

Campus Master 501-502

Chapter 501

Ji Feng laughed: "All right, do not say more, we follow the bus, as long as Liu Qiansheng does not play any tricks, do not bother him, do not take a good trip to the outing, messed up the woo, then there is no meaning. The "leaf * son] [yo * yo]"

Tong Lei wrinkled her cute little nose, then beamed again and said: "Ji Feng, then we still have to make a phone call with Sister Yu Xuan, she may want to come down but when so many people and can not pull down the face also said no ah hee hee, I know, you are afraid that Sister Yu Xuan said you are careful, so just do not call, right? You don't call, I'll call! You do not call, I will call!"

In the middle of speaking, Tong Lei has already taken out the music phone that Ji Feng bought for her only before from the kun bag that she carried with her, and dialed Xiao Yuxuan's phone with a smile.

In fact, at the time of seeing Liu Quansheng, Xiao Yuxuan was also very surprised.

She didn't see Liu Qiansheng down there, but when she got on the bus to greet the students, she was stunned to see that Liu Qiansheng was actually sitting behind the driver's seat.

Xiao Yuxuan immediately looked at the class president, but the class president could only laugh and said, "Ms. Xiao, it's like this, Mr. Liu originally said he was going home, but he didn't squeeze on the bus, so he just went on a field trip with us."

Liu Quansheng also laughed next to: "Yuxuan, now it happens to be the time when students are on vacation, the flow of people is too large, the number of cars is not a lot, I am afraid that until the Spring Festival can not go, this Spring Festival inevitably to disturb you, I do not know if Mr. Xiao will help ah!"

Xiao Yuxuan heart is a little tired, you can not go to the Spring Festival, what does it matter to me? The school is not without staff apartments, and Jiangzhou is not like those small cities, even if it is the first day of the year, the city still does not close, want anything, what can trouble me?

She said indifferently: "If I can do it, I will certainly help, Mr. Liu will not have to be polite."

Saying that, Xiao Yuxuan was about to get off.

Liu Quansheng stood up in a panic and said, "Teacher Xiao, do you want to go?"

"No, my boyfriend is driving behind me, I can just take his car!" Xiao Yuxuan said indifferently. Just to ~

Liu Quansheng heart coldly grunted, very unhappy, but the mouth is smiling said: "Xiao teacher, I see it this way, we will accompany the students on the bus, anyway, you and your boyfriend, you meet a lot of opportunities, and this outing is very rare, everyone say right ah? "

These students for the teacher, in fact, still quite like to joke, after all, for the teacher who can mingle with the students, certainly very popular with the students. Xiao Yuxuan is such a person, this beautiful and charming and xing mild teacher, but not only the hearts of many boys dream lover, but also by many girls welcome.

The moment everyone heard that teacher Xiao was leaving, they were all up in arms.

“Teacher Xiao, it’s not like she has a boyfriend and doesn’t want us students anymore, right?”

“Yes, teacher Xiao, you are not right to do so!”

“Don’t be anxious, Mr. Xiao will definitely not do this, right?”

.....

Looking at the students who were up in arms, Xiao Yuxuan could only nod and agree, but in her heart she laughed bitterly, how could these students know Liu Quansheng’s intentions?

“Ding”

Just at this time, Xiao Yuxuan’s cell phone suddenly rang, she hurriedly took out the phone to see, immediately pursed her lips and smiled, the phone was called by Tong Lei.

“Hey, Lei Lei!” Xiao Yuxuan picked up the phone, “I’ll stay on the bus, you guys just follow behind right, Mr. Liu and the students are very enthusiastic to say when we arrive.”

“Pop!”

Tong Lei hung up the phone and said with a smile, “Ji Feng, Sister Yu Xuan said, Teacher Liu and the students are very enthusiastic, she is not good to come down now!”

Sitting in the driver’s seat, Ji Feng couldn’t help but hum and snickered, “This Liu Quansheng is also considered to have gone to great lengths, let’s go, . dot com”

The students in front of the school had all gotten on the bus, the driver then started to move the car, Ji Feng slowed down and followed the back of the bus.

“Going on an outing to the eastern reservoir, it seems that the class president must also be a guy who likes to play!” Ji Feng couldn’t help but shake his head with a smile.

When I heard that Xiao Yuxuan was going to take her students to the eastern reservoir for a field trip, Ji Feng specifically looked up some information about the eastern reservoir, and he found that it was really a very suitable place for a winter field trip!

The eastern reservoir, which sounds like a majestic name, makes people think that this reservoir is supplying the entire eastern region, but in fact, it is supplying the eastern region, but only the eastern part of Jiangzhou.

In fact, this reservoir more than ten years ago, indeed, can supply the entire eastern Jiangzhou water, but also can play a role in water storage and flood control.

But these ten years of time, because the development of Jiangzhou direction and planning gradually shift direction, so that the eastern reservoir of water supply capacity gradually insufficient, coupled with the current abnormal changes in the weather, the eastern reservoir of water storage is actually lacking many times.

So gradually, the eastern reservoir lost its original most important function and status in Jiangzhou.

But there is another change, but the eastern reservoir gradually came to life.

But all reservoirs, generally built in the suburbs or near the water source, such places are naturally few people come, the eastern reservoir is no exception.

But after more than a decade of development, coupled with the reservoir for temperature regulation, making the temperature of the eastern reservoir is very pleasant, so people who have nowhere to go in winter, most of them will come here for excursions, free time can come here to fish, take a break, but also very interesting.

However, the average person is rarely run that far, because there is no tour group to the eastern reservoir, at most, there are just a few classes of buses, so usually not many people go to the eastern reservoir.

The class president of that class can actually think of it, obviously a person who likes to play around.

I have to say that the road construction in Jiangzhou is still quite good. From the United University to the eastern reservoir, which took about three hours or less, all the way is actually a highway, Ji Feng's BMW x6 instead of useless.

He could not help but secretly mutter: "fortunately did not drive a large off-road vehicle over, otherwise, it would be too much of a loss!"

Never think that off-road vehicles are powerful, especially four-wheel drive off-road vehicles, more power, then run more smoothly on the road. In fact, this is not the case at all.

Off-road vehicles, tire pattern is larger, if running on a flat road, but very disadvantageous, and encounter the kind of potholes or Gobi Beach and other places, running up that is really as if the dragon into the sea.

Although Ji Feng's BMW x6 is known as the all-round coupe, but in fact, with the bus behind, he really did not have the opportunity to let go of the degree of running, he did not feel comfortable letting Xiao Yuxuan stay in the bus, because there is an ill-intentioned Liu Quansheng.

He would love to have a mountain road or a potholed road in front of him, then the versatility of the BMW x6 suV would be fully realized.

"The next time you go on a field trip with others, you must find a rugged and difficult place, I'll see how that Liu Quansheng can keep up!" Ji Feng could not help but muttered.

The back row of the sitting child Lei suddenly pursed her lips, in the end, Ji Feng still to that Liu Qiansheng nagging ah, what complaints about the slow degree, the car can not run and so on, it is all on the subject of waving.

Tong Lei suddenly asked: "Ji Feng, if someone chases me, what will you do?"

"Wei Qiang is the best example!" Ji Feng did not even think about it, he said directly.

Tong Lei suddenly smiled cheekily and said, "How domineering."

Ji Feng laughed heatedly: "Shouldn't you be overbearing? Maintain their own girlfriend, then domineering are supposed to, huh"

After another ten minutes, the front of the bus began to turn, Ji Feng not slow to follow, and the eastern reservoir, has also entered his line of sight.

The car stopped in front of the reservoir dam, looking far away, there seems to be a number of small boats are slowly moving forward in the lake, there are still a lot of people sitting there fishing at the lake, there are also people picnicking in the sheltered place.

“It’s already more than eleven o’clock?” Ji Feng took a look at the time, immediately bitter smile: “This is good, just get off the bus to toss food!”

At this time, the students on the bus in front of them have also come down, constantly moving their bodies. After sitting continuously for more than two hours, these students already have a sore back and all over.

Ji Feng saw that a few boys were gathering together, smoking beautifully and joking from time to time.

Soon, Xiao Yuxuan stepped down from the bus, followed by a tall and seemingly graceful figure, none other than Liu Quansheng.

“Lei Lei, let’s go over there!” Ji Feng closed the car door and said with a smile.

“Ji Feng, later you have to suppress your temper, do not easily fire!” Tong Lei reminded in a low voice, after all, there are so many students in, if you fire, the impact will be bad.

Ji Feng nodded with a smile and said, “Don’t worry, as long as Liu Quansheng doesn’t do anything excessive, I won’t fire.”

“That’s good!” Tong Lei smiled sweetly and walked side by side with Ji Feng.

“Teacher Xiao, look it’s almost twelve o’clock, should we get food first and play in the afternoon?” Liu Quansheng’s face with a gentle smile, looks very s, “I think so, let’s divide the students into two teams, and then into several groups, in this way, it’s easier to organize!”

Taking the opportunity to speak, Liu Quansheng untraceably moved closer to Xiao Yuxuan, almost walking side by side with Xiao Yuxuan.

“Then let’s do it according to what Mr. Liu said!” Xiao Yuxuan’s eyebrows knitted slightly, some impatient said.

Chapter 502

“Since Miss Xiao agrees, let’s distribute it like this, since there are more girls, we will divide them into groups according to four girls and one boy, and the rest of them will divide into groups with us, what do you think?” Liu Quansheng asked with a gentle smile.

“That’s fine, however, I won’t group up, I’ll make my rounds back and forth later to see if the students need any help!” Xiao Yuxuan politely declined Liu Quansheng’s offer to share a group with her and instead said, “Besides, when it comes to dinner, I believe my boyfriend will definitely do well, so I won’t be hungry, so Mr. Liu doesn’t have to worry.”

In the car Xiao Yuxuan counted the number of people, there were fifty-six people in total, because it was a foreign language department, the phenomenon of Yin prevailing and Yang declining was very serious, so four girls and one boy were divided into a group, in the end there was only one girl left.

In this way, it was almost as if she and Liu Qiansheng were alone together, and Xiao Yuxuan naturally would not agree.

Liu Quansheng's face changed slightly at once, and then he laughed again, "Then how about this, let your boyfriend split into a group with us, since it's an outing, it's not always good to make it special, right?"

"Yu Xuan!"

Xiao Yuxuan was deliberating on how to refuse when she suddenly heard Ji Feng's voice come through, she suddenly smiled sweetly and said, "You guys are here!"

"It's you?!"

Liu Quansheng was stunned when he saw Ji Feng and Tong Lei walking together, "You, aren't you a student from our school? This"

Immediately, he thought that it was impossible, how could Ji Feng be Xiao Yuxuan's boyfriend!

What's more, at this time Ji Feng's side is also followed by Tong Lei, so I think Ji Feng and Xiao Yuxuan are just ordinary friends, only slightly casual in name, Ji Feng's girlfriend, should be Tong Lei.

The reason why Xiao Yuxuan said that Ji Feng was her boyfriend was to perfume herself, Liu Qiansheng was excited, in that case, Xiao Yuxuan didn't have a boyfriend, right?

However, once he saw Tong Lei again, a strange look flashed in Liu Qiansheng's eyes, and his mind subconsciously exclaimed: What a beautiful girl!

The beauty of Tong Lei is different from that of Xiao Yuxuan, and it is still two very different kinds of beauty, Xiao Yuxuan is charming, and Tong Lei is clear and beautiful, so Liu Qiansheng actually looked at her eyes for a while and didn't know how to continue.

Ji Feng smiled and said, "Yu Xuan, how was the arrangement at noon?"

Xiao Yuxuan smiled lightly and said, "Of course I prepared my own lunch, there are cutlery on the bus!"

"That's not bad!" Ji Feng smiled and nodded his head, then asked, "How is it grouped?"

"Oh, it's like this, we're going to group five people, four girls and one boy, and there will be one girl left at the end, just in time to add the four of us and form another group!" Liu Quansheng laughed, "It's getting late now, let's hurry up and get ready!"

Xiao Yuxuan then looked at Ji Feng, for this stalker Liu Qiansheng, she really didn't know how to refuse, she couldn't just say to him, "Don't you be delusional, it's impossible for us two!"

Or say, "Are you annoyed, why are you always pestering me!"

If she really said that, when the time came, the conflict would definitely come out, and since we wouldn't see each other with our heads down at school in the future, we couldn't get upset every day, right?

Ji Feng, however, rubbed his hands together and smiled, "Good!"

Since there happened to be only one group left, Ji Feng naturally couldn't refuse outright, but it was just a simple matter of getting together to high some picnics, which could be done quickly and not stay together for long.

Liu Quansheng's face immediately flashed with a joyful look as he immediately turned around and walked towards the group of students, while shouting, "Everyone come over and gather!"

Xiao Yuxuan looked at Ji Feng and asked in a low voice, "Why did you agree to come down?"

Ji Feng laughed, "It doesn't matter, it's just a meal anyway, when we're done eating, everyone will go their own way to play, what other busy reason does he have to follow up?!"

Tong Lei wrinkled her cute little nose and said crisply, "If he wants to come along, he'll definitely have plenty of reasons."

Ji Feng laughed, "Then we'll talk about it when the time comes!"

On the other hand, Liu Quansheng and the class leader of that class had already divided into groups and everyone went to the car to get cutlery, Ji Feng couldn't help but ask, "Where do the ingredients for cooking come from? Are they all brought in?!"

Xiao Yuxuan was also a bit surprised and shook her head slightly, "I don't think so, no one informed me to bring my own food, they just said that it would be fine after paying the registration fee. By the way, you can see that there are also people having a picnic over there, so I think there should be something for sale around here!"

Ji Feng suddenly lost his smile, "You, how can you lead a group to a picnic like this and not know anything about it, if everyone else was like you and didn't know anything, I'm afraid everyone would be hungry today."

Xiao Yuxuan couldn't help but spit out her tongue at once, looking playful and cute.

At this time, Liu Quansheng, with a girl with short hair, walked over with big strides and said loudly, "Ji Feng is it, you take this female student, and your girlfriend, go and carry the cutlery down from the car, one small pot for each group, and one of the rest of the bowls and chopsticks for each person After you get there, Class President Sun will issued to you!"

After saying this, he only walked up to Ji Feng, his hand outstretched, and said, "Take your car keys out, I'll drive and go with Mr. Xiao to buy food ingredients, then start the picnic immediately"

Ji Feng was stunned, he was puzzled, looking at the way Liu Qiansheng was talking, did this guy really treat himself as a henchman, or was he trying to put up something in front of himself?

The arrangement of the head, at first glance it does not say anything, but as long as the brain reaction a little faster people, can find the problem.

Other students are walking to buy food not far away, why do you have the right to drive there?

Besides, let alone the fact that Liu Qiansheng and Ji Feng were eight sticks away from each other, even if Liu Qiansheng really was Ji Feng's teacher, so what? Would it kill you to show some respect to your students? What's more, now you are still borrowing a car from your student!

In fact, Liu Qiansheng does want to show his authority as a teacher through this matter, so that, on the one hand, when we eat later, we hope that Ji Feng and others will be sensible and not be light bulbs for themselves and Xiao Yuxuan, on the other hand he wants to experience the feeling of driving a BMW X6!

Although BMW Mercedes Benz's are not rare in Jiangzhou, but Liu Quansheng is not driven, he has always heard that X6 is what zero centrifugal force turning, and what super fast start, since this student called Ji Feng has, do not take advantage of this opportunity to experience a, but when to wait?

The man is all car lovers, Liu Quansheng is likewise no exception, just that although his salary is not low, but in a city like Jiangzhou, spending too much, buying a house is hard enough, want to buy a BMW, that does not know until the year of the monkey.

What's more, driving with Xiao Yuxuan, the fragrant car and the beautiful woman, this wonderful feeling is still very attractive, Liu Quansheng's heart is tantalized.

"Hurry up, what are you freezing for?!" Seeing Ji Feng froze, Liu Qiansheng immediately urged, "It's almost twelve o'clock, we need to move faster!"

Ji Feng's eyebrows jumped a few times, and then he smiled, "Teacher Liu, it's better for me to go buy food, and it's so close, so driving isn't necessary, right?"

"You student, why don't you have any sense of collective honour?" Liu Qiansheng frowned slightly, with the look of a teacher and teacher, and said, "It's not easy for us to come out for an outing, we always have to take a lead, quickly take out the keys!"

Ji Feng was instantly happy, this guy clearly wanted to drive Xiao Yuxuan, specifically whether he wanted to drive or to be alone with Xiao Yuxuan, it didn't matter, what mattered was, this moralistic and single-minded look of his for the sake of this group, he was simply an asshole!

If Liu Quansheng had said outright that he wanted to drive, Ji Feng might have lent it to him, but now

"Walk on, I have valuables in my car and some personal stuff!" Ji Feng said indifferently.

Liu Quansheng instantly sank his face and just wanted to reprimand, when he heard Ji Feng suddenly say another sentence, "If you are trying to reprimand me, you don't have that qualification yet Get out!"

If others were polite to Ji Feng, then he would definitely be polite to others as well, and this Liu Quansheng, obviously, was not among them.

"What?!" Liu Qiansheng surprisingly didn't react for a while.

"Do you want me to repeat it again?" Ji Feng also sank his face and asked indifferently.

Liu Qiansheng instantly turned red, he wanted to get angry, but was unable to say anything as he was glared at by Ji Feng's cold stare.

"Remember who you are!" Ji Feng snorted coldly, then turned his head and said, "Go, go get the cutlery!"

Xiao Yuxuan glanced at Liu Quansheng in disgust and turned to follow Ji Feng, Liu Quansheng's approach suddenly made Xiao Yuxuan realize that sometimes being too forgiving is actually not a good thing

The first thing I did was to look at the way that I had been treated.

He gritted his teeth and said, "Go, let's go buy food!"

The girl next to him laughed in her heart, this Liu Qiansheng usually liked to act like a good teacher, many students privately scolded him as a hypocrite, but no one was willing to offend him positively, unexpectedly this Ji Feng's words were so sharp, with two simple words, he blocked Liu Qiansheng from saying a word.

"Ji Feng, why don't we not be in a group with him, let's split ourselves into separate groups, what do you think?!" Xiao Yuxuan asked in a soft voice.

"That's not that necessary, if he dares to go too far again today, see how I'll teach him a lesson!" Ji Feng hummed, then waved his hand and said, "Don't talk about that, since we're out on an outing, let's have fun, let's go, hurry up and get the cutlery!"

Xiao Yuxuan nodded slightly and said, "If he pesters again, I'll just reject him, I can't drag on like this for the sake of saving face, it's really distracting!"

Tong Lei instantly smiled cheekily, "Ji Feng, Liu Quansheng bullied you just now, Sister Yu Xuan is angry!"

Chapter 503

A small barbecue table, a small pot, some charcoal and some other cutlery were all the equipment that Ji Feng and his team had for lunch today.

However, if four or five people were eating, these tools were indeed enough.

Ji Feng couldn't help but laugh: "Isn't there any rental cutlery on this side of the reservoir? Why did you have to bring them all the way from the city?"

Xiao Yuxuan said, "I'm not too sure about the specifics, maybe it's cheaper in terms of rent!"

"That's possible!" Ji Feng couldn't help but nod slightly, although the vicinity of the reservoir was pleasantly scenic, it was after all too remote and naturally quite expensive in terms of rent. This situation was the same all over the country, especially in some scenic areas where a bottle of mineral water could be sold for fifteen dollars, the price difference could be imagined.

"Let's hurry over, Liu Quansheng seems to have returned from buying food." Xiao Yuxuan said.

However, when the three of them returned carrying the cutlery, they were shocked to find that Liu Quansheng and the girl were sitting on the floor eating in big bites, especially Liu Quansheng, who was

holding a piece of grilled chicken wings in his hand, eating while talking and laughing with the girl, so lively!

“Where’s the food you bought?” Ji Feng asked indifferently.

Liu Quansheng hummed and said, “Can’t you see I’m eating? There were just two of us there, so we couldn’t afford to buy too much, so I’m sorry that I only bought it for you guys for one person.”

Ji Feng shrugged and asked again, “We haven’t even carried our cutlery over yet, where did you bake it?”

A gentle smile appeared on Liu Qiansheng’s face as he said, “I’m really sorry, in order to take care of the female students, we went ahead and baked it in another group.”

Xiao Yuxuan and Tong Lei’s pretty faces couldn’t help but sink, this Liu Qiansheng was really good at what he did, and his excuse was so moral to take care of female students!

Liu Quansheng but there continued: “Teacher Xiao, you and this female student eat a copy of it, it just so happens that I bought this is a large portion, enough for the two of you to eat, but this Ji students”

Ji Feng laughed: “It seems that Teacher Liu is really well thought out, not bad, this is what a teacher should look like, worthy of admiration.”

The first time I heard Ji Feng’s sneer, Liu Quansheng did not blush in the slightest, but said with a smile, “Hurry up and set the tableware, I’ll help you guys, being in the same group, we must help each other, right? If we all just do what we like, it’s going to be a mess! That’s why it’s important to listen to your teacher, she’s not going to harm you.”

Before he could finish his words, he saw Ji Feng directly turn around and walk away, his face suddenly turned red and he secretly gritted his teeth.

Ji Feng didn’t have time to listen to Liu Quansheng’s babbling nonsense there, he went straight to the tableware he carried back and said, “Yu Xuan, Lei Lei, you set up the tableware and wait here, I’ll go and return, today we’ll eat something different for the picnic!”

Xiao Yuxuan and Tong Lei could only nod slightly, especially Xiao Yuxuan, who was even more uncomfortable in her heart, if it wasn’t for herself, Ji Feng wouldn’t have been given a hard time by Liu Quansheng.

That Liu Quansheng was really a talent too, what kind of things he could do!

Ji Feng looked around and finally came to the barbecue table, casually pulled down a wire on the barbed wire above, weighed it in his hand and smiled, “I’ll be right there!”

Xiao Yuxuan and Tong Lei also had no idea what Ji Feng was going to do, they just nodded their heads.

Because the location chosen by these people to prepare lunch was near the side of the reservoir dam that was sheltered from the wind, Ji Feng quickly reached the dam and then slowly walked down.

Liu Qiansheng looked at Ji Feng with glee and couldn’t help but say secretly, “This kid isn’t going to commit suicide by jumping into the lake after being given a hard time by himself once, is he?”

The other students also noticed Ji Feng's action and stood up to look out.

Ji Feng, however, didn't care as he quickly arrived at the water's edge and couldn't help but smile faintly.

The place was really just like he thought, the fish inside the lake were swimming in groups, he squatted down, pulled the wire in his hand straight, and his eyes were fixed on the lake, looking for an opportunity.

Swish!

After waiting for less than a few minutes, the wire in Ji Feng's hand stabbed down violently.

Poof!

A fish was directly pierced through the head, and with a flick of Ji Feng's wrist, a fish weighing about two catties was flung up and bounced on the ground for a few times before it didn't move.

Swish! Swish!

Ji Feng stabbed a few more times in succession, but without the same precision as before, because the wind here was too strong and the fish seemed to be a bit frightened, so in the end, Ji Feng was busy for ten minutes and only caught four fish.

However, this was enough, four fish, enough for him, Xiao Yuxuan and Tong Lei to eat.

Afterwards, Ji Feng first used a wire to cut open all the four fish, cleaned out all the internal organs and other things inside at the edge of the lake, and then scraped off the fish scales.

This thin wire was actually sharper than a sharp knife in Ji Feng's hand, and cleaning it up seemed incredibly easy.

After everything was ready, Ji Feng used the wire to thread the four fish together, tied another buckle, and then swirled and walked up with a graceful hand.

All the students couldn't help but stammer, boy, this guy was really something, using a wire to actually catch fish, and he really let him catch four of them!

Although these students were also grilling live fish, the fish in those shops were definitely not fish from the lake and did not taste very fresh. Because the price of fish from the lake was very expensive, while the ones they bought were obviously the price of ordinary fish.

Now seeing Ji Feng walking back with four fish, these students couldn't help but be a little envious.

Liu Qiansheng's eyes even protruded out, he originally wanted to make things difficult for Ji Feng, but did not expect that Ji Feng had directly grabbed a few fish, making his intention fall flat, which made Liu Qiansheng feel as if his fist had hit cotton, as if he had a feeling of having no way to land, which was really unbearable.

When they saw Ji Feng walking over with four fish, Xiao Yuxuan and Tong Lei's pretty faces couldn't help but reveal a delicate smile, the two women even glanced at Liu Qiansheng, their beautiful eyes were all smug, this is their own boyfriend, want to defeat him, you are still far from it!

It has to be said that Xiao Yuxuan and Tong Lei are not the least bit different from other girls when it comes to defending their boyfriends, they don't want others to look down on their boyfriends, and they don't want their boyfriends to suffer.

"Start grilling! These fish must taste really good!" Ji Feng came to the front and directly flattened the fish and placed them on the grill.

Xiao Yuxuan and Tong Lei immediately smiled cheekily and happily ran over and started to grill them.

As the charcoal burned, the four fish began to make a nourishing sound, and Tong Lei sprinkled the ingredients on the side from time to time, the fishy smell of the fish gradually subsided, and a fragrance wafted outwards with the breeze.

This time, all the students who smelled this fish aroma could not help but swallow their mouths, this pure fish aroma was really very delicious, just one smell made people's mouths water.

Liu Quansheng also couldn't help but take a few sniffs, and then looking at the chicken wings in his own hands, he no longer had any semblance of appetite.

When Xiao Yuxuan took all the fish off the grill, Liu Quansheng even directly looked away, but his heart was extremely uncomfortable.

"Hee hee!" Tong Lei's beautiful eyes twinkled and blinked as she hooked up a grilled fish with a wire, and with a charming smile on her pretty face, she walked towards Liu Quansheng.

"Come on, the three of us can't eat that much anyway, this one fish is for you, don't be polite!" Tong Lei said in a brittle voice.

When Liu Quansheng heard this, he was overjoyed, these people still more or less knew how to respect their teachers.

He immediately turned back and said with his mouth, "Thank you, then I'll be polite"

However, before he could finish his words, the smile on his face froze, his face instantly became unsightly, and an inexplicable look of humiliation flashed in his eyes, causing his face to turn blue and white for a while, changing from one moment to the next.

"Lei Lei she" Ji Feng, who was not far away, watched this scene, stunned beyond belief, and then lost his smile dumbly. He saw very clearly that Tong Lei had given that fish to the female student next to Liu Quansheng, but when she spoke, she was slightly sideways, as if she was speaking to Liu Quansheng, so it was no wonder he misunderstood!

But this kind of misunderstanding was so embarrassing that Liu Quansheng had to know that everyone was watching him now, and after losing face under the watchful eyes of so many people, he didn't know if Liu Quansheng could hold up!

"Thank you!" That girl was also a bit embarrassed, after all, when Liu Quansheng said that he would only buy food for three people, she did not raise any objection, but now Tong Lei was giving her a fish for nothing.

"No need to be polite, it doesn't cost anything anyway!" With a cheeky smile, Tong Lei ran back.

“Lei Lei, after you’re done with this, you should dig a crack in the ground!” Xiao Yuxuan forced a laugh and said, “That way, Liu Quansheng can find a crack in the ground to burrow into!”

Tong Lei giggled at once, and Xiao Yuxuan couldn’t help but puff out a laugh, she hadn’t really thought that Tong Lei could be so naughty at times, this was really out of her expectation.

Ji Feng laughed: “Hurry up and eat it while it’s hot, it’ll get cold later!”

“Mmm!” The two girls nodded their heads at the same time, smiled delicately and started eating.

Liu Quansheng was watching the three of them laughing so proudly not far away, his heart was like a million ants crawling around, uncomfortable and secretly annoyed at the same time.

The first thing you need to do is to get a good idea of what you’re doing.

..... Damn Ji Feng, and that damned woman!

Chapter 504

With the hiccup of the grilled fish, Liu Quansheng no longer dared to act in any excessive manner, at least, not for a short period of time. bubble-book_bar()

Ji Feng was also too lazy to be general with him, and Xiao Yuxuan had already shown her meaning with her own actions, so I believe Liu Quansheng must have read it. If he continues to pester like this, then Ji Feng will definitely have to speak up, he won’t just keep tolerating people stalking his girlfriend.

Ji Feng didn’t think he was a saint, indifferent in the face of someone with evil intentions pursuing his girlfriend, something he couldn’t do. What’s more, even if he is really a saint, he still has a family and a wife, and he will not tolerate other men hitting on his wife either!

However, Liu Quansheng seemed to have learnt his lesson, and after cleaning up the cutlery, he and the class leader organised for the students to go fishing.

You don’t need to pay for fishing in this reservoir, but there is a condition that you have to pay for the fish you catch, and there is a special management staff here.

Moreover, in the shops nearby, there is absolutely no fish for sale from the reservoir. In fact, this is also a management method, imagine, people fishing on the one hand want to feel the fun of fishing, while on the other hand, yet it is also a measure to generate income.

If all those shops had fish for sale, I am afraid that many people would not go fishing.

It was also for this reason why those students were so envious when they saw Ji Feng coming back with fish from the lake, which was much tastier than the fish normally kept, and could not be bought here, but only by catching them themselves.

Of course, there is no shortage of people secretly catching fish to sell, and if they are not caught, the income is still very good. Just like Ji Feng caught four fish just below the dam before, but no one came to collect money, actually because of this reason.

It was okay to catch fish secretly, but you had to be fast, because every now and then, someone would come to patrol the area, and if you were fishing, you would definitely be caught, and then the fine alone would be quite a lot, so you might as well just pay the money and fish.

“Ji Feng, are we going fishing too?” Tong Lei asked in a brittle voice, that delicate and clear face, really can’t help but side eye.

“Do you like fishing?” Ji Feng asked with a smile.

“Mm!” Tong Lei nodded her head.

“Then let’s go together and see who catches more fish!” Ji Feng harrumphed.

The vicinity of the dam wasn’t suitable for fishing as there were wind and waves here from time to time, which was why there weren’t many people watching this vicinity.

“Get in, let’s drive straight there!” Ji Feng said. The fishing was additionally paid for, which didn’t conflict with the outing, in fact the few tens of dollars paid for the registration fee was only for renting the bus and the cutlery, but for fishing or playing other items, you needed to pay for it yourself.

On the one hand, because not everyone likes fishing, on the other hand, the students who come out for field trips may not all be rich either.

Ji Feng looked at a sign near the dam, which stated the path to the reservoir management office, so Ji Feng waited for Xiao Yuxuan and those students to say hello, and then drove straight to it.

“Rich greedy bitch!” Looking at the BMW X6 speeding away, Liu Qiansheng couldn’t help but secretly cursed and said through gritted teeth, “Xiao Yuxuan, if Ji Feng is really your boyfriend, then you can be a teacher-student relationship, when the time comes hum, I will definitely make you lose your reputation!”

The first thing you can do is to get your hands on a woman who is too charming, now she is simply like a ripe peach, a gentle touch may flow nectar, such a woman, how can you easily give up?

“No, I must get her!” Liu Quansheng’s eyes glittered with a cold light, even if he had to use even the most underhanded means, he still had to get her

But remembering the consequences of doing those things, Liu Quansheng once again hesitated, he was originally a child from the countryside, like the others, his family mainly provided for him alone, allowing him to go to university and later stay in school as a teacher, and now it was said that he was about to raise his title, and everyone in the family was proud of him.

If you do that kind of thing yourself

Liu Quansheng felt that if he could devise a perfect plan so that Xiao Yuxuan would not hold himself accountable and would even be moved to follow him willingly, it would be too good to be true.

His mind was spinning rapidly at this moment, for example, he could design a scenario where he could spend money to find a street girl to keep Ji Feng company, and then he himself would ‘inadvertently’ let Xiao Yuxuan find out, and then when Xiao Yuxuan was sad, he could take advantage of the situation!

Another example is to let Xiao Yuxuan be drugged by the bad guys, and it is the kind of drug that will cause great harm to her body if not solved in time, at that time, even if one really puts her to sleep, as long as one makes her understand what happened, plus let her know about Ji Feng and other women, I believe one can definitely succeed

The actual fact is that you can find a lot of people who have been in the business for a long time, but you can't find a lot of people who have been in the business for a long time.

However, Liu Qiansheng was not going to think about this now, since Xiao Yuxuan did not treat him with respect, he naturally would not be polite!

But there was one thing that Liu Qiansheng still had some hesitation about: was Ji Feng Xiao Yuxuan's boyfriend or not?

How did Liu Qiansheng feel that the beautiful girl who was following Ji Feng was his girlfriend?

"All the good cabbages have been gnawed by pigs!" Liu Qiansheng couldn't help but secretly curse, filled with jealousy.

"We must find out if Ji Feng is Xiao Yuxuan's girlfriend or not, we must find out for sure!" Liu Quansheng kept saying to himself.

It had to be said that Liu Quansheng's mentality was indeed very sad. There is such a kind of person in the world, who wants to do bad things but does not dare to, and after doing so, he finds all kinds of excuses to excuse himself.

However, Liu Qiansheng was not aware that his own mentality had problems, he completely blamed everything on others, whether it was Xiao Yuxuan or Ji Feng, or Tong Lei who made himself a clown at noon, all were deeply held by Liu Qiansheng.

At the edge of the reservoir, Ji Feng's car finally functioned as it should. The road here was not very good, but sitting inside the car, half of it felt bumpy, even if the road was more rugged, there was no uncomfortable feeling.

After renting a set of fishing gear, Ji Feng and the three of them went to the lake, and all three of them moved a small bench and sat down at the edge of the lake and started fishing.

"Hey!"

Tong Lei gave a light sigh and threw the fish hook out, her pretty face wore a sweet smile as she sat on the small bench, her whole body looking happy.

"Ji Feng, let's compete to see who catches more fish, okay?" Tong Lei asked in a brittle voice.

"Sure, but if I catch more than you, don't cry then!" Ji Feng laughed, it was rare for Tong Lei to be so interested, so Ji Feng would naturally accompany him all the way.

"You're the one who will cry!" Tong Lei wrinkled her cute little nose and said discontentedly, "No more talking, you're scaring the fish away!"

Ji Feng was dumbfounded, but he stopped talking and just concentrated on fishing.

Xiao Yuxuan watched Ji Feng and Tong Lei joking and laughing next to each other, not feeling half jealous in her heart, but rather very warm.

In fact, Tong Lei was not a very interesting person, at least to outsiders. She didn't have many hobbies and her personality was a bit cold, so she didn't fit in with many people.

But Xiao Yuxuan was aware that Tong Lei was actually a very lovely girl, but she would only reveal her true nature in front of the person she liked, because she was happiest at this time. She knew that Ji Feng would treat her well, and that was enough.

Therefore, many times Xiao Yuxuan would also take Tong Lei shopping or to do some other activities just to make her a little more cheerful.

Under such circumstances, how could she possibly be jealous?

Tong Lei's small white hand rested on her chin as she quietly watched the buoy. Suddenly, the buoy on the lake moved a little, and her beautiful eyes suddenly widened.

"There's a fish on the hook!"

Tong Lei was instantly delighted, she immediately shook the handle quickly, then loosened it some more and shook it again Finally, a big fish was revealed on the surface of the water, but it was a carp.

"Ji Feng, I caught it!" Tong Lei said with a cheeky smile.

"No talking, you're scaring all my fish away!" Ji Feng glared at her.

"About to scare you away, all of them!" In front of Ji Feng, Tong Lei fully displayed a girl's ability to be a trickster and said with a beaky little mouth.

Ji Feng immediately smiled faintly and said, "You can't scare them away, look!"

Tong Lei immediately looked in the direction of his finger, but saw that the buoy of Ji Feng's fishing rod had also started to move, and immediately afterwards, Ji Feng skillfully pulled up the fish, which was even bigger than the one Tong Lei had caught!

Tong Lei immediately spat out her tongue, put the fish into the bucket beside her, and hurriedly continued fishing again.

At this time, a group of people came not far away, it was the group of students from the Foreign Language Department, and the one leading the group was still Liu Qiansheng.

When Liu Qiansheng saw that the three of them were happily fishing here, the jealousy in his heart rose up again and he couldn't help but snort coldly.

Ji Feng turned his head and glanced at him, then he stopped paying attention to him and continued to concentrate on fishing.

But at this time, a female student suddenly shouted, "Ah...!"

Everyone immediately looked back, but they saw a female student who was backing up in a panic, and in front of her, several youths were looking at her with bad smiles on their faces.

In front of her, several youths were looking at her with bad smiles on their faces. One of the youths even smiled badly and said, "So you're still a student girl, so innocent, I like it the most!"

Chapter 505

"You, what are you doing?!" That girl backed away somewhat timidly, after all, she was still just a student and must have been a bit scared when facing the hooligans in the society.

A few other girls around this girl also kept backing away, looking at the male students nearby for help.

A few boys, although a little fearful, but after all, in front of the girls, they will be more or less courageous, immediately blocked in front of those girls, vigilantly looking at the opposite side of those few social youths.

And over here, a girl said in a panic: "Teacher Liu, Teacher Liu, there are a few hooligans over there molesting our classmates, you should go over and take a look!"

Liu Quansheng was immediately shocked, what he feared most was these small hooligans, after all, Jiangzhou was not like the countryside, the people in the nearby ten miles and eight villages all knew each other, normally nothing too serious would be issued at all, but Jiangzhou was different, where cases were frequent and the population was too large, no one could guarantee what would happen.

Especially these hooligans, maybe they are all outlaws, who dares to be tough with them?

Liu Qiansheng opened his mouth, but did not know what to say. In his heart, he did not want to go, but several other students were also looking at him, which made him unable to say no.

"Go, go and see!"

Liu Qiansheng could only say through clenched teeth, and he couldn't help but whine again, "Really, you can't rest when you're out, you know how to attract butterflies!"

"Teacher Liu, what did you just say!?" A student instantly asked with an unhappy face, "How can you say that? We came out for an outing, did we encounter someone bullying us and we can't fight back?"

Liu Qiansheng said in a panic, "Nothing, nothing! You misunderstood, I was talking about those little rascals, really, how dare they bully our students!"

With his mouth full, his steps were slowed down as if he was taking a walk.

"Teacher Liu, hurry up!" A girl said.

"What's the hurry? I'm just walking, I have to think of countermeasures first on the way!" Liu Qiansheng said with some impatience.

Seeing that Liu Quansheng was somewhat angry, the girl could not say anything more, but in her heart she was despired.

Ji Feng naturally took in what was going on over there, and he could hear the conversation between Liu Qiansheng and those students. But Ji Feng did not move, he wanted to see how this Liu Qiansheng would actually handle this matter. If he really didn't dare to stand up for himself, Ji Feng naturally wouldn't let that female student get hurt!

“Ji Feng, should we go over and take a look?” Tong Lei couldn’t help but ask, her face looking a bit unsightly because what she usually hated the most was having hooligans molesting girls.

“Yes, Ji Feng, I have to go take a look!” Xiao Yuxuan also said. As a teacher, she naturally couldn’t just stay here and watch her students being molested.

Seeing Xiao Yuxuan stand up, Ji Feng could only shake his head and smile bitterly, “Fine, I’ll go, can’t I!”

“Hurry up! Hurry up!” Xiao Yuxuan hurriedly pulled Ji Feng up.

Ji Feng laughed bitterly and said, “Don’t rush, my fishing rod

“Do you want the fishing rod, or do you want me? Are you just going to watch me go and get bullied?!” Xiao Yuxuan couldn’t help but pinch him and hummed, “Hurry up, or else see if I still care about you!”

Tong Lei also said helpfully from the side, “That’s right, Ji Feng, if you don’t go, we’ll all ignore you.”

“I didn’t say I wouldn’t go,” Ji Feng smiled as he followed the two women.

“Go now!” Xiao Yuxuan hummed.

The two women know Ji Feng very well, this guy don’t look like he usually acts big-hearted, but when it comes to things like Liu Quansheng’s pursuit of Xiao Yuxuan, that can be calculated in his heart.

The two of them will not give him the opportunity to kill someone with a knife!

Those few bad youths looked at a student wearing glasses blocking in front of them and burst out laughing.

One of them heckled, “What, young man, you still want to save the beauty by being a hero, huh? Aren’t you afraid of getting yourself involved?”

The student couldn’t help but feel a bit timid, but he could only say with a stiff upper lip, “I’m not a hero to save a girl, but it’s not right for you to molest a girl! You’d better leave now, or else I’ll call the police!”

“Call the police?!”

A few youths were stunned, then they laughed openly, and a youth with yellow hair on his head snickered, “Kid, do you know who your buddies are? I tell you, my old man is the deputy director of this reservoir area, who are you going to call the police?”

Several other youths snickered and laughed, and the boy’s face turned red, but he didn’t dare to speak.

At this time, Liu Quansheng also came over and smiled gently, “A few young brothers, isn’t it a bit wrong for you to do this? These are all students, why do you have to cross them, let’s forget about today’s matter!”

“Forget it?”

A young man laughed, “That’s fine, but we’re bored, let’s call some student girls to come out and accompany our buddies to fish, as long as we can make our buddies happy, everything will be over!”

Liu Quansheng's face suddenly changed, if a female student was really molested today, he certainly could not get off the blame.

"A few brothers"

Liu Quansheng accompanied with a smile, then tried to speak in.

"Cut the crap, you won't let them come, then we'll pick someone ourselves!" A youth directly interrupted him and was about to go up and pick the pretty female student.

"Stop it! You, you guys" Liu Quansheng wanted to say a couple of harsh words when he saw one of the youths across from him snapping his eyes.

"Damn it! If you dare to talk nonsense again, the brothers will throw you into the lake, do you believe it or not?!"

Liu Quansheng was instantly choked, but no longer dared to speak.

A few youths looked at each other and could not help but be very proud of themselves. The youth with the yellow hair waved his hand, "Go and bring some of them over, it's not like you're doing anything to them, you still treat your buddies as bad guys?"

The youths behind him were about to go forward, but a cold voice came out, "Stop!"

Everyone was stunned, and then, they saw a young man with two beautiful women walking over quickly, it was Ji Feng and Xiao Yuxuan and Tong Lei.

The youth with yellow dyed hair on his head looked at Ji Feng and then at Xiao Yuxuan and Tong Lei, his eyes instantly widened and he subconsciously muttered, "Beautiful women!"

Ji Feng's face sank and he let out a low roar, "Get lost!"

This was a very powerful cry, and the youth with yellow dyed hair was stunned, before he looked at Ji Feng seriously for a few moments, "Kid, who are you?!"

Ji Feng said in a deep voice: "Don't get yourself into trouble, get out immediately!"

Liu Quansheng was watching from the side with great joy in his heart, secretly saying, "Be arrogant, be as arrogant as you can, hey, after messing with the deputy director's son, I'll see how arrogant you can still be, damn it, this might be an opportunity, when this bastard gets caught in, I must seize this opportunity to take advantage of the situation and snatch Xiao Yuxuan over... ..and that Qingli girl, snatch her too!"

Liu Quansheng was in a great mood, he had never felt this good after being defeated all day!

As a matter of fact, when the other youths saw how wild Ji Feng was, they became furious, and one of them said angrily, "You want to die!"

With that, these youths were about to pounce on him, but they heard that Huang Mao suddenly shouted, "Stop!"

Everyone was stunned, and the youths were even more so.

Huang Mao looked at Ji Feng and hesitantly asked, "Are you"

Ji Feng frowned and said, "I told you to get lost now, didn't you hear me?!"

The more calm and atmospheric he was, the more unsure Yellow Hair was, he couldn't help but ask, "You, you're Ji Shao?!"

Ji Feng hummed, "You know me?!"

"No, I don't know, however, when Ji Shao came to the reservoir area once again, I had seen your car, so it really is Ji Shao, sorry, sorry!" Yellow hair immediately forehead cold sweat, how did he meet Ji Shao?

Ji Feng, however, dawned on him, it turned out that this yellow hair did not know himself, but had seen the second brother's car, and took himself for the second brother.

Immediately, he frowned again and asked, "How do you know that this car is mine?"

Yellow Hair immediately fawned and compensated with a smile and said, "I, I saw Ji Shao driving over just now, I just didn't see it clearly just now, so Ji Shao, I'm really sorry, I, I really didn't know it was you, I was blind, you are kind enough not to remember the small man"

"Get lost!" Ji Feng waved his hand and said impatiently.

"Ai! Hey!" Huang Mao nodded in a panic, but in his heart, he was relieved, as long as Ji Shao didn't blame him, this was already a great fortune.

"Quickly, go!" Huang Mao waved his hand in panic and fled in disarray with a few of his fox friends.

As they watched Huang Mao and the others flee quickly in disarray, everyone was stunned.

Perhaps it wasn't a big deal, yet to these students, it was extremely shocking. Just by virtue of a name, it was enough to make several hooligans who no one dared to mess with all run away in disarray, what kind of might was this?

Especially after witnessing Liu Quansheng, the teacher who didn't even dare to say a hard word in front of the hooligans, but Ji Feng was directly telling the other party to get lost, and that hooligan was actually busy thanking him non-stop, this contrast was really too shocking.

Thinking of Ji Feng's might, and then remembering Liu Qiansheng's groveling appearance before, all the students felt a pang of contempt in their hearts, and the gaze they looked at Liu Qiansheng became different from before.

Liu Qiansheng, however, was incomparably humiliated in his heart, and his annoyance and resentment towards Ji Feng increased a few more points.

In his opinion, today's humiliation was entirely caused by Ji Feng. Not to mention anything else, since you Ji Feng are so powerful, why didn't you stand out right from the beginning, why did you have to wait until someone humiliated me before you came out?!

"I will definitely not let you go!" Liu Quansheng was secretly vicious, "All the humiliation I have suffered will be returned to you one day!"

Chapter 506

However, Liu Quansheng's chance to take revenge on Ji Feng hadn't come yet, and he himself had already gotten into a huge trouble!

Because there wasn't much fun in the outing, so that afternoon, Ji Feng took Xiao Yuxuan and Tong Lei and drove back to downtown Jiangzhou. Those students also returned early because of the encounter with the hooligans, which ruined their spirits, and they didn't even go fishing for much longer.

After returning to Jiangzhou, Ji Feng did not take this matter to heart, after all, there were many such people, and more importantly, that little yellow hair did not cause any harm, at least, he did not hurt a student, let alone say half a swear word in front of Ji Feng.

As long as he didn't touch Ji Feng's bottom line, he wouldn't lose his temper and everything was fine.

So after he came back that day, Ji Feng put this matter behind him and just concentrated on his work plan. In the evening, because his mother Xiao Sumei was at his second uncle's house with his second aunt and didn't come back, Ji Feng naturally seized this rare opportunity, smiled badly and carried Xiao Yuxuan and Tong Lei all to the bed, and the three of them had a good crazy time.

Xiao Yuxuan and Tong Lei also ate the marrow, but were too embarrassed to make out with Ji Feng because of the presence of their future mother-in-law.

The two women's faces were full of spring, and their eyes were full of spring, the kind of flirtatious spring feeling that makes people's hearts flutter, which really makes Ji Feng's fingers tingle.

But considering the ability of the two women to bear, Ji Feng had to hold back the stirring emotions in his heart and gave them a kiss on the cheeks of each of them before getting up.

The first thing he did was to turn on his computer and read the school's holiday notice, and found that there were 40 days of holidays.

Forty days of vacation, for students in that youthful period, it could really drive people crazy.

Ji Feng switched off the notification, and then, he looked at the school's forum haphazardly, however, when a post appeared in Ji Feng's sight, he was stunned beyond belief.

The student was molested by a young hooligan on a field trip, and Liu Quansheng, a teacher of the foreign language department, groveled in the face of the hooligan!

This post immediately caught Ji Feng's attention, wasn't this about yesterday's outing? Who had posted this post? What's more, this post had over 10,000 and nearly 20,000 hits in just one night! This means that at least a third of the students in the school had seen the post.

And look at the number of replies after the title, boy!

Ji Feng couldn't help but rub his hands, the number of replies was surprisingly similar to the number of clicks!

This kind of situation can only happen if everyone cares, you know, many people log on to the forum, basically do not log on to their accounts, just read the news and gossip, out of ten people can have three or four replies, this ratio is already considered quite high.

But now, the response rate is almost one to one, which is simply too amazing.

Ji Feng was curious, so he clicked on the post and read it carefully.

However, just after reading a few lines, Ji Feng was dumbfounded and thought badly in his heart, this time, I'm afraid Liu Quansheng will be burnt out, right?

This post, in detail, described the foreign language department's outing, but of course, the most important description was from the moment they entered the eastern reservoir and got off the bus.

The person who posted the post is definitely a ****enthusiast****, this guy actually posted a lot of photos of when it was, especially when he described Liu Quansheng hating the rich, being a teacher but not self-love, buying food actually only bought three, that writing ink is really spicy, sarcastic to the extreme.

Moreover, there is a picture of Liu Qiansheng sitting there munching on chicken wings while everyone else is still barbecuing!

At the bottom of the picture, there is also a text caption, and the lines are even more pungent and sarcastic.

The most important thing is that this paragraph of the encounter with the hooligans, the description is even more almost every sentence, is sarcastic, but there is not a single dirty word, let Ji Feng look at the great sigh of relief, the guy who wrote this post, should be one of the people who followed at that time, but, his writing where like a foreign language department, this even the Chinese language students, may not have such a writing ah!

The only thing that really made Ji Feng's scalp tingle was the picture with the text description, which was simply devastating!

The photos below seemed to be taken somewhat blurred, obviously from a distance, but the people on the photos could still be seen clearly, especially one of them, where Liu Quansheng was talking to that yellow hair with a moralistic look, but the gentle smile on his face when he was talking could not hide that groveling stature.

The text caption that accompanies the picture is this sarcastic: "Look at our teacher Liu Quansheng, bending his ever-straight back for the sake of our students not to be molested, what kind of spirit is this? This is a spirit that, despite fearing the hooligans, stands up for his students and bends his waist at the expense of facing danger!"

Seeing this paragraph of text description, Ji Feng couldn't help but be a bit stunned, this description seemed to be excusing Liu Qusheng, not like sarcasm! Or rather, the sarcasm was not strong enough!

However, when Ji Feng saw one more photo on one side, he burst out laughing.

It was a photo of several students tugging Liu Qiansheng's clothes forward, and the anxious look on the students' faces, as well as the impatient look on Liu Qiansheng's face, seemed to be talking about something else.

Underneath, there is also a text caption: "If you look at teacher Liu groveling for the students for the sake of the hooligans, perhaps you will be very moved, but please take a look at this one photo, this is a student who came to report that the hooligans molested female students, teacher Liu Quansheng's expression of not daring, impatience and reluctance, vividly shown, I must say, my photo taking level is really good!"

"Of course, perhaps people think that the author is slandering Mr. Liu, so he specifically took his picture, then I can say one thing, friends who think so, you are wrong! I was having a crush on one of the girls, you can look at the photos, there is a girl in there that I have a crush on, I took the photos, I just wanted to photograph her!"

"Teacher Liu Quansheng, purely suffered from the pool of fish, because when I came back, only then did I suddenly realise that these photos could actually illustrate the character and actions of a teacher, and I posted them!"

"Our great teacher Liu, when his female students were being molested by hooligans, actually behaved in such a manner, which fully embodies the meaning of the four words of being a teacher, making us admire, respect and miss him In fact, I would prefer to pay him a posthumous tribute!"

"Shamelessness at its finest!" These four words, which sum up the entire post, and in four large red colored fonts, are so piercing, so heart-rending!

Ji Feng lit up a cigarette and looked at the computer screen with a bad smile, "Teacher Liu, it's so pathetic!"

Ji Feng himself didn't even think of doing this, but he didn't expect that someone would actually spread the whole thing on the forum, which was simply a hard blow to Liu Quansheng!

This practice suddenly reminded Ji Feng of the time when he clashed with Yun Bing, someone had also posted the photos of their clash on the forum, could this be done by the same person?

Immediately, Ji Feng shook his head and laughed, he knew it was impossible because the first time the conflict with Yun Bing was posted on the forum, the post was a detailed description of his conflict with Yun Bing.

But this time was different, the post in front of him didn't mention himself half a sentence, just what exactly Liu Quansheng had done when confronted with the little rascal molesting his student!

Obviously, it was not the same style, so the possibility of it coming from the same person was not very high.

Of course, Ji Feng didn't know that the first time the conflict between him and Yun Bing was actually posted to the forum by Wei Qiang, and now that he was still in prison, it was naturally impossible for him to post again.

"Poor old Liu, how will you react when you see this post?" Ji Feng smiled wickedly.

"What's a man giggling at his computer for?" Xiao Yuxuan's voice suddenly sounded behind him.

Ji Feng pointed at the computer screen and laughed, "Look at it yourself!"

“What is it, and so mysterious?” Xiao Yuxuan sat down in front of the computer and looked at it carefully.

When she finished reading it, she looked at Ji Feng, “This, this is real?”

Ji Feng shrugged his shoulders and smiled, “There are pictures and the truth!”

Xiao Yuxuan was silent for a long time before she shook her head slightly and sighed softly, “Poor Liu Quansheng, this time, he’s in big trouble!”

.....

“Bang!”

The teacup was heavily slammed onto the ground and instantly shattered into pieces!

Liu Quansheng’s eyes were red, his teeth were almost gritted, his chest was violently bulging, and he was breathing sharply. It was as if he had gone berserk as he kept walking around the room, on the computer screen on his desk, displaying that very post on the school forum!

“Damn it, damn it!”

Liu Quansheng kept roaring and growling, holding a breath in his throat that wouldn’t come out, “This must be done by Ji Feng, this must be done by that bastard Ji Feng, I’ll kill him, I must kill him myself!”

Liu Quansheng knew that once this matter came out, he would really be finished.

He knew better than anyone else how much of an impact this matter had caused in the school, over 10,000 hits, over 10,000 replies, and now it was continuing to grow rapidly, there was no way the school’s leaders couldn’t see it, and when the time came, they would definitely deal with this matter seriously, because the impact caused was just too bad!

It’s over!

Liu Quansheng knew that he was finished!

However, before he is finished, he must make Ji Feng pay the price!

Chapter 507

Dinner the day after returning from the excursion was prepared by my mother, Xiao Sumei. Both Xiao Yuxuan and Tong Lei were sitting leisurely on the sofa watching TV, seemingly with no intention of helping in the kitchen.

Ji Feng sat in the study and didn’t come out for the whole afternoon.

Ji Feng originally had the habit of taking a nap, and he didn’t sleep for long, twenty minutes at most. Usually, he could sometimes close his eyes for a small sleep of ten minutes and be refreshed for the whole afternoon, of course, this was before he met the intelligent brain.

Ever since he met the intelligent brain, Ji Feng has not had the habit of taking a nap, because every night when he practiced the first set of body-building exercises, he was always tortured by the intelligent brain. **** As a result, he woke up the next morning with full energy and no feeling of exertion at all.

In this way, he simply stopped napping at noon.

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

The work plan that Ji Feng wanted to do was completely different from others', or rather, it just had the same name, but in reality, the content was very different.

Because what Ji Feng had to do was a full work plan, and it wasn't detailed, it was just a general outline, the real plan was in his head.

Security Department, Research and Development Department This is the plan about the Tengfei Pharmaceutical Factory.

Yang Yu, Hacker This is the work plan regarding network technology.

In fact, because Ji Feng's learning process regarding communication and network technology at this time had already reached the middle stage, he began to work on a work plan for this area.

Just like what Han Zhong said, Yang Yu placed in the pharmaceutical factory, simply can not play out his value, the only way to fully play out his talent is in a profession related to him.

As for the computer industry, Ji Feng had long had his eyes on it for a long time. His biggest goal at this stage was actually to create the light screen that the intelligent brain had once shown himself, however, hardware alone was not enough, at least there had to be software to go with it.

What's more, Ji Feng couldn't work on everything himself, so he definitely wouldn't be in a hurry, and must first train up professional talents before the company or group's structure could be solid.

Otherwise, if he relied on himself alone, he would be tired and exhausted.

Ji Feng again remembered what his second uncle had told himself, how did Zhuge Liang die? It was because he had to do everything himself and died of exhaustion!

Naturally, Ji Feng would not let himself die of exhaustion, so it was necessary for him to cultivate a group of talents and establish a solid and regimented structure, only in this way could all the advantages be brought into play most effectively and also allow Ji Feng to free up more energy for other things.

And the most important thing in this work plan is talent.

Security, management, research and so on, all need enough talents to support them.

After doing these things, Ji Feng couldn't help but rub his eyes, even if he was energetic, after working continuously for an afternoon, his eyes couldn't help but be a little sore, and the small of his back was also vaguely a little pissy.

He sometimes wondered if those so-called immortals who could live a long life without eating or drinking had any need to go to the toilet!

He was dumbfounded and laughed, he was so bored, what was he doing thinking about this?

After washing his face with cold water, Ji Feng let out a long breath and his whole body was refreshed.

He looked around and found that the two bedrooms were empty, and Yu Xuan and Tong Lei were not there, so he went straight downstairs and found that the two girls were watching TV, especially Tong Lei, who was wearing a white nightgown and holding a big teacup in her hand.

Suddenly, Ji Feng heard a tinkling sound, he was stunned and couldn't help but ask, "Is there someone in the kitchen? is my mum back?!"

Xiao Yuxuan saw Ji Feng come down and smiled sweetly: "Yes, auntie came back in the afternoon, seeing how seriously you were working, so I didn't bother you, all done, right?"

"All almost done, there are just a few more detailed issues, not something I can decide alone, at least after consulting others first, before deciding what to dare to do!" Ji Feng smiled and sat down next to Xiao Yuxuan, "By the way, my mum is cooking?"

"Mmm!" Xiao Yuxuan and Tong Lei nodded at the same time, but the two pairs of beautiful eyes were staring at the TV as if the soap opera on it was some kind of classic blockbuster, and they were still watching it with great interest!

Ji Feng suddenly laughed: "What, you haven't even gotten married yet, and you're already learning to be ungrateful to your mother-in-law? It's not right for you two to do that, be careful I'll spank you at night!"

Xiao Yuxuan brushed aside her mouth and said, "No!"

Tong Lei also said crisply, "I don't cook well, Auntie cooks well, so of course let her do it!"

"Hey!"

Ji Feng was amazed, these two guys are really sticking their noses in the air suddenly, he could not help but be stunned, no ah, Xiao Yuxuan and Tong Lei is not such a person, even if they are really unfilial, they definitely will not do so, at least face will certainly be over.

The actual fact is, Xiao Yuxuan and Tong Lei have always been very diligent people, so how come there is a problem today?

Ji Feng sank his face and asked in a low voice: "What are you two up to? What is going on, quickly say, is something wrong?!"

Xiao Yuxuan smiled flirtatiously and asked, "Little rascal, were you angry just now, thinking that both Lei Lei and I are ungrateful women?"

Ji Feng immediately shook his head, "How is that possible, can I not understand what kind of character you two are? Don't talk nonsense!"

Tong Lei said crisply, "He's just angry, we won't tell him what's going on!"

Xiao Yuxuan laughed delicately, "Did you hear that? You've pissed off our family's little princess, watch out for yourself!"

Ji Feng was instantly filled with black lines and laughed bitterly. He really wasn't angry, but how come Xiao Yuxuan and Tong Lei didn't believe it? Perhaps, this should be something between mother-in-law and daughter-in-law?

In China, no matter what kind of family, once it involves the mother-in-law and daughter-in-law, there is something to be said about this matter, at least, who is right and who is wrong, how to judge, how to get along between family members, it is hard to say clearly. If this were not the case, those dramas about mother-in-law and daughter-in-law and other bitterness would not be so popular nowadays.

Seeing Ji Feng's sad face, Xiao Yuxuan was immediately happy, she laughed delicately: "Okay, okay, look at your pitiful look, really tell you, it's like this, just now Lei Lei and I wanted to go help, but the result is that auntie kicked us out directly, how not to let us interfere, then I thought about it and thought it was quite right, so Rae and I didn't go, but sat here in peace."

"Quite right?!"

Ji Feng looked at her in amazement, was this right?

"Go think for yourself!" Xiao Yuxuan gave him a blank look and hummed, "If you can't even think about this point, then you're really dumb!"

"Dumb to death?!" Ji Feng looked at the direction of the kitchen in bewilderment and asked with a frown, "I say, how in the world is this"

The words just came out here, Ji Feng suddenly stopped, he frowned at Xiao Yuxuan and Tong Lei, and then looked at the kitchen, his face couldn't help but change.

"Yu Xuan" Ji Feng's voice was trembling a little, "My mother she"

Xiao Yuxuan nodded and said, "Go by yourself, we'll watch TV here, we won't accompany you!"

Ji Feng nodded slightly, he took a deep breath and stood up, but his heart was overwhelmed with guilt.

It seems that when his mother saw that he had finished his exams and was still late in mentioning the matter of going to Mang Shi County, she thought that he might have backtracked, so this is why she came all the way from her second aunt's house and cooked for herself with great care, in fact, she wanted to please herself

The first thing you need to do is to get a good idea of what you're doing.

The people who offended themselves were those in Mang Shi County, not the mother, so why did she have to please herself like this? Are those people really that important to her?

Ji Feng shook his head slightly and walked quickly to the kitchen, looking at his mother's busy back, he smiled, "Mom, what's delicious cooking today?!"

"Your favourite, tiger skin green peppers, and lazy branded buns!" Xiao Su Mei was overjoyed to see her son coming down, "Little Feng, don't work so hard in the future, you didn't come down for the whole afternoon."

Ji Feng nodded and smiled, "Mom, let's go back to Mang Shi County tomorrow, it just so happens that both Zhang Lei and Lei Lei are also going back, so we'll go together!"

Xiao Su Mei was stunned, and then nodded with delight, "Hey hey! Good!"

Looking at his mother's delighted appearance, Ji Feng couldn't help but sigh slightly in his heart, those people, ah, are really blessed, if not for his mother so desperately wanting himself to go back

"Mom, simply make a few dishes will do, I won't eat much at night anyway!" Ji Feng said with a smile, and then turned around and walked out.

He knew that even if he persuaded himself, his mother would not listen, partly because she already loved herself, but on the other hand, but also because she knew very well that letting herself go back to Mang Shi County would actually make her heart aggravated

"The actual fact is that even if I am aggravated, I won't let you be in a difficult situation!" Ji Feng lightly sighed, shook his head, did not even go to the living room, and went straight upstairs, he was very uncomfortable in his heart.

Buzz!

Just at this moment, Ji Feng's mobile phone suddenly vibrated, and his entire body suddenly became alert, a cold light flashing in his eyes.

It was an alarm that had been triggered!

Ji Feng immediately came to the study quickly, while taking out his own mobile phone, calling up the surveillance screen and constantly searching for it.

Because the phone screen was really too small compared to the computer, Ji Feng could only check one screen at a time.

Finally, he saw a figure outside the wall in the backyard of the villa.

"Liu Quansheng?!" When Ji Feng zoomed in on the screen and saw the figure, he was stunned beyond belief, "What's he doing here?!"

Chapter 508

Ji Feng looked at the screen on his mobile phone screen in amazement, his brows furrowed tightly, he thought for a moment, or quickly opened his computer. Although this monitoring device could also be monitored by mobile phone, but after all, the screen was too small, plus the light outside the villa was now very dark, so even if Ji Feng had superior eyesight, he could not see clearly.

If he were to look at Liu Quansheng directly, even in the dark, Ji Feng would definitely be able to see it clearly, but now it is different, this is through the monitor, Ji Feng's gaze can't penetrate the mobile phone screen and then see Liu Quansheng through that strip of wires, right?

With a burst of boot music, Ji Feng immediately and quickly opened the surveillance screen, and when he saw clearly Liu Qiansheng's movements, he was stunned beyond belief.

"This guy, he's not going to sneak in and try to get back at himself, is he?" Ji Feng couldn't help but say in amazement.

On the computer screen, Liu Qiansheng's figure was still blurry, but it was much clearer than the phone screen was. Liu Qiansheng's movements seemed to be thieving, not looking left and right, and his figure, which had been hidden under the root of the wall, and because of this, the light here was much darker, which is why it looked a little blurry on the screen.

The reason why Liu Qiansheng's movements caught Ji Feng's attention was because of the way Liu Qiansheng was looking around and the fact that he was carrying a case in his hand. It was a toolbox-sized case, which looked a bit blurred, but it was recognisable.

Further, Liu Qiansheng tapped on the wall again, as if he was checking something out.

Ji Feng laughed darkly as he watched on the computer screen, "If you're trying to flip over the wall, then I'm really sorry, there's really nothing around here for you to lend your strength to, and there's no place on the wall for your feet to step on, if you want to come in, then you'll have to climb in with your ability!"

Sure enough!

Liu Qiansheng's next move made Ji Feng conclude that Liu Qiansheng was indeed trying to climb in!

I only saw Liu Qiansheng take a few steps backwards, and then fiercely launched both legs and ran forward, stomping on the wall with one foot, wanting to use the strength to come up. But the wall was so smooth that he couldn't exert any force at all, and could only just fall down and land on the ground again.

"This guy actually really wanted to sneak in?!"

Ji Feng frowned slightly, amused and curious, what did he want to come in for? Was he trying to assassinate himself? Or was it purely because he wanted to find a villa to steal something from, and he happened to come here?

"The possibility of coincidence shouldn't be very high!" Ji Feng shook his head slightly, because this villa of his was neither in the front nor in the back within the villa area, it should be in the middle. Although the distance between the houses within the villa area were all relatively large, but also the lane was not deserted and people would still pass by occasionally.

What's more, even if it was a burglary, it certainly wouldn't have chosen this house. There are several villas around, far more luxurious than the one I live in, and it is obvious from a glance that they are wealthy families, so it would not be my turn.

Any thief with a little experience would probably not choose this villa of his own.

So it was obvious that Liu Qiansheng should have come specifically for himself.

Ji Feng felt that things were getting interesting, this Liu Qiansheng dared to come here at night, so I guess he was burnt out by that post on the forum, right?

Could it be that he wanted to come here and beat himself up to take out his anger?

If that was really the case, then wouldn't he just go through the front door?

Ji Feng decided to take a look at what he was going to do. Of course, in order to avoid Liu Qiansheng barging in so foolishly and being directly triggered by the bomb and being blown into dust, Ji Feng made a few clicks on his computer and turned off the surveillance device on the section of the wall near where Liu Qiansheng was.

At the same time, he looked at the computer screen with interest and took out his mobile phone, sending a message to Xiao Yuxuan: "Come with Lei Lei to the study on the first floor, there's a good show to watch!"

In a short time, Xiao Yuxuan and Tong Lei came stomping up, and Xiao Yuxuan asked, "Ji Feng, what's a good show? Is it a movie?"

Ji Feng pointed at the computer screen and laughed heatedly, "See, someone's come to visit us!"

The two women's eyes fell on the computer screen, followed by a stunned look at the same time, their eyes filled with disbelief.

"This, this is Liu Quansheng?!" Although the screen was a little blurry, Xiao Yuxuan still recognized Liu Quansheng's figure, and she asked in surprise, "What is he doing here? Why doesn't go through the gate?"

"Must be trying to do something bad!" Tong Lei said in a brittle voice, "Or else, let's call the police!"

Ji Feng heatedly laughed and said, "There is no need to call the police, don't forget, we still have guards at home, why bother to go far away?"

Since mother had returned, then Xiao Ying and the other female guard, as well as the other three guards who were playing the lead role must have come too, they were much better than the police.

Xiao Yuxuan couldn't help but slap him and pouted, "Why don't you just let the police take him away? Why do you have to use Auntie's guards, once Liu Quansheng falls into the hands of the guards, it will be a big crime!"

Xiao Sumei was a family member of a leader, an unknown person barged in and was sneaking around, God knows what he was up to? Without saying anything else, just by saying 'threatening the safety of the leader's family', then his downfall would definitely be predictable!

And, those people will definitely not use any simple theft crime to deal with Liu Qiansheng, then Liu Qiansheng can really never have a chance to turn over a new leaf!

Ji Feng laughed: "What's the point of keeping him? If I hadn't found out today that he was going to break in, or that the alarm was broken, what would have happened?"

Xiao Yuxuan then stopped talking, if it was really like what Ji Feng had said, I'm afraid that there could really be very serious consequences today that one wouldn't even dare to think about.

"Don't worry, later on we will first see what he is going to do, if his behavior is really very bad, then we will decide what to do with him then!" Ji Feng smiled faintly, "I definitely won't act recklessly!"

"This Liu Quansheng must be crazy or out of his mind, how could he have done such a thing?!" Xiao Yuxuan was still having trouble understanding how Liu Qiansheng, who was also a teacher at the

university, was well-educated, so how could he climb over the wall into the courtyard and do such a thing as a chicken and a dog!

In fact, they did not know that Liu Quansheng was indeed going crazy!

Ever since the post that denounced him appeared on the school forum yesterday, he felt like a thunderstorm, and his whole body was instantly plunged into despair.

In the morning, the school leader called him over again and scolded him, finally dropping a sentence; "Liu Qiansheng, in view of your poor performance, the school has decided after discussion to suspend you for the time being and wait for the matter to be investigated clearly before saying anything else!"

The last ounce of strength in Liu Qiansheng's body was gone, and he fell limp on the ground, unable to even stand up.

It was the last few days of the semester, and although the school hadn't officially closed yet, some students had left early after their exams. Liu Quansheng also thought that this semester would just pass by uneventfully, except for this little episode with Xiao Yuxuan and Ji Feng, everything was fine.

Of course, the glory was naturally there, he heard that the deputy head of the teaching department of the school's foreign language department was getting old and might have to retire after the New Year, so naturally a deputy head position would be vacated by then.

He had been rated as the school's outstanding teacher for two years in a row, and had a good relationship with several leaders.

But in the blink of an eye, the situation changed rapidly, originally he went from being a promising candidate to being directly suspended, this kind of fallout, instantly made Liu Quansheng collapse.

A strong hatred welled up in his heart, he must take revenge, he must make Ji Feng and Xiao Yuxuan pay the price!

Liu Qiansheng was originally a child from the countryside, and like other people from the countryside, he had been admitted to university, which was the glory of the whole village, everyone envied him, the neighbours were all more enthusiastic, and his parents were all proud of him.

But now, he was about to be suspended, and by the look of the leader, it was clear that as long as this matter was not resolved, he would be finished!

Liu Quansheng, who had been suppressing the jealousy in his heart, had completely exploded at this point, and his whole mind was twisted. In this situation, what he was thinking about was not how to eliminate the impact, not to think of a solution, but to take revenge on Ji Feng.

If it wasn't for Ji Feng, he wouldn't have been so humiliated, and he wouldn't have caused such a big impact!

So Liu Quansheng, motivated by his intense jealousy, went to buy a lot of tools, including some concentrated sulphuric acid and murderous weapons such as sharp fruit knives, and of course, he also prepared a bucket of petrol, as well as chains and a big lock.

He must get Ji Feng to death!

In order to be able to successfully implement his plan, he even went to the General Office specifically to secretly check Ji Feng's address, as Ji Feng had a borrower's permit, which would have his current address registered on it, and it was easy to find out.

Afterwards, Liu Qiansheng secretly came to the villa area to check again and finally found the villa where Ji Feng lived.

By the end of the night, Liu Qiansheng finally started to move!

"See, Liu Quansheng opened the box he was holding" Inside the study on the first floor of the villa, Ji Feng stared at the computer screen and said with a smile, "This guy is quite well prepared, he actually even has a knife, eh? There's also rope"

Liu Quansheng took out the rope, then he ran away again, and came back in a short while, only this time, he was carrying a white plastic bucket in his hand.

It looked like the bucket was still heavy because Liu Quansheng was struggling to carry it!

"It can't be petrol, can it? He still wants to set fire to us?!" Ji Feng's eyes widened at once!

Chapter 509

Xiao Yuxuan and Tong Lei's faces were not very good either, what Liu Quansheng was doing now really sent chills down their spines, and at the same time they also had an extremely strange feeling.

How is it that watching someone else do harm to themselves here is like watching a spectator on the sidelines?

At this time, Liu Qiansheng in the computer screen, however, was tying the rope to the handle of the gasoline bucket, and then, he was holding the other end of the rope in his hand.

Liu Qiansheng closed the toolbox again and threw the box into the courtyard with all his might, at the same time, he slowly took a few steps back and jerked forward a few steps.

With his feet on the petrol barrel, he jumped upwards violently, climbed the wall with his hand at once, grabbed the rope with one hand and started to climb upwards.

Liu Quansheng lay on the wall and began to pull the rope upwards as hard as he could, pulling the petrol barrel up.

"He's coming in!" Ji Feng smiled, then, he suddenly remembered something and said in a panic, "You guys watch here, I have to hurry down, Little Shadow might take Liu Qiansheng right out."

He ran out in a panic, then turned and ran straight into the bedroom and jumped down from the window, landing right under the corner wall not far from Liu Qiansheng.

And at this time, Ji Feng keenly heard an extremely subtle and silly footstep, and he hurriedly took a few steps backwards, just in time to encounter Little Shadow who was gradually approaching with a gun.

Hoo-!

Ji Feng fiercely and quickly went over, Little Shadow was startled and was about to raise his gun to shoot, but was instantly wrapped around Ji Feng's waist while covering his mouth, "It's me, don't make a sound!" Ji Feng pressed Little Shadow against the wall, while covering her mouth with one hand, and whispered in her ear.

Little Shadow also recognized Ji Feng, and she couldn't help but blink her big beautiful eyes twice, as if she was asking Ji Feng.

"I know this person who sneaked in, let's see what he really wants to do first, then decide what to do!" Ji Feng said in a low voice, "If you understand, just blink!"

Little Shadow immediately blinked to show that he understood.

That cute look fell in Ji Feng's eyes and could not help but make him laugh dumbly. He let go of his hand and Little Shadow immediately breathed in sharply for a few times and gave Ji Feng a hateful look, the two of them had been restrained by Ji Feng after just one face-to-face, and Little Shadow was more or less unable to save face.

Ji Feng said in a low voice: "Sorry, if I didn't do this, you might have made a sound Let's follow up first and see what that bastard is up to!"

The duo immediately followed, but found that Liu Quansheng was hiding under a tree in the backyard, hidden in the darkness, the white plastic bucket, also covered by his jacket, in the darkness if you didn't look carefully, you wouldn't know that there was actually a person hiding here.

Ji Feng couldn't help but laugh and curse, "This learned man, committing a crime is so carefully planned!"

It is certainly impossible for ordinary people to think of hiding in someone else's home, in fact, this is a kind of so-called darkness under the lights, many people will not pay too much attention to what is under their own noses, instead they are curious about what is far away.

Liu Qiansheng undoubtedly took advantage of this mentality, he thought that even when the gate was closed at night, Ji Feng would at most only check the outside of the villa and then see if the doors and windows were closed, but would not pay much attention to the inside of the villa yard.

Ji Feng frowned slightly, this Liu Qiansheng wanted to wait for himself to fall asleep before starting his operation?

He was just dazed when he saw Xiao Ying rushing out straight away. Ji Feng was stunned and was just about to reach out to stop her when he withdrew his hand again.

Xiao Ying was different from him, she could play around however she wanted, but Xiao Ying was responsible for the safety of the head's wife, naturally she would never allow any mistakes to occur, let alone allow any danger to exist around her.

Liu Quansheng had not yet noticed anyone approaching, he was thinking of where to start the fire, and then looked at the window at the back of the villa, imagining that when Ji Feng found out about the fire and the door was unlocked, he would definitely jump down from the window at the back of the villa, and then while he was in a panic, he could cut him to death with a knife himself

Bang!

Liu Quansheng only felt a blackness in front of his eyes and instantly fell to the ground, couldn't help but muffle a sound, the next moment, his throat was stepped on, how could he not let out a scream.

Xiao Ying grabbed him by the hair, lifted him up and slammed him to the ground, then handcuffed him behind his back and slapped him hard on the face: "Speak! Who are you and why did you sneak into the chief's house!"

Liu Qiansheng was thrown around so much that he hadn't even reacted by now, and at this moment he didn't even know what was going on, he just subconsciously moaned in pain.

Ji Feng shook his head helplessly and walked over quickly as he laughed, "Teacher Liu, what are you going to do here with me in the middle of the night, going over the wall and carrying a rope? Practising trapeze!"

Liu Qiansheng's body suddenly burst, and then he raised his head and looked at Ji Feng with resentment.

He gritted his teeth and said, "Ji Feng, you deserve to die!"

Ji Feng lost his smile: "It's not up to you to say whether I should die or not. What you have to say now is why did you show up at my house at this time and want to come and have dinner with me, huh?"

Liu Qiansheng's face turned red, fortunately at night, he couldn't see too clearly, but even so, Liu Qiansheng was still embarrassed beyond measure, he had worked so hard to climb over the wall and come in, only to be blocked by someone straight away, and without even a half-hearted resistance, he was just restrained, this was just too much of a nuisance.

"Ji Feng, let go of me immediately!" Liu Qiansheng gritted his teeth and said, "Even if I came to your house, you have no right to arrest me"

Slap!

A slap fiercely slapped Liu Qiansheng's face, directly knocking him to the ground, lying on his back like a dead dog, muffling a series of sounds.

Ji Feng sneered, "What qualifications do you have to talk to me like this? It's a joke! Forget it, I'm not interested in talking nonsense with you now..... Xiao Ying, call the police directly and leave it to you!"

"Yes!" Little Shadow immediately answered.

Ji Feng couldn't help but shake his head slightly, turned around and walked to the plastic bucket that was covered by his jacket, he unscrewed the lid through his jacket and his face immediately turned gloomy.

Ji Feng turned his head with an icy expression, looked at Liu Qiansheng and sneered, "You really want to burn me to death?!"

When Xiao Ying heard this, she was furious, she went up and kicked Liu Quansheng twice, which immediately caused Liu Quansheng to scream in agony.

At this time, the other guards were also alerted, Ji Feng whispered, "I'm going up first, remember not to alert my mother!"

"Yes!" Little Shadow nodded.

"Ji, Ji Feng, you ah" Liu Quansheng's curses were quickly knocked back by Xiao Ying.

"What a flat out spoiling the fun!" Ji Feng walked back to the villa and couldn't help but shake his head slightly.

"Ji Feng, how did it go?" As soon as Ji Feng walked back to the villa, Xiao Yuxuan couldn't help but ask.

Ji Feng shrugged his shoulders and laughed bitterly, "What else can we do, leave it to Xiao Ying to deal with it, the plastic bucket that Liu Quansheng was carrying was really filled with gasoline!"

Xiao Yuxuan and Tong Lei's faces instantly changed, both of them naturally understood that Liu Quansheng had come at this time and obviously wanted to set fire to the place!

"I really didn't expect that he would be so vicious!" Tong Lei said with hatred, she also couldn't help but be a little scared, if Ji Feng hadn't found out in advance today, the consequences really didn't dare to imagine!

Xiao Yuxuan, however, couldn't help but shake her head and smile bitterly, Liu Quansheng's matter was all because of her, if she didn't care about the face among colleagues at the beginning, and she had rejected Liu Quansheng strictly at the beginning, he might have died, and the present matter wouldn't have happened.

"It's all my fault!" Xiao Yuxuan said blaming herself.

Of course Ji Feng knew what she was thinking and immediately said, "How can you be blamed for this? A person like Liu Quansheng is such a twisted character himself, with a wrong heart, no matter who he is spread out on. What's more, you were trying to look after your colleague's face, so naturally you can't be blamed for it."

Xiao Yuxuan shook her head and said, "Alas, if I say that many times I am a little bitter because my looks are too pretty, perhaps others will think I am being pretentious, but in reality, sometimes it really is"

She couldn't help but shake her head slightly and let out a soft sigh.

Ji Feng laughed: "Okay, since things have been resolved, you should not think too much about it, do you still want to look like you can scare people to death when you come out at night? Haha Let's go, let's go down for dinner."

Xiao Yuxuan couldn't help but slap him and laughed lightly, "Screw you!"

Tong Lei smilingly took Xiao Yuxuan's small hand and quickly went out of the study. Xiao Yuxuan was in a bad mood, so Tong Lei naturally took the initiative to take up the responsibility of enlightening Xiao Yuxuan.

Looking at the backs of the two girls, Ji Feng couldn't help but shake his head and smile as he also followed them out.

When he came downstairs, Xiao Su Mei had already prepared dinner, and Ji Feng immediately laughed, sat down and directly pinched a piece of green pepper and put it into his mouth, exclaiming, "This still tastes good, my favorite!"

"Slap!"

Xiao Su Mei slapped her son's hand and scolded him with a smile, "How old are you, you still have no rules! Go wash your hands!"

Ji Feng instantly laughed heatedly and ran off to wash his hands.

While eating, Xiao Ying and the other female guard also sat at the table, before that, Xiao Ying had already filled up some meals in a lunch box and gave them to the three guards outside.

Ji Feng's questioning gaze looked at Xiao Ying and received a meaningful reply, so he was relieved that it seemed that the matter of Liu Quansheng had been resolved.

"Mom, rest early tonight, you may have to ride for seven or eight hours tomorrow!" Ji Feng laughed.

Xiao Su Mei was stunned, then nodded with immense joy, "Good, good! You rest early too!"

Seeing his mother's happy look, Ji Feng couldn't help but smile bitterly in his heart, forget it, in order not to make things so difficult for his mother, let's put the previous matters in his heart for the time being, others bullied his mother, he can't make things difficult for her again!

Chapter 510

"Little rascal, not today, auntie is right next door" At night, Xiao Yuxuan was lying naked in Ji Feng's arms, her pretty face was red as she grabbed Ji Feng's bad hand that was doing evil on her buttocks, her charming eyes were like silk, and she said shyly. "Why don't I accompany you to talk, okay!"

Ji Feng heatedly smiled and asked, "Yu Xuan, I'm going back tomorrow, so I might not see you for ten days and half a month, are you so cruel as to let me have a big beauty in my arms and not be able to do anything?"

"Fuck you!"

Xiao Yuxuan smiled and hit him before she chirped, "You still say that you won't be able to see me for ten days and half a month, so isn't it the same that I won't be able to see you?"

Ji Feng harrumphed and said, "That's why I said, we have to do something to do!"

Saying that, his hand rubbed on Xiao Yuxuan's plump and elastic buttocks, and in turn slid into the moist valley

"No, don't!"

Xiao Yuxuan hurriedly pulled his hand away and panted, "Honey, it really won't work, you know, if, if we do that, I will definitely not be able to hold back my screams, how else will you let me see my aunt then!"

Seeing that Xiao Yuxuan really couldn't let go, Ji Feng had to nod and laugh, "Well then, I'll let you off today! However, I am having a hard time holding it in, what do you think?"

"Little rascal, just know how to spoil me!" Xiao Yuxuan gave a delicate hum, but her whole body shrank into the quilt, followed by her small mouth kissing Ji Feng's belly and moving down

When half an hour later, Xiao Yuxuan panted and poked her head out from under the covers, licking away the liquid from the corner of her mouth with that soft lilac tongue, she finally couldn't help but give Ji Feng a white look, "You almost choked me to death!"

Ji Feng instantly laughed badly and wrapped her in his arms, laughing; "Isn't it delicious?"

"It's fishy!" Xiao Yuxuan pooh-poohed, immediately, she wrapped her arms around Ji Feng's waist again and whispered, "Ji Feng, when you go home this time, remember to come back earlier, I'm alone in Jiangzhou, I'll miss you a lot!"

Feeling Xiao Yuxuan's deep feelings, Ji Feng wrapped his arm around her and tightened it, smiling, "Don't worry, I will definitely come back as soon as possible, in fact I'll miss you too!"

Xiao Yuxuan suddenly smiled flirtatiously, "I believe you!"

Seeing Xiao Yuxuan's happy look, Ji Feng hugged Xiao Yuxuan tightly, this woman who could willingly not want any name for his sake, in fact, her feelings for herself must be deeper and more righteous than her own for her. 泡*书*吧()

At least one thing, Xiao Yuxuan can accept to share the same boyfriend with Tong Lei for his sake, that's enough to say everything.

How could Ji Feng not be clear in his mind?

In fact, until now, although Ji Feng's character has changed a lot, he is still not a person who is good at expressing himself. For Xiao Yuxuan's feelings, he hid them all in his heart, just wanting to use his actions to make Xiao Yuxuan feel good about himself to her.

But now Ji Feng suddenly realized that it turned out that his previous thoughts might not be correct.

There were times when a sweet word could make her happy for a good while. Even if the words were false, she was still willing to listen to them as if they were true.

Perhaps this is a common problem among women, but if a man is not even willing to give this kind of happiness to the woman he loves so much, what face does he have to see this woman again? Why can't he give it? It's just a matter of words!

Perhaps the only difference is that the one who genuinely likes her will say sincere words to her, and the one who doesn't like her will say sweet words, but no matter which one it is, as long as they are sweet words, the girl will be happy.

Ji Feng felt that it was not really difficult to do this step, it was just a matter of having the heart to do it.

He hugged Xiao Yuxuan tightly and said seriously, "Yuxuan, I love you!"

Xiao Yuxuan was stunned, and then smiled sweetly. She leaned tightly into Ji Feng's embrace, softly mmmmed and said, "I know, I always knew it."

Ji Feng laughed and one hand violently dragged her arse, exerting a fierce force, and at once made her lie down on her body.

Xiao Yuxuan's pretty face was flushed with redness, her beautiful eyes were filled with spring, one hand was drawing circles on Ji Feng's chest continuously, but her mouth was softly saying, "Little rascal, I told you, no making bad things today, besides I have just used my mouth to help you do that thing too much, it's bad for your body, today you have to be obedient!"

Ji Feng suddenly lost his smile: "Yu Xuan, in your eyes, I am such a horny and eager person? You usually like to lie on top of me, isn't that bad?"

Xiao Yuxuan suddenly smiled tenderly, she pressed her pretty face to Ji Feng's chest and said tenderly like water, "Little rascal, if you usually do the same, I'll be even happier"

Ji Feng was stunned, then his heart couldn't help but rise up with an apology, he hugged Xiao Yuxuan tightly and said, "I will definitely be like this in the future, I want to turn being nice to you into a habit, let it be incorporated into my instincts, as long as there is this person Ji Feng around, the consciousness of being nice to you will exist!"

"That's something I'll remember oh!" Xiao Yuxuan said softly.

"You should remember that if I can't do it in the future, you can always leave and I will definitely not stop you!" Ji Feng said.

"Bah!"

Xiao Yuxuan spat lightly and said in a delicate voice: "I don't like that from you, humph, what if I leave if you can't do it, I'm telling you,, I won't even leave in the future, and you don't want to treat me badly!"

Ji Feng laughed, "Yes, yes, I was wrong, no matter what happens in the future, I won't let you leave, I definitely won't!"

"That's more like it!" Xiao Yuxuan said softly, smiled sweetly, tenderly lying on Ji Feng's body, listening to the strong and powerful heartbeat, she gradually became obsessed!

This night, is the mouth gentleman's night that Ji Feng lived, his arms lying naked Xiao Yuxuan, but do not know how, but he did not have any desire at all, remembering Xiao Yuxuan's good, he could not help but say in his heart: "Your good, the most can penetrate my heart, so how can I not love you?!"

The two were chatting in a whisper for what seemed like a long time, until Xiao Yuxuan's seductive red lips kept yawning, and only then did Ji Feng hug her and drift off to sleep.

.....

The next morning, Ji Feng woke up early and saw the sweetly sleeping Xiao Yuxuan, Ji Feng did not have the heart to disturb her, but quietly kissed her on the lips, then carefully dressed and got up.

Picking up Xiao Yuxuan's mobile phone on the bedside table, Ji Feng quickly edited a non-issued text message on it, "Wife, I'm going back to Mang Shi, love you!"

He gently placed the phone on the bedside table and quietly walked out.

Originally, according to his plan, he was going to send Xiao Yuxuan home first this morning, and then he would take his mother Xiao Sumei and Tong Lei back to Mang Shi County together.

However, Xiao Yuxuan refused, and according to her, she wanted to be by Ji Feng's side while he was away. But she likewise didn't let Ji Feng wake her up when he left, because she didn't want to watch Ji Feng leave, that would make her very sad, even if it was just to go back home, she would still be very sad.

Ji Feng knew that Xiao Yuxuan was not sentimental, but because the Chinese New Year is the traditional festival when families reunite to celebrate the New Year together, and at this time, many people who are miles away have to rush home just to be able to reunite with their families for a few days.

However, Ji Feng had to leave Jiangzhou at this time, so Xiao Yuxuan's heart was naturally a bit uncomfortable.

Bang!

Ji Feng gently closed the door of his room and walked out. Before going out, he looked back at Xiao Yuxuan again, this girl who was very affectionate towards him, usually had a flirtatious look, but it was only last night that she showed her inner emotions, which made Ji Feng's heart feel touched and guilty at the same time.

Hearing the footsteps going downstairs gradually moving away, Xiao Yuxuan faintly opened her beautiful eyes, her red lips lightly opened, slightly murmuring: "Little rascal No matter what happens in the future, I will not leave you, but, you are not allowed to drive me away either... . the next time you go back home, or come home again, I'm going to go back with you, in whatever capacity I can!"

.....

I don't know where Xiao Ying and the others got the two red flag cars from, but anyway, when Ji Feng walked outside the gate, he saw three cars parked right outside the gate, including a BMW X6 of his own!

Xiao Sumei and Tong Lei, as well as the few guards, were waiting for themselves in front of the cars. When she saw Ji Feng come out, Xiao Sumei immediately said joyfully, "Little Feng, you're up!"

Ji Feng nodded slightly and said, "Mom, why are you guys up so early?"

Xiao Sumei smiled but did not answer.

Ji Feng immediately understood in his heart, his mother was anxious, so I'm afraid she couldn't sleep well at night. In addition, knowing that she was going back to Mang Shi County today, she naturally got up very early.

"Little Shadow, come here!" Ji Feng waved his hand at Xiao Ying and said, "You tell the other female guard to stay and protect Yu Xuan, remember, it's a twenty-four hour a day personal escort, got it?"

Xiao Ying was stunned and then said with some hesitation, "This little head, we are protecting Madam"

Ji Feng directly interrupted her words and smiled, "Little Shadow, Yu Xuan is my madam, can't you help protect her?"

Xiao Su Mei also said, "Xiao Ying, just listen to Xiao Feng's arrangement!"

Xiao Ying nodded at once and responded, "Yes! Madam!"

Leaving a female guard to protect Xiao Yuxuan, Ji Feng then put his heart down, otherwise, how would he really be at ease to let Xiao Yuxuan stay in this villa alone?

Although he knew that Xiao Yuxuan would return home tomorrow at the latest, Ji Feng was equally uneasy, God knew if some powerful person would sneak in, and when Yuxuan was even half harmed, he would regret it to death!

Watching the female guard enter the villa and lock the gate behind him, Ji Feng only said, "Mom, let's go!"
