

Campus Master 791

Chapter 791

An unbeatable punch that ended Kawaki Yenko's madness and sent her crashing to the ground, never to rise again!

This time, Kawaki Yanzi was once again sent to the infirmary.

Ji Feng stood in the ring, his sturdy figure like a supreme warrior, causing the hearts of all the players in the boundary tent to chill, and even people like Han Zhenfeng and Du Shaofeng couldn't help but secretly swallow their saliva.

This punch was simply too vicious, and its power was truly terrifying!

Although Chuanmu Yanzi was a woman, they had never seen anything that sent a person flying with a single punch!

Shen Jingyi's eyes widened instantly and she murmured, "True, true qi outflow? How is this possible, how old is he, how could he possibly have practiced to the point where his true qi exudes?!"

Her heart was filled with shock, just now Ji Feng's punch, she saw it very clearly, Ji Feng's fist did not even touch Chuanmu Yanzi's body, even, the two were about ten centimeters away from each other.

Yet, Chuan Mu Yan Zi was instantly blown away by the punch that did not touch her body!

There is no other fist with such terrifying power, except for Innate True Qi!

However, an innate martial artist in her early twenties ..... Shen Jingyi really couldn't accept it!

But at this moment, Shen Jingyi finally understood why she had felt that Ji Feng had left his strength behind when he was sparring with Sasaki earlier.

It turned out that Ji Feng had not used his true qi before, but was simply using his physical strength, as well as his fighting methods, to fight against Sasaki.

If Ji Feng had used his innate true qi against his opponent as soon as he came up, not to mention one Sasaki, even if Ji Feng were to sweep the entire field, it wouldn't be a problem!

"Did I see it wrong ....." Shen Jingyi was filled with shock and confusion.

However, the others didn't care about that, they didn't know anything about innate true qi, nor did they know anything about true qi outflow, anyway, they just knew that Ji Feng had stunned Sasaki with a kick and blown away Kawaki Yanzi with a punch in the form of a supreme fierce general!

These two men, could both be extremely powerful players in the boundary tent, which was evident enough from the stances they displayed in the ring.

"Good-" a student roared.

"Good fight!"

"Well done, brother!"

.....

For a moment, the karate arena was literally completely abuzz with excitement as everyone was roaring.

This was the real deal, the little KAI Tent guy, thinking he had practiced kung fu for a few years and had a decent body, actually wanted to challenge the whole of Chinese martial arts, he was just asking to be embarrassed!

At this moment, everyone in the seats of the Kaito Tent had an ugly look on their faces. They could not have imagined that there would be such a powerful martial artist in China.

Sasaki was the most powerful on his side, but now he was knocked out with a kick.

The faces of all the representatives of the boundary tents, all red, some even a blue and a white, but do not know what to say.

The arena was filled with shouts of approval, but Sasaki, in the ring, was unable to wake up.

The jaw of a human being has quite a few stun nerves, and Ji Feng's kick directly hit Sasaki's jaw, impartially, directly causing him to pass out, and I'm afraid that he wouldn't wake up until he slept for a while.

What's more, even if he woke up, Sasaki would definitely not feel better. The power of Ji Feng's kick was not that easy to bear. Sasaki's entire jaw was shattered by his kick, and I'm afraid that for a long time to come, he might even have problems eating!

If you come to China to be arrogant, you have to pay a price!

Ji Feng was already very kind in not using bio-current on Sasaki!

In fact, this was a bit of a compliment to Ji Feng. This guy did not use bio-current against Sasaki because he wanted to steal Sasaki's movement style.

Because what Ji Feng had learned within the training space of his intelligent brain was the kind of ruthless fighting techniques that would kill him in one blow, which was obviously not suitable for use in the ring.

The fact that there is still CCTV footage and the school's radio station is filming is a good reason, so there is no fear of tangling with the people of the boundary tent.

But if you kill Sasaki, it will be really troublesome.

In addition, some system of martial arts, Ji Feng has never come into contact with, at most, the most is the Xuan Yin Sect experts in the past, but at that time, the other party is too powerful, Ji Feng can only defeat the other party as the first choice, it is simply too late to learn.

But now it was different, with Sasaki as a free instructor and companion, and with him moving in such a bizarre manner, it would be a shame not to learn something!

And the result of Ji Feng stealing the lesson was that he learned it and Sasaki's jaw shattered!

If Sasaki knew that the ninja speed and skills he was so proud of had become a free coach and a free companion at the same time with Ji Feng, I wonder how he would feel.

But for Sasaki, he was lucky right now, because he had passed out and didn't even know about this.

"Crazy, good job, well done!" Ji Feng had just arrived at the stage when Zhang Lei gave him a punch and said with a big smile, "That was a good fight, if you kid had come earlier, where could those little boundary tent people have been so rampant? They would have run away with their tails between their legs!"

Ji Feng laughed, "It's just an exchange between students, no need to be so serious!"

"Shit!"

Zhang Lei couldn't help but roll his eyes, "That's easy for you to say, don't even look at who you're treating, besides, you just haven't seen how arrogant the Boundary Canopy people were before, if you don't teach them a lesson, you really think you're invincible!"

Ji Feng was suddenly dumbfounded and laughed.

"Ji Feng, well done!" Han Zhenfeng also walked over and said with a smile.

Ji Feng waved his hand with a smile and said, "You guys shouldn't come to praise me."

Despite Ji Feng's humility, in the eyes of the others, what Ji Feng had done, that could definitely be called heroic, therefore, but everyone who knew Ji Feng ran over and laughed happily, Han Zhong and Zhao Kai also burrowed over from nowhere and excitedly threw several punches at Ji Feng.

Even those students who didn't know Ji Feng couldn't help but give him a thumbs up.

To beat the arrogant Boundary Tent people in such a mess, they were really incomparably relieved to make those bastards arrogant again!

That slap was just too painful!

The United University side kept laughing and celebrating loudly, while the Boundary Cloak side was in a deadly mood, just like a dead parent, everyone's face was gloomy, the eyes of those Boundary Cloak representatives looking at Ji Feng were both hateful and fearful, it was wonderful.

The eyes of those people were simply ignored by Ji Feng.

It was just a normal sparring match in the ring, it was no big deal. Even if the people of the Boundary Tent hated it, it had little to do with him, he already had no good impression of the Boundary Tent, and now he naturally cared even less about what the other side thought!

What happened next didn't have much to do with Ji Feng.

After the fight was over, there was always an aftermath.

The representatives from the United University side, as well as a few school leaders, began to arrange for the boundary canopies to leave the arena, but of course, there were inevitably students following suit and a chorus of boos.

The huge contrast between the arrogant and unbeatable arrival at United University and the disastrous departure with their tails between their legs was too painful for the eyes of the students of United University, and the feeling was simply wonderful!

Not only did the people of the Canopy hate and fear Ji Feng, even the students of the United University were deeply shocked by Ji Feng's strong body and looked at him in a different way.

It was both admiration and a hint of awe.

At this change, Ji Feng also shook his head helplessly and said, "Alright, everything is over, let's leave as well."

"That's right, let's leave as well and go out to celebrate properly!" Zhang Lei laughed loudly, "What a fucking pain in the ass!"

"Swearing again!" Shen Jingyi instantly glared at him.

Zhang Lei bristled, "Women shouldn't interfere when men talk!"

But Ji Feng laughed: "Lei Zi, you should be careful when you talk, this woman beside you is not an ordinary woman, I'm afraid that even if two of you are bundled together, you are not her opponent, you will have to suffer in the future!"

Shen Jingyi suddenly blushed slightly.

Zhang Lei laughed and said, "Don't worry! Even if she is good, she can't use her kung fu on my body, right? Does she learn kung fu just to beat up her husband?"

"Zhang Lei! What are you talking about!" Shen Jingyi spat at once.

Zhang Lei immediately laughed out loud and walked out with big steps.

Ji Feng also couldn't help but shake his head and lost his smile as he followed, at the same time, he couldn't help but look at Shen Jingyi two more times, this girl who looked gentle like water was really something else!

However, Ji Feng was not worried, Zhang Lei is not a fool, do not look at his superficially big-hearted, who want to fool him, it is not so easy. It was obvious that Zhang Lei was sure that he could subdue Shen Jingyi, which was why he was so careless.

What's more, as Zhang Lei said, even if Shen Jingyi was powerful, she couldn't do anything to her husband, could it be that she learned kung fu to deal with her husband?

This is obviously a joke!

A group of people walked out of the karate arena laughing and joking, with Shen Jingyi deliberately taking a few steps behind, walking side by side with Ji Feng.

After a long time of hesitation, she finally couldn't help but open her mouth and ask, "Ji Feng, can I ask you a question?"

“What?” Ji Feng asked with an offhand smile, but in his heart he was thinking about that Kawaki Yanzi, she was actually a reformer, which was too unexpected and made Ji Feng suspicious.

Was Kawaki Yanzi really just here to communicate?

“Ji Feng, that punch you used just now to send Kawaki Yanzi flying,..... Was it true qi?!” Shen Jingyi asked carefully.

.....

PS: To tell you brothers, I received a notice from the editor that some words in this book are not quite harmonious, so I have to modify them. For example: island country, modified into a boundary tent country, and some other words, some will be replaced with letters, some will be a fictitious word, we should all understand what it means, and will not be explained later. The previous chapters also need to be revised, harmony ah .....

Chapter 792

“True qi?!”

Ji Feng’s heart twitched, but his mouth was smiling as he asked, “What true qi? Are you talking to me about martial arts novels?”

“No, the last punch you punched Chuanmu Yanzi with was just too powerful, it wasn’t a force that could be emitted by a mere body!” Shen Jingyi whispered, “Other than True Qi, I don’t know of any other power that can be that powerful!”

Ji Feng suddenly looked at Shen Jingyi with a stunned expression and asked strangely, “You don’t think I have internal power, do you?”

“Don’t you?” Looking at Ji Feng’s puzzled and dismayed expression, Shen Jingyi suddenly doubted her own guess, could it be that she had guessed wrong?

Ji Feng was dumbfounded as he shook his head and laughed, “I say, Shen, your imagination is really too rich, I have to say, you and Zhang Lei are really a natural pair, both of you are so good at association .....

川木颜子That woman thinks she knows some three-legged kung fu and dares to go on stage, that’s because she’s got water in her head. Think about it, with that little body of hers, it would be a shame for me to hit her with my strength and not send her flying! Inner strength, who wouldn’t want that stuff?”

“What are you talking nonsense about!” Shen Jingyi was a little embarrassed by Ji Feng’s comment, “I’m just friends with Zhang Lei, which is nothing .....

Ji Feng laughed: “Whether it is a natural pair or not, it is not up to you to say, it is up to us outsiders to judge .....

By the way, you just asked me about internal energy, could it be that .....

you know internal energy?”

He slapped his forehead and suddenly realized, “Yes, you are just a girl with a thin body, yet you have such a fast speed and such an athletic body, no wonder, so you know internal energy!”

Shen Jingyi waved her hand repeatedly and said in a low voice, "Keep your voice down! I'm not really an internal martial artist, I'm just practicing some exhalation techniques, well ..... Technically speaking, it should be considered qigong, but there's no achievement, it's just that my body is a bit more athletic!"

"So amazing?"

Ji Feng's eyes widened at once, "In that case, you wouldn't be some kind of warrior's heir, right?"

Shen Jingyi shook her head slightly and said, "How is that possible, nowadays there is no such thing as a great warrior or not, it's just that there was a martial arts master in my ancestors and kung fu has been passed down from generation to generation, it's actually not as mysterious as you think."

"Oh, so that's how it is!" Ji Feng nodded with a dawning understanding, but in his heart, he couldn't help but be moved, it seemed that there was too much in this Chinese land that he didn't understand.

"I say, what are you two talking about!" Zhang Lei, who was walking ahead, turned back and said loudly, "Crazy, you kid can't pry me out of my corner, or I'll definitely beat you up worse than that Sasaki!"

"..... You're ruthless!" Ji Feng laughed.

Shen Jingyi, however, her pretty face turned red with a swish and gave Zhang Lei a fierce white glance, this guy, his mouth was too bad, often making people cry and laugh.

"Crazy, I've decided, I want to practice martial arts too!" Zhang Lei suddenly said.

Ji Feng was stunned, "Why?"

"This time if you hadn't appeared in time, the boundary tent people would have simply overturned the United University!" Zhang Lei gritted his teeth and said, "I want to go on the field, but I definitely can't beat them, this feeling of only being able to stare but not being able to do anything is just too fucked up!"

Ji Feng immediately laughed, "No problem, let's get good at bodybuilding first!"

"That thing can be practiced to your level too?" Zhang Lei was a bit skeptical, he had also practiced aerobics for a while, except for his body and hands were a bit more flexible, but there was no magical effect either.

Ji Feng laughed: "Gymnastics is the foundation, if the foundation is not firmly laid, everything is for nothing."

"Really?!" Zhang Lei looked at Ji Feng with some doubt.

"Of course it's true!" Ji Feng nodded his head.

Zhang Lei gritted his teeth and ruthlessly said, "Then so be it, from today onwards, insist on practicing aerobics for two hours every day, damn it, if I don't become a master, I won't graduate!"

Ji Feng touched him and whispered, "I say, when you're done with your aerobics practice, you can ask your girlfriend for advice on fighting skills, she should give you good advice!"

Zhang Lei nodded thoughtfully and then added, "Right now she's not my girlfriend, we're still at the level of spiritual love! So what ..... Platonic romance!"

Ji Feng: "....."

.....

"A fist to fix the situation!"

Only a few hours had passed since the martial arts exchange between United University and Boundary Tent Kyoto University, and such a post had appeared on United University's forum.

In the post, besides describing in detail the before and after of the martial arts exchange, there was also a video attached, which was the entire process of Ji Feng's solo fight against Sasaki and Kawaki Yanzi at that time, especially that final punch that blew away Kawaki Yanzi, which was filmed extremely clearly.

As soon as this post came out, within just one hour, the number of messages and replies had reached thousands, quickly becoming the most popular post on the forum.

Whether it was students who had been there to see it, or those who hadn't gone to the karate hall to watch it for various reasons, they all left comments, praising Ji Feng's actions and his great strength.

These students were at the age of hot-blooded impulsiveness, and they were all both excited and impressed by Ji Feng's hot-blooded behaviour, and the forum was filled with shouts of approval.

The fact that one person fought against two masters of the world tent and defeated them completely was like giving chicken blood to the students of the United University, making them excitedly praise and discuss on the forum.

Some students had even started discussing what school of kung fu the two contestants from the Canopy practiced, and whether it was representative of the Canopy's martial arts level. If that was the case, then what Ji Feng had defeated with this punch would not just be the two Boundary Tent competitors, but the entire Boundary Tent martial arts community!

Some students also turned up a previous post about Ji Feng after seeing this video, which was a few pictures of Ji Feng slapping Yun Bing.

At this time, it dawned on the crowd that it was this fierce man!

No wonder he dared to slap the rich girl Yun Bing away in the first place, it turned out that he had such a formidable body, so naturally he was not afraid of anyone!

If Ji Feng slapped Yun Bing, that was just a reflection of his personal force and character, then, his complete defeat of the boundary tent player could be called a hero of the United University!

For a while, the forums of the United University were buzzing with excitement, and the name Ji Feng, too, became the hottest topic of the moment, overshadowing everyone.

"Giggle ....."

Looking at the posts on the computer, Xiao Yuxuan couldn't help but say with a delicate smile, "Ji Feng, see, you've become the hero of United University now, everyone is talking about you!"

Tong Lei also pursed her lips and smiled lightly next to her, "Yeah, look at the comments at the bottom, there seems to be a few girls who want Ji Feng's contact information!"

"Well, being young and golden, and having such great hands, and the young guy isn't bad looking either, but any condition that attracts girls' eyes, Ji Feng has it all, Lei Lei, it looks like we might have quite a few more competitors!" Xiao Yuxuan teased with a delicate smile.

After having a few more drinks with Zhang Lei and the others at noon, a slightly tipsy Ji Feng looked at the smiling Xiao Yuxuan and Tong Lei and couldn't help but shake his head with a smile and said, "Alright, don't read these posts, they'll soon forget."

Right now, the winter holidays will soon be over, and I believe that after a month of holidays, these students will definitely gradually forget about these things, and at most, when they occasionally remember, they can only use it as a talking point after tea, and their enthusiasm will definitely not last too long.

It is always the habit of the nation to remember the villains and forget the heroes.

What's more, Ji Feng had never considered himself a hero of any kind, and he disliked being noticed all the time even more.

"Turn off the computer, I have something to tell you guys." Ji Feng rubbed his temples, leaned back in his chair and said, "I'm going to make a trip to Jiangjiang and Hangzhou recently, so I need to get you guys settled before I go."

"I'll just go straight home, so you don't have to worry about me!" Xiao Yuxuan said, she knew that Ji Feng was uneasy about her and Lei Lei.

"No, your vigilance must be heightened when I'm not around for you guys or something." Ji Feng shook his head and said, "How about this, Yuxuan, let Xiaoying accompany you. As for Lei Lei, you and Lei Zi will directly take a flight back to Yanjing, I'll arrange for someone to pick you up at Yanjing airport and take you all the way home!"

"I'll be fine." Tong Lei said softly.

Ji Feng smiled, "Safety first, it's a bit unsafe lately."

"Then ..... Alright then!" Tong Lei nodded slightly and agreed, "Ji Feng, you're alone, so be careful too."

Ji Feng laughed, "You guys don't have to worry about me, can't you see, I'm a hero of the United University, to be a hero, how can you be a bit of a hero!"

"Stinky!" Tong Lei couldn't help but laugh lightly.

Xiao Yuxuan also laughed delicately, "Okay, okay, don't show off here, look at you all drunk, hurry up and go take a shower and change your clothes!"

"Do you want to wash together?" Ji Feng looked at Xiao Yuxuan and Tong Lei with a bad smile, "It's been a long time since we've taken a bath together, do you want to experience it again?"

"Yuck!"

Xiao Yuxuan's pretty face was slightly red, as soon as Ji Feng said this, she knew what this kid wanted to do, "Who cares about accompanying you, hurry up and go!"

But Ji Feng didn't care so much, he laughed heatedly and jerked forward, picking up both Xiao Yuxuan and Tong Lei with one hand, "Dare not to agree? Then I'll have to dominate the king, haha ....."

In the pouting voice of the two girls, Ji Feng directly carried them into the bathroom on the first floor.

Soon, there was a faint moan's from the closed bathroom door, the sound seemed like pleasure and pain, better like a tremor from the heart .....

.....

At the same time, in the infirmary of the United University, Sasaki's neck was in a brace and he was watching the television with a grimace.

The picture on the TV was actually the scene of him and Kawaki Yanzi fighting with Ji Feng.

Hoo!

With a flick of Sasaki's wrist, the remote control in his hand suddenly flew out and smashed hard on the TV at once.

"Umm..." Sasaki glared in both pain and fury, his whole body almost exploding with anger!

Chapter 793

"True qi?!"

Ji Feng's heart twitched, but his mouth was smiling as he asked, "What true qi? Are you talking to me about martial arts novels?"

"No, the last punch you punched Chuanmu Yanzi with was just too powerful, it wasn't a force that could be emitted by a mere body!" Shen Jingyi whispered, "Other than True Qi, I don't know of any other power that can be that powerful!"

Ji Feng suddenly looked at Shen Jingyi with a stunned expression and asked strangely, "You don't think I have internal power, do you?"

"Don't you?" Looking at Ji Feng's puzzled and dismayed expression, Shen Jingyi suddenly doubted her own guess, could it be that she had guessed wrong?

Ji Feng was dumbfounded as he shook his head and laughed, "I say, Shen, your imagination is really too rich, I have to say, you and Zhang Lei are really a natural pair, both of you are so good at association ....."

川木颜子That woman thinks she knows some three-legged kung fu and dares to go on stage, that's because she's got water in her head. Hoo!

With a flick of Sasaki's wrist, the remote control in his hand suddenly flew out and smashed hard on the TV at once.

"Umm..." Sasaki glared in both pain and fury, his whole body almost exploding with anger!

Chapter 794

"True qi?!"

Ji Feng's heart twitched, but his mouth was smiling as he asked, "What true qi? Are you talking to me about martial arts novels?"

"No, the last punch you punched Chuanmu Yanzi with was just too powerful, it wasn't a force that could be emitted by a mere body!" Shen Jingyi whispered, "Other than True Qi, I don't know of any other power that can be that powerful!"

Ji Feng suddenly looked at Shen Jingyi with a stunned expression and asked strangely, "You don't think I have internal power, do you?"

"Don't you?" Looking at Ji Feng's puzzled and dismayed expression, Shen Jingyi suddenly doubted her own guess, could it be that she had guessed wrong?

Ji Feng was dumbfounded as he shook his head and laughed, "I say, Shen, your imagination is really too rich, I have to say, you and Zhang Lei are really a natural pair, both of you are so good at association ....."

川木颜子 That woman thinks she knows some three-legged kung fu and dares to go on stage, that's because she's got water in her head. Think about it, with that little body of hers, it would be a shame for me to hit her with my strength and not send her flying! Inner strength, who wouldn't want that stuff?"

"What are you talking nonsense about!" Shen Jingyi was a little embarrassed by Ji Feng's comment, "I'm just friends with Zhang Lei, which is nothing ....."

Ji Feng laughed: "Whether it is a natural pair or not, it is not up to you to say, it is up to us outsiders to judge ....." By the way, you just asked me about internal energy, could it be that ....." you know internal energy?"

He slapped his forehead and suddenly realized, "Yes, you are just a girl with a thin body, yet you have such a fast speed and such an athletic body, no wonder, so you know internal energy!"

Shen Jingyi waved her hand repeatedly and said in a low voice, "Keep your voice down! I'm not really an internal martial artist, I'm just practicing some exhalation techniques, well ....." Technically speaking, it should be considered qigong, but there's no achievement, it's just that my body is a bit more athletic!"

"So amazing?"

Ji Feng's eyes widened at once, "In that case, you wouldn't be some kind of warrior's heir, right?"

Shen Jingyi shook her head slightly and said, "How is that possible, nowadays there is no such thing as a great warrior or not, it's just that there was a martial arts master in my ancestors and kung fu has been passed down from generation to generation, it's actually not as mysterious as you think."

"Oh, so that's how it is!" Ji Feng nodded with a dawning understanding, but in his heart, he couldn't help but be moved, it seemed that there was too much in this Chinese land that he didn't understand.

"I say, what are you two talking about!" Zhang Lei, who was walking ahead, turned back and said loudly, "Crazy, you kid can't pry me out of my corner, or I'll definitely beat you up worse than that Sasaki!"

"..... You're ruthless!" Ji Feng laughed.

Shen Jingyi, however, her pretty face turned red with a swish and gave Zhang Lei a fierce white glance, this guy, his mouth was too bad, often making people cry and laugh.

"Crazy, I've decided, I want to practice martial arts too!" Zhang Lei suddenly said.

Ji Feng was stunned, "Why?"

"This time if you hadn't appeared in time, the boundary tent people would have simply overturned the United University!" Zhang Lei gritted his teeth and said, "I want to go on the field, but I definitely can't beat them, this feeling of only being able to stare but not being able to do anything is just too fucked up!"

Ji Feng immediately laughed, "No problem, let's get good at bodybuilding first!"

"That thing can be practiced to your level too?" Zhang Lei was a bit skeptical, he had also practiced aerobics for a while, except for his body and hands were a bit more flexible, but there was no magical effect either.

Ji Feng laughed: "Gymnastics is the foundation, if the foundation is not firmly laid, everything is for nothing."

"Really?!" Zhang Lei looked at Ji Feng with some doubt.

"Of course it's true!" Ji Feng nodded his head.

Zhang Lei gritted his teeth and ruthlessly said, "Then so be it, from today onwards, insist on practicing aerobics for two hours every day, damn it, if I don't become a master, I won't graduate!"

Ji Feng touched him and whispered, "I say, when you're done with your aerobics practice, you can ask your girlfriend for advice on fighting skills, she should give you good advice!"

Zhang Lei nodded thoughtfully and then added, "Right now she's not my girlfriend, we're still at the level of spiritual love! So what ..... Platonic romance!"

Ji Feng: "....."

.....

"A fist to fix the situation!"

Only a few hours had passed since the martial arts exchange between United University and Boundary Tent Kyoto University, and such a post had appeared on United University's forum.

In the post, besides describing in detail the before and after of the martial arts exchange, there was also a video attached, which was the entire process of Ji Feng's solo fight against Sasaki and Kawaki Yanzi at that time, especially that final punch that blew away Kawaki Yanzi, which was filmed extremely clearly.

As soon as this post came out, within just one hour, the number of messages and replies had reached thousands, quickly becoming the most popular post on the forum.

Whether it was students who had been there to see it, or those who hadn't gone to the karate hall to watch it for various reasons, they all left comments, praising Ji Feng's actions and his great strength.

These students were at the age of hot-blooded impulsiveness, and they were all both excited and impressed by Ji Feng's hot-blooded behaviour, and the forum was filled with shouts of approval.

The fact that one person fought against two masters of the world tent and defeated them completely was like giving chicken blood to the students of the United University, making them excitedly praise and discuss on the forum.

Some students had even started discussing what school of kung fu the two contestants from the Canopy practiced, and whether it was representative of the Canopy's martial arts level. If that was the case, then what Ji Feng had defeated with this punch would not just be the two Boundary Tent competitors, but the entire Boundary Tent martial arts community!

Some students also turned up a previous post about Ji Feng after seeing this video, which was a few pictures of Ji Feng slapping Yun Bing.

At this time, it dawned on the crowd that it was this fierce man!

No wonder he dared to slap the rich girl Yun Bing away in the first place, it turned out that he had such a formidable body, so naturally he was not afraid of anyone!

If Ji Feng slapped Yun Bing, that was just a reflection of his personal force and character, then, his complete defeat of the boundary tent player could be called a hero of the United University!

For a while, the forums of the United University were buzzing with excitement, and the name Ji Feng, too, became the hottest topic of the moment, overshadowing everyone.

“Giggle .....

Looking at the posts on the computer, Xiao Yuxuan couldn't help but say with a delicate smile, “Ji Feng, see, you've become the hero of United University now, everyone is talking about you!”

Tong Lei also pursed her lips and smiled lightly next to her, “Yeah, look at the comments at the bottom, there seems to be a few girls who want Ji Feng's contact information!”

“Well, being young and golden, and having such great hands, and the young guy isn't bad looking either, but any condition that attracts girls' eyes, Ji Feng has it all, Lei Lei, it looks like we might have quite a few more competitors!” Xiao Yuxuan teased with a delicate smile.

After having a few more drinks with Zhang Lei and the others at noon, a slightly tipsy Ji Feng looked at the smiling Xiao Yuxuan and Tong Lei and couldn't help but shake his head with a smile and said, “Alright, don't read these posts, they'll soon forget.”

Right now, the winter holidays will soon be over, and I believe that after a month of holidays, these students will definitely gradually forget about these things, and at most, when they occasionally remember, they can only use it as a talking point after tea, and their enthusiasm will definitely not last too long.

It is always the habit of the nation to remember the villains and forget the heroes.

What's more, Ji Feng had never considered himself a hero of any kind, and he disliked being noticed all the time even more.

“Turn off the computer, I have something to tell you guys.” Ji Feng rubbed his temples, leaned back in his chair and said, “I'm going to make a trip to Jiangjiang and Hangzhou recently, so I need to get you guys settled before I go.”

“I'll just go straight home, so you don't have to worry about me!” Xiao Yuxuan said, she knew that Ji Feng was uneasy about her and Lei Lei.

“No, your vigilance must be heightened when I'm not around for you guys or something.” Ji Feng shook his head and said, “How about this, Yuxuan, let Xiaoying accompany you. As for Lei Lei, you and Lei Zi will directly take a flight back to Yanjing, I'll arrange for someone to pick you up at Yanjing airport and take you all the way home!”

“I'll be fine.” Tong Lei said softly.

Ji Feng smiled, “Safety first, it's a bit unsafe lately.”

“Then ..... Alright then!” Tong Lei nodded slightly and agreed, “Ji Feng, you’re alone, so be careful too.”

Ji Feng laughed, “You guys don’t have to worry about me, can’t you see, I’m a hero of the United University, to be a hero, how can you be a bit of a hero!”

“Stinky!” Tong Lei couldn’t help but laugh lightly.

Xiao Yuxuan also laughed delicately, “Okay, okay, don’t show off here, look at you all drunk, hurry up and go take a shower and change your clothes!”

“Do you want to wash together?” Ji Feng looked at Xiao Yuxuan and Tong Lei with a bad smile, “It’s been a long time since we’ve taken a bath together, do you want to experience it again?”

“Yuck!”

Xiao Yuxuan’s pretty face was slightly red, as soon as Ji Feng said this, she knew what this kid wanted to do, “Who cares about accompanying you, hurry up and go!”

But Ji Feng didn’t care so much, he laughed heatedly and jerked forward, picking up both Xiao Yuxuan and Tong Lei with one hand, “Dare not to agree? Then I’ll have to dominate the king, haha .....

In the pouting voice of the two girls, Ji Feng directly carried them into the bathroom on the first floor.

Soon, there was a faint moan`s from the closed bathroom door, the sound seemed like pleasure and pain, better like a tremor from the heart .....

.....

At the same time, in the infirmary of the United University, Sasaki’s neck was in a brace and he was watching the television with a grimace.

The picture on the TV was actually the scene of him and Kawaki Yanzi fighting with Ji Feng.

Hoo!

With a flick of Sasaki’s wrist, the remote control in his hand suddenly flew out and smashed hard on the TV at once.

“Umm...” Sasaki glared in both pain and fury, his whole body almost exploding with anger!

Chapter 797

“Actually, the scenery is not the most beautiful when you come out to see the West Lake now.”

The lakeside of the West Lake, led by Zhou Fei Fei and others, Ji Feng and others followed behind, while enjoying the beauty of the West Lake, while listening to Zhou Fei Fei’s introduction.

Zhou Fei Fei’s speech is not fast, but her voice is very moon child, although not the kind of crisp voice of Tong Lei, but soft, there is a wonderful feeling that makes people feel relaxed and happy.

The first thing you can’t do is to think that if Zhou Fei Fei really goes to be a tour guide, I believe the tour group she takes must be full of wolves and full of business! The first time he thought of this, he couldn’t

help but shake his head and secretly laugh, the golden girl of the Shengshi Group to become a tour guide, unless it is those who really have nothing better to do, otherwise, this can only be a joke.

The hardship of a tour guide is not something that outsiders can understand.

“The most beautiful time of the West Lake is going to be in the spring after the New Year, at that time, but the West Lake is really beautiful, the music square, the fountain, and other natural beauty, all can make people get into it at once and completely relax.” Fei Fei Zhou said in a modest manner, pointing to a row of neon lights by the West Lake, “It’s beautiful to look at this place from the other side, with the sparkling waves.”

“Actually, I think it’s pretty good now too.” Xu Yuan said with a smile, “It would be even more fun if the weather was colder and the lake froze over!”

“Unfortunately, the temperature in Hangzhou is relatively warm in the country in comparison, it’s hard for ice to form on West Lake, and when it does occasionally, it’s very thin and doesn’t look as pretty as it is now!” Zhou Fei Fei said with a smile.

“A few years ago when the weather was cold in Hangzhou, the lake had ice on it once, it was quite thick and looked beautiful!” Xu Yuan said with a smile.

The mighty wind blew and Xu Yuan’s long hair gently fluttered, giving her a different kind of beauty.

Ji Feng, however, gave her an unexpected look, and he saw a touch of sadness in Xu Yuan’s eyes, and at the same time, there was some hatred.

“Xu Yuan must have come here!” Ji Feng secretly said, he could be sure that Xu Yuan had not only been here, but also had some love-hate relationship here that she could not forget, perhaps, it was a boyfriend who hurt her very much or maybe.

But whichever was possible, Xu Yuan had left her presence here!

A few people were walking around the square, and apart from Xu Yuan, Zhou Fei Fei and Ji Yu Ying, there was only one man, Ji Feng. Liu Zejun and the few other bodyguards of Ji Yuhui and the others scattered far and wide and did not follow too closely. This was a tourist area, so if they followed so many people at once, it would be too conspicuous. In that case, it would be better to say that they were here to show off and make a big show.

However, even now, those tourists around are frequently turning back, after all, Zhou Fei Fei three women are really too beautiful, moreover, the kind of noble and unique aura on them, also makes them more beautiful than they look.

Although it is said that Hangzhou produces beautiful women, and one can see many beautiful women on the street, it is still rare to see such a level of beauty as Xu Yuan’s three women.

The three women were accompanied by Ji Feng, who was automatically ignored.

The journey was very relaxing, but the walk took a little longer, and the hotel had not prepared special equipment for the tour, so after walking for a while, when they arrived at the square, they found a bench and sat down.

“There’s a bar just ahead, don’t we go over for a drink?” Zhou Fei Fei suggested with a smile.

Ji Feng frowned slightly and said, “Isn’t it a bit messy to go to a bar now?”

Zhou Fei Fei laughed, “Actually, I haven’t been to any bars over here, after all, there are all kinds of people here, so it’s inevitable that there will be some unnecessary trouble, I usually go to places that are a little quieter, but if you guys are interested, I can accompany you!”

Xu Yuan shook her head and laughed, “That’s better, the bar is pretty much full of people now, so it’s better not to go.”

“You’re right, look, there are a few drunk people over there!” Ji Yuet said with a smile.

Several people followed her gaze and instantly found that in front of a bar on that square commercial street, four or five people were holding each other up and staggering towards this side, these people were even walking a bit unsteadily, they had obviously all had quite a lot to drink.

Ji Feng could not help but frown slightly, there must be many such people in the bar, if a few people went to the bar at this time, they would definitely meet such people coming to talk to them, and then it would definitely be unnecessary trouble again.

However, the more one does not want to cause trouble, the more this trouble comes to one’s door.

Those few people wobbled over to this side and when they saw Xu Yuan’s few people, their eyes instantly widened and they couldn’t walk away.

Ji Feng’s face immediately sank and he beckoned to Liu Zejun who was not far away.

The latter immediately complied, and together with a few of Ji YuYi’s bodyguards, they intentionally walked to the middle of the few drunken men and Ji Feng and the others, blocking their view.

“Fuck! Get lost, you’re blocking Laozi, how else can Laozi look at beautiful women!” A man cursed at once.

Liu Zejun immediately said in a deep voice, “Guys, give a face, our boss is resting here, don’t make a mess.”

“Damn, what kind of bullshit boss, don’t even ask around to find out who our Jun Shao is, how dare you call the boss in front of our Jun Shao, what kind of thing is that!” A drunken man next to him cursed.

“You guys, get lost immediately, or let those beautiful girls come over to play with me!” The first drunk man who spoke, said proudly, “Or else, I’ll get you all killed today!”

This man was a young man of about twenty-four or twenty-five years old, with yellow hair dyed on his head, and he looked like a sleazebag, not a good man at first glance.

It looked like this man was the military young man they were talking about.

Liu Zejun suddenly looked cold and sank his voice: “Get lost!”

A few young men froze, and then they cursed away.

“Fuck! Who are you telling to get lost!”

“Damn it, teach him a lesson, let him know what kind of place this is!”

The army major even waved his hand, “Get rid of them for me!”

With that, he himself even directly slapped towards Liu Zejun’s face, looking at his arrogant look, he actually did not put Liu Zejun in his eyes at all.

Liu Zejun’s expression was cold as he grabbed the military youngster’s hand, and his hand was fiercely forced.

“Ah...” That army major immediately let out a pig-like scream, covering his hand and jumping straight to his feet.

A few other men panicked: “Let go! Do you know who the army major is, damn it, I think you don’t want to live anymore!”

Whew!

Without saying a word, a few of Ji Yu Ying’s bodyguards went straight forward and pinned those few men to the ground.

Several of them were instantly honest as they all felt that a cold chill was on their necks.

“Get lost!”

Liu Zejun bellowed violently.

Several people immediately fled in fear, not even daring to turn their heads back.

Only after running a few steps did the young soldier turn back reluctantly and gritted his teeth, “Wait, you’ll have your fun!”

Liu Zejun ignored them, but subconsciously glanced at Ji YuYing’s bodyguards and frowned slightly.

Although the light here was not too good, only the street lights and the lights from the distant plaza, Ji Feng could see clearly that Ji Yuhui’s bodyguards had just pulled out their guns!

However, their actions were rather stealthy, they only put the guns against the necks of the drunken men and were on the ground, so no one else saw them.

However, this could not be hidden from Ji Feng.

Ji Feng glanced at Ji YuYing, but found that she simply acted as if nothing had happened, the whole person was pleasantly at ease, laughing and talking with Xu Yuan in a low voice, not even glancing at the drunken men.

“Not simple!”

Ji Feng’s heart is even more suspicious of Ji YuYi, this woman, really is not simple, at least, she is definitely used to seeing big scenes, moreover, she also brought those unbelievably tough bodyguards with her ..... How do you look at it, it looks like someone with a great deal of power.

If it were in the mainland, such people would either be the children of high-ranking officials or, alternatively, heavyweights on the road. But in Treasure Island, Ji Feng didn't know much about it, and he didn't know what kind of people in Treasure Island would have such a row, so for a while there was no way to judge Ji YuYing's identity.

Subconsciously, Ji Feng glanced at Zhou Fei Fei, was this woman introducing such clients to Xiao Pharmaceutical Factory to help Xiao Pharmaceutical Factory, or did she have other intentions?

After shooing all those drunks away, a few people skipped around a bit more before getting up and returning.

After all, they had only come here to relax a little and get to know each other a little better, not simply to have a good time.

When it was time to go back, it was still the three of them, Ji Feng, driving his BMW x6, with Zhou Fei Fei leading the way.

Buzz~~~!

From West Lake to downtown Hangzhou, one had to pass through a section of road that wasn't exactly busy, there were hardly any buildings around here except for the two rows of street lights on either side, only those tall buildings could be seen from afar, but they were obviously still a distance away.

Just as Ji Feng and the others were passing this section of the road, a loud engine roar suddenly sounded from the front and back.

Immediately afterwards, seven or eight cars in front and behind each other drove over quickly.

Squeak~!

The three drivers, including Ji Feng, all braked sharply. The cars behind them were still some distance away, but the cars in front of them were coming fast on the opposite side of the road.

In the middle was a row of stone piers, trying to turn around or turn around had become impossible, and for a moment, everyone realised that they had encountered an emergency.

"Boss, it might be those drunken men we met in the square who are looking for someone!" Liu Zejun said in a low voice, "That one called Jun Shao seems to have some connections, and he also put down harsh words when he left."

"Unlike that, the other party seems to have been waiting for us here, they are very calculated, they are probably people who have prepared for this!"

Ji Feng reached out his hand and fished out a pistol under the seat and handed it to Liu Zejun, "This is for you, if necessary, don't be soft!"

"Boss, don't worry, I know what to do!" Liu Zejun immediately said with a gloomy face.

Ji Feng laughed again, "Xu Yuan, don't be afraid, it will be fine!"

"Boss, you don't have to worry about me." Xu Yuan said with a strong sense of composure.

“Good then, all sit tight, we’ll have a flying car fight today!” Ji Feng nodded slightly and laughed harshly, “Immediately dial Zhou Fei Fei’s number and tell them all to follow our car as we rush over!”

“Yes! Boss!” Xu Yuan immediately responded.

Buzz~~~!

The car in front of us was already fast approaching, Ji Feng slammed on the accelerator, turned the steering wheel with both hands quickly and sped up!

Chapter 798

Buzz~~!

The roar of the engine was particularly piercing in the silent darkness of the night as Ji Feng drove the BMW x6 and began to accelerate. About a kilometre or two ahead, the lights were divided into two rows, front and back, side by side.

Ji Feng’s brow furrowed tightly and his heart flinched.

Perhaps others could not see clearly, but he could see at a glance, this front is almost six bright lights shining over, and this highway, but two-way six lanes, that is to say, the other party is divided into two rows, a row of three cars, there are cars crossing behind, this is enough to completely block this road.

Ji Feng looked at the rear view mirror again and found that the vehicles coming after him were indeed arranged in this order.

Obviously, the other party really wanted to block the road in front and behind, to block themselves and others in the middle of the road, forward, there is no way in, backward, also not the slightest possibility, because the other party’s vehicle glare, so Ji Feng can not see clearly what kind of car the other party is driving, so want to ram through, also have to take a great risk.

However, this was the only way to go now.

If he got out of the car right now and scattered to the two sides, Ji Feng could not guarantee that the other party would not ambush people on the two sides, and in the car, there was still a possibility to concentrate together, but if he got out of the car and scattered, he would only be able to protect Xu Yuan alone at most, and would not have the energy to protect others.

The first thing you need to do is to get out of the car and get into the car.

As his thoughts raced, Ji Feng had already driven to the front. At this time, Zhou Fei Fei and the others had all borrowed Xu Yuan’s phone and began to instruct the driver to follow behind Ji Feng’s car.

Buzz ~~~~!

Ji Feng’s expression was solemn, his eyes slightly narrowed, in the strong light shining from the other side, trying hard to distinguish the gaps between the other side’s cars, and this, too, was now the only chance.

In fact, just by listening to the roar of the engine, it was perfectly possible to judge the speed of the opponent’s car, and that skill of listening to the sound to distinguish the model of the car, Ji Feng had

not yet achieved, after all, the vehicles in reality were very different from the simulated vehicles in the training space, so these skills could not be used now.

Therefore, Ji Feng could only rely on his eyes to judge.

The other party's car was fast, so it was inevitable that at such a high speed, their vehicles could not really be too close to each other, and the two rows, front and back, would not be too close either.

With this judgement in his mind, Ji Feng then decisively accelerated and said in a deep voice, "All sit tight!"

The BMW X6 was like an arrow that left the string and sped away instantly.

Zhou Fei Fei and Ji YuYing at the back of the car had no time to think about it, because the speed of the car coming from the front was too fast, they had little time to react and could only subconsciously follow Ji Feng's car.

All three cars accelerated and formed a straight line towards the oncoming two rows of cars!

The corner of Ji Feng's mouth was tinged with a cold smile, and his eyes were awe-inspiring with murderous intent.

He already had a guess in his mind that the people who were ambushed here this time had obviously prepared for it, so he could be sure that it definitely couldn't be the ones sent by the punks he had met at the West Lake earlier.

There were cars following behind them, and they should have been following them from the West Lake, only that they were too far away and not following closely, so everyone, including Ji Feng, didn't pay attention at that time.

Obviously, when Ji Feng and the others came to this section of unpopulated highway, they both started practicing and launched an attack.

Then, the people who were able to ambush here must have prepared for it, and such people could not think of anyone other than those bastards who had evil intentions towards themselves, Ji Feng could not think of anyone else.

From last night when his house was being watched, until this morning when someone tried to enter his house through illegal means, and then now, this was almost a series of actions, one didn't even need to think about it to know that these people must have come for him.

Ji Feng sneered in his heart, he wasn't afraid that these bastards wouldn't come, what he was afraid of was that they kept hiding in the shadows and didn't come out!

Now that they are here, everything is fine!

The two sides were driving extremely fast, and in just the blink of an eye, the cars on both sides were already less than two hundred meters apart.

At this time, Ji Feng also saw clearly the position and formation of the other side, there were seven cars in front, three Toyota Land Cruisers in front, followed by three sedans filling the gap between the three cars in front.

And at the very back, there was also a sedan, the colour of which could not be seen clearly in the darkness, nor was it known what the license plate was ..... All this obviously doesn't matter now.

Ji Feng shouted, "Sit tight!"

Immediately, he flicked the steering wheel, and the BMW X6 instantly turned sharply in the direction, directly ramming head-on towards the middlemost off-road vehicle of the other side.

"Squeak..."

The other side obviously did not expect the target vehicle to be so crazy, a short distance of 100 metres was instantly reached, and the target vehicle suddenly rammed straight over like crazy!

The moment the car in the middle braked sharply, Ji Feng couldn't help but laugh, the other party was timid and didn't dare to fight with himself!

This was the effect he wanted!

"Bang!" A loud bang suddenly rang out in front of him.

The next moment, a sedan in the second row, instantly crashed into the big Toyota Land Cruiser that had braked sharply, and at once hit the car with a huge shock, immediately the rear of the car swung and ran to the other lane.

"Beautiful!"

Ji Feng secretly shouted, just as the sound of the emergency brakes sounded, Ji Feng at the same time once again pivoted the steering wheel and shook violently.

Squeak...

The BMW x6 actually appeared to drift briefly under Ji Feng's sharp maneuvering, and then, the slightly bulky-looking x6 panned straight to the right by a distance of two to three metres.

"Whoosh...!"

Two cars crossed, Ji Feng drove the BMW x6, and the middle of the two sharply braked Toyota, can barely brush the shoulder, if there is a slow-motion camera, will see clearly, the BMW x6's left rear-view mirror, and the other middle of the Toyota big off-road's rear-view mirror, the middle of only a few centimeters of distance, I'm afraid.

Swish!

Ji Feng drove the BMW x6 and easily passed straight through the two lines of defence in front of him, before crossing paths with the one in the third row of the other party's sedan.

At that moment, Ji Feng's gaze was stern and incomparable as he looked inside that sedan.

He found that in the back row of that sedan, sat a stout man, and this man's fierce eyes instantly traveled towards Ji Feng the moment he crossed paths, and then, in his hand, he was holding a micro-charge with a samurai sword next to it!

"Bastard!"

Ji Feng's eyes instantly flinched and he cursed angrily, a katana, another katana!

In this instant, Ji Feng's mind immediately thought of that surveillance screen he had seen earlier, the person who was spying on him at that time during the night seemed to be carrying a samurai sword on his body.

The other party was a boundary tent man!

With a secret cold hum, Ji Feng's foot suddenly stepped on the accelerator with force, and the car suddenly accelerated violently, and the two sides instantly crossed paths and pulled apart.

From the time Ji Feng started to force the other side's middle Toyota Land Cruiser to brake sharply, to the time he completely broke out of the other side's blockade line, this whole process, although complicated to say, was actually only a matter of a few seconds, because the speed of the two sides was too high, in just the blink of an eye, the two sides had already crossed paths.

The two cars of Zhou Fei Fei and Ji Yu Ying, who were following behind, although the drivers' driving skills were not as strong as Ji Feng's, they passed smoothly with Ji Feng driving a good path in front of them.

Squeak—!

The other seven cars, except for the one that was knocked over and the one that stopped, all the other five cars braked sharply. And at this time, Ji Feng had already pulled away from them by a distance of several hundred metres.

Then, Ji Feng continued to accelerate, and by the time the other side turned around, Ji Feng was driving, already a few kilometres away.

Squeak—!

Ji Feng braked the car, while lighting up his brake lights, "Xu Yuan, go and sit in Fei Fei Zhou's car immediately, you guys leave first!"

"Boss!" Xu Yuan exclaimed, "Are you staying? Let's call the police first!"

"Hurry up!" Ji Feng shouted lowly, "Don't delay!"

"Oh!" Xu Yuan also knew that the situation was urgent and that the other party might catch up in just a few moments, so she didn't insist on persuading Ji Feng, instead she just opened the door and got out of the car.

At this time, Zhou Fei Fei and the others' car had also stopped, so Xu Yuan hurriedly walked over.

"Young Ji, why aren't you leaving?" Zhou Fei Fei opened the car door and asked loudly.

Ji Feng waved his hand, "You guys go first, I'll stay and take a look."

Take a look?

What to see?

Zhou Fei Fei and Ji YuYi were stunned at the same time.

Zhou Fei Fei even said, "Young Ji, don't take any chances, I've already called home, our people will arrive soon, they will be responsible for meeting us then, the police should also arrive afterwards, it's safer to leave first!"

Ji Feng closed the car door and laughed, "If we keep chatting, don't wait for the ones to meet us to come over, those bastards are going to come after us."

Zhou Fei Fei still wanted to say something, but Ji Feng waved his hand and said loudly, "Hurry up and leave!"

Ji Yuhui also gave Ji Feng a deep look and couldn't help but say, "Mr. Ji, you're very admirable!"

Ji Feng laughed, "I'm flattered."

"Mr. Ji, I mean it, why don't you let my bodyguards stay and help you, they are not bad, they should be able to help you!" Ji YuYi said seriously, Ji Feng's dazzling series of moves just now might have seemed just a little stunning at first, but when one thought about it more and more, it was a source of growing admiration.

Ji Feng's grasp of the human heart had simply reached an unimaginable level!

He just could calculate that the other party would definitely brake sharply and not dare to crash over easily, which requires not only great guts, but also a deep understanding of human nature.

Ji Feng smiled and said, "No need, there are too many people instead, it's a bit difficult to spread out, my friend and I can just stay."

Ji YuYi also stopped insisting and just said, "Then, I will leave my bodyguards in front so that they can meet you in time."

Ji Feng nodded and smiled, "In that case, then thanks a lot."

"Young Ji must be careful!" Zhou Fei Fei also couldn't help but admonish, then she and Ji YuYi both left quickly, this was obviously not the place to stay much longer.

Gripping the steering wheel and looking at the lights that were getting closer and closer ahead, Ji Feng's expression went cold: "Boundary tents, again! I'd like to see if you boundary tent warriors, who claim to have the spirit of dying as they do, are afraid of death or not!"

Chapter 799

"Zezun, if you see a bad opportunity later, jump out of the car and flee back immediately, Ji YuYing and Zhou FeiFei's men should be right in front to meet them, when the time comes, you just need to run

within range of them, at least you can delay until the police come.” With both hands on the steering wheel, Ji Feng gave a faint explanation.

Liu Zejun immediately said, “Boss, don’t worry, I know what to do.”

Ji Feng then smiled appreciatively, Liu Zejun, who had been in the battlefield, was completely different from those who had not. If it was those usual friends, they would have said righteously, “Brother, we have to advance and retreat together, how could I leave you behind?”

But Liu Zejun, who had experienced life and death on the battlefield, knew that it was not difficult to live and die together, what was difficult was to be able to make the right choice at the critical moment. Sometimes it was not so humiliating to abandon one’s companions to escape alone, but it depended on the motivation for making that choice.

Obviously, Liu Zejun neither agreed nor shook his head, he would make the most out of the most appropriate choice at the most appropriate time.

“Boss, I do think that these boundary tent people, may not have the ability to force us to that point.” Liu Zejun’s gloomy face revealed a rare smile.

Ji Feng instantly laughed, “Good then, let’s join forces this time and let those Boundary Tent bastards know that we, in China, are not that casually allowed to be bullied!”

“That’s right, if they bully us, then they will pay with their lives!” Liu Zejun immediately laughed loudly.

As the two of them were talking, the cars in front of them were not speeding along like they had just done, but were slowly approaching, not very fast.

“They’re waiting for the car behind them to catch up!” Ji Feng said indifferently, “Since they don’t dare to come alone anymore, then we’ll take the initiative to go over and meet them!”

Liu Zejun gripped the pistol in his hand, his eyes glowing coldly.

Ji Feng shouted lowly, “Sit tight and be ready to shoot at any time!”

“Yes!” Liu Zejun replied in a low voice.

Buzz~~!

Ji Feng gradually increased the throttle and the car’s speed soon picked up, then, with both hands on the steering wheel, Ji Feng headed straight for the opposite side at an extremely fast speed.

The two sides are already close to each other, and Ji Feng’s eyes are tightly narrowed, carefully staring at the movement of the other car.

.....

“Another set of this?!”

Opposite, inside a black car, a stout young man’s face was incomparably gloomy, his eyes coldly staring at the BMW x6 in front of him, and he laughed sarcastically, “Do you really think that all of us Boundary Tent people are afraid of death?”

He casually picked up the intercom inside the car and said in a low voice, "All of you accelerate, towards the vehicle in front of you ..... ram them over!"

"Ha Yi!"

A neat response came from inside the intercom, and immediately, all the cars suddenly picked up speed and rushed straight towards the BMW x6 in front of them, looking at that speed and direction, there was no intention to evade it at all, obviously they were going to really ram into the BMW!

At the same time, this stout young man spoke into the intercom again, "Prepare the katana!"

"Haji!"

.....

"Yoo-hoo! Rushing over?" Ji Feng smiled faintly as he stared straight ahead and asked with a smile, "Zejun, how's your marksmanship? Can you hit the other side?"

Liu Zejun immediately shook his head, "I'm not sure, if Yao Zhijian was there, there would be no problem."

Ji Feng immediately extended his hand, "Zezun, give me the pistol!"

"Yes!"

Liu Zejun immediately handed the pistol over to Ji Feng's hand.

Ji Feng immediately slowed down the car and put his hand on the steering wheel, his eyes narrowed, with a cold smile at the corner of his mouth.

Headlights, up ..... The driver's position .....

Bang!

Ji Feng fiercely pulled the trigger, and the windshield of the BMW was instantly pierced with a small hole.

The next moment, I only saw a car in front of me sway a few times, and then it spun violently and suddenly swerved and crashed into a car next to it.

The caravan in front of him was in chaos, and the two cars instantly overturned, making an ear-splitting crash on the ground, and even sparks splashed everywhere, which looked very tragic.

However, Ji Feng did not stop, he first quickly slowed down the car and reversed it, at the same time, the trigger in his hand was constantly pulled, one bullet after another shot out.

Bang Bang Bang Bang!

When all six rounds had been fired, Ji Feng casually threw the pistol to Liu Zejun, and at this time, the few cars in front of him had completely overturned.

Those cars were extremely fast because of their previous speed, so even after they flipped over, the cars still kept flipping forward, looking like a drunken drunkard who kept planting his head.

“Boss, well done!” Liu Zejun exclaimed in praise, “A few bullets and the other side was all taken care of.”

Ji Feng shook his head and laughed, “Not yet, see, the other side has a car that hasn’t moved, I’m afraid that the one sitting in there is the main one.”

“Boss, should we take the opportunity to rush over?” Liu Zejun asked.

Ji Feng faintly shook his head and said, “The other side has another convoy that will arrive soon. Zejun, you’ll drive later, I’ll go down and meet them!”

“Boss!” Liu Zejun was instantly flabbergasted.

Ji Feng waved his hand and laughed: “No need to say more, at this time, we must catch the other party’s rightful owner, capture the thief first!”

Liu Zejun then stopped talking and just nodded his head forcefully.

Buzz~~!

Ji Feng began to accelerate forward, and within a few breaths, the car had arrived in front of those several tumbling cars.

“Zejun, you drive! There are bullets under the seats!” Ji Feng shouted lowly and immediately opened the door of the car, and plunged down, rolling on the ground a few times before his figure disappeared into the darkness.

Because there were several tumbling cars in between, neither side could see the other clearly, so Liu Zejun simply turned off the car lights, hiding secretly in the darkness, and slowly moved closer.

As he got closer, screams and groans of pain rang out, and it was clear that there were still people alive inside those cars. As a precaution, Liu Zejun quickly loaded his pistol with bullets and whirled closer.

The company’s main business is to provide a wide range of products and services to the public.

.....

“Baka!”

Seeing the miserable state of those vehicles in front of him, the stout young man inside the sedan couldn’t help but curse angrily and said through gritted teeth, “A bunch of trash!”

With a whirl, he waved his hand and said to the driver in front of him, “Back off immediately and rendezvous with Missy first .....”

“Knock knock knock!”

Suddenly, there was a knock on the glass of the car window.

The stout youth subconsciously turned his head to look, and the next moment, his face changed drastically, only to see an indifferent-looking youth, who didn’t know when he had actually stood outside the car window and was staring coldly at himself.

Obviously, it was he who had just knocked the car window.

Almost subconsciously, the sturdy young man hurriedly raised the micro-charge beside him and was about to pull the trigger.

Clap!

With a furious punch, Ji Feng instantly shattered the car window, then his hand reached out and grabbed the sturdy youth's shoulder with a violent flick of his wrist.

Bang!

The stout youth was actually pulled out of the car window by him alive.

"Bang!"

Ji Feng stomped on the stout youth's face and rubbed it ferociously on the ground.

"Ummm...!"

The stout youth stifled a sound.

"Bugger!"

The driver driving in front of him reacted at this time and cursed angrily in Boundary Tent language, and was just about to make a move when he saw Ji Feng slam his fist fiercely over.

Boom!

With a loud sound, the car door in front of him was actually smashed flat, and that driver was actually knocked unconscious instantly!

At this point, the convoy blocking Ji Feng and the others was completely destroyed!

Ji Feng let out a fierce smile and lifted up the sturdy young man he had stepped on, both sides were about the same height, but this man in Ji Feng's hands was like a chicken, being carried around without the ability to resist at all.

Bang!

Ji Feng ruthlessly slammed this man to the ground, and the latter instantly let out a stifled cry, but gritted his teeth to prevent himself from screaming out.

"Very persistent!"

Ji Feng sneered, he squatted down and clasped this man's wrist, his voice was cold as he asked, "Say, who are you people and why are you here to kill me?!"

Now Ji Feng was almost certain that the other party was going to kill himself and the others, which could be seen just by the weapons the other party was carrying.

"Eight ..... Bugger!" The sturdy youth cursed in pain.

Ka-chow!

Ji Feng's hands were fiercely pressed, and the wrist of that stout youth, instantly broke, showing a weird kind of abnormal twist.

"Ah..."

A miserable scream shouted out from that stout youth's mouth, he couldn't hold back anymore, his wrist was broken raw, this kind of heart-breaking pain, people who hadn't experienced it could not understand it at all.

"Say!" Ji Feng said indifferently.

Huffing! Huffing!

The stout youth was trembling violently, constantly gasping for ragged breath, but he was staring at Ji Feng with resentment, he just didn't say anything.

"Huh!"

Ji Feng smiled faintly, and under the weak light of this street lamp, his smile was a little more hideous.

Then, he slowly stood up, raised one foot high, and suddenly stomped down on the knee of the sturdy youth.

"Ah, ah..."

The stout youth instantly seemed to curl up like a shrimp, and his whole body jerked out, his harsh screams almost roaring out hysterically, letting people know how much pain he was in.

However, Ji Feng did not have the slightest bit of sympathy as he lifted his leg once more, this time, his target was the other leg of the stout youth!

"I say! I said ....." The stout young man, fit and strong, instantly shouted in terror, his whole body trembled as if he was sifting.

Ji Feng smiled fiercely and said, "Say!"

"I, I am Sasaki Taro, the eldest son of the Sasaki family of the Yamaguchi group ....." It seems that the mention of his family made this Sasaki Taro have a few more courage, "If you do this to me, the Yamaguchi-gumi will definitely not let you go ....." Ah—"

The next moment, Sasaki Taro's eyes jutted out deadly, as if they were a pair of dead fish eyes.

Immediately, a miserable and hysterical scream came out of his mouth, "Ah—!"

It turned out that Ji Feng's foot, once again, stepped on Sasaki Taro's other knee, and his legs, all of them, were broken!

Chapter 800

"I, my name is Sasaki Taro, from the Sasaki clan of the Kaitou Yamaguchi group ....." Accompanying me is the eldest lady of the Yamaguchi clan, Kawaki Shizuko ....." Our target this time, is a Jiangzhou student named Ji Feng, because he injured the young master of our Sasaki family and the second lady of the

Yamaguchi group. Apart from him, there are .....” On the icy highway, Sasaki Taro’s entire body was as limp as a puddle of mud, humbly curled up on the ground, looking miserable to the extreme.

At this moment, all his limbs had been broken by Ji Feng, presenting an extremely bizarre and twisted state. If someone saw this scene, he would not be able to help but have his scalp fried and his body crept out.

Under Ji Feng’s faint smile but more terrifying than the devil’s methods, Sasaki Taro’s so-called kai tent samurai spirit had not even lasted five minutes before it had completely collapsed, because after Ji Feng had broken his limbs, he moved his gaze to his crotch.

Imagining his lower body being stomped hard under Ji Feng’s leather shoes, and even having to rub it a few times to turn it into a piece of rotten meat, Sasaki Taro finally couldn’t hold back any longer, and his will to resist was instantly crushed.

Next, he began to explain the purpose of his visit in that unbelievably rusty Chinese language.

“What else?!” Ji Feng asked indifferently, and although that tone was calm, the murderous intent in it could not be more obvious.

At the same time, Ji Feng’s gaze, this time landing on Sasaki Taro’s lower body, bellowed violently, “Say!”

“Ah!”

The originally weak and incomparable Sasaki Taro was instantly startled by this violent shout, “Yes, yes ..... We came to China this time, in addition to dealing with that Jiangzhou student named Ji Feng, we also have to deal with the eldest lady of the Treasure Island’s Lianzhu Gang, and in doing so, set up the East China Sea Gang on the Chinese mainland, so that they can merge with the Treasure Island’s Lianzhu Gang in fire!”

“And then what?” Ji Feng asked in a cold voice.

“The United Bamboo Gang of Treasure Island is not strong enough in Mainland China, and in order to deal with the East Sea Gang, they have to join forces with our Yamaguchi Group, in which case we will be able to enter Treasure Island .....” When Sasaki Taro said this, he couldn’t help but groan in pain, and he didn’t know if it was because he was too humiliated or because the pain was too great, he actually whimpered and cried.

Ji Feng couldn’t help but frown slightly and said in a cold voice: “So, what’s the name of that Lianzhu Gang’s eldest lady that you guys are talking about?!”

“Name, name .....!” Sasaki Taro’s hand shook a few times, and at once he let out another painful stifled cry, “In my pocket, there’s a picture of her!”

Because Sasaki Taro’s Chinese was really not very good, Ji Feng could not understand it, and had to combine the two sentences before and after to barely understand what he meant, but this was enough.

Ji Feng immediately rummaged through Sasaki Taro’s body a few times and found a photo from his left pocket.

When he saw the person on the photo, his eyes instantly narrowed and he secretly said, "It's actually her!"

On this photo was a young woman, none other than the Vice President of the Pioneer Pharmaceutical Group of Treasure Island, whom he had just met today, Ji Yu Ying!

"What's her name?!" Ji Feng was worried that he had misread it, so he made sure to confirm it.

"Ji, Ji ..... Ji Yuhui!" It took Sasaki Taro a tremendous amount of effort to sort of say the full name.

"It really is her!"

Ji Feng said secretly in his heart, and then, with a movement in his heart, he asked with another frown, "Then, do you know who I am?"

Sasaki Taro shook his head slightly, "No, I don't know."

"So, you are here in an ambush to deal with this Lianzhu Gang's eldest lady, Ji Yuhui?" Ji Feng asked again, he had already vaguely guessed in his mind that both himself and Zhou Fei Fei might have suffered from the pool today, this Sasaki Taro didn't even know who he was, so he obviously didn't pay too much attention to himself, their main purpose, might be to deal with Ji Yuhui.

As expected, Sasaki Taro's answer confirmed Ji Feng's suspicions, "Yes, yes!"

"Very well!"

Ji Feng sneered and turned off the recording of his phone in his pocket, grunting twice, "Boundary tent samurai, you're really brave, you deserve encouragement for bravely insisting on answering my questions despite being so badly injured!"

"Well!"

Hearing these humiliating words, Sasaki Taro finally couldn't help but whimper in pain once more, looking grief-stricken to the core.

As the nominal young master of the Kaitou Yamaguchi-gumi, when had Sasaki Taro ever been humiliated in such a way? But today, not only had he failed to complete his mission, he was even beaten so miserably, and he was even mocked in a hundred different ways, how could he bear such humiliation?

"Have you forgotten the spirit of Bushido? What are you crying about!" Ji Feng laughed and lifted him up with a hand, "Here, your companion is here, and I still need you to help with a few things."

"Well?" Sasaki Taro couldn't help but be stunned, then he hurriedly struggled, but with all his limbs broken, any struggle he had would be futile, only adding to the pain, there was not the slightest way to break free from Ji Feng's big hand.

Ji Feng turned his head to look at the two cars that were already flipped on their backs in front of him, he couldn't help but smile slightly and carried Sasaki Taro to the front of his BMW x6, letting Sasaki Taro lie on his back on the bonnet of the front.

"Boss!" Liu Zejun got out of the car and asked in a low voice, "What do you want me to do?"

Ji Feng shook his head and laughed, "You don't have to do anything now, just pay attention, don't let anyone beat this bastard to death, and turn off the lights at the same time, the other party is coming here, I want to entertain them properly in front!"

"Understood!" Liu Zejun said immediately.

"Well, well ....." Sasaki Taro, who was lying on his back on the bonnet, seemed to know what Ji Feng was going to do, he was about to do it, but touched his injury, and immediately gritted his teeth in pain and muffled his words.

Slap!

Liu Zejun slapped Sasaki Taro's face, "If you dare not cooperate again, I'll castrate you!"

Sasaki Taro suddenly trembled, but no longer dared to move around.

Ji Feng secretly gave a thumbs up to Liu Zejun, then with a hand gesture, he turned around and walked towards the overturned vehicle, knocking out all the people in the car who were still able to resist, then dragged them out and threw them onto the road between the BMW and the overturned cars.

If one looked from above, one would see a bizarre picture: the BMW x6 parked in the middle of the road on an empty, lonely road, and a dozen metres or so in front of it, a couple of overturned SUVs, in the middle of which a dozen people were thrown like dead dogs, in pieces, on the road.

Further back was a black car going in the opposite direction to the BMW X6, which looked as if it had been in a serious accident and was almost completely disfigured.

If you don't know, you'll think there's been a major traffic accident here and that the deaths and injuries are tragic!

Ji Feng was hiding behind one of the overturned Toyota Land Cruisers, quietly waiting for the arrival of the so-called Kawasaki Shizuko.

At this time, Sasaki Taro, who had his limbs viciously broken by Ji Feng and was forced to lie on his back on the bonnet of the BMW, was so remorseful that his intestines turned blue!

After arriving in Jiangzhou, he visited the injured Sasaki and Kawaki Yanzi together with Miss Kawaki Shizuko. Seeing their injuries, both he and Kawaki Shizuko were furious and their hatred was so intense that they wanted to go mad!

So, after listening to Sasaki and Kawaki Yanzi's cries, Kawaki Shizuko, together with Sasaki Taro, sent a few of his men to set out to deal with Ji Feng.

Instead, both Sasaki Taro and Kawaki Shizuko, with a group of their men, rushed to Hang City, Jiangsu and Zhejiang to prepare to take on Ji Yu Yi, the eldest lady of the Lianzhu Clan.

However, as soon as they arrived in Hangzhou, they learned that the few men who had stayed in Jiangzhou had just finished poking around and were about to strike at Ji Feng's residence when they found that the villa was no longer occupied and, moreover, one of their men had been electrocuted alive on the spot by the villa's guard device.

Sasaki Taro and Kawaki Shizuko were furious, they had just arrived here and lost their men, this was simply a bad move.

Although they were furious to the core, Sasaki Taro and Kawaki Shizuko had no better solution than to deal with Ji YuYi first and then go back to Jiangzhou to deal with that Ji Feng kid in person!

So, they immediately contacted the local gangs in Hangzhou that had Yamaguchi-gumi connections, and with their assistance, they learned of the whereabouts of Ji Yujie, the eldest lady of the Lianzhu Gang. It was also with the assistance of the local gangs that they found such a most suitable location for an ambush.

However, the result was very different from what they had imagined. Such a young man and a car had wiped out one of their teams.

Sasaki Taro could only hope that the local gangs and Kawaki Shizuko's group would be able to kill this horrible young man, otherwise he knew how badly he would end up!

Isn't now a perfect example?

.....

"Sister, is it possible that our people in Jiangzhou have failed so badly?" Inside a car, Kawaki Yanzi sat in the back row and turned towards a woman next to her who bore a slight resemblance to her and said in Kaitenese, "I'm not willing to let it go!"

Sasaki, who was sitting in the passenger seat, also nodded slightly, a strong hatred flashed in his eyes, but the kick to his jaw made him unable to speak at all, except for those fists, which were clenched tightly!

The woman who bore a slight resemblance to Kawaki Yanzi, however, shook her head slightly: "First settle the matter in Hangzhou, then return to Jiangzhou, by then I will let you take revenge with your own hands! When that time comes, I will hand him over to you for disposal!"

"Thank you, sister!" Kawaki Yanzi was immediately overjoyed, but that face, however, was extremely pale, and her whole body looked very weak.

"Eldest Miss, there's a situation up ahead!"

Suddenly, the driver, who had been silent, suddenly spoke up, "..... It seems to be Young Master Taro's car!"
