

Campus Master 541-542

Chapter 541

“Little baby, do you miss me and plan to go out for a room together?!”

With a bad smile on the corner of Ji Feng’s mouth, he quickly typed out this message on his mobile phone and then sent it out, secretly saying in his heart, “When Lei Lei sees this message, I wonder how she will react!”

In fact, Ji Feng knew very well that with Tong Lei’s character, even if she thought about herself, she would never completely let go and say anything, this was determined by her character. If it was Xiao Yuxuan, it would be different. If this woman, who is as passionate and flirtatious as fire, saw this message from herself, she would definitely reply in a more revealing manner than herself.

However, Tong Lei is not Xiao Yuxuan, they are obviously two completely different styles, so Tong Lei will not say such words at all.

Ji Feng sent this message just to tease Tong Lei, whose pretty face was blushing and her eyes were dazzling, which was so cute that even thinking about it made Ji Feng smile.

As expected, within a few moments, the phone immediately let out a vibrating sound and the message came back.

Ji Feng immediately clicked on the message and was stunned: “It’s not that I’m planning to go to a room with you, but someone wants to ask me out to a room!”

“Shit!”

Ji Feng was immediately on fire, who was this who knew nothing about life and death? How dare he ask his wife to go to a room, this is simply a kind of red-faced provocation!

What’s more, the fact that the always beautiful Tong Lei was able to say such words as open room was enough to show how annoyed she was in her heart, and even vaguely some anger might be possible, although I don’t know who this anger was actually directed at, but just provoking Tong Lei’s anger was hateful enough!

The smile on Ji Feng’s face disappeared, and he stopped sending messages, instead he directly dialed Tong Lei’s phone number, “Lei Lei, where are you?”

As soon as the phone was connected, Ji Feng immediately asked. But listening to the background sound coming from the phone, it seemed slightly noisy, the sound of other people talking, music, and the sound of vehicles honking were mixed together, making it impossible for Ji Feng to tell where Tong Lei actually was for a while.

Tong Lei’s crisp voice came over, “I’m at the Yanjing Hotel, today a cousin’s wife at home had to drag me to go shopping, and as a result, at the end of the night she dragged me here

“And then what?!” Ji Feng asked.

Although the Yanjing Hotel was very upscale, and the characters who went in and out of here were all rich and famous, there was nothing strange about Tong Lei and her cousin's sister-in-law eating in there, it would be strange if they ran to a roadside stall to eat!

Tong Lei said somewhat helplessly, "Then she just told me that it just so happened that there were a few other friends who were also playing around, so she simply asked them to come over for dinner together She wanted to be a bride and match a guy, you get the picture, right?"

"Understood!"

Ji Feng nodded slightly and asked again, "Does Zhang Lei know about this?"

"Don't know, I just arrived at the Yanjing Hotel, I rushed to tell you" Tong Lei said in a delicate voice: "Ji Feng, can you help me think of a way to get out of here, I, I don't even know what to say here!"

Ji Feng suddenly smiled: "Lei Lei, you can totally push the door and leave, anyway, they should know your character and won't say anything, right?"

Tong Lei was that kind of cool nature, even if she was warm, it was only to a limited number of people, I believe that even to some of the people in the Tong family, she definitely had a somewhat cold and arrogant look, I believe that everyone had already gotten used to it long ago. It was not a problem at all for her to leave immediately now.

Tong Lei, however, said with some difficulty, "You'll just mess around with ideas, this cousin's wife I don't like, but that cousin usually treats me and my brother quite well, I, if I leave directly, it's always a bit bad!"

Ji Feng was stunned, and then he was dumbfounded and laughed.

If it was put in the past, she would not care what you other people thought, as long as she thought it was wrong, or thought you had ulterior motives, she would definitely not let you get close, let alone be more enthusiastic about you. The fact is that she has learned to think about other people's faces.

But then, Ji Feng's heart was moved, he suddenly realized that Tong Lei was so embarrassed, it seems that it was not because she could not wipe her face. The first message sent by Tong Lei, Ji Feng immediately understood Tong Lei's intention!

She wanted to let herself go over there too, but she was too thin-skinned to ask directly, so she asked herself to give her an idea of what to do with this girl!

The first thing you need to do is to get a good idea of what to do. Lei Lei, you wait for me there, I'll probably about half an hour or so, I'll definitely get there!"

From home to Yanjing Hotel, as long as the traffic is not too bad, it's only about half an hour's journey, if you encounter a big traffic jam then you can only admit your own bad luck!

"Well, I will wait for you!" Tong Lei immediately said, with a hint of joy in her voice.

After hanging up the phone, Ji Feng couldn't help but feel a little guilty, Lei Lei must have wanted to bring herself to show her face in front of those people, the same as silently announcing that she already had a boyfriend and was no worse than anyone else!

But he himself was somewhat neglecting her feelings

Ji Feng immediately walked out of the room, casually picked up the coat thrown on the sofa and said, "Dad, mum, I'm going out, I'm not eating dinner at home!"

"Little Feng, it's already dark, where are you going?" Xiao Su Mei was a bit dissatisfied, "You mustn't follow the example of those second-worlders and go to a nightclub or have a nightlife!"

But Ji Zhenhua smiled and waved his hand, saying, "Su Mei, the child is older, don't always bring him up as a child!"

Ji Feng immediately smiled and gave a thumbs up to his father, how else could it be said that knowing a son is like a father, this old man did it, absolutely nothing to say!

"You're the one with more sense!" Xiao Su Mei but a glare, "No matter how big he is, he is a child in front of me!"

"Yes, yes, yes!" Ji Zhenhua and Ji Feng nodded at the same time, outside Ji Zhenhua was a big leader, but back home, mother Xiao Su Mei was the one who was in charge, neither of them dared to go against her wishes.

But Ji Feng said, "Mom, I really have to go out today, someone is hitting on your future daughter-in-law!"

"Lei Lei?!" Xiao Su Mei was immediately stunned, "What's wrong with Lei Lei?"

Ji Feng said while putting on his coat, "She has some cousin's sister-in-law who wants to introduce her to a boyfriend, she called me just now"

He quickly told the story, casually picked up the car keys on the coffee table again and was about to head out.

"Come back!" Xiao Su Mei, however, called out to him, admonishing, "Xiao Feng, it's fine for you to go, but no trouble, and even more so, no playing your Ji family young master, or else you won't be back in the future, you hear me!"

"Pah!"

Ji Feng snapped his fingers and said with a smile, "Mom, don't worry, as long as people don't bully me, I definitely won't take the initiative to provoke them!"

Watching Ji Feng run out, Xiao Sumei couldn't help but hum, "This brat, he's getting wilder and wilder now!"

Ji Zhenhua shook his head slightly and laughed lightly, "Su Mei, I think it's not that Little Feng is getting wilder and wilder, but that he's gradually growing up and no longer pestering you as much as he used to, so you've gradually lost it in your heart, right?"

"You're the only one who knows!" Xiao Su Mei glared at him.

Ji Zhenhua laughed and said, “Su Mei, we as parents will have to go through this one day. We don’t want our children to go out on their own, but we hope that they will grow up if they don’t see the storm, they will never grow up!”

Xiao Su Mei was a bit aggrieved, she hummed, “Although life was hard in the past, Xiao Feng would come home from school every day and follow me to sell vegetables or to pick up rubbish. No matter what, at that time, I could always see him every day and watch him grow up day by day. But now, sometimes I can’t see him for a few months, and the school can hardly take a month off, but it turns out he’s even busier than you are sometimes thinking that he might as well not grow up!”

Ji Zhenhua laughed, he took Xiao Su Mei’s hand, patted it and said, “Su Mei, this kind of mentality, in fact, is what every parent goes through, you have to relax, if you feel bored in Yanjing, go live in Jiangzhou for a while, anyway, Xiao Feng has a house there

This is how parents are, always looking forward to their children growing up, but once the child really grows up, there will inevitably be some loss in their hearts, and they start to look forward to their children coming home to see them more often, this kind of complex mentality, but it just shows the love of parents for their children!

Xiao Su Mei shook her head and said, “Forget it, I’ll only disturb him if I go, I’d rather stay in Yanjing, I want to see if this brat has a conscience and remembers me as a mother!”

The first thing you need to do is to leave your parents when you grow up.

.....

“Yanjing Hotel, Yanjing Hotel” Ji Feng kept tapping on the touch screen navigator, while taking out his mobile phone and calling the Yanjing traffic radio station, asking for a few feasible road conditions.

Afterwards, Ji Feng slammed on the accelerator, and the BMW X6 roared away, disappearing into the vast night.

Because of the explanation before leaving home, Ji Feng did not put the car at a fast speed, but just maintained a constant speed and headed straight for the Yanjing Hotel.

In the Yanjing Hotel, in the luxury box on the first floor, four or five people were sitting around the table.

Tong Lei’s face was calm, sitting playfully in her seat, and beside her was a woman of about thirty years old. This woman was a little thin, her cheekbones were a little high, and her eyes were a little shrewd, so she was a shrewd woman.

And opposite to Tong Lei sat a young man and a young woman, both in their early twenties. The female was a little older, looking about 24 or 25 years old, with very pretty features.

The male was in his early twenties and was also very handsome and looked talented.

“Tong Lei, I heard that you are attending Jiangzhou United University?!” After a moment of deliberation, the young man asked with a smile.

Chapter 542

As if she hadn't heard the other party's question, Tong Lei just lifted her cup of tea and took a gentle sip.

The slim woman sitting next to Tong Lei immediately laughed, "Yes, our Lei Lei has very good grades, and her grades at university are also quite excellent, Shi Lin, I seem to remember that you also go to university in Jiangzhou, right?"

"Yes, but the school I went to was also a bit worse than Miss Tong Lei, it's just Jiangzhou Jiaotong University!" The young man named Shi Lin laughed, "Miss Tong Lei, I wonder what your major is?"

Tong Lei still didn't say anything, the slim woman next to her immediately touched her secretly, and only then did Tong Lei say, "Foreign language!"

"Foreign language? That's good, people who learn foreign languages usually think and react faster than the average person, Miss Tong Lei is so smart, it's just right for her to learn a foreign language!" The young man named Shi Lin laughed.

"Aiya! I think you should just call him by his first name" the thin woman sitting next to Tong Lei giggled, "Lei Lei, I've already introduced him to you, Zhou Shilin, just call him Shi Lin. You're both young people, you'll definitely have a lot to talk about together!"

Tong Lei nodded noncommittally, only raising her hand to look at her watch.

Zhou Shilin immediately noticed this action and asked with a smile, "Is Lei Lei in a hurry?"

Tong Lei's eyebrows knitted slightly, obviously unhappy with this address, she said directly, "It's to wait for someone, my boyfriend is coming over later."

Swish!

The moment she said this, the three people present instantly changed their faces slightly, especially the slim woman beside Tong Lei, who was a little embarrassed.

The pretty woman beside Zhou Shilin looked at the slim woman and asked, "Ruyan, Lei Lei turned out to already have a boyfriend? Then this is for you."

Ruyan laughed somewhat awkwardly, "Lei Lei was joking, Fei Fei, you know the situation of our family, most of the wedding matters are decided by the elders of our parents. Then again, even if you have a boyfriend, one more choice, there are still some references, right?!"

"That's right!"

Before the girl named Fei Fei could say anything, Zhou Shilin nodded with a smile and said, "A girl as outstanding as Lei Lei should have more choices! Lei Lei, I don't mind if you have a boyfriend, and I won't force you to accept me, all I want is a chance. Because I believe that if you are given time, you will eventually make the right choice!"

"Good!"

Ru Yan immediately exclaimed, "Aiya, there are really not many men like Shi Lin who are as generous as you are nowadays, that deadbeat in my family is far worse than you, whoever can marry you ah, that's really lucky!"

Tong Lei frowned, was this cousin sister-in-law Ruyan too smart? To actually belittle her husband so much outside, didn't she know that if a woman was mentioned outside, others would say, that's whoever's wife, putting her husband down as worthless, her face was glorious?

"Could it be that this Zhou Shilin comes from a very big place, or that Cousin Ru Yan's wife has something to ask of Zhou Shilin, so this is why she has gone out of her way to belittle her husband?" Tong Lei glanced at Zhou Shilin on the opposite side again without a trace, but met Zhou Shilin's smiling gaze.

Tong Lei immediately averted her gaze and secretly hated in her heart, why wasn't Ji Feng coming yet, she was uncomfortable sitting here.

"Buzz~~!" Her phone suddenly vibrated, and Tong Lei was instantly delighted, she hurriedly took out her phone, but it was a message from Ji Feng: "What box number?"

Tong Lei immediately replied joyfully, "Second floor, Zhiyuan Hall!"

This change in her expression fell into the eyes of the other three without a hitch, and Ruyan couldn't help but feel a hint of annoyance in her heart, this girl is really something, I was kind enough to introduce her to a boyfriend, but she actually broke my stage! What's more, she had even brought her so-called boyfriend with her.

The opposite Fei Fei's eyes flashed with displeasure as she snorted, "When has anyone from the Zhou family ever been so shameless? You simply don't know how high the sky is!"

One of the parties involved, Zhou Shilin, however, had a cold light flashing in his eyes, although it was only a flash, it revealed his true inner thoughts.

"Excuse me, my boyfriend is here, I have to excuse myself for a moment!" Tong Lei stood up and was about to go out.

"Lei Lei, look Fei Fei and Shi Lin's siblings are waiting here, how can you just leave, you can just tell your boyfriend our box number, he can definitely find it!" The first thing you need to do is to tell your boyfriend that you are willing to give him time.

Tong Lei's beauty tightened and she gave her a look.

Ruyan's heart immediately jumped and she hurriedly released her grip on Tong Lei's arm. Don't look at Tong Lei who didn't come back to the capital often, but her status in the Tong family was far beyond that of Ruyan's daughter-in-law who was from the side line.

Without looking back, Tong Lei opened the compartment door and walked out.

Ruyan's face was green and white for a while, looking embarrassed, she forced a smile and said, "That what, Fei Fei, Shi Lin, don't mind ah, Lei Lei is just this temper"

"I had only heard before that the young princess of the Tong family had a big temper, but I never thought that when I saw her today, I realized that her name was not true!" Fei Fei said with a wry smile.

Ru Yan was instantly embarrassed, smiled sarcastically, and became even more annoyed with Tong Lei in her heart.

"It doesn't matter, I believe that in a short time, Lei Lei will definitely know who is the most suitable person for her." Zhou Shilin, however, appeared to be very confident.

Ru Yan was smiling at the side, "That's, that's."

"Knock, knock, knock!" Not long after, there was a knock on the compartment door, followed by the door being pushed open and Tong Lei and a tall, overcoat-clad young man walking in.

"This is my boyfriend, Ji Feng!" Tong Lei said to the three Ruyan, she then turned her head and said, "Ji Feng, let me introduce to you, this is my cousin's wife, Zhao Ruyan, and these two are Zhou Fei Fei and Zhou Shilin, they are brother and sister!"

Ji Feng nodded and smiled, "Hello guys, first time meeting, please take care!"

"Humph!" Zhao Ruyan, however, was a bit unhappy, her face sank and she glanced at Ji Feng, not greeting him at all.

Zhou Fei Fei, on the other hand, was curiously sizing up Ji Feng, a thoughtful look appearing in her large pair of beautiful eyes.

Zhou Shilin was the only one with an unchanged expression and a smile on his handsome face as he stood up and shook hands with Ji Feng: "Ji Feng is it? It's good to see you, just now Lei Lei was talking about you, I can see that she loves you very much, this really makes me both envious and jealous!"

Ji Feng smiled faintly and said, "It's also an honour for me to be able to come together with Lei Lei!"

If we look at the manners and looks alone, this Zhou Shilin could indeed be described as a talented man, with a tall figure, his head was on par with Ji Feng's, but with a sturdy body, he did not look tough, but had a kind of elegance and also an aura, if he was on the TV silver screen, this was definitely a man who could make girls scream.

However, for some reason, in Fei Fei Zhou's opinion, his brother Zhou Shilin always seemed to lack something compared to Ji Feng, so it made him always look a head shorter than Ji Feng.

That is a very strange feeling, as if Ji Feng is used to seeing the changes of the sea and the sea, facing anything can do not be surprised a kind of atmosphere, calm, rather than deliberately pretend out of maturity and poise, this is a kind of from the heart of the great general of the wind!

Zhou Fei Fei couldn't help but have different colors flashing in her beautiful eyes, and for the first time in her heart, she had doubts about her brother Zhou Shilin's probability of winning.

"Perhaps, this Ji Feng is really a formidable enemy too!" Zhou Fei Fei secretly said.

Several people resumed their seats, and Tong Lei sat beside Ji Feng, a faint smile appeared on her originally slightly unhappy pretty face, although it was not very obvious, her face looked much better than before.

Zhao Ruyan was unhappy in her heart, and as soon as she settled down, she asked with a light cough, asking, "Ji Feng, right? I wonder where you are high up?"

Ji Feng's eyebrows were slightly raised twice, this woman had prejudice against herself?

The same words, said in a different tone, had a completely different meaning. Ji Feng could certainly hear that this Zhao Ruyan was definitely not asking this as a courtesy, but as sarcasm.

"He's still in school, in the same school as me!" Tong Lei opened her mouth and said.

Zhao Ruyan's heart was even more unhappy, before people Zhou Shilin asked you a question, you were not even willing to answer it, and you wanted me to answer it for you. But now, you actually want to answer for Ji Feng, what is this?

"So you're still a student, where is your hometown then?" Zhao Ruyan asked with a giggle.

"Mang Shi County, a small countryside place, you probably haven't heard of it!" Ji Feng replied with a faint smile.

"No wonder"

Zhao Ruyan immediately understood, no wonder this guy from a small place was able to get together with Tong Lei, it turned out that he met him in Mang Shi. The matter of Tong Lei's father, Tong Kai De, being a high county official in Mang Shi County was known to everyone, and it was also known that Tong Kai De was going to be transferred back after the New Year, so it was not difficult to understand for Ji Feng and Tong Lei to know each other.

"So, how come you've come to Yanjing? What does the family do?!" Zhao Ruyan asked again.

Ji Feng lost his smile and said, "What, checking the account?"

Everyone was stunned, and Zhao Ruyan's face even changed as she hummed, "You man! Since you want to court our Lei Lei, as her cousin's sister-in-law, don't I even have the right to ask about your family?"

Ji Feng shook his head and laughed: "Revise your question, I'm not courting Lei Lei, but the two of us are in a relationship. Besides, you introduced a boyfriend to Lei Lei and did so knowing that she already had one before I don't have a good feeling about you, so I don't want to answer your question, is that clear enough?!"

Chapter 543

"You, you" Zhao Ruyan looked at Ji Feng with a stunned expression, unable to believe her ears!

What did this kid just say? He didn't have a good feeling about himself?! Even if it was true, how did he dare to say it in front of other people? Didn't he want to maintain his image and face?

Besides, if he didn't have a soft spot for himself, did he have a soft spot for him?

If it wasn't for this bastard, he wouldn't have had to be so embarrassed, he would have introduced Tong Lei to the Zhou family's youngest son, and then his family would have benefited as well, where would he be now, caught in the middle and embarrassed?

"You're simply rude!" Zhao Ruyan snorted coldly, her face flushed red with anger.

Ji Feng smiled faintly and said, "Consider it so."

He turned his head and looked at Zhou Shilin, smiling, "Mr. Zhou, I'm very sorry, I have no problem with you chasing your girlfriend, but, Lei Lei is my girlfriend, I hope you can continue to maintain your manners in the future and not pester her Of course, I believe that with your cultivation and manners, you will definitely not do so, right?"

Zhou Shilin looked at him in surprise and laughed, "You're very arrogant!"

Ji Feng laughed: "No way, I'm from a small place and can't speak, so I may have caused you a misunderstanding In fact, I'm a little arrogant, if we have the chance to deal with each other in the future, I believe you will definitely understand me That's it, goodbye!"

"Don't rush off first, ah, since you're here, have dinner before you leave!" Zhou Shilin smiled, only the strange glint in his eyes showed that his heart was not as calm as it seemed on the surface.

Ji Feng looked at Zhao Ruyan and Zhou Fei Fei and smiled, "It's better to forget it, it looks like I'm not really welcome here, let's go!"

"Wait a minute!" Zhou Fei Fei, who hadn't said anything, suddenly spoke up, smiling coquettishly at Yan Yan, her red lips lightly opened, "Mr. Ji, right? I wonder what your relationship is with the Ji family in Yanjing?"

Ji Feng laughed, "Five hundred years ago, we were a family!"

After saying that, he took Tong Lei's small hand and walked out. As Tong Lei couldn't wipe her face, this villain would naturally be him. As Tong Lei's boyfriend, he was fully obliged to chase away those flies around for Tong Lei, while announcing his presence to everyone.

At the same time, Ji Feng also wanted to use Zhao Ruyan's mouth to let those people who wanted to introduce boyfriends to Tong Lei know that Tong Lei had a boyfriend, and, moreover, a boyfriend that was not to be messed with.

As for his real identity, there was no need to explain it to those people yet.

If those people were really doing it for Tong Lei's own good, they would respect Tong Lei's choice even if they didn't explain their identity in detail. If they just wanted to use Tong Lei, then, no matter how they explained it, they wouldn't be genuinely good to Tong Lei.

Looking at the back of Tong Lei and Ji Feng leaving at this, Zhao Ruyan's face turned blue with anger as she coldly snorted, "Bastard!"

Zhou Shilin's face was also a little gloomy, he rubbed his chin and sneered, "In Jiangzhou United University is it humph!"

“I’m telling you Shi Lin, don’t mess around, whether it’s in Yanjing or in Jiangzhou, don’t play your so-called Five Young Boys of Jiangsu and Zhejiang, this Ji Feng, is not as simple as he appears to be!” Zhou Fei Fei said in a cold voice, “It’s not that I underestimate you, if you go up against this Ji Feng, I’m afraid you won’t even be able to walk away in one face.”

Both Zhou Shilin and Zhao Ruyan’s faces changed, this evaluation given by Zhou Fei Fei, that was really too high, that arrogant guy Ji Feng, was he really that powerful?

“Big sister, this evaluation of yours is a bit too much, isn’t it? How powerful is a country boy who doesn’t even know how to restrain himself?” Zhou Shilin said unconvincingly, “It would be fine if I said it was just in Yanjing, but you’re telling me not to even move in Jiangzhou, that’s a bit unreasonable, isn’t it? Although our family’s power is mainly concentrated in Jiangsu and Zhejiang, it’s not bad in Jiangzhou either!”

Zhou Fei Fei’s face instantly sank, “You’re not convinced? Let me tell you, if you don’t listen to me and suffer a big loss in the future, don’t blame me for not having warned you, this Ji Feng, you are definitely not his match, if you can be friends, don’t ever be enemies!”

Zhou Shilin immediately said, “No, no, big sister, since you said it, I will definitely remember it. You know me, I definitely won’t mess around!”

In his heart, he was extremely unconvinced, originally if Zhou Fei Fei didn’t say it, he wouldn’t have been too annoyed, however, Zhou Fei Fei’s well unconcealed words made Zhou Shilin’s heart burn with anger, I would be inferior to that country boy Ji Feng?

Not to mention anything else, even if it was just for Tong Lei, Zhou Shilin would not just give up. The first time he saw Tong Lei, Zhou Shilin felt as if his heart had been viciously clenched.

It was the first time he had ever seen someone more beautiful than his sister, and a very different style of beauty at that!

“I must have her!” Zhou Shilin said to himself in his mind, gritting his teeth.

Because of this, Zhou Shilin would definitely not give up, and what’s more, if he were to be put off by just a few words, how would he be able to live up to his name as one of the five young men of Jiangsu and Zhejiang, that would be a disgrace to the entire gentry of Jiangsu and Zhejiang!

He could not afford to lose face!

Seeing his brother Zhou Shilin’s changing face, Zhou Fei Fei knew that he would not be willing to do so, and her eyebrows knitted slightly, but she wanted to say something but stopped.

She knew that Zhou Shilin had been pampered since he was a child, looking polite and gentle, but in reality, he was just a straw man who knew how to hang out with some playboys all day long and called himself the Five Young Boys of Jiangsu and Zhejiang, which was simply laughable.

However, both his parents and grandfather spoiled him too much, and other people’s persuasion was useless. However, with the family’s power to protect him all these years and Zhou Shilin having never suffered any losses, he always thought that the earth was revolving around him!

Although on the surface Zhou Shilin looked graceful, Zhou Fei Fei knew that Zhou Shilin was imitating his father, hoping to learn his father's depth and poise, but he was drawing a tiger but not a dog, and essentially did not have that kind of connotation, so no amount of imitation would help.

"Shi Lin, listen to me, this Ji Feng, is definitely not as simple as you think." Zhou Fei Fei shook her head helplessly and said, "In your opinion, is he very arrogant? Very obnoxious?"

"If he's not arrogant enough, then I really don't know who else is arrogant!" Zhou Shilin grunted, "What kind of person does he think he is? Coming here with a big grin and actually treating himself like a master?!"

Fei Fei Zhou said, "Then, did you notice what kind of godly attitude he had when he was talking?"

"Godly attitude?"

Zhou Shilin and Zhao Ruyan were stunned at the same time, both of them looked at each other and said at the same time, "Arrogance, what other kind of demeanor can there be?"

"That's right, it's arrogant, but it's different from other people's arrogance, he is arrogant, but he doesn't stammer, and he doesn't speak in a loud voice, but he has a strong middle voice What does this mean? Other people say justified, but he is justified without the need to be angry!" Zhou Fei Fei shook her head slightly and said, "He seems to have extremely strong self confidence, he doesn't put us in his eyes at all, even if he knows our identity and background, I believe he will likewise not put us in his eyes! What is this? It's the bottom line!"

"He's arrogant, speaks without care and doesn't pay attention to his image Why doesn't he pay attention to his image? That's because to him, image doesn't affect anything, he doesn't need to pay attention to it at all!"

The more Zhou Fei Fei analyzed, the more alarmed she became, she couldn't help but shake her head slightly and said, "Shi Lin, think about it, even when father is out on occasions, he also needs to pay attention to his image as well, which means that image has an impact on father But this Ji Feng is not afraid of all this, what does this mean? "

"It shows that he is a scoundrel!" Zhou Shilin said with disdain.

"That's right, a scoundrel doesn't need to pay attention to his image, but apart from a scoundrel, there is another kind of person who doesn't need to pay attention to these out-of-body matters, and that is someone who has absolute power!" Fei Fei Zhou said.

"Big sister, you're not trying to say that this Ji Feng is a person with absolute power, are you? That's too far-fetched!" Zhou Shilin bristled and said, "A little scoundrel is just that, even if he has a bit of strength, can he still be more powerful than our Jiangzhe Zhou family? It's really"

"Since you don't believe it, then fine, you just need to promise me that you will never do anything excessive, and the rest, you will naturally understand after you suffer a loss!" Zhou Fei Fei said. She firmly believed that this Ji Feng was definitely a person with energy, so she had to instruct Zhou Shilin not to cause any trouble that couldn't be cleaned up, otherwise, when the time came, the whole Zhou family would be in big trouble.

“Fine, I promise you!” Zhou Shilin waved his hand indifferently and hummed, “This table of dishes, no one else is eating, let’s eat!”

Looking at the way he was viciously eating the dishes, as if he had a grudge against them.

Zhou Fei Fei just couldn’t help but sigh lightly, this might cause some big trouble in the future!

She secretly said in her heart, “This Ji Feng, it is possible to make contact

.....

“Ji Feng, this is delicious!” In the dark night, under the illumination of the street light, Tong Lei, who was wearing a pink feather coat, was like a happy elf, and that crisp laughter carried a long way.

This is a very famous snack street in Yanjing, not very far from the Yanjing Hotel, Ji Feng followed behind Tong Lei, looking at her happy appearance, he could not help but shake his head and lose his smile.

Tong Lei was holding a few skewers of spicy hotpot in her hand and candyfloss in her other hand, looking adorable.

Ji Feng smiled and said, “Lei Lei, it’s getting late, let me take you back.”

Tong Lei shook her head vigorously, “I’m not going back.”

Ji Feng was stunned, “Not going back? Then let’s go to a room?”

“Dying, so loud!” Tong Lei was shy, “I’m telling you, if you get caught by the police, I’ll counter sue you for molestation

“Yeah, no problem, I’ll see who dares to arrest us

“Rascal

Chapter 544

A night of soft and lingering love, Ji Feng enjoyed all the tenderness.

This night was full of a different kind of flavor for Tong Lei, which made Ji Feng look at her sideways and at the same time, she was also soothed and enjoyed the night!

I don’t know if it was because this was in Yanjing, a rare world of two people, Tong Lei was more open than before, which made Ji Feng realize that although Xiao Yuxuan and Tong Lei had no more opinions about each other’s existence, however, the two of them also hoped that they could accompany them more.

This has nothing to do with competing for favour or credit, it’s just a human nature.

Ji Feng then understood that getting along with Tong Lei and Xiao Yuxuan was not enough to just be nice to them. You also need to have enough patience and also be more attentive

The next morning, when Ji Feng sent Tong Lei back, Tong Lei was as happy as if she was a genie, which made Ji Feng feel more or less guilty in his heart.

When Ji Feng sent Tong Lei to the door of his home, he found that Zhang Lei was waiting at the door.

Seeing Ji Feng and the two of them stop their car at the door, Ji Feng immediately greeted them and smiled, "Crazy, I heard that you were very powerful yesterday!"

Ji Feng shook his head noncommittally and said, "There are many things I'm majestic about, and I don't know exactly which one you're talking about!"

"Shit! Still playing sloppy with me!"

Zhang Lei couldn't help but skim his mouth and he laughed, "Crazy, you're a wild one, first you messed up the Royal Club and made some people anxious, then you stirred up the banquet hosted by Zhao Ruyan, and finally you even abducted my sister and stayed out all night, have you eaten your heart and leopard's guts?"

Ji Feng spread his hands and said innocently, "It's not my fault, the Royal Club messed with my sister, Zhao Ruyan's banquet messed with my wife, as for taking your sister out for the night, I don't need to explain this to you, right? We are boyfriend and girlfriend!"

Zhang Lei froze for a long time before he gave a thumbs up and hummed, "You're a bully!"

Ji Feng immediately laughed, patted his shoulder and said, "Lei Zi, my family will be busy soon, I may not have much time at this time, you have to help me protect Lei Lei and not let anyone harass her again, if anything goes wrong, I can find you to settle the score!"

Zhang Lei immediately said with dissatisfaction, "I say crazy, you are a bit of a scoundrel, you have no time, I have even less time I am not justifying, since I came to Yanjing, my old man has taken me around, visiting friends and relatives, visiting some elders, it seems that he intends to expose me to some things in the family now, so I don't have enough time."

"And there's no asking you to protect Lei Lei twenty-four hours a day, it's just that if someone tries to introduce a boyfriend to her again, you just step in and stop it!" Ji Feng laughed. He could understand Zhang Lei's plight, after all, if he wanted to take over the family, he had to at least meet some people first, and subsequently, he could gradually make a voice of his own!

"Alright then, I'll do my best!" Zhang Lei nodded his head.

Ji Feng deliberated for a moment before asking, "Lei Zi, that Zhou Shilin sibling from last night, who exactly are they? According to reason, Zhao Ruyan is a member of your family, there should be no need to help outsiders that much, but she is bending over backwards to the two Zhou Shilin siblings"

Zhang Lei hummed and said, "It's not for her mother's family!"

"Oh?!" Ji Feng was suddenly a little surprised and asked with a smile, "How so?"

Zhang Lei said, "This Zhao Ruyan's mother's family, is from the Jiangsu and Zhejiang area, she can't get any strong support in our family, so she can only turn her eyes to other families."

"So, the Zhou family is very powerful?" Ji Feng asked, frowning.

“The Zhou family is indeed quite good, the Zhou family runs a large textile group that is very influential in the area of Jiangsu and Zhejiang, and is known as the Zhou family!” Zhang Lei said, “The Zhou family is also very close to the top brass in Jiangsu and Zhejiang, and very close to many people in Yanjing, so it’s considered a local powerful family!”

“So it’s still a powerful family ah” Ji Feng shook his head and smiled.

Zhang Lei disdainfully hummed: “What magnificent family, just involved with some people, still want to chase my sister, simply do not know what their last name is!”

Ji Feng smiled faintly, since the Zhou family could be called the Zhou family, just from the name alone, one could tell that the Zhou family’s energy was definitely not small. Of course, this was only relative to the business world. Compared to a family like the Tong family, it was obviously not enough, which could be seen from Zhang Lei’s demeanor.

“Crazy, actually you don’t need to worry at all, no matter how others are introduced, as long as my old man doesn’t give his nod, no one can make the decision, even my old man has to consult my dad!” Zhang Lei heatedly smiled, “My father is very satisfied with you!”

Ji Feng was suddenly dumbfounded, this kid

Zhang Lei seemed to remember something else and suddenly said, “By the way, madman, that CD you gave me, the moves in it are too difficult, right? Up to now, I haven’t even fully mastered the first move, and I’m tortured to death every day”

Ji Feng immediately lost his smile, “How long has it been, a month, right? You can learn the first move in such a short time, which is already very good, at this rate of calculation, it will take you less than a year to learn all the moves, by then you will know what the benefits of practicing this set of moves, are.”

Speaking of this, Zhang Lei couldn’t help but nod his head and said, “That’s not bad, it’s only been a month, I can already feel a big change in my body, after exercising every night, I only sleep for three or four hours, but I wake up the next day in great spirits, it’s really amazing!”

Ji Feng nodded with a smile and said, “If you can stick to this set of movements, practicing any kung fu will be twice as good as half the effort” line, not much more to say, if you encounter any problems, call me directly.”

Watching Ji Feng drive gradually away, Zhang Lei put his hands in his pockets, shook the snow on his body and asked with a smile, “Lei Lei, Zhao Ruyan was furious, she came back yesterday and told her mother!”

Tong Lei instantly wrinkled her cute little nose and asked, “What did mum say then?”

“What else could she say, of course she just said something indifferent back, saying that my Lei Lei’s marriage matter naturally has the old man to ask about it, so no one else needs to worry about it!” Zhang Lei heatedly smiled, “You are not seeing Zhao Ruyan’s face, hey, mum also finally strong once, the effect is very good ah!”

Tong Lei instantly smiled sweetly.

.....

The next two days, Ji Feng did not go anywhere, just at home with his parents, grandfather's place he also did not go, the old man is after all old, most of the time in recuperation, Ji Feng also do not bother him.

In these two days, it was considered a busy time.

She didn't go anywhere, she just played cards with her third aunt and two other strange ladies at home, knowing that her son was in his room, even though she couldn't see him, but she was already very relieved.

Ji Feng was unaware that his desire to take two days off to spend time with his parents had inadvertently ended up satisfying his mother's heart of love for her son, making her no longer feel lost and her heart a lot fuller.

During these two days, Ji Feng was making good use of his time to receive training from his intelligent brain. I don't know what happened, but since he had come across the tip of the dynasty's iceberg, Ji Feng had developed a great sense of crisis, and his training had become even more frantic.

Up to now, Ji Feng had completely mastered every single movement in the second set of moves, however, there was still a long way to go if he wanted to link all the moves together and do them all in one go.

This is because this is not only a test of Ji Feng's willpower, but also a huge test of the strength of his biological current.

Don't ever think that because the training is carried out with your consciousness in your head, you don't need to exert physical strength. In fact, once Ji Feng's consciousness had entered his mind, his body was connected to the training system of the intelligent brain through bio-currents.

Every action that Ji Feng performed in the training system was the same as in reality, and the exertion on his body was naturally the same.

This is also the reason why Ji Feng's body would also change simultaneously after he was trained in the training system.

Even if his physical strength and stamina were already perverted compared to normal people, he could only be deterred by the even more perverted second set of moves.

In addition, if he cannot keep up with the physical strength, the bio-current can compensate. According to the intelligent brain, even in the Gamma system, no one can perform all the movements in one go with their physical strength alone, they must use bio-current to assist.

This places strict requirements on the amount of bio-current stored in the body.

Unfortunately, the amount of bio-current stored in Ji Feng's body was, again, not enough!

Therefore, since two days ago, before Ji Feng started practicing the second set of movements, he would meticulously practice the first set of movements again from the beginning to accumulate some more bio-current before starting the second set of movements.

After these two days of exercise, he could already do the fourth movement in a row, which was not a small progress.

Compared to the progress of bodybuilding for busy, Ji Feng's learning of communication and network technology was as fast as ever. So far, the basic part had been learned almost, and the next thing to learn was practice, and this, too, was what Ji Feng was most looking forward to.

On the third day, this calm and regular life of Ji Feng was broken because the second uncle's family came to Yanjing, and it was about to be New Year's Eve. As a national leader, the second uncle, Ji Zhenguo, had to attend many activities, while the elder brother, Ji Shaodong, naturally had to follow to visit some elders.

Of course, Ji Feng's figure was not missing in this.

For these, although Ji Feng did not like it, but also very helpless, in the bureau, must be in accordance with the rules, otherwise, it will be ostracized by the outside world!

Chapter 545

All through New Year's Eve, Ji Feng and the three brothers, Ji Shaodong, followed behind their third uncle, Ji Zhenping, and went around to visit some elders. These were not just the elders of the Ji family faction, but, more often than not, the elders of other factions.

Although we usually have our own positions on each other, and perhaps different objectives and philosophies. However, at this time of the year, superficial things still had to be taken care of.

Moreover, even if the factions are different, it is only in the broad sense that they have different positions, and perhaps there are good personal friendships between people of very different factions. Just because the ideas are different doesn't mean you can't be friends!

These things, too, were all things that Ji Feng had worked out on his own in the past two days as he followed Third Uncle around to visit those elders. This kind of words, which no one would ever tell him, were actually known to everyone, but they were unspoken to each other.

It is also because by visiting the elders of other factions that Ji Feng can see that some factions are perhaps in a semi-cooperative posture with each other, while some factions may really be completely hostile to each other.

Of course, during this visit, only third uncle Ji Zhenping took the three brothers with him. Although Ji Zhenhua and Ji Zhenguo would also visit the elders and patriarchs of other factions, but this matter of bringing the younger generation to show their faces was certainly not convenient for them to do in their capacity, so only Ji Zhenping did it!

When New Year's Eve finally came, the three brothers finally had time to sit down and catch their breath. The three of them nestled in the old man's courtyard, looking at the endless stream of people who came to visit, the three of them couldn't help but have a bit of a headache.

"This year has been really devastating!" Ji Shaolei listened to the chaotic sounds of talking coming from the courtyard and could not help but shake his head slightly, saying with a helpless expression, "I say, don't you two ever get tired of it?"

Ji Shaodong laughed, "You, you just can't sit still, if the old man finds out, he'll say something about you again!"

Ji Feng was lying next to him on the sofa, holding a newspaper in his hand, and was flipping it over and over.

"San'er, what are you reading? This newspaper is all gibberish, you're reading all over it!" Ji Shaolei snatched the newspaper out of Ji Feng's hand and casually threw it on the coffee table, "You believe in this kind of newspaper sold by roadside vendors?"

Ji Feng instantly laughed, "This newspaper, is the one I bought casually on the roadside But the writing is really good, fascinating!"

This is a military newspaper, is the kind of roadside selling a dollar a copy of the tabloid, Ji Feng just read is a story about what a new fighter jet San has come out again, supposedly able to reach the level of the first few generations and so on, said what in Asia can be dominant Ji Feng was reading with great interest.

Ji Shaodong laughed: "The tabloid well, is the pursuit of attracting attention is enough, as for whether the content of this newspaper is true and credible, that is not in their consideration."

"Then why don't you people's parent officials take care of it?" Ji Shaolei asked with a heated smile.

"Those people just have to make a living too, many big tigers have not been knocked out, so why bother with them?!" Ji Shaodong smiled faintly, picked up the tea cup on the coffee table and took a sip, said, "Just pursuing superficial glitz and glamour, that's just cosmetic work, not much meaning, to be able to cut out the internal tumor, that's the most urgent task!"

"That's a bit forbidden for you to say!" Ji Shaolei said with a heated laugh.

Ji Shaodong waved his hand and said, "There's nothing forbidden about it, if you don't even dare to face up to your own problems, then you're really hopeless too"

In fact, Ji Shaodong also just see just the three brothers together, so talk this just a little more casual, outside he naturally will not easily say this, it is easy for others to catch the handle.

"I say, don't you guys feel bored here? How about going out for a drink?" Ji Shaolei was an impatient person, having held it in here for nearly a morning, he had already become a bit impatient by now.

Ji Feng laughed, "Second brother, the old man has told us to wait here, if any elders come, we have to go out and meet them."

"Nothing, nothing, it's the same every year, I've been bored with it for a long time!" Ji Shaolei bristled, threw his slippers aside, put on the military shoes he got from his third uncle Ji Zhenping and laughed, "Boss, San'er, don't say I don't take care of you guys, I'm going out for a drink now, are you guys going?"

Ji Feng immediately looked at each other with Ji Shaodong, both of them shook their heads at the same time and said, "No!"

Ji Shaolei sat down helplessly, "I say you two are too boring, what's so great about being here? We still have to eat together in the evening, and people from the side department are coming, so everyone's

mood is even worse, so if you don't take advantage of it to go have a couple of drinks and get high, it's a question of whether you can sleep tonight!"

Ji Feng laughed, "Second brother, it's not impossible to let us go out, but there's a problem that still needs to be solved If the elders blame us, who do you think will fight it?"

"What?!"

Ji Shaolei suddenly widened his eyes and looked at Ji Feng and Ji Shaodong with extreme dissatisfaction, indignantly said, "I said what's wrong with you two guys, I thought you liked it here, dare you think of letting me take the blame? Not with this, right?!"

Ji Shaodong laughed: "We're still like this, give a quick word, OK or not!"

"Yes! How can I not!" Ji Shaolei gritted his teeth and said, "It's better to be criticized by father or uncle than to meet those people over there, let's do it!"

Ji Feng and Ji Shaodong looked at each other and smiled badly at the same time, "Let's go!"

The three of them quickly put on their shoes, tidied up their clothes and quietly slipped outside.

"You three, what are you doing!" Suddenly, a voice came out, causing all three of them to be startled at the same time.

However, when the three saw the owner of that voice, they immediately let out a sigh of relief at the same time, the one who spoke was no other than the old man's personal medical staff – Aunt Hong!

"Three brats, trying to sneak out again?" Aunt Hong glared at the three Ji Feng without good grace and said, "I can tell you, don't make the old chief angry again, otherwise, I won't spare you, remember?!"

"Yes, yes, yes!" Ji Shaolei and Aunt Hong had the best relationship, he smiled heatedly and said, "Aunt Hong, just don't worry, the old head will definitely not be angry, maybe we are going out now, all in his old man's expectation那啥, we are just going out to go to the toilet, go to go to go, go to come"

Saying that, he made a wink to Ji Feng and Ji Shaodong without a trace, and the three of them quickly slipped away.

Looking at the backs of these three, Aunt Hong couldn't help but shake her head and laugh: "These three boys old head has three virtuous sons and three excellent grandsons, it's enough to be pleased!"

.....

Accompanying two big men out was perhaps the most regrettable decision in Ji Shaolei's life. Not only had he overestimated Ji Feng and Ji Shaodong's interest in having fun, but he had also underestimated the spending power of Yanjing's citizens!

From the moment they left the courtyard and entered the bustling downtown area, Ji Shaolei and his trio began to search aimlessly. It turned out that the bars, restaurants and the like on this street were actually all full, either they had been chartered in advance for some kind of New Year's Eve dinner venue, or, they were being used

As for those clubs and high-end leisure venues, Ji Feng three people and do not want to go, casually out drinking, the figure is the atmosphere, if casual relaxation time also think to pay attention to this attention that, also too meaningless.

Therefore, Ji Shaolei three people can only drive, aimlessly along the street to look for empty seats are restaurants.

“I realized that it was a big mistake to go out with you two!”

While driving, Ji Shaolei while making two puffs of smoke, humming: “If it is out with two beautiful women, even if you can not find a restaurant to eat, but also can embrace the right and left to shop, or go to a room to a double flight, that life tsk!”

Ji Shaodong suddenly cried and laughed, but Ji Feng hummed: “I said second brother, do you want me to pass this on to Xiang Yurou?!”

“.....” Ji Shaolei immediately stopped talking, and only after a long time did he grit his teeth and said, “You kid better not have any handles in my hands, or else, see how I’ll clean you up!”

Ji Feng immediately laughed out loud, “Second brother, then you just wait and see when I will have a handle ee? There seems to be a big stall up ahead, let’s go down and sit together?”

“Big stall?!” Ji Shaolei nodded, “That’s the only way to go, boss, what do you think?”

“I don’t have any requests, whatever you guys want!” Ji Shao Dong laughed.

“His brother’s, we’re not going to be scolded for driving a BMW to a big stall, are we?” Ji Shaolei snorted, “Why do I get the feeling that I’m driving a BMW and Mercedes to get guaranteed housing? It’s just nothing to find a smoke, right?”

Ji Feng laughed, “So are you going? If you don’t go, me and my big brother can go!”

“Go! Why not?” Ji Shaolei grunted and muttered darkly, “I also don’t know what the two are so good that they are wearing the same trousers”

As expected, even though the three parked their car on the side of the street some distance away from the big stall, as soon as they entered the big tent of the big stall, they immediately attracted the attention of many people.

No matter what they were wearing, or the temperament of the three of them, they did not look like they would come to the stall to eat, but they did, and that made people curious.

“Ee?!” Just then, Ji Feng suddenly noticed that there were two people on the street who looked very familiar, “..... are they?!”

This duo was no other than Zhou Fei Fei and Zhou Shilin, the two siblings who had met at the Yanjing Hotel a few days ago.

Ji Feng immediately frowned slightly, it was already New Year's Eve, why hadn't these two siblings gone home yet, instead of staying in Yanjing? Could it be that they were still not dead to Tong Lei?

For Zhou Fei Fei and Zhou Shilin, Ji Feng didn't pay too much attention to them.

Although the Zhou family was known as the Zhou family, and was also an absolute magnate in the area of Jiangsu and Zhejiang, this was indeed true. However, Zhou Fei Fei and Zhou Shilin are just two rich family sons, which is not much worthy of Ji Feng's attention.

What's more, having met with Zhou Shilin a few days ago at the Yanjing Hotel, Ji Feng knew that this Zhou Shilin was not worth his attention!

So at this time, when he saw Zhou Fei Fei and Zhou Shilin, his two siblings, Ji Feng just shook his head and smiled.

Afterwards, Ji Feng and the three of them found an empty table and sat down.

"Boss, bring the menu" Before Ji Shaolei finished his words, he reacted, this was a big stall, it was to look at the rack of dishes and order.

Ji Shaodong laughed, "I'll order the food!"

Ji Shaolei casually handed over a cigarette and laughed, "San'er, don't look at the boss as usually gentle, mature and stable, in fact, he is particularly particular about food, this is the first time he has come to this kind of big stall, so count on you kid to have face!"

Pop!

Ji Feng casually lit his cigarette and laughed: "Eating is the same everywhere, big brother is very particular about food because he has the capital and conditions to do so now. If it was in the past, nothing needs to be said, as long as he is hungry for three days, he will never talk about anything again and will definitely eat with pleasure!"

The two of them looked at each other and burst into a bad laugh.

"Ee?!"

Ji Shaolei was secretly laughing, but he was suddenly stunned, his eyes staring straight at the street, while he tapped Ji Feng's shoulder and whispered, "San'er, look!"

"What?!" Ji Feng couldn't help but ask, as he simultaneously followed Ji Shaolei's gaze and looked over, only to see two siblings, Zhou Shilin and Zhou Fei Fei, walking leisurely towards this side. Ji Feng immediately frowned slightly, how could these two siblings look like people who would come to a big stall to eat, what were they doing here?

"San'er, can you see, there's an extremely beautiful girl coming our way, it's not like she's taken a liking to me, is it?" Ji Shaolei stroked his chin and tsked, "This woman is absolutely superb, look at her, although she has a plump figure, there is no springiness between her eyebrows, it is said that people like this are born with charming bones, and they are still women who have not experienced human beings"

Ji Feng was dumbfounded as he listened, he looked at Ji Shaolei with incomparable surprise and said in astonishment, "Second brother, how do you know all this?"

Although usually Ji Shaolei is also spontaneous in nature and does things unconventionally, but Ji Feng is aware that the second brother is definitely not a flirtatious nature, how come now it sounds as if the second brother is a flirtatious expert?

Ji Shaolei also saw Ji Feng's astonishment, he heated a smile: "That what, I also just heard Duan Peng, is Duan Peng that kid told me, you also know, that kid is a love field veteran, I followed him also learned a few moves loose hands, but have not yet had time to practice! "

"You still want to practice?!" Ji Feng said in consternation.

"Just thinking about it once in a while, San'er, you know that, men are well" Ji Shaolei laughed without blushing.

Ji Feng was speechless, but when he thought about it carefully, what second brother said could really be right. If you look carefully at that Zhou Fei Fei, her figure is tall and plump, her hips are fat, her breasts are high, her front is convex and her back is curvy, she can definitely be called a plump breast and fat ass!

However, there was no hint of lust between her eyebrows, so it was obvious that she had not yet experienced the affairs of men and women. I believe that once a woman like this really commits herself, she will glow with endless enthusiasm and vitality, and will definitely be a dream partner for any man in bed.

Zhou Fei Fei's every move glowed with an inexplicable attraction and seductive style, and with every step she took, her body swayed and exuded an amazing seductive power.

Even in her winter clothes, she still couldn't hide Zhou Fei Fei's stunningly beautiful face and charm!

Ji Feng suddenly thought of Xiao Yuxuan, like Zhou Fei Fei in front of him, Xiao Yuxuan was also flirtatious and natural, with a kind of charm that would make people thrilled!

However, if you compare them carefully, although Xiao Yuxuan and Zhou Fei Fei are also charming and natural, making people's hearts flutter when they look at them, there is a great difference between the two women's charm.

If we say that Xiao Yuxuan's charm is a kind of temperament, her every knit and smile, every move, all have a kind of charm that makes people fascinated, can't help but fall deep into it, charming the crowd!

The first time I saw her, I couldn't help but feel a strong urge to share the pleasure of fish and water with her!

Xiao Yuxuan and Zhou Fei Fei, both equally charming and stunning in appearance.

When any normal man sees Xiao Yuxuan, he will feel an unexplainable stirring and cannot help but want to take her into his arms and love her with abandon. Yet, they are afraid of disturbing her beauty and charm.

For Zhou Fei Fei, however, the first time a man sees her, he is afraid that he will want to take her directly to bed and press her underneath him to enjoy her charm and charm.

From this, it can be seen that there is indeed a great difference between the charm of Xiao Yuxuan and Zhou Fei Fei.

“San’er, San’er!” When Ji Shaolei saw Ji Feng’s dazed look, he touched him, “I say, San’er, you can’t be serious, this woman is very high quality, but compared to your Yuxuan, there is still some difference, right? How come you’re looking at her in a daze?”

Ji Feng coughed lightly and said, “Then what, I know this woman!”

“You know her?!” Ji Shaolei looked at him in shock and almost didn’t bite his tongue, “I say, San’er, how come all the top quality women are related to you? This one isn’t one of the younger siblings again, is she? Or is it a reserve? Do Yu Xuan and Lei Lei and the two of them know?”

A few black lines sprang up on Ji Feng’s forehead and he hummed, “Second brother, how come in your eyes, I am such a person? Such a woman’s name is Zhou Fei Fei, and the young man beside her is named Zhou Shilin. A few days ago, one of Lei Lei’s cousin’s wife wanted to introduce her to a boyfriend, and the one she wanted to introduce was Zhou Shilin!”

Ji Shaolei was stunned, “In that case, you still have a conflict?!”

“I can’t talk about conflict, I can only say that we had a one-sided encounter!” Ji Feng shook his head and laughed.

“In that case, these two people are not ordinary people, they don’t look like people who would come to a big stall to eat, why are they coming this way?” Ji Shaolei frowned and asked, “Are they here to settle a score with you?”

Ji Feng laughed, “I guess they wouldn’t be so open-minded!”

While the two were joking, they saw that Zhou Fei Fei and Zhou Shilin walked in. The former had a faint smile on her face, and even so, she was still charming and attractive, especially with that plump body, which attracted others’ eyes.

Zhou Shilin’s face, on the other hand, was not so nice. At this moment, although he also had a smile on his face, it was not so warm, and his eyes, from time to time, flashed with a cold aura, obviously not so friendly to Ji Feng.

Ji Feng, however, as if he did not see Zhou Fei Fei duo, just sat in his seat, crossed his legs, without quality, flicked the cigarette ash directly on the ground, and kept swallowing clouds of fog, with a face of satisfaction

Zhou Shilin’s face then looked a little ugly, he coldly snorted and came to the table, barely maintaining a smile as he asked, “Mr. Ji, what a pleasure to meet you, may I sit down please?”

Ji Feng glanced at him and turned his gaze to Zhou Fei Fei, only to see that the latter was smiling at him and nodding his head.

“No!” Ji Feng said indifferently.

Zhou Shilin's face instantly turned ugly as he stared at the calm-faced Ji Feng and snorted, "Mr. Ji is really direct, no one has ever dared to reject me so directly when I was growing up Mr. Ji really has a personality!"

"You"

Ji Feng's left hand was holding a cigarette, his right hand pointed at Zhou Shilin and asked indifferently, "What qualifications do you have to judge me? What kind of thing are you?!"

Swish!

Zhou Shilin's face instantly became incomparably gloomy, he coldly stared at Ji Feng, his voice was full of threats, "Ji Feng, don't think that just because you drive a BMW, you are so great people, recognize your own identity clearly!"

A few days ago after Ji Feng took Tong Lei away from the Yanjing Hotel, Zhou Shilin specifically sought out the waiter at the entrance of the Yanjing Hotel and specifically asked about Ji Feng's features, and the waiter was naturally impressed by the BMW x6 that was photographed in Jiangzhou.

Today, when he was out shopping, he inadvertently saw the BMW x6 in Jiangzhou taking pictures and paid attention to it, and indeed he saw Ji Feng sitting in the big stall.

A person who drives a BMW to eat in a big stall, how good can he be?

Zhou Shilin immediately laughed in shame, not to mention that it was still an unknown whether the BMW belonged to Ji Feng or not. Because of his resentment, Zhou Shilin came in with his sister. He decided to humiliate Ji Feng, but he didn't expect the other party to dare to talk to him like this, so Zhou Shilin was even more annoyed!

A small person who he normally didn't even put in his eyes, actually dared to treat him like this? He was simply looking for death!

"Finished?" Ji Feng slanted a glance at him and asked indifferently.

"Hmph!" Zhou Shilin already had a hunch of what Ji Feng was going to say next, so he simply snorted coldly and didn't answer Ji Feng's question at all.

Ji Feng smiled faintly and said, "Now that you've finished if you're here to eat, please find a seat, if you're not here to eat, please give way and don't disturb our meal moreover, don't give yourself looking for trouble!"

"Damn it" Zhou Shilin was furious, no one had ever dared to talk to him like that in all his life, and even more so, no one had ever dared to disrespect him so much, he slapped his hand violently towards Ji Feng.

Chapter 547

Zhou Shilin's originally handsome face became hideous at this moment, no longer having that gentle and elegant fluttering demeanor, just a cold flicker in his eyes, simply wanting to use this slap to slap Ji Feng directly to death here!

“Ka-chow!” A sound.

Ji Feng’s face didn’t change in the slightest, he just picked up a chopstick at some point, broke it off in one go, and pawed the sharp end of it on his face

“Poof!”

Zhou Shilin’s slap ruthlessly slapped down, however, when it was still a few centimeters away from Ji Feng’s face, it just stopped so raw.

On his palm, a chopstick passed through his palm, directly piercing Zhou Shilin’s palm! The blood fell down the chopsticks in a quick, low stream, pounding and flopping on the ground so harshly.

Everyone in the stall was stunned, not daring to make a single movement, just staring in awe at Zhou Shilin’s palm.

Zhou Shilin himself froze, looking at his palm in disbelief, the fierce expression on his face instantly disappearing, just staring in horror, his eyes wide and his mouth open wide.

The next moment, Zhou Shilin’s face became distorted, and a harsh, miserable scream fiercely emitted from his mouth, “Ah...!”

Zhou Shilin covered his palm with a deadly grip, trying to exert himself and the pain was so intense that it made his body tremble, and the features on his face were all distorted and piled up, making it practically impossible to recognise his face.

Bang!

Just then, a crunching sound suddenly reached the crowd’s ears again, startling them all at once. Fixing their eyes on it, they saw another young man holding half a bottle in his hand and staring blankly, while Zhou Shilin, however, had blood pouring from his forehead, mixing with the liquor, and his body was staggering, obviously a little dazed by the blow.

“Shit!”

Ji Shaolei looked at the half-empty beer bottle in his hand with extreme dissatisfaction, and he roared, “In the middle of winter, who still drinks beer?! Why did you put a beer bottle next to me, does it hurt to hit someone? Boss, serve white wine!”

Everyone had black lines on their faces, although the beer bottle wasn’t too hard, it was still hard enough to hit a person’s head! But this young man was still not satisfied and wanted to smash him again?

..... is really too hard!

The two of them are the only ones who are not afraid to kill someone.

It was only at this time that Zhou Shilin reacted, his uninjured one hurriedly covered his forehead and shouted, “Ah! Ah! My head, my head is cracked!”

Being screamed by Zhou Shilin’s miserable scream, Zhou Fei Fei, who was stunned next to him, also finally reacted, she hurried up and asked with concern, “Shilin, Shilin, how are you?!”

“Sister! My hand my head hurts me to death!” Zhou Shilin screamed in panic.

Zhou Fei Fei glanced at Ji Feng and Ji Shaolei in annoyance and grunted coldly, but she also knew that now was not the time to settle scores, she hurriedly took out her mobile phone and dialed the emergency number

“San’er, your kid is too ruthless, right?” Ji Shaolei stared at Zhou Shilin’s palm that had been pierced by the chopsticks, and couldn’t help but clench his fist and touch his own palm again, “These disposable chopsticks, they can also pierce a person’s palm? That’s incredible!”

Ji Feng hummed, “If you learn all the body-building exercises I taught you, you can do this step too!”

“Then I must hurry up and practice,” Ji Shaolei was instantly interested and nodded vigorously.

The two were talking about this as if no one was watching over here, but Zhou Fei Fei finished her phone call and looked over in annoyance, “Ji Feng, aren’t you going to say something?”

Ji Feng was stunned, then nodded vigorously and said in a daze, “Right, right, if you didn’t remind me, I really forgot I have to give you guys a piece of advice, in the future, when cursing people, don’t use other people’s parents and relatives as a greeting, as the saying goes, insult is worse than family! If you still can’t remember, next time it won’t just be a matter of getting hurt, you’ll have to visit your brother in hell if you want to visit him again!”

Hearing Ji Feng’s bland words, Ji Shaolei, however, instantly gave a thumbs up, although Ji Feng’s tone was bland, but with Zhou Shilin as a living example in front of him, no one dared to take his words lightly!

Zhou Fei Fei, however, had a gloomy face and stared coldly at Ji Feng, forcing down the anger in her heart and asking in a cold voice, “Don’t you think that what you did today was too much?”

Ji Feng glanced at her, not even paying attention to her!

“You” Zhou Fei Fei suddenly rose up with a feeling of powerlessness, Ji Feng did not put her in his eyes at all, which made her have nowhere to use her strength, wanting to be angry, but having to take care of her brother. She wanted to call the police, but she had to consider Ji Feng’s background, and for a while, she didn’t know what to say.

Next to her, however, Ji Shaolei suddenly spoke up, he frowned tightly and asked in wonder, “Who are you people? How dare you be so arrogant?!”

At his words, Zhou Fei Fei was practically tempted to break into a cursing fit without regard to her image!

We’re arrogant?

Zhou Fei Fei’s face was red with anger, no matter how arrogant we were, we didn’t use chopsticks to pierce someone’s palm at every turn, nor did we use a wine bottle to break his head at the drop of a hat!

And after beating someone up, it was as if nothing had happened, and to say that the other party was arrogant?

However, Ji Shaolei's next sentence made Zhou Fei Fei's heart astonished, only to hear Ji Shaolei say, "Forget it, I'm too lazy to talk nonsense with you guys, this New Year's Eve you'll go to the guardhouse!"

He took out his mobile phone and was about to make a call.

Zhou Fei Fei, however, was shocked, the other party talked about sending his brother Zhou Shilin to the detention center as casually as he talked about eating and dressing, obviously the other party would definitely not be making up his mind, but really wanted to send his brother to the detention center!

"Wait, wait a minute!" Zhou Fei Fei suddenly opened her mouth, she took a deep breath and said, "Ji Feng, no matter what, we've had a meeting, and since Shi Lin has already been taught a lesson, do you think things have reached the point where they have to go to the detention center?"

Ji Feng frowned slightly, then waved his hand and said, "Forget it, the New Year's ruined the mood remember, in the future do not think you have a good family background, you can come out and bully people at will, get lost!"

"You" Zhou Fei Fei almost did not spit blood, what is this? Throwing the dog out?

"Not willing to go? Then stay!" Ji Shaolei said in a cold voice.

"Good! Ji Feng, today's matter is a few down for me, Fei Fei Zhou, when your Excellency comes to Jiangzhe in the future, I will definitely do my best as a host and come to entertain you properly!" Zhou Fei Fei coldly snorted and helped her brother Zhou Shilin to walk out.

Within a short time, the ambulance arrived, and Zhou Fei Fei turned her head and gave Ji Feng a deep look before she joined the medical staff and helped Zhou Shilin, who was screaming in agony, into the car and left.

Only after he got into the car, Zhou Shilin gave a resentful glance at Ji Feng. When Ji Feng's eyes snapped cold, Zhou Shilin was startled and hurriedly averted his gaze, no longer daring to meet Ji Feng's eyes.

Woo woo woo woo -!

Watching the ambulance go away, Ji Feng shook his head helplessly and said, "This is really a big New Year's Eve, you can't have peace at home, and you're in trouble out here too!"

Ji Shaolei hummed: "You kid is also really, leave it to me to hit two well, you directly to his hand to waste, brother I am not even good at it!"

Ji Feng shook his head and laughed: "His hand is not ruined, just a little muscle injury, the bones are not hurt, however, suffer a little bit for sure this is also a lesson to him, open mouth and curse mother, I did not ruin his hand, it is already considered to be good for him! "

The face of Ji Shaolei is also a bit ugly, humming: "These people, simply do not know what their surname is, three children, just now those two in the end who are? If they want to climb up with the Tong family, then they should at least have some origins, do you know where they came from?"

“Seems like they are from the Zhou family in Jiangsu and Zhejiang, not too sure about the details, just that I heard that their family is still very powerful in the area of Jiangsu and Zhejiang!” Ji Feng said indifferently.

“Zhou’s?!”

Ji Shaolei was stunned and then smiled, “So it’s them!”

“You know?!” Ji Feng asked.

“Well, the Zhou Clan of Jiangsu and Zhejiang, is indeed famous in the area of Jiangsu and Zhejiang, considered a local powerful family, in fact, in the eyes of many people, the Zhou Clan is also just a native of Jiangsu and Zhejiang, the reason why they are now recognized as a powerful family is because the Zhou Clan has a partnership with the Tianyao Group, their strength has skyrocketed, and their social status has even surged!” Ji Shaolei laughed.

“Tian Yao Group is a group under the name of He Hongwei, the youngest He?” Ji Feng frowned, “The Zhou family has a close relationship with He Hongwei?”

“That’s not clear, if you want to know, simply go and ask Big Brother He!” Ji Shaolei laughed, then shook his head and lost his smile, “A dude from Jiangsu and Zhejiang, actually came to Yanjing to run wild, this Zhou family is also really big-breasted”

“You’re talking about two people, right?!” Ji Feng asked with a wry smile.

“That’s right, that’s right!” Ji Shaolei laughed heatedly, “That woman called Zhou Fei Fei has big breasts and is plump, while that brother of hers is brainless, it’s really a pair of perfectly matched siblings!”

“What perfect match?!”

Ji Shaodong smiled and walked over, pulled out a chair and sat down, smiling as he asked, “There seems to be a bit of trouble just now, what happened?”

“It’s not just two unenlightened things,” Ji Shaolei waved his hand and quickly recounted what had just happened.

“Well, it’s good to get rid of it, the food will be served soon, what kind of wine do you two want to drink?” Ji Shaodong listened, did not put Zhou Fei Fei duo in mind at all, being in the system, his body naturally has a unique temperament, although Zhou is powerful, but in front of the Ji family, not enough to look at, and Zhou Fei Fei and Zhou Shilin in front of the three brothers Ji Feng, naturally not enough to look at either!

.....

Yanjing Hongshan Hospital, surgical ward.

Zhou Fei Fei and a middle-aged man were standing outside the corridor, both of their faces were very ugly, just because the attending doctor had just said, “The injury that the patient’s palm received is very special, the palm may not be able to be saved!”

Chapter 548

“What?!” Zhou Fei Fei’s pretty face instantly changed as she hurriedly asked, “Doctor, what did you just say?!”

“How is this possible, I also saw just now, young Zhou’s hand was only pierced by the chopsticks, at most it was just an operation, how could the palm of his hand not even be saved?”

The attending doctor shook his head and said, “If it was just about the injury, it would actually be just a surgery and a few stitches. But the most important thing is that we gave the patient anesthetic, but it didn’t work”

“The anesthetic doesn’t work?!” Fei Fei Zhou was stunned.

“That’s right, the anesthetic didn’t work, so we were left with simple treatment, we couldn’t operate on the patient, and the patient was adamant that he didn’t agree to the operation” If this goes on, even if his injury heals, his muscles will atrophy and his palm will be ruined! ” The doctor shook his head and said, “It’s also really strange, it’s not that we haven’t seen people who are resistant to anesthetics, but an example of a complete lack of the slightest effect is something we’ve never heard of”

The middle-aged man hurriedly asked, “Doctor, is there no other method other than anesthetic? No matter what method we use, we should at least save the palm first! Missy, do you think that’s right?”

“That’s right, doctor, we have to save the palm first, and if the anesthetic really doesn’t work and we can’t find any other method” then let’s do it the hard way and hold all my brother’s limbs and body and force the operation!” Zhou Fei Fei gritted her teeth and said.

“This” is not in line with the rules!” The doctor was in some difficulty.

Zhou Fei Fei immediately gave a wink to the middle-aged man beside her, and slowly walked to the side.

The middle-aged man immediately understood and whispered something to the doctor.

Not long after, that doctor nodded helplessly and turned around and went back into the ward

“Eldest Miss, everything has been done!” The middle-aged man came to Zhou Fei Fei’s side and said in a slightly respectful whisper, “Does Eldest Miss have any other orders?”

“Uncle De, you help me check out a person” No, you first help me check out a car, it’s a photo shoot in Jiangzhou, BMW x6” Zhou Fei Fei said through clenched teeth.

“Missy, Jiangzhou, we don’t do very well, right? Is there something wrong with this car?” The middle-aged man asked.

Fei Fei Zhou grunted and said, “It’s the owner of this car that made Shi Lin look like this” I suspect that this person has a big origin again, we must find a way to find out what the identity of the owner of this car really is!”

“Miss, this may not be able to find out the identity of the other party even if we just check the car” said the middle-aged man, “Miss, why don’t we ask our friends in Yanjing to help us and let them help us check it out, what do you think? ”

Zhou Fei Fei shook her head slightly and said, “No! We can’t check in Yanjing! If I’m not wrong, the other party’s energy in Yanjing is definitely much greater than our Zhou’s. Therefore, we can only start our investigation from the outside, so as not to alert the other party!”

“Alright then, I’ll get on it immediately!” Uncle De, a middle-aged man, nodded and said.

Zhou Fei Fei nodded slightly and said, “Then go ahead, remember, don’t alert the other party!”

Looking at the middle-aged Uncle De’s back gradually leaving, Zhou Fei Fei couldn’t help but slightly shake her head, sighing softly in her heart, “Only a few days ago, I explained to Shi Lin that I wouldn’t let him cause any trouble, let alone provoke Ji Feng only a few days ago, and he’s already provoked such a big trouble”

Zhou Fei Fei does not believe that Tong Lei will not know her identity and Shi Lin’s identity, then, Ji Feng as Tong Lei’s boyfriend, naturally there is no reason not to know his identity. But even so, in the face of Shi Lin’s provocation, he beat Shi Lin badly without mercy!

Moreover, the young man beside Ji Feng looked equally imposing, and that manner of doing was completely like a real big dude.

So it was obvious that this Ji Feng and the young man beside him were definitely from an unusual background.

“This damned Zhao Ruyan, without even knowing the identity and background of the person, she is thinking of introducing Shi Lin to a girlfriend” Zhou Fei Fei’s face was ugly, “And that damned Ji Feng, even if you are the number one male, you You don’t have to drive yourself and Shi Lin out like you’re shooing a dog, right?”

The First Prince?!

Zhou Fei Fei was suddenly stunned and immediately winced, Ji Feng, Ji Feng surnamed Ji, was definitely not the number one male, but there was another family in Yanjing that overshadowed the sky – the Ji family!

“This Ji Feng, is he really from the Ji family?” Zhou Fei Fei’s eyebrows knitted slightly, but a bad feeling rose in her heart, in her opinion, this Ji Feng might really be someone from the Ji family, if that was the case

Zhou Fei Fei’s heart kept sinking, if Ji Feng was really a member of the Ji family, then Shi Lin might really have received this beating for nothing, and it was not difficult to understand Ji Feng’s bottom-like appearance.

What’s more, if Ji Feng was really a member of the Ji family, then what was to be considered now was not how to take it out on Shi Lin, but how to take away Ji Feng’s anger.

Although the Ji family was not a dominant family, it was still overshadowing, and it couldn’t be easier to deal with the Zhou family!

Perhaps, Ji Feng was shooing himself in the big stall as if he was shooing a dog, that might even be considered giving face, if he were to give no face, he might be asking people to carry Shi Lin and himself out

“Zhao Ruyan, this damned Zhao Ruyan!” Zhou Fei Fei secretly gritted her teeth, this is simply a flying disaster, if Zhao Ruyan did not have a clever tongue and concealed the fact that Tong Lei had a boyfriend, and then gave Tong Lei’s appearance to the sky, so that Shi Lin’s heart was moved, there would not be such a thing now!

“Or Shi Lin, who is also a bastard!” Zhou Fei Fei thought with hatred, it was all because his parents were usually too arrogant towards him, and as a result, he had formed such an unawareness of the sky, and always had an arrogant posture of being the boss of the sky, and couldn’t afford to be half aggrieved!

The result is that just because he lost a little face at the Yanjing Hotel, he holds a grudge

All of this annoyed Zhou Fei Fei, but she knew that the biggest root cause was still because of Zhou’s ambition.

If Zhou hadn’t wanted to have a deeper cooperation with the He family, so he had sent himself to Yanjing to try to make further communication with He Hongwei, there wouldn’t be all these things now!

“Phew

Zhou Fei Fei stood in the corridor and let out a long breath, it was useless to think about all this now, the most crucial and important issue at the moment was how to calm Ji Feng’s anger.

Life is sometimes like this, it is obvious that you have suffered a loss, but still have to make amends to the other party, otherwise, you will not survive. This, perhaps, was a kind of helplessness in life, Zhou Fei Fei couldn’t help but comfort herself.

“Ah...!”

A miserable cry suddenly came from the operating theatre next to the ward, wretched and incomparable, it was obvious that the owner of the voice had been in so much pain that his voice had somewhat changed its accent.

Zhou Fei Fei was instantly taken aback, it was Shi Lin’s voice?!

In a flash, she reacted to the fact that Shi Lin was doing surgery without anesthesia, Listening to the harsh screams coming from her brother’s mouth, the corners of Zhou Fei Fei’s eyes jumped straight up, she clenched her silver teeth, but she really couldn’t listen to it anymore and could only walk out of the corridor with quick steps.

When she came outside, Zhou Fei Fei thought about it and decided to ask for He Hongwei, after all, the He family was also very important, even if he couldn’t help, it would be good to ask him for some information.

“Miss Zhou?” He Hongwei was still a bit surprised to receive a call from Fei Fei Zhou on New Year’s Eve, “What can I do for you?”

“Younger He, it’s like this, I met someone today, his name is Ji Feng, I don’t know if Younger He knows him?” Zhou Fei Fei asked in a soft voice.

“Ji Feng?!”

He Hongwei was stunned for a moment, then he asked, "Miss Zhou, you didn't have a conflict with him, did you?"

Hearing He Hongwei's somewhat gruff voice, Zhou Fei Fei's heart immediately thudded as she said hesitantly, "It's not me, it's, it's my brother Zhou Shilin and Ji Feng who have some misunderstandings"

Before she could finish her words, He Hongwei's bitterly smiling voice came over the phone, "Miss Zhou, who are you not good enough to mess with, why did you just mess with him?"

"What, what, Younger He, are things very troublesome?!" Zhou Fei Fei asked with some worry.

"That depends on how you guys provoked him, if he really gets angry, even I would have to weigh it up" He Hongwei shook his head and said.

Zhou Fei Fei's heart sank downwards, she laughed bitterly in her heart, Ji Feng's come is really big and scary!

She laughed bitterly, "Shao He, actually this is just a misunderstanding"

She quickly told the story.

However, He Hongwei was silent for a long time before saying, "It's about his woman, I'm not sure how he will react, how about this, I'll make a phone call for you and ask, okay?"

"Thanks a lot, thank you, Shao He!" Zhou Fei Fei was overjoyed, she didn't have too deep a friendship with He Hongwei, but to think that He Hongwei would actually be willing to help was beyond her expectation.

"You're welcome, just wait for the news!" He Hongwei laughed and then just hung up the phone. In his heart, he was laughing, originally thinking of finding some excuse to ask Ji Feng to come out and have a seat, but unexpectedly this excuse came to his door

The steaming hot pot was boiling, and the three Ji Feng brothers were sitting around the hot pot, gorging themselves on food and raising their cups to drink from time to time.

"Boss, it's nice to have some hot pot this winter, isn't it?" Ji Shaolei laughed, "And eating hot pot in a big stall makes it taste even more different!"

"There's not much difference in taste, it just feels different!" Ji Shaodong laughed, and then suddenly turned his head and said, "San'er, how is your drinking capacity?"

Ji Feng was stunned, and then laughed: "Average, why?"

"Then you should drink less at noon!" Ji Shaodong laughed, "Last time the people over there suffered such a big loss and were left in the dust by you, do you think they will let you off easily at dinner tonight?"

Ji Feng frowned slightly at once, this did not occur to him.

When the time came, although it was said to be a family banquet of the Ji family, there would definitely be many people from the Ji family lineage present at the dinner, and it was said that this had already formed a tradition.

If one were to get drunk in front of so many people, it would be really scandalous!

Chapter 549

“Not so much, right?” Ji Feng said with a smile.

In his impression, Ji Shao Hong, as the leader of the side line, although he was short of temper, he still had a certain amount of poise and temperament. Moreover, when it comes to pouring wine on the table, anyone with a discerning eye can see that if he is a quick-tempered person again, when something happens, it will be him, Ji Shaohong, who will suffer, which is not a good thing and will not do Ji Shaohong any good!

To say a few capable young people on the side line, Ji Shaoyou need not say, that kid is just a playboy, is a second generation, not worth mentioning.

Ji Shaojun, holding the business resources of the side line, was a figurehead of sorts. When Ji Feng first came to Yanjing, he had a brief encounter with Ji Shaohong, and although Ji Shaojun had expressed his displeasure on the side, Ji Feng had never fought with him, and had no idea how capable this person was.

However, according to Ji Shaolei, Ji Shaojun has done very well in the shopping mall, although there is no shortage of moves to use the power of the Ji family to achieve their own goals, but it has to be said that knowing how to borrow the power is actually a kind of ability.

And in fact, often many people do not know how to take advantage of the situation, Ji Shaojun in this point, do very well indeed.

Such a person may not necessarily do anything to make a fool of himself.

With the two main figures on the side line, both ruled out, Ji Feng really couldn't think of anyone else who would deliberately cross himself and try to get drunk at the drinking table!

“San'er, if you think that just because the two people over there, Shao Hong and Shao Jun, won't step up, it means that no one else will, then you're very wrong!” Ji Shaolei lifted his cup and clinked it with Ji Feng, tilted his head and drank it down before saying, “The reason why the side line, is so different from the full line, is not just because of the different resources held in their hands, but more importantly, the composition of the side line and the full line are different.”

Ji Feng raised his eyebrows and asked with a smile, “How should I put this?”

Ji Shaolei smiled heatedly and said, “It's better to let the boss tell you, he's more comprehensive.”

“That's not necessarily true!” Ji Shaodong shook his head and laughed, “The two of us look at things from different angles, and the conclusions we draw, are different.”

“Well, then it’s better for me to speak first!” Ji Shaolei laughed, “In fact, in my opinion, ah, this side line and the first line, there is actually a figurative analogy let’s say, our family is a big tree, no matter whether it is a huge tree or a new seedling, but in the end, there is a point, they are all trees!”

Ji Feng then understood somewhat, he smiled and asked, “The most important characteristic of a tree is that it has a trunk and branches, right?”

“You kid, you really have a point!” Ji Shaolei burst into laughter and said, “Drink, drink!”

Ji Shaodong also laughed, “San’er, it’s really no big deal, just pay more attention!”

Ji Feng then smiled and nodded, big brother and second brother really did see things from different perspectives, in fact, he himself and they also saw things from different perspectives.

However, this is not a place for deep conversation, no one knows what kind of people are sitting around here, besides, it is well known that Yanjing people don’t know anything else, but their ability to talk about big things is really well-known nationwide, once what is said today is heard by anyone, it might form a big storm at that time!

Therefore, after second brother Ji Shaolei said that the Ji family was like a big tree, Ji Feng immediately picked up the words, all three of them knew how to speak, what to say and what not to say, all of them would do it with a clear mind.

“By the way, San’er, there is something you need to pay attention to, the matter of you and your younger sibling is being watched!” Ji Shaodong, who had not been saying much, suddenly spoke up.

“Which younger sibling?!” Ji Shaolei asked with a smile, “Boss, San’er is not like you, this is a flirt!”

Ji Shaodong laughed, “I said it, which younger sibling did you say it was?!”

The one that could make Ji Shaodong talk about it, that was naturally the younger sibling that Ji Feng would marry explicitly in the future, which was Tong Lei.

“Big brother, how does that sound?!” Ji Feng asked.

“Although the matter between you and Tong Lei is not public, quite a few people already know about it, especially some of those who are particularly concerned about the Ji and Tong families!” With a meaningful smile on his face, Ji Shaodong said, “The reason why the old man didn’t let the matter between the two of you go public was because he considered that you hadn’t grown up yet, and making it public at this time wouldn’t be good for you! It’s equally bad for my sister-in-law’s family.”

“But then, just because of this, it ended up making some people take advantage of it!” Ji Shaodong hummed and said, “This Zhou Shilin thing today is an example!”

“Hmm?!” Ji Feng was a bit puzzled.

“Since you didn’t make it public, which to outsiders means that you didn’t go through the elders’ consent, then your relationship won’t count for much in some people’s eyes.” Ji Shaodong said, “Maybe there are some people that are just going to use this relationship inside to constantly create trouble for you, like today, we offended Jiangzhe Zhou’s!”

Ji Feng's face changed and his brows furrowed as he understood what his big brother meant. Although one Jiangzhe Zhou clan was nothing, if such a thing happened a few more times, by then, I'm afraid he would have offended more people than he could count!

However, the matter between him and Tong Lei could not be officially disclosed by the parents of both parties.

A marriage between families will not change much, but it can change something. A family as big as the Ji family would draw the attention of countless people with every move they made!

If the news of the marriage between the Ji family and the Tong family was announced, I don't know how many people would not be able to sleep! There will definitely be people who don't want to see the rapid rise of the Tong family, even if they get a little benefit, and there will even be people who don't want to see the Ji family getting more and more powerful and having more and more allies, so some secret actions will be inevitable!

This has nothing to do with personal grudges, but rather a great power that cannot be swayed by individuals.

When the time comes, no one else can do anything to stop the Ji family, but that doesn't mean they can't deal with the Tong family!

Therefore, although the Tong family wanted to marry the Ji family, but at least, they had to wait until Ji Feng grew up, or rather, had a certain amount of power!

And until then, things like introducing boyfriends to Tong Lei would not only not decrease, but would be more than before.

But what made people helpless was that it just so happened that Ji Feng didn't have any good solutions yet, unless Ji Feng was strong enough right now to not be afraid of any conspiracies and tricks. But obviously, he didn't have that ability right now!

"Third child, there's no need to worry so much!"

Ji Shaolei waved his hand and said, "Boss likes to look at problems in a serious way, it's actually not as serious as he said Anyway, you and Lei Lei will both be attending university in Jiangzhou in the next few years, with you around, who else has the chance to introduce her to a boyfriend? Besides, I just can't believe you can't solve the problem with her around! Let's drink, let's drink!"

Ji Feng nodded and smiled, "That's true, let's drink first!"

But in his heart, he raised his guard, it seemed that he had thought of some things too simply. Moreover, the pace for forming his own power was a little too slow!

"It's time to speed up the pace, " Ji Feng lifted his glass of wine and the three brothers shared a drink.

.....

After eating lunch, Ji Feng and the three of them drove to prepare to return to the old man's quadrangle.

The three of them found out that they couldn't drive, and the traffic police were investigating drink driving.

The three of them had no choice but to take a taxi and leave.

"Ding"

"There's a call for me!" Ji Feng smiled and took out his phone, "Ee? He Hongwei's phone?"

Ji Shaolei laughed, "Pick it up, this kid is looking for you, it won't be anything good, be careful!"

Ji Feng nodded with a smile and picked up the phone, "Young Master He, what can I do for you?"

"Old brother, I haven't seen you for a few days, but your temper has grown!" He Hongwei's mid-spirited voice came through, and he laughed: "What, did some ungrateful thief mess with you today?"

Ji Feng instantly laughed, "What, are you ready to help me out, Big Brother?"

"Older brother is joking!" He Hongwei laughed, "It's like this, to be honest, old brother, Zhou Fei Fei called me and asked me to help intercede, so how about not being normal with them?"

Ji Feng laughed: "Since you, Young Master He, have spoken, I have to do it even if I can't!"

"Then, thanks a lot old brother, to show my gratitude, old brother, when the New Year is over, come out and sit down?" He Hongwei asked with a smile.

After thinking about it, Ji Feng nodded with a smile and said, "Sure, no problem!"

"Then it's a deal!" He Hongwei smiled brightly.

After hanging up the phone, Ji Feng couldn't help but laugh, "This Zhou family's energy is not small, they actually brought out He Hongwei to intercede!"

"Hmph! With Zhou Fei Fei's appearance, you don't even need to be surprised even if he brings out the First Prince to intercede!" Ji Shaolei bristled and hummed, "I can't believe that that brat, He Hongwei, can actually bend over for a woman!"

Ji Shaodong laughed, "Shao Lei, you should think wrong think, He Hongwei has some reason that he had to call, but it should have nothing to do with a man or woman, this person, I still know him better!"

"That kid is not a good bird at a glance Forget it, don't talk about it, call back!" Ji Shaolei brushed aside his mouth and waved his hand.

Ji Shaodong and Ji Feng glanced at each other and couldn't help but laugh dumbly.

Chapter 550

The words of elder brother Ji Shaodong and second brother Ji Shaolei were indeed fulfilled that night.

At the family banquet of the Ji family, a total of four tables were set up, of which one was occupied by women, one by the main seat, one by the third generation of children such as Ji Feng, and one by the

guests. These four tables, respectively, were placed in four different rooms and were not too close to each other.

When they first started drinking, Ji Feng and some other juniors, had to go and take turns to toast the elders.

Once again, Ji Feng met Master Tang's father and son, Tie Long's father and son, as well as some other faces that he would normally see occasionally on the TV news. Since they were able to attend this banquet, it proved that their relationship with the Ji family must be extraordinary.

What's more, these people were sitting at the same table as their father, Ji Zhenhua, which was enough to show that they actually occupied a very important position in the Ji family lineage.

In fact, no matter which family or faction it was, it was absolutely impossible for one's own family to occupy all the seats. In fact, the so-called certain faction, such as the Ji family lineage, in which the Ji family was present, actually only played a leading role. This lineage, in fact, is a group of like-minded people, grouped together for a common purpose, or with the same philosophy.

In a large faction, each person will also have different goals among themselves, or will also have conflicting interests, but this does not prevent these people from having a common goal.

Those who are able to sit at the main table are obviously the representatives of this faction and are among the powerful few.

Of course, these people present are only some of them, and there are in fact many positions that are impossible to leave, or inconvenient to come to.

In fact, if you think about it, you will know that many people are only in partnership with the Ji family or are allies, but if countless heavyweights arrive for a simple banquet, what will outsiders think when they look at it? What is the Ji family trying to do here?

There is no way that the Ji family would let so many people come to a banquet just to avoid suspicion!

In fact, this is not only the case with the Ji family, other families or factions must be doing the same, but they are just unaware of it.

This time, the toast to the elders was led by his elder brother, Ji Shaodong, and Ji Feng only followed the rules and did not lose his manners at all.

After three rounds of wine, everyone had gradually let go and there was no need to go back and forth to toast. At this time, some of the elders would have other things to discuss, so Ji Feng and some other juniors naturally could not get close at this time, so they played with themselves.

"Brothers and sisters, since it's a New Year's banquet, what we want is an atmosphere and lively!"

At the young man's table, a young man of about twenty-three or twenty-four stood up with a glass of wine and said with a smile, "Boss, this glass of wine is my toast to you!"

Ji Shaodong smiled slightly and also lifted his glass, took a light sip and said, "I can't hold my liquor, you guys don't have to worry about me, feel free to drink as much as you like!"

“That’s good, boss, then we can make some noise!” The young man laughed.

Ji Shaodong waved his hand with a smile, but in his heart he was a bit tired, what is this? Just caring about himself as the boss, but forgetting that Ji Feng was the future heir to the family head? This kind of provocative thinking is simply abominable!

What kind of person was Ji Shaodong?

How could he not hear such petty provocative words?

But the problem is, sometimes it’s not a matter of understanding or not, this jealousy is actually like a poisonous thorn, sometimes one will be uncomfortable in one’s heart even though one knows that the other party is provoking.

This is like, if a person is complimenting you, even if you know he is saying something false, but the face will be involuntarily smile, the heart can not help but feel comfortable!

Ji Shaodong most afraid, is Ji Feng heard this, the heart will be uncomfortable, once caused between the brothers suspicion, the heart of that thorn can be very difficult to eliminate.

The most important thing is that you can’t be sure that you’re going to be able to get rid of it.

Ji Shao Hong and Ji Shao Jun also saw Ji Shao Dong’s gaze, and did not know exactly what they had thought of, they just smiled slightly and raised their glasses at Ji Shao Dong.

“Ji Feng, the two of us brothers have a drink, this first meeting, it’s all in the wine!” A young man stood up and said with a smile.

Ji Feng smiled and nodded his head, saying, “Sure!”

He clinked a glass with the man, tilted his head up and drank it all!

“Good drinking!” The others all laughed, this was a two tael glass of wine, drinking two taels in one gulp wasn’t unusual, but let’s not forget that Ji Feng had already drunk at least eight taels in a row before this and toasted his elders, so he must have drunk a lot, now he could still finish off two taels in one gulp, this drinking capacity couldn’t fail to amaze people.

“Older brother, let’s have a drink too!” Another young man also stood up and said with a smile, “I’ll drink to you!”

“I can’t afford it somewhat!” Ji Feng looked at him with a wry smile and a meaningful look in his eyes, and the man’s face instantly changed as his smile became a little forced.

“However, I am a person who likes to eat toast, not to eat punishment, so let’s drink up!” Ji Feng broke off his glass of wine and tilted his head to take a sip.

The man froze but didn’t know how to answer, he could only smile reluctantly and tilted his head with the glass and drank the wine down.

“It’s not polite to come and not go!”

Ji Feng took the wine bottle, filled it up and smiled, “I’ll drink to you too!”

The man and a few other people looked at each other and revealed smug smiles, since Ji Feng was asking for an ugly look, it was not their fault. In fact, they were still thinking about what reason they should use to dunk Ji Feng before, but now the latter was sending himself to the door

“Come on, let’s drink!” The man harrumphed.

However, next, everyone was stunned.

Ji Feng was a comer and a comer, and in just under half an hour, three pounds of wine went down like that, with barely a pause in between.

What was more important, however, was that Ji Feng was still unchanged and did not show the slightest sign of stopping.

But the ones opposite were all a bit staggered, and even their speech was a bit tongue-tied.

“Second brother, three more bottles of that!” Ji Feng smiled and said.

Ji Shaolei looked at Ji Feng with his mouth wide open, opened his mouth to speak, but didn’t know what to say, there were so many people around, he couldn’t just say something to persuade Ji Feng to drink less.

Helplessly, Ji Shaolei took three more bottles, opposite several people in front of him, he also gave a bottle each.

Ji Feng did not stop, cups and chips were staggered, and in another short twenty minutes, the three bottles of wine in front of him, once again, reached the bottom.

When everyone had stopped, there were a dozen people at the table, and the only ones who could sit were Ji Shadong and Ji Shaolei, as well as Ji Shaohong and Ji Shaojun on the opposite side, and of course, there was also an unchanged-faced Ji Feng.

As for the others, those who were lying on the table, those who were leaning on the chairs and sleeping, those who were limp on the floor, their postures were different, and their looks were really wonderful.

The remaining few people, both the Ji Shadong brothers and the Ji Shaohong duo, were all a bit jaw-dropped.

They had seen people who could drink, but it was the first time they had seen someone who could drink to this extent without changing his face.

“San, San’er, are you alright?” Ji Shaolei asked, eating.

“What can happen to me?” Ji Feng laughed as he waved his hand and said to a handyman next to him, “I’m really sorry about this, it looks like it needs a good clean up from you guys!”

“It’s alright, it’s our duty, young chief doesn’t need to be polite!” The man said in a panic.

Ji Feng then smiled and nodded, saying, “Then I’ll trouble you guys.”

He turned his head and smiled, “Brother Shao Hong, Brother Shao Jun, shall we continue?”

“Cough cough, that’s what, the banquet, it’s better to drink less, we’ll be responsible for seeing off the guests outside later, so that’s it for today?” Ji Shaojun was really scared, what kind of person drinks so perverted, even if they drank the demijohns beforehand, they can’t be perverted to this extent, right?

Ji Feng nodded and laughed, “The two old brothers didn’t drink to their heart’s content, did they?”

“Ahem ……” Ji Shao Hong waved his hand, the smile on his face was a little stiff, “Ji Feng, we are willing to worship this huge amount of yours, just give us a break!”

Ji Shaolei simply wanted to laugh in his heart, to be able to make Ji Shaohong beg for forgiveness, this was a rare scene, it wasn’t easy!

Ji Shaohong and Ji Shaojun looked at each other and laughed bitterly in their hearts, they themselves were not bad drinkers, but when compared to Ji Feng, it was really …… to spar with a pervert like Ji Feng? Unless the brain is broken!

……

When everything was over and all the guests were sent away, Ji Shaolei could no longer hold back and laughed loudly, “San’er, it hurts, it hurts!”

Ji Feng said with a wry smile, “Second brother, the one who drank the most was me, okay? You and big brother didn’t drink at all!”

Ji Shaodong laughed, “Third son, in the past, big brother had only heard people say that there was a large amount, and he thought it was just an adjective, but now he realizes that there are really people who have a large amount!”

Seeing Ji Feng’s face unchanged and half shaken, both of them sighed in admiration.

Ji Feng hummed without good humor, “Do you guys really think I’m any kind of seaworthy? Nah ……”

He took off his overcoat and took off his jacket, and the two of them immediately smelled a strong smell of alcohol, and immediately wrinkled their brows and covered their noses.

Ji Feng grunted and took off his shirt, which had already been soaked through, revealing a toned muscle.

“San, San’er, you’re ……” Ji Shaolei said with some jaws dropped, “Why are you covered in stinky sweat on such a cold day?”

“Stinky sweat? This is wine, okay?” Ji Feng casually picked up his shirt and gently twisted it, and suddenly a clatter of liquor was just squeezed out.

“Holy shit!”

Ji Shao Lei duo was stunned, “San’er, you’re …… pouring all the wine into your shirt? How did you do it?”

“The speed is so fast that a person’s eyes naturally can’t see it!” Ji Feng laughed heatedly, “Without this skill, you think I really dare to spell wine with so many people? I’m not stupid!”

“No matter if it’s real skill or cheating, those people were drunk down anyway, it hurts!”

The three of them burst out in laughter.
