

Ji Feng instantly laughed out loud.

.....

After Ji Shaolei left, Ji Feng immediately took out his mobile phone and dialed Tong Lei’s number.

Just now, with Ji Shaolei around, it was not good for Ji Feng to show too much eagerness, but now he couldn’t help but worry.

“Hello, Ji Feng, what’s the matter?” Tong Lei’s brittle voice came through the phone, “We’re almost back, what do you want to eat, my sister and I will bring it to you!”

Ji Feng was stunned, “What have you guys been doing?”

“Shopping! Didn’t we put a note on your door?” Tong Lei laughed lightly, “My sister and I saw that you were working seriously, so we didn’t bother you, didn’t you see it?”

“A note?” Ji Feng couldn’t help but smile bitterly, when his second brother called and suddenly came to hurry, he hurried out and didn’t pay attention to whether there was a note on the door.

“Alright, you guys be safe when you come back.”

After hanging up the phone, Ji Feng then deliberated, Qiao family, helpers

“The so-called martial artists, what exactly are they? Could it be that they are really the heirs of some ancient sect?” Ji Feng couldn’t help but shake his head slightly and sneered, “I’d like to see how much weight you actually have, how dare you aid the enemy so recklessly”

Ji Feng knew very well that this kind of thing should not be convenient for the officials to step in, because the Qiao family also has official power, and because of this, the second brother came to find himself and asked him to step in to probe the other side’s bottom, thinking that there should be follow-up actions.

But that said, the Qiao family is really bold, Qiao Gakai’s medical parole is just fine, but now they dare to openly retaliate against Duan Peng, what is this?

Everyone knows that Duan Peng’s troubles were solved by Ji Feng and Ji Shaolei, and for the Qiao family to deal with Duan Peng now is undoubtedly a slap in the face of Ji Feng and Ji Shaolei.

Where did they get the guts to do that?

Without a doubt, they were relying on those so-called helpers.

“Martial artists,” Ji Feng smiled lightly.
