

Campus Master 681

Chapter 681

“Ji Feng!”

Han Zhong called out to Ji Feng but got no answer, so he couldn't help but touch Ji Feng again, “Ji Feng!”

“Hm?!” Ji Feng froze, then reacted and laughed, “This woman is indeed beautiful, I was dumbfounded Not bad, you guys are very discerning!”

Han Zhong instantly became alert and said viciously, “You kid can't mess around, you already have teacher Xiao Yuxuan, this one, let's leave us a thought.”

Ji Feng was instantly filled with black lines, “What are you brat thinking!”

“Isn't it?”

Han Zhong said cheerfully, “If you don't believe me, you can ask Zhao Kai and Old Du, you guy has chased down our school's most beautiful teacher Xiao Yuxuan, although many people don't know, but a few of us are aware of it By the way, do you know what nickname a few of us have given you?”

Ji Feng was stunned: “What nickname?!”

“Hehehe” Han Zhong grinned: “Beauty Teacher Killer!”

“I Shit!” Ji Feng held his tongue for half a day before he could hold in these two words, but in his heart he was crying and laughing, these guys were really How did he become a beautiful teacher killer?!

He was really angry and funny, he and Xiao Yuxuan, that is a real relationship, okay, could he just because Xiao Yuxuan is beautiful, this is only to chase her?

—It's a joke!

“Hey, hey, just kidding.” Han Zhong said with a smile and nudged his mouth forward again, saying, “Here, that Zhao Kai guy is back.”

Ji Feng looked up, only to see Zhao Kai walking with a grin on his face, “What's going on, why didn't you guys follow, what a great opportunity, what a pity”

Ji Feng laughed, “Such a good opportunity, naturally, it should be reserved for you!”

Zhao Kai shook his head and held his eyes again before laughing, “Well, this kind of woman is indeed very attractive for someone our age, however, I'm not much interested, let's give it to Old Du Think about it, Du Shaofeng, a big black man, with such a beautiful woman underneath him, this is simply black and white His pagoda-like body will not be able to crush people to deflate, right?”

“Pfft...!” Ji Feng and Han Zhong almost burst out laughing, this guy can really imagine, actually

Next to them, Du Shaofeng even waited for his eyes to get bigger and said angrily, “Four eyes, who are you talking about!”

Zhao Kai immediately snorted to divert the topic and laughed, "Alright, alright, let's hurry to class, it's almost too late."

"Brat, next time you dare to snark at me, I'll turn your four eyes into six!" Du Shaofeng said viciously.

"Six eyes, what does that mean?" Ji Feng and Han Zhong were instantly amazed, they had only heard of four eyes before, and that was because they wore glasses, so they were jokingly called four eyes, but how should this six eyes be explained?

Zhao Kai also looked at Du Shaofeng in astonishment, this big black man actually knew such a new term, it was too strange.

"This so-called six eyes is actually quite understandable." Du Shaofeng smiled heatedly and said, "I'll then beat him into a panda eye, and with his original four eyes, wouldn't that make it six eyes?"

Ji Feng and Han Zhong were suddenly dumbfounded.

"Let's go let's go." Ji Feng waved his hand, several people had not seen each other for two months, and this first meeting was very lively as they were talking and laughing.

However, in reality, Ji Feng's heart was not happy, in his mind, he kept recalling the woman he just saw, the White Spider!

Bai Spider was indeed as her name suggests, wearing a white short-sleeved shirt and ordinary dark blue jeans underneath, which wrapped her rounded buttocks and slender legs tightly, making them even more flirtatious.

However what Ji Feng was concerned about was not this, what he was most concerned about was the purpose of the white spider coming to United University The most important thing is the purpose of the white spider's visit to the university, and the channels.

The first thing you need to do is to get a good idea of what you're doing.

The first thing that happened was that she had followed him, so Ji Feng guessed that she had come to find him.

And more importantly, how did she suddenly come to United University as a teacher?

The most famous university in China, United University is extremely powerful in terms of teachers, but the qualification requirements for teachers are also very strict, even if it is just a tutor, at least a bachelor's degree, not to mention as a teacher, it must be at least a master's degree, and must also have teaching experience, practical experience, etc., etc.!

However, looking at the age of this white spider, she was almost twenty-seven or eighteen years old, and she had been a flight attendant before, so how could she suddenly come to be a teacher at United University?

Without mentioning anything else, just her qualifications alone

But now it seemed obvious that this was not a problem, she had come in and had started working in the school, that was a fact, and Ji Feng could not help it even if he did not believe it.

Then, Ji Feng had to wonder, how on earth did she get in?!

“This white spider” Ji Feng secretly shook his head.

In fact, in his heart there had always been a doubt, he had always suspected that when he came across that foreign assassin Black Wolf yesterday, in the distance, there was also a black Buick car, inside which was obviously Black Wolf’s accomplice, only that Ji Feng could only deal with Black Wolf at that time and could not divide himself to catch the person in that black Buick car, and later the other party was so desperate that even Yi Xingchen and the others did not stop the other party and let them get away.

However, Ji Feng was wondering if the one sitting in the black Buick that ran away was the White Spider or not!

In fact, it was because the white spider had followed himself and made contact with him before, and he, in turn, had found the bug and tracker in the car after discovering that the white spider was following him.

Then later, the black wolf appeared and his companion ran away

The fact is, if there was no intrinsic connection between all of this, Ji Feng would not believe it, there are no such coincidences in this world.

All seemingly coincidental things are in fact intrinsically related, not found, but does not mean there is not.

Ji Feng was convinced of this statement, he firmly believed that the purpose of this white spider suddenly appearing in the United University must not be simple, moreover, nine times out of ten, it was related to himself!

At the same time, Ji Feng was now certain that there must be someone else behind the white spider, otherwise, how could she come to the United University as a teacher so easily? It was obvious that someone was helping her, and that person who was helping her was not small in energy.

Because the first time Ji Feng met Bai Spider was in mid-August, and when he later found out she was following him again, it was already late August, which meant that if Bai Spider had come to United University as a teacher on a whim, then she had actually used just a few days to complete all the formalities.

This was a university involved, and it was one of the most prestigious universities in the country, so to get the formalities done so quickly could not be dismissed as a kind of divine speed!

The person who was helping her behind her back really had a lot of energy.

Ji Feng couldn’t help but shake his head slightly and secretly said, “It seems that it is indeed necessary to find an opportunity to get in touch with this White Spider properly, or at least find out what she is up to.”

Because of the appearance of the white spider, Ji Feng suddenly had an extremely strong sense of crisis.

If this white spider had ill intentions, then all of these people around Ji Feng would definitely be in danger.

Because the white spider was in the school, it couldn't be easier to get information about Xiao Yuxuan and others The fact that she is also a teacher in the foreign language department, if she finds any reason to get in touch with Xiao Yuxuan or with Tong Lei, that is really a name, no one can say anything!

After all, the contact with Xiao Yuxuan can be described as a work-related exchange, while the contact with Tong Lei can be described as a teacher's concern for her students Is there anything wrong with that?

No one could find a better reason to refute it!

The first thing you need to do is to find out the details of the white spider as soon as possible.

In fact, when he thought about it, there were disadvantages to the White Spider coming to the school, but there were also advantages.

At the very least, White Spider was able to spy on Ji Feng at all times, but Ji Feng could also spy on her at all times.

In this school, Ji Feng thought that his connections were still more extensive than the new arrival, Bai Spider, and it was easier to spy on her.

A woman as beautiful as Bai Spider was really too solid in the school, I believe there were definitely not a few people who paid attention to her, and Ji Feng could completely observe her without a trace.

This was the different angles of looking at the problem, and the different results obtained.

Ji Feng also just changed the angle of the problem and went straight from being watched to watching the white spider.

"Ji Feng, what are you thinking about, we're here." Han Zhong suddenly reminded.

Ji Feng snapped back to his senses, only to find that unknowingly, several people had already arrived at the teaching building.

"I say, you're not charmed by that white spider, are you?" Zhao Kai asked with a smile.

"It's possible, this guy is a beautiful teacher killer!" Du Shaofeng said.

"Fuck off, am I as bad as you guys say?"

Ji Feng thought carefully and decided to remind a few of his friends, "You three should be careful, this White Spider is not a good person, don't get involved with her, and be careful if it's her, or someone related to her, who comes in contact with you!"

Han Zhong's three men were stunned, "What?!"

"I've seen this White Spider before, she's not a good person!" Ji Feng said seriously, "Let me remind you guys, it's best not to hit on her, or you might end up in a very bad way!"

Chapter682

"You've seen her?!"

Han Zhong and the three of them all looked at Ji Feng with a stunned expression and an incredible light in their eyes.

Zhao Kai immediately asked, "You've really seen her, when?"

"How is she not a good person anymore?" Du Shaofeng asked.

"You two knew each other before?"

.....

Looking at the three people's stunned expressions, Ji Feng nodded seriously and said, "I've really met her, not even a month ago. As for where I met her and what exactly happened, I'm not at liberty to tell you now, but you have to believe me, this woman, she's definitely not simple."

Seeing Ji Feng speaking so seriously, the three Han Zhong also became serious.

"Ji Feng, what the hell is going on here?" Zhao Kai immediately asked, "What is the problem in the middle of this?"

"You guys shouldn't ask about the specifics, as long as you trust me." Ji Feng shook his head slightly and said, "You guys can't get close to her, but you have to help me spy on her, watch her every move closely, see what kind of people she usually has dealings with and what kind of people she comes in contact with"

"Ji Feng, you're not joking?" Han Zhong asked with a serious expression.

"Do you look at me like I'm joking with you guys?" Ji Feng said.

Han Zhong and the three of them looked at each other and cut out at the same time.

Zhao Kai stared at Ji Feng with a look of contempt, "You guy, I told you, you're a beautiful teacher killer, the most beautiful teacher in our school was taken away by you, now there's a beautiful teacher who has an unexplained relationship with you, how can we still live!"

"That's right!"

Du Shaofeng also looked at Ji Feng with contempt and said, "Even if you don't let us get close to her, you still want us to spy on her for you?"

Ji Feng chuckled, "Whatever you guys think, anyway, remember what I reminded you, otherwise if something goes wrong in the future, don't say I didn't greet you beforehand."

"Something is really wrong?!" Zhao Kai asked, frowning.

Ji Feng shrugged, "You guys, love to believe it or not."

After confirming again and again, Zhao Kai and the others finally believed it, and they immediately put away their joking mindset and started to face this matter seriously.

"How do you want us to help you spy?" Han Zhong asked.

Ji Feng deliberated for a moment before saying, "You guys alone definitely won't work, Han Zhong and Du Shaofeng both have to work, Zhao Kai, this matter can only be left to you, make sure to find a few more students, don't be too deliberate, just treat it like a casual stroll, so as not to arouse the suspicion of the white spider!"

"No, doing this job of spying on people, we're not professional, it's easy to reveal our horses, the more we tell them this, the easier it will be to expose" Zhao Kai shook his head slightly and said, "Or else how about this, let Old Du sacrifice a little, I'll tell those friends that it was Old Du who liked the white spider, that's why I asked them to help with the surveillance, in this way, even if they are exposed, there is no problem"

Before he finished his words, he saw Du Shaofeng rolling his eyes straight and muttering, "It's more appropriate for you to do this kind of thing yourself, people don't look like they can do such things once they take a look at me!"

Ji Feng also dismissed this opinion of Zhao Kai and said, "No, if the school investigates, when the time comes, Old Du will be subject to disciplinary action"

"I think this way, we don't say who likes white spider, anyway, just get more people to spy on her, make it so that she will be watched from the time she wakes up in the morning until she undresses and goes to bed at night, and also make her unable to find out who is actually doing this, what do you guys think?"

Zhao Kai suddenly asked, "Anyway, there's not much else in the school, just a lot of students, find more students, it's strange that she can find out who it is!"

Ji Feng looked at him strangely at once, and Du Shaofeng and Han Zhong were also stunned.

Han Zhong asked in dismay, "I say, old Zhao, you can come up with such a damaging idea? We didn't know you were so bad before!"

Zhao Kai laughed and said, "Is this called bad? For example, if we want to deal with you, we have to use the beauty trick, for example, if we want to deal with Old Du, we have to use the food"

"Shit!"

Du Shaofeng instantly glared up in discontent, "Old Zhao, you kid are the one who eats!"

A few people instantly laughed, a few people to say can eat, that really must be Du Shaofeng, this guy once open appetite to eat, that is enough to eat Ji Feng three people's meals, and definitely not show support.

"By the way, Ji Feng, you just said that this white spider" She came into the school, seems to be through an irregular channel?" Zhao Kai suddenly remembered something and suddenly asked.

Ji Feng nodded slightly and said, "That's for sure, unless she used to be a teacher at our school, but I think that should be impossible, otherwise with her beauty, I'm afraid that she would have been known to everyone by now, where else could she hide until now to become known."

"In that case" Not going through the regular channels, there must be illegal

“Kick away?!” Ji Feng frowned and pondered.

“That’s right, kick her away.” Zhao Kai analyzed, “Since she’s a threat by staying here, then just kick her away, no need to be polite with this kind of person.”

“No, we can’t just kick her out like that!” Ji Feng shook his head slightly and said, “It’s better to do it the same way you said before, that would be good!”

“You still don’t want to let her go?” Zhao Kai asked snidely.

Ji Feng faintly shook his head with a smile and said, “More than that, I can’t let her go, I won’t have peace of mind even if I don’t see her for a day

Rejecting Zhao Kai’s offer to kick the white spider out, Ji Feng had given it a lot of thought.

For this white spider, whose identity he did not know, Ji Feng did not dare to be careless at all. Although Ji Feng suspected that the white spider should be someone from the dynasty, he did not have the slightest evidence to prove this, so he did not dare to be sure and could only suspect it in his heart.

However, other possibilities could not be ruled out!

Under such circumstances, the only thing Ji Feng could do was to find out the identity of the White Spider as soon as possible so that he could decide what method to use against her!

In the time before he could find out the identity of the White Spider, what Ji Feng wanted most in his heart was for the White Spider to stay under his nose. The only way for Ji Feng to know the movements of the white spider was to be able to take timely counter strategies.

If she kicks the white spider out now through the school, she will not lose anything, at most the things she wants to do will be affected a bit, which is nothing to Ji Feng, but then the white spider will turn from the light to the dark again, which will be very tricky.

Keeping the white spider, she will be the only source of information for Ji Feng now, at least from her you can get a lot of useful information, such as what kind of people the white spider is usually in contact with, what kind of people she is standing behind, whether she and the dynasty are as close as you guessed

The disadvantages of driving her away far outweigh the benefits.

So, as long as Ji Feng is not a fool, he knows whether he should keep the white spider or kick her out!

It is for this reason that Ji Feng said that his heart would be troubled if he did not see White Spider for one day!

“Kicking her away is not necessary for now, but

It is still necessary to check, this is a knife, we have to hold the handle of the knife in our hands first, with the knife in our hands, we can stab it at any time and make the other side feel emboldened!” Zhao Kai smiled grimly, a cold glint in his eyes.

Ji Feng and Han Zhong glanced at each other, their hearts were both flabbergasted in unison, Zhao Kai this guy is really too ruthless, he came up with these ideas, ordinary people can’t even think of

Fortunately, they are his classmates and not his enemies, otherwise, I’m afraid I wouldn’t even know how to die!

“Why are you guys looking at me like that?” When Zhao Kai saw the strange gaze of Ji Feng’s three people, he asked in consternation, “Did I say something wrong?”

“Yes, how could it be incorrect!” Han Zhong grinned, “It’s just that it’s a bit too sinister!”

“It’s not called sinister, a person, if you want to talk about the bright and upright or the lower class, there must be a premise, that is, you have the qualifications to talk about this!” Zhao Kai spoke eloquently, “This is like a person who chooses what to eat, but his premise is that he must be able to eat, if he gags, or can’t even open his mouth, how can he eat? You can’t even grab a hot one by eating shit!”

Ji Feng’s three people were instantly filled with black lines, this guy’s words were really

However, although what Zhao Kai said was disgusting, it had real truth to it.

“You guys really don’t show this look, what I said, others want to hear I don’t even say, you guys are kind of blessed with ears.” Zhao Kai skimmed his mouth.

Ji Feng laughed, “Right, right, what you said makes sense.”

“It would have been!” Zhao Kai pushed his glasses and said, “Then again, back to the issue we’re discussing – dealing with the white spider, I actually don’t think we need to use any complicated methods at all, on the one hand, we’re all students with limited abilities, even if there were complicated methods, that wouldn’t work. On the other hand, we’re a school here, so if we make too much noise, the impact will be too bad when the time comes.”

“The method you said to spy on her didn’t make enough of a stir?” Han Zhong asked in surprise.

“Spying on her, that was a spontaneous act by everyone, who made you white spider look so beautiful and fascinated everyone

Even if the headmaster came, he wouldn’t be able to say anything, would he?” Zhao Kai said chestily, “Don’t worry, Ji Feng, tell me clearly what you want to achieve, and then you guys just follow what I say, it will definitely be as you wish!”

Ji Feng instantly laughed, “That couldn’t be better.”

He had some thoughts in his heart, after being together for more than a year, he hadn’t really found out that Zhao Kai was actually so proficient in calculations, although his ideas were all a bit damaging, or a bit cold, but no matter what, as he said, if you want to talk about nobility, you have to be alive first to talk about it, right?

What’s the point of being noble if you’re dead?

Zhao Kai, what a previously undiscovered talent!

Chapter 683

Zhao Kai is indeed a talented person, there is no doubt about that.

The fact that every time something happens, Zhao Kai is the one who comes up with the ideas, and the ideas he comes up with are basically very feasible, that’s enough to explain it.

In fact, it was not that Ji Feng had not discovered Zhao Kai's talent before, from the very beginning he knew that Zhao Kai was a very shrewd person with an excellent mind. However, nothing big had happened all along, and Zhao Kai had no need to show his talent. Coupled with his lewd appearance and sultry behavior, who else would think that this guy was actually someone with a gully in his chest and a lot of talent, except for a few people like Ji Feng who were familiar with Zhao Kai?

Ji Feng couldn't help but feel some pity for those people who had once underestimated Zhao Kai, if those guys knew that while they were mocking Zhao Kai all day long, they were actually being mocked by him as well, and that it was finally them who proved to be stupid, I wonder what kind of mood these guys would be in.

—I wonder how these guys would feel.

Perhaps, this might be where Zhao Kai usually had fun, Ji Feng couldn't help but laugh.

As far as Ji Feng knew, Zhao Kai didn't have any special interests, he didn't like to surf the internet like many students, nor did he like to smoke or play cards, nor did he like to participate in group activities at school, but he would participate, although he had a tense face every time, but finally he did participate in the group activities at school.

Other than that, he had no other particular favourite pleasures.

In their dormitory, Ji Feng had a wide range of preferences, Han Zhong liked to play, Du Shaofeng was obsessed with martial arts and was considered a martial arts fanatic, but Zhao Kai was the only one who didn't have many habits that could be called hobbies.

If I had to say that he had any preferences, it would be to play games occasionally and read newspapers and news regularly.

Anyone who is familiar with Zhao Kai knows that he likes to read newspapers and play games occasionally, but to many students, reading newspapers is not an admirable hobby. For many people, reading the newspaper is also just to see the jokes on it, or some new things on it These things can be found all over the internet.

As for the news, such as where so and so leader has gone to inspect again, so and so policy started in which year and month, these things, no one in the university may care.

So many people mistakenly thought that Zhao Kai liked to read what was new in the newspaper and some jokes, other than that, he couldn't be bothered to read advertisements and news, right?

But they didn't know that Zhao Kai was actually really reading the news.

He likes to see the stupidity and ignorance of others, perhaps this is Zhao Kai's greatest interest.

With Zhao Kai's advice, Ji Feng's heart was instantly strengthened. The help he needed now wasn't much, and in terms of force, he really hadn't been afraid of anyone, no matter how many people there were on the other side.

What he needed most now was help in terms of wisdom and strategy.

Zhao Kai's appearance, or rather Zhao Kai's sudden display of extraordinary talent and wisdom, had obviously given Ji Feng wings.

So just after arriving at his seat in the classroom, Ji Feng told Zhao Kai about his intentions, but of course, he skipped all the information about the dynasty and just excused himself by saying that the white spider was most likely from an interest group that he had once offended and that her target was most likely himself

After just a short period of thought, Zhao Kai immediately plopped down on the edge of the table with Ji Feng, and the two of them muttered in whispers.

Strictly speaking, this was the first time that Zhao Kai showed his overwhelming intellect in front of Ji Feng, and even after many years of looking back, the two felt that this was the most successful of their collaborations, and even though there were many more collaborations to follow, there was never again any time that was more monumental than now.

And now, no one would realise this, in the eyes of Han Zhong and Du Shaofeng, the duo muttered and muttered, clearly not having any good ideas.

"Zhao Kai, your boy's ideas are all too damaging. I say, you guys aren't thinking of getting a few people to rob Ms. Bai on her way home from work That what, rob a sex?" Han Zhong asked with a smirk.

"If you want to rob then it would be you who would go" Zhao Kai instantly cursed with laughter, "Can you guy have some clean content in his head?"

"No way, with you, even the cleanest brain will be polluted." Han Zhong instantly laughed heatedly.

Ji Feng smiled and said, "Alright, alright, class is in session."

.....

Despite having a plan in mind, Ji Feng was still more or less uneasy, and during class, he took out his phone again, turned it into conference mode, and sent a text message to Xiao Yuxuan and Tong Lei respectively.

"At lunch time, wait for you in front of the second canteen, there is something" Ji Feng edited the text message and thought about it carefully before sending it out.

In fact, for this white spider, although Ji Feng is very cautious, but not so much as to say that he will fear her, dynasty in powerful, that is also a hidden in the darkness of the unseen organization.

In fact, even if it was against the whole dynasty, Ji Feng was not afraid, unable to outsmart the dynasty, the big deal was that the fish would end up in a net, Ji Feng did not believe that the dynasty would wipe themselves out unscathed, they did not have the ability to do so even if they were powerful!

However, what Ji Feng was most worried about was that White Spider was only a vanguard, or she was only equivalent to someone in the nature of a scout, behind her there was a large force, and the other side's target, not themselves, but aimed at the people around them!

Her own parents were protected by guards, and her relatives all had their own escorts, so at least it was not too dangerous.

The only thing is that Xiao Yuxuan and Tong Lei, they really don't have any guards at all. Once they are a little bit far away from themselves or they are not by their side, the other party can do whatever they want without any hindrance, that can be said to be unscrupulous ah!

So, this is also the point that Ji Feng is most afraid of.

Not long after, the signal light on the phone began to faintly blink and the screen suddenly lit up, this is the text message from the two women came back.

As expected, Ji Feng tapped on the messages from the two women separately, and since they were in different styles, they expressed the same meaning.

What Xiao Yuxuan returned was: "Okay, little rascal. What, want to show off in front of your classmates so that they know that you have the ability to pick up a beautiful teacher? Let them all think that you are superb at getting girls? Or do you want me to perform my obedience to you?"

Ji Feng then turned off her text message with a black line straight to his forehead, and in turn opened Tong Lei's message, "Okay, hubby."

A simple four words, but said Ji Feng's heart and soul, he seemed to see Tong Lei across several teaching buildings, at this time she was sitting in her seat, her desk with textbooks that were out of place with others, two small hands holding the phone under the desk, the corners of her mouth with a faint benefit, sent this message.

This is the difference between Xiao Yuxuan and Tong Lei, one is as passionate as fire, making people's fingers tingle. The other is in a faint coldness, with a serenity that makes people's heart happy.

Ji Feng smiled faintly and secretly said: "To be able to get both of you at the same time is a blessing that I don't know how many lifetimes I have cultivated. I will definitely guard you well!"

At the same time, Tong Lei, who was sitting at the bottom of the podium listening to the lecture, had a sweet feeling in her heart, as if she remembered something happy, and a smile appeared on her face, just like a flower suddenly blooming in the middle of a severe winter, dazzling and enchanting!

"It must be the little rascal who is imagining things again!" Xiao Yuxuan, who was preparing a lesson in her office, also felt something strange in her heart, she couldn't help but smile flirtatiously, she used to feel this way when she thought about that little rascal of her family, and now was equally no exception, it looked like she was really thinking about him.

"Knock, knock, knock!" The knock on the door suddenly sounded.

Xiao Yuxuan looked up and couldn't help but feel a little strange, this was a staff office, it wouldn't be locked until school or holiday time, and other teachers wouldn't knock if they came here Could it be a student?

"Please come in!" Xiao Yuxuan still followed enough manners and slightly raised her voice and said.

"Squeak-!" The door of the office was pushed open and a tall, beautiful figure appeared at the door of the office, "Excuse me, is this Miss Xiao?"

Xiao Yuxuan immediately looked up, but saw a beautiful woman slightly older than herself standing in the doorway, looking at herself with a faint smile on her face, only in that smile, there was an indefinable coldness that made Xiao Yuxuan feel a little uncomfortable, but when she looked more closely, that coldness disappeared without a trace.

“I am Xiao Yuxuan, may I ask if you are” Xiao Yuxuan was a bit hesitant, this woman at the door was too beautiful, if we talk about looks alone, Xiao Yuxuan had not really seen a few more beautiful than this woman, maybe Lei Lei counted as one.

She hadn't thought about the fact that this woman was actually slightly more than herself, only that Xiao Yuxuan habitually didn't count herself in, and never said that she became proud of herself because of her looks.

“This is how it is, I am the new teacher of the foreign language department, Bai Spider, I am new to the department and would like to get to know all the teachers, please take care of them!” White Spider had an enchanting and beautiful smile that dazzled people.

Xiao Yuxuan was stunned for a moment, and then smiled, “I dare not take care of you, we can learn from each other and help each other in the future”

So it was a new teacher, no wonder she didn't know much about the office environment and habits, Xiao Yuxuan said secretly.

She is a kind-hearted person, and she is naturally very happy to see a new colleague, so she will not think otherwise, let alone speculate on others with malice in the first place.

Chapter 684

In fact, although the first time Xiao Yuxuan saw the white spider, she felt that there was something odd about this woman, as if behind the warm smile, there was a faint trace of coldness hidden, although it was not very obvious, Xiao Yuxuan still felt it clearly.

However, Xiao Yuxuan did not feel strange, much less wary.

The reason was actually very simple, as her and Tong Lei's proficiency in the first set of body-building exercises gradually increased, the two girls had improved in various aspects such as perception and six senses, only that some of the improvements were invisible to the naked eye and were not as obvious as the improvements in physical strength and other aspects.

For example, Xiao Yuxuan's sense of the cold intent behind the white spider's smile is a kind of improvement. If it was in the past, Xiao Yuxuan would definitely not be able to see it, because if she were to look at it from anyone else, the white spider's smile would be so warm, perhaps there was passion in it, there was flirtation, even if there was debauchery, but there was just no cold intent.

However, Xiao Yuxuan was inclined to feel it, which was an enhancement.

But Xiao Yuxuan considered that the other party this is only the first time to meet with themselves, perhaps this woman named white spider is not too used to dealing with people, but in the way of some unspoken rules, or rather in the way of face, it is necessary to treat, which is why there is some discomfort in the heart, and that is why they feel strange.

Moreover, Xiao Yuxuan also has a feeling that she seems to be really weird lately, her strength has become much greater than before, she is no longer so soft, her eyesight is also much better than before, and most importantly, her feelings have also become a bit weird, as if she can see through the true intentions hidden under other people's hypocritical appearance at once.

Xiao Yuxuan felt that she had recently been made a bit abnormal by the foreign assassin she had met that day.

So, combining these two reasons, Xiao Yuxuan took the initiative to find a reason for the white spider in her heart – it was herself who was a bit odd, it was not the white spider who was hiding a hint of coldness behind her smile, it was herself who had gone wrong, not the white spider.

“Teacher Bai, hurry up and have a seat.” Xiao Yuxuan smiled and pointed to the desk opposite.

“Thank you, Teacher Xiao” Bai Spider smiled sweetly and walked modestly, coming to sit opposite Xiao Yuxuan, “Teacher Xiao, are you the only one in this office?”

“Yes. All the other teachers in the office have gone to work, and I am the only one who is slightly free.” Xiao Yuxuan nodded with a smile and said, at the same time, she stood up and turned towards the desk inside, “What would Mr. Bai like to drink? We do have plenty of drinks in our office, tea and coffee are all available”

Before she could finish her words, her beautiful eyes instantly widened.

In a flash, a bone-chilling chill instantly swept through her entire body, leaving her heart horrified, as if she had walked through the ghost gate once in that instant.

Xiao Yuxuan jerked back, but saw that the white spider was expressionless, and when she saw herself turning back, she smiled sweetly again and said, “Teacher Xiao, what's wrong?”

“Oh, nothing!” Xiao Yuxuan smiled faintly and said, “I was thinking, should I prepare coffee for you, or some tea?”

“There is no need to prepare anything, I came here on the one hand to get to know Miss Xiao, and also to inform Miss Xiao, in order to integrate into our group as soon as possible, I plan to invite these teachers of our English major in the Foreign Language Department to a dinner gathering at the Hong Yun Hotel at the entrance in the evening, please Miss Xiao must enjoy yourself, if you have a boyfriend, you can also bring him along, Miss Xiao, we can It's a deal”

White Spider smiled and headed out, almost to the door, she turned her head and giggled, “Seven o'clock sharp, see you tonight!”

“Hey-” Xiao Yuxuan watched her walk out and hurriedly shouted, but White Spider had already closed the office door and swayed away.

At the moment when White Spider had closed the office door behind her, Xiao Yuxuan saw two students walking through the corridor outside the door, seemingly talking and laughing very happily, and they all seemed to be charmed for a while when they saw that sweet smile of White Spider's, and immediately, the office door closed completely.

“It’s really strange!” Xiao Yuxuan could not help but mutter darkly, just now that moment, she clearly felt as if time had instantly gone to the cold winter months, her body was chilled, her heart was beating suddenly, as if there was some kind of danger to come down seemingly The first thing that happened was that there was nothing going on, so how could I have this strange feeling?

“What’s wrong with me today?” Xiao Yuxuan couldn’t help but slightly slap her forehead, her stunning face filled with doubt, “Really The little rascal also said that I should stick to practicing body building exercises to strengthen my body, this is not even thirty years old yet, why is it starting to be confusing, oh my god”

.....

Xiao Yuxuan is unaware that at the same time as she spoke, the white spider who walked out of the office, with an icy smile on her face, sat on one hand of the bag, but there was a cold light that people could not easily detect in the finger slits, and then disappeared, seemingly without a trace, as if nothing had happened seemingly.

But

“Xiao Yuxuan It’s really not simple!” White Spider, however, was slightly astonished in her heart, just now in the office, she had only just moved to kill when Xiao Yuxuan, who originally had her back turned to her, suddenly turned her head, which was too surprising, plus White Spider heard someone passing by outside the door, forcing her to terminate her action.

In fact, White Spider had never thought of killing Xiao Yuxuan here before, otherwise, why would White Spider need to come to the school in person?

She only needed to go out of her way and hire assassins to deal with Ji Feng and Xiao Yuxuan and the others endlessly, and that would have been enough. Even if the organization didn’t approve it by then, she would still use her own money to find the best assassins With just a few bullets, things would probably be over.

But one of the reasons why White Spider didn’t do that was because she didn’t want to let Ji Feng die so easily.

—she didn’t know that Ji Feng wasn’t that easy to kill!

However, the moment she saw Xiao Yuxuan, especially the smile on Xiao Yuxuan’s stunning face, the white spider suddenly thought of those companions of hers, and in her heart, an unstoppable killing spirit instantly surged up.

It was also that moment that Xiao Yuxuan found

“Just wait, I will find the opportunity” The white spider seemed to be to herself, and seemed to be to Xiao Yuxuan, said secretly in her heart, the murderous intent in her eyes revealed, and the cold light between the slits of her fingers constantly flashed.

.....

“Ding” With the sound of the bell ringing, Ji Feng immediately hit the spirit, even Han Zhong and Zhao Kai, who had been depressed, also suddenly came to life, several people and other students in the classroom, haha a smile, hurried to stand up while packing books, while preparing to leave.

“Finally class is over, why is this class time passing so slowly?” Han Zhong asked in bewilderment, “This morning has been like a year for me, it’s like a fucking year.”

“Hey, what I look forward to most every day is hearing the bell ring.” Du Shaofeng also walked over, his dark and sturdy figure was like a pagoda, and with his smile, he really looked naive.

“Actually, I don’t like this kind of bell in school, it always gives me a feeling as if the prisoners in prison are about to let off steam, it’s really uncomfortable in the heart!” Zhao Kai suddenly said.

“Pfft-!”

Ji Feng almost didn’t spurt out laughing as he looked at Zhao Kai strangely, “How did you get this idea?”

“Don’t you?”

Zhao Kai said rightfully, “Think about it carefully, we have to follow all sorts of rules in our classes here, and then we have to be squeezed by those teachers who embezzle student funds, the school leaders, and that fart-sized petty official of the student council. After a depressing morning, it’s hard to get through, and when we hear the bell, everyone rushes out with gusto... what is this if not a release?!”

“Incisive!” Ji Feng gave a thumbs up.

“Odd remarks.” A few girls next to me saw that they couldn’t help but secretly grimace, university was the age of enjoyment, how could it be so bad as this four eyes said, another claptrap

Zhao Kai as if he had already gotten used to other people’s reactions to his remarks, he just smiled faintly and said, “Let’s go!”

Ji Feng couldn’t help but smile as well and said, “It seems that many people don’t accept your views.”

“They can not accept my point of view, but they cannot deny my right to speak.” Zhao Kai smiled blandly, “Some people, ah, can’t see through themselves, but like to refute others’ views”

Ji Feng laughed, “This kind of people make up the vast majority.”

“So it’s always a very small portion that ends up mixing well!” Zhao Kai blurted out, “to be different from other people’s ideas, to have a new idea, but this new idea is divided into two directions, one is clever, to open up a new situation by themselves, the other is stupid, and finally draw a tiger but not a dog! If you want to mix well, you must first have new ideas, and secondly, you must also have the ability to break new ground, both of which are indispensable.”

“If there are other difficulties in between, then more conditions are needed.” Han Zhong interjected, “However, these two points you mentioned are the most basic guarantee of success.”

“Okay, let’s not talk about that, hurry up and go to dinner, you can’t even get in line if you’re late” It’s like the situation in prison again” Zhao Kai shook his head helplessly, “but these words you can’t say yet, otherwise, others will either think you’re talking about him, or they’ll say you’re clamming up”

Ji Feng and the others were dumbfounded, but in their hearts, they were deeply impressed by this statement from Zhao Kai.

Most people who make mistakes don't like it when people say they're wrong, even if they're not talking about him, he'll think they're pointing fingers.

So since ancient times, the phrase silence is golden has been enshrined as a golden rule

Chapter 685

"Sister Yu Xuan, this way!" At the entrance of the second canteen, Ji Feng was standing on the steps next to him, beside him stood the delicate and peerlessly beautiful Tong Lei, seeing the stunningly smiling Xiao Yuxuan was walking this way, Tong Lei immediately said in a crisp voice and shouted.

When they saw Ji Feng's stunningly beautiful Tong Lei, they could not help but have a look of envy in their eyes. There were not many beautiful women like Tong Lei, even in the foreign language department, which was known to be full of beautiful women.

However, when these students then saw Xiao Yuxuan walking quickly and talking intimately with Tong Lei and Ji Feng, so the envious mood of the people instantly went up a level and turned into jealousy.

"Malegbee's, all the good cabbages have let the pigs arch!" These students couldn't help but cursed.

However, among these students, there were some who knew Ji Feng and were instantly aghast in their hearts.

He was not a person to be messed with, didn't he see that Wei Qiang and Wei Chuanling, Yun Bing and some other guys who were so arrogant and powerful in the school were still cleaned up by Ji Feng in the end? The small body like yourself, where can people punch?

So, you can be envious, you can be jealous, but you can't say it out loud.

The surrounding students passed by Ji Feng and the others with different moods, all with complicated expressions.

"Sister Yu Xuan, why are you so busy?" Tong Lei asked in a brittle voice as she pulled Xiao Yuxuan's hand. Today happened to be the day of new students' arrival, and as a teacher, there was no such thing as not being busy, so I guess Xiao Yuxuan was also exhausted.

"Today is fine, because I have a class and I am in charge of your class, so I didn't go to greet the new students." Xiao Yuxuan shook her head slightly, "The school has made some mistakes in arranging this time, how can they arrange the freshmen and other old students to report at this time, the school has become so crowded at once, it's easy to have problems."

"No way, with a new headmaster this year, it's only natural to put on a good show" Ji Feng smiled faintly, "Let's go, hurry in and eat, they've already helped us get our meals ready."

"Mm!" Tong Lei nodded obediently.

The three of them went towards the canteen, but Xiao Yuxuan said, "Ji Feng, you usually don't always make those classmates of yours, help to make a meal, things are small, but after a long time, you always

make people help you to make a meal, others don't say it on their lips but they will also be uncomfortable in their hearts."

"It's fine!" Ji Feng smiled faintly, "I can only eat in the canteen a few times, ah, there's nothing wrong with friends doing each other a favour."

There was no such thing as a favor or a favor between him and Han Zhong and the others. In fact, there were very few opportunities for Ji Feng to eat with them, and usually when they ate out, it was usually for business purposes, so Ji Feng, the boss, naturally had to pay the bill, so he couldn't let Han Zhong treat himself, right?

As for being at school, Ji Feng also cooked his own meals, today it was because he had to wait for Xiao Yuxuan to arrive, so he let Han Zhong help him cook, which was actually quite normal.

Only, what Xiao Yuxuan said however made sense, it was just that Ji Feng's situation was special.

In fact there is indeed that type of person who always likes to make other people do things for them and take it for granted that they are treated well.

Ji Feng once heard a saying that he thought was a classic: "I'm not your mother, why should I be nice to you in everything?"

That's a great quote!

Even as a mother, if a child doesn't acknowledge her love, the mother's heart won't be comfortable. This is why all parents are sad because of their children's ungratefulness Why aren't they sad because of others?

"It doesn't matter if you usually do a favor, but if you put yourself on a pedestal, can people be comfortable in their hearts? After a long time, no one can be willing to be friends with you." Xiao Yuxuan gave him a blank look, she knew that Ji Feng might usually be a bit big-headed in terms of these small things not caring, but a lot of conflicts, all start from small things.

Ji Feng smiled and nodded his head, saying, "Good, I'll remember, and try to pay attention in the future."

"Ji Feng, you have money and status now, so no one will easily turn their back on you now, but if you have nothing, think about it, how many more will fight for you?" Xiao Yuxuan thought that Ji Feng had not listened to her words, so she said in a soft voice: "You can only treat your friends with sincerity when you are in the spring and not forgetful, and still treat them as you usually do, and wait for the day when you are down and out, people will only help you sincerely."

Ji Feng laughed: "I understand what you mean, don't worry, when I'm proud, I will never forget, and when I'm down, I won't give up on myself, I treat them all with sincerity Besides, no matter what, I won't let myself go back to the old days."

"I'm relieved that you understand." Xiao Yuxuan smiled softly and whispered, "Ji Feng, you are what Lei Lei and I rely on for our lives and where our hopes lie, with you around, we are at ease, so don't ever

Ji Feng smiled and nodded his head, saying seriously, "Definitely not!"

The two of them looked at each other and couldn't help but smile heartily.

Ji Feng and his group appeared in the canteen, which was still quite striking. The two women, Tong Lei and Xiao Yuxuan, could be described as stunningly beautiful, two very different styles of beauty, respectively, on the two sides of the sturdy Ji Feng, it was difficult not to attract attention.

The two women are the most beautiful and the most beautiful.

The impression that Ji Feng has left on these people is that apart from being vicious, he has no other bad deeds, and has never been a bully, which is not at all like those other rich kids.

Of course, there are not a few people who are also red-eyed, red-eyed Ji Feng has money, drive a nice car to school, red-eyed Ji Feng found such a beautiful girlfriend

The current school is no longer the pure ivory tower that it was when the materialism and money worship were prevalent, in this environment, no one can keep a pure mind anymore, all inevitably bring a selfish heart from their own perspective.

What he cares about is the process he has gone through and what he has learned in the process, which is what he is most concerned about.

The many years of hardship and suffering have helped Ji Feng to develop a strong and resilient character, but he is also more realistic than ordinary people, which is inevitable.

Because when other people's children are still sleeping in the morning, he has to help his mother push the tricycle to the road, and when other people's children are eating snacks at school, he has to think about whether he can afford to buy homework books for this month

Under such circumstances, even if mother Xiao Sumei taught her well, she could not teach Ji Feng to be a saint.

Even if you are a saint, you still have to live and eat.

What's more, that previous life of tasting hardships and suffering blank stares had long ago made Ji Feng's nerves incredibly tough, so how could a little bit of these people's opinion now possibly make him care?

"Ji Feng, this way." Han Zhong waved his hand, "If you guys don't come again, the food will get cold."

"Thanks!" Ji Feng smiled faintly and sat down with the two women, Xiao Yuxuan.

Han Zhong and Zhao Kai took two more bites haphazardly, and after looking at the time, Zhao Kai laughed, "We'll go back first, you guys take your time eating."

"So soon?" Ji Feng was stunned.

"There's no class this afternoon, I have to go to the factory to have a look, when I collect my books later, you bring them for me." Han Zhong wiped his mouth, felt his pocket again and took out his car keys, "I'll go first."

Zhao Kai also smiled, "Go back to the dorm and play games."

“I’ve got an appointment with a classmate to buy a computer, I’ll see you later.” Du Shaofeng also followed suit and left.

“These three guys” Ji Feng couldn’t help but shake his head with a smile and turned his head, “Since they’ve all left, let’s eat by ourselves.”

Ji Feng chucked some of the dishes on his plate to Tong Lei’s two daughters, which were all what they liked to eat, but Ji Feng was not picky about the dishes, for him, a meal with noodles or chili would not be any problem.

In the past, that kind of hard environment made it impossible for Ji Feng to be picky even if he wanted to, it was good to have something to eat!

However, Xiao Yuxuan was not very interested, and the speed of her meal was obviously very slow.

“Sister Yu Xuan, why do you look as if you’re not in the best of spirits? Is there something on your mind?” Tong Lei asked with concern.

Ji Feng also noticed it, only that there was Han Zhong and the others present just now, so he didn’t ask much about it.

“It’s nothing, it’s just that today I always feel strange, actually it’s not just today, for a long time recently, I’ve been feeling a bit strange. It’s like, like a mental trance, very strange!” Xiao Yuxuan also did not understand why she had a trance-like situation, she was very puzzled.

“How so?” Ji Feng frowned and asked in a deep voice.

“I’ve always felt that for a long time, my mind seems to be in a bit of a trance, for example, I can always hear a lot of garbled sounds, and when I look at things, sometimes I feel like things that are quite far away from me are dangling in front of my eyes, and I also always have a very strange feeling” Xiao Yuxuan said all the conditions that she had encountered.

“Ee?”

Tong Lei immediately looked at Xiao Yuxuan in amazement, “Sister Yuxuan, you are also like this? I also have this feeling oh, and it has been getting stronger and stronger in recent times.”

“Really?” Xiao Yuxuan also felt very surprised, “It’s really strange, how can it be the same, what kind of feelings do you have?”

Chapter 686

“I have all those feelings you mentioned, and in addition to those, I have very strange feelings.” Tong Lei said, “For example, if I’m walking down the road and I meet someone coming up to me, if we get too close, I have a feeling that this person is not having good intentions, Is that too strange? That’s the feeling I get anyway.”

“It’s true!”

Xiao Yuxuan suddenly exclaimed, immediately causing people around her to look at her, she hurriedly lowered her voice and somewhat embarrassedly spat out her tongue, where does this look like a university teacher, it's simply a cute little girl.

"I originally thought that this was all an illusion in my mind, caused by my mental discomfort, I didn't think that this would happen to you too?" Xiao Yuxuan lowered her voice and a look of astonishment covered her pretty face, "What is this all about?"

The two pairs of beautiful eyes of the two women looked at each other, both feeling incredulous in their hearts.

If we were to say that this better vision, increased strength, increased physique, etc., were all considered benefits, Xiao Yuxuan and Tong Lei could still accept them, but the fact that they often had that strange feeling made them feel very stunned.

Why would they have such a feeling?

There is nothing more disturbing than when such strange things happen to you, especially when Xiao Yuxuan and Tong Lei are still girls.

Imagine, your body suddenly appeared all kinds of changes, but do not know because of what reason, this makes a person is very disturbed, so if it is the kind of people who are particularly timid, may be unable to accept this sudden change and go to the hospital may also be said

The fact that Xiao Yuxuan and Tong Lei were able to be only slightly disturbed shows that their psychological quality is already quite good.

"I thought something had gone terribly wrong So it's like this!"

Just when the two girls, Tong Lei and Xiao Yuxuan, were wide-eyed and puzzled, Ji Feng, who was sitting next to them, suddenly laughed as he looked at Xiao Yuxuan and Tong Lei, whose pretty faces were full of consternation, and said, "Nothing, nothing, as long as you keep practicing body-building exercises, that strange feeling will automatically disappear after it lasts for a while longer. "

Swish!

The two pairs of gazes of the two women stared at Ji Feng somewhat strangely, while their faces changed slightly.

"Ji Feng, do you mean to say that the changes that are happening to us are actually related to the bodybuilding exercises we are practicing?" Xiao Yuxuan immediately realised something and couldn't help but frown slightly as she asked, "Could there be something wrong with this gymnastics?"

"Yes, Ji Feng, you don't know that the feeling is very strange, as if you have supernormal capabilities, but it seems very confusing, seeing things without focus, and it is difficult to concentrate, and the sounds you hear are also very chaotic, especially in this kind of canteen, classroom and other occasions, as if there are tens of thousands of flies flying around your ears, almost burrowing into your head. It's so scary!" Tong Lei said with a palpitating heart.

"Oh" Ji Feng couldn't help but smile and waved his hand, saying, "It's okay, the reason why your eyes look unfocused, see things confusingly, and sometimes there are overlapping shadows and so on, is

because ah, your eyesight is gradually increasing, but then, you haven't yet adapted to this rapidly increasing eyesight, so this situation will occur."

"The reason why your ears are experiencing this buzzing sound is actually the same reason as your eyes, your hearing is also increasing, but you yourselves are not adapting to this change quickly enough, and you end up with these situations that you are talking about."

Ji Feng smiled, "In fact, it's not just your eyes and ears, your sense of taste, physical fitness, strength, and even your body's reactions are all far greater than before, so you will always feel that something is wrong everywhere, and you will be stressed out in your hearts!"

He couldn't help but shake his head and laugh, "I originally thought that it would be at least a while before this would happen to you, that's why I didn't warn you, but I never thought that you would show up so early"

"Wait a minute!" Xiao Yuxuan turned her head to look around and found that there were simply too many students, she couldn't help but rub her temples and said, "Let's get here first, I can't listen to any more of what you say now, it's just too chaotic here, let's wait until we have dinner to a less crowded place."

Ji Feng smiled and nodded, "Good, I don't have any classes in the afternoon anyway, so I can just take an afternoon to help you guys get this problem sorted out, otherwise, it will take you guys at least two or three months to completely adapt on your own!"

"Good!" Xiao Yuxuan and Tong Lei were actually really suffering from this change, and at this moment, when they heard that Ji Feng had a way to eliminate this situation, they were naturally overjoyed.

Because of their relaxed mood, both women's appetites were much better, the food in the canteen was so bad, they actually quickly ate the food without any leftovers, when Ji Feng saw them like this, he estimated that the two of them could eat even half a portion again, such a good appetite was something that had never happened before.

From this, it was clear that

The fact is that the child is just as well, after all, Ji Feng and her have not met for two months. But Xiao Yuxuan is different, he returned to Jiangzhou in the middle of August to see Xiao Yuxuan, from which time to now a full half month of time, he actually did not find Xiao Yuxuan has any abnormal, this kind of carelessness is really should not!

However, Ji Feng also did not expect that Xiao Yuxuan and Tong Lei's reaction would be so strong.

In fact, back when Ji Feng had first started practicing aerobics, the intelligent brain had also warned him that the human body would experience some discomfort due to the rapid increase in vision, hearing and other functions.

At that time, Ji Feng was indeed on the edge of his seat because the situation that the intelligent brain was talking about was the kind of situation that Xiao Yuxuan and Tong Lei were now experiencing.

However, this situation that Ji Feng was experiencing at that time was much lighter, and his body was only slightly uncomfortable, but he completely adapted to it in two or three days' time.

Because of this, Ji Feng then neglected Xiao Yuxuan and Tong Lei somewhat.

Now that Ji Feng had mastered the second set of movements, he understood exactly what this was all about, and to say it was more profound and formal, he kind of knew exactly what the principle was for this to happen!

In fact, the so-called body-building exercises are actually to stimulate the potential of the human body, allowing bio-currents to be generated within the human body cells, thus achieving the purpose of strengthening the body. If the exercises are performed according to the formal method, the bio-currents generated within the body are not only strong enough, but also very pure.

Bio-currents can be described as absolutely wonderful, this pure and magical energy can quickly improve the human body, whether it is the human physique or the person's six senses, etc., all aspects will be changed.

However, if one's six senses improve more quickly than one's physique, then there will be a dissonance between the body and the six senses.

It is like, if a small child suddenly has the power of an adult, how can that small child learn to control his power all at once; it all takes a process.

Unless one exercises regularly before this happens, making one's body physique reach an extremely high level, in which case the body can easily adapt to the changes in other parts and functions without any problems.

In fact, when Ji Feng first started practising body building exercises, his body was not very good, as he had not been eating too well for a long time, and his body could even be said to be somewhat malnourished. However, under the stimulation of that strong current emitted by the intelligent brain, Ji Feng gritted his teeth and persevered, causing the bio-current to raise his body rapidly, so Ji Feng easily adapted to the changes in other functions.

Xiao Yuxuan and Tong Lei, on the other hand, were different, they usually just ran or moved around the yard and never did any high intensity exercise at all, probably no one other than athletes and martial artists would really give themselves extremely high intensity training, so that it could be a bit difficult to fully adapt to the rapid improvement of their vision, hearing and other functions.

Since it was the first day of school, after eating in the afternoon, sophomores like Ji Feng would just have to collect their new textbooks and get their new schedule at the same time.

Therefore, after doing so, Ji Feng drove Xiao Yuxuan and Tong Lei back to the villa.

On the way, he told the two girls about these principles.

"So, what should we do then?" Xiao Yuxuan couldn't help but ask, "We rarely exercise, even if we start exercising now, it would be too late!"

Ji Feng pondered for a moment before saying, "To solve this problem, there are two ways, the first, is for me to help you directly, using my own bio-current to stimulate your bodies, weakening the effects of vision, hearing, etc., and eventually matching your bodies."

“What about the second?” Tong Lei couldn’t help but ask, since she knew that functions such as vision and hearing, were hard-earned by her own hard work, she was somewhat unwilling to be weakened for no reason like that.

Ji Feng said, “The second method, I will give you the method of exercise, from tomorrow onwards you will get up early every day to exercise, in this way, after some time, this discomfort of yours will completely disappear.”

“These two methods, is there any difference?” Xiao Yuxuan asked.

Ji Feng put his hands on the steering wheel, his gaze straight ahead, and said, “Of course there is a difference, and it’s a big difference. In the first case, the energy you have now will be weakened and become adaptable to your current physical condition. And in the second, you are working hard to adapt to the many improved features To give you an example, join in and say that your body is a granary, and those special abilities, such as enhanced vision, enhanced strength and the like, are the food in the granary. Now you have a situation where the granary is small and there’s too much grain and it’s overflowing

“The first method is to just throw away the excess grain, as long as the granary can hold those grains.” Xiao Yuxuan was smart enough to immediately understand the crux of the problem and immediately interjected, “And the second method is to now work hard to expand the size of the granary and increase its height so that it can hold all the existing grain, am I right?”

Chapter 687

“A very incisive statement!” Ji Feng immediately gave a thumbs up and smiled faintly, “That’s indeed how it is, with a strong granary to hold more grain, and the same goes for the human body, whether it’s an improvement in vision or hearing or any other ability, it’s extremely rare, and how many people want to improve their nearsightedness, it would be a shame to just give it up for nothing It would be a shame to just give it up.”

“That’s right, I think so too!” Xiao Yuxuan immediately nodded her head, “Then how can you make our bodies adapt to this change quickly?”

“Do we have to run every day like those athletes too?” Tong Lei asked.

“Yes, if we run every day and have to stick to a high intensity workout, what if we build up a muscle?” Xiao Yuxuan also pursed her lips and asked with a smile.

Looking at the concerned expressions of the two girls, Ji Feng couldn’t help but laugh dumbly as he slowed down the car slightly and laughed, “Don’t worry, I naturally have a way to make your bodies strong and fit quickly and adapt to the changes that have happened to your bodies at the fastest speed.”

“No need to run, right?” Tong Lei was still a little unsure.

Xiao Yuxuan also hurriedly nodded beside her, looking at Ji Feng blearily.

In fact, it wasn’t because the two girls didn’t like to exercise, getting up in the morning, running around the villa area in a sports outfit and coming back to take a hot bath, that was more comfortable than anything else. What the two women are most concerned about is actually the issue of body image.

Those who exercise regularly have a very good figure, but if they don't exercise properly, their figure will easily lose its shape, so how will they be able to go out and meet people?

"Just don't worry, you two, there won't be any problems, guaranteed." Ji Feng harrumphed, "In fact, my method is very simple, I just need to channel the bio-current in your bodies and let it constantly stimulate your bodies, thus maximising your potential and improving your physique, your bodies will naturally adapt to those changes gradually."

"How long will this take?" Xiao Yuxuan hurriedly asked.

Ji Feng pondered for a moment before saying, "I can't say this right now because it has a lot to do with your physical condition. If you usually pay attention to exercise and your physique is much better than half of the people, then the time needed for you to adapt to those changes will be very short, but on the other hand, if your physique is very poor, then it's hard to say how long it will take. That's it."

"Anyway, just one word, adjust your body's constitution to be able to adapt to those new changes so that you won't have those uncomfortable feelings, otherwise, this feeling will last for a long time." Ji Feng laughed.

"Will it last forever?" Tong Lei couldn't help but ask.

"Definitely not!"

Ji Feng immediately said categorically, "You are practicing bodybuilding gymnastics, even though the first set of movements you have already mastered and have practiced proficiently, on the surface, it seems that you will not have much effect if you continue to practice, at most it will seem to maintain the status quo level of physical strength But in reality, that is not the case!"

He paused and continued to explain this in detail for the two women: "Even if you don't feel it anymore, exercise is actually good for your body, which means that as long as you exercise, even if the level of exercise is light, your physique is gradually getting stronger, unless it starts to decline when you reach your old age But the status quo obviously will not be like that, so as your physique improves, one day your physical strength will be completely adapted to the new changes, and then you will once again be the same as before, your senses will no longer be confused, your eyes will no longer be blurred, and your ears will no longer buzz"

"That's good, this feeling of the status quo is really weird and uncomfortable." Xiao Yuxuan then couldn't help but complain, "For example, today, a new teacher came to the office and greeted me, I actually felt as if there was danger close by, it scared me to death"

Who knows, before she finished her words, Ji Feng's face changed in a swish, and he slammed a sharp brake, stopped the car at the roadside, and looked at Xiao Yuxuan with a grave face.

"What is the name of that new teacher who went to see you today?!" Ji Feng asked in a deep voice.

"It seems to be called White Spider!" Xiao Yuxuan said reminiscently, "Well, it's called White Spider, because the name is strange, so when she introduced herself at that time, I paid more attention to Ji Feng, is there something wrong?"

"Of course there's a problem!"

Ji Feng rubbed his forehead and asked, "What did she say to you?"

"Nothing much, just that she's new and wants to get to know me, at the same time came to invite me to go to dinner together in the evening, oh yeah, I heard her say that she seems to be with other teachers from the foreign language department, I originally planned to tell you about it when I waited for this afternoon, but I ended up being confused by you and forgot about it"

Xiao

"Phew-!"

Ji Feng let out a long breath and said, "In this way, say again what happened during your meeting, especially the part where you felt that there was danger, say it carefully, don't leave out any details at all"

At this time, Xiao Yuxuan also felt that something was wrong, because Ji Feng's reaction, far beyond her expectations, so it was obvious that there should be something wrong in the middle of the meeting between herself and the teacher named White Spider, otherwise, Ji Feng would definitely not be this kind of reaction, which was just a little too strange.

So, Xiao Yuxuan then carefully told the story of her meeting with the white spider in the morning, in which there was no hint of concealment, especially the details before and after when she perceived the danger.

When Ji Feng finished listening, he fell into silence.

"Ji Feng, what's wrong?" Xiao Yuxuan asked, "Is there something wrong?"

"Ji Feng, if you have any problems, just say it directly, don't let Sister Yu Xuan and me worry." Tong Lei also couldn't help but say, "If you don't say anything like this, we're all worried oh!"

Ji Feng turned his head and looked at the worried Tong Lei and Xiao Yuxuan, he deliberated for a moment before saying, "Let me tell you this, remember what I said to you just now? It's about you guys feeling a bit weird lately, do you still know what the reason is?"

"Of course I know, it's because the physique is not improving fast enough to keep up with the changes in other areas." Tong Lei immediately said, although she rarely spoke just now, it didn't mean she didn't listen, it was just that her character was like that, and Ji Feng and Xiao Yuxuan had long since gotten used to it.

"That's right, the speed and magnitude of your physique improvement can't keep up with the changes in other aspects." Ji Feng nodded slightly and said, "These other aspects of change include all aspects of vision, hearing and so on, but you guys don't know that these changes are brought about by an extremely special ability."

"What ability?" Xiao Yuxuan asked offhandedly.

Ji Feng said, "It's an extremely special feeling, for example, if you see a stranger on the road, if it's in normal times, you might evaluate this person based on your own preferences and vision, whether or not you judge people based on their appearance."

“But when you have this extremely special feeling, when you see a person again, you will not first look at what he is wearing and how he looks like, but you will first feel whether the person has some good intentions and whether he holds hostile intentions towards you or not To put it simply, this should be a subconscious feeling.”

Ji Feng carefully analyzed: “Just like what Yu Xuan just said, at the moment when you feel danger, your sweat hairs all stand up and your nerves are even more tense, this is the reaction that arises under that subconscious feeling.”

“That’s the sixth sense?” Tong Lei asked.

“You could say that, except that the sixth sense is very mysterious, no one knows if there is one, and besides, even if there is one, no one can say even a little bit about the principle, it can only be attributed to some undiscovered science or something However, this particular feeling I’m talking about is different!”

Ji Feng said seriously: “According to my analysis, because of the bio-current generated in our body, the feeling of energy from the outside world becomes extremely acute, and when danger comes, for example, if someone moves against us in a bad way, then some hormones in that person’s body will change, the heart may beat violently and adrenaline will rise sharply It is because of these changes in them, which are sensed by the bio-currents in our body, that we feel uncomfortable or that there is danger coming I think this should be the most reasonable explanation!”

In fact, this explanation was the result of Ji Feng’s repeated discussions with his intelligent brain, when he first started practicing body building exercises, this situation also occurred, and by now, his senses were becoming more and more sensitive, if he saw a stranger and wanted to know if he had any malice towards him, he could feel it just by making slight contact with him!

This is why, Ji Feng could always feel that someone was watching him, or even if someone was moving to kill him or something like that, he was able to feel it at first.

When the white spider was following him around the pharmaceutical factory at the beginning, he had likewise detected it, and that was the extraordinary thing about that special feeling!

But when he first started to have this ability, Ji Feng was very uncomfortable and was also suspicious all day long, he only understood this later after asking his intelligent brain.

Now that Xiao Yuxuan was distressed about this matter, Ji Feng of course had to explain it clearly to them in its original form.

“Then you mean to say that the kind of danger I felt this morning was actually not an illusion created by my own mental incompetence, but was real?” Xiao Yuxuan looked at Ji Feng in shock and some disbelief, “That teacher Bai, has malice towards me?!”

Chapter 688

“If my guess is correct, not only does the white spider have malice towards you, it’s definitely not too good for Lei Lei and me, likewise.” Ji Feng shook his head and laughed, “Remember that foreign assassin’s companion that ran away on the outer ring road? I suspect that this white spider was most likely sitting in those two black Buicks at that time.”

“Huh?!” Xiao Yuxuan and Tong Lei exclaimed in shock at the same time, and they couldn’t help but look at each other, both seeing the celebration and horror in each other’s eyes.

“Ji Feng, then in that case, wouldn’t Sister Yuxuan have walked through the ghost gate today? That’s really terrifying!” Tong Lei said with a palpitating heart, “I feel scared even now when I think about it, why didn’t you warn us earlier?”

“I sent you guys a message during class today and agreed to meet at the second canteen, in fact, I wanted to tell you about this.” Ji Feng lit up a cigarette, took two puffs, and restarted the car, “Today I met that white spider at the foreign language department’s new student reception at school, I’m sure she had followed me, so that’s why I suspected that she might be an accomplice of that foreign assassin!”

“Then, then why did she come to the school if she was an accomplice of the killer?” Tong Lei looked at Ji Feng with some confusion, “Could she still come to find us?”

“There’s that possibility.”

Ji Feng nodded slightly and said, “According to what Yu Xuan said, it was that white spider who took the initiative to find their office, and even though Yu Xuan was the only one in the office at that time, and that white spider made a very enthusiastic introduction while asking for a treat, there was no mention of those other teachers in the office who were not there later This means that this white spider’s ultimate goal is actually simply to go for Yu Xuan!”

“Then wouldn’t Sister Yu Xuan be in danger?” Tong Lei asked with concern.

Ji Feng shook his head slightly and said, “Not really, in the school even if they were given a few more guts, they definitely wouldn’t dare to make a move easily. As long as Yu Xuan doesn’t go to those less crowded places, no one can do anything to you. As for when classes are over, I will come and pick you up by car, with me around, no one can hurt you!”

“That’s alright”

Xiao Yuxuan and Tong Lei then breathed a sigh of relief, they were however having palpitations about the foreign assassin they met yesterday morning, especially the other party’s metal skeleton, it was even more shocking, even a fool should know that to be able to turn all human skeletons into metal, this was obviously no longer in line with common sense.

The first reaction of people when they encounter such an unknown event is definitely fear, and Xiao Yuxuan and Tong Lei are no exception. The two women were equally terrified, and if Ji Feng had not been present at the time, they simply did not know what to do.

Now that they heard that the white spider was most likely also the companion of the foreign assassin and now came to Xiao Yuxuan, its intention was naturally self-explanatory.

Ji Feng had captured that foreign assassin, so of course their companion would come to take revenge!

Seeing the slightly panicked look of the two girls, Ji Feng couldn’t help but smile, “Don’t worry, I won’t let this kind of thing happen again in the future, however, you should also pay attention, you must not

get close to the white spider again alone in a less crowded place, otherwise, in case she starts to go crazy, she might really do something irrational!”

As he said this, the words “biological bomb” involuntarily came to Ji Feng’s mind. If White Spider was also a member of the dynasty and a companion of that foreign assassin, then she should also have a biological bomb inside her body. Once she detonated the bomb, the ripple effect might be very wide at that time.

At that time, even if one had the intention to guard against it, one would definitely be defenceless!

What kind of defence could protect against a bomb?

Xiao Yuxuan and Tong Lei immediately nodded their heads at the same time and said, “Got it.”

Ji Feng smiled faintly, “It’s good to know, as long as you guys are more careful, nothing will definitely go wrong, the white spider can’t turn over anything, so don’t worry about it.”

“Mm!” The two girls nodded slightly.

Ji Feng grinned, stepped on the accelerator and the car sped off once again.

In reality, although Ji Feng had a smile on his face, he still had some worries in his heart.

Not to mention anything else, just the behavior of the white spider today made Ji Feng very wary.

Ji Feng did not anticipate that the white spider would be so proactive, it was only the first day of school and she had taken the initiative to approach Xiao Yuxuan, she was so desperate?

What this white spider wanted, Ji Feng didn’t know, but the white spider’s behavior today was making Ji Feng tense up his nerves.

Since Xiao Yuxuan could feel the danger, it proved that the white spider had probably thought about making a move on Xiao Yuxuan. Although it was unknown what the reason was that made the white spider suddenly give up midway, Ji Feng was still shocked out of a cold sweat.

Just thinking about it was frightening!

If the white spider had moved at that time, with the skills of the white spider that he saw that day next to the pharmaceutical factory, plus the madness of the white spider on the outer ring road, Xiao Yuxuan, even if she was different now, would definitely not be able to escape a disaster!

Even if the black Buick on the outer ring road was not the one with the white spider in it, just based on Ji

When he thought of that kind of terrible consequence, Ji Feng had chills in his heart, a strong sense of crisis rose in his heart, making his heart aflame with murder!

“Yu Xuan, are you going to the banquet tonight?” Although Ji Feng’s heart was surging with murderous intent, on the surface was a relaxed look, if he also looked like he was suffering from great hatred, then Xiao Yuxuan and Tong Lei would be even more depressed.

Xiao Yuxuan was stunned: “Still going to attend? Isn’t she a bad person?”

Ji Feng couldn't help but laugh, "Even if she's a bad person, she's still considered a good person before she's exposed. Of course, if you don't want to go, then forget it and don't have any more contact with her in the future!"

"Then do you think, should I go?" Xiao Yuxuan was a bit indecisive, to say that from the bottom of her heart, she really didn't want to get involved with that kind of foreign assassin's companion, who knew if that woman named White Spider had also turned into that kind of monster, she could actually even lift a car, obviously not some normal person.

With someone like that, one could be in danger at any time!

What's more, such people also harboured enemies against themselves, so it would be even more dangerous, if they started a madness and detonated the bomb inside their bodies, they wouldn't be able to get away then in any way.

But if she didn't go, Xiao Yuxuan didn't know what Ji Feng had planned, so she had to seek Ji Feng's opinion.

Ji Feng didn't rush to answer either, but thought carefully for a moment before saying, "Forget it, it's better not to go."

Originally, Ji Feng had intended to let Xiao Yuxuan go to this gathering, not only did Xiao Yuxuan have to go, he also intended to go over and have a look, only by getting close to the White Spider would he be able to take the most appropriate way to deal with her.

But on second thought, Ji Feng gave up on this plan again.

Not for any other reason, just for the sake of Xiao Yuxuan's safety, she should not be allowed to attend either.

This woman, White Spider, Ji Feng didn't understand at all.

If she held a great grudge against herself, in case she lashed out after the gathering, Xiao Yuxuan would not be able to deal with her at all.

Moreover, it also seemed inappropriate for Ji Feng to go along.

The reason was that the people at the dinner were all teachers, and it always seemed awkward for him to go over as a student. Although he was Xiao Yuxuan's boyfriend, not many people knew about it on the surface, so if Ji Feng went then, it would simply be a misnomer.

"Then, I won't go." Xiao Yuxuan immediately nodded her head and said. She really didn't want to deal with that kind of person, and the thought that the bones in the white spider's body might all be metal gave Xiao Yuxuan a shuddering feeling.

Ji Feng smiled and said, "Forget about anything else for now, let's go back and help you and Lei Lei get your bodies in order first, we'll talk about the rest later."

Since he had made a decision, Ji Feng said no more. The first thing to do now was to condition the two women's bodies, Ji Feng certainly knew how hard it was to suffer from that kind of body disharmony, in the past when his power surged, he would inadvertently mess something up and it was very distressing.

Although Xiao Yuxuan and Tong Lei's surge was not in strength, but in vision, hearing and so on, that feeling was equally unpleasant, and Ji Feng had experienced it too.

After returning home, Ji Feng and the three of them immediately went to their bedroom.

In order to prevent others from disturbing them, the three of them switched off their mobile phones and activated all the villa's security devices to make a tight defense before Ji Feng began to condition Xiao Yuxuan and Tong Lei's bodies.

The conditioning process was actually very simple, Ji Feng only activated the bio-current to guide the bio-current in the two women's bodies, running through their bodies to achieve the purpose of stimulating the cells of the whole body.

During this process, almost every cell in the two women's bodies would be strengthened and the bio-currents within their cells would be enhanced, their potential would be further enhanced and their physiques would gradually strengthen so that they could slowly adapt to the various changes in their bodies.

In fact, even if they were guided by Ji Feng himself, it would not be possible to achieve this overnight.

Because it always takes a process for a person's physique to improve, what Ji Feng is doing is merely shortening the process a lot.

.....

An afternoon passed like that, and when Ji Feng woke up from his cultivation, the three of them found that the sky outside was already dark.

"Ah! It's getting dark so soon?" Tong Lei immediately exclaimed softly, "I thought I had only slept slightly."

Xiao Yuxuan was also quite surprised, "Time passes really fast oh We're still just conditioning our bodies here, and an afternoon has passed in a flash, no wonder those novels and movies always say that those who cultivate immortality, when they close their eyes, they open them, it's hundreds of years"

Theoretically, the human physique itself is such that even if it reaches its peak state from birth, it will live at most four or five hundred years, and in between, it cannot be troubled by any injury or pain, let alone absorb half of the impurities, otherwise, the human life span will be greatly reduced. What's more, the environment we live in is so harsh, how can we possibly live that long?!"

"Unless one is a king's ass, one can live that long!" Ji Feng laughed.

Ben

Chapter 689

"Hee hee"

Hearing Ji Feng's funny words, Xiao Yuxuan and Tong Lei both couldn't help but purse their lips and laugh lightly.

“You even know that people can live for four or five hundred years, huh?” Xiao Yuxuan asked with a smile.

Ji Feng laughed, “Theoretically speaking, it is true that one can live for such a long time, because the cells of the human body are almost that long from the time they start dividing to the time when all the cells are completely aged.”

“You’re not a scientist, how would you know?” Tong Lei wrinkled her cute little yaoi nose.

Ji Feng laughed and pointed to his head, “Because I have a scientist living right here!”

“Yuck!” Both the two girls couldn’t help but spit.

Seeing that the two women did not believe what he said, Ji Feng could only shrug his shoulders and show his hands, who could know, what he said was true, those data were also calculated by the people of the Gamma system, in fact, if those reference systems were replaced by human beings on Earth, it would be good if they could live 300 years.

But these problems, and he can not say to Xiao Yuxuan and Tong Lei explicitly, can only let them think that they are bragging.

In fact, Ji Feng originally had no intention to talk about these issues, especially for some precise data and principles, he even tried to mention as little as possible. But helplessly, those only existed in his memory long ago, and he was not the least bit wary of Xiao Yuxuan and Tong Lei, so every time he mentioned this aspect in front of them, Ji Feng would always give an accurate answer as if by reflex.

Xiao Yuxuan and Tong Lei would then be amused by his serious look, but of course they would also think he was bragging.

This made Ji Feng very helpless, but there was nothing he could do about it.

“Alright, enough of this useless talk, let’s see what time it is” Ji Feng coughed dryly, picked up his phone from the bedside table next to him and pressed the on button.

“Ding Ding” A series of text messages rang suddenly, Ji Feng was stunned, “So many text messages?”

Usually when his phone was on all day, he didn’t see one or two messages, even the phone calls were only two or three at most, but now this was only one afternoon, there were actually so many letters, how strange!

Ji Feng also forgot to check the time and just casually opened his inbox, but saw that almost all of them were from his second brother, Ji Shaolei, and there were also a few unfamiliar numbers, adding up to more than a dozen text messages.

Ji Feng casually opened one of them, only to see that it said, “Third child, what the hell, turn off the phone in broad daylight! Call back quickly when you see the text message!”

This was from the second brother, Ji Shaolei.

Ji Feng smiled faintly, the second brother still had this windy and fiery nature, he did not call Ji Shaolei back immediately, but opened another message from an unfamiliar number.

It read, "Little Chief, we have arrived in Jiangzhou, return quickly when you see the text message!"

"Little Chief?!"

Ji Feng was instantly stunned, those who would address themselves like that must be from the Yanjing side, and it must be the old man or the guards around his father who would address him like that, they've come to Jiangzhou

Swish!

Ji Feng's eyes snapped open, could it be that someone from the family had come to Jiangzhou?

Thinking of this, Ji Feng immediately dialed the phone to his second brother, Ji Shaolei, if it was his father or someone else coming to Jiangzhou, he thought that his second brother would know. Perhaps, the second brother had made a few phone calls and sent a few messages to himself, which should also be about this.

The phone was quickly answered, and Ji Shaolei's voice immediately came through: "San'er, you've finally gotten around to turning on your phone! I called you a dozen times this afternoon, but none of them worked. I called your wife again, but she still didn't work

I don't suppose you're doing something to make a man, are you?"

"Bullshit!"

Ji Feng laughed, "I was busy this afternoon and couldn't conveniently turn on my phone. Second brother, what's the matter with you looking for me in such a hurry?"

"Really the emperor is not in a hurry, you kid is so dangerous, you are not in a hurry, instead I am the most anxious" Ji Shaolei couldn't help but shake his head slightly and complained, "I said you didn't notice it at all?"

"Perceive what?" Ji Feng asked suspiciously, "Second brother, tell us what's going on first, don't beat around the bush."

"Come over here, come to the military district guest house on Hussong Road in Jiangzhou." Ji Shaolei said.

"Second brother, what exactly is the matter?" Ji Feng asked, frowning.

"You'll know when you come." Ji Shaolei said, "You can't delay, you'd better come over now."

Ji Feng frowned slightly, although he had doubts in his mind, he still nodded and said, "Alright then, I'll go over here, I can get there in about forty minutes or so."

Hanging up the phone, Ji Feng couldn't help but mutter, "It's really strange, in one afternoon, there are actually so many phone calls, and the second brother has become secretive and seems to have a lot of resentment"

"What's wrong?" Xiao Yuxuan asked with concern.

“Nothing, it might be something on second brother’s side You two hurry up and change your clothes, let’s go over together!” Ji Feng said. Now

“Okay!”

Although Xiao Yuxuan and Tong Lei had doubts in their minds, they wouldn’t ask more questions, following Ji Feng they were at ease.

“Ah! It’s almost seven o’clock already!” Xiao Yuxuan changed her clothes and just turned on her phone, she was startled, “We slept for almost six hours!”

Ji Feng laughed, “It’s you guys who slept for six hours!”

During the process of conditioning the two women’s bodies, the two women were in a sleeping state, while Ji Feng could not rest. Even after the conditioning, Ji Feng just entered his consciousness into his mind and followed his intelligent brain to continue practicing the second set of body-building exercises without resting for a moment.

Both Xiao Yuxuan and Tong Lei couldn’t help but spit out their tongues, more or less embarrassed.

Usually, they are not in the habit of sleeping, and now they have slept for six hours at once, which is not really short.

Seeing this, Ji Feng couldn’t help but laugh: “Okay, don’t be embarrassed, usually at home it’s you guys who prepare breakfast and have to get up early every day, now it’s a rare break, it’s only right Let’s go out, you guys can also experience the results of these six hours of conditioning on the way, if there are any results.”

“Right!”

Tong Lei’s beautiful eyes lit up at once, “A while ago when I woke up, I could hear the noise outside, now it seems to be gone ooh!”

“That’s right, I have that feeling too” Xiao Yuxuan also said joyfully, “I really can’t hear too much noise anymore, it’s much better than before!”

Ji Feng laughed, “Otherwise, let’s go out now and you guys try your eyesight?”

Xiao Yuxuan and Tong Lei looked at each other, nodded at the same time and said happily, “Good!”

There was a short distance from Ji Feng’s house to the military district guest house, and if one took the city, it would take at least an hour and a half at this time of the day, because it was the peak traffic period, and if one got stuck in traffic on a busy road, I was afraid that one would not be able to move for half an hour.

No matter how urgent he is, Ji Feng is not in the habit of taking the busy road, he likes to drive on the outer ring road, or take the suburbs, because the outer ring is not only convenient for traffic, there is no trouble with traffic jams, more importantly, it is very clear, and he can also quietly think.

And today, taking the outer ring road is more suitable for Xiao Yuxuan and Tong Lei to quickly adapt to the changes in their bodies.

As expected, as soon as they left the villa area, Xiao Yuxuan and Tong Lei were delighted to find that the scenery within their sight was already clearly distinguishable, and when they looked into the distance to suit, the distant and near scenes would no longer appear to overlap, moreover, they found that their eyesight was obviously much better than before, which made the two women quite happy.

After all, that kind of hurry where you could only see things close up and had to listen carefully to sounds was just too unbearable. At that time, they were already happy even if their vision was allowed to return to normal, let alone now when it had not only returned to normal, but also improved by a large margin, how could they not be happy?

“Lei Lei, look, the TV tower over there, I can almost even see the windows up there clearly!” Xiao Yuxuan excitedly pointed at the TV tower in the distance, “Can you see it?”

“I can see it!” Tong Lei also nodded her head happily.

Listening to the excited voices of the two girls, Ji Feng couldn't help but feel guilty, his own concern for them was really too little, usually even if he cared for them a little more, he could definitely have discovered their body changes earlier

The first thing you need to do is to take care of your family.

To talk about family, one has to take care of the pharmaceutical factory now, and the research of the 53 slimming medicine in the pharmaceutical branch.

And when it comes to being busy with the pharmaceutical plant, Ji Feng doesn't dare to think how hard he's working, the vast majority of things at the pharmaceutical plant are being managed by Han Zhong, and he himself is only grasping the big picture, and really not doing much in the way of concrete work.

—Himself taking the dynasty too seriously!

Ji Feng suddenly realized that ever since he knew about the existence of the dynasty, he had begun to treat it as a life-and-death enemy, and it seemed that no matter what he did, he would unconsciously think about the influence of the dynasty

For example, now, Ji Feng will always subconsciously think about the safety of Xiao Yuxuan and Tong Lei, the purpose of the white spider coming to the United University, and the need to be on guard at all times.

This was too passive!

Ji Feng felt that he should find a way to turn from passive to active, or at least, not just wait like this, but find a way, to take the initiative!

“If you can” Ji Feng secretly mused, “Monitoring the White Spider's every move is certainly feasible, but it's too energy consuming, is it possible to think of a way to force the White Spider's true nature out?”

In a flash, Ji Feng shook his head slightly, in order to do this, he first had to find out where the White Spider came from, and this was definitely not possible just by himself.

“It's better to wait until we meet second brother and then discuss it with him.” Ji Feng secretly decided.

Half an hour later, Ji Feng and the three of them arrived at the military district guest house on Hussong Road.

However, when he saw his second brother, Ji Shaolei, he was stunned.

It was because behind Ji Shaolei, there were several people following him.

Chapter 690

Ji Shaolei and Xiang Yongzhan were waiting for Ji Feng at the entrance of the guest house together.

“Why are you guys here?” Ji Feng couldn’t help but ask in consternation.

Behind Ji Shaolei, there stood three men and one woman, a total of four soldiers in military uniforms, these four people were no other than Ji Feng’s old acquaintances.

Gu Chao, Liu Xin, Hui Yi And Little Shadow!

When Ji Feng saw that they had actually come to Jiangzhou at the same time, he was stunned, these four people, among them Gu Chao three are from the Red Arrow Brigade, and Xiao Ying is from the Central Guard Bureau, they are all active duty soldiers ah, how could they all come here?!

“Could it be that they are going on some secret mission?” Ji Feng deliberated secretly.

But even if it was to carry out a mission, there was no need for Hui Yi and Xiao Ying to come along too, one should know that one of these two was the security guard of his younger uncle and the other was the security guard of his mother, usually protecting the chief, that was their mission, how could they come to Jiangzhou?

“Swish!”

When Gu Chao’s four men saw Ji Feng, they all stepped forward at the same time and saluted at the same time, “Little Chief!”

Ji Feng also immediately returned the salute while asking, “You few are here for Second brother, what is this all about?”

No wonder Second Brother had to ask himself to come over personally, it turned out to be Hui Yi and Xiao Ying who had come.

Ji Feng’s gaze couldn’t help but look at Ji Shaolei, these four people had come together, making Ji Feng puzzled.

“It’s not convenient to talk here, let’s talk first.” Ji Shaolei did not directly answer Ji Feng’s question, but said, “San’er, don’t rush first, you’ll know what’s going on later.”

Ji Feng had no choice but to take Xiao Yuxuan and Tong Lei with him and follow Ji Shaolei into the military district guest house.

Gu Chao and the others had already booked rooms in this guest house, and the four of them were staying in two suites, so at this moment they arrived at one of the suites.

As soon as they sat down, Xiao Ying immediately poured water for Ji Feng and the three of them, while winking at Xiao Yuxuan and Tong Lei. When Xiao Sumei came to live in Jiangzhou for a period of time, it was at that time that Little Shadow became acquainted with the two women, Xiao Yuxuan and Tong Lei.

“Gu Chao, the few of you who came here are on a mission?” Ji Feng asked, and then added, “If it’s inconvenient, you can leave it out.”

“Sir, it’s like this” Gu Chao immediately said, “We received orders to come to Jiangzhou to assist you, sir!”

“Assist me?” Ji Feng was suddenly slightly stunned, “Whose orders to assist me with what?!”

Ji Feng couldn’t help but be stunned, although he was from the Ji family, he wasn’t from the military, so why should Gu Chao and the others come to assist him? They were all active duty soldiers, leaving the station without a mission was against military discipline, and if they were ordered to come here, then the person who gave the order was definitely against military discipline.

“It’s the First Captain!” Gu Chao replied.

Ji Feng frowned at once: “He asked you to assist me? What part of me needs your assistance Besides, I’m not qualified to ask you guys to assist ah, it’s not reasonable at all.”

“We are just following orders!” Gu Chao said. As soldiers, obeying orders was their natural duty, and as for why, they didn’t think about that until they had infringed on anyone’s interests.

Ji Feng couldn’t help but get a bit of a headache as he turned his head to look at Hui Yi and asked, “Needless to say, you should be here under orders as well?”

“Yes, Little Chief!” Hui Yi nodded and smiled.

Ji Feng looked at Little Shadow again, “Little Shadow, what about you, you were also ordered to assist me? Aren’t you supposed to stay by my mother’s side?”

“Little Chief, I’ve been ordered to protect your safety!” Little Shadow said.

“You’ve come to protect my safety?”

Ji Feng was really confused, he couldn’t help but turn his head and ask, “Second brother, tell me, what’s going on here, a few of them wouldn’t come here for no reason, right? Is something wrong?”

“You’re still asking what’s wrong?” Ji Shaolei rubbed his temples helplessly, “Third son, you have made such a big mess in Jiangzhou, and now you are in trouble, you actually ask us what happened, you don’t have to play dumb like that!”

“Hmm?” Ji Feng frowned slightly, “Second brother, the trouble you said you encountered is Dynasty’s matter?”

“You said it!”

Ji Shaolei laughed bitterly, “Since Dynasty has approached you, do you think Little Uncle and Eldest Uncle and the others can’t be nervous?”

“That’s all minor things, it’s no big deal!” Ji Feng waved his hand with a smile, “There’s no need for such a big battle, I can handle it all by myself. Whenever I can’t cope with it, I will definitely seek your help.”

“This time it’s not just a matter of coping with it, there are other tasks as well.” Ji Shaolei said, “Do you know why that Black Wolf’s companion you met on the outer ring yesterday ran away from the Xiang family boss?”

“Why?!” Ji Feng was instantly

Originally, with Xiang Yongzhan and his Special Combat Brigade personally taking action, that Dynasty assassin named Black Wolf would not need to say much, and even, his companion should not have escaped either.

Given the traffic conditions in Jiangzhou, coupled with the strong combat power of the special operations brigade, how could they still fail to block a Buick?

However, it turned out that Black Wolf’s companion had escaped. When mentioning this matter, Ji Feng could not help but curse, when the special combat brigade was fighting, they all looked like wolves and tigers, but when it came to arresting people, how come they all became soft, so many people and the cooperation of the Jiangzhou police, but they couldn’t catch anyone.

Although to the Yong war gave an explanation, said that there are some problems, but the quarter Feng but still yo write difficult to let go, this is simply nonsense, a special warfare brigade to catch a few people actually can not catch, and finally also made the white spider directly into the United University as a teacher

However, now it seems that there really are quite a few problems in between, otherwise, the second brother could not be here waiting for himself together with Xiang Yongzhan, and Gu Chao and others could not have come directly from Yanjing to Jiangzhou.

“In fact, strictly speaking, this matter is very humiliating, because the reason why those two black Buccaneers ran away in the first place was not because the people of the Special Operations Brigade did not do their job well, You don’t have to look at me like that, I’m not shirking any of the responsibility that should be taken!”

This time the one who opened his mouth to explain the reason for Ji Feng was no other than Xiang Yongzhan, who said seriously, “At that time, after those two black Buicks ran away from the outer ring road, the people of the Special Combat Brigade were blocking them, and there were people from Jiangzhou police and local forces chasing after them, reasonably speaking, the other party could hardly fly even if they had wings.”

“But the other party still got away!” Ji Feng gave a cold laugh.

“Yes, indeed, they were allowed to run away.” Xiang Yongzhan nodded slightly, “Regarding this point, it was my mistake, and for this reason I have automatically filed a report to the top and requested for disciplinary action, However, before I can be disciplined, first some of the people have to be disciplined!”

“How does that sound?” Ji Feng’s eyebrows twitched a few times as he asked indifferently.

Ji Feng and Xiang Yongzhan and Ji Shaolei were talking, the others were consciously sitting aside, Xiao Yuxuan and Tong Lei, the two women, were whispering something with Xiao Ying, they didn't know too much about these things that Ji Feng was busy with, so they wouldn't interfere haphazardly.

"Because, it was someone who deliberately let the person in the Buick get away!" Xiang Yongzhan snorted coldly, a murderous look in his eyes, "When we were fighting those people at the front line, these bastards actually dared to do such an asshole thing, do you think they should be disciplined?"

"Is there really such a thing?" Ji Feng's eyebrows furrowed tightly, "Who is it?"

"There are people in the police and local forces involved, but, we don't know who it is yet, only the few police and soldiers who deliberately let the water out, were secretly arrested, as for the people above them, they haven't been found out yet!" Ji Shaolei scratched his head, "..... A key person up there was silenced yesterday after the incident. For this matter, your second uncle is very annoyed."

Ji Feng couldn't help but be silent, if things were really like what second brother Ji Shaolei and Xiang Yongzhan said, then it would really be a bit of a problem. Not to mention anything else, just the fact that the Jiangzhou police had these problems was enough to make second uncle Ji Zhenguo sit on pins and needles, and it was even likely that he would be taken to task by others.

Moreover, after such a big incident, it is even more troublesome that no one has even been caught.

But on second thought, Ji Feng couldn't help but suck in a breath of cold air!

The dynasty's people, their penetration in China is really too deep, even the army and police have their people, plus their penetration of the economic field They were simply more powerful than a top family!

"Alright, I'll take that as true, so, they're coming over this time for" Ji Feng turned his head and looked at Gu Chao and the others.

"Although the other side got away, we didn't get nothing, at least, we learned part of the intelligence!" Xiang Yongzhan said in a cold voice, "Remember that battle we had in the west? At that time, although quite a few people were captured, there were actually still some that slipped through the net."

Ji Feng's heart stirred and he immediately asked, "Who was it?"

"It was the leader of the Western Xia, oh, in their place they should be known as the supervisor, nicknamed the Black Widow, a very beautiful woman." Xiang Yongzhan said.

"Black Widow" Ji Feng frowned slightly, but in his heart he was thinking.

"According to the information we got from our investigation, this black widow, it is possible that she is the one who ran away yesterday, moreover, according to our judgment, she got some information from inside us and learned that you should also be involved in the last operation, the destruction of Western Xia is also directly related to you, therefore, yesterday's incident should be planned by her, only that there is Otherwise, with her power in China, she would never have been able to escape!"

Xiang Yongzhan said indifferently, "This black widow, most likely, is the new teacher at your school, the white spider!"

Ji Feng's heart instantly sank as he asked, "You know how the black widow is our school's teacher, the white spider?"
