

Campus Master 441

Chapter 441

Looking at Han Zhong and the others who looked like they were severely tortured to extract a confession, Ji Feng couldn't help but laugh dumbly, he looked at Zhang Lei again, the latter stretched his hands and showed a look of love and helplessness.

"Kid, you don't need to look at anyone, no one can help you now, it's better to give an honest explanation!" Han Zhong laughed heatedly, "If you tell us honestly yourself, you can still be exonerated, if you are forced out by us ..... hehehe, you can consider the consequences yourself!"

Ji Feng shook his head and laughed: "Look at your meaning, as if I am a great evil of ten evils? There is nothing unspeakable about this, I am Ji Shaolei's cousin, well, Ji Zhenguo, the secretary of the Jiangzhou Municipal Committee, is my second uncle."

Although several people had already guessed it, but at this moment, hearing Ji Feng's own admission, Han Zhong and the others could not help but be stunned.

The identity of Ji Shaolei's cousin might not be much, but the identity of Ji Zhenguo's nephew was a bit scary. Jiangzhou's status in China, that was naturally self-explanatory, and Ji Zhenguo's rank was even higher than frightening.

Then, as his nephew, Ji Feng could be a real TZ.

"You kid is really hiding deep!" After a long time of being stunned, Zhao Kai suddenly said.

Han Zhong and Du Shaofeng immediately nodded their heads in agreement. In fact, they both originally thought that the highest status among these people should be Zhang Lei, after all, the nephew of the Deputy Director of the Municipal Bureau, and this status was really not low. You know, the city bureau of Jiangzhou, that is a department level.

But now they realized that there was a big fish hidden here, and Ji Feng's origin was actually even more outrageous.

Han Zhong couldn't help but laugh bitterly, "You two guys are really too much of a blow. Outside of you guys not appearing, buddy I was at least considered a gigolo in Jiangzhou, at least half a dude, now on the contrary, two bigger gigolos have appeared at once, I can only be considered a minion ..... People are more angry than others!"

Zhao Kai and Du Shaofeng immediately followed and laughed, even Xiao Yuxuan and Tong Lei, were also amused by Han Zhong's quirky look.

"But this is good, at least if anything happens in the future, someone will be able to cover us, I say Ji Feng, Zhang Lei, you two should play your role as much as possible in the future, so that we can also follow suit and be a real dude for once!" Han Zhong said in a loud voice.

Ji Feng was dumbfounded and nodded, saying, "Okay, absolutely no problem."

"Alright, let's not disturb your good deeds, let's hurry up and leave without being a light bulb here!" Han Zhong laughed, winked meaningfully at Ji Feng, and walked out with Du Shaofeng and the others.

Swish!

Xiao Yuxuan and Tong Lei's pretty faces turned red as soon as they heard this, and the two women glared at Han Zhong, only to find that he had already left with a bad smile.

Ji Feng couldn't help but laugh and curse, "These brats!"

Xiao Yuxuan gave a delicate hum, "You still say that, it must be because you said something to them that they said that!"

"How is that possible!" Ji Feng instantly laughed wickedly, "This bed thing, how could I possibly tell outsiders, we just know ourselves ....."

Before he could finish his words, he was instantly kissed by Xiao Yuxuan on the mouth, "Mmm ....."

Ji Feng's eyes suddenly widened, but not because he was cool, but a sharp pain came from his lips, but he was bitten by Xiao Yuxuan.

"Let's see if you still dare to tell others in the future!" Xiao Yuxuan's pretty face was red, but her big watery eyes were extremely flirtatious. When she saw the red marks on Ji Feng's mouth that had been bitten, she couldn't help but bend her head down again and kissed it.

Tong Lei in the side to see the snicker, Yu Xuan sister this where is want to punish the big bad, clearly want to make out with him .....

Watching, Tong Lei felt her face getting hotter and hotter, she did not dare to look any further, last night she was tossed not lightly, although the spirit is good, but the body is still a bit overwhelmed, of course, do not dare to provoke Ji Feng again.

"I... I'm going to rest." Tong Lei said in some panic, hurriedly got up and ran to the bedroom inside, went to change her clothes and rested.

The rooms that Ma Guangsheng booked for Ji Feng and the others were all standard suites, with a living room outside and a bedroom and bathroom inside, so once Tong Lei ran to the bedroom and closed the door, Ji Feng and Xiao Yuxuan couldn't help but smile at the same time.

Only, Ji Feng was smiling in a bad way, but Xiao Yuxuan was shy.

"Well ....." Xiao Yuxuan's tempting red lips were kissed again, and Ji Feng easily pried open her teeth, chasing after the tender lilac tongue, and a hand began to roam her body unfaithfully.

"Ji Feng, don't, don't do it here ....." Xiao Yuxuan, out of the corner of her eye, saw the open window and could even see the people in the opposite building, and she suddenly whispered shyly.

Ji Feng hugged her and let her straddle his body, wrapped his arms around her soft and bouncy waist and asked with a smile, "Can your body take it?"

Xiao Yuxuan blushed and said, "No need for you to care!"

Ji Feng burst out laughing, he just let Xiao Yuxuan's legs coil around his waist and directly picked her up and walked towards the bedroom.

“Big baby, that’s what you said, don’t beg for mercy when the time comes!” Ji Feng said with a bad smile.

Xiao Yuxuan shyly buried her head at his neck, listening to his teasing, she suddenly bit him with hatred, “If you keep talking nonsense, I’ll bite it off, see what else you can do .....

Ji Feng was stunned, and then he laughed out loud, he held Xiao Yuxuan’s pink buttocks in his hand and squeezed it hard, “You dare!”

“Well .....

Xiao Yuxuan’s body was softened by the pinch, she couldn’t help but tremble, and a whisper couldn’t help but come out from her seductive little mouth, she only felt as if Ji Feng’s hands were electrically charged, holding her buttocks, always tickling, and that wonderful feeling made her unable to hold back.

When she arrived at the bedroom door, Xiao Yuxuan was so weak that her arms were trembling slightly as she reached for the door.

As soon as they entered the door, they saw that Tong Lei was changing her clothes. At this moment, she was only wearing a snug little pink underwear, which, together with her frosty skin, simply made it impossible for Ji Feng to take his eyes away.

Seeing Ji Feng and the two of them come in, Tong Lei was immediately shy and exclaimed, “You guys, aren’t you outside, how come you came in .....

Ji Feng and Xiao Yuxuan where not going to listen to her, especially Ji Feng, directly put Xiao Yuxuan on the bed, as soon as he picked up Tong Lei again, the same so that she and Xiao Yuxuan side by side on the bed.

The two women were ashamed and angry, yet they were so drained by Ji Feng’s touch that their pretty faces were red and they had no strength to get up if they wanted to.

Ji Feng quickly closed the bedroom door, the room suddenly darkened, he lay down towards the middle of the two women, rolled over and pressed Tong Lei underneath him .....

In fact, Ji Feng was not so horny, but just now, when he was stroking Xiao Yuxuan, inspiration struck.

Last night in the business car, he subconsciously activated the bio-current, and as a result, Xiao Yuxuan and Tong Lei were still in good spirits when they woke up the next morning, even though they had not slept all night.

Ji Feng wondered if it would be more effective if he deliberately activated the bio-current during the course of lovemaking.

As he was going to rest in the afternoon anyway, Ji Feng simply planned to use this time to practice it properly.

Of course, if there could be more fun in the practice, then why not?

Not long after, Xiao Yuxuan and Tong Lei were already jade bodies, the two of them were unable to resist and could only shyly close their eyes. If they were just facing Ji Feng alone, they would naturally not be so shy, but now that they were all three together at the same time, their faces were naturally too embarrassed.

Although the three of them had already made love together in the business car last night, the women's unique reserve still made them shy.

Looking at these two stunning women lying underneath themselves, the sense of accomplishment in Ji Feng's heart was overwhelming, and his breathing rushed as he attached himself to press down .....

Soon, the bedroom resounded with a succession of euphonious and delicate cries, and because Ji Feng had deliberately activated the bio-current, the kind of intense stimulation that the two women could really not hold back, they could only subconsciously moan loudly, almost completely lost in it.

When all the clouds had closed and the rain had stopped, Xiao Yuxuan and Tong Lei didn't even have the strength to move their fingers, the two women's two pairs of beautiful eyes were slightly misty with emotion, although there were still a few shyness, but more, a look of satisfaction.

The two women were in the middle of the room, and the two women were wrapped tightly in their arms, feeling the relief from the friction of the two women's smooth skin, and gradually fell asleep.

.....

When Ji Feng opened his eyes again, he found that the room was pitch black, and he was stunned that he had slept through the night.

The two women, Xiao Yuxuan and Tong Lei, were still asleep in their own arms, and Ji Feng smiled wickedly, but did not disturb them.

He listened sideways again, only to find that there was the sound of rain outside.

Only then did Ji Feng understand, the darkness came much earlier in winter than in summer, plus it was raining outside and the sky was Yin dark, so naturally the room looked dark.

"What time is it ....." Xiao Yuxuan's jade body slightly turned over and wrapped around Ji Feng's body like an octopus, her red lips lightly opened and she asked in a soft voice.

"It's six o'clock." Ji Feng laughed.

Xiao Yuxuan was still a little dazed at this point, she let out an oh, "It's only six o'clock, it's still early ....."

Then, her eyes suddenly opened wide and she exclaimed, "It's six o'clock?! Bad, bad, they must all know ..... it's all because of you, the big bad egg, you have to make bad things happen in broad daylight, how can we go out to meet people!"

Next to her, Tong Lei was also awakened, and she also shyly turned red on her pretty face, complaining and pinching on Ji Feng a few times.

Ji Feng suddenly laughed bitterly, Lei Lei was justifiable for complaining about him, but Xiao Yuxuan was wrong to do so, right? It was clearly her who started it before .....

However, this is something Ji Feng would not dare to say, otherwise, he would definitely not have good consequences.

But just at this time, he heard Xiao Yuxuan ask suspiciously, "Is it really six o'clock? Why is it still so bright? You're lying to us, right?"

"Yes, it's not even dark yet, so how can it be six o'clock!" Tong Lei also gave a delicate hum.

Ji Feng was stunned, and then he was wildly happy.

## Chapter 442

"What did you guys just say?!" Ji Feng forced himself to hold back the excitement in his heart, fearing that he had misunderstood, and asked in a panic.

Xiao Yuxuan and Tong Lei simultaneously gave him a blank look, since it was still early, they were not in a hurry to get up, sleeping in Ji Feng's arms made them feel thickly happy.

"Little bad egg, if you keep lying to us like this, we'll ignore you later!" Xiao Yuxuan gave him a light pat on his chest, "Look it's so bright in the room now, naturally it's even less outside, I reckon it's at most three or four o'clock now! Reilei, it should be about the same, right?"

"Mmm!"

Tong Lei nodded back and said, "The big bad guy just likes to tease us, ignore him!"

Although her mouth said to ignore him, she, like Xiao Yuxuan, once again wrapped herself around Ji Feng, her cicada pillowed on Ji Feng's arm with a sweet and smiling face, and her small mouth was even more unfaithful as she lightly bit Ji Feng's chest from time to time.

After two consecutive lovemaking sessions between the three of them, Tong Lei gradually let go a bit. Since the three of them are a family, intimate and indistinguishable from each other, what does it matter?

Ji Feng coughed lightly and deliberated for a moment before saying, "That ..... actually I really didn't lie to you guys, it's six o'clock now, if you don't believe me, you guys can see for yourselves!"

He brought the phone over and waved it in front of the two women's eyes respectively.

Xiao Yuxuan and Tong Lei immediately froze, and then they simultaneously exclaimed, "This, how is this possible ..... Ji Feng, this must be because you deliberately adjusted the time, right?"

Ji Feng laughed: "Of course not, am I that bored?"

Swish!

Xiao Yuxuan and Tong Lei sat up at once, not caring about the spring light leaking out, they just said shyly and anxiously, "It's bad, it's bad, they must all know ....."

Ji Feng laughed, and re-embraced the two girls in his arms, let them lie down, and laughed: "Don't be anxious first, listen to me slowly explain to you, then you'll know what's going on."

“Explain?” Xiao Yuxuan and Tong Lei were both a bit puzzled, they just got up late, what was there to explain? It wasn’t this big pervert that did it, tossing them around so much, and as a result, they didn’t get up until now, sleeping for the whole afternoon!

Ji Feng mused, “Don’t worry, they definitely haven’t gotten up either, they won’t know about it. You guys be quiet first and listen to me.”

Seeing Ji Feng speak so solemnly, Xiao Yuxuan and Tong Lei couldn’t care less about being shy and just looked at him in confusion.

“Little rascal, you don’t have something important to tell us, do you?” Xiao Yuxuan asked.

Ji Feng nodded with a smile and said, “That’s right, it’s indeed something important, and it might be a bit unimaginable for you guys, so before I say it, you guys should be mentally prepared, otherwise, you might faint from excitement later!”

“Screw you, we’re not that fragile!” Xiao Yuxuan lightly slapped him with a laugh and said with a delicate smile, “You’re not trying to make up some scary ghost story to scare us again, are you?”

Mentioning this, Xiao Yuxuan was just amused and exasperated at the same time. When they were in Jiangzhou, because they were worried that Ji Feng might damage his body if he overexerted himself, every few days, Xiao Yuxuan and Tong Lei would agree that no one would open the door for Ji Feng and let him go to sleep in his own bedroom.

However, it worked every time on the first day, but on the second day, just after dinner, when everyone was sitting on the sand watching TV, Ji Feng would tell some scary ghost stories, so that the two girls did not dare to sleep alone at night.

The end result, naturally, was that Ji Feng got his long-cherished wish of being in Xiao Yuxuan’s room in the first half of the night and then going to Tong Lei’s room in the second half of the night, or switching over, but the end result was the same, that is, Ji Feng found the opportunity to torment them again.

It was for this reason that at this moment, once they heard that Ji Feng was going to say something important, Xiao Yuxuan and Tong Lei immediately got nervous, because in the past, before Ji Feng was going to tell a ghost story, he also had a solemn expression on his face, making it impossible for people not to believe it.

Seeing the nervous look of the two girls, Ji Feng immediately laughed and said, “Don’t worry, this time it’s definitely not a ghost story .....

He mused, “Yu Xuan, Lei Lei, do you believe that there are martial arts masters in China?”

“Martial arts masters?” Xiao Yuxuan and Tong Lei were stunned at the same time, “Why are you suddenly asking about this?”

Ji Feng smiled, “If I say I am a martial arts master, do you believe me?”

The two women shook their heads at the same time, and Xiao Yuxuan even laughed lightly, “Little rascal, although you are a bit more powerful, but you are not related to a martial arts master, right? The legendary martial arts masters can hurt people by flying over the wall and picking leaves and flowers! Can you do it?”

Ji Feng's face instantly darkened: "Don't ask if a man can do it, no man would say no to such a question!"

Xiao Yuxuan and Tong Lei instantly blushed and gave Ji Feng a white look at the same time.

Ji Feng mused, "Whether I am a martial arts master or not, you will definitely have the opportunity to see it later, the space in the bedroom is too small now and there is no way to prove it ..... Now what I am going to tell you is that it is really six o'clock, no, it is already more than six o'clock, the reason why you are seeing such brightness in the bedroom is because you have ..... internal energy in your Ti's! Well, sort of internal energy!"

"Inner power?!" The two women were even more puzzled, Xiao Yuxuan even directly touched Ji Feng's forehead, "Little rascal, you don't have a cold fever, do you?"

Ji Feng slapped her small white hand away and said without good grace, "Stop it, I'm talking to you in earnest!"

Xiao Yuxuan smiled cheekily, but in her heart she didn't believe it. After all, martial arts masters, internal strength and other things were too far away from her life, so she naturally wouldn't believe that she had any internal strength in her Ti.

The same is true for Tong Lei, although she had seen Ji Feng fight several people with her own eyes, but that was only a powerful fighter, not related to a martial arts expert, let alone any internal power.

When Ji Feng saw that it didn't make sense, he shook his head helplessly, so he simply grabbed the two women's wrists and slowly activated the bio-current inside his Ti, probing into the two women's Ti.

"Ee?"

The two women were surprised at the same time, they only felt that a warm heat flowed into their arms and swirled quickly throughout their bodies, extremely comfortable.

"This is ....."

Looking at the surprised look of the two women, Ji Feng let go of his hand and smiled, "How about it, what does it feel like?"

"Heat flow!" Tong Lei said brittlely, but her beautiful eyes were full of amazement.

"That's right, a hot current is flowing within Ti, it feels very comfortable!" Xiao Yuxuan added, "Ji Feng, this ..... is the internal energy you are talking about?"

The personal feeling made the two women immediately convinced of what Ji Feng said about internal force, but they were even more amazed, because in the past, what internal force ah, true qi and other things, that could only be seen on TV, never heard of these in real life, but Ji Feng let them see it, which naturally made them extremely amazed.

In the past, although they knew that Ji Feng was good at fighting, Xiao Yuxuan and Tong Lei only treated him as an ordinary expert, but they never thought that he actually possessed the legendary internal strength!

“Don’t be so surprised, actually you guys have it too!” Ji Feng looked at the two girls’ frothy and cute appearance and burst out laughing.

“We have it too?!” Xiao Yuxuan and Tong Lei asked in unison, “Where is it?”

“Close your eyes, meditate to feel and recall that feeling you had just now .....” Ji Feng smiled and began to guide them, feeling the bio-current inside his Ti.

“Ee? There really is hey!” Tong Lei was the first to open her eyes, her beautiful eyes filled with astonishment, “Ji Feng, how come I have internal energy too? Did you give it to me just now?”

Xiao Yuxuan also opened her eyes and looked at Ji Feng curiously.

“It is indeed what I gave you, but not just now, but from the time of the one before .....” Ji Feng smiled heatedly.

“Go!” Xiao Yuxuan suddenly blushed slightly and slapped him, but in her heart, she was thinking about it. When she made love earlier, she did feel an extraordinary extreme pleasure, that was caused by the internal power?

Tong Lei seemed to have thought of this too, and the two women looked at each other, both seeing the shame on the other’s pretty face.

In fact, they were vaguely joyful in their hearts, after all, that wonderful feeling before was something they had never experienced before, that bone-chilling pleasure of eating the marrow of the body was indeed enchanting.

Ji Feng laughed: “The reason you guys are looking at the sky brightly now is also because of the internal force. Perhaps after a while, this internal force will disappear, but you don’t need to rush, as long as you keep exercising every day, internal force will automatically be generated within your Ti in the future.”

“How do I exercise?” The duo asked in the same voice.

“Of course it’s to exercise in bed.” Ji Feng laughed loudly.

“Bah! Shameless!” Xiao Yuxuan laughed and scolded.

Tong Lei also wrinkled her cute little nose and said shyly, “Or not, that would hurt your body too much!”

Ji Feng immediately laughed, “That’s not necessarily true, exercising regularly might be good for all of us, especially for you guys.”

“What benefits?” Xiao Yuxuan asked, her pretty face slightly hot, her heart secretly saying, is it that wonderful feeling that is very strong?

Ji Feng laughed, “Long-term exercise, once internal energy is generated within your Ti, it can have a cosmetic effect, or at least, it will make your faces age very slowly.”

He knew very well how magical the effects of bio-currents were, if strong bio-currents were automatically generated within the two women’s Ti, when the time came, the cells within their Ti would be more energetic, and their bodies would automatically absorb energy from the outside world, so there was no need to doubt that it would slow down the aging process naturally.

Swish!

The two women lit up at the same time, “Really?”

There is no woman who does not love beauty, Xiao Yuxuan and Tong Lei, despite their beautiful faces, cannot resist the erosion of the years.

Ji Feng smiled: “Of course it’s true, but in order to be able to work as soon as possible, let’s continue to exercise now .....

Saying that, he fiercely rolled over and once again pressed both the two women underneath him.

“Ahh .....

“No, don’t, they’ll all know later .....

“It’s okay, they’re very sensible and won’t come to disturb us!” Ji Feng laughed loudly.

But in a few moments, the bedroom once again resounded with blushing and delicate cries, only this time, the two women were doing their best to cater to them, enthusiastic as fire, allowing Ji Feng to enjoy a wonderful service .....

#### Chapter 443

This ‘practical exercise’ made Xiao Yuxuan and Tong Lei two women did not wake up until the next morning. During the night, Ji Feng did not continue to fool around, let alone disturb them, but explained to them in detail all the methods and feelings he normally used to sense bio-currents.

While allowing the two women to meditate and sense the bio-current, Ji Feng also sat behind them and used his bio-current to gradually stimulate Xiao Yuxuan’s and Tong Lei’s bodies.

Letting Xiao Yuxuan and Tong Lei’s Ti produce bio-currents since, this was very different from saving grandpa at first. This was because the purpose of the two was not the same.

The purpose of rescuing Grandpa was only to rejuvenate his cells and maintain a kind of balance, so that Grandpa’s body could age naturally without having to suffer from germs and injuries.

But Xiao Yuxuan and Tong Lei were not the same. Ji Feng was hoping that they would both be able to maintain a balance between the bio-current within their Ti and the natural energy from the outside world, and at the same time would automatically absorb the outside energy, making the bio-current within their Ti grow stronger and stronger, just like his current self.

This will require some hard work.

At least, one must first master how to control the bio-current within the Ti, and then use it to improve one’s physique, absorb the energy from the outside world and gradually strengthen oneself.

Therefore, from the evening until the early hours of the morning, Ji Feng was helping the two women to feel the bio-current within their Ti and to learn to control the bio-current within their Ti.

In this process, the most difficult part was not how to feel the bio-current in the Ti, but how to control it. The reason is that the two women only need to quietly feel the bio-current in their Ti, and it is clear enough to feel the bio-current in their Ti.

But the question is, how to control the bio-current.

This was not a problem overnight, because Ji Feng had personally experienced the entire process from feeling to controlling, so he naturally knew how difficult it was to control the bio-current within his Ti.

It was for this reason that Ji Feng told the two women about his experience without reservation, while helping them to control the bio-current within their Ti.

.....

The first time I felt the bio-current and went to control it, it was indeed a bit hard.

Xiao Yuxuan opened her eyes somewhat dazedly and asked softly, "What time is it ....."

Ji Feng forced a smile and said, "It's not yet dawn, sleep a little longer!"

"Oh!"

Xiao Yuxuan unconsciously muttered something and lay down again, continuing to sleep.

Ji Feng was dumbfounded, after the midnight exercise, he believed that now within the Ti of both Xiao Yuxuan and Tong Lei, there was now a certain amount of bio-current, and it was somewhat out of her control, so in the darkness of the night, she could be as unaffected as she was during the day.

And because of this, perhaps now Xiao Yuxuan still thought that she was mistakenly thinking that it was nighttime because of the bio-current's influence.

Thinking of her and Tong Lei's astonished appearance yesterday evening, Ji Feng could not help but smile wickedly.

After quickly washing up, Ji Feng entered the bedroom again and found that both Xiao Yuxuan and Tong Lei had already sat up from the bed, both pairs of beautiful eyes were still a bit dazed.

Seeing Ji Feng, a smile suddenly appeared on the two women's pretty faces.

"Ji Feng, we can really see clearly even at night ....." Tong Lei smiled sweetly and stretched out her small white hand, waving it in front of her eyes, "Look, I can still see your face clearly ....."

Before her words could be spoken, Ji Feng could not help but laugh dumbly.

Coughing dryly, Ji Feng laughed, "Lei Lei, now is the daytime ....."

"Ah?!"

Xiao Yuxuan and Tong Lei shrieked at the same time, and only then did the two of them react and immediately picked up their phones with another shriek, "Now, it's already seven in the morning?!"

Swish!

The duo turned their heads back in unison and looked at Ji Feng, both glaring angrily.

"I... I'm not lying to you guys!" Ji Feng laughed, "Hurry up and get up, maybe a few of them are already up."

"It's weird that we believe you!" Xiao Yuxuan and Tong Lei said in an exasperated voice, "How abominable, how dare you lie to us like that, causing me to think it was at night, you're so abominable!"

Ji Feng instantly laughed and was about to pounce on the bed with his teeth and claws open.

Xiao Yuxuan and Tong Lei were so frightened that they hurriedly dressed and got up while continuously slapping away Ji Feng's evil-doing hands. The three of them frolicked for a while before Ji Feng heard a knock on the door from outside.

"They're here!"

Ji Feng said with a smile while striding over, Xiao Yuxuan and Tong Lei immediately stopped frolicking and the two of them joined forces to quickly make the bed and hurriedly walked out of the bedroom and into the living room.

By this time, Han Zhong and the others had already come in with their fish in their mouths.

Zhang Lei smiled and said, "Ji Feng, today we are planning to go to Cloud Mountain in the east of Yuncheng to have a look around and probably come back in the evening."

"Cloud Mountain?" Ji Feng frowned slightly, "You guys just arrived in Yuncheng and you have to go to some Cloud Mountain, don't you feel tired?"

Zhang Lei spread his hands, "What's so tiring about that, Cloud Mountain is considered a nice scenic destination, if you can instantly hook up with a few little on the way to the tour, hey ..... that would be even better!"

Han Zhong also followed and laughed: "Top!"

Ji Feng was dumbfounded, but Tong Lei gave Zhang Lei a fierce glare, "Brother, if you dare to mess around, I'll go tell father!"

Zhang Lei immediately scowled and laughed sarcastically, "That's nothing, I just said it casually, it's the fun of travel, it's just a tune up, a tune up!"

Next to him, Han Zhong also laughed, "That's right, it's just a tune up. You have two beautiful wives, but we are all bachelors."

Ji Feng said with a smile, "I don't mean to stop you guys, it's just that this guy Lei Zi has someone in charge and I can't do anything about it ....."

Han Zhong several people looked at him half a day in unison to send him a middle finger, Ji Feng suddenly full of black lines.

"All right, not to talk to you, see you later!" Zhao Kai waved his hand and several people left together.

Ji Feng couldn't help but laugh dumbly.

Watching the few people disappear at the gate, Xiao Yuxuan couldn't help but laugh, "Little rascal, these few friends of yours, they are all quite smart, moreover, they are very measured in their actions."

Ji Feng smiled and nodded, of course he knew what Xiao Yuxuan meant by that.

In fact, ever since the lunch yesterday, when Han Zhong and the others pressed for his identity, Ji Feng knew that it was likely that they had already known his true identity. Of course, perhaps they didn't know that they were Ji Zhenhua's son, but the news that Ji Zhenguo was his second uncle could not be hidden from them.

After all, everyone was familiar with the second uncle because he was the secretary of the Jiangzhou Municipal Committee and naturally had a high profile in Jiangzhou, compared to which the father was less conspicuous.

But even so, Ji Feng knew that his status was definitely big enough for Han Zhong and the others.

Because of this, Ji Feng was worried that his identity would, most likely, have an impact on his relationship with Han Zhong and the others. The reason is that the school is no longer the pure ivory tower that it used to be, nowadays it is actually a small society where the relationship between classmates and between classmates and teachers has long been involved with various interests.

Especially the identity of Han Zhong and others makes it easy for such entanglement of interests to happen. For example, Han Zhong himself is the son of Han's group, while Zhao Kai comes from an official family, so if these two have any trouble at home, or if there is something they want to do, they will definitely think of Ji Feng at first.

In this way, their interactions with Ji Feng could no longer be treated with a normal heart, and their relationship with each other would no longer be as pure as before.

This was also something very helpless, but it was true.

What Ji Feng didn't expect, however, was that Han Zhong and Zhao Kai, among others, had asked directly. This meant that they were willing to be very open about their shifting status, and at the same time, it sort of conveyed a message – no matter what your status is, in the future, we will all still get along as friends, just like before. Whether you are an imperial relative or a gangster, since you are identified as a friend, you will naturally not change.

For example, just now, when Han Zhong and Zhao Kai came to say goodbye to the four of them, that attitude was still the same as before, even more casual than before, in fact, it was so that the relationship between each other would not be affected.

Therefore, the smart and measured comment given by Xiao Yuxuan was one that Ji Feng agreed with.

In fact, Ji Feng did not want to lose such a few friends, after all, since he grew up, there were only so many people that he could really get along with.

Now that Han Zhong has made his attitude clear, it is naturally no better than that. As for the help between friends, Ji Feng faintly smiled, when the time comes, as long as he can help, even if Han Zhong and others do not say, he will take the initiative to help, what do we need friends for? Well isn't it that we all help each other!

“Well, they’ve all gone, now it’s just the three of us left, what do you guys want to go somewhere to play?” Ji Feng asked with a smile.

Since he didn’t have any targets yet and had to wait for news from his second brother, Ji Feng naturally wouldn’t keep holding back in the hotel, but planned to take Xiao Yuxuan and Tong Lei out to have some fun.

In the past, when he was in Jiangzhou, it was always because of other things that made Ji Feng unable to get away, so since he was free now, Ji Feng naturally wanted to spend more time with them.

“It’s not like this is Jiangzhou, we don’t know if there are any fun places to go .....” Xiao Yuxuan shook her head slightly.

Tong Lei said crisply, “Why don’t we go and buy a tourist map, that would be easier too.”

Ji Feng smiled and nodded, saying, “I’m going to find second brother now, when I come back, we’ll leave!”

“Mm!” The two girls nodded at the same time.

Ji Feng laughed and quickly and incomparably gave each of them a kiss on their pretty cheeks, and laughed as they quickly left amidst the two women’s angry voices.

#### Chapter 444

Ji Feng came to Ji Shaolei’s room and immediately smelled a strong smell of alcohol, his brow immediately furrowed, second brother and that Ma Guangsheng and Jiang Xinyu last night, how much alcohol did the three of them drink in total? This smell was a bit too bad, right?

The cold wind from outside blew in, causing Ji Shaolei, who was only wearing his underwear, to shiver.  
.com

“San’er, you’re trying to kill me, hurry up and close it!” Ji Shaolei was shivering from the cold and wrapped the quilt around his body in a panic, shivering.

Ji Feng shook his head and laughed: “It’s good to be cold, so that you can be more awake, otherwise, it will be a problem to drive later!”

Ji Shaolei had no choice but to quickly put his clothes on, his body was already freezing cold, he couldn’t stop stamping his feet, even with his cotton shoes on, he couldn’t drive away the cold, his hands kept rubbing together, occasionally putting them to his mouth and breathing.

Looking at his appearance, Ji Feng immediately frowned slightly: “Second brother, how much wine did you drink yesterday? How come you don’t resist the cold at all?”

It was reasonable to say that even people who did not drink would not feel how cold it was when they first got up in the morning. Some people were even used to getting up and washing up wearing only thin clothes, and their bodies were frozen through before they could feel the cold.

But second brother Ji Shaolei had only just gotten up this morning, so why did he feel unbearably cold?

Ji Shaolei couldn't help but rub his temples and laughed bitterly, "Don't mention it, yesterday Ma Guangsheng and Jiang Xinyu, two guys, didn't know where to find a few women to accompany me, several people took turns to pour me, as a result, I can't even remember how I came back anymore."

"Serves you right!" Ji Feng gave a dark laugh, but on his mouth he said in a serious manner, "What about your two friends? Are they alright?"

Ji Shaolei pointed to the bedroom opposite the door and said, "They are in this room, they drank no less than I did last night, they are probably still sleeping like dead pigs ..... By the way, San'er, you came to find me so early in the morning for that matter?"

Ji Feng nodded slightly and said, "Yeah, there's still about half a month before the final exams, and during that half a month, it's important to at least get accurate information."

"Don't worry, since we have a plan, it will be much easier to find someone."

Ji Shaolei said, "Yesterday I already talked to the two of them, these two guys will help start with the city bureau's household registration section, just follow the method we talked about before, check the household registration first, then check the various registration records, use the shortest time, and strive to get the most accurate information."

After a pause, Ji Shaolei said, "There shouldn't be much of a problem, there's no need to rush too much."

Ji Feng nodded and pondered for a moment before saying, "Second brother, I have thought about it for a while and think that it is not a way for me to always wait for your news like this ..... How about this, you first use your connections and find someone to take me to various big factories to check the employee records, although this method is rather stupid, it is not a What do you think?"

Ji Shaolei frowned and said, "San'er, this workload is not small, Yuncheng is not much else, but there are many factories, probably more than you can count, want to check it all, without three to five months that is absolutely not possible ....."

"It's better than not doing anything, right?" Ji Feng said with a bitter smile.

In fact, there was another reason why Ji Feng chose to start looking at the factory, and that was that according to the information he got, Aunt Li Yueqin's life wasn't very good, which meant that she was most likely a member of the bottom of society.

Then, factories were undoubtedly one of the targets. Because most of the workers in textile or garment factories were women or young girls, the target was more concentrated and it was quite sort of convenient to check.

"Alright then, since you insist, then I will discuss it with Silly and the two of them later, it would be best for official personnel to come forward, so it would be much easier to investigate." Ji Shaolei nodded slightly, in this regard, he was much more experienced than Ji Feng, and quickly added another point.

Ji Feng nodded slightly and agreed with Ji Shaolei's opinion.

.....

While eating breakfast in the restaurant downstairs, Ji Feng once again met the brash Ma Guangsheng, and beside him, there was a young man who appeared to be very civilized, who, I think, would be Jiang Xinyu.

“Older brother, why didn’t you come and have a seat together last night?” Ma Guangsheng seemed to be a self-effacing person, and asked with a smile as soon as he sat down.

Ji Feng shook his head and laughed, “Sorry, I was a bit tired yesterday, so I took an early break.”

Ma Guangsheng instantly revealed an understanding and meaningful smile, nodded vigorously and laughed, “Understand, understand! Haha .....

The first thing you need to do is to get a good idea of what you’re getting into.

The two women did not show any difference and seemed to be not moving at all.

Ma Guangsheng’s heart has another level of evaluation of the two women, with stunning looks and not less wisdom.

“You guys eat slowly.” Xiao Yuxuan and Tong Lei both had very small meals, and were full after simply drinking a bowl of soy milk and eating a few spring rolls.

Xiao Yuxuan and Tong Lei left their seats, and the former picked up her kun bag and whispered in Ji Feng’s ear, “Let’s go to the washroom.”

Ji Feng, however, was stunned, and then fiercely pulled Xiao Yuxuan back with one hand, “Be careful!”

Immediately afterwards, only a clatter was heard, and a cup of soy milk spilled onto the floor.

Several people were startled at the same time and all looked up, but they saw a fat woman, about forty years old, only her face was rubbed with a thick layer of foundation, making it impossible to tell her real age.

She was wearing a pink leather fleece coat and was standing stolidly by. A piece of soya bean paste had been spilt on her pink leather velvet coat and it looked very messy.

Xiao Yuxuan suddenly spat out her tongue, if Ji Feng hadn’t pulled her just now, it might have been her who was spilled. It was because there was less than two metres between her and that woman.

Suddenly, Xiao Yuxuan seemed to remember something and asked in a low voice in Ji Feng’s ear, “Ji Feng, it wasn’t me who touched it just now, was it?”

Ji Feng was stunned, then shook his head and laughed: “Of course not, it was her own failure to walk steadily, you didn’t even touch her, so how could you have touched it?”

Ji Feng saw with his own eyes that the obese woman’s high heels had broken, which spilled all the soy milk, and it had nothing to do with Xiao Yuxuan at all.

“That’s good, we were so close, I thought I had accidentally touched it!” Xiao Yuxuan then breathed a sigh of relief, winter are wearing more, even if they touch something, they may not be able to detect it, she was really afraid that she had touched that woman.

However, Xiao Yuxuan's words reached the ears of the obese woman clearly.

At this moment, that woman was in a state of extreme embarrassment, the Ru white soy milk spilled on her leather velvet coat, leaving her in a mess, and the fire in her heart had no place to go, but she happened to hear Xiao Yuxuan's words.

Her fire instantly rose up, "What did you woman just say?!"

Xiao Yuxuan was instantly stunned, "You, you were talking to me?"

"Nonsense, if not to you or to whom?!" The obese woman instantly became angry and shouted shrilly, "What, you were laughing at me just now and now you dare not admit it? What the hell!"

Xiao Yuxuan was stunned, "Who mocked you? Why do you people speak without any quality at all, opening your mouth and cursing?!"

"What quality is needed to talk to a bitch like you? Apologise to me immediately!" The obese woman said in a condescending manner.

Swish!

Ji Feng's face instantly sank as he asked in a deep voice, "Are you sick? Get lost, don't come and spoil our fun early in the morning!"

This kind of person is really disgusting, it's fine if you lose face by accident, but you want to find fault and have to get back face from others, without any regard for others' feelings, it's simply abominable!

Your own face is face, but someone else's face is not face?

What's more, all this had nothing to do with Xiao Yuxuan, it was only the fault of that obese woman's own carelessness.

After several killings, coupled with long-term training, it gave Ji Feng a unique majesty. He just sank his face, and a faint pressure spread out in all directions, causing everyone around him to be astonished and their faces changed.

That obese woman was even frightened heart tremble, the voice of speech are a little trembling: "You, you ....."

"You what you!"

Ji Feng let out a low roar, his face sinister: "You are not careful yourself, your body is so fat and still wear high heels, you can't walk steadily yourself, but still blame others, where did you get so much superiority? Are you more noble than anyone else? Apologize immediately and get lost!"

Even if he was facing a woman, Ji Feng was not polite in his words, he always had pity in his heart, but who had any pity for Xiao Yuxuan?

If he hadn't been there, Xiao Yuxuan and Tong Lei would have been pestered again. Once he thought of this, Ji Feng's anger grew even stronger, and his eyes even subconsciously showed a hint of killing.

The woman was so frightened that her face changed dramatically, she no longer dared to persist and said in a panic, "Yes, I'm sorry!"

"Get lost!" Ji Feng said in a cold voice.

The woman's face turned ugly and she gave Ji Feng a deep look, as if to take him to heart, before she turned around and left.

At this moment, the two of them, Ma Guangsheng and Jiang Xinyu, were looking at Ji Feng with a strange look, and only after a long time did they say, "Shao Lei, this cousin of yours is not an ordinary person!"

#### Chapter 445

Originally, in the eyes of Ma Guangsheng and Jiang Xinyu, Ji Feng was also nothing more than a fop, or a rich boy, who just followed Ji Shaolei to Yuncheng to get a laugh. {}

In fact, Ji Feng's performance was indeed the same as what Jiang Xinyu and Ma Guangsheng thought, driving a Mercedes and a Land Rover, with two girlfriends, and this guy was just a college student, which was really hard for people not to misunderstand. An ordinary college student, how could he be so arrogant?

The way Ji Shaolei acted on a regular basis, he was just a rich family's grandson, and although he wasn't arrogant when he was at school, he definitely wasn't low-key either, let alone bullied.

Since Ji Feng and Ji Shaolei were cousins, it was thought that Ji Feng's family background would likewise not be too bad, and it wouldn't seem so unusual for him to be a dude.

Moreover, last night Ma Guangsheng and Jiang Xinyu had set up a reception banquet and Ji Feng and the others did not attend, and even this morning a few of Ji Feng's classmates went out without saying hello, which left some not-so-good impressions in Ma Guangsheng and Jiang Xinyu's minds.

However, now it seems that both Ma Guangsheng and Jiang Xinyu are impressed with Ji Feng.

Ji Feng's face only sank, and a feeling of self-awareness spread out, especially the pressure that made both Ma Guangsheng and Jiang Xinyu, who were used to seeing big scenes, a little uncomfortable. In that instant, both of them felt as if they were facing a big man, which made them secretly frightened.

The duo instantly realised that it turned out that this cousin of Ji Shaolei, the second generation in their eyes, turned out to be no simple character.

In fact, now that they thought about it carefully, it was indeed true.

Imagine, if Ji Shaolei was such a shrewd person, if he had come to Yuncheng specifically for business, how would he bring a few untalented guys with him? Wouldn't that add to his mess!

Moreover, Ji Feng did not attend the reception banquet last night, and Ji Shaolei did not even say anything, apparently letting Ji Feng go, which is enough to show that Ji Feng must have a not low status in Ji Shaolei's heart .....

It has to be said that the different perspectives of looking at the problem, the results obtained will be very different.

For example, this reception banquet issue, originally in Ma Guangsheng and Jiang Xinyu's view, Ji Feng this is a bit ignorant of the rules, but only now realize that it may be that Ji Feng is used to being a superior person on a regular basis, not used to giving others any explanation, just doing his own thing is enough.

"Shao Lei, this cousin of yours ....." Ma Guangsheng looked at Ji Shao Lei with some suspicion and asked in a low voice, "Why does it feel like he has an uncomfortable aura about him when his face is sunken?"

"An uncomfortable aura?"

Ji Shaolei couldn't help but shake his head with a smile and said, "It's good to get used to it, it's good to get used to it!"

He secretly said in his heart, not only was it uncomfortable, when he was in Yanjing, his face sank and almost killed both Ji Shaoyou and Li Yanting, was it as simple as being uncomfortable?

Next to Jiang Xinyu is thoughtful, smiled and asked: "Shao Lei, it seems that your boy is not a simple rich boy ah."

Ji Shaolei laughed in a low voice, "I never said I was a rich boy, did I? All right, don't let that fat woman spoil the fun, let's finish eating and set off."

Ma Guangsheng laughed, "That's fine, anyway, you kid has never been at a disadvantage or honest ....." this time you won't be bothered."

"That's right! Guang Sheng is right!"

Jiang Xinyu nodded with a smile and said, "Shao Lei, as you said before, I just contacted a friend, he will send someone over later and follow your little cousin to the factory in the city to look for ....."

.....

"Ji Feng, forget it, don't get angry over this kind of person." Xiao Yuxuan saw Ji Feng's brow furrowed and his face sinister and frightening, so she couldn't help but speak out to console him, "It's important to get down to business ....."

Ji Feng nodded with a sullen face and hummed, "No matter where you go, there are always such bastards, they like to sell their pretty and have to wear high heels, and as a result, they lose their attitude and lose face, instead they want to get back face from others, this is simply a kind of bastard logic!"

Next to Jiang Xinyu wiped his mouth with a tissue, stood up and laughed: "Older brother, do not get angry for such people, that is an insult to us ....." However, that woman just now, I seem to have some impression, as if I have met somewhere before, I think it is more or less a person of some origin!"

Ji Feng gave a non-committal smile: "Such a person, even if they have a greater origin, they are not on the stage ....." But you are right, that kind of person is indeed not worth getting angry over, forget it ....."

He waved his hand somewhat impatiently, and his heart was even more helpless and contemptuous as he shook his head secretly.

In fact, for that obese woman type of people, Ji Feng really can not take them any way, with a woman hands, obviously not appropriate, but verbally humiliate them a few sentences, but can not make them repent, not even sober up.

“I really don’t know where these people get their superiority complex from, in terms of family background, I don’t know how many people are better than her, in terms of looks, she is not even the most ordinary looking, in terms of character ..... a woman who wants to get back face on others after she made a fool of herself, how good can her character be? ”

Ji Feng shook his head helplessly, he really did not know what to say, every place will have this kind of superficial woman, this kind of person is like an annoying fly, constantly flying around the ears, the buzzing sound makes Ji Feng simply want to slap it to death!

Seeing that Ji Feng’s face was still a little unattractive, Tong Lei said crisply, “Ji Feng, don’t be angry, let’s go!”

Hearing Tong Lei’s crisp voice, Ji Feng couldn’t help but nod and smile, although Tong Lei usually didn’t say much, but she, who was so clear and beautiful, had the ability to make the mind calm.

“No more anger, let’s go!” Ji Feng nodded and smiled.

As soon as they left, the people in the breakfast shop buzzed and whispered, the scene of Ji Feng majestically reprimanding the obese woman fell completely in the eyes of the crowd, everyone was secretly shocked, while more people were curious.

Obviously, everyone could see that this young man was definitely not an ordinary person, and that the fat-headed woman had been scared away by his two words of reprimand really made everyone present both shocked and curious.

Many people had whispered that this young man, must be the son of a certain family, or from a rich family, otherwise, he would certainly not have that kind of temperament.

“I remember!”

A customer in the breakfast shop suddenly let out a low cry and said to his companion, “I remember who that obese woman is ..... Remember that rather noisy compartment next to us when we were drinking last night?”

“Of course I remember, there was a lot of noise in that compartment ..... Could one of them have been that obese woman?” A companion asked.

“That’s right, in the middle of drinking yesterday, I went to the bathroom and passed by the next compartment and found their door open .....” The customer took a sip of soy milk before continuing, “I ended up overhearing that obese woman. I also heard them say something about Jiangzhou, something like clothing ..... That woman seems to have come from Jiangzhou to Yuncheng to talk business, her origins may not be small!”

“In that case, that woman may not be willing to give up!” A companion asked in a low voice.

“Anyway, if it were me, I definitely wouldn’t have just let it go ……” The customer bristled and added, “But if it were really me, I wouldn’t have done that disgusting thing, so fat and still wearing high heels and a casual bully, hehehe …… deserves to be scolded!”

The two laughed at the same time, for that fat woman was scolded, both felt very painful.

And at this time Ji Feng, but does not know that the breakfast shop himself is being talked about, in fact, even if he knew he would not care, after all, he can not have any rude place today, even if it really made a fool of himself, he will not think about getting back face from others.

About half an hour later, Ji Feng met the helper Jiang Xinyu had found for him, a policeman in his mid-twenties, who seemed a bit shy and didn’t talk much.

“Older brother, this is Jiang Tongxin, he and I are relatives, he will arrange your trip next, if you have any problems that can’t be solved, call me in time, or call your second brother, it’s all the same!” Jiang Xinyu laughed.

Ji Feng smiled and shook Jiang Tongxin’s hand, saying, “Hello, I’ll have to trouble you next.”

Jiang Tongxin waved his hand somewhat coyly and said, “No, you’re welcome!”

Jiang Xinyu laughed, “Don’t mind old brother, Jiang Tongxin has been introverted since he was a child, so his parents made him a policeman for this reason, actually to train his guts, but old brother can rest assured that he still has the ability.”

“Thanks a lot Brother Jiang!” Ji Feng smiled and nodded, in fact, to him, it didn’t matter whether Jiang Tongxin was an introvert or not, whether he had the ability or not, all Ji Feng wanted was his police officer identity as well.

With this identity, Ji Feng would be able to divisionally check the list of employees in those factories, which would be much more convenient.

“San’er, call if something happens!” Ji Shaolei stood on the steps and made a gesture to Ji Feng to make a call.

Ji Feng waved his hand, and after greeting a few people, he drove away in his Land Rover.

At this time, on the other side of the gate of the Yuncheng Hotel, a black Porsche Cayenne with four people sitting in it, and sitting in the back row, were two women.

If Ji Feng had seen it, he would have instantly recognised that one of the obese women was the same woman he had had a confrontation with at the breakfast shop earlier.

“Little Aunt, it was those few people in front who humiliated you in the breakfast shop?”

The one who spoke was a gorgeous woman of about twenty-seven or eight years old, a woman whose appearance could definitely be described as pretty, with superior posture. However, while she was speaking, the cold light in her eyes was flashing, so she was obviously not a character to be messed with!

## Chapter 446

“That’s right, it was those few people, especially that woman in the black coat, she was the one who bumped into me and that’s what made me spill all the soy milk in my hand, only to have her deny it instead!”

The obese woman gritted her teeth and said, she would not say that it was she who wanted to get back face from Xiao Yuxuan’s body because she felt ashamed when it was in full view of the public, only to be severely reprimanded by Ji Feng. This kind of humiliating thing, with her Xing character how will she say it, if that is the case, she will not want to get back face from Xiao Yuxuan.

This was the kind of person who wanted to save face, but the way she wanted to save face was not correct, so it had to be disgusting.

However, that gorgeous woman was convinced of this, and as soon as she heard this, her beauty tightly knitted, a cold light flashed in her eyes, and she sneered, “Nowadays, what kind of cats and dogs really dare to open up in front of our Zhou family ..... ee? No, that number plate in front seems to be the number plate of Jiangzhou?!”

The obese woman was also stunned and squinted her eyes to look ahead, she was already very fat, at this time she squinted her eyes so much that there were two slits left on her face, which looked really comical.

After a long time of looking, the obese woman still didn’t see clearly, so she immediately said, “Xiao Liu, move the car up a distance, it’s too far away to see clearly.”

The beautiful woman immediately said, “No, we can’t go any further, otherwise the other side might find us ..... Auntie, do you see the young men standing on the steps? I don’t know the other two, but the one in the middle, he seems to look a bit familiar.”

“Is it someone you know?” The obese woman immediately asked.

The beautiful woman arrogantly hummed, “How many people who can make some impression on me are simple? Since that young man can make me feel familiar, I think we should have met before, and moreover, he must be of some origin. However, I’m not very impressed, so I guess he’s not a big shot either.”

“Then let’s just go straight over there, since he’s not a big shot, as long as you, the Miss Zhou Family, appear, I think he’ll definitely give you face, and maybe he’ll just teach his companion a lesson without you even having to ask!” As soon as the obese woman heard that her niece could overpower the other party, she immediately came to life and quickly said, “Yuxia, little aunt is being humiliated by someone else, you can’t just sit back and do nothing, otherwise, where would you let this face of little aunt rest?!”

“Little Auntie, don’t worry, since their license plate is from Jiangzhou and I have some impression, then they must have come from Jiangzhou like us.” The beautiful woman named Yuxia sneered, “But this isn’t Jiangzhou, it’s Yuncheng. Here, no matter what their origins are, they definitely can’t match our connections, and there’s no telling how many leaders in Yuncheng are expecting our Zhou Group to come and invest in Yuncheng, hum ..... we’ll follow them up first, there’ll be plenty of ways to control them when the time comes!”

The obese woman was immediately overjoyed: “Yuxia, auntie really has to thank you, if not for you, auntie was humiliated by someone still do not know how to go out of this anger .....

The gorgeous girl Zhou Yuxia sneered, “Don’t worry, no matter who he is, if he dares to humiliate our Zhou family, I will make him pay the price! Also, Little Aunt, don’t be so weak when it comes to anything in the future, don’t forget that our Zhou family started out as a gangster, we won’t be afraid of anything, anything at all!”

Once she heard this, a shameful and embarrassed look flashed across that obese woman’s eyes, what the truth was like, she herself naturally knew best, at that time in the breakfast shop, she actually knew very well that Xiao Yuxuan hadn’t touched her, it was just that if she didn’t find someone nearby to be the scapegoat, how could she get by on this face?

She felt that she was already strong enough, but this strength could not be shown in front of her niece, she knew what kind of person her niece was, although she was only a woman, but that tactic, really ruthless would make people’s hearts chill.

However, with such a niece taking action for herself, I think that b\*tch and that boy will definitely not have any good consequences.

“Xiao Liu, they’re moving, follow them .....” the gorgeous girl Zhou Yuxia suddenly said, “Be careful not to follow them too close, as long as you can see clearly how many people are in the car altogether, and of course, don’t lose them .....”

“Yes, Miss!” The driver Xiao Liu in the front driver’s seat heard these words and immediately nodded in response, while starting the car and following the Land Rover in front.

At this time, as if he remembered something else, the driver Xiao Liu couldn’t help but ask, “Missy, you also asked Mayor Zhao to have lunch at noon, if you break your appointment, it’s not good, right?”

Before the gorgeous girl Zhou Yuxia could say anything, the obese woman immediately shook her head and said, “It’s nothing, originally he was begging us to stay and invest, not us begging him, even if you miss your appointment, just make a phone call and say so, a small mayor is just .....”

The first thing you need to do is to get a good idea of what you want to do.

What’s more, how can a member of the Zhou family let others humiliate her at will? Even if they bullied others, they were not allowed to return the favour, otherwise, what was the point of the Zhou family fighting for so many years?

Wasn’t the point of fighting so hard and fighting so fiercely against other gangs just to sit in a higher position where they could bully others at will, so that no one else would dare to bully the Zhou family’s people?

Therefore, knowing that this matter may not be all the fault of the other party, Zhou Yuxia also wants to take out her anger for her sister-in-law, the Zhou family’s people should have been rampant, so what?

Zhou Yuxia herself is not a person who likes to reason with others, and at this time it was her sister-in-law who was insulted, so she naturally became even more unreasonable, no matter what, this anger is definitely out,.

The Porsche Cayenne slowly started, followed by the black Land Rover, when passing the entrance of the Yuncheng Hotel, Zhou Yuxia through the car window, looked up at the Ji Shaolei and Ma Guangsheng, Jiang Xinyu still standing on the steps of the three, in addition to Ma Guangsheng, Zhou Yuxia always felt that Jiang Xinyu and Ji Shaolei two seem to have met somewhere, but for a while just can not remember.

Zhou Yuxia directly attributed this to the fact that although these two might have some status, they were not too big, otherwise, would she not be able to remember them?

You know, although the Zhou family is rampant, probably as a family that started out on the road, no one has an eye for the world, do not know how to judge the situation, do not know how to look at people, that will definitely die a very ugly death.

Therefore, for some important people they have met, people from the Zhou family will remember very clearly. For those ordinary people, the Zhou family may be very powerful, but they are equally clear that if they meet someone they shouldn't mess with, they may just need to say a word, and it will be enough to make the Zhou family go up in smoke!

However, since these two young people in front of them had failed to make themselves remembered, they clearly did not belong to this horrible category, so Zhou Yuxia naturally had nothing to worry about, and simply glanced at them indifferently and walked past them as well.

"Ee? Jiangzhou's license plate, I've even met the old folks here!" On the steps, Ji Shaolei had just lit up a cigarette when he saw a Porsche Cayenne passing in front of him, and he instantly laughed.

"See, there seems to be a gorgeous girl sitting in the Porsche, Lao Jiang, up or down?" Ma Guangsheng asked with a hearty laugh at once.

Jiang Xinyu shook his head slightly and laughed, "I'll forget it, you guys know me, I have the old man at home to control me, I don't dare to fool around!"

The two of them knew, of course, that Jiang Xinyu could be considered a good man, or at least never spend, much less be reckless outside, except for yesterday when Ji Shaolei arrived in Yuncheng, Jiang Xinyu drank a few times more, usually even the most important social engagements, he only tasted lightly.

Ma Guangsheng laughed: "Old Jiang is still as honest as ever, ah."

Ji Shaolei also followed and laughed, he knew that although a few people were fancy together, but not to the extent that they would really do anything excessive, the three were all very measured people, and would not be reckless.

At this moment, Ji Shaolei suddenly had a thought in his mind and said with a frown, "Look guys, isn't that Porsche a bit odd?"

Ma Guangsheng and Jiang Xinyu were stunned and asked in unison, "What do you mean?"

"You guys look carefully." Ji Shaolei's brows furrowed, "Pay attention to the distance between the Porsche and the Land Rover driven by Ji Feng ....."

Sure enough, after just a few seconds of looking, Jiang Xinyu and Ma Guangsheng's faces changed as they noticed that the distance between that Porsche and the Land Rover driven by Ji Feng remained almost the same.

When Ji Feng's Land Rover slowed down, the Porsche behind it followed suit. When Ji Feng crossed the red light, that Porsche actually ran the red light directly in order to keep the distance between it and him from being widened .....

"The Porsche is following Ji Feng!" Ma Guangsheng said.

Ji Shaolei nodded with a sullen face and glanced at Jiang Xinyu.

"Don't worry, I will definitely look into this matter, in Yuncheng actually appeared in such a matter, if I don't give you an explanation, I won't be able to mix in the future!" Jiang Xinyu gritted his teeth and said.

Ma Guangsheng said, "Let's inform Ji Feng first, tell him to stop by the roadside or deliberately lure the Porsche to a certain place, so that we can meet this daring fellow!"

Ji Shaolei and Jiang Xinyu looked at each other and nodded their heads at the same time, agreeing to the plan.

Ji Shaolei immediately took out his phone and called Ji Feng.

"Second brother, what's the word?!" Ji Feng, who was driving, picked up the phone and asked with a smile.

"Third child, there's a black Porsche Cayenne following you guys behind, you slow down first and pretend not to notice, I'll give you an address later, you deliberately take the Porsche to the place I told you about!" Ji Shaolei's voice was a bit urgent, if something happened to Ji Feng here, he would really not be able to explain.

Ji Feng, however, smiled faintly, "Second brother, I found out long ago that someone was following behind me, then follow your method and tell me the address later."

After hanging up the phone, Ji Feng slowly slowed down the car, while holding the rear view mirror in the car upright, and looked carefully.

He instantly frowned, "It's her?!"

#### Chapter 453

Seeing Ji Feng's excited look, several people couldn't help but be a little surprised, he had never lost his temper like this before.

Only Xiao Yuxuan and Tong Lei, after being slightly surprised, seemed to realise something, and the two women also got slightly excited, staring straight at Zhang Lei.

"Why are they all looking at me for?" Zhang Lei couldn't help but scratch his head and asked with some surprise, "Did I say something wrong?"

"What did you just say?!"

Ji Feng took a deep breath, tried to calm himself down and asked in a deep voice, “Lei Zi, repeat what you just said, what happened to the girl you saw today?”

“She, she was molested by the hooligans, a few of us couldn’t see past it, so we fought with those two hooligans and his lapdogs!” Zhang Lei was a bit puzzled by Ji Feng’s question, he asked in confusion, “What’s wrong with that?”

“It’s not this sentence, it’s the words after it!” Ji Feng said immediately.

“The back .....” Zhang Lei scratched his head and turned his head to ask Tong Lei, “What did I say back there?”

“You said that girl seems to look a bit familiar!” Tong Lei said in a good-natured manner, “How come your brain is not enlightened once we get to the main topic?”

“Right, right, right!”

Zhang Lei snapped his forehead, but then touched the wound on his body, making him bare his teeth in pain, “What I said is true, that girl .....” Well, her forehead, really looks somewhat similar to Ji Feng .....”

The words just said here, he suddenly reacted, a moment of wide-eyed look at Ji Feng, muttered: “That what, I said crazy, should not be .....” not so coincidental, right?!”

As Ji Feng’s good brother, of course he knew that Ji Feng came to Yuncheng to find someone, moreover, he knew more than all three of Han Zhong, who only knew that Ji Feng was here to find someone, but did not know who to look for. But Zhang Lei was different, he knew that the person Ji Feng was looking for was his father’s first woman, perhaps with a child .....

He couldn’t help but open his mouth wide. The girl he saw today, didn’t the reason why she looked so familiar was because her forehead was somewhat similar to Ji Feng’s?

Wouldn’t this mean that .....

Zhang Lei immediately patted his face, and a sharp pain immediately came from the place that had been swollen, making him realize that he was not dreaming.

He stood up at once, looked at Ji Feng excitedly, and laughed: “Crazy, buddy, this time he went to Yunshan to play, and made a big achievement?!”

Ji Feng breathed sharply, and he took a few deep breaths before he managed to calm down a little: “Lei Zi, tell us in detail, what’s going on!”

“.....”

Zhang Lei couldn’t help but regret a little, had he known it was like this, why didn’t he ask more questions at that time, so he didn’t know anything now, he laughed bitterly, “Actually, I don’t know much, it’s just that a few of us were going to go to Yunshan Temple to offer incense, and by the way, we were looking at monks and nuns and so on, passing by the foot of Yunshan, there was a gift shop which was selling small souvenirs related to Yunshan and such things .....”

“Snap!” Before he could finish his words, he was slapped on the head by Tong Lei: “Why so much nonsense, get to the point!”

“Ah...!”

Zhang Lei screamed in pain and bared his teeth a little, he secretly cried out in his heart, why is this girl so hard, he didn’t know that his head had been hit with a few big buns?

Seeing that Tong Lei’s hand was raised high again, Zhang Lei did not care about the pain and said in a panic: “What, the one who owns the gift shop is a mother and daughter, the mother is about forty or fifty years old, the daughter is very pretty, about twenty-four or twenty-five years old ..... You all know that my vision is not always very accurate, so This age is also just my guess, that’s all that’s specific.”

The first thing I did was to ask the girl what her name was, and I didn’t know their specific information ..... If you don’t believe me, you can ask Han Zhong and the others!”

“If you go to Yunshan once more, can you still find that gift shop?!” Ji Feng asked out loud.

“Of course you can, that shop is small and not very well located, but after all, it’s right at the foot of Yunshan, so it’s still easy to find!” Zhang Lei immediately nodded his head, “Han Zhong, Lao Du, you guys think so, right?”

“That’s right, that shop is easy to find, a shop that sells gifts would definitely be in a place where customers can see it.” Zhao Kai nodded, but didn’t push his glasses again, as they were broken.

“Good! Good!”

Ji Feng’s fists and palms clashed in excitement, rubbing his hands together uncontrollably, “You guys wait here, I’ll go and come right away!”

After saying that, he was immediately about to head out.

Xiao Yuxuan immediately called out to him, “Ji Feng, you’re not going to Yunshan now, are you? It’s already very late now, even if you go, it will already be half past midnight there, why don’t we go there together tomorrow morning?”

“If we go tomorrow, who knows what will happen!” Ji Feng immediately shook his head and said, “I have to go there now, well, and call Second Brother together .....”

“Then where will you guys stay then?” Tong Lei also couldn’t help but ask.

“Stay in the car!” Ji Feng immediately said, “All right, I’ll go first, you guys get an early rest and come to Yunshan first thing tomorrow to meet us!”

Seeing Ji Feng’s insistence, Xiao Yuxuan and Tong Lei had no choice but to nod their heads in agreement.

“You wait a bit!” Xiao Yuxuan said, “I’ll go with you guys, it might be easier for girls to talk to each other.”

“I’ll go too!” Tong Lei also followed.

“Then you guys go, I want to sleep!” Zhao Kai said with a big grin.

Ji Feng, however, smiled heartily, he knew that Zhao Kai was doing this to give himself time, after all, they didn't know what the identity of the person they were looking for really was, so maybe it wasn't convenient for them to know .....

With Zhao Kai here, Han Zhong and the others naturally stayed behind, otherwise, if one of them went with Zhao Kai, the others would definitely follow along even if they were more tired, and then not only would it be somewhat troublesome to explain, but it would also make these people suffer even more.

"I'll go along, I know the way to go, if I don't follow, you might not be able to find that little shop!" Zhang Lei stood up and said with bared teeth.

"Let's go!" Ji Feng didn't hesitate in the slightest and said directly.

.....

"Bang bang bang bang!"

"Bang bang bang bang ....."

Fast and violent knocking sounded continuously, Ji Shaolei, who was just preparing to rest, helplessly opened the door, but was stunned to find that Ji Feng, Xiao Yuxuan and Tong Lei were standing outside the door, and Zhang Lei was also looking like he was baring his teeth.

"San'er, is there a fire, why are you so anxious?!" Ji Shaolei asked.

"Of course not, second brother, hurry up and get dressed and go to Yunshan with me ....." Ji Feng said quickly.

"Go to Yunshan for what?!" Ji Shaolei asked in consternation at once.

"I might have news of Aunt Li Yueqin ....."

"What?!"

Ji Shaolei was immediately stunned, and immediately ran back inside the room, dressed in full detail, and only dropped the words, "Wait for me for a minute!"

Sure enough, in less than a minute, Ji Shaolei changed his robe into the clothes he usually wore, and he was even more anxious than Ji Feng: "Hurry up!"

"Bang!"

The four of them got into the Mercedes business car they had brought, Ji Feng acted as the driver, while Ji Shaolei drove a separate Mercedes SUV. With Zhang Lei showing the way, Ji Feng and his group of five, headed in towards Yunshan.

"Second brother, second brother, can you hear me?" Ji Feng picked up the walkie-talkie in the car and asked loudly.

"Can hear you very clearly, speak!" Ji Shaolei's voice came quickly.

“You call for help with those two friends of yours, there are two hooligans molesting the person we are looking for today, Zhang Lei and the others had a fight with them, I guess they might not give up, it’s better to prepare early ……” Ji Feng said deliberately while driving.

“You’re still afraid of fighting?!” Ji Shaolei asked with a smile.

“I’m afraid they’ll use official people, it’s said that those two hooligans are followed by four dog-legged men, so I guess they’re also second generation from rich families.” Ji Feng said.

“Leave it to me!” Ji Shaolei smiled and hung up.

Ji Feng then concentrated on driving at a faster and faster pace.

Driving from downtown Yuncheng City to the Yunshan tourist attraction probably took a little more than two hours, however, with Ji Feng driving, it only took them less than an hour and a half to arrive at the Yunshan Mountain area.

The roads in this tourist area were actually paved with stones, so it was a bit difficult to raise the speed of the car.

What’s more, he was driving a commercial vehicle, so it was really difficult to run on such roads.

Ji Feng gritted his teeth and continued to increase the throttle, the car did not reduce, straight ahead: “Lei Zi, point the way!”

Zhang Lei immediately followed his memory, combined with the instructions on the navigator, and kept on prompting.

He couldn’t help but be staggered, this was also the Mercedes Benz business car, if it was replaced by other cars of slightly lesser quality, a single xing crazy run down such a road would probably require an overhaul.

“Crazy, see that Led light box up ahead? That’s it!” Zhang Lei said, pointing to a billboard-like doorway.

“Yan Tong Gift Shop?!” Ji Feng read out the words on that Led light box and muttered, “Yan Tong ……”

He took a deep breath, immediately stepped on the accelerator, drove the car to the open space in front of Yan Tong Gift Shop and stopped.

Bang!

Ji Feng got out of the car and took a few brisk steps to the front of the shop.

Like other parts of the landscape, Yunshan was also located in the middle of nowhere, and of course the air was very good. But because of this, it made the place close very early at night, and the same was true of these shops.

Yan Tong gift shop has also closed, only the Led light box above the door was blinking continuously, Ji Feng stood in front of the door, for a time, surprisingly did not know what to do ……

Bang!

A few moments later, Ji Shaolei caught up, Ji Feng's car was really too fast, even though Ji Shaolei was using all his strength, he was still some distance away from Ji Feng.

He came to Ji Feng's side and looked up at the LED sign and couldn't help but frown, "Yan Tong Gift Shop?!"

Ji Feng nodded slightly and said, "Yes, Yan Tong Gift Shop ..... Yan Tong, that should be a personal name, right?"

"Wouldn't you know if you went in and asked?" Ji Shaolei laughed.

Ji Feng shook his head slightly and laughed bitterly, "I want to go in and ask too, but ..... second brother, why don't you go ask?"

Ji Shaolei hummed, "Then what should I call them? You, why are you backing out when the time comes? Hurry up and go! They shouldn't be sleeping yet, so find them sooner and finish the job sooner. If we find out that they are not the ones we are looking for, then go back sooner, isn't that easy?"

Ji Feng was stunned, then he nodded and smiled, "That's right, it's indeed very simple, so I'll go now?"

"Go now!" Ji Shaolei nodded his head and said.

"Hmm, good then, go now!" Ji Feng repeated it again, as if he was cheering himself up.

He took a deep breath, took a few quick steps and arrived in front of Yan Tong's gift shop, raised his hand and tried to knock on the door, but then stopped.

Through the crack in the door below, Ji Feng could faintly see lights coming from inside, and there were faint sounds of talking reaching Ji Feng's ears.

He hesitated for a moment, and although he knew that it was a bit unethical for him to do so, he decided to listen outside and maybe he would be able to get some useful information.

If he could find out the identity of the mother and daughter from their conversation, then he wouldn't need to go through all the trouble of thinking of something to say, and he could even divert his attention earlier and think of something else, or just beat a path back to Jiangzhou.

Ji Feng slowly activated the bio-current and listened with his side ears .....

"What is he doing? Why isn't he going in?!"

Not far away, Zhang Lei looked at Ji Feng standing motionless in front of the door, he was a bit puzzled and couldn't help but say, "Since he's looking for someone, why not just push the door in directly, standing at the door like this, he can't find anyone, right?"

"Shut up!" Tong Lei glared at him with no good grace.

Zhang Lei immediately bristled, "I'm just looking at the atmosphere is too silent, want to liven up the atmosphere, don't get excited, don't get excited ..... fine, fine, I won't say anything else can't I?!"

The two women had to admit that this guy was indeed a master of livening up the atmosphere. A few simple words could turn the atmosphere into something completely different.

The two women had to admit that this guy was indeed a master of livening up the atmosphere.

.....

The Yan Tong gift shop, like the other storefronts, is a two-story building facade, with the ground floor used as a shop and the first floor used to house people, which is very convenient.

Of course, there are some storefronts that operate other sounds, such as small restaurants, in which case the owner will convert the first floor into a small box as well, and usually the accommodation will be elsewhere, or in his own home.

However, this is clearly not the case with the owner of the Yantong gift shop and her daughter, who are clearly living inside at this point with the sound of talking coming from inside.

The door of the shop was a roller shutter door, so Ji Feng could not see inside through the doorway, so he could only listen sideways.

At this moment, the mother and daughter in the shop were whispering about something.

The mother and daughter, the mother was probably in her early forties, but looked a little tired. The daughter, who was about twenty-four or twenty-five, was very pretty, with a melon face, a tall figure and a bumpy body. It seemed that she had just taken a bath and her hair was still a little wet, but it added a touch of beauty.

What didn't match her pretty features was the hint of worry in her beautiful eyes and the soft sigh that came out from time to time.

"Mum, it's getting late, let's go to bed early!" The pretty daughter said softly, her voice sounding ethereal, as if she were a lark singing.

That mother, however, shook her head slightly and sighed softly, "Yan Tong, it's all mum's fault for not giving you a stable life and having to drag you down, if it wasn't for mum, you would have gone to the big city by now and would have had a good job too ..... but now, you haven't finished your post-graduate studies either and are often pestered by those little rascals ....."

Before she could finish her words, she was interrupted by her daughter, "Mom, why are you saying this, isn't it right for a daughter to be filial to her mother? Besides, it's useless to go to graduate school nowadays, there are a lot of doctoral students and post-doctoral students, what else can a graduate student do?"

My mother laughed bitterly and said, "You don't have to comfort me, although I don't know much, I have seen the world.

Yan Tong couldn't help but purse her lips and said, "Okay, okay, mum, I'll continue my graduate studies after the New Year, so that's okay, right?"

"You've come back early, will people still want you?" My mother asked, a little worried.

“Of course they will, graduate school is not university, it’s very free, just follow the tutor to do some projects and take classes occasionally. It’s almost New Year’s Eve and the school is already closed, I just need to submit a report up before New Year’s Eve .....

It seems to be a bit complicated to explain this to her mother, so Yan Tong laughed lightly and said, “Mom, don’t worry, my study will definitely not be delayed, when I graduate, I will find a job in Jinling, or just stay in school, and then I will take you over too, so you can enjoy the blessings.”

“I don’t have the fortune to enjoy .....,” her mother couldn’t help but shake her head slightly and let out a soft sigh, seemingly with much emotion.

Yan Tong immediately pouted and said, “How could there be none, as long as I work hard, you will definitely be able to enjoy the blessings. Mum, you should not think blindly .....

“How can mum not think about it, look at those two hooligans this morning, how abominable they were, even the police didn’t help us, if not for the sudden appearance of a few good people, how could we .....,” her mother shook her head slightly and sighed softly. “Right now, ah, I don’t want anything, opening this little shop will provide your tuition and living expenses, you go back to school first thing tomorrow morning, and don’t ever come back! When you graduate, Mom will come back for you.”

“Why?!” Yan Tong asked, somewhat taken aback.

“Look at those two hooligans today, are they people who are that good at giving up?” Mother said with some concern, “Maybe tomorrow they will come to retaliate ..... and that director Zhang’s son, he is not a good person either, he has been hitting on you, the sooner you leave, the sooner you will be safe, and the sooner mother will feel at ease!”

“That Director Zhang, the worst thing of all!” As soon as this was mentioned, Yan Tong’s pretty face turned red with anger, “Just because he’s the director of the tourism district management committee, he’s doing whatever he wants, and ..... mum, if we want to leave, we’ll leave together, we’ll go to Jinling together, I’ll borrow some money from my classmates, we’ll open a small shop or something next to the school, big deal, we’ll set up a stall , can’t starve to death anyway.”

“But if you stay, then Director Zhang will definitely come to pester you .....,” Yan Tong said in a huff.

“Humph!”

Mother snorted coldly, “Someone like Director Zhang will clean him up sooner or later, they will always get their comeuppance for all the bad things they have done, father and son!”

“Mom, then let’s make a deal, tomorrow we’ll put up an advertisement and dish out the shop, then we’ll go to Jinling together, okay?!” Yan Tong asked.

“This .....” The mother was a little hesitant, but seeing the look of anticipation on her daughter’s face, she nodded, “Okay, it just so happens that Boss Xu next door has been wanting to make the shop bigger, so tomorrow I’ll ask him if he wants ..... Yan Tong, go to bed early.”

“Mm .....” Yan Tong nodded slightly.

At this moment, Ji Feng outside the door gave a faint light sigh and took a few steps back.

Ji Shaolei immediately walked over and asked, "San'er, what's wrong?"

Ji Feng deliberated for a moment and opened his mouth and said, "Second brother, contact your friends, two things need to be done now, firstly, there is a tourist area management committee here, there is a director in it surnamed Zhang, check his background, find out all his ancestors, definitely!"

Ji Feng gritted his teeth and said, a cold light in his eyes, "Secondly, yesterday Zhang Lei and the others clashed with someone here, find out immediately what the other party's origins are, make sure to investigate!"

Ji Shaolei's eyebrows instantly furrowed, "What, someone wants to disadvantage them?"

Ji Feng nodded slightly and briefly told the conversation he heard just now, especially about the Tourist District Management Committee's Director Zhang Sao disturbing the boss's wife, as well as Director Zhang's son pestering Yan Tong, and those two little rascals pestering Yan Tong .....

"Huh ....."

Ji Shaolei's face was frighteningly sinister, cold light in his eyes, his words seemed to burst out from between his teeth, Yin cold enough to make people shiver: "I really want to know how many lives they have! Some people, they deserve to die!"

"San'er, don't ask about what's going on outside, leave it to me!" Ji Shaolei's voice sounded as if it had emerged from hell, "We'll guard here tonight, if one comes, I'll kill one, if ten come, I'll kill five pairs!"

Ji Feng nodded slightly and said, "Then leave the inside to me ....."

He took a deep breath and slowly stepped forward.

"Bang Bang Bang!" Ji Feng finally knocked on the roll-up door, "Excuse me, is there anyone there?"

"Who ..... is it?!" The gift shop was quiet for a moment before a voice with panic came out, "Who are you?!"

Ji Feng's heart suddenly sank, he took a deep breath and said, "Hello, we are tourists who came here, because we came down the mountain late, we haven't eaten until now, I wonder if we can buy something to eat here from you?"

"We are a gift shop, we don't sell food, sorry about that!"

Ji Feng could hear that the voice inside seemed relieved.

He smiled slightly and said aloud, "A little bit of food will do, we've climbed all day, we're tired and hungry now, just anything to eat will do ....."

Chapter 455

When Ji Feng finished speaking, there was no movement in the gift shop, not even an echo.

He couldn't help but frown slightly, could it be that the people inside were really frightened by themselves?

Wow!

Just then, the window on the first floor was suddenly opened and a bulging shopping bag was handed down, followed by the ethereal voice from inside just now, "Hello, in this bag are some food and a bottle of boiled water, I hope it will be of help to you."

A smile suddenly appeared on Ji Feng's face as he smilingly asked, "May I ask how much these cost in total?"

"No money!" The voice said again, and then with a clatter, closed the window.

Ji Feng stood outside the door in a daze, looking at the shopping bags on the ground, his face smiling even more, yet the chill in his eyes was chilling and full of killing intent.

This pair of mother and daughter, originally even a kind-hearted woman, but, just because the surrounding environment forced them to be so careful even when doing good, even though the police station in the tourist area was only a few hundred meters away, just at the other end of the street, yet, they did not even dare to open the door.

And at this time, he vaguely heard another conversation inside.

"Mom, it's not those two hooligans, nor is it Zhang Zhiyuan and his son ..... just a few playful tourists! Giggle ....."

"That's good! That's good! Since it's not them, we'll be able to sleep soundly tonight!"

"Mom, when we leave here and go to Jinling, we will never have to worry again ....."

.....

Listening to these conversations, Ji Feng stood outside the door in a daze, and for a moment, he didn't even know what excuse he should use to knock on the door. Just now, he excused himself as a lost tourist, which was slightly more reasonable, but now when he went to knock on the door again, he really didn't know what to say .....

The actual fact is that you will not be able to get a lot of money from the company. It is obvious that they have been frightened too much before, which has made their already fragile nerves, become exceptionally sensitive. Even the slightest movement of wind and grass would make them nervous for half a day.

However, from their conversation, Ji Feng also vaguely knew the name of that director, Zhang Zhiyuan ..... This is a damned man!

Ji Feng deliberated and decided not to knock on the door anymore because there was no other interface. Besides, if he went to call on the door as Ji Zhenguo's son, there was no telling how much of a shock it would give these two poor people!

There was no kinship between people in the big family, and even when Little Uncle first heard that he was looking for Auntie Li Yueqin, he wondered if he was going to do something to make the first move, let alone these two poor women.

"Forget it!"

Ji Feng shook his head slightly, casually lifted the shopping bag on the ground and turned around to walk towards the commercial vehicle.

“Ji Feng, why don’t you continue to call the door?” Seeing Ji Feng walking back with the bag, Xiao Yuxuan couldn’t help but ask in a strange manner.

Ji Feng laughed, “Forget it, it’s too late today, let’s just spend the night outside here, and we’ll come back tomorrow when they open the door. But this is going to be aggravating for you guys .....”

“What are you talking about!” Xiao Yuxuan said in an angry voice, “We are accompanying you, isn’t that what we should do?”

Ji Feng immediately laughed, he tightly pulled Xiao Yuxuan and Tong Lei’s small hands and sighed lightly, “Otherwise, you guys should drive back first thing in the morning, there might be some trouble here.”

“Will you protect us?” Xiao Yuxuan asked.

“Of course I will, you are all my babies, who else can I protect if I don’t protect you?” Ji Feng laughed.

Tong Lei wrinkled her cute little nose and said in a brittle voice, “Then won’t it work? If you’re here, we won’t go anywhere, we’ll stay here with you.”

Ji Feng smiled and nodded, “Good! Then we’ll stay together!”

At this time, the second brother, Ji Shaolei, also finished his phone call and came over, he said with a sober face, “Third son, I’ve already communicated with Jiang Xinyu, that director of the development zone management committee, his full name is Zhang Zhiyuan, and his son is called Zhang Hongming, Jiang Xinyu has already started to investigate their details, and will rush over early tomorrow morning .....”

“Where are the two hooligans that Sao disturbed Aunt Li Yueqin today?” Ji Feng asked.

Ji Shaolei said in a cold voice: “They are better to investigate, Jiang Xinyu just made a phone call to the police station of the tourist area management committee, and already figured out ..... those two are not any small hooligans, but two second generation, one of them is the son of Zhao Tie Min, the vice mayor of Yuncheng, named Zhao Yongshou, and the other one, it seems is from Jiangzhou, the youngest master of the Zhou Group, Zhou Yang!”

“Zhao Tie Min? Zhou’s group?” The cold light in Ji Feng’s eyes was huge, “What a narrow path of injustice, I just let them off this morning, and this time, they’ve messed with Auntie Li Yueqin’s head again? Ha! They really don’t know how to live or die!”

Ji Shaolei’s face was also very ugly, he said in a cold voice, “Third son, do you plan to be a dude for once?”

“How so?” Ji Feng asked.

“Tomorrow, how about fucking him hard, although our Ji family doesn’t mess with others, we’ve never been humiliated like this before!” Ji Shaolei gritted his teeth and said, “No matter who the other party is, and I don’t care what background he has, since they have done these things, I will let them know that there is no pill of regret for sale in this world!”

Ji Feng then nodded slightly and laughed, “Dude, I really haven’t done that before, since that’s the case, let’s try it once!”

Although he had a smile on his face, the chill in those words was something that anyone could hear.

“Let’s have some dinner to pad your stomach first.” Ji Feng suddenly laughed as he raised the shopping bag in his hand, “Auntie Li gave it to me!”

“That’s to eat some!” Ji Shaolei immediately laughed, “Are you planning to spend the night in the car today? Then you need to eat more, otherwise it will be cold at night.”

Ji Feng raised his eyes towards the surroundings and found that there was a hotel not far away, he immediately said, “Yu Xuan, Lei Lei, you guys should still go and stay in the hotel, in the car despite the air conditioning, it will still be cold at night, moreover, the car is also more crowded .....”

“So are you going?” Xiao Yuxuan asked.

Ji Feng shook his head and said, “I’ll stay here, to save myself from any accidents at night, the last night, can’t be so careless.”

“Yeah, you two should go and stay in a hotel!” Ji Shaolei also said.

“That’s ..... alright!” Xiao Yuxuan had to nod her head and agree.

Ji Feng nodded and smiled, and drove and took Xiao Yuxuan and Tong Lei to settle down in the hotel.

Afterwards, he and his second brother, Ji Shaolei, lifted the car again not far away and stopped in an open space not far from the Yan Tong gift shop. The duo took out the food they had been given in the small shop earlier and prepared to chow down on it.

“Yoo hoo, bubble noodles ah .....” Ji Shaolei’s eyes lit up as soon as he saw the contents of the shopping bag, “This is my favourite!”

“No way?” Ji Feng was suddenly dumbfounded, “Second brother, you still like eating bubble noodles?”

“You wouldn’t understand that!”

Ji Shaolei quickly tore open both buckets of bubble noodles, poured out the seasoning packets and skillfully poured in boiling water.

After doing this, he only laughed: “It’s like some people like to eat doughnuts and soy milk for breakfast no matter how rich they are, the taste of bubble noodles, I’ve always liked it very much too, don’t look at the fact that I grew up in Yanjing since I was young, being able to eat a pass of bubble noodles at that time was a good treat .....”

Ji Feng also smiled and nodded: “That’s right, I just prefer to eat a kind of northern pancake, my mother used to love to make it for me, now count, almost half a year have not eaten, really miss ah .....”

“Hahahaha .....” Ji Shaolei burst out laughing.

The two brothers joked and laughed, and the two buckets of bubble noodles soon reached the bottom. After eating, the two of them each lit a cigarette, and Ji Shaolei suddenly asked, "San'er, are you sure now?"

Ji Feng immediately understood what he meant by that, he was asking himself if he could be sure that the mother and daughter in this small shop were the people he was looking for.

"Eight `nine, at least, there is no male owner of this small shop ..... but we have to wait for the final confirmation tomorrow!" Ji Feng said.

"Whether it is or not, reach out and help them out!" Ji Shaolei said seriously.

"That's natural!" Ji Feng nodded his head.

"Then have you thought of how to place them?" Ji Shaolei asked again.

Ji Feng then fell silent, and only after a long time did he say, "At least, we can't let them live like this anymore!"

Taking a deep breath, he smiled, "Second brother, rest early, we have to get together tomorrow!"

"Alright then, sleep!" Ji Shaolei laughed, knowing that Ji Feng might not be willing to talk much about this aspect, he then turned around and went to the Mercedes SUV, his car could likewise move the seats around to put them together and form a cot.

"This is for you!" Ji Feng took out a quilt from the business car and handed it over.

Ji Shaolei was instantly surprised, "Where did you get this?"

Ji Feng smiled, "I brought it from the hotel!"

In fact, this quilt is the last time in the service area to stop overnight, Xiao Yuxuan and Tong Lei sneak out to give himself a quilt, the results of the morning back, there is a bed but forgot to bring back, of course, this word but can not say to others .....

The night quickly passed, although there was no quilt, but the cold night did not have much effect on Ji Feng. When he opened his eyes, there were already many people working on the nearby streets, the cleaners had started sweeping the streets, and many small shops had opened.

Ji Feng's gaze, on the other hand, fell on the roll-up door of Yan Tong's gift shop that was gradually being rolled up.

A girl who was braiding her hair, biting a comb in her mouth, opened the door while holding it open.

As soon as Ji Feng's gaze landed on that girl's face, he froze.

This was his sister! There wasn't the slightest doubt, and there was absolutely no mistaking it!

It wasn't because of something strange like telepathy or any other particularly bizarre reason, but Ji Feng just saw the girl and he could be sure that it was definitely his sister and there was no mistake about it

The reason for this was that their foreheads were just too similar

If you use something to block up all the parts below their eyes and just look at their foreheads, they are simply carved out of the same mould. The degree of similarity makes Ji Feng feel as if he is looking in a mirror, how can this not be?

At this moment, Ji Feng finally understood Zhang Lei's words, no wonder the boy thought this girl looked familiar, it turned out that they were so similar.

In fact, if you think about it carefully, you will understand, no matter how to say, Ji Feng is a boy, while the opposite one is a girl, even if they have some similarities, they definitely will not make people think together.

The reason why Zhang Lei thought she looked familiar when he first saw her, and wondered if he had seen her somewhere, was that she and Ji Feng had a very high degree of resemblance

Coincidentally, Zhang Lei saw Ji Feng again after he returned to the Yuncheng Hotel, and only then did he instantly understand that the two had such a similar forehead

Wasn't this enough to explain the problem?

Ji Feng's heart beat violently, and his breathing could not help but become rapid, this girl, was his sister

Ji Feng jumped down from the car at once, hurriedly took two quick steps and came to the other Mercedes-Benz, knocking hard on the window

"San'er, even if this is reinforced glass, you can't knock lifelessly like this?" Ji Shaolei couldn't help but yawn, "Brother, this car is a public one, it's troublesome to knock it down"

"Come down quickly, let you see a person" Ji Feng said urgently

Ji Shaolei was startled, panicked and organized his clothes, hurriedly opened the door and got out: "Look who?"

"You can see for yourself," Ji Feng pointed in the direction of Yan Tong's gift shop

"What's going on so mysteriously ....." Ji Shaolei's words hadn't finished when his mouth grew big, and he stared blankly at the girl at the entrance of the gift shop, stunned

"No, no?" Ji Shaolei turned his head to look at Ji Feng, "It's just too similar?"

"Yes?"

Ji Feng asked with some excitement, "You also think she looks like me don't you?"

"Like you?" Ji Shaolei shook his head at once, "You kid is really self-righteous enough to look like you, you're a man and she's a woman, how do you resemble each other?"

Ji Feng was stunned: "Then you just said ....."

“Don’t you have a present?” Ji Shaolei pointed at the gift shop and said, “Looking over so vaguely, she and Xiao Yu are just too much alike, take a closer look, don’t they look very much alike?”

“Blurred?”

Ji Feng was stunned, and then it dawned on him, no wonder second brother said that, it turned out that his vision could not reach that far at all

In fact, it was true, from where they parked to the Yan Tong gift shop, it was a couple of hundred meters, although ordinary people’s vision could see that far without a problem, but it was difficult to see a person’s face clearly.

It was for this reason that Ji Shaolei said he could not see clearly.

Although Ji Shaolei could not see clearly, he said that the girl looked very much like Xiao Yu, which undoubtedly proved the relationship between her and Ji Feng from another angle.

“The first time I saw her, I felt that even if I did a DNA test, it would not be as accurate as looking at her like this.

The first thing you need to do is to get a good idea of what you’re getting into.

“Let’s go over there” Ji Shaolei was also excited

“Not right now, we two big men running over there without thinking will scare them .....” Ji Feng was happy, but he was still able to think calmly, he deliberated for a while before saying, “This way, I’ll call Yu Xuan and Tong Lei right now, let the two of them go with us, after all, it’s easier to talk between girls plus some”

“Right, right, right,” Ji Shaolei immediately nodded, “This is best to call quickly”

Ji Feng took a deep breath, took out the phone and dialed Xiao Yuxuan’s mobile phone, “Yuxuan, you and Lei Lei come over when you get up, the gift shop is already open”

“What?” Xiao Yuxuan, who was still a little dazed from her sleep, was stunned and immediately reacted, she immediately sat up, “Okay, we’ll come over right away”

After hanging up the phone, Xiao Yuxuan saw Tong Lei who was sleeping soundly, she couldn’t help but smile sweetly, her body hand slapped on Tong Lei’s arse, “Get up quickly, Ji Feng needs help there”

“Nasty, Sister Yu Xuan, you are the worst” Tong Lei suddenly got up with her pretty face flushed

Ji Feng took out a cigarette from his arms and handed one to his second brother, Ji Shaolei, and laughed, “It’s strange to say, when I first heard about them, I was nervous and felt apprehensive, but now that I’ve seen it, I’m completely calm instead, I feel that even if I were to stand in front of Auntie Li now, I wouldn’t be half as nervous, I don’t know what’s going on”

“You’ve matured” Ji Shaolei nodded his head in praise

Ji Feng instantly smiled

“Ji Feng—” a delicate cry came, Ji Feng immediately turned around, only to see Xiao Yuxuan and Tong Lei were trotting all the way over, he couldn’t help but be touched in his heart, the two girls were so eager for his sake as well

“Ji Feng, that’s .....” Tong Lei duo also saw the figure in front of the gift shop and asked hesitantly

“That’s her, let’s go over, with you two in, it’s easier to talk” said Ji Feng

The two women nodded their heads at the same time, they could not help Ji Feng with anything else, but in this matter, they could still help.

“By the way, where is my brother? I haven’t seen him since last night,” Tong Lei suddenly asked

Ji Feng pointed to the commercial vehicle and laughed, “He climbed the mountain yesterday and had a fight with someone, he was tired and injured, he started sleeping since he came here yesterday and hasn’t woken up until now”

Tong Lei suddenly muttered, “Big lazy pig, slacking off again No, I’ll go get him”

Ji Feng laughed: “No need, just let him sleep, he needs to rest now too”

Only then did Tong Lei let out an oh and stopped asking questions

In fact, Ji Feng was clear that Zhang Lei was hiding in the commercial vehicle to avoid suspicion, in fact, he was not sleeping, but playing with his mobile phone

After all, Zhang Lei is the son of the Tong family, although the two families are good friends, but this kind of thing, can less know some, or less know some good, after all, this affects some .....

The actual fact that he came here is actually responsible for pointing the way

The four people in Ji Feng’s party walked quickly in the direction of the gift shop, and after a few minutes, they arrived at the entrance

The girl standing at the door of the gift shop had already tied her hair and finished freshening up by this time, she smiled and asked, “What can I do for you guys?”

Her voice was nice and soft and seemed ethereal, just like the one Ji Feng heard last night

Ji Shaolei smiled and said, “Hello, we are tourists who came to this Cloud Mountain for fun and would like to buy some souvenirs in your shop .....

The girl immediately said apologetically, “Sorry, we haven’t cleaned up inside here yet, moreover, we don’t plan to open today, please go to another shop”

Several people were stunned, but Ji Feng understood why she did not open the shop, because they were planning to dish out the shop, and then both mother and daughter went to Jinling

Xiao Yuxuan, however, smiled sweetly and went forward, “This ..... girl I should be a year or two older than you, or call you sister, I don’t know how to address you?”

That girl saw that Xiao Yuxuan did not look like a bad person and was very friendly, so she smiled lightly and said, “My name is Li Yantong, I still don’t know what is my sister’s name?”

“My name is Xiao Yuxuan” Xiao Yuxuan smiled lightly, but the corner of her eyes were looking at Ji Feng, wondering if it was time to directly state her intention

“Zee...”

At this moment, there was a sudden sound of braking outside, several people immediately turned around and saw that a group of uniformed city police were jumping down from a pickup truck, two people also got down from the front seat of the truck.

These men, who were coming aggressively this way, the two in front were looking up at the door number

They were saying, “Yan Tong Gift Shop, this is the place.”

“According to Mayor Zhao’s instructions, we’ll seal the shop first.”

“Industry and commerce, city administration?” Ji Shaolei’s brow furrowed, “Joint law enforcement early in the morning?”

“Squeak—” another sharp brake, a police van stopped again, four or five police officers quickly got out of the vehicle, while raging towards the city management and industrial and commercial personnel to follow

“Good boy.”

Ji Shaolei sneered: “What a big air, huh?”

But Ji Feng frowned slightly and whispered in Ji Shaolei’s ear, “Second brother, have the people you’re looking for arrived yet? These people are coming for Auntie Li and ..... Li Yantong”

“What?” Ji Shaolei’s face instantly sank, “It seems that you are really right, some people, really don’t know how to live or die”

Ji Shaolei immediately took out his phone and dialed a number quickly, “Jiang Yu, someone is going to smash my aunt’s shop, where are the people I asked you to arrange?”

“Good, I will stabilize them over here, wait for you to come over” Ji Shaolei hung up the phone and immediately said, “Jiang Yu invited the mayor and the municipal party committee to come at the same time, they are on their way now, there are also people from the discipline inspection committee, Zhang Zhiyuan’s illegal evidence has already been obtained .....”

“What are we going to do?” Ji Feng asked

“Stabilize these people,” said Ji Shaolei

“This is not good, look at their wolf-like appearance, steady is not stable, only to put them down” Ji Feng smiled, with a swish, the belt on his waist was drawn off by him and held in his hand

At this time, Li Yantong also found the abnormality, she hurriedly shouted: “Mom, mum, you quickly come down”

Afterwards, she immediately stepped forward and asked, “You guys, what are you doing here?”

“Doing what?” Those joint law enforcement officers had already arrived at the entrance of the shop, for the greedy eyes sized up Li Yantong’s body, revealing a Ying’s cheap smile, “We are the joint law enforcement team, we received a report that your shop is not only operating without a license, but also has the illegal act of whoring and selling yin, now we want to seal the shop”

“Tsk, such a beautiful woman in this business, must have a good voice?” A young man in a city police uniform, laughed out loud

When the others heard this, they all followed suit and laughed

“You, you guys .....” Li Yantong was so angry that tears were welling up in her eyes, pointing at those people and unable to speak

Whoosh...

The next moment, the city manager only felt a flash of black shadow in front of him.

“The next moment, the city policeman felt a flash of black shadow in front of him.

He fell on the ground, which was harder than stone in winter, and he fainted directly.

“If you have such a foul mouth, you only deserve to eat sh\*t,” Ji Feng said indifferently, his killing intent in his eyes.

Everyone’s laughter stopped abruptly and they were all stunned.

Chapter 457

“You, you .....” The city manager at the head pointed at Ji Feng, and for a moment, he couldn’t even speak, and even, he didn’t dare to look at Ji Feng, because the latter’s look that was full of killing intent, was too intense!

This made the city manager in charge feel as if he had been humiliated, knowing that as a city manager, not to mention in Yuncheng, no matter where the city manager was, he was always walking across the street, but today he was actually intimidated by a youngster?

The city manager in charge wanted to get angry, but when he saw Ji Feng’s ice-cold eyes, he didn’t know what was going on, but he swallowed back the curse that was on his lips.

His subconscious mind told him that this young man was definitely not a person to be messed with!

Ji Feng stepped forward and looked coldly at the group of people, asking in a cold voice, “What are you all a bunch of?!”

“You .....”

Everyone was stunned, they and the others were all wearing uniforms, and he still dared to ask that?!

“And who are you?!” One of the policemen who spoke, he asked in a cold voice.

The city policemen were usually just bullying the weak and fearing the tough, and they would just be troubling the ordinary hawkers, but if they encountered a powerful person, they wouldn’t even dare to

bare their teeth, let alone show off their authority. Under such circumstances, only the police dare to speak up.

Ji Feng coldly snorted, "There is no need to explain what I am like you, now, you guys get out of here immediately and don't force me to get angry!"

"Damn it! What's wrong with you?" The policeman yelled, "You're obstructing our law enforcement, it's against the law, do you know that? Get out of the way!"

"What if I don't let you?" Ji Feng asked with a cold smile.

"Don't let?!"

The policeman immediately bellowed, "Obstructing public officials from enforcing the law, you must be in cahoots with the owner of this gift shop, or maybe even the boss behind the scenes. .... Arrest them first and bring them back for slow interrogation!"

"Yes!" A few other policemen responded loudly at once.

"Go together!" The policeman who spoke before shouted, and he was the first to rush up.

Li Yantong and the others were instantly shocked, these people were surrounding Ji Feng alone, this was a big trouble!

Swish!

The belt in Ji Feng's hand was drawn over.

"Slap!" With a sound, the policeman in the lead was instantly jerked off, and his whole body fell to the ground without even the slightest reaction, just like that, he directly passed out.

The other policemen were instantly stunned, and immediately took out their batons, which were pinned to their belts, and pounced on them with a loud shout.

"Pop! Pop! Pop!" With three consecutive crunching sounds, the three policemen were swatted away and fell heavily to the ground.

Ji Feng, on the other hand, did not even move his feet a bit.

"A bunch of bastards who are worse than animals, other than bullying these ordinary civilians who have no ability to resist, do you dare to be a little bit more outstanding?!" Ji Feng asked coldly.

One man, one belt, surprisingly made the one to twenty people present, none of them dared to rashly step forward, Ji Feng's gaze swept over, none of them dared to meet his eyes.

"Ouch bastard!"

A policeman lying on the ground covered his face and gritted his teeth, "Call the top immediately, there are vicious thugs here, law enforcement officers have been injured, please send support from above ....."

"Yes yes!" The other policeman lying on the ground immediately reacted and hurriedly took out his mobile phone and called the top.

Ji Feng, however, coldly snorted and sneered, "I'd like to see just how far you can go rampantly!"

Ji Shaolei whispered next to him, "San'er, Jiang Xinyu and the mayor and secretary of Yuncheng are both on their way, so I guess they'll be here soon, don't worry!"

Ji Feng nodded and smiled, saying, "It should be these bastards who should be worried!"

Those law enforcement officers from the city administration and industry and commerce just stood frozen in place, watching their companions being injured, but they didn't know exactly what to do. The police officers were much stronger than them, but despite this, they were all whipped away by this young man with a single belt, not to mention those who usually sit in their offices drinking tea and reading newspapers, and occasionally go out to bully hawkers!

But if you don't go forward, this face .....

If the news of today's incident spreads, how can we meet people in the future? The first thing you need to do is to take a look at the situation.

The two sides confronted each other for a while. Ji Feng did not care to make a move with them, he wanted to wait for the right person to come, to fight, to kill them all with one stick, not to beat the little ones and run away from the big ones.

The law enforcement officers, on the other hand, were both angry and did not dare to go forward easily.

Stomp, stomp, stomp!

At this time, a sound of footsteps came down from the upper floor of the gift shop, and a woman in her early forties quickly ran down and asked in a frightened voice: "This, what's all this ....."

"Mom!"

Li Yantong hurried over and quickly explained, "These people came over aggressively early in the morning, saying that we ..... they were going to close the shop, and as a result these few guests couldn't see past it and stepped in to help."

The woman was instantly shocked in her heart and subconsciously asked, "Are these people sent by that bastard Zhang Zhiyuan?"

Li Yantong shook her head and said, "I don't know either."

"What can be done about this!" The woman was anxious, "We haven't done anything illegal, why are so many people coming to seal the shop? What are they trying to do!"

She hurriedly took two quick steps to the door and politely asked a city manager, "Excuse me, is this, are we breaking any rules?"

That city manager's face was suddenly embarrassed, he had beaten someone up and only now came to ask, was he the city manager or were they the city manager? How could this woman be even more unreasonable than herself?

Seeing that many of his colleagues were looking at him, he suddenly coughed dryly and said, "We have received a report that this shop of yours has violated the law and is operating without a permit, so we

have to seal the shop because we are jointly enforcing the law, so if there is anything, you can ask at the bureau!”

Despite the indignation in his heart, the city manager no longer dared to speak so brazenly, and his voice was even lowered.

However, there were still people who didn't understand the situation clearly, and one of the city policemen hid in the crowd and said in a masculine voice: “It's already illegal for a mother and a daughter to open their door to welcome customers, and you still want to ask them at the bureau? I think they'll be taken straight back to the station!”

Swish!

The woman's face turned red, her body was shaking with anger, and she angrily denounced, “You, you are shameless!”

The city police had a strange look on their faces and cursed in their hearts, “Who the hell is talking here?”

However, they could only think these words in their minds, because if they said them, they would be admitting that they were afraid of the murderer.

However, they hated the guy hiding in the crowd so much that if they said that, it would lead him to attack them again .....

Before they could finish their reaction, the faces of these people changed, and they saw that the murderer's face had once again turned Yin.

“This is forcing me to kill someone!” Ji Feng, who was standing in the doorway, smiled coldly as he fiercely took a big step forward and arrived in front of the group of city police in the blink of an eye.

Hula!

Everyone couldn't help but take a few steps backwards, no one was willing to confront this murderer face to face, yet Ji Feng raised his foot high like a tiger entering a flock of sheep.

“All go to hell!” Ji Feng roared in anger and kicked out violently.

Bang!

A city manager was instantly kicked out.

Bang, bang, bang, bang!

Ji Feng's two legs were simply like two fierce weapons, with each kick, a city manager would be sent flying, but in just a second or two, Ji Feng killed a way out of these crowds and arrived in front of a city manager alive.

This city manager hadn't reacted yet, his mouth still had a sneer on it, and his face looked smug, thinking that the other party would definitely not know what he had done.

However, while he was being smug, he noticed that the eyes of his colleagues around him seemed a bit off .....

No, why wasn't this guy in front of him wearing a uniform?

Swish!

This city manager's eyes widened, he, he is the murderer?!

Ji Feng looked at him and couldn't help but smile slightly: "Thinking that if you hide in the crowd, I won't be able to find you? Or do you think that I don't know that it's you who's talking?!"

"I, I I ....." The city manager's lips were trembling and he couldn't say a complete sentence.

"Based on those few words you just said, it's not too much for me to break both of your legs, right?" Ji Feng asked indifferently.

"No, no....." The city manager was trembling with fear.

Ji Feng, however, raised his eyebrows and smiled, "It seems that you also think it's not too much, so that's good."

"No, no, it's not!"

When that city manager heard that, he suddenly jolted, and didn't know where he got the strength from, he shouted loudly in a panic: "Bastard, you can't treat me like this, I'm one of Duke Zhao's men, and I'm also the captain of the city manager, if you dare to hit me, Duke Zhao won't let you off, he's on his way here now, he'll be here soon!"

"Duke Zhao?!" Ji Feng laughed, "Which Duke Zhao?"

"Of course it's Mayor Zhao's son, Zhao Yongshou!" As soon as Zhao Yongshou was mentioned, this little captain seemed to be instantly emboldened, the wretchedness of seeing his colleague being beaten just now and panicking and hiding backwards was gone, replaced by an incomparable arrogance, "Kid, my sister is Zhao Yongshou's secretary, if you dare to touch me, you'll be dead!"

"Zhao Yongshou ....." Ji Feng smiled and shook his head, "a Zhao Yongshou, that is not enough to see oh, I do not care about him, unless you have other backers, otherwise, you're dead!"

"I, of course I do!" The little captain was shocked at hearing this and hastily shouted, "I'm telling you, today's joint law enforcement action was ordered by Mayor Zhao himself, if you dare to resist again, Mayor Zhao will not let you off!"

"Mayor Zhao, Zhao Yongshou ....." Ji Feng nodded, "I'll wait for them."

The little captain was slightly relieved, feeling that he had finally escaped, and just as he wanted to speak, he suddenly felt a tightening of his neck, and unexpectedly had a feeling of suffocation.

Click! Click .....

Immediately, a sharp pain that drilled into his heart instantly spread throughout his body, causing him to stare dead in the eyes as if he were a dead fish, and a harsh scream of misery issued from his mouth, "Ah-!"

The harsh scream was so loud in this silent morning that it could be heard clearly from hundreds of metres away, causing everyone's scalp to tingle, their mouths to swallow, and the corners of their eyes to flutter violently.

The two lower legs of that little captain showed a completely abnormal bend, apparently all broken.

His whole body was twitching and his two legs were trembling violently, yet the more he trembled, the more intense the pain became, a vicious cycle that simply made him suffer.

Ji Feng casually threw him to the ground and said indifferently, "With Mayor Zhao and the so-called Duke Zhao backing you up, you think I wouldn't dare to beat you up?"

The scene was deathly silent as everyone stared blankly at the bemused Ji Feng, unable to resist swallowing hard, this young man was so ruthless that all the joint law enforcement members present had chills running straight through their hearts and their bodies were involuntarily trembling.

The young man was too ruthless, so ruthless that they could not believe it.

They were all law enforcement officers, even if they had spoken a little too much, they couldn't just say they would beat them up, could they? Moreover, he had broken both legs without mercy?

Seeing the little captain's already broken legs, all the law enforcement officers from the city administration and industry and commerce could not help but subconsciously lift their legs, as if it was them who were being beaten.

"Ah...!"

The little captain's legs were curled up and he was rolling on the ground, his body was trembling, and his mouth was screaming incessantly as he cursed with resentment, "Bastard! Bastard! Duke Zhao won't let you go, he won't let you go!"

Ji Feng said indifferently, "Whether he lets me off or not will be discussed later, but if you dare to curse one more time, I won't let you off now!"

The little captain's voice came to an abrupt halt, even his miserable screams turned into whimpers, although Ji Feng's words were plain, he had no doubt at all that if he didn't follow his words, he would definitely kill him!

This was a devil, a veritable murderer!

Not only the city police, but also the few policemen who had originally been knocked to the ground, looked dumbfounded, this young man was really too ruthless too, right?

They were glad that he hadn't hit them so hard when he hit them, otherwise they would have been in the same position as the young captain!

Other people may not know, but those of them who have been trained in martial arts are very clear, the two of them were standing so close, but Ji Feng just simply two kicks, and then broke the two legs of that little captain, just this force alone, can definitely be called a master, and how can they resist?

The words spoken by that little captain and a few other city police officers just now were simply unpleasant to the ears, and if they had the ability, Li Yantong and the others would have wanted to go up and kick them fiercely.

“Yan Tong, these few .....” The woman was however a bit stunned, just now Ji Feng’s hand was really too ruthless, making it a bit difficult for him to adapt for a while.

“Mom, didn’t I tell you, these are the tourists who came up to help only because they couldn’t look away!” Li Yantong said.

Ji Feng nodded and smiled, “Auntie, hello.”

Swish!

The woman’s face however changed instantly, she looked at Ji Feng in a daze, her face changed, and she couldn’t even say anything for a while.

“Mom, what’s wrong with you? People are greeting you!” Li Yantong looked at her mother strangely and reminded her in a low voice.

The woman, however, looked at Ji Feng as if she hadn’t heard anything, and just stared at him in a daze.

Ji Feng’s heart, however, also cackled, the other party was acting like this, it was obvious that she must have recognized herself, otherwise, she certainly wouldn’t have lost her temper so much.

“This .....” Ji Shaolei muttered darkly, “Could it be that she recognized San’er?”

Next to them, Xiao Yuxuan and Tong Lei were stunned, they then reacted and came forward at the same time.

“What’s Auntie’s name?!” Xiao Yuxuan smiled lightly and asked politely.

“My mother’s name is Li Qin.” Li Yantong said in a panic.

“Hello Auntie Li!” Xiao Yuxuan and Tong Lei greeted at the same time, but it dawned on them that this aunt, should be the person Ji Feng was looking for, Li Yueqin, Li Qin, just a word difference, and Li Yantong looked so much like Ji Feng, there really wouldn’t be such a coincidence in this world! Absolutely not!

“Hey! Good! Good!” Li Qin replied in a panic, but the smile on her face was very stiff and forced.

Ji Feng sighed lightly, he had naturally understood that Li Qin, was in fact Li Yueqin, only that one word was missing, changing the household registration might not be easy, but changing the name, in those days, was really more than simple, especially when the records and household registration management was so chaotic.

And now, Auntie Li Yueqin should have recognised himself, after all, the first time he saw Li Yantong, he thought she resembled himself, not to mention Li Yueqin. In her eyes, an outsider, it was obviously easier to tell where exactly Ji Feng and Li Yantong resembled each other.

"I've really given you guys a lot of trouble for what happened today, you guys should go now!" Li Qin said in a panic, "There's no big deal here, it's probably just a misunderstanding, just make it clear, you guys can go!"

"Auntie Li, how can we leave now, they have just called someone and will come back for revenge, we have to stay!" Xiao Yuxuan said.

Li Qin's face looked a little anxious, she said firmly, "I appreciate your kindness, but I don't need your help, you guys should go now!"

"Auntie Li ....." Xiao Yuxuan was about to say something else, but Li Qin had already ignored her and directly took her daughter Li Yantong's hand and walked towards the shop, "Follow me in!"

"Ai! Ai! Mum, what are you doing, people are kind enough to help us, why don't you even say a word of thanks?" Li Yantong, however, was very unhappy with her mother's behaviour.

She broke away from her mother's hand at once and said, "Mom, this is not right, if you want to go, you go, I want to stay!"

"You ....."

Li Qin was furious, but when she saw the apologetic look on her daughter's face, her heart softened and she couldn't help but let out a soft sigh, "Then you can stay, mum will go in first!"

"Mum—!" Li Yantong couldn't help but shout out, but Li Qin still went into the shop alone.

Li Yantong couldn't help but look at Ji Feng and Xiao Yuxuan and the others apologetically and said, "I'm really sorry, my mum is a bit strange today, you guys don't mind, thank you so much for your help just now, otherwise, we really didn't know how to deal with it!"

Of course Ji Feng and the others wouldn't take offence, and they knew very well that if Ji Feng hadn't appeared, Li Yueqin's temper wouldn't have changed so strangely.

"Thank you guys so much, I don't even know what to say. ...." Li Yantong said somewhat embarrassed.

Xiao Yuxuan laughed lightly, "Since we have met, then we are friends, no need to be so polite."

"Zee-! Zee-!"

Just at this moment, suddenly several sounds of sharp brakes came, Ji Feng and the others immediately looked back and saw, at once, seven or eight police cars quickly stopping on the street in front of them, followed by a group of police officers quickly jumping out of the cars and rushing over quickly towards this side.

"Over there, they're all there."

"Hurry up and rush over, those colleagues have been wounded by the thugs ....."

"Take out your weapons, be careful!"

.....

Looking at these police officers rushing over, Ji Feng, however, did not fluctuate much, his gaze, on the other hand, rested on a black car that had just arrived.

It was a black Crown, parked behind those police cars, a middle-aged man of about fifty and a young man of about twenty-four or twenty-five, two people sitting in the back of the Crown, with a driver in front of them.

This duo stepped down and came striding towards the gift shop.

“Dad, Mayor Zhao just said that the shop would be closed, did he say what should be done with the mother and daughter?” As they walked, the youth asked.

“Humph! You brat, still hitting on that girl child?!” The middle-aged man grunted, “I can tell you, Mayor Zhao has already ordered down to arrest people first, what’s more, that girl child is the one that Mayor Zhao’s grandson and his friend have taken a fancy to, your old man and I may be the director of the management committee, but I’m not tough enough to stand up to Mayor Zhao, so don’t you mess around!”

“What about that sao b\*tch Li Qin?”

The young man smiled wickedly, “Old man, you won’t let go of the Rou that’s on your lips, will you?”

He knew that his old man had been coveting Li Qin’s looks for a long time, so he didn’t believe that he would take Li Qin with him this time!

The middle-aged man choked for a moment, and then hummed, “Mind your own business, my lord!”

The youth then laughed, “Old man, if I don’t get Li Yantong, I won’t let you get Li Qin either, you’re on your own!”

“You ..... you brat!” The middle-aged man looked furious, “How did I, Zhang Zhiyuan, give birth to a son like you!”

The youth instantly laughed heatedly, “It’s called like father, like son!”

“Humph!” The middle-aged man snorted coldly, but had to make a compromise, “If you want to get your hands on him, you have to do it before Mayor Zhao and his grandson have arrived here, I will try to arrange it then, you unfilial thing, you even threatened your old man!”

The youth laughed with satisfaction at once.

Ji Feng, who was standing at the entrance of the gift shop, likewise laughed, he was wondering who this father and son pair was, but now through the conversation between the two, he understood.

This duo was no other than Zhang Zhiyuan, the director of this Yunshan Tourism Zone Management Committee, and his son Zhang Hongming.

Ji Feng suddenly sneered in his heart, “Finally, the rightful owners have arrived, but the people have not yet arrived ..... When all the people involved in this matter have arrived, I will definitely let you know what it is really like to go to hell!”

“Don’t move, put your hands up!”

“Put your hands up right now or I’ll shoot!”

“Get down on the ground immediately and put your hands up!”

.....

With a loud shout, a group of police officers were holding pistols and pointing at Ji Feng and Ji Shaolei and the others with tense expressions.

The father and son, Zhang Zhiyuan, who were arriving not far away, saw this scene, but looked at each other and smiled at the same time.

The big picture was in hand!

Chapter 459

Looking around the group of police officers who were like enemies, and four or five pistols pointing at Ji Feng, Ji Shaolei and Xiao Yuxuan and others suddenly became nervous, and Li Yantong was even more frightened and at a loss for words, her pretty face pale. .com

Ji Shaolei’s face instantly sank Yin and he roared: “What do you want? Put the guns away immediately, want to seek death?!”

Seeing the scene in front of him, Ji Shaolei was instantly enraged. Who was Ji Feng? He was the eldest grandson of the Ji family, if anything happened here, the Ji family would be turned upside down!

What’s more, these police officers were simply audacious, they dared to move their guns directly, they were simply lawless.

“Humph! I think you are the ones who want to die!” A teasing voice rang out, followed by an old man and a young man walking over quickly, it was Zhang Zhiyuan, the director of the tourism zone’s management committee, and his son Zhang Hongming. And the man who spoke was none other than Zhang Hongming.

Zhang Hongming’s face wore an extremely smug look as he quickly walked in front of those police officers and smiled smugly, “You thugs, not only do you obstruct law enforcement officers from carrying out their official duties, but you also dare to beat them up, how dare you ..... this time, I’ll see how you can still run wild! ”

“Carrying out official duties?!”

Ji Shaolei sneered, “What kind of official duties are you carrying out? It is simply bullsh\*t, casually framing others, this is what you call law enforcement? Also, what kind of thing are you?!”

“What kind of thing am I?!”

Zhang Hongming suddenly sneered, he coldly glanced at Ji Shaolei, “Soon you will know what I am, I hope you will still have the guts to be so bold and have so much guts then!”

After a pause, he bellowed, “You few, immediately squat on the ground with your hands on your heads, or else these police officers will have to shoot you bandits directly!”

“What a great authority!” Ji Feng, who had not spoken, could not help but shake his head and laugh at this moment, his face was thick with mockery as he took two steps forward, “It’s not impossible to want to arrest us, but I’d like to know who you are and what right you have to arrest us!”

“I’m the son of Zhang Zhiyuan, the director of the tourism zone management committee, Zhang Hongming! Is there a problem with arresting you?!” Zhang Hongming said smugly, “Squat on the ground immediately!”

“You’re a policeman?” Ji Feng asked indifferently.

“I’m not a police officer, but does it matter? I just need to be able to command the police, that’s enough, hahaha .....” Zhang Hongming burst out laughing in triumph, he took another step forward and laughed heatedly, “Yan Tong, you always didn’t let me into the shop before, this time, even if you begged me to go in, hehehe .....” Well, if you beg me, that’s not impossible!”

“Ah?!” Li Yantong immediately exclaimed, a face of embarrassment, panic at a loss for words.

“Yan Tong, someone reported that you are operating without a license, and there are thugs attacking law enforcement officers, not only will the shop be closed, but you and your mother will also be taken back for interrogation, and may have to go to jail. Zhang Hongming said smugly, “Yan Tong, you should think it over, you are only in your twenties and your mother is just in her prime, it would be a shame if you went to jail like that .....” tsk!”

“You, you shameless!” Li Yantong was so angry that tears were welling up in her eyes.

“It’s better to go to jail after following a shameless person like me, right?” Zhang Hongming laughed loudly.

“If you really follow this shameless bastard like you, it’s really better to go to jail!” Ji Feng coldly snorted and said with disdain.

Zhang Hongming’s face suddenly turned cold as he fiercely stepped forward and kicked out, “F\*ck you! Who are you to dare talk to Laozi like that!”

Bang!

“Ah...!”

With a harsh scream, Zhang Hongming flew straight out, everyone surprisingly did not react for a moment, wasn’t it Zhang Hongming who was kicking Ji Feng? But how could the person being kicked away be him?!

“No, don’t move!” All the policemen were tense, their hands holding their guns were a little sweaty, “Crouch on the ground immediately, hurry!”

“Hong Ming! Hong Ming!” Zhang Zhiyuan was so shocked that he ran over in such a hurry, looking at his son lying on the ground holding his leg and screaming in agony, Zhang Zhiyuan was in a state of shock and anger.

Zhang Hongming’s right leg had folded forward from the knee, and the white bones were pushing out, causing Zhang Zhiyuan’s scalp to explode and his body to tremble.

“Dad! Dad! My leg, my leg is broken!” Zhang Hongming lay on the ground, screaming miserably, “Dad, my leg is broken, it hurts me to death!”

“Shoot! Shoot immediately!” Zhang Zhiyuan roared, his face fierce, “Kill that little beast, kill him now!”

“Yes!”

A group of policemen immediately answered, and immediately, they immediately opened the safety of their pistols and were about to shoot.

“Don’t-!” Li Yantong and Xiao Yuxuan and Tong Lei’s pretty faces instantly changed dramatically as they cried out in alarm.

“You \*\*\*\*ing dare?!” Ji Shaolei roared in anger and was about to lunge over, but suddenly he saw Ji Feng violently pushing him over, and he immediately stomped back a few steps.

Looking at Ji Feng again, the belt in his hand seemed to be like a poisonous snake, and he drew it out in a lightning-like manner, with unparalleled severity.

Swish!

The pistol in a policeman’s hand was instantly sent flying and crashed into the wall, unexpectedly falling to pieces.

Whoosh! Another policeman’s pistol was swiped away, but the belt was incomparably flexible and smashed directly into the policeman’s face.

The policeman screamed miserably and a bloody mark immediately appeared on his face .....

When Ji Feng withdrew the belt, the few policemen with guns in front of them all covered their faces and screamed in misery.

Ji Feng didn’t even breathe half as fast, he just paced slowly and looked coldly at those policemen opposite him, he said coldly, “If we didn’t have to wait for someone to come, I would send you to hell right now, a bunch of things worse than pigs and dogs!”

Zhang Zhiyuan stood up with a grim look on his face and said through gritted teeth, “Go together, all together, he broke my son’s leg, kill this beast!”

“Chief Zhang, we don’t have any guns in our hands!” A policeman whispered, “This young man is too powerful, we need to transfer more people, we are no match for him!”

“Bullsh\*t!” Zhang Zhiyuan was furious, “What are you guys doing, you can’t even catch a man? Why don’t you go now!”

A cold light flashed in Ji Feng’s eyes as he fiercely stepped forward and roared, “Catch me? I’ll overtake you first!”

He lashed out with a belt!

Snap!

Zhang Zhiyuan's eyes widened as he felt a black shadow of the belt rapidly enlarge in front of his eyes, and immediately, he only felt a blackness before his eyes, and his whole body directly fainted.

Ji Feng coldly glanced at the already unconscious Zhang Zhiyuan and disdainfully said, "Dog-like thing!"

The few remaining policemen were unable to enter or retreat, they just watched in awe as Ji Feng walked back.

The remaining few police officers were unable to move in or move out, so they just watched in awe as Ji Feng walked back in. Ji Shaolei couldn't help but freeze, then he gave a thumbs up and smiled: "San'er, you're really something! But it's cool, dealing with this kind of stuff, it should be like this ....."

Ji Feng asked, "Second brother, how come the people you called haven't come by now?"

"They're already on their way, they'll be here soon!" Ji Shaolei raised his hand to look at his watch and said with a smile.

Ji Feng then nodded slightly and said, "In that case, then we'll wait here for a bit longer!"

"You, you guys ....." Not far away, Zhang Hongming was holding his broken leg to death, his face pale beyond belief and covered in cold sweat, "I won't let you guys go! Li Yantong, I don't believe these murderers can protect you for the rest of your life, if you have the guts you can kill me, otherwise, I will definitely smash up your shop and f\*ck you even more, I'll let you pretend to be noble, you stinking b\*tch's ..... ah-!"

Before he could finish his words, he suddenly let out a miserable scream, and his pair of eyes stared dead, as if they were a pair of dead fish eyes.

Looking at Zhang Hongming's other leg again, it was actually also broken by Ji Feng's foot!

"If you dare to spout sh\*t with your mouth again, next time it will be your neck that gets stepped on and broken!" Ji Feng said coldly.

"You, you ....." Zhang Hongming's body trembled in pain, and immediately his eyes blinked and he just passed out!

"Stop it!"

A police officer roared, "You still dare to commit murder, this is a big crime!"

Ji Feng sneered at him and said in a cold voice, "A big crime? You are also worthy of talking to me about crimes, damn it!"

Ji Shaolei also couldn't help but turn blue, to be able to make Ji Feng angry and cursing, these people were really something too!

"You ....." The policeman opened his mouth but couldn't say anything, indeed it was just like what Ji Feng said, what they did was not worthy of being a policeman at all.

"Get lost!" Ji Feng coldly snorted.

The policeman was startled, but it was not good to just leave, there were quite a few people around who were watching.

In fact, not only were there a lot of onlookers, at the window on the first floor of the gift shop, Li Yueqin was looking at Ji Feng, who was making a big show outside, with a complicated expression, and couldn't help but sigh softly.

"Why did he come here? Did he come to Yunshan for fun and inadvertently come here, or did he come specifically ....." Li Yueqin was apprehensive, "There can be no mistake, he is too much like Ji Zhenhua back then, but do they have the same heart? He came this time ....."

Li Yueqin's heart was vaguely a bit worried, this young man's performance was really too strong, not only did he dare to beat up even the police, even the director of the management committee, Zhang, and his son, so we can see how much of a dude this young man is.

So, if this young man is here this time, because he doesn't want to have more than one sister, then Yan Tong can .....

Li Yueqin couldn't help but feel vaguely sad in her heart, she had hid herself here, and the people of the Ji family were still unwilling to let her go?

## Chapter 460

As time passed, the originally cold morning had now shown a hint of warmth, and the sun was gradually rising, giving Xiao Yuxuan and the others a sense of warmth.

However, for Zhang Zhiyuan and Zhang Hongming, father and son, it was one of the coldest winter days.

In fact, Zhang Zhiyuan had already woken up a long time ago, but the fact that a director of the management committee had been knocked unconscious with a belt in front of so many people was such a great shame that he would rather just pretend to be unconscious and lie on the ground, rather than having the face to wake up and be humiliated again.

However, Zhang Zhiyuan was very worried about his son Zhang Hongming, whose legs had been broken as he could see in his afterglow, and he was so resentful that he simply wanted to tear that little beast apart.

He sneered with a secret resentment in his heart, "Just be complacent for a while, I'll see how long you can be complacent!"

Zhang Zhiyuan quietly took out his mobile phone and found out Vice Mayor Zhao Tie Min's phone number and sent him a message, telling Zhao Tie Min roughly what was going on here.

"Buzz!"

In just a few moments, Zhang Zhiyuan's mobile phone vibrated, and he immediately tapped it open to take a look, and a delighted glint appeared in his eyes, "Mayor Zhao has arrived?!"

He forced himself to stand up with difficulty, holding back the soreness of the fall, and laughed loudly, "You murderers, I'll see how long you can still be arrogant, Mayor Zhao has arrived, he won't let you go!"

Ji Shaolei was stunned for a moment, then he laughed: "So you dog has woken up a long time ago, but the road is only now standing up, even your own son is ignored ..... you are really the first!"

Zhang Zhiyuan's old face reddened at the sarcasm, then he grunted resentfully and said through gritted teeth, "I hope you can still laugh and be so eloquent when we get to prison!"

"Prison is definitely the place to go, but not us, but you ..... and your son!" Ji Shaolei bristled, "Right, and whatever you said about Mayor Zhao, and his son, well, but anyone who has anything to do with this matter, I have no intention of letting go, I'll do as I say!"

"Hmph!"

Zhang Zhiyuan sneered, where would he believe Ji Shaolei's babbling here? He quickly came to his son Zhang Hongming, seeing his son's miserable appearance, he immediately gritted his teeth and said, "Hongming, hold on for now, I'm calling an ambulance, you must hold on!"

Zhang Hongming said with resentment, "Dad! Dad! I want to f\*ck Li Yantong that little ..... ah-!"

A belt from Ji Feng instantly smacked him in the face, instantly snapping off several of his teeth and causing him to scream miserably.

"Little beast, stop-!" Zhang Zhiyuan bared his teeth and roared in anger.

"If you dare to say another dirty word, I will immediately send you father and son to hell!" Ji Feng said coldly.

Zhang Zhiyuan's body was suddenly chilled and he couldn't help but feel a sudden surge in his heart, but he didn't dare to speak any more nonsense, he just hurriedly called an ambulance with his hands and feet!

The person who had injured his son was right in front of him, and this person had not only broken both of his son's legs, but had also sent himself flying with a belt.

But on the contrary, the person still allowed himself to call an ambulance, that was simply a complete disregard, which for Zhang Zhiyuan, who thought he was calling the shots in the tourist area, was even worse than killing him!

"San'er, they're here!" Ji Shaolei suddenly said.

Ji Feng immediately turned his head to look, only to see that on the road in the distance, several cars were speeding quickly, this was not the way up the mountain, nor was it the entrance, it was merely one of the exits, so I thought that these cars could only be heading straight here.

But soon, Ji Feng couldn't help but snicker, "Second brother, the people who are coming this time are not Jiang Xinyu and the others, but our old acquaintances."

"Who?!" Ji Shaolei was stunned and asked in a whirl.

“It’s that so-called person from the Zhou Group that we met last time, Zhou something or other ..... Right, Zhou Yuxia! And that fat woman .....” Ji Feng looked into the distance and said with a smile, “It seems that after waiting here for this period of time, we’ve still gotten something big this time.”

“The more people who come, the better, and it would be even better if everyone involved in this matter came!” Ji Shaolei gave a cruel smile, “In that case, it would be straightforward to end it all in one pot!”

“That should be about right!” Ji Feng laughed, “Second brother, look, those two cars at the front, an Audi and a police car, I think they should be that so-called big shot, Vice Mayor Zhao!”

Ji Shaolei nodded with a cold face and turned his head, “You all go in first, just leave this place to the two of us!”

Xiao Yuxuan immediately nodded her head and said, “Lei Lei, Yan Tong, let’s go in first, being here will only cause them trouble.”

After a moment of slight hesitation, Li Yantong only nodded slightly and said, “That’s good, thank you guys so much, I don’t know what to say .....”

Tong Lei smiled sweetly and said softly, “Sister Yan Tong, we are all friends, so there is no need to say this, let’s go in now!”

“Second brother, your friend is here too!” Ji Feng suddenly laughed as he pointed to the path that Zhao Tie Min and the others were taking, “Yoo-hoo, not a bad sound!”

A kilometre or so behind Zhao Tie Min and the others, a convoy was driving fast, with two police cars driving in front of them, followed by three black cars, also followed by two police cars.

This convoy, which was roaring in, looked quite imposing.

Ji Shaolei raised his eyes to the distance and said, “San’er, how do you know that’s Jiang Xinyu and the others? I can only roughly see a vague shadow!”

“That’s nothing, I was guessing, it’s so early in the morning, there wouldn’t be anyone coming over to climb the mountain, right?” Ji Feng laughed.

“That’s true ha!” Ji Shaolei laughed.

Zhang Zhiyuan, however, laughed coldly, “I’ll see how arrogant you still are, Mayor Zhao is here!”

“Don’t know what to live for!” Ji Feng cursed disdainfully.

“Ignorant!” Ji Shaolei gave the most pertinent comment.

“What you all said is wrong, this should be idiocy to the highest level!” A snicker suddenly came, and Ji Feng and the two of them immediately turned around, only to see that this kid Zhang Lei had gotten off the car somehow.

Zhang Lei yawned and said with a disdainful face, “Later on when he suddenly finds out that it turns out that his backers are also worthless and bullsh\*t, his face, by then, must be quite wonderful ..... This is the highest level of idiocy!”

Ji Feng and Ji Shaolei burst out laughing, nodding their heads at the same time in deep agreement.

“How did you get down?” Ji Feng asked with a smile.

Zhang Lei stretched and laughed, “I’m too tired from sleeping in the car, I always have to come down and move my muscles, otherwise my body will get rusty!”

Ji Feng smiled and nodded his head, saying, “Then move around well!”

“Zee-zee-zee-!”

Just then, several sharp braking sounds came, a middle-aged man, quickly stepped out of the car, the police car in front of the open road immediately jumped down several police officers, have in front to protect this middle-aged man, fast steps towards this side.

Behind the middle-aged man, Zhou Yuxia and the obese woman, who had seen him once before, as well as two youths in their twenties or so, also followed.

“Zhang Zhiyuan, what are you doing? Why don’t you catch the murderer?! It’s simply not like that!” The middle-aged man’s voice came over before he even arrived at the door of the gift shop.

“Mayor Zhao, these two murderers are really too powerful, I, these police officers I brought with me, are no match for that murderer!” Zhang Zhiyuan immediately said aggrievedly, “They’re too ferocious, look, they’ve injured all these policemen of ours, some of them have even been maimed!”

“Listen up everyone, immediately catch the murderers who committed the assault and injured people!” When Zhao Tie Min heard this, he shouted angrily.

“Yes!” The few policemen who followed Zhao Tie Min immediately responded, they casually drew the guns on their waist and came quickly with vigilance, shouting under their breath, “You two, immediately hold your heads and crouch on the ground, hurry up!”

Ji Feng frowned and said, “This, is Mayor Zhao Tie Min Zhao, right?”

Zhang Lei laughed, “Looking at his fat head and ears, he should be eight or nine, right?”

Zhao Tie Min instantly turned blue and couldn’t help but snort coldly, “Take it down!”

“Bullsh\*t!” Ji Shao Lei snorted coldly, “Zhao Tie Min, do you know what you’re doing?!”

“Zhao Tie Min, I think you really want to die!” Ji Feng said coldly, “Now I’ll give you a chance to save yourself, immediately take down Zhang Zhiyuan and his father, oh yes, and your son, take them down together, maybe you still have a chance to redeem yourself!”

Zhao Tie Min was stunned, Ji Shao Lei and Ji Feng were so imposing that he was surprisingly a bit at a loss for words for a while.

Just then, another angry shout came from the distance, “Stop it!”

Zhao Tie Min immediately thumped in his heart, the voice was so familiar, he turned around in a panic and immediately saw the mayor Luo Dong, as well as the secretary of the municipal party committee

Yang Zhao, and the city's big entrepreneur Jiang Xinyu and others, who were being escorted by the police, striding in.

"They, why are they here?" Zhao Tie Min instantly panicked a little.

Ji Feng, however, smiled faintly, "This time, people should have arrived ....."

Ji Shaolei, however, coldly snorted, "This time, it's time to settle it all together!"

"Mayor Zhao, what are you doing?!" Jiang Xinyu and the others came quickly, and a middle-aged man in a feathery coat asked in a cold voice.

Zhao Tie Min's face instantly changed and he said in a feigned calm, "Mayor Luo, I heard that there were vicious murderers committing murder here and many of my police comrades were seriously injured, so that's why I came over to take a look, originally I was planning to report to you and Secretary Yang after catching these two murderers, but I haven't caught the people yet ....."

"He's bullsh\*tting!" Zhang Lei directly interrupted his words and said without mercy.

Swish!

Zhao Tie Min's face instantly rose to the colour of pig liver, embarrassed beyond belief!
