

Campus Master 581-582

Chapter 581

Ji Feng snorted, "What does it matter to you if I'm accurate or not? You are Mr. Qin's employee, so you should do your best to select the rough stones for Mr. Qin. Dare I say that Mr. Qin issued you a salary so that you can compete with me here and show off your skills?"

"You" Huang Guiyan choked, but he was blocked from speaking by Ji Feng, and his face could not help but turn red.

Ji Feng was right, Huang Guiyan was Qin Shujie's employee, in fact, strictly speaking, he could only be considered a disciple of Master Mao next to him, and it was for Master Mao's sake that Qin Shujie signed a contract with Huang Guiyan, if not, how would Qin Shujie trust this young man who was only in his twenties?

Although he knew in his heart that this was indeed the case, Huang Guiyan was unwilling to admit it, he stiffened his neck and said, "I don't mean to show off my skills, I'm just worried that Mr. Qin will be fooled and waste his money on someone who doesn't know how to gamble stones for nothing, this is also considered doing his job as an employee, right?"

"If you can really read the rough stones correctly, then naturally I won't say anything, but if you can't, it's only right for me to remind Mr. Qin not to be cheated by you!" Huang Guiyan said righteously, looking like he was loyal and protective of his master.

Ji Feng snorted, "Your General Manager Qin believes in me, that's her business, whether I have the ability or not, I don't need to prove it to you"

He couldn't help but shake his head slightly, his heart was half good to this Huang Guiyan, for a beautiful woman like Qin Shujie, wanting to pursue that is naturally right, how to pursue is not too much, as long as you can tolerate the fact that she has a kindergarten daughter.

The fact that you want to pursue Qin Shujie, you want to reduce yourself to nothing, that's a little bit unreasonable, right?

Ji Feng sneered in his heart, no longer bothering with that arrogant and unlikeable guy, he just turned his head and smiled, "Sister Qin, it seems that I'm not too popular, how about this, let's say goodbye here today, and when we return to Jiangzhou at some point, we'll come out and sit down again!"

"Hey!"

Qin Shujie already had some kind of meaning in her heart, and she usually didn't see Ji Feng for a long time, and she didn't have any good reason to look for him, so when she met him here at this time, how could she let him go so easily?

She hurriedly said, "Ji Feng, what you promised me hasn't been done yet!"

Ji Feng deliberated for a moment before nodding and smiling, "Alright then, I'll help you look at those raw stones you've selected first, but still, I'm only relying on luck"

“Alright, alright!” Qin Shujie smiled coquettishly, her eyes flowing, “If you are polite with Sister Qin again, I will really get angry”

This stinky guy, actually so out of touch with himself

Qin Shujie’s words have come to this point, Ji Feng can only smile and nod his head.

And the way the two spoke intimately made the face of Huang Guiyan next to him even more ugly, the jealousy in his eyes even stronger, while his master, the middle-aged man, Master Mao, was similarly unhappy in his heart, and his face just didn’t look good.

But in fact, Ji Feng was indeed suffering from an undeserved disaster, from the beginning to the end he did not show any intimacy to Qin Shujie, at most it was only a verbal courtesy, there is no denying that Qin Shujie can indeed make any normal man moved, this woman is like a ripe peach, a slight touch will be juicy and sweet.

But even if Ji Feng was moved, he wouldn’t have made any intimate moves in public, not to mention that he didn’t want to make any intimate moves in the first place.

But in Huang Guiyan’s eyes, Qin Shujie had never had such a flirtatious smile when she was with him, and that coquettish smile was really heartwarming, but it was not a smile for herself, but for Ji Feng!

It’s strange that Huang Guiyan’s heart could be calm!

“Sister Qin, let’s go over there!” Ji Feng smiled.

Buzz~~~!

The sound of the stone solving machine starting suddenly came over, and several people subconsciously looked back, only to see that middle-aged Old Han at the stone solving place had already started to solve the stone.

“Humph!”

Huang Guiyan sneered, “Mr. Qin, since the stone has already started to be unravelled, why don’t we finish looking at it and then decide whether to let this gentleman who relies on his luck to look at the rough stones, help to look at those rough stones we had looked at before!”

The smile on Qin Shujie’s face gradually disappeared as she slowly turned her head away, her beauty tightly knitted, “Huang Guiyan, if you dare to sneer at my friend again, I don’t mind breaking the contract with you!”

“You’re” Huang Guiyan was stunned, and then he whirled and got a bit down.

“Humph!”

Qin Shujie coldly snorted and directly took Ji Feng’s arm and walked forward.

This sudden move of hers caused Ji Feng to be stunned, and at the same time, it also made Huang Guiyan’s face look ugly, what is this?

At this moment, Qin Shujie's action was almost as if a woman was showing off to others that she had found a very good boyfriend, or as if a gentle girl was defending her boyfriend!

It was no wonder that Huang Guiyan was even more jealous.

Seeing Qin Shujie and Ji Feng's backs, Huang Guiyan's chest rose and fell violently as he gritted his teeth and snorted coldly, a strong hatred showing in his eyes!

"Guiyan, don't worry, in the Shu Yao Jewellery Company, who can be more capable than your master me in terms of looking at rough stones? If Qin Shujie still wants to take part in gambling stones and still wants her company to continue running, she will definitely apologise for what happened today!" Master Mao next to him said proudly.

If Ji Feng had seen his appearance, he wouldn't have wondered why Huang Guiyan also had his eyes on the top of his head when he spoke, he was simply exactly like his master, he all had that superior look!

To put it nicely, that's bullying, but to put it more harshly, he doesn't know the sky is the limit when he has some skills!

Huang Guiyan immediately lit up: "That's right, Master, I don't believe Qin Shujie dares to disrespect you, hey"

"So ah, Guiyan, don't be in a hurry, all you have to do now is to show your strengths and merits, as well as gain the trust and liking of Qin Shujie's daughter!" Master Mao smiled grimly, "Let's follow up first!"

"Sister Qin, you are doing this, but you are making me" Ji Feng shook his head and laughed bitterly, he glanced at the female assistant of Qin Shujie who was following him not far away, how could he not continue with the following words.

Qin Shujie but red lips close to Ji Feng's ear, slyly said: "You guy, last time left me alone in the villa and left by himself last time I dressed like that, did you see" "

"Ah huh!"

Ji Feng coughed violently, panicked and turned his head to look around, his old face was hot, he didn't even know how to answer the words.

"Giggle" Qin Shujie giggled, her eyes flowing, between her knitted brows and smiles, all exuding a mature woman's charming aura, her voluptuous figure is even more heartwarming.

In fact, do not look at Qin Shujie now looks so active, but in fact, her heart is also nervous and panic, despite being a wife and mother, but so far, Qin Shujie has contacted men, but only her ex-husband and the current Ji Feng.

Her ex-husband, Zheng Haoyu, on the other hand, was that way and broke her heart until she met Ji Feng.

The period of contact with Ji Feng was actually the time when Qin Shujie's wariness was at its lowest, especially after that big drunkenness, she had actually surrendered to Ji Feng in her heart, but only out of woman's reserve did she not show her feelings!

But after that, Ji Feng was nowhere to be found and never contacted her again!

Although there was his number in the phone book, how could Qin Shujie call him?

Now that she had met Ji Feng at the raw stone fair in Hangzhou, Jiangsu Province, how could Qin Shujie miss it? Her heart immediately fluttered, so she chose to take the initiative!

Ji Feng also seems to have sensed Qin Shujie's intention, he was uncomfortable all over, Qin Shujie held his arm,***** soft flesh pressed against his arm, constantly stimulating his desire, he could only hold back, but the uncomfortableness in this body, is getting stronger and stronger.

"Sister Qin" Ji Feng coughed lightly, "So what, those hair stones you've been eyeing, which stall are they at?"

In desperation, Ji Feng could only digress, otherwise, he was really afraid that his hand would involuntarily climb on Qin Shujie's body, this mature and charming woman beside him was too seductive.

The woman next to him is too seductive. Ji Feng cursed himself for not touching a woman for a while, and he became spermicidal!

Qin Shujie smiled sweetly and said: "It will be here soon! Ji Feng, that Master Mao is considered to be the master with the best vision in our company, so he is somewhat arrogant, and his disciples are you must not take it to heart!"

"It won't!" Ji Feng shook his head slightly and smiled, "Sister Qin, that Huang Guiyan, seems to have some interest in you!"

"Yes!"

Qin Shujie smiled sweetly, turned her head to look into Ji Feng's eyes and asked, "So what do you say, what about this guy? Should I accept him?"

"Accept him?!"

Ji Feng chuckled, his expression unchanged, and said, "That's not bad, this is a young handsome man, and has the skill to read mao stones, I believe he can take your company to the next level"

Qin Shujie's heart then lost a little, she couldn't see any difference from Ji Feng's face after listening to her enquiry, he didn't even have the slightest jealousy

"Bitch!"

Seeing the duo walking side by side in front of him, Huang Guiyan cursed in his heart and quickly followed, he secretly decided that he must let this guy who only relied on his luck to look at the mao stone and who spoke shamelessly, fall hard on the phase, to give him a resounding slap in the face!

Guo Tao followed four or five metres behind, as if he had seen nothing.

Soon, Qin Shujie led Ji Feng to a stall, her body leaned forward, the two soft flesh of her chest pressed against Ji Feng's arm, making an intimate appearance, whispering, "Ji Feng, this is it, the biggest piece of mao stone on this stall, how about you look at it?!"

Chapter 582

“Cough

Ji Feng coughed lightly and untraceably pulled his hand out of Qin Shujie’s arms, although that soft plumpness made him very reluctant, he had to keep more or less a distance from Qin Shujie, otherwise, Ji Feng could not guarantee that he would not do anything out of the ordinary in this public!

As the saying goes, a man of great skill is a man of great courage!

Ji Feng believed that if he squeezed Qin Shujie’s fat ass as fast as he could, I’m afraid that no one else would be able to see it except Qin Shujie herself. It was bad enough just to have that thought, and Ji Feng felt like shaking his head and snuffing out the thought completely.

“Ji Feng ah Ji Feng, you don’t want to mess around, there is still Yu Xuan and Lei Lei waiting for you at home!” Ji Feng secretly admonished himself in his heart.

However, there is no denying that Qin Shujie’s attraction to men is definitely not something that any normal man can resist. The charm of a mature woman in her body is simply extremely fatal to men, and this is definitely not something that a young man like Ji Feng, who is bloodthirsty, can resist.

If you spend a lot of time with her, you will not be able to say anything else, or at least overstep the boundaries of friendship, that’s for sure!

Therefore, Ji Feng could only grit his teeth and keep his distance from Qin Shujie, because very often, one’s actions cannot go with one’s own thoughts.

One cannot realise one’s own ideas, either by helplessness or by restraint!

And what Ji Feng chose, was obviously the latter!

What he was thinking now, instinctively speaking, was obviously the desire to hold Qin Shujie in his arms and love her wantonly but his physical actions could not follow his thoughts, otherwise, something would happen, Yu Xuan and Lei Lei would be sad, and he, for the time being, could not afford to take responsibility for Qin Shujie!

Seemingly feeling this distancing from Ji Feng, Qin Shujie’s heart was somewhat lost, and a gloom flashed across her beautiful eyes.

He wasn’t interested in himself?

If she was facing other people, Qin Shujie had absolute confidence in her looks, but in front of Ji Feng, she didn’t have that confidence anymore, because she knew very well that if she was purely on a personal level, she wouldn’t be worthy of Ji Feng.

Because she had had a man before!

She was married and had a daughter!

A woman may be able to accept that a man has had another woman, but a man may not be able to accept that a woman has had another man, let alone, with a daughter?

From her origins, Qin Shujie knew all the more that between herself and Ji Feng, it was impossible.

As for Ji Feng's identity, Qin Shujie had already known about it, when she was at the Spring River Flower Moon Night Club in Jiangzhou!

If she hadn't been married and hadn't had children, she might still have some possibilities with Ji Feng, but now

However, Qin Shujie was moved!

It's not easy to meet someone who can make your heart move.

Qin Shujie didn't want to give up, but she didn't know how much courage she had left, especially with Ji Feng distancing himself from her

The first thing that happened was that Ji Feng didn't notice the change in Qin Shujie's expression. He came to this stall that Qin Shujie pointed out and pretended to look at the raw stones haphazardly as if nothing was wrong, slowly urging the bio-current to sweep through the raw stones.

His gaze lingered a little longer on the largest raw stone that Qin Shujie had mentioned, but the result was a little disappointing for Ji Feng. This big raw stone, it looked huge, but the jadeite inside was only as big as a baby's fist!

Ji Feng looked at the other raw stones, but there were quite a few with jadeite in them, but none of them were very large either, so if he were to gamble on the stone, he would definitely gamble on a collapse.

"This little brother, I wonder which raw stone you are interested in?" The owner of the stall saw that Ji Feng looked quite interested and couldn't help but ask.

"Hehe"

Ji Feng shook his head slightly and laughed lightly, saying, "I'm just casually looking at it, I won't necessarily buy it!"

"It doesn't hurt to take a look!" This stall owner was very good at business, he said with a smile, "Little brother, the raw stones I have here are all from the old pits, it's not easy to transport them, and we've gone to a lot of trouble to get the raw stones from this old pit"

Ji Feng was dumbfounded, it is said that people who often drum up antiques or make fake antiques, like to tell stories so that customers are attracted by the stories and ignore the antiques themselves, mistaking them for the real thing. But he hadn't thought that this peddler of mao stones also liked to tell stories.

It was only half a year ago, when Ji Feng first arrived in Jiangzhou, in order to get his first bucket of gold, he had learned in detail about some of the current situation and market of jadeite rough stones, which were now more and more difficult to get in the old pits, and the production was getting lower and

lower, and many people would even use the raw stones from the new pits to pass themselves off as old pits.

But regardless of whether it's a new pit or an old pit, at least there are so many stones on this stall, almost none of them can be gambled up, and the jadeite inside is not very big!

Ji Feng smiled and shook his head, when suddenly, the corner of his eye jumped.

He saw a raw stone that had been thrown into a nook and cranny, and seemed to be used as a stone bench!

On this stall, there was a canvas canopy with a table inside, and beside that table, the original stone that Ji Feng saw was placed there, and if a person sat on it, the height of that original stone was really the right size!

Moreover, on top of that original stone, there was this extremely smooth cut, which was actually a piece of waste stone that had been deconstructed by someone. And looking at the shape, it seemed that it was still one end of a large piece of the original stone that had been cut off!

"What a waste!"

Ji Feng couldn't help but give a bitter laugh, when he first saw this piece of raw stone he noticed that inside this raw stone, there was a piece of jadeite as big as a basketball! And looking at the quality, it seemed that it could even reach the water variety, and it was still purple water!

"This is really" Ji Feng couldn't help but shake his head, other people can't find a good original stone even after careful selection, but this stall owner is good, directly treating such a large piece of original stone as a stone bench, where to justify this?

"I say boss, you bet yourself?" Ji Feng pointed at the cut waste stone and asked with a smile.

The boss was stunned, looked at the waste stone, and immediately laughed: "Little brother is joking, this is a scrap left after a customer has solved it, I see this size is just the right height, so here it is as a stone bench. disregard according to an expert, this stone stool is likely to produce jadeite as well, little brother, fancy this piece?"

Ji Feng was tempted to open his mouth and curse, this businessman is too shrewd, right? He just asked casually and already pretended to be, this guy actually wants to snatch the grass and hit the rabbit?

"Oh" Ji Feng grinned, "Then you'd better keep it for yourself and continue to be a stool!"

Saying that, Ji Feng was about to turn around and leave.

This boss's eyes turned and immediately had an idea, he gritted his teeth and made a tough decision like a decision and said, "How about this, little brother, if you buy a raw stone from me to go, this stone bench will be given to you!"

This boss just saw that Ji Feng seemed to have some interest in this stone stool, so he intended to gamble, doing business, it's all about quick hands and slow hands, if you don't fight for it yourself, it's definitely not available!

“Give it to me?!”

Ji Feng was stunned and then laughed, “What use do I have for this broken stone stool of yours?”

That boss instantly gave a sarcastic laugh, but then he heard Ji Feng say, “But since you said so, boss, then I’ll take a look at it here with you!”

At this time, Qin Shujie was also a bit out of sorts, and she pretended to smile as if nothing was wrong and asked, “Ji Feng, are you going to buy a piece?”

“Let’s see!” Ji Feng laughed.

“It’s better to rely on luck, right?” A shady voice suddenly came, but it was the duo of Huang Guiyan and Master Mao who had arrived, that Huang Guiyan had a hint of mockery on his face, “Since your luck is so good, why don’t you show us?!”

Ji Feng glanced at him, and casually patted a raw stone beside him that only reached his thigh, saying, “I gamble on stones by luck, today I see this raw stone to my liking, boss, how can I sell this raw stone?”

The boss was so discerning that he immediately saw that these people were not dealing with each other, and in his heart he was pleased that this was another opportunity to rip people off.

He coughed lightly and said, “Little brother, if you really want it, make it a whole number and give half a million and take it!”

Ji Feng immediately gave him a sidelong glance and said, “Boss, you’re so black-hearted, you want half a million for such a piece of broken raw stone? Two hundred thousand!”

The boss was not angry, but said with a smile, “Little brother, how about this, four hundred and fifty thousand! More or less let us earn hard money, don’t talk about it anymore!”

Ji Feng hummed and said, “Four hundred thousand, plus that stone bench of yours, we’ll deal if we can, if not, then forget it!”

The boss clenched his teeth, as if he had made a very ruthless decision, “Fine! This is our first time dealing with each other, so let’s just consider it a friend. You can have the stone stool too.”

You want to make friends with me? I pooh!

Ji Feng looked at him with contempt, this guy really had the nerve to say that the original stone he had chosen had no quality, not even a bit of green mist, it was strange that this original stone could be sold for 400,000!

This guy must have taken himself for an ingrate!

Ji Feng pretended that he didn’t know and directly took out his bank card from his wallet and said, “Boss, swipe your card!”

Next to him, Huang Guiyan was looking at him with envy and contempt, he didn’t have the ability to take out 400,000 to buy the original stone with his hand, so he was naturally envious. However, Ji Feng bought a piece of raw stone without any appearance, this is too big a gamble, and even in his opinion, the possibility of jadeite coming out of it is extremely small.

“What a dirtbag! Stupid big money!” Huang Guiyan couldn’t help but sneer, “Taking 400,000 and throwing it into the water, you can still hear a ringing sound, but now, you only get back two stones, one of which is a stone bench, hahaha”

Chapter 583

“Shut up!”

Qin Shujie shouted coldly, her face sinking, “Huang Guiyan, I think you’ve forgotten what I just said!”

Huang Guiyan’s face instantly changed and he said with some annoyance, “General Manager Qin, you really want to fire me for a guy who’s a woofer!”

“Huang Guiyan, watch your words!” Qin Shujie was also moved with anger, this Huang Guiyan’s repeated sarcasm of Ji Feng really made her furious, “Master Mao, please restrain your disciple!”

Master Mao, however, half drooped his eyelids and said indifferently, “Mr. Qin, this gentleman is your friend, then we don’t have anything to say, but for you to trust a person who only relies on luck to gamble on stones so much, this is a distrust of us”

“Master Mao, what do you mean by that?!” Qin Shujie asked with a sullen face.

“It means nothing, just expressing my opinion!” Master Mao hummed, “Mr. Qin, I just hope you can understand, gambling stones, luck only accounts for a very small part, the most important thing, still depends on eyesight and experience!”

“Master Mao, your eyesight and experience, I understand both, but yet, that doesn’t stop me from trusting my friend!” Qin Shujie grunted, “I don’t want to hear any more mocking words towards my friend!”

“General Qin!”

Huang Guiyan said proudly, “Master and I are also trying our best to stop this for the sake of Mr. Qin not being deceived! Since Mr. Qin doesn’t believe in it, then I’ll come and prove to Mr. Qin that luck is reliable in gambling stones or not!”

“How are you going to prove it?!” Qin Shujie asked in a deep voice as her eyebrows knitted slightly.

Huang Guiyan immediately said proudly, “Since this friend of yours can gamble on stones by luck, I would like to compete with him, just bet on this piece of raw stone he bought, judging from me, the possibility of green coming out of it is not great, and even if it does, it should not be very big, at most a few pounds in weight. If your friend opens a large piece of jadeite in it, then I will pay for the original stone. However, if it doesn’t open up”

Qin Shujie immediately said, “If it doesn’t open a jadeite, or if it doesn’t open a jadeite of more than ten pounds, you and Master Mao’s salary, triple, and we sign a five-year contract immediately! On top of that, I will also give you a sum of money as a bet, according to the price of the original stone! But if it opens up, it won’t be as simple as you paying for it, I want you to come up with another four hundred thousand dollars and resign from the company voluntarily at the same time!”

Qin Shujie was really angry, the company could not leave Master Mao for the time being, but that did not mean that they could insult Ji Feng at will!

Big deal, spend a lot of money again to hire a gambling master, Qin Shujie would never allow others to speak ill of Ji Feng, mock and ridicule him again and again. Although Huang Guiyan and Mao Shi's words were about Ji Feng, Qin Shujie was extremely uncomfortable in her heart, as if others were talking about her own relatives!

Master Mao and Huang Guiyan both couldn't help but blush, 400,000 they could still take out, but if they were to take out another 400,000, which for Huang Guiyan, even if he were to be sold, he wouldn't be able to get that much money. The bet just now, or Master Mao backed him up behind the scenes, he dared to say that bet, and now Qin Shujie raised the price to 800,000

The first thing you need to do is to get a good idea of what you are getting into. But if he reneged on the bet, he would have no way to make a living in this gambling circle

"Master Mao, since you are so sure of your eyesight and experience when it comes to gambling on stones, how come you don't dare to agree now instead?" Qin Shujie asked with a cold smile.

"Humph!"

Master Mao's face changed and he hummed, "How come I don't dare? Just bet on it! That brat, now immediately go to the stone solving place in front and solve that original stone to see the result!"

Qin Shujie turned her head and said, "Ji Feng, let's go and solve the stone!"

"Hehe"

Ji Feng couldn't help but chuckle, "Why use such a big piece of raw stone when you're gambling with them Nope, let's use this one!"

He kicked the stone bench with his foot, "Just use this stone bench, I look at this raw stone more smoothly, I believe that there should be large pieces of jadeite in it, so this raw stone, it's already enough!"

"You"

Huang Guiyan's face suddenly turned red and pointed at him angrily, "How dare you take a piece of cut raw stone to bet with us? You're simply"

"Guiyan!" Master Mao's face instantly sank, "What raw stone someone uses to gamble with is his freedom, besides this stone bench also belongs inside those 400,000, so you should not interfere!"

Huang Guiyan was stunned, then his heart dawned and he was secretly pleased. It's not that other people's cut stones can't produce green, but the possibility is much smaller than ordinary stones! Ji Feng used this stone bench to gamble, then not only was there no harm to himself and his master, but there were quite a few benefits, and the comparative chances of winning were much better!

Only a fool would oppose it! Huang Guiyan mentally bristled, and then secretly looked at his master, but saw him nodding slightly, with a smile on the corner of his mouth.

Huang Guiyan immediately understood, he secretly sneered: “Qin Shujie, I’ll let you know that your Shu Yao Jewellery Company will have a hard time if you leave Master and I. If you want to get the raw materials, you have to buy them at a high price, and you may not be able to get them, I’ll see if you still dare to put up such a stinky front with me then!”

“This so-called little white man of yours who relies on luck will definitely fail miserably!” Huang Guiyan was overjoyed, the master had just nodded his head, which meant that the master had already seen that it was absolutely impossible for green to come out of this stone bench, in that case, not only would both the master’s and his salary triple by then, but there would also be a five-year contract and a bet of four hundred thousand dollars, this was really a pie falling from the sky!

What’s more, by the time Qin Shujie knows how important eyesight and experience really are in gambling stones, she won’t dare to have such an attitude towards herself anymore, and then see how his company runs, not to ask for herself!

“Ji Feng, you’re” Qin Shujie was also anxious, using a scrap stone to gamble with, wasn’t that a bit childish? That three times the salary and hundreds of thousands of dollars bet does not matter, but, if Ji Feng disgraces himself here, she Qin Shujie can be the one who started it, then Ji Feng will not hate her?!

Ji Feng waved his hand with a smile and said, “Didn’t I say that gambling on stones relies on luck, and since it relies on luck, what does it matter whether the original stone is a waste stone or one of good quality?”

“Ji Feng, don’t be reckless, this Master Mao and his disciple Huang Guiyan, are both acerbic and mean, when the time comes they can speak in a very unpleasant manner!” Qin Shujie couldn’t help but shake her head, “I can fire them, but I can’t stop their mouths!”

Ji Feng laughed, “Don’t worry!”

Seeing that Ji Feng was ready, Qin Shujie’s red lips were slightly open, but she didn’t know what to say, she could only nod slightly, but her heart was secretly a little regretful, she was angry, she just fired Master Mao and Huang Guiyan, why did she have to make this bet with them, but the result was that Ji Feng was also angry, this time if

In Qin Shujie look, Ji Feng randomly found a stone bench to bet, obviously is angry. She, however, did not know that if Ji Feng really used the original stone he bought to gamble, that would be the one who would lose miserably!

“Boss, ask your staff to help push a trolley to push these two original stones to the stone-setting area, I’ll give you this money upfront now so that we can settle the payment for the goods!” Ji Feng said with a smile after he swiped his card.

The boss immediately said with a smile, “No problem, no problem!”

Although the boss had been in the business for many years, and had seen this kind of bidding battle quite a few times, it was the first time he had seen such a casually taking out hundreds of thousands of dollars and only picking out a scrap stone to bet on.

So the boss simply assigned a man to watch over the stall while he personally pushed the two stones to the unstone with a few other employees.

“Excuse me, everyone, please let us solve them first!” The owner of that stall said smilingly, “We have a bet over here

He immediately gave a rough account of the gambling game between Ji Feng and Master Mao’s trio, cupped his fist to the people around him, and laughed, “Everyone, please, please!”

As soon as the others heard that there was a bet, they came to their senses, especially when they knew that Ji Feng had actually just used a scrap stone that had been cut to bet, they were amazed, they had seen fools, but they had never seen such a foolish person, actually taking a scrap stone to bet, this was clearly ready to admit defeat!

Seeing a few workers moving the not-so-high stone bench onto the stone solving machine, the onlookers couldn’t help but murmur.

Among the crowd, there were a few people standing on the periphery of the crowd, but they were very conspicuous. If Ji Feng saw these people, he would have recognized them at once, and they were none other than Zhou Shilin, the five young men of Jiangsu and Zhejiang.

Looking at Ji Feng standing next to the stone solving machine, Song Mingyuan’s eyes couldn’t help but flash a resentful look, couldn’t help but coldly snort: “Gambling on stones is really a stupid x! Actually taking a scrap stone to bet, looking for isn’t looking for death?”

While Hu Yujin, who was wearing gold-rimmed glasses, was looking greedily at Qin Shujie, who was standing beside Ji Feng, his eyes instantly lit up, this woman, mature and voluptuous, made the lust in Hu Yujin’s heart instantly rise high. This woman was no worse than Fifi Zhou!

“This woman if she is not the woman of this bastard surnamed Ji, I must have her!” A greedy look of lust flashed in Hu Yujin’s gaze, “Even if she’s that bastard’s woman, I’ll definitely want it!”

At this time, Zhou Fei Fei, who was standing on the other side of the crowd, had a different color in her beautiful eyes, and could not help but say, “No wonder he was so determined that day, it turns out that there are so many women beside him besides Tong Lei, and this one is still so beautiful is really a flirt! Very good!”

Chapter 584

“There’s a future father-in-law in front of him, another Tong Lei, and now another woman Since that’s the case, then he must not mind one or two more, right?” A strange look flashed through Zhou Fei Fei’s eyes, “Since you like beautiful women, it’s a good thing to do, the fear is, one has no weaknesses!”

Zhou Fei Fei looked at Ji Feng, who was dressed in a casual outfit, and couldn’t help but secretly sigh in admiration, she had to say that this young man, who was even younger than herself, really had a unique charm that attracted women.

Slightly messy short hair without looking disheveled made Ji Feng look very spirited, giving people a bright feeling and not making them feel dull.

Dark blue plaid shirt, cuffs rolled up, thick arms wearing a watch, wearing casual trousers underneath, casual leather shoes, hanging buckle belt around the waist just this outfit, just like a crane standing in the crowd, let people want not to pay attention to it is difficult!

What's more, Ji Feng occasionally turned his head to glance over, the sharp gaze swept, so that people's hearts can not help but shiver, and even have a kind of feeling as if all over the body is seen through.

The former can make people fearful and want to run away as soon as they see him for fear of being killed!

The latter, on the other hand, is someone who makes people unable to resist at all, because no matter what schemes and tricks you have, they will all become invisible in front of him.

What makes Qin Shujie wonder is that Ji Feng is only in his early twenties, and even though he is very shrewd, he cannot be associated with great wisdom and courage, right? How could there be this kind of gaze that makes people fear and want to look at it more at the same time?

At this time, Ji Feng did not have time to check out the crowd more, there was Guo Tao in charge of things next to him, he lit a cigarette in his mouth, while rolling his sleeves up high, took the chalk and drew a slight line on the original stone, then he took control of the stone solving machine himself and rubbed it on the original stone.

"Look at his posture, it really looks like a pose" Song Mingyuan couldn't help but touch the left side of his face, where he had been smoked by Guo Tao, which still seemed to be faintly painful.

Hu Yujin snorted coldly, "Mingyuan, don't be anxious, you'll know later when that Ji surname has unlocked the original stone, a person's face can turn iron blue in an instant when they are full of smiles, that's an extremely exciting scene!"

"Hey! I'm looking forward to it then!"

Peng Kuanqi also followed with a cold laugh, "To actually use a ruined stone to gamble with, does he really think that because his surname is Ji, everyone has to give him face? When he sees that nothing can be cut, I'll see how he can still laugh!"

"It's none of our business whether we can laugh or not, but when his bet collapses, if everyone knows he's a member of the Ji family again, hey, that'll be hilarious!" The next senator, Tao, who had been blinking coldly, spoke in such a way that people could not help but shiver.

Hu Yujin and the others could not help but feel a sense of awe in their hearts, and they could not help but be more wary of Senator Tao, this man is really poisonous!

"Zizhi~~~!"

The ear-piercing sound of the grinding wheel polishing the raw stone kept ringing out as Ji Feng controlled the stone solving machine with both hands, gradually wiping off the excess raw material on the raw stone, while at the side, Master Mao and Huang Guiyan kept sneering, the smile on their faces was getting more and more smug.

"Master, nothing will happen, right?" Huang Guiyan still had some uncertainty in his heart, this bet was too big after all, Qin Shujie was running with the goal of making them lose all their money ah.

“Don’t worry, it’s not uncommon for green to come out of a waste stone, but look, how big is this piece of waste stone in total? Unless there is a thin layer of stone skin on the outside to produce large pieces of jadeite, otherwise, no matter how green it is, it won’t be much bigger.” Master Mao looked confident and confident, and said, “Besides, this is only possible if it is green, more likely, it is not green!”

Only then did Huang Guiyan’s heart let out a slight sigh of relief, and he couldn’t help but complain in a low voice, “This Qin Shujie really has no eyes, she can’t even tell who is good to her, I must let her know that Shu Yao Jewellery Company will definitely not work without you, Master!”

Those people around, who saw that Ji Feng was actually going to bet with Master Mao, could not help but whisper and talk.

“This young man is very bold, he dares to bet with Master Mao, doesn’t he know that Master Mao’s reputation in this business is not small, isn’t he looking for death?”

“Yes, but this young man looks like an old hand! Maybe he’s really got a few tricks up his sleeve!”

“Bullshit! What’s the point of having brushes if you don’t have them?”

“Hey! Don’t talk so much, let’s see!”

Listening to the low chatter around him, Guo Tao coldly swept a glance and was suddenly struck by the fact that he saw Hu Yujin and the others, who were looking at Ji Feng with ill intent.

Guo Tao was instantly alert, and one hand touched the back of his waist without a trace

Qin Shujie’s face was likewise very ugly, she certainly knew that Master Mao had a great reputation in this business and was also very arrogant, but normally for the sake of the company’s development, Qin Shujie put up with this Master Mao.

But Master Mao humiliated Ji Feng, and even his disciple Huang Guiyan also humiliated Ji Feng, which made Qin Shujie very angry and she could not bear it.

But she did not expect that the bet between Ji Feng and Master Mao would put Ji Feng under so much pressure and so much ridicule.

.....

“Zizi~~~!”

Ji Feng was unaware of it, he was at his most serious and focused when he was working. And now, his spirit was likewise highly concentrated, because the original stone in front of him, the skin of the stone was really too thin, just a little carelessness might hurt the jade inside, Ji Feng naturally would not be reckless.

“Rubbing for so long, but the progress is slow as hell, I think you are stalling for time, right?” Huang Guiyan asked loudly in a sneering voice next to him.

Ji Feng frowned slightly but didn’t say anything, instead he continued to polish the original stone seriously.

However, Guo Tao next to him was not happy, it was fine if this bastard repeatedly provoked him, but at this juncture, he still dared to make sarcastic remarks, he was simply looking for death.

Guo Tao fiercely walked up to Huang Guiyan's side and said in a cold voice, "If you dare to speak half a word of nonsense again, I will kill you!"

"You" Huang Guiyan was furious and was about to curse, but what he saw was Guo Tao's eyes full of killing intent, and he was so scared that he winced and dared not say another word.

"If you don't believe me, just say one more word and try!" Guo Tao said coldly and turned to leave, leaving only Huang Guiyan, whose face was light and white for a while.

"Guiyan, what did he say to you?!" Master Mao asked.

"No, nothing!" Huang Guiyan shook his head in a panic, even if it was his master, he didn't want the other party to know his embarrassing story of being so scared that he couldn't speak.

"Zizi~~!" Ji Feng suddenly brought the stone solving machine to a halt, the others couldn't help but stare, then their spirits lifted, the stone solving machine had stopped, this was proof that either it had given up, or it had come out green!

"Little brother, what do you want to do next?" The stall owner had also been following along and watching the action, at this moment, when he saw that Ji Feng had stopped the stone solving machine, he immediately went forward and asked.

"Get a basin of water!" Ji Feng turned his head and said.

"Yes, yes, hurry up and fetch a basin of water!" The stall owner hurriedly yo-yoed.

Soon, a staff member brought in a basin of water, and Ji Feng casually brought it over and poured it violently towards the original stone!

Wow~~!

The top end of the debris was immediately washed away, and the next moment, a splash of crystal clear jadeite, slightly tinged with a faint purple colour, unfolded half a palm-sized piece that was so mind-blowing

"It's up! It's gone up!" The people around were amazed, "Why is it still purple? It can't be a purple water variety, can it? That's a pretty good jadeite!"

"That's possible, it's quite a good one within the water variety, I just don't know how big it will be"

"Aiya, it's really hard to imagine ah, this waste stone out of jadeite is not uncommon, but, can produce this quite good purple water, that is really rare ah."

As we all know, water jadeite, generally divided into clear water, green water, blue water, purple water and other types, of which clear water and purple water for the top, green water and blue water for the bottom. If the purple water jadeite in this original stone is large enough, it simply can't be low!

And as the crowd chattered, those who were ready to watch Ji Feng's jokes couldn't help but reveal a stunned look.

“This bastard, he’s really gotten lucky!” Song Mingyuan couldn’t help but hum.

“Humph!” Hu Yujin was also a little resigned.

However, Senator Tao smiled grimly, “Don’t be in a hurry, there will be plenty of opportunities for us in the future!”

Several people looked at each other, and all saw the cold light in each other’s eyes, as well as the cold smile at the corners of their mouths

However, none of them thought that they hadn’t waited for the coming day to be long before Ji Feng had already struck.

The words ‘I remember you’ that Ji Feng said in the management committee office were not just a show of authority, let alone a non-sequitur

And at that moment, the faces of Master Mao and Huang Guiyan, changed abruptly!

“This, this is” Huang Guiyan couldn’t hold his breath, his face full of disbelief, “Master, he, he this is a purple water jadeite?”

Master Mao’s face is also extremely ugly, jadeite out of waste stones, this is not something unacceptable, but, out of a good quality, and look at the appearance, the size of jadeite may not be small, this is the most unbearable thing for him!

If he loses

It would be a total loss!

Chapter 585

“Master, Master, we don’t need to worry, even if it comes out with purple water, what can we do? If we can’t produce enough purple water jadeite, we’ll win all the same!” Seeing his master’s face turn ugly, Huang Guiyan immediately said, but in saying this, he was more or less lacking in strength.

After all, before this, he and his master had both concluded that this scrap stone selected by Ji Feng would definitely not produce jadeite, but now after it was solved, not only did it produce jadeite, but it also produced purple water jadeite, so no one could guarantee how big this purple water jadeite really was!

Master Mao had also thought of this, he couldn’t help but grunt, but in his heart he had already developed a sense of trepidation, if he really lost, in front of so many people, he would either lose his reputation and never be able to mix in this circle again, or he would lose his family!

“It’s up! Little brother, has it really gone up?” The most shocked person was the stall owner who sold the original stone to Ji Feng, who saw that Ji Feng had actually opened a purple water jadeite from a waste stone, and what’s more, the waste stone was actually a free gift from him!

“Don’t let too big a jadeite come out!” The stall owner’s heart lifted, “It mustn’t come out, it mustn’t”

If Ji Feng really opened a large purple water jadeite from this waste stone that he had originally used as a stone bench, this stall owner couldn't even find his grave to cry, it was too bad!

Qin Shujie, however, her beautiful eyes shone brightly, full of joy: "It really opened up a purple water jadeite, it really opened up!"

Previously, when she saw that Ji Feng had casually gambled with a scrap stone, she thought that Ji Feng was probably so angry that he had broken his jadeite jar, but now it seemed that this was obviously not the case.

This waste stone can actually open up a very good jadeite!

"This man, he really does do things without a drop of water, even gambling on stones, he can actually do so!" In the crowd, Zhou Fei Fei's beautiful eyes had a different color, but her heart was aghast, through the short contact with Ji Feng, she could find that the other party was definitely an extremely shrewd person, if he really wanted to do any small moves, he would not be able to hide it from his eyes.

"It looks like the matter of Shi Lin has to be done urgently, he must be given an explanation before he leaves Hangzhou! Give an explanation to the parents of that female student!" Zhou Fei Fei secretly decided in her heart, she seemed to have a feeling that once Ji Feng left Hangzhou, it would prove that either he had finished his business or he was completely disappointed with these people in Hangzhou!

If it was the former, then naturally, all would be happy.

But if the latter is the case

Since he is disappointed with all the people and things in Hangchun, what he will most likely do once he leaves Hangchun is to use his own methods to turn all those people and things that disappointed him into what he wants them to be!

That would also mean that what awaited these people would be a wild storm of crazy attacks!

Zhou Fei Fei absolutely believed that Ji Feng might not have the ability to toss the whole of Jiangsu and Zhejiang into a state of unrest, but for a Hangzhou city, for the Zhou family, for the so-called five youngsters of Jiangsu and Zhejiang, or for these five families, he could play with them however he wanted!

As long as it doesn't involve a big factional dispute, even if Ji Feng were to block the doorways of these families every day with a wooden stick and beat people up when he sees them, no one would dare to say anything!

Besides, if it was in a private capacity, even if Ji Feng demolished these people's homes, they would still have to smile and welcome him!

"One must not underestimate this person, ah, a guy that even He Hongwei scorns, how can they be underestimated by these petty government officials?" Zhou Fei Fei glanced at Hu Yu Jin and the others in the crowd without a trace, and couldn't help but sneer, "Still want to blackmail me? Do you really think everyone else is a fool?"

.....

“Zizi~~~!”

After rinsing the original stone with water, Ji Feng immediately continued to control the stone cutter, steadily and gradually rubbing the original stone! Ji Feng’s shirt sleeves had been rolled up, his two arms appeared extremely strong, that stone cutting machine was in his hands, shaking extremely little, and the jadeite in that original stone, was rubbed out little by little.

A larger and larger area was revealed, all of which were uniform and crystal clear purple water jadeite, which looked extremely beautiful and pleasing to the eye.

The young man’s luck was so good that it was no big deal to unravel the jadeite in the waste stone, but looking at the exposed corner, I’m afraid the jadeite he unraveled was not small.

“Luck, this is really luck!”

“Tsk, this luck is unbelievable! I’ve been in this business for nearly twenty years, but this is the first time I’ve seen such a thing.

“Luck? Maybe this young man is very discerning and experienced? He just doesn’t want to show off!”

“Yes! That’s possible too! Tsk, in that case, the other jadeite he chose should be a good bet too!”

“Why don’t we talk to him and buy the rest of the piece?”

“He’ll sell it?”

“It’s a pity that Master Mao, who has been in the circle for so long, has fallen into the hands of a young man today.

“He’s just fishing for fame, with his old qualifications, he shouldn’t have gambled with a young man himself, now he’s well, fallen, right?”

“Shh – you keep your voice down, can’t you see it’s so close, don’t let Master Mao hear!”

.....

As these people around them chattered, Master Mao and Huang Guiyan’s faces turned green, now that Ji Feng had unlocked at least half a football sized purple water jadeite, more than ten pounds it was a certainty, which meant that they were sure to lose!

But what’s even more hateful is that these people are actually saying something about him winning by luck!

And because Ji Feng won, these people actually ridiculed him, Master Mao, as being worthless. This is really damned Master Mao originally planned to admit defeat and then continue to work for a jewellery company to earn his coffin money. Who would still want him?

Master Mao hated him with a passion, while Huang Guiyan was almost devastated.

If he lost, Qin Shujie would have even more trust in that guy who only relied on luck to gamble on the stones, and by then, he would have even less chance!

As for the future work he was still young, he couldn’t starve to death doing anything.

However, looking at the charming and beautiful Qin Shujie, intimately leaning on Ji Feng's side, Huang Guiyan felt as if his heart was being gnawed by tens of thousands of ants, so uncomfortable that he almost wanted to hit his head to death!

"Bring a basin of water!" Ji Feng shouted, instantly causing Master Mao and Huang Guiyan to jolt, both of them looked at the same time, and saw that Ji Feng was taking the basin from a staff member, pulling it out of the way and splashing it down at once.

Wow~~~!

A basin of water was poured down and instantly, a piece of jadeite with a well-proportioned purple colour in the crystal, just appeared in front of everyone's eyes. This piece of jadeite was so beautiful, the not too rich purple color, under the sunlight, was really dazzling and had a radiant feeling.

"So big?!"

"Boy, this piece of purple water, it's a good portion! And the colour is quite good, look at the purple colour in it, it's evenly distributed, not too thick and not too light, it's really beautiful!"

"Tsk, this young man is really rich, with this piece of purple water jadeite, definitely able to beat a pretty good Buddha statue or other objects, the rest of the material, also able to pull out a lot of pendants, just such a piece, worth at least ten million ah"

.....

Ji Feng took the dry towel handed over by the staff next to him, wiped the jadeite all clean and dragged it up with one hand, just his strength alone, he couldn't help but make people's hearts flutter.

Under the sunlight, the jadeite looked crystal clear and beautiful, simply shaking the eyes of everyone present!

But Master Mao and Huang Guiyan were ashen, both of them knew that after today, they were finished!

Ji Feng didn't have the slightest intention to let them go, he came to Master Mao and Huang Guiyan with the jadeite in his hand and asked with a smile, "Master Mao, you still remember our bet, right? Then next, please fulfil your promise!"

"According to the previous agreement, Master Mao, you should pay Ji Feng four hundred thousand, plus resign on your own initiative, as well as bear the cost of the original stone, also four hundred thousand" Qin Shujie said indifferently.

"This, this"

Master Mao's face was incomparably ugly, while looking helpless, eight hundred thousand ah, almost like making him dump his family's money, and also have to voluntarily resign, then, this last month's salary, there is no

In fact, Master Mao has been in this business for so many years, his assets are naturally far less than eight hundred thousand, but, over the years he himself also gambled on stones and gambled down quite a few times, and also lost a lot of money, plus the rest is real estate, it is really hard to come up with the eight hundred thousand at one time!

“What, Master Mao is not going to back out, right?!” Ji Feng squeezed, “You’re an expert!”

“This, this” Master Mao clenched his teeth and could only say, “Mr. Qin, I’m not going to lie, I, I can’t get this much money for a while, look at this”

“Can’t get it out?” Ji Feng laughed: “You dare to bet with even if you don’t have so much money?”

Master Mao’s old face suddenly turned red, but he didn’t know how to answer.

Huang Guiyan, on the other hand, was blushing even harder and was about to sneak backwards.

“Let’s put it this way, I see that the reason why Master Mao wants to bet with me is actually because he wants to stand up for his disciple, and the real culprit of this is this Huang Guiyan!”

Ji Feng chuckled and said, “Master Huang, you just have to agree to one condition of mine and we’ll write off this money, at the same time, you can still continue to work at the Shu Yao Jewelry Company, can’t you?”

“Sh, what condition!” Master Mao was stunned, and Qin Shujie beside him was also stunned, not knowing what medicine Ji Feng was selling in his gourd!

Ji Feng fiercely pointed at Huang Guiyan next to him and said in a deep voice: “Kick this guy out from under your door and at the same time announce this news to the entire industry, just this one request, can you do it?!”

Swish!

Huang Guiyan’s face instantly turned pale beyond recognition

Chapter 586

“Kick out Huang Guiyan?” Master Mao was stunned.

“That’s right, kick him away!” Ji Feng said indifferently, “If you can kick him away and then announce this news to the whole industry, the bet between us will be written off, how about that?!”

Master Mao’s heart hesitated, this young man in front of him, this move can be really vicious na, in this way, Huang Guiyan in this jewellery jade industry, there is no way to mix, was kicked out of the company, this is nothing, anyone has the experience of jumping nest.

But if he announced to everyone that he would kick Huang Guiyan out of the door, then from then on, Huang Guiyan would become a street rat, even if he would not be shouted at by everyone, but no one would dare to use him again, let alone accept him as a disciple!

Who would dare to use a person who has been kicked out of his master’s school?

“I don’t have much time, I hope you can consider it quickly!” Ji Feng said indifferently, he was holding the emerald in one hand as if his hand was empty, looking extremely relaxed.

But Huang Guiyan on the opposite side was not at all relaxed, he was about to be kicked out of the door by his master?

He immediately became frightened and was just about to ask his master for mercy when he suddenly heard Master Mao say, "I'm sorry, I can't promise you that, although Huang Guiyan is a bad person and has offended you, he is after all my disciple! A few hundred thousand is a lot, but I can write you an IOU. Besides, I agreed to the bet today, so I'm responsible for it too! And so far, I still believe that gambling on stones relies on eyesight and experience, and luck only plays a very small part!"

Huang Guiyan's eyes immediately showed a hopeful light, and the corners of his mouth couldn't help but show a smile, Master still protected himself!

Ji Feng, however, smiled as he turned his head to look at Qin Shujie and asked with a smile, "Sister Qin, what do you think?!"

Qin Shujie shook her head slightly and said, "Master Mao, if you don't agree, then we'll have to follow the bet, what do you think?"

Master Mao gritted his teeth and said, "Fine, I'll write you an IOU right now! Both of us, master and disciple, will resign immediately now!"

Ji Feng was a little surprised, he couldn't imagine that this Master Mao was still very hard-headed.

He originally wanted to use the \$800,000 bet to kick Huang Guiyan out, while leaving Qin Shujie with an experienced gambling master. But now it looked like that intention was going to fall through.

"Alright then, Xiaowei, bring a pen and paper and ask Master Mao to write an IOU!" Qin Shujie said.

"Yes!" The female assistant next to her immediately brought a pen and paper and handed it to Master Mao.

"Wait a minute!" Master Mao was just about to write it, but Ji Feng suddenly spoke up, the corner of his mouth pulled up a smile and said, "The one who bet with me is Huang Guiyan, although you also agreed to it, Master Mao, but after all, you can't be held fully responsible Let's do it this way, since the bet is a total of eight hundred thousand, Master Mao and Huang Guiyan, you Two people each share 400,000. I am one of the parties involved, so I should have a say in who pays, right?!"

Huang Guiyan's face immediately changed as he hurriedly said, "You, you can't, if my master didn't give the nod, I certainly wouldn't have bet with you either, this money naturally has to be paid back by my master, don't you rely on me!"

"Huang Guiyan!"

Master Mao's face instantly sank, his brow furrowed tightly as he looked at Huang Guiyan incredulously, "What did you just say?!"

Huang Guiyan's heart was aghast, of course he knew that his practice of shirking responsibility was absolutely disgraceful, but to ask him to hand over 400,000 yuan for no reason, he was unwilling to do so even if it killed him. What's more, where did he have that much money?

"Master, it was you who asked me to bet with this guy, now of course you should be responsible, all this money should be paid by you!" Huang Guiyan said, "Big deal, when I become a master in the future, I'll pay you more filial piety, that's all!"

“Good! Good!”

Master Mao looked at Huang Guiyan with a forlorn face, and it seemed that his lips were trembling a bit because he was too excited, “You are really my good disciple, really filial!”

He said two good words in a row, enough to see how angry he was inside!

Master Mao fiercely turned his head, looked at Qin Shujie and Ji Feng, gritted his teeth and said, “This little brother, Mr. Qin, I agree to the condition you just made, kick this bastard out from under the door and announce this news to the whole industry, as for that \$800,000 bet, I will definitely pay it, Mr. Qin, I only have more than \$300,000 in my account now, the rest, can you allow me to pay it back slowly?!”

“Master, you” Huang Guiyan snapped, hadn’t Master just refused? The only thing he did was to let him pay out some money, shouldn’t a master protect his disciple?

But Master Mao snorted coldly: “Don’t call me master, from today onwards, you are no longer my disciple!”

“This” Huang Guiyan stood frozen on the spot, his face pale, perhaps he could never understand why Master Mao had promised to keep him, and then suddenly kicked him out!

Some people are like that, taking for granted all the good that others do for them, but forgetting that while taking, they must also learn to give!

Qin Shujie looked at Ji Feng with admiration, and then smiled: “Master Mao, Ji Feng and I have already said before, that 800,000, forget it, just hope that Master Mao can create more value for the company in the future, and bring more new people, that would be the best reward for me!”

“Mr. Qin” Master Mao couldn’t help but feel some emotion, he nodded heavily and said, “Mr. Qin, since you think highly of me, Old Mao, then I will sell my life to you, Mr. Qin!”

“Good!” Qin Shujie was instantly delighted, Master Mao’s ability was still there, and now he was willing to work, so naturally it could not be better. And yet, this was all because of a little trick played by Ji Feng!

“Huang Guiyan!” Qin Shujie coldly snorted, “From today onwards, you are no longer an employee of Shu Yao Jewelry Company, so when you return to Jiangzhou, you will go to the finance to settle your accounts!”

After saying that, she no longer paid attention to the pale Huang Guiyan and turned her head to Ji Feng and said, “Ji Feng, this jade”

“Since you asked for it, then watch the price given!” Ji Feng laughed.

“That’s great!” Qin Shujie immediately smiled sweetly, “Master Mao, you give a price!”

“Such a big piece of jadeite, and it’s purple water, it can hit quite a few good things 10 million, this price is not too high or too low, of course, if it’s an auction, the price will definitely be higher” Master Mao said frankly.

“Then let it be twelve million!” Qin Shujie set the tone.

Ji Feng smiled and waved his hand, "Ten million, let's go with the price Master Mao set!"

Qin Shujie sighed lightly, "Ji Feng, you're like this, it really makes me"

"Since we're friends, there's no need to say that!" Ji Feng said with a smile, "Alright, don't you still want my help to look at the original stones?"

Qin Shujie smiled sweetly, "That's right!"

In her heart, she was a little touched, not because of Ji Feng's generosity, but because of how he took care of himself. In these years of playing in the mall, Qin Shujie had met people who approached her with extreme purpose, but had never met someone like Ji Feng.

It's a pity

Qin Shujie couldn't help but feel a little sour in her heart.

.....

It wasn't until Ji Feng a few people left that the surrounding people whispered, unexpectedly, this young man actually cut out jadeite from a waste stone, and it was purple water!

What Zhou Fei Fei paid attention to was another aspect.

Through the conversation between Ji Feng and the others just now, she could already tell that the flirtatious woman beside Ji Feng should be the owner of a jewellery company.

With a few simple words and a small tactic, Ji Feng had not only retained a rather reputable gambling master for that woman, making him loyal to the company and to that woman, but he had also kicked out that Huang Guiyan, who had been gambling against Ji Feng!

Although this was only a small tactic, but just through this, it was enough to see how shrewd Ji Feng was. Moreover, to be able to achieve his goal without a trace, and to bring in another talent, this is not a small tactic? It is clearly a great wisdom!

How could someone with such tactics be dealt with by Hu Yujin's fops?

Zhou Fei Fei can now be sure that the latter's indifference to the provocation of Ji Feng in the MC office by Hu Yujin and the others before was definitely not something he didn't take to heart, but a momentum waiting to happen.

Only by taking his fist back first could he swing out and hit someone!

Zhou Fei Fei took a pitying glance at Hu Yujin and the others not far away, secretly bristling, wanting to provoke the relationship between Ji Feng and the Zhou family, so that Ji Feng would deal with the Zhou family in a fit of rage? Who laughs the best, that's not certain yet!

"Shi Lin, he must go to jail, and, he must be sentenced heavily!" Zhou Fei Fei deliberated for a moment and immediately turned around and left the trade fair

.....

For the next two days, because of Qin Shujie's generous invitation, Ji Feng accompanied her all the way around the raw stone fair, and only when Master Mao was interested in a certain raw stone, he would help look at it. In order not to let Qin Shujie have a loss, and in order not to reveal his secret, Ji Feng did not affirm that there was a very in a certain raw stone, and when he came across a raw stone that he was sure could be gambled down, he would also raise an objection.

Fortunately, Master Mao did have a good eye, and at least 60% or 70% of the rough stones he chose could be gambled up, which made Ji Feng quite impressed, this test, but real eyesight and experience!

On the third day, Ji Feng decided to return to Jiangzhou, partly because he had been away from Jiangzhou for a long time, and partly because he had not seen the results of the Zhou family's treatment of Zhou Shilin!

Ji Feng was furious!

Since the Zhou family was unwilling to dispose of Zhou Shilin, it was up to him to do so! Even in the face of even greater pressure, Ji Feng would not just watch Zhou Shilin remain at large, let alone tolerate Zhou Fei Fei and the Zhou family's teasing of him!

Because of the help of Ji Feng and Master Mao, Qin Shujie had gained a lot from this trade fair, so she also left the fair early and decided to return to Jiangzhou with Ji Feng.

A group of five people, driving in two cars, gradually left Hangzhou!

After leaving the downtown area of Hangzhou, Ji Feng couldn't help but look back at the city again, the Zhou family, was it really untouchable? He didn't believe it!

"Ding" Just when he was about to enter the toll station, Ji Feng's mobile phone suddenly rang.

Ji Feng casually picked up the phone, "Hello"

"Ji Feng, it's me!" Zhou Fei Fei's voice suddenly came over the phone, seemingly somewhat eager, "Ji Feng, you can't misunderstand, I've been doing my parents' job these days, just now, Zhou Shilin was sentenced, seventeen years, the Zhou family decided not to appeal and agree with the verdict"

Chapter 587

When he received Zhou Fei Fei's phone call, Ji Feng sneered in his heart, "From the time I handed over the video to Zhou Fei Fei until Zhou Shilin was sentenced, it was only a few short days, that's really high efficiency!"

Ji Feng was not praising Fei Fei Zhou and the Zhou family, but he was sneering.

If the normal procedure was followed, there would have been at least a review period and then an indictment, so how could this be enough in just a few days?

It was clear that the Zhou family had interfered with the trial proceedings.

But since they had already decided to interfere with the proceedings, what difference did it make if it was a day earlier or later? They had to wait until they were about to leave the city of Hangzhou before they called, did they really think they were fools?

“Pop!”

Ji Feng hung up the phone directly and said, “Guo Tao, let’s go!”

Ji Feng and Qin Shujie, a group of five people, drove out of Hangzhou City and headed straight for Jiangzhou.

In Hangzhou, inside a villa, several people were sitting on the sofa, among them a middle-aged woman was still wiping her tears, a middle-aged man also had an incomparably gloomy face, and the atmosphere appeared to be very gloomy. Only an old man with pale hair was sitting on the sofa in the middle, as if he was asleep.

Zhou Fei Fei was sitting next to him, and she laughed bitterly as she listened to the busy tone coming from the phone.

“What did he say?!” The middle-aged man asked in a deep voice.

Zhou Fei Fei laughed bitterly, “Dad, he didn’t say anything and just hung up the phone!”

“Humph! The stance is not small!” Zhou Yanmin couldn’t help but coldly snort, his tone was unkind as he slapped the table and gritted his teeth, “The Ji family has extended their hands too far, when did it become his turn to take charge of my Zhou family’s affairs?!”

“What, you want to demolish the house? The old man, who had kept his eyes closed, opened them slightly and asked with some displeasure.

Zhou Yanmin immediately stopped speaking, he still had more faith in his own father, this Zhou family’s huge industry was almost all created by his father, and he himself was only sitting on it. If the old man didn’t approve, he wouldn’t have been able to take the chairman’s seat, knowing that the other brothers were still eyeing the chairmanship of the Zhou Group!

“If I were to say, Yanmin is right, even if my son accidentally killed that female student, isn’t that just a rural student, what’s the big deal? Why should Shi Lin be sentenced to more than ten years?” The woman wiped her tears and muttered with extreme dissatisfaction.

“What the hell do you know!” Zhou Yanmin snorted angrily, “If you don’t speak, no one will take you for a mute! It’s all because of you, spoiling Shi Lin out of shape, which has allowed him to get into such a big trouble, and you still have the face to cry?!”

Zhou Fei Fei shook her head helplessly and said, “Dad, what’s the use of blaming Mum now? I just think that what you did today, something is a bit wrong! By doing this, you are neither changing anything, nor risking angering Ji Feng!”

Obviously, it could have been handled a long time ago, but Zhou Yanmin preferred not to tell Ji Feng until he knew that Ji Feng was leaving Hangzhou, which was why he asked himself to call and tell him the result, Ji Feng was not a fool, could he not think of his intention of making this call? This is an expression of dissatisfaction!

But was this the time when the Zhou family could express their discontent?

“Provoke him?!” Zhou Yanmin sneered, “Now that Shi Lin has been sentenced, what else can he do to me? His Ji family’s hands can’t reach out to Jiangzhe either!”

“Childish!”

The old man sitting on the top seat suddenly let out a low shout, his eyes snapped open and his gaze was like electricity, “After being the chairman of the board for all these years, you have not grown in other ways, but this arrogance is getting stronger and stronger! Do you really think that the Ji family’s hands can’t reach out to Jiangsu and Zhejiang? If the Ji family is really as weak as you think, can it still be called a first-class family?”

Zhou Yanmin said somewhat unconvincingly, “So what if the Ji Family is a first-class family, it’s not like there’s no one above us!”

“Muddlehead!” The old man angrily rebuked, “Yanmin, your gaze is still so short-sighted, instead you are not as clear-sighted as Fei Fei! Why does the Ji family make you feel weak? Why can’t the Ji family’s hands reach out to Jiangsu and Zhejiang? It’s not that they can’t reach over, but they are maintaining a balance, if the Ji family wanted to deal with us, the Zhou’s, how many days do you think we could last?”

“No, it’s not that exaggerated, is it?” Zhou Yanmin was already a little drummed up inside.

“You ah” the old man shook his head slightly, he was really deeply disappointed with this son’s untalented and short-sightedness, “I see that you are not able to grow up, in the future, when it comes to anything, listen to Fei Fei more. Remember?”

He told himself to listen to his daughter? Zhou Yanmin couldn’t help but blush, wasn’t his father scolding him for his incompetence?

The old man, however, had stopped looking at Zhou Yanmin and instead turned his head towards Fei Fei Zhou, saying, “Fei Fei, this matter, you are also at fault, how can you listen to this confused idea of your father?”

“Grandpa, I” Zhou Fei Fei smiled bitterly, her father’s words, even if they were wrong, she still had to listen ah.

“Well, grandpa knows your hardship.” The old man said, “Fei Fei, you go contact Ji Feng right now and bring out our sincerity, Shi Lin made a big mistake and should be punished, this is something that no one can change, in addition, some of us in the Zhou family are indeed unhappy with Ji Feng, so informing him of the result is just a little late, roughly meaning In this way, we must plead for his forgiveness!”

“Plead for Ji Feng’s forgiveness?”

Zhou Fei Fei, however, could not help but be shocked and subconsciously asked, “Grandpa, it’s not that serious, right?”

“If we look at this son of Ji Feng’s character according to what you said, I’m afraid that the matter is more serious than what I said, the horror of the energy possessed by a first-class family in China like the Ji Family and the He Family is definitely not something you can imagine!”

Elder Zhou shook his head slightly and said, “Fei Fei, your father doesn’t understand, but you should understand that the Ji family is maintaining the balance now, in fact, it’s to store up energy for the next

change of government, when the time comes, the eldest son of the Ji family, Ji Zhenhua, will most likely go even further, that's why they don't want to cause extra trouble now Ji family The first thing you can do is to take a look at the website.

Zhou Fei Fei's heart suddenly flinched and she immediately nodded, "Grandpa, I understand, I'll go contact Ji Feng!"

However, when she dialed Ji Feng's phone number, she got a beep that he was on the phone. Or, had he pulled his number into the blacklist?

"Keep in touch!" If Zhou Yanmin wasn't the boss, if he didn't have a smart daughter, how could he have handed over this huge Zhou's to him!

Zhou Fei Fei could only continue to dial Ji Feng's number, but the result was still prompted to be on the phone

Ji Feng was indeed on the phone, he was reporting to his father, Ji Zhenhua, about this trip to Jiangsu and Zhejiang, but the answer he received was two words that left him extremely stunned.

"Childish!" Ji Zhenhua said.

Ji Feng froze, where was he being childish?

"To hit a snake, you have to hit the seventh inch, one blow that doesn't kill you will definitely give the other side time to breathe!" Ji Zhenhua said, "Little Feng, you're in Jiangsu and Zhejiang, you haven't made a big enough fuss!"

Ji Feng just couldn't help but scratch his head, was his father saying the opposite? Was he blaming himself for meddling in his own affairs?

"Dad, I kind of don't understand" Ji Feng said hesitantly.

"What have you gained after tossing and turning in Jiangsu and Zhejiang these past few days?" Ji Zhenhua said, "It's only a sentence of Zhou Shilin, and a very heavy sentence, although the death penalty was not executed, but it's almost the maximum sentence, you think, this is already very good, right?"

"Yes!" Ji Feng nodded, "Dad, didn't you say before that you had to learn to compromise?"

"You ah" Ji Zhenhua shook his head slightly and said, "Your compromise doesn't mean that the family will also compromise!"

Ji Feng immediately slapped his forehead and laughed bitterly, he immediately realized that he had misunderstood his father's meaning and had done the wrong thing!

"Dad, it seems I've done a stupid thing!" Ji Feng said with a bitter smile.

"Alright, take it as a lesson learned, you are still young, I am the one who is asking too much of you don't have any mental burden, there are plenty of opportunities in the future!" Ji Zhenhua said with a smile, for this son, he is still very satisfied, only because of the relationship between origin and eyesight,

many things Ji Feng will not think in other directions, this situation will be changed with the gradual growth of Ji Feng.

Ji Feng, however, blamed himself a bit, he hadn't turned the corner ah, and had missed a great opportunity for no reason at all!

In fact, as soon as his father asked himself what he had gained, Ji Feng understood that his father was asking him to compromise, definitely not to let Zhou Shilin live, but to learn to turn a blind eye and shut a blind eye!

Ji Feng's mind was spinning rapidly, his thoughts becoming clearer and clearer.

Father was trying to use the matter of Zhou Shilin to allow the Ji family's power to reach out to Jiangzhe!

If he pretended not to know about Zhou Shilin's matter and gave that surveillance video to any other person, or reported it directly in an anonymous manner, by then the Zhou family would not know that they were involved in it and would definitely find a way to suppress the matter.

However, this involves a human life, so how easy is it to suppress it? The connections that the Zhou family would have to use would be extremely huge!

After they have completely exonerated Zhou Shilin, there will be a big handle in the hands of the Ji family. At that time, father Ji Zhenhua will be able to legitimately send people to investigate, and those officials who are involved will only be able to escape!

The leaders above will naturally be held responsible for the lack of supervision, whether it be adjustment or transfer, the initiative will then be in the hands of the father.

This is definitely a heavy blow to the power of a certain faction in Jiangsu and Zhejiang!

And the power of the Ji family could easily enter Jiangsu and Zhejiang!

Unfortunately, Ji Feng did not think about it at the time, and now it is too late to do so, even if his father wants to send an investigation team again, there is no more reason...

Chapter 588

"Ji Feng, Ji Feng, you're actually really foolish!" Ji Feng couldn't help but curse himself, such a simple problem, he actually didn't even see it, it was really stupid!

He gritted his teeth and said, "Dad, don't worry, I still have a solution!"

Ji Zhenhua was quite curious and asked with a smile, "Oh? What else can you do?"

"The Zhou family can no longer be used as a breakthrough now, because they have already re-sentenced Zhou Shilin, now even if we investigate again, we will only end up with some small fry's, it won't be of any use at all!" Ji Feng couldn't help but shake his head slightly, his heart was more or less frustrated, he forced himself to pull himself together and said, "So, I'm going to shift my target and start with that so-called Jiangzhe five youngsters!"

Ji Zhenhua shook his head slightly and laughed, "Don't be too hasty, the struggle is supposed to be a gradual one, if you rush for success, you will make mistakes instead!"

"Dad, I know!" Ji Feng nodded his head.

After hanging up the phone, Ji Feng couldn't help but slap on the seat, this time, it was really a blunder!

"The Five Young Men of Jiangsu and Zhejiang"

Ji Feng secretly deliberated, then he clenched his teeth and secretly said, "Fight! If we beat them up, they will naturally reveal their horses!"

The so-called five young men of Jiangsu and Zhejiang, apart from Zhou Shilin, the remaining four are all so clean! As long as they were not clean, they could definitely be caught!

Of course, there was no hurry, according to my father's words, it was called "Xu Xu Tu Tu"!

The opportunity is definitely not every day, since this opportunity has been missed, we can only slowly find another opportunity.

However, for Hu Yujin four people, Ji Feng is not going to let down his guard, he deliberated for a moment, took out his mobile phone, sent a message to Liu Fei and Zhu Huaichun respectively

The first time I returned to Jiangzhou, Ji Feng's mood was very different from the time he left Jiangzhou. He went to Hangzhou to solve the trouble for Xiao Changhe, while what happened in Hangzhou left Ji Feng somewhat at a loss.

Despite making another profit at the raw stone fair, his elation was washed away by his own blunder.

However, Ji Feng quickly adjusted himself and by the time he entered downtown Jiangzhou, a faint smile was back on his face.

Qin Shujie's Cadillac in front of him also stopped, and Qin Shujie, dressed in professional attire, stepped down from the car, a sweet smile on her pretty face, her long eyelashes trembling slightly, a flirtatious feeling that would be a huge attraction to any normal man.

"Sister Qin, we've arrived in Jiangzhou, let's part here" Ji Feng forced himself not to look at Qin Shujie's face, his gaze dropped slightly, but he immediately saw her snow-white neck and that snow-white piece of her chest, the corners of his mouth immediately twitched a few times and hurriedly looked away, his gaze looked to the side.

Ji Feng's performance fell into Qin Shujie's eyes without a hitch, and she was instantly delighted, Ji Feng didn't dare to look at herself, which meant that she was still attractive to Ji Feng.

"Ji Feng, you helped me so much at the trade fair, now it's almost noon, how about I treat you to lunch as a thank you?" Qin Shujie smiled coquettishly, her eyes twinkling in her beautiful eyes. But her heart was tense, which made her unable to help but laugh at herself, she was a divorcee, she was still like a little girl in her first love, she was actually still nervous!

“This” Ji Feng could naturally see the anticipation in Qin Shujie’s beautiful eyes, which made his words of refusal come to his lips but he couldn’t say them, so he could only nod with a smile and say, “Alright! However, it’s not my habit to let a lady treat me to dinner, it’s better for me to do it!”

“Alright then, I’ll give you that chance!” Qin Shujie smiled sweetly and joked.

Ji Feng nodded and smiled, but in his heart he couldn’t help but scratch his head a little, Qin Shujie picked himself up, it seemed a little

“Mr. Qin, little brother Ji, you young people go to dinner, I, an old man, will not follow!” Master Mao smilingly got down from the car and said, “I haven’t seen my little grandson for several days, I miss it terribly!”

“Alright then, Master Mao, you’ve had a hard time this time going to Jiangsu and Zhejiang, rest at home for a few days and wait until Monday before going to the company!” Qin Shujie could run a company on her own, naturally she was not the kind of person who did not understand the world, and logically gave Master Mao a few days off.

“Ji Feng, take my car!” Qin Shujie invited.

Ji Feng smiled and nodded, saying, “Alright, I’ll talk to my friend first!”

He quickly went to his car and said, “Guo Tao, you go back first and take everything back to the factory”

Guo Tao nodded and smiled meaningfully, “Boss, have a good time!”

“You guy!” Ji Feng burst into tears, “Get lost!”

Guo Tao hemmed and hawed, stepped on the accelerator and roared away in Ji Feng’s black BMW, leaving behind a bitterly smiling Ji Feng, shaking his head uncontrollably.

“Ji Feng, let’s go!” Qin Shujie stood in front of the car and beckoned, looking like a little wife who was calling her husband back, and Ji Feng couldn’t even help but be a bit stunned and slightly out of breath.

“What are you looking at!” Seeing Ji Feng dazed, Qin Shujie actually couldn’t help but be slightly shy and couldn’t help but stomp her foot and pout.

Ji Feng instantly came back to his senses, hurriedly coughed lightly and laughed, “Here it is!”

When they reached the car, both of them seemed to be a little embarrassed by what had just happened and both stopped talking.

After Qin Shujie arranged for the resident Xiaowei to take a taxi and leave, she started the car and slowly left.

The feeling in Ji Feng’s heart became even clearer during the meal, but he could only deliberately avoid it, as Xiao Yuxuan and Tong Lei were waiting at home, so he could only collect his mind and did not dare to have any half-hearted thoughts.

Qin Shujie also felt Ji Feng’s deliberate distancing and could not help but feel gloomy in her heart.

The meal was a haphazard affair, and the two of them could only talk about some non-nutritious topics, but after an hour, they left separately.

He could only turn a blind eye to it, and after seeing Qin Shujie drive away, he was also ready to take a taxi to leave.

However, at this moment, his mobile phone suddenly rang, and it was Xiao Changhe calling.

Ji Feng immediately picked up the phone, "Uncle Xiao, what's the matter?"

"Little Feng, when are you coming back to Jiangzhou?" Xiao Changhe said, "There's something I still need to trouble you with!"

"I've just returned to Jiangzhou!"

Ji Feng laughed, "Uncle Xiao, you don't need to be so polite with me, right? If there's anything you need, just give me a direct order!"

In his heart, he was secretly wondering, could it be that the matter in Hangzhou had not been completely resolved, when it was not all the formalities had been completed? Or perhaps, it was something else?

"You're back? That's great!" Xiao Changhe immediately said happily, "It's like this, Old Yang has something he wants to ask you for help, but it's hard to ask, so he found me here and wants me to help talk to you about it! By the way, Old Yang is here with me right now, if you have time, would you come to my home for a while?"

In response to Xiao Changhe's politeness, Ji Feng could only shake his head helplessly. If the relationship between the two of them was to be the one to please Xiao Changhe, after all, he was his future father-in-law. But now, Xiao Changhe is very polite to himself every time, so Ji Feng can only secretly shake his head.

"Uncle Xiao, I'll go over there now!" Ji Feng withdrew his thoughts and looked around, he quickly ran to a supermarket, bought some gifts and then took a taxi straight to Xiao Changhe's home.

In his heart, he was wondering, what was it that Yang De Zhaoge had asked for his help, what was it that he couldn't tell himself directly, but instead had to ask Xiao Changhe to help pass on the message?

When he arrived at Xiao Changhe's home, Xiao's mother was as warm as ever. Compared to Xiao Changhe's politeness, Ji Feng preferred Xiao's mother's attitude as if she was a member of her own family, which was treating him as a family member, not as a son of the Ji family.

When he came to the living room, Xiao Changhe and Yang Dezhao were sitting on the sofa waiting for him. Yang De Zhaoge seemed to be very worried, smoking a cigarette and frowning as if he had encountered some great difficulty.

"Uncle Xiao, Uncle Yang!" Ji Feng smiled as he walked over and put his gift aside.

"Little Feng, here you are!"

The three of them chatted for a few moments before Xiao Changhe got straight to the point: "Little Feng, your Uncle Yang's son, Yang Yu, has recently had some trouble, and things are a bit troublesome!"

"What's the matter?" Ji Feng asked with a smile.

"It's all because that brat is indisputable and has to learn something about computers!" As soon as this was mentioned, Yang Dezhao couldn't help but feel a burst of anger as he said, "Ji Feng, you also know that a while ago, didn't Yang Yu say that he was going to assist the police and catch an internet extortion gang?"

"That's right, I know about this matter, how did it turn out?" Ji Feng faintly nodded his head.

"It's because the person wasn't caught, and now Yang Yu has been arrested by the police too!" Yang Dezhao shook his head helplessly, "This brat, it's really pissing me off!"

Ji Feng laughed, "Uncle Yang, let's talk about the anger later, just say what happened what happened, didn't Yang Yu help the police, how come he was arrested too?"

"Ugh!"

Yang Dezhao sighed, "I specifically went to the police station to inquire, the officer in charge of this matter said, Yang Yu because of obstructing the police's arrest of that network extortion gang, secretly tipped off the police, as a result, let that gang to escape, the police will be held criminally responsible for Yang Yu!"

"Tipping off an extortion gang?" Ji Feng couldn't help but frown, "Uncle Yang, if that's really the case, I can't help much, it's illegal, there's nothing anyone can do about it!"

"Ji Feng, you also know Yang Yu, you should know that Yang Yu is so mute, how could he do such a thing?" Yang De Zhaoge shook his head, "I suspect that those police officers couldn't catch that cyber extortion gang themselves, so they found a random excuse to frame Yang Yu and make him the scapegoat! Ji Feng, you have a wide range of connections and many contacts, help inquire and find out what's really going on, can you?"

Chapter 589

"There's still such a thing?" Ji Feng couldn't help but be surprised and frowned, "Finding Yang Yu to be the scapegoat, that shouldn't be possible, after all, this internet extortion ring, it was a big deal some time ago, who would dare to falsely accuse a random person to take the blame? Isn't this topping the law?"

Yang Dezhao, however, disagreed with Ji Feng's view and shook his head, "I'm just worried that if that gang makes too much noise, the police will be incompetent to catch anyone and will have to casually frame Yang Yu and arrest him to take the blame. We are all ordinary ordinary people, even if we have grievances we don't know where to go to redress them, and there is no one to do it for us!"

Ji Feng nodded slightly and said, "It's not impossible Uncle Yang, have you been to see Yang Yu?"

Yang Dezhao shook his head and smiled bitterly, sighed: "Of course I went to see, but the police said, now Yang Yu's case is rather special, and is still in the review stage, not allowed to visit, also can not bail, I went to three or four times in a row, all to no avail, even also entrusted a lot of people to help inquire,

basically all this result, I was thinking, is there some big shot to take Yang Yu to The other people are not able to play any role?"

"A big shot to take the blame for Yang Yu?" Ji Feng couldn't help but shake his head slightly and said, "I still don't think this is very likely, comparing the nature of such an act is too bad, a smart person would never do such a thing of digging his own grave!"

The bigger the person, the more enemies they have, the less likely they are to do something stupid, because once they are caught by their opponents, it can be a stormy blow, unless that big person is tired of living, only then would they do such a thing.

As he learned more and more about the upper class, Ji Feng knew more and more about the foul play and inner workings of these struggles, so he felt that the possibility of what Yang De Zhaoge said was too small.

However, since Yang Dezhao insisted, in order to reassure him, Ji Feng asked, "Uncle Yang, which branch is Yang Yu in? Or is it in the City Bureau, do you know?"

"In the City Bureau!" Yang Dezhao said immediately.

"Uncle Yang, how about this, no matter what the truth of the matter really is, I will go and ask for you first, if things are really as you think, I will definitely not sit back and do nothing, after all, Yang Yu is the deputy director of the Tengfei Pharmaceutical Factory! Even if it's not for your sake, Uncle Yang, I will still manage to the end!" Ji Feng said aloud.

Yang De Zhaoge was immediately overjoyed and stood up in a panic, shook Ji Feng's hand and said gratefully, "Ji Feng, I am really oops, I really don't know how to thank you, you took over the pharmaceutical factory before, and now I just came back from Hangzhou and gave you trouble again, Uncle Yang really wants to thank you!"

Ji Feng laughed, "Uncle Yang, saying that is out of line. You're an old friend of Uncle Xiao's, and this time when Uncle Xiao was in trouble, weren't you also generous enough to help out!"

"Yes, old Yang, you and Xiao Feng don't need to be so polite, we are all family now" Xiao Changhe also said smilingly beside him, in his heart he was more and more satisfied with Ji Feng, his future son-in-law, he didn't have any of the stance of a scion of a family, he also spoke and did everything, he didn't look like a young man of 20 years old, he seemed very sophisticated.

Xiao Changhe was relieved that his daughter was following such a man.

Yang Dezhao nodded and said, "Since that's the case, then I won't be polite anymore, Ji Feng, it's up to you, if, if"

Ji Feng knew what he wanted to say, Yang De Zhaoge was trying to say that if Yang Yu really committed a crime this word, Ji Feng is not good to take ah. He can't say: Uncle Yang, if Yang Yu really committed a crime, I also guarantee that he will be fine!

This kind of irresponsible words, Ji Feng is definitely not casually said, even if he can do, but also definitely will not haphazardly promise. The relationship between Yang De Zhaoge and him had not

reached that stage, even if the relationship was even closer, in this kind of matter Ji Feng did not dare to make a promise beforehand, that would be to go against himself!

Yang De Zhao naturally saw the hesitation in Ji Feng's heart, he gritted his teeth and said: "Ji Feng, if Yang Yu really committed a crime, Uncle Yang won't make it difficult for you, I only ask to know the details of what happened, what the hell is going on, Yang Yu a guy with a mute personality, simply a wooden lump, why would he commit a crime... ..I just need to know this, can I?"

Hearing these words, Ji Feng was relieved, wanting to know how and why the crime was committed, this was naturally very simple.

Ji Feng immediately nodded and smiled, "Uncle Yang, don't worry, no matter what the outcome really is, I will tell you in detail!"

"Ji Feng, thanks a lot!" Yang De Zhao shook Ji Feng's hand, shaking it vigorously, and said with emotion.

Hearing that his son had committed a crime, Yang De Zhao had been asking around for help these days, either his friends for many years refused to help, or the other party helped to ask but nothing came of it, he really had no choice, and only then thought of Ji Feng, but unexpectedly Ji Feng actually agreed to be so quick, how could this not make him feel emotional?

After leaving Xiao Changhe's home, Ji Feng did not immediately go to the police station to see Yang Yu, nor did he immediately find someone to ask for connections, he had to first think about what to do the most appropriate. At the same time, Yu Xuan and Lei Lei were waiting for him at home.

Ji Feng took a taxi directly back home, but was shocked to find that there was actually no one at home, neither Lei Lei nor Yu Xuan was there!

"It's Saturday, OK!" Ji Feng lifted his hand and looked at his watch, it was indeed Saturday, how come no one was home?

He simply took out his mobile phone and called Tong Lei.

"Hello, Ji Feng!"

Tong Lei's voice seemed delighted, "You're back?!"

Ji Feng laughed, "Yeah, I'm back, but there's no one at home Where are you guys?"

"Sister Yu Xuan and I are outside, shopping with Li Ruonan!" Tong Lei said crisply.

"....." Ji Feng's forehead sprouted several black lines, how come the two girls of Lei Lei and Li Ruonan mixed with each other inseparably? They were going shopping together when he left Jiangzhou, and when he came back, they were still shopping!

"Then you guys go shopping, be safe!" Ji Feng laughed.

"Well, I'll talk to Sister Yu Xuan, we'll be going back soon!" Tong Lei said with a cheeky smile.

Hearing Tong Lei's voice, Ji Feng felt at peace, he smiled faintly and hung up the phone, but he had nothing to do.

“It’s three o’clock,” Ji Feng looked at the time and decided to go meet Yang Yu.

Although Ji Feng did not think that Yang Yu was really framed after being pulled to take the blame, but does not rule out this possibility, and now since Lei Lei and Yu Xuan are not at home, he alone stay at home also have nothing to do, it is better to go early to understand, if Yang Yu really committed a crime, or early to think of ways to deal with!

But what surprised Ji Feng was that Xiao Yuxuan’s red Volvo was actually still parked in the garage, and he couldn’t help but wonder, how did Yuxuan and Leilei get out? It wasn’t that easy to get a taxi in this villa area!

“Could it be that Li Ruonan drove here?!” Ji Feng was rather Li Ruo Nan’s identity, there was nothing strange about her having a car, the mayor’s golden girl well, there must be some privileges!

But this was also convenient for Ji Feng, his BMW x6 was driven to the pharmaceutical factory by Guo Tao, now he happened to have no means of transportation, so he directly drove Xiao Yuxuan’s red Volvo straight to the city bureau.

In the car, Ji Feng dialed the number of Zheng Yuanshan, the deputy director of the municipal bureau and also Zhang Lei’s second uncle.

When he received Ji Feng’s call, Zheng Yuanshan was more or less surprised, but when he thought that the boss behind the Tengfei Pharmaceutical Factory was Ji Feng, it was no surprise.

Moreover, the first thing that came to Zheng Yuanshan’s mind was the purpose of Ji Feng’s visit.

After making an appointment to meet at the City Bureau detention center, Ji Feng hung up the phone directly, stepped on the gas and headed straight for the City Bureau.

From the villa to the detention center, Ji Feng drove for more than an hour before he arrived.

“Chief Zheng! Uncle Zheng!” Ji Feng walked over with big steps and shook hands with Zheng Yuanshan, “It’s been a long time!”

“Ji Feng, why did you remember to come see me today?” Even though he knew the purpose of Ji Feng’s visit, Zheng Yuanshan wouldn’t say it directly, Ji Feng’s status was indeed that of the eldest grandson of the Ji family, but he was after all someone outside the system, Zheng Yuanshan naturally couldn’t go up the pole to flatter him, and from the perspective of personal friendship, Zheng Yuanshan was still an elder, so it was only right to have his temperament and stance!

Ji Feng laughed: “Uncle Zheng, I’m here today to ask you for a favor. A deputy director of our pharmaceutical factory took the initiative to help you catch the cyber extortion gang some time ago, but he ended up being locked up as a criminal by you, which is a bit chilling for us common people, Uncle Zheng, I’m here to give you a statement today!”

“You brat!”

For Ji Feng’s half-joking and intimate words, Zheng Yuanshan was naturally very happy, to make Ji Feng bow his head and call him an uncle, I don’t know how many people could not ask for that, “Ji Feng, your kid’s words are a discredit to our police system!”

Ji Feng laughed, "Just kidding, Uncle Zheng, do you understand this matter?"

"Ji Feng, this case is not easy to handle!" Chief Zheng said with a big smile.

This case?

Ji Feng's heart instantly thumped, Zheng Yuanshan's words were tantamount to qualifying, "Uncle Zheng, what is this all about, can I understand it?"

"Of course you can, but you have to take the identity of Yang Yu's family!" Zheng Yuanshan admonished, invited Ji Feng to an office and made a gesture of invitation.

Ji Feng smiled and took out a pack of special cigarettes, taking out one for himself and handing the rest to Zheng Yuanshan.

The latter instantly lit up and laughed, "You kid are really extravagant, I can only get two or three packs of these cigarettes a year!"

Ji Feng laughed: "If Uncle Zheng likes them, I have two more packs there, I'll bring them to Uncle Zheng next time!"

"Then I won't be too polite!" Zheng Yuanshan laughed, as long as one is in the system, no one can resist the temptation of special supply cigarettes, to know that it is not only a symbol of status, but also a symbol of background!

"Uncle Zheng, what exactly is going on with Yang Yu?" After joking around, it was time to get down to business.

Chapter 590

"At first, Yang Yu did take the initiative to come and assist us in tracking down that cyber extortion gang!" Zheng Yuanshan slightly blocked Ji Feng's lighter, lit his cigarette and took a beautiful drag, "This kid is also very powerful indeed, even the experts in our bureau admire him a lot!"

"Then how did he become a criminal again?!" Ji Feng asked.

"It's a suspect!" Zheng Yuanshan corrected Ji Feng's misstatement, "Until there is a conviction, it's called a suspect!"

"Yes, yes, it's a suspect!" Ji Feng nodded and laughed, "A deputy director of our factory, who also assisted your police department in catching the bad guys, how did he become a suspect again? Uncle Zheng, when I came here, I heard people say that Yang Yu assisted you in catching the bad guys, but because the man ran away and he didn't have any background, he was arrested by you as a scapegoat!"

"Brat, do you need to squeeze your Uncle Zheng?" Zheng Yuanshan cried and laughed, shaking his head, "We are police officers, how could we possibly do such a thing? This matter, we can only blame that brat Yang Yu!"

“How so?” Ji Feng frowned and asked, looking at Zheng Yuanshan’s appearance, it seemed that Yang Yu had really committed a crime, and the crime was not small! He couldn’t help but be secretly nervous in his heart.

“You should have heard about it, that internet extortion gang, it was all over the place in Jiangzhou some time ago, very arrogant!” Zheng Yuansan said, “Because of this, our police were under a lot of pressure, the criminal police and the network police cooperated with each other and fought for a month or two, but they couldn’t catch those people, they couldn’t even find their shadows!”

“Later on, Yang Yu took the initiative to come to us, which indeed helped us a lot, although we were not able to catch that gang in a short time, but with Yang Yu’s help, it was possible to stop that gang’s invasion of these network companies!” Zheng Yuansan nodded and said, “Yang Yu, this kid, does have some skills, even our cyber police experts are helpless, but as a result, he just clicked on the keyboard a few times and actually managed to fight with the other side!”

Ji Feng laughed: “There are specialties in their field, and those of them who are obsessed with computers are definitely at a much higher level than police officers whose energy is scattered!”

“That’s true, but it’s an indisputable fact that their skills are inferior to others!” Zheng Yuanshan didn’t hide his side’s faults and shortcomings, but said frankly, “That’s precisely why we rely heavily on Yang Yu, hoping that he can follow the vine and find the other side’s IP address when they invade, and catch them! So that this gang can no longer wreak havoc on Jiangzhou!”

Ji Feng nodded, but didn’t interject, just listened quietly.

“But who knows, this Yang Yu and the other side fought back and forth, and actually fought out of affection!” Zheng Yuanshan said here, can’t help but be good and funny, “in the end, in Yang Yu and our net police joint efforts, indeed found that gang’s ip address, but let us not expect is, when our cadre of police went to arrest, is empty, the other party has long run away!”

“So you guys suspect that Yang Yu was the one who reported the news?!” Ji Feng frowned and asked.

“Of course not!”

Zheng Yuansan shook his head, “Although we’ve been messed up by that gang, we won’t just accuse good people! The problem is that just when our cadre of police officers were pouncing on the situation, there happened to be an internet police officer who inadvertently saw what seemed to be a set of password-like text on Yang Yu’s computer screen, and that was exactly the evidence that he hadn’t had time to delete after he tipped off that gang!”

“No way?!”

Ji Feng was a bit dumbfounded at this point, “Caught red-handed by you guys? This Yang Yu is also too

“This behavior of Yang Yu, as well as breaking the law, and in order to avoid him from tipping off that gang again, that’s why we don’t allow him to be released on bail, nor do we allow others to visit, everything goes through legal procedures!” Zheng Yuansan said, “That’s the general situation of the case!”

Ji Feng couldn't help but smile bitterly, this Yang Yu didn't seem like such a stupid person, right? How could he possibly do such a thing? Wasn't this a clear attempt to send himself to prison!

With what that blackmail gang did and the bad influence of this case, even the slightest taint would result in a heavy sentence, and Yang Yu actually dared to inform the police?!

"Uncle Zheng, can you let me see Yang Yu? Of course, I know it's not in line with the rules, " Ji Feng said deliberately, "Uncle Zheng, you should believe that I must not have any connection with that extortion gang, right? Even if I met Yang Yu, it would certainly have no effect on the case, and it might even help!"

Although Ji Feng already believed 80% of what Zheng Yuanshan said, but for the sake of insurance, he still decided to meet Yang Yu, after all, there were many things Zheng Yuanshan might not know as clearly as Yang Yu.

Zheng Yuanshan pondered for a moment and finally nodded, "Well then, Ji Feng, you're making this difficult for me!"

Ji Feng secretly laughed in his heart, Zheng Yuanshan asked himself to meet at the detention center, wasn't he already prepared to let himself visit Yang Yu? Now that he is saying this, he is just trying to get himself to accept his favor.

Although he knew it in his heart, Ji Feng still smiled and said, "Uncle Zheng, thank you very much, I remember all the care you gave me!"

In his heart, he secretly lamented that even Zhang Lei's uncle is not exempt from the rules! This is the system!

The city bureau detention center, Ji Feng is still the first time to come, but he has entered the detention center is not the first time, so for this detention center in the pattern is still very familiar with. He followed behind Zheng Yuanshan and skillfully walked towards the interrogation room.

Zheng Yuanshan couldn't help but secretly wonder how this kid was so familiar with the detention center.

As expected, Zheng Yuanshan arranged for the cadre of police officers to bring Yang Yu into the interrogation room.

"Uncle Zheng, thanks a lot!" Standing outside the door, Ji Feng said in a low voice.

Zheng Yuanshan waved his hand and said, "I'll wait for you in the office!"

Ji Feng smiled and nodded, turned around and pushed the door into the interrogation room.

"Ji, Ji Feng?!" Seeing Ji Feng come in, Yang Yu looked a little surprised, that wooden face couldn't help but show a surprised expression, but also much richer than usual, "Why are you here?"

"You, the deputy factory manager, didn't stay properly in the factory, but got yourself into the guardhouse, can I not come to see?" Ji Feng teased.

Yang Yu was a little embarrassed, he scratched his head and said, "I didn't want to either!"

“You didn’t want to, then why did you come in?” Ji Feng asked with both good humour and amusement, he pulled out a chair and sat opposite Yang Yu, “Tell me, what’s going on, how come I heard that you were tipped off to the criminals and that’s why you were locked up?”

Yang Yu let out a sarcastic laugh and nodded somewhat awkwardly.

Ji Feng immediately frowned and asked in surprise, “Yang Yu, is what I said true? You really tipped off the other party?”

“Mm!” Yang Yu nodded his head honestly.

“Bang!”

Ji Feng slapped the table fiercely and shouted lowly, “You’re confused! How much money did the other party give you and you actually did such a thing? And even got yourself into it?”

He was really angry, this Yang Yu was simply a super confused egg, his father Yang De Zhaoge was out there running around for him, but he actually tipped off the other side!

Yang Yu said with a cry, “I, I don’t want to see wx get caught!”

“WX?” frowned Ji Feng, “That’s the other party’s name?!”

“Mm!”

Yang Yu nodded and said, “Ji Feng, this wx attacked those internet companies, not to extort them, but to see that those companies that shouted their propaganda slogans so loudly were actually just a little bit better than ordinary people in terms of computer level, besides, wx donated all the money he got from the extortion to the orphanage!”

“How do you know?” Ji Feng asked.

“I communicated with him when I was tracking him down!” Yang Yu’s eyes suddenly became radiant, “His computer skills are really good, I’ve fought him dozens of times and I’m only slightly better, he’s the most powerful person I’ve ever seen”

As soon as he talked about computer technology, Yang Yu seemed like he had abruptly changed, gushing.

Ji Feng nodded slightly, those who could make even Yang Yu praise them were definitely experts.

Just what should I tell Yang Dezhao?

Moreover, once Yang Yu is in jail, it will have a great impact on Ji Feng’s plan, which gives Ji Feng some headaches.

After deliberating for a while, Ji Feng asked, “Yang Yu, if I give you a chance to wear the crime and let you lure that wx out, I can keep you okay, are you willing?”

“No!” Yang Yu, however, balked, “This wx is very high level, I can’t just stand by and watch him get caught!”

“Stupid!” Ji Feng hummed, “You’re going to jail yourself for defending him, do you know that?”

"I've checked the law, in a case like mine, the maximum sentence is three years, I'll be out soon!" Yang Yu said.

Ji Feng subconsciously raised his hand, he held back and held back again before not slapping Yang Yu on the head.

"I really want to give you a slap and wake you up!" Ji Feng gritted his teeth and said.

Yang Yu, however, stiffened his neck and just didn't nod his head.

Ji Feng now sort of understood why Yang De Zhaoge just looked helpless when he mentioned Yang Yu, no matter who met such a douchebag type character, he would definitely be pissed off half to death too!

"Then let me ask you, if I let you lure him out, I can also guarantee that both of you will be fine, but you also have to guarantee that he will never blackmail anyone else from now on, can you do that?" With no choice, Ji Feng had to take a step back and asked.

"If there's enough financial support, it's no problem!" Yang Yu immediately said, "WX has to provide for an orphanage, if he doesn't have money, he will still go and extort!"

Ji Feng said with no good humour, "Cut the crap, just say if you can do it!"

"Can!" Yang Yu hesitated for a moment before nodding his head and saying.

Ji Feng rubbed his temples and sighed, "Okay, you wait for my news, but no backtracking! Also, if you guys come out only, and that wx still dares to mess around, I'll personally send you all to jail!"
