

Campus Master 491-492

Chapter 491

The next morning, Ji Feng woke up early, without Xiao Yuxuan and Tong Lei around to accompany him, Ji Feng always used to get up early.

In fact, after all this time of warmth, Ji Feng and Xiao Yuxuan and Tong Lei had already reached the point of water **mixing, and he had also formed the habit of sleeping with the two women in each other's arms.

But now that his mother, Xiao Sumei, and Ji Yinhong are here, Xiao Yuxuan and the two women are adamant that they do not agree to sleep in the same bed with him and insist on sleeping separately.

Especially in front of Xiao Sumei, the two women are still unable to let go, after all, they and Ji Feng have not really married each other, in front of the elders is always very embarrassed.

Ji Feng had no choice but to sleep alone in his own bedroom. He was now regretting why he had bought such a big villa! If he had bought a three-bedroom villa or a two-bedroom villa, then maybe he could have squeezed in with Xiao Yuxuan's two daughters by then!

Of course, sleeping alone also had a lot of advantages, as he could have enough time to receive training from the intelligent brain and continue practising the second set of moves. Up to now, he had completely mastered the second set of moves, and all that was missing now was a matter of proficiency.

According to the intelligent brain, when he could master the second set of moves as easily as the first set of moves, so that he could perform those moves no matter where he was, then he would be considered to have truly learnt those moves.

Apart from that, Ji Feng had more time to think, as well as to make work plans. For example, last night, Ji Feng was lying alone in bed, thinking carefully about what had happened during this period of time, before and after, especially the big young man He Hongwei who came to Jiangzhou, as well as the organization hidden in the dark world that he suddenly came into contact with only last night – Dynasty!

“LOL!” Ji Feng stood up straight away wearing only a pair of pants, the muscles on his body that seemed like iron Rou were on display without reservation, he moved around slightly twice and his body made a crackling sound, enough to show how fit his body was!

“Whew...!”

Ji Feng took a deep breath and went to the window to pull the curtains open a crack, only to find that, surprisingly, it was already blindingly white outside.

“In one night, it actually snowed this much?!” Ji Feng couldn't help but smile slightly and said, “I'm really unlucky too, if I had arranged to meet with He Hongwei today, I'm afraid it wouldn't be that easy for those two killers to assassinate him again, right? By preference, they chose yesterday”

He listened sideways and found a ringing downstairs, as if someone was cooking breakfast.

Ji Feng immediately put on his clothes quickly and walked straight downstairs in his slippers, trying not to make too much noise, because it was only six o'clock in the morning and there might still be people sleeping.

Perhaps because of his childhood experiences or because he was too timid at the time, when Ji Feng did something, he would always first consider whether the thing would cause trouble to others.

This was especially evident when it came to some trivial matters.

This habit had kept him until now, and he sometimes laughed at himself, even though his identity had changed, he still had an inferiority complex and was still careful in everything he did.

"But, inferiority is inferior, it's better than being proud!" Ji Feng smiled faintly and came to the kitchen, and was stunned.

He originally thought that the one preparing breakfast in the kitchen should be Yu Xuan alive was Tong Lei, because they were the ones who used to prepare it, but now he realized that his mother's figure was even busy in the kitchen

Ji Feng lifted his hand and looked at his watch, six ten o'clock.

He suddenly had a surge of extremely complex and difficult to understand emotions in his heart, as if he saw again more than a year ago, his mother got up early every morning before dawn to sell vegetables, and in the evening, after he had finished his evening study, his mother had already prepared dinner.

Although it was a hard time, my mother would always try to improve her life

"Alas" Ji Feng couldn't help but let out a soft sigh in his heart, slightly shaking his head and secretly saying, "Forget it, even if one's heart is no longer disgusted, one always has to consider one's mother's feelings, Mang Shi County... . just go back!"

He couldn't help but shake his head and smile bitterly, from the moment he left Mang Shi County, he had made a decision that he would never set foot in that village in his life, even if he returned to Mang Shi County, he would be accompanying Tong Lei to go back and see her parents.

The company's main business is to provide a wide range of products and services to the public.

But the news brought by his mother made Ji Feng could only reluctantly overturn his decision.

Ji Feng took a deep breath, walked over quickly and smiled, "Mom, why are you up so early? What do you want for breakfast, I'll just go straight out and buy it, it's not the same kind of life as before"

"What do you know!"

Xiao Su Mei smiled and said, "Can the ones bought outside be hygienic, or are the ones made in your own home more reliable and relieved to eat!"

Ji Feng heatedly smiled and said, "Then it will be hard for mother, hehehe!"

"You child!" Seeing her son's appearance, Xiao Su Mei couldn't help but smile, and then said, "Hurry up and go out and wash up, breakfast will still take a while to be ready."

Ji Feng hesitated for a moment before saying, "Mom, I have two more days to start my exams, a total of three days"

"Then you must study seriously, don't let your grandfather and your father's status stop you from studying seriously!" Xiao Su Mei cautiously admonished, "When in Yanjing your father was still saying that there are many people watching you now, don't be careless!"

Ji Feng immediately nodded and said, "Mom, don't worry, I know what to do!"

After a pause, he only shouted, "Mom"

"What's wrong?" Seeing her son's hesitant appearance, Xiao Su Mei asked somewhat strangely, "Little Feng, do you have something to say?"

"You kid, what else can't you say to mum?!" Xiao Su Mei couldn't help but laugh, "Tell me, what's the matter? You didn't get into some kind of trouble, did you?"

A few black lines appeared on Ji Feng's forehead and he laughed bitterly, "Mom, in your eyes, do I like to get into trouble that much? It's like this, I just want to tell you that I don't have time before the exams, so when the exams are over, I'll go back to Mang Shi County with you!"

"What?!"

Xiao Su Mei was stunned, and then asked in some disbelief, "Xiao Feng, what did you just say?!"

Seeing his mother's happy look, Ji Feng felt even more guilty in his heart, he had not considered his mother's feelings, he said, "Mom, I mean, when I finish my exams, I will go back to Mang Shi County with you" However, whether I can cure him or not, I can't guarantee it, because I am just a student, not a god doctor! I'm not some kind of miracle doctor!"

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own. As long as you go along, mum knows that you will do your best!"

Seeing that his mother was so happy, Ji Feng couldn't bear to spoil her mood, but there were some things he couldn't leave unsaid.

After deliberating for a while, Ji Feng said, "Mom, if I go then, no one can disturb me!"

Xiao Su Mei instantly understood what her son meant, he did not want to see those irrelevant people, and even more so, he did not want anyone to come and cause trouble.

"Don't worry, I won't let them disturb you when the time comes!" Xiao Su Mei said immediately.

"What about you" Ji Feng took off, "What about you? Those people treated you so badly back then, how will they listen to you now?"

But just after saying two words, he couldn't go on, if he said it so bluntly, his mother would definitely be sad, which was not what Ji Feng wished to see.

The first thing you need to do is to get a good idea of what you're doing.

The first thing you need to do is to go and wash up and wait for the breakfast you made.

“Go on go on!” Xiao Su Mei said happily.

Ji Feng walked out with a bitter smile in his heart, this matter really made him helpless, if he followed his own thoughts, even if those aunts and uncles came to beg him, he would definitely not look at them squarely, let alone save them. But for his mother’s sake, he could only grit his teeth and agree to do so.

To help someone who had once mocked him and left an extremely deep impression on him, unless one was particularly broad-minded or only thought of giving without expecting anything in return, the vast majority of people would not be that comfortable even if they agreed to do so.

Unfortunately, Ji Feng never considered himself an open-minded person, he always felt that although he could not say he was vengeful, he was at least vindictive.

Especially the kind of revenge that he had remembered for more than ten years, he would not forget it that easily.

“Yu Xuan and Lei Lei are still sleeping?!” Ji Feng finished washing up and saw that there was still no movement in Xiao Yuxuan and Tong Lei’s bedroom, so he walked over with a smile and knocked on the door, “Get up! Reilei don’t you have an exam coming up?!”

“No response?!” Ji Feng waited for a while and heard no response, he couldn’t help but be a little stunned, usually Tong Lei was very alert in her sleep, she would wake up when the noise outside was a little louder, how come she was sleeping so heavily now?!

Ji Feng immediately went downstairs and shouted, “Mom, did Yu Xuan and Lei Lei go out?!”

“They got up early in the morning and wanted to make breakfast, I didn’t let them!” Xiao Su Mei said, “Your Aunt Hong’s husband is coming over, they accompanied your Aunt Hong to pick him up!”

Ji Feng was stunned, and then he sweatdropped, Ji Yinhong’s husband had indeed been coming for quite a few days, but he hadn’t been there to see him, and he likewise hadn’t seen him at Second Uncle’s house last time. Thinking about when he had promised Aunt Hong in Yanjing that he would take her husband to have a look around the pharmaceutical factory, he had really gone back on his word.

Chapter 492

In fact, seeing that Ji Yinhong had gone to pick up her husband early in the morning, Ji Feng understood that she and her husband were probably really anxious to wait.

In fact, when he thought about it, it was also true that people had been coming to Jiangzhou for some time, but as a result, he had forgotten about them for various reasons, and even after Ji Yinhong arrived, he didn’t even think of picking up Ji Yinhong’s husband or mentioning this matter.

Even with Ji Feng’s thick skin, he couldn’t help but blush.

He coughed dryly and asked, “Mom, did you ask them to go, or did Aunt Hong bring it up herself?!”

At the mention of this matter, Xiao Su Mei was furious, she glared at her son and said, “Of course I asked them to go, can they still ask themselves? Your Hong Gu’s two children are in school and it’s almost time

for their exams, she is also anxious to go back early to take care of her children, but you, you promised to take your Hong Gu's husband to your pharmaceutical factory to have a look, but as a result, after coming to Jiangzhou you've been leaving her hanging, why don't you have a reason to see her?!"

Ji Feng was sweating and said, "Mom, it's not that, well put it this way, I actually don't have any problem with Hong Gu and her husband, after all, I haven't even met Hong Gu's husband, how could I have any problem with it! In fact I was giving it a miss, I've been busy with other things ever since I returned to Jiangzhou."

"Alright, in that case, when your Hong Gu and the girls come back later, remember to be more enthusiastic, don't ever put on your young master's show in front of them both, your Hong Gu and the girls are already being bullied enough over there, you mustn't bully them again!" Xiao Sumei admonished.

Ji Feng couldn't help but laugh: "When did I ever put up a young master's front? Mom, don't worry, when Hong Gu's husband arrives later, I will definitely provide warm hospitality, what I am most lacking here is technically savvy people!"

Xiao Su Mei was then relieved, in fact she had always thought that Ji Feng didn't like Ji Yin Hong's husband entering his pharmaceutical factory, that's why she had been putting it off, but now it seemed that this wasn't the case, in that case it wouldn't be too awkward at that time.

"Go out and wait, breakfast will be ready soon here, you'd better give your Hong Gu a call, so that it also looks sincere!" Xiao Su Mei said, "My phone is on the coffee table in the living room, it has your Hong Gu's phone number on it."

Ji Feng nodded and smiled, "Alright, a phone call in advance is a way to make amends for the previous negligence."

He went to the living room, found Hong Gu's phone number from his mother's phone and dialed it.

When she received Ji Feng's call, Ji Yin Hong looked a little excited and hurriedly said that she would be there in ten minutes.

Ji Feng hung up the phone with a smile, but in his heart, he understood that it looked like the life of Hong Gu's family might have indeed reached a very embarrassing point, otherwise, she would not have been so excited.

The first time I saw her, I thought that she was going to stay with her husband, but I didn't want to explain.

He sat on the sofa and turned on the TV. But it was still early and most of the channels were morning news, so there were no programs to watch at all.

In particular, Liu Qiansheng's svelte appearance made Ji Feng sneer involuntarily.

But soon, Ji Feng was dumbfounded and laughed, it seems that he is really a careful person, otherwise, how come he still can't forget this matter even now?

However, Ji Feng's heart was on alert, he was not afraid of someone pursuing his girlfriend, but he was worried about people with bad intentions approaching Yu Xuan and Tong Lei.

Liu Quansheng was undoubtedly such a person, he looked like a gentleman, but his behavior made Ji Feng very disgraceful, and his heart was very alert.

The first thing you need to do is to take a look at the website.

Ji Feng secretly smiled, if Liu Quansheng also went by then, and saw himself and Xiao Yuxuan together, I wonder what kind of expression he would have, it would be wonderful!

“Hehehe!”

Thinking of the joy, he couldn't help but burst out in joy.

“Tick tock-!” The sound of a car honking suddenly sounded outside, Ji Feng was stunned and immediately hurriedly stood up, but he saw Xiao Yuxuan driving in with a black BMW X6, with Tong Lei sitting in the passenger seat.

“Where did they get the BMW?” Ji Feng was a little surprised, but then he looked at this black BMW X6 and was a little familiar, “This, this car seems like the one that he sent to the 4S shop for repair!”

Ji Feng immediately walked out, and at this time Xiao Yuxuan happened to park the car and walked down from above.

Seeing Ji Feng, she immediately smiled sweetly and said, “Ji Feng, a guest is here!”

Ji Feng nodded slightly and asked in a small voice, “Yu Xuan, where did this car come from?The 4S shop didn't inform me to pick it up.”

Xiao Yuxuan smiled delicately and said, “They didn't notify you to pick up the car, but the phone calls came to me, that is, after you went to your appointment yesterday evening, the 4S shop's phone call came.”

“Called you here?” Ji Feng was surprised and took out his wallet from his arms, reached out and took out the 4S shop's filing slip, and immediately laughed: “I guess I was confused and left them your number actually!”

The number on this filing slip was clearly written, it was Xiao Yuxuan's phone number. Ji Feng couldn't help but scratch his head a little, it seems that he also had subconsciously made mistakes at times, this is worth being wary of, in the future you must not make such mistakes, small things don't matter, but once you encounter big things, when the time comes, it is likely to cause extremely serious consequences!

Xiao Yuxuan smiled and slapped him, saying, “Let's not talk about this first, hurry up and greet the guests!”

Only then did Ji Feng come back to his senses and quickly greeted him, smiling, “Aunt Hong, this must be aunt father, right?”

Beside Ji Yinhong stood a man wearing glasses, this man was about forty years old, thin and tall, half a head taller than Ji Feng, but his face looked very lean, his cheekbones bulged high, and his face had many wrinkles, a man who was a constant worrier.

What's more, this man's eyes didn't seem to have much sparkle in them, unlike the eyes of an average person, which made him appear somewhat mute and seemingly unsociable.

"Ji Feng, let me introduce you, this is your aunt, Kang Yuan this is Ji Feng, the son of big brother Zhenhua!" Ji Yinhong introduced in a panic, while touching her husband without a trace.

"Hello!" Kang Yuan nodded slightly.

Ji Feng instantly smiled, "Come on in, it's too cold outside!"

"Can I visit your pharmaceutical factory first?" Kang Yuan, however, suddenly said.

Ji Feng was stunned and before he could say anything, Ji Yinhong said unhappily, "You people, Xiao Feng has good intentions, let you go in and warm up Besides, even if you want to go to the pharmaceutical factory, then you have to wait for Xiao Feng to free up his time!"

"Nothing, nothing, it seems that aunt father is very enthusiastic about his work!" Ji Feng snorted and said, "How about this, my girlfriend has an exam today, after breakfast, I'm going to send her to school, and when we get back we'll go to the pharmaceutical factory, how about that?"

"Good!" Kang Yuan nodded his head.

Ji Yinhong, however, laughed helplessly, "Little Feng, you don't mind, this person of his is like this, dead-brain, all day long is full of drilling technology, the family's affairs never ask much, but he has no malice"

Ji Feng waved his hand and laughed, "Hong Gu, we are all family, it's meaningless to talk about this! Let's go in quickly."

When they reached the living room, their mother, Xiao Sumei, also welcomed them, and several people naturally had some more courtesies, most of the time Ji Feng just listened quietly and didn't say anything, just secretly observing Kang Yuan as a person.

Ji Feng found that Kang Yuan was really just as Ji Yinhong had said, a person who was not versed in the world, full of mumbling, unless others spoke to him, he would only say a few words, the rest of the time he would just sit alone in the sofa, just sitting quietly, and actually not too bored!

Perhaps, such a person is really suitable for scientific research!

Ji Feng had heard that there were many real experts who had achievements beyond normal people in a certain aspect, but when it came to life, they were all like idiots, there were not many such people.

"If this Kang Yuan is really a technical person, that's really not bad!" Ji Feng said secretly.

After eating breakfast, Ji Feng drove Xiao Yuxuan and Tong Lei to school together, while Tong Lei had to take an exam, Xiao Yuxuan had to invigilate it.

Ji Feng couldn't help but joke, "Yu Xuan, if you are the one proctoring Rei Lei's exam, you are not allowed to help her cheat!"

"Why?!" Tong Lei couldn't help but ask in a brittle voice.

“With your strength, there’s absolutely no need to cheat!” Ji Feng laughed.

“I’ll try my best!” Tong Lei pursed her lips and smiled happily.

Xiao Yuxuan also couldn’t help but laugh, “It’s a pity that Leilei and I aren’t in the same exam room
By the way, we finish at 5:30 pm, remember to pick us up!”

Ji Feng smiled and nodded, after quickly sending the two to school, he immediately returned, then drove his mother and Ji Yinhong couple, a group of four people went straight to the Tengfei pharmaceutical factory.

When they arrived at the pharmaceutical factory, Yang Dezhao immediately came out to greet them, and as soon as they met, he laughed out loud, “Ji Feng, that little brother you introduced to us is really something, it’s only been a few months, but the factory’s monthly sales have actually doubled! The production workshop has also started up two production lines!”

Ji Feng was immediately overjoyed, he hadn’t been here for a few months, but Han Zhong had actually brought himself such a big surprise!

Chapter 493

There were a total of four production lines in the Tengfei Pharmaceutical Factory, but when Ji Feng first took over, he had only opened one production line, but now in just a few months’ time, it had actually doubled!

In fact, when only one production line was opened, the packaging plant was in a very awkward situation because once it was opened, the capacity of one production line would not allow the plant to reach its maximum efficiency.

In other words, it was a waste to open the packing house, but not to open it.

Because the packing house can be used for three production lines to work 24 hours a day at the same time, now that two production lines have been opened, the efficiency is naturally greatly improved.

Of course, now that the efficiency has increased, Ji Feng is naturally happy, but what surprises him most is the increase in the output of the pharmaceutical factory. This meant that sales had also greatly increased.

Compared to the previous half-dead situation, it could be considered very good now. Moreover, Ji Feng knew very well that in the past, it was not difficult to increase the sales of the Tengfei Pharmaceutical Factory, otherwise, Yang Dezhao, who had been in the business for more than ten years, would not have transferred the pharmaceutical factory out.

The fact that sales have really increased now speaks volumes about the ability of the sales department and Han Zhong’s brilliant management skills.

Using the right people, this was what Ji Feng was really happy about.

He smiled, “Uncle Yang, I’ve invited a pharmaceutical expert from Yanjing, so I’ll show him our lab and R&D department first before he decides whether to stay or not.”

Yang Dezhao was stunned and then said joyfully, "Then please, please!"

After all, the pharmaceutical factory was created by Yang Dezhao, so if Ji Feng could make the pharmaceutical factory bigger, he would naturally be very happy, so he acted very enthusiastic.

Kang Yuan, however, still looked so mute and just followed towards the laboratory.

However, when he arrived at the laboratory, Ji Feng saw an expression other than mute on Kang Yuan's face for the first time – disappointment!

"No!" Kang Yuan's first words left everyone stunned, but he didn't notice at all and continued, "This is all the most basic experimental equipment, and there is only one precision instrument, this kind of place can only be called a laboratory, but it can't be called the R&D department, you are putting gold on your own faces!"

Yang De Zhaoge was embarrassed, the establishment of a R&D department in the factory was just a gimmick to put up a facade, but when Kang Yuan said it so unmercifully, he was embarrassed.

Ji Yinhong's face was also very embarrassed, her husband's words were really too direct. She smiled apologetically at Ji Feng and was just about to speak when she saw Ji Feng suddenly laugh.

"Aunt father, if you say that, it will make me very embarrassed!" Ji Feng laughed.

Kang Yuan said, "I'm in research, I won't kiss ass or flatter, I'll only tell the truth, if you ask me to work here, I'll have to refuse!"

Several black lines sprang up on Ji Feng's forehead, this aunt father, he was really straight-tempered, he couldn't even turn a corner when he spoke!

Ji Yinhong's face turned red with anger, if it wasn't for Ji Feng and Xiao Sumei and the others, she would have flung her hands and left, is there such a way to talk?!

Xiao Sumei also felt a little funny, this brother-in-law could really

"Sorry, I have to go!" Kang Yuan, however, continued without mercy.

Ji Yinhong was shaking with anger and was about to explode, her teeth were even clenched.

"Aunt father, don't rush yet!" Ji Feng laughed, "Don't all of you who are engaged in scientific research like to study to the end? How come now you've only looked at the surface and left it like that?"

"There's no need to look, it's understandable that there's no precision instruments, but, your things here are extremely irregularly placed, and there's no sign of any tests, I think I still have this bit of brains!" Kang Yuan said directly.

Ji Feng immediately laughed, "That's not necessarily true, we really don't have any powerful scientific researchers right now, that's why I asked Auntie to come here, because I have a project in my hands, and I don't have anyone else here who can take this project except Auntie."

"What project?!" Kang Yuan asked, "Is it a technical one?"

"That's right!"

Ji Feng smiled and took out a few sheets of paper from his bag and handed them over, "Aunt father, here is a copy of the ingredients of the drug that hasn't been used to complete the research, as well as some experimental data from it, this is what I asked my friend in the school's medical program to help me get, but there seems to be a bit of a problem right now, it can't be submitted for approval, so it can't be produced, aunt father is already here anyway, why don't you help take a look at it?!"

Kang Yuan gave Ji Feng a somewhat skeptical look, he didn't think that a student who was still in college could come up with any kind of results, but being pinched by Ji Yin Hong, he could only take it and looked down at it.

"Ee?!"

After looking at it for less than a minute, Kang Yuan suddenly let out a surprised sound as he frowned, "This seems to have some characteristics, but, this data of yours seems to be incomplete, and also, there are some oddities in the mix of ingredients Is there a pen and paper? I want to perform some calculations!"

Ji Feng instantly laughed: "Of course there is a pen and paper! However, isn't it slower to write with a pen? Why don't you just use a computer!"

"Right, right, right!" Kang Yuan immediately nodded his head, seeming to have an extremely strong interest in this.

Yang Dezhao immediately said in a timely manner, "There is a computer just in front, specially equipped for the laboratory, the configuration is quite good, this gentleman, please!"

Kang Yuan was not polite and walked over quickly, saying, "No one should come near, don't disturb me until the results are available!"

With that, he opened his computer, put the sheets of paper to the side, started logging into his email and seemed to be downloading a software, and after a few minutes, started crackling and tapping away.

Ji Feng smiled and gestured to a few people before turning around and walking out, while whispering to Yang Dezhao, "Uncle Yang, find a resourceful person to be in charge of providing assistance to Mr. Kang here specifically!"

"There's a clerk in the warehouse then, very resourceful, I'll go and call her in!" Yang De Zhaoge immediately went to call someone.

Several people walked out of the laboratory, Ji Yinhong immediately embarrassed red face, said, "Sister-in-law, Xiao Feng, this, this I don't even know what to say, Kang Yuan that person is just stubborn donkey temper, today is really"

She is really embarrassed today, her husband's performance can really make her a stomach of fire, before Kang Yuan although also straight-tempered, also mute, but also not so impersonal ah, today is good, not only Ji Feng's pharmaceutical factory said nothing, and now also a person to push what ingredients, but let so many people waiting for him!

In the future, this relative still want to be?

Ji Feng immediately laughed: “Aunt Hong, don’t you think that only such a person can really make achievements? Don’t worry, Auntie will definitely stay, and I will try to provide the best conditions so that Auntie can give full play to his talent!”

“Really?!” Ji Yinhong asked with some hesitation.

Xiao Sumei also said, “Little Feng, you can’t coax us.”

Ji Feng nodded seriously and said, “It’s definitely true, but this time, it might take a bit longer for Aunt Father to deduce, so let’s go sit in the office and wait for him first!”

The paper he gave Kang Yuan, but the composition of the 53 slimming pill’s prescription and the chemical equation involved on it, as well as some other relevant information, which he had printed out at home a long time ago, when he had just decided to make the slimming pill, he had made these out, only that he had gone to Yanjing at that time and had forgotten about it.

Today when Kang Yuan came, Ji Feng naturally had to come up with something from the press, on the one hand to retain talent, and on the other hand, to test to see if this distant aunt of his was really talented or not!

Of course, as a test, Ji Feng pulled out one of the pages, that was written on another drug ingredient, less this ingredient, the function of the diet pill remains the same, but the efficacy of the drug is much worse.

If Kang Yuan could see that something was wrong, it meant that he was really capable, and Ji Feng naturally welcomed it strongly, but if he couldn’t see it, I believe that without Ji Feng saying much, Kang Yuan wouldn’t stay!

When he came to the office, a handyman immediately came in to pour water for several people, Xiao Sumei was whispering to comfort the apprehensive Ji Yinhong, while Ji Feng came out again and stood in the corridor outside the office smoking.

A few moments later, Yang Dezhao also came over from a direction and he hesitantly asked, “Ji Feng, this Mr. Kang

The key is that as long as he has talent, we will use him and reuse him, otherwise, then we will talk about it separately!”

Yang Dezhao then nodded slightly and said no more.

Ji Feng handed Yang Dezhao a cigarette, lit it for him and asked with a smile, “Uncle Yang, why haven’t you seen Yang Yu?”

As soon as this was mentioned, Yang Dezhao’s face became a bit embarrassed, he helplessly said, “This bastard kid, took the initiative to go to the police, he was going to catch some kind of internet extortionist, he left last night, I called in the morning, supposedly he was still working till now, he hung up on me without saying two words, really pissed me off!”

“Internet extortionist?!” Ji Feng was stunned and couldn’t help but be a little startled, “Yang Yu was able to catch the other party?!”

“He said it seemed like he was able to catch the other party, and said something about them having fought and not being able to tell the difference at the time” Yang Dezhao didn’t know too much about these either, so what he said was very vague.

However, Ji Feng could not help but give a secret praise: powerful!

For the name of cyber extortionist, he is not unfamiliar, some time ago he also read a news in the newspaper, it is said that a powerful hacker appeared in Jiangzhou, going around to attack some computer companies’ websites, making them pay protection fees, otherwise, they will directly hack their websites.

As a computer company, their own website was taken down by hackers and they could not do anything about it, this is just a slap in the face!

So the less powerful companies paid obediently, while the powerful ones, naturally, would not obey, so their websites were taken out, and even the company’s LAN went down, and all the computers in the company were said to have been given a back door

This kind of thing has not happened one time, the vast majority of companies had to choose to give in, but afterwards they also called the police.

What interests Ji Feng is that Yang Yu actually once fought that hacker or that group of hackers to a draw, which is just too impressive.

Chapter 494

Hackers, a distant but not unknown term to the average person, are said to be a group of super experts who hide in the dark and can hack other people’s computers with a single phone, and are very powerful on the Internet.

But in reality, few people have ever seen what hackers are really like, nor do they know that all hackers actually have a very common name – computer programmers!

There are many hackers who may be a programmer with a serious job on the surface, but when no one is around, he may become a super hacker, galloping in the network!

However, Ji Feng has some understanding of this, because he is now studying communication and network technology with the intelligent brain, which involves this aspect, although the main direction is different, but at least it is also slightly involved.

When he saw the news about the cyber extortionist, Ji Feng paid attention to it. Although he didn’t know whether the extortionist was a gang or a single person, one thing was certain, and that was that the extortionist’s hacking skills were very powerful, because many large computer companies in Jiangzhou were forced to succumb, and that was enough to explain the problem, and Ji Feng didn’t believe that there weren’t powerful programmers in those large companies!

Now Yang Yu actually said that he had fought that fraudster and tied him, that would really be something! Because this at least meant that Yang Yu’s level, must have exceeded those programmers in those large computer companies.

Although he had long known that Yang Yu's computer level was high, Ji Feng had not expected that his level would be this high, this was a real talent!

"Such a talent, it is indeed a waste to put it here, it seems to be time to speed up!" Ji Feng said secretly.

At this time, a rush of footsteps came, but it was Kang Yuan who rushed from the lab with a face full of excitement, "Ji Feng, Ji Feng!"

Ji Feng instantly smiled, "Uncle Yang, let's go over and take a look!"

Kang Yuan's shout also startled Xiao Sumei and Ji Yinhong who were resting in the office, and the two of them immediately walked out.

"What's happening?!" Xiao Sumei asked.

Ji Feng smiled, "Auntie came out, I guess things have come to an end!"

Kang Yuan walked quickly, his face was full of excitement, no longer the mute look he had before, he said excitedly, "Ji Feng, this prescription of yours, did a few students really research it?!"

Ji Feng smiled and nodded, "Of course it is, aunt father, is there any problem?"

"There's a problem, of course there's a problem!" Kang Yuan said excitedly, "Ji Feng, you may not know, this prescription I hold in my hand is very odd, no, I should say it is very outstanding, I have never seen such a perfect combination of ingredients, even though this combination itself still has some flaws, but the flaw does not cover the jade, this prescription can still be called the most outstanding prescription ever!"

He shook the few sheets of paper in his hand, his voice shaking a little, "Ji Feng, with this prescription alone, it might be possible to shock the Nobel Prize!"

"It's too exaggerated, isn't it?" Ji Feng asked with a smile.

"Not exaggerated, not exaggerated at all!" Kang Yuan immediately shook his head and said, "I have just briefly deduced, based on the composition of the human body, this prescription of yours is extremely harmful to the human body, of course, the specific effect has to be clinically verified, but from what I have seen so far, it is indeed more outstanding than any other prescription I have seen!"

Ji Feng laughed, "Aren't there any drawbacks?"

"There are flaws, as I said earlier, the prescription still has some flaws, according to my deduction, the drug produced according to this prescription will burn body fat, but what will happen after that, I haven't deduced it yet, and there is another point, burning fat is very slow, that is to say, the effect is not very good!"

As soon as he talked about something related to his profession, Kang Yuan gushed, "If I'm not wrong, Ji Feng you this prescription so produced, it should be something for weight loss, if it's for weight loss, it should have an immediate effect, and you this"

Ji Feng suddenly dumbfounded, this time, Kang Yuan how to know the proportion of speech?

Seeming to see Ji Feng's doubts, Kang Yuan said, "For people who do technology, I know how hard they work, so I don't want the words I say to hit them too hard!"

Ji Feng nodded with a smile and asked, "Actually, you mean to say that this is indeed a prescription and it's almost harmless to the human body, but it's not very effective!"

"That's right!" Kang Yuan immediately nodded, and then shook his head, "You can't say that, if taken for a long time, the effect will still be remarkable, just that there is no immediate effect! Moreover, this prescription will also have room for improvement, so there is no need to feel too much regret!"

Ji Feng smiled and asked, "Then, are you willing to help improve it, aunt father?"

Kang Yuan was stunned, "Can I join in too?!"

If the research was really successful, it was an extremely remarkable feat, and if it could receive some medical awards, it was a real seniority, and an extremely high honor.

Kang Yuan did not expect that Ji Feng would actually invite himself to join, did the other researchers also agree?

Ji Feng naturally knew what he was worried about and couldn't help but smile and say, "This prescription was only researched by a few people unintentionally and it didn't seem to be of much use for the time being, so I spent money to buy it off None of this matters, the key is I wonder if Auntie is willing to stay? "

Through this one prescription, Ji Feng was enough to see that Kang Yuan had real material, besides being able to deduce some of the effects of the 53 weight loss pill in such a short period of time was already amazing.

Once Kang Yuan heard this, but he was busy nodding his head: "Yes, of course I am willing!"

"Right, better let me meet the developer of this remedy, what a genius, if I can have some exchanges with such a person, I will definitely benefit a lot!" Kang Yuan rubbed his hands impatiently.

Ji Feng laughed: "There's no need to meet the developer, you'll be in charge of this project from now on, Uncle Yang will sign the contract with you later, we'll take our time to study the treatment or whatever, okay?"

"That doesn't even matter, it doesn't matter!" Perhaps it was the simplicity of these technicians that made Kang Yuan a little embarrassed at the mention of treatment.

Ji Feng laughed, "Then how can it not matter, it's the most important thing!"

He turned his head to look at Yang Dezhao and smiled, "Uncle Yang, let's talk about the details first, then print the contract!"

"Okay!" Yang Dezhao was also very happy to see that the factory had an additional technical backbone, and nodded his head happily in agreement.

Seeing that the matter was settled, Ji Yinhong and Xiao Sumei were both overjoyed, especially Ji Yinhong, who couldn't help but let out a long breath in her heart, as her husband's performance before had made her embarrassed and very worried.

The family was in such a dire situation, but her husband was still so insistent that he could barely afford to pay for the children's expenses.

Fortunately, the matter was resolved, and Ji Yinhong could not help but be very grateful to Xiao Sumei and Ji Feng.

"Sister-in-law, thank you so much, I don't even know what to say, it's really" Ji Yinhong said gratefully.

Xiao Su Mei laughed, "Yin Hong, you are being out of touch, since things have been settled, let them talk about the rest, let's go to the office and sit down!"

Next, Yang Dezhao was responsible for negotiating the details of the contract with Kang Yuan, of course the final clap was definitely made by Ji Feng, only that, under Ji Feng's gesture, the contract was much more lenient to Kang Yuan. The company's main focus was on the development of a new product, the new product, and the new product.

After agreeing on the terms, before signing the contract, Ji Feng smiled and said, "Aunt, the laboratory may not have much development in a short time, this is because the pharmaceutical factory has just started, but you can rest assured that I will purchase all the instruments needed in the laboratory as soon as possible, right, if you have any friends in scientific research, I mean those personnel with good technology, you can also introduce them! Come here!"

"Don't worry, I will!" Kang Yuan immediately nodded his head and said.

Ji Feng then smiled, "Good then, let's sign the contract!"

When all the work was done and the time had come to noon, Ji Feng hosted and invited Kang Yuan and his wife and Yang Dezhao to a meal, and then returned home.

Ji Yinhong, on the other hand, followed Kang Yuan and stayed in the guest house that Ji Shaolei had prepared for them.

At around two o'clock in the afternoon, Second Aunt suddenly called and invited her mother over as a guest. Seeing that her mother was also a bit bored at home, Ji Feng encouraged her to go ahead.

Under the escort of Xiao Ying and a few other guards, Xiao Sumei also went to Aunt Er's house, leaving Ji Feng alone in the villa.

But instead of feeling bored, he went straight into his mind and continued his training.

When Ji Feng's consciousness exited from his mind, the time was almost five o'clock. Ji Feng immediately drove to the school, ready to pick up Xiao Yuxuan and Tong Lei.

At the entrance of the school, looking at the students with different expressions, either happy or downcast, Ji Feng couldn't help but dumbfoundedly laugh, long live the sixty points, but these sixty points are not so easy to get.

Ji Feng couldn't help but secretly smile badly, he remembered again when he failed every exam, that mood, it was exactly the same as these people in front of him!

They were all a bunch of poor people! Ji Feng rubbed the corners of his eyes, with a bad smile on the corners of his mouth.

Soon, Xiao Yuxuan and Tong Lei also walked out, their two delicate figures standing out among the bustling students.

Ji Feng couldn't help but feel proud in his heart, these two girls, they were his girlfriends!

But soon, Ji Feng couldn't help but frown, he found that Tong Lei's pretty face was actually a little upset, could it be that she had failed the exam?

"This way!" Ji Feng waved his hand at the two girls, Xiao Yuxuan and the two girls immediately came quickly, their pretty faces couldn't help but show joy.

"Lei Lei, did you fail the exam? Why does your face look a bit unattractive?" Ji Feng asked with a smile.

"No!" Tong Lei shook her head lightly and said brittlely, "A girl sitting in front of me wanted my test paper, I didn't give it to her and she said something ugly!"

Chapter 495

"No!" Tong Lei cicada shook lightly and said brittlely, "A girl sitting in front of me wanted my test paper, I didn't give it to her, so she said something ugly!"

Ji Feng immediately frowned and then laughed, "Then just ignore her, don't make yourself unhappy because of such a small matter, that wouldn't be worthwhile!"

Tong Lei wrinkled her cute little nose, thought about it and still didn't say anything, just nodded slightly. Just to~

Xiao Yuxuan, however, gave Ji Feng a wink, causing the latter to be stunned and couldn't help but ask, "Lei Lei, the other party said something very hard!"

"Also, also no la!" Tong Lei said softly, "Anyway, let's not mention this matter, let's go back!"

Ji Feng nodded thoughtfully and said, "Alright then, let's go back, my mum is not here today, we have to go back early to fix our own dinner."

The two nodded slightly at the same time and followed Ji Feng in the direction of parking.

Just then, several girls together, happened to also come out from inside the school, one of them attracted the most attention of others, she was wearing a black leather skirt with a fur coat on top, her snow white thighs and a section of her stomach were exposed, which looked particularly solid in this cold winter.

"Huh" Ji Feng couldn't help but laugh out loud at once. This girl was no other than the girl he and Han Zhong had seen yesterday by the fountain garden in front of the complex, still wearing revealing clothes in the middle of winter.

Xiao Yuxuan couldn't help but ask in surprise, "Ji Feng, what are you laughing at?"

Ji Feng skimmed his mouth and said, "I'm laughing at that girl, did you see that, wearing so little is actually nothing, the key is in this weather, that is really maverick ah!"

Xiao Yuxuan and Tong Lei turned their heads at the same time and immediately saw the girl Ji Feng was talking about.

Tong Lei's pretty face instantly changed slightly and she said, "Let's go!"

Ji Feng immediately noticed this detail and he immediately asked, "Lei Lei, what's going on? Do you know this girl?"

"Mm!" Tong Lei couldn't help but nod slightly and said, "The girl who was sitting in front of me during the exam just now, that's her!"

"It's her?!"

Ji Feng couldn't help but be stunned, and then he laughed: "Then all the more reason not to be normal with her, look at her like this, she's still wearing so little in the middle of winter, she's clearly having a brain problem. The only way to get to the point where you have to be normal with people who are not in their right mind?"

"Giggle" Xiao Yuxuan and Tong Lei burst into laughter, and both women were in a much better mood.

"Let's go, the road is full of snow now, we need to go back early!" Ji Feng laughed.

"Ee?!"

A surprised voice suddenly came out, "That woman in front, isn't she the one sitting behind me?"

Xiao Yuxuan and Tong Lei glanced at Ji Feng, who said, "Don't be ordinary with her, it's nothing to recognize you, isn't a person's long face for others to see! Go home!"

Such a small matter, Ji Feng would not take it to heart at all, in fact there are indeed many people who do not have a big heart, or rather, they all carry a resentful heart from time to time, no matter what mistakes they make, they all think the fault is someone else's.

If you really take it up with such people, then you are looking for anger, there is no need to do so.

What's more, Tong Lei's clear and beautiful appearance was like a fairy in the sky, so naturally Ji Feng would not easily let her go and argue with another girl.

However, just at this time, another voice came over, "It's that pretentious bitch? Is she the one who won't let you copy?"

Swish!

Ji Feng's face sank yin and his steps stopped, he glanced back coldly, but saw that the girls across the street were looking at themselves smugly, one of them even raised her chin high, a look of contempt flashing across her eyes.

“Ji Feng, let’s go, it’s not worth arguing with such people!” Xiao Yuxuan pulled him lightly and said in a low voice.

Ji Feng nodded and said, “Forget it, let’s go!”

The three of them walked directly towards the BMW parked on the roadside, Ji Feng turned off the alarm and the three of them prepared to get into the car.

“Cut!”

The voice behind them sounded again, the words carried a thick disdain, “I thought some people were really noble, but it turns out that they are also close to a big money and have to play a threesome! Tsk!”

“Shut up!”

Ji Feng snapped back and shouted coldly, “If you dare to say another half-hearted word, I’ll tear your mouths apart!”

The girls across the street were startled and didn’t dare to look at Ji Feng at all, especially because of his icy eyes, which made them feel cold even when they looked at him!

“Humph!”

Ji Feng coldly snorted and cursed, “A group of women who only know how to climb food and clothes and show off s all day long!”

He shook his head slightly, there was really no point in bothering with such people, and if the other party hadn’t spoken too harshly, he would have just gotten into the car and gone back.

However, the girl in the leather skirt and fur opposite him was not happy.

Now that the students have just come out from their exams, there are many people in front of the school, and Chinese people love to watch the hustle and bustle, and these students are no exception.

In this situation, the girl in fur realised that she had just been scared by the other party’s voice, which was also too humiliating, and she immediately said in annoyance, “You, what are you yelling at! Still want to hit a woman!”

Ji Feng frowned, and seeing that there were too many students gathered nearby, he whispered, “Yu Xuan, Lei Lei, you guys get in the car first, let’s go back!”

“Okay!”

Xiao Yuxuan and Tong Lei immediately opened the car door and sat in the back row, Ji Feng also pulled open the driver’s door and was ready to sit in.

However, the girl in fur took a look and instantly thought that Ji Feng was either afraid of being embarrassed or didn’t dare to tangle with her, she instantly came up with bile and opened her mouth to curse, “Two bitchy women following a bitchy man, it’s not even dark yet, where do you want to go?!”

Bang!

Ji Feng had opened the car door and was ready to go in, but as soon as he heard these words, he instantly turned yin, slammed the car door shut, took two steps forward and said in a cold voice: "You'd better not give your face away, get lost!"

When the girl saw that Ji Feng was on fire, she immediately became a bit stern and said in a shrill voice, "You, what do you want?"

And when the other girls around her saw this, they all couldn't help but back away, screaming at the same time.

"I, I can tell you, our Dong Dong's cousin is a big brother on the road, and Dong Dong's boyfriend is also a member of our school's escort team, if you dare to mess around, they will not spare you!"

"That's right, driving a BMW is great, Dong Dong's cousin even drives a Mercedes, great!"

"Must be a rich kid, what a big tail!"

.....

Listen to these girls shouting, Ji Feng instead suddenly not angry, his mood immediately calmed down, in his eyes, these girls are really pitiful, even what they are doing may not even know.

He shook his head slightly and said, "I won't be ordinary with you today, but don't have a next time!"

After saying that, he was about to turn his head back immediately, but the girl wearing fur named Dong Dong screamed, "You dare to threaten me? Wait, I'll call my boyfriend, you're dead!"

She immediately took out her mobile phone, and the girl next to her looked envious, this was the latest model of mobile phone, it cost 10 to 20 thousand dollars!

Dong Dong quickly dialed a number and shouted, "Come here quickly, in front of the school, someone wants to tear my mouth off!"

Ji Feng shook his head slightly, turned around and left, he really couldn't afford to lose this person if he continued to spend time here, to fight with this kind of people, it would be a self-lowering status.

However, once the girl named Dong Dong saw that Ji Feng wanted to leave, she screamed, "If you dare to leave, I will beat up your lover once I see her in school, otherwise, we will strip her naked and throw her at the gate, so that all the pedestrians passing by can see how cheap your girlfriend is!"

Ji Feng's eyes suddenly flashed coldly, he turned around and said indifferently, "Well then, I'll wait here, today I'll put my words here first, if the people you call here aren't enough for me, I'll make sure you can't stay in the school, I'll do what I say!"

Winter snorted with laughter and cursed angrily, "Bullshit!"

Ji Feng didn't retort either, to say scolding, he really didn't have that ability.

The people around him, however, were talking, and they didn't know exactly who they were towards. Looking at the field, the students who were watching couldn't help but snicker, at least from the current situation, this woman called Dong Dong was also an extremely good one.

“Opening her mouth is shit, this woman is really okay too!”

“Can’t you see, wearing a leather skirt in the middle of winter, at a glance it looks like a woman from a nightclub, what kind of good person can she be?!”

“That’s right, she’s dressed like a saleswoman, and she dares to compete with someone driving a BMW, what is she looking for?”

“That’s not necessarily true, this girl is from our department, and it is said that her cousin is a member of the Jiangzhou Road, he is very tough!”

“The BMW driver may not dare to fight with people on the road.”

.....

The first thing you need to do is to get a good idea of what you are getting into.

If it was just an ordinary verbal argument, Ji Feng would definitely not take it to heart, there is no need to make yourself angry because of a few words from others, that is really asking for trouble.

However, the girl named Dong Dong had managed to stir up Ji Feng’s anger with her vicious threats, and Ji Feng was waiting right here, he would definitely not leave such threats for Tong Lei.

In a short while, a sound of footsteps came quickly, followed by three or four tall people walking over quickly, shouting with their mouths, “What’s going on, what’s going on?! Who’s bullying my girlfriend, dammit! You want to die!”

Chapter 496

In no time, a sound of footsteps came quickly, followed by three or four tall men walking quickly, shouting, “What’s going on, what’s going on? Who’s bullying my girlfriend, dammit! You want to die!”

One of them, with a toothpick in his mouth, came up to Dong Dong with a quick step and grunted, “Dong Dong, who the **** is so ungrateful as to mess with my wife?”

Dong Dong immediately pointed at Ji Feng across the street, “It’s that bastard!”

Ji Feng instantly frowned.

The tall man immediately snorted coldly, “Kid, what the **** are you doing! Bullying women? Why don’t you go home and bully your mother you?!”

Ji Feng smiled faintly, his eyes gushing with murderous intent as he took big steps forward.

“Damn it! How dare you come up here?!”

As soon as that tall man saw Ji Feng’s mouth with a cold smile and actually dared to take the initiative to walk over, he snorted coldly, “Come together, beat the **** out of him!”

“Go!”

The three tall men behind him immediately pounced on him and punched him with a flurry of punches, pushing straight at Ji Feng.

Pah! Snap! Snap!

After three crunching sounds, those three big and tall men just flew backwards straight away, and the people around didn't even see clearly how exactly Ji Feng had struck.

Those three tall men fell heavily to the ground just like that, the three of them screamed miserably almost at the same time, a mouthful of blood spurted out of their mouths, mixed with broken Ru and broken teeth, a red mark was imprinted on the faces of the three of them, their whole faces were almost deformed from the fall on the ground.

Hiss...!

Everyone couldn't help but suck in a breath of cold air, how could Ji Feng's speed be so fast? This was too terrifying!

People who could fight, these students had seen them before, such as some members of the school escort team, many times they had to go to the martial arts association or other martial arts related clubs and learn martial arts for a period of time, their hands were definitely much better than the average student!

However, someone as ruthless as Ji Feng, who directly sent three people flying with a single slap and even knocked out a few teeth, such a person was really hard for them to imagine!

How could a big living man of over a hundred pounds be slapped away with a single slap!

Moreover, this flying was even three people!

Not only those onlookers, but also Dong Dong and her boyfriend were stunned, especially Dong Dong's boyfriend, who was even more terrified, although these three people were all inferior to him, but together, the three people . u just to~

However, these three people were directly slapped by someone, how could they be a match for this kid?

Winter was also scared and shaking a bit, she pushed her boyfriend and hummed, "You, you quickly go and beat up that bastard, you can't let him be so arrogant, just now when he scolded me, he was arrogant, hurry up and beat him up!"

Ji Feng smiled and said, "I'm waiting too!"

Winter's boyfriend, however, was a bit down, he knew he couldn't beat Ji Feng, and with so many people watching around, it was so embarrassing that he couldn't even enter or retreat.

Suddenly, he was struck by a sudden shock and immediately remembered an idea, he immediately took out his mobile phone and sneered, "Kid, you actually dare to hit the escort, just wait to be expelled!"

He immediately dialed a phone and said loudly, "Captain Zhou, this is Wu Aidong, I came over here with a few of my team members to settle a conflict, and it turned out that there was a person who was

particularly cross and beat up all of our people Yes, yes, yes, it was the east entrance, good, then I'll wait for you! ”

After hanging up the phone, this Wu Aidong sneered and said, “Kid, you wait for it!”

Ji Feng grinned, his eyes coldly glowed, and he took a big step forward, arriving in front of Wu Aidong in a few steps.

He grinned, “Just now you cursed so smoothly, your mouth is so unclean, I guess you usually eat unhygienic food?”

“Go to your mother!”

Before Wu Aidong could finish his words, he felt a flash in his eyes, and then his eyes went gold and he became dizzy.

Bang!

Wu Aidong's whole person just fell headlong to the ground, the whole person came to a dog eat shit, the whole person just lying on the ground, wow ki, fall of the stomach turned over, a time surprisingly did not even react. And there it was~

Pop...!

Ji Feng stomped on the back of Wu Aidong's head, stomping his face on the ground with a calm expression, but under his foot, he was rubbing it hard, causing Wu Aidong's face to keep rubbing on the ground, even the skin almost rubbing off.

“Ah...!”

Wu Aidong screamed miserably underneath and cursed angrily, “Bastard, my nose has been crushed, your mother ah!”

Ji Feng's foot just slightly exerted force, and with a crunching sound, Wu Aidong's nose was just stepped on the ground and crushed off!

Wu Aidong screamed miserably, his whole body kept twitching, and both hands slapped behind him haphazardly, as if trying to knock Ji Feng's leg off, but to no avail.

“Let's give you some memory, so that you know that there is a saying that insults are worse than family, but your mouth is too cheap!” Ji Feng grinned, “There is a price to pay for cursing people!”

Bang!

Ji Feng kicked Wu Aidong in the ribs, and just like that, he kicked him up raw, and his ribs were instantly broken.

“Ah...!” Wu Aidong let out a miserable scream and his whole body fell to the ground, he couldn't even pass out if he wanted to, he just fell to the ground screaming miserably.

Next to him, Dong Dong had long been terrified, her face was pale, her body was trembling, and she screamed miserably, “You, how dare you”

Ji Feng violently folded his body and flung his hand and slapped it over, "You're the bitch!"

Slap!

Dong Dong was directly slapped away, and at once smashed several of her classmates all over, a group of women screaming, simply a chicken and a dog jumping around in a mess.

Ji Feng gritted his teeth and said, "Originally, I don't hit women, but your mouth is too cheap, if you don't hit, you won't grow a memory!"

"You, you dare to hit me? You're dead!"

Winter covered her face on the ground while crying and screaming miserably, "I'm calling my cousin, I'll make sure he gets you killed!"

"I see, it's you who wants to die, right?" Ji Feng asked coldly.

At this time, a rush of footsteps came, "Wu Aidong, Wu Aidong, why are so many people gathered at the entrance of the school, what's going on?!"

"Captain Zhou?!" Wu Aidong was so stunned that he forgot to even scream, and immediately he shouted, "Captain Zhou, I'm here, Captain Zhou, there's a vicious thug over here, hurry up and bring someone over here!"

His nose had been stepped on and a few teeth knocked out, so his mouth was leaking a bit when he spoke, but Zhou Li, who was not far away, heard him.

"Everyone give way, give way!" Zhou Li, with his escort, quickly pushed his way through the crowd and shouted, "What the hell is going on here? Wu Aidong, what the hell are you up to, what a bad influence this is!"

Zhou Li was furious, this East Gate was only a small gate, not equipped with a guard room, only a few escort team members, the leader was this Wu Aidong, but he ended up stirring up such a big thing, it would definitely cause a very bad impact, this is really

When Zhou Li squeezed into the crowd and saw the scene inside, he immediately froze.

"Ji Feng?!" Zhou Li asked in amazement, "What's going on?"

"There were a few people with cheap mouths, I taught them a lesson!" Ji Feng said indifferently, he then looked at the irritated Winter and Wu Aidong and sneered, "Today's matter will not be forgotten, I have just said that from today onwards, you will not be able to stay in the school, I will do what I say!"

Zhou Li's heart stuttered and cursed, what had this bastard Wu Aidong done to make Ji Feng so angry?

In the past, even if Zhang Yanfei and Wang Lei had been such bastards, Ji Feng had not been that angry, so today he must be furious.

Naturally, Zhou Li did not know that Wu Aidong had opened his mouth and cursed his mother, which had touched Ji Feng's bottom line, he would never tolerate anyone insulting his mother, when Ji Shaolei and his woman from the side line of the Yanjing Ji family had bullied his mother, Ji Feng had even thought of ordering a direct shot, let alone this little rascal like Wu Aidong?

“Damn it!” Zhou Li cursed angrily and took two steps to follow Wu Aidong, saying angrily, “You bastard, do you know what you have done?! Let me ask you, is what happened today your fault or the other party’s fault?”

Wu Aidong froze as he was scolded, he asked in a nagging voice: “Captain Zhou, this is

“Ji Feng, have you heard of it? Who do you think you are more powerful than Director Qin Yujie of the General Office? Who do you think you are more powerful than Wei Chuanling, who is more powerful?!” Zhou Li sneered, “Your eyes are simply growing up your ass! I’m telling you, if it’s his fault today, I’ll defend you no matter what, but if it’s your fault, this is a problem you can solve yourself!”

Wu Aidong froze, his face was pale, although he didn’t know Ji Feng’s identity, he knew something about what happened to Qin Yujie and Wei Chuanling, and also knew that they had ended up in this situation because they had offended Ji Feng.

“It’s not right, even if he’s powerful what’s wrong? Today is at most a fight and brawl, what’s the big deal?” As soon as Wu Aidong thought of this, he said, “Captain Zhou, let’s disperse the people first!”

Zhou Li snorted coldly, “You still know that!”

He gritted his teeth and stood up and said loudly, “All disperse, it’s alright, it’s alright, disperse!”

The surrounding students also knew that since the escort team had come, there was no more hilarity to be seen, so they shook their heads regretfully and muttered a few words of dissatisfaction before leaving with low murmurs.

Ji Feng, however, directly turned around and walked away, his face yin and sullen.

Zhou Li shouted in a panic, “Ji Feng, Brother Ji!”

Ji Feng snapped back around and sneered, “Captain Zhou, for your sake, I won’t pursue this today, but if I see these few dogs and men in the school next time, just like that woman said, I’ll see them once and beat them once, you can disbelieve me!”

After saying that, he turned around and got into the car, moved it and sped away.

Zhou Li was dumbfounded, and Wu Aidong was even more frozen.

“Zhou, Captain Zhou, what am I going to do here!” Wu Aidong asked with a sobbing face, covering his nose.

“What can I do? Fighting is at most a disciplinary action, unless it is particularly serious, then you will be expelled, but do you think that with Ji Feng’s ability, he will let the school expel him?” Zhou Li shook his head slightly and said, “I know more or less about him as a person, otherwise, why don’t you just avoid him!”

Chapter 497

Wu Aidong subconsciously asked, “What if he takes the initiative to find me?”

Zhou Li then stopped talking and just gave him a contemptuous glance and sneered, "Then there's nothing I can do, fighting and brawling, it's not like you'll be expelled if you're caught, besides, if you're really expelled, you'll be dead!"

"Nonsense!"

Wu Aidong said in a panic: "If he's expelled, he won't be able to stay in school, so how will I be dead then?"

Zhou Li shook his head and said, "I can't help if you don't believe me, now you two are fighting and brawling, you have violated the rules of the escort team, from now on, you are no longer a member of the escort team, the rest is out of my hands, when he beats you up, I will come and stop it!"

When Wu Aidong heard this, he panicked, with Ji Feng's terrifying hands, not to mention the others, even three of himself together couldn't beat Ji Feng! When the time comes, when Zhou Li rushes over to stop it, . dot com

"This, this" Wu Aidong panic incomparable, but do not know what to say, after all, Ji Feng has put out a vicious words, so that they can not stay in the school in the future, but also see once to beat once, this is really

Wu Aidong glared hatefully at Dong Dong who was still lying on the ground, this woman had invited herself into big trouble!

"Why are you glaring at me!" The woman was still lying on the ground, but she was still in trouble. Useless! I don't think I can count on you, he's just a little rich kid, what are you afraid of?"

"I" Wu Aidong's face turned red at these words, but with a nosebleed on his face, he couldn't tell.

Winter sneered, "I've just called my cousin, since I can't count on you, I'll count on him, and he'll definitely take it out on me then!"

When Zhou Li heard this, his heart suddenly jumped, he had heard Wu Aidong bragging about it, saying that Dong Dong's cousin was a man of the road in this area, and was very vicious, and was said to have several lives on his hands!

If Dong Dong's cousin came over to deal with Ji Feng

The first thing you need to do is to give Ji Feng a call, even if you are not able to stop Wu Aidong's cousin, you should at least remind Ji Feng that you must not take things lightly, if Ji Feng is beaten up by Dong Dong's cousin, Zhou Li feels that what he did was not enough of a friend. Just to ~

After a moment of deliberation, Zhou Li only coldly snorted, "Wu Aidong, I advise you better not mess around, once your cousin c hand, that is the social personnel to come to the school to beat up students, then you can stir up a big mess."

Wu Aidong was a bit hesitant, but Dong Dong shouted, "So what? It's my cousin who beat up the students anyway, so what do you care? I've just called my cousin and he said he'll be here soon."

Zhou Li's face suddenly changed and he hurriedly said to the escorting team members behind him, "Quickly help them up, I'll go and report to the captain!"

Several members of the team immediately came up quickly and helped both Wu Aidong and Dong Dong up.

“Aigoo! You guys take it slow, my bones are broken, you guys help me to the infirmary!” Wu Aidong was shaking with cold sweat from the pain.

Dongdong also covered her face, half of her face was swollen up high and the pain was even worse.

At this time, Zhou Li was the one who quickly ran to the distance, and after reporting the situation here with the captain, he quickly sent another message, “Ji Feng, Wu Aidong has found his girlfriend’s cousin to deal with you, a man from the road! He’s coming to the school soon.”

“This time, Ji Feng will always be more careful, right? At least, in the future, he should not go through the east gate again, United University is so big, there are tens of thousands of students, it’s not always that easy to come across, right?” Zhou Li secretly thought.

But Zhou Li did not know that Ji Feng, who was driving home, received this message and immediately turned back to Xiao Yuxuan and Tong Lei and said, “There are still some things at school, let’s go home later!”

Xiao Yuxuan was stunned and asked, “Ji Feng, what’s wrong?”

“Someone came to the school looking for trouble, I can’t drag others into it!” Ji Feng smiled faintly and said, “Really bold, huh”

“Then, call the police then!” Xiao Yuxuan said, even if Ji Feng was as powerful as he was, she didn’t want her boyfriend to take the risk. [Ye*zi] [Yo*you]

Tong Lei nodded in a panic, more or less blaming herself in her heart, it was all her own fault, if she hadn’t told that little conflict, Ji Feng certainly wouldn’t have been so angry, and there wouldn’t have been so many things.

Ji Feng laughed: “There’s no need to call the police, those people are all hooligans, once the police go, they run away, and when the police leave, they come back, it’s really troublesome. Besides, there is a guard room in the school itself, if we call the police now, we might as well be quicker than the guard room!”

As he spoke, Ji Feng had already arrived at a junction, and he immediately fluctuated the steering wheel, directly turning around and returning the same way.

And at this time, at the entrance of the school, Zhou Li had just put his phone back into his pocket after finishing his message, when his face changed. Zhou Li saw that not far from the gate, two cars were driving over fast, followed by a few big, brawny men with fierce faces coming over, each with sticks in their hands.

“Cousin!” Dong Dong exclaimed at once, her eyes showing a joyful look as she shouted, “Cousin, I’m over here, come and save me!”

Wu Aidong’s face also changed slightly, he was really afraid of Dong Dong’s cousin, this guy’s name was Erhu, nicknamed Brother Tiger, he was really too ruthless, which made him a bit scared in his heart.

When he saw Dong Dong's miserable appearance, he was furious and asked with a fierce look on his face, "What happened, who beat you up?"

Immediately, Dong Dong said aggrievedly, "Cousin, someone beat me up, and also beat up Wu Aidong too, and he even said that as long as he is in school, we should not try to get on in school!"

Erhu laughed coldly, "You're really wild, you really have guts, I've been around for so long, I've never seen such an arrogant person, in that case, tell me, what's his name and where is he now?"

Wu Aidong was a bit afraid to speak, if he really told Ji Feng's name to Erhu, maybe things would really get big, and then he, Wu Aidong, would definitely not be able to stay in the school anymore. Now, although Ji Feng had made a harsh statement, Wu Aidong knew that if he went to admit his mistake or asked someone to intercede, maybe things would really just go away.

But to go to Ji Feng to plead Wu Aidong and can not pull this face to, how can not face over.

The first time, Wu Aidong dilemma.

Wu Aidong is afraid, but Dong Dong is not afraid, much less know what serious or not, she immediately screamed: "Cousin, that person called, called Ji Feng, yes, is called Ji Feng, seems to be also our school students, by the way, he knows!"

She pointed at Zhou Li who was not far away, "He seems to know that Ji Feng, just now he even helped Ji Feng speak!"

"Is that so?!" Erhu sneered and looked at Zhou Li, exclaiming, "Kid, get over here, Laozi has questions for you!"

Zhou Li's face instantly turned yin, although he didn't want to mess with the social ruffians, he couldn't face being yelled at directly in front of so many people.

"Captain Zhou, I'll go to the guard room and get the police!" A team member said in a low voice.

Zhou Li shook his head slightly and said loudly, "This gentleman, this matter is a matter in our school, it has little to do with you, I hope you won't come to the school to cause trouble!"

"Damn it! What kind of a thing are you!" Before Erhu could say anything, one of the gangsters next to him cursed loudly, "Get over here when my boss tells you to!"

"Wait a minute!"

Second Tiger, however, suddenly froze, his eyes widened as if he had seen a ghost and looked at Dong Dong and Wu Aidong, asking in surprise, "Dong Dong, what did you just say, what is the name of the man who beat you guys?"

"Ji Feng, I think his name is Ji Feng!" Dong Dong was also not sure.

Erhu immediately looked at Wu Aidong, "Wasn't it a young man in his early twenties with a short haircut, thick eyebrows and sharp eyes?!"

Wu Aidong's ribs had been broken by Ji Feng's kick, and he had long been in pain and could barely stand, and if it wasn't for the several escort members holding him up, he would almost have gone limp on the ground.

At this moment, when he was glared at by Wu Aidong, he panicked and said, "Brother Erhu, I'm really not too sure, but it seems to be what you said, that's what he looks like!"

Erhu's face instantly changed, and gradually, his face turned livid as he roared, "***You snap!"

The two men who were holding Wu Aidong's body were not able to get out of the way. The two guards who were holding Wu Aidong were startled and took two steps backwards in a panic.

Because of this, Wu Aidong, who was already limp, was kicked directly by this kick and rolled far away, screaming in agony!

Wu Aidong and Dong Dong were instantly confused, Zhou Li was confused, and so were the guards, what was going on here? How did it suddenly turn into a dog bite dog?

"You two bloody bastards!" Erhu cursed angrily, "Do you know who the person you're messing with is? That's someone who even my boss, Brother Biao, has to be courteous to, how dare you guys mess with him? How dare you? You've got a long life ahead of you!"

Erhu was so frightened that he was covered in cold sweat, and based on the duo's description he knew that the person who had beaten up Wu Aidong and Dong Dong must be Ji Feng.

If Ji Feng knew that he had come to settle the score with him, it would be strange if Brother Biao didn't pick his skin then!

"I really want to get you guys killed right now!" Erhu gritted his teeth and cursed, "I'll do it!"

Chapter 498

"Er, Erhu brother, this, this" Wu Aidong didn't know whether it was the scolding or the pain from his broken ribs, he was covered in cold sweat and stammered as he just wanted to speak, when he was interrupted by the furious Erhu. [Ye*zi] [Yo*you

"Fuck! You're the one who's fucking two!" Erhu instantly cursed, "Can't you talk?!"

Wu Aidong immediately gave a shiver and panicked, "Brother Erhu, Brother Erhu, what the hell is going on here!"

"Yes, cousin, you used to love me the most, how come now you're helping outsiders instead!" Winter was also scolded and panicked, the only reason she dared to be so rude at school was because she felt she had her cousin to cover her, but now he had flipped out.

What's more, the reason why Winter could afford to wear expensive furs was that she often used her after-school time to work part-time in the nightclubs her cousin covered, and no one dared to mess with her, which made her spend money lavishly without the slightest scruple.

But what would she do if her cousin turned his back on her now!

“How dare you two ask me what’s going on?!” Erhu had the heart to rip these two bastards apart, “You’ve messed with that man, Laozi has to nod and bow when he sees him, how many lives do you think you have, how dare you mess with him?!”

Wu Aidong and Dongdong were stunned, their faces pale as they froze there, especially Wu Aidong, sitting limply on the ground, his mind blank.

Dong Dong was even more frightened and shaking, all she relied on was her cousin, but now her cousin didn’t even dare to mess with that man, and to think about what she had said to Ji Feng and his girlfriend before was over!

“What did he say before he left?!” Erhu gritted his teeth and asked, “Don’t be such a wimp first, find a way out, if you dare to do it, you have to dare to do it, otherwise, I can’t save you.”

Wu Aidong and Dong Dong’s were so scared that their bodies were shaking, what Ji Feng said before he left, now they really took it seriously, especially Wu Aidong, he was even more scared that his body was shaking, he now understood that what Ji Feng said to make them unable to get along in school was not just simply to see and beat them once, but to make use of all aspects of his relationship, so that from study to life, . dot com

In fact, if Ji Feng knew what Wu Aidong was thinking right now, he would definitely scoff, what is Wu Aidong? Can he still use all his connections to deal with it? The actual fact is that it is a lot more than just a mosquito.

Not to mention all the connections, even just a little bit of social connections, Ji Feng does not need to use, he dares to say to make Wu Aidong these two people can not stay in the school, just with his connections in the school alone, is enough to make Wu Aidong and Dong Dong anxious.

Zhou Li would have kicked Wu Aidong out of the school escort team, Han Zhong and Zhang Lei were widely socialised in the school, and the two of them could have gotten Wu Aidong and Dong Dong messed up in any way they wanted.

Although this method is somewhat despicable, Ji Feng doesn’t feel the least bit blushing, to deal with the villain, you have to use the villain’s method, after experiencing what happened in Yuncheng, Ji Feng understands that sometimes the little people can cause great damage, to deal with Wu Aidong and Dongdong, this method is equally effective!

There were just too many ways to deal with Wu Aidong and that Winter who didn’t know the sky was high.

“Say it! What are you staring at!”

Seeing Wu Aidong and Dongdong dumbly frozen, Erhu became impatient, “Laozi is solving your problems, and you are still frozen?!”

Wu Aidong and Dongdong were speechless, not daring to say anything.

Next to them, Zhou Li and several other escorts looked at each other and could not help but grimace, their hearts secretly despising them, looking at that woman just now, relying on her cousin, so arrogant

that she did not know what her surname was. But now that she was afraid of her cousin, she was scared like a dead dog.

“Squeak-!”

The sound of a sharp brake suddenly came, followed by Ji Feng quickly getting down from the car, his face sullen as he walked with big steps.

“Captain Zhou, who’s coming to look for me in the school?!” Ji Feng asked coldly.

Erhu’s face instantly changed, and cold sweat sprang up on his forehead when he was still aggressive just now, and when he saw that Zhou Li was about to speak, he said in a panic, “That, Brother Feng! It’s me!”

Ji Feng immediately turned his head around and asked in a cold voice, “Who are you?”

“Ji Feng, he is Wu Aidong’s girlfriend’s cousin, he was the one who came to the school to look for you just now”. u Just go to ~

“No, no!”

Erhu said in a panic: “Brother Feng, it’s not like that ah, it’s that what, I heard that Dongdong had another conflict with someone at school, I got angry I’m not angry with you ah, but with Dongdong, this girl often causes trouble... ..Brother Feng, I’m really not here to cause trouble!”

Dong Dong was stunned, her cousin had actually sold herself out?!

The few gangsters Erhu had brought along also felt weird, Brother Erhu was usually calm and calm except when facing Brother Biao, but he was always tough as hell at other times. But now, he is actually so low

Ji Feng coldly glanced at Erhu and asked in a deep voice, “Is that really the case?!”

Erhu panicked, “Yes, yes, it’s really true, Brother Feng, how dare I lie to you!”

Ji Feng coldly snorted, “I hope what you said is true, this is a school, if there’s nothing going on, hurry up and leave, don’t come over here and mess around in the future!”

“Yes, yes, yes!”

Erhu nodded his head in a panic, not even daring to say half a word more than that.

Ji Feng turned around and said, “Captain Zhou, let’s deal with today’s matter according to the rules, if you need me to be there, just call me, okay?”

Zhou Li immediately nodded and smiled, “Don’t worry, today’s matter is a simple fight, and there’s no need to report it to the school leaders, but in future, you have to maintain restraint before you do!”

Ji Feng nodded noncommittally and gave Erhu another cold glance as he said indifferently, “Remind you once more not to cause trouble near the school!”

“Brother Feng, please don’t worry, I will definitely remember, don’t worry don’t worry!” Erhu said with a flustered nod and a bow.

"It's really him***, fortunately I didn't do anything out of the ordinary, otherwise, I'd be out of luck today!" Watching Ji Feng drive away, Erhu couldn't help but let out a long breath, the first time he saw Ji Feng just now, he recognized him and a cold sweat broke out on his back.

When facing Ji Feng, he actually felt a kind of pressure that he only felt when facing Brother Biao!

"Cousin, cousin, what should we do!" Winter could see even if he was stupid that his cousin was really afraid of that bastard, this time, this's trouble.

"What else can we do?!" Erhu snorted coldly, "You'd better find someone to beg for mercy, otherwise, wait for your own death!"

After saying that, Erhu hurried away without looking back, if Ji Feng came back again, or misunderstood himself, then I'm afraid that he wouldn't even need to say anything, Brother Biao would just beat himself out of Jiangzhou, making it impossible for him to get along in Jiangzhou!

Wu Aidong and Dong Dong were dumbfounded, the two of them were practically regretting their intestines, how could they have messed with Ji Feng!

Seeing these two people frozen there, Zhou Li's eyes flashed a look of contempt and he turned his head to a few other escorts and said, "Send them to the infirmary!"

He couldn't help but secretly rejoice that he had done the right thing again, to see what kind of grandson Brother Erhu, who was so aggressive just now, looked like after seeing Ji Feng, it was shit!

Zhou Li's heart couldn't help but feel that this Ji Feng's origin was definitely big and scary!

In fact, if you want to think about it, you know that a person who can come up with special offerings, how small can his origins be?

Then look at Wu Aidong and Dong Dong, who were being helped away by the escort, Zhou Li couldn't help but shake his head in pity again, in the future, even if these two people could stay in the school, they would still be on tenterhooks all day long, such a life was simply worse than being expelled!

"If I had known that I would end up in this situation now, why did I have to be so arrogant before?!" Zhou Li shook his head slightly and turned his head to the few remaining escorts and said, "Did you all see that? Don't think that because you're in the escort team, you're so arrogant that you don't even know your surname, there are plenty of people who are better than us, they just don't flaunt it! You'd better not be like that in future, or else these two will be your example!"

The other team members nodded their heads, imagine if they were in their place today, I'm afraid they wouldn't even know how they died, they didn't have a cousin on the road.

And certainly not a girlfriend who would get into trouble!

These escorts couldn't help but start to sympathize with Wu Aidong, it's cool to have a girl friend with a s style, but if that girl friend got himself into a lot of trouble, that would be enough of a headache!

.....

"Ji Feng, you don't want to get angry!"

On the way back, seeing that Ji Feng kept his face sullen, Tong Lei couldn't help but say crisply, "It's all my fault"

Ji Feng shook his head and said, "How can I blame you for this? I'm angry, not actually because I had a conflict with someone today, but because I think that there are some people who are really too cheap! As long as there is a slight dislike, open your mouth to curse people, full of genitalia, specializing in using other people's parents and family members as a common greeting, I just can't understand, don't they have parents?!"

Xiao Yuxuan said softly, "Ji Feng, you can't ask everyone to be like you, and you can't care that much, for that kind of unqualified person, just ignore him."

"I used to think the same way, thinking that ignoring the other person would be fine." Ji Feng shook his head slightly and coldly snorted, "But now, I don't think like that anymore. I can't control everyone, but, I can at least control the people who provoke me, and I can control the people around me"

Xiao Yuxuan then fell silent, there are many such people, and how can they change?

But Ji Feng is not such a thought, he never thought of changing everyone, but at least, he definitely will not allow others to use his family as a greeting, when he encounters such people, he will never be soft!

Chapter 499

In a private room on the first floor of the Taste and Fragrance House Hotel on Jiangzhou's Jinling Road, three young men were sitting with smiles on their faces. The two youths sitting opposite to each other were both of extraordinary bearing, and they were free to talk and laugh in a grand manner, even if it was just a simple wave of the hand, they all carried an imposing power.

These two people are no other than Ji Feng and He Hongwei. And sitting beside Ji Feng was Han Zhong.

This was He Hongwei's second appointment. Ji Feng had just finished his exams in the afternoon when He Hongwei's phone call came, seemingly because he had decided on the Taste and Fragrance Residence, and this time He Hongwei had set the meeting place at this hotel again.

Han Zhong, on the other hand, was dragged here directly by Ji Feng. In business negotiations, Ji Feng was not proficient, and it could even be said that he did not even understand the skin.

For what he did not understand, Ji Feng never pretended to understand, therefore, he dragged Han Zhong here. The fact that Han Zhong was in charge of the Tengfei Pharmaceutical Factory, and that even Yang Dezhao praised him, at least shows that he is very proficient in this area, so I think he has learned a lot from his time in the Han Group, not to mention the fact that he has a father who is in charge of a big group, so his skills naturally go without saying.

So this time, all Ji Feng had to do was to grasp the general direction, and the specific details would be left to Han Zhong.

In fact, it's not that Ji Feng hadn't thought about hiring someone more professional or with rich management experience to run the pharmaceutical factory, but in reality, many objective factors made it impossible for Ji Feng to invite outsiders to join.

For example, the issue of the source of the prescriptions, or the safety issue, and so on, there are many things that cannot be known to outsiders now. As for Han Zhong, Ji Feng was much more at ease, this kid was very resourceful and he never asked what he shouldn't ask, this was the point Ji Feng appreciated the most.

"Older brother, thanks to you for coming to the rescue last time, otherwise, it would be my soul sitting here drinking with you now!" He Hongwei lifted his glass and clinked it with Ji Feng's and said with a smile.

Ji Feng smiled faintly, "If that was the case, I would be scared! Of course, that might also confirm the existence of ghosts!"

"Haha" He Hongwei didn't mind and burst out laughing, "You kid, you're much funnier than your second brother."

Ji Feng laughed: "If my second brother hears this, I'm afraid he'll say you're not funny again!"

"Oh" Shao Lei that kid is just that stinky, I've long since gotten used to it, but your big brother, on the other hand, is much more powerful than him!" He Hongwei laughed: "And I see that you, old brother, although you are on a different path from the one Shaodong is on, but to say that your ability and wrist is not bad at all, I have heard all about your affairs in Yanjing, awesome!"

Ji Feng smiled and waved his hand, this kind of polite words anyone would say, he naturally will not take it seriously, just laughed and said, "He young master but overpraise ah."

Han Zhong was beside him, but he just smiled and didn't say anything, quietly eating his food.

He knew very well that there was no place for him to speak on such an occasion, in fact, it was already very good that Ji Feng was able to bring him here, if he kept talking nonsense without knowing the sky was high, then even if He Hongwei didn't say anything, he would still look down on it in his heart.

"Older brother, no more nonsense, there is no need to be so polite between you and me, let's get right to the point!" He Hongwei took a bite of the dish, casually picked up the tablecloth to wipe his hands and said, "I believe old brother also knows my intention, simply put, I know that old brother has an extremely effective drug in his hands, and it works tremendously, I want to cooperate with old brother, I don't know what old brother thinks?"

Ji Feng's chopsticks turned in his hand for a moment as he smiled, "Cooperation is certainly a good thing, Senior He's so strong in business operations, it would be an honour for me to cooperate with him."

"That's good, I'm going to invest five hundred million in the initial stage to set up a precision laboratory, specifically to research as well as develop the prescription in old brother's hands, and divide it into multiple drugs for production, so that at least we're not walking on one leg, and our cooperation can be more solid!"

He Hongwei laughed, "All my brother has to do is to provide the prescriptions and be responsible for the production of the drugs researched in the laboratory, and I will be responsible for the sales channels, our cooperation, I believe, will have a very bright future!"

Han Zhong's eyebrows jumped a few times as he listened, but he didn't say anything.

Ji Feng smiled, "This cooperation proposal is indeed good, however, I have a better proposal, I wonder if Mr. He is willing to listen to it?"

He Hongwei naturally knew that the proposal he had put forward was definitely unfair to Ji Feng, and Ji Feng would definitely not agree to it. But business was all about negotiation, and there was nothing fair or unfair in a shopping mall.

"If you have something to say, please say it directly. When talking about business, both sides must agree before business can be done!" He Hongwei laughed.

Ji Feng nodded and pondered for a moment before saying, "Cooperation is definitely good, and the pharmaceutical factory definitely needs a large and professional laboratory. However, I'm already setting up the lab now, and have also started contacting some equipment factories, and the lab is now gradually taking shape"

After a pause, Ji Feng smiled, "So my cooperation plan is like this, you are responsible for sales and terminals, I will be responsible for production, in order to avoid one of the parties breaking the contract or anything going wrong in the middle, we can instead jointly establish a staging area!"

"A transit station?!" He Hongwei was a bit puzzled, "Can you explain it in detail?"

Ji Feng smiled, "The so-called transit station is divided into two parts, one is the storage of raw materials, and second, the transit of finished products, all raw materials, more must go from this transit station, and all finished products, must also be issued from the transit station" To put it bluntly, this transit station is also equivalent to a This is the equivalent of a multi-purpose warehouse. Of course, this transit station, can be registered as a logistics company, we both send someone to take charge of it, I believe such a solution, should be the most suitable!"

Establishing such a transit station would, first of all, ensure that there would be no sudden problems with the raw materials, because in addition to the people on Ji Feng's side being responsible for the raw materials, He Hongwei could likewise send someone to be responsible for them, while in terms of the sales of the finished products, there would likewise be a certain reserve of goods, which would also be shared by people from both sides.

In this way, a situation is actually formed in which they penetrate each other, but not too deeply, so that both sides will not suddenly separate at once, and likewise ensure that both sides will not penetrate into each other's territory.

He Hongwei's people would not get the prescriptions through normal channels, while Ji Feng would not seize He Hongwei's sales channels through normal channels.

After guaranteeing that these two aspects would not go wrong, the rest were just minor details, and it would be enough to leave it to Han Zhong and the others.

In fact, this plan has been in Ji Feng's mind for a long time, because if he is only responsible for production and He Hongwei is only responsible for sales, both sides will complement each other but also hold each other back at the same time, which will create a very serious internal conflict, which is not what Ji Feng wants to see.

If you want to do it, you have to do it thoroughly!

After listening to Ji Feng's proposal, He Hongwei was silent for a moment before he laughed, "Older brother, you are really worthy of studying economics!"

Ji Feng waved his hand and smiled, "This has nothing to do with economics, it's just so that our cooperation can be carried out successfully, that's all!"

In fact, Ji Feng didn't like this kind of negotiation where you move in and I move out, what he preferred was for both sides to reach a consensus with the most sincere purpose, so that there was not much need for negotiation at all. But he also knew that others would not think the same as himself, so negotiations must be necessary, just in different ways.

This would be tantamount to cooperation between the Ji and He families to a certain extent, so there would not be too much fighting at all, and as long as it was in the interests of both sides, the negotiations could succeed.

As expected, after pondering for a moment, He Hongwei finally nodded and smiled, "Good, let's go with this plan, old brother!"

Ji Feng instantly smiled as he raised his cup and said, "Please!"

"Please!" He Hongwei laughed, "Older brother, now I suddenly find that if I'm a friend, I can look for someone like you, but if I'm doing business, I'd rather look for your second brother, and I don't feel half as successful as I do when I talk business with you."

Ji Feng laughed: "That's because Young Master He has made too much money, this small amount of money is no longer in sight!"

"You ah" He Hongwei shook his head and laughed.

.....

After the guests and hosts had their fun, both sides dispersed separately.

The first thing you need to do is to get back to your home, because Ji Feng drank a lot of alcohol, even if you are still very sober, but you can not drive, the driver can only be played by Han Zhong.

Ji Feng sat in the passenger seat, slightly squinting his eyes. He did not dissolve the alcohol in his blood with bio-currents, but quietly savoured experiencing this slightly drunken feeling.

"Han Zhong, the general scheme has been settled, I believe that soon He Hongwei's Tianyao Group will send people to contact us, when the time comes, you will be in charge, what people are needed, you will go directly to the headhunting company, as for the funds, I will get a sufficient amount of funds in the shortest possible time, will ensure the normal operation of the pharmaceutical factory!"

After a pause, Ji Feng continued, "There is also the laboratory equipment, I will be responsible for contacting, the production plant equipment, we will have to trouble you!"

Han Zhong nodded as he listened, and when he heard the last sentence, he couldn't help but laugh, "I'm working for you, the big boss, so of course I'll do whatever you order!"

Ji Feng smiled and suddenly said, "I've prepared a document that the pharmaceutical factory has five percent of your shares!"

"Squeak—!" Han Zhong slammed the brakes sharply and jerked his head around, staring blankly at Ji Feng whose eyes were slightly narrowed, unable to react for a long time.

"What, too much money to burn your hands, huh?" Ji Feng faintly smiled.

"It really does burn your hands!" Han Zhong couldn't help but laugh and said, "You kid are trying to get me to sell my life to you for the rest of my life!"

"No?" Ji Feng opened his eyes and asked with a smile.

"I'm not stupid, there's definitely money to be earned!" Han Zhong laughed, "Boss Ji, I'll be following you from now on!"

Ji Feng laughed out loud and Han Zhong froze and laughed along with him.

But in Han Zhong's heart, he couldn't help but feel, "This kid Ji Feng, what a big deal, what a big deal! Five percent of the shares may sound small, but if one calculates the future sales and benefits of the pharmaceutical factory, one will know that even one percent is an astronomical amount!

It seems that he will have to work for him for the rest of his life this brat!

The car quickly disappeared into the dark night!

Chapter 500

When the sky in the east was glowing with the white of a fish's belly, Ji Feng's first semester at Union University was finally considered to be over.

It was already the day after the exams, and Ji Feng took a rare lazy nap and didn't get up until after 7 a.m. This time might still be early for many people, but in the opinion of Ji Feng, who wakes up around 5 a.m. every day, this is undoubtedly considered a lazy nap.

"Drinking is a mistake!"

Ji Feng shook off his head, although he did not drink much yesterday, but because he did not use bio-current to dissolve the alcohol, so until he woke up in the morning, Ji Feng still felt some alcoholic feelings, and now it seemed that the late start this morning was not unrelated to the alcohol.

Ji Feng first sat on the bed and activated the bio-current in his Ti to dissolve all the residual alcohol, then he washed up quickly and washed his face with cold water until he was completely sober before he walked downstairs.

Xiao Yuxuan and Tong Lei had already prepared breakfast, and when they saw Ji Feng get up, Tong Lei, who was sitting next to the dining table, smiled sweetly: "Come and have breakfast, you're up late today."

Ji Feng smiled as he walked over and casually asked, "Where's my mum?!"

“Auntie went to Secretary Ji’s house and said she wanted to play cards with Madam, and the guards all went along.” Xiao Yuxuan explained and added, “Ji Feng, just how much wine did you drink yesterday and why did you get up so late?”

Ji Feng smiled and held out a finger, “A bottle of red wine!”

“A bottle?!” Xiao Yuxuan was instantly exasperated, “You really dare to drink!”

Ji Feng shook his head and laughed, “It’s rare to sit with the He family, so I had a few more drinks.”

Ji Feng hoped to learn more about He Hongwei through the conversation during the meal, or he could learn some merits from him. Being able to be called the Yanjing Three, He Hongwei naturally had a lot of merits.

And through this meal, although Ji Feng didn’t learn much, he deepened his understanding of He Hongwei quite a bit.

In fact, although Ji Feng doesn’t like this person too much, he can’t deny that this is definitely a person with a lot of personal charm. The fact is that you can get a lot of information about the company, but you can’t get a lot of information about the company.

Of course, there was another point that Ji Feng admired greatly, and that was He Hongwei’s grasp of timing. During the meal, Ji Feng deliberately asked about matters concerning the Tianyao Group, especially some details that Ji Feng asked more carefully.

He Hongwei did not hide much, but was straightforward, and even for many operations involving rubbish and such, he was not shy about saying it.

It was only through He Hongwei’s introduction that Ji Feng gradually understood why He Hongwei had become the leading figure of the third generation of the He family, a man who was really too capable.

Although He Hongwei did not dwell too much on the process of his operation, but simply brought it up after a few words, Ji Feng could hear that He Hongwei was definitely a talent.

Even, at that moment Ji Feng had a strange thought – if He Hongwei is not a member of the He family, Ji Feng said what to dig He Hongwei over, now Ji Feng’s grasp of the overall situation, or very accurate, because his hands hold the technology of the Gamma Galaxy, know the future trend of development, this is a unique vision!

He Hongwei, on the other hand, has an extremely good grasp of the local situation, which can be seen through his introduction of some of the operations of the Tianyao Group.

If you can dig He Hongwei over, control the whole situation yourself, and He Hongwei is responsible for specific things, I believe it can definitely be called a double sword combination!

..... Of course, it is two men with two swords.

But this idea only flashed in Ji Feng’s mind, and was immediately dispelled by him.

You are kidding!

What kind of person is He Hongwei? That was the third generation leader of the He family, such a person would give him over as his deputy?

Even if He Hongwei agreed, Ji Feng wouldn't dare to use him!

What's more, if Ji Feng really used him, the He family's people would absolutely storm out!

"What's a man giggling about?" Xiao Yuxuan poured a cup of soy milk for Ji Feng, and when she saw that Ji Feng was giggling all by himself, she asked with a delicate smile. [Ye*zi] [Yo*you]

Ji Feng was stunned and then laughed, "It's nothing, just remembered something interesting. By the way, we're going out on a field trip today, right?"

"Yes, meet at the west entrance of the school at nine o'clock sharp, the class president of that class contacted the bus!" Xiao Yuxuan nodded slightly and said, "I've already paid the registration fees for all three of us, we'll just go straight there after breakfast."

Ji Feng smiled and asked, "What, that Liu Quansheng isn't going?"

"I've already asked that class president, Liu Quansheng is going back to his hometown and won't be going!" Xiao Yuxuan suddenly giggled, "Little rascal, still jealous, huh?"

Ji Feng hummed, "I'm not jealous, I'm afraid that you'll be at a disadvantage! Think about it, I don't know exactly what kind of xing Liu Quansheng is, but just because of the things he did, I can't feel comfortable letting you stay with him!"

"Careful!" Xiao Yuxuan smiled and slapped him, and then said gently, "Hurry up and eat, you'll be the driver later!"

"Isn't there a bus?" Ji Feng asked, "Do we need to drive there too?"

Xiao Yuxuan said, "There are quite a few students enrolled, the bus may not be enough to sit on, besides, it's convenient for us to have a car, anyway, the eastern reservoir is not very far away, we can get there in two hours or so if we drive."

"That's fine!" Ji Feng smiled and nodded, "I can't let two flowery girlfriends squeeze in with others!"

"Just know poor talk, hurry up and eat your meal!" Xiao Yuxuan and Tong Lei giggled at once.

.....

After eating breakfast, Ji Feng first called his mother and informed her that he was going out on a field trip today, which was estimated to take two days, and then, Ji Feng drove his BMW x6 and drove Xiao Yuxuan and Tong Lei to school.

Xiao Yuxuan and the others agreed to meet at the south gate of the school. When Ji Feng arrived, it was already half past eight and most of the students had already arrived, and as far as the eye could see, there were about fifty to sixty people.

Ji Feng sat in the car and couldn't help but smile, "Yu Xuan, it seems like there are quite a lot of people enrolled this time!"

Normally, a class is only about forty students, and there might be students who don't go, so it was obvious that these people obviously had students from other classes.

Xiao Yuxuan laughed lightly, "There were many students who had to rush home, so they didn't go, and now these people, I guess, are students from several classes."

Tong Lei said crisply, "Sister Yu Xuan, then you go down first, say hello to the students first."

Ji Feng also nodded and smiled, "Yes, Yu Xuan, as a teacher, go down and meet with the students first, you always need to let them know you are here before you come back, don't crowd the bus with them."

Xiao Yuxuan couldn't help but give them a blank look and said in no good humour, "Do you think I can come back after meeting them? There must always be a teacher who leads the group!"

Ji Feng couldn't help but laugh dumbly, in fact, thinking about it, a bus could seat at least half a dozen people, after Xiao Yuxuan met with those students, she definitely had to go with them, just like what she said, there had to be at least one teacher to lead the team.

"Later on, you guys will just drive behind the bus." Xiao Yuxuan gave a delicate smile and suddenly peeked over and gave Ji Feng a kiss on his cheek, and then gave Tong Lei a kiss on her pretty cheek as well, before she giggled and got off the bus and walked towards those students.

Ji Feng chuckled, but he saw Tong Lei's pretty face flushed red and couldn't help but beep and hum, "Sister Yu Xuan is getting worse and worse now, really, she got a face full of saliva!"

"That's because Yu Xuan likes you!" Ji Feng laughed, looking at Tong Lei's delicate and dainty appearance, he couldn't help but laugh, "You're really cute, no wonder Yu Xuan kissed you!"

Seeing Ji Feng's strange look, Tong Lei immediately wrinkled her cute little nose and said, "You're all bad!"

Ji Feng laughed heatedly and turned his head to look, but he saw that Xiao Yuxuan had already gotten on the bus, but what puzzled him was that he seemed to have seen Liu Quansheng through the bus window!

Wasn't he not going?

Ji Feng frowned slightly as he immediately took out his mobile phone, wanting to call Xiao Yuxuan back, but after careful thought, he still put the phone back in his pocket.

"Ji Feng, what's wrong?" Xiao Yuxuan, however, noticed Ji Feng's strange appearance and couldn't help but ask with concern.

"Nothing, I know I seem to have seen someone who shouldn't be here!" Ji Feng shook his head slightly and said suspiciously, "I seemed to have seen Liu Quansheng on the bus just now on the bus that Yu Xuan got on!"

"Ah?!"

Tong Lei immediately shouted in shock and said in a panic, "This, how is this possible, didn't Sister Yu Xuan say that Liu Quansheng wasn't going? How come this bad guy is going again?"

Ji Feng laughed, "It should be because this guy suddenly came back or, it's a ploy he played!"

He knew very well that it was absolutely impossible for Xiao Yuxuan to lie to himself, then, it was only Liu Quansheng who had lied to Xiao Yuxuan, or he had played a kind of trick, which made Xiao Yuxuan be deceived.

Ji Feng couldn't help but shake his head slightly, if only this kind of means was used then there really wasn't much point.

But thinking about the tactics Liu Quansheng played last time, Ji Feng couldn't help but shake his head and laugh, perhaps, he could only play this kind of pedestrian tactics, there is really no intellectual content.

"Really, he thought that Sister Yu Xuan would like him, he doesn't know at all how unpopular he really is!" Tong Lei couldn't help but give a petulant hum and slightly skimmed her lips.

Ji Feng laughed: "All right, don't talk too much, let's follow the bus, as long as Liu Quansheng doesn't play any tricks, don't even bother with him, don't make a good outing, make a mess of it, then it won't be much fun."
