Chapter 511

On the highway, three cars were moving smoothly, with Xiao Ying driving a black red flag car with a guard leading the way, and Ji Feng driving a BMW X6 with his mother and Tong Lei, walking in the middle. Bubble*Book*Bar() Zhang Lei, on the other hand, was walking at the end with the two remaining guards.

It was now after 1 p.m. After sitting in the car for the whole morning, Zhang Lei was more or less exhausted. However, when he saw the road sign in front of him, he was immediately refreshed by it.

“Crazy Ji Feng, up ahead is the boundary of Mang Shi County!”

The intercom, came Zhang Lei’s voice, this guy screaming habit, open mouth to shout crazy, the words just out of his mind, Ji Feng’s mother Xiao Su Mei can still be in Ji Feng’s car, the words can not be called indiscriminately.

Ji Feng shook his head and laughed as he listened, picked up the intercom and laughed, “Cheer up, there’s still half an hour to go before you get home, drive carefully!”

From Zhang Lei’s voice you could hear that this guy was a bit tired, Ji Feng couldn’t help but remind him that driving with fatigue would definitely be a bit dangerous. Especially after arriving in Mang Shi County, it would be even more important to drive carefully.

The company’s main business is to provide a wide range of products and services to the public. Moreover, many vendors have set up their stalls directly on the roadside, taking up most of the road.

There are also some farmers who harvest their wheat, and the straw is piled up directly on the roadside for the vehicles coming and going to help roll off the wheat grains, so there is even more unrest on the road!

If you’re not careful when driving under such circumstances, something could go wrong at any time, so Ji Feng had to remind Zhang Lei.

“Hey, hey, don’t worry, I always drive very carefully!” Zhang Lei laughed and said, “Ji Feng, let’s go to my house first, you have to arrange a place to stay first anyway, take a break at my house and when you have arranged a place to stay, you guys can get busy again, okay?!”

Ji Feng laughed, “I’ll have to ask my mum about that”

Before he could finish his words, he heard his mother in the back row say, “This is a good arrangement!”

Ji Feng instantly smiled, “Lei Zi, did you hear that, my mother said it’s okay, let’s arrange it like this!”

“Okay!”

Zhang Lei’s spirits were lifted again, boy, there were four guards here, although they were guards protecting Xiao Su Mei, but it would be twice as dignified for him to follow.

Of course, Zhang Lei also wanted to take advantage of this opportunity to show those people in the county party committee family compound what kind of background his family had!

He knows very well that his father, Tong Kai De, is a low-profile person and usually does not reveal his background. What's more, the situation is somewhat complicated from all sides, and if you easily let others know your family's background, you'll probably become a pawn for people to use, and often be used as a gun by some gaming people.

Therefore, since arriving in Mang Shi County, Tong Kai De has been working entirely on his own merits and has not mentioned his background to anyone at all.

However, if they now went directly to the family home, the effect would be much different.

Xiao Sumei and Ji Feng were both members of the Ji family, so if they went there, there might not be anything, but Xiao Sumei had guards with her, so that anyone would know that this was someone of great importance.

But on the contrary, others did not know exactly what these people were from, they only knew that they were related to the Tong family. In this case, anyone would know that Tong Kai De had a great background, or at least a relationship with someone with a background.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to the public.

So a trip to Tong Kai De's home first can be said to be a two-for-one thing.

Ji Feng didn't care what Zhang Lei thought, he just knew that this brother would not screw himself over, let alone harm him, and that was enough. In fact, even if Ji Feng really knew what Zhang Lei was planning to do, he would only smile faintly. It is normal that friends should help each other.

The company's main business is to provide a wide range of products and services to the public.

The company's main business is to provide a wide range of products and services to the public.

"Phew...!" Ji Feng let out a light sigh, picked up the intercom and said, "Xiao Ying, slow down the car, I'll lead the way, you don't know the road ahead!"

Although the navigator was very good, in a small county like Mang Shi County, many roads were not marked with road names, and when people talked about a certain road, most of the time they would say a building near that road that was somewhat famous.

For example, behind the second middle school is called People's Road, but, to ask about the people of Mang Shi County, not many people know, but to mention the big road behind the second middle school, as long as the people who have come to the county almost all know.

"Okay!"

Xiao Ying replied back, then slowed down and let Ji Feng's car overtake him.

"Lei Lei, isn't it nice to be home this time!" Sitting in the back seat of the car, Xiao Su Mei asked as she pulled Tong Lei's hand.

"It's okay, I came back once during November, so I don't miss it much yet!" Tong Lei said in a brittle voice.

Xiao Su Mei smiled lightly, she was satisfied with her future daughter-in-law, she was like a fairy, she was as beautiful as a fairy.

If it were in the past, Xiao Su Mei would have hoped that her son could get into a good university and find a virtuous daughter-in-law after graduation, and then she would have been satisfied with a stable life.

But now, everything has changed from what she imagined, and she, too, is finally going back to the home she left for more than ten years.

Not only that, but also her son, who had been humiliated at first, now had to be dragged over by herself and was about to step into the old home where he had endless painful memories No, it was not her son's old home!

The first thing you need to do is to think of your son's home, and if that was his home, how could the family have done that to your son?

When she thought of how young her son was, he was so stubborn and determined not to set foot in that village, and for the next ten years or so, he never mentioned that village again, as if he had forgotten all about it.

Xiao Su Mei, however, knew that her son had not forgotten, but had only remembered it deeply in his heart.

The superficial forgetfulness actually represented a deep impression in his heart!

Xiao Su Mei couldn't help but shake her head slightly, sighing lightly in her heart, although she had always hoped that her son could let go of his past grudges, but now it seemed that even she couldn't identify with the people in that family and didn't want her son to be aggrieved, so with her son's character, she wouldn't be aggrieved for no reason, even for her own sake, her son definitely wouldn't!

"I just hope that those people must not go too far, otherwise, when the time comes, even if my son is not angry, I will not be able to resist throwing my hands away!" Xiao Su Mei said secretly.

What she was most afraid of was that the people in that family would not know any better and would say something that would make everyone get offended, in that case, it would be the old man's life that would be delayed in the end!

"Mom, up ahead is Uncle Tong's house!" Ji Feng's voice made Xiao Sumei come back to her senses, and she subconsciously gathered her hair.

"Stop at the front, we came in a hurry this time and didn't have time to prepare any gifts, I need to go to the front to buy something!" Xiao Su Mei said.

Ji Feng laughed, "Mom, then I'll just go, once you go down, Xiao Ying and those few guards will have to follow, the gesture is a bit too big and draws too much attention!"

Xiao Su Mei hesitated for a moment before nodding and saying, "Alright then, remember to buy something suitable, but don't buy it indiscriminately!"

Ji Feng smiled, "Don't worry, I know what to buy!"

Although Mang Shi County is small, the population is quite a lot, and with such strong spending power, there will naturally be no small supermarket, right at the mouth of the most prosperous cross street in Mang Shi County.

Ji Feng thought about it, to go to Tong Kai De's home, actually do not need to take anything, just go, is the best gift. But due to the etiquette, the gift must be brought.

So he chose a few bottles of slightly more expensive wine, as well as two famous cigarettes, paid and walked out of the supermarket.

Afterwards, Ji Feng and Xiao Sumei arrived at Tong Kai De's home with their gifts.

When they arrived, Tong Kai De was naturally very happy, but Ji Feng only greeted them before going to book a hotel with Ji Feng.

From the time he decided to follow his mother to Mang Shi County, Ji Feng had never thought of staying at that home, if he really lived there, he was afraid he would casually strangle those people when he got up in the middle of the night and sleepwalked!

After booking the hotel and returning to Tong Kai De's home, Xiao Su Mei was already standing at the entrance of the family home, accompanied by Mr. and Mrs. Tong Kai De themselves, and her mother was whispering and laughing with Mrs. Tong.

"Uncle Tong, see you later!" Ji Feng sat on the driver's seat and waved his hand with a smile.

"You kid, still polite with me? Take your time on the road, your mother should be a bit tired after such a long ride!" Tong Kai De said with a smile, with his eyesight, he could naturally see the affection between his daughter and Ji Feng, the youngest child of the pair, and the parents of both sides had already met, so Ji Feng was his son-in-law-to-be, he was naturally enthusiastic beyond words.

Ji Feng smiled and nodded, and after his mother had greeted them, he stepped on the gas and hurried to the village that he could never forget – Xiao Jia Zhuang!

Chapter 512

Xiao Jia Zhuang, the small village that gave Ji Feng his deepest memories, is located about a dozen miles north of Mang Shi County, from the county to Xiao Jia Zhuang, in the middle, you have to pass through a large embankment, in ancient times this was the old Yellow River, the river ran through here, but then in the course of hundreds of years, the Yellow River was diverted several times, and this place became the old Yellow River road. **Bubble! Book. bar*

However, the Yellow River once flowed through here, but it bred fertile soil, and in the early years when the common people lived off the land, the area was considered rich.

However, with the development of the times, by now, the majority of farmers have gradually started to give up cultivating the land and started to do other businesses, such as petty trading, or opening shops – at least, this is common in Mang Shi County – because Mang Shi County is located at the border of three provinces, the transportation is extremely convenient, and trading on the roadside may earn more than farming, and it is also easier.

However, this is only for people whose families live by the roadside. In fact, here, especially in the countryside, there is very little talk of renting a house, or even a shop.

The new generation of young people don't like to work in the fields and don't want to live with their backs to the ground, so when they get married, they open a small shop in a house by the roadside, and although they don't earn much money, they live comfortably.

But for those on the roadside, they had to continue farming, cursing those on the roadside for not knowing how to run a business while envying them, and so the days went by.

Xiao Jia Zhuang is in a very awkward position, this village is not far from the main road, but also not close, want to open a shop, but the location is not good, want to plant, a look up can see the neighbouring village people leisurely open a shop, life is so uncomfortable, these people's heart can not help but jealousy.

Under such circumstances, the people of Xiao's village became more or less narrow-minded, selfish and had some disgusting habits – such as occasionally stealing and having bad thoughts when they saw that others were richer than their own families.

Ji Feng sometimes wondered, in a place where human nature had become less pristine, whether the bullying he had received since childhood could be related to the selfish and bad character of these people!

As he traveled along the road, Ji Feng looked at the shops lined up on both sides and couldn't help but shake his head with a smile, "Everything is flooded now, although the population in this rural area is large, the spending power is not good, now everyone is opening shops and going to make money from who?!"

Xiao Su Mei, who was sitting in the back seat, couldn't help but shake her head, "No way, none of them want to work in the fields, in the past, when anyone's fields were managed well, it was a kind of glory, the neighbours were envious, but now it's all changed, these shops may not earn as much as farming, but they love it and feel good about themselves!"

Ji Feng chuckled, "In fact, it's the same as city people looking at country people, to say that the vast majority of those city people are working people, earning a few thousand dollars a month, farming in the countryside, if managed well, it's possible to average down to ten thousand dollars a month, or maybe even more, but in the eyes of those city people, they're still country people. Those people don't think about the fact that they are actually no better than rural people in terms of food, clothing, housing and transport, so why do they have to elevate themselves to such a high position?"

"Laughing at people who have nothing to hate has been the case since ancient times, city people may not be able to match the country people in terms of income, so they can only find a little face in other areas, I have found quite a few examples of this during my time in Yanjing, Yanjing people look down on foreigners, Jiangzhou people also look down on foreigners, but they may not be able to match others in terms of income, in fact, this is a mentality problem." Xiao Su Mei saw that her son's talk was going strong, so she couldn't help but smile and say a few more words.

Ji Feng couldn't help but laugh dumbly, this was indeed the case, just like what his mother had said, many people were not as good as others in certain places and wanted to find face in other areas when they were talking.

This is also known as windbagging! It's also a sort of inexplicable sense of superiority, while in reality it's a sign of weakness of heart.

"Little Feng, when you arrive at Xiao Jia Zhuang, if those people say anything cool, don't be ordinary with them, just ignore them!" Xiao Su Mei was still a bit uneasy and couldn't help but admonish.

Ji Feng laughed: "Mom, don't worry, since I'm here, naturally I won't give up just because of some people's gossip, at least the treatment will be almost Right, mum, I can't guarantee that I can definitely cure it, you also know that your son is not some miracle doctor, he just got a medicine by chance, but medicine is not a cure-all"

"Mom knows, as long as you do your best, no one can say anything else!" Xiao Su Mei said.

Ji Feng smiled and nodded, but in his heart he said secretly, those people still can't say anything? If he really couldn't cure the old man, by then, just the windy words could drown him!

"Xiao Ying, after the embankment in front of you, you're almost at the bend, slow down!" Ji Feng picked up the intercom and spoke in a low voice.

"Yes!" Little Shadow answered.

Ji Feng laughed, but in his heart he thought to himself, I am really related to this Xiao Village, I haven't come back for more than ten years, I can't believe I can still remember the way to Xiao Village so clearly I am really guilty of being cheap!

If it was possible, Ji Feng really wanted to forget everything about the Xiao Family Village, even if it was even the path. But this is impossible, Xiao Jia Zhuang, the people of the Xiao family, gave Ji Feng too deep memories, so that he could not forget even if he wanted to.

Suddenly, Ji Feng's eyes just subconsciously glanced at the rearview mirror, but was stunned to find that his mother's face seemed a little tense.

He couldn't help but shake his head slightly, his mother's nervousness was more or less hard for him to understand, what was there to be nervous about? Now it was he who had gone to bring them the gospel, not to beg them to do something.

Over the years, it had never been them who owed themselves, he had never owed them half a thing.

In Ji Feng's memory, it seemed that he had never eaten a meal at the Xiao family estate, not even a sip of water, and the only time he had eaten was when he stole some wild vegetables and other things from others in the wilderness, which did not have anything to do with the Xiao family.

So in Ji Feng's opinion, he was at most willing or unwilling to come, this had absolutely nothing to do with nervousness in the slightest, as for his mother's nervousness, Ji Feng was even more incomprehensible, was she worried about the old man's illness?

"Little Feng, stop the car!" Xiao Su Mei suddenly said.

Ji Feng was stunned and couldn't help but ask, "Mom, what's wrong?"

"I... I think I saw your second uncle!" Xiao Sumei said with some hesitation, "The one standing on the roadside in front of us talking to someone else, seems to be your second uncle!"

Ji Feng raised his eyebrows and laughed, "Mom, you can't stop here, you'd better wait until you get there!"

He didn't care who was standing in front of him, he was here to cure the old man, as for the other seven aunts and uncles, they didn't have anything to do with him!

Xiao Sumei opened her mouth, but did not know what to say. She also knew that it was not that easy to get Ji Feng to talk to his second uncle, and it was already a great favour for Ji Feng to come this time.

Xiao Su Mei naturally knows what kind of stubborn temper her son has, otherwise, she wouldn't have personally gone to Jiangzhou or slow down a bit!

Ji Feng's face was expressionless as he gradually accelerated, but his gaze fell on a group of people not far ahead of him, a typical group of crop farmers, a few standing on the roadside, and also a few squatting, were smoking and joking, and in front of them, various tools were laid out, such as tile knives, iron plates and the like, a look at the masons!

Ji Feng's gaze glanced over, but also found that among these people, there was a middle-aged man of medium stature, standing aside smoking a cigarette, not saying much, and seemed to be honest and straightforward.

However, Ji Feng was able to see a few similarities to his mother in his face, so I guess this was the so-called second uncle?

The car drove by quickly, and Ji Feng's gaze calmly retracted, so he concentrated on driving and no longer bothered about anything.

Xiao Su Mei looked through the car window and wanted to speak, but was unable to do so.

And at this time, those masons outside were amazed.

"Look, look, isn't this the BMW car shown on TV?" One man said in amazement.

"Come on, how can a BMW come to this shitty place of ours?"

"That's not necessarily true, even if it's not a BMW, you look and how beautiful the car is, it must be a very rich person!"

"Ee? I, I think I saw Su Mei in that car!"

"I shucks!"

The others burst into laughter, pointing at a middle-aged man and laughing, "I say, Xiao Guoqing, you're poor and crazy, aren't you? With that immodest sister of yours, can you afford to drive such a nice car? You really have the nerve to say that!"

“You guys, you guys are bullshitting!” That middle-aged man, Xiao Guoqing, turned red with anger, “Isn’t it just that you got pregnant without getting married? What’s the big deal? Because of the gossip of you bastards, my sister hasn’t returned home for more than ten years, and now she doesn’t know where she’s gone. Erguzi, you still have the nerve to say that you fell into the river more than ten years ago and froze your penis in the middle of winter. Don’t I know that? You don’t even have any tools, how could you have a child? Everyone else is immodest, but your mother-in-law is!”

“You, you” that the second dog was Xiao Guoqing said full of red face, but dead can not speak, want to make a move but can not beat the strong Xiao Guoqing, can only hate a grunt, squatting down to smoke.

“Hahahaha” The others saw this and burst out laughing, Erguzi’s wife stole a man, most of the village knows that the village chief, only no one said it explicitly! Now that Xiao Guoqing had said it, the group was all laughing.

“Laugh, laugh at your mother’s legs!”

Xiao Guoqing pointed at one of the younger ones and scolded, “Donkey egg, you still have the nerve to laugh at others, why did you come back all of a sudden when you were working outside? Don’t you dare say anything!!!”

Swish!

That young man’s face turned red, but he couldn’t say anything!

Chapter 513

Looking at that young man being said by Xiao Guoqing, his face was red and he couldn’t say a word, several other people couldn’t help but coax laughter, even the one who was said before, the second dog, finally couldn’t help but laugh out at this time. **Bubble! Book. bar*

Everyone present knew that this young man was originally working outside in a big city, and the reason why he suddenly rushed back was actually because something had happened to his family, and he even almost didn’t fight for it, and the object of the fight was this young man and his father.

The reason lies in the fact that the young man was working outside and received a phone call from his mother.

During the phone call the mother kept crying that the old man in the family was not a human being and actually intended to misbehave with his daughter-in-law.

Of course, I’m afraid that no one else knows whether or not the young man succeeded in the end except the two men involved and the young man’s mother, but the matter did come to a head after all. In fact, everyone was guessing that it was true, otherwise why would the young man’s mother suddenly call her son and ask him to come back from outside?

This kind of thing, in the countryside that is a rumor, as the saying goes, good deeds do not go unnoticed evil deeds travel a thousand miles, that is the truth, but in a day’s time, almost everyone in the nearby villages know about this matter.

The only thing is that usually people will not mention this matter because they are ashamed of themselves, but today, Xiao Guoqing brought it up without mercy, and everyone laughed and realized that Xiao Guoqing, who is usually an honest man of crops, was really angry today.

As the saying goes, if you hit someone, you don't hit them in the face. Xiao Guoqing is usually a kind person and will not take the initiative to expose others' scandals, but today he mentioned two scandals at once, so everyone didn't dare to say anything more, for fear that this honest man who is angry will say something more.

But through this incident, everyone knew one thing – Xiao Guoqing would never allow anyone to talk about his sister Xiao Su Mei, otherwise, just wait until Xiao Guoqing reveals your scandalous deeds!

However, one of the people squatting on the ground, however, looked up and said, "Xiao Guoqing, now everyone is talking about your sister, why are you messing around with other things?"

Xiao Guoqing grunted and said, "That's also because they asked for it!"

The man grunted and said, "That's not true, you asked for it first. What else does she have other than a pretty face? She can sit in such a nice car? You even said you saw her in the car, what else is this?"

Xiao Guoqing grunted, "I didn't say it was definitely Su Mei, I just said that I seemed to have seen her, and besides, how is my sister bad? What do you mean besides looking prettier? Do you want to have a pretty sister you have?"

But the man laughed disdainfully, "I pooh! Do I still have one? Let me tell you, now Xiao Su Mei is your sister, but back then if I had taken more initiative and just fucked her that hard, she would have become my daughter-in-law now, and that would be my love sister, and also your sister"

"Bullshit!" Xiao Guoqing immediately said angrily, "Xiao Dashan, don't you fucking bullshit here, don't even look at your appearance, you can be worthy of my sister?"

"How am I not worthy? How decent can a woman who has a child before she's married be, and how good can she be?" Xiao Dashan grunted disdainfully, "It's just that we were honest back then, otherwise, you would have been my child's uncle by now!"

"Shut up!"

Xiao Guoqing's face turned red with anger and he said angrily, "Xiao Dashan, don't you dare to bury people here, even if my sister is not good enough, you are not worthy to talk about her!"

"Xiao Guoqing, don't be shameless, it's your sister's good fortune that I can look at her, that's because she didn't show that watery nature back then, otherwise, do you really think I can look at her?" Xiao Dashan said disdainfully, "Xiao Guoqing, don't look at me with that look.

"You want to die!" Xiao Guoqing roared, and was about to go forward to beat Xiao Dashan up.

"Yoo-hoo?! Still want to fight, huh?!" Xiao Dashan grunted, grabbed a tile knife and stood up, sneering, "When it comes to fighting, I really haven't been afraid of anyone!"

Xiao Guoqing was furious, he turned around and grabbed a tile knife and was about to fight with Xiao Dashan, but he was stopped by the man beside him by the arm.

“Guoqing, don’t be impulsive!”

A man hurriedly grabbed Xiao Guoqing and said eagerly, “Guoqing, don’t mess with him, it’s not like you don’t know that he is just a rogue gangster, if you get into trouble with him, won’t you be the one to lose out?”

“Hmph!” That Xiao Dashan but proudly glanced at Xiao Guoqing, his mouth cursed and said, “Damn, just that slutty bitch, actually still defends so eagerly!”

“Damn it, you’re looking for death!” Xiao Guoqing could no longer hold back the anger in his heart, he directly picked up a tile knife and slashed over.

Xiao Dashan was immediately startled and dodged in a panic, his mouth roared, “Xiao Guoqing, are you crazy?! Do you really want to fight?!”

Xiao Guoqing missed Xiao Dashan with a cut and was about to chase after him again, but he was pulled back.

“All right, all right! We are all from the nearby village, so let’s stop being so calculating!” One man persuaded.

“Xiao Guoqing, don’t you seek death!” Xiao Dashan also shouted from the side.

Xiao Guoqing, however, was furious and was about to go forward to hit Xiao Dashan, but he was suddenly kicked to the ground by Xiao Dashan.

“Xiao Guoqing, if you dare to do it again, I will go and set fire to your house tonight, and your two children, don’t let me block them when school is out, or else you know what kind of person I am!” Xiao Dashan roared.

This time, Xiao Guoqing suddenly choked, he was a little afraid.

This Xiao Dashan is not an ordinary Zhuang family man, he is a landlord scoundrel himself, this kind of person can really do anything, Xiao Guoqing even if he dares to fight with him, but he cannot disregard his own children and family.

“Humph!” Xiao Dashan snorted coldly and leisurely walked away with his hands behind his back and a little tune humming in his mouth. He was about forty years old, but at this moment, he was acting like an old rascal, an old scoundrel!

“Motherfucker, brute!” Looking at Xiao Dashan’s back, Xiao Guoqing couldn’t help but curse.

The others couldn’t help but grimace, although they felt that Xiao Dashan had gone too far, but Xiao Guoqing’s reaction was a bit too strong, his sister Xiao Su Mei was not a decent person in the first place, she had given birth to a child before she was married, if this was also considered a decent woman, then who else was decent?

“Humph!”

Xiao Guoqing snorted coldly and turned around to leave in a huff.

When the rest of the people saw that the parties involved had left, they started to talk, especially Erguozhi and Donkey Egg who had been exposed by Xiao Guoqing, and they did not say anything good.

“Motherfucker, what’s the drag, you really think your sister is a good person, huh?”

“That’s right, how dare he think that the one who just drove a nice car is his sister, he’s not afraid that others will laugh off his teeth!”

“Hmph, defending his sister all day long and not letting others talk about it, as a baby?”

“You guys watch, Xiao Guoqing just offended Xiao Dashan that rogue scoundrel so badly, Xiao Dashan will definitely not just stop so easily, Xiao Guoqing’s family is in trouble!”

“That’s only good”

.....

The two red flags and a BMW X6 finally got off the main road, turned the corner, and got onto a dirt road, a highway leading to Xiao’s family.

The road is said to be a highway, but in reality it is simply paved with stones, which is usually fine on a sunny day, but when it rains, the road is practically impossible to pass.

Today was a sunny day, and the road was also frozen, so it was very convenient to walk.

Ji Feng drove on and suddenly said, “Mom, I remember, at first your second brother seemed to treat you quite well, right?”

He couldn’t remember anything from before, especially some of the things before he understood, and he only knew about them because he heard his mother and others talk about them, but he also knew them in a vague way.

However, Ji Feng did seem to have heard her mother talk about how she had just returned to Mang Shi County from Yanjing and her parents were reluctant to let her into their home, as if only her second brother had taken her in and let her live at home for a while, and, it seemed that even she had been born in her second brother’s home!

However, her mother couldn’t stand the sneers from the village people and her family, as well as the blank stares that she could see when she looked up, which led her to carry herself away from the Xiao family village and go to the county.

He did not believe that there were still good people in Xiao Village.

Therefore, Ji Feng always thought that he was born in the city.

But now that I think about it, it was not the case. At that time, my mother was a single woman, so it could be said that she had nothing, and at this time, where would she have the money to give birth? Where could she find a midwife?

So now that he thought about it, it was really likely that he had been born in Xiao’s village, a guess that made Ji Feng tired of the fact that he had been born in this disgusting village!

When she heard her son's question, Xiao Su Mei was frozen for half a day before she suddenly understood what her son meant, she immediately nodded her head and said: "Yes, yes! In the beginning, it was only your second uncle who took us in, otherwise, we might not be able to see you, the brat, now!"

Ji Feng nodded indifferently, but when he heard the title 'second uncle', he skimmed his mouth imperceptibly, God knows if this was a deliberate deception on the part of his mother, or if he had to listen to her words and then observe her actions, so that he could judge who was actually the one who was good to him!

Chapter 514

"Little Feng, up ahead is your grandfather's house, do you remember?"

When he finally arrived at the Xiao family estate, Xiao Su Mei's voice was a little hard to hide her excitement, pointing to a bungalow courtyard not far ahead and asking with a slight tremble

Ji Feng smiled indifferently and said faintly, "Remember, how could I not remember? I will always remember"

Xiao Su Mei was stunned, and then she sighed lightly in her heart, yes, how could her son not remember, when he was humiliated from here, he went to the wilderness, preferring to dig wild vegetables to eat rather than come back to eat a hot meal, that scene, not to mention her son remembered, even if it was Xiao Su Mei, she could never forget

Even in the years that followed, her son's face was blackened by smoke in the wilderness, his hands were covered in mud, and his body was smeared like a brat. That scene would often appear in Xiao Sumei's dreams, causing her to wake up and whimper.

The first thing you need to do is to get the intercom and say in a deep voice: "Xiao Ying, see that row of brick houses in front of you? Park the car next to the door and be careful not to block the road"

"Yes, Little Chief" Little Shadow immediately answered

Ji Feng smiled faintly, and did not bother to correct her name, directly hanging up the intercom, he slowed down, followed the red flag car, and parked it on the side of the courtyard gate

"Mom, get out of the car is here," Ji Feng said calmly

Xiao Soumei was excited just now, but now it was the opposite of normal, she actually sat in the car, could not say anything, only her face was a little nervous

The two old men in the courtyard were not because of their mother's disorder, but because of how far they had pushed her.

Other children are happy to see their parents, but when a mother wants to do her filial duty, she is apprehensive, and there is even a good chance that she will not get a good look.

“Mom, if you don’t want to get off, then we’ll go back the way we came and go directly to the hotel in town and stay there, and when you want to get off, or when you want to get off, we’ll come back, okay?” Ji Feng’s heart smiled bitterly, he clearly did not like this place, but still had to find a way to calm his mother down, his mother wanted to do her filial duty, but it was really not easy ah

Once Ji Feng said this, Xiao Su Mei immediately snorted a laugh: “You brat, still take the words to squeeze your mother, really owe a beating”

“Oh

Ji Feng immediately scratched his head with a smile and said, “I am not just trying to let you relax, it’s freezing cold to come here and go back like this, isn’t that very bad? Mum, I think you will not be so cruel, you don’t think of yourself, but also think of your son? I’m freezing.”

Xiao Su Mei knew that her son was joking, but she was still worried and asked, “Are you really freezing? Put on your coat to warm up. You are also really, knowing that the countryside is much colder than the city, you are still wearing a coat, not even a jumper”

The first time I heard my mother’s nagging and complaining, Ji Feng’s heart was warm, and even though he really wasn’t cold, he complied and put on the coat his mother had bought for him in Jiangzhou.

He wore a coat that reached two inches below his knees, and his broad shoulders brought out his entire aura. At this time, he didn’t look like a rich son at all, but rather like a natural superior, even a look from him was full of majesty

“It’s really worthy of being my son” Xiao Su Mei couldn’t help but exclaim when she saw how martial and extraordinary her son was, “Brat, he’s even more handsome and imposing than your father was when he was young”

Ji Feng instantly laughed and said, “That is of course, I am outstanding than my father, that is called old son hero son good man, tiger father no dog son

“Mixed kid, just know poor mouth, if your father knows you say this, see if he does not teach you a lesson” Xiao Su Mei could not help but laugh and scold, said: “Okay, do not poor mouth, small shadow they are coming over”

Ji Feng didn’t need to turn his head to see, Xiao Ying and the three guards, all came over the three guards extremely skilled and professional one stood at the entrance of the courtyard, the remaining two were sitting on both sides of the road, it seemed they were sitting casually, but professional people could see that they were actually watching the two directions of the road

Xiao Ying walked over quickly, saluted and said, “Madam, what are your orders?”

Even Xiao Ying had come down, Xiao Su Mei naturally could not say anything more, in front of the guards and outsiders, she always had to show the aura of a madam to

Besides, after Ji Feng’s interruption just now, Xiao Su Mei’s mood could not help but be much calmer, she slowly got out of the car and stood at the entrance of the courtyard

At this time, because of the sudden appearance of three cars, the surrounding neighbours had long been alarmed

It was the middle of winter and there was no work in the fields, so everyone was at home with nothing to do, so they stood at the intersection or gathered in a lively place to chat.

The appearance of the three cars attracted the attention of these people. In this poor countryside, even if there were cars, they would only be the cars of some leader who came to inspect the place as a formality or passed by.

But now, looking at these three cars, it seems that they are specifically coming to this existence, which is strange.

The villagers couldn't help but whisper, what kind of person could there be in this village that would know a big shot driving a car?

"Could it be that we've gone to the wrong place?" A villager whispered, "Here, the most powerful person is the village chief, he has a truck at home, and often goes out to haul goods for others, do you think, could he be here to look for the village chief?"

"Who knows, but I don't think it's very likely, the village chief's car hauls goods in the villages around here, he rarely even goes to the city, so how could he know these big shots?"

"It's really strange, we haven't seen this kind of car coming to our village for more than ten years, who are they looking for?" An older villager couldn't help but exclaim

"I say old yellow head, you say this is really interesting is also more than ten years have not seen a car, listen to you, as if they have been here before" a villager laughed

"Of course I've been here before, you youngsters don't remember, but the older ones know that more than ten years ago, didn't a convoy come to our village? It was specifically looking for Old Xiao's daughter. Hey, you guys, these people are standing in front of Old Xiao's house, could they be looking for Old Xiao's daughter too?"

Everyone was stunned, then they nodded their heads slightly, maybe it was really a possibility

"Look, Lao Xiao's family's second son is here, just ask him." A villager suddenly said

Everyone immediately looked, but they saw Xiao Guoqing, the second son of the Xiao family, coming towards the house in a huff.

A villager immediately shouted, "Guoqing, someone is standing in front of your house, is he looking for someone from your family?"

Xiao Guoqing was stunned and immediately looked up, but found that the three nice cars he had seen on the main road were now parked in front of his house, and there were several people standing in front of his house

He hesitated for a moment, but walked up cautiously and could not help but ask, "Who are you looking for?"

He couldn't help but feel a little scared in his heart, could it be that the family planning people had come to arrest him again? His own family had given birth to one, but they had already paid the fine, and the youngest child was now in junior high school and had already been registered, so it shouldn't be?

If these people were really in charge of family planning, then the pig that the family had raised might have to be taken away?

No, it must not be family planning.

Xiao Guoqing saw a few people standing in front of the door, the woman was elegant and looked like the wife of a big family on TV, while the young man was handsome and martial, he looked like the child of a big man's family, there seemed to be a maid beside him, wasn't this the same as the rich and powerful family on TV?

Could it be that a big leader had come?

Xiao Guoqing walked forward with anxiety, the 'servant girl' next to him immediately glared over, she just wanted to stop, but was stopped by the young man

In Xiao Guoqing's stunned eyes, that noble lady, slowly turned around, her face carried a complex look, seemingly excited, and seemingly nervous, varying from one to another, making Xiao Guoqing unexpectedly not know how to speak for a while

"Second brother," the flamboyant lady across the table shouted softly

Xiao Guoqing's body suddenly stiffened, his eyes suddenly widened and he opened his mouth, unable to speak

"Second brother, I'm Su Mei," Xiao Su Mei's voice trembled as she looked at her second brother's slightly older appearance

"Su, Su Mei?" Xiao Guoqing looked at Xiao Su Mei with some disbelief, how could this flamboyant lady be Su Mei?

But looking closely, her face was really so familiar, it was really the same Su Mei from back then

"Little sister?" Xiao Guoqing's eyes burst into tears, "It really is little sister who has returned where have you been all these years ah, second brother wanted to look for you but didn't know where to look, you"

At the end of the sentence, Xiao Guoqing's voice had completely whimpered, could not say anymore

Xiao Su Mei is also full of tears, within these so-called relatives, the one who loves her the most is second brother Xiao Guoqing, even when she returned with the baby in her arms, it was Xiao Guoqing who had to keep her for dinner and defend her

"Mom, it's windy here, don't cry" Ji Feng said faintly from the side, he gave Xiao Ying a wink, the latter immediately handed over a handkerchief, "Madam, wipe it"

"Ai hei" Xiao Su Mei realized that she had lost her temper, she hurriedly took the handkerchief and wiped her tears while whispering, "Xiao Feng, this is your second uncle, Xiao Guoqing"

“Second uncle?”

Ji Feng did not have any reaction, but Xiao Guoqing opposite heard these words, but was shaken, he looked at the sturdy and tall, martial and extraordinary and extremely imposing young man, how can he not think that this is that year, the little dot with stubbornness and hatred in his eyes

“Little, little” looking at Ji Feng’s powerful aura, Xiao Guoqing’s ‘Little Feng’ could not be called out

Ji Feng took a step forward and looked at Xiao Guoqing for a long time before slowly extending his hand and saying forcefully, “Introduce yourself, my name is Ji Feng although this is not the first time we met, but I’m sure you won’t remember me, get to know me”

Xiao Guoqing panicked at once

And not far away from the onlookers those villagers, but immediately exploded, this young man is actually Ji Feng?

The third delivered today on this three, tomorrow six, the day after tomorrow is also six, will definitely make up for today’s

In addition many people are asking me, in the end what is busy, how can be so busy?

I’ll explain briefly, into August, the rainy season has passed, the progress of many projects accelerated, my side of the business will be more and more, all day long to deal with customers, to run to the site, I do is outdoor advertising a class, mainly to do property, certainly according to the orientation of the site and the requirements of customers to do, so really busy, really sorry, and so busy after this period, will be stable

Chapter 515

When they heard Ji Feng’s name, not only Xiao Guoqing, but all those present who heard the word Ji Feng, were dumbfounded! Strictly speaking, they were all stunned.

This handsome and extraordinary young man, was Ji Feng?

Everyone couldn’t believe what their ears heard. Although Xiao Su Mei hadn’t stayed in the Xiao Family Village for long after returning from outside that year, the fact that she had given birth to a child without getting married still spread throughout the entire Xiao Family Village at the fastest speed, and even a few nearby villages knew about it.

Almost everyone in the Xiao family had seen Ji Feng, the little one, and there were even quite a few children from other families who had bullied him, but back then no one had seen him in their eyes, just a wild child who didn’t even know who his old man was.

But now, after not seeing him for more than ten years, that little bastard had transformed himself into a young man of martial prowess, and had returned in a car!

Everyone’s heart was filled with shock, as well as disbelief.

If it was a man who had gone out to work and suddenly came back with a car, everyone would only be envious or jealous at most, but now it was a different story.

Although very few people in this Xiao Family Village knew how much the BMW X6 that Ji Feng drove was worth, but everyone understood that Ji Feng was developed, and definitely not generally developed.

You know, they had never seen such a beautiful car even in Mang Shi County, at most it was that big mouth Audi, even the Santana, which was considered a good car in Mang Shi County!

How could Ji Feng be developed? What's he doing here now that he's suddenly back?!

The people nearby couldn't help but murmur, could it be that this little wild bastard had come to acknowledge his ancestors?

But soon, everyone scoffed at their own speculation. Even if he was acknowledging his ancestors, he should have gone to his old son whom he had never met.

Xiao Guoqing also moved the knot in his throat, but did not know what to say, Ji Feng's words, they were just too harsh, especially with his calm expression, it looked as if he was facing a complete stranger, which made Xiao Guoqing a bit unsure of what to do.

The northern countryside is like this, unless they are enemies, otherwise, even if they have only met each other, they will be very enthusiastic, even if they are pretending, it is still a face, right?

But Xiao Guoqing could not find any trace of enthusiasm on Ji Feng's face, all he saw was calmness.

When he saw Xiao Guoqing frozen in place, Ji Feng smiled indifferently, withdrew his hand and retreated to his mother's side, then stopped talking.

Xiao Guoqing couldn't help but look at Xiao Su Mei and hesitantly asked, "Su, Su Mei this"

Xiao Su Mei glanced at her son before saying, "Second brother, I brought Xiao Feng back this time because I heard that father was sick, so we came over to take a look! Second brother, how is father's condition now?"

"Ugh!"

At the mention of his father's condition, Xiao Guoqing couldn't help but let out a bitter laugh and said, "What else can he do? He's lying at home waiting to die!"

"Waiting to die?" Xiao Su Mei was stunned, "Second brother, what's going on?"

Xiao Guoqing was just about to speak, but then he looked at the people around him and couldn't help but whisper, "Su Mei, it's better to go in first and talk about it."

Xiao Su Mei then knew that there should obviously be something going on here, so she nodded and said, "Alright then, let's go in first!"

Ji Feng brushed aside his mouth and helped his mother to walk towards the courtyard, but he was suddenly slapped by his mother, "Brat, don't be naughty, go and get the gift!"

Ji Feng shrugged his shoulders with a bitter smile, turned around and pulled open the trunk of the BMW X6 and took out some of the nutritional products inside. In fact, these things were only bought in Mang Shi County, but they were of a slightly higher grade, but to the villagers of Xiao Jia Zhuang, this was much rarer. The nutritional products that Ji Feng was holding in his hand were all advertisements that

were often shown on TV, and it was said that they were only bought by rich people. The people were not thinking about what they were going to do.

At this moment, what these people wanted was not to feel happy for Xiao Su Mei and her son, but to start to feel sour and jealous in their hearts.

Ji Feng didn't care what these people thought, he had a very clear goal this time and had nothing to do with anyone else.

In fact, Ji Feng was shaking his head a bit, people's birth, old age, sickness and death are all natural laws, it is impossible for someone to live a long life, this time the old man got lung cancer, that also belongs to one of such natural laws, even Ji Feng said a big disrespectful word in his heart, this is all retribution!

But his mother was sad, so Ji Feng naturally couldn't bear to look at her sad face, so he followed.

Xiao Ying followed her mother's side, looking alert, she also felt that something seemed wrong with the atmosphere here, as a guard, her duty was to protect Madam's safety, no one should try to harm her!

What's more, before coming here, Ji Feng had already instructed her to follow his orders on everything, as today's situation was a bit special. Xiao Ying would naturally be more vigilant, and if Madam and the little head were harmed, it would be a dereliction of duty on her part.

"Aiya, this old Xiao family really has smoke coming out of their ancestral graves, hey! You really don't say, these two mothers have been out for more than ten years, and they've actually come back in good shape!"

"Keep your voice down, don't let others hear you, can't you see there are three big men with tiger backs at the door, be careful they beat you up!"

"Nonsense, who are they to beat me up?"

"What else? Have you forgotten the year your son scared that little bastard with his dog and made him cry? When it was Xiao Su Mei was even angry and had a fight with you!"

"I, I what are you talking about!"

.....

Into the courtyard, Ji Feng pulled out a cigarette and just lit it, even directly ignoring Xiao Guoqing's presence.

Xiao Guoqing is more or less embarrassed, but also not good to say anything, he also knows that the family's treatment of Ji Feng mother and son back then is really too much, Ji Feng heart may not know how much hate it, and still want a cigarette?

"Second brother, how exactly is father's illness? How come you just said that you are waiting to die at home?!" Xiao Sumei asked, frowning.

Xiao Guoqing frowned and said in a low voice: "Su Mei, alas, how to say it, you also know the situation at home, the oldest three there is not expected, the boss and a few of them, all said all said"

"All say what?!" Xiao Su Mei pursued.

“They all said, since it is cancer, it is definitely not curable, and father’s age is also old, so they all do not cure, save the money, but also can pay more filial respect to mother!” Xiao Guoqing said hesitantly.

“Bullshit!”

Xiao Su Mei was instantly furious and even cursed directly, her face flushed red with anger as she asked, “They all said that? Even the oldest said so?”

“Old Fourth Su’e did say she wanted to continue treatment, but as you know, that husband of Su’e’s is just” Xiao Guoqing couldn’t help but shake his head and sigh.

“What about you, what are you doing?” Xiao Su Mei asked.

“Su Mei, you also know, before I can still follow the construction team as a mason, a day can also earn a 70 to 80 yuan, the boss generous times, more than three thousand a month is also very normal, these years down, indeed also saved a few tens of thousands of yuan. However, the old father this illness, several other people are not willing to contribute, I can not ignore, the money will be spent, and in order to take care of father, your sister-in-law and I have moved to live here with father, leaving the two children still live in my home”

Xiao Guoqing bitter smile, shaking his head: “But you also know, old dad’s disease is not very good treatment, and do not know when things will happen, your sister-in-law alone certainly can not, so I can not follow the construction team to do, can only wait for some odd jobs on the roadside every day, sometimes a day down can not earn a few money, this disease also can not cure ah! ”

Xiao Su Mei was furious and gritted her teeth. What are they doing?”

Xiao Guoqing laughed bitterly, “What else can they do? They are all busy with their own affairs!”

“Hmph! What a bunch of filial people!” Xiao Su Mei laughed coldly, “How did I end up with such a family?”

There were six siblings in the Xiao family, the eldest Xiao Guoliang, the second Xiao Guoqing, the third Xiao Guoqiang, the fourth Xiao Su’e, the fifth Xiao Supe, and the sixth Xiao Su’mei.

The eldest, Xiao Guoliang, is a snob, and he is a workshop leader in a fertilizer factory in the county, which is considered a small official. This is also the reason why he has never looked at the family members in the same way, and his position in the family is even higher than the old man.

Xiao Guoqing, the second oldest, was honest and straightforward, but not very capable, just a standard rural man with little learning.

The third, Xiao Guoqiang, on the other hand, is a total loser who just knows how to drink all day long. If one ever runs into him and finds him sober, it would be a heavenly miracle. This kind of person, naturally, cannot be expected to do anything.

Xiao Su’e, the fourth oldest, is still filial and treats her siblings well. Back then, when the family opposed Xiao Su’mei’s going to Yanjing, it was Xiao Su’e who secretly gave the money for the journey, and she sold the long braid that she liked the most and raised some money, which allowed Xiao Su’mei to go to Yanjing.

Of all the siblings, Xiao Su'e and Xiao Su'mei had the best relationship.

However, the man that the fourth one married back then was a cautious person and did not treat the fourth one well, so Xiao Su Mei did not bother her back then, but their relationship was undoubtedly excellent.

Xiao Su Pei, the fifth, was the same kind of person as Xiao Guoliang, the eldest, a snob who flattered those who were better than himself and despised and sneered at those who were worse than him.

So when it comes down to it, there really aren't many people in this family who can be counted on!

Chapter 516

"Let's not talk about those people, where is dad, I need to go see dad first!" Xiao Su Mei was so disturbed by what she heard that she couldn't help but say. **Bubble! Book. bar*

Xiao Guoqing nodded in a panic and said, "Hey hey! Father is right inside the house, hurry up and go in."

He led the way in front and Xiao Sumei followed behind, Ji Feng had to follow his mother's side as well, while giving Xiao Ying a wink and whispering, "Xiao Ying, remember what I told you before, if anything happens later, strike harder!"

"Yes!" Little Shadow also quietly answered.

Xiao Su Mei, however, vaguely heard what her son was saying to Xiao Ying, but because she was worried about her father's illness, she didn't quite know, and just casually asked, "Xiao Feng, what are you saying to Xiao Ying?"

Ji Feng grinned, "I just told her to be more nimble with her eyes and not let others steal the car!"

"What's wrong with that, we have this place, even if someone really stole the car, no one would drive it" Xiao Guoqing walked in the forefront and turned his head to laugh, but when he saw Ji Feng's originally calm face suddenly frown, Xiao Guoqing's words couldn't go on.

This nephew, but the old Xiao family does not have half a good feeling ah, how did he forget it!

Xiao Su Mei also noticed that Ji Feng's face was not right, she glared at her son but did not know what to say, she could only follow Xiao Guoqing and continue to walk forward.

Xiao Ying was following Xiao Sumei's side and secretly said in her heart, "The little chief actually dares to lie even to his wife, it seems that he is very unhappy this time!"

Although he did not have much contact with Ji Feng, Xiao Ying could also feel Ji Feng's unusual behavior today, he actually winked at himself several times in a row while instructing himself to follow his orders later, which undoubtedly indicated something.

It suddenly occurred to Xiao Ying that the order that the little chief was going to give later would not be different from Madam's order, right?

If the madam was telling herself to go west, but the little head was going to tell herself to go east
oops, what could be done about that!

Little Shadow was indeed right in thinking that the reason why Ji Feng would repeatedly admonish her was actually because he knew that the orders he would give later would most likely be at odds with his mother's orders, and then if Little Shadow didn't dare to do it, then he would have to do it himself!

In that case, there would be no way for him to stay here any longer. Of course, according to Ji Feng's intention, even if he didn't come to Xiao Jia Zhuang for the rest of his life, he wouldn't have half a thought about it, and would even be too happy about it. But looking at his mother's current appearance

Ji Feng couldn't help but shake his head slightly, he still couldn't do it himself!

He touched the walkie-talkie pinned to his waist and couldn't help but sneer, if he really couldn't, there were still three guards outside, he didn't believe he really couldn't command them all by himself!

"Su Mei, father is lying in the hall!"

Xiao Guoqing quickly came to the door of the hall and pushed the door open, a somewhat musty smell immediately came to his nose, causing Ji Feng to frown, if the smell was any stronger, it could simply choke tears out of one's eyes.

Xiao Su Mei also had a bad look on her face, she couldn't help but ask, "Second brother, how are you letting dad live in this house?"

Xiao Guoqing said with a bitter smile, "I can't help it, there is still work in the field, I have to go out to earn money, your sister-in-law is too busy to do it all by herself. I've never seen any of them come to see my father because I've been thinking about my father's land, and I've often come to discuss how to divide the large area of the house and the land left behind after my father's death!"

Xiao Su Mei's face was suddenly ugly, she coldly snorted and walked into the house.

Ji Feng immediately lit up a cigarette and took a few hard puffs outside before walking in. In the past, although the slum area where Ji Feng lived was also a poor place, at least in terms of hygiene, his mother would not let herself live in such a nasty place, not to mention that there was no odor. But the smell here was really

Ji Feng walked in with a tight frown, only to see his mother standing in front of a bed, wiping her tears and whimpering in a low voice.

On the bed, an old man with completely white hair was lying there as if he was unconscious, while on the other side, an old woman was sitting on a chair beside the bed and dozing.

"Su Mei, don't cry, father is just asleep, he keeps coughing badly when he is awake, the doctor from the village clinic came to give him an injection just now and put him to sleep for the time being." Xiao Guoqing said in a low voice.

Xiao Su Mei nodded slightly, but her tears could not stop falling down.

Xiao Guoqing took two steps forward and gently touched the old woman in the chair, saying, "Mother! Mother!"

"Hm?!" The old woman woke up with a start and when she saw her son, she said, "Second son, you're back, have you finished your work?"

Xiao Guoqing said, "Mother, Su Mei is back!"

"What did you say?!" The old woman was stunned, and immediately turned her head, but she saw her daughter, Xiao Su Mei, standing in front of her bed, wiping her tears.

The old woman's tears also came down at once, and she shouted sadly, "Su Mei!"

"Mother!"

Xiao Su Mei could not hold back any longer and knelt down in front of her mother, crying out in pain, "Mother, it is my daughter who is unfilial, my daughter is back!"

The old woman trembled and touched her daughter's head, choking back sobs, "Su Mei, where have you been all these years? I thought I would never see you again until I died"

"Mother, I'm back here" Xiao Su Mei's tears kept falling down and her words were choked up.

The old woman's eyes were cloudy, she choked and said, "It's all your father's fault, he cared about face and reputation, so he pissed you off, you said we are all crofters, face is not that important, Su Mei, these years have really suffered you!"

"Mother, it's not bitter, I'm not bitter at all!" Xiao Su Mei was heartbroken.

Ji Feng frowned slightly and immediately looked at Xiao Guoqing, and then at his mother.

Although Xiao Guoqing was honest, he was not stupid, he immediately understood that Ji Feng did not want to see his mother crying so much, so he hurriedly went forward and pulled Xiao Su Mei up from the ground.

"Mother, now that Su Mei is back, you should not cry, you should be happy to see her!" Xiao Guoqing said, "Besides, father is also asleep, don't wake him up, let's go to the west room to talk!"

"Hey! No more tears, no more tears!" The old woman hurriedly said, "Su Mei, don't cry, mother knows that she has wronged you all these years, now that you are back, let's have a good talk, go, go to the west room!"

Xiao Su Mei immediately went forward to help her mother and said, "Mother, please take your time!"

Xiao Ying also immediately went forward to help support the old woman, but was blocked by Xiao Guoqing, who said, "It's alright!"

He said, "It's all right!" As if on cue, the old woman stood up straight away, and although she didn't walk too hard, she was still very steady, so I guess that was the case.

Several people went to the west room, but Ji Feng was left alone in the hall. He came to the window and looked at the pale old man on the bed, with a complicated expression on his face.

I remember that 'little wild bastard', and I remember even more clearly that extremely impatient look, and that constant waving of hands in disgust

The old man on the bed was just quietly looking at Ji Feng, the expression on his face changing.

A moment later, he took out a cigarette from his pocket and lit it, took two deep puffs and suddenly smiled and asked, "Smoking?"

If there were people from the old Xiao family here, they would have had mixed feelings in their hearts, not knowing what kind of feeling they had. Everyone knows that the old man got lung cancer because of smoking, and now Ji Feng still asks him if he smokes

The first reason is that the company is not a good place to be.

He casually grabbed the wrist of the old man on the bed and slowly activated the bio-current to check the old man's body.

But after a moment, Ji Feng's expression became grave, the old man's physical condition was even more serious than when his grandfather was in the ward, and his body functions had declined even more. At least, after Ji Feng's bio-current probe, he found that his body was really weak.

Ji Feng let go of his hand, then shrugged his shoulders and said with a grimace, "This is great, I'm afraid I'll have to stay here for another ten days and half a month, what a way to keep people at peace!"

He grunted in displeasure, and since there were no outsiders around, he had a lot less scruples, and looked condescendingly at this person who had once called him a little savage in extreme disgust, and stared at him in a daze for a long time, before turning to leave.

After leaving the hall, Ji Feng couldn't help but take a few deep breaths, which made him feel better and calmed down his mood, his face once again regained its calmness as he walked towards the west room.

The winter in the north is far colder than in the south, and many southerners don't see snow once in as many years, but it's different here. There were no signs when Ji Feng was in the hall before, but only when he came out did he realise that the sky was already drifting with snowflakes.

Ji Feng couldn't help but be in a bit of a trance, as if he had returned to a certain winter in his memory, a time when he was really aggravated

When he came to the door of the west house, he heard the old woman's voice coming from inside: "Su Mei, since you've come back, your land is still left to you, you can't give it to anyone, mother has nothing to give you all these years, it's this land, the village wanted to expropriate it for you several times, but mother stopped it, this is the only thing mother can leave to you!"

"Yes, Su Mei, you may not know, because our side is close to the main road, it is said that a big boss has decided to set up a logistics centre here, and all the land around us has to be expropriated, and the price is not low. Xiao Guoqing's voice also came through.

Xiao Su Mei suddenly asked, "Second brother, before you said that the others were making a fuss about splitting up the family, was it because you were thinking of my land and my parents' land?"

“Yes, it’s not because of these lands!”

Xiao Guoqing sighed lightly, “Alas! We have a large family, so we have a lot of land, not to mention the land alone can be sold for nearly a million dollars!”

“Then why don’t you treat father’s illness?” Xiao Su Mei’s voice was thick with displeasure, in the countryside, a million dollars was a lot of money, in fact, not to mention in the countryside, even in the city, a million dollars would also make people fight for their lives, if that was the case, why did second brother still cry poverty?

Xiao Guoqing said with a bitter smile, “Su Mei, if I really had this kind of money, how could I not give my father medical treatment? Now it is said that we are developing our place, but it is only a general statement, no one is sure when exactly it will be developed. 【学】”

“Then you’re still talking about one million?!” Xiao Su Mei hummed.

Xiao Guoqing said, “That’s not what everyone says ……”

The old woman’s voice came again, her voice was more or less slurred, but Ji Feng was still clear enough to hear, “Su Mei ah, you do not blame your second brother, he did not tell you the truth, mainly because he was afraid you were angry. In fact, the land can be sold now, your second brother’s family’s five mu of land, has been sold three mu, but because it was privately collected, only privately asked the village justice then owed an agreement, so the price is cheap, an acre of land is only 35,000, these three mu of land will be sold for more than 100,000.”

“Second brother, so you sold the land?!” Xiao Sumei asked at once, “Since you sold the land, why didn’t you give father a cure?!”

“Su Mei, don’t be in a hurry, listen to what Mother has to tell you!” The old woman said, “Your second brother did sell his land, he only left 30,000 for his two children to go to school, and the rest of the money went to your father’s medical treatment …… These few months, it was also him who took your father everywhere to see a doctor, hiring a driver, finding a car, and going to a big hospital in Pengcheng to see a doctor, all of which cost money. It’s only been a few months, and this has cost 40,000 to 50,000!”

“Su Mei, you also know that your father’s illness cannot be cured, so I didn’t ask your second brother to take your father out again, so I just came home and took his medicine and injections slowly, so that your father could live longer!”

The old woman sighed and said, “Your father’s illness, but your second brother has been tormented, can not do anything at home, just take your father to the nearby big cities for treatment, once outside and almost someone cheated …… to this family, your second brother can be considered to have done his best!”

Xiao Su Mei then silent, she also knows that she wrongly blame the second brother. [learn]

A few moments later, Xiao Sumei asked again, “Then big brother they did not ask a single question?”

“Why didn’t they ask? Of course they did!” The old woman’s voice was thick with anger, “What they care about is when your father will die, when the family will be divided, my land and your father’s land, and your share of the land, are their main concern!”

“And what a face!” Xiao Su Mei snorted coldly.

The old woman sighed and said, “It’s not all their fault, your father was too stingy in his early years, and he was good at saving face, he only cared about himself and treated his children badly, now the oldest two can be filial to him, that’s all his fate!”

“Mother, do not say these,” Xiao Guoqing said in a low voice: “In fact, this is nothing, is now alas!”

Xiao Su Mei frowned and asked, “So, now the boss and the others are not coming here? Not even asking a single question about my father’s illness?”

“They’re running around a lot now!”

Xiao Guoqing couldn’t help but complain, “They’re only concerned about when dad is going to die, trying to get him to write some kind of will or something before he does, all wanting to get the land left behind by dad and mom!”

Xiao Su Mei pondered for a long time before saying, “Mother, second brother, I also came back this time because I heard about father’s illness, and I also brought Xiao Feng back with me Xiao Feng might have a way to cure father’s illness, although I don’t guarantee the effect, but let him try it?”

“Little Feng? You’re talking about my grandson Xiao Feng?!” The old woman asked with some surprise, “Where is Little Feng? Where is my grandson?”

Xiao Su Mei nodded, “Mother, the brat that entered the house with me just now is Little Feng!”

Ji Feng laughed bitterly as he listened outside, how did he become a brat?

The old lady, however, was overjoyed and asked in a panic, “Then, then where is he now? Yes, he must be unhappy in his heart, that time the dead old man treated him like that, and those little brats down there, they are not good either, what kind of bullying did they do to my grandson! Su Mei, help me up quickly, let’s go find Little Feng!”

Ji Feng’s heart was a little tired of hearing this, it couldn’t be because he heard that I could cure him that he was talking so enthusiastically, could it?

Although he knew in his heart that this was not very likely, Ji Feng did not want to think much about it and just stood at the door of the west room, smoking heavily, his head and shoulders were covered with snowflakes, making his figure look a bit silent.

And this time in the west room, but Xiao Su Mei’s voice came: “Mother, you sit here, I’ll ask Xiao Ying to go find Xiao Ying, go and get Xiao Feng, this brat is really something, no manners at all!”

“No need to look for it, I’m coming!” Ji Feng stubbed out his cigarette and walked in. There were still people in the house, so naturally he couldn’t smoke alone. What’s more, even if he didn’t consider other people, he couldn’t let his mother smoke second-hand, right!

Seeing Ji Feng come in, the old woman's face looked excited, but seeing Ji Feng's calm demeanour, her enthusiasm couldn't help but chill a few degrees, her grandson was still resenting the old Xiao family!

"Little Feng, hurry up and call someone!" Xiao Su Mei glared at her son.

Ji Feng, however, just smiled noncommittally and said, "Hello, old man!"

"What old man!" Xiao Sumei immediately rebuked, "Don't know what to call it, hurry up and call someone"

Ji Feng smiled, but did not say anything.

Xiao Su Mei immediately sank her face and was about to reprimand her son, but was hurriedly stopped by the old woman, "Su Mei, since the child is not willing to call, you should not force him, back then it was the old Xiao family that was too much for you two, especially that damned old man, even more so, and your big brother and them alas! "

Once she said this, the old woman couldn't help but wipe her tears again.

Xiao Su Mei panicked and comforted her mother, but did not forget to glare at her son.

Glaring at me, I'm just as well called an old man!

Ji Feng then pretended not to see his mother's eyes, just drooping his eyelids, just standing in the doorway, as if he was asleep. He sneered in his heart, jokingly, if just a few tears or a few passionate words could cancel everything out, then there really wouldn't be any hatred in this world!

You are shedding tears now, I shed the same back then, and they are still tears of blood in my heart!

If you are an elder, you have to behave like one. Besides, Ji Feng really has no intention to recognize these elders, he has long been used to being alone all these years!

Seeing her son's appearance, Xiao Su Mei could only sigh lightly in her heart, she knew her son's temper, if she pushed him further, he might dare to turn around and leave, going straight back to Jiangzhou!

It's like when he was scolded, he turned around and left, running off to the wilderness to dig up wild vegetables all by himself What a similar scene this is!

Ji Feng didn't care whether they were genuinely booing here or being false, he just said indifferently, "I've just seen the old man's condition, it's very troublesome, but it's not incurable, it will take about ten days and half a month, if we're lucky, it might be almost done in a week!"

"Really?!"

The three of them asked in surprise at the same time, and Xiao Sumei was even more eager to ask, "Xiao Feng, what do you mean by almost? Can it be completely cured?"

"No!"

Ji Feng shook his head slightly and said, "The old man's physiological functions have declined so much that I can only cure him so that he can walk and move like other old men of this age, but no one can change how people live, grow old, get sick and die, and I am likewise not that capable!"

Even so, but this result had already made Xiao Su Mei and Xiao Guoqing and the others very satisfied, which meant that the old man's illness was really okay!

Although Xiao Guoqing and the old woman still had some doubts in their hearts, but since Ji Feng had said so, they couldn't say anything more, knowing that Ji Feng was still very hostile to them right now!

"How about this, Xiao Feng, we will start now and then return to the city at night!" Xiao Su Mei said.

"Fine!" Ji Feng nodded slightly, it was better to cure the old man's illness and go back sooner than to see anyone here with anger in his heart!

However, just at this moment, one could hear a "bang!" With a bang, the gate of the courtyard was slammed open and an angry voice came through: "Xiao Guoqing, get out of my house! Look at your good son, if you don't discipline him, I'll have to do it for you!"

Several people were stunned, Xiao Ying immediately walked out quickly, it sounded like there was trouble, then, as Madam's guard, Xiao Ying naturally had to be the first to go out.

"What's going on?!" Xiao Su Mei asked with a frown.

Xiao Guoqing was also puzzled, "It seems to be Xiao Dashan's voice, this bastard, he had a verbal argument with me just now, and now he has actually found his way to the house!"

He walked out with hatred.

Ji Feng also said, "Mom, let's go to the hall now and start the treatment!"

Xiao Su Mei, however, said, "Little Feng, your second uncle seems to be in trouble, let's go out and take a look!"

Ji Feng was stunned, then he smiled, "It's not a problem to take a look!"

In his heart, he said, "What's it to me if there's trouble? I didn't bring this trouble!"

Although he thought so in his heart, Ji Feng still had to accompany his mother out, leaving the old woman alone in the west room.

Just as he walked out of the courtyard, he saw a middle-aged man grabbing a teenager of about 16 or 17 years old in his hand, cursing and scolding, "Xiao Guoqing, look at the good son you raised, how dare you run to my place and steal something, do you have any upbringing left?"

Chapter 518

"I'm not stealing from your house, I'm catching pheasants, you give me back my pheasants!" The defiant retort said.

At this moment, the boy's face was bruised, especially his two cheekbones, which were even more bruised. He was also walking a bit awkwardly and seemed to be limping, so he had obviously been beaten badly.

However, his eyes were stubborn and he didn't give in in the slightest.

“Put your mother’s ass on the line! You ran to my house to catch a pheasant? Then can I run to your mother’s bed to look for a wife?!” That Xiao Dashan went up and slapped the teenager on the head.

“Xiao Dashan!”

Xiao Guoqing immediately roared, “Let go of my son, otherwise, don’t blame me for fighting with you today!”

This Xiao Dashan sneered, “Fight me to death? Xiao Guoqing, how dare you say that? Let me ask you, your son stole something from my house, do you want me to send him to the police station?”

The teenager said loudly, “You’re nonsense, I didn’t steal anything, I was shooing pheasants, and the pheasants ran into your house. Besides, there were so many of us whisking together, why did you only arrest me?”

“I don’t like you, don’t I?” Xiao Dashan grunted.

Xiao Guoqing’s face sank to the bottom and he said angrily, “Xiao Dashan, in the morning I looked at all the villagers and didn’t beat you up, and now you actually beat up my family’s boy!”

He snapped forward, grabbed his son’s arm and then kicked him, that Xiao Dashan was startled and backed up in a panic, which let go of his hand.

Xiao Guoqing pulled his son back and said, “You go inside first!”

Xiao Guoqing’s son immediately ran to the door of the hall, but did not go in, but stood there watching.

“Xiao Dashan, if you have the guts, we’ll go outside to the ground, one on one, whoever dies will have a shorter life!” Xiao was really angry, before Xiao Dashan had insulted his sister, Xiao saw that he was a landlubber and someone had stopped him, so he put up with it, but now he had even beaten up his own son!

Honest people don’t get angry easily, but when they do, even bullies are afraid!

Xiao Dashan was indeed a bit scared. He originally thought that he had grabbed Xiao Guoqing’s son and threatened to send him to the police station, so that Xiao Guoqing would definitely give in and he would be able to take his anger out of the morning.

However, he did not expect that Xiao Guoqing would be so furious, and Xiao Dashan could not help but feel a little panic in his heart.

Xiao Dashan was only a hooligan, he was usually good at stealing chickens and dogs, but if he wanted to fight, how could he be a match for Xiao Guoqing, who often did hard work and was full of muscles?

At this time, the commotion of the old Xiao family had already been noticed by the people who had been watching outside, and these people could not help but talk about it, Xiao Dashan did not have a good reputation in this neighborhood, and when they saw Xiao Guoqing’s anger, they could not help but gloat and curse, “Serves you right!

Someone should take care of this scoundrel Xiao Dashan, just ask how many girls and daughters-in-law from several villages nearby have not been molested by him?

If it wasn't for the fact that Xiao Dashan was a scoundrel and that he had a son-in-law who was very powerful in the county, I'm afraid someone would have beaten him up.

"Damn it!"

Seeing so many people watching, Xiao Dashan was a bit embarrassed, but he didn't dare to fight with Xiao Guoqing, so he played a scoundrel and cursed loudly, "Xiao Guoqing, your family really knows how to steal, your sister stole a man and gave birth to a wild child before she got married, your son is only a little old now and he's already stealing from others, in the future, won't even his mother start stealing from others, right? Hahahaha"

Swish!

Xiao Guoqing was instantly infuriated, he roared in anger and was about to rush up and fight Xiao Guoqing to the death, however, the next moment, he saw a human figure suddenly flash by.

Hoo-!

A black shadow instantly came in front of Xiao Dashan, and before he could react, he suddenly felt a burning pain on his face, followed by a painful scream as his whole body felt the sky spinning and he fell to the ground at once.

Bang!

The black shadow kicked Xiao Dashan hard in the chest, causing him to roll four or five metres on the ground, clutching his stomach and rolling on the ground screaming in agony.

Little Shadow looked coldly at Xiao Dashan who was rolling on the ground and stomped on his face, making him cry out in pain, but he was powerless to resist and could only keep struggling.

"Little Chief, what should we do with this man!" Little Shadow asked.

Ji Feng was gloomy as he slowly walked over, his icy gaze looking at Xiao Dashan on the ground as he said in a deep voice, "Intend to take his limbs and throw them onto the road!"

"Ah!"

Xiao Dashan immediately exclaimed loudly, "You, boy you dare to hit me! My daughter and son-in-law won't let you off"

Before he could finish his words, he suddenly found himself being lifted up, but it was a big burly man who grabbed him by the hair and lifted him straight up in the air, without his two feet touching the ground.

Another burly man came up to him, his eyes cold and frightening!

"You, let go of me, let go of me!" Xiao Dashan shrieked in fear, his body struggling in the air, only for the big man holding him to smash his chest with a fist.

"Ugh...!"

Xiao Dashan's waist was instantly bent like a shrimp, his face turned red and his two eyes were silky and wide, as if they were the eyes of a dead fish.

The next moment, the big, brawny man standing in front of him, kicked him violently in the leg.

"Ah...!"

Xiao Dashan instantly screamed miserably.

The pugnacious man's kick instantly broke his leg, the calf bent abnormally, and the intense pain caused his body to twitch continuously, his face twisted beyond recognition.

Those onlookers were instantly filled with chills, these people from the Old Xiao family, they were really too ruthless!

By the way, these people seemed to be the bodyguards of the Xiao family's youngest daughter, Xiao Su Mei?

Oh dear!

Xiao Su Mei is really rich now, the bodyguards she brought are so powerful!

Xiao Da Shan deserved to be unlucky, he usually molested girls and daughters-in-law and no one dared to mess with him, so he thought he could walk around freely, but now he was actually messing with someone big.

Ka-chow!

"Ah...!"

Another miserable scream, Xiao Dashan's other leg was also kicked off!

Everyone couldn't help but have their scalps explode when they heard this miserable scream, these people were just too ruthless!

When all of Xiao Dashan's limbs were broken, he had already fainted from the pain, then woke up from the pain again, then fainted from the pain again, and so on and so forth for several times, he had already been beaten half to death.

Everyone's heart was beating wildly as they watched, and cold sweat was breaking out on their backs, so they wanted to run backwards and hide at home. These people, they were really too scary!

"Throw them out!" Ji Feng said in a cold voice.

"Yes!" A big burly man directly carried the fainted Xiao Dashan out, looking as relaxed as if he was carrying a small chicken.

Xiao Guoqing looked at Ji Feng with the same astonishment, he could never have imagined that the stubborn little man back then had actually grown into an adult, moreover, he was also so powerful, with just one simple sentence, he made Xiao Dashan, who was usually a big headache for everyone, be beaten like a dead dog!

For this nephew who didn't even look at his own eyes, Xiao Guoqing's heart couldn't help but feel a hint of awe.

Ji Feng slowly stepped forward, looking at the scared looks of those who were gathered around, he couldn't help but coldly snort, and then he said forcefully, "Introduce myself, my name is Ji Feng, I am the little wild bastard that that brute just said, my mother, is called Xiao Su Mei!"

"Wow..."

Those onlookers were suddenly talking, this youth, was actually Xiao Su Mei's son, the little wild bastard back then?

This was too big a change!

And some people who had once looked down on Ji Feng's mother and son, or had said cold words, couldn't help but be a little apprehensive at this moment, Ji Feng shouldn't be looking for them to settle scores, right?

Especially those who had clashed head-on with Xiao Su Mei because of ridicule back then, were even more apprehensive.

Ji Feng's cold gaze swept around and said in a cold voice: "I don't want to talk about what happened back then, but from today onwards, from now on, if I hear you insult my mother again, even if it's just one word, I will make you ten times more miserable than that animal just now! If you don't believe me, you can try it!"

How many of these people had never called Ji Feng a bastard behind his back? How many of them hadn't said that Xiao Sumei was a woman without shame?

I'm afraid everyone had said it!

"There's nothing to see here, so go do what you need to do!" Ji Feng waved his hand as if he was shooing away flies.

Those people, however, did not dare to show the slightest bit of dissatisfaction, even though they were angry in their hearts, but their faces did not dare to show it, and they just left honestly. It wasn't that they didn't want to make their presence known, but because, there were still two big men standing at the door!

Didn't you see how miserable Xiao Dashan was just now?!

Seeing that everyone had left, Ji Feng then said, "Mom, let's go and cure the old man, look what's here, I don't want to stay for a day! Let's get cured and leave sooner!"

Xiao Su Mei couldn't help but nod slightly, these people, still haven't changed, they are still so vitriolic.

And at this time, Xiao Guoqing was trying to say something but stopped.

"Second brother, what do you want to say?" Xiao Su Mei, however, noticed and could not help but ask.

Xiao Guoqing hesitated for a moment before saying, "Xiao, Xiao"

“My name is Ji Feng!” Ji Feng said indifferently.

“Oh, Ji Feng!” Xiao Guoqing hurriedly nodded and said, “It’s like this, that Xiao Dashan, himself is just a landlord and scoundrel, he used to be married and had a daughter, then his wife couldn’t stand him and ran away with someone else, so he got even worse, only usually everyone doesn’t see eye to eye with him. But now, his daughter is said to be married to a big boss in the county, and that boss is very powerful, he even came once before, with a dozen people behind him, we beat him now, do you think he will call his daughter and son-in-law to”

Chapter 519

“He’s going to call someone?!”

Ji Feng gave a non-committal smile and said indifferently, “Don’t worry, I beat up the man, I’ll naturally carry the matter, it has nothing to do with you guys, I’ll take care of it!”

After saying that, Ji Feng directly turned around and walked towards the hall, he had to cure the old man’s illness as soon as possible, only then could he leave here as soon as possible. If he didn’t cure the old man’s illness, his mother would definitely not let himself go, and even if he could leave, instead, his mother would definitely insist on staying here.

When Ji Feng walked to the door of the hall, he saw Xiao Guoqing’s son looking at himself with an adoring face, and when he saw him coming, he hurriedly made way, but his gaze did not leave him.

“Kid, what’s your name?!” Ji Feng couldn’t help but ask with a smile.

“My name is Xiao Yuan Hui!” The teenager said loudly.

Ji Feng nodded his head and smiled, “Not bad, very bold!”

The teenager then laughed, in his eyes, Ji Feng was an absolute big shot, with one word he could have someone beat up Xiao Dashan who bullied him like a dead dog, and with one look, he could make all those neighbours who usually chirped were so scared that they didn’t dare to let out a single fart, and just ran away in a huff.

Ji Feng patted him on the shoulder and then walked into the hall with big steps.

The old man in the bed had woken up at some point, and when he saw himself coming, his eyes were a bit confused.

Ji Feng’s face instantly changed, he looked at the old man coldly, his fists clenched a few times before he took a deep breath, took out a small bottle from his pocket, poured out a pill from it and grabbed the old man’s wrist.

The old man was a little frightened and tried to struggle, when Ji Feng suddenly turned pale and reached out and pressed his hand on his neck.

The old man’s body suddenly shook and he immediately fainted.

Ji Feng, however, did not care about the old man's condition, he directly pinched the old man's face so that his mouth could not help but open. Afterwards, Ji Feng directly threw the pill into the old man's mouth and scratched his neck twice, and the old man's throat knot immediately moved up and down.

Only then did Ji Feng bristled and let his mood calm down, then began to activate the bio-current

.....

Just as Ji Feng was treating the old man, the news that Xiao Su Mei, mother and son, had not only returned after an absence of more than ten years, but also seemed to have become prosperous, spread throughout the entire Xiao family estate in the shortest possible time.

Xiao Su Mei was so rich that she had a special chauffeur driving for her, several fierce bodyguards and even a special 'maidservant', a kind of pie in the face that only the big shots on top of the TV have, and it was clear that the current Xiao Su Mei was just like the big shots shown on the TV.

What's more, Xiao Soumei's son had followed him, and, that little wild child back then, was now an equally big shot, and with a single word, he had Xiao Dashan now as dead as a dog with his limbs broken and thrown into the wilderness.

This news shook the whole Xiao family!

This was especially true for the several brothers and sisters of the old Xiao family.

Because it was now freezing cold and it was almost the Chinese New Year, most villages no longer had people working in the fields, and the people of the Xiao family were no exception. The people of the old Xiao family are also idle at home.

Even the eldest, Xiao Guoliang, was on holiday at the factory at this time. The fertiliser factory he worked at was not very efficient, plus the weather was too cold, so it was also on holiday early.

At this time, Xiao Guoliang was playing cards with others in a kiosk at the east end of the head, and many people were gathered here, looking very lively.

Xiao Guoliang was a middle-aged man in his fifties, a bit sheepish, with only a few hairs hanging on his head, and because it was so cold, he had got a train hat from somewhere to wear, looking very funny.

"Hu up!" Xiao Guoliang had just played a card and the man opposite him immediately laughed, "Brother Guoliang, you've been giving us money today, what, you're a royal food eater who sees that we have no money for the New Year, so you've come to give us a hand?"

Xiao Guoliang hummed sullenly, "I'm really unlucky today, I didn't read the calendar when I went out!"

The others burst into laughter and the sound of mahjong once again rang out.

At this time, a man walked in with his neck scowling and his hands in his sleeves, "Boss, play half a catty of loose wine!"

"I say, Old Seven, what's the point of playing wine? It's not even the New Year yet, and you have guests at home?" A man asked.

“Don’t mention it, I need to drink to calm down!” The man shook his head and said, “Damn it, I’ve seen something tough today.”

“What’s wrong?”

“Yeah, what’s going on? Tell me!”

In such kiosks or chess rooms, there are a lot of people, and everyone likes to gossip or spread some gossip, or just gossip about national events. Although most of them were unrelated words, the people were happy to hear them, after all, it was a kind of entertainment.

The man skimmed his lips and said, “Guess who I met today.”

“Who is it?!” A man asked eagerly.

“The youngest daughter of the old Xiao family, the one who thought that thing was going on more than ten years ago and ended up being blown out of the house, do you all remember?”

“Remember, isn’t it Xiao Su Mei, did you come across her?”

The others looked at that person, and this time, even Xiao Guoliang, who was playing cards, stopped his hand and looked at that person.

The man who spoke did not notice that Xiao Guoliang was also playing cards; after all, there were too many people here, and most of them were standing, easily blocking out the ones who were sitting.

The man said: “Let me tell you, that old Xiao family’s Xiao Su Mei is really rich, good boy, she and her son came together, and also brought a few bodyguards, wearing the clothes that is called a good ah! By the way, they also came in three cars, there is a young man in the village who knows that car, I think it’s called something something horse!”

“BMW?!” A slightly younger man asked.

“Yes, yes, yes! It’s the BMW!” That person tsked twice, full of envy, “You guys are unaware ah, Xiao Su Mei’s son, the one called Ji Feng, now looks tall and powerful, wearing a coat, simply like a leader, and like a big boss, tsk that aura, that faction, really the most handsome young man in the village, even to go to people’s shoes are not worthy!”

“Really? If they want to do something, it’s just a matter of words!”

“That’s right! It’s true that we don’t have any big shots in this small place, so it seems that the old Xiao family is really rich this time!”

“Hey, that’s right, did that scare you? You’re not too proud of yourself, are you?”

“Who said that, how can I be scared by this!” The man said sharply, “Let me tell you, Xiao Dashan, that scoundrel, beat up Xiao Guoqing’s son and even made a scene at the old Xiao’s house. Guess what happened? Just because Xiao Dashan spoke with an unclean mouth and humiliated Xiao Su Mei, her son just said, “Well! Break his limbs and throw him out!”

“What was the result?” A man asked anxiously.

“Does that even need to be said? Xiao Dashan is probably just now crawling home... Hey, you guys didn’t see that scene... Boy, it really did break both legs and both arms of the man alive!”

Everyone could not help but be shocked and looked at Xiao Guoliang who was still sitting at the poker table.

The man who spoke before, at this time also finally saw Xiao Guoliang, he was immediately stunned, immediately said: “Oops, brother Guoliang is also here, really sorry, I, I did not see”

Xiao Guoliang, however, could not sit still, he hurriedly stood up, put away all the money on the table, and said, “I have to hurry back and take a look!”

After saying that, he quickly walked out.

The others looked at his back and couldn’t help but snicker, “This old boy, he must have gone back to think of ways to flatter his sister and his nephew, browbeating and stepping on them, that’s Xiao Guoliang’s character!”

Another person said, “Now he’s trying to curry favour with his sister and nephew, what did he do long ago? If it were me, I wouldn’t have come back if I had been treated like that!”

“Yes, the old Xiao family did go a bit too far back then!”

“Hey, there’s something to see now, let’s go and have a look!”

“Yes, yes, yes, go and have a look!”

.....

Such a scene also took place in another kiosk in the Xiao family’s manor, where the old Xiao family got the news and hurried back.

And not long after, the old fourth and fifth members of the Xiao family, who had also received the call, started to rush back to the Xiao family’s village.

All of a sudden, Old Xiao’s house became the focus of the whole Xiao Family Village, and villagers who were curious at heart rushed to Old Xiao’s house, or stood at the intersection not far from Old Xiao’s house, where a few people gathered together and were whispering and even arguing.

These villagers argued, mainly because they had different views. The focus of their argument was the reason for the sudden return of Xiao Su Mei’s mother and son this time!

The mainstream view was that Xiao Su Mei had been booted out back then, and now that she had made a good living, of course she had to come back to show off, to make the old Xiao family regret and make them realise what a wrong decision they had made in throwing Xiao Su Mei out back then.

At the same time, Xiao Soumei’s mother and son are trying to come back for revenge!

This viewpoint is shared by the vast majority of people.

Another viewpoint was that Xiao Su Mei's mother and son had come back this time because they had done well outside, so they had come back to beg for their parents' forgiveness, or, of course, because they had heard about the old man's illness, so they had come back to visit.

This view made many people scoff, what kind of person is Xiao Sumei? Most people who have passed middle age know that Xiao Su Mei is a woman with a strong character, besides, now that she is so developed, she still needs to beg for forgiveness?

If she had heard that the old man was ill and had come back to see him, that would be possible!

The more the outside world talked, the more worried Xiao Guoliang and the others became, Xiao Su Mei and her mother had been away for over ten years, why did they suddenly come back now?

Also, if they came, would they have to share the land with them when the family was divided?

Chapter 520

"Whew-!"

Ji Feng slowly withdrew his hand, couldn't help but let out a long breath, shook his head slightly and hummed, "It's really troublesome just afraid that in the end, I'll still get a thankless job!"

Ji Feng shook his head and walked out, and was suddenly stunned when he found that the kid named Xiao Yuan Hui was actually still standing outside the door. He immediately raised his hand to look at his watch and found that almost forty minutes had actually passed and this kid was still standing outside the door?

"Xiao Yuanhui, why are you still standing here?" Ji Feng asked, and he laughed just as he finished speaking, "Sorry, this is your home, so I'm really making a bit of a racket by asking!"

"Brother Feng, just now dad and little aunt told me that you are my cousin, this is also your home" Xiao Yuanhui immediately said, he scratched his head and said a little coyly again, "Cousin, just now I didn't know it was you, you really great!"

Although Ji Feng could be cold-faced towards the old Xiao family, he really could not be cold towards this youngster. There was a reason for injustice, and he would not bring the grudge of the previous generation to the children below.

He did not realise, however, that he had actually positioned himself in the high position of seeing his cousin, too, as a child. In fact, this was a sign of maturity, and more importantly, it proved that Ji Feng's vision had been set high.

Ji Feng's face finally revealed a smile for the first time since he stepped into the Xiao family estate, and he nodded slightly, saying, "You are also very good."

Xiao Yuan Hui said somewhat coyly, "Cousin, little aunt and my dad are in the west house, they said that when you come out let you go to the east house to rest."

Ji Feng was noncommittal and shook his head, "Forget it, I'll go straight to the west room, you go and do your own thing!"

Xiao Yuan Hui was not familiar with his cousin and did not dare to say anything more, so he could only follow behind his cousin and walk towards the west house.

Ji Feng arrived at the door of the west house, knocked on the door, and then walked in.

"Little Feng, how is it?!" As soon as she saw Ji Feng enter, Xiao Su Mei immediately asked eagerly.

Ji Feng deliberated for a moment before saying, "The situation is not too bad! However, because this condition of his is very different from grandpa's, because this is cancer, even if he is cured, his health condition won't be too good, but he won't have too many problems, anyway!"

Swish!

Xiao Su Mei and Xiao Guo Qing lit up at the same time, although Ji Feng spoke with a very indifferent attitude, the content of those words made the two of them delighted. They were not asking for the old man to live a long life, as long as he could live in peace, they would be satisfied.

Ji Feng said, "Mom, that's all for today, let's go back first and wait until tomorrow!"

Xiao Su Mei's face suddenly changed, while both Xiao Guoqing and the old woman also got nervous, especially the old woman, she hadn't used to see her daughter for more than ten years, now she had just seen her for a while, and her daughter actually wanted to leave?

"Su Mei ah, you, you can't live here?" The old woman couldn't help but ask, "Stay here today, and let Little Feng stay here too, okay?"

Seeing the hopeful light in her mother's eyes, Xiao Sumei wanted to say yes, but Ji Feng immediately said, "Mom, the hotel in town is still open, if we don't stay here, we will have to pay for the room!"

Xiao Soumei hesitated, neither leaving nor not leaving.

Ji Feng frowned slightly and said, "Mom, we had agreed before!"

In his mind, he would never stay here, no one wanted to keep him back then!

What's more, Ji Feng also knew that if he stayed here tonight, his mother would definitely ask him to stay for dinner, and as he ate, he might eat something, for example, he would always have to call out to the elders when he met them, right? Staying in someone's home is always a kind of affection, right?

If you stay at someone's house, it's a kind of friendship, right?

Don't even think about it!

Ji Feng couldn't help but hum in his heart, wanting to gradually ease his relationship with the old Xiao family through the little bits and pieces of life.

After the old man is cured, he will leave, which will have no effect on the old Xiao family, nor will it have much effect on his mother.

A foreigner, more is not more, less is not less, it is better not to give trouble to the old Xiao family!

Ji Feng could not help but smile bitterly in his heart, his mother is now also starting to play a soft strategy with herself

The actual fact is that you will be able to get a lot more than just a few of these. The actual fact is that you will be able to get a lot more than just a few of these. But for these people in the old Xiao family, Ji Feng will not suffer even the slightest bit of aggravation, absolutely not!

“Xiao Feng” Xiao Su Mei just wanted to speak, she saw that Ji Feng’s expression became firm, her heart thumped, it looks like it is impossible to let her son stay for one night, she knows her son’s character all too well, once his expression is firm, it is not so easy to change, not to mention that the time and place are not suitable!

“Mom, let’s go!” Ji Feng’s voice wasn’t big and seemed calm, but it was somewhat irrefutable.

The old woman immediately had tears in her eyes and pulled her daughter’s hand and wouldn’t let go: “Su Mei, look at this, you really want to go?”

Ji Feng’s heart was suddenly a little impatient, he took a deep breath, trying to calm himself down, said in a deep voice: “Leaving is not like not coming back, today leave, tomorrow will come back!”

The old woman was still teary-eyed and choked up, “Su Mei, your father was too stubborn and I couldn’t stop him, so you left for more than ten years.

The first thing you need to do is to get a good idea of what you’re doing.

But now he was not at liberty to speak, he could only look at his mother quietly.

Xiao Su Mei deliberated for a while before saying, “Little Feng, let’s do it this way, we’ll go back later, as long as we can get to the city before dark at night, do you think this is okay?”

Ji Feng saw that his mother really didn’t want to go, so he could only nod helplessly and said, “Mom, in that case, we must go back before six o’clock, otherwise, the road won’t be easy to walk on when it gets dark.”

“Good! Good!” Xiao Su Mei immediately nodded her head and agreed, it was not easy to get her son to give in to this extent.

Ji Feng shook his head slightly and let out a light sigh as he directly pushed the door and walked out.

“Mother, this child Xiao Feng is a bit stubborn, don’t take it to heart!” Seeing her son go out, Xiao Su Mei couldn’t help but take her mother’s hand and say.

“How can you blame Little Feng for this, it’s all because of that dead old man, your father, back then if he wasn’t so dead set on saving face and being so selfish, he wouldn’t have caused the situation today!” The old woman couldn’t help but scold.

Next to her, Xiao Guoqing could only stifle a bitter smile, but he was aware that this matter was actually not all the responsibility of the old man, the oldest and the oldest, they were all to blame too, they were more active than anyone else in the beginning when they were sneering and ridiculing!

“Su Mei, this is not the fault of Xiao Feng, even if it were me, I would have resented” Xiao Guoqing sighed lightly, “what the Boss and the others did at first was indeed too much.”

Xiao Su Mei shook her head slightly and said, “Let’s not talk about the past, I’m here this time, mainly to see Mother and then see what to do about Father’s illness, as for the other things, let’s not mention them!”

Xiao Guoqing couldn’t help but smile bitterly, it was obvious that Xiao Feng wasn’t the only one with grievances, younger sister Su Mei also had grievances in her heart, it was only because her parents were older that she had suppressed all this grievance in her heart and had never said anything about it.

“Cousin!” As soon as Ji Feng went out, he saw Xiao Yuan Hui standing at the door waiting for him, “Cousin, there’s no point in being here, or else you can come with me to my house to play!”

Ji Feng raised his eyebrows and asked, “What do you have to play at your home?”

“Also, there’s nothing” Xiao Yuan Hui couldn’t help but blush, in rural families, children mostly play with mud, slingshots and such, but in this big winter, there’s really nothing interesting.

Ji Feng looked around and suddenly asked, “Your family’s house, does it have a red painted wooden door?!”

“Hmm?!” Xiao Yuan Hui was a little surprised, “Cousin, you’ve been to our house?”

“There really is?!” Ji Feng asked, frowning.

“Yes, there was a red wooden door, but the paint is almost gone now, so you can’t tell what colour it is at all” Xiao Yuan Hui said somewhat strangely, “Cousin, you can still tell that it’s a red wooden door, really remarkable!”

Ji Feng hesitated for a moment and couldn’t help but say, “Go, go to your house and take a look!”

Xiao Yuan Hui was stunned, then he nodded slightly and said, “Then cousin come with me!”

Ji Feng turned his head and said loudly, “Xiao Ying, protect my mother here, no matter who it is, anyone who wants to hurt my mother, kill them all!”

Xiao Yuan Hui, who was walking in front of him, was so scared that his legs went weak and he almost fell to the ground.

However, Ji Feng did not notice his disorder, but remembered another thing.

If he remembered correctly, in Ji Feng’s memory, there seemed to be some hazy fragments that would occasionally flash in his mind. It seemed to be when he was a child and had lived in a place with mahogany doors for a while.

During that time, it seemed to be the only memory he had of not being bullied, but because he was so young at the time, it seemed to be before he could remember, so this memory was hazy all the time, and he didn’t know exactly where the place in his memory was.

But now that he was here, he suddenly had a familiar feeling, as if that scene was in Xiao Yuanhui’s house!

If that was the case, it meant that perhaps the only person who hadn't humiliated himself in the first place was Xiao Yuanhui's father!

Putting today's situation together, Ji Feng had some mixed feelings about this guess of his!
