

Campus Master 431

Chapter 431

At ten o'clock at night, the cold wind was howling, and the cold weather made all the pedestrians on the streets rush back home early. Even the most prosperous street in Jiangzhou was no longer as busy as it used to be.

If it was in the past, 10pm would be the time when nightlife in Jiangzhou just started, and prosperity just began, but today, the streets were very cold, except for a broken down car, parked by the roadside, which looked quite conspicuous under the streetlights.

Ji Feng looked in the rear view mirror and found that his position was too conspicuous, so he brought the car forward slightly, so that half of the car was under the light and the other half was hidden in the darkness.

Wearing a brown jacket and a pair of glasses without lenses on his face, Ji Feng sat in the driver's seat and waited quietly.

Buzz!

The phone suddenly vibrated, and Ji Feng immediately took out his phone, tapped on the keyboard a few times, and a line of information appeared: "Yonghe Hotel, room 701, three people."

Ji Feng instantly smiled faintly, he pushed open the car door and got down, his body flashed a few times, then he just disappeared into the darkness and disappeared.

.....

Yonghe Hotel, Room 701.

This is a luxurious suite, which not only has a comfortable bedroom, but also an ensuite room. The outer room is the living room, which is luxuriously decorated, and the furniture is even more comfortable to look at, not to mention sitting in.

The young man was full of pleasing smiles, pouring tea and water for the old man from time to time, saying respectful words that gave people goose bumps, calling himself 'your old man' and 'my nephew', but he did not feel ashamed at all, but was full of respectful and happy faces.

This young man was no other than the grandson of the Yanjing Qiao family, Qiao Gakai!

At this moment, Qiao Gakai was carrying a teapot and diligently pouring water for an old man with a Yin haze on his face, his mouth full of respect.

"Third Elder, you old man, drink some water!" Qiao Gakai said with a half bowed waist and a face full of flattery.

The old man took the water and said indifferently, "Little Qiao ah"

Qiao Gakai's face was full of black lines, an embarrassed look flashed in his eyes, he opened his mouth, but did not know how to respond, but could only smile all over his face, "Third Elder, you command!"

The Third Elder hummed, "Little Qiao, you don't have to be like this, the Fourth Elder and I are both your teachers and elders, so it's only right for you to be filial to your elders, but a martial artist should have a stalwart heart, you're spending all your energy on us two old men, this will delay your progress in the martial arts!"

Qiao Gakai immediately said with a respectful smile, "You are caring for my nephew, of course I know that, but the things I have learned from being around you two old men are far beyond what I can learn from cultivating on my own. Besides, my mother was only saved by your help, so to my nephew, your kindness is as good as mine, so I can't be too filial to you both!"

Even though the Third Elder and the Fourth Elder knew that these words were compliments, they were both very comfortable in their hearts, and although their faces were still covered with a dark haze, the look of satisfaction in their eyes betrayed their true emotions.

"Ah Little Qiao, your intentions are good, the Fourth Elder and I have taken note of them." The Third Elder said indifferently, "However, there are still things to do tomorrow, so you should go and rest first!"

Qiao Gakai immediately said, "Second elder, it's like this, this Jiangzhou is also a crouching tiger hiding a dragon, it's not as bad as Yanjing, more importantly, that little beast Ji Feng is in Jiangzhou, this time second elder must be on guard against him, what he is best at is sneaking attacks, if he comes to sneak attacks tonight"

"Humph!"

The fourth elder who had not spoken all this time but coldly snorted, a murderous look in his eyes as the words popped out between his teeth, "We're still afraid that he won't come! If he comes tonight, then don't even think about going back!"

"That's right! That's right! The two elders are naturally of extraordinary skill, but it's easy to hide from a clear shot and hard to defend against a dark arrow." Qiao Gakai's eyes shifted rapidly as his mind quickly thought of a way to get the two elders to kill Ji Feng, "The two elders might not be too aware that that Ji Feng is not only good at sneaking attacks, but the key is that he doesn't follow common sense and never thinks of himself as a martial artist, otherwise, he wouldn't like sneaking attacks... .."

"Oh?!"

The Fourth Elder sneered, "Not following the usual rules? How do you mean by that?"

Qiao Gakai's mind spun rapidly as he said word for word, "You two elders don't know, nowadays, heat weapons have become mainstream, many people have begun to doubt whether martial artists like you two elders still exist or not, and because of this, many people don't believe that masters still exist in China... ..It was because of these reasons that Ji Feng was also able to better hide his shameless nature, and more importantly, when he was sneaking around, apart from using his fists and feet, he would also sneak around with hot weapons!"

"He wants to use a gun?!"

A relentless smile appeared on the Third Elder's face, "In front of us, does he have a chance to pull out a gun?"

“Even if he had the chance to fire a gun, a small bullet would be able to hurt us?” The Fourth Elder was equally very disdainful, “Not to mention whether he has a chance or not, it would be very difficult for him to get close to us alone, unless he can be invisible!”

Qiao Gakai immediately said, “He’s good at sneak attacks!”

The two elders stopped talking, although they were very confident in their own skills, they also knew that the Ji Feng that Qiao Gakai was talking about was probably not weak either.

If Ji Feng really used a gun to sneak in from a distance, they were not confident that they would be able to dodge it.

Once Qiao Gakai saw that he had impressed the two elders, Qiao Gakai’s heart was immediately filled with joy, but his face had a worried expression, “Two elders, I think we can’t just sit around and wait for death like this, that beast Ji Feng is hard to guard against, why don’t we do this, let’s take the initiative!”

“Oh?” The Third Elder frowned and asked, “How can we take the initiative?”

Qiao Gakai immediately said, “Second Elder, before coming to Jiangzhou, I had already investigated Ji Feng’s information in detail, and also discovered his residence, and found out that he actually has two girlfriends, which is simply abominable.”

The Fourth Elder’s temper was slightly impatient, and seeing Qiao Gakai chattering away here, he said with some dissatisfaction, “Get to the point!”

Qiao Gakai choked for a moment, but did not dare to show any semblance of dissatisfaction as he immediately said, “Yes, yes, yes! Second Elders, what I mean is that we might as well take the initiative and walk to Ji Feng’s residence, it’s already ten o’clock at night, I believe his family must have gone to bed, then we’ll invite them over, with them in our hands, Ji Feng definitely won’t dare to act recklessly!”

As he said this, the cold light in Qiao Gakai’s eyes flashed, it was obvious that this was clearly not what he had in mind.

Hearing Qiao Gakai’s words, both the Third Elder and the Fourth Elder could not help but fall silent, seemingly thinking about the feasibility of the plan Qiao Gakai had proposed.

“Second Elders, anyway, we are here this time, on the one hand, to intercept Duan Peng, while on the other hand, to deal with Ji Feng, a day later is better than a day earlier.” Qiao Gakai said from the side.

Both the Third Elder and the Fourth Elder couldn’t help but frown slightly as the two of them glanced at each other, seemingly asking each other’s thoughts.

“The two elders

At a glance, Qiao Gakai knew that these two dead old men must have been moved, he sneered in his heart, what kind of bullsh*t martial artists, what kind of bullsh*t elders, still afraid of death?!

“You go out first, let’s consider how we should act.” The third elder interrupted Qiao Gakai’s words and waved his hand, about to drive Qiao Gakai out.

“This” Qiao Gakai was stunned and couldn’t help but say, “Second Elders, it’s already past ten o’clock, it will take at least three hours to get from here to Ji Feng’s residence, if we don’t leave now, it will be too late. ”

Seeing that Qiao Gakai actually dared to chirp here, the fourth elder’s face suddenly turned cold: “What, do we still need you to give an account of how we do things?”

Qiao Gakai choked and said in a panic, “Don’t misunderstand, I am just giving you two elders a suggestion, I am going out, I am going out.”

While Qiao Gakai was secretly angry in his heart, his face was filled with apologies as he hurriedly retreated outside.

“Wait a minute!” The Third Elder called out to him, “Go to the prospective carriage, in ten minutes, we’ll set off!”

“Yes!”

When Qiao Gakai heard this, his heart burst with joy and he panicked and said loudly, “Second Elder, please wait a moment, I’ll go and prepare the car!”

He hurriedly pushed open the door and walked out, because he was so happy in his heart, he felt his legs drifting as he walked, as if he was stepping on cotton, with a red face and a strong joy in his eyes.

“Ji Feng, this time, I’ll see how you can still jump around!” Qiao Gakai gritted his teeth and his hatred was overwhelming, “When your women fall into my hands, I will make you beg for your life and beg for death, and I will treat them even better, so that they will know that I am stronger than you”

The thought that Ji Feng would be beaten to death by the Third Elder and the Fourth Elder, and even before he died, he would kneel down in front of himself and beg for mercy, Qiao Gakai’s heart felt as if he had eaten ice cream in June, his body was incomparably comfortable, he felt as if he was about to fly

The face of Qiao Gakai changed abruptly, he found that he really flew up!

He found that he was really flying!

Qiao Gakai’s body, suddenly flew up and just fell heavily onto the corridor, blacking out before his eyes and losing consciousness.

Ji Feng, who was wearing a jacket, stood in front of the unconscious Qiao Gakai, lifted him up with one hand, and turned around and entered a private room next door.

“Pop!” Qiao Gakai suddenly received a heavy slap on his face, his body suddenly shook and his eyes snapped open, then he stared wide, and his mouth said with difficulty, “Ji, Ji Feng?!”

Ji Feng smiled and said, “Yes, weren’t you about to go and find me? Now there’s no need for you to make a trip, I’ve delivered myself to your door!”

Qiao Gakai was instantly surrounded by a thick fear.

Chapter 432

Inside a private room in the Yonghe Hotel, Qiao Gakai was trembling violently, even his teeth were fighting and trembling continuously, his lips showed a weird blue-purple colour, his whole person seemed like a puddle of Rou mud, just limp on the ground, his eyes were full of fear.

In his opinion, this youth in front of him, who was even smaller than him, was a devil, no, he was even more terrifying than a devil, because since he was born until now, he had never seen a devil, yet he had seen how terrifying Ji Feng was!

“Hiss.”

Qiao Gakai kept sucking in cold air backwards, fear spreading in his heart, he knew that today he might be really in a bad way.

Somehow, from the moment he woke up, Ji Feng had only slapped him slightly on his body, and he felt a heart-breaking pain instantly spread throughout his body.

Immediately afterwards, Qiao Gakai felt that the strength within his body Ti was instantly drained away, and his entire body was swept by intense pain, but on the contrary, his mind was exceptionally clear, and he could clearly feel every ounce of pain, nothing was more painful than this.

“You, you” Qiao Gakai opened his mouth, using almost every ounce of strength left in his body, but he could only utter two words.

“What’s wrong with me?” Ji Feng asked with a faint smile on his face, smirking.

Qiao Gakai opened his mouth to speak, and then a burrowing pain hit him, causing him to stare in disbelief, his body twitching even more, but he couldn’t say anything at all, just panting violently, his whole body simply feeling like it was about to suffocate.

“Hate me a lot?” Ji Feng asked with a frown.

Qiao Gakai wanted to answer that he not only hated Ji Feng, but he hated his Rou and drank his blood

but he couldn’t utter a single word, let alone swear.

“You hate me, there’s nothing to say about it, it’s right to hate me any way you want!” Ji Feng smiled and nodded, faintly smiling, “I hope you’ll continue to hate me when you get to hell, never be strong and don’t change your mind!”

As soon as the words left his mouth, Ji Feng jerked forward and took a step, stepping over to Qiao Gakai’s side, his fist raised high and about to smash down.

Swish!

Qiao Gakai didn’t know where he got the strength from, his eyes suddenly went wide, his eyes were filled with fear, his lips were trembling, and he shook his head with difficulty with all his strength, as if he was begging, asking Ji Feng not to kill him.

“Don’t want to die?”

Ji Feng frowned and asked with a cold smile, "Just now when you suggested those two old men, to attack my residence, why didn't you think that you would have this day?"

Qiao Gakai became even more fearful, it was obvious that the conversation between him and the Third and Fourth Elders just now had been completely overheard by Ji Feng.

Having seen Ji Feng's ruthless methods, Qiao Gakai did not doubt for a moment that if he dared to be half-hearted, Ji Feng would definitely kill him without hesitation.

Of course, with Qiao Gakai's current physical state, even if he wanted to be tough, he didn't have the strength or ability to do so!

"No, don't" Qiao Gakai's lips twitched even more, and the purple color on his lips became even more intense.

Ji Feng deliberated for a moment before shaking his head and saying, "It looks like you don't have any value either, so it's better to send you to hell, and then I'll go take care of those two old men next door."

His fist was once again raised high and he was ready to slam it down.

"I, I have", Qiao Gakai's heart was filled with fear and he shook his head frantically Of course, to say that it was frantic was only for his current physical condition, in reality, Qiao Gakai's so-called shaking of his head was just a little more trembling of his neck.

"You have? What do you have?" Ji Feng frowned and asked, "Is there any end to this? Don't think about stalling for time!"

"Price, value" Qiao Gakai said with difficulty, breathing more sharply, obviously extremely difficult and extremely painful.

Ji Feng frowned and asked, "You have value?"

Qiao Gakai nodded with difficulty, but could not say anything.

Ji Feng bristled and reached out and slapped Qiao Gakai's body a few times.

The next moment, Qiao Gakai suddenly felt that the pain in his body was rapidly disappearing, although his strength had not returned, it was not as uncomfortable as it was just now, and his body's twitching was much smaller.

"Tell me, what exactly are you worth?" Ji Feng said indifferently, "I hope your reason, can satisfy me."

His tone wasn't heavy and his voice was light, but Qiao Gakai was able to feel that what was hidden in Ji Feng's faint words was a strong murderous aura.

"You, what do you want to know?!" Qiao Gakai asked with difficulty, but in his heart he was thinking quickly, Ji Feng seemed to want something from himself, this was his only chance to escape, he must take advantage of it.

"I want to know, what are those two old things, I heard before, you came to Jiangzhou this time, mainly to deal with me?" Ji Feng frowned and asked, "Why?"

Qiao Gakai's mind turned rapidly, but his mouth said, "Those two old men, they are the Third Elder and the Fourth Elder, we came to Jiangzhou this time, on the one hand, we want to intercept Duan Peng and make him hand over the funds in his hands"

Before he could finish his words, he was cut off without Ji Feng.

"You know, what I want to hear is not this nonsense!" Ji Feng said indifferently.

Qiao Gakai choked as he hurriedly said, "Then, then what do you want to hear?"

"Do you want me to ask again?" Ji Feng frowned and said, "If your brain wasn't big stupid, you should remember the question I asked just now!"

Qiao Gakai said helplessly, "I know what you want to ask, but, I don't know a lot, Please wait, I'll say!"

Seeing that Ji Feng's finger was about to point over, Qiao Gakai knew that in front of this bastard, he could not say half a word more nonsense, otherwise, his death face would definitely be very ugly.

He took a deep breath and said through clenched teeth, "These two, respectively, are the Third and Fourth Elders of the Xuan Yin Sect, I don't know their exact names, everyone else also calls them Elders, the two are master brothers, as well as siblings."

Ji Feng just looked at him calmly and didn't ask any follow-up questions, he just listened quietly. Even though up until now, Qiao Gakai had been talking nonsense, Ji Feng still wasn't in a hurry, there was plenty of time in the evening, he wasn't afraid of wasting time.

Seeing this expression on Ji Feng's face, Qiao Gakai had to continue, "The two of them came this time, mainly because they wanted to deal with you, because you beat up Tian Guodong, a disciple of the Xuan Yin Sect, as well as Zhu Yongtao and the others, and, the four Zhu Yongtaos were also sent to prison by you!"

When he said this, Qiao Gakai's eyes could not hide his hatred, because Ji Feng had likewise sent him to prison.

"Why do you keep targeting Duan Peng, tightly just because he holds a sum of money in his hands?" Ji Feng asked. To say that if one wanted to raise funds, there were too many people in the whole of China who were better to deal with than Duan Peng, such as some wealthy people without any big backgrounds, or some burgeoning families, which were the best targets to go after, and not easy to raise the alarm from above, but the Qiao family and that so-called Xuan Yin Sect didn't do so, obviously there was a reason for that!

Qiao Gakai said, "Because Duan Peng's elders used to have a problem with the Xuan Yin Sect when they were alive, exactly what that problem was, I'm not too sure."

Ji Feng smiled faintly, but in his heart, he was dissatisfied with this explanation, saying this, but it was the same as saying nothing, he didn't know anything other than that the two old men were from the Xuan Yin Sect.

"How did the Xuan Yin Sect cooperate with your Qiao family?" Ji Feng asked, "What is the purpose of your cooperation?"

“The Xuan Yin Sect needs money and some resources, while we need force.” Qiao Gakai immediately said honestly, without any pause in between.

Ji Feng raised an eyebrow and asked, “Where is the Xuan Yin Sect?”

“I don’t know!”

Qiao Gakai immediately said, “I really don’t know, our contact with the Xuan Yin Sect is all through letters, not even a phone call, I really don’t know where their address is!”

“A very old fashioned way!” Ji Feng smiled and said, “Well, I don’t really want to know anything else, let’s get some sleep first!”

Qiao Gakai was instantly shocked, he just wanted to speak when he was nudged in the head by Ji Feng’s finger, he only felt a blackness in front of his eyes and lay down on the ground at once, never to move again.

Ji Feng bristled, “Do you really think I’m a fool?”

He kicked away Qiao Gakai’s hand, and a pocket pistol suddenly slipped from his hand.

“Boy, an ivory pistol!” Ji Feng squatted next to it and tsked twice in admiration, “This thing has only been seen in movies before, I didn’t expect to see it here Unfortunately, I didn’t give you the chance to shoot it!”

He shook his head slightly, stood up, turned around and walked out of the private room. As for Qiao Gakai, Ji Feng wasn’t worried about him waking up at all, unless the expert who could restrain the bio-current came back to save him.

Moreover, in order to create some problems for the expert who could restrain the bio-current, Ji Feng deliberately increased the bio-current input into Qiao Gakai’s Ti this time.

However, he did not know that the subtle bio-current he had input into Tian Guodong’s Ti had already made the Third Elder and the Fourth Elder struggle to completely remove it, and this time, even if the two of them joined forces, they would definitely not be able to remove the bio-current from Qiao Gakai’s Ti.

Unless, an even stronger expert came.

Ji Feng quietly closed the door of the private room and strided to the door of room 701, reaching out and knocking on the door.

“Xiao Qiao? Come in!” A medium-voiced voice came out.

Ji Feng calmly opened the door and walked in, and saw the two of them, Third Elder and Fourth Elder, had taken off their Tang suits and changed into black night clothes, like the thugs in the movies who committed crimes in the dark!

Chapter 433

Seeing these two old men in costume, Ji Feng couldn’t help but snicker, he really thought of himself as a high and mighty warrior?

“Well!”

Ji Feng nodded and laughed mockingly, “Looks like you guys are quite dedicated! That’s not a bad outfit, where did you buy the clothes?”

Only then were the Third Elder and Fourth Elder startled, both of them stood up with a swish, staring at Ji Feng warily and Yin coldly, the Third Elder couldn’t help but ask in a cold voice, “Kid, who are you? How did you get in?”

“Didn’t you guys let me in?” Ji Feng smiled faintly, “I knocked on the door!”

The Third Elder and the Fourth Elder’s faces instantly sank, and the Fourth Elder, who had a bad temper, sneered, “Kid, you better not play tricks in front of us, say, who the hell are you and how did you get in!”

While the Fourth Elder was speaking, the Third Elder had gradually moved his feet, although it seemed careless, the position he was standing in, between the Fourth Elder and Ji Feng, formed a zigzag shape, once he made his move, the two old men could pinpoint Ji Feng extremely easily.

Ji Feng acted as if he didn’t see it and just laughed: “If you want me to say so, you two old men are old, why don’t you just stay at home and retire properly, why do you have to come out to do wrong? In case you lose your lives here, it won’t be worth it.”

“Bullsh*t!”

The Fourth Elder roared angrily as he pointed at Ji Feng with an arrogant face and sneered, “Just by virtue of you, a little doll who stinks of Ru, you dare to speak to the old man like that? Let’s see me take you down and make your mouth hard again!”

With a low roar, the Fourth Elder was about to pounce on him, but he was suddenly stopped by the Third Elder, “Old Fourth, be careful, this kid has something strange!”

The Fourth Elder was stunned, “What’s odd?!”

The Third Elder looked at Ji Feng with extremely wary eyes and asked in a deep voice, “Kid, if I’m not wrong, you should be the little beast who is good at sneaking around and also our target this time, Ji Feng!”

“What?!” The Fourth Elder immediately shouted out of breath, “This little beast, is actually our target this time, Ji Feng?!”

“You have already cursed the little beast twice.” Ji Feng extended two fingers and smiled coldly, “You will definitely pay the price for that!”

“The height of arrogance!” The Fourth Elder snorted coldly, “Third Brother, come together!”

The two of them had already known that Ji Feng was definitely a formidable enemy after seeing Tian Guodong’s injuries at the Yanjing Military Hospital, not to mention anything else, just the bio-current that Ji Feng had left inside Tian Guodong’s Ti, which actually required two people, Third Elder and Fourth Elder, to join hands to dissolve it, the two of them were awe-struck in their hearts, this was definitely a master.

The Third Elder had also confessed that if he were to face Ji Feng head-on, the Third Elder might not lose, yet, he did not say that he would win either.

This also meant that Third Elder only had the confidence to remain undefeated in front of Ji Feng, or even to say that he would retreat in full, but to say that he would win was definitely just a delusion.

From this, one could see how strong the shock Ji Feng gave to the Third Elder and the Fourth Elder really was.

Because of this, when the Fourth Elder made his move, he naturally did not strike alone, but let out a loud shout and struck out together with the Third Elder.

Huhuhu!

The Third Elder's fist was incomparably quick, forcing its way straight to Ji Feng's chest, while the Fourth Elder bent down and swept his leg towards Ji Feng's calf.

One of them attacked the top and the other the bottom, instantly sealing off all of Ji Feng's offensive defences, leaving him with no other way out but to retreat.

But the Fourth Elder was more confident, as long as Ji Feng dared to retreat, he would immediately be at a disadvantage and would be in a completely passive situation, and the rhythm of the battle would be completely in the hands of the Third Elder.

Because the Fourth Elder knew very well that the Third Elder was not only frighteningly fast, but also, what he was best at was attacking the lower plate, having practiced his unique technique 'Lion's Eighteen Roll' for decades, which had already been perfected, so how could a young beast like Ji Feng, who was young enough to be their grandson, possibly know this?

However, before the Fourth Elder could get happy, he suddenly realized that he had lost Ji Feng's figure in front of him.

In fact, Ji Feng was the same fierce crouch and swept a fierce leg over, colliding right with the Third Elder's sweeping leg.

Bang!

A dull sound suddenly came out, and the Third Elder's body shook violently, rolled on the ground and retreated back. However, Ji Feng did not pause for a moment, as he braced his hands on the ground and suddenly kicked out his two feet upwards, hitting the incoming Fourth Elder squarely in the small of his stomach.

He suddenly kicked upwards with both hands, hitting the attacking Fourth Elder squarely in the belly.

The Fourth Elder was sent flying by Ji Feng's kick, and with a whistling sound, the coffee table behind him was smashed into pieces, even the tempered glass, and shattered.

Ji Feng stood firmly on the ground again, but gave the Third Elder a wary look, this old thing's leg was so powerful!

Even the stone table underneath the school dormitory could be crumbled by his fist, and the edge of the table was even broken by his leg, so the power could be imagined.

But this old man, however, was able to touch his leg with his own hand, obviously his body is not ordinary.

However, Ji Feng did not know that he was surprised in his heart, while the Third Elder opposite him was almost shocked beyond words!

How was it possible that a brat who was only twenty years old could gain the upper hand against him?

Even if there was a huge rock in front of him, he could still break it with one leg.

However, before he could think about it, Ji Feng suddenly attacked again. For the enemy, Ji Feng adhered to the belief that a lion must use its full strength to fight a rabbit, and never gave the enemy half a chance to breathe.

Hoo-!

Ji Feng's body was as fast as lightning, and he kicked out, forcing the Third Elder straight towards him. The Third Elder was startled and was about to dodge in a panic, but as soon as he made his move, he saw Ji Feng make a strange turn and pounced directly on the Fourth Elder who was moving in the opposite direction to him!

Swish!

Ji Feng's foot stepped on the Fourth Elder's chest with a violent jolt.

"Ugh...!"

The Fourth Elder, who was originally thrown to the ground, instantly stared in disbelief, his body twitched violently for a few times, and with a look of disbelief in his eyes, he just passed out, unconscious.

"Old Fourth!"

The Third Elder instantly roared, "Little beast, I want your life!"

Ji Feng sneered, "I'm afraid you don't have that power!"

His legs shot up and he actually picked up the unconscious Fourth Elder with a raw kick and flung him towards the Third Elder on the opposite side.

The next moment, Ji Feng followed him and took advantage of the moment when the Third Elder was distracted to smash his fist over.

Ji Feng's speed caused the Third Elder to be startled, and in his haste, in order to avoid the Fourth Elder being seriously injured again, the Third Elder could only grit his teeth and blast out a fist that happened to collide with Ji Feng's fist.

Bang!

The two fists collided, but the sound was stirringly slight, yet it was as if the Third Elder had been electrocuted, his body shook violently, and immediately afterwards, his entire body twitched strangely, and he just fell to the ground softly.

After taking a look at the two old men who were already unconscious, Ji Feng expressionlessly picked up a Tang suit on the sofa and wiped all the traces on the floor, as well as wiping all the places he touched, such as the door handle, before jumping down from the window.

If someone had seen this scene, they would have been shocked and their eyes would have stuck out.

However, Ji Feng did not pause in the slightest. At this moment, he was like a roc, opening his arms wide and falling directly from the window on the seventh floor, and every time he descended one floor, Ji Feng's toes would point on the wall, and his descent speed suddenly became much slower.

With that, Ji Feng disappeared into the darkness of the night.

When he returned to his car, he took out his mobile phone and sent a text message, "Things are done, the two helpers of the Qiao family are unbeatable!"

Soon, a text message replied, "Awesome!"

Ji Feng instantly smiled faintly, deleted the text message, started the car and slowly left.

Although the original purpose of this operation was just to come and feel out the Qiao family's helpers, the mischief of Qiao Gakai and the conversation of those three people made Ji Feng's heart shake with anger.

The fact that they wanted to directly raid his residence and take Xiao Yuxuan and Tong Lei as hostages offended Ji Feng, and even more so, touched a bottom line that he could not tolerate.

Even so, Ji Feng did not take their lives, but directly inputted an even stronger bio-current into their Ti, turning them into the same as Qiao Rong and the others before. Although Ji Feng did not know how long this bio-current would last, but looking at the situation Qiao Rong and the others were in at that time, he knew that its power must be extraordinary.

Since the two sides had completely torn their faces apart, Ji Feng had nothing to hesitate about.

However, through this matter, it also made a strong sense of crisis rise in Ji Feng's heart, the security of the villa was vital. If Qiao Gakai sent another person to his villa after he went out today, I believe that with Xiao Yuxuan and Tong Lei, they would not be able to resist, and then there would be a big trouble!

"We must strengthen the villa's security measures!" Ji Feng frowned tightly, he had to go look for Aunt Li Yueqin next, besides, even if he didn't go looking, he couldn't be in the villa all day and night, or all around Xiao Yuxuan and Tong Lei.

Qiao Gakai and those two old men were now heavily damaged, if the Qiao family or that bullsh*t Xuan Yin Sect failed to retaliate madly against themselves and targeted Xiao Yuxuan and Tong Lei, that was simply impossible to prevent!

If the Qiao family and the Xuan Yin clan really dare to strike at Xiao Yuxuan and Tong Lei, he will definitely use all means to uproot the Xuan Yin clan and the Qiao family. And if the two women had any

damage, even if they were to be killed in a river of blood, Ji Feng would definitely not have any hesitation!

Chapter 434

Early the next morning, in an obscure corner of the Jiangzhou Morning Post, a story was reported about three unidentified people who had fallen unconscious at the Yonghe Hotel, the exact cause of which was still under investigation.

In the report, apart from a brief mention that the three had fallen into a coma, the rest, in a puzzled tone, described the dress of two of them.

The two elderly men with long hair and wearing strange black tights looked as if they were TV night dancers, but obviously, in modern society, night dancers naturally do not do anything good, so with just a few simple strokes, the report made readers curious about the identity of the three men, and of course, many of them would think the worst of it.

Wearing black clothes and dressed in such an eccentric manner, could they be some kind of theft syndicate that has set up shop here and is preparing to commit crimes in Jiangzhou?

Or, perhaps, some evil organisation?

The writer of the morning newspaper cleverly shifted the public's attention from the three people in a coma to the specific identities of the three people.

When Ji Feng saw the newspaper, it was already after ten in the morning. He only smiled slightly when he saw the news, and then casually threw the newspaper on the coffee table.

If Ji Feng was correct, there should be a follow-up report next, and the identity of Qiao Gakai, one of these three people, would also be revealed. At that time, the unlucky ones would not only be Qiao Gakai, but also the person in charge of the prison who granted him medical parole, as well as a series of other related people, who would all be involved.

From this report Ji Feng could see that Second Uncle was about to strike at certain people, and the knives had all been sharpened and sharpened and had been raised high.

The next step would be to see what the Qiao family's reaction was.

However, Ji Feng believed that the attack on Qiao Gakai and the two old men, the third and fourth elders, would definitely touch a nerve in the Qiao family, and coupled with the sharpening of the second uncle's knife, it made it so that the Qiao family would definitely not have the energy to move against themselves and Xiao Yuxuan's two daughters before they rescued the three Qiao Gakai.

On the one hand, this was Second Uncle's strategy, while on the other hand, it was also him protecting himself.

But Ji Feng didn't take it lightly, he knew very well that if he hadn't rushed over in time last night and happened to overhear the conversation between Qiao Gakai and the two old men, or if he had gone one step later, the consequences would have been unimaginable, at least, Xiao Yuxuan and Tong Lei would

have been in danger, and he would have been absolutely scared, and I'm afraid he might have fallen on his face.

This matter gave Ji Feng a very urgent sense of crisis, so early the next morning, Ji Feng also training also did not care, but consciousness directly into the mind, and intelligent brain exchange.

Afterwards, Ji Feng called his second brother, Ji Shaolei, and asked him to prepare some electronic equipment. At the same time, Ji Feng also called Han Zhong and asked him to get some explosives through his local connections.

The first thing is to get some explosives, which is a dangerous thing that Ji Feng wouldn't dare to get through his second brother, Ji Shaolei, or else he would have to alert his second uncle.

If you are a member of the family, you will not be able to get a job.

For Ji Feng, of course such a thing cannot be done, moreover, this time he is also trying to set up something without going through external forces, relying only on himself.

The information given by the intelligent brain could not be leaked, and once it was known, the consequences would naturally be self-explanatory. And some of the things that Ji Feng was going to set up now were entirely techniques provided by the intelligent brain, which likewise could not be made known to anyone.

Around eleven in the morning, with Tong Lei still revising her homework and Xiao Yuxuan accompanying her, the two women discussing some issues from time to time, Second Brother had already sent someone to deliver all the electronic equipment that Ji Feng needed, followed by about half an hour later, Han Zhong likewise drove over some explosives and accelerants and such.

"Ji Feng, what are you going to do with these things?"

Even though it was a cold winter month, Han Zhong, who stepped down from the car, was sweating profusely, and his face was even more nervous, he handed a suitcase in his hand to Ji Feng carefully, "Be careful, this is all strong explosives, I got them from a fisherman who thought he was blowing up fish at a high price through a small security guard under Han's group. I saw the power of this explosive with my own eyes, just this small packet, once it is loaded into the container and detonated, it is enough to blow up half of the fishing boat!"

Ji Feng nodded and smiled, saying, "Don't worry, no matter how potent the explosive is, as long as you don't detonate it, it's just a bunch of dead things."

Saying that, he casually picked up the suitcase and casually wobbled and carried it over.

Han Zhong was so shocked that he broke out in a cold sweat again and said in a panic: "Slow down, don't be so big-headed, okay, there are ten kilograms in here!"

Even on the smoothest of roads, Han Zhong was still stiff and squirming, afraid that he might accidentally detonate the suitcase of explosives!

The reason for this is that he was squirming all the way to Ji Feng, and by the time he got here, his clothes were almost drenched in cold sweat.

Ji Feng was dumbfounded, but his movements were also much smaller, not making Han Zhong feel any more on edge.

“Go in and sit down first go and take a shower, I have clothes here, change first, don’t get a cold!” Ji Feng laughed, “I still have some things to do on my side, when I’m done, then we’ll go out for dinner together!”

Han Zhong shook his head, “Even if you take a shower, you go ahead and get busy, don’t mind me Ji Feng, what exactly do you want these things for? Even if you want to quit school to become a fisherman, you can’t use that much explosives at first!”

Ji Feng laughed: “Make some small organs, well to be more accurate, I should say make a security alert device, of course, this device does not only have the function of alert, but also the function of defense!”

“You’ll do it?!”

Han Zhong’s eyes widened at once, with an incredulous look written all over them, “Are you sure you’re making a security alert device, and not an incestuous trap? Ji Feng, you, a student of economics, wouldn’t be making your own landmines to bury in the yard, would you?”

“Landmines”

Ji Feng almost didn’t choke on his own saliva, he thought for half a day, but still couldn’t come up with any suitable words, finally he could only grit his teeth and said, “Anyway, it’s not a mine, much less a trap!”

The home guard system of the Gamma Galaxy would be described as traps and mines How would this make those aliens feel embarrassed?

At this time, Xiao Yuxuan upstairs also heard the commotion below, so she came downstairs with Tong Lei and greeted Han Zhong, while Ji Feng went into the study and started his work.

At this time, the study had already prepared a lot of equipment, from electronic cameras, pinhole cameras, all the way to infrared sensing devices, to gravity sensing devices and so on, but all the little equipment for vigilance, it was all here.

What Ji Feng wanted to set up was a home guard device that was very common in the Gamma system. Although the current equipment was not as advanced as that in the Gamma system, as long as it was utilised well, the effect was the same.

After making a few preparations, Xiao Yuxuan had also prepared the meal. Ji Feng quickly finished his meal and explained that Han Zhong would stay behind first, then he went into the study again and drummed it up.

A total of one hundred and twenty sensors were installed one by one in all corners of the villa by Ji Feng, but of course, some were also buried in the courtyard like Han Zhong had said. On the courtyard walls and the exterior of the villa, there were likewise quite a few.

These sensors included infrared, gravity, light and other aspects, and were calibrated on the computer and connected together with extremely thin transmission wires, and near each sensor, there was a two

attack devices, one of which was an electric current attack, the original standard voltage inside the villa, after the voltage booster made by Ji Feng himself, the current was up to more than 2,000 volts, even if one was a martial arts expert, one absolutely could not carry it.

The other attack device was a miniature bomb made by Ji Feng using the explosives provided by Han Zhong, which was to prevent the current attack from not working as it should and being exploited by the enemy.

In fact, if the electric current did not work, it meant that the other party was either a powerful and perverted expert or a connoisseur, and the mini-bomb became the second hurdle.

Of course, there would not be only these two barriers, this was only the outer defense, inside the villa, Ji Feng naturally would not install miniature bombs, otherwise, it would not be a defense device, but a demolition device!

After setting all this up, the time had already reached 6 p.m. At this time, Ji Feng came back to his senses, but he saw that the three people, Xiao Yuxuan, were staring at themselves in a daze.

“Bad!”

Ji Feng’s heart suddenly cackled, forgetting to ask them to hold back, this time, except for the process of assembling these devices they didn’t see, the rest, but all of them were in their eyes.

“Why are you all frozen? It’s so cold, hurry up and get inside!” Ji Feng snorted and said without a blush on his face.

“Ji Feng, you, you just” Han Zhong frowned slightly and asked, “You just now, but you look like a super bodyguard installing a defense device, holy sh*t! When did you learn this?”

Ji Feng laughed heatedly, “I’ve watched too many movies, and now that I have a villa of my own, I naturally want to have a good time!”

“Sh*t!”

Han Zhong couldn’t help but roll his eyes, of course he knew that what Ji Feng said wasn’t the truth, but since Ji Feng wasn’t willing to talk about it, he didn’t ask more questions.

Xiao Yuxuan and Tong Lei would naturally be even less likely to ask at this time, even if they had questions, it was naturally more appropriate to ask them in bed.

A few people returned to the living room and sat down, Ji Feng handed Han Zhong a cigarette and asked, “How is the factory now?”

Chapter 435

When the pharmaceutical factory was mentioned, Han Zhong immediately came to life, but he did not rush to speak, but fell silent and slowly deliberated.

Ji Feng’s heart secretly praised, perhaps in other things, Han Zhong looks no different from other fops, but when it comes to the pharmaceutical factory, Han Zhong suddenly seems like a different person, the whole person becomes wise and calm, like an old boss who controls the whole situation.

Perhaps it is really a correct decision to give the management of the pharmaceutical plant to Han Zhong, but I wonder if Han Zhong will continue to work in the pharmaceutical plant for a long time?

After all, Han Zhong has another identity, that is, the first heir of the Han Group. If the Han Group is a strong adult, then the Tengfei Pharmaceutical Factory is just a newborn baby, and it is still a bit malnourished!

In this case, even if Han Zhong is willing to stay, I am afraid his family will not agree to him staying in the pharmaceutical factory.

The first thing that I want to do is to listen to Han Zhong's opinion first.

After a few moments of contemplation, Han Zhong opened his mouth and said: "Ji Feng, in fact, according to my idea, it is not too wise for you to buy this pharmaceutical factory now. The reason is that the Tengfei pharmaceutical factory does not have its own patented technology, does not have its own brand, does not have sufficient marketing channels, and has very limited fixed customers. Under such circumstances, earning some pocket money is definitely not a problem, but if you want to become stronger and bigger, it is very difficult!"

Ji Feng couldn't help but nod and smiled, "If I had my own prescription and was guaranteed to be able to produce absolutely effective medicines, and the results could be said to be immediate, do you think there would be room for the pharmaceutical factory to grow?"

"Then of course there is!"

Han Zhong immediately nodded his head, but then asked suspiciously, "What kind of prescriptions do you have? For what disease?"

"Weight loss!" Ji Feng laughed, "I have a prescription in my hands that has special effects in weight loss, and it has absolutely no side effects, of course, I can't say that it is 100% free of side effects, but according to experiments, the side effects are basically negligible and have no effect on the human body."

Ji Feng also does not dare to guarantee that the No. 53 slimming pill will really not have a single side effect, after all, between the humans of the Gamma Galaxy and the people of Earth, there are always some differences in physique, although the principle and effect will not be too different, but to truly say that there are no side effects at all, this is certainly impossible.

However, since Slim Pill No. 53 has long been proven in the Gamma Galaxy to be harmless to the human body, then even if there is some difference in physique between humans in the Gamma Galaxy and Earthlings, it is still negligible.

Of course, according to Ji Feng's idea, naturally, you can't just take the prescription and produce it, it must be tested. He won't do that kind of thing where he dares to produce it casually as long as it doesn't kill him, that's going to break his life!

As for the personnel for research and testing, Ji Feng already had a candidate, and that was Ji Yinhong's husband, that expert in medicine. Of course, whether this candidate was the most suitable one or not still needed to be examined.

“A weight loss pill?!” When Han Zhong heard this, he did not get happy because of Ji Feng’s assurance that it would definitely work, instead he frowned slightly and said, “Ji Feng, you should know very well that there are just too many weight loss products on the market now, what with the weight loss tea ah, weight loss health products ah, there are so many that people are dazzled. However, there is not yet any product that dares to say that its medicine is definitely effective.”

Han Zhong was still a bit unconvinced, if it was a medicine to cure a disease, after clinical trials, it might work for some people, which was naturally no problem.

However, where were the diet pills nowadays that were truly effective? It is still not by the overwhelming advertisements, and the frantic laying out of goods, which has a certain amount of sales, but in reality, it is difficult to sustain for a long time.

In Han Zhong’s opinion, it was definitely not a good idea to produce diet pills!

Xiao Yuxuan and Tong Lei also couldn’t help but nod slightly, women are more or less more knowledgeable about diet pills than men, which of those diet pills on the market now didn’t rely on gimmicks and advertisements to have such a large sales volume? If you want to talk about the real effect, there is really not much to say.

Ji Feng naturally knew all this, but he had full confidence in his slimming pill No. 53 because Special Effect Current was the best example, that was also a drug from the Gamma Galaxy, but it not only saved Master Tang’s life, but also Grandpa’s, so this effect naturally did not need much to be said.

He could not help but smile and ask, “What if it really works?”

Han Zhong was suddenly stunned and asked in confusion, “It really works?”

“I mean if it really works.” Ji Feng laughed, “In that case, do you think there will be a market for it?”

“There definitely is!”

Han Zhong immediately said decisively, “However, even if it really works, the market needs to be reopened, because there are now too many varieties of diet pills, and customers are fooled into not believing that there are any special effects However, if the operation is good, there is still some room for exertion!”

Ji Feng smiled and asked, “If I can get out such a prescription, is there any interest to operate one?”

Han Zhong instantly laughed heatedly: “What, want me to stay for a long time? I knew you were ungenerous, when I was asked to temporarily manage the pharmaceutical factory, I said it would be a month or two, but now two months have long passed, you just don’t mention the matter of taking it back, so it was this idea”

“One word, to do or not to do!” Ji Feng asked directly.

“Do it!”

Han Zhong immediately nodded his head and said rightfully, “Why not? It’s only by starting with nothing that my Han Zhong’s skills can be shown, but I can make a career out of it, so that those people in the group can see that I, Han Zhong, am not as incompetent as they think!”

Ji Feng instantly laughed: “You kid

He did not expect Han Zhong to agree to be so crisp, after all, everyone knew that this piece of diet pills was not too good, and Han Zhong must not have agreed to do it all because he wanted to prove his ability.

If he only wanted to prove his ability, he could have built his own business from scratch, why would he have to work for himself?

Obviously, Han Zhong was trying to help himself!

“Let’s put it this way, I might have to leave for a few days recently, so when I come back, we’ll look at it in detail.” Ji Feng said, “And, when I come back, I’m going to transfer the pharmaceutical factory to Yu Xuan’s name, but that has no effect

Han Zhong nodded slightly, he naturally knew that the state had this regulation, he used to just think that the reason why Ji Feng had put the pharmaceutical factory directly under his own name was because he didn’t care about that, and he didn’t say much.

After Han Zhong left, Ji Feng took out his mobile phone and sent a message to his second brother, Ji Shaolei: “I plan to leave for Yuncheng tomorrow morning, you are responsible for preparing the car!”

After sending the message, he had just raised his head when he saw Xiao Yuxuan and Tong Lei sitting next to him, staring at him.

Ji Feng was stunned, “Why are you guys looking at me like that?”

Tong Lei couldn’t help but let out a soft sigh and said in a soft voice, “Ji Feng, tell us the honest truth, what exactly did you do last night?”

Xiao Yuxuan, sitting next to her, also nodded slightly and echoed, “Little rascal, if you dare to lie to us again, you’ll sleep by yourself forever from now on!”

Just as she finished her words, her pretty face flushed slightly, and Tong Lei couldn’t help but have two flushes rise on her pretty face, crying and laughing as she said, “Sister, you’re just protecting him, that’s not good!”

Tong Lei naturally could see that, seeing that she was blaming Ji Feng, Xiao Yuxuan came to make trouble, and what she said was too

humiliating!
Xiao Yuxuan smiled sweetly, took Tong Lei’s small hand and said, “Okay, okay, it’s sister’s fault, since he dares to cheat us, punish him for sleeping alone today, let’s go upstairs!”

Tong Lei immediately cried and laughed as she was pulled upstairs by Xiao Yuxuan, and forgot to blame Ji Feng again. When she almost reached the first floor, Xiao Yuxuan turned back and winked at Ji Feng again.

Ji Feng was dumbfounded and laughed, but in his heart he was relieved, fortunately Lei Lei did not continue to pursue the question anymore, otherwise, he really did not know how to answer.

“Sister, why are you always protecting him, this won’t work!” When she came upstairs, Tong Lei couldn’t help but beep her little mouth and say in an angry voice.

Xiao Yuxuan laughed, “Then how do you want to blame him?”

“I” Tong Lei, however, didn’t know how to answer because she really didn’t know how to blame Ji Feng except for the method that Xiao Yuxuan had just mentioned.

“I’m ignoring him!” Tong Lei said in a brittle voice.

Xiao Yuxuan suddenly laughed delicately, “Lei Lei, I know you are also worried about him, but think about it, isn’t the reason he didn’t tell us, so that we wouldn’t worry?”

“But again, I don’t want him to take any chances He also got back so many explosives today, obviously because it’s in danger!” Tong Lei chirped, “Forget it, sister, next time if he does it again, you have to punish him and forbid him to go to bed!”

Xiao Yuxuan’s face instantly flushed red, the number of times she had made love to Ji Feng before, was indeed more, moreover, every time Tong Lei didn’t let him mess around for the sake of Ji Feng’s body, Xiao Yuxuan couldn’t resist Ji Feng’s softness and gave him the door, only to be tossed around the next day and have to ask Tong Lei to prepare breakfast!

Now that this kind of topic was brought up, Xiao Yuxuan was naturally delicate and shy.

“No talking about that!” Xiao Yuxuan said shyly.

Tong Lei laughed delicately, “Sister is shy you are really pretty with your red face.”

“And you dare to make fun of me? See how I will clean you up!” Xiao Yuxuan immediately fought back, both hands reaching out to tickle Tong Lei.

Tong Lei instantly threw herself away with a delicate laugh, and Xiao Yuxuan couldn’t help but puff out a laugh, “This dead girl, net say these humiliating words”

Thinking about her previous behavior, she couldn’t help but blush even more, but that bone-crushing ‘soulful’ taste was something she couldn’t forget

Chapter 436

Buzzing!

The roar of engines gradually came, and looking from afar, two black SUVs and a business car, just past the toll booth, began to gradually accelerate.

Above that toll booth, there were two big words written – Jiangzhou!

This was the toll booth in Jiangzhou, which was also one of the highways leading from Jiangzhou to other cities. Three cars, a Mercedes SUV, a Land Rover, and a Mercedes business car, technically speaking, this could not be considered a luxurious convoy, but the few people sitting in the car all looked

very excited, this was still their first time to go far away, and to go far away with a purpose, it was as if they were on a mission.

"I say madman, do you know the way?" Zhang Lei, who was driving a Mercedes-Benz business car, was holding the walkie-talkie in his hand and asked with great interest.

Ji Feng was driving a Land Rover, he looked at the rear view mirror and instantly saw that Xiao Yuxuan and Tong Lei, who were sitting in the back seat, were pursing their lips and laughing lightly.

Ji Feng casually turned the intercom on and he laughed, "Lei Zi, drive your car properly, Old Du and Han Zhong and the others are sitting in your car, you kid don't get distracted, otherwise, they won't spare you."

"Understood!" Zhang Lei laughed and put the walkie-talkie down while laughing, "I say a few people, this time to Yuncheng, even if we drive non-stop, it will take at least ten hours, hey, this road can be lively"

Zhao Kai, who was sitting in the middle of the business car, pushed his glasses and said with a serious face, "I've checked before, we're taking the highway on this journey, it's boring and tedious, basically there's no hilarity to speak of."

Du Shaofeng couldn't help but grimace: "Old Zhao, you guys like to spoil the fun, even if it's always on the highway, we can still rest at the service area, besides, we can get off the highway anywhere, and then have some picnics and other activities, that's not bad?"

This time, even Zhang Lei's face was full of black lines.

Even Du Shaofeng could not have thought of that!

"Sit tight, I'll start accelerating!" Zhang Lei smiled heatedly, his foot slammed on the accelerator, the commercial vehicle immediately began to accelerate, and rushed past with unparalleled speed.

Watching Zhang Lei overtake the car, Ji Feng couldn't help but shake his head and said, "Lei Zi, don't put on too much speed, safety first!"

"Don't worry, I know the score!" Zhang Lei laughed heatedly, "I live my own life with love, I won't joke about safety!"

Ji Feng then shook his head helplessly and said, "Lei Lei, this temper of your big brother, I'm afraid it will never change in this lifetime."

Tong Lei wrinkled her cute little nose and said brittlely, "He's just that annoying, it looks like we have to tell my dad again before we can do anything, otherwise, he's turning against the sky in Jiangzhou!"

Ji Feng and Xiao Yuxuan were dumbfounded, if Tong Lei really told Tong Kai De like this, I'm afraid Zhang Lei would be in big trouble.

"Ji Feng, this time you and second brother went to find someone, and we all ended up following, will it affect you guys?" Xiao Yuxuan couldn't help but ask, "Going to so many people, this isn't good, right?"

“Didn’t we agree that when we arrive at Yuncheng, you guys will first casually stroll around there while Second Brother and I go to look for someone, in this way, it won’t affect each other, and you guys can also see the northern scenery of Yuncheng.” Ji Feng said with a smile.

At the mention of this matter, Ji Feng could only smile bitterly.

In fact, originally he had planned to drive a car this morning right along with his second brother, Ji Shaolei, and rush directly to Yuncheng, using the fastest speed to hopefully find Aunt Li Yueqin there.

As a result, once Zhang Lei and the others heard that Ji Feng was going to drive to Yuncheng, they became interested and several guys ran up to the villa early in the morning and waited, insisting on setting off with Ji Feng.

Although Ji Feng made it clear that he was going to look for someone, Zhang Lei and the others didn’t care, because they had no intention of going along to look for someone, but wanted to feel the fun of a long journey by car.

It would take at least ten hours to travel from Jiangzhou to Yuncheng at normal speed, and if they took a few breaks on the way to get out of the car and eat, it would take them a full day to get there.

It’s not as far as Tibet, but it’s still a long journey, not to mention that it’s a lot of fun to drive around without seeing or playing anything.

Of course, if one were to drive from Jiangzhou to Yuncheng, it would be exhausting, but with so many people going together, there is no need to worry about this.

For this result, the second brother Ji Shaolei is not denied, in his opinion, as long as it does not affect the purpose of their trip, then everything is fine. What’s more, these people were also Ji Feng’s friends, so Ji Shaolei would not say anything.

He believed that Ji Feng must have a good idea.

As expected, when Ji Feng explained to him that Zhang Lei and the others were not involved in finding the people, they were just experiencing the novelty of the journey and at the same time going to experience the northern scenery of Yuncheng. When they found the person, they would come over to meet again, and at that time, they would all return to Jiangzhou together.

Ji Shaolei immediately nodded his head in agreement, this would have almost no effect at all.

However, there was a slight problem.

The car provided by the 4S shop was too broken for Ji Feng to drive, and God knows how far the car could run.

Xiao Yuxuan’s Volvo could not fit that many people and was also abandoned.

Fortunately, Han Zhong got a Land Rover and a Mercedes-Benz business car through his connections, which solved the problem of fewer cars.

Seeing that almost all of Zhang Lei and the others went with him, Ji Feng simply Xing also took Xiao Yuxuan and Tong Lei with him. You know, Ji Feng has only a few acquaintances in Jiangzhou, and now that they are all going to follow, then Jiangzhou will have no competent people.

If Xiao Yuxuan and Tong Lei have any trouble while Ji Feng is away, Ji Feng really doesn't know who to look for other than his second uncle.

So Ji Feng simply let them all go together, so that on the one hand, they could promote their feelings for each other, and on the other hand, it also saved a lot of trouble and crisis, which was a two-for-one deal.

The effect of this move, from the sweet smiles on Xiao Yuxuan and Tong Lei's pretty faces, can be known, how good the two of them are feeling.

There is no girl who does not like romance, and although this time it was not Ji Feng's intention to take them on a trip, it was a trip after all, and they were naturally happy.

When he thought of this, Ji Feng couldn't help but shake his head and smile. Originally, this trip should have been a slightly sad one, but now that Zhang Lei and these guys were making a scene, he found himself in a very good mood, and with Xiao Yuxuan and Tong Lei following, he even felt a burst of warmth, and the slightest bit of irritation in his heart now disappeared without a trace.

It was a bit of an advantage to have more people around.

A muttering sound suddenly came, Ji Feng looked at the rear view mirror again and found that Xiao Yuxuan and Tong Lei were leaning together intimately, not knowing what they were whispering about.

"I say you two, what are you muttering about?" Ji Feng asked as he drove the car.

Xiao Yuxuan suddenly blushed and hummed, "Didn't say anything! We are talking between women, what are you always following to get involved! Really concentrate on driving your car!"

Ji Feng was stunned, so fierce for what?

But when he looked through the rear view mirror and saw the scarlet blush of the two women, as well as those big watery eyes, the consternation in his heart immediately disappeared and was replaced by a smug look.

Ji Feng was sure that Xiao Yuxuan and Tong Lei must be talking about what happened last night.

Because when they learned that Ji Feng was leaving Jiangzhou early this morning, the two girls were extremely upset in their hearts. Moreover, the two women seemed to have discussed the matter and actually left the door open at the same time, and none of the bedroom doors were actually locked.

In the end, it was Xiao Yuxuan who came out first and gently pushed Ji Feng into Tong Lei's room.

Seemingly because Ji Feng was leaving, even Tong Lei, who had always been shy and reserved, showed endless fiery feelings and tangled with Ji Feng to her heart's content, so much so that she couldn't even care about letting Xiao Yuxuan hear her moans and just indulged herself to her heart's content.

When Tong Lei's high voice was long and loud, her perfect petite body tensed up and trembled continuously, the spring love in the bedroom was considered to have come to an end.

After a long time of warmth, when Tong Lei fell into a deep sleep in extreme satisfaction, Ji Feng came back to Xiao Yuxuan's bedroom.

This night, Ji Feng and the two girls unleashed their passion to the fullest, and it lasted until dawn before it was over.

Who knows, the next day everyone had to go, and naturally they would not be left behind even more.

This made Xiao Yuxuan suffer, Tong Lei was fine and slept for a few hours, but Xiao Yuxuan was almost sleepless, so she was naturally very tired.

Once he thought of this, the corner of Ji Feng's mouth could not help but reveal a bad smile, and his mouth said, "Yu Xuan, Lei Lei, you guys take a nap first, I'll call you when we get there!"

And coincidentally, Xiao Yuxuan and Tong Lei saw Ji Feng's smile through the rearview mirror, and they were immediately shy beyond words. The two of them leaned together, their white and tender faces were scarlet, and they gave Ji Feng a fierce white glance, but they didn't dare to say anything more.

They knew that when Ji Feng was with them, he was not at all immodest, and God knows what he could say later.

The two women looked at each other and smiled shyly at the same time, then they closed their eyes, not knowing whether they were asleep or not.

Ji Feng's gaze, on the other hand, was cast in the direction of the distant front, where Yuncheng was located.

Aunt Li Yueqin, what kind of person are you?

And what method should I use to treat you and your children?!

Chapter 437

From Jiangzhou to Yuncheng, according to the speed limit on the highway, it would take at least ten hours to enter the boundary of Yuncheng. But if one wanted to enter the city of Yuncheng, it would take at least thirteen or fourteen hours, and if one took into account the traffic jams and the slow traffic in the city, at least fifteen or sixteen hours would not be a problem.

Because of this, even if Ji Feng took turns driving, he would definitely feel tired.

At Ji Feng's suggestion, when it was about to get dark, they stopped at a service area and prepared to rest here.

However, Ji Shaolei frowned slightly and said, "Instead of resting here, we should just get off the highway and go to a nearby town."

"Why do you say that?" Ji Feng couldn't help but ask with some surprise.

The facilities in the service area were not too good, but there were still places to stay and they were also very convenient, so why would Second Brother say to go somewhere else?

Ji Shaolei laughed, "At a glance, you are someone who has never driven out of the country."

Seeing Ji Feng's puzzled look, Ji Shaolei couldn't help but laugh: "Third child, listen carefully, what I'm going to tell you is all from experience. On the highway service area, it's best not to spend the night, because it's not too safe."

"Second brother, more worries, right?" Ji Feng laughed, "This highway is not like the well-connected traffic network in the towns, there are just two lanes in front and behind here, and you can't go against the traffic, whether it's people staying here or coming and going through, basically you can check it out easily, how can it be unsafe here?"

"Many people think like you, but the truth is that there are too many unsafe factors here." Ji Shaolei hummed, "Not to mention how many people come and go here, let me ask you, do you know that the highway isn't actually fully closed either?"

Ji Feng nodded slightly, from the way he had come, he could see that although that highway appeared to be fully closed, in many places, it was very close to the small roads leading to other towns and villages, and there were places where the guardrails were broken, so it could not be called fully closed at all.

"You probably don't know that near the highway, there are many people who make their fortune from the passers-by who come and go!" Ji Shaolei laughed, "As the saying goes, relying on mountains to eat mountains, relying on water to eat water, in fact, this relying on the road also eats the road."

"Theft, robbery, car smashing, these are all things that happen from time to time, the outside is not as safe as you think, the same is true of the service area." Ji Shaolei continued, "Although we can deposit the car here, if something goes wrong, someone will naturally be responsible, but isn't our time being delayed? What's more, if anything valuable is really lost, the loss is all small, delaying things can be troublesome."

"So serious?!"

Although what Ji Shaolei said was very vague, Ji Feng understood, at least, there was a part of people who got rich from the highway, how they got rich was obviously self-explanatory.

Next to them, Zhang Lei and Xiao Yuxuan and others were also a bit stunned, they had not heard of the highway before, it could be so dangerous. Of course, they had never driven out like this before either.

"This isn't even serious." Ji Shaolei laughed, "There are a lot of doorways, for example, when you wake up the next day, you might find that your car's tyres are actually out of air, or that something is wrong with your car, and someone leads you to some cheap repair shop in this place where there is no village in front and no shop in the back, you say what will happen?!"

Ji Feng instantly understood and he asked, "Then what second brother means is"

"We'll get off the highway at the exit ahead and go to a nearby town" Ji Shaolei clicked on the navigator and checked carefully, "The nearest one ahead is Wu De Town, we'll go there, at least it's safer than here. "

Ji Feng deliberated for a moment before smiling, "Second brother, I think there is no need to go to Wu De Town, this is too delayed, how about this, I will sleep in the car tonight, anyway, the seats of the business car can be lowered, and the bed is the same, things are put in the car, I will watch."

Ji Shaolei was just about to say something, but he saw that Ji Feng was rapidly turning a pistol in his hand, that pistol in his hand, it was like a small toy, his finger Cha on the trigger, from time to time, back and forth quickly turn.

Ji Shaolei immediately grunted resentfully, “..... you kid are ruthless!”

Ji Feng flicked his wrist and the pistol disappeared, Ji Shaolei looked at it with wide eyes, Zhang Lei and the others were equally amazed, this hand, but it was quite a pull.

If you can learn it and use it to chase girls well, you might be able to receive a miraculous effect.

“Let’s go eat first!” Ji Feng said with a smile as he locked the car door.

The others immediately agreed, especially Du Shaofeng, who had been running all day and had long been hungry, and at this moment, when he heard that he was going to eat, his eyes immediately lit up.

Xiao Yuxuan and Tong Lei were better off because they had brought some snacks with them before they left home. Although they seldom ate snacks, they brought them along as a precaution. The result is that they are now in high spirits, while the others are so hungry that their eyes are glazed over.

The food in the highway service area is not too bad, but it is definitely not good either. But even so, the men ate eight bowls of noodles and a chicken leg before they gave up.

Xiao Yuxuan and Tong Lei, on the other hand, were much quieter, and they each asked for a bowl of wontons, which they ate with gusto.

In accordance with the previous agreement, after dinner Ji Feng stayed in the car and put the row of seats in the commercial vehicle down, so that the front and back could form a small bed, which was very comfortable to sleep on.

The two remaining Mercedes Benz Land Cruiser and Land Rover were parked on either side of the business car, and Ji Feng could see the two cars at least with a slight turn of his head, very clearly, so there was no need to worry.

But Ji Feng did not rush to sleep, until Xiao Yuxuan and Tong Lei sent him a message saying that they had already booked a room, he then put his phone in his pocket and slightly closed his eyes to sleep.

Although there were vehicles passing quickly on the highway not far away from time to time, emitting a burst of roaring sound, Ji Feng was deaf to it and was not half affected by it.

In fact, this was not difficult for him at all, it was just a matter of meditation and concentration, which was very simple. He had been able to do this back when he was learning his first set of body-building exercises, otherwise, if he didn’t learn to distract himself, he would never be able to hold on under that extremely painful situation, even if he was a superman.

Ji Feng gradually fell asleep.

I don’t know how much time had passed, but it was already late at night outside, only the insects in the wild and the roar of vehicles on the road came from time to time, and although the service area was still lit up, it was not as noisy as before, so obviously everyone had already rested.

Ji Feng suddenly opened his eyes, a cold light flashed from his eyes, he heard the sound of light footsteps coming from nearby, at the same time, the Land Rover on the left seemed to be touched.

In order to prevent the things that second brother Ji Shaolei said from happening, when they parked the car, they deliberately put the three cars at a distance of five or six metres from the other vehicles, so that normally if someone were to take the car, they would definitely not touch the Land Rover or the Mercedes SUV on the right.

“Is someone really going to steal a car? Or is it going to puncture the tyres?” Ji Feng slowly sat up with interest, quietly pulled the window open, and his whole body silently went out of the window, while weirdly flipping upwards and just lying on the roof of the commercial vehicle.

At this time, he also saw the approaching figure clearly, and was immediately stunned. He couldn't be more familiar with this figure, because he didn't know how many nights he had fallen asleep with this figure in his arms.

Xiao Yuxuan!

In her arms, she was also holding a quilt.

Ji Feng couldn't help but be moved in his heart. Sometimes the affection between people doesn't necessarily have to be expressed through words, an unconscious action, or an unconscious look, is enough to say everything.

Ji Feng no longer hid, directly from the roof of the car rolled down, Xiao Yuxuan also happened to walk to the front of the business car, suddenly saw a black shadow fell from the sky, immediately scared to scream, but suddenly was covered mouth.

“Yu Xuan, it's me.” Ji Feng's voice rang in her ears.

Xiao Yuxuan's originally taut and delicate body suddenly softened, she let out a long breath and patted Ji Feng: “Why did you come down from above, you scared me.”

Ji Feng laughed heatedly and didn't say anything, he directly wrapped Xiao Yuxuan in his arms and kissed her seductive red lips.

“Well” Xiao Yuxuan was instantly weak, her Ti began to burn, and the strong male Xing scent of Ji Feng's body was all between her nostrils, making her almost lose herself.

“Don't, be seen!” Xiao Yuxuan managed to break away from Ji Feng's embrace and whispered shyly, “Little rascal, all day long you don't want good things.”

Ji Feng couldn't help but laugh bitterly, “I'm guarding such a big beautiful woman like a flower, and she's also my wife, am I breaking the law if I don't want to do good things?”

“Screw you!” Xiao Yuxuan gently slapped him again before saying, “You must be cold at night, take this bed quilt and cover it, I, I'll go back first.”

Ji Feng opened the car door, put the quilt inside, and suddenly picked up Xiao Yuxuan, who was wearing a nightgown, and whispered and laughed in her ear, “Big baby, since you're here, don't rush back, stay here with me for a while!”

Xiao Yuxuan's body was suddenly as soft and weak as if her bones had crisped off after being hugged by Ji Feng like this.

"Lei Lei will definitely know if she wakes up and finds out that I'm not here!" Xiao Yuxuan said shyly.

Ji Feng instantly laughed, "It doesn't matter, she will definitely support you in this!"

"Shame on you!" Xiao Yuxuan immediately laughed and scolded, but no longer insisted on going back, after all, she and Ji Feng were considered an old married couple, and the previous shyness was just a woman's yet reserve.

In fact, the kind of wonderful taste that soothes to the bone, how can she not want to?

Chapter 438

In the business car, Ji Feng gently untied the sash of the robe on Xiao Yuxuan's body, a faint fragrance came out at once, refreshing the heart, so that Ji Feng couldn't help but be shaken in spirit!

"What a nice fragrance!" Ji Feng sighed softly and lifted Xiao Yuxuan's snug little vest again, and immediately, the full soft Rou appeared in front of Ji Feng's eyes, and he took a deep breath and kissed it hard.

"Mmm!"

Xiao Yuxuan's body went soft, her small mouth opened slightly and she exhaled like an orchid. One of her hands wrapped around Ji Feng's neck and her cicada head leaned back hard, as if she wanted to melt Ji Feng into her body.

When Ji Feng lifted his head, Xiao Yuxuan had already moved with emotion, and those big watery eyes were almost about to make Ji Feng sink deeper into them.

Ji Feng was ready to pull Xiao Yuxuan's robe completely away, but was stopped by her.

"That's it, in case someone comes later, it's too late to get dressed!" Xiao Yuxuan murmured flirtatiously, while at the same time, one of her small hands touched Ji Feng's belt and skillfully untied it for him.

Xiao Yuxuan supported Ji Feng's chest with one small hand, while the other hand guided Ji Feng and slowly sat down at his waist.

"Wow!"

That bone-chilling relief made both of them couldn't help but let out a soft cry at the same time, especially Xiao Yuxuan, whose delicate body was trembling slightly, enough to see how great her relief really was.

Ji Feng used his foot to close the car door, he lay down on the 'bed' made up by the seats, his hands half-supporting Xiao Yuxuan's fat buttocks, began to move

Xiao Yuxuan's delicate body trembled violently at once, biting her cherry lips tightly for fear that she might scream out.

However, that suppressed whimpering and moaning sound stimulated Ji Feng's nerves even more, making him work even harder

Soon, Xiao Yuxuan could not hold on any longer and let out a cat-like moan in the car, listening to Ji Feng's blood rage and the whole body shaking.

This time both of them did not notice that not far outside the car, a delicate figure holding a quilt, is standing at the back of the Land Rover, breathing a little sharply looking at the constantly shaking Mercedes-Benz business car, a pair of big eyes in the dark night is so bright, more revealing its charming and clear qualities.

This figure was no other than Tong Lei.

When she woke up and found that Xiao Yuxuan was missing, Tong Lei was immediately a little worried and wanted to call Ji Feng's phone number. But Tong Lei, who had calmed down, suddenly realised that along with Xiao Yuxuan, one of her quilts had disappeared.

At once, Tong Lei understood that Xiao Yuxuan must have come to give Ji Feng a quilt, afraid that he would freeze at night.

However, it was so cold outside and there was no air conditioning or heating, so obviously one quilt was not enough. So, Tong Lei held her own quilt again, ready to bring it to Ji Feng.

But she didn't expect that before she reached the Mercedes-Benz commercial vehicle, she heard a low suppressed whimpering sound, and looking at the violently shaking body, anyone who wasn't a fool would know what had happened.

Tong Lei was instantly shy, but her heart was not bothered, after all, such things had happened too many times. Of course, that time was only in the villa and not in the car, much less outside.

Even sometimes, when Tong Lei was making love with Ji Feng, she would be discovered by Xiao Yuxuan who suddenly came back from outside, which made Tong Lei shy, but she gradually got used to it.

Only, at this time, Tong Lei was even more shy.

After all, those who traveled together were staying in the service area at this time, and the car was parked outside, if someone passed by at this time that kind of strange stimulation made Tong Lei also two legs were weak, heart tumbling, a faint impulse, but at this time became more and more intense.

"Really, how to here on also not afraid of being seen." Tong Lei heart some complaints, but in fact, is secretly thinking, in Ji Feng under the body of that woman, why is not their own Of course, this thought Tong Lei will never admit, so she gave herself an excuse – for them to keep watch, do not be seen!

With this excuse, Tong Lei was able to hide in name only, wrapping the quilt in her arms around her body and watching the increasingly violent car tremors

“Oooh...!”

With a long cry from Xiao Yuxuan and her soft, soft plea for mercy, Ji Feng was able to let her go, and the car finally gradually calmed down.

But at this time, Tong Lei was already leaning against the Land Rover with a limp body, her lower body's small trousers almost soaked through.

When Ji Feng looked at Xiao Yuxuan, who didn't even want to move her fingers, he couldn't help but heave a smile, but suddenly, his expression was stunned and he immediately looked out through the window and saw a somewhat swollen figure leaning against the Land Rover.

Ji Feng immediately used bio-current to his eyes and raised his eyes to look, and immediately found that the bloated figure was no other than Tong Lei who had wrapped the quilt all over her body!

Ji Feng, who had not been satisfied with Xiao Yuxuan's body, was immediately moved in his heart, and after he had haphazardly tidied up his clothes, he quietly opened the car door and quickly walked over.

“Lei Lei, it's me, don't scream!”

Ji Feng picked up Tong Lei as fast as he could and walked quickly towards the commercial vehicle.

Tong Lei seemed to realize what was going to happen, and she immediately exclaimed in a delicate manner, “Ji Feng, this, this won't work how can this be, I won't have the face to see anyone in the future”

Before she could finish her words, she was kissed by Ji Feng on her small mouth and could no longer say anything.

However, when Tong Lei saw the sleeping drowsy Xiao Yuxuan, a heart was finally slightly settled, but also shy.

Only, at this time, Tong Lei has long been completely moved, Ji Feng then turned and pressed her under

The night, the blushing moans in the business car, as if a cat was calling for spring, until the day was about to dawn before it stopped, both physically and mentally extremely satisfied three people cuddled together and slept, because covered with two quilts, plus Ji Feng himself is very hot, so it did not feel cold, but a little hot.

When it was slightly lighter, the two women who were still a little dazed from their sleep suddenly reacted and hurriedly straightened their robes and quietly slipped into the accommodation area with the blankets on their backs, looking as if they were thieves.

The night was again sleepless, but Ji Feng did not feel tired in the slightest, but was in high spirits.

What's more, without Xiao Yuxuan and Tong Lei by his side, he also had no desire to sleep, so he walked out of the car, breathing in the fresh morning air and moving his body slightly.

And in his mind's eye, there was a recurrence of last night, when the two girls were simultaneously bucking their snow-white buttocks and responding to him side-by-side

He couldn't help but heave a smile, with this charming experience, I believe that the next time is not far away.

.....

When Ji Feng casually hit a few moves to warm up, and then sat in the car and smoked a cigarette, it was at this time that he met Ji Shaolei and others who were yawning and walking out of the accommodation.

Xiao Yuxuan and Tong Lei were also among them, and both women seemed to be in good spirits, not at all tired from a long night's work.

Ji Feng couldn't help but be secretly puzzled, this seemed a bit strange, ah, according to reason, the two women should be very tired, just like the night before last, last night was also crazy all night, how come the mental state was very different?

"No!"

Ji Feng's heart suddenly moved, he carefully recalled: "These two nights, the biggest difference lies in the fact that last night, in order to prevent someone from stealing the car or doing other bad things, he had been pushing the bio-current himself, acting on both ears Could it be that this bio-current was effective on both of them also effective?"

Ji Feng secretly mused, "If that's the case, then wouldn't this bio-current also have the effect of a double break?"

"Boy" When he thought of this possibility, Ji Feng was overjoyed, "If that's really the case, wouldn't he be rich? Not to mention that Xiao Yuxuan and Tong Lei no longer need to work as hard as they used to, to practice body building exercises, just between the bed bottom, they can constantly improve their physique, just to say that after improving their physique, they will definitely learn kung fu much faster, if they continue at this rate, I believe that it won't take long for them to have the ability to defend themselves!"

This last point was what Ji Feng was most happy about.

With the two girls having the ability to defend themselves, the crisis would be greatly reduced and Ji Feng would have much less to worry about.

For example, a few days ago, Qiao Gakai and the two elders of that Xuan Yin Sect came to Jiangzhou together and actually wanted to attack Ji Feng's villa directly, if Ji Feng hadn't gotten the news in advance and was going to test and test them, or, if it was staggered, the consequences would have been simply unthinkable.

But what if Xiao Yuxuan and Tong Lei had the ability to defend themselves?

For example, what kind of bullshit third and fourth elders, in front of them is not even a little threat, just show up and directly slap away, even if there are two more elders, Ji Feng will not worry.

As soon as he thought of this, Ji Feng's heart became eager: "It seems that I must find another opportunity to try the double break as soon as possible."

“Third child, come over for breakfast!” Ji Shaolei’s voice came from afar.

“Coming!”

Ji Feng replied with a smile, but he didn’t rush over, instead he checked himself up and down first, and only after finding that there was nothing wrong with him, did he stride over with a smile on his face.

When Xiao Yuxuan and Tong Lei saw Ji Feng, their pretty faces flushed slightly at the same time, but the strong affection in the two pairs of beautiful eyes could not be concealed.

Guarding so many people, Ji Feng is not good at making out too much with them, this group are all bachelors, just bring their own girlfriends out, and also bring two at a time, don’t let them get red in the eyes and end up treating themselves as an object of attack only!

“Lei Zi, Yu Xuan, about noon today we can arrive at Yuncheng, what are your arrangements?” At the breakfast shop, Ji Feng couldn’t help but ask out loud after taking a sip of soy milk.

Chapter 439

“Hearing Ji Feng’s question, Zhang Lei laughed, “You don’t have to worry about us, Old Du and I and the others will have a casual time in Yuncheng, get a feel for its scenery and customs, and when you guys are ready to leave, we’ll just call again!”

Next to him, Du Shaofeng and the three of them immediately nodded in agreement, obviously all agreeing with Zhang Lei’s opinion.

Ji Feng nodded slightly and said, “Okay then, that’s it, you four just have fun while a few of us go hunting for people, remember to call, also, because Yuncheng belongs to the north, the customs here are different from those in Jiangzhou, although the people’s xing is a bit more simple than the people in Jiangzhou may be, the folk style is also very tough, so try not to cause trouble here. ”

“Don’t worry, I’m still quite familiar with this side!” Du Shaofeng smiled heatedly, “Forget where I’m from? Yuncheng isn’t too far from my home, the customs and customs are similar, so you don’t have to worry about it.”

Ji Feng smiled and nodded his head, “That’s good.”

Ji Shaolei casually picked up a tissue, wiped his mouth and said, “San’er, I have two friends in Yuncheng, when the time comes, you and your two younger siblings will go first, I’ll go find those two friends and also ask them to help inquire about it.”

Ji Feng nodded slightly and said, "Always pay attention to secrecy."

"Don't worry!" Ji Shaolei smiled and patted Ji Feng's shoulder.

Ji Feng smiled and nodded, while joking with a few people, he peeled an egg for Xiao Yuxuan and Tong Lei respectively, after a tiring night, it was always good to take a tonic, otherwise, Xiao Yuxuan and Tong Lei's bodies would not be able to bear it.

It seems to be aware of Ji Feng's intention, Xiao Yuxuan and Tong Lei can not help but slightly red face, but because there are outsiders in, the two women naturally can not say anything, but only glanced at Ji Feng, the eyes, there is a touch of shyness, a touch of sweetness, and a few if not a bit of charm.

This glance made Ji Feng's heart flutter.

"Right second brother, after arriving at Yuncheng, I plan to start from the bottom, the key target of attention, is those small businessmen and hawkers, as well as some other people, when the time comes, you also find that friend of yours to inquire, it is best to focus on checking the surname Li." Ji Feng said in a deep voice.

Ji Shaolei nodded slightly and smiled, "Don't worry, those two friends of mine in Yuncheng are still able to help, their identities and status are not low, when the time comes, they will directly check the household register and the common business record registration first, but any department that has a registration and is not too confidential, they should check it first and then look for it, so it will be much more convenient."

"This is naturally better!" Ji Feng immediately said joyfully.

In fact, this time when they came to Yuncheng, they also knew that there would not be much hope.

The reason was simple, not to mention anything else, just the information they had in their hands alone was pitifully small.

This is the most basic out point for Ji Feng and Ji Shaolei to target in Yuncheng. In fact, just this out point alone is very unreliable.

Not to mention that, what if that person looked at the wrong person and recognized the wrong person?

Moreover, even if what that person saw was really Auntie Li Yueqin, what could be done about it? Who knows if Auntie Li Yueqin is passing through the city occasionally, or if she is living in the city?

Ji Feng and Ji Shaolei likewise had no idea.

What's more, even if it's really in Yuncheng, but such a big city, how to find it?

You should know that Yuncheng is a major industrial town in the north, and although this city only ranks between the second and third tier, the population density is frighteningly large, and the total population is also an extremely alarming figure.

The total population is also an extremely impressive figure. Combining these several situations, it is really difficult to find Aunt Li Yueqin in Yuncheng.

But no matter what, Ji Feng and Ji Shaolei still came.

Even if there was only a one percent hope, they had to come and try their luck, just in case they found it.

If they wanted to find Auntie Li Yueqin just by sending people out to ask around or by hearsay, that would be truly unreliable. Now this way, even a tiny bit of hope comes to Pang Pang luck, is actually the best way as far as it is concerned.

So Ji Feng and Ji Shaolei had already prepared before they came, if they found it this time naturally better, but if they couldn't find it, they didn't have to be discouraged, no matter what, at least they had to find it before the final exams were held.

“Second brother, how about this, when we get to Yuncheng, I will first settle down with Yu Xuan and Lei Lei, and then wait for your news, at least, target only one city, I believe the workload will be much smaller.” Ji Feng mused, “If you can, do as you said, start with the household register first, if she is really in Yuncheng and has been living here for so many years, there will always be a household register here.”

“That’s natural, however, there are times when the household registry is inaccurate, I see, ah, not only should we check the household registry, but also compare the photos, that’s also more important!” Ji Shaolei nodded his head and said.

Ji Feng nodded slightly, that did make sense, because if Aunt Li Yueqin didn’t want people to find her, she might have gone incognito, or changed her name. In those days, it was still very easy to do such things. And some cities just had rules that if you lived there for more than a few years, you became a local household.

So in that case, it was naturally a bit difficult just to check the household register.

“According to the people in her village, when we met her in Yuncheng, she didn’t seem to be living a very good life, and probably belonged to the bottom of the social ladder!” Ji Shaolei mused, “In that case, it may not be possible to check the household register alone, I think ah, in the end, it is likely that we still need to check various registration records.”

“No matter what needs to be checked, as long as she is still in this city, we must find her.” Ji Feng gritted his teeth and said, “The worse her living conditions are, the more important it is to find her as soon as possible, otherwise, one day later, maybe she will suffer one more day!”

Thinking about what happened to himself and his mother in Mang Shi County back then, Ji Feng’s heart was very unforgiving.

In fact, sometimes Ji Feng would blame Li Yueqin, but on second thought, it seemed a bit unreasonable. Because the father knew Li Yueqin first and the mother later, this aside for the moment.

But the problem was that it was not Li Yueqin’s fault that her mother left, because at that time, she had also left.

The biggest mistake in this matter was ultimately the fault of the father and that vicious woman, Qiao Rong!

It was not convenient for Ji Feng, the son, to comment on his father's mistake. Perhaps he did not have the time to explain to his mother, perhaps he could not say it, or perhaps there was some other reason, but Ji Feng was not qualified to blame him, because it was between him and his mother.

However, that woman, Qiao Rong, had never had any semblance of a relationship with her father from the very beginning, apart from having such a completely unreliable verbal engagement with him.

Yet she had told her mother about her father's previous affairs the day before he and her mother got married. If it was said that Qiao Rong hadn't added oil and vinegar to the story when she told about her father's previous affairs, Ji Feng wouldn't have believed it to death.

This means that, in fact, from the beginning to the end, Qiao Rong was playing an extremely dishonourable role in this matter. And from her behaviour, it was clear that this woman could not see her father and mother together and could not see them happy.

Heartless!

This was the four-word comment Ji Feng gave to Qiao Rong, other than that, he really could not find any words to describe Qiao Rong's bad behaviour that was detrimental to others.

Because of this, Ji Feng did not feel any resentment towards Li Yueqin, but rather sympathy, because whether it was her or her mother, they were both victims of that marriage contract back then.

However, now that her mother had returned to her father, she had ended her miserable life, but Li Yueqin's aunt's situation today was not sure whether it was good or bad.

According to Ji Feng's intention, if she and her children were living a good life, Ji Feng would not have any more thoughts about them, and might not even see them and just leave.

But if they were living a miserable life, Ji Feng couldn't just sit back and do nothing. It wasn't that he was faking compassion, let alone acting generous, but he had to live up to his conscience!

"Alright, this matter is settled, let's go out now and try to get to Yuncheng before noon, then settle down, just in time to have lunch in Yuncheng!" Ji Shaolei clapped his hands and was the first to stand up.

Several people drove on the road again, heading straight for Yuncheng.

Yuncheng, located in the Taihang Mountains on the border between Western Shan Province and Zhili Province, was a very modern and light industrial city, which was most famous for its textile and garment processing industries.

According to the understanding made by Ji Feng before he left Jiangzhou, almost more than 75 percent of the tax revenue in this city comes from the textile and garment industries, which shows that these two industries have actually become the pillar industries of Yuncheng.

It is for this reason that eight out of ten residents in Yuncheng are related to these two industries, except for some migrant workers or hawkers, who are engaged in some other business.

Of course, since it is a city, it is natural that there are all kinds of modern facilities, and there are also restaurants, entertainment and other industries, just that they do not account for as much as the textile and garment industries.

This information, for Ji Feng, is actually very helpful. If one were to use the method of elimination, the textile and garment industries that took up such a large proportion first, those staff inside would be the easiest to line up.

This might save a lot of trouble!

Before eleven o'clock that day, Ji Feng and the others drove into the downtown area of Yuncheng.

"San'er, those two friends of mine have booked a hotel for you all, settle down first, and the two of them are going to give us a reception." Over the intercom, Ji Shaolei's voice rang out.

After a moment of slight deliberation, Ji Feng nodded his head and said, "Fine."

Chapter 440

"Oldest, this way!"

A shout suddenly came, and Ji Shaolei and the others, who were originally waiting on the street, immediately turned their heads and saw a young man in a black coat, who was waving across the street with a smile on his face.

A smile also appeared on Ji Shaolei's face, "Lao Er!"

A bitter smile appeared on the face of the man across the street, and he gave Ji Shaolei a fierce glare before he spun into a Buick beside him and drove off directly.

Ji Feng instantly laughed: "Second brother, that name calling you just now is really too powerful, isn't it? By the way, that person you knew just now is your friend?"

Ji Shaolei laughed, "Never mind, that guy is a friend of mine, Ma Guangsheng. When I was in college, he was in the same dormitory with me and was the second in line, so everyone called him Lao Er. This guy has a good temper, he won't get mad at any jokes, one of my two friends in Yuncheng is him."

Ji Feng nodded slightly and couldn't help but laugh, "You're the youngest one in the dormitory?"

Ji Shaolei laughed, "I can't help it, I went to school too early, from primary school until I graduated from university, I was basically the youngest one in my class, well, speaking of this I do remember, when I first started university, I wasn't really the youngest. At that time, there was a guy in the dormitory who was still in the junior class and was only fifteen years old when he went to university.

Ji Feng was dumbfounded and laughed, and everyone else laughed as well. However, Han Zhong and the others could not speak to Ji Shaolei because from Ji Shaolei's talk and his name, Han Zhong vaguely realized his true identity and naturally did not dare to rashly go forward; In fact, before this, Han Zhong had already guessed from Ji Feng's name, as well as his usual behavior, that Ji Feng was likely to have a close relationship with Ji Zhen Guo, the secretary of the municipal party committee.

When he thought about the fact that Ji Feng could take out several packs of special cigarettes, Han Zhong was even more sure of his guess.

And when he heard the name of Ji Shaolei yesterday morning, he was instantly sure that Ji Feng must have a very close relationship with Ji Zhen Guo, the secretary of the municipal party committee!

Because the three words Ji Shaolei, in Jiangzhou may be more loud than the municipal party secretary Ji Zhenguo's name, especially among those playboys and gentry, more like a thunderclap, although Han Zhong is not considered a first-class gentry in Jiangzhou, but also heard of Ji Shaolei's name.

The fact that he was driving a Mercedes Benz and could take out special cigarettes added up to who else could this young man be if not the son of the secretary of the municipal party committee?

Then from this it could be guessed that Ji Feng was the nephew of the secretary of the municipal party committee!

Because when Ji Feng was introducing them, what he said was that Ji Shaolei was his cousin, and that was enough to make it clear.

“Tic-tac-”

Not long after, a black Buick stopped next to the crowd, and Ma Guangsheng, who was previously addressed as Lao Er by Ji Shaolei, stepped down from the car, he laughed and came to Ji Shaolei and gave him a fierce punch on the chest.

“Good boy, I haven’t seen you for a few years, but you’re much more stable than before.” Ma Guangsheng’s laugh seemed cheerful and brash, very much the aura of a big northern man.

Ji Shaolei laughed, “I haven’t seen you for a few years, yet you still look the same, you haven’t changed at all!”

“It can’t be helped, the soil and water over here don’t nurture people, it’s not easy enough to keep this look unchanged!” Ma Guangsheng laughed loudly.

Ji Shaolei laughed, “Come, let me introduce you, this is my cousin, Ji Feng”

He introduced all of Ji Feng in turn, but of course, when introducing Han Zhong and the others, he only introduced their names before casually mentioning their status as students at the end.

Ma Guangsheng, however, had an unchanging smile on his face and enthusiastically shook hands with Ji Feng and the others. However, when Ji Shaolei introduced Xiao Yuxuan and Tong Lei, Ma Guangsheng’s eyes snapped open.

Ji Shaolei whispered in his ear, “Lao Er, my oldest brother’s, you’re on your own!”

The light in Ma Guangsheng’s eyes instantly disappeared as he hemmed and hawed, “Your oldest brother that’s my oldest brother, no comment, brother won’t do that kind of thing.”

“Come on!”

Ma Guangsheng laughed, “I’ve already booked a hotel, let’s go and settle down first.”

He took the lead and got into the Buick, leading the way.

Ji Feng laughed, “Second brother, this friend of yours is quite interesting”

Ji Shaolei naturally knew what he meant and couldn’t help but laugh, “He’s always been like that, he’s a brash and righteous person, the only thing is that he’s a bit in terms of women, but don’t worry, for his own brothers, he’d never mess around!”

“That’s good!” Ji Feng smiled lightly.

The hotel Ma Guangsheng had booked was named Yuncheng Hotel, which was a four-star hotel, and the class was considered very good.

Under the guidance of the waiter, Ji Feng and the others first put their luggage into the room, and then followed Ma Guangsheng to the private room they had already booked.

Several people took their seats in turn, Ma Guangsheng smiled and said, "Oldest, let's drink less wine at noon, you guys rest first in the afternoon, there's something going on in Old Jiang's company, so I can't get away for the time being, we'll give you a reception in the evening!"

"You are too polite, how to make me and guests like?" Ji Shaolei laughed.

"You're not a guest?" Ma Guangsheng laughed, "If Old Jiang hears this, he'll have to have a drink with you!"

At the mention of this, Ji Shaolei laughed bitterly, "Old Jiang's drinking capacity is still that horrible?"

"That's for sure", Ma Guangsheng laughed.

Ji Feng and the others just smiled as they listened to Ji Shaolei and Ma Guangsheng exchanging pleasantries.

It could be seen that this Ma Guangsheng had a good relationship with Ji Shaolei and should not know Ji Shaolei's real identity, but just treat him as a friend from an ordinary official's family.

Moreover, Ji Feng also knew that old Jiang's full name, Jiang Xinyu, from the conversation between the two of them. This is a textile group's boss, although the son inherited his father's business, but from university graduation to now, in just a few years' time, he has turned the original almost small workshop textile factory into a large textile group today, its wrist and ability naturally need not be said.

Jiang Xinyu and Ma Guangsheng were both college classmates of Ji Shaolei, only that Ma Guangsheng and Ji Shaolei were in the same dormitory, while Jiang Xinyu and they were only in the same class, but the relationship between the three of them was extremely good.

When they met as old friends, Ji Feng naturally did not have much to say, he just listened quietly.

However, Ma Guangsheng was obviously very sociable, and when he was talking to Ji Shaolei, he also led the conversation to Ji Feng and the others from time to time, which made the atmosphere at the table very good.

"Oldest, just us men talking, this is a bit boring, why not call a few girlfriends to accompany the wine?" Ma Guangsheng suddenly said.

Ji Feng and others were stunned, call a few girlfriends? This guy is so fierce?

"Lao Er, don't forget there are ladies present!" Ji Shaolei reminded with a smile.

"Pa!"

Ma Guangsheng slapped his forehead as he laughed bitterly, "Blame me, blame me! Look at this pig brain of mine, I should be punished!"

Saying that, he picked up a glass of wine and drank a cup, and smiled at Ji Feng, "Old brother, my brother has no control over his mouth, don't take offense!"

Ji Feng saw the sincerity in his eyes and couldn't help but have some good feelings towards this brash northern man, he nodded and smiled, "How can I be blamed, just kidding!"

Ji Shaolei duly forked the topic and laughed, "Old Two, I'm actually here this time to find someone, my old brother and his friends, are following over to experience the customs of Yuncheng, they don't need you to worry about them, but you must help with my affairs!"

Ma Guangsheng waved his hand and said, "These are all small matters, we will talk about them after dinner, your matters are my matters, when the time comes, brother will definitely do his best to help, no second thoughts!"

Ji Shaolei laughed, "That's more like it!"

After the meal, the host and the guests enjoyed themselves, and Ma Guangsheng sat down for a while after the meal, before he got up and said goodbye, agreeing to receive everyone together with Jiang Xinyu in the evening.

After Ma Guangsheng left, Ji Feng couldn't help but ask, "Second brother, is he reliable?"

Ji Shaolei smiled, "Don't worry, there's absolutely no problem."

Ji Feng pondered for a moment before saying, "Second brother, how about this, we won't go over tonight, you can go alone, after all, it's safer if we are separated. Still the same, I'll wait for your news."

It was up to Ji Feng not to be careful, because now he didn't know if Aunt Li Yueqin was in the city, and if she really was, but was found first by someone with a heart, it would definitely cause some trouble.

Having a few lovers is not really a big deal, but that is something that cannot be on the table. If things really get big or are brought to the table, even with his father's status, he will be affected in some way.

Although Auntie Li Yueqin is not her father's lover, the two of them used to have a relationship, and they both have children.

Ji Feng naturally had to be careful, he did not want to bring any bad influence to his father because of his move, so that it would only cheapen the side line and those who were eyeing the Ji family.

Ji Shaolei deliberated for a moment and could not help but nod, saying, "Okay, let's do as you say!"

Ji Feng's mind, he naturally understood and agreed.

Several people returned to their rooms separately, but Han Zhong and Du Shaofeng and the others came to the door on their own initiative.

Xiao Yuxuan and Tong Lei hurriedly greeted them, but Ji Feng was a bit stunned and asked with a smile, "Don't you few need to rest?"

"Be honest, what exactly is your kid's identity!" Han Zhong sat down, in a strict torture stance.

Du Shaofeng and Zhao Kai also sat on the sand opposite, staring at Ji Feng.
