

Campus Master 551-552

Chapter 551

Wanli Club.

He Hongwei sat on the sofa in the lobby at the entrance of the club, his body straight, his suit even more meticulous and neat, as if he was about to attend some important banquet or attend a wedding himself.

Accompanying He Hongwei was the second son of the He family – He Hongqiang!

In fact, He Hongqiang was wondering in his heart, in his impression, unless he was accompanying some heavyweight elders, otherwise, big brother had never been so solemn, could it be that today big brother had asked out some heavyweight person? But that wasn't right either. If there was really a heavyweight who was about to meet with big brother, there was no reason for him to bring himself along!

“Could it be that the First Prince is here?” He Hongqiang couldn't help but speculate slightly hesitantly, and then he felt very wrong. If it really was that gongzi who had come, although big brother would have shown respect and esteem to the other party, he would likewise not have brought himself along, so it was obvious that it could not be that gongzi who had arrived.

Time passed, starting from 5pm and waiting until 5.30pm, still no one appeared, every member who came to the Miles Club was guided by the doorman to enter through the other doors, no one came in or out here.

He Hongqiang could not help but be a little impatient, he opened his mouth to ask just who was coming, how could they be so big, but when he saw the serious look on his big brother's face, He Hongqiang had to swallow back the question that was on his lips again, it was better not to look for scolding!

“That big brother, how about this, I'll wait here, you go up first, when the guest you're waiting for comes, I'll be responsible for guiding him up, okay?!” He Hongqiang asked cautiously.

But in reality, his heart was already very dissatisfied: “Motherfucker, which bastard is it, actually putting up such a big show? It's fine to make me wait, but to actually make big brother wait here too, what a big show!”

What kind of person was the He family's eldest brother?

The eldest son of the He family, one of the three great families of Yanjing! After all, the He family was the backbone of one faction, while the son's father was just a representative of another faction.

There is no difference between the two of them. Even if we compare carefully, in terms of the resources at his disposal, He Hongwei is even a little bit stronger than that son.

Under such circumstances, someone actually dared to make He Hongwei wait for half an hour.

Who knew that after hearing this, He Hongwei only glanced at He Hongqiang and said indifferently, “Hongqiang, remember my words, be polite when you meet someone later, got it?”

He Hongqiang was stunned and asked with some hesitation, “Big, big brother, why do your words sound a bit to me?”

He suddenly snapped his eyes wide open and asked with a difficult face, somewhat hesitantly, “Big brother, the people who are going to come later, they wouldn’t be from the Ji family, right?!”

The meaning in big brother He Hongwei’s words was clear enough, when a guest would come later, he told himself to be polite, as long as it was a guest, who would be impolite, unless it was someone didn’t want to see as a guest!

And the people who can make big brother He Hongwei treat so solemnly, in the whole Yanjing, I am afraid that only the Xiang family or the Ji family and a certain few gentry.

However, the only ones who didn’t want to see were the Ji family!

“The person coming is Ji Shaolei?” He Hongqiang asked tentatively.

“Ji Shao Dong!” He Hongwei said, “Ji Shaolei, as well as Ji Feng!”

He Hongqiang was stunned for a moment as he subconsciously asked, “What are the three of them doing here? To tear down the Wanli Club?!”

The three sons of the Ji family were like wolves and tigers!

This jingle had already been circulated in the circle of Yanjing’s gentry. Of course, this saying was full of irony.

The three of them, Ji Shaodong, Ji Shaolei and Ji Feng, did not look very impressive, except for Ji Shaodong, who had some achievements, the other two were all mediocre. Ji Shaolei was just a fop, hanging around all day, unable to do anything big.

Ji Feng, on the other hand, was still just a student, and a few days ago, he made a big scene at the Royal Club, showing the true colours of that fop, so much so that a certain person of considerable weight couldn’t help but say, “Despite being a son of the Ji family, he doesn’t forget his grassroots nature, very good!”

These words seemed to be praise, but in fact they were a secret scolding of Ji Feng, even after putting on the dragon robe, he was not like the crown prince, there was always a bandit aura about him, and as soon as he flew into the sky, he forgot his surname!

And back then, Ji Shaolei even almost didn’t smash the Wanli Club, and was even more prestigious in Yanjing.

They were really three brothers who were like wolves and tigers!

When the sons of a big family are praised, they are praised either for their greatness or for their wisdom and wisdom.

So as soon as He Hongwei said that the three brothers were from the Ji family, He Hongqiang’s first reaction was, “They’re here to crash the show?”

He Hongwei had obviously also heard of this jingle and naturally knew what was in his brother’s mind, he just glanced at He Hongqiang and sank his face, “Hongqiang, I hope you can put this opinion away completely, okay?”

Even though He Hongwei's voice was gentle, He Hongqiang was still startled, but he knew that his elder brother was angry.

"Big brother, I'm wrong!" Although He Hongqiang was arrogant, he had one great characteristic, which was that he was particularly respectful to his big brother and was very obedient.

"Remember, the saying that the three sons of the Ji family are like wolves and tigers is, perhaps, not a derogatory meaning!" He Hongwei said solemnly.

"Not in a derogatory sense?" He Hongqiang was a little puzzled.

"In time, you will know, those who underestimate them will eventually be underestimated!" He Hongwei shook his head slightly and said, "So, later on, you have to curb your temper, otherwise, don't blame me for throwing you out!"

He Hongqiang was stunned for a moment, then immediately nodded his head and said, "Big brother, I remember!"

"Mm!" He Hongwei nodded slightly as he sneered in his heart, "The three sons of the Ji family are like wolves and tigers?"

There was no telling who had actually passed on this phrase, but it was clear that the person who passed on this phrase didn't have any good intentions, but if anyone looked at this as a joke and thought that the three sons of the Ji family were really savages like wolves and tigers, then that person would become a joke!

Without having personally come into contact with the three Ji Feng brothers of the Ji family, one would not know how powerful they are, and He Hongwei has come into contact with them, so he knows.

.....

When the black BMW x6 appeared in front of the door of the Wanli Club and the three youths stepped down from the car, He Hongwei immediately stood up and walked over in big strides.

"Shao Dong, Shao Lei, senior brother Ji Feng!" He Hongwei smiled as he walked over and seriously shook hands with each of the three Ji Feng.

"Young Master He, you're not going to invite us here today, are you going to give a downer?" Ji Shaolei didn't have a good feeling towards He Hongwei, so he spoke in a very nonchalant manner.

He Hongwei laughed and patted his shoulder, not minding in the slightest, "Shao Lei, there will be good wine and good food today, guaranteed!"

Ji Shaolei rubbed his nose, the few times he had seen He Hongwei in succession, Ji Shaolei's active provocations had not received the response he deserved, which also made him feel bored, so he nodded his head and stopped talking.

It could be seen that He Hongwei seemed to have some intention of fixing things.

Ji Shadong did not say much, but he was not the least bit repulsed by this meeting, and his face still wore a kind of gentle smile as he listened to He Hongwei laughing and talking.

In fact, this meeting was only impromptu, originally only Ji Feng received an invitation from He Hongwei, the excuse was the matter of Jiangzhe Zhou's, Ji Feng gave him face, this is a favor, so to invite Ji Feng out to sit down.

However, taking advantage of the New Year, He Hongwei suddenly proposed that all three brothers of Ji Feng should come, and Ji Shaodong did not object, so Ji Feng agreed.

A group of five people, talking and laughing, came to the box, talking nonsense from the sky to the earth – in fact, originally, the two families were opposed in many aspects, and when the juniors of the two families were together, they naturally would not talk about anything substantial, and being able to sit together was already considered an improvement.

All He Hongwei wanted was for the three brothers of the Ji family to sit down, and that was enough. He wouldn't have asked for anything more, because just sitting down would have sent a signal to the outside world that people were speculating.

True or false, false or true, some news is traditionally so cloudy, but this is enough to make many people's hearts wary.

It's not that the three Ji Feng didn't understand, but they came anyway, which naturally had the three's intentions.

The three brothers of the Ji family came slowly but left quickly, and after just two or three hours, the three of them left after they had had enough wine and food.

He Hongwei stood on the steps of the corridor, watching the black BMW X6 gradually drive into the darkness, he could not help but smile slightly, I guess there will be a lot of people unable to sleep again, right?

This, is a win-win!

"Big brother, you're still going to Jiangzhou after the New Year?!" He Hongqiang next to him couldn't help but ask.

At the wine table just now, He Hongwei and Ji Feng had agreed that there would still be discussions about the pharmaceutical factory after the New Year, and that He Hongwei would also go to Jiangzhou.

He Hongwei nodded and said, "Ji Feng also means this, I think, he also wants to speed up the pace, this is something that is beneficial to both sides, why not?!"

For these things, He Hongqiang was hard to understand, and he could only scratch his head.

This year's Spring Festival passed uneventfully, except for the small incident of Zhou Fei Fei and Zhou Shilin of the Jiangzhe Zhou Clan, there was no more trouble, and Ji Feng had a very relaxing time.

After the Spring Festival, on the fifth day of the new year, Ji Feng said goodbye to the old man and his parents and drove to Jiangzhou with Tong Lei and Zhang Lei. Ji Shaodong and Ji Shaolei, on the other hand, also took separate flights back to their posts.

A new semester was about to begin.

And at this time, Ji Feng was putting his main focus on the pharmaceutical factory!

Chapter 552

On the first day after returning to Jiangzhou, Ji Feng prepared some gifts and went to Xiao Yuxuan's house to visit Xiao Changhe and Xiao's mother.

Almost all of the gifts prepared by Ji Feng came from the old man by the way, which was a complete borrowing of flowers to offer Buddha.

But after Xiao Changhe saw these gifts, his eyes almost went straight.

These two items alone could not be bought with money, let alone from his future son-in-law, which made Xiao Changhe's heart feel even more relieved.

Because school did not start until the fifteenth day of the first month, in order to avoid suspicion, Xiao Yuxuan did not go back with Ji Feng, even though her heart had already missed Ji Feng, but helplessly with her parents around, Xiao Yuxuan still could only let Ji Feng return alone.

When he was leaving, the affection conveyed by Xiao Yuxuan's big, watery eyes almost made Ji Feng say to Xiao Changhe and his wife that he and Xiao Yuxuan had already lived together, but he didn't say it when the words came to his lips.

Afterwards, Ji Feng went back to his villa in Jiangzhou.

That night, after some tender lingering, embracing Tong Lei who had already fallen asleep from exhaustion, Ji Feng did not go to bed immediately, but pondered over the high speed development of the pharmaceutical factory that was about to come hard.

There is no doubt that the pharmaceutical factory is about to enter a period of rapid development, when in Yanjing He Hongwei has also promised that within a month at the latest, the first tranche of funds will be in place, when both the equipment, or the construction of the plant, as well as the construction of the transfer station, will be on the agenda.

Under such circumstances, the first thing that Ji Feng had to consider was the security measures.

The appearance of the mysterious organisation Dynasty had given Ji Feng an inexplicable sense of crisis, while at the same time there were all kinds of past experiences that had given Ji Feng a deep sense of urgency.

Speaking of security, a name immediately came to Ji Feng's mind – Yi Xingchen!

"That's definitely a talent, having experienced real gunfire, extremely alert, and working well with his men, and strong in battle" Ji Feng rested one hand behind his head and sighed slightly, "Since the other side has set up a security company, if they want to dig Yi Xingchen and others to Tengfei Pharmaceutical Factory, it is estimated that there is not much possibility" if they take a cooperative approach, maybe there is still some possibility!"

"No matter what, we must try it tomorrow!" Ji Feng secretly decided.

.....

The next morning, Ji Feng called Han Zhong to inform him that he had arrived in Jiangzhou. However, Han Zhong, the boy, was unable to get away, and Ji Feng also had something to do, so he gave up.

Afterwards, Ji Feng called his second brother, Ji Shaolei, and asked him to help him inquire about the names and addresses of the security companies that Yi Xingchen and the other four had opened in Jiangzhou. At least so far, apart from the four Yi Xingchen, Ji Feng really did not have any suitable candidates.

After the Jardine Mansion robbery, the four Yi Xingchen had become heroes in Jiangzhou, and the security company they opened was somewhat well-known, so it wasn't difficult to check, and in less than half an hour, Ji Shaolei gave an answer.

"Star Security Company!" Hanging up the phone, Ji Feng couldn't help but shake his head and smile, this Yi Xingchen was really a talent, knowing that using his name would be a direct way to create awareness.

"Ji Feng, what are we going to this time?!" Tong Lei asked somewhat strangely, Ji Feng had taken her out in his car early in the morning but didn't say what the destination was, which made her somewhat puzzled.

"To talk business!" Ji Feng laughed, "In the pharmaceutical factory, the security force is too weak to accommodate future development, so it is necessary to reserve enough forces, otherwise, I am afraid that once a new drug appears, within three days, the prescription will fall into the hands of people with an agenda!"

Tong Lei oh, and then asked curiously, "But what am I doing following? I don't know anything about these things"

Ji Feng laughed: "Well, since I'm going to talk business as the boss, I should have a secretary by my side anyway, right? That's how I can show my style, right? You, are my secretary!"

"Fuck you!" Tong Lei pursed her lips and snapped, "I don't want to be a secretary!"

"Huh? Why is that? What's wrong with being a secretary?" Ji Feng was stunned, a little puzzled, is it bad to be a secretary?

But Tong Lei's pretty face was scarlet, but she just didn't say anything.

In fact, a few days ago, when Tong Lei was surfing the internet, she inadvertently read a sentence on the internet that made her both shy and angry, and she was very sensitive when the word secretary was mentioned.

That saying went like this: If there's something for the secretary to do, there's nothing for the secretary to do!

Even the most idiotic person would know what this phrase really meant, so naturally Tong Lei was not willing to be a secretary!

Ji Feng did not know what was in Tong Lei's mind, and when he saw Tong Lei's insistence, he just smiled and said no more. In fact, he was just afraid that Tong Lei would get bored if she stayed alone in the villa, so he brought her out with him.

Ji Feng asked, "Lei Lei, usually, apart from reading books, you can also participate in more activities organised by your classmates, or make more friends."

"I'm not going to participate!" Tong Lei wrinkled her nose and said with a hum.

Ji Feng was dumbfounded, he knew that Tong Lei must have remembered the last outing to the eastern reservoir again, that outing was indeed not very pleasant.

"Lei Lei, I'm not talking about an outing like going to the eastern reservoir, but an activity between friends, like going shopping together, shopping, or something like that!" Ji Feng laughed.

"Well, I'll try it!" Tong Lei nodded and said, "But it's not good either, they all like to discuss topics that I don't like, like who got a rich boyfriend, who's boyfriend gave another set of what brand name and so on! I don't like any of these."

Ji Feng was instantly silent, he indeed had nothing to say.

Climbing among classmates like this was not an isolated phenomenon long ago, even if they were good friends together, they would all have a climbing mentality.

Although United University was a prestigious university, it was no exception to the same rule.

In order to pursue this extravagant climbing, many students engage in a behaviour that is hard to describe, especially on every Friday evening when there are so many cars that they can't even park in front of the parking spaces in front of Union University, or even park directly on the roadside.

At the end of the day, a large number of beautiful students, such as the so-called school flower and class girl, would get beautifully picked up in those luxury cars. On Monday morning, a large number of limousines would bring those beauties back.

When they came back, they would be carrying big bags in their hands, and looking at the brand names, it seemed that they were all designer brands, and they would be wearing expensive accessories around their necks and hands, and their faces would be glowing with joy, as if something happy had happened!

As for the two days between Friday night and Monday morning, what exactly did these beauties do, hey naturally speaks for itself!

In fact, many people do not know that many of the so-called brand names, imported brands, luxury goods and so on, in foreign countries are just street goods, stall goods!

And it is these ground stall goods that are so prevalent in the city and on campus that they are really speechless.

Perhaps it was because during the Chinese New Year, the traffic in Jiangzhou was a bit outrageously convenient, and in less than half an hour, Ji Feng drove to the street where the Star Security Company was located.

“Lei Lei, get off!” Ji Feng looked at the building in front of him and smiled, “Century Building? It seems that this Star Security Company is doing quite well, actually renting an office in this Century Tower!”

The Century Tower was a very high-class office building, and renting an office in this office building was not a low cost.

Ji Feng couldn't help but smile a little bitterly, to be able to work in such a place, obviously Star Security was doing quite well in business, and he didn't know if the cooperation would be successful this time.

“Let's go!” Ji Feng said with a smile.

After looking at the display in the lobby, Star Security was on the fourth floor.

Ji Feng and Tong Lei quickly took the lift to the fourth floor and easily found the Star Security Company, to Ji Feng's surprise, this Star Security Company, actually only had a tiny office, at a glance, the face of this office was estimated to be less than thirty square feet!

Ji Feng couldn't help but wonder, how many people could there be in the company with this area? Together with the desks and some simple equipment, it would be considered good enough to sit seven or eight people!

“This is also called good business?!” Ji Feng wondered.

“This gentleman, what can I do for you”

Just at this moment, a voice suddenly came over, followed by a young man who walked over quickly, “Ee?”

Ji Feng was also stunned, this person who spoke was no other than Yao Zhi-key who had once worked briefly with Jardine House!

Only, Yao Zhijian could not recognize Ji Feng, because at the time when Ji Feng was acting, he was wearing a mask, Yao Zhijian had not seen his real face, so naturally he could not recognize him.

Ji Feng smiled and asked, “I'm looking for your boss!”

“Ee?!”

Yao Zhi-key eeped again and looked at Ji Feng with some surprise before he smiled and said, “You two please sit inside, our boss has gone to the training room, I'm going to inform him and will be back soon!”

Ji Feng nodded with a smile and sat down on a chair at the entrance of Star Security's office with Tong Lei, but it dawned on him that no wonder the office here was so small, so there was a training room.

“Where is your training room?” Ji Feng asked casually.

“In the basement of the building, after all, we usually have to train, if we always make a fluttering sound, we will also make noise to others” Yao Zhi key laughed.

The first thing you need to do is to get a good idea of what you are getting into.

Yao Zhijian, however, was sizing up Ji Feng from time to time, his heart full of doubts.

After a moment's hesitation, Yao Zhijian smiled, "This gentleman, I wonder how to address him? I hear a very familiar voice of a gentleman, have we met before?"

Ji Feng instantly laughed, this kid was testing himself

Chapter 553

"Familiar? Maybe I've seen it somewhere before!" Ji Feng smiled faintly, not admitting or denying.

Yao Zhi Key got a little depressed, what did this mean? Had he seen it before or had he never seen it before?

After thinking about it, he had a plan in mind and smiled, "What's this gentleman's name?"

"Ji Feng!" Ji Feng said with a faint smile.

"So it's Mr. Ji, what a pleasure to meet you" Yao Zhijian said with a smile on his face, while in his heart he was secretly thinking, had he met this person named Ji Feng?

"Then what"

Yao Zhi Key smiled slightly and said, "Mr. Ji, you two please wait a moment, I'll go and see why our boss hasn't come yet!"

He stood up and waved his hand, and a young girl dressed in professional attire quickly walked over.

"Pour water for the two guests!" Yao Zhijian said, "You stay here with the two guests and talk first, I'll go and find the boss, remember, make sure you show all your enthusiasm, got it?"

The young girl immediately nodded and said, "Yes, Mr. Yao!"

Mr. Yao?

Ji Feng couldn't help but secretly laugh, how old was this boy Yao Zhijian, and how dare he call himself 'Chief'?

Yao Zhijian, however, took it in stride, smiled at Ji Feng and nodded, and then quickly walked out.

.....

The first time he got out of the lift, he saw Yao Zhigian walking in a hurry, with a thoughtful look on his face, as if he had some difficult problem that he couldn't solve.

"Xiao Yao, what's wrong?" Yi Xingchen asked in a loud voice.

When Yao Zhijian saw that it was Yi Xingchen, he immediately said, "Boss Yi, it's strange, really strange!"

"What's strange?!" Yi Xing Chen frowned and asked, "Where are those two guests who came? This is the first business after the New Year, don't mess it up, we must make it a good opening!"

"Just seem about those two guests!"

Yao Zhi key deliberated for a while before saying, "Boss Yi, it's like this, the two customers who came just now, a man and a woman, looked like male and female friends" They haven't stated their

intentions, they just said they were looking for you. But what struck me as odd was the man, I always felt I had seen him somewhere, no, I was sure I must have seen him somewhere and was particularly impressed! But in my memory, I've never seen that face before, yet there he stands, I just feel like I've seen him before Isn't that strange?"

Although Yao Zhi key said very vague, one would have seen a moment had not seen, appeared very confusing. However, Yi Xingchen was to understand.

"You mean to say that you have seen that man's figure but not his face, right?" For Yao Zhiji's eyesight, Yi Xingchen was absolutely convinced.

What was Yao Zhijian's best skill? What he was best at, was firearms, and especially being a sniper, he was superb. If such a person said that he saw a person who looked familiar, it would prove that he had really seen that person!

However, Yao Zhijian then said that he hadn't seen that face, so that could only mean that what Yao Zhijian saw at that time was either the back of that person, or, that person was blocked by something

Swish!

Yao Zhi Key's eyes instantly lit up and he immediately nodded his head and said, "That's right, that's right! Boss Yi, I remembered when you said that, indeed, if that face of his was blocked, it would look even more familiar I can have such a deep impression, that person must be very special! But who could it be"

Yi Xingchen frowned, "Could it be, could it be someone from over in Africa? Or, is it someone from another mercenary group who came to scout the bottom?"

Yao Zhi key shook his head slightly and said with some hesitation, "This shouldn't be possible, I don't think those two people should be malicious."

"Little Yao, the problem is back?" Yi Xingchen's face sank, "How many times have I told you, for many people, it's not that difficult to disguise a kind face, you can't trust anyone easily, have you forgotten what happened in Africa?"

Yao Zhijian shrank back and muttered in a small voice, "But this man is different!"

"It's useless to talk about this now, it's better to go and meet the other party first, ask them about their intentions, and then discuss countermeasures!" Yi Xingchen waved his hand and took the lead to walk over.

.....

"Miss, your company's business is very good, right? I heard that your boss is a big hero who can catch robbers!" Ji Feng asked with a smile on his face.

"Mister seems to be here in admiration, right? That's right, although our company is small in number and size, our personnel are all elite and extremely capable of doing business" As soon as he mentioned the company's business, this receptionist immediately gushed about it.

Ji Feng instantly regretted asking this question, he originally only wanted to ask about the business of Star Security so as to decide how to negotiate with Yi Xingchen about cooperation, but now, just listening to this girl introduce all the benefits of the company

Ji Feng and Tong Lei looked at each other and both saw the smile in each other's eyes.

Just at this time, a footstep came and a tall figure appeared at the door, it was none other than Yi Xingchen, who had not been seen for several months. Perhaps because he had lived a comfortable life, at this moment, Yi Xingchen looked a lot whiter than he did a few months ago, and his whole person also looked more civilized, and he looked like a boss.

"Boss!" The girl immediately stood up as soon as she saw Yi Xingchen arrive.

Yi Xingchen walked in with big strides, and behind him, he was followed by Yao Zhiji who had gone out earlier.

"This must be Mr. Ji, right?" Yi Xingchen asked with a smile on his face as he extended his hand with a smile.

"Hello, Boss Yi!" Ji Feng also smiled and stood up, shook hands with Yi Xingchen, but suddenly felt a strong force coming from his hand, Ji Feng was stunned, then he laughed in his heart, this Yi Xingchen was also trying to test himself.

"If you reveal your identity, there is nothing wrong with it, and it might even promote cooperation" Ji Feng's mind turned rapidly, "However, the first thing we must ensure is that we must make sure that we are the masked man in the Jardine House The news of that is controlled to a minimum!"

Thinking of this, Ji Feng's hand exerted a slight force, which immediately counteracted the strong force coming from Yi Xingchen's hand.

Yi Xingchen instantly lit up and gave a secret praise in his heart, "Good strength!"

Ji Feng laughed, "Boss Yi, you don't think you want to just keep holding it like this, do you?"

"Haha" Yi Xingchen laughed brightly and gave a thumbs up, saying, "Mr. Ji's strength is really strong, I admire it!"

Ji Feng lost his smile and said, "Your strength is not weak either!"

Yi Xingchen's heart was even more alert, if it was just about strength alone, this Ji Feng's strength was definitely not below his, if the other party was coming from a bad place, maybe it would really be troublesome

"I don't know what Mr. Ji is here for today" Yi Xingchen collected his mind and asked with a smile, "Just now our reception has already given you an introduction to our company's business scope, right?"

Ji Feng waved his hand and smiled, "I'm here today to talk to you about a special business, simply put, I want to cooperate with you!"

"Cooperation?!" Yi Xingchen was stunned, "How can I cooperate?"

“Let’s put it this way, I have a pharmaceutical factory with a few new prescriptions and some other trade secrets that may cause others to covet ……” Ji Feng said with deliberation, “But then, our pharmaceutical factory’s own security force, is not enough to protect the security of the pharmaceutical plant, so I would like to ask your Star Security Company to send someone, based in the pharmaceutical plant, to protect the commercial secrets of the pharmaceutical plant, as well as the personal safety of some important employees and their families!”

“Like that ……”

Yi Xingchen couldn’t help but hesitate, this was really a new form of cooperation, some of the business the company was now taking on was similar to the ancient dart board, except that it was all confined to the local area of Jiangzhou, for example, for the security of an important event, apart from the police, the organizer would also hire some security companies for security purposes, after all, unlike the police’s vision, the role played by security companies was irreplaceable.

Apart from that, there are other kinds of business, such as being temporary bodyguards, escorting something or someone from a certain place and then to a certain place.

For example, some companies would hire an escort when their finance staff go to the bank to withdraw money if the amount is huge, or some companies carrying some important business information would hire an escort …… Of course, most of those who can afford to hire a security company to escort them are the kind of mega companies.

But no matter which form of business it is, it is basically short term, the longest is 10 days and half a month, which is already considered long.

Even in the past when I was a mercenary, the most I could do was to fight a war, or be in charge of escort work or something like that, that didn’t have the experience of being based somewhere doing security work!

So, Yi Xingchen had to be cautious, after all, the company had just opened up, just started, not really on the right track yet, if something went wrong in the middle, then it would be a big heel!

“Mr. Ji, to be honest, we haven’t taken on this type of business yet, so we may be a little short of experience!” Yi Xingchen still decided to tell the truth, after all, if our ability is not up to par, even if we take the job, we may still smash it in our hands, “In addition, we don’t have a lot of manpower, if we send someone to be based in your pharmaceutical factory, other businesses may be tied up …… after all, excellent employees are not easy to understand.”

“I can certainly understand that!”

Ji Feng nodded with a smile and said, “Insufficient experience, you can learn slowly, and not everyone will, not to mention that I still have confidence in your ability, Boss Yi. As for the lack of manpower, there should be quite a few people in your mercenary group, right? Find some trustworthy people and bring them all back, and I’ll help you with the identity issue, how about that?!”

Swish!

Yi Xing Chen and Yao Zhi Key’s faces changed at the same time and asked in unison, “How do you know?!”

Chapter 554

“This gentleman, may I ask how you know our identity?!” Yi Xingchen asked in a deep voice, “If I remember correctly, we have not advertised this as a gimmick in Jiangzhou, where did you learn about it from, sir?!”

Yi Xingchen and Yao Zhijian both looked at Ji Feng with extreme caution, the fact that they had once worked as mercenaries abroad was not strictly confidential, but at least not many people knew about it. Even within the company, only the four of them knew about it, Yi Xingchen. The others knew nothing about Yi Xingchen and the others’ past.

You know, now that they were running a security company, there was a huge difference between being a mercenary and being a mercenary. Being a mercenary was all about completing missions and achieving goals, and there were so many of them that there were no restrictions on the use of weapons, and sometimes even a small mercenary group could influence the political situation and war in a small country.

But security companies are different. First of all, there are restrictions on the use of weapons!

There is a big difference between the environment in China and abroad. In foreign countries, weapons can be said to be almost to the point of proliferation, while in some chaotic places like Africa, heavy weapons like rocket launchers are very common.

But in China, even the dispensing of guns has to go through strict scrutiny by higher authorities and is very strictly controlled.

If you want to keep your company running, you have to abide by the rules of the game, or else you will only end up being kicked out of the game.

However, those mercenary groups are different.

When you work abroad as a mercenary, it is inevitable that you will make enemies, and mercenaries are brave and ruthless, so most of the time when you make an enemy, it is a deadly one.

And when carrying out missions, it was also inevitable that one would make enemies with people, so Yi Xingchen knew very well that he definitely had a lot of enemies.

If those enemies from abroad came looking for him, he would definitely make himself anxious when the time came!

Therefore, Yi Xingchen was already extremely wary of Ji Feng, and at this moment, when he suddenly heard him talk about where he and the others came from, he suddenly became even more wary, especially Yao Zhijian, whose hands all started to slowly feel towards the back of his waist.

The two people’s vigilance and small movements naturally could not be concealed from Ji Feng’s eyes, he smiled and said: “You don’t need to be nervous, I am genuinely here to seek cooperation, there is no malice. As for your identities, this is not a secret to many people, after all, you are to be in possession of weapons, it is impossible for the above not to check!”

"I just want to know, where did sir know this from!" Yi Xingchen asked in a deep voice. He was naturally not afraid if the people above investigated, what he feared the most was that his enemies would seek him out.

Tong Lei also sensed that something was wrong, her eyebrows knitted slightly and she stood up at once, blocking in front of Ji Feng, grunting delicately, "What are you doing?!"

For Tong Lei's action, Ji Feng was touched in his heart, if it was a normal girl in such a situation, many would be hiding behind her boyfriend.

But Ji Feng also bitterly smiled, Tong Lei this move, but it became a sword-drawn confrontation situation.

As a matter of fact, Yi Xingchen and Yao Zhijian took a step back, and the two of them had a sharp look in their eyes, looking like they were about to make a move.

Swish!

Ji Feng fiercely stepped forward and reached out his hand, "Two, don't be nervous, my girlfriend is also just worried about my safety, there is no malice since I know your identity, in order to show my sincerity, I will tell you the truth."

"What do you want to say?!" Yi Xingchen asked warily, was the other party trying to stall for time? Or did he really have something to say?

Ji Feng shook his head and smiled as he reached out and lifted the hem of his shirt

"Don't move!"

Yao Zhi Key suddenly tensed up and jerked out his pistol, pointing it at Ji Feng.

"Ah!"

The girl who was in charge of the reception next to him immediately screamed, scared out of her wits and backed away in a panic.

But Tong Lei's pretty face sank and she shouted, "Put the gun down! How dare you!"

At this time, Tong Lei was the real her, cold and arrogant, and would not allow her boyfriend to be hurt by others!

"Don't be nervous, the two of you who are used to being mercenaries, there's no need to be so much like an enemy, right?" Ji Feng laughed and casually lifted the hem of his shirt to block his face, "Two, it should look a bit familiar, right?"

Originally, Ji Feng did not intend to meet with Yi Xingchen and the two of them as the masked man from Jardine House, after all, there were also islanders involved in the robbery of Jardine House, Ji Feng did not want to bring himself unnecessary trouble just because of this matter.

For the islanders, Ji Feng had heard a bit about them, especially since he had personally experienced the incident at Jardine House, and had palpitations about the ruthless and cruel style of action of the islanders.

If the islanders knew that their plan had failed because of their own intervention, it would not matter if they took revenge on themselves, but if they took revenge on Yu Xuan and the girls, it would be too much to prevent.

However, in order to be able to invite Yi Xingchen and others, Ji Feng had to admit his status. After all, talents are hard to find, and apart from Yi Xingchen and others, Ji Feng could not really find any suitable candidates to take up the heavy responsibility of security for the time being.

Du Shaofeng was fine, although he seemed to be a simple man, but if anyone thought he was lacking in heart or mind, that person must be lacking in heart.

But now Du Shaofeng has no semblance of experience, and despite his ability, he cannot immediately take up the heavy responsibility of security.

As for the other security companies, God knows how capable they are, and even if they are capable enough, who can guarantee that they won't monitor and steal?

Only Yi Xingchen and the others were the ones that Ji Feng both knew the details and had enough ability.

With a smile on his face, Ji Feng exchanged a glance with Tong Lei and gave her a reassuring smile.

At this time, the opposite side of the room, Yi Xingchen and Yao Zhijian, were frozen in their tracks. Both of them looked at Ji Feng, whose face was blocked by the hem of his clothes, and their eyes were filled with a look of shock.

Yao Zhijian, in particular, was full of excitement. He fiercely turned his head to look at Yi Xingchen, pointed his finger at Ji Feng and stammered, "Boss Yi, he, he looks familiar to you, doesn't he? Very much like a person?!"

Yi Xingchen was also full of consternation, he took a deep breath before he slowly calmed down and nodded, "So it's you!"

Ji Feng let go of his hand, put the hem of his clothes down, looked at the two of them and smiled, "How about it, can we sit down and talk about cooperation now?!"

"Of course you can!" Yi Xing Chen immediately nodded his head. At the beginning, during the incident at Jardine House, Ji Feng had left the safe path to the four of them, while he himself had chosen to attack the most dangerous path from the front, and had almost been shot dead, this was a favor.

For this alone, Yi Xingchen was incredibly enthusiastic about Ji Feng. Not to mention, Ji Feng's skills and abilities, as well as that godly and unpredictable tactics, made all four of them admire Yi Xingchen beyond measure.

"Mr. Ji, it's not convenient to talk here, please follow me!" Despite Yi Xingchen's calmness and atmosphere, he couldn't help but be a little excited after suddenly knowing Ji Feng's identity.

Ji Feng smiled and nodded, holding Tong Lei's little hand, he followed behind Yi Xingchen and headed out, Yao Zhijian even ran quickly to the door and made a gesture of invitation, looking equally happy.

"Mr Ji, please!" Yao Zhi-key said with a smile.

For the amazing performance of Ji Feng in the Jardine Mansion, Yao Zhijian was simply both envious and admiring. Although he was somewhat good at playing with guns, he was much worse when it came to physical skills, even compared to Guo Tao and Liu Zejun, he was still very far behind.

Yao Zhijian, on the other hand, wished more than anything that he was stronger, because in many cases, he might not even have the chance to draw his gun.

For Ji Feng, who was somewhat outrageously strong, Yao Zhijian certainly had even more admiration.

“Boss Yi, where are we going here?” Ji Feng asked with a smile.

“The underground training room!”

Yi Xingchen smiled as he walked, “To tell the truth, this company has just opened not a few months ago, the business actually did not receive much, and are some small business, and the office rent in this office building is too expensive, but the basement is more cost-effective”

The first thing you need to do is to get a good idea of what you’re looking for.

A group of four people took the lift to the basement, Ji Feng suddenly felt enlightened.

The first thing you need to do is to take a look at the basement, which is extremely open compared to the small area of the office upstairs, with hundreds of square feet, and there are several offices inside, as well as various supporting training facilities. At this moment, there were seven or eight people wearing shorts and tank tops in this underground training time, and they were desperately training.

There were two other people, who were guiding these people in their training, namely Guo Tao and Liu Zejun.

What made Ji Feng’s eyes shine was that the training of these people was not about pursuing individual training, but about cooperating with each other. It could be seen that the cooperation between these people was still a bit raw, but the formation had been established, and as long as this cooperation was mastered skilfully, the power must be very good.

“Guo Tao, Liu Zejun, look who’s here!” Yao Zhijian was still a teenager at heart, and yelled loudly as soon as he entered.

Liu Zejun and the two of them immediately turned their heads, they saw Ji Feng and Tong Lei, they couldn’t help but be stunned, what a pair of handsome men and beautiful women!

However, Yao Zhijian is not a horny person, how could he be so excited!

Yi Xingchen waved his hand and said, “Continue training!”

“Yes!” The crowd answered in unison.

Yi Xingchen smiled and said, “Mr. Ji, this way please!”

Ji Feng smiled and nodded, followed behind Yi Xingchen and walked into one of the offices, Yao Zhijian immediately had the sense to close the door outside, but did not follow him in, but ran to Liu Zejun and Guo Tao, the masked man from the Jardine Mansion had arrived, he had to tell his two best friends the news first!

“Boss Yi, my proposal, how are you considering it?” As soon as he sat down, Ji Feng asked directly to the point, since both sides already knew their identities, there would be no point in beating around the bush.

Chapter 555

Despite knowing Ji Feng’s identity, Yi Xingchen did not rush to answer Ji Feng’s question, but deliberated carefully for a moment.

Ji Feng, however, nodded appreciatively, if Yi Xingchen had agreed immediately, Ji Feng would really have to look at the rate properly, now that Yi Xingchen deliberated carefully, it proved that he was not perfunctory.

“Mr. Ji, truth be told, our company’s situation as you can see, is just starting out now, manpower is really not a lot, and in addition to the four of us, the others are just recruited some veterans,” Yi Xingchen first put the company’s situation briefly introduced, before continuing, “So what, if we take this business from you, we won’t have the energy to do any other work!”

Ji Feng nodded slightly and said, “I know all this.”

“Actually, the reason why we came back and started this company is just because we were tired of staying abroad and thought of retiring!” Yi Xingchen laughed, “Being a security guard, although it is also very draining, is naturally much better than being a mercenary.”

Ji Feng just listened quietly and didn’t reply.

“Mr. Ji, in fact, frankly speaking, the money we several brothers have earned over the years is enough to live on for the rest of our lives, so we wouldn’t want to go back to doing something too intense now” Yi Xingchen smiled, “Our company also It’s not that no big companies have come looking, but we haven’t said yes to any of them!”

“Then” Ji Feng felt that since the other party had put it to this point, he couldn’t say much more.

“Working under Mr. Ji, I think it will definitely be a lot easier than being a mercenary, and you don’t have to run around to take jobs, of course, more importantly, you should be able to learn a lot of things” Yi Xingchen, however, suddenly turned his words around and smiled, saying. “If Mr. Ji can afford the price, why don’t you put our company under your name?”

“Hmm?!” Ji Feng was stunned and somewhat did not understand what Yi Xingchen meant.

“I mean, Mr. Ji can fund the company and take it over.” Yi Xingchen smiled, “With Mr. Ji’s skills, he even has to look for security personnel, that’s enough to show that the trouble Mr. Ji is facing should not be small, then, these new recruits of our company might not even be of much help, I believe Mr. Ji should not feel fond of them.”

“Therefore, I hope Mr. Ji can fund and transfer the company to your name, even if it is to find someone to manage it, but don’t give up on Star Security, after all, it is not easy to be a soldier, you can’t let them lose their jobs again just after they have found them” Yi Xingchen said, and then apologized, “I know that this may distract you, but” Hi! It’s probably the inertia of being a mercenary”

Only then did Ji Feng understand what Yi Xingchen meant, and he couldn’t help but hesitate a little.

Running a company wasn't as easy as one might think, something he already knew, let alone a service company like this!

"What about those mercenary men you used to have abroad?" Ji Feng suddenly asked.

"To tell you the truth, those former brothers, many of them do not want to retire, besides, we have quite a few enemies abroad, because we do not want to invite those previous incidents again, so" Yi Xingchen shook his head with a bitter smile.

Ji Feng then understood, not everyone can have a light heart and mind, moreover, in that kind of place where death is like eating a family meal, in order to live, even for a little bit of petty profit, it is possible to betray others, this is really more than normal.

"Your security company, how much is the registered capital?!" Ji Feng asked.

"Ten million Huaxia dollars!" Yi Xingchen said immediately.

"Ten million?!" Ji Feng was stunned, "A security company's registered capital, does it need that much?!"

Yi Xingchen smiled, "It seems that Mr. Ji may not know much about this business, the registered capital, on the one hand, is a symbol of strength, on the other hand, when there is business coming, the customer will first assess how strong the company is, at least, if something goes wrong, can it afford to pay for the breach of contract, these are the first issues to consider!"

Ji Feng then nodded slightly and said, "So that's how it is" Frankly speaking, this proposal of yours makes it difficult for me because inside the people I know, only a few of you are proficient in this business, but if our cooperation is successful, once you get busy, you may not have time to manage the company"

Yi Xingchen also fell silent, this condition Ji Feng can't accept, this cooperation is much less likely, I guess

"Ji Feng, I have a suggestion, I don't know if it's okay!" Tong Lei, who had not spoken, suddenly said.

"Hmm?!"

Ji Feng was stunned, immediately nodded and laughed: "Lei Lei, what is the suggestion, just say it directly, we are the authorities, you are the spectator, maybe there is some constructive advice, say it?!"

I just think that since the biggest obstacle to your cooperation is the new veterans recruited by Star Security, and the boss is also planning to give up the company, how about this, Ji Feng, you set up another security department in the pharmaceutical factory as an independent department, and transfer those veterans to the security department. The same can be transferred to the security department."

"Eh?!" Ji Feng and Yi Xingchen lit up at the same time, that was an idea.

"Lei Lei, you continue!" Ji Feng immediately pursued, "What else?"

"Since this security department is an independent department, it can naturally take on internal and external business, to protect the pharmaceutical factory internally, and externally, it can be the same as

the business that Star Security is running now, only the business volume will be smaller and the scope will be smaller as well.”

Tong Lei said deliberately, “In this way, those ex-soldiers already have a solid foundation, so they will definitely learn things quickly. When they can be on their own, the security department will naturally be able to exert more energy. At that time, whether you decide to let the security department continue to take on outside business or continue to expand and train new people will depend on how you make your decisions”

Ji Feng and Yi Xingchen looked at each other and both had a feeling of clarity.

Setting up the security department as an independent department, responsible for both the security of the pharmaceutical factory and for taking on external business, was definitely an excellent strategy to feed the war with the war.

In this way, Ji Feng would only need to spend a very small amount of money to be able to maintain the company’s operation, while allowing the security department to protect the pharmaceutical plant.

However, on second thought, Ji Feng was a little hesitant: “Boss Yi, if you don’t give up on the company, I believe that with your ability, it will only take a year or two at most to open up the situation and make another career. But now, you have given up the company so easily”

Yi Xingchen immediately understood Ji Feng’s meaning, and he knew that Ji Feng had some concerns.

Shaking his head slightly, Yi Xingchen smiled, “Mr. Ji, do you think that if I were to make money, I would still come back from abroad? In fact, there are only two reasons for setting up this Star Security Company. First, we brothers were born together and died together, so we were not willing to be separated, so we found a job that we could all do, but we did not want to be under someone else’s command, so we set up the Star Security Company!

The second reason is even simpler, after all, we are all used to handling guns, although we are a bit tired, but we have also developed a habit! The second reason is even simpler.

Ji Feng instantly smiled: “I understand” Since that’s the case, Boss Yi, then we’ll” have a good cooperation?!”

“Happy cooperation!” Yi Xingchen laughed loudly and stood up to shake hands with Ji Feng: “Mr. Ji, isn’t it too much trouble for us to address each other like this?”

“Then you can just call me Ji Feng, you’re a few years older than me, I’ll call you Big Brother Yi!” Ji Feng said with a smile.

“That won’t do, from now on I’ll be working for you, so naturally I’ll have to change my name to boss, you can just call me Xing Chen directly, otherwise, just call me Old Yi!” Yi Xingchen waved his hand and said rather boldly.

Ji Feng also stopped insisting, smiled and nodded, saying, “Old Yi, before I came to talk to you today, I didn’t expect this result, thanks a lot!”

“Boss, I promise you, this comes with conditions.” Yi Xingchen laughed, “Boss, your godly and unpredictable body skills, more or less, you have to teach some of them to your brothers, right?”

Ji Feng immediately laughed, “No problem, the stronger you guys are, the safer the pharmaceutical factory will be, but aren’t you guys going to retire?”

“Boss, people like us, when we see a master naturally hehehe!” Yi Xingchen laughed heatedly.

Ji Feng then smiled and nodded, saying, “Don’t worry, I’ll definitely do my best to pass it on.”

“Good!” Yi Xingchen fisted his palms and said joyfully, “How about this, I’ll call a few of them over, Guo Tao and Liu Zejun still don’t know that the boss is here Please wait a moment!”

Yi Xingchen was just about to turn around and go out, when he heard a bang, the door of the office was pushed open, and three people walked in, the one in the forefront was Yao Zhijian, and behind him, followed by Liu Zejun and Guo Tao who had an excited look on their faces.

“It looks like you two know about it too?”

Looking at Liu Zejun and Guo Tao, Yi Xingchen knew that it must be Yao Zhijian who had told Ji Feng’s identity, “Come over and call the boss!”

“Boss?” All three of Yao Zhijian were stunned.

“I have planned to write off the company, and all of us in the company, have signed contracts with Mr. Ji again, and are considered to be working for him,” Yi Xingchen immediately detailed the results of his previous discussion with Ji Feng, while analyzing all the benefits and disadvantages of it.

In fact, the so-called disadvantages are that from now on they have gone from being their own bosses to working for Ji Feng, and they may not be free in some places.

For Yao Zhijian and the three of them, this was nothing at all. When they opened their own companies to take business, they were often angry with their clients, and without any roots in Jiangzhou, they didn’t have a lot of business, so they might as well follow Ji Feng.

After hearing this, the three of them did not hesitate in the slightest and said with one voice, “Boss!”

Chapter 556

The relevant departments were basically staffed on the sixth day of the New Year, so on the second day Yi Xingchen went to the relevant departments with various documents and formalities to cancel the Star Security Company.

Afterwards, Ji Feng immediately informed Han Zhong and told him about the Star Security Company and asked him to prepare a contract. Although the cooperation with Yi Xingchen did not depend on a paper contract, the contract was essential as it represented the trust of both parties.

On the morning of the ninth day of the year, the four of them drove to the Tengfei Pharmaceutical Factory according to the address given by Ji Feng.

Because the pharmaceutical factory had not resumed production at this time, the factory building, which was quite large in size, looked cold and clear, with only two security guards hiding in the security

booth at the entrance, smoking cigarettes and drinking a little wine, seemingly very pleased with themselves.

When Ji Feng and Han Zhong came here, what they saw was the two security guards of the pharmaceutical factory, one lying on a table, the other limp on a chair whirring and sleeping, the heater next to them was still turned on to its fullest, looking as if they were people who had spent cat winters in the north.

Seeing this scene, Ji Feng had not said anything, but Han Zhong's face sank with a swish. He immediately turned his head and stole a glance at Ji Feng, seeing that the latter did not say anything and had no expression on his face, Han Zhong was a bit uncertain.

Just before this, Ji Feng had just praised Han Zhong for his good management and was working on a contract to allocate shares to Han Zhong, but now this kind of thing had happened, which made Han Zhong simply not have the face to see Ji Feng, and his face was burning hot.

"Bang!" With a bang.

With a gloomy face, Han Zhong kicked the door of the security room open, and a strong smell of alcohol immediately came to his nose, the pungent smell made Han Zhong immediately frown, he almost didn't even slow down his breath!

"Two bastards!" Han Zhong snorted coldly, his chest heaving violently, fire almost coming out of his eyes!

"Han Zhong!"

Ji Feng shook his head slightly and looked at the three empty bottles of Old White Dry lying east and west on the table, sighed lightly and said, "Forget it, these two must have drunk a lot, you may not be able to wake them up even if you scream"

"These two bastards, if we were thieves, they probably would have emptied the entire pharmaceutical factory and they wouldn't have known!" Han Zhong gritted his teeth and said, "Originally I had planned to replace these two guys when I saw that they were a bit lazy, but I didn't insist any longer when I had the assurance from factory manager Yang that these two guards had been working here for several years and were definitely fine. But now it looks like it's lucky we're here now, otherwise, this Tengfei Pharmaceutical Factory would be lucky to be standing, not to mention taking off!"

Ji Feng faintly shook his head and asked, "There should still be security guards inside, right?"

"There are still two security guards inside!" Han Zhong said, "There are a total of eight security guards in the factory, divided into two groups, on duty during the day and night, a group of four, two on duty at the same time, day and night cycle We'll go and see what's going on inside, if those two guys are still behaving like this, I'll resign voluntarily!"

As he spoke, Han Zhong's face was ugly.

In fact, this is no wonder, for Han Zhong, he has always regarded the pharmaceutical factory as a place where he can make a big show, hoping that this will prove his ability. He also knew very well that the pharmaceutical factory was about to enter a period of rapid development, and under such

circumstances, the factory's security guards had such problems, Ji Feng would not say anything, but Han Zhong was extremely upset.

"What, knowing that the sales of the factory's products are guaranteed, you're slacking off in your work?" Han Zhong could even imagine that there must be people in the factory who thought this way.

Ji Feng smiled and waved his hand, saying, "You are really overstating things, Han Zhong, you are in charge of the big picture, and the situation in the factory is also a bit complicated, you naturally can't be meticulous to every employee Don't say so much, go inside first, if the two security guards inside are still normal, hurry up and have them clean up the place, later on Yi Xingchen and the others are going to arrive"

Han Zhong slapped his head and hummed, "I'm all pissed off by these two bastards, hurry up!"

Ji Feng couldn't help but laugh dumbly, in fact, he was absolutely sure of Han Zhong's ability, moreover, he also absolutely trusted Han Zhong, the matter of these two security guards was also a trivial matter, there was nothing to make a fuss about, those who are bosses and those who are employees definitely have different mentality and see things from a different perspective, this matter could not be blamed on Han Zhong.

Fortunately, when Ji Feng and Han Zhong arrived at the factory, they found two security guards wearing military coats, talking and laughing as they made their rounds.

"That's more like it!" Han Zhong then let out a sigh of relief and hummed, "Giving them three times their salary for New Year's Eve is for them to come and drink? It's really these two, each of them will be paid an extra half month's salary as a reward!"

Ji Feng nodded and laughed: "You are the old boss, naturally you are the one to make the decision!"

Han Zhong then sweated a little, he shook his head and laughed bitterly, "Today is kind of a disgrace ah you two!"

The two security guards were stunned, and when they realized it was Han Zhong and Ji Feng, they immediately ran over quickly, "Boss, General Manager Han!"

Ji Feng smiled and nodded, saying, "I need you guys to be on duty here for New Year's Eve, thank you for your hard work."

The two immediately scratched their heads and laughed somewhat unkindly, "It's all the right thing to do, and we're too far away from home, and the train tickets are too tight for New Year's Eve, so we can't go back to"

Han Zhong said, "Well, I know all about your hard work, the boss has decided that he will pay half a month more this month as a reward for you is half of three times the salary ah, huh!"

The two security guards were immediately overjoyed and nodded their heads in a panic, saying, "Thank you, boss, thank you, Mr. Han!"

"This is what you guys deserve!" Han Zhong nodded, and then gritted his teeth and said, "Now, you guys go and help the two guys at the door, to the rest room, and also please clean up the guard post at the door, there will be guests coming later By the way, when those two guys wake up, tell them that

from today onwards, they don't have to come to work, and when the factory opens, tell them to go to the finance to settle their wages

"Wait a minute!" Ji Feng suddenly spoke out and interrupted Chief Han as he said, "You two help the men away first, then tidy up the post, and don't say anything else!"

"Yes!" The two of them answered at the same time and hurriedly left, they naturally could see that the boss and the old chief were not in too good a mood, it was better not to stay or else they might not even get a bonus later.

"Ji Feng, what's the point of keeping that kind of person?" Han Zhong asked, frowning.

"There's no way, this is the agreement with Yang Dezhao before, you can't fire employees easily!" Ji Feng shook his head and laughed, "Let's get down to business first, the matter of sacking them, wait until later."

In fact, Ji Feng had another plan, keeping those two security guards might not be useless!

"You are the boss, you have the say!" Han Zhong shook his head slightly and said, "However, if the factory wants to develop and grow, discipline is strict, which is a must, this kind of thing can't be done once!"

Ji Feng smiled and nodded, saying, "No problem, no problem!"

"Ding" The phone suddenly rang, Ji Feng took out his phone and took a look, then he smiled, "Yi Xingchen and the others are about to arrive, let's go wait for them at the door!"

.....

The arrival of Yi Xingchen's four people undoubtedly made this cold pharmaceutical factory much livelier. And the four's professional vision also opened Han Zhong's eyes.

"Boss, this pharmaceutical factory of yours, it's practically unguarded!" After walking around the pharmaceutical factory, Yi Xing Chen and the four of them immediately laughed, "If it were me, I could steal what I want at any time."

"That's why we should ask you guys to join us, you're the professionals in this area!" Ji Feng laughed.

"Well, then I won't say any more nonsense, boss, I've made some simple arrangements, take a look!" Yi Xingchen took out a piece of paper, on which a bird's eye view of the pharmaceutical factory was roughly drawn, and there were also some circles on it, "Boss, the places where the circles are drawn, are the posts that are going to be equipped, and these black dots, are where the monitoring devices will be configured, what do you think?"

Ji Feng took a glance at it and suddenly nodded secretly, such a configuration, at least on the periphery, was already considered very good, in fact this periphery did not need too tight defense, what really needed serious protection was the laboratory.

Han Zhong originally couldn't understand it, but after Yi Xing Chen explained briefly, such as how several guard points would cooperate with each other, how to patrol and so on, Han Zhong's eyes were suddenly opened, this kind of thing, he had never come across before.

Although the Han Group's building was also equipped with some professionally trained security guards, but compared to Yi Xingchen's four, it was really far from it.

These four people were definitely professionals in this field!

With this knowledge, Han Zhong became even more enthusiastic and took out the prepared contract to sign with the four Yi Xingchen.

Yi Xingchen had already had an agreement with Ji Feng, so he also simply looked at the contract and signed his name directly.

When everything was ready, Ji Feng suddenly remembered another question and asked, "Old Yi, where are you living now? There are staff dormitories in the factory, and although there are not many people living there, the environment is fine, so why don't you guys move over here first, and when the new dormitories are built, you can move there."

Ji Feng had already contacted his second brother Ji Shaolei and had started planning now, the pharmaceutical factory must be expanded, moreover, almost all the hardware facilities must be improved, all that was waiting now was He Hongwei's funds.

"No problem!" Yi Xingchen laughed, "The environment doesn't matter, we're all used to it!"

As mercenaries, sometimes the harsh environments they experienced were beyond the imagination of others.

Ji Feng then nodded with a smile and said, "Those few ex-soldiers under you, let them stay in too, the contracts are all ready too, they can start working right away!"

"Boss, don't worry, we can move in tonight, from now on the security work will be taken care of by us!" Yi Xingchen laughed, "Only, now we still need the boss to approve a sum of money, to buy some equipment first!"

Ji Feng instantly laughed, "You guy, this just took office and you're reaching for money No problem, you guys discuss with Han Zhong, as long as it's needed, you can mention it!"

Chapter 557

For the next two months or so, Ji Feng was simply too busy.

Although the pharmaceutical factory had been put under Xiao Yuxuan's name, in reality Xiao Yuxuan was just a name, everything still needed to be done by Ji Feng.

Although there was still Han Zhong to help share the load, Ji Feng's workload was still surprisingly heavy. Although he doesn't feel tired, the time crunch and lack of time is what gives Ji Feng the biggest headache. He has aerobics to ensure that he is in good spirits every day, but he cannot change the fact that there are only twenty-four hours in a day.

He Hongwei's first 100 million yuan of funding has already been made available, and the two sides have only just signed the contract, and the funds have already been made available. This speed, this style of He Hongwei, is staggeringly quick.

It was also through this that Ji Feng saw the sincerity of He Hongwei.

Of course, Ji Feng also knows that the reason why He Hongwei is so quick is not only related to his own character, but more than that, He Hongwei is now trying to show goodwill to himself, after all, the conflict between the He family and the dynasty is obvious, and the strength of the dynasty, Ji Feng has also seen, although only the tip of the iceberg, is already scary enough!

Because of this, He Hongwei had to do his utmost to pull in Ji Feng to ease the pressure from the Ji family's side, so that he could focus his full strength on dealing with the dynasty.

In fact, no one had told Ji Feng about these matters, especially the confrontation between the two major powers, He Hongwei and the Dynasty, and no one would talk about it everywhere, and Ji Feng had only carefully deduced it through the words of others.

It is impossible for Ji Feng not to pay attention, after all, for the current Ji Feng, all the funds and focus, are placed on the pharmaceutical plant. The most important partner of the pharmaceutical factory in the future is He Hongwei. So for some of He Hongwei's situation, it can't be said that he knows everything, but he should at least know part of it.

He Hongwei's behavior has shown his sincerity, Ji Feng naturally put his heart down, and he will certainly be obliged to call and tell his father Ji Zhenhua about He Hongwei's behavior, as to what the elders will do and how they will evaluate these actions of He Hongwei, that is beyond Ji Feng's control, but in any case, he has done what he should do.

Once He Hongwei's funds were in place, Ji Feng's busy schedule began immediately.

Together with Han Zhong, he negotiated with He Hongwei to select the location of the staging area, went headhunting for management talent, expanded the plant and ordered equipment

This series of work, are not just Han Zhong out to solve the problem, and, smart Han Zhong will not be so big power, despite Ji Feng completely let go of him to do, but Han Zhong still in important issues do not forget to ask Ji Feng, the final or Ji Feng pat to decide.

In these jobs, Ji Shaolei was also a great help, and it was only at this time that Ji Feng saw how extensive his connections really were, that he could reach abroad directly, and that the equipment ordered was all extremely advanced.

Of course, some of the equipment containing top technology, that is not even think about, whether it is hard and software, foreign countries for these are extremely strict control, especially for China's exports, the control is even stricter.

The equipment that Ji Feng ordered was first exported from its place of origin to Switzerland and then transferred to China.

As for the precision instruments needed in the laboratory, it was even more work, and I don't know where Ji Shaolei got them from. Even when Kang Yuan saw them, he couldn't help but marvel at such precision instruments and equipment, which he had rarely seen!

Ji Feng wondered, usually look at the second brother Ji Shaolei personality jumpy, but did not think that he actually have so much energy in foreign countries!

When Ji Feng brought up this question, Ji Shaolei, however, looked at him with contempt and said, "Third child, you must not talk about this in the quadrangle, otherwise the old man will have to take a walking stick to knock you out"

"What's going on here?" Ji Feng asked with some confusion.

"You forget that Yue Gu is in Rice!" Ji Shaolei laughed, "You kid wouldn't actually forget even that, would you?"

Ji Feng was stunned for a moment, and then it dawned on him.

No wonder!

No wonder Ji Shaolei was able to get these precision instruments and lathes as well as some production lines and other equipment, it turned out that it was all because of Great Aunt Ji Nan Yue's huge energy in Rice that came into play!

If it wasn't for Ji Shaolei's reminder, Ji Feng would have forgotten that he had an aunt in Rice!

"Ji Nan Yue"

When everything came to an end, both the new factory building and staff dormitory building of the pharmaceutical factory, as well as the logistics company as a transfer station, had already started to break ground, and the contractor was the Jian'an Group, to which Ji Shaolei belonged.

As the saying goes, "Fat water does not flow into the field of outsiders, this kind of thing, naturally, is the most appropriate to find the second brother Ji Shaolei, moreover, only to find him, Ji Feng can rest assured.

The reason is that in addition to the building and plant built on the regular drawings, Ji Feng also asked his second brother, Ji Shaolei, to find someone to design an extremely extensive basement, just in case.

Ji Feng believed that if he kept a hand in everything, it would come in handy.

Some of the equipment necessary for the new production line had already arrived one after another, and the assembly work had also started, and the foreign technicians were coming directly to guide the installation, so Ji Feng did not have to bother too much.

All this was going on in an orderly manner, and many places no longer needed Ji Feng's personal presence, it was enough to just go and check on them after a while, and by this time, the time had come to May!

If we start counting from after the New Year, it is already more than two months now.

During these two months, all of Ji Feng's energy was focused on the development of the pharmaceutical factory, and at this time he realized how difficult it really was to be an industrialist.

What made Ji Feng breathe a sigh of relief was that there were a few departments that he could be completely at ease with.

The first is the security department, Yi Xingchen joined, so that the pharmaceutical plant in the security aspect of the pressure suddenly reduced a lot, although many of the security guards are still new, just entered the industry, but under the leadership of the four Yi Xingchen, but also grow quickly.

Secondly, in terms of administration, Han Zhong's ability has been fully proven during these two busiest months, recruiting talents from headhunters, conducting simple and quick training, and then starting this process, Han Zhong is simply comfortable and easy.

Of course, the ease here refers to his ability to handle all kinds of things, as for the time, Han Zhong is also so busy that his butt does not touch the bench, even sometimes to go to the toilet also have to pinch the watch, so you can see how busy he really is.

Although he still has a lot of work to do every day, compared to the intensity of the previous two months, he is now on holiday!

And Ji Feng also kept his promise, listing out a plan and also taking out a contract, without even showing Han Zhong the contents, he had Han Zhong sign his name and also put his handprint on it.

Only when all the formalities were completed did Ji Feng throw one of the contracts at Han Zhong – it was a share splitting agreement, where Ji Feng took out five percent of his original shares and gave it to Han Zhong!

Han Zhong looked at the agreement and only froze for a long time before shaking his head and laughing, "You kid are trying to make me work for you for the rest of my life!"

He threw the agreement in the drawer and worked as usual, but Ji Feng knew that Han Zhong's management of the company's employees had become even stricter, he even communicated with Yang Dezha once and directly fired a few of them who were lazy or did not follow the rules.

The company's main business is to provide a wide range of products and services to its customers.

Of course, Ji Feng had to play the role of peacemaker. Fortunately, Yang Dezha was also reasonable and did not dwell on it too much, but only implored Ji Feng to try not to fire the staff, especially the former old ones, for his sake.

Ji Feng agreed without hesitation. In fact, if he wanted to fire those people, he would have fired those two security guards who were drunk long before the end of the Chinese New Year The reason he kept both of them was for another reason. Like these two security guards, some other employees who do not follow the rules also have their uses, only, it is not the time yet.

.....

"Whew-!" Ji Feng let out a long breath, tossed the folder in his hand onto the coffee table, and then laid down on the sofa, closed his eyes, and slowly activated the bio-current to start relieving his fatigue.

A pair of tender little hands were placed on Ji Feng's temples, gently rubbing them.

Immediately, Ji Feng smiled faintly, his body sat up slightly, and immediately lay down again, his head resting on a pair of slender and elastic thighs, and a refreshing fragrance coming from his nostrils!

"Yu Xuan, do you know, how many assets you have now?" Ji Feng closed his eyes and asked with a smile.

“Bah!” Xiao Yuxuan spat lightly and pouted, “Little rascal, you’re going to make fun of me again aren’t you!”

Ji Feng instantly laughed: “I mean it, now me and Lei Lei are too poor to lift our heads in front of you ah, Yu Xuan, now your apparently, just the fixed assets have more than 100 million, I believe that in no more than half a year’s time, the assets under your name will be doubled!”

“So much?!” Even though she knew that the pharmaceutical factory was only under Ji Feng’s name, Xiao Yuxuan was still shocked by such a huge amount of assets.

Tong Lei next to her also revealed a surprised look, her pretty face moving slightly.

Ji Feng laughed: “These are just fixed assets, they can’t be used to spend, but it won’t take long before huge funds are available! Really looking forward to it

“What do you need so much money for?!” Xiao Yuxuan asked.

Ji Feng smiled faintly, “Naturally, it has a use.”

Chapter 558

“Look at you smug, if you don’t say it, we’ll be happy to hear it!” Xiao Yuxuan snapped at Ji Feng’s forehead in an angry manner.

Tong Lei pursed her lips and laughed lightly beside her, she was not good at jokes, whenever she saw Xiao Yuxuan teasing Ji Feng, she would also be happy along with her, because she knew very well that Xiao Yuxuan was not deliberately trying to compete for favor, but really felt that the three of them were all family, and were just like sisters to her.

Ji Feng chuckled: “I need the funds because I can’t put all my energy into the pharmaceutical factory, this piece has gradually stabilized now, but it’s a bit too dependent on the He family, which is not good

Speaking of this, Ji Feng suddenly fell silent as he thought of a problem.

The cooperation between himself and the He family seems too single-minded, in other words, if the He family really has any moves that are beyond the scope of their agreement with He Hongwei, there seems to be nothing they can do, at most they can only cut off their goods, but they can’t do anything else to punish them

This is bad!

Although now it seems absolutely impossible that He Hongwei will destroy himself, but the world is unpredictable, no one knows what will happen tomorrow, Ji Feng felt that he must prepare early to do so!

“Is it time to make contact with the Xiang family?” Ji Feng murmured softly.

“There’s also Yang Yu, now that I’ve finished learning the basics of computer myself, it’s time to make contact with him as well

Ji Feng said darkly.

Seeing that Ji Feng stopped talking, Xiao Yuxuan and Tong Lei knew he was thinking, so they stopped bothering him and even turned down the sound of the TV quite a bit.

The weather has gradually turned hot, at home Xiao Yuxuan two women are also dressed very home, at this time Xiao Yuxuan wearing a loose t-shirt, and a short loose casual shorts, the slippery skin in Ji Feng's neck constantly rubbing, let him comfort incomparable.

With a bad smile in his heart, Ji Feng moved up a bit and leaned his head at the base of Xiao Yuxuan's legs, gently bobbing his head, and one hand also climbed untraceably onto the plump, fat buttocks, stroking them back and forth.

Xiao Yuxuan immediately sensed that Ji Feng was secretly making mischief, her pretty face slightly red, pretending to massage Ji Feng's temples and quietly tugging his ear.

But what she didn't expect was that not only did Ji Feng not stop, but he gave a strong grab.

"Ooooh~~!" This scratch caused the sensitive Xiao Yuxuan to let out a delicate cry, and she instantly turned red and subconsciously glanced at Tong Lei, but she saw that Tong Lei's beautiful eyes were staring at the TV, but the smile at the corner of her mouth was undoubtedly betraying her inner thoughts.

Despite the fact that the three of them had slept together not once or twice, Xiao Yuxuan was still shy at this point, and she was just about to pinch Ji Feng hard when she suddenly heard a pleasant voice.

"The leisurely evening breeze, blowing your heart lake" a mobile phone ringing suddenly rang, this song is pleasant, but let Ji Feng spirit, "Whose song?!"

"It's my phone ringing!" Xiao Yuxuan laughed lightly, picked up the phone from the coffee table and picked up the phone, "Hey, Ruo Nan ah"

Swish!

Ji Feng opened his eyes at once, "Ruo Nan? Could it be Li RuoNan?"

He couldn't help but secretly wonder, when did Yu Xuan and know Li Ruo Nan?

Suddenly, Ji Feng knew what was going on, when Warmth had just come to United University for the orientation party, at that time, because he and Xiao Yu did not know each other, and as a result, there was some misunderstanding, at that time, Li Ruo Nan was also one of the parties. At that time, Ji Feng had also once stepped on the arm of a fellow from the Tong family named Tong Yuyang.

When he returned to the villa later to pick up Xiao Yuxuan, Li Ruo Nan also followed him.

I think she and Xiao Yuxuan knew each other only at that welcoming party. But what puzzled Ji Feng was how the two of them, who had no interactions at all, had suddenly linked up.

Coughing lightly, Ji Feng began to prick up his ears, ready to eavesdrop on Xiao Yuxuan and Li Ruo Nan's childish conversation, and he secretly justified this eavesdropping in his heart: "I'm concerned about Yuxuan's safety, otherwise, if she has been in contact with Li Ruo Nan, a woman with a temper more rigid than a man's, for a long time, who knows what will become of her! "

“Hiss...!”

Just when Ji Feng had just pricked up his ears, his ears were suddenly grabbed, only to see Tong Lei sitting beside him at some point, her two small white hands tugging at his ears, wrinkling her cute little nose and glaring at him.

“Big bad egg, no eavesdropping on Sister Yu Xuan’s phone call!” Tong Lei pouted as she leaned over Ji Feng, those two beautiful eyes flickering adorably.

“Hehehe!”

Ji Feng instantly let out a bad smile and fiercely reached out to tickle Tong Lei’s armpit, taking advantage of the moment when Tong Lei let go of his hand, he fiercely got up and kissed Tong Lei’s soft little mouth, “Boo!”

Tong Lei’s pretty face instantly flushed and gave him a white look, but it was also charming and full of style.

In this instant, Ji Feng couldn’t help but freeze, the style that Tong Lei had just displayed actually had a hint of flirtation that only mature women have, not even inferior to Xiao Yuxuan’s flirtatious style.

“Hmm, okay, see you later then!” Xiao Yuxuan giggled and promptly hung up the phone.

“What have you two been doing badly while I was on the phone again?” Xiao Yuxuan gave a delicate laugh, “Little rascal, you’re not bullying Lei Lei again, are you?”

“That’s right, Sister Yu Xuan, let’s punish him together!” Tong Lei hummed, “Sister Yu Xuan, we won’t talk to him Right, just now he tried to eavesdrop on you talking on the phone!”

Xiao Yuxuan’s beautiful eyes flashed, she gave Ji Feng a flirtatious white glance and smiled delicately, “Little rascal, this behavior of yours is undesirable!”

“That’s” Ji Feng coughed lightly and smiled sarcastically, “That’s what, I’m just afraid that you’ve been cheated Yu Xuan, when did you and Li Ruo Nan so familiar with?”

“People can’t find you, so of course they have to find me!” Xiao Yuxuan hummed and said in an unkind tone.

Ji Feng was stunned, and then he felt a pain in his leg, and he immediately stared at it with wide eyes and cried out miserably, “Ah! Lei Lei, you’re trying to murder your own husband!”

“Don’t digress!” Xiao Yuxuan grunted, “Let me ask you, did you promise someone Li Ruo Nan something, and as a result, you haven’t honoured it until now?”

“Something that hasn’t been honored?” Ji Feng was a bit puzzled, then a flash of light snapped in his mind, “Could it be that you are talking about, teaching her kung fu?”

“How should I know that!” Xiao Yuxuan couldn’t help but give him a white look and hummed, “Little rascal, between you and Li Ruonan, there’s nothing going on, right? Don’t lie to me, you have to tell me honestly, otherwise, I’ll be really angry.”

Ji Feng said with a bitter smile, “Yu Xuan, how is this possible, between me and her, in fact, there is only some crossover by mistake, I have not seen her for several months, if you do not say, I may not even remember this person for a while, how can there be anything between us?”

Seeing that both Xiao Yuxuan and Tong Lei were staring at him, Ji Feng no longer had a sense of exhaustion, he sat up at once and hurriedly said, “That what, yes, I did have a meal with her, and something happened in between but I assure you that there was actually between us.”

Ji Feng suddenly could not go on, remembering the night he had dinner with Li RuoNan, the stunning appearance of Li RuoNan’s beautiful woman full of fashion, and then remembering the scene when Li RuoNan jumped into his arms and let out a painful cry when the matter at Jardine Mansion had just been resolved

The actual fact is that you’ll be able to get a lot more than just a few of these.

Seeing that Ji Feng suddenly stopped talking, Xiao Yuxuan and Tong Lei looked at each other and seemed to understand each other’s meaning.

“Little rascal, just now Li Ruonan called me and asked me to go out shopping tomorrow” Xiao Yuxuan deliberated for a moment before saying, “If you have time, then make good on the promise you made to someone, it’s always bad to owe someone! !”

The fact that the company has a lot of money to spend on the project is not only a good idea, but also a good idea.

Of course he knew what the promise Li Ruo Nan was talking about, it was the promise to teach her kung fu, before Ji Feng gave the CDs he had burned to Ji Shaolei and Zhang Lei respectively, Li Ruo Nan had actually given them there too, but she said that practicing on the TV was not as effective as Ji Feng’s hand-on instruction.

At that time, Ji Feng did not have so many things to do, so he nodded and agreed to it, but as a result, he was later delayed by many things and forgot about this matter.

“This woman” Ji Feng couldn’t help but secretly shake his head, since he forgot, then call himself directly, why bother to alarm Xiao Yuxuan and Tong Lei!

In fact Ji Feng is a little misunderstood, Li Ruo Nan looking for Xiao Yuxuan, in fact, still took some thought.

As a police officer, it would be easy for her to check Xiao Yuxuan’s license plate.

So, Li Ruonan first created a ‘coincidental encounter’ with Xiao Yuxuan near the United University. Coincidentally, Xiao Yuxuan’s red Volvo happened to be hit by Ji Feng before New Year’s Eve, so Li Ruonan had a good excuse.

With this ‘coincidental encounter’, Li RuoNan was able to connect with Xiao Yuxuan as a matter of course, and became friends over time!

And even after the two were in close contact, Li Ruo Nan did not take the initiative to mention Ji Feng in front of Xiao Yuxuan, only often chatting, Li Ruo Nan cleverly guided Xiao Yuxuan on the topic of boyfriend, Li Ruo Nan will only ask a sentence or two from time to time.

The actual fact is that you can find a lot of people who are not interested in the actual person you are talking to.

Chapter 559

“Ahem!”

Ji Feng coughed lightly twice and smiled sarcastically, “So what, you guys wait a minute!”

He hurriedly sat up, and under the puzzled gazes of Xiao Yuxuan and Tong Lei, he put on his slippers and ran upstairs.

“Sister Yu Xuan, do you think this guy could have escaped? Now he wouldn’t be hiding with his head covered by a quilt, would he?” Tong Lei looked at Ji Feng’s back as he disappeared down the stairs and couldn’t help but speak with hatred.

Flutter!

When Ji Feng, who had just walked to the first floor, heard these words, he was so scared that he stumbled on his feet and almost didn’t fall to the ground, he couldn’t help but sweat coldly, “This Lei Lei’s words are really spicy enough when she trolls people!”

“Pfft!”

Hearing the commotion from upstairs, Xiao Yuxuan could not help but giggle, “Lei Lei, someone is scared by you oh!”

Tong Lei wrinkled her cute little nose and hummed, “Who told him to be unclear with other women, just to make him remember, otherwise, we’ll have another member here!”

Xiao Yuxuan immediately nodded approvingly and said, “That’s right, he must be given a warning Tonight, let him sleep alone!”

Once she said this, Tong Lei’s pretty face immediately turned slightly red and she secretly said in her heart, “Is this a punishment? Which day do we let him sleep alone, and he still ends up sneaking into our bedroom every day?”

“Let him sleep in the living room!” Tong Lei grunted petulantly.

“That’s fine, just as sister wants!” Xiao Yuxuan also immediately nodded her head in agreement.

Ji Feng’s bad behavior of dabbling in flowers everywhere and being unclear with other women made Xiao Yuxuan and Tong Lei immediately reach a consensus, with a high degree of unity of opinion and view, making the same enemy!

But at this moment, Ji Feng did not know that the two women had already reached a consensus to punish him!

After Ji Feng returned to the bedroom, he immediately opened the drawer, took a CD and walked out, quickly went downstairs, put the CD on the coffee table and smiled, “This is my promise to Li Ruo Nan, the password is from 1 to 9! Yu Xuan, when you meet with Li Ruo Nan, just give the CD to her.”

“What kind of disc is this?!” Xiao Yuxuan was surprised and asked, she just felt that there was something wrong between Li Ruo Nan and Ji Feng, but she didn’t know exactly what was going on between the two of them, at this moment, when she saw Ji Feng took out a CD, she was puzzled.

Ji Feng laughed: “It’s just a set of movements that’s for sure not what you think, I just taught her the movements, the rest can be nothing!”

As soon as the movements were mentioned, Xiao Yuxuan and Tong Lei’s faces changed, and Ji Feng then immediately understood that the two women had misunderstood. In fact, it was no wonder that the moves he had taught the two girls were practiced during sex in bed, and now that he said that he had taught the same moves to Li Ruo Nan, it was no wonder that the two girls would think too much.

Ji Feng immediately hurried to explain, saying, “Yu Xuan, Lei Lei, in fact, this set of movements can be practiced in many ways, definitely not simply just which method we use”

“Stop it!” Xiao Yuxuan and Tong Lei were both shy but relieved in their hearts, they were sure that Ji Feng would not be able to act as if nothing had happened after making such a mistake instead, from what they knew about Ji Feng, he was not such a person!

Ji Feng heatedly smiled, “Or we’ll continue tonight?!”

“Screw you!” Tong Lei instantly pouted.

“Don’t even think about it!” Xiao Yuxuan giggled.

Ji Feng instantly laughed bitterly, it looks like it must be his life to sleep in the living room today!

.....

For this matter, Tong Lei and Xiao Yuxuan did not say anything more, except that the two women’s opinions were extremely unified, and under the forced eyes of the two women, Ji Feng could only take a quilt with a bitter smile and sleep on the sofa in the living room for the night.

“It seems that you really can’t make a mistake” Ji Feng shook his head and laughed bitterly.

However, Ji Feng also knew that Xiao Yuxuan and Tong Lei were actually already considered to be very generous, especially Tong Lei, the fact that she had accepted Xiao Yuxuan was proof enough of her temperament.

However, this kind of temperament, is based on her feelings for herself, without this feeling, it would be strange if Tong Lei could accept Xiao Yuxuan!

“What a silly girl, you took a true heart for me, how could I be willing to hurt you?” Ji Feng shook his head slightly and sighed lightly, the image of Li Ruonan’s fashionable and beautiful city girl in an evening gown that was originally in his mind faded away.

Ji Feng shook his head and smiled, slowly closed his eyes and went into dreamland.

The next morning, Xiao Yuxuan and Tong Lei got up early and prepared breakfast. As if they had forgotten about yesterday, the two women were as gentle or playful as ever to Ji Feng, which made Ji Feng’s heart even more moved and guilty.

“Ding”

The three of them were eating breakfast when Ji Feng’s mobile phone, which was placed on the coffee table next to him, suddenly rang, and he was stunned, “This early in the morning, who’s calling?”

“Little rascal, you should change the ringtone too, or give a few important contacts, all with different ringtones, so that you won’t know who is calling?” Xiao Yuxuan laughed delicately.

Next to her, Tong Lei also laughed lightly, they all knew that what Ji Feng hated most was setting ringtones, or making something weird and strange, even the phone desktop was the default of the phone system, so it was naturally impossible to set any ringtones.

Listening to Xiao Yuxuan’s jibe, Ji Feng however only smiled slightly, in his opinion, everything is simple is best, spending so much energy wasting on these things is quite not worth it.

He smiled and picked up the phone, but he couldn’t help but be stunned that the call was actually from his future father-in-law, Xiao Changhe.

Ji Feng immediately pressed the answer button and picked up the phone, “Hello”

Before the following three words ‘Uncle Xiao’ could be uttered, Xiao Changhe’s slightly eager voice rang out, “Little Feng, Yu Xuan is not by your side, is she?”

“Uh” Ji Feng said sheepishly at once, “No!”

Xiao Changhe still didn’t know that his daughter was living with him and had already moved in together, so Ji Feng naturally wouldn’t admit it. However, there was some doubt in Ji Feng’s mind, this early in the morning Xiao Changhe was asking this, did he already know that he and Yu Xuan were living together?

“Whether there is or not, you hurry up and walk to a place where no one is around, I have something to ask you for!” Xiao Changhe’s voice had a hint of urgency in it.

Ji Feng was stunned, something had happened to Xiao Changhe?

The smile on his face remained unchanged, he just gestured to Xiao Yuxuan and Tong Lei and walked out of the kitchen, directly to the courtyard, and said in a low voice, “Uncle Xiao, what is it that you want to say!”

“Xiao Feng, how much money do you still have on hand that you can use now?” Xiao Changhe asked.

Although Ji Feng was surprised, he still smiled and said, “Uncle Xiao, how much do you need, just ask, even if I don’t have enough on hand, I can still find a way to find someone to help! Uncle Xiao, are you in some kind of trouble?”

Xiao Changhe paused before sighing lightly, “Xiao Feng, this is actually quite embarrassing to say the least, sigh” Xiao Feng, I’ll make it short”

With Xiao Changhe’s narrative, Ji Feng’s face gradually gloomy down, his eyebrows also tightly wrinkled, the cold aura in his eyes constantly flashing.

It turned out that Xiao Changhe was not in Jiangzhou at this time, but in Jiangsu and Zhejiang.

Since Ji Feng helped to solve the trouble of Xiao Changhe's drug company, Xiao Changhe's company developed smoothly, especially the purchase orders from three large hospitals in Jiangzhou, which made Xiao Changhe's Changhe drug company start to develop at a high speed, coupled with the genius business operation of manager Lin Shengping, which made Changhe drug company grow rapidly.

In fact, Xiao Changhe was already satisfied with the current operation of Changhe Pharmaceutical Company, but Lin Shengping was in his prime and ambitious, so in order to enlist Lin Shengping, Xiao Changhe gave him some shares, making Lin Shengping the second owner of Changhe Pharmaceutical Company.

In this way, Lin Shengping worked even harder.

However, the market in Jiangzhou is only so big, and although Changhe Pharmaceutical Company is developing at a rapid pace, it is far less well established than other large companies, both in terms of heritage and business volume, and is simply unable to compete with them.

As the market in Jiangzhou could not be explored for the time being, Lin Shengping set his eyes on the neighbouring cities, and the first target was Hangzhou in Jiangsu and Zhejiang Province.

Originally, Xiao Changhe had occasional business dealings with some companies and hospitals in Hangzhou, and although the business volume was not very large, it was still a layer of relationship.

In this way, Xiao Changhe, at the suggestion of Lin Shengping, the two of them went to Hangzhou, Jiangsu and Zhejiang to investigate the market.

However, because Changhe Pharmaceutical Company was still a bit small, many hospitals and companies did not see it, and only a few small hospitals showed some intention to cooperate in the end, but although the distance from Jiangzhou to Hangzhou was not too far, if there was only such a small amount of business, the transportation cost would be very high.

So, instead of nodding in agreement, Lin Shengping and Xiao Changhe planned to visit a pharmaceutical factory in the hope of picking up the national distributorship of one or two drugs!

They went to visit a large state-owned pharmaceutical factory, and the person who received them was a director of something or other.

Xiao Changhe and Lin Shengping were delighted when the director seemed to show his intention to cooperate, but if they wanted to cooperate, public relations was naturally indispensable, which was an unspoken rule in the business world and also a technique to negotiate business.

But on the third day, the director suddenly said that he wanted to go to the original stone trade fair to take a look, and ended up looking at a raw stone, so he planned to use the bidding method to bid for it.

However, when it came time to bid, the director suddenly said that he wanted Xiao Changhe to borrow some money just in case, and that the director would return it when he returned to the company.

Moreover, because that director was a cadre of a state-owned enterprise, he said that it was something that had a bad impact on the gambling stones and borrowed Xiao Changhe's ID card for a while.

But when the time came to unveil the bid Xiao Changhe was stunned to discover that the original bid used, was actually his name! Moreover, he had bid for more than ten pieces of rough stones!

The total amount of these stones was nearly 50 million!

Xiao Changhe was immediately frozen

Chapter 560

Because this time, there is an official participation in the original stone fair, for those who bid but can't afford to buy, will be through the official channel to solve the legal form, when Xiao Changhe is in jail that is possible!

This is not the main problem, what is more crucial is that Xiao Changhe later found out that all the dozen pieces of rough stones were actually of very poor quality, and there was almost no possibility of jadeite coming out!

Hearing this, Ji Feng immediately had a clear idea, there was no doubt that Xiao Changhe had been cheated.

He asked with some hesitation, "Uncle Xiao, you know how to gamble on stones?"

"I have been dealing with drugs all my life, where can I move the gambling stones" Xiao Changhe laughed bitterly, "whether it is gambling stones or other mahjong poker and so on, as long as it is related to gambling, I have never participated" alas! This time is also considered a ship in the gutter, not only did not expand the business to Jiangsu and Zhejiang, but also lost 50 million!"

"So, is Uncle Xiao looking for me because he doesn't have enough money?" Ji Feng's mind turned rapidly, thinking of a solution, "Uncle Xiao, how much do you want and when do you want it? To be honest, it's indeed a bit difficult for me to mobilize fifty million dollars at once, I don't have that much money in my hand right now, I have to find a way to find someone to help me out!"

Xiao Changhe said, "There is no rush for this day, the original stone trade will run for a total of half a month, as long as the payment can be made within three days. I have two and a half days to go," he said. I unveiled the bid yesterday afternoon. From yesterday when I found out the result until now, I have been calling to find people to borrow money, who ever thought that those friends from before, alas"

Xiao Changhe's voice was full of bitterness, although he had long known that there were no real friends in the business world, it was not until he called around yesterday to ask for help that he realized that the so-called friendship was so worthless.

All those people obviously had a lot of money, but none of them were willing to lend, at most, a few hundred thousand, so what was the point?

"Yang Dezhao doesn't lend money either?" Ji Feng asked with a frown, if Yang Dezhao was also so indifferent, then he would really have to adjust his attitude towards Yang Dezhao in the future.

Xiao Changhe laughed bitterly, "Old Yang was quick to lend me 20 million, but you know the situation of his family, how can I ask for so much? I just took ten million from him, plus I already had more than ten million on hand, and I drew some liquidity from the company, now there is still at least a ten million shortfall!"

“Ten million ah no problem, ten million I can still get out!”

Ji Feng was much more comfortable listening to this, Yang De Zhaoge was still considered enough of a friend, at least Xiao Changhe had not misjudged anyone this time. Besides, with ten million dollars, it would be easy for Ji Feng to raise it, he still had more than ten million dollars in his personal account alone, the big deal was to take it all out first, money was not the most important thing, Xiao Changhe was his future father-in-law, so naturally he had to help out with all his might.

“Uncle Xiao, how about this, I’ll rush to Hangzhou now, when I arrive, we’ll talk about it in detail!” Ji Feng said, “Don’t panic yet, do what you need to do, as for that director of whatever, when I arrive in Hangzhou, I will personally go and meet him!”

“Fine, then I’ll wait for you in Hangzhou, contact me when you arrive!” Only then did Xiao Changhe breathe a sigh of relief, but his old face was a bit embarrassed, his daughter Xiao Yuxuan and Ji Feng had not yet gotten married, and he had to look for Ji Feng for help, which made Xiao Changhe feel more or less bad.

“By the way, Xiao Feng, don’t tell this to Yuxuan, lest she worry!” Ji Feng was just about to hang up the phone when Xiao Changhe suddenly admonished him again.

Ji Feng smiled and nodded, saying, “Don’t worry, Uncle Xiao, I know what to do!”

After hanging up the phone, Ji Feng was deliberating.

Since he had bid, he naturally had to pay, this was the same no matter where he went, no one could say anything, and Ji Feng naturally did not intend to violate this rule.

It is not a big deal to buy a dozen useless broken stones for tens of millions of dollars, the sky is not falling!

All kinds of industries have their own rules, and if anyone were to violate them, they would naturally be attacked by everyone in conjunction, unless someone’s strength was able to override the rules and thus make rules of their own.

But Ji Feng obviously did not have this ability yet, not to mention his lack of financial resources, just the mere fact that there was official involvement in this raw stone trade fair, Ji Feng could not mess around.

“Obviously, this matter is a scam set up a long time ago, the director of that pharmaceutical factory in Hangzhou, colluding with someone at the raw stone fair, using Xiao Changhe’s identity to specifically buy some waste stones It’s really a scam full of loopholes, but the other party has cleverly taken advantage of Xiao Changhe’s eagerness to get the The psychology of the drug agency, step by step, lured him into falling for it!”

Ji Feng sneered, “What a good tactic!”

This tactic might not seem clever, but, nevertheless, it worked. Besides, Xiao Changhe was a long-time jianghu runner, and he actually fell for the other party’s trick, so it was obvious that the other party was not a normal small-time crook either, but must be someone who often practiced deception, and might even be someone who specialized in practicing deception in the jianghu for a living.

However, on second thought, Ji Feng shook his head and denied his guess, with Xiao Changhe's steadiness, there was no way he would be so accommodating to the other party without verifying the identity of that whatever director.

"It looks like it's really time to meet that director" Ji Feng held his arms, his fingers subconsciously stroked on his phone, his eyebrows locked, sneering: "What a big appetite, nearly fifty million, not afraid to choke to death! !"

Almost fifty million dollars

This is definitely a big loss, can't just eat it for nothing!

The actual fact is that you can't be able to get a lot of money from the company.

His finger pressed a few times quickly on his phone and dialed Yi Xingchen's number: "Hey, Old Yi, tell Guo Tao to come to my place right, in the villa where I live!"

"Boss, there is something to do?" Yi Xingchen asked.

Ji Feng smiled and said, "I'm going to make a trip to Jiangzhe Hang City, I might need manpower then, tell Guo Tao to bring weapons with him, just in case!"

Yi Xingchen immediately realised that things might not be as easy as Ji Feng had said, and he deliberated for a moment before saying, "Boss, why don't I go!"

Ji Feng smiled, "The number of people is not really a big difference. If we really need manpower, I'll call you again, and anyway, Jiangzhou is not far from Hangzhou, it's only a two or three hour drive."

"That's fine!" Yi Xingchen nodded and said, "Boss, be careful with everything, safety is the priority!"

"Don't worry, Hang City is definitely not more dangerous than the Jardine Mansion back then!" Ji Feng chuckled, the two of them chatted briefly for a few more minutes, and Yi Xingchen also introduced the situation of the pharmaceutical factory, before Ji Feng hung up the phone.

"Ji Feng, breakfast is getting cold!" Xiao Yuxuan's voice came out from the kitchen.

Ji Feng smiled, put the phone back and said, "Here it is!"

When Ji Feng returned to the kitchen, he found that Xiao Yuxuan and Tong Lei had already finished their breakfast and were waiting for him.

"Who's calling and why did it take so long to talk?" Xiao Yuxuan asked casually and poured a bowl of soy milk for Ji Feng, "Let's eat first!"

Ji Feng deliberated for a moment and said, "Yu Xuan, Lei Lei, I have to go out later, to Hangzhou, it might take a few days, I'm not sure yet!"

"Go to Hangzhou for what?!" Xiao Yuxuan asked strangely.

"Business matters, I guess you're not interested in hearing about it!" Ji Feng said with a smile, but in his heart he was sweating a bit, he was now lying without even frowning, this is not a good phenomenon, how did he learn to be bad?

“Then it’s better not to talk about it, hurry up and eat!” Xiao Yuxuan was naturally not interested in matters in the shopping mall, but if she pressed carefully, Ji Feng really didn’t know how to answer.

Ji Feng hemmed and hawed, and no longer spoke, he just sulked and ate his breakfast, but he was relieved in his heart.

After eating breakfast, Ji Feng took the initiative to take up the ‘heavy responsibility’ of washing the dishes and let Xiao Yuxuan and Tong Lei go out shopping.

Seeing Xiao Yuxuan and Tong Lei drive away, Ji Feng quietly breathed a sigh of relief. If Xiao Yuxuan always stayed at home, he could not guarantee that he would not say anything.

Only, on Xiao Yuxuan and Tong Lei two people travel, Ji Feng is more or less uneasy, although it may not encounter any trouble, but someone to protect, naturally, is also safer.

“If that female guard can stay, it would be great!” Ji Feng shook his head and smiled, he was really a bit delusional, that female guard was responsible for protecting the chief, people like himself and Xiao Yuxuan who did not have any rank were naturally not qualified to have a guard yet.

“It seems that the security department of the pharmaceutical factory is going to recruit a few female guards, so that if they want to protect Yu Xuan and Lei Lei, it will be quite convenient” Ji Feng couldn’t help but move his mind, “I don’t know if there are any female soldiers to be retired in little uncle’s army”

Soon after Xiao Yuxuan and Tong Lei two women left, Guo Tao and another security guard drove up to the villa.

“Boss!” Guo Tao walked in quickly after telling that security guard to return farther, and took out two black pistols from the bag that was handy, “This is what Boss Yi told me to give you!”

“This old Yi, he thinks this is going to war!” Ji Feng shook his head and laughed, “I’ll just take one, you take the other one!”

“Yes!” Guo Tao immediately nodded and put one of the pistols away, “Boss, in this bag are spare magazines, they’re loaded!”

Ji Feng thought about it, but still nodded, “Put them all in the car” let’s go!”

“Boss, there’s also this!” Guo Tao said, and unzipped the other part of the bag, and took out two pitch black things from inside.

“Three-pronged military spikes?!” Ji Feng was stunned and said with a tearful smile, “Old Yi really thinks we’re going to war?”

“Boss Yi was afraid that you might be in danger, boss, so he asked me to bring some extra weapons to protect you in both close and long-range battles!” Guo Tao explained with some embarrassment.

“Since you brought them, then take them all with you, maybe, you can really use them!”

Ji Feng also knew that this was a good intention of Yi Xingchen and Guo Tao, he nodded with a smile and said, “Let’s go, there is still trouble waiting for us to solve!”
