Chapter 521

Xiao's home is not far away, and the most common path in the countryside is a small one, and it only takes about five or six minutes to walk from a pit side path to Xiao's home. Just to ~

When walking past the puddle that had been frozen to the point of freezing, Ji Feng couldn't help but slow down his steps and stare at the puddle in awe.

Ji Feng secretly pondered, it seemed that in his own mind, he also had some memories of this puddle, most of which were not very good, and because he was too young at the time, the fragments in his memory were very vague.

"Cousin, what's wrong with you?" Xiao Yuan Hui couldn't help but ask.

Shaking his head slightly, Ji Feng stopped thinking about it as he said, "Nothing, by the way, you can just call me Ji Feng, no need to call me cousin anymore!"

"But, my little aunt and my dad both told me to call you cousin ....." Xiao Yuan Hui said with some difficulty, in his opinion, Ji Feng was a very powerful person, to have such a person as a cousin, that was naturally very wonderful, so from the bottom of his heart, Xiao Yuan Hui also wished Ji Feng to be his cousin.

"Suit yourself!"

Ji Feng said noncommittally, "Let's go!"

"Hey!" Xiao Yuan Hui nodded, "Cousin, come with me, it's not far ahead!"

Ji Feng followed behind Xiao Yuan Hui and arrived at the latter's home.

It was a most typical rural family, a large yard, somewhat cluttered, but very secluded. There was a big yellow dog in the yard, and when he saw Ji Feng arrive, this big yellow dog couldn't help but bare its teeth.

"Go! Go aside!" Xiao Yuan Hui hurriedly shooed the big yellow dog away as he turned his head and said, "Cousin, this side is my room, come in and have a seat!"

Ji Feng followed his gaze and was stunned to find that Xiao Yuan Hui's room was the same room with the mahogany door, except that the mahogany door had completely faded now, and only in a vague way, some red stain could still be seen, but it wasn't too obvious anymore.

"Cousin, I heard my father say that little aunt and you used to live here, and then you moved away ....." Xiao Yuan Hui said, "Cousin, you and little aunt are living outside in the big city, right?"

Ji Feng nodded slightly and said, "Yes, in the big city, but the city is not as good as the countryside, the air there doesn't work!"

His gaze, however, kept falling on the mahogany door, . u just to ~

"By the way, are you still going to school now?" Ji Feng suddenly asked.

Xiao Yuan Hui was stunned, then he nodded slightly and said, "Yes, I'm in high school, right in Mang Shi Second Middle School!"

"Second middle school?"

Ji Feng chuckled and said, "Not bad there, well, study hard, you should have a great future!"

"Cousin, are you still going to school?" Xiao Yuan Hui asked cautiously. Although Ji Feng looked like a big boss, in Xiao Yuan Hui's opinion, Ji Feng shouldn't be much older than himself.

Ji Feng nodded and said, "Well, I'm also going to school!"

He walked back and forth in the courtyard for a few steps, looked around, and asked again, "Where did your mother go?"

"Oh, she should be out in the field collecting branches now!" Xiao Yuanhui said.

Ji Feng then nodded slightly, nowadays many fruit trees needed to be pruned in winter, and the branches that were cut off could all be used as firewood, which was also a favourite kind of firewood for people in the countryside.

"Let's go!" Ji Feng turned around and said indifferently, coming here, he only wanted to confirm his suspicions, now that everything had been confirmed, then naturally there was nothing left to stay, however, his attitude was gradually changing.

Now it seems that not all the people in the old Xiao family were bad at first. Xiao Guoqing and his wife, it seems, did not laugh at themselves. Ji Feng vaguely remembered that he did live in Xiao Guoqing's house at first, and because he was bullied and because he was afraid, he hid in the room with the mahogany door every day and did not want to go out.

I can't imagine that in the blink of an eye, more than ten years have passed .....

Ji Feng couldn't help but shake his head and smile, if possible, help Xiao Guoqing, it is also considered to return some of the kindness back then .....

He sighed slightly lightly, those favors and grudges back then, . dot com In fact, this time before coming to Xiao Jia Zhuang, Ji Feng was well prepared, but he did not expect that when he saw the old man who had insulted him back then, the anger in his heart was still unquenchable, not at all what a smile to die out the enmity!

The so-called open-mindedness and indifference to everything were all lies!

At least, Ji Feng felt that he was unable to do that.

"Xiao Yuan Hui ah, let's go out!" Ji Feng said indifferently, then turned around and walked out the door, since he was sure that the other party had been kind to him, he had to thank the other party in person, and also do something to return his kindness, but that was all, for Ji Feng, the old Xiao family was not his home after all, there was no need to get involved with the people here.

Xiao Yuan Hui looked strangely at Ji Feng's back and couldn't help but be a little surprised, how come this cousin, whom he had never met before, gave off a strange feeling, as if he was very indifferent?

Although he felt strange in his heart, Xiao Yuan Hui did not dare to say anything, this cousin was a powerful person, Xiao Dashan was such a scoundrel and had a powerful son-in-law in the county, the cousin also just said a word, that Xiao Dashan was not still broken limbs?

This is probably what a big shot looks like! Xiao Yuan Hui secretly thought, while quickly following up.

Ji Feng and Xiao Yuan Hui still returned the same way, but when they arrived in front of the old Xiao family's courtyard again, they saw many people were surrounding the area, constantly whispering about something, and when they saw Ji Feng coming, those people kept pointing.

Ji Feng's ice-cold gaze immediately swept over and everyone was instantly silent, no one dared to say another word of nonsense. Everyone knew about Ji Feng's warning earlier, and now when they saw his icy gaze, they were instantly timid and subconsciously shut up.

"Humph!" Ji Feng snorted coldly, his disgusted gaze slowly sweeping over these people's bodies, the anger in his heart churning again.

It wasn't that he hated these people's peasant status, as he himself came from a poor background, what he loathed was all the bad habits of these people who bullied the soft and the hard, and spent all their time fussing about right and wrong.

If it wasn't for the indifferent behaviour of these people and the old Xiao family back then, how could his mother, Xiao Sumei, have left?

"Get lost!"

Ji Feng shouted lowly, his voice was not loud, but it could clearly reach everyone's ears.

Those villagers were instantly stunned, and immediately cursed in their hearts, but their mouths did not dare to say anything.

"I say Ji Feng, no matter how you have reached, but we are all villagers here, there is no need to open your mouth and scold people, right? Besides, back then, you also ate my family's taro ....." Finally, a man could not help but say. In fact, whether or not Ji Feng had eaten his family's taro or not, even he himself couldn't remember, after all, it's been more than ten years.

However, the others snickered in their hearts, Ji Feng had eaten his family's taro? That's just making stuff up!

This guy and the old Xiao family didn't even deal with each other back then, so how could he have given Ji Feng taro to eat? Now that he said that, it was obvious that he was bullying Ji Feng for not remembering things at that time!

But Ji Feng didn't say anything, he just stretched out his hand, nodded at the man, and turned around and entered the Old Xiao family's mansion.

"Uh, he, what does he mean by that?" The man asked.

"What else can it mean, people don't care to talk to you!" A man next to him sniggered, "Old Liu, you're making it up, when did they ever eat your taro?"

“Of course I have, otherwise why would I say that?” That old Liu hummed. But he had his own calculations in his heart, seeing that this Ji Feng must have reached, at this time, if he believed his words, he might be able to give some benefits!

Ji Feng didn't care what these people thought, he saw these people start to play rogue and immediately stopped tangling with them, to deal with one rogue, he could break his limbs, but what if a village was all rogue?

He couldn't beat up the whole village, could he? Even if he could, he didn't have the ability to do that!

When Ji Feng entered the mansion, he was instantly stunned.

He found that the originally cold and quiet mansion courtyard was suddenly full of people, there were also small children running, jumping and playing, as well as the wailing of small children, and there were several motorbikes and a QQ cart parked in the courtyard, it was really lively.

“Ee? It's the car of the family of the eldest and second aunt, and the eldest uncle's ..... They're all here!” Xiao Yuan Hui's voice reached Ji Feng's ears, causing him to frown, it seems that news can spread just as fast in the countryside, it's only been a short time and people have already arrived!

“Go in and take a look!” Ji Feng said in a deep voice.

“Oh!” Xiao Yuan Hui immediately nodded and followed behind him with an excited look on his face, going in behind his cousin, everyone else would definitely envy him.

Because the courtyard was huge, Ji Feng walked fast for a few moments before he reached the entrance of the house.

“Su Mei, ouch, really did not expect ah, you have been out for more than ten years, the result can really reach, this at first who can think of it you say .....”

“Look at what you said, little sister was very capable back then, this went out, still also a capable person ..... little sister, now you should be a big boss, right? Is there millions and millions of dollars in assets?”

.....

Son of a bitch!

Ji Feng was immediately disgusted, his mother had left the family for more than ten years and now that she was back, none of them actually cared about her health, let alone asked her if she had lived a hard life all these years, instead they cared most about money!

He grunted coldly and directly pushed open the door of the west room and walked in. Immediately, he found that seven or eight people were sitting in the room, and the originally spacious place had become somewhat crowded, and there were people smoking and smelling of alcohol, and the whole room was in a mess.

Ji Feng's face immediately sank and he said indifferently, “Mom, it's time, let's go!”

Xiao Su Mei also stay very bored, more than ten years do not see, these brothers and sisters do not say concern hush, not even a polite greeting, which makes her original a cavity of enthusiasm instantly cold a lot. The actual fact is that you can find a lot of people who are not able to get a good deal on this.

However, the most chilling thing for Xiao Sumei is that the boss, if anything, mentioned something about the land, and Xiao Sumei immediately understood that they did not want to return the land that belonged to them.

In fact, this was nothing, because for Xiao Sumei, naturally, she would not limit her eyes to the one or two acres of land. However, the way these few siblings acted still gave Xiao Su Mei a chill in her heart.

“Let’s go!” Xiao Su Mei nodded slightly and stood up, and Xiao Ying immediately went forward to support her.

The old woman, however, was a little reluctant to leave for a moment, and she took Xiao Su Mei’s hand and asked in a panic, “Su Mei, you’re leaving now? Can’t you stay?”

Xiao Guoqing also persuaded her, “Yes, Su Mei, you’ve come here for once and you haven’t even said a few words, so why are you leaving? How about this, you stay at my house today, I’m staying here at night anyway, there’s no one else living over there at my house except the two kids, what do you think?”

“Yes little sister, since you’re here don’t be in a hurry to leave, it’s okay to stay here for a few days!” Several other siblings couldn’t help but persuade one after another.

Xiao Su Mei shook her head slightly and said, “Forget it, I’ve already booked a hotel in town, it would be a waste of money if I don’t go, I’ll come back tomorrow, it’s not just for this one night .....”

“In that case, then we will not force you to stay, but you should not leave in such a hurry, we just got the news and rushed over, and you are leaving again ..... have dinner here before you leave!” A balding middle-aged man said. Based on his age, Ji Feng knew that this middle-aged man should be the boss, Xiao Guoliang.

Xiao Su Mei hesitated for a moment before saying, “Dinner is not necessary, so many people are together, cooking is also troublesome, besides dinner is provided in the hotel ..... so, I’ll just sit for a while longer, but I must go back before dark!”

“Good! Good!” A man who smelled of alcohol nodded and said, “It’s freezing cold now, the roads are not good, . dot com”

According to the characteristics of each person, Ji Feng easily recognized that this was definitely the old third Xiao Guoqiang, the alcoholic who was very famous in the nearby ten miles and eight villages.

Xiao Su Mei also sat down again, after all, for no other reason, even just to accompany her old mother more, that is also a kind of warmth ah. The others treated her badly, and her father treated her badly, but seeing her mother’s tears, Xiao Sumei could only just sit down even if she had a lot of grievances in her heart.

Ji Feng's eyes were a little cold, his facial muscles were rising and falling high and low, showing that he was gritting his teeth from time to time, it was obvious that he was not as calm as he appeared to be.

Ji Feng's gaze swept around the room, and he found that several of his mother's siblings, should have all arrived. Apart from his mother, Xiao Su Mei, the old woman and Xiao Guoliang, there were a few women and also two strange men.

Among them were two women who bore some resemblance to their mother, Xiao Su Mei, in appearance. Ji Feng guessed that these two should be Xiao Su E, the fourth oldest, and Xiao Su Pei, the fifth oldest.

Only, although these two were similar in appearance, their figures and temperaments were both extremely different. One was plain and did not have much of a complex expression on her face, except for the man sitting beside her, who was dressed like a boss and looked very dignified.

This man was wearing an overcoat, holding a Chinese cigarette all the way in his hand, combing his big back hair, with a slightly white face, looking like a leader or a boss.

The only thing that made Ji Feng frown a little was that when this man was looking at his mother, Xiao Su Mei, there were flashes of strange colors in his eyes from time to time.

Ji Feng coldly snorted in his heart, it seems that no matter where you go, there are always people who don't open their eyes like that!

The company's main business is to provide a wide range of products and services to its customers. The man was stunned.

The man was stunned, then his eyes panicked a little and he hurriedly looked away, not daring to meet Ji Feng's eyes.

"Humph!"

Ji Feng then gave a soft cold snort and swept another woman, compared to the plainness of the previous one, this one was looking very shrewd, with a pair of eyes constantly turning and an incomparably warm smile on her face, an extremely shrewd person at first glance.

What's more, the clothes that this woman was wearing were mostly designer brands. Although Ji Feng didn't know much about clothes, he could recognize a few brands because Xiao Yuxuan and Tong Lei had mentioned this brand to him, and they were the ones they often wore.

The woman was originally in her early forties, but she looked like a thirty-seventh or eighth year old, so she had some style.

The woman's side, there is also a man, but this man is younger, Ji Feng felt that even if he overestimated him, he was only thirty years old, boy, what the hell is going on here?

One in his early forties, one in his thirties ..... This is in the end a husband and wife relationship, or a mother and son relationship?

He was really a bit confused!

But one thing can be seen, these two are very close!

This is not bad, in addition to the old third Xiao Guoqiang, others are two together, of course, that one can not tell whether it is a husband and wife or mother and son, Ji Feng also gave her counted as a husband and wife relationship, compared to counted mother and son, this can be thirteen or fourteen years old to give birth to a child ..... this is too crazy!

Because of the reason that Ji Feng suddenly came in, everyone had some feeling of not knowing what to say, and the scene was cold for a while. Actually, if you think about it, Ji Feng's dressing and his temperament really looked too heroic and uncommon, and he looked like an absolute big shot.

Two of the men were dressed well enough, but compared to Ji Feng, there was still quite a gap.

Coupled with the fact that everyone knew Ji Feng's identity and remembered how he was treated back then, there was really nothing to say for a while now.

Ji Feng likewise did not say anything, just standing at the door with a sullen face.

Don't you guys want to stay and talk to your mother? Then, I'll stand here and listen to what you guys want to say!

But the more he did so, the more the others could not say anything, and the atmosphere was somewhat awkward.

It was the old woman who broke the peace first, saying, "Boss, you don't know each other, do you? This is Little Feng, he's been gone for more than ten years and now he's grown into an adult, look how handsome he is!"

"Yes, Mother, if you hadn't said it, I really wouldn't have dared to recognise it, huh ....." the oldest immediately spoke up, "Little Feng is really grown up now, and it's much easier for Su Mei. "

"That's right! Look at this little guy look, a good-looking man, Su Mei, has he said kiss?" The woman who was dressed in some fashion asked.

Xiao Su Mei shook her head slightly and said, "He hasn't said hello yet, but he has a date."

"I don't know which family's daughter is so lucky, but you are really lucky now, your son has grown up and you have become rich. The woman said with a smile, speaking at a particularly fast pace, she was a spirited woman.

Xiao Su Mei shook her head slightly and said with a forced smile, "Not really, it's just like that anyway!"

"That's still just like that?"

The woman spoke like a machine gun, beeping non-stop, "Su Mei, you are so fake, you drive such a nice car and follow a few bodyguards, isn't this still called developed? Hey, which city are you in now? What kind of business are you doing?"

Xiao Su Mei smiled and didn't say anything, she didn't want to lie, but she didn't want these people to know her identity, otherwise, there was no telling what they would do.

Next to her, Ji Feng immediately saw her mother's doubts and couldn't help but say, "Mom, we can't delay too long, the car we rented is paid by the day, the sooner we finish the business the sooner we can go back, otherwise, we can't even afford to pay for the rental car alone!"

"What?!"

Everyone was stunned, and the fashionable woman was even more astonished, "You said, your car is rented?!"

Ji Feng ignored her, he couldn't remember this woman, but he knew that with her character, she was definitely among those who had humiliated him in the first place!

Xiao Su Mei could only force a smile, she knew what her son was going to do as soon as she heard it, but at this time there was no way to stop Ji Feng, she could only go along with his words.

"Su Mei, is it true that your car is a rental?" The woman asked after her again.

Ji Feng hummed and said indifferently, "Actually, it can't be considered rented, to tell you the truth, my mother and I opened a grocery shop in Jiangzhou, and we didn't prosper either, and because we borrowed from loan sharks, we were chased by others for debts, and now we are desperate, so we can only come back, these few people are not bodyguards either, but debt collectors, only we are in the way, so we let them pretend to be bodyguards ....."

"We came back this time, just to sell my mother's land, or to pay back the money, by the way, that car is also driven by people who are debt collectors, they are afraid that we will call the police or run away on the train, so they drove themselves here!"

Ji Feng said expressionlessly, "I just don't know, who is planting that land of my mother's now, we plan to sell the land tomorrow, if there is any inconvenience, say so at the earliest!"

There was silence, dead silence!

Everyone stopped talking and just looked at Xiao Su Mei and Ji Feng in a daze, but their minds were alive.

Ji Feng, on the other hand, was laughing coldly in his heart, "I want to see what kind of performance you will have! What's this called? What is this called? Luring a snake out of a hole, or throwing a brick to attract jade?"

Chapter 523

Ji Feng's words, not only the other people's faces changed, even Xiao Su Mei, the corners of her eyes also jumped wildly, this bastard kid is daring to say anything, how will it end later, yo!

How could Xiao Sumei not know the temperament and character of her siblings?

If they knew that she and her son were not 'rich', but were being chased by someone and had to sell their land to pay their debts, I'm afraid their attitude would change in an instant!

The little shadow standing next to Xiao Su Mei was stunned to hear this, this, this ..... little head is really too powerful, how can this nonsense just open your mouth?

The three guards and themselves have also become debt collectors. .... If these words were heard by those who know the identity of the little head, would they immediately laugh and spray?

Xiao Ying couldn't help but quietly look at Ji Feng, she wanted to see, after the little head told a lie, . u just arrived~ However, as soon as her gaze touched Ji Feng, she saw him wink at herself.

Little Shadow felt like covering her mouth, afraid that she would laugh out loud, this little chief was just too bad, he was about to make himself laugh!

The others, on the other hand, had odd faces, especially the oldest one, Xiao Guoliang, who looked even more uncomfortable.

The old lady, however, believed it and hastily took Xiao Su Mei's hand and asked, "Su Mei, is what Xiao Feng said true? You didn't get rich, but came back to raise money? Then why didn't you tell mum earlier?!"

"I ....." Xiao Su Mei opened her mouth, but did not know what to say, she could only turn her head and glare at her son.

"Don't glare at him, Xiao Feng is right to tell the truth, otherwise I still don't know what's going on, Su Mei, don't be anxious, how much money we owe people, we have to pay it all back, don't let people come to our door and force us into debt like this!" The old woman couldn't help but wipe her tears and said, "Su Mei, we have sold all the land in the house, do you think this is enough money?"

"Mother, should we discuss this matter again and choose a better solution?"

The first time I heard my mother say she wanted to sell the land, Xiao Guoliang sat up, he coughed lightly and said, "Mother, this land can't be sold now, the price will definitely go up, if we sell it now, it will be too late to regret later. [Ye\*zi] [Yo\*you]"

The corner of Ji Feng's mouth suddenly pulled up a curve, secretly said: "The fox's tail has finally revealed, this is unable to withstand the excitement ah!"

The old woman said, "Su Mei still has two acres of land, her land, let her handle it herself, none of you should interfere! Boss, I remember that you are the one who planted Su Mei's land, and there is nothing in it now, so it's not a problem if you want to sell it!"

Xiao Guoliang immediately said, "Mother, you don't know my family's situation, the factory is in the doldrums, and my family depends on those few acres of land to live.

"Yes, Su Mei ah, you see this matter can not think of another way?" The woman beside Xiao Guoliang also could not help but say, "Su Mei ah, according to reason, this land is yours, but we have also planted it for so many years, right? Besides, although you are not married, you have a son, so you are considered a married daughter, so reasonably speaking, you shouldn't want this land anymore."

A cold aura flashed from Ji Feng's eyes, and Ji Feng gave a cold snort in his heart. This just as soon as he knew that things weren't as he thought, his face immediately changed and he showed such a face, what a wonderful thing!

The second Xiao Guoqing scratched his head, which said: "Su Mei, your debt, I really can not help, this side of the father's illness also I have to take charge, you say this ..... alas, boss, that land you also planted for so many years, now since Su Mei back, you return it to her!"

"The first thing you need to do is to take care of it. We've been separated for a long time, this is none of your business!" The oldest's face immediately sank, "If you want me to return the land, fine, then I don't care about dad's illness! From now on, I won't care about Mother's affairs either!"

"If you don't care, that's fine too, whoever gives Father and Mother their funeral will get the rest of Father and Mother's land and things!" Xiao Guoqing was furious, "Have you ever given father and mother a bite to eat over the years? Have you ever visited father and mother when they were sick? Now you are still saying such things, how dare you!"

"Lao Er, what are you talking about?" . . dot com

"Shut up!" The old woman was furious and knocked her cane on the ground a few times.

Everyone shut up, but still huffed and puffed.

"Boss, you've taken up Su Mei's land, but you won't give it back to her, that's fine!" The old woman huffed, "So be it, I still have a few acres of land here, half of it for Su Mei and the other half for Lao Er, he's been so busy with your father's affairs, my old woman has seen it all, none of you should say anything, this land is my old woman's, I'll give it to whoever I want!"

The others were just about to speak when Xiao Guoqing gritted his teeth and said, "Su Mei, second brother didn't keep you in the past, now look, you are still suffering, I feel sorry for you, how about this, I will also give you the land that mother gave me, you first pay off the debt, we will talk about other things later, okay?"

"No!" The woman who was dressed in fashion immediately objected, "Mother, you can't be so biased, Su Mei is a daughter just like us, why should you give her land but not us?"

"Su Mei owes a debt, people are chasing her home, can you still stand by and watch her die?!" The old woman asked angrily, "Lao Wu, your family is so rich and you run a processing factory yourself, why do you have to fight with your sister for such a small amount of land, don't you have any conscience?"

"My family's processing factory is not doing well, and this land should have been mine, so why shouldn't I fight for it?" The fashionable woman, Xiao Su Pei, hummed and said in a very quick voice, "Su Mei, I'm not the one to say anything about you, since you had such a backbone back then, you left for more than ten years, so don't come back now!"

"Old Five, do you have any conscience when you say that?" Another plain woman was also angry, she must be the fourth one, Xiao Su'e. She said angrily, "If you hadn't used words to push Su Mei back then, would she have left? It's not enough that she was laughed at, but you, her sisters and brothers, laugh at her too.

She turned her head and said, "Su Mei, I agree with Mother giving you the land!"

"What's the use of your support? I'm telling you, I won't agree!" Xiao Supei, the fifth oldest, grunted.

"I don't agree either, Su'e, that's ill-considered!" The man who had been sitting next to Xiao Su'e also suddenly spoke up, obviously not wanting to just let tens of thousands of dollars slip away from his face either.

Xiao Su'e's face suddenly changed: "Feng Fu She, this is our family talking, what are you interfering with!"

"Can't I speak? Do you believe that with a single word, I can make it impossible for any of you to sell the land? Let me tell you, the big boss who is going to invest here has specially sent someone to take charge of this matter, and that person in charge is my classmate!" Feng Fu set up a cold snort, "I only need to say one word, he won't even buy an acre of land from you!"

"You ....." Xiao Su'e's face turned red with anger, but she couldn't say anything.

Everyone else also did not dare to speak, and it could be seen that they were all somewhat afraid of Feng Fu She.

Xiao Su Mei's face was incomparably gloomy, she fiercely glared at her son, it was all because of this brat, just a simple lie made all the conflicts explode instantly.

Ji Feng, however, shrugged his shoulders and snorted, "Mom, see, just a simple sentence has made the nature of these people's mouths show, look at what they are all like, such relatives ....."

"Shut up!" Xiao Su Mei rebuked.

Ji Feng shrank his head and immediately did not dare to speak again, seeing that his mother was really angry.

"Mother! Don't listen to Xiao Feng's nonsense!"

Xiao Su Mei took a deep breath, sighed lightly and said, "Xiao Feng was just talking nonsense, we don't owe any debts, nor are we being chased ....."

"What?!" The old woman was a little surprised and asked, "Su Mei, are you telling the truth?!"

The others also looked at Xiao Su Mei, and the fifth old man, Xiao Su Pei, was even more 'kind' to console her, "Su Mei, you should not pretend to be fat, people who are asking for debts are following you ....." How about this, you go to Xiao Feng's father You have raised your son so much, he should always give some money, right?"

"That's true, at least my father won't be so snobbish, the money he should give he will definitely give!" Ji Feng said in a salty manner.

"Bullshit!"

Xiao Supei was instantly furious and opened her mouth to scold, "Little wild bastard, where do you have the right to speak here, get out!"

Xiao Su Mei's face instantly changed, after more than ten years, how dare Xiao Su Pei scold her son like this?

In her anger, Xiao Su Mei was afraid of Ji Feng's rage, once this boy became angry, no one could suppress him.

Sure enough, when Xiao Su Mei saw her son's face turn gloomy, she was just about to speak when she heard Ji Feng coldly snort, "Xiao Ying, didn't you hear someone scolding me?"

"Yes!"

Xiao Ying answered and suddenly took a lightning-like step forward and slapped him fiercely.

Slap!

There was a thump!

Xiao Su Mei was surprisingly slapped raw by this slap and fell off her chair, just like that on the ground.

"You, you ....."

Xiao Su Mei was dumbfounded by the blow, she covered her face and looked at Xiao Ying in disbelief, how dare she hit herself?

"Shit! You ....." The young man sitting next to Xiao Supei was furious, he cursed angrily and was about to get up and do something, however when he saw the scene in front of him, cold sweat came down and his body froze in place.

On his forehead, a cold pistol was pointing at him, and Little Shadow's eyes were filled with murderous intent, "If you dare disrespect the madam and the little chief again, I'll shoot you!"

Everyone was stunned, staring blankly at the pistol in Xiao Ying's hand, even Xiao Supei on the ground, didn't dare to scream.

Everyone in the room seemed to understand what was going on, their faces instantly changed!

## Chapter 524

Seeing the gun in Xiao Ying's hand, the people present vaguely understood, they suddenly remembered what Xiao Su Mei had just said, don't listen to Xiao Feng's nonsense ..... he was not just talking nonsense!

Especially Xiao Supei and the young man beside her, want to cry, you say you are clearly a real big shot, even the guards around you are carrying guns, and you are still addressing madam and little head, you actually say you are forced to come back by loan sharks .....

"Xiao Ying, come back!" Xiao Su Mei hurriedly said, glaring at her son, "Little Feng, go out immediately!"

Ji Feng's cold face, his gaze swept over the people present, none of them dared to meet his eyes, especially the few people who had spoken out earlier, were even more apprehensive at this point.

“Hehe .....” Ji Feng laughed mockingly, and soon, this smile turned into a harrumph as he directly pushed open the door and walked out, until the sound of that his open laughter could still be heard in the courtyard.

The faces of the people in the west room were all very ugly, it was not that they had not thought that Xiao Su Mei and her son were the real big shots, only that because the distance between Xiao Su Mei and them was so close, to know that more than ten years ago, Xiao Su Mei was still just an immodest woman who was ridiculed, such a person becoming a big shot was indeed a bit unbelievable to people.

But because Xiao Sumei came here by car and with a bodyguard, the facts were laid out in front of them, these people had to believe it, but there was still some doubt in their hearts.

It was for this reason that when Ji Feng said that they were not big shots, but were being chased by someone for a debt, so they came here to raise money, it dawned on them, no wonder, so it was like that!

In fact, in their hearts, they didn't want to see Xiao Sumei developed, and even more so, they didn't want to see that little wild bastard developed, they should both be the ones to be ridiculed, they hadn't even developed themselves yet, so who were they to develop?

This is how it is often, people can't see people who are not as good as they are, and then they surpass them all of a sudden, this feeling really makes people very resentful and jealous. This was the case with the people of the old Xiao family. They were jealous when they saw that Xiao Sumei had become developed, so they preferred to choose not to believe.

However, when these people saw the pistol in Xiao Ying's hand, they instantly understood that Xiao Su Mei was not not developed, but too developed.

Even some big bosses couldn't have bodyguards with guns, right?

But Xiao Su Mei had one!

Among the people present, the only ones who were really happy for Xiao Su Mei were the old woman, Xiao Guoqing and the oldest four, Xiao Su'e.

As for the elder Xiao Guoliang and his wife, Feng Fu She, and the fifth Xiao Su Pei couple, they were really like a thunderstorm.

Xiao Supei and her husband in particular were frozen to the spot.

Oh my God!

What had they just said?

Xiao Su Pei covered her face and looked at Xiao Su Mei in disbelief. Was this the same little bastard that she had looked down upon?

With one word, that little bastard could actually make his bodyguards turn their guns, and the black muzzle of that gun sent shivers down everyone's spine.

And that young husband of Xiao Su Pei's was even more frightened, his body was a little weak, and his mouth said in a mumbled voice: "This, this ....."

The old woman was also terrified, she hurriedly said, "Su Mei, what are you ..... doing?"

Xiao Su Mei immediately waved her hand, and only then did Xiao Ying put the pistol away, but her gaze was still extremely unkind, no one doubted that if they dared to say half a swear word again, this harmless looking little girl would really shoot to kill!

"Mother, don't be afraid! It's all because that little bastard Little Feng is fooling around, it's alright!" Xiao Su Mei sighed softly in her heart, her son couldn't get that anger out of his heart, sooner or later he would continue to make trouble, but now she couldn't care less, she couldn't let her mother get scared.

The old woman was slightly relieved and took her daughter's hand, asking, "Su Mei, tell me the truth, what exactly did you come back for this time? Did you really owe someone a loan shark?"

Xiao Su Mei immediately said, "Mother, it's all because of that little bastard's nonsense ..... I'm fine now, don't worry about it, we came back this time because we heard that father was sick, so we brought some special medicine. If it doesn't work, we'll send dad to Jiangzhou again!"

"Really?" The old woman was surprised, "Su Mei, are you telling the truth?"

"Mother, of course it's true, don't worry, didn't you hear Xiao Feng say it before, he guarantees that he can cure father!" Xiao Su Mei said, "This matter ah, you should not worry about it!"

"Oh! That's good, that's good!" The old woman couldn't help but let out a long sigh of relief, but soon she sighed again, "I can't blame Xiao Feng for this, he has anger in his heart, no one else would be happy, your father is not a human being, and the boss and the others, they are also not a thing, Su Mei ah, mother knows you are aggrieved ....."

The fact is that the company's business is not only a good one, but also a good one.

In fact, Xiao Su Mei heart hard, but not only the initial aggravation, but also because of the boss those people just said the words, unexpectedly more than ten years have not seen, they actually still such a ghostly appearance, since they saw their own, they actually did not ask a word of their own health is okay, and even more did not ask their own what they are doing!

Not even a simple greeting, such people are still considered brothers and sisters? Not even an ordinary friend!

As my son had said, such a family member could not be wanted!

Xiao Su Mei stood up straight away and said, "Mother, second brother, old fourth, it's getting late, I have to go back, I'll come back tomorrow!"

The old woman still wanted to keep her, but seeing her daughter's face, she couldn't say anything, she could only sigh and nod her head.

The second oldest Xiao Guoqing and the fourth oldest Xiao Su'e also both hurriedly stood up, only now did they realise that this little sister of theirs was really not an ordinary person, with someone with a gun as a bodyguard, how could that be an ordinary person?

Because of this, they couldn't help but be a little restrained.

Xiao Su Mei only greeted Xiao Guoqing and Xiao Su'e, and for the others, she had no more interest in greeting them, so she walked out directly, and the others immediately got up and followed.

However, as soon as several people went out, they saw Ji Feng squatting in the courtyard smoking a cigarette, and in front of him, Xiao Yuan Hui was smiling and talking about something, and they seemed to be very familiar with each other.

Seeing a few people come out, Ji Feng stood up and smiled, "Mom, just now I asked, Xiao Yuan Hui is still in school, he has a younger sister, also in school, the family's expenses should not be small!"

Xiao Su Mei was a bit confused, why was her son talking about this?

Xiao Guoqing, however, could not help but blush slightly, the family's predicament was well known, but being said so in person by Ji Feng still made him look a little ugly.

The others immediately looked at Xiao Guoqing with glee, that little wild bastard Ji Feng was now clearly trying to humiliate Xiao Guoqing, hey, back then Xiao Guoqing even pretended to be a good person and took in Xiao Su Mei's mother and son, now you see it, what a good person!

"Little Feng, what are you trying to say?" Xiao Su Mei glared at her son, this kid must not say any more unpleasant things to make people embarrassed, to be honest, the second brother is still good to himself, Xiao Su Mei but do not want to make the second brother look bad again.

The company's main business is to provide a wide range of products and services to the market. It's not good that he's still doing hard work at such an old age. .... Let's do it this way, I'll find him an easy job in the city, find a job for both of them, and transfer Xiao Yuanhui's sister to a school in the city. Is that okay?"

"Ah?!"

Xiao Guoqing couldn't help but be a little surprised, and even couldn't help but make a sound. His son was in high school in the city, and he usually only saw him once a month or so, so of course he wanted to go to the city to be with his son, but the situation at home didn't allow it.

Now Ji Feng actually took the plunge, which really made him a little overwhelmed.

Xiao Sumei couldn't help but ask, "Little Feng, is this okay?"

"It's fine, with Lei Zi in town, arranging such a little thing is still a handful!" Ji Feng smiled faintly and said, "I'll talk to him when I get back, and if there are no surprises, you should get them ready to move!"

"But, but where will they live?" Xiao Sumei asked.

Ji Feng shook his head helplessly at once, his mother was learning to play dumb with herself. He couldn't help but say, "How about this, I'll help them find a house in the city again, and then we'll even do the work thing together ....."

"Hey, good! Good!" Xiao Su Mei said joyfully, "Second brother, you heard it, since Xiao Feng has spoken, then there must be no problem, after we leave, you should pack up properly and prepare to move!"

“This, this is not good, right?” Xiao Guoqing said somewhat at a loss for words. What seemed so difficult to him was so easy for his sister and nephew, but he still felt very sorry for them.

“If you don’t have any comments, then it’s a deal!” Ji Feng said to Xiao Guoqing.

Bang!

Before Xiao Guoqing could come to a reply, he suddenly heard a thud outside, Ji Feng immediately frowned, and then, a low shout and the sound of smashing things could be heard from outside, banging so loudly.

“Old Xiao family’s people, beat up my old father-in-law, still dare not come out .....” a voice shouted from outside.

Chapter 525

Hearing these words, everyone’s faces changed, and the old woman even said worriedly, “Yes, is it Xiao Dashan’s son-in-law who has come?”

The reason why no one dared to mess with Xiao Dashan in the Xiao Family Village was, on the one hand, because he was an old scoundrel and usually no one wanted to tangle with him; after all, every family needed a normal life and no one wanted to tangle with a scoundrel. ~On the other hand, it is also because Xiao Dashan has a very powerful son-in-law in the city, who is said to be a big boss, and who dares to fight with a big boss in the city?

Xiao Su Mei was also a bit worried, she came to her son and whispered, “Little Feng, will it be alright?”

Ji Feng smiled and waved his hand, saying, “Don’t worry, it’s definitely fine, you still can’t trust the skills of those guards?”

“You brat, you know full well that’s not what I’m asking about!” Xiao Su Mei gasped, “It’s fine now, what about after we’re gone, will Xiao Dashan’s son-in-law send someone to deal with your second uncle?”

Ji Feng smiled, “What does that have to do with me?”

“You said does it matter?!” Xiao Su Mei immediately glared, “Brat, I think you’re looking for a fight!”

“Fine, fine! It has something to do with me, right?” Ji Feng shook his head helplessly and said, “Mom, don’t worry, I’ll take care of the matter today, okay?”

“That’s more like it!” Xiao Su Mei then nodded in satisfaction and said, “Hurry up, don’t let your second uncle worry!”

What a life I have!

Ji Feng couldn’t help but mutter darkly, but he could only walk forward and said aloud, “Bring back the leader!”

“Yes!”

The three guards outside boomed in response, they could naturally hear that it was Ji Feng who had said that. Immediately afterwards, a sound of fighting and violent shouting came from outside, interspersed

with constant screams, listening to the people in the courtyard for a moment, and their gaze towards Ji Feng became one of awe and awe.

This was really a big shot! Not only did he have guards under him, but he didn't even have a big boss like Xiao Dashan's son-in-law in his sights, this was really something!

The sounds of fighting outside the courtyard soon subsided, with only the occasional screams ringing out, causing people's hearts to constantly jump wildly and cold sweat to break out on their backs, those screams, they were just a little too harsh!

But a few moments later, the gate of the courtyard was pushed open and two big men walked in with a man and a woman in their hands. The man was probably in his thirties, while the woman was dressed in a sultry manner, looking as if she was a street girl.

At this moment, both of them were badly beaten, the man's two eyes were almost swollen, and although he was still wearing a suit, he looked in a mess at this moment, and his mouth was constantly grunting in misery.

Bang!

The big man casually threw the man to the ground as if he were a dead dog.

"Little Chief, what should we do with this man?" A big man asked.

Ji Feng pondered for a moment and said, "Ask him what his name is and find out everything!"

"Yes!" The big man answered at once.

"You, you're looking for death, I'm telling you, if you mess with me, you won't be able to stay in Mang Shi County!" The man on the ground was very tough, gritting his teeth and saying, "I tell you, if you don't get me killed today, I will make you regret it, I will make you regret it!"

Ji Feng ignored him and waved his hand directly, saying, "Take him out!"

"Yes!" The two big men answered and immediately carried the man and the woman out, the woman had already been scared to the point of being soft by now and didn't even dare to say a word.

"Xiao, Xiao Feng, this Xiao Dashan's son-in-law, is said to be very powerful in the county, you treat him like this ....." Xiao Guoqing was a little worried, even though Ji Feng also looked like a big shot, but after all, the power of Xiao Dashan's son-in-law had an extremely deep impression in the hearts of the villagers, now seeing that Ji Feng had actually beaten up Xiao Dashan's son-in-law, Xiao Guoqing couldn't help but be a little worried.

Ji Feng gave him a look, his icy eyes easing slightly, "Don't worry, I will completely solve this trouble for you today!"

He took out his phone and dialed Zhang Lei's number. ~

"Crazy, calling me now, something wrong?" When he answered the phone, Zhang Lei asked at once, of course he knew what Ji Feng was doing, calling at this time, did he really encounter some kind of trouble?

Ji Feng deliberated for a moment before saying, "I met a small hooligan here, it is said that he is still a very powerful person in Mang Shi County, but I haven't heard of this person before ....."

He quickly told the story of what happened, of course, he only briefly mentioned the cause of the matter.

Zhang Lei laughed: "That person is also really unlucky, looking for death does not bring so accurate, right? Then what, you report the exact location, I will immediately call the police for you, have someone bring that unlucky kid back, and sentence him as he deserves!"

Ji Feng also couldn't help but laugh, "That's fine, about ten miles north of the city, Xiao Jia Zhuang!"

Hanging up the phone, Ji Feng turned his head and said, "All right, just wait here for a while, Zhang Lei will send someone."

Only then did Xiao Su Mei nodded in satisfaction and said, "That's more or less the same, about how long will it take to arrive?"

Ji Feng thought about it and couldn't help but say, "It shouldn't take much time, we'll take these few people first, we should be able to meet those people that Lei Zi sent on the way!"

The duo spoke briefly there, that relaxed look as if they were talking about an irrelevant matter, and didn't seem to put Xiao Dashan in their eyes at all, but Xiao Dashan and Xiao Guoliang and the others behind them, were looking dumbfounded. That was Xiao Dashan's son-in-law, a big shot who reigned in the city, how could he be carried like this, as if he were a dead dog!

Ji Feng turned around and said, "Mom, let's go!"

This place was really disgusting, and Ji Feng didn't want to stay here for a moment.

Xiao Su Mei also knew what her son had in mind, so she nodded slightly and said, "Let's go!"

The old woman wanted to say something to stay, but she didn't know what to say. The way the boss and the others had behaved just now had definitely broken Su Mei's heart, and what's more, Ji Feng's words were full of thorns, so no one dared to say anything to stay.

Just two steps away, Ji Feng suddenly turned his head, looked at Xiao Guoqing and said, "By the way, your job, I will arrange it tonight when I go back, I guess I will have news tomorrow ....." Also, no need to give the old man an injection anymore!"

Xiao Guoqing was stunned and before he could react, he saw that Ji Feng had already helped Xiao Sumei to walk out together.

Looking at the back of the two leaving, everyone couldn't help but be dumbfounded, when they left back then, it seemed that it was Xiao Su Mei who was holding Ji Feng, at that time, Ji Feng was still just a small dot, the two were wiping tears from their eyes, and there was the old man's constant ranting and raving behind them, it was so ear-piercing.

Moreover, when Xiao Sumei and Ji Feng left together, many villagers were watching and gloating over it.

But today, more than ten years later, the same Xiao Sumei and Ji Feng left the Xiao family estate together, but this time, it was others who had to look up at their backs. Moreover, a simple word from Ji Feng might decide Xiao Guoqing's future fate and make his life change drastically from then on, which was really .....

Xiao Guoliang and the others watched in awe, not really knowing what it was like in their hearts.

"I say Guoliang ah, this little vixen so powerful, that her land ....." Xiao Guoliang's wife just whispered in his ear, then suddenly his angry gaze glared back, "What, what's wrong?"

The actual fact is that you can't be a little bit of a pussy, can't you keep your voice down? If the two of them hear you, how many lives do you think you have?"

Xiao Guoliang's wife was stunned, and then she was also scared, in fact, she was used to calling the little vixen, and this mouth also came out .....

"The first thing you need to do is to ask the family to move to the city.

"Bullshit! We just said something like that, how do you expect me to go?"

"....."

.....

Ji Feng and Xiao Sumei drove the car with Xiao Dashan's son-in-law and daughter and other people, and returned directly to the county. On the way, Ji Feng contacted Zhang Lei again and asked him to contact the police officers sent to hand over all of Xiao Dashan's son-in-law and others halfway.

Only at this time did Ji Feng know that Xiao Dashan's son-in-law, the so-called big boss, turned out to be nothing more than a slightly powerful rogue únú, and nothing worth paying attention to.

In fact, if you think about it, the people of Xiao Jia Zhuang are more closed, and people who are slightly outside ún some heads can pretend to be big money in the countryside and make people envious, but in reality, he himself may not be anything.

Ji Feng drove and deliberated for a moment before saying, "Mom, you can see, the old Xiao family is just like that, not that they will be moved if you treat them well ....."

Xiao Su Mei let out a light sigh, shook her head slightly and said, "Xiao Feng, you know what you mean mum, alas! You'd better hurry up and get your grandfather cured, let's leave here early and just try to come back as little as possible in the future ....."!

Through all the things that happened today, Xiao Su Mei was also broken hearted. She originally thought that she had left for more than ten years, those people at home would more or less feel guilty, but now it seems that she really made a fool of herself .....

The first thing you need to do is to get a good idea of what you're doing.

The previous grace, must be repaid, the previous those hatred, also on ..... this put it down, from now on, there is no longer any relationship between each other .....

Ji Feng faintly shook his head and gradually added, three cars gradually disappeared at the end of the twilight road!

## Chapter 526

In the next few days, Ji Feng would drive to Xiao's house every day, no matter what the weather was like. However, on his face, the crowd could not see half a smile, and only when facing Xiao Guoqing's son, Xiao Yuanhui, would Ji Feng sometimes have a smile, or joke with him twice.

This made Xiao Guoliang and the others envious, this was really envious and jealous, what made this Xiao Lao Er have such good luck? How could he be looked at differently by Ji Feng and Xiao Sumei? It's because he has a sweet-talking son who follows Ji Feng's ass all day long and calls him cousin as if he were his own brother!

Xiao Supei even had a secret sarcasm in her heart more than once, this old little one was somewhat good looking, but so what? She was a woman who had given birth to a child without being married, and her reputation was so bad, so what made her so good?

Look at Xiao Su Mei's appearance, dressed in a flashy dress, even carrying a cup of tea, there was someone to do it for her, completely dressed like an absolute big shot, it really made Xiao Su Pei envious and hated at the same time!

Xiao Su Mei has a small business of her own, usually in the factory, she never has to look at who she is calling on, she can call on anyone she wants, who makes her the boss?

But she also knew that the people she ordered to work for her were all very unhappy with her, and some even called her a sa woman and an old witch behind her back, but so what? But so what? Those people still dared not speak out in anger!

For this reason, Xiao Supei has always been very proud of herself, think about it, what kind of education she has, only a junior high school graduate, can read all the words is good enough, as for higher learning, she does not know. But then, who are the people under her?

College students, high school students!

Almost every one of them was more educated than her, but they still had to do her bidding?

In fact, if it was in the past, Xiao Su Pei would have been very complacent, what college students and high school students, if they were paid a thousand dollars a month, they would have been happy as hell!

But when Xiao Supei saw Xiao Sumei's platitude, she could no longer be happy. The point com

The company's main business is to provide a wide range of products and services to its customers.

Like now, for example, Xiao Su Mei had eaten a fruit and was just looking for something to wipe her mouth, when she saw that little girl handing over a clean white tissue, and the look on her face was still so respectful!

Xiao Su Pei was instantly even more jealous, what was this? A landlady?

She hadn't thought about the fact that she was actually more like a landlady when she was ordering her men around, and the reason Xiao Ying was serving Xiao Su Mei so well was not because of any landlady or otherwise. Rather, it was because when the eldest lady went out, safety was always the first priority, so Xiao Ying had to personally handle all the food, clothing, accommodation and transportation, which was her duty.

At the same time, Xiao Su Mei has never treated Xiao Ying as a servant, but rather as a daughter. Xiao Ying is not a fool, so she can naturally feel it and is more attentive when it comes to Xiao Su Mei.

Xiao Supei, on the other hand, treats her men as if they were slaves, so it's strange that they can treat her with sincerity!

But she herself does not realise this, in fact, even if she did, she would not feel anything wrong, the boss should not treat his staff harshly, what is wrong with that?

However, since she knew that Xiao Su Mei had now reached, Xiao Su Pei did not dare to say anything more than what she had said, and she could only force herself to suppress her jealousy and say something complimentary.

"Su Mei, this assistant of yours is really exquisite and lovely, look at her, her eyes are nimble and she is smart, such an assistant is really hard to find, only Su Mei you can find such a person!" Xiao Su Pei giggled, her words were so fast and numerous that she was like a machine gun.

Xiao Su Mei smiled noncommittally and said, "I have always treated Xiao Ying as my daughter."

"If you want me to tell you, you should just accept Xiaoying as your goddaughter, you can't even find such a smart goddaughter!" Xiao Supei giggled. [Ye\*zi] [Yo\*you]

"Yes, Su Mei, this child Xiao Ying is really good, I think she can!" The young man next to Xiao Su Pei also followed suit.

Xiao Ying instantly swept him a cold glance and said in a cold voice, "Unbridled! My lady's name, is also something you can call?!"

This man was just a little white boy whom Xiao Supei had adopted, and the two of them were not even married, so how dare he call his wife by her name? Does he really consider himself as a brother-in-law?

Xiao Ying remembered what Ji Feng had told her, that no matter who tried to take advantage of his wife, she would not show any mercy.

The young man just choked and laughed sarcastically, but didn't dare to speak nonsense.

Xiao Su Pei then glared at him, and then turned her head and laughed, "Su Mei, although you have reached, we all still don't know, what exactly are you doing now?"

Xiao Guoliang and Xiao Guoqiang, who were sitting next to him, also couldn't help but look at Xiao Su Mei, they were also curious to know what this little sister, who had left home for more than ten years, was doing outside, and how she had reached so much?

Surprisingly, Xiao Guoqiang did not drink today for a rare occasion, and no one dared to smoke, obviously because Xiao Su Mei's aura had worked.

Xiao Su Mei shook her head and laughed: "Actually, I didn't do anything, mainly Xiao Feng and his father are busy, I usually stay at home idly, just playing cards with others occasionally, rarely do anything!"

"Little Feng's father?!"

Xiao Guoqing was stunned, and then said with delight, "What, Su Mei, now you are living with Xiao Feng's father? That's really great!"

"Then ..... Xiao Feng's father must be very powerful, right?" Xiao Su Pei immediately picked up the conversation and asked, "Su Mei, don't blame my sister for talking too much, why did you guys separate in the first place? In fact, to put it mildly, Xiao Feng's father was really something, if he had treated you better at that time, why would you have suffered, sigh!"

Looking at her look of grief, if one didn't know her true nature, one would really think that she was genuinely complaining for Xiao Su Mei.

Xiao Ying's face was suddenly chilled, what was this person talking about? It's fine to talk about the long, but actually to her face!

Xiao Su Mei but shook her head and said, "Not really, just some misunderstanding back then ..... forget it, don't talk about it, Xiao Feng is also coming out soon!"

This is the old Xiao family's west house, still the same as the previous days, Ji Feng would go to the hall house every day to treat the old man, while Xiao Su Mei and Xiao Ying stayed in the west house. Xiao Guoliang and the others naturally didn't dare not to be there, plus they themselves had *sīn*, so they came to keep company every day, no matter what Xiao Sumei said, they didn't leave.

Now Ji Feng has been in the hall for two hours, and based on the treatment he received a few days ago, it's about time to come out at this time.

As soon as Xiao Su Mei's words left her mouth, the door to the west room was pushed open and Ji Feng, wearing an overcoat, walked in.

Xiao Guoliang and the others hurriedly stood up, Ji Feng's aura was just too oppressive, making it impossible for them to just sit there peacefully.

"Mom, let's go!" Ji Feng said directly.

Xiao Su Mei nodded slightly, since she had experienced what happened a few days ago, she would no longer have any hope for the old Xiao family, coming here, she actually just wanted to see her old mother, and also wanted to know about her father's situation first, as for the rest, she no longer cared.

"By the way ....."

Ji Feng suddenly turned his head towards Xiao Guoqing, "I've already asked for your job for you, you originally worked as a mason, right? Now the construction company in the county is still short of a small foreman, if you are willing, you can go to the city with me now, then I will directly help you arrange ..... Of course, this position is not very high, there are only more than 20 workers under you, but because it is working for the public, so it is a dry and flooded income, even if there is no more work in a year, almost 20 to 30 thousand income. Almost also have twenty to thirty thousand income, if there is work, income will double also may be!"

Swish!

Xiao Guoqing's eyes immediately lit up, "Really?"

"I have no need to lie to you!" Ji Feng said, "As for your wife's job, because of her own condition restrictions, so although there are a few positions available, none of them are too high, wait until you get to the city and then you can choose for her!"

"This ..... this ....." Xiao Guoqing jī almost could not speak, not to mention others, even if he usually followed the construction team out, the end of the year down can only land a The first thing you need to do is to get a job. But now, this job that Ji Feng has arranged for him, even if he doesn't do any work, there is so much, this is really .....

Not to mention, the wife's job can also be picked, which in the past was simply too much to think about!

The actual fact is that you'll be able to get a lot more than just a few of these.

"Ai! Hey!" Xiao Guoqing nodded his head repeatedly, "This, this is really thanks to you ....."

"I should, you didn't treat me badly back then!" Ji Feng said, and turned his head again, "Mom, it's time to go!"

Xiao Su Mei nodded slightly and smiled, "Second brother, hurry up and go pack your things ah, remember to bring your ID card and other documents with you, it might be useful!"

"Hey hey!" Xiao Guoqing was too busy to hurry out and look for his ID card, the smile on his face was something that could not be hidden.

As for Xiao Guoliang and the others, their hearts were eating them up, Ji Feng had changed Xiao Guoqing's fate with a single word, this was really .....

"Xiao, Xiao Feng ah, do you have hard connections in the county?" Xiao Supei's eyes turned straight, seeing Ji Feng and Xiao Su Mei which were about to leave, she could only grit her teeth and said, "Help aunt a favor?!"

Ji Feng looked at her for a moment, then grinned: "On what grounds?!"

Chapter 527

"This ....."

Xiao Su Pei was stunned and her face became embarrassed, Ji Feng's question made her really not know how to answer.

In fact, Xiao Supei had always wanted to expand her business to the county, but was suffering from a lack of contacts, so she had not been successful. The only brother who had connections in the city was greedy enough to ask him to do something, but he even wanted to share the benefits equally.

Xiao Supei naturally would not agree, and both of them were the kind of people who were too smart for their own good, so this cooperation never worked out. Now he saw that Ji Feng was so capable that he could arrange for Xiao Guoqing to work in the city at a word, and the salary was not low, and even Xiao Guoqing's wife and his children, could be arranged to work in the city, so he was immediately moved.

But Ji Feng's mocking rhetorical question left Xiao Supe speechless.

On what grounds?

Xiao Supei opened her mouth, but couldn't say anything.

Ji Feng glanced at her and turned around and said, "Mom, let's go!"

Xiao Su Mei opened her mouth hesitantly, but seeing her son's indifferent expression, she knew that even if she opened her mouth, her son would never help Xiao Su Pei, and he might even take advantage of her, which would really be more than worth the loss.

The fact that Xiao Su Pei was a person really chilled Xiao Su Mei's heart, so she stopped talking and walked out with Ji Feng.

Xiao Supei watched as Ji Feng and her son walked out of the door, her face turned blue and white for a while before she said with hatred, "What's the big deal, you're just relying on a man!"

Ji Feng, who had already walked out of the door, suddenly stopped in his tracks and turned back sharply, giving her a cold look.

Xiao Supe suddenly panicked in her heart and subconsciously took a step back, not daring to look at Ji Feng's eyes.

"Ignorant woman!"

Ji Feng coldly snorted, shook his head disdainfully and left with big steps.

Xiao Supe's face became even more ugly, but she didn't know what to say, and just froze there, not saying anything for a long time.

Xiao Guoliang and the others stood in the courtyard, you looked at me and I looked at you, all feeling a bit uncomfortable in their hearts.

At this time, a big man walked in quickly and said, "Mr. Xiao Guoqing, the young chief said that he was waiting for you on the road, please pack up as soon as possible and rush to the county town with the young chief."

Xiao Guoqing, who had just packed his things, was full of joy as he patted his son Xiao Yuanhui on the head and said, "Go to the field and tell your mother that I'm going to the city, you guys just eat first and wait for my good news at home."

"Hey!"

Xiao Yuanhui also knew that his home was definitely going to change, and he immediately ran out with a smile on his face.

The few people next to him didn't have a good feeling in their hearts, Xiao Supe snorted, "Aiya, second brother is really lucky to have such a sweet-mouthed son who will go up the pole to flatter people, look, now he's actually going to be arranged to work in the county, tsk!"

“Yes, who would have thought it, originally he looked like the most honest one, but who knew that he would be so smooth when it comes to flattering people, this is really surprising!” Xiao Guoliang’s wife also said sourly. In fact, she was jealous to death in her heart, she still had several children who were attending high school in the countryside, what’s more, Xiao Guoliang’s factory was not very efficient, he had long wanted to change jobs, but had never had the ability to do so.

The company’s wife is naturally very uncomfortable when she sees that Xiao Guoqing has actually walked in front of her husband.

Xiao Guoqing, however, laughed straight and did not care what others said, and he was not angry.

Xiao Supei, however, said, “This Su Mei is really something, she really loved her for nothing at first, but now she is actually putting up such a show. Mother, do you think Su Mei is our real sister?”

“Bullshit!”

The old woman was furious at these words, and she angrily rebuked, “Old Fifth, how dare you say that? Were you the one who was sarcastic about Su Mei and Xiao Feng at the beginning? Now that Su Mei has a better life, you are not happy? How did I give birth to such bastards like you!”

Xiao Supei was scolded, her face was a bit embarrassed, she grunted and said, “Mother, you really don’t scold me, no matter how powerful Xiao Su Mei is, she is still out in the big city, in the future, it will be us siblings who will give you two old people a final rest, can Xiao Su Mei be at your side all the time?”

“Humph! You don’t have to scare me with your old age!” The old woman’s heart was extremely annoyed, for more than ten years she had been holding a grudge because her youngest daughter had been squeezed out of the house, and now when she saw that Xiao Supei had the courage to say such things, she was furious.

“I’m telling you, Old Five, let’s not even talk about the future of your old age, just say that when your father was sick, apart from Old Two, did any of you come to ask a single question? Has anyone taken a single dime? It’s all Lao Er’s concern, isn’t it? Su Mei heard that your father was sick and came all the way back from the big city outside, she is much better than you guys!”

Xiao Guoqing listened to her and did not persuade her mother, but in fact he was also angry in his heart. No matter whether he was the eldest or the daughter, none of them came to ask a question, not even a phone call!

What’s the use of having such children?

“If he doesn’t support me, I’ll go to an old people’s home with your father. We still have a few acres of land in our hands, and Su Mei has given me her land. The old woman said indignantly, “Boss, you’re the one who planted Su Mei’s land, I’m telling you, Xiao Feng has already said that you have to hand over that land!”

“By what right?! I’ve been farming it for so many years, I’ve fattened up the land, and now I have to hand it over?!” Xiao Guoliang was instantly displeased.

“What do you mean by what?!” The old woman suddenly grunted, “It’s not that I’m biased as a mother, Xiao Feng said that if you don’t hand over the land, that’s fine, he will arrange for someone from the

fertilizer factory to dismiss you, and then let you farm the land at home in peace, you can do it properly!”

“What?!” Xiao Guoliang was instantly shaken and his face was pale, “He, how can he do that?!”

He didn’t doubt Ji Feng’s words in the slightest, since Ji Feng was able to place Xiao Guoqing in a good job, he could definitely find someone to dismiss him, Xiao Guoliang, too…… how did this little beast turn his face up?!

“Why can’t he do that?!”

The old woman said angrily, “If you do the right thing and Xiao Feng becomes prosperous, how could he forget you as his great uncle? But look what you’ve done! Anyway, I have already helped to pass on this word, how to do it, you two can see what you want to do!”

Xiao Guoliang froze, the old lady said this he understood, this is Ji Feng does not want to talk to himself, so let the old lady to pass on the word, how to do, then it really depends on yourself!

What can we do about this ……

Xiao Soumei’s piece of land is worth tens of thousands or hundreds of thousands of dollars, just give it up ……

Xiao Guoliang was in a dilemma, and the resentment in his heart could be imagined. Originally, when he saw that Xiao Sumei’s mother and son had become rich, he was hoping that they could help him out, or like helping Xiao Guoqing’s family, get his children to go to school in the city, or find a better job for his wife in the city as well ……

The actual fact is that you can’t even get a good deal on your own.

However, even if he was angry, Xiao Guoliang could not do anything about it, he could not afford to offend Ji Feng, the current Ji Feng is not the same as before, the little wild child that used to be despised has long disappeared, replaced by a handsome and heroic person who can break Xiao Dashan’s limbs with a word!

No matter how capable Xiao Guoliang was, he wouldn’t dare to go against Ji Feng!

“Mother, mother, this …… you can’t just ignore it, that little wild bastard he is too bullying ……” Xiao Guoliang immediately panicked, but also thought of a solution, that is to beg the old lady for help.

I was not able to stop your father more than ten years ago and let Su Mei leave home in tears, now I am not able to stop you?”

Xiao Guoliang was a bit reluctant, if the old lady gave her word, when the time came, Xiao Su Mei and Ji Feng would have to give some face even if they were more powerful, right?

However, the next sentence added by the old lady sent chills down Xiao Guoliang’s spine: “Guoliang, think about it, if you fight with Su Mei on this land, how will Ji Feng let you go? You use your brain, is Su Mei short of the one or two acres of land? Why would Ji Feng want to fight with you? In fact, he just wants a reason, just to make you fight with him!”

Boom!

Xiao Guoliang was struck by lightning, and his whole body was frozen in place, stiff.

Only after a long time did he say, "Mother, I'll give them the land, just give it to them ....."

The old lady's words made Xiao Guoliang suddenly realize that if he were to argue with Xiao Su Mei and Ji Feng over this land, when the time came, in other aspects, a word from Ji Feng would give him no place to stand, and to fight for it with them, wouldn't that be looking for death?

For what he had done, Xiao Guoliang knew very well that it was impossible for Ji Feng and Xiao Sumei not to hate themselves!

A dense fear instantly swept Xiao Guoliang .....

.....

Ten days passed in the blink of an eye.

Within these not so short ten days, Ji Feng had done only three things in total. The first is that he saved the old man who once angrily cursed himself as a little savage. Of course, every time he treated the old man, Ji Feng would directly knock him out, and his hand would not be too light. For this old man who once loathed himself incomparably, Ji Feng would likewise not have any good feelings towards him!

## Chapter 528

The second thing Ji Feng did was to settle those grudges from more than ten years ago ....., Strictly speaking, it should have been repaying the favor but not the grudge!

He used Zhang Lei's relationship to get Xiao Guoqing's family of four, all of them, to the county, and found them an identical bungalow, although on the outskirts of the city, but in reality Mang Shi County so small, even in the outskirts of the city, just ten minutes away from the county town by bicycle is enough. \*\*Bubble! Book. bar\*

In addition to that, Ji Feng did one more thing.

The result was that Xiao Sumei was very sad, but at the same time, she finally realized that no matter how many years had passed, people's nature would not change.

The people of the old Xiao family are still so ruthless and selfish. When they see that they have developed, they lick their faces and come over, no matter how you scold them or how you beat them, as long as they give benefits, they are relatives. But when they heard that they were not developed, they immediately changed their faces, the kind of face change, really even Sichuan Opera masters can not compare.

Because of this, Xiao Sumei has now finally seen clearly that the relatives of the old Xiao family are not as good as a friend!

She also really died to the old family, even when Ji Feng said he wanted to go back, Xiao Sumei did not say a word against it, obviously, she was really chilled. This, however, was the result that Ji Feng wanted

to see the most, otherwise, if those people from the Xiao family estate, if they knew the status of their mother and themselves now, I'm afraid they would dare to go directly to Master Ji's quadrangle in Yanjing to climb into the relationship!

If that were to happen, it would really be a big joke then!

Of course, in the process of doing these things, his mother Xiao Su Mei also secretly gave Xiao Guoqing a sum of money to help him take care of the two old people when they were unable to take care of themselves.

Ji Feng was looking at the side but snickered, his mother really thought she didn't know? But she doesn't know, what is it that she doesn't know here?

The fact that you have to be able to see this scene, Ji Feng is also very happy, this means that the mother is really put down, even if you come to Mang Shi County again in the future, at most will be to see the two old people, see Xiao Guoqing family, with others, absolutely no longer have any relationship.

The first day in Mang Shi County, Ji Feng and his mother, Xiao Su Mei, went to visit Tong Kai De.

The first thing that I would like to do is to thank him in person, but I had just returned from Jiangzhou, so I was in a hurry on the one hand, and on the other hand, I was not in the mood.

Of course, according to Ji Feng's guess, his mother's visit to Tong Kai De's home this time was not just to thank him, but she thought that she had seen that her son actually had two girlfriends and was thus apologetic to the Tong family, which is why she came to visit Tong Kai De!

However, this guess was only in Ji Feng's mind, but he did not dare to say it, otherwise he would not be scolded!

"Mom, have you talked to Lei Lei's mother on the phone yet?" Ji Feng asked without looking back as he drove his car. Because people in this small county didn't know any traffic rules, people here wouldn't have any concept of obeying traffic rules, the streets were chaotic, and cars couldn't speed up at all, or else something would have to happen.

It was for this reason that Ji Feng slowed down his car, not even daring to turn his head.

Xiao Su Mei nodded slightly and said, "I called, both of Secretary Tong's children are at home."

Ji Feng then secretly laughed, his mother still thought she was asking about Lei Lei?

But actually thinking about it, he hadn't seen Tong Lei for ten days in a row, he really missed it in his heart, but before, because of those mushy things of the old Xiao family, he didn't even have the heart to think about other things, now that everything had been solved, the whole person was also relaxed.

When he came to the family home of the county party committee, Tong Kai De knew that Xiao Su Mei was visiting and was waiting at home on purpose.

"Uncle Tong, auntie, how are you!" Ji Feng greeted politely.

“Good! Good!” Seeing Ji Feng getting more and more handsome, Mrs. Tong couldn’t help but be full of smiles, and she was satisfied with this future son-in-law from the bottom of her heart.

Only, if she knew that the good son-in-law in her eyes had other women apart from Tong Lei, I wonder if she would just take a broom and blow Ji Feng out.

“Crazy, this way!” While Xiao Sumei and Tong Kai De couple were talking, Zhang Lei secretly waved his hand at Ji Feng.

“Brat, no rules at all, you don’t know to come out and greet guests when they come?!” Tong Kai De saw the man who was hiding in the doorway of the room poking his head in, and immediately sank his face to rebuke.

Zhang Lei immediately scowled in fear and came out with a heated smile, “Auntie Xiao, take your time, I’ll go play with Ji Feng in the room!”

He was really helpless, he was already in college, yet he still had to pretend to be a child, this really made Zhang Lei, who had a flamboyant personality, feel very awkward, but with Tong Kai De here, he didn’t dare not to pretend.

Seeing Zhang Lei’s helpless look, Ji Feng suddenly lost his smile dumbly.

“Go on!” Only then did Tong Kai De waved his hand and hummed.

Zhang Lei was instantly pardoned and gave a wink to Ji Feng, immediately turning around and drilling into the room.

Ji Feng also followed with a smile.

“Ji Feng!” Just after arriving at Zhang Lei’s room, Ji Feng saw Tong Lei standing in front of the desk, with a sweet smile on her pretty face, looking very happy.

“So what, you two make yourselves at home, just pretend I don’t exist!” Zhang Lei directly laid down on the bed and laughed.

“Get lost!” Tong Lei was shy and angry, and couldn’t help but glare at him.

Ji Feng smiled and walked over, he didn’t have anything to be polite about.

“Ji Feng, have you finished with everything at home?” Tong Lei asked in a brittle voice.

“Almost done!”

Ji Feng couldn’t help but pinch the bridge of his nose and helplessly said, “This time I came back and finished all the things I should do, so I guess I won’t be going back to Mang Shi in the future ..... By the way, when will Secretary Tong be transferred?”

“Probably after the New Year, I don’t know exactly, I’m not really interested in these things of the old man!” Zhang Lei lay on the bed, both hands pillowed behind his head, and laughed, “Crazy, when do you plan to return to Jiangzhou?”

"I don't know yet, I'm going to make a trip back to Yanjing first, and then go to Jiangzhou after the Chinese New Year!" Ji Feng also lay down on the bed at once, the matter of Xiao Jia Zhuang made him feel a little tired, and was so physically and mentally exhausted that he didn't even want to think about it anymore.

"You're going to Yanjing?" Zhang Lei harrumphed, "That's just right, we are also going to Yanjing, why not go together, there is also a care on the way, and ..... also save some people from getting tied up!"

"Brat, who are you talking about?!" Ji Feng looked at him with unkind eyes.

Tong Lei also glared at her beautiful eyes and hummed, "Brother, do you have to ask me to go out and report to Dad about your situation in Jiangzhou?"

Zhang Lei suddenly lost his temper, he hurriedly raised his hands in surrender: "Fine, fine, I'm wrong, can't I be wrong? Then what, madman, are you willing to come with us or not?"

Ji Feng laughed: "Of course it's no problem, we're going back anyway, it's good to have a lookout on the way ..... We really have to go around half of China this time, from Jiangzhou to Mang Shi, and then from Mang Shi to Yanjing ..... Forget it, let's not talk about these I'll take a nap, I'm really tired these days."

The first thing I want to do is to get up and take a nap.

"Brother, you get up and let Ji Feng sleep for a while!" Tong Lei said in a soft voice.

Zhang Lei immediately couldn't help but mutter, "I'm your brother, okay, don't drive me around like this!"

Tong Lei hummed, "You're sitting on the chair!"

Zhang Lei smiled and stood up, saying, "Forget it, I won't disturb your two of you, I'll go out for a walk, the family must be preparing dishes, so it seems I have to do it."

Seeing Zhang Lei go out, Tong Lei immediately smiled cheekily and flopped onto the bed at once, her two small hands cupped Ji Feng's face and asked softly, "Ji Feng, we're going back to Yanjing together!"

Ji Feng nodded with a smile and said, "Yeah, we should be going back to Yanjing together ..... ee? Lei Lei, you seem to be very excited?"

Tong Lei wrinkled her cute little nose and said in a delicate voice, "I'm happy to go anywhere with you!"

Ji Feng's heart suddenly flooded with warmth, he embraced Tong Lei in his arms and laughed, "Lei Lei, you're not one to lie, honestly, why are you so happy once you heard that I'm going back to Yanjing with you?"

Tong Lei beamed and said, "It's not because there are some people over in Yanjing that I don't like!"

Ji Feng instantly heard a bit of flavor, his sleepiness was gone in a flash, there are some people over in Yanjing that Tong Lei doesn't like ..... who are those people she doesn't like!

"Lei Lei, what the hell is going on?!" Ji Feng asked.

“It’s just a couple of sisters-in-law at home who insist on introducing boyfriends to me, and a couple of gentry who have been coming to me every time I go back these past two years, and I don’t like it!” Tong Lei leaned into Ji Feng’s arms and said softly.

Ji Feng’s eyebrows lifted and said, “Oh? So there is such a thing? Oh .....”

Tong Lei laughed lightly, “But I won’t worry about it this year, if you stay with me, those people won’t come and pester me!”

The corner of Ji Feng’s mouth pulled up a slight arc and said, “Don’t worry, I won’t let anyone pester you again, just kidding, if they dare to come and pester my wife, see if I don’t break their legs!”

“You’re the one who’s bossy!” Tong Lei smiled cheekily and sweetly, she thought that Ji Feng was just talking too, but she wouldn’t have thought that Ji Feng would really do it! And he would do what he said!

## Chapter 529

Tong Kai De also seemed to be prepared for this, and early the next morning, Ji Feng drove his car and waited for the four members of Tong Kai De’s family at the junction of the national highway that crosses Mang Shi.

The three remaining cars were following behind.

It takes about an hour to drive from Mang Shi to Yanjing, and that’s if there are no obstacles on the road, but if there’s snow on the road or other conditions, it could take longer.

So the group had to leave early, and in that case it would probably be 3 or 4pm before they reached Yanjing.

Fortunately, there were no difficulties on the road. Although there was some snow on the national highway, the road was very good because the trucks had rolled it back and forth many times before.

The vehicle’s speed was even happier when it got on the highway, and it was not even noon before it had gone most of the way.

By noon, Ji Feng and the others were not too far from Yanjing, but, because they were not in too much of a hurry, at Mrs. Tong’s suggestion, several people still stopped at a service area in the middle to take a short break.

Taking advantage of this opportunity, Ji Feng dragged Zhang Lei to one side.

The two lit up a cigarette each and slowly smoked it.

“Crazy, you didn’t drag me out just to smoke, did you?” Zhang Lei asked with a smile, “If you have something to say, just say it!”

Ji Feng laughed and asked, “What makes you think so? Seeing that you’re too restrained in front of Uncle Tong, dragging you out for a cigarette, is there anything wrong with that?”

“Don’t give me that!”

Zhang Lei laughed and said, “I know your kid too well, when you have something on your mind, your eyes are deep, it’s really strange, originally I thought only I had such charming eyes, but I didn’t expect you kid to have them too, this is really a big threat to me!”

Ji Feng instantly cursed with a laugh, “When will you kid be more decent?”

Zhang Lei gave a heated smile, “No way, I’m afraid I won’t be able to change in this life ..... Say, what do you want from me?”

After a moment of deliberation, Ji Feng said, “It’s like this, yesterday I heard Lei Lei say that it seems like someone in Yanjing is pestering her? Moreover, it seems that someone in your family also wants to introduce a boyfriend to Lei Lei? Take this opportunity to tell me more about it.”

Zhang Lei was stunned for a moment, then he laughed, “I thought it was something, those at home are all ignorant women with ulterior motives and a few second-worlders, just ignore those people, it’s no big deal. Don’t worry, I’m still next to Lei Lei!”

Ji Feng laughed, “So it’s true then?”

Zhang Lei nodded and said, “That’s right, it’s true. It actually didn’t start today. In fact, when Lei Lei returned to Yanjing in her first year of high school, some people had already started to think about it, and even mentioned it to my dad, but my dad didn’t take a stand at that time, so those people thought there was still a chance, and that’s why they kept thinking about it.

But this time, since you and Lei Lei have confirmed their relationship, those people obviously can’t think about it anymore, but there are still a few annoying second-worlders who don’t know what the sky is like and should still be pestering, I’ll keep an eye on them!”

Ji Feng then nodded and laughed, “If anyone messes around again, better talk to them, Lei Lei is a bit bitter about it!”

Zhang Lei laughed heatedly, “I think it’s you who’s distressed, right? Crazy, finding a pretty girlfriend isn’t that easy to bear!”

Ji Feng was dumbfounded, then he remembered something and couldn’t help but ask: “By the way, you and that Shen Jingyi, how are you two developing?”

Ever since the conflict between the Martial Arts Association and the Taekwondo Association, Ji Feng had never heard Zhang Lei mention the matter between him and Shen Jingyi.

As soon as this matter was mentioned, Zhang Lei laughed bitterly, “She and I, ah, it’s still early days.”

“How so?!” Ji Feng asked in surprise.

“That girl is just a bit of a headache for me, she always speaks in a soft voice, as if she’s afraid of scaring anyone, I don’t even dare to raise my voice when I’m talking with her!” Zhang Lei laughed bitterly, “But on the contrary, that girl’s character is not as soft as she appears, she is very assertive, and she is actually quite good at fighting! It’s been so long since then, but I’ve only held hands! Don’t you think that’s a failure?”

“You’ve even held hands? How can this still be called a failure?” Ji Feng asked in amazement. Hearing Zhang Lei say that, Ji Feng felt funny, with Zhang Lei’s nature, he also really needed to find someone to grind his nature properly, and now it seems that he really found the right person!

“Holy shit!”

Zhang Lei bristled and looked at Ji Feng with a look of contempt, “Isn’t this still called failure? Compared to you, I’ve failed too badly! How long did it take for you and Xiao Yuxuan to live together from the time they met in Jiangzhou? I’m afraid it’s only a month or two?”

Black lines sprang up on Ji Feng’s forehead, and he laughed bitterly, “We’ve known each other for a long time, okay? That’s an emotional foundation, can you compare to us?”

Zhang Lei disdainfully said, “Then how can we not compare? It’s not all about holding hands and kissing, and then finally rolling into bed, what other steps can there be?”

Ji Feng decided decisively not to say half a word to this guy in this regard, he hummed, turned around and left with big steps.

Zhang Lei, still unsure, called after him, “Hey, what was said was good, why did he suddenly leave?”

.....

Coming to Yanjing once again, Ji Feng’s mood was very different from the first time he came here.

After parting from Tong Kai De and the others, Ji Feng drove straight to his grandfather’s quadrangle. After the last treatment, the old man’s health condition was obviously much better than the other old people. Now the weather was cold, but the old man was able to take a walk and was actually in very good spirits.

“Little monkey, come over and accompany me, the old man, for a walk!” Simply when Ji Feng arrived, Elder Ji was not surprised in the slightest, he just waved at Ji Feng, his voice still calm and mid-spirited.

At his side, Tiejun was still following closely, protecting the old man at all times.

Ji Feng smiled faintly and walked over with big steps, “Grandpa, now you’re in good spirits!”

Elder Ji said, “Little monkey, you’ve come back from Mang Shi, right?”

For Elder Ji’s well-informed, Ji Feng had already seen it, he even wondered if he would feel uncomfortable if one day no one knew his whereabouts anymore.

“It’s hard for a clear official to break up family matters!”

Elder Ji waved his hand and spoke slowly, “But everyone has a scale in their hearts, and as for who the fixer of this scale is and who the scales are, everyone’s standards are different!”

Although Elder Ji was talking about irrelevant things, Ji Feng was listening extremely carefully, he believed that Elder Ji would not say something unrelated for no reason, he must have other intentions.

“Perhaps at the beginning, whether it’s a fixing star or a scale, it’s all very vague in your heart and you don’t know how to position yourself, in fact, every time you position yourself, it’s a growth for you!” Elder Ji said, smiling at Tiejun next to him, laughing, “Children, they always need to be honed!”

Tie Jun could only nod slightly, but could not show anything, even though the old man valued him and the people of the Ji family respected him, he knew what his proper position was and would not overstep by half a step. What’s more, no one knows that Elder Ji’s words do not have other meanings, he is afraid that he misunderstood, naturally, less said less wrong.

Ji Feng, however, understood that the matter of Mang Shi County, his own handling of the old man was very satisfactory, otherwise, he would have taken the words to knock himself, rather than the current preaching.

“Grandpa, I remember your teachings, in fact I am slowly learning!” Ji Feng said with a smile.

But Master Ji said, “This is not a teaching, but a feeling, what happened back then, it was me who wronged your mother, but it was not me who caused the most damage to your mother ..... this is not me shirking my responsibility, after a lifetime of fighting, I never shirk my responsibility!”

Ji Feng then nodded with a smile and said, “I understand what you mean!”

“Okay, let’s not talk about this matter!” Master Ji waved his hand with a smile and added: “Little monkey, you are really capable of tossing and turning, how long has it been since you left Yanjing? Things are coming one after another.”

“Hmm?!” Ji Feng was a bit confused, he really hadn’t tossed and turned.

“Little Chief, the old chief is talking about you going to Yuncheng!” Tiejun, who hadn’t spoken, suddenly said something.

Ji Feng was stunned, and then he smiled awkwardly, but didn’t know what to say. After all, it was grandfather who had intervened in this matter with Aunt Li Yueqin in the first place, but now he was taking the liberty of making decisions in the middle, which was tantamount to refuting the old man’s face, and it was no wonder that grandfather didn’t say anything and let Tiejun say it instead.

“That what, is that .....” Ji Feng coughed dryly a few times, but did not know how to explain, of course the old man would know his intentions, but knowing is one thing, saying it is another. The reason is that if you say it directly, it is just like hitting the old man in the face.

The old man was not the nasty old man from the old Xiao family, he had never treated himself badly, so how could Ji Feng say it!

“What, you dare to do it and don’t dare to behave?” Elder Ji asked indifferently.

Ji Feng was secretly screaming in his heart, the old man was settling scores after the autumn, how should he respond?

“This matter, are you going to give me a reasonable explanation?” Elder Ji hummed, “You really have a lot of guts, not only did you make a scene in Yuncheng, but you also used so many connections, how far do you think, this matter is from being a full city?!”

## Chapter 530

Hearing the old man ask, Ji Feng couldn't help but shake his head with a bitter smile and said, "Grandpa, I actually think that I did the right thing"

"Then you mean to say that I did wrong?" The old man asked indifferently.

Ji Feng coughed dryly and said, "Grandpa wasn't wrong either, in fact it's just because of the different times and perspectives, so there's a difference in vision ..... but I'm sure that grandpa won't blame me, right?"

"Oh? Why are you so sure?" Master Ji hummed and asked, "You did something wrong, I don't blame you, do I have to praise you to be right?"

Ji Feng laughed heatedly, "Grandpa, you shouldn't scare me either!"

Only at this time did Ji Feng suddenly realise that Grandpa was scaring himself!

In fact, from the time his father had called himself earlier and barely considered himself a compliment, Ji Feng already knew that this matter he had done was still very satisfying to his elders.

The reason why grandfather brought this matter up today was probably because it was involved with the Xiao family estate, in fact, in his heart, grandfather was probably already very guilty, only that the old man was too deep and his joy and anger never showed his face, so he could not see it from the surface.

If you find Aunt Li Yueqin and sister Li Yantong, grandpa should be happy! This was Ji Feng's guess.

As for concerns like refuting grandpa's face, Ji Feng suddenly didn't have any at all now. Just kidding, with grandpa's belly and city spirit, if he were to find himself after settling scores after just refuting his face, then he would really have no belly at all, and this would definitely not be something that the old man could do.

"Ho ho ho ho ....."

As expected, after Ji Feng had just finished saying these words, Elder Ji laughed, he seemed to be laughing very cheerfully and was obviously not angry. [Ye\*zi][Yo\*you

Only then did Ji Feng let out a sigh of relief and laughed bitterly, "Grandpa, which one are you singing again?"

The old man laughed: "Little monkey, although grandpa is old, he is not yet confused, I can still tell what things are right and what things are wrong! I mention this matter to tell you that if you dare to do something, you have to dare to do it! You are not shirking your responsibilities, that's good! However, that is not the most important thing."

Ji Feng secretly said in his heart: this was really the case, the old man was using this matter to educate himself. However, if you dare to do something, you have to be bold, and this is not the most important thing, then what is the most important thing?!

"Little monkey, in one's life, the hardest thing is to face one's mistakes head on!" The old man seemed to have a strong interest in talking, and he tapped the walking stick in his hand on the ground a few times and said, "Ordinary people or dignitaries, facing their mistakes, they always want to shirk and cover them up, but they don't know that the more they do so, the more mistakes they make!"

Ji Feng nodded at once and said, "Grandpa, I understand, although it's impossible to say what happened back then, but wrong is wrong, no matter what happened before or what happens now, you have to dare to admit it!"

"Not bad!"

Master Ji nodded, "I was wrong in the past, yet, I don't regret it, yet, it can't cover up my mistakes! Things in this world are sometimes so contradictory ..... Little Monkey, remember one word from Grandpa, if every mistake you make, you can face it openly, without hiding it, without shirking your responsibilities, without making excuses, then, in this life, you will never make a fatal mistake!

Because, if you make a fatal mistake, there is no chance to face it! And there is no way to be honest about it! Whenever you feel less than open and squirm in your heart, this proves that you are making a mistake!"

Ji Feng listened attentively and nodded slowly, but in his heart he sighed in admiration, ginger is still hot as ever!

Grandpa's words sounded bland, and a lot of them sounded like nonsense, even if they were put in the mouth of an ordinary old man, many people might not be interested in hearing them all. Just to ~

But one has to admit that these words are indeed words of experience, and, moreover, they are deeply thoughtful!

If a person can be open in his heart, he is unlikely to make any big mistakes, because once his heart is no longer open, this is proof that he is making mistakes and he will correct himself in time.

"As a superior person, or rather, as a person who can influence others, making sure that you don't make mistakes and make fewer mistakes is not a form of self-cultivation, but a duty!" The crutch in the old man's hand lifted up and nodded at Ji Feng, "Little monkey, you must remember that if a person is unable to fulfil such a duty, then he is not a qualified superior, and such a person will cause great harm to others!"

Ji Feng nodded slightly and said, "Grandpa, I understand your words, I will try to be open-minded."

"Well, it's good that you understand!" Master Ji nodded and said, "Frank, but it is not the same as being frank ..... Forget it, let's talk about it later, little monkey, you have less time by my side, and I, having fought in wars all my life, this to old age, can teach you, but not much, everything still depends on you!"

Ji Feng nodded and laughed: "Although what grandpa taught me is not much, but every word is the words of experience that have been precipitated by life, I have written them down!"

The words that the old master said, when you think about it, are worthy of repeated taste and pondering, frankness is not the same as frankness .....

"Well, it's good to remember, all right, go back!" The old man waved his hand and said with a smile. For this grandson, he was still extremely satisfied.

The only thing that the old master was worried about was that Ji Feng had all the skills and it was inevitable that he would breed some arrogance, and once a person is proud, it is not far from making mistakes by example.

Therefore, the old man is only now saying that he has taught him sagely.

Perhaps there are some words that Ji Feng may not be able to understand at the moment or perceive the old master's intention, but as Ji Feng grows older, the old master believes that Ji Feng will understand sooner or later!

In fact, from this, one could see how much Elder Ji loved this grandson and the good intentions of the old man.

Looking at his grandfather's back, Ji Feng couldn't help but feel a little strange, why was grandfather suddenly talking about this today? Was he using the matter of Auntie Li Yueqin to teach himself, or was he using the opportunity to teach himself to explain the matter of Auntie Li Yueqin? Or maybe it was something from back then?

Ji Feng couldn't help but shake his head slightly, it wasn't that he couldn't understand what grandpa said, but he didn't grasp the point of the words, what was the purpose of grandpa giving himself a special lesson at this time?

Naturally he did not know, Master Ji was seeing that he was now somewhat arrogant, which was why he had taught him a few words.

In fact, when Qiao Gakai had brought the two elders of the Xuan yin Sect to Jiangzhou, he had immediately been given a blow to the head by Ji Feng, beating them senseless and making the Qiao family fly!

Although this time, Elder Ji also gave his nod and there was nothing wrong with Ji Feng doing so, what worried the Elder was the process of Ji Feng's actions.

Reckless! Bravado! Although the result was good, it couldn't cover up the flaws in the process!

This was the old man's view; when Ji Feng was acting, he actually didn't want any information, and apart from the fact that Ji Shaolei had told him the address of a room, he never asked for any more help.

This was overconfidence in his own abilities, if those two elders of the Xuan yīn Sect were stronger than Ji Feng, then the result would definitely not be what it was now.

However, Ji Feng himself did not realise it.

After learning of Ji Feng's sudden encounter with the dynasty's people, Elder Ji was immediately on alert, so he had to keep Ji Feng at his most alert.

"Ding ....." a mobile phone ringing suddenly rang, making Ji Feng immediately come back to his senses, he took out the phone and saw that it was actually Ji Xiaoyu calling.

Ji Feng immediately picked up the phone, "Hello, Xiaoyu ....."

"Third brother, I heard from dad that you've come to Yanjing?" Ji Xiaoyu's soft voice came over.

Ji Feng immediately smiled, "You are well-informed, yes, I am here in Yanjing, and I am now here in grandpa's quadrangle!"

"Really? That's great!" Ji Xiaoyu was overjoyed, "Third brother, I, I have something I want to ask you for help, third brother, you have to help me, okay?"

Ji Feng was stunned, "Xiao Yu, are you in trouble?"

He asked this because he heard that Xiao Yu's voice seemed apprehensive and seemed a bit off, which was not her usual style of speaking.

Ji Xiaoyu said hesitantly, "Third Brother, promise me first, then I'll tell you what's going on!"

Ji Feng instantly smiled, "Okay, I'll promise you first, tell me, what do you need my help with! Xiao Yu, you didn't make a mistake, did you?"

"Not really, it's just that, it's just that I'm in a bit of trouble, Third Brother, will you come over and save me?" Xiao Yu said cautiously.

Ji Feng instantly frowned: "Save you? Where are you?"

"I'm, I'm at the Royal Club!" Ji Xiaoyu said in a low voice.

Ji Feng immediately said, "Good then, keep in touch with me, I'll go there now!"

He walked two steps faster and said loudly to a guard, "This brother, do you know where the Royal Clubhouse is? Please take me there!"

"Yes! Little Chief!" The guard said immediately.

"Get in!" Ji Feng directly opened the car door and said, "You drive, and use the fastest speed to get to the Royal Club!"

The guard immediately got into the car, moved it skillfully and sped away.

Ji Feng's face was somewhat yīn, although Xiao Yu was not much afraid on the phone, he was worried, Xiao Yu's xìng character was just too soft, and once she got nervous, she might forget to say her identity again, if she was hurt by anything .....
