

Campus Master 471-472

Chapter 471

After a night's rest at the Yuncheng Hotel, early the next morning, Ji Feng and the others began to discuss the matter of rushing to Jinling.

Aunt Li Yueqin and her sister Li Yantong insisted that they must go to Jinling and were not willing to go to Yanjing and Jiangzhou, so naturally, Ji Feng could not say anything more and could only nod and agree.

Xiao Yuxuan and Tong Lei were also not good at persuading, after all, although they and Li Yueqin's mother and daughter were already familiar with each other, but after all, they had only known each other for a day, moreover, no matter what, they were also considered outsiders, some words Ji Shaolei was not good at saying, they were naturally even worse at speaking.

In this way, Ji Feng arranged for Zhang Lei and Du Shaofeng in the dormitory to return to Jiangzhou from Yuncheng in the Land Rover, while Xiao Yuxuan and Tong Lei decided to stay behind.

So, Ji Feng drove the business car with Xiao Yuxuan and Tong Lei, as well as Li Yueqin's mother and daughter, while Ji Shaolei drove the remaining Mercedes SUV, and together they rushed to Jinling.

It was a long journey from Yuncheng to Jinling, or at least not much less than the journey from Yuncheng to Jiangzhou.

Therefore, on this journey, Ji Feng raised the speed to the upper limit of the speed limit, and the comfort level of the Mercedes-Benz business car made Li Yueqin's four people not feel half as seasick at all, but rather very comfortable.

Although the speed was raised to a high level, Ji Feng was distracted from time to time, he was hesitating how to place Li Yueqin's mother and daughter after arriving at Jinling, this was indeed a problem that made Ji Feng extremely difficult.

This is indeed an extremely difficult problem for Ji Feng. Not to mention anything else, as of now, although Li Yueqin and her daughter brought all the things they had at home before, however, the most they had before was only the small shop of only 30 square meters. Moreover, the small shop has not been disposed of by now, how much money can they have on them?

In this situation, Ji Feng must give them help. However, what Ji Feng feared most was that they would not accept it!

From Li Yueqin's words, one could tell that although Li Yueqin was often bullied and was just an ordinary woman, yet, she had a strong side. At least, from the way they insisted on not going to Jiangzhou and Yanjing, they were able to see that they wanted to retain their dignity!

In this way, they would have no source of funds, so how should they live in Jinling?

"Sister, I haven't asked you yet, which school do you go to in Jinling?" Ji Feng asked as he drove on, pretending to be unconscious.

Li Yantong naturally didn't have the slightest doubt and said softly, "At Jinling University, currently in the first year of graduate school."

"So impressive?!" Ji Feng immediately smiled, Jinling University that was also an extremely famous university in China, no worse than the United University, and even some majors, were among the best in the country, with extremely high admission scores.

The fact that his sister Li Yantong had such good grades might be a sign that poor people's children are early adopters.

Li Yantong spat her tongue out in embarrassment and said, "I didn't expect to get into Jinling University at first, I probably overachieved at that time."

"That's also because you usually have a better study foundation!" Ji Feng laughed: "What major did you study?"

"Law!" Li Yantong's pretty face reddened slightly, "I don't think I can do anything else either, it's just that I have a pretty good memory and I can remember learning law."

"That's good too, in the future sister will definitely be a barrister!" Ji Feng instantly laughed, but in his heart he was a bit surprised, if you are a lawyer, you need to be a little tougher in your Xing character, can a gentle Xing character like sister be a lawyer?

"Not really." Many of her classmates were a bit surprised by her choice.

She said softly, "I don't plan to be a lawyer, it's better to do some other legal work too!"

Ji Feng nodded slightly, there were also many categories of law majors, they didn't all have to be lawyers.

"By the way, sis, you're a graduate student, you should have some subsidies usually, right?" Ji Feng asked with a smile.

"There are some subsidies, but not many, it's only when you usually follow your tutor to do some projects, usually the school sends some basic living expenses." Li Yantong said gently.

Naturally, she didn't know that Ji Feng was asking some questions in a roundabout way, actually wanting to ask her about her income before she could decide what kind of measures to take.

"That's quite good too!" Ji Feng smiled faintly and then fell silent.

Ji Feng could not help but secretly ponder that from the current situation, it was similar to what he had imagined, Li Yueqin's mother and daughter did not have many sources of funds, which could be heard not only from Li Yantong's words, but in fact, from the way Li Yueqin and Li Yantong dressed, it could be seen that they were not very well-off either.

Auntie Li Yueqin was originally in her early forties, but because she was dressed very plainly and loaded with some drudgery, she looked a bit old, making Ji Feng's heart sour when he looked at her.

Seeing Li Yueqin made Ji Feng think of his mother Xiao Sumei, when his mother was also the same, whether she was out selling vegetables or at home, she was the most ordinary dress like that, and even, some of her clothes still had patches on them

Even at New Year's Eve, my mother only had a slightly relaxed look on her face, but her clothes hadn't changed in the slightest.

Then look at sister Li Yantong, also the same, wearing the most ordinary jeans, the most ordinary down jacket, plain face.

Ji Feng couldn't help but take a deep breath, rubbed his nose, and slightly increased the speed of the car again.

"Tic tic! Tic-tac-toe!" The car's speed limit alarm went off, and Ji Feng instantly came back to his senses, unhurriedly slowing down slightly.

"Ji Feng, don't drive so fast,," Xiao Yuxuan said softly.

Ji Feng smiled apologetically: "Sorry, slightly lost in thought."

Xiao Yuxuan instantly glanced at each other with Tong Lei, both saw the doubt in their eyes, to know that in the past, Ji Feng had never been distracted by driving no matter what time it was, today seemed a bit strange ah!

"Ji Feng, are you alright?" Xiao Yuxuan couldn't help but ask with concern.

"Don't worry, it's fine!" Ji Feng smiled.

Seeing that Ji Feng was reluctant to say anything, Xiao Yuxuan and Tong Lei stopped talking, but were just a little worried, something was obviously not right with Ji Feng today.

Next, the two cars stayed in a service area for a few moments, and while Xiao Yuxuan and the others were getting out of the car and moving around, Ji Feng approached his second brother, Ji Shaolei.

The two of them each lit a cigarette and took two beautiful puffs.

"After driving for a few hours, it's not a bad taste to have a cigarette now!" Ji Feng couldn't help but laugh.

Ji Shaolei, however, keenly noticed that Ji Feng's expression was a bit off, and he immediately asked, "San'er, looking at you, you seem to be a bit less than excited, huh?"

"Auntie Li and the girls are very embarrassed!" Ji Feng leaned against the car door and couldn't help but smile bitterly, "But it looks as if they don't want to accept my help!"

Ji Shaolei suddenly lost his smile, "I thought what was going on, just such a small matter, and it's difficult for you? I think you're just being concerned, San'er, that's not you!"

Ji Feng was stunned, "How so?"

"Silly, right?"

Ji Shaolei instantly smiled smugly, took a strong drag of his cigarette, and laughed heatedly, "Listen to brother tell you slowly"

"Putting on a show, right?" Ji Feng's face instantly became unkind, "I had already thought about how to how to teach you kung fu, but now it looks like I'll have to think about it"

Before he could finish his words, he was interrupted by Ji Shaolei: "No need to think about it, isn't it just a way? It's not that simple! Listen, after arriving in Jinling, Auntie Li always needs a place to live, right? You can buy a house first, in your own name or in someone else's name. Once the house is bought, whoever lives there is living there, as the saying goes, reaching out is not a laughing matter, besides, you should be more welcoming, don't make people feel like they are living under a parasite, in that case, how can she not live there?"

"That's right!" Ji Feng nodded vigorously, but then asked, "What about the money? They definitely won't want money"

"It's still the same saying, caring is confusing!" Ji Shaolei interrupted him directly, "Why do we have to give money?"

"Then give what?!" Ji Feng asked at once.

"..... Forget it, leave this matter to me, kid, learn something!" Ji Shaolei said directly.

Ji Feng raised his eyebrows and laughed: "Second brother, what are you going to do?!"

Ji Shaolei said, "Kid, listen carefully, from here to Jinling, it will take about six or seven hours, the journey is not short."

"That's right, but what does this road trip have to do with the solution?" Ji Feng asked in amazement.

"This next part of the journey, let's go slower, well, it's best to just reach the minimum speed limit." Ji Shaolei said, "For the rest, know what to do, right?"

Seeing Ji Feng's puzzled look, Ji Shaolei couldn't help but say helplessly, "Kid, think carefully about who's in Jinling!"

"Who's in Jinling?" Ji Feng immediately frowned, puzzled, he didn't know many people, moreover, most of his friends were met in the university, but he didn't have any friends in Jinling ah, much less anyone he knew

Suddenly, Ji Feng seemed to remember something and asked with a frown, "Second brother, big brother is in Jinling?!"

"What do you say?" Ji Shaolei said in an unpleasant tone, "If I remember correctly, I once told you personally that big brother had been transferred at work and had gone to Jinling three months ago, you kid actually don't remember?!"

Ji Feng suddenly smiled sarcastically, "Then what, there are too many things lately, maybe my brain is a bit confused, sorry sorry, second brother, you must not talk about it to big brother!"

“You kid just doesn’t have a conscience!” Ji Shaolei hummed and said, “Don’t worry, I already called big brother before I got on the highway, he’ll arrange everything when we get there. But, of course, I also have to give you kid a chance to perform, so the house will be yours to buy!”

“No problem! No problem!” Ji Feng was instantly overjoyed and his body was all relaxed, “Second brother, don’t worry, I’ll teach you kung fu when we get back to Jiangzhou!”

“I say, I dare say you’re using this as a trade, right?” Ji Shaolei suddenly grunted with an unkind face.

Ji Feng laughed and said, “No no that’s all, they’re all coming out of the toilet, time to get on the road!”

Chapter 472

It has been proven that having a wide range of contacts and connections makes it much easier to get things done. ()

This is what Ji Feng is experiencing right now. He has his big brother Ji Shaodong in Jinling, and even though he is only the district head of a district in Jinling, he is still a powerful figure. This is far better than Ji Feng’s own two eyes in the dark, came to a unfamiliar Jinling, full of confusion to do things.

Under the arrangement of his elder brother Ji Shaodong, Ji Feng and Li Yueqin were arranged to go to a hotel near Jinling University as soon as they arrived in Jinling, which was not under Ji Shaodong’s jurisdiction, but Ji Shaodong was completely at home here.

It was also in the hotel that Ji Feng met his elder brother, Ji Shaodong.

A few people inevitably had to exchange pleasantries, especially when Ji Shaodong saw Li Yueqin and Li Yantong, he had more than a few feelings in his heart. It is not easy for the younger generation to evaluate whether the older generation is right or wrong, after all, the social formations, customs and environment of the time are very different from the present, and one simply cannot look at the old issues from the present perspective.

Not to mention that the issue of love and marriage alone is enough to explain everything.

In the past, couples might not even hold hands once from falling in love to getting married, and some might not even meet each other, but nowadays, they might get into bed the first time they meet, and the next day they don’t know anyone This is the result of the difference in environment and social patterns, and again, it is very different.

Therefore, for the existence of Aunt Li Yueqin and Li Yantong, Ji Shaodong can only treat them warmly and arrange their lives as well as possible, including clothing, food, housing and transportation and so on, but other than that, he is no longer able to have any stance.

Criticising uncle in front of Li Yueqin? This is obviously unreliable, not to mention that uncle did the right thing at that time, just as a junior, he could not say anything more about uncle.

What’s more, this matter is also very helpless, the fault may still be on the grandfather, then Ji Shaodong can not say even more.

What happened back then might seem like a complete muddle now, so Ji Shaodong only warmly entertained Li Yueqin's mother and daughter and, as the elder brother, asked about Li Yantong's recent life and studies, and said nothing about other matters.

Originally, everything was going well, but when Ji Shaodong offered to provide accommodation for Li Yueqin's mother and daughter, they refused.

"Big brother, it's really not necessary, there is a special house for parents of students to rent near our school, we will let my mother live there when the time comes, it will be convenient for me to visit her" Li Yantong refused with a slight shake of her head at the gesture of her mother and daughter.

Ji Shaodong immediately laughed: "Yan Tong, do you think that it is appropriate to let auntie live in that kind of house? As far as I know, the kind of place you are talking about that specializes in renting houses, most of them are actually inhabited by civilian workers, all big men, and they are also civilian houses, how can you guarantee safety by letting auntie live there alone?"

"Well, there are women living there too," Li Yantong said with some embarrassment.

Ji Shaodong laughed: "Silly girl, no matter the men or women, the reason they live there is because the rent of that kind of house is very cheap, civilian workers are very hard, all year round they do not earn much money, naturally they do not want to rent too good a house but auntie is different, not to mention the other, if in the future, if some students want to play at your home, we can't take people to that kind of chaotic place, right? How embarrassing would that be?"

"This, this" Li Yantong couldn't say anything at once.

Ji Shaolei and Ji Feng glanced at each other, while secretly praising, Big Brother is really high

Li Yantong no longer care about material life, but as a girl, the minimum reserve and slightly some vanity, that is always there.

Everyone is the same, when they hear compliments from others, their mouths may say, "Where, where, where, I'm flattered"

But their hearts are happy, as is the case with anyone, unless they know full well that the other party is saying the opposite, deliberately sarcastic, they will all be happy in their hearts.

Li Yan Tong is also the same, big brother Ji Shaodong's words, so she can not help but have some intention in her heart, after all, if there are classmates to play see the kind of house they live in, the heart will always look down on some of them.

This is the way society is, many people are not the kind of people who can see through phenomena to the essence, in fact, the majority of people are people who judge people by their appearance.

Naturally, Li Yantong did not want to be looked down upon by her classmates, and she did not want her mother to suffer, but she did not have the ability to do so, and she did not want to accept Ji Feng and the others' help, as she could not adapt to her status yet.

For a while, Li Yantong was in a bit of a dilemma.

“Anyway, I have a house near this university town, it’s idle, so you guys can move in” Ji Shaodong laughed, “Auntie, Yan Tong, you guys wouldn’t still treat me as an outsider, right?”

“No, no,” Li Yueqin hurriedly shook her head, Ji Shaodong calm atmosphere, there is an indefinable majesty in his body, so Li Yueqin simply can not treat him as a junior, talk is also a bit restrained.

Ji Shaodong smiled and said: “Then it’s settled, I will immediately send someone to arrange for you to move in In addition, auntie what work you want to do, you can also directly tell me, auntie can rest assured that I will certainly not interfere too much, just do not want anyone to bully you, that’s all. I believe Shao Lei and Xiao Feng and the others feel the same way.”

“Yes, Auntie, if you don’t think of yourself, you have to think of Yan Tong, right?” Ji Shaolei laughed.

Li Yueqin hesitated for a while and finally nodded, “Then that’s fine.”

Ji Feng instantly had a smile on his face and quietly gave a thumbs up to his big brother.

Ji Shaodong nodded and smiled, and immediately took out his phone and began to arrange for someone to help Li Yueqin’s mother and daughter with these matters.

In fact, after arriving at the house Ji Shaodong had mentioned, Ji Feng realised that it was fully furnished with furniture, home appliances and other living facilities, so there was no need to add anything before moving in. Moreover, the furniture in the house did not look luxurious, but Ji Feng could tell that they were not cheap, or at least the quality was absolutely excellent.

When Li Yueqin saw such a house, she couldn’t help but hesitate a little, but the enthusiasm of Ji Feng and the others made it hard for her to refuse and she could only agree to stay.

“Right, Yan Tong, I’ve already asked for you at school, there’s nothing wrong with it, it’s just a leave slip, you can just go to school tomorrow to cancel your leave” Ji Shaodong said again.

Li Yantong nodded with some embarrassment and said softly, “I’m really bothering you.”

“A family does not speak of two families,” said Ji Feng with a smile.

After everything had settled down, Ji Feng was relieved that this matter had finally come to an end. With big brother in Jinling, I believe no one would bully them and I could feel a little more at ease.

The three brothers were together, naturally the atmosphere was very pleasant, especially when Ji Shaodong saw Xiao Yuxuan and Tong Lei, but also wide-eyed, laughing and cursing Ji Feng this kid’s voluptuousness.

.....

The next morning, Ji Feng and the others said goodbye to Li Yueqin’s mother and daughter, as well as their elder brother Ji Shaodong, and set off on the road to Jiangzhou.

“Whew...”

In the business car, Ji Feng leaned back on the seat back, looking at the Jinling toll station in the rear view mirror gradually away, couldn’t help but let out a long breath, “Finally solved

This time, first to Yuncheng, and then to Jinling, with the help of big brother and second brother, finally settled the matter, Ji Feng only feel all relaxed.

In fact, finding Li Yueqin's mother and daughter this time was not as heartwarming as Ji Feng had imagined. Despite the fact that blood is thicker than water, he and his sister Li Yantong were not as close to each other as other siblings. Of course, there was also no awkwardness as previously thought, everything seemed to be normal.

But it was this normalcy that made Ji Feng's heart a little uncomfortable, after all, according to his thoughts, he wanted to be closer to his sister, but now, there was still more or less a gap between the two of them.

However, Ji Feng didn't have the slightest regret, because if he hadn't gone to look for Li Yueqin's mother and daughter, then the consequences would really be unthinkable. Those bastards from Zhou's group, as well as Zhao Tie Min's son Zhao Yongshou, and Zhang Zhiyuan's father and son, were all beastly things.

With them around, Li Yueqin's mother and daughter really didn't know what would happen to them.

"So be it," Ji Feng shook his head slightly and secretly said, "I hope time will wash away everything"

"Tic-tac-" just at this time, Ji Feng's mobile phone suddenly rang, it was the sound of a text message, he casually took the phone out of his pocket and handed it to Tong Lei and Xiao Yuxuan who were sitting in the back row, "Help me see who sent it"

A small hand picked up the phone, and then Tong Lei's brittle voice rang out, "It's from Sister Yan Tong"
"Oh?"

Ji Feng's spirits immediately lifted and he asked in a panic, "What did she say?"

"Little brother, be safe on the road, say hello to the two younger siblings on my behalf to, I will miss your sister, Yan Tong." Tong Lei read out with some embarrassment.

A slight arc pulled up at the corner of Ji Feng's mouth, followed by an increasing arc and a smile covering Ji Feng's face.

Xiao Yuxuan was also happy for Ji Feng as she said softly, "Little rascal, it seems that Yan Tong still has you as her brother in her heart, she just might be a little uncomfortable for a while, your relationship will definitely be good in the future"

"That's good, that's good," Ji Feng laughed happily, the original depression in his heart was swept away and he was happy.

"Ding" Just at this moment, Ji Feng's phone rang again, and he was stunned: "Is it my sister calling?"

"No, it's an unfamiliar number."

Xiao Yuxuan said strangely, "The number is 01XXX"

"A number from Yanjing?" Ji Feng instantly slowed down his car, "Give me the phone"

He took the phone from Tong Lei's hand and as soon as he picked it up, a mid-toned voice came from the phone, "Little Feng, it's me"

"Dad?" Ji Feng was stunned, "Dad, where's this number?"

"My office," Ji Zhenhua's voice came, and he said, "How much longer do you have to arrive in Jiangzhou?"

"About three hours or less," Ji Feng blurted out, and only then did he react, how did his father know he had left Jiangzhou

"The first time I saw you, I was in the middle of a conversation with a man who had been in the middle of a conversation.

"My mother is coming to Jiangzhou?" Ji Feng asked, his heart wondering, his mother came so fast, "Yes, I'll drive straight to Jiangzhou airport."

"Well, that's it then," Ji Zhenhua said, and then he hummed, "Brat, now you've learned to mind the adults' business too But this thing is well done"

Pah!

The phone hung up, Ji Feng was stunned for a long time before he lost his smile dumbly, his father was praising himself?

Chapter 473

"Ji Feng, auntie she will not like"

Before the exit of Jiangzhou International Airport, Ji Feng and Xiao Yuxuan, Tong Lei two women are waiting for the arrival of their mother, Ji Shaolei is sitting on the side, leisurely looking at a copy of impurities, from time to time look up at Ji Feng and Xiao Yuxuan two women, the corners of the mouth reveal a bad smile.

For this boldness of his old brother, Ji Shaolei is still very admired, well, the boldness is really not small, no matter where to go, is openly and honestly bring two girlfriends together, now to pick up his own mother, actually still so!

Ji Shaolei couldn't help but be envious beyond measure, San'er this is really an absolute bully, if he were to bring his two girlfriends to meet his parents, the result, either he would be beaten out by his mother with a broom, or he would see his father with a black face, leaving himself in fear.

"You can't compare people with people!" Ji Shaolei couldn't help but lament that San'er, the boy's two girlfriends have arrived, but he has yet to catch a girlfriend, and now the only one who has hope is Xiang Yurou, but he still has to beat her before he can get married, which is really

The only one that has a hope is to beat her before she can get married.

At this time Ji Feng is naturally unaware of the envy and grief in Ji Shaolei's heart, he is smiling and comforting Xiao Yuxuan and Tong Lei: "You guys don't have to worry, my mum will definitely like you guys, by the way, Lei Lei has met my mum, she should know that she is not harsh in person, right?"

Tong Lei naturally could see that Xiao Yuxuan was very worried, and she also understood that Xiao Yuxuan's worry wasn't actually afraid that Ji Feng's mother wouldn't like her as a person, but that Ji Feng's mother wouldn't like her in this capacity!

There was no doubt that Ji Feng's real girlfriend must be Tong Lei, and this was something that both Xiao Yuxuan and Xiao Sumei, Ji Feng's mother, believed. This was because so far, Xiao Sumei had only met Tong Lei, and at that time in Mang Shi County, the parents of both sides had already met and sort of acquiesced to the two children's affair.

Xiao Yuxuan, on the other hand, came to Ji Feng later, and although her emotional entanglement with Ji Feng was no later than Tong Lei's from the beginning, it was somewhat in name only.

In the eyes of outsiders, it is better to call her a lover, but if you say it in a bad way, you might be calling her a mistress or a second nai or something like that.

Even if Ji Feng and Xiao Yuxuan, the two parties involved, know clearly in their hearts that they are not united together because of their interests, but others may not think so, starting with Xiao Sumei, Ji Feng's mother.

The parents of the previous generation naturally want their children to find a virtuous and kind girl to be their wives when it comes to their children's feelings, and do not want their children to be promiscuous, let alone like promiscuous girls, and the same is true of Xiao Sumei, Ji Feng's mother.

In this way, then, Xiao Sumei's impression of Xiao Yuxuan was definitely not very good.

Secondly, in Xiao Yuxuan's opinion, it was another question whether Xiao Sumei would suspect that she was with him because of Ji Feng's identity.

It was also because of these reasons that Xiao Yuxuan was worried and was even more anxious during the waiting process. Even though Ji Feng kept reassuring her, Xiao Yuxuan would still repeat from time to time the question she had asked at the beginning.

"Sister Yuxuan, Aunt Xiao is not as scary as you think, you will know when you see you later" Tong Lei took Xiao Yuxuan's hand and softly comforted her, "Besides, according to me, Aunt Xiao will definitely be very happy when she sees you. The actual fact is that you will be able to get a lot more than just a few of these. The fact that such a beautiful beauty is her daughter-in-law will make anyone happy!"

"You girl, are you comforting me, or are you making fun of me!" Xiao Yuxuan burst into tears and laughter.

Tong Lei smiled cheekily, "Neither comforting nor making fun of you, what I said is the truth!"

Xiao Yuxuan instantly gave her a blank look, but after such an interruption, the tension in her heart was much relieved. Although she was still a little uneasy, it was not as strong.

Watching the two girls gently joking, Ji Feng couldn't help but let out a soft breath. In fact, he was also a little nervous, especially at this time.

However, Ji Feng's nervousness was not because he had brought his two girlfriends to see his mother, because his mother must have known about his two girlfriends for a long time, for his every move in

Jiangzhou, there would be people over in Yanjing who would pay attention to him, and his mother was naturally well aware of his affairs.

Therefore, Ji Feng was not worried about this matter at all.

The reason why he was nervous was because he had gone behind his mother's back and brought Li Yueqin and her daughter to Jinling and settled them down.

So, how would his mother react when she found out?

He couldn't help but mutter, "My mother won't come to Jiangzhou this time to settle accounts with me, will she? She shouldn't be that careful"

The first thing you need to do is to get a good understanding of the psychology of women, and God knows if your mother will teach you a hard lesson because of this.

I hope the truth is not like this as I feared! Ji Feng secretly said in his heart.

"Attention all passengers, Flight XXX has arrived at" The radio in the airport hall suddenly sounded, and Ji Feng and Xiao Yuxuan both looked serious at the same time, the uneasiness in their hearts intensified.

When Ji Shaolei heard the announcement, he also hurriedly stood up, rolled the magazine casually and held it in his hand as he walked over, "San'er, this is the flight that Eldest Aunt took, right?"

Ji Feng nodded slightly and said, "Yes, this is the flight!"

A few minutes later, passengers began to walk towards the exit, and Ji Feng and the others immediately concentrated their minds and raised their eyes to look.

"Here it comes!" Ji Feng said in a low voice.

Ji Shaolei also nodded slightly, "It should be right behind us!"

Tong Lei, however, was a bit strange and couldn't help but ask, "Where is it? How come I didn't see it?"

Ji Feng laughed, "We'll see it soon."

In fact, up to now he hadn't seen his mother's figure either, but he had seen three youths in black suits near the exit. These three had cold faces and a special aura about them, and they should be three guards.

At this moment, these three guards were taking precautions without a trace, and the three of them were standing in exactly the right position, in a zigzag shape, so that they could enter to attack and retreat to defend, an absolute iron triangle defensive formation.

It was clear that the three guards had come out first, and that Mother and her personal guard must have been a short distance behind, perhaps heading out.

Based on Father's rank, it was only natural that when Mother travelled, she would be followed by guards for protection, and the guards were not of a low rank, so the quality of these guards was naturally very good, which was evident from the actions of those three guards in front.

In the crowded crowd, the three guards did not panic, and their formation did not change in the slightest, even if the people around them were ordinary people, they did not relax in the slightest, whether they were standing or looking, they were extremely alert.

Ji Feng nodded secretly as he watched, thinking that these three should be in charge of the lead guard and also play a scouting role, and that his mother should be not far behind with his personal guards.

Ji Shaolei was equally used to seeing such scenes and saw it at a glance and whispered, "Eldest aunt has arrived!"

Ji Feng nodded slightly and said, "These three guards are very good!"

About ten seconds passed, the three guards in front made a hand gesture without a trace, and two guards immediately followed behind.

However, to the duo's surprise, immediately afterwards, three more young men in black suits followed, these three looked more imposing than the three who appeared before, and more importantly, these three had some bulges on their waists, and they all seemed to be carrying guns!

Ji Shaolei was immediately stunned: "What's going on? It seems that this is not the same group of people! These three guards with guns at the back should be of a higher rank How come Big Auntie used two groups of guards? Is there really any danger?"

Ji Feng immediately frowned, "What did you say, second brother? This is two groups of guards?"

"That's right, the three people who appeared at the back should belong to the Security Bureau, and the three at the front look like they are soldiers", Ji Shaolei hesitantly said, "Could it be that Young Uncle has sent someone to protect Eldest Aunt again? It shouldn't be, it's easy to give people a talking point like that"

Before he could finish his words, Ji Feng dropped a sentence, "Wait for me here, pay attention to safety!"

As soon as the words fell, he immediately jerked two steps forward, squeezing through the exit at a surprisingly fast speed and fitting in behind one of the three guards that appeared behind him, while a car key was cupped in his hand.

This car key in his hand was definitely more terrifying than a bullet.

Ji Feng had already realised that something was wrong, reasonably speaking, the level of guards that his mother enjoyed should be slightly lower than his father's, but he would definitely not use two groups of guards at the same time, unless there was really a huge crisis!

Ji Feng's gaze was fixed on the inside of the passage, fearing that his mother was in danger, and his heart was even more tense and cold, if his mother was really in danger, he would definitely not spare anyone!

However, a moment later, Ji Feng was stunned to find that his mother was walking towards the exit with her personal escort, Xiao Ying, talking and laughing, while not far behind them, several youths were also walking quickly, one of them had an extraordinary air, with a faint smile on his face, and was nodding slightly at his mother, greeting her politely!

“It’s him?!” Ji Feng instantly frowned, this youth was no other than the oldest son of the He family that he had met at the Wanli Club in Yanjing, He Hongwei!

No wonder two groups of guards had appeared, no wonder, this first group should be the guards belonging to He Hongwei, because his own rank was not however, so his guards were not equipped with guns, of course, his personal guards would definitely be equipped with guns.

Then the three guards that appeared later were the guards of his mother.

Thinking about this, Ji Feng immediately walked out of the exit quickly with a flash as he whispered, “Second brother, He Hongwei is here!”

“What’s he doing here?!” Ji Shaolei was instantly alert.

Ji Feng, however, remembered what his grandfather had said to him before he left Yanjing, and thought about it!

Chapter 474

Ji Feng clearly remembered that when he was about to leave Yanjing, the old man had urged himself to say a few words. There were several points of meaning, the first of which was that someone from above had started to pay attention to himself, the cause of course was because of his sudden appearance, which made the old man go from originally being on the verge of death to suddenly recovering, although the younger uncle had handed the news up, but the exact process of saving him was not said, this was also one of the reasons why someone was interested in himself.

The second point is that when he saved both Master Tang and his own old man, he was using a special effect pill as a gimmick, or what he called a special effect current.

This kind of special effect pill is likewise one of the things that the above is concerned about. The old master once said that someone from above would come to contact him, although at that time he did not specifically say what kind of person would come to contact him, but Ji Feng heard from the old master’s words that the person who was going to come to contact him should not be one of his own, because the reason why the old master had to remind himself was actually to keep himself alert.

The one who could make the old man remind him was obviously not only not one of his own, but should also be a somewhat tricky character.

Thinking back to what my father had analysed to himself before, the only families in Yanjing that could be on par with the Ji family were the Xiang family and the He family!

The Xiang family’s people mainly developed in the military sector, and the He family’s people, mainly entered the business sector. Of course, the sector mentioned here actually refers to a general direction, and is not absolute.

For example, the Ji family is mainly developing in the political sector, but the same people from the side line are also developing in the business sector, and then again, the Xiang family’s people are mainly developing in the military sector, and again there are people in the political sector and also in the business sector, only that their mainstream strength is in the military sector!

By the same token, the Ho family also has people in politics, and not in very low positions, but their main development is still in the business world!

The old man's reminder, plus the fact that he could get involved with the top, was only possible for the Xiang and He families.

In fact, originally, after all this time of busyness, coupled with other distractions, Ji Feng had almost forgotten about this matter.

But now that he suddenly saw He Hongwei appear at the exit of the airport, Ji Feng instantly reacted and his heart suddenly dawned on him, "Could it be that He Hongwei is the person sent from above to contact him?"

After taking a step back and thinking about it, Ji Feng felt that it was somewhat impossible, He Hongwei was a businessman, how could he come to talk to himself on behalf of the top?

Thinking of this, Ji Feng stopped paying attention to him and instead turned his gaze to his mother again, he suddenly froze, why were there so many people around his mother?

He suddenly stared at his mother's side, why were there so many people around her? Beside his mother Xiao Su Mei, apart from his personal guard Xiao Ying, there was also an acquaintance, but it was Ji Yin Hong from the side of the Ji family, according to his generation, Ji Feng should call her aunt.

Next to Ji Yinhong, another girl was also standing. This girl had short hair and was dressed in the most ordinary casual clothes, but her temperament, however, was the same as Xiao Ying's, and she was a guard at first glance.

"It seems that mother is still getting a lot of attention when it comes to travelling." Ji Feng said secretly, with his mother's Xing character, this trip naturally did not need to be such a big deal, but to bring two personal guards and have the protection of personnel from the Security Bureau on the periphery, this kind of formation, either her father arranged it for her, or, her mother was really in danger!

Ji Feng couldn't help but give a secret cold hum, his gaze swept around without a trace, and didn't find anything wrong, but he didn't let down his guard at all, and remained on full alert.

The mother, in full elderly fashion, smiled in response to He Hongwei, and then she walked towards the exit, with He Hongwei consciously taking a few steps behind and following behind.

"This kid, he's getting better and better at putting on a show now!" Ji Shaolei said, skimming his mouth.

Ji Feng couldn't help but lose his smile and said, "This is a kind of courtesy However, this He Hongwei does have some ability, just by looking at this look, the grand son of the He family, one of the three greats of Yanjing, is not a name in vain."

It was not difficult to maintain poise in front of people, but it was difficult to maintain flamboyant poise in front of hostile people and not show the slightest difference, and always be the same no matter what the place was.

This kind of person is either born that way or, is an extremely powerful character!

In Ji Feng's eyes, he was more inclined towards the latter possibility.

Ji Shaolei nodded slightly and hummed, "A person like him, only the boss can talk to him, if it were me, it would take three sentences at most, more than that and the conversation would definitely fall apart!"

Ji Feng instantly laughed: "So you can only be the second brother, you can never be the big brother!"

"Alright, cut the crap, Big Aunt and Hong Gu and the girls are coming out!" Ji Shaolei's face was a bit sarcastic, when it came to such face-saving efforts, he thought he was no match for his elder brother Ji Shaodong and He Hongwei, the youngest of the He family, so he had to change the subject.

Ji Feng was dumbfounded and laughed, but he said no more, but quickly greeted them.

"Mum! This way!" Ji Feng said loudly.

As soon as Xiao Su Mei saw her son, her eyes lit up and she quickly walked over and said, "Little Feng!"

Ji Feng greeted Ji Yinhong politely, "Aunt Hong."

"Good! Good!" Ji Yinhong nodded her head in a panic, but she was more or less restrained. Although his face was smiling, every move he made, even a look, had a hint of majesty, making Ji Yinhong, who was already a bit nervous, even more nervous.

Ji Feng, however, smiled gently, "Mom, Aunt Hong, second brother is also here, as well as my two girlfriends!"

"What?!"

Xiao Su Mei was stunned, "What did you just say?!"

Next to them, Ji Yinhong and Xiao Ying, as well as the other female guard, couldn't help but be slightly moved, what did this guy just say, two girlfriends?

Ji Feng smiled sarcastically and said, "Mom, I mean, so what, your future daughter-in-law has also come to pick you up, but it's two!"

Xiao Su Mei immediately gave him a fierce glare and hummed, "I'll settle the score with you when we get back!"

At this time, Ji Shaolei and Xiao Yuxuan had already greeted the three of them, Ji Shaolei was naturally already very familiar with them, he smiled and said, "Eldest aunt, welcome to Jiangzhou, my mother has long wanted you to come to Jiangzhou, this time when she heard you were coming, she was overjoyed!"

It is most difficult for sisters-in-law and daughters-in-law to get along with each other, but in the Ji family it is not a problem at all, because there is no interest involved at all, and Ji Zhenhua's position as the second generation family head has been decided long ago, and in the Ji family rich people do not get involved in politics, so it is just some parental matters on a regular basis.

Therefore, Xiao Su Mei and the younger uncle's wife Liang Hong Dan get along very well. Ji Shaolei naturally knows that although his mother has many friends in Jiangzhou, but there are not many friends who really make friends, and has long been envious of the relationship between his eldest aunt and his third aunt, and wants to get to know his eldest aunt.

So his words were not perfunctory or polite, but genuine.

Xiao Su Mei smiled and said, "Just in time, I'll visit your parents first on this visit."

Next to him, Ji Feng saw his mother in a good mood and hurriedly took Xiao Yuxuan and Tong Lei's small hands and walked over, saying, "Mom, let me introduce to you, these two are Xiao Yuxuan and Tong Lei, both are my girlfriends, hehehe"

Seeing her son's hehe giggling look, Xiao Su Mei couldn't get angry even if she was angry, she could only grunt, "You bad boy, you just know how to wreak havoc on other girls!"

Although she said this, she was very warm to Xiao Yuxuan and Tong Lei, she took their hands separately and said, "Yuxuan, Lei Lei, I am calling you this way, no offense, right?"

The two girls shook their heads in panic and said in unison, "No, no!"

Seeing the smile on his mother's face, Ji Feng was secretly relieved, this time, he had finally passed the test.

For his mother's Xing character, Ji Feng naturally knew it best, his mother was typically a person who ate soft but not hard, so naturally she would not make things difficult for Xiao Yuxuan and Tong Lei.

Sure enough, only to see Xiao Su Mei turn her head and say, "Xiao Ying, bring the things!"

Xiao Ying, the escort next to her, immediately handed over the kun bag she was carrying, from which Xiao Sumei took out two green bangles and handed them to Xiao Yuxuan and Tong Lei respectively.

"These two bracelets are a little token of my appreciation as an elder, don't mind them!" Xiao Su Mei said with a smile.

Xiao Yuxuan and Tong Lei were instantly flattered and shook their heads in panic, "Auntie is very polite."

Ji Feng and Ji Shaolei, however, opened their mouths wide next to each other, and the two of them glanced at each other, Ji Shaolei quietly gave a thumbs up and said quietly, "Third son, it's still Eldest Aunt who is enlightened, you kid is blessed!"

Ji Feng was also very surprised, to think that his mother not only accepted these two future daughters-in-law, but also gave them each a jade bracelet. Not to mention the value of the bracelet, just the meaning it represented was very different.

Generally speaking, only when approving of a daughter-in-law would a mother-in-law give a bracelet, necklace or other jewellery, if it was according to traditional customs, this could be considered a first meeting gift.

Ji Feng could not help but feel warm in his heart, his mother scolded herself on her lips, but secretly she had already prepared a gift for the two of them, if she did not have the intention to pay attention to herself, how could she prepare a double copy?

Xiao Yuxuan couldn't help but look a bit at a loss, slightly embarrassed, said: "Auntie, you see, I came in a hurry here, and didn't bring any gifts"

Xiao Su Mei immediately laughed, "What's the point, since you call me auntie, how can you give me a gift?"

Xiao Yuxuan then relaxed a lot, but in her heart she hated Ji Feng, this little rascal, also did not remind herself to buy gifts too, she was nervous and forgot, but he never thought of it

Ji Yinhong laughed at the side: "Sister-in-law, don't stand here first, let's go back and talk?"

"Yes, yes, yes!" Ji Shaolei laughed, "Look at this brain of mine, Aunt Hong, Auntie, let's go back first, if we have anything to say, let's talk about it when we get home!"

"Fine." Xiao Su Mei nodded slightly and smiled, "Let's go!"

Just then, a cheerful laugh suddenly came, "Elder brother Shao Lei, Elder brother Ji Feng?!"

Chapter 475

Ji Feng and Ji Shaolei immediately turned around and saw a smiling youth, wearing a black tweed coat and gold-rimmed glasses, striding in with a smile on his face.

This young man was no other than He Hongwei, who had arrived in Jiangzhou on the same flight as Xiao Sumei.

It had to be said that He Hongwei was indeed worthy of being one of the three Yanjing Jiejie. Despite wearing glasses, which gave people a sense of being svelte and thin at first glance, he actually walked with a dragon's stride, and his whole person appeared quite imposing, and at first glance, he was a man in a position of authority.

However, within his aura, there was a hint of modesty, which gave him a slightly complicated feeling.

Ji Shaolei skimmed his lips and said helplessly, "What bad luck, how can I meet you there?"

He Hongwei, however, didn't mind and laughed cheerfully, "Shao Lei, that's not right, it's not that you met me, but I came specifically to find you and Ji Feng's old brother Ji Feng, the first time precisely to meet and get to know each other!"

He Hongwei smiled and extended his hand to Ji Feng next to him, "He Hongwei."

"Ji Feng!" Ji Feng likewise stretched out his hand and shook it with him, smiling, "Technically speaking, we can't be considered to be meeting for the first time, right? It's just that when we first met, Young Master He was too busy"

He Hongwei immediately laughed, "I did miss it last time, this time I've come all the way here to make amends with you"

Of course he knew that Ji Feng was referring to the last meeting at Yanjing Wanli Club, only that the atmosphere at that time was indeed a bit less friendly

"That wouldn't dare, Young Master He is too polite!" For this statement, Ji Feng naturally understood that He Hongwei was just saying it, and he was just listening to it, not taking it seriously.

He Hongwei laughed: "It seems that now is not the right time, young Ji, you first get together with your aunt and uncle, later I will visit uncle Ji and aunt, brother Shao Lei, that's all for now?"

Ji Feng smiled and said, "Be my guest, Mr. He."

But Ji Shaolei bristled with discontent and said, "I say, Mr. He, I'm not used to seeing you acting like you have everything under control.

He Hongwei laughed and said, "You're still so straightforward, so be it!"

After saying that, He Hongwei said to Xiao Su Mei, "Auntie, I'll leave you now, I'll come back to visit you after I've settled down, please don't be offended!"

"You're too polite, get busy with your business!" Xiao Su Mei smiled politely.

He Hongwei finally nodded to Ji Feng again and said, "We'll talk later!"

Saying that, He Hongwei then left the airport exit with his entourage in stride, got into a black Mercedes outside and sped away.

Watching He Hongwei leave, Ji Shaolei's face couldn't help but look serious as he said, "San'er, why do I get the feeling that this time, Mr. He's coming to Jiangzhou for a bad reason?"

Ji Feng nodded thoughtfully and said, "You can't say that, he should be here to find me, but this person is really a character!"

Ji Shaolei hummed, "That's for sure, the name Yanjing Three Jie is not called for nothing, although there are loopholes in the rules that can be exploited in the country, but this kid is not a simple character, he once played around with a big group a few years ago and helped revitalize a big enterprise with more than 100,000 workers over there to take off, which made him famous, and this is what established his that made him famous, which established his position over there."

Ji Feng laughed: "A character indeed line, he will definitely contact us again, let's go back first!"

Ji Shaolei said in an unpleasant tone, "San'er, you should be careful, this kid is definitely coming from a bad place, at least, his sleight of hand is very powerful, if you are not careful, you may be eaten by him without even a bone left."

"Safe!" Ji Feng laughed, "If I were that incompetent, I would have rolled my own bunk and gotten out while I still could. I'm only worth a few tens of millions, probably not even as much as he spends in a year, if he can even look at this amount of money, then there's nothing I can say!"

Xiao Sumei was talking to Xiao Yuxuan and Tong Lei. Although Xiao Sumei was very concerned about her son's affairs, she knew that her son had grown up and in many matters, he was more comprehensive than she was, so naturally she would not interfere too much with his affairs.

Only when they leave the embrace of their parents will the eagles really grow up and soar into the blue sky!

When he left the airport exit, Ji Feng frowned a little. His mother had brought three guards as well as two personal guards, plus Ji Yinhong, there were seven people, and if you add the four Ji Feng people, there would be eleven. But there was only one Mercedes Benz SUV and one Mercedes Benz commercial car, so it was definitely a bit crowded.

"You guys go over first, I'll take a taxi!" Ji Feng laughed, "Little Shadow, you know how to drive, right?"

Little Shadow shook his head, "You don't need to take a taxi, the three of them will go by themselves!"

Ji Feng was stunned, "How do you walk?"

"Confidential!" Little Shadow said directly, but a cunning look flashed in his eyes.

Ji Feng: "....."

In the end, Little Shadow took on the role of the driver of the business car, Xiao Sumei and all the others sat in the business car, while Ji Feng drove the Mercedes Benz SUV, and Ji Shaolei sat in the passenger seat, smoking a cigarette beautifully.

As for the three remaining guards, Ji Feng could see through the rear view mirror that two taxis were following not far behind, and there was likewise a taxi in front of them. I don't know where these three guards got the cars from, but they were actually acting as taxi drivers!

"Really capable!" Ji Feng couldn't help but shake his head with a smile.

Ji Shaolei knew what he was talking about and laughed: "There's no need to be so surprised, I believe the people from the Security Bureau had already worked out the route and plan of action before Eldest Aunt came to Jiangzhou, and these three taxis were also arranged long ago. In fact, if we don't come to pick them up, they will definitely take the Security Bureau's car to go too!"

Joking aside, if the main mother of the Ji family all needed to take a taxi to leave, it would be a big joke.

Ji Feng couldn't help but drift off, nodded slightly and said, "These guards are also quite tough."

Ji Shaolei nodded and suddenly asked, "San'er, I suddenly remembered just now that He Hongwei is looking for you, so it wouldn't be for your pharmaceutical factory, right?"

"How so?" Ji Feng was stunned.

"You kid still want to hide it from me?" Ji Shaolei hummed, "Although the old man didn't specify, but I know that the reason why the old man recovered so quickly must have something to do with you, and the only thing in between that is most suspicious is your pharmaceutical factory."

Ji Feng could not help but secretly praise, the second brother is definitely not a stupid person ah.

"Third child, did your people develop some very powerful drug, or, was it some kind of prohibited drug?" Ji Shaolei asked in a deep voice, "You don't have to think about hiding it from me, I know that kid He Hongwei more or less, he is a dog, his nose is very nimble, I think he must have smelled something, that's why he came to you!"

Ji Feng nodded with a bitter smile and said, "Second brother, if He Hongwei's nose is that of a dog, then your brain is that of a computer, your analytical reasoning ability is really too powerful!"

A little bit of traces connected, and Second Brother was able to think above the drugs, if he didn't know that he had been hiding it from Second Brother, Ji Feng would have mistakenly thought that he had already known everything!

The first thing that I can do is to get a good idea of what to do. Otherwise, do you think that with my brother's three-day fish and two-day sunshine attitude, I could play a big company?"

Ji Feng smiled and nodded: "That's right, I do have a prescription to make a drug that has a miraculous effect on the human body, I mean, it has a miraculous effect on any disease, whether it can cure it or not dare not say, but at least, within a certain period of time, it can make the human body several times more energetic"

Ji Shaolei was dumbfounded as he listened, "Holy shit! If this drug is used for resuscitation, then isn't it the same as snatching life from the hands of the King of Hell? I told you, with that kid He Hongwei's drive, how could he be interested in general things, I can't imagine that you are a kid who doesn't sound, but once you sound, you scare people to death!"

Ji Feng shook his head and said, "It's not as good as you say, because this kind of drug also has side effects, simply put, it's the same as stimulating a person's vitality for a very short period of time, but then for a period of time, the body will be very weak, Of course, it's not an overdraft of life, as long as it's tempered afterwards, the the body can still recover quickly!"

"That's also very powerful!" Ji Shaolei exclaimed, "You also do not look at, now how many people died because of untimely resuscitation, if there is this kind of drug, wait a minute, not only this, the biggest role of this drug, should be in the battlefield"

Speaking of this, Ji Shaolei looked at Ji Feng's eyes changed, he lowered his voice and asked with a gloomy expression, "San'er, if what you say is true, do you know, what kind of value this drug has?!"

Ji Feng nodded slightly and said, "I think that's what He Hongwei is aiming for!"

"Definitely!" Ji Shaolei immediately said decisively, "No, I can't just let that kid take advantage, what's more, the health of the He family's old man doesn't seem to be too optimistic, I have to think about it!"

After that, Ji Shaolei stopped talking and thought seriously instead.

At this moment, the serious thinking Ji Shaolei was something Ji Feng had never seen before, his brow was furrowed, a wise light shone in his eyes, and his lips twitched slightly, as if he was deducing something.

Ji Feng couldn't help but smile slightly, but in his heart he had already made up his mind, naturally he couldn't just hand over the prescription so easily, however, if he used the He family's business channels to develop his own pharmaceutical factory, he was still quite interested in it!

Chapter 476

Xiao Sumei's arrival made the Ji Zhen country lively, and although the three guards from the Security Bureau did not follow her up and were only on guard at the periphery, there were still quite a few people in the living room.

Xiao Yuxuan and Tong Lei, in particular, became the focus of attention. Whether it was Xiao Sumei or Ji Yin hong, or the second aunt, they were all extremely fond of these two beautiful and gentle girls, and from time to time, they took their hands and asked questions about women's issues, causing Xiao Yuxuan and Tong Lei to blush from time to time, but their hearts were sweet.

This kind of topic between women, several men naturally ha not into the mouth, and they also do not want to ha mouth, in Ji Zhenguo's gesture, Ji Feng and Ji Shaolei duo followed him to the study.

"Little Feng, the boy from the old He family is looking for you?" Ji Zhenguo asked as he opened the door.

Ji Feng nodded slightly and said, "Yes, it's for the pharmaceutical factory!"

To Second Uncle, Ji Feng naturally did not need to have any concealment, in fact, the news about the special effects current, Second Uncle must have known about it long ago.

Ji Zhenguo mused, "It's not a bad thing, you can get in touch with He Hongwei!"

Ji Feng was stunned: "Second uncle, what you mean is"

Next to him, Ji Shaolei also couldn't help but say, "Dad, the kind of drug in San'er's hand is worth immeasurably ah, even if we want to cooperate with others, then we don't have to cooperate with the He family ah"

"We eat Rou, we always need to let others drink some soup!" Ji Zhenguo said indifferently, "The Ji family is not too strong in business, and the vast majority of business resources are in the side lines, so it's quite difficult to grow up overnight. The He family has this foundation and at the same time has enough channels, we can totally consider cooperation between the two sides!"

Ji Feng pondered up and suddenly looked up and asked, "Second uncle, but if He Hongwei's appetite is too big"

"No, their big appetite is digging their own graves, this kind of stupid thing the He family can't do" Ji Zhenguo immediately said, "What's more, business is all negotiated, if you think the other party's demands are If you don't think the other party's demands are reasonable, you can negotiate!"

The first thing you need to do is to take a look at each other and think about it.

"In addition, Little Feng, you are now a student, so you should focus mainly on your studies, and learn to let go of other things and leave them to others!" Ji Zhenguo suddenly said.

"Hmm?" Ji Feng was a bit puzzled.

"Do you know how Zhuge Liang died?" Ji Zhenguo suddenly asked.

Ji Feng shook his head somewhat puzzled, "Not too sure, but it is said that it was because of overworking"

Seeing Ji Feng's thoughtful expression, Ji Zhenguo said, "Doing everything personally, it's okay to say something if the spread is small, but if the spread is spread out and you still have to do it personally, I'm afraid even a god would not be able to keep busy."

"Second uncle, I understand!" Ji Feng immediately nodded, he vaguely understood what Second Uncle meant, whether he was telling himself to focus on his studies or to let go and leave it to others, in fact, the main meaning was that he wanted to start cultivating his own team.

Only with a strong and powerful team base, to do things, only to be able to handy, some things they have not even thought of, may be someone to help do

And this, too, coincides with Ji Feng's previous thoughts.

Through some recent events, Ji Feng has long had a strong desire and motivation to form his own forces, and before he went to Yuncheng, he had already started to do so, of which Han Zhong had promised that he would continue to be in charge of the pharmaceutical factory, hoping to join forces with him to create a miracle.

The next thing Ji Feng wanted to set up was the security department, and of course, there were other aspects of the force

"Second uncle, I know what to do, your words, I remember!" Ji Feng nodded seriously, second uncle's words were completely for his own good, it warmed his heart, at least, he was not alone in his struggle, there were many people who cared about him.

"Well, it's good to understand, if you have any difficulties in the future, just go directly to your second brother, your elder brother is in Jinling, many things can't help you in a short time, but it's convenient to find your second brother!" Ji Zhenguo again admonished.

Ji Feng nodded seriously and said, "Yes, second uncle."

"I'm also very busy, but I'll try to make time for it!" In front of his own old son, Ji Shaolei naturally had to act like he was serious about his work.

Ji Zhenguo glanced at him and hummed, but did not speak. He was still very clear about what kind of virtue this son of his own was.

Ji Shaolei suddenly smiled sarcastically, making Ji Feng beside him look at him with a smile.

"The matter of Yuncheng was done with some procrastination" Ji Zhenguo suddenly said again.

Ji Feng and Ji Shaolei were stunned at the same time, and again they heard Ji Zhenguo say, "Just a few jumping clowns, why do we need so many scruples?"

Although Ji Zhenguo's words were very plain, the dominance and strong confidence in his words were revealed, as if he was saying, "It's just a few little clowns, if they dare to insult the Ji family, they should directly use their strongest power to beat them into oblivion, what is there to be concerned about?"

The two of them were more or less uncomfortable, although the past Ji Zhenguo was majestic, but he had never been so domineering, and his words were not so direct and murderous.

Ji Shaolei was even more surprised, he had never seen his old man look like this before either.

However, the two of them knew that when Ji Zhenguo said this, his heart was filled with anger, and he must have been so angry because Li Yueqin's mother and daughter had been humiliated.

In fact, back then, when Ji Feng was humiliated by Hu Xuehui, Ji Shaolei's anger because of it was the same as the current scenario, it was a feeling of anger that the Eagle Family, would not tolerate any of the family members being humiliated by a group of straw chickens.

"Second Uncle, I will pay attention next time!" Ji Feng said with a nod, "Be clean and don't drag your feet! I'll remember!"

A smile finally appeared on Ji Zhenguo's face as he nodded and said, "Just remember go."

It was not until he left the study that Ji Shaolei sort of reacted and couldn't help but say with emotion, "Boy, why is the old man so domineering today, it's too fierce!"

Ji Feng was stunned to hear this, and then he laughed bitterly, "If you say that, aren't you afraid that Second Uncle will hear you?"

"It's precisely because he can't hear it, that's why I'm saying it!" Ji Shaolei laughed heatedly, and then he said with a straight face, "Third son, I seem to have thought of something about the old man's intention of asking you to cooperate with the He family."

Ji Feng nodded slightly and said, "I seem to understand it too."

"Tell me about it!" Ji Shaolei laughed, "I'll see if we're both thinking the same thing."

Ji Feng mused, "I think what Second Uncle meant by those words was that finding the He family to cooperate with is actually the best option, which is determined by the characteristics of the kind of drug I have in my hands."

"Second brother, this is the same as what you said, the biggest use of this drug, lies in the battlefield, and the target of application, is the military" Ji Feng mused, "Speaking of the military, we have to mention the Xiang family cooperation between the Ji family and the Xiang family, will make other people extremely afraid, at least, the He family does not want to see this situation appear, destruction is always easier than construction, if the He family wants to destroy, it is too easy therefore, the best way, is to let the He family participate, we all have Rou to eat, naturally it will be fine"

"Hehe"

Ji Shaolei could not help but laugh, "My analysis is similar, but in addition to that, there are some differences I think, in addition to those reasons you mentioned, there is another point, the He family's old man's health is getting worse and worse, it looks like he is the first one to fall inside the three families' old man, we cooperate with the other two cooperation, we can ensure that the situation is stable and not make some people panic!"

Ji Feng pondered slightly for a moment, nodded slightly and smiled, "Indeed!"

If the old man of the He family fell, it would be the same as the top pillar of a building just disappearing, and it was inevitable that some people would have other thoughts at that time, at least, the position of the top family was still very attractive.

What's more, the He family is mainly involved in business, and I'm afraid no one knows how huge the funds are, and there's certainly no one who doesn't want it, people die for money and birds die for food, the He family will definitely become a target, just as Qiao Gakai forced Duan Peng!

If you have the support of the Ji and Xiang families, the He family will not be able to fall at least for a short period of time, which will undoubtedly stabilize the situation.

.....

In the afternoon, Ji Feng drove back to the villa with his mother and Ji Yinhong and the others, of course, this time also in the same two cars from before.

“Wait a minute first!” Just after arriving at the entrance of the villa, Ji Feng suddenly picked up the intercom on the Mercedes SUV and said.

“What’s wrong?” Little Shadow was driving the commercial vehicle behind him and was stunned.

Ji Feng didn’t answer, he just stopped the car and quickly got out and came to the front door, while taking his mobile phone out and dialing a few numbers.

“Tic-tac-!”

The mobile phone rang at the gate, followed by two flashes of light in a small hole on the gate, Ji Feng then smiled faintly, turned around and got into the villa at that moment.

This was specially arranged by Ji Feng before he went to Yuncheng, if someone wanted to break into the villa, these bombs and electric currents would be the best hospitality.

Xiao Ying and the other female escort in the business car at the back were stunned at all this, a guard device remotely controlled by a mobile phone, this was not unusual, but apparently, Ji Feng had installed the whole villa with this guard device and they did not see it, this was what surprised them both the most.

“What a strange guy, even more professional than us!” Another female guard muttered, and Xiao Ying instantly pursed her lips and secretly said, “I’m afraid if you’ve seen his body, you’d be even more shocked!”

Chapter 477

“It’s not simple, it’s really not simple!”

Outside the villa, Xiao Su Mei’s two personal guards were constantly checking the guard devices arranged on it along the fence, and the more they looked at it, the more they felt cold sweat all over their bodies, and the shock in their eyes became even more intense.

“It’s unimaginable, this small villa is actually equipped with over a hundred alarm devices, and each alarm device is also equipped with an attack device at the same time, and there are actually bombs” a female guard was both shocked and bitterly smiling. “Little Shadow, if it was you instead, could you not come in if you didn’t know about it beforehand?!”

Little Shadow shook her head with a bitter smile and said, “If I didn’t know the configuration of the guards here before and barged in rashly it’s not a question of whether I can get in, but whether I can survive.”

If they were close to the courtyard wall and observed for themselves, they would still be able to see the alarm devices, but near every alarm point, they were equipped with attack devices, and if Ji Feng hadn’t told them before that they shouldn’t touch them indiscriminately, even if they were lying on the wall, they wouldn’t be able to see the attack devices.

Under such circumstances, I am afraid that even those who are even more skilled will definitely suffer a big loss once they try to force their way in.

Imagine a bomb suddenly exploding in this incredibly hard wall, even if it is just a homemade bomb, it is enough to instantly split a person's skin and even break their bones.

What's more there are bombs packed around all these hundred or so power blast points, and that's not the only means of attack, there are electrical attacks and perhaps others!

This is not a villa, simply call it a bunker!

When they thought of what might happen if they attacked the villa, Xiao Ying and the other female guard, they couldn't help but sweat coldly, unless they used heavy weapons to force their way in directly from the outside, or used a helicopter or glider or something like that to drop down through the mouth, otherwise, there was no other way to get in.

However, who could guarantee that Ji Feng had not set up anti-aircraft devices?

Little Shadow and the female guard, who had turned around to look at the villa building, could not help but secretly stammer, was this a residential building, or a bunker?

However, what interested Little Shadow the most was the way Ji Feng had arranged these guards and attack devices. If one just looked with Rou eyes, one would not be able to tell where these devices were actually arranged, and it would be useless to be more careful.

This kind of technique is simply much more professional than any of them!

If they could learn this technique

The two of them looked at each other and said in unison, "Detect it again with the instruments!"

.....

Inside the villa, Xiao Yuxuan and Tong Lei sat in the living room, looking upstairs with some anxiety.

"Sister Yu Xuan, Auntie won't teach Ji Feng a hard lesson, will she?" Tong Lei asked with some worry.

"I don't think so, I think Auntie should have something to explain to him!" Xiao Yuxuan said somewhat hesitantly, but in her heart she was not sure, perhaps in front of other people, Xiao Sumei would not say much about Ji Feng's ridiculous behavior, but in private, compared to still be angry.

The two women were a little apprehensive, even though Xiao Sumei had given them a jade bracelet, but they could not guess what was in her mind, so they could only wait with anxiety.

The study upstairs, Xiao Su Mei is staring at her son with a simple smile on his face, his heart is angry, but can not be angry.

"You" Xiao Sumei shook her head helplessly and sighed softly, "Both girls are good girls, what are you going to do with them? Are you really going to delay people for life like this?"

Xiao Sumei was both angry and helpless at her son's absurdity. When she first heard that her son had two girlfriends, she only thought that young people were more casual about their relationships, and that perhaps when they were older, they would have restrained their hearts.

But after meeting Xiao Yuxuan and Tong Lei today, Xiao Su Mei suddenly realised that her thoughts were wrong, and that her son was not as young as she thought.

Especially Tong Lei, whose parents Xiao Sumei had already met.

In this way, Xiao Sumei could not help but have some headaches, these two girls are good girls, hurting any of them would be a sin, but this absurd practice of her son is really

Ji Feng smiled awkwardly, scratched his head and said, "Mom, actually it's that what, well Yu Xuan does not intend to marry me, the object of future marriage, but also definitely Tong Lei"

Xiao Su Mei suddenly heart to be angry, glared at him, reprimanded: "Then you can just let others suffer? What are you doing to provoke people if you're not married?"

Ji Feng opened his mouth, but he couldn't say anything, he could only smile sarcastically.

Of course he knew why his mother was so angry, when she and his father, wasn't it because of the existence of other women that this was separated for more than ten years?

"Then what" Ji Feng coughed dryly and said, "I definitely won't hurt them, well, at least, I won't fail them, just rest assured, mum, your son is not that kind of negative bastard! "

Xiao Su Mei said angrily, "Then what should I tell Xiao Yuxuan's parents? Do I have to go and tell people that your daughter is my son's lover, don't worry about it, my son won't fail her! Can I say that?"

Ji Feng instantly smiled sarcastically and said in a small voice, "I will tell Yu Xuan's parents about this matter."

Xiao Su Mei suddenly gave him a fierce glare, but was helpless, her son had grown up and was starting to have his own opinions.

"Mom, don't worry about it, your son isn't the kind of person who messes around, don't you still understand!" Ji Feng hemmed and hawed and poured his mother a glass of water in a panic and said curtly, "I promise I will never hurt them, I promise!"

"What's the point of your promise?" Xiao Su Mei glared at him.

Ji Feng was stunned, and then he laughed, "It's of little use."

"I don't care about your affairs now, but I'm telling you, if I hear that you've hurt someone in the future, don't come to see me, I don't have a bastard son like you, you hear me!" Xiao Su Mei said sternly.

Immediately, Ji Feng's heart flinched and he nodded his head in a panic: "Mom, don't worry, I remember!"

"Well, since that's the case, then treat people well, as for what will happen in the future, that's all up to you youngsters, I don't care, I get angry when I see you like this!" Xiao Su Mei hummed.

The first thing you need to do is to get a good idea of what you are doing.

The first thing you need to do is to get a good idea of what you're doing and how you can blame it on your son.

Suddenly, he had a sudden burst in his heart, his mother was so angry, could it be related to his going in search of Li Yueqin mother and daughter?

But on second thought, he denied himself this thought, even if his mother was as careful as she could be, she would never show it in front of herself, so her being angry now must have nothing to do with that incident, she was really annoyed with herself for the ridiculous act of having two girlfriends.

"Mom" Ji Feng weighed his words and said carefully, "Then what I found Aunt Li Yueqin"

Xiao Su Mei nodded slightly and gave a hm, but did not say more.

Ji Feng couldn't help but be stunned, what kind of response was this?

"You don't scold me?" Ji Feng blurted out, and immediately cursed himself for being stupid, wasn't this looking for scolding?

Xiao Su Mei was instantly exasperated, she glared at her son and hummed, "I'm dying from you, how can I still have the strength to scold you?"

"Yes, yes, yes!" Ji Feng scrambled to admit his mistake, "Mom, I'm wrong, I did wrong in this matter, I shouldn't have taken matters into my own hands"

Before he could finish his words, he was interrupted by Xiao Su Mei, she hummed, "Brat, you think I'm angry because you got them here? I'm mad at you brat for thinking of mum as so careful!"

"What?!"

Ji Feng was immediately filled with astonishment and couldn't help but scratch his head, so what, his mother wasn't angry? How is this possible!

At the beginning, mother just heard that father had another woman before her and left Yanjing in anger, now that he got Li Yueqin's mother back, how could mother still not be angry?

"Illusion! It must be an illusion!"

Ji Feng secretly admonished himself, "Behind the calm is actually the process of a storm brewing, must be sincere in attitude and hurry up to admit his mistake."

"You ah" Seeing her son's astonished look, Xiao Su Mei shook her head helplessly and said, "Little Feng, in fact, what happened at the beginning, mum was also at fault, after all, she was in the past, mum shouldn't have been so impulsive. Besides, it's not like you don't know what we've been through all these years, and I've heard that her life is likewise not very good, and you were right to get them back!"

"That that" Ji Feng stammered, what did his mother mean by that?

Xiao Su Mei hummed, "It's right to get them to Jinling, your father means the same thing!"

Hmm?

Ji Feng's eyes widened, was this a praise for himself?

The first time I saw the woman, I was so happy to see her.

..... If she dared to do that herself, she would probably be killed!

Mother is still cautious ah! Ji Feng secretly laughed in his heart.

Xiao Su Mei did not know that her son was slandering himself, she deliberated for a while before suddenly saying, "Little Feng, I have discussed with your father, this year's Spring Festival, we will first go back to Mang Shi County for a trip, and then go to Yanjing for the New Year."

"What are you going to do in Mang Shi County? Propose marriage?" Ji Feng immediately asked. Was his mother going to take himself to Lei Lei's house to propose marriage?

"Brat, what's going on in your head?!" Xiao Su Mei cursed with tears and laughter, and only after a long time did she sigh softly, "Your grandparents are getting older, and their health is also much worse, so they always need to go back to see! I heard your father say that your grandfather"

Ji Feng's eyebrows instantly furrowed and the smile on his face disappeared.

Chapter 478

Ji Feng frowned, not because his grandfather and grandmother were old or because they were in poor health, but he seemed to feel a sense of helplessness from his mother's words.

Hearing his mother's words, Ji Feng did not say anything, but only nodded noncommittally.

"Little Feng, what is your opinion?" Xiao Su Mei couldn't help but ask. She certainly knew that her son would definitely not have a good attitude towards those people in Mang Shi County, so she had to seek his opinion.

Ji Feng spread his hands and said indifferently, "Mom, you just make the decision on such matters, I listen to everything you say!"

Once Xiao Su Mei heard this, she instantly understood that her son was unwilling in his heart, and could even say that he was extremely determined to loathe going back, but because he had brought it up, he could only nod and agree, it was not good to refuse.

"Little Feng, mum knows you don't want to go back, but after all, your grandparents are old" Xiao Su Mei found that she really had no reason to convince her son.

Grandparents? What does that have to do with Ji Feng?

Xiao Su Mei still clearly remembered that after she left her old home and moved to Mang Shi County, because life was really too bitter, seeing her son being starved to the point of being yellow and thin, she could not bear it in her heart, so she took her son back to her old home.

As a result, she was scolded by the old man as soon as they met, and instead of eating at home for a whole day, her son ran off alone to the fields, dug up wild vegetables, and cooked and ate them in a small paint bucket that he had picked up from somewhere!

At that time, Ji Feng was only just eight years old.

When his son disappeared, no one in the whole family went to look for him, even when Xiao Sumei begged, no one moved.

When she saw her son, whose little face was blackened by smoke, her heart simply broke, and she walked the whole night with her son in her arms, straight back to the county.

These things, Xiao Sumei inadvertently found in her son's diary when she was moving house once, and her feelings at that time can be imagined.

Under such circumstances, how could Ji Feng be willing to go back?

In his heart, how could he still have any so-called grandparents? Not to mention what aunts and uncles and the like, apart from insulting Ji Feng, no longer brought him any other impression.

It was already considered broad-minded of Ji Feng not to retaliate against them!

When she thought of this, Xiao Sumei could not help but sigh softly, her heart felt like a knife twisting, she also hated those family members who only had fame and face in their eyes, but not the slightest affection.

But after all, they were her parents, her brothers and sisters.

Xiao Sumei did not want to see her son's hate-filled eyes when she mentioned her old family. Although Ji Feng's eyes were now calm and his expression was incomparably calm, without a single ripple, Xiao Sumei knew that in her son's heart, there were indelible scars.

The hardship of the environment can create a person's heart of stone, but few people know that once the stone is cracked, it is very difficult to heal again.

However, Xiao Su Mei hopes that her son can remove the hatred from his heart, or at least, not hate the people of his family so much, after all, they are her family.

Even though his parents had gone too far, he owed them a debt that he could not repay for the rest of his life, so he could not just hate them.

After weighing her words, Xiao Su Mei sighed lightly and said, "Little Feng, mum knows that you are not happy in your heart and don't want to go back, but this time it is mum who wants to go back, so just think of it as accompanying mum back, okay?"

Ji Feng smiled and said, "Mom, I've said it all, I'll listen to you."

Xiao Sumei nodded slightly, but in her heart she was even more worried, the more Ji Feng was like this, the more it meant that he was already extremely angry in his heart, but there was nothing Xiao Sumei could do to make her son change.

"Then it's a deal!"

Xiao Su Mei laughed, "Little Feng, we have to agree first, when we get back home, you can't just lose your temper, if there's anything, just put up with it a little more, even if it's for mum's sake, put up with it, okay?"

Ji Feng nodded and smiled, "Don't worry, mum, I've always been obedient, and this time is likewise no exception"

"It's just acting as a chauffeur for once, for mum, I'm happy to do it!" Ji Feng added another sentence.

Xiao Soumei's heart sank when she listened, just a driver only son this is drawing down the line, if it is beyond the scope of the driver, he is not doing it.

Just say it vaguely.

"Fine! Then you'll be a driver!" Xiao Sumei smiled.

Ji Feng, however, frowned slightly and was secretly puzzled in his heart.

He knew his mother's character very well, she had a heart of bean curd, although she seemed fierce, she was actually very soft-hearted and couldn't bear to see others suffer. But even so, when it came to her old home, her mother had not gone back all these years, which was enough to see how sad she was in her heart.

But the question is, what exactly is the reason now that made mother actually come all the way from Yanjing to Jiangzhou to take herself back with her?

The reason is that the mother must know her attitude towards her old home, but she must have called herself, there must be some reason in between that she does not know

Why don't you tell us, maybe I can help too!"

"You can help?" Xiao Su Mei's eyes lit up and she asked in surprise.

Ji Feng smiled and said, "That depends on what it is If it is some trivial matter, then I can help, but if it is some national matter, then forget it, I am not that capable!"

Xiao Su Mei immediately laughed and scolded, "Brat, just know poor mouth, a small Mang Shi County can have what national affairs? I think you just don't want to help!"

"Then you have to tell me what the matter is, right? Otherwise, even if I want to help, I don't know where to start!" Ji Feng heatedly smiled, but in his heart, he was even more certain that his mother must have dragged himself back, there must be something he wanted to do, and it was still something that he couldn't do without himself.

"Your grandfather has fallen ill." Xiao Su Mei sighed and said.

"What?!" Ji Feng was stunned, then he smiled: "Birth, old age, sickness and death, this is a normal part of life, there is nothing to worry about, I can help with this favor"

He laughed: "Jiangzhou's big hospitals, I can help contact, really can not, then find the second brother or directly to the second uncle, the money by me to pay, cure well, this is all indifferent thing!"

“But this is not an ordinary disease” Xiao Su Mei’s face was a bit gloomy as she said softly, “What your grandfather has is lung cancer, often from smoking dry cigarettes!”

Ji Feng was stunned, and only after a long time did he say, “Mom, this is all the more reason to contact a big hospital, the small hospital in Mang Shi County doesn’t work at all, I think, we don’t need to go to Mang Shi County, you can send someone to Mang Shi directly, bring Grandpa over, I’ll help contact the hospital, okay?”

Xiao Su Mei glared at him and wanted to rebuke him, but when she saw the bright smile on Ji Feng’s face, her heart felt like it was twisting like a knife, and she swallowed back her words at the edge of her mouth.

The fact is, no matter how good Ji Feng’s words are, they are only for one purpose – not to go to Mang Shi!

Whether it was helping to contact the hospital or offering to pay for it, there was no need to go to Mang Shi County, let alone meet the person who disgusted him so much.

Xiao Sumei wanted to reprimand him but couldn’t find a reason to do so. When she thought about it, Ji Feng was able to help with the money and contact the hospital, so she had actually done her best to be kind.

For him, this is spending money to buy a peace of mind, not to help certainly can not say, then spend a little money, make a few phone calls to contact the hospital, this to his grandfather, it has helped a lot.

As for meeting or in another life!

Xiao Soumei, however, cannot blame her son, think about it from a different perspective, Ji Feng even if he just ignores it, then at most he will be poked and prodded, and will not lose anything.

However, this was definitely not the outcome Xiao Sumei wanted.

“Little Feng, mum heard that you have a special medicine in your hands that is very effective against some diseases?” Xiao Sumei finally opened her mouth and asked.

Ji Feng was stunned and then smiled, thinking that his mother must have known this news from his father and grandfather, he nodded without hiding and said, “Yes, there is such a special effect medicine that can hang on to one’s last breath, but it is unlikely to cure the disease, because it is not a cure!”

“How did you cure your grandfather’s illness?” Xiao Su Mei immediately asked.

“Mainly using other methods, and then with the medicine” Ji Feng smiled, “Mom, if you need this kind of medicine, I still have some here, you can take it by all means!”

“What about you?!” Xiao Su Mei pursued, “Little Feng, mum knows that you are actually the master of healing, without your hand, this medicine is actually not very effective, right?”

Ji Feng immediately smiled bitterly, after all was said and done, his mother had still put the idea on his head.

It seemed that this was the reason why his mother had to drag himself to Mang Shi County!

“Mom, lung cancer is not an ordinary minor ailment, if I could even cure cancer, I would have already gone to be a miracle doctor, why would I still be in school?” Ji Feng laughed, “Mom, it’s getting late, I guess Yu Xuan and Lei Lei have already got dinner ready, I’ll go down and take a look first!”

With that, without waiting for Xiao Su Mei to say anything, he quickly walked out.

Xiao Su Mei could only laugh bitterly and speechlessly, after a long time, she took out her mobile phone and dialed her husband’s number: “Zhenhua, it’s really just like you guessed, Xiao Feng is extremely repulsed by this matter, just when I brought up the topic, he avoided it and didn’t talk about it at all!”

“That’s why I asked you to come to Jiangzhou early, so that you can slowly work on him, don’t worry, in time, he will definitely think about it, our son, can you still not understand?” Ji Zhenhua comforted, “I’ll give him another call tonight and do his job again!”

“But, I’m afraid I’m afraid the old man can’t wait that long!” Xiao Su Mei sighed softly.

Ji Zhenhua mused, “That’s a problem Then this way, when Xiao Feng has finished his exams, you will go back immediately, if he really doesn’t want to, force him to agree, this brat can’t be spoiled like this all the time, his tail is up in the air!”

“Pah!” Xiao Su Mei was so angry that she hung up the phone directly, how could she not hear that her husband was saying the opposite with this last sentence, aiming to knock herself from forcing her son.

“Just know how to protect your son, you think I want my son to be aggrieved!” Xiao Su Mei grunted in exasperation!

Chapter 479

Angry to be angry, Xiao Su Mei now dare to be angry with her husband, but do not dare to be angry with her son. She knows her son’s Xing character better than anyone else, if she is angry, Ji Feng will certainly help to save, whether or not it can save, he will certainly do.

However, the result of doing so might be that her son would have a lump in his heart for the rest of his life, and he might even be depressed until he died!

If he had insisted, his son would not have objected, but that was no reason for Xiao Sumei to support him.

To be cruel, if he had to choose between his father and his son, he would prefer Xiao Sumei shook her head slightly, such a situation was what she feared the most, no matter who she chose, she would be grief-stricken.

However, her son is still so young, his life has just begun, if this time let him carry an unresolved knot in his heart, depressed for life, Xiao Su Mei will not agree to die.

So she could only talk to her son in a pleasant manner, trying to coax him to go to Mang Shi County and create a fact, because she knew that her son was also a soft-hearted person, and when he saw his grandfather’s frail and dying state, he would not be able to bear it.

But her son was so keen to spot the crux of the matter that her plan fell through.

This time, Xiao Soumei was thoroughly worried.

The man who followed her husband on the phone was bent on defending his son, not only did he not help himself, but he also politely reminded himself not to push his son too far that was not his son's son, he also had a part to play, OK!

In fact, Xiao Su Mei also knows that her husband really does not have any good feelings towards his old father-in-law, because these years of their own and their son's experience, he understands everything, naturally know, their own and their son suffered so much, he himself is responsible for a large part of the responsibility, the old father-in-law also has a great responsibility!

If he hadn't done anything wrong, Xiao Sumei wouldn't have left Yanjing, but if the old father-in-law had been even slightly more forgiving, he would have been able to find Xiao Sumei and her son sooner and wouldn't have let them suffer so much

People are selfish, this kind of complex grudge entanglement, even if Ji Zhenhua is a leader, but also can not completely see away.

Naturally, Xiao Sumei could not blame her husband. While he was blaming himself, he was also thinking of taking out his anger for his son, which is a normal human feeling that anyone can understand.

However, Xiao Su Mei was so worried about this that she still had a headache at dinner time, how to convince her son.

"Auntie, is it that our cooking doesn't taste good?" Seeing that Xiao Su Mei rarely moved her chopsticks, Xiao Yuxuan could not help but ask with a smile. After spending the afternoon together, Xiao Yuxuan's two daughters had also gotten to know Xiao Su Mei very well.

Xiao Su Mei immediately laughed and said, "Of course not, nowadays, there are fewer and fewer girls like you who are both beautiful and can cook!"

Next to her, Ji Yinhong couldn't help but laugh, "That's true, look at those girls nowadays, how many of them can cook? It's not like in our time, if you can't cook, you're too embarrassed to say so, and it's embarrassing when people know about it!"

Ji Feng thought deeply about this, pretty girls don't know how to cook, girls who can cook are not pretty, this has almost become a law.

In the view of many girls, not being able to cook seems to have become a kind of glory, being able to cook instead will be seen as a housewife, this is really a very speechless viewpoint.

"The fact that a girl is pretty is only an objective factor, but many people take it as capital that they can show off" Ji Feng chuckled and said, "But the truth is that such girls are not very pretty inside ."

"Saying a set of words", Xiao Yuxuan couldn't help but give him a blank look, and the others couldn't help but laugh.

Xiao Su Mei, however, only smiled faintly and let it go, she had something on her mind, it was hard to really laugh happily.

Seeing this, Ji Feng couldn't help but scratch his head, but he was glared at by Xiao Sumei: "When did you learn this bad habit, everyone is eating, why are you scratching your head! How unhygienic is this!"

"Hey, hey, I won't next time!" Ji Feng heatedly laughed and tried to scratch his head again, immediately he was given another white glance by Xiao Yuxuan, he was stunned and then laughed, "I don't know when I learned to scratch my head, it's indeed very bad."

"That's right, there's no image at all!" Xiao Yuxuan said.

"Auntie and Sister Yu Xuan are right, this habit is really bad!" Tong Lei also said brittlely.

If Ji Feng didn't scratch his head, when he stood in the crowd, he would have an aura that people wouldn't dare to underestimate, but if he scratched his head, it would make him a little more naive and less powerful, and he wouldn't be any different from an ordinary person.

Everyone likes their boyfriends to be extraordinary, standing in the crowd like a crane standing out from the crowd, and Tong Lei and Xiao Yuxuan are no exception.

Seeing these two girls getting along so well, Xiao Su Mei and Ji Yin Hong looked at each other and only smiled bitterly at each other. The female guard Xiao Ying, who was also sitting next to them, and the other female guard, could not help but secretly stammer, these two girls were really the same, did they not know that the presence of the other would put their own feelings at risk?

Some worldly gentry handled their relationships in a messy manner, and some of them could even be described as absurd, these were things that Xiao Ying and the other female guard had heard of, but even if they were absurd, no gentry had ever dared to put things on the table.

But Ji Feng was different, he had openly taken his two girlfriends to pick them up from the plane, and he had openly taken them to the head's house, which was really

The two female guards didn't know what to say, anyway, they had never heard of such things, let alone seen them with their own eyes.

"Auntie, try this lotus root slice, " Tong Lei said crisply as she clipped a piece of lotus root and placed it in Xiao Sumei's bowl.

Xiao Soumei immediately smiled with her eyebrows, happy, nodding her head repeatedly. She was so happy with her future daughter-in-law.

But the more she did so, the more guilty she felt in her heart. These two girls, which one of them was so excellent, how could they have followed Ji Feng!

No matter which one Ji Feng chose in the end, it would hurt the other one, which was not what Xiao Su Mei wanted to see. But she couldn't say much about the child's feelings, so she could only secretly shake her head.

Xiao Su Mei not only has a very good son, but also two daughters-in-law, one virtuous, the other ice and snow smart, both very beautiful, really good fortune.

When she thought of her sister-in-law's past as a stranger, Ji Yinhong admired her immensely, for she had brought up her children by herself and was able to educate them so well.

Xiao Su Mei was unaware of the envy in Ji Yinhong's heart. She gently ate the lotus root slices that Tong Lei had given her, but in her heart she was thinking about her father's condition and couldn't help but worry a little.

In fact, Xiao Soumei did not know much about her father's condition. She had only heard about it from her husband, and because of Xiao Sumei's relationship, Tong Kai De, who was far away in Mang Shi County, would also pay some attention to the Xiao family's situation from time to time.

It was Tong Kai De who found out that Elder Xiao had lung cancer and only then told Ji Zhenhua.

However, according to the information that Tong Kai De had received, Xiao's father, because of his late discovery, might now be in the middle or late stage, and his situation was somewhat unpleasant. According to the doctor's judgment, he was afraid that it would be hard enough for him to last for another year or so.

Once I thought of this, Xiao Sumei's heart was worried, his father was getting older and his health was definitely getting worse, while his mother didn't know if she could withstand the blow

The three of them were so close that the two women could naturally feel the difference in Ji Feng's heart, but they didn't know why and could only comfort him silently.

This, however, made Ji Feng's heart feel a lot more comfortable.

Xiao Sumei looked at the sweet scene between Ji Feng and the two girls, suddenly her heart moved, if she let Xiao Yuxuan and Tong Lei help to persuade her son, I wonder if it would be a little more effective than going to persuade herself?

In general, pillow talk is the most effective, and I think it is no exception for Ji Feng.

When they finished eating, Xiao Sumei and the others had just cleaned up the dishes when she rushed Ji Feng upstairs while they watched TV in the living room.

Ji Feng raised his eyebrows, how come he made himself look like an outsider instead?

After finding nothing unusual, he pulled a chair over and sat down at the desk, lit a cigarette and smoked silently.

In fact, in his heart, Ji Feng was not as calm as he appeared to be, only that in front of his mother, he could not show his anger.

"Creak-!" The door to the study made a sound of wood rubbing together, and Ji Feng slowly turned around, only to find a delicate figure walking in.

"Little Shadow?!"

Ji Feng couldn't help but be a little surprised, "Is there something wrong?"

Xiao Ying looked a little embarrassed, a faint blush surfaced on her pretty face and she hesitated for a moment before asking, "Little, little chief"

Before she could finish speaking, she was interrupted by Ji Feng, who laughed: “Don’t don’t, don’t, the three words Little Chief gives me goosebumps, didn’t we agree before, just call me by my name directly Say, what is it that you are looking for me!”

“I want to ask, I, can I study with you?!” Little Shadow asked with some squirming.

Chapter 480

Ji Feng was stunned and asked with a smile, “Learning from me? What do you want to learn?”

“To learn from you the techniques of arranging guard devices.” Little Shadow said with embarrassment, after all, this kind of thing, all belonged to one’s skill category, and generally people would not teach it.

Ji Feng instantly laughed, “The technique of arranging guard devices, didn’t you guys learn it during training?”

“Learned it, but, but your techniques seem to be a bit more powerful” Xiao Ying’s pretty face was slightly red, “Just now Xiao Ling and I checked the villa over no, it was a tour”

Little Shadow felt that she had said the wrong thing, her pretty face reddened even more, and her voice trembled a little as she spoke; “We, we found that your set up technique was very powerful, unless we looked along the walls inch by inch, there was no way to avoid the guard devices that you had set up”

“Oh?” Ji Feng couldn’t help but ask with a smile, “You think my technique is very powerful? How is it awesome?”

“It’s, it’s just a level by level progression, and there’s a clear distinction between the main and secondary levels, the guard devices you laid out are divided into several levels, like there’s the outermost alarm device, the second layer inwards is an attack device, and the layer further inwards is a bomb.” As soon as we talked about this aspect, Little Shadow immediately became very serious and competent and said extremely quickly, “There are three layers outside here, interlocking, and the guard devices on the first layer are all arranged in locations where people usually come across them easily”

“This arrangement of yours is very elaborate, the first layer is on guard, the second layer attacks, and the third layer must kill!” Little Shadow finished, with a face of emotion, “You used the most ordinary instruments, but the effect of alerting and defending is nothing less than unimaginable!”

Ji Feng laughed, “Didn’t you already understand it all?”

“Ah?!” Little Shadow was stunned.

“You want to learn how to arrange this kind of guard device, now that you’ve analyzed it thoroughly yourself, isn’t that the same as having already learned it?” Ji Feng laughed, “In fact, the reason why you are amazed at this technique is because the equipment you usually use, are all very advanced, that’s why you overlooked the fact that the usual devices, can actually be used to good effect

Xiao Ying nodded thoughtfully and said, “What you said makes sense, I did overlook the normal equipment in the past. In fact, when I used to train, equipment was one of the items ah! I, I can’t talk about it.”

She hurriedly covered her mouth in some panic, and that look was adorable.

Ji Feng was dumbfounded, of course he knew that these guards’ training items were confidential and could not be told to the public, but what made him feel funny was Xiao Ying’s panicked look, which was simply like two people from her usual valiant appearance.

“Little Shadow, if you really want to learn, when I free up my time, I’ll give you a set of materials specifically for setting up various instruments.” Ji Feng laughed, “However, you have to keep it well, or at least not let others see it easily.”

Xiao Ying was overjoyed at hearing this and nodded his head in a panic, “No, no! I will definitely keep it and not let other people see it!”

Ji Feng smiled and nodded, saying, “Is there anything else?”

“Ah!”

Xiao Ying's pretty face instantly flushed and she shook her head in a panic, "No, no, I'll go first!"

Looking at her back which was almost deserted, Ji Feng shook his head and gave a light sigh, the smile on his face gradually disappeared and he just fell silent, gradually falling into contemplation.

It was only when he felt some heat on his hands that Ji Feng jerked awake and found that the cigarette had already burned out, he hurriedly put out the cigarette and lit one again, unable to stop himself from shaking his head and laughing: "Smoking out lung cancer? This is really"

The first thing you need to do is to get a good idea of what you're doing.

"A headache!" Ji Feng took two strong puffs of smoke and gently exhaled smoke rings, following the light, watching the smoke rings gradually spread, his eyebrows tightened up, his heart could not help but smile bitterly: "Old mother, ah, you have given me a big problem this time!"

In fact, for Ji Feng, it was a little difficult to step in to save Grandpa, but it was not impossible. But there was one problem, and that was that he was not sure that he could definitely cure Grandpa.

Lung cancer!

This was not an ordinary minor ailment, much less an aging body function like Grandpa's, this was a terminal disease that had left the medical profession today helpless, Ji Feng would not be arrogant enough to guarantee to cure cancer!

What if it can't be cured?

If he couldn't be cured, would he have to endure those cold words again? Especially those snobbish uncles and aunts, when they see their sudden appearance, they might be extremely wary of thinking they are going to rob grandpa's family fortune

What's more, at the beginning, Grandpa's phrase 'wild seed' has long been burned into Ji Feng's heart, so that he will never forget it for the rest of his life, and occasionally when he remembers his childhood, he will recall that cold and disgusting phrase – wild seed!

"Wild seeds huh!" Ji Feng shook his head and laughed, an inexplicable glint in his eyes as he squeezed out a few words between his teeth, "I'm a wild bastard?!"

"Knock knock knock!" A knock on the door suddenly sounded.

Ji Feng immediately turned around, but he saw Xiao Yuxuan's pretty face with a sweet smile on it, standing at the door of the study.

"Come in, what are you doing being so polite?!" Ji Feng hurriedly put out the cigarette in his hand and smiled, "Why aren't you downstairs watching TV?"

"Watching TV is too meaningless, it's better to watch you!" Xiao Yuxuan smiled sweetly and swayed her body as she walked in.

Ji Feng instantly smiled heatedly, "Watching me? I'll definitely satisfy you at night when you go to bed!"

"Bah!"

Xiao Yuxuan's pretty face flushed, "Little rascal, all day long you're immodest!"

Ji Feng smiled faintly and patted his lap, indicating for Xiao Yuxuan to sit in his arms.

Xiao Yuxuan, however, giggled twice, but casually pulled away a chair and sat opposite Ji Feng, laughing delicately, "I won't give you the chance to be a rogue, you don't want to save face, I want more, auntie is down there!"

"What's wrong with that, she'll understand!" Ji Feng laughed heatedly and was about to go forward to hug Xiao Yuxuan, but she hurriedly stopped him.

“Little rascal, don’t make a scene yet, I have something to say to you!” Xiao Yuxuan said in a soft voice.

Ji Feng smiled and asked, “What are you going to say?”

Xiao Yuxuan hesitantly said, “Auntie told me about your childhood and asked me to come and talk to you!”

“It’s about my grandfather, right?” The smile on Ji Feng’s face gradually faded as he asked in a calm voice.

Xiao Yuxuan nodded slightly and said softly, “Yes, auntie said that the old man has lung cancer, the situation is very unpromising, and only you may be able to save him What do you think?!”

Ji Feng touched his pocket and put his hand down again.

Xiao Yuxuan naturally understood that he wanted to smoke and couldn’t help but say softly, “Smoke it, I’ll be fine!”

Ji Feng shook his head and laughed: “Smoking will give you lung cancer, and smoking second-hand smoke is even more harmful, in front of you guys, I won’t smoke!”

Xiao Yuxuan suddenly smiled sweetly and said softly, “Ji Feng, I know that you are having a hard time in your heart, if you feel blocked, just talk to me about it. No matter what time it is, I am your listener and most loyal.”

“Actually there’s nothing to say!”

Ji Feng’s fingers tapped the table twice, shook his head and laughed: “I mean, my childhood, in fact, was very monotonous, even if I was even more eloquent, I couldn’t say much about the big sky, anyway, left and right, I just suffered blank stares and was scolded, occasionally I met one or two children that I could talk to, their parents still wouldn’t let them get in touch with me... My cousins, apart from playing with me, were always beating me up, so whenever I saw them, I was beaten up!”

Xiao Yuxuan's heart felt a sourness, of course she could understand, a child of a few years old, without a partner, living a life of hardship, what kind of mood should that be?!

"Actually, all this is nothing, because I still have a mother who loves me, I'm much luckier than many people!" When he mentioned his mother, the corner of Ji Feng's mouth couldn't help but pull up a warm smile, the woman who gave him the most selfless love, accompanied him throughout his childhood, and accompanied him through his teenage years, now that he had finally become a young man, it was time to pay proper filial respect to her.

"However, what I can't tolerate the most is that those people even want to humiliate my mother along with her hooking up with a wild man and giving birth to a wild seed!" Ji Feng smiled to himself, a cold light flashed in his eyes, "That's a good point! Isn't it?!"

Xiao Yuxuan opened her mouth, but felt something blocking her throat, making her nose sour and a glint of crystal in her eyes.

"At that time, my family was poor, in fact, not only our family was poor, the whole of Mang Shi County was poor, and because of this, those aunts and uncles of mine, were afraid that my mother and I would depend on them, so that's why they said that, right!" Ji Feng seemed to be explaining, and seemed to be excusing those so-called relatives, "Only, since it's come to this point, relatives can't be, it's hard to become strangers if you want to By the way, the people who said those things, also included my grandfather, the old man who gave my mother life! "

After a pause, Ji Feng stretched out a finger and waved it in front of his eyes, his gaze shining with unprecedented determination: "For the sake of my mother, I won't take revenge on those people, but I will never forgive them, never, never"

At this moment, Xiao Yuxuan had long since burst into tears.

"Originally, I thought that things would just go away and everyone would have been in two worlds long ago, but I didn't expect that such a situation would arise now"

Ji Feng shook his head and smiled, asking, "Yu Xuan, what do you think, what should I do?"

Xiao Yuxuan did not answer, but only clutched Ji Feng's hand tightly and choked up.
